Before adoption of the resolution to proceed upon such a project or projects, the governing body of the municipality shall cause a notice of the proposed resolution to be published at least once in a newspaper of general circulation within the municipality, at least fifteen days prior to the meeting of which it is proposed to take action on the resolution to proceed.

2. If at any time before the date fixed for such meeting, a petition is filed with the clerk of the municipality signed by qualified electors of the city or town equal in number to ten percent of those who voted for the office of governor at the last general election asking that the question of undertaking such project activities be submitted to the legal voters of the municipality, the governing body shall either by resolution declare the proposal to have been abandoned, or shall cause a special election to vote upon the question of undertaking such project activities.

3. If a petition is filed and the governing body of the municipality calls an election to vote on the question, the proposition shall be submitted in the following form:

"Shall the (name of municipality or low-rent housing agency) proceed with low-rent housing project activities through the use of dwelling units in existing structures to be leased from private owners as prescribed and limited by chapter four hundred three A (403A) of the Code?"

4. Notice of such election, stating the date of the election, the hours of opening and closing the polls, the precincts and polling places, and the question to be submitted, shall be published once each week for three consecutive weeks in some newspaper published in the municipality, or if none be published therein, in a newspaper published in the county and having a general circulation in the municipality. The election shall be held on a day not less than five nor more than twenty days after the last publication of notice.

5. The proposition voted upon shall not be deemed carried or adopted unless the vote in favor of such authorization is equal to at least fifty percent of the total vote cast for and against the proposition at the election.

6. If no petition is filed, or if a petition is filed and the proposition is approved by the voters at an election, the municipality or low-rent housing

EXPLANATION OF VOTE ON HOUSE FILE 196

I have cast an affirmative vote for House File 196 because I believe it is vital to remove the referendum requirement on low cost housing for the aged. It is equally critical in my estimation to remove the referendum re-

quirement on low cost housing projects for other impoverished groups and I regret that their welfare has not been considered in this measure.

51 Sec. 6. Section four hundred ninety point
52 twenty-five (490.25), Code 1966, is hereby repealed and the
53 following is hereby enacted in lieu thereof:

54 "It is the purpose and intent of this section to
55 operate independently of other chapters of the Code re-

57 exclusively for this chapter.

58 1. The commerce commission shall grant the right
59 of eminent domain after the following conditions have been
60 met:

61 a. A public hearing must be held not less than
62 thirty days nor more than ninety days sub-
63 sequent to the granting by the commerce
64 commission of a permit to construct said
65 pipeline.

66 b. Notice of said hearing shall be in the manner
67 prescribed in section four hundred ninety
68 point seven (490.7) and four hundred ninety
69 point eight (490.8) of this chapter.

70 c. Said pipeline company shall have the burden
71 of proving the following:

72 (1) That said pipelines will be in the best
73 interests of the public and that a
74 public use is involved.

75 (2) That said pipelines are not for a
76 private purpose and are, in fact, a
77 common carrier. To qualify as a common
78 carrier under this chapter no less
79 than forty percent (40%) of the use of
80 said pipeline must be by companies
81 other than the company making applica-
82 tion. The company making application
83 shall be construed as including all
84 affiliated companies or subsidiaries,
85 or both.

86 2. The commerce commission may place such
87 conditions or limits on the right of eminent domain as it
88 shall see fit except that said commission shall not prescribe
89 or approve a right of way that exceeds seventy-five feet in
90 width or one acre in any one location in addition to right
91 of way for the location of pumps, pressure apparatus, or
92 other stations or equipment necessary to the proper operation
93 of its said pipeline or lines.
94

95 Any pipeline company having secured the right of
96 eminent domain and a permit for the storage of gas as in this
97 chapter provided may appropriate for its use for the under-
98 ground storage of gas any substratum or formation in any
99 land which the commission shall have found to be suitable
100 and in the public interest for the underground storage of
101 gas, and in connection therewith may appropriate such other
102 interests in property as may be required adequately to
103 examine, prepare, maintain and operate such underground
104 gas storage facilities.

105 The right of appropriation hereby granted shall be without
106 prejudice to the rights of the owner of said lands or of
107 other rights or interests therein to drill or bore through
108 the underground stratum or formation so appropriated in
109 such manner as shall comply with orders, rules and regula-
110 tions of the commission issued for the purpose of protecting
111 underground storage strata or formations against pollution
112 and against the escape of gas therefrom and shall be without
113 prejudice to the rights of the owner of said lands or other
114 rights or interests therein as to all other uses thereof.

115 3. Nothing in this chapter shall authorize the
116 construction of a pipeline longitudinally on, over or under
117 any railroad right of way or public highway, or at other
118 than an approximate right angle to such railroad track or
119 public highway without the consent of such railroad company,
120 the highway commission or board of supervisors, as the case
121 may be, nor shall any provision of this chapter authorize
122 or give the right of condemnation or eminent domain for such
123 purposes.

124 4. Condemnation procedure under this chapter shall
125 be as provided in chapter four hundred seventy-two (472),
126 of the Code except as follows:

127 a. That not less than thirty days prior to
128 formal condemnation proceedings the
129 condemner shall make an offer, in writing,
130 to the landowner stating the amount of
131 damages they would pay for an easement
132 to said property.

133 b. In the event the landowner shall refuse said
134 offer and the commission as provided in
135 chapter four hundred seventy-two (472) shall
136 make an award equal to one hundred ten
137 percent (110%) of condemner's offer, then
138 there shall be an additional award equal
139 to twenty-five percent (25%) of the final
140 award to recompense said landowner for
141 costs involved in the condemnation pro-
142 ceedings.

143 c. In the event that condemner shall appeal
144 said commission's award said condemner shall
145 be liable for all costs to the landowner
146 including, but not limited to, reasonable
147 attorney fees and cost of expert witnesses.

148 d. Wherever this section shall be found to be
149 inconsistent with chapter four hundred
150 seventy-two (472) of the Code, then this

section shall control.

5. Notwithstanding any other section of this chapter or any other chapter of the Code, a condemnee may choose in lieu of a lump-sum award to receive an annual rental for the land use. Said rental shall be determined by multiplying seven percent (7%) times the fair market value of the property as determined by the county assessor for property tax purposes. Any dispute under this paragraph shall be resolved by the sheriff's commission as prescribed in chapter four hundred seventy-two (472), of the Code.

The fair market value for the computation purpose shall be changed at such times and in such amounts as the county assessor shall determine in routine determination of property values for property tax purposes.

Sec. 7. Section four hundred ninety point twenty-six (490.26), Code 1966, is hereby amended by adding thereto the following:

"In the event of damage to the pipeline which results in further damage because of leakage or escape or harmful gases, the pipeline company shall be liable for all damage unless the landowner or other party has acted in a willful and wanton manner which action was the proximate cause of the damage.

Sec. 8. Chapter four hundred ninety (490), Code 1966, is hereby further amended by adding at the end thereof the following new section:

"Said pipeline company shall be liable for all representations by their employees or agents and the following procedures shall be followed:

1. Each pipeline easement contract must state specifically what portion of the property owned by each affected property holder will be crossed by the pipeline.

2. All offers must be in writing and all offers must allow a five-day period before they may be revoked by the offeror. Any offer signed or accepted before the five-day waiting period has elapsed may be revoked by the offeree within the five-day period.

3. The contract and the offer must plainly state whether the pipeline company has acquired the right of eminent domain.

4. Violation of this section shall be punishable by a fine of not more than one thousand dollars and any contract entered into by a party in violation of this section is voidable by the offended party at any time within one year of the violation."

HOUSE CONCURRENT RESOLUTION 29

By Klein

Whereas, the Sixty-second General Assembly enacted the "Medical Assistance Act" authorizing the Department of Social Services to expend state funds for medical care and services to needy individuals and families; and

Whereas, numerous problems have developed concerning the administration and control of the program within this state and in other states; and

Whereas, the anticipated and budgeted cost of the "Medicaid" program appears to be insufficient to meet demands; and

Whereas, the proper administration and control of the "Medicaid" program is a matter with which the General Assembly may legitimately concern itself; now, therefore,

Be It Resolved by the House, the Senate Concurring, That the Legislative Research Committee, or its successor agency, conduct or appoint a study committee to conduct a legislative review and study of the "Medicaid" program as established by the Medical Assistance Act, which inquiry shall include the means of processing and paying claims for assistance, the means by which the eligibility of applicants is determined, the justifiability of charges made by vendors for supplies and services under the program, possible revision of the eligibility requirements, and such other areas as the study committee may desire; and

Be It Further Resolved, That such study committee report the results of their inquiries, and recommendations, accompanied by proposed legislation, to the second session of the Sixty-third General Assembly not later than March 1, 1970.

Laid over under Rule 25.

154 shall be reduced to writing.

155 3. Upon such application the judge may enter an ex parte
156 order, as requested or as modified, authorizing or approving
157 interception of wire or oral communications, if the judge
158 determines on the basis of the facts submitted by the ap-
159 plicant that:

161 is committing, has committed, or is about to commit a par-
162 ticular offense enumerated in section two (2) of this Act.

163 b. There is probable cause for belief that particular
164 communications concerning that offense will be obtained

166 c. Normal investigative procedures have been attempted
167 and have failed or reasonably appear to be unlikely to
168 succeed if attempted or appear to be too dangerous.

169 d. There is probable cause for belief that the facilities
170 from which, or the place where, the wire or oral communica-
171 tions are to be intercepted are being used, or are about to
172 be used, in connection with the commission of such offense,
173 or are leased to, listed in the name of, or commonly used
174 by such person.

175 4. Each order authorizing or approving the interception

177 a. The identity of the person, if known, whose communica-
178 tions are to be intercepted.

185 offense to which it relates.

186 d. The identity of the agency authorized to intercept
187 the communications, and of the person authorizing the applica-
188 tion; and

189 e. The period of time during which such interception is
190 authorized, including a statement as to whether or not the
191 interception shall automatically terminate when the described
192 communication has been first obtained.

193 5. No order entered under this section may authorize or
194 approve the interception of any wire or oral communication
195 for any period longer than is necessary to achieve the objec-
196 tive of the authorization, nor in any event longer than thirty
197 days. Extensions of an order may be granted, but only upon
198 application for an extension made in accordance with subsec-
199 tion one (1) of this section and the court making the find-
200 ings required by subsection three (3) of this section. The
201 period of extension shall be no longer than the authorizing
202 judge deems necessary to achieve the purposes for which it
203 was granted and in no event longer than thirty days. Every
204 order and extension thereof shall contain a provision that
205 the authorization to intercept shall be executed as soon as
206 practicable, shall be conducted in such a way as to minimize
207 the interception of communications not otherwise subject to
208 interception under this Act, and shall terminate upon attainment
209 of the authorized objective, or in any event in thirty days.

210 6. Whenever an order authorizing interception is entered
211 pursuant to this Act, the order may require reports to be
212 made to the judge who issues the order showing what progress
213 has been made toward achievement of the authorized objective
214 and the need for continued interception. Such reports shall
215 be made at such intervals as the judge may require.

216 7. a. The contents of any wire or oral communication
217 intercepted by any means authorized by this Act shall, if
218 possible, be recorded on tape or wire or other comparable
219 device. The recording of the contents of any wire or oral
220 communication under this subsection shall be stored and
221 maintained in such way as will protect the recording from
222 editing or other alterations. Immediately upon the expira-
223 tion of the period of the order, the extensions thereof,
224 such recordings shall be made available to the judge issu-
225 ing such order and sealed under his directions. Custody of
226 the recordings shall be wherever the judge orders and they
227 shall not be destroyed for a period of ten years. Duplicate
228 recordings may be made for use or disclosure pursuant to the
229 provisions of subsections one (1) and two (2) of section
230 three (3) of this Act for investigations. The presence of
231 the seal provided for by this subsection, or a satisfactory
232 explanation for the absence thereof, shall be a prerequisite

233 for the use or disclosure of the contents of any wire or
234 oral communication or evidence derived therefrom under sub-
235 section three (3) of section three (3) of this Act.

236 b. Applications made and orders granted under this Act
237 shall be sealed by the judge. Custody of the applications
238 and orders shall be wherever the judge directs. Such ap-
239 plications and orders shall be disclosed only upon a showing
240 of good cause before a judge of competent jurisdiction and
241 shall not be destroyed for a period of ten years.

242 c. Any violation of the provisions of this subsection may
243 be punished as contempt of court.

244 8. Within a reasonable time but not later than ninety days
245 after the filing of an application for an order of approval under
246 this Act which is denied or the termination of the period of an
247 order or extensions thereof, the issuing or denying judge shall
248 cause to be served, on the persons named in the order or the
249 application, and such other parties to intercepted communications
250 as the judge may determine in his discretion that is in the
251 interest of the justice, an inventory which shall include notice
252 of all of the following:

253 a. The fact of the entry of the order or the application.

254 b. The date of the entry and the period of authorized, ap-
255 proved or disapproved interception, or the denial of the appli-
256 cation.

257 c. The fact that during the period wire or oral communica-
258 tions were or were not intercepted.

259 The judge, upon the filing of a motion may, in his discretion,
260 make available to such person or his counsel for inspection such
261 portions of the intercepted communications, applications, and
262 orders as the judge determines to be in the interest of justice.
263 On an ex parte showing of good cause to a judge of competent
264 jurisdiction the serving of the inventory required by this sub-
265 section may be postponed.

266 9. The contents of any intercepted wire or oral communica-
267 tion or evidence derived therefrom shall not be received in
268 evidence or otherwise disclosed in any trial, hearing, or
269 other proceeding in any court of this state unless each
270 party, not less than ten days before the trial, hearing, or
271 proceeding, has been furnished with a copy of the court
272 order, and accompanying application, under which the inter-
273 ception was authorized or approved. This ten-day period
274 may be waived by the judge if he finds that it was not pos-
275 sible to furnish the party with the above information ten
276 days before the trial, hearing, or proceeding and that the
277 party will not be prejudiced by the delay in receiving such
278 information.

279 10. a. Any aggrieved person in any trial, hearing, or
280 proceeding in or before any court, department, officer,
281 agency, regulatory body, or other authority of this state,
282 or a political subdivision thereof, may move to suppress
283 the contents of any intercepted wire or oral communication,
284 or evidence derived therefrom, on the grounds that (1) the
285 communication was unlawfully intercepted; (2) the order of
286 authorization or approval under which it was intercepted
287 is insufficient on its face; or (3) the interception was
288 not made in conformity with the order of authorization or

289 approval. Such motion shall be made before the trial, hear-
290 ing, or proceeding unless there was no opportunity to make
291 such motion or the person was not aware of the grounds of
292 the motion. If the motion is granted, the contents of the
293 intercepted wire or oral communication, or evidence derived
294 therefrom, shall be treated as having been obtained in viola-
295 tion of this Act. The judge, upon the filing of such motion
296 by the aggrieved person, may in his discretion make available
297 to the aggrieved person or his counsel for inspection such
298 portions of the intercepted communication or evidence derived
299 therefrom as the judge determines to be in the interest of
300 justice.

301 b. In addition to any other right to appear, the state
302 shall have the right to appeal:

303 (1) From an order granting a motion to suppress made
304 under paragraph a of this subsection if the attorney general
305 or prosecuting attorney shall certify to the judge or other
306 official granting such motion that the appeal is not taken
307 for purposes of delay. Such appeal shall be taken within
308 thirty days after the date the order of suppression was
309 entered and shall be diligently prosecuted as in the case
310 of other interlocutory appeals or under such rules as the
311 supreme court may adopt.

312 (2) From an order denying an application for an order
313 of authorization or approval, and such an appeal shall be
314 ex parte and shall be in camera in preference to all other
315 pending appeals in accordance with rules promulgated by the
316 supreme court.

317 Sec. 5. A good-faith reliance on a court order issued
318 under the provisions of this Act shall constitute a complete
319 defense to any civil or criminal action brought for viola-
320 tion of this Act.

