HOUSE CONCURRENT RESOLUTION 15

Whereas, American farmers, especially the farmers of Iowa, have been undergoing severe economic strain from falling prices of their products and rising costs of production and marketing; and

Whereas, American agriculture is increasing the total output of farm products at a rate slightly faster than the rate at which demand for these products is growing, thereby causing a serious surplus of farm products, low prices and low incomes for farm families; and

Whereas, the many federal agricultural programs, while helpful to farmers, are not leading agriculture out of this wilderness of low incomes and disadvantageous economic circumstances compared with the non-farm population; and

Whereas, Iowa farmers are burdened with an increasingly adverse ratio between their net incomes and taxes; and

Whereas, the Iowa State College has served Iowa farmers and the general public ably and well, in discovering and advancing new methods of agricultural production, in improving individual farm efficiency, in

lowering the cost of food to consumers and in pushing forward the horizons of better farm family living; and

Whereas, the chief problem facing farmers at this time is not how to further expand total production, but rather to find ways of effectively using the bounty of American agriculture with a fair return to farm families for their skill and productiveness in creating this bounty; and

Whereas, the Iowa State College has announced a reorientation of its research and experimental program by establishing the new Agricultural Adjustment Research Center for the purpose of studying problems in marketing, processing, and utilization of farm products; new uses for present production and discovery of new crops and markets;

Now, Therefore, Be It Resolved by the House of Representatives, the Senate Concurring, that the General Assembly of the State of Iowa commends this reorientation of research effort at the Iowa State College, for the study of agricultural adjustment problems, and encourages the administration of the college to devote primary attention to this major problem in agriculture today.

Laid over under Rule 34.

Vermeer of Marion offered the following concurrent resolution:

HOUSE CONCURRENT RESOLUTION 16

Whereas, the Fifty-sixth General Assembly enacted chapter sixty-one (61) of the Acts of the Fifty-sixth General Assembly which provided for the payment of a bonus to persons who served in the armed forces of the United States during the Korean war, for the issuance and sale of bonds to pay such bonus, and for the imposition, levy and collection of a direct annual tax sufficient to pay the principal and interest on said bonds; and

Whereas, such Act was thereafter submitted to the people of the state at the general election held in November of 1956, and was at such general election approved by the people; and

Whereas, it is questioned whether the bonds authorized by such Act can be sold at the maximum rate of interest authorized by the Act; and

Whereas, since the enactment of such Act and the approval thereof by the people of the state, litigation has been commenced concerning the legality of such Act; and

Whereas, the approval by the people of such Act at the general election held in November, 1956, constituted a clear mandate by the people of the state that such bonus be paid and that such bonds be issued and taxes be levied as provided in such Act, which mandate demands that the Governor and General Assembly take all necessary action to accomplish the payment of such bonus, the issuance of such bonds and the levy of such tax; and

Whereas, should any court of competent jurisdiction hold that such Act is invalid and illegal under the Constitution of Iowa or should the sale of such bonds prove impossible at the maximum interest rate provided by such Act, the payment of such bonus, the issuance of such bonds, and the levy of such tax would be impossible without further legislative action;

Now, Therefore, Be It Resolved by the House, the Senate Concurring,

that in the event that chapter sixty-one (61) of the Acts of the Fifty-sixth General Assembly should by final judgment, decree or order of any court of competent jurisdiction be held to be illegal or invalid or should the payment of the bonus, the issuance and sale of the bonds, and the levy of the direct annual tax authorized in such Act be enjoined, prohibited or restrained by final judgment, decree or order of any such court, or should the sale of such bonds prove impossible at the maximum rate of interest authorized by such Act, the Governor is hereby respectfully requested by the General Assembly to immediately exercise the authority granted him by the Constitution to convene the General Assembly in special session to allow the General Assembly to consider such additional legislation as may be necessary to comply with the mandate of the people and accomplish the payment of a bonus to veterans of the Korean war in time for such legislation to be submitted to the people at the general election to be held in November of 1958.

Laid over under Rule 34.

Lucken of Plymouth offered the following House resolution, filed by him and Edgington of Franklin:

HOUSE RESOLUTION 13

Whereas, in the passing of our beloved Chief Clerk, Mr. A. C. Gustafson, the House of Representatives and the State of Iowa have lost a devoted servant and friend; and

Whereas, it is the wish of the members of the House of Representatives, the staff and employees thereof, to contribute some lasting memorial as a token of our respect and as an acknowledgment of the valued service of Mr. Gustafson to the House of Representatives and to the State of Iowa;

Now, Therefore, Be It Resolved by the House of Representatives, that the Speaker appoint a committee of three to consider a fitting memorial to the memory of Mr. Gustafson.

LUCKEN of Plymouth.
EDGINGTON of Franklin.

- 1 Amend House File 406 as follows:
 2 1. Amend the title by striking all after the word, "to" in
 3 line one (1) and substituting therefor the following:
 4 "enable counties to impose a sales and use tax for school
 5 purposes."
 6 2. By striking all after the enacting clause and inserting
 7 in lieu thereof the following:
 8 Section 1. Any county is hereby authorized and empowered
 9 to impose by ordinance enacted by the board of supervisors,
 10 any other provisions of the Code to the contrary notwithstanding,
 11 a retail sales tax, hereinafter referred to as a sales tax,
 12 upon the gross receipts from all retail sales of tangible
 13 personal property and other transactions within such county
 14 which at the time of the imposition of the county tax are
 15 subjected to the imposition and payment of the state retail
 16 sales tax and a complementary excise tax, hereinafter referred
 17 to as a use tax, on all use within such county of tangible
 18 personal property which, except as provided otherwise in this
 19 Act, at the time of the imposition of the county tax is subjected
 20 to the imposition and payment of the state excise tax on the use
 21 of tangible personal property.
 22 The exemption from the imposition of the state use tax of
 23 tangible personal property, the gross receipts from the sale of
 24 which are subject to the state sales tax, provided in subsection
 25 one (1), section four hundred twenty-three point four (423.4)
 26 of the Code, shall not apply to the county use tax; but the
 27 county use tax shall not be imposed upon the sale of tangible
 28 personal property, the gross receipts from the sale of which are

29 subject to the county sales tax of the same county. In the case
30 of tangible personal property brought into the county, if a
31 sales, excise, or occupation tax has already been paid on or with
32 respect to such property or its sale or use to any municipality,
33 county or other political subdivision of this or any other state,
34 then the rate of the county use tax shall be reduced by the rate
35 of such previous tax, and if the rate of such previous tax shall
36 be equal to or exceed the rate of the county use tax, no tax
37 shall be due. Notwithstanding any other provisions of this Act,
38 in no case shall the county sales and use tax be imposed upon the
39 sale or use of any commodity which is subjected to taxation under
40 chapter three hundred twenty-four (324) of the Code; nor shall
41 the county sales and use tax apply to the use of any tangible
42 personal property for the performance of building or construction
43 contracts executed prior to the date the imposition of the county
44 sales and use tax becomes operative and effective.

45 The rate of such county tax shall not exceed one (1) percent
46 of the gross receipts from such sales and other transactions as
47 are subject to the sales tax and one (1) percent of the purchase
48 price of such tangible personal property the use of which is
49 subject to the use tax.

50 Sec. 2. The sales and use tax imposed by a county pursuant
51 to this Act and all civil penalties that may be assessed as an
52 incident thereof shall be collected and enforced by the state tax
53 commission. The commission shall have full power to administer
54 and enforce this Act and such county ordinance and tax, to
55 collect all taxes and penalties due, to dispose of taxes and
56 penalties so collected in the manner hereinafter provided, and
57 to determine all rights to refunds arising on account of the
58 erroneous payment of a tax or penalty. In the administration and
59 compliance with this Act and in the administration, collection
60 and enforcement of such county ordinance and tax, the commission
61 and all persons who are subject to this Act and such county tax
62 shall have the same rights, remedies, privileges, immunities,
63 powers and duties and be subject to the same conditions,
64 restrictions, limitations, penalties and definitions of term, and
65 employ the same methods of procedure, as are prescribed in
66 Division IV, chapter four hundred twenty-two (422) and chapter
67 four hundred twenty-three (423) of the Code, in all respects
68 except the rate of tax and the disposition of tax and penalties
69 collected, as the same are now or may thereafter be amended, as
70 fully as if such provisions of the Code were set forth herein.
71 Provided, however, that any place in such provisions of the Code
72 where the words "state" or "Iowa" or other words of similar
73 import appear, the words "county" or the name of the county or
74 such other word of similar import shall be substituted if
75 required by the meaning of such provisions of the Code in order
76 to place such county retail sales and use tax upon the same
77 relative basis, extent, territorial extent and other status as
78 the state retail sales and use taxes.

79 All permits and licenses required by the provisions of the
80 Code relating to the state sales and use taxes shall apply to
81 the county sales and use tax and no additional permits or
82 licenses shall be required of any person by virtue of a county
83 sales and use tax. All county treasurers and retailers shall
84 have the same duties, responsibilities and powers to administer,
85 collect and enforce the county sales and use tax as are

86 prescribed for county treasurers and retailers in the
87 administration, collection and enforcement of the state sales and
88 use tax. The state tax commission shall forthwith pay over to
89 the state treasurer all taxes and penalties so collected. On or
90 before the tenth day of each calendar month, the commission shall
91 notify the state treasurer and state comptroller, in writing, to
92 disburse stated sums of money to the treasurer of the individual
93 counties from which the commission has received or collected
94 taxes or penalties hereunder during the second preceding calendar
95 month. The amount to be paid to each county shall be the amount,
96 after deduction of refunds, collected or received hereunder from
97 such county during the second preceding calendar month by the
98 commission less three (3) percent of such amount, after deduction
99 of refunds, which three (3) percent shall be retained by the
100 state treasurer and credited to the general fund of the state to
101 cover the cost incurred by the commission in administering and
102 enforcing this Act. Within ten (10) days after the receipt, by
103 the state treasurer and comptroller, of the disbursement
104 notification, such disbursement shall be made.

105 Sec. 3. An ordinance of the county board of supervisors
106 imposing a county sales and use tax shall specifically provide
107 that the net revenue to the county shall be for the general
108 school fund of the several school districts in said county and
109 that all of such revenue shall be credited to the school districts
110 in the manner provided in this Act.

111 Sec. 4. After passing of an ordinance imposing a county sales
112 and use tax by the county board of supervisors, the tax so
113 imposed shall not become operative and effective until:

114 1. The question of whether the imposition of such tax shall
115 be operative and effective within such county shall be submitted
116 to the electors of such county, not earlier than thirty (30) and
117 not later than ninety (90) days following the enactment of such
118 ordinance of the board of supervisors, at a general election or
119 a special election called for such purpose.

120 2. The question submitted to the electors shall include a
121 statement of the ordinance and the question of whether the tax
122 imposed by the ordinance shall be operative and effective within
123 such county. Prior to the election, such question, including the
124 ordinances, and notice of such election shall be published in a
125 newspaper of general circulation within such county, if there is
126 one, at least once each week for the three (3) full consecutive
127 weeks last preceding the election and copies of such question,
128 including the ordinance and notice of such election shall be
129 posted at least twenty (20) days prior to the election in at
130 least five (5) public places within the county.

131 3. If a majority of all votes cast upon such question shall
132 be in the affirmative, the tax imposed by such ordinance shall
133 become operative and effective within such county at the time
134 provided herein.

135 Sec. 5. As soon as may be possible the results of the
136 election shall be published for three (3) consecutive weeks in
137 a newspaper of general circulation within such county, if there
138 is one, and posted in five (5) public places within the county.

139 Sec. 6. A county sales and use tax once imposed and its
140 imposition made operative and effective may be repealed or its
141 rate changed only by enactment by the board of supervisors of an
142 ordinance repealing or changing the rate of such tax. Such

143 repeal or change in rate shall be effective and operative within
144 such county only after the question of whether such repeal or
145 change in rate shall be so operative and effective shall be
146 submitted to and approved by the electors of such county in
147 compliance with all appropriate provisions of this Act relating
148 to the submission of the original question as to whether the
149 imposition of such tax should be operative and effective.
150 However, if at any time subsequent to the original enactment of
151 an ordinance imposing such a tax by the board of supervisors of
152 any county, any change or amendment is made in the laws of the
153 state of Iowa regarding the sales, other transactions, and uses
154 of taxable personal property which are subjected to the imposition
155 and payment of the state sales and use taxes, then any such county
156 ordinance imposing a county sales and use tax shall automatically
157 be amended by the board of supervisors of such county to conform
158 with the amended or changed provisions of the state law regarding
159 the imposition and payment of the state sales and use taxes.
160 Such amendments to a county ordinance shall become effective at
161 the same time as do the amendments or changes to the state laws
162 and shall not be subject to the requirements of this Act
163 requiring the submission of questions to the electors of the
164 county. Such amendments shall be published and posted in the
165 same manner required by this Act for results of an election
166 concerning a question submitted to the people.

167 Sec. 7. Upon approval of the electors of a question regarding
168 whether the imposition, repeal, or change in rate of such tax
169 shall be operative and effective within such county, such
170 imposition, repeal, or change in rate shall become so operative
171 and effective on the first day of the second quarterly period,
172 as defined in section four hundred twenty-two point fifty-two
173 (422.52) of the Code, following such election. The board of
174 supervisors of the county shall transmit the results of such
175 election and a certified copy of the ordinance to the state tax
176 commission within five (5) days after the results of the election
177 have been officially determined. This notification shall
178 constitute sufficient authority for the commission to perform all
179 duties and responsibilities and other acts required of it by this
180 Act.

181 Sec. 8. Within ten (10) days after receipt by the county
182 treasurer from the state treasurer of the monthly payment of the
183 proceeds of a county sales and use tax, the county treasurer
184 shall disburse such part of such moneys to each school district
185 located in whole or part within the county as is equal to such
186 school district's proportion of the number of pupils living in
187 the county and in average daily attendance in public schools or
188 junior colleges. Such moneys shall be credited to the general
189 fund of the school district and may be used for any purpose for
190 which such general fund may be expended.

191 Sec. 9. Within thirty (30) days after the effective date of
192 a county sales and use tax in a county and at the close of each
193 school year thereafter, but not later than July 5, each school
194 district located in whole or part within such county shall supply
195 to the state department of public instruction the information
196 required for the calculation of that part of the county sales and
197 use tax to be paid to such school district. Forms for this
198 purpose shall be supplied by the state department to each school
199 district not later than July 1. After such information has been

200 calculated and validated for accuracy, the department shall
201 certify to the county treasurer the proportionate share of the
202 proceeds of the county sales and use tax to be paid to each
203 school district located in whole or part within the county.
204 For the purposes of this calculation a school year shall be
205 deemed to be that period from July of a year to July 30 of the
206 next year. A school district's proportionate share of the
207 proceeds of the county sales and use tax during a school year
208 shall be calculated and paid on the basis of the school
209 district's proportionate share of the number of pupils living in
210 the county and in average daily attendance at public schools or
211 junior colleges during the last preceding school year. When such
212 conditions as unnatural weather hazards, bad roads, epidemics and
213 the like, occur to such an extent as to penalize any school
214 district, the superintendent of public instruction may adjust the
215 formula by taking the average of several months attendance in
216 such district in lieu of the attendance during the entire school
217 year so as to exclude the months affected by such conditions.

218 Sec. 10. Section three hundred thirty-two point three
219 (332.3), Code 1954, is hereby amended by adding the following new
220 subsection:

221 "To enact ordinances imposing and levying a county sales and
222 use tax for school purposes as authorized by this Act."

