The vote disclosed that the House was in favor of the appointment of a sifting committee, and the Speaker appointed as such committee preceding the appointment with the following remarks:

My observation has been that the Sifting Committee plan of the Iowa Legislature has been criticized more severely than any other work of the Assembly. While it is proper that procedure must be put into effect to bring the work of the session to a final close, it is my firm conviction that in the process of bringing the session work to the point of final adjournment, that it is necessary to use some procedure that will bring about fair consideration of legislation pending before the Assembly.

It is my sincere belief that the procedure whereby the action of an extremely small minority number of the Assembly can block legislation is not consistent with representative government. In view of the fact that the Rule of the Assembly protects the action of the Sifting Committee by requiring a two-thirds vote to withdraw a bill from the committee and in obedience to my firm convictions as it pertains to the preservation of the inherent rights of the people as I see it and in keeping with the fundamental basis of true representative government,

I am, in the interest of fair and representative consideration of legislation, enlarging the membership of the Committee.

It is my hope that the venture will prove successful and will be the means of making the deliberations of the Assembly even more representative of the will of the electorate in the future.

With this thought in mind, I am appointing the following as members of the Sifting Committee:

Walter of Pottawattamie, Chairman	Poston McFarlane

McFarlane of Black Hawk moved that the following classification of bills be exempt from the sifting committee:

AMENDMENTS FILED

Amend House File 437 by striking in its entirety all of the language following the enacting clause and substituting the following in lieu thereof:

Section 1. Section one hundred thirty-five point eighteen (135.18), Code 1946, is hereby repealed and the following enacted in lieu thereof:

"The department, upon its own initiative, may study and investigate or survey all problems concerned with the pollution of any stream, lake or other body of water, its prevention, abatement and control and may determine methods, as far as practicable, of preventing pollution of such waters. The department may make such investigation upon the written petition of:

1. The council of any town.
2. Any local board of health.

"The power vested by this section in the department shall not apply, however, to the lower five thousand (5,000) feet of any stream flowing into a river at a place where such river forms a part of the boundry

line of the State, nor shall such lower five thousand (5,000) feet constitute 'waters' within the meaning of or specified by this section.

"The department on its own initiative may study and investigate streams, lakes or other bodies of water for the purpose of improving said water in reference to public health or source of domestic water supply and aquatic life.

"The term 'pollution' shall for the purposes of this section mean the discharge or deposit of sewage, industrial wastes or other wastes in such condition, manner, or quantity as may cause:

- a. The formation of sludge banks, or
- b. The dissolved oxygen content of the stream (based on existing actual analysis and not computed from oxygen balance) to drop below four (4) parts per million on the average cross-section of the stream; provided, however, that the discharge of effluent from a plant designed and used for the treatment of sewage, industrial wastes or other wastes shall in no event be considered as in violation of the standard of this subparagraph if the biochemical oxygen demand of such effluent does not exceed fifty (50) parts per million on a weighted twenty-four hour average, or
- c. The deposit of oils, chemical or other industrial wastes so as to render the stream injurious to animal or fish life or destroy the scenic value."

Sec. 2. Section one hundred thirty-five point nineteen (135.19), Code 1946, is hereby repealed and the following enacted in lieu thereof:

"Time and Place of Hearing. Whenever such complaint of pollution of any of the aforesaid waters is filed with the department, or whenever it acts upon its own initiative, it may make a full and complete investigation which may include such engineering studies, bacteriological, biological, and chemical analyses of the water and location of the sources of contamination as may be found necessary, and, if the pollution is found to exist, the department may make an order fixing the time and place for a hearing. Such hearing shall be public and shall be conducted, so far as possible, in the same manner as a court hearing, and every alleged offender shall have the right to appear by counsel, present testimony, and examine witnesses."

Sec. 3. Section one hundred thirty-five point twenty (135.20), Code 1946, is amended by striking from line three (3) thereof the word "ten" and inserting in lieu thereof the word "thirty".

Sec. 4. Section one hundred thirty-five point twenty-one (135.21), Code 1946, is hereby amended by adding a period following the word "pollution" in line five (5) and striking the remainder thereof.

Sec. 5. Chapter one hundred thirty-five (135), Code 1946, is hereby amended by adding thereto the following:

"Any present pending action shall be governed by the provisions of this chapter as amended."

Sec. 6. Section one hundred thirty-five point twenty-five (135.25), Code 1946, is hereby amended by adding immediately after the period (.) at the end thereof the following:

"The hearing on appeal shall be tried as a suit in equity and shall be de novo. The court may receive additional testimony, may affirm, modify

or reverse any such order by the court upon any such appeal shall prevent or preclude said department from again instituting proceedings against the same person, firm, corporation or municipality for a period of two (2) years."

Sec. 7. Section one hundred thirty-five point twenty-seven (135.27), Code 1946, is hereby amended by striking from lines six (6), seven (7), and eight (8) thereof the following: "The hearing on appeal shall be tried as a suit in equity and shall be de novo."

Sec. 8. Chapter one hundred thirty-five (135), Code 1946, is hereby amended by adding thereto the following:

"1. After July 4, 1947 no sewerage system which proposes to discharge into any of the waters specified in section one hundred thirty-five point eighteen (135.18) hereof, sewage or any other liquid or solid substance of a decomposable, putrescible, oily, acid, or other character which may cause pollution of any of the aforesaid waters of the state, shall be installed until a written permit for such sewerage system has been granted by the department. Provided, however, that no permit shall be required for any new sewerage system that receives or may receive only domestic or sanitary sewage from a building housing or occupied by fifteen (15) persons or less.

"2. Plans and specifications for any sewerage system covered by subsection one (1) shall be submitted to the department before a written permit may be issued, and the construction of any such sewerage system shall be in accordance with said plans and specifications as approved by the department. In case it shall be necessary or desirable to make material changes in such plans or specifications, revised plans or specifications together with reasons for the proposed changes shall be submitted to the department for a supplemental written permit.

"3. The department may require any owner of a sewerage system discharging into any of the aforesaid waters to file with it complete plans of the whole or of any part of such system and any other information concerning the installation of such system.

"4. The department shall have the right to establish procedure for the review of any reports, plans, specifications, or other data relative to any sewerage system, written permits for which are required by this chapter, and may make use of such assistance for such review as existing boards, commissions and departments of the state may be able to render.

"5. The department is empowered to adopt and enforce rules and regulations governing the method and manner under which plans, specifications, or other data relative thereto shall be submitted for sewerage systems.

"6. No sewage or any other waste liquid or solid substance of a decomposable, putrescible, oily, chemical, or other character whether treated or untreated shall be discharged directly into any state owned natural or artificial lake, provided that this section shall not be construed as to prohibit the discharge of adequately treated sewage or wastes into a stream tributary to a lake upon the written permission of the state department of health and the state conservation commission."

Sec. 9. If any section, clause, sentence or phrase of chapter one hundred thirty-five (135), Code 1946, as hereby amended, is for any reason

held unconstitutional or invalid, such decision shall not affect the validity of the remaining portions of said chapter.

EXPLANATION OF VOTE

MR. SPEAKER: With the understanding that Senate Joint Resolution 10 in no way is a reflection upon our late president, Franklin Delano Roosevelt, I am supporting this resolution. I believe that a limitation of two terms for the president of the United States or the governor of the state of Iowa is in the interest of good government, with the possible exception of serious emergencies.

A penalty of fifty per cent of the registration fee shall be imposed if certificate of registration is not applied for on or before July 1 of each year, or within thirty days after such economic poisons are first manufactured or sold within the state. The registrant shall file with the Secretary a statement including

(a) the name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant;

(b) the name and brand, if any, of each product to be registered, together with the ingredient statement in accordance with subsection 10 of section 1 of this chapter;

(c) a complete copy of the labeling accompanying the economic poison and a statement of all claims to be made for it including directions for use; and

(d) if requested by the Secretary a full description of the tests made and the results thereof upon which the claims are based. In the case of renewal of registration, a statement shall be required only with respect to information which is different from that furnished when the economic poison was registered or last reregistered.

2. Every application for registration shall be accompanied by an inspection fee of five dollars for each product registered up to and including five products from the same applicant. Thereafter the fee shall be one dollar for each product registered from said applicant during the same fiscal year. In case the registration fee is paid by the manufacturer, distributor, or any person other than the retailer, then in that event nothing in this section shall be construed as applying to the re-

tailer. The Secretary of Agriculture shall use said registration fees for the enforcement of the provisions of this chapter, and any amount of said funds in excess of one thousand dollars at the end of any fiscal year shall be transferred to the treasurer of the state and credited to the State General Fund.

3. The Secretary whenever he deems it necessary in the administration of this act, may require the submission of the complete formula of any economic poison. If it appears to the Secretary that the composition of the article is such as to warrant the proposed claims for it and if the article and its labeling and other material required to be submitted comply with the requirements of section 5 of this act, he shall register the article.

4. If it does not appear to the Secretary that the article is such as to warrant the proposed claims for it or if the article and its labeling and other material required to be submitted do not comply with the provisions of this act, he shall notify the registrant of the manner in which the article, labeling, or other material required to be submitted fail to comply with the act so as to afford the registrant an opportunity to make the necessary corrections. If, upon receipt of such notice, the registrant insists that such corrections are not necessary and requests in writing that the article be registered, the Secretary shall register the article, under protest, and such registration shall be accompanied by a warning, in writing, to the registrant of the apparent failure of the article to comply with the provisions of this act. In order to protect the public, the Secretary, on his own motion, may at any time cancel the registration under protest in accordance with the foregoing procedure. In no event shall registration of an article, whether or not protested, be construed as a defense for the commission of any offense prohibited under section 5 of this act.

5. Notwithstanding any other provisions of this act, registration is not required in the case of an economic poison shipped from one plant within this state to another plant within this state operated by the same person.

CONSIDERATION OF SENATE CONCURRENT RESOLUTION 22

Nicholas of Cerro Gordo asked and obtained unanimous consent for the immediate consideration of the following Senate Concurrent Resolution and moved its adoption.

SENATE CONCURRENT RESOLUTION 22

Whereas, The Internal Revenue Code of the United States, as construed and administered by the Internal Revenue Bureau, permits married residents of eight States to split their income for income tax purposes because of the existence of the community property concept in such States, and

Whereas, Married residents in all other States are not so permitted to split their income, and

Whereas, The use of this legal fiction or rule of law, known as the community property law, results in discrimination against the married residents of Iowa and all other similar non-community property States, and requires such residents to bear an unjust proportion of the Federal Tax burden, and

Whereas, In connection with the adoption of the Revenue Act of 1947, the Congress of the United States is now considering various proposals to eliminate this unjust and unfair discrimination, and

Whereas, It is the consensus of opinion of this General Assembly and of the people of Iowa that the Internal Revenue Code of the United States should be amended so as to permit a husband and wife residing in non-community property States, including Iowa, to split their income for income tax purposes upon the same basis as is employed in community property States, irrespective of the sources of the income, now, therefore,

Be It Resolved by the Senate, the House Concurring:

That the Fifty-second General Assembly of the State of Iowa respectfully represents to the Congress of the United States that it is the opinion of the people of Iowa, as well as the opinion of this Assembly, that the Internal Revenue Code of the United States should be revised and amended so as to permit a husband and wife, residents of Iowa or of any of the other non-community property States, to split their income, and thereby eliminate the unfair and unjust discrimination now existing in favor of the married residents of States having the community property concept;

That our Senators and Representatives in Congress are requested to exert their efforts to secure such a revision of the Internal Revenue Code;

That the Congress of the United States is respectfully requested to so revise the Internal Revenue Code of the United States;

That copies of this Concurrent Resolution be forwarded by the Secretary of State to the President of the United States, to the President Pro Tempore of the United States Senate, to the Speaker of the House of Representatives of Congress, and to the Iowa members of the United States Senate and the Iowa members of the House of Representatives of Congress.

HOUSE CONCURRENT RESOLUTION 20

Whereas, It is the accepted policy of these United States that education through twelve (12) grades is a public responsibility, and,

Whereas, It is recognized that equal educational opportunity is not offered under the present system of localized districts, and,

Whereas, The 52nd General Assembly of the state of Iowa, concurring with the general assemblies of various other states, has established a policy of statewide financial responsibility for equal educational opportunity for urban and rural children alike, and,

Whereas, Such steps, as have been taken up to this time, are of a stop gap nature and are neither sound nor workable over a long period of time, and,

Whereas, The future of our primary and secondary education systems depends upon the development of sound financial plans for the future, and,

Whereas, There is now great variation in assessed valuations and school levies in the various townships and counties of the state, many of which are heavily overloaded on the basis of ability to pay, and many of which are not carrying their fair share of the load, and,

Whereas, The Fifty-second General Assembly, working toward a better financial future for the state has passed into law a bill providing for county assessors in the hope that these officials will be better able to equalize assessed valuations and taxation on the basis of ability to pay, and,

Whereas, It will be incumbent upon the 53rd General Assembly when it meets in regular session in 1949 to carry on further the program of better and more equitable school financing which has been advanced in the current session, now, therefore,

Be It Resolved by the House, the Senate Concurring: That the retrenchment and reform committee be and is hereby directed to make such study during the ensuing interim as may be necessary to determine the feasibility of achieving complete equality of taxation and educational opportunity for all children by:

- a. Complete abandonment of all local school taxation,
- b. Spreading of a uniform state school levy over all property at a rate of approximately twenty-five (25) mills for all urban property and farm buildings and fifteen (15) mills on all agricultural lands of more than ten (10) acres,
- c. Allocation from the state general fund of sufficient funds to supplement that proposed in sub-paragraph b to cover the cost of all primary and secondary education in the state,
- d. Distribution of the fund provided in paragraphs b and c at the state average per pupil cost on an average daily attendance basis plus transportation costs and such supplemental aid as may be necessary until all schools are brought to an efficient level of operation.

Be It Further Resolved: That the said retrenchment and reform committee be and is hereby empowered to hold such hearings and to call such witnesses as shall be able to shed light on the aforementioned proposal.

Be It Further Resolved: That the said retrenchment and reform committee shall prepare such recommendations as shall be fitting and proper in connection with its findings both as to the execution and administrations of such plans, and prepare for consideration of the Fifty-third General Assembly such bills as may be necessary for the implementation of such proposals as it shall make.

Laid over under Rule 34.

CONSIDERATION OF HOUSE CONCURRENT RESOLUTION 21

Whereas, It has been found that certain corrections should be made to said bill; now, therefore

Be It Resolved by the House, the Senate Concurring: That House File 419 be recalled from the Governor for further consideration.

Prange of Marion moved its adoption.

Motion prevailed and the resolution was adopted.

REPORT OF SPECIAL COMMITTEE

Olson of Mitchell from the committee appointed to study the lighting and acoustics of the House Chamber submitted the following report:

MR. SPEAKER:

Your committee appointed to confer with the chief clerk and others, relative to the lighting and acoustics of the House Chamber, begs leave to submit the following report:

The committee met with the secretary of the executive council and the state house custodian and it is of the opinion that in order to improve the lighting system of the House Chamber several changes should be made including reconstruction of the outside windows both for better lighting and for better ventilation and that a lighting system similar to that installed in the South Dakota capitol be adopted, without too many substantial changes, in the House Chamber.

Your committee further believes that the completion of the loud speaker system, under the very definite guarantee of the General Electric Company, should be concluded along the lines already contracted for and inasmuch as this requires taking up a portion of the floor of the House Chamber, this would be the opportune time to recarpet and recommends that the executive council be authorized to proceed therewith. It is further recommended that an investigation be made looking

towards the installation of a signal board on the speaker's desk, operating in connection with the loud speaker system.

Your committee also considered the proposition of the American Signal Corporation for the installation of a miniature voting machine board on the desk of the chief clerk, which may be had at an expenditure of something less than a thousand dollars. This installation would enable the chief clerk to call the roll of those absent or not voting under rule 18 without turning his back to the House Chamber and avoiding any omission of names, as occurred during the consideration of the amendment to House File 384.

With the approval of this report by the House, a blanket appropriation to the executive council should be made on the omnibus bill to cover the cost.

Respectfully submitted,

ALLERT OLSON, WILSON REED, GENE POSTON.

APPOINTMENT OF CONFERENCE COMMITTEE

The Speaker reappointed the following members to consider House File 106: Reed of Jefferson, Duffield of Guthrie; Bryson of Hardin and Edwards of Union.

CONSIDERATION OF REPORT OF SPECIAL COMMITTEE

Olson of Mitchell called up the following report of special committee and moved its adoption:

REPORT OF SPECIAL COMMITTEE

Your committee appointed to confer with the chief clerk and others, relative to the lighting and acoustics of the House Chamber, begs leave to submit the following report:

The committee met with the secretary of the executive council and the state house custodian and it is of the opinion that in order to improve the lighting system of the House Chamber several changes should be made including reconstruction of the outside windows both for better lighting and for better ventilation and that a lighting system similar to that installed in the South Dakota capitol be adopted, without too many substantial changes, in the House Chamber.

Your committee further believes that the completion of the loud speaker system, under the very definite guarantee of the General Electric Company, should be concluded along the lines already contracted for and inasmuch as this requires taking up a portion of the floor of the House Chamber, this would be the opportune time to recarpet and recommends that the executive council be authorized to proceed therewith. It is further recommended that an investigation be made looking towards the installation of a signal board on the speaker's desk, operating in connection with the loud speaker system.

Your committee also considered the proposition of the American Signal Corporation for the installation of a miniature voting machine board on the desk of the chief clerk, which may be had at an expenditure of something less than a thousand dollars. This installation would enable the chief clerk to call the roll of those absent or not voting under rule 18 without turning his back to the House Chamber and avoiding any omission of names, as occurred during the consideration of the amendment to House File 384.

With the approval of this report by the House, a blanket appropriation to the executive council should be made on the omnibus bill to cover the cost.

Motion prevailed and the report adopted.

Tesmer of Black Hawk called up the following House Concurrent Resolution and moved its adoption:

EXPLANATION OF VOTE ON SENATE FILE 181

MR. SPEAKER:

I herewith submit explanation, for which I asked and received unanimous consent to insert in the Journal, of my negative vote on S. F. 181 as passed by the Senate, relating to the compensation of county officers, their deputies, assistants and clerks and the millage levy to pay such compensation, which bill passed the House April 11, 1947. I voted for

the amendment, which attempted to limit the various raises in compensation to two years, but which amendment was defeated. I, likewise, supported another amendment to reduce somewhat the amount of increases for various county officers, wherein the minimum salary base would have been set at \$2,400.00, and which would have applied to counties of from 10,000 to 15,000 in population; this amendment was, likewise, defeated. If either one or both of these amendments had prevailed, I would have voted favorably for the bill.

The reason I could not support S. F. 181 is, that I could not vote for a measure which would sharply increase property taxes in my own county, in which the assessed valuation for 1946 was only \$10,189,314.00, plus monies and credits of \$770,135.00. Monroe county's general county fund levy of 3.5 mills, which is the maximum, only raised \$34,562.00, plus monies and credits, or a total of \$35,655.00. It has been necessary for Monroe county, for a number of years, to secure permission from the State Comptroller to add the one mill emergency levy, so with miscellaneous collections, a total of approximately \$50,000.00 is realized annually, although the last annual budget proposal was \$70,000.00 for the general fund. In addition, our poor fund is overdrawn approximately \$40,000.00, and I have been advised by our county auditor that we are running behind annually approximately \$30,000.00, including our poor fund expenditures. I am further advised that none of our county officers received their November, 1946, salary until after the first of this year, as there was no money available to pay the same; that the plumbing and heating systems in our county court house are very much in need of repairs and, likewise, that other extensive repairs on the building are very much needed, and that no funds are available to do this work.

Therefore, in view of the acute financial situation which exists in Monroe county, which consists of only 12 townships, with a very low assessed valuation, and with a population of less than 15,000, and realizing that our taxpayers are extremely hard-pressed, even though they are temporarily enjoying inflation prices for their products, I could not, in good conscience, support S. F. 181, even though I recognized that our county officers are entitled to increases at this time to meet the present high cost of living. I supported, as hereinbefore mentioned, amendments that would have temporarily relieved the existing increases in living expenses. If the taxpayers in my county cannot meet present expenses under the prevailing high prices received for commodities, and present valuations, how can they be expected to meet the increased county tax load when lower price levels are returned?

HUGH W. LUNDY of Monroe.

"Sec. 1. That chapter one hundred twenty-three (123), Code 1946, is amended by adding thereto the following:"

"Sec. 2. The commission may adopt rules and regulations for the sale of wine and spirits at retail and may issue licenses therefor as hereinafter provided, and subject to the conditions hereinafter set forth. No license shall be issued in any city or town without the approval of such city or town council."

"Sec. 3. Licenses for the retail sale of wine and spirits shall be of the following classes:

(A) A Class "A" license may be issued to a hotel having 50 or more guest rooms and providing separate dining facilities in a city having a population of 15,000 or more, authorizing such licensee to carry on the business of selling wine and spirits at retail for immediate consumption upon the premises.

(B) A Class "B" license may be issued to any club in any city or town authorizing such club to sell at retail and serve wine and spirits to club members and their guests for immediate consumption upon the premises. A club shall mean an association of persons incorporated under the provisions of Chapter 504 as a corporation not for pecuniary profit for the promotion of some common object, owning, hiring or leasing a building or space in a building suitable and adequate for the reasonable and comfortable use and accommodations of its members and their guests, and providing for suitable and adequate kitchen and dining room space and equipment, implements and facilities and employing a sufficient number of servants or employees for cooking, preparing and serving food and meals for its members and their guests. Such club obtaining a license shall file with the commission annually, within ten days of February 1st of each year, a list of the names and address of its members. No license shall be issued to any club which has not been in existence for at least one year prior to its application for a license.

(C) The Commission may issue a Class "B" license to any golf and country club which maintains a regulation nine or eighteen hole golf course for the use of its members and guests after securing the approval of the Board of Supervisors. All provisions of this act applicable and not inconsistent with the provisions of this subsection shall apply to the issuance of such license.

