MEMORIAL TRIBUTE

Miller of Calhoun offered the following remarks in tribute to Representative Mattie Harper:

We are very fortunate to have served with Mattie Harper in this House of Representatives.

The strength of her character, the courage of her convictions, the loyalty of her friendship, the deep concern for the people she represented, the pride in her work, her direct questions expecting direct answers to difficult problems—all this showed us the ultimate in service and the joy in serving.

No one among us has personally touched the lives in every city, large and small, as she has.

Through a quarter of a century of counseling and directing literally thousands of young women at Hawkeye Girls State — her life has been a statement in action of love of God, love of country and love of all people.

Freely she gave of herself and in reaching out to others enabled them to grow in expectation and quality of life.

To walk the extra mile, to extend a helping hand, and accept life with joy — this is the challenge her life presents to us. May we accept the challenge.

The House rose for a moment of silent prayer in respect of the Honorable Mattie Harper.

HOUSE CONCURRENT RESOLUTION 30
By Committee on Cities

1 *Whereas*, there currently are 955 cities, 99
2 counties, 451 school districts and 1647 townships in
3 Iowa; and
4 *Whereas*, these government units in 1977 levied nearly
5 \$900 million in property taxes, employed approximately
6 75,000 persons, and directly affected the lives of every
7 Iowan; and
8 *Whereas*, these units of government overlap geograph-
9 ically and sometimes functionally and contain capital
10 and personnel resources which sometimes could best be
11 used in a cooperative manner; and
12 *Whereas*, no comprehensive study of the efficiency or
13 effectiveness of these units of government has been
14 undertaken; *Now Therefore*,
15 *Be It Resolved by the House of Representatives, the*
16 *Senate Concurring*, That the legislative council is auth-
17 orized to create a study committee as provided by law,
18 composed of members of the Standing Cities Committees and
19 Standing County Government Committees of both houses of
20 the 67th General Assembly representing both political
21 parties to conduct a study during the 1977 legislative
22 interim of the interaction of local jurisdictions, the
23 efficacy of consolidating certain governmental units or
24 functions and assigning certain functions to other
25 jurisdictions, and the desirability of broadening the

27 *Be It Further Resolved*, That the study committee
28 shall prepare a report of its findings and submit it to

HOUSE CONCURRENT RESOLUTION 31
By Committee on Cities

1 *Whereas*, withdrawal from the market of a major
2 carrier of liability insurance for local governments
3 has markedly reduced competition in the insurance field;
4 and
5 *Whereas*, it was common during 1976 for Iowa local
6 governments to experience premium increases of 100
7 percent or more for liability coverage with the premiums
8 in one city boosted 1,400 percent; and
9 *Whereas*, it is impossible to ask citizen—officials
10 to risk all their possessions by serving in local posi—
11 tions without adequate liability insurance coverage; and
12 *Whereas*, there is demonstrable need for proposals which
13 would enact effective limits on liability judgments
14 against local governments; *Now Therefore*,
15 *Be It Resolved by the House of Representatives, the*
16 *Senate Concurring*, That the legislative council is
17 authorized to create a study committee as provided by
18 law, composed of members of the Standing Cities Commit—
19 tees and Standing County Government Committees of both
20 houses of the 67th General Assembly representing both
21 political parties, to conduct a study during the 1977
22 legislative interim of the question of how best to obtain
23 liability protection and insurance coverage for local
24 officials and local governments, analyze the questions of
25 availability and cost, and investigate the potential
26 savings from placing limits on liability; and
27 *Be It Further Resolved*, That the study committee
28 shall prepare a report of its findings and submit it to
29 the legislative council and the members of the 67th

2 consulting firms by state agencies; and
3 *Whereas*, in some cases regular state employees
4 possess the expertise to perform work performed by
5 consultants at less cost to the state; and
6 *Whereas*, since 1970 in excess of six million dollars

7 have been expended annually by the state for consultant
8 fees; and
9 *Whereas, the conclusions and recommendations of con-*
10 *sultants are sometimes unrealistic or invalid; and*
11 *Whereas, there are currently no laws or guidelines*
12 *for the selections and awarding of consultant contracts;*
13 *Now Therefore,*
14 *Be It Resolved by the House of Representatives, the*

- 8 "Section 1. NEW SECTION. LEGISLATIVE FINDINGS.
- 9 Recognizing that the people of the state of Iowa have
- 10 a fundamental right and need for a healthful, clean
- 11 and beautiful environment; and recognizing that the

12 proliferation and accumulation of litter discards
13 throughout this state and the nation subvert this
14 right, impair this need and constitute a public health
15 hazard; and recognizing that the proliferation and
16 accumulation of litter is national in scope and that
17 uniform state action rather than a piecemeal state,
18 local, or regional solution is necessary to accomplish
19 effective litter control; and recognizing that
20 uniformity among local, regional and state governments
21 in control programs including signs, symbols and
22 regulations is desirable and necessary to accomplish
23 effective litter control; therefore, the general
24 assembly finds that there is an imperative need to
25 anticipate, plan for, and accomplish effective litter
26 control.

27 Sec. 2. NEW SECTION. LEGISLATIVE PURPOSE. The
28 purpose of this Act is to accomplish litter control
29 throughout this state by delegating to the department

31 employees of the department to be vested with police
32 powers to enforce and administer the provisions of
33 this Act and all rules adopted under this Act. The
34 executive director may contract with other state and

17 and to encourage the depositing of litter. In
18 selecting the anti-litter symbol and the size, shape
19 and color for litter receptacles, the executive
20 director shall in the interest of national uniformity
21 and standardization, attempt to emulate the anti-

ETERNAL ADVENTURE

By Representative Betty Jean (Beje) Clark, Rockwell

We remember
Those who have possessed the faith
That dared the great adventure
Of service to their state;
Urged on by an inexplicable instinct
To dream of unreachable horizons
Yet doggedly explore paths by which they might be reached.

In our remembering it is not difficult
To envision them in some perfected state
Joyously.....expectantly
Venturing still throughout eternity!

HOUSE CONCURRENT RESOLUTION 33

By Daggett

- 1 *Whereas*, school districts in the state are suffering
- 2 a continuing enrollment loss, which has fallen from
- 3 an enrollment of 659,569 pupils in September of 1971
- 4 to 605,000 pupils in September of 1976; and
- 5 *Whereas*, the projected population for elementary
- 6 and secondary education may drop to 546,398 pupils
- 7 by 1980 and projections exist for a population of

8 490,395 pupils for the school year beginning in 1987;
9 and

10 *Whereas*, the school enrollment forms the basis
11 for financing elementary and secondary education under
12 current Iowa law, and this funding scheme does not
13 adequately reflect the increasing costs for school
14 programs which cannot be reduced with the loss of
15 a few students in each grade; and

16 *Whereas*, the current adjustments for declining
17 enrollment are not adequate to fund the increasing
18 financial burdens imposed on school districts and
19 to reflect the principal that school costs cannot
20 be accurately reflected on a per pupil cost when
21 school districts are facing a substantial and
22 continuing declining enrollment; and

23 *Whereas*, the costs of transportation
24 disproportionately burden school districts across
25 the state reducing the funds available to a school
26 district to finance the costs of providing education
27 for children; *Now Therefore*,

28 *Be It Resolved by the House of Representatives,*
29 *the Senate Concurring*, That the legislative council
30 is requested to create a study committee consisting

Page 2

1 of members of both houses of the general assembly
2 representing both political parties for the purpose
3 of studying the funding of school programs to evaluate
4 the possibility of funding school programs and
5 transportation needs based upon the school district's
6 budget for the preceding year plus growth; and

7 *Be It Further Resolved*, That the study committee
8 investigate the possibility of modifying the funding
9 scheme for elementary and secondary education to
10 reflect district transportation costs potential
11 financial savings or increased financial needs for
12 school districts which have a substantial increase
13 or decrease in enrollment from one school year to
14 the next; and

15 *Be It Further Resolved*, That the study committee
16 make a report to the legislative council and to the
17 Sixty-seventh General Assembly, 1978 Session,
18 containing recommendations for the financing of school
19 programs to accurately reflect the costs incurred
20 to provide adequate transportation facilities and

- 21 an adequate education for all of Iowa's children
22 together with necessary bill drafts to implement the
23 proposed changes.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 34

