MR. SPEAKER: I am directed to inform your honorable body that the Senate has adopted the following concurrent resolution in which the concurrence of the House is asked:

Egenes of Story, District 33, asked and received unanimous consent to take up for immediate consideration **Senate Concurrent Resolution 34**, and moved its adoption:

## SENATE CONCURRENT RESOLUTION 34

By Potgeter and Van Drie

*Whereas*, the United States Department of Agriculture Veterinary Biologics Division Laboratory situated at Ames, Iowa, is ideally located in the feed grains and livestock center of the United States and adjacent to the National Animal Disease Laboratory and the Veterinary College of Iowa State University; and

*Whereas*, the successful continuation and coordination of its work is vitally important to the basic industry of Iowa, and the loss of the employment of some one hundred persons with a payroll of one million dollars annually would be a severe economic depressant to the city of Ames and the State of Iowa; and

*Whereas*, recent news articles have reported on the possibility of transferring the laboratory from Ames, Iowa, to Fort Detrick, Maryland, which follows by only two years a proposal to move this facility to Lincoln, Nebraska, *Now Therefore*,

*Be It Resolved by the Senate, the House Concurring*, That the General Assembly deplores and opposes any plan or proposal to move the United States Department of Agriculture Veterinary Biologics Division Laboratory from its present location in Ames, Iowa; and

*Be It Further Resolved*, That copies of this resolution be directed to the President and Vice President of the United States, the Secretary of Agriculture of the United States; and that copies of this resolution combined with the General Assembly's expression of appreciation for efforts in this regard be directed to the Iowa delegation in the United States Congress, and to the Governor of Iowa.

CARROLL A. LANE, Secretary

## SENATE CONCURRENT RESOLUTION 35

By Walsh

*Whereas*, on May 1, 1971, pursuant to Act of the United States Congress, Railpax commences rail passenger service over those lines designated by the directors of that corporation and the department of transportation, and;

*Whereas*, under the terms of the federal act authorizing the Railpax network, all other railroad passenger service than that designated as Railpax may be terminated by railroad companies participating in the Railpax Corporation, and;

*Whereas*, the route selected for the Railpax network to service Iowa touches only the extreme southern part of the state, thereby bypassing most major communities in the state, as well as the heavy suburban and rural concentrations of population, and;

*Whereas*, the Milwaukee Railroad has announced plans, effective May 1, 1971, to abandon passenger service through the central part of the state, and the Illinois Central Railroad has announced termination of passenger

service, effective May 1, 1971, to northeast and northern Iowa, and the Burlington Northern Railroad has announced termination of passenger service, effective May 1, 1971, to northeast Iowa.

*Whereas*, these terminations of service, coupled with the proposed Railpax route locations are tantamount to an end of rail passenger service to the people of Iowa, *Now Therefore*,

*Be It Resolved by the Senate, the House Concurring*, That the United States Congress is hereby petitioned to suspend the May 1, 1971, effective date on which rail passenger service may be terminated by railroads participating in Railpax and direct the Railpax directors and the United States department of transportation to reexamine the Railpax routes and general passenger train service so as to expand the locations for rail passenger in order to serve a majority of communities and people of the state.

*Be It Further Resolved*, That the Secretary of the Senate be, and he is hereby, directed to forward copies of the resolution to the directors of Railpax and the Honorable John Volpe, Secretary of the United States department of transportation.

Laid over under Rule 25.

Amend House File 472 as follows:

1. By striking all after the enacting clause and inserting in lieu thereof the following:

"Section 1. Section one hundred thirty-seven point six (137.6), Code 1971, is amended by adding the following new subsections:

6. May hold hearings, subpoena witnesses and take testimony in all matters relating to the exercise and performance of the powers and duties vested in or imposed upon a local board of health.

b. Make seizures of property pursuant to the provisions of this Act.

Sec. 2. Chapter one hundred thirty-seven (137), Code 1971, is amended by adding the following new sections:

‘ADMINISTRATIVE INSPECTIONS AND WARRANTS. Issuance and execution of administrative inspection warrants shall be as follows:

1. A district or municipal court judge, within his jurisdiction, and upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections authorized by this chapter or rule thereunder, and seizures of property appropriate to such inspections. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of the chapter or rules promulgated thereunder, sufficient to justify administrative inspection of the area, premises, building in the circumstances specified in the application for the warrant.

2. A warrant shall issue only upon sworn testimony of a peace officer or an officer or employee of the board duly designated and having knowledge of the facts alleged, before the district or municipal court judge, establishing the grounds for issuing the warrant. If the judge is satisfied that grounds for the application exist or that there is probable cause to believe they exist, he shall issue a warrant identifying the area, premises, building, to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any.

The warrant shall:

a. State the grounds for its issuance and the name of each person whose testimony has been taken in support thereof.

b. Be directed to a person authorized by section one hundred thirty-seven point six (137.6) of the Code to execute it.

c. Command the person to whom it is directed to inspect the area, premises, building, identified for the purpose specified and, if appropriate, direct the seizure of the property specified.

d. Identify the item or types of property to be seized, if any.

3. A warrant issued pursuant to this section must be executed and returned within ten days after its date unless, upon a showing of a need for additional time, the court so instructs otherwise in the warrant. If property is seized pursuant to a warrant, the person executing the warrant shall give to the person in charge of the premises from which the property is seized a copy of the warrant and a receipt for the property seized or shall leave the copy and receipt at the place from which

the property is seized. The return of the warrant shall be made promptly and shall be accompanied by a written inventory of any property seized. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was seized, if they are present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was seized and to the applicant for the warrant.

4. The judge who has issued a warrant under this section shall require that there be attached to the warrant a copy of the return, and of all papers filed in connection with the return, and shall file them with the clerk of the district or municipal court for the district in which the inspection was made.'

'ADMINISTRATIVE HEARINGS. When the local board of health discovers or has reason to believe that any provision of this chapter or any rule is being violated or that any substance or condition is injurious to the public health or cause of illness or nuisance and deems that no emergency exists, it shall set a time and place of hearing thereon. Notice of the time and place of hearing shall be served upon all interested parties in the manner prescribed for service of original notice under the rules of civil procedure at least three days prior to the time set for hearing.

If upon hearing the local board of health finds that a provision of this chapter or any rule is being violated or that any substance or condition is injurious to the public health or cause of illness or nuisance, the board shall cause to be served on the person or persons interested therein, in the manner provided in the rules of civil procedure, a written order to comply with the provisions of this chapter or any rule or to abate, remove or destroy the substance or condition at his own expense, within a reasonable time not less than seven days nor more than thirty days, except that such time may be extended by the local board of health for good cause shown. The order shall specify the violation or condition.

In fixing the time in such order and any extension of time, the local board of health shall take into consideration the nature of the failure or defect constituting the violation or condition or probable danger thereof, and the probable length of time and amount of labor required to correct the violation or condition which exists that may be injurious to the public health or cause of illness or any nuisance.

If the person fails to comply with the order or if the board deems that an emergency exists, the local

board of health may remove any substance or condition that may be injurious to the public health or cause of illness or nuisance, at the expense of the owner. Any expense shall be assessed upon such lot or premises and collected as a special assessment. Provided, in cases of emergency, before the local board of health removes or destroys a dwelling, application shall be made by the county attorney for a county board of health, the city attorney for a city board of health, or other attorney designated by the board, upon request by the board, to a court having jurisdiction for an order authorizing removal or destruction of the dwelling. Such proceeding shall be in equity.'

Sec. 3. Section one hundred thirty-seven point twenty-one (137.21), Code 1971, is amended by adding the following new paragraph:

'In addition to or in lieu of a criminal penalty, any person who violates any provision of this chapter or the rules and regulations of a local board or any lawful order or notice of said board, its officers, or authorized agents may be temporarily or permanently enjoined therefrom by any court having jurisdiction.'

1 Amend House File 654 by adding thereto the following  
 2 new sections:

3 1. A city or town may impose local taxes as herein-  
 4 after authorized, after approval by the voters. Upon  
 5 its own motion, or upon receipt of a petition signed by  
 6 voters within a city or town equal in number to at least  
 7 ten percent of the number of votes cast at the last pre-  
 8 ceding regular municipal election, requesting that an  
 9 election be held, the city or town council shall submit  
 10 to the voters of the city or town, at a special election  
 11 called for that purpose, the question of imposing one or  
 12 more of the authorized taxes. If a majority of those  
 13 voting favors the imposition of one or more taxes, the  
 14 council shall impose those taxes by ordinance, according  
 15 to the provisions of this amendment, and shall continue  
 16 to impose the taxes for a minimum of four years. After  
 17 the four-year period, a tax may be discontinued by the  
 18 council or by petition and election in the same manner  
 19 as it was imposed.

20 If a majority of those voting does not favor the  
 21 imposition of one or more of the authorized taxes, the  
 22 council shall not submit the question of imposition of  
 23 the same type of tax under the authority of this section,  
 24 section 2, or section 3 of this amendment, within one  
 25 year following the election.

26 The special election may not be held within thirty

27 days of a general election. Prior to the special  
28 election, the city or town council shall publish notice  
29 of the election once each week for three consecutive  
30 weeks in a newspaper of general circulation serving the  
31 city or town.

32 2. The council of a city or town may agree with the  
33 council of one or more cities or towns to jointly impose  
34 one or more of the local taxes authorized for cities and  
35 towns. If the councils agree, the question of jointly  
36 imposing one or more of the authorized taxes shall be  
37 submitted to the voters of each city and town at a spe-  
38 cial election called for that purpose and subject to the  
39 same requirements as the special election provided in  
40 section 1 of this amendment. If a majority of the total  
41 of those voting in all of the cities and towns favors  
42 the imposition of one or more taxes, the council of each  
43 city and town shall provide for the imposition of the  
44 taxes, according to the provisions of this amendment.  
45 After a four-year period, a tax imposed under this  
46 section may be discontinued by agreement of the councils,  
47 or the councils may submit the question to the voters as  
48 provided for imposition of the tax. If a majority of  
49 the total of those voting in all of the cities and towns  
50 does not favor the joint imposition of one or more of  
51 the authorized taxes, the councils shall not submit the  
52 question of imposition of the same type of joint tax  
53 within one year following the election, but may proceed  
54 at any time under the provisions of sections 1 or 3 of  
55 this amendment.

56 3. The council of one or more cities or towns with  
57 a total population of fifty percent or more of the popu-  
58 lation of any county, may with the approval of the board  
59 of supervisors submit to the voters of the county, at a  
60 special election called for that purpose and subject to  
61 the same requirements as the special election provided  
62 in section 1 of this amendment, the question of imposing  
63 countywide one or more of the local taxes authorized for  
64 cities and towns by this amendment. If a majority of  
65 those voting in the entire county favors the imposition  
66 of one or more taxes, the board of supervisors and the  
67 council of every city and town within the county shall  
68 provide for the imposition of the taxes, according to  
69 the provisions of this amendment. After a four-year  
70 period, a tax imposed under this section may be discon-  
71 tinued by the board of supervisors, or the board may  
72 submit the question to the voters as provided for imposi-  
73 tion of the tax. If a majority of those voting in the  
74 entire county does not favor the countywide imposition  
75 of one or more of the authorized taxes, the board of  
76 supervisors shall not submit the question of imposition  
77 of the same type of countywide tax within one year fol-  
78 lowing the election, but cities and towns may proceed at  
79 any time under the provisions of sections 1 or 2 of this  
80 amendment. For purposes of this amendment, "city or

81 town" and "city and town" means county, where appropriate  
82 in the case of a countywide tax.

83 4. A local sales and use tax at a rate of one percent  
84 may be imposed by a city or town on the gross receipts  
85 from the sale or use of tangible personal property sub-  
86 ject to the state sales tax. A local sales and use tax  
87 shall be imposed on the same basis as the state sales  
88 and use tax and may not be imposed on the sale or use of  
89 any tangible personal property not taxed by the state.  
90 A local sales and use tax is applicable only within the  
91 territorial limits of the city or town imposing it and  
92 shall be collected by all persons required to collect  
93 state sales and use taxes.

94 The amount of the sale, for purposes of determining  
95 the amount of the local sales and use tax, does not  
96 include the amount of the state sales and use tax.

97 No sales and use tax permit, other than the state  
98 sales and use tax permits, may be required.

99 5. A local sales and use tax may be imposed either  
100 January first or July first following a favorable  
101 election.

102 The director of revenue shall administer the provi-  
103 sions of a local sales and use tax as nearly as possible  
104 in conjunction with the administration of state tax laws.  
105 He shall provide appropriate forms, or provide on the  
106 regular state tax forms, for reporting local sales and  
107 use tax liability.

108 An ordinance imposing a local sales and use tax shall  
109 adopt by reference the applicable provisions of the ap-  
110 propriate sections of chapters four hundred twenty-two  
111 (422) and four hundred twenty-three (423) of the Code,  
112 and all powers of the director to administer the state  
113 sales and use tax law are applicable to his administra-  
114 tion of a local sales tax ordinance. Local officials  
115 shall confer with the director of revenue and obtain his  
116 assistance in drafting the ordinance imposing a local  
117 sales and use tax. A certified copy of the ordinance  
118 imposing a local sales and use tax shall be filed with  
119 the director as soon as possible after passage.

120 The director, in consultation with local officials,  
121 shall collect and account for a local sales and use tax.  
122 The director shall retain for the use of the department  
123 one percent of all local sales and use tax receipts, to  
124 cover administrative expense, and shall credit remaining  
125 local sales and use tax receipts to a local sales and  
126 use tax fund hereby established in the office of the  
127 treasurer of state.

128 6. The treasurer of state shall remit quarterly to  
129 the qualified cities and towns which have imposed a local  
130 sales and use tax their share of the balance in the local  
131 sales and use tax fund.

132 The city or town treasurer, or another city official  
133 designated by the council, shall credit three-fourths  
134 of all local sales and use tax moneys received to a

135 special account for property tax relief. Before the  
 136 levies authorized under section four hundred four point  
 137 two (404.2) of the Code are certified to the county  
 138 auditor, the certifying official shall subtract from  
 139 the total amount computed in dollars, as provided in  
 140 section four hundred forty-four point two (444.2) of  
 141 the Code, an amount equal to the amount credited to the  
 142 special account for property tax relief during the last  
 143 preceding twelve month period, and shall certify only  
 144 the net amount to the county auditor and board of super-  
 145 visors. The county auditor shall base the millage  
 146 levies authorized under section four hundred forty-four  
 147 point three (444.3) of the Code upon the net amount  
 148 so computed. In order for a city or town to be quali-  
 149 fied to receive remittances from the treasurer of state,  
 150 the city clerk, before January fifteenth of each year,  
 151 shall certify to the treasurer of state that the  
 152 required reduction in the amount certified to the county  
 153 auditor and board of supervisors for city or town taxes  
 154 has been made. All local sales and use tax moneys  
 155 received by a city or town may be expended for any lawful  
 156 municipal purpose.

1 Amend House File 654 by adding thereto the following  
 2 new sections:

3 1. An annual local vehicle tax at a rate of five  
 4 dollars per axle may be imposed by a city or town on  
 5 every vehicle which is required to be registered by the  
 6 state, and is registered to either of the following:

7 (1) Any person residing within the city or town at the  
 8 time of registration of the vehicle.

9 (2) Any person, if the vehicle is usually kept,  
 10 garaged, or stored during the night and on weekends and  
 11 holidays within the limits of the city or town.

12 For the purpose of the tax authorized by this section,  
 13 "person" means the same as defined in section three  
 14 hundred twenty-one point one (321.1), subsection thirty-  
 15 five (35), of the Code, "vehicle" means any self-propel-  
 16 led vehicle subject to registration under section three  
 17 hundred twenty-one point eighteen (321.18) of the Code,  
 18 and "axle" means "the assembly of housing and axle  
 19 shafts which supports and propels either a pair of wheels  
 20 or one wheel only".

21 2. A local vehicle tax may be imposed January first  
 22 following a favorable election.

23 Local officials shall confer with the commissioner of

24 public safety and obtain his assistance in drafting the  
25 ordinance imposing a local vehicle tax. A certified  
26 copy of the ordinance imposing a local vehicle tax shall  
27 be filed with the commissioner of public safety as soon  
28 as possible after passage. The commissioner of public  
29 safety shall inform the appropriate county treasurers  
30 and in cooperation with them shall collect and account

32 receipts to a local vehicle tax fund hereby established

35 fiscal year to the cities and towns which have imposed a

37 vehicle tax fund. Local vehicle tax receipts may be  
38 expended for any lawful municipal purpose.

39 3. Taxpayers shall pay a local vehicle tax to the  
40 county treasurer or to the motor vehicle department  
41 under the commissioner of public safety, at the time of

55 of a vehicle on which a local vehicle tax is due, until  
56 the local vehicle tax is paid.

57 Payment of a local vehicle tax shall be evidenced by  
58 a stamp on the state registration certificate and by  
59 issuance of a sticker, decal, or tag. The commissioner  
60 of public safety shall prescribe by rule the form of the  
61 sticker, decal, or tag, a reasonable method of prorating  
62 local vehicle taxes on vehicles originally registered  
63 for part of a year only, and a reasonable method for  
64 refunding part of local vehicle taxes when a refund of a  
65 state registration fee is due under section three hundred  
66 twenty-one point one hundred twenty-six (321.126) of the  
67 Code.

68 Unpaid local vehicle taxes are a lien upon the vehicle  
69 on which they are due. Penalties for late payment which  
70 are comparable to the penalties for late payment of state  
71 registration fees shall be imposed by the ordinance im-  
72 posing a local vehicle tax. Willful violation of a  
73 local vehicle tax ordinance is a public offense punish-

76 rized local tax jointly, the treasurer of state shall  
77 credit the receipts to a joint account, and shall remit

78 to each qualified city or town a pro rata share of the  
79 joint account, according to population figures determined  
80 by the last federal decennial census. The share remitted  
81 to each city and town shall be credited and expended as  
82 provided for local taxes imposed by a single city or town.

83 If an authorized local tax is imposed countywide, the  
84 treasurer of state shall credit the receipts to a joint  
85 account, and shall remit to each qualified city or town  
86 in the county a pro rata share of the joint account,  
87 based upon the percentage of its population to the total  
88 population of the county, and to the board of supervi-  
89 sors, when the county is qualified, a pro rata share of

## Committee of the Whole

The committee of the whole resumed consideration of **House File 654**.

Johnston of Johnson, District 70, offered the following amendment in the committee of the whole and moved its adoption:

Amend House File 654 as follows:

1. Strike pages 2 through 6, inclusive, and lines 1 through 16, page 7, and insert in lieu thereof the following:

Section 1. STATE SCHOOL FOUNDATION PROGRAM. This Act establishes a state school foundation program. Each school district in the state is entitled to receive during each school year as state school foundation aid, an amount per pupil in fall enrollment equal to the amount by which the state foundation base for that school year exceeds the amount per pupil in fall enrollment in the district which will be raised by the foundation property tax to be levied in the district during that school year.

Sec. 2. STATE FOUNDATION BASE. The state foundation base is approximately eighty percent of the state average general fund per pupil expenditure and is determined as follows:

1. Eighty percent of the state average per pupil expenditure for the school year beginning July 1, 1969, is determined to be six hundred forty dollars.

2. Prior to July first each year commencing in 1972, the state comptroller shall compute a percentage growth factor for the following school year. In 1972 he shall also compute the percentage growth factors for the school years beginning July 1, 1970, and July 1, 1971. To compute the percentage growth factor for each school year, the state comptroller shall determine the percent of increase or decrease in revenue computed on a statewide basis, for the total of the state sales and use taxes and the individual and corporate income taxes; and the percent of increase or decrease in the assessed valuation of taxable property; both percentages to be determined for each year of the last three preceding calendar years for which accurate figures are available. The sum of the percentages obtained shall be divided by six to arrive at the percentage growth factor for the following school fiscal year. If there is a decrease in state revenue or assessed valuation, there may be a negative growth factor. In making computations, the comptroller shall adjust for changes in rates or basis of the sales and use or income taxes and for statewide changes in assessment practices.

3. For the school year beginning July 1, 1970, the state comptroller shall multiply six hundred forty dollars by the applicable percentage growth factor, and add the product to six hundred forty dollars to determine the state foundation base for that year.

4. For the school year beginning July 1, 1971, the state comptroller shall multiply the state foundation

## Committee of the Whole

base for the school year beginning July 1, 1970, by the applicable percentage growth factor, and add the product to the state foundation base for the school year beginning July 1, 1970, to determine the state foundation base for the school year beginning July 1, 1971.

5. For each subsequent school year, the state comptroller shall multiply the current state foundation base by the applicable percentage growth factor, and add the product to the current state foundation base, which sum shall be the amount of the state foundation base for the subsequent year.

Sec. 3. FOUNDATION PROPERTY TAX. Each school district shall cause to be levied each year beginning in 1972 for the school general fund a foundation property tax of twenty-seven and one half mills per dollar of assessed valuation on all taxable property in the district. However, a school district which can meet its general fund budget by a levy of less than twenty-seven and one half mills per dollar of assessed valuation on all taxable property in the district, shall levy only the lesser amount needed. Each county auditor shall certify to each school district within the county and to the state comptroller not later than June first each year the assessed valuation of taxable property in each school district within the county.

Sec. 4. GENERAL FUND BUDGET. Subject to limitations imposed by the school budget review committee or by state law, the general fund budget of a school district shall be determined as follows:

1. Determine estimated general fund expenditures exclusive of gifts, and federal grants and aids, except federal aids paid in anticipation of or reimbursement for expenses caused by a federal activity in or near a school district which would otherwise need to be paid from local sources, by adding together the estimated amounts to be expended for the school year, for administration, instruction, attendance services, health services, pupil transportation services, fixed charges, operation and maintenance, community services, capital outlay, debt service, and tuition paid other districts. The cost of food services and student body activities shall not be included in general fund costs.

2. From the total of the sums determined under subsection one (1) of this section deduct the following:

a. Estimated receipts from state appropriations for handicapped children aid, vocational aid, driver education aid, and junior college aid.

b. Estimated general fund receipts from the following: Tuition paid by individuals or by the state; transportation; services; rents; income on investment securities; other general fund revenue receipts; general fund non-revenue receipts; and transfers to the general fund other than those resulting from clearing accounts, reorganiza-

tion and the return of principal of invested securities.

c. An estimate of the total amount determined on the per pupil cost basis for children transported who live within statutory walking distance from school.

**Sec. 5. FALL ENROLLMENT.** Fall enrollment shall be determined by adding the resident pupils who are enrolled on the second Friday of September of each year in public elementary and secondary schools of the district, and in special education schools for which tuition is paid by the district whether the special education school is conducted by a county board of education or another school district.

Each school district shall certify its fall enrollment to the state department of public instruction by September twenty-fifth of each year, and the information shall be promptly forwarded to the state comptroller.

**Sec. 6. AVERAGE DAILY MEMBERSHIP.** Prior to July first each year, average daily membership for each school district shall be determined by the department of public instruction as follows:

1. Add the pupils who were members of a public elementary or secondary school of the district, and the pupils residing in the district who were members of a special education school conducted and financed by a county board of education or another school district, for each day each such school was in session throughout the current school year.

2. Divide the sum obtained in subsection one (1) of this section by the number of days public elementary and secondary school was in session in the district during the current school year.

**Sec. 7. PAYMENT OF STATE SCHOOL FOUNDATION AID.** Prior to July first each year beginning in 1972, the department of public instruction shall certify to the state comptroller each school district's average daily membership, the amount in dollars per pupil in average daily membership in the district which will be raised by the foundation property tax in the district, and other information necessary for computation of state school foundation aid. The state comptroller shall compute the amount of state school foundation aid to be paid to each school district, and certify the amount to each school district for use in preparing budgets. He shall draw warrants in payment of the state school foundation aid in three approximately equal installments to be paid on approximately the first day of November, February, and May of each school year.

All moneys received by a school district from the state under the provisions of this section shall be deposited in the school district's general fund, and may be used for any school general fund purposes.

**Sec. 8. ADDITIONAL SCHOOL DISTRICT TAX AND SCHOOL DISTRICT INCOME TAX.** If a school district's general fund

budget per pupil in estimated fall enrollment exceeds the state foundation base for the budget year, the difference shall be provided by a combination of an additional levy on all taxable property in the district and a school district income tax in amounts which the school board shall determine as follows:

2. Page 7, line 22, strike the word "formula" and insert in lieu thereof the word "program".

3. Page 7, lines 22, 23, and 24, strike the words "the amount which would have been received by the district from the additional tax on industrial and utility property,".

 48 exceeding the amount calculated as provided in this

4 Section 1. SCHOOL FOUNDATION PROGRAM. This Act  
 5 establishes a school foundation program. Each public  
 6 school district in the state is entitled to receive  
 7 from the state during each school year a per pupil  
 8 amount equal to the amount by which the school foundation  
 9 base for that school year exceeds the amount per pupil  
 10 which will be raised by the school foundation property  
 11 tax levied in the district during that school year.

12 Sec. 2. SCHOOL FOUNDATION BASE.

13 1. The school foundation base for the 1972-1973  
 14 school year is the sum of the following components,  
 15 each modified by the percentage growth factor for that  
 16 school year:

17 a. A flat grant from the state of three hundred  
 18 twenty-five dollars per pupil.

19 b. An amount of three hundred fifty dollars per  
 20 pupil, to be raised primarily by school foundation  
 21 property tax to be levied in the school district during

22 that school year.

23 2. Prior to July first each year commencing in 1972,  
24 the state comptroller shall compute the percentage  
25 growth factor for each of the two component parts of  
26 the school foundation base, as follows:

27 a. Determine the percent of increase or decrease  
28 in state revenue from taxes, adjusted for changes in  
29 rates or basis, for each year of the last three calendar  
30 years for which accurate figures are available, and  
31 divide the total by three. The result is the percentage  
32 growth factor for the flat grant component.

33 b. Determine the percent of increase or decrease  
34 in the assessed valuation of taxable property in the  
35 state, adjusted for statewide changes in assessment  
36 practices, for each year of the last three calendar  
37 years for which accurate figures are available, and  
38 divide the total by three. The result is the percentage  
39 growth factor for the property tax component.

40 c. In the determinations required under paragraphs  
41 a and b of this subsection, if there is an average  
42 decrease there will be a negative growth factor.

43 3. For the 1972-1973 school year, the state  
44 comptroller shall determine the actual school foundation  
45 base by multiplying each of the component amounts listed  
46 in subsection one (1) of this section by its percentage  
47 growth factor for that school year, and adding the  
48 product obtained in each case to that component amount.  
49 The two component amounts so modified constitute the  
50 current school foundation base for the 1972-1973 school  
51 year.

52 4. For each subsequent school year, the state  
53 comptroller shall determine the actual school foundation  
54 base by multiplying each of the component amounts of  
55 the current school foundation base by the applicable  
56 percentage growth factor for that school year, and  
57 adding the product obtained in each case to that  
58 component amount. The two current component amounts  
59 so modified constitute the current school foundation  
60 base for the subsequent year.

61 Sec. 3. SCHOOL FOUNDATION BASE COMPONENTS. As used  
62 in this Act, unless otherwise indicated, references  
63 to the school foundation base, to that flat grant  
64 component, or to the property tax component, mean the  
65 base or its components as modified by the comptroller  
66 for the applicable school year, as provided in section  
67 two (2) of this Act.

68 Sec. 4. SCHOOL FOUNDATION PROPERTY TAX AND STATE  
69 SUPPLEMENT. Beginning with the 1972-1973 school year,  
70 each public school district shall certify for its general  
71 fund budget each year a foundation property tax of  
72 thirty mills per dollar of assessed valuation on all  
73 taxable property within the school district. However,  
74 no school district shall certify a school foundation  
75 property tax for any year higher than necessary to

76 raise a per pupil amount equal to the amount of the  
77 property tax component of the school foundation base  
78 for the budget year.

79 A school district which cannot raise a per pupil  
80 amount equal to the amount of the property tax component  
81 of the school foundation base for the budget year, by  
82 a levy of thirty mills or less, is entitled to receive  
83 from the state during that school year, as state  
84 foundation property tax supplement, a per pupil amount  
85 equal to the difference between the amount which will  
86 be raised by a thirty mill levy in the district, and  
87 the amount of the property tax component of the school  
88 foundation base for the budget year.

89 Not later than June first each year, each county  
90 auditor shall certify to each school district within  
91 the county the assessed valuation of taxable property  
92 within that district, and shall certify to the state  
93 comptroller and the department of public instruction  
94 the assessed valuation of taxable property in each  
95 school district within the county.

96 Sec. 5. COMPUTATION AND PAYMENT OF STATE AID. Prior  
97 to July fifteenth each year, the state comptroller shall  
98 determine an accurate approximation of the amount of  
99 state school aid to be paid to each school district  
100 in the state, as provided in sections one (1) through  
101 four (4) of this Act, including the flat grant component  
102 of the school foundation base and the state foundation  
103 property tax supplement, and shall certify the estimated  
104 amount to each school district for use in preparing budgets.

105 As soon as possible each year, the state comptroller  
106 shall compute the actual amount due each school district  
107 in the state under the provisions of sections one (1)  
108 through four (4) of this Act, and shall pay the amount  
109 due to each school district in three approximately equal  
110 installments to be paid on approximately the first days  
111 of November, February, and May of each school year.  
112 However, if the amount appropriated for state school  
113 aid for a school year is insufficient to pay in full  
114 the amounts computed by the state comptroller to be  
115 due to each school district, then the amount paid to  
116 each school district shall be reduced by the state comp-  
117 troller in the proportion that the total amount  
118 appropriated is to the total amount due to all school  
119 districts in the state.

120 All moneys received by a school district from the  
121 state under the provisions of this section shall be  
122 deposited in the school district's general fund, and  
123 may be used for any school general fund purposes.

138 6. Page 8, strike lines 6 through 35, inclusive,  
139 and page 9, strike lines 1 through 30, inclusive, and  
140 insert in lieu thereof the following:

141 3. Determine sixty-five percent of the net amount  
142 determined in subsection one (1) of this section. The  
143 millage rate necessary to raise this sixty-five percent  
144 amount if spread at a uniform rate over all taxable  
145 property within the district is the additional school  
146 district property tax for other than industrial and  
147 utility property, for the 1972-1973 school year.

148 4. Determine thirty-five percent of the net amount  
149 determined in subsection one (1) of this section, and  
150 divide this thirty-five percent amount by the total  
151 state individual income tax in the district as deter-  
152 mined in subsection two (2) of this section. The  
153 quotient obtained is the rate of school district in-  
154 come tax and is hereby imposed as a surtax on the amount  
155 of state income tax paid on incomes earned in 1971 for  
156 the 1972-1973 school year and on state income tax paid  
157 on incomes earned in 1972 for the 1973-1974 school year.  
158 However, the surtax rate shall not exceed fifty percent,  
159 and any part of the net amount to be raised under this  
160 section which cannot be raised by a surtax of fifty  
161 percent or less, shall be added to the amount to be  
162 raised under subsection three (3) of this section.  
163 The surtax for the 1974-1975 school year and every  
164 school year thereafter and the additional school district  
165 property tax levy on other than industrial and utility  
166 property for the 1972-1973 school year and every school  
167 year thereafter shall be determined by the state  
168 comptroller in the manner set forth in subsection five  
169 (5) of this section.

170 5. a. Determine the total amount needed for the  
171 school district's general fund budget for the current  
172 year less anticipated receipts from all sources except  
173 the additional school district property tax on other  
174 than industrial and utility property and the school  
175 district income tax.

176 b. Determine the total assessed valuation of tax-  
177 able property in the school district for the current  
178 calendar year, and the total state individual income  
179 tax and school district income tax collected from the  
180 district as shown on the individual tax returns of  
181 individuals residing in the school district on December  
182 thirty-first of the most recently completed calendar

183 year or at the time of filing for those on other than  
 184 a calendar year basis and filing within the most recently  
 185 completed calendar year. The director of revenue shall  
 186 report to the state comptroller the amount of state  
 187 individual income tax and school district income tax  
 188 collected for the current school year on or about October  
 189 twentieth of the current school year.

190 c. Subtract the school district income tax deter-  
 191 mined in paragraph b of this subsection from the amount  
 192 obtained in paragraph a of this subsection. The millage  
 193 rate necessary to raise this net amount if spread at  
 194 a uniform rate over all taxable property in the district  
 195 is the additional school district property tax for other  
 196 than industrial and utility property, to be levied in  
 197 the current school year.

198 d. Determine the amount to be raised by the tax  
 199 to be levied under the provisions of paragraph c of  
 200 this subsection, and determine an amount which is in  
 201 a ratio of thirty-five to sixty-five with that amount.  
 202 The second amount is the amount to be raised by the  
 203 school district income surtax. Divide this amount by  
 204 the amount of state individual income tax determined  
 205 in paragraph b of this subsection to determine the  
 206 surtax to be imposed on the incomes earned during the  
 207 current calendar year. However, the surtax rate shall  
 208 not exceed fifty percent, and any part of the net amount  
 209 to be raised under this paragraph which cannot be raised  
 210 by a surtax of fifty percent or less, shall be added  
 211 to the amount to be raised under paragraph c of this  
 212 subsection. The state comptroller shall certify to  
 213 the director of revenue on or about June first of each  
 214 year, or as soon as possible if the school budget is  
 215 subject to an election as provided in section eighteen  
 216 (18) of this Act, the surtax to be imposed for each  
 217 school district on the incomes earned during that year  
 218 of all individuals residing in the school district on  
 219 December thirty-first of the current calendar year,  
 220 or at the time of filing for those on other than a  
 221 calendar year basis and filing within the current  
 222 calendar year.

 226 section:

227 **Sec. 17. REFERENDUM ON EXCESS EXPENDITURES.** If  
 228 the general fund budget of any school district includes  
 229 expenditures of more than one hundred ten percent of  
 230 the state average general fund expenditure per pupil  
 231 in average daily membership, the school board shall  
 232 submit to the voters of the school district at the next  
 233 regular school election, the question of whether the  
 234 excess expenditures are acceptable to the voters, or  
 235 whether the school board shall be directed to reduce

236 expenditures or reorganize the district. The question  
237 submitted to the voters shall state clearly the  
238 percentage by which the budgeted general fund  
239 expenditures exceed the state average general fund  
240 expenditure per pupil, and shall require the voters  
241 to state whether the school board shall be directed  
242 to reorganize the district unless the budgeted general  
243 fund expenditures for the following school year are  
244 reduced.

245 If a majority of those voting favors reorganization  
246 of the school district unless general fund expenditures  
247 are reduced, and if the budgeted general fund  
248 expenditures for the next following school year are  
249 more than one hundred ten percent of the state average  
250 general fund expenditures per pupil in average daily  
251 membership, the school board shall again submit to the  
252 voters of the school district, at the regular school  
253 election during that year, the question of whether the  
254 excess expenditures are acceptable to the voters, or  
255 whether the school board shall be required to reduce  
256 expenditures or reorganize the district. The question  
257 submitted to the voters shall state clearly the  
258 percentage by which the school district's budgeted  
259 general fund expenditures exceed the state average  
260 general fund expenditure per pupil, and shall require  
261 the voters to state whether the school board shall be  
262 required to reorganize the school district unless the  
263 expenditures are reduced.