321 Sec. 6. In January of each year, the attorney general of
322 this state and the prosecuting attorney of each county
323 shall report to the administrative office of the United
324 States courts such information as is required to be filed by
325 title eighteen (18) U.S.C. section two thousand five hundred
326 nineteen (2519), as heretofore or hereafter amended. A
327 duplicate copy of such reports shall be filed, at the same
328 time, with the chief justice of the supreme court.

329 Sec. 7. It shall not be unlawful:

330 1. For a person acting under color of law to intercept
331 a wire or oral communication, where such person is a party
332 to the communication or one of the parties to the communica-
333 tion has given prior consent to such interception; or

334 2. For a person not acting under color of law to inter-
335 cept a wire or oral communication where such person is a
336 party to the communication or where one of the parties to
337 the communication has given prior consent to such inter-
338 ception unless such communication is intercepted for the
339 purpose of committing any criminal, tortious or other in-
340 jurious act.

341 3. For an operator of a switchboard, or an officer, em-
342 ployee, or agent of any communication common carrier, whose
343 facilities are used in the transmission of a wire communica-

344 tion, to intercept, disclose, or use that communication in
345 the normal course of his employment while engaged in any
346 activity which is a necessary incident to the rendition of
347 his service or to the protection of the rights or property
348 of the carrier of such communication; however, said communica-
349 tion common carriers shall not utilize service observing or
350 random monitoring except for mechanical or service quality
351 control checks.

352 Sec. 8. Section seven hundred sixteen point seven (716.7),
353 Code 1966, is hereby amended by inserting in line seventeen
354 (17), before the word "tap" the words "and unlawfully".

355 Sec. 9. If any portion or subsection of this Act or the
356 application thereof to any person or circumstance is invalid,
357 such invalidity shall not affect other sections or applica-
358 tions of the Act which can be given effect without the in-
359 valid section or application, and to this end the provisions
360 of this Act are declared to be severable.

Whereas, all citizens of our state are interested in achievement of our Congress and their efforts to establish high standards in the operation of our federal government; and

Whereas, our citizens feel at times that legislation that is passed creates inequities in representation, unequal distribution of tax revenues; and

Whereas, many of our citizens wish to create a high standard toward which our chosen national legislators should aim in the passage of new legislation which would eliminate waste of national revenue, and would uphold higher standards for federal officials, both elective and appointive; now, therefore,

Be It Resolved by the House of Representatives, the Senate Concurring, that this General Assembly memorialize Congress, in the enactment of legislation, to be attentive to the needs of the people so that such legislation be directed toward equitable tax laws, equal representation, and in all instances to be mindful of the needs of the people in the passage of all future legislation.

HOUSE FILE 112 WITHDRAWN

Miller of Page asked and received unanimous consent to withdraw House File 112 from further consideration by the House.

EXPLANATION OF VOTE ON HOUSE FILE 781

The undersigned Democratic members, the Minority Party of the Sixty-third General Assembly in the Iowa House of Representatives, voted "no" on the final passage of House File 781 for the following reasons:

1. We unanimously supported the Commission Plan, a plan that cost the taxpayers of the State of Iowa approximately \$25,000.00, a plan that had been drafted by a fourteen (14) member bi-partisan commission pursuant to House Joint Resolution 1 and Senate Joint Resolution 5, a plan that we believed had a chance of meeting Constitutional guidelines, a plan that the Majority Party had led us to believe would be adopted without substantive change and a plan that had been represented to be just and equitable to all of the citizens of Iowa.

2. House File 781 contained numerous amendments on final passage that were contrary to Constitutional guidelines in that it did:

- a) Contain variances between the districts which were avoidable.
- b) Contain variances out of the regard for the integrity of county lines, the compactness of districts and Republican, political motivation.

Finally, House File 781 on final passage as amended did not represent a good faith effort to achieve precise mathematical equality and was not the best plan of "equal representation for equal numbers of people" available to the Iowa House of Representatives.

3. The Nelson, et al., amendment which became part of the bill on passage created the only district in the entire State of Iowa under 26,000 population resulting in an increase variance between the districts and whereas the Commission Plan was fair and equitable to Sioux City and Woodbury County, the amended plan created the smallest district in Iowa for purely political reasons.

The substantive changes incorporated by amendment to House File 781 were sponsored by an ad hoc committee consisting of one Republican member from each Congressional district. We strongly oppose this procedure as being strictly arbitrary and partisan.

STEERING COMMITTEE CALENDAR

House File 417, a bill for an act relating to the inspection of meat and poultry, to clarify and otherwise amend chapter one hundred eighty-nine A (189A) of the Code to provide for cooperation with appropriate federal agencies with respect to meat and poultry products inspection programs, and for other purposes, was taken up for consideration.

Crabb of Crawford offered the following amendment filed by him:

Amend House File 417 by striking all after the enacting clause and inserting in lieu thereof the following:

Section 1. Section one hundred eighty-nine A point two (189A.2), Code 1966, is hereby repealed and the following enacted in lieu thereof:

"As used in this chapter except as otherwise specified:

1. 'Secretary' means the Iowa secretary of agriculture or his delegate.
2. 'Person' includes any individual, partnership, corporation, association, or other business unit, and any officer, agent, or employee thereof.
3. 'Broker' means any person engaged in the business of buying or selling livestock products or poultry products on commission, or otherwise negotiating purchases or sales of such articles other than for his own account or as an employee of another person.
4. 'Renderer' means any person engaged in the business of rendering livestock or poultry carcasses, or parts or products of such carcasses, except rendering conducted under inspection or exemption under this chapter.
5. 'Animal food manufacturer' means any person engaged in the business of preparing animal food, including poultry, derived wholly or in part from livestock or poultry carcasses or parts or products of such carcasses.
6. 'Intrastate commerce' means commerce within this state.
7. 'Livestock' means any cattle, sheep, swine, goats, horses, mules or other equines, whether live or dead.
8. 'Livestock product' means any carcass, part thereof, meat, or meat food product of any livestock.
9. 'Meat food product' means any product capable of use as human food which is made wholly or in part from any meat or other portion of the carcass of any cattle, sheep, swine, or goats, excepting products which contain meat or other portions of such carcasses only in a relatively small proportion or historically have not been considered by consumers as products of the meat food industry, and which are exempted from definition as a meat food product by the secretary under such conditions as he may prescribe to assure that the meat or other portions of such carcass contained in such product are not adulterated and that such products are not represented as meat food products.

This term as applied to food products of equines shall have a meaning comparable to that provided in this paragraph with respect to cattle, sheep, swine, and goats.

10. 'Poultry' means any domesticated bird, whether live or dead.

11. 'Poultry product' means any poultry carcass of part thereof, or any product which is made wholly or in part from any poultry carcass or part thereof, excepting products which contain poultry ingredients only in a relatively small proportion or historically have not been considered by consumers as products of the poultry food industry, and which are exempted by the secretary from definition as a poultry product under such conditions as he may prescribe to assure that the poultry ingredients in such products are not adulterated and that such products are not represented as poultry products.

12. 'Capable of use as human food' shall apply to any livestock or poultry carcass, or part or product of any such carcass, unless it is denatured or otherwise identified as required by regulations prescribed by the secretary to deter its use as human food, or it is naturally inedible by humans.

13. 'Prepared' means slaughtered, canned, salted, stuffed, rendered, boned, cut up, or otherwise manufactured or processed.

14. 'Adulterated' shall apply to any livestock product or poultry product under any one or more of the following circumstances:

a. If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance such article shall not be considered adulterated under this clause if the quantity of such substance in or on such article does not ordinarily render it injurious to health.

b. (1) If it bears or contains, by reason of administration of any substance to the livestock or poultry or otherwise, any added poisonous or deleterious substance (other than one which is a pesticide chemical in or on a raw agricultural commodity; a food additive; or a color additive) which may, in the judgment of the secretary, make such article unfit for human food.

(2) If it is, in whole or in part, a raw agricultural commodity and such commodity bears or contains a pesticide chemical which is unsafe within the meaning of section four hundred eight (408) of the Federal Food, Drug, and Cosmetic Act.

(3) If it bears or contains any food additive which is unsafe within the meaning of section four hundred nine (409) of the Federal Food, Drug, and Cosmetic Act.

(4) If it bears or contains any color additive which is unsafe within the meaning of section seven hundred six (706) of the Federal Food, Drug, and Cosmetic Act; however, an article which is not otherwise deemed adulterated under subparagraphs two (2), three (3), or four (4) of this paragraph shall nevertheless be deemed adulterated if use of the pesticide chemical, food additive, or color additive in or on such article is prohibited by regulations of the secretary in official establishments.

c. If it consists in whole or in part of any filthy, putrid, or decomposed substance or is for any other reason unsound, unhealthful, unwholesome, or otherwise unfit for human food.

d. If it has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.

e. If it is, in whole or in part, the product of an animal, including poultry, which has died otherwise than by slaughter.

f. If its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health.

g. If it has been intentionally subjected to radiation, unless the use of the

radiation was in conformity with a regulation or exemption in effect pursuant to section four hundred nine (409) of the Federal Food, Drug, and Cosmetic Act.

h. If any valuable constituent has been in whole or in part omitted or abstracted therefrom; or if any substance has been substituted, wholly or in part therefor; or if damage or inferiority has been concealed in any manner; or if any substance has been added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is.

i. If it is margarine containing animal fat and any of the raw material used therein consisted in whole or in part of any filthy, putrid, or decomposed substance.

15. 'Misbranded' shall apply to any livestock product or poultry product under any one or more of the following circumstances:

a. If its labeling is false or misleading in any particular.

b. If it is offered for sale under the name of another food.

c. If it is an imitation of another food, unless its label bears, in type of uniform size and prominence, the word 'imitation', and immediately thereafter the name of the food imitated.

d. If its container is so made, formed, or filled as to be misleading.

e. Unless it bears a label showing both:

(1) The name and place of business of the manufacturer, packer, or distributor.

(2) An accurate statement of the quantity of the product in terms of weight, measure, or numerical count; however, under this paragraph, exemptions as to livestock products not in containers may be established by regulations prescribed by the secretary, and under this subparagraph reasonable variations may be permitted, and exemptions as to small packages may be established for livestock products or poultry products by regulations prescribed by the secretary.

f. If any word, statement, or other information required by or under authority of this chapter to appear on the label or other labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

g. If it purports to be or is represented as a food for which a definition and standard of identity or composition has been prescribed by the regulations of the secretary under paragraph e of this subsection, unless it conforms to such definition and standard and its label bears the name of the food specified in the definition and standard and, insofar as may be required by such regulations, the common names of optional ingredients (other than spices, flavoring, and coloring) present in such food.

h. If it purports to be or is represented as a food for which a standard or standards of fill of container have been prescribed by regulations of the secretary under paragraph e of this subsection, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard.

i. If it is not subject to the provisions of paragraph g of this subsection, unless its label bears both:

(1) The common or usual name of the food, if any.

(2) In case it is fabricated from two or more ingredients, the common or usual name of each such ingredient; except that spices, flavorings, and colorings may, when authorized by the secretary, be designated as spices, flavor-

ings, and colorings without naming each; however, to the extent that compliance with the requirements of this subparagraph is impracticable, or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the secretary.

j. If it purports to be or is represented for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the secretary, after consultation with the secretary of agriculture of the United States, determines to be and by regulations prescribes as necessary in order to fully inform purchasers as to its value for such uses.

k. If it bears or contains any artificial flavoring, artificial coloring, or chemical preservative, unless it bears labeling stating that fact; however, to the extent that compliance with the requirements of this paragraph is impracticable, exemptions shall be established by regulations promulgated by the secretary.

l. If it fails to bear, directly thereon and on its containers, as the secretary may by regulations prescribe, the official inspection legend and establishment number of the establishment where the product was prepared and, unrestricted by any of the foregoing, such other information as the secretary may require in such regulations to assure that it will not have false or misleading labeling and that the public will be informed of the manner of handling required to maintain the article in a wholesome condition.

16. 'Label' means a display of written, printed, or graphic matter upon any article or the immediate container, not including package liners, of any article.

17. 'Labeling' means all labels and other written, printed, or graphic matter either upon any article or any of its containers or wrappers, or accompanying such article.

18. 'Container' or 'package' means any box, can, tin, cloth, plastic or other receptacle, wrapper, or cover.

19. 'Shipping container' means any container used or intended for use in packaging the product packed in an immediate container.

20. 'Immediate container' means any consumer package; or any other container in which livestock products or poultry products, not consumer packaged, are packed.

21. 'Federal Meat Inspection Act' means the Act so entitled approved March 4, 1907 (34 Stat. 1260), as amended by the Wholesome Meat Act (81 Stat. 584); 'Federal Poultry Products Inspection Act' means the Act so entitled approved August 28, 1957 (71 Stat. 441), as amended by the Wholesome Poultry Products Act (82 Stat. 791); and 'federal acts' means these two federal laws.

22. 'Federal Food, Drug, and Cosmetic Act' means the Act so entitled, approved June 25, 1938 (52 Stat. 1040), and Acts amendatory thereof or supplementary thereto.

23. 'Pesticide chemical', 'food additive', 'color additive', and 'raw agricultural commodity' shall have the same meanings for purposes of this chapter as under the Federal Food, Drug, and Cosmetic Act.

24. 'Official mark' means the official inspection legend or any other symbol prescribed by regulations of the secretary to identify the status of any article or livestock or poultry under this chapter.

25. 'Official inspection legend' means any symbol prescribed by regulations of the secretary showing that an article was inspected and passed in accordance with this chapter.

26. 'Official certificate' means any certificate prescribed by regulations of

the secretary for issuance by an inspector or other person performing official functions under this chapter.

27. 'Official device' means any device prescribed or authorized by the secretary for use in applying any official mark.

28. 'Official establishment' means any establishment as determined by the secretary at which inspection of the slaughter of livestock or poultry or the preparation of livestock products or poultry products is maintained under the authority of this chapter.

29. 'Inspector' means an employee or official of the Iowa department of agriculture authorized by the secretary or any employee or official of the government of any county or other governmental subdivision of this state, authorized by the secretary to perform any inspection functions under this chapter under an agreement between the secretary and such governmental subdivision.

30. 'Veterinary inspector' means a graduate veterinarian with appropriate training to perform the inspection functions under the provisions of this chapter.

31. 'Establishment' means all premises where animals or poultry are slaughtered or otherwise prepared, either for custom or resale, for food purposes, meat or poultry canneries, sausage factories, smoking or curing operations, and similar places."

Sec. 2. Section one hundred eighty-nine A point three (189A.3), Code 1966, is hereby repealed and the following enacted in lieu thereof:

"No person shall operate an establishment without first securing a license from the department. The license fee shall be twenty-five dollars for each establishment per year or for any part of a year. The funds shall be deposited with the department of agriculture. The license year shall be from July first to June thirtieth. Applications for licenses shall be in writing on forms prescribed by the department.

It is the objective of this chapter to provide for meat and poultry products inspection programs that will impose and enforce requirements with respect to intrastate operations and commerce that are at least equal to those imposed and enforced under the Federal Meat Inspection Act and the Federal Poultry Products Inspection Act with respect to operations and transactions in interstate commerce; and the secretary is directed to administer this chapter so as to accomplish this purpose. The director of the meat and poultry inspection service of the Iowa department of agriculture is designated as the appropriate state agency to cooperate with the secretary of agriculture of the United States in administration of this chapter."