By Husak and Bennett

- 1 *Whereas*, it is the intent of the state of Iowa and
2 this general assembly to provide competent care and
3 services to the elderly as well as the abusers of alcohol
4 and drugs; and
5 *Whereas*, it is further the intent of the general
6 assembly to do away with wasteful duplicate spending; and
7 *Whereas*, there are several sources of funding for
8 programs concerned with alcohol and drug abuse, as well
9 as for programs for the elderly; and
10 *Whereas*, the lack of complete information regarding the
11 funding of these programs hampers the state budgetary
12 process; *Now Therefore*,
13 *Be It Resolved by the House of Representatives, the*
14 *Senate Concurring*, That a study of the funding of the
15 commission on aging, the drug abuse authority, the divi-
16 sion of alcoholism and of all of their related programs
17 be undertaken during the 1977 legislative interim by
18 the human resources budget subcommittees of the house of
19 representatives and senate or by a joint subcommittee of
20 those subcommittees, and that a report on the funding of
21 these programs be submitted to the members of the Sixty-
22 seventh General Assembly on or before the date the 1978
23 Session convenes.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 35

By Committee on Cities

- 1 *Whereas*, previous studies of local government services
- 2 and financing have been found inadequate for legislation;

3 and

4 *Whereas*, a number of questions associated with those
5 studies remain unanswered, questions such as: Which level
6 of government should perform each needed service? How
7 should the services be paid for . . . through property
8 taxes, other taxes, user fees, or other methods? Should
9 tax exempt properties pay for basic government services
10 such as public safety? Should the maximum rate at which
11 agricultural property within cities is taxed continue to
12 be substantially less than the maximum rate at which
13 other property is taxed? and

14 *Whereas*, local intergovernmental relationships in Iowa
15 are complicated by differences in the scope of responsi-
16 bility between cities and counties; and

17 *Whereas*, the amount of certain federal aid received
18 by local jurisdictions depends on the level of taxation
19 among various government units; *Now Therefore*,

20 *Be it Resolved by the House of Representatives, the*
21 *Senate Concurring*, That the legislative council is
22 authorized to create a study committee as provided by
23 law, composed of members of the Standing Cities Committees
24 and Standing County Government Committees of both houses
25 of the 67th General Assembly representing both political
26 parties to conduct a study of the questions outlined
27 above as well as other local government matters which
28 should arise in connection with those questions.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 36

By Committee on Budget

1 *Whereas*, it is necessary that the general assembly
2 have the ability to analyze, develop, and review the
3 state budget; and

4 *Whereas*, the general assembly is presently limited
5 in its ability to perform these functions because it
6 does not have the necessary computer programs, equip-
7 ment and personnel at its disposal which will encompass
8 state budgeting and analysis procedures relating to
9 the appropriation and expenditure of funds; and

10 *Whereas*, this limitation and dependence upon the
11 executive branch of government for budget information
12 affects the ability of the general assembly to function
13 as a separate department of government as mandated by
14 Article III of the Constitution of the State of Iowa
15 providing for the distribution of powers of government;

16 and
17 *Whereas*, Section two point twelve (2.12) of the Code
18 provides an appropriation "deemed necessary to properly
19 carry out the functions of the general assembly" and is
20 consistent with Article III of the Constitution of Iowa
21 in providing funds for the general assembly to function
22 as a separate department of government; and
23 *Whereas*, a plan and the ability to develop an inter-
24 active budgeting system is available to the general
25 assembly and its members; *Now Therefore*,
26 *Be it Resolved by the House of Representatives, the*
27 *Senate Concurring*, That the speaker of the house and the
28 president of the senate are authorized and directed to expend
29 sums not exceeding the sum of four hundred eighteen thousand
30 (418,000) dollars from funds available under section two

Page 2

1 point twelve (2.12) of the Code to develop for the use
2 of the general assembly and its members an interactive
3 budgeting system which will provide for and encompass
4 state budgeting and analysis procedures relating to the
5 appropriation and expenditure of funds. Funds authorized
6 by this resolution may be expended for the lease or
7 purchase of necessary equipment or computer time, the
8 execution of necessary contracts providing for computer
9 programming, acquisition and development of software, the
10 employment of necessary personnel, and for necessary costs
11 required to implement and use the interactive budgeting
12 system; and

13 *Be it further resolved*, That the legislative council
14 shall have the duty and responsibility to review the develop-
15 ment of the interactive budgeting system and periodic reports
16 of such development shall be made to the legislative council;
17 and

18 *Be It Further Resolved*, That pursuant to section two
19 point twelve (2.12) of the Code the state comptroller is
20 directed and shall issue warrants to pay costs in carrying
21 out the provisions of this resolution.

Laid over under Rule 25.

12 and Community Affairs Editor, and,

13 *Whereas*, Mac has ceaselessly followed the progress
14 of nearly every bill in the Iowa legislature for
15 years and has often been glowingly and grudgingly
16 called a "Walking Code of Iowa," and,

17 *Whereas*, Mac was personally responsible for
18 convincing his newspaper's management that the
19 newspapers must have full time correspondents in
20 both Iowa and Illinois capitols, and,

1 around, and

2 *Whereas*, Mac inherited a situation where the
3 newspapers catered generally to the wishes of one
4 political party and,

5 *Whereas*, Mac now has spokesmen for both parties
6 wishing him some of their venom, which is generally
7 considered a health and fair state of affairs, and,

8 *Whereas*, Mac has taken a personal interest in
9 the future of the Annie Wittenmyer Home and has
10 been instrumental in the transition to private
11 control (or whatever they have there), and,

13 figure in promotion of intergovernmental harmony
14 and coordination, particularly in connection with
15 the "uni-gov" and county home rule, and,

17 presumptuous, cantankerous and a gentleman, now,

18 *Be It Resolved by the House of Representatives*,

20 on his 62nd year, and,

21 *Be It Further Resolved*, that the House wishes

- 10 shall be presented by the county attorney. During
- 11 the hearing the applicant and the respondent shall
- 12 be afforded an opportunity to testify and to present
- 13 and cross-examine witnesses, and the court may receive

16 If the respondent exercises that right and has been
17 medicated within twelve hours, or such longer period
18 of time as the court may designate, prior to the
19 beginning of the hearing or an adjourned session

49 4. If the respondent is not taken into custody
50 under section two hundred twenty-nine point eleven

Page 2

1 (229.11) of the Code, but the court subsequently finds

- 3 1. Page 1, by inserting before line 1 the following
- 4 new sections:

5 "Sec. . Chapter twenty-four (24), Code 1977,
6 is amended by adding the following new section:

7 NEW SECTION. If the property tax valuations
8 effective January 1, 1978, or any succeeding year,
9 are reduced or there is an unusually low growth rate
10 in the property tax base of a political subdivision,
11 the political subdivision may appeal to the state,
12 appeal board to request suspension of the statutory
13 property tax levy limitations to continue to fund
14 the present services provided. A political subdivision
15 may also appeal to the state appeal board where the
16 property tax base of the political subdivision has
17 been reduced or there is an unusually low growth rate
18 for any of the following reasons:

19 1. Any unusual increase in population as determined
20 by the preceding certified federal census.

21 2. Natural disasters or other emergencies.

22 3. Unusual problems relating to major new functions
23 required by state law.

24 4. Unusual staffing problems.

25 5. Unusual need for additional funds to permit
26 continuance of a program which provides substantial
27 benefit to its residents.

28 6. Unusual need for a new program which will
29 provide substantial benefit to residents, if the
30 political subdivision establishes the need and the
31 amount of the necessary increased cost.

32 The state appeal board may approve or modify the
33 request of the political subdivision for suspension
34 of the statutory property tax levy limitations.

35 Upon decision of the state appeal board, the state
36 comptroller shall make the necessary changes in the
37 total budget of the political subdivision and certify
38 the total budget to the governing body of the political
39 subdivision and the appropriate county auditors.

40 Sec. . Chapter three hundred thirty-three
41 (333), Code 1977, is amended by adding the following
42 new section:

43 NEW SECTION. Each year on or before December
44 first, the county auditor shall report to the state
45 comptroller the valuation by class of property for
46 each taxing district in the county on forms prescribed
47 by the state comptroller. The valuations reported
48 shall be those valuations used for determining the
49 levy rates necessary to fund the budgets of the taxing
50 districts for the following fiscal year.

Page 2

1 Each county auditor shall certify to the governing
2 body of each taxing district in the county not later
3 than January first of each year the assessed valuations

12 receiving from the several county auditors of the
13 state the certifications provided for in section
14 426.6, and ~~on or before September 15 of~~ during the
15 following fiscal year, the state comptroller shall
16 draw warrants on the agricultural land credits fund
17 created by this chapter, payable to the county
18 treasurers of the several counties of the state in
19 the total amount certified by the county auditors
20 of the respective counties and mail said warrants
21 to the county auditors of said counties in two equal
22 payments on or before September fifteenth and March
23 fifteenth of each fiscal year, provided that in the
24 event the agricultural land credits fund is
25 insufficient to pay in full the total of the amounts
26 certified to the state comptroller on the first of
27 June, ~~he the state comptroller~~ shall prorate the fund
28 to the several county treasurers and notify the several
29 county auditors of the pro rata percentage on or

32 new sections:

33 "Sec. . Section four hundred twenty-seven A
34 point one (427A.1), subsections three (3) and four
35 (4), Code 1977, are amended to read as follows:

36 3. Notwithstanding the definition of "attached"
37 in subsection 2 ~~property of a household is neither~~
38 ~~not "attached" nor "placed for use upon the land"~~
39 if it is a kind of property which would ordinarily
40 be removed when the owner of the property moves to
41 another location. In making this determination the
42 assessing authority shall not take into account the
43 intent of the particular owner.