264 If a majority of those voting favors requiring re-  
265 organization of the school district unless general fund  
266 expenditures are reduced, and if the school board is  
267 unable to reduce the budgeted general fund expenditures  
268 for the next following school year to less than one  
269 hundred ten percent of the state average general fund  
270 expenditures per pupil, the school board shall, prior  
271 to July first following the second election, submit  
272 to the county board of education a plan for  
273 reorganization as provided in chapter two hundred  
274 seventy-five (275) of the Code, and the county board  
275 shall proceed to carry out a reorganization of the  
276 school district under the provisions of chapter two  
277 hundred seventy-five (275) of the Code. However, the  
278 petition of the voters required in section two hundred  
279 seventy-five point twelve (275.12), subsection one (1),  
280 of the Code, is not required, but the petition shall  
281 be made by the board of directors of the school district.  
282 The plan submitted by the school board may be modified  
283 by the county board of education. In making a  
284 determination of division of assets and liabilities  
285 after reorganization, as provided in section two hundred  
286 seventy-five point twenty-nine (275.29) of the Code,  
287 the boards shall, if practicable, assign bonded  
288 indebtedness to the school district which retains the  
289 use of the buildings for which the bonded indebtedness

290 was incurred.

 12 the standard exemption allowed by section four hundred  
 13 twenty-two point nine (422.9) of the Code.

14 Sec. 29. Section four hundred twenty-two point  
 15 four (422.4), subsections three (3), four (4), seven  
 16 (7), ten (10), and seventeen (17), Code 1971, are  
 17 amended as follows:

 20 base income is computed under this division.

21 4. The words "tax year" mean the calendar year,  
 22 or the fiscal year ending during such calendar year,  
 23 upon the basis of which the [net] base income is computed  
 24 under this division.

25 7. The word "paid", for the purposes of the  
 26 deductions under this division, means "paid or accrued"  
 27 or "paid or incurred", and the terms "paid or incurred"

28 and "paid or accrued" shall be construed according  
29 to the method of accounting upon the basis of which  
30 the [net] base income is computed under this division.  
31 The term "received", for the purpose of the computation  
32 of [net] base income under this division, means "received  
33 or accrued", and the term "received or accrued" shall  
34 be construed according to the method of accounting  
35 upon the basis of which the [net] base income is computed  
36 under this division.

37 10. The word "individual" means a natural person;  
38 and where an individual is permitted to file as a  
39 corporation, under the provisions of the Internal  
40 Revenue Code of 1954, such fictional status shall  
41 not be recognized for purposes of this chapter, and  
42 such individual's [taxable] *adjusted gross* income shall  
43 be computed as required under the provisions of the  
44 Internal Revenue Code of 1954 relating to individuals  
45 not filing as a corporation, with the adjustments  
46 allowed by this chapter.

47 17. "Internal Revenue Code of 1954" means the  
48 Internal Revenue Code of 1954, as amended to and  
49 including January 1, [1970] 1971, and as further amended  
50 by the Tax Reform Act of 1969, including provisions  
51 therein to be later effective.

52 Sec. 30. Section four hundred twenty-two point  
53 five (422.5), Code 1971, is amended by striking the  
54 section and inserting in lieu thereof the following:

55 422.5 TAX IMPOSED. A tax is imposed upon every  
56 resident of this state, upon that part of the  
57 net income of any nonresident which is derived from  
58 any property, trust, or other source within this  
59 state, including any business, trade, profession,  
60 or occupation carried on within this state, which  
61 tax shall be levied, collected, and paid annually  
62 upon and with respect to the taxpayer's entire net  
63 income at rates as follows:

64 1. On the first one thousand dollars of net income,  
65 or any part thereof, one percent.

66 2. On the second thousand dollars of net income,  
67 or any part thereof, two percent.

68 3. On the third thousand dollars of net income,  
69 or any part thereof, three percent.

70 4. On the fourth and fifth thousand dollars of  
71 net income, or any part thereof, four percent.

72 5. On the sixth and seventh thousand dollars of  
73 net income, or any part thereof, five percent.

74 6. On the eighth and ninth thousand dollars of  
75 net income, or any part thereof, six percent.

76 7. On the tenth, eleventh, and twelfth thousand  
77 dollars of net income, or any part thereof, seven  
78 percent.

79 8. On the thirteenth, fourteenth, and fifteenth  
80 thousand dollars of net income, or any part thereof,  
81 eight percent.

82 9. On the sixteenth, seventeenth, and eighteenth  
83 thousand dollars of net income, or any part thereof,  
84 nine percent.

85 10. On the nineteenth, twentieth, and twenty-first  
86 thousand dollars of net income, or any part thereof,  
87 ten percent.

88 11. On the twenty-second thousand dollars of net  
89 income, or any part thereof, eleven percent, and on  
90 all net income in excess of twenty-two thousand  
91 dollars, eleven percent.

92 However, no tax shall be imposed on any resident  
93 or nonresident whose base income, as defined in section  
94 four hundred twenty-two point seven (422.7) of the  
95 Code, is three thousand dollars or less; but in the  
96 event that the payment of tax under this division  
97 would reduce the base income to less than three  
98 thousand dollars, then the tax shall be reduced to  
99 that amount which would result in allowing the tax-  
100 payer to retain a base income of three thousand  
101 dollars. The preceding sentence does not apply to  
102 estates or trusts. For the purpose of this paragraph,  
103 the entire base income, including any part not  
104 allocated to Iowa, shall be taken into account. If  
105 the combined base income of a husband and wife exceeds  
106 three thousand dollars, neither of them shall receive  
107 the benefit of this paragraph, whether they file a  
108 joint return or separate returns. An unmarried person  
109 under twenty-one years of age who is a dependent of  
110 his parent or parents as defined in the Internal  
111 Revenue Code of 1954, shall not receive the benefit  
112 of this paragraph if the combined base income of his  
113 parents exceeds three thousand dollars.

115 salaries received by federal officials or employees  
116 of the United States government.

117 Sec. 31. Section four hundred twenty-two point  
118 six (422.6), Code 1971, is amended as follows:

119 422.6 INCOME FROM ESTATES OR TRUSTS. The tax  
120 imposed by section 422.5 shall apply to and become  
121 a charge against estates and trusts with respect to  
122 their [taxable] *net* income, and the rates shall be the  
123 same as those applicable to individuals. The fiduciary  
124 shall be responsible for making the return of income  
125 for the estate or trust for which he acts, whether  
126 such income be taxable to the estate or trust or to  
127 the beneficiaries thereon.

128 Sec. 32. Section four hundred twenty-two point  
129 seven (422.7), unnumbered paragraph one (1), Code  
130 1971, is amended as follows:

131 422.7 "[NET] *BASE INCOME*"—HOW COMPUTED. The term  
132 "[net] *base income*" means the adjusted gross income  
133 as properly computed for federal income tax purposes  
134 under the Internal Revenue Code of 1954, with the

145 December thirty-first. If capital of the corporation  
146 is invested in real property otherwise subject to  
147 taxation by this state or a political subdivision  
148 of this state, the value of that capital may be  
149 deducted in determining the value of the shares of  
150 stock. A corporation subject to this section shall  
151 not be otherwise taxed upon its intangible personal  
152 property.

153 A corporation may apportion to the owners of its

174 associations. As used in this section, "capital"  
175 means capital employed in the business of making  
176 loans or investments, either unsecured or on security  
177 other than real property.

178 In computing the tax imposed by this section, a

By Husak, Siglin and Moffitt

*Whereas*, some members of Congress are submitting an amendment to federal law which would provide that daylight saving time commence Memorial Day and end Labor Day; and

*Whereas*, such an amendment would be beneficial for young school children who, because of daylight saving time, often do not receive a sufficient amount of sleep because of the manner daylight saving time affects their sleeping habits; and

*Whereas*, the proposed date for daylight saving time provides a better schedule for initiating daylight saving time since it more nearly coincides with the natural school year and the months of the year considered by most people to represent the summer season, *Now Therefore*,

*Be It Resolved by the House of Representatives, the Senate Concurring*, That the General Assembly endorse the efforts of Congressmen proposing to amend the daylight saving time law as above, and

191 rent constituting property taxes accrued at arm's length,  
192 and the determination shall be final.

193 **Sec. 40. PUBLIC WELFARE RECIPIENTS EXCLUDED.** Any

1 Amend House File 654 as follows:

2 1. Page 5, strike lines 23 through 35, inclusive,  
 3 strike pages 6, 7, 8, and strike lines 1 through 30,  
 4 page 9, and insert in lieu thereof the following:

5 Sec. 7. ALLOWABLE GROWTH. To determine the total  
 6 allowable growth in dollars for each school district  
 7 each year, the state comptroller shall add together  
 8 the following amounts:

9 1. The percent of increase or decrease in taxable  
 10 property in the district for the current calendar year  
 11 over the last preceding calendar year, multiplied by  
 12 the part of the district's allowable general fund bud-  
 13 get for the last preceding school year which was  
 14 raised by property taxes.

15 2. The percentage growth factor for the state, as  
 16 determined by the percentage increase or decrease in  
 17 state general fund revenues, multiplied by the part of

18 the district's allowable general fund budget for the  
19 last preceding school year which was raised by state  
20 aid.

21 **Sec. 8. ADDITIONAL SCHOOL DISTRICT PROPERTY TAX**  
22 **LEVY.** The state comptroller shall determine the  
23 additional school district property tax levy, which is  
24 in addition to the foundation property tax levy, as  
25 follows:

26 1. The district cost per student for the current  
27 school year ending June thirtieth each year, plus the  
28 allowable growth in dollars, shall determine the dis-  
29 trict cost per student for the school year beginning  
30 July first each year.

31 2. The district cost per student multiplied by the  
32 estimated fall enrollment for the school year beginning  
33 July first each year, shall determine the maximum general  
34 fund budget for the district.

35 3. Subject to the maximum millage in section nine  
36 (9) of this Act, the general fund budget of this district  
37 less the amounts to be received from the school founda-  
38 tion property tax and from state aid shall determine  
39 the amount needed to be raised by the additional school  
40 district property tax levy.

41 No later than December first of each year the state  
42 comptroller shall notify the county auditor of each  
43 county the amount, both in dollars and mills, of the  
44 additional property tax levy. The county auditor or  
45 auditors shall spread the additional property tax levy  
46 over all the property in the school district.

47 **Sec. 9. MAXIMUM MILLAGE LEVY.** For the purpose of  
48 determining the maximum millage a school district may  
49 cause to be levied without a referendum, for school  
50 years subsequent to the 1972-1973 school year, the  
51 state comptroller shall determine the sum of the foun-  
52 dation property tax levy and the additional property  
53 tax levy, in mills. When this total millage rate exceeds  
54 the district general fund levy in mills for the school  
55 year which began July 1, 1972, he shall adjust the  
56 district general fund budget to the millage levy equal  
57 to the millage levy for the school year beginning July  
58 1, 1972, unless the district votes to accept the  
59 additional budgeted amount as provided in section ten  
60 (10) of this Act.

61 **Sec. 10. REFERENDUM.** If a school district exceeds  
62 its maximum millage as provided in section nine (9)  
63 of this Act, the school board shall submit to the voters  
64 of the school district, at a special election called  
65 for that purpose, the question of whether the board  
66 shall limit its budget as adjusted by the comptroller,  
67 or shall adopt the budget as proposed. The question  
68 submitted to the voters shall state clearly the differ-  
69 ence in the additional school district property tax  
70 rate and the school district income tax rate which will  
71 result if the board limits its budget or if it adopts

72 the budget as proposed.

73 If a majority of those voting favors adoption of  
74 the limited budget, the board of directors of the school  
75 district shall alter its budget as adjusted by the state  
76 comptroller, and shall certify the corrected budget  
77 to the county auditor and the state comptroller.

78 If a majority of those voting favors adoption of  
79 the budget as proposed, the excess amount shall be  
80 raised by a combination of property tax and school  
81 district income tax, as provided in the following sec-  
82 tions.

83 Sec. 11. SCHOOL DISTRICT PROPERTY TAX AND INCOME  
84 TAX ON BUDGET EXCESS.

85 1. If the voters of a school district favor the  
86 adoption of a budget which contains a millage levy in  
87 excess of the maximum millage provided in section nine  
88 (9) of this Act, the state comptroller shall determine  
89 the remaining school district property tax and the  
90 school district income tax, based on the excess amount  
91 needed, as follows:

92 a. Determine the total assessed valuation of tax-  
93 able property in the school district for the 1972  
94 calendar year, the total Iowa net income as defined  
95 in section four hundred twenty-two point seven (422.7)  
96 of the Code, and the total amount of state individual  
97 income tax as shown on the individual tax returns of  
98 individuals residing in the school district on December  
99 31, 1971, or at the time of filing for those on other  
100 than a calendar year basis and included in the depart-  
101 ment of revenue 1971 income tax annual statistical re-  
102 port. The director of revenue shall certify to the  
103 state comptroller on or before May 1, 1973, the total  
104 Iowa net income and total state income tax of individuals  
105 residing in each school district on December 31, 1971.

106 b. Add the total amounts of Iowa net income in the  
107 district and the total assessed valuation of taxable  
108 property in the district as determined in paragraph  
109 "a" of this section, and divide the sum into the excess  
110 amount needed. Multiply the quotient obtained by the  
111 total amount of Iowa net income and divide the result  
112 by the amount of the total state income tax for the  
113 district as determined in paragraph "a" of this section.  
114 The quotient obtained is the rate of school district  
115 income tax and is hereby imposed as a surtax on the  
116 amount of state income tax paid on incomes earned in  
117 the year of imposition. If a surtax is necessary for  
118 an ensuing year, it shall be determined by the state  
119 comptroller in the manner set forth in subsection two  
120 (2) of this section.

121 2. a. Determine the excess amount needed.

122 b. Determine the total assessed valuation of taxable  
123 property in the school district for the current calendar  
124 year and the total amount of school district income  
125 tax as shown on the individual tax returns of individuals  
126 residing in the school district on December thirty-first

127 of the most recently completed calendar year or at the  
 128 time of filing for those on other than a calendar year  
 129 basis and filing within the most recently completed  
 130 calendar year. The director of revenue shall report  
 131 to the state comptroller the amount of school district  
 132 income tax collected for the current school year on  
 133 or about October twentieth of the current school year.

134 c. Subtract the school district income tax determined  
 135 in paragraph "b" of this subsection from the amount  
 136 obtained in paragraph "a" of this subsection and divide  
 137 the result by the total assessed valuation of taxable  
 138 property in the district for the current calendar year.  
 139 The quotient obtained multiplied by one thousand is  
 140 the millage rate to be levied on the assessed valuation  
 141 of taxable property in the district, in addition to  
 142 the school foundation property tax and the additional  
 143 school district property tax, for school general fund  
 144 purposes for the current school year.

145 An equivalent percentage, based upon one percent  
 146 for each ten mills, is the base for determining the  
 147 surtax to be imposed on the incomes earned during the  
 148 next year. Multiply the percentage times the total  
 149 Iowa net income of the district and divide the result  
 150 by the amount of the total state income tax reported  
 151 for the district. The quotient obtained is the sur-  
 152 tax to be imposed on the incomes earned during the  
 153 current calendar year. The state comptroller shall  
 154 certify to the director of revenue the surtax to be  
 155 imposed for each school district on the incomes earned  
 156 during that year of all individuals residing in the  
 157 school district on December thirty-first of the current  
 158 calendar year, or at the time of filing for those on  
 159 other than a calendar year basis and filing within the  
 160 current calendar year.

161 2. Page 12, strike lines 10 through 35, strike page  
 162 13, and strike lines 1 through 25 on page 14.

163 3. Renumber sections and correct internal references  
 164 to section numbers as necessary.

## Committee of the Whole

COMMITTEE OF THE WHOLE  
(House File 654)

Millen of Van Buren, District 99, moved that the House resolve itself into a committee of the whole to resume consideration of **House File 654**, a bill for an act relating to state aid for schools, school district property taxes, imposing a school district income tax including withholding tax, providing administration by the director of revenue, adopting provisions relating to the state individual income tax, including penalties, and increasing the state sales and use tax, and that the Speaker of the House preside as chairman of the committee.

The committee resumed consideration of the following Stromer, et al., amendment.

Amend House 654 as follows:

1. Strike page 2 and lines 1 through 20, inclusive, of page 3, and insert in lieu thereof the following:

Section 1. SCHOOL FOUNDATION PROGRAM. This Act establishes a school foundation program. Each public school district in the state is entitled to receive from the state during each school year a per pupil amount equal to the amount by which the school foundation base for that school year exceeds the amount per pupil which will be raised by the school foundation property tax levied in the district during that school year.

Sec. 2. SCHOOL FOUNDATION BASE.

1. The school foundation base for the 1972-1973 school year is the sum of the following components, each modified by the percentage growth factor for that school year:

a. A flat grant from the state of three hundred twenty-five dollars per pupil.

b. An amount of three hundred fifty dollars per pupil, to be raised primarily by school foundation property tax to be levied in the school district during that school year.

2. Prior to July first each year commencing in 1972, the state comptroller shall compute the percentage growth factor for each of the two component parts of the school foundation base, as follows:

a. Determine the percent of increase or decrease in state revenue from taxes, adjusted for changes in rates or basis, for each year of the last three calendar years for which accurate figures are available, and divide the total by three. The result is the percentage growth factor for the flat grant component.

b. Determine the percent of increase or decrease in the assessed valuation of taxable property in the state, adjusted for statewide changes in assessment practices, for each year of the last three calendar

## Committee of the Whole

years for which accurate figures are available, and divide the total by three. The result is the percentage growth factor for the property tax component.

c. In the determinations required under paragraphs a and b of this subsection, if there is an average decrease there will be a negative growth factor.

3. For the 1972-1973 school year, the state comptroller shall determine the actual school foundation base by multiplying each of the component amounts listed in subsection one (1) of this section by its percentage growth factor for that school year, and adding the product obtained in each case to that component amount. The two component amounts so modified constitute the current school foundation base for the 1972-1973 school year.

4. For each subsequent school year, the state comptroller shall determine the actual school foundation base by multiplying each of the component amounts of the current school foundation base by the applicable percentage growth factor for that school year, and adding the product obtained in each case to that component amount. The two current component amounts so modified constitute the current school foundation base for the subsequent year.

Sec. 3. SCHOOL FOUNDATION BASE COMPONENTS. As used in this Act, unless otherwise indicated, references to the school foundation base, to that flat grant component, or to the property tax component, mean the base or its components as modified by the comptroller for the applicable school year, as provided in section two (2) of this Act.

Sec. 4. SCHOOL FOUNDATION PROPERTY TAX AND STATE SUPPLEMENT. Beginning with the 1972-1973 school year, each public school district shall certify for its general fund budget each year a foundation property tax of thirty mills per dollar of assessed valuation on all taxable property within the school district. However, no school district shall certify a school foundation property tax for any year higher than necessary to raise a per pupil amount equal to the amount of the property tax component of the school foundation base for the budget year.

A school district which cannot raise a per pupil amount equal to the amount of the property tax component of the school foundation base for the budget year, by a levy of thirty mills or less, is entitled to receive from the state during that school year, as state foundation property tax supplement, a per pupil amount equal to the difference between the amount which will be raised by a thirty mill levy in the district, and the amount of the property tax component of the school foundation base for the budget year.

Not later than June first each year, each county

## Committee of the Whole

auditor shall certify to each school district within the county the assessed valuation of taxable property within that district, and shall certify to the state comptroller and the department of public instruction the assessed valuation of taxable property in each school district within the county.

Sec. 5. COMPUTATION AND PAYMENT OF STATE AID. Prior to July fifteenth each year, the state comptroller shall determine an accurate approximation of the amount of state school aid to be paid to each school district in the state, as provided in sections one (1) through four (4) of this Act, including the flat grant component of the school foundation base and the state foundation property tax supplement, and shall certify the estimated amount to each school district for use in preparing budgets.

As soon as possible each year, the state comptroller shall compute the actual amount due each school district in the state under the provisions of sections one (1) through four (4) of this Act, and shall pay the amount due to each school district in three approximately equal installments to be paid on approximately the first days of November, February, and May of each school year. However, if the amount appropriated for state school aid for a school year is insufficient to pay in full the amounts computed by the state comptroller to be due to each school district, then the amount paid to each school district shall be reduced by the state comptroller in the proportion that the total amount appropriated is to the total amount due to all school districts in the state.

All moneys received by a school district from the state under the provisions of this section shall be deposited in the school district's general fund, and may be used for any school general fund purposes.

2. Page 5, strike lines 6 through 35, inclusive.

3. Page 6, strike from lines 8 and 9 the words "property tax levied that year, and from state aid based on the foundation formula" and insert in lieu thereof the word "base".

4. Page 7, lines 20, 21, and 22, strike the words "property tax, the state aid that would have been received under the school foundation formula for that school year" and insert in lieu thereof the words and figure "base provided in section two (2) of this Act".

5. Page 7, lines 29, 30, and 31, strike the words and figures "the total Iowa net income as defined in section four hundred twenty-two point seven (422.7) of the Code,".

6. Page 8, strike lines 6 through 35, inclusive, and page 9, strike lines 1 through 30, inclusive, and insert in lieu thereof the following:

3. Determine sixty-five percent of the net amount

determined in subsection one (1) of this section. The millage rate necessary to raise this sixty-five percent amount if spread at a uniform rate over all taxable property within the district is the additional school district property tax for other than industrial and utility property, for the 1972-1973 school year.

4. Determine thirty-five percent of the net amount determined in subsection one (1) of this section, and divide this thirty-five percent amount by the total state individual income tax in the district as determined in subsection two (2) of this section. The quotient obtained is the rate of school district income tax and is hereby imposed as a surtax on the amount of state income tax paid on incomes earned in 1971 for the 1972-1973 school year and on state income tax paid on incomes earned in 1972 for the 1973-1974 school year. However, the surtax rate shall not exceed fifty percent, and any part of the net amount to be raised under this section which cannot be raised by a surtax of fifty percent or less, shall be added to the amount to be raised under subsection three (3) of this section. The surtax for the 1974-1975 school year and every school year thereafter and the additional school district property tax levy on other than industrial and utility property for the 1972-1973 school year and every school year thereafter shall be determined by the state comptroller in the manner set forth in subsection five (5) of this section.

5. a. Determine the total amount needed for the school district's general fund budget for the current year less anticipated receipts from all sources except the additional school district property tax on other than industrial and utility property and the school district income tax.

b. Determine the total assessed valuation of taxable property in the school district for the current calendar year, and the total state individual income tax and school district income tax collected from the district as shown on the individual tax returns of individuals residing in the school district on December thirty-first of the most recently completed calendar year or at the time of filing for those on other than a calendar year basis and filing within the most recently completed calendar year. The director of revenue shall report to the state comptroller the amount of state individual income tax and school district income tax collected for the current school year on or about October twentieth of the current school year.

c. Subtract the school district income tax determined in paragraph b of this subsection from the amount obtained in paragraph a of this subsection. The millage rate necessary to raise this net amount if spread at a uniform rate over all taxable property in the district

## Committee of the Whole

is the additional school district property tax for other than industrial and utility property, to be levied in the current school year.

d. Determine the amount to be raised by the tax to be levied under the provisions of paragraph c of this subsection, and determine an amount which is in a ratio of thirty-five to sixty-five with that amount. The second amount is the amount to be raised by the school district income surtax. Divide this amount by the amount of state individual income tax determined in paragraph b of this subsection to determine the surtax to be imposed on the incomes earned during the current calendar year. However, the surtax rate shall not exceed fifty percent, and any part of the net amount to be raised under this paragraph which cannot be raised by a surtax of fifty percent or less, shall be added to the amount to be raised under paragraph c of this subsection. The state comptroller shall certify to the director of revenue on or about June first of each year or as soon as possible if the school budget is subject to an election as provided in section eighteen (18) of this Act, the surtax to be imposed for each school district on the incomes earned during that year of all individuals residing in the school district on December thirty-first of the current calendar year, or at the time of filing for those on other than a calendar year basis and filing within the current calendar year.

7. Page 12, strike lines 10 through 35, strike page 13, and strike lines 1 through 25 on page 14.

8. Page 12, insert after line 9 the following new section:

**Sec. 17. REFERENDUM ON EXCESS EXPENDITURES.** If the general fund budget of any school district includes expenditures of more than one hundred ten percent of the state average general fund expenditure per pupil in average daily membership, the school board shall submit to the voters of the school district at the next regular school election, the question of whether the excess expenditures are acceptable to the voters, or whether the school board shall be directed to reduce expenditures or reorganize the district. The question submitted to the voters shall state clearly the percentage by which the budgeted general fund expenditures exceed the state average general fund expenditure per pupil, and shall require the voters to state whether the school board shall be directed to reorganize the district unless the budgeted general fund expenditures for the following school year are reduced.

If a majority of those voting favors reorganization of the school district unless general fund expenditures are reduced, and if the budgeted general fund

## Committee of the Whole

expenditures for the next following school year are more than one hundred ten percent of the state average general fund expenditures per pupil in average daily membership, the school board shall again submit to the voters of the school district, at the regular school election during that year, the question of whether the excess expenditures are acceptable to the voters, or whether the school board shall be required to reduce expenditures or reorganize the district. The question submitted to the voters shall state clearly the percentage by which the school district's budgeted general fund expenditures exceed the state average general fund expenditure per pupil, and shall require the voters to state whether the school board shall be required to reorganize the school district unless the expenditures are reduced.

If a majority of those voting favors requiring reorganization of the school district unless general fund expenditures are reduced, and if the school board is unable to reduce the budgeted general fund expenditures for the next following school year to less than one hundred ten percent of the state average general fund expenditures per pupil, the school board shall, prior to July first following the second election, submit to the county board of education a plan for reorganization as provided in chapter two hundred seventy-five (275) of the Code, and the county board shall proceed to carry out a reorganization of the school district under the provisions of chapter two hundred seventy-five (275) of the Code. However, the petition of the voters required in section two hundred seventy-five point twelve (275.12), subsection one (1), of the Code, is not required, but the petition shall be made by the board of directors of the school district. The plan submitted by the school board may be modified by the county board of education. In making a determination of division of assets and liabilities after reorganization, as provided in section two hundred seventy-five point twenty-nine (275.29) of the Code, the boards shall, if practicable, assign bonded indebtedness to the school district which retains the use of the buildings for which the bonded indebtedness was incurred.

 3 strike pages 6, 7, 8, and strike lines 1 through 30,  
 4 page 9, and insert in lieu thereof the following:

5 Sec. 7. ALLOWABLE GROWTH. To determine the total  
 6 allowable growth in dollars for each school district

7 each year, the state comptroller shall add together  
8 the following amounts:

9 1. The percent of increase or decrease in taxable  
10 property in the district for the current calendar year  
11 over the last preceding calendar year, multiplied by  
12 the part of the district's allowable general fund bud-  
13 get for the last preceding school year which was raised  
14 by property taxes.

15 2. The percentage growth factor for the state, as  
16 determined in section six (6) of this Act, multiplied  
17 by the part of the district's allowable general fund  
18 budget for the last preceding school year which was  
19 raised by state aid.

20 Sec. 8. MAXIMUM GENERAL FUND BUDGET AND ADDI-  
TIONAL  
21 SCHOOL DISTRICT PROPERTY TAX LEVY. The state comp-  
troller

22 shall determine the additional school district property  
23 tax levy, which is in addition to the foundation property  
24 tax levy, as follows:

25 1. The district cost per student for the current  
26 school year ending June thirtieth each year, plus the  
27 allowable growth in dollars, shall determine the dis-  
28 trict cost per student for the school year beginning  
29 July first each year.

30 2. The district cost per student multiplied by the  
31 estimated fall enrollment for the school year beginning  
32 July first each year, shall determine the maximum general  
33 fund budget for the district.

34 3. Subject to the maximum millage in section ten  
35 (10) of this Act, the maximum general fund budget of  
36 the district less the amounts to be received from the  
37 school foundation property tax and from state aid shall  
38 determine the amount to be raised by the additional  
39 school district property tax levy.

40 No later than December first of each year the state  
41 comptroller shall notify the county auditor of each  
42 county the amount, both in dollars and mills, of the  
43 additional property tax levy. The county auditor or  
44 auditors shall spread the additional property tax levy  
45 over all the property in the school district.

46 Sec. 9. SPECIAL FUNDS. A school district which  
47 has unique and unusual circumstances which cause its  
48 anticipated general fund expenditures to exceed its  
49 maximum general fund budget may apply to the school  
50 budget review committee for an allotment of any special  
51 funds appropriated for this purpose.

52 Sec. 10. MAXIMUM MILLAGE LEVY. For the purpose  
53 of determining the maximum millage a school district  
54 may cause to be levied without a referendum, for school  
55 years subsequent to the 1972-1973 school year, the  
56 state comptroller shall determine the sum of the foun-  
57 dation property tax levy and the additional property  
58 tax levy, in mills. When this total millage rate exceeds

59 the district general fund levy in mills for the school  
 60 year which began July 1, 1972, he shall adjust the  
 61 district general fund budget so that the millage levy  
 62 is equal to the millage levy for the school year  
 63 beginning July 1, 1972, unless the district votes to  
 64 accept the additional budgeted amount as provided in  
 65 section eleven (11) of this Act.

66 Sec. 11. REFERENDUM. If a school district exceeds  
 67 its maximum millage as provided in section ten (10)  
 68 of this Act, the school board shall submit to the voters  
 69 of the school district, at a special election called  
 70 for that purpose, the question of whether the board  
 71 shall limit its budget as adjusted by the comptroller,  
 72 or shall adopt the budget as proposed. The question  
 73 submitted to the voters shall state clearly the excess  
 74 school district property tax rate and the school district  
 75 income tax rate which will result if the board adopts  
 76 the budget as proposed, and shall state that the same  
 77 rate of excess property tax and income tax may be imposed  
 78 for two years.

79 If a majority of those voting favors limiting the  
 80 budget, the board of directors of the school district  
 81 shall alter its budget as adjusted by the state  
 82 comptroller, and shall certify the corrected budget  
 83 to the county auditor and the state comptroller.

84 If a majority of those voting favors adoption of  
 85 the budget as proposed, the excess amount shall be  
 86 raised by a combination of property tax and school  
 87 district income tax, as in section twelve (12) of this  
 88 Act.

89 Sec. 12. SCHOOL DISTRICT PROPERTY TAX AND INCOME  
 90 TAX ON BUDGET EXCESS. If the voters of a school district  
 91 favor the adoption of a budget which contains a millage  
 92 levy in excess of the maximum millage provided in section  
 93 ten (10) of this Act, the state comptroller shall  
 94 determine the remaining school district property tax  
 95 and the school district income tax, based on the excess  
 96 amount needed, as follows:

97 1. Determine the total assessed valuation of tax-  
 98 able property in the school district for the 1972  
 99 calendar year, the total Iowa net income as defined  
 100 in section four hundred twenty-two point seven (422.7)  
 101 of the Code, and the total amount of state individual  
 102 income tax as shown on the individual tax returns of  
 103 individuals residing in the school district on December  
 104 31, 1971, or at the time of filing for those on other  
 105 than a calendar year basis and included in the depart-  
 106 ment of revenue 1971 income tax annual statistical re-  
 107 port. The director of revenue shall certify to the  
 108 state comptroller on or before May 1, 1973, the total  
 109 Iowa net income and total state income tax of individuals  
 110 residing in each school district on December 31, 1971.

111 2. Add the total amounts of Iowa net income in the  
 112 district and the total assessed valuation of taxable

113 property in the district as determined in subsection  
 114 one (1) of this section, and divide the sum into the  
 115 excess amount needed. The quotient obtained multiplied  
 116 by one thousand is the millage rate to be levied in  
 117 excess of the maximum millage for school general fund  
 118 purposes for the current school year and the next  
 119 following school year. Multiply the quotient obtained  
 120 by the total amount of Iowa net income and divide the  
 121 result by the amount of the total state income tax for  
 122 the district as determined in subsection one (1) of  
 123 this section. The final quotient obtained is the rate  
 124 of school district income tax and is hereby imposed  
 125 as a surtax on the amount of state income tax paid on  
 126 incomes earned in the year of imposition, and in the  
 127 following year. After the taxes determined under this  
 128 section have been imposed for two years, a district  
 129 must hold another election and recompute the tax rate  
 130 if it votes to exceed its maximum millage.

131 2. Strike section 8, including lines 2 through 35,  
 132 inclusive, page 13, and lines 1 through 25, inclusive,  
 133 page 14, and insert in lieu thereof the following:

134 If a school board applies to the school budget review  
 135 committee for an allotment of special funds the committee  
 136 may make an allotment from any funds appropriated  
 137 specifically for this purpose, making allowance for  
 138 prorating the appropriated funds among the districts  
 139 who apply, in proportion to their needs. The committee,  
 140 in determining whether to grant special funds, shall  
 141 consider unique and unusual circumstances including,  
 142 but not limited to, unusual increases or decreases in  
 143 enrollments, natural disasters, unusual transportation  
 144 problems, and initial staffing problems, and shall grant  
 145 permission for the election only if unique and unusual  
 146 circumstances exist in the district.

147 The school budget review committee may call in any  
 148 county board of education or joint county board of  
 149 education for the purpose of reviewing its budget as  
 150 it relates to the individual districts within the county.

151 3. Renumber sections and correct internal references  
 152 to section numbers as necessary.

KREAMER of Polk, District 63  
 VARLEY of Adair, District 84

1 Amend House File 654 as follows:

2 1. Strike all of pages 2 through 13, inclusive,  
 3 and lines 1 through 25 of page 14, and insert in lieu  
 4 thereof the following:

5 Section 1. STATE SCHOOL FOUNDATION PROGRAM. This  
 6 Act establishes a state school foundation program.  
 7 Each school district in the state is entitled to receive  
 8 per pupil in fall enrollment state school foundation  
 9 aid, which shall be the amount equal to the difference  
 10 between the foundation property tax plus miscellaneous  
 11 income in the district, and the state foundation base.

12 Sec. 2. STATE FOUNDATION BASE. The state foundation  
13 base for school years beginning after July 1, 1972,  
14 shall be as follows:

15 1. For the school year beginning July 1, 1972,  
16 seventy percent of the state cost per student.

17 2. For the school year beginning July 1, 1973,  
18 seventy-five percent of the state cost per student.

19 3. For the school year beginning July 1, 1974, and  
20 all subsequent school years, eighty percent of the  
21 state cost per student.

22 Sec. 3. STATE COST PER STUDENT. The state cost  
23 per student for the school year beginning July 1, 1971,  
24 shall be nine hundred twenty dollars. The state cost  
25 per student for the school year beginning on July 1,  
26 1972, and for each succeeding school year shall have  
27 added to the previous year's state cost per student  
28 the dollar equivalent of the state percent of allowable  
29 growth limited to a maximum amount of forty-six dollars  
30 for the school year beginning on July 1, 1972, forty-  
31 eight dollars for the school year beginning on July  
32 1, 1973, and fifty-one dollars for the school year  
33 beginning on July 1, 1974.

