31 board is in session. Any elector may present written
32 statements or documents, supporting or opposing the
33 counting of any challenged ballot, at the
34 commissioner's office until the reconvening of the
35 special precinct board.

36 Sec. 37. Section fifty point twenty-three (50.23),
37 Code 1979, is amended to read as follows:

38 50.23 MESSENGERS FOR MISSING TALLY LISTS. The
39 commissioner shall send messengers for all tally lists
40 and other election materials not received in the
41 commissioner's office by noon of the day following
42 the election the time required by section fifty point
43 seventeen (50.17) of the Code. The expense of securing

3 day following the county board's canvass of the
4 election in question. The request shall be filed
5 with the commissioner of that county, or with the

10 a. A candidate for that office or nomination whose
11 name was printed on the ballot of the precinct or
12 precincts where the recount is requested.

13 b. Any other person who receives votes for that
14 particular office or nomination in the precinct or
15 precincts where the recount is requested and who is
16 legally qualified to seek and to hold the office in
17 question.

18 This section does not apply to an election held
19 by a city which is not the final election for the
20 office in question.

21 2. The candidate requesting a recount under this
22 section shall post a bond, unless the abstracts
23 prepared pursuant to section fifty point twenty-four
24 (50.24) of the Code, or section forty-three point
25 forty-nine (43.49) of the Code in the case of a primary
26 election, indicate that the difference between the
27 total number of votes cast for the apparent winner
28 and the total number of votes cast for the candidate
29 requesting the recount is less than the greater of
30 fifty votes or one percent of the total number of
31 votes cast for the office or nomination in question.
32 Where votes cast for that office or nomination were
33 canvassed in more than one county, the abstracts
34 prepared by the county boards in all of those counties
35 shall be totaled for purposes of this subsection.
36 If a bond is required, it shall be filed with the
37 state commissioner for recounts involving a state
38 office, including a seat in the general assembly,
39 or a seat in the United States Congress, and with
40 the commissioner responsible for conducting the
41 election in all other cases, and shall be in the

5 a through e of this subsection are not applicable,
6 one hundred dollars.

7 After all recount proceedings for a particular
8 office are completed and the official canvass of votes
9 cast for that office is corrected or completed pursuant
10 to subsections five (5) and six (6) of this section,
11 if necessary, any bond posted under this subsection
12 shall be returned to the candidate who requested the
13 recount if the apparent winner before the recount
14 is not the winner as shown by the corrected or
15 completed canvass. In all other cases, the bond shall
16 be deposited in the general fund of the state if filed
17 with the state commissioner or in the election fund
18 of the county with whose commissioner it was filed.

19 3. The recount shall be conducted by a board which
20 shall consist of:

21 a. A designee of the candidate requesting the
22 recount, who shall be named in the written request
23 when it is filed.

24 b. A designee of the apparent winning candidate,
25 who shall be named by that candidate at or before
26 the time the board is required to convene.

27 c. A person chosen jointly by the members
28 designated under paragraphs a and b of this subsection.

32 following the county board's canvass of the election
33 in question. If those two members cannot agree on
34 the third member by eight o'clock a.m. on the ninth
35 day following the canvass, they shall immediately
36 so notify the chief judge of the judicial district
37 in which the canvass is occurring, who shall appoint
38 the third member not later than five o'clock p.m.
39 on the eleventh day following the canvass.

40 4. When all members of the recount board have
41 been selected, the board shall undertake and complete
42 the required recount as expeditiously as reasonably
43 possible. Any member of the recount board may at
44 any time during the recount proceedings extend the
45 recount of votes cast for the office or nomination
46 in question to any other precinct or precincts in
47 the same county, or from which the returns were
48 reported to the commissioner responsible for conducting
49 the election, without the necessity of posting
50 additional bond. At the conclusion of the recount,

Page 18

1 the recount board shall make and file with the
2 commissioner a written report of its findings, which
3 shall be signed by at least two members of the recount
4 board. The recount board shall complete the recount
5 and file its report not later than the eighteenth
6 day following the county board's canvass of the
7 election in question.

8 5. If the recount board's report is that the
9 abstracts prepared pursuant to the county board's
10 canvass were incorrect as to the number of votes cast
11 for the candidates for the office or nomination in
12 question, in that county or district, the commissioner
13 shall at once so notify the county board. The county
14 board shall reconvene within three days after being
15 so notified, and shall correct its previous
16 proceedings.

17 6. The commissioner shall promptly notify the
18 state commissioner of any recount of votes for an
19 office to which section fifty point thirty (50.30)
20 of the Code, or section forty-three point sixty (43.60)
21 of the Code in the case of a primary election, is
22 applicable. If necessary, the state canvass required
23 by section fifty point thirty-eight (50.38) of the
24 Code, or by section forty-three point sixty-three
25 (43.63) of the Code, as the case may be, shall be
26 delayed with respect to the office or the nomination
27 to which the recount pertains. The commissioner shall
28 subsequently inform the state commissioner at the
29 earliest possible time whether any change in the
30 outcome of the election in that county or district
31 resulted from the recount.

32 Sec. 39. Section fifty-three point seventeen
33 (53.17), Code 1979, is amended to read as follows:

39 the commissioner or a deputy in his or her office,
40 or mailed, postage paid, to the office of the
41 commissioner. The carrier envelope shall be received
42 by the commissioner until ~~eight o'clock p.m.~~ the time
43 the polls are closed on election day. The commissioner
44 shall contact the post office serving the
45 commissioner's office at the latest practicable hour
46 on election day, and shall seek to arrange for any
47 absentee ballots received in that post office but
48 not yet delivered to the commissioner's office to
49 be brought to the commissioner's office prior to the
50 time the polls are closed."

41 279.6 VACANCIES - QUALIFICATION - TENURE.
42 1. Vacancies occurring among the appointive
43 officers or members of a school board district shall
44 be filled by the board by appointment. A person so
45 appointed to fill a vacancy in an elective office

2 shall qualify within ten days thereafter in the manner
3 required by section 277.28.

4 2. A vacancy in an elective school district office
5 during a term of office shall be filled, at the board's
6 option, by one of the two following procedures.

7 a. By appointment by the remaining members of
8 the board, except that if the remaining members do
9 not constitute a quorum of the full membership,
10 paragraph b of this subsection shall be followed.
11 The appointment shall be for the period until the
12 next pending election as defined in section sixty-
13 nine point twelve (69.12) of the Code, and shall be
14 made within thirty days after the vacancy occurs.
15 If the board chooses to proceed under this paragraph,
16 it shall publish notice of its intent to fill the
17 vacancy in a newspaper of general circulation in the
18 district. The board may publish such notice in advance
19 if a board member submits a resignation to take effect
20 at a future date. The board may make an appointment
21 to fill the vacancy after the notice is published
22 or after the vacancy occurs, whichever date is later.
23 However, if within ten days after publication of the
24 notice the board is presented with a petition which
25 requests a special election to fill the vacancy and
26 which is signed by eligible electors who are (or would
27 be, if registered) entitled to vote to fill the office
28 in question, equal in number to two percent of those
29 who voted for candidates for the office at the last
30 preceding regular election at which the office was
31 on the ballot, but not less than twenty-five persons,
32 an appointment to fill the vacancy shall be temporary
33 and the board shall call a special election to fill

35 subsection. An appointment made under this subsection
36 is permanent unless the board is presented with a
37 petition requesting a special election.

38 b. By a special election held to fill the office
39 for the remaining balance of the unexpired term, which
40 may be held concurrently with any pending election
41 as provided by section sixty-nine point twelve (69.12)
42 of the Code if by so doing the vacancy will be filled
43 not more than ninety days after it occurs. Otherwise,
44 a special election to fill the office shall be called
45 at the earliest practicable time after the board so
46 opts, or is required to do so under paragraph a of
47 this subsection.

48 However, if 3. If a member of a school board

2 his the resignation that the resignation it will be
3 effective on the date the next term of office for
4 elective school officials begins, the president of
5 the board shall declare the office vacant as of that
6 date and nomination papers shall be received for the
7 unexpired term of the resigning member. The person
8 elected at the next regular school election to fill
9 the vacancy shall take office at the same time and
10 place as the other elected school board members.

11 Sec. 52. Section two hundred seventy-nine point
12 forty-one (279.41), Code 1979, is amended to read
13 as follows:

14 279.41 SCHOOLHOUSES AND SITES SOLD—FUNDS. Any
15 fund received from the condemnation, sale, or other
16 disposition for public purposes of schoolhouses,
17 school sites or both schoolhouses and school sites
18 may be deposited in the schoolhouse fund and may
19 without a vote of the electorate be used for the
20 purchase of school sites or the erection or repair
21 of schoolhouses or both as ordered by the board of
22 directors of such school district, ~~provided, however,~~
23 ~~that the board shall comply with section 297.7.~~

24 Sec. 53. Chapter three hundred thirty-one (331),
25 Code 1979, is amended by inserting after section three
26 hundred thirty-one point nine (331.9) the following
27 new section:

28 NEW SECTION. VACANCIES ON BOARD. A vacancy on
29 the county board of supervisors during a term of
30 office shall be filled, at the board's option, by
31 one of the two following procedures.

32 1. By appointment by the remaining members of
33 the board, provided the remaining members constitute
34 a quorum of the full membership. If the board chooses
35 to proceed under this subsection, the appointment
36 shall be for the period until the next pending election
37 as defined in section sixty-nine point twelve (69.12)
38 of the Code, and shall be made within thirty days
39 after the vacancy occurs, but only after publication
40 in a newspaper of general circulation in the county
41 of notice of the board's intent to fill the vacancy.
42 The board may publish the notice in advance if a board
43 member submits a resignation to take effect at a
44 future date. The board may make an appointment to
45 fill the vacancy after the notice is published or
46 after the vacancy occurs, whichever date is later.
47 However, if within ten days after publication of the
48 notice the board is presented with a petition which
49 requests a special election to fill the vacancy and
50 which is signed by eligible electors who are (or would

Page 23

1 be, if registered) entitled to vote to fill the office
2 in question, equal in number to two percent of those
3 who voted for candidates for the office at the last
4 preceding regular election at which the office was
5 on the ballot, but not less than twenty-five persons,
6 an appointment to fill the vacancy shall be temporary
7 and the board shall call a special election to fill
8 the vacancy permanently, under subsection two (2)
9 of this section. An appointment made under this
10 subsection is permanent unless the board is presented
11 with a petition requesting a special election.

12 2. By a special election held to fill the office
13 for the remaining balance of the unexpired term, which
14 may be held concurrently with any pending election
15 as provided by section sixty-nine point twelve (69.12)
16 of the Code if by so doing the vacancy will be filled
17 not more than ninety days after it occurs. Otherwise,
18 a special election to fill the office shall be called
19 at the earliest practicable time after the board so
20 opts, or is required to do so under subsection one
21 (1) of this section. If a special election is called,
22 nominations for the vacant office may be made by
23 political parties in the manner provided by section
24 forty-three point seventy-eight (43.78) of the Code
25 for filling general election ballot vacancies for
26 the office of county supervisor.

27 Sec. 54. Chapter three hundred thirty-one (331),
28 Code 1979, is amended by inserting before section
29 three hundred thirty-one point twelve (331.12) the
30 following new section:

31 **NEW SECTION. CONCURRENT VACANCIES.** If concurrent
32 vacancies at any time reduce the membership of the
33 county board of supervisors below a quorum of the
34 full membership, the vacancies shall be filled on
35 an interim basis by the auditor, the clerk of the
36 district court and the recorder of the county on whose
37 board the vacancies exist. The county commissioner
38 of elections shall call a special election at the
39 earliest practicable time to fill the vacancies for
40 the balance of the unexpired term, unless the vacancies
41 occur within sixty days of the next succeeding general
42 election. Nominations to the vacant offices shall
43 be made for the special election in the manner provided
44 by section forty-three point seventy-eight (43.78),
45 subsection one (1), paragraph e of the Code.

46 Sec. 55. Section three hundred thirty-one point
47 twenty-six (331.26), subsection one (1), Code 1979,
48 is amended to read as follows:

49 1. The board of supervisors shall, before November
50 1, 1969, and before November 1 first of the nonelection

Page 24

1 year following each federal decennial census
2 thereafter, if necessary, divide the county into a
3 number of supervisor districts corresponding to the
4 number of supervisors in such county. However, if
5 such plan is selected pursuant to section 331.9, the
6 board shall so divide the county before March 15
7 fifteenth of the election year. The board shall make
8 a good-faith effort to achieve precise mathematical
9 equality in the population of such districts as
10 indicated by the most recent federal decennial census.

11 Such supervisor districts may be drawn on the basis
12 of existing natural or artificial divisions and
13 boundaries of the county; township and voting precinct
14 lines may be crossed; but in no event shall the
15 existence of convenient district boundaries justify
16 the designation of supervisor districts which are
17 not of as nearly precise mathematical equality in
18 population as is practicable, nor which do not consist
19 of contiguous territory.

20 Sec. 56. Section three hundred forty-seven point
21 twenty-five (347.25), unnumbered paragraph one (1),
22 Code 1979, is amended to read as follows:

23 The election of hospital trustees whose offices
24 are established by this chapter or chapter 145A or
25 347A shall take place at the general election on
26 ballots which shall not reflect a nominee's political
27 affiliation. Nomination shall be made by petition
28 in accordance with chapter 45. The petition form
29 shall be furnished by the county commissioner of
30 elections, signed by eligible electors of the county
31 equal in number to one percent of the vote cast for
32 president of the United States or governor, as the
33 case may be, by both political parties at least two
34 percent of those who voted to fill the office of
35 hospital trustee in the last previous general election,
36 and at which the office was on the ballot, but in
37 no case fewer than ten persons. The petition shall
38 be filed with the county commissioner of elections
39 at least fifty-five days prior to the date of said
40 general election. A plurality shall be sufficient
41 to elect hospital trustees, it being the intent that
42 there be no primary election.

43 Sec. 57. Section three hundred sixty-four point
44 two (364.2), subsection four (4), paragraph b, Code
45 1979, is amended to read as follows:

46 b. No such ordinance shall become effective unless
47 approved at an election. The proposal may be submitted
48 by the council on its own motion to the voters at
49 any city election. Upon receipt of a valid petition
50 as defined in section 362.4 requesting that a proposal

Page 25

1 be submitted to the voters, the council shall submit
2 the proposal at the next regular city election or
3 at a special election called for that purpose prior
4 to the next regular city election. If a majority
5 of those voting on the ballot issue approves the
6 proposal the city may proceed as proposed.

7 Sec. 58. Section three hundred seventy-two point
8 thirteen (372.13), subsection two (2), Code 1979,
9 is amended by striking the subsection and inserting
10 in lieu thereof the following:

11 2. A vacancy in an elective city office during
12 a term of office shall be filled, at the council's
13 option, by one of the two following procedures.

14 a. By appointment by the remaining members of
15 the council, except that if the remaining members
16 do not constitute a quorum of the full membership,
17 paragraph b of this subsection shall be followed.
18 The appointment shall be for the period until the
19 next pending election as defined in section sixty-
20 nine point twelve (69.12) of the Code, and shall be
21 made within thirty days after the vacancy occurs.
22 If the council chooses to proceed under this paragraph,
23 it shall publish notice of its intent to fill the
24 vacancy in the manner prescribed by section three
25 hundred sixty-two point three (362.3) of the Code.
26 The council may publish notice in advance if a council
27 member submits a resignation to take effect at a
28 future date. The council may make an appointment
29 to fill the vacancy after the notice is published
30 or after the vacancy occurs, whichever is later.
31 However, if within ten days after publication of the
32 notice the council is presented with a petition which
33 requests a special election to fill the vacancy and
34 which is signed by eligible electors who are (or would
35 be, if registered) entitled to vote to fill the office
36 in question, equal in number to two percent of those
37 who voted for candidates for the office at the last
38 preceding regular election at which the office was
39 on the ballot, but not less than twenty-five persons,
40 an appointment to fill the vacancy shall be temporary
41 and the council shall call a special election to fill
42 the vacancy permanently, under paragraph b of this
43 subsection. An appointment made under this paragraph
44 is permanent unless the council is presented with
45 a petition requesting a special election.

46 b. By a special election held to fill the office
47 for the remaining balance of the unexpired term, which
48 may be held concurrently with any pending election
49 as provided by section sixty-nine point twelve (69.12)
50 of the Code if by so doing the vacancy will be filled

Page 26

1 not more than ninety days after it occurs. Otherwise,
2 a special election to fill the office shall be called
3 at the earliest practicable time after the council
4 so opts, or is required to do so under paragraph a
5 of this subsection. A special election held under
6 this subsection is subject to neither a primary nor
7 run-off election even if such an election is required
8 when the office in question is filled at a regular
9 city election, and the candidate receiving a plurality
10 of the vote shall be declared elected.

11 Sec. 59. The Code editor shall prepare a
12 compilation of the election laws of this state as
13 soon as reasonably possible after the effective date

SENATE CONCURRENT RESOLUTION 14

By Hultman and Junkins

1 *Whereas*, many resolutions have been introduced in
2 both the Senate and House of Representatives calling
3 for interim studies; and

4 *Whereas*, several legislators have indicated a desire
5 to introduce resolutions proposing additional interim
6 studies; and

7 *Whereas*, the time period between the 1979 session
8 and the 1980 session of the Sixty-eighth General
9 Assembly is limited and there have been proposals
10 for studies which appear to have merit but, because
11 of their complexity and number, cannot all be properly
12 conducted during the next interim period; and

13 *Whereas*, subcommittees of standing committees may
14 desire to study bills presently before the general
15 assembly which will carry over to the 1980 session of
16 the Sixty-eighth General Assembly; and

17 *Whereas*, it is impractical to debate the relative
18 merit of all proposals; *Now Therefore*,

19 *Be It Resolved by the Senate, the House Concurring*,
20 That all resolutions calling for interim studies which
21 have not been adopted by both houses be delivered by
22 the Secretary of the Senate, on the part of the Senate,
23 and the Chief Clerk of the House, on the part of the
24 House, to the Legislative Council, which shall deter-
25 mine priorities and shall authorize such studies as may
26 be feasible within the limits of the staff, time and
27 funds available; and

28 *Be It Further Resolved*, That any legislator desiring
29 to propose any interim study not already contained in a
30 resolution already filed shall submit a letter to the

Page 2

1 Secretary of the Senate or the Chief Clerk of the
2 House describing the study; and

3 *Be It Further Resolved*, That the Secretary of the
4 Senate and Chief Clerk of the House shall deliver such

- 5 letters to the Legislative Council with any resolu-
- 6 tions already filed. The Legislative Council shall
- 7 give equal consideration to all studies proposed,
- 8 whether by letter or resolution.

Laid over under Rule 30.

The House stood at ease until the fall of the gavel.

The House resumed session, Speaker Millen in the chair.

12 institution operated by a government entity or a
13 nonprofit organization, shall not be paid to an
14 individual for any week of unemployment which begins
15 during the period between two successive academic
16 years or terms, (or, when an agreement provides instead
17 for a similar period between two regular but not
18 successive terms, during such period) to any individual
19 if such individual performs such services in the first
20 of such academic years or terms and if there is a
21 contract or reasonable assurance that such individual
22 will perform services in any such capacity for any
23 educational institution the second of such academic
24 years or terms, or during a period of paid sabbatical
25 leave, provided for in the individual's contract,
26 and

27 Sec. 2. Section ninety-six point five (96.5),
28 subsection one (1), unnumbered paragraph one (1) and
29 paragraph a, Code 1979, are amended to read as follows:

30 If he or she has left his or her work voluntarily
31 without good cause attributable to his or her employer,
32 if so found by the department. However, the individual
33 shall requalify for benefits if, subsequent to
34 voluntarily leaving the employment, the individual
35 works in and is paid wages for insured work for not
36 less than six consecutive weeks or equal to ten times
37 the individual's weekly benefit amount, whichever
38 occurs first, provided the individual is otherwise
39 eligible. A "week of work" means a week in which

7 benefits which may be charged to the account of the
8 chargeable employer. In those cases where the new
9 employment is in another state, no employer's account
10 shall be charged with benefits so paid except that
11 employers who are required by law or by their election
12 to reimburse the fund for benefits paid shall be
13 charged with benefits under this paragraph. In those
14 cases where he or she left his or her employment in
15 good faith for the sole purpose of accepting better
16 employment, which he or she did accept and such
17 employment is terminated by the employer, or he or
18 she is laid off after one week but prior to the
19 expiration of six weeks, the claimant, provided he
20 or she is otherwise eligible under this chapter, shall
21 be eligible for benefits and such benefits shall not
22 be charged to any employer's account.

23 Sec. 3. Section ninety-six point five (96.5),
24 subsection one (1), paragraph g, Code 1979, is amended
25 by striking the paragraph.

47 provided that if the claimant does not reside in the
48 state of Iowa the action shall be brought in the
49 district court of Polk county, Iowa, and any other
50 party to the proceeding before the appeal board shall

1 be named in the petition. Notwithstanding the thirty-
2 day requirement in section seventeen A point nineteen
3 (17A.19), subsection six (6) of the Code, the
4 department shall, within sixty days after filing of
5 the petition for judicial review or within a longer
6 period of time allowed by the court, transmit to the
7 reviewing court the original or a certified copy of
8 the entire record of a contested claim. The department
9 may also certify to such courts, questions of law
10 involved in any decision by it. Petitions for judicial
11 review and the questions so certified shall be given
12 precedence over all other civil cases except cases
13 arising under the workers' compensation law of this
14 state. No bond shall be required for entering an
15 appeal from any final order, judgment or decree of
16 the district court to the supreme court.

17 Sec. 7. Section ninety-six point seven (96.7),

25 the subsection.

26 Sec. 9. Section ninety-six point seven (96.7),
27 subsection three (3), paragraph a, subparagraphs one
28 (1), two (2), and three (3), Code 1979, is amended
29 to read as follows:

36 percent of the amount of extended benefits, as
37 determined under section 96.29, paid to an eligible

39 the employers in the base period in the inverse
40 chronological order in which the employment of such
41 individual occurred.

42 (3) Provided, that in any case in which a claimant
43 to whom such benefits are paid is in the employ of
44 a base period employer at the time he or she is
45 receiving such benefits, and he or she is receiving
46 the same employment from such employer that he or
47 she received during his or her base period, then no
48 charge of benefits paid to such claimant shall be

11 of computing and charging benefits, be deemed wages
12 earned from the employer with whom the individual

14 to the employer with whom the individual accepted
15 other employment. However, a succeeding employer's
16 account shall not be charged with benefits due to
17 a transfer of wages from a previous employer's account
18 to the succeeding employer's account if the transferred
19 benefit charges would reduce the employer's percentage
20 of excess by more than four one-thousandths. The
21 department shall advise the chargeable employer of
22 the name and address of the former employer, the
23 period covered, and the extent of benefits which may
24 be charged to the account of the chargeable employer.

