# DECLARATION OF INDEPENDENCE.

IN CONGRESS, JULY 4, 1776.

## THE UNANIMOUS DECLARATION OF THE THIRTEEN UNITED STATES OF AMERICA.

*[Adopted by the Continental Congress July 2, and authenticated and proclaimed July 4, 1776.]*

WHEN in the course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to this separation.

We hold these truths to be self-evident: that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty and the pursuit of happiness; that to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security. Such has been the patient sufferance of these colonies, and such is now the necessity which constrains them to alter their former systems of government. The history of the present king of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these states. To prove this, let facts be submitted to a candid world:

He has refused his assent to laws the most wholesome and necessary for the public good.

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained, and, when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the legislature—a right inestimable to them, and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the repository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly for opposing, with manly firmness, his invasions on the rights of the people.

He has refused, for a long time after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at large for their exercise; the state remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these states, for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone for the tenure of their offices and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance.

He has kept among us, in times of peace, standing armies, without the consent of our legislatures.

He has affected to render the military independent of, and superior to, the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution and unacknowledged by our laws, giving his assent to their acts of pretended legislation—

For quartering large bodies of armed troops among us.

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these states;

For cutting off our trade with all parts of the world.

For imposing taxes on us without our consent;

For depriving us, in many cases, of the benefits of trial by jury;

For transporting us beyond seas, to be tried for pretended offenses;

For abolishing the free system of English laws in a neighboring province; establishing therein an arbitrary government, and enlarging its boundaries, so as to render it at once an example and fit instrument for introducing the same absolute rule into these colonies;

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our governments;

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here by declaring us out of his protection and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation and tyranny, already begun, with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow-citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes and conditions.

In every stage of these oppressions we have petitioned for redress, in the most humble terms; our repeated petitions have been answered only by repeated injury. A prince whose character is thus marked by every act which may define a tyrant is unfit to be the ruler of a free people.

Nor have we been wanting in attentions to our British brethren. We have warned them, from time to time, of attempts, by their legislature, to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity; and we have conjured them, by the ties of our common kindred, to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They, too, have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and hold them, as we hold the rest of mankind, enemies in war, in peace friends.

We, therefore, the representatives of the United States of America, in general congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name and by the authority of the good people of these colonies, solemnly publish and declare, that these united colonies are, and of right ought to be, free and independent states; that they are absolved from all allegiance to the British crown, and that all political connection between them and the state of Great Britain is, and ought to be, totally dissolved; and that, as free and independent states, they have full power to levy war, conclude peace, contract alliances, establish commerce, and do all other acts and things which independent states may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.

Whereas the delegates of the United States of America in congress assembled did, on the fifteenth day of November, in the year of our Lord one thousand seven hundred and seventy-seven, and in the second year of the independence of America, agree to certain articles of confederation and perpetual union between the states of New Hampshire, Massachusetts Bay, Rhode Island and Providence Plantations, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina and Georgia, in the words following, viz:

ARTICLES OF CONFEDERATION AND PERPETUAL UNION, BETWEEN THE STATES OF NEW HAMPSHIRE, MASSACHUSETTS BAY, RHODE ISLAND AND PROVIDENCE PLANTATIONS, CONNECTICUT, NEW YORK, NEW JERSEY, PENNSYLVANIA, DELAWARE, MARYLAND, VIRGINIA, NORTH CAROLINA, SOUTH CAROLINA AND GEORGIA:--

ARTICLE 1. The style of this confederacy shall be "THE UNITED STATES OF AMERICA."

ART. 2. Each state retains its sovereignty, freedom and independence, and every power, jurisdiction and right which is not by this confederation expressly delegated to the United States, in congress assembled.

ART. 3. The said states hereby severally enter into a firm league of friendship with each other for their common defense, the security of their liberties, and their mutual and general welfare, binding themselves to assist each other against all force offered to or attacks made upon them, or any of them, on account of religion, sovereignty, trade or any other pretense whatever.

ART. 4. The better to secure and perpetuate mutual friendship and intercourse among the people of the different states in this union, the free inhabitants of each of these states, paupers, vagabonds and fugitives from justice excepted, shall be entitled to all privileges and immunities of free citizens in the several states; and the people of each state shall have free ingress and regress to and from any other state, and shall enjoy therein all the privileges of trade and commerce, subject to the same duties, impositions and restrictions as the inhabitants thereof respectively; *provided* that such restrictions shall not extend so far as to prevent the removal of property imported into any state to any other state of which the owner is an inhabitant; *provided, also*, that no imposition, duties or restriction, shall be laid by any state on the property of the United States, or either of them.

If any person guilty of or charged with treason, felony or other high misdemeanor in any state shall flee from justice, and be found in any of the United States, he shall upon demand of the governor or executive power of the state from which he fled, be delivered up and removed to the state having jurisdiction of his offense.

Full faith and credit shall be given in each of these states to the records, acts and judicial proceedings of the courts and magistrates of every other state.

ART. 5. - For the more convenient management of the general interests of the United States, delegates shall be annually appointed, in such manner as the legislature of each state shall direct, to meet in congress on the first Monday in November, in every year, with a power reserved to each state to recall its dele-

gates, or any of them, at any time within the year, and to send others in their stead for the remainder of the year.

No state shall be represented in congress by less than two, nor by more than seven, members; and no person shall be capable of being a delegate for more than three years in any term of six years; nor shall any person, being a delegate, be capable of holding any office under the United States for which he, or another for his benefit, receives any salary, fees or emolument of any kind.

Each state shall maintain its own delegates in a meeting of the states, and while they act as members of the committee of these states.

In determining questions in the United States in congress assembled, each state shall have one vote.

Freedom of speech and debate in congress shall not be impeached or questioned in any court or place out of congress, and the members of congress shall be protected in their persons from arrests and imprisonments, during the time of their going to and from and attendance on congress, except for treason, felony or breach of the peace.

ART. 6. No state, without the consent of the United States in congress assembled, shall send any embassy to, or receive any embassy from, or enter into any conference, agreement, alliance or treaty with, any king, prince or state; nor shall any person holding any office of profit or trust under the United States, or any of them, accept of any present, emolument, office or title of any kind whatever, from any king, prince or foreign state; nor shall the United States in congress assembled, or any of them, grant any title of nobility.

No two or more states shall enter into any treaty, confederation or alliance whatever between them, without the consent of the United States in congress assembled, specifying accurately the purposes for which the same is to be entered into, and how long it shall continue.

No state shall lay any imposts or duties which may interfere with any stipulations in treaties, entered into by the United States in congress assembled, with any king, prince or state, in pursuance of any treaties already proposed by congress, to the courts of France and Spain.

No vessels of war shall be kept up in time of peace by any state, except such number only as shall be deemed necessary by the United States, in congress assembled, for the defense of such state, or its trade, nor shall any body of forces be kept up by any state, in time of peace, except such number only as in the judgment of the United States, in congress assembled, shall be deemed requisite to garrison the forts necessary for the defense of such state, but every state shall always keep up a well regulated and disciplined militia, sufficiently armed and accoutred, and shall provide and constantly have ready for use, in public stores, a due number of field-pieces and tents, and a proper quantity of arms, ammunition and camp-equipage.

No state shall engage in any war, without the consent of the United States in congress assembled, unless such state be actually invaded by enemies, or shall have received certain advice of a resolution being formed by some nation of Indians to invade such state, and the danger is so imminent as not to admit of a delay, till the United States, in congress assembled, can be consulted; nor shall any state grant commissions to any ships or vessels of war, nor letters of marque or reprisal, except it be after a declaration of war by the United States in congress assembled, and then only against the kingdom or state, and the subjects thereof, against which war has been so declared, and under such regulations as shall be established by the United States in congress assembled, unless such state be infested by pirates, in which case vessels of war may be

fitted out for that occasion, and kept so long as the danger shall continue, or until the United States, in congress assembled, shall determine otherwise.

ART. 7. When land forces are raised by any state for the common defense, all officers of or under the rank of colonel shall be appointed by the legislature of each state, respectively, by whom such forces shall be raised, or in such manner as such state shall direct, and all vacancies shall be filled up by the state which first made the appointment.

ART. 8. All charges of war, and all other expenses that shall be incurred for the common defense or general welfare, and allowed by the United States in congress assembled, shall be defrayed out of a common treasury, which shall be supplied by the several states, in proportion to the value of all land within each state, granted to, or surveyed for, any person, as such land and the buildings and improvements thereon shall be estimated, according to such mode as the United States in congress assembled shall, from time to time, direct and appoint.

The taxes for paying that proportion shall be laid and levied by the authority and direction of the legislatures of the several states, within the time agreed upon by the United States in congress assembled.

ART. 9. The United States, in congress assembled, shall have the sole and exclusive right and power of determining on peace and war, except in the cases mentioned in the sixth article; of sending and receiving ambassadors, entering into treaties and alliances, *provided* that no treaty of commerce shall be made whereby the legislative power of the respective states shall be restrained from imposing such imposts and duties on foreigners as their own people are subjected to, or from prohibiting the exportation or importation of any species of goods or commodities whatsoever; of establishing rules for deciding, in all cases, what captures on land or water shall be legal, and in what manner prizes taken by land or naval forces in the service of the United States shall be divided or appropriated; of granting letters of marque and reprisal in times of peace; appointing courts for the trial of piracies and felonies committed on the high seas, and establishing courts for receiving and determining finally appeals in all cases of capture; *provided* that no member of congress shall be appointed a judge of any of the said courts.

The United States in congress assembled, shall also be the last resort on appeal in all disputes and differences now subsisting, or that hereafter may arise, between two or more states concerning boundary, jurisdiction, or any other cause whatever, which authority shall always be exercised in the manner following: Whenever the legislature or executive authority or lawful agent of any state in controversy with another shall present a petition, to congress, stating the matter in question and praying for a hearing, notice thereof shall be given by order of congress to the legislative or executive authority of the other state in controversy, and a day assigned for the appearance of the parties by their lawful agents, who shall then be directed to appoint, by joint consent, commissioners or judges to constitute a court for hearing and determining of the matter in question; but, if they cannot agree, congress shall name three persons out of each of the United States, and from the list of such persons each party shall alternately strike out one, the petitioners beginning, until the number shall be reduced to thirteen, and from that number not less than seven nor more than nine names, as congress shall direct, shall, in the presence of congress, be drawn out by lot, and the persons whose names shall be so drawn, or any five of them, shall be commissioners or judges to hear and finally determine the controversy, so always as a major part of the judges who shall hear the cause shall agree in the determination; and if either

party shall neglect to attend at the day appointed without showing reasons which congress shall judge sufficient; or, being present shall refuse to strike, the congress shall proceed to nominate three persons out of each state, and the secretary of congress shall strike in behalf of such party absent or refusing; and the judgment and sentence of the court to be appointed in the manner before prescribed shall be final and conclusive; and if any of the parties shall refuse to submit to the authority of such court, or to appear or defend their claim or cause, the court shall nevertheless proceed to pronounce sentence, or judgment which shall in like manner be final and decisive; the judgment or sentence and other proceedings being in either case transmitted to congress, and lodged among the acts of congress, for the security of the parties concerned: *provided* that every commissioner, before he sits in judgment, shall take an oath, to be administered by one of the judges of the supreme or superior court of the state where the cause shall be tried, "well and truly to hear and determine the matter in question, according to the best of his judgment, without favor, affection or hope of reward;" *provided*, also, that no state shall be deprived of territory for the benefit of the United States.

All controversies concerning the private right of soil, claimed under different grants of two or more states whose jurisdictions, as they may respect such lands, and the states which passed such grants, are adjusted, the said grants or either of them being at the same time claimed to have originated antecedent to such settlement of jurisdiction, shall, on the petition of either party to the congress of the United States, be finally determined, as near as may be, in the same manner as is before prescribed for deciding disputes respecting territorial jurisdiction between different states.

The United States in congress assembled, shall also have the sole and exclusive right and power of regulating the alloy and value of coin struck by their own authority, or by that of the respective states, fixing the standard of weights and measures throughout the United States; regulating the trade and managing all affairs with the Indians, not members of any of the states: *provided*, that the legislative right of any state, within its own limits, be not infringed or violated; establishing and regulating post offices from one state to another, throughout all the United States, and exacting such postage on the papers passing through the same as may be requisite to defray the expenses of the said office; appointing all officers of the land forces in the service of the United States, excepting regimental officers; appointing all the officers of the naval forces, and commissioning all officers whatever in the service of the United States; making rules for the government and regulation of the said land and naval forces, and directing their operations.

The United States, in congress assembled, shall have authority to appoint a committee, to sit in the recess of congress, to be denominated "A Committee of the States," and to consist of one delegate from each state, and to appoint such other committees and civil officers as may be necessary for managing the general affairs of the United States under their direction; to appoint one of their number to preside: *provided* that no person be allowed to serve in the office of president more than one year in any term of three years; to ascertain the necessary sums of money to be raised for the service of the United States, and to appropriate and apply the same for defraying the public expenses; to borrow money or emit bills on the credit of the United States, transmitting every half year to the respective states an account of the sums of money so borrowed or emitted; to build and equip a navy; to agree upon the number of land forces, and to make requisitions from each state for its quota, in proportion to the number of white inhabitants in such state, which requisition shall be binding;

and thereupon the legislature of each state shall appoint the regimental officers, raise the men, and clothe, arm and equip them, in a soldier-like manner, at the expense of the United States; and the officers and men, so clothed, armed and equipped, shall march to the place appointed, and within the time agreed on, by the United States, in congress assembled, but if the United States, in congress assembled, shall, on consideration of circumstances, judge proper that any state should not raise men, or should raise a smaller number than its quota, and that any other state should raise a greater number of men than the quota thereof, such extra number shall be raised, officered, clothed, armed and equipped in the same manner as the quota of such state, unless the legislature of such state shall judge that such extra number cannot be safely spared out of the same, in which case they shall raise, officer, clothe, arm and equip as many of such extra number as they judge can be safely spared, and the officers and men, so clothed, armed and equipped, shall march to the place appointed, and within the time agreed on, by the United States, in congress assembled.

The United States, in congress assembled, shall never engage in a war, nor grant letters of marque and reprisal in time of peace, nor enter into any treaties or alliances, nor coin money, nor regulate the value thereof, nor ascertain the sums and expenses necessary for the defense and welfare of the United States, or any of them, nor emit bills, nor borrow money on the credit of the United States, nor appropriate money, nor agree upon the number of vessels of war to be built or purchased, or the number of land or sea forces to be raised, nor appoint a commander-in-chief of the army or navy, unless nine states assent to the same, nor shall a question on any other point, except for adjourning from day to day, be determined, unless by the votes of a majority of the United States, in congress assembled.

The congress of the United States shall have power to adjourn to any time within the year, and to any place within the United States so that no period of adjournment be for a longer duration than the space of six months, and shall publish the journal of their proceedings monthly, except such parts thereof relating to treaties, alliances or military operations as in their judgment require secrecy; and the yeas and nays of the delegates of each state, on any question, shall be entered on the journal, when it is desired by any delegate; and the delegates of a state, or any of them, at his or their request, shall be furnished with a transcript of the said journal, except such parts as are above excepted, to lay before the legislatures of the several states.

ART. 10. The committee of the states, or any nine of them, shall be authorized to execute, in the recess of congress, such of the powers of congress as the United States, in congress assembled, by the consent of nine states, shall, from time to time, think expedient to vest them with: *provided* that no power be delegated to the said committee, for the exercise of which by the articles of confederation, the voice of nine states, in the congress of the United States assembled, is requisite.

ART. 11. Canada, acceding to this confederation and joining in the measures of the United States, shall be admitted into and entitled to all the advantages of this union; but no other colony shall be admitted into the same, unless such admission be agreed to by nine states.

ART. 12. All bills of credit emitted, moneys borrowed and debts contracted by or under the authority of congress, before the assembling of the United States in pursuance of the present confederation, shall be deemed and considered as a charge against the United States, for payment and satisfaction whereof the said United States and the public faith are hereby solemnly pledged.

**ART. 13.** Every state shall abide by the determinations of the United States, in congress assembled, on all questions which by this confederation are submitted to them. And the articles of this confederation shall be inviolably observed by every state, and the union shall be perpetual; nor shall any alteration at any time hereafter be made in any of them, unless such alteration be agreed to in a congress of the United States, and be afterwards confirmed by the legislatures of every state.

And whereas it hath pleased the great Governor of the world to incline the hearts of the legislatures we respectfully represent in Congress to approve of, and to authorize us to ratify, the said articles of confederation and perpetual union. Know ye, that we, the undersigned delegates, by virtue of the power and authority to us given for that purpose, do, by these presents, in the name and in behalf of our respective constituents, fully and entirely ratify and confirm each and every of the said articles of confederation and perpetual union, and all and singular the matters and things therein contained. And we do further solemnly plight and engage the faith of our respective constituents that they shall abide by the determinations of the United States, in congress assembled, on all questions which by the said confederation are submitted to them; and that the articles thereof shall be inviolably observed by the states we respectively represent, and that the union shall be perpetual. In witness whereof, we have hereunto set our hands, in congress.

(2) No person shall be a representative who shall not have attained to the age of twenty-five years, and been seven years a citizen of the United States,

\*The figures in brackets are inserted for convenience of reference; they are not in the original.

and who shall not, when elected, be an inhabitant of that state in which he shall be chosen.

(8) [Representative and direct taxes shall be apportioned among the several states which may be included within this union according to their respective numbers, which shall be determined by adding to the whole number of free persons, including those bound to service for a term of years, and excluding Indians not taxed, three-fifths of all other persons.]\* The actual enumeration shall be made within three years after the first meeting of the congress of the United States, and within every subsequent term of ten years, in such manner as they shall by law direct. The number of representatives shall not exceed one for every thirty thousand, but each state shall have at least one representative, and, until such enumeration shall be made, the state of New Hampshire shall be entitled to choose three, Massachusetts eight, Rhode Island and Providence Plantations one, Connecticut five, New York six, New Jersey four, Pennsylvania eight, Delaware one, Maryland six, Virginia ten, North Carolina five, South Carolina five, and Georgia three.

(4) When vacancies happen in the representation from any state, the executive authority thereof shall issue writs of election to fill such vacancies.

(5) The house of representatives shall choose their speaker and other officers, and shall have the sole power of impeachment.

SEC. 3. (1) The senate of the United States shall be composed of two senators from each state, chosen by the legislature thereof for six years; and each senator shall have one vote.

(2) Immediately after they shall be assembled in consequence of the first election, they shall be divided as equally as may be into three classes. The seats of the senators of the first class shall be vacated at the expiration of the second year, of the second class at the expiration of the fourth year, and of the third class at the expiration of the sixth year, so that one-third may be chosen every second year; and if vacancies happen, by resignation or otherwise, during the recess of the legislature of any state, the executive thereof may make temporary appointments until the next meeting of the legislature, which shall then fill such vacancies.

(3) No person shall be a senator who shall not have attained to the age of thirty years, and been nine years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state for which he shall be chosen.

(4) The vice-president of the United States shall be president of the senate, but shall have no vote, unless they be equally divided.

(5) The senate shall choose their other officers, and also a president *pro tempore*, in the absence of the vice-president, or when he shall exercise the office of president of the United States.

(6) The senate shall have the sole power to try all impeachments. When sitting for that purpose they shall be on oath, or affirmation. \* The foregoing clause included in brackets is amended by sec. 2 of the 14th amendment, *post*.

**SEC. 4.** (1) The times, places and manner of holding elections for senators and representatives shall be prescribed in each state by the legislature thereof, but the congress may at any time by law make or alter such regulations, except as to the places of choosing senators.

(2) The congress shall assemble at least once in every year, and such meeting shall be on the first Monday in December, unless they shall by law appoint a different day.

**SEC. 5** (1) Each house shall be the judge of the elections, returns and qualifications of its own members, and a majority of each shall constitute a quorum to do business; but a smaller number may adjourn from day to day, and may be authorized to compel the attendance of absent members, in such manner and under such penalties as each house may provide.

