Amend the House state government committee amendment to Senate File 665, filed March 3, 1970, by adding the following section:

"The provisions of this section shall apply only for the purpose of voting, registration for voting, and the election laws of this state. Said section shall apply in all determinations of residence for the purpose of voting or registration for voting, whether the pertinent facts existed or arose before or after the effective date of this Act.

"1. A person's residence is the place where he maintains

his home with the intent to remain there permanently or for an indefinite or undeterminable period of time, and with no intent to remove his home from that place at any fixed or determinable time or upon the happening of any specific event. If he does not have the required intent with regard to the place where he is now living, his residence is the place where he last lived while having the intent required by this section.

"2. Every citizen of the United States of America is presumed to have a residence somewhere in the United States of America.

"3. No person shall acquire, lose, or change residence by reason of his presence or absence for the purpose of attending any educational institution, serving in the armed forces, or any other purpose which indicates a temporary presence or absence. An employment contract for a fixed period of time does not in itself indicate a temporary presence.

"4. A person attending any educational institution or living in the general vicinity of an educational institution with the intent of resuming his studies there, or a member of the armed forces of the United States on active duty, or a person living in a place for any other purpose which indicates a temporary presence, is presumed not to be a resident of the place where he is living during such activity or for such purpose. This section does not apply to a person whose residence was already established in such place before he began such activity or acquired such purpose.

"5. The presumption stated in subsection four (4) of this section may be overcome by clear and convincing evidence. The burden of proof shall be on the person attempting to overcome the presumption.

"6. The fact that a person is uncertain as to the place of his future residence shall not be regarded as evidence that his residence is located at the place where he is now living.

"7. This section shall in no way affect "residence" for the purpose of distribution of funds under sections one hundred twenty-three point fifty (123.50) and three hundred twelve point three (312.3) of the Code on a basis of populations of counties, cities or towns as established by any federal census."

CONSIDERATION OF BILLS WAYS AND MEANS CALENDAR

House File 1233, a bill for an act to provide for an Iowa beef council, and to impose an excise tax on sales of beef cattle and veal calves for slaughter, with report of committee recommending amendment and passage, was taken up for consideration.

Crabb of Crawford offered the following amendment filed by the committee on ways and means:

Amend House File 1233 by striking all after the enacting clause and inserting in lieu thereof the following:

Chapter one hundred eighty-one (181), Code 1966, is hereby amended by adding thereto the following new sections:

Section 1. As used in this chapter, unless the context requires otherwise:

1. "First purchaser" means any person who buys cattle

or veal calves for slaughter, in the first instance.

2. "Producer" means every person who raises cattle or veal calves for slaughter or who feeds cattle or veal calves for slaughter or both.

Sec. 2. The executive committee shall engage in research and education programs directed toward better and more efficient production, marketing, and utilization of cattle and veal calves and products made therefrom; provide methods and means including, but not limited to, public relations and other promotion techniques for the maintenance of present markets; make donations to nonprofit organizations working toward the purposes of this section; assist in development of new or larger markets both domestic and foreign for cattle and veal calves and products made therefrom, and work toward prevention, modification, or elimination of trade barriers which obstruct the free flow of such cattle and veal calves and products made therefrom to market.

Sec. 3. The executive committee shall have power to authorize its agents to enter upon the premises of any purchaser charged by this chapter with remitting to the committee the excise tax, and to cause to be examined by such agent or agents, all books, records, documents, and other instruments bearing upon the amount of such excise tax; provided however, that the executive committee must first have reasonable grounds to believe that all such excise taxes have not been remitted or fully accounted for, as herein provided.

The executive committee is authorized to enter into arrangements with persons purchasing cattle and veal calves for slaughter outside of Iowa on the basis provided Section 4 hereof, for remitting the excise tax by such buyers.

Sec. 4. For four years from and after the first day of October, 1970, there is hereby levied and imposed an excise tax of ten cents (10c) per head on all cattle and five cents (5c) per head on all veal calves sold for slaughter which tax shall be due at or before the time such cattle or calves are first sold for purposes of slaughter, and shall be paid at such time or times as the executive committee may, by rule or regulation, prescribe, as herein-after provided, but not later than the last day of the month following the end of the prior reporting period, established by the executive committee, in which such cattle or veal calves are sold in commercial channels.

The tax shall be levied and assessed on any producer selling cattle and veal calves for slaughter, at the time of delivery of the same for sale and shall be deducted by the first purchaser from the price paid to the seller at the time of sale. The first purchaser, at the time of sale, shall make and deliver to the producer separate invoices for each purchase showing the name and address of the producer and first purchaser, the number and kind of cattle and veal calves sold and the date of the sale.

Sec. 5. Any person from whom the excise tax herein is collected may, by written application filed with the executive committee within sixty days after its collection from him, have said amount remitted to him by the executive committee.

Sec. 6. All excise taxes imposed and levied under this chapter shall be paid to and collected by the executive committee and deposited with the treasurer of state in a separate cattle and veal calf fund which is hereby created. From the moneys collected in accordance with the provisions of this Act, the executive committee shall first pay the costs of referendums held pursuant hereto; the costs of collection of such excise tax, and expenses of officers provided for in section one hundred eighty-one point five (181.5) of the Code. At least twenty percent of the funds remaining thereafter shall be remitted to the national livestock and meat board and the beef industry council thereof, and at least ten percent of the remaining funds shall be remitted to the Iowa beef cattle producers association in such proportions as the committee may determine, for use by them in a manner not inconsistent with Section 2 of this Act. The remaining moneys received, with approval of a majority of the executive committee, shall be expended as found necessary to carry out the provisions and purposes of this Act. The cattle and veal calf fund shall be subject at all times to warrants by the state comptroller, drawn upon the written requisition of the chairman of the executive committee and attested to by its secretary, for the payment of all expenditures of the committee, which shall, at no time exceed the amount deposited to the credit of such fund.

Sec. 7. Ninety (90) days prior to the termination of the initial assessment period provided for herein, or any extension thereof, the secretary of agriculture shall cause notice to be published in accordance herewith of a referendum to be conducted on the question of whether the excise tax provided for herein should be extended for an additional four-year period.

Notice of any such referendum shall be given by the secretary by publishing the same for a period of not less than five (5) days in a newspaper of general circulation in the state and in such other newspapers as the secretary may prescribe. The notice of referendum shall set forth the period for voting and the voting places for the referendum and the amount of the deduction pursuant to Section 4 of this Act. No referendum shall be commenced prior to five days after the last day of such period of publication.

Sec. 8. Each producer upon signing a statement certifying that he is a bona fide producer, as defined in this Act, shall be entitled to one vote. At the close of the referendum period, the secretary shall count and tabulate the ballots filed during the refer-

endum period. If from such tabulation the secretary finds that a majority of the total number of producers voting favor the assessment, the excise tax provided for in Section 4 shall be levied and imposed for an additional four years from the end of the previous taxing period.

The ballots thus cast shall constitute complete and conclusive evidence for use in any finding made by the secretary under the provisions of this Act. The secretary may prescribe such additional procedures as may be necessary to conduct a referendum.

No assessment levied pursuant to this chapter shall continue after forty-eight months from its initiation, unless it is extended for additional periods of four years by referendum.

In the event of the failure of any referendum provided for herein to pass, a subsequent referendum may be called by the secretary upon petition to him therefor by at least one hundred producers within one hundred eighty days after the secretary's determination that the prior referendum has failed. In the event of failure to make such petition within said period, or, the second consecutive failure of a referendum to pass, no further referendum shall be conducted and the levy and assessment herein created shall terminate and be of no further force or effect.

Sec. 9. If any extension referendum fails to carry, moneys remaining in the cattle and veal calf fund shall continue to be expended in accordance with the provisions of this Act until exhausted.

Sec. 10. Any person who shall violate or assist in the violation of any of the provisions of this Act shall be deemed guilty of a misdemeanor.

REPORTS OF COMMITTEE

Holden of Scott, from the committee on social services, submitted the following reports:

MR. SPEAKER: Your committee on social services, to whom was referred **House File 223**, a bill for an act relating to the licensing of nursing home administrators, creating the Iowa state board of examiners for nursing home administrators, prescribing its powers, duties, and functions, and appropriating necessary funds therefor, begs leave to report it has had the same under consideration and has instructed me to report the same back to the House with the recommendation that the same be amended as follows, and when so amended the bill do pass:

Amend House File 223 by striking all after the enacting clause and inserting in lieu thereof the following:

Section 1. Chapter one hundred forty-seven (147), Code 1966, is hereby amended by adding as a division sections two (2) through thirteen (13) of this Act.

Sec. 2. As used in this Act, unless the context otherwise indicates:

1. "Board" means the Iowa state board of examiners for nursing home administrators hereinafter created.
2. "Nusing home administrator" means a person who administers, manages, supervises, or is in general administrative charge of a nursing home whether such person has an ownership interest in such home and whether his functions and duties are shared with other individuals, except members of boards of directors unless serving in addition in a supervisory or managerial capacity.
3. "Nursing home" means any institution or facility, or part thereof, defined as such for licensing purposes by law or pursuant to rules and regulations for nursing homes issued by the state department of health, whether proprietary or nonprofit, including but not limited to, nursing homes

owned or administered by the federal or state government or any agencies or political subdivisions thereof.

Sec. 3. There is hereby created a state board of examiners for nursing home administrators which shall consist of nine members appointed by the governor, as follows:

1. Five members shall be nursing home administrators duly licensed and registered under the provisions of this Act, provided that in making the initial appointments after the effective date of this Act the governor shall appoint persons who are actually serving as nursing home administrators as defined by section two (2) of this Act and have served in such capacity for at least two years immediately preceding appointment to the board.

2. Three members shall be persons active in other professions or actively associated with other types of institutions concerned with the care of chronically ill and infirm aged patients.

3. One member shall represent the public at large.

No more than one member of the board shall be an officer or a full-time employee of state or local governments. No single professional group or institutional category shall be represented by more than five members of the board. In making the initial appointments under this Act, the governor shall designate three appointees to serve until June 30, 1971, three to serve until June 30, 1972, and three to serve until June 30, 1973. Thereafter all appointments to the board shall be for terms of three years, except that vacancies shall be filled for the unexpired portion of the term in which the vacancy exists. No board member shall serve more than two consecutive terms.

Sec. 4. The board shall have authority to issue licenses to qualified persons as nursing home administrators, and shall establish qualification criteria for such nursing home administrators. No license shall be issued to a person as a nursing home administrator unless:

1. He is at least twenty-one years of age, of good moral character, sound mental health, and physically able to perform the duties required.

2. He has satisfactorily completed a course of instruction and training prescribed by the board, which course shall be so designed as to content and administered as to present sufficient knowledge of the needs properly to be served by nursing homes; knowledge of the laws governing the operation of nursing homes and the protection of the interests of patients therein; and knowledge of the elements of good nursing home administration; or has presented evidence satisfactory to the board of sufficient education, training, or experience in the foregoing fields to administer, supervise, and manage a nursing home.

3. He has passed an examination administered by the board designed to test for competence in the subject matter referred to in subsection two (2) of this section.

Sec. 5. The board shall license nursing home administrators in accordance with rules and regulations issued by it.

A nursing home administrator's license shall not be transferable and shall be valid until surrendered because of cancellation, suspension, or revocation for a violation of law or regulations relating to the proper administration and management of a nursing home. Any denial of issuance or renewal, suspension, or revocation under any section of this Act shall be subject to review upon the timely request of the licensee and pursuant to Iowa state procedures.

Persons who, on the effective date of this Act, have been actively engaged in the practice of nursing home administration for at least one year next preceding such date, may be issued a temporary license upon payment of the required fee, without the need to present evidence of satisfactory completion of a course of instruction and training and without examination, and all such licenses shall be issued commencing July 1, 1970, and shall expire on June 30, 1972.

During the period when temporary licenses may be issued the board shall offer a program of training and instruction designed to enable all temporary licensees to attain the qualification necessary to licensure as a nursing home administrator.

Sec. 6. Each person licensed as a nursing home administrator shall be required to pay a license fee in an amount to be fixed by the board, which fee shall not exceed twenty-five dollars per year. Said license shall expire on the thirty-first day of December of the year following its issuance, and shall be renewable annually and upon payment of the license fee.

Sec. 7. All fees collected under the provisions of this Act shall be paid monthly to the treasurer of state, who shall keep the same in a special fund to be known as the state board of examiners for nursing home administrators fund, which fund may be used and expended by the board to pay the compensation and travel expenses of members and employees of the board, and other expenses necessary for the board to administer and carry out the provisions of this Act.

Sec. 8. The board shall elect from its membership a chairman, vice-chairman, and secretary-treasurer, and shall adopt rules and regulations to govern its proceedings. Each member shall receive, as compensation for his services, an amount agreed upon by the board but not to exceed that received by members of other examining boards enumerated in chapter one hundred forty-seven (147) of the Code. All members shall be allowed necessary travel expenses, as may be approved by the board, which shall be payable in the same manner as other travel expenses of state officials. The board may employ and fix the compensation and duties of necessary personnel to assist it in the performance of its duties.

Sec. 9. The board shall have authority to determine the qualifications, skill, and fitness of any person to serve as an administrator of a nursing home under the provisions of this Act, and the holder of a license under the provisions of this Act shall be deemed qualified to serve as the administrator of a nursing home.

Sec. 10. The board shall have the duty and responsibility to:

1. Develop, impose, and enforce standards which must be met by individuals in order to receive a license as a nursing home administrator. Such standards shall be designed to insure that nursing home administrators will be persons who are of good character and are otherwise suitable, and who, by training or experience in the field of institutional administration, are qualified to serve as nursing home administrators.

2. Develop and apply appropriate techniques, including examination and investigations, for determining whether an individual meets such standards.

3. Issue licenses to individuals who, after application of such techniques, are found to have met such standards. In the event of the inability of the regular administrator of a nursing home to perform his duties, or when through death or other cause a nursing home is without a licensed administrator, a provisional administrator may be appointed on a temporary basis to perform such duties for a period not to exceed six months, unless good cause is shown why extension of the appointment of a provisional administrator for a longer period is necessary.

4. Establish and carry out procedures designated to insure that individuals licensed as nursing home administrators will comply with the requirements of such standards.

5. Receive and investigate any charge or complaint filed with the board to the effect that any individual licensed as a nursing home administrator has failed to comply with the requirements of such standards, and when deemed necessary, to take appropriate action thereon. Such action may include, after due notice and hearing, placing the licensee on probation for a period not exceeding six months, or revocation or suspension of a license previously issued by such board in any case where the individual holding such license is found to have failed to conform to the requirements of such standards. The board may also accept the voluntary surrender of such license without necessity of a hearing.

GOVERNOR'S VETO MESSAGE

(House File 720)

OFFICE OF THE GOVERNOR

State Capitol

Des Moines, Iowa 50319

March 16, 1970

The Honorable William H. Harbor
Speaker of the House
Sixty-third General Assembly
State Capitol
Local

Honorable Members of the House:

I am returning herewith House File 720, the bill relating to eavesdropping and wiretapping, disapproved and without my signature, to the House in accordance with Article III, Section 16 of the Constitution of the State of Iowa.

Justice Louis Brandeis identified "the right to be let alone, the most comprehensive of rights and the right most valued by civilized man." He warned against public invasion of privacy by "purposeful action of the state," and he specifically called wire-tapping "a dirty business." It is much worse than that. It creates fear of government and fear of fellow citizens as evidenced by the huge volume of mail that I have received recently from private citizens.

I am fully aware that over the years, our citizens have sacrificed some individual freedoms for the sake of society in general. I am also aware of the wisdom of what John Stuart Mill wrote in his essay, "On Liberty", when he said,

"... there is also in the world... an increasing inclination to stretch unduly the powers of society over the individual, both by the force of opinion and even by that of legislation: and as the tendency of all the changes taking place in the world is to strengthen society, and diminish the power of the individual, this encroachment is not one of the evils which tend spontaneously to disappear, but, on the contrary, to grow more and more formidable."

The warning is so timely that it is hard to realize that it was sounded in 1859 rather than 1970.

Much more recently, but echoing Mill with specific reference to the subject of House File 720, the President's Commission on Law Enforcement and Administration of Justice has said:

"In a democratic society, privacy of communication is essential if citizens are to think and act creatively and constructively. Fear or sus-

pcion that one's speech is being monitored by a stranger, even without the reality of such activity, can have a seriously inhibiting effect upon the willingness to voice critical and constructive ideas. When dissent from the popular view is discouraged, intellectual controversy is smothered, the process for testing new concepts and ideas is hindered and desirable change is slowed. External restraints, of which electronic surveillance is but one possibility, are thus repugnant to citizens of such a society."

Wiretapping, as I said early in this session, is repugnant to me. Notwithstanding that fact, however, I conferred with legislators and law enforcement officers and others who were proponents of this measure, searching for information of (1) need, and (2) ways to protect innocent people if such a bill were to pass.

Congress passed the Omnibus Crime Control and Safe Streets Act in 1968, which authorized wiretapping and electronic surveillance for the purpose of attacking organized crime that could not be reached through other law enforcement methods. The aim was to get at gangland slayings, mafia and mafia-like controlled businesses. The second part of the proposal was to use wiretapping in matters posing threats to the national security.

I know that Iowa is not free from crime and I, like the people interested in this bill, support our law enforcement officers and work diligently to aid and assist them as they combat crime and as they work to make our communities safer for our families, neighbors and friends.

We are moving rapidly with the efforts of our new, yet well-organized Crime Commission. For example, we are developing an advanced state radio and communications network, establishing county crime commissions, setting up a police information retrieval system, and we are utilizing our productive law enforcement academy.

Also, the legislature has pending before it bills that will (1) establish a sorely needed crime laboratory; (2) provide the strengthening of our narcotics enforcement division by placing it with the Bureau of Criminal Investigation; and (3) establish a long overdue and much needed court unification plan that will strengthen our courts and the system by which persons may be charged, prosecuted and, if guilty, convicted.

These are powerful aids in our determination to curb crime, and do not encroach upon the sanctity of the basic rights of our fellow citizens.

These improvements in law enforcement, that you and I have an opportunity to advance, are aimed at the target of crime in Iowa. Wiretapping and eavesdropping, on the other hand, is aimed at the vicious, syndicated gangland and national security-type crime; crime that I cannot, fortunately, find evidence existing in Iowa to justify the encroachment upon the sanctity of innocent people's privacy.

I have heard it argued that a wiretap law in Iowa would be used to stop narcotics. Yet at the same time, I have been advised that there now exists adequate methods to stop the user and the pusher. It is then said that state wiretapping could be used to reach the supplier.

But we do not grow opium in Iowa or have heroin originating here. It must, therefore, come from outside our state as is true with other drugs, and wiretapping is already available under the federal law to combat this activity.

I have been told an Iowa wiretap law would be used to stop bombings yet at the same time, I am advised that the person against whom this would be used is already under two indictments as a result of evidence obtained under existing law enforcement procedures.

I have also been informed that such a law would be expected to be used in most felony-type cases, which is far broader than ever anticipated in the original concept of authorizing wiretapping. This acknowledged expansion of use lends credence to one's belief in a different, but related area, that small invasions of liberty carry with them the winds of tyranny.

The fact is, this brutal weapon of eavesdropping and wiretapping is not the effective tool in most crimes with which we are confronted in our state. It would not protect the farmer from an intruder, the lady or child on the street from an attacker, the businessman from the thief or the bad check, the victim of the passion killer, or the citizen that is duped by the scheme of the con artist. But, it would place all citizens in the position of never knowing whether someone was monitoring and listening to his or her conversation.

Any advantage of a wiretap law in Iowa today, where we are fortunate not to be plagued with gangland organized crime, does not outweigh that fear, both in reality and in the threat of not being able to communicate confidently with whomever one desires.

There is no way to tap only one side of a telephone conversation. Each time a telephone conversation is monitored, at least one person to whom the wiretap is not directed is the victim of snooping. In addition, most telephones are used by more than just the suspect and in those cases two innocent people are the victims of such invasion.