44 4. Notwithstanding the other provisions of this
45 section, property described in this section, if held
46 solely for sale, lease or rent as part of a business

47 regularly engaged in selling, leasing or renting such
48 property, and if the property is not yet sold, leased,
49 rented or used by any person, shall not be assessed
50 and taxed as real property. This subsection does

Page 3

1 not apply to any land or building.

2 Sec. . Section four hundred twenty-seven A
3 point nine (427A.9), unnumbered paragraph two (2),
4 Code 1977, is amended to read as follows:

5 The amount of the additional personal property
6 tax credit shall be a fixed amount for each tax year.

7 The amount of the additional personal property tax
8 credit shall be increased for the extended tax year
9 beginning January 1, 1974, and ending June 30, 1975,
10 and shall be increased for each tax year immediately

11 following a tax year in which the growth of state
12 general fund revenues, adjusted for changes in rate
13 or basis, exceeds five and one-half percent, except
14 that the amount of the additional personal property
15 tax credit for taxes payable in each year of the
16 fiscal period beginning July 1, 1977 and ending June
17 30, 1978 shall not exceed the amount of the additional
18 personal property tax credit allowed for taxes payable
19 in the fiscal year beginning July 1, 1976 and ending
20 June 30, 1977. An increase in the additional personal

21 property tax credit, once granted, shall continue
22 for each succeeding tax year. For the purposes of
23 this chapter the state comptroller may estimate the
24 state percent of growth if necessary to avoid delay
25 in the collection of taxes. After nine such increases
26 have been made, all taxes on personal property shall
27 be repealed as provided in the following section.

28 The director of revenue and the state comptroller,
29 jointly, shall determine the amount of the credit
30 for each such tax year. Such amount shall be the
31 maximum amount, rounded to the nearest ten dollars,
32 which will permit complete funding of the replacement
33 obligation under this division, including the
34 replacement obligation for the tax credit granted
35 pursuant to sections 427A.1 to 427A.5, out of the
36 appropriation provided in this chapter.

37 Sec. . Section four hundred forty-one point
38 twenty-one (441.21), subsection one (1), unnumbered
39 paragraph one (1), Code 1977, is amended to read as

42 to taxation shall be valued at its actual value which
43 shall be entered opposite each item, and except as
44 otherwise provided herein for agricultural and
45 residential property shall be assessed at one hundred
46 percent of such actual value, and such value so
47 assessed shall be taken and considered as the assessed
48 value and taxable value of such property upon which
49 the levy shall be made.

50 Sec. . Section four hundred forty-one point

Page 4

1 twenty-one (441.21), subsection one (1), Code 1977,
2 is amended by inserting after unnumbered paragraph
3 five (5) the following new unnumbered paragraph:
4 **NEW UNNUMBERED PARAGRAPH.** Notwithstanding the
5 provisions of this section, in assessing and
6 determining the actual value of agricultural property
7 as of January 1, 1978, and January 1, 1979, the actual
8 value of agricultural property shall be determined
9 on the basis of productivity and net earning capacity
10 of the property determined on the basis of its use
11 for agricultural purposes capitalized at a rate of
12 seven percent and applied uniformly among counties
13 and among classes of property.

14 Sec. . Section four hundred forty-one point
15 twenty-one (441.21), subsection one (1), Code 1977,
16 is amended by adding the following new unnumbered
17 paragraphs:

18 **NEW UNNUMBERED PARAGRAPH.** For valuations
19 established as of January 1, 1978, agricultural and
20 residential property shall be assessed at a percentage
21 of the actual value of such property. The percentage
22 shall be determined by the director of revenue for
23 each assessing jurisdiction in the state in accordance
24 with the provisions of this section. For valuations
25 established as of January 1, 1978, the percentage
26 shall be the quotient of the dividend and divisor
27 as defined in this section. The dividend shall be
28 the total equalized value of such property in the
29 assessing jurisdiction in 1975, adjusted for additions
30 or deletions to said value, excluding those resulting
31 from the revaluation of existing properties, as
32 reported by the assessor on the abstracts of assessment
33 submitted in 1976 and 1977, plus seven and one-half
34 percent of the 1975 equalized value of such property
35 or the amount of value added by the revaluation of
36 existing properties in 1976, 1977 and 1978 whichever

37 is less. The divisor shall be the total value of
38 such property in the assessing jurisdiction as reported
39 by the assessor on the abstract of assessment submitted
40 in 1977, plus the amount of value added in 1978 by
41 the revaluation of existing properties.

42 **NEW UNNUMBERED PARAGRAPH.** For valuations
43 established as of January 1, 1979, the percentage
44 of actual value at which agricultural and residential
45 property shall be assessed shall be the quotient of
46 the dividend and divisor as defined in this section.
47 The dividend shall be the dividend as determined for
48 valuations established as of January 1, 1978, adjusted
49 by the product obtained by multiplying the percentage
50 determined for that year by the amount of any additions

Page 5

1 or deletions to actual value, excluding those resulting
2 from the revaluation of existing properties, as
3 reported by the assessor on the abstract of assessment
4 for 1978, plus seven and one-half percent of the
5 amount so determined. The divisor shall be the total
6 actual value of all such property in the assessing
7 jurisdiction in the preceding year, as reported by
8 the assessor on the abstract of assessment submitted
9 for 1978, plus the amount of value added to said total
10 actual value by the revaluation of existing properties
11 in 1979. The director shall utilize information
12 reported on abstracts of assessment submitted pursuant
13 to section four hundred forty-one point forty-five
14 (441.45) of the Code in determining such percentage.

15 **NEW UNNUMBERED PARAGRAPH.** For valuations estab-
16 lished as of January 1, 1980 and succeeding years,
17 the percentage of actual value at which agricultural
18 structures shall be assessed shall be the same
19 percentage applied to compute the assessed value of
20 residential property.

21 **NEW UNNUMBERED PARAGRAPH.** Not later than November
22 1, 1978, and November 1, 1979, the director shall
23 certify to the county auditor of each county the
24 percentages of actual value at which residential and
25 agricultural property in each assessing jurisdiction
26 in the county shall be assessed for taxation. The
27 county auditor shall proceed to determine the assessed
28 values of agricultural and residential property by
29 applying such percentages to the current actual value
30 of such property, as reported to the county auditor
31 by the assessor, and the assessed values so determined

32 shall be the taxable values of such properties upon
33 which the levy shall be made.

34 Sec. . Section four hundred forty-one point
35 twenty-six (441.26), Code 1977, is amended by adding
36 the following new unnumbered paragraph:

37 NEW UNNUMBERED PARAGRAPH. Beginning with valuations
38 for January 1, 1977 and each succeeding year, for
39 each parcel of property entered in the assessment
40 book, the assessor shall list the classification of
41 the property.

42 Sec. . Section four hundred forty-two point
43 two (442.2), unnumbered paragraph one (1), Code 1977,
44 is amended to read as follows:

45 Each school district shall cause to be levied each
46 year, for the school general fund, a foundation prop-
47 erty tax of five dollars and forty cents per thousand
48 dollars of assessed valuation on all taxable property
49 in the district. For the purpose of this chapter,
50 a school district is defined as a school corporation

Page 6

1 organized under chapter 274. Each county auditor
2 ~~shall certify to each school district within the~~
3 ~~county and to the state comptroller, not later than~~
4 ~~January 1 each year, the assessed valuation of taxable~~
5 ~~property for the current year in each school district~~
6 ~~within the county.~~

7 Sec. . TASK FORCE CREATED. There is established
8 a task force on taxation composed of six members.
9 Of the six members, three shall be appointed by the
10 governor and three shall be appointed by the
11 legislative council. All members shall be appointed
12 not later than June 30, 1977. Any vacancy in the
13 membership of the task force shall be filled by
14 appointment in the same manner as the original
15 appointments.

16 Members of the task force shall receive a per diem
17 of forty dollars and their actual and necessary
18 expenses.

19 Sec. . DUTIES. The task force on taxation
20 shall conduct a study of the present taxing system
21 in this state. The study shall include, but not be
22 limited to, the following:

23 1. The present system of state and local taxes
24 to determine the relative burden of the present tax
25 structure on the various segments of the state's
26 populace.