(2) Each house may determine the rules of its proceedings, punish its members for disorderly behavior, and, with the concurrence of two-thirds, expel a member.

(3) Each house shall keep a journal of its proceedings, and from time to time publish the same, excepting such parts as may in their judgment require secrecy; and the yeas and nays of the members of either house on any question shall, at the desire of one-fifth of those present, be entered on the journal.

**SEC. 7.** (1) All bills for raising revenue shall originate in the house of representatives, but the senate may propose or concur with amendments, as on other bills.

(2) Every bill which shall have passed the house of representatives and the senate, shall, before it becomes a law, be presented to the president of the United States; if he approve he shall sign it, but if not he shall return it, with his objections, to that house in which it shall have originated, who shall enter the objections at large on their journal, and proceed to reconsider it. If after such reconsideration two-thirds of that house shall agree to pass the bill, it shall be sent, together with the objections, to the other house, by which it shall likewise be reconsidered, and, if approved by two-thirds of that house, it shall become a law. But in all such cases the votes of both houses shall be determined by yeas and nays, and the names of the persons voting for and against the bill shall be entered on the journal of each house, respectively. If any bill shall not be returned by the president within ten days (Sundays excepted) after it shall have been presented to him, the same shall be a law, in like manner as if he had signed it, unless the congress by their adjournment prevent its return, in which case it shall not be a law.

(8) Every order, resolution or vote to which the concurrence of the senate and house of representatives may be necessary (except on a question of adjournment) shall be presented to the president of the United States, and, before the same shall take effect, shall be approved by him, or, being disapproved by him, shall be re-passed by two-thirds of the senate and house of representatives, according to the rules and limitations prescribed in the case of a bill.

sealed to the seat of the government of the United States, directed to the president of the senate. The president of the senate shall, in the presence of the senate and house of representatives, open all the certificates, and the votes shall then be counted. The person having the greatest number of votes shall be the president, if such number be a majority of the whole number of electors appointed; and if there be more than one who have such majority, and have an equal number of votes, then the house of representatives shall immediately choose, by ballot, one of them for president; and if no person have a majority, then, from the five highest on the list, the said house shall, in like manner, choose the president. But in choosing the president, the votes shall be taken by states, the representation from each state having one vote; a quorum for this purpose shall consist of a member or members from two-thirds of the states; and a majority of all the states shall be necessary to a choice. In every case, after the choice of the president, the person having the greatest number of votes of the electors shall be the vice-president. But if there should remain two or more who have equal votes, the senate shall choose from them, by ballot, the vice-president.

[The foregoing clause has been superseded and annulled by the twelfth amendment, *post.*]

(3) The congress may determine the time of choosing the electors, and the day on which they shall give their votes; which day shall be the same throughout the United States.

(4) No person except a natural born citizen, or a citizen of the United States at the time of the adoption of this constitution, shall be eligible to the office of president. neither shall any person be eligible to that office who shall not have attained to the age of thirty-five years, and been fourteen years a resident within the United States.

(5) In case of the removal of the president from office, or of his death, resignation, or inability to discharge the powers and duties of the said office, the same shall devolve on the vice-president, and the congress may by law provide for the case of removal, death, resignation or inability, both of the president and vice-president, declaring what officer shall then act as president, and such officer shall act accordingly until the disability be removed or a president shall be elected.

(6) The president shall, at stated times, receive for his services a compensation, which shall neither be increased nor diminished during the period for which he shall have been elected, and he shall not receive within that period any other emolument from the United States or any of them.

(7) Before he enter on the execution of his office, he shall take the following oath or affirmation:

"I do solemnly swear (or affirm) that I will faithfully execute the office of president of the United States, and will, to the best of my ability, preserve, protect, and defend the constitution of the United States."

SEC. 2. (2) He shall have power, by and with the advice and consent of the senate, to make treaties, provided two-thirds of the senators present concur; and he shall

nominate, and by and with the advice and consent of the senate shall appoint, ambassadors, other public ministers and consuls, judges of the supreme court, and all other officers of the United States, whose appointments are not herein otherwise provided for and which shall be established by law. But the congress may, by law, vest the appointment of such inferior officers as they think proper in the president alone, in the courts of law, or in the heads of departments.

(3) The president shall have power to fill up all vacancies that may happen during the recess of the senate, by granting commissions, which shall expire at the end of their next session.

SEC. 3. He shall from time to time give to the congress information of the state of the Union, and recommend to their consideration such measures as he shall judge necessary and expedient. He may, on extraordinary occasions, convene both houses, or either of them, and, in case of disagreement between them with respect to the time of adjournment, he may adjourn them to such time as he shall think proper. He shall receive ambassadors and other public ministers. He shall take care that the laws be faithfully executed; and shall commission all the officers of the United States.

SEC. 4. The president, vice-president, and all civil officers of the United States, shall be removed from office on impeachment for, and conviction of treason, bribery, or other high crimes and misdemeanors.

### ARTICLE III.

SECTION 1. The judicial power of the United States shall be vested in one supreme court, and in such inferior courts as the congress may, from time to time, ordain and establish. The judges, both of the supreme and inferior courts shall hold their offices during good behavior, and shall, at stated times, receive for their services a compensation, which shall not be diminished during their continuance in office.

(2) In all cases affecting ambassadors, other public ministers and consuls, and those in which a state shall be a party, the supreme court shall have original jurisdiction. In all other cases, before mentioned, the supreme court shall have appellate jurisdiction, both as to law and fact, with such exceptions and under such regulations as the congress shall make.

(3) The trial of all crimes, except in cases of impeachment, shall be by jury, and such trial shall be held in the state where the said crimes shall have been committed; but when not committed within any state, the trial shall be at such place or places as the congress may by law have directed.

SEC. 3. (1) Treason against the United States shall consist only in levying war against them, or in adhering to their enemies, giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court.

(2) The congress shall have power to declare the punishment of treason, but no attainder of treason shall work corruption of blood, or forfeiture, except during the life of the person attainted.

## ARTICLE IV.

SECTION 1. Full faith and credit shall be given in each state to the public acts, records and judicial proceedings of every other state. And the congress may, by general laws, prescribe the manner in which such acts, records and proceedings shall be proved, and the effect thereof.

(2) A person charged in any state with treason, felony or other crime, who shall flee from justice and be found in another state shall on demand of the executive authority of the state from which he fled, be delivered up, to be removed to the state having jurisdiction of the crime.

(3) No person held to service or labor in one state, under the laws thereof, escaping into another, shall, in consequence of any law or regulation therein, be discharged from such service or labor, but shall be delivered up on claim of the party to whom such service or labor may be due.

SEC. 3. (1) New states may be admitted by the congress into this Union; but no new state shall be formed or erected within the jurisdiction of any other state, nor any state be formed by the junction of two or more states, or parts of states, without the consent of the legislatures of the states concerned, as well as of the congress.

(2) The congress shall have power to dispose of, and make all needful rules and regulations respecting, the territory or other property belonging to the United States; and nothing in this constitution shall be so construed as to prejudice any claims of the United States or of any particular state.

SEC. 4. The United States shall guarantee to every state in this Union a republican form of government, and shall protect each of them against invasion; and, on application of the legislature, or of the executive (when the legislature cannot be convened), against domestic violence.

## ARTICLE VI.

(1) All debts contracted and engagements entered into before the adoption of this constitution shall be as valid against the United States under this constitution as under the confederation.

(2) This constitution, and the laws of the United States which shall be made in pursuance thereof, and all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land; and the judges in every state shall be bound thereby, anything in the constitution or laws of any state to the contrary notwithstanding.

(8) The senators and representatives before mentioned, and the members of the several state legislatures, and all executive and judicial officers, both of the United States and of the several states, shall be bound by oath or affirmation to support this constitution; but no religious test shall ever be required as a qualification to any office or public trust under the United States.

# ARTICLE VII.

The ratification of the conventions of nine states shall be sufficient for the establishment of this constitution between the states so ratifying the same.

But in choosing the president, the votes shall be taken by states, the representation from each state having one vote; a quorum for this purpose shall consist of a member or members from two-thirds of the states, and a majority of all the states shall be necessary to a choice. And if the house of representatives shall not choose a president, whenever the right of choice shall devolve upon them, before the fourth day of March next following, then the vice-president shall act as president, as in the case of the death or other constitutional disability of the president.

No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States, nor shall any state deprive any person of life, liberty, or property, without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws.

SEC. 2. Representatives shall be apportioned among the several states according to their respective numbers, counting the whole number of persons in each state, excluding Indians not taxed. The acting president must, upon taking office, convene Congress, if not at the time in session, in extraordinary session, giving twenty days' notice. ESTABLISH THE TERRITORIAL GOVERNMENT IOWA.

[Approved June 12, 1838.]

SECTION 1. *Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, from and after the third day of July next, all that part of the present territory of Wisconsin which lies west of the Mississippi river, and west of a line drawn due north from the head waters or sources of the Mississippi to the territorial line, shall, for the purposes of temporary government, be and constitute a separate territorial government, by the name of Iowa; and that, from and after the said third day of July next, the present territorial government of Wisconsin shall extend only to that part of the present territory of Wisconsin which lies east of the Mississippi river. And, after the said third day of July next, all power and authority of the government of Wisconsin, in and over the territory hereby constituted shall cease; provided, that nothing in this act contained shall be construed to impair the rights of person or property now appertaining to any Indians within the said territory, so long as such rights shall remain unextinguished by treaty between the United States and such Indians, or to impair the obligations of any treaty now existing between the United States and such Indians, or to impair or anywise to effect the authority of the government of the United States to make any regulations respecting such Indians, their lands, property or other rights, by treaty, or law, or otherwise, which it would have been competent to the government to make if this act had never been passed; provided, that nothing in this act contained shall be construed to inhibit the government of the United States from dividing the territory hereby established into one or more other territories, in such manner and at such times as Congress shall, in its discretion, deem convenient and proper, or from attaching any portion of said territory to any other state or territory of the United States.*

SEC. 2. *And be it further enacted, That the executive power and authority in and over the said territory of Iowa shall be vested in a governor, who shall hold his office for three years, unless sooner removed by the president of the United States. The governor shall reside within the said territory, shall be commander-in-chief of the militia thereof, shall perform the duties and receive the emoluments of superintendent of Indian affairs, and shall approve of all laws passed by the legislative assembly before they shall take effect; he may grant pardons for offenses against the laws of said territory, and reprieves for offenses against the law of the United States, until the decision of the president can be made known thereon; he shall commission all officers who shall be appointed to office under the laws of the said territory, and shall take care that the laws be faithfully executed.*

SEC. 3. *And be it further enacted*, That there shall be a secretary of the said territory, who shall reside therein, and hold his office for four years, unless sooner removed by the president of the United States; he shall record and preserve all the laws and proceedings of the legislative assembly hereinafter constituted, and all the acts and proceedings of the governor in his executive department; he shall transmit one copy of the laws and one copy of the executive proceedings, on or before the first Monday in December in each year, to the president of the United States; and, at the same time, two copies of the laws to the speaker of the House of Representatives, for the use of Congress. And in case of the death, removal, resignation or necessary absence of the governor from the territory, the secretary shall have, and he is hereby authorized and required to execute and perform all the powers and duties of the governor during such vacancy or necessary absence, or until another governor shall be duly appointed to fill such vacancy.

SEC. 4. *And be it further enacted*, That the legislative power shall be vested in the governor and a legislative assembly. The legislative assembly shall consist of a Council and House of Representatives. The Council shall consist of thirteen members, having the qualifications of voters as hereinafter prescribed, whose term of service shall continue two years. The House of Representatives shall consist of twenty-six members, possessing the same qualifications as prescribed for the members of the Council, and whose term of service shall continue one year. An apportionment shall be made as nearly equal as practicable among the several counties, for the election of the Council and Representatives, given to each section of the territory representation in the ratio of its population, Indians excepted, as nearly as may be. And the said members of the Council and House of Representatives shall reside in and be inhabitants of the district for which they may be elected. Previous to the first election, the governor of the territory shall cause the census or enumeration of the inhabitants of the several counties in the territory to be taken and made by the sheriffs of the said counties, respectively, unless the same shall have been taken within three months previous to the third day of July next, and returns thereof made by said sheriffs to the governor. The first election shall be held at such time and place, and be conducted in such manner, as the governor shall appoint and direct, and he shall at the same time, declare the number of members of the Council and House of Representatives to which each of the counties or districts are entitled under this act. And the persons thus elected to the legislative assembly shall meet at such place and on such day as he shall appoint; but thereafter the time, place and manner of holding and conducting all elections by the people, and the apportioning the representation in the several counties to the Council and House of Representatives according to population, shall be prescribed by law, as well as the day of the annual commencement of the session of the said legislative assembly; but no session in any year shall exceed the term of seventy-five days.

SEC. 6. *And be it further enacted*, That the legislative power of the territory shall extend to all rightful subjects of legislation; but no law shall be passed interfering with the primary disposal of the soil; no tax shall be imposed upon the property of the United States; nor shall the lands or other property of non-residents be taxed higher than the lands or other property of residents. All the laws of the governor and legislative assembly shall be submitted to, and, if disapproved by, the Congress of the United States, the same shall be null and of no effect.

SEC. 7. *And be it further enacted*, That all township officers, and all county officers except judicial officers, justices of the peace, sheriffs and clerks of courts shall be elected by the people in such manner as is now prescribed by the laws of the territory of Wisconsin, or as may, after the first election, be provided by the governor and legislative assembly of Iowa territory. The governor shall nominate, and, by and with the advice and consent of the legislative council, shall appoint all judicial officers, justices of the peace, sheriffs, and all militia officers, except those of the staff, and all civil officers not herein provided for. SEC. 8. *And be it further enacted*, That no member of the legislative assembly shall hold, or be appointed to, any office created, or the salary or emoluments of which shall have been increased, whilst he was a member, during the term for which he shall have been elected, and for one year after the expiration of such term; and no person holding a commission or appointment under the United States, or any of its officers except as a militia officer, shall be a member of the said Council or House of representatives, or shall hold any office under the government of the said territory.

And writs of error and appeals from the final decision of the said supreme court shall be allowed and taken to the supreme court of the United States, in the same manner and under the same regulations as from the circuit courts of the United States, where the value of the property or the amount in controversy, to be ascertained by the oath or affirmation of either party, shall exceed \$1,000. And writs of error and appeals from the final decisions of the said courts, in all such cases, shall be made to the supreme court of the territory, in the same manner as in other cases. The said clerk shall receive in all such cases the same fees which the clerks of the district courts of Wisconsin territory now receive for similar services.

SEC. 10. *And be it further enacted,* That there shall be an attorney for the said territory appointed, who shall continue in office for four years, unless sooner removed by the president, and who shall receive the same fees and salary as the attorney of the United States for the present territory of Wisconsin. SEC. 11. *And be it further enacted,* That the governor, secretary, chief justice and associate judges, attorney and marshal shall be nominated, and, by and with the advice and consent of the senate, appointed, by the president of the United States. The governor and secretary, to be appointed as aforesaid, shall, before they act as such, respectively take an oath or affirmation before some judge or justice of the peace in the existing territory of Wisconsin, duly commissioned and qualified to administer an oath or affirmation, or before the chief justice or some associate justice of the supreme court of the United States, to support the constitution of the United States, and for the faithful discharge of the duties of their respective offices; which said oaths, when so taken, shall be certified by the person before whom the same shall have been taken, and such certificate shall be received and recorded by the said secretary among the executive proceedings. And, afterwards, the chief justice and associate judges, and all other civil officers in said territory, before they act as such, shall take a like oath or affirmation, before said governor, or secretary.

The governor shall receive an annual salary of \$1,500 as governor, and \$1,000 as superintendent of Indian affairs. The said chief judge and associate justices shall each receive an annual salary of \$1,500. The secretary shall receive an annual salary of \$1,200. SEC. 12. *And be it further enacted*, That the inhabitants of the said territory shall be entitled to all the rights, privileges and immunities heretofore granted and secured to the territory of Wisconsin, and to its inhabitants, and the existing laws of the territory of Wisconsin shall be extended over said territory, so far as the same be not incompatible with the provisions of this act, subject, nevertheless, to be altered, modified or repealed by the governor and legislative assembly of the said territory of Iowa; and, further, the laws of the United States are hereby extended over and shall be in force in said territory, so far as the same, or any provisions thereof, may be applicable.

SEC. 13. *And be it further enacted*, That the legislative assembly of the territory of Iowa shall hold its session at such time and place in said territory as the governor thereof shall appoint and direct; and at said session, or as soon thereafter as may by them be deemed expedient, the said governor and legislative assembly shall proceed to locate and establish the seat of government for said territory, at such place as they may deem eligible, which place, however, shall thereafter be subject to be changed by the governor and legislative assembly. And the sum of \$20,000 out of any money in the treasury not otherwise appropriated, is hereby granted to the said territory of Iowa, which shall be applied by the governor and legislative assembly thereof to defray the expenses of erecting public buildings at the seat of government.

SEC. 14. *And be it further enacted*, That a delegate to the House of Representatives of the United States, to serve for the term of two years, may be elected by the voters qualified to elect members of the legislative assembly, who shall be entitled to the same rights and privileges as have been granted to the delegates from the several territories of the United States to the said House of Representatives. SEC. 15. *And be it further enacted*, That all suits, process and proceedings, and all indictments and informations, which shall be undetermined on the third day of July next, in the district courts of Wisconsin territory, west of the Mississippi river, shall be transferred to be heard, tried, prosecuted and determined in the district courts hereby established, which may include the said counties.

SEC. 16. *And be it further enacted*, That all justices of the peace, constables, sheriffs, and all other executive and judicial officers, who shall be in office on the third day of July next in that portion of the present territory of Wisconsin which will then, by this act, become the territory of Iowa, shall be, and are hereby authorized and required to continue to exercise and perform the duties of their respective offices, as officers of the territory of Iowa, temporarily, and until they or others shall be duly appointed to fill their places by the territorial government of Iowa, in the manner herein directed; *provided*, that no officer shall hold or continue in office by virtue of this provision over twelve months from the said third day of July next.

SEC. 18. *And be it further enacted*, That the sum of \$5,000 be, and the same is hereby appropriated, out of any money in the treasury not otherwise appropriated, to be expended by and under the direction of the governor of said territory of Iowa in the purchase of a library, to be kept at the seat of government, for the accommodation of the governor, legislative assembly, judges, secretary, marshal and attorney of said territory, and such other persons as the governor and legislative assembly shall direct.

SEC. 19. *And be it further enacted*, That from and after the day named in this act for the organization of the territory of Iowa, the term of the members of the Council and House of Representatives of the territory of Wisconsin shall be deemed to have expired, and an entirely new organization of the Council and House of Representatives of the territory of Wisconsin, as constituted by this act, shall take place as follows: As soon as practicable, after the passage of this act, the governor of the territory of Wisconsin shall apportion the thirteen members of the Council, and twenty-six members of the House of Representatives, among the several counties or districts comprised within said territory, according to their population, as nearly as may be (Indians excepted). shall be appropriated for making public roads and canals within the said state, as the legislature may direct; *provided*, that the five foregoing propositions herein offered are on the condition that the legislature of the said state, by virtue of the powers conferred upon it by the convention which framed the constitution of the said state, shall provide by an ordinance, irrevocable without the consent of the United States, that the said state shall never interfere with the primary disposal of the soil within the same by the United States, nor with any regulations Congress may find necessary for securing the title in such soil to the *bona fide* purchasers thereof; and that no tax shall be imposed upon lands the property of the United States; and that in no case shall non-resident proprietors be taxed higher than residents; and that the bounty lands granted, or hereafter to be granted for military services during the late war, shall, while they continue to be held by the patentees or their heirs, remain exempt from any tax laid by order or under the authority of the state, whether for state, county, township, or any other purpose, for the term of three years from and after the date of the patents, respectively.

Any bill submitted to the governor for his approval during the last three days of a session of the general assembly, shall be deposited by him in the office of the secretary of state within thirty days after the adjournment, with his approval, if approved by him, and with his objections, if he disapproves thereof.