I am advised that one-half of the allowed wiretaps used are placed on public telephones. In that case, most conversations on a tapped line have been listened to by a third party without any possibility of obtaining evidence against the suspect. In a case of one wiretap, 466 innocent people had their conversations listened to when the order was for the purpose of overhearing one suspect's communications. It might be noted that while innocent people are having their conversations monitored, law enforcement personnel making the surveillance are not free to solve the kind of crime that exists in our state.

While the guilty might suspect that his telephone line would be tapped and, therefore, find other ways to communicate, the innocent would not only lack actual knowledge that outsiders were listening to his conversation but also would not be guarding against such invasion. Any evidence under House File 720 derived from the wire or oral communication intercepted in accordance with the provisions of the act could be given as derivative evidence "before any grand jury in this state, or in any court of the United States or in any state, or in any federal or state grand-jury proceeding."

This means that evidence obtained from a person, a person against whom there had not even been an order authorizing a wiretap, could be used against him in any civil or criminal court.

Without an established need for wiretapping and eavesdropping in our state in addition to the federal wiretap law, it would be unfair to burden Iowans with the fear that they could not enjoy the right of privacy.

One who works in law enforcement recently summed it up well when he said, "Governor, you're right. We haven't made a case for the wiretap bill."

Sincerely,
ROBERT D. RAY
Governor

Whereas, many members of the General Assembly have indicated an interest in a review of the state's budgetary procedures; and

Whereas, the Governor and the Governor's economy committee have indicated that the state's budgetary procedures lack the clarity and detail necessary to meet increased demands for proper distribution of the state's resources; and

Whereas, continuing improvements and innovations have been made in budgetary procedures at all levels of government throughout the nation during the past few years; and

Whereas, some of these budget innovations have been studied and particularly implemented in Iowa recently by the office of the state comptroller and the office for planning and programming; and

Whereas, the state board of regents and its institutions have recently taken significant steps toward budgetary innovations, and the state board and department of public instruction are also adopting new budgetary procedures; and

Whereas, the budget and financial control committee, the Governor, the state comptroller and the office for planning and programming have certain and specific statutory responsibilities relating to the budgetary processes in the state; and

Whereas, there was created, by the efforts of the budget and financial control committee and the Governor, an ad hoc committee comprised of the chairman of the budget and financial control committee, the state comptroller, the director of the office for planning and programming, and a representative of the Governor's office to study, research, coordinate, and implement specific phases of the budget innovations and reforms for higher education; and

Whereas, this ad hoc committee has prepared and has presented to this General Assembly and the Governor a report on its progress to date; and

Whereas, the report of the ad hoc committee points toward significant improvements in budget information, procedures, format, analysis, clarity, and ease of use; *Now, Therefore*,

Be It Resolved by the House, the Senate Concurring, That the ad hoc committee for budget revision be commended for its efforts, and that it be urged to continue its study of improved budget procedures for Iowa, with major immediate emphasis on modernizing budgetary practices within the field of education, and that the committee and cooperating state agencies

and institutions be authorized and urged to consult with nonpublic schools, to correlate the entire budget spectrum of education in Iowa.

Be It Further Resolved, That the committee periodically report its progress to the budget and financial control committee and the Governor, and submit a complete report to the Governor and the General Assembly next convening, by February 1, 1971, and any and all innovations which appear immediately practical and informative shall become a part of the budget material available to the General Assembly and the Governor for preparation of the next biennial budget.

Be It Further Resolved, That funding for this committee, including the hiring of consultants as needed, shall be done within the existing budgets of the state comptroller and the office for planning and programming, and, if necessary, by use of existing contingent funds.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 124

By Rodgers

Whereas, the cities of Iowa have abundant quantities of refuse, rubbish, and garbage; and

Whereas, many beautiful, scenic areas in adjacent counties are in danger of being polluted because cities are attempting to buy productive farmland in other counties and to use such productive, scenic land for the deposit of refuse, rubbish, and garbage; and

Whereas, the cities apparently do not respect county zoning laws and the will of the people to enjoy country living; *Now, Therefore*,

Be It Resolved by the House, the Senate Concurring, That the General Assembly of the State of Iowa considers the transmission by cities of refuse, rubbish, and garbage across county lines, without express approval of county governing bodies and agencies responsible for control of environment, to be an improper act by the cities and their governing bodies.

Laid over under Rule 25.

Be It Resolved by the House, the Senate Concurring, that the Water and Air Pollution Control Commissions be directed to prepare recommendations for the control of radiation emission and waste disposal and the safety of the Palo plant operation.

Be It Further Resolved, that the commissions take whatever steps are necessary to halt construction of the Palo plant or any similar plants if such recommendations are not met.

HOUSE CONCURRENT RESOLUTION 126

Whereas, consumer credit has become an increasingly significant factor in the economy of the State of Iowa and of the United States; and

Whereas, the uniform consumer credit code is also designed to increase consumer protection having due regard for the interests of legitimate and scrupulous creditors; *Now, Therefore*,

Be It Resolved by the House, the Senate Concurring, That the appropriate subcommittees of the respective standing committees on commerce be directed to jointly conduct, during the 1970 legislative interim, a study of the uniform consumer credit code to determine the potential benefits to the general public.

37 property in the district per pupil in current daily membership
38 from fourteen thousand two hundred eighty-six dollars.

39 2. Multiply the difference obtained under subsection one
40 (1) by three and one-half cents.

41 3. Multiply the product obtained under subsection two
42 (2) by the current daily membership.

43 Sec. 4. Any amount by which a district's general fund
44 school budget less receipts from sources other than the sources
45 provided by this Act exceeds the amount it is entitled to re-
46 ceive as basic aid and foundation aid may be provided in the
47 following manner:

48 1. By a levy on taxable property in the district, except
49 that, for the fiscal year starting July 1, 1975, and for any
50 fiscal year thereafter no district shall levy more than sixty
51 mills per dollar of assessed valuation for general fund school
52 purposes.

53 2. By a tax on income of individual residents of the
54 district, in the form of a surcharge not to exceed twenty-five
55 percent of the state income tax due from each individual resi-
56 dent of the school district, subject to the following condi-
57 tions:

58 a. The district shall first levy at least forty-two mills
59 per dollar of assessed valuation on taxable property in the dis-
60 trict, for general fund school purposes.

61 b. The district's general fund school budget per pupil in
62 estimated fall enrollment shall not exceed one hundred twenty
63 percent of the state average general fund school cost per pupil
64 in average daily membership as computed by the state comptroller.

65 c. The district shall obtain a favorable vote of the elec-
66 torate on the question of whether a school district income tax
67 surcharge in a proposed percent shall be imposed. The question

68 shall be submitted at a regular school election. After a favor-
69 able vote on the question, a district shall continue to levy a
70 school district income tax in any subsequent year in which it
71 qualifies under the provisions of this section. After imposi-
72 tion of a school district income tax, upon receipt of a petition
73 signed by qualified electors within the district equal in num-
74 ber to at least twenty percent of the number of votes cast in
75 the last regular school election, the school board shall sub-
76 mit to the voters at the next regular school election, the
77 question of whether a school district income tax shall continue
78 to be imposed. If less than a majority of those voting favors
79 continuation of the school district income tax it shall not be
80 imposed for subsequent years until the question is again sub-
81 mitted and a favorable vote of the electorate is obtained.

82 d. Any school district which elects to impose a school
83 district income tax shall notify the department of revenue of
84 the amount of the tax within thirty days after the election,
85 and the department shall commence collecting the school dis-
86 trict income tax from residents of the district, beginning
87 with their state income tax liability for that calendar year
88 or for the portion within that calendar year of any taxpayer
89 fiscal year ending during that calendar year. In subsequent
90 years, if a school district income tax is to be discontinued,
91 the school board shall so notify the department of revenue by
92 October first, and the tax shall not be collected for any sub-
93 sequent calendar year or for any portion of a taxpayer fiscal
94 year falling after December thirty-first of that year.

95 e. All school district income taxes shall be administered
96 by the department of revenue, in consultation with each school
97 board, and the department shall collect and account for the
98 revenue, crediting all such funds to a school district income
99 tax fund hereby established in the office of the treasurer of
100 state. Annually, on July first, the treasurer of state shall
101 remit to the school districts which have imposed a school dis-
102 trict income tax their respective shares of the balance in the
103 school district income tax fund. School district income tax
104 shall be subject to all applicable provisions of divisions I,
105 II, III, and V of chapter four hundred twenty-two (422) of the
106 Code, and particularly to those provisions relating to the ap-
107 plication of interest and penalties and procedures for hearing
108 and appeal. The department of revenue shall administer any
109 school district income tax as nearly as possible in conjunc-
110 tion with the administration of the state income tax law, for
111 purposes of economy and efficiency, and shall promulgate uni-
112 form rules and regulations necessary to carry out the provisions
113 of this section.

114 Sec. 5. Emergency aid shall be available only to a school
115 district which is unable to provide amounts equal to eighty-five
116 percent of the state average per pupil expenditure, even when it
117 levies a sixty mill property tax and imposes an income tax sur-
118 charge of twenty-five percent. Any school district which levies
119 sixty mills per dollar of assessed valuation may receive annually
120 as emergency aid an amount computed as follows:

121 1. Multiply the school district's current daily membership

122 times eighty-five percent of the state average general fund school
123 cost per pupil in average daily membership, as computed by the
124 state comptroller.

125 2. Add together the following:

126 a. All anticipated receipts for general fund school pur-
127 poses, including, but not limited to, federal grants and aids
128 and any amounts separately appropriated as matching funds,
129 fines, tuition, income on investments, basic aid, foundation
130 aid, and revenues from the sixty mill levy on taxable property
131 in the district.

132 b. The amount which would have been raised by a school
133 district income tax in the amount of twenty-five percent of the
134 state income tax liability of individual residents of the dis-
135 trict, as computed for the last preceding calendar year, whether
136 or not such a tax has been or will be imposed.

137 3. Subtract the sum obtained under subsection two (2) of
138 this section from the product obtained under subsection one (1)
139 of this section or the district's total budget for general fund
140 purposes, whichever is less. The difference so obtained is the
141 amount of the district's emergency aid entitlement.

142 Sec. 6. The general fund expenditures included in the bud-
143 get of any school district divided by the estimated fall enroll-
144 ment of such district shall not exceed one hundred ten percent
145 of its general fund expenditures per pupil in average daily
146 membership.

147 Sec. 7. All moneys received by a public high school dis-
148 trict from the state under the provisions of this Act shall be
149 deposited in the general fund.

150 Sec. 8. No later than September fifteenth of each year
151 each school district shall inform the state comptroller of its
152 current fall enrollment and other information necessary for com-
153 putation of aid under this Act. The state comptroller shall
154 compute the amounts of state basic aid, foundation aid, and
155 emergency aid that shall be paid to each school district. In
156 the event any estimate of said aids in any school budget certi-
157 fied to the auditor as provided by section twenty-four point
158 seventeen (24.17) of the Code is more or less than the amount
159 of said aid computed by the state comptroller, the state com-
160 ptroller shall certify to the county auditors the final amounts
161 and the corrected millage for each school district. The state
162 comptroller shall draw warrants in payment of the aid in three
163 installments to be paid approximately on the first day of
164 November, February, and May.

165 Sec. 9. Chapter three hundred forty-eight (348), section
166 sixteen (16), Acts of the Sixty-second General Assembly, amend-
167 ing section four hundred twenty-two point thirty-three (422.33),
168 Code 1966, is hereby amended by inserting after line fourteen
169 (14) the following:

170 "A school tax surcharge in the amount of five percent of
171 the total tax due under this section is hereby imposed on all
172 corporations."

191 for special district boundary adjustments. If the peti-
192 tion is for the creation or boundary adjustment of a
193 special district, the legislative body of the municipal-
194 ity or county, or such other local authority as is em-
195 powered to establish the special district, shall appoint
196 two residents of the district.

197 (c) Eligibility and compensation. A local repre-
198 sentative shall be a resident of the county or municipi-
199 pality from which he is appointed and eligible to vote
200 in local elections.

201 A local representative shall receive compensation
202 of forty (40) dollars per diem plus travel and other
203 reasonable expenses for meetings, hearings, and other
204 official business.

205 (d) Duties. The committee shall hold hearings as
206 required in section six (6); approve or disapprove peti-
207 tions for boundary adjustment; and make financial allo-
208 cations, but pursuant to section ten (10) for consolida-
209 tions.

210 (e) Amendments to petitions. The committee may
211 amend a petition, prior to the day of voting under sub-
212 section (f) of section five (5), by altering the shape
213 and size of the territory.

214 (f) Voting. Each board member and each local repre-
215 sentative has one vote, except that if there are more
216 than two local representatives, each local representative
217 has an equal fraction of a total of two votes.

218 After a hearing is completed, pursuant to section
219 six (6), and after due deliberation, the committee shall
220 decide whether to approve the proposed boundary adjust-
221 ment; and if the boundary adjustment is approved, what,
222 if any, financial allocations should be made.

223 (g) Quorum. A quorum of two board members and one
224 local representative is required for the committee to act
225 on substantive matters.

226 (h) Effective date. When a boundary adjustment is
227 approved, the committee shall determine the date on which
228 the boundary adjustment and financial allocations take
229 effect. That date shall be not less than ninety (90)
230 days nor more than one year from the date on which the
231 committee approves the boundary adjustment.

232 (i) Notification. The committee shall notify the
233 secretary of state and the auditors of the counties, and
234 the clerks of municipalities and special districts affected,

235 of its ruling. The ruling shall report the vote of each
236 member of the committee, an explanation of the decision
237 on the boundary adjustment, an accurate map of every munic-
238 ipality, special district and territory involved, and
239 the effective date of the boundary adjustment.

240 Sec. 6. Hearings. (a) The committee shall conduct
241 a hearing within ninety (90) days from the date on which
242 a petition is received by the board, but if two or more
243 petitions are combined under subsection (b) of section
244 four (4), the ninety (90) day period begins on the day
245 of the receipt of the last of the petitions. At least
246 30 days before the commencement of the hearing, the
247 board shall give notice of the time and place to each
248 governmental entity involved; to each planning body that
249 has jurisdiction in a governmental entity involved; and
250 to the public.

251 (b) At the hearing the committee shall receive all
252 information, written or oral, that any person wishes to
253 present and that is relevant to the resolution of the
254 questions before the committee; and shall seek all infor-
255 mation, written or oral, that the committee believes will
256 be useful to the resolution of the questions before the
257 committee. If the committee so requests, the board may
258 subpoena witnesses and documents relevant to these questions.

259 (c) If the committee amends a petition, the board
260 shall give notice of the amendment to each of the parties.
261 If the notice is given less than seven days before the
262 commencement of the hearing, or during the hearing, or
263 after the termination of the hearing, and if any person
264 informs the board within seven days from the date notice
265 is given, of his desire to present information relevant
266 to the amendment, the committee shall continue the hear-
267 ing for a reasonable time, or reopen it within a reason-
268 able time, to receive that information.

269 Sec. 7. Standards for boundary adjustments. (a)
270 Adjustment must be appropriate. The committee shall
271 approve a proposed boundary adjustment only if the pro-
272 posal is for the type of adjustment that is more bene-
273 ficial to the community than are other available alternatives.

274 (b) Annexation. The committee shall approve a pro-
275 posed annexation only if (1) the present or probable fu-
276 ture character of the territory is urban; (2) the munici-
277 pality or special district is able and willing to provide
278 necessary services to the annexed territory within a
279 reasonable time after annexation; and (3) the territory
280 is compact, and contiguous to the municipality or special
281 district.

282 (c) Detachment. The committee shall approve a pro-
283 posed detachment only if the territory, after detachment,
284 is not surrounded by the municipality or the special
285 district.

286 (d) Municipal incorporation and creation of special
287 districts. The committee shall approve a proposed munic-
288 ipal incorporation or special district creation only if
289 the territory is amenable to separate municipal govern-
290 ment or, in the case of a special district, is appropri-

291 ate for the establishment of special functions; and if
292 the proposed municipality or special district will be able
293 to provide necessary services within a reasonable time.

294 (e) Consolidation. The committee shall approve
295 a proposed consolidation only if the municipalities or
296 special districts to be consolidated are contiguous, or
297 can be made contiguous by a proper annexation.

298 (f) Dissolution. The committee shall approve a
299 proposed dissolution only if the county or another munic-
300 ipality is able to provide necessary services to the
301 municipality or special district being dissolved; and if
302 the municipality to be dissolved will not be surrounded
303 by other municipalities.

304 Sec. 8. Criteria for applying standards. (a) Gen-
305 eral. In determining whether the standards for a pro-
306 posed boundary adjustment have been met, the committee
307 shall consider, but is not limited to the consideration
308 of, the following criteria:

309 1. The effect of the proposed adjustment on
310 population growth and on the assessed valuation of the
311 real property in any affected unit of government or
312 territory.

313 2. Topography and other physical characteris-
314 tics of the geographical area involved.

315 3. The extent to which any affected territory,
316 municipality, or special district, is interdependent
317 with others that are affected by the proposal.

318 4. The effect of the proposed adjustment upon
319 the governmental operations of a municipality or special
320 district.

321 5. The need for governmental services.

322 6. The extent to which municipal or special
323 district services are, or will be, commensurate, or in-
324 commensurate, with taxes and other charges.

325 7. Whether the present and probable future char-
326 acter of the area or areas affected by the proposal is
327 urban, suburban, or rural.

328 8. The likelihood that the residents of any
329 affected area will receive proper sanitation, safety,
330 school, and other necessary services.

331 9. Land-use plans that pertain to any govern-
332 mental unit or area involved.

333 (b) Special criteria for annexation. If annexation
334 is proposed, the committee shall consider the ability of
335 a county receiving revenue from the territory to be an-
336 nexed, to finance its governmental operations, if revenue
337 will be lost when the territory is annexed.

338 (c) Special criteria for detachment. If detach-
339 ment is proposed, the committee shall consider the abil-
340 ity of a municipality, special district, or county to
341 finance its governmental operations without the revenues
342 which will be lost when territory is detached, and the
343 adequacy of the county form of government to cope with
344 the problems of the territory.

345 (d) Special criteria for municipal incorporation
346 or special district creation. If municipal incorpora-

347 tion or special district creation is proposed, the com-
348 mittee shall consider the effect upon the ability of the
349 part of a county that survives a municipal incorporation
350 or special district creation to finance its governmental
351 operation without the revenues which will be lost if the
352 territory is incorporated.

353 If a petition proposes municipal incorporation or
354 special district creation of a territory any part of
355 which is closer than four miles to an incorporated city,
356 the board, before ruling on the petition, shall consider
357 whether it should initiate proceedings for the annexa-
358 tion of the territory to that city.

359 (e) Special criteria for dissolution. If dissolu-
360 tion is proposed, the committee shall consider the devia-
361 tion of the municipality or special district to be dis-
362 solved from the norm within the community in the per
363 capita cost of providing public services and the devia-
364 tion from the norm within the community in the ratio of
365 assessed valuation to number of residents.

366 Sec. 9. County boundaries not a barrier. County
367 boundaries are not a barrier to any type of boundary
368 adjustment authorized by this Act.

369 Sec. 10. Financial allocations. (a) Consolidation.
370 If a consolidation is approved, the municipality formed
371 by the consolidation may assume all indebtedness of, and
372 shall receive title to all property owned by the pre-
373 existing municipalities or special districts. Alternately,
374 it may be required to comply with the provisions on
375 debts in section five (5) of chapter three hundred nine
376 (309), Acts of Sixty-second General Assembly, if the
377 committee so determines.

378 Sec. 11. Judicial review. All final decisions of
379 a committee and any dismissal of petitions shall be re-
380 viewable by a proceeding in the district court of the
381 county in which the territory is located. No appeal
382 may be brought after the effective date of the boundary
383 adjustment.

384 Sec. 12. Sections three hundred sixty-two point
385 nineteen (362.19) to three hundred sixty-two point twenty-
386 two (362.22), inclusive, Code 1966, as amended by sections
387 one (1) through four (4) of chapter three hundred nine
388 (309), Acts of the Sixty-second General Assembly, are
389 hereby repealed.