Sec. 3. Section one hundred eighty-nine A point four (189A.4), Code 1966, as amended by chapter one hundred seventy-nine (179), section one (1), and chapter one hundred eighty (180), section one (1), Acts of the Sixty-second General Assembly, is hereby repealed and the following enacted in lieu thereof:

"In order to accomplish the objectives of this chapter the secretary may exempt the following types of operations from inspection:

7. By regulations require that both of the following classes of persons shall keep such records and for such periods as are specified in the regulations to fully and correctly disclose all transactions involved in their business, and to afford the secretary and his representatives access to such places of business, and opportunity at all reasonable times to examine the facilities, inventory, and records thereof, to copy the records, and to take reasonable samples of the inventory upon payment of the fair market value therefor:

HOUSE CONCURRENT RESOLUTION 31

By Tapscott and Tieden

Whereas, there are approximately one hundred sixty-seven thousand disabled or handicapped persons in the State of Iowa; and

Whereas, eleven thousand persons in Iowa are estimated to be handicapped by mental illness, more than forty thousand by mental retardation, twenty-five thousand by cardiac and circulatory disorders, thirty-five thousand by physical deformities, paralysis, or amputations, and others suffer impairment of vision, hearing, speech, ability to breathe, or other bodily functions; and

Whereas, neglected disability causes "crisis people" who must be dealt with by institutions, welfare assistance, and many costly programs at a

time when it is often too late for maximum benefit or too late to avoid tragedy; and

Whereas, in order to avoid crisis in human lives resulting from the onset of disability and handicapping conditions, rehabilitative services and opportunities must be made available to handicapped persons early; and

Whereas, vocational rehabilitation opportunities made available to all handicapped persons before the "crisis" of discouragement and dependency occurs, results in the saving of life, personal resources, and the public funds; and

Whereas, early vocational rehabilitation is the economical way to deal with the problems of disability in contrast with the traditional methods of support and remedial activity customarily instituted after individual initiative has been lost and the deteriorating effects of idleness and dependency have left their imprint; and

Whereas, homes or housing located near rehabilitation centers and facilities providing both temporary and permanent housing to the handicapped, financed and operated by the state, would benefit these programs; now, therefore,

Be It Resolved by the House, the Senate Concurring, That the Iowa Legislative Research Committee, its successor agency, or an appropriate standing committee be directed to conduct, during the 1969-1971 legislative biennium, a study of the feasibility of establishing a home or homes for the handicapped that would be financed and operated by the state, the laws relating thereto, and the need for additional legislation to aid these problems.

Be It Further Resolved, That the Legislative Research Committee establish a committee to assist with the study for establishing programs providing homes for the handicapped.

Be It Further Resolved, That a report of the study findings and recommendations, accompanied by bills incorporating such recommendations, be submitted to the 1970 session of the General Assembly.

Laid over under Rule 25.

AMENDMENTS FILED

1 Amend House File 491 by striking everything after the en-
2 acting clause and inserting in lieu thereof the following:

3 Section 1. As used in this Act, unless the context otherwise
4 requires:

5 1. "District" means a rural water district incorporated and
6 organized pursuant to the provisions of this Act.

7 2. "Board" means the board of directors of a district, and
8 "director" means a member of such board of directors.

9 3. "Member" means any owner of land which is located within
10 a district, or the occupant thereof or other person acting for
11 the owner with the owner's written consent.

12 4. "Participating member" means a member who has subscribed
13 to and paid the established fee for at least one benefit unit
14 in a district, in the manner provided by this Act.

15 5. "Supervisors" means the board of supervisors of any
16 county, or the joint boards of supervisors of any two or more
17 counties, in which a district has been incorporated and organ-
18 ized or is proposed to be incorporated and organized.

19 6. "Auditor" means the county auditor of any county in which
20 a district has been incorporated and organized or is proposed
21 to be incorporated and organized or, in the case of a district
22 or proposed district lying in two or more counties, the auditor
23 of the county having the largest district acreage.

24 7. "Council" means the Iowa natural resources council.

25 Sec. 2. A petition may at any time be filed with the audi-
26 tor requesting the supervisors to incorporate and organize a
27 district encompassing an area, not then included in any other
28 district, in any county or any two or more adjacent counties
29 for the purpose of providing an adequate supply of water for
30 domestic purposes to residents of the area who are not served
31 by the water mains of any city or town water system and who
32 cannot feasibly obtain adequate supplies of water from wells
33 on their own premises. The petition shall be signed by the
34 owners of at least fifty percent of all land lying within the
35 outside perimeter of the area designated for inclusion in the
36 proposed district, and shall state:

37 1. The location of the area so designated, describing such
38 area by section, or fraction thereof, and by township and
39 range.

40 2. The reasons a district is needed.

41 Sec. 3. When a petition for incorporation and organiza-
42 tion of a district is filed with the auditor, he shall so
43 inform the supervisors who shall fix a time for a hearing
44 thereon, not less than fifteen nor more than thirty days
45 after the filing of the petition. The auditor shall prepare
46 a notice as hereinafter required, which shall at least seven
47 days before the date fixed for the hearing on the petition:

48 1. Be published in a newspaper of general circulation in
49 the area to be incorporated.

50 2. Be transmitted, together with a copy of the original
51 petition, to the council.

52 Sec. 4. The notice prepared by the auditor pursuant to
53 section three (3) of this Act shall set forth:

54 1. The location of the land designated by the petitioners
55 for incorporation in the proposed district, as described by
56 the original petition.

57 2. The time and place fixed by the supervisors for the
58 hearing on the petition.

59 3. That all owners or occupants of land within the bound-
60 aries described may appear and be heard.

61 4. That the proposed district, if incorporated, shall have
62 no power or authority to levy any taxes whatsoever.

63 Sec. 5. At the hearing on the petition, any owner or occupant
64 of land within the boundaries of the area described in the peti-
65 tion may appear, in person or by his designated representative,
66 and any representative of the council may also appear, in favor
67 of or in opposition to the incorporation and organization of
68 the proposed district. Such appearances may also be filed in
69 writing prior to the time set for the hearing.

70 Sec. 6. After the hearing, the supervisors may strike off
71 any part of the territory that testimony shows will not be bene-
72 fited by the creation of the district. If the supervisors do
73 not find that the district is necessary, they shall dismiss the
74 petition.

75 If the supervisors find that required notice of the hearing
76 has been given and that such district is reasonably necessary
77 for the public health, convenience, fire protection, and com-
78 fort of the residents, they shall make an order establishing
79 the district as a body politic, describing its boundary, and
80 designating it by name or number. The order shall be published
81 in the same newspaper which published the notice of hearing.
82 The supervisors shall prepare and preserve a complete record
83 of the hearing on the petition and their findings and action
84 thereon.

85 Sec. 7. As a part of the order incorporating the district,
86 the supervisors shall fix the time and place at which the mem-
87 bers shall meet to select from their number a board of directors.
88 Selection of the initial board shall be not later than thirty
89 days after the hearing. The number of directors on the board,
90 not to exceed nine, shall be determined by a majority vote of
91 those members present. Any member elected a director who fails
92 to become a participating member, within thirty days after entry
93 in the minutes of the board of a declaration of availability of
94 benefit units for subscription, shall forfeit his office.

95 Sec. 8. Within thirty days after election of the original
96 board, proposed bylaws shall be submitted for adoption at a
97 special meeting of members of the district, written notice of
98 which shall be mailed to each member. Members present at the
99 special meeting may adopt or amend any of the proposed bylaws,
100 and may propose and adopt alternative or additional bylaws.
101 The bylaws may subsequently be amended at any annual or special
102 meeting of the participating members of the district. However,
103 the bylaws of each district shall provide:

104 1. For an annual meeting of participating members between
105 January first and March first of each year following the year
106 of incorporation of the district, and for the mailing of writ-
107 ten notice of the time and place of each annual meeting to

108 each participating member and publication of such notice in a
109 newspaper of general circulation in the district not less than
110 ten nor more than thirty days prior to each meeting.

111 2. That each participating member of the district shall
112 be entitled to a single vote at all annual and special meetings
113 of the district, regardless of the number of benefit units to
114 which he has subscribed.

115 Sec. 9. The initial board of each district shall divide its
116 members by lot into three classes of as nearly equal size as
117 possible. The terms of the directors in the first, second, and
118 third classes shall expire on the dates of the annual meetings
119 in the first, second, and third years, respectively, following
120 the year in which the district is incorporated, or as soon
121 thereafter as their respective successors are elected and have
122 qualified. At the annual meeting in each year after the year
123 in which the district is incorporated, a director shall be
124 elected to succeed each director whose term of office expires
125 on that date, and each director so elected shall hold office
126 for a term of three years and until his successor is elected
127 and has qualified. Vacancies shall be filled by appointment
128 by the remaining directors, for the unexpired term.

129 Sec. 10. The board shall meet annually on the same day as,
130 and immediately following, the annual meeting of participating
131 members, and may meet at such other times as it may determine,
132 or upon the call of the chairman or any two directors. At the
133 first meeting of the initial board following its election, and
134 at each succeeding annual board meeting, the board shall elect
135 a chairman, vice chairman, secretary, and treasurer for the
136 ensuing year.

137 Sec. 11. The board shall be the governing body of the dis-
138 trict, and shall:

139 1. Adopt rules, regulations, and rate schedules in conform-
140 ity with the provisions of this Act and the bylaws of the dis-
141 trict as necessary for the conduct of the business of the
142 district.

143 2. Maintain at its office a record of the district's pro-
144 ceedings, rules and regulations, and any decisions and orders
145 made pursuant to the provisions of this Act, and furnish copies
146 thereof to the supervisors or the council upon request.

147 3. Employ, appoint, or retain attorneys, engineers, other
148 professional and technical employees, and such other personnel
149 as necessary, and require and approve bonds of district employees.

150 4. Prior to each annual meeting of participating members:

151 a. Prepare an estimated budget for the coming year, and
152 adjust water rates if necessary in order to produce the revenue
153 required to fund the estimated budget, and make a report thereon
154 at the annual meeting.

155 b. Have an audit made of the district's records and accounts,
156 and make copies of the audit report available to all participat-
157 ing members attending the annual meeting and to any other par-
158 ticipating member who so requests.

159 5. Have authority to acquire by gift, lease, purchase, grant,
160 or by eminent domain proceedings, any property, real or personal,
161 in fee or a lesser interest needed to achieve the purposes for

162 which the district was incorporated and to sell and convey
163 property owned, but no longer needed, by the district.

164 6. Have authority to construct, operate, maintain, repair,
165 and when necessary to enlarge or extend, such ponds, reservoirs,
166 pipelines, wells, check dams, pumping installations, or other
167 facilities for the storage, transportation, or utilization of
168 water, and such appurtenant structures and equipment, as may
169 be necessary or convenient to carry out the purposes for which
170 the district was incorporated. A district may purchase its
171 water supply from any source.

172 7. Have power to borrow from, cooperate with and enter
173 into such agreements as deemed necessary with any agency of
174 the federal government, and to accept financial or other aid
175 from any agency of the federal government. To evidence any
176 indebtedness the obligations may be one or more bonds or notes
177 and the obligations may be sold at private sale.

178 8. Have power to finance up to ninety percent of the cost
179 of the construction or purchase of any project necessary to
180 carry out the purposes for which the district is incorporated,
181 provided the balance of the cost of construction or purchase
182 is acquired by subscription, donation, gift, or otherwise than
183 through the medium of loans, or to refinance up to ninety per-
184 cent of the original cost of any such project, and to evidence
185 such financing by issuance of revenue bonds or notes which
186 shall mature in a period not to exceed forty years from date
187 of issuance, shall bear interest, or combined interest and
188 insurance charges, at a rate not to exceed six percent per
189 annum, shall be payable only from revenue derived from sale
190 of water by the district, and shall never become or be con-
191 structed to be a debt against the state of Iowa or any of its
192 political subdivisions other than the district issuing the
193 bonds. A statutory mortgage lien shall exist upon the water
194 system and appurtenances and extensions so acquired in favor
195 of the holders of the bonds and notes.

196 Sec. 12. As soon as reasonably possible after incorpora-
197 tion of a district, the board shall file with the supervisors
198 and the council copies of the plans and specifications for,
199 and estimates of the cost of, any improvements authorized by
200 this Act which the board proposes to construct or acquire.
201 The board shall determine a reasonable fee which each member
202 shall pay for the privilege of utilizing the district's
203 facilities which shall be known as a benefit unit. Benefit
204 units may be classified. The board, by publication in a news-
205 paper of general circulation in the district, shall generally
206 describe the planned improvements, the area to be served and
207 the fee members will be required to pay for each service con-
208 nected to the water system.

209 Sec. 13. If the capacity of the district's facilities per-
210 mits, the district may sell water by contract to any city or
211 town, other district, or other person, public or private, not
212 within the boundaries of a district.

213 Sec. 14.

214 1. Owners of land outside any district which can economi-
215 cally be served by the facilities of the district may petition

216 to be attached to the district. The petition therefor shall
217 be filed with the auditor, and the auditor and supervisors
218 shall proceed thereon, in substantially the same manner as is
219 provided by this Act for filing of a petition for incorpora-
220 tion and organization of a district.

221 2. All or any part of an incorporated city or town may
222 be included in the boundaries of any existing water district
223 or water district being newly organized, provided the govern-
224 ing body of such city or town by resolution or ordinance gives,
225 or has given, its consent.

226 3. Boards of any two or more districts may by concurrent
227 action and by approval of the supervisors merge their districts
228 into one. In case of merger the members of the boards of the
229 merged districts may serve out the terms for which they were
230 elected. The resulting district shall take over all the as-
231 sets and legal liabilities of the water districts joining in
232 the merger. Obligations of any district secured by the revenue
233 of the systems operated by the district shall continue to be
234 retired, or a sinking fund for such purpose created from revenue
235 from the system operated over the same area by the resulting
236 district in accordance with the laws under which the obliga-
237 tions were issued, until all obligations of the old district
238 have been retired.

239 Sec. 15. No district shall have any power to levy any taxes.
240 Neither the facilities constructed or otherwise acquired by any
241 district, including but not limited to ponds, reservoirs, pipe-
242 lines, wells, check dams, and pumping installations, the revenues
243 obtained by the district from the sale of water, nor the revenue
244 bonds or interest therefrom issued by any district shall be tax-
245 able in any manner by the state of Iowa or any of its political
246 subdivisions.

247 Sec. 16. If it becomes apparent that certain lands included
248 within a district cannot economically or adequately be served
249 by the facilities of the district, the owners of such lands
250 may file with the auditor a petition to the supervisors re-
251 questing that those lands be detached from the district. The
252 petition shall:

253 1. Describe by section, or fraction thereof, and by town-
254 ship and range, the lands which it is proposed to detach from
255 the district.

256 2. State that such lands cannot economically or adequately
257 be served by the facilities of the district, and that it is
258 not feasible for the district to enlarge or extend its facili-
259 ties so as to economically and adequately serve such lands.

260 3. Be signed by the owners of all the lands which it is
261 desired to detach from the district.

262 Sec. 17. A petition may be filed with the auditor request-
263 ing the supervisors to dissolve an inactive district. The
264 petition shall:

265 1. State that the district owns no property of any kind
266 exclusive of records, maps, plans, and files, and that all of
267 its debts and obligations have been fully paid.

268 2. State that the board has not held a meeting for more
269 than one year prior to the date of filing of the petition,

270 that the district is not functioning, and will probably
271 continue to be inoperative.

272 3. Be signed by three-fourths of the members of the dis-
273 trict.

274 Sec. 18. Upon the filing with the auditor of a petition
275 under either section sixteen (16) or section seventeen (17)
276 of this Act, the auditor shall so inform the supervisors who
277 shall fix a time for consideration of the petition. The supervi-
278 sors may, but shall not be required to, hold a hearing thereon.
279 After consideration of the petition, and after the hearing if
280 one is held, the supervisors shall ascertain whether:

281 1. The petition meets all of the requirements prescribed
282 by this Act for such petition.

283 2. It appears from all information available to the super-
284 visors that each allegation included in the petition is factual.

285 If the supervisors' finding on each of the foregoing points
286 is positive, it shall declare the lands described in the peti-
287 tion detached from the district, or declare the district dis-
288 solved, as the case may be. The supervisors shall notify the
289 secretary of the district of its action, and the secretary shall
290 amend the records of the district to show that the land described
291 in the petition has been detached from the district, or shall
292 within thirty days deliver to the auditor all records, maps,
293 plans, and files of the district dissolved, as the case may be.