**Majority vote.** SEC. 17. No bill shall be passed unless by the assent of a majority of all the members elected to each branch of the general assembly, and the question upon the final passage shall be taken immediately upon its last reading, and the yeas and nays entered on the journal.

**Members not appointed to office.** SEC. 21. No senator or representative shall, during the time for which he shall have been elected, be appointed to any civil office of profit under this state, which shall have been created, or the emoluments of which shall have been increased during such term, except such offices as may be filled by elections by the people.

**Disqualification.** SEC. 22. No person holding any lucrative office under the United States, or this state, or any other power, shall be eligible to hold a seat in the general assembly. ### BACTERIOLOGICAL NOTES.

---

For a number of years, the State Board of Health has urged the establishment of a State Bacteriological Laboratory, to be placed at the disposal of the physicians of this State and to aid them in the diagnosis and the determination of the period of quarantine of a number of infectious diseases. A bill providing for such was considered by the Twenty-ninth General Assembly but failed to be passed by that body. The last General Assembly (Thirtieth) again considered the subject and passed a bill (House file No. 455) introduced by Representative Frudden of Dubuque. This bill establishes the Board of Health Bacteriological Laboratory at the State University at Iowa City, the professor of the latter to be the director of the former. It appropriates one thousand dollars (\$1,000) for apparatus and provides for five thousand dollars (\$5,000) to be used biennially for the maintenance of the laboratory.

The scope of the work of the laboratory is limited at present to the routine diagnostic work in connection with diphtheria, typhoid fever, tuberculosis and rabies, it being understood that the examinations are made only in the interest of the public health. The bacteriological and chemical analysis of the public water supplies, a problem of very great importance, can not properly be undertaken at the present time except when the public health is eminently concerned, as in epidemics of typhoid fever. At such occasions it is the duty of the director of the laboratory to have such bacteriological and chemical examinations of the water supply, milk supply, etc., made, and such other investigations conducted as shall tend to lead to a discovery of the source of the epidemic, whenever he is requested to do so by the council of the city or town concerned. Such examinations will be made only when the director or some one whom he may designate visits the place of the epidemic, personally makes all necessary investigations and collects his own samples of water, and such other substances as he may choose. Such investigations and examinations are free of charge, but all the expenses of the visit are borne by the community for which the examination is made. In case of epidemic of diphtheria or whenever it is desired to examine the throats of a large number of school children, the local Board of Health has the privilege of calling upon the director of the laboratory for a bacteriologist to assist in making examinations.

In order that the work of the laboratory may be as efficient and far-reaching as possible, one or more "Culture stations" are being established in every

city and town of the State. These stations which are readily accessible to all physicians, will constantly keep diphtheria, typhoid and tuberculosis diagnosis outfits on hand and will supply them free of charge to all physicians whenever they desire to make use of them. The material when collected is sent to the laboratory for analysis. All examinations are made free of charge to physicians.

The laboratory is now in good working order and many specimens for diagnosis and for release from quarantine are being examined daily. The work of the laboratory deals at the present time, principally with those diseases which are most intimately concerned with the physical welfare of our people. Other problems of scarcely less importance can not be undertaken at the present time on account of lack of funds.

### VITAL STATISTICS.

---

The birth, marriage and death constitute the most important events in the life of any human being. So important are these data that there is not a civilized nation that does not in some way seek to obtain and preserve such personal records. Most of the European countries as well as Canada, Mexico and several of the United States have reached a high degree of perfection in the art and practice of collecting and tabulating vital statistics.

The value of such statistics is not alone because of their great importance as a means of identification in the settlement of estates; the determining of the marital and parental relations of parties and for purposes of enumeration, but they are especially valuable from a sanitary standpoint. It is important to know the relation of births to marriages; the relation of deaths to births; the death-rate at given periods of life and in different localities and from different specified causes and at given seasons. Where all these facts are collected, tabulated, published and preserved important practical deductions may be drawn from them provided the registration has been complete and reliable.

Iowa has entered upon her third experiment as a registration State. In 1880 when the State Board of Health was created provision was made for a registration of births, marriages and deaths. So far as the registration of marriages is concerned there has been no change in the law. All marriages are reported to the county clerk, recorded by him in permanent registers and on or before the 30th of June each year reported to the State Board of Health on blanks furnished by said Board. These reports as well as those of births and deaths are bound in book form and kept on file in the Historical Building. They are, at least, approximately correct though a number of the clerks in reporting to the State Board of Health have failed to fill in many of the blanks and thus have lessened their value.

Under the first law births and deaths were to be reported within thirty days after their occurrence, by physicians, midwives or other parties officially or professionally connected with such birth or death, to the county clerk of the county in which they occurred, and later, with the marriages, reported by said clerks to the State Board of Health. Through the opposition and indifference as well as downright refusal of physicians to do their duty under the law the results obtained were so unsatisfactory and unreliable that the legislature repeated that provision of the law requiring physicians to report births

and deaths and required the county auditor through the county assessors to collect these data when they made their annual assessments. The data thus collected by the assessors were reported to the county clerks and by them to the State Board of Health as under the former law. The blanks to be used were prescribed by the State Board of Health and furnished by the county. After about six or eight years experimenting along this line it was clearly demonstrated that the returns were much less reliable, as to numbers and completeness, than those under the old law.

The Thirtieth General Assembly, therefore, amended the law so as to relieve county auditors, clerks and assessors from any obligation or responsibility in connection with reporting births and deaths; and believing that the medical profession had a better conception of the importance of such statistics and a keener appreciation of the honorable relation they sustain to the State it was enacted that the chief responsibility for a reliable registration of births and deaths should rest upon the physician and the undertaker.

Chapter 100, laws Thirtieth General Assembly, makes the health officer of every incorporated town or city and the clerk of every township a registrar, and provides for the appointment of assistants. It requires the Secretary of State to furnish these registrars with blanks, etc., as prescribed by the State Board of Health and to certify to the respective county supervisors the amounts due the registrars and sub-registrars at the rate of twenty-five cents for each birth and death properly reported to the Secretary of the State Board of Health. It makes it unlawful for any undertaker, sexton or any other person to inter or remove a dead body without first obtaining from the registrar or sub-registrar of the town or township where the death occurred a burial or removal permit, and for a registrar to issue such burial or removal permit without first having filed with him by the undertaker a certificate of death in due form.

Hence, the undertaker or sexton is the chief agent in reporting the death. In reporting births the physician or midwife is held responsible, or in the absence of either the parents of the child.

Under this new law there will be a great improvement over the former ones. If undertakers and physicians will promptly and faithfully perform their duty the registration secured thereby will be approximately correct. The registrars will be glad to report promptly all certificates of birth and death filed with them. There are some defects in the law that can readily be corrected—especially should there be some provision for the final disposition of these reports and a requirement that each county should have a record, in permanent and convenient form, of all of its own births, marriages and deaths as well as the record with the State Board of Health.

### IOWA STATE LIBRARY.

#### BOARD OF TRUSTEES (EX OFFICIO).

HON. ALBERT B. CUMMINS, Governor, President of Board.

HON. W. B. MARTIN, Secretary of State.

HON. JOHN F. RIGGS, Superintendent of Public Instruction.

HON. JOHN C. SHERWIN

HON. EMLIN MCCLAIN

HON. SILAS M. WEAVER

HON. SCOTT M. LADD

HON. CHARLES A. BISHOP

HON. HORACE E. DERMER

Judges of the Supreme Court.

JOHNSON BRIGHAM, State Librarian.

The accession list of the State Library on the first day of July, 1904, included 83,836 volumes, exclusive of the volumes of the Historical Department with which the miscellaneous portion of the State Library was consolidated by act of the Twenty-eighth General Assembly. The total accessions during the year ending June 30, 1904, were 3,707 volumes.

The consolidation of the miscellaneous portion of the State Library with the Historical Department, ordered by the General Assembly and carried out as far as the Library Board deemed it advisable to go, now awaits the completion of the new building, the east wing of which will be wholly given over to the Library. Until the prospective change is made, the present temporizing policy in the shelving of books must continue, but it is our constant endeavor to reduce to a minimum the inconvenience of such policy.

While the number of mere sightseers who have visited the Library during the past year may not be as great as in certain other years, yet the number of actual workers in the Library—students, club members, professional men and women and publicists generally—has been greater than ever before. The ability of the Library to meet the serious wants of these classes has been greatly increased by recent purchases of standard works.

The most considerable addition to the Library, during the past year, is a complete set of Hansard's Parliamentary History and Debates, covering the political history of the British Empire from the year 1066 down to 1891 and including forty volumes of history and four hundred and eighteen volumes of

debates,—a monumental work which has few duplicates in American Libraries. Another important addition is the completion of a broken set of The Annual Register, London, "A Review of History, Politics and Literature." By the addition of forty volumes this great work now covers the political and literary history of The British Empire from the year 1758 down to date.

The purchases in the Law and Document departments, have largely been toward the completion of broken sets—a work calling for constant vigilance and careful study of the book-catalogues of Great Britain including the colonies and the Dominion of Canada, and all portions of our own country.

The completion of several valuable sets of standard periodicals is one of the gratifying results of the past year's work, making the Library's Periodical Department one of the completest in America, though still lacking not a little of that measure of approximate completeness towards which we are pushing as fast as our means and the several other interests of the Library will warrant.

### BOARD OF TRUSTEES.

HON. ALBERT B. CUMMINS, Governor of the State.

CHIEF JUSTICE JOHN C. SHERWIN.

JUDGE SCOTT M. LADD.

JUDGE EMILIN MCCLAIN.

JUDGE CHARLES A. BISHOP.

JUDGE S. M. WEAVER.

JUDGE H. E. DEEMER.

HON. W. B. MARTIN, Secretary of State.

HON. JOHN F. RIGGS, Superintendent of Public Instruction.

CHARLES ALDRICH, A. M., Curator.

As now organized this department dates from the first day of July, 1892. Its chief purpose is the collection of historical data relating to our own State and the territory of the middle west of which it originally formed a part. So far as literature is concerned special efforts are made to collect Iowa newspapers from the earliest dates to the present time; works of State and general western and national history, biography and genealogy; works on the slavery question and the War for the Union; histories of all our wars from the earliest times; reports upon the census of both State and Nation; works relating to the North American Indians; county histories, early and later maps, Iowa pamphlets, biographies of our noted men and women, printed or in manuscript; written or printed documents relating to early settlers and settlements; reports, catalogues and broadsides relating to the churches, educational and benevolent institutions of the State; in short, every species of data which can throw light upon local, State or western history.

The department publishes *The Annals of Iowa*, an illustrated quarterly historical magazine of eighty pages, now in its seventh volume. This is made up of original contributions in history and biography. By direction of the trustees it is sent free to every organized library in our State. Its price to subscribers is \$1 per year.

In addition to *The Annals*, the Historical department is to be credited with the following publications, viz: Six biennial reports; "John Brown Among the Quakers, and Other Sketches," (1st and 2d ed.) by Hon. Irving B. Richman; "First Census of the original Counties of Dubuque and Des Moines," edited by

Dr. Benj. F. Shambaugh; "History of the Constitutions of Iowa," by Doctor Shambaugh; reprints of the laws of Iowa, 1838-39 and of 1839-40, and the hitherto unpublished Journals of the Council and House of Representatives of the extra session of 1840.

The department has secured 65 fine oil portraits of distinguished Iowans, the most of which are now on exhibition in the art gallery of the historical building. More are promised in the near future.

The library of the historical department on January 1, 1905, consisted of the following:

Bound volumes of newspapers .....	3,359
Newspapers and periodicals currently received.....	401
Books and pamphlets in the library .....	12,595

The collections include also a large number of maps, autograph letters and manuscripts.

The Museum includes seven large autograph cases; a collection of recent, aboriginal and prehistoric pottery—some of the most interesting specimens of which were found in our own State; a large collection of stone implements, among which is an Iowa axe weighing  $8\frac{1}{2}$  pounds—one of the largest ever discovered—with hundreds of flints; many teeth, tusks, and other bones of the mammoth and mastodon, all of which were found in Iowa; two large cases of birds—mostly specimens found within our state; many Iowa mammals; four large aquariums stocked with a collection of Iowa fishes; a case of Indian baskets, bead work, implements and weapons, the most of which were manufactured by the Musquakie Indians of Tama county; a collection of arms—canon, mortars, swivel guns, rifles, muskets, carbines, swords and pistols, in use during the Civil, Spanish and Philippine wars; and duplicates in bronze of most of the historic medals issued by the U. S. Government.

At the last session of the legislature the sum of \$200,000 was appropriated for the completion of the Iowa Historical Building, and as these pages are going through the press (January, 1905), in spite of the inclemency of the season, work upon the structure is proceeding with a degree of rapidity which does great credit to the enterprising contractors. The quality of the work is of the highest character. This building will occupy a full half block, with a frontage upon Grand Avenue, of 260 feet. The material of which it is constructed is the well known Le Grand (Iowa) stone, so noted for its hardness and for preserving untarnished its color of pure white. It is expected that it will be one of the most imposing and beautiful edifices in the State.

The Historical Department was called upon for a contribution to the St. Louis Exposition of 1904. In response to which there were forwarded seventeen portraits in oils, fourteen maps of early Iowa and the Middle West, and a selection from its publications and collections of original manuscripts. These items were placed on exhibition in the fire-proof buildings in the division of anthropology, under the direction of Prof. W. J. McGee, the distinguished collaborator of the late Maj. J. W. Powell in the Bureau of American Ethnology. The Jury of History recommended for the State of Iowa, for this exhibit, the Grand Prize, and a bronze medal for the largest prehistoric stone axe hitherto found in this country; for the Curator a gold medal, and for Prof. C. A. Cumming, the artist who superintended its transmission and arrangement at St. Louis, a silver medal. The usual diplomas accompanied these awards.

JOHNSON BRIGHAM, State Librarian, *President*.

Alice S. Tyler, secretary. Office, state house, Des Moines.

Margaret W. Brown, clerk (acting librarian of traveling library).

The Iowa Library Commission was created by an act of the Twenty-eighth General Assembly in March, 1900. The growing interest in library matters and the many gifts for the erection of library buildings have made the demands on the commission heavy and constant.

The demands made upon the secretary cover a wide range of interests, among which are the following: Assisting any community desiring aid in planning for the submission of a library tax to a popular vote; aiding boards of trustees and librarians in organizing libraries for a business-like administration; assisting in the classifying, shelf-listing and cataloging of books; addressing women's clubs, teachers' meetings, public meetings, etc.; conferring with library trustees and city councils in the consideration of plans for new library buildings, with special reference to best working interior arrangement, etc. By correspondence also much information has been given to librarians and library boards as to details of library economy, the selection and classification of books, etc.

The work of the traveling library, formerly under the direction of the State library, was seen to be so intimately connected with the work of library extension over the entire State that the desirability of transferring it to the commission was soon evident, library extension being the primary purpose of the library commission. Therefore, the library commission law was revised by the Twenty-ninth General Assembly in order to provide for the transfer of the traveling library to the Iowa Library Commission.

The principal activities of the commission are as follows: (1) The traveling library, 13,000 volumes, which consists of (a) miscellaneous collections of fifty volume libraries; (b) books on special subjects of study. These are loaned free to any community in the State complying with a simple agreement and paying transportation charges. (2) Summer library school, conducted by the secretary at the State University at Iowa City for six weeks each summer as a department of the university's summer session. (3) Periodical clearing house for the exchange of standard periodicals indexed in Poole's Abridged Index, this exchange being for the purpose of aiding small libraries in securing sets of standard periodicals without cost. (4) Publication of quarterly circular of information, leaflets and other material practically helpful in disseminating library information and in developing and fostering the library spirit in Iowa.

The Twenty-ninth General Assembly, in accordance with the recommendation made by the Capitol Improvement Commission, appropriated the sum of \$250,000 to repair, improve, adorn and complete the Capitol building and grounds and authorized the Governor to appoint a commission of three members to superintend and contract for the improvements. In accordance with said law Governor Cummins in May, 1902, appointed the above members of the commission. The commission held its first meeting in July, 1902, and since that date has gone steadily forward with the work. The first substantial work was the replacing of the old slate roof of the Capitol with a modern copper one at a cost of \$19,178. A new fireproof warehouse has been erected across the street from the Capitol at a cost of \$28,465. This building is used for a document storehouse and the basement for the electrical machinery.

The heating and ventilating system of the Capitol has been replaced by a modern fan system. The building has been wired throughout so as to permit of the substitution of electricity for gas in lighting and a modern electrical plant has been installed to generate sufficient power. The old elevators have been removed and new machinery for their operation installed. At the boiler house the old boilers have been displaced by new high pressure water tube

Main Building—Industrial School for Boys, Eldora.

boilers. During the past twenty years many parts of the building had fallen into decay and consequently a considerable amount of restoration has been necessary in connection with the above mentioned improvements.

The fire in the north wing of the building on the 4th day of January, 1904, caused an important interruption in the work of the commission. Just the extent of the loss cannot be given, for the reason that estimates for restoration were on a basis of fireproof construction, costing much more than the value of material and labor destroyed. It is probable old construction could have been duplicated for an amount not exceeding \$100,000. Hasty temporary arrangements costing about \$8,000 made it possible to occupy the house chamber with comparatively short delay. The appropriation schedule was reorganized and the commission was directed to restore the burned district and to complete the work for which it was originally created.

These sums have been set apart for Capitol improvements and repairs:

Original appropriation .....	\$250,000
Appropriation for restoration of north wing and fire partitions.....	128,000
Additional appropriation for completing repairs and improvements.....	82,740
Total.....	\$458,740

The general restoration contract has been awarded for the sum of \$62,407 to the Grahl-Paterson and Herman companies. While this is termed the general contract it does not include more than half of the expense of a completed work of restoration. Elmer E. Garnsey has been commissioned to do all the work of decorating and painting for the sum of \$61,500.

This contract covers much more than the area previously estimated. The panel painting for the grand stairway is to be done by Edwin H. Blashfield for the sum of \$10,000. Frederick Diehlman is to execute in mosaic decorations the six panels or arcades above for \$10,000. Upon all these contracts work is now progressing in a satisfactory manner.

Other improvements and repairs consist in a re-installation of the entire plumbing system, the installation of a stand pipe system of fire protection, gilding of the main dome and painting of the smaller domes, the painting of eight lunettes in the rotunda, the seating of the house chamber and galleries, and room furnishings, and a vast array of repairs and betterments. Though no expense necessary to high grade material and workmanship will be spared, it is believed the funds provided will cover the entire schedule of the work. It is the purpose of the commission to complete all the work assigned before the meeting of the legislature next January, with the possible exception of some of the paintings in the hands of the artists.

## BOARD OF VOTING MACHINE COMMISSIONERS.

Appointed by the Governor. Term five years. Compensation not to exceed \$1,500.

Terms Expire.

D. B. LYONS, Des Moines..... July 3, 1905  
HENRY M. BELVEL, Des Moines..... July 3, 1905  
WILLIAM BLAKE, Strawberry Point..... July 3, 1905

The voting machine commission was created by an act of the Twenty-eighth General Assembly, providing for the use of voting machines at all state, county, city, town and township elections. By this act the Governor was authorized to appoint three commissioners, not more than two of whom should be from the same political party. The commissioners are appointed for the term of five years, subject to removal at the pleasure of the Governor.

Individuals or corporations owning or interested in any voting machine may call upon the commissioners to examine the said voting machine. After such examination the commissioners are to report the results to the Secretary of State, giving the capacity of such machine to register the vote of the people, its accuracy and efficiency, and its mechanical perfections or imperfections. This report is to be filed in the office of the Secretary of State, and it must state the opinion of the commissioners, whether the kind of machine so examined can be safely used by the voters. Should the report state that the machine can be so used, it shall be deemed approved by the commissioners, and machines of its kind may be adopted and used at the various elections held in the State. For making such examination and report, each commissioner is to receive the sum of \$150 for his compensation, and expenses, but no commissioner is to receive an amount in excess of \$1,500 and reasonable expenses in any one year. The fees for examination are to be paid by the individual or corporation owning or interested in the voting machine examined.