390 Sec. 13. Sections three hundred sixty-two point
391 twenty-six (362.26), three hundred sixty-two point twenty-
392 seven (362.27), and three hundred sixty-two point thirty-
393 one (362.31) to three hundred sixty-two point thirty-six
394 (362.36), inclusive, Code 1966, are hereby repealed.

395 2. By inserting the following paragraph preceding
396 the enacting clause:

397 It is the purpose of this Act to provide a method
398 for guiding and controlling the creation and growth of
399 municipalities and special districts in order to prevent
400 haphazard extension of municipal boundaries, assure ade-
401 quate quality and quantity of public services and the
402 financial integrity of units of local government, and

ADDRESS BY GOVERNOR ROBERT D. RAY

Mr. President, Mr. Speaker, Honorable Members of the Second Regular Session of the Sixty-third General Assembly, Ladies and Gentlemen:

There is a school in Iowa with a kindergarten through twelfth grade enrollment of 2,554 students, and it is costing that school \$1,052 a year to educate each student. Less than ten miles away is another school with approximately the same program and with an enrollment of 2,838 students that spends \$772 per pupil. Both schools are meeting state standards. One cost the taxpayers \$2.7 million for its educational program, and another, ten miles away of similar size, cost the taxpayers \$2.1 million, or \$600,000 less than the first. Or to put it another way, a ten-mill difference in less than ten miles.

Tomorrow morning when your child goes to school, it will cost the taxpayers fifty cents more. Each week it costs \$2.50 more to educate each child in Iowa. That's how much and how fast school costs are rising.

In recent weeks I have given these, and similar questions, considerable thought. I have visited with citizens from throughout Iowa, with many legislators, and with school officials. These same questions are of concern to them, no less than to those who are currently threatening a tax revolt in our state.

This concern has prompted me to make this statement, as your Governor.

I am raising these points as questions, not to condemn. We have made tremendous gains in education, but I sense a growing feeling of reaction

against education. The pendulum must not swing completely back and wipe out these gains we have made.

Yet at the same time, we must find the answers to the questions many Iowans are raising. We must find them calmly, with reason and with great compassion for the educational future of our youth.

Taxes have long been a major concern for Iowa citizens. When I became Governor, all of the state taxes had just been raised, yet the treasury balance was virtually non-existent. Demands, however, continued to be made upon the state for spending far in excess of the already high level of funding.

Had we bowed to those demands a year ago at budget-making time—demands totaling \$250 million over what we ultimately approved—it would have more than doubled the sales tax, or tripled the income tax to fund state government.

But this administration was determined to provide necessary services and provide them better without first looking again to the taxpayer. And even had we doubled the sales tax, it would have offered no significant relief to the property taxpayer.

Presently, there are Iowans who are refusing to pay their property taxes to register a protest. I share concern with them about the increase in costs of government and the resulting increase in taxes that have been levied on their property.

On the state level we have adjusted priorities, utilized funds more wisely, and are implementing economy measures to hold down state taxes. But the state does not control local spending, and local spending, unfortunately, has risen faster than the money that taxes on property and incomes have generated.

This has caused an increase in the burden borne by the property taxpayer. The problem has been magnified in areas where the assessed valuation was raised two years ago for the purpose of equalizing valuations between various taxing districts. These taxpayers are just now getting their tax bill.

Three years ago an effort was made to relieve the property tax. A massive state tax increase was imposed upon our citizens and over \$100 million in additional funds was sent back to local schools. But it didn't work. Additional state aid has not provided the answer for the property taxpayer and there is no reason to believe that another massive tax increase would do any more than create new and additional spending.

Several things must be done:

1. I am asking for a moratorium on any new standards requiring additional staff imposed upon local schools by the state without adequate means of funding.

I have also requested the Superintendent of Public Instruction and legislative leaders that any unnecessary staff requirement regulations now in effect also be modified to give relief.

School teachers must be paid adequately and our young people must be assured a good education. But I want all concerned, including the legislators, citizens, teachers, schoolboard members, administrators, and parents to objectively evaluate their programs against costs.

2. The legislature must undertake an in-depth examination, analysis and evaluation of the entire tax structure, keeping firmly in mind the concern for the farm property owners and all property taxpayers. But the legislature must also consider all Iowans in any changes it proposes. It has often been said that a fair tax is one that someone else pays, so there will be no simple solutions to this complex problem.

3. The recommendations of the Governor's Economy Committee that can save the taxpayers millions of dollars must be implemented as soon as possible.

The real hope for taxpayers lies in making sure that every efficiency and economy possible be implemented on every level of government. No one likes waste—no one can any longer afford it—and the taxpayer, I am convinced, will no longer tolerate it, nor should he. If we are to win the battle against the rise in costs of living, the rise in costs of schools, and the rise in costs of government, then we have to squeeze from these budgets all non-essential spending just as we are doing in state government. We can only do this if we work together on a nonpartisan basis—above politics—to cut unnecessary spending, help hold down costs and consequently hold down our taxes as we provide the necessary services.

4. The legislature should adopt legislation, which will simplify the current school aid formula and make it more workable. The change should encourage efficiency, not reward schools which have unusually high per pupil costs.
5. I am asking the Governor's Advisory Committee on Education to step up its efforts to find new ways for economy and efficiency. We must know, among other things, whether further school reorganization would really result in better education at lower cost, and whether additional staffing, which has recently taken place in our public schools, has really resulted in better educated children.
6. Citizens must take the lead, not by revolting, but by becoming knowledgeable, sensitive, and concerned with increased spending. They must express their views to public officials.
7. We must all work to stop inflation across our nation, and all of us must cooperate with President Nixon in his valiant effort to halt the rapid rise in the cost of living.
8. Iowa must lend its full support to the President's proposal for sharing federal revenue with the states and their local communities.

I am convinced that Iowans are willing to pay for good education, but they will not tolerate waste.

During this biennium an average of \$160 million a year will go back to our local schools from state funds. This is an increase over the previous biennium of \$38 million or 23 percent. Over 60 percent of the revenue we take in on the state level is returned to local taxing districts. More than 50 percent of the total revenue is used for education in this state. About 40 percent of local school costs are now borne by direct state aids and tax credits.

Before another massive injection of state funds—which will cost each taxpayer dearly—is approved for funding education, we owe it to ourselves and to education to see that our dollars are being spent wisely. To act prematurely without fact would be folly.

Governor Ray was escorted from the House chamber by the committee previously appointed.

HOUSE CONCURRENT RESOLUTION 129

By Rex, Peterson and Stokes

Whereas, economic efficiency in the operation of state government and that of its political subdivisions has recently been stressed as a means of reducing the tax burdens upon Iowa citizens; and

Whereas, budgeting and fiscal procedures and policies established by the Iowa Code to govern the financial operation of Iowa's ninety-nine counties have not been reexamined or revised in recent years; and

Whereas, such a reexamination might well reveal outdated and inefficient procedures for funding and appropriating county moneys and for making expenditures from county funds; *Now, Therefore*,

Be It Resolved by the House, the Senate Concurring, That the Iowa Legislative Council be authorized to create a study committee, composed of members from the appropriate standing committees in the House and Senate as well as of selected representatives of the various county officers associations, to examine and evaluate current Iowa Code provisions and current practices relating to county spending and fiscal policies; and

Be It Further Resolved, That the study committee report its findings and recommendations, accompanied by legislative bill drafts implementing such recommendations, to the Legislative Council and to the members of the Sixty-fourth General Assembly.

Laid over under Rule 25.

The secondary road system is subdivided into farm-to-market roads and local secondary roads.

(2). The following words and phrases when used in this chapter or in any chapter of the Code relating to highways shall respectively have the following meaning:

CONSIDERATION OF BILLS NONCONTROVERSIAL CALENDAR

Senate File 1048, a bill for an act relating to township halls, with report of committee recommending passage, was taken up for consideration.

McCartney of Floyd offered the following amendment from the floor, filed by him and Peterson of Woodbury, and moved its adoption:

Amend Senate File 1048 by adding thereto the following new section:

Sec. 4. Chapter three hundred sixty (360), Code 1966, is hereby amended by adding thereto the following:

Any real estate, including improvements thereon, situated wholly outside of a city or town, owned by a township and heretofore used for township purposes and which is no longer necessary for township purposes, shall revert to the present owner of the tract from which the same was taken, provided that said owner of the tract last aforesaid shall, within the time hereinafter prescribed, pay the value thereof to the township clerk. In the event the township trustees and said owner of the tract from which such real property was taken do not agree as to the value of such property and improvements thereon, the township clerk shall, on written application of either party, appoint three disinterested residents of the township to appraise such property and improvements thereon.

The township clerk shall give notice to said trustees and said owner of the time and place of making such appraisal, which notice shall be served in the same manner and for the same time as for the commencement of action in the district court. Such appraisers shall

inspect the real estate and improvements and, at the time and place designated in the notice, appraise the same in writing, which appraisal, after being duly verified, shall be filed with the township clerk.

If the present owner of the tract from which said site was taken fails to pay the amount of such appraisal to such township within twenty days after the filing of same with the township clerk, the township trustees may sell said site, including any improvements thereon, to any person at the appraised value, or may sell the same at public auction for the best bid.

Any real estate including improvements thereon situated within a city or town, owned by a township and heretofore used for township purposes and which is no longer necessary for township purposes, may be sold by the township trustees at public auction for the best bid.

The township trustees in the case of joint ownership, in conjunction with any city or town authorities, shall not sell such real estate including improvements thereon unless the city or town authorities concur in such sale. The proceeds of such sale of jointly owned real estate including improvements located thereon shall be prorated between the township and the city or town on the basis of their respective contribution to the acquisition and maintenance of such property.

Sales at public auction contemplated herein shall be made only after the township trustees advertise for bids for such property. Such advertisement shall definitely describe said property and be published by at least one insertion each week for two consecutive weeks in some newspaper having general circulation in the township.

The township trustees shall not, prior to two weeks after the said second publication, nor later than six months after said second publication, accept any bid. The township trustees may accept only the best bid received prior to acceptance. The township trustees may decline to sell if all the bids received are deemed inadequate.

The amendment was adopted.

In the event of substantial variance, in any school district, that district shall be called upon to explain the variance to the budget review

committee, which may order a reduction in county equalization funds for the next school year immediately following the year of variances in proportion to any variances or part thereof not satisfactorily explained."

Sec. 9. Chapter three hundred fifty-six (356), section twelve (12), Acts of the Sixty-second General Assembly, is hereby amended by striking from line fifteen (15) the word "commission" and inserting in lieu thereof the word "department".

Sec. 10. Chapter three hundred fifty-six (356), section fourteen (14), Acts of the Sixty-second General Assembly, is hereby repealed and the following enacted in lieu thereof:

This support factor is the relationship per pupil of the average of the daily membership and school census to the total real value of all taxable property in the state and the total adjusted gross income in the state on a seventy-thirty ratio, property to income. The taxable real property in each district shall be adjusted to reflect the relative change determined for the state.

Twenty-five percent of the ratio of the local support factor to the state support factor subtracted from one shall determine the percent of effort the state will participate in each district's total general fund adjusted reimbursable expenditures less the county basic tax equalization fund."

Sec. 11. Chapter three hundred fifty-six (356), section fifteen (15), Acts of the Sixty-second General Assembly, as amended by chapter two hundred fifty-eight (258), section one (1), Acts of the Sixty-third General Assembly, First Session, is hereby further amended by inserting in line twenty-three (23) after the word "from" the words "clearing accounts,".

2. By striking all of lines twenty-five (25) to thirty-seven (37), inclusive, and inserting in lieu thereof the following:

"The school budget review committee is authorized to review any and all school budgets, including county school systems, and may call in officers of any and all school districts or systems for hearings.

In addition the school budget review committee shall review

the budgets of all school districts whose budgets exceed the adjusted reimbursable state average per pupil expenditure by more than twenty percent or whose budgets exceed the adjusted reimbursable expenditure as computed in section two (2) of chapter three hundred fifty-six (356), Acts of the Sixty-second General Assembly.

No state equalization aid shall be paid on any expenditures which exceed the adjusted reimbursable state average per pupil expenditure by more than twenty percent, nor will state equalization aid be paid on any amounts which exceed the adjusted reimbursable expenditure as computed in section two (2) of chapter three hundred fifty-six (356), Acts of the Sixty-second General Assembly, except as follows:

The committee may however permit a school district to share in the equalization aid based upon expenditures in excess of that district's reimbursable expenditures if that school district can support with facts and information that its needs and circumstances are unique and unusual. Such unique and unusual needs and circumstances that may be considered by the committee including but not limited to any unusual increases or decreases in enrollments, natural disasters, unusual transportation problems, and initial staffing problems.

No expenditure in excess of the allowable percentage of growth established in section two (2) of chapter three hundred fifty-six (356), Acts of the Sixty-second General Assembly, shall be used as a base for determining the next year's reimbursable expenditure unless such additional amount has been approved by the budget review committee.

Failure by any school district to provide information or appear before the committee as requested for the accomplishment of review or hearing shall constitute justification for the committee to instruct the state comptroller to withhold state aid until said committee's inquiries are satisfied completely."

Sec. 15. Chapter three hundred fifty-six (356), section thirty-five (35), Acts of the Sixty-second General Assembly, is hereby repealed and the following enacted in lieu thereof:

"Not later than December first each year beginning in December, 1970, for the fiscal year beginning July 1, 1971, and ending June 30, 1972, and December first for each fiscal year thereafter, the board of directors of each school corporation shall set a limitation in dollars of the amount the district may spend on each program in the system as defined by the school budget review committee and in the form which they shall so prescribe. This prospectus of program and allotted dollars as approved by the board shall govern the superintendent when preparing the proposed budget for that year. These limitations submitted by the board of directors to the superintendent of schools for the district shall be promptly forwarded to the school budget review committee."

Sec. 16. Chapter three hundred fifty-six (356), sections fifty (50), fifty-three (53), and fifty-four (54), Acts of the Sixty-second General Assembly, are hereby repealed.

However, if any school district is required to create any new teaching, supervisory, or administrative positions for the fiscal year beginning July 1, 1970, and ending June 30, 1971, in order to comply with section two hundred fifty-seven point twenty-five (257.25) of the Code, the salaries paid to the teachers, supervisors, or administrators employed in such positions shall not be subject to the expenditure limitations provided in this section.

Sec. 18. Section two hundred ninety-eight point one (298.1), Code 1966, as amended by Senate File one thousand eighty-three, Acts of the Sixty-third General Assembly, Second Session, is hereby repealed and the following enacted in lieu thereof:

"The board of each corporation shall estimate the amount of the proposed expenditures and proposed receipts for the general school purposes at a time and in a manner to effectuate the provisions of chapter three hundred fifty-six (356), Acts of the Sixty-second General Assembly. Compliance with chapter twenty-four (24) of the Code shall be observed.

Prior to compliance with section twenty-four point nine (24.9) of the Code, the superintendent of the county school systems shall call a joint meeting of school superintendents and school board members for all of the local districts within the county basic school tax unit. The time and place for such joint meetings shall be set by the superintendent of the county school system, and shall so notify the chairman of the school budget review committee.

The purpose of the joint meeting shall be for a review of the budgets of the several school districts within the county basic school tax units, and for the discussion of common problems within the county basic unit."

Shaw of Scott offered the following amendment to the amendment filed by the committee on schools:

Amend the House committee on schools amendment to Senate File 640 as follows:

1. By striking lines 4 through 213, inclusive, and inserting in lieu thereof the following:

Section. 1. Chapter three hundred fifty-six (356), Acts of the Sixty-second General Assembly, is hereby amended by striking sections one (1) through eight (8), inclusive, sections ten (10) through twenty (20), inclusive, section twenty-nine (29), and sections thirty-two (32) through thirty-five (35), inclusive, and inserting in lieu thereof sections two (2) through nine (9) of this Act.

Sec. 2. Each public high school district is entitled to receive from the state annually as basic aid one hundred dol-

lars for each pupil in current daily membership in the district. Basic aid is in lieu of all separate appropriations for specific programs such as handicapped children aid, vocational education aid, and driver education aid, but is not in lieu of any state funds appropriated specifically as matching funds in order to secure federal grants and aids, unless otherwise designated in the appropriation for basic aid.

The average daily membership for each public high school district shall be determined by dividing the aggregate sum of the pupil membership in all public schools of the district for each day school was in session throughout the last preceding school year by the total number of days school was in session in all schools of the district during that school year.

Current daily membership shall be determined by multiplying the district's average daily membership by its current fall enrollment, and dividing the product by the district's fall enrollment of the last preceding year.

Sec. 3. Each public high school district which has an average assessed valuation of taxable property per pupil in current daily membership of less than fourteen thousand two hundred eighty-six dollars is entitled to receive from the state annually as foundation aid an amount computed as follows:

1. Subtract the average assessed valuation of taxable property in the district per pupil in current daily membership from fourteen thousand two hundred eighty-six dollars.
2. Multiply the difference obtained under subsection one (1) by three and one-half cents.
3. Multiply the product obtained under subsection two (2) by the current daily membership.

Sec. 4. Any amount by which a district's general fund school budget less receipts from sources other than the sources provided by this Act exceeds the amount it is entitled to receive as basic aid and foundation aid may be provided in the following manner:

1. By a levy on taxable property in the district, except that, for the fiscal year starting July 1, 1975, and for any fiscal year thereafter no district shall levy more than sixty mills per dollar of assessed valuation for general fund school purposes.
2. By a tax on income of individual residents of the district, in the form of a surcharge not to exceed twenty-five percent of the state income tax due from each individual resident of the school district, subject to the following conditions:
 - a. The district shall first levy at least forty-two mills per dollar of assessed valuation on taxable property in the district, for general fund school purposes.
 - b. The district's general fund school budget per pupil in estimated fall enrollment shall not exceed one hundred twenty percent of the state average general fund school cost per pupil in average daily membership as computed by the state comptroller.
 - c. The district shall obtain a favorable vote of the electorate on the question of whether a school district income tax surcharge in a proposed percent shall be imposed. The question shall be submitted at a regular school election. After a favor-

able vote on the question, a district shall continue to levy a school district income tax in any subsequent year in which it qualifies under the provisions of this section. After imposition of a school district income tax, upon receipt of a petition signed by qualified electors within the district equal in number to at least twenty percent of the number of votes cast in the last regular school election, the school board shall submit to the voters at the next regular school election, the question of whether a school district income tax shall continue to be imposed. If less than a majority of those voting favors continuation of the school district income tax it shall not be imposed for subsequent years until the question is again submitted and a favorable vote of the electorate is obtained.

d. Any school district which elects to impose a school district income tax shall notify the department of revenue of the amount of the tax within thirty days after the election, and the department shall commence collecting the school district income tax from residents of the district, beginning with their state income tax liability for that calendar year or for the portion within that calendar year of any taxpayer fiscal year ending during that calendar year. In subsequent years, if a school district income tax is to be discontinued, the school board shall so notify the department of revenue by October first, and the tax shall not be collected for any subsequent calendar year or for any portion of a taxpayer fiscal year falling after December thirty-first of that year.

e. All school district income taxes shall be administered by the department of revenue, in consultation with each school board, and the department shall collect and account for the revenue, crediting all such funds to a school district income tax fund hereby established in the office of the treasurer of state. Annually, on July first, the treasurer of state shall remit to the school districts which have imposed a school district income tax their respective shares of the balance in the school district income tax fund. School district income tax shall be subject to all applicable provisions of divisions I, II, III, and V of chapter four hundred twenty-two (422) of the Code, and particularly to those provisions relating to the application of interest and penalties and procedures for hearing and appeal. The department of revenue shall administer any school district income tax as nearly as possible in conjunction with the administration of the state income tax law, for purposes of economy and efficiency, and shall promulgate uniform rules and regulations necessary to carry out the provisions of this section.

Sec. 5. Emergency aid shall be available only to a school district which is unable to provide amounts equal to eighty-five percent of the state average per pupil expenditure even when it levies a sixty mill property tax and imposes an income tax surcharge of twenty-five percent. Any school district which levies sixty mills per dollar of assessed valuation may receive annually as emergency aid an amount computed as follows:

1. Multiply the school district's current daily membership times eighty-five percent of the state average general fund school

cost per pupil in average daily membership, as computed by the state comptroller.