EXPLANATION OF VOTE

I wish to explain my vote of "nay" on Senate File 457 which passed today with only two (2) dissenting votes.

During my visit to the Attorney General's office the House passed Senate File 457 with the Lisle amendment after my amendment to incorporate the contents of House File 180 was ruled out of order by the Chair. The Attorney General ruled the Lisle amendment, which was adopted, not germane and as a point of personal privilege I read the letter to the House, a copy of which is as follows:

ERNEST KOSEK.

State of Iowa
DEPARTMENT OF JUSTICE
Des Moines

April 11, 1957.

Honorable Ernest Kosek,
State Representative,
Building.

In re: Senate File 457

Dear Sir:

You inquire whether House File 180, providing for the exemption of institutions under the Board of Control from the Division of Personnel, is germane to an amendment proposed by Representative Lisle of Page County to Senate File 457, which states:

"The provisions of Section eight point five (8.5), Code 1954, shall not be applicable to the employees whose salaries are paid from the appropriation provided in this Act. All departments shall use the table of organization and salary schedule in effect on April 24, 1957, except that changes in the table of organization or salary schedule of any department may be made only with the approval of the executive council."

I would beg to advise you that in my opinion the amendment proposed by Representative Lisle, consisting of two sentences is in its present form not germane to Senate File 457 in that the second sentence relates to the executive council and sets up an entirely new system of classification of personnel under an entirely different administrative authority than is presently in being.

Under these circumstances, I would advise you that since the proposed Lisle Amendment in my opinion is not germane to Senate File 457, an amendment of the Lisle Amendment consisting of House File 180 would also not be germane to Senate File 457. However using House File 180 as an amendment to the Senate Amendment of House File 457 in my opinion would be germane.

Yours very truly,
NORMAN A. ERBE,
Attorney General.

Speaker Mooty in the chair.

House Joint Resolution 6, a joint resolution proposing to repeal sections six (6), thirty-four (34), thirty-five (35), and thirty-six (36) of article three (III), legislative department, of the constitution of the state of Iowa, and to adopt substitutes for sections six (6), thirty-four (34) and thirty-five (35) thereof, relating to representation in the senate and house of representatives and to the classification of senators.

Be It Resolved by the General Assembly of the State of Iowa:

Section 1. Section six (6), article three (III), legislative de-

partment, of the constitution of the state of Iowa is hereby repealed and the following is adopted as a substitute therefor:

"Senators shall be so classified by lot that one class, being as nearly one half as possible, shall be elected every two years. When either class consists of a greater number than one half of the total number of senators, newly elected senators shall be annexed by lot to one or the other of the two classes so as to keep such classes equal, and the senators annexed to the greater of the two classes shall serve a term of two years notwithstanding the provisions of section five (5) of this article."

Sec. 2. Section thirty-four (34), article three (III), legislative department, of the constitution of the state of Iowa is hereby repealed and the following is adopted as a substitute therefor:

"The senate shall consist of sixty (60) senators, to be elected from sixty (60) senatorial districts established by law. The state shall be divided into sixty (60) districts having as nearly equal population as possible. Where a senatorial district is constituted of more than one county, the counties shall be contiguous, and no county shall be divided in forming such a district; where a county is entitled to more than one senator, such county shall be divided into the number of senatorial districts equal to the number of senators to which the county is entitled. Provided, however, that two or more districts in the same county may by law be combined and the senators representing the county may be elected either from the several districts or at large from such county as the law may prescribe. At the first session of the general assembly following the adoption of this amendment and at each session immediately following the official publication of each succeeding decennial United States census thereafter, the general assembly shall take notice of the last preceding United States census and reapportion the senatorial districts as above prescribed based on the last preceding United States census. Provided, however, that if the general assembly fails to act at the first session following the adoption of this amendment or the first session following the official publication of each succeeding United States census enumerating the population of the several counties in this state, the supreme court shall take judicial notice of the last and each succeeding United States census and shall, on its own motion, proceed to designate and apportion the senatorial districts as hereinbefore provided, the provisions of section one (1), article three (III), of the constitution of the state of Iowa to the contrary notwithstanding."

Sec. 3. Section thirty-five (35), article three (III), legislative department, of the constitution of the state of Iowa is hereby repealed and the following is adopted as a substitute therefor:

"The house of representatives shall consist of a total number of members equal to the total number of counties. Every county shall constitute one (1) representative district and be entitled to one (1) representative."

Sec. 4. Section thirty-six (36), article three (III), legislative department, of the constitution of the state of Iowa is hereby repealed.

EXPLANATION OF VOTE

Explanation of vote to lay the committee amendment to House File 414 on the table:

We are in favor of increasing the benefits under the workmen's compensation act which we regard as inadequate at this time.

We voted to table the committee amendment to House File 414 for the purpose of killing this bill which would have destroyed the present workmen's compensation act and would have resulted in the disqualification of many persons presently eligible for benefits under the present act.

This bill in our opinion represents attempts by groups to take away protection provided under the present statutes, inadequate as they may be, by proposing bills dressed up with small increases in allowances

which are incidental and only tend to cover up the real intent and mislead legislators into voting in favor of the proposals, who might vote otherwise.

COMMUNICATION FROM THE GOVERNOR

STATE OF IOWA
Office of the Governor
Des Moines

April 15, 1957.

The Honorable W. L. Mooty,
Speaker of the House of Representatives,
Fifty-seventh General Assembly,
State House,
Des Moines, Iowa.

HONORABLE MEMBERS OF THE HOUSE OF REPRESENTATIVES:

House File 372, an Act relating to certain transit companies and systems, providing for temporary license fees for transit system vehicles, and making certain tax provisions of law temporarily inapplicable, is hereby disapproved and returned to the House of Representatives, in accordance with Article III, Section 16, Constitution of Iowa. House File 372 is disapproved for the following reasons:

First, the tax relief measures contained in House File 372 constitute an attempt to cope with what is essentially a *local* problem by means of legislation having a uniform, statewide applicability. As a result the proposed legislation fails to take into account the rather wide range of differences in the financial conditions of the several urban transit systems. In 1955, according to data compiled by the Transit Study Committee (p. 7), three companies made net profits—before income taxes—of \$45,926, \$73,263, and \$56,344, respectively. In view of the rather large number of businesses, including farms, operating with little or no profit, it does not seem appropriate to extend substantial tax reductions to companies with net incomes of the size quoted above. At the same time, the tax savings available through House File 372 would not be sufficient to make a profitable operation of some of the State's larger urban transit systems. By its indiscriminate application, House File 372 would provide unnecessary windfall gains to some profitable concerns, and—at the same time—inadequate financial relief to other transit firms.

The need for some type of remedial action to improve conditions in the urban transit industry is not here questioned. Rather, the disapproval of House File 372 is based on the considered opinion that the method of tax relief is inappropriate. The major benefits of urban transit systems are enjoyed by the residents of the areas served. If these benefits are worth the costs of providing the services, such costs should be borne by the groups benefitted, rather than being partially shifted to taxpayers throughout the State by means of tax exemptions. In this connection, it is respectfully suggested that chapters 195 and 196, Laws of the Fifty-sixth General Assembly, provide a sounder approach to the problems of local transit systems than that contained in House File 372. If such systems are to be supported, in part, by public funds it is preferable that representatives of the public have a voice in the use of such funds. If the provisions of these two chapters are too

restrictive to permit desired relief, some relaxation would be preferable to the approach contained in House File 372.

Second, House File 372 is defective in that it contains no provisions for standardization of accounting procedures of transit systems. Without such provisions, it is virtually impossible to determine the true financial conditions of the systems. Moreover, it would be equally difficult to determine when the conditions which allegedly warrant the "temporary" nature of the provisions of House File 372 had terminated.

Third, your attention is respectfully directed to the factors set forth in my message of April 2, addressed to the Honorable Members of the House of Representatives. Basically, the same observations contained in that message are applicable here. The legislation proposed in House File 372 adds one additional category of exemptions. More importantly, it establishes unprofitable operations as a basis for tax exemptions. It is not difficult to imagine the effects of this precedent on future requests for tax exemptions.

In general, the tax systems of State and local governments should not be employed as a device for salvaging specific businesses or industries from economic difficulties. The difficulties of local transit systems have arisen from basic shifts in modes of transportation and urban patterns of living. It is highly improbable that tax exemptions of the type proposed in House File 372 will reverse these basic social and economic trends. But the precedent which would be set by such exemptions could well contribute to a further erosion of the tax base.

Respectfully,

s/ HERSCHEL C. LOVELESS,
Governor.

 17 ing the intellectual or emotional integration and
 18 adjustment, by whatever terms or classification known.

19 2. "Patient". An individual under observation, care,
 20 or treatment in a hospital pursuant to this Act.

21 3. "Licensed physician". An individual licensed under
 22 the laws of this state to practice medicine, and a
 23 medical officer of the federal government while in this
 24 state in the performance of his official duties.

25 4. "Hospital". The public hospitals, or institutions,
 26 or part thereof, equipped to provide inpatient care and
 27 treatment for the mentally ill, under the board of control,
 28 at Cherokee, Clarinda, Independence, Mt. Pleasant, Woodward and
 29 Glenwood, and any which may be established in the future.

30 5. "Head of hospital". The physician administratively
 31 in charge of the professional services of a hospital,
 32 or his designee.

33 Sec. 2. The head of a public hospital under the
 34 board of control may admit for observation, diagnosis,
 35 care, and treatment, any individual who is mentally ill
 36 or has symptoms of mental illness and who, being sixteen
 37 (16) years of age or over, applies for admittance and
 38 any individual under sixteen (16) years of age who is
 39 mentally ill or has symptoms of mental illness if his
 40 parent or legal guardian applies therefor in his behalf.

41 Sec. 3. The head of the hospital shall discharge any
 42 voluntary patient who has recovered or whose hospitali-
 43 zation he determines to be no longer advisable. He may
 44 also discharge any voluntary patient if to do so would,
 45 in the judgment of the head of the hospital, contribute

46 to the most effective use of the hospital in the care
47 and treatment of the mentally ill.

48 Sec. 4. 1. A voluntary patient who requests his
49 release or whose release is requested, in writing, by
50 his legal guardian, spouse, parent or adult next of kin
51 shall be released forthwith except that:

52 a. If the patient was admitted on his own application
53 and the request for release is made by a person other
54 than the patient, release may be conditioned upon the
55 agreement of the patient thereto;

56 b. If the patient, by reason of his age, was admitted
57 on the application of another person, his release prior
58 to becoming sixteen (16) years of age may be conditioned
59 upon the consent of his parent or guardian;

60 c. If the head of the hospital, within five (5) days
61 from the receipt of the request, files with the county
62 hospitalization commission appointed by the court or
63 files with the district court a certification that in
64 his opinion the release of the patient would be unsafe
65 for the patient or others, release may be postponed
66 on application for as long as the hospitalization
67 commission or the district court determines to be
68 necessary for the commencement of proceedings for
69 judicial hospitalization, but in no event for more
70 than five (5) days.

71 2. Notwithstanding any other provision of this
72 Act, judicial proceedings for hospitalization shall
73 not be commenced with respect to a voluntary patient
74 unless release of the patient has been requested
75 by himself, his guardian or any relative mentioned in
76 subsection one (1) of this section.

77 Sec. 5. The head of any public hospital under the
78 board of control, subject to the availability of suit-
79 able accommodations except in case of medical
80 emergency, shall, receive in said hospitals for observa-
81 tion, diagnosis, care, and treatment any individual
82 whose admission is applied for under any of the follow-
83 ing procedures:

84 1. Hospitalization on medical certification by the
85 standard nonjudicial procedure set out in section six
86 (6) of this Act.

87 2. Hospitalization without endorsement or medical
88 certification by the emergency procedure set out in
89 section seven (7) of this Act.

90 3. Hospitalization for observation, diagnosis, treatment,
91 and screening on a writ for hospitalization by the
92 screening procedure set out in section eight (8) of
93 this Act.

94 4. Hospitalization for treatment care, and custody
95 on an order of hospitalization, the judicial
96 procedure set out in section nine (9) of this Act.

97 Sec. 6. Any individual may be admitted to a
98 hospital upon:

99 a. Written application to the hospital by a friend,
100 relative, spouse or guardian of the individual, a
101 health or public welfare officer, or the head of any
102 institution in which such individual may be, and

103 b. Certification by two (2) licensed physicians
104 that they have examined the individual and that they
105 are of the opinion that:

106 (1) He is mentally ill, and

107 (2) Because of his illness he is likely to injure
108 himself or others if allowed to remain at liberty, or

109 (3) He is in need of care or treatment in a mental
110 hospital, and because of his illness lacks sufficient
111 insight or capacity to make responsible application
112 therefor.

113 2. The certification by the licensed physicians
114 may be made jointly or separately, and may be based
115 on examination conducted jointly or separately. An
116 individual with respect to whom such certification has
117 been issued may not be admitted on the basis thereof
118 at any time after the expiration of fifteen (15) days
119 after the date of examination, exclusive of any period
120 of temporary detention authorized under section eleven
121 (11) of this Act. The head of the hospital shall
122 admit the patient on receiving the signed application
123 and certificate (or certificates) signed by two
124 physicians upon the patient presenting himself or being
125 brought to the hospital and shall forthwith make a re-
126 port of such admission to the board of control.

127 3. Such a certificate, upon endorsement for such
128 purpose by the secretary of the county hospitalization
129 commission or a judge of any court of record of the
130 county in which the individual is present, shall
131 authorize any health or peace officer to take the
132 individual into custody and transport him to a hospital
133 as designated in the application. Any relative, friend, or
134 other person with proper interest in the patient's welfare
135 may transport the patient to the hospital with or without
136 the endorsement by the court or the county hospitalization
137 commission.

138 Sec. 7. If any health or peace officer or physician
139 has reason to believe an emergency exists, and that:

140 a. An individual is mentally ill and, because of
141 his illness, is likely to injure himself or others
142 if allowed to remain at liberty pending examination
143 and certification by two licensed physicians, or

144 b. An individual who has been certified under
145 section six (6) of this Act as likely to injure him-
146 self or others and who therefore cannot be allowed
147 to remain at liberty pending the endorsement of the
148 certificate as provided in that section, such physician or
149 officer may take the individual into custody, apply
150 to a hospital for his admission, and transport him
151 thereto. The application for admission shall state
152 the circumstances under which the individual was
153 taken into custody and the reasons for the officer's
154 or physician's belief. The head of the hospital
155 admitting the individual shall forthwith make a
156 report thereof to the board of control.

157 Sec. 8. Proceedings for the involuntary
158 hospitalization of an individual may be commenced
159 by the filing of a written application with the

160 district court, or with the county hospitalization
161 commission appointed by the district court; the
162 application may be made by a friend, relative, spouse,
163 or guardian of the individual, or by the individual,
164 a licensed physician, a health or public welfare
165 officer, or by the head of any public or private
166 institution in which such individual may be. Any
167 such application shall be accompanied by a certifi-
168 cate of a licensed physician stating that he has
169 examined the individual and is of the opinion that
170 the individual is mentally ill, and should be
171 hospitalized; or the application shall be accompanied
172 by a written statement of the applicant that the
173 individual has refused to submit to examination by a
174 licensed physician.

175 2. Upon receipt of an application the court or the
176 county hospitalization commission shall give notice
177 thereof to the proposed patient, and to his legal
178 guardian, if any, or to his spouse, parent or nearest
179 known other relative or friend. If, however, the
180 court or county hospitalization commission has reason
181 to believe that notice would be likely to be injurious
182 to the proposed patient, notice to him may be omitted.