37 in any calendar quarter against the account of any

39 individual's wage credits based on employment with
40 such employer during such quarter. The amount of

47 reimbursable employer pays all extended benefits under
48 subsection eight (8), paragraph c of this section.

49 Sec. 10. Section ninety-six point seven (96.7),
50 subsection three (3), paragraph c, Code 1979, is

Page 6

1 amended to read as follows:

2 3. EMPLOYER CONTRIBUTION RATES.

3 e. a. Each contributing employer's rate of
4 contribution shall be two and seven-tenths percent
5 except as otherwise provided in this chapter. No
6 reduced rate of contribution shall be granted to a
7 contributing employer until there shall have been
8 twelve consecutive calendar quarters immediately
9 preceding the first computation date throughout which
10 his or her account has been chargeable with benefit
11 payments. ~~Provided, that with respect to the calendar~~
12 ~~year commencing January 1, 1972, and each calendar~~
13 ~~year thereafter, except~~ Except as provided in paragraph
14 "d" of this subsection, a contributing employer who
15 has not been subject to this chapter for a sufficient
16 period of time to meet the twelve-quarter requirement
17 shall qualify for a computed rate of contribution
18 if there shall have been a lesser period throughout
19 which his or her account has been chargeable, but
20 in no event less than eight consecutive calendar
21 quarters immediately preceding the computation date;
22 provided further, that with respect to the calendar
23 years commencing January 1, 1972, and ending December
24 31, 1977, ~~except as provided in paragraph "d" of this~~
25 ~~subsection 1978, each contributing employer newly~~
26 ~~subject to this chapter shall pay contributions at~~
27 ~~the rate of one and five-tenths percent and beginning~~
28 ~~January 1, 1978 at the rate specified in the ninth~~
29 ~~percentage of excess rank but not less than one point~~
30 ~~eight six percent on two-thirds of the employer's~~
31 ~~annual payroll and at the rate specified in the sixth~~
32 ~~percentage of excess rank but not less than one percent~~
33 ~~on one-third of the employer's annual payroll until~~
34 ~~the end of the calendar year in which the employer~~
35 ~~shall have had eight consecutive calendar quarters~~
36 ~~immediately preceding the computation date throughout~~
37 ~~which his or her account has been chargeable with~~
38 ~~benefit payments, thereafter his or her contribution~~
39 ~~rate shall be determined in accordance with paragraph~~

43 four (4), Code 1979, is amended to read as follows:
44 Each employer qualified for an experience rating
45 shall be assigned a contribution rate for each rate
46 year that corresponds to the employer's percentage
47 of excess rank in the rate table effective for the
48 rate year from the following rate tables. Each
49 employer's percentage of excess rank shall be computed
50 by listing all the employers by decreasing percentages

Page 7

1 of excess, from the highest positive percentage of
2 excess to the highest negative percentage of excess
3 and grouping the employers so listed into twenty-one
4 separate ranks containing as nearly as possible four
5 point seventy-six percent of the total taxable wages,
6 excluding reimbursable employment wages, paid in
7 covered employment during the first four completed
8 calendar quarters immediately preceding the rate
9 computation date. If an employer's taxable wages
10 qualify the employer for two separate percentage of
11 excess ranks the employer shall be afforded the
12 percentage of excess rank assigned the lower
13 contribution rate. However, if the employer's taxable
14 wages, which qualify the employer for the percentage
15 of excess assigned the higher contribution rate,
16 exceed an amount equal to ten times the statewide
17 average annual wage such taxable wages shall be
18 afforded the percentage of excess assigned the higher
19 contribution rate. Employers with identical
20 percentages of excess shall be assigned to the same
21 percentage of excess rank.

22 Sec. 12. Section ninety-six point seven (96.7),
23 subsection three (3), paragraph d, unnumbered paragraph
24 six (6), Code 1979, is amended to read as follows:

25 Provided, however, that notwithstanding any other
26 provisions of this chapter, the applicable contribution
27 rate table for the calendar years ~~1978~~ and year 1979
28 will be table two if the ratio of the current reserve
29 fund ratio to the highest benefit cost rate on the
30 rate computation date is less than 0.75. However,
31 notwithstanding any other provision of this chapter,
32 the applicable contribution rate table for the calendar
33 year 1980 shall be table three unless the ratio of
34 the current reserve fund ratio to the highest benefit
35 cost rate on the rate computation date is 1.0 or
36 higher. Provided further that during any rate year
37 in which a rate table in rate tables ~~four~~ three through
38 nine is effective an employer assigned a contribution
39 rate under the provisions of this paragraph shall
40 not be required to contribute to the unemployment
41 compensation trust fund if the employer's percentage
42 of excess is seven point five percent or greater for
43 the rate year and the employer has not been charged
44 with benefit payments for any time within the ~~forty~~
45 twenty-eight calendar quarters immediately preceding
46 the rate computation date for the rate year.

47 Sec. 13. Section ninety-six point seven (96.7),
48 subsection three (3), Code 1979, is amended by adding
49 the following new paragraphs:

50 NEW PARAGRAPH. Notwithstanding any provision of

Page 8

1 this chapter to the contrary, an employer's rate of
2 contribution shall not increase by more than three
3 percentage of excess ranks in the appropriate table
4 if the employer's account is charged with benefit
5 payments of less than forty times the maximum weekly
6 benefit amount.

7 **NEW PARAGRAPH.** If an employer has not filed a
8 contribution or payroll quarterly report, as required
9 under section ninety-six point eleven (96.11),
10 subsection seven (7) of the Code, for a calendar
11 quarter which precedes the computation date and upon
12 which the employer's rate of contribution is computed,
13 the employer's average annual taxable payroll shall
14 be computed by adding the taxable wages in the
15 appropriate quarterly reports on file and dividing
16 that sum by the number of years and quarters of years
17 for which quarterly reports are on file.

18 If a delinquent quarterly report is received by
19 November fifteenth immediately following the
20 computation date the rate of contribution shall be
21 recomputed by using the taxable wages in all the
22 appropriate quarterly reports on file to determine
23 the average annual taxable payroll.

24 If a delinquent quarterly report is received after
25 November fifteenth following the computation date
26 the rate of contribution shall not be recomputed,
27 unless the rate is appealed in writing to the
28 department under paragraph e of this subsection and
29 the delinquent quarterly report received after November
30 fifteenth is also submitted not later than thirty
31 days after the department notifies the employer of
32 the rate under paragraph e of this subsection.

33 Sec. 14. Section ninety-six point seven (96.7),
34 subsection four (4), Code 1979, is amended by adding
35 the following new paragraph:

36 **NEW PARAGRAPH. EMPLOYER LIABILITY DETERMINATION.**

37 The department shall initially determine all questions
38 relating to the liability of an employing unit or
39 employer, including the amount of contribution, the
40 rate of contribution, and successorship. A copy of
41 the initial determination shall be sent by regular
42 mail to the last address, according to the records
43 of the department, of each affected employing unit
44 or employer.

45 The affected employing unit or employer may appeal
46 in writing to the department from the initial
47 determination. An appeal shall not be entertained
48 for any reason by the department unless the appeal
49 is filed with the department within thirty days from
50 the date on which the initial determination is mailed.

Page 9

1 If an appeal is not so filed, the initial determination
2 shall with the expiration of the appeal period become
3 final and conclusive in all respects and for all
4 purposes.

5 A hearing on an appeal shall be conducted according
6 to the regulations and rules promulgated by the
7 department. A copy of the decision of the hearing
8 officer shall be sent by regular mail to the last

44 subparagraph.

45 Sec. 18. Section ninety-six point seven (96.7),
46 subsection eight (8), paragraph b, Code 1979, is

50 by the department immediately preceding the rate

Page 10

1 computation date by using the potential benefit charges
 2 of all government contributing employers for calendar
 3 year 1978 divided by the total of all taxable wages
 4 of government contributing employers for calendar
 5 year 1978.

6 **NEW SUBPARAGRAPH.** For the calendar year beginning
 7 January 1, 1981 and each subsequent year, each
 8 government contributing employer with at least eight
 9 consecutive calendar quarters immediately preceding
 10 the rate computation date throughout which the
 11 employer's account has been chargeable with benefit
 12 payments, shall be assigned a contribution rate under
 13 the provisions of this subparagraph. Contribution
 14 rates shall be assigned by listing all such government
 15 contributing employers by decreasing percentages of
 16 excess from the highest positive percentage of excess
 17 to the highest negative percentage of excess. The
 18 employers so listed shall be grouped into seven
 19 separate percentage of excess ranks each containing
 20 as nearly as possible one-seventh of the total taxable
 21 wages of government entities eligible to be assigned
 22 a rate under this subparagraph. The department shall
 23 annually calculate a base rate for each calendar year.
 24 The base rate is equal to the sum of the benefit
 25 payments charged to government contributing employers
 26 in the preceding calendar year at the time of the
 27 rate computation plus the difference between the total
 28 benefits less contributions made by government
 29 contributing employers since January 1, 1980 which
 30 sum is divided by the total taxable wages of government
 31 contributing employers for the preceding year rounded
 32 to the next highest one-tenth of a percentage point.
 33 If total contributions since January 1, 1980 exceed
 34 total benefit payments for government contributing
 35 employers, the difference shall be subtracted from
 36 the benefit payments of the preceding year. If
 37 benefits since January 1, 1980 exceed total
 38 contributions for government contributing employers
 39 the difference shall be added to the benefit payment
 40 of the preceding year. Excess contributions for the
 41 years 1978 and 1979 will be used to offset benefit
 42 payments in any year where total benefit payments
 43 exceed total contributions of government contributing
 44 employers. The contribution rate as a percentage
 45 of taxable wages of the employer shall be assigned
 46 as follows:

47 If the percent	The contribu-	Approximate
48 age of excess	tion rate shall	cumulative
49 rank is:	be:	taxable payroll:
50 1	Base Rate - 0.9	14.3

4	5	Base Rate + 0.3	71.5
5	6	Base Rate + 0.6	85.8
6	7	Base Rate + 0.9	100.0

7 If a government contributing employer is grouped into
8 two separate percentage of excess ranks, the employer
9 shall be assigned the lower contribution rate of the
10 two percentage of excess ranks. Notwithstanding the
11 provisions of this subparagraph, a government
12 contributing employer shall not be assigned a
13 contribution rate less than one-tenth of one percent
14 of taxable wages unless the employer has a positive
15 percentage of excess greater than five percent. For
16 the purposes of this subsection percentage of excess
17 has the meaning provided in subsection three (3),
18 paragraph d of this section.

19 For the calendar year beginning January 1, 1981,
20 government entities electing to be government
21 contributing employers which are not otherwise eligible
22 to be assigned a contribution rate under this
23 subparagraph shall be assigned the base rate for the
24 calendar year as a contribution rate for the calendar
25 year.

COMMITTEE ON CITIES

Senate File 448, a bill for an act authorizing cities and counties to issue revenue bonds under chapter four hundred nineteen (419) of the Code for the purpose of financing projects for the use of a state of Iowa institution under the board of regents.

Recommended **Do Pass**.

COMMITTEE ON ENERGY

Senate File 344, a bill for an act relating to access to and use of solar energy.

Recommended **Amend and Do Pass**. (corrected)

H-3773

1 Amend Senate File 344 as passed by the Senate as
2 follows:

- 3 1. Page 1, by striking lines 1 through 35.
- 4 2. Page 2, by striking lines 1 through 21 and
- 5 inserting in lieu thereof the following:
- 6 "Section 1. The general assembly finds that:
- 7 1. The needs of a viable society depend upon an
- 8 ample supply of energy.
- 9 2. The current national imbalance between energy
- 10 supplies and demands suggests the need for the
- 11 development of new energy resources.
- 12 3. Increased national dependence upon foreign
- 13 energy supplies is not desirable and new alternative
- 14 energy resources should be developed.
- 15 4. National dependence upon nonrenewable energy
- 16 resources cannot be continued indefinitely,
- 17 particularly at current rates of consumption.
- 18 5. Solar energy is a very desirable, renewable
- 19 energy resource which is nonpolluting, easily
- 20 developed, and generally available across the state.
- 21 6. Virtually all of Iowa's energy needs are now
- 22 being met from sources beyond the borders of the state
- 23 and development of solar energy would reduce the flow
- 24 of energy dollars out of the state.
- 25 7. A principal obstacle to orderly development
- 26 and use of solar energy in this state is the absence
- 27 of adequate laws and precedents defining rights of
- 28 access to solar energy.
- 29 8. It is therefore in the public interest and
- 30 the interest of the state to provide adequate laws
- 31 which will expedite the development and use of solar
- 32 energy.

33 Sec. 2. It is the purpose of this Act to facilitate
34 the orderly development and use of solar energy by
35 establishing and providing for certain rights of
36 access to solar energy.

37 Sec. 3. NEW SECTION. DEFINITIONS. As used in
38 sections one (1) through thirteen (13) of this Act,
39 unless the context otherwise requires:

- 40 1. "Solar access right" means a property right
- 41 to use solar energy in a solar energy system as
- 42 provided in this Act.
- 43 2. "Solar energy" means energy emitted from the
- 44 sun and collected in the form of heat or light by
- 45 a solar collector.
- 46 3. "Solar collector" means a device or array of
- 47 devices other than living organisms having a total
- 48 surface area exposed to the sun of at least fifty
- 49 square feet constructed to collect solar energy in
- 50 a manner appropriate for the intended use and part

Page 2

1 of a solar energy system.

2 4. "Solar energy system" means an active or passive
3 system of either equipment or structural components
4 or both that includes a solar collector and that is
5 constructed to put solar energy to beneficial use.

6 5. "Beneficial use" means application of solar
7 energy from a solar energy system to a useful and
8 economically significant purpose in a manner that
9 diminishes the dominant estate owner's use of other
10 forms of energy.

11 6. "Development of property" means construction,
12 landscaping, growth of vegetation planted after the
13 recording of a declaration of solar access rights,
14 or other alteration of property that interferes with
15 the operation of a solar energy system. Growth of
16 vegetation existing at the time of installation of
17 a solar energy system is not development of property.

18 7. "Dominant estate" means that parcel of land
19 to which the benefits of a solar access right attach.

20 8. "Servient estate" means land other than the
21 dominant estate within three hundred feet of the
22 center of the collector and south of a line drawn
23 east and west and tangent to the northern most boundary
24 of the collector and listed in the declaration of
25 solar access rights recorded pursuant to section
26 seven (7) of this Act.

27 9. "Solar access regulatory board" means the
28 following:

29 a. The municipal board of adjustment if the
30 dominant estate is located in an area under the zoning
31 jurisdiction of a city that has adopted a zoning
32 ordinance pursuant to chapter four hundred fourteen
33 (414) of the Code.

34 b. The city council if the dominant estate is
35 located in a city that has not adopted a zoning
36 ordinance pursuant to chapter four hundred fourteen
37 (414) of the Code.

38 c. The county board of adjustment if the dominant
39 estate is located outside of the zoning jurisdiction
40 of a city and within a county that has adopted a
41 zoning ordinance pursuant to chapter three hundred
42 fifty-eight A (358A) of the Code.

43 d. The board of supervisors if the dominant estate
44 is located outside of a city and within a county that
45 has not adopted a zoning ordinance pursuant to chapter
46 three hundred fifty-eight A (358A) of the Code.

47 **Sec. 4. NEW SECTION. DECLARATION OF SOLAR ACCESS**
48 **RIGHTS.**

49 1. The general assembly declares that the right
50 to use the natural resource of solar energy is a

Page 3

1 property right, the exercise of which is to be
2 encouraged and regulated by the laws of this state.
3 2. The following concepts apply to the regulation
4 of disputes over the use of a solar energy system
5 located on land for which a declaration of solar
6 access rights has been recorded pursuant to section
7 seven (7) of this Act.

8 a. In areas which are unzoned or zoned for
9 agricultural use or zoned for detached one and two
10 family housing, beneficial use is the basis, the
11 measure and the limit of a solar access right, except
12 as otherwise provided by written contract. If the
13 amount of solar energy which the user of a solar
14 energy system can beneficially use varies with the
15 time of day, the season of the year, or in some other
16 manner, then the extent of the solar right varies
17 likewise.

18 b. In disputes involving solar rights in areas
19 which are unzoned or zoned for agricultural use or
20 zoned for detached one and two family housing, priority
21 in time of beneficial use has the superior right.
22 A change in the zoning classification of property
23 does not terminate or diminish a solar access right
24 based on priority in time of beneficial use.

25 c. Solar access rights are freely transferable
26 within the bounds of regulation imposed by the general
27 assembly.

28 Sec. 5. NEW SECTION. LIMIT OF A SOLAR ACCESS
29 RIGHT.

30 1. A solar access right based on priority in time
31 of beneficial use is not absolute and does not bar
32 development of property on servient estates. However,
33 if development of property on servient estates ob-
34 structs or diminishes a solar access right recorded
35 pursuant to section seven (7) of this Act, the
36 beneficiary of the solar access right shall be
37 furnished reasonable compensation unless other
38 settlement is agreed to.

39 2. a. Vegetation located on a servient estate
40 and planted prior to the recording of a declaration
41 of solar access rights shall be trimmed by the servient
42 estate owner when growth of such vegetation subsequent
43 to recording substantially interferes with the use
44 of a solar energy system and the dominant estate owner
45 has delivered written notice of the need for trimming
46 to the servient estate owner. However, trimming shall
47 not be required beyond the point necessary to eliminate
48 the obstruction unless some other point is agreed
49 to by the parties. The cost of trimming shall be
50 paid by the dominant estate owner who shall provide

Page 4

1 security for the cost of trimming to the servient
2 estate owner as a condition precedent to trimming.
3 b. If a servient estate owner fails to trim
4 vegetation planted prior to the recording of a
5 declaration of solar access rights within thirty days
6 of receipt of the written notice of the need for
7 trimming as required under paragraph a of this
8 subsection, then the dominant estate owner may petition
9 the solar access regulatory board to perform the
10 necessary trimming. After giving reasonable notice
11 and an opportunity for all parties to be heard, the
12 solar access regulatory board shall order such trimming
13 as it deems necessary and perform or contract for
14 the trimming, after receiving adequate security from
15 the dominant estate owner for the payment of the costs
16 of trimming.

17 **Sec. 6. NEW SECTION. COMPENSATION FOR OBSTRUCTION**
18 **OF SOLAR ACCESS.** When a solar access right based
19 upon priority in time of beneficial use is abridged
20 by a development of property, reasonable compensation
21 shall be determined as follows:

22 1. If the solar energy system can no longer be
23 reasonably used because of interference caused by
24 the development, reasonable compensation consists
25 of the following:

26 a. The solar energy system's replacement cost
27 after depreciation for ordinary use, less the system's
28 resale value, plus the cost of replacing the system
29 with an alternative energy system that is capable
30 of providing the energy furnished by the solar energy
31 system.

32 b. The increase in annual cost of operating the
33 replacement energy system, relative to the cost of
34 operating the solar energy system, capitalized at
35 the long-term interest rate prevailing at the time.

36 2. If the solar energy system can still be used
37 but its efficiency or output is diminished because
38 of interference, reasonable compensation shall consist
39 of the following:

40 a. The cost to modify or relocate the solar energy
41 system, including the cost of installing a supplemental
42 energy system, to replace the energy capacity lost
43 because of interference.

44 b. The increase in annual cost of operating the
45 modified energy system, relative to the cost of
46 operating the solar energy system, capitalized at
47 the long-term interest rate prevailing at the time.

48 **Sec. 7. NEW SECTION. RECORDING OF SOLAR ACCESS**
49 **RIGHTS.**

50 1. Before the provisions of section four (4)

Page 5

1 through ten (10) and section twelve (12) of this Act
2 apply, the owner of the dominant estate must have
3 recorded a written declaration of solar access rights
4 in the office of the county recorder in the counties
5 where the dominant and servient estates are located.
6 If the declaration meets the requirements of subsection
7 five (5) of this section, the county recorder shall
8 record the declaration and list the dominant estate
9 owner as grantee and the servient estate owner as
10 grantor in the deed index.

11 2. Upon receipt of the declaration, the county
12 recorder in which the dominant estate is located shall
13 send by certified mail a notice of the recording to
14 the servient estate owners of record which shall
15 contain the following:

16 a. The name and address of the dominant estate
17 owner.

18 b. That a declaration of solar access rights has
19 been recorded against the servient estate and may
20 affect the rights of the servient estate owner to
21 develop the estate.

22 c. The time and place where the declaration can
23 be reviewed.

24 d. That the servient estate owner may contest
25 the recording within thirty days of the mailing date
26 of the notice on the grounds that the servient estate
27 owner has already made a substantial financial
28 commitment to build a structure that will shade the
29 collector.

30 3. The dominant estate owner shall pay a filing
31 fee of twenty-five dollars to the county recorder
32 in which the dominant estate is located prior to
33 recording. The money collected shall be deposited
34 in the county's general fund. Upon the written request
35 of the county recorder, the solar access regulatory
36 board shall revoke a declaration of solar access
37 rights for failure to pay the filing fee.

38 4. If the solar energy system has not been
39 installed and made operational within nine months
40 after the date of recording or the date of resolution
41 of the contest to the recording pursuant to section
42 eight (8) of this Act, whichever date is later, then
43 upon the written request of a servient estate owner
44 the solar access regulatory board shall revoke the
45 declaration of solar access rights.

46 5. The declaration of solar access rights must
47 contain the following:

48 a. An acknowledgement by the owner of the dominant
49 estate.

50 b. A description of the dominant and servient

Page 6

1 estates.

2 c. The name and address of the dominant and
3 servient estate owners of record.

4 d. A statement that the solar energy system is
5 installed or will be installed within nine months
6 of the date of recording or resolution of a contest
7 to the recording, whichever is later.

8 e. A description of the solar energy system to
9 be used.

10 f. The size and location of the collector,
11 including heights, its orientation with respect to
12 south, and its slope from the horizontal shown either
13 by drawings or in words.

14 g. An explanation of how the applicant has done
15 everything reasonable, taking cost and efficiency
16 into account, to design and locate the collector in
17 a manner to minimize the impact on development of
18 servient estates.

19 **Sec. 8. NEW SECTION. RIGHT TO CONTEST RECORD-**
20 **ING.**

21 1. Within thirty days of mailing a notice of the
22 recording of the declaration of solar access rights
23 pursuant to the provisions of subsection two (2) of
24 section seven (7) of this Act, a servient estate owner
25 may file a written request to contest the recording
26 of the declaration of solar access rights with the
27 solar access regulatory board.

28 2. The solar access regulatory board shall hold
29 a hearing to consider the request after giving
30 reasonable notice to the dominant estate owner and
31 the petitioner of the time, place, and purpose of
32 the hearing.

33 3. The solar access regulatory board shall revoke
34 the recording of the declaration of solar access
35 rights if it finds that prior to the date of recording
36 the written declaration of solar access rights with
37 the county recorder, the servient estate owner made
38 a substantial financial commitment to build a structure
39 that will shade the solar collector. Such revocation
40 applies only to the servient estate on which the
41 structure is to be built.