(D) The Commission may issue to any dining car company, sleeping car company, railroad company, or railway company a "special railway license" which shall authorize the holder thereof to keep for sale and sell on any dining car, sleeping car, buffet car or observation car on any train operated by such applicant from a point outside the state of Iowa into or across the state, or from a point in the state of Iowa to a point outside the state, wine and spirits at retail for consumption in such cars. The application for such license shall be in such form and contain such information as may be required by the commission. Each such license shall be good throughout the state as a state license. Only one such license shall be required for all cars operated in this state by such applicant, but a duplicate of such license shall be posted in each car in which such beverages are sold and no further license shall be required or tax levied for the privilege of selling beverages for consumption in such cars. As a condition precedent to the issuing of any such license the applicant shall give bond to the commission with good and sufficient sureties thereon to be approved by the commission conditioned upon the faithful performance of this act in the penal sum of one thousand dollars. The annual tax for such license shall be five hundred dollars and ten dollars for such duplicate thereof to be paid to the commission. The commission shall issue duplicates of such license from time to time as applied for by each such company."

"Sec. 4. Application for license shall be sworn to and shall be on a form to be prepared by the commission and shall include the following information:

(A) A description and location of the premises where the applicant proposes to operate giving a detailed drawing and floor plan of the premises or portion thereof which the license is to include.

(B) The name of the owner of the premises where the applicant proposes to operate.

(C) Statement as to whether applicant has ever been a party to litigation involving violations of any liquor laws.

(D) A statement as to whether applicant has ever been convicted of a violation of any state or federal law.

(E) A complete disclosure and statement of names of all persons having any financial interest in said proposed business, either directly or indirectly, whether secured or not. The discovery of a false statement in any application shall be grounds for the revocation of any license issued pursuant thereto."

"Sec. 5. Said application shall be filed with the commission and be accompanied by a bond in the penal sum of Three Thousand Dollars providing for a forfeiture thereof in the event of a revocation of the license by order of Court resulting from a violation of the liquor laws of the State of Iowa, or of any ordinance relating to the sale of wine

and spirits as herein provided. Said bond shall also be conditioned upon payment by the applicant of all license fees, taxes or other charges imposed for the operation of said business."

"Sec. 6. The commission may either approve or disapprove any application. No application shall be approved until the commission has made a thorough investigation and finds that the applicant's premises conform to all the laws of the State of Iowa and all of the health and fire regulations applicable thereto, and to the ordinances of the city or town where applicant is located."

"Sec. 7. Licenses shall be for a period of one year, commencing on the 1st day of July and ending June 30th following, unless sooner revoked. Provided, however, that a license may be issued for the remainder of any fiscal year and the license fee hereinafter provided shall be pro-rated on a quarterly basis. The license fee for a class "A" license shall be One Thousand Dollars and for a class "B" license Five Hundred Dollars.

"Sec. 8. The commission shall keep a record of all licenses issued. The form of license shall be prescribed by the commission and no license shall be issued except in the form thus prescribed."

"Sec. 9. The commission shall sell wine and spirits at wholesale to the licensees, under such uniform wholesale prices as it may establish. No licensee shall purchase wine or spirits from any other source than the commission, nor shall any licensee own or possess any wine or spirits except such as are purchased from the commission."

"Sec. 10. There is hereby levied a sales tax of five per cent of the purchase price on all wine and spirits purchased by licensees. The commission shall add the amount of said tax to the purchase price of such wine and spirits and collect the same when such purchases are made. The amount of said tax shall be paid by the commission to the general fund of the state."

"Sec. 11. In addition to the regulations prescribed by commission, every licensee shall be subject to the following regulations:

(a) No wine or spirits shall be sold except for the consumption upon the premises described in detail in the application of the licensee.

(b) All wine and spirits shall be purchased from the commission and after delivery by the commission shall be kept by the licensee only on its premises and must at all times be kept in the original bottles in which it is received from the commission, until sold for immediate consumption.

(c) No licensee shall have in his possession or knowingly allow any other person to bring upon the premises any wine or spirits, except as provided in the preceding paragraph.

(d) No wine or spirits shall be sold on the licensed premises on Sundays or any of the legal holidays designated in Section 541.85, or on any other day between the hours of midnight and eleven a.m. (11:00 a.m.).

(e) No licensee shall sell, dispense, deliver or give in any manner any wine or spirits to any intoxicated or interdicted person, nor permit any person to consume on the licensed premises any wine or spirits except those supplied to such persons by the licensee in accordance with the

terms of this act, his license, and any lawful rules or regulations for the enforcement thereof. No licensee or employees thereof shall sell or deliver any wine or spirits to any person who is a minor. Nor shall the licensee permit any persons reasonably appearing to be minors, to consume any wine or spirits in his licensed place. No more than one drink or portion of spirits shall be delivered to any person at a time, nor in any package, receptacle or container, except the glass or container containing only the drink about to be consumed, except that wine may be served by the bottle. No purchaser thereof shall remove such drink or bottle contents from the licensed premises where purchased before drinking the same. The licensee shall conduct the place in a quiet orderly manner. No intoxicated or interdicted person shall knowingly be permitted to enter, remain, purchase, consume or remove any wine or spirits on or from the licensed premises, nor shall any minor be permitted in any room where wine and spirits are served or consumed.

(f) No gambling and no cards, dice, billiards, pool tables, pin ball, slot machines, punch boards or other devices commonly used in games of chance shall be permitted upon the premises for which the license is issued.

(g) No sale of wine or spirits shall knowingly be made to any person whose husband, wife, child, parent, brother, sister or guardian by written notice to the licensee forbids such sale. Notice may be given by registered mail; the return postal receipt or card shall be sufficient proof that such notice was given.

(h) No licensee shall carry on the business or selling wine or spirits unless his license is prominently and publicly displayed in the place of business.

(i) No license shall be assigned or transferred.

(j) No licensee under a class "A" license shall permit public ingress or egress to the licensed premises except by a street entrance or from the lobby of a hotel."

"Sec. 12. It shall be the duty of all peace officers to investigate any violations of the provisions of this act and any member of the commission or any representative or inspector so designated by the commission shall have the power of peace officers for the purpose of enforcing this act."

"Sec. 13. The commission shall make a thorough investigation of any alleged violation for the purpose of revoking any license if there is reasonable evidence that the holder thereof shall have violated any of the provisions of this act or of any rules or regulations adopted pursuant to the provisions of this act."

"Sec. 14. Any citizen of a city or town having information of any violation by the holder of a license in such city or town may and any peace officer having such information shall file a complaint with the District Court in the county in which such city or town is located. Such complaint shall state the facts in relation to the alleged violation, shall be entitled in the name of the State of Iowa by relation, and shall be sworn to. It shall pray for an injunction against the violator and for forfeiture of his bond. A copy of such complaint shall be filed promptly with the Attorney General of the state who shall thereupon cause an investigation to be made at once and report the findings thereof to the

District Court of the county where the alleged violation occurred. When such complaint is filed the presiding judge or any other judge in vacation shall forthwith cite the alleged violator to appear in said court and show just cause why the injunction should not be issued and the bond revoked. Such alleged violator shall be required to appear at such time as the court or judge shall determine, but the time of such hearing shall not be unnecessarily delayed and in no event shall the time of such hearing be fixed for longer than thirty days from the time of the filing of such complaint. At the time of issuing the order citing such alleged violator for hearing the court may if the facts and circumstances warrant, temporarily enjoin the alleged violator from carrying on the licensed business, without requiring a bond, and direct the peace officer serving the order to take possession of the alleged violator's license and return the same to the Clerk of the District Court pending the outcome of the hearing. The proceedings shall be in equity and upon such hearing if the court finds that the licensee has been guilty of a violation shall declare the same to be a nuisance and enter an order permanently enjoining the licensee from engaging in the licensed business, and shall forfeit the bond of the licensee and shall revoke the license. The clerk of the court shall forthwith certify a copy of said decree to the city or town council and the commission, who shall immediately revoke the defendant's license. An appeal from the ruling of the District Court may be taken to the Supreme Court as in other equitable proceedings and pending such appeal the said license shall remain revoked and there shall be no stay of the order of injunction. The proceedings provided in this section shall not be any bar to criminal action for violation of statutes or ordinances; nor shall the provisions of this section affect the right of a city or town to proceed against the bond of a licensee for non-payment of any taxes owing under the provisions of this act."

"Sec. 15. When the Court enters an order for a permanent injunction the Court shall also enter a judgment decreeing a forfeiture of the stock of wine and spirits in the possession of the licensee and shall direct the disposition thereof as provided in Section 751.31. In the event of an appeal the forfeiture shall be stayed pending such appeal."

"Sec. 16. Cities and towns may by ordinance adopt such regulations with respect to carrying on the business of selling wine and spirits at retail under license as are in the interest of temperance and the public welfare, and are not inconsistent with State law."

"Sec. 17. No valid mortgage, pledge or other lien of any kind or character may be placed upon any stock of intoxicating liquor by any licensee, and the voluntary placing of any lien or an unrevealed transfer of any of the property, fixtures or equipment of a licensee used by him in connection with said licensed business shall be grounds for the immediate revocation of his license."

"Sec. 18. The provisions of Section 124.31, Code 1946, shall not apply to licenses under this act."

"Sec. 19. This act shall apply to special charter cities."

EXPRESSION OF APPRECIATION

Morrissey of Jasper arose under the question of personal privilege and presented Mr. A. C. Gustafson, Chief Clerk of the House, with a vacation in the form of a travelers check and made the following remarks on behalf of the members of the House:

Last session we presented Mr. Gustafson with a beautiful Consistory ring. Now, the members of the House, this session, have again bought him a present. Every member of this House contributed to that fund.

They did it to show their love and respect for "Gus". He has served here practically his whole lifetime. All of the older members are acquainted with his sacrifice along that line. He did it because it was the work he loved. All of you know that he did it at a monetary loss; yet, he stayed on with us session after session and it was with that thought in mind the members of the House wanted to give him a present to express their appreciation for his services. Now the clerks of the House also asked to be able to share in this and I asked Miss Ruth Wood, the clerk of Mr. Hedin, to accept the contributions from the clerks and I asked Miss Wood to give the report on the clerks' contributions.

The Speaker then recognized Miss Ruth Woods who made the following remarks on behalf of the clerks and employees of the House:

It isn't often that we—the clerks and pages and employees of the House—have the opportunity to express our appreciation, our pleasure, our interest, and—sometimes our amused delight at being a member of the Fifty-second General Assembly. It is my pleasure at this time to speak for the clerks, pages and employees of the House in appreciation of the daily aid, and cheerful guidance we have received from our chief clerk, Mr. Gustafson—or—affectionately, "Gus".

Many of us never had the pleasure of meeting the men we were to work with prior to the time the General Assembly convened, but we had talked with Gus and had received our initial briefing about you. The customs and work of the House were explained and he and his wonderful staff have always been ready to help us at any time. If we have not been able to give you efficient and cheerful service, it is because we have been unable to emulate our beloved "Gus" and his staff in the marvelous attitude that he has given us. His cheerful smile has been a word of encouragement and his very slight frown has been to a guide to behaviour. His amazing fund of information has been constantly ready for us to be of help to you.

Therefore, as a slight token of our appreciation of your help, Gus, we clerks, pages and employees are proud to be a part of your vacation.

The Speaker recognized the gentleman from Jasper, Mr. Morrissey, who addressed the House as follows:

Members of the House, I live very close to Des Moines and have known "Gus" for a number of years. I have served here in the House with him for ten years and we have got to be very well acquainted. He has talked to me at various times about the things that happen here and the things that we were doing. Now I mention this solely to acquaint the new members with what has gone before. Gus lost his brother just a while before this session took up; he lost his other brother during this session—in addition to all those things, this has been a very turbulent session. It has been extremely hard on the members; and it has been very, very hard on the staff. I say this to acquaint you with the reason that we bought the present we did for Gus. Gus is terribly, terribly tired—he's just sitting down there now hanging on the ropes hoping that we will get through this week and for that reason we thought the nicest thing

we could buy for him this year was a vacation, so we bought for Gus a vacation in the form of a traveler's check in the amount of \$235.00. It is a beautiful tribute to Gus, and I give it to him in behalf of the House and with thanks for his unflinching courtesy, his kindness and his patience to the members of the House.

Mr. A. C. Gustafson thanked the members, clerks and employees of the House with the following remarks:

I don't know if I can respond as I would like on this occasion. I suppose I should be somewhat prepared for these things because they do happen every two years, but I think this is one for which I could not possibly be prepared, for it resolves itself down to the most difficult task I have had to perform during the entire session.

I don't think I have ever made any concealment of the pride that I have—and I hope I am not too presumptuous in my over-confidence when I refer to you all as my very good friends. First of all, that includes the Speaker, whose friendship I have cherished since the first day he came into these halls and which has grown so much warmer during the days that we have worked so close together in this present session. Our relationship has been completely harmonious in every detail and I just can't tell you how much and how highly I value the confidence that he has shown in me; and, of course—it includes every member of the House without single exception so far as I have been able to discern, whether our acquaintance began with this session or in sessions gone by.

You have been extremely charitable of my many shortcomings and most generous in your commendation—for all of this I am deeply appreciative and you shall have my everlasting gratitude.

It also includes every officer and employee of this House. You have been very willing and eager to cooperate in every task that has been assigned to you, which has made my work that much more simple and easy. I want also to include those very amiable gentlemen who compose the third House and with whom I have daily contacts. Their very genial countenances and pleasing personalities are always welcome and their questions about what may be of interest to them are most cheerfully answered by me. They have always treated me with every consideration. In fact, I am proud to call all of you my very good friends.

As the years have gone by, I realize more and more that the only true wealth in this world is one's friends. As Mr. Morrissey has mentioned, the compensation for this service has not made for financial independence, but I would rather be of poor estate and rich in the friendship of such people as you and the ones who have gone before.

Now, if the services which I have rendered merit any commendation, I want to share it most unselfishly with my staff. Many of them came to this session without any previous legislative experience. Each has discharged his or her duty with exceptional skill and with real devotion to the task assigned and over and above everything else with unqualified loyalty to me, which is very greatly appreciated. Many of them work in offices in the rear of the House Chamber and, therefore, are deprived of the glamour of legislative footlights. I don't know if they are all

present or not—I hope they are because I want them to know of my public expression of appreciation. I am going to ask if they will please stand and receive the recognition from you they so richly deserve.

You know it would be quite impossible to carry on the work of this session in its many details without the faithful, loyal and skillful work of a good staff. (I am sorry they are not all here.)

This is a most wonderful gift and I want you to know how deeply I appreciate it. I remember some sessions ago when the clerks gave me a handbag—I guess I didn't take the hint very seriously and the next session they gave me a very capacious gladstone and now that this gift has come to me, I guess there is no question about what I am supposed to do. The amount is so substantial I won't have any trouble in buying a return ticket, so if you are agreeable and God is willing, I think you will most likely have me back on your hands two years from now.

At any rate, I want you to know how deeply grateful I am for this gift, for the pleasure of knowing the new members and renewing the acquaintance of former members and, most of all, for the kindness and the consideration you have shown for my well-being and for the friendly greeting you have given me every day.

Now that we are nearing the parting of the ways, I hope you may go home with pleasant recollections of this session and with the memory of real good, true friends made and, of course, with the unqualified justification of a good job done. So to all of you my very, very good friends, my everlasting gratitude and may God be with you all 'til we meet again.

Avery of Clay asked and obtained unanimous consent to have the remarks made by Mr. Morrissey, Miss Woods and Mr. Gustafson printed in the Journal.

Noble of Harrison moved that a committee be appointed to escort McFarlane of Black Hawk, Poston of Wayne, Avery of Clay and Morrissey of Jasper to the Speaker's rostrum.

Motion prevailed and the Speaker appointed as such committee, Noble of Harrison and Rankin of Franklin.

Steinberg of Story was called to the chair to preside during the ceremony.

Steinberg of Story presented gold Shaeffer pens to McFarlane of Black Hawk, Poston of Wayne, Avery of Clay and Morrissey of Jasper and made the following remarks:

I think that in one sense we've had a wedding during this session. Whatever may be said of the Fifty-second General Assembly in regard to what we did or what we failed to do, I think we all have to admit that perfect harmony has prevailed throughout. Harmony not only in the Republican party, but harmony in the Democratic party and harmony between the two parties.

If we were to have this ceremony at the beginning of the session, I suppose that the proper thing to do would be to give to the floorleader a whip! The Republicans are very thankful for the leadership they have had and that their floorleader has not had to wield a whip and I will venture to speak on behalf of the minority party and their ten members. I know that they are most thankful for their leadership and the fact that their leader has not had to wield a whip.

So, the members of the house, appreciative of this harmony, have taken up a collection and bought for both party leaders, a little token of affection for their leadership. The money was thrown into one pot—Democratic money and Republican money went into the same pot, and each was bought the same present. I wanted the committee to tell me what they were buying for these floorleaders and they wouldn't tell me. They said if they told me they would be taking the edge off of the ceremony. But, I insisted, and they finally told me a little bit about them. They're guaranteed that if you take them up in an airplane, they will not leak. I suppose they had in mind Gene Poston; but they also told me that they would work at ground level too and I suppose in those remarks they had in mind Mr. McFarlane. Now, I still don't know what they are. If I were a Democrat, might I think they referred to bottles. Being a Republican, I think they refer to something else. But, whatever they are, I want to present them to each floorleader along with the sincere affection that we hold for both members.

Now, may I say in conclusion that as these men have been on speaking terms throughout this session, we hope that after closing this session, they will always be on writing terms.

Two other members of this house are to be rightly remembered on this occasion. They are: first, our speaker pro tem, who has presided over this house in a most fair and impartial manner in the absence of the speaker. The second man to be honored is our good friend, Dad Avery, who stood up a few days ago in our defense; in defense of our integrity and honor. I know that if we bought a present for him commensurate with the affection we hold for him, we would all be bankrupt, but you know that a gift without the giver is bare. Therefore, the tokens which we present to our speaker pro tem and to Dad Avery, regardless of value, carry with them our boundless affection which like the river flows on forever.

I know that the members of the House would like to hear a word or two from each of these four men, and I now yield to them.

Poston of Wayne addressed the House, as follows:

Albert, Mr. Speaker, Members of the House:

I feel like I had been attending an old fashioned revival where I love everybody and everybody loves me. This is the second time this session that I have been rather surprised and the second time that I appreciate the attention that somebody has paid me.

I am not an old settler around here by any means measured in terms of length of service of Arch McFarlane, Dad Avery, Bill Beardsley, Max Bockwoldt and others, but this is is my fourth session, and the

best. I enjoyed the first. I enjoyed the second more than the first, the third more than the second, and this one more than all of them.

As usual, the Democrats got together the first week of this session and talked about the attitude they should take during this session. It was the unanimous opinion that rather than take an obstructionist attitude that they would cooperate with the majority party in all things non-political, and legislate for the good of the state. From my observations, and I think I can speak for all my party members, there has been very little party politics played during this session of the legislature. At least not on the floor of the House, and that being so, we could and have tried to cooperate with the majority party to put out good legislation for the benefit of all.

This has been made much easier than ordinary due to the fact that you elected as your speaker the honorable Gus T. Kuester, a man that we could work with one hundred per cent all along the way.

Also, by the election of Arch McFarlane as floor leader. He has had in his power at all times a steam roller that could have been put into action at his will. He has taken no advantage of his tremendous majority to steamroller the minority party, and we wish to thank him for this and his very gracious attitude at all times. In Ed Morrissey, as speaker pro tem, we have found an officer that has been eminently fair and courteous.

I express here the appreciation of the Democrats for your cooperation. The legislation that we have helped put out this session, we believe is good for the state as a whole. In some ways I think this session is one of the finest that I have had the honor of attending. The members are capable, sincere and honest in their efforts. The conduct of the session has been such as to produce a feeling of comradeship among the whole membership. I am glad to have been here. I am glad to have been working with the men who are officers here and with the members of the Assembly. I thank you for this appreciation of comradeship. Thank you for myself and for my colleagues.

McFarlane of Black Hawk addressed the House as follows:

To me this is a great celebration this morning because I really didn't think I had any friends left. Being majority floorleader is rather a hard duty to perform, especially when there are so many controversial subjects that come before a body. Never in the history of my time has there been so many subjects that were so heavily controversial as there has been at this session. The reason for that is that previous legislators had decided to sidestep them. This legislature decided to face them. I think you have done a very marvelous job. You faced every issue that has been sent to you and I can say this truthfully that it is the hardest working House of Representatives that I have ever seen. You have handled more bills—you have had better committee work—and I am sure that when the curtain rings down at the end of this session that the record will be as good as any session that I have ever attended.

It wasn't necessary for you to secure this token of friendship. I think that it is swell and I endorse everything that the minority floorleader has said. They have been cooperative at every turn; they have made it as

pleasant as they possibly could. The speaker has been very marvelous so far as my friendship with him and cooperation is concerned. I appreciate that. But I can say to you truthfully that the majority leader in this session is the hardest duty I have ever had thrust upon me as an official of the State of Iowa. And, there is only one reason for it and that is that we have a surplus in the Treasury. It just happens that I went to the library to look up the record of the legislature. I didn't know that this was going to happen today, but I thought you might be interested in the record of the Thirty-sixth General Assembly, which was held in 1915, when I was first here. I was twenty-nine years old; the other day I was sixty-two. You can see how long I've been here. When this session is over, it has been over a third of a century. But, the Thirty-sixth General Assembly appropriated for:

State University of Iowa	\$700,000
Iowa State College	940,000
State Teachers College	285,000
College for Blind, Vinton	41,000

Board of Education	\$1,966,000
Board of Control	\$2,100,000

In addition to that there was appropriated \$675,000 for improvements for the institutions under the Board of Control and \$375,000 for the institutions under the Board of Education. All other appropriations combined equalled seven million dollars, less than one-tenth of the appropriations this year. You can't compare 1915 with the present time. People demand things and in order to have things they have to pay for them. But, there was no nuisance taxation. They passed an act for the necessary millage to raise this amount of money and that was the income that the state had. And you that are going to be on the retrenchment and reform committee, as an example, the appropriation for the retrenchment and reform committee was \$20,000—this year it is a million dollars. But we are in a difficult age. I have enjoyed working this year. I have been just as nervous as I could be. I don't show it perhaps, but I try to do the best I can. I know that I have made some enemies—I always have every time I have been here. We all can't think and see alike. Sometimes I say things I shouldn't—I'm sorry for anything I've said that I shouldn't. I may be a little gruff when someone wants to know something, but I try to be a gentleman at all times. I appreciate very much the gift from this body and I know that when the curtain rings down that you are going to have a marvelous record written for future legislatures.