The act makes the following provisions as to the construction of the machine approved:

"A voting machine approved by the State Board of Voting Machine Commissioners must be so constructed as to provide facilities for voting for the candidates of at least seven different parties or organizations, must permit a voter to vote for any person for any office, although not nominated as a candidate by any party or organization, and must permit voting in absolute secrecy. It must also be so constructed as to prevent voting for more than one person for the same office, except where the voter is lawfully entitled to vote for more than one person for that office; and it must afford him an opportunity to vote for any or all persons for that office as he is by law entitled to vote for, and no more, at the same time preventing his voting for the same person twice. It may also be provided with one ballot in each party column or row containing only the words 'presidential electors' preceded by the party name, and a vote for such ballot shall operate as a vote for all candidates of such party for presidential electors. Such machine shall be so constructed as to accurately account for every vote cast upon it."

Five voting machines, made by as many different companies, have been examined and approved by the Commission. These are--The John Blocty, examined at Chicago, Ill., July 31, 1900; the Climax, examined at Cedar Rapids, September 15, 1900; the National, examined at Sioux City, December

22, 1903; the Universal, examined at Bloomington, Ill., December 26, 1903, and the U. S. Standard, examined at Des Moines, May 31, 1904. Each of these machines was found to comply with the provisions of the law, above mentioned, and was so reported by the Commission to the Secretary of State.

The Commission in making the examinations has not taken into account the manner in which results, required by law, are accomplished by the various machines, the examinations having been conducted only along the line of determining whether the machines would do or not do what the law requires. The matter of expensiveness of construction was not investigated, because the law does not require it; this being a matter to be determined between the companies manufacturing the machines and the purchasers. The machines so far examined vary greatly in construction, some being quite complicated and intricate, and yet each will perform perfectly the requirements of the law in every respect. This difference in construction is so great that it would be impossible to describe each in detail in the short space allotted to this subject in the Official Register. Many of the machines are so expensive in construction as to put them practically out of the reach of purchasers, which accounts, in a great measure, for boards of supervisors and city councils, the purchasing powers, not adopting and installing them more readily.

There is no question as to the absolute accuracy of the count of a "legal" voting machine, nor as to the entire secrecy of ballots cast upon them. And another important point about them is that there is no such thing as a spoiled or mutilated ballot. Every voter who enters a booth is certain of casting a ballot for somebody and having that ballot counted. No election officers sit in judgment upon how he intended to vote, throwing out or counting his vote as they see proper. The voter, when he votes, decides that matter for himself, as of right he should. For these reasons alone the voting machine should be installed in every precinct in the State. Sooner or later the voting machine will be the recognized and universal manner of expressing the will of the voters at the polls. And accurate as are the machines so far examined, it is apparent to those who study them, that vast improvements will be made from time to time, and the cost of construction greatly lessened. It will be only a few years when this cost will be reduced to such a point that the taxpayers will conclude that they can no longer afford to do without them.

The Lookout Mountain and Missionary Ridge Monument Commission appointed by Governor Cummins, in compliance with chapter 197, laws of the Twenty-ninth General Assembly, for the erection of monuments on the battle-fields about Chattanooga, Tenn., let the contract early in 1903 for three State monuments, as provided by law.

Two of the monuments were completed early in 1904, and the material for the third and larger one was all in position a month later, except a half dozen blocks of granite, one of the number a thirty-foot shaft, weighing forty tons. Three successive accidents have occurred in attempts to place this shaft in position. Each time it received some injury. At last an entirely new shaft was ordered, and is now, January, 1905, being prepared at Barre, Vermont.

Our monument on Lookout Mountain stands near the center of the Government Reservation, in a sightly place, in front of the famous Craven House, around which raged the fiercest conflict of the contending hosts for the retention and the capture of this imposing stronghold, on that dismal afternoon of November 24, 1863, while gloomy clouds encircled the towering palisades and sunshine crowned the summit. This first victory of Chattanooga was named the same night, by Benj. F. Taylor, an eyewitness, as "The Battle Above the Clouds." The monument is fifty feet high upon a square fifteen foot base, and is in plain view from the city of Chattanooga.

The Sherman Heights monument is also fifty feet high, and stands on the Government reservation, near the summit of the north end of Missionary Ridge, on the spot captured by General Corse's Iowa brigade on the morning of November 25th, and held till the close of the battle. Around this spot raged till nearly nightfall the fiercest fighting of the day that crowned Grant's final victory in the west for the year 1863.

The Rossville Gap monument still unfinished is to be seventy-two feet high. It stands on the national military park, Iowa reservation, and is erected here in memory of all the Iowa soldiers who took part in the battles of Lookout Mountain, Missionary Ridge and Ringgold, Ga.

Each monument contains a number of historical, patriotic and memorial inscriptions. The principal inscriptions on each monument are placed on the four faces of a large square block of polished granite called the die, and one face of each die has its polished surface so margined as to represent the shape of the map of Iowa, with its river borders on the east and west. The name IOWA appears also conspicuously on nearly every face of each monument, so that when approached from any direction by friend or stranger, no one need to ask: "Whose monument is this?"

The Twenty-eighth General Assembly appropriated the sum of fifty thousand dollars for the purpose of perpetuating the memory of those who participated in the battle of Shiloh and designating by proper monuments and markers of granite the positions of the several commands of Iowa volunteers there engaged April 6 and 7, 1862.

The act, approved April 6, 1900, provided for the appointment by the Governor of a commission composed of men who were present and participated in the battle—one soldier from each of the eleven Iowa Regiments engaged.

The commission is making use of the funds at its disposal by erecting in the Shiloh National Military Park at Pittsburg Landing, Tenn., a State monument at a cost approximating twenty-five thousand dollars and eleven regimental monuments at a cost approximating two thousand dollars each.

#### CONTROVERSY OVER THE FIFTEENTH AND SIXTEENTH IOWA REGIMENTS.

There has arisen a controversy between the Iowa Shiloh Battlefield Monument Commission and the Shiloh National Military Park Commission as to the time when the Fifteenth and Sixteenth Regiments participated in the memora-

ble battle. The following is a statement of the facts of this controversy, prepared by John Hayes, Secretary of the Iowa Commission.

When the battle of Shiloh opened, April 6, 1862, the Fifteenth and Sixteenth Iowa Regiments were at Pittsburg Landing, having just arrived from the North. While in line on the bluff overlooking the Landing, between eight and nine o'clock in the morning, they were ordered by General Grant to the support of McClernand's Division, and a staff officer was directed to show them the way.

But they never reached General McClernand. While marching in columns of fours, about a mile and three-quarters from the Landing, they met the artillery and musketry fire of the enemy from the timber adjacent to a field they were crossing, now called Jones Field, on the border of which were the Eleventh and Thirteenth Iowa camps. They immediately formed in battle line and, disconnected from other troops, withstood the enemy's advance which was being made through a gap now known to have existed between the right of McClernand's Division and the left of Sherman's. There, apart from other commands, the fight of these two regiments was maintained for two hours, at great loss, and there their dead were buried.

The official reports of the regimental commanders, Col. Hugh T. Reid commanding the fifteenth, and Col. Alexander Chambers commanding the sixteenth, made a few days after the battle, fix the time when first engaged at ten and ten-thirty A.M. respectively. These reports are embraced in the report of the Adjutant-General of Iowa, 1865, and are incorporated in the War of the Rebellion Official Records, Series 1, Volume 10. The absolute truthfulness of them is burned into the very being of every one of the survivors of the awful conflict.

More than thirty years after the battle the Shiloh National Military Park was established by Act of Congress. Its purpose was "that the armies of the southwest may have the history of one of their memorable battles preserved on the ground where they fought." To carry out the provisions of this Act the Shiloh National Military Park Commission was appointed, subject to the control and direction of the Secretary of War. The Act provided:

"That it shall be lawful for any State that had troops engaged in the battle of Shiloh to enter upon the lands of the Shiloh National Military Park for the purpose of ascertaining and marking the lines of battle of its troops engaged therein."

How deeply Iowa was interested in this may be judged from the fact that of her fifteen regiments in the field in the spring of 1862, eleven participated in the battle of Shiloh.

Accordingly, preliminary to such future action as might be deemed advisable, Governor Frank D. Jackson, in June 1895, appointed a Commission composed of one soldier from each of the eleven regiments there engaged to locate and mark the respective positions held by the Iowa troops upon the Shiloh Field. In November, 1895, this Commission, by appointment, met the Shiloh National Military Park Commission (Gen. Don Carlos Buell was then Chairman) at Pittsburg Landing and did so fix and mark all the Iowa positions, making report thereof to the Governor of Iowa.

In 1900 the Legislature of Iowa appropriated \$50,000 "for the purpose of perpetuating the memory of those who participated in, and designating by proper monuments and markers of granite the positions of the several commands of the Iowa Volunteers engaged in, the battle of Shiloh," and made it the duty of the Governor to appoint a Commission composed of one soldier from

each of the eleven regiments engaged to make contracts for construction, etc.

At that time Governor Leslie M. Shaw appointed the present Commission. This new Iowa Commission, when organized, received from the National Commission a copy of the Regulations Governing The Erection of Monuments in the Shiloh National Military Park, wherein was set forth that "inscriptions must be purely historical" and that "they must also be based upon and conform to the official reports of the battle and must be submitted to the Secretary of War through the Park Commission for his approval before being inscribed on monuments."

The Iowa Commission was advised that the practice would be general of inscribing upon monuments the time of engagement and the eleven Iowa Commissioners prepared and submitted inscriptions accordingly. All were approved except those for the fifteenth and sixteenth monuments.

Notwithstanding they were purely historical and based on the only official reports of the part these regiments took in the battle, the inscriptions were rejected for the reason, as stated by the National Commission, that no troops were engaged in the locality where the fifteenth and sixteenth fought until after noon. And when the official reports of Col. Reid and Col. Chambers fixing time of the respective engagements were cited the statements of time in such reports were declared to be untrue. From the start the idea of the National Commission seemed to be to sweep away all obstacles and maintain certain theories as to the progress of the battle at whatever cost. The matter of discrediting the fifteenth and sixteenth survivors who fought on the spot or the blasting of the official reports of the venerated dead which had stood unchallenged for forty years seemed unworthy of their consideration.

Col. Hugh T. Reid and Col. Alexander Chambers were men of the highest honor and integrity. They became brigadier-generals and successively commanded Crocker's Iowa Brigade. The fifteenth and sixteenth Commissioners as well as all the survivors of the regiments named with one voice resented the action of the National Commission in impeaching the characters of their dead commanders and appeal was made to the Secretary of War to approve the inscriptions. At the same time other inscriptions, conforming to the wishes of the National Commission were submitted and the whole matter was referred to an officer of the War Department for investigation. The report of this officer sustained the contention of the National Commission.

Thereupon the Iowa Commission gave full consideration to the questions at issue, unanimously upheld the position of the Fifteenth and Sixteenth Commissioners and requested Governor Cummins to investigate the facts involved and present the matter to the Secretary of War to the end that the Fifteenth and Sixteenth Regiments might have inscriptions placed upon the monuments to these regiments in harmony with their official reports.

Complying with this request Governor Cummins gave much time and study to a thorough investigation of the subject, and upon his advice the Commissioners for the Fifteenth and Sixteenth Regiments procured upwards of sixty affidavits from comrades who belonged to these regiments and who participated in the battle, all of which affidavits substantiated the official reports. The Governor then prepared and had printed a review of the case in which official records were cited, affidavits were published and argument made. This he submitted in person to Secretary of War Root in January, 1904, supplementing it with an oral presentation of the matter. A rehearing was ordered, the date was fixed for May 20, 1904 and the place the headquarters of the National

Commission, Pittsburg Landing, Tennessee. On that occasion there were in attendance besides the National Commission, Governor Albert B. Cummins, his stenographer and eight members of the Iowa Commission. Before proceeding to the hearing Governor Cummins, accompanied by the National Commission and by the Iowa Commission, was conducted, at his request, over the route marched by the Fifteenth and Sixteenth Regiments to the Jones Field and the circumstances with which he had become familiar were more fully explained on the ground where the regiments fought. At the meeting of the National Commission which followed, the chairman announced the order of procedure, namely: that the stenographer's record of the proceedings when submitted in typewritten form, would be considered at a future meeting of the Commission and the finding would be promulgated through the Secretary of War.

Governor Cummins then presented the case in all its details, produced a mass of evidence to substantiate the fact that the Regiments were engaged in the forenoon, demonstrated by the official reports of Generals McClernand and Sherman that a huge gap existed between the lines of their Divisions during the forenoon at the place where the Fifteenth and Sixteenth fought, and by forceful argument commanded the attention of the National Commission for a period of six hours. The hearing ended, the Iowa Commission met and expressed their gratitude to Governor Cummins by appropriate resolutions.

The finding of the National Commission having reached the Secretary of War, Governor Cummins was advised that an exhaustive report had been made by the Shiloh National Military Park Commission adverse to the contention that the regiments were engaged in the forenoon. The Secretary expressed a willingness to defer action should the Governor desire to make a further presentation of the case, whereupon the Secretary was informed that Governor Cummins would again appear before the War Department at such time as might be agreed upon, and this was subsequently fixed for November 22, 1904, when he made a lengthy argument before the Acting Secretary of War.

At this date, January 14, 1905, the matter remains undetermined.

The foregoing is an outline of the trouble which has come to the Fifteenth and Sixteenth regiments. The attitude of the survivors is:

They are endeavoring to preserve the history of their part of the battle according to the purpose for which the Shiloh National Military Park was established.

They wish to fix the time of their engagement, not only as a part of their history but because throughout the Park this is uniformly done upon monuments to other commands.

More especially do they now insist upon it because their records have been unjustly assailed and the truthfulness of their official reports denied.

They are supported by the Governor of Iowa and by the Iowa Commission for the Erection of Monuments on the Battlefield of Shiloh.

The monuments erected by the State of Iowa on the battlefield of Shiloh are completed except those of the Fifteenth and Sixteenth regiments and they lack only the attaching of the bronze tablets reciting the history of their service in that great battle.

Commission met and organized May 21, 1902, in Des Moines.

J. F. Merry was elected chairman.

Henry H. Rood was elected secretary.

In October, 1902, the Commission visited Washington, D. C., Gettysburg, Pa., and Richmond, Va., to study memorial designs and inform themselves for the wise discharge of their duties.

In July, 1903, a sub-committee visited New York and Boston for a further study of the question, and to select a sculptor.

In October, 1903, the full Commission visited Vicksburg and selected sites for the State, Brigade and Regimental Monuments.

Henry H. Kitson of Boston was selected as sculptor for the State monument, and the sub-committees are carefully considering designs for monuments.

March 30, 1904, the full Commission met in Des Moines, and selected a design for the Iowa State Monument prepared by H. H. Kitson of Boston, Mass., the sculptor selected by the Commission.

The design is a peristyle, semi-circular in form; its dimensions are as follows:

	feet.	inches.
Total width.....	64	
Depth from front of steps to back of monument.....	29	9
Height of monument from ground.....	26	8
Height of center portion from ground.....	29	10
Height from ground to base of columns.....	6	
Height of columns.....	13	6
Height of entablature .....	4	6
Diameter of columns at base.....	1	10
Diameter of columns at neck.....	1	8
Height of bas-reliefs.....	4	6
Width of bas-reliefs .....	5	6
Width of pediment.....	18	
Length of pediment from platform.....	24	
Width across front and pylons.....	7	6
Width of side pylons.....	6	

	feet.	inches.
Distance of columns on centers .....	6	8
Depth of piers back of columns.....	1	8
Distance of face of column in front of bas-relief.....	2	6
Width of granite wall across rear at back of pediment	22	
Width of tread of steps.....	1	4
Length of court from base of column to base of column.....	50	

The broad platform and generous steps give a setting for the monument as a whole, and will enable throngs to visit the Memorial, and be impressed with the bas-reliefs and other sculpture. The design lends itself to the placing of inscriptions in a very advantageous form in the frieze and on the pylons. The complete effect of the bronzes, the inscriptions and the architecture will be of great beauty, and at the same time of great strength.

The design is pure Greek, the columns are massive Doric, and between are open spaces for six bas-reliefs, 4 feet and 6 inches by 5 feet and 6 inches in size, on which will be portrayed in bronze, the following scenes:

Grand Gulf (Naval).	Jackson.	Black River Bridge.
Port Gibson.	Champion Hill.	Assault May 22, 1863.

The tablet in the central panel will contain a list of the regiments and batteries engaged in the campaign and siege, the number of troops and their losses.

On the front of the platform a bronze equestrian statue of heroic size will be placed, a soldier carrying the standard and entitled "The Standard Bearer."

This noble architectural structure, embellished with bas-reliefs, and the equestrian statue will stand on Union Avenue in front of the Rail Road Redoubt.

A curved drive-way will leave Union Avenue, pass in front of the monument and return to Union Avenue, thus bringing visitors to the broad steps which lead up to the monument. The entire structure will be of light Barre granite, and it is believed will be approved by the State as strong, dignified and impressive.

The inscription will be:

*Iowa's Memorial to her soldiers who served in the campaign and siege of Vicksburg, March 29-July 4, 1863.*

March 28, 1904, the Commission entered into a contract with sculptor H. H. Kitson for the erection of the Iowa State Monument for the sum of one hundred thousand dollars (\$100,000). All to be completed in four years from date and sooner if possible.

On this date also a contract was entered into with Mr. Edmund H. Prior, of Postville, Iowa, to erect thirteen regimental, battery and brigade monuments for the sum of twenty-eight thousand five hundred dollars (\$28,500). A subsequent supplemental contract was made to enlarge the only single regimental monument, the Third Iowa Infantry Volunteers, at an additional cost of five hundred dollars (\$500).

The various organizations were grouped into brigades as far as possible, and all the monuments will stand on Union Avenue.

The same style is followed in these monuments as is used for the State monument:—Doric columns, entablatures and so forth. Thus the same general design is followed for all the monuments, and they will present a uniform and harmonious whole. The inscriptions will be in bronze, giving the history of each command during the campaign and siege. They are to be completed in one year from date of contract.

The Thirtieth General Assembly appropriated the sum of \$10,000 for the purpose of erecting a monument "Commemorative of the valor, suffering and martyrdom of the Iowa soldiers who were imprisoned and died in the confederate prison at Andersonville, Georgia." The Governor was authorized to appoint a commission of five members each of whom must have served at least three months as a prisoner of war to select the site and erect the monument.

The Commission met in the Governor's office and organized July 19, 1904. On October 10th they visited the site of the old prison and selected a sight in the National Cemetery which adjoins the prison grounds and where are buried the Union soldiers who died while confined in the old stockade upon which to erect the monument. In view of the fact that the National Cemetery is owned, governed and cared for by the United States government the Commission felt that the monument would be much better cared for if placed here than if erected within the grounds of the old prison which are now owned by the National Woman's Relief Corps. There are 216 known and over 100 unknown Iowa soldiers buried in this cemetery. It is the purpose of the Commission to erect a granite monument and to engrave upon it the names of all the known Iowa soldiers who died while confined within the stockade. It is hoped to have the monument dedicated in the autumn of 1905.

## IOWA AT THE LOUISIANA PURCHASE EXPOSITION.

The Iowa Building had a beautiful location in the plateau of states, that part of the grounds assigned to state buildings. It had as its immediate neighbors, Kansas, New York, Minnesota, Massachusetts, Arkansas, Connecticut, Missouri, Ohio, Wisconsin, Pennsylvania, Indiana, Rhode Island, New Jersey, Mississippi, Indian Territory and Utah. The Iowa Building was located at the intersection of the two most prominent thoroughfares, with an outlook on a pretty plaza full of choice flowers and tropical plants. The grounds about the building were beautifully shaded with forest trees. The intra-mural railway car line had a station near the Iowa Building. The architecture of the Iowa Building was of the French Renaissance style, being a delightful blending of the architecture of the old State Capitol at Iowa City and the new one at Des Moines. It was 68 feet wide by 105 feet long including the porches. It was 49 feet to the top of the roof, and 90 feet to the flag pole. The Iowa Building harmonized well with all its surroundings.