42 4. The solar access regulatory board may condition
43 the recording of the declaration upon changes in the
44 position or location of the solar collector that will
45 minimize the impact on the servient estate.

46 5. The solar access regulatory board may order
47 a party to a contest of a recording to not engage
48 in activity that will change the status quo until
49 the appeal is resolved by the board.

50 **Sec. 9. NEW SECTION. REVOCATION OF DECLARATION**

Page 7**1 OF SOLAR ACCESS RIGHTS.**

2 1. Revocation of a declaration of a solar access
3 right by a solar access regulatory board shall be
4 in writing and state the reason for the revocation.
5 A copy of the revocation shall be sent by ordinary
6 mail to the parties to the revocation proceeding.

7 2. The solar access regulatory board shall file
8 with the county recorder for recording a certified
9 copy of a revocation of a declaration of solar access
10 rights. The county recorder shall record the
11 revocation and list the dominant estate owner as
12 grantor and the servient estate owner as grantee in
13 the deed index. Upon recording the revocation, the
14 declaration is void.

15 3. If a declaration of solar access rights for
16 an estate is revoked, the estate owner with the written
17 approval of the solar access regulatory board may
18 have a subsequent declaration of solar access rights
19 recorded pursuant to the provisions of sections seven
20 (7) and eight (8) of this Act under the following
21 conditions:

22 a. If the revocation was pursuant to subsection
23 three (3) of section eight (8) of this Act because
24 the servient estate owner has made a substantial
25 commitment to build a structure that will shade the
26 solar collector, upon proof that the structure's
27 construction was not begun within two years of the
28 date of revocation.

29 b. If the revocation was for nonuse pursuant to
30 section ten (10) of this Act, upon proof of actual
31 installation and operation of a solar energy system.
32 However, if the revocation for nonuse occurred more
33 than three years prior to the recording of a subsequent
34 declaration of solar access rights the declaration
35 may be recorded without the written approval of the
36 solar access regulatory and proof of installation
37 and operation.

38 c. If the revocation is for failure to install
39 and operate a solar energy system pursuant to
40 subsection four (4) of section seven (7) of this Act,
41 then upon proof of actual installation and operation
42 of the system on the dominant estate.

43 **Sec. 10. NEW SECTION. ABANDONMENT OF SOLAR ACCESS**
44 **RIGHT.**

45 1. A solar access right not put to beneficial
46 use for three consecutive years is deemed abandoned
47 until such time as it is again put to beneficial use.
48 During the period of abandonment the owner of a
49 servient estate may file a written request for
50 revocation of the declaration of solar access rights

Page 8

1 with the appropriate solar access regulatory board.
2 2. The solar access regulatory board shall hold
3 a hearing to consider the request after giving
4 reasonable notice to the owner of the dominant estate
5 and the person making the request of the time, place
6 and purpose of the hearing.

7 3. The solar access regulatory board shall
8 terminate the solar access right and revoke the
9 recording of the declaration of solar access rights
10 if it finds that for three consecutive years the solar
11 access right was not put to beneficial use.

12 Sec. 11. NEW SECTION. VOLUNTARY EASEMENTS.

13 1. Persons, including public bodies may voluntarily
14 create an easement for the purpose of insuring a right
15 of solar access. The easement shall be in writing
16 and is subject to the same conveyancing and instrument
17 recording requirements as other easements except as
18 provided in section twelve (12) of this Act. An
19 instrument creating a solar easement may include,
20 among other things, the following:

21 a. The vertical and horizontal angles, expressed
22 in degrees, through which the solar easement extends
23 over the real property subject to the solar easement
24 and the points from which these angles are measured.

25 b. The stipulation that the growth of existing
26 and future vegetation or the height of buildings is
27 subject to the solar easement.

28 c. Terms or conditions under which the solar
29 easement can be abandoned or terminated.

30 d. Provisions for compensating the owner of the
31 property benefiting from the solar easement in the
32 event of interference with the enjoyment of the solar
33 easement, or for compensating the owner of the property
34 subject to the solar easement for maintaining that
35 easement.

36 Sec. 12. NEW SECTION. TERMINATION BY STATUTE.

37 Voluntary easements and solar access rights authorized
38 by sections one (1) through thirteen (13) of this
39 Act are exempt from sections six hundred fourteen
40 point seventeen (614.17) and six hundred fourteen
41 point twenty-four (614.24) of the Code. A statute
42 other than sections one (1) through thirteen (13)
43 of this Act which limits or extinguishes a right of
44 use does not apply to a voluntary easement or solar
45 access right authorized by sections one (1) through
46 thirteen (13) of this Act unless the statute
47 specifically states that it applies."

AFTERNOON SESSION

The House reconvened, Speaker Millen in the chair.

MESSAGE FROM THE SENATE

The following message was received from the Senate:

Mr. Speaker: I am directed to inform your honorable body that the Senate has on April 9, 1979, passed the following bill in which the concurrence of the House is asked:

Senate File 471, a bill for an act relating to appropriations to various regulatory and finance departments, boards and commissions.

FRANK J. STORK, Secretary

COMMITTEE TO NOTIFY THE SENATE

Welden of Hardin moved that a committee of three be appointed to notify the Senate that the House was ready to receive it in joint convention.

The motion prevailed and the Speaker appointed as such committee Welden of Hardin, Chair; Schroeder of Pottawattamie and Doyle of Woodbury.

Welden of Hardin, chair of the committee appointed to notify the Senate that the House was ready to receive it in joint convention, reported the committee had performed its duty. The report of the committee was accepted and the committee discharged.

The Sergeant-at-Arms announced the arrival of the President of the Senate, the Secretary of the Senate and the honorable body of the Senate.

The President was escorted to the Speaker's station, the Secretary of the Senate to the Chief Clerk's desk and the members of the Senate were seated in the House chamber.

JOINT CONVENTION

PIONEER LAWMAKERS
(HOUSE CHAMBER — 1:30 p.m.)

In accordance with House Concurrent Resolution 7, duly adopted, the joint convention was called to order, President Branstad presiding.

President Branstad announced a quorum present and the joint convention duly organized.

Senator Hultman of Montgomery moved that a committee of four be appointed to escort the Pioneer Lawmakers into the House chamber.

The motion prevailed and the President appointed as such committee Senator Miller of Marshall, Senator Miller of Des Moines and Representative Stromer of Hancock and Representative Cochran of Webster.

The committee escorted the Pioneer Lawmakers to the well of the House chamber.

President Branstad presented Senator W. R. Bill Hansen, President pro tempore of the Senate, who welcomed the Pioneer Lawmakers on behalf of the Senate as follows:

MR. PRESIDENT, MR. SPEAKER, MEMBERS OF THE HOUSE AND
THE SENATE, PIONEER LAWMAKERS, HONORED GUESTS, LADIES
AND GENTLEMEN

We are in a point of time where it may be a dubious distinction to be a politician, for after all, one week you may be on the cover of Time and the next week serving. But today we have paused for a moment in time to resort to a little history and nostalgia and with particular deference to the new class of Pioneer Lawmakers.

So I thought I might start out by saying one score and 98 days ago, our forefathers brought forth to the state legislature 47 new freshmen, conceived as members of the 58th General Assembly and dedicated to the proposition that 33 Republicans in the Senate and 60 in the House gave that party a majority, though the slimmest since 1937. The gains of the minority party were significant, but the attention really focused on the re-election of Governor Herschel Loveless at that time, who in doubling his 1956 margin, had become the first of his party in 22 years and the second since 1894 to succeed himself in that particular office. The electorate also in that particular year gave him a Lieutenant Governor of his own party, Edward J.

McManus, and he was given to the Governor for companionship. The new Lieutenant Governor soon learned that that was the scope of his office. Senator Jack Schroeder — then at the tender age of 33, was to hold firm rein over the Senate Chambers, and it is interesting to observe that as you come here to join us today, that transfer of powers has once again been accomplished, but this time it has moved from the Majority Leader back to the Lieutenant Governor.

Allow me just in my brief moments here to make some comparisons between the new class of 1959 and the 1979 general assemblies. Each convened with 47 freshmen legislators. The average age of your particular general assembly at that time was 50.8 years of age, and the current legislature is slightly younger, 45.6. One of the interesting contrasts lies with the vocational background differences, for in your 1959 session farmers dominated the membership, followed by lawyers, then businessmen and 4th place by livestock farmers. In the current session, businessmen dominate with 2nd place going to farmers and, alarmingly, in the minds of some people, 3rd place goes to "full-time" legislators and lawyers are for once in 4th position.

While you breezed through your session in 116 days, annual sessions have pushed us close to the 300 day mark this decade. Some of the results have been:

That the number of bills confronting our legislature today has almost doubled the number that you had in your biennial session even though the number of bills that we pass has only increased by 25%.

One of the results of this is that the 1979 Code is 40% larger than the Code of Iowa that you worked with in 1959.

We have increased the cost of the legislature itself by 10 fold, even though we've only increased the cost of the state budget — increased the total state budget by 5 fold since the time that you were here.

All of this has helped to bring about the advent of full-time legislators, and an increase of legislative staff.

So you see, it's a kind of different legislature today that looks to staffers for recommendations, computer runs for comparisons, interim meetings for solutions, adjournment procedures for salvation, no-smoking rules for protection, disclosure rules for sanctification, lobbying rules for purification and it is so busy with edification that it seldom has time to ponder ramifications and frequently resorts to procrastination.

You public servants of the past labored without these innovative "wonders" of the seventies and yet brought forth an end product that served the present without strangling the future. There is much that we can learn from reading your records of achievements while observing your methods which you followed; and your presence here today causes us to focus on your accomplishments and to pay tribute to each of you for your dedicated life in public service. We welcome you back to your legislative home.

President Branstad presented Representative William H. Harbor, Speaker pro tempore of the House of Representatives, who welcomed the Pioneer Lawmakers on behalf of the House as follows:

It is indeed a pleasure and an honor, both as a Representative and as a member of Pioneer Lawmakers, to welcome you, on behalf of the House, to this biennial event.

If one could recapture some of the utterances that still ring in these halls, some of the statements you made about various proposals, draining the coffers of the state, concerns about Iowa's future, they would undoubtedly sound familiar to those members who wrestle with these problems of today, and in this light I would like to deviate for just a moment to speak about two of those problem solvers who were both appropriations chairmen.

The appropriation chairman my first session here, was a man to whom we have dedicated this year's Pioneer Lawmakers Day, the Honorable Gus Keister of Griswold. He is now ninety-seven, very alert, and is a man who was always concerned about appropriations and state spending, calling to our attention that we were scraping the bottom of the barrel. I can well remember in 1955 when he made fervent pleas here on the floor that we were going to break the state by virtue of going to the \$200,000,000 budget figure.

The other gentleman I allude to—to point out to the younger members of the legislature how things are accomplished—is the appropriations chairman the years that I was Speaker, none other than John Camp of Clinton County. I can well remember the last night of our last session in which John was the one who could trade and trade well. As you know, the rules of the Senate called for a coat and tie. John put a blue bill jacket in every pocket he had, enough so that every bill could be seen, marched right down the middle of the Senate chamber and put his arms right up on the desk, which was contrary to the ethics of the Senate chamber. One of the Senators at that time called attention to the fact that there was a man in the chamber who had neither coat nor tie on and should he not be removed? The Lieutenant Governor immediately called attention to the fact that in each pocket was a bill that the Senate needed and that he was trying to tell the Senate something. He did, and we soon adjourned.

One might state that the concerns essentially remain the same, just the characters change. The statement that "one's life, freedom, and property remain in jeopardy while the legislature is in session," first stated in the late 1700's, just proves that all generations have their concerns and apprehensions.

Now, to those of you whose responsibility is to meet the needs of our beloved state, you see here before you the young Turks and mavericks of yesteryear. With them you have much in common, for it was their dream, as it is yours, to make Iowa a still better place to live and to continue our star as the envy of all other states.

So, to you assembled here for this occasion, we extend to you a hand of welcome and God speed to you.

President Branstad presented the Honorable Dave Shaff who responded to the welcome.

Mr. Shaff addressed the joint convention as follows:

MR. PRESIDENT, MR. SPEAKER, MEMBERS OF THE SENATE AND MEMBERS OF THE HOUSE, LADIES AND GENTLEMEN:

On behalf of the Pioneer Lawmakers, may I express appreciation for the welcome which has been extended to us on behalf of the House and the Senate.

Our presence today may serve to remind you that you have been preceded by others who have some understanding of the problems that you face, and as former legislators, we form a cadre of Iowa citizens supporting you in your endeavors.

You know, as do we, that in the ultimate performance of your duties, partisanship must be subordinated to that quality of legislative performance which will provide sound legislation for the problems of today together with an enduring farsightedness for the years that lie ahead.

You are indeed the stewards of the state and not only do you have the responsibility for good management today, but the obligation to make sure that you leave the condition of the state in at least as good a condition as it existed when you assumed your responsibilities.

You also know that from these legislative halls will come much of Iowa's leadership in state and national offices in all branches of government. In the state and the nation's interest, it is imperative that the most able among you should seek and assume those obligations.

As pioneer legislators, we cherish the opportunity to briefly recall the battles that have been won and lost here, the experiences to be remembered for a lifetime, and friendships that will endure always.

Mr. Shaff recognized the Honorable George O'Malley and requested he escort to the well of the House for recognition Mr. Donald J. Reid, Managing Director of the Iowa Press Association, who by a unanimous resolution duly adopted, was awarded honorary membership in the Pioneer Lawmakers Association.

President Branstad then presented the Honorable William C. Stuart, Chief Judge, Southern District of Iowa and former State Senator, who addressed the joint convention as follows:

MR. PRESIDENT, MR. SPEAKER, MEMBERS OF THE SENATE AND MEMBERS OF THE HOUSE, FORMER LEGISLATORS AND OTHER GOVERNMENT OFFICIALS, LADIES AND GENTLEMEN:

Last night, as I began collecting my thoughts for my remarks today, I had difficulty accepting the fact that 18 years have passed since I last stood in the chamber across the rotunda as a matter of right rather than here by invitation. However, upon reflecting on all that has happened in the world, this county, our state and my own life in the interim, it became clear that it was indeed that long ago.

When my wife, Elgin, myself and our three children made Des Moines our home in 1955 during the 56th General Assembly, our oldest son, who has been teaching and coaching for eight years, was in kindergarten. Our youngest child who will graduate from college this spring was two years away from the planning stage. How can all of this happen in that short a period of time and yet all of the people I see out here and myself remain so young and vital. It's amazing.

I do not intend to dwell upon the changes that have occurred over the past 20 to 30 years, we are all aware of them and it would serve no purpose to point out the obvious. Suffice to say, life in general and legislative life in particular, was much simpler then. During my 10 years in the Senate our salaries doubled, from \$1,000 to \$2,000 dollars a session. We met every other year and stopped the clock at the end of the 100th day. The old cliché of the cynics of the time was that the legislature met every two years for 100 days and everyone would be better off if it met every 100 years for two days. I wonder what those who thought there was too many laws in those days would think of the way we are regulated, controlled and restricted by legislation and court made law today.

In those days legislators could go out for a drink and dinner with a legislative representative or lobbyist and listen to his position on pending legislation without feeling, or having it insinuated, that he had sold his soul and his honor for a mess of prime rib. It never even entered our minds that our hosts would feel they could buy our vote by what was taken as little more than common courtesy. We were giving them time to express their point of view and it was a way for them to reciprocate. I don't believe that our constituents thought so little of our integrity that they questioned the propriety of our conduct.

As a lawyer in which adversary positions was a part of my way of life, I felt more comfortable in deciding how to vote after having heard advocates express their differing points of view. I felt the system worked pretty well then.

We were more relaxed. I feel we enjoyed the legislative sessions more than you do now, but that does not mean we did not work hard and conscientiously. I just thumbed through the session laws and picked out some of the important major changes made during my 10 years in the legislature. Most of them seem commonplace now, but most involved hard fought battles. Each one is a story in and of itself but I will go through them hastily. I am sure the mention of these acts will bring to mind many stories to the pioneer lawmakers.

In 1953 the 55th General Assembly legalized the sale of colored oleomargarine, passed initial legislation to eradicate Bangs disease and prohibited the feeding of raw garbage to hogs. We passed the motor vehicle certificate of title act and required school reorganization with a 300 pupil minimum. We abolished the bankrupt public employees' pension system, placed public employees under social security and created a fully funded supplemental system IPERS.

In 1955 the 56th General Assembly created the Legislative Research Bureau, County Extension Districts and the office of Judicial Statistician. We authorized municipal transit systems, toll and controlled access roads. We conformed the Iowa income tax to the federal return and inaugurated full hearings for the Board of Regents on their appropriations.

In 1957 we required all areas of the state to be in a high school district, provided for regulation of water resources, nursing homes and key clubs, and the manufacture and sale of fertilizer. We created the Board of Pharmacy Examiners. We authorized the investment of public funds at interest, passed the enabling act for urban renewal and a comprehensive recodification of motor and special fuel safety laws and tax.

In 1959 the 58th General Assembly passed for the first time the Constitutional Amendment relating to the selection and tenure of judges, passed the Business Corporation Act and recodified Building and Loan laws, created the agricultural marketing divisions and the offices of County Assessor and Medical Examiner. We made major revisions in the Workmen's Compensation Act and authorized the Board of Regents to borrow money for self-liquidating buildings.

In 1961 the 59th General Assembly created new congressional and legislative districts, passed a constitutional amendment to reapportion the legislature, a comprehensive boating registration and regulation act, enacted enabling legislation for low rent housing and made the Oak tree the state tree.

I have used too much time reminiscing because I do have a serious concern that I want to share with you, because of your interest in government and this country. As a former legislator and a judge, I fear that the blurring of the line between legislation and court decisions has started us on a path that could endanger our constitutional system of government. The responsibility for this trend must be shared by the legislative bodies and the courts because of the failure of legislatures to respond to society's need and the willingness of the courts to fill the vacuum.

In 1954 the Supreme Court in *Brown v. Board of Education* overruled the court created doctrine of "separate but equal schools" and held that it was unconstitutional to operate racially segregated schools. This obviously correct decision was well within the constitutional functions of the court as was the negative mandate "don't operate segregated schools" and the affirmative order to make the change "with all deliberate speed". However, as the years passed and the states with segregated school systems either ignored the mandate or used dilatory tactics to evade it, the courts found it necessary to take the initiative and prescribe affirmative plans to give meaning to the Supreme Court's broad pronouncements. Because of the eminent rightness of the cause, presidents, congress and the people generally accepted the courts' assumption of this power.

As other branches of federal, state and local governments failed to respond responsibly to needs of the citizens as perceived by society and the courts, the courts began making policy decisions on political and social issues basing the authority on the principle that various constitutional rights were being violated. As the areas that were opened up in this manner were without statutory guidance, broad pronouncements by the courts were not enough. The opinions began to include guidelines which could give some direction to the litigants as to the path they must follow under the court decision.

In one-man one-vote cases, courts have required state and local governments to reconstitute their various representative legislative bodies. In many cases courts have spelled out specific affirmative relief. For example, the courts in some states, including Iowa, used a computer to formulate their own redistricting plans.

Under decisions based on the Equal Protection Clause of the Constitution, governments and institutions have been required to revamp programs and reallocate funds. Courts have required the expenditure of large sums of money for the education of the handicapped and construction of various facilities. The busing decisions have not only dictated policy within a school district but in some instances have mandated the crossing of district lines.

In holding that certain conditions of confinement constitute cruel and unusual punishment, the courts have placed strict limitations on the authority of prison officials and specified affirmative changes that have required state and local governments to spend substantial sums.

Under the due process clause, the courts have set hearing requirements for the disciplining of students or prisoners and the disciplining and discharge of teachers, and employees.

It is my feeling that the courts have had a tendency to intrude into the administrative details in the operation of hospitals, schools, prisons and governmental agencies.

These comments should not be taken to mean that I think the results were bad. Quite the contrary. Most of these cases have brought about changes that were long overdue. As Archibald Cox said in his book "The Role of the Supreme Court in American Government", and I quote:

"I would support nearly all these (rules) as important reforms if proposed in a legislative chamber or a constitutional convention. In appraising them as judicial rulings, however, I find it necessary to ask whether an excessive price was paid by enlarging the sphere and changing the nature of constitutional adjudication."

Chief Justice Warren Burger has expressed concern about the dangers of using the courts to bring about social change stating:

"Young people who decide to go into the law primarily on the theory that they can change the world by litigation in the courts, I think, may be in for some disappointments—that is not the route by which basic changes in a country like ours should be made. That is a legislative and policy process, part of the political process. And there is a very limited role for the courts in this respect."

The point is that under our system of government it is not the prerogative of the court to make major policy decisions. Of course, the courts must, as Justice Holmes said "legislate interstitially" or between the tissues of legislation enacted by legislative bodies or the broad general principles of the constitution. Otherwise the Constitution and the law would not be viable and timely as intended.

Judicial improvisation transfers a substantial law-making power to the courts. Judges are ill-suited to law making because judicial authority depends, in part, upon aloofness from the political arena. Judges, who should be beholden to no one for their conscientious conduct, lack the everyday responsibility to the electorate that is the real basis of workable reform. Nor do judges have the background or experience to evaluate the effect of a particular decision on related procedures or problems. Judicial

activism also erodes the legislative process, because it tends to relieve legislators from accountability for social reconstruction and constitutional propriety.

As a fourth generation lawyer, I have lived all my life in an atmosphere of respect for the law and pride in the way our judicial system has functioned and the quality of the justice it has produced. I have viewed the Constitution and its adaptability to changing times with awe, if not reverence. It has been disheartening to me and demeaning to the Constitution to have it used to decide such inconsequential matters as the right to wear long hair, or an arm band in school, the right to have an obscenity displayed on your jacket, or the right to play five rather than six girl's basketball. I know it can be argued that these are important individual rights and they are which the courts should vindicate but I agree with Judge Adams when he said:

"Too frequent invocation of the Constitution tends to debase it. Popular respect for judicial decisions stems, to a considerable extent, from the belief that the decision represent the practical application of neutral principles of adjudication. But frequent recourse to the Constitution may render it a convenient weapon for partisan debate, and may cast judges in the role of interested manipulators of that document. If that is to be the status of the Constitution and the courts, it becomes more difficult to see them as arbiters in time of crisis and guardians of liberty in time of need."

When the courts blur the distinctions between its duties and that of the other branches of government and the states by broad pronouncements of a constitutional right unaccompanied by an examination of the ramifications of that pronouncement on other areas, which examination is part of the legislative process, they damage our philosophy of separation of powers. It may be a compliment to the judiciary that many well-meaning people feel that judges rather than politicians will provide timely solutions to pressing social problems, but it is not in accordance with our democratic principles.