183 3. As soon as practicable, after notice of the
184 commencement of proceedings is given, the court or the
185 county hospitalization commission shall appoint a
186 licensed physician to examine the proposed patient and
187 report to the court or to the county hospitalization
188 commission his findings as to the mental condition of
189 the proposed patient and whether or not he needs
190 custody, care, or treatment in a mental hospital. The
191 licensed physician may be the physician on the county
192 hospitalization commission. If the patient is already
193 in a public hospital, having previously entered said
194 hospital under the provisions of either section two
195 (2), section six (6) or section seven (7) of this
196 chapter, and if the application for his admission
197 under the provisions of this section eight (8)
198 has been signed by the head of such public hospi-
199 tal, and if a physician on the staff of such public
200 hospital has signed a medical certificate, the court,
201 or county hospitalization commission, may accept such
202 medical certificate without further medical evidence,
203 and may issue a writ for hospitalization
204 thereon as set forth hereafter in this section eight (8).

205 4. The examination shall be held at a hospital
206 or other medical facility, at the home of the pro-
207 posed patient, or at any other suitable place not
208 likely to have a harmful effect on the patient's
209 health. A proposed patient to whom notice of the
210 commencement of proceedings has been omitted shall
211 not be required to submit to an examination against
212 his will; but upon the report of the licensed physi-
213 cian of refusal by the patient to submit to an exami-
214 nation, the court or the county hospitalization
215 commission shall give notice to the proposed patient
216 as provided under subsection two (2) of this section

217 and order him to submit to such examination.

218 5. If the report of the licensed physician is
219 to the effect that the proposed patient is not
220 mentally ill, the court or the county hospitalization
221 commission may without taking any further action
222 terminate the proceedings and dismiss the application;
223 otherwise, it shall forthwith fix a date for a hearing
224 and give notice of such, the hearing to be held not
225 more than fifteen (15) days after receipt of the report.

226 6. The proposed patient, the applicant, or any
227 other person to whom notice is required to be given,
228 shall be afforded an opportunity to appear at the
229 hearing, to testify, and to present and cross-examine
230 witnesses; and the court or county hospitalization
231 commission may in its discretion receive the testimony
232 of any person. The proposed patient shall not
233 be required to be present, and all persons not neces-
234 sary for the conduct of the proceedings shall be
235 excluded, except that the court or county hospitali-
236 zation commission may admit persons having a legitimate
237 interest in the proceedings. The hearings shall be
238 conducted in as informal a manner as may be consistent
239 with orderly procedure and in a setting not likely
240 to have a harmful effect on the mental health of the
241 proposed patient. The court or the county hospitali-
242 zation commission shall receive all relevant and
243 material evidence which may be offered and shall not
244 be bound by the rules of evidence. An opportunity to
245 be represented by counsel shall be afforded to every
246 proposed patient, and if neither he nor others provide
247 counsel, the court or county hospitalization commission
248 shall appoint counsel.

249 7. If, after completion of the hearing and considera-
250 tion of the record, the court or the county hospitali-
251 zation commission finds that the proposed patient is
252 mentally ill and because of his illness is likely to
253 injure himself or others if allowed to remain at liberty;
254 or if the finding is that the patient is in need of
255 custody, care or treatment in a mental hospital and,
256 because of his illness, lacks sufficient insight or
257 capacity to make responsible decisions with respect to
258 his hospitalization, then the court or commission shall
259 issue a writ for his hospitalization for a temporary
260 period not exceeding six (6) months, for observation,
261 diagnosis, treatment, and screening purposes.

262 8. The head of the hospital admitting a patient
263 pursuant to proceedings under this section shall forth-
264 with make report of such admission to the board of control.

265 Sec. 9. 1. Whenever a patient has been involuntarily
266 admitted to a hospital for diagnosis, treatment, and
267 screening, under the provisions of section eight (8)
268 of this Act, the head of the hospital shall cause him
269 to be examined, diagnosed, appropriately treated, and
270 evaluated or screened for future disposition.

271 2. If it is found that the patient is no longer
272 mentally ill to the extent that he is likely to
273 injure himself or others if allowed to remain at
274 liberty, and that he is not in need of custody, care,

275 or treatment in a mental hospital, then he shall be
276 forthwith discharged; and the date of discharge shall
277 be reported to the referring court or county
278 hospitalization commission.

279 3. If it is found that the patient is mentally ill,
280 and because of his illness is likely to injure himself
281 or others if allowed to remain at liberty; or if it is
282 found that the patient is in need of custody, care or
283 treatment in a mental hospital and, because of his
284 illness, lacks sufficient insight or capacity to make
285 responsible decisions with respect to his hospitaliza-
286 tion, then a report shall be made to the court or the
287 county hospitalization commission whereupon an order
288 for his hospitalization for an indeterminate period
289 may be made, otherwise, the court or commission shall
290 dismiss the proceedings, in which case the head of the
291 hospital must be immediately advised, and the patient
292 must be discharged.

293 4. The head of the hospital admitting a patient
294 pursuant to proceedings under this section shall forth-
295 with make a report of such admission to the board of
296 control.

297 Sec. 10. 1. If an individual ordered to be hospital-
298 ized pursuant to the previous section is eligible for
299 hospital care or treatment by an agency of the federal
300 government, the court or county hospitalization com-
301 mission, upon receipt of a certificate from such
302 agency showing that facilities are available and that
303 the individual is eligible for care and treatment
304 therein, may order him to be placed in the
305 custody of such agency for hospitalization. When
306 any such individual is admitted pursuant to the
307 order of such court or county hospitalization
308 commission to any hospital or institution operated
309 by any agency of the federal government within or
310 without the state, he shall be subject to the rules
311 and regulations of such agency. The chief officer of
312 any hospital or institution operated by such agency
313 and in which the individual is so hospitalized, shall
314 with respect to such individual be vested with the same
315 powers as the heads of hospitals or as the board of
316 control within this state with respect to detention,
317 custody, transfer, conditional release, or discharge
318 of patients. Jurisdiction is retained by the approp-
319 riate courts or county hospitalization commissions
320 of this state at any time to inquire into the mental
321 condition of an individual so hospitalized, and to
322 determine the necessity, if any, for continuance of
323 his hospitalization; and every order of hospitaliza-
324 tion issued pursuant to this section is so conditioned.

325 2. An order by a court of competent jurisdiction
326 of another state, or of the District of Columbia,
327 authorizing hospitalization of an individual by any
328 agency of the federal government shall have the same
329 force and effect upon the individual while in this
330 state as it would have in the jurisdiction in which
331 the court entering the order is situated; and the
332 court of the state or District of Columbia issuing

333 the order shall be deemed to have retained juris-
334 diction of the individual so hospitalized for the
335 purpose of inquiring into his mental condition and
336 thereby determining the necessity for continuance
337 of his hospitalization, as is provided in subsection
338 one (1) of this section with respect to individuals
339 ordered hospitalized by the courts or county hospitali-
340 zation commissions of this state. Consent is hereby
341 given to the application of the law of the state or
342 District of Columbia in which the court issuing the
343 order for hospitalization is located, with respect to
344 the authority of the chief officer of any hospital
345 or institution operated in this state by an agency
346 of the federal government to retain custody, trans-
347 fer, conditionally release, or discharge the individual
348 hospitalized.

349 Sec. 11. 1. Whenever an individual is about to be
350 hospitalized under the provisions of section six (6)
351 seven (7), eight (8), or nine (9) of this Act, the
352 court or county hospitalization commission shall, upon
353 the request of a person having a proper interest in
354 the individual's hospitalization, arrange for the
355 individual's transportation to the hospital with
356 suitable medical or nursing attendants and by such
357 means as may be suitable for his medical condition.
358 If patient is a female one attendant shall be a woman,
359 unless an immediate male relative serves as an
360 attendant. Whenever practicable, the individual to be
361 hospitalized shall be permitted to be accompanied by
362 one (1) or more of his friends or relatives.

363 2. Pending his removal to a hospital, a patient
364 taken into custody or ordered to be hospitalized
365 pursuant to this Act may be detained in his home, a
366 licensed foster home, or any other suitable facility,
367 under such reasonable conditions as the court or
368 county hospitalization commission may fix; but he
369 shall not, except because of and during an extreme
370 emergency, be detained in a nonmedical facility used
371 for the detention of individuals charged with or
372 convicted of penal offenses. The court or county
373 hospitalization commission shall take such reasonable
374 measures, including the providing of medical care, as
375 may be necessary to assure proper care of an individual
376 temporarily detained pursuant to this section.

377 Sec. 12. Whenever a patient has been admitted to
378 a hospital pursuant to section six (6) or seven (7)
379 of this Act on the application of any person other
380 than the patient's legal guardian, spouse, or next of
381 kin, the head of the hospital shall immediately notify
382 the patient's legal guardian, spouse, or next of kin,
383 if known.

384 Sec. 13. 1. Every patient admitted pursuant to
385 the provisions of section six (6), seven (7), eight
386 (8), or nine (9) of this Act shall be examined by the
387 staff of the hospital before or as soon as practicable
388 after his admission.

389 2. The head of the hospital shall arrange for exami-
390 nation by a physician of every patient hospitalized

391 pursuant to the provisions of section seven (7) of this
392 Act. If such examination is not held within five (5)
393 days after the day of admission, or if the physician
394 after such examination does not certify that in his
395 opinion the patient is mentally ill and is likely to
396 injure himself or others if allowed to remain at
397 liberty, the patient shall be immediately discharged.

398 Sec. 14. 1. The director of mental institutions
399 may transfer or authorize the transfer of an involun-
400 tary patient from one hospital to another, if the
401 director of mental institutions determines that it
402 would be consistent with the medical needs of the
403 patient to do so. Whenever a patient is trans-
404 ferred, written notice thereof shall be given to his
405 legal guardian, spouse or parent, or if none be known,
406 to his nearest known relative or friend. In all
407 such transfers, due consideration shall be given
408 to the relationship of the patient to his family,
409 legal guardian or to his friends, so as to maintain
410 relationships and encourage visits beneficial to the
411 patient.

412 2. Upon receipt of a certificate from an agency
413 of the federal government that facilities are available
414 for the care or treatment of any individual, ordered
415 hospitalized pursuant to law, in any hospital for care
416 or treatment of the mentally ill, and that such
417 individual is eligible for care or treatment in a
418 hospital or institution of such agency, the director
419 of mental institutions may cause his transfer to such
420 agency of the federal government for hospitalization.
421 Upon effecting any such transfer, notice shall be given
422 to the court that ordered hospitalization, and to the
423 legal guardian, spouse, or parent; or if none be known,
424 his nearest known relative or friend shall be notified
425 thereof immediately by the director of mental institu-
426 tions. No person shall be transferred to an agency
427 of the federal government if he is confined pursuant
428 to conviction of any felony or misdemeanor, or if he
429 has been acquitted of the charge on the grounds of
430 mental illness, prior to such transfer, the court
431 which originally ordered confinement of such person
432 shall enter an order for such transfer after appropriate
433 motion and hearing. Any person transferred as provided
434 in this section to an agency of the federal government
435 shall be deemed to be hospitalized by such agency
436 pursuant to the original order of hospitalization.

437 Sec. 15. The head of a hospital shall as frequently
438 practicable, but not less often than every six (6)
439 months, examine or cause to be examined every patient;
440 and whenever he determines that the conditions justi-
441 fying involuntary hospitalization no longer exist, he
442 shall discharge the patient and immediately make a report
443 thereof to the director of mental institutions.

444 Sec. 16. 1. The head of a hospital may release an
445 improved patient on convalescent status when he believes
446 that such release is in the best interests of the patient.
447 Release on convalescent status shall include provisions
448 for continuing responsibility of the hospital, including

449 a plan of treatment on an outpatient basis. Prior to
450 the end of a year after release of a patient on conva-
451 lescent status, and not less frequently than annually
452 thereafter, the head of the hospital shall re-examine
453 the facts relating to the hospitalization of the patient
454 on convalescent status, and if he determines that in
455 view of the condition of the patient hospitalization
456 is no longer necessary, he shall discharge the patient
457 and make a report thereof to the director of mental
458 institutions.

459 2. Prior to such discharge, the head of the hospital
460 from which the patient was given release on convalescent
461 status may at any time readmit the patient. If there
462 is reason to believe that it is to the best interests
463 of the patient to be readmitted, the director of mental
464 institutions or the head of the hospital may issue an
465 order for immediate readmission of the patient. Such
466 an order, if not voluntarily complied with, shall, upon
467 endorsement of a judge of a court of record or
468 endorsement by the secretary of the county hospitaliza-
469 tion commission of the county in which the patient is
470 resident or present, authorize any health or peace
471 officer to take the patient into custody and
472 transport him to the hospital, or if the order is
473 issued by the director of mental health, to a
474 hospital designated by him.

475 Sec. 17. 1. Any patient hospitalized under the
476 provisions of section six (6) or seven (7) of this
477 Act who requests to be released or whose release is
478 requested, in writing, by his legal guardian, spouse,
479 or adult next of kin, shall be released within five (5)
480 days after receipt of the request, except that upon
481 application to the court, which application shall be
482 supported by a certification by the head of the
483 hospital that in his opinion such a release would be
484 unsafe for the patient or for others, release may be
485 postponed for such period, not to exceed five (5) days
486 as the court may determine to be necessary for the
487 commencement of proceedings for a judicial determina-
488 tion pursuant to section eight (8) of this Act.

489 2. The head of the hospital shall provide reasonable
490 means and arrangements for informing involuntary
491 patients of their right to release as provided in this
492 section and for assisting them in making and presenting
493 requests for release.

494 Sec. 18. Any patient hospitalized pursuant to section
495 nine (9) of this Act shall be entitled to a re-examination
496 of the order for his hospitalization on his own petition
497 or that of his legal guardian, parent, spouse, relative,
498 or friend to the district court of the county in which
499 he resides or is detained. Upon receipt of the petition,
500 the court shall conduct or cause to be conducted
501 hospitalization proceedings in accordance with section
502 nine (9) of this Act, except that such proceedings
503 shall not be required to be conducted if the petition
504 is filed sooner than six (6) months after the issuance
505 of the order of hospitalization, or sooner than one
506 (1) year after the filing of a previous petition under

507 this section.

508 Sec. 19. Every patient shall be entitled to humane
509 care and treatment and, to the extent that facilities,
510 equipment, and personnel are available, he shall be
511 entitled to medical care and treatment in accordance
512 with the highest standards accepted in medical practice.

513 Sec. 20. Mechanical restraints shall not be applied
514 to a patient unless it is determined by the head of the
515 hospital to be required by the medical needs of the
516 patient. Every use of a mechanical restraint, and the
517 reasons therefor, shall be made a part of the clinical
518 record of the patient under the signature of the head
519 of the hospital.

520 Sec. 21. Subject to the general rules and regula-
521 tions of the hospital, and subject to the extent
522 that the head of the hospital determines that it is
523 necessary for the medical welfare of the patient to
524 censor mail, and to impose restrictions, every patient
525 shall be entitled:

526 a. To communicate by sealed mail or otherwise with
527 persons, including official agencies, inside or out-
528 side the hospital;

529 b. To receive visitors;

530 c. To exercise all civil rights, including the right
531 to dispose of property, execute instruments, make
532 purchases, enter contractual relationships, and vote,
533 unless he has been adjudicated incompetent and has
534 not been restored to legal capacity.

535 2. Notwithstanding any limitations authorized under
536 this section to the right of communication, every
537 patient shall be entitled to communicate by sealed mail
538 with the director of mental institutions and with the
539 court or commission which ordered his hospitalization.