27 2. How different types and classes of property
28 should be valued and equalized for property tax
29 assessment purposes.

30 3. Whether budget limitations should be imposed
31 permanently on the political subdivisions of this
32 state.

33 4. Which taxes may presently bear too great a
34 burden of the taxes and which taxes may bear too small
35 a burden.

36 Sec. . STAFF. The task force on taxation shall
37 employ a consultant to assist it in carrying out its
38 duties and may request the assistance of any state
39 agency to obtain such data and other information which
40 the task force deems necessary to carry out its duties.

41 Sec. . REPORT. The task force shall transmit
42 copies of its final report to the governor and the
43 members of the Sixty-seventh General Assembly not
44 later than June 30, 1978. The final report shall
45 include findings of fact and its recommendations.

46 Sec. . APPROPRIATIONS. There is appropriated
47 from the general fund of the state to the office of
48 the state comptroller the sum of two hundred thousand
49 (200,000) dollars, or so much thereof as may be
50 necessary, for the fiscal year beginning July 1, 1977

Page 7

1 and ending June 30, 1978, for the purpose of the
2 employment of such professional, technical and
3 administrative staff and assistance on such basis
4 as shall be determined by the task force and for such
5 other expenses as shall be necessary to accomplish
6 the purpose of this Act, including per diem and actual
7 expenses incurred by task force members."

8 4. Amend the title, line 1, by striking everything
9 after the word "Act" and inserting in lieu thereof
10 the words "relating to property taxation by providing
11 additional property tax credits for property owners
12 by increasing the homestead tax credit and the
13 agricultural land tax credit, providing a temporary
14 delay in the phaseout of personal property taxes,
15 making changes in the procedures for assessment and

HOUSE CONCURRENT RESOLUTION 41

By Higgins

- 1 *Whereas*, the State of Iowa currently holds to the
2 practice of indeterminate sentencing; and
3 *Whereas*, one of the major stated purposes of
4 indeterminate sentencing is that of prisoner rehabili-
5 tation; and
6 *Whereas*, there is little evidence to support the
7 contention that indeterminate sentencing has the effect
8 of prisoner rehabilitation; and
9 *Whereas*, the current discretionary power of judges
10 and the parole board is such that the result is often
11 widely disparate sentences for individuals committing
12 the same crime under the same circumstances with
13 roughly the same background; *Now Therefore*,
14 *Be It Resolved by the House of Representatives, the*
15 *Senate Concurring*, That the legislative council is
16 authorized to create a study committee as provided by law
17 composed of members of the Senate and the House of
18 Representatives, representing both political parties, to
19 conduct a study during the 1977 interim relating to
20 determinate sentencing; and
21 *Be It Further Resolved*, That the study committee
22 shall present a report of its findings and recommenda-
23 tions and submit it to the legislative council and to the
24 members of the Sixty-seventh General Assembly, 1978
25 session, accompanied by legislative bill drafts designed
26 to carry out the recommendations of the study committee.

Laid over under Rule 25.

HOUSE RESOLUTION 22

By Garrison and Brandt

- 1 *Whereas*, the members of the Antioch Baptist Church
2 and its pastor, Reverend Eugene Williams of the city
3 of Waterloo, Iowa have performed superior and unusual
4 community services for over fifteen years, and

5 *Whereas*, this service included the acts of ministering
6 to, singing for, writing to, buying books and materials
7 for and counseling persons of all races incarcerated
8 in the penal institutions of Iowa, paying particular
9 attention to prisoners who have no family or friends
10 to visit or communicate with them, and

11 *Whereas*, this service is provided in the true spirit
12 of Christianity at no cost to the people of the State
13 of Iowa and significantly contributes to the moral
14 character and rehabilitation of prisoners incarcerated,
15 *Now Therefore*,

16 *Be It Resolved by the House of Representatives of the*
17 *State of Iowa* that the Antioch Baptist Church and its
18 pastor, Reverend Eugene Williams be highly commended
19 for their sustained and continued dedication to
20 rehabilitation of prisoners in the true Christian spirit
21 of brotherhood, and

22 *Be It Further Resolved* that a copy of this resolution,
23 certified by the Speaker of the House of Representatives
24 be forwarded to Pastor Eugene Williams of the Antioch
25 Baptist Church of Waterloo, Iowa.

EXPLANATIONS OF VOTE

I was necessarily absent from the House chamber on Friday, March 11, 1977. Had I been present I would have voted "nay" on the question "Shall the House recess for an hour?", on the question "Is the motion to recede dilatory?", on the question "Shall the House insist on its amendment to the Senate amendment?", and on the question "Shall the motion to insist be reconsidered and tabled?".

BINA of Scott

I was necessarily absent from the House chamber on Friday morning, May 13, 1977 and Monday morning, May 16, 1977. Had I been present, I would have voted "aye" on House Files 32, 406 and 594 and Senate File 333.

LONERGAN of Boone

Because of my work behind the House chamber with those members of the House and Senate interested in the merged agency on substance abuse, I missed an occasional vote on May 10, 1977. Had I been in the chamber when the votes were taken, I would have voted "nay" on the motion to suspend the rules to consider amendment H-4079 and on amendment H-4081.

HOUSE CONCURRENT RESOLUTION 42

By Committee on Cities

1 *Whereas*, 2.1 million Iowans live in 955 cities; and
 2 *Whereas*, cities are the only general purpose units of
 3 government in Iowa whose boundaries can be enlarged or
 4 reduced; and
 5 *Whereas*, nearly 900,000 of those Iowans live in the
 6 nine largest cities whose industrial and commercial
 7 establishments provide the employment base for surrounding
 8 areas but whose core areas are deteriorating because of
 9 the loss of residential property tax base; and
 10 *Whereas*, any statewide land use plan must take into
 11 account the need for recovery of that tax base and preser—
 12 vation of central business districts; *Now Therefore*,
 13 *Be It Resolved by the House of Representatives, the*
 14 *Senate Concurring*, That the legislative council is
 15 authorized to create a study committee as provided by law,
 16 composed of members of the Standing Cities Committees of
 17 both houses of the 67th General Assembly representing both
 18 political parties to conduct a study of the impact of
 19 alternative land use plans upon the development, renova—
 20 tion, and character of the state's cities and of the
 21 most desirable state role in determining land use prior—
 22 ities.

Referred to committee on natural resources.

HOUSE CONCURRENT RESOLUTION 43

By Committee on Cities

1 *Whereas*, there are 839 cities under 2,500 population
 2 in Iowa; and
 3 *Whereas*, the lifestyle unique to these cities has
 4 great appeal to many Iowa citizens; and
 5 *Whereas*, these cities face great challenges in main—
 6 taining their identify as communities because of new
 7 federal and state mandates regarding sewer and water
 8 systems, because of ever—more—complex problems in law
 9 enforcement, transportation, emergency medical services,
 10 and other local governmental functions, and because of
 11 the withdrawal of educational and even postal services
 12 from many of these cities; *Now Therefore*,

13 *Be It Resolved by the House of Representatives, the*
14 *Senate Concurring,* That the legislative council is
15 authorized to create a study committee as provided by
16 law, composed of members of the Standing Cities Committees
17 of both houses of the 67th General Assembly representing
18 both political parties to conduct a study of those communi-
19 ties and the actions necessary to maintain their viability
20 including their capacities to raise revenues locally,
21 the types of services which they should be expected to
22 provide, the role of current state assistance programs
23 such as the municipal assistance fund and the road use
24 tax fund, and the question of whether annual "subsistence"
25 grants may be necessary to enable them to survive.

Laid over under Rule 25.