294 Sec. 19. Nothing in this Act shall be construed to exempt
295 any district from the requirements of any other statute, whether
296 enacted prior to or subsequent to the effective date of this Act,
297 under which the district is required to obtain the permission or
298 approval of, or to notify, the council, the Iowa commerce com-
299 mission, or any other agency of this state or of any of its
300 political subdivisions prior to proceeding with construction,
301 acquisition, operation, enlargement, extension, or alteration
302 of any works or facilities which the district is authorized to
303 undertake pursuant to this Act.

304 Sec. 20. A nonprofit corporation incorporated under the
305 laws of the state of Iowa for the specific purpose of operat-
306 ing a rural water system may petition the supervisors for
307 incorporation of a district, in the manner provided by sec-
308 tion two (2) of this Act. The signatures of the corporation's
309 officers on the petition shall suffice in lieu of signatures
310 of owners of fifty percent of the land in the proposed district,
311 provided the corporation presents evidence satisfactory to the
312 supervisors that a sufficient number of members of the proposed
313 district will subscribe to benefit units to make its operation
314 feasible. The procedure for hearing and determination of dis-
315 position of the petition shall be as provided by this Act. In
316 any district incorporated upon the petition of a nonprofit cor-
317 poration, the officers and board of directors of the corporation
318 shall be the officers and board of the district. The applicable
319 laws of the state and the articles of incorporation and bylaws of
320 the corporation shall control the initial size and initial term
321 of office of such officers and board, in lieu of sections seven
322 (7), nine (9), and ten (10) of this Act. At the first annual
323 meeting of the participating members and board of directors,

324 the district shall bring its operation and structure in com-
325 pliance with section seven (7) through section ten (10) of this
326 Act.

SENATE CONCURRENT RESOLUTION 26

By Committee on Higher Education

Whereas, chapter two hundred thirty-five (235), Acts of the Sixty-second General Assembly, provides that the state board of regents after authorization by a constitutional majority of the general assembly may carry out any project as defined in the Act at the state university of Iowa; and

Whereas, section three (3) of said Act authorizes the board to borrow money and to issue and sell negotiable bonds or notes to pay all or any part of the cost of carrying out such projects at the institution payable solely and only from and secured by an irrevocable pledge of a sufficient portion of the hospital income of the institution, and

Whereas, recognizing the necessity to expand and improve the medical facilities at the university hospitals in order to meet present and future demands for statewide medical and teaching services and to alleviate serious inadequacies with respect to space, standards, and technological improvements, the Sixty-second General Assembly heretofore adopted on June 15, 1967, by a vote of 94-18 in the house and 46-6 in the senate, House Concurrent Resolution twenty-eight (28) authorizing the board of regents to construct an addition of 466,000 gross square feet of floor space to the general hospital to house an operating room suite and facilities, a diagnostic radiology section, outpatient clinic, and inpatient facilities at an estimated cost of \$17,550,000 of which not more than \$12,000,000 would be financed by borrowing authorized by the provisions of chapter two hundred thirty-five (235), Acts of the Sixty-second General Assembly, and

Whereas, it has been determined that substantial economy and efficiency of hospital operation can be achieved through a system of automated materiel processing, distribution, and collection, and facilities for such a system are not presently provided, and

Whereas, due to increased costs of construction and an increase in the projected size of said addition, including the proposed construction of an automated materiel handling system, it is deemed necessary by the board of regents that the Sixty-third General Assembly supplement the previous authorization by authorizing an increase in the size and cost of the project and in the amount of bonds which may be issued for the financing thereof, so as to authorize the board to construct a multi-story structure of 551,124 gross square feet south of the general hospital to house an operating room suite and facilities, a diagnostic radiology section, outpatient clinic, and inpatient facilities for approximately four hundred sixty (460) beds, and an adjacent and connecting structure of 58,600 gross square feet to house facilities for a system of automated materiel processing, distribution, and collection, all at an estimated cost of \$34,200,000 of which not more than \$15,000,000 would be financed by borrowing under the provisions of chapter two hundred thirty-five (235), Acts of the Sixty-second General Assembly, the remainder to be financed by federal and other funds; now, therefore,

Be It Resolved by the Senate, the House Concurring, That the authority heretofore conferred on the state board of regents by the Sixty-second General Assembly pursuant to House Concurrent Resolution 28 be and is hereby ratified and confirmed; and

Be It Further Resolved, That such authority be and is hereby supplemented to the extent necessary to authorize said board to construct an addition of 551,124 gross square feet, more or less, to the general hospital of the state university of Iowa to house an operating room suite and facilities, a diagnostic radiology section, outpatient clinic, and inpatient facilities, and an adjacent and connecting structure of 58,600 gross square feet, more or less, to house facilities for a system of automated materiel processing, distribution, and collection, all at an estimated cost of \$34,200,000 of which not more than \$15,000,000 would be financed by borrowing authorized by the provisions of chapter two hundred thirty-five (235), Acts of the Sixty-second General Assembly.

Laid over under Rule 25.

House File 223, a bill for an act relating to the licensing of nursing home administrators, creating the Iowa state board of examiners for nursing home administrators, prescribing its powers, duties, and functions, and appropriating necessary funds therefor, begs leave to report it has had the same under consideration and has instructed me to report the same back to the House with the recommendation that the same be amended as follows, and when so amended the bill do pass:

Amend House File 223 as follows:

1. By striking all after the enacting clause and inserting in lieu thereof the following:

Section 1. Chapter one hundred forty-seven (147), Code 1966, is hereby amended by adding as a division sections two (2) through thirteen (13) of of this Act.

Sec. 2. Definitions. As used in this Act, unless the context otherwise indicates:

1. "Board" means the Iowa state board of examiners for nursing home administrators hereinafter created.

2. "Nursing home administrator" means a person who administers, manages, supervises, or is in general administrative charge of a nursing home whether such person has an ownership interest in such home and whether his functions and duties are shared with other individuals, except members of boards of directors unless serving in addition in a supervisory or managerial capacity.

3. "Nursing home" means any institution or facility, or part thereof, defined as such for licensing purposes by law or pursuant to rules and regulations for nursing homes issued by the state department of health, whether proprietary or nonprofit, including but not limited to, nursing homes owned or administered by the federal or state government or any agencies or political subdivisions thereof.

Sec. 3. Composition of the board. There is hereby created a state board of examiners for nursing home administrators which shall consist of nine members. Eight members of the board shall be initially appointed by the governor from a list of twenty-four persons, whose names shall be submitted to the governor by the managing boards of directors of the recognized associations of public and private nursing homes in this state. The number of names submitted by each association shall be as nearly as possible in proportion to their respective memberships. Three members shall be appointed for terms of three years, three members shall be appointed for terms of two years, and two members shall be appointed for a term of one year thereafter, the terms of all appointive members shall be three years. The ninth member shall be the commissioner of social services, or his designee, who shall be a nonvoting ex officio member of such board.

Subsequent appointees shall be selected by the governor from lists of three nominees submitted to the governor by the boards of directors of recognized nursing home associations. The association whose membership is greatest shall submit the first list and associations with proportionately fewer members shall submit lists in their respective turns. Any vacancy occurring in the position of an appointive member shall be filled by the governor for the unexpired term from a list of three names submitted to the governor by the board of directors of the recognized nursing home association whose turn is due. Appointive members may be removed by the governor for cause after due notice and hearing. Initial appointments of members representing nursing home administrators shall be limited to persons who are approved by the commissioner of the state department of health as "administrators" and who are serving in such capacity on the

effective date of this Act and who have been administrators for at least five years, as such term is defined by this Act. After initial appointments have been made, no administrator shall be eligible for appointment as a member unless licensed as a nursing home administrator.

Sec. 4. Qualifications for licensure. The board shall have authority to issue licenses to qualified persons as nursing home administrators, and shall establish qualification criteria for such nursing home administrators. No license shall be issued to a person as a nursing home administrator unless:

1. He is at least twenty-one years of age, of good moral character, sound mental health, and physically able to perform the duties required.

2. He has satisfactorily completed a course of instruction and training prescribed by the board, which course shall be so designed as to content and administered as to present sufficient knowledge of the needs properly to be served by nursing homes; knowledge of the laws governing the operation of nursing homes and the protection of the interests of patients therein; and knowledge of the elements of good nursing home administration; or has presented evidence satisfactory to the board of sufficient education, training, or experience in the foregoing fields to administer, supervise, and manage a nursing home.

3. He has passed an examination administered by the board designed to test for competence in the subject matter referred to in subsection two (2) of this section.

Sec. 5. Licensure function. The board shall license nursing home administrators in accordance with rules and regulations issued by it. A nursing home administrator's license shall not be transferable and shall be valid until surrendered because of cancellation, suspension, or revocation for a violation of law or regulations relating to the proper administration and management of a nursing home. Any denial of issuance or renewal, suspension, or revocation under any section of this Act shall be subject to review upon the timely request of the licensee and pursuant to Iowa state procedures.

Persons who, on the effective date of this Act, have been actively engaged in the practice of nursing home administration for at least one year next preceding such date, may be issued a temporary license upon payment of the required fee, without the need to present evidence of satisfactory completion of a course of instruction and training and without examination, and all such licenses shall be issued commencing July 1, 1970, and shall expire on June 30, 1972.

During the period when temporary licenses may be issued the board shall offer a program of training and instruction designed to enable all temporary licensees to attain the qualification necessary to licensure as a nursing home administrator.

Sec. 6. License fees. Each person licensed as a nursing home administrator shall be required to pay a license fee in an amount to be fixed by the board, which fee shall not exceed twenty-five dollars per year. Said license shall expire on the thirty-first day of December of the year following its issuance, and shall be renewable annually and upon payment of the license fee.

Sec. 7. Fund created. All fees collected under the provisions of this Act shall be paid monthly to the treasurer of state, who shall keep the same in a special fund to be known as the state board of examiners for nursing home administrators fund, which fund may be used and expended by the board to pay the compensation and travel expenses of members and employees of the board, and other expenses necessary for the board to administer and carry out the provisions of this Act.

Sec. 8. Organization of board. The board shall elect from its membership a chairman, vice-chairman, and secretary-treasurer, and shall adopt rules and regulations to govern its proceedings. Each member shall receive, as compensation for his services, an amount agreed upon by the board but not to exceed that of other examining boards enumerated in chapter one hundred forty-seven (147) of the Code. All members shall be allowed necessary travel expenses, as may be approved by the board, which shall be payable in the same manner as other travel expenses of state officials. The board may employ and fix the compensation and duties of necessary personnel to assist it in the performance of its duties.

Sec. 9. Exclusive jurisdiction of board. The board shall have authority to determine the qualifications, skill, and fitness of any person to serve as an administrator of a nursing home under the provisions of this Act, and the holder of a license under the provisions of this Act shall be deemed qualified to serve as the administrator of a nursing home.

Sec. 10. Duties of the board. The board shall have the duty and responsibility to:

1. Develop, impose, and enforce standards which must be met by individuals in order to receive a license as a nursing home administrator. Such standards shall be designed to insure that nursing home administrators will be persons who are of good character and are otherwise suitable, and who, by training or experience in the field of institutional administration, are qualified to serve as nursing home administrators.

2. Develop and apply appropriate techniques, including examination and investigations, for determining whether an individual meets such standards.

3. Issue licenses to individuals who, after application of such techniques, are found to have met such standards; and for cause and after due notice and hearing, to place the licensee on probation for a period not exceeding six months, or to revoke or suspend licenses previously issued by such board in any case where the individual holding such license is found to have failed to conform to the requirements of such standards. The board may also accept the voluntary surrender of such license without necessity of a hearing. In the event of the inability of the regular administrator of a nursing home to perform his duties or through death or other cause the nursing home is without a licensed administrator, a provisional administrator may be appointed on a temporary basis, to perform such duties for a period not to exceed six months or show just cause why extension in excess of this is necessary.

4. Establish and carry out procedures designed to insure that individuals licensed as nursing home administrators will comply with the requirements of such standards.

5. Receive, investigate, and take appropriate action with respect to, and including the revocation of a license if necessary after due notice and hearing and for cause, any charge or complaint filed with the board to the effect that any individual licensed as a nursing home administrator has failed to comply with the requirements of such standards.

6. Conduct a continuing study and investigation of nursing homes, and administrators of nursing homes in this state, with a view to the improvement of the standards imposed for the licensing of such administrators and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such.

7. By making use of the resources available conduct, or cause to be conducted, one or more courses of instruction and training sufficient to meet the requirements of this Act, and shall make provisions for such courses and

their accessibility to residents of this state unless it finds that there are a sufficient number of approved courses which are taught by others within this state. In lieu thereof the board may approve courses taught within and without this state as sufficient to meet the education and training requirements of this Act.

Sec. 11. Renewal of license. Every holder of a nursing home administrator's license shall renew it annually by making application to the board. Such renewals shall be granted as a matter of course unless the board finds, after due notice and hearing, that the applicant has acted or failed to act in such a manner or under such circumstances as would constitute grounds for suspension or revocation of a license.

Sec. 12. Reciprocity with other states. The board may issue a nursing home administrator's license, without examination, to any person who holds a current license as a nursing home administrator from another jurisdiction if the board finds that the standards for licensure in such other jurisdiction are at least the substantial equivalent of those prevailing in this state, and that the applicant is otherwise qualified.

Sec. 13. Misdemeanor. It shall be a misdemeanor for any person to act or serve in the capacity of a nursing home administrator unless he is the holder of a license as a nursing home administrator, issued in accordance with the provisions of this Act.

Sec. 14. Section one hundred forty-seven point one (147.1), Code 1966, is hereby amended as follows:

1. By inserting in line eight (8) after the word "nurse," the words "nursing home administrator,".

2. By inserting in line sixteen (16) after the word "nursing," the words "nursing home administration,".

SENATE CONCURRENT RESOLUTION 29

**By Senate Committee on Law Enforcement
and House Committee on Law Enforcement**

Whereas, for almost two centuries our nation has looked to laws and courts as guardians of the life, liberty and individual freedom of every citizen; and

Whereas, we recognize that the preservation of our system of equal justice under law is a responsibility shared by all citizens; and

Whereas, the twelfth annual observance of Law Day U. S. A. on May 1 is an occasion for every citizen to demonstrate that Americans are united in their dedication to the ideals of equal justice and equal opportunity within the structure of law, without which neither would be possible; and

Whereas, the theme for this year's observance of Law Day U. S. A. is: "Justice and Equality Depend Upon Law and You", a reminder that each individual has a responsibility to help advance these goals; and

Whereas, Congress and the President have asked every citizen on Law Day to give thoughtful attention to the place of law in our society and to cultivate that respect for law that is so vital to our democratic way of life; now, therefore,

Be It Resolved by the Senate, the House Concurring: That this General Assembly does hereby urge the people of the state of Iowa to observe Thursday, May 1, 1969, as Law Day with appropriate public ceremonies and by the reaffirmation of their dedication to our form of government and the supremacy of law in our lives.

SENATE CONCURRENT RESOLUTION 13

- 1 A Concurrent Resolution proposing an amendment to the Constitution
- 2 of the United States and making application to the Congress

3 of the United States to call a convention for the purpose of
4 proposing an amendment to the Constitution of the
5 United States, to allow the people of each state greater
6 freedom of choice in the apportionment of their state
7 legislature and local governing bodies.
8 WHEREAS, the people of each state should have greater
9 freedom of choice in the apportionment of their state legislature
10 and local governing bodies; NOW THEREFORE,
11 BE IT RESOLVED BY THE SENATE, THE HOUSE OF REPRESENTATIVES
12 CONCURRING, OF THE SIXTY-THIRD GENERAL ASSEMBLY OF IOWA,

13 That this legislature respectfully requests and makes application
14 to the Congress of the United States to propose the following article
15 as an amendment to the Constitution of the United States or, in the
16 alternative, to call a convention for the purpose of proposing the
17 following article as an amendment to the Constitution of the
18 United States:

19 "Article - - -

20 "Section 1. The people of a state may apportion one house
21 of a bicameral legislature using population, geography and political
22 subdivisions as factors, giving each factor such weight as they deem
23 appropriate or giving reasonable weight to the same factors in
24 apportioning a unicameral legislature, if in either case such plan
25 of apportionment has been submitted to a vote of the people in
26 accordance with law and with the provisions of this Constitution
27 and has been approved by a majority of those voting on that issue.