Morrissey of Jasper addressed the House as follows:

This is a beautiful present—a Shaeffer gold ball-point pen—which you have given me. I appreciate it very much. The ten years I have been here in the House—five regular and one extra session—I want to say that this has been the toughest session. There isn't any use saying anything else, and I think it is a good sign. The sign that Democracy is working. We are not fighting for ourselves; the quarrels which we have had have been for our people at home. I think it is a very good sign. I

know it's been trying to all the members and if you will just hold on to your chairs and your papers for another week, we can go home and be out in the sunshine and all will be well. The short time that I served in the chair, of course, I was as careful as anyone could be to be just as fair as I could be. In handling what bills that were given to me to handle on the floor, I made an earnest effort to properly present them. In most instances you were very kind. My greatest trouble has been with my adoption bill and I can assure you that if I get rid of this baby today, I'll never have another child. Thank you very much.

Avery of Clay addressed the House as follows:

Mr. Speaker, Members of the House:

If you gave me this beautiful gold pen in the hope that it would help me to remember you, it was entirely unnecessary. I will never forget the kindness, the consideration that has been given to an old man by this House of Representatives and by your good Speaker.

As I sat in my room at the hotel alone, time and time again I have reflected upon your kindness and your consideration. Repeatedly, I have remarked in my letters to Mrs. Avery that I just can't understand why the members of the House are so nice to me. I appreciate it and want to assure you that while I have the power to think, I will always remember you with love and affection. Thank you.

Schwengel of Scott moved that the remarks made by the gentlemen who were honored at this ceremony be printed in the Journal, following his motion with the following remarks:

I think what has happened here this morning is a compliment to the House of Representatives of the state of Iowa. I have listened with a great deal of interest and I have thought that maybe it wouldn't always be so in Iowa, and I think it is good that posterity should know about this, and so, with that thought in mind, I move that they be published in the Journal.

Motion prevailed.

SPECIAL COMMITTEE APPOINTED

Nicholas of Cerro Gordo moved that a committee be appointed to arrange for a Pre-session School of Instruction for all new members of the next General Assembly.

Motion prevailed and the Speaker appointed as a committee Nicholas of Cerro Gordo, chairman, Patrick of Sioux, ranking member, Brown of Mahaska, Poston of Wayne, Neal of Dallas, Walker of Hamilton, and McFarlane of Black Hawk.

The bill having received a constitutional majority was declared to have passed the House and the title was agreed to.

The House resumed consideration of House File 125, a bill for an act to amend chapter six hundred (600), Code 1946, relating to adoptions and fixing penalties for violation of the law relating to adoptions, with Senate amendments, and the amendments read and considered.

SENATE AMENDMENTS TO HOUSE FILE 125

Amend House File 125 as follows:

1. By striking all after the enacting clause and substituting in lieu thereof the following:

"Section 1. Amend section six hundred point one (600.1), Code 1946, by striking from the second and third lines thereof, the words 'any Court of record' and inserting in lieu thereof 'the District Court'.

Further amend section six hundred point one (600.1), Code 1946, by striking all after the period (.) in line nine (9) thereof and substituting therefor the following: 'If the petitioner be married, the spouse shall

join in the petition unless such spouse is a natural parent of the child. An adult may be adopted, and only such provisions of this chapter shall apply thereto as the court may order. The judges of the district court may designate a municipal court judge to act as judge in adoption matters with jurisdiction in cases arising in the county in which such municipal court is organized.

The petition for adoption shall be verified and filed in triplicate and shall state the name, age, race, residence and religious faith as nearly as may be of the petitioner or petitioners and of the child; the marital status of the petitioner or petitioners; the property rights of the child; the name to be given the child after adoption; if the child be an orphan the name and place of residence of its guardian, if any, and if none, of its next of kin; the name of any licensed child placing agency as defined in chapter two hundred thirty-eight (238), Code 1946, to which such child has been permanently committed or released; the relationship of the child to the petitioner or petitioners; and the facts disclosing consent as required in this act and in section six hundred point three (600.3), Code 1946. The clerk of the court shall forthwith transmit two copies of said petition to the State Department of Social Welfare, except in cases of children under the jurisdiction of the Board of Control of State Institutions, and excepting adult adoptions and cases where the investigation is waived by the court as authorized by this chapter.

Sec. 2. Amend section six hundred point two (600.2), Code 1946, by striking from lines one (1) and two (2) thereof the following: 'Upon the filing of a petition for the adoption of a minor child the Court' and substituting therefor 'The State Department of Social Welfare, or a qualified person or agency named by the court, after an order of the court.'

Further amend section six hundred point two (600.2), Code 1946, by striking the second sentence thereof and by adding the following to said section: 'The investigation shall be completed and a report with recommendations made to the Court within sixty days from the date of the filing of the petition. No petition shall be granted until the investigation is completed. Nothing herein contained shall prevent the Court from conducting any other investigation which it may deem necessary or proper. No petition shall be granted until the child shall have lived for twelve months in the proposed home. Such period of residence may be shortened by the Court upon good cause shown when satisfied that the proposed home and the child are suited to each other. The State Department of Social Welfare may, and upon order of the Court shall, make a further investigation during the period of residence and a final report with recommendations to the Court. The investigation and period of residence may be waived by the Court where the petitioner or one of the petitioners is related to the child within the third degree of consanguinity or where the petitioner is married to a natural parent of the child.'

PRESENTATION OF VISITORS

Reed of Jefferson presented to the House, the Honorable J. W. Dole, Fairfield, former member of the House from Jefferson county.

Troeger of Wapello rose under the question of personal privilege and requested Moore of Butler to present to the House one of his poems:

THE SHIP, THE CREW AND GOVERNOR BLUE

There are freshmen who call themselves the "52".
Sophomores, who are struggling through;
Juniors, who have solved the trick,
Seniors, who think and act real quick;
Post grads only a few,
All in the ship with Governor Blue.

Not in the crew are drones, who moan
Because we do not pass the chuck,
To all of those for whom they cluck.
There is honest Gus, whose steady hand
Held fast through calm and storm,
To guide us safely back to land.

And Gus, who keeps the lóg both true and clean
 With doses of expunging cream.
 In one and ten of forty-seven,
 We started the trip for Treasure Island.
 Many a chore of calking seams,
 Developed to draw us from off the beam.

Many a splice was made in the rope,
 But with every one we gained in hope.
 Each two years we make the trip
 To Treasure Island for more than a tip.
 In seas of pain and some of pleasure,
 We finally reached the vaults of treasure.

By words and acts of near a billion.
 We won the day for many a million.
 The object of the trip, you know
 Was to get the where-with-all to pay,
 The I.O.U.'s of those who serve
 The Grand Old State of Iowa.
 We came off better than we knew;
 On every hand throughout the land,
 We hear the cheers of those whose stake
 Is in the Welfare of the State.

The trip is almost through;
 Some of this crew may never sail
 Again, in this ship so strong and hale;
 But we will sail our ships some way,
 In the hopes that some bright day
 This faithful crew and Governor Blue
 Will greet, where time and eternity meet.

"52 Club" Theme Song

We're called the Baby Legislators,
 All the session long,
 We've learned, and worked and studied faithfully,
 And helped make all laws strong.

Now we're seasoned in law-making,
 As adjournment time draws near.
 We're the seasoned "52 Club",
 We prize our friendships dear.

We've run the course, and stood together,
In united effort strong,
And now we're pledging full allegiance,
To our ideals all life long.

We're grads from this our freshman session,
We rejoice in united song,
Association here together,
We'll remember through life long.

ADOPTION OF COMMITTEE REPORTS

The Chief Clerk announced the adoption of reports of committees on House Files 277 and 539; and House Joint Resolution 4, under Rule 72.

Good of Boone, chairman of the special committee to investigate the Schick General Hospital property, filed the following report:

REPORT OF COMMITTEE TO INVESTIGATE SCHICK HOSPITAL

MR. SPEAKER:

Your committee appointed April 14, 1947, to make a personal inspection and study of the Schick General Hospital at Clinton, Iowa, begs leave to make the following report:

That on April 15, 1947, the members of your committee consisting of C. G. Good, Harry E. Weichman, Ernest T. Smith, Lawrence M. Boothby, David G. Ainsworth and H. W. Walter made a trip to Clinton, Iowa, and inspected the property with a view of acquiring it for use by the state of Iowa as a mental hospital.

After careful deliberation, your committee has arrived at the following conclusions:

1. Until it has been determined that these facilities will not be made available as a Veterans' Hospital and Rehabilitation Center, the state should not consider its acquisition.

2. The size and extent of the project appears to be considerably in excess of the immediate needs of the state.

3. The buildings are not suitable for mental patients because they are set in close proximity to each other.

4. The type and apparent temporary character of construction is such that it would entail considerable unknown expenditures to remodel to suit the needs of the state.

5. The shortage or lack of hospital personnel at the present time makes questionable the ability to operate an additional institution.

6. Sufficient acreage is not available for farming, dairying and gardening essential to state institutions.

7. The cost of gas, water, electricity and coal approximates \$100,000.00 per year.

8. There are no railroad facilities to the area.

9. The government has imposed certain conditions upon the state of Iowa, which are not feasible, if acquisition is made.

C. G. GOOD.

HARRY E. WEICHMAN.

ERNEST T. SMITH.

LAWRENCE M. BOOTHBY.

DAVID G. AINSWORTH.

H. W. WALTER.

Good of Boone offered the following House concurrent resolution:

S. Bureau of Animal Industry, which calf shall have been vaccinated by a licensed accredited veterinarian according to the rules and regulations established by the Secretary of Agriculture; also, a vaccination shall further mean that the calf shall have proved negative to an agglutination test, a blood sample for which shall have been drawn at any time within 20 days prior to vaccination. The officially vaccinated animal shall also be identified by a tattoo mark and such tattoo mark shall be described in a certificate furnished by the attending veterinarian.

BILLS SIGNED BY THE GOVERNOR

A communication was received from the Governor announcing he had signed the following bills: April 16, 1947, House Files 192, 208, 243, 272, 321, 458, 494 and 499. Also, House Joint Resolution 1; April 17, 1947, House Files 21, 120, 269, 324 and 337; April 17, 1947, House Files 64, 106 and 512.

MESSAGES FROM THE GOVERNOR

The following communications were received from the Governor:

April 18, 1947

Honorable Gustav T. Kuester
Speaker of the House
State House
Des Moines, Iowa

Dear Speaker Kuester:

I am returning herewith House File 204 which I have disapproved. This act purports to transfer \$5,742.18 collected by the Treasurer of

Dallas county from a citizens special fund for the retiring of special assessment certificates issued in connection with municipal improvements in cities and towns of Dallas county. In the first instance, this money belongs to the holder of the certificates. If, however, the certificates are outlawed and have not been presented, then this money should belong first of all to the property owner who paid the special assessment in to the county treasurer, or his successor in interest; and secondly, it should belong to the citizens of the municipality, where the property against which the special assessments were levied, is located.

While the bill submitted is not designated as a legalizing act, it is in effect such. The principle of a legalizing act is to correct some minor defect in the carrying out of some authority already provided for in the statute. It is not intended to be used to make legal acts which were void or invalid *Ab Initio*. There is no authority in the statute authorizing the county to levy a tax against a selected group of properties located in cities and towns, and to spend the proceeds of such tax for the general purpose of the whole county. The result of this act, however, would be to do just that thing.

I have, therefore, disapproved House File 204 and return same herewith.

Respectfully submitted,

ROBERT D. BLUE

Governor of Iowa.

April 18, 1947

Honorable Gustav T. Kuester
Speaker of the House
State House
Des Moines, Iowa

Dear Speaker Kuester:

I am returning herewith House File 136 which I have disapproved for the following reasons:

As a general rule, taxes which are voluntarily paid do not secure to the person who pays the taxes any lien upon the property or right of recovery from the person owning the property. There is grave doubt in my mind whether a provision for a lien contained in the bill submitted adequately covers all the contingencies which might arise and sufficiently protect the state against loss from any taxes that might be paid under the provisions under this act.

The monies which would be paid out under the provisions of this act would amount at least to \$200,000 a year and would probably steadily increase in amount. The full amount thereof would have to be paid from state funds, and no part thereof would be matched by federal monies. The net effect of the bill would be to reduce the amount of funds available to pay for food and clothing to old-age assistance recipients. If the state failed to increase the amount of appropriations, not only by the \$200,000 so paid out, but also by the full amount of the Federal funds available to match this sum, would be deducted from the money available for food and clothing. The net effect of the bill, therefore, would be to reduce the amount available for food and clothing to old-age assist-

ance recipients in the amount of between four and five hundred thousand dollars.

I have, therefore disapproved this bill and return it to you herewith.

Respectfully submitted,

ROBERT D. BLUE

Governor of Iowa.

A state agency is hereby created with power to eliminate and prevent discrimination in employment because of race, creed, color or national origin, either by employers, labor organizations, employment agencies or other persons, and to take other actions against discrimination because of race, creed, color or national origin, as herein provided; and the commission established hereunder is hereby given general jurisdiction and power for such purposes.

2. Amend Senate File 109 by adding the new section 7 as follows:

5. The term "employer" does not include a club exclusively social, or a fraternal, charitable, educational or religious association or corporation, if such club, association or corporation is not organized for private profit, nor does it include any employer with fewer than six persons in his employ.

6. The term "employee" and this chapter do not include any individual employed by his parents, spouse or child, or in the domestic service of any person.

The immunity herein provided shall extend only to natural persons so compelled to testify.

Such advisory agencies and conciliation

councils shall be composed of representative citizens, serving without pay, but with reimbursement for actual and necessary traveling expenses; and the commission may make provisions for technical and clerical assistance to such agencies and councils and for the expenses of such assistance.

2. For a labor organization, because of the race, creed, color or national origin of any individual, to exclude or to expel from its membership such individual or to discriminate in any way against any of its members or against any employer or any individual employed by an employer.

3. 4. For any employer, labor organization or employment agency to discharge, expel or otherwise discriminate against any person because he has opposed any practices forbidden under this chapter or because he has filed a complaint, testified or assisted in any proceeding under this chapter.

5. For any person, whether an employer or an employee or not, to aid, abet, incite, compel or coerce the doing of any of the acts forbidden under this chapter, or to attempt to do so.

8. Amend Senate File 109 by adding the new section 13 as follows:

Section 13. Any person claiming to be aggrieved by an alleged unlawful employment practice may, by himself or his attorney-at-law, make, sign and file with the commission a verified complaint in writing which shall state the name and address of the person, employer, labor organization or employment agency alleged to have committed the unlawful employment practice complained of and which shall set forth the particulars thereof and contain such other information as may be required by the commission. The industrial commissioner or attorney-general may, in like manner, make, sign and file such complaint. Any employer

whose employees, or some of them, refuse or threaten to refuse to cooperate with the provisions of this chapter, may file with the commission a verified complaint asking for assistance by conciliation or other remedial action.

After the filing of any complaint, the chairman of the commission shall designate one of the commissioners to make, with the assistance of the commission's staff, prompt investigation in connection therewith; and if such commissioner shall determine after such investigation that probable cause exists for crediting the allegations of the complaint, he shall immediately endeavor to eliminate the unlawful employment practice complained of by conference, conciliation and persuasion. The members of the commission and its staff shall not disclose what has transpired in the course of such endeavors. In case of failure so to eliminate such practice, or in advance thereof if in his judgment circumstances so warrant, he shall cause to be issued and served in the name of the commission, a written notice, together with a copy of such complaint, as the same may have been amended, requiring the person, employer, labor organization or employment agency named in such complaint, hereinafter referred to as respondent, to answer the charges of such complaint at a hearing before two members of the commission, sitting as the commission, at a time and place to be specified in such notice. The place of any such hearing shall be the office of the commission or such other place as may be designated by it. The case in support of the complaint shall be presented before the commission by one of its attorneys or agents, and the commissioner who shall have previously made the investigation and caused the notice to be issued shall not participate in the hearing except as a witness, nor shall he participate in the deliberations of the commission in such case; and the aforesaid endeavors at conciliation shall not be received in evidence. The respondent may file a written verified answer to the complaint and appear at such hearing in person or otherwise, with or without counsel, and submit testimony. In the discretion of the commission, the complainant may be allowed to intervene and present testimony in person or by counsel. The commission or the complainant shall have the power reasonably and fairly to amend any complaint, and the respondent shall have like power to amend his answer. The commission shall not be bound by the strict rules of evidence prevailing in courts of law or equity. The testimony taken at the hearing shall be under oath and transcribed. If, upon all the evidence at the hearing the commission shall find that a respondent has engaged in any unlawful employment practice as defined in this chapter, the commission shall state its findings of fact and shall issue and cause to be served on such respondent an order requiring such respondent to cease and desist from such unlawful employment practice and to take such affirmative action, including (but not limited to) hiring, reinstatement or upgrading of employees, with or without back pay, or restoration to membership in any respondent labor organization, as, in the judgment of the commission, will effectuate the purposes of this chapter, and including a requirement for report of the manner of compliance. If, upon all the evidence, the commission shall find that respondent has not engaged in any such unlawful employment practice, the commission shall

state its findings of fact and shall issue and cause to be served on the complainant or order dismissing the said complaint as to such respondent. A copy of its order shall be delivered in all cases to the industrial commissioner, the attorney-general, and such other public officers as the commission deems proper. The commission shall establish rules of practice to govern, expedite and effectuate the foregoing procedure and its own actions thereunder. Any complaint filed pursuant to this section must be so filed within ninety days after the alleged act of discrimination.

9. Amend Senate File 109 by adding the new section 14 as follows:

Section 14. Any complainant, respondent or other person aggrieved by such order of the commission may obtain judicial review thereof, and the commission may obtain an order of court for its enforcement, in a proceeding as provided in this section. Such proceeding shall be brought in the district court of the state within any county wherein the unlawful employment practice which is the subject of the commission's order occurs or wherein any person required in the order to cease and desist from an unlawful employment practice or to take other affirmative action resides or transacts business. Such proceeding shall be initiated by the filing of a petition in such court, together with a written transcript of the record upon the hearing before the commission, and the issuance and service of a notice of motion returnable at a special term of such court. Thereupon the court shall have jurisdiction of the proceeding and of the questions determined therein, and shall have power to grant such temporary relief or restraining order as it deems just and proper, and to make and enter upon the pleadings, testimony, and proceedings set forth in such transcript an order enforcing modifying, and enforcing as so modified, or setting aside in whole or in part the order of the commission. No objection that has not been urged before the commission shall be considered by the court, unless the failure or neglect to urge such objection shall be excused because of extraordinary circumstances. Any party may move the court to remit the case to the commission in the interests of justice for the purpose of adducing additional specified and material evidence and seeking findings thereon, provided he shows reasonable grounds for the failure to adduce such evidence before the commission. The findings of the commission as to the facts shall be conclusive if supported by sufficient evidence on the record considered as a whole. All such proceedings shall be heard and determined by the court and by any appellate court as expeditiously as possible and with lawful precedence over other matters. The jurisdiction of the district court shall be exclusive and its judgment shall be final, subject to review by the supreme court in the same manner and form and with the same effect as provided in the supreme court rules for appeals from a final order on judgment. The commission's copy of the testimony shall be available at all reasonable times to all parties for examination without cost and for the purposes of judicial review of the order of the commission. The appeal shall be heard on the record without requirement of printing. The commission may appear in court by one of its attorneys. A proceeding under this section when instituted by any complainant, respondent or other person aggrieved must be

instituted within thirty days after the service of the order of the commission.

10. Amend Senate File 109 by adding the new section 15 as follows:

Section 15. Any person, employer, labor organization or employment agency, who or which shall willfully resist, prevent, impede or interfere with the commission or any of its members or representatives in the performance of duty under this chapter, or shall willfully violate an order of the commission, shall be guilty of a misdemeanor and be punishable by imprisonment in a penitentiary, or county jail, for not more than one year, or by a fine of not more than five hundred dollars, or by both; but procedure for the review of the order shall not be deemed to be such willful conduct.

11. Amend Senate File 109 by adding the new section 16 as follows:

Section 16. The provisions of this chapter shall be construed liberally for the accomplishment of the purposes thereof. Nothing contained in this chapter shall be deemed to repeal any of the provisions of the civil rights law or of any other law of this state relating to discrimination because of race, creed, color or national origin; but, as to acts declared unlawful by section seven (7) of this chapter, the procedure herein provided shall, while pending, be exclusive; and the final determination therein shall exclude any other action, civil or criminal, based on the same grievance of the individual concerned. If such individual institutes any action based on such grievance without resorting to the procedure provided in this chapter, he may not subsequently resort to the procedure herein.

12. Amend Senate File 109 by adding the new section 17 as follows:

Section 12. If any clause, sentence, paragraph or part of this chapter or the application thereof to any person or circumstances, shall, for any reason, be adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this chapter.

AFTERNOON SESSION

The House reconvened, Speaker Kuester in the chair.

NOTICE OF INTENTION TO FILE AN AMENDMENT TO SENATE FILE 109

April 21, 1947.

MR. SPEAKER:

I request your consent to file the proposed amendment for the following reasons:

1. I believe the problem, if one exists, is national in scope rather than state-wide. It was with this in mind that I consistently voted as a member of the sifting committee to keep these bills from coming before the House for passage.

2. The National Congress has been working on bills similar in nature. The House in Washington has passed a bill by almost a 3 to 1 majority, which is drastic in nature. The Senate has modified the bill, a copy of the Senate bill was placed on your desk. I believe this bill will be accepted by the National Congress and be passed by the President.

3. I propose to substitute the National Senate bill for the existing state bill, which will avoid confusion and resulting legislation to iron out discrepancies.

I therefore ask your unanimous consent to file this amendment, which I hope to have on your desks tomorrow morning.

I would much prefer, as an individual Representative, if we did not pass a bill here in the state of Iowa, but would leave it to Washington to pass legislation national in scope and which would take care of the

entire situation. It seems to me we will not have long to wait for such legislation and that a bill agreeable to both Houses in Washington will be passed, even over the Presidential veto, and will become the law of the land, which would supersede any law passed here. If a bill is to be passed here, I believe the Senate bill should be enacted, and therefore, I propose the amendment.