540 3. Any limitations imposed by the head of the hospital
541 on the exercise by the patient of the privileges set
542 forth in subsection one (1) of this section, and the
543 reasons for such limitations, shall be made a part of the
544 clinical record of the patient.

545 Sec. 22. The incompetency of a mentally ill individual
546 shall be determined in the same manner that incompetency
547 is determined in any other person, and shall be a
548 separate judicial proceeding. Any guardian appointed
549 in the case of an incompetent mentally ill individual
550 is subject to all the provisions of the general laws of
551 the state of Iowa pertaining to guardians and wards.

552 Sec. 23. Any individual detained pursuant to this Act
553 shall be entitled to the writ of habeas corpus upon
554 proper petition by himself or a friend to any court
555 generally empowered to issue the writ of habeas corpus
556 in the county in which he is detained.

557 Sec. 24. All certificates, applications, records,
558 and reports made for the purpose of this Act and which
559 directly or indirectly identify a patient, former
560 patient or an individual whose hospitalization has been
561 sought under this Act, shall be kept confidential and
562 shall not be disclosed by any person except in any one
563 of the following instances:

564 a. When it is necessary to clear title to property,

565 or to transfer title to property, or to transact busi-
566 ness in which information about the patient's status is
567 necessary for the transaction;

568 b. When the individual or his legal guardian, and if
569 he is a minor, when his parent or legal guardian shall
570 consent;

571 c. When disclosure may be necessary to carry out any
572 of the provisions of this Act;

573 d. When a court may direct upon its determination that
574 disclosure is necessary for the conduct of proceedings
575 before it, and that failure to make such disclosure
576 would be contrary to the public interest.

577 2. Nothing in this section shall preclude disclosure,
578 upon proper inquiry, of information as to a patient's
579 current medical condition, to any member of his family
580 or to his relatives or friends; or to hospital employees,
581 trainees, students, interns, or other persons who have a
582 proper interest in his case, in so much as such informa-
583 tion is necessary to teach and train them to care pro-
584 perly for said patient or similar patients; or to provide
585 information required to fill out insurance claims, or to
586 prepare other documents advantageous to the patient or
587 consistent with his welfare.

588 3. Subject to the regulations of the hospital, a patient
589 may be cared for and treated by the physician of his choice;
590 and, at no expense to the hospital, may receive special care
591 and private consultation and treatment. For medical reasons
592 the physician in charge may order special treatment at hospi-
593 tal expense.

594 Sec. 25. In addition to the specific authority granted
595 by other provisions of this Act, the director of mental
596 institutions shall have authority to prescribe the form
597 of applications, records, reports, and medical certificates
598 provided for under this Act and the information required
599 to be contained in each; to require reports from the head
600 of any hospital relating to the admission, examination,
601 diagnosis, release, or discharge of any patient; to visit
602 each hospital regularly to review the commitment procedures
603 of all new patients admitted between visits; to investigate
604 complaints made by any patient or by any person on behalf
605 of a patient; and to adopt such rules and regulations,
606 not inconsistent with the provisions of this Act, as he
607 may find to be reasonably necessary for the proper and
608 efficient hospitalization of the mentally ill.

609 Sec. 26. In each county there shall be a hospita-
610 lization commission which shall be composed of three (3)
611 regular members. In counties having two (2) places
612 where district court is held there shall be one (1) such
613 commission at each place. A special member may be
614 appointed whenever the court deems it advisable.

615 2. Each commission shall consist of the clerk of the
616 district court, one reputable physician in actual prac-
617 tice, who shall be a qualified psychiatrist if one is
618 available, and one reputable attorney in actual practice.
619 In the absence or inability of the clerk to act in any
620 case, his deputy may act. The special member may be a
621 psychologist, or otherwise possess technical knowledge
622 the court considers needed.

623 3. Said commission shall be appointed by the district
624 court. The appointment shall be by written order, signed
625 by the judge and recorded by the clerk. Appointments of
626 regular members shall be for two (2) years and be so
627 arranged that the term of one (1) member shall expire
628 each year. The appointment of successors may be made at
629 any time within three (3) months prior to the expiration
630 of the term of the incumbent. The term of the special
631 member shall be at the pleasure of the court.

632 4. The regular members shall organize by choosing
633 one (1) of their number as chairman. The clerk of the
634 district court or his deputy shall be clerk of the com-
635 mission. The commission shall hold its meetings at the
636 place best suited to the welfare of the patient being
637 brought before it, but ordinarily at a hospital or the
638 patient's home. It shall meet on notice of the clerk
639 or his deputy.

640 5. In the temporary absence or inability of two (2)
641 members to act, the member present may call to his aid,
642 temporarily, a person possessed of the qualifications
643 required for a member, which person may act in the same
644 capacity as the member he replaces. If one (1) of the
645 absent members is the clerk, his deputy shall act. The
646 record in such cases must show the facts of a member's
647 absence and by whom he is replaced.

648 6. The clerk of said commission shall:

649 a. Issue all processes required to be given by the
650 commission, and affix thereto his seal as clerk of court.

651 b. File and preserve in his office all papers and
652 records connected with any inquest by the commission.

653 c. Keep separate books of the proceedings of the com-
654 mission with entries sufficient to show, with the papers
655 filed, a complete record of the commission's findings,
656 writs, orders, and proceedings.

657 7. The notices, reports, and communications required to
658 be given or made by said commission may be sent by mail,
659 unless otherwise expressed, and the facts and date of such
660 sending and their reception must be noted on the proper
661 record.

662 8. The commission of hospitalization is an arm of the
663 court and, subject to the rules of the court, may represent
664 it in all civil proceedings pertaining to the protective
665 custody and the hospitalization of the mentally ill.

666 9. Compensation and expenses shall be established by
667 the court and allowed as follows:

668 a. To the member of the commission serving as physician,
669 a reasonable and just fee, based on time and effort invol-
670 ved, not less than seven (7) dollars and fifty (50) cents
671 nor more than twenty-five (25) dollars for each person
672 brought before said commission for a hearing.

673 b. To the member of the commission serving as attorney,
674 a reasonable and just fee based on time and effort invol-
675 ved, not less than seven (7) dollars and fifty (50) cents
676 nor more than twenty-five (25) dollars for each person
677 brought before said commission for a hearing.

678 c. To the examining physician and/or to the attorney
679 appointed to represent the patient when not a member of
680 the commission, a reasonable and just fee, based on time

681 and effort involved, not less than seven (7) dollars and
682 fifty (50) cents nor more than twenty-five (25) dollars
683 for each person examined by him and, in addition, mileage
684 of eight (8) cents a mile to and from the examination
685 and hearing.

686 d. To witnesses who volunteer information as friends
687 or members of the family, no fee shall be allowed. When
688 witnesses must be subpoenaed, the same fees as are paid
689 witnesses in the district court.

690 e. Fees on appeal shall be the same as in ordinary
691 actions.

692 10. The compensation and expenses provided for in sub-
693 section nine (9) of this section, and the fees of a peace
694 officer, if any, provided for in such cases, shall be
695 allowed and paid out of the county treasury in the usual
696 manner.

697 11. When funds to pay the expenses of transporting a
698 patient to a hospital are needed in advance, the commission
699 shall estimate the probable expense, including the neces-
700 sary assistance, and not including the compensation allowed
701 the peace officer; and on such estimate, certified by the
702 clerk, the auditor of the county shall issue a county war-
703 rant for the amount, as estimated, in favor of the peace
704 officer or other person executing such warrant,
705 and who shall accompany his return with a statement
706 of the expenses incurred; and the excess or deficiency
707 may be deducted from or added to his compensation, as
708 the case may be. If funds are not so advanced, such
709 expenses shall be certified and paid in the manner
710 already prescribed in this subsection on the return
711 of warrant. When the commission orders the return
712 of a patient, compensation and expenses shall be in
713 like manner allowed.

714 Sec. 27. 1. All patients admitted to the state
715 mental health institutions at Cherokee, Clarinda,
716 Independence, Mount Pleasant, Woodward, or Glenwood,
717 whether admitted voluntarily under the provisions of
718 section two (2) of this statute, or whether admitted
719 involuntarily under the provisions of section six (6),
720 section seven (7), section eight (8), or section nine
721 (9) of this statute, shall be classified as:

722 a. Public patients; or

723 b. Private patients.

724 2. The payment of the costs of hospital care and
725 the costs of professional services and treatment pro-
726 vided for public patients at public expense shall be in
727 accordance with the procedures set forth in chapter two
728 hundred and thirty (230), and elsewhere of the Code of
729 Iowa, except that public patients shall assign hospital
730 insurance benefits, if any, to the hospital; and if a
731 public patient has medical benefits, a separate account-
732 ing of the cost of the medical services provided for
733 him, based on actual cost, shall be established by the
734 head of the hospital, and claims entered by the approp-
735 riate person for payment of such benefits.

736 3. All private patients shall be kept and main-
737 tained at no expense to the state or county of legal
738 residence.

739 4. It shall be the duty of the court or of the
740 county hospitalization commission to have a thorough
741 investigation made by the appropriate county official,
742 or by an agency designated by the court or county hos-
743 pitalization commission, regarding a patient's finan-
744 cial condition and/or the financial condition of those
745 legally responsible for him. Based upon these find-
746 ings and report, if a patient is well able to pay in
747 full, or if those legally responsible for him are able
748 to pay in full, he shall be declared to be a private
749 patient and required to pay for his care in advance
750 and shall make appropriate arrangements with the head
751 of the hospital to do so. Voluntary private patients
752 may make all arrangements directly with the head of
753 the hospital at the time of admission.

754 5. If any private patient be admitted to a state mental
755 health institution and thereafter an order be issued
756 declaring the patient to be a public patient, the
757 expense of keeping said patient from the date of filing
758 of information upon said order shall be paid by the
759 state or county of legal residence as with any other
760 public patient.

761 6. If a private patient neglects or refuses to pay
762 his hospital account, the head of the hospital shall
763 make, or shall request the proper officials of the
764 county of legal residence to make an investigation, and
765 if such investigation establishes evidence that he can-
766 not or should not be declared a public patient, the cost of
767 his hospital care shall be paid by his county of legal
768 residence or by the state to the hospital in the
769 same manner as with a public patient, except the rate
770 charged shall be at the actual cost of the services
771 rendered, as determined by the head of the hospital,
772 and any such funds paid shall be charged against him
773 and collected by the county auditor in the same
774 manner as with public patients—the funds collected
775 to be sent to the comptroller, and credited to the
776 county or state as with public patients.

777 7. Every private patient, if he has an estate
778 sufficient for that purpose, or if those legally res-
779 ponsible for his support are financially able, shall
780 be liable to the county and/or state for all funds
781 paid by said county or state in behalf of such patient.

782 8. All moneys which private patients pay directly
783 to the hospital for hospital care and/or services pro-
784 vided by the hospital, and all moneys collected from
785 insurance companies for hospital benefits paid for
786 claims against all classes of patients, and all moneys
787 collected for medical services benefits paid to physi-
788 cians, when such funds may be claimed by the hospital,
789 shall be held in a special fund, to be known as the
790 Private Patient Care, Research and Education Fund, and
791 shall be and are automatically and continuously approp-
792 riated as additional funds to the hospital which col-
793 lected such funds. All funds thus collected are to be
794 used for the benefit of the hospital as determined by
795 the head of the hospital, and may be used in any manner
796 whatsoever, consistent with law, to improve the hospital.

797 Such funds are subject to audit and accounting the
798 same as any public fund.

799 Should refunds be due a patient, the same shall be made
800 promptly by the head of the hospital.

801 Sec. 28. 1. As of the date this statute takes
802 effect—all patients resident in a state mental
803 health institution at Cherokee, Clarinda, Independence,
804 Mount Pleasant, Woodward, and Glenwood, or otherwise
805 under the custody and control of such institutions,
806 and for which a guardian has been appointed, shall be
807 considered to be legally incompetent. All patients
808 resident in a state mental health institution at
809 Cherokee, Clarinda, Independence, Mount Pleasant,
810 Woodward, or Glenwood, or otherwise under the custody
811 and control of such institutions, who are considered
812 legally incompetent only on the grounds that they have
813 been found "insane" or feeble minded" by the former county com-
mission of

814 insanity, shall hereafter be considered legally com-
815 petent, unless subsequently declared incompetent by
816 the appropriate judicial proceedings, and the civil
817 rights of all such patients as set forth in this
818 statute are hereby returned to them, and they shall be
819 considered in the same manner as any patient who may
820 hereafter be admitted to a hospital under the provisions
821 of this Act.

822 2. All patients resident, on trial visit, on con-
823 valescent leave or parole, on elopement or otherwise
824 absent, who are under the legal care and custody of the
825 mental health institutes at Clarinda, Cherokee,
826 Independence, and Mount Pleasant, or who are under the
827 legal custody and/or care of the state hospital and
828 school at Woodward and the state hospital at Glenwood
829 as of the date this statute takes effect, shall be con-
830 sidered to be and are hereby declared to be admitted to
831 said state mental health institutes, or said state hos-
832 pital and school, or said state hospital under the
833 appropriate or corresponding provision of this
834 statute—as follows:

835 a. All patients who now reside in aforesaid mental
836 health institutes, or aforesaid state hospital and
837 school, or aforesaid state hospital, and who volun-
838 tarily entered at their own request, or if a minor,
839 at the request of their parent or legal guardian,
840 shall be considered to have entered under the provi-
841 sions of section two (2) of this Act;

842 b. All patients who now reside in, or are on visit
843 from, the aforesaid state mental health institutions
844 and who entered under a "Warrant of Admission" or
845 "Order of Admission" shall be considered to have
846 entered under a "writ of involuntary admission" under
847 the provisions of section eight (8) of this Act;

848 c. All patients who now reside in, or are on visit,

852 of commitment" issued by former county commissions of
853 insanity, district or juvenile court order, or order of

854 transfer from the board of control, shall be considered
855 to have entered under an "order of involuntary hospita-
856 lization" for an indeterminate period, under the provi-
857 sions of section nine (9) of this Act;

858 d. All patients now resident in the aforesaid state
859 mental health institutions as "guests", shall con-
860 tinue to be so considered; and the admission of patients as
861 "guests" from other state institutions is authorized.

862 e. All patients resident in the aforesaid state mental
863 health institutions on a physician's certificate, shall
864 be considered resident under the provisions of section
865 six (6) of this Act.

866 Sec. 29. If any provision of this Act or the
867 application thereof to any person or circumstances
868 is held invalid, the invalidity shall not affect
869 other provisions or applications of the Act which
870 can be given effect without the invalid provisions
871 or application, and to this end the provisions of
872 this Act are severable.

"The wages or salary for services of an employee who is the head of a family and residing with the same, to the amount of thirty (30) dollars per week exclusive of all payroll deductions in the form of taxes, shall be exempt from garnishment. All above said exempt amount shall be liable for garnishment, except that no creditor may garnish for more than one hundred fifty (150) dollars plus his costs of garnishment.

"Every employer shall pay to such employee such exempt wages or salary or commission or profit allowances not to exceed said amount of the wages or salary or commission or profit allowances earned by him, when due, upon such employee's making and delivering to his employer, his affidavit that he is such head of a family and residing with the same, notwithstanding the service of any writ of garnishment upon such employer, and the surplus only above such exempt wages or salary or commission or profit allowances shall be held by such employer to abide the event of the garnishment suit. If the amount of wages or salary or commission or profit allowances subject to garnishment shall not equal the costs of the garnishment, whatever remains of costs shall be paid by the person bringing the garnishment proceedings, and judgment shall be entered therefor against him, and no judgment for any such deficiency of costs shall go against the employer or the defendant. No employer so served with garnishment shall in any case be liable to answer for any amount not earned by such employee at the time of the service of the notice of garnishment."