1 When a plan of apportionment based on factors of population,
geography,
2 and political subdivisions is submitted to a vote of the people under
3 this section there shall also be submitted, at the same election, an
4 alternative plan of apportionment based upon substantial equality of
5 population in both houses of the bicameral legislature.

6 Sec. 2. Any plan of apportionment which has been approved
7 under this article shall be resubmitted to a vote of the people, or
8 another plan may be submitted under the provisions of section one,
9 at the November general election held two years following each year
10 in which there is commenced any enumeration provided for in
11 section two of Article I, and upon approval by a majority of those
12 voting thereon, such plan of apportionment shall continue in effect
13 until changed in accordance with law and with the provisions of this
14 Constitution.

15 Sec. 3. Nothing in this Constitution shall prevent a state
16 from apportioning membership of governing bodies of its subordinate
17 units using population, geography, and political subdivisions as
18 factors, giving each factor such weight as the state deems appropriate."

19 BE IT FURTHER RESOLVED, That the Congress of the United
20 States is respectfully requested to submit said amendment in such
21 manner that it shall be valid as part of the Constitution when ratified
22 by the legislatures of three-fourths of the several states within
23 seven years of its submission to the states by the Congress, provided
24 that each such legislature shall be apportioned on the basis of
25 substantial equality of population in accordance with the most recent
26 enumeration provided for in section two of Article I of the Constitution
27 of the United States.

28 BE IT FURTHER RESOLVED, That a duly attested copy of this
 29 resolution be immediately transmitted to the Secretary of the Senate

shall engage in any occupation in violation of any of the provisions of this Act shall be punished by a fine of not less than fifty dollars.

Any other violations of this Act, for which a penalty is not specifically provided, shall be punishable by a fine of not less than fifty dollars nor more than five hundred dollars or imprisonment in the county jail for not less than thirty days nor more than one year or both. PERSONAL PRIVILEGE

My absence from the chamber yesterday.

Because of pressing personal problems, I was not present yesterday during your debate and affirmative action on Senate Concurrent Resolution 13. Fortunately, my vote would have made no difference in the outcome. But I want this body to understand how I would have voted had I been here.

I heard some of the debate on radio. Mrs. Franklin . . . I salute you. You come from where the action is. And one of these days someone is going to discover that haystacks and barns burn even better than the grocery store run by the Jew-boy down on the corner. This is year 1969.

I, too, was born in a little town in Missouri. I have an eighty-nine-year-old mother who is confused by this entire issue. But, let me tell you here and now, I am not. Senate Concurrent Resolution 13 is a racial issue. Mr. Crabb . . . hogs may be beautiful . . . but BLACK is Beautiful . . . and PIGS has a different connotation for some people whether we like it or not. I probably didn't get five black votes that brought me to this body, and if I never come back I couldn't care less. Thirteen is going to prove an unlucky number for this body . . . not for the people it hits.

Had I been present I would have voted NO on Senate Concurrent Resolution 13. And I would have sprained my finger pushing the red button.

Mr. Speaker, I ask unanimous consent to be recorded as voting NO on Senate Concurrent Resolution 13.

WAYS AND MEANS CALENDAR

House File 784, a bill for an act relating to the valuation and assessment of real and personal property, was taken up for consideration.

Van Nostrand of Pottawattamie offered the following amendment filed by him:

Amend House File 784 as follows:

1. Page 1, by striking lines 13 through 25 and inserting in lieu thereof the following:

"2. By striking all of line sixteen (16) after the period, and by striking lines seventeen (17) through twenty-two (22), inclusive, and inserting in lieu thereof the following:

"Sale prices of the property or comparable property in normal transactions reflecting market value shall be evidence of market value. Good faith offers to buy or sell the property, and the probable availability or unavailability of persons interested in purchasing the property shall be taken into consideration in determining its market value.

In determining market value, sale prices of property, and offers to buy or sell property, in abnormal transactions not reflecting market value shall not be taken into account or shall be adjusted to eliminate the affect of factors which distort market value, including but not limited to sales to the immediate family of the seller, foreclosure or other forced sales, contract sales in which the price does not reflect market value because of the interest rate or terms, and transactions in which the land purchased adjoins other land already owned by the purchaser.

In determining market value, the following factors shall be considered if they affect the market value of the property: its productive and earning capacity if any; industrial conditions; its cost; physical and functional depreciation and obsolescence; replacement cost; and all other relevant factors. However, said factors shall be considered only to the extent that they affect market value as defined herein; and market value shall not be determined by use of only one of said factors. Nothing in this paragraph shall be deemed to modify the above definition of terms.

The following shall not be taken into consideration: special value or use value of the property to its present owner, and the good will or value of a business which uses the property as distinguished from the value of the property as property.

The market value of agricultural property shall be determined on the basis of its current market value for its current use and not on its potential value for other uses.

Notwithstanding any other provision of this section, the actual value of any property shall not exceed its market value."

3. By striking lines twenty-seven (27) through thirty-six (36), inclusive, and all of line thirty-seven (37) before the period.

4. By adding after the period in line forty-nine (49) the following:

"The assessing body shall disclose at the written request of the taxpayer all information in any formula or method used to determine the actual value of his property."

Sec. 2. Chapter three hundred fifty-four (354), section eight (8), Acts of the Sixty-second General Assembly, amending section four hundred twenty-eight point four (428.4), Code 1966, is hereby amended by striking from line three (3) the figures "1968" and inserting in lieu thereof the figures "1971."

"The director shall equalize the levels of assessment of each class of property in the first and third year of the quadrennial assessment period except that the first equalization under this Act shall be on the 1971 assessment for taxes payable in 1972. For purposes of such valuation adjustments, the director, before such equalization, shall adopt such rules under chapter seventeen A (17A) of the Code as may be necessary to determine the level of

assessment for each class of property in each county. The rules shall cover, (a) the proposed use of the assessment-sales ratio study set out in subsection six (6) of section four hundred twenty-one point seventeen (421.17) of the Code; (b) the proposed use of any state-wide income capitalization studies; (c) the proposed use of other methods that would assist the director in arriving at the accurate level of assessment of each class of property in each assessing jurisdiction."

A livestock trucker may be exempted from this requirement if the animals are identified as to the farm of origin when delivered to a livestock market, stockyards, or slaughtering establishment which agrees to accept responsibility for back-tag identification. Every person required to identify animals in accordance with this section shall file reports of such identification on forms as specified by the department, including thereon the back-tag number and date of application; the name, address and county of residence of the person who owned or controlled the herd from which such animals originated; and whether the animal was of the beef or dairy type. An owner may upon written request receive an extension of quarantine not to exceed one hundred twenty days. Such cattle shall be individually identified by consecutively numbered metal ear tags. These cattle may be released from quarantine by passing a negative brucellosis test at owner's expense.

2. Female calves under eight months of age imported for any reason shall have free movement into the state on a health certificate made out by an accredited veterinarian.

3. All beef-type female cattle over twenty-one months of age not visibly pregnant may enter the state for feeding and grazing purposes. They shall be quarantined for a one-hundred-twenty-day period. 42 plates.

43 2. It increases the portion of annual registration fees
44 retained by the counties by 25 cents to compensate for the
45 administrative duties required at the county level.

46 3. It provides for replacement revenue by retaining the
47 registration fees at one hundred percent through the sixth
48 registration instead of reducing the fee to 75 percent for the
49 sixth registration.

50 4. It raises the fee for duplicate registration cards or
51 plates from 50 cents to one dollar with the counties retaining
52 the additional 50 cents.

53 5. It reduces the number of registration fee brackets by
54 two-thirds by basing the value on every \$300 and the weight on
55 every 500 pounds instead of on every \$100 and on every 100

56 pounds thereby considerably simplifying the administrative
57 details. This reduction in the number of brackets will
58 also result in an increase in registration fees averaging
59 approximately \$1.75 per passenger car."

It shall be the duty of the assessor to examine claims for such credit filed with him and recommend on each such claim the disallowance thereof where it appears that an owner of tangible personal property has attempted to divide the ownership thereof for purposes of obtaining additional credit beyond the amount of two thousand seven hundred (2,700) dollars in a year.

ANNOUNCEMENT BY THE SPEAKER

The Speaker announced to the House that the Chair's policy would be based on the following rules of procedure pursuant to Mason's Manual of Legislative Procedure:

Sec. 180. Dilatory Motions

Page 145

1. Any regular parliamentary motion, when improperly used for the purpose of delaying or obstructing business, is a dilatory motion. For the convenience of legislative bodies, it is necessary to allow some highly privileged motions to be renewed again and again after progress in debate or the transaction of any business. If there were no provision for protecting the body, a minority could be constantly raising questions of order and appealing from every decision of the presiding officer, calling for a division on every viva voce vote, even when it was nearly unanimous, moving to lay motions on the table, moving to adjourn, and offering frivolous and absurd amendments, and, by thus taking advantage of parliamentary forms and methods, practically stop business.

2. Every legislative body has the inherent right to protect itself from dilatory motions. Whenever the presiding officer is satisfied that a member is using parliamentary forms to obstruct business, he should not recognize him, but should rule him out of order. After the presiding officer has been

sustained upon an appeal, he need not entertain another appeal from the same member or members, while he or they are evidently engaged in trying to obstruct business.

3. The presiding officer may properly refuse to permit debate on dilatory motions or on the question of whether a motion is dilatory, and may also refuse to entertain appeals from his decision on motions refused consideration, on the ground that they are dilatory. The presiding officer should never suppress or refuse to entertain motions as dilatory or frivolous, merely to expedite business. It is only justifiable when it is perfectly clear that the opposition is trying to obstruct business.

MISUSE OF TECHNICAL RULES IS NOT ALLOWED. Mason's Manual, Sec. 54: "The purpose of parliamentary law is to secure an orderly procedure in conducting the business of an organization and to eliminate confusion. . . . Purely technical rules are to be applied only when they will aid in the deliberations of the body".

THE MOST DIRECT AND SIMPLE PROCEDURE SHOULD BE FOLLOWED. Mason's Manual, Sec. 55: "In the interest of saving the time and effort of the members and avoiding confusion, the most direct and simplest means of accomplishing a purpose should be followed".

EXPLANATION OF VOTE ON SENATE FILE 655

I was not able to support Senate File 655 because of the provisions of section 8, the DeKoster-Messerly amendment, concerning the individual rights of members of the student body and faculty. It is my opinion and belief that these provisions seriously restrict and hinder the proper functioning of an independent and intellectually viable place of learning. The administrators of our Regents institutions have the necessary authority now, under the law, to maintain order. I consider the words of the late Justice Brandeis, in 1928, as applicable to today's situation and necessary to our historical perspective—"The greatest dangers to liberty lurk in insidious encroachment by men of zeal, well meaning, but without understanding."

HOUSE FILE 811 WITHDRAWN

SENATE AMENDMENT CONSIDERED

Amend House File 400 by striking all after the enacting clause and inserting in lieu thereof the following:

Section 1. Chapter three hundred fifty-six (356), section forty-one (41), Acts of the Sixty-second General Assembly, is hereby amended by adding the following thereto:

"There is hereby granted a credit of not to exceed two thousand seven hundred (2,700) dollars against the assessed value of tangible personal property as defined in section thirty-nine (39), chapter three hundred fifty-six (356), Acts of the Sixty-second General Assembly, owned by a person or business enterprise.

For the purposes of this section:

1. 'Person' means an individual, partnership, joint venture, association, corporation, trust, or estate.

2. 'Business enterprise' means a person engaged in business."

Sec. 2. Amend chapter three hundred fifty-six (356), section forty-two

(42), Acts of the Sixty-second General Assembly, by striking in line ten (10) and line twenty-three (23) the figure "1967" and inserting in lieu thereof the figure "1969".

Any person or business enterprise who owns personal property subject to taxation in more than one county of the state shall designate in reporting such property to the assessor for the purpose of assessment as required in section thirty-nine (39) of this Act in which counties of the state the property is located and may claim the entire credit in one county or a proportionate part thereof in each county where the property is situated, and in no case shall he claim more than the two thousand seven hundred (2,700) dollars assessed value for all personal property assessed in all counties.

Each year, on or before July first, the taxpayer shall deliver to the assessor an application for personal property tax credit and state by such affidavit or affidavits filed in each county where his personal property is situated, that he has not claimed a total personal property tax credit in all counties in excess of a total of two thousand seven hundred (2,700) dollars assessed valuation.

It shall be the duty of the assessor to examine claims for such credit filed with him and recommend on each such claim the disallowance thereof where it appears that an owner of tangible personal property has attempted to divide the ownership thereof for purposes of obtaining additional credit beyond the amount of two thousand seven hundred (2,700) dollars in a year.

If any person fails to make application for the credits provided for under this chapter as herein required, he shall be deemed to have waived the personal property tax credit for the year in which he failed to make claim.

Any person making a false affidavit for the purpose of obtaining the credit provided for in this section, or who knowingly receives such credit without being legally entitled thereto, or who makes claim for credits of more than two thousand seven hundred (2,700) dollars in the state shall be guilty of a misdemeanor and upon conviction thereof shall be fined not more than one hundred (100) dollars or imprisoned in the county jail for not more than thirty (30) days or be both so fined and imprisoned."

SENATE CONCURRENT RESOLUTION 27

By Committee on Rules

Be It Resolved by the Senate, the House Concurring, That the following be adopted as the permanent joint rules of the Sixty-third General Assembly:

JOINT RULES OF THE SENATE AND HOUSE

(Sixty-third General Assembly)

Rule 1

Suspension of Joint Rules

Either house may suspend the joint rules as to that house by the same procedure prescribed for suspending its own rules, but such action shall not affect the joint rules in the other house. The house suspending the joint rules shall promptly notify the other house of its action.

Rule 2

Designation of Sessions

Each regular session of a General Assembly shall be designated by the year in which such regular session commences.

Rule 3

Sessions of a General Assembly

The organization and standing committees in each house of the General Assembly and action taken by each house shall carry over from the first to the second regular session of the same General Assembly. The status of each bill and resolution shall be the same at the beginning of the second regular session as it was immediately before adjournment of the first regular session, except that the rules of either house may provide for re-

ferral of some or all bills and resolutions to standing committees upon adjournment of the first regular session or at the beginning of the second regular session.

Rule 4

Presentation of Messages

All messages between the two houses shall be sent by the Secretary or Chief Clerk, shall be announced by the Sergeant-at-Arms, and shall be communicated to the Chair.

Rule 5

Printing and Form of Bills and Other Documents

Bills and joint resolutions shall be introduced, numbered, prepared, and printed as provided by law, or in the absence of such law, in a manner determined by the Secretary of the Senate and the Chief Clerk of the House of Representatives.

All bills and joint resolutions introduced shall be in a form and number approved by the Secretary of the Senate and Chief Clerk.

Before introduction all bills must be reviewed by the law clerk of that house.

Rule 6

Companion Bills

When identical bills are introduced in each house, they shall be called companion bills. Each house shall designate the sponsor in the usual way followed in parentheses by the sponsor of the companion bill in the other house. The house where the bill is first introduced shall print the complete text. The printed companion bill shall contain the title, enacting clause, and a statement that the bill is a companion bill. However, if the bill is not more than four pages in length, the complete text shall be printed in both houses.

Rule 7

Reprinting of Bills

Whenever any bill has been substantially amended by either house, the Secretary of the Senate or the Chief Clerk shall order the bill reprinted on paper of a different color. All adopted amendments shall be distinguishable.

