ELECTION OF SPEAKER

Hansen of O'Brien presented the name of the Honorable Floyd H. Millen as candidate for Speaker of the House of Representatives of the Sixty-eighth General Assembly, preceding such nomination with the following remarks:

Our nominee for Speaker is one of two senior representatives in this chamber. He is beginning his ninth term.

He has been Speaker pro tempore and for the past four years has been the Republican Floor Leader. He has been chairman of a host of committees, and has worked with other state legislators on a national level.

His vast legislative experience has tempered his judgment. His service as Speaker will be a credit to the House of Representatives and the General Assembly.

Mr. Speaker, I nominate the gentleman from Van Buren, the Honorable Floyd Millen, for the Office of Speaker of the House of Representatives for the Sixty-eighth General Assembly.

Clark of Lee seconded the nomination of Floyd H. Millen for Speaker of the House, preceded by the following remarks:

Mr. Speaker, Members of the House, it is with pride that I second the nomination of Floyd Millen of Van Buren County as Speaker of the House.

For nearly two decades Mr. Millen has served as a leader in this body. He has held responsible positions in both the majority and minority caucuses. As Speaker pro tempore Mr. Millen demonstrated an exceptional knowledge of House rules and the ability to make fair and impartial judgments.

As one who represents a district adjacent to Mr. Millen's, I very early came to appreciate his willingness to help the newer members of the House. When I came to the House as a new member, Mr. Millen was one of those senior members who took the time to assist me in learning the procedures of the House.

Those of you who have served in prior sessions are familiar with Mr. Millen's abilities. Those of you who are serving for the first time will find that Mr. Millen will be very helpful in assisting you in the performance of your duties.

Therefore, I am honored to second the nomination of Floyd Millen as Speaker of the House.

Avenson of Fayette seconded the nomination of Floyd H. Millen for Speaker of the House, preceded by the following remarks:

I am pleased and honored to second the nomination of Floyd Millen as Speaker of the Iowa House of Representatives.

Though we are in the minority this session, our obligations to the people of Iowa are every bit as great as those of the members of the majority. We must honestly and faithfully represent those whom we are elected to serve.

To fulfill our obligations to our constituents and the people of Iowa, we will point out the problems we feel need to be addressed and the deficiencies we may see in solutions the majority party proposes. There are many areas of immediate and immense concern to the people of Iowa, including the problems of declining enrollment, inequities in the income and property tax structures, denial of equal rights and provision of adequate care for our elderly. These are issues we are willing and determined to solve.

In this biennium, the Republican party will control both houses of the General Assembly, the Governor's office and all other executive offices except that of the Attorney General. If the needs of the people of Iowa are to be met and their tax money spent efficiently, the majority party must act creatively and effectively. We will assist in achieving those goals and will not use obstructionist tactics for the sake of politics. However, as Mr. Millen said in 1977, we will not let the majority party use parliamentary rules to keep our ideas and proposals from being heard.

I have worked with Mr. Millen since I came to the General Assembly in 1973. I have known Floyd to be a dedicated and conscientious legislator who was an active leader during the past as House minority leader. I am looking forward to working with Mr. Millen to solve the problems of this state even though he does drive a Lincoln Continental.

Therefore, I move that the Chief Clerk be authorized to cast a unanimous ballot for the Honorable Floyd Millen as Speaker of the House for the Sixty-eighth General Assembly.

In accordance with the foregoing motion, the Acting Chief Clerk cast the votes of all the members of the House of Representatives for the Honorable Floyd H. Millen as Speaker of the House of Representatives of the Sixty-eighth General Assembly. The Honorable Floyd H. Millen of Van Buren County, having received all of the votes cast for the office of Speaker of the House of Representatives of the Sixty-eighth General Assembly, was declared duly elected to that office.

Stromer of Hancock moved that a committee of two be named to escort the Speaker to the chair.

The motion prevailed and the following committee was named: Stromer of Hancock and Lind of Black Hawk.

PRESENTATION OF SPEAKER

The Honorable Floyd H. Millen was escorted to the Speaker's station and, having been sworn, assumed the chair. Temporary Speaker Crabb of Crawford presented Speaker Millen with the gavel and congratulated him on his unanimous election.

Speaker Millen thanked the House for the honor bestowed upon him and offered the following remarks:

These words seem so inadequate, but "thank you" for the honor you have bestowed on me. I take this honor, and the responsibilities connected with it, very seriously and I would like to share with you a few of my thoughts concerning the responsibilities we all have.

Members of the Iowa House, by virtue of their two year term of office, are probably more representative of the thinking of the people who elected them than are Senators; to me, the Senate is a stabilizing body. For this reason, I feel I have been elected as a representative of all of you and each of your constituents.

I intend to use the authority you have granted me in such a way as to retain the confidence of all of you, not to use it as power for power's sake.

As such, I welcome your counsel and suggestions, whether you are a Republican or a Democrat, a freshman or an incumbent. My office will be open to you so that together we can properly legislate for the State of Iowa.

The dignity of this Chamber must be re-established and preserved. We must have enough pride in the State of Iowa, the position of trust and responsibility to which we have been elected by the people of our individual districts and ourselves to be respectful of each other. We must conduct ourselves in a manner befitting of, and in relationship to, the dignity of the offices we hold.

It is my own personal request that everyone associated with the Iowa House of Representatives will always be courteous, neat and clean in their appearance, and wear clothing appropriate to this Chamber. Each of us could be the one person the public remembers in its association with the House and that association should and will reflect on all of us.

The temptation to make headlines will be strong, particularly for those of you aspiring to higher office. However, I would remind you that we are here to work as a team toward what is right and beneficial for Iowa and each of her citizens, not toward our own political ambitions. Each of you can gain much more in that approach than by working just for yourself.

As for myself, as I said, my door will be open to the members of both parties because if I don't know how each one of you feels, I'm not going to be successful in my role as your leader and spokesperson for the Iowa House of Representatives.

In this regard, it is my intention to keep both the majority and minority leadership fully informed as to the direction we will be going and implore that they do the same with all of you in your individual party caucuses. I want all of us to be a part of this very important process, after all, you represent 28,000 people just as I do.

Not only is my door open to the leadership, but I am extending a special welcome and invitation to all new members to come and discuss your problems, concerns and ideas to me.

Also, I invite the people's representatives to visit with me. Some call them lobbyists, I don't like that term since they represent persons and organizations that have legitimate concerns but who, for various reasons, cannot be here themselves. These representatives of the people have been retained by our constituents to personally present their thoughts to us.

In closing, I would like to quote a Democrat for whom I have the highest regard as an individual and a professional and who said in his congratulatory note to me: "The highest praise a man can receive is the accolade of his peers."

I intend to be worthy of the accolade you have bestowed on me this morning and to fulfill the responsibilities and trust incumbent upon me in this new position. With the assistance of each of you, we will make this Sixty-eighth General Assembly a memorable one.

PERMANENT CHIEF CLERK

Thompson of Polk moved that David L. Wray be made permanent Chief Clerk of the House.

The motion prevailed and David L. Wray was declared elected permanent Chief Clerk.

COMMITTEE TO NOTIFY THE GOVERNOR

Harbor of Mills moved that a committee of three be appointed to notify the Governor that the House was duly organized and ready to receive any communication that he may desire to transmit.

The motion prevailed and the following committee was appointed: Harbor of Mills, Evans of Grundy and Wells of Linn.

COMMITTEE TO NOTIFY THE SENATE

Clark of Cerro Gordo moved that a committee of three be appointed to notify the Senate that the House was duly organized and ready to receive any communication that it may desire to transmit.

The motion prevailed and the following committee was appointed: Clark of Cerro Gordo, Crawford of Story and Gettings of Wapello.

ADOPTION OF HOUSE CONCURRENT RESOLUTION 1

Halvorson of Clayton asked and received unanimous consent for the immediate consideration of the following resolution and moved, its adoption:

By Halvorson

- 1 *Be It Resolved by the House, the Senate Concurring,* That

- 8 of the Senate and the Speaker of the House be designated
- 9 to extend the invitation to him.
- 10 *Be It Further Resolved,* That at this joint convention

The motion prevailed and the resolution was adopted.

The report was accepted and the committee discharged.

REPORT OF COMMITTEE TO NOTIFY SENATE

Clark of Cerro Gordo, chair of the committee to notify the Senate that the House was duly organized and ready to receive any communications that the Senate might desire to transmit, reported that the committee had performed its duty.

The report was accepted and the committee discharged.

ELECTION OF SPEAKER PRO TEMPORE

Smalley of Polk placed in nomination the Honorable William H. Harbor as candidate for Speaker pro tempore of the House of Representatives of the Sixty-eighth General Assembly, preceding his nomination with the following remarks:

Mr. Speaker, Members of the House:

I rise to place in nomination for Speaker pro tempore an individual with qualifications unparalleled to serve, a long-time state representative, two-time Speaker of the House, and a recognized scholar of the House Rules and Mason's Manual.

The Speaker pro tempore, as we know, takes the Chair and presides over the House in the necessary absence of the Speaker. He is an important member of the leadership.

This year, when efficiency, measured productivity, and timely adjournment are primary goals, we need the help of a person who in his last year as Speaker guided the House to a March adjournment.

Mr. Speaker, I nominate Representative William H. Harbor of Mills County for Speaker pro tempore of the Iowa House of Representatives.

Hoffmann of Muscatine seconded the nomination of Mr. Harbor as Speaker pro tempore of the House of Representatives, preceding his nomination with the following remarks:

"Mr. Speaker, I wish to second the nomination of William H. Harbor of Mills County to the office of Speaker pro tempore. All incumbents, and I feel sure most of the new legislators know of Bill's ability, talent and dedication. We are fortunate to have a man of Bill's expertise and more fortunate that he will share his knowledge with us. And so, I consider it an honor and privilege to second the nomination of William H. Harbor as Speaker pro tempore."

Husak of Tama seconded the nomination of Mr. Harbor, preceding his nomination with the following remarks:

Mr. Speaker, Ladies and Gentlemen:

It is my privilege to second the nomination of William H. Harbor as Speaker pro tempore of the House of Representatives.

We are here for the purpose of representing all the people of Iowa. One of the most valuable assets we gain during our service is the friends we make.

I can recall as a newly elected legislator the frustration and the uncertainties that I felt. This is what prompted me to confide in the then Speaker of the House, Mr. Harbor.

I think what impressed me most was at our first meeting, this veteran legislator, and no less the Speaker, said to me a member of the minority party, "Emil, come back anytime, the door is always open."

The same courtesy was extended by him as Chief Clerk.

Then after a brief vacation from the House of Representatives, Bill decided once again it was time to return to work. Those of us in the back row were honored when he joined us - even though on occasion we have to remind him 'today is your day to buy!'

We also have formed a committee to make sure he doesn't have any trouble getting his mike down. (But we are all neighbors, so why not be helpful.)

So, Mr. Speaker, Ladies and Gentleman, on behalf of the back row we invite all of you to get to know and open your door to Representative Bill Harbor.

He, indeed, is worthy of the title of Speaker pro tempore.

Mr. Speaker, I move that the Chief Clerk cast a unanimous ballot for the Honorable William H. Harbor of Mills as Speaker pro tempore of the House of Representatives for the Sixty-eighth General Assembly.

In accordance with the foregoing motion, the Chief Clerk cast the votes of all the members of the House of Representatives for the Honorable William H. Harbor as Speaker pro tempore of the House

of Representatives of the Sixty-eighth General Assembly. The Honorable William H. Harbor of Mills County, having received all of the votes cast for the office of Speaker pro tempore of the House of Representatives of the Sixty-eighth General Assembly, was declared duly elected to that office.

Schroeder of Pottawattamie moved that a committee of two be appointed to escort the Speaker pro tempore to the chair.

The motion prevailed and the following committee was appointed: Schroeder of Pottawattamie and Horn of Linn.

Mr. Harbor was escorted to the chair and, being duly sworn, offered the following remarks:

Mr. Speaker, and fellow colleagues, thank you for the honor you have just bestowed upon me, that of being named your Speaker pro tempore. I humbly accept this challenge and with this acceptance is an assurance that the responsibilities of this office will be met with candor and handled with dispatch.

Mr. Speaker, the campaign rhetoric has now been silenced, or at least it should be for two years, for we all must now assume the responsibilities for which we were elected....state representatives....with each of us bearing an equal share of the load.

Our accomplishments here will be judged as to whether we have heard the clear voice of the people or whether we choose to be governed by partisan politics....for if ever we will be watched and monitored, surely the time is now.

We have a golden opportunity to establish an enviable record, a record of positive responses to the needs and concerns of our constituents in the shortest possible time, and then adjourn and go home.

Mr. Speaker and fellow House members, you have my pledge of cooperation, communication and hard work in addressing ourselves to the mandate of the people of Iowa. Together, let us give our united pledge of working toward this end, with the guidance of almighty God, show that this confidence placed in us is well founded.

Mr. President, Mr. Speaker, Mr. Chief Justice, Justices of the Supreme Court and Members of the Appellate Court, State Officials, Senators and Representatives, Distinguished Guests, and Friends:

On this second day of the first session of the Sixty-eighth General Assembly, I am reminded of the old Latin proverb which reads: "While we consider when to begin, it becomes too late..."

This legislature has begun — you are out of the starting blocks, and I commend the leadership for good planning. You have planned for an orderly session. You have planned for a short and productive session. I am glad for that. But, recalling last summer's experience with usury, I also would be grateful if you would plan for only one session...

To the one hundred twenty-five State Senators and State Representatives who were elected or re-elected last November — I extend my congratulations. You are here because your neighbors sent you. And, your work, your voices, and your votes should reflect both your judgment and their will.

To Lieutenant Governor Art Neu — I'd like to add a very special word of thanks on behalf of our Iowans. Your twelve years of public service qualify as a textbook ex-

ample for any who aspire to public life. Art, your keen insight, compassion, and your timely humor are appreciated and are going to be missed by us all.

To Terry Branstad — I know you're looking forward to your new role as Lieutenant Governor and President of the Senate. I'm looking forward to working with you and with Mel Synhorst, Mo Baringer, Bob Lounsberry and Tom Miller during this new term. Unfortunately, Lloyd Smith is no longer with us and we will miss working with him. As State Auditor and Executive Council member, Lloyd was a conscientious and cost-conscious public servant. All state officials should strive to match his zeal and his enthusiasm.

To new justices Bob Allbee, Jerry Larson and Art McGiverin, and to Judge Janet Johnson — my best wishes to you and your colleagues on the Supreme Court and Appellate Court benches. May your ability, wisdom and experience lead to distinctive and dynamic careers on the highest courts of this state.

There are two more observations I would like to add — not for you who are legislators or state officials or judges — but for all Iowans.

First: All of us in the three branches of Iowa government are privileged to serve nearly three million good, and decent, and productive people.

And second: Government alone does not have custody of Iowa's future. "Future Iowa" is not hidden under the "Golden Dome" of this capitol waiting for us to reveal it, shape it, and give it to Iowans like a Christmas gift.

"Future Iowa" is on our farmsteads, the Main Streets of our cities and towns, and our campuses, and in our homes and schools. "Future Iowa" is in the minds and in the dreams of our people.

Recognizing that, I want to fulfill my obligation this morning and report to you on the condition of the state.

I am pleased to report that ours is a good condition. While we are not free of all problems, Iowa has advanced strongly.

- ** A record one point four million Iowans held jobs last year, more than ever before; Iowa's unemployment rate continued to drop — reaching a four-year low of two point six percent, one of the lowest rates of any state and less than half the national average.
- ** Residential construction grew fifteen percent over 1977, due in large part to stimulus from our Iowa Housing Finance Authority.
- ** Resilient Iowa farmers recovered from the drought, reaping record yields and again ranking this state first in corn production and second in soybeans, number one in hogs and number two in cattle — pushing farm income up over the previous year.
- ** Total personal income continued to grow faster than the inflation rate, increasing eleven percent over 1977.

Most often we hear about these kinds of major economic accomplishments along with government's highly visible achievements, such as rail assistance, coal research and early limits on taxation.

Our Iowans ought to know what else has been happening to improve Iowa's "Quality of Life." In 1978, the following actions and innovations stirred continued progress:

1. State coordinated gasohol sales at over one hundred locations...aggressive promotion to export farm products...and a special soil erosion study — all added momentum to Iowa agriculture!
2. A stricter and a fairer sick leave policy...paperwork reduction...and new training for state managers — emphasized government efficiency to save tax dollars!
3. A revamped twenty million dollar student loan program...new classroom construction at the University of Iowa, Iowa State and U.N.I....and more state aid for grades kindergarten through twelfth — helped to keep Iowa education in the front ranks!
4. Ninety-seven percent of Iowa's school children now immunized...an expanded family practice program to train doctors...and first-in-the-nation emergency help for the deaf — reinforced state efforts for health and the handicapped!
5. Daily hot meals now served to fourteen thousand elderly...jobs for three thousand more...in-home health care...and the first Older Iowans Legislature — continued our concern for senior Iowans!
6. Tax breaks for solar users...the "Bottle and Can" bill...and announcement of "The Great Iowa Clean-up" — were examples of still more Iowa efforts for energy and the environment!
7. America's first linked rail-barge program...agreement with Wisconsin and Illinois on funding a new thirty million dollar Dubuque bridge...and a revised road fund sending more money to cities — were major transportation improvements to move Iowa people, produce and products!
8. Renewed fire prevention efforts...and two hundred eighty-five moving radar units — helped to protect Iowans and gave our state the best traffic safety record west of Ohio!
9. A welfare fraud crackdown recovered one hundred times more money than the previous year...recapture of nine million dollars from parents who abandoned their children...and a praiseworthy program to put welfare recipients in to jobs — all to see public assistance used wisely, not wastefully!
10. Start up of a unitization plan to upgrade our prisons...and opening of the largest prisoner work-training site in the country — were items to give Iowa inmates the skills they need to become productive and law-abiding citizens!

