#### REPORT OF CREDENTIALS COMMITTEE

Report of the Credentials Committee of five to determine the qualification of members appointed by the Governor to fill vacancies.

**MR. SPEAKER:** We, your committee on Credentials, appointed to determine the qualifications of the members appointed by the Governor to fill vacancies in this body respectfully report as follows:

Section twelve (12), Article three (III) of the Constitution provides that vacancies in the House of Representatives be filled by the issuance of a writ of election by the Governor. The Certificates of Appointment issued to various persons by the Governor and the Secretary of State purporting to fill certain vacancies in the membership of the House were apparently issued by reference to Section ten (10) of Article four (IV) of the Constitution which provides as follows: "When any office which, from any cause, becomes vacant, and no mode is provided by the Constitution and the law filling such vacancies, the Governor shall have power to fill such vacancies by granting a commission, which shall expire at the end of the next session of the General Assembly or at the next election of the people."

It is to be noted that Section ten (10) of Article four (IV) empowers the Governor to appoint persons to fill vacancies in State offices only when no other mode of filling such vacancies has been provided but it should further be noted that Section twelve (12) of Article three (III) of the Constitution specifically provides for the method of filling the vacancies in the membership of the House, by writ of election.

As a further consideration, your committee is of the opinion that there is no question as to the legality of the action of this body even though there may be certain vacancies in the authorized membership but that there might be serious question as to the legality of its acts if the courts should decide that persons not eligible to participate, should be seated and permitted to become a part of its official deliberations and actions.

Your committee, therefore, respectfully finds that no person or persons have presented themselves with legal qualifications to be seated as members of this body to fill the vacancies now existing in its membership.

GUSTAVE ALESCH, *Chairman.*

J. E. CRAVEN.

H. M. KNUDSON.

PAUL FREEBURN.

B. B. HICKENLOOPER.

#### GOVERNOR HERRING'S MESSAGE

MR. PRESIDENT, MR. SPEAKER, MEMBERS OF THE FORTY-SIXTH GENERAL ASSEMBLY AND FELLOW CITIZENS:

The Constitution of the State of Iowa, Section Eleven (11), of Article Four (IV), prescribing the powers and duties of the Governor, provides as follows:

"Convening General Assembly. Sec. 11. He may, on extraordinary occasions, convene the General Assembly by proclamation, and shall state to both Houses, when assembled, the purpose for which they shall have been convened."

Pursuant to authority conferred upon me thereby, and because it appears advisable and necessary that certain matters of an emergency nature be immediately considered, you have been convened in extraordinary session.

The Congress of the United States of America passed an act approved June 6, 1933, entitled "An Act to provide for the establishment of a national employment system and for cooperation with the states in the promotion of such system, and for other purposes."

It also passed an act, approved upon August 14, 1935, known as the "Federal Social Security Act," the latter measure having been enacted and approved subsequent to adjournment of the last regular session of the Iowa General Assembly.

Under these acts definite benefits to the citizens of the State of Iowa are provided conditioned upon certain legislation by the General Assembly prior to January first, 1937.

Therefore, this session has been called for the purpose, only, of consideration and enactment of unemployment compensation legislation in compliance and cooperation with the federal acts above mentioned.

While reluctant to subject the state to the cost of an extra session just

a few weeks before the convening of a regular session, I am impelled to take this action because of a possible loss to the citizens of Iowa of future benefits estimated at three millions of dollars, being ninety per cent of the amount of contributions to the federal government by employers of this state during the year 1936.

This estimated three million dollars will be unavailable to citizens of Iowa unless the Legislature, before December thirty-first, passes necessary coordinating legislation.

Recognizing the need for consideration of the rights, and privileges of the people of this State, and the duties and responsibilities of the State in connection with the Social Security Act passed by the Congress, I, as Governor, caused to be assembled at the Capitol on May 15, 1936, some five hundred citizens from each and all of the counties of the State of Iowa, representative of all the varied interests of the State.

This conference, after full and complete debate, designated a Committee of Five, and directed this committee to designate a general committee of thirty-five members, for the purpose of completely surveying benefits and requirements of the federal acts applicable to the State of Iowa.

Meetings of the Committee of Thirty-five were thereafter held, and this committee was later divided into several sub-committees.

One of them devoted itself to the study and preparation of recommendations to the General Assembly, for its consideration.

It has been in constant session for many days and nights.

It has held public hearings, and has made a most intensive study of legislation adopted by other states, and by the federal government, relative to unemployment compensation.

Representatives of the varied interests of the State have appeared before it, and it has had the benefit of their views, facts and suggestions.