34 The state percent of allowable growth is the percent  
35 of increase in revenue computed on a statewide basis  
36 for the sales and use taxes and the individual and cor-  
37 porate income taxes as well as the percent of increase  
38 in assessments for property tax for each year of the  
39 last three years. The sum of the individual percen-  
40 tages thus obtained shall be divided by six to arrive  
41 at the percent of allowable growth for the state. In  
42 making such computations the comptroller shall adjust  
43 for changes in rates or basis of the income tax or  
44 sales and use tax and for statewide changes in assess-  
45 ment practices. He shall thereupon certify the percent  
46 of allowable growth per pupil to the several school  
47 districts of the state on or before February fifteenth  
48 of each year. For the purpose of this subsection,  
49 "year" means calendar year.

50 If the percent of allowable growth of the state  
51 should be less than zero, the previous year's state  
52 cost per student shall prevail the following year.

53 Sec. 4. FOUNDATION PROPERTY TAX. The maximum state  
54 foundation property tax levy shall be:

55 1. For the school year beginning July 1, 1972, and  
56 for the school year beginning July 1, 1973, twenty-seven  
57 and one-half mills per dollar of assessed valuation  
58 on all taxable property in the district as of January  
59 1, 1972, and as of January 1, 1973, respectively.

60 2. For the school year beginning July 1, 1974, and  
61 all subsequent school years, thirty mills per dollar  
62 of assessed valuation on all taxable property in the  
63 district as of January 1, 1974, and on each subsequent  
64 January thereafter.

65 If a school district can meet its general fund budget

66 or the state foundation base by a levy on the assessed  
67 valuation on all taxable property in the district less  
68 than specified in this section, it shall levy only the  
69 lesser amount needed.

70 No later than December first of each year the state  
71 comptroller shall notify the county auditor of each  
72 county the amount, both in dollars and mills, of the  
73 foundation property tax levy. The county auditor or  
74 auditors shall spread the foundation property tax over  
75 all the taxable property in the school district.

76 Sec. 5. DISTRICT COST PER STUDENT. The district  
77 cost per student beginning July first each year is the  
78 allowable growth in dollars limited to the maximum  
79 amounts defined in section four (4) of this Act, added  
80 to the actual cost per student of the district for the  
81 current year ending June thirtieth.

82 Sec. 6. FALL ENROLLMENT. Fall enrollment shall  
83 be determined by adding the resident pupils who are  
84 enrolled on the second Friday of September of each year  
85 in public elementary and secondary schools of the  
86 district, and in special education schools for which  
87 tuition is paid by the district whether the special  
88 education school is conducted by a county board of  
89 education or another school district. Each school  
90 district shall certify to the state department of public  
91 instruction by September twenty-fifth of each year the  
92 fall enrollment in the school districts, and such fall

94 the state comptroller.

95 Sec. 7. ADDITIONAL SCHOOL DISTRICT PROPERTY TAX  
96 LEVY. The state comptroller shall determine the addi-

98 addition to the foundation property tax levy, as follows:

99 1. The district cost per student for the current  
100 school year ending June thirtieth each year, plus the  
101 allowable growth in dollars, shall determine the dis-  
102 trict cost per student for the school year beginning  
103 July first each year.

104 2. The district cost per student multiplied by the  
105 estimated fall enrollment for the school year beginning  
106 July first each year, shall determine the maximum gen-  
107 eral fund budget for the district.

108 3. The state foundation base subtracted from the  
109 general fund budget of the district for the school year  
110 beginning July 1, 1972, shall determine the amount  
111 needed to be raised by the additional school district  
112 property tax levy.

113 No later than December first of each year, the state  
114 comptroller shall notify the county auditor of each  
115 county as to the amount, both in dollars and mills,  
116 of the additional property tax levy. The county audi-  
117 tor or auditors shall spread the additional property  
118 tax levy over all the property in the school district.

119 Sec. 8. MAXIMUM MILLAGE LEVY. For the purpose of

120 determining the maximum millage levy in a school district  
121 the state comptroller shall determine the sum  
122 of the foundation property tax levy and the additional  
123 property tax levy, in mills. When this total millage  
124 rate exceeds the district general fund levy in mills  
125 for the school year which began July 1, 1970, he shall  
126 adjust the district general fund budget to the millage  
127 levy equal to the millage levy for the school year  
128 beginning July 1, 1970.

129 Sec. 9. GUARANTEED STATE AID. For the school year  
130 beginning July 1, 1972, and for that year only, the  
131 state will provide specific funds, called guaranteed  
132 state aid, to any school district to insure that its  
133 total general fund millage excluding the millage that  
134 could be raised under section thirteen (13) of this  
135 Act will not exceed that of the school year beginning  
136 July 1, 1970.

137 There is hereby appropriated from the general fund  
138 of the state to the department of public instruction  
139 funds sufficient to pay the guaranteed state aid. The  
140 state comptroller shall pay this aid no later than May  
141 15, 1973.

142 Sec. 10. MISCELLANEOUS INCOME. Miscellaneous income  
143 is all revenues of a school district general fund budget,  
144 exclusive of the state foundation property tax, the  
145 state foundation aid, guaranteed state aid, and the  
146 additional school district property tax levy.

147 Sec. 11. SCHOOL BUDGET REVIEW COMMITTEE. There  
148 is hereby established a school budget review committee,  
149 hereafter referred to as the committee, which shall  
150 consist of the superintendent of public instruction,  
151 the state comptroller, and three members appointed by  
152 the governor to represent the public and to serve three-  
153 year staggered terms. Those serving as public members  
154 on the effective date of this Act shall continue to  
155 serve out their unexpired terms. The committee shall  
156 meet and hold hearings each year in May in Des Moines  
157 for purposes of authorizing a school district to propose  
158 a budget exceeding the limitations of section nine (9)  
159 of this Act, and shall continue in session until it  
160 has reviewed budgets of school districts, as provided  
161 in section thirteen (13) of this Act. It may call in  
162 school board members and employees as necessary for  
163 the hearings. Legislators shall be notified of hearings  
164 concerning school districts in their constituencies.

165 The committee shall adopt its own rules of procedure.  
166 The superintendent of public instruction shall serve  
167 as chairman, and the state comptroller shall serve as  
168 secretary. The committee members representing the  
169 public shall be entitled to receive a per diem equal  
170 to the per diem of members of the board of public  
171 instruction and their necessary travel and other expenses  
172 while engaged in their official duties. Expense payments  
173 shall be made from appropriations to the department

174 of public instruction.

175 Sec. 12. DUTIES OF THE COMMITTEE.

176 1. The school budget review committee may recommend  
177 the revision of any rules, regulations, directives,  
178 or forms relating to school district budgeting and  
179 accounting, confer with local school boards or their  
180 representatives and make recommendations relating to  
181 any budgeting or accounting matters, and may direct  
182 the superintendent of public instruction or the state  
183 comptroller to make studies and investigations of school  
184 costs in any school district whose budget has been  
185 submitted to the committee. The committee shall report  
186 to each session of the general assembly, which report  
187 shall include any recommended changes in laws relating  
188 to school districts, and shall set out the number of  
189 hearings held pursuant to this Act, the reasons for  
190 any authorized increases in school costs, and other  
191 information as the committee deems advisable.

192 2. The committee may review the budget of any school  
193 district as follows:

194 a. If the budget or proposed budget shows district  
195 costs per student in fall enrollment of more than the  
196 state cost per student.

197 b. If the total general fund budget or proposed  
198 budget has increased over the previous year by a percent  
199 greater than the percentage growth factor computed by  
200 the state comptroller as provided in section four (4)  
201 of this Act.

202 c. If in the judgment of the committee, the proposed  
203 budget shows total general fund expenditures to be  
204 unreasonably high in relation to the comparative cost  
205 factors of the school district, even if the expenditures  
206 do not exceed the state cost per student for the year.

207 3. The committee may authorize for the local school  
208 board a school budget in excess of limitations provided  
209 for in section four (4) of this Act as follows:

210 a. The additional school district property tax levy  
211 may be increased up to three mills for general fund  
212 purposes over the limitation provided in section nine  
213 (9) of this Act.

214 b. Additional supplemental state aid may be made  
215 to any district from any discretionary funds appropri-  
216 ated specifically to the committee for this purpose.

217 If the committee does not authorize for the local  
218 school boards the school district's budget, it shall  
219 state its recommendations in terms of a specific reduc-  
220 tion in the general fund expenditures included in the  
221 budget, and in terms of the projected reduction in the  
222 tax rate of the school district, as determined under  
223 section nine (9) of this Act, and shall notify the  
224 local school board of its recommendations through the  
225 state comptroller.

226 If the school budget review committee makes a recom-  
227 mendation, the school board shall follow the recommen-

228 dation or shall submit to the voters of the school district,  
229 at the regular election or at a special election  
230 called for that purpose, the question of whether the  
231 board shall adopt the recommendations of the budget  
232 review committee, or shall approve the budget as pro-  
233 posed. The question submitted to the voters shall  
234 state clearly the projected difference in the tax rate  
235 of the school district which will result if the board  
236 adopts the recommendations of the school budget review  
237 committee, and of the budget proposed.

238 If a majority of those voting favors adoption of  
239 the recommendation of the school budget review committee,  
240 the board of directors of the school district shall  
241 revise its budget and records as recommended.  
242 The school board shall certify the result of an  
243 election required under this section to the school  
244 budget review committee, to the county auditor, and  
245 to the state comptroller, within ten days following  
246 the election.

247 The committee, when authorizing school budgets in  
248 excess of limitations provided in this Act, shall con-  
249 sider each district's circumstances and facts which  
250 are unique and unusual. Such unique and unusual circum-  
251 stances and facts may be considered by the committee,  
252 including but not limited to any unusual increases or  
253 decreases in enrollments, natural disasters, unusual  
254 transportation problems, and initial staffing problems.

255 Failure by any school district to provide information  
256 or appear before the committee as requested for the  
257 accomplishment of review or hearing shall constitute  
258 justification for the committee to instruct the state  
259 comptroller to withhold any state aid to that district  
260 until the committee's inquiries are satisfied completely.

261 Sec. 13. COUNTY BOARD REVIEW. The school budget  
262 review committee may call in any county board of edu-  
263 cation for the purpose of reviewing its budget as it  
264 relates to the individual districts within the county.

265 Sec. 14. APPROPRIATIONS. There is hereby appro-  
266 priated each year from the general fund of the state  
267 an amount necessary to pay the state school foundation  
268 aid.

269 All state aids paid under sections one (1) through  
270 twenty (20), inclusive, of this Act, unless otherwise  
271 stated shall be in installments due on or about Septem-  
272 ber 15, December 15, March 15, and May 15 of each year,  
273 and the installments shall be as nearly equal as pos-  
274 sible as determined by the state comptroller, taking  
275 into consideration the relative budget and cash position  
276 of the state resources.

277 All moneys received by a school district from the  
278 state under the provisions of this Act, including the  
279 guaranteed state aid, shall be deposited in the general  
280 fund of the school district.

281 Sec. 15. TENTATIVE BUDGET. Not later than December

282 first for each ensuing fiscal year, the board of direc-  
283 tors of each school district shall set a tentative bud-  
284 get in dollars of the amount the district may spend  
285 on each program in the system as defined by the school  
286 budget review committee and in the forms so prescribed.  
287 This prospectus of program and allotted dollars as  
288 approved by the board shall guide the superintendent  
289 when preparing the proposed budget for that year. These  
290 limitations submitted by the board of directors to the  
291 superintendent of schools for the district shall be  
292 promptly forwarded to the committee.

293 Sec. 16. MAXIMUM MILLAGE REDUCTION. If the func-  
294 tioning of the state foundation program as provided  
295 in this Act causes a yearly reduction in excess of ten  
296 percent in a school district's total millage for  
297 the general fund for the school year beginning July  
298 1, 1972, based on the total millage for the general  
299 fund for the school year beginning July 1, 1970, then  
300 the reduction shall be limited to a ten percent reduction  
301 each successive year and the limitation shall be com-  
302 puted by the state comptroller with notification to  
303 the local school board.

304 For the school years beginning July 1, 1975, and  
305 later there will be no maximum millage reduction in  
306 any school district.

307 Sec. 17. ESTIMATES OF MISCELLANEOUS AIDS. No later  
308 than September first of each year, the department of  
309 public instruction shall certify to the state comp-  
310 troller the amounts of any state aids other than the  
311 amounts provided in this Act that will be received by  
312 each school district in the state. In the event any  
313 estimate of state aids in any school budget certified  
314 to the auditor as provided by section twenty-four point  
315 seventeen (24.17) of the Code is more or less than the  
316 amount of state aids certified to the state comptroller  
317 by the department of public instruction as provided  
318 by this section, the state comptroller shall certify  
319 to the county auditors the final millage for each school  
320 district.

321 Sec. 18. RULES AND REGULATIONS. The superintendent  
322 of public instruction, after consultation with the state  
323 comptroller, may adopt rules and regulations and defini-

## Committee of the Whole

Drake of Muscatine, District 71, asked and received unanimous consent to withdraw his motion.

Drake of Muscatine, District 71, moved that the House resolve itself into a committee of the whole to resume consideration of **House File 654**, a bill for an act relating to state aid for schools, school district property taxes, imposing a school district income tax including withholding tax, providing administration by the director of revenue, adopting provisions relating to the state individual income tax, including penalties, and increasing the state sales and use tax, and for the purpose of considering school aid, and that the Speaker of the House preside as chairman of the committee.

Shaw of Scott, District 78, offered the following amendment filed by Shaw, et al.:

Amend House File 654 as follows:

1. Strike all of pages 2 through 13, inclusive, and lines 1 through 25 of page 14, and insert in lieu thereof the following:

Section 1. STATE SCHOOL FOUNDATION PROGRAM. This Act establishes a state school foundation program. Each school district in the state is entitled to receive per pupil in fall enrollment state school foundation aid, which shall be the amount equal to the difference between the foundation property tax plus miscellaneous income in the district, and the state foundation base.

Sec. 2. STATE FOUNDATION BASE. The state foundation base for school years beginning after July 1, 1972, shall be as follows:

1. For the school year beginning July 1, 1972, seventy percent of the state cost per student.
2. For the school year beginning July 1, 1973, seventy-five percent of the state cost per student.
3. For the school year beginning July 1, 1974, and all subsequent school years, eighty percent of the state cost per student.

Sec. 3. STATE COST PER STUDENT. The state cost per student for the school year beginning July 1, 1971, shall be nine hundred twenty dollars. The state cost per student for the school year beginning on July 1, 1972, and for each succeeding school year shall have added to the previous year's state cost per student the dollar equivalent of the state percent of allowable growth limited to a maximum amount of forty-six dollars for the school year beginning on July 1, 1972, forty-eight dollars for the school year beginning on July 1, 1973, and fifty-one dollars for the school year beginning on July 1, 1974.

The state percent of allowable growth is the percent of increase in revenue computed on a statewide basis

## Committee of the Whole

for the sales and use taxes and the individual and corporate income taxes as well as the percent of increase in assessments for property tax for each year of the last three years. The sum of the individual percentages thus obtained shall be divided by six to arrive at the percent of allowable growth for the state. In making such computations the comptroller shall adjust for changes in rates or basis of the income tax or sales and use tax and for statewide changes in assessment practices. He shall thereupon certify the percent of allowable growth per pupil to the several school districts of the state on or before February fifteenth of each year. For the purpose of this subsection, "year" means calendar year.

If the percent of allowable growth of the state should be less than zero, the previous year's state cost per student shall prevail the following year.

**Sec. 4. FOUNDATION PROPERTY TAX.** The maximum state foundation property tax levy shall be:

1. For the school year beginning July 1, 1972, and for the school year beginning July 1, 1973, twenty-seven and one-half mills per dollar of assessed valuation on all taxable property in the district as of January 1, 1972, and as of January 1, 1973, respectively.

2. For the school year beginning July 1, 1974, and all subsequent school years, thirty mills per dollar of assessed valuation on all taxable property in the district as of January 1, 1974, and on each subsequent January thereafter.

If a school district can meet its general fund budget or the state foundation base by a levy on the assessed valuation on all taxable property in the district less than specified in this section, it shall levy only the lesser amount needed.

No later than December first of each year the state comptroller shall notify the county auditor of each county the amount, both in dollars and mills, of the foundation property tax levy. The county auditor or auditors shall spread the foundation property tax over all the taxable property in the school district.

**Sec. 5. DISTRICT COST PER STUDENT.** The district cost per student beginning July first each year is the allowable growth in dollars limited to the maximum amounts defined in section four (4) of this Act, added to the actual cost per student of the district for the current year ending June thirtieth.

**Sec. 6. FALL ENROLLMENT.** Fall enrollment shall be determined by adding the resident pupils who are enrolled on the second Friday of September of each year in public elementary and secondary schools of the district, and in special education schools for which tuition is paid by the district whether the special

## Committee of the Whole

education school is conducted by a county board of education or another school district. Each school district shall certify to the state department of public instruction by September twenty-fifth of each year the fall enrollment in the school districts, and such fall enrollment information shall be promptly forwarded to the state comptroller.

**Sec. 7. ADDITIONAL SCHOOL DISTRICT PROPERTY TAX LEVY.** The state comptroller shall determine the additional school district property tax levy, which is in addition to the foundation property tax levy, as follows:

1. The district cost per student for the current school year ending June thirtieth each year, plus the allowable growth in dollars, shall determine the district cost per student for the school year beginning July first each year.
2. The district cost per student multiplied by the estimated fall enrollment for the school year beginning July first each year, shall determine the maximum general fund budget for the district.
3. The state foundation base subtracted from the general fund budget of the district for the school year beginning July 1, 1972, shall determine the amount needed to be raised by the additional school district property tax levy.

No later than December first of each year, the state comptroller shall notify the county auditor of each county as to the amount, both in dollars and mills, of the additional property tax levy. The county auditor or auditors shall spread the additional property tax levy over all the property in the school district.

**Sec. 8. MAXIMUM MILLAGE LEVY.** For the purpose of determining the maximum millage levy in a school district the state comptroller shall determine the sum of the foundation property tax levy and the additional property tax levy, in mills. When this total millage rate exceeds the district general fund levy in mills for the school year which began July 1, 1970, he shall adjust the district general fund budget to the millage levy equal to the millage levy for the school year beginning July 1, 1970.

**Sec. 9. GUARANTEED STATE AID.** For the school year beginning July 1, 1972, and for that year only, the state will provide specific funds, called guaranteed state aid, to any school district to insure that its total general fund millage excluding the millage that could be raised under section thirteen (13) of this Act will not exceed that of the school year beginning July 1, 1970.

There is hereby appropriated from the general fund of the state to the department of public instruction funds sufficient to pay the guaranteed state aid. The

## Committee of the Whole

state comptroller shall pay this aid no later than May 15, 1973.

Sec. 10. MISCELLANEOUS INCOME. Miscellaneous income is all revenues of a school district general fund budget, exclusive of the state foundation property tax, the state foundation aid, guaranteed state aid, and the additional school district property tax levy.

Sec. 11. SCHOOL BUDGET REVIEW COMMITTEE. There is hereby established a school budget review committee, hereafter referred to as the committee, which shall consist of the superintendent of public instruction, the state comptroller, and three members appointed by the governor to represent the public and to serve three-year staggered terms. Those serving as public members on the effective date of this Act shall continue to serve out their unexpired terms. The committee shall meet and hold hearings each year in May in Des Moines for purposes of authorizing a school district to propose a budget exceeding the limitations of section nine (9) of this Act, and shall continue in session until it has reviewed budgets of school districts, as provided in section thirteen (13) of this Act. It may call in school board members and employees as necessary for the hearings. Legislators shall be notified of hearings concerning school districts in their constituencies.

The committee shall adopt its own rules of procedure. The superintendent of public instruction shall serve as chairman, and the state comptroller shall serve as secretary. The committee members representing the public shall be entitled to receive a per diem equal to the per diem of members of the board of public instruction and their necessary travel and other expenses while engaged in their official duties. Expense payments shall be made from appropriations to the department of public instruction.

Sec. 12. DUTIES OF THE COMMITTEE.

1. The school budget review committee may recommend the revision of any rules, regulations, directives, or forms relating to school district budgeting and accounting, confer with local school boards or their representatives and make recommendations relating to any budgeting or accounting matters, and may direct the superintendent of public instruction or the state comptroller to make studies and investigations of school costs in any school district whose budget has been submitted to the committee. The committee shall report to each session of the general assembly, which report shall include any recommended changes in laws relating to school districts, and shall set out the number of hearings held pursuant to this Act, the reasons for any authorized increases in school costs, and other information as the committee deems advisable.

## Committee of the Whole

2. The committee may review the budget of any school district as follows:

a. If the budget or proposed budget shows district costs per student in fall enrollment of more than the state cost per student.

b. If the total general fund budget or proposed budget has increased over the previous year by a percent greater than the percentage growth factor computed by the state comptroller as provided in section four (4) of this Act.

c. If in the judgment of the committee, the proposed budget shows total general fund expenditures to be unreasonably high in relation to the comparative cost factors of the school district, even if the expenditures do not exceed the state cost per student for the year.

3. The committee may authorize for the local school board a school budget in excess of limitations provided for in section four (4) of this Act as follows:

a. The additional school district property tax levy may be increased up to three mills for general fund purposes over the limitation provided in section nine (9) of this Act.

b. Additional supplemental state aid may be made to any district from any discretionary funds appropriated specifically to the committee for this purpose.

If the committee does not authorize for the local school boards the school district's budget, it shall state its recommendations in terms of a specific reduction in the general fund expenditures included in the budget, and in terms of the projected reduction in the tax rate of the school district, as determined under section nine (9) of this Act, and shall notify the local school board of its recommendations through the state comptroller.

If the school budget review committee makes a recommendation, the school board shall follow the recommendation or shall submit to the voters of the school district, at the regular election or at a special election called for that purpose, the question of whether the board shall adopt the recommendations of the budget review committee, or shall approve the budget as proposed. The question submitted to the voters shall state clearly the projected difference in the tax rate of the school district which will result if the board adopts the recommendations of the school budget review committee, and of the budget proposed.

If a majority of those voting favors adoption of the recommendation of the school budget review committee, the board of directors of the school district shall revise its budget and records as recommended. The school board shall certify the result of an election required under this section to the school budget review committee, to the county auditor, and

## Committee of the Whole

to the state comptroller, within ten days following the election.

The committee, when authorizing school budgets in excess of limitations provided in this Act, shall consider each district's circumstances and facts which are unique and unusual. Such unique and unusual circumstances and facts may be considered by the committee, including but not limited to any unusual increases or decreases in enrollments, natural disasters, unusual transportation problems, and initial staffing problems.

Failure by any school district to provide information or appear before the committee as requested for the accomplishment of review or hearing shall constitute justification for the committee to instruct the state comptroller to withhold any state aid to that district until the committee's inquiries are satisfied completely.

**Sec. 13. COUNTY BOARD REVIEW.** The school budget review committee may call in any county board of education for the purpose of reviewing its budget as it relates to the individual districts within the county.

**Sec. 14. APPROPRIATIONS.** There is hereby appropriated each year from the general fund of the state an amount necessary to pay the state school foundation aid.

All state aids paid under sections one (1) through twenty (20), inclusive, of this Act, unless otherwise stated shall be in installments due or about September 15, December 15, March 15, and May 15 of each year, and the installments shall be as nearly equal as possible as determined by the state comptroller, taking into consideration the relative budget and cash position of the state resources.

All moneys received by a school district from the state under the provisions of this Act, including the guaranteed state aid, shall be deposited in the general fund of the school district.

**Sec. 15. TENTATIVE BUDGET.** Not later than December first for each ensuing fiscal year, the board of directors of each school district shall set a tentative budget in dollars of the amount the district may spend on each program in the system as defined by the school budget review committee and in the forms so prescribed. This prospectus of program and allotted dollars as approved by the board shall guide the superintendent when preparing the proposed budget for that year. These limitations submitted by the board of directors to the superintendent of schools for the district shall be promptly forwarded to the committee.

**Sec. 16. MAXIMUM MILLAGE REDUCTION.** If the functioning of the state foundation program as provided in this Act causes a yearly reduction in excess of ten percent in a school district's total millage for

## Committee of the Whole

the general fund for the school year beginning July 1, 1972, based on the total millage for the general fund for the school year beginning July 1, 1970, then the reduction shall be limited to a ten percent reduction each successive year and the limitation shall be computed by the state comptroller with notification to the local school board.

For the school years beginning July 1, 1975, and later there will be no maximum millage reduction in any school district.

Sec. 17. ESTIMATES OF MISCELLANEOUS AIDS. No later than September first of each year, the department of public instruction shall certify to the state comptroller the amounts of any state aids other than the amounts provided in this Act that will be received by each school district in the state. In the event any estimate of state aids in any school budget certified to the auditor as provided by section twenty-four point seventeen (24.17) of the Code is more or less than the amount of state aids certified to the state comptroller by the department of public instruction as provided by this section, the state comptroller shall certify to the county auditors the final millage for each school district.

Sec. 18. RULES AND REGULATIONS. The superintendent of public instruction, after consultation with the state comptroller, may adopt rules and regulations and definitions of terms as necessary and proper for the administration of sections one (1) through twenty (20), inclusive, of this Act.

Sec. 19. LOCAL BUDGET LAW. Provisions of chapter twenty-four (24) of the Code shall apply to this Act.

Sec. 20. EFFECTIVE DATE OF THIS ACT. The effective date of this Act is July 1, 1972, unless otherwise provided.

This additional tax shall be in lieu of all taxes imposed by section 429.2 on the property therein described of individuals, administrators, executors, guardians, conservators, trustees or an agent or nominee thereof.

Sec. 21. Section four hundred twenty-two point thirty-three (422.33), unnumbered paragraphs two (2), three (3) and four (4), Code 1971, are amended as follows:

59 any property, trust, or other source within this  
60 state, including any business, trade, profession,

362 not derived from sources within this state, and an  
363 income tax has been imposed on it and paid to another  
364 state or territory of the United States, or the  
365 District of Columbia.

366 4. The taxpayer shall determine the percentage  
367 that income allocable to Iowa is of adjusted gross  
368 income.

369 5. The Iowa income tax as computed under section  
370 twenty-nine (29) of this Act multiplied by the  
371 percentage determined in subsection four (4) of this  
372 section is the net payable Iowa income tax.

373 Sec. 31. Every individual who receives income  
374 allocable to Iowa during a taxable year, and who is  
375 required to file a federal income tax return for that  
376 taxable year, shall complete, sign, and file an Iowa  
377 individual income tax return.

378 If an individual is unable to make his own return,  
379 the return shall be made by an agent, guardian, or  
380 other person charged with the care of the person or  
381 property of the individual.

382 Sec. 32. Every fiduciary shall complete, sign,  
383 and file an Iowa fiduciary income tax return for any  
384 individual, estate, or trust for which he acts, if  
385 the individual, estate, or trust receives income  
386 allocable to Iowa during a taxable year and is required  
387 to file a federal fiduciary tax return for that taxable  
388 year.

389 Sec. 33. The director may require any individual  
390 or fiduciary required to file an Iowa individual or  
391 fiduciary income tax return for any taxable year,  
392 to also furnish a true copy of any federal income  
393 tax return filed for that taxable year. Every  
394 individual and fiduciary shall notify the director  
395 in writing of any modification of his taxable income  
396 upon which a computation of Iowa income tax has been  
397 based. A statement of the facts shall accompany this  
398 notice, which shall be filed within thirty days after  
399 the modification, at which time the taxpayer shall  
400 pay any additional Iowa income tax resulting from  
401 a change in taxable income, or shall be entitled to  
402 a refund of any excess Iowa income tax paid.

403 Sec. 34. If the federal income tax liability of  
404 husband or wife is determined on separate federal  
405 returns, their Iowa tax liabilities imposed by this  
406 division shall be separately determined.

407 If the federal income tax liability of husband  
408 and wife is determined on a joint federal return,  
409 their Iowa tax liability imposed by this division  
410 shall be determined on the basis of their joint federal  
411 tax liability.

412 Sec. 35. The director shall provide a simplified  
413 return for reporting the Iowa income tax imposed on  
414 individuals by this division. In addition to the  
415 simplified individual income tax return, the director  
416 shall prescribe and supply forms for all necessary  
417 state income tax returns. State forms shall conform  
418 to federal income tax return forms, so far as  
419 practicable. Failure to receive or obtain a form  
420 does not relieve any taxpayer from the obligation  
421 to make a return and pay the tax imposed by this  
422 chapter. The individual income tax return form shall  
423 provide space for indicating the county and the school  
424 district of the taxpayer's residence, and his adjusted  
425 gross income and income allocable to Iowa. A return  
426 which does not include this information is an  
427 incomplete return.

428 A taxpayer may show amounts on his Iowa income  
429 tax return in whole dollar amounts in the same manner  
430 as permitted under section six thousand one hundred  
431 two (6102) of the Internal Revenue Code, and the  
432 regulations issued under that section.

433 Sec. 36. Net payable Iowa income tax due shall  
434 be paid in full at the time of filing the return.  
435 Iowa income tax returns and the net payable Iowa  
436 income tax shall be due and payable and shall become  
437 delinquent on or before the last day of the fourth  
438 month after the expiration of the taxable year. In  
439 case of sickness, absence, or other disability, or  
440 whenever good cause exists, the director may allow  
441 further time for filing returns.

442 When a taxpayer is permitted to file a late return,  
443 interest at the rate of six percent per annum on the  
444 total tax due, from the time when the return became  
445 delinquent, shall be added and paid.

446 Sec. 37. Section four hundred twenty-two point  
447 sixteen (422.16), subsections eight (8), nine (9),  
448 and subsection eleven (11), paragraphs "a" and "e",  
449 Code 1971, are amended as follows:

450 8. An employer or withholding agent shall be  
451 liable for the payment of the tax required to be  
452 deducted and withheld or the amount actually deducted,  
453 whichever is greater, under subsections 1 and 12 of  
454 this section; and any amount deducted and withheld  
455 as tax under subsections 1 and 12 of this section  
456 during any calendar year upon the wages of any

457 employee, nonresident, or other person shall be allowed  
458 as a credit to the employee, nonresident, or other  
459 person against the tax imposed by [section 422.5] *this*  
460 *division*, irrespective of whether or not such tax  
461 has been, or will be, paid over by the employer or  
462 withholding agent to the department as provided by  
463 this chapter.

464 9. The amount of any overpayment of the individual  
465 income tax liability of the employee taxpayer,  
466 nonresident, or other person which may result from  
467 the withholding and payment of withheld tax by the  
468 employer or withholding agent to the department under  
469 subsections 1 and 12 hereof, as compared to the  
470 individual income tax liability of the employee  
471 taxpayer, nonresident, or other person properly and  
472 correctly determined under the provisions of [section  
473 422.4, to and including section 422.25] *this division*;  
474 may be credited against any income tax or installment  
475 thereof then due the state of Iowa and any balance  
476 of one dollar or more shall be refunded to the employee  
477 taxpayer, nonresident or other person with interest  
478 at six percent per annum, such interest to begin to  
479 accrue forty-five days after the date the return was  
480 due to be filed or was filed, whichever is the later  
481 date. Amounts less than one dollar shall be refunded  
482 to the taxpayer, nonresident, or other person only  
483 upon written application, in accordance with section  
484 422.74, only if such application is filed within  
485 twelve months after the due date of the return.  
486 Refunds in the amount of one dollar or more provided  
487 for by this subsection shall be paid by the state  
488 treasurer by means of warrants drawn by the comptroller  
489 at the direction of the director, or an authorized  
490 employee of the department, and the taxpayer's return  
491 of income shall constitute a claim for refund for  
492 this purpose, except in respect to amounts of less  
493 than one dollar. There is hereby appropriated, out  
494 of any funds in the state treasury not otherwise  
495 appropriated, a sum sufficient to carry out the  
496 provisions of this subsection.

497 11. a. Every person or married couple filing  
498 a joint return shall make a declaration of estimated  
499 tax if his or their Iowa income tax attributable to  
500 income other than wages subject to withholding can  
501 reasonably be expected to amount to fifty dollars  
502 or more for the taxable year, except that, in the  
503 cases of farmers and fishermen, the exceptions provided  
504 in the Internal Revenue Code [of 1954] with respect  
505 to such declarations shall apply. The declaration  
506 [provided for herein] shall be filed [on or before the  
507 last day of the fourth month of the taxpayer's tax  
508 year for which such declaration is filed] *at the same*  
509 *time as the Iowa income tax return for the same taxable*  
510 *year*, in such form as the director may require by

511 regulations. The estimated tax shall be paid in  
512 quarterly installments. The first installment shall  
513 be paid at the time of filing the declaration. The  
514 other installments shall be paid [on or before June  
515 30, September 30, and January 31] *at the same time*  
516 *as installments are required to be paid under the*  
517 *Internal Revenue Code*. However, at the election of  
518 the person or married couple filing jointly, any  
519 installment of the estimated tax may be paid prior  
520 to the date prescribed for its payments. Whenever  
521 a person or married couple filing a joint return have  
522 reason to believe that his or their Iowa income tax  
523 may increase or decrease, either for purposes of  
524 meeting the requirement to file a declaration of  
525 estimated tax or for the purpose of increasing or  
526 decreasing such declaration, an amended estimate shall  
527 be filed by him or them to reflect such increase or  
528 decrease in estimated Iowa income tax.

529 e. Any amount of tax paid on a declaration of  
530 estimated tax shall be a credit against the amount  
531 of tax found payable on a final, completed return,  
532 as provided in subsection 9 hereof, relating to the  
533 credit for the tax withheld against the tax found  
534 payable on a return properly and correctly prepared  
535 under the provisions of [section 422.5, to and includ-  
536 ing section 422.25] *this division*, and any overpayment  
537 of one dollar or more shall be refunded to the taxpayer  
538 and such return shall constitute a claim for refund  
539 for this purpose. Amounts less than one dollar shall  
540 be refunded to the taxpayer only upon written  
541 application in accordance with section 422.74, but  
542 only if such application is filed within twelve months  
543 after the due date for the return. The civil penalties  
544 provided by the Internal Revenue Code [of 1954] for  
545 failure to file a declaration or for underpayment  
546 of the tax payable shall apply to persons required  
547 to file declarations and make payments of estimated  
548 tax under the provisions of this section. Underpayment  
549 of estimated tax shall be determined in the same  
550 manner as provided under the provisions of the Internal  
551 Revenue Code [of 1954] and the exceptions therein  
552 provided shall also apply.

Kreamer of Polk, District 63, asked and received unanimous consent to withdraw the Kreamer-Varley amendment filed on April 27, 1971, and found on pages 1127 to 1130 of the House Journal.

Kreamer of Polk, District 63, offered the following amendment filed by him and Varley of Adair, District 84:

Amend House File 654 as follows:

1. Page 5, strike lines 23 through 35, inclusive, strike pages 6, 7, 8, and strike lines 1 through 30, page 9, and insert in lieu thereof the following:

Sec. 7. **ALLOWABLE GROWTH.** To determine the total allowable growth in dollars for each school district each year, the state comptroller shall add together the following amounts:

1. The percent of increase or decrease in taxable property in the district for the current calendar year over the last preceding calendar year, multiplied by the part of the district's allowable general fund budget for the last preceding school year which was raised by property taxes.