The building was a credit to Iowa in every sense. The structure was of wood and staff, ivory white, in accord with the general color scheme of the Exposition buildings. On the first floor there was ample porch space, and on the second wide balconies. One of the strong features of the building was the interior arrangement. On the first floor in the center was a rotunda 28 by 28 feet. Leading off from this were two large public parlors. There were also on this floor two reading rooms, a woman's retiring room, the Secretary's office, toilet rooms, and wide vestibules leading from the main entrances.

On the second floor was the Governor's reception room, and exhibition rooms, each 30 by 40 feet. There were private rooms for the Governor and for the President of the Commission, and six comfortable commissioner's rooms arranged along one side of the building. In the third story were the rooms for employes and in the basement a storage room for folding chairs and packing cases.

The Iowa Building was built for the accommodation of Iowa people and their friends who desired a resting place during the day and where meetings could be held by Iowa people, and general meetings for fair visitors and where Iowa's interests could be exploited.

A bureau of information and a postoffice where Iowa people could receive and send mail, were maintained and every facility offered for furnishing information concerning the Exposition and the city of St. Louis.

The architects for the building were Proudfoot & Bird of Des Moines, and E. W. Nichols & Co. of Des Moines were the contractors. The decorations were designed and placed by William G. Andrews of Clinton, Iowa.

President Larrabee tendered a pipe organ for use in the Iowa Building during the Exposition. The contract was awarded the M. P. Moler Organ Co., Hagerstown, Maryland. The organ has two manuals, thirty stops, 15 1/2 pipes, nine pedal movements. The casing is of solid mahogany wood, the front pipes being handsomely and fittingly decorated. This magnificent gift was installed at the head of the grand staircase leading out on the main rotunda. Mr. Mason Slade of Des Moines was selected as the official organist, and daily concerts were given in the Iowa Building, where an auditorium seating 600 people had been provided. Many of the great organists of our own State and abroad appeared in recitals at various times during the Exposition.

An interesting feature of the Iowa Building were twenty cages of automatic singing birds brought from Paris by ex-Governor William Larrabee, President of the Iowa Commission. These ingenious mechanical contrivances reproduced the warble and song of birds with such exactitude that visitors were readily deceived. They were mounted in handsome cages and are stuffed specimens of birds whose singing is reproduced by contrivances run by clock work. These birds sang for fifteen minutes daily, preceding the organ recitals in both the morning and afternoon.

President Larrabee also contributed four bronze statues which occupied prominent places in the exterior decorations of the Building. Two of these statues, Gen. G. M. Dodge and David B. Henderson, are the works of J. Massey Rhind, of New York. The other two, Admiral Farragut and General Sherman, are the works of George E. Bissel, of New York. In addition, he contributed the oil paintings of Sheridan, Lincoln, Sherman and Grant. The painting of General Grant was made from life during his term at the White House, being the work of Colonel Thorp, witnessed by Governor Larrabee.

The Women's Auxiliary Committee to the Iowa Commission, Mrs. W. H. Baily, Mrs. H. J. Howe and Mrs. H. E. Deemer secured for the adornment of the Iowa State Building many objects of beauty and interest. Artists have loaned paintings in oil and water colors, beautiful china, miniatures on ivory and porcelain, a table in inlaid wood and various other articles. A bust of Governor Cummins by Miss Walker, formerly of Red Oak, adorned the Governor's reception room. In another room was a collection of nearly three hundred books representing one hundred and thirty-five Iowa authors. There was also a fine collection of music by Iowa composers.

The Historical Department of the Iowa Commission was represented in the Anthropology Building and the exhibit contained some of the very choicest paintings in oil of pioneers, loaned from the Iowa Historical Building.

The Educational Exhibit of the Commission showed the practical work of Iowa Schools.

Many exhibits from the manual training departments were made and attracted universal attention. This was one of the most representative school exhibits at the Exposition, and embraced work in all the grades from the primary to the college and university. It was substantially installed and made a fine appearance.

In the Iowa Exhibit Mines and Metallurgy Building, the facade of the booth was constructed of Stone City stone, Van Meter and Lehigh pressed brick, and had two Scayliola Seinna marble columns at the entrance. These and the ornaments were made from Fort Dodge Gypsum. The exhibit consisted of a coal vein section from Oskaloosa and smaller samples from over the State. Samples of clay and shales, paving, pressed and fire brick, hollow blocks, drain tile, electrical conduits and pottery, building stone and fossil rocks, marble and lithographing stone, lead ore, iron ore, white sand, mineral water from the Colfax Springs and Eddyville, prepared gypsum, gypsum plaster and gypsum statuettes, also photographs of coal mining plants, clay works, shale pits, and interior of mines, stone quarries, etc., were shown.

The exhibit in the Manufacturers Department was nicely located near one of the north entrances, the third exhibit from the west end of the manufacturers building. Samples of Iowa clay products, including common building brick, face brick, pressed brick, building blocks, conduits, pottery, stoneware, etc., were found here in the most artistic arrangement. Practically every part of the State was represented in this exhibit, there being about thirty factories, which were represented among those who contributed to this exhibit.

The Horticulture exhibit had one of the most desirable locations. No effort had been made to embellish this exhibit with palms and flowers, the idea being to make it strictly a horticulture exhibit and it was conceded by many of the other States having exhibits in this building that Iowa made the best general exhibit of apples in the building.

The exhibit in the Agricultural Department was nicely placed and what it lacked in quantity was made up in quality, as the cereals were of the very finest. Among the pictures made in grains were, one of the old Territorial Capitol of Belmont, Wisconsin, when Iowa was included in that Territory, also a picture of Iowa's new Capitol and a pioneer farm scene in Iowa.

There were also many individual exhibitors from the State of Iowa located in various buildings as follows:

*December 2, 1904*—Formal transfer of the property acquired by the Iowa Commission to the State Board of Control of State Institutions.

Too much can not be said in praise of the loyalty and generosity of Governor and Mrs. Larrabee in connection with the creditable representation made by Iowa at the Exposition. The donations to the building in things to make it

attractive which gave it the standing not reached by any other state or foreign government is estimated to exceed more than the second appropriation made by the General Assembly which has not been expended. With the exception of a few weeks in mid-summer Governor and Mrs. Larrabee without expense to the State were constantly at the Iowa Building to assist in the management and care of Iowa's interests and to cordially greet the thousands of visitors from Iowa and abroad. Their work was ably supplemented by Governor and Mrs. Cummins and the Iowa Commissioners' wives or daughters and the members of the Ladies Auxiliary Committee whose untiring labors gave Iowa its splendid standing at the Iowa Building and in the exhibit palaces.

The State of Iowa appropriated \$145,000 for representation at St. Louis. The total expenditures will not exceed the first appropriation of \$125,000.

A complete report of the work of the Iowa Commission is being compiled for presentation to the Governor and General Assembly as provided by law.

## Board of Control of State Institutions.

HEADQUARTERS, CAPITOL BUILDING, DES MOINES, IOWA.

### MEMBERS.

Terms Expire.

G. S. ROBINSON, <i>Chairman</i> , Sioux City .....	April 5, 1906
L. G. KINNE, Des Moines .....	April 5, 1908
JOHN COWNIE, South Amana .....	April 5, 1910

F. S. TREAT, *Secretary*, Des Moines.

HENRY F. LIEBKE, *Architect*, Des Moines.

The Board of Control of State Institutions was created under the provisions of chapter 118, laws of the Twenty-seventh General Assembly, which, with the amendments thereto, clothes the board with full power to manage, control and govern, subject only to the limitations contained in the act, the following named institutions:

Iowa Soldiers' Orphans' Home at Davenport.

Iowa Soldiers' Home at Marshalltown.

School for the Deaf, at Council Bluffs.

College for the Blind, at Vinton.

Institution for Feeble-minded Children, at Glenwood.

Mt. Pleasant State Hospital.

Hospital for Inebriates (Mt. Pleasant).

Independence State Hospital.

Hospital for Inebriates (Independence).

Clarinda State Hospital.

Cherokee State Hospital.

Hospital for Inebriates (Cherokee).

State Hospital for Inebriates (Knoxville).

Industrial School for Boys, at Eldora.

Industrial School for Girls, at Mitchellville.

Industrial Reformatory for Females, at Anamosa.

Penitentiary, at Anamosa.

Penitentiary, at Fort Madison.

The board is also required to investigate thoroughly the reports and doings of the Regents of the State University, the trustees of the State Normal School, and the State College of Agriculture and Mechanic Arts, and the books and records of said institutions. It also has supervision of county and private institutions in which insane persons are kept, and of associations and societies receiving friendless children.

Prior to July 1, 1898, the foregoing state institutions, except the penitentiaries, were in charge of separate boards, each of which had its officers and each had a secretary and treasurer.

The Board of Control was organized on April 6, 1898, and took full control, as provided by statute, on July 1, 1898, of the institutions heretofore named. At that time the various boards of trustees and commissioners ceased to exist.

The Board publishes quarterly a bulletin of over a hundred pages, devoted to the scientific investigation of the treatment of insanity and epilepsy, and the feeble-minded, and information embodying the experience of soldiers' homes, charitable, reformatory and penal institutions in this and other countries, it being the intention of the board to keep in touch with the best thought and judgment of the age.

As provided by law, under the direction of the board, the State institutions under its control are supplied with goods for their support on competitive bids, thus procuring proper supplies at the lowest market prices. An opportunity to bid is afforded anyone who indicates a desire to the Board.

The Twenty-ninth General Assembly passed an act for the detention and treatment of dipsomaniacs and inebriates and directed the Board of Control to designate a ward or wards in the State hospitals for the insane to which they should be sent. Wards have been opened in the Mount Pleasant State Hospital, Independence State Hospital and the Cherokee State Hospital. The table at the end of this chapter shows the population of each of said hospitals.

The Thirtieth General Assembly enacted a law directing that a State Hospital for Inebriates be opened at Knoxville in the buildings formerly used as a Home for the Adult Blind and in such additional buildings as the Board should cause to be erected. When this institution is opened all inebriates in the insane hospitals (except women) will be transferred to it. It is expected to be in operation in the fall of 1905.

As to the institutions under its control the Board is charged with the duty of investigating their management and financial condition; it must determine questions as to the sanity of patients in hospitals and determine when persons shall be admitted to State hospitals as State charges, and it is to divide the State into hospital and penitentiary districts. It must make biennial reports to the Governor and legislature; make a statement showing the cost of operating the institutions for the preceding two years, visit all institutions twice a year, and some of its members must visit each State hospital once a month; must meet the superintendents in quarterly conference, gather statistics, publish a bulletin, compel institutions to provide fire escapes, require employes handling State property to give bonds, require the making of an annual inventory of the State's property, make a quarterly invoice of all stores at the institutions, annually fix salaries of officers and employes, except the chief executive officers, appoint a State architect and perform many other duties. Since the Board took charge the population of the institutions has increased 1,800. In other words, there are over one-third more people being supported in them than there were seven years ago, and notwithstanding the advanced prices they are being better fed, clothed and cared for than ever before, and for a less sum for support than under the former system. The physical conditions of the several properties at the institutions have been greatly improved. Space will permit of the mention of but a few of the things which have been done. The following, among other improvements, have been made:

## TUBERCULOSIS.

The Thirtieth General Assembly authorized the Board of Control of State Institutions to "investigate the extent of tuberculosis in Iowa and the best means of prevention and treatment of the disease and report its findings to the next General Assembly."

It also authorized the Board if it 'deems it' advisable to place under its immediate observation a number of cases of the disease for the purpose of more fully advising the General Assembly of the results of care and treatment," also "to publish and distribute at its discretion such facts as will advise the public regarding the prevention of tuberculosis."

For all of the above purposes an appropriation of one thousand dollars was made. The questions the board was called upon to decide were how to obtain reasonably accurate information regarding the "extent of tuberculosis in Iowa;" the advisability of placing cases under observation, and if this was deemed best then the proper means of housing the patients; the requisites for such a patients' camp as well as such requisites for a permanent institution in the event such an one should be hereafter established.

In the absence of any reliable vital statistics in this State, except in a few cities, the Board determined to obtain the opinions of experts on tuberculosis in this State and elsewhere regarding the best method of securing the information desired regarding the extent of tuberculosis and also to invite from them an expression of opinion regarding the other matters heretofore mentioned. A letter was prepared and mailed to seventy-three physicians, embracing the leading experts on tuberculosis in this country and in Europe. The following questions were submitted to them, viz:

1. In prosecuting said investigation as to the "extent of tuberculosis" in Iowa, from what sources other than the census reports, reports of vital statistics and information obtainable from practicing physicians and from experts in the treatment of the disease, would you expect to obtain information of value?

2. Would it be desirable to ask the physicians of the State how many cases of tuberculosis they have treated during a given period, the age and sex of each patient, the duration of the treatment, the extent and character of prior treatment, if any, the condition of the patient when treatment began (incipient case, advanced case, far advanced or doubtful), methods of treatment (medical, out-of-doors, etc.), condition of patients when discharged (apparently cured, disease arrested, disease improved, disease unimproved, doubtful, died), the effect of treatment on prominent symptoms such as a decrease in the number of bacilli in expectorations, gain or loss in weight, and in your judgment what other questions should be propounded, and if it is your opinion that some of those above suggested be omitted will you kindly indicate what ones you would eliminate?

3. What is your opinion as to the advisability of placing under observation cases of the disease for the purpose of advising the next General Assembly of the actual results of care and treatment, and if you would recommend such a course would you for that purpose recommend the use of tents or of temporary wooden structures and would there be any objection to conducting such a camp within a reasonable distance from an existing State hospital for the insane?

4. In your judgment can the results of care and treatment be as well ascertained and demonstrated with tubercular patients who may be insane as with tubercular patients who were not insane?

5. What in your opinion are the indispensable requisites for the location of such a camp as well as for the location of a permanent institution for the treatment of tubercular patients?

6. What in your opinion are the desirable, though not indispensable, requisites for the location of such a camp or permanent institution?

7. Kindly give us fully any other information which will in your opinion be of value to us in the proper prosecution of this work.

A return stamped envelope was enclosed and over sixty of the physicians addressed replied fully.

A majority of them favored the plan indicated in questions one and two. Some proposed adding other questions; a few deemed statistics so gathered of little value, others would confine the search for information to a limited portion of the State, and still others thought that known facts in other states were a sufficient guide to follow. A majority opposed placing cases under observation, the objections being various, including insufficient time in which to make the experiment and too small an appropriation. In the event that patients were placed under observation, the physicians were about equally divided in opinion as to the use of tents or wooden structures for the purpose of housing patients. A large majority saw no objection to locating such a camp a reasonable distance from a hospital for the insane. The experts were practically unanimous in the opinion that as good results could not be obtained with insane tubercular patients as with sane patients. All advised the following as desirable for the location of either a temporary or permanent hospital for the treatment of tubercular patients, viz.: pure air, a considerable elevation, a reasonable distance from a city, or town, good drainage, timber protection, southern exposure, etc. A few advised a high altitude of from 1,600 to several

thousand feet as desirable, although the greater number favored a moderate elevation and deemed out-of-door care and proper treatment more important than altitude.

In view of the information thus received and its great value, coming from men who had made a study of tuberculosis and its treatment, the Board concluded that it was not wise to attempt to place cases under observation, that the time was too short and the funds insufficient to carry out all of the purposes of the act. It also determined to send to each physician in Iowa a blank calling for the following information, viz.: The number of persons treated for tuberculosis by each or known by them to have had said disease during the year ending June 30, 1904, the name, age, sex, social state, color, occupation, residence and nativity of each of said persons so treated or known; also a statement as to whether they were afflicted with pulmonary tuberculosis or with tuberculosis of some other organ or part of the body. During the month of September, 1904, the blanks were mailed to all of the physicians in Iowa, 3,532 in number, and up to the evening of October 29, 1904, replies had been received from 1,586 of whom 678 reported no cases and 918 reported one or more cases. Of those not reporting cases a few had retired from practice and some had removed from the state or died. These 918 physicians reported 3,300 cases as existing during the period heretofore mentioned.

Early in November a second letter was mailed to every physician in the State who had failed to fill out and return the blanks sent to him. This resulted in receiving several hundred additional returns.

Up to January 8, 1905, the board received return from 2,416 of the 3,532 physicians in this State. Of those reporting 1,632 say they have had no cases during the year, ending June 30, 1904; 1,384 report 4,512 cases.

If all had been heard from and the same percentage of cases been reported as heretofore, we should have a record of over 6,000 cases.

As many physicians who do report some cases, advise the board that they have had other cases which they are unable to fully report because they have kept no record of the same, it is fair to assume that there were more than 7,000 cases in this State during the year ending June 30, 1904.

Nearly one-third of the cases exist in persons between twenty-one and thirty years of age. Of the 4,512 cases reported 3,679 are of a pulmonary character and 833 tuberculosis in other parts of the body.

While the foreign born people of Iowa constitute less than one-sixth of the total population, yet almost one-third of the total number afflicted are of foreign birth. Almost two-thirds of the total number of cases reported are found among people whose occupation is in doors. The Board has not yet determined upon its recommendations to the next legislature.

The State University of Iowa is an integral part of the public school system of the State. As required by law, the work of the University is based upon the preparation afforded by the duly accredited high schools of the State, whose graduates are admitted to the undergraduate and professional courses upon presentation of the proper certificates. A sense of this vital connection with the public schools determines, in a large measure, the requirements for admission to the University, its spirit, and its courses of study.

The control of the University is intrusted to a board of regents, consisting of the Governor of the State and the Superintendent of Public Instruction *ex officio*, and of one member from each of the eleven congressional districts, elected by the general assembly.

The University is administered through the following organizations:

The College of Liberal Arts, including engineering and the summer session:

The College of Law;

The College of Medicine;

The College of Homeopathic Medicine;

The College of Dentistry;

The College of Pharmacy;

The Graduate College;

The School of Political and Social Science;

The School of Applied Science;  
The Nurses' Training Schools;  
The Hospitals.

The College of Liberal Arts embraces four courses of study: Classical, philosophical, scientific, engineering and mining. Four years are required to graduate in either one of these courses, and on completion the appropriate Bachelor's degree is granted.

In the College of Law the course of study extends through three years, and on completion thereof the graduate is given the degree of LL. B., and admitted to practice before the State and United States courts.

The College of Medicine and the College of Homeopathic Medicine require the student to pursue his studies during a four year's course of nine months each, and on completion of such course the degree of M. D. is granted.

The College of Dentistry requires three years of nine months each, to complete the course and obtain the degree D. D. S.

The course in pharmacy extends through two years of nine months each, and the degree Ph. G. is granted on its completion.

Semesters open February 13 and September 21, 1905.

Summer Session opens June 19, 1905.

The Iowa Experiment Station was established in accordance with an act of Congress, approved March 2, 1887, for the purpose of aiding "in acquiring and diffusing among the people of the United States useful and practical information on subjects connected with agriculture, and to promote scientific investigation and experiments respecting the principles and applications of agricultural science," under direction of the land grant colleges in each state and territory established by the act of 1882, creating such colleges. This act appropriated to each state and territory, for the purpose of agricultural investigation, the sum of \$15,000 annually, and the experiment stations were thus established as a department of the land grant colleges. They are subject to the regulations of the United States department of agriculture, and are regularly inspected by officers of that department. The results of these investigations and experiments in agriculture, including live stock and all related branches, are published in bulletins issued by the experiment stations quarterly or oftener, and distributed free to all residents of the respective states who apply for them. The work of the Iowa Experiment Station along these lines has proved extremely popular and met, with favor in all parts of the State and Nation, and many foreign countries as well. The reports of some of its experiments have been published entire by foreign governments, and the demand for bulletins is so large that applications outside of the State can no longer be supplied. These bulletins are free to farmers and citizens of Iowa.