In justice to the citizens who have, without compensation, given intensive study and consideration to this proposed legislation, I feel I should say that the recommendations which will be made by the committee to this body embrace, in my opinion, more comprehensive and sound provisions than have been enacted into law in any other state.

It should not be understood that the suggestions to be made to the Legislature were hastily conceived or ill considered.

The are based upon a most complete and far-reaching survey.

I fully recognize that the passage of this legislation is a matter for your determination.

In its consideration I pledge you my full cooperation.

Senator Pendray of Jackson moved that the Joint session be dissolved.

Motion prevailed.

The House reconvened, Speaker Mitchell in the chair.

Foster of Cedar moved that a committee of nine be appointed

to determine and select the necessary employees for the Extraordinary Session.

Motion prevailed and the Speaker appointed as such committee, Foster of Cedar, Fuelling of Clayton, Copeland of Dallas, Falvey of Monroe, Moore of Harrison, Maniece of Emmet, Peaco of Clinton, Treimer of O'Brien and Wieben of Tama.

The Federal Government at Washington, D. C. has imposed a tax upon the people of Iowa to the amount of \$3,000,000 for 1936, \$6,000,000 for 1937, \$9,000,000 for 1938, and \$9,000,000 for each year thereafter. The Federal Government has also provided that in the event this General Assembly enacts legislation which will meet the approval of a bureau set up at Washington, D. C., then and in that event they will return to the people of Iowa ninety per cent (90%) of their money, but that if we do not enact legislation that meets with their approval they will retain all of our money. ## EXPLANATION OF VOTE

TO THE MEMBERS OF THE HOUSE OF THE 46TH EXTRAORDINARY GENERAL ASSEMBLY:

In harmony with my constitutional right I wish hereby to state to the members of the House and to the citizenship of the State of Iowa, my reasons for supporting Senate File 1 by an affirmative vote when the same came before the House of this General Assembly for passage.

I am not in favor of that section of the bill which limits benefits to the unemployed provided only he or she has been employed by an employer or employers who have in their organizations eight or more employees.

I am firmly of the opinion that benefits should be available to any person whether he or she works in an organization of one hundred employees or for an institution or an employer where he or she alone constitutes the only employee.

Under the provisions of the act as passed today there are many thousands of employees who are denied the privilege of benefits in case of unemployment. It is a discriminatory act and I voted for this act only because I thought those benefited by the bill should not be denied the benefits provided for in the act simply because provisions of the act did not provide any benefit for certain other employees working in organizations where less than eight were employed.

In this Extraordinary Session it was very evident that no amendment could be made to the act that would rectify the objections which I have above stated. I am firmly of the opinion future sessions of the General Assembly will recognize this injustice and eliminate by legislative amendments the discriminations above mentioned.

I ask that this explanation of my vote be printed in the Journal of the House of this session.

Respectfully submitted,  
CHAS. F. PUTNAM.

Des Moines, Iowa.  
December 23, 1936.

## EXPLANATION OF VOTE

TO THE MEMBERS OF THE FORTY-SIXTH GENERAL ASSEMBLY AND TO THE CITIZENS OF IOWA:

We, the undersigned members of the House of Representatives of the Forty-sixth General Assembly convened in Extraordinary Session, feel it obligatory upon us to make it a matter of record and to call attention of the people of the State of Iowa to the conditions attendant upon the consideration of Senate File 1.

1. In August, 1935, the Federal Social Security Act became effective, which levied a tax estimated at three million dollars for 1936 upon the employers of Iowa.

2. Under the provisions of this act, this three million dollars, and subsequent tax levies, are lost to the workers and taxpayers of Iowa, unless the state pass an unemployment act to comply with the federal act before December 31, 1936.

3. In the spring of 1936, the Governor, instead of convening the General Assembly to consider this matter, convened a Citizen's Committee, which through a subcommittee of thirty-five considered this matter, and under a subcommittee of seven, wrote the proposed bill.

4. We regret that the Governor of the State of Iowa did not see fit to call the legislature until only nine days were left to pass an unemployment act and secure its approval in Washington, in order to save three million dollars to the unemployed of Iowa.

5. The proposed unemployment bill is fifty-six pages long and the subject matter so involved, that an attempt to amend the bill and pass a bill suitable to the conditions in the State of Iowa will result in the failure to pass any unemployment bill before December 31, 1936, thus losing to the unemployed and business interests of Iowa an estimated three million dollars.

6. We are consenting to the passage of this bill only for the purpose of preserving the rights of the citizens of the State of Iowa in this three million dollar fund, with a full recognition of the imperfections existing in the present bill.