2. The percentage growth factor for the state, as determined in section six (6) of this Act, multiplied by the part of the district's allowable general fund budget for the last preceding school year which was raised by state aid.

Sec. 8. **MAXIMUM GENERAL FUND BUDGET AND ADDITIONAL SCHOOL DISTRICT PROPERTY TAX LEVY.** The state comptroller

shall determine the additional school district property tax levy, which is in addition to the foundation property tax levy, as follows:

1. The district cost per student for the current school year ending June thirtieth each year, plus the allowable growth in dollars, shall determine the district cost per student for the school year beginning July first each year.

2. The district cost per student multiplied by the estimated fall enrollment for the school year beginning July first each year, shall determine the maximum general fund budget for the district.

## Committee of the Whole

3. Subject to the maximum millage in section ten (10) of this Act, the maximum general fund budget of the district less the amounts to be received from the school foundation property tax and from state aid shall determine the amount to be raised by the additional school district property tax levy.

No later than December first of each year the state comptroller shall notify the county auditor of each county the amount, both in dollars and mills, of the additional property tax levy. The county auditor or auditors shall spread the additional property tax levy over all the property in the school district.

Sec. 9. SPECIAL FUNDS. A school district which has unique and unusual circumstances which cause its anticipated general fund expenditures to exceed its maximum general fund budget may apply to the school budget review committee for an allotment of any special funds appropriated for this purpose.

Sec. 10. MAXIMUM MILLAGE LEVY. For the purpose of determining the maximum millage a school district may cause to be levied without a referendum, for school years subsequent to the 1972-1973 school year, the state comptroller shall determine the sum of the foundation property tax levy and the additional property tax levy, in mills. When this total millage rate exceeds the district general fund levy in mills for the school year which began July 1, 1972, he shall adjust the district general fund budget so that the millage levy is equal to the millage levy for the school year beginning July 1, 1972, unless the district votes to accept the additional budgeted amount as provided in section eleven (11) of this Act.

Sec. 11. REFERENDUM. If a school district exceeds its maximum millage as provided in section ten (10) of this Act, the school board shall submit to the voters of the school district, at a special election called for that purpose, the question of whether the board shall limit its budget as adjusted by the comptroller, or shall adopt the budget as proposed. The question submitted to the voters shall state clearly the excess school district property tax rate and the school district income tax rate which will result if the board adopts the budget as proposed, and shall state that the same rate of excess property tax and income tax may be imposed for two years.

If a majority of those voting favors limiting the budget, the board of directors of the school district shall alter its budget as adjusted by the state comptroller, and shall certify the corrected budget to the county auditor and the state comptroller.

If a majority of those voting favors adoption of the budget as proposed, the excess amount shall be raised by a combination of property tax and school

district income tax, as in section twelve (12) of this Act.

**Sec. 12. SCHOOL DISTRICT PROPERTY TAX AND INCOME TAX ON BUDGET EXCESS.** If the voters of a school district favor the adoption of a budget which contains a millage levy in excess of the maximum millage provided in section ten (10) of this Act, the state comptroller shall determine the remaining school district property tax and the school district income tax, based on the excess amount needed, as follows:

1. Determine the total assessed valuation of taxable property in the school district for the 1972 calendar year, the total Iowa net income as defined in section four hundred twenty-two point seven (442.7) of the Code, and the total amount of state individual income tax as shown on the individual tax returns of individuals residing in the school district on December 31, 1971, or at the time of filing for those on other than a calendar year basis and included in the department of revenue 1971 income tax annual statistical report. The director of revenue shall certify to the state comptroller on or before May 1, 1973, the total Iowa net income and total state income tax of individuals residing in each school district on December 31, 1971.

2. Add the total amounts of Iowa net income in the district and the total assessed valuation of taxable property in the district as determined in subsection one (1) of this section, and divide the sum into the excess amount needed. The quotient obtained multiplied by one thousand is the millage rate to be levied in excess of the maximum millage for school general fund purposes for the current school year and the next following school year. Multiply the quotient obtained by the total amount of Iowa net income and divide the result by the amount of the total state income tax for the district as determined in subsection one (1) of this section. The final quotient obtained is the rate of school district income tax and is hereby imposed as a surtax on the amount of state income tax paid on incomes earned in the year of imposition, and in the following year. After the taxes determined under this section have been imposed for two years, a district must hold another election and recompute the tax rates if it votes to exceed its maximum millage.

2. Strike section 8, including lines 2 through 35, inclusive, page 13, and lines 1 through 25, inclusive, page 14, and insert in lieu thereof the following:

If a school board applies to the school budget review committee for an allotment of special funds the committee may make an allotment from any funds appropriated specifically for this purpose, making allowance for prorating the appropriated funds among the districts who apply, in proportion to their needs. The committee,

in determining whether to grant special funds, shall consider unique and unusual circumstances including, but not limited to, unusual increases or decreases in enrollments, natural disasters, unusual transportation problems, and initial staffing problems, and shall grant permission for the election only if unique and unusual circumstances exist in the district.

The school budget review committee may call in any county board of education or joint county board of education for the purpose of reviewing its budget as it relates to the individual districts within the county.

3. Renumber sections and correct internal references to section numbers as necessary.

Kreamer of Polk, District 63, offered the following amendment to the amendment filed by him and Varley of Adair, District 84, and moved its adoption:

"Sec. 12. SCHOOL DISTRICT INCOME TAX. If the voters of a school district favor the adoption of a budget which would require moneys in excess of the maximum millage provided in section ten (10) of this Act, the state comptroller shall determine the school district income tax, based on the excess amount needed, as follows:

1. Determine the total amount of state individual income tax as shown on the individual tax returns of persons residing in the school district on December thirty-first of the most recently completed calendar year for which accurate figures are available, or at the time of filing for those on other than a calendar year basis and filing within that calendar year. The director of revenue shall report this amount to the state comptroller.
2. Divide the state individual income tax into the excess amount needed. The quotient obtained is the school district income surtax rate which is imposed on the amount of state individual income tax paid on incomes earned in the year of imposition and in the following year, or in a tax year ending within either year, by individuals residing in the school district on December thirty-first of the year for which the tax is imposed, or at the time of filing during that year for those on other than a calendar year basis. The state comptroller shall certify to the department of revenue the surtax which is imposed for each school district. After the taxes determined under this section have been imposed for two years, a district must hold another election, and recompute the tax rate if it votes to exceed the budget which its maximum millage will raise."

5 the county attorney of any county has reasonable cause to  
6 believe that any person is engaged or plans to engage in  
7 the sale or commercial exhibition or distribution within  
8 his county of any obscene book, pamphlet, leaflet, paper,  
9 magazine, painting, drawing, etching, engraving, print,  
10 sculpture, carving, bas relief, slide, motion picture film  
11 or other graphic or plastic reproduction or representation,  
12 any or all of which for purposes of this Act are  
13 designated 'challenged material', he may institute a civil  
14 proceeding in the district court of the county for an  
15 adjudication regarding the obscenity of the challenged  
16 material.

17 Sec. 10. FILING OF PETITION—CONTENTS. The proceeding  
18 shall be instituted by filing with the court a petition  
19 directed against the challenged material by name or

36 The subpoena shall require the production of such

80 hearing is set pursuant to this Act, the court may issue a  
81 temporary restraining order against the sale or distribu-  
82 tion of the challenged material. The order shall continue

89 (2) and three (3) of this Act. Any person aggrieved by  
90 issuance of the order may contest it by filing with the  
91 court an application to set aside the order and by causing  
92 a copy of the application to be served upon the county  
93 attorney.

94 Sec. 15. ANSWERS FILED. On or before the date of  
95 hearing, the parties in interest, and any other person  
96 having or claiming any interest in the commercial distribu-  
97 tion of the challenged material, may appear and file an  
98 answer. The court may by order permit any other party to  
99 appear and file an answer amicus curiae.

100 Sec. 16. EX PARTE IF NO ANSWER FILED. If no one appears  
101 and files an answer on or before the hearing date, the  
102 court shall hear the matter ex parte, receiving in evidence  
103 the challenged material and such other matter as may be  
104 offered or as the court may deem proper. Should the court  
105 after such hearing find the challenged material to be  
106 obscene, it shall order the clerk of court to enter judg-

122 material or material of similar character, within the county

125 publisher, or manufacturer in creating the challenged  
126 material.

130 relating to the sale of the challenged material.

134 may be subject to exception pursuant to section sixteen (16)  
135 of this Act.

136 Sec. 18. WRITTEN FINDING BY COURT. In making a  
137 decision on the obscenity of the challenged material the  
138 court shall consider, among other things, the evidence  
139 offered pursuant to section (17) of this Act, if  
140 any, and shall make a written determination upon every  
141 consideration relied upon in the proceeding in its findings  
142 of fact and conclusions of law or in a memorandum  
143 accompanying them.

144 Sec. 19. JUDGMENT CONTENTS. If the court finds the  
145 challenged material not obscene, it shall order the clerk  
146 of court to enter judgment accordingly. If the court finds  
147 the challenged material to be obscene, it shall order the  
148 clerk to enter judgment that the challenged material is  
149 obscene, but in its discretion may except from its judgment  
150 a specified category of persons to whom the challenged  
151 material may be shown, sold, or distributed.

152 Sec. 20. KNOWLEDGE OF OBSCENITY PRESUMED. While a  
153 temporary restraining order made pursuant to section four-  
154 teen (14) of this Act is in effect, or after the entry of a  
155 judgment pursuant to sections sixteen (16) or nineteen (19)  
156 of this Act, any party in interest upon whom a temporary  
157 restraining order is served or against whom a judgment has  
158 been entered who publishes, sells, rents, lends, transports

168 to the supreme court, as provided by law.

169 Sec. 22. CIVIL SUIT NOT NECESSARY TO CRIMINAL SUIT.  
170 The petition and civil proceeding authorized under this Act,  
171 relating to challenged material, shall be intended only to  
172 establish the nature of the material in cases where such  
173 establishment is thought to be useful or desirable by the  
174 petitioner; and proceedings under this Act shall not be  
175 construed to be a necessary prerequisite to the filing of

42 it and shall be collected by all persons required to  
43 collect state sales, services and use taxes.

44 The amount of the sale, for purposes of  
45 determining the amount of the local sales and use tax,  
46 does not include the amount of the state sales and  
47 use tax.

48 No sales and use tax permit, other than the  
49 state sales and use tax permits, may be required.

50 6. The director of revenue shall administer  
51 the provisions of a local sales tax as nearly as  
52 possible in conjunction with the administration of  
53 state tax laws. He shall provide appropriate forms,  
54 or provide on the regular state tax forms, for  
55 reporting local sales tax liability.

56 An ordinance or resolution imposing a local  
57 sales tax shall adopt by reference the applicable  
58 provisions of the appropriate sections of chapters  
59 four hundred twenty-two (422) and four hundred  
60 twenty-three (423) of the Code, and all powers of  
61 the director to administer the state sales and use  
62 tax law are applicable to his administration of a  
63 local sales tax ordinance or resolution. Local  
64 officials shall confer with the director of revenue  
65 and obtain his assistance in drafting the ordinance  
66 or resolution imposing a local sales tax. A certified  
67 copy of the ordinance or resolution imposing a local  
68 sales tax shall be filed with the director as soon  
69 as possible after passage.

70 The director, in consultation with local  
71 officials, shall collect and account for a local  
72 sales tax. The director shall retain for the use of  
73 the department one percent of all local sales tax  
74 receipts, to cover administrative expense, and shall  
75 credit remaining net local sales tax receipts to a  
76 local sales tax fund hereby established in the office  
77 of the treasurer of state.

78 7. The treasurer of state shall remit quarterly  
79 to the qualified cities and towns which have imposed  
80 a local sales tax their share of the balance in the  
81 local sales tax fund.

82 The city or town treasurer, or another city  
83 official designated by the council, shall apply one  
84 half of all local sales tax money estimated to be  
85 received for property tax relief. Before the levies

86 authorized under section four hundred four point two  
87 (404.2) of the Code are certified to the county  
88 auditor, they shall comply with legal mill limits and  
89 the certifying official shall subtract from the total  
90 amount computed in dollars, as provided in section  
91 four hundred forty-four point two (444.2) of the  
92 Code, an amount equal to the amount estimated for  
93 property tax relief during the next twelve month  
94 period, and shall certify only the net amount to the  
95 county auditor and board of supervisors. The county  
96 auditor shall base the millage levies authorized under  
97 section four hundred forty-four point three (444.3)  
98 of the Code upon the net amount so computed. In  
99 order for a city or town to be qualified to receive  
100 remittances from the treasurer of state, the city  
101 clerk shall certify to the treasurer of state before  
102 January first of each year that the required re-  
103 duction in the amount certified to the county auditor  
104 and board of supervisors for city or town taxes has  
105 been made. All local sales and use tax moneys re-  
106 ceived by a city or town may be expended for any law-  
107 ful municipal purpose.

108 8. If two or more cities and towns impose an  
109 authorized local tax jointly, the treasurer of state  
110 shall credit the receipts to a joint account, and  
111 shall remit to each qualified city or town a pro  
112 rata share of the joint account, according to  
113 population figures determined by the last federal  
114 census. The share remitted to each city and town  
115 shall be applied and expended as provided for local  
116 taxes imposed by a single city or town.

117 If an authorized local tax is imposed county-  
118 wide, the treasurer of state shall credit the receipts  
119 to a joint account, and shall remit to each qualified  
120 city or town in the county a pro rata share of the  
121 joint account, based upon the percentage of its  
122 population to the total population of the county, and  
123 to the board of supervisors, when the county is  
124 qualified, a pro rata share of the joint account based  
125 upon the percentage of population in the county out-  
126 side of cities and towns, the rural portion according  
127 to the population determined by the last federal  
128 decennial census. The share remitted to each city  
129 and town shall be applied and expended as provided  
130 for local taxes imposed by a single city or town.

131 The share remitted to the board of supervisors  
132 may be used for any lawful county government purpose.  
133 However, the county treasurer shall credit one-half  
134 of all local sales tax moneys estimated to be received  
135 for property tax relief. Before the levies authorized  
136 under section four hundred forty-four point nine  
137 (444.9) of the Code are made, they shall comply with  
138 legal mill limits and the board of supervisors shall  
139 subtract from the total amount computed in dollars,

140 as provided in section four hundred forty-four point  
141 two (444.2) of the Code, an amount equal to the amount  
142 estimated for property tax relief during the next  
143 twelve month period, and shall base the millage levies  
144 authorized under section four hundred forty-four  
145 point nine (444.9) of the Code upon the net amount  
146 so computed. In order for a county to be qualified  
147 to receive remittances from the treasurer of state,  
148 the board of supervisors shall certify to the treasurer  
149 of state before January first of each year, that the  
150 required reduction has been made.

151 9. Upon receipt of a petition signed by voters  
152 within the city or town, or county in case of a  
153 county tax, equal in number to at least ten percent of  
154 the number of votes cast for governor at the last  
155 preceding general election within the local taxing  
156 jurisdiction, requesting that an election be held,  
157 the city or town council, or board of supervisors in  
158 the case of a county tax, shall not less than twenty  
159 nor more than forty-five days after receipt of the  
160 petition submit to the voters of the city or town or  
161 of the county at a special election called for that  
162 purpose, the question of approval or disapproval of the  
163 tax. Such a petition may be received only during  
164 the sixty days prior to the last certifying date of  
165 a budget in the second or any subsequent year  
166 following the beginning of collection of the tax.  
167 Prior to the special election the governing body shall  
168 publish notice of the election once each week for  
169 two consecutive weeks in a newspaper of general  
170 circulation serving the city or town, or in two  
171 newspapers of general circulation in the county in  
172 the case of a county tax.

173 If a majority of those voting favors the tax,  
174 the governing body may continue to impose the tax.  
175 If a majority of those voting thereon vote to  
176 discontinue the tax, it shall cease to be collected  
177 at the end of the calendar year in which the election  
178 is held, the ordinance or resolution shall stand  
179 repealed as of December thirty-first following the  
180 election, and the governing body may not impose the  
181 tax under the authority of this Act for collection  
182 within one year following discontinuance of collection  
183 caused by the election, and then only if a new  
184 resolution or ordinance is passed. The governing  
185 body at any time may discontinue the tax, but an  
186 election may not be held oftener than once a year.

187 10. Section 26.6, Code 1971, is amended as  
188 follows:

 197 of a special federal census as modified as the result  
 198 of consolidation or annexation in the manner provided  
 199 in sections 312.3, and 123.50, shall be considered  
 200 for no other purposes than the application of sections  
 201 123.50, [and] 312.3 *and the provisions of this Act.*  
 202 Whenever a special federal census is hereafter  
 203 taken by any city or town, the mayor and council shall  
 204 certify the said census as soon as possible to the  
 205 secretary of state and to the treasurer of state as  
 206 otherwise herein provided, and failing to do so, the  
 207 treasurer of state shall, after six months from the  
 208 date of said special census, turn over such moneys  
 209 as authorized by sections 123.50 and 312.3 to the  
 210 general fund of the state, and continue to do so until  
 211 such time as certification by said mayor and council  
 212 is made, or until the next decennial federal census.  
 213 If there be a difference between the original  
 214 certified record in the office of the secretary of  
 215 state and the published census the former shall  
 216 prevail.

217 11. Section four hundred twenty-two point

 228 the amount or source of income, profits, losses,  
 229 expenditures or any particular thereof, set forth  
 230 or disclosed in any return, or to permit any return  
 231 or copy thereof or any book containing any abstract  
 232 or particulars thereof to be seen or examined by any  
 233 person except as provided by law; provided, however,  
 234 that the director may authorize examination of such  
 235 returns by other state officers, *by Iowa city and*

Stromer of Hancock offered the following division 1 of the Stromer, et al., amendment:

1 Amend House File 654 as follows:

2 1. Strike page 2 and lines 1 through 20, inclusive,  
3 of page 3, and insert in lieu thereof the following:

4 Section 1. SCHOOL FOUNDATION PROGRAM. This Act

5 establishes a school foundation program. Each public  
6 school district in the state is entitled to receive  
7 from the state during each school year a per pupil  
8 amount equal to the amount by which the school foundation  
9 base for that school year exceeds the amount per pupil  
10 which will be raised by the school foundation property  
11 tax levied in the district during that school year.

12 Sec. 2. SCHOOL FOUNDATION BASE.

13 1. The school foundation base for the 1972-1973  
14 school year is the sum of the following components,  
15 each modified by the percentage growth factor for that  
16 school year:

17 a. A flat grant from the state of three hundred  
18 twenty-five dollars per pupil.

19 b. An amount of three hundred fifty dollars per  
20 pupil, to be raised primarily by school foundation  
21 property tax to be levied in the school district during  
22 that school year.

23 2. Prior to July first each year commencing in 1972,  
24 the state comptroller shall compute the percentage  
25 growth factor for each of the two component parts of  
26 the school foundation base, as follows:

27 a. Determine the percent of increase or decrease  
28 in state revenue from taxes, adjusted for changes in

## Committee of the Whole

29 rates or basis, for each year of the last three calendar  
30 years for which accurate figures are available, and  
31 divide the total by three. The result is the percentage  
32 growth factor for the flat grant component.

33 b. Determine the percent of increase or decrease  
34 in the assessed valuation of taxable property in the  
35 state, adjusted for statewide changes in assessment  
36 practices, for each year of the last three calendar  
37 years for which accurate figures are available, and  
38 divide the total by three. The result is the percentage  
39 growth factor for the property tax component.

40 c. In the determinations required under paragraphs  
41 a and b of this subsection, if there is an average  
42 decrease there will be a negative growth factor.

43 3. For the 1972-1973 school year, the state  
44 comptroller shall determine the actual school foundation  
45 base by multiplying each of the component amounts listed  
46 in subsection one (1) of this section by its percentage  
47 growth factor for that school year, and adding the  
48 product obtained in each case to that component amount.  
49 The two component amounts so modified constitute the  
50 current school foundation base for the 1972-1973 school  
51 year.

52 4. For each subsequent school year, the state  
53 comptroller shall determine the actual school foundation  
54 base by multiplying each of the component amounts of  
55 the current school foundation base by the applicable  
56 percentage growth factor for that school year, and  
57 adding the product obtained in each case to that  
58 component amount. The two current component amounts  
59 so modified constitute the current school foundation  
60 base for the subsequent year.

61 Sec. 3. SCHOOL FOUNDATION BASE COMPONENTS. As used  
62 in this Act, unless otherwise indicated, references  
63 to the school foundation base, to that flat grant  
64 component, or to the property tax component, mean the  
65 base or its components as modified by the comptroller  
66 for the applicable school year, as provided in section  
67 two (2) of this Act.

68 Sec. 4. SCHOOL FOUNDATION PROPERTY TAX AND STATE  
69 SUPPLEMENT. Beginning with the 1972-1973 school year,  
70 each public school district shall certify for its general  
71 fund budget each year a foundation property tax of  
72 thirty mills per dollar of assessed valuation on all  
73 taxable property within the school district. However,  
74 no school district shall certify a school foundation  
75 property tax for any year higher than necessary to  
76 raise a per pupil amount equal to the amount of the  
77 property tax component of the school foundation base  
78 for the budget year.

79 A school district which cannot raise a per pupil  
80 amount equal to the amount of the property tax component  
81 of the school foundation base for the budget year, by

## Committee of the Whole

82 a levy of thirty mills or less, is entitled to receive  
83 from the state during that school year, as state  
84 foundation property tax supplement, a per pupil amount  
85 equal to the difference between the amount which will  
86 be raised by a thirty mill levy in the district, and  
87 the amount of the property tax component of the school  
88 foundation base for the budget year.

89 Not later than June first each year, each county  
90 auditor shall certify to each school district within  
91 the county the assessed valuation of taxable property  
92 within that district, and shall certify to the state  
93 comptroller and the department of public instruction  
94 the assessed valuation of taxable property in each  
95 school district within the county.

96 Sec. 5. COMPUTATION AND PAYMENT OF STATE AID. Prior  
97 to July fifteenth each year, the state comptroller shall  
98 determine an accurate approximation of the amount of  
99 state school aid to be paid to each school district  
100 in the state, as provided in sections one (1) through  
101 four (4) of this Act, including the flat grant component  
102 of the school foundation base and the state foundation  
103 property tax supplement, and shall certify the estimated  
104 amount to each school district for use in preparing budgets.

105 As soon as possible each year, the state comptroller  
106 shall compute the actual amount due each school district  
107 in the state under the provisions of sections one (1)  
108 through four (4) of this Act, and shall pay the amount  
109 due to each school district in three approximately equal  
110 installments to be paid on approximately the first days  
111 of November, February, and May of each school year.  
112 However, if the amount appropriated for state school  
113 aid for a school year is insufficient to pay in full  
114 the amounts computed by the state comptroller to be  
115 due to each school district, then the amount paid to  
116 each school district shall be reduced by the state comp-  
117 troller in the proportion that the total amount  
118 appropriated is to the total amount due to all school  
119 districts in the state.

120 All moneys received by a school district from the  
121 state under the provisions of this section shall be  
122 deposited in the school district's general fund, and  
123 may be used for any school general fund purposes.

124 2. Page 5, strike lines 6 through 35, inclusive.

125 3. Page 6, strike from lines 8 and 9 the words  
126 "property tax levied that year, and from state aid based  
127 on the foundation formula" and insert in lieu thereof

138 6. Page 8, strike lines 6 through 35, inclusive,  
139 and page 9, strike lines 1 through 30, inclusive, and  
140 insert in lieu thereof the following:

141 3. Determine sixty-five percent of the net amount  
142 determined in subsection one (1) of this section. The  
143 millage rate necessary to raise this sixty-five percent  
144 amount if spread at a uniform rate over all taxable  
145 property within the district is the additional school  
146 district property tax for other than industrial and  
147 utility property, for the 1972-1973 school year.

148 4. Determine thirty-five percent of the net amount  
149 determined in subsection one (1) of this section, and  
150 divide this thirty-five percent amount by the total  
151 state individual income tax in the district as deter-  
152 mined in subsection two (2) of this section. The  
153 quotient obtained is the rate of school district in-  
154 come tax and is hereby imposed as a surtax on the amount  
155 of state income tax paid on incomes earned in 1971 for  
156 the 1972-1973 school year and on state income tax paid  
157 on incomes earned in 1972 for the 1973-1974 school year.  
158 However, the surtax rate shall not exceed fifty percent,  
159 and any part of the net amount to be raised under this  
160 section which cannot be raised by a surtax of fifty  
161 percent or less, shall be added to the amount to be  
162 raised under subsection three (3) of this section.  
163 The surtax for the 1974-1975 school year and every  
164 school year thereafter and the additional school district  
165 property tax levy on other than industrial and utility  
166 property for the 1972-1973 school year and every school  
167 year thereafter shall be determined by the state  
168 comptroller in the manner set forth in subsection five  
169 (5) of this section.

170 5. a. Determine the total amount needed for the  
171 school district's general fund budget for the current  
172 year less anticipated receipts from all sources except  
173 the additional school district property tax on other  
174 than industrial and utility property and the school  
175 district income tax.

176 b. Determine the total assessed valuation of tax-  
177 able property in the school district for the current  
178 calendar year, and the total state individual income  
179 tax and school district income tax collected from the  
180 district as shown on the individual tax returns of  
181 individuals residing in the school district on December  
182 thirty-first of the most recently completed calendar  
183 year or at the time of filing for those on other than  
184 a calendar year basis and filing within the most recently  
185 completed calendar year. The director of revenue shall  
186 report to the state comptroller the amount of state  
187 individual income tax and school district income tax  
188 collected for the current school year on or about October  
189 twentieth of the current school year.

## Committee of the Whole

190 c. Subtract the school district income tax deter-  
191 mined in paragraph b of this subsection from the amount  
192 obtained in paragraph a of this subsection. The millage  
193 rate necessary to raise this net amount if spread at  
194 a uniform rate over all taxable property in the district  
195 is the additional school district property tax for other  
196 than industrial and utility property, to be levied in  
197 the current school year.

198 d. Determine the amount to be raised by the tax  
199 to be levied under the provisions of paragraph c of  
200 this subsection, and determine an amount which is in  
201 a ratio of thirty-five to sixty-five with that amount.  
202 The second amount is the amount to be raised by the  
203 school district income surtax. Divide this amount by  
204 the amount of state individual income tax determined  
205 in paragraph b of this subsection to determine the  
206 surtax to be imposed on the incomes earned during the  
207 current calendar year. However, the surtax rate shall  
208 not exceed fifty percent, and any part of the net amount  
209 to be raised under this paragraph which cannot be raised  
210 by a surtax of fifty percent or less, shall be added  
211 to the amount to be raised under paragraph c of this  
212 subsection. The state comptroller shall certify to  
213 the director of revenue on or about June first of each

### SENATE CONCURRENT RESOLUTION 25

#### By Committee on Iowa Development

*Whereas*, the enforcement of laws relating to motor vehicles and railway, air, and water transportation is presently vested in many state departments; and

*Whereas*, an efficient public and private transportation system requires coordination of efforts and consideration of all modes of transportation; and

*Whereas*, the federal government and several other states have established departments of transportation embracing the many phases of the public and private transportation industry to coordinate transportation regulation; and

*Whereas*, several studies have recommended that the State of Iowa establish a department of transportation; and

*Whereas*, the Governmental Reorganization Study Committee which during the 1970 interim was assigned the study of the feasibility of establishing a department of transportation but was unable to undertake this study because of a lack of time; and

*Whereas*, legislation designed to create a department of transportation would necessarily be complex and include the amendment of statutes relating to all state departments and agencies charged with the responsibility of providing for and regulating all modes of transportation; and

*Whereas*, with the many issues facing the first session of the Sixty-fourth General Assembly there may not be time for both staff and legislators to adequately develop and study such proposed legislation, *Now Therefore*,

*Be It Resolved by the Senate, the House Concurring*, That the legislative council is authorized to create a study committee which membership shall include legislative members of the appropriate standing committees and nonlegislative members knowledgeable in the various areas of transportation to conduct during the 1971 legislative interim a comprehensive study relating to the feasibility of establishing a department of transportation encompassing the administration and regulation of motor vehicles, railway, air, and water transportation, and related functions; and

*Be It Further Resolved*, That the study committee shall make periodic reports to the legislative council and shall submit a final report, including necessary bill drafts to implement recommendations, to the legislative council. Copies of the report and proposed bill drafts approved by the legislative council shall be submitted to members of the General Assembly meeting in the year 1972.

Laid over under Rule 25.

5 Section 1. STATE SCHOOL FOUNDATION PROGRAM. This  
6 Act establishes a state school foundation program.

7 Each school district in the state is entitled to receive  
8 per pupil in fall enrollment state school foundation  
9 aid, which shall be the amount equal to the difference  
10 between the per pupil amount of foundation property  
11 tax plus miscellaneous income in the district, and the  
12 state foundation base.

13 Sec. 2. STATE FOUNDATION BASE. The state foundation  
14 base for school years beginning after July 1, 1972,  
15 shall be as follows:

16 1. For the school year beginning July 1, 1972,  
17 seventy percent of the state cost per student.

18 2. For the school year beginning July 1, 1973,  
19 seventy-five percent of the state cost per student.

20 3. For the school year beginning July 1, 1974, and  
21 all subsequent school years, eighty percent of the  
22 state cost per student.

23 Sec. 3. STATE COST PER STUDENT. The state cost  
24 per student for the school year beginning July 1, 1971,  
25 shall be nine hundred twenty dollars. The state cost  
26 per student for the school year beginning on July 1,  
27 1972, and for each succeeding school year shall be  
28 the previous year's state cost per student plus the  
29 dollar equivalent of the state percent of allowable  
30 growth, but this dollar equivalent is limited to a  
31 maximum amount of forty-six dollars for the school year  
32 beginning on July 1, 1972, forty-eight dollars for the  
33 school year beginning on July 1, 1973, and fifty-one  
34 dollars for the school year beginning on July 1, 1974.

35 The state percent of allowable growth is the percent  
36 of increase in revenue computed on a statewide basis  
37 for the sales and use taxes and the individual and cor-  
38 porate income taxes as well as the percent of increase  
39 in assessments for property tax for each year of the  
40 last three years. The sum of the individual percent-  
41 ages thus obtained shall be divided by six to arrive  
42 at the percent of allowable growth for the state. In  
43 making such computations the comptroller shall adjust  
44 for changes in rates or basis of the income tax or  
45 sales and use tax and for statewide changes in assess-  
46 ment practices. He shall thereupon certify the percent  
47 of allowable growth per pupil to the several school  
48 districts of the state on or before February fifteenth  
49 of each year. For the purpose of this computation,  
50 "year" means calendar year.

51 If the percent of allowable growth of the state is  
52 less than zero, the state cost per student shall be  
53 the same as the previous year's state cost per student.

54 Sec. 4. FOUNDATION PROPERTY TAX. The maximum state  
55 foundation property tax levy, which shall be levied  
56 by every school district in the state except as otherwise

57 provided in this Act, shall be:

58 1. For the school year beginning July 1, 1972, and  
59 for the school year beginning July 1, 1973, twenty-seven  
60 and one-half mills per dollar of assessed valuation  
61 on all taxable property in the district as of January  
62 1, 1972, and as of January 1, 1973, respectively.

63 2. For the school year beginning July 1, 1974, and  
64 all subsequent school years, thirty mills per dollar  
65 of assessed valuation on all taxable property in the  
66 district as of January 1, 1974, and on each subsequent  
67 January thereafter.

68 If a school district can meet its general fund budget  
69 or the state foundation base by a levy on the assessed  
70 valuation on all taxable property in the district less  
71 than specified in this section, it shall levy only the  
72 lesser amount needed.

73 No later than December first of each year the state  
74 comptroller shall notify the county auditor of each  
75 county the amount, both in dollars and mills, of the  
76 foundation property tax levy. The county auditor or  
77 auditors shall spread the foundation property tax over  
78 all the taxable property in the school district.

79 Sec. 5. FALL ENROLLMENT. Fall enrollment shall  
80 be determined by adding the resident pupils who are  
81 enrolled on the second Friday of September of each year  
82 in public elementary and secondary schools of the  
83 district, and in special education schools for which  
84 tuition is paid by the district whether the special  
85 education school is conducted by a county board of  
86 education or another school district. Each school  
87 district shall certify to the state department of public  
88 instruction by September twenty-fifth of each year the  
89 fall enrollment in the school district, and the fall  
90 enrollment information shall be promptly forwarded to  
91 the state comptroller.

92 Sec. 6. ADDITIONAL SCHOOL DISTRICT PROPERTY TAX  
93 LEVY. The state comptroller shall determine the addi-  
94 tional school district property tax levy, which is in  
95 addition to the foundation property tax levy, as follows:

96 1. The district cost per student for the current  
97 school year ending June thirtieth each year, plus the  
98 allowable growth in dollars limited to the maximum  
99 amounts defined in section three (3) of this Act,  
100 determines the district cost per student for the school  
101 year beginning July first each year.

102 2. The district cost per student multiplied by the  
103 estimated fall enrollment for the school year beginning  
104 July first each year, determines the maximum general  
105 fund budget for the district.

106 3. The state foundation base subtracted from the  
107 general fund budget of the district for the school year  
108 beginning July first each year determines the amount  
109 needed to be raised by the additional school district  
110 property tax levy.

111 No later than December first of each year, the state  
112 comptroller shall notify the county auditor of each  
113 county as to the amount, both in dollars and mills,  
114 of the additional property tax levy. Each county audi-  
115 tor shall spread the additional property tax levy over  
116 all the property in the school district.

117 Sec. 7. MAXIMUM MILLAGE LEVY. For the purpose of  
118 determining the maximum millage levy in a school dis-  
119 trict the state comptroller shall determine the sum  
120 of the foundation property tax levy and the additional  
121 property tax levy, in mills. When this total millage  
122 rate exceeds the district general fund levy in mills  
123 for the school year which began July 1, 1970, he shall  
124 adjust the district general fund millage levy to a vote  
125 equal to the millage levy for the school year beginning  
126 July 1, 1970, unless the additional millage is approved  
127 by the school budget review committee or by the voters  
128 as provided in section eleven (11) of this Act.

129 Sec. 8. GUARANTEED STATE AID. For the school year  
130 beginning July 1, 1972, and for that year only, the  
131 state will provide specific funds, called guaranteed  
132 state aid, to any school district to insure that its  
133 total general fund millage excluding the millage that  
134 could be raised under section eleven (11) of this Act  
135 will not exceed that of the school year beginning July  
136 1, 1970.

137 There is hereby appropriated from the general fund  
138 of the state to the department of public instruction  
139 funds sufficient to pay the guaranteed state aid. The  
140 state comptroller shall pay this aid no later than May  
141 15, 1973.

142 Sec. 9. MISCELLANEOUS INCOME. Miscellaneous income  
143 is all revenues of a school district general fund budget,  
144 exclusive of the state foundation property tax, the  
145 state foundation aid, guaranteed state aid, the  
146 additional school district property tax levy, and state  
147 individual income tax returned to the district.