2. Add together the following:

a. All anticipated receipts for general fund school purposes, including, but not limited to, federal grants and aids and any amounts separately appropriated as matching funds, fines, tuition, income on investments, basic aid, foundation aid, and revenues from the sixty mill levy on taxable property in the district.

b. The amount which would have been raised by a school district income tax in the amount of twenty-five percent of the state income tax liability of individual residents of the district, as computed for the last preceding calendar year, whether or not such a tax has been or will be imposed.

3. Subtract the sum obtained under subsection two (2) of this section from the product obtained under subsection one (1) of this section or the district's total budget for general fund purposes, whichever is less. The difference so obtained is the amount of the district's emergency aid entitlement.

Sec. 6. The general fund expenditures included in the budget of any school district divided by the estimated fall enrollment of such district shall not exceed one hundred ten percent of its general fund expenditures per pupil in average daily membership.

Sec. 7. All moneys received by a public high school district from the state under the provisions of this Act shall be deposited in the general fund.

Sec. 8. No later than September fifteenth of each year each school district shall inform the state comptroller of its current fall enrollment and other information necessary for computation of aid under this Act. The state comptroller shall compute the amounts of state basic aid, foundation aid, and emergency aid that shall be paid to each school district. In the event any estimate of said aids in any school budget certified to the auditor as provided by section twenty-four point seventeen (24.17) of the Code is more or less than the amount of said aid computed by the state comptroller, the state comptroller shall certify to the county auditors the final amounts and the corrected millage for each school district. The state comptroller shall draw warrants in payment of the aid in three installments to be paid approximately on the first day of November, February, and May.

Sec. 9. Chapter three hundred forty-eight (348), section sixteen (16), Acts of the Sixty-second General Assembly, amending section four hundred twenty-two point thirty-three (422.33), Code 1966, is hereby amended by inserting after line fourteen (14) the following:

"A school tax surcharge in the amount of five percent of the total tax due under this section is hereby imposed on all corporations."

2. By striking from lines 227 and 228 the words "basic school tax".

The adjusted real value of taxable property is the actual real value modified so that it is on a seventy to thirty ratio to the adjusted gross income.

The financial support factor for each district is determined in the same manner, based upon the relationship between total pupils and total wealth in the district, except that the adjusted real value of taxable property in the district is determined by modifying the actual real value by the same percentage that the actual real value of taxable property in the state was modified.

HOUSE CONCURRENT RESOLUTION 131

By Lipsky, Lippold, Roorda, Dunton, Caffrey,
Holden, Grassley, Schroeder and Shaw

Whereas, the extensive changes which have occurred in primary, secondary and post-secondary education in Iowa since the inception of the county school systems—including reorganization of local schools into fewer and larger districts, development of certain services at a multi-county level, and establishment of merged areas to operate community colleges and vocational schools—have removed the need for many of the services the county school systems were originally established to provide, while perception of various education needs not previously recognized or met have led many county school systems to perform functions far different from those they were originally intended to perform; and,

Whereas, careful consideration should be given to determining which services are actually necessary to provide effective and well-rounded primary, secondary, and post-secondary education to meet the needs of all students, including exceptional students, and how each of these services may most efficiently be provided and financed; *Now, Therefore*,

Be It Resolved by the House, the Senate Concurring, That the Legislative Council be authorized to establish a study committee in the manner provided by law to review the needs for various types of educational services at the primary, secondary, and post-secondary levels which school districts find it difficult or not feasible to provide, to determine the manner the needed services may best be made available to all who need them, and to determine how these services should be financed. The committee shall report its findings and recommendations, together with any bills necessary to give effect to its recommendations, to the Legislative Council prior to the convening of the first session of the Sixty-fourth General Assembly.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 132

By Holden

Whereas, the phrases “anticipatory warrants”, “amounts legally available”, and “anticipated deficiencies” as used in chapter ninety-six (96), section two (2), Acts of the Sixty-third General Assembly, First Session, which amends section seventy-four point one (74.1) of the Code, are not defined; and

Whereas, procedures for the use of public warrants not paid for want of funds are not clearly outlined in the statutes; and

Whereas, municipal corporations and school districts are utilizing such warrants in increasing amounts and numbers; and

Whereas, banks and other persons have raised or may raise questions as to the legality, quality, and marketability of such warrants; *Now, Therefore*,
Be It Resolved by the House, the Senate Concurring, That the state comp-

troller, the treasurer of state, and the attorney general shall analyze the statutes of Iowa relating to the use of such warrants and shall submit a report to the Sixty-fourth General Assembly, including recommendations for proposed legislation, if needed, to clarify the meaning of terms and procedures for the use of such warrants.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 138

By Miller of Page, Welden, Holden, McCartney, Millen, Kehe, Varley, Darrington, Goode, Stroburg, Christensen, Skinner, Dunton, Schroeder, Bennett, Renda, Mezvinsky, Menefee, Fischer of Grundy, Stokes and Brinck

Whereas, the duty of enforcing highway laws and laws relating to motor vehicle, railway, air, and water transportation is vested in many state departments; and

Whereas, an efficient public and private transportation system requires coordination of efforts and consideration of all modes of transportation; and

Whereas, the federal government and several other states have considered the coordination of transportation efforts to be of great importance to the public and have therefore established departments of transportation embracing the many phases of the public and private transportation industry; and

Whereas, several studies undertaken on behalf of the state of Iowa including those completed by the Public Administration Service, the firm of Baxter and McDonald in a study undertaken on behalf of the Office for Planning and Programming, and the Highway Commission Study Committee established by the Sixty-third General Assembly, First Session, have recommended that consideration be given to establishing a department of transportation for the state of Iowa; *Now, Therefore*,

Be It Resolved by the House, the Senate Concurring, That the legislative council is authorized to create a study committee as provided by law, which committee shall include members of the appropriate standing committees of the House of Representatives and the Senate and nonlegislative members as deemed desirable, to conduct during the 1970 legislative interim a comprehensive study relating to the feasibility of establishing a department of transportation encompassing the administration and regulation of motor vehicle, railway, air, and water transportation and related functions; and

Be It Further Resolved, That a report of the study shall be prepared and submitted to the legislative council and the members of the Sixty-fourth General Assembly, First Session, accompanied by bill drafts designed to carry out the recommendations of the study committee.

Laid over under Rule 25.

1. Page 2, by adding after line 12 the following new sections:

a. Sec. 2. House File three hundred ninety-four (394), Acts of the Sixty-third General Assembly, Second Session, is hereby amended as follows:

1. By striking from section two (2), subsection one (1), the words "Classification of roads and streets. The roads and streets of the state are hereby classified into the following systems" and inserting in lieu thereof the following:

"Functional classification of roads and streets. For the purpose of functionally classifying the roads and streets of this state to cooperate with the United States department of transportation, as required by section seventeen (17), public law 90-495, and for no other purpose, the roads and streets of this state are hereby classified into the following systems".

2. By striking from section two (2), subsection two (2), the words "Definition of road and street systems. The following words and phrases relating to roads and streets shall have the following meanings" and inserting in lieu thereof the following:

"Definitions of road and street systems. For the purpose of functionally classifying the roads and streets of this state to cooperate with the United States department of transportation, as required by section seventeen (17), public law 90-495, and for no other purpose, the following words and phrases relating to roads and streets shall have the following meanings".

3. By striking section three (3).

b. Sec. 3. Chapter three hundred six (306), Code 1966,

is hereby amended by adding the following sections:

(1). The highways of the state are hereby classified into four systems, to wit: the primary road system, the institutional road system, the secondary road system, and the state park road system.

The secondary road system is subdivided into farm-to-market roads and local secondary roads.

(2). The following words and phrases when used in this chapter or in any chapter of the Code relating to highways shall respectively have the following meaning:

1. The term "primary roads" or "primary road system" shall include those main market roads and highway traffic arteries, outside of cities and towns, which have been designated as primary roads under section three hundred thirteen point two (313.2) of the Code or which may hereafter be so designated as the law may provide.

2. The term "institutional roads" shall include those highways, either inside or outside of cities and towns, upon land belonging to the state at any state institution.

3. The term "secondary roads" or "secondary road system" shall include all public highways, outside of cities and towns, except primary roads and state park and institutional roads.

4. The term "farm-to-market roads" or "farm-to-market road system" shall include those main secondary roads which have been designated as farm-to-market roads under section three hundred ten point ten (310.10) of the Code or which may hereafter be so designated as the law may provide.

5. The term "local secondary roads" or "local secondary road system" shall include all those secondary roads which are not now, or may not hereafter be, included in the farm-to-market road system.

6. The term "state park roads" shall include all those highways and roads, either inside or outside of cities and towns, upon land belonging to the state at any state park.

7. The term "interstate roads" or "interstate road system" shall include those roads of the primary road system that are designated or will be designated by the secretary of commerce of the United States government as the "National System of Interstate and Defense Highways" in Iowa.

(3). Jurisdiction and control over the highways of the state are hereby vested in and imposed on (1) the state highway commission as to primary roads; (2) the county board of supervisors as to secondary roads within their respective counties; and (3) the board or commission in control of any state park or institution as to any state park or institutional road at such state park or state institution. However, as to any state park road which is an extension of either a primary or secondary highway which both enters and exits from the state park at separate points, the state highway commission in the case of a primary road, and the county board of supervisors in the case of secondary roads, shall have concurrent jurisdiction with the state conservation commission over such roads, and the state highway commission in the case of a primary road and the board of supervisors in the case of a secondary road, may expend

the moneys available for such roads in the same manner as they expend such funds on other roads over which they exercise jurisdiction and control. The parties exercising concurrent jurisdiction shall enter into agreements with each other as to the kind and type of construction, reconstruction and repair and the division of cost thereof, but in the absence of such agreement the jurisdiction and control of said road shall remain under the conservation commission. Provided, however, that the Iowa state highway commission, in the case of a primary highway extension, and the board of supervisors in the case of a secondary highway extension, shall perform maintenance on said road in the same manner as performed on a highway of a like type of surface or construction.

To the President of the Senate and the Speaker of the House of Representatives:

JAMES T. CAFFREY

PERSONAL PRIVILEGE

As a member of the House conference committee to which House File 1251 was referred, I wish to record my objections to section twenty-four (24) as amended by the conference committee.

My objections are based on the fact that section twenty-four (24) as amended will not afford protection to youngsters employed in the street trades by some employers. The amendment would permit those employers not now offering protection to continue this practice. It is in my opinion inhuman to exploit these youngsters and not provide them with insurance protection.

It is my sincere hope that those employers who do not provide this insurance protection do so as expeditiously as possible.

SOCIAL ACTION DEPARTMENT

Diocese of Davenport

March 31, 1970

The Honorable John Tapscott
House of Representatives
State House
Des Moines, Iowa 50319

Dear John:

I understand that the Migrant Labor Housing Act is not being adequately enforced, due to lack of funds. Would you kindly see that the enclosed check (for "ministerial services in opening the March 13 session of the Senate and House") is contributed to that fund?

It was an honor to open the sessions with prayer, even though that has become a rather controversial function. Since the legislature has not seen fit to adequately fund many of the pressing "people programs," I would like to make this small contribution toward the migrant housing program.

Sincerely,
REV. MARVIN A. MOTTET
Director

Whereas, approximately 1,350 military personnel from the United States are missing in action and may be presumed to be prisoners in North Vietnam although the government of North Vietnam has refused to release the names of all the prisoners it holds; and

Whereas, the government of North Vietnam acceded to the Geneva Convention on June 28, 1957, the government of South Vietnam acceded to the Convention on November 14, 1953, and the government of the United States acceded to the Convention on August 2, 1955; and

Whereas, the government of the United States and the government of South Vietnam have continuously honored the requirements of the Geneva Convention; and

Whereas, no pretense of compliance has been advanced by the government of North Vietnam or the National Liberation Front despite the reminder to do so on June 11, 1965, by M. Jacques Freymond, Vice President of the International Committee of the Red Cross; and

Whereas, the provisions of the Geneva Convention require that every prisoner of war be enabled to write his family; that every prisoner remain in communication with his family and with an international or state organization which has assumed the obligation of safeguarding the rights of the prisoner; that every prisoner has the right to receive mail and packages; that minimum humane standards of detention, hygiene, diet, recreation, and employment be complied with; that the detaining power accept a neutral party to the conflict or a respected international organization, such as the International Committee of the Red Cross, as a protecting power for the prisoners; that seriously injured or ill prisoners be repatriated as soon as they are able to travel; and that the detaining power provide the names of the prisoners it holds to families as well as to the protecting power, or the Red Cross, to pass on to their country of origin; *Now, Therefore,*

Be It Resolved by the House, the Senate Concurring, That the General Assembly of the State of Iowa urges the General Assembly of the United Nations, the Secretary General of the United Nations, the Congress of the United States, and the President of the United States to undertake a determined effort to seek compliance by the government of North Vietnam in honoring the provisions of the Geneva Convention.

Amend House File 333, as amended, passed and reprinted by the House, as follows:

1. Page 1, by striking everything after the period following "1971" in line 8, and all of lines 9 through 25, inclusive, and also by striking on page 2, all of lines 1 through 10, inclusive, and inserting in lieu thereof the following:

"If any area of this state is not within one of the existing merged areas of this state by April 1, 1971, or is not included in a plan pending before the state board of public instruction under the provisions of this chapter on or before that date, the state board of public instruction shall attach all such areas to an existing merged area or shall form such areas into new merged areas. Such attachment or formation shall become effective by resolution of the board, and by filing notice, if applicable, with the secretary of the school board of the merged areas to which such area is to be attached, Any area included in a merged area plan filed with the state board on or before April 1, 1971, and not becoming a part of a merged area because of the subsequent failure of the plan, shall be attached to an existing merged area by the state board of public instruction. The state board shall, where possible, carry out the provisions of this Act by July 1, 1971, but may defer action as may be necessary. The state board in carrying out the provisions of this Act shall investigate the desires of the residents of the area affected, and obtain the advice and recommendation of the advisory committee. All actions made by the state board shall be accomplished by resolution of the board. Such resolution shall be adopted by roll call vote entered in the minutes of the board and the action of the board shall be final."

2. Page 2, by inserting after line 10, the following new paragraphs:

"At any time before April 1, 1971, any school district

not included in a merged area may join any adjacent merged area in the following manner:

The school district board of directors shall publish notice of the proposal to join a specific adjacent merged area, in a newspaper of general circulation within the school district. The notice shall be published at least twice, no oftener than once a week.

The school district shall become part of the adjacent merged area, as proposed in the notice, thirty days after second publication of the notice, unless a petition requesting an election on the proposal and signed by electors equal to ten percent of those voting in the last regular school election in the district is filed with the school board.

If such a petition is filed, the school board shall submit the question of whether the district shall join the adjacent merged area as proposed, or shall join another adjacent merged area, at the next regular school election, or at a special election. If a special election is called, notice shall be published at least three times, no oftener than once a week, in a newspaper of general circulation within the district.

Upon receiving notification from the school board that it is proceeding under the above provisions to join an adjacent merged area, the state board shall stay its attachment proceedings until the procedures are completed. If a majority of those voting favor joining any adjacent merged area, the state board shall proceed to attach the district to that merged area."

3. Page 3, by adding after line 16 the following new section:

"Chapter two hundred eighty A (280A), Code 1966, is amended by adding the following new section:

'Any merged area shall provide an area vocational school attendance center within a county of the merged area which contains a city of fifty thousand population or more as determined by the most recent federal decennial census.'

206 or mixture of grains. Spirits, the alcoholic content of which
207 is distilled, or any other substance, must be labeled 'imi-

226 alcoholic liquor, as defined by this chapter, from the place
227 of purchase by any licensed retailer or wholesaler to any
228 warehouse or store of such persons or from one such place
229 to another, and it shall be lawful for any common carrier or
230 other person to transport such liquor to any place to which
231 the same may be lawfully delivered under this chapter and
232 the regulations established by the commissioner; provided,
233 however, that no common carrier or other person shall break,
234 open, or allow to be broken or opened any container or pack-
235 age containing alcoholic liquor or to use or drink or allow
236 to be used or drank any liquor therefrom while in the pro-
237 cess of being transported or conveyed. Nothing in this sec-

238 tion shall affect the right of any other permit or liquor
239 license holder to purchase, possess, or transport alcoholic
240 liquors as defined by this chapter and subject to the pro-
241 visions of this chapter and the regulations made thereunder."

242 Sec. 14. Section one hundred twenty-three point twenty-
243 ty-seven (123.27), Code 1966, as amended by chapter one hun-
244 dred sixty-three (163), section twenty-four (24), Acts of
245 the Sixty-second General Assembly, is hereby repealed and
246 the following enacted in lieu thereof:

247 "1. Upon application being made to the department the
248 commission may issue one of two classes of special liquor
249 permits as specified in subsections two (2) and three (3) of
250 this section. Such applications shall be in the form and
251 manner prescribed by the commissioner and shall be accom-
252 panied by the fee prescribed for such permit. If the com-
253 missioner becomes satisfied that the applicant has complied
254 with the rules and regulations established by him for the
255 issuance of such permit, he shall issue to the applicant a
256 permit of the class applied for. Both classes for special
257 liquor permits shall allow the holder to purchase, possess,
258 or transport alcoholic liquor under this chapter, provided
259 that no special permit shall be required for the purchase
260 of alcoholic liquor on premises covered by 'on sale' or
261 'off sale' liquor control licenses for the purpose of pri-
262 vate consumption by the permittee only.

263 2. A class 'I' special liquor permit, which shall be
264 in a form prescribed by and subject to the rules and regu-
265 lations of the commissioner, may be issued to a physician,
266 pharmacist, dentist, or veterinarian, which will entitle
267 the holder to purchase liquor from a licensed 'off sale'
268 retailer for use medicinally and in compounding prescrip-
269 tions and to sell the same for use medicinally in the com-
270 pounded prescription only upon the prescription of a li-
271 censed physician or surgeon, and also for the use in manu-
272 facturing or compounding lotions, compounds, and other like
273 commodities not susceptible for beverage purposes, and to
274 sell the same for public use. Such class 'I' permit may
275 also be issued to a soldiers' home, sanitarium, hospital,
276 college, or home for the aged which will entitle the holder
277 to purchase liquor from a licensed 'off sale' retailer for
278 use for medicinal, laboratory, and scientific purposes only.

279 3. A class 'II' special liquor permit, in a form pre-
280 scribed by and subject to the rules and regulations of the
281 commissioner, may be issued to any person, firm, or corpora-
282 tion applying therefor and shall entitle the holder to manu-
283 facture and sell within this state patent and proprietary
284 medicines, tinctures, food products, extracts, toilet arti-
285 cles, perfumes, and other like commodities, none of which
286 are susceptible to use as a beverage, but which require as
287 one of their ingredients alcohol or vinous liquors.

288 An applicant for a class 'II' permit shall file an affi-
289 davit with the department stating the following facts:

290 a. Name, place of business, and post office address of
291 the person, firm, or corporation desiring such permit. The
292 business in which said person, firm, or corporation is en-
293 gaged and the articles manufactured by them which require in

294 their manufacture the use of alcohol or vinous liquors.
295 b. That neither the applicant, nor any member of a
296 firm or officer of a corporation, has been convicted of any
297 violation of the laws of the state with reference to the sale
298 of intoxicating liquor within three years last past prior to
299 the date of such affidavit.

300 If the commissioner is satisfied that the facts stated
301 in said affidavit are true and that the applicant is a person
302 fit and proper to be trusted with the permit applied for,
303 such permit shall be issued upon the filing by the applicant
304 of a bond in the sum of two thousand dollars, with approved
305 sureties, conditioned that the applicant will faithfully
306 observe the provisions of this chapter and the rules and
307 regulations of the department.

308 A class 'II' permit holder may import into the state
309 or purchase from licensed distilleries, wholesalers, or
310 retailers within the state, alcohol or vinous liquors for
311 use in such manufacture.

312 4. The privileges conferred upon class 'I' and 'II'
313 special permit holders by subsections two (2) and three
314 (3) of this section shall exist notwithstanding the other
315 provisions of this chapter.