The Secretary of the Senate or the Chief Clerk may order the printing of a reasonable number of additional copies of any bill, resolution, amendment, or journal.

Rule 8

Daily Clip Sheet

The Secretary of the Senate and Chief Clerk shall prepare a daily clip sheet covering all amendments filed.

Rule 9

Reintroduction of Bills and Other Measures

When a bill or resolution which has passed one house is rejected in the other, it shall not be again introduced during the General Assembly.

Rule 10

Certification of Bills and Other Enrollments

When any bill or resolution which has passed one house is rejected or adopted in the other, notice of such action and the date thereof shall be given to the house of origin in writing signed by the Secretary or Clerk.

Rule 11

Amendments by Other House

I. When a bill which originated in one house is amended in the other

house, the house originating the bill may amend, concur, or refuse to concur in the amendment. Precedence of motions shall be in that order.

- A. If the house originating the bill amends the amendment, the bill shall be read for the last time as amended, shall be placed on final passage, and shall be returned to the other house. The other house cannot further amend the bill.
 1. If the other house concurs in the amendment to the amendment, the bill shall then be read for the last time as finally amended, and placed upon its final passage.
 2. If the other house refuses to concur, the bill shall be returned to the house originating the bill. If the house originating the bill insists, the bill then shall go to a conference committee.
 3. If the other house refuses to concur and the house originating the bill then recedes from its amendment, the bill shall be read a last time as amended in the house originating the bill and placed upon its final passage.
- B. If the house originating the bill concurs in the amendment, the bill shall then be read for the last time as amended, and placed upon its final passage.
- C. If the house originating the bill refuses to concur in the amendment, the bill shall then be returned to the other house which shall either:
 1. Recede, after which the bill shall be read for the last time and placed upon its final passage; or
 2. Insist, which will send the bill to a conference committee.
- II. A motion to recede has precedence over a motion to insist. Failure to recede, if by a constitutional majority, means to insist; and failure to insist, if such negative vote is by a constitutional majority, means to recede.
- III. A motion to lay on the table or to indefinitely postpone shall be out of order with respect to motions to recede from or insist upon and to amendments to bills which have passed both houses.
- IV. A motion to concur, refuse to concur, recede, insist, or adopt a conference committee report is in order even though the subject matter has previously been acted upon.

Rule 12

Conference Committees

1. Within one legislative day after either house insists upon an amendment to a bill, the presiding officer of each house shall appoint four members to a conference committee.
2. The conference committee shall meet before the end of the next legislative day after their appointment, shall select a chairman, and shall discuss the controversy.
3. The authority of the committee shall be limited to recommendations regarding the subject matter of the amendment or amendments which were insisted upon by the house requesting the conference committee.
4. An agreement on recommendations must be approved by at least three members from each house. The committee shall submit a report, together with five copies, two of which shall be signed by members of the committee, one for each house. The report and papers referred shall be returned to the house that refused to concur and shall be acted upon. Such action, including all papers, shall be immediately referred by the secretary or clerk to the other house.
5. The report of agreement is debatable, but cannot be amended. If the report contains recommended amendments to the bill, adoption of the report shall automatically adopt all amendments contained therein. After the

report is adopted, there shall be no more debate, and no more amendments may be considered, and the bill shall be placed upon its final passage.

6. Refusal of either house to adopt the conference committee report has the same effect as if the committee had disagreed.

7. If the conference committee fails to reach agreement, a report of such failure shall be given promptly to each house. Members of the committee shall be immediately discharged and a new conference committee appointed by the presiding officers from members who have not previously served on a conference committee on the bill under consideration. The papers shall remain with the house which insisted on the amendment.

Rule 13

Enrollment and Authentication of Bills

When a bill has passed both houses, it shall be enrolled and its house of origin shall be certified by the endorsement of the Secretary or Clerk.

When bills are enrolled, they shall be examined by a joint standing committee of two from each house who shall compare the enrollment with the engrossed bills, correct any errors, and report immediately to their respective houses.

After enrollment, each bill shall be signed by the President and by the Speaker.

Rule 14

Concerning Other Enrollments

SENATE FILE 670 SUBSTITUTED FOR HOUSE FILE 818

Shaw of Scott asked and received unanimous consent to substitute Senate File 670 for House File 818.

Senate File 670, a bill for an act to appropriate from the general fund of the state to the department of agriculture, was taken up for consideration.

Schroeder of Pottawattamie offered the following amendment filed by Schroeder, et al., from the floor, and moved its adoption:

Amend Senate File 670 as follows:

By adding after line thirty-three (33), page two (2), the following:

Sec. 3. Section one hundred sixty-four point three (164.3), Code 1966, is hereby repealed and the following enacted in lieu thereof:

"All native female cattle between the ages of three and eight months may be officially vaccinated for brucellosis according to the method approved by the United States department of agriculture. The expense of such vaccination shall be borne in the same manner as set forth in section one hundred sixty-four point six (164.6) of the Code."

Sec. 4. Chapter one hundred sixty-four (164), Code 1966, is hereby amended by adding thereto the following new section:

"All bovine animals two years of age and older received for sale or shipment to a slaughtering establishment shall be identified with a back tag issued by the department. The back tag shall be affixed to the animal as directed by the department. It shall be the duty of every livestock trucker when delivering to out-of-state markets, and every livestock dealer, livestock market operator, stockyards operator, and slaughtering establishment to identify all such bovine animals not bearing a back tag at the time of taking possession or control of such animals. A livestock trucker may be exempted from this requirement if the animals are identified as to the farm of origin when delivered to a livestock market, stockyards, or slaughtering establishment which agrees to accept responsibility for back-tag identification. Every person required to identify animals in accordance

with this section shall file reports of such identification on forms as specified by the department, including thereon the back-tag number and date of application; the name, address and county of residence of the person who owned or controlled the herd from which such animals originated; and whether the animal was of the beef or dairy type. Each such report should cover all animals identified during the preceding week. The removal of back-tags shall be restricted to personnel specifically authorized by, and according to, instructions and policies issued by the department. The removal of back-tags by unauthorized personnel shall be considered a violation of this section and subject to the penalties as provided in section one hundred sixty-four point thirty (164.30), of the Code."

Sec. 5. Section one hundred sixty-four point fourteen (164.14), Code 1966, is hereby repealed and the following enacted in lieu thereof:

"The following requirements apply to cattle imported into the state for feeding or grazing purposes:

1. Female cattle of a recognized beef type over eight months of age but under twenty-one months of age not visibly pregnant may enter the state for feeding and grazing purposes to be held under quarantine for a period not to exceed twelve months. An owner may upon written request receive an extension of quarantine not to exceed one hundred twenty days. Such cattle shall be individually identified by consecutively numbered metal ear tags. These cattle may be released from quarantine by passing a negative brucellosis test at owner's expense.

2. Female calves under eight months of age imported for any reason shall have free movement into the state on a health certificate made out by an accredited veterinarian.

3. All beef-type female cattle over twenty-one months of age not visibly pregnant may enter the state for feeding and grazing purposes. They must be individually identified, be negative to a brucellosis test conducted within thirty days prior to entry or be officially vaccinated and less than thirty months of age, unless they are consigned to a state-federal approved market. They shall be quarantined for a one-hundred-twenty-day period. A negative test at owner's expense conducted no sooner than thirty days after the first test would release the cattle from quarantine and qualify them as breeding cattle. Female cattle officially vaccinated and under thirty months of age have free movement. Any imported cattle under feeder quarantine after attaining the age of twenty-one months if classified as breeding cattle must meet test requirements at owner's expense."

 Sec. 3. Section four hundred seventy-two point thirty-three (472.33), Code 1966, is hereby amended by striking all after the period in line three (3) and by inserting in lieu thereof the following:

"In the event that condemner shall appeal said commission's award, said condemner shall be liable for all costs to the landowner including, but not limited to, reasonable attorney fees and costs of expert witnesses."

Sec. 4. Chapter four hundred seventy-two (472), Code 1966, is hereby amended by adding thereto the following new sections:

(1) "Not less than thirty days prior to filing of the application, as provided in Section four hundred seventy-two point three (472.3) of the Code, the condemner shall make an offer, in writing, to the landowner stating the amount of damages they would pay for an easement to said property.

In the event the landowner shall refuse said offer and the commission

shall make an award equal to one hundred ten percent (110%) of condemnor's offer, then there shall be an additional award equal to twenty-five percent (25%) of the final award to recompense said landowner for costs involved in the condemnation proceedings.

(2) Notwithstanding any other section of this chapter or any other chapter of the Code, a condemnee may choose in lieu of a lump-sum award to receive an annual rental for the land use. Said rental shall be determined by multiplying seven percent (7%) times the fair market value of the property as determined by the county assessor for property tax purposes. Any dispute under this paragraph shall be resolved by the sheriff's commission.

HOUSE CONCURRENT RESOLUTION 38

By Gannon of Jasper

Whereas, the electoral college is antiquated and unnecessary in the election of the President and Vice-President of the United States of America; and

Whereas, the United States of America was confronted with a possible constitutional crisis in 1968 because of the possible failure of any candidates for the office of President and Vice-President to receive a majority of the votes cast by the electors which would have required the election of the President of the United States by the United States House of Representatives and the election of the Vice-President of the United States by the United States Senate creating uncertainty as to the next President and Vice-President of the United States of America and possibly leaving the country without a currently elected President and Vice-President; and

Whereas, the electoral college may violate the basic principles of democracy because a plurality of citizens of the United States of America may not elect the President and Vice-President of the United States of America; and

Whereas, the electors of the electoral college are not bound by the will of the citizens as expressed in the ballots cast at the presidential election; and

Whereas, the need for a change has been recognized by members of Congress on numerous occasions through the introduction of various proposals for amending the Constitution; *Now, Therefore*,

Be It Resolved by the House, the Senate Concurring, That the Congress of the United States is hereby urged to abolish the electoral college by proposing an amendment to the Constitution of the United States providing for the popular election of a President and Vice-President, which amendment shall be subject to ratification by the states; and

Be It Further Resolved, That the Secretary of State be directed to transmit copies of this resolution to the President of the Senate of the United States, the Speaker of the House of Representatives of the United States, and each member of the Iowa congressional delegation to the United States Senate and House of Representatives; and

Be It Further Resolved, that this resolution shall in no way be construed as an application to Congress to call a Constitutional Convention.

Laid over under Rule 25.

Sec. 7. Section seven hundred twenty-five point two (725.2), Code 1966, is amended by striking all of said section and by substituting the following therefor:

2. Willfully commits or attempts to commit any lewd, immoral, or lascivious act in the presence, or upon or with the body or any part of member thereof, of a child whose age is from fourteen through seventeen years, inclusive, with the intent of arousing, appealing to, or gratifying the lusts or passions or sexual desires of such person or of such child, unless such act is done with the free and voluntary consent of such child; or

Although sentenced to the penitentiary, such person shall be placed and confined by the department of social services in whichever institution under its control is deemed most appropriate for the treatment and secure confinement of the person, including but not limited to the Iowa security medical facility. The person shall receive treatment appropriate to his condition, unless psychiatric evaluation indicates that he cannot be helped by such treatment, in which event he shall be imprisoned in the penitentiary. The department's staff

shall regularly examine the person and shall report to the board of parole at least once a year. The person shall be eligible for parole by the board of parole, but only after three qualified psychiatrists designated by the department have examined the person and have certified that in their opinion his release is in the best interests of society and there is no significant danger that he will again commit the same or a similar offense. It is the intent of this section that any person convicted of any offense specified in this section shall receive maximum treatment and rehabilitation services and shall be paroled when he is no longer dangerous to society, but shall be removed from society during the entire term of his sentence unless and until he is no longer dangerous to society; and this section shall be interpreted to carry out this intent.

Sec. 9. The cost of the care and treatment of a person confined in an institution for the treatment of mental illness under section eight (8) of this Act shall be borne by the state, but may be recovered by the state from the estate or property of the person.

Sec. 10. This Act shall prevail over any inconsistent provisions of the Code regarding punishment, terms of imprisonment, place of confinement, suspended sentence, probation, and parole. This Act shall not limit the provisions of the Code regarding corroboration of testimony. This Act shall not be construed to permit any act which is a public offense in the absence of this Act, nor (except as expressly provided in section seven (7) of this Act) to repeal or limit any provision of the Code which establishes or defines any public offense.

COMMUNICATION RECEIVED BY THE SPEAKER

May 7, 1969

William H. Harbor
Speaker of the House
Sixty-third General Assembly
State House
Des Moines, Iowa
Dear Mr. Speaker:

I've had my operation, and I think it was successful, but they still won't give me a definite date of discharge from the hospital.

I have had so many cards and letters from all of you nice folks in the legislature that I'm wondering if there is a chance to print in the House Journal a "Thank You" or print this entire letter. I've received hundreds of cards and letters, and what astonishes me is that ninety percent of them are from people I've only met since January 13, the opening day of the session, that proves to me there still are some pretty nice people in this world. When mini-skirted secretaries, and legislators, and even members of the third house, take time to send get well cards or letters to a seventy-three-year-old man—that's something, and here's one old man that won't forget that so soon.

Which brings to my mind last Sunday a nurse brought in a bunch of letters and cards and I had to break into tears, my wife asked, "What's the matter?" and I said, "Do you remember a few years ago I went to see the richest man in our town, who was on his deathbed at his home, he had been in the hospital for weeks. I grasped his hand and he broke into tears, he said 'Nobody came to see me, no cards, or no letters. Why?'"

"I said, 'Sir, did you ever send get well cards, or go to see a friend during his last days?' He admitted he had not. He had realized, too late in life, he should have spread a little good cheer and appreciation of friendship earlier in life."

Well, Mr. Harbor, it appears, the session should close one of these days. I know I can't be back this year so thanks again to all of you, and may we meet again next winter.

Yours sincerely
WALTER DIETZ

The House recessed until 2:00 p.m.

AFTERNOON SESSION

The House reconvened, Speaker Harbor in the chair.

HOUSE CONCURRENT RESOLUTION 40

By Van Nostrand

Whereas, the Sixty-third General Assembly has enacted legislation to increase the maximum legal rate of interest which financial institutions incorporated in this state may collect from borrowers from seven percent to nine percent; and

Whereas, said banks, savings and loan associations, and other financial institutions may reasonably be expected to derive considerable financial benefit from the legal interest rate increase; and

Whereas, the cost of living continues in an ever upward spiral and has been the object of considerable concern to the general assembly of this state, from which several legislative proposals have been introduced concerning

the share of the financial burden of the state said financial institutions should be required to bear; and

Whereas, in accordance with the benefit theory of taxation said financial institutions, which are entitled to the protection, privileges, and immunities afforded all persons and legal entities by the laws of this state, may reasonably be required to contribute their fair share to the ever increasing demand for revenues in this state to insure the continuation and furtherance of said benefits; and

Whereas, court decisions have placed definite restrictions and limitations upon the states in taxing federally chartered financial institutions; *Now*, *Therefore*,

Be It Resolved by the House, the Senate Concurring, That the Legislative Research Committee or its successor agency be directed to conduct a study during the interim between the annual sessions of the Sixty-third General Assembly for the purpose of determining the fair share which banks, savings and loan associations, and other financial institutions incorporated in this state should be required to contribute to the revenues of the state and the lawful means by which said fair share should be collected; and

Be It Further Resolved, That the Legislative Research Committee or its successor agency be directed to report its findings, recommendations, and any accompanying legislation deemed necessary to carry out such findings and recommendations, to the second session of the Sixty-third General Assembly or if time does not allow to the first session of the Sixty-fourth General Assembly, according to the time needed in conducting such study.

Sec. 79. This Act, being deemed of immediate importance, shall take effect after its passage, approval, and publication in *The Gildden Graphic*, a newspaper published at Glidden, Iowa, and in *The Durant News*, a newspaper published at Durant, Iowa.