148 Sec. 10. SCHOOL BUDGET REVIEW COMMITTEE. There  
149 is hereby established a school budget review committee,  
150 hereafter referred to as the committee, which shall  
151 consist of the superintendent of public instruction,  
152 the state comptroller, and three members appointed by  
153 the governor to represent the public and to serve three-  
154 year staggered terms. Those serving as public members  
155 on the effective date of this Act shall continue to  
156 serve out their unexpired terms. The committee shall  
157 meet and hold hearings each year in May in Des Moines  
158 for purposes of authorizing a school district to propose  
159 a budget exceeding the limitations of sections six (6)  
160 and seven (7) of this Act, and shall continue in session  
161 until it has reviewed budgets of school districts, as  
162 provided in section eleven (11) of this Act. It may  
163 call in school board members and employees as necessary  
164 for the hearings. Legislators shall be notified of

165 hearings concerning school districts in their  
166 constituencies.

167 The committee shall adopt its own rules of procedure.  
168 The superintendent of public instruction shall serve  
169 as chairman, and the state comptroller shall serve as  
170 secretary. The committee members representing the  
171 public shall be entitled to receive a per diem equal  
172 to the per diem of members of the board of public  
173 instruction and their necessary travel and other expenses  
174 while engaged in their official duties. Expense payments  
175 shall be made from appropriations to the department  
176 of public instruction.

177 Sec. 11. DUTIES OF THE COMMITTEE.

178 1. The school budget review committee may recommend  
179 the revision of any rules, regulations, directives,  
180 or forms relating to school districts budgeting and  
181 accounting, confer with local school boards or their  
182 representatives and make recommendations relating to  
183 any budgeting or accounting matters, and may direct  
184 the superintendent of public instruction or the state  
185 comptroller to make studies and investigations of school  
186 costs in any school district whose budget has been  
187 submitted to the committee. The committee shall report  
188 to each session of the general assembly, which report  
189 shall include any recommended changes in laws relating  
190 to school districts, and shall set out the number of  
191 hearings held pursuant to this Act, the reasons for  
192 any authorized increases in school costs, and other  
193 information as the committee deems advisable.

194 2. The committee may review the budget of any school  
195 district as follows:

196 a. If the budget or proposed budget shows district  
197 costs per student in fall enrollment of more than the  
198 state cost per student.

199 b. If the total general fund budget or proposed  
200 budget has increased over the previous year by a percent  
201 greater than the percentage growth factor computed by  
202 the state comptroller as provided in section three (3)  
203 of this Act.

204 c. If in the judgment of the committee, the proposed  
205 budget shows total general fund expenditures to be  
206 unreasonably high in relation to the comparative cost  
207 factors of the school district, even if the expenditures  
208 do not exceed the state cost per student for the year.

209 3. The committee may authorize for the local school  
210 board a school budget in excess of limitations provided  
211 for in sections six (6) and seven (7) of this Act as  
212 follows:

213 a. The additional school district property tax levy  
214 may be increased up to three mills for general fund  
215 purposes over the limitation provided in section seven  
216 (7) of this Act.

217 b. Additional supplemental state aid may be made  
218 to any district from any discretionary funds appropri-

219 ated specifically to the committee for this purpose.

220 If the committee does not authorize for the local  
221 school boards the school district's budget, it shall  
222 state its recommendations in terms of a specific reduc-  
223 tion in the general fund expenditures included in the  
224 budget, and in terms of the projected reduction in the  
225 tax rate of the school district, as determined under  
226 section seven (7) of this Act, and shall notify the  
227 local school board of its recommendations through the  
228 state comptroller.

229 If the school budget review committee makes a recom-  
230 mendation, the school board shall follow the recommen-  
231 dation or shall submit to the voters of the school dis-  
232 trict, at the regular election or at a special election  
233 called for that purpose, the question of whether the  
234 board shall adopt the recommendations of the budget  
235 review committee, or shall approve the budget as pro-  
236 posed. The question submitted to the voters shall  
237 state clearly the projected difference in the tax rate  
238 of the school district which will result if the board  
239 adopts the recommendations of the school budget review  
240 committee, or if the proposed budget is adopted.

241 If a majority of those voting favors adoption of  
242 the recommendation of the school budget review committee,  
243 the board of directors of the school district shall  
244 revise its budget and records as recommended.

245 If a majority of those voting favors adoption of  
246 the proposed budget, the district may exceed the  
247 limitations provided in sections six (6) and seven (7)  
248 of this Act.

249 The school board shall certify the result of an  
250 election required under this section to the school  
251 budget review committee, to the county auditor, and  
252 to the state comptroller, within ten days following  
253 the election.

254 The committee, when authorizing school budgets in  
255 excess of limitations provided in this Act, shall con-  
256 sider each district's circumstances and facts which  
257 are unique and unusual. Such unique and unusual circum-  
258 stances and facts may be considered by the committee,  
259 including but not limited to any unusual increases or  
260 decreases in enrollments, natural disasters, unusual  
261 transportation problems, and initial staffing problems.

262 Failure by any school district to provide information  
263 or appear before the committee as requested for the  
264 accomplishment of review or hearing shall constitute  
265 justification for the committee to instruct the state  
266 comptroller to withhold any state aid to that district  
267 until the committee's inquiries are satisfied completely.

268 **Sec. 12. COUNTY BOARD REVIEW.** The school budget  
269 review committee may call in any county board of edu-  
270 cation for the purpose of reviewing its budget as it  
271 relates to the individual districts within the county.

272 **Sec. 13. APPROPRIATIONS.** There is hereby appro-

273 priated each year from the general fund of the state  
274 an amount necessary to pay the state school foundation  
275 aid.

276 All state aids paid under sections one (1) through  
277 nineteen (19), inclusive, of this Act, unless otherwise  
278 stated shall be in installments due on or about Septem-  
279 ber fifteenth, December fifteenth, March fifteenth,  
280 and May fifteenth of each year, and the installments  
281 shall be as nearly equal as possible as determined by  
282 the state comptroller, taking into consideration the  
283 relative budget and cash position of the state resources.

284 All moneys received by a school district from the  
285 state under the provisions of this Act, including the  
286 guaranteed state aid, shall be deposited in the general  
287 fund of the school district.

288 Sec. 14. TENTATIVE BUDGET. Not later than December  
289 first for each ensuing fiscal year, the board of direc-  
290 tors of each school district shall set a tentative bud-  
291 get in dollars of the amount the district may spend  
292 on each program in the system as defined by the school  
293 budget review committee and in the forms so prescribed.  
294 This prospectus of program and allotted dollars as  
295 approved by the board shall guide the superintendent  
296 when preparing the proposed budget for that year. These  
297 limitations submitted by the board of directors to the  
298 superintendent of schools for the district shall be  
299 promptly forwarded to the committee.

300 Sec. 15. PROPERTY TAX RELIEF. In addition to the  
301 state school foundation aid provided in section one  
302 (1) of this Act, and the additional state aids provided  
303 under this Act or other provisions of law, fifteen  
304 percent of the state individual income tax imposed under  
305 section four hundred twenty-two point five (422.5) of  
306 the Code and collected from each district in the state  
307 shall be returned to the district where collected, as  
308 direct property tax relief. Not later than October  
309 fifteenth each year the director of revenue shall certify  
310 to the state comptroller the amount equal to fifteen  
311 percent of the state individual income tax collected  
312 from each school district for the last preceding calendar  
313 year, and the state comptroller shall notify each school  
314 district the amount it is entitled to receive and shall  
315 draw warrants in payment of the amount due each district  
316 in two equal payments due December fifteenth and May  
317 fifteenth. The state comptroller shall reduce each  
318 district's total property tax levy for general fund  
319 purposes by an amount equal to the amount due each  
320 district under this section, and shall certify the  
321 corrected property tax levy to the school district,  
322 and to the county board of supervisors and the county  
323 auditor of the county where the school district is  
324 located. The property tax reduction provided in this  
325 section shall not affect the prior computation of  
326 foundation property tax or additional school district

327 property tax, or the application of the limitations  
 328 provided by this Act, but shall provide property tax  
 329 relief in addition to all other provisions of this Act.

330 Sec. 16. ESTIMATES OF MISCELLANEOUS AIDS. No later  
 331 than September first of each year, the department of  
 332 public instruction shall certify to the state comp-  
 333 troller the amounts of any state aids other than the  
 334 amounts provided in this Act that will be received by  
 335 each school district in the state. In the event any  
 336 estimate of state aids in any school budget certified  
 337 to the auditor as provided by section twenty-four point  
 338 seventeen (24.17) of the Code is more or less than the  
 339 amount of state aids certified to the state comptroller  
 340 by the department of public instruction as provided  
 341 by this section, the state comptroller shall certify  
 342 to the county auditors the final millage for each school  
 343 district.

344 Sec. 17. RULES AND REGULATIONS. The superintendent  
 345 of public instruction, after the consultation with the state  
 346 comptroller, may adopt rules and regulations and defini-  
 347 tions of terms as necessary and proper for the adminis-  
 348 tration of sections one (1) through twenty (20), inclu-  
 349 sive, of this Act.

350 Sec. 18. LOCAL BUDGET LAW. Provisions of chapter  
 351 twenty-four (24) of the Code shall apply to this Act.

352 Sec. 19. EFFECTIVE DATE OF THE ACT. The effective  
 353 date of this Act is July 1, 1972, unless otherwise pro-  
 354 vided.

 134      year.

135      In the case of illness, absence, or disability, or  
 136      when in the judgment of the director of revenue good cause  
 137      exists, he may extend the time for filing a claim under the

 6 forty-two (422.42), Code 1971, is amended by striking  
 7 the section and inserting in lieu thereof the  
 8 following:

9 422.42 DEFINITIONS. As used in this division,  
 10 except where context clearly indicates a different  
 11 meaning:

12 1. "Transaction" means any sale, rental, lease,  
 13 or other transfer of property or services, conditional  
 14 or otherwise, in any manner, for a consideration.

15 2. "Person" includes an individual, firm,  
 16 partnership, joint adventure, association, corporation,  
 17 municipal corporation, estate, trust, business trust,  
 18 receiver, or any other group or combination acting  
 19 as a unit.

20 3. "Business" includes any activity engaged in  
 21 by any person with the object of gain, benefit, or  
 22 advantage, either direct or indirect.

23 4. "Seller" means any person engaged in a business  
 24 involving transactions with a user.

25 5. "User" means the immediate recipient of property  
 26 or services which are the subject of a transaction,  
 27 who is entitled to exercise control over the property  
 28 or services.

29 6. "Gross receipts" means the total amount of  
 30 transactions, valued in money, whether received in  
 31 money or otherwise. However, discounts for any purpose  
 32 allowed and taken on transactions shall not be included  
 33 if the transaction tax on the amount of the discount  
 34 is not collected from the user, nor shall the  
 35 transaction price of property returned by customers  
 36 be included to the extent that the transaction price  
 37 is refunded either in cash or by credit. If a  
 38 transaction valued in money is made in a form so that  
 39 payment is extended over a period longer than sixty

40 days, only the portion of the transaction price  
41 actually received during the period for which gross  
42 receipts are reported shall be included in the gross  
43 receipts for that period.

44 7. "Place of business" means any location where  
45 property or services are offered for a consideration.

46 8. "Casual transaction" means a transaction made  
47 by a person who does not normally conduct a business  
48 involving such transactions.

49 9. "Services" means all acts or services rendered,  
50 furnished, or performed for a valuable consideration,  
51 other than those for an employer for wages, as defined  
52 in section four hundred twenty-two point four (422.4),  
53 subsections fourteen (14) and fifteen (15) of the  
54 Code, by any person engaged in a business which  
55 normally provides such services. "Services" includes,  
56 but is not limited to, utility and communication  
57 services, the operation of amusement devices and  
58 enterprises, and the provision of living or sleeping  
59 quarters for periods of not more than thirty-one  
60 consecutive days to the same person.

61 10. "Taxpayer" includes any person who is subject  
62 to a tax imposed by this division, whether acting  
63 for himself or as a fiduciary.

64 Sec. Section four hundred twenty-two point  
65 forty-three (422.43), Code 1971, is amended by striking  
66 the section and inserting in lieu thereof the  
67 following:

68 422.43 TAX IMPOSED. Beginning July 1, 1971, a  
69 tax of one percent of the gross receipts from all  
70 transactions is imposed, to be paid by the user.

71 Annually prior to July first, the state comptroller  
72 shall determine the amount which is seventy percent  
73 of the transaction tax collected under this division  
74 for the most recent four quarters ending March thirty-  
75 first, or the total amount collected for that period  
76 less two hundred million dollars, whichever amount  
77 is less, and shall divide this amount by the total  
78 population of the state, as determined by the most  
79 recent certified federal census, to determine a per  
80 capita amount. This amount shall be returned to the  
81 counties in the state based upon the population of  
82 each county as determined by the most recent certified  
83 federal census. The state comptroller shall make  
84 the payments required by this section, and such amounts  
85 are hereby appropriated for this purpose.

86 The county auditor of each county shall distribute  
87 the amount allocated to that county to each taxing  
88 district in the county in the proportion that the  
89 assessed value of taxable property in the district  
90 is to the total assessed value of taxable property  
91 in the county. The certifying or levying board of  
92 each taxing district in the county shall reduce its  
93 budget for the succeeding year by the amount

94 distributed to it from transaction tax receipts, and  
95 shall certify or levy only the millage necessary to  
96 raise the reduced amount. In order to qualify for  
97 allocations under this section in any year subsequent  
98 to the first year of distribution, the certifying  
99 or levying board of each taxing district shall certify  
100 to the county auditor that its property tax millage  
101 has been reduced by the amount equivalent to its  
102 allocation under this section in the last preceding  
103 year.

104 Sec. Section four hundred twenty-two point  
105 forty-four (422.44), Code 1971, is amended as follows:  
106 422.44 TAX ON SURPLUS WAR MATERIAL. Purchases  
107 of [tangible personal] property or services from the  
108 government of the United States or any of its agencies  
109 by [ultimate consumer users] *any persons* are [hereby  
110 declared to be] subject to the state use tax.

111 [This section shall not apply to purchases made  
112 by counties or municipal corporations.]

113 Sec. Section four hundred twenty-two point  
114 forty-five (422.45), Code 1971, is amended by striking  
115 the section and inserting in lieu thereof the  
116 following:

117 422.45 EXEMPTIONS. The following are exempt from  
118 the provisions of this division:

119 1. The gross receipts from transactions which  
120 this state is prohibited from taxing under the  
121 constitution or laws of the United States or under  
122 the constitution of this state.

123 2. The gross receipts from casual transactions.

124 Sec. Section four hundred twenty-two point  
125 forty-six (422.46), Code 1971, is amended as follows:  
126 422.46 CREDIT ON TAX. [A credit shall be allowed  
127 against the amount of tax computed to be due and  
128 payable on the gross receipts from sales at retail  
129 of any tangible personal property or from services  
130 rendered, furnished, or performed upon which the state  
131 now imposes a special tax, whether in the form of  
132 a license tax, stamp tax, or otherwise, to the extent  
133 of the amount of such tax imposed and paid. This  
134 provision shall not apply to the sale of airplanes  
135 or to the sale at retail of beer, alcoholic beverages  
136 and cigarettes.] Taxes paid *to the state* on gross  
137 receipts represented by accounts found to be worthless  
138 and actually charged off for income tax purposes may  
139 be credited upon a subsequent payment of the tax  
140 [herein provided, provided, that if such] , *but if the*  
141 accounts are thereafter collected [by the retailer],  
142 a tax shall be paid upon the amount [so] collected.

143 Sec. Section four hundred twenty-two point  
144 forty-seven (422.47), Code 1971, is repealed.

145 Sec. Section four hundred twenty-two point  
146 forty-eight (422.48), Code 1971, is amended as follows:

150 equivalent thereof, to the [sales] price or charge of  
151 every transaction within this state [,] less trade-ins

158 at law in the same manner as other debts.

159 2. Agreements between competing [retailers] sellers,  
160 or the adoption of appropriate rules and regulations  
161 by organizations or associations of [retailers] sellers

169 tions in formulating such agreements, rules, and  
170 regulations. The director [may] shall adopt and  
171 promulgate rules and regulations for adding such tax,  
172 or the average equivalent thereof, by providing  
173 different methods applying uniformly to retailers  
174 within the same general classification for the purpose  
175 of enabling such [retailers] sellers to add and collect,  
176 as far as practicable, the amount of such tax.

177 Sec. Section four hundred twenty-two point  
178 forty-nine (422.49), Code 1971, is amended as follows:

182 directly or indirectly, that the tax or any part  
183 thereof imposed by this division will be assumed or  
184 absorbed by the [retailer] seller or that it will not  
185 be considered as an element in the price to the  
186 [consumer] user, or if added, that it or any part thereof  
187 will be refunded.

191 of every [retailer] seller required to make a report

196 of five years all invoices and other records of goods,  
197 wares, or merchandise purchased [for resale] and resold;  
198 and all such books, invoices, and other records shall  
199 be open to examination at any time by the department,  
200 and shall be made available within this state for

 695 to the county auditor that its property tax millage  
 696 has been reduced by the amount equivalent to its

Radl of Linn, District 43, offered the following amendment in committee of the whole and moved its adoption:

Amend House File 654 as follows:

1. Page 19, by adding after line 20, the following new section:

Sec. 28. Section four hundred twenty-two point thirty-three (422.33), Code 1971, is amended by striking subsections one (1) and two (2) and inserting in lieu thereof the following new subsections:

## Committee of the Whole

1. **ALLOCATION OF BUSINESS INCOME.** If the trade or business of the taxpayer is carried on entirely within the state, the tax shall be imposed on the entire net income. Any taxpayer having income from business activity which is taxable both within and without this state, other than the rendering of purely personal services by an individual, shall allocate and apportion his net income as provided in this section.

2. **DEFINITIONS.** As used in this section, unless the context otherwise requires:

a. "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations.

b. "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.

c. "Compensation" means wages, salaries, commissions, and any other form of remuneration paid to employees for personal services.

d. "Nonbusiness income" means all income other than business income.

e. "Sales" means all gross receipts of the taxpayer not allocated under subsections four (4) through eight (8) of this section.

f. "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

3. **NONRESIDENT TAXPAYER.** For purposes of allocation and apportionment of income under this chapter, a taxpayer is taxable in another state if:

a. In that state he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or

b. That state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

4. **ALLOCATION OF CERTAIN ITEMS.** Rents and royalties from real or tangible personal property, capital gains, interest, dividends, or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in subsections five (5) through eight (8) of this section.

5. **RENTS AND ROYALTIES.**

a. Net rents and royalties from real property

## Committee of the Whole

located in this state are allocable to this state.

b. Net rents and royalties from tangible personal property are allocable to this state:

(1) If and to the extent that the property is utilized in this state; or

(2) In their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

c. The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

#### 6. PROPERTY—CAPITAL GAINS AND LOSSES.

a. Capital gains and losses from sales of real property located in this state are allocable to this state.

b. Capital gains and losses from sales of tangible personal property are allocable to this state if:

(1) The property had a situs in this state at the time of the sale; or

(2) The taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

c. Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

7. INTEREST AND DIVIDENDS. Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state.

#### 8. PATENTS AND COPYRIGHTS.

a. Patent and copyright royalties are allocable to this state:

(1) If and to the extent that the patent or copyright is utilized by the taxpayer in this state; or

(2) If and to the extent that the patent or copyright is utilized by the taxpayer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

b. A patent is utilized in a state to the extent

## Committee of the Whole

that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

c. A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

9. BUSINESS INCOME. All business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.

10. PROPERTY FACTOR. The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

11. PROPERTY OWNED AND RENTED. Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

12. AVERAGE VALUE OF PROPERTY. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the director of revenue may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

13. PAYROLL FACTOR. The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid everywhere during the tax period.

14. COMPENSATION. Compensation is paid in this state if:

a. The individual's service is performed entirely within the state; or

## Committee of the Whole

b. The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

c. Some of the service is performed in the state and:

(1) The base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state; or

(2) The base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

15. SALES FACTOR. The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

16. LOCAL SALES OF TANGIBLE PERSONAL PROPERTY. Sales of tangible personal property are in this state if:

a. The property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale; or

b. The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and:

(1) The purchaser is the United States government; or

(2) The taxpayer is not taxable in the state of the purchaser.

17. OTHER SALES. Sales, other than sales of tangible personal property, are in this state if:

(a) The income-producing activity is performed in this state; or

(b) The income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

18. ADDITIONAL METHODS OF DETERMINING BUSINESS SITUS. If the allocation and apportionment provisions of this section do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the director of revenue may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

(a) Separate accounting except to a unitary business;

(b) The exclusion of any one or more of the factors;

(c) The inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this state; or

## Committee of the Whole

(d) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

REPORT OF THE COMMITTEE OF THE WHOLE  
ON HOUSE FILE 654

**MR. SPEAKER:** The committee of the whole has had under consideration **House File 654**, a bill for an act relating to state aid for schools, school district property taxes, imposing a school district income tax including withholding tax, providing administration by the director of revenue, adopting

provisions relating to the state individual income tax, including penalties, and increasing the state sales and use tax, and has directed me to report the same with the **recommendation that it be amended as follows, and when so amended the bill do pass:**

- 1 1. Strike page 2 and lines 1 through 20, inclusive,
- 2 of page 3, and insert in lieu thereof the following:
- 3 Section 1. SCHOOL FOUNDATION PROGRAM. This Act
- 4 establishes a school foundation program. Each public
- 5 school district in the state is entitled to receive
- 6 from the state during each school year a per pupil
- 7 amount equal to the amount by which the school foundation
- 8 base for that school year exceeds the amount per pupil
- 9 which will be raised by the school foundation property
- 10 tax levied in the district during that school year.
- 11 Sec. 2. SCHOOL FOUNDATION BASE.
- 12 1. The school foundation base for the 1972-1973
- 13 school years is the sum of the following components,
- 14 each modified by the percentage growth factor for that
- 15 school year:
- 16 a. A flat grant from the state of three hundred
- 17 dollars per pupil.
- 18 b. An amount of three hundred fifty dollars per
- 19 pupil, to be raised primarily by school foundation
- 20 property tax to be levied in the school district during
- 21 that school year.
- 22 2. Prior to July first each year commencing in 1972,
- 23 the state comptroller shall compute the percentage
- 24 growth factor for each of the two component parts of
- 25 the school foundation base, as follows:
- 26 a. Determine the percent of increase or decrease
- 27 in state revenue from taxes, adjusted for changes in
- 28 rates or basis, for each year of the last three calendar
- 29 years for which accurate figures are available, and
- 30 divide the total by three. The result is the percentage
- 31 growth factor for the flat grant component.
- 32 b. Determine the percent of increase or decrease
- 33 in the assessed valuation of taxable property in the
- 34 state, adjusted for statewide changes in assessment
- 35 practices, for each year of the last three calendar
- 36 years for which accurate figures are available, and
- 37 divide the total by three. The result is the percentage
- 38 growth factor for the property tax component.
- 39 c. In the determinations required under paragraphs
- 40 a and b of this subsection, if there is an average
- 41 decrease there will be a negative growth factor.
- 42 3. For the 1972-1973 school year, the state
- 43 comptroller shall determine the actual school foundation
- 44 base by multiplying each of the component amounts listed
- 45 in subsection one (1) of this section by its percentage
- 46 growth factor for that school year, and adding the
- 47 product obtained in each case to that component amount.
- 48 The two component amounts so modified constitute the
- 49 current school foundation base for the 1972-1973 school
- 50 year.

51 4. For each subsequent school year, the state  
52 comptroller shall determine the actual school foundation  
53 base by multiplying each of the component amounts of  
54 the current school foundation base by the applicable  
55 percentage growth factor for that school year, and  
56 adding the product obtained in each case to that  
57 component amount. The two current component amounts  
58 so modified constitute the current school foundation  
59 base for the subsequent year.

60 Sec. 3. SCHOOL FOUNDATION BASE COMPONENTS. As used  
61 in this Act, unless otherwise indicated, references  
62 to the school foundation base, to that flat grant  
63 component, or to the property tax component, mean the  
64 base or its components as modified by the comptroller  
65 for the applicable school year, as provided in section  
66 two (2) of this Act.

67 Sec. 4. SCHOOL FOUNDATION PROPERTY TAX AND STATE  
68 SUPPLEMENT. Beginning with the 1972-1973 school year,  
69 each public school district shall certify for its general  
70 fund budget each year a foundation property tax of  
71 thirty mills per dollar of assessed valuation on all  
72 taxable property within the school district. However,  
73 no school district shall certify a school foundation  
74 property tax for any year higher than necessary to  
75 raise a per pupil amount equal to the amount of the  
76 property tax component of the school foundation base  
77 for the budget year, except that if a school district's total property  
78 tax levy for the general fund budget is less than thirty  
79 mills, the foundation property tax in that district shall  
80 be increased so that the total property tax levy for the  
81 general fund budget is thirty mills or the equivalent of  
82 the district's total property tax levy for the general  
83 fund budget for the 1971-1972 school year, whichever is  
84 less, and the amount of the total flat grant component  
85 payable to that district shall be reduced by the amount  
86 which will be obtained from the increased amount of founda-  
87 tion property tax. For the purpose of computing the  
88 foundation property tax, a district's total property tax  
89 levy for the general fund budget is determined by excluding  
90 any additional school district property tax on industrial  
91 and utility property and including any additional school  
92 district property tax on other than industrial and utility  
93 property."

94 A school district which cannot raise a per pupil  
95 amount equal to the amount of the property tax component  
96 of the school foundation base for the budget year, by  
97 a levy of thirty mills or less, is entitled to receive  
98 from the state during that school year, as state  
99 foundation property tax supplement, a per pupil amount  
100 equal to the difference between the amount which will  
101 be raised by a thirty mill levy in the district, and  
102 the amount of the property tax component of the school  
103 foundation base for the budget year.

104 Not later than June first each year, each county

105 auditor shall certify to each school district within  
106 the county the assessed valuation of taxable property  
107 within that district, and shall certify to the state  
108 comptroller and the department of public instruction  
109 the assessed valuation of taxable property in each  
110 school district within the county.

111 Sec. 5. COMPUTATION AND PAYMENT OF STATE AID.  
Prior

112 to July fifteenth each year, the state comptroller shall  
113 determine an accurate approximation of the amount of  
114 state school aid to be paid to each school district  
115 in the state, as provided in sections one (1) through  
116 four (4) of this Act, including the flat grant component  
117 of the school foundation base and the state foundation  
118 property tax supplement, and shall certify the estimated  
119 amount to each school district for use in preparing budgets.

120 As soon as possible each year, the state comptroller  
121 shall compute the actual amount due each school district  
122 in the state under the provisions of sections one (1)  
123 through four (4) of this Act, and shall pay the amount  
124 due to each school district in three approximately equal  
125 installments to be paid on approximately the first days  
126 of November, February, and May of each school year.  
127 However, if the amount appropriated for state school  
128 aid for a school year is insufficient to pay in full  
129 the amounts computed by the state comptroller to be  
130 due to each school district, then the amount paid to  
131 each school district shall be reduced by the state comp-  
132 troller in the proportion that the total amount  
133 appropriated is to the total amount due to all school  
134 districts in the state.

135 All moneys received by a school district from the  
136 state under the provisions of this section shall be  
137 deposited in the school district's general fund, and  
138 may be used for any school general fund purposes.

140 period the following:

142 the period in line 23 the following:

144 basis of number of hours of instruction in a  
145 public school proportionate to a full-time student  
146 enrolled in the district."

147 3. Page 4, by striking lines 28 through 35, and on page 5  
148 by striking all of lines 1 through 35, and all of pages

150 in lieu thereof the following sections:

151 1. Page 5, strike lines 23 through 35, inclusive,  
152 strike pages 6, 7, 8, and strike lines 1 through 30,  
153 page 9, and insert in lieu thereof the following:

154 1. ALLOWABLE GROWTH. To determine the total  
155 allowable growth in dollars for each school district  
156 each year, the state comptroller shall add together  
157 the following amounts:

158 1. The percent of increase or decrease in taxable

159 property in the district for the current calendar year  
 160 over the last preceding calendar year, multiplied by  
 161 the part of the district's allowable general fund bud-  
 162 get for the last preceding school year which was raised  
 163 by property taxes.

164 2. The percentage growth factor for the state, as  
 165 determined in section six (6) of this Act, multiplied  
 166 by the part of the district's allowable general fund  
 167 budget for the last preceding school year which was  
 168 raised by state aid.

169 2. MAXIMUM GENERAL FUND BUDGET AND ADDITIONAL  
 170 SCHOOL DISTRICT PROPERTY TAX LEVY. The state comp-  
 troller

171 shall determine the additional school district property  
 172 tax levy, which is in addition to the foundation property  
 173 tax levy, as follows:

174 1. The district cost per student for the current  
 175 school year ending June thirtieth each year, plus the  
 176 allowable growth in dollars, shall determine the dis-  
 177 trict cost per student for the school year beginning  
 178 July first each year.

179 2. The district cost per student multiplied by the  
 180 estimated fall enrollment for the school year beginning  
 181 July first each year, shall determine the maximum general  
 182 fund budget for the district.

183 3. Subject to the maximum millage in section ten  
 184 (10) of this Act, the maximum general fund budget of  
 185 the district less the amounts to be received from the  
 186 school foundation property tax and from state aid shall  
 187 determine the amount to be raised by the additional  
 188 school district property tax levy.

189 No later than December first of each year the state  
 190 comptroller shall notify the county auditor of each  
 191 county the amount, both in dollars and mills, of the  
 192 additional property tax levy. The county auditor or  
 193 auditors shall spread the additional property tax levy  
 194 over all the taxable property in the school district.

195 3. SPECIAL FUNDS. A school district which  
 196 has unique and unusual circumstances which cause its  
 197 anticipated general fund expenditures to exceed its  
 198 maximum general fund budget may apply to the school  
 199 budget review committee for an allotment of any special  
 200 funds appropriated for this purpose.

201 Sec. 10. MAXIMUM MILLAGE LEVY. For the purpose  
 202 of determining the maximum millage a school district  
 203 may cause to be levied for school

204 years subsequent to the 1972-1973 school year, the  
 205 state comptroller shall determine the sum of the foun-  
 206 dation property tax levy and the additional property  
 207 tax levy, in mills. When this total millage rate exceeds  
 208 the district general fund levy in mills for the school  
 209 year which began July 1, 1972, he shall adjust the  
 210 district general fund budget so that the millage levy  
 211 is equal to the millage levy for the school year  
 212 beginning July 1, 1972, unless the district votes to

213 accept the additional budgeted amount by imposing a school district  
income tax, as provided in the following section.

214 4. REFERENDUM. If a school district exceeds  
215 its maximum millage as provided in section ten (10)  
216 of this Act, the school board shall submit to the voters  
217 of the school district, at a special election called  
218 for that purpose, the question of whether the board  
219 shall limit its budget as adjusted by the comptroller,  
220 or shall adopt the budget as proposed. The question  
221 "submitted to the voters shall state clearly that a  
222 specified rate of school district income tax will be imposed  
223 for two years if the board adopts the budget as proposed."

224 If a majority of those voting favors limiting the  
225 budget, the board of directors of the school district  
226 shall alter its budget as adjusted by the state  
227 comptroller, and shall certify the corrected budget  
228 to the county auditor and the state comptroller.

229 If a majority of those voting favors adoption of  
230 the budget as proposed, the excess amount shall be  
231 raised by a school  
232 district income tax, as in the following  
233 section:

234 5. SCHOOL DISTRICT INCOME TAX. If the voters  
235 of a school district favor the adoption of a budget which  
236 would require moneys in excess of the maximum millage pro-  
237 vided in section ten (10) of this Act, the state comptroller  
238 shall determine the school district income tax, based on  
239 the excess amount needed, as follows:

240 1. Determine the total amount of state individual  
241 income tax as shown on the individual tax returns of per-  
242 sons residing in the school district on December thirty-  
243 first of the most recently completed calendar year for  
244 which accurate figures are available, or at the time of  
245 filing for those on other than a calendar year basis and  
246 filing within that calendar year. The director of revenue  
247 shall report this amount to the state comptroller.

248 2. Divide the state individual income tax into the  
249 excess amount needed. The quotient obtained is the school  
250 district income surtax rate which is imposed on the amount  
251 of state individual income tax paid on incomes earned in the  
252 year of imposition and in the following year, or in a tax  
253 year ending within either year, by individuals residing in  
254 the school district on December thirty-first of the year  
255 for which the tax is imposed, or at the time of filing dur-  
256 ing that year for those on other than a calendar year basis.  
257 The state comptroller shall certify to the department of  
258 revenue the surtax which is imposed for each school district.  
259 After the taxes determined under this section have been im-  
260 posed for two years, a district must hold another election,  
261 and recompute the tax rate if it votes to exceed the budget  
262 which its maximum millage will raise."

263 4. Strike section 18, including lines 2 through 35,  
264 inclusive, page 13, and lines 1 through 25, inclusive,  
265 page 14, and insert in lieu thereof the following:

266 DUTIES OF COMMITTEE.

267 If a school board applies to the school budget review  
268 committee for an allotment of special funds the committee  
269 may take an allotment from any funds appropriated  
270 specifically for this purpose, making allowance for  
271 prorating the appropriated funds among the districts  
272 who apply, in proportion to their needs. The committee,  
273 in determining whether to grant special funds, shall  
274 consider unique and unusual circumstances including,  
275 but not limited to, unusual increases or decreases in  
276 enrollments, natural disasters, unusual transportation  
277 problems, and initial staffing problems, and shall grant  
278 permission for the election only if unique and unusual  
279 circumstances exist in the district.

280 The school budget review committee may call in any  
281 county board of education or joint county board of  
282 education for the purpose of reviewing its budget as  
283 it relates to the individual districts within the county.

298 natural disasters, unusual transportation problems, and  
299 initial staffing problems.

300 Failure by any school district to provide information  
301 or appear before the committee as requested for the ac-  
302 complishment of review or hearing shall constitute  
303 justification for the committee to instruct the state  
304 comptroller to withhold any state aid to that district

314 and in the form which the committee prescribes. This  
315 prospectus or program and allotted dollars as approved by  
316 the board of directors shall guide the superintendent  
317 when preparing the proposed budget for the following  
318 school year. These limitations submitted by the board

352 fund for distribution to cities, towns, and counties. On or  
353 before December thirty-first, the state comptroller  
354 shall distribute the moneys in the municipal assist-

437 transactions and activity in the regular course of  
438 the taxpayer's trade or business and includes income  
439 from tangible and intangible property if the  
440 acquisition, management, and disposition of the  
441 property constitute integral parts of the taxpayer's  
442 regular trade or business operations.

443 b. "Commercial domicile" means the principal place  
444 from which the trade or business of the taxpayer is  
445 directed or managed.

446 c. "Compensation" means wages, salaries,  
447 commissions, and any other form of remuneration paid  
448 to employees for personal services.

449 d. "Nonbusiness income" means all income other  
450 than business income.

451 e. "Sales" means all gross receipts of the taxpayer  
452 not allocated under subsections four (4) through eight  
453 (8) of this section.

454 f. "State" means any state of the United States,  
455 the District of Columbia, the Commonwealth of Puerto  
456 Rico, any territory or possession of the United States,  
457 and any foreign country or political subdivision  
458 thereof.