SENATE CONCURRENT RESOLUTION 14
By Committee on Human Resources

- 1 *Whereas*, a joint interim subcommittee of the senate
2 and house committees on human resources has during the
3 1976 legislative interim considered the administrative
4 structure of agencies delivering mental health services
5 in Iowa; and
6 *Whereas*, the subcommittee in November, 1976 received
7 a staff report indicating that greater coordination
8 among agencies providing mental health services in Iowa
9 is desirable; and
10 *Whereas*, the subcommittee subsequently received from
11 the department of social services, the Iowa mental
12 health authority and the community mental health centers
13 association of Iowa a proposal that planning for con-
14 tinued development of an integrated mental health
15 delivery system can be conducted by a consortium
16 including but not limited to these three agencies and
17 the health facilities division of the department of
18 health; and
19 *Whereas*, such planning is desirable but should be
20 based on concurrent research and planning efforts
21 by knowledgeable persons directly responsible to the
22 General Assembly and not affiliated with any of the
23 potentially affected agencies in the state of Iowa; and

24 *Whereas*, that study should include a description
25 of the characteristics of the service system which
26 shall include a profile of current recipients of
27 mental health services in Iowa's mental health centers
28 and four state mental health institutes, an assessment
29 of current and potential demand for mental health
30 services, and a fiscal and administrative analysis of

Page 2

1 the mental health system; and
2 *Whereas*, the governor has appointed a task force
3 on mental health; *Now Therefore*,
4 *Be It Resolved by the Senate, the House Concurring*,
5 That a bipartisan joint select commit-
6 tee composed of three members of the House committee on
7 human resources, three members of the senate committee
8 on human resources, three members of the house social services
8A budget subcommittee, and three members of the senate social
8B services budget subcommittee, be appointed by the respective chair-
9 persons of those committees. The joint select committee
10 is authorized to expend the sum of seventy-five thousand
11 (75,000) dollars, or so much thereof as is necessary, from
12 funds appropriated pursuant to section two point twelve
13 (2.12) of the Code for the purpose of employing qualified
14 persons or a qualified business firm to conduct a study of
15 mental health. While the first session of the sixty-
16 seventh general assembly is in session the joint select
17 committee shall act as the policy-making body in regard
18 to the manner in which the study shall be conducted and
19 coordinate the efforts of the persons or firm selected
20 to carry out the study; and
21 *Be It Further Resolved*, That following the adjournment
22 of the first session of the sixty-seventh general assembly
23 the house and senate committees on human resources shall
24 succeed to and assume the responsibility of the joint
25 select committee in regard to the study of mental health
26 and may appoint a joint subcommittee for such purposes;

29 or firm employed to carry out the study shall be delivered
30 to the chairpersons of the senate and house committees on
31 human resources, the chairpersons of the senate and house
32 budget committees, and the members of the Legislative
33 Council, at a time to be agreed upon but not later than
34 March 1, 1978. The report shall include the findings and
35 recommendations for the future of mental health in Iowa; and

Page 3

1 *Be It Further Resolved*, That the governor's task
2 force shall be informed of and be given an opportunity
3 for appropriate participation in research and planning
4 relative to administration and delivery of mental
5 health services in Iowa, and specifically, that the
6 task force shall be invited to review and recommend
7 changes to the research design and work plan, to review
8 the results of the study of mental health in Iowa
9 authorized by this resolution, to comment on the recom-
10 mendations arising from such a study, and to present
11 to the governor and the legislature, within sixty days
12 after receipt of such findings and conclusions, their
13 recommendations, if any, for changes in Iowa's mental
14 health care delivery systems.

SENATE CONCURRENT RESOLUTION 18

By Nolting, Calhoon, Readinger, Craft,
and Miller of Cerro Gordo

1 *Whereas*, it is the intent of the state of Iowa and
2 this general assembly to provide competent care and
3 services to the elderly as well as to abusers of alcohol
4 and drugs; and
5 *Whereas*, it is further the intent of the general
6 assembly to do away with wasteful duplicate spending; and
7 *Whereas*, there are several sources of funding for
8 programs concerned with alcohol and drug abuse, as well
9 as for programs for the elderly; and
10 *Whereas*, the lack of complete information regarding the
11 funding of these programs hampers the state budgetary
12 process; *Now Therefore*,
13 *Be It Resolved by the Senate, the House Concurring*,
14 That a study of the funding of the commission on aging,
15 the drug abuse authority, the division of alcoholism

4 to modernize Iowa law relating to the regulation of credit
5 unions. The study shall include an analysis of other state
6 laws and federal laws to determine if any standardization
7 of provisions is appropriate or necessary; and

8 *Be It Further Resolved*, that a report of the subcommit—

H-4293

1 Amend the Senate amendment, H-4176, to House File
2 332, as amended, passed, and reprinted by the House,
3 as follows:

4 1. Page 2, by inserting after line 5 the following
5 sections:

6 "Sec. 4. Sections five (5) through twenty-eight
7 (28) of this Act shall be codified as a new division
8 under chapter four hundred twenty-two (422) of the
9 Code.

10 Sec. 5. NEW SECTION. DEFINITIONS. As used in
11 this Act, unless the context otherwise requires:

12 1. "Income" means the sum of Iowa net income as
13 defined in section four hundred twenty-two point seven
14 (422.7) of the Code, plus all of the following to
15 the extent not already included in Iowa net income:
16 Capital gains, alimony, child support money, the gross
17 amount of any pension or annuity including but not
18 limited to railroad retirement benefits, all payments
19 received under the federal social security Act, and
20 all military retirement and veterans' disability

21 pensions, interest received from the state or federal
22 government or any of its instrumentalities, workmen's
23 compensation, cash public assistance and relief
24 including food stamps, financial assistance programs
25 as approved by the higher education facilities
26 commission, unemployment compensation, and the gross
27 amount of disability income or "loss of time"
28 insurance. "Income" does not include gifts from
29 nongovernmental sources, or surplus foods or other
30 relief in kind supplied by a governmental agency.

31 2. "Household" means a claimant, spouse, and any
32 person living with the claimant at least one hundred
33 eighty-three consecutive days during the base year.

34 3. "Household income" means all income of all
35 persons residing in the household during the base
36 year prorated according to the length of the period
37 of occupancy.

38 4. "Homestead" means the dwelling actually rented
39 and used as a home by the claimant during all or part
40 of the base year, and so much of the land surrounding
41 it, not exceeding one acre, as is reasonably necessary
42 for use of the dwelling as a home, and may consist
43 of a part of a multidwelling or multipurpose building
44 and a part of the land upon which it is built. It
45 does not include personal property except that a
46 mobile home may be a homestead. Any dwelling or a
47 part of a multidwelling or multipurpose building which
48 is exempt from taxation shall not qualify as a
49 homestead under the provisions of this division.

50 A homestead must be located in this state.

Page 2

1 5. "Claimant" means a person claiming a credit
2 under this division who is eighteen years of age or
3 older on or before December thirty-first of the base
4 year and has not been claimed as a dependent on a
5 state income tax return filed in the preceding calendar
6 year, has not received more than six hundred dollars
7 in financial assistance exclusive of a financial aid
8 program approved by the higher education facilities
9 commission, and was domiciled in this state during
10 the entire base year and is domiciled in this state
11 at the time the claim is filed. "Claimant" does not
12 include any person who has previously received or
13 has filed during the base year a claim for
14 reimbursement for property taxes paid or rent
15 constituting property taxes paid under sections four
16 hundred twenty-five point sixteen (425.16) through

17 four hundred twenty—five point thirty—nine (425.39)
18 of the Code. In the case of a claim for a credit
19 for rent constituting property taxes paid, the claimant
20 shall have rented the property during any part of
21 the base year. When two persons of a household are
22 able to meet the qualifications for a claimant, they
23 may determine between them who will be the claimant.
24 If they are unable to agree, the matter shall be
25 referred to the director of revenue not later than
26 April thirtieth of each year and his decision shall
27 be final. If a homestead is occupied by two or more
28 persons, and more than one person is able to qualify
29 as a claimant, and some or all of the qualified persons
30 are not related, the persons may determine among them
31 who will be the claimant. If they are unable to
32 agree, the matter shall be referred to the director
33 of revenue not later than April thirtieth of each
34 year and his decision shall be final.

35 6. "Rent constituting property taxes paid" means
36 twenty—five percent of the gross rent actually paid
37 in cash or its equivalent during the base year by
38 the claimant or his household solely for the right
39 of occupancy of their homestead in the base year,
40 and which rent constitutes the basis, in the succeeding
41 year, of a claim for reimbursement under this division
42 by the claimant.

43 7. "Gross rent" means rental paid at arm's length
44 solely for the right of occupancy of a homestead or
45 mobile home, including rent for space occupied by
46 a mobile home not to exceed one acre, exclusive of
47 charges for any utilities, services, furniture,
48 furnishings, or personal property appliances furnished
49 by the landlord as a part of the rental agreement
50 whether or not expressly set out in the rental

Page 3

1 agreement. If the director of revenue determines
2 that the landlord and tenant have not dealt with each
3 other at arm's length, and the director of revenue
4 is satisfied that the gross rent charged was excessive,
5 he shall adjust the gross rent to a reasonable amount
6 as determined by the director. If the landlord does
7 not supply the charges for any utilities, services,
8 furniture, furnishings, or personal property appliances
9 furnished by him, or if the charges appear to be
10 incorrect, the director of revenue may apply a
11 percentage determined from samples of similar gross

12 rents paid solely for the right of occupancy.

13 8. "Base year" means for a claimant filing a claim
14 for rent constituting property taxes paid, the calendar
15 year last ending before the claim is filed.