316 5. Upon posting bond in the penal sum of five thou-
317 sand dollars with surety and conditions prescribed by the
318 commissioner, which bond shall be conditioned upon the pay-
319 ment of all taxes payable to the state under the provisions
320 of this chapter and compliance with all provisions of this
321 title, the commissioner may issue an 'on sale' or 'off sale'
322 liquor control license to any person who, or whose officers
323 and stockholders in the case of a corporation, or whose
324 partners, in the case of a partnership, is of good moral
325 character, has not been convicted of a felony, does not
326 possess a federal gambling stamp, is a citizen of the United
327 States, and has been a resident of the state of Iowa for the
328 past two years, or licensed to do business in the state of
329 Iowa for the last two years in the case of a corporation,
330 is not chargeable directly or indirectly with the adminis-
331 tration or enforcement of the alcoholic beverage laws of
332 the state of Iowa, and is, in the judgment of the commissioner
333 of such financial standing and good reputation as will satisfy
334 such commissioner that the licensee will comply with the law
335 and the regulations of the department. However, if his con-
336 viction of a felony occurred more than five years before the
337 date of the issuance of a license, and if the applicant's
338 rights of citizenship have been restored by the governor,
339 the commissioner may issue a license notwithstanding such
340 conviction. As a further condition for the issuance of an
341 'on sale' or 'off sale' liquor control license, the licensee
342 must give consent for members of fire, police, and health
343 departments, and the building inspector of cities and towns,
344 the county sheriffs, deputy sheriff, and state agents, and
345 any official county health officer to enter upon the premises
346 without a warrant to inspect for violations of provisions of
347 this chapter, the provisions of title six (VI) of the Code,
348 or the provisions or ordinances and regulations which cities
349 and towns and boards of supervisors may adopt.

350 No 'on sale' or 'off sale' liquor control license shall
351 be issued for premises which do not conform to all laws,
352 ordinances, and resolutions, health and fire regulations,
353 applicable thereto; nor shall any licensee have or maintain
354 any interior access to residential or sleeping quarters
355 unless permission is specifically granted by the commissioner
356 in the form of a living quarters permit.

357 6. The following types of 'off sale' liquor control
358 licenses may be issued by the commissioner:

359 a. A 'wholesale' liquor control license may be issued
360 to a qualified person, firm, corporation, or partnership
361 and shall authorize the holder to purchase, transport, and
362 possess alcoholic liquor, except beer as defined in chapter
363 one hundred twenty-four (124) of the Code, with the intent
364 to sell such liquor to licensed 'on sale' or 'off sale' re-
365 tailers of 'class II' permit holders. No wholesale licensee
366 shall have any pecuniary or proprietary interest in the busi-
367 ness of any licensee or permittee to whom he is entitled to
368 sell alcoholic liquors under this section. No wholesale
369 licensee shall consume or allow to be consumed any alcoholic
370 liquor upon the licensed premises or in any warehouse used
371 in conjunction with the business of such licensee for the
372 storage of alcoholic liquors.

373 b. A 'retail' liquor control license may be issued to
374 a person, firm, or corporation qualifying therefore, which
375 will entitle the holder to purchase any alcoholic liquor,
376 except beer as defined in chapter one hundred twenty-four
377 (124) of the Code, from wholesalers licensed under paragraph
378 a of this subsection and to sell same to any 'on sale' liquor
379 control licensee of the classes provided in subsection seven
380 (7) of this section, to class 'I' or class 'II' permit hol-
381 ders, or to any other lawful purchaser. No such retail li-
382 censee shall have any pecuniary or proprietary interest in
383 the business of any licensee or permittee to whom he is en-
384 titled to sell alcoholic liquors under this section. Sales
385 of alcoholic liquor by such retailer shall be for consump-
386 tion off the premises only and no retailer shall open or
387 consume, or allow to be opened or consumed, any alcoholic
388 liquor on the licensed premises.

389 7. The following classes of 'on sale' liquor control
390 licenses may be issued by the commissioner:

391 a. A class 'A' liquor control license may be issued
392 to a club and it shall authorize the holder thereof to pur-
393 chase alcoholic liquor from licensed 'off sale' wholesalers
394 or retailers, as defined in subsection six (6), paragraphs
395 "a" and "b" of this section, and to sell such alcoholic bev-
396 erages to bona fide members and their guests by the indivi-
397 dual drink for consumption on the premises only.

398 b. A class 'B' liquor control license may be issued
399 to a hotel or a motel as herein defined and shall authorize
400 the holder thereof to purchase alcoholic liquor from licensed
401 'off sale' wholesalers or retailers, as defined in subsection
402 six (6), paragraphs "a" and "b" of this section, and to sell
403 such alcoholic beverages to patrons by the individual drink
404 for consumption on the premises only. Each such license
405 shall be effective throughout the premises described in the

406 application therefore, but a duplicate of such license shall
407 be posted in each room wherein such beverages are dispensed.

408 c. A class 'C' liquor control license may be issued to
409 a commercial establishment, but must be issued in the name
410 of the individual or individuals who actually own the entire
411 business and shall authorize the holder or holders thereof,
412 to purchase alcoholic liquors from licensed 'off sale' whole-
413 salers or retailers, as defined in subsection six (6), para-
414 graphs a and b of this section, and to sell alcoholic bever-
415 ages to patrons by the individual drink for consumption on
416 the premises only.

417 d. A class 'D' liquor control license may be issued to
418 a railway corporation, to an air common carrier, and to pass-
419 enger-carrying boats and ships for hire with a capacity of
420 twenty-five persons or more operating in inland or boundary
421 waters, and shall authorize the holder thereof to sell or
422 furnish alcoholic beverages to passengers for consumption
423 only on trains, watercraft as described herein, or aircraft
424 respectively. Each such license shall be valid throughout
425 the state as a state license. Only one such license shall
426 be required for all trains or aircraft operated in this state
427 by the licensee, but a duplicate of such license shall be
428 posted in each railroad car or aircraft of such licensee in
429 which such beverages are sold. Such licensee shall keep a
430 record of all alcoholic beverages sold or furnished in the
431 state of Iowa, and on or before the last day of each month
432 shall render a report to the department of revenue showing
433 quantities of the various kinds of alcoholic beverages so
434 sold or furnished since the preceding month, which report
435 shall be accompanied by payment of appropriate taxes owing,
436 including the special sales and excise taxes as herein pro-
437 vided.

438 All 'on sale' liquor control license applicants shall,
439 as a condition precedent to the granting of their licenses,
440 be the holder of a retail beer permit as defined in section
441 one hundred twenty-four point three (124.3) of the Code.

442 8. An application for any 'on sale' or 'off sale'
443 liquor control license, accompanied by the required fee and
444 bond, shall be filed with the appropriate city or town council
445 if the premises proposed to be licensed are located within
446 the corporate limits of a city or town, or with the board of
447 supervisors if the premises proposed to be licensed are lo-
448 cated outside the corporate limits of a city or town. Appli-
449 cation for a class 'D' liquor control license, accompanied by
450 the required fee and bond, shall be filed with the department,
451 which shall proceed in the same manner as in the case of an
452 application approved by local authorities.

453 9. If a city or town council, or county board of super-
454 visors, as the case may be, approves the issuance of a li-
455 cense, it shall endorse its approval on the application and
456 forward the same along with the fee and bond to the depart-
457 ment, or if it disapproves issuance of a license, it shall
458 endorse its disapproval on the application and forward the
459 same along with the fee and bond to the department. Upon
460 the initial issuance of or denial of liquor control licenses,
461 the fact that local authorities determine that no 'on sale'

462 liquor control licenses shall be issued under this chapter
463 shall not be held to be arbitrary, capricious or without
464 reasonable cause.

465 Before the issuance, renewal, or denial of 'on sale'
466 liquor control licenses by local authorities, the board or
467 council may conduct a referendum on the question of whether
468 such licenses shall be approved for the city, town, or county
469 in question. Said referendum shall be conducted in the same
470 manner that special elections are conducted. The purpose of
471 such referendum shall be solely to assist the board or council
472 members in determining public sentiment toward liquor-
473 by-the drink sales, and shall not be binding on the council
474 or board members in determining whether or not to approve the
475 issuance or renewal of 'on sale' licenses.

476 10. Upon receipt of an application that has been disap-
477 proved, the commissioner shall disapprove the application and
478 so notify the applicant by registered mail. Upon receipt
479 of an application that has been approved, the commissioner
480 shall make such investigation as he deems necessary and may
481 require the applicant to appear before him and be examined
482 under oath regarding any matters pertinent to the applica-
483 tion, in which case a record shall be made of all testi-
484 mony or evidence and the same shall become a part of the ap-
485 plication. If the application is approved, an appropriate
486 'on sale' or 'off sale' liquor control license shall be issued.
487 If the application is disapproved, the applicant and the appro-
488 priate city or town council, or county board of supervisors,
489 shall be so notified in writing, and the fee and bond shall
490 be returned to the applicant.

491 11. Any applicant for a liquor control license may
492 appeal to the commissioner from his disapproval of an appli-
493 cation for a license; or, in lieu of an appeal, the commis-
494 sioner may afford the applicant a hearing through issuance of
495 a notice to the applicant or contemplated disapproval of a
496 license. The appeal on hearing shall be held before a 'hear-
497 ing committee' of five persons which shall include the com-
498 missioner, the director of the division of beer and liquor
499 control, and three other members appointed by the commissioner
500 from among the personnel of the department. If, upon such
501 appeal or hearing, it is determined that the city or town
502 council, or county board of supervisors acted arbitrarily,
503 capriciously, or without reasonable cause in disapproving
504 the application, or that, where the city or town council, or
505 county board of supervisors approved the application, the
506 commissioner's own disapproval or contemplated disapproval
507 should be reversed, it may issue a license.

508 12. Any applicant who is aggrieved by a decision of the
509 commissioner or issuing authority disapproving, suspending,
510 or revoking issuance of a license may, provided he has exer-
511 cised his rights of appeal to the hearing committee as pro-
512 vided in subsection eleven (11) of this section, appeal from
513 said decision within ten days to the district court of the
514 county wherein the premises covered by the application are
515 situated.

516 Where the hearing committee on an appeal by an applicant
517 finds that a city or town council or county board of super-

518 visors acted arbitrarily, capriciously, or without reasonable
519 cause in disapproving an application and the commissioner
520 issues a license, the council or board may appeal from the
521 decision of such committee within ten days to the district
522 court of the county wherein the premises covered by the ap-
523 plication are situated.

A member of the commission or a hearing examiner designated by the commission shall serve as the presiding officer at each meeting and present an agenda for such meeting which shall include a summary of the rights and remedies of landowners, as provided

by statute and the rules and regulations of the commission, in cases in which the power of eminent domain is invoked to acquire real property or an interest therein. No formal record of the meeting shall be required. Every application shall be under oath, by the applicant or if the applicant is a corporation, by its principal officer or his designee, and such application shall contain (1) a statement that the meetings herein provided were in fact held, and (2) a statement that no title to land or interest therein has been acquired by the applicant or any person, company, or corporation in behalf of the applicant, primarily for the construction of the transmission lines or, in the alternative, a statement listing all such purchases, the title or interest acquired, from whom, and the amount paid.

The meeting shall be held at a location reasonably accessible to all persons, companies, or corporations which may be affected by the granting of the power of eminent domain.

For the purposes of this section, 'landowner' means a person, company, or corporation listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on property, and 'transmission line' means any line carrying thirty-four point five kilovolts or more and extending a distance of not less than one mile across privately-owned real estate.

The notice shall set forth the name of applicant; the applicant's principal place of business; the general description and purpose of the proposed project; the general nature of the right-of-way desired; a map showing the route of the proposed project; that the landowner has a right to be present at such meeting and to file objections with the commerce commission; and a designation of the time and place of the meeting; and shall be served by certified mail with return requested not less than twenty days previous to the time set for the meeting; and shall be published once in a newspaper of general circulation in the county at least one week and not more than three weeks before the date set for the informational meeting. The commission shall hold or cause to be held a hearing upon such complaint, with not less than twenty days notice to the applicant. The commission may in its discretion hold a single hearing on all complaints from a county or portion thereof. Whenever the commission shall find, upon good cause shown, that the consideration paid for a title to or interest in land, prior to the holding of the informational meetings required herein, is substantially less in amount or value than the general level of considerations paid after the holding of such meetings, the commission shall by order require the applicant to pay the aggrieved landowner the difference between the general level of such considerations and the consideration paid by the applicant for the title or interest in question. This section shall be deemed to be a part of every contract for the transfer of any title to or interest in land for transmission line use, anything in the contract to the contrary notwithstanding, but shall have no retroactive application to contracts entered prior to the effective date of this Act."

CARROLL A. LANE
Secretary of the Senate

SENATE CONCURRENT RESOLUTION 119

By Committee on Ways and Means

Whereas, recent studies have emphasized the gross inequities of the current tax system as a method of funding local governmental functions; and

Whereas, many taxpayers are strongly objecting to the large share of public school expenditures being paid from property tax revenue; and

Whereas, cities and towns and counties are experiencing difficulty operating within the current maximum property tax mill levies; and

Whereas, urban and rural property owners are paying a large share of the costs of local government; and

Whereas, ownership of property is not an accurate indicator of the owner's ability to pay taxes, nor a realistic measure of benefits received;
Now, Therefore,

Be It Resolved by the Senate, the House Concurring, That the legislative council shall create a study committee to conduct during the 1970 interim a detailed study of the tax structure as it relates to local taxing body expenditures and recommend methods of implementing tax reform measures which will effectively reduce emphasis on local property taxes; and

Be It Further Resolved, That the membership of the study committee shall consist of not more than sixteen legislators representing the Senate and House committees, including but not limited to ways and means, cities and towns, schools, and county government, said membership to be appointed jointly by the President of the Senate and Speaker of the House; and

Be It Further Resolved, That staff assistance be provided by the legislative service bureau, the department of revenue, the state comptroller, and the department of public instruction within the limits of available funds of said departments and moneys available to the General Assembly, and the study committee may employ other employees as it deems desirable from funds available for such purpose; and

Be It Further Resolved, That a report of the findings and recommendations of such study be submitted to the legislative council and the General Assembly prior to the convening of the Sixty-fourth General Assembly, First Session, and further supplemental reports may be presented at any time thereafter, accompanied by bill drafts designed to carry out the recommendations of the study committee.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 138

Whereas, the House of Representatives and the Senate were authorized to employ pages during the legislative session; and

Whereas, the pages of the House of Representatives and the Senate have performed their duties and responsibilities in a competent and enthusiastic manner during the Sixty-third General Assembly, Second Session; and

Whereas, the members of the House of Representatives and the Senate appreciate the excellent service provided by the pages; *Now, Therefore*,

Be It Resolved by the House, the Senate Concurring, That the Chief Clerk of the House of Representatives and the Secretary of the Senate on behalf of the members of the Sixty-third General Assembly, Second Session, are directed to prepare a Certificate of Service for each page commending them for the excellent performance of the tasks assigned; and

Be It Further Resolved, That such Certificate of Service and a copy of this concurrent resolution be presented to each page of the House of Representatives and the Senate by the Speaker of the House and the President of the Senate.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 139

By Langland, Bergman, Kreamer,
Lippold, Rodgers and Grassley

Whereas, section 280A.1, Code 1966, as amended by chapter 244, Acts of the Sixty-second General Assembly, provides for the establishment of "not more than seventeen areas . . . which may operate . . . area vocational schools or area community colleges . . ."; and

Whereas, pursuant to section 280A.19 of the Code merged areas have acquired sites and pursuant to section 280A.26 former junior colleges have been converted into area vocational schools and community colleges, with the result that some merged areas now have more than one operational campus; and

Whereas, certain merged area boards have made proposals to expand or relocate existing campuses; and

Whereas, unnecessary duplication of attendance facilities tends to increase costs and reduce the efficiency of needed educational programs; *Now, Therefore,*

Be It Resolved by the House, the Senate Concurring, That the state board of public instruction is hereby requested to transmit to the Sixty-fourth General Assembly a copy of the report and recommendations relative to multiple campus and future campus needs of merged areas, which study has been recently requested by the state board of public instruction from the state advisory committee on area schools created by chapter 244, section 19, Acts of the Sixty-second General Assembly, pursuant to the provisions of section 21 of said chapter.

Be It Further Resolved, That the state board of public instruction be and is hereby urgently requested to postpone final action in approving proposals for new merged area campus sites or relocation of existing sites until adjournment of the First Session of the Sixty-fourth General Assembly.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 140

By Gannon of Jasper

Whereas, adequate low cost health care is a right fundamental and inherent to every citizen; and

Whereas, the cost of health care now exceeds \$63 billion a year in the United States, a five-fold increase in two decades, which is seven percent of our Gross National Product; and

Whereas, this cost has made decent health care a virtual impossibility and illness a financial catastrophe for low income families; and

Whereas, health care in the United States, compared to other countries, is inferior in quality (the United States ranks fourteenth in infant mortality, twelfth in maternal mortality and eighteenth in male life expectancy),

wastefully dispensed (countries such as Britain and Sweden enjoy much smaller mortality rates in the same areas yet spend a smaller percentage of their Gross National Product on health care), and inequitably financed; and

Whereas, these patterns of health crisis exist in Iowa in the same proportion as in the rest of the United States with same urgency; and

Whereas, many experts believe that the adoption of more modern and efficient methods such as prepaid group practice, preventive medicine, professional hospital management, supplementing doctors with para-professionals and a revision in the methods of medicare/medicaid payments to doctors would result in better health care at less cost;

Now, Therefore, Be It Resolved by the House, the Senate Concurring, That the Legislative Council shall create a study committee to conduct during the 1970 interim a detailed study of the causes of health care costs in Iowa.

Be It Further Resolved, That such study committee shall submit a report of its findings and recommendations to the members of the Legislative Council and the members of the Sixty-fourth General Assembly.

Laid over under Rule 25.

EXPLANATION OF VOTE

While I was absent from the House chamber the following bills were voted on: House Files 1198, 1253, 1309, 1329; Senate Files 58, 1307, and Senate Joint Resolution 1005. Had I been present I would have voted "aye" on all these bills.

ANDREW G. DOOLEY

EXPLANATION OF VOTE

(Senate File 565)

The undersigned with great reluctance and much regret voted "aye" on the motion to table Senate File 565, an act providing for a unified trial court, commonly known as the court reform bill.

I did so not because I am opposed to court reform, but rather because I am committed to such reform and the unified trial court concept.

Senate File 565 as originally written was an especially well considered

bill providing for true court reform.

The bill as it reached the House had been so mangled and mutilated by amendments that it scarcely resembled a unified trial court proposal. It is with dismay that I observe that those crippling amendments were offered by lawyers.

Further amendments were offered in the House which were offensive and obnoxious to the unified trial court concept, and appeared to be gathering momentum. Moreover, even some of those distinguished members of the House seemed willing to abandon the original proposal leaving little hope of returning the bill to its original form.

This additional obstacle to the unified trial court concept was in part thoughtlessly provided by Governor Ray (who claims to favor it), when he vetoed an irrelevant and innocuous pay raise for municipal court bailiffs and clerks.

Ostensibly, this was done to pressure consideration of the unified trial court bill.

The result was quite the opposite. The small handful of liberal Republicans, smarting from that ill-considered veto, abandoned the original proposal.

While the Iowa State Bar Association is to be commended for the tremendous job of preparing the unified trial court proposal, candor compels me to suggest that they have fallen short of the mark in selling the merits of that proposal to the bar, the bench or the general assembly.

Accordingly, it is with fear for the future of court reform should we fail, and hope for a better hearing hereafter, that I cast my lot with those traditional foes of progress and justice and vote this session to table court reform.