2. By inserting in the title on page one (1), line two (2), after the word "assembly" the words "; powers and duties of committees, members, employees, and agencies of the general assembly; methods of financing the cost of the general assembly; compensation and expenses of members and agencies of the general assembly; and procedures of the general assembly and its committees, members, and agencies".

EXPLANATION

This bill reenacts chapter two of the Code and incorporates many of the recommendations of the Legislative Processes Study Committee into it. This chapter was repealed and reenacted because it appeared more logical to rearrange the section placements in the chapter, and because of the fact that so many sections had to be amended to reflect annual sessions.

The first ten sections are primarily concerned with placing the General Assembly on an annual basis. Section three does provide for the method of designating each session of the General Assembly. Provisions pertaining to permanent organization of the General Assembly anticipate that such organization would be made at the first session of the General Assembly only, with modifications as may be required being made at the second session.

Section eleven provides the method of payment to members of the Sixty-third General Assembly and changes are made to reflect the fact that annual sessions of the General Assembly will be held. Section twelve incorporates the recommendations of the Legislative Processes Study Committee in regard to salaries and expenses of members of future General Assemblies. It appears necessary to have two sections in regard to compensation and expenses of legislators because of the fact that the Constitution provides that a General Assembly cannot set salary and expense rates for itself, although it can for a succeeding General Assembly.

Section fourteen is a revision of present section 2.20 of the Code pertaining to the method by which the General Assembly provides expenses for its operation. The purposes of the amendments are to recognize annual sessions, and reflect the fact that standing committees will be meeting during the interim. Although the Legislative Processes Study Committee's recommendations do not anticipate that studies will be performed by interim committees, the authorization to appoint interim committees is retained since the General Assembly may desire to appoint them for special purposes. The third paragraph of section fourteen provides funds for preparation prior to sessions of the General Assembly.

Section sixteen provides that standing committees may meet in the in-

terim between sessions of the General Assembly, and section seventeen describes the duties of such standing committees.

Sections nineteen through thirty-four are basically amendments made for the purpose of reflecting annual sessions.

Sections thirty-five through thirty-seven are amendments to the law pertaining to the fiscal director. Under the proposal the fiscal director will be hired and subject to the policies of the Legislative Council. He will be attached to the standing committees on appropriations.

Sections thirty-eight through forty-one create the Legislative Council and prescribe its powers and duties, including the power to set the policies for the Legislative Research (Service) Bureau and the Legislative Fiscal Director.

Subsections nine and ten of section thirty-nine relate to the power of the Legislative Council to establish a style and format for bill drafting, and recommendations to be made for the printing and publishing of the Code of Iowa and the Session Laws. Since annual sessions may cause certain problems in regard to the printing of Session Laws and the Code, an attempt has been made to build in flexibility for whatever problems may arise in the printing of Session Laws and the Code. The provisions of subsections nine and ten of section thirty-nine would allow the State of Iowa to continue its present manner of drafting bills and publication of the Session Laws and the Code. However, flexibility is also provided by placing the responsibility for prescribing the style and format of bill drafts and recommending the manner of publishing the Code and Session Laws in the Legislative Council.

Section forty provides the method by which the General Assembly may prepare itself for future sessions.

Sections forty-one through fifty pertain to the Legislative Research Bureau and remain basically the same as at present except that the name has been changed to Legislative Service Bureau. Provision is made for the fact that the policies of the Bureau will be set by the Legislative Council.

Sections fifty-one through seventy-eight are designed to carry out the following purposes:

1. Delete specific references to the manner in which the Code of Iowa is printed and published and the years and volumes to be published. The purpose of this provision is to allow flexibility in publishing such documents without freezing definite procedures into the Code at this time. Provision is made for printing bound copies of the Code, supplements to the Code, pocket part supplements, or whatever the Legislature may deem feasible in the light of annual sessions. Specific reference to methods of bill drafting have been deleted in anticipation that the Legislative Council would provide the manner in which bills should be drafted. Since computer technology may in the future dictate definite drafting styles, it appears more logical to provide that such bill drafting style be promulgated through the rule-making process.

2. Section sixty-five provides that the number of journals to be printed shall be determined by the presiding officers of the two houses of the General Assembly.

3. Other sections delete reference to the budget and financial control committee, which has, in effect, been repealed because chapter two was repealed and reenacted without reincorporating references to the budget and financial control committee.

4. Section seventy-seven repeals the prefling law which has been incorporated into section eighteen of this bill.

SENATE CONCURRENT RESOLUTION 33

By Glenn, Potter, Leonard, Doderer, Dodds, Palmer, Shirley, Schaben, Nicholson, Denman, Weimer, Lamborn and Frommelt

Whereas, the citizens of the State of Iowa have expressed profound concern to members of the Sixty-third General Assembly relative to disturbances at public institutions of higher education;

Whereas, a primary purpose of our universities is to provide an environ-

ment conducive to the absorption of knowledge in arts and sciences, as well as the full and free expression of thought and opinion;

Whereas, disruption of university functions through unlawful acts of student body, faculty members, and nonuniversity personnel threatens the orderly processes of our universities and operates to deny the atmosphere of security and stability essential to higher education and academic freedom at our institutions of higher learning;

Whereas, the laws of this state provide ample sanction against those persons who engage in unlawful conduct at our universities, as elsewhere;

Whereas, the Board of Regents has by prior resolution adopted a code of student conduct that provides administrative sanctions in the event of such activity;

Whereas, the responsibility for enforcing administrative sanctions and appropriate laws in connection with unlawful or illegal conduct at the public universities rests with administrative and law enforcement personnel;

Be It Resolved by the Senate, the House Concurring, that the Sixty-third General Assembly of Iowa encourage our university administrators, state and local law enforcement personnel to apply and enforce fairly and impartially administrative and legal sanctions appropriate in any circumstance of unlawful or illegal conduct designed to disrupt the orderly processes of higher education at our public universities.

Be It Further Resolved, that copies of this resolution be immediately forwarded to the Presidents of the respective state universities.

EXPLANATION

This concurrent resolution recognizes the concern of Iowa citizens for the adverse effects of disruptive incidents at our universities, acknowledges the existence of administrative and legal sanctions which may be applied in the event of unlawful conduct, and expresses full confidence in the ability of university and law enforcement personnel to apply and enforce administrative and legal sanctions.

SENATE CONCURRENT RESOLUTION 35

By Personnel Committee

Whereas, the Code provides that the compensation of the officers and employees of the General Assembly shall be fixed by joint action of the House and Senate; and

Whereas, the compensation of the Secretary of the Senate and the Chief Clerk of the House was fixed by Senate Concurrent Resolution 6, duly adopted by the Sixty-third General Assembly; and

Whereas, it is deemed necessary that this compensation be increased;
Now Therefore

Be It Resolved by the Senate, the House Concurring: That the compensation of the Secretary of the Senate and the Chief Clerk of the House of Representatives be set at \$45.00 per day; and

Be It Further Resolved: That this compensation be paid in accordance with the rules of the Senate and House commencing on July 1, 1969.

'The state highway commission may weigh and inspect any vehicle found upon private property where the circumstances indicate that it is logical and proper to infer that the vehicle has moved onto the private property

from a highway. When a vehicle inspected and weighed under such circumstances is found to be in violation of this chapter, a presumption shall exist that the violation existed while the vehicle was on the highway before the vehicle was moved onto private property. Such a presumption may be overcome by credible evidence to the contrary.' "

COMMUNICATION RECEIVED BY THE SPEAKER

May 19, 1969

Honorable William Harbor
Speaker of the House of Representatives
Des Moines, Iowa

Dear Bill:

First I would like to thank you for your kind letter. Then I would like to beg the indulgence of the chair to thank all the ladies and gentlemen of the House for the many thoughtful, cheerful and sometimes facetious letters, cards, and expressions of good wishes.

I am coming along fine and hope to be in better shape when I leave than when I came in, but they won't turn me loose before the end of the week.

Laying out here I'm stuck with an automatic NO vote. That's all right part of the time, but I would like to reach the green button some of the time.

Don't appropriate too much money—we'll know a lot more about how much we have by next January.

My room number is 714 in case you need it for a conference on the truck bill, and you'll never persuade me that the Senate had any good reason to send over that complete rehash of 390 right at the close of the session. I hated to miss the chance of getting in on some of the conference committees.

Thanks to all of you who took on the extra work, especially in the appropriation sub-committee.

Sincerely
RICHARD WELDEN
Hardin County

SENATE AMENDMENT TO HOUSE FILE 68

Amend House File 68 as follows:

1. By striking all after the enacting clause and inserting in lieu thereof the following:

Section 1. Section two hundred thirty-nine point five (239.5), Code 1966, as amended by chapter two hundred nine (209), section two hundred eighty-eight (288), Acts of the Sixty-second General Assembly, is amended by striking lines twenty-eight (28) through forty-three (43) and all of line forty-four (44) through the period, and inserting in lieu thereof the following:

"The county board, in accordance with rules and standards established by the state department of social services, shall fix the amount of assistance necessary for any dependent child. In determining the amount of assistance, the county board shall take into consideration the income and resources of any child or relative claiming assistance under this chapter. However, in fixing the amount of assistance for any child or family, the county board, in accordance with rules established by the state department of social services, may disregard a reasonable amount of the income of the child or the family, in order to encourage the family or any of its members to become self-supporting. The term 'income' as used herein means income remaining after deduction of expenses reasonably attributable to the earning or securing of that income.

The county board, under the supervision of the state department of social services, shall establish services to help families and persons receiving assistance under this chapter to become self-supporting; shall participate in the work and training program established by this Act and shall cooperate with other public agencies and with private agencies to secure employment, education, and vocational training for members of such families."

Sec. 2. Section two hundred forty-one A point three (241A.3), Code 1966, as amended by chapter two hundred nine (209), section three hundred sixteen (316), Acts of the Sixty-second General Assembly, is amended by adding the following:

"In fixing the amount of assistance, the county board, in accordance with rules established by the state department of social services, may disregard a reasonable amount of a person's earnings in order to encourage the person to become self-supporting.

The county board, under the supervision of the state department of social services, shall establish services to help persons receiving assistance under this chapter to become self-supporting; shall participate in the work and training program established by this Act; and shall cooperate with other public agencies and with private agencies to secure employment, education, and vocational training for such persons and their families."

Sec. 3. Section two hundred forty-nine point six (249.6), subsection eight (8), Code 1966, as amended by chapter two hundred nine (209), section three hundred ninety (390), subsection two (2), Acts of the Sixty-second General Assembly, is repealed and the following enacted in lieu thereof:

"Has not sufficient income or other resources to provide a reasonable

subsistence, because of age, infirmity or inability to procure suitable employment."

Sec. 4. Section two hundred forty-nine point seven (249.7), Code 1966, as amended by chapter two hundred twenty-two (222), section one (1), and chapter two hundred nine (209), section three hundred ninety-one (391), Acts of the Sixty-second General Assembly, is repealed and the following enacted in lieu thereof:

"The amount of assistance which any person shall receive under this chapter shall be determined with due regard to the resources and necessary expenditures of the individual and the conditions in such cases, and in accordance with rules established by the state department of social services; and shall be sufficient, when added to all other income and support of the recipient, to provide such person with a reasonable subsistence. In fixing the amount of assistance, a reasonable amount of the earnings of the person may be disregarded in order to encourage the person to contribute to his own support.

The county board, under the supervision of the state department of social services, shall establish services to help persons receiving assistance under this chapter to contribute to their own support; shall participate in the work and training program established by this Act; and shall cooperate with other public agencies and with private agencies to secure, where appropriate, employment, education, and vocational training for such persons and their families."

Sec. 5. Section two hundred forty-nine point nine (249.9), Code 1966, is amended by adding the following paragraph:

"Notwithstanding any provision of this section, no person shall be denied assistance because of the fact that the person has made prior arrangements for funeral expenses in an amount not exceeding five hundred dollars."

Sec. 6. For the purposes of sections six (6) through twenty-two (22) of this Act:

1. "Commissioner" means the commissioner of social services, or his designee.

2. "Department" means the department of social services.

3. "Training" includes appropriate education.

4. "Public assistance" means aid or assistance under chapter two hundred thirty-nine (239), two hundred forty-one A (241A), or two hundred forty-nine (249) of the Code.

5. "Eligible person" includes each person who is receiving public assistance or who lives in the same household as a recipient of public assistance and whose needs are taken into account in determining the assistance payment. However, the following are not "eligible persons" unless they voluntarily request to be included:

a. A person who is under the age of sixteen years.

b. A person who has attained the age of sixty-five years.

c. A person whose health or disability does not permit any kind of work or training.

d. A person who is already engaged in an adequate full-time program of work, training, or school.

e. A person who is required to be present and is actually present in the home on a substantially continuous basis because of the illness or incapacity of another member of the household.

f. A person who is required to be present and is actually present in the home on a substantially continuous basis for the purpose of child care, either because adequate child care facilities are not available or because the absence of the person would be seriously harmful to a child in the home.

Sec. 7. It is the policy of this state that public assistance programs shall, to the maximum possible extent, be programs of rehabilitation rather than mere support. Persons and members of families receiving public assistance shall be helped to become self-supporting, and shall be required to engage in work and training to the extent provided in this Act. This Act shall be interpreted and administered to carry out this policy.

Sec. 8. The commissioner shall establish a work and training program for persons and members of families receiving public assistance. The employment security commission, the Iowa state employment service, all county boards and departments of social welfare, and all state, county, and public educational agencies and institutions providing vocational rehabilitation, adult education, or vocational or technical training shall assist and cooperate in the program. They shall make agreements and arrangements for maximum cooperation and use of all available resources in the program. By mutual agreement the commissioner may delegate any of his powers and duties under this Act to the employment security commission or the Iowa state employment service.

Sec. 9. The program shall provide for maximum cooperation with and participation in federal programs having similar purposes, but the state work and training program shall continue whether or not federal programs and federal funds are available.

Sec. 10. The program shall include, but not be limited to:

1. Placing eligible persons in employment and on-the-job training.
2. Institutional and work experience training for eligible persons for whom such training is likely to lead to regular employment.
3. Special work projects for eligible persons for whom a job in the regular economy cannot be found.

4. Incentives, opportunities, and services to aid eligible persons.

Sec. 11. Each eligible person shall be required to participate in the work and training program, to cooperate fully in the program, and to accept any reasonably suitable employment, training, or education offered to him in connection with the program, as a condition of receiving public assistance. If he fails or refuses to do so, he shall not receive public assistance. His disqualification shall not disqualify other members of his family who are entitled to public assistance, but their public assistance shall not be paid to the disqualified person and shall be paid in a manner which will not permit the disqualified person to have access to the assistance funds. A person shall not be disqualified for public assistance if it is impossible to arrange suitable work or training for him.

Sec. 12. Work or training may be furnished by public or private agencies, organizations, or companies, under rules adopted by the commissioner.

Sec. 13. The commissioner shall establish and maintain reasonable standards for health, safety, and other conditions under the work and training program.

Sec. 14. Each eligible person, with respect to work performed under this Act, shall be covered by the workmen's compensation law or shall otherwise be provided with comparable protection.

Sec. 15. If earnings are received by an eligible person for work under the program, all or part of the earnings may be applied to reduce the cost of public assistance to the person or his family, under rules adopted by the commissioner. However, the commissioner may permit the eligible person to retain a reasonable part of his earnings as an incentive payment, without reduction of public assistance.

Sec. 16. In determining needs for public assistance, expenses and needs

reasonably related to work or training under the program shall be taken into account.

Sec. 17. When needed, arrangements shall be made for the care of children during the absence from the home of a person participating in work or training under the program.

Sec. 18. Eligible persons and their families shall be offered other social services which the commissioner deems advisable.

Sec. 19. For the purposes of the work and training program, the commissioner may use or transfer to any other agency any of the funds appropriated for public assistance and any other funds lawfully available. State and federal funds allocated to the program by the commissioner and the employment security commission shall be at least equal to five percent of the total state and federal funds available to the department for assistance under chapter two hundred thirty-nine (239) of the Code, unless the commissioner determines that a lesser amount is sufficient to provide an adequate work and training program for all eligible persons.