Those are only sample highlights from 1978; some were more dramatic than others. All helped to make Iowa a better place to live and to work and to grow.

* * *

During the fall campaign, I quoted James Salk who said, "The greatest reward for doing is the opportunity to do more..." That is the challenge we face at the beginning of this new session — to do more for our state and its people, while living within our means.

This morning I want to stress four significant issues that demand your prompt attention. And with them, I want to introduce some important initiatives that deserve your positive action...

First: For our Iowa homeowners, renters and landlords — repeal of the sales tax collected on energy utility bills...a seventeen million dollar savings to help our Iowans fight inflation. In addition, accelerated energy conservation and development of solar energy.

Second: For our Iowa workers — new incentives for industry to expand job opportunities...and, at the same time, overhaul of inequitable unemployment compensation laws.

Third: For our Iowa communities — urban revitalization to offer a sound basis for re-investment in older neighborhoods.

Fourth: For our Iowa taxpayers — ten specific recommendations to make government more efficient and more effective.

Let's look at these four basic issues...

UTILITY TAX RELIEF AND ENERGY

The news columns tell us that Iowans and Americans are disappointed by the seeming inability of the federal administration and Congress to stem inflation. A negative balance of trade, massive deficits and constant uncertainty have eroded the dollar and dented confidence in Washington.

While our state economy is strong, Iowans most certainly are not immune from inflation. We see the effect of inflation with each month's utility bill. Jolted most severely by rising utility rates are retired Iowans trying to get by on fixed incomes.

Rising fuel and utility costs are, for the most part, determined by foreign decisions, and are beyond control of the homeowner, the renter and the landlord. We can't stop inflation by ourselves...but, when and where government can make a difference, we should be there, trying.

Our Iowa Commerce Commissioners understood the widespread concern over utility costs when they rejected over thirty million dollars in proposed rate hikes last year. They made a difference.

As we begin in 1979, we now find we are in a position where we can provide even more direct help to our Iowans.

We have already had some good experience with tax cutting. Five years ago, when we could afford it, I proposed repeal of the sales tax on food and drugs. The legislature concurred and Iowans are realizing the benefits.

This year, we can afford to take another step — a big step.

Today, I recommend repeal of the state sales tax on all residential energy bills. This will be a seventeen million dollar tax break for Iowans!

With this tax cut, we can help insulate Iowans from inflationary utility costs. This is a wise action at the right time...another tax savings for our citizens.

There's more that can be done and we can do it. Iowa consumers who receive utility refunds are entitled to interest on those refunds based on current rates. This law should be updated. And, time and money can be saved if we allow Commerce Commission rate decisions to be appealed directly to the Supreme Court.

As we try to hold down energy costs, I remind you how critically important it is to conserve energy and explore new energy sources.

To save energy and taxpayers' money, I advocate life-cycle costing and purchasing requirements for state government.

My 1979 energy program also calls for continued promotion of solar energy and even includes protection of access to sunlight for solar energy users.

We can't solve the nation's energy crisis all alone. But, we have had an enviable track record here in Iowa during energy shortages. Continued leadership from our Energy Policy Council and legislative support for the energy tax break and these other initiatives will help keep Iowa in the forefront — and isn't that where we want to stay?

JOB INCENTIVES

Without doubt, one of the most important things in peoples' lives is the chance to hold a job and earn a living. And, few things are more important to Iowa and America than having our citizens productively employed. Jobs mean purchasing power for people to improve their lives and livelihoods.

One of our jobs in government is to spur new employment opportunities for Iowans. Our Iowa Development Commission earns high marks from industries that locate here. The single-factor corporate income tax, which I have steadfastly supported, was upheld last summer by the U. S. Supreme Court. It brings jobs to Iowa, and it helps keep jobs in Iowa.

Those are some of the reasons why we've averaged eleven thousand new manufacturing jobs every year for the last ten years. Yet, during that same period, on the average, nine thousand manufacturing jobs have left Iowa each year because of plant obsolescence, energy, attrition and attractive incentives offered by other states.

The competition for business, industry and jobs is terrifically fierce. Cities play for keeps when it comes to luring companies. So do states.

If Iowa is to continue to compete...to stay in the business "Big Leagues"...and clinch our share of new industry, action is a must in 1979. Indeed, to hold the companies and jobs we now have in Iowa, action is a must in 1979.

Therefore, I am today proposing a series of incentives to create new jobs and keep existing ones in Iowa. They include:

- * In three steps, removal of the sales and use tax on new equipment and machinery. Neighboring Illinois recently joined thirty-three other states with this incentive.
- * Resuming the phase-out of personal property taxes.
- * A partial property tax moratorium for new manufacturing plants that expand work opportunities. Missouri, Kansas and South Dakota offer such a tax moratorium, and we have seen Iowa jobs move to those states.
- * A revolving fund to help Iowa communities construct buildings to attract industrial prospects.
- * Industrial start-up training capability to train Iowans for specific jobs that accompany new plants.
- * Seven changes in Iowa's unemployment insurance system. Tightening this law will make Iowa's program more consistent with other states and encourage Iowans to get back on the job.

These are solid steps to give Iowa new ammunition in the battle to bring business and jobs across our borders and into our state. Isn't it time to get moving and become more competitive?

URBAN REVITALIZATION

The revitalization of Iowa communities is a high priority. Last year, I introduced a blueprint for action. Many of you expressed support for this sound concept that would stimulate investment in Iowa's center-city areas.

This program offers many selling points: Local control, tax abatement on new or remodeled development, and a stronger local tax base in the future.

This approach also has the support of your hometown mayors. It exemplifies the kind of "progress with stability" for which Iowa is known. What more can a program offer? Isn't this the year to enact urban revitalization?

GOVERNMENT EFFICIENCY AND EFFECTIVENESS

Iowans are the kind of people who demand their money's worth. They want value, whether it's for hardware or health care. And, they expect value from their government as well.

We have had good success managing state government, seeking always to serve unobtrusively at the least possible cost. And today, I outline ten recommendations to further improve efficiency and effectiveness in Iowa government. They are:

- * Implementing a "Fair Play Plan" so the State pays the cost of new programs it imposes on local governments.
- * Consolidating Iowa's mental health programs while preserving local involvement.
- * Combining the four Environmental Quality Commissions into a single board.
- * Streamlining Iowa's natural resources agencies.
- * Restructuring the Law Enforcement Academy Council.
- * Trimming the court case backlog with a Senior Judge program.
- * Forming a screening committee to review the need for all licensing boards.
- * Drafting a new ethics law for government personnel.
- * Using a Washington, D.C. office to recover some of the money Iowans send to the nation's capital.
- * Opening up collective bargaining sessions to the press and public.

These logical management proposals and others in the Budget Message will make government more efficient. They will make government more effective. And, don't you agree that's in the best interest of all Iowans to do just that?

OTHER PRIORITIES

Your work during this session will not be limited to these issues I have just mentioned. You will want to consider other items also. Let me suggest a few:

- USURY was the sleeper issue of 1978, surfacing late in the session and sparking controversy well into the summer. The floating rate you approved for home mortgages makes sense and should be kept.
- CREDIT UNION SHARE DRAFTS deserve permanent approval, subject to the same standards as other financial instruments.
- MANDATORY RETIREMENT at age sixty-five should be abolished for state employees under IPERS because it's the right thing to do.
- ELDERCARE is a new focus for programs which promises help for our senior Iowans and merits support.
- HAZARDOUS SUBSTANCES can be a threat to all of us and a new law for their disposal is called for.

- EQUAL RIGHTS for all Iowans have been affirmed through legislation and should now be guaranteed in the Iowa Constitution.
- REPRESENTATION FOR THE DISTRICT OF COLUMBIA in Congress, the latest amendment to the United States Constitution, warrants Iowa's ratification.
- REAPPORTIONMENT will be a timely issue in two years; this task should be assigned to a bi-partisan citizens panel, subject to legislative approval.
- CONSUMER PROTECTION in Iowa should be enhanced by a new mechanic's lien law and modernizing procedures for class action suits.
- PRODUCT LIABILITY insurance safeguards consumers but is now an increasing problem for manufacturers; we can do something without depriving individuals of this needed protection.
- UNIFORM PARENTAGE legislation would treat innocent children more equitably, and I again request your approval.

These are the collective thoughts that come from the executive branch of Iowa government. They are enlightened and, I think, even exciting. And they represent a serious desire to give our Iowans the kind of government they want — a government both frugal and flexible, a government that is compassionate, and a government that plans, anticipates, and attacks problems.

This Friday, in my Inaugural Address, I intend to set forth some of the principles which have guided me in the preparation of this legislative program. And, a week from Thursday, I will deliver the Governor's detailed budget for the 1979-81 biennium.

In both of these messages, I will be discussing taxes and spending, and the scope and size of government. And, I'll be reminding you that we have shown restraint — putting limits on taxes while giving strong support to education and other priorities.

I can and I do ask that you give my 1979 plan for Iowa your careful scrutiny, with the expectation that it will earn your support.

The political campaigning is over, and we don't face an election this year. So, I say to you, this is a time to look not at polls and precinct maps, but at people and programs.

-0-

As I end this message, I am reminded of Thomas Carlyle who said, "Nothing is more terrible than activity without insight."

This new General Assembly, with its large and talented freshman class, features fresh insight into our Iowans and their concerns. I hope you will want to share that insight and work with us. Let me add, my staff and I and department heads look forward to working with you.

The ingredients for a successful session are fact, reason, perspective, and a sense

of purpose. If we keep those elements in mind, your work and mine will better serve the people who elected us.

We have a chance in 1979 to invigorate Iowans with a revival of interest in their government. Action to remove residential energy taxes, create jobs, revitalize neighborhoods, and become more efficient will convince Iowans that we do listen and prove we do care — for them, their priorities and their future. Let's start today!

Thank you.

Recommendations submitted to the Sixty—eighth General Assembly, First Session, in accordance with Article IV, Section 12, of the Constitution of the State of Iowa:

Repeal of Sales Tax on Residential Utilities

Our present budget situation permits us to take a bold initiative to assist Iowans with their energy utility bills. While the cost of fuel is ever increasing, state government can take action to help the consumer by repealing the sales tax on residential utilities at an annual cost savings of about \$17 million to homeowners, renters, and landlords.

Solar Energy and Sun Rights

The use of solar energy in our state is truly on the rise. Iowa now has over one hundred dealers, distributors, and manufacturers of solar energy equipment to demonstrate the expansion of this new industry. It is time for new legislation to protect the rights to sunlight to insure that investments made in solar energy devices are not negated by construction on surrounding properties which would obscure the sun and render the solar devices ineffective. Sun rights legislation is considered by the Energy Policy Council to be the single most positive step in the promotion of solar energy commercialization.

Life Cycle Costing in State Purchases and Buildings

Life cycle costing needs to be included as a necessary and essential aspect of state government purchasing procedures. In accepting bids for the purchase of equipment, the least expensive product is the product with the lowest total cost including the operating cost over its useful life. In addition, this same type of analysis should be extended to the bidding procedures for the construction of new state buildings.

Appeal of Commerce Commission Rate Decisions

Direct appeal of Commerce Commission rate decisions to the Supreme Court can reduce the time lag experienced in resolving these cases. Ratepayers will benefit by reducing the unnecessarily large costs incurred during the prolonged litigation process.

Fair Rate of Return on Utility Refunds

When making refunds to customers after a rate case is decided, present law authorizes the Commerce Commission to require a utility to pay from 5 to 9 percent interest on those refunds. With the present money market, the maximum allowable rate does not adequately compensate the public for the use of its money and should be increased.

Repeal of Sales and Use Tax on New Equipment and Machinery

To attract new job opportunities to Iowa, we should repeal the sales tax on the purchases of new machinery and equipment. As other states have, Iowa can accomplish this repeal by phasing it in over the next three years on a refundable basis. The new jobs created by this exemption will, at least partially, offset the loss of revenue caused by the repeal.

Property Tax Abatement

Local governments should have the ability, where so desired, to encourage industrial growth by offering a partial property tax moratorium to new or expanding industry. Other states have found success in securing new jobs by offering such an incentive.

Personal Property Tax Phaseout

Now that our funds permit it, we should resume the phaseout of the personal property tax. The next addition of \$3.8 million in phaseout funds in FYE 1980 will permit a substantial increase in the current \$58,000 exemption level.

State Assistance for Communities with Industrial Buildings

Today, industrial prospects are more and more seeking existing buildings rather than building new ones. Iowa communities, to remain successful in attracting new job opportunities, have found it beneficial to finance the construction of industrial facilities with the hope of attracting new business. While most communities can arrange local financing, they have difficulty in generating cash for interest payments until the facility is sold. The State can guarantee the interest payments for the second, third, and fourth years a building is on the market with the understanding that the interest would be returned to the State upon the sale of the building.

Industrial Start-up Training Funds

It would benefit economic development to assist companies which expand or locate in Iowa by providing start-up training to their new employees. This short-term training would be provided through our area community colleges and would be designed to provide new businesses with well-trained workers who can meet their specific needs.

Unemployment Insurance

Iowa's present unemployment insurance system should be reformed with the following changes:

1. Reduction of the current maximum duration of benefits from thirty-nine to twenty-six weeks, making Iowa consistent with forty-one other states.
2. Freezing the current maximum benefit amount until it equals 58 percent of the average weekly wage.
3. Requiring requalification for misconduct cases similar to voluntary quit cases.
4. Restoration of the one-week waiting period.
5. Removing disincentives in the partial unemployment benefits program.
6. Raising the notification period from seven to ten days.
7. Relieving individual employers of the cost of out-of-state benefits that would have been denied in Iowa.

Urban Revitalization

Our cities can gain a real advantage with urban revitalization programs which will encourage renovation and redevelopment of their inner-urban neighborhoods through a program of locally controlled property tax abatements. All classes of property should be included in reinvestment provisions through the urban revitalization program in our cities.

Fair Play Plan

While state and local governments have little protection from the federal government, we can give some assurances to local governments that the state will not impose new programs without providing the financial means to fund them.

Mental Health Reorganization

We need a more consistent and equitable statewide program for mental health services. This reorganization should provide for programs which encourage cooperation between hospitals, institutions, and outpatient centers, resulting in comprehensive client treatment. A major focus of reorganization should be maintenance of Iowa's unique local involvement in mental health. The Mental Health Advisory Council's initial recommendations should be available for guidance within two months.

Department of Environmental Quality Reorganization

It is recommended that the General Assembly complete in this session the reorganization of the Department of Environmental Quality. A reorganization would leave the department with a single policy-making commission in place of the four separate commissions and the executive committee now in place. This would permit the department to be more responsive to the many-faceted problems of enhancing the quality of our air, water, and land resources and protecting the health of our citizens.

Natural Resource Agencies Reorganization

The interrelated resource programs of the Department of Soil Conservation and the Iowa Natural Resources Council should be combined. This would offer increased effectiveness and better coordination of the state's soil and water conservation programs which serve both rural and urban needs. Equally important, it would be a logical entity to accept and administer the land preservation policies now being studied and formulated.

Law Enforcement Academy Council

The current structured membership of the Law Enforcement Academy Council should be replaced with a council of seven members appointed by the Governor from the general public.

Senior Judge Program

We can take advantage of the experience and knowledge of retired judges by adoption of the senior judge program. Not only would participating judges enjoy increased retirement income, but a reduction of the court backlog could also be accomplished.

Screening Committee for Licensing Boards

State licensing of professions is for the purpose of protecting the health and safety of the public. A citizen's screening committee could review proposed and existing licensing efforts to determine if they are meeting that purpose.

Ethics

Last year it was suggested that we await receipt of the report of the Governor's Task Force on Government Ethics before suggesting specific ethics legislation. A review of those recommendations provides an excellent basis for developing a comprehensive code for the legislative and executive branches of government.

Washington, D. C. Office

The federal government's involvement in Iowa's activities can range from farm support programs to girls basketball. Iowa should join the thirty other states that have established state offices in Washington, D. C., so that we can better anticipate the federal government's latest actions and secure our fair share of federal funds.

Public Collective Bargaining Sessions

Last year's compromise on open collective bargaining sessions was insufficient to let the public know and understand the process by which their tax dollars are spent on employee salaries. The open meetings law should be applied to the collective bargaining process more comprehensively.

Usury

Last year's temporary bill permitting the floating interest rate ceiling should be

replaced with permanent legislation that allows for access to money markets by Iowa homebuyers. The floating-rate concept makes sense and should be continued.

Credit Union Share Drafts

Quick action is needed to permit the use of share draft accounts on a permanent basis. The many Iowans who use share draft accounts should be permitted to continue to use them and be afforded the same protection that customers of other financial institutions enjoy.

Mandatory Retirement

We should renew our efforts to abolish mandatory retirement for state employees under IPERS. In addition, present law should be changed to comply with the recent federal action to raise the minimum mandatory retirement age for most other employees to age seventy. Before all retirement ages are eliminated, however, we need to take a look at the interrelationships between tenure, retirement benefits, and the complete abolishment of mandatory retirement.

Elder Care

Iowa has developed a large number of financial and service programs for our senior Iowans. Many of these are used well and to capacity. We are recommending state funds for several of these services, such as adult day care, chore services, and home repair programs.

Hazardous Waste Disposal

The hazardous waste program would protect Iowa's environment from the improper storage, transportation, treatment, and disposal of hazardous wastes. The disposal control effort would allow Iowa's hazardous waste program to be approved by the EPA and therefore allow Iowa to administer the hazardous waste program in lieu of EPA.

Equal Rights Amendment

Iowa's record of support for and accomplishments in achieving equal rights for all its citizens has been noteworthy and received national recognition. Passage of a state equal rights amendment will help us maintain our momentum and even improve our record.