1. By adding at the end thereof the following new sections:

"Sec. 4. In lieu of and as an alternative to the provisions of sections one hundred forty-seven point fifty-eight (147.58) through one hundred forty-seven point seventy-one (147.71), inclusive, of the Code, the medical examiners after due notice and hearing may direct the commissioner of public health to issue an order to revoke, suspend or place on probation the license of any person licensed to practice medicine and surgery for any of the grounds set forth in sections one hundred forty-seven point fifty-five (147.55) and one hundred forty-seven point fifty-six (147.56) of the Code.

"Sec. 5. Any proceeding for revocation, suspension or probation of a license to practice medicine and surgery shall be substantially in accord with the following procedure:

1. The medical examiners may, upon their own motion or upon verified complaint in writing, and shall, if such complaint is filed by the commissioner of public health, issue an order fixing the time and place for hearing thereon. A written notice of the time and place of the hearing together with a statement of the charges shall be served upon the licensee at least ten days before said hearing in the manner required for the service of notice of the commencement of an ordinary action.

2. If the licensee has absented or removed himself from the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever he may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by said rules. In case the licensee fails to appear, either in person or by counsel at the time and place designated in said notice, the medical examiners shall proceed with the hearing as hereinafter provided.

3. The hearing shall be before a member or members designated by the board. The board shall designate one member to serve as presiding member. Such presiding member is hereby empowered to issue subpoenas, administer oaths and take or cause depositions to be taken in connection with the hearing. He shall issue subpoenas at the request and on behalf of the licensee.

4. A stenographic record of the proceedings shall be kept. The licensee shall have the opportunity to appear personally and by his attorney, with the right to produce evidence in his own behalf, to examine and

cross-examine witnesses and to examine documentary evidence produced against him.

5. In case any person refuses to obey a subpoena issued by the presiding member or to answer any proper question put to him during the hearing, the presiding member may invoke the aid of any court of competent jurisdiction or judge thereof in requiring the attendance and testimony of such person and the production of papers. Any failure to obey such order of the court may be punished by the court as a civil contempt may be punished.

6. Unless the hearing is before the entire board, a transcript of the proceeding, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and his attorney shall have the opportunity to appear personally to present the licensee's position and arguments to the board. The board shall determine the charge or charges upon the merits on the basis of the evidence in the record before it.

7. If a majority of the members of the board vote in favor of finding the licensee guilty of any act or offense specified in sections one hundred forty-seven point fifty-five (147.55) or one hundred forty-seven point fifty-six (147.56) of the Code, the board shall prepare written findings of fact and its decision based thereon. Such findings of fact and decision shall be filed with the commissioner of public health who shall within ten days from such filing enter an order revoking, suspending or placing on probation the license as directed by the board in its decision. A copy of the commissioner's order shall immediately be sent by registered mail to the licensee's last known post office address accompanied by a copy of the board's findings of fact and decision.

8. The licensee shall have the right to a judicial review of the board's decision and the order of the commissioner. Such review shall be initiated by application to the district court in and for Polk County, or to the district court of the county in which the licensee resides, by any method permissible under the laws of this state. Such application must be made within thirty days after the date of the commissioner's order. On any such review, the hearing shall be tried as a suit in equity and shall be de novo.

"Sec. 6. The commissioner of public health is hereby authorized to accept the voluntary surrender of a license if accompanied by a written statement of intention. Such voluntary surrender, when so accepted, shall have the same force and effect as an order of revocation.

"Sec. 7. Any person whose license has been suspended, revoked or placed on probation may apply to the board of medical examiners for reinstatement at any time and the board may hold hearings on any such petition and may order reinstatement and impose terms and conditions thereof and issue a certificate of reinstatement to the commissioner of public health who shall thereupon issue a license as directed by the board."

SENATE CONCURRENT RESOLUTION 34

By Nolan, O'Malley, Elijah, Harbor and Henry

Whereas, Iowa has a higher proportion of its population over the age of sixty-five (65) than any other state in the nation; and

Whereas, there are more citizens of Iowa who are residents of private nursing homes than there are persons in all of the board of control institutions in the state; and

Whereas, the rate of first admissions to mental hospitals in Iowa of persons over sixty-five (65) years of age is the second highest in the nation; and

Whereas, studies made by the Federal Council on Aging and the Council of State Governments show that in the next twenty-five (25) years the proportion of elderly persons will increase and the problems of their care will become more acute, now therefore.

Now, Therefore, Be It Resolved by the Senate, the House Concurring

Section 1. A special committee of eleven (11) members is hereby created and shall be known as the Iowa study committee on the care of the aging. The members of the committee shall include a representative from the state department or board of health to be named by the state board of health, a representative from the state department or board of social welfare to be named by the board of social welfare, and a representative of the board of control to be named by the board of control, two (2) members of the Senate of the Fifty-seventh General Assembly to be appointed by the Lieutenant-Governor, two (2) members of the House of Representatives of the Fifty-seventh General Assembly to be appointed by the Speaker of the House of Representatives, and four (4) members who shall represent the general public, and who shall not be public officials, to be appointed by the Governor. All appointments of members shall be made within sixty (60) days after the adoption of this resolution.

Sec. 2. Any vacancies on the committee shall be filled by the same authority subject to the same restrictions as the original appointment.

Sec. 3. It shall be the duty of the committee to study all phases of the care of the aged in Iowa by both public and private agencies, including, but not restricted to, housing, health, medical care, nursing care, employment, discrimination, and economic problems regarding the aged as they affect the individual, the public and the government. The committee shall inquire into the availability of federal funds and services which may be provided for the care of the aged and shall recommend any legislation necessary to make it possible for Iowa to fully utilize such federal funds and services. The committee shall also inquire into any overlapping or conflicts of authority in the present laws of Iowa concerning or affecting the care of the aged.

Sec. 4. The various departments and agencies of the state and local government shall cooperate with the committee in the furnishing of such information, assistance and services as may be requested by the committee.

Sec. 5. The committee and each member thereof shall have all powers of a joint legislative committee and the members thereof, including the power to summon and compel the appearance of witnesses and to compel the production of books and papers by subpoena and the power to administer oaths.

Sec. 6. The committee shall enter into its duties as soon as it is appointed and shall choose a chairman from its members and adopt rules for the conduct of its procedures.

Sec. 7. The committee shall make a written report of its findings and recommendations including drafts of proposed bills to the Governor by October 1, 1958. The Governor shall cause copies of the report to be printed and shall mail copies to the elected members of the Fifty-eighth General Assembly on or before the fifteenth day of December, 1958.

Laid over under Rule 34.

SPECIAL ORDER

The Speaker announced the special order for the consideration of House Joint Resolution 23, a joint resolution proposing a joint bipartisan committee to be created and known as an election and election privileges committee, establishing its powers and duties and to make a report to the Fifty-eighth General Assembly.

The Chair made the following ruling in answer to the point of order raised by McCoy of Wapello in the morning session as to whether it was proper to take up House Joint Resolution 23 at this time:

House Joint Resolution 23 was introduced on Thursday, April 18. The Chair announced that it was the first reading of the resolution and that it was laid over, under Rule 34.

The proof of the Journal for Thursday erroneously showed that the resolution was referred to the sifting committee. The corrected Journal for Thursday showed that the resolution was laid over, under Rule 34. The question has been raised as to whether this resolution should have been referred to the sifting committee, under Rule 58, which deals with joint resolutions and reads as follows: "Joint resolutions shall be framed and treated as bills." The Chair has availed himself of legal counsel and is advised that Rule 58 applies only to matters of form as more

particularly set out in Rule 14 of the joint rules of the Senate and House. The Chair is further advised that he has authority, under Rule 34, to lay the resolution over or to refer it to a committee within his discretion. In this case the Chair elected to lay the resolution over.

Therefore, the Chair rules that Rule 34 applies to this situation and has been fully complied with and House Joint Resolution 23 is properly before us for consideration at this time.

2 clause and inserting in lieu thereof the following:
3 Section 1. Definitions as used in this Act:
4 1. The term "air carrier" means any firm, partnership,
5 corporation, association, trustee, receiver, assignee, or other
6 person or persons, whether or not in a representative capacity,
7 which engages in the transportation of persons or cargo for hire
8 by aircraft, but does not include:
9 a. An air carrier otherwise within the above definition
10 which is engaged solely in intrastate transportation whose flight
11 property is based at only one airport within the state; or
12 b. A foreign flag air carrier.
13 2. The term "aircraft" means any contrivance now known
14 or hereafter invented, used or designed for navigation of or
15 flight in the air for the purpose of transporting persons or
16 property, or both.
17 3. The term "aircraft arrivals and departures" means:
18 a. In scheduled operations, the number of scheduled
19 landings, takeoffs, air pickups and deliveries by the aircraft
20 of an air carrier;
21 b. In nonscheduled operations, all landings, takeoffs,
22 pickups and deliveries by the aircraft of an air carrier.
23 4. The term "flight property" means aircraft fully
24 equipped for flight, excluding spare parts, used in air
25 transportation within the state.
26 5. The term "ground time" means that time during which
27 flight property is on the ground.
28 Sec. 2. The state tax commission shall meet on the second
29 Monday in July of each year and it shall thereupon value and
30 determine the equalized assessment of the flight property
31 operated in the state of each air carrier in the same manner
32 that other personal property in the state is valued and assessed.
33 The proportion of the total valuation of such flight property
34 of each air carrier, as determined by the state tax commission,
35 to be allotted to this state shall be the ratio that the ground
36 time of all flight property operated during the preceding calendar
37 year within the state bears to the total ground time of all such
38 flight property operated during the preceding calendar year both
39 within and without the state.

40 Sec. 3. The state tax commission shall also, at said
41 meeting, levy upon the assessed valuation, as determined in
42 section two (2), a rate of tax which shall be equal as nearly
43 as may be to the average rate of taxes, state, county, municipal,
44 and local, levied throughout the state during the previous year.
45 Such rate shall be ascertained from the records and files in the
46 state auditor's office.

47 Sec. 4. The air carrier shall be given actual notice of
48 such assessment, rate of tax, and amount of the tax not later
49 than ten (10) days after determination of such has been made
50 by the state tax commission. The tax shall be due and payable
51 to the state tax commission on the first day of February
52 following the levy thereof. The state tax commission shall

54 it, less fifty percent (50%) to be retained for administrative
55 purposes to be credited to the general fund of the state, to
56 each county, city or incorporated town in which the air carrier
57 has arrivals and departures of its aircraft, on the ratio that
58 the number of arrivals and departures of each air carrier's
59 aircraft within such political subdivision of this state bears
60 to the total number of arrivals and departures of each air
61 carrier's aircraft within the state during the immediately
62 preceding calendar year.

63 Sec. 5. If not so paid, the state tax commission shall
64 collect the same by distress and sale of any property belonging
65 to such air carrier in the state in the same manner as is
66 required of a county treasurer in like cases. The order of the
67 state tax commission in such cases shall be sufficient authority
68 therefor. Such tax herein imposed shall be a personal debt of
69 the air carrier in whose name the flight property is assessed
70 and may be collected and enforced by garnishment proceedings
71 for the collection of delinquent taxes as provided by section
72 six hundred twenty-six point twenty-nine (626.29) of the Code,
73 or in any other manner provided by law. Any such delinquent
74 tax shall carry interest at the rate of six percent (6%) per
75 year which interest shall be a part of the tax.

76 Sec. 6. Each air carrier engaged in air transportation
77 in this state shall, on or before the first day of May each year,
78 make to the state tax commission a report, in such form and
79 content as the tax commission may prescribe.

80 Sec. 7. For the purpose of this Act, the state tax
81 commission may require such air carrier, its agents, officers,
82 or employees to appear before the state tax commission with such
83 books, papers, records, or additional statements, including
84 copies of any return, report, or statement made to the United
85 States of America or any state for any year, whether such books,
86 papers, records or additional statements are the property of or
87 in the possession of the air carrier or any other person.

88 Sec. 8. If any air carrier shall refuse or willfully
89 neglect to make the report to the state tax commission required
90 by section six (6) herein, or shall willfully neglect to produce
91 any books, papers, records or additional statements when required
92 by the state tax commission under the provisions of section
93 seven (7) herein, the state tax commission shall determine and
94 assess the tax provided for herein against the air carrier
95 according to the best judgment of the state tax commission on
96 available information. In such case the state tax commission

97 may add to the assessment of this tax a penalty not to exceed
98 twenty-five percent (25%) of the assessment. Such air carrier
99 shall be estopped to question or impeach such assessment or
100 determination, except on proof of fraud by the state tax
101 commission.

102 Sec. 9. 1. Real property and personal property, other
103 than flight property, of an air carrier shall be taxed in
104 accordance with the applicable laws of this state.

SENATE AMENDMENTS CONSIDERED

The House resumed consideration of the following Senate amendment to House File 582, a bill for an act relating to licenses to practice medicine and surgery:

Amend House File 582 as follows:

1. By adding at the end thereof the following new sections:

"Sec. 4. In lieu of and as an alternative to the provisions of sections one hundred forty-seven point fifty-eight (147.58) through one hundred forty-seven point seventy-one (147.71), inclusive, of the Code, the medical examiners after due notice and hearing may direct the commissioner of public health to issue an order to revoke, suspend or place on probation the license of any person licensed to practice medicine and surgery for any of the grounds set forth in sections one hundred forty-seven point fifty-five (147.55) and one hundred forty-seven point fifty-six (147.56) of the Code.

"Sec. 5. Any proceeding for revocation, suspension or probation of a license to practice medicine and surgery shall be substantially in accord with the following procedure:

1. The medical examiners may, upon their own motion or upon verified complaint in writing, and shall, if such complaint is filed by the commissioner of public health, issue an order fixing the time and place for hearing thereon. A written notice of the time and place of the hearing together with a statement of the charges shall be served upon the licensee at least ten days before said hearing in the manner required for the service of notice of the commencement of an ordinary action.

2. If the licensee has absented or removed himself from the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever he may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by said rules. In case the licensee fails to appear, either in person or by counsel at the time and place designated in said notice, the medical examiners shall proceed with the hearing as hereinafter provided.

3. The hearing shall be before a member or members designated by the board. The board shall designate one member to serve as presiding member. Such presiding member is hereby empowered to issue subpoenas, administer oaths and take or cause depositions to be taken in connection with the hearing. He shall issue subpoenas at the request and on behalf of the licensee.

4. A stenographic record of the proceedings shall be kept. The licensee shall have the opportunity to appear personally and by his attorney, with the right to produce evidence in his own behalf, to examine and cross-examine witnesses and to examine documentary evidence produced against him.

5. In case any person refuses to obey a subpoena issued by the presiding member or to answer any proper question put to him during the hearing, the presiding member may invoke the aid of any court of competent jurisdiction or judge thereof in requiring the attendance and testimony of such person and the production of papers. Any failure to obey such order of the court may be punished by the court as a civil contempt may be punished.

6. Unless the hearing is before the entire board, a transcript of the proceeding, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and his attorney shall have the opportunity to appear personally to present the licensee's position and arguments to the board. The board shall determine the charge or charges upon the merits on the basis of evidence in the record before it.

7. If a majority of the members of the board vote in favor of finding the licensee guilty of any act or offense specified in section one hundred forty-seven point fifty-five (147.55) or one hundred forty-seven point fifty-six (147.56) of the Code, the board shall prepare written findings of fact and its decision based thereon. Such findings of fact and decision shall be filed with the commissioner of public health who shall within ten days from such filing enter an order revoking, suspending or placing on probation the license as directed by the board in its decision. A copy of the commissioner's order shall immediately be sent by registered mail to the licensee's last known post office address accompanied by a copy of the board's findings of fact and decision.