Sec. 20. The commissioner shall adopt rules to implement this Act and achieve its purposes.

Sec. 21. No eligible person shall be deemed to be an employee of the state or any of its subdivisions by reason of his participation in the work and training program. However, this section shall not prevent him from having the status of an employee for the purposes of workmen's compensation.

Sec. 22. If it is finally determined that any provision of this Act would cause the work and training program to be ineligible for federal financial assistance which the state would otherwise receive, such provision may be suspended or modified to the extent which is essential to obtain such assistance.

Sec. 23. Each county shall participate in federal commodity or food stamp program. Each county participating in a federal commodity or food stamp program, which administers food stamps, surplus foods, or other commodities, made available by the federal government for the distribution to needy persons shall designate one location for receipt of such surplus foods, food stamps, or other commodities in all municipal corporations. Additional locations shall be designated for each additional twenty-five thousand persons residing in such municipal corporations. Each county shall distribute stamps, food, or other commodities at least once every ten days from such locations. Each county shall prescribe the days and hours such locations shall be open.

b. For the current fiscal year, actual and estimated revenue, from all sources, other than revenue received from property taxation, and separately stated as to each such source, allocated to each of the several funds, and for each fund the actual unencumbered cash balance available at the beginning of the year, the amount to be received from property taxation allocated to each fund, and the amount of actual and estimated expenditures, whichever is applicable.

c. For the proposed budget year, an estimate of revenue from all sources, other than revenue to be received from property taxation, separately stated as to each such source, to be allocated to each of the several funds, and for each fund the actual or estimated unencumbered cash balance, whichever is applicable, to be available at the beginning of the year, the amount proposed to be received from property taxation allocated to each fund, and the amount proposed to be expended during the year plus the amount of cash reserve,

AFTERNOON SESSION

The House reconvened, Speaker Harbor in the chair.

MEMBER EXCUSED

Bergman of Lyon-Osceola asked and received unanimous consent that Fischer of Grundy be excused for the afternoon session.

Langland of Winneshiek filed the following:

RESOLUTION OF SUPPORT FOR ADEQUATE FUNDING OF THE IOWA TUITION GRANTS PROGRAM

Whereas, the cost to the individual student to attend a private college or university has increased substantially over the past few years because the primary source of funds for private higher education comes from student charges, and

Whereas, the cost differential between private and public higher education has widened to the point that only students from high-income families are able to make a choice between private and public colleges and universities, and

Whereas, this dramatic change in student cost differentials is the result of increased subsidization of public higher education through state appropriations, and

Whereas, a system of private higher education has long been considered vital to private enterprise and important to the maintenance of the growth and development of a free and democratic nation, and

Whereas, the continued existence of private education is now seriously threatened by free public higher education as indicated by a national decrease in enrollment in these colleges and universities in the fall of 1968, and

Whereas, the principle of grants to individual students has been recognized as constitutional and essential to individual freedom of choice. The principle has been well established in many of the individual states; and inasmuch as the financial programs of contiguous states affect the student enrollment patterns of Iowa, it becomes increasingly imperative that a program of tuition grants to students be a reality in this state:

Therefore, Be It Resolved, that the Board of Regents of Luther College express its appreciation to the Iowa Legislature and the Governor of the State of Iowa for adopting legislation for a tuition grants program, and

Be It Further Resolved by this Board that the Legislature enact appropriate legislation to meet the Governor's budget recommendations of \$6,000,000. The Board recognizes that a program that would be equitable to provide a freedom of choice between public and private higher education would require more than \$30,000,000 and the Association of Private Colleges and Universities had requested a minimum appropriation of \$15,000,000.

By unanimous action of the Board of Regents of Luther College on May 17, 1969:

The bill having received a constitutional majority was declared to have passed the House and the title was agreed to.

Holden of Scott called up for consideration **House File 68**, a bill for an act relating to allowance of assistance for families of dependent children, disabled persons, and elderly persons, amended by the Senate as follows:

Amend House File 68 as follows:

1. By striking all after the enacting clause and inserting in lieu thereof the following:

Section 1. Section two hundred thirty-nine point five (239.5), Code 1966, as amended by chapter two hundred nine (209), section two hundred eighty-eight (288), Acts of the Sixty-second General Assembly, is amended by striking lines twenty-eight (28) through forty-three (43) and all of line forty-four (44) through the period, and inserting in lieu thereof the following:

"The county board, in accordance with rules and standards established by the state department of social services, shall fix the amount of assistance necessary for any dependent child. In determining the amount of assistance, the county board shall take into consideration the income and resources of any child or relative claiming assistance under this chapter. However, in fixing the amount of assistance for any child or family, the county board, in accordance with rules established by the state department of social services, may disregard a reasonable amount of the income of the child or the family, in order to encourage the family or any of its members to become self-supporting. The term 'income' as used herein means income remaining after deduction of expenses reasonably attributable to the earning or securing of that income.

The county board, under the supervision of the state department of social services, shall establish services to help families and persons receiving assistance under this chapter to become self-supporting; shall participate in the work and training program established by this Act and shall cooperate with other public agencies and with private agencies to secure employment, education, and vocational training for members of such families."

Sec. 2. Section two hundred forty-one A point three (241A.3), Code 1966, as amended by chapter two hundred nine (209), section three hundred sixteen (316), Acts of the Sixty-second General Assembly, is amended by adding the following:

"In fixing the amount of assistance, the county board, in accordance with rules established by the state department of social services, may disregard a reasonable amount of a person's earnings in order to encourage the person to become self-supporting.

The county board, under the supervision of the state department of social services, shall establish services to help persons receiving assistance under this chapter to become self-supporting; shall participate in the work and training program established by this Act; and shall cooperate with other public agencies and with private agencies to secure employment, education, and vocational training for such persons and their families."

Sec. 3. Section two hundred forty-nine point six (249.6), subsection eight (8), Code 1966, as amended by chapter two hundred nine (209), section three hundred ninety (390), subsection two (2), Acts of the Sixty-second General Assembly, is repealed and the following enacted in lieu thereof:

"Has not sufficient income or other resources to provide a reasonable

subsistence, because of age, infirmity or inability to procure suitable employment."

Sec. 4. Section two hundred forty-nine point seven (249.7), Code 1966, as amended by chapter two hundred twenty-two (222), section one (1), and chapter two hundred nine (209), section three hundred ninety-one (391), Acts of the Sixty-second General Assembly, is repealed and the following enacted in lieu thereof:

"The amount of assistance which any person shall receive under this chapter shall be determined with due regard to the resources and necessary expenditures of the individual and the conditions in such cases, and in accordance with rules established by the state department of social services; and shall be sufficient, when added to all other income and support of the recipient, to provide such person with a reasonable subsistence. In fixing the amount of assistance, a reasonable amount of the earnings of the person may be disregarded in order to encourage the person to contribute to his own support.

The county board, under the supervision of the state department of social services, shall establish services to help persons receiving assistance under this chapter to contribute to their own support; shall participate in the work and training program established by this Act; and shall cooperate with other public agencies and with private agencies to secure, where appropriate, employment, education, and vocational training for such persons and their families."

Sec. 5. Section two hundred forty-nine point nine (249.9), Code 1966, is amended by adding the following paragraph:

"Notwithstanding any provisions of this section, no person shall be denied assistance because of the fact that the person has made prior arrangements for funeral expenses in an amount not exceeding five hundred dollars."

Sec. 6. For the purposes of sections six (6) through twenty-two (22) of this Act:

1. "Commissioner" means the commissioner of social services, or his designee.

2. "Department" means the department of social services.

3. "Training" includes appropriate education.

4. "Public assistance" means aid or assistance under chapter two hundred thirty-nine (239), two hundred forty-one A (241A), or two hundred forty-nine (249) of the Code.

5. "Eligible person" includes each person who is receiving public assistance or who lives in the same household as a recipient of public assistance and whose needs are taken into account in determining the assistance payment. However, the following are not "eligible persons" unless they voluntarily request to be included:

a. A person who is under the age of sixteen years.

b. A person who has attained the age of sixty-five years.

c. A person whose health or disability does not permit any kind of work or training.

d. A person who is already engaged in an adequate full-time program of work, training, or school.

e. A person who is required to be present and is actually present in the home on a substantially continuous basis because of the illness or incapacity of another member of the household.

f. A person who is required to be present and is actually present in the home on a substantially continuous basis for the purpose of child care, either because adequate child care facilities are not available or because the absence of the person would be seriously harmful to a child in the home.

Sec. 7. It is the policy of this state that public assistance programs shall, to the maximum possible extent, be programs of rehabilitation rather than mere support. Persons and members of families receiving public assistance shall be helped to become self-supporting, and shall be required to engage in work and training to the extent provided in this Act. This Act shall be interpreted and administered to carry out this policy.

Sec. 8. The commissioner shall establish a work and training program for persons and members of families receiving public assistance. The employment security commission, the Iowa state employment service, all county boards and departments of social welfare, and all state, county, and public educational agencies and institutions providing vocational rehabilitation, adult education, or vocational or technical training shall assist and cooperate in the program. They shall make agreements and arrangements for maximum cooperation and use of all available resources in the program. By mutual agreement the commissioner may delegate any of his powers and duties under this Act to the employment security commission or the Iowa state employment service.

Sec. 9. The program shall provide for maximum cooperation with and participation in federal programs having similar purposes, but the state work and training program shall continue whether or not federal programs and federal funds are available.

Sec. 10. The program shall include, but not be limited to:

1. Placing eligible persons in employment and on-the-job training.
2. Institutional and work experience training for eligible persons for whom such training is likely to lead to regular employment.
3. Special work projects for eligible persons for whom a job in the regular economy cannot be found.
4. Incentives, opportunities, and services to aid eligible persons.

Sec. 11. Each eligible person shall be required to participate in the work and training program, to cooperate fully in the program, and to accept any reasonably suitable employment, training, or education offered to him in connection with the program, as a condition of receiving public assistance. If he fails or refuses to do so, he shall not receive public assistance. His disqualification shall not disqualify other members of his family who are entitled to public assistance, but their public assistance shall not be paid to the disqualified person and shall be paid in a manner which will not permit the disqualified person to have access to the assistance funds. A person shall not be disqualified for public assistance if it is impossible to arrange suitable work or training for him.

Sec. 12. Work or training may be furnished by public or private agencies, organizations, or companies, under rules adopted by the commissioner.

Sec. 13. The commissioner shall establish and maintain reasonable standards for health, safety, and other conditions under the work and training program.

Sec. 14. Each eligible person, with respect to work performed under this Act, shall be covered by the workmen's compensation law or shall otherwise be provided with comparable protection.

Sec. 15. If earnings are received by an eligible person for work under the program, all or part of the earnings may be applied to reduce the cost of public assistance to the person or his family, under rules adopted by the commissioner. However, the commissioner may permit the eligible person to retain a reasonable part of his earnings as an incentive payment, without reduction of public assistance.

Sec. 16. In determining needs for public assistance, expenses and needs reasonably related to work in training under the program shall be taken into account.

Sec. 17. When needed, arrangements shall be made for the care of children during the absence from the home of a person participating in work in training under the program.

Sec. 18. Eligible persons and their families shall be offered other social services which the commissioner deems advisable.

Sec. 19. For the purposes of the work and training program, the commissioner may use or transfer to any other agency any of the funds appropriated for public assistance and any other funds lawfully available. State and federal funds allocated to the program by the commissioner and the employment security commission shall be at least equal to five percent of the total state and federal funds available to the department for assistance under chapter two hundred thirty-nine (239) of the Code, unless the commissioner determines that a lesser amount is sufficient to provide an adequate work and training program for all eligible persons.

Sec. 20. The commissioner shall adopt rules to implement this Act and achieve its purposes.

Sec. 21. No eligible person shall be deemed to be an employee of the state or any of its subdivisions by reason of his participation in the work and training program. However, this section shall not prevent him from having the status of an employee for the purposes of workmen's compensation.

Sec. 22. If it is finally determined that any provision of this Act would cause the work and training program to be ineligible for federal financial assistance which the state would otherwise receive, such provision may be suspended or modified to the extent which is essential to obtain such assistance.

Sec. 23. Each county shall participate in federal commodity or food stamp program. Each county participating in a federal commodity or food stamp program, which administers food stamps, surplus food, or other commodities, made available by the federal government for the distribution to needy persons shall designate one location for receipt of such surplus foods, food stamps, or other commodities in all municipal corporations. HOUSE CONCURS

Amend House File 159 by striking all after the enacting clause and inserting in lieu thereof the following:

Section 1. Chapter six hundred ninety-seven (697), Code 1966, is hereby amended as follows:

1. By adding the following section:

"As used in this Act, unless the context otherwise indicates:

"1. 'Explosive device' means any material, container containing a chemical compound or mixture that is commonly used or intended for the purpose of producing an explosion, that contains any oxidizing and combustible materials or other ingredients, in such proportions, quantities or packing that an ignition by fire, by friction, by concussion or by detonation of any part of the compound or mixture may cause a sudden generation of highly heated gases that the resultant gaseous pressures are capable of producing destructive effects on contiguous objects.

"2. 'Incendiary device' means any inflammable material or container containing an inflammable liquid or material whose ignition, by fire, friction,

concussion, detonation, or other method is intended to produce destructive effects primarily through combustion rather than explosion.

"3. 'Molotov cocktail' means a breakable container containing an explosive or inflammable liquid or other substance, having a wick or similar device capable of being ignited, and may be described as either an explosive or incendiary device. A 'molotov cocktail' is not intended to mean a device commercially manufactured primarily for the purpose of illumination or other such uses."

2. By adding the following section:

"It shall be unlawful for any person to receive, possess, sell, purchase, or manufacture a bomb, bombshell, grenade, or incendiary or explosive device including but not limited to black powder bombs and molotov cocktails, or, with intent to assemble them, the materials which may be assembled into any such device and any person violating any of the provisions of this section shall be guilty of a felony and shall, upon conviction thereof, be punished by a fine of not more than two thousand dollars or by imprisonment in the penitentiary or men's or women's reformatory for not more than five years, or by both such fine and imprisonment, or by imprisonment in the county jail for not more than six months; provided, however, that this section shall not apply to military and law-enforcement agencies and their personnel, and persons, firms, or corporations engaged in business, occupational or recreational use of commercial explosives, fireworks, firearms, or ammunition when possession and use is otherwise authorized or permitted by law. This Act shall have no application to the possession or sale of rifle, pistol, or shotgun ammunition; nor shall it prohibit the use, sale, or possession of primers, percussion caps, brass, powder, and other components and supplies for hand loading or reloading rifle, pistol, or shotgun ammunition or loading muzzle-loading arms, where the same is for lawful purposes."

3. By striking lines five (5) through (9) of section six hundred ninety-seven point one (697.1), Code 1966, and inserting in lieu thereof the words, "where its combustion or explosion will or is likely to destroy the same, any explosive or incendiary device or molotov cocktail, and by reason of the combustion or explosion thereof any person is killed, he shall be guilty of murder."

4. By striking lines one (1) through three (3) and the word "material" from line four (4) of section six hundred ninety-seven point two (697.2), Code 1966, and inserting in lieu thereof: "If any person willfully deposits or throws any explosive or incendiary device or molotov cocktail".

5. By striking line eight (8) and the words "explosive material, by the explosion" in section six hundred ninety-seven point three (697.3), Code 1966, and inserting in lieu thereof, "explosive or incendiary device or molotov cocktail, by the combustion or explosion".

6. By adding in line six (6) of section six hundred ninety-seven point four (697.4), Code 1966, after the word "explosion" the words "or combustion". Also amend section six hundred ninety-seven point four (697.4) by striking from lines seven (7), eight (8) and nine (9) the words "dynamite, nitroglycerin, giant powder, or other explosive material" and inserting in lieu thereof the words "explosive or incendiary device or molotov cocktail".