PHILIP HEDIN.

CONSIDERATION OF BILLS

The time having arrived for the consideration of the special order, Senate File 109, a bill for an act to declare that it is the policy of the state of Iowa that no person shall be deprived of the right to work because of membership in, affiliation with, withdrawal or expulsion from, or refusal to join any labor union, organization or society, and to declare void any contract which contravenes this policy; also making it unlawful to require any person to pay dues or other charges to a labor organization as a condition of employment and to make it unlawful to deduct labor organization dues or other charges from the earnings of an employee unless the employee has authorized such deduction as provided in this act and to prescribe penalties for violations, was taken up for consideration.

Burkman of Polk offered the following amendment and moved its adoption :

Amend Senate File 109 by striking all after the enacting clause and inserting in lieu thereof the following:

"Section 1. It is declared to be the policy of the State of Iowa that no person within its boundaries shall be deprived of the right to work at his chosen occupation for any employer because of membership in, affiliation with, withdrawal or expulsion from, or refusal to join, any labor union, organization, or association, and any contract which contravenes this policy is illegal and void.

Sec. 2. It shall be unlawful for any person, firm, association or corporation to refuse or deny employment to any person because of membership in, or affiliation with, or resignation or withdrawal from, a labor union, organization or association, or because of refusal to join or affiliate with a labor union, organization or association.

Sec. 3. It shall be unlawful for any person, firm, association, corporation or labor organization to enter into any understanding, contract or agreement, whether written or oral, to exclude from employment members of a labor union, organization or association, or persons who do not belong to, or who refuse to join, a labor union, organization or association, or because of resignation or withdrawal therefrom.

Sec. 4. It shall be unlawful for any person, firm, association, labor organization or corporation, or political subdivision, either directly or indirectly, or in any manner or by any means as a prerequisite to or a condition of employment to require any person to pay dues, charges, fees, contributions, fines or assessments to any labor union, labor association or labor organization.

Sec. 5. It shall be unlawful for any person, firm, association, labor organization or corporation to deduct labor organization dues, charges, fees, contributions, fines or assessments from an employee's earnings, wages or compensation, unless the employer has first been presented with an individual written order therefor signed by the employee, and by his or her spouse, if married, in the manner set forth in section five hundred thirty-nine point four (539.4), Code 1946, which written order shall be terminable at any time by the employee giving at least thirty days written notice of such termination to the employer.

Sec. 6. Any person, firm, association, labor organization, or corporation or any director, officer, representative, agent or member thereof, who shall violate any of the provisions of this act or who shall aid and abet in such violation shall be deemed guilty of a misdemeanor.

Sec. 7. Additional to the penal provisions of this act, any person, or any labor union, labor association or labor organization, or any officer, representative, agent or member thereof may be restrained by injunction from doing or continuing to do any of the matters and things prohibited by this act, and all of the provisions of the law relating to the granting of restraining orders and injunctions, either temporary or permanent, shall be applicable.

Sec. 8. If any provision of this act or the application of such pro-

vision to any person or circumstances, shall be held invalid, the remainder of this act, or the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

Sec. 9. The provisions of this act shall not apply to employers or employees covered by the Federal Railroad Labor Act.

Sec. 10. This act being deemed of immediate importance shall be in full force and effect from and after its passage and publication in the Rake Register, a newspaper published at Thompson, Iowa, and Iowa Falls Citizen, a newspaper published at Iowa Falls, Iowa.

Amend the title by inserting after the word "violations" in the last line, the words "and relief by injunction to prevent or stop violations."

AMENDMENTS FILED

Amend the amendment by C. A. Burkman, et al., to Senate File 109 filed April 18, 1947, by adding thereto a new section as follows:

"Sec. 11. The opportunity to obtain employment without discrimination because of race, creed, color or national origin is hereby declared to be the policy of the State of Iowa and a civil right and any abridgement, denial or refusal to recognize said right is hereby declared to be a felony as defined by the Iowa Code of 1946 as punishable by three (3) years in the penitentiary and, or a fine of ten thousand dollars (\$10,000)."

NELSON of Woodbury.

Amend the amendment of Carl A. Burkman et al. filed April 18, 1947, to Senate File 109 by striking all after the enacting clause and insert in lieu thereof the following:

Section 1. This act shall be known and may be cited as the "Labor Disputes Act."

Sec. 2. No court of this state, as defined in this act, shall have jurisdiction to issue any restraining order or temporary or permanent injunction in a case included within this act, except in a strict conformity with the provisions of this act; nor shall any such restraining order or temporary or permanent injunction be issued contrary to the public policy declared in this act.

Exclusive jurisdiction and power to hear and determine all actions and suits coming under the provisions of this act shall be vested in the courts of this state.

Sec. 3. In the interpretation of this act and in determining the jurisdiction and authority of the courts of this state, as such jurisdiction and authority are defined and limited in this act, the public policy of this state is hereby declared as follows:

Whereas under prevailing economic conditions, developed with the aid of governmental authority for owners of property to organize in the corporate and other forms of ownership association, the individual unorganized worker is commonly helpless to exercise actual liberty of contract and to protect his freedom of labor, and thereby to obtain acceptable terms and conditions of employment, wherefore, though he should be free to decline to associate with his fellows, it is necessary that he have full freedom of association, self-organization, and designation of representatives of his own choosing, to negotiate the terms and conditions of his employment, and that he shall be free from the interference, restraint, or coercion of employers of labor, or their agents, in the designation of such representatives or in self-organization or in other concerted activities for the purpose of collective bargaining or other mutual aid or protection;

Whereas equity procedure that permits a complaining party to obtain sweeping injunctive relief that is not preceded by or conditioned upon notice to and hearing of the responding party or parties, or that permits sweeping injunctions to issue after hearing based upon written affidavits alone and not wholly or in part upon examination, confrontation and cross-examination of witnesses in open court, is peculiarly subject to abuse in labor litigation for the reasons that:

(1) The status quo cannot be maintained but is necessarily altered by the injunction.

(2) Determination of issues of veracity and of probability of fact from affidavits of the opposing parties that are contradictory, and, under the circumstances, untrustworthy rather than from oral examination in open court is subject to grave error.

(3) Error in issuing the injunctive relief is usually irreparable to the opposing party; and

(4) Delay incident to the normal course of appellate practice frequently makes ultimate correction of error in law or in fact unavailing in the particular case.

Therefore, the following definitions of and the limitations upon the power or jurisdiction and procedure of the courts of this state in cases involving or growing out of labor disputes are hereby enacted.

Sec. 4. Any undertaking or promise, such as is described in this section, or any other undertaking or promise in conflict with the public policy declared in section 3 of this act, is hereby declared to be contrary to the public policy of this state, shall not be enforceable in any court of this state, and shall not afford any basis for the granting of legal or equitable relief by any such court against a party to such undertaking or promise, or against any other persons who may advise, urge or induce either party thereto to act in disregard of such undertaking or promise, including specifically the following:

Every undertaking or promise hereafter made, whether written or oral, express or implied, constituting or contained in any contract or agreement of hiring or employment between any individual, firm, company, association or corporation, and any employee or prospective employee of the same, whereby

(a) Either party to such contract or agreement undertakes or promises not to join, become or remain a member of any labor organization or of any employer organization; or

(b) Either party to such contract or agreement undertakes or promises that he will withdraw from an employment relation in the event that he joins, becomes or remains a member of any labor organization or of any employer organization.

Sec. 5. No court of this state shall have jurisdiction or power, in any case involving or growing out of a labor dispute, to issue any restraining order or temporary or permanent injunction which in specific or general terms impairs the right to do or prohibits any person or persons from doing, whether singly or in concern, any of the following acts:

(a) Ceasing or refusing to perform any work or to remain in any relations of employment regardless of any undertaking or promise to the contrary;

(b) Becoming or remaining a member of any labor organization or of any employer organization, regardless of any such undertaking or promise as is described in section 4 of this act;

(c) Paying or giving to, or withholding from, any person any strike or unemployment benefits or insurance, or other moneys or things of value;

(d) By all lawful means aiding any person who is being proceeded against in, or is prosecuting, any action or suit involving or arising out of a labor dispute in any court of the United States or of this State or of any State;

(e) Giving publicity to and obtaining or communicating information regarding the existence of, or the facts or merits involved in, any labor dispute, whether by advertising, speaking, patrolling, any public street or any place where any person or persons may lawfully be, or by any other method not involving fraud, duress or violence; provided that picketing or patrolling shall not be deemed to involve violence or duress merely because done in numbers;

(f) Organizing themselves; forming, joining or assisting in labor organizations; bargaining collectively with an employer by representatives freely chosen and controlled by themselves, or for the purpose of collective bargaining or other mutual aid or protection or engaging in any concerted activities;

(g) Persuading, by any lawful means, other persons to cease patronizing or contracting with, or employing or leaving the employ of any person or persons;

(h) Ceasing or refusing to work with any person or group of persons;

(i) Ceasing or refusing to work on any goods, materials, machines or other commodities;

(j) Assembling peaceably to do or to organize to do any of the acts heretofore specified to promote their lawful interests;

(k) Advising or notifying any person of an intention to do any of the acts heretofore specified;

(l) Agreeing with other persons to do or not to do any of the acts heretofore specified;

(m) Advising, urging or otherwise causing or inducing, without fraud or violence, others to do the acts heretofore specified, regardless of any such undertaking or promise as is described in section 4 of this act; and

(n) Doing in concert of any or all of the acts heretofore specified on the ground that the persons engaged therein constitute an unlawful combination or conspiracy.

Provided that the specific enumeration in this section of acts which may not be restrained or enjoined shall not be construed to authorize the injunction or restraint of any act or acts not heretofore enjoined or restrainable.

Sec. 6. No court of this state shall have jurisdiction or power, in any case involving or growing out of a dispute, to issue a restraining order or temporary or permanent injunction

(a) Upon the ground that any of the persons participating or interested in the labor dispute constitute or are engaged in an unlawful

combination or conspiracy because of the doing in concert of the acts enumerated in section 5 of this act; or

(b) Forbidding any of the acts enumerated in section 5 upon the ground that illegal acts have been committed or threatened in the course of any labor dispute or that any ends sought to be accomplished by any party to the labor dispute are illegal.

Sec. 7. No officer or member of any association or organization, and no association or organization participating or interested in a labor dispute, as herein defined, shall be held responsible or liable in any civil action at law or suit in equity or in any criminal prosecution, for the unlawful acts of individual officers, members or agents, except upon proof beyond a reasonable doubt in criminal cases, and by the weight of evidence in other cases, and without the aid of any presumptions of law or fact, both of (a) the doing of such acts by persons who are officers, members or agents of any such association or organization, and (b) actual participation in, or actual authorization or, such acts, or of express ratification of such acts after actual knowledge thereof by such association or organization.

Sec. 8. No court of this state shall issue any restraining order or a temporary or permanent injunction in any case involving or growing out of a labor dispute, as herein defined, except after hearing the testimony of witnesses in open court (with opportunity for cross-examination) in support of the allegations of a complaint made under oath, and testimony in opposition thereto, if offered, and except after findings of fact by the court to the effect:

(a) That unlawful acts have been threatened and will be committed unless restrained or have been committed and will be continued unless restrained, but no temporary or permanent injunction or temporary restraining order shall be issued on account of any threat or unlawful act excepting against the person or persons, association or organization making the threat or committing the unlawful act or actually authorizing or ratifying the same after actual knowledge thereof;

(b) That substantial and irreparable injury to complainant's property will follow unless the relief request is granted;

(c) That as to each item of relief granted greater injury will be inflicted upon complainant by the denial of relief than will be inflicted upon defendants by granting of relief;

(d) That no item of relief granted is relief which is prohibited under section 5 of this act;

(e) That complainant has no adequate remedy at law; and

(f) That the public officers charged with the duty to protect complainant's property are unable to furnish adequate protection.

Such hearing shall be held only after a verified bill of complaint and a verified bill of particulars specifying in detail the time, place and the nature of the acts complained of and the names of the persons alleged to have committed the same or participated therein have been served and after due and personal notice thereof has been given, in such manner as the court shall direct, to all known persons against whom relief is sought, and also to the chief of those public officials of the county and city within which the unlawful acts have been threatened

or committed charged with the duty to protect complainant's property; provided, however, that such notice shall in no case be less than forty-eight (48) hours. The hearing shall consist of the taking of testimony in open court with opportunity for cross-examination and testimony in opposition thereto, if offered, and no affidavits shall be received in support of any of the allegations of the complaint.

Sec. 9. No temporary restraining order or temporary injunction shall be issued except on condition that complainant shall first file a minimum undertaking of one thousand dollars. Where such an order or injunction is sought against more than a single individual, the court on the hearing shall make a finding of the number of individuals sought to be enjoined, provided, however, that the maximum undertaking that may be required pursuant to this section shall not exceed ten thousand dollars. The undertaking shall be sufficient to recompense those enjoined for any loss, expense, or damage caused by the improvident or erroneous issuance of such order or injunction, including all reasonable costs (together with a reasonable attorney's fee) and expense against the order or against the granting of any injunctive relief sought in the same proceeding and subsequently denied by the court.

The undertaking herein mentioned shall be understood to signify an agreement entered into by the complainant and the surety upon which a decree may be rendered in the same suit or proceeding against said complainant and surety, upon a hearing to assess damages of which hearing complainant and surety submitting themselves to the jurisdiction of the court for that purpose. But nothing herein contained shall deprive any party having a claim or cause of action under or upon such undertaking from electing to pursue his ordinary remedy by suit at law or in equity.

Sec. 10. No restraining order or temporary or permanent injunctive relief shall be granted to any complainant in a case involving or growing out of a labor dispute who has violated the public policy as declared in section 3, or who has failed to plead and prove (a) compliance with all obligations imposed by law which are involved in the labor dispute in question and (b) that he has made every reasonable effort to settle such dispute (I) by negotiation, (II) with the aid of any available machinery of mediation or voluntary arbitration provided for by law, and (III) with the aid of any machinery of mediation or voluntary arbitration provided for by agreement between any complainant and any person sought to be enjoined.

Sec. 11. No restraining order or temporary or permanent injunction shall be granted in a case involving or growing out of a labor dispute, except on the basis of findings of fact made and filed by the court in the record of the case prior to the issuance of such restraining order or injunction; and every restraining order or injunction granted in a case involving or growing out of a labor dispute shall include only a prohibition of such specific act or acts as may be expressly complained of in the bill of complaint or petition filed in such case and as shall be expressly included in said findings of fact made and filed by the court as provided herein, and shall be binding only upon the parties to the suit, their agents, servants and employees, and who shall by

personal service or otherwise have secured actual notice of the same.

Sec. 12. No court of this state shall have jurisdiction or power, in any case involving or growing out of a labor dispute, to issue a temporary restraining order or temporary injunction where employees are defendants if the employer, either in anticipation of, or at, or subsequent to the inception of a labor dispute has employed persons or assigned other employees to perform the duties of employees then or subsequently not working because of the labor dispute; unless, prior to the granting of such restraining order or temporary injunction the said employer has discharged such persons and reassigned the other employees back to their former duties and such facts shall be averred under oath in the application for the temporary restraining order or temporary injunction and no temporary restraining order or temporary injunction shall issue unless it contains the following provision:

"This order (or injunction) shall remain in effect only so long as (name of employer) shall not employ persons, or transfer employees to perform the duties of those now or hereafter not working because of the labor dispute."

Sec. 13. Every restraining order, temporary or permanent injunction, issued by a court of this state, in any case involving or growing out of a labor dispute, shall contain the following provision:

"That complainant and/or the employer and their or either of their agents or employees shall be enjoined from any and all acts or threats of violence, intimidation, coercion, molestation, libel, or slander against the respondents or organizations engaged in the labor dispute."

Sec. 14. Whenever any court of the state shall issue or deny any temporary injunction in a case involving or growing out of a labor dispute, the court shall, upon the request of any party to the proceedings and on his filing the usual bond for costs, forthwith certify as in ordinary cases the record of the case, including a transcript of the evidence taken, to the District Court for its review. Upon the filing of such record in the District Court, the appeal shall be heard and the temporary injunctive order affirmed, modified, or set aside with the greatest possible expedition, giving the proceedings precedence over all other matters except older matters of the same character.

Sec. 15. Every temporary injunction and temporary restraining order, issued in a case involving or growing out of a labor dispute, shall by its terms expire within such time after entry as the courts may fix, not to exceed ten (10) days, unless the plaintiff is ready by the expiration of such period to proceed to trial and shall pay the necessary calendar and trial fees. Every permanent injunction, issued in a case involving or growing out of a labor dispute, shall expire at the end of one hundred eighty (180) days after the date on which the judgment is signed, provided, however, that the duration of the injunction may be extended for another one hundred and eighty (180) days if, after a further hearing initiated and conducted in the same manner as the original hearing, the court shall determine that the injunction shall be continued or modified in accordance with the findings of facts on the subsequent hearing.

Sec. 16. Upon denial by the court of any injunctive relief sought in

an action involving or growing out of a labor dispute, the court shall order the complainant to pay reasonable costs and expenses of defending the suit and a reasonable counsel fee.

Sec. 17. In all cases where a person shall be charged with contempt of a restraining order or injunction of a court or judge or judges thereof, by doing any act or thing therein, or thereby forbidden to be done by him, if the act or thing so done by him be of such character as to constitute also a criminal offense under the laws of the state or of the United States, the accused shall enjoy:

(a) The rights as to admission to bail that are accorded to persons accused of crime;

(b) The right to be notified of the accusation and a reasonable time to make a defense, provided the alleged contempt is not committed in the immediate view or presence of the court;

(c) Upon demand, the right to a speedy and public trial by an impartial jury of the judicial district wherein the contempt shall have been committed, provided that this requirement shall not be construed to apply to contempts committed in the presence of the court or so near thereto as to interfere directly with the administration of justice or to apply to the misbehavior or misconduct or disobedience of any officer of the court on respect to the writs, orders or process of the court.

Sec. 18. The defendant in any proceeding for contempt of court may file with the court a demand for the retirement of the judge sitting in the proceeding, if the contempt arises from an attack upon the character or conduct of such judge and if the attack occurred elsewhere than in the presence of the court or so near thereto as to interfere directly with the administration of justice. Upon the filing of any such demand the judge shall thereupon proceed no further, but another judge shall be designated by the presiding justice of said court, or in the same manner as is provided by law. The demand shall be filed prior to the hearing in the contempt proceeding.

Sec. 19. Punishment for a contempt, specified in section 17, may be by fine, not exceeding \$100, or by imprisonment not exceeding fifteen days, in the jail of the county where the court is sitting, or both, in the discretion of the court. Where a person is committed to jail, for the non-payment of such fine, he must be discharged at the expiration of fifteen days; but where he is also committed for a definite time, the fifteen days must be computed from the expiration of the definite time.

Sec. 20. When used in this Act, and for the purposes of this Act:

(a) The term "labor dispute" includes any controversy

(1) Concerning terms or conditions of employment, or

(2) Concerning the association or representation of persons in negotiating, fixing, maintaining, changing, or seeking to arrange terms or conditions of employment, or

(3) Concerning employment relations, including the right to be recognized as the representatives or bargaining agent of employers or employees, or

(4) Concerning the respective interests of employer employee, regardless of whether or not the disputants stand in the proximate relation

of employer and employee, and regardless of whether or not an employer of employee is a party to, or participant in, such controversy.

(b) A person or association shall be held to be a person participating or interested in a labor dispute (1) if relief is sought against him or it and (2) if he or it is engaged in the industry, trade, craft, or occupation in which such dispute occurs, or is a member, officer, or representative of any association of employers or employees engaged in such industry, trade, craft or occupation, or has a direct or indirect interest therein, or is a person acting on behalf of any such person or association, or to promote the interest thereof, or is a person who uses or deals with the products of, or services provided by the industry, trade, craft or occupation in which such dispute occurs.

(c) A case shall be held to involve or to grow out of a labor dispute if such dispute is (1) between one or more employers or associations of employers and one or more employees or association of employees; or (2) between one or more employers or association of employers and one or more employees or association of employees; or (3) between one or more employees or association of employees and one or more employees or association of employees; or (4) a case involving any conflicting or competing interests in a labor dispute, as defined in subdivision (a) of this section, of persons participating or interested therein as defined in subdivision (b) of this section.

(d) The term "court" includes every court of record of the several counties of this State, including the judge or judges thereof.

(e) The term "complainant" includes every person, whether plaintiff or defendant in the cause, who seeks affirmative relief.

(f) The term "defendant" includes every person, whether plaintiff or defendant in the cause, against whom affirmative relief is sought.

(g) The term "employer" is declared to include master, and shall also include natural persons, partnerships, unincorporated associations, joint stock companies, corporations for profit, corporations not for profit, municipal corporations, the State and all governmental agencies created by it, receivers in equity, and trustees or receivers in bankruptcy.

(h) The term "employee" is declared to include all natural persons who perform services for other persons, and shall not be limited to the employees of a particular employer, and shall include any individual who has ceased work as a consequence of, or in connection with any matter involved in a labor dispute.

Sec. 21. If any section, sentence, clause or part of this Act is, for any reason, held to be unconstitutional, such decision shall not affect the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each sentence, clause or part thereof irrespective of the fact that one or more sections, sentences, clauses or parts thereof be declared unconstitutional.

Sec. 22. All Acts or parts of Acts inconsistent with the provisions of this Act are hereby repealed.

Further amend by striking all of the title and inserting in lieu thereof the following:

"An Act defining the jurisdiction and the right to issue any restraining order or temporary or permanent injunctions, except as strictly provided

for in this Act, providing and determining the jurisdiction of the courts in labor matters arising between employer and employee or between employer and a labor union within the boundaries of this state."

NELSON of Woodbury.