8. The licensee shall have the right to a judicial review of the board's

decision and the order of the commissioner. Such review shall be initiated by application to the district court in and for Polk County, or to the district court of the county in which the licensee resides, by any method permissible under the laws of this state. Such application must be made within thirty days after the date of the commissioner's order. On any such review, the hearing shall be tried as a suit in equity and shall be de novo.

"Sec. 6. The commissioner of public health is hereby authorized to accept the voluntary surrender of a license if accompanied by a written statement of intention. Such voluntary surrender, when so accepted, shall have the same force and effect as an order of revocation.

"Sec. 7. Any person whose license has been suspended, revoked or placed on probation may apply to the board of medical examiners for reinstatement at any time and the board may hold hearings on any such petition and may order reinstatement and impose terms and conditions thereof and issue a certificate of reinstatement to the commissioner of public health who shall thereupon issue a license as directed by the board."

Amend Senate File 23 by striking all after the enacting clause and inserting in lieu thereof the following:

Section 1. Definitions as used in this Act:

1. The term "air carrier" means any firm, partnership, corporation, association, trustee, receiver, assignee, or other person or persons, whether or not in a representative capacity, which engages in the transportation of persons or cargo for hire by aircraft, but does not include:

a. An air carrier otherwise within the above definition which is engaged solely in intrastate transportation whose flight property is based at only one airport within the state; or

b. A foreign flag air carrier.

2. The term "aircraft" means any contrivance now known or hereafter invented, used or designed for navigation of or flight in the air for the purpose of transporting persons or property, or both.

3. The term "aircraft arrivals and departures" means:

a. In scheduled operations, the number of scheduled landings, takeoffs, air pickups and deliveries by the aircraft of an air carrier;

b. In nonscheduled operations, all landings, takeoffs, pickups and deliveries by the aircraft of an air carrier.

4. The term "flight property" means aircraft fully equipped for flight, excluding spare parts, used in air transportation within the state.

5. The term "ground time" means that time during which flight property is on the ground.

Sec. 2. The state tax commission shall meet on the second Monday in July of each year and shall thereupon value and determine the equalized assessment of the flight property operated in the state of each air carrier in the same manner that other personal property in the state is valued and assessed. The proportion of the total valuation of such flight property of each air carrier, as determined by the state tax commission, to be allotted to this state shall be the ratio that the ground time of all flight property operated during the preceding calendar year within the state bears to the total ground time of all such flight property operated during the preceding calendar year both within and without the state.

Sec. 3. The state tax commission shall also, at said meeting, levy upon the assessed valuation, as determined in section two (2), a rate of tax which shall be equal as nearly as may be to the average rate of taxes, state, county, municipal, and local, levied throughout the state during the previous year. Such rate shall be ascertained from the records and files in the state auditor's office.

Sec. 4. The air carrier shall be given actual notice of such assessment, rate of tax, and amount of the tax not later than ten (10) days after determination of such has been made by the state tax commission. The tax shall be due and payable to the state tax commission on the first day of February following the levy thereof. The state tax commission shall collect the tax as determined in section three (3) and apportion it,

less fifty percent (50%) to be retained for administrative purposes to be credited to the general fund of the state, to each county, city or incorporated town in which the air carrier has arrivals and departures of its aircraft, on the ratio that the number of arrivals and departures of each air carrier's aircraft within such political subdivision of this state bears to the total number of arrivals and departures of each air carrier's aircraft within the state during the immediately preceding calendar year.

Sec. 5. If not so paid, the state tax commission shall collect the same by distress and sale of any property belonging to such air carrier in the state in the same manner as is required of a county treasurer in like cases. The order of the state tax commission in such cases shall be sufficient authority therefor. Such tax herein imposed shall be a personal debt of the air carrier in whose name the flight property is assessed and may be collected and enforced by garnishment proceedings for the collection of delinquent taxes as provided by section six hundred twenty-six point twenty-nine (626.29) of the Code, or in any other manner provided by law. Any such delinquent tax shall carry interest at the rate of six percent (6%) per year which interest shall be a part of the tax.

Sec. 6. Each air carrier engaged in air transportation in this state shall, on or before the first day of May each year, make to the state tax commission a report, in such form and content as the tax commission may prescribe.

Sec. 7. For the purpose of this Act, the state tax commission may require such air carrier, its agents, officers, or employees to appear before the state tax commission with such books, papers, records, or additional statements, including copies of any return, report, or statement made to the United States of America or any state for any year, whether such books, papers, records or additional statements are the property of or in the possession of the air carrier or any other person.

Sec. 8. If any air carrier shall refuse or willfully neglect to make the report to the state tax commission required by section six (6) herein, or shall willfully neglect to produce any books, papers, records or additional statements when required by the state tax commission under the provisions of section seven (7) herein, the state tax commission shall determine and assess the tax provided for herein against the air carrier according to the best judgment of the state tax commission on available information. In such case the state tax commission may add to the assessment of this tax a penalty not to exceed twenty-five percent (25%) of the assessment. Such air carrier shall be estopped to question or impeach such assessment or determination, except on proof of fraud by the state tax commission.

Sec. 9. 1. Real property and personal property, other than flight property, of an air carrier shall be taxed in accordance with the applicable laws of this state.

2. The aircraft registration fee imposed by sections three hundred twenty-eight point twenty (328.20) and three hundred twenty-eight point twenty-one (328.21) of the Code, shall not apply to aircraft of an air carrier subject to tax herein imposed upon flight property of air carriers.

Sec. 10. Section three hundred twenty-eight point twenty (328.20), Code 1954, is hereby amended by inserting in line three (3) after the word "unless" the words "subject to the tax on flight property of air carriers or".

Sec. 11. Section three hundred twenty-eight point twenty-one (328.21), Code 1954, is hereby amended by striking subsection four (4).

Sec. 12. Section three hundred twenty-eight point twenty-five (328.25), Code 1954, is hereby amended by inserting in line four (4) after the word "except" the words "the tax on flight property of air carriers, and".

Sec. 13. Section three hundred twenty-eight point thirty-five (328.35), subsection three (3), Code 1954, is hereby amended by striking from lines three (3) and four (4) the words "except as provided in subsection four (4) of section 328.21".

CONFERENCE COMMITTEE REPORT ON HOUSE JOINT RESOLUTION 23 TEMPORARILY DEFERRED

Frommelt of Dubuque rose to a point of order and invoked Rule 43 regarding House Joint Resolution 23.

The Speaker reserved his ruling and action on the conference committee report on House Joint Resolution 23 was temporarily deferred.

On motion by Carson of Buchanan, the House recessed until 1:30 p.m., today.

AFTERNOON SESSION

The House reconvened, Speaker Mooty in the chair.

RULING BY THE SPEAKER

Reppert of Polk asked the Speaker for an interpretation of Rule 74 and its provisions regarding the last two legislative days.

The Speaker ruled that until the closing day is announced the provisions of Rule 74 regarding the last two legislative days cannot apply.

Reppert of Polk asked unanimous consent to place Senate File 234 on the calendar.

ADOPTION OF CONFERENCE COMMITTEE REPORT ON HOUSE JOINT RESOLUTION 23

The House resumed consideration of the conference committee report on House Joint Resolution 23, a joint resolution proposing a

joint bipartisan committee to be created and known as an election and election privileges committee, establishing its powers and duties and to make a report to the Fifty-eighth General Assembly.

The Speaker made the following ruling regarding the point of order raised by Frommelt of Dubuque regarding Rule 43 and House Joint Resolution 23 :

"The Chair rules that the point of order raised by Mr. Frommelt, the senior gentleman from Dubuque, is not well taken. Rule 43 applies only to bills and not to resolutions. It is too late to raise the question even if it were valid. The resolution has passed both Houses and is back in the House for action on a report of the conference committee. All the House can do at this time is either adopt or reject the conference committee report."

McNeal of Wright called up for consideration the following report and moved its adoption :

EXPLANATION OF VOTE ON SENATE FILE 234

We the undersigned voted against Senate File 234 for the following reason: We do not oppose granting county officers a raise in salary, which would only be more nearly a living wage, but we do not feel that salaries should be increased until some means has been provided to pay for these increases. County officers salaries were increased \$400 a year by the 56th General Assembly and no provision was passed to provide for raising the additional revenue necessary to pay these increases. Senate File 234 grants county officers an additional \$300 a year increase and as yet the bill providing for the raising of the revenue has not passed both houses. To vote for Senate File 234 would simply be a vote to add an additional burden to the County General Fund. In more than 50 percent of the counties this fund is already overburdened.

For the above reason we oppose Senate File 234 at this time.

SENATE AMENDMENT TO HOUSE FILE 484

Amend House File 484 by striking all after the enacting clause and inserting in lieu thereof the following:

"Section 1. Section three hundred twenty-six point two (326.2), Code 1954, is hereby amended as follows:

1. By striking in lines one (1), two (2) and three (3) of said section the words, 'In addition to the regular registration fees or taxes imposed upon motor vehicles,'

2. By striking the last paragraph of such section and inserting in lieu thereof the following:

'None of the motor vehicles of any motor carrier shall be subject to the payment of the compensation tax, if the motor carrier registers, either voluntarily or because such registration is required by law, in Iowa under the provisions of chapter three hundred twenty-one (321) of the Code, either all of his motor vehicles using the highways of this state or such portion thereof as corresponds to or exceeds the ratio of the number of miles such motor vehicles operate in Iowa to the total number of miles such motor vehicles operate in all states. In addition to the authority granted the reciprocity board by section three hundred twenty-one point fifty-six (321.56) of the Code to enter into agreements for such apportionment of motor vehicle registration with the duly authorized representatives of any county, state, territory, or federal district, the reciprocity board is hereby authorized to enter into prorating arrangements with individual interstate motor carriers operating motor vehicles as defined in this chapter. The reciprocity board may require motor carriers to submit under oath such information as the board deems necessary for the execution of this section. The board's determination of the number and type of vehicles subject to be registered in Iowa shall be final. In determining the total number of motor vehicles of a nonresident motor carrier that shall be registered in Iowa, fractions of a motor vehicle of one-half ($\frac{1}{2}$) or less shall not be included. The commissioner of public safety shall provide suitable identification for each motor vehicle operated by a motor carrier who registers a portion of his fleet in Iowa under this section. This identification shall be displayed at all times in the maner prescribed by the commissioner of public safety.'

"Sec. 2. Section three hundred twenty-one point fifty-six (321.56), Code 1954, is hereby repealed and the following enacted in lieu thereof:

'1. A board, to be known as the reciprocity board, is hereby established to be located at the seat of government. The board shall have three (3) members who shall be: A member of the state highway commission, to be designated by the state highway commission; a member of the state commerce commission, to be designated by the state commerce commission; and the commissioner of public safety. Each member of the board may appoint from the officials of his department a deputy member who shall, in the absence of such member, act as a member of the board with the full powers, authority and responsibility of such member. The duties of the members of the board and their deputies shall be in addition to their regular duties and they shall receive no additional compensation. The board shall maintain no staff, but shall use the staff, facilities, and personnel of the public safety department and the highway and commerce commissions. The attorney general or any assistant attorney general designated by him shall give legal counsel and assistance to the motor vehicle reciprocity board.

2. The motor vehicle reciprocity board shall have authority to make reciprocity agreements with the duly authorized representatives of any county, state, territory or federal district exempting the residents of such county, state, territory or federal district using the highways of this state from the registration requirements of this chapter with such restrictions, conditions, and privileges or lack of them as such board may deem advisable provided the residents of this state when using the

highways of such other state shall receive exemptions of a similar kind to a like degree. Such agreements may provide for the denial of registration exemption to one or more particular nonresidents at any time if in the opinion of the board such nonresidents should not be granted exemption privileges. Notwithstanding any provisions of this chapter to the contrary or inconsistent herewith such agreements may provide with respect to resident or nonresident fleets of two (2) or more commercial vehicles which are engaged in interstate movement, that the registrations of such fleets be apportioned between this state and the other states in which such fleets operate. The percentage of miles such fleets operate in this state, as related to the total miles such fleets operate in all states, shall be used by the board to determine what percentage of the total number of vehicles in such fleets are to be reistered in this state. When a vehicle has been licensed in one of the reciprocating states under an agreement as provided herein, such vehicle shall not be subject to licensing in the other reciprocating state.

3. The board may require fleet owners to submit under oath such information as the board deems necessary for the proper carrying out of the provisions of this section and the board's determination of the number of vehicles in fleets subject to this section to be registered in this state shall be final.

4. Any nonresident motor vehicle, trailer, or semitrailer shall be subject to all laws, rules and regulations governing the operation of such vehicles on the highways of this state, and violations of such laws, rules or regulations by any carrier may be a ground for denial of registration exemption to such carrier. The registration number plates assigned and furnished to any foreign-licensed motor vehicle, trailer, or semitrailer for the current registration year by another state where the same is licensed shall be displayed on such motor vehicle, trailer, or semitrailer substantially as provided in this chapter for vehicles registered pursuant to the provisions thereof.

5. Nothing herein contained shall authorize the waiving of the registration requirements of this chapter relating to motor vehicles operated within this state in intrastate commerce.'

"Sec. 3. Section three hundred twenty-seven point ten (327.10), Code 1954, is hereby amended by striking from line one (1) thereof the words, 'Iowa state commerce commission' and inserting in lieu thereof the words, 'reciprocity board established under the provisions of section three hundred twenty-one point fifty-six (321.56)' and by striking from line ten (10) thereof the word, 'commission' and inserting in lieu thereof the word, 'board'."

SENATE AMENDMENTS CONSIDERED

Lisle of Page called up for consideration House File 484, a bill for an act relating to the registration fee and compensation tax on the motor vehicles of motor carriers, amended by the Senate, and moved that the House concur in the following Senate amendments:

Amend House File 484 by striking all after the enacting clause and inserting in lieu thereof the following:

"Section 1. Section three hundred twenty-six point two (326.2), Code 1954, is hereby amended as follows:

1. By striking in lines one (1), two (2) and three (3) of said section the words, 'In addition to the regular registration fees or taxes imposed upon motor vehicles,'.

2. By striking the last paragraph of such section and inserting in lieu thereof the following:

'None of the motor vehicles of any motor carrier shall be subject to the payment of the compensation tax, if the motor carrier registers, either voluntarily or because such registration is required by law, in Iowa under the provisions of chapter three hundred twenty-one (321) of the Code, either all of his motor vehicles using the highways of this state or such portion thereof as corresponds to or exceeds the ratio of the

number of miles such motor vehicles operate in Iowa to the total number of miles such motor vehicles operate in all states. In addition to the authority granted the reciprocity board by section three hundred twenty-one point fifty-six (321.56) of the Code to enter into agreements for such apportionment of motor vehicle registration with the duly authorized representatives of any county, state, territory, or federal district, the reciprocity board is hereby authorized to enter into prorating arrangements with individual interstate motor carriers operating motor vehicles as defined in this chapter. The reciprocity board may require motor carriers to submit under oath such information as the board deems necessary for the execution of this section. The board's determination of the number and type of vehicles subject to be registered in Iowa shall be final. In determining the total number of motor vehicles of a nonresident motor carrier that shall be registered in Iowa, fractions of a motor vehicle of one-half ($\frac{1}{2}$) or less shall not be included. The commissioner of public safety shall provide suitable identification for each motor vehicle operated by a motor carrier who registers a portion of his fleet in Iowa under this section. This identification shall be displayed at all times in the manner prescribed by the commissioner of public safety.'