District of Columbia Representation

Even though the District of Columbia has a population greater than five states of the Union and its residents carry the same burden of citizenship as those of the fifty states, they are not allowed to participate fully in our government and do not have representation in Congress. The State of Iowa should ratify the constitutional amendment for full voting representation in the United States House of Representatives and the United States Senate for the District of Columbia.

Reapportionment

Gerrymandering often offers only short-term returns. Our citizens would be better off if we had a bipartisan citizens panel to draw congressional and legislative district lines that give recognition to population and local political boundaries but avoid unfair political advantages. A citizens commission would be prepared and equipped to offer the legislature an equitable solution while retaining in the legislature final decision-making authority.

Class Action Procedural Modernization

The Supreme Court and the legislature should seriously consider the now outdated rules relating to consumer-type class actions. Adoption of the Uniform Class Action Act or Rule would ease access to Iowa judicial remedies now denied by docket oriented federal practice.

Mechanic's Liens

Many consumers, particularly the elderly or young homeowner, fail to appreciate the extensive remedies available to creditors under Iowa's mechanic's lien law. A measured protection can be afforded from such misunderstanding if suppliers of materials and services were required by law to give notice in advance that a mechanic's lien could be filed against the improved property if payment is not made to the supplier and a lien waiver obtained.

Products Liability

We have recognized through rule of law that the burden of the results of the use of defective products should rest with the manufacturer and not the injured party. We know that a number of Iowa manufacturers have been unable to insure against the product liability risk because of the high cost or unavailability of insurance coverage. Following the guideline of our successful medical malpractice legislation, we urge creation of an interim joint underwriting authority to provide basic coverage now where needed and require specific data from insurance carriers. This will enable us to determine the full impact of the many legislative remedies presently urged upon state government for adoption without limiting the basic rights of Iowans.

Uniform Parentage Act

This act establishes rules and procedures for determining the natural parents of a child. It also extends the parent-child relationship equally to all children and parents regardless of the marital status of the parents and provides for the termination of custody and parental rights in certain situations.

8 or the chief clerk's assistant prior to the convening of the

12 RULE 30

13 CONSIDERATION OF RESOLUTIONS

14 Action on each resolution, except a memorial resolution,
15 and proposition requesting information from a state official
16 may not be taken until one day after the resolution or

19 chief clerk shall transmit certified copies.

20 RULE 31

21 UNANIMOUS CONSENT CALENDAR

22 The speaker may, upon the request of three members, place
23 on a unanimous consent calendar any house resolution or

25 and which has been laid over under Rule 30.

26 If such resolution is placed on the unanimous consent
27 calendar it may be removed only upon a written request
28 submitted to the speaker by a member of the house.

29 If not removed after five legislative days, the chief clerk
30 shall call up the resolution and without debate the speaker
31 shall pronounce that it has passed by unanimous consent.

32 If the resolution is removed from the unanimous consent
33 calendar, the speaker may again lay the resolution over under
34 Rule 30, place it on a different calendar, or refer the

 17 an adequate explanation thereof is included at the end of
 18 each bill.

19 RULE 33

20 JOINT RESOLUTIONS

21 Joint resolutions shall be framed and treated as bills.

RULE 85
 METHOD OF CALLING THE ROLL

12 Upon calls of the house, or in taking the ayes and nays
 13 on any question, the electrical roll call system shall be
 14 used. In the event the electrical roll call system is not

 16 presiding officer shall order that the aye and nay votes be
 17 taken by calling the roll in alphabetical order, except that
 18 the name of the speaker of the house shall be called last.

19 During the casting of the vote with the voting machine,
 20 the individual votes and the vote totals shall be shown on
 21 the display boards. Before the voting machine is closed,
 22 the presiding officer shall inquire of the house, "Have you
 23 all voted?"

24
 25

RULE 86
 QUORUM AND DEMAND FOR AYES AND NAYS

26 A majority of the members shall constitute a quorum, and
 27 upon demand of any two members the ayes and nays shall be
 28 ordered; the names of the members demanding the ayes and nays

RULE 87

1 constitutional majority of the members. If the motion for
2 a previous question is not adopted, the house shall proceed
3 in the same manner as before the motion was made.

7 in charge of the measure will have ten minutes to speak for
8 the purpose of closing discussion before the vote on the

HOUSE CONCURRENT RESOLUTION 2

By Hansen of O'Brien

- 1 *Whereas*, the governor is the commander in chief of
- 2 the state; and
- 3 *Whereas*, in the history of our nation and state,
- 4 there have been heroic Iowans, civilians as well as
- 5 military personnel, who have served their community,
- 6 state and nation far beyond the call of duty; and
- 7 *Whereas*, Iowa does not presently have a suitable
- 8 decoration to honor such heroic Iowans; and
- 9 *Whereas*, most of the fifty states have such
- 10 appropriate decorations which are on display in the
- 11 Memorial Amphitheatre at the Arlington National
- 12 Cemetery and in other national or state archives;
- 13 and
- 14 *Whereas*, various state veterans' organizations have
- 15 volunteered to fund the cost of such a decoration;
- 16 *Now Therefore*,
- 17 *Be It Resolved by the House of Representatives, the*
- 18 *Senate Concurring*, That the governor as commander in
- 19 chief, is urged to establish an Iowa Medal of Valor,
- 20 to present in the name of the State of Iowa. The
- 21 medal should be of suitable design, as determined by
- 22 the governor. It is urged that the medal be sparingly
- 23 awarded by the governor to those Iowa civilians and
- 24 Iowa military personnel who have performed valorous

25 or meritorious service which reflects honorably and
26 creditably on the state of Iowa, comparable to the
27 service rendered in earning the Congressional Medal
28 of Honor. It is urged that the method of awarding
29 the medal allow the local commanders of the state's
30 veterans' organizations to recommend to their state

Page 2

1 commanders names of potential recipients, with the
2 state commanders' recommendations to the state
3 veterans council which would make nonbinding recom-
4 mendations to the governor. It is further urged that
5 the first recipients of the Iowa Medal of Valor be
6 those Iowans who have received the Congressional Medal
7 of Honor.

Mr. President, Mr. Speaker, Mr. Chief Justice, Justices of the Supreme Court and Members of the Appellate Court, State Officials, Legislators and Guests and Friends:

We are beginning a full day of Inaugural activities. Our state officials and I will host an open house at the State Capitol this afternoon...and the Inaugural Ball will be here at Veterans Auditorium this evening.

I hope all of you will share in one or both of these special functions. By the way, I might remind you that we decided not to use tax dollars for the Inauguration, so there will be a five dollar charge for the Ball. Of course, there was no charge to come here this morning to witness the swearing-in ceremonies and then listen to my remarks. I just hope that when you leave, at least you will feel you got your money's worth...

This noon I want to visit with you for a few moments about Iowa — who we are and where we are going. This is not a speech full of specifics and details. You heard some

Tuesday during my Condition of the State report, and you will hear more next Thursday in my Budget Message.

I stand before you not as a Governor who has served four terms, but as a Governor starting a new term. And to our new Chief Justice Reynoldson, thank you for helping me begin this term by smoothly offering the oath of office. It's taken me five Inaugurations to feel as calm and collected as you are at your first...

I have said many times in the past couple of days that I am excited about this new term. I am excited about the new legislative session and the program I offered Tuesday. And, I'm excited about this day of Inauguration which is always a special time when our Iowans can sense a little more closeness to their government.

We are Iowans.

We are here by birth...or by choice...for many of us, by both.

Most of us are really happy to express our affection for this state. We owe it much. We believe in it.

We are a community of people—an Iowa community with a knack for showing America how to solve problems. Remember the emergency fuel oil pool during the first energy crunch. Look at railroad branch-line assistance. Consider cost-sharing soil conservation...tuition grants...and early limits on taxation.

These are good examples of state government "success stories." These are good reasons why Iowa is a national leader!

The credit for our progress, and also our stability, cannot be attributed to government alone.

This state has a rich heritage—not because of government alone, but because of generations of Iowans who have cherished the opportunity to live here and to prosper here.

This state is noted for excellence in education—not because of government alone, but because of teachers and students who share an appreciation for the value of knowledge.

This state is an agricultural pace-setter—not because of government alone, but because of hard-working farmers who know how to get the most out of their soil.

This state has strong industry—not because of government alone, but because of farsighted business captains who provide jobs, and hundreds of thousands of highly skilled and dependable workers who fill them.

This state has a good environment—not because of government alone, but because of Iowans who respect our resources.

When you think about it, this state has an extraordinary "Quality of Life"—not because of government alone, but because of an array of institutions finding and

showing us ways to improve: churches and communities, the press, civic, educational, and fraternal organizations, not to mention so many spirited, talented individuals.

One of the best things about being Governor is the opportunity I have to meet with lots of warm and enthusiastic Iowans of all ages. And in the process, one can actually see and feel what makes this state come alive — what gives Iowa its vitality.

It was John Gardner who said, "Some people strengthen the society by being the kind of people they are..."

Those special kinds of people are all around us in Iowa... You see them participating in our Community Betterment Program which last year had a record number of entries. You see our farmers working with the Development Commission on the "Fine Iowa Meats" program and selling millions of pounds of Iowa meat. You see those in private enterprise stepping out and experimenting with the sale of gasohol. And you see volunteers donating 200,000 hours of their time helping residents of our mental health institutes and hospital-schools.

Along with others, these people and their accomplishments, are reasons why this state is as good as it is. Is it any wonder then, that only one percent of our Iowans tell us by poll that they would rather live somewhere else? I defy you to find a state with a stronger public endorsement for a way of life.

Because of our people, we have made progress. Yet, obstacles remain. Perhaps the biggest is the trouble so many of us have in really understanding how mutually dependent we are upon each other.

And we are going to need one another as we conclude this decade and confront the big challenges ahead in the new decade of the eighties.

We, like all Americans, are concerned about inflation. The dwindling value of our dollars disheartens us every time we go to the grocery store or the shopping mall or the automobile showroom. If we could lick inflation by ourselves here in Iowa, we would all be national heroes. We cannot. But we can do our part. Steps such as those I outlined Tuesday to make government more efficient will help.

And, to prompt even further efficiency in Iowa state government, I am today announcing the creation of the Second Governor's Economy Committee.

You'll recall the great achievements of the Governor's Economy Committee of 1969 and 1970. That group made over three hundred recommendations for efficiency. Most were implemented, and they saved taxpayers millions of dollars and helped to make government work better.

As I start this new term, I will be appointing a blue-ribbon group of volunteer management experts to take a new look at state government — from top to bottom. We will be putting the Economy Committee together shortly, with the anticipation it will begin work by spring.

This Second Governor's Economy Committee can give us guidance for good government in the eighties and again save tax dollars!

The decade just ahead will see us coping and grappling with other issues — none of which promises to be simple or easy. Let's preview some of them:

- **ECONOMIC** growth and how to maintain it will challenge us in the eighties. The package of job incentive ideas I have introduced Tuesday will offer new work opportunities to Iowans, and it will keep our state moving forward.
- **EXPORT EXPANSION** and the potential for marketing and selling Iowa's farm products and manufactured goods around the nation and the world will challenge us in the eighties. The possibility of a trade mission to the People's Republic of China, which Jim Leach has been helping us on, and an aggressive "sell Iowa" campaign by state government, commodity groups, and business leaders can bring income to Iowa, and keep our state moving forward.
- **ELDERLY** Iowans will increase their numbers by eleven percent, and finding ways to aid their health and well-being will challenge us in the eighties. Our new Eldercare program and a pilot "Golden Iowans" effort, on which we are working with Chuck Grassley, promise real benefits for our senior Iowans, and will keep our state moving forward.
- **EDUCATION** and how to square rising costs with declining enrollments will challenge us in the eighties. Our School Foundation Plan has worked well and the refined approaches I'll release in my Budget Message will give young Iowans a solid education, and will keep our state moving forward.
- **ENERGY** supplies will become more scarce, and finding ways to maintain energy security will challenge us in the eighties. Our emphasis on energy conservation and new initiatives for solar development will help meet Iowa's energy demands, and will keep our state moving forward.
- **ENVIRONMENTAL** protection is a must, and keeping our air clean and our water pure will challenge us in the eighties. The "bottle and can" bill and "The Great Iowa Clean-up" on May 5 promise a fresh beginning for the new decade, and will keep our state moving forward.

Iowa ranks twenty-fifth in size and twenty-fifth in population. We are, geographically, in the middle of America. With our values, traditions and customs, we are middle America. We are neither radical nor provincial. Thus, we are a manageable statewide laboratory for progress.

As Iowa programs work for the economy and jobs, export expansion for agriculture and industry, elderly needs, education, energy and the environment, the nation will be watching us. And, we will be charting our own progress in enhancing opportunities for women and minorities.

Truly, while we have accomplished much, there is much yet to accomplish as we fashion "Future Iowa" for the eighties and the years and decades beyond, into the twenty-first century.

It was some twenty centuries ago, around the time of Christ, when the philosopher Seneca said, "...When a man does not know what harbor he is making for, no wind is the right wind..."

Here in Iowa we try always to know what "harbor" we are making for. We have pride in the good planning done by our farmers as they prepare to plant their crops. Industry also carefully plans its goals for production and sales.

And, in government, we are constantly planning. We try to learn what our citizens expect of government...what they want government to do, and what they don't want government to do. We listen—and we plan accordingly.

We strive for that delicate balance which, on the one hand, provides service to people while, on the other hand, protects them from unduly high costs.

In Iowa we have had success doing that. Government works and works well. Iowa government is open. Iowa government is both modern and modest when compared with most other states.

I want to share some of my thoughts on the role and purpose of government and explain why this is so.

1. People are entitled to honest, efficient and understandable government at the lowest possible cost.
2. It is government's proper mission, indeed our principle mission, to identify peoples' priorities and to work with people for their benefit, not government's.
3. Government should not fulfill, for the most part, those functions which can be better or more economically performed by individuals or the private sector.
4. The promise of progress demands innovation, creativity, and yes, even a little risk, and to have that, government must preserve some flexibility.
5. Taxpayers can rightfully expect a full measure of performance from government and its employees; those workers can also justly expect equitable compensation and recognition.
6. Every citizen should appreciate that democracy demands participation, and that qualified adults should register, vote and share their views on contemporary issues.

I have attempted to affirm, apply and advance those principles during the ten years in which I have held this office.

I have had a lot of help. And, once again, I want to publicly thank Art Neu for his loyalty and for the leadership he has exerted in his own right. Art, we appreciate your experience and expertise. You have added to the dimension of the Office of Lieutenant Governor; Iowa government and its people are better because of your service.

With Art taking "early retirement" at the age of forty-five, we now have a new Lieutenant Governor. I know this is an exciting day for Terry and Chris Branstad, and it should be. Terry, you impressed all of us with your hard work to win this office. And now, you will be impressing us with your good work in the Office of Lieutenant Governor, for which you are so well qualified. And, I just want you to know again that I am looking forward to working well with you.

Congratulations to Roger Jepsen on becoming our new United States Senator and to Tom Tauke for being our new Representative in Congress.

Last year I was fortunate to have so many Iowans support me with their voices during the campaign, and with their votes on Election Day.

An expression of thanks, while appropriate, seems also very inadequate. I can only tell you how happy I am that so many of you—long-time friends, new friends, and, hopefully, future friends—are here with us—Billie, Randi, Lu Ann, Vicki, my Mother, my Mother-in-law and me—on this special Inaugural Day.

To those Iowans who voted for me, to those who didn't vote for me, to those who didn't vote, and to those who couldn't vote, I begin this new term with a request for your help.

I also begin this new term with optimism for our Iowa community and with trust and confidence in our Iowans.

I hope you will share that optimism with me, and that you, too, will find that your faith in each other as Iowans is well placed. Sometimes, we will be disappointed. But, without that faith, we will not progress very far.

To achieve greater understanding and trust and appreciation in our Iowa community is not only an end in itself, it is the key to major progress.

To you who are just beginning your work as legislators, and to all of us who join today in this celebration of a free and open government, I say to you: to build the best possible Iowa community is a goal worthy of everything any of us can give it. To say this is easy. To do this is not so easy.

The German poet Goethe once wrote, "Let everyone sweep in front of his own door, and the whole world will be clean..." As I have said so often, if each of us does his or her part and his or her job a little better, we can build that "Future Iowa" we want..

We cannot ignore, nor shall we, national or international problems and needs.

But this particular area of the nation we call Iowa is our special responsibility.

And, if we don't work for it...if we don't care for it, surely no one else will. If we

can create something noble and lasting, it will serve as an antidote for cynicism. And, it will serve as an inspiration to other people, in other places, and in other times.

We should work and act and speak as if each of us—those of us in government and those of you who are not—as if each one of us has an important role to play in this common enterprise.

Because we do.

Thank you very much.

President pro-tempore Hansen in the chair.

The benediction was offered by Reverend Eugene Williams, pastor of Faith Temple Baptist Church, Waterloo, Iowa.

Governor Robert D. Ray and Lieutenant Governor Terry E. Branstad were escorted from the rostrum by the committee previously appointed.

Senator Hultman of Montgomery moved that the reading of the minutes of the joint convention be dispensed with.

The motion prevailed.

Halvorson of Clayton moved that the joint convention be now dissolved.

The motion prevailed.

The House reconvened, Speaker Millen in the chair.

By Committee on Rules and Administration

- 1 *Be It Resolved By The Senate, The House of Representatives*
- 2 *Concurring,* That the joint rules of the senate and house in
- 3 the sixty-eighth general assembly shall be:
- 4 **JOINT RULES OF THE SENATE AND HOUSE**
- 5 **Rule 1**
- 6 **Suspension of Joint Rules**
- 7 The joint rules of the general assembly may be suspended
- 8 by concurrent resolution, duly adopted by a constitutional
- 9 majority of the senate and the house.
- 10 **Rule 2**
- 11 **Designation of Sessions**

12 Each regular session of a general assembly shall be
13 designated by the year in which such regular session commences.