The Iowa Engineering Experiment Station was established in accordance with an act of the State Legislature in 1904 for the purpose of carrying on investigations and disseminating information helpful to the industrial interests of the State, outside of agriculture, in the same way that the Agricultural Experiment Station carries on work helpful to the agricultural interests of the State.

This act appropriated \$6,000 for the fiscal years of 1904-1905 and 1905-1906 for such work. Upon the passage of the act considerable technical information became immediately available which had accumulated during the work of the

Engineering Division of the State College for several years past. Nine Engineering Experiment Station bulletins have already been published, as follows:

Bulletin No. 1—"Iowa State College Sewage Disposal Plant and Investigations."

Bulletin No. 2—"Bacteriological Investigations of the Iowa State College Sewage."

Bulletin No. 3—"Data of Iowa Sewage and Sewage Disposal."

Bulletin No. 4—"The Chemical Composition of Sewage of the Iowa State College Sewage Plant."

Bulletin No. 5—"Bacteriological Investigations of the Ames Sewage Plant."

Bulletin No. 6—"Tests of Iowa Common Brick."

Bulletin No. 7—"Sewage Disposal in Iowa."

Bulletin No. 8—"Tests of Dry Press Brick Used in Iowa."

Bulletin No. 9—"Notes on Steam Generation with Iowa Coal."

Future bulletins on which work is under way and already partly completed will be issued on the following subjects:

"Examination of Iowa Sewage Disposal Plants, 1904."

"Investigations of Automatic Stokers Using Iowa Coal."

"Lubricating Oils."

"Cement and Concrete Investigations."

"Feed Water for Boilers."

"Data of Iowa Waterworks."

"Ordinances of Iowa Cities Regulating Plumbing, Water Connections and Sewer Connections."

"Investigations of Iowa Limes."

"Electric Lamp Testing for Iowa Cities."

"Ten Railway Lectures."

The work of the Engineering Experiment Station will be continued in these and other lines, and is being carried on in close co-operation with the Iowa manufacturers, municipal officers and others especially interested in the industrial development of the State.

The bulletins of the Engineering Experiment Station are furnished free to residents of Iowa on request. The demand for those already published has been so great that the edition of Bulletin No. 1 is exhausted.

Three terms of twelve weeks each and one term of six weeks constitutes the school year. Students are received for any course at the beginning of any one of the terms. A class graduates at the end of each term, the annual commencement occurring at the close of the spring term. Students are given much assistance in being located in good situations without expense to them.

*The Vacation School for Teachers*—Not alone does the school conduct work during the year for the training of teachers but it also has a special six weeks' session during the summer vacation for the granting of all the privileges of the school to teachers who are at work during the rest of the year. The United States Government pays to the State of Iowa the sum of \$100 per year for each male inmate of the Soldiers' Home, which amount is used as a part of the support fund of the institution.

Persons who have property or means for their support, or who draw a pension sufficient therefor, will not be admitted to the Home; and if after admission, an inmate of the Home shall receive a pension or other means sufficient for his support, or shall recover his health so as to enable him to support himself, he will be discharged from the Home.

Regular appropriation by the State is \$14.00 per month for each member, and \$10.00 per month for each employe not a member of the Home.

#### IOWA SOLDIERS' ORPHANS' HOME—DAVENPORT.

*Superintendent*—F. J. SESSIONS.

*Physician*—WILLIAM L. ALLEN, M. D.

*Steward*—HENRY KELLOGG.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of a high standard. A kindergarten is operated for the very young pupils.

The age limit beyond which children are not kept in the Home is 16 years. Less than 20 per cent remain to the age limit.

A library of well selected juvenile literature is a source of pleasure and profitable entertainment to the children, as from necessity their pastimes and pleasures are somewhat circumscribed.

It is the aim to provide the children with plenty of good comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the Home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food and a reasonable amount of luxuries.

The Home is supported by a regular appropriation of \$12 per month for each inmate and the actual transportation charges of inmates to and from the institution. Each county is liable to the State for one-half of the expense of the support of its children, except soldiers' orphans, who are cared for at the expense of the state.

COLLEGE FOR THE BLIND—VINTON.

---

*Superintendent*—T. F. McCUNE.*Physician*—C. C. GRIFFEN, M. D.*Oculist*—LEE WALLACE DEAN, M. D.*Steward*—JOHN COOK.

There is a regular appropriation for this institution of \$22 per capita per month for nine months of each year to cover support and maintenance.

The school term begins on the first Wednesday in September and usually ends about the first of June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with thirty-seven pianos, one pipe organ, several cabinet organs, and a sufficient number of violins, guitars, bass viols and brass instruments. Every student capable of receiving it is given a complete course in this department.

In the industrial department the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys, netting, broom making, mattress making and cane seating. Those of either sex who so desire may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the State. All that the friends are expected to do is to pay the traveling expenses and furnish clothing. If they are unable to clothe the pupil the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

SCHOOL FOR THE DEAF—COUNCIL BLUFFS.

---

*Superintendent*—HENRY W. ROTHERT.*Physician*—A. P. HANCHETT, M. D.*Steward*—JOHN F. SCHULTZ.*Matron*—MRS. M. E. POOLE.

There is a regular appropriation for this institution of \$22 per capita per month for nine months of each year for the payment of officers' and teachers' salaries and for a support fund.

This institution is free to all of school age, too deaf to be educated in the common schools, sound in mind and free from immoral habits and from contagious and offensive diseases. No charge for board or tuition.

The session of the school begins the first day of October and continues until the last day of June of each year. Pupils should come promptly at the beginning and remain until the end of the session.

## INSTITUTION FOR FEEBLE-MINDED CHILDREN—GLENWOOD.

---

*Superintendent*—GEORGE MOORIDGE, M. D.

*Physician and Assistant Superintendent*—A. R. SCHIER, M. D.

*Assistant Physician*—H. W. BENSON, M. D.

*Steward*—E. C. COOK.

There is a regular appropriation for this institution of \$12 per month for each inmate.

The purposes or objects of this institution are to provide special methods of training for that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as nearly as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their simple wants.

There is appropriated for the support of these schools the sum of \$10 monthly for each boy and \$12 monthly for each girl inmate.

The object of the institution is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school where wayward and criminal boys and girls are brought under the influence of Christian instructors, and taught by example, as well as precept, the better ways of life. It is a training school, where the moral, intellectual and industrial education of the child is carried on at one and the same time.

Any boy or girl, over 7 and under 16 years of age, who has become criminal, vagrant or incorrigible, may be committed to this school by any court of record. Any boy or girl may be discharged, or paroled from the school, at any time after one year's training, upon satisfactory evidence of reformation. They may also in exceptional cases be paroled or discharged in less than one year.

*Secretary*—CHARLES W. JOHNSON, of Minnesota.

### NATIONAL PLATFORM.

Fifty years ago the Republican party came into existence, dedicated among other purposes to the great task of arresting the extension of human slavery. In 1860 it elected its first President. During twenty-four of the forty-four years which have elapsed since the election of Lincoln the Republican party has held complete control of the Government. For eighteen more of the forty-four years it has held partial control through the possession of one or two branches of the Government, while the Democratic party during the same period has had complete control for only two years. This long tenure of power by the Republican party is not due to chance. It is a demonstration that the Republican party had commanded the confidence of the American people for nearly two generations to a degree never equalled in our history, and has displayed a high capacity for rule and government which has been made even more conspicuous by the incapacity and infirmity of purpose shown by its opponents.

### CONDITIONS IN 1897.

The Republican party entered upon its present period of complete supremacy in 1897. We have every right to congratulate ourselves upon the work since then accomplished, for it has added lustre even to the traditions of the party which carried the Government through the storms of Civil War.

We then found the country, after four years of Democratic rule, in evil plight, oppressed with misfortune and doubtful of the future. Public credit had

been lowered, the revenues were declining, the debt was growing, the administration's attitude toward Spain was feeble and mortifying, the standard of values was threatened and uncertain, labor was unemployed, business was sunk in the depression which had succeeded the panic of 1893, hope was faint and confidence was gone.

#### THE TARIFF LAW.

We met these unhappy conditions vigorously, effectively and at once. We replaced a Democratic tariff law based on free trade principles and garnished with sectional protection by a consistent protective tariff; and industry, freed from oppression and stimulated by the encouragement of wise laws, has expanded to a degree never before known, has conquered new markets and has created a volume of exports which has surpassed the imagination. Under the Dingley tariff labor has been fully employed, wages have risen and all industries have revived and prospered. We firmly established the gold standard which was then menaced with destruction. Confidence returned to business and with confidence an unexampled prosperity.

#### REVENUES.

For deficient revenues supplemented by improvident issues of bonds, we gave the country an income which produced a large surplus and which enabled us only four years after the Spanish war had closed to remove over one hundred millions of annual war taxes, reduce the public debt and lower the interest charges of the government.

#### THE PUBLIC CREDIT RESTORED.

Public credit, which had been so lowered that in time of peace a Democratic administration made large loans at extravagant rates of interest in order to pay current expenditures, rose under Republican administration to its highest point, and enabled us to borrow at two per cent, even in time of war.

#### CUBA.

We refused to palter longer with the miseries of Cuba. We fought a quick and victorious war with Spain. We set Cuba free, governed the Island for three years and then gave it to the Cuban people with order restored, with ample revenues, with education and public health established, free from debt and connected with the United States by wise provisions for our mutual interests.

#### PORTO RICO.

We have organized the government of Porto Rico and its people now enjoy peace, freedom, order and prosperity.

#### THE PHILIPPINES.

In the Philippines we have suppressed insurrection, established order and given to life and property a security never known there before. We have organized civil government, made it effective and strong in administration and have conferred upon the people of those islands the largest civil liberty they have ever enjoyed.

By our possession of the Philippines, we were enabled to take prompt and effective action in the relief of the legations at Peking and a decisive part in preventing the partition and the preserving of the integrity of China.

## THE ISTHMIAN CANAL.

The possession of a route for an isthmian canal, so long the dream of American statesmanship, is now an accomplished fact. The great work of connecting the Pacific and Atlantic by a canal is at last begun, and it is due to the Republican party.

## THE ARID LANDS.

We have passed laws which will bring the arid lands of the United States within the area of cultivation.

## THE ARMY AND NAVY.

We have reorganized the army and put it in the highest state of efficiency.

We have passed laws for the improvement and support of the militia.

We have pushed forward the building of the navy, the defense and the protection of our honor and our interests. Our administration of the great departments of the Government has been honest and efficient, and wherever wrongdoing has been discovered, the Republican administration has not hesitated to probe the evil and bring offenders to justice, without regard to party or political ties.

## THE GREAT CORPORATIONS.

Laws enacted by the Republican party which the Democratic party failed to enforce and which were intended for the protection of the public against the unjust discrimination or the illegal encroachment of vast aggregations of capital, have been fearlessly enforced by a Republican President, and new laws ensuring reasonable publicity as to the operations of great corporations and providing additional remedies for the prevention of discrimination in freight rates have been passed by a Republican Congress.

In this record of achievement during the past eight years may be read the pledges which the Republican party has fulfilled. We promise to continue these policies, and we declare our constant adherence to the following principles:

## PROTECTION TO AMERICAN INDUSTRIES.

Protection which guards and develops our industries is a cardinal principle of the party. The measure of protection should always at least equal the difference in the cost of production at home and abroad. We insist upon the maintenance of the principle of protection, and therefore rates of duty should be readjusted only when conditions have so changed that the public interest demands their alteration, but this work can not be safely committed to any other hands than those of the Republican party. To entrust it to the Democratic party is to invite disaster. Whether, as in 1892, the Democratic party declares the protective tariff unconstitutional, and whether it demands tariff reform or tariff revisions, its real object is always the destruction of the protective system. However specious the name, the purpose is ever the same. A Democratic tariff has always been followed by business adversity, a Republican tariff by business prosperity. To a Republican Congress and a Republican President this great question can be safely entrusted. When the only free trade country among the great nations agitates a return to protection, the chief protective country should not falter in maintaining it.

**FOREIGN MARKETS EXTENDED.**

We have extended widely our foreign markets, and we believe in the adoption of all practicable methods for their further extension, including commercial reciprocity wherever reciprocal arrangements can be effected consistent with the principles of protection and without injury to American agriculture, American labor or any American industry.

We believe it to be the duty of the Republican party to uphold the gold standard and the integrity and value of our national currency.

**THE GOLD STANDARD.**

The maintenance of the gold standard, established by the Republican party, can not safely be committed to the Democratic party, which resisted its adoption and has never given any proof since that time of belief in it or fidelity to it.

**AMERICAN SHIPPING.**

While every other industry has prospered under the fostering aid of Republican legislation, American shipping engaged in foreign trade in competition with the low cost of construction, low wages and heavy subsidies of foreign governments, has not for many years received from the Government of the United States adequate encouragement of any kind. We therefore favor legislation which will encourage and build up the American merchant marine and we cordially approve the legislation of the last Congress which created the merchant marine commission to investigate and report upon this subject. A navy powerful enough to defend the United States against any attack, to uphold the Monroe doctrine and watch over our commerce is essential to the safety and the welfare of the American people. To maintain such a navy is the fixed policy of the Republican party.

**CHINESE LABOR.**

We cordially approve the attitude of President Roosevelt and Congress in regard to the exclusion of Chinese labor and promise a continuance of the Republican policy in that direction.

**CIVIL SERVICE.**

The civil service law was placed on the statute books by the Republican party which has always sustained it, and we renew our former declarations that it shall be thoroughly and honestly enforced.

**THE SOLDIERS AND SAILORS.**

We are always mindful of the country's debt to the soldiers and sailors of the United States and we believe in making ample provisions for them in the liberal administration of the pension laws.

**ARBITRATION.**

We favor the peaceful settlement of international differences by arbitration.

**PROTECTION OF CITIZENS ABROAD.**

We commend the vigorous efforts made by the administration to protect American citizens in foreign lands and pledge ourselves to insist upon the just and equal protection of all our citizens abroad. It is the unquestioned duty of the Government to procure for all our citizens, without distinction, the rights of travel and sojourn in friendly countries, and we declare ourselves in favor of all proper efforts tending to that end.

## THE ORIENT.

Our great interests and our growing commerce in the Orient render the condition of China of high importance to the United States. We cordially commend the policy pursued in that direction by the administrations of President McKinley and President Roosevelt.

## THE ELECTIVE FRANCHISE.

We favor such Congressional action as shall determine whether by special discriminations the elective franchise in any State has been unconstitutionally limited, and if such is the case we demand that representation in Congress and in the electoral colleges shall be proportionately reduced as directed by the Constitution of the United States.

## COMBINATIONS OF CAPITAL AND OF LABOR.

Combinations of capital and of labor are the results of the economic movement of the age, but neither must be permitted to infringe upon the rights and interests of the people. Such combinations when lawfully formed for lawful purposes are alike entitled to the protection of the laws, but both are subject to the laws and neither can be permitted to break them.

## OUR LAMENTED PRESIDENT.

The great statesman and patriotic citizen, William McKinley, who was re-elected by the Republican party to the presidency four years ago, was assassinated just at the threshold of his second term. The entire nation mourned his untimely death and did that justice to his great qualities of mind and character which history will confirm and repeat.

## PRESIDENT ROOSEVELT.

The American people were fortunate in his successor, to whom they turned with a trust and confidence which have been fully justified. President Roosevelt brought to the great responsibilities thus sadly forced upon him a clear head, a brave heart, an earnest patriotism and a high ideal of public duty and public service. True to the principles of the Republican party and to the policies which that party had declared, he has also shown himself ready for every emergency and has met new and vital questions with ability and with success.

The confidence of the people in his justice, inspired by his public career, enabled him to render personally an inestimable service to the country by bringing about a settlement of the coal strike which threatened such disastrous results at the opening of the winter of 1902.

Our foreign policy under his administration has not only been able, vigorous and dignified, but in the highest degree successful. The complicated questions which arose in Venezuela were settled in such a way by President Roosevelt that the Monroe doctrine was singularly vindicated and the cause of peace and arbitration greatly advanced. His prompt and vigorous action in Panama, which we commend in the highest terms, not only secured to us the canal route, but avoided foreign complications which might have been of a very serious character.

He has continued the policy of President McKinley in the Orient and our position in China, signalized by our recent commercial treaty with that empire, has never been so high. He secured the tribunal by which the vexed and perilous question of the Alaska boundary was finally settled.

Whenever crimes against humanity have been perpetrated which have shocked our people his protest has been made and our good offices have been tendered, but always with due regard to international obligations.

Under his guidance we find ourselves at peace with all the world and never were we more respected or our wishes more regarded by foreign nations. Pre-eminently successful in regard to our foreign relations, the President has been equally fortunate in dealing with the domestic questions. The country has known that the public credit and the national currency were absolutely safe in the hands of his administration. In the enforcement of the laws he has shown not only courage, but the wisdom which understands that to permit laws to be violated or disregarded opens the door to anarchy, while the just enforcement of the law is the soundest conservatism. He has held firmly to the fundamental American doctrine that all men must obey the law, that there must be no distinction between rich and poor, between strong and weak, but that justice and equal protection under the law must be secured to every citizen without regard to race, creed or condition.

His administration has been throughout vigorous and honorable, high-minded and patriotic. We commend it without reservation to the considerate judgment of the American people.

#### RESOLUTIONS ADOPTED.

The Republicans of Iowa congratulate the country upon the general prosperity which prevails; upon the triumph of the home and foreign policies of the Republican party—wise policies which are the fulfillment of the pledges of the party.

2. We congratulate the country also upon the adjustment of the Alaskan boundary dispute and work done in preventing the partition of China, and for the assertion of American rights in the far East.

3. We are proud of the influence of Iowa's two members of the cabinet, and of the constant, able and wide influence that is at all times exercised by Iowa's members of the Senate and House.

4. We commend the record of Governor Cummins, the various State officers and the general assembly in the successful conduct of the affairs of the State.

5. We endorse the administration of President Theodore Roosevelt, and instruct our delegates-at-large to the Republican national convention, and recommend to the delegates from the several congressional districts, to do all in their power to secure his unanimous nomination. President Roosevelt, called to authority under most distressing circumstances, took up the presidency with a full appreciation of the responsibilities of the position. His course has been able, courageous, patriotic; he has no ambition but to serve his country. We commend him for his splendid administration, and believe every American, regardless of party, confides in his ability, patriotism and integrity. His firmness in the right, as he sees it, and his promptness and wisdom have won the admiration not only of our own people but of the world at large. He is the worthy successor of William McKinley, whose death the American people sincerely mourn.

6. We believe in the protective tariff, which builds American factories, makes possible great and small American industries and gives employment to American labor. We believe in the American home market for the products of American farms, factories and shops. We believe it unwise to seek markets abroad by first sacrificing some part of the markets at home. And equally unwise to legislate in a manner to provoke American industries to making war upon each other. Under the protective system, newly inaugurated in 1897, the country has enjoyed unusual prosperity. Protective duties have kept work and wages at home and have furnished the revenue with which to pay the expenses of a foreign war, to rebuild the navy, to enlarge and newly equip the army, to extend our coast defences and have made possible the Nation's expansion. Fortified by the advantages and benefits of a great home market the American manufacturers have thus had the courage and the capital with which to invade foreign markets. Our tariff system by giving assurance to the world that the revenues are ample has advanced the credit of the Nation to the first position. The same policy has converted our people into lenders instead of borrowers. We declare for faithful adherence to this system which found its highest fulfillment in laws bearing the names of William McKinley and Nelson Dingley.

7. We are in favor of reciprocity in non-competitive products only.

8. We are opposed to trusts and combines, of whatever nature, organized to extort undue and exorbitant profits from the people. We rejoice in the success of President Roosevelt in his efforts to enforce in the courts the laws of Congress made to curb the improper exercise of power by these great organizations.

9. We commend the Congress and administration for the constant progress made in building an American navy; and in making certain the early realization of the aspirations of the American people by the acquisition and completion of the Panama canal.