Amend the amendment by Carl A. Burkman et al., filed April 18, 1947, to Senate File 109, by adding the following sections:

Sec. 11. It shall be deemed an exercise of the police power of the state for the protection of the public welfare, health and peace of the people of this state, and in fulfillment of the provisions of the constitution of this state concerning civil rights; and the legislature hereby finds and declares that practices of discrimination against any of its inhabitants because of race, creed, color or national origin are a matter of state concern, that such discrimination threatens not only the rights and proper privileges of its inhabitants but menaces the institutions and foundation of a free democratic state. A state agency is hereby created with power to eliminate and prevent discrimination in employment because of race, creed, color or national origin, either by employers, labor organizations, employment agencies or other persons, and to take other actions against discrimination because of race, creed, color or national origin, as herein provided; and the commission established hereunder is hereby given general jurisdiction and power for such purposes.

Sec. 12. The opportunity to obtain employment without discrimination because of race, creed, color or national origin is hereby recognized as and declared to be a civil right.

Sec. 13. When used in this chapter:

1. The term "person" includes one or more individuals, partnerships, associations, corporations, legal representatives, trustees, trustees in bankruptcy, or receivers.

2. The term "employment agency" includes any person undertaking to procure employees or opportunities to work.

3. The term "labor organization" includes any organization which exists and is constituted for the purpose, in whole or in part, of collective bargaining or of dealing with employers concerning grievances, terms or conditions of employment, or of other mutual aid or protection in connection with employment.

4. The term "unlawful employment practice" includes only those unlawful employment practices specified in section seventeen (17) of this chapter.

5. The term "employer" does not include a club exclusively social, or a fraternal, charitable, educational or religious association or corporation, if such club, association or corporation is not organized for private profit, nor does it include any employer with fewer than six persons in his employ.

6. The term "employee" and this chapter do not include any individual employed by his parents, spouse or child, or in the domestic service of any person.

7. The term "commission", unless a different meaning clearly appears from the context, means the state commission against discrimination created by this chapter.

8. The term "national origin" shall, for the purposes of this chapter, include "ancestry".

Sec. 14. There is hereby created in the executive department a state commission against discrimination. Such commission shall consist of three members, to be known as commissioners, who shall be appointed by the governor, by and with the advice and consent of the Senate, and one of whom shall be designated as chairman by the governor. The term of office of each member of the commission shall be for five years, provided, however, that of the commissioners first appointed, one shall be appointed for a term of two years, one for a term of three years, and one for a term of five years.

Any member chosen to fill a vacancy occurring otherwise than by expiration of term shall be appointed for the unexpired term of the member whom he is to succeed. Two members of the commission shall constitute a quorum for the purpose of conducting the business thereof. A vacancy in the commission shall not impair the right of the remaining members to exercise all the powers of the commission.

Each member of the commission shall receive a salary of four thousand dollars a year and shall also be entitled to his expenses actually and necessarily incurred by him in the performance of his duties.

Any member of the commission may be removed by the governor for inefficiency, neglect of duty, misconduct or malfeasance in office, after being given a written statement of the charges and an opportunity to be heard thereon.

Sec. 15. The commission shall formulate policies to effectuate the purposes of this chapter and may make recommendations to agencies and officers of the state or local subdivisions of government in aid of such policies and purposes.

Sec. 16. The commission shall have the following functions, powers and duties:

1. To establish and maintain its principal office in the city of Des Moines, and such other offices within the state as it may deem necessary.

2. To meet and function at any place within the state.

3. To appoint such attorneys, clerks, and other employees and agents as it may deem necessary, fix their compensation within the limitations provided by law, and prescribe their duties.

4. To obtain upon request and utilize the services of all governmental departments and agencies.

5. To adopt, promulgate, amend, and rescind suitable rules and regulations to carry out the provisions of this chapter, and the policies and practice of the commission in connection therewith.

6. To receive, investigate and pass upon complaints alleging discrimination in employment because of race, creed, color or national origin.

7. To hold hearings, subpoena witnesses, compel their attendance, administer oaths, take the testimony of any person under oath, and in connection therewith, to require the production for examination of any books or papers relating to any matter under investigation or in question before the commission. The commission may make rules as to the issuance of subpoenas by individual commissioners.

No person shall be excused from attending and testifying or from

producing records, correspondence, documents or other evidence in obedience to the subpoena of the commission or of any individual commissioner, on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture, but no person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, except that such person so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. The immunity herein provided shall extend only to natural persons so compelled to testify.

8. To create such advisory agencies and conciliation councils, local, regional or state-wide, as in its judgment will aid in effectuating the purposes of this chapter, and the commission may empower them to study the problems of discrimination in all or specific fields of human relationships or in specific instances of discrimination because of race, creed, color or national origin, and to foster through community effort or otherwise good-will, cooperation and conciliation among the groups and elements of the population of the state, and make recommendations to the commission for the development of policies and procedures in general and in specific instances, and for programs of formal and informal education which the commission may recommend to the appropriate state agency. Such advisory agencies and conciliation councils shall be composed of representative citizens, serving without pay, but with reimbursement for actual and necessary traveling expenses; and the commission may make provision for technical and clerical assistance to such agencies and councils and for the expenses of such assistance.

9. To issue such publications and such results of investigations and research as in its judgment will tend to promote good-will and minimize or eliminate discrimination because of race, creed, color or national origin.

10. To render each year to the governor and to the legislature a full written report of all its activities and of its recommendations.

11. To adopt an official seal.

Sec. 17. It shall be an unlawful employment practice:

1. For an employer, because of the race, creed, color or national origin of any individual, to refuse to hire or employ or to bar or to discharge from employment such individual or to discriminate against such individual in compensation or in terms, conditions or privileges of employment.

2. For a labor organization, because of the race, creed, color or national origin of any individual, to exclude or to expel from its membership such individual or to discriminate in any way against any of its members or against any employer or any individual employed by an employer.

3. For any employer or employment agency to print or circulate or cause to be printed or circulated any statement, advertisement or publication, or to use any form of application for employment or to make

any inquiry in connection with prospective employment, which expresses, directly or indirectly, any limitation, specification or discrimination, as to race, creed, color or national origin, or any intent to make any such limitation, specification or discrimination, unless based upon a bona fide occupational qualification.

4. For any employer, labor organization or employment agency to discharge, expel or otherwise discriminate against any person because he has opposed any practices forbidden under this chapter or because he has filed a complaint, testified or assisted in any proceeding under this chapter.

5. For any person, whether an employer or an employee or not, to aid, abet, incite, compel or coerce the doing of any of the acts forbidden under this chapter, or to attempt to do so.

Sec. 18. Any person claiming to be aggrieved by an alleged unlawful employment practice may, by himself or his attorney at law, make, sign and file with the commission a verified complaint in writing which shall state the name and address of the person, employer, labor organization or employment agency alleged to have committed the unlawful employment practice complained of and which shall set forth the particulars thereof and contain such other information as may be required by the commission. The industrial commissioner or attorney general may, in like manner, make, sign and file such complaint. Any employer whose employees, or some of them, refuse or threaten to refuse to cooperate with the provisions of this chapter, may file with the commission a verified complaint asking for assistance by conciliation or other remedial action.

After the filing of any complaint, the chairman of the commission shall designate one of the commissioners to make, with the assistance of the commission's staff, prompt investigation in connection therewith; and if such commissioner shall determine after such investigation that probable cause exists for crediting the allegations of the complaint, he shall immediately endeavor to eliminate the unlawful employment practice complained of by conference, conciliation and persuasion. The members of the commission and its staff shall not disclose what has transpired in the course of such endeavors. In case of failure so to eliminate such practice, or in advance thereof if in his judgment circumstances so warrant, he shall cause to be issued and served in the name of the commission, a written notice, together with a copy of such complaint, as the same may have been amended, requiring the person, employer, labor organization or employment agency named in such complaint, hereinafter referred to as respondent, to answer the charges of such complaint at a hearing before two members of the commission, sitting as the commission, at a time and place to be specified in such notice. The place of any such hearing shall be the office of the commission or such other place as may be designated by it. The case in support of the complaint shall be presented before the commission by one of its attorneys or agents, and the commissioner who shall have previously made the investigation and caused the notice to be issued shall not participate in the deliberations of the commission in such case; and the aforesaid endeavors at conciliation shall not be received in evidence. The respondent may file

a written verified answer to the complaint and appear at such hearing in person or otherwise, with or without counsel, and submit testimony. In the discretion of the commission, the complainant may be allowed to intervene and present testimony in person or by counsel. The commission or the complainant shall have the power reasonably and fairly to amend any complaint, and the respondent shall have like power to amend his answer. The commission shall not be bound by the strict rules of evidence prevailing in courts of law or equity. The testimony taken at the hearing shall be under oath and transcribed. If, upon all the evidence at the hearing the commission shall find that a respondent has engaged in any unlawful employment practice as defined in this chapter, the commission shall state its findings of fact and shall issue and cause to be served on such respondent an order requiring such respondent to cease and desist from such unlawful employment practice and to take such affirmative action, including (but not limited to) hiring, reinstatement or upgrading of employees, with or without back pay, or restoration to membership in any respondent labor organization, as, in the judgment of the commission, will effectuate the purposes of this chapter, and including a requirement for report of the manner of compliance. If, upon all the evidence, the commission shall find that respondent has not engaged in any such unlawful employment practice, the commission shall state its findings of fact and shall issue and cause to be served on the complainant or order dismissing the said complaint as to such respondent. A copy of its order shall be delivered in all cases to the industrial commissioner, the attorney-general, and such other public officers as the commission deems proper. The commission shall establish rules of practice to govern, expedite and effectuate the foregoing procedure and its own actions thereunder. Any complaint filed pursuant to this section must be so filed within thirty days after the alleged act of discrimination.

Sec. 19. Any complainant, respondent or other person aggrieved by such order of the commission may obtain judicial review thereof, and the commission may obtain an order of court for its enforcement, in a proceeding as provided in this section. Such proceeding shall be brought in the district court of the state within any county wherein the unlawful employment practice which is the subject of the commission's order occurs or wherein any person required in the order to cease and desist from an unlawful employment practice or to take other affirmative action resides or transacts business. Such proceeding shall be initiated by the filing of a petition in such court, together with a written transcript of the record upon the hearing before the commission, and the issuance and service of a notice of motion returnable at a special term of such court. Thereupon the court shall have jurisdiction of the proceeding and of the questions determined therein, and shall have power to grant such temporary relief or restraining order as it deems just and proper, and to make and enter upon the pleadings, testimony, and proceedings set forth in such transcript an order enforcing modifying, and enforcing as so modified, or setting aside in whole or in part the order of the commission. No objection that has not been urged before the commission

shall be considered by the court, unless the failure or neglect to urge such objection shall be excused because of extraordinary circumstances. Any party may move the court to remit the case to the commission in the interests of justice for the purpose of adducing additional specified and material evidence and seeking findings thereon, provided he shows reasonable grounds for the failure to adduce such evidence before the commission. The findings of the commission as to the facts shall be conclusive if supported by sufficient evidence on the record considered as a whole. All such proceedings shall be heard and determined by the court and by any appellate court as expeditiously as possible and with lawful precedence over other matters. The jurisdiction of the district court shall be exclusive and its judgment shall be final, subject to review by the supreme court in the same manner and form and with the same effect as provided in the supreme court rules for appeals from a final order on judgment. The commission's copy of the testimony shall be available at all reasonable times to all parties for examination without cost and for the purposes of judicial review of the order of the commission. The appeal shall be heard on the record without requirement of printing. The commission may appear in court by one of its attorneys. A proceeding under this section when instituted by any complainant, respondent or other person aggrieved must be instituted within thirty days after the service of the order of the commission.

Sec. 20. Any person, employer, labor organization or employment agency, who or which shall willfully resist, prevent, impede or interfere with the commission or any of its members or representatives in the performance of duty under this chapter, or shall willfully violate an order of the commission, shall be guilty of a misdemeanor and be punishable by imprisonment in a penitentiary, or county jail, for not more than one year, or by a fine of not more than five hundred dollars, or by both; but procedure for the review of the order shall not be deemed to be such willful conduct.

Sec. 21. The provisions of this chapter shall be construed liberally for the accomplishment of the purposes thereof. Nothing contained in this chapter shall be deemed to repeal any of the provisions of the civil rights law or of any other law of this state relating to discrimination because of race, creed, color or national origin; but, as to acts declared unlawful by section twelve (12) of this chapter, the procedure herein provided shall, while pending, be exclusive; and the final determination therein shall exclude any other action, civil or criminal, based on the same grievance of the individual concerned. If such individual institutes any action based on such grievance without resorting to the procedure provided in this chapter, he may not subsequently resort to the procedure herein.

Sec. 22. If any clause, sentence, paragraph or part of this chapter or the application thereof to any person or circumstances, shall, for any reason, be adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this chapter.

ADOPTION OF REPORT OF SPECIAL COMMITTEE

Good of Boone called up the following report of the special committee and moved its adoption:

REPORT OF COMMITTEE TO INVESTIGATE SCHICK HOSPITAL

MR. SPEAKER:

Your committee appointed April 14, 1947, to make a personal inspection and study of the Shick General Hospital at Clinton, Iowa, begs leave to make the following report:

That on April 15, 1947, the members of your committee consisting of C. G. Good, Harry E. Weichman, Ernest T. Smith, Lawrence M. Boothby, David G. Ainsworth and H. W. Walter made a trip to Clinton, Iowa, and inspected the property with a view of acquiring it for use by the state of Iowa as a mental hospital.

After careful deliberation, your committee has arrived at the following conclusions:

1. Until it has been determined that these facilities will not be made available as a Veterans' Hospital and Rehabilitation Center, the state should not consider its acquisition.

2. The size and extent of the project appears to be considerably in excess of the immediate needs of the state.

3. The buildings are not suitable for mental patients because they are set in close proximity to each other.

4. The type and apparent temporary character of construction is such that it would entail considerable unknown expenditures to remodel to suit the needs of the state.

5. The shortage or lack of hospital personnel at the present time makes questionable the ability to operate an additional institution.

6. Sufficient acreage is not available for farming, dairying and gardening essential to state institutions.

7. The cost of gas, water, electricity and coal approximates \$100,000.00 per year.

8. There are no railroad facilities to the area.

9. The government has imposed certain conditions upon the state of Iowa, which are not feasible, if acquisition is made.

C. G. GOOD.

HARRY E. WEICHMAN.

ERNEST T. SMITH.

LAWRENCE M. BOOTHBY.

DAVID G. AINSWORTH.

H. W. WALTER.

Motion prevailed and the report was adopted.

CONSIDERATION OF HOUSE CONCURRENT RESOLUTION 28

Whereas, Said committee after an inspection of the property and study of the conditions of the sale thereof, respectfully submits its findings and recommendations as follows to wit:

(1) Until it has been determined that these facilities will not be made available as a Federal Hospital and Rehabilitation Center the state should not consider its acquisition;

(2) The size and extent of the project appears to be considerably in excess of the immediate needs of the state;

(3) The buildings are not suitable for mental patients, because they are set in close proximity to each other;

(4) The type and apparent temporary character of construction is such that it would entail considerable unknown expenditures to remodel to suit the needs of the state;

(5) The shortage or lack of hospital personnel at the present time makes questionable the ability to operate an additional institution;

(6) Sufficient acreage is not available for farming, and gardening essential to state institutions;

(7) The cost of gas, water, electricity and coal approximates \$100,000.00 per year;

(8) There are no direct railroad facilities to the area;

(9) The government has imposed certain conditions upon the state of Iowa, which are not feasible if acquisition is made;

Now, Therefore,

Be It Resolved by the House, the Senate Concurring: That the Schick General Hospital, located at Clinton, Iowa, and offered for sale by the United States War Assets Administration to the state of Iowa, be not purchased or acquired by the state of Iowa.

Morrissey of Jasper moved to defer action on the House concurrent resolution.

Motion prevailed and action on House Concurrent Resolution 28 was deferred.

The bill having received a constitutional majority was declared to have passed the House and the title was agreed to.

The House resumed consideration of Senate File 109, a bill for an act to declare that it is the policy of the state of Iowa that no person shall be deprived of the right to work because of membership in, affiliation with, withdrawal or expulsion from, or refusal to join any labor union, organization or society, and to declare void any contract which contravenes this policy; also making it unlawful to require any person to pay dues or other charges to a labor organization as a condition of employment and to make it unlawful to deduct labor organization dues or other charges from the earnings of an employee unless the employee has authorized such deduction as provided in this act and to prescribe penalties for violations.

Prange of Marion offered the following substitute amendment to the Burkman amendment and moved its adoption:

Amend the amendment of C. A. Burkman, et al., filed April 18, 1947, to Senate File 109 by striking all after the enacting clause and by inserting in lieu thereof the following:

Section 1. It is hereby declared to be unlawful for any person, firm, association, labor organization or corporation to enter into a contract, agreement, understanding, written or oral, which provides for a closed shop.

Sec. 2. Ballot upon and for the election of any strike within the boundaries of the state of Iowa shall be a secret ballot, and to be effective, shall be a majority of those voting.

Sec. 3. Any election of officers of any firm, association, labor organization or corporation shall be by secret ballot of the members of said organization, and said election shall be effective upon a majority vote of those persons voting.

Hicklin of Louisa asked for a ruling of the chair on whether or not sections 2 and 3 of the Prange and Strawman amendment are germane to the main bill.

RULING BY THE SPEAKER

The gentleman of Louisa has raised a point of order as to whether or not sections 2 and 3 of the amendment by Prange of Marion and Strawman of Jones is germane to the Burkman amendment.

Rule 30 of the House is as follows:

"No motion or proposition on a subject, different from that under consideration, shall be admitted under color of an amendment".

The Burkman amendment relates to the employer and the employee and the right to refuse employment to any person because of his association with or refusal to join a labor union, association or organization and, as the Chair views it, relates to the relationship between employer and employee.

Section 2 of the Prange-Strawman amendment relates to a ballot upon and the election of a strike within the boundaries of the state and relates to the matter of a strike by the employees on their own motion and after a secret ballot and it seems to the Chair that the question of strike is not a proposition or subject which is the same as the content of the Burkman amendment.

Section 3 of the Prange-Strawman amendment relates to the election of officers of any labor organization and relates to the organizing and the providing of officers for a union. Such an election of course would not include members who were non-union men and is a subject which relates to the union itself rather than the subject of employer and employee. It is therefore the considered judgment of the Chair, in view of Rule 30, that sections 2 and 3 are not germane to the subject under consideration.

Strawman of Jones asked and obtained unanimous consent to

withdraw sections two and three of the amendment proposed by him and Prange of Marion.

Roll call was demanded.

On the question "Shall the Prange-Strawman amendment be adopted?"

Nelson of Woodbury offered the following amendment and moved its adoption:

Amend the amendment of Carl A. Burkman, et al., filed April 18, 1947, to Senate File 109 by striking all after the enacting clause and insert in lieu thereof the following:

Section 1. This act shall be known and may be cited as the "Labor Disputes Act."

Sec. 2. No court of this state, as defined in this act, shall have jurisdiction to issue any restraining order or temporary or permanent injunction in a case included within this act, except in a strict conformity with the provisions of this act; nor shall any such restraining order or temporary or permanent injunction be issued contrary to the public policy declared in this act.

Exclusive jurisdiction and power to hear and determine all actions

and suits coming under the provisions of this act shall be vested in the Courts of this State.

Sec. 3. In the interpretation of this act and in determining the jurisdiction and authority of the courts of this State, as such jurisdiction and authority are defined and limited in this act, the public policy of this State is hereby declared as follows:

Whereas under prevailing economic conditions, developed with the aid of governmental authority for owners of property to organize in the corporate and other forms of ownership association, the individual unorganized worker is commonly helpless to exercise actual liberty of contract and to protect his freedom of labor, and thereby to obtain acceptable terms and conditions of employment, wherefore, though he should be free to decline to associate with his fellows, it is necessary that he have full freedom of association, self-organization, and designation of representatives of his own choosing, to negotiate the terms and conditions of his employment, and that he shall be free from the interference, restraint, or coercion of employers of labors, or their agents, in the designation of such representatives or in self-organization or in other concerted activities for the purpose of collective bargaining or other mutual aid or protection;

Whereas equity procedure that permits a complaining party to obtain sweeping injunctive relief that is not preceded by or conditioned upon notice to and hearing of the responding party or parties, or that permits sweeping injunctions to issue after hearing based upon written affidavits alone and not wholly or in part upon examination, confrontation and cross-examination of witnesses in open court, is peculiarly subject to abuse in labor litigation for the reasons that:

- (1) The status quo cannot be maintained but is necessarily altered by the injunction.
- (2) Determination of issues of veracity and of probability of fact from affidavits of the opposing parties that are contradictory, and, under the circumstances, untrustworthy rather than from oral examination in open court is subject to grave error.
- (3) Error in issuing the injunctive relief is usually irreparable to the opposing party; and
- (4) Delay incident to the normal course of appellate practice frequently makes ultimate correction of error in law or in fact unavailing in the particular case.

Therefore, the following definitions of and the limitations upon the power or jurisdiction and procedure of the courts of this State in cases involving or growing out of labor disputes are hereby enacted.

Sec. 4. Any undertaking or promise, such as is described in this section, or any other undertaking or promise in conflict with the public policy declared in section 3 of this act, is hereby declared to be contrary to the public policy of this State, shall not be enforceable in any court of this state, and shall not afford any basis for the granting of legal or equitable relief by any such court against a party to such undertaking or promise, or against any other persons who may advise, urge or induce either party thereto to act in disregard of such undertaking or promise, including specifically the following:

Every undertaking or promise hereafter made, whether written or oral, express or implied, constituting or contained in any contract or agreement of hiring or employment between any individual, firm, company, association or corporation, and any employee or prospective employee of the same, whereby

(a) Either party to such contract or agreement undertakes or promises not to join, become or remain a member of any labor organization or of any employer organization; or

(b) Either party to such contract or agreement undertakes or promises that he will withdraw from an employment relation in the event that he joins, becomes or remains a member of any labor organization or of any employer organization.