The judicial system of this democracy may succumb to an erosion of confidence from its assumption of legislative power it is not suited to exercise. I do not believe that it is merely coincidental that the drop in public confidence in the courts has accompanied their increased involvement in policy matters. We need more thought and greater sophistication about the kinds of issues that can be profitably referred to formal legal process and the kinds that ought to be left to other processes. If dissatisfaction with the function of the legal system reaches the stage where it and its decision do not command the respect of a substantial portion of the citizenry, it and our democracy are both in danger.

No society can be healthy and effective if all its disputes are drawn into legal processes. The spread of law throughout human relations signals not only a decline of individual freedom but also a withering of community, traditional modes of accommodation and informal authority. A healthy society requires that there be considerable play in human relations, a degree of trust in the good faith of others, confidence that things can be worked out tolerably, a willingness not to insist on every "right" one may think one should ideally possess, and a large amount of self-reliance. The attempt to define all the rights of individuals and enforce them by legal processes signifies the diminution or disappearance of these virtues. The increasing legalization of our culture is a sign of the deterioration of that culture.

Should law in its present form fail us, it will ultimately be replaced by other forms of law. What is at stake then is not law itself, but rather democratically made law allowing for a wide scope of individual freedom. That is worth preserving.

Halvorson of Clayton moved that the joint convention be now dissolved.

The motion prevailed.

The House reconvened, Speaker Millen in the chair.

HOUSE CONCURRENT RESOLUTION 18

By Perkins

- 1 *Whereas*, the general assembly pursuant to chapter one
- 2 thousand nine (1009), section one (1) of the Acts of the
- 3 General Assembly, 1978 session, created a committee to
- 4 supervise the preparation of a comprehensive master plan
- 5 for development of the state fair; and
- 6 *Whereas*, the committee has fulfilled its duties and
- 7 there is on file with the state fair board an economic
- 8 and physical analysis of the redevelopment and relocation
- 9 alternatives for the future development of the state fair
- 10 including the alternatives required by chapter one
- 11 thousand nine (1009) of the Acts of the General Assembly,
- 12 1978 session; and
- 13 *Whereas*, the report concludes and the committee
- 14 recommends, first, that the fairgrounds remain at its
- 15 present location and be redeveloped; but that in order
- 16 to do so legislation must be enacted which would allow
- 17 a horse racing program at the Iowa state fairgrounds

18 with parimutuel wagering in order that the state fair
19 will be self-sufficient economically and an appropri-
20 ation of \$90,000 for implementation of the detailed
21 master plan be made by the legislature; or secondly,
22 if parimutuel wagering is not authorized for races
23 at the state fairgrounds, a redevelopment program of
24 the present state fairgrounds be pursued to insure future
25 viability of the state fair and which will require an
26 estimated appropriation of \$15,500,000 of which an
27 estimated \$7,100,000 will be from the general fund of
28 the state and \$8,400,000 will be recoverable from state
29 fair board revenues, both expenditures measured in 1979
30 dollars, and an appropriation of \$90,000 for implementation
31 of a detailed master plan be made; and

Page 2

1 *Whereas*, the report concludes and the committee
2 agrees that if no major redevelopment is undertaken,
3 fair attendance will continue to decline and state
4 appropriations required to avoid complete deteriora-
5 tion of the facilities will continue to increase in
6 which case the committee recommends that state funding
7 of the state fair be phased out; and

8 *Whereas*, it is appropriate that the conclusions of
9 the committee created by the general assembly be reported
10 to the members of the Sixty-eighth General Assembly
11 meeting in the year 1979; *Now Therefore*,

12 *Be It Resolved by the House of Representatives, the*
13 *Senate Concurring*, That this resolution is considered to
14 be a summary report of the committee created by chapter one
15 thousand nine (1009), Acts of the General Assembly, 1978
16 session, for the purpose of notifying the members of the
17 general assembly of the conclusions of the committee; and

18 *Be It Further Resolved*, That although the committee
19 is recommending action by the general assembly in
20 the order in which listed in this resolution, this
21 resolution is not intended to be binding upon the
22 general assembly and its approval shall not constitute
23 approval of the recommendations.

Laid over under Rule 30.

SENATE AMENDMENT TO
HOUSE FILE 650

H-4148

- 1 Amend House File 650, as amended, passed, and
2 reprinted by the House, as follows:
3 1. By striking everything after the enacting
4 clause and inserting in lieu thereof the following:
5 "Section 1. **NEW SECTION.** A city council, by
6 ordinance, or a county board of supervisors for the
7 unincorporated areas of the county, by resolution,
8 may provide for a partial exemption from property
9 taxation of the actual value added to industrial real
10 estate by the new construction of industrial real
11 estate and the acquisition of or improvement to
12 machinery and equipment assessed as real estate
13 pursuant to section four hundred twenty-seven A point
14 one (427A.1), subsection one (1), paragraph e, of
15 the Code, subject to the provisions of section six
16 (6) of this Act. New construction means new buildings
17 and structures and includes new buildings and
18 structures which are constructed as additions to
19 existing buildings and structures. New construction
20 does not include reconstruction of an existing building
21 or structure which does not constitute complete
22 replacement of an existing building or structure or
23 refitting of an existing building or structure, unless
24 the reconstruction of an existing building or structure
25 is required due to economic obsolescence and the
26 reconstruction is necessary to implement recognized
27 industry standards for the manufacturing and processing
28 of specific products and the reconstruction is required

29 for the owner of the building or structure to continue
30 to competitively manufacture or process those products
31 which determination shall receive prior approval from
32 the city council of the city or the board of
33 supervisors of a county granting the exemption. The
34 exemption shall also apply to new machinery and
35 equipment assessed as real estate pursuant to section
36 four hundred twenty-seven A point one (427A.1),
37 subsection one (1), paragraph e, of the Code unless
38 the machinery or equipment is part of the normal
39 replacement or operating process to maintain or expand
40 the existing operational status.

41 The ordinance or resolution may be enacted not
42 less than thirty days after holding a public hearing
43 in accordance with section three hundred fifty-eight
44 A point six (358A.6) of the Code in the case of a
45 county, or section three hundred sixty-two point three
46 (362.3) of the Code in the case of a city. The
47 ordinance or resolution shall designate the length
48 of time the partial exemption shall be available and
49 may provide for an exemption schedule in lieu of that
50 provided in section two (2) of this Act. However,

Page 2

1 an alternative exemption schedule adopted shall not
2 provide for a larger tax exemption in a particular
3 year than is provided for that year in the schedule
4 contained in section two (2) of this Act.

5 **Sec. 2. NEW SECTION.** The actual value added to
6 industrial real estate for the reasons specified in
7 section one (1) of this Act is eligible to receive
8 a partial exemption from taxation for a period of
9 five years. "Actual value added" as used in this
10 Act means the actual value added as determined by
11 the assessor as of the first year for which the
12 exemption is received, except that actual value added
13 by improvements to machinery and equipment means the
14 actual value as determined by the assessor as of
15 January first of each year for which the exemption
16 is received. The amount of actual value added which
17 is eligible to be exempt from taxation shall be as
18 follows:

- 19 a. For the first year, seventy-five percent.
- 20 b. For the second year, sixty percent.
- 21 c. For the third year, forty-five percent.
- 22 d. For the fourth year, thirty percent.
- 23 e. For the fifth year, fifteen percent.

24 This schedule shall be followed unless an
25 alternative schedule is adopted by the city council
26 of a city or the board of supervisors of a county

27 in accordance with section one (1) of this Act.

28 However, the granting of the exemption under this
29 section for new construction constituting complete
30 replacement of an existing building or structure shall
31 not result in the assessed value of the industrial
32 real estate being reduced below the assessed value
33 of the industrial real estate before the start of
34 the new construction added.

35 Sec. 3. NEW SECTION. An application shall be
36 filed for each project resulting in actual value added
37 for which an exemption is claimed. The application
38 for exemption shall be filed by the owner of the
39 property with the local assessor by February first
40 of the assessment year in which the value added is
41 first assessed for taxation. Applications for
42 exemption shall be made on forms prescribed by the
43 director of revenue and shall contain information
44 pertaining to the nature of the improvement, its cost,
45 and other information deemed necessary by the director
46 of revenue.

47 A person may submit a proposal to the city council
48 of the city or the board of supervisors of a county
49 to receive prior approval for eligibility for a tax
50 exemption on new construction. The city council,

Page 3

1 by ordinance, or the board of supervisors, by
2 resolution, may give its prior approval of a tax
3 exemption for new construction if the new construction
4 is in conformance with the zoning plans for the city
5 or county. The prior approval shall also be subject
6 to the hearing requirements of section one (1) of
7 this Act and the provisions of section six (6) of
8 this Act. Such prior approval shall not entitle the
9 owner to exemption from taxation until the new
10 construction has been completed and found to be
11 qualified real estate; however, if the tax exemption
12 for new construction is not approved, the person may
13 submit an amended proposal to the city council or
14 board of supervisors to approve or reject.

15 Sec. 4. NEW SECTION. When in the opinion of the
16 city council or the county board of supervisors
17 continuation of the exemption granted by this Act
18 ceases to be of benefit to the city or county, the
19 city council or the county board of supervisors may
20 repeal the ordinance authorized by section one (1)
21 of this Act, but all existing exemptions shall continue
22 until their expiration.

23 Sec. 5. NEW SECTION. A property tax exemption
24 under this Act shall not be granted if the property

25 for which the exemption is claimed has received any
 26 other property tax exemption authorized by law or
 27 an election has been held pursuant to section six
 28 (6) of this Act and the majority has rejected the
 29 exemption.

30 Sec. 6. NEW SECTION. However, upon the receipt
 31 of a petition, which was received no later than thirty
 32 days after the holding of the public hearing under
 33 section one (1) of this Act, signed by residents of
 34 the city or county equal in number to at least ten
 35 percent of the number of people who voted at the last
 36 city election, excluding the primary or runoff
 37 election, in the case of a city, or in the last general
 38 election of the county, in the case of a county, the
 39 city council of a city or the board of supervisors
 40 of a county shall submit the question of the exemption
 41 from property taxation to the eligible electors of
 42 the city or county and shall not enact the ordinance
 43 or resolution authorized by section one (1) of this
 44 Act until after the result of the election. The
 45 election shall be held within six months of the receipt
 46 of the petition at a regularly scheduled city or
 47 county general election or at a special election held
 48 for that purpose. If a majority of those voting on
 49 the question of granting a property tax exemption
 50 vote against the granting of the exemption, the city

Page 4

1 council of a city or the board of supervisors of a
 2 county shall not grant the exemption."

Because of my teaching responsibilities at Palmer Junior College in Davenport, Iowa, I was necessarily absent for a portion of Friday afternoon, April 27. Had I been present, I would have voted "aye" on amendment H-4144B to Senate File 487, Senate Files 487 and 405, and House File 741. I would have voted "nay" on amendment H-4157, amendment H-4156, amendment H-4143 and amendment H-4178 to Senate amendment H-4141 to House File 687.

3 1. Page 4, by inserting after line 31 the
4 following:

5 "d. As a condition of expending the funds
6 appropriated in subsection five (5) of this section,
7 the Iowa Commerce Commission shall adopt within one
8 year of the effective date of this Act electric utility
9 rate schedule rules pursuant to chapter seventeen
10 A (17A) of the Code that apply to electric utilities
11 subject to rate regulation. The rules shall meet
12 the following standards:

13 (1) The rate schedule shall be on a reasonable
14 basis which reflects the costs of providing services
15 at different times of the year to the extent that
16 such costs vary seasonally for the utility.

17 (2) The rate schedule shall not provide for
18 decreasing rates for increased consumption of
19 electricity during any billing period.

20 (3) The rate schedule shall be on a time of day
21 basis for those classes of electricity users for which
22 the time of day basis is cost-effective. For purposes
23 of this subparagraph, a time of day rate schedule
24 is cost-effective if the long run benefits of the
25 rate schedule to the utility are likely to exceed
26 the metering costs and other costs associated with
27 the implementation of the time of day rate schedule.

28 (4) A rate schedule for interruptible services
29 to industrial and commercial electric consumers may
30 be charged at an amount which reflects the cost of
31 providing the interruptible service.

32 (5) A rate schedule for electrical users subject
 33 to load management control techniques that are
 34 reliable, create useful energy or capacity management
 35 advantages to the electric utility, and are cost-
 36 effective. For purposes of this paragraph, a load
 37 management control technique is cost-effective if
 38 the technique is likely to reduce maximum kilowatt
 39 demand on the electrical utility, and the long run
 40 cost savings to the utility of the reduction are
 41 likely to exceed the long run costs to the utility
 42 associated with implementation of the techniques.
 43 (6) The rate schedule shall not provide separate
 44 charges for energy costs, demand or capacity costs,
 45 and customer costs other than customer costs for the
 46 extension of electric distribution lines.
 47 (7) The rate schedule shall not differentiate
 48 between classes of electrical users, such as
 49 residential, commercial and industrial users, except
 50 as otherwise provided in this section."

HOUSE CONCURRENT RESOLUTION 21

By Evans

1 *Whereas*, the average demand for electricity and
2 gas has significantly increased in recent years; and
3 *Whereas*, this demand varies both seasonally and
4 on a time-of-day basis creating peak energy demand
5 periods; and

6 *Whereas*, utilities must make significant capital
7 outlays to build the necessary generating capacity
8 to meet peak demand and the growth of average demand
9 for energy; and

10 *Whereas*, these capital outlays have caused
11 significant increases in the price of energy for
12 consumers; and

13 *Whereas*, reformed utility rate structures may
14 encourage greater conservation of energy and reduce
15 the present rate of growth of average and peak demand
16 which would mitigate the need for utilities to make
17 capital outlays at the present rate for new generation
18 and, hence, slow the price spiral of energy; *Now*
19 *Therefore*,

20 *Be It Resolved By The House Of Representatives,*
21 *The Senate Concurring*, That the legislative council
22 is authorized to establish an interim legislative
23 study, conducted by a joint subcommittee of the

24 committees on energy of the senate and house of
25 representatives, to study the feasibility of various
26 proposals for changing the state's utility rate
27 structure laws to encourage conservation and reduce
28 peak demand and to make a report to the legislative
29 council and the general assembly meeting in the year
30 1980 containing its recommendations on this matter.

Laid over under Rule 30.

HOUSE CONCURRENT RESOLUTION 22
By Appropriations Subcommittee on Social Services

1 *Whereas*, the provision of cost effective rehabilitation,
 2 residential treatment and social services to all disabled and
 3 disadvantaged citizens of Iowa is of concern to all Iowans;
 4 and
 5 *Whereas*, the costs of all types of social services have
 6 risen dramatically, not only due to inflation, but also due
 7 to more effective identification of persons with genuine
 8 needs and eligibility for the services available; and
 9 *Whereas*, community based services in many Iowa communities
 10 have demonstrated their ability to provide cost effective
 11 services and avoid unnecessary institutionalization; and
 12 *Whereas*, services in institutional settings have also
 13 escalated in cost while providing care in the most restrictive
 14 environment; and
 15 *Whereas*, the amount of federal money under Title XX and
 16 other programs has not grown with the escalating costs of
 17 providing the services; and
 18 *Whereas*, inflation will continue to be a problem in
 19 providing social services with additional escalations in
 20 the minimum wage already scheduled for January 1, 1980, and
 21 January 1, 1981; and
 22 *Whereas*, the funding of rehabilitation, residential
 23 treatment and social services comes from a variety of
 24 federal, state, and local sources; *Now Therefore*,
 25 *Be It Resolved by the House of Representatives; the*
 26 *Senate Concurring*, That the Legislative Council is respect-
 27 fully urged to create a study committee composed of members
 28 of the Joint Social Services Appropriations Subcommittee
 29 of the House and Senate of the sixty-eighth general assembly,
 30 representing both political parties, to review the need for
 31 Title XX social services by Iowans of all ages, the total
 32 dollars available from federal, state and local sources, the

Page 2

1 legislative priorities, and the problem of costs confronting
 2 the service providers; and
 3 *Be It Further Resolved*, That the study committee shall
 4 make every effort to cooperate with and receive input from
 5 the Department of Social Services, the State Title XX
 6 Advisory Committee, and contract providers and their
 7 associations on the problems under study; and
 8 *Be It Further Resolved*, That the study committee shall
 9 prepare a report of its findings and submit it to the
 10 Legislative Council and the members of the sixty-eighth
 11 general assembly, 1980 session.

Laid over under Rule 30.

HOUSE CONCURRENT RESOLUTION 23
By Appropriations Subcommittee on Social Services

1 *Whereas*, the quality of care for elderly citizens of
2 Iowa is of concern to all Iowans; and
3 *Whereas*, the costs of all types of medical care have
4 risen dramatically over the past several years; and
5 *Whereas*, the minimum wage has risen by 9.4 percent
6 since January 1978 and will rise another 6.9 percent in
7 January, 1980; and
8 *Whereas*, the current average cost of care in a residential
9 facility is \$14.96; and
10 *Whereas*, it has been brought to the attention of the
11 1979 Joint Social Services Appropriations Subcommittee
12 that the costs of providing residential care are outstripping
13 the state reimbursement rates under the State Supplemental
14 Security Income Program; and
15 *Whereas*, the same conditions increasing costs also
16 exist in relation to the provision of skilled nursing care;
17 and
18 *Whereas*, the number of facilities choosing to become
19 licensed as skilled care facilities is very small resulting
20 in an apparent shortage of skilled care beds; and
21 *Whereas*, it has been brought to the attention of the
22 Joint Social Services Appropriations Subcommittee that this
23 shortage of skilled care facilities may be due in part to
24 the policies and funding practices of the state; *Now,*
25 *Therefore,*
26 *Be It Resolved by the House of Representatives, the*
27 *Senate Concurring,* That the Legislative Council is respect-
28 fully urged to create a study committee composed of members
29 of the Joint Appropriations Subcommittee on Social Services
30 of the House and Senate of the sixty-eighth general assembly,
31 representing both political parties, to conduct a study
32 during the 1979 interim on the policies relating to and the
33 reimbursement and rate system for residential and skilled
34 care facilities in this state; and

Page 2

1 *Be It Further Resolved,* That the study committee
2 shall make every effort to cooperate with and receive
3 input from the Department of Social Services, nursing
4 care provider groups and consumers on the problems facing
5 residential and skilled care facilities; and
6 *Be It Further Resolved,* That the study committee
7 shall prepare a report of its findings and submit it to
8 the Legislative Council and the members of the sixty-
9 eighth general assembly, 1980 session.

Laid over under Rule 30.

4 being leased to private farm operators; and
5 *Whereas*, being owned by the state, this land does
6 not appear on the local property tax rolls; and
7 *Whereas*, the programs of the institutions involved
8 are not deriving any benefit from this land; and
9 *Whereas*, the Appropriations Subcommittee on Social
10 Services is aware of evidence that farm operations on
11 this land could be of possible financial and program
12 benefit to the institutions; *Now Therefore*,
13 *Be It Resolved By The House Of Representatives, The*
14 *Senate Concurring*, That the Legislative Council is respect-
15 fully urged to create a study committee composed of

 4 per pupil for the base year or an amount sufficient
 5 to equalize the district cost per pupil in the budget
 6 year, excluding the district's amount per pupil for
 7 special education support service costs, with the
 8 state cost per pupil in the budget year, excluding
 9 the average amount per pupil for special education
 10 support service costs.

11 Sec. . . Section four hundred forty-two point
 12 eight (442.8), Code 1979, is amended to read as
 13 follows:

14 442.8 STATE COST PER PUPIL. As used in this
 15 chapter, "state cost per pupil" for the school year

16 beginning July 1, 1975, and subsequent school years
 17 means state cost per pupil in weighted enrollment.
 18 The state cost per pupil for the school year beginning
 19 July 1, 1972, is nine hundred three dollars. The
 20 state cost per pupil for the school year beginning
 21 on July 1, 1973, and for each succeeding school year
 22 is the base year's state cost per pupil plus the
 23 allowable growth for the budget year. If the state
 24 percent of growth is zero, the state cost per pupil
 25 shall be the same as the base year's state cost per
 26 pupil.

27 However, for the budget years beginning July 1,
 28 1980, July 1, 1981, July 1, 1982, and July 1, 1983,
 29 the state cost per pupil shall equal the base year's
 30 state cost per pupil plus the allowable growth for
 31 the budget year plus an adjustment to the state cost
 32 per pupil. For the budget years beginning July 1,
 33 1980, July 1, 1981, July 1, 1982, and July 1, 1983,
 34 the adjustment to the state cost per pupil is twenty
 35 dollars per pupil, six dollars per pupil, seven dollars
 36 per pupil, and eight dollars per pupil, respectively.

37 For each school year subsequent to the school year
 38 beginning July 1, 1975, the allowable growth added
 39 to the state cost per pupil as otherwise computed
 40 under section 442.7 shall be the basic allowable
 41 growth increased by an amount equal to the average
 42 of the amounts of allowable growth added for each
 43 school district in the state for additional special
 44 education support services needed for that year to
 45 serve newly identified children who require the
 46 services, under sections 273.9, subsection 3 and
 47 442.7, subsection 5, paragraph "d". The state
 48 comptroller shall compute the applicable amount of
 49 allowable growth to be added to the state cost per
 50 pupil for each school year."

Page 4

1 16. Page 6, by striking line 2 and inserting in
 2 lieu thereof the words and figures "eight (442.28),
 3 unnumbered paragraphs one (1) and two (2), Code 1979,

5 17. Page 6, by striking lines 4 through 25 and
 6 inserting in lieu thereof the following:

7 "If a district's weighted actual enrollment on
 8 the second Friday of September in for the budget year,
 9 determined in the same manner as the September weighted
 10 enrollment is determined under section 442.4, is
 11 higher than its weighted adjusted enrollment on the
 12 second Friday of September in the base year for the
 13 budget year, the district is entitled to an advance

14 from the state of an amount equal to its district
 15 cost per pupil less the amount per pupil for special
 16 education support services, media services and other
 17 services computed as a part of district cost under
 18 the provisions of section 442.7 and section 442.27
 19 for the budget year multiplied by its increase in
 20 weighted enrollment the difference between the actual
 21 enrollment for the budget year and the budget
 22 enrollment for the budget year. The advance shall
 23 be miscellaneous income.

24 If a district receives an advance under this section
 25 for a budget year, the state comptroller shall
 26 determine the amount of the advance which would have
 27 been met by local property tax revenues if the
 28 September weighted actual enrollment for the budget
 29 year had been used in determining district cost for
 30 that budget year, less the amount of the adjustment
 31 to the district cost for increases in the weighted
 32 enrollment made in the first paragraph in this section,
 33 shall reduce the district's total state school aids
 34 available under this chapter for the next following
 35 budget year by the amount so determined, and shall
 36 increase the district's tax levy computed under section
 37 442.9, for the next following budget year by the
 38 amount necessary to compensate for the reduction in
 39 state aid, so that the local property tax for the
 40 next following year will be increased only by the
 41 amount which it would have been increased in the
 42 budget year if the September weighted actual enrollment
 43 could have been used to establish the levy less the
 44 amount of the adjustment to the district cost for
 45 increases in the weighted enrollment made in the first
 46 paragraph in this section."