10. To the soldiers and sailors of the republic, suitable pensions should be paid for disabilities incurred and for wounds received.

11. This convention of republicans can not conclude its labors without an expression of regret on account of the death of the chairman of the national republican committee, Senator Marcus A. Hanna, of Ohio, who exemplified in his life and character the ideal of the true American business man and patriotic citizen.

## RESOLUTIONS ADOPTED.

We, the Republicans of Iowa, in convention assembled, do hereby heartily endorse the platform adopted at Chicago, June 21, 1904, by the Republican National convention, and do hereby declare our allegiance to the same.

We endorse the present Republican administration of the affairs of the Nation under President Theodore Roosevelt, and believe that the Republican National convention acted wisely in nominating Theodore Roosevelt for President and Charles W. Fairbanks for Vice-President.

We approve the able, conservative and patriotic statesmanship of the Iowa delegation in the National Congress.

We also commend the manner in which the affairs of Iowa have been conducted under the present Republican administration.

## DEMOCRATIC PARTY.

## NATIONAL TICKET

*For President.*

ALTON B. PARKER,  
 of New York.

*For Vice-President.*

HENRY G. DAVIS,  
 of West Virginia.

National Convention, St. Louis, Missouri, July 8-9, 1904.

*Temporary Chairman*—HON. JOHN SHARP WILLIAMS, of Mississippi.

*Permanent Chairman*—HON. CHAMP CLARK, of Missouri.

*Secretary*—HON. CHARLES A. WALSH, of Iowa.

## NATIONAL PLATFORM.

The Democratic party of the United States, in national convention assembled, declares its devotion to the essential principles of the Democratic faith which bring us together in party communion.

Under these principles, local self-government and national unity and prosperity were alike established. They underlaid our independence, the structure of our free republic, and every Democratic expansion from Louisiana to California, and Texas to Oregon, which preserved faithfully in all the States the tie between taxation and representation. They yet inspired the masses of our people, guarding jealously their rights and liberties, and cherishing their fraternity, peace and orderly development. They remind us of our duties and responsibilities as citizens, and impress upon us, particularly at this time the necessity of reform and the rescue of the administration of government from the headstrong, arbitrary, and spasmodic methods which distract business by uncertainty, and pervade the public mind with dread, distrust, and perturbation.

## FUNDAMENTAL PRINCIPLES.

The application of these fundamental principles to the living issues of the day constitutes the first step toward the assured peace, safety, and progress of our Nation. Freedom of the press, of conscience, and of speech; equality before the law of all citizens; right of trial by jury; freedom of the person defended by the writ of *habeas corpus*; liberty of personal contract untrammelled by sumptuary laws; supremacy of the civil over military authority; a well-disciplined militia; separation of church and state; economy in expenditures; low taxes, that labor may be lightly burdened; prompt and sacred fulfillment of public and private obligations; fidelity to treaties; peace and friendship with all nations; entangling alliances with none; absolute acquiescence in the will of the majority, the vital principle of republics—these are doctrines which Democracy has established as proverbs of the nation, and they should be constantly invoked and enforced.

## ECONOMY OF ADMINISTRATION.

Large reductions can easily be made in the annual expenditures of the Government without impairing the efficiency of any branch of the public service, and we shall insist upon the strictest economy and frugality compatible with vigorous and efficient civil, military and naval administration as a right of the people too clear to be denied or withheld.

## HONESTY IN THE PUBLIC SERVICE.

We favor the enforcement of honesty in the public service, and to that end a thorough legislative investigation of those executive departments of the Government already known to teem with corruption, as well as other departments suspected of harboring corruption, and the punishment of ascertained corruptionists without fear or favor or regard to persons. The persistent and deliberate refusal of both the Senate and House of Representatives to permit such investigation to be made demonstrates that only by a change in the executive and in the legislative departments can complete exposure, punishment, and correction be obtained.

## FEDERAL GOVERNMENT CONTRACTS WITH TRUSTS.

We condemn the action of the Republican party in Congress in refusing to prohibit an executive department from entering into contracts with convicted trusts or unlawful combinations in restraint of interstate trade. We believe that one of the best methods of procuring economy and honesty in the public service is to have public officials, from the occupant of the White House down to the lowest of them, returned as nearly as may be, to Jeffersonian simplicity of living.

## EXECUTIVE USURPATION.

We favor the nomination and election of a President imbued with the principles of the Constitution who will set his face sternly against executive usurpation of legislative and judicial functions, whether that usurpation be veiled under the guise of executive construction of existing laws, or whether it take refuge in the tyrants' plea of necessity, or superior wisdom.

## IMPERIALISM.

We favor the preservation, so far as we can, of an open door for the world's commerce in the Orient, without unnecessary entanglement in Oriental and European affairs and without arbitrary, unlimited, irresponsible, and absolute

government any where within our jurisdiction. We oppose as fervently as did George Washington an indefinite, irresponsible, discretionary and vague absolutism and a policy of colonial exploitation, no matter where or by whom invoked or exercised; we believe with Thomas Jefferson and John Adams that no government has a right to make one set of laws for those "at home," and another and a different set of laws, absolute in their character, for those "in the colonies." All men under the American flag are entitled to the protection of the institutions whose emblem the flag is; if they are inherently unfit for those institutions then they are inherently unfit to be members of the American body politic. Wherever there may exist a people incapable of being governed under American laws, in consonance with the American Constitution, the territory of that people ought not to be a part of the American domain.

We insist we ought to do for the Filipinos what we have done already for the Cubans, and it is our duty to make that promise now and upon suitable guarantees of protection to citizens of our own and other countries resident there at the time of our withdrawal, to set the Filipino people upon their feet, free and independent to work out their own destiny.

The endeavor of the Secretary of War, by pledging the Government's indorsement for "promoters" in the Philippine Islands to make the United States a partner in speculative exploitation of the archipelago, which was only temporarily held up by the opposition of Democratic Senators in the last session, will, if successful, lead to entanglements from which it will be difficult to escape.

#### TARIFF.

The Democratic party has been, and will continue to be, the consistent opponent of that class of tariff legislation by which certain interests have been permitted, through Congressional favor, to draw a heavy tribute from the American people. This monstrous perversion of those equal opportunities which our political institutions were established to secure has caused what may once have been infant industries to become the greatest combinations of capital that the world has ever known. These especial favorites of the Government have, through trust methods, been converted into monopolies, thus bringing to an end domestic competition, which was the only alleged check upon the extravagant profits made possible by the protective system. These industrial combinations, by the financial assistance they can give, now control the policy of the Republican party.

We denounce protection as a robbery of the many to enrich the few, and we favor a tariff limited to the needs of the Government, economically, effectively and constitutionally administered, and so levied as not to discriminate against any industry, class or section, to the end that the burdens of taxation shall be distributed as equally as possible.

We favor a revision and a gradual reduction of the tariff by the friends of the masses and for the common weal, and not by the friends of its abuses, its extortions, and its discriminations, keeping in view the ultimate end of "equality of burdens and equality of opportunities" and the constitutional purpose of raising a revenue by taxation, to wit, the support of the Federal Government in all its integrity and virility, but in simplicity.

#### TRUSTS AND UNLAWFUL COMBINATIONS.

We recognize that the gigantic trusts and combinations designed to enable capital to secure more than its just share of the joint products of capital and labor, and which have been fostered and promoted under Republican rule,

are a menace to beneficial competition and an obstacle to permanent business prosperity. A private monopoly is indefensible and intolerable.

Individual equality of opportunity and free competition are essential to a healthy and permanent commercial prosperity and any trust, combination, or monopoly tending to destroy these by controlling production, restricting competition, or fixing prices and wages should be prohibited and punished by law. We especially denounce rebates and discriminations by transportation companies as the most potent agency in promoting and strengthening these unlawful conspiracies against trade.

We demand an enlargement of the powers of the Interstate Commerce Commission, to the end that the traveling public and shippers of this country may have prompt and adequate relief from the abuses to which they are subjected in the matter of transportation. We demand a strict enforcement of existing civil and criminal statutes against all such trusts, combinations, and monopolies; and we demand the enactment of such further legislation as may be necessary effectually to suppress them.

Any trust or unlawful combination engaged in interstate commerce which is monopolizing any branch of business or production should not be permitted to transact business outside of the State of its origin. Whenever it shall be established in any court of competent jurisdiction that such monopolization exists, such prohibition should be enforced through comprehensive laws to be enacted on the subject.

#### CAPITAL AND LABOR.

We favor the enactment and administration of laws giving labor and capital impartially their just rights. Capital and labor ought not to be enemies. Each is necessary to the other. Each has its rights, but the rights of labor are certainly no less "vested," no less "sacred," and no less "inalienable" than the rights of capital.

We favor arbitration of differences between corporate employers and their employes, and a strict enforcement of the eight-hour law on all Government work.

We approve the measure which passed the United States Senate in 1896, but which a Republican Congress has ever since refused to enact, relating to contempts in Federal courts, and providing for trial by jury in cases of indirect contempt.

#### CONSTITUTIONAL GUARANTEES.

Constitutional guarantees are violated whenever any citizen is denied the right to labor, acquire and enjoy property, or reside where interest or inclination may determine. Any denial thereof by individuals, organizations, or governments should be summarily rebuked and punished.

We deny the right of any executive to disregard or suspend any constitutional privilege or limitation. Obedience to the laws and respect for their requirements are alike the supreme duty of the citizen and the official.

The military should be used only to support and maintain the law. We unqualifiedly condemn its employment for the summary banishment of citizens without trial or for the control of elections.

#### WATERWAYS.

We favor liberal appropriations for the care and improvement of the waterways of the country. When any waterway, like the Mississippi River, is of sufficient importance to demand the special aid of the Government, such aid

should be extended with a definite plan of continuous work until permanent improvement is secured.

We oppose the Republican policy of starving home development in order to feed the greed for conquest and the appetite for national "prestige" and display of strength.

#### RECLAMATION OF ARID LANDS AND DOMESTIC DEVELOPMENT.

We congratulate our Western citizens upon the passage of the measure known as the Newlands irrigation act for the irrigation and reclamation of the arid lands of the West; a measure framed by a Democrat, passed in the Senate by a non-partisan vote, and passed in the House against the opposition of almost all of the Republican leaders by a vote the majority of which was Democratic.

We call attention to this great Democratic measure, broad and comprehensive as it is, working automatically throughout all time without further action of Congress, until the reclamation of all the lands in the arid West capable of reclamation is accomplished, reserving the lands reclaimed for homeseekers in small tracts, and rigidly guarded against land monopoly, as an evidence of the policy of domestic development contemplated by the Democratic party, should it be placed in power.

#### THE ISTHMIAN CANAL.

The Democracy, when intrusted with power, will construct the Panama Canal speedily, honestly, and economically, thereby giving to our people what Democrats have always contended for—a great inter-oceanic canal, furnishing shorter and cheaper lines of transportation, and broader and less trammelled trade relations with the other peoples of the world.

#### AMERICAN CITIZENSHIP.

We pledge ourselves to insist upon the just and lawful protection of our citizens at home and abroad, and to use all proper measures to secure for them, whether native born or naturalized, and without distinction of race or creed, the equal protection of laws and the enjoyment of all rights and privileges open to them under the covenants of our treaties of friendship and commerce; and if under existing treaties the right of travel and sojourn is denied to American citizens or recognition is withheld from American passports by any countries on the ground of race or creed, we favor the beginning of negotiations with the governments of such countries to secure by new treaties the removal of these unjust discriminations.

We demand that all over the world a duly authenticated passport issued by the Government of the United States to an American citizen shall be proof of the fact that he is an American citizen and shall entitle him to the treatment due him as such.

#### ELECTION OF SENATORS BY THE PEOPLE.

We favor the election of United States Senators by the direct vote of the people.

#### STATEHOOD FOR TERRITORIES.

We favor the admission of the Territory of Oklahoma and the Indian Territory. We also favor the immediate admission of Arizona and New Mexico as separate States and territorial governments for Alaska and Porto Rico.

We hold that the officials appointed to administer the government of any territory, as well as with the district of Alaska, should be bona fide residents at the time of their appointment of the territory or district in which their duties are to be performed.

#### CONDEMNATION OF POLYGAMY.

We demand the extermination of polygamy within the jurisdiction of the United States and the complete separation of church and state in political affairs.

#### MERCHANT MARINE.

We denounce the ship subsidy bill recently passed by the United States Senate as an iniquitous appropriation of public funds for private purposes, and a wasteful, illogical and useless attempt to overcome by subsidy the obstructions raised by Republican legislation to the growth and development of American commerce on the sea.

We favor the upbuilding of a merchant marine without new or additional burdens upon the people and without bounties from the public treasury.

#### RECIPROCITY.

We favor liberal trade arrangements with Canada and with peoples of other countries where they can be entered into with benefit to American agriculture, manufactures, mining or commerce.

#### MONROE DOCTRINE.

We favor the maintenance of the Monroe doctrine in its full integrity.

#### ARMY.

We favor the reduction of the army and of army expenditures to the point historically demonstrated to be safe and sufficient.

#### PENSIONS FOR OUR SOLDIERS AND SAILORS.

The Democracy would secure to the surviving soldiers and sailors and their dependents generous pensions, not by arbitrary executive order, but by legislation, which a grateful people stands ready to enact.

Our soldiers and sailors who defend with their lives the Constitution and the laws have a sacred interest in their just administration. They must, therefore, share with us the humiliation with which we have witnessed the exaltation of court favorites, without distinguished service, over the scarred heroes of many battles; or aggrandizement by executive appropriations out of the treasuries of prostrate peoples in violation of the act of Congress which fixes the compensation of allowances of the military officers.

#### CIVIL SERVICE.

The Democratic party stands committed to the principles of civil service reform, and we demand their honest, just, and impartial enforcement.

We denounce the Republican party for its continuous and sinister encroachments upon the spirit and operation of civil service rules, whereby it has arbitrarily dispensed with examinations for office in the interests of favorites and employed all manner of devices to overreach and set aside the principles upon which the civil service was based.

## SECTIONAL AND RACE AGITATION.

The race question has brought countless woes to this country. The calm wisdom of the American people should see to it that it brings no more.

To revive the dead and hateful race and sectional animosities in any part of our common country means confusion, distraction of business, and the reopening of wounds now happily healed. North, South, East and West have but recently stood together in line of battle from the walls of Peking to the hills of Santiago, and as sharers of common glory and a common destiny we should share fraternally the common burdens.

We, therefore, deprecate and condemn the Bourbon-like, selfish and narrow spirit of the recent Republican convention at Chicago, which sought to kindle anew the embers of racial and sectional strife, and we appeal from it to the sober, common sense and patriotic spirit of the American people.

## THE REPUBLICAN ADMINISTRATION.

The existing Republican administration has been spasmodic, erratic, sensational, spectacular, and arbitrary. It has made itself a satire upon the Congress, courts, and upon the settled practices and usages of national and international law.

It summoned the Congress in hasty and futile extra session, and virtually adjourned it, leaving behind in its flight from Washington uncalled calendars and unaccomplished tasks.

It made war, which is the sole power of Congress, without its authority, thereby usurping one of its fundamental prerogatives. It violated a plain statute of the United States as well as plain treaty obligations, international usages and constitutional law; and has done so under pretense of executing a great public policy which could have been more easily effected lawfully, constitutionally, and with honor.

It forced strained and unnatural constructions upon statutes, usurping judicial interpretation, and substituting for Congressional enactment executive decree.

It withdrew from the Congress its customary duties of investigation, which have heretofore made the representatives of the people and the states the terror of evil doers.

It conducted a secretive investigation of its own and boasting of a few sample convicts, it threw a broad coverlet over the bureaus which had been their chosen field of operative abuses and kept in power the superior officers under whose administration the crimes had been committed.

It ordered assault upon some monopolies, but paralyzed by a first victory, it flung out the flag of truce and cried out that it would not "run amuck"—leaving its future purposes beclouded by its vacillations.

## APPEAL TO THE PEOPLE.

Conducting the campaign upon this declaration of our principles and purposes, we invoke for our candidates the support not only of our great and time-honored organization, but also the active assistance of all of our fellow-citizens, who, disregarding past differences, desire the perpetuation of our constitutional government, as framed and established by the fathers of the Republic.

## JUDGE PARKER'S TELEGRAM.

I regard the gold standard as firmly and irrevocably established and shall act accordingly if the action of the convention today shall be ratified by the people. As the platform is silent on the subject, my views should be made

known to the convention, and if it is proved to be unsatisfactory to the majority I request you to decline the nomination for me at once so that another may be nominated before adjournment.

ALTON B. PARKER.

#### REPLY OF CONVENTION.

"The platform adopted by this convention is silent on the question of the monetary standard because it is not regarded by us as a possible issue in this campaign, and only campaign issues are mentioned in the platform. Therefore there is nothing in the views expressed by you in the telegram just received which would preclude a man entertaining them from accepting the nomination on said platform."

#### RESOLUTIONS ADOPTED.

The representatives of the Democratic party in Iowa reaffirm their loyalty to the historic principles of the national party and express their confident belief that upon such a broad basis the Democrats of the entire Nation can, and will, present once more a solid front to the common enemy.

We declare

First—The historic principles of justice, equality and liberty upon which our party is founded were never more urgently required than now in the solution of the grave questions pressing upon us. Among these are taxation for public purposes only, local self-government and the observance of the just rights of the states under the constitution, the freedom of the individual, unhindered by governmental interference, except to the extent demanded by law and good order. The equality of all men before the law with special privileges to none, economy in public expenditures, honesty in the public service and strict enforcement of all law without fear or favor. These are not mere generalities, they are essentials.

Second—That we recognize in the predatory trusts the greatest danger that has ever threatened the life of the Nation and the welfare of the people and we denounce their scheme of levying tribute upon all producers and consumers as a modern system of brigandage which while masquerading under the cloak of the law in fact makes of law a mockery and justice a farce. In utter disregard of the natural and constitutional rights of the farmers, the merchants and the great army of wage earners the trusts have ruthlessly seized upon every branch of production and distribution until every avenue of human endeavor is compelled to bow at the behest of these conscienceless criminals and pay tribute or cease to exist.

Third—That we denounce the vicious tariff system fostered and perpetuated by the Republican party under which the trusts have been born, bred, fattened and the species multiplied until they have every industrial and commercial interest by the throat and we demand the repeal of every tariff which denies "equal opportunities for all."

Fourth—That in William Randolph Hearst we recognize a living exponent of true Democratic faith. We hail him as the sworn and unconquerable foe of all predatory trusts, an untiring defender of the rights and liberties of the people, a true friend of labor and all legitimate business and withal a patriotic American. We commend his unselfish work for the people as a congressman, as an editor and as a private citizen in the courts where trust-owned Republican officials brazenly ignore the law and refuse to do their sworn duty and we declare him to be our choice as the Democratic nominee for President of the United States and hereby instruct our delegates to the National Convention to be held in St. Louis July 6th to vote for his nomination and use all honorable means to secure his nomination.

## PROHIBITION PARTY.

---

### NATIONAL TICKET.

*For President,*  
**SILAS C. SWALLOW,**  
 of Pennsylvania.

*For Vice-President,*  
**GEORGE W. CARROLL,**  
 of Texas.

National Convention, Indianapolis, Indiana, June 29-30, 1904.

*Temporary Chairman*—HON. HOMER L. CASTLE, of Pennsylvania.

*Permanent Chairman*—HON. A. G. WOLFENBARGER, of Nebraska.

*Secretary*—JAMES A. TATE, of Tennessee.

### NATIONAL PLATFORM.

The Prohibition party in National convention assembled, recognizing that the chief end of all governments is the establishment of righteousness and justice, and believing in the perpetuation of the high ideals of a government of the people, by the people and for the people, established by our fathers, make the following declaration of principles and purposes:

#### THE MOST IMPORTANT QUESTION IN AMERICAN POLITICS.

I. The widely prevailing system of licensed and legalized sale of alcoholic beverages is so ruinous to individual interests, so inimical to public welfare, so destructive of National wealth and so subversive of the rights of great masses of our citizenship, that the destruction of the traffic is, and for years has been, the most important question in American politics.