14 Rule 3

15 Sessions of a General Assembly

16 The election of officers, organization, hiring and
17 compensation of employees, and standing committees in each
18 house of the general assembly and action taken by each house
19 shall carry over from the first to the second regular session
20 and to any extraordinary session of the same general assembly.
21 The status of each bill and resolution shall be the same at
22 the beginning of each session as it was immediately before
23 adjournment of the previous regular or extraordinary session;
24 however the rules of either house may provide for re-referral
25 of some or all bills and resolutions to standing committees
26 upon adjournment of each session or at the beginning of a
27 subsequent regular or extraordinary session, except those
28 which have been adopted by both houses in different forms.

29 Upon final adoption of a concurrent resolution at any
30 extraordinary session affecting that session, or at a regular
31 session affecting any extraordinary session which may be held
32 before the next regular session, the creation of any calendar
33 by either house shall be suspended and the business of the
34 session shall consist solely of those bills or subject matters
35 stated in the resolution adopted. Bills named in the

Page 2

1 resolution, or bills containing the subject matter provided
2 for in the resolution, may, at any time, be called up for
3 debate in either house by the majority leader of that house.

4 Rule 4

5 Presentation of Messages

6 All messages between the two houses shall be sent by the
7 secretary of the senate or the chief clerk of the house of
8 representatives, shall be announced and communicated to the
9 chair.

10 Rule 5

11 Printing and Form of Bills
12 and Other Documents

13 Bills and joint resolutions shall be introduced, numbered,
14 prepared, and printed as provided by law, or in the absence
15 of such law, in a manner determined by the secretary of the
16 senate and the chief clerk of the house of representatives.

17 All bills and joint resolutions introduced shall be in
18 a form and number approved by the secretary of the senate
19 and chief clerk of the house.

20 The legal counsel of each house shall read and approve
21 all bills before introduction.

22 Rule 6

23 Companion Bills

24 When identical bills are introduced in each house they

25 shall be called companion bills. Each house shall designate
 26 the sponsor in the usual way followed in parentheses by the
 27 sponsor of the companion bill in the other house. The house
 28 where the bill is first introduced shall print the complete
 29 text. The printed companion bill shall contain the title,
 30 enacting clause, and a statement that the bill is a companion
 31 bill. However, if the bill is not more than four pages in
 32 length, the complete text shall be printed in both houses.

33 Rule 7

34 Reprinting of Bills

35 Whenever any bill has been substantially amended by either

Page 3

1 house, the secretary of the senate or the chief clerk shall
 2 order the bill reprinted on paper of a different color. All
 3 adopted amendments shall be distinguishable.

4 The secretary of the senate or the chief clerk may order
 5 the printing of a reasonable number of additional copies of
 6 any bill, resolution, amendment, or journal.

7 Rule 8

8 Daily Clip Sheet

9 The secretary of the senate and the chief clerk shall
 10 prepare a daily clip sheet covering all amendments filed.

11 Rule 9

12 Reintroduction of Bills and Other Measures

13 When a bill or resolution which has passed one house is
 14 rejected in the other, it shall not be again introduced during
 15 the general assembly.

16 Rule 10

17 Certification of Bills and Other Enrollments

18 When any bill or resolution which has passed one house
 19 is rejected or adopted in the other, notice of such action
 20 and the date thereof shall be given to the house of origin
 21 in writing signed by the secretary or the chief clerk.

22 Rule 11

23 Amendments by Other House

24 I. When a bill which originated in one house is amended
 25 in the other house, the house originating the bill may amend
 26 the amendment, concur in full in the amendment, or refuse
 27 to concur in full in the amendment. Precedence of motions
 28 shall be in that order.

29 A. If the house originating the bill concurs in the
 30 amendment, the bill shall then be read for the last time as
 31 amended, and placed upon its final passage.

32 B. If the house originating the bill refuses to concur
 33 in the amendment, the bill shall be returned to the amending
 34 house which shall either:

35 1. Recede, after which the bill shall be read for the

Page 4

1 last time and placed upon its final passage; or

2 2. Insist, which will send the bill to a conference
3 committee.

4 C. If the house originating the bill amends the amendment,
5 that house shall concur in the amendment as amended and the
6 bill shall be read for the last time as amended, shall be
7 placed on final passage, and shall be returned to the other
8 house. The other house cannot further amend the bill.

9 1. If the amending house which gave second consideration
10 to the bill concurs in the amendment to the amendment, the
11 bill shall then be read for the last time as finally amended,
12 and placed upon its final passage.

13 2. If the amending house refuses to concur in the amendment
14 to the amendment, the bill shall be returned to the house
15 originating the bill which shall either:

16 a. Recede, after which the bill shall be read for the
17 last time as amended and placed upon its final passage; or

18 b. Insist, which will send the bill to a conference
19 committee.

20 II. A motion to recede has precedence over a motion to
21 insist. Failure to recede means to insist; and failure to
22 insist means to recede.

23 III. A motion to lay on the table or to indefinitely
24 postpone shall be out of order with respect to motions to
25 recede from or insist upon and to amendments to bills which
26 have passed both houses.

27 IV. A motion to concur, refuse to concur, recede, insist,
28 or adopt a conference committee report is in order even though
29 the subject matter has previously been acted upon.

Rule 12

Conference Committee

30 1. Within one legislative day after either house insists
31 upon an amendment to a bill, the presiding officer of the
32 house, after consultation with the majority leader, shall
33 appoint three majority party members and, after consultation
34 with the minority leader, shall appoint two minority party
35 members to a conference committee. The presiding officer
36 of the senate, after consultation with the majority leader,
37 shall appoint three majority party members and, after
38 consultation with the minority leader, shall appoint two
39 minority party members to a conference committee. The papers
40 shall remain with the house that originated the bill.

Page 5

1 with the minority leader, shall appoint two minority party
2 members to a conference committee. The presiding officer
3 of the senate, after consultation with the majority leader,
4 shall appoint three majority party members and, after
5 consultation with the minority leader, shall appoint two
6 minority party members to a conference committee. The papers
7 shall remain with the house that originated the bill.

8 2. The conference committee shall meet before the end
9 of the next legislative day after their appointment, shall
10 select a chair and shall discuss the controversy.

11 3. The authority of the committee shall cover free
12 conference during which the committee has authority to propose
13 amendments to any portion of a bill provided the amendment
14 is within the scope of the title of the bill.

15 4. An agreement on recommendations must be approved by
16 at least three members from each house. The committee shall
17 submit two originals of the report signed by at least three
18 members of each house with one signed original and three
19 copies to be submitted to each house. The report shall first
20 be acted upon in the house originating the bill. Such action,
21 including all papers, shall be immediately referred by the
22 secretary of the senate or the chief clerk of the house of
23 representatives to the other house.

24 5. The report of agreement is debatable, but cannot be
25 amended. If the report contains recommended amendments to
26 the bill, adoption of the report shall automatically adopt
27 all amendments contained therein. After the report is adopted,
28 there shall be no more debate, and the bill shall immediately
29 be placed upon its final passage.

30 6. Refusal of either house to adopt the conference
31 committee report has the same effect as if the committee had
32 disagreed.

33 7. If the conference committee fails to reach agreement,
34 a report of such failure signed by at least three members
35 of each house shall be given promptly to each house. The

Page 6

1 bill shall be returned to the house that originated the bill
2 and the members of the committee shall be immediately
3 discharged and a new conference committee appointed by the
4 presiding officer of each house. The presiding officer of
5 the house, after consultation with the majority leader, shall
6 appoint three majority party members and, after consultation
7 with the minority leader, shall appoint two minority party
8 members all of whom shall not have previously served on a
9 conference committee on the bill under consideration. The
10 presiding officer of the senate, after consultation with the
11 majority leader, shall appoint three majority party members
12 and, after consultation with the minority leader, shall appoint
13 two minority party members all of whom shall not have
14 previously served on a conference committee on the bill under
15 consideration.

Rule 13

Enrollment and Authentication of Bills

18 When a bill or resolution has passed both houses, it shall
19 be enrolled in the house of origin under the direction of
20 either the secretary or the chief clerk and its house of
21 origin shall be certified by the endorsement of the secretary
22 or the chief clerk.

23 After enrollment, each bill shall be signed by the president
24 and by the speaker.

Rule 14
Concerning other Enrollments

All resolutions and other matters which are to be presented to the governor for his approval shall be enrolled, signed, and presented in the same manner as bills.

All resolutions and other matters which are not to be presented to the governor or the secretary of state shall be enrolled, signed and retained permanently by the secretary of the senate or chief clerk of the house.

Rule 15
Transmission of Bills to the Governor

Page 7

1 After a bill has been signed in each house, it shall be
2 presented to the governor by the secretary or the chief clerk
3 of the house of origin. The secretary or the chief clerk
4 shall report the date of the presentation, which shall be
5 entered upon the journal of the house of origin.

6 Rule 16
7 Fiscal Notes

8 A fiscal note shall be attached to any bill or joint
9 resolution which reasonably could have an annual effect of
10 at least one hundred thousand dollars or a combined total
11 effect within five years after enactment of five hundred
12 thousand dollars or more on the aggregate revenues,
13 expenditures or fiscal liability of the state or its
14 subdivisions. This rule does not apply to appropriation
15 measures where the total effect is stated in dollar amounts.

16 The preliminary determination of whether the bill appears
17 to require a fiscal note shall be made by the legislative
18 service bureau which shall indicate that a bill requires a
19 fiscal note by stamping "FISCAL NOTE REQUIRED" prominently
20 on the bill jacket. Upon completion of the bill draft, the
21 legislative service bureau shall immediately send a copy to
22 the legislative fiscal director for his review.

23 When a committee reports a bill to the floor, the committee
24 shall state in the report whether a fiscal note is or is not
25 required.

26 The fiscal note shall be printed on the bill before
27 introduction if practicable; and in any event the secretary
28 of the senate or chief clerk of the house shall attach the
29 fiscal note to the bill when the bill is reported out by a
30 committee.

31 The legislative fiscal director shall prepare the fiscal
32 note within a reasonable time after receiving the request.
33 A copy of the fiscal note shall be filed by the legislative
34 fiscal director with the secretary of the senate or the chief
35 clerk of the house. The legislative fiscal director may

Page 8

1 request the cooperation of the state comptroller or any state
2 department or agency. If a fiscal note is prepared by the
3 comptroller or any state department or agency at the request
4 of the fiscal director, that fact shall be stated in the note.

5 Each fiscal note shall state in dollars the estimated
6 effect of the bill on the revenues, expenditures, and fiscal
7 liability of the state during each of the first five years
8 after enactment. Sources of funds for expenditures under
9 the bill shall be stated, including federal funds. If the
10 fiscal director cannot make an accurate estimate, he shall
11 state his best available estimate or shall state that no
12 dollar estimate can be made and state concisely the reason.

13 The fiscal note shall be attached or printed in the bill
14 following the explanation or shall be printed in the daily
15 clip sheet.

16 A revised fiscal note may be requested by a committee
17 chairman or a sponsor of the bill if the fiscal effect of
18 the bill has been changed by adoption of an amendment.
19 However, a request for a revised fiscal note shall not delay
20 action on a bill unless so ordered by the presiding officer
21 of the house in which the bill is under consideration.

22 If a date for adjournment has been set, then a
23 constitutional majority of the house in which the bill is
24 under consideration may waive the fiscal note requirement
25 during the three days prior to the date set for adjournment.

26 Rule 17

27 Joint Legislative Intern Committee

28 There shall be a joint legislative intern committee to
29 organize and supervise a legislative intern program for Iowa
30 college and university students. The committee shall consist
31 of fourteen members: two members of the senate, one appointed
32 by the majority leader and one appointed by the minority
33 leader; two members of the house, one appointed by the majority
34 leader and one appointed by the minority leader; the secretary
35 of the senate or his designee; the chief clerk of the house

12 days after the convening of the first regular session of each

13 general assembly. The two persons from Iowa private colleges
14 will be selected at the committee's first meeting, or as soon
15 as practical. Members shall serve until their successors
16 have been duly appointed or selected. The committee shall
17 elect a chairman and vice chairman from its membership. A
18 vacancy shall be filled in the same manner as the original
19 appointment.

20 The purpose of the legislative intern program shall be:
21 1) to provide useful staff services to legislators not
22 otherwise provided by the general assembly; 2) to give
23 interested college, graduate, and law school students practical
24 experience in the legislative process as well as providing
25 a meaningful educational experience; and 3) to enrich the
26 curriculum of participating colleges and universities.

27 The joint legislative intern committee shall have the

5 the legislative intern program.

6 8. Such other duties and responsibilities as are necessary
7 to effectively organize and supervise the legislative intern
8 program.

9 The joint legislative intern committee shall report to
10 the general assembly in January of each year. The report
11 shall include a description of the results of the legislative
12 intern program during the last preceding session and the
13 proposed legislative intern program for the session convening
14 during the month the report is submitted.

2 A bill, joint resolution or study bill may not be reported
 3 out of committee if the bill was not included in the published
 4 notice and agenda unless this rule is suspended by a majority
 5 of the total membership of the committee.

6 RULE 62

7 COMMITTEE QUORUM

8 A majority of the total membership shall constitute a
 9 quorum of each standing committee.

10 RULE 63

 13 shall be incorporated in the motion and so reported.

14 RULE 64

15 TIME LIMIT ON COMMITTEE POSSESSION OF BILLS

16 After a bill has been in committee eighteen (18) legislative
 17 days following notation in the journal of referral to said
 18 committee, the bill may be withdrawn from the committee and
 19 placed on the calendar by an affirmative vote of not less
 20 than fifty-one (51) members of the house. This rule shall
 21 not apply to the committee on appropriations and the committee
 22 on ways and means.

23 RULE 65

24 COMMITTEE HEARINGS

25 When any matter is referred to a standing committee by
 26 motion of any member, it shall be the duty of the chairperson
 27 of such standing committee to notify such member of the time

28 of the sitting upon such matter referred, and such member
 29 shall be permitted to confer with such committee during their
 30 consideration of such matter.

31 No more than one-third of the membership of any standing
 32 committee shall be required for the purpose of requesting
 33 a public hearing to be held.

34 However, the rules of the appropriations committee and
 35 the ways and means committee may require a greater number,

Page 21

1 but not more than a majority of the total membership of the
 2 committee, for the purpose of requesting a public hearing
 3 to be held after the sifting committee has been appointed.
 4 Upon written request of such number or such lesser number
 5 as may be required by committee rules, the chairperson of
 6 a committee shall designate a time and place for a public
 7 hearing and make a public announcement thereof.

8 At least five days' notice shall be given before a public
 9 hearing is held. However, this requirement shall not apply
 10 after the steering committee is appointed.

RULE 66

SIFTING COMMITTEE

13 A sifting committee shall be appointed by the speaker of
 14 the house at such time during the progress of the session
 15 as the speaker, in that person's discretion, may see fit.

16 The speaker of the house, before the appointment of such
 17 committee and at such time as in the speaker's opinion such
 18 appointment is necessary, shall propound to the house the
 19 following question: "Shall a sifting committee be appointed
 20 at this time?"

21 And if after taking the vote by ayes and nays a majority
 22 of said vote shall be in favor of the appointment of said
 23 committee, the speaker of the house shall then at once appoint
 24 the said committee. No motion from the floor of the house
 25 by any member thereof shall be considered by the house for
 26 the appointment of said committee. Upon the appointment of
 27 the sifting committee, the steering committee is discharged.

28 The sifting committee shall have authority to place any
 29 bill remaining either on the house calendar or remaining in
 30 any committee on the sifting committee calendar, except
 31 appropriations bills and ways and means bills. No rule of
 32 the sifting committee shall require more than sixty percent
 33 vote of the members of the committee to place a bill on the
 34 sifting committee calendar. The requirement for preparation
 35 and distribution of a weekly debate calendar as provided in

Page 22

1 rule 39 is suspended upon appointment of a sifting committee.

2 A motion to withdraw a bill from the sifting committee

3 shall be in writing and filed with the chief clerk not less
 4 than two legislative days before it can be considered, provided
 5 that this shall not apply on the last two legislative days.
 6 Only one such motion can be made with reference to any
 7 particular bill.
 8 It shall require an affirmative vote of at least a
 9 constitutional majority of the members to withdraw a bill
 10 from the sifting committee.

11 RULE 67

12 LIMITATION ON FILING OF CLAIMS

13 A claim or claim bill, the subject matter of which has
 14 been considered or filed for consideration in the House or
 15 any committee thereof, in two or more prior sessions of the
 16 general assembly, shall not be considered by any committee
 17 or by the house unless it shall have been specifically referred
 18 to this session by a prior general assembly. The committee

31 RULE 70

32 BILLS IN COMMITTEE OF THE WHOLE

33 Upon bills committed to the committee of the whole house,
 34 the bill shall be first read throughout by the chief clerk
 35 or chairperson, and then read again or debated by clauses,

Page 23

1 leaving the preamble to be last considered. After report,
 2 the bill shall be again subject to debate and amendment before
 3 a vote is had on its last reading and passage.

4 RULE 71

15

RULE 77

16

COMMITMENT

17

Motions and reports may be committed at the pleasure of

19

27

not exercise that right, then any representative voting on

28

the prevailing side may, on the same or the succeeding

29

legislative day, move for a reconsideration of the measure.

30 Any representative may call the motion up two legislative
31 days after the action to be reconsidered is taken.

32 If the motion is made within the last six days of the
33 session it shall be disposed of when made.

34 The motion to reconsider shall take precedence over all
35 questions except the consideration of a conference report.

2 a motion to adjourn, and to recess.

3 A motion to reconsider any vote by which a bill or joint

6 to reconsider the vote on a bill or joint resolution prevails,
7 the motion to reconsider amendments thereto shall be in order
8 and shall be disposed of without delay.