"Sec. 2. Section three hundred twenty-one point fifty-six (321.56), Code 1954, is hereby repealed and the following enacted in lieu thereof:

'1. A board, to be known as the reciprocity board, is hereby established to be located at the seat of government. The board shall have three (3) members who shall be: A member of the state highway commission, to be designated by the state highway commission; a member of the state commerce commission, to be designated by the state commerce commission; and the commissioner of public safety. Each member of the board may appoint from the officials of his department a deputy member who shall, in the absence of such member, act as a member of the board with the full powers, authority and responsibility of such member. The duties of the members of the board and their deputies shall be in addition to their regular duties and they shall receive no additional compensation. The board shall maintain no staff, but shall use the staff, facilities, and personnel of the public safety department and the highway and commerce commissions. The attorney general or any assistant attorney general designated by him shall give legal counsel and assistance to the motor vehicle reciprocity board.

2. The motor vehicle reciprocity board shall have authority to make reciprocity agreements with the duly authorized representatives of any county, state, territory or federal district exempting the residents of such county, state, territory or federal district using the highways of this state from the registration requirements of this chapter with such restrictions, conditions, and privileges or lack of them as such board may deem advisable provided the residents of this state when using the highways of such other state shall receive exemptions of a similar kind to a like degree. Such agreements may provide for the denial of registration exemption to one or more particular nonresidents at any time if in the opinion of the board such nonresidents should not be granted exemption privileges. Notwithstanding any provisions of this chapter to the contrary or inconsistent herewith such agreements may provide with respect to resident or nonresident fleets of two (2) or more commercial vehicles which are engaged in interstate movement, that the registrations of such fleets be apportioned between this state and the other states in which such fleets operate. The percentage of miles such fleets operate in this state, as related to the total miles such fleets operate in all states, shall be used by the board to determine what percentage of the

total number of vehicles in such fleets are to be registered in this state. When a vehicle has been licensed in one of the reciprocating states under an agreement as provided herein, such vehicle shall not be subject to licensing in the other reciprocating state.

3. The board may require fleet owners to submit under oath such information as the board deems necessary for the proper carrying out of the provisions of this section and the board's determination of the number of vehicles in fleets subject to this section to be registered in this state shall be final.

4. Any nonresident motor vehicle, trailer, or semitrailer shall be subject to all laws, rules and regulations governing the operation of such vehicles on the highways of this state, and violations of such laws, rules or regulations by any carrier may be a ground for denial of registration exemption to such carrier. The registration number plates assigned and furnished to any foreign-licensed motor vehicle, trailer, or semitrailer for the current registration year by another state where the same is licensed shall be displayed on such motor vehicle, trailer, or semitrailer substantially as provided in this chapter for vehicles registered pursuant to the provisions thereof.

5. Nothing herein contained shall authorize the waiving of the registration requirements of this chapter relating to motor vehicles operated within this state in intrastate commerce.'

"Sec. 3. Section three hundred twenty-seven point ten (327.10), Code 1954, is hereby amended by striking from line one (1) thereof the words, 'Iowa state commerce commission' and inserting in lieu thereof the words, 'reciprocity board established under the provisions of section three hundred twenty-one point fifty-six (321.56)' and by striking from line ten (10) thereof the word, 'commission' and inserting in lieu thereof the word, 'board'."

The motion prevailed and the House concurred in the Senate amendments.

Lisle of Page moved that the bill, as amended by the Senate and concurred in by the House, be read a last time now and placed upon its passage which motion prevailed and the bill was read a last time.

CONSIDERATION OF HOUSE JOINT RESOLUTION

House Joint Resolution 21, a joint resolution proposing to create a special committee to make a study of lending practices in the state, including a study of the practice of agencies engaged in making installment and consumer credit loans; to study any need for corrective legislation in the field such as limitation on finance charges on consumer goods, the regulation of repossession and court practices, rebate upon prepayment, disclosure, and "add on" contracts, misleading statements as to terms and costs, misleading and otherwise unethical advertising and questionable methods employed to obtain business; to study the question of revision or improvement of existing laws in this respect, and to make such recommendations to the Governor and the next session or special session of the legislature as may be decided upon by the committee and to make an appropriation therefor, with report of committee recommending amendment and passage, was taken up for consideration.

Petrucelli of Scott objected to House Joint Resolution 21 being on the noncontroversial calendar.

The Speaker pro tempore ruled that the noncontroversial calendar is the regular calendar and that the resolution is in order.

Mensing of Cedar offered the following amendment, proposed by the committee on appropriations April 18, and moved its adoption:

1. Amend House Joint Resolution 21, section three (3), line (2) by striking all after the word "proceedings" and insert in lieu thereof the following: ". The committee may hold public hearings, shall have access to all public records and shall be given the cooperation of all public officials and shall have all the powers of a joint legislative committee. The members of said committee shall serve without compensation."

2. Further amend House Joint Resolution 21 by striking all of section five (5).

The amendment was adopted.

Mensing of Cedar offered the following amendment and moved its adoption:

Amend the title to House Joint Resolution 21 by placing a period after the word "committee" in line fourteen (14) and by striking the remainder of said title.

The amendment was adopted.

Mensing of Cedar moved that the joint resolution be read a last time now and placed upon its passage which motion prevailed and the joint resolution was read a last time.

MESSAGE FROM THE SENATE

The following message was received from the Senate:

MR. SPEAKER: I am directed to inform your honorable body that the Senate has adopted the following Concurrent Resolution in which the concurrence of the House is asked:

Senate Concurrent Resolution 36, relating to claims rejected by the Joint Claims Committee.

RICHARD W. BERGLUND, *Chairman.*

SENATE CONCURRENT RESOLUTION 36

By Committee on Claims

Whereas, doubt has arisen under provisions of section twenty-five point seven (25.7), Code 1950, that submission of claims to the joint claims

committee of the Senate and House and rejection by said committee constitutes final action thereon by the General Assembly as provided in said section; and,

Whereas, certain claims rejected by previous joint claims committees are sometimes reprocessed by the state appeal board for recurring submissions; and

Whereas, it is deemed desirable that claims submitted to the joint claims committee of the Fifty-seventh General Assembly and rejected thereby should be submitted to the Senate and House thereof for final action and determination as the act of the General Assembly.

Therefore, Be It Resolved by the Senate, the House Concurring: That the claims hereinafter set forth, duly processed by the state appeal board and rejected by the joint claims committee, be considered by the Senate and House, and the action of the joint committee be approved.

CONFERENCE COMMITTEE REPORT

(Senate File 460)

TO THE PRESIDENT OF THE SENATE AND THE SPEAKER OF THE HOUSE:

We the undersigned members of the Conference Committee appointed to consider the difference between the Senate and House on Senate File 460 beg leave to report and make the following recommendations:

Strike all House amendments to Senate File 460.

Amend Senate File 460 by inserting in line four (4) of section five (5) following "1957" the following: "until June 30, 1959" and by striking section six (6) and section eight (8); renumbering the remaining sections and adding thereto the following as a new section:

"The two and one-half (2½) percent tax rate hereinabove prescribed for sales and use tax shall remain in force until the state comptroller shall make a determination that the unencumbered balance in the state treasury at the end of the biennium will be not less than twenty-four million dollars (\$24,000,000.00). Following such determination by the state comptroller a recommendation for suspension of the additional one-half (½) percent sales and use tax rate shall be made by the comptroller to the budget and financial control committee which, upon verification of such determination, shall direct the state tax commission to suspend collection of the additional one-half (½) percent sales and use tax rate for the remainder of the biennium.

In the event that a later determination reveals that anticipated revenues will not result in the unencumbered balance of twenty-four million dollars (\$24,000,000.00) at the end of the biennium, then upon recommendation of the comptroller to the budget and financial control committee and in the event of its verification of such determination, the suspension of the collection of the additional one-half (½) percent sales and use tax rate shall be cancelled for the remainder of the biennium.

For the purpose of making determinations concerning fiscal estimates as above provided, the state comptroller shall review his estimate of the unencumbered balance at the end of the biennium within the seventh week of each three month period during the biennium.

In the event of verification by the budget and financial control committee with the determination of the state comptroller, certification of such verification shall be made to the state tax commission. Such certification shall be made not less than thirty (30) days prior to the beginning of any quarter of either year of the 1957-1959 biennium and upon receipt of such certification the state tax commission shall forthwith notify, by United States mail, the holders of state tax permits of the rate of said sales and use tax and the period of time that said rates shall be applicable. The collection of sales and use taxes during such period shall be in accord therewith.

The provisions of this act shall be severable, and if any of its provisions shall be held to be unconstitutional, the decisions of the court shall not affect the validity of the remaining provisions of the act. COMMUNICATION FROM THE GOVERNOR

May 2, 1957.

The Honorable W. L. Mooty,
Speaker of the House of Representatives,
57th General Assembly,
State House,
Des Moines, Iowa.

HONORABLE MEMBERS OF THE HOUSE OF REPRESENTATIVES:

House File 113, an Act relating to the exemption of personal earnings and providing for garnishment for debts, is hereby disapproved, and returned to the House of Representatives, in accordance with Article III, Section 16, Constitution of Iowa. House File 113 is disapproved for the following reasons:

First, as was pointed out in a previous veto message of a similar garnishment bill in 1953, the provisions of Chapter 627, Code of Iowa, 1954, and particularly Section 627.10, are designed to provide a measure of protection to the home and family against financial adversities. The need for the protection afforded by Chapter 627, Code of Iowa, is no less now than it was four years ago, or when the safeguards were set up many years ago.

Second, the legislation proposed in House File 113 would make of every employer a potential collection agency. Rather than incur the expense and inconveniences arising therefrom, it is quite likely that employers in many cases would dismiss employees whose earnings had been garnisheed. In these cases, it is not likely that the creditor's chances for collection would be improved by the provisions of House File 113. It is certain that the debtor-employees' financial position would be further weakened.

Third, the costs of garnishment would, in many instances, absorb a substantial fraction of the earnings subject to garnishment, without benefit to the creditor, or application to the reduction of the debt.

Fourth, for individuals experiencing temporary loss of income through illness or unemployment, the garnishment of earnings on the resumption of employment will create hardships which can delay, or prevent, the re-establishment of a solvent family budget.

Respectfully,

s/ **HERSCHEL C. LOVELESS,**
Governor.

MESSAGES FROM THE SENATE

The following messages were received from the Senate:

MR. SPEAKER: I am directed to inform your honorable body that the Senate has passed the following bill in which the concurrence of the Senate was asked:

House File 388, a bill for an act relating to the superintendent of printing.

Also: That the Senate has adopted the conference committee report, and the amendments recommended therein, and passed House File 600, a bill for an Act to make an appropriation from the special reserve fund of the state of Iowa for capital improvements for institutions under the board of regents.

RICHARD W. BERGLUND,
Secretary of the Senate.

The undersigned state that the Journal of the House on page 1235 is incorrect in that on page 1235 the record shows "Petruccelli of Scott moved that the bill be read a last time now and placed upon its passage which motion prevailed and the bill was read a last time." It further states "On the question 'Shall the bill be passed over the Governor's veto?'"

We state that the actual motion that was placed by Petruccelli of Scott was "I move House File 372 be reconsidered." The Chair put the question "Shall House File 372 be reconsidered?" The record vote as shown was on the above motion and not on the reading of the bill for the last time and passage. That no further action was taken by the House on this measure on April 23, 1957. Freed of Webster on April 24, 1957 asked that the proof of the Journal be corrected to so show. No objection to the correction was raised. The corrected Journal fails to make this correction. We file this explanation to show that we do not concede the Journal record is correct.

The committee appointed to notify the Governor that the House was ready to adjourn sine die returned and reported that it had performed its duty and that the Governor had sent the following message:

May 9, 1957.]

The Honorable W. L. Mooty,
Speaker of the House of Representatives.

Honorable Members of the Fifty-seventh General Assembly:

At the close of the Fifty-seventh General Assembly, I would like to express my appreciation for the long hours of painstaking effort which the individual Senators and Representatives and the officers of the Senate and the House have devoted to their duties.

The Fifty-seventh General Assembly has made a significant contribution toward the improvement of the laws governing school organization in the State of Iowa. While the legislation enacted on school organization is not likely to be perfectly satisfactory to all interested groups, you are to be commended for the progress which has been made towards an improved educational system for the State.

Legislation enacted by the Fifty-seventh General Assembly provides a much needed and long overdue beginning for a more careful utilization of the State's water resources. This basic law will undoubtedly need to be supplemented by future sessions of the General Assembly, but the Bill which the members of the Fifty-seventh General Assembly enacted provides a very satisfactory foundation on which we can build.

The Fifty-seventh General Assembly has also made a significant beginning in improving our urban areas through the legislation enacted for urban renewal projects.

The Fifty-seventh General Assembly has also enacted legislation which will better enable the Mental Institutions under the Board of Control to perform their functions efficiently and economically.

By establishing a night time speed limit, the Fifty-seventh General Assembly has also reflected public opinion in the needs for some effective legislation to reduce highway accidents and fatalities. Again, the speed limit legislation may not be perfectly satisfactory, but it does provide a useful beginning on which future legislation can be based.

The legislation enacted by the Fifty-seventh General Assembly relative to the investment of state funds will also prove to be extremely useful in coming years. It provides for a sound system of financial management which will enable the State of Iowa to make proper use of its cash balances for the general relief of the tax paying public.

While the Fifty-seventh General Assembly, like previous sessions of the General Assembly, has not always arrived at unanimous decisions, it needs to be remembered that this is an inevitable feature of the democratic process. So long as differences are based on sincere motivations and clear cut analyses of the issues involved, the absence of unanimous views is not a cause for alarm.

Very truly yours,
s/ HERSCHEL C. LOVELESS,
Governor.

The report was received and the committee discharged.

FINAL ADJOURNMENT

By virtue of Senate Concurrent Resolution 28, duly adopted, and the hour of four o'clock p.m., May 3, 1957, having arrived, the Speaker of the House declared the House of Representatives of the Fifty-seventh General Assembly adjourned sine die.

GOVERNOR'S VETO MESSAGES ON HOUSE FILES

April 2, 1957.

The Honorable W. L. Mooty,
Speaker of the House of Representatives,
Fifty-seventh General Assembly,
State House,
Des Moines, Iowa.

HONORABLE MEMBERS OF THE HOUSE OF REPRESENTATIVES:

House File 162, an Act to amend section four hundred twenty-two point forty-two (422.42), Code 1954, relating to the Sales Tax on farm chemicals and on motor vehicle fuel used in farm tractors, is hereby disapproved, and returned to the House of Representatives, in accordance with Article III, Section 16, Constitution of Iowa. House File 162 is disapproved for the following reasons:

First, it constitutes an additional set of exemptions and thus brings about a further deterioration in the tax base. The seriousness of exemptions, and the effects of exemptions on the adequacy and equity of the tax system have long been recognized. The Fifty-sixth General Assembly, in Senate Joint Resolution 7, empowered the Taxation Study Committee to make a complete study of "The entire present system of exemptions, credits, and deductions with respect to all taxes". It is significant that the Taxation Study Committee, after one and one-half year of study did not recommend extension of the already extensive list of exemptions.

In the Iowa Farm Bureau Resolutions for 1955, it was stated, page 5, paragraph 3, that "The Tax Commission reports that considerable revenue is lost to the State as a result of exemptions under the sales and use tax laws. We therefore urge that these laws be revised in order that all loopholes may be closed".

It is my considered opinion that the tax structure of the State of Iowa is already overburdened with exemptions; and I respectfully suggest that, in the interest of equity, and an improved tax structure, the Fifty-seventh General Assembly take action to reduce the long list of exemptions, including exemptions of industrial fuel and power, which has already impaired the revenue of the State, and created inequities among taxpayers.