IS IGNORED BY DEMOCRATIC AND REPUBLICAN LEADERS.

II. We denounce the lack of statesmanship exhibited by the leaders of the Democratic and Republican parties in their refusal to recognize the paramount importance of this question, and the cowardice with which the leaders of these parties have courted the favor of those whose selfish interests are advanced by the continuation and augmentation of the traffic, until today the influence of the liquor traffic practically dominates National, State and local governments throughout the Nation.

REGULATION A FAILURE—LICENSE MONEY A BRIBE.

III. We declare the truth, demonstrated by the experience of half a century, that all methods of dealing with the liquor traffic which recognize its right to exist, in any form, under any system of license or tax or regulation, have proved powerless to remove its evils, and useless as checks upon its growth, while the insignificant public revenues which have accrued therefrom have seared the public conscience against a recognition of its iniquity.

PROHIBITORY LAW, ADMINISTERED BY ITS FRIENDS, THE ONLY HOPE.

IV. We call public attention to the fact, proved by the experience of more than fifty years, that to secure the enactment and enforcement of prohibitory legislation, in which alone lies the hope of the protection of the people from the liquor traffic, it is necessary that the legislative, executive and judicial branches of government should be in the hands of a political party in harmony with the prohibition principle, and pledged to its embodiment in law, and to the execution of those laws.

PARTY WILL ENACT AND ENFORCE PROHIBITORY LAWS.

V. We pledge the Prohibition party wherever given power by the suffrages of the people, to the enactment and enforcement of laws prohibiting and abolishing the manufacture, importation, transportation and sale of alcoholic beverages.

NO OTHER ISSUE OF EQUAL IMPORTANCE.

VI. We declare that there is not only no other issue of equal importance before the American people today, but that the so-called issues upon which the Democratic and Republican parties seek to divide the electorate of the country are, in large part, subterfuges under the cover of which they wrangle for the spoils of office.

PARTY ATTITUDE ON OTHER PUBLIC QUESTIONS.

VII. Recognizing that the intelligent voters of the country may properly ask our attitude upon other questions of public concern, we declare ourselves in favor of:

The impartial enforcement of all law.

The safeguarding of the people's rights by a rigid application of the principles of justice to all combinations and organizations of capital and labor.

The recognition of the fact that the right of suffrage should depend upon the mental and moral qualifications of the citizen.

A more intimate relation between the people and government, by a wise application of the principle of the initiative and referendum.

Such changes in our laws as will place tariff schedules in the hands of an omni-partisan commission.

The application of uniform laws to all our country and dependencies.

The election of United States Senators by vote of the people.

The extension and honest administration of the civil service laws.

The safeguarding of every citizen in every place under the government of the people of the United States, in all the rights guaranteed by the laws and the Constitution.

International arbitration, and we declare that our Nation should contribute, in every manner consistent with national dignity, to the permanent establishment of peace between all nations.

The reform of our divorce laws, the final extirpation of polygamy, and the total overthrow of the present shameful system of the illegal sanction of the social evil, with its unspeakable traffic in girls, by the municipal authorities of almost all our cities.

## STATE PLATFORM.

We, the Prohibitionists of Iowa in State convention assembled, recognize Almighty God as ruler of the universe, and His law as the standard of human law.

Whereas, the great weight of public opinion, among all classes of citizenship, among all departments of commercialism, among all moral and religious organizations, among statesmen, scholars and philanthropists, recognizes in the legalized liquor traffic, men's mental, moral and financial ruin, and in the organized liquor traffic, a spirit of anarchy, endangering the liberties of our people and the flag of the republic; it realizes that the perpetuity of the Nation, now menaced by such a foe to Christian citizenship entrenched in organization, can be preserved only by uniting at the ballot box, the citizenship that stands for good government and the enforcement of the law, in support of a political party whose platform declarations carry conviction to the voting masses that if given power it will carry out its pledges.

Resolved, 1. Therefore, we the Prohibition party of the State of Iowa, reaffirm our former pledges, if given power, to prohibit the manufacture, sale, importation and exportation of intoxicants for beverage purposes. We declare for good government and enforcement of law and pledge our sacred honor to conduct the authority entrusted to us to this end.

2. We are opposed to the principle of taxation without representation, therefore, we stand for a universal qualification for the right of suffrage, regardless of sex.

3. Since the safety of government and the people's will depends so largely on the law making power, being so closely related to its constituency, we declare for the election of United States Senators by a direct vote of the people.

4. To guard against corrupt legislators and class legislation, that so often thwart the will of the people, we declare for the initiative and referendum system of government.

5. To remove the danger of panics because of tariff revision, as well as the menace to trade during presidential campaigns resulting from the discussion of tariff changes, we favor a tariff commission, non-partisan in character, to study the commerce and trade relations of nations and make proper recommendations of tariff changes to Congress whenever the people's interest demand it.

## NATIONAL PLATFORM.

The Socialist party, in convention assembled, makes its appeal to the American people as the defender and preserver of the idea of liberty and self-government, in which the nation was born; as the only political movement standing for the program and principles by which the liberty of the individual may become a fact; as the only political organization that is democratic, and that has for its purpose the democratizing of the whole of society.

To this idea of liberty the Republican and Democratic parties are equally false. They alike struggle for power to maintain and profit by an industrial system which can be preserved only by the complete overthrow of such liberties as we already have, and by the still further enslavement and degradation of labor.

Our American institutions came into the world in the name of freedom. They have been siezed upon by the capitalist class as the means of rooting out the idea of freedom from among the people. Our state and national legislatures have become the mere agencies of great propertied interests. These interests control the appointments and decisions of the judges of our courts. They have come into what is practically a private ownership of all the functions and forces of government. They are using these to betray and conquer foreign and weaker peoples, in order to establish new markets for the surplus goods which the people make, but are too poor to buy. They are gradually so invading and restricting the right of suffrage as to take away unawares the right of the worker to a vote or voice in public affairs. By enacting new and misinterpreting old laws, they are preparing to attack the liberty of the individual even to speak or think for himself, or for the common good.

By controlling all the sources of social revenue, the possessing class is able to silence what might be the voice of protest against the passing of liberty and the coming of tyranny. It completely controls the university and public school, the pulpit and the press, and the arts and literatures. By making these economically dependent upon itself, it has brought all the forms of public teaching into servile submission to its own interests.

Our political institutions are also being used as the destroyers of that individual property upon which all liberty and opportunity depends. The promise of economic independence to each man was one of the faiths upon which our institutions were founded. But, under the guise of defending private property, capitalism is using our political institutions to make it impossible for the vast majority of human beings ever to become possessors of private property in the means of life.

Capitalism is the enemy and destroyer of essential private property. Its development is through the legalized confiscation of all that the labor of the working class produces, above its subsistence-wage. The private ownership of the means of employment grounds society in an economic slavery which renders intellectual and political tyranny inevitable.

Socialism comes so to organize industry and society that every individual shall be secure in that private property in the means of life upon which his liberty of being, thought and action depends. It comes to rescue the people from the fast increasing and successful assault of capitalism upon the liberty of the individual.

## II.

As an American Socialist party, we pledge our fidelity to the principles of international socialism, as embodied in the united thought and actions of the socialists of all nations. In the industrial development already accomplished, the interest of the world's workers are separated by no national boundaries. The condition of the most exploited and oppressed workers, in the most remote places of the earth, inevitably tends to drag down all the workers of the world to the same level. The tendency of the competitive wage system is to make labor's lowest condition the measure or rule of its universal condition.

Industry and finance are no longer national but international, in both organization and results. The chief significance of national boundaries, and of the so-called patriotisms which the ruling class of each nation is seeking to revive, is the power which these give to capitalism to keep the workers of the world from uniting, and to throw them against each other in the struggle of contending capitalist interests for the control of the yet unexplored markets of the world, or the remaining sources of profit.

The socialist movement, therefore, is a world movement. It knows of no conflicts of interests between the workers of one nation and the workers of another. It stands for the freedom of the workers of all nations; and, in so standing it makes for the full freedom of all humanity.

### III.

The socialist movement owes its birth and growth to that economic development or world process which is rapidly separating a working or producing class from a possessing or capitalist class. The class that produces nothing possesses labor's fruits, and the opportunities and enjoyments these fruits afford, while the class that does the world's real work has increasing economic uncertainty, and physical and intellectual misery, for its portion.

The fact that these two classes have not yet become fully conscious of their distinction from each other, the fact that the lines of division and interest may not yet be clearly drawn, does not change the fact of the class conflict.

This class struggle is due to the private ownership of the means of employment, or the tools of production. Wherever and whenever a man owned his own land and tools, and by them produced only the things which he used, economic independence was possible. But production, or the making of goods, has long ceased to be individual. The labor of scores, or even thousands enters into almost every article produced. Production is now social or collective. Practically everything is made or done by many men—sometimes separated by seas or continents—working together for the same end. But this co-operation in production is not for the direct use of the things made by the workers who make them, but for the profit of the owners of the tools and means of production; and to this is due the present division of society into two classes; and from it have sprung all the miseries, inharmonies and contradictions of our civilization.

Between these two classes there can be no possible compromise or identity of interests, any more than there can be peace in the midst of war, or light in the midst of darkness. A society based upon this class division carries in itself the seeds of its own destruction. Such a society is founded in fundamental injustice. There can be no possible basis for social peace, for individual freedom, for mental and moral harmony, except in the conscious and complete triumph of the working class as the only class that has the right or power to be.

### IV.

The socialist program is not a theory imposed upon society for its acceptance or rejection. It is but the interpretation of what is, sooner or later, inevitable. Capitalism is already struggling to its destruction. It is no longer competent to organize or administer the work of the world, or even to preserve itself. The captains of industry are appalled at their own inability to control or direct the rapidly socializing forces of industry. The so-called trust is but a

sign and form of the developing socialism of the world's work. The universal increase of the uncertainty of employment, the universal capitalist determination to break down the unity of labor in the trades unions, the widespread apprehensions of impending change, reveal that the institutions of capitalist society are passing under the power of inhering forces that will soon destroy them.

Into the midst of the strain and crisis of civilization, the socialist movement comes as the only conservative force. If the world is to be saved from chaos, from universal disorder and misery, it must be by the union of the workers of all nations in the socialist movement. The Socialist party comes with the only proposition or program for intelligently and deliberately organizing a nation for the common good of all its citizens. It is the first time that the mind of man has ever been directed toward the conscious organization of society.

Socialism means that all those things upon which the people in common depend shall by the people in common be owned and administered. It means that the tools of employment shall belong to their creators and users; that all production shall be for the direct use of the producers; that the making of goods for profit shall come to an end; that we shall all be workers together; and that all opportunities shall be open and equal to all men.

## V.

To the end that the workers may seize every possible advantage that may strengthen them to gain complete control of the powers of government, and thereby the sooner establish the co-operative commonwealth, the Socialist party pledges itself to watch and work, in both the economic and the political struggle, for each successive immediate interest of the working class; for shortened days of labor and increases of wages; for the insurance of the workers against accident, sickness and lack of employment; for pensions for aged and exhausted workers; for the public ownership of the means of transportation, communication and exchange; for the graduated taxation of incomes, inheritances, franchises and land values, the proceeds to be applied to the public employment and improvement of the conditions of the workers; for the complete education of children, and their freedom from the workshop; for the prevention of the use of the military against labor in the settlement of strikes; for the free administration of justice; for popular government, including initiative, referendum, proportional representation, equal suffrage of men and women, municipal home rule, and the recall of officers by their constituents; and for every gain or advantage for the workers that may be wrested from the capitalist system, and that may relieve the suffering and strengthen the hands of labor. We lay upon every man elected to any executive or legislative office the first duty of striving to procure whatever is for the workers' most immediate interest, and for whatever will lessen the economic and political powers of the capitalist, and increase the like powers of the worker.

But, in so doing, we are using these remedial measures as means to the one great end of the co-operative commonwealth. Such measures of relief as we may be able to force from capitalism are but a repatriation of the workers to seize the whole powers of government, in order that they may thereby lay hold of the whole system of industry, and thus come into their rightful inheritance.

To this end we pledge ourselves, as the party of the working class, to use all political power as fast as it shall be entrusted to us by our fellow-workers, both for their immediate interests and for their ultimate and complete emanci-

pation. To this end we appeal to all the workers of America and to all who will lend their lives to the service of the workers in their struggle to gain their own, and to all who will nobly and disinterestedly give their days and energies unto the workers' cause, to cast in their lot and faith with the Socialist party. Our appeal for the trust and suffrages of our fellow-workers is at once an appeal for their common good and freedom, and for the freedom and blossoming of our common humanity. In pledging ourselves and those we represent, to be faithful to the appeal which we make, we believe that we are but preparing the soil of that economic freedom from which will spring the freedom of the whole man.

## STATE PLATFORM.

The Socialist party of the State of Iowa, in delegate convention assembled at Marshalltown, Iowa, July 4, 1904, call upon every member of the working class to join with us for the purpose of capturing the powers of government by the ballot that we may take possession of the tools of production, abolish the wage system, and establish a system of production for the benefit of the workers.

Today the tools of production are owned by the capitalist class; they are operated by the working class, but only when their operation will make profit for the owning class. Ownership of the machines, the mines, factories and rail-

roads gives the capitalist class control over the lives of the members of the working class, through the wage system.

The owning class can give or withhold employment at will. As a result of this absolute power, the workers, who perform all useful labor, must humiliate themselves by begging for jobs of a class that performs no useful labor. If this permission to work is withheld they and their families must starve.

The wage system is the cause of starvation, disease, crime, prostitution, child labor, stunted bodies and warped minds for the workers, while it gives to the capitalists palaces for homes, the pick of the world's markets for their food, the finest raiment, culture, education, travel and all that makes life worth living.

Society is thus divided into two hostile classes, the capitalist class and the working class. This condition has brought into birth the Socialist party, the political expression of the struggle of the working class for power. This party owes allegiance to and is a part of the International Socialist movement.

With a system of industry owned and operated by the workers, the struggle for existence would be shifted from the individual to society as a whole.

The ownership of the means of production and distribution by the capitalist class gives this class control of the legislatures, the courts and all executive offices. Republican, democrat and reform parties are financed by the capitalist, and are, therefore, their servants, thus in effect, making the government the executive committee of the capitalist.

This fact demands, as an inevitable conclusion, the organization of the working class into a political party that shall be, everywhere and always, distinct from and opposed to every political party not founded entirely upon the interests of the working class. The Socialist party is organized to meet this demand and is therefore the party of the working class.

The Socialist party, when in office, shall always and everywhere, until the present system of wage slavery is utterly abolished, make the answer to this question its guiding rule of conduct: "Will this legislation advance the interests of the working class and aid the workers in their class struggle against capitalism?" If it does the Socialist party is for it; if it does not, the Socialist party is absolutely opposed to it.

In accordance with this principle, the Socialist party pledges itself to conduct all the public affairs of this State in such a manner as to promote the interests of the working class.

In conclusion, we appeal to the working class to study the principles of Socialism, to vote with their class at all elections until they overthrow the power of capitalism, abolish industrial classes in society, terminate forever the class struggle, and inaugurate the co-operative commonwealth based upon this fundamental principle of justice:

To every laborer the full product of his labor.

"Workers of the world unite! You have nothing to lose but your chains! You have a world to gain!"

### NATIONAL PLATFORM.

The People's party reaffirms its adherence to the basic truths of the Omaha platform of 1892, and of the subsequent platforms of 1896 and 1900, in session in its fourth national convention on July 4, 1904, in the city of Springfield, Ill., it draws inspiration from the day that saw the birth of the nation, as well as its own birth as a party, and also from the soul of him who lived at its present place of meeting.

We renew our allegiance to the old fashioned American spirit that gave this Nation existence, and made it distinctive among the people of the earth. We again sound the keynote of the Declaration of Independence, that all men are created equal in a political sense, which is the sense in which that instrument, being a political document, intended that the utterance should be understood. We assert that the departure from this fundamental truth is responsible for the ills from which we suffer as a Nation; that the giving of special privileges to the few has enabled them to dominate the many, thereby tending to destroy the political equality which is the corner stone of Democratic government.

We call for a return to the truths of the fathers, and we vigorously protest against the spirit of mammonism and of thinly veiled monarchy, that is invading certain sections of our national life, and of the very administration itself.

This is a Nation of peace, and we deplore the appeal to the spirit of force and militarism which is shown in ill-advised and vainglorious boasting and in more harmful ways, in the denial of the rights of man under martial law.

A political democracy and an industrial despotism can not exist side by side; and nowhere is this truth more plainly shown than in the gigantic monopolies which have bred all sorts of kindred trusts, subverted the governments of many of the states, and established their official agents in the National Government. We submit that it is better for the Government to own the railroads than for the railroads to own the Government; and that one or the other alternative seems inevitable.

We call the attention of our fellow citizens to the fact that the surrender of both of the old parties to corporate influences leaves the People's party the only party of reform in the Nation.

Therefore, we submit the following platform of principles to the American people:

The issuing of money is a function of government, and should never be delegated to corporations or individuals. The Constitution gives to Congress alone power to coin money and regulate its value.

We demand, therefore, that all money shall be issued by the Government in such quantity as shall maintain stability in prices, every dollar to be a full legal tender, none of which shall be a debt redeemable in other money.

We demand that postal savings banks be established by the Government for the safe deposit of the savings of the people.

We believe in the right of labor to organize for the benefit and protection of those who toil; and pledge the efforts of the People's party to preserve this right inviolate. Capital is organized, and has no right to deny to labor the privilege which it claims for itself. We feel that intelligent organization of labor is essential; that it raises the standard of workmanship, and promotes the efficiency, intelligence, independence and character of the wage earner. We believe with Abraham Lincoln that labor is prior to capital, and is not its slave, but its companion; and we plead for that broad spirit of toleration and justice which will promote industrial peace through the observance of the principles of voluntary arbitration.

We favor the enactment of legislation looking to the improvement of conditions for wage earners, the abolition of child labor, the suppression of sweatshops and of convict labor, in competition with free labor, and the exclusion from American shores of foreign pauper labor.

We favor the shorter work day, and declare that if eight hours constitutes a day's labor in Government service, that eight hours should constitute a day's labor in factories, work shops and mines.

As a means of placing all public questions directly under the control of the people, we demand that legal provision be made under which the people may exercise the initiative, referendum and proportional representation, and direct vote for all public officers with right of recall.

Land, including all the natural sources of wealth, is a heritage of all the people, and should not be monopolized for speculative purposes; and alien ownership of land should be prohibited.

We demand a return to the original interpretation of the Constitution and a fair and impartial enforcement of laws under it; and denounce government by injunction and imprisonment without the right of trial by jury.

To prevent unjust discrimination and monopoly, the Government should own and control the railroads; and those public utilities, which in their nature are monopolies. To perfect the postal service the Government should own and operate the general telegraph and telephone systems, and provide a parcels post.

As to those trusts and monopolies which are not public utilities or natural monopolies, we demand that those special privileges which they now enjoy, and which alone enable them to exist, should be immediately withdrawn. Corporations being the creatures of government should be subjected to such government regulations and control as will adequately protect the public. We demand the taxation of monopoly privileges, while they remain in private hands, to the extent of the value of the privileges granted.

We demand that Congress shall enact a general law uniformly regulating the power and duties of all incorporated companies doing interstate business.

\* Jackson called himself a South Carolinian and his biographer, Kendall, recorded his birthplace in Lancaster County, South Carolina, but Parton has published documentary evidence to show that Jackson was born in Union County, North Carolina, less than a quarter-mile from the South Carolina line. † The Democratic party of today claims lineal descent from the first Republican party, and President Jefferson as its founder. ‡ Political parties were disorganized at the time of the election of John Quincy Adams. He claimed to be a Republican, but his doctrines were decidedly Federalistic. The opposition to his administration took the name of Democrats and elected Jackson President.