16 Sec. 6. NEW SECTION. CLAIM IS PERSONAL. The
17 right to file a claim under this Act shall be personal
18 to the claimant and shall not survive his death, but
19 the right may be exercised on behalf of a claimant
20 by his legal guardian or attorney. If a claimant
21 dies after having filed a claim, the amount of the
22 reimbursement may be paid to another member of the
23 household as determined by the director. If the
24 claimant was the only member of his household, the
25 reimbursement may be paid to his executor or
26 administrator, but if neither is appointed and
27 qualified within one year from the date of the filing
28 of the claim, the reimbursement shall escheat to the
29 state.

30 Sec. 7. NEW SECTION. CLAIM AND REIMBURSEMENT.

31 Subject to the limitations provided in this Act, a
32 claimant may annually claim a reimbursement for rent
33 constituting property taxes paid in the base year.
34 The amount of the reimbursement for rent constituting
35 property taxes paid shall be claimed by the claimant
36 as a credit against the state individual income tax
37 owed by the claimant on taxable income of the preceding
38 year on which taxes are payable during the current
39 year. If the claimant has no tax liability for the
40 taxable year, the amount of the reimbursement for
41 rent constituting property taxes paid shall be paid
42 to the claimant as a rebate.

43 Sec. 8. NEW SECTION. FILING DATE. A claim for
44 reimbursement for rent constituting property taxes
45 paid shall not be paid or allowed, unless the claim
46 is actually filed with the claimant's state income
47 tax return and in the possession of the department
48 of revenue on or before April thirtieth of the year
49 following the base year, beginning April 30, 1980.

50 Sec. 9. NEW SECTION. SATISFACTION OF OUTSTANDING

Page 4

1 TAX LIABILITIES. The amount of any claim for
2 reimbursement payable under this Act may be applied
3 by the department of revenue against any tax liability
4 outstanding on the books of the department against
5 the claimant, or against a spouse who was a member
6 of the claimant's household in the base year.

7 Sec. 10. NEW SECTION. ONE CLAIMANT PER HOUSEHOLD.

8 Only one claimant per household per year shall be
 9 entitled to reimbursement under this Act.
 10 Sec. 11. NEW SECTION. SCHEDULE FOR CLAIMS FOR
 11 REIMBURSEMENT. The amount of any claim for
 12 reimbursement filed under this Act shall be determined
 13 as provided in this section.

14 1. The tentative reimbursement shall be determined
 15 according to the following schedule:

	Percent of rent constituting
If the household property taxes paid allowed	
income is:	as a reimbursement:
19 \$ 0- 999.99	100%

26 7,000-7,999.99	30
27 8,000-8,999.99	25

28 Sec. 12. NEW SECTION. MAXIMUM PROPERTY TAX.

29 In any case in which rent constituting property taxes
 30 paid in any base year for any household exceeds six
 31 hundred dollars, the amount of rent constituting
 32 property taxes paid shall be deemed to have been six
 33 hundred dollars for purposes of this Act.

34 Sec. 13. NEW SECTION. CREDIT NOT ALLOWED. The

35 provisions of this Act shall not apply to any person
 36 occupying property which is used exclusively for
 37 essential public purposes and the property occupied
 38 as a household is exempt from all taxes and special
 39 assessments of the state or a political subdivision
 40 of the state.

41 Sec. 14. NEW SECTION. ADMINISTRATION. The

42 director of revenue shall make available suitable
 43 forms with instructions for claimants and shall be
 44 included in the booklet distributed by the director
 45 which contains the state income tax returns and the
 46 instructions for filing the returns. The claim shall
 47 be in such form as the director may prescribe and
 48 shall be filed with the claimant's state individual
 49 income tax return. The director may also devise a
 50 tax reimbursement table, with amounts rounded to the

1 nearest whole dollar. Reimbursements in the amount
 2 of less than one dollar shall not be paid.

3 Sec. 15. NEW SECTION. PROOF OF CLAIM. Every
4 claimant shall give the department of revenue, in
5 support of his claim reasonable proof of:

6 1. Rent constituting property taxes paid, including
7 the portion of gross rent paid for providing utilities,
8 services, furniture, furnishings, and personal property
9 appliances, and the name and address of the owner
10 or manager of the property rented and a statement
11 whether the claimant is related by blood, marriage
12 or adoption to the owner or manager of the property
13 rented;

14 2. Changes of homestead;

15 3. Household membership;

16 4. Household income;

17 5. Size and nature of property claimed as the
18 homestead; and

19 The director may require any additional proof
20 necessary to support a claim.

21 Sec. 16. NEW SECTION. AUDIT OF CLAIM. If on
22 the audit of any claim for reimbursement under this
23 Act, the director determines the amount of the claim
24 to have been incorrectly calculated or that the claim
25 is not allowable, he shall recalculate the claim and
26 notify the claimant of the recalculation or denial
27 and his reasons for it. The director shall not adjust
28 any claim after three years from April thirtieth of
29 the year in which the claim is filed. If the claim
30 for reimbursement has been paid, the amount may be
31 recovered by assessment in the same manner that in-
32 come taxes are assessed under sections four hundred
33 twenty-two point twenty-six (422.26) and four hundred
34 twenty-two point thirty (422.30) of the Code. The
35 recalculation of the claim shall be final unless
36 appealed as provided in section four hundred twenty-
37 five point thirty-one (425.31) of the Code. The
38 provisions of section four hundred twenty-two point
39 seventy (422.70) of the Code shall be applicable with
40 respect to this Act.

41 Sec. 17. NEW SECTION. FALSE CLAIM—PENALTY.

43 of obtaining reimbursement provided for in this
44 division or who knowingly receives the reimbursement
45 credit without being legally entitled to it shall
46 be guilty of a misdemeanor, and upon conviction shall
47 be fined not more than one hundred dollars or
48 imprisoned in the county jail for not more than thirty
49 days or be subject to both such fine and imprisonment.
50 An action under this section shall be brought in Polk

Page 6

1 county. The claim for reimbursement shall be
2 disallowed in full and if the claim has been paid
3 the amount may be recovered by assessment in the
4 manner that income taxes are assessed pursuant to
5 sections four hundred twenty-two point twenty-six
6 (422.26) and four hundred twenty-two point thirty
7 (422.30) of the Code. The director of revenue shall
8 send a notice of disallowance of the claim.

9 Sec. 18. NEW SECTION. NOTICES. Section four
10 hundred twenty-two point fifty-seven (422.57),
11 subsection one (1) of the Code, shall apply to all
12 notices under this Act.

13 Sec. 19. NEW SECTION. APPEALS. Any person

- 8 opportunities for employment of inmates in meaningful
- 9 jobs at wages commensurate with those paid persons

- 11 institutions, with the following objectives:
- 12 1. To develop within those inmates willing to
- 13 accept and persevere in such employment:

37 in a correctional institution, in a manner similar
38 to what would be necessary if they were employed in
39 the community; and

40 d. Accumulate savings so that such inmates will

1 Amend House File 63 as amended, passed and
2 reprinted by the House as follows:

3 1. By striking everything after the enacting
4 clause and inserting in lieu thereof the following:

5 "Section 1. Section seven hundred fifty point seven
6 (750.7), Code 1977, is amended by striking the section

7 and inserting in lieu thereof the following:
8 750.7 COMMUNICATION WITH LOCAL AGENCIES. The
9 department of public safety shall maintain law enforce-
10 ment communications with local enforcement agencies."

EXPLANATIONS OF VOTE

I was necessarily absent from the House chamber when the votes were taken on Senate Files 259 and 299. Had I been present I would have voted "aye" on both of those bills.

O'HALLORAN of Black Hawk

I was necessarily absent from the House chamber, Wednesday evening for a very short time. Had I been present I would have voted "aye" on Senate Files 167, 233 and 383 and "nay" on House File 207.

TOFTE of Winneshiek

On amendment H-4176 I mistakenly pressed my "aye" button rather than my "nay" button when I voted. I did not notice the mistake until the machine was closed and the vote was recorded. A "nay" vote reflects my position on the amendment which would have cost an estimated \$12 million, dollars which are not now available in the general fund and which are not included in the budgets of either the Governor or the Legislature.