HOUSE CONCURRENT RESOLUTION 143

By Lipsky and Miller of Des Moines

Whereas, the Legislative Council in 1969 established the interim Medicaid Study Committee pursuant to House Concurrent Resolution 29, and this committee during the latter half of 1969 conducted a study of the eligibility, scope, costs, and administrative procedures of the Iowa Medicaid program; and,

Whereas, in their final report to the present session of the General Assembly the members of the Medicaid Study Committee not only recommended certain revisions in the state Medicaid law, but expressed the conviction that the committee had evidence of continuing legislative interest in this vital program and had thereby already contributed to better communications between the various groups involved, improved administrative procedures, and lower costs in the Medicaid program, and therefore recommended the continuation of a legislative Medicaid committee in the future; and,

Whereas, it appears that the Medicaid program will be in a state of continuing change to some degree for the next several years, and House File 1346—the legislation recommended by the Medicaid Study Committee and already passed by the House of Representatives—therefore embodies a concept of close and frequent communication between the General Assembly and the Department of Social Services with respect to the Medicaid program;
Now, Therefore,

Be It Resolved by the House of Representatives, the Senate Concurring, that:

1. The Speaker of the House of Representatives and the President of the Senate are hereby empowered and requested to appoint a joint Select Committee on Medicaid consisting of an equal number, but not less than three, members of each house. It shall be the duty of the members of the committee so appointed to inform themselves regarding the Medicaid program in Iowa, to ascertain whether the intent of the General Assembly is being followed in the administration of the program, to request and obtain from the Department of Social Services and other sources such reports regarding the program as they deem necessary or desirable, to review and familiarize themselves with the general effect of any significant new or revised federal requirements affecting the Iowa Medicaid program, and generally to observe and evaluate the administration, cost, and effectiveness of the Iowa Medicaid program. Upon the convening of the Sixty-fourth General Assembly, the committee shall submit a report which shall include recommendations for any further revision in the Medicaid law which then appears necessary or desirable.

2. The Select Committee on Medicaid shall be authorized to meet not oftener than once each calendar month during the interim from the adjournment of the second session of the Sixty-third General Assembly to the convening of the Sixty-fourth General Assembly. Committee members shall receive forty dollars per diem, and shall be reimbursed for expenses incurred, for attending each such meeting. Per diem and expenses shall be paid committee members pursuant to chapter 69, section 14, Acts of the Sixty-third General Assembly, First Session.

Laid over under Rule 25.

REPORT OF CONFERENCE COMMITTEE

To the President of the Senate and the Speaker of the House of Representatives:

We, the undersigned members of the conference committee appointed to consider the difference between the Senate and the House of Representatives on House File 1294, a bill for an Act relating to the taxation of financial institutions, and the taxation of moneys and credits, respectfully submit the following recommendations:

1. That the Senate recede from its amendments.
2. That House File 1294 as passed by the House be amended as follows:

1. By striking all after the enacting clause and inserting in lieu thereof the following:

Section 1. Chapter four hundred twenty-two (422), Code 1966, is hereby amended by inserting a new division composed of sections two (2) through eight (8), inclusive, of this Act.

Sec. 2. A franchise tax according to and measured by net income is hereby imposed on financial institutions.

Sec. 3. In this Act, unless the context otherwise requires:

1. "Financial institution" means a state bank as defined in chapter two hundred seventy-three (273), section one hundred three (103), subsection nineteen (19), Acts of the Sixty-third General Assembly, First Session, a national banking association having its principal office within this state, a trust company, a federally chartered savings and loan association, a financial institution chartered by the federal home loan bank board, an association incorporated or authorized to do business under chapter five hundred thirty-four (534) of the Code, or a production credit association.

2. "Taxable year" means the calendar year, or the fiscal year ending during a calendar year, for which the tax is payable.

3. "Taxpayer" means a financial institution subject to any tax imposed by this Act.

4. "Net income" means the net income of the financial institution computed in accordance with section four hundred twenty-two point thirty-five (422.35) of the Code, with the exception that interest and dividends from federal securities shall not be subtracted and interest and dividends from evidences of indebtedness and securities of this state and its political subdivisions, exempt from federal income tax under the Internal Revenue Code of 1945 as amended, shall not be added.

Sec. 4. The franchise tax is due and payable on the first day following the end of the taxable year of each financial institution, and is delinquent after the last day of the fourth month following the due date. Every financial institution shall file a return as prescribed by the director on or before the

delinquency date. The provisions of this section shall become effective for all taxable years ending on or after January 1, 1970. For other than calendar year taxpayers, the tax due for the taxable year ending in 1970 shall be, for each month of the taxable year in 1970, one-twelfth of the tax which would be due if this section had been effective for the entire taxable year. As to fiscal years ending prior to the effective date of this Act, the time for filing a return is extended to the last day of the fourth month following such effective date.

Sec. 5. The franchise tax is imposed annually in an amount measured by applying the following rates to the net income received or accrued during the taxable year:

1. On the first twenty-five thousand dollars of net income, or any part thereof, five percent.
2. On the next fifty thousand dollars of net income, or any part thereof, six percent.
3. On the next twenty-five thousand dollars of net income, or any part thereof, seven percent.
4. On all net income in excess of one hundred thousand dollars, eight percent.

Sec. 6. The franchise tax shall be made payable to the treasurer of state and shall accompany the franchise tax return at the time of filing.

Sec. 7. Ten percent of the total moneys received from the franchise tax shall be deposited in the state general fund. The remaining moneys received from the franchise tax shall be deposited in a franchise tax fund hereby established in the office of the treasurer of state, and shall be paid quarterly on warrants by the state comptroller, after certification by the director of revenue, as follows:

1. Fifty percent to the basic school tax equalization fund of the basic school tax unit from which the tax is collected, to be distributed in the same manner as other funds in the basic school tax equalization fund.
2. Thirty percent to the general fund of the city or town from which the tax is collected.
3. Twenty percent to the general fund of the county from which the tax is collected.

If the financial institution maintains one or more offices for the transaction of business, other than its principal office, a portion of its franchise tax shall be allocated to each office, based upon a reasonable measure of the business activity of each office. The director of revenue shall prescribe, for each type of financial institution, a method of measuring the business activity of each office. Financial institutions shall furnish all necessary information for this purpose at the request of the director.

Quarterly, the director of revenue shall certify to the treasurer of state the amounts to be paid to each basic school tax unit, city, town, and county from the franchise tax fund. All moneys received from the franchise tax are hereby appropriated according to the provisions of this section.

Sec. 8. The department of revenue shall administer and enforce the provisions of this Act, and all applicable provisions of sections four hundred twenty-two point twenty-four (422.24), four hundred twenty-two point twenty-five (422.25), four hun-

"the county treasurer of each county and transmit them. The county treasurer shall apportion these amounts twenty percent to the county general fund, fifty percent to the basic school tax equalization fund, and the remaining thirty percent to cities and towns in the proportion that the taxable values for each city and town for 1965 of property subject to taxation in 1965 under sections four hundred twenty-nine point two (429.2) and four hundred thirty-one point one (431.1) of the Code is to the total of such taxable values for all cities and towns within the county."

REPORT OF ETHICS COMMITTEE

BEFORE THE ETHICS COMMITTEE OF
THE SIXTY-THIRD GENERAL ASSEMBLY

IN THE MATTER OF THE
COMPLAINT AGAINST
GLEN TAYLOR

FINDINGS OF FACT,
CONCLUSIONS OF LAW
AND RECOMMENDATION

BE IT REMEMBERED that on the 16th day of February, 1970, the Honorable John Tapscott, Representative of Polk County, Iowa, filed a Complaint with the Honorable Floyd Millen, Chairman of the House Ethics Committee stating in substance that on the 10th day of February, 1970, in the House Lounge in the State Capitol at Des Moines, Iowa, Glen Taylor, a lobbyist for the Iowa Farm Bureau, attempted to influence him in connection with Senate File 78 and House File 313 without being registered as a lobbyist in connection with either of those bills as is required by the House Code of Ethics.

Upon receipt of said Complaint, the Chairman fixed the time and place for hearing on said Complaint for the 2nd day of March, 1970, at 8:30 a.m. in Room 1 of the State House and gave notice thereof to all members of said Committee. At said time and place a hearing was held with the following members of the Committee present: Honorable Ed Mezvinsky, Honorable Elmer H. Den Herder, Honorable Thomas A. Renda, Honorable Richard W. Welden, Honorable Floyd H. Millen, Chairman, and Don W. Burington. The Complainant, the Honorable John Tapscott, appeared in person; Glen Taylor appeared in person and by his attorney, Ben Buckingham; the witnesses were sworn; evidence was introduced; all parties rested and the Chair announced that the matter would be taken under advisement with a Recommendation to be made after the evidence was transcribed, reviewed and a decision reached.

AND NOW to-wit on this 9th day of April, 1970, the committee makes the following

FINDINGS OF FACT

Senate File 78 and House File 313 both pertained in part to child labor and were before the General Assembly during the 1969 session of the Sixty-third General Assembly. That both bills had numerous amendments filed and neither bill was enacted into law. That at the beginning of the session of the Legislature convening in January of 1970, all bills having to do with child labor were sent to a five man subcommittee for the purpose of promulgating a comprehensive bill pertaining to this subject matter, which bill subsequently became known as House File 1251.

That for a number of years Representative John Tapscott has been an advocate in connection with child labor legislation. That John L. Hintermeister is an attorney practicing in Muscatine, Iowa, who represents local vegetable growers and the Quality Producers Association in that general area. That said vegetable growers are and have been vitally interested in the legislative bills, pertaining to child labor and on the 17th day of January,

1970, a meeting was held in Muscatine County regarding the provisions of the legislation which was to be promulgated by this subcommittee which bill was subsequently designated as House File 1251. Among those present at said meeting in addition to John L. Hintermeister was Representative John Tapscott and Labor Commissioner for the State of Iowa, Jerry Addy. At said meeting an agreement was attempted to be reached as to what provisions would be satisfactory to those in attendance at said meeting in connection with the bill to be promulgated.

Ralph Buster, Chairman of the Quality Producers Association was also present at that meeting. By letter dated February 9, 1970, addressed to "Gentlemen", which letter was received in evidence, he reviewed child labor legislation along with what had transpired at the meeting held on January 17, 1970. In substance he stated that at that meeting it was "agreed that the same rules would apply to migrants as would apply to 'street trades' such as news carriers and shoe shine boys. The minimum working age for both paper carriers and migrants was to be twelve years of age. When the bill came out of committee, it had been amended by the 'labor faction' so that news boys could work at ten years of age but the migrants must wait until they are twelve. THIS IS NOT AS WAS AGREED BY THE PROPONENTS OF THE BILL at the meeting in Muscatine." He then advises that when the bill reaches the floor, an amendment will be offered and support is solicited on behalf of the vegetable growers in favor of the amendment. A copy of this letter was mailed to the Republican members of the House. On February 10, 1970, Ralph Buster and John L. Hintermeister, having previously arranged to meet either Glen Taylor or Jerry Snethen in the House Lounge, journeyed to Des Moines for the purpose of visiting with them in connection with the child labor problem as was written into the bill which later was designated as House File 1251. Both Glen Taylor and Jerry Snethen were registered lobbyists for the Iowa Farm Bureau Federation. Mr. Hintermeister and Mr. Buster arrived at the House Lounge at about 11:00 a.m. and were joined very shortly thereafter by Jerry Snethen and Glen Taylor. Neither Mr. Snethen nor Mr. Taylor had been present at the Muscatine meeting nor had they taken any part in connection with attempting to mold the provisions to be incorporated into House File 1251. The purpose of the meeting according to Hintermeister and Buster was to solicit the guidance and advice of Taylor and Snethen in connection with the problem confronting the vegetable producers in the Muscatine area. After the four of them had visited for a rather short period of time and while still standing in the Lounge of the House of Representatives, Mr. Addy and Representative Tapscott appeared and Representative Tapscott became involved in the conversation. He took issue with the contents of the letter written by Mr. Buster under date of February 9, and the discussion between Representative Tapscott, Mr. Buster and Mr. Hintermeister became quite heated. Representative Tapscott took issue with the contents of the letter and the placing it in the hands of the Republican legislators. The overwhelming weight of the evidence is that no one in the discussion specifically referred to Senate File 78 or House File 313. It was the testimony of Representative Tapscott that Glen Taylor said in that conversation that he felt a migrant child should be able to work at the age of ten and a newspaper boy should be twelve years of age. That he, Representative Tapscott, then countered by saying that he felt the two groups meeting in Muscatine and the Human and Industrial Relations Committee had thoroughly gone over the problem and a compromise agreement had been reached. It was Representative Tapscott's testimony that Mr. Taylor then

said that he felt the law should be ten years of age regarding the employment of migrant child labor and Representative Tapscott replied by saying this would be reverting back to Senate File 78 as amended. He further testified that Glen Taylor then responded by saying that such would be fine and that a ten year old child should be able to work in the fields and again reiterated his statement on ten year old migrant laborers and twelve year old newspaper boys since he felt that carrying newspapers was more of a hazardous occupation than working as a migrant laborer. Representative Tapscott's recollection of the conversation is not borne out by the other witnesses except only the Honorable Michael K. Kennedy, Representative from Chickasaw County, who was nearby at the time, corroborates the testimony of Representative Tapscott that in the conversation the respective ages of newsboys and farm laborers were mentioned and there was specific reference to bills dealing with the age of migrant children that were before the House the year before. Representative Kennedy could not further elaborate upon the written statement he filed with the Committee other than to say that while he was there Representative Tapscott said something to Glen Taylor but that he, Kennedy, couldn't specifically state what he said. Representative Tapscott's back was to him.

The testimony of Jerry Sneath in connection with that discussion was that he heard no one at any time mention House File 313 or Senate File 78 by number and that it was his impression that the entire discussion centered on the letter sent to the members of the House by Mr. Buster, the agreement that had been reached at the meeting at Muscatine and the proposed legislation which ultimately became House File 1251. That the only remark that he heard Mr. Taylor make was to the effect that he, Taylor, was not an expert on migratory labor problems but he knew something about the problems relative to being a paper boy because his son had just completed three years as a paper boy. That these remarks were of a casual nature and not directed specifically to anyone. He denies hearing statements made by Glen Taylor as testified to by Representative Tapscott.

It was the testimony of John L. Hintermeister that at no time was House File 313 or Senate File 78 specifically mentioned or any reference made to them. That the complete topic of the conversation was the legislation which eventually became House File 1251 and which at that time had just been reported out of Human and Industrial Relations Committee of the House. He further testified as to the discussions centered around the mailing of the letter by Mr. Buster to the Republican members of the House and that Representative Tapscott was unhappy about that incident. He denies hearing Glen Taylor make the statement in connection with child labor attributed to him by Representative Tapscott.

Ralph Buster adopted the Affidavit filed with this Committee of John L. Hintermeister as his sworn testimony of the facts.

The testimony of Glen Taylor was that at no time did anyone make any specific reference to House File 313 or Senate File 78 or any general reference to either of those bills nor did he at any time express any thoughts in reference to either of those bills. He further testified that the sole discussion revolved around the then proposed child labor legislation which had just recently been passed out of the Human and Industrial Relations Committee and which at that time did not bear a House number. That the proposal ultimately received identification as House File 1251 which identification was made the day after the conference in question. Mr. Taylor denies that he made the statements attributed to him by

Representative Tapscott but states that the only remark that he made while Representative Tapscott was present was to make the observation that he really did not know anything about the migrant child labor problem but did have some idea as to the newspaper carrier problem inasmuch as his son had just recently completed three years of carrying papers. He further denied at any time to having tried to lobby Representative Tapscott on any matter.

Committee member, Renda, asked Representative Tapscott if in his Complaint he was saying that Glen Taylor tried to influence him on changing his mind in regard to newspaper carriers and migrant workers. In response to that question Representative Tapscott stated "Well, Mr. Renda, I would be naive to think that Mr. Taylor had any idea he was going to change my mind, it was just the fact that Mr. Taylor was entering the conversation regarding migratory workers and regarding newsboys and stating what I felt was his position." Mr. Renda asked the witness if Glen Taylor had at any other time contacted him and the witness responded by saying no.

The Committee further FINDS that the Farm Bureau had taken no position in connection with labor matters and had given no instructions to Glen Taylor in connection with House File 313 or Senate File 78.

There is no dispute in the record that Glen Taylor was not registered as a lobbyist in connection with House File 313 or Senate File 78 on February 10, 1970, and that if he did in fact attempt to lobby Representative Tapscott on either of those bills on that date, he would have done so in violation of the Rules of Ethics adopted by the House of Representatives. It is also clear that on February 10, 1970, the bill that later became known as House File 1251 had not been assigned a number and as testified by Representative Tapscott, "Obviously he could not have registered on House File 1251 at that point as it had just passed out of committee."

The Committee further FINDS that the purpose of the meeting between Hintermeister, Buster, Taylor and Snetten in the House Lounge was to discuss the provisions of the bill which had not on that date been assigned a number but which was identified the next day as House File 1251. That Labor Commissioner Jerry Addy and Representative John Tapscott did not enter into that discussion by invitation but instead at their own instigation.

The Committee reaches the following

CONCLUSIONS OF LAW

That under Paragraph 1 of House Rules Governing Lobbyists, a lobbyist "shall register with the Chief Clerk the numbers of the bills with regard to which he intends to lobby . . .". That on February 10, 1970, a number had not as yet been assigned to a bill later identified as House File 1251, and until one was assigned to the bill, there was no authorization or requirement for registration by a lobbyist with the Chief Clerk and until such time as a number was assigned, a lobbyist was not prohibited from lobbying for or against the bill which contained no identification number.

That Representative Tapscott failed to sustain his burden of proof that on the 10th day of February, 1970, in the House Lounge of the State Capitol at Des Moines, Iowa, Glen Taylor attempted to lobby or influence Representative John Tapscott in connection with House File 313 or Senate File 78. That the Rules of Ethics adopted by the House of Representatives in force and effect on February 10, 1970, were not violated on said date as set out in the Complaint.

It is therefore the

RECOMMENDATION

of the Ethics Committee to the House of Representatives that the Complaint of Representative John Tapscott against Glen Taylor be dismissed.

EXPLANATION OF VOTE

(House Ethics Committee)

We dissented from the majority opinion of the House ethics committee in the matter of the complaint against Glen Taylor filed by Representative John Tapscott. Under the legislative intent of rule one of the House rules governing lobbyists, the complaint should not have been dismissed.

11 **safety of the people of the state, and all of its provisions**
12 **shall be liberally construed for the accomplishment of such**
13 **objects and purposes. It is declared to be public policy that**
14 **wagering is so affected with a public interest that it should**
15 **be regulated to the extent of prohibiting all wagering of every**
16 **sort, except as provided in this Act, through the medium of**
17 **an Iowa racing commission created by this Act, in which is vested**
18 **sole and exclusive authority to control and regulate pari-mutuel**

CONFERENCE COMMITTEE APPOINTED

(Senate File 640)

The Speaker announced the appointment of Grassley of Butler, chairman; Stromer of Hancock, Shaw of Scott and Schmeiser of

Des Moines, on the part of the House, as conferees concerning Senate File 640.

HOUSE CONCURRENT RESOLUTION 144

By Miller of Des Moines and Schmeiser.

Whereas, the Fifty-eighth General Assembly in 1959 enacted the statute now appearing as section 461.26, Code of Iowa (1966), reading as follows:

"No person, firm or corporation shall hereafter erect, alter, or maintain any building or other structure, except necessary public utility structures, or construct, alter, or maintain any ditch, or remove any earth within three hundred feet of the center line of any levee maintained by a drainage or levee district with pumping stations *without first securing permission to do so from the governing board of said drainage or levee district with pumping stations. Such permission may be granted at any regular meeting thereof, and after written application is made therefor upon the form prescribed by said governing board.*" (Emphasis added), which statute applies to the Iowa River-Flint Creek Levee District No. 16, located in Des Moines and Louisa Counties; and

Whereas, certain residents of Des Moines County had prior to the passage of the above-quoted statute, acting in good faith, constructed cabins and associated structures set on pilings or stilts to raise them above the flood plain and located on land lying between a levee maintained by said levee district and the Mississippi River, in the area of what is commonly known as Tama Basin, and many of these cabins have remained in use up to the present time, in some cases as year-round dwellings; and

Whereas, the only means of access to such cabins by land is across the levee district right-of-way, and a number of vehicular crossings of the levee and also foot crossings or catwalks extending from the levee to the cabins themselves, constructed in past years, some as many as 40 years ago and nearly all prior to the enactment of present section 461.26, are presently closed; and

Whereas, said section provides a means for the levee district to permit the maintenance of reasonable means of access by land to the cabins on the river side of the levee in the Tama Basin area; and

Whereas, the levee district is governed by a three-man board of trustees for whom the cabin owners and residents are not empowered to vote, and the U. S. Army Corps of Engineers has indicated that it is not opposed to restoration of reasonable land access to the cabins in the Tama Basin area if the levee district trustees approve upon application made in the manner provided by section 461.26, *Now, Therefore*,

Be It Resolved by the House, the Senate Concurring, That the Board of Trustees of Iowa River-Flint Creek Levee District No. 16 is urged to give full and careful consideration to the requests of the owners and residents of the cabins located between the district's levee and the waters of the Mississippi River in the Tama Basin area in Des Moines County, for restoration of reasonable land access to said cabins, and to grant permission therefor pursuant to section 461.26, Code of Iowa (1966) in such manner as to afford to the owners and residents of said cabins the greatest degree of safety and convenience consistent with the trustees' primary duty to properly maintain the structural integrity of the levee.