 48 following section:

49 "Sec. Chapter four hundred forty-two (442),
 50 Code 1979, is amended by adding the following new

Page 5

1 section:
 2 **NEW SECTION. ADVANCE FOR SPECIAL EDUCATION.** If
 3 a school district's additional enrollment because
 4 of special education determined by the district on
 5 the second Friday of September in the budget year
 6 is greater than its additional enrollment because
 7 of special education determined by the district on
 8 the second Friday of September in the base year, the
 9 school district is entitled to an advance from the
 10 state of an amount equal to its district cost per
 11 pupil for the budget year less the amount per pupil
 12 for special education support services, computed as

13 a part of district cost under section four hundred
14 forty-two point seven (442.7) of the Code for the
15 budget year multiplied by the district's increase
16 in additional enrollment because of special education.
17 The advance shall be miscellaneous income.

18 For the purpose of this section, a school district's
19 additional enrollment because of special education
20 is determined by multiplying the weighting for each
21 category of child under section two hundred eighty-
22 one point nine (281.9) of the Code times the number
23 of children in each category totaled for all categories
24 minus the actual enrollment.

25 If a district receives an advance under this section
26 for a budget year, the state comptroller shall
27 determine the amount of the advance which would have
28 been met by local property tax revenues if the
29 additional enrollment because of special education
30 in the budget year had been used for that budget year
31 in determining district cost, shall reduce the
32 district's total state school aids available under
33 this chapter for the next following budget year by
34 the amount so determined, and shall increase the
35 district's tax levy computed under section four hundred
36 forty-two point nine (442.9) of the Code, for the
37 next following budget year by the amount necessary
38 to compensate for the reduction in state aid, so that
39 the local property tax for the next following year
40 will be increased only by the amount which it would
41 have been increased in the budget year if the
42 additional enrollment because of special education
43 in the budget year could have been used to establish
44 the levy.

45 There is appropriated each year from the general
46 fund of the state the amount required to pay advances
47 authorized under this section, which shall be paid
48 to school districts in the same manner as other state
49 aids are paid under section four hundred forty-two
50 point twenty-six (442.26) of the Code."

10 the services of teachers under section two hundred

11 eighty point fifteen (280.15) of the Code, or which
 12 use the services of a teacher employed by another
 13 school district, a supplementary weighting plan for
 14 determining enrollment is adopted as follows:

15 1. Pupils in a regular curriculum attending all
 16 their classes in the district in which they reside
 17 and taught by teachers employed by that district,
 18 are assigned a weighting of one.

19 2. Pupils attending classes in another school

HOUSE CONCURRENT RESOLUTION 25

By Doyle

- 1 *Whereas*, there arises on a continuing basis, and with
- 2 increasing frequency, various minor domestic, neighborhood,
- 3 business and property disputes; and
- 4 *Whereas*, the resolution of these minor disputes within
- 5 the judicial system presents an increasing burden on
- 6 overcrowded court dockets, resulting in increasing costs
- 7 to the state and to involved parties; and
- 8 *Whereas*, the concept of mediation/arbitration centers
- 9 has been developed to provide an economical and efficient
- 10 method of resolving these minor disputes, using negotiation
- 11 and arbitration instead of adjudication; and
- 12 *Whereas*, this concept has been enacted into law in
- 13 the United Kingdom and in the State of New York, and is
- 14 now the subject of over fifty pilot projects around the
- 15 nation, including Des Moines; and
- 16 *Whereas*, preliminary results from these projects
- 17 indicate that mediation/arbitration centers significantly
- 18 reduce the number of minor disputes taken to court and
- 19 provide substantial savings in both money and time; and
- 20 *Whereas*, legislation is needed to provide uniform

21 scope of authority, procedures, and operational guidelines
 22 for those communities which may wish to establish mediation/
 23 arbitration centers; *Now Therefore,*
 24 *Be It Resolved By The House Of Representatives, The*
 25 *Senate Concurring,* that the Legislative Council is respect-
 26 fully requested to create an interim joint study committee
 27 composed of three members of the Committee on Judiciary and
 28 Law Enforcement of the House and three members of the
 29 Committee on Judiciary of the Senate to study the efficacy
 30 of mediation/arbitration centers and to report its findings
 31 along with appropriate legislation to the Legislative
 32 Council and to the members of the sixty-eighth general
 33 assembly, 1980 session.

Laid over under Rule 30.

HOUSE CONCURRENT RESOLUTION 26
 By Clark of Cerro Gordo

1 *Whereas,* the House of Representatives has passed
 2 House File 701, a bill which will establish a separate
 3 state Department of Mental Health, but it appears that
 4 Senate action on the bill during the 1979 Session is
 5 unlikely; and
 6 *Whereas,* one of the major concerns which House File
 7 701 seeks to address is the heavy reliance on county
 8 property tax revenues to pay the cost of publicly-
 9 supported mental health services in Iowa, and the fund-
 10 ing provisions of House File 701 as passed by the House
 11 therefore include (a) establishment of a new state com-
 12 munity mental health services fund, 70% of which will be
 13 distributed to counties by a formula of general applica-
 14 tion and used to help pay the cost of community-based
 15 mental health services, while the remaining 30% will be
 16 used for grants-in-aid to help counties develop new or
 17 expanded community-based mental health services in areas
 18 where such services are inadequate; (b) creation of a
 19 new state program under which the state will reimburse
 20 counties for a proportion of the cost of community-based
 21 inpatient mental health care (at facilities other than
 22 county care facilities); and (c) a phased increase in the
 23 basic state subsidy to counties for the cost of mental
 24 health services at state mental health institutes, from
 25 the present 20% to 40%; also the House-passed bill does
 26 not affect the existing state mental aid fund under which
 27 counties receive state payments of \$5 per patient per week
 28 for certain transferees from state mental health institutes
 29 and hospital-schools who are cared for in county care
 30 facilities; and

Page 2

1 *Whereas*, House File 701 as passed by the House calls
2 for the new state Mental Health Commission to prepare
3 recommendations to the 1980 Session of the present Gen-
4 eral Assembly regarding the formula for distribution of
5 the general allocation (i.e., 70%) of the new state
6 community mental health services fund, and it is advisable
7 for the General Assembly itself to proceed with prepara-
8 tion of this formula since the bill apparently will not
9 be enacted in 1979; and

10 *Whereas*, it is also desirable to make a thorough review
11 of all of the funding provisions of the House-passed bill
12 in order to ensure that these provisions relate to each
13 other so as to jointly achieve their intended purposes
14 with a minimum of administrative cost and difficulty;

15 *Now Therefore*,

16 *Be It Resolved By The House Of Representatives, The*
17 *Senate Concurring*, That the Legislative Council is requested
18 to authorize an interim study by a joint subcommittee of the
19 standing Committees on Human Resources, to review the fund-
20 ing provisions of House File 701 as passed by the House,
21 as well as any other provisions of the bill to which members
22 of the Senate Committee on Human Resources believe substantive
23 amendments should be considered.

Laid over under Rule 30.

HOUSE RESOLUTION 40

By Mullins

1 *Whereas*, in July of 1854 Ambrose and Asa C.
2 Call built their small cabin on the north fork of
3 the Des Moines River in Kossuth County, Iowa; and

4 *Whereas*, in no time at all additional cabins
5 were erected and the village became known as Call's
6 Grove; and

7 *Whereas*, the wife of Asa Call became
8 dissatisfied with the village name of Call's Grove
9 and suggested that the name be changed to the Indian
10 word Algona, which means Algonquin waters; and

11 *Whereas*, the city of Algona has grown and
12 prospered through the efforts of its industrious
13 citizens and today is a community which serves as a
14 modern economic center for the surrounding area; and

15 *Whereas*, the city of Algona is celebrating its
16 quasquicentennial on July 1-4, 1979; *Now Therefore*,

17 *Be It Resolved by the House of Representatives*,
18 That the membership of the House of Representatives
19 of the Sixty-eighth General Assembly of the State of
20 Iowa extends its heartiest congratulations to the
21 citizens of Algona during this quasquicentennial year

Page 2

- 1 and recognizes the achievements of this industrious
 2 community during the past one hundred and twenty-five
 3 years; and
 4 *Be It Further Resolved*, That a copy of this
 5 resolution be forwarded to Mayor Harold Van Allen,
 6 the city council, and the citizens of Algona.

Laid over under Rule 30.

 3 1. Page 3, by inserting after line 36 the
 4 following: "Provided further, that for every even-
 5 numbered budget school year subsequent to the school
 6 year beginning July 1, 1983, the state cost per pupil
 7 for the budget year shall be computed by using the
 8 average state cost per pupil for the base year rather
 9 than the base year's state cost per pupil. The average
 10 state cost per pupil for the base year is equal to
 11 the amount allocated for all area education agency

 17 districts in the state for the base year less the
 18 amount generated for all area education agency support
 19 services, media services, and educational services
 20 in the state for the base year, and less the amount
 21 generated for the base year from additional enrollment
 22 because of the special education weighting plan and
 23 the supplementary weighting plan, which sum less
 24 deductions shall be divided by the adjusted enrollment
 25 in all school districts used for the calculation of

ADOPTION OF THE REPORT
OF THE CONFERENCE COMMITTEE
(House File 650)

Krewson of Polk called up for consideration the report of the conference committee on House File 650 filed May 10 as follows and moved the adoption of the conference committee report and the amendments contained therein:

REPORT OF THE CONFERENCE COMMITTEE
ON HOUSE FILE 650

To the President of the Senate and the Speaker of the House of Representatives:

We, the undersigned members of the conference committee appointed to consider the differences between the Senate and the House of Representatives on House File 650, a bill for an act relating to partial property tax exemptions for industrial property on which improvements have been made, respectfully make the following report:

1. That the House recedes from its amendment, S-3709, to the Senate amendment, H-4148, to House File 650, as amended, passed, and reprinted by the House.

2. That the Senate recedes from its amendment, H-4148, to House File 650, as amended, passed, and reprinted by the House.

3. That House File 650, as amended, passed, and reprinted by the House, is amended as follows:

1. By striking everything after the enacting clause and inserting in lieu thereof the following:

"Section 1. NEW SECTION. A city council, by ordinance, or a county board of supervisors as authorized by section two (2) of this Act, by resolution, may provide for a partial exemption from property taxation of the actual value added to industrial real estate by the new construction of industrial real estate and the acquisition of or improvement to machinery and equipment assessed as real estate pursuant to section four hundred twenty-seven A point one (427A.1), subsection one (1), paragraph e, of the Code. New construction means new buildings and structures and includes new buildings and structures which are constructed as additions to existing buildings and structures. New construction does not include reconstruction of an existing building or structure which does not constitute complete replacement of an existing building or structure or refitting of an existing building or structure, unless the reconstruction of an existing building or structure is required due to economic obsolescence and the reconstruction is necessary to implement recognized industry standards for the manufacturing and processing of specific products and the reconstruction is required for the owner of the building or structure to continue to competitively manufacture or process those products which determination shall receive prior approval from the city council of the city or the board of supervisors of a county upon the recommendation of the Iowa development commission. The exemption shall also apply to new machinery

and equipment assessed as real estate pursuant to section four hundred twenty-seven A point one (427A.1), subsection one (1), paragraph e, of the Code unless the machinery or equipment is part of the normal replacement or operating process to maintain or expand the existing operational status.

The ordinance or resolution may be enacted not less than thirty days after holding a public hearing in accordance with section three hundred fifty-eight A point six (358A.6) of the Code in the case of a county, or section three hundred sixty-two point three (362.3) of the Code in the case of a city. The ordinance or resolution shall designate the length of time the partial exemption shall be available and may provide for an exemption schedule in lieu of that provided in section three (3) of this Act. However, an alternative exemption schedule adopted shall not provide for a larger tax exemption in a particular year than is provided for that year in the schedule contained in section three (3) of this Act.

Sec. 2. NEW SECTION.

1. The board of supervisors of a county which has appointed a county zoning commission and provided for county zoning under the provisions of chapter three hundred fifty-eight A (358A) of the Code may, by resolution, provide for a partial exemption from property taxation of the actual value added to industrial real estate as provided under section one (1) of this Act.

2. The board of supervisors of a county which has not appointed a zoning commission may, by resolution, provide for a partial exemption from property taxation of the actual value added to industrial real estate as provided under section one (1) of this Act in the following areas:

a. Outside the incorporated limits of a city to which a city has extended its zoning ordinance pursuant to section four hundred fourteen point twenty-three (414.23) of the Code which complies with the city's zoning ordinance.

b. Outside the incorporated limits of a city which has adopted a zoning ordinance but which has not extended the ordinance to the area permitted under section four hundred fourteen point twenty-three (414.23) of the Code if the property would be within the area to which a city may extend a zoning ordinance pursuant to section four hundred fourteen point twenty-three (414.23) of the Code.

c. Outside the incorporated limits of a city which has not adopted a zoning ordinance but which would be within the area to which a city may extend a zoning ordinance pursuant to section four hundred fourteen point twenty-three (414.23) of the Code.

3. The board of supervisors of a county which has not appointed a zoning commission may, by resolution, provide for a partial exemption from property taxation of the actual value added to industrial real estate as provided under section one (1) of this Act in an area where the partial exemption could not otherwise be granted under this Act where the actual value added is to industrial real estate existing on the effective date of this Act.

To grant an exemption under the provisions of this section, the county board of

supervisors shall comply with all of the requirements imposed by this Act upon the city council of a city.

Sec. 3. NEW SECTION. The actual value added to industrial real estate for the reasons specified in section one (1) of this Act is eligible to receive a partial exemption from taxation for a period of five years. "Actual value added" as used in this Act means the actual value added as of the first year for which the exemption is received, except that actual value added by improvements to machinery and equipment means the actual value as determined by the assessor as of January first of each year for which the exemption is received. The amount of actual value added which is eligible to be exempt from taxation shall be as follows:

- a. For the first year, seventy-five percent.
- b. For the second year, sixty percent.
- c. For the third year, forty-five percent.
- d. For the fourth year, thirty percent.
- e. For the fifth year, fifteen percent.

This schedule shall be followed unless an alternative schedule is adopted by the city council of a city or the board of supervisors of a county in accordance with section one (1) of this Act.

However, the granting of the exemption under this section for new construction constituting complete replacement of an existing building or structure shall not result in the assessed value of the industrial real estate being reduced below the assessed value of the industrial real estate before the start of the new construction added.

Sec. 4. NEW SECTION. An application shall be filed for each project resulting in actual value added for which an exemption is claimed. The application for exemption shall be filed by the owner of the property with the local assessor by February first of the assessment year in which the value added is first assessed for taxation. Applications for exemption shall be made on forms prescribed by the director of revenue and shall contain information pertaining to the nature of the improvement, its cost, and other information deemed necessary by the director of revenue.

A person may submit a proposal to the city council of the city or the board of supervisors of a county to receive prior approval for eligibility for a tax exemption on new construction. The city council, by ordinance, or the board of supervisors, by resolution, may give its prior approval of a tax exemption for new construction if the new construction is in conformance with the zoning plans for the city or county. The prior approval shall also be subject to the hearing requirements of section one (1) of this Act. Such prior approval shall not entitle the owner to exemption from taxation until the new construction has been completed and found to be qualified real estate. However, if the tax exemption for new construction is not approved, the person may submit an amended proposal to the city council or board of supervisors to approve or reject.

Sec. 5. NEW SECTION. When in the opinion of the city council or the county

board of supervisors continuation of the exemption granted by this Act ceases to be of benefit to the city or county, the city council or the county board of supervisors may repeal the ordinance authorized by section one (1) of this Act, but all existing exemptions shall continue until their expiration.

Sec. 6. NEW SECTION. A property tax exemption under this Act shall not be granted if the property for which the exemption is claimed has received any other property tax exemption authorized by law."

OFFICE OF THE GOVERNOR
State Capitol
Des Moines, Iowa 50319

The Honorable Floyd Millen
Speaker of the House
Sixty-eighth General Assembly
State Capitol
Des Moines, Iowa 50319

Honorable Members of the General Assembly:

Keeping with tradition on this final day designated for final adjournment of the First Session of the Sixty-eighth General Assembly, I welcome the opportunity to review with you what has been done in the recent session and what remains to be done. Obviously, I will not attempt to address every detail. But I will happily commend you on some of the momentous decisions you made and for which you deserve high marks. Likewise I want to make reference to a few issues on which the marks won't be as high.

You have been praised—and you have been criticized—because of your willingness to experiment with new procedures to limit the length of the legislative session. Recent history has demonstrated clearly the tendency to have longer and longer sessions. Attracting and retaining legislators who pursue active careers at home as well as serve in the legislature have grown more difficult. Your new rules, for the most part, have led to a better balance between a legislator's public life and his or her private pursuits. That balance is critical to retaining what we call a "citizens legislature".

This Sixty-eighth General Assembly faced substantial responsibilities when it convened January 8. In my Condition of the State Message, I set forth an ambitious set of recommendations. Those were followed by the Governor's biennial budget recommendations. You brought your own list of priorities, as did many interest groups. And you inherited major items of unfinished business bequeathed to you by the last General Assembly.

To your credit, you accepted your responsibilities. You dedicated yourselves to long hours of committee work and floor debate. You survived the partisan skirmishes and the close, critical eye of public scrutiny. As with every legislature I have had the privilege of working, you did not complete action on all the items I would have liked. Yet the first session of the Sixty-eighth General Assembly did compile a record impressive in many respects for which you and all Iowans can have some satisfaction.

You overcame last year's deadlock and passed the urban revitalization bill—a centerpiece of my legislative program. Iowa municipalities of all sizes can benefit from its incentives to renovate and build anew.

Permanent legislation was adopted dealing with credit union share drafts and usury. The floating mortgage rate ceiling is the appropriate response to the unsettled money market during these times of high inflation.

As competition from other states heightens, you responded favorably to most of our recommendations to improve Iowa's business climate. Retention and expansion of job openings must be a high priority. Especially, you have given new hope for our young Iowans who want to live and work here. Local option property tax exemptions, payment of interest on community industrial buildings, resumption of the personal property tax phaseout and providing start-up training funds will enable Iowa to compete aggressively for new and expanded industrial prospects. By continuing the Iowa European office, we can further our pursuit and promotion of Iowa's agricultural and manufactured goods abroad and the investment of foreign business capital here. Reform of our unemployment insurance laws places Iowa in a more competitive position with other states. Regrettably, you did not bring up for debate the repeal of the sales tax on machinery and equipment. More than 30 other states have taken this action and Iowa should have in 1979. This could have been done within the framework of my budget.

Several positive steps were made in the energy arena. You adopted life-cycle costing procedures for the construction of new public buildings. The appropriation of almost \$9 million marks a major effort to make state buildings more energy efficient through retrofitting. Legislation was passed permitting a more fair rate of return on utility refunds. Hopefully you can quickly complete action next year on the solar rights measure that remained in a conference committee at the end of the session. Indications are that energy will not disappear in the foreseeable future as a major problem in this country.

I do not hide my feelings of disappointment that more progress in making government operations more efficient and effective was not achieved. Several state agency restructuring proposals remain to be acted upon. There were incidents where you hampered government by deleting small amounts of funds important to the operation of state agencies while at the same time spending millions of dollars easily elsewhere in the budget. Hopefully the findings and recommendations of the Governor's Economy Committee will provide you with an innovative agenda next year to improve the operation of state government.

Senior Iowans will benefit from your actions during the 1979 session. As we asked, mandatory retirement for state employees under IPERS was abolished. Our Eldercare program was initiated, and the elderly property tax credit program strengthened.

You also acted to aid other Iowans with their property taxes. Retroactive equalization will return a larger measure of fairness to assessments across the state. Something for which Iowans should be, and I believe are, grateful are continued limits on the increase in property tax assessments. These assessments and 100 percent productivity mean that homeowners and farmers will not be faced with the burden of heavy property tax increases due to rapidly inflating property values.

The school foundation plan was significantly revised to provide additional assistance, especially to districts with declining enrollments. The private school transportation program was improved with a standing unlimited appropriation. For higher education, you supported a solid increase in funding for our state universities and area community colleges, as well as an increase in the tuition grant program.

The large increases in state aid to local and higher education would not have been possible without the substantial growth of revenues the state has enjoyed this past year. Indeed, the revenue picture improved enough that I was able to offer to you a one-time refund of \$50 million and the permanent repeal of the sales tax on residential utilities as forms of substantial tax relief that would benefit Iowans. While you quickly accepted the tax refund, you chose a reduction in the individual income tax in lieu of the utility sales tax repeal. We are reviewing that measure, and we hope the interim will be used wisely to see how Iowa might embrace income tax indexing on a permanent basis.

During this session of the legislature, you dealt with a great number of other issues. The Equal Rights Amendment to the State Constitution and the hazardous substances disposal bill are two examples of additional substantive subjects that were acted upon and passed. Also important concerns, such as bipartisan reapportionment and mental health reorganization, were acted upon by one house but await final action in 1980. Other subjects, such as ethics and open collective bargaining, remain to be debated. No doubt other matters will surface between now and next January that will demand attention in the Second Session of the Sixty-eighth General Assembly.

You will face that next session with the valuable experience you gained this session. Your constructive achievements of 1979 have given you a solid base on which you can build a highly successful second session.

The executive branch of state government and particularly my office and I wish to work with you to assist you as we can over the interim and during next year's session. Thank you and best regards.

Sincerely,
ROBERT D. RAY
Governor

The report was received and the committee discharged.

5 a city may, by ordinance, designate an area of the
6 city as a revitalization area, if that area is either
7 of the following:

8 1. An area in which there is a predominance of
9 buildings or improvements, whether residential or
10 nonresidential, which by reason of dilapidation,
11 deterioration, age, obsolescence, inadequate provision
12 for ventilation, light, air, sanitation, or open
13 spaces, high density of population and overcrowding,
14 the existence of conditions which endanger life or
15 property by fire and other causes or a combination

30 or property by fire and other causes, or a combination
31 of such factors, substantially impairs or arrests

22 f. A statement specifying whether the
23 revitalization is applicable to residential, commercial
24 or industrial property within the designated area
25 or a combination thereof and whether the revitalization

8 At this second hearing, the city may offer an amended
9 plan or consider the specifics of the board's

14 7. A second public hearing has been held upon

35 the city shall not adopt a resolution designating
36 that area as a part of a revitalization area for at
37 least five years after the date on which that area
38 was rezoned.

39 2. After the city designates an area a
40 revitalization area, the city shall not rezone an

17 d. The rezoning of an area if the governing body
18 has provided in its plan that the percentage of real
19 property, based on land area, located within that
20 area which will be used for residential use, commercial
21 use for residential purposes or mixed commercial and
22 residential use will approximate the percentage of
23 real property, based on land area, used for those
24 purposes before the rezoning. This exception shall
25 apply only to areas rezoned by a two-thirds vote of
26 the members of the governing board.