15 point five (48.5), subsection two (2), of the Code
16 by persons who are required by that subsection to
17 pay for such records. These charges shall be
18 established so that, as nearly as possible, they will
19 reimburse the state for the costs incurred by the
20 state under subsection two (2) of this section and
21 section forty-eight point five (48.5), subsection
22 two (2), of the Code which the state would not
23 otherwise incur, exclusive of those costs incurred

HOUSE CONCURRENT RESOLUTION 49

By Miller of Buchanan and Wyckoff

1 *Whereas*, the overwhelming majority of traders on
2 the commodity futures markets are speculators who have
3 no connection with the grain trade other than their
4 trading; and

5 *Whereas*, these speculators sell and buy futures for
6 sport or gambling and not for the purpose of delivering
7 or accepting delivery of the commodity and the selling
8 and buying does not represent actual bushels but "paper
9 bushels"; and

10 *Whereas*, such speculation presents the possibility
11 of fraud and corruption as evidenced by the case of a
12 Texas family which has accumulated an inordinately large
13 position in one of the grain markets in alleged viola-
14 tion of the rules of the Commodity Trading Futures Com-
15 mission; and

16 *Whereas*, such speculation can result in highly
17 volatile prices in any given commodity, as evidenced
18 by the recent price action in the soybean futures, and
19 such volatility affects both the producer and consumer; and

20 *Whereas*, such speculation can result in overly high
21 future prices which are reflected in the daily local market
22 prices which in turn effect the valuation, based on
23 productivity, and the resulting tax on farmland even
24 though hardly any actual commodity is traded at those
25 prices; *Now Therefore*,

26 *Be It Resolved by the House of Representatives, the*
27 *Senate Concurring*, That an interim study committee be
28 appointed for the purpose of studying the commodity
29 futures markets and their effect on the prices received
30 by farmers and paid by consumers in Iowa. Recommendation

HOUSE CONCURRENT RESOLUTION 50

By O'Halloran and Svoboda

1 *Whereas*, increasing reliance on nuclear power has
2 been cited as one alternative to our nation's current
3 energy crisis; and

4 *Whereas*, certain problems associated with the
5 proliferation of nuclear power facilities have not
6 satisfactorily been resolved, including the identifica-
7 tion of feasible and acceptable methods for reprocessing
8 spent fuel and for disposing of the highly radioactive
9 waste generated by nuclear plants; and
10 *Whereas*, other states have responded to these problems
11 by considering legislation which prohibits the issuance of
12 permits for the construction of new nuclear generating
13 plants until appropriate waste disposal and reprocessing
14 methods are identified by the federal government and
15 approved by a designated state agency and the legislature;
16 and
17 *Whereas*, legislation to respond to these critical
18 problems has been introduced in Iowa; *Now Therefore*,
19 *Be It Resolved by the House of Representatives, the*
20 *Senate Concurring*, That the Legislative Council is
21 requested to appoint an interim study committee com-
22 posed of members of the House and Senate standing com-
23 mittees on energy to study the need for and the implica-
24 tions of House File 523 and House File 551. The study
25 shall include a review of the status of the technology
26 necessary for reprocessing and disposal of radioactive
27 wastes, an assessment of federal policies and develop-
28 ments in the area, a review of other studies conducted
29 by governments and educational or research institutions
30 and the identification of reliable data. The study

Page 2

1 shall also examine as a secondary objective the need
2 for reprocessing and disposal facilities, technologies
3 and sites considering projections of the anticipated
4 demand for and reliance on nuclear energy; and
5 *Be It Further Resolved*, That the study committee
6 submit a report of its findings and recommendations,
7 including any legislative proposals to the Legisla-
8 tive Council and members of the General Assembly
9 meeting in 1978.

HOUSE CONCURRENT RESOLUTION 51
By O'Halloran

1 *Whereas*, municipal electric utilities provide a
2 substantial portion of the essential electric power

3 consumed by residents of this state; and

4 *Whereas*, the municipal electric utilities have
5 demonstrated that the need exists for a means whereby
6 future sources of power can be acquired by those
7 utilities to assure adequate, economical and reliable
8 electric energy for existing and future customers; and

9 *Whereas*, the municipal electric utilities have dem-
10 onstrated that existing Iowa law is inadequate to per-
11 mit cities with municipal electric utilities to enter
12 the types of agreements between themselves and other
13 electric utilities, and to exercise those powers, either
14 individually or jointly, which would permit the acquisi-
15 tion of the most adequate, economical and reliable
16 sources of future power; and

17 *Whereas*, House File 611, introduced during the 1977
18 legislative session would provide those cities having
19 municipal electric utilities with additional powers and
20 authority to secure future sources of electric power;
21 and

22 *Whereas*, It has been asserted that House File 611
23 would have significant impact, e.g., upon the stability
24 of all electric utilities in this state, and upon govern-
25 mental subdivision tax revenues, and upon the economy of
26 the state of Iowa in general; *Now Therefore*,

27 *Be It Resolved by the House of Representatives, the*
28 *Senate Concurring*, That the legislative council authorize
29 the creation of a joint subcommittee of the house and
30 senate standing committees on energy to investigate the

Page 2

1 need for and the effects of enactment of the provisions
2 of House File 611; and

3 *Be It Further Resolved*, That a report of the subcom-
4 mittee's findings and recommendations, together with any
5 bill drafts or amendments, if any, be submitted to the
6 legislative council, the members of the respective stand-
7 ing committees, and the general assembly convening in
8 1978.

HOUSE CONCURRENT RESOLUTION 52
By O'Halloran

1 *Whereas*, the President of the United States has
2 submitted to Congress a comprehensive national energy
3 package which emphasizes energy conservation as a
4 means to confine our demands within the limits of

5 finite supplies; and

6 *Whereas*, various studies have confirmed the "war-
7 time urgency" with which Americans must attack our
8 energy problem through conservation and the conversion
9 from petroleum fuels; and

10 *Whereas*, the general public has been questioning
11 "what can be done" as utility bills and other energy
12 costs soar with higher costs forecast for the future;
13 and

14 *Whereas*, the general assembly has the responsibility to
15 respond to the concerns of the public and to develop an
16 effective energy conservation program for Iowans before a
17 federal program preempts state activities by imposing
18 programs and requirements which may be ineffective or
19 inappropriate to the state's situation; and

20 *Whereas*, 1976 interim committee studied energy con-
21 servation and recommended a legislative package to the
22 First Session of the Sixty-seventh General Assembly for
23 consideration; *Now Therefore*,

24 *Be It Resolved by the House of Representatives, the*
25 *Senate Concurring*, That the Legislative Council appoint
26 an interim study committee to be composed of members of
27 the House and Senate standing committees on energy to
28 examine energy conservation proposals and associated pro-
29 blems which shall include but shall not be limited to:

30 1. House File 72 which provides property tax in-

Page 2

1 centives for alternative energy devices and other
2 proposals which encourage the conversion to nonfossil
3 fuel sources.

4 2. An examination of the problems if any experienced
5 by persons desiring to use an alternative energy system
6 such as a solar device to supplement power obtained
7 through a utility and conversely, the effect on
8 utilities of increasing reliance by consumers on
9 alternative energy systems.

10 3. House File 559 which requires homes to meet
11 minimal thermal efficiency standards before a loan
12 can be obtained for the transfer of ownership interest.

13 4. House File 475 which prohibits open flame pilot
14 lights on certain gas appliances.

15 5. Appliance efficiency standards legislation.

16 6. Senate File 353 which addresses the responsi-
17 bility of the state to purchase energy efficient auto-
18 mobiles and the role of the state in encouraging its
19 citizens to purchase energy efficient automobiles.

20 7. Senate File 261 which requires the state to
21 conduct a life cycle cost analysis for state con-
22 struction projects.

23 8. A review of the progress and any problems
24 associated with completion by the Energy Policy Council
25 of the state energy conservation plan; and

26 *Be It Further Resolved*, That the study committee
27 shall submit a report of its findings including recom-
28 mendations and legislative proposals to the Legislative
29 Council and the Second Session of the Sixty-seventh
30 General Assembly meeting in the year 1978.

HOUSE CONCURRENT RESOLUTION 53

By Howell and Daggett

1 *Whereas*, the United States of America was founded
2 189 years ago as a union of many sovereign states; and

3 *Whereas*, its Constitution is a delegation by the
4 states of certain enumerated powers to the federal
5 government; and

6 *Whereas*, except in the exercise of the specific
7 powers delegated to the federal government, the Consti-
8 tution guarantees to the states their continued sov-
9 ereignty; and

10 *Whereas*, our government was designed as a republic,
11 governed by the people through their elected repre-
12 sentatives; and

13 *Whereas*, the United States was divided into 10
14 federal regions in 1972 by presidential executive order
15 11647; and

16 *Whereas*, these 10 federal regions were drawn without
17 regard to the sovereignty of the 50 states; and

18 *Whereas*, the establishment of the federal regions
19 can provide the structure for regional governments; and

20 *Whereas*, the establishment of smaller regional govern-
21 ments by states has been encouraged by the promise of
22 federal funds or the threat of their withdrawal; and

23 *Whereas*, these multistate and substate regional
24 governments are operated by appointed officials and may
25 eventually supplant the states, counties, and municipal-
26 ities which have traditionally served to preserve the
27 rights and powers of the people; *Now Therefore*,

28 *Be It Resolved by the House of Representatives, the*
29 *Senate Concurring*, That there is established a joint
30 committee on regional government, to consist of five

Page 2

1 representatives and five senators; and.