Be It Further Resolved, That the Chief Clerk of the House is hereby directed to prepare suitable copies of this resolution and send one copy to

each member of and to the secretary of the Board of Trustees of the Iowa River-Flint Creek Levee District No. 16.

Laid over under Rule 25.

ON HOUSE FILE 1294

Van Nostrand of Pottawattamie called up for consideration the conference committee report on **House File 1294**, a bill for an act relating to the taxation of financial institutions, and the taxation of moneys and credits, as follows:

REPORT OF CONFERENCE COMMITTEE
(House File 1294)

To the President of the Senate and the Speaker of the House of Representatives:

We, the undersigned members of the conference committee appointed to consider the difference between the Senate and the House of Representatives on House File 1294, a bill for an Act relating to the taxation of financial institutions, and the taxation of moneys and credits, respectfully submit the following recommendations:

1. That the Senate recede from its amendments.

2. That House File 1294 as passed by the House be amended as follows:

1. By striking all after the enacting clause and inserting in lieu thereof the following:

Section 1. Chapter four hundred twenty-two (422), Code 1966, is hereby amended by inserting a new division composed of sections two (2) through eight (8), inclusive, of this Act.

Sec. 2. A franchise tax according to and measured by net income is hereby imposed on financial institutions.

Sec. 3. In this Act, unless the context otherwise requires:

1. "Financial institution" means a state bank as defined in chapter two hundred seventy-three (273), section one hundred three (103), subsection nineteen (19), Acts of the Sixty-third General Assembly, First Session, a national banking association having its principal office within this state, a trust company, a federally chartered savings and loan association, a financial institution chartered by the federal home loan bank board, an association incorporated or authorized to do business under chapter five hundred thirty-four (534) of the Code, or a production credit association.

2. "Taxable year" means the calendar year, or the fiscal year ending during a calendar year, for which the tax is payable.

3. "Taxpayer" means a financial institution and subject to any tax imposed by this Act.

4. "Net income" means the net income of the financial institution computed in accordance with section four hundred twenty-two point thirty-five (422.35) of the Code, with the exception that interest and dividends from federal securities shall not be subtracted and interest and dividends from evidences of indebtedness and securities of this state and its political subdivisions, exempt from federal income tax under the Internal Revenue Code of 1945 as amended, shall not be added.

Sec 4. The franchise tax is due and payable on the first day following the end of the taxable year of each financial institution, and is delinquent after the last day of the fourth month following the due date. Every financial institution shall file a return as prescribed by the director on or before the delinquency date. The provisions of this section shall become effective for all taxable years ending on or after January 1, 1970. For other than calendar year taxpayers, the tax due for the taxable year ending in 1970 shall be, for each month of the taxable year in 1970, one-twelfth of the tax which would be due

if this section had been effective for the entire taxable year. As to fiscal years ending prior to the effective date of this Act, the time for filing a return is extended to the last day of the fourth month following such effective date.

Sec. 5. The franchise tax is imposed annually in an amount measured by applying the following rates to the net income received or accrued during the taxable year:

1. On the first twenty-five thousand dollars of net income, or any part thereof, five percent.
2. On the next fifty thousand dollars of net income, or any part thereof, six percent.
3. On the next twenty-five thousand dollars of net income, or any part thereof, seven percent.
4. On all net income in excess of one hundred thousand dollars, eight percent.

Sec. 6. The franchise tax shall be made payable to the treasurer of state and shall accompany the franchise tax return at the time of filing.

Sec. 7. Ten percent of the total moneys received from the franchise tax shall be deposited in the state general fund. The remaining moneys received from the franchise tax shall be deposited in a franchise tax fund hereby established in the office of the treasurer of state, and shall be paid quarterly on warrants by the state comptroller, after certification by the director of revenue, as follows:

1. Fifty percent to the basic school tax equalization fund of the basic school tax unit from which the tax is collected, to be distributed in the same manner as other funds in the basic school tax equalization fund.
2. Thirty percent to the general fund of the city or town from which the tax is collected.
3. Twenty percent to the general fund of the county from which the tax is collected.

If the financial institution maintains one or more offices for the transaction of business, other than its principal office, a portion of its franchise tax shall be allocated to each office, based upon a reasonable measure of the business activity of each office. The director of revenue shall prescribe, for each type of financial institution, a method of measuring the business activity of each office. Financial institutions shall furnish all necessary information for this purpose at the request of the director.

Quarterly, the director of revenue shall certify to the treasurer of state the amounts to be paid to each basic school tax unit, city, town, and county from the franchise tax fund. All moneys received from the franchise tax are hereby appropriated according to the provisions of this section.

HOUSE CONCURRENT RESOLUTION 145

By Fischer of Grundy, Kreamer,
Logue and Battles

Whereas, the Iowa State Commerce Commission is presently negotiating with the Commodity Credit Corporation (CCC) of the United States Department of Agriculture to allow inspectors from the warehouse division of the Commerce Commission to conduct inspections of bonded warehouses on a cost-sharing basis which will qualify as federal inspections; and

Whereas, a subcommittee of the standing committees on commerce met during the interim between the first and second sessions of the Sixty-third General Assembly and studied the Iowa State Commerce Commission and its regulatory activities, including the activities and employees of the warehouse division of the Commerce Commission; and

Whereas, on the basis of the study it appears that there is some dissatisfaction by bonded warehouse owners, operators, and bonding companies with the inspection activities of the warehouse division, and a lack of communication between the warehouse division and the owners and operators of bonded warehouses; and

Whereas, suggestions have been made that the responsibility for regulation of bonded warehouses be transferred from the Commerce Commission to the Department of Agriculture; *Now, Therefore*,

Be It Resolved by the House, the Senate Concurring, That the Legislative Council is authorized to conduct during the 1970-1971 legislative interim a study of the operation, personnel organization, and operating efficiency of the warehouse division of the Iowa State Commerce Commission, including its placement within the Iowa State Commerce Commission. The study shall also include an evaluation and investigation of the cost-sharing provisions of the agreement with the Commodity Credit Corporation relating to inspections.

The study committee shall be composed of three members of the committee on commerce of the House of Representatives appointed by the Speaker of the House, and three members of the committee on commerce of the Senate be appointed by the President of the Senate.

Be It Further Resolved, That a report of the study shall be prepared and submitted to the legislative council and the members of the Sixty-fourth General Assembly, First Session, and shall be accompanied by legislative bill drafts designed to carry out the recommendations of the committee.

For those school districts with a fall enrollment for the school year beginning July 1, 1971, and ending June 30, 1972, greater than the fall enrollment for the school year beginning July 1, 1970, and ending June 30, 1971, the general fund expenditures per pupil for the school year beginning July 1, 1971, and ending June 30, 1972, shall be limited to an increase of fifty (50) dollars over the general fund expenditure per pupil for the school year beginning July 1, 1970, and ending June 30, 1971.

2. For those school districts with a fall enrollment for the school year beginning July 1, 1971, and ending June 30, 1972, equal to or less than the fall enrollment for the school year beginning July 1, 1970, and ending June 30, 1971, the general fund expenditures for the school year beginning July 1, 1971, and ending June 30, 1972, shall be limited to a fifty (50) dollar increase per pupil in fall enrollment in the fall of 1970 over the general fund expenditure of the school year beginning July 1, 1970, and ending June 30, 1971.

The school budget review committee may, however, permit a school district to exceed the limitations of this section if that school district can support with facts and information that its needs and circumstances are unique and unusual. Such unique and unusual needs and circumstances may be considered by the committee including but not limited to any unusual increases or decreases in enrollments, natural disasters, unusual transportation problems, and initial staffing problems." " "

CARROLL A. LANE
Secretary of the Senate

SECOND CONFERENCE COMMITTEE APPOINTED.

(Senate File 640)

The Speaker announced the appointment of Roorda of Jasper, chairman; Miller of Page, Schroeder of Pottawattamie and Radl of Linn as conferees, on the part of the House, for the second conference committee concerning Senate File 640.

REPORT OF THE SECOND CONFERENCE COMMITTEE.

(Senate File 640)

We, the undersigned members of the second conference committee appointed to consider the difference between the Senate and the House of Representatives on Senate File 640, a bill for an act relating to school

budget hearings; the basic school tax formula and allocation of state equalization aid to public schools; establishment of certain limitations for school district expenses; provision for and program budgeting development within the individual school districts, respectfully submit the following recommendations:

1. That the Senate recede from divisions 5, 8 and 14 of the Senate amendment.

2. That the House concur in divisions 1, 2, 4, 11, 12 and 13 of the Senate amendment.

3. Strike all of division 3 of the Senate amendment and insert in lieu thereof the following:

"3. By striking lines 23 through 28, inclusive, and inserting in lieu thereof the following:

"The allowable growth for the year ended December 31, 1969, shall be fixed and established at forty-three (43) dollars. This allowable growth shall be in lieu of the above computation for use in the school fiscal year beginning July 1, 1970, and ending June 30, 1971, and for that year only."

4. Strike all of division 6 of the Senate amendment and insert in lieu thereof the following:

"6. By striking lines 93 through 113, inclusive, and inserting in lieu thereof the following:

"Sec. 8. Chapter three hundred fifty-six (356), section eight (8), Acts of the Sixty-second General Assembly is hereby repealed and the following section enacted in lieu thereof:

"The state comptroller shall compute the distribution of the moneys in the basic school tax equalization fund as follows: Distribute to each school district in the basic school tax unit its share on the basis of number of pupils in fall enrollment in the district to the total number of pupils in fall enrollment for the basic school tax unit. For those districts which were limited in their expenditures by the school budget review committee for sharing of state equalization aid, there shall be deducted from their share of the distribution of the basic school tax equalization fund forty percent of such limitation; the amounts so disallowed shall be distributed to the other school districts in the basic school tax unit on the basis of the number of pupils in fall enrollment in the district to the total number of pupils in fall enrollment (exclusive of districts which were limited) for the basic school tax unit.

The amount determined by the state comptroller for each district shall be distributed by the county treasurer on the tenth day of the month following the month of collection. A report of the distribution so made shall be certified by each county treasurer to the state department of public instruction. Also, the fall enrollment figure for each school district shall be compared with the average daily membership for the same school year by the state department of public instruction. In the event of substantial variance, in any school district, that district shall be called upon to explain the variance to the budget review committee, which may order a reduction in county equalization funds for the next school year immediately following the year of variances in proportion to any variances or part thereof not satisfactorily explained."

5. Amend division 7, by striking in line 43 of the Senate amendment the words "resident pupils" and inserting in lieu thereof "pupils resident in that district".

6. Strike division 9 of the Senate amendment and insert in lieu thereof the following:

"9. Line 179 by inserting after the word 'inclusive' the following: 'and by inserting before the word "Each" in line 10 "Sec. 34."'. "

7. Strike all of division 10 of the Senate amendment and insert in lieu thereof the following:

"10. By striking from line 197 the words 'twenty percent for' and insert in lieu thereof the words 'twenty-five percent.' and striking all of lines 198 through the word 'expenditure' in line 202."

It is further recommended that whereas it is the consensus of the conference committee that most taxpayers are not fully informed as to the source of funds available to local districts and that such information is not readily available to them in easy understandable terms, the state comptroller is hereby requested to release to the members of the General Assembly and to the news media, including all newspapers in the state, a breakdown containing for each district in the area served by such media, but not less than the county equalization unit, the following information and such other information as may be of interest:

ON A PER PUPIL BASIS—

Total income tax paid
State Equalization and Income Tax Aid
Ag-land tax credits

Total millage (local and school house fund)
Added or decreased millage because of local budget being under or over "allowable growth"

Amount in dollars per pupil contributed to and received from the county basic equalization unit

EXPLANATION OF VOTE

(House File 1097)

The Democratic members of the Iowa House are not recorded as voting on House File 1097 because of the high-handed, arbitrary, undemocratic, and totally irresponsible actions on the part of the majority party.

First of all, the majority party invoked the most extreme and excessive gag rule in the modern history of the Iowa General Assembly. This gag rule prevented duly elected members from having their amendments considered and denied them their obligation to represent their constituents in debate. Not one minute of debate was allowed.

Furthermore, the majority party denied the members of the minority party their right to vote by proceeding to take action on House File 1097 while the minority party members were participating in a legitimate and duly called caucus. This flagrant violation of the usual procedure of the House sets a new and dangerous precedent in the Iowa legislature.

ADOPTION OF HOUSE RESOLUTION 110

Van Drie of Story asked and received unanimous consent to take up for immediate consideration House Resolution 110 and moved its adoption:

HOUSE RESOLUTION 110

By Van Drie

Whereas, the University of Iowa and Iowa State University have a primary responsibility to the people of this state in the administration of their respective athletic and related extra-curricular activities; and

Whereas, an intrastate football rivalry between these two universities has long been desired by the people of Iowa and such rivalry would produce substantial financial revenue which would be retained within the state; and

Whereas, it would enhance the athletic status of both universities in the eyes of Iowa's stellar high school athletes and would tend to keep more of these young men in our state; and

Whereas, under a recent N.C.A.A. rule, the University of Iowa and Iowa State University are allowed to increase their respective football schedules by one game; and

Whereas, under Big Ten Conference rules, the University of Iowa, having already scheduled eight conference games for the 1971 and 1972 football

seasons, may schedule the eleventh game with a nonconference opponent; and

Whereas, it would be in the best interests of the respective universities and all Iowans if football contests are scheduled between the two teams prior to the scheduled 1977-82 football contests; *Now, Therefore*,

Be It Resolved by the House, That the Sixty-third General Assembly of the State of Iowa urges that football games be scheduled during the 1971 and 1972 football seasons between the University of Iowa and Iowa State University.

Be It Further Resolved, That copies of this resolution be transmitted to the Presidents of Iowa State University and the University of Iowa, the Board of Control of Athletics at the University of Iowa, and the Athletic Council at Iowa State University.

Motion prevailed and the resolution was adopted.

MR. SPEAKER: I am directed to inform your honorable body that the Senate has amended and passed the following bill in which the concurrence of the Senate was asked:

House File 1233, a bill for an act providing for an Iowa beef council.

Also: That the Senate has adopted the following concurrent resolution in which the concurrence of the Senate was asked:

House Concurrent Resolution 141, rejecting certain claims.

CARROLL A. LANE
Secretary of the Senate

SENATE AMENDMENT CONSIDERED

Crabb of Crawford called up for consideration **House File 1233**, a bill for an act relating to the levy of an excise tax on cattle and veal calves sold for slaughter, and the collection and distribution of such taxes, amended by the Senate, and moved that the House concur in the following Senate amendment:

Amend House File 1233, as amended, passed and reprinted by the House, as follows:

1. Page 1, by inserting after line 13 the following new subsection:

"3. For the purposes of this Act, 'executive committee' means two members appointed by the Iowa beef cattle producers association, two members appointed by the Iowa livestock feeders association, the secretary of agriculture, the dean of the college of agriculture of the Iowa state university of science and technology, and a member of the faculty of Iowa state university of science and technology engaged in the teaching of animal husbandry designated by the dean of the college of agriculture."

2. Page 1, line 25, by inserting after the word "enter" the words "at a reasonable time".

3. Page 2, by striking lines 13 through 32, inclusive, and

inserting in lieu thereof the following new sections and by renumbering the remaining sections:

"Sec. 4. No excise tax shall be assessed or collected under the provisions of this Act until the secretary of agriculture finds that the assessment has been assented to by referendum vote. The secretary, upon the request of any fifty beef producers, shall conduct an initial referendum by written ballot to determine such assent, after giving due notice of intention to conduct the referendum.

Notice of any referendum on the question of whether to initiate or extend an excise tax shall be given by publication for a period of not less than five days in a newspaper of general circulation in the state and in such other newspapers as the secretary may prescribe. No referendum shall be commenced prior to five days after the last day of the period of publication. The notice of referendum shall set forth the period and voting places for the referendum, and the amount of the excise tax to be collected if the referendum is favorable.

Sec. 5. Each producer, upon signing a statement certifying that he is a bona fide producer, as defined in this Act, shall be entitled to one vote. At the close of the referendum period, the secretary of agriculture shall count and tabulate the ballots filed during the referendum period. If the secretary finds that a majority of the total number of producers voting favor the assessment, the excise tax provided in this Act shall be assessed and levied within ninety days.

The ballots shall constitute complete and conclusive evidence for use in any finding made by the secretary under the provisions of this Act. The secretary may prescribe additional procedures as necessary to conduct a referendum.

Any assessment adopted following the initial referendum shall become of no force or effect four years after its adoption, unless it is extended for additional periods of four years by another referendum. Ninety days prior to termination of the initial assessment period or any extension period, the secretary shall cause notice to be published in accordance with section four (4) of this Act, and a referendum on the question of whether the excise tax should be extended for an additional four-year period shall be conducted. If the secretary finds that a majority of the total number of producers voting favor the assessment, the excise tax shall continue to be levied for an additional four years from the ending date of the preceding four-year period.

In the event of the failure of the initial referendum, a second initial referendum may be called by producers within one hundred eighty days after the secretary's determination on the first referendum. In the event of failure of the second initial referendum to pass, no further referendums shall be conducted.

Sec. 6. Upon determination by the secretary of agriculture that assent to assessment has been given, there shall be assessed and levied an excise tax of ten cents per head on all beef cattle and five cents per head on all veal calves sold for slaughter. The tax shall be due at or before the time animals are first sold for purposes of slaughter, and shall be paid at a time the council may, by rule or regulation, prescribe, but not later than the last day of the month following the end of the prior reporting period in which animals are sold.

The tax shall be assessed and levied on any person selling beef cattle or veal calves for slaughter, at the time of delivery of the animals for sale, and shall be deducted by the first purchaser from the price paid to the seller. The first purchaser, at the time of sale, shall make and deliver to the producer separate invoices for each purchase, showing the name and address of the producer and the first purchaser, the number and kind of animals sold, and the date of sale."

4. Page 3, by adding the following after the period in line 1:

"The executive committee shall furnish uniform application for refund forms and envelopes properly addressed to the executive committee to each purchaser charged by this chapter with remitting the excise tax in sufficient number to make said refund forms and envelopes readily available to all producers. A purchaser charged by this chapter with remitting the excise tax shall display said application for refund forms and envelopes in a prominent position in its place of business and make the same readily available to all producers."

5. Page 3, line 9, by inserting after the word "tax," the following: "the expenses of its agents".

6. Page 5, by inserting after line 3 the following new section and renumbering the remaining section:

"Every producer, even though not a member thereof, shall be entitled to vote in elections of persons to be directors of the Iowa beef cattle producers association in the same manner as if he were a member. Directors thus elected, shall elect from their number the officers referred to in section one hundred eighty-one point one (181.1) of the Code."

7. Page 5, by adding the following new section:

"All rules and regulations of the executive committee heretofore or hereinafter promulgated shall be subject to the provisions of chapter seventeen A (17A) of the Code."

Motion prevailed and the House concurred in the Senate amendment.

Crabb of Crawford moved that the bill, as amended by the Senate and concurred in by the House, be read a last time now and placed upon its passage which motion prevailed and the bill was read a last time.

MESSAGES FROM THE SENATE

The following messages were received from the Senate:

MR. SPEAKER: I am directed to inform your honorable body that the Senate has amended and passed the following bill in which the concurrence of the Senate was asked:

House File 1366, a bill for an act making an appropriation to certain counties and named persons in settlement of claims against the State of Iowa.