27 4. For purposes of this section, zoning for "mixed
28 commercial and residential uses" means a zoning
29 classification in which small scale commercial uses
30 are permitted in an otherwise predominantly residential
31 environment.

32 Sec. 4. NEW SECTION.

33 1. All qualified real estate is eligible to receive
34 a one hundred percent exemption from assessment and
35 taxation on the actual value, not to exceed two hundred
36 fifty thousand dollars, added to that real estate
37 by the improvements. The exemption is for a period
38 of seven years.

39 2. All qualified real estate assessed as commercial
40 property, consisting of three or more separate living
41 quarters, with at least seventy-five percent of the
42 space used for residential purposes, or assessed as
43 residential property is eligible to receive a partial
44 exemption from assessment and taxation for a period
45 of ten years. The amount of the partial exemption
46 is equal to a percent of the actual value of the
47 existing buildings and the actual value added by the
48 improvements made during the time the area was
49 designated a revitalization area, determined as
50 follows:

Page 5

- 1 a. For the first year, fifty percent.
- 2 b. For the second year, forty-five percent.
- 3 c. For the third year, forty percent.
- 4 d. For the fourth year, thirty-five percent.
- 5 e. For the fifth year, thirty percent.
- 6 f. For the sixth year, twenty-five percent.
- 7 g. For the seventh year, twenty-five percent.
- 8 h. For the eighth year, twenty percent.
- 9 i. For the ninth year, twenty percent.
- 10 j. For the tenth year, fifteen percent.

11 However, the amount of actual value used in
12 computing the assessed value of the existing buildings
13 and those improvements shall not be less during the
14 ten-year exemption period than it was in the year
15 immediately preceding the year in which an exemption
16 is first granted.

17 3. The owners of qualified real estate eligible
18 for the exemption provided in subsection two (2) of
19 this section shall elect to take either the exemption
20 provided in subsection one (1) or subsection two (2)
21 of this section. Once the election has been made
22 and the exemption granted, the owner is not permitted
23 to change the method of exemption.

24 4. "Qualified real estate" as used in this Act
25 means real property, other than land, which is located
26 in a designated revitalization area and to which
27 improvements have been added, during the time the
28 area was so designated, which have increased the
29 actual value by at least twenty-five percent or at
30 least fifteen percent in the case of real property
31 assessed as residential property. "Qualified real
32 estate" also means land upon which no structure existed
33 at the start of the new construction, which is located
34 in a designated revitalization area and upon which
35 new construction has been added during the time the
36 area was so designated. "Improvements" as used in
37 this Act includes rehabilitation and additions to
38 existing structures as well as new construction on
39 vacant land or on land with existing structures.

40 Sec. 5. NEW SECTION. A person may submit a
41 proposal for a construction project to the governing
42 body of the city to seek prior approval for eligibility
43 for a tax exemption on the project. The governing
44 body shall, by resolution, give its prior approval
45 for a construction project if the project is in
46 conformance with the plan for revitalization developed
47 by the city. If the proposal is not approved, the
48 person may submit an amended proposal for the governing
49 body to approve or reject.

50 An application shall be filed for each new exemption

Page 6

1 claimed. The first application for an exemption shall
2 be filed by the owner of the property with the
3 governing body of the city in which the property is
4 located by February first of the assessment year for
5 which the exemption is first claimed, but not later
6 than the year in which all improvements included in
7 the construction project are first assessed for
8 taxation. The application shall be made on forms
9 prescribed by the director of revenue, and shall
10 contain information pertaining to the nature of the
11 improvement, its cost, the completion date or estimated
12 completion date of construction of the improvement,
13 and other information deemed necessary by the director
14 of revenue. The governing body of the city shall
15 approve the application, subject to review by the
16 local assessor pursuant to section six (6) of this
17 Act, if the construction project is in conformance
18 with the plan for revitalization developed by the
19 city, is located within a designated revitalization
20 area and the improvements were made during the time
21 the area was so designated. The governing body of
22 the city shall forward for review all approved
23 applications to the appropriate local assessor by
24 March first of each year with a statement indicating
25 whether subsection one (1) or subsection two (2) of
26 section four (4) of this Act would apply. Applications
27 for exemption for succeeding years on approved projects
28 shall be filed directly with the local assessor by
29 March first on claims prescribed by the director of
30 revenue.

31 **Sec. 6. NEW SECTION.** The local assessor shall
32 review each first-year application to determine if
33 the improvements made increased the actual value of
34 the qualified real estate by at least twenty-five
35 percent or at least fifteen percent in the case of
36 real property assessed as residential property. If
37 the assessor determines that the actual value of that
38 real estate has increased by at least twenty-five
39 percent or at least fifteen percent in the case of
40 real property assessed as residential property, the
41 assessor shall proceed to determine the actual value
42 of the property and certify the valuation determined
43 pursuant to section four (4) of this Act to the county
44 auditor at the time of transmitting the assessment
45 rolls. However, if a new structure is erected on
46 land upon which no structure existed at the start
47 of the construction project, the assessor shall proceed
48 to determine the actual value of the property and
49 certify the valuation determined pursuant to section
50 four (4) of this Act to the county auditor at the

Page 7

1 time of transmitting the assessment rolls. The
2 assessor shall notify the applicant of the
3 determination, and the assessor's decision may be
4 appealed to the local board of review at the times
5 specified in section four hundred forty-one point
6 thirty-seven (441.37) of the Code. If an application
7 for exemption is denied as a result of failure to
8 sufficiently increase the value of the real estate
9 as provided in section four (4) of this Act, the owner
10 may file a first annual application in a subsequent
11 year when additional improvements are made to satisfy
12 requirements of section four (4) of this Act, and
13 the provisions of section five (5) of this Act shall
14 apply. For applications for each succeeding year,
15 the local assessor shall determine the actual value
16 of the property and certify to the county auditor
17 the valuation of the property as determined pursuant
18 to section four (4) of this Act.

19 Sec. 7. NEW SECTION. Upon application to it and
20 after verification by it, the city shall provide
21 relocation payments to or with respect to persons,
22 including families, business concerns and others
23 displaced as a result of improvements made in a
24 designated revitalization area. The payments shall
25 be made for moving expenses and losses of property
26 for which reimbursement or compensation has not
27 otherwise been provided. In addition, the city shall
28 provide rent supplements to families who are forced
29 to relocate because of improvements made within the
30 area, if necessary in order to house the family in
31 decent, safe and sanitary housing and if the family
32 does not have sufficient means, as determined by the
33 city, to pay the required rent for such housing and
34 if reimbursement or compensation has not otherwise
35 been provided. A rent supplement for a family shall
36 not continue for more than five years.

37 Sec. 8. NEW SECTION. When in the opinion of the
38 governing body of a city the desired level of
39 revitalization has been attained or economic conditions
40 are such that the continuation of the exemption granted
41 by this Act would cease to be of benefit to the city,
42 the governing body may repeal the ordinance
43 establishing a revitalization area. In such event,
44 all existing exemptions shall continue until their
45 expiration.

46 Sec. 9. NEW SECTION. Residential real estate
47 located within an area designated as a revitalization
48 area pursuant to section one (1) of this Act, is not
49 subject to the additional tax imposed by section four
50 hundred forty-five point sixty-three (445.63) of the

Page 8

1 Code.

2 Sec. 10. Section three hundred sixty-eight point
3 ten (368.10), unnumbered paragraph one (1), Code 1979,
4 is amended to read as follows:

5 The board shall conduct studies of city development,
6 and shall submit an annual report to the governor
7 and the general assembly. This report shall include
8 an analysis of all plans for designated revitalization
9 areas filed with the board pursuant to this Act since
10 the last annual report.

11 Sec. 11. Section four hundred three point nine
12 (403.9), Code 1979, is amended by adding the following
13 new subsection:

14 **NEW SUBSECTION.** Municipalities may also issue
15 revenue bonds for projects located within an urban
16 renewal area or an area designated a revitalization
17 area pursuant to this Act. These revenue bonds shall
18 be issued pursuant to the provisions of chapter four
19 hundred nineteen (419) of the Code and all provisions
20 of chapter four hundred nineteen (419) of the Code,
21 to the extent consistent with the provisions of this
22 chapter in the case of urban renewal areas or of this
23 Act in the case of revitalization areas, shall apply,
24 except that:

25 a. The term "project" as defined in section four
26 hundred nineteen point one (419.1) of the Code includes
27 land, buildings, or improvements which are suitable
28 for use as residential property or for the use of
29 a commercial enterprise or nonprofit organization
30 which the governing body finds is consistent with
31 the urban renewal plan or the revitalization plan,
32 as the case may be.

33 b. Sections four hundred nineteen point eight
34 (419.8) and four hundred nineteen point fourteen
35 (419.14) of the Code shall not be construed to limit
36 the powers of a municipality granted under this chapter
37 in the case of an urban renewal area or under this
38 Act in the case of a revitalization area.

39 The power to issue revenue bonds pursuant to this
40 subsection is in addition to other powers granted
41 municipalities to aid urban renewal areas and
42 revitalization areas.

43 Sec. 12. This Act applies to all cities including
44 special charter cities.

45 Sec. 13. This Act is effective January first
46 following its enactment."

20 303.22 ACTION BY DIVISION AND BY ZONING COMMISSION.

21 The division and the zoning commission in the case
 22 of a city which has a zoning commission appointed
 23 pursuant to section four hundred fourteen point six
 24 (414.6) of the Code shall hold a joint hearing not

 26 division and the zoning commission are unable to reach
 27 agreement within fourteen days, the city development
 28 board established in chapter three hundred sixty-

 4 making its determination, the board shall consider
 5 whether the suggested district is an area of historical
 6 significance as defined in section three hundred three

5 476.6 CHANGE OF RATES - HEARING.

6 1. No A public utility subject to rate regulation
7 shall not make effective any new or changed rate,
8 charge, schedule or regulation except by filing the
9 same with the commission at least thirty days prior
10 to the effective date thereof. The commission, for
11 good cause shown, may allow changes in rates, charges,
12 schedules or regulations to become effective on less
13 than thirty days' notice until the rate, charge,
14 schedule or regulation has been filed with and approved
15 by the commission, except as otherwise provided in
16 this section or section two (2) of this Act. At the
17 time of filing, all statements of fact, expert
18 opinions, substantiating documents and exhibits which
19 will be used to support the request shall be included.
20 However, a utility shall not be denied the right to
21 submit additional information after the date of filing
22 if necessary to refute points raised after the date
23 of filing which are in opposition to the approval
24 requested in the filing. The commission shall not
25 approve a charge nor shall a public utility make a
26 charge for telephone directory assistance.

27 2. All public utilities, including those exempted
28 from rate regulation by the provisions of section
29 476.1, shall give written notice of any proposed
30 increase of any rate or charge to all affected
31 customers served by the public utility. Public
32 utilities which are exempt from rate regulation shall
33 give notice at least thirty days prior to the effective
34 date thereof of the increase. If the public utility
35 is subject to rate regulation, the notice to affected

36 customers shall also state that the customer has a
37 right to file a written objection to such rate increase
38 and that he may request the commission to hold a
39 public hearing to determine if such rate increase
40 should be allowed. The commission shall prescribe
41 the manner and method that the written notice to each
42 affected customer of the public utility shall be
43 served. Public utilities which are subject to rate
44 regulation shall give notice not later than forty-
45 five days after the request for the increase is filed
46 with the commission.

47 3. a. If a public utility is subject to rate
48 regulation the notice required by subsection two (2)
49 of this section shall state that the customer has
50 a right to file a written objection to the proposed

Page 2

1 rate increase. The notice also shall state that the
2 customer has the right to request an informational
3 hearing regarding the proposed increase. If the
4 commission receives timely requests from at least
5 fifty affected customers the commission shall issue
6 an order that an informational hearing be held at
7 the date, time and place specified in the order.
8 The informational hearing must be held in a central
9 location in the area affected by the proposed rate
10 increase and not less than ten days after the
11 commission issues the order setting that hearing.
12 A copy of the order shall be mailed on the date issued
13 by ordinary first class mail, postage prepaid, to
14 the utility and to each person submitting a timely
15 request. The commission also shall cause notice of
16 the hearing to be published in a newspaper with general
17 circulation in the affected area not less than five
18 calendar days prior to the hearing date.

19 b. The informational hearing shall be held prior
20 to the commencement of formal rate proceedings before
21 the commission. A member of the commission or a
22 hearing examiner shall serve as the presiding officer
23 at the hearing and shall establish an agenda which
24 must include a summary of the legal rights of affected
25 customers. Testimony given at the informational
26 hearing, either orally or in writing, shall be reported
27 and transcribed and shall become part of the record
28 in formal proceedings.

29 c. The commission shall issue rules specifying
30 the form, content, time and manner of delivery of
31 the notice and the request specified in this
32 subsection. Rules must allow an affected customer
33 not less than fifteen calendar days in which to submit
34 a request for an informational hearing, measured from

35 the date notice of the proposed rate increase is
36 mailed by the utility to its customers. Rules also
37 must allow the submission of requests either
38 individually or in petition form.

39 4. Nothing in this chapter shall be taken to
40 prohibit a public utility from establishing a sliding
41 scale of rates and charges or from making provision
42 for the automatic adjustment of rates and charges
43 for public utility service provided that a schedule
44 showing such sliding scale or automatic adjustment
45 of rates and charges is first filed with and approved
46 by the commission.

47 5. Whenever there is filed with the commission
48 by any public utility subject to rate regulation any
49 new or changed rates, charges, schedules or
50 regulations, the commission may, prior to the effective

Page 3

1 date thereof, docket the case as a formal proceeding
2 and set the case for hearing. The commission shall
3 give such notice of such formal proceedings as it
4 deems appropriate at least sixty days prior to the
5 date set for commencement of the hearing by publication
6 in a newspaper with general circulation in the affected
7 area.

8 After the initiation of such formal proceedings
9 and pending the final decision thereon, the commission
10 may, at any time before they become effective, suspend
11 the operation of such new or changed rates, charges,
12 schedules or regulations, but not for a period longer
13 than twelve months from the date when they would have
14 become effective if not suspended.

15 However, a public utility shall have the right
16 at any time after said rates, charges, schedules or
17 regulations have been suspended for ninety days to
18 place in effect any or all of such suspended rates,
19 charges, schedules or regulations by filing with the
20 commission a bond or other undertaking approved by
21 the commission conditioned upon the refund in a manner
22 to be prescribed by the commission of any amounts
23 collected thereunder in excess of the amounts which
24 would have been collected under rates, charges,
25 schedules or regulations finally approved by the
26 commission. The commission shall establish a rate
27 of interest to be paid by a public utility to persons
28 receiving refunds. Such rate of interest shall be
29 not less than five percent per annum, nor more than
30 nine percent per annum.

31 6. If, after hearing and decision on all issues
32 presented for determination in such rate a formal
33 proceeding, the commission shall find finds the
34 proposed rates, charges, schedules or rules regulations

35 of the utility to be unlawful, the same shall be set
36 aside and the commission shall by order authorize
37 and direct the utility to file rates, charges,
38 schedules or rules regulations which, when approved
39 by the commission and placed in effect, will satisfy
40 the requirements of this chapter. The rates, charges,
41 schedules or rules regulations so approved shall be
42 lawful and effective unless changed as herein provided
43 fourteen days after the date of approval, or at a
44 later date when the public utility places them into
45 effect. In the event a petition for rehearing is
46 filed or a petition for judicial review is sought
47 from an order concerning rates, charges, schedules
48 or rules which are in effect under bond, those rates,
49 charges, schedules or rules may, notwithstanding the
50 terms of the Iowa administrative procedure Act, be

Page 4

1 continued in effect by the utility under the terms
2 of a bond or other undertaking pending final
3 determination of the application for rehearing or
4 proceeding for judicial review of an order of the
5 commission.

6 7. If a decision is not rendered by the commission
7 within nine months after the date of filing, plus
8 extensions of time as provided in this subsection,
9 the utility has the right to place into effect as
10 of the expiration of the nine-month period plus
11 extensions any or all of the rates, charges, schedules
12 or regulations requested by filing with the commission
13 a bond or other undertaking approved by the commission
14 conditioned upon the refund in a manner to be
15 prescribed by the commission of any amounts collected
16 in excess of the amounts which would have been
17 collected under the rates, charges, schedules or
18 regulations finally approved by the commission. The
19 commission shall establish a rate of interest to be
20 paid by a public utility to persons receiving refunds,
21 which rate shall not be less than five nor more than
22 nine percent. The nine-month period specified in
23 this subsection shall be extended for a period equal
24 to any delay or postponement of the proceedings or
25 the final decision which occurs at the request or
26 by agreement of the utility. In the event a utility
27 elects to place a rate, charge, schedule or regulation
28 into effect under the authority of this subsection,
29 a temporary authority which has been granted to the
30 utility by the commission under section two (2) of
31 this Act, and the terms, conditions and limitations
32 contained in the temporary authority, shall terminate
33 on the date the new rate, charge, schedule or

34 regulation is placed into effect under this subsection.

35 Sec. 4. Chapter four hundred seventy-six (476),
36 Code 1979, is amended by adding the following new
37 section:

38 NEW SECTION. If the commission determines after
39 notice and hearing that a new or changed rate, charge,
40 schedule or regulation is essential to protect the
41 public interest or to enable a utility to provide
42 reasonably adequate service or preserve its property
43 while a proceeding is in progress under sections four
44 hundred seventy-six point six (476.6) or four hundred
45 seventy-six point seven (476.7) of the Code, the
46 commission may approve, subject to terms, conditions
47 and limitations as it deems proper, a reasonable and
48 temporary rate, charge, schedule or regulation which
49 shall be in effect until a decision is rendered by
50 the commission in the proceeding. When temporary

Page 5

1 authority is granted by the commission under this
2 section, a party acting upon any part of that order
3 shall be deemed to have accepted and waived all
4 objections to the terms, conditions and limitations
5 contained in the temporary authority. However, this
6 section does not require or authorize the commission
7 to require that a utility refund any portion of amounts
8 collected under a temporary order issued under this
9 section.

10 Sec. 5. Sections ~~three~~ (3) and four (4) of this
11 Act take effect January first following the enactment
12 of this Act, and apply to proceedings under section
13 four hundred seventy-six point six (476.6) or four

 25 files separately, or two thousand dollars multiplied
 26 by the adjusted inflation factor for a single person
 27 or three thousand dollars multiplied by the adjusted
 28 inflation factor for a husband and wife who file a
 29 joint return or a surviving spouse as defined in
 30 section 2 of the Internal Revenue Code of 1954.
 31 However, the standard deductions allowed under this
 32 subsection shall not exceed the federal standard
 33 deduction in any year. For purposes of this subsection,
 34 "adjusted inflation factor" means the product of the

35 annual inflation factor for the twelve-month period
36 ending on December 1, 1979 and all annual inflation
37 factors for subsequent twelve-month periods ending
38 on December first as determined pursuant to this
39 subsection. The adjusted inflation factor shall
40 apply to all tax years beginning on or after January
41 first of the calendar year in which the latest annual
42 inflation factor has been determined. For purposes
43 of this subsection "annual inflation factor" means
44 an index, expressed as a percentage, determined by the
45 general assembly on or before May first of each year
46 to reflect the purchasing power of the dollar as a
47 result of inflation or deflation during the preceding
48 twelve-month period ending on December first. In de-
49 termining the annual inflation factor, the general
50 assembly shall use the best statistics available

Page 2

1 for the preceding twelve-month period ending on
2 December first and the statistics shall include, but
3 not be limited to, the monthly national and Des Moines
4 area consumer price indexes if available produced by
5 the bureau of labor statistics of the United States
6 department of labor and the commodity indexes pub-
7 lished in "The Wall Street Journal" by Dow Jones
8 and Company.

9 Sec. 3. Section four hundred twenty-two point nine
10 (422.9), subsection two (2), paragraph b, Code 1979,
11 is amended to read as follows:

12 b. Add the amount of federal income taxes paid or
13 accrued as the case may be, during the tax year, adjusted
14 by any federal income tax refunds to the extent such
15 refunds result from a carry-back of a federal loss or
16 tax credit to a prior tax year. Provided, however, that
17 where married persons, who have filed a joint
18 federal income tax return, file separately, such the
19 total shall be divided between them according to the
20 portion therefore paid or accrued, as the case may be,
21 by each.

22 In addition to the deduction and adjustment allowed
23 under paragraph b of this subsection, taxpayers who
24 deducted federal income taxes on a cash basis for
25 tax years beginning prior to January 1, 1979 shall deduct
26 any additional federal income taxes paid for tax years
27 beginning prior to January 1, 1979 in the year of payment
28 and shall add to Iowa income any refunds or credits of
29 federal income taxes paid for tax years beginning prior
30 to January 1, 1979 in the tax year the refund or credit
31 is received.

32 However, if the computation under the preceding para-
33 graph results in a deduction for the taxpayer for the tax

34 year for which the taxpayer is allowed a credit as pro-
35 vided for in sections five (5) through nine (9) of
36 this Act, the taxpayer shall subtract from the amount of
37 the deduction computed under the preceding paragraph an
38 amount, not to exceed the amount of such deduction, which
39 is equal to the amount of the taxpayer's income tax
40 liability, not to exceed two thousand five hundred dollars,
41 used to compute the credit as provided for in sections
42 five (5) through nine (9) of this Act.

43 Sec. 4. Section four hundred twenty-two point thirty-
44 five (422.35), subsection four (4), Code 1979, is amended
45 to read as follows:

46 4. Subtract fifty percent of the federal income taxes
47 paid or accrued, as the case may be, during the tax year,
48 adjusted by any federal income tax refunds to the extent
49 such refunds result from a carry-back of a federal loss or
50 tax credit to a prior tax year; and add the Iowa income

Page 3

1 tax deducted in computing said taxable income.
2 However, for the first tax year beginning on or
3 after January 1, 1979, and ending prior to December
4 31, 1980, in lieu of the deductions and adjustments
5 related to federal income taxes specified in this
6 subsection, taxpayers shall deduct the larger of (1)
7 the additional federal income taxes paid during this
8 tax year for tax years beginning prior to January
9 1, 1979, adjusted by any federal income tax refunds
10 or credits received in this tax year on federal income
11 taxes paid for tax years beginning prior to January
12 1, 1979, or (2) the accrued federal income tax
13 liability for this tax year adjusted by any additional
14 federal income taxes paid or refunds or credits
15 received in this tax year on federal income taxes
16 paid for tax years beginning prior to January 1,
17 1978.