9 A motion that the motion to reconsider be laid upon the
10 table shall be a single and indivisible motion which, if
11 carried, shall have the effect of preventing reconsideration
12 unless a motion to take from the table prevails.

-DIVISION VIII-VOTING

RULE 79

MANNER OF VOTING

16 During the taking of the vote of the house on any question
17 only those members at their desks and voting shall be counted
18 except that members meeting in a conference committee or in
19 administrative rules review committee at the time a vote is
20 taken on a question may have their vote recorded within 30
21 minutes or adjournment, whichever is first of that same
22 legislative day, providing the vote does not change the outcome
23 of the vote on that question.

RULE 80

DUTY OF VOTING

26 Except as limited by rule 79, every member who shall be
27 in the house when the question is put shall give his or her

34 is financially interested.

RULE 82

1 In all cases of a call of the ayes and nays, the speaker
2 shall vote; in other cases that person shall not be required
3 to vote unless the house is equally divided or unless, that
4

5 person's vote, if given to the minority, will make the division
6 equal, and in case of such equal division the question shall
7 be lost.

8 RULE 83

9 CALL OF THE HOUSE

10 Upon written request of five members, the presiding officer
11 shall compel the attendance of absent members for the
12 consideration of specified bills or resolutions.

13 A call of the house shall specify the propositions to which
14 it is to apply, and must be put into effect before roll call
15 is taken on any such proposition. Said request may be filed
16 with the chief clerk any time before final action upon the
17 proposed measures. The chief clerk shall immediately, after
18 said filing, notify the house.

19 A call of the house shall be lifted by affirmative vote
20 of fifty-one or more members, as to the whole house or as
21 to individual members.

22 RULE 84

23 METHOD OF CALLING THE HOUSE

24 Upon the call of the house, the names of the members shall
25 be called by the chief clerk, and the absentees noted after
26 which the names of the absentees shall again be called, and
27 the sergeant-at-arms be directed by the speaker to compel
28 their attendance, unless they are previously excused. Any
29 member occupying that person's seat during a call of the house
30 shall be counted by the speaker and that person's name entered
31 in the journal as being present but not voting for the purpose
32 of making a quorum.

4 presiding officer shall order that the aye and nay votes be
5 taken by calling the roll in alphabetical order, except that
6 the name of the speaker of the house shall be called last.

7 During the casting of the vote with the voting machine,
8 the individual votes and the vote totals shall be shown on
9 the display boards. Before the voting machine is closed,
10 the presiding officer shall inquire of the house, "Have you
11 all voted?"

12 RULE 86

13 QUORUM AND DEMAND FOR AYES AND NAYS

14 A majority of the members shall constitute a quorum, and
15 upon demand of any two members the ayes and nays shall be
16 ordered; the names of the members demanding the ayes and nays
17 shall be entered in the journal.

If the motion for a previous question is not adopted, the house shall proceed in the same manner as before the motion was made.

If the motion is adopted, all debate must end and the house will vote upon the question except:

2. If the motion applies to an amendment, the member proposing the amendment will have five minutes to speak for the purpose of closing discussion before the vote on the

Egenes of Story, chair of the committee to notify the Senate that the House was ready to receive it in joint convention, reported that the committee had performed its duty.

The report was accepted and the committee discharged.

The Sergeant-at-Arms announced the arrival of the President of the Senate, the Secretary of the Senate and the honorable body of the Senate.

The President was escorted to the Speaker's station, the Secretary to the Chief Clerk's desk and the members of the Senate were seated in the House chamber.

JOINT CONVENTION

In accordance with law and House Concurrent Resolution 3, duly adopted, the joint convention was called to order, President Branstad presiding.

President Branstad announced a quorum present and the joint convention duly organized.

Senator Hultman of Montgomery moved that a committee of six, consisting of three members from the Senate and three members from the House, be appointed to notify Governor Robert D. Ray that the joint convention was ready to receive him.

The motion prevailed and the President appointed as such committee Senators Schwengels of Jefferson, Brown of Poweshiek and Jensen of Bremer, on the part of the Senate, and Representatives West of Marshall, Ritsema of Sioux and Walter of Pottawattamie, on the part of the House.

The Justices of the Supreme Court and the Judges of the Appellate Court were escorted into the House chamber.

The committee waited upon Governor Robert D. Ray and escorted him to the Speaker's station.

President Branstad presented Governor Robert D. Ray who delivered the following budget message:

Mr. President, Mr. Speaker, Mr. Chief Justice, Justices of the Supreme Court and members of the Appellate Court, State Officials, Senators and Representatives, and Iowans:

I want to begin this evening by extending my thanks and my compliments to our hosts here in the House chamber. I'm glad you now have a good microphone that works...

This Budget Message is my third speech to the legislature in ten days. So far, I have already outlined a thirty-four point legislative program, and highlighted half-a-dozen big issues which will demand attention this year and in the 1980's.

In my Condition of the State Message, I also reported to you on Iowa reaching a record employment level in 1978, on a surge in residential construction, bumper harvests last fall, strong gains in farm income, and total personal income in Iowa growing ahead of the inflation rate.

Those achievements gave me good cause to say in my Inaugural Address that Iowa does indeed have "an extraordinary quality of life." I also said last Friday that Iowa is "a manageable statewide laboratory for progress." I really believe that.

Look at the progress we have already made:

- * A railroad branch-line assistance program upgrading eight hundred miles of track — more than all the other states combined.
- * The nation's first cost-share soil conservation program, helping ten thousand farmers to curb soil erosion.
- * Great strides in perinatal health care, helping to save the lives of five hundred Iowa babies every year.
- * Tuition grants, now giving nine thousand, five hundred young Iowans options for higher education.
- * Iowa's Housing Authority, pumping \$170 million into building new dwellings for low and middle-income Iowans.

These are a few programs I have fought for. And, these are programs the legislature has funded. They work, and they help our Iowans.

Today, I am presenting to you the Governor's Budget for the 1979-81 biennium. This budget is more than a series of numbers and tables and pie-charts. It is a framework for further progress for Iowa...for future progress for Iowa, for the next two years, and into the "eighties."

Before I tell you what this budget does, I want to tell you what this budget does not do.

This budget calls for no increase in income tax rates...and no increase in sales tax rates!

Iowans across this state have heard me talk about government "living within its means." We're doing that. And, we're going to keep doing that for the next two years as well.

Iowans elect us to hold the line on taxes. And, they elect us to cut taxes when we can.

We've done that here in Iowa:

- We now have limits on property taxes, and, when adjusted for inflation, property taxes in Iowa have dropped in the last eight years.
- We now have the Elderly Tax Credit, giving real property tax relief to Iowans who need it the most.
- And, we no longer have the sales tax on food and drugs, a savings for Iowans day after day, week after week, year after year.

In 1979, we can do even more:

- We can wipe out the sales tax on residential utility bills for energy. Iowans will save even more than originally estimated — \$24 million a year from this tax cut.
- We can start to repeal the sales tax on machinery and equipment, go ahead and phase-out the personal property tax, and set up a local property tax moratorium. All would help bring new and expanded industry for Iowa and, most importantly, create new jobs for our workers.

We can afford these tax reductions in 1979. And, I ask you to approve these tax reductions in 1979!

It was President Woodrow Wilson who said, "...as important as legislation is vigilant administration." I agree. That's why we have been working overtime to hold down state spending. Here again, we have had some success, as recognized by the Iowa Taxpayers Association.

For 1979, I have already recommended ten proposals to make government work better and save tax dollars. I have announced the creation of the Second Governor's Economy Committee to spur efficiency and save tax dollars.

And, I am asking this evening for a special management team in our Comptroller's Office. This unit will be yet another tool to strengthen management, prevent problems and save tax dollars.

Keeping the lid on spending is never easy. It is especially difficult when we are hit with the one-two punch of uncontrolled inflation led by the federal government, and, the burden of additional people on the payroll, mandated by the federal government.

We set about this budget-making process with a determination to be firm and a reluctance to add new programs and new employees.

We also resolved to be fair, and to consider new ideas where they could offer relevant service to our Iowans.

We spent hundreds of hours listening in budget hearings and again, opened up the process with public hearings so our Iowans could tell us how they want their tax money used.

Our departments utilized modified zero-base budgeting and most did a good job of paring their requests. Nonetheless, after careful review, we still slashed departmental budgets by a total of \$153 million. We also turned down agency askings for an additional nine hundred twenty-five employees. And, today I submit to you a balanced budget, and also a budget that targets our resources directly toward meeting important human needs.

Let's look at this budget:

EDUCATION

Iowa is looked at as a learning leader. Offering a good education for young Iowans, from Grades K-12 and at our area schools, colleges and universities has been a top priority in the 1970's. And this evening, I can tell you it will remain a top priority in the 1980's.

State funding of foundation school aid will increase by \$60 million in fiscal year 1980 and up another \$40 million in fiscal year 1981. This is substantial support for education!

In addition, this budget provides \$4½ million for private school transportation and \$400,000 for private school textbooks.

For Iowa's Regents institutions, I call for funds to help cover costs of larger enrollments. I call for \$3.5 million to make our campuses accessible to handicapped Iowans. I call for your support of a new and much needed library addition at Iowa State University, and other capitals, totaling \$11 million. I call for funding to open new classrooms just constructed. And, I call for additional medical staff at University Hospitals in Iowa City, and an increased Family Practice Program to serve our Iowans and keep them healthy.

My budget also provides significant increases for Iowa's fifteen area community colleges, a boost in the maximum level for the Tuition Grant program, and alternative weekend programming for I.P.B.N.

We ought to keep offering young Iowans quality education to prepare them for productive careers. And, this budget does just that. I ask you to support it and let Iowa school children and college students know that we care about their future!

SENIOR IOWANS

A lot of older people live here in Iowa. We have the third highest percentage of senior citizens of any state in the country. So, it goes without saying that meeting the needs of senior Iowans is a pre-eminent priority.

The budget I present this evening addresses those needs. We are increasing the Elderly Tax Credit program by \$2.8 million. We are establishing a new "Eldercare" program to help older Iowans to stay in their homes. And, we are also boosting funding of local nursing aids and senior centers.

We ought to keep offering senior Iowans the chance to enjoy an enriching retirement. This budget does just that. I ask you to support it and assure Iowa's older citizens that we care about their special needs.

HUMAN SERVICES

Most of us, in some fashion, share in the abundance of our state. Most of us enjoy a quality of life better than our parents and better than people who live elsewhere on our Earth. Most of us. But not all of us. Some Iowans are not always able to learn and work, to earn and save, to build and grow, and to relax and enjoy.

And few would really question the proper role of government in providing some meaningful assistance to these people. We do that here in Iowa, and we should.

The Governor's Budget for 1979-81 includes funding to better deliver and administer these needed human services. Here are some examples:

- * A \$4 million hike in support for Medicaid.
- * Continued support for day care centers.
- * Increased payments for dependent children.
- * Over \$1½ million for the new Juvenile Justice Law.
- * \$500,000 for unitization and continued backing of Community Based Corrections and the Prisoner Employment Program.

We ought to keep offering hope and the promise of opportunity to those Iowans who, in one way or another, deserve our compassionate concern. And this budget does just that. I ask you to support it and tell our Iowans who must have help that we care about their problems.

AGRICULTURE AND NATURAL RESOURCES

Along with its hard-working, productive people, Iowa is known for its rich soil,

fresh air and clean water. Our land is Iowa's lifeblood. It is the base for the world's greatest food producing nation. We have good reason to be proud of all our natural resources and, we also have good reason to protect our natural resources.

For Iowa agriculture, the \$2½ million Rural Rehabilitation Fund was invigorated last year by the Department of Social Services. To make this program even more successful, I'm recommending its transfer to the Department of Agriculture, where it logically fits.

I am also requesting that we add \$250,000 to this fund, and, that we guarantee low-interest loans to young Iowa farmers.

Along with one hundred percent productivity, this is an exciting move to benefit rural Iowa!

My budget increases funding for soil conservation and environmental protection. It also includes \$3 million for Conservation Commission capital projects including the Open Spaces Program.

We ought to keep doing our part to encourage a strong agricultural economy, while also enhancing our environment. And, this budget does just that. I ask you to support it and remind our farmers, and indeed, all of our citizens, that we care about them and our precious land and resources.

LOCAL GOVERNMENT

There is much more to government here in Iowa than the Governor and the Legislature, and our judicial branch. There are others who decide the destiny of this state, not just those of us who work in the capitol. And, rightfully so.

During one of our public budget hearings, Mayor Ken Kew of Mason City, the President of the League of Iowa Municipalities, said, "Local government is a vital business." I concur with that statement, and my budget confirms that. It includes much help to Iowa's vital local units of government.

- * \$13 million each year for our Municipal Assistance Program.
- * \$4.9 million for aid to counties.
- * \$4.5 million in D.E.Q. sewer grants.
- * \$2.2 million for local public transit programs.
- * And, nearly \$4 million dollars of new property tax relief for counties, half through state payments for local substance abuse programs, and half through federal reimbursement for certain residents at our mental health institutes.

We ought to keep offering specific support for our cities and counties. And, this budget does just that. So does urban revitalization, which has so much potential. I compliment you for working on that so early in the session. I ask you to support both and prove to Iowans that we care about strengthening useful government close to home.

OTHER BUDGET PRIORITIES

There are several other significant askings in this financial plan for Iowa. And, I want to very briefly mention a few of them. My budget calls for:

- A \$16½ million combination of Regents bonding and appropriations to pay for energy audits and retro-fitting of state buildings...an investment that will save energy and save money.
- Continued state support of novel railroad branch-line assistance.
- A physical fitness coordinator in the Department of Health.
- A special needs survey and more assistance for Iowa's handicapped.
- Expanded interpreter services for deaf Iowans.
- Continued operation of Iowa's European Office.
- And, special contingency funds to be allocated by the Executive Council for emergencies and unscheduled operating needs.

My budget plans for salary adjustments for state employees within the President's anti-inflation guidelines. We will be making final recommendations in March once employee negotiations have been concluded.

Modest pay hikes for our department heads are also in this budget. Their salary bill was held hostage by last year's Legislature and finally scuttled in the final hours, as many of you will recall. I expect this Legislature to treat these people with the fairness and consideration they deserve.

In the budget book you will receive next week, there are obviously hundreds of line-items which I cannot begin to mention this evening. And, I want to stress that their exclusion from my remarks should not diminish their importance. I ask you to examine them. And, I ask you to support them.

*

In this Budget Message I want to address two additional major areas of concern — property taxes and declining enrollments. Each is a thorny issue, and each demands attention.

PROPERTY TAXES

Temporary legislation affective property taxes was enacted in 1977. It expires this year. So it's time in 1979 to enact more permanent property tax legislation . . . and I advocate several points:

1. A return to retroactive equalization to correct disparities in property valuations.
2. One hundred percent productivity for agricultural land.
3. Six percent annual limits on increases in property tax assessments for residential and agricultural property and a new class — rental residential property.
4. Along with the increased Elderly Tax Credit, a new Renter Credit for low-income tenants. This initial tax program has an annual cost of \$4.3 million — something we can do to provide relief for an estimated 43,000 Iowa renters!

Nobody likes to pay property taxes — that we all know. Still, we can build on our enviable record. We can again move to cushion Iowans from the kinds of jolting tax jumps experienced in other parts of the nation. And we should be doing exactly that to help our taxpayers.

DECLINING ENROLLMENTS

Because of the drop in the birth rate, Iowa's public school enrollments have declined by 72,000 students in the last eight years. And, enrollments will likely drop even more in the next five years.

Fortunately, our school foundation plan has furnished equitable, flexible, yet solid support for education, while shifting increased school costs off property taxes. While so many other states struggle to cope with crisis after crisis, we have been able to maintain quality education in Iowa.

Our challenge now is to adjust for continued declining enrollments. To meet that challenge, I am tonight setting forth several answers. They are:

1. Establishing a guaranteed enrollment cushion for schools — set at one-third the student total to provide a firm budget base to cover fixed costs.
2. Allowing schools to adjust funding for the remaining two-thirds using enrollment figures for the previous year, or the year before that, whichever is greater.
3. Computing allowable growth on changes in the consumer price index.
4. Appropriating \$900,000 to help schools pay for higher transportation costs.
5. Combining the existing schoolhouse and site levies into one, to be set by local school boards subject to reverse referendum.

These recommendations should give Iowa schools a sound footing and better planning. More importantly, they will continue to give our school kids an excellent education. And, wouldn't you agree, that after all, that is exactly what we want for Iowa?

*

The budget I offer today reflects restraint and careful balance. With the help of our Governor's Economic Advisory Committee, we have been able to project revenues of \$1.608 billion for fiscal year 1980 and \$1.734 billion for fiscal year 1981. Net appropriations for fiscal year 1980 are \$1.646 billion and for fiscal year 1981, \$1.697 billion — minus salary adjustments for state employees.

This budget will end with projected revenues running ahead of expenditures. Our biennium ending balance is estimated at \$111.3 million — before subtracting salary increases.

This is a balanced budget. This is a cautious and prudent budget. Not all states can say that — and some have seen taxpayer revolts.

The breeze blowing eastward from California has crossed our State, and many of you are talking about locking in the future with Constitutional spending limits. I can appreciate why this appears to be appealing. But, there is also some value in observing those states that have taken this action, and learning from their experiences.

Any amendment to the Iowa Constitution requires approval by two consecutive General Assemblies and then ratification by our Iowans. Thus, an amendment approved in 1979 would languish for two years, waiting for the next new General Assembly, in 1981.

Since we have the luxury of a little time, planned for by our Iowa founders, we should use it very thoughtfully to study this controversial approach to spending. Meanwhile, we should redouble our efforts to hold down taxes and spending — a goal I hope we all want to accomplish.

In the weeks and months ahead, you will tug and tangle with each other, and I expect, with me, on how best to distribute revenues and uphold principles.