Second, the erosion of the tax base, which would be furthered by the proposed exemption, must ultimately lead to the enactment of other taxes and/or higher rates on the remaining tax base. It is a well established principle that a low rate of taxation on a broad tax base has less serious economic effects, than high rates applied to a reduced tax base. If the loss in revenue from the proposed exemption is replaced by a higher sales tax rate, the higher rate will cost the farmers of Iowa several times the amount saved by the proposed exemption.

Third, the economic position of the Iowa farmer would not be significantly affected by the tax saving from the proposed exemption. At the prevailing sales tax rate, exemption of farm chemicals and fuels used in farm tractors would have saved Iowa's farmers \$1.2 million. This amount is equivalent to slightly less than \$6.25 per farm, or about fifty cents per month, per farm. This is not going to make any appreciable difference in the economic plight of Iowa's farmers. However, the proposed exemption for the benefit of a particular group is well calculated to create division and mutual distrust between our urban and rural citizens. And it will almost certainly make more difficult any revision in our tax structure which would afford real relief from property tax levies. In this connection, it should be noted that levies on

agricultural real and personal property amount to almost \$100 million as compared with the \$1.2 million of tax relief which the proposed legislation would bring.

Fourth, the burden of the present level of taxation borne by agricultural producers stems primarily from the low levels of farm income, rather than discrimination in taxation applied to farming. The only real solution lies in the direction of higher farm income, rather than special legislation in the form of tax exemptions. The farmer is in no worse position—in this respect—than any other business man who finds his revenues reduced. Yet, it does not seem appropriate that we should grant exemptions from sales taxes to businesses which encounter economic difficulties. Unemployed labor, or retired people without current income are not granted exemption from sales taxation on a "need" basis. It does not seem equitable that a different standard should be applied to agricultural producers.

Fifth, insofar as the proposed exemption for farm chemicals and fuel for farm tractors might be supported by comparisons with the exemptions granted to other producers, two observations are in order. In the first place, by no means all fuel and power purchased by industrial users is exempt, as is frequently alleged. And, to the extent that the existing system of exemptions has given rise to inequities, the proper remedy is to be found in the removal of the existing exemptions rather than the granting of still more exemptions. The pressures for exemptions grow at an accelerating rate; as more and more exemptions are granted, the demands for still more exemptions become irresistible. The end result is an impaired revenue system, and the use of tax sources which permit less equity.

Finally, I respectfully urge the Honorable Members of the Fifty-seventh General Assembly to carefully consider *all* of the implications of a course of action which further undermines the tax structure of Iowa by granting additional exemptions. While such exemptions are always alleged to relieve this or that inequity, a careful examination of the State's tax system gives overwhelming evidence that the long list of exemptions has necessitated higher rates on the remaining taxable base, and has created more inequities than it has eliminated. It is respectfully submitted that the time has arrived to resist pressures for further exemptions.

Respectfully,

s/ HERSCHEL C. LOVELESS,
Governor.

The Honorable W. L. Mooty,
Speaker of the House of Representatives,
Fifty-seventh General Assembly,
State House,
Des Moines, Iowa.

HONORABLE MEMBERS OF THE HOUSE OF REPRESENTATIVES:

House File 372, an Act relating to certain transit companies and systems, providing for temporary license fees for transit system vehicles and making certain tax provisions of law temporarily inapplicable, is hereby disapproved and returned to the House of Representatives, in accordance with Article III, Section 16, Constitution of Iowa. House File 372 is disapproved for the following reasons:

First, the tax relief measures contained in House File 372 constitute

an attempt to cope with what is essentially a *local* problem by means of legislation having a uniform, statewide applicability. As a result the proposed legislation fails to take into account the rather wide range of differences in the financial conditions of the several urban transit systems. In 1955, according to data compiled by the Transit Study Committee (p. 7), three companies made net profits—before income taxes—of \$45,926, \$73,263, and \$56,344, respectively. In view of the rather large number of businesses, including farms, operating with little or no profit, it does not seem appropriate to extend substantial tax reductions to companies with net incomes of the size quoted above. At the same time, the tax savings available through House File 372 would not be sufficient to make a profitable operation of some of the State's larger urban transit systems. By its indiscriminate application, House File 372 would provide unnecessary windfall gains to some profitable concerns, and—at the same time—inadequate financial relief to other transit firms.

The need for some type of remedial action to improve conditions in the urban transit industry is not here questioned. Rather, the disapproval of House File 372 is based on the considered opinion that the method of tax relief is inappropriate. The major benefits of urban transit systems are enjoyed by the residents of the areas served. If these benefits are worth the costs of providing the services, such costs should be borne by the groups benefited, rather than being partially shifted to taxpayers throughout the State by means of tax exemptions. In this connection, it is respectfully suggested that chapters 195 and 196, Laws of the Fifty-sixth General Assembly, provide a sounder approach to the problems of local transit systems than that contained in House File 372. If such systems are to be supported, in part, by public funds it is preferable that representatives of the public have a voice in the use of such funds. If the provisions of these two chapters are too restrictive to permit desired relief, some relaxation would be preferable to the approach contained in House File 372.

Second, House File 372 is defective in that it contains no provisions for standardization of accounting procedures of transit systems. Without such provisions, it is virtually impossible to determine the true financial conditions of the systems. Moreover, it would be equally difficult to determine when the conditions which allegedly warrant the "temporary" nature of the provisions of House File 372 had terminated.

Third, your attention is respectfully directed to the factors set forth in my message of April 2, addressed to the Honorable Members of the House of Representatives. Basically, the same observations contained in that message are applicable here. The legislation proposed in House File 372 adds one additional category of exemptions. More importantly, it establishes unprofitable operations as a basis for tax exemptions. It is not difficult to imagine the effects of this precedent on future requests for tax exemptions.

In general, the tax systems of State and local governments should not be employed as a device for salvaging specific businesses or industries from economic difficulties. The difficulties of local transit systems have arisen from basic shifts in modes of transportation and urban patterns of living. It is highly improbable that tax exemptions of the type proposed in House File 372 will reverse these basic social and economic trends. But the precedent which would be set by such exemptions could well contribute to a further erosion of the tax base.

Respectfully,

s/ HERSCHEL C. LOVELESS,
Governor.

May 2, 1957.

The Honorable W. L. Mooty,
Speaker of the House of Representatives,
Fifty-seventh General Assembly,
State House,
Des Moines, Iowa.

HONORABLE MEMBERS OF THE HOUSE OF REPRESENTATIVES:

House File 113, an Act relating to the exemption of personal earnings and providing for garnishment for debts, is hereby disapproved, and returned to the House of Representatives, in accordance with Article III, Section 16, Constitution of Iowa. House File 113 is disapproved for the following reasons:

First, as was pointed out in a previous veto message of a similar garnishment bill in 1953, the provisions of Chapter 627, Code of Iowa, 1954, and particularly Section 627.10, are designed to provide a measure of protection to the home and family against financial adversities. The need for the protection afforded by Chapter 627, Code of Iowa, is no less now than it was four years ago, or when the safeguards were set up many years ago.

Second, the legislation proposed in House File 113 would make of every employer a potential collection agency. Rather than incur the expense and inconvenience arising therefrom, it is quite likely that employers in many cases would dismiss employees whose earnings had been garnisheed. In these cases, it is not likely that the creditor's chances for collection would be improved by the provisions of House File 113. It is certain that the debtor-employees' financial position would be further weakened.

Third, the costs of garnishment would, in many instances, absorb a substantial fraction of the earnings subject to garnishment, without benefit to the creditor, or application to the reduction of the debt.

Fourth, for individuals experiencing temporary loss of income through illness or unemployment, the garnishment of earnings on the resumption of employment will create hardships which can delay, or prevent, the re-establishment of a solvent family budget.

Respectfully,

Governor.

Dear Sir:

I hereby transmit House File 167, an Act to amend chapter three hundred ten, Code 1954, in reference to farm-to-market roads.

House File 167 is disapproved for the reason that it would result in uneconomic expenditures of State Road Funds, as Federal Aid funds are not available for matching State expenditures for the resurfacing of farm-to-market roads.

Respectfully yours,

House File 597 is hereby disapproved for the reason that revenues available will be inadequate to meet the appropriation without impairing the balance in the General Fund of the State of Iowa.

The Honorable Melvin D. Synhorst,
Secretary of State,
State House,

Dear Sir:

I hereby transmit House File 500, an Act to amend section one hundred sixteen point four (116.4) Code 1954, relating to the matter of compensation or expenses of the Board of Accountancy.

House File 500 is disapproved for the reason that the limitation of \$3,600 on total compensation and expenses of the Board of Accountancy would seriously impair the regulatory and administrative functions of the Board.

In recent years, the activities of the Board have necessarily increased because of the growth in the number of applicants for examination, and in the number of public accountants in the State. If the functions and

duties required by Section 116.2, Code of Iowa, 1954, are to be properly performed, the Board needs authorization to spend adequate amounts from the funds earmarked for its use at present, the expenses incurred by the members of the Board are substantially in excess of the \$3,600 limit which would be imposed by the approval of House File 500. Therefore, in order to prevent serious impairment of the services performed by the Board of Accountancy, House File 500 is hereby disapproved.

Respectfully yours,

s/ HERSCHEL C. LOVELESS, *Governor.*

GOVERNOR'S VETO MESSAGES ON SENATE FILES

May 13, 1957.

The Honorable Melvin D. Synhorst,
Secretary of State,
State House,
Local.

Dear Sir:

I hereby transmit Senate File 491, an Act relating to the payment of the state's share as an employer of taxes levied for support of the Iowa employees retirement system and the Federal Social Security Act. Senate File 491 is disapproved for the following reasons:

First, the effect of Senate File 491 would be to shift at least \$975,000 of annual expenditure now being paid from other funds to the General Fund of the State of Iowa. In addition, another \$365,000 annually in county and federal reimbursements to the State would be placed in jeopardy by the proposed legislation. In view of the fact that the pressures on the General Fund are already greater, relative to revenues, than is the case in many of the funds which would be relieved by the proposed legislation, Senate File 491 would intensify the financial problems of the State of Iowa by placing additional demands on the already overburdened General Fund, for the relief of more adequately financed funds, such as the Road Use Tax Fund.

Second, if legislation making a transfer of the employers tax payments from the several funds to the General Fund is to be enacted, it should be done at the same time that appropriations for the various departments are being determined. Unless this is done, there is a strong probability that the net effect of the so-called "transfer" will be an automatic increase in departmental appropriations and expenditures from the General Fund.

Finally, Senate File 491 would not become effective until July 1, 1959. It is not sound practice to enact at this time fiscal legislation application to the next biennium. Therefore, it is respectfully suggested that if a measure of this type is to be enacted, applying to the fiscal year beginning July 1, 1959, it should be enacted by the Fifty-eighth General Assembly, not the Fifty-seventh General Assembly.

For the reasons enumerated above, I disapprove Senate File 491 this date, May 13, 1957.

Respectfully,
s/ HERSCHEL C. LOVELESS,
Governor.

May 24, 1957.

The Honorable Melvin D. Synhorst,
Secretary of State,
State House,
Local.

Dear Sir:

I hereby transmit Senate File 460, an Act to provide property tax relief by amendments to the income, sales and use tax laws and providing for allocations of revenues arising from said taxes. Senate File 460 is disapproved for the following reasons:

First, in view of the probable size of the unencumbered balance in the

General Fund of the State of Iowa on June 30, 1957, and the specific appropriations enacted by the 57th General Assembly, Senate File 460 would have raised more revenue than would have been required to meet the legitimate needs of the State during the coming biennium. As the citizens of Iowa are already bearing a disproportionately heavy tax load, the raising of revenues in excess of minimum needs would be contrary to the general welfare of the State.

Second, the Sales Tax is a regressive form of taxation falling with the heaviest impact upon those citizens least able to bear the costs of government. The stability of government is not promoted by placing heavy tax burdens on those groups least able to pay.

Third, the Sales Tax creates a competitive disadvantage for Iowa merchants operating near the borders of states imposing no sales tax. Almost one-third of the counties of Iowa adjoin states in which there is no sales tax, or a sales tax below the 2½ percent rate which would have been maintained by Senate File 460.

Fourth, Section 7, Senate File 460, provides for the dissipation of an estimated \$14 to \$15 million dollars of the General Fund balance—*for* payments to school districts—under conditions which would neither guarantee property tax relief, nor improve the organization and efficiency of the public school system.

For the reasons set forth above, I hereby disapprove Senate File 460 this date, May 24, 1957.

Respectfully yours,

s/ HERSCHEL C. LOVELESS,
Governor.

May 31, 1957.

The Honorable Melvin D. Synhorst,
Secretary of State,
State House,
Local.

Dear Sir:

I hereby transmit Senate File 23, an Act relating to the assessment and levying of a tax on the flight property of air carriers. Senate File 23 is disapproved this date, May 31, 1957, for the following reasons:

First, Section 9 of Senate File 23 provides that sixty-five percent of the revenue from the proposed levy would go to the General Fund of the State of Iowa. This is contrary to recent State fiscal policy which has been based on the reservation of the property tax to local units of the government. If Senate File 23 were to become law, it would result in a levy, for State purposes, on a selected type of property. When the flight property of air carriers is subjected to property taxation, the net revenues therefrom should be received by local governments.

Second, the entire system of commercial air transport in seven north-central states is presently being reviewed by the Civil Aeronautics Board in the "Seven State Area Case." Until the results of this case are announced and implemented, it is unwise to establish a state tax policy covering the flight property of air carriers. Until such time as the air routes, particularly the routes of so-called "feeder lines" are established, it does not seem appropriate to set up the type of tax which would have

been imposed by Senate File 23. By the inclusion of the number of arrivals and departures in the formula specified for the determination of the value of flight property taxable in Iowa, Senate File 23 would impair the development of air service in many cities and towns. Because of low traffic density, scheduled arrivals and departures would be held to a minimum or eliminated entirely in order to hold down the assessed value of flight property allocable to Iowa for tax purposes. But, given a period of time for the implementation of the CAB ruling in the Seven States Case, and the building up of a profitable volume of traffic, the airlines operating in the State, particularly the "feeder lines" will be in a more favorable position to bear property taxes on their flight equipment.

Respectfully,

s/ HERSCHEL C. LOVELESS,
Governor.

May 31, 1957.

The Honorable Melvin D. Synhorst,
Secretary of State,
State House,
Local.

Dear Sir:

I hereby transmit Senate File 83, an Act to provide for special assistant attorneys general to be assigned to various State departments and to provide for their compensation and expenses.

Senate File 83 would empower the Attorney General of the State of Iowa to "appoint and fix the compensation of assistant attorneys general" for six departments of State government, and to "appoint and fix the compensation of law-trained assistants" in four additional departments. Senate File 83 also provides that salaries, expenses, office space, and secretarial assistants shall be supplied from the funds of the various departments to which assistant attorneys and attorneys general are assigned by the Attorney General of Iowa.

In general, professional employees of each department of State government should be selected by the responsible officer, or board, of each department, subject to whatever standards of training, experience, and other qualifications are in effect for the various classifications of employees. To give the chief executive of one department the power to select employees of other departments does not make for clear-cut lines of responsibility in the several departments of State government. Nor is there any strong probability that the methods of selection, determination of salary, and assignment of legally trained personnel which would be established by Senate File 83 would effect economies in State government.

For the reasons indicated above, Senate File 83 is hereby disapproved.

Respectfully,

s/ HERSCHEL C. LOVELESS,
Governor.