Sec. 5. No court of this state shall have jurisdiction or power, in any case involving or growing out of a labor dispute, to issue any restraining order or temporary or permanent injunction which in specific or general terms impairs the right to do or prohibits any person or persons from doing, whether singly or in concern, any of the following acts:

(a) Ceasing or refusing to perform any work or to remain in any relations of employment regardless of any undertaking or promise to the contrary;

(b) Becoming or remaining a member of any labor organization or of any employer organization, regardless of any such undertaking or promise as is described in section 4 of this act;

(c) Paying or giving to, or withholding from, any person any strike or unemployment benefits or insurance, or other moneys or things of value;

(d) By all lawful means aiding any person who is being proceeded against in, or is prosecuting, any action or suit involving or arising out of a labor dispute in any court of the United States or of this State or of any State;

(e) Giving publicity to and obtaining or communicating information regarding the existence of, or the facts or merits involved in, any labor dispute, whether by advertising, speaking, patrolling, any public street or any place where any person or persons may lawfully be, or by any other method not involving fraud, duress or violence; provided that picketing or patrolling shall not be deemed to involve violence or duress merely because done in numbers;

(f) Organizing themselves; forming, joining or assisting in labor organizations; bargaining collectively with an employer by representatives freely chosen and controlled by themselves, or for the purpose of collective bargaining or other mutual aid or protection or engaging in any concerted activities;

(g) Persuading, by any lawful means, other persons to cease patronizing or contracting with, or employing or leaving the employ of any person or persons;

(h) Ceasing or refusing to work with any person or group of persons;

(i) Ceasing or refusing to work on any goods, materials, machines or other commodities;

(j) Assembling peaceably to do or to organize to do any of the acts heretofore specified to promote their lawful interests;

(k) Advising or notifying any person of an intention to do any of the acts hereintofore specified;

(l) Agreeing with other persons to do or not to do any of the acts heretofore specified;

(m) Advising, urging or otherwise causing or inducing, without fraud or violence, others to do the acts heretofore specified, regardless of any such undertaking or promise as is described in section 4 of this act; and

(n) Doing in concert of any or all of the acts heretofore specified on the ground that the persons engaged therein constitute an unlawful combination or conspiracy.

Provided that the specific enumeration in this section of acts which may not be restrained or enjoined shall not be construed to authorize the injunction or restraint of any act or acts not heretofore enjoicable or restrainable.

Sec. 6. No court of this state shall have jurisdiction or power, in any case involving or growing out of a dispute, to issue a restraining order or temporary or permanent injunction

(a) Upon the ground that any of the persons participating or interested in the labor dispute constitute or are engaged in an unlawful combination or conspiracy because of the doing in concert of the acts enumerated in section 5 of this act; or

(b) Forbidding any of the acts enumerated in section 5 upon the ground that illegal acts have been committed or threatened in the course of any labor dispute or that any ends sought to be accomplished by any party to the labor dispute are illegal.

Sec. 7. No officer or member of any association or organization, and no association or organization participating or interested in a labor dispute, as herein defined, shall be held responsible or liable in any civil action at law or suit in equity or in any criminal prosecution, for the unlawful acts of individual officers, members or agents, except upon proof beyond a reasonable doubt in criminal cases, and by the weight of evidence in other cases, and without the aid of any presumptions of law or fact, both of (a) the doing of such acts by persons who are officers, members or agents of any such association or organization, and (b) actual participation in, or actual authorization or, such acts, or of express ratification of such acts after actual knowledge thereof by such association or organization.

Sec. 8. No court of this state shall issue any restraining order or a temporary or permanent injunction in any case involving or growing out of a labor dispute, as herein defined, except after hearing the testimony of witnesses in open court (with opportunity for cross-examination) in support of the allegations of a complaint made under oath, and testimony in opposition thereto, if offered, and except after findings of fact by the court, to the effect:

(a) That unlawful acts have been threatened and will be committed unless restrained or have been committed and will be continued unless restrained, but no temporary or permanent injunction or temporary restraining order shall be issued on account of any threat or unlawful

act excepting against the person or persons, association or organization making the threat or committing the unlawful act or actually authorizing or ratifying the same after actual knowledge thereof;

(b) That substantial and irreparable injury to complainant's property will follow unless the relief request is granted;

(c) That as to each item of relief granted greater injury will be inflicted upon complainant by the denial of relief than will be inflicted upon defendants by granting of relief;

(d) That no item of relief granted is relief which is prohibited under section 5 of this act;

(e) That complainant has no adequate remedy at law; and

(f) That the public officers charged with the duty to protect complainant's property are unable to furnish adequate protection.

Such hearing shall be held only after a verified bill of complaint and a verified bill of particulars specifying in detail the time, place and the nature of the acts complained of and the names of the persons alleged to have committed the same or participated therein have been served and after due and personal notice thereof has been given, in such manner as the court shall direct, to all known persons against whom relief is sought, and also to the chief of those public officials of the county and city within which the unlawful acts have been threatened or committed charged with the duty to protect complainant's property; provided, however, that such notice shall in no case be less than forty-eight (48) hours. The hearing shall consist of the taking of testimony in open court with opportunity for cross-examination and testimony in opposition thereto, if offered, and no affidavits shall be received in support of any of the allegations of the complaint.

Sec. 9. No temporary restraining order or temporary injunction shall be issued except on condition that complainant shall first file a minimum undertaking of one thousand dollars. Where such an order or injunction is sought against more than a single individual, the court on the hearing shall make a finding of the number of individuals sought to be enjoined, provided, however, that the maximum undertaking that may be required pursuant to this section shall not exceed ten thousand dollars. The undertaking shall be sufficient to recompense those enjoined for any loss, expense, or damage caused by the improvident or erroneous issuance of such order or injunction, including all reasonable costs (together with a reasonable attorney's fee) and expense against the order or against the granting of any injunctive relief sought in the same proceeding and subsequently denied by the court.

The undertaking herein mentioned shall be understood to signify an agreement entered into by the complainant and the surety upon which a decree may be rendered in the same suit or proceeding against said complainant and surty, upon a hearing to assess damages of which hearing complainant and surety submitting themselves to the jurisdiction of the court for that purpose. But nothing herein contained shall deprive any party having a claim or cause of action under or upon such undertaking from electing to pursue his ordinary remedy by suit at law or in equity.

Sec. 10. No restraining order or temporary or permanent injunctive relief shall be granted to any complainant in a case involving or growing out of a labor dispute who has violated the public policy as declared in

section 3, or who has failed to plead and prove (a) compliance with all obligations imposed by law which are involved in the labor dispute in question and (b) that he has made every reasonable effort to settle such dispute (I) by negotiation, (II) with the aid of any available machinery of mediation or voluntary arbitration provided by law, and (III) with the aid of any machinery of mediation or voluntary arbitration provided for by agreement between any complainant and any person sought to be enjoined.

Sec. 11. No restraining order or temporary or permanent injunction shall be granted in a case involving or growing out of a labor dispute, except on the basis of findings of fact made and filed by the court in the record of the case prior to the issuance of such restraining order or injunction; and every restraining order or injunction granted in a case involving or growing out of a labor dispute shall include only a prohibition of such specific act or acts as may be expressly complained of in the bill of complaint or petition filed in such case and as shall be expressly included in said findings of fact made and filed by the court as provided herein, and shall be binding only upon the parties to the suit, their agents, servants and employees, and who shall by personal service or otherwise have secured actual notice of the same.

Sec. 12. No court of this state shall have jurisdiction or power, in any case involving or growing out of a labor dispute, to issue a temporary restraining order or temporary injunction where employees are defendants if the employer, either in anticipation of, or at, or subsequent to the inception of a labor dispute has employed persons or assigned other employees to perform the duties of employees then or subsequently not working because of the labor dispute; unless, prior to the granting of such restraining order or temporary injunction the said employer has discharged such persons and reassigned the other employees back to their former duties and such facts shall be averred under oath in the application for the temporary restraining order or temporary injunction; and no temporary restraining order or temporary injunction shall issue unless it contains the following provision: "This order (or injunction) shall remain in effect only so long as.....
(name of employer) shall not employ persons, or transfer employees to perform the duties of those now or hereafter not working because of the labor dispute."

Sec. 13. Every restraining order, temporary or permanent injunction, issued by a court of this state, in any case involving or growing out of a labor dispute, shall contain the following provisions:

"That complainant and/or the employer and their or either of their agents or employees shall be enjoined from any and all acts or threats of violence, intimidation, coercion, molestation, libel, or slander against the respondents or organizations engaged in the labor dispute."

Sec. 14. Whenever any court of the state shall issue or deny any temporary injunction in a case involving or growing out of a labor dispute, the court shall, upon the request of any party to the proceedings and on his filing the usual bond for costs, forthwith certify as in ordinary cases the record of the case, including a transcript of the evidence taken, to the District Court for its review. Upon the filing of such record in the District Court, the appeal shall be heard and the tempo-

rary injunctive order affirmed, modified, or set aside with the greatest possible expedition, giving the proceedings precedence over all other matters except older matters of the same character.

Sec. 15. Every temporary injunction and temporary restraining order, issued in a case involving or growing out of a labor dispute, shall by its terms expire within such time after entry as the court may fix, not to exceed ten (10) days, unless the plaintiff is ready by the expiration of such period to proceed to trial and shall pay the necessary calendar and trial fees. Every permanent injunction, issued in a case involving or growing out of a labor dispute, shall expire at the end of one hundred eighty (180) days after the date on which the judgment is signed, provided, however, that the duration of the injunction may be extended for another one hundred and eighty (180) days if, after a further hearing initiated and conducted in the same manner as the original hearing, the court shall determine that the injunction shall be continued or modified in accordance with the findings of facts on the subsequent hearing.

Sec. 16. Upon denial by the court of any injunctive relief sought in an action involving or growing out of a labor dispute, the court shall order the complainant to pay reasonable costs and expenses of defending the suit and a reasonable counsel fee.

Sec. 17. In all cases where a person shall be charged with contempt of a restraining order or injunction of a court or judge or judges thereof, by doing any act or thing therein, or thereby forbidden to be done by him, if the act or thing so done by him be of such character as to constitute also a criminal offense under the laws of the state or of the United States, the accused shall enjoy:

(a) The rights as to admission to bail that are accorded to persons accused of crime;

(b) The right to be notified of the accusation and a reasonable time to make a defense, provided the alleged contempt is not committed in the immediate view or presence of the court;

(c) Upon demand, the right to a speedy and public trial by an impartial jury of the judicial district wherein the contempt shall have been committed, provided that this requirement shall not be construed to apply to contempts committed in the presence of the court or so near thereto as to interfere directly with the administration of justice or to apply to the misbehavior or misconduct or disobedience of any officer of the court on respect to the writs, order or process of the court.

Sec. 18. The defendant in any proceeding for contempt of court may file with the court a demand for the retirement of the judge sitting in the proceeding, if the contempt arises from an attack upon the character or conduct of such judge and if the attack occurred elsewhere than in the presence of the court or so near thereto as to interfere directly with the administration of justice. Upon the filing of any such demand the judge shall thereupon proceed no further, but another judge shall be designated by the presiding justice of said court, or in the same manner as is provided by law. The demand shall be filed prior to the hearing in the contempt proceeding.

Sec. 19. Punishment for a contempt, specified in section 17, may be

by fine, not exceeding \$100, or by imprisonment not exceeding fifteen days, in the jail of the county where the court is sitting, or both, in the discretion of the court. Where a person is committed to jail, for the non-payment of such fine, he must be discharged at the expiration of fifteen days; but where he is also committed for a definite time, the fifteen days must be computed from the expiration of the definite time.

Sec. 20. When used in this act, and for the purposes of this act:

(a) The term "labor dispute" includes any controversy

(1) Concerning terms or conditions of employment, or

(2) Concerning the association or representation of persons in negotiating, fixing, maintaining, changing, or seeking to arrange terms or conditions of employment, or

(3) Concerning employment relations, including the right to be recognized as the representatives or bargaining agent of employers or employees, or

(4) Concerning the respective interests of employer employee, regardless of whether or not the disputants stand in the proximate relation of employer and employee, and regardless of whether or not an employer of employee is a party to, or participant in, such controversy.

(b) A person or association shall be held to be a person participating or interested in a labor dispute (1) if relief is sought against him or it and (2) if he or it is engaged in the industry, trade, craft, or occupation in which such dispute occurs, or is a member, officer, or representative of any association of employers or employees engaged in such industry, trade, craft or occupation, or has a direct or indirect interest therein, or is a person acting on behalf of any such person or association, or to promote the interest thereof, or is a person who uses or deals with the products of, or services provided by the industry, trade, craft or occupation in which such dispute occurs.

(c) A case shall be held to involve or to grow out of a labor dispute if such dispute is (1) between one or more employers or associations of employers and one or more employees or association of employees; or (2) between one or more employers or association of employers and one or more employees or association of employees; or (3) between one or more employees or association of employees and one or more employees or association of employees; or (4) a case involving any conflicting or competing interests in a labor dispute, as defined in subdivision (a) of this section, of persons participating or interested therein as defined in subdivision (b) of this section.

(d) The term "court" includes every court of record of the several counties of this state, including the judge or judges thereof.

(e) The term "complainant" includes every person, whether plaintiff or defendant in the cause, who seeks affirmative relief.

(f) The term "defendant" includes every person, whether plaintiff or defendant in the cause, against whom affirmative relief is sought.

De Groote McEleney Mr. Speaker

The bill having received a constitutional majority was declared to have passed the House and the title as amended was agreed to.

Burkman of Polk moved to reconsider the vote by which Senate File 109 passed the House and that the motion to reconsider be laid on the table.

Motion prevailed.

EXPLANATION OF VOTE

MR. SPEAKER:

Desiring to take advantage of the right granted me under the constitution to explain a negative vote on any act, I hereby state my reasons for voting "nay" on Senate File 109.

It is my considered and humble opinion that:

1. The bill does not solve the problems now existing between capital and labor.
2. The bill may only accentuate whatever troubles there may be between employers and employees in Iowa.
3. The bill does not in any way aid, or seek to aid, laborers in their

union rights, nor does it seek to curb unfair labor practices—and they do exist.

4. The bill being a mere fiat to abolish the "closed shop," upon publication, leaves countless thousands of innocent laborers to seek consolation in the thought that they are now independent and free men and women.

5. The bill was prepared not as a result of a thorough study of the problem but is apparently only an attempt (or excuse) to comply with a "mandate". The voice of labor was silent and seemingly unwelcome when this bill was prepared.

6. The whole problem should be thoroughly studied by an impartial Board, hearing from all sides. Then the necessary legislation should be suggested. This is especially true as Congress is now considering the subject from a National standpoint, and we could and should have the full benefit of their work.

This is not emergency legislation.

ALBERT STEINBERG.

EXPLANATION OF VOTE

MR. SPEAKER:

I wish to explain my negative vote on Senate File 109 as follows:

I have maintained that such legislation is national in scope and should be enacted by our National Congress. At the present time the final outcome of the rights of a state to pass such legislation is subject to question.

I further feel that the bill as passed will not foster improved relationship between employer and employee. It will weaken job security, lower working standards, and weaken the bargaining power of the union employees.

The subject matter of Senate File 109 is of such importance that I feel we have not the time nor facilities to make a complete study of conditions which would enable us to take intelligent action. Nothing has taken place in Iowa to justify immediate action at this time in the passage of this bill. It would be well for Iowa to study and profit from the experience of other states adopting such a law. Hasty action is often ill advised. We should exercise patience, self restraint and follow a course of mutual helpfulness. Such a course will enable both business and labor to work for a better social order and a greater Iowa.

EDNA C. LAWRENCE.

On motion by McFarlane of Black Hawk the House recessed until 3:00 p.m., today.

The House reconvened, Speaker Kuester in the chair.

The bill having received a constitutional majority was declared to have passed the House and the title was agreed to.

EXPLANATION OF VOTE

MR. SPEAKER:

My failure to vote on the final passage of Senate File 492—the bonus bill—is the result of the agreement among the seven members of the House who are veterans of World War II to request excuse from voting under Rule 15.

I am still solidly opposed to this measure and would have voted NO but for the reason stated above.

I am convinced that passage of this bill is a matter of political expedience and pressure and not a sincere vote on the merits of the measure and I continue to contend that a bonus is a national and not a state responsibility.

DAVID G. AINSWORTH.

EXPLANATION OF VOTE

MR. SPEAKER:

Though I favored passage of Senate File 492, I did not vote for the following reason: As Rule 15, Rules of the House, reads as follows, "No member shall vote on any question in the event of which he is personally interested".

LEONARD E. SCOTT.

EXPLANATION OF VOTE

MR. SPEAKER:

Desiring to take advantage of the right granted me under the Constitution to explain my request not to vote on any act I hereby state my reasons for not voting on Senate File 492.

It is my humble opinion that:

I. According to Rule 15, I should not vote.

II. The bill does not serve as an outright compensation, but instead it resolves itself into a loan to the veteran.

1. The compensation to the veteran will range from \$50.00 to \$500.00 to 238,000 veterans and each one will receive approximately \$350.00 per veteran capita average.

2. At the minimum interest rate of $1\frac{1}{4}\%$ on twenty year bonds it will cost $12\frac{1}{2}c$ on every dollar the veteran receives.

3. On the basis of the maximum interest rate stated in the bill, or $2\frac{1}{2}\%$, it would be $25c$ on each dollar the veteran receives.

III. As the bill is written it passes the responsibility to the people of the state based on the payment through ad valorem tax which is unpopular and increases the possibility of defeating any bonus bill.

1. The approximate millage levy against the three billion dollars of assessed value of the state would have to be approximately 2 $\frac{1}{3}$ mills for a period of twenty years to service this indebtedness.

a. Two-thirds of a mill necessary for interest charges.

b. One and two-thirds mills for the amortized principal.

IV. The joint Senate and House Military Committee and the eight-man sub-committee considered raising funds by other means of taxation, but the Attorney General ruled, first, that we could not issue revenue bonds; and second, that we could not pledge any indirect tax funds for this purpose.

1. Future legislatures, however, could supplement the ad valorem tax by special pledges of special taxes.

2. It was the idea of several members of the sub-committee including myself, that a ½ per cent sales and use tax may in the future be levied, which would produce approximately seven million dollars per year.

3. The above pledge in paragraph two would reduce the property tax to less than one mill and still carry only one-third of the load for three million dollars.

4. With the seven and three million dollars, or a total of ten million dollars, all of the bonds could be retired in ten years. This would materially reduce both the interest rate on the bonds and in addition would cut the time the bonds would run and consequently the dollars paid in interest, to one-half.

5. In my humble opinion the above combination would assure the passage of the bonus bill not only in the House, but assure passage by the people.

V. If this bonus bill passes the House and is approved by the people in their general election in 1948, I further state and pledge that any proceeds due me as a veteran in the form of a state bonus will be presented to the World War II Service Compensation Board for distribution to the disabled veterans of World War II, as the Board sees fit.

ERNEST KOSEK.

EXPLANATION OF VOTE

MR. SPEAKER:

We wish to explain our negative vote on Senate File 109 as follows:

A full explanation of our vote is embodied in an editorial appearing in the Witness Newspaper of Dubuque, Iowa. The said article being as follows:

"The controversy in Iowa over the closed shop reached a high pitch of tension Monday when over 50,000 workers marched on the State Capitol to protest the Anti-Closed Shop measure. Governor Blue in addressing the mass meeting before the Capitol Building said that the freedom to work was one of the fundamental freedoms on which this nation was built. Apparently those who oppose the closed shop regard it as a violation of that freedom. Such thinking, though rather common today, beclouds the issue.

"Does the Closed Shop, since only union members may work where it is established, violate their freedom to work?

"The Closed Shop, to be sure, is a restriction. But freedom and restriction always go hand in hand. Every day life is replete with such examples. The birds are free to fly but they are restricted to the air; fish are free to swim but they are restricted to the water; we are free to drive our cars on the highways but we are restricted to the right side of the road. And so important are these restrictions that if for example, birds attempted to fly in water or fish attempted to swim in air or we attempted to drive our cars on the left side of the road, the freedom in each case would cease.

"Now the working man must be regarded as functioning within the framework of the highly organized structure of competitive economy. The labor union despite the abuses to which it has been subjected has become an integral part of that structure. It is through the union that the laboring man can best protect himself from economic slavery or

guarantee his freedom to work; without labor unions the single worker is at the mercy of selfish, greedy individualistic capitalists. Without Closed Shops, however, the union is prevented in many ways from helping its members. A strike, for example, can be prevented from being as it should only be a means of obtaining justice.

"Those who are of the opinion that the Closed Shop militates against the freedom to work need to answer this question: Standing alone, without the protection of the labor union, pitted against the vast and powerful competitive system of big industry, what freedom does the individual worker have? The slave wages, the sweat shops and the unhealthful working conditions still within the memory of many still living today supply the answer. We don't want to go back to that. In fact, industry doesn't want to go back to that. The smart owner or manager is not afraid of the Closed Shop.

"Of course there have been abuses, such as discrimination against certain workers, in the closed shop. There should be no objection to legislation against such abuses, but it is difficult to see the logic of seeking to correct abuses by legislating away the very institution of the Closed Shop. It seems that the lawmakers who backed the Anti-Closed Shop measure were acting as victims of a kind of Anti-Labor hysteria rather than in the best interests of the citizens of Iowa."

JOHN L. DUFFY.

"Sec. 4. The general school aid funds allocated to each district shall be determined as follows:

1. Multiply eleven (11) cents by the combined number of nontuition elementary students in average daily attendance and average number of elementary students for which the district pays tuition to another district. Multiply this product by the actual number of days school was officially in session, not to exceed one hundred eighty (180) days.

2. Multiply fourteen (14) cents by the combined number of nontuition high school students in average daily attendance and average number of high school students for which the district pays tuition to another district. Multiply this product by the actual number of days school was officially in session, not to exceed one hundred eighty (180) days.

3. Take the sum of the amounts found in paragraphs one (1) and two (2) of this section, this being the amount to which the district is entitled for general school aid under this act.

"Sec. 5. At the close of each school year, but not later than July 5, the local district shall supply to the state department of public instruction the information required for calculation of the amount reimbursable to the district. Forms for this purpose shall be supplied by the state department to each school district not later than June 1. After all claims have been calculated and validated for accuracy, the department of public instruction shall certify the same to the state comptroller for payment as soon as possible. In event that the amount appropriated for reimbursement of the school districts is insufficient to pay in full the amounts to each of the school districts, then the amount of each payment shall be reduced by the state comptroller in the ratio that the total funds appropriated and available bears to the total amount certified for reimbursement. All funds received or to be received under the provisions of this act shall be taken into account and considered by each school district when estimating the amount required for the general fund.