There will be legitimate tension as you press to do what must be done to meet the needs here and now. You must also be oriented toward the needs of "Future Iowa." Both are important — for to shortchange either the present or the future is to weaken our common enterprise.

As you go about your work, I want to offer my cooperation and assistance and that of my staff and the Comptroller's Office. Our new Comptroller, Ronald Mosher, will be coming home to Iowa shortly. He will want to work with you, and so does Bill Krahl, who has done such a splendid job as Acting Comptroller during this budget cycle.

It was the great statesman Henry Clay who said "... statistics are no substitute for judgment." That is indeed true.

This evening, I will leave you with a lot of statistics . . . and, with this message, my judgment on the needs and hopes and yes, even the dreams of our Iowans. My budget requests are based on the belief that there are no shortcuts to good government. I also recognize that we cannot print money.

This balanced budget will do a lot for Iowa. But it will do only what we can afford to do.

As you review this budget, and the statistics, you too will have to use your individual and collective judgments . . . your best judgment. You will have to have the courage to make tough decisions.

It is my belief you are equal to that task.

Thank you.

Governor Robert D. Ray was escorted from the House chamber by the committee previously appointed.

Halvorson of Clayton moved that the joint convention be now dissolved.

The motion prevailed.

The House reconvened, Speaker Millen in the chair.

HOUSE CONCURRENT RESOLUTION 4

By Smalley

1 *Whereas*, the members of the subcommittees of the
2 committee on appropriations have noticed that some of
3 the departments of the state government have submitted
4 reports which are printed with glossy, multi-colored
5 paper and bound with expensive covers; and
6 *Whereas*, the purpose for which these reports are
7 submitted does not justify the use of printing and
8 binding at this level of quality; and
9 *Whereas*, this practice imposes an unnecessary
10 expense upon the taxpayers of the state; *Now Therefore*,
11 *Be It Resolved By the House of Representatives*,
12 *The Senate Concurring*, That the membership of the Iowa
13 general assembly urges the department of general
14 services and the superintendent of printing to examine
15 their rules on the printing of intragovernmental
16 reports and to adopt rules which will reduce the
17 quality of printing and binding of intragovernmental
18 reports to that which is necessary to accomplish the
19 purpose for which the report is printed; and

21 the house transmit a copy of this resolution to the
22 director of the department of general services.

H—3117

1 Amend House File 81 as follows:

2 1. By striking everything after the enacting
3 clause and inserting in lieu thereof the following:
4 "Section 1. **NEW SECTION.** The governing body of
5 a city may, by ordinance, designate an area of the
6 city as a revitalization area, if that area is either
7 of the following:

8 1. An area in which there is a predominance of
9 buildings or improvements, whether residential or
10 nonresidential, which by reason of dilapidation,
11 deterioration, age, obsolescence, inadequate provision
12 for ventilation, light, air, sanitation, or open
13 spaces, high density of population and overcrowding,
14 the existence of conditions which endanger life or
15 property by fire and other causes or a combination
16 of such factors, is conducive to ill health,
17 transmission of disease, infant mortality, juvenile
18 delinquency or crime, and which is detrimental to
19 the public health, safety, or welfare.

20 2. An area which by reason of the presence of
21 a substantial number of deteriorated or deteriorating
22 structures, predominance of defective or inadequate
23 street layout, faulty lot layout in relation to size,
24 adequacy, accessibility or usefulness, unsanitary
25 or unsafe conditions, deterioration of site or other
26 improvements, diversity of ownership, tax or special
27 assessment delinquency exceeding the actual value
28 of the land, defective or unusual conditions of title,
29 or the existence of conditions which endanger life
30 or property by fire and other causes, or a combination
31 of such factors, substantially impairs or arrests
32 the sound growth of a municipality, retards the
33 provision of housing accommodations or constitutes
34 an economic or social liability and is a menace to
35 the public health, safety, or welfare in its present
36 condition and use.

37 **Sec. 2. NEW SECTION.** A city may only exercise
38 the authority conferred upon it in this Act after
39 the following conditions have been met:

40 1. The governing body has adopted a resolution
41 finding that the rehabilitation, conservation,
42 redevelopment, or a combination thereof of the area
43 is necessary in the interest of the public health,

44 safety, or welfare of the residents of the city and
45 the area meets the criteria of section one (1) of
46 this Act.

47 2. The city has prepared a plan for the designated
48 revitalization area. The plan shall include:

49 a. A legal description of the real estate forming
50 the boundaries of the proposed area along with a map

Page 2

1 depicting the existing parcels of real estate and
2 their use within the proposed area.

3 b. The existing assessed valuation of the real
4 estate in the area delineating land and improvement
5 values.

6 c. A list of names and addresses of the owners
7 of record of real estate within the area.

8 d. The existing zoning classifications and
9 districts within the area. When the plan involves
10 specific development projects there shall be an
11 analysis of the projects which shall include costs
12 and cost estimates of the projects, a schedule of
13 the time anticipated for the completion of major
14 segments as well as the entire project, and evidence
15 of the arrangement made by both the owner and the
16 developer for financing the costs of the project.

17 e. Proposals for improving or expanding city
18 services within the area including but not limited
19 to transportation facilities, sewage, garbage
20 collection, street maintenance, park facilities and
21 police and fire protection.

22 f. A statement specifying whether the
23 revitalization is applicable to residential, commercial
24 or industrial property within the designated area
25 or a combination thereof and whether the revitalization
26 is for rehabilitation and additions to existing
27 buildings or new construction or both. The city shall
28 state how long it is estimated that the area shall
29 remain a designated revitalization area which time
30 shall be longer than one year from the date of designa-
31 tion and shall state any plan by the city to issue
32 revenue bonds for revitalization projects within the
33 area.

34 g. The provisions that have been made for the
35 relocation of persons, including families, business
36 concerns and others, whom the city anticipates will
37 be displaced as a result of improvements to be made
38 in the designated area.

39 3. The city has filed a copy of the plan for the
40 designated revitalization area with the city
41 development board at least thirty days before the

42 scheduled public hearing.

43 4. The city has scheduled a public hearing and
44 notified all owners of record of real property located
45 within the proposed area and the city development
46 board in accordance with section three hundred sixty-
47 two point three (362.3) of the Code. In addition
48 to notice by publication, notification shall also
49 be given by ordinary mail to the last known address
50 of the owners of record.

Page 3

1 5. The public hearing has been held.

2 6. The city development board has approved the
3 plan for the designated area. However, in lieu of
4 the board's approval, the city may schedule a second
5 public hearing with notice as provided in subsection
6 four (4) of this section no sooner than sixty days
7 nor later than six months after the first hearing.
8 At this second hearing, the city may offer an amended
9 plan or consider the specifics of the board's
10 objection. After the second public hearing, the city
11 may by ordinance designate an area a revitalization
12 area without city development board approval if all
13 other requirements have been met.

14 7. A second public hearing has been held upon
15 the receipt by the governing body of a petition signed
16 by at least ten percent of the owners of record of
17 real property located within the proposed area and
18 by at least ten percent of the adults renting real
19 property located within the proposed area. The
20 petition must be filed not later than sixty days after
21 the holding of the first public hearing. Upon receipt
22 and verification of the petition, the governing body
23 shall hold a second public hearing, with notice as
24 provided in subsection four (4) of this section, no
25 sooner than sixty days nor later than six months after
26 the first hearing. The governing body does not have
27 to hold two separate public hearings under subsections
28 six (6) and seven (7) of this section for the same
29 area.

30 **Sec. 3. NEW SECTION.**

31 1. If an area zoned for residential use or
32 commercial use for residential purposes or mixed
33 commercial and residential uses is rezoned on or after
34 the effective date of this Act for any other use,
35 the city shall not adopt a resolution designating
36 that area as a part of a revitalization area for at
37 least five years after the date on which that area
38 was rezoned.

39 2. After the city designates an area a
40 revitalization area, the city shall not rezone an
41 area zoned for residential use or commercial use for

42 residential purposes or mixed commercial and
43 residential uses to any other use within that
44 revitalization area during the time the area remains
45 designated a revitalization area or for seven years
46 from the date of the designation as a revitalization
47 area, whichever time is the lesser.
48 3. The provisions in this section restricting
49 a city from designating an area a revitalization area
50 if that area has been rezoned or restricting a city

Page 4

1 from rezoning an area within a revitalization area
2 do not apply to any of the following:
3 a. The rezoning of an area consisting solely of
4 land on which no structure exists at the time of
5 rezoning unless structures previously existing on
6 the land have been removed for the purpose of
7 qualifying for this exception.
8 b. The rezoning of an area if before the rezoning
9 the city has entered into agreements with all
10 developers and the persons and businesses involved
11 to insure that relocation payments or rent supplements
12 will be provided as required by section seven (7)
13 of this Act.
14 c. The rezoning of an area for which an urban
15 renewal project has been approved pursuant to chapter
16 four hundred three (403) of the Code.
17 d. The rezoning of an area if the governing body
18 has provided in its plan that the percentage of real
19 property, based on land area, located within that
20 area which will be used for residential use, commercial
21 use for residential purposes or mixed commercial and
22 residential use will approximate the percentage of
23 real property, based on land area, used for those
24 purposes before the rezoning. This exception shall
25 apply only to areas rezoned by a two-thirds vote of
26 the members of the governing board.
27 4. For purposes of this section, zoning for "mixed
28 commercial and residential uses" means a zoning
29 classification in which small scale commercial uses
30 are permitted in an otherwise predominantly residential
31 environment.

32 **Sec. 4. NEW SECTION.**

33 1. All qualified real estate is eligible to receive
34 a one hundred percent exemption from assessment and
35 taxation on the actual value, not to exceed two hundred
36 fifty thousand dollars, added to that real estate
37 by the improvements. The exemption is for a period
38 of seven years.
39 2. All qualified real estate assessed as commercial
40 property, consisting of three or more separate living

41 quarters, with at least seventy-five percent of the
42 space used for residential purposes, or assessed as
43 residential property is eligible to receive a partial
44 exemption from assessment and taxation for a period
45 of ten years. The amount of the partial exemption
46 is equal to a percent of the actual value of the
47 existing buildings and the actual value added by the
48 improvements made during the time the area was
49 designated a revitalization area, determined as
50 follows:

Page 5

- 1 a. For the first year, fifty percent.
 - 2 b. For the second year, forty-five percent.
 - 3 c. For the third year, forty percent.
 - 4 d. For the fourth year, thirty-five percent.
 - 5 e. For the fifth year, thirty percent.
 - 6 f. For the sixth year, twenty-five percent.
 - 7 g. For the seventh year, twenty-five percent.
 - 8 h. For the eighth year, twenty percent.
 - 9 i. For the ninth year, twenty percent.
 - 10 j. For the tenth year, fifteen percent.
- 11 However, the amount of actual value used in
12 computing the assessed value of the existing buildings
13 and those improvements shall not be less during the
14 ten-year exemption period than it was in the year
15 immediately preceding the year in which an exemption
16 is first granted.
- 17 3. The owners of qualified real estate eligible
18 for the exemption provided in subsection two (2) of
19 this section shall elect to take either the exemption
20 provided in subsection one (1) or subsection two (2)
21 of this section. Once the election has been made
22 and the exemption granted, the owner is not permitted
23 to change the method of exemption.
- 24 4. "Qualified real estate" as used in this Act
25 means real property, other than land, which is located
26 in a designated revitalization area and to which
27 improvements have been added, during the time the
28 area was so designated, which have increased the
29 actual value by at least twenty-five percent or at
30 least fifteen percent in the case of real property
31 assessed as residential property. "Qualified real
32 estate" also means land upon which no structure existed
33 at the start of the new construction, which is located
34 in a designated revitalization area and upon which
35 new construction has been added during the time the
36 area was so designated. "Improvements" as used in
37 this Act includes rehabilitation and additions to
38 existing structures as well as new construction on
39 vacant land or on land with existing structures.
- 40 Sec. 5. NEW SECTION. A person may submit a

41 proposal for a construction project to the governing
42 body of the city to seek prior approval for eligibility
43 for a tax exemption on the project. The governing
44 body shall, by resolution, give its prior approval
45 for a construction project if the project is in
46 conformance with the plan for revitalization developed
47 by the city. If the proposal is not approved, the
48 person may submit an amended proposal for the governing
49 body to approve or reject.
50 An application shall be filed for each new exemption

Page 6

1 claimed. The first application for an exemption shall
2 be filed by the owner of the property with the
3 governing body of the city in which the property is
4 located by February first of the assessment year for
5 which the exemption is first claimed, but not later
6 than the year in which all improvements included in
7 the construction project are first assessed for
8 taxation. The application shall be made on forms
9 prescribed by the director of revenue, and shall
10 contain information pertaining to the nature of the
11 improvement, its cost, the completion date or estimated
12 completion date of construction of the improvement,
13 and other information deemed necessary by the director
14 of revenue. The governing body of the city shall
15 approve the application, subject to review by the
16 local assessor pursuant to section six (6) of this
17 Act, if the construction project is in conformance
18 with the plan for revitalization developed by the
19 city, is located within a designated revitalization
20 area and the improvements were made during the time
21 the area was so designated. The governing body of
22 the city shall forward for review all approved
23 applications to the appropriate local assessor by
24 March first of each year with a statement indicating
25 whether subsection one (1) or subsection two (2) of
26 section four (4) of this Act would apply. Applications
27 for exemption for succeeding years on approved projects
28 shall be filed directly with the local assessor by
29 March first on claims prescribed by the director of
30 revenue.

31 Sec. 6. NEW SECTION. The local assessor shall
32 review each first-year application to determine if
33 the improvements made increased the actual value of
34 the qualified real estate by at least twenty-five
35 percent or at least fifteen percent in the case of
36 real property assessed as residential property. If
37 the assessor determines that the actual value of that
38 real estate has increased by at least twenty-five
39 percent or at least fifteen percent in the case of

40 real property assessed as residential property, the
41 assessor shall proceed to determine the actual value
42 of the property and certify the valuation determined
43 pursuant to section four (4) of this Act to the county
44 auditor at the time of transmitting the assessment
45 rolls. However, if a new structure is erected on
46 land upon which no structure existed at the start
47 of the construction project, the assessor shall proceed
48 to determine the actual value of the property and
49 certify the valuation determined pursuant to section
50 four (4) of this Act to the county auditor at the

Page 7

1 time of transmitting the assessment rolls. The
2 assessor shall notify the applicant of the
3 determination, and the assessor's decision may be
4 appealed to the local board of review at the times
5 specified in section four hundred forty-one point
6 thirty-seven (441.37) of the Code. If an application
7 for exemption is denied as a result of failure to
8 sufficiently increase the value of the real estate
9 as provided in section four (4) of this Act, the owner
10 may file a first annual application in a subsequent
11 year when additional improvements are made to satisfy
12 requirements of section four (4) of this Act, and
13 the provisions of section five (5) of this Act shall
14 apply. For applications for each succeeding year,
15 the local assessor shall determine the actual value
16 of the property and certify to the county auditor
17 the valuation of the property as determined pursuant
18 to section four (4) of this Act.

19 **Sec. 7. NEW SECTION.** Upon application to it and
20 after verification by it, the city shall provide
21 relocation payments to or with respect to persons,
22 including families, business concerns and others
23 displaced as a result of improvements made in a
24 designated revitalization area. The payments shall
25 be made for moving expenses and losses of property
26 for which reimbursement or compensation has not
27 otherwise been provided. In addition, the city shall
28 provide rent supplements to families who are forced
29 to relocate because of improvements made within the
30 area, if necessary in order to house the family in
31 decent, safe and sanitary housing and if the family
32 does not have sufficient means, as determined by the
33 city, to pay the required rent for such housing and
34 if reimbursement or compensation has not otherwise
35 been provided. A rent supplement for a family shall
36 not continue for more than five years.

37 **Sec. 8. NEW SECTION.** When in the opinion of the
38 governing body of a city the desired level of
39 revitalization has been attained or economic conditions

40 are such that the continuation of the exemption granted
41 by this Act would cease to be of benefit to the city,
42 the governing body may repeal the ordinance
43 establishing a revitalization area. In such event,
44 all existing exemptions shall continue until their
45 expiration.

46 Sec. 9. NEW SECTION. Residential real estate
47 located within an area designated as a revitalization
48 area pursuant to section one (1) of this Act, is not
49 subject to the additional tax imposed by section four
50 hundred forty-five point sixty-three (445.63) of the

Page 8

1 Code.

2 Sec. 10. Section three hundred sixty-eight point
3 ten (368.10), unnumbered paragraph one (1), Code 1979,
4 is amended to read as follows:

5 The board shall conduct studies of city development,
6 and shall submit an annual report to the governor
7 and the general assembly. This report shall include
8 an analysis of all plans for designated revitalization
9 areas filed with the board pursuant to this Act since
10 the last annual report.

11 Sec. 11. Section four hundred three point nine
12 (403.9), Code 1979, is amended by adding the following
13 new subsection:

14 NEW SUBSECTION. Municipalities may also issue
15 revenue bonds for projects located within an urban
16 renewal area or an area designated a revitalization
17 area pursuant to this Act. These revenue bonds shall
18 be issued pursuant to the provisions of chapter four
19 hundred nineteen (419) of the Code and all provisions
20 of chapter four hundred nineteen (419) of the Code,
21 to the extent consistent with the provisions of this
22 chapter in the case of urban renewal areas or of this
23 Act in the case of revitalization areas, shall apply,
24 except that:

25 a. The term "project" as defined in section four
26 hundred nineteen point one (419.1) of the Code includes
27 land, buildings, or improvements which are suitable
28 for use as residential property or for the use of
29 a commercial enterprise or nonprofit organization
30 which the governing body finds is consistent with
31 the urban renewal plan or the revitalization plan,
32 as the case may be.