459 **3. NONRESIDENT TAXPAYER.** For purposes of  
460 allocation and apportionment of income under this  
461 chapter, a taxpayer is taxable in another state if:

462 a. In that state he is subject to a net income  
463 tax, a franchise tax measured by net income, a  
464 franchise tax for the privilege of doing business,  
465 or a corporate stock tax; or

466 b. That state has jurisdiction to subject the  
467 taxpayer to a net income tax regardless of whether,  
468 in fact, the state does or does not.

469 **4. ALLOCATION OF CERTAIN ITEMS.** Rents and  
470 royalties from real or tangible personal property,  
471 capital gains, interest, dividends, or patent or  
472 copyright royalties, to the extent that they constitute  
473 nonbusiness income, shall be allocated as provided  
474 in subsections five (5) through eight (8) of this  
475 section.

476 **5. RENTS AND ROYALTIES.**

477 a. Net rents and royalties from real property  
478 located in this state are allocable to this state.

479 b. Net rents and royalties from tangible personal  
480 property are allocable to this state:

481 (1) If and to the extent that the property is  
482 utilized in this state; or

483 (2) In their entirety if the taxpayer's commercial

484 domicile is in this state and the taxpayer is not  
485 organized under the laws of or taxable in the state  
486 in which the property is utilized.

487 c. The extent of utilization of tangible personal  
488 property in a state is determined by multiplying the  
489 rents and royalties by a fraction, the numerator of  
490 which is the number of days of physical location of  
491 the property in the state during the rental or royalty  
492 period in the taxable year and the denominator of  
493 which is the number of days of physical location of  
494 the property everywhere during all rental or royalty  
495 periods in the taxable year. If the physical location  
496 of the property during the rental or royalty period  
497 is unknown or unascertainable by the taxpayer tangible  
498 personal property is utilized in the state in which  
499 the property was located at the time the rental or  
500 royalty payer obtained possession.

501 6. PROPERTY—CAPITAL GAINS AND LOSSES.

502 a. Capital gains and losses from sales of real  
503 property located in this state are allocable to this  
504 state.

508 the time of the sale; or

509 (2) The taxpayer's commercial domicile is in this  
510 state and the taxpayer is not taxable in the state  
511 in which the property had a situs.

512 c. Capital gains and losses from sales of  
513 intangible personal property are allocable to this  
514 state if the taxpayer's commercial domicile is in  
515 this state.

516 7. INTEREST AND DIVIDENDS. Interest and dividends  
517 are allocable to this state if the taxpayer's  
518 commercial domicile is in this state.

519 8. PATENTS AND COPYRIGHTS.

520 a. Patent and copyright royalties are allocable  
521 to this state:

522 (1) If and to the extent that the patent or  
523 copyright is utilized by the taxpayer in this state;  
524 or

525 (2) If and to the extent that the patent or  
526 copyright is utilized by the taxpayer in a state in  
527 which the taxpayer is not taxable and the taxpayer's  
528 commercial domicile is in this state.

529 b. A patent is utilized in a state to the extent  
530 that it is employed in production, fabrication,  
531 manufacturing, or other processing in the state or  
532 to the extent that a patented product is produced  
533 in the state. If the basis of receipts from patent  
534 royalties does not permit allocation to states or  
535 if the accounting procedures do not reflect states  
536 of utilization, the patent is utilized in the state  
537 in which the taxpayer's commercial domicile is located.

538 c. A copyright is utilized in a state to the  
539 extent that printing or other publication originates  
540 in the state. If the basis of receipts from copyright  
541 royalties does not permit allocation to states or  
542 if the accounting procedures do not reflect states  
543 of utilization, the copyright is utilized in the state  
544 in which the taxpayer's commercial domicile is located.

545 9. BUSINESS INCOME. All business income shall  
546 be apportioned to this state by multiplying the income  
547 by a fraction, the numerator of which is the property  
548 factor plus the payroll factor plus the sales factor,  
549 and the denominator of which is three.

550 10. PROPERTY FACTOR. The property factor is a  
551 fraction, the numerator of which is the average value  
552 of the taxpayer's real and tangible personal property  
553 owned or rented and used in this state during the  
554 tax period and the denominator of which is the average  
555 value of all taxpayer's real and tangible personal  
556 property owned or rented and used during the tax  
557 period.

558 11. PROPERTY OWNED AND RENTED. Property owned  
559 by the taxpayer is valued at its original cost.

562 rate is the annual rental rate paid by the taxpayer  
563 less any annual rental rate received by the taxpayer  
564 from subrentals.

565 12. AVERAGE VALUE OF PROPERTY. The average value  
566 of property shall be determined by averaging the  
567 value at the beginning and ending of the tax period  
568 but the director of revenue may require the averaging  
569 of monthly values during the tax period if reasonably  
570 required to reflect properly the average value of  
571 the taxpayer's property.

572 13. PAYROLL FACTOR. The payroll factor is a  
573 fraction, the numerator of which is the total amount  
574 paid in this state during the tax period by the  
575 taxpayer for compensation, and the denominator of  
576 which is the total compensation paid everywhere during  
577 the tax period.

578 14. COMPENSATION. Compensation is paid in this  
579 state if:

580 a. The individual's service is performed both  
581 within the state; or

582 b. The individual's service is performed both  
583 within and without the state, but the service performed  
584 without the state is incidental to the individual's  
585 service within the state; or

586 c. Some of the service is performed in the state and:

587 (1) The base of operations or, if there is no  
588 base of operations, the place from which the service  
589 is directed or controlled is in the state; or

590 (2) The base of operations or the place from which  
591 the service is directed or controlled is not in any  
592 state in which some part of the service is performed,

593 but the individual's residence is in this state.

594 15. SALES FACTOR. The sales factor is a fraction,  
595 the numerator of which is the total sales of the  
596 taxpayer in this state during the tax period, and  
597 the denominator of which is the total sales of the  
598 taxpayer everywhere during the tax period.

599 16. LOCAL SALES OF TANGIBLE PERSONAL PROPERTY.

600 Sales of tangible personal property are in this state  
601 if:

602 a. The property is delivered or shipped to a  
603 purchaser, other than the United States government,  
604 within this state regardless of the f.o.b. point or  
605 other conditions of the sale; or

606 b. The property is shipped from an office, store,  
607 warehouse, factory, or other place of storage in this  
608 state and:

609 (1) The purchaser is the United States government; or

610 (2) The taxpayer is not taxable in the state of the pur-  
611 chaser.

612 17. OTHER SALES. Sales, other than sales of  
613 tangible personal property, are in this state if:

614 (a) The income-producing activity is performed  
615 in this state; or

616 (b) The income-producing activity is performed  
617 both in and outside this state and a greater proportion  
618 of the income-producing activity is performed in this  
619 state than in any other state, based on costs of  
620 performance.

621 18. ADDITIONAL METHODS OF DETERMINING BUSINESS  
622 SITUS. If the allocation and apportionment provisions

623 of this section do not fairly represent the extent  
624 of the taxpayer's business activity in this state,  
625 the taxpayer may petition for or the director of  
626 revenue may require, in respect to all or any part  
627 of the taxpayer's business activity, if reasonable:

628 (a) Separate accounting except to a unitary business;

629 (b) The exclusion of any one or more of the factors;

630 (c) The inclusion of one or more additional factors

631 which will fairly represent the taxpayer's business  
632 activity in this state; or

633 (d) The employment of any other method to  
634 effectuate an equitable allocation and apportionment  
635 of the taxpayer's income.

636 2. Page 1, line 5, by inserting after the word  
637 "penalties," the words "relating to the corporate  
638 income tax,".

642 providing administration by the director of revenue,  
643 adopting provisions relating to the state individual income  
644 tax, including penalties relating to property tax exemptions,  
645 relating to the corporate income tax,  
646 and providing aid to cities, towns and  
647 counties from sales tax receipts.

6 section and inserting in lieu thereof the following:

7 306.19 PURCHASE OR CONDEMNATION OF RIGHT OF WAY—  
8 PROCEDURE—CLOSING DRIVEWAY—ALTERNATIVE ACCESS.

9 1. In the maintenance, relocation, establishment,  
10 or improvement of any road, including the extension of  
11 such road within cities and towns, the commission or  
12 board having jurisdiction and control of such road  
13 shall have authority to purchase or to institute and  
14 maintain proceedings for the condemnation of the  
15 necessary right of way therefor. Such board or com-  
16 mission shall likewise have power to purchase or

27 board or commission shall:

28 a. Compensate the owner for any diminution in

33 for maintaining the additional length of driveway,  
34 but in lieu thereof, both in condemnation proceedings  
35 or negotiated purchases, the board or commission shall  
36 pay to the owner the sum of five dollars for every

38 on said owner's property. This payment shall repre-  
 39 sent just compensation to said property owner for the  
 40 additional driveway maintenance caused by reason of  
 41 the highway or road project.

42 b. If in the opinion of the board or commission  
 43 it would be more economical to purchase the entire

 45 the maintenance expense required under the provisions  
 46 of this section, proceed with the acquisition of the  
 47 entire tract of land; or

48 c. If mutually agreeable, move buildings from  
 49 an existing location to a location requiring an equal  
 50 or lesser length of driveway and provide an adequate  
 51 driveway to a public road.

52 3. None of the foregoing requirements shall  
 53 prohibit the property owner and the board or commis-

Sec. 4. A county may levy a local sales tax by resolution of the board of supervisors, if passed not later than July first of the year prior to the commencement of collection of the tax following notice and hearing as required for cities. Within thirty days of passage of the resolution, upon receipt of a petition signed by voters within the county equal in number to ten percent of the number of votes cast in the county for governor at the last preceding general election, requesting that an election be held, the board of supervisors shall submit to the voters of the county, at a special election called for that purpose and subject to the same requirements as the special election provided for a single city or town, the question of imposing countywide the tax authorized for cities and towns by this Act. If a majority of those voting in the entire county favors the imposition of the tax, the resolution shall become effective, according to the provisions of this Act. If a majority of those voting in the entire county does not favor the countywide imposition

of the tax, the resolution shall not become effective, and the board of supervisors shall not submit the same question within one year following the election. If a county levy is made, cities and towns within the county shall not levy the tax, or if the county levies the tax in a year subsequent to the levy by a city or town in that county, the city or town levies shall be suspended for the period of the county levy. Also, if a city or town imposes a local sales tax after July first, the board of supervisors of any county in which a part of the city is located may, within ten days of passage of the ordinance imposing the tax, proceed as provided for imposition of a countywide tax. The collection of a local sales tax so imposed by a county shall commence on January first following passage of the resolution imposing it.

Sec. 5. A local sales tax at a rate of not more than one percent may be imposed by a city or town on the gross receipts from the sale or use of tangible personal property subject to the state sales tax and from the services subject to the state tax. A local sales tax shall be imposed on the same basis as the state sales, services and use tax and may not be imposed on the sale or use of any tangible personal property not taxed by the state. A local sales tax is applicable only within the territorial limits of the city or town imposing it and shall be collected by all persons required to collect state sales, services and use taxes.

The amount of the sale, for purposes of determining the amount of the local sales and use tax, does not include the amount of the state sales and use tax.

No sales and use tax permit, other than the state sales and use tax permits, may be required.

Sec. 6. The director of revenue shall administer the provisions of a local sales tax as nearly as possible in conjunction with the administration of state tax laws. He shall provide appropriate forms, or provide on the regular state tax forms, for reporting local sales tax liability.

An ordinance or resolution imposing a local sales tax shall adopt by reference the applicable provisions of the appropriate sections of chapters four hundred twenty-two (422) and four hundred twenty-three (423) of the Code, and all powers of the director to administer the state sales and use tax law are applicable to his administration of a local sales tax ordinance or resolution. Local officials shall confer with the director of revenue and obtain his assistance in drafting the ordinance or resolution imposing a local sales tax. A certified copy of the ordinance or resolution imposing a local sales tax shall be filed with the director as soon as possible after passage.

The director, in consultation with local officials, shall collect and account for a local sales tax. The

director shall retain for the use of the department one percent of all local sales tax receipts, to cover administrative expense, and shall credit remaining net local sales tax receipts to a local sales tax fund hereby established in the office of the treasurer of state.

Sec. 7. The treasurer of state shall remit quarterly to the qualified cities and towns which have imposed a local sales tax their share of the balance in the local sales tax fund.

The city or town treasurer, or another city official designated by the council, shall apply three-fourths of all local sales tax money estimated to be received for property tax relief. Before the levies authorized under section four hundred four point two (404.2) of the Code are certified to the county auditor, they shall comply with legal mill limits and the certifying official shall subtract from the total amount computed in dollars, as provided in section four hundred forty-four point two (444.2) of the Code, an amount equal to the amount estimated for property tax relief during the next twelve month period, and shall certify only the net amount to the county auditor and board of supervisors. The county auditor shall base the millage levies authorized under section four hundred forty-four point three (444.3) of the Code upon the net amount so computed. In order for a city or town to be qualified to receive remittances from the treasurer of state the city or town clerk shall certify to the treasurer of state before January first of each year that the required reduction in the amount certified to the county auditor and board of supervisors for city or town taxes has been made. All local sales and use tax moneys received by a city or town may be expended for any lawful municipal purpose.

Sec. 8. If two or more cities and towns impose an authorized local tax jointly, the treasurer of state shall credit the receipts to a joint account, and shall remit to each qualified city or town a pro rata share of the joint account, according to population figures determined by the last federal census. The share remitted to each city and town shall be applied and expended as provided for local taxes imposed by a single city or town.

If an authorized local tax is imposed countywide, the treasurer of state shall credit the receipts to a joint account, and shall remit to each qualified city or town in the county a pro rata share of the joint account, based upon the percentage of its population to the total population of the county, and to the board of supervisors, when the county is qualified, a pro rata share of the joint account based upon the percentage of population in the county outside of cities and towns, the rural portion according to the population determined by the last federal decennial census.

The share remitted to each city and town shall be applied and expended as provided for local taxes imposed by a single city or town.

The share remitted to the board of supervisors may be used for any lawful county government purpose. However, the county treasurer shall credit one-half of all local sales tax moneys estimated to be received for property tax relief. Before the levies authorized under section four hundred forty-four point nine (444.9) of the Code are made, they shall comply with legal mill limits and the board of supervisors shall subtract from the total amount computed in dollars, as provided in section four hundred forty-four point two (444.2) of the Code, an amount equal to the amount estimated for property tax relief during the next twelve month period, and shall base the millage levies authorized under section four hundred forty-four point nine (444.9) of the Code upon the net amount so computed. In order for a county to be qualified to receive remittances from the treasurer of state, the board of supervisors shall certify to the treasurer of state before January first of each year, that the required reduction has been made.

Sec. 9. Upon receipt of a petition signed by voters within the city or town, or county in case of a county tax, equal in number to at least ten percent of the number of votes cast for governor at the last preceding general election within the local taxing jurisdiction, requesting that an election be held, the city or town council, or board of supervisors in the case of a county tax, shall not less than twenty nor more than forty-five days after receipt of the petition submit to the voters of the city or town or of the county at a special election called for that purpose, the question of approval or disapproval of the tax. Such a petition may be received only during the sixty days prior to the last certifying date of a budget in the second or any subsequent year following the beginning of collection of the tax. Prior to the special election the governing body shall publish notice of the election once each week for two consecutive weeks in a newspaper of general circulation serving the city or town, or in two newspapers of general circulation in the county in the case of a county tax.

If a majority of those voting favors the tax, the governing body may continue to impose the tax. If a majority of those voting thereon vote to discontinue the tax, it shall cease to be collected at the end of the calendar year in which the election is held, the ordinance or resolution shall stand repealed as of December thirty-first following the election, and the governing body may not impose the tax under the authority of this Act for collection within one year following

discontinuance of collection caused by the election, and then only if a new resolution or ordinance is passed. The governing body at any time may discontinue the tax, but an election may not be held oftener than once a year.

Sec. 10. Section twenty-six point six (26.6), Code 1971, is amended as follows:

**26.6 POPULATION OF COUNTIES, TOWNSHIPS, CITIES, AND TOWNS.**

Whenever the population of any county, township, city, or town is referred to in any law of this state, it shall be determined by the last certified, or certified and published, official census unless otherwise provided. However, the population figure disclosed for any city or town as the result of a special federal census as modified as the result of consolidation or annexation in the manner provided in sections 312.3, and 123.50, shall be considered for no other purposes than the application of sections 123.50 [and], 312.3 and the provisions of this Act. Whenever a special federal census is hereafter taken by any city or town, the mayor and council shall certify the said census as soon as possible to the secretary of state and to the treasurer of state as otherwise herein provided, and failing to do so, the treasurer of state shall, after six months from the date of said special census, turn over such moneys as authorized by sections 123.50 and 312.3 to the general fund of the state, and continue to do so until such time as certification by said mayor and council is made, or until the next decennial federal census. If there be a difference between the original certified record in the office of the secretary of state and the published census the former shall prevail.

Sec. 11. Section four hundred twenty-two point seventy-two (422.72), subsection one (1), Code 1971, is amended as follows:

1. It shall be unlawful for the director, or any person having an administrative duty under this chapter, to divulge or to make known in any manner whatever, the business affairs, operations, or information obtained by an investigation of records and equipment of any person or corporation visited or examined in the discharge of official duty, or the amount or source of income, profits, losses, expenditures or any particular thereof, set forth or disclosed in any return, or to permit any return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law; provided, however, that the director may authorize examination of such returns by other state officers, *by Iowa city and county officials*, or, if a reciprocal arrangement exists, by tax officers of another state, or the federal government. This subsection shall prevail over the provisions of any general law of this

state relating to public records.

The department of revenue shall audit each claim and if the director of revenue determines that the amount of the credit has been incorrectly determined, he shall redetermine the claim and give notice, in writing, to the person filing the claim of the redetermination and his reasons for it. The redetermination shall be final unless appealed to the district court within thirty days of receipt of the notice.

Sec. .... DENIAL OF CLAIM. Any person who files a claim for a credit which is excessive and was filed with fraudulent intent shall be guilty of a misdemeanor. Upon conviction of the person filing the excessive and fraudulent claim, the director of revenue shall disallow the credit in full. Knoke of Pottawattamie, District 79, offered the following amendment filed by Knoke, et al.:

Amend House File 571 as follows:

1. Page 6, by adding after line 5 the following new sections:

"Sec. 9. CIVIL SUIT TO DETERMINE OBSCENITY. Whenever the county attorney of any county has reasonable cause to believe that any person is engaged or plans to engage in the sale or commercial exhibition or distribution within his county of any obscene book, pamphlet, leaflet, paper, magazine, painting, drawing, etching, engraving, print, sculpture, carving, bas relief, slide, motion picture film or other graphic or plastic reproduction or representation, any or all of which for purposes of this Act are designated 'challenged material', he may institute a civil proceeding in the district court of the county for an adjudication regarding the obscenity of the challenged material.

Sec. 10. FILING OF PETITION—CONTENTS. The proceeding shall be instituted by filing with the court a petition directed against the challenged material by name or description and shall allege the obscene nature of the challenged material, and list the names and addresses, if known, of the artist, author, producer, publisher, manufacturer, distributor and, so far as they be known, all other persons interested in its sale or commercial exhibition or distribution, any or all of whom are for purposes of this Act designated 'parties in interest'.

Sec. 11. EXAMINATION OF CHALLENGED MATERIAL—SUBPOENA TO OBTAIN. Upon the filing of a petition pursuant to this Act the court shall immediately examine the challenged material. If the challenged material cannot be made available by the petitioner, the court shall issue a subpoena duces tecum to obtain the material for examination and any person served with such a subpoena within this state who has the challenged material in his possession or control shall produce it immediately or as soon as practicable. The subpoena shall require the production of such challenged material as may come within the possession or control of the person within sixty days after the subpoena is served upon him unless the court has in the interim examined the challenged material.

In determining whether the challenged material can be made available by the petitioner, no consideration may be given to the fact that petitioner, could purchase the challenged material if its cost would exceed fifteen dollars and the petition so states.

**Sec. 12. ADVERSARY HEARING.** If the court, upon examination, finds no probable cause to believe the challenged material obscene it shall dismiss the petition; but if the court finds such probable cause it shall set a time and place of hearing for an adversary determination of the obscenity of the challenged material. The court shall, within forty-eight hours after the challenged material is examined, issue a notice of such hearing, which notice shall:

1. Be addressed to all parties in interest to the proceedings.
2. Describe the challenged material with reasonable certainty.
3. Summon the parties in interest and all others whom it may concern to appear before the court at a place and time named in the notice, which time shall not be less than five nor more than fifteen days after examination of the challenged material by the court.
4. Be signed by the presiding judge.

**Sec. 13. NOTICE OF HEARING.** The notice of hearing shall be served at least three days prior to the hearing, and in the following manner:

1. By publication of the notice in two successive issues in a newspaper of general circulation within the county, in which the proceeding is filed.
2. By personal service of the notice upon those parties in interest who are residents of the county, or, if personal service cannot be accomplished, by leaving copies of the notice at the last known residences of those parties, with adult members of their families if possible.
3. By mailing a copy of the notice by registered mail to the last known addresses of those parties in interest who are not residents of the county.

**Sec. 14. RESTRAINING ORDER—HOW SET ASIDE.** When hearing is set pursuant to this Act, the court may issue a temporary restraining order against the sale or distribution of the challenged material. The order shall continue in effect until a determination of the obscenity of the challenged material is made by the court unless previously set aside pursuant to this section. The court shall cause a copy of the temporary restraining order to be served immediately upon the parties in interest in the manner provided in section thirteen (13), subsections two (2) and three (3) of this Act. Any person aggrieved by issuance of the order may contest it by filing with the court an application to set aside the order and by causing

a copy of the application to be served upon the county attorney.

**Sec. 15. ANSWERS FILED.** On or before the date of hearing, the parties in interest, and any other person having or claiming any interest in the commercial distribution of the challenged material, may appear and file an answer. The court may by order permit any other party to appear and file an answer *amicus curiae*.

**Sec. 16. EX PARTE IF NO ANSWER FILED.** If no one appears and files an answer on or before the hearing date, the court shall hear the matter *ex parte*, receiving in evidence the challenged material and such other matter as may be offered or as the court may deem proper. Should the court after such hearing find the challenged material to be obscene, it shall order the clerk of court to enter judgment accordingly, but the court in its discretion may except from the judgment a specified category of persons to whom the challenged material may be shown, sold, or distributed.

**Sec. 17. EVIDENCE CONSIDERED.** The court shall conduct the hearing in accordance with the rules of civil procedure applicable to the trial of cases without a jury. At the hearing the court shall consider the challenged material, and receive into evidence in addition to other competent evidence, the offered testimony of experts pertaining to:

1. The artistic, literary, medical, scientific, cultural, and educational values, if any, of the challenged material.

2. The degree of public acceptance of the challenged material or material of similar character, within the county in which the proceeding is brought.

3. The intent of the author, artist, producer, publisher, or manufacturer in creating the challenged material.

4. The reputation of the artist, producer, publisher, author, or manufacturer.

5. The advertising promotion and other circumstances relating to the sale of the challenged material.

6. The nature of classes of persons, including scholars, scientists, artists, and physicians, for whom the challenged material may not have prurient appeal, and who may be subject to exception pursuant to section sixteen (16) of this Act.

**Sec. 18. WRITTEN FINDING BY COURT.** In making a decision on the obscenity of the challenged material the court shall consider, among other things, the evidence offered pursuant to section seventeen (17) of this Act, if any, and shall make a written determination upon every consideration relied upon in the proceeding in its findings of fact and conclusions of law or in a memorandum accompanying them.

**Sec. 19. JUDGMENT CONTENTS.** If the court finds the challenged material not obscene, it shall order the clerk of court to enter judgment accordingly. If the court finds the challenged material to be obscene, it shall order the clerk to enter judgment that the challenged material is obscene, but in its discretion may except from its judgment a specified category of persons to whom the challenged material may be shown, sold, or distributed.

**Sec. 20. KNOWLEDGE OF OBSCENITY PRESUMED.** While a temporary restraining order made pursuant to section fourteen (14) of this Act is in effect, or after the entry of a judgment pursuant to sections sixteen (16) or nineteen (19) of this Act, any party in interest upon whom a temporary restraining order is served or against whom a judgment has been entered who publishes, sells, rents, lends, transports in intrastate commerce, or commercially distributes or exhibits the challenged material, or has the challenged material in his possession with intent to exhibit, publish, sell, rent, lend, transport in intrastate commerce, or commercially distribute or exhibit the same, is presumed to have knowledge that the challenged material is obscene under this Act.

**Sec. 21. APPEAL.** Any party to the proceeding, including the petitioner, may appeal from the judgment of the court to the supreme court, as provided by law.

**Sec. 22. CIVIL SUIT NOT NECESSARY TO CRIMINAL SUIT.** The petition and civil proceeding authorized under this Act, relating to challenged material, shall be intended only to establish the nature of the material in cases where such establishment is thought to be useful or desirable by the petitioner; and proceedings under this Act shall not be construed to be a necessary prerequisite to the filing of criminal charges.

**Sec. 23. EFFECT OF JUDGMENT.** When judgment that any challenged material is obscene has been entered pursuant to sections sixteen (16) or nineteen (19) of this Act, examples or copies of material so adjudged shall thereafter be subject to discovery and seizure anytime and anywhere in Iowa, pursuant to chapter seven hundred fifty-one (751) of the Code."

## STEERING COMMITTEE CALENDAR

The House resumed consideration of **House File 10**, a bill for an act relating to the maintenance of access roads.

Christensen of Union, District 95, offered the following amendment filed by Christensen, et al., and moved its adoption:

Amend House File 10 by striking everything after the enacting clause and inserting in lieu thereof the following:

Section 1. Section three hundred six point nineteen (306.19), Code 1971, is amended by striking the section and inserting in lieu thereof the following:

**306.19 PURCHASE OR CONDEMNATION OF RIGHT OF WAY—PROCEDURE—CLOSING DRIVEWAY—ALTERNATIVE ACCESS.**

1. In the maintenance, relocation, establishment, or improvement of any road, including the extension of such road within cities and towns, the commission or board having jurisdiction and control of such road shall have authority to purchase or to institute and maintain proceedings for the condemnation of the necessary right of way therefor. Such board or commission shall likewise have power to purchase or institute and maintain proceedings for the condemnation of land necessary for highway drainage, or land containing gravel or other suitable material for the improvement or maintenance of highways, together with the necessary road access or right of access thereto.

2. Whenever the board or commission condemns or purchases property access rights or alters by lengthening any existing driveway to a road from abutting property, except during the time required for construction and maintenance of the road or highway, the board or commission shall:

a. Compensate the owner for any diminution in the market value of the property by the denial or alteration by lengthening the driveway; however, in computing such diminution in value no consideration shall be given to the additional maintenance expense for maintaining the additional length of driveway, but in lieu thereof, both in condemnation proceedings or negotiated purchases, the board or commission shall pay to the owner the sum of five dollars for every lineal foot of additional length of driveway located on said owner's property. This payment shall represent just compensation to said property owner for the additional driveway maintenance caused by reason of the highway or road project.

b. If in the opinion of the board or commission it would be more economical to purchase the entire tract of the property owner than to provide and pay the maintenance expense required under the provisions

of this section, proceed with the acquisition of the entire tract of land; or

c. If mutually agreeable, move buildings from an existing location to a location requiring an equal or lesser length of driveway and provide an adequate driveway to a public road.

3. None of the foregoing requirements shall prohibit the property owner and the board or commission from entering into a mutually acceptable agreement for the replacement, relocation, construction, or maintenance of any alternative driveway on the owner's property.

4. Compensation for any property rights taken in the establishment of any alternative temporary or permanent access shall be paid as in any other purchase or condemnation of property. Proceedings for the condemnation of land for any highway shall be under the provisions of chapter 471 and chapter 472 or as said chapters may be amended. Provided that, in the condemnation of right of way for secondary roads, the board of supervisors may proceed as provided in sections three hundred six point twenty-eight (306.28) to three hundred six point thirty-seven (306.37), both inclusive, of the Code.

5. For the purposes of this section, the term "driveway" shall mean a way of ingress and egress located entirely on private property, consisting of a lane or passageway leading from a residence to a public roadway or highway.

19 property, on which such person conducts a business  
20 or farm operation, for such program or project.

21 3. "Business" means any lawful activity, excepting  
22 a farm operation, conducted primarily:

23 a. For the purchase, sale, lease and rental of  
24 personal and real property, and for the manufacture,  
25 processing, or marketing of products, commodities,  
26 or any other personal property;

27 b. For the sale of services to the public;

28 c. By a nonprofit organization; or

29 d. Solely for the purposes of section four (4),  
30 subsection one (1) of this Act, for assisting in the  
31 purchase, sale, resale, manufacture, processing, or  
32 marketing of products, commodities, personal property,  
33 or services by the erection and maintenance of an  
34 outdoor advertising display or displays, whether or  
35 not such display or displays are located on the  
36 premises on which any of the above activities are  
37 conducted.

38 4. "Farm operation" means any activity conducted  
39 solely or primarily for the production of one or more  
40 agricultural products or commodities, including timber,  
41 for sale or home use, and customarily producing such  
42 products or commodities in sufficient quantity to  
43 be capable of contributing materially to the operator's  
44 support.

45 5. "Mortgage" means such classes of liens as are  
46 commonly given to secure advances on, or the unpaid  
47 purchase price of real property, under the laws of  
48 this state, together with the credit instruments,  
49 if any, secured thereby.

50 6. "Federal agency" means any department, agency,  
51 or instrumentality in the executive branch of the  
52 federal government, and any wholly owned federal  
53 government corporation.

54 7. "Commission" means the state highway commission.

55 8. "Highway project" means any federal-aid street  
56 or highway project requiring the purchase or  
57 condemnation of private property for public use.

58 9. "Departmental rules" means all rules subject  
59 to the provisions of chapter seventeen A (17A) of  
60 the Code.

61 Sec. 2. EFFECT UPON PROPERTY ACQUISITION.

62 1. The provisions of this Act shall not affect  
63 the validity of any property acquisitions by purchase

64 or condemnation.

65 2. Nothing in this Act shall be construed as  
66 creating in any condemnation proceedings brought under  
67 the power of eminent domain, any element of value  
68 or of damage not in existence immediately prior to  
69 the date of this Act.

70 3. In order to prevent unjust enrichment or a  
71 duplication of payments to any condemnee, the courts  
72 of this state, when determining just compensation  
73 in condemnation proceedings, shall not allow any  
74 damages which duplicate any of the benefits provided  
75 under the provisions of this Act.

76 Sec. 3. DECLARATION OF POLICY. The purpose of  
77 this Act is to establish a uniform policy for the  
78 fair and equitable treatment of persons displaced  
79 as a result of state and federally assisted highway  
80 programs in order that such persons shall not suffer  
81 disproportionate injuries as a result of programs  
82 designed for the benefit of the public as a whole.  
83 The general assembly declares that replacement housing  
84 for persons displaced by highway projects is a  
85 necessary and essential part of such highway projects.  
86 This Act shall be known and may be cited as the  
87 "Highway Relocation Assistance Law".

88 Sec. 4. MOVING AND RELATED EXPENSES.

89 1. Whenever the acquisition of real property for  
90 a program or project undertaken by the commission  
91 will result in the displacement of any person, the  
92 commission shall make a payment to any displaced  
93 person, upon proper application as approved by such  
94 commission, for:

95 a. Actual reasonable expenses in moving himself,  
96 his family, business, farm operation, or other personal  
97 property;

98 b. Actual direct losses of tangible personal  
99 property as a result of moving or discontinuing a  
100 business or farm operation, but not to exceed an  
101 amount equal to the reasonable expenses that would  
102 have been required to relocate such property, as  
103 determined by the commission; and

104 c. Actual reasonable expenses in searching for  
105 a replacement business or farm.

106 2. Any displaced person eligible for payments  
107 under subsection one (1) of this section who is  
108 displaced from a dwelling and who elects to accept  
109 the payments authorized by this subsection in lieu  
110 of the payments authorized by subsection one (1) of  
111 this section may receive a moving expense allowance,  
112 determined according to a schedule established by  
113 the commission not to exceed three hundred dollars;  
114 and a dislocation allowance of two hundred dollars.

115 3. Any displaced person eligible for payments  
116 under subsection one (1) of this section who is  
117 displaced from his place of business or from his farm

118 operation and who elects to accept the payment  
119 authorized by this subsection in lieu of the payment  
120 authorized by subsection one (1) of this section,  
121 may receive a fixed payment in an amount equal to  
122 the average annual net earnings of the business or  
123 farm operation, except that such payment shall be  
124 not less than two thousand five hundred dollars nor  
125 more than ten thousand dollars. In the case of a  
126 business, no payment shall be made under this  
127 subsection unless the commission is satisfied that  
128 the business cannot be relocated without a substantial  
129 loss of its existing patronage, and is not a part  
130 of a commercial enterprise having at least one other  
131 establishment not being acquired for a highway project  
132 which is engaged in the same or similar business.  
133 For purposes of this subsection, the term "average  
134 annual net earnings" means one-half of any net earnings  
135 of the business or farm operation, before federal,  
136 state, and local income taxes, during the two taxable  
137 years immediately preceding the taxable year in which  
138 such business or farm operation moves from the real  
139 property acquired for such project, or during such  
140 other period as the commission determines to be more  
141 equitable for establishing such earnings, and includes  
142 any compensation paid by the business or farm operation  
143 to the owner, his spouse, or his dependents during  
144 such period.

145 Sec. 5. REPLACEMENT HOUSING FOR HOMEOWNER.

146 1. In addition to payments otherwise authorized  
147 by this Act, the commission shall make an additional  
148 payment not in excess of fifteen thousand dollars  
149 to any displaced person who is displaced from a  
150 dwelling actually owned and occupied by such displaced  
151 person for not less than one hundred eighty days  
152 prior to the initiation of negotiations for the  
153 acquisition of the property. Such additional payment  
154 shall include the following elements:

155 a. The amount, if any, which when added to the  
156 acquisition cost of the dwelling acquired by the com-  
157 mission, equals the reasonable cost of a comparable  
158 replacement dwelling which is a decent, safe, and  
159 sanitary dwelling adequate to accommodate such dis-  
160 placed person, reasonably accessible to public ser-  
161 vices and places of employment and available on the  
162 private market. All determinations required to carry  
163 out this paragraph shall be made in accordance with  
164 departmental rules established by the commission in  
165 making these additional payments.

166 b. The amount, if any, which will compensate such  
167 displaced person for any increased interest costs  
168 which such person is required to pay for financing  
169 the acquisition of any such comparable replacement  
170 dwelling. Such amount shall be paid only if the  
171 dwelling acquired by the commission was encumbered

172 by a bona fide mortgage which was a valid lien on  
173 such dwelling for not less than one hundred and eighty  
174 days prior to the initiation of negotiations for the  
175 acquisition of such dwelling. Such amount shall be  
176 equal to the excess in the aggregate interest and  
177 other debt service costs of that amount of the  
178 principal of the mortgage on the replacement dwelling  
179 which is equal to the unpaid balance of the mortgage  
180 on the acquired dwelling, over the remainder term  
181 of the mortgage on the acquired dwelling, reduced  
182 to discounted present value. The discount rate shall  
183 be the prevailing interest rate paid on savings  
184 deposits by commercial banks in the general area in  
185 which the replacement dwelling is located.