"Sec. 6. The superintendent of public instruction is hereby authorized to adopt such rules and regulations and definitions of terms as are necessary and proper for the administration of this chapter. When such conditions as unnatural weather hazards, bad roads, epidemics, and the like, occur to such an extent as to penalize any district, the superintendent of public instruction can adjust the formula by taking the average of several months attendance in lieu of the months affected by such epidemics or hazards.

"Sec. 7. For the purpose of carrying out the provisions of this act for the distribution of general aid herein appropriated the funds of each school district, except school house funds, shall be designated as a general fund and a special courses fund.

All moneys distributed to a public school district from the appropriations provided by this act shall be placed in said school district in the said general fund of said district which fund shall be used only for the following purposes:

The proportionate cost of operating and maintaining the school build-

ings and the proportionate cost of instruction and supervision occasioned by the teaching of the basic curriculum hereinafter described.

The special courses fund shall consist of moneys raised by levy against the taxable property of the school district for the proportionate cost of operating and maintaining buildings and the proportionate cost of instruction and supervision in teaching courses other than those included in the basic curriculum.

For the purposes of this act, there is hereby established in each public school a basic curriculum which shall consist of the following subjects:

a. In the elementary school, the following: reading, writing, arithmetic, spelling, grammar, including written and oral language and speech, geography, United States history, history of Iowa, elementary principles of American government, music, health and sanitation, physiology and hygiene including the teaching of the effects of alcohol, narcotics and poisons upon the human system, physical education, elementary sciences, and art.

b. In the junior and senior high school the following: principles of American government, constitutions of the United States and Iowa, history, economics, sociology, physical education, music, industrial arts, English, mathematics, science, language, business education, home economics, agriculture, and vocational education.

c. Any additional subjects which may be required to be taught by law."

The board of directors of each school district shall prepare a budget as required by law setting out the amount of money proposed to be expended from the general fund and from the special courses fund. The board shall include all state funds distributed to the district under the provisions of this act in the anticipated income to be received by the general fund, and the amount to be raised by taxation for general fund purposes shall be fixed after deducting the amount to be received from the appropriations in this act and any other funds received from the state of Iowa, from the budget requirements. The board shall include in its budget as a separate item any proposed expenditures from the special courses fund and the amount to be raised by taxation for such persons shall be separate and distinct from the levy for general fund purposes.

No transfer of funds shall be made to the special courses fund from the general fund, any provisions of the law to the contrary notwithstanding.

The state comptroller shall not approve any application for increased expenditures in the general fund by said district as provided in section two hundred ninety-eight point two (298.2), Code 1946, if any levy is made for the special courses fund.

SENATE AMENDMENT TO HOUSE FILE 93

Amend House File 93 by striking all after the enacting clause and inserting in lieu thereof the following:

"Section 1. The several school districts in the state of Iowa shall be entitled to and receive financial aid from the state in the manner and amount as provided in this act.

"Sec. 2. For the purposes of this act an elementary pupil is a pupil of school age attending public school who has not entered the ninth grade, and a high school pupil is a pupil of school age attending public school in any of the grades ninth to twelfth inclusive.

"Sec. 3. General school aid distributed under this act shall be on the basis of eleven (11) cents per day per elementary pupil and fourteen (14) cents per day per high school pupil for every day that such pupils actually attend school.

"Sec. 4. The general school aid funds allocated to each district shall be determined as follows:

1. Multiply eleven (11) cents by the combined number of nontuition elementary students in average daily attendance and average number of elementary students for which the district pays tuition to another district. Multiply this product by the actual number of days school was officially in session, not to exceed one hundred eighty (180) days.

2. Multiply fourteen (14) cents by the combined number of nontuition high school students in average daily attendance and average number of high school students for which the district pays tuition to another district. Multiply this product by the actual number of days school was officially in session, not to exceed one hundred eighty (180) days.

3. Take the sum of the amounts found in paragraphs one (1) and two (2) of this section, this being the amount to which the district is entitled for general school aid under this act.

"Sec. 5. At the close of each school year, but not later than July 5, the local district shall supply to the state department of public instruction the information required for calculation of the amount reimbursable to the district. Forms for this purpose shall be supplied by the state department to each school district not later than June 1. After all claims have been calculated and validated for accuracy, the department of public instruction shall certify the same to the state

comptroller for payment as soon as possible. In event that the amount appropriated for reimbursement of the school districts is insufficient to pay in full the amounts to each of the school districts, then the amount of each payment shall be reduced by the state comptroller in the ratio that the total funds appropriated and available bears to the total amount certified for reimbursement. All funds received or to be received under the provisions of this act shall be taken into account and considered by each school district when estimating the amount required for the general fund.

"Sec. 6. The superintendent of public instruction is hereby authorized to adopt such rules and regulations and definitions of terms as are necessary and proper for the administration of this chapter. When such conditions as unnatural weather hazards, bad roads, epidemics, and the like, occur to such an extent as to penalize any district, the superintendent of public instruction can adjust the formula by taking the average of several months attendance in lieu of the months affected by such epidemics or hazards.

"Sec. 7. For the purpose of carrying out the provisions of this act for the distribution of general aid herein appropriated the funds of each school district, except school house funds, shall be designated as a general fund and a special courses fund.

All moneys distributed to a public school district from the appropriations provided by this act shall be placed in said school district in the said general fund of said district which fund shall be used only for the following purposes:

The proportionate cost of operating and maintaining the school buildings and the proportionate cost of instruction and supervision occasioned by the teaching of the basic curriculum hereinafter described.

The special courses fund shall consist of moneys raised by levy against the taxable property of the school district for the proportionate cost of operating and maintaining buildings and the proportionate cost of instruction and supervision in teaching courses other than those included in the basic curriculum.

For the purposes of this act, there is hereby established in each public school a basic curriculum which shall consist of the following subjects:

a. In the elementary school, the following: reading, writing, arithmetic, spelling, grammar, including written and oral language and speech, geography, United States history, history of Iowa, elementary principles of American government, music, health and sanitation, physiology and hygiene including the teaching of the effects of alcohol, narcotics and poisons upon the human system, physical education, elementary sciences, and art.

c. Any additional subjects which may be required to be taught by law."

The board of directors of each school district shall prepare a budget as required by law setting out the amount of money proposed to be expended from the general fund and from the special courses fund.

The board shall include all state funds distributed to the district under the provisions of this act in the anticipated income to be received by the general fund, and the amount to be raised by taxation for general fund purposes shall be fixed after deducting the amount to be received from the appropriations in this act and other funds received from the state of Iowa, from the budget requirements. The board shall include in its budget as a separate item any proposed expenditures from the special courses fund and the amount to be raised by taxation for such persons shall be separate and distinct from the levy for general fund purposes.

No transfer of funds shall be made to the special courses fund from the general fund, any provisions of the law to the contrary notwithstanding.

The state comptroller shall not approve any application for increased expenditures in the general fund by said district as provided in section two hundred ninety-eight point two (298.2), Code 1946, if any levy is made for the special courses fund.

"Sec. 8. Sections two hundred seventy-six point thirty-two (276.32), two hundred seventy-six point thirty-three (276.33), and two hundred seventy-six point thirty-four (276.34), Code 1946, are hereby repealed.

The 52nd G.A.

We gathered here at the turn of the year,
In the fifty-second G.A.

With ambition bright in mind and heart,
To make laws that time could not sway.

The issues we faced of gigantic import,
Were many and varied in hue,
But a speaker we chose, who was strong and fair,
And he guided in statesmanship true.

Floor leaders we chose, of insight rare,
Who could charter the course of our days,
So that time was well spent, our thoughts in line
Toward our goal of fairness, always.

Committee work, we've often agreed,
Was strenuous sure, but in quality, rare,
And we come to the end of the course,
Results with the best compare.

We have disagreed, in many respects,
On questions of every size,
But by tolerance rare, and leadership staunch
We've arrived at a goal we prize.

Our governor staunch, we've often irked,
But by many a conference late,

We've proved again that Democracy,
Still reigns supreme in our state.

The friendships formed, and the things we've learned,
No time, nor tide can sever,
And in years to come, we'll prize more and more,
The ties that bind us together.

And as now we close the record fair,
On this G. A. strong and bold,
We pray that God in his infinite grace,
Our effort will bless, and uphold.

And we humbly pray, as time and tide
Tests our effort and strains it fine,
The records may show that this G.A.
Had some touch of guidance divine.

EXPLANATION OF OBJECTIONS TO SENATE FILE 486

MR. SPEAKER:

I use this method to explain my objections to consideration of Senate File 486 and the withdrawal of such objections.

Senate File 486, section 5, involves claim for the Oakville Consolidated School District, Oakville, Louisa county, Iowa, or deposit lost by the close of the Farmers Bank, Oakville, Iowa. This claim was for a sum of money in excess of the amount authorized by the authority of the district deposited in said bank.

It is my understanding that there are several other claims of like character, and that by the passage of this section a precedent might be set for the payment of such class of claims. By striking the section the bill is allowed to pass without objection, and I have no desire to stand in the light of objection to the other legitimate claims.

I sincerely believe that this class of claims should be paid by the state to relieve the loss by the taxpayer. The claim is legitimate and equitable and that provision in future legislatures should be made for the payment of all claims, of like nature, out of the sinking fund as provided by law.

Respectfully submitted,

M. F. HICKLIN.

GOVERNOR'S VETO MESSAGES ON HOUSE FILES

April 18, 1947

HONORABLE GUSTAV T. KUESTER:
Speaker of the House
State House
Des Moines, Iowa
DEAR SPEAKER KUESTER:

I am returning herewith House File 136 which I have disapproved for the following reasons:

As a general rule, taxes which are voluntarily paid do not secure to the person who pays the taxes any lien upon the property or right of recovery from the person owning the property. There is grave doubt in my mind whether a provision for a lien contained in the bill submitted adequately covers all the contingencies which might arise and sufficiently protect the State against loss from any taxes that might be paid under the provisions under this act.

The monies which would be paid out under the provisions of this act would amount at least to \$200,000 a year and would probably increase in amount, steadily. The full amount thereof would have to be paid from State funds, and no part thereof would be matched by Federal monies. The net effect of the bill would be to reduce the amount of funds available to pay for food and clothing to old-aged assistance recipients. If the State failed to increase the amount of appropriations, not only by the \$200,000 which would be paid out, but also by the full amount of the Federal funds, which would match this sum, if the sum were expended for food and clothing, the net effect of the bill, therefore, would be to take the amount available for food and clothing to old-aged assistance recipients in the amount of between \$400,000 and \$500,000.

I have, therefore, disapproved this bill and return it to you herewith.

Respectfully submitted,

ROBERT D. BLUE,
Governor of Iowa.
April 18, 1947

HONORABLE GUSTAV T. KUESTER:
Speaker of the House
State House
Des Moines, Iowa
DEAR SPEAKER KUESTER:

I am returning herewith House File 204 which I have disapproved.

This act purports to transfer \$5,742.18 collected by the Treasurer of Dallas County from a Citizens Special Fund for the retiring of special assessment certificates issued in connection with municipal improvements in cities and towns of Dallas County. In the first instance, this money belongs to the holder of the certificates. If, however, the certificates are outlawed and have not been presented, then this money should belong first of all to the property owners who paid the special assessment in

to the County Treasurer, or his successor in interest; and secondly, it should belong to the citizens of the municipality, where the property against which the special assessments were levied, is located.

While the bill submitted is not designated as a legalizing act, it is in effect such. The principle of a legalizing act is to correct some minor defect in the carrying out of some authority already provided for in the statute. It is not intended to be used to make legal acts which were void or invalid *Ab Initio*. There is no authority in the statute authorizing the county to levy a tax against a selected group of properties located in cities and towns, and to spend the proceeds of such tax for the general purpose of the whole county. The result of this act, however, would be to do just that thing.

I have, therefore, disapproved House File 204 and return same herewith.

Respectfully submitted,

ROBERT D. BLUE,
Governor of Iowa.
May 1, 1947

HON. ROLLO BERGESON
Secretary of State
State House,
Des Moines, Iowa

DEAR MR. BERGESON:

In accordance with the provisions of Section 16, Article 3 of the Constitution, I am depositing in your office House File 226 which I have disapproved.

This bill proposes to amend Section 19.15 of the Code. Section 19.15 provides that the assignment of rooms in the State Capitol shall be under the direction of the Executive Council and that such assignments may be changed from time to time. This section also provides that Room No. 4 in the basement story shall be the permanent quarters of the Grand Army of the Republic, Department of Iowa.

The bill under consideration seeks to amend this Section by providing that Room No. 4 in the basement story shall also be the permanent quarters of the Spanish American War Veterans, Department of Iowa.

The assignment of all rooms in the Capitol Building ought to be under the control of the Executive Council and subject to change at any time as conditions may require. The precedent established in the case of the Grand Army of the Republic ought not to be extended. Several veteran's organizations grew out of the First World War and a substantial number of veterans' organizations have come into existence as a result of the Second World War.

I find nothing in Section 19.15 which makes Room No. 4 in the basement story the exclusive quarters of the Grand Army of the Republic or that would prevent the sharing of these quarters with the Spanish American War Veterans, Department of Iowa.

For the reasons stated above, I have disapproved House File 226.

Respectfully submitted,

ROBERT D. BLUE,
Governor of Iowa.

May 1, 1947

HON. ROLLO BERGESON
Secretary of State
State House,
Des Moines, Iowa

DEAR MR. BERGESON:

In accordance with provisions of Section 16, Article 3 of the Constitution, I am depositing in your office House File 450 which I have disapproved.

The bill as submitted amends Section 232.35 of the Code. This section of the Code provides that in counties having a population of more than 40,000 the Board of Supervisors *shall* and in counties of over 30,000 *may* provide for detention homes and schools for juveniles.

The bill submitted applies only to Johnson County although not mentioning the County by name. It provides for such a detention home in counties where a state university under the State Board of Education with a student enrollment of at least 6,000 is located. There is only one state university in Iowa.

Section 30 of Article 3 of the Constitution states, "and in all other cases where a general law can be made applicable, all laws shall be general and of uniform operation throughout the state."

Johnson County is a county of more than 30,000 and under the provisions of Section 232.5, the Board of Supervisors now have the discretionary power to build a detention home and school if they see fit to do so. The natural inference is that for some reasons, whether good or bad, they have been unwilling to exercise the discretion vested in them for the purpose of erecting such a detention home and school. This bill would make it mandatory upon Johnson County Supervisors to build such a home. It would not affect any other county in the State of more than 30,000 or make it mandatory for such other counties to build such a home. The bill submitted, therefore, is not general in its application to other counties in the State of Iowa of more than 30,000 population.

If it had been the intention of the Legislature to include other counties of more than 30,000 population in the mandatory provisions of Statute with reference to building such a detention home, such purpose would have been easily achieved by striking the figures "40,000" and inserting the figures "30,000" and dropping the discretionary provisions of the Statute.

For the reasons above stated, I have disapproved House File 450.

Very truly yours,

ROBERT D. BLUE,
Governor of Iowa.
May 19, 1947

HON. ROLLO BERGESON
Secretary of State
State House,
Des Moines, Iowa

Dear Sir:

I am filing in your office in accordance with the provisions of the Constitution, House File 237 which I have disapproved for the following reasons:

The bill submitted provides for the payment of special assessments on state lands under the administration of the Conservation Commission out of funds provided for in Section 107.19 of the Code. The primary purpose of the Section 107.19 is to protect funds accruing to the fish and game protection fund. I believe that the bill presented is so loosely drawn that it would permit the use of funds heretofore devoted to the protection of fish and game to the payment of all types of special assessments. It is inadvisable to use fish and game funds for the purpose of paying special assessments.

If a new policy is to be adopted with reference to the payment by the state of special assessments for public improvements against property owned by the state, such policy could be extended to cover the property under the jurisdiction of the State Board of Education, the Board of Control, the Executive Council and the Adjutant General's Department, and not just Conservation Commission property.

The bill presented is probably intended to apply only to one or two pieces of property owned by the State and under the jurisdiction of the Conservation Commission, but it is so general in its scope that it might be applied to all property under the Commission and for the payment of special assessments levied by cities and towns or counties which could not be justified or which ought not to be paid out of fish and game funds.

Respectfully submitted,

ROBERT D. BLUE,
Governor of Iowa.

HON. ROLLO BERGESON
Secretary of State
State House,
Des Moines, Iowa

Dear Sir:

I am filing in your office, House File 340 which I have disapproved for the following reasons:

The bill proposed seeks to amend Section 638.27 of the Code of Iowa. This Section of the Code was enacted within recent years and requires the filing of an affidavit by executors, administrators, guardians, receivers and their attorneys stating that there is no contract for the splitting of fees. The apparent purpose of this statute is to control or eliminate the vice of fee-splitting.

The bill submitted provides an exception to the present statute by the permitting of the splitting of fees by "a regular and bonified part-

ner." The explanation attached to the original bill states that the present law seems to prevent the sharing of a fiduciary fee earned by an attorney with a law partner and seeks to change this condition.

As a matter of actual fact, the bill submitted would permit the sharing of executors, administrators, guardians, trustees and receivers fees, not only by law partners but by business partners regardless of the type of business which they were engaged in. This is contrary to the spirit and purpose of the original statute which is sought to be amended. The amendment had the effect of almost completely nullifying the effect of the original statute.

I have therefore disapproved House File 340.

Respectfully submitted,

ROBERT D. BLUE,
Governor of Iowa.

HON. ROLLO BERGESON
Secretary of State
State House,
Des Moines, Iowa

DEAR MR. BERGESON:

In accordance with the provisions of the Constitution, I am filing in your office House File 365 which I have disapproved for the following reasons:

Section 2 of the bill provides for an increase in the amount of state subsidy for certain fairs. The present economic condition of the State and of these institutions is such that I can see no sound reason for increasing the permanent amount of subsidy at this time.

I have therefore disapproved House File 365.

Respectfully submitted,

ROBERT D. BLUE,
Governor of Iowa.

GOVERNOR'S MESSAGE ON HOUSE FILE 521

May 19, 1947

HONORABLE GUSTAV T. KUESTER:
Speaker of the House of Rep.
State House,
Des Moines, Iowa

DEAR SPEAKER KUESTER:

I have signed House File 521. However, I have grave misgivings about the wisdom and also the constitutionality of Section 52 of this bill.

In the first place, the provisions of this Section, if literally and strictly construed, are so broad as to cover every Department of State Government, including the Board of Education, the Extension Department of the College at Ames, and the Health Department, as well as all other Departments of Government.

The primary principal of judicial construction of statutes is that the legislative will is the all important and controlling factor. If the

legislative will, as expressed in Section 52, is to ban publication of all booklets and pamphlets, except those expressly provided for by law, the work of many of the Departments of State Government would be seriously hampered.

If the legislative will, as expressed in Section 52, is that no pamphlet, regardless of how necessary it may be in carrying out the work of a Department, is to be issued except with approval of the Committee on Retrenchment and Reform, then the effect of such interpretation of the Section would be in a large degree to supersede the work of the Executive Council and the Printing Board, and of necessity, would require almost weekly meetings of the Interim Committee.

If this section of the bill were to be literally and strictly construed, it might very well be held to be in violation of Article 3 of the Constitution, which provides "the powers of the Government of Iowa shall be divided into three separate Departments—the legislative, the Executive, and the Judicial: and no person charged with the exercise of powers properly belonging to one of these Departments shall exercise any function appertaining to either of the others."

The Section in question is found in the General Appropriation Bill, providing the funds for the operation of all State Departments of Government after July 1. Unfortunately, this bill does not contain a constitutional savings clause.

If this Section was found to be unconstitutional, or if bill was vetoed, a special session of the legislature would be required to provide funds for the operation of State Government after July 1.

There is a general rule in respect to the judicial construction of statutes that all statutes are entitled to a presumption in favor of their constitutionality.

I have, therefore, while doubting the wisdom of and being uncertain as to the construction to be applied to Section 52 of this bill, signed House File 521 in order to avoid the unfortunate consequences attendant to a veto of said bill or the declaration of unconstitutionality of it.

Very truly yours,

ROBERT D. BLUE,
Governor of Iowa.

Memorial to the Honorable Heinrich H. Boettger of Scott County

MR. SPEAKER: Your committee, appointed to prepare a suitable resolution commemorating the life, character, and public service of the Honorable Heinrich H. Boettger, begs leave to submit the following memorial:

Heinrich H. Boettger, labor official and legislator, was born in Davenport, Scott County, Iowa, April 6, 1884, of German parentage. He was educated in the public schools of that city and attended Bethel Military Academy at Warrenton, Virginia, and later completed a business college course.

Mr. Boettger engaged in the cigar manufacturing business for many years at Davenport, having learned his trade in his father's factory. A pioneer in Union activities, in 1904 he was elected president of the Davenport Cigar Makers Union; and also served as secretary and president of the Davenport Trades and Labor Assembly, and three terms as secretary of the Workingmen's Industrial Home Association. He represented the Iowa State Federation of Labor at the Denver convention of the American Federation of Labor held in November, 1908, and represented the Cigar Makers Union for six years at the State Federation conventions.

Mr. Boettger had been an employee of the Northwestern Bell Telephone Company at Sioux City and Des Moines for twenty-eight years, and at the time of his demise, which occurred July 7, 1945, at Des Moines, Iowa, was service bureau manager for the company at Des Moines.

In politics, Mr. Boettger was a Democrat, an active worker for the party and his record stands high in the annals of his community. He was elected as a representative from Scott County in 1908 and served in the Thirty-third, Thirty-fourth and Thirty-fifth Sessions of the General Assemblies of Iowa. Memorial to the Honorable Marion Bruce of Pocahontas County

MR. SPEAKER: Your committee, appointed to prepare a suitable resolution commemorating the life, character and public service of the late Honorable Marion Bruce, begs leave to submit the following memorial:

Funeral services for Marion Bruce of Des Moines were held Thursday, December 12, 1946, at 2:30 p.m. in the Rolfe Presbyterian church. Brief services had been held at 9 a.m. at Dunns Funeral Home in Des Moines.