18 Sec. 5. Except as otherwise provided in sections
19 six (6) and seven (7) of this Act, each individual
20 shall be treated as having made an additional payment
21 against the tax imposed by division two (II) of chapter
22 four hundred twenty-two (422) of the Code, for a tax
23 year beginning in 1979 in an amount as determined
24 pursuant to section six (6) of this Act and the
25 additional payment shall be allowed as an additional
26 credit on tax returns filed in 1980 or 1981 for a tax
27 year beginning in 1979. The credit allowed under this
28 section shall be deducted after the credits allowed in
29 section four hundred twenty-two point twelve (422.12)
30 of the Code and if the credit allowed under this sec-
31 tion exceeds the tax liability of the taxpayer, the
32 additional amount of the credit shall be considered a

33 rebate.

34 Sec. 6. The amount treated as paid by the taxpayer
35 for the tax year beginning in 1979 by reason of sec-
36 tions five (5) through seven (7) of this Act shall be
37 as follows:

38 1. The amount of the taxpayer's tax liability to
39 the extent the tax liability does not exceed fifteen
40 dollars.

41 2. Fifteen dollars, to the extent the taxpayer's
42 tax liability is greater than fifteen dollars but
43 less than one hundred fifty dollars.

44 3. Ten percent of the taxpayer's liability to
45 the extent the tax liability is one hundred fifty
46 dollars or more, but in no event shall the tax
47 payment exceed two hundred fifty dollars.

48 Sec. 7. For purposes of sections five (5) through
49 seven (7) of this Act, the tax liability for the
50 tax year beginning in 1979 shall be the tax imposed

Page 4

1 by division two (II) of chapter four hundred twenty-
2 two (422) of the Code, for that year, reduced by the
3 sum of the credits allowable under section four
4 hundred twenty-two point twelve (422.12) of the
5 Code for that year. A husband and wife shall be
6 considered one taxpayer and the amount of the re-
7 bate shall be determined on the basis of the combined
8 tax liability of the husband and wife.

9 Sec. 8. The provisions of sections five (5)
10 through seven (7) of this Act shall not be in effect
11 after June 30, 1981.

12 Sec. 9. The director of revenue may adopt rules
13 pursuant to chapter seventeen A (17A) of the Code to
14 carry out the provisions of sections five (5) through
15 seven (7) of this Act.

16 Sec. 10. The provisions of sections five (5)
17 through nine (9) of this Act shall not be codified
18 in the permanent Code but shall be printed in the
19 session laws only.

20 Sec. 11. This Act is retroactive to January 1,
21 1979 for tax years beginning on or after that date." "

 43 three thousand dollars.

44 (4) In the case of a candidate for state
 45 representative, two thousand dollars.

 48 amount permitted by paragraph a of this subsection
 49 prior to April fifteenth of the year in which the
 50 primary election occurs.

Page 5

1 c. During the period beginning on the day following
 2 the primary election referred to in paragraph a of
 3 this subsection and ending on the date of the
 4 succeeding general election:

5 (1) In the case of a candidate for governor, two
 6 hundred fifty thousand dollars.

7 (2) In the case of a candidate for a statewide

8 office other than governor, one hundred thousand
9 dollars.

10 (3) In the case of a candidate for state senator,
11 seven thousand five hundred dollars.

12 (4) In the case of a candidate for state

14 d. A candidate subject to this subsection shall
15 not expend more than fifty percent of the maximum
16 amount permitted by paragraph c of this subsection
17 prior to September fifteenth of the year in which
18 the general election occurs.

19 2. The amount of contributions accepted must be
20 limited in accordance with the requirements of section
21 fifty-seven (57) of this Act.

22 3. If a candidate's committee which has qualified
23 under section fifty-one (51) of this Act and has
24 received money from the Iowa candidates' fund is
25 subsequently found to have failed to comply with any
26 applicable limitation in subsection one (1) or two
27 (2) of this section, the candidate's committee shall
28 forfeit to the commission an amount equal to twice
29 the amount of the expenditure made or contribution
30 accepted which exceeded the limitations in subsections
31 one (1) and two (2) of this section. All money so
32 forfeited shall be deposited in the Iowa candidates'
33 fund. A finding that a candidate's committee has
34 failed to comply with an applicable limitation in
35 subsection one (1) or two (2) of this section may
36 be appealed in accordance with the Iowa administrative
37 procedure Act. If the finding is not contested or
38 is upheld, the forfeiture prescribed by this subsection
39 is a legal obligation of the candidate's committee
40 and may be enforced by the commission by withholding
41 the amount of the forfeiture from any money due the
42 candidate's committee from the Iowa candidates' fund
43 or by civil process if necessary.

44 **Sec. 53. NEW SECTION. LIMITS ON CLAIMS—HOW PAID**
45 **AND USED.** Each candidate's committee which has
46 qualified under section fifty-one (51) of this Act
47 is entitled to receive from the Iowa candidates' fund
48 money in the amounts and subject to the limitations
49 prescribed by this section.

50 1. During the period beginning on December first

Page 6

1 next preceding the year of the primary and general
2 elections at which the office the candidate seeks
3 will be on the ballot, or on the date the candidate
4 officially becomes a candidate for the purposes of
5 this chapter, whichever is later, and ending on the
6 date of the primary election held in that year, a

7 qualified candidate's committee may claim money from
8 the Iowa candidates' fund in an amount equivalent
9 to the total amount of qualifying contributions it
10 has reported to the commission, up to a maximum of
11 one-half the amount of the expenditure limit for that
12 candidate's committee under section sixteen (16),
13 subsection one (1), paragraph a of this Act.

14 2. During the period beginning on the day after
15 the date of the primary election referred to in
16 subsection one (1) of this section and ending on the
17 day of the succeeding general election, a qualified
18 candidate's committee may claim money from the Iowa
19 candidates' fund in an amount equivalent to the total
20 amount of qualifying contributions it has reported
21 to the commission during that period, up to a maximum
22 of one-half the amount of the expenditure limit for
23 that candidate's committee under section fifty-two
24 (52), subsection one (1), paragraph c of the Act.

25 3. The initial report of qualifying contributions
26 made under section fifty-one (51) of this Act, and
27 a supplemental report of additional qualifying
28 contributions made to the commission by a candidate's
29 committee, except its final report, shall each claim
30 at least one hundred dollars matching money from the
31 Iowa candidates' fund. Matching money shall be paid,
32 in accordance with section eleven (11) of this Act,
33 by a warrant drawn by the state comptroller at the
34 commission's direction upon the fund in favor of the
35 treasurer of the candidate's committee. Matching
36 money from the fund shall be used only to pay, or
37 to repay loans lawfully obtained to pay, acceptable
38 campaign expenses as defined pursuant to section
39 fifty-six point twenty-three (56.23) of the Code which
40 were actually and lawfully incurred.

41 4. A qualified candidate's committee for a
42 candidate who withdraws or is defeated in a primary
43 election or other nominating procedure may nevertheless
44 receive the allowable maximum amount of matching money
45 from the Iowa candidates' fund, or so much thereof
46 as the committee's reported qualifying contributions
47 and the provisions of this section entitle it to
48 receive. Such a candidate's committee is not required
49 to return any money so received if it was used in
50 the manner required by subsection three (3) of this

Page 7

1 section.

2 Sec. 54. NEW SECTION. COMMITTEE MAY WITHDRAW
3 OR QUALIFY AFTER PRIMARY, OR AT OTHER TIMES.

4 1. A candidate's committee which has qualified
5 under section fifty-one (51) of this Act, has complied

6 with all applicable limitations of section fifty-two
7 (52), subsection one (1), paragraphs a and b, and
8 subsection two (2) of this Act, and has claimed and
9 received money from the Iowa candidates' fund under
10 section fifty-three (53), subsection one (1) of this
11 Act, may withdraw from its status as a qualified
12 candidate's committee by giving the commission notice
13 to that effect at any time after the primary election
14 and before claiming any money from the Iowa candi-
15 dates' fund under section fifty-three (53), subsection
16 two (2) of this Act.

17 2. A candidate's committee which has not previously
18 done so may qualify under section fifty-one (51) of
19 this Act after the date of the primary election, and
20 claim and receive money from the Iowa candidates'
21 fund under section fifty-three (53), subsection two
22 (2) of this Act, provided that between the date of
23 the primary election and the time it qualifies the
24 candidate's committee has not made any expenditures
25 nor accepted any contributions contrary to the
26 applicable limitations of section fifty-two (52),
27 subsection one (1), paragraphs c and d of this Act.

28 3. A candidate's committee which has qualified
29 under section fifty-one (51) of this Act and has
30 complied with all applicable limitations of section
31 fifty-two (52) of this Act may at any time withdraw
32 from its status as a qualified candidate's committee
33 by giving the commission notice in writing that it
34 has concluded that continued compliance with the
35 applicable limitations of section fifty-two (52) of
36 this Act would be unduly disadvantageous to its
37 candidate. The notice shall be accompanied by a
38 payment equal to:

39 a. The amount of all money claimed and received
40 under section fifty-three (53), subsection one (1)
41 of this Act if the candidate's committee's withdrawal
42 occurs before the date of the primary election.

43 b. The amount of all money claimed and received
44 under section fifty-three (53), subsection two (2)
45 of this Act if the candidate's committee's withdrawal
46 occurs on or after the date of the primary election.

47 4. Withdrawal of a candidate's committee from
48 its qualified status does not relieve that committee
49 of liability under section fifty-two (52), subsection
50 three (3) of this Act for any expenditures made or

Page 8

1 contributions accepted, during the time the sworn
2 statement filed under section fifty-one (51), sub-
3 section one (1), paragraph a of this Act was in force,
4 which were contrary to the applicable limitations

5 of section fifty-two (52), subsection two (2) of this
6 Act. However a candidate's committee shall not be
7 subject to a forfeiture under section fifty-two (52),
8 subsection three (3) of this Act on account of any
9 contribution received within ten days prior to the
10 date of the candidate's committee's withdrawal from
11 its qualified status, even if the contribution exceeds
12 the applicable limitations of section fifty-two (52),
13 subsection two (2) of this Act, provided each person
14 making such a contribution submits to the candidate's
15 committee a signed statement to the effect that the
16 contribution is intended to assist the candidate's
17 committee in complying with subsection three (3) of
18 this section. The candidate's committee shall file
19 a copy of each such signed statement it receives with
20 its notice of withdrawal from qualified status.

21 Sec. 55. NEW SECTION. CLAIMS PRORATED WHEN-
22 NECESSARY. If the commission at any time concludes
23 on the basis of the number of candidates which at
24 that time have claimed a portion of their allowable
25 maximum amount of matching money, and on the basis
26 of the remaining balance in the Iowa candidates' fund,
27 that it is unlikely that all claims on the fund can
28 be paid as would otherwise be required by section
29 fifty-three (53) of this Act, it shall prorate the
30 unpaid portion of the pending claims and all claims
31 subsequently received during the same biennial period.
32 The proration of the various unpaid portions of claims
33 and of subsequent claims shall be devised so that
34 as nearly as possible an equivalent proportion of
35 the full amount to which each claimant committee would
36 otherwise be entitled is actually paid. If the
37 commission does so prorate claims but finds that upon
38 the date of the succeeding general election an
39 unencumbered balance exist in the fund, that balance
40 shall be applied to the payment of all or equivalent
41 proportions of claims on the fund which were unpaid
42 due to proration during the preceding year.

43 Sec. 56. NEW SECTION. MATCHING MONEY FOR
44 CANDIDATES IN CERTAIN SPECIAL ELECTIONS. The
45 candidate's committee for each candidate certified
46 by the state commissioner as a nominee for a seat
47 in the general assembly to be filled at a special
48 election called under section sixty-nine point fourteen
49 (69.14) of the Code is entitled to receive the
50 allowable maximum amount of matching money upon

Page 9

1 qualifying pursuant to section fifty-one (51),
2 subsections one (1) and two (2), of this Act, ex-
3 cept that qualifying contributions must be received

4 by the day prior to the date of the special election.
 5 Claims may be presented to the commission under this
 6 section as soon as the candidates in the special
 7 election have been certified by the state commissioner,
 8 and the provisions of section fifty-two (52),
 9 subsection one (1), paragraph d. of this Act shall
 10 not apply. Matching money received by a candidate's
 11 committee under this section shall not apply against
 12 the allowable maximum amount of matching money
 13 available to the individual candidate involved for
 14 the period established by section fifty-two (52),
 15 subsection one (1), of this Act between successive
 16 general elections at which the office involved in
 17 the special election is filled for a full term.

18 **Sec. 57. NEW SECTION. MAXIMUM AMOUNT OF CERTAIN**
 19 **CAMPAIGN CONTRIBUTIONS.** A contributor shall not make
 20 contributions to one candidate in one calendar year
 21 exceeding the amounts specified in this section.

22 1. An individual contributor shall not make
 23 contributions to one candidate in excess of fifty
 24 dollars.

25 2. A committee, except a state statutory political
 26 committee, a county statutory political committee,
 27 or the candidate's own candidate's committee, shall
 28 not make contributions to one candidate in excess
 29 of one hundred dollars."

11 1. An area of historical significance shall be

16 of historical significance or the petition describing
17 the proposed area, if the proposed area is a result
18 of the receipt of a petition, to the division of
19 historical preservation of the Iowa state historical
20 department which shall determine if the proposed area
21 meets the criteria provided in subsection two (2)
22 of this section and may make recommendations concerning
23 the proposed area. Any recommendations made by the
24 division of historical preservation shall be made
25 available by the city to the public for viewing during
26 normal working hours at a city government place of
27 public access.

28 2. A city shall not designate an area as an area
29 of historical significance unless it contains

6 of the city. If not satisfied by the decision of
7 the governing body, the party may appeal within sixty
8 days of the governing body's decision to the district

9 court for the county in which the designated area
 10 is located. On appeal the governing body or the

4 "DIVISION I

5 Section 1. Chapter six hundred eleven (611), Code
 6 1979, is amended by adding the following new section:

7 NEW SECTION. DEFINITIONS. As used in sections
 8 two (2), three (3), four (4), five (5), and seven
 9 (7) of this Act:

10 1. "Products liability action" means an action
 11 or claim against a manufacturer or seller of a product
 12 or an employee of a manufacturer or seller for or
 13 on account of personal injury, death, or property
 14 damage caused by or resulting from the use or
 15 consumption of the product. The term encompasses
 16 every claim of liability recognized by law which may
 17 arise out of acts and processes involved in or relating
 18 to the creation and distribution of a product,
 19 including but not limited to the acts and processes
 20 of design, formulation, preparation, manufacture,
 21 construction, assembly, testing, packaging, labeling,
 22 distribution and installation of a product, and the
 23 issuance of warnings and directions respecting the
 24 use, misuse, intended and unintended use of a product,

25 and the incorporation into a product of protection
 26 against dangers and hazards of the product.
 27 2. With respect to a product, "defect" means an
 28 imperfection which is sufficient to sustain a products
 29 liability action, irrespective of the substantive
 30 legal theory upon which the action is based.
 31 Sec. 2. Section six hundred fourteen point one
 32 (614.1), Code 1979, is amended by adding the following
 33 new subsection:

34 NEW SUBSECTION. PRODUCTS LIABILITY. Those products
 35 liability actions as defined in section one (1) of
 36 this Act which are based upon the theories of strict
 37 liability or implied warranty, within two years of
 38 discovery of the injury or damage, but in no event
 39 more than eight years after the product was first
 40 purchased or installed for use or consumption.

41 Sec. 3. Chapter six hundred nineteen (619), Code
 42 1979, is amended by adding the following new sections:

43 NEW SECTION. PRODUCTS LIABILITY – DUTIES LIMITED.

44 A duty to warn of a hazard which may arise in the
 45 use of a product shall be considered only in those
 46 products liability actions as defined in section one
 47 (1) of this Act which are based on negligence.

48 NEW SECTION. DISTRIBUTOR LIABILITY LIMITED. A

49 products liability action as defined in section one
 50 (1) of this Act which is based upon the theories of

Page 2

1 strict liability or implied warranty shall not be
 2 commenced or maintained against a wholesaler,
 3 distributor, retailer, repairer, bailee or lessor
 4 of a product, or an employee of any of these, or
 5 against any other person who distributes and sells
 6 a product, and none of these persons shall be liable
 7 to a person for damages arising from a products
 8 liability action based upon the theories of strict
 9 liability or implied warranty, if the defect which
 10 is alleged to establish liability resulted from the
 11 acts or processes which were involved in or related
 12 to the original design or the original manufacture
 13 of the product and which occurred prior to the time
 14 the product left the control of the manufacturer.

15 NEW SECTION. PRODUCTS LIABILITY – CONTRIBUTORY
 16 FAULT.

17 1. As used in this section:

18 a. "Action" means a products liability action
 19 as defined in section one (1) of this Act which is
 20 based upon the theories of strict liability or implied
 21 warranty. This section does not apply to any other
 22 action or claim.

23 b. "Fault" means an act or omission which subjects

24 a person to liability under the theory of strict
 25 liability in tort or which subjects a person to
 26 liability under the theory of implied warranty.
 27 "Contributory fault" means an act or omission which
 28 is in any measure negligent, reckless or intentional
 29 with respect to the person or property of the actor,
 30 including but not limited to unreasonable assumption
 31 of risk not constituting an express consent, misuse
 32 of a product, and unreasonable failure to avoid an
 33 injury or to mitigate damages. Legal requirements
 34 of causal relation apply both to fault as the basis
 35 for liability and to contributory fault.

36 2. Contributory fault does not bar recovery in
 37 an action by a person or the person's legal
 38 representative. Where contributory fault exists,
 39 the damages allowed shall be diminished in proportion
 40 to the percentage of fault attributable to the person
 41 recovering. The court may, and when requested by
 42 a party shall, direct the jury to find separate special
 43 verdicts determining the amount of damages and the
 44 percentage of fault attributable to each party; and
 45 the court shall then reduce the amount of damages
 46 in proportion to the percentage of fault attributable
 47 to the person recovering.

48 3. When two or more persons are jointly liable
 49 in an action, contributions to awards shall be in
 50 proportion to the percentage of fault attributable

Page 3

1 to each, except that each is jointly and severally
 2 liable for the whole award.

3 Sec. 4. Chapter six hundred twenty-two (622),
 4 Code 1979, is amended by adding the following new
 5 section:

6 NEW SECTION. PRODUCTS LIABILITY – EVIDENCE OF
 7 COLLATERAL BENEFITS. In a products liability action

 9 based on strict liability or implied warranty, evidence
 10 of the nature and extent of benefits or services
 11 received or to be received by the party for whose
 12 behalf the action is brought and occasioned by the
 13 losses which are the subject matter of the action
 14 is admissible. If the action is for wrongful death,
 15 evidence of the remarriage of a surviving spouse is
 16 admissible. Evidence referred to in this section
 17 shall be weighed by the trier of fact in determining
 18 the amount of damages to be awarded.

5 1. For the fiscal biennium beginning July 1, 1979
 6 and ending June 30, 1981, there is appropriated from
 7 the general fund of the state to the office for
 8 planning and programming for use by youth services
 9 in the division of manpower, the amount of one hundred

10 fifty thousand (150,000) dollars for the fiscal year
11 1979-1980 and the amount of two hundred fifty thousand

13 so much thereof as is necessary, for the purpose of
14 carrying out the juvenile victim restitution program
15 created by this Act.

16 2. The office for planning and programming shall

36 probationary district on a per capita basis.
37 Notwithstanding section eight point thirty-three

49 juveniles.

50 2. If a judge of a juvenile court finds that a

1 juvenile has committed a delinquent act and requires
2 the juvenile to compensate the victim of that act
3 for losses due to the delinquent act of the juvenile,

 20 three (3) of this section.

21 3. The contract for administrative services shall
 22 provide payroll services in carrying out the payment
 23 of juvenile offenders who are required to provide
 24 restitution to victims of their acts as provided in
 25 subsection two (2) of this section and who are ordered

 27 two hundred thirty-two point fifty-two (232.52),
 28 subsection two (2), paragraph a of the Code. The
 29 probation officer responsible for a juvenile offender
 30 shall maintain time sheets and other documents
 31 necessary to determine and process the payment of
 32 juvenile offenders. Remuneration for the services
 33 provided by the juvenile offender in a public service
 34 job shall be made on the basis of a wage payment and

6 new subsection:

7 NEW SUBSECTION. Upon determination of the latest
8 adjusted inflation factor, the director shall multiply
9 each dollar amount set forth in subsections one (1),
10 two (2), three (3) and four (4) of this section by
11 that adjusted inflation factor and shall round off
12 the resulting product to the nearest one hundred
13 dollars.

14 Sec. . Chapter four hundred fifty (450), Code
15 1979, is amended by adding the following new section.

16 NEW SECTION. "Adjusted inflation factor" as used
17 in this chapter means a cumulative index, expressed
18 as a percentage, determined pursuant to this section
19 by the director to reflect the purchasing power of
20 the dollar as a result of inflation or deflation since
21 January 1, 1980.

22 The director shall determine the adjusted inflation
23 factor by December thirty-first of each calendar year
24 to be applied in determining the tax imposed for the

26 such December thirty-first. The adjusted inflation
27 factor, to be expressed as a percentage, shall reflect
28 the purchasing power of the dollar as a result of
29 inflation or deflation from January 1, 1980, to the
30 end of the third quarter of the applicable calendar
31 year. The director shall base the determination on
32 the consumer price index for urban wage earners and

35 inflation factor determined by the director is not
36 a rule as defined in section seventeen A point two
37 (17A.2), subsection seven (7), of the Code.

38 The director shall compute the new dollar amounts
39 as required in section four hundred fifty point nine
40 (450.9) of the Code by multiplying the dollar amounts
41 specified therein to be adjusted by the adjusted
42 inflation factor, rounding off the result to the
43 nearest one hundred dollars, and incorporating the
44 result into the inheritance tax forms and instructions
45 for the applicable calendar year. However, the

Dear Mr. Secretary:

I am enclosing House File 723, an act relating to access to certain sealed records for the purpose of locating county of adoption by an adult adopted person and to the

disclosure of medical and developmental information concerning an adult adopted person or person to be adopted and that person's natural parents which, in accordance with Article III, Section 16, Constitution of the State of Iowa, I hereby disapprove and transmit to the Secretary of State.

This bill began its legislative journey as House File 68, sponsored by the Honorable B. J. Clark of Cerro Gordo County. Its purpose was to provide a mechanism by which adoptive parents would be assured of receipt of genetic and medical background information about their adopted child. Both the policy and its implementation in that bill were sound. However, in the course of its legislative transformation into House File 723, that implementation became defective in large measure due to an effort, albeit well intentioned, to get that information to the prospective adoptive parents quickly.

Current adoption law now requires that a pre-placement investigation of a prospective adoptive parent be prepared and approved by a licensed or certified investigator before a child is placed in that home for adoption. After termination of parental rights, the prospective adoptive parents are permitted to petition for adoption at which time a post-placement investigator is appointed. Part of that person's duties are to prepare a background report on the natural parents as well as evaluate how well suited the child is to the adoptive home.

The defect in this bill is the requirement that the investigator who has done the pre-placement investigation must also do the background report on the child's natural family.