33 b. Sections four hundred nineteen point eight
34 (419.8) and four hundred nineteen point fourteen
35 (419.14) of the Code shall not be construed to limit
36 the powers of a municipality granted under this chapter
37 in the case of an urban renewal area or under this
38 Act in the case of a revitalization area.

39 The power to issue revenue bonds pursuant to this

- 40 subsection is in addition to other powers granted
 41 municipalities to aid urban renewal areas and
 42 revitalization areas.
 43 Sec. 12. This Act applies to all cities including
 44 special charter cities.
 45 Sec. 13. This Act is effective January first
 46 following its enactment."

- 7 conduct of their legislative affairs.
- 8 1. No member of the House shall accept economic or
- 9 investment opportunity under circumstances where he/she knows,
- 10 or should know, that there is a reasonable possibility that
- 11 the opportunity is being afforded with the intent to influence
- 12 his/her conduct in the performance of official duties.
- 13 2. No member of the House may charge to or accept from
- 14 a person, corporation, partnership, or corporation known to
- 15 have a legislative interest, a price, fee, compensation, or
- 16 other consideration for the sale or lease of any property
- 17 or the furnishing of services which is in excess of that which

18 such member would ordinarily charge another.

19 3. No member of the House, in order to further his/her
20 own economic interests, or those of any other person, may
21 disclose or use confidential information acquired in the course
22 of their official duties.

23 4. A member of the House may appear before a state agency
24 in any representation case. Whenever a member of the House
25 appears before a state agency, the member shall carefully
26 avoid all conduct which might in any way lead members of the
27 general public to conclude that he/she is using his/her
28 official position to further his/her professional success
29 or general interest.

30 5. In order to permit the General Assembly to function
31 effectively, members of the House will, of necessity, be
32 required to vote on bills and participate in committee work
33 which will affect their employment and other areas in which
34 they may have a monetary interest. Action on bills and in
35 committee work which specifically deal with a member's specific

Page 2

1 employment or specific investment, as opposed to a profession,
2 trade, or business in general, should be avoided. In making
3 a decision relating to a member's activity on particular bills
4 or in committee work which are subject to this code, the
5 following factors should be considered:

6 a. Whether a substantial threat to the member's
7 independence of judgment has been created by the conflict
8 situation.

9 b. The effect of the member's participation on public
10 confidence in the integrity of the legislature.

11 c. Whether the member's participation is likely to have
12 any significant effect on the disposition of the matter.

13 d. The need for the member's particular contribution,
14 such as special knowledge of the subject matter, to the
15 effective functioning of the legislature.

16 The member may, however, decide to participate in a manner
17 contrary to the economic interest which creates the conflict
18 situation, but if he/she abstains, he/she should disclose
19 that fact to the legislative body.

20 6. Members of the House are urged to familiarize themselves
21 with chapter sixty-eight B (68B) and chapters seven hundred
22 twenty-one (721) and seven hundred twenty-two (722) and section
23 seven hundred twenty point four (720.4) of the Code.

24 7. Members of the House shall not charge any amount or
25 item to any charge account to be paid for by any lobbyist
26 or any organization they represent.

27 8. Complaints against any member of the House or any
28 lobbyist operating in the House shall be in writing, made
29 under oath and filed with the ethics committee of the House.
30 If the ethics committee determines that the complaint sets

31 out an apparent violation of the law or code of ethics or
 32 rules regulating lobbyists, it shall set the matter for
 33 hearing, notify the accused of the right to appear in person,
 34 to be represented by counsel, to present statements and
 35 evidence and to cross-examine witnesses. The committee shall

Page 3

1 hold a hearing and consider all relevant evidence and shall
 2 make its recommendations to the House.
 3 9. Advisory opinions may be rendered as set out in section
 4 sixty-eight B point ten (68B.10) of the Code upon request
 5 of a member of the General Assembly.

EXPLANATIONS OF VOTE

Due to the extraordinary snowstorm and its consequences in Davenport, and weather-related problems with my house, I was unable to travel to Des Moines and thus missed House sessions the week of January 15 through January 19. All of the action that week concerned House Resolution 5 relating to House Rules. Had I been present, I would have voted "aye" on amendments H-3069, H-3066, H-3075, H-3109, H-3070, H-3102, H-3112 to amendment H-3064, H-3103A, H-3103B, H-3101, H-3092, H-3078, H-3062, H-3073, H-3094, H-3095, H-3082 to amendment H-3063, H-3083, H-3088, H-3096, H-3081, H-3071, H-3105, H-3126, H-3065, H-3074, H-3104, H-3110 and "nay" on H-3110 and H-3064. Also, I would have voted "aye" on the Motion to Rerefer and "nay" on Suspension of House Rules, Previous Question and Ruling of Chair, and "nay" on House Resolution 5.

I do wish to strongly protest the unprecedented actions by the majority party in cutting off all debate on Rules which strike at the very heart of the legislative processes and at the ability of elected representatives, especially Democrats, to represent their constituents fully as charged by the Iowa Constitution.

CUSACK of Scott

I was necessarily absent from the House chamber on January 23 and 24, 1979. Had I been voting, I would have voted "aye" on amendments H-3117, H-3130, H-3122D, H-3122F, H-3131, H-3144 and H-3113 to House File 81. I would have voted "nay" on amendments H-3147, H-3146 and H-3145 to House Joint Resolution 5. I would have voted "aye" for House Joint Resolution 5.

President Branstad then presented Chief Justice W. W. Reynoldson who delivered the following State of the Judiciary Message:

GOVERNOR RAY, LIEUTENANT GOVERNOR BRANSTAD, SPEAKER MILLEN, MEMBERS OF THE SIXTY-EIGHTH GENERAL ASSEMBLY, AND FELLOW IOWANS:

This occasion is historic. For the first time in all one hundred thirty-two years of Iowa state government the head of the judicial branch of government appears in these chambers to report directly to the entire legislative branch.

We are here under the mandate of Chapter 1182 of the acts of the 1978 Regular Session of the Sixty-seventh General Assembly. More than half the states now have

such statutes. Your enactment provides the chief justice of the supreme court shall submit a message to the general assembly and recommend such matters as we deem appropriate. And while the duty imposed is mandatory in nature, we want you to know we would have been here just as enthusiastically had we merely been invited. We appreciate this opportunity for direct communication with you.

Article III of our Constitution teaches us the powers of government are divided among the legislative, executive and judicial branches, and that one branch may not exercise functions belonging to either of the others. Yet we all know the three branches are inexorably interdependent. To serve Iowa's citizens these three separate and coequal branches must complement and support each other in many ways.

In their adjudicative function the courts must be independent of the legislative branch. But the end product of your deliberations has a direct impact, statewide, in our courtrooms. You enact the substantive laws judges apply in deciding the controversies which come before them. Your statutes also determine matters of jurisdiction, venue, court structure, court operating budgets, salaries, and those other factors which, carefully structured, ensure the success and viability of a judicial system.

You have a heavy responsibility. Whatever we can furnish by way of information or recommendation is available to you, not only on these formal occasions but at all times.

IOWA'S JUDICIAL STRUCTURE

We begin this report with an overview of our judicial structure. Here the Iowa legislature, the Governor, the judiciary, and the Iowa voters who endorsed necessary constitutional amendments have earned well-deserved praise for accomplishments of recent years. When we attend national seminars and conferences of judicial officers, we learn many states are still striving for reforms already reached here. Some of these are:

1. One Unified State Court System

Numerous states still struggle with the complexities of state courts, county courts, municipal courts, mayors' courts and police courts. Often the judicial structure is balkanized into autonomous special interest courts: land courts, equity courts, law courts, family courts, probate courts and others. The result is often maladministration, overlapping jurisdiction, loss of flexibility, unsupervised operations, duplication of staff and facilities, and a waste of taxpayers' dollars.

Thanks to a forward-looking legislature, these problems are consigned to Iowa's past.

2. A Modern Procedure For Judicial Selection And Tenure

Iowa has been among the leaders in recognizing that judges should be selected on merit and should stand for retention on their record. The fate of an Iowa judge at the polls no longer turns on partisan issues upon which he or she never had a

chance to vote. Nor are judges exposed to the stress caused by campaign contributions from the very lawyers and litigants whose cases they must decide. We have been able to attract fine attorneys to the bench who, under the former system, would have dismissed the idea out of hand.

3. An Intermediate Appellate Court

Many of you were directly involved in the creation of our Iowa Court of Appeals. Then we were deep in a quagmire of long-delayed appeals: Without the appeals court the situation would now be utterly hopeless.

Many other reforms could be cited. These improvements have been made possible by close cooperation between the legislature, judiciary, and Chief Executive. Surely the Iowa citizens who have been the beneficiaries of these and other reforms and innovations must thank you. And of course they deserve our best collective efforts.

Now let us turn briefly to each Iowa court.

SUPREME COURT

The burdens of the supreme court have grown heavier in each of the eight years I have served on this bench. Formal disposition of appeals by written decision composes only part of our duties. Yet these written opinions have grown in volume from two hundred forty in 1971 to three hundred fifty-seven in 1978, an increase of forty-nine percent. Let me briefly refer to a few of our other duties.

There is an unending stream of applications for interlocutory appeal, petitions for certiorari, and various motions which require consideration by our justices. In 1978 these filings resulted in three thousand thirty-five rulings.

In addition, the Iowa Constitution, Article V, Section 4 as amended, charges the supreme court with the supervisory and administrative control of all other state courts. The necessary policy decisions command the daily attention of each member of our court. In this we have the support and advice of the Judicial Council, comprised of the chief judges from Iowa's eight judicial districts.

By the Iowa Constitution, by statute, and by inherent judicial power, we are charged with the responsibility of disciplining lawyers and judges. While these unfortunate incidents are comparatively few in number, by the gravity with which we view them they occupy a disproportionate amount of supreme court time.

We think our court has shown the flexibility necessary to cope with changing conditions. In recent years we were the second court in the nation to require lawyers and judges—including ourselves—to participate annually in continuing legal education. Our rules and practices for a lawyer-financed client security fund are studied and emulated across the nation. Our pioneering rules for audit of attorney trust accounts were the first in the United States. In all these endeavors we have had the wholehearted assistance and support of the Iowa State Bar Association and most Iowa lawyers.

By statute you have authorized us to formulate and file with you rules in various areas—Rules of Civil Procedure, Rules of Criminal Procedure, Rules of Juvenile Procedure, and Rules of Civil Procedure for Involuntary Hospitalization. We have appointed committees to assist in these duties, but because the ultimate responsibility is ours alone, members of our court in the last few months have spent untold hours at these tasks. We now have filed proposed rules in all these categories except Rules of Juvenile Procedure.

We appoint and work not only with the above committees, but with the Board of Law Examiners, Board of Examiners of Shorthand Reporters, Client Security and Attorney Disciplinary Commission, Commission on Continuing Legal Education, Grievance Commission, Juvenile Probation Officers Training Committee, Judicial Planning Committee, Probate Rules Committee, and others.

Because our court believes delay and cost of litigation remains a major problem, we recently appointed a blue-ribbon Litigation Costs Study Committee, composed of nineteen lay persons, judges, and lawyers, and chaired by former Chief Justice C. Edwin Moore. This task force will report next October and we should have statutory and rule reforms to recommend for your 1980 session.

A number of you have asked how we are progressing on our backlog of appeals. In December 1976, before the court of appeals commenced operation, a civil litigant who had filed all papers and briefs had to wait seventeen months before the appeal was heard by the supreme court. Today that delay is only three months. A sobering footnote to this good news is that the number of appeals increased twenty-one percent in 1978. Despite the efforts of both courts, there were eight, hundred eighty appeals pending in the supreme court at the end of 1978, thirty-two more than at the end of 1977. Of course, we have no control over the number of cases which are appealed. However, if this trend continues it will be necessary to consider increasing the number of judges on our court of appeals.

IOWA COURT OF APPEALS

Our five-judge Iowa Court of Appeals disposed of three hundred twenty-nine appeals in 1977 and three hundred eighty-two in 1978. Many of you know the act creating that court provides all appeals are to the supreme court. The justices screen these appeals and deflect a variety of important cases to the court of appeals. However, under our Rules of Appellate Procedure we retain certain cases, including those involving substantial questions of the constitutionality of statutes or substantial issues of first impression, attorney discipline cases, and criminal cases in which life imprisonment has been imposed.

IOWA DISTRICT COURT

In 1972, with foresight and good judgment, the Iowa legislature integrated the state's trial courts into one "Iowa District Court." Mayors' courts, justice of the peace courts, police courts, superior courts and municipal courts were abolished effective July 1, 1973. Municipal judges were brought into the system as district associate judges. The other judicial officers were replaced with full and part-time magistrates. This was a large step in the right direction.

Under your own statutory judgeship formula for creating district court positions to cope with increases in case filings and population, the 1978 statistics call for one hundred four district judges. However, by your 1977 freeze statute the number is fixed at ninety-two. There are now thirteen district associate judges, twenty-six full-time judicial magistrates and one hundred sixty-eight part-time judicial magistrates.

The trial courts grapple with a massive caseload that has increased fifty-two percent in the last four years. Criminal cases have soared over forty-two percent while regular civil and juvenile cases have increased twenty-nine percent and thirteen point five percent respectively since 1974. Under the new criminal code, scheduled violations handled by district court clerks have increased a whopping fifty-eight percent in one year. Our statistics disclose Iowa's trial courts disposed of almost one-half million legal matters in 1978. Despite this record, the number of pending matters in every category was larger at the year's end, evidencing a backlog which delays justice for our litigants—your constituents.

The judge power problem was not diminished by the supreme court's 1975 supervisory order which required at least a half day of court service per week in every county. Nonetheless, we reasoned Iowans who live in rural areas should not be second-class citizens in terms of access to the justice system. We should provide judicial services to people where they live, just as we provide all other vital government services. These court service days ordinarily encompass a broad spectrum of legal business including probate hearings and orders, criminal arraignments and plea hearings, motions, uncontested marital dissolutions, defaults, and juvenile matters.

The solution to this problem necessarily involves a realistic look at your freeze statute in light of current case filings. Twelve more district judges involve an annual cost of approximately \$540,000. But some of this judge power might be supplied by the plan we now recommend.

RECOMMENDATIONS

We recommend that you enact the Senior Judge Bill proposed by the Iowa Judges Association and the Governor. This proposed legislation is presently before you. As you may know, under this bill a retired judge who remains fit and able may elect to take senior judge status. This means the retired judge must agree to give thirteen weeks' service per year. A senior judge may work until age seventy-eight unless sooner retired by the supreme court for permanent disability. The senior judge would receive no pay other than the retirement compensation he or she has already earned. Some of these judges will be able to withstand the emotional, mental, and physical pressures of a full trial schedule. Others may be assigned to handle those court service days, and thus free younger judges to try more demanding cases. These senior judges also will plug those gaps caused by vacation and illness.

What does the senior judge get out of this? His or her retirement compensation will be recomputed on the current salary of the office from which he or she retired. The plan merely provides some protection against inflation. The projected cost to Iowa in the first year is only \$38,537.

The Association-sponsored bill has the solid support of each member of the supreme court and the court of appeals. Our poll of district judges showed ninety per-

cent approved of this legislation. It will provide indispensable legal services at a minimal cost—a bargain for the litigants and taxpayers of Iowa. We recommend its adoption.

We also recommend our joint study and your ultimate adoption of legislation which would minimally accomplish these goals:

1. Centralization of state funding of all operations of the judicial system with a concomitant, consolidated budget procedure;
2. Bringing all persons who serve the judicial department, including the district court clerks, under the administration of the department; and
3. Consolidation of the various statutory provisions affecting judicial administration, organization, personnel, and funding into one title or area of the code.

This is not a new concept. It has been proposed by legislators in various forms. In 1977 it appeared as Senate File 410. There are a number of concepts in that proposal which even its sponsor questions, but it furnishes a basis for continued study.

Ours is a state court system. It is anomalous that we still require local units of government—the counties—to finance part of its operations. District court clerks, juries, probation officers, court reporters, and court administrators are a charge upon the counties. We have ninety-nine purchasing agents for state court supplies. County supervisors cannot budget for the court fund when a major crime committed by strangers may result in thousands of dollars of litigation cost overrun. The court fund is a source of tension between the judicial branch, represented by state court judges, and the legislative branch, represented by the county supervisors. This situation sours relationships and drains the energies of both judges and local officers.

We have heard much about providing local property tax relief. While those concerns are within your jurisdiction, I suggest there is no more logical method of providing local property tax relief than for the state to assume responsibility for complete financing of the state court system. Operations of the judicial branch presently cost only six-tenths of one percent of the total state budget. If the state assumes the remaining cost now burdening the counties, roughly estimated at \$30,000,000, the transfer could be phased in over several years. Should the state take over all of the approximately \$18,000,000 in receipts generated by the judicial department, the state's burden would be diminished. Of course, there also would be some diminution of the potential relief from local property taxes.

Other states, most recently Kansas and Minnesota, have moved into the lead in this reform. Local government can no longer afford state courts. Let us commit ourselves—the legislative and judicial branches—in a joint venture to do something about it.

Time does not permit us to discuss adequately other recommendations. We will be in touch with your committees whose responsibilities encompass these concerns:

1. **Judicial Nominating Commissioners**

Members of the Judicial Nominating Commission screen candidates for judgeships and submit nominees for vacancies. This is a vital and often time-consuming duty. We think it simply has been an oversight that you have not provided these commissioners be reimbursed for their mileage, meals and lodging while on state business attending commission meetings. We recommend such reimbursement be provided.

2. **Appellate Rules**

We recently met with majority and minority members of your judiciary committees and suggested several technical amendments to statutes which would enable the supreme court, by rule, to conform appellate rules in civil and criminal cases. We recommend adoption of these amendments.

3. **Worker's Compensation Case Backlog**

Although this agency is not part of the judicial system, it adjudicates controversies which enter district court for judicial review. Total cases filed with the commissioner in 1978 were fifty-one point eight percent over 1976. The agency is understaffed for this workload. Dispositions are unavoidably delayed to the prejudice of employees and employers.

