Air Quality permits under review

MEDIA CONTACT: Marnie Stein, DNR, at 515-725-9525 or Marnie.Stein@dnr.iowa.gov for Title V permits.

DES MOINES – The DNR Air Quality Bureau has the following draft permits up for review. The permits help protect Iowans' health and air quality. DNR's permitting staff review each permit application to ensure facilities comply with state and federal air quality requirements. We encourage public comments on draft permits, providing help on how to [make effective comments](#). Submit written comments to the assigned permit writer before 4:30 p.m. on the last day of the comment period. DNR considers public comments before finalizing the permits.

Title V Operating Permits

Title V Operating permits are reviewed and re-issued every five years. Facilities with a Title V permit have the potential to emit large amounts of air pollutants compared to other facilities. The five-year reviews are a federal requirement and ensure adequate monitoring is included in the permit. The DNR plans to issue Title V Operating Permits for the following facilities. Find permit details at www.iowadnr.gov/titlev-draft.

Des Moines County

Des Moines County Regional Sanitary Landfill, 13758 Washington Rd, West Burlington. The application was submitted to operate their existing Refuse Systems facility. The public comment period ends Oct. 29.