Also: That the Senate has adopted the following concurrent resolution in which the concurrence of the House is asked:

Senate Concurrent Resolution 113, asking Congress to implement certain portions of the Advisory Commission on Intergovernmental Relations Study.

CARROLL A. LANE
Secretary of the Senate

SENATE CONCURRENT RESOLUTION 113

By DeKoster

Whereas, a property is no longer a valid measure of the ability to pay taxes, and a tax on property is, therefore, an unfair tax, and

Whereas, local school costs in Iowa are paid principally from the tax on property, and

Whereas, other taxes in Iowa based more appropriately on ability to pay are collected almost exclusively at the state level, and

Whereas, such other taxes are used largely for the support of education

above the level of the high school and for social welfare programs, and

Whereas, such taxes are barely sufficient to support the present level of such activities, and

Whereas, the Advisory Commission on Intergovernmental Relations has made a study of costs of various functions of all governmental levels, and

Whereas, the report of that study published in April, 1969, recommends that the federal government take over the cost of all social welfare programs, and the state government take over a far greater share of all local school costs, Now, Therefore,

Be It Resolved by the Senate, the House Concurring,

1. That the Congress of the United States be memorialized to act with all deliberate speed to implement that part of the study dealing with costs of welfare programs, and

2. That the General Assembly of the State of Iowa indicate its willingness to advance in the direction as to local school costs indicated by the study as soon as the state can be relieved of much of the cost of welfare programs, and

3. That a copy of this resolution be sent to each of the United States Senators and Congressmen representing the State of Iowa in the Congress of the United States, and to the chairmen of the appropriate committees of the Senate and House of Representatives in the Congress of the United States.

Laid over under Rule 25.

SENATE AMENDMENT CONSIDERED

Amend House File 1366, as amended and passed by the House, as follows:

1. Page 2, line 18, by striking the figure "654.10" and inserting in lieu thereof the figure "1,154.10".

5. Page 3, line 14, by striking the figure "847.00" and inserting in lieu thereof the figure "1,347.00".

MESSAGE FROM THE SENATE

The following message was received from the Senate:

MR. SPEAKER: I am directed to inform your honorable body that the Senate has adopted the second conference committee report and the amendments contained therein and passed:

Senate File 640, a bill for an act relating to school budget hearings.

CARROLL A. LANE
Secretary of the Senate

**ADOPTION OF CORRECTED REPORT OF THE
SECOND CONFERENCE COMMITTEE
(Senate File 640)**

Roorda of Jasper called up for consideration the corrected report of the second conference committee on Senate File 640, a bill for an act relating to school budget hearings; the basic school tax formula and allocation of state equalization aid to public schools; establishment of certain limitations for school district expenses; provision for and program budgeting development within the individual school districts, as follows:

**CORRECTED REPORT OF THE
SECOND CONFERENCE COMMITTEE
(Senate File 640)**

We, the undersigned members of the second conference committee appointed to consider the difference between the Senate and the House of Representatives on Senate File 640, a bill for an Act relating to school budget hearings; the basic school tax formula and allocation of state equalization aid to public schools; establishment of certain limitations for school district expenses; provision for and program budgeting development within the individual school districts, respectfully submit the following recommendations:

1. That the Senate recede from divisions 5, 8 and 14 of the Senate amendment.

2. That the House concur in divisions 1, 2, 4, 10, 11, 12 and 13 of the Senate amendment.

3. Strike all of division 3 of the Senate amendment and insert in lieu thereof the following:

"3. By striking lines 23 through 28, inclusive, and inserting in lieu thereof the following:

"The allowable growth for the year ended December 31, 1969, shall be fixed and established at fifty-three (53) dollars. This allowable growth shall be in lieu of the above computation for use in the school fiscal year beginning July 1, 1970, and ending June 30, 1971, and for that year only.'"

4. Strike all of division 6 of the Senate amendment and insert in lieu thereof the following:

"6. By striking lines 93 through 113, inclusive, and inserting in lieu thereof the following:

'Sec. 8. Chapter three hundred fifty-six (356), section eight (8), Acts of the Sixty-second General Assembly is hereby repealed and the following section enacted in lieu thereof:

"The state comptroller shall compute the distribution of the moneys in the basic school tax equalization fund as follows: Distribute to each school district in the basic school tax unit its share on the basis of number of pupils in fall enrollment in the district to the total number of pupils in fall enrollment for the basic school tax unit. For those districts which were limited in their expenditures by the school budget review committee for sharing of state equalization aid, there shall be deducted from their share of the distribution of the basic school tax equalization fund **forty percent**

of such limitation; the amounts so disallowed shall be distributed to the other school districts in the basic school tax unit on the basis of the number of pupils in fall enrollment in the district to the total number of pupils in fall enrollment (exclusive of districts which were limited) for the basic school tax unit.

The amount determined by the state comptroller for each district shall be distributed by the county treasurer on the tenth day of the month following the month of collection. A report of the distribution so made shall be certified by each county treasurer to the state department of public instruction. Also, the fall enrollment figure for each school district shall be compared with the average daily membership for the same school year by the state department of public instruction. In the event of substantial variance, in any school district, that district shall be called upon to explain the variance to the budget review committee, which may order a reduction in county equalization funds for the next school year immediately following the year of variances in proportion to any variances or part thereof not satisfactorily explained." "

5. Amend division 7, by striking in line 43 of the Senate amendment the words "resident pupils" and inserting in lieu thereof "pupils resident in that district".

6. Strike division 9 of the Senate amendment and insert in lieu thereof the following:

"9. Line 179 by inserting after the word 'inclusive' the following: 'and by inserting before the word "Each" in line 10 "Sec. 34."."

It is further recommended that whereas it is the consensus of the conference committee that most taxpayers are not fully informed as to the source of funds available to local districts and that such information is not readily available to them in easy understandable terms, the state comptroller is hereby requested to release to the members of the General Assembly and to the news media, including all newspapers in the state, a breakdown containing for each district in the area served by such media, but not less than the county equalization unit, the following information and such other information as may be of interest:

ON A PER PUPIL BASIS—

Total income tax paid
State Equalization and Income Tax Aid
Ag-land tax credits
Personal property tax credit
Homestead exemption

Total millage (local and school house fund)

Added or decreased millage because of local budget being under or over "allowable growth"

Amount in dollars per pupil contributed to and received from the county basic equalization unit

Average Daily Membership

Proposed per pupil cost for current year

**PERSONAL PRIVILEGE
CONSTITUTIONAL PROTEST**

Article III, Section 10, of the Iowa Constitution reads in part as follows:

"Every member of the General Assembly shall have the liberty to dissent from, or protest against any act or resolution which he may think injurious to the public, or an individual, and have the reasons for his dissent entered on the journals; . . ."

In accordance with this provision, I wish to state very clearly that I am appalled by the action of the Iowa House of Representatives the night of April 15 on House File 1097.

This bill will require mandatory registration, county-wide, in all counties with a population of 50,000 or more. In our state, this would affect only nine counties. One of these is Dubuque County, from which I am the elected Representative.

It is my humble opinion that this bill is unconstitutional on both the state and the federal levels. I will quote from both these documents.

The State Constitution reads in Article I, Section 6, that:

"All laws of a general nature shall have a uniform operation; the General Assembly shall not grant to any citizen, or class of citizens, privileges or immunities, which, upon the same terms shall not equally belong to all citizens."

It appears clear to me that House File 1097 violates this provision, in that it applies unequally to just those citizens in the larger counties, regardless of the size of the township a citizen may live in.

The 14th Amendment of the United States Constitution refers directly to the rights of citizens to enjoy equal protection of the laws.

Supreme court decisions over the years have continuously interpreted this as including protection in election laws. It is my opinion that House File 1097 is the type of legislation which is in direct violation of this constitutional right of the citizens of Iowa.

If this be the case, then why did the Republican party put this proposal at the top of their priority list while ignoring other pending measures. The answer can only be to gain a political advantage in these areas affected by this bill, to the direct unconstitutional detriment of the Democratic candidates and in turn to the detriment of the voters who hold the same philosophy of government.

With these points in mind, our party felt a responsibility to act in any way we could to stop this action. If we were to allow this class of legislation to go unmolested, then we would be failing the people of Iowa, and would be just as much at fault as the Republicans.

Laws such as this, history has proven, will lead ultimately to anarchy and an end to democracy.

The right to debate is not a privilege to be doled out by the majority when the urge wills it. Rather, it is the obligation of all, to see to it that full debate is a reality and to insure that right will be done.

Tactics imposed by the majority party on House File 1097, by not allowing one minute of discussion, is a disgrace to the legislative process and in itself may very well be a violation of the Constitution. And then to proceed with a vote while the members of our party were in a duly called caucus, is action not unlike that of a master to his slaves.

This I promise: that legal court action will be taken and that if justice is done, the legislature will be severely reprimanded for its actions this week.

This is truly a dark day in the history of Iowa.

MICHAEL T. BLOUIN

OFFICE OF THE GOVERNOR

State Capitol

Des Moines, Iowa 50319

April 16, 1970

The Honorable William H. Harbor
Speaker of the House of Representatives
Sixty-third General Assembly
State Capitol
Des Moines, Iowa

Honorable Members of the General Assembly:

I want to express to you both my personal appreciation and that of the many citizens of Iowa for your service during the Sixty-third General Assembly, the second session of which you are completing today.

Being a legislator is not easy. You must first win an election. Then you must sacrifice your time and undertake an arduous and laborious job fraught with tension and terrific pressure. In addition, as a legislator, you are a constant target for criticism.

But despite these demands, we in Iowa can still count on courageous and devoted citizens to respond to the call of lawmaking service. As lawmakers, the experiences you have are unique and never fully understood by most people, one reason being that most individuals would never venture into such an arena and subject themselves to such risks and sacrifices.

Our society and its problems are increasingly complex and ever-changing. Iowa is caught up in this constant change. Yet we are adjusting—and we must continue to adjust to it—wisely.

State government, under the new federalism taking place before our eyes, is being called upon to play a greater role—a pivotal role—in our federal system to deal with those problems and changes. The ability of the legislature to carry out its function—policy-making—is indispensable to the success of the State of Iowa.

Therefore, it is worthy to recall that the people of Iowa and you in the General Assembly have recognized the value of the legislature to strengthen itself through annual sessions, constructive legislative committees-work between sessions, close working relationships between the executive and legislative branches of government, and between the Senate and the House.

You have made history this year as you pioneered annual sessions. You have come to grips with the need for this modernization in state government and have beaten a path for future General Assemblies to travel.

It has not, however, been without loss. Several of our most distinguished and seasoned legislators on both sides of the aisle have chosen not to return. Especially, I single out the majority floor leaders of both houses, Senator Robert Rjgler and Representative Ralph McCartney, who have contributed years of outstanding leadership.

I would be less than honest if I were to lead you to believe this session left me with no disappointments. Several major issues came within an eyelash of final passage, such as: (1) a unified court change, which must eventually happen if we are to modernize our court system so that it commands the respect which the judicial process must have; (2) the col-

lective bargaining bill, which would have provided a framework within which to meet a growing need in the personnel area of government; (3) the establishment of photos on drivers' licenses, which are important for identification, convenience, and law enforcement; and (4) the reorganization of the Iowa Liquor Control Commission, as recommended by the Governor's Economy Committee in only one of its many excellent proposals. There are, of course, other measures that did not reach this distance.

However, it seems to be human nature and easy to look for—and see—failures and to dwell on shortcomings. Let us instead see the bright side, which includes many striking accomplishments performed by the Sixty-third General Assembly. Many of these accomplishments, for which I am most appreciative, were recommendations that I made to you in my Inaugural and State of the State Messages.

Of great importance to Iowans is that you helped me hold down spending within our means to finance it. You did not raise taxes despite those who continually advocated tax increases, notwithstanding the fact that sufficient money was available to meet the state's needs. To have raised taxes again, on top of the already troublesome local tax burdens, would have been a grave mistake.

You followed my recommendations to transfer funds from the sales tax that this state has been diverting from the general fund for additional highway revenue. By making this transfer, we can live up to the challenge of aiding our senior citizens who cannot support themselves no matter how much they are willing, and we will utilize funds to effectively fight pollution and to help our cities and towns substantially in financing sewage treatment facilities.

You have enacted progressive "people interest" laws. To name a few:

You have passed for the first time a constitutional amendment permitting nineteen and twenty-year-old citizens to vote, a move which will enable and encourage our bright young people to share in the responsibilities and benefits of the political processes.

You have given new hope to our elderly citizens in a number of ways.

You have wisely made sweeping changes in our divorce laws that will encourage reconciliation of couples strained with domestic difficulties, but changes which will minimize the scars when a dissolution of marriage is ultimately unavoidable.

You have provided fairer treatment for persons, particularly the farmer, whose land is sought to be taken through the process of eminent domain.

You have substantially improved laws for the wage-earner, including an increase of workmen's compensation benefits and modernization of laws relating to migrant workers and child labor.

You have seen the advantage of supporting a summer program to help our disadvantaged youth find jobs and go to work.

You have shown concern for the farmer by passing legislation relative to assessment of farm land so that productivity will be considered.

You have provided more financial aid to education in Iowa than ever before in the history of the state, with increases to our state universities, area community colleges, private colleges and universities—through a new tuition grant program, and to our local

schools. Add to this the new lifesaving breath given to nonpublic schools, plus the effort to slow down local school spending without jeopardizing quality education, and you have produced a commendable record.

You have taken forthright steps to meet the needs of our cities and towns by providing more state financial assistance than has ever before been made available: by appropriating money for water pollution control facilities, by increasing road money for cities, by making a state aid grant, and by establishing the Division of Municipal Affairs.

You have supported our law enforcement efforts through the establishment of a long-needed State Crime Laboratory, by tightening up drunk driving laws, and by providing narcotics agents in the Department of Public Safety.

You have passed laws for the improvement of government at all levels, including a first step for four-year terms for elective state officials, functional classification of highways, improvement of the school aid formula, election reforms, and the adoption of some Economy Committee recommendations.

Let us look ahead with eager anticipation to what can be done during the 1971 and 1972 sessions of the next legislature. Despite the fact that more than 60 percent of state revenue collected is returned to local levels of government, and despite the fact that the state, during this biennium, increased the amount it returns to help defray the expenses of local schools by 23 percent, school costs have increased twice as fast as the state's economic growth. By resolution, you have agreed to probe the tax picture of this state in search of more equitable and fair methods of taxing our citizenry. This is commendable and I encourage such action.

There are no quick, simple solutions to these complex and vexing tax problems, but you and I must work toward taxes that are both equitable and within reasonable bounds for all Iowans. At the same time, all concerned Iowans should be looking at how their tax dollars on all levels of government are being spent.

During this same period, you will have the opportunity to familiarize yourselves with the many splendid economy measures: recommendations that can result in millions of dollars in savings for the state and the taxpayer. All governmental taxing bodies today must examine closely their spending and taxing practices.

To all of you who have worked with me and the executive branch of government on a basis of mutual goodwill, respect, and cooperation, thank you.

Sincerely,

ROBERT D. RAY
Governor

COMMENTS BY THE SPEAKER

Speaker Harbor made the following comments :

As we draw to a close the Second Session of the Sixty-third General Assembly, it is time to reflect on the accomplishments of the past ninety-five days and to also recognize the fact that, with no precedent to follow for annual sessions, mistakes would be made. This is only human, but being human, mistakes can be corrected.

At the outset the citizenry of Iowa was looking to us for a short session but, at the same time, expected progressive and meaningful legislation. Being fully aware of these guidelines, your leadership has, with your cooperation, dedication and hard work, guided this session to many meaningful accomplishments. Those in their senior years received recognition in several areas. First steps were taken to lower the voting age, thus recognizing our youth who are preparing to take their rightful place in our state. IPERS was increased, as well as workmen's compensation. Curbing the use of man-killing drugs was enhanced by the passage of several proposals. Recognition was given to the mounting problems of pollution through the establishment of a select Environmental Preservation Committee and the enactment of proposals that move a step forward in controlling the environment in which we live.

Yes, we all can point with pride to the accomplishments of this session. Those areas left undone were moved in the right direction where the next session can expedite their activity as a result of what we have done.

Needless to say, as your Speaker for this and the first session, I feel most humble and extremely proud to be associated with such dedicated people on both sides of the political aisle. There were times when this was a trying, if not a lonely spot, but these were far outweighed by the thank you's, cooperation and dedication of all of you. For, in the final analysis, we all forget our personal desires and aspirations and pull together for what is in the best interest of our beloved state.

As each goes his own separate way, I extend to you my heartfelt thanks for allowing me to be your Speaker. What the future holds, only time can tell, but I am sure that, whatever I do, the State of Iowa will come first.

GOVERNOR'S VETO MESSAGE

(Senate File 1144)

May 14, 1970

The Honorable Melvin D. Synhorst
Secretary of State
State Capitol
Des Moines, Iowa

Dear Mr. Synhorst:

Senate File 1144, Second Session of the Sixty-third General Assembly, an Act relating to the control and regulation of drugs, is hereby disapproved and in accordance with Article III, section 16, Constitution of the State of Iowa is hereby transmitted to the Secretary of State.

Currently there is great international concern over the increase of drug abuse and that concern exists no less in Iowa. We have embarked on a program to counteract this undermining social and medical problem of drug abuse.

The Sixty-second Iowa General Assembly passed The Drug Abuse Act which was a model state drug abuse control act prepared in 1965 by the Federal Drug Administration to supplement and complement the drug abuse amendments passed by Congress in 1965. The overwhelming majority of states has followed this recommended act and has defined "medical practitioner" as one licensed "in this state" to prescribe or administer drugs which are subject to this Act.

Senate File 1144 would strike from this Act the words "in this state". In my opinion the allowing of this change would be inconsistent with our drive to tighten the control on the accessibility of drugs that are so greatly abused. The purpose of the Iowa Drug Abuse Act is to regulate and control depressant, stimulant and counterfeit drugs having a hallucinogenic effect.

No one suggests that the law be changed to allow hard narcotic drugs to be dispensed through the mail and upon prescriptions written outside of our state. This is because it is accepted that it is more difficult to control distribution when out of state dispensing of prescriptions is permitted. It is just as important to control the distribution of stimulants and depressants which are subject to great abuse and physical danger.

The vetoing of this bill does not prevent any Iowa pharmacists from filling prescriptions for any drugs that do not have the dangerous capability of narcotics, depressants, and stimulants. It does, however, continue a safeguard over interstate commerce of stimulant and depressant drugs as well as narcotics.

I cannot justify in my mind opening the door to another avenue for those who will use any devious means to obtain drugs for abuse. The allowing of prescriptions written by people any place in this country—people who would be unknown to our pharmacists—would make it difficult and, in some cases, impossible to ascertain the authenticity of the written prescription, the person who wrote it, and the person who was asking for it to be filled. This would include not only medical doctors, but also dentists and veterinarians thousands of miles away.

I know that this bill was drafted to allow controlled drugs to be filled

through the mail by an Iowa mail order house, but in addition to affecting that operation, it would also affect the dispensing of drugs by other establishments in our state.

Iowa has been a leader in being realistic about drug problems, drug abuse and drug dependency by taking the following steps: (1) adopting the Drug Abuse Act; (2) changing of penalties for possession of marijuana; (3) passing the new law in the most recent session of the Sixty-third General Assembly to allow a person who is under the influence of drugs to seek medical help without subjecting himself to prosecution; (4) strengthening our law enforcement in the field of illegal drug traffic by providing for narcotics agents in the Department of Public Safety; (5) establishing a Crime Laboratory; (6) coordinating the drug abuse planning and programming by retaining a Governor's consultant on drug abuse; and (7) convening a statewide Governor's Conference on Drug Abuse, the first in the Nation aimed at activating programs in local communities. These are all examples of positive action in this vital area of concern.

It would be a mistake to now take a step backward. Instead, we should continue our present direction of practical programs and legislation to curb drug abuse, including the tightening of controls over depressant and stimulant drug traffic.

Sincerely,

ROBERT D. RAY
Governor