186 c. Reasonable expenses incurred by such displaced  
187 person for evidence of title, recording fees, and  
188 other closing costs incident to the purchase of the  
189 replacement dwelling, but not including prepaid  
190 expenses.

191 2. The additional payment authorized by this  
192 section shall be made only to such a displaced person  
193 who purchases and occupies a replacement dwelling  
194 which is decent, safe, and sanitary not later than  
195 the end of the one-year period beginning on the date  
196 on which he receives from the commission final payment  
197 of all costs of the acquired dwelling, or on the date  
198 on which he moves from the acquired dwelling, whichever  
199 is the later date.

200 **Sec. 6. REPLACEMENT HOUSING FOR TENANTS AND CER-  
TAIN**

201 **OTHERS.** In addition to amounts otherwise authorized  
202 by this Act, the commission shall make a payment to  
203 or for any displaced person displaced from any dwelling  
204 not eligible to receive a payment under section five  
205 (5) which dwelling was actually and lawfully occupied  
206 by such displaced person for not less than ninety  
207 days prior to the initiation of negotiations for  
208 acquisition of such dwelling. Such payment shall  
209 be either:

210 1. The amount necessary to enable such displaced  
211 person to lease or rent for a period not to exceed  
212 four years, a decent, safe, and sanitary dwelling  
213 of standards adequate to accommodate such person in  
214 areas not generally less desirable in regard to public  
215 utilities and public and commercial facilities, and  
216 reasonably accessible to his place of employment,  
217 but not to exceed four thousand dollars, or

218 2. The amount necessary to enable such person  
219 to make a down payment, including incidental expenses  
220 described in section five (5), subsection one (1),  
221 paragraph c, of this Act, on the purchase of a decent,  
222 safe, and sanitary dwelling of standards adequate  
223 to accommodate such person in areas not generally  
224 less desirable in regard to public utilities and  
225 public and commercial facilities, but not to exceed

226 four thousand dollars, except that if such amount  
227 exceeds two thousand dollars, such person must equally  
228 match any such amount in excess of two thousand  
229 dollars, in making the down payment.

230 **Sec. 7. RELOCATION ASSISTANCE ADVISORY SERVICES.**

231 1. Whenever the acquisition of real property for  
232 a highway project undertaken by the commission will  
233 result in the displacement of any person, the  
234 commission shall provide a relocation assistance  
235 advisory program for displaced persons which shall  
236 offer the services described in subsection three (3)  
237 of this section. If the commission determines that  
238 any person occupying property immediately adjacent  
239 to the real property acquired is caused substantial  
240 economic injury because of the acquisition, he may  
241 offer such person relocation advisory services under  
242 such program.

243 2. The commission shall cooperate to the maximum  
244 extent feasible with federal, state or local agencies  
245 to assure that such displaced persons receive the  
246 maximum assistance available to them.

247 3. Each relocation assistance advisory program  
248 required by subsection one (1) of this section shall  
249 include such measures, facilities, or services as  
250 may be necessary or appropriate in order to:

251 a. Determine the need, if any, of displaced per-  
252 sons, for relocation assistance;

253 b. Provide current and continuing information  
254 on the availability, prices, and rentals, of comparable  
255 decent, safe, and sanitary sales and rental housing,  
256 and of comparable commercial properties and locations  
257 for displaced businesses;

258 c. Assure that, within a reasonable period of  
259 time, prior to displacement there will be available  
260 in areas not generally less desirable in regard to  
261 public utilities and public and commercial facilities  
262 and at rents or prices within the financial means  
263 of the families and individuals displaced, decent,  
264 safe, and sanitary dwellings, as defined by the  
265 commission, equal in number to the number of and  
266 available to such displaced persons who require such  
267 dwellings and reasonably accessible to their places  
268 of employment, except that the commission may prescribe  
269 by departmental rules situations when such assurances  
270 may be waived;

271 d. Assist a displaced person displaced from his  
272 business or farm operation in obtaining and becoming  
273 established in a suitable replacement location;

274 e. Supply information concerning federal and state  
275 housing programs, and other federal or state programs  
276 offering assistance to displaced persons; and

277 f. Provide other advisory services to displaced  
278 persons in order to minimize hardships to such persons  
279 in adjusting to relocation.

280 4. The commission shall coordinate relocation  
281 activities with project work, and other planned or  
282 proposed governmental actions in the community or  
283 nearby areas which may affect the carrying out of  
284 relocation assistance programs.

285 Sec. 8. HOUSING REPLACEMENT BY COMMISSION AS LAST  
286 RESORT.

287 1. If a highway project cannot proceed to actual  
288 construction because comparable replacement sale or  
289 rental housing is not available, and the commission  
290 determines that such housing cannot otherwise be made  
291 available, the commission may take such action as  
292 is necessary or appropriate to provide such housing  
293 by use of funds authorized for such project. The  
294 commission may let contracts for the construction  
295 of said housing to approve plans and specifications  
296 for the building thereof, and to supervise, inspect  
297 and approve the housing once constructed in order  
298 that the housing so constructed complies with the  
299 terms and conditions of this Act.

300 2. No person shall be required to move from his  
301 dwelling on or after July 1, 1971, on account of any  
302 highway project, unless the commission is satisfied  
303 that replacement housing, in accordance with section  
304 seven (7), subsection three (3), paragraph c, of this  
305 Act, is available to such person.

306 Sec. 9. RULES ADOPTED. The commission shall make  
307 departmental rules and regulations necessary to effect  
308 the provisions of this Act and to assure:

309 1. Compliance with the Uniform Relocation  
310 Assistance and Real Property Acquisition Policies  
311 Act of 1970, Public Law 91-646.

312 2. The payment authorized by this Act are fair  
313 and reasonable and as uniform as practicable.

314 3. A displaced person who makes proper application  
315 for a payment authorized by this Act is paid promptly  
316 after a move or, in hardship cases, is paid in advance.

317 4. Any person aggrieved by a determination as  
318 to eligibility for a payment authorized by this Act,  
319 or the amount of a payment, may have his application  
320 reviewed by the commission.

321 All rules shall be subject to the provisions of  
322 chapter seventeen A (17A) of the Code.

323 Sec. 10. APPLICABLE TO OTHER THAN FEDERAL AID  
324 HIGHWAYS. The commission or any political subdivision  
325 may provide all or a part of the programs and payments  
326 authorized under this Act to persons displaced by  
327 any street or highway project which is financed in  
328 whole or in part by the state or a political  
329 subdivision, which is not a federal-aid project, and  
330 which requires the purchase or condemnation of private  
331 property for public use. To the extent that a program  
332 or payment is provided under this section, it shall  
333 be provided on a uniform basis to all persons so

334 displaced. The commission shall make departmental  
335 rules and regulations to assure reasonable standards,  
336 which need not conform to federal rules and guidelines,  
337 for programs and payments provided under this section.

338 Sec. 11. ACQUISITIONS BY OTHER STATE AGENCIES  
339 AND POLITICAL SUBDIVISIONS. Whenever real property  
340 is acquired by a state agency or a political  
341 subdivision of the state incident to a federal project  
342 or program, the state agency or political subdivision  
343 is hereby authorized and shall make all payments and  
344 provide all services required by this Act of the  
345 commission in order to secure the federal funds  
346 available for such project or program.

347 Sec. 12. PAYMENTS NOT TO BE CONSIDERED AS INCOME.  
348 No payment received under this Act shall be considered  
349 as income for the purposes of chapter four hundred  
350 twenty-two (422) of the Code.

351 Sec. 13. ADMINISTRATION. In order to prevent  
352 unnecessary expenses and duplications of functions,  
353 and to promote uniform and effective administration  
354 of relocation assistance programs for displaced  
355 persons, the commission may enter into contracts with  
356 any individual, firm, association, or corporation  
357 for services in connection with such programs, or  
358 may carry out its functions through any governmental  
359 agency, political subdivision, or instrumentality  
360 having an established organization for conducting  
361 relocation assistance programs. The commission shall,  
362 in carrying out the relocation assistance activities  
363 described in section eight (8) whenever practicable,  
364 utilize the services of state or local housing  
365 agencies, or other agencies having experience in the  
366 administration or conduct of similar housing assistance  
367 activities.

368 Sec. 14. FUNDING. Payments and expenditures under  
369 the provisions of this Act are incident to and arise  
370 out of the construction, maintenance, and supervision  
371 of public highways and streets, and, in the case of  
372 any federal-aid highway project, may be made by the  
373 commission from the primary road fund and funds made  
374 available by the federal government for the purpose  
375 of carrying out the provisions of this Act. Payments  
376 made under authority of section ten (10) of this Act  
377 may be made from the primary road fund in case of  
378 a primary road project only, and in other cases may  
379 be made from the secondary road fund or from  
380 appropriate funds under control of a political  
381 subdivision.

382 Sec. 15. FEDERAL GRANTS. The commission may do  
383 all things necessary to carry out the provisions of  
384 this Act and to secure federal grants to make the  
385 payments required by this Act, but the absence of  
386 federal aid to make such payments shall not discharge  
387 the obligation to make the payments.

388 Sec. 16. Chapter three hundred sixteen (316),  
 389 Code 1971, is repealed.  
 390 Sec. 17. Section four hundred seventy-two point  
 391 forty-two (472.42), Code 1971, is amended as follows:  
 392 472.42 EMINENT DOMAIN—PAYMENT TO DISPLACED  
 393 PERSONS. Any utility or railroad subject to section  
 394 474.10, chapter 490, or chapter 490A, authorized by  
 395 law to acquire property by condemnation that does  
 396 acquire the property of any person who is displaced  
 397 thereby after July 1, [1970] 1971, shall pay to such  
 398 person in addition to all other sums of money required  
 399 by law a displacement allowance in accordance with  
 400 and in the same manner as provided for acquisition  
 401 for highway projects in sections [316.3, 316.4 and  
 402 316.5] 4, 5, 6 and 8 of this Act. In the application  
 403 of said sections to utilities and railroads the term  
 404 "commission" shall mean the Iowa state commerce  
 405 commission. The displacement allowance shall be paid  
 406 in the manner provided in [that chapter] section 4,  
 407 5, 6 and 8 of this Act and pursuant to the rules and  
 408 regulations promulgated by the commission. Any person  
 409 aggrieved by a determination as to eligibility for  
 410 a payment or the amount of such payment may, upon  
 411 application, have the matter reviewed by the  
 412 commission. The decision of the commission upon  
 413 review shall be final as to all parties. Any utility  
 414 or railroad subject to this section that proposes  
 415 to acquire the property of any person who will be  
 416 displaced by such acquisition shall inform such person  
 417 of his right to receive a displacement allowance and,  
 418 if his entitlement thereto or the amount thereof is  
 419 in dispute, his right of appeal to the commission.

#### HOUSE CONCURRENT RESOLUTION 40

By Dougherty, Husak and Cochran

*Whereas*, the decline of the small businessman is directly related to the increasing growth of large corporations and conglomerates entering many business fields; and

*Whereas*, large corporations and conglomerates do not exercise the personal feeling for the persons and communities they serve in the same manner as the smaller, independent Iowa owned business; and

*Whereas*, many large corporations have in the immediate past ceased their operations for the primary purpose of receiving income tax advantages; and

*Whereas*, the cessation of the operations of such corporations has a profound effect on the employees of such corporations and their families, and in addition, affects the taxing base of the communities where they are located as well as the total economic structure of such communities, *Now Therefore*,

*Be It Resolved by the House of Representatives, the Senate Concurring*, That the legislative council be authorized to create a study committee consisting of legislative members from both political parties and both houses of the General Assembly for the purpose of studying the feasibility of prohibiting corporations and conglomerates from buying local industrial plants and closing them in order to obtain income tax deductions; and

*Be It Further Resolved*, That the study committee make periodic reports to the legislative council and submit a final report, including necessary bill drafts to implement its recommendations, to the legislative council. Copies

of the report approved by the legislative council shall be submitted to the General Assembly meeting in the year 1972.

- 11 school district is defined as a school corporation organized
- 12 under chapter two hundred seventy-four (274), of the Iowa Code.

13 However, a school district which can meet its general fund  
14 budget by a levy of less than twenty mills per dollar of  
15 assessed valuation on all taxable property in the district,  
16 shall levy only the lesser amount needed. Each county auditor  
17 shall certify to each school district within the county and to  
18 the state comptroller not later than February first each year  
19 the assessed valuation of taxable property for the preceding  
20 year in each school district within the county.

21 Sec. 2. FOUNDATION FORMULA. The foundation formula is  
22 a method of determining the amount of per pupil state aid to  
23 be paid to public school districts in the state, based upon  
24 the relative wealth of each school district. The formula  
25 consists of multiplying a school district's relative wealth  
26 factor by the average per pupil state aid factor.

27 A school district's relative wealth factor is deter-  
28 mined for each school year by dividing the state average  
29 per pupil wealth by the school district's per pupil wealth.  
30 The state average per pupil wealth is determined by adding  
31 together the total assessed valuation for the preceding year  
32 of taxable property in the state and the total net income as  
33 defined in section four hundred twenty-two point seven (422.7),  
34 of the Code, for the most recently completed year in the state,  
35 and dividing the sum by the total per pupil enrollment in the  
36 state. The school district's per pupil wealth is determined  
37 by adding together the total assessed valuation of taxable  
38 property for the preceding year in the school district and  
39 the total net income for the most recently completed year  
40 in the district, and dividing the sum by the total per pupil  
41 enrollment in the district. For the purpose of determining  
42 a school district's relative wealth only, per pupil enrollment  
43 includes the number of students residing in the district or  
44 the state and attending nonpublic schools, as well as the  
45 students attending public schools, and shared-time students  
46 shall not be separately counted.

47 The average per pupil state aid factor is determined for  
48 each school year by dividing the total amount of money  
49 appropriated for state aid by the total per pupil enrollment  
50 in the state.

51 Each public school district in the state which cannot  
52 meet its general fund budget by the levy of the foundation  
53 property tax is entitled to state aid equal to the amount  
54 of its per pupil state aid as determined by the foundation  
55 formula multiplied by its per pupil enrollment, and the total  
56 prorated by the state comptroller so that the total to be  
57 paid to all school districts equals but does not exceed the  
58 total amount of money appropriated for state aid under this  
59 section. However, no district shall receive during a school  
60 year an amount of state aid per pupil which, added to the  
61 amount receivable per pupil from the foundation property tax,  
62 exceeds eighty-five percent of the state average general fund  
63 budget per pupil.

64 Prior to April fifteenth each year, the state comptroller  
65 shall determine an approximation based on the previous year's  
66 fall enrollment of the amount of state aid to be paid to each

67 school district in the state under this section, and shall  
 68 certify the estimated amount to each school district for use  
 69 in preparing budgets.

70 As soon as possible each year, the state comptroller  
 71 shall compute the actual amount due each school district in  
 72 the state under the provisions of this section, and shall pay  
 73 the amount due to each school district in three installments  
 74 to be paid on approximately the first days of November,  
 75 February, and May of each school year. The installments  
 76 shall be as nearly equal as possible as determined by the  
 77 state comptroller, taking into consideration the relative  
 78 budget and cash position of the state resources.

79 Sec. 3. GENERAL FUND BUDGET. Subject to limitations  
 80 imposed by the school budget review committee or by state  
 81 law, the general fund budget for the purpose set forth in  
 82 section two (2) of this Act shall be determined as follows:

83 1. Determine estimated general fund expenditures  
 84 exclusive of gifts, and federal grants and aids, except  
 85 federal aids paid in anticipation of or reimbursement for  
 86 expenses caused by a federal activity in or near a school  
 87 district which would otherwise need to be paid from local  
 88 sources, by adding together the estimated amounts to be  
 89 expended for the school year, for administration, instruction,  
 90 attendance services, health services, pupil transportation  
 91 services, fixed charges, operation and maintenance, com-  
 92 munity services, capital outlay, debt service, and tuition  
 93 paid other districts. The cost of food services and student  
 94 body activities shall not be included in general fund costs.

95 2. From the total of the sums determined under sub-  
 96 section one (1) of this section deduct the following:

97 a. Estimated receipts from state appropriations for  
 98 handicapped children aid, vocational aid, driver education  
 99 aid, and junior college aid.

100 b. Estimated general fund receipts from the following:  
 101 Tuition paid by individuals or by the state; transportation;  
 102 services; rents; income on investment securities; other  
 103 general fund revenue receipts; general fund nonrevenue  
 104 receipts; and transfers to the general fund other than those  
 105 resulting from clearing accounts, reorganization, and the  
 106 return of principal of invested securities.

107 c. An estimate of the total amount determined on the  
 108 per pupil cost basis for children transported who live  
 109 within statutory walking distance from school.

110 Sec. 4. DETERMINATION OF PER PUPIL ENROLLMENT.

111 total amount of state aid allocated to public schools shall  
 112 be paid to each school district, on a per pupil basis,  
 113 based on the number of students in each school district.  
 114 The number of students in each school district including  
 115 special education students shall be determined by a  
 116 count of actual enrollment on the second Friday in September.  
 117 Shared-time students shall be counted in the enrollment on  
 118 the basis of number of hours of instruction in a public  
 119 school, proportionate to a full-time student enrolled in

The

120 the district. A school district may appear before the school  
 121 budget review committee to apply for additional state aid pro-  
 122 viding it can substantiate that the second semester increased  
 123 enrollment, based upon a recount of actual enrollment on  
 124 the second Friday in February, shows an increase over active  
 125 enrollment on the second Friday in September of more than  
 126 five percent, and that the increased enrollment has caused  
 127 increased costs over the initial program presented in  
 128 the proposed budget for the year. The school budget review  
 129 committee may distribute additional state aid per pupil  
 130 allocated for this purpose equally to those schools qualify-  
 131 ing. However, the amount per pupil distributed shall not  
 132 exceed one-half of the amount distributed per pupil in  
 133 fall enrollment.

134 Sec. 5. PERCENTAGE GROWTH FACTOR.

135 1. It is the intent of the legislature that the total  
 136 amount of state aid appropriated for use in determining the  
 137 amount to be paid to each school district under the school  
 138 foundation formula provided in section two (2) of this Act,  
 139 will be increased or decreased annually by the amount of  
 140 the percentage growth factor for the state, which will be  
 141 computed by the state comptroller each year as follows:

142 a. Determine the percent of increase or decrease in  
 143 state general fund revenue from taxes other than any school  
 144 district income surtax, adjusted for changes in rates or  
 145 basis, for each year of the last three calendar years for  
 146 which accurate figures are available, and divide the total  
 147 by three.

148 b. The total state aid for the last preceding school  
 149 year multiplied by the percentage growth factor gives the  
 150 additional amount of state aid which should be added or  
 151 subtracted to the appropriation for the current school year.

152 Sec. 6. ADDITIONAL SCHOOL PROPERTY TAX AND

BUDGET

153 LIMITATION. The remainder of a school district's general  
 154 fund budget for the 1972-1973 school year, after allowance  
 155 for expected receipts from the foundation property tax and  
 156 from state aid based upon the foundation formula as deter-  
 157 mined under sections one (1) and two (2) of this Act, shall  
 158 be provided by a tax which the school board shall cause to  
 159 be levied on all taxable property within the district.  
 160 However, a district's general fund budget per pupil for  
 161 the 1972-1973 school year may not exceed one hundred five  
 162 percent of its general fund budget per pupil for the 1971-  
 163 1972 school year. However, the general fund budget of a  
 164 school district for 1972-1973 shall not increase by more  
 165 than forty-six dollars per pupil.

166 Sec. 7. GUARANTEED STATE AID. For the 1972-1973  
 167 school year and for the two succeeding school years only,  
 168 the state will provide specific funds, called guaranteed  
 169 state aid, to any school district which, under the provi-  
 170 sions of this division, would otherwise have a general  
 171 fund millage rate increase for the 1972-1973 school year  
 172 over its rate for the 1971-1972 school year, and the

173 amount of guaranteed state aid to be paid to each district  
174 each year will be the amount necessary to insure that each  
175 district's general fund millage rate, as determined under  
176 the provisions and limitations of this division, will not  
177 exceed its general fund millage rate for the 1971-1972  
178 school year. However, the amount of guaranteed state aid  
179 paid to a school district in each of the three years shall  
180 not be reduced if a millage rate reduction results from the  
181 imposition of a school district income tax, but shall be  
182 reduced if a millage rate reduction results from an  
183 increase in state aid based upon the foundation formula.

184 There is hereby appropriated from the general fund of  
185 the state to the department of public instruction funds  
186 sufficient to pay the guaranteed state aid. The state  
187 comptroller shall pay this aid no later than May fifteenth  
188 in 1973, 1974, and 1975.

189 Sec. 8. MAXIMUM MILLAGE. The total tax caused to  
190 be levied by a school district in 1972 for the foundation  
191 property tax and the additional school property tax as pro-  
192 vided in section six (6) of this Act shall be the maximum  
193 millage which the school board may cause to be levied for  
194 school general fund purposes in subsequent years, except  
195 as otherwise provided in this division. If a school district  
196 cannot meet its general fund budget by a combination of  
197 state aid based upon the foundation formula, and the maximum  
198 property tax millage permitted under this section, the  
199 school board may apply to the school budget review committee  
200 for an allotment of any special funds appropriated for this  
201 purpose, and if its application is refused, may hold a  
202 special election on the question of whether to adopt a school  
203 district income surtax, or to increase its millage levy, or  
204 both. However the school budget review committee may authorize  
205 a school district to increase the property tax millage levy up  
206 to three mills for general fund purposes over the limitations  
207 provided in this section, if within the boundaries of that  
208 district there has been a closing of a school resulting in  
209 a substantial increase in public school enrollment in that  
210 district.

211 Sec. 9. SCHOOL BUDGET REVIEW COMMITTEE. A school  
212 budget review committee is established, which consists  
213 of the superintendent of public instruction, the state  
214 comptroller, and three members appointed by the governor  
215 to represent the public and to serve three-year staggered  
216 terms. Those serving as public members on the effective  
217 date of this Act shall continue to serve out their unexpired  
218 terms. The school budget review committee shall meet and  
219 hold hearings to carry out the provisions of section ten (10)  
220 of this Act. It may call in school board members and employees  
221 as necessary for the hearings. Legislators shall be notified  
222 of hearings concerning school districts in their constituencies.  
223 The committee shall adopt its own rules of procedure. The  
224 superintendent of public instruction shall serve as chairman,  
225 and the state comptroller shall serve as secretary. The  
226 committee members representing the public are entitled to  
227 receive a per diem equal to the per diem of members of the

228 board of public instruction, and their necessary travel and  
229 other expenses while engaged in their official duties. Ex-  
230 pense payments shall be made from appropriations to the  
231 department of public instruction.

232 Not later than December first for the following school  
233 year, the board of directors of each school district shall  
234 set a tentative limitation in dollars of the amount the  
235 district may spend on each program in the system as defined  
236 by the school budget review committee and in the form so  
237 prescribed. This prospectus of program and allotted dollars  
238 as approved by the board of directors shall guide the super-  
239 intendent when preparing the proposed budget for the following  
240 school year. These limitations submitted by the board of  
241 directors to the superintendent of schools for the district  
242 shall be promptly forwarded to the school budget review  
243 committee.

244 Sec. 10. DUTIES OF COMMITTEE. The school budget re-  
245 view committee may recommend to the state board of public  
246 instruction and the state comptroller the revision of any  
247 rules, regulations, directives, or forms relating to school  
248 district budgeting and accounting, confer with local school  
249 boards or their representatives and make recommendations  
250 relating to any budgeting or accounting matters, and may  
251 direct the superintendent of public instruction or the state  
252 comptroller to make studies and investigations of school costs  
253 in any school district whose budget has been submitted to the  
254 committee. The committee shall report to each session of the  
255 general assembly, which report shall include any recommended  
256 changes in laws relating to school districts, and shall set  
257 out the number of hearings held pursuant to this Act, the  
258 reasons for any authorized increases in school costs, and other  
259 information as the committee deems advisable.

260 If a school board applies to the school budget review  
261 committee for an allotment of special funds the committee may  
262 make an allotment from any funds appropriated specifically  
263 for this purpose, making allowance for prorating the appro-  
264 priated funds among the districts who apply, in proportion  
265 to their needs. The committee, in determining whether to  
266 grant special funds, shall consider unique and unusual cir-  
267 cumstances including, but not limited to, unusual increases  
268 or decreases in enrollments, natural disasters, unusual  
269 transportation problems, and initial staffing problems.

270 The school budget review committee may call in any  
271 county board of education or joint county board of education  
272 for the purpose of reviewing its budget as it relates to  
273 the individual districts within the county.

274 Sec. 11. SPECIAL ELECTION. A school board may submit  
275 the question of whether to adopt a school district income  
276 surtax at a special election as provided in chapter two  
277 hundred seventy-seven (277) of the Code.

278 The question submitted to the voters shall state the  
279 specific rate of school district income surtax which will  
280 be imposed upon individuals residing in the school district  
281 on December thirty-first of that year, or for fiscal year  
282 taxpayers, on the last day of their tax year falling after  
283 the adoption of the income surtax, in order to meet the

284 school district's general fund budget as proposed. The  
285 surtax rate is determined by dividing the additional amount  
286 needed to meet the district's general fund budget by the  
287 amount of state individual income tax paid by individuals  
288 residing in the school district on December thirty-first  
289 of the last preceding year for which accurate figures are  
290 available, or for fiscal year taxpayers on the last day of  
291 their tax year falling after the adoption of the income  
292 surtax. For purposes of this Act the words "state individual  
293 tax paid" shall mean the tax computed under section four  
294 hundred twenty-two point five (422.5), Code of Iowa, less  
295 the deductions allowed in section four hundred twenty-two  
296 point twelve (422.12), Code of Iowa.

297 If a majority of those voting favors adoption of the  
298 proposed budget and the specified school district income  
299 surtax, the tax shall be imposed as provided in section  
300 twelve (12) of this Act.

301 If a majority of those voting does not favor adoption  
302 of the proposed budget and the specified school district  
303 income surtax, the school board shall reduce its general  
304 fund budget to the amount which can be met by its maximum  
305 property tax millage and its state aid.

306 The school board shall certify the result of an  
307 election required under this section to the school budget  
308 review committee, to the county auditor, to the director of  
309 revenue, and to the state comptroller, within ten days  
310 following the election. The school board shall publish in  
311 an official newspaper the income surtax rate.

312 A school board may also submit, at a special election  
313 held pursuant to chapter two hundred seventy-seven (277)  
314 of the Code, the question of whether the district may  
315 increase its millage levy for the general fund beyond the  
316 maximum otherwise provided in section eight (8) of this  
317 division, in lieu of or in addition to adopting a school  
318 district income surtax. The question submitted to the  
319 voters shall include a statement of the maximum number of  
320 additional mills the board may cause to be levied for the  
321 general fund. If a school board is authorized by the voters  
322 to cause an additional number of mills to be levied, the  
323 school board may certify only the additional amount actually  
324 needed, but not to exceed the maximum authorized. If the  
325 school board submits to the voters only a single question of  
326 whether to increase spending by means of an increase in the  
327 millage rate or by means of a combination of a school  
328 district income surtax and a millage increase, a majority  
329 of those voting may authorize a millage increase. If the  
330 board submits the question of whether to adopt a school  
331 district income surtax or a millage increase in the alternative,  
332 it shall also place on the ballot the alternative of approving  
333 neither one, and in this case a number of votes equal to  
334 thirty-five percent of those voting is required in favor of  
335 either proposition in order to authorize either the adoption  
336 of a school district income surtax or an increase in the  
337 general fund millage levy.

338 Sec. 12. SCHOOL DISTRICT INCOME TAX. If the voters

339 of a school district approve the imposition of a school  
340 district income surtax of a specified rate, the school  
341 board shall impose the tax by resolution, as a surtax on  
342 the state individual income tax paid on incomes received  
343 during the current calendar year by taxpayers residing in  
344 the school district on December thirty-first of the current  
345 year, or for fiscal year taxpayers, on the last day of  
346 their tax year falling after the adoption of the income  
347 surtax.

348 A local school district income surtax or as much thereof  
349 as may be necessary, imposed after approval by the voters  
350 shall continue to be in effect in that school district until  
351 the school board finds that the surtax or a part thereof is  
352 unnecessary, or until the amount of the surtax is altered by  
353 another election. If a school board increases its general  
354 fund budget so that it cannot be met by the combination of its  
355 maximum property tax, state aid based on the foundation  
356 formula, and the approved school district income surtax, the  
357 school board may hold another election as provided in section  
358 eleven (11) of this Act, to submit the question of whether  
359 to alter the surtax rate for the district.

360 At least once every five years, if a school district income  
361 surtax is found to be necessary, the school board shall submit  
362 to the voters of the school district, at the regular school  
363 election or at a special election, the question of whether  
364 to continue imposition of the established school district  
365 income surtax. If a majority of those voting does not approve  
366 continuation of the school district income surtax, the school  
367 board may reduce its general fund budget to the amount which  
368 can be met by its maximum property tax millage and state aid,  
369 or may reduce the budget and submit to the voters the question  
370 of imposition of a lesser rate of school district income  
371 surtax, as provided in section eleven (11) of this Act. If  
372 the voters refuse to approve any school district income sur-  
373 tax, the school board shall reduce its budget accordingly.

374 Sec. 13. STATUTES APPLICABLE. The director of revenue  
375 shall administer any school district income surtax imposed  
376 under section twelve (12) of this Act, and all the provisions  
377 of sections four hundred twenty-two point twenty-two (422.22)  
378 through four hundred twenty-two point thirty-one (422.31),  
379 inclusive, and four hundred twenty-two point seventy-three  
380 (422.73) of the Code, shall apply in respect to administration  
381 of the school district income surtax.

382 Sec. 14. FORM AND TIME OF RETURN. The school district  
383 income surtax shall be made a part of the Iowa individual  
384 income tax return subject to the conditions and restrictions  
385 set forth in section four hundred twenty-two point twenty-one  
386 (422.21) of the Code.

387 Sec. 15. DEPOSIT OF SCHOOL DISTRICT INCOME SURTAX.  
388 The director of revenue shall deposit all moneys received  
389 as school district income surtax to the credit of each  
390 district from which the moneys are received, in a "school  
391 district income surtax fund" which is established in the  
392 office of the treasurer of state.

393 Sec. 16. SCHOOL DISTRICT INCOME SURTAX CERTIFICA-  
TION.

394 On or before October twentieth each year, the director of  
395 revenue shall make an accounting of the school district  
396 income surtax collected under this Act applicable to tax  
397 returns for the last preceding calendar year or for fiscal  
398 year taxpayers, on the last day of their tax year falling  
399 after the adoption of the income surtax, from taxpayers in  
400 each of the various school districts in the state and certify  
401 to the state comptroller and the state department of public  
402 instruction the amount of total school district income surtax  
403 credited from the taxpayers of each school district. Additional  
404 returns in process, if any, at the time of certification shall  
405 be completed and the additional amount of school district  
406 income surtax reported to the state comptroller for distribution  
407 back to the school district with the first installment of the  
408 following school year.

409 Sec. 17. SCHOOL DISTRICT INCOME SURTAX DISTRIBU-  
TION.

410 The state comptroller shall draw warrants in payment of  
411 the amount of tax payable to each of the school districts in  
412 two installments to be paid on approximately the first day  
413 of December and the first day of February, and cause the  
414 same to be delivered to the respective school districts.

415 Sec. 18. DEPOSIT IN GENERAL FUND. All amounts  
416 received by a school district under the provisions of  
417 sections two (2), four (4), ten (10), and seventeen (17)  
418 of this Act shall be deposited in the school general fund,  
419 and may be used for any school general fund purpose.

420 Sec. 19. Section two hundred ninety-eight point one  
421 (298.1), Code 1971, is amended as follows:

422 298.1 SCHOOL TAXES. The board of each school corporation  
423 shall estimate the amount of the proposed expenditures and  
424 proposed receipts for the general school purposes at a time  
425 and in a manner to effectuate the provisions of [chapter 442]  
426 *sections 1 through 18, inclusive, of this Act.* Compliance  
427 with chapter 24 shall be observed.

428 [Prior to compliance with section 24.9, the superintendent  
429 of the county school systems shall call a joint meeting of  
430 school superintendents and school board members for all of  
431 the local districts within the county basic school tax unit.  
432 The time and place for such joint meetings shall be set by the  
433 superintendent of the county school system.]

434 [The purpose of the joint meeting shall be for a review  
435 of the budgets of the several school districts within the  
436 county basic school tax units, and for the discussion of  
437 common problems within the county basic unit.]

438 Sec. 20. Section four hundred twenty-two point sixty-  
439 five (422.65), Code 1971, is amended as follows:

440 422.65 ALLOCATION OF REVENUE. [Ten] *Fifty-five percent*  
441 of the total moneys received from the franchise tax shall  
442 be deposited in the state general fund. The remaining moneys  
443 received from the franchise tax shall be deposited in a  
444 franchise tax fund hereby established in the office of the

445 treasurer of state, and shall be paid quarterly on warrants  
446 by the state comptroller, after certification by the director  
447 of revenue, as follows:

448 [1. Fifty percent to the basic school tax equalization  
449 fund of the basic school tax unit from which the tax is  
450 collected, to be distributed in the same manner as other

627 Sec. 30. Chapter four hundred twenty-two (422),  
 628 Code 1971, is amended by adding the following new  
 629 section:

630 "Commencing January 1, 1972, every resident individual

 633 year thereafter with respect to himself and each of the  
 634 persons for whom he is entitled to claim as a personal  
 635 exemption for purposes of the personal income tax imposed  
 636 under division two (2) of this chapter, whether or not the  
 637 resident individual is required to file a personal income

 654 claims the sales tax credit on his personal income tax  
 655 return filed under section four hundred twenty-two point  
 656 thirteen (422.13) of the Code. If the income tax due a  
 657 resident individual shown by personal income tax return is  
 658 less than the full amount of the sales tax credit to which  
 659 he is entitled pursuant to this section, the excess of the  
 660 sales tax credit over the income tax due shall be refunded

667 tax refund. The sales tax refund must be claimed by the

674 entitled shall be refunded to him upon furnishing proof, as  
675 required by the director of revenue, of his personal income  
676 and the number of his personal exemptions to the department  
677 of revenue.

678 The department of revenue shall promulgate rules and  
679 regulations with respect to refunds for this section includ-  
680 ing the manner and requirements for claiming the credit for  
681 or refund of the amount thereof in the same manner as state  
682 income tax refunds, and in accordance with the provisions  
683 of sections four hundred twenty-two point sixteen (422.16)  
684 and four hundred twenty-two point seventy-four (422.74)  
685 of the Code.

686 If the combined net income of the husband and wife  
687 exceeds five thousand dollars, neither the husband or wife  
688 shall receive any benefits under the provisions of this  
689 section. In computing net income, the net income of the

738 not receive any apportionment of funds under this subsection  
739 after its dissolution.

754 and shall be determined by combining the population of all  
755 incorporated cities and towns involved in the consolidation  
756 as determined by the last regular or special federal census

882 which he files claim for relief under this division. When  
883 two individuals of a household are able to meet the  
884 qualifications for a claimant, they may determine between  
885 them as to whom the claimant shall be. If they are unable  
886 to agree, the matter shall be referred to the director of  
887 the department of revenue and his decision shall be final.  
888 If a homestead is occupied by two or more individuals, and  
889 more than one individual is able to qualify as a claimant,  
890 and some or all the qualified individuals are not related,  
891 the individuals may determine among them as to whom the  
892 claimant shall be. If they are unable to agree, the matter  
893 shall be referred to the director of the department of revenue,  
894 and his decision shall be final.