In independent placements, the person doing the pre-placement investigation of the adoptive parents (perhaps a year earlier) very likely will not be the person working with the natural parent or parents or perhaps even the prospective adoptive parents after placement.

For example, a Sioux City couple is investigated by a Sioux City adoption investigator in July, 1979, and found to be qualified for a placement. This information is given to a Des Moines independent placer who is well acquainted with the Sioux City couple and who participates and assists in the placement of children. A child is born in Des Moines in May, 1980. The best information on that child's genetic, family and medical background is usually secured from interviewing the natural grandparents and other family members of the natural mother and father. This requires securing medical releases, examining records, interviewing the attending doctor, including the pediatrician, tracking down family doctors, etc. The cost of this work would be substantial if the Sioux City investigator were required by law to do it. The problem is compounded if it is an out-of-state couple receiving a child born in Iowa or if the natural mother has come from out of state to stay with friends to have her baby and all the records and her family are elsewhere in the country. This would be especially burdensome on these so-called "interstate compact" adoptions.

Another obvious problem would be the total unavailability of the pre-placement investigator in case of death or permanent absence from the state.

By vetoing this bill, we do not jeopardize the system that is basically sound and favorable. It is rare that a family would want to return a child because of something that was found in his or her background that would not be known or observed at the time the child comes into the home.

I am of the opinion that there is value in adoptive parents having early access to this background information. I support the intent of this bill, but the procedural flaws in it make it impossible to accept and sign.

I have no authority to separate the provisions of this bill, and so, unfortunately, the section which deals with allowing adult adoptees to learn of the county in which their adoption took place will fail also. The legislature can readopt this provision in the next session, and I hope it will.

For the reasons I have touched upon in this letter, I hereby respectfully disapprove this House File 723.

Sincerely,
ROBERT D. RAY

Dear Mr. Secretary:

I am enclosing House File 671, an act relating to the administration of the Bankhead-Jones Farm Tenant Act funds which in accordance with Article III, Section 16, Constitution of the State of Iowa, I hereby disapprove and transmit to the Secretary of State.

In my 1979 Budget Message, I recommended the transfer of the Bankhead-Jones funds from the Department of Social Services to the Department of Agriculture to be used for rural development programs. House File 671 accomplishes that goal. Regrettably, because of other provisions contained in this measure, I am compelled to veto this bill; and I hope an improved form will be passed in the 1980 session.

(The Bankhead-Jones funds were first given to the State of Iowa by the federal government in 1950. The 55th General Assembly transferred the money to the Board of Welfare which subsequently became part of the Department of Social Services. The funds have been used primarily for college loans and scholarships for rural youth.)

Two provisions of House File 671 cause me genuine concern. The measure calls for the Secretary of Agriculture to appoint a nine-member committee to establish policy for the use and disposition of funds. Unlike other executive appointments subject to confirmation, the Bankhead-Jones fund committee would have to be confirmed by a four-member legislative panel consisting of the chairpersons and ranking minority members of the Senate and House Agriculture Committees. Courts have not looked favorably upon similar delegations of power that flow from one or both legislative chambers to a small group of legislators. Whether the appointments to the Bankhead-Jones fund committees are made by the Secretary of Agriculture or the Governor, either of which is acceptable to me, they should be confirmed by the entire membership of the Senate.

An even more troublesome provision of House File 671 is the requirement that the Bankhead-Jones fund committee must submit a program plan for the use of the funds. The plan is subject to approval or disapproval by either house of the legislature. If either house disapproves of the plan by concurrent resolution, the committee must prepare and submit an amended plan for reconsideration by the legislature. This process would continue ad infinitum until the plan is approved. In a recent Attorney General's opinion (Osenbaugh to Gallagher, 6-4-79) #79-6-2, it was held that the legislature could not exercise a veto over executive action by the use of a concurrent resolution. A concurrent resolution does not have the force of law nor is it subject to review by the Governor, a provision required by the Iowa Constitution for all bills.

We asked the Attorney General's office to review this provision of House File 671. In the limited amount of time available for review, the Attorney General's office advised that they had serious reservations about the constitutionality of this bill because of the potential violation of the separation of powers. We agree with that judgment.

It is unfortunate that after the considerable work that went into writing House File 671, an acceptable version was not achieved. It is my hope that early in the 1980 session we can agree on a measure to transfer the Bankhead-Jones funds from the Department of Social Services to the Department of Agriculture. In the meantime, the Department of Social Services will continue its renewed effort to expand the use of the Bankhead-Jones moneys.

For the reasons I have touched upon in this letter, I hereby respectfully disapprove this House File 671.

Sincerely,
ROBERT D. RAY

GOVERNOR'S ITEM VETO MESSAGES

Dear Mr. Secretary:

I hereby transmit Senate File 471, an act making appropriations to various state regulatory and finance departments, boards and commissions and specifying the full-time equivalent positions for each, and making appropriations to the moneys and credits replacement fund, to the county government assistance fund, to the municipal assistance fund, to the Department of Revenue from the motor vehicle fuel tax fund and to the Department of Job Service from the Iowa public employees' retirement system fund.

Senate File 471 is approved June 7, 1979, with the following exception which I hereby disapprove.

I am unable to approve the item designated as Section 8 which reads as follows:

Sec. 8. Notwithstanding the provisions of section eight point thirty-nine (8.39) of the Code, funds appropriated under this Act shall not be subject to transfer to any other department, institution or agency. Any unencumbered or unobligated balances of any appropriation made under this Act which exists on June thirtieth of a fiscal year shall revert to the fund from which it was appropriated.

Section 8.39 of the Code of Iowa authorizes the Governor and the State Comptroller to transfer funds from one agency to another when the original appropriation has proven to be insufficient to meet the legitimate expenses of the receiving agency. Rarely has the transfer authority been utilized.

However, the legislative authors of 8.39 realized that no budgeting is foolproof. With the flexibility 8.39 provides, we can make necessary adjustments when unforeseen or changing circumstances arise or miscalculations are discovered.

Occasionally the legislature has made appropriations knowing and expecting that a transfer would be made if the original appropriation proved to be insufficient for the intended purpose.

A new safeguard to the transfer authority was added in 1978. Legislation was adopted last year which we accepted requiring notification of various legislators two weeks prior to the transfer of funds for the purpose of review and comment by the legislators. We would be happy to accept and would respect such comments, although to date none have been forthcoming.

We do not anticipate making transfers from or to the appropriations contained in Senate File 471. Yet the restriction in Section 8 sets a bad precedent. Fortunately, none of the other major operating appropriation bills passed by the legislature this year contain similar restrictions.

For these reasons, I hereby disapprove this item in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of Senate File 471 are hereby approved this date.

Dear Mr. Secretary:

I hereby transmit Senate File 485, an act relating to and making appropriations to agencies, institutions, commissions, departments, and boards responsible for education programs of this state.

Senate File 485 is approved June 7, 1979, with the following exception which I hereby disapprove.

I am unable to approve the item designated in the Act as Section 10 which reads as follows:

Sec. 10. Section twenty point three (20.3), subsection one (1), Code 1979, is amended by adding the following new unnumbered paragraph:

NEW UNNUMBERED PARAGRAPH. For purposes of implementing and administering the provisions of this chapter, the governor shall act as the exclusive representative of the state of Iowa with respect to all state employees, except for faculty, scientific, and other professional staff who are employed at institutions under the authority of the state board of regents, the state board of regents shall act as the exclusive representative of the state of Iowa with respect to its faculty, scientific, and other professional staff.

Simply put, Section 10 provides that the Board of Regents shall have the responsibility for bargaining with respect to faculty, scientific and other professional staff employed at Regents' institutions. The Governor would be responsible for bargaining for the remainder of state employees.

The issue as to who is the employer for purposes of implementing collective bargaining pursuant to Chapter 20 has been addressed by the Iowa Public Employment Relations Board (PERB) which ruled "that the State of Iowa is the public employer of all state employees for the purpose of collective bargaining under the act..." PERB concluded that an individual department, including the Board of Regents, did not constitute a separate employer for purposes of implementing Chapter 20. That decision was appealed and subsequently sustained by the Supreme Court of Iowa. Therefore, the contention that the State Board of Regents is the employer and not the Governor was reviewed and rejected by the Iowa Supreme Court.

Subsequent to the PERB decision in 1976, riders have been attached to the Board of Regents appropriation bills designating the Regents as the employer for their faculty, professional and scientific employees. Written as conditions to the Regents appropriations and, therefore not severable through an item veto, the riders have, nonetheless, been held by PERB not to overrule their earlier decision which was based on permanent, statutory language. Senate File 485 also contains such a rider.

All boards, departments, and agencies carry out the policies of the executive branch of state government through their employees. The Iowa Constitution establishes the Governor as the chief executive and provides our agencies, boards, and commissions to be accountable to the people through the Governor. The Governor has constitutional and statutory responsibilities for supervising the executive branch of state government including preparation of the state budget that is submitted to the legislature.

The concept of collective bargaining grants to employees the ability to negotiate certain terms and conditions of their employment with their employer, and by its very nature places additional restrictions and constraints upon the operation of state government. Inherent in the concept of bargaining is the potential for government to

be whipsawed by the various employee bargaining units with the result being inconsistent treatment of employees and lack of uniformity in employee benefits.

Obviously it would be almost impossible to conduct collective bargaining if every agency was considered a different bargaining employer. To single out one particular agency for that purpose alone is not wise.

Proponents of Section 10 have argued that it would prevent interference in academic freedom at our state universities. Academic freedom has been and remains an important concept to us. Academic freedom can be protected by the Governor as well as, if not better than, the legislature. As a matter of fact, I have heretofore delegated the responsibility of bargaining under Chapter 20 to the Board of Regents for its faculty and academically-related professionals. We think this method is proper, and it has and continues to work effectively.

Since Senate File 485 makes appropriations to our educational agencies for the next biennium, this bill is subject to the item veto. For the above reasons, I hereby disapprove this item in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of Senate File 485 are hereby approved this date.

Sincerely,
ROBERT D. RAY

Dear Mr. Secretary:

I hereby transmit House File 764, an act making appropriations for capital projects.

House File 764 is approved June 9, 1979, with the following exception which I hereby disapprove.

I am unable to approve that portion designated in the Act as the final sentence of Section 5, Subsection 2 which reads as follows:

Notwithstanding the provisions of section eight point thirty-nine (8.39) of the Code, funds appropriated by this section shall not be transferred or used for any purpose other than the purposes stated in this Act.

Section 8.39 of the Code of Iowa authorizes the Governor and the State Comptroller to transfer funds from one agency to another when the original appropriation has proven to be insufficient to meet the legitimate expenses of the receiving agency. The transfer authority has only been used infrequently.

However, the legislative authors of 8.39 realized that no budgeting is foolproof. With the flexibility 8.39 provides, we can make necessary adjustments when unforeseen or changing circumstances arise or miscalculations are discovered.

Occasionally the legislature has made appropriations knowing and expecting that a transfer would be made if the original appropriation proved to be insufficient for the intended purpose.

A new safeguard to the transfer authority was added in 1978. Legislation was adopted last year which we accepted requiring notification of various legislators two weeks prior to the transfer of funds for the purpose of review and comment by the legislators. We would be happy to accept and would respect such comments, although to date none have been forthcoming.

The amount of money (\$50,000) to which the transfer limitation applies is a very small part of this capitals appropriation bill which appropriates more than \$60 million. While this particular transfer limit would not affect much nor is the need anticipated to transfer any of this money, it would be an unwise precedent to accept.

For the above reasons, I hereby disapprove this item in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of House File 764 are hereby approved this date.

Dear Mr. Secretary:

I hereby transmit Senate File 497, an act to make a supplemental appropriation to the Department of Social Services for the medical assistance, foster care and homemaker services programs.

Senate File 497 is approved June 9, 1979, with the following exception which I hereby disapprove.

I am unable to approve the item designated in the Act as Section 2 which reads as follows:

Sec. 2. Any unencumbered or unexpended funds not used for the purposes specified in section one (1) of this Act and remaining on June 30, 1979, shall revert to the general fund of the state. Notwithstanding section eight point thirty-nine (8.39) of the Code, funds appropriated by this Act shall not be subject to transfer or expenditure for any purpose other than the purposes specified in section one (1) of this Act.

Section 8.39 of the Code of Iowa authorizes the Governor and the State Comptroller to transfer funds from one agency to another when the original appropriation has proven to be insufficient to meet the legitimate expenses of the receiving agency. The transfer authority has only been used infrequently.

However, the legislative authors of 8.39 realized that no budgeting is foolproof. With the flexibility 8.39 provides, we can make necessary adjustments when unforeseen or changing circumstances arise or miscalculations are discovered.

Occasionally the legislature has made appropriations knowing and expecting that a transfer would be made if the original appropriation proved to be insufficient for the intended purpose.

A new safeguard to the transfer authority was added in 1978. Legislation was adopted last year which we accepted requiring notification of various legislators two weeks prior to the transfer of funds for the purpose of review and comment by the legislators. We would be happy to accept and would respect such comments, although to date none have been forthcoming.

It is most unlikely that funds contained in this supplemental appropriation bill would need to be transferred. Certainly there are no intentions of doing so during the short period that remains in the current fiscal year. But, perhaps this item veto will serve as another reminder that government must have some flexibility.

For these reasons, I hereby disapprove this item in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of Senate File 497 are hereby approved this date.

Dear Mr. Secretary:

I hereby transmit House File 738, an act making appropriations to and relating to the financing of agencies whose responsibilities relate to transportation, public safety, and public defense.

House File 738 is approved June 10, 1979, with the following exception which I hereby disapprove.

I am unable to approve the item designated in the Act as Section 3, Subsection 7 which reads as follows:

7. Of the funds appropriated each year to the department of public safety under this section, the amounts of one hundred twenty thousand (120,000) dollars from the inspection and security function appropriated under subsection two (2) of this section and sixty thousand (60,000) dollars from the division of highway safety and uniformed force appropriated under subsection four (4) of this section is for providing security for the governor's mansion and the personal protection of the governor.

This item earmarks \$180,000 to be used for security at Terrace Hill and for the Governor during each year of the next biennium. That amount is exactly what the legislature appropriated for the same purpose for fiscal year 1978-79.

The legislature this year consistently appropriated funds to meet the costs of the 27th pay period and merit salary increases. A careful study of the appropriations for the Department of Public Safety shows the inspection and security function and the division of highway safety and uniformed force appropriations include funds to meet these obligatory increased costs for security of Terrace Hill and the Governor. Section 3, Subsection 7, however, since it does not reflect the increased costs, is inconsistent with that appropriation and, therefore, should be removed.

For these reasons, I hereby disapprove this item in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of House File 738 are hereby approved this date.

Dear Mr. Secretary:

I hereby transmit House File 755, an act relating to the administration and financing of current programs under the jurisdiction of the Department of Social Services:

House File 755 is approved June 10, 1979, with the following exceptions which I hereby disapprove.

I am unable to approve that portion of Section 6, Subsection 3 which reads as follows:

In addition, each county which pays, from county funds, the costs of care and treatment of mentally ill persons transferred from a state mental health institute to a public or private inpatient treatment facility, other than a state mental health institute, is entitled to reimbursement from the state for a portion of the cost incurred by the county for each day an

individual is so treated or cared for at county expense. However, such reimbursement shall only apply to patients admitted to the facility after February 1, 1980. The reimbursement shall be equal to twenty percent of the average of the four state mental health institutes' individual average daily patient costs for the most recent quarter.

Each county may claim the reimbursement by filing a claim for such reimbursement on a quarterly basis. The comptroller, upon verifying the claim, shall issue warrants to the respective counties drawn upon money in the general fund not otherwise appropriated.

I am unable to approve the item designated in the Act as Section 6, Subsection 7 which reads as follows:

7. It is the intent of the general assembly that the proposed upgrading and expansion of staffing at the four mental health institutes be phased-in over the biennium, with up to one-half of the proposed staff upgrading and expansion occurring in the fiscal year beginning July 1, 1979 and with the remaining proposed staff upgrading and expansion occurring in the fiscal year beginning July 1, 1980.

I am unable to approve the item designated in the Act as Section 10, Subsection 2 which reads as follows:

2. It is the intent of the general assembly that assistance shall be granted under chapter two hundred thirty-nine (239) of the Code to an expectant mother experiencing her first pregnancy and in the last trimester of pregnancy if she meets other income and resource standards for the aid to dependent children program. The mother and fetus together shall be treated as a one-person family with assistance payable to the mother as an eligible group of one. The department of social services shall promulgate rules and regulations, pursuant to chapter seventeen A (17A) of the Code to implement this subsection on October 1, 1979.

I am unable to approve the item designated in the Act as Section 11 which reads as follows:

Sec. 11. If the United States department of health, education and welfare regulations allow such a policy, the department of social services shall adopt administrative rules pursuant to chapter seventeen A (17A) of the Code which provide that in determination of eligibility for assistance under the aid to dependent children program established by chapter two hundred thirty-nine (239) of the Code, there shall be recognition of a stepparent's responsibility for the reasonable and necessary expenses of the family and the education of the children as long as the stepparent remains married to the stepchild's parent. In adopting such rules, the department shall give consideration to any financial obligations the stepparent may have as a result of court orders, or of commitments made prior to the marriage.

I am unable to approve the item designated in the Act as Section 17, Subsection 4 which reads as follows:

4. It is the intent of the general assembly that of the appropriation made by section eight (8), subsection six (6) of this Act, one million (1,000,000) dollars shall be used to provide in-home treatment and seven hundred fifty thousand (750,000) dollars shall be used to provide alternatives to foster care. It is the intent of the general assembly that in-home treatment programs which were funded through state and federal Title XX funds in the fiscal year beginning July 1, 1978 shall be maintained at their current program operating level through funds provided pursuant to this subsection. Federal Title XX funds may be used to match, but not to replace, funds provided pursuant to this subsection. The department shall submit to the appropriations subcommittee on social services by December 1, 1979 a report of the actual expenditures during the first quarter of the fiscal year beginning July 1, 1979 for all programs within the children's services appropriation.

A portion of Section 6, Subsection 3 requires the state to pay a percentage of the cost of care of individuals transferred from mental health institutes to other facilities if their care is still county-supported. The state is planning a mental health reorganization within the next year with possible changes in funding mechanisms. The language of a portion of this subsection might pre-empt wise and orderly revision and would cost an estimated \$1.3 million beyond which has been planned.

We believe funding should be addressed as a part of the complete reorganization. At present, for example, no planning has been done to incorporate the new Sidney Sands Center into a statewide system. Originally Polk County did not wish their services to be part of a state system. Their center was intended to be a lower-cost alternative to the mental health institutes. Estimates now indicate that the cost will be close to double that of the state institutes. Thus, Polk County now wishes state assistance and because of that wants to be included.

While the state in recent years has been obligated to pay 20 percent of the care of patients in our mental health institutes, actual figures show the state's participation has been approximately 33 percent. In addition, the state is planning to increase its participation by approximately 7 percent in FY 80 by crediting to the counties \$2 million in Title XIX medicaid reimbursement received for care of patients at the institutes.

Since county budgets were finalized by local officials before this bill was passed, there could have been no reliance on these funds for FY 80.

The language of this section is also imprecise and does not adequately clarify the following:

Does "inpatient treatment facility" refer only to hospital psychiatric units, or should it include residential or intermediate care facilities, county care facilities, residential care for children, physical medicine hospital units, halfway houses, or others?

Does the state's obligation apply only to the immediate transfer from a mental health institute, or also to subsequent transfers to other facilities at a later date?

It appears that payment mandated under this subsection could exceed 100 percent of the total cost of care of a transferred patient in cases of transfer to residential care of a halfway house.

There is no clarification regarding the extent nor type of the counties' participation in the care of any patient under this subsection.

Section 6, Subsection 7 requires mental health institutes to delay half their proposed upgrading of staff positions until fiscal 1981. The staff upgrading proposed for Cherokee and Independence results from JCAH accreditation reviews. Both of these mental health institutes will receive their next scheduled accreditation reviews prior to the end of the 1980 fiscal year. Failure to respond to the recommendations of the previous review could endanger continued accreditation.

Section 10, Subsection 2 provides Aid to Families with Dependent Children and medical benefits to a woman in the last trimester of her first pregnancy as a one-person unit. Subsequent to the passage of House File 755, it was discovered that the General Assembly had overlooked a federal requirement that some part of the grant be set aside for the fetus, identifying it as a child. Also, the language of this subsection limited coverage to first pregnancies, although the intent was to cover any woman without children, even though the pregnancy might not be her first. House File 766 was drafted and passed to correct these errors. To remove any ambiguities regarding which language should prevail, we are removing the incorrect language from House File 755.

Section 11 requires the Department of Social Services to establish rules as allowed by the Department of Health, Education and Welfare defining the financial responsibility of stepparents. This section presents unnecessary legal complications for the department as follows:

The requirement for the establishment of such rules may result in financial sanctions against the state by HEW consisting of the withdrawal of federal matching funds for Aid to Families with Dependent Children.

Current federal law sets out in definitive terms State options in establishing stepparent responsibility. The State of Iowa has solicited an opinion from HEW as to whether or not Iowa's law permits this state to assess stepparents for support in cases where Aid to Families with Dependent Children has been requested. This section is premature in that this opinion has not yet been received.

This section could be interpreted to require a greater obligation on the part of a stepparent than that set by the court or by Section 252A of the Code of Iowa, 1979.

No definition of stepparent is offered nor distinction established between a stepparent married to a custodial natural parent or to a non-custodial natural parent.

We agree with the intent indicated in Section 17, Subsection 4 and have the assurance of the Department of Social Services that it will be carried out. However, the language presents unnecessary complications.

The second sentence of the subsection requires that in-home treatment programs funded in FY 79 be maintained at their "current program operating level." There were three changes in allocation for in-home treatment during FY 79, and there is no indication as to which of these levels should be used in defining "current." Several differing opinions have already been offered.

It is unclear whether "operating level" refers to the number of dollars spent on those programs (which won't be known precisely until the end of September 1979) or the quality of those programs (which is a clearly subjective determination).

The language as drafted was not comprehensive since it makes no mention of services not funded under Title XX. If these budget constraints are applied, the department would be forced to discriminate arbitrarily against other in-home treatment programs which may be viewed as worthy of funding.

In addition to those items which I am disapproving, I would like to clarify my approval of one subsection. Section 1, Subsection 2 substantially reduces the budget of the Bureau of Communications. The bureau fills many valuable roles, some federally mandated, such as food stamp outreach programs. Cutting the budget as drastically as this section does may damage the programs as well as endanger federal compliance. I am leaving this section intact with the understanding that the \$50,000 limitation applies only to state-appropriated dollars and that the department may supplement the activities of this bureau with help from other department resources, if necessary to meet its mandated responsibilities.

For these reasons, I hereby disapprove these items in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of House File 755 are hereby approved this date.

Sincerely,
ROBERT D. RAY
Governor