2 *Be It Further Resolved*, That the committee's members
3 be appointed as follows; three by the Speaker of the House
4 and two by the House Minority Leader, and three by the
5 Senate Majority Leader and two by the Senate Minority
6 Leader; and

7 *Be It Further Resolved*, That this committee is charged
8 with the investigation by public hearing of the existence,
9 cause of establishment, various purposes, structures,
10 funding, powers and duties, officials' and staff backgrounds,
11 activities, potential for power, and possible results of
12 regional governments within Iowa and into which Iowa has
13 been placed by external authorities; and

14 *Be It Further Resolved*, That the committee is directed
15 to report its findings to the General Assembly not later

1 *Whereas*, the 1976—1977 Advisory Commission on Correc—
2 tions Relief, established by Chapter 1043, Acts of the
3 Sixty—sixth General Assembly, 1976 Session, has recom—
4 mended that the state's major adult correctional facili—
5 ties be "unitized", that is, subdivided physically,
6 organizationally and in terms of program into smaller
7 population units; and

8 *Whereas*, unitization might well yield considerable
9 benefits in terms of safety and attitude of both staff
10 and inmates, but not enough is currently known about
11 all of the costs and other effects of doing so, and
12 therefore further analysis of this recommendation by
13 persons knowledgeable in the field of corrections is
14 desirable; *Now Therefore*,

15 *Be It Resolved by the House of Representatives, the*
16 *Senate Concurring*, That the Legislative Council is
17 directed to authorize the House and Senate Budget Sub—
18 committee on Social Services to conduct a study of and
19 submit to the Council and the 1978 Session of the Sixty—
20 seventh General Assembly, a report on the personnel and
21 staffing policies and practices of Iowa's adult correc—
22 tional institutions, with particular reference to the

- 23 implications for the number and qualifications of staff
24 personnel at these institutions of implementation of the
25 unitization concept within those institutions. The
26 study committee shall include in its study consideration
27 of the Iowa adult corrections institutions:
- 28 1. Tables of organization;
 - 29 2. Staff training programs;
 - 30 3. Staff compensation levels and policies;

Page 2

- 1 4. Staff turnover rates and the reasons therefor; and
- 2 5. Recruitment policies; and
- 3 *Be It Further Resolved*, That in addition, if time and
- 4 other circumstances permit, the House and Senate Budget
- 5 Subcommittee on Social Services shall consider the guide-
- 6 lines established and the procedures followed for the
- 7 classification, reclassification and transfer of convicted
- 8 offenders within and between the various correctional pro-
- 9 grams, security levels, locations and institutions main-
- 10 tained by the state; and
- 11 *Be It Further Resolved*, That every effort should be
- 12 made to coordinate this study with the work of the correc-
- 13 tions master plan task force; and
- 14 *Be It Further Resolved*, That the House and Senate Budget
- 15 Subcommittee on Social Services is authorized to employ
- 16 temporary staff or to retain the services of knowledgeable
- 17 persons, corporations, or groups with approval of the
- 18 legislative council, to assist the study committee in mak-
- 19 ing the study required by this resolution. The costs so
- 20 incurred shall be paid as provided by section two point

REMARKS BY SPEAKER COCHRAN

Speaker Cochran made the following remarks:

You know, the only time I get to say anything around here is when we start a session—and then at the end.

Just the other day, in passing, I saw this sentence written someplace: It said, "Getting started is the hardest thing."

I didn't read on, and I don't know who wrote that, but...I've got news for them:

If legislative starts were as difficult as legislative stops, Iowa would have very short sessions, indeed.

Now, here we are at the midway point in the Sixty-seventh General Assembly. We already know that our between-sessions period is not really a stopping point for lawmakers. It is a working period.

This year, we add the unusual prospect of a special session coming up soon, and we must face the idea that we aren't really at an adjournment point, we're only going to pause—for a break in the action.

This session has truly been one of legislative procedural reform. A number of innovations have enabled us to conclude our legislative business far ahead of schedule. I predicted three months ago our new procedures would cut one month off of a normal first year session of a General Assembly. A normal session closes down the third week in June. We've hit that target right on the button. This is the third week in May. The press didn't use it. May 1 made better headlines.

Following the first week of organizational and ceremonial functions, the next six weeks were devoted primarily to committee meetings. Ample time was afforded these committees to study and research legislation and to hold numerous budgetary hearings.

Weekly and daily debate calendars were prepared by the majority floor leadership. A sense of predictability, efficiency and organization, I believe, settled over our legislative business, aiding both legislators and the public in preparing for deliberations on the many, varied issues we took up this session.

For the first time, virtually all members of the House were involved in the budgetary process. Seven subcommittees and a 13-member budget committee struggled with developing a sensible budget under the pressures of a tight revenue situation and uncertain predictions for additional funds. I believe the reorganization of this process has provided an opportunity for meaningful participation by each legislator, both in committee and on the floor, in determining how our tax dollars are spent.

But we don't accomplish any of our work in a vacuum. The Iowa legislative staff is, in my opinion, the best in the nation. This group of technicians that make our jobs possible day in and day out, are responsible, professional and dedicated, each and every one. And remember, this session began with changes for the staff. I congratulate the people responsible for the camera-ready journal—this was a savings for the taxpayers but produced a huge change in staff procedure—a change that was accomplished with hardly a ripple for us—but with a tremendous effort from the staff. As I have said before, we legislators really know the clip sheets, weekly wrap-ups, the bill drafts and the journals don't just "get born" overnight. But you all do such a good job, it just seems that way. As legislators, we think it is pretty rough when we go home late in the evening. The staff has hours of work after that. I understand some of the staff has been working until after the sun comes up recently. We thank all of you.

When Representative Schroeder left our midst for the hospital there was a great deal of concern expressed around here about how we'd get along without all that close reading of the Code, and those famous amendments.

We rejoiced in Vern's rapid return to good health. And we should have known better than to worry. Never to be outdone, the majority party sent in its own amendment drafter...Representative Miller of Buchanan.

And it was Ken who gave us that concise description of the legislative process when he said, "Most of our time down here is spent plugging holes in darn fool laws we passed in the past."

It's as good a way as any to try to sum up; what holes did we plug?

In addition to the budget, you acknowledged the work of the excellent task force on prisons and passed a number of measures the task force recommended. And, with dispatch, I might add, you responded with legislation in the very session in which we received the report itself.

You have given Iowans the state's first land use law after seven years of work; you acted to keep farm and home owners' taxes from taking a giant leap in 1979 and 1980. You plugged holes in the criminal code revision.

You acted on health, on energy, on welfare, and on education laws. These bills were not the glamour issues that some writers have characterized as "sex appeal" bills. These were the quiet bills—the tough, the complicated, the technical bills—like area education agency funding, for example—the health care costs or certificate of need bill—the budget bills themselves—all work that needed to be done, that needed doing correctly, regardless of time.

You acknowledged a potential depletion of Iowa's water supply; you looked to the future on solar energy; you dealt with today's alcohol and drug abuse program problems.

Just this week Representative Gentleman said, "Thank God for the bicameral legislature." I agree.

Most of the time.

But you know the nature of the legislative beast is that two times as many of us as of them—means a bit more time passes between idea and law. That is as it should be.

But I want you to go home remembering that the House has done something very important for the Senate in 1977.

We have given them quite an agenda for 1978 and of that we really should be proud.

Revision of the state's juvenile justice code. Bottle deposit bill. Medical malpractice legislation. Minimum drinking age at 19. Election day registrations. Road funding. Literally years of work are in some of those bills. The House has said these are ideas whose time has come, and sent the bills for consideration in the Senate. Even some surprises were sent...

Together, the House and Senate have passed laws that affect the education, driving, taxes, leisure time and welfare of every individual in Iowa. Of course we recognize and welcome the fact that the 1978 agenda is a legislative agenda, not just a House or a Senate program. The House has already begun its committee work on a number of Senate-passed measures. Members will work together throughout the interim process.

And, when Iowans perceive the General Assembly, they see a legislative body, and not separate houses. When the people register their approval or disapproval of the legislature in public opinion polls, they are evaluating the total body—and the total process.

I am very proud that a recent legislative poll shows a 12% increase in Iowans' approval of the job we—you and I—and all of us are doing here. From just over one-third of the people, 37%, to just under one-half of the people, 49%, in the past year, have said "YES" when asked if they approve of the job the Iowa legislature is doing. This record of acceptance of a legislative body by the people is possibly a record.

Again this year, the levelers of wit and wisdom were hard at work. Following are examples of their efforts:

Former Speaker Harbor interjected, "We're creating a monster here before we even find out what the problem is."

Former Speaker Varley got into the middle of a controversy one day when he said, "Passing a law or issuing a permit does not create any more water."