Marion, second son of James J. and Mary Jane Bruce, pioneers, was born September 21, 1870, at the home of his grandparents, Mr. and Mrs. W. P. Price, in Lizard township, Pocahontas county, Iowa. The family residence was at Old Rolfe at the time. He resided at the old town until about 12 years of age, when the family moved to the new

town, to the railways and to the more modern conveniences. The next few years of his life were spent in getting an education. He went as far as the local school could carry him. There was no organized high school in the county at the time. He graduated from the Iowa business college at Des Moines in 1888.

Marion was united in marriage to Gussie Wilcox, September 21, 1893, and to this union one daughter was born, Coyla M., now Mrs. Dolliver Kent of Des Moines.

In 1897 Mr. Bruce was appointed postmaster at Rolfe by President McKinley and served 16 years, through the terms of Presidents Roosevelt and Taft. Other official capacities in which he served were, one term as city councilman and several years as town clerk. In 1933 the voters of Pocahontas county chose him to represent them in the Forty-fifth General Assembly as a member of the House.

In May, 1910, he founded the Rolfe Arrow, and in February, 1914, consolidated it with The Reveille. He continued to edit and publish The Arrow until September 1, 1937, when he disposed of the same, later selling his residence and becoming foot loose. Failing health induced this action.

Mr. Bruce was affiliated with the Presbyterian church much of his life, and in 1943 received a certificate of life membership in the Masonic Blue Lodge, which requires a continuous affiliation of fifty years.

He passed away at Iowa Methodist hospital, Des Moines, Iowa, on December 10, 1946, at 9:00 a.m.

Therefore, Be It Resolved by the House of Representatives of the Fifty-second General Assembly, That in the passing of the late Honorable Marion Bruce, the State has lost a valued and honored citizen, and the House would tender, by this resolution, its sincere sympathy to the surviving members of his family in their sorrow; and

Be It Further Resolved, That a copy of this resolution be spread upon the Journal of the House and that the Chief Clerk be instructed to send an enrolled copy to the family of the deceased.

MR. SPEAKER: Your committee, appointed to prepare a suitable resolution commemorating the life, character and public service of the Honorable Matthew Henry Calderwood, farmer, banker, and legislator, begs leave to submit the following memorial:

Matthew Henry Calderwood, revered citizen, was born May 4, 1863, in Winfield township, now a part of Sheridan township, Scott County, Iowa, the son of Henry and Nancy Ann Calderwood. The father came to America from Ireland in 1847 and for one year operated a sawmill at LeClaire before moving to the farm. The son, Matthew Henry, attended rural schools in his youth and studied one year at Northern Indiana Normal School, Valparaiso, Indiana. On September 20, 1887, he married

Sarah Ritchie Brownlie of Long Grove, Iowa, and they began their marital journey on the farm at Eldridge, where their lives were spent.

A champion of improved farming, better roads, and good schools, he actively participated in the efforts to improve and enlarge his community. A director and past president of the Mississippi Valley Fair and Exposition Committee, he served his State loyally and well. A former justice of the peace and president of the local school board for many years, he aided in the everyday living of his associates.

In politics, Mr. Calderwood was a Republican, and was the representative from Scott county in the Twenty-ninth, Thirtieth, and Thirty-first General Assemblies. A loyal member of the party, his efforts and activities were instrumental in bringing about legislation to the honor of Iowa and his county.

A beloved member of his community, his passing on May 22, 1945, at Eldridge, Iowa, bereaves the State and his county of a respected and beloved citizen. Loyal, conscientious, capable, and interested in all matters of public benefit, his passing is mourned by all who were fortunate enough to be listed among his large list of friends and acquaintances. Six children survive him, Mrs. Charles B. Weld of Watertown, Connecticut; Elizabeth Blanche Calderwood and Mrs. Helen Buhman of Iowa City; Mrs. Charles W. Reeder of Memphis, Tennessee; Almeda M. and Errett B. Calderwood of Eldridge, Iowa.

Memorial to the Honorable Gardner Cowles of Kossuth County

MR. SPEAKER: Your committee, appointed to prepare a suitable resolution commemorating the life, character and public service of the Honorable Gardner Cowles, Sr., begs leave to submit the following memorial:

Gardner Cowles, Sr., the son of a Methodist minister, was born in the parsonage at Oskaloosa, Iowa, on February 28, 1861. He spent his entire

life in Iowa. His college education was divided among three Iowa institutions: one year at Penn College at Oskaloosa, two years at Grinnell College, Grinnell, and his final year at the Iowa Wesleyan College at Mount Pleasant, where he graduated with a Bachelor of Arts degree in 1882. He paid his way through college by working at various jobs.

After finishing college he became superintendent of schools at Algona, Iowa. He held this position for two years, during eighteen months of which he was also a partner in publishing a weekly newspaper in Algona. As school superintendent, Mr. Cowles met one of the teachers, Miss Florence Call of Algona, graduate of Northwestern University, and a member of a pioneer northwest Iowa family. They were married December 3, 1884.

He subsequently went into the banking business and one venture led to another, until he controlled ten northwest Iowa banks; he also acquired a large amount of Iowa farm land.

He served Kossuth county as representative in the Twenty-eighth and Twenty-ninth sessions of the General Assembly of Iowa. After ending his legislative career, Mr. Cowles moved to Des Moines and entered the newspaper publishing field, acquiring control of the Des Moines Register and Leader in 1903, a paper of 14,000 circulation. Under his direction the Register and Tribune attained more than 350,000 daily and 425,000 Sunday circulation and received many national awards for newspaper excellence. Three members of its editorial staff won Pulitzer prizes and journalists from all parts of the world visited Des Moines to study its editorial and business methods and operations.

Long interested in education, in 1934, Mr. Cowles established and endowed the Gardner Cowles Foundation to aid Iowa colleges and charitable institutions. Among the Cowles Foundation gifts have been a library building to Drake University at Des Moines; a dormitory to Grinnell College; a convalescent home for crippled children in Des Moines; and an endowment to the Iowa Wesleyan College. The foundation gifts also included funds for a science building to Simpson College, Indianola; for a new negro community center building in Des Moines in honor of the late Wendell Willkie; and for a new science building to Drake University in honor of Harvey Ingham, Register and Tribune editor-emeritus and long time associate of Gardner Cowles.

Mr. Cowles was a personal friend of former President Herbert Hoover, who drafted Mr. Cowles to succeed General Charles G. Dawes as the middle-western director of the Reconstruction Finance Corporation when General Dawes resigned during the banking crisis in 1932. Mr. Cowles served as a director of the Reconstruction Finance Corporation one year and then, when the financial panic was ended—although President Roosevelt invited him to continue with the Reconstruction Finance Corporation—Mr. Cowles resigned his government position and returned to Des Moines.

During his latter years Mr. and Mrs. Cowles spent much time in travel, visiting almost all parts of the world.

Gardner Cowles, Sr., died February 28, 1946, when he was 85 years of age. His wife, three sons and three daughters survive Mr. Cowles. The daughters are Mrs. David Kruidenier of Des Moines; Mrs. James

D. LeCron of Berkeley, California, and Mrs. Bertha Quarton of Cedar Rapids, Iowa. The sons are John Cowles, president of the Minneapolis Star-Journal and Tribune, Minneapolis; Gardner Cowles, Jr., president of the Register and Tribune, Look magazine and of the Cowles Broadcasting Company; and Russell Cowles, a widely known painter of New York City. Fifteen grandchildren and eleven great grandchildren also survive.

With his courage, vision and high ideals, Mr. Cowles fashioned for himself a place of influence and respect and this House is proud to acknowledge the high character of his service and the influence of his life.

Therefore, Be It Resolved by the House of Representatives of the Fifty-second General Assembly, That, in the passing of the Honorable Gardner Cowles, Sr., the State of Iowa has lost a valued and honored citizen and his family a loving husband and father and the House of Representatives would tender, by this resolution, its sincere sympathy to the surviving members of his family in their sorrow; and

Be It Further Resolved, That a copy of this resolution be spread upon the Journal of the House and the Chief Clerk be directed to send an enrolled copy to the family of the deceased.

Born and reared in the pioneer days of Hancock county, he became one of the outstanding men of this period. His enthusiasm in promoting and participating in those organizations for the development of a fuller and more prosperous farm life mean much to the prosperity and happiness of his community. He was active in the sponsorship of a rural telephone company, a Farmers Cooperative Elevator, the Farmers Mutual Insurance Company, and the Farm Bureau. For 20 years he served as school treasurer and was chairman of the official board of the American Calvary Baptist church at Forest City.

Besides his outstanding contributions to his own community, he served the state as a member of the Iowa House of Representatives in the Thirty-sixth General Assembly, the Forty-fourth, Forty-fifth and Forty-fifth Extra sessions.

Surviving are his wife, a daughter, Mrs. Lyle Jefson, of Forest City, and his sons, Donald and Duane, of Corwith; six grandchildren and a host of friends. His daughter Doris preceded him in death.

Therefore, Be It Resolved by the House of Representatives of the Fifty-second General Assembly, That in the passing of the late Honorable Seth Benjamin Durant, the State has lost a valued and honored citizen, and the House of the Fifty-second General Assembly tenders, by this resolution, its sincere sympathy to the surviving relatives.

MR. SPEAKER: Your committee, appointed to prepare a suitable resolution commemorating the life, character and public service of the late Honorable Ernest Orlando Ellsworth, begs leave to submit this memorial:

Ernest Orlando Ellsworth, legislator and business man, passed from this life at Iowa Falls, Iowa, the evening of December 26, 1945.

He was born in the community of his residence on November 29, 1873, and spent most of his life there; the son of Eugene S. and Harriet Northrup Ellsworth. In early youth he attended the public schools of the community, later attending Shattuck Military Academy from which he graduated. After finishing his education, he took charge of his father's Chicago office and spent considerable time in the Boston office. Later, on his return to Iowa Falls, he was made secretary of the Iowa Falls Short Line Railroad which his father and a syndicate were building

between St. Paul, Minnesota, and Kansas City, Missouri, this being now a part of the Rock Island system.

The family were the owners of several large ranches in Iowa and the Dakotas, the management of these being taken over by Ernest, and he also became active in the banking interests of the family.

He took an active interest in Ellsworth College after the death of his father, for whom the college was named, and contributed liberally to its maintenance over a period of years. The college and city hall in Iowa Falls stand as memorials to his great interest in civic affairs.

Therefore, Be It Resolved by the House of Representatives of the Fifty-second General Assembly of Iowa, That, in the passing of Honorable Ernest Orlando Ellsworth, the people not only of Hardin county but of the entire State of Iowa have sustained a great loss.

Be It Further Resolved, That a copy of this resolution be spread upon the Journal of the House, and that the Chief Clerk of the House be directed to forward an enrolled copy to the family.

Early in life Mr. Felton became associated with his father in the feed business; in later years he became interested in farming and greatly expanded his feed business, and in the year 1932 he moved to Indianola where he developed one of the largest grain and feed manufacturing businesses in central Iowa.

Mr. Felton was chairman of the Warren County Republican Central Committee for ten years. He attended the Denison High School and after graduating from same attended the University of Iowa and studied law. After graduation, he took up the practice of law.

He soon entered the political life of the county. In 1902 he was elected county attorney and served Crawford county in that capacity for ten years. In 1914 he was elected a member of the State Legislature as Representative from Crawford county and he served as such for four years in the Thirty-sixth and Thirty-seventh sessions of the General Assembly, during which time he introduced the absent voter's ballot. On March 15, 1930, the late Governor John Hammill appointed him one of the judges of the sixteenth judicial district. He also served on the bench with Judge Hutchison and he served as a judge until his death.

Always active in civic affairs, Judge Klinker was a member of many different organizations. He had attained the position of Royal Arch and Knight Templar Mason and Shriner; was past Master of the A.F. and A.M. No. 567; a member of the Improved Order of Redmen, Knights of Pythias; president of Denison Chamber of Commerce; member and president of the Denison school board; also a member of the O.E.S.; Woodmen of the World; state and county bar associations; the Crawford County Old Settlers' Association and a member of the Half Century Club; and an active member of the Baptist Church.

Memorial to the Honorable Ellet Lepley of Grundy County

MR. SPEAKER: Your committee, appointed to prepare a suitable resolution commemorating the life, character and public service of the late Honorable Ellet Lepley, begs leave to submit the following memorial:

Mr. Ellet Lepley of Clay township, twice a Representative in the state legislature from Grundy county and a former member of the board of supervisors from the Clay-Felix district, died in Deaconess Hospital in Marshalltown August 21, 1946.

Mr. Lepley was born February 15, 1869, near Gifford, Iowa. He was the son of Mr. and Mrs. E. M. Lepley, pioneer residents of central Iowa. He grew up on the farm and his entire active lifetime was devoted to farming.

Mr. Lepley attended the rural schools and the Academy at New Providence. After completing his course there he taught in a rural school for a short time, after which he took a two year course at Iowa State College at Ames.

On October 3, 1895, Ellet Lepley and Cora Walton were married. They observed their golden wedding anniversary a little less than two years ago. During the first year of their marriage they lived on a farm near New Providence. A year later they moved to a farm in Clay township which thereafter served as their home. He had not done any active farm work for several years, but he and his wife continued to reside in their modern and comfortable home where they were surrounded by friends who loved and respected them.

Mr. Lepley was a member of the Democratic party. His section of the county has always been quite strongly Republican, but when he was a candidate for public office, his neighbors disregarded politics and supported him because they liked and trusted him and had confidence in his ability. He served two terms as a Representative in the Iowa state legislature.

Mr. Lepley served two three-year terms as a member of the county board of supervisors from the Clay-Felix district, and he served his district and his county well. During two years of that period he was made chairman of the board.

He also filled positions of public trust from time to time in his home township. For many years and at the time of his death, he was a member of the county board of education.

Two qualifications which he possessed in the highest degree were honesty and ability. These qualifications won and held the confidence and support of his neighbors. He was a plain, outspoken and conscientious man. He stood and worked continually for better education and better farming. When death comes to men of his type, the entire community feels a sense of deep loss and sorrow.

Surviving, besides Mrs. Lepley, are five children, Marion, who is a member of the faculty of Iowa State College; Mrs. Thomas Lynch, who resides on a farm in Clay township; Mrs. Milvoy Hasek, of Chicago; Dr. William Lepley, an associate professor at Penn State College; and Silas Lepley, who is in charge of large truck operations in Chicago.

Therefore, Be It Resolved by the House of Representatives of the Fifty-second General Assembly, That in the passing of the late Honorable Ellet Lepley, the State has lost a valued and honored citizen and the family a loving father and husband, and the House would tender, by this resolution, its sincere sympathy to the surviving members of his family in their sorrow; and

Be It Further Resolved, That a copy of this resolution be spread upon the Journal of the House and that the Chief Clerk be instructed to send an enrolled copy to the family of the deceased.

Memorial to the Honorable Wm. E. G. Saunders of Palo Alto County

MR. SPEAKER: Your committee, appointed to prepare a suitable resolution commemorating the life, character and public service of the Honorable Wm. E. G. Saunders, begs leave to submit the following report:

Wm. E. G. Saunders, who represented Palo Alto county in the Fortieth, Fortieth Extra, Forty-first, Forty-second and Forty-second Extra General Assemblies, passed away in Los Angeles, California, on January 16, 1947. Funeral services were held in the Church of the Recessional, Los Angeles, with interment in the family plot in Forest Lawn Memorial Park. The Reverend Norman McCay, former Methodist pastor of Emmetsburg, officiated at the last rites on January 18.

Mr. Saunders was born at Blairgowrie, Scotland, on July 27, 1865. At the age of 17 he came alone to America. For four years he worked on cattle ranches in New Mexico and Colorado. In 1886 he came to Emmetsburg, Iowa.

On July 1, 1889, he was united in marriage to Miss Vina Acers, a school teacher of Emmetsburg, and the couple established their first home at Blairgowrie Farm, five miles northeast of Emmetsburg.

In 1896 the Saunders family moved to Emmetsburg, building their home known as "Oakwood," one of northwest Iowa's beautiful mansions in its day. It was located on the west shore of Five Island Lake.

Mr. Saunders became an associate of the late banker, M. L. Brown, in the Brown Land and Loan Company, and later with the late Captain E. B. Soper, in the ownership of the First National Bank of Emmetsburg. In later years he was president of the Commercial and Farmers Savings Bank of Emmetsburg. During the Spanish-American war Mr. Saunders served with Company K, Iowa National Guard, as a captain of the 52nd regiment, Iowa Volunteers. When the war ended, Captain Saunders' return home was delayed by an attack of yellow fever and he was a patient in the famed Chickamauga Military hospital.

From 1899 to 1908 he engaged in the development for agriculture of "Laguna de Tache," Mexican land grant on King's River, Fresno and Kings counties in the San Joaquin Valley, California. The tract comprised 200,000 acres upon which he built the town of Laton. Later he was president of the Fresno Canal and Irrigation Company and the Consolidated Canal firm. Returning to Emmetsburg in 1908 he took an active part in civil matters, organizing the Medium Lake Improvement Company and promoting the construction of a dredge that was to deepen the south end of the former Medium Lake. Fast turning into a slough,

the lake, now Five Island, was only two or three feet deep in many places and was doomed to a swampy end.

Mr. Saunders was elected mayor of Emmetsburg, which office he filled for two terms. During his regime a construction program involving storm sewers, paving contracts and other necessary details was carried out.

Following his years as mayor, the Emmetsburg man was elected to the state legislature as representative from Palo Alto county. First elected as an "Independent" he was re-elected as the Republican nominee.

A charter member of the Knights of Pythias, he was also a Modern Woodman member, a 32nd degree Mason and a Mystic Shriner.

A member of the Emmetsburg Methodist Church for 50 years, Mr. Saunders was regarded as one of its local leaders and gave much of his time and effort as a popular layman in the congregation.

In 1941 Mr. and Mrs. Saunders moved to California to be near their children, who had established their homes in that state. The senior Saunders built a most attractive home at Altadena on the slopes of Mt. Lowe in the Sierra Madre range. From their residence they might enjoy the distant views of Pasadena, Los Angeles and the Pacific ocean in the picturesque landscape.

He took pride in his family and their activities. They in turn lavished care and devotion on their father in his declining years. His death removes one of Emmetsburg's courtly, public-spirited former citizens who lived to see many improvements and plans realized in the growth of his home community and state.

Surviving besides Mrs. Saunders are George Saunders and Gordon Saunders of Los Angeles, W. E. G. (Ewart) Saunders of San Mateo, Stewart A. Saunders of Berkeley and Mrs. William del Valle (Vina Saunders) of Seattle, Washington, and several grandchildren.

Therefore, Be It Resolved by the House of Representatives of the Fifty-second General Assembly, That in the passing of the Honorable Wm. E. G. Saunders, the State has lost a valued and honored citizen and the family a kind and loving husband and father, and the House would tender, by this resolution, its sincere sympathy to the surviving members of the family.

Be It Further Resolved, That a copy of this resolution by spread upon the Journal of the House and the Chief Clerk be directed to forward an enrolled copy to each member of the family and to the Librarian of the Carnegie Public Library at Emmetsburg, Iowa, to be filed as a permanent record in the biographical history of Palo Alto county.

Memorial to the Honorable Thomas A. Way of Hancock County

MR. SPEAKER: Your committee, appointed to prepare a suitable resolution commemorating the life, character and public services of the late Honorable Thomas A. Way, begs leave to submit the following memorial:

Thomas A. Way was born in McDonough County, Illinois, in 1860, the son of Chandler C. and Georgiana Way. They came to Hancock County in 1865, and located on a farm, later settling in Britt, where he lived until about 1900. He passed away at his home in Glendale, California, September 14, 1945.

Mr. Way received his education in the public schools of Hancock County and business college in Minneapolis. In 1881 he was instrumental in organizing the Hancock County fair. The first fire team in Britt was organized and financed by him and for many years known as the T. A. Way Independent Hose Company. About 1894, he organized the Commercial State Bank at Britt, and in 1898, with the late E. P. Healy, erected the Healy-Way building that still bears his name.

He served as president of the Wesley State Bank in 1903 and 1904; was one of the founders of the town of Woden, and he and Mr. Healy organized the first bank there and also opened its first drug store; for a time he was associated in the ownership of the Britt Tribune and later purchased and owned the Britt News. Besides extensive land and banking interests at Britt, Corwith, Wesley and Woden, he organized many independent telephone companies, which later were consolidated into the Western Electric Company of which he was president and until it became a part of the Northwestern Bell system with headquarters at Mason City, where Mr. Way then resided. With Sam A. Schneider and Truman A. Potter he organized the Mason City Mortgage & Loan Company and was active in securing the location of the cement industry there, which has utilized the vast deposits there of limestone and shale.

Mr. Way represented the Hancock and Wright County district in the Twenty-eighth General Assembly. He seldom sought political preferment for himself but was an untiring worker for political friends and in the field of politics was as successful and resourceful as in many business ventures in which he engaged. Following his legislative service, he gave vigorous and astute leadership in the management of the campaign for governor of Albert B. Cummins, and in later years again successfully performed the same service in the candidacy of Senator Dan W. Turner for the same office.

His wide personal acquaintance, energy and amiable personal traits brought to him a large following; a keen judge of men, with clear political vision, he attracted and secured the co-operation of many of Iowa's most forceful and influential citizens.

Following his retirement from political activities when Mr. Cummins went to the United States Senate, Mr. Way was associated with the D. S. B. Johnston Land Company of Minneapolis and had personal charge of the M. & St. L. Railway right-of-way purchases and town site developments on the new line extended northwest from Watertown, South Dakota, later establishing the Empire Land Company at Thief

River Falls, Minnesota, where he resided a number of years prior to his removal to Des Moines, where he engaged in developing real estate additions to the city.

His years of retirement were spent at Glendale, California, where with his wife, Mrs. Lillian M. Way, he resided. Those left to mourn his passing are his wife, Lillian, of Glendale, California; a son, Captain Clyde Way of the U. S. Army; a daughter, Mrs. L. H. Laurence of Glendale, California; and B. C. Way, a brother, of Mason City.

Therefore, Be It Resolved by the House of Representatives of the Fifty-second General Assembly, That in the passing of the late Thomas A. Way, the State has lost a valued and honored citizen, and the House of the Fifty-second General Assembly tenders by this resolution its sincere sympathy to the surviving relatives.

Be It Further Resolved, That a copy of this resolution be spread upon the House Journal and that the Chief Clerk be instructed to send an enrolled copy to the family of the deceased.