895 6. "Property taxes accrued" means property taxes  
896 (exclusive of special assessments, penalties and interest)  
897 levied on a claimant's homestead in this state in 1971  
898 or any calendar year thereafter, less any credits allowed  
899 under chapter four hundred twenty-five (425) of the Code.  
900 If a homestead is owned by two or more persons or entities  
901 as joint tenants or tenants in common, and one or more  
902 persons or entities are not a member of claimant's house-  
903 hold, "property taxes accrued" is that part of property  
904 taxes levied on the homestead which reflects the ownership  
905 percentage of the claimant and his household. If a claimant  
906 and spouse own their homestead part of the preceding calendar  
907 year and rent it or a different homestead for part of the  
908 same year, "property taxes accrued" means only taxes levied  
909 on the homestead when both owned and occupied by the claimant  
910 at the time of the levy, multiplied by the percentage of  
911 twelve months that such property was owned and occupied by  
912 the household as its homestead during the preceding year.  
913 When a household owns and occupies two or more different  
914 homesteads in this state in the same calendar year, "property  
915 taxes accrued" shall relate only to that property occupied by  
916 the household as a homestead on the levy date. If a home-  
917 stead is an integral part of a larger unit such as a farm,  
918 or a multi-purpose or multi-dwelling building, property  
919 taxes accrued shall be that percentage of the total pro-  
920 perty taxes accrued as the value of the homestead is of  
921 the total value. For purposes of this subsection "unit"  
922 refers to the parcel of property covered by a single  
923 tax statement of which the homestead is a part.

924 Sec. 44. CLAIM IN PERSONAL. The right to file claim  
925 under this division shall be personal to the claimant and  
926 shall not survive his death, but such right may be exercised  
927 on behalf of a claimant by his conservator or attorney-in-  
928 fact. If a claimant dies after having filed a timely claim,  
929 the amount thereof shall be disbursed to another member of  
930 the household as determined by the director of the department  
931 of revenue. If the claimant was the only member of his  
932 household, the claim may be paid to his executor or administrator,  
933 but if neither is appointed and qualified within two years of  
934 the filing of the claim, the amount of the claim shall escheat  
935 to the state.

936 Sec. 45. CLAIM AS INCOME TAX CREDIT OR REBATE. Sub-  
937 ject

938 to the limitations provided in this division, a claimant may  
939 claim in any year as a credit against Iowa income taxes other-  
940 wise due on his income, property taxes accrued. If the  
941 allowable amount of such claim exceeds the income taxes other-  
942 wise due on claimant's income, or if there are no Iowa income  
943 taxes due on claimant's income, the amount of the claim not  
944 used as an offset against income taxes, after certification  
945 by the director of the department of revenue, shall be paid  
946 to claimant from the general fund. No interest shall be  
947 allowed on any payment made to a claimant pursuant to this  
948 division.

949 Sec. 46. FILING DATE. A claim shall be filed with the  
950 director of revenue no later than April thirtieth of the year  
951 property taxes accrued are due and payable.

952 Sec. 47. SATISFACTION OF OUTSTANDING TAX LIABILI-  
953 TIES.

954 The amount of any claim otherwise payable under this division  
955 may be applied by the department of revenue against any  
956 debt owing the state of Iowa by the claimant, or his or  
957 her spouse who was a member of the claimant's household  
958 in the year to which the claim relates.

959 Sec. 48. ONE CLAIM PER HOUSEHOLD. Only one claimant  
960 per household per year shall be entitled to relief under  
961 this division.

962 Sec. 49. LIMITS. The amount of any claim pursuant  
963 to this division shall be determined to the nearest dollar  
964 amount in accordance with the following schedule:

973 Sec. 50. ADMINISTRATION. The director of the depart-  
974 ment of revenue shall make available suitable forms with  
975 instructions for claimants, including a form which may be  
976 included with or as a part of the individual income tax  
977 blank. The claim shall be in such form as the director  
978 of the department of revenue may prescribe.

979 Sec. 51. PROOF OF CLAIM. Every claimant under this  
980 division shall supply to the department of revenue, in  
981 support of his claim, a verified statement showing that  
982 he was sixty-five years of age or totally disabled on or  
983 before the date of filing the claim, property taxes  
984 accrued, changes of homestead, household membership,  
985  
986  
987

988 household income, size and nature of property claimed  
989 as the homestead and a statement that the property taxes  
990 accrued and used for purposes of this division have been or  
991 will be paid by him and that there are no delinquent prop-  
992 erty taxes on the homestead. All persons living in the  
993 household who have attained their majority shall join in the  
994 signing and verification of said statement or the claim shall  
995 be denied.

996 Sec. 52. AUDIT OF CLAIM. If on the audit of any  
997 claim filed under this division the director of the depart-  
998 ment of revenue determines the amount to have been incorrectly  
999 determined, he shall redetermine the claim and notify the  
1000 claimant of the redetermination and his reasons for it. The  
1001 redetermination shall be final unless appealed within thirty  
1002 days of notice to the district court of the county wherein  
1003 the property was situated on which property taxes accrued  
1004 or rent constituting property taxes was paid.

1005 Sec. 53. DENIAL OF CLAIM. If it is determined that a  
1006 claim is excessive and was filed with fraudulent intent,  
1007 the claim shall be disallowed in full, and, if the claim  
1008 has been paid or a credit has been allowed against income  
1009 taxes otherwise payable, the credit shall be canceled and  
1010 the amount paid may be recovered by assessment (as income  
1011 taxes are assessed), and the assessment shall bear interest  
1012 from the date of payment or credit of the claim, until  
1013 refunded or paid, at the rate of one percent per month. The  
1014 claimant in such case, and any person who assisted in the  
1015 preparation or filing of such excessive claim or supplied  
1016 information upon which such excessive claim was prepared,  
1017 with fraudulent intent, is guilty of a misdemeanor. If it  
1018 is determined that a claim is excessive and was negligently  
1019 prepared, ten percent of the corrected claim shall be  
1020 disallowed, and if the claim has been paid or credited  
1021 against income taxes otherwise payable, the credit shall  
1022 be reduced or canceled, and the proper portion of any  
1023 amount paid shall be similarly recovered by assessment  
1024 as provided in section four hundred twenty-two point  
1025 thirty (422.30) of the Code, and the assessment shall bear

1027 until refunded or paid.

1029 in whole or in part of relief claimed under this division,  
1030 may appeal by filing a petition within thirty days after  
1031 such denial to the district court as provided in section  
1032 fifty-two (52) of this division.

1033 Sec. 55. PUBLIC WELFARE RECIPIENTS EXCLUDED. No  
1034 claim for relief under this division shall be allowed to  
1035 any person who is a recipient of public funds for the  
1036 payment of the taxes during the period for which the claim  
1037 is filed.

1038 Sec. 56. DISALLOWANCE OF CERTAIN CLAIMS. A claim  
1039 shall be disallowed, if the department finds that the  
1040 claimant received title to his homestead primarily for  
1041 the purpose of receiving benefits under this division.

1042 Sec. 57. EXTENSION OF TIME FOR FILING CLAIMS. In  
 1043 case of sickness, absence, or other disability, or if,  
 1044 in his judgment, good cause exists, the director of the  
 1045 department of revenue may extend for a period not to  
 1046 exceed six months the time for filing a claim.

#### HOUSE CONCURRENT RESOLUTION 41

By Goode

*Whereas*, the United States Congress has recently enacted legislation which will increase social security benefits by as much as ten percent retroactive to January 1, 1971; and

*Whereas*, in the past when social security benefits have been increased, recipients of payments from aid to the disabled, aid to dependent children, and old age assistance, who are also recipients of social security benefits, have had their state assistance payments reduced by the Department of Social Services; and

*Whereas*, compensation paid to veterans because of combat-related injuries is not reduced to recipients of social security benefits when social security benefits are increased; and

*Whereas*, persons who receive increases in social security benefits which are accompanied by deductions in categorical assistance payments do not receive increased income to offset cost of living increases and any increased social security benefits which they receive are nullified; *Now Therefore*,

*Be It Resolved by the House of Representatives, the Senate Concurring*, That the Department of Social Services is directed to continue making categorical assistance payments and not reduce payments because of increased social security benefits that recipients or their spouse, if any, may receive after January 1, 1971.

Laid over under Rule 25.

REFERRED TO COMMITTEE ON APPROPRIATIONS  
(Senate File 262)

The Speaker announced that **Senate File 262** previously passed on file is referred to the committee on **appropriations**.

PERSONAL PRIVILEGE

Pierson of Mahaska, District 87, asked and received unanimous consent that the following remarks by Blouin of Dubuque, District 49, be printed in the House Journal:

MR. SPEAKER, MEMBERS OF THE HOUSE:

The chairman of the Chemical Technology Review Board, in a story in Tuesday's newspaper, publicly criticized and questioned the personal character and motivation of the chairman of the Senate environmental preservation committee.

This individual went so far as to say that Mr. Laverty has a "vested interest" in certain sections of Senate File 85, the environmental reorganization bill.

Mr. Speaker, I would like to attempt to set the record straight for Mr. Mau's information and for the information of the public.

In 1965, as a private citizen, Senator Laverty lobbied successfully for the passage of a bill which set up controls and regulations for commercial fertilizers and soil conditioners. If Mr. Laverty had his personal "vested interests" at heart, he would not have done this.

Since that time, as a legislator, he has worked tirelessly toward controls of agricultural chemicals.

In 1969, he was appointed to the Interim Study Committee on Environmental Preservation and was selected by that committee to serve as chairman—a choice that would not have been made had we feared his misuse of that position. I know this to be true because I also served on that committee. Further, I did express considerable reservations at that time and publicly so stated. I made it clear that I did not agree with the Senator's presence on that committee. Since that time, however, I have completely reversed my opinions on Chuck Laverty's capabilities and have told him so on several occasions. I now state it publicly for all to know.

Mr. Speaker, this committee on which Senator Laverty served as chairman was the committee that formulated the bill to create the Chemical Board on which Mr. Mau now serves as chairman—the board which has since proven so public-minded and dedicated to the public welfare. Mr. Mau's comments are so contrary to this premise that I begin to wonder what *his* motives are.

This interim committee is the same group which designed the far-from-perfect environmental reorganization bill, opposition to which came mainly from those bureaucrats who, in their own minds, would lose some stature in the public eye and were, therefore, attempting to protect their precious appointments.

Last fall, when our study committee was preparing our report on the final draft of Senate File 85, Senator Laverty went to the Chemical Tech-

nology Review Board, and specifically to Mr. Mau, to seek out their thoughts and ideas on our proposal. Not one person raised a single objection nor did anyone draw attention to any specific points within the proposal.

Now, after several months, the chairman of this same board takes a cheap shot at the man who sought out his opinion.

One further point bears comment. When the Attorney General ruled that the Chemical Technology Board did not have the power to prohibit the use of certain chemicals, it was Senator Lavery who took the initiative to draft a bill (Senate File 326) to clearly give this board that power and then saw to it that this bill was passed by both houses of this legislature this year.

Mr. Speaker, these are not the actions of a man trying to protect his "vested interests" but rather are the facts which prove the dedication of one individual who is trying to clean up the environment regardless of the economic impact to his own life.

I urge Mr. Mau to reconsider his public statements. I believe that a public apology is in order.

Amend House File 182 as follows:

1. By striking all after the enacting clause and inserting the following sections:

Section 1. DEFINITIONS. As used in this Act the term:

1. "Person" means any individual, partnership, corporation, or association.

2. "Displaced person" means any person who moves from real property, or moves his personal property from real property, as a result of the acquisition of such real property, in whole or in part, or as the result of the written order of an acquiring agency to vacate real property, for a program or project undertaken by the state highway commission with federal highway assistance; and solely for the purposes of sections four (4) and seven (7) of this Act, as a result of the acquisition of or as the result of the written order of the commission to vacate other real property, on which such person conducts a business or farm operation, for such program or project.

3. "Business" means any lawful activity, excepting a farm operation, conducted primarily:

a. For the purchase, sale, lease and rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or any other personal property;

b. For the sale of services to the public;

c. By a nonprofit organization; or

d. Solely for the purposes of section four (4), subsection one (1) of this Act, for assisting in the purchase, sale, resale, manufacture, processing, or marketing of products, commodities, personal property, or services by the erection and maintenance of an outdoor advertising display or displays, whether or not such display or displays are located on the premises on which any of the above activities are conducted.

4. "Farm operation" means any activity conducted solely or primarily for the production of one or more agricultural products or commodities, including timber, for sale or home use, and customarily producing such products or commodities in sufficient quantity to be capable of contributing materially to the operator's support.

5. "Mortgage" means such classes of liens as are commonly given to secure advances on, or the unpaid purchase price of real property, under the laws of this state, together with the credit instruments, if any, secured thereby.

8. "Highway project" means any federal-aid street or highway project requiring the purchase or condemnation of private property for public use.

9. "Department rules" means all rules subject to the provisions of chapter seventeen A (17A) of the Code.

## Sec. 2. EFFECT UPON PROPERTY ACQUISITION.

1. The provisions of this Act shall not affect the validity of any property acquisitions by purchase or condemnation.

2. Nothing in this Act shall be construed as creating in any condemnation proceedings brought under the power of eminent domain, any element of value or of damage not in existence immediately prior to the date of this Act.

3. In order to prevent unjust enrichment or a duplication of payments to any condemnee, the courts of this state, when determining just compensation

in condemnation proceedings, shall not allow any damages which duplicate any of the benefits provided under the provisions of this Act.

**Sec. 3. DECLARATION OF POLICY.** The purpose of this Act is to establish a uniform policy for the fair and equitable treatment of persons displaced as a result of state and federally assisted highway programs in order that such persons shall not suffer disproportionate injuries as a result of programs designed for the benefit of the public as a whole. The general assembly declares that replacement housing for persons displaced by highway projects is a necessary and essential part of such highway projects. This Act shall be known and may be cited as the "Highway Relocation Assistance Law".

**Sec. 4. MOVING AND RELATED EXPENSES.**

1. Whenever the acquisition of real property for a program or project undertaken by the commission will result in the displacement of any person, the commission shall make a payment to any displaced person, upon proper application as approved by such commission, for:

a. Actual reasonable expenses in moving himself, his family, business, farm operation, or other personal property;

b. Actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the commission; and

c. Actual reasonable expenses in searching for a replacement business or farm.

2. Any displaced person eligible for payments under subsection one (1) of this section who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection one (1) of this section may receive a moving expense allowance, determined according to a schedule established by the commission not to exceed three hundred dollars; and a dislocation allowance of two hundred dollars.

3. Any displaced person eligible for payments under subsection one (1) of this section who is displaced from his place of business or from his farm operation and who elects to accept the payment authorized by this subsection in lieu of the payment authorized by subsection one (1) of this section, may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall be not less than two thousand five hundred dollars nor more than ten thousand dollars. In the case of a business, no payment shall be made under this subsection unless the commission is satisfied that

the business cannot be relocated without a substantial loss of its existing patronage, and is not a part of a commercial enterprise having at least one other establishment not being acquired for a highway project which is engaged in the same or similar business. For purposes of this subsection, the term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before federal, state, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, or during such other period as the commission determines to be more equitable for establishing such earnings, and includes any compensation paid by the business or farm operation to the owner, his spouse, or his dependents during such period.

#### Sec. 5. REPLACEMENT HOUSING FOR HOMEOWNER.

1. In addition to payments otherwise authorized by this Act, the commission shall make an additional payment not in excess of fifteen thousand dollars to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than one hundred eighty days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

a. The amount, if any, which when added to the acquisition cost of the dwelling acquired by the commission, equals the reasonable cost of a comparable replacement dwelling which is a decent, safe, and sanitary dwelling adequate to accommodate such displaced person, reasonably accessible to public services and places of employment and available on the private market. All determinations required to carry out this paragraph shall be made in accordance with departmental rules established by the commission in making these additional payments.

b. The amount, if any, which will compensate such displaced person for any increased interest costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the commission was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than one hundred and eighty days prior to the initiation of negotiations for the acquisition of such dwelling. Such amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings

deposits by commercial banks in the general area in which the replacement dwelling is located.

c. Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

2. The additional payment authorized by this section shall be made only to such a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one-year period beginning on the date on which he receives from the commission final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date.

#### Sec. 6. REPLACEMENT HOUSING FOR TENANTS AND CERTAIN

OTHERS. In addition to amounts otherwise authorized by this Act, the commission shall make a payment to or for any displaced person displaced from any dwelling not eligible to receive a payment under section five (5) which dwelling was actually and lawfully occupied by such displaced person for not less than ninety days prior to the initiation of negotiations for acquisition of such dwelling. Such payment shall be either:

1. The amount necessary to enable such displaced person to lease or rent for a period not to exceed four years, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, and reasonably accessible to his place of employment, but not to exceed four thousand dollars, or

2. The amount necessary to enable such person to make a down payment, including incidental expenses described in section five (5), subsection one (1), paragraph c, of this Act, on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, but not to exceed four thousand dollars, except that if such amount exceeds two thousand dollars, such person must equally match any such amount in excess of two thousand dollars, in making the down payment.

#### Sec. 7. RELOCATION ASSISTANCE ADVISORY SERVICES.

1. Whenever the acquisition of real property for a highway project undertaken by the commission will result in the displacement of any person, the commission shall provide a relocation assistance advisory program for displaced persons which shall offer the services described in subsection three (3) of this section. If the commission determines that

any person occupying property immediately adjacent to the real property acquired is caused substantial economic injury because of the acquisition, he may offer such person relocation advisory services under such program.

2. The commission shall cooperate to the maximum extent feasible with federal, state or local agencies to assure that such displaced persons receive the maximum assistance available to them.

3. Each relocation assistance advisory program required by subsection one (1) of this section shall include such measures, facilities, or services as may be necessary or appropriate in order to:

a. Determine the need, if any, of displaced persons, for relocation assistance;

b. Provide current and continuing information on the availability, prices, rentals, of comparable decent, safe, and sanitary sales and rental housing, and of comparable commercial properties and locations for displaced businesses;

c. Payments made under authority of section ten (10) of this Act may be made from the primary road fund in case of a primary road project only, and in other cases may be made from the secondary road fund or from appropriate funds under control of a political subdivision.

**Sec. 15. FEDERAL GRANTS.** The commission may do all things necessary to carry out the provisions of this Act and to secure federal grants to make the payments required by this Act, but the absence of federal aid to make such payments shall not discharge the obligation to make the payments.

# JOURNAL OF THE HOUSE

---

One Hundred Forty-third Calendar Day—Ninety-fifth Session Day

HALL OF THE HOUSE OF REPRESENTATIVES  
DES MOINES, IOWA, WEDNESDAY, JUNE 2, 1971

The House met pursuant to adjournment, Speaker Harbor in the chair.

Prayer was offered by the Reverend Leslie W. Chapman, pastor of the Congregational Church, Charles City, Iowa.

The Journal of Tuesday, June 1, 1971, was approved.

## BIRTHDAY CONGRATULATIONS AND TRIBUTE

Speaker Harbor invited the Honorable Dewey E. Goode to the Speaker's station.

Skinner of Polk, District 60, rose on a point of personal privilege to extend "Birthday Wishes" to the Honorable Dewey E. Goode and in tribute to his many years of service in the Iowa legislature presented the following remarks:

MR. SPEAKER, LADIES AND GENTLEMEN OF THE SIXTY-FOURTH GENERAL ASSEMBLY:

June 2, 1971, is the anniversary of the birth of the senior member of the Sixty-fourth General Assembly. On the second day of June, 1898, seventy-three years ago today, that birth resulted in a gentleman that destiny would dictate to serve more years in the Iowa legislature than any other person.

This gentleman was first elected to the Iowa legislature House of Representatives in 1932.

He served in the Forty-fifth, Forty-fifth Extra, Forty-sixth, Forty-sixth Extra, Forty-seventh and Forty-eighth sessions in the Iowa House of Representatives.

He then served in the Senate in the Forty-ninth, Fiftieth and Fiftieth Extra General Assemblies and returned to the House in the Fifty-third, Fifty-fourth, Fifty-fifth, Fifty-sixth, Fifty-sixth, Fifty-ninth, Sixtieth, Sixty-third and Sixty-fourth sessions.

He was Speaker pro tempore in 1939 and majority leader of the House in 1951, 1953 and 1955.

I am told the story, the truth of which I cannot vouch, that while he served as majority leader, a member of his party approached him and requested a caucus and he replied, "If I want you to vote 'yes' I will point up and if I want you to vote 'no' I'll point down. That's all you need to know—it's not necessary to have a caucus to go over that."

Mr. Goode also has served as chairman of the committee on ways and means and the committee on transportation.

It is true to his form that in reply to a questionnaire requested by the Chief Clerk of the House wherein the question was asked to state previous

legislative service, this gentleman replied, "The line isn't long enough."

It is most fitting and most proper that the Sixty-fourth General Assembly join in a bipartisan expression of our respect and admiration in wishing the Gentleman from Davis, Dewey E. Goode, a very "Happy Birthday."

The House rose and extended their best wishes and appreciation. Representative Goode addressed the House briefly.

#### REPORT OF CONFERENCE COMMITTEE ON HOUSE FILE 654

We, the undersigned members of the conference committee appointed to consider the difference between the Senate and the House of Representatives on House File 654, a bill for an act relating to state aid for schools, school district property taxes, imposing a school district income tax, providing administration by the director of revenue, adopting provisions relating to the state individual income tax, relating to the corporate income tax, and providing aid to cities, towns and counties from sales tax receipts, respectfully submit the following recommendations:

1. That the Senate recede from its amendment to the bill as amended and passed by the House.

2. That House File 654, as amended, passed, and reprinted by the House, be amended by striking everything after the enacting clause and inserting in lieu thereof the following:

#### DIVISION I

Section 1. STATE SCHOOL FOUNDATION PROGRAM. This division establishes a state school foundation program. Each school district in the state is entitled to receive state school foundation aid, which shall be an amount per pupil in fall enrollment equal to the difference between the amount per pupil in fall enrollment of foundation property tax plus miscellaneous income in the district, and the state foundation base or the district cost per pupil, whichever is less.

Sec. 2. FOUNDATION PROPERTY TAX. Each school district shall cause to be levied each year beginning in 1972, for the school general fund, a foundation property tax of twenty mills per dollar of assessed valuation on all taxable property in the district. For the purpose of this division, a school district is defined as a school corporation organized under chapter two hundred seventy-four (274) of the Code. Each county auditor shall certify to each school district within the county and to the state comptroller, not later than October first each year, the assessed valuation of taxable property for the current year in each school district within the county.

Sec. 3. STATE FOUNDATION BASE. The state foundation base for the school year beginning July 1, 1972, is seventy percent of the state cost per pupil. For each succeeding school year the state foundation base shall be increased by the amount of one percent of the state cost per pupil, up to a maximum of eighty percent of the state cost per pupil.

Sec. 4. FALL ENROLLMENT. Fall enrollment shall be determined by adding the resident pupils who are enrolled on the second Friday of September of each year in public elementary and secondary schools of the district, and in special education classes for which tuition is paid by the district whether the special education class is conducted by a county board of education or another school district.

Shared-time and part-time pupils of school age shall be counted in the proportion that the time for which they are enrolled or receive instruction for the school year bears to the time that full-time pupils carrying a normal course schedule, at the same grade level, in the same school district, for the same school year, are enrolled and receive instruction.

Each school district shall certify its fall enrollment to the state department of public instruction by September twenty-fifth of each year, and the information shall be promptly forwarded to the state comptroller.

Sec. 5. MISCELLANEOUS INCOME. Miscellaneous income is all revenues of a school district general fund budget,

exclusive of federal aid provided under title twenty (20), chapter thirteen (13), of the United States Code, the state foundation property tax, the state school foundation aid, guaranteed state aid, the additional school district property tax levy, any supplemental aid distributed by the school budget review committee, and any school district income surtax imposed in the district.

**Sec. 6. DISTRICT COST.** As used in this division, "district cost" means the total expenditures or anticipated expenditures of a district which are payable from the school general fund, exclusive of federal aid provided under title twenty (20), chapter thirteen (13), of the United States Code.

**Sec. 7. ALLOWABLE GROWTH.** Each year the state comptroller shall compute the state percent of growth by adding the percents of increase for the second and third years of the most recent three-year period for which accurate figures are available, for each of the following sources of revenue, and dividing the total by four:

1. State general fund revenues, adjusted for changes in rates or basis.

2. Statewide assessed valuation of taxable property, adjusted for statewide changes in assessment practices.

Each year the state comptroller shall compute the dollar equivalent of the state percent of growth by multiplying the state cost per pupil for the preceding school year by the current state percent of allowable growth, except that this dollar equivalent is limited to a maximum amount of forty-six dollars for the school year beginning on July 1, 1972, forty-eight dollars for the school year beginning on July 1, 1973, and fifty-one dollars for the school year beginning on July 1, 1974. As used in this division, "allowable growth" means the dollar equivalent of the state percent of allowable growth.

**Sec. 8. STATE COST PER PUPIL.** The state cost per pupil for the school year beginning July 1, 1971, is nine hundred twenty dollars. The state cost per pupil for the school year beginning on July 1, 1972, and for each succeeding school year is the previous year's state cost per pupil plus the allowable growth. If the state percent of allowable growth is zero or less, the state cost per pupil shall be the same as the previous year's state cost per pupil.

**Sec. 9. MAXIMUM GENERAL FUND BUDGET AND ADDITIONAL SCHOOL DISTRICT PROPERTY TAX LEVY.**

1. The state comptroller shall determine the additional school district property tax levy for each school district, which is in addition to the foundation property tax levy, as follows:

- a. The district cost per pupil in fall enrollment for the current school year ending June thirtieth each year, plus the allowable growth, determines the district

cost per pupil for the school year beginning July first each year. However, if the district cost per pupil in fall enrollment for the current school year ending June thirtieth each year exceeds one hundred ten percent of the state cost per pupil, the school budget review committee shall review the proposed budget and establish the amount of allowable growth for that district, not to exceed the limitations in section seven (7) of this division.

b. The district cost per pupil multiplied by the estimated fall enrollment for the school year beginning July first each year, determines the maximum district cost for each district. A school district may not exceed its maximum district cost unless additional millage is authorized or supplemental state aid is distributed to the district by the school budget review committee as provided in section thirteen (13), subsection five (5), of this division, or unless an additional amount is raised by a school district income surtax approved by the voters.

c. The state foundation base multiplied by the number of pupils in fall enrollment, and the product subtracted from the lesser of the actual or maximum district cost for the school year beginning July first each year, determines the amount to be raised by the additional school district property tax levy, subject to the maximum millage provided in section ten (10) of this division, any additional millage authorized by the school budget review committee under section thirteen (13) of this division, or the maximum millage reduction provided in section twenty-one (21) of this division.

2. No later than December first of each year, the state comptroller shall notify the county auditor of each county the amount, both in dollars and mills, of the additional property tax levy in each school district in the county. Each county auditor shall spread the additional property tax levy for each school district over all taxable property in the district.

3. a. A county board of education or joint county board of education shall not certify for the fiscal year commencing July 1, 1972, or the fiscal year commencing January 1, 1973, or any succeeding fiscal year, an amount of money to be raised by property taxes for the general fund budget in excess of the amount of money raised by property taxes for general fund expenditures for its last preceding fiscal year, plus an amount determined by multiplying the state percent of growth determined under section seven (7) of this division by the amount raised by property taxes for the general fund budget for its last preceding fiscal year.

b. In addition to the amounts provided in paragraph a of this subsection, a county board of education or joint county board of education may certify and receive moneys to expand special education programs for the

fiscal year commencing July 1, 1972, or January 1, 1973, or any succeeding year. However, this exception applies only to those special education programs or courses which would have qualified for state reimbursement pursuant to chapter two hundred eighty-one (281) of the Code, as interpreted by the rules and regulations of the state department of public instruction effective on July 1, 1970.

c. If, for any school year, responsibility for a special education pupil is transferred from a school district to a county or joint county board of education, or from a county or joint county board of education to a school district, the moneys budgeted for that pupil shall be transferred to the district or board which accepts responsibility for the pupil, or a proportionate amount shall be transferred if the change is made during the school year.

Sec. 10. **MAXIMUM MILLAGE LEVY.** For the purpose of determining the maximum millage levy in a school district, the state comptroller shall determine the sum of the foundation property tax levy and the additional property tax levy, in mills. When this total millage rate exceeds the district general fund levy in mills for the school year which began July 1, 1970, he shall adjust the district general fund millage levy to a rate equal to the millage levy for the school year beginning July 1, 1970, unless additional millage is approved by the school budget review committee, as provided in section thirteen (13), subsection five (5), paragraph a, of this division.

Sec. 11. **GUARANTEED STATE AID.** For the school year beginning July 1, 1972, and for the next four succeeding school years, the state shall provide specific funds, called guaranteed state aid, to any school district in which the maximum millage, excluding any additional millage approved by the school budget review committee, plus the district's miscellaneous income and state school foundation aid, does not meet the actual or maximum district cost, whichever is less.

There is hereby appropriated from the general fund of the state to the department of public instruction moneys sufficient to pay the guaranteed state aid provided in this section. The state comptroller shall pay this aid no later than May fifteenth of each year, beginning in 1973 for the school year beginning July 1, 1972.

Sec. 12. **SCHOOL BUDGET REVIEW COMMITTEE.** A school budget review committee is established, consisting of the superintendent of public instruction, the state comptroller, and three members appointed by the governor to represent the public and to serve three-year staggered terms. Those serving on the effective date of this division as public members of the school budget review committee established under prior law shall continue to serve out their unexpired terms as members of the committee established under this section. The committee

shall meet and hold hearings each year and shall continue in session until it has reviewed budgets of school districts, as provided in section thirteen (13) of this division. It may call in school board members and employees as necessary for the hearings. Legislators shall be notified of hearings concerning school districts in their constituencies.

The committee shall adopt its own rules of procedure. The superintendent of public instruction shall serve as chairman, and the state comptroller shall serve as secretary. The committee members representing the public are entitled to receive a per diem equal to the per diem of members of the board of public instruction, and their necessary travel and other expenses while engaged in their official duties. Expense payments shall be made from appropriations to the department of public instruction.

Sec. 13. DUTIES OF THE COMMITTEE.

1. The school budget review committee may recommend the revision of any rules, regulations, directives, or forms relating to school district budgeting and accounting, confer with local school boards or their representatives and make recommendations relating to any budgeting or accounting matters, and may direct the superintendent of public instruction or the state comptroller to make studies and investigations of school costs in any school district.

2. The committee shall report to each session of the general assembly, which report shall include any recommended changes in laws relating to school districts, and shall specify the number of hearings held annually, the reasons for the committee's recommendations, and other information as the committee deems advisable.

3. The committee shall review the proposed or certified budget of any school district if the district cost per pupil in estimated fall enrollment has increased over the district cost per pupil in fall enrollment for the previous year by more than the allowable growth of the district.

4. The committee may review the proposed or certified budget of any school district as follows:

a. If the budget shows district costs per pupil in estimated fall enrollment of more than the state cost per pupil.

b. If in the judgment of the committee, the budget shows the district cost to be unreasonably high in relation to the comparative cost factors of similar districts, even if the district cost per pupil in estimated fall enrollment does not exceed the state cost per pupil.

5. The committee may authorize a school budget in excess of limitations provided in sections nine (9) and ten (10) of this division as follows:

a. If a nonpublic school within a district closes wholly or in part, the committee may authorize an

increase in the school general fund millage beyond the maximum permitted under section ten (10) of this division, but only to the extent necessary to cover the cost of absorbing the former nonpublic school pupils into the public school system. The school board shall establish the amount of necessary increased cost to the satisfaction of the school budget review committee before an increase in millage is authorized.

b. Additional supplemental state aid may be paid to any district from any discretionary funds appropriated specifically to the committee for this purpose.

6. If the committee does not authorize a school district's budget, it shall state its recommendations in terms of a specific reduction in the district cost, and in terms of a projected reduction in the millage rate of the school district, and shall notify the school board of its recommendations through the state comptroller.

7. The committee, when making recommendations relating to school budgets, shall consider each district's circumstances and facts which are unique and unusual, including but not limited to any unusual increases or decreases in enrollments, natural disasters, unusual transportation problems, and initial staffing problems.

8. Failure by any school district to provide information or appear before the committee as requested for the accomplishment of review or hearing shall constitute justification for the committee to instruct the state comptroller to withhold any state aid to that district until the committee's inquiries are satisfied completely.

9. The school budget review committee may call in any county board of education for the purpose of reviewing its budget as it relates to the individual districts within the county.

**Sec. 14. ELECTION TO EXCEED MAXIMUM DISTRICT COST.**  
If a school board wishes to exceed its maximum district cost, as determined under section nine (9) of this division, it shall first submit its proposed budget to the school budget review committee. The committee may approve the proposed budget or may make other recommendations, but if the board decides that the district should exceed its maximum district cost, and the committee has not authorized an additional millage or supplemental state aid as provided in section thirteen (13), subsection five (5), of this division, the board shall submit to the voters of the school district, at a regular or special school election held not later than September fifteenth, the question of whether the proposed budget shall be approved, and financed by a school district income surtax of a specified rate, or whether the district shall be limited to its maximum district cost.

If a majority of those voting approves the proposed

budget and the specified school district income surtax rate, the surtax, determined as provided in section fifteen (15) of this division, may be imposed by resolution of the school board.

If the proposed budget and surtax does not receive approval by a majority of those voting, the school board shall reduce its general fund budget to an amount which does not exceed its maximum district cost.

The school board shall certify the result of an election required under this section to the county auditor, the school budget review committee, and the director of revenue, within ten days following the election. If a school district income surtax is approved, the school board shall publish notice of the surtax rate, as provided in chapter six hundred eighteen (618) of the Code.

#### Sec. 15. SCHOOL DISTRICT INCOME SURTAX.

1. If a school district income surtax is proposed by a school board, the state comptroller shall determine the rate of school district income surtax as follows:

a. Determine the excess amount needed.

b. Determine the total amount of state individual income tax as shown on the individual tax returns of persons residing in the school district on December thirty-first of the last preceding calendar year for which accurate figures are available or on the last day of a taxpayer's fiscal year ending within that calendar year. The director of revenue shall report this amount to the state comptroller as requested.

c. Divide the total amount of state individual income tax determined into the excess amount needed. The quotient is the school district income surtax rate which shall be imposed on the state individual income tax for the calendar year during which the school year begins, or for a taxpayer's fiscal year ending during that calendar year but after the date of the election approving the budget, and for subsequent years as provided in subsections two (2) and three (3) of this section, and shall be imposed on all individuals residing in the school district on December thirty-first of each calendar year, or on the last day of their fiscal year. As used in this section, "state individual tax" means the tax computed under section four hundred twenty-two point five (422.5) of the Code, less the deductions allowed in section four hundred twenty-two point twelve (422.12) of the Code.