4. **Judicial Salaries**

Two years ago you brought the judiciary's pay scale into balance with the work and responsibilities imposed on our judges and the need to attract and keep qualified personnel. Your good efforts already have been sapped by two years of inflation — nine percent in 1978 alone. We believe you will see the need to make up part of this loss by adjustments within the guidelines established by President Carter.

5. **Commission on Judicial Qualifications**

This commission of four lay persons, two lawyers and one judge investigates complaints about judges and makes disciplinary recommendations to the supreme court. It performs an important function. The commission deserves a permanent staff person who could also follow up on complaints. Its jurisdiction should be extended to include complaints against magistrates.

6. **Magistrate Courts**

These courts of limited jurisdiction are generally courts of first, general, and lasting impression. Statistics show an Iowan is four times more likely to appear before a part-time or substitute magistrate than before a full-time judge or magistrate. As most Iowans have their sole experience with the judicial system in these courts, they should not be required to appear in a hallway or abandoned closet. They

should not be confronted with overburdened and harassed judges. Ideally, judges handling these matters should be full-time district judges with the highest qualifications and salary. Pragmatically, it may be some time before you see the wisdom of that goal. Therefore, together we should study ways and means of upgrading these courts.

CONCLUSION

In closing, I ask for your special consideration of the unique situation of the judicial branch. We have little control over the massive load of litigation deposited before our benches. New areas of law have been generated by the United States Supreme Court's redefinition and enforcement of rights under the Federal Constitution—the supreme law of the land. Your new legislation arising from problems you recently have addressed inevitably brings us constitutional challenges and problems of interpretation. Over fifty-two percent of our 1978 decisions presented issues of statutory interpretation or constitutionality. We are confronted with expanding areas of judicial responsibility: consumer law, products liability, malpractice legislation, environmental law, civil rights law, prisoner's rights cases. We are now attempting to cope with a wave of appeals arising out of the Public Employment Relations Act.

These controversies cannot be resolved by programming a computer. We have innovated and will attempt still further innovations to provide economy of resources and judge-time. But in the final analysis, evidence and arguments must be patiently heard at the trial level—by judges. On the appellate level trial transcripts and briefs must be studied—by judges. In all courts there must be time allotted for research, for deliberation, and for the exercise of careful judgment.

To any extent this branch of government cannot obtain resources to fulfill our function, the public's confidence in courts is further eroded. The implications are far reaching, for we have yet to come to the end of this experiment in self-government launched with the American revolution. Inside our boundaries are enormous tensions which must find release in some forum, or perhaps, in some street. Outside we are challenged by ideologies at war with the spirit of the Declaration of Independence. All will not turn on the courts, but if the courts fail, the rest is in doubt.

We ask your support for our programs and pledge full cooperation in your efforts to help us. We thank you now for your consideration and the opportunity to communicate directly with you this morning.

President Branstad introduced Mr. George Mills who addressed the joint convention as follows:

PRESIDENT BRANSTAD, SPEAKER MILLEN, MEMBERS OF THE SIXTY-EIGHTH GENERAL ASSEMBLY, LADIES AND GENTLEMEN:

It is one of the great honors of my life to appear before you on this one hundred and seventieth birthday observance of Abraham Lincoln and to point out how steeped we are in the heritage of Mr. Lincoln and the Civil War right here.

It is an added honor to have been escorted into this chamber by six distinguished legislators. I must confess there have been times in my forty-eight-year span around here as a newsman when some legislators would have gladly escorted me out, permanently.

This magnificent capitol itself is a product of the Lincoln era. I want to say that I have come into this building thousands of times and have never ceased to be awed by its magnificent splendor. The Legislature approved construction of the building in 1870, only five years after the Lincoln assassination and the end of the war.

How was the Statehouse paid for? By property taxes, and with no tax increase. The state was filling up rapidly with settlers from southern and eastern United States and from Europe. The needed money came from rising valuations and no millage boost was needed. The Statehouse was finished in 1886 and the total cost was not much over three million dollars.

Signs of the Lincoln age are all around you as you work day by day on the state's business in these chambers. Up inside the dome is the American flag and the emblazoned numbers 1861-1865, the years of the Civil War. In the rotunda is the end of the Gettysburg Address, "That this nation under God shall have a new birth of freedom. That government of the people, by the people and for the people shall not perish from the earth." Down on the first floor are one hundred crumbling flags borne by proud Iowa regiments in that great conflict. Seventy-six thousand Iowans marched away to that war and thirteen thousand died for their country; nearly as many as in the Spanish War, World War I and World War II, the Korean War and the Vietnam War combined. Talk about a grim holocaust — thirteen thousand deaths in four years, about nine a day on the average in an Iowa whose population was less than one-fourth to one-third what it is now.

Those flags downstairs, incidentally, have been there since an August day in 1894 when four thousand aging veterans, survivors of those regiments, marched behind their old colors up Locust street from the arsenal on the river to the Capitol and put them where they are now.

It was a moving sight, that march. There was little cheering because the spectators felt too deeply to cheer. The "Register" said: "The old flags are in the Statehouse. The boys who followed them to death-dealing dangers, to the success of the cause for which they risked their lives have bid them goodbye forever. They have been handled for the last time."

It was also a day of the last goodbye to each other. The veterans gathered around a huge campfire that night, perhaps over here at the capitol, and sang together for the last time such old-time war songs as "Tramp, Tramp, Tramp the Boys are Marching," "Tenting Tonight" and "Marching Through Georgia."

Outside those windows is the monument of Lincoln and Tad, sculptured by Fred Torrey, a Des Moines artist we knew as a member of the Grace Methodist Church and a wonderful guy. And take a look sometime at the big Civil War monument to the south of this building. Those figures high up are real Iowa Generals, not just four guys on horseback. They are Generals Grenville Dodge of Council Bluffs, Marcellus Crocker of Des Moines, John Corse of Burlington (sometime ask me about the "hold the fort" saying by John Corse) and Samuel Curtis of Keokuk. General Francis Herron of Dubuque equally deserves to be there too but there just wasn't room. And, oh, was Dubuque mad when he didn't make it!

Down lower, on the northeast corner of the monument is a statue of a young soldier, a musket in one hand and a bouquet of flowers in the other. He was Shelby Norman, an eighteen-year-old boy from Muscatine. He pictures the joy of a soldier coming home. Only Shelby never got home. He was almost the first Iowan to die in action in the war. A sniper's bullet got him as his regiment was marching to the Wilson Creek battlefield in Missouri in 1861. An early writer said of Shelby:

"There stands the form and features of this typical young soldier of Iowa, and there it will stand for ages to come, an inspiration to the patriotism of the young men of our state."

The rear guard of Civil War veterans were still around here in my time. Back over the Sergeant-at-Arms' desk is a picture of Oley Nelson of Slater, Iowa, Sergeant-at-Arms' of this House until he died in 1938. We had no microphones in those days. Oley didn't need one. Oley would come to the top of the stairs and shout: "Mr. Speaker! Message from the Senate!" His roar woke up everybody sleeping in both chambers.

And old man Baker, a civil war veteran, was doorman right here by the Speaker's station. He sat on those steps all day holding a rope tied to the door handle. When somebody wanted in or out, he just pulled the rope without getting up. He went to sleep quite often too.

Downstairs in the Governor's office was Douglas Miller, a gentle old black man who was born in slavery. He was the Governor's messenger. He finally went into retirement in the 1950's when he was ninety-five years old.

And doesn't it give you a sense of history to remember that John Brown — you recall the song "John Brown's body lies a-mouldering in the grave" . . . silently drove his horses and wagon down Grand Avenue outside here, taking runaway slaves hidden under cornstalks in the wagon to freedom? Brown stopped at the home of Isaac Brandt, over here on the northeast corner of East 12th and Grand, a state parking lot now, where he stayed overnight. Brown also stopped at the home of Josiah Grinnell in the town of Grinnell.

Brown came through here in 1859 and saw another friend, John Teesdale, editor of the "Register." Teesdale knew something major was brewing. He told Brown to go back to his farm in upstate New York and stay there, not to do anything rash that he would regret. But Brown went east and with a tiny band of twenty-two men, including quite a few Iowans, attacked and captured the federal arsenal at Harper's Ferry. He hoped to start a revolution among the slaves. But there was no revolution and after a one-sided battle, Brown was captured and hanged and few of his men escaped death in one way or another.

The attack inflamed the nation and undoubtedly hurried the outbreak of the war.

Six Iowans who fought in the war later served as Governor of the State. Four were wounded. Two of those wounded took their oaths of office as Governor on this rostrum, about where I'm standing. They were Buren Sherman of your city of Vinton, Mr. Hummel, and Francis Drake of Centerville, Mr. Jay. Drake was a financial angel of Drake University.

The Civil War traditions of this Legislature are equally tremendous. Half the membership of the 1862 session marched off to war after adjournment and many of them died in the service of their country. Later somebody said that session provided few leaders to the state afterwards — that few attained such top positions as Governor. To which one Iowan, who visited cemeteries in the south, replied: "They were greater than Governors."

And Mr. Lincoln in person is a proud part of our history. He owned property in three locations in Iowa. Given to him for his service as a captain in the Black Hawk War was one forty-acre tract northwest of Toledo in Tama County and another one hundred twenty acres five miles northwest of Denison in Crawford County. He never visited either tract.

But he did see seventeen town lots he owned in Council Bluffs and a ten-acre prairie nearby. He acquired that land when a Chicago attorney-friend of his gave him the properties rather than pay off a three thousand dollar loan he floated with Lincoln.

Old Abe came up the Missouri River in 1859 to see the properties. He intended to stay only briefly but the boat got stuck on a sandbar and he was stranded in Council Bluffs for three days. Local Republicans got him to deliver a speech. More important, he talked with Grenville Dodge and others about a dream they had — a transcontinental railroad to the Pacific Ocean — an unbelievable dream at that time. They took Lincoln up on a bluff and pointed west where the marvelous railroad would go.

The dream was revived after Lincoln became President and the tremendous feat of building the Union Pacific Railroad was completed in 1869, ten years later and four years after the war ended. The chief engineer for construction was Iowa's Grenville Dodge, one of the great railroad builders in American history as well as a top-flight soldier. Here's how the railroad got its name: It connected the Union to the far-off Pacific, hence Union Pacific. And its eastern terminal was and is Council Bluffs.

That same 1859 year, Lincoln went to Dubuque on some business for the Illinois Central Railroad which he represented as attorney. He stayed in the old Julien House Hotel.

The year 1858 was the year of the famous Lincoln—Douglas debates in Illinois. The debaters happened to be near Burlington, Iowa, when they had a few days off. Lincoln came down the Mississippi to deliver a speech to a Republican gathering at Burlington. His only luggage was a boiled shirt wrapped in a newspaper, which he gave to the hotel clerk to take care of. Even the "big shots" traveled light in those days. He spoke for two hours to a crowd of twelve hundred. That was nothing — candidates sometimes talked three and four hours in those days. You wonder how the Republic survived. Stephen A. Douglas also followed Lincoln and talked to the Democrats in Burlington.

Lincoln also was a key figure in a notable legal battle centering on the Mississippi. The Rock Island Railroad built a bridge across the river at Davenport in the mid 1850's. River boat people hollered their heads off, principally because they didn't want to compete with the railroads in hauling grain and freight. A boat named the Effie Afton rammed into a bridge abutment and sank, maybe purposefully. The boat owners sued the railroad for damages. Lincoln was attorney for the Rock Island in the trial held in Chicago. He told the jury that the railroad hauled nearly thirteen thousand freight cars and carried seventy-four thousand passengers over the bridge in eleven months. Wouldn't railroads like to have that volume of traffic now! Lincoln said east-west travel on land had as many rights as north-south travel on the river. The jury could reach no agreement and the case ended with a victory for the railroad.

The Republicans held a swinging convention in Chicago in 1860, the convention that nominated Lincoln the first time. Old Abe wasn't there and he sure wouldn't have approved what his followers did. They printed up a bunch of bogus tickets and filled up the seats reserved for supporters of William Seward who was a rival candidate. The Seward people marched grandly from the station to the convention hall and found themselves with no place to sit. That was as close to a revolution as you could get. Also, Abe served notice he wouldn't trade any cabinet posts for delegate votes but his managers shamelessly traded them anyway.

Iowa wasn't all Lincoln at first. Lincoln got only two of the state's eight delegate votes on the first ballot and five and one-half on the third and final ballot. The Iowans apparently soaked up a lot of liquor. They charged it to the headquarters and William Penn Clarke of Iowa City, who I think was chairman of the delegation, got stuck with the bill. There was plenty of hollering about that.

Incidentally, John Kasson of Des Moines and the famous Horace Greeley stayed up late at night and wrote the Republican platform in its final form.

Can you imagine anybody voting against Lincoln today? Plenty of Iowans did in 1860. In fact, he didn't carry Iowa by a whole lot, 70,000 votes for Lincoln to 55,000 for Douglas, the Democratic nominee. Lincoln lost twenty-five counties, including Dubuque, Wapello, Lee, Appanoose, Decatur, Wayne, Fremont, and I think Marion, among others. Among other things, the result reflected the basic strength of the Democrats in Iowa in the years before the Civil War, especially before 1853. The long reign of the Republicans began in 1854-1856 and continued with few interruptions until 1932. From 1856 to 1932 the Democrats won one presidential election in the state.

Back to Lincoln himself: One of his closest friends was Senator James Harlan of Mount Pleasant. Lincoln named Harlan his Secretary of the Interior shortly before the assassination. The Harlans saw quite a bit of the Lincolns socially in Washington.

Lincoln's son Robert married Mary Harlan, the Senator's daughter. Lincoln's grandchildren visited Mount Pleasant in the summertime. Teenager, Abraham Lincoln, grandson of the President, loved playing tennis at Mount Pleasant, before his father was appointed ambassador to England. Young Abraham gave somebody in Mount Pleasant his tennis net to keep when the Robert Lincoln family went overseas. The net is still there. The young man died while at school in France.

Back to the President, he appointed Samuel Freeman Miller of Keokuk to the United States Supreme Court in 1862. Justice Miller served on the high court for twenty-eight years. His integrity was and is legendary. He's a great story in himself.

Mr. Lincoln also named previously mentioned John Kasson of Des Moines first assistant Postmaster General. Kasson, incidentally, as a Representative in this Legislature led the hard-fought battle for construction of this capitol, and what a tough battle it was. Other places wanted to take the state government away from Des Moines, such as your Oskaloosa, Senator Van Gilst, your Ames, Senator Murray, and your Marshalltown, Senator Miller. They didn't get the job done but came very close.

Mr. Lincoln also named Alvin Saunder of Mount Pleasant the Governor of the Territory of Nebraska, a choice post. Saunder later was a notable Nebraska Senator.

And do you remember Ann Rutledge, the beautiful girl whom Lincoln wanted to marry but who died in New Salem? Well, there's even a Rutledge footnote in Iowa history. The Rutledge family later migrated to Iowa and lived at Birmingham in Mr. Millen's Van Buren County. Robert Rutledge was the sheriff. The Rutledge family is buried at Birmingham.

And any mention of Lincoln lore should include James Faulkner Wilson of Fairfield, Senator Schwengels. Jefferson's Jim Wilson was a notable Congressman and Senator. It was he who sponsored the original emancipation resolution in Congress.

Nine documents in Lincoln's handwriting are in the Historical Building, including the manuscript of his second nomination acceptance speech.

Lincoln never wanted his generals to execute spies and saboteurs. General Grenville Dodge was tough in that regard. He hanged about thirty persons in Missouri. When he caught them, he hanged them, and the spies got the message. They avoided Missouri as much as possible where Dodge was Commanding General in 1865.

At the end of the war, Dodge ordered death for a guerrilla convicted of murder. His mother pleaded with Lincoln for her son's life. The President sent a note to Dodge saying: "Is it possible for you to do anything for this poor woman who is in so much trouble?"

Dodge didn't want to show any mercy. He thought you should set an example so he ordered the execution to proceed. But it never happened. Dodge said later: "That night I received a message from the war department notifying me of Mr. Lincoln being shot."

The mother came to Dodge the next day and asked for the President's card. She had abandoned hope for her son. But Dodge was so grief-stricken that he commuted the sentence to imprisonment.

Dodge was ordered to Springfield, Illinois with his staff and troops for the Lincoln funeral.

"It was the saddest day of my life," he wrote. "The streets were lined with thousands upon thousands of people in great distress and sorrow. At every step we could hear the sobs of the sorrowing crowd. . . . There was hardly a person not in tears and when I looked around at my troops I saw many of them in tears."

It's hard to imagine now what a blow that assassination was to the nation and to Iowa, already deeply wounded by four years of bloody war. Dodge said the streets of St. Louis were deserted for two days after the news. Everything in Iowa came to halt on that April 15, 1865. Business stopped completely in Des Moines. Men gathered and talked in low tones on the street. The old Statehouse was quickly draped in mourning.

The next day, thousands upon thousands from all over Polk and nearby counties gathered in the courthouse square here for a memorial service. The same type of thing happened all over the state and nation. The grief and anger persisted for generations afterward.

We all know the immortal words of Lincoln in such classics as the Gettysburg Address and the Second Inaugural. Here are a couple of lesser known selections I think also are great:

After his 1860 election, while the thrill of victory was still in the Republicans, and before he left Springfield, Lincoln said: "In all our rejoicings, let us neither express nor cherish any hard feelings toward any citizen who by his vote has differed with us. Let us remember at all times that all American citizens are brothers of a common country, and should dwell together in bonds of fraternal feeling."

And while he was President, he said: "I desire to so conduct the affairs of this administration that, if, at the end of time when I come to lay down the reins of power, I have lost every other friend on earth, I shall have at least one friend left, and that friend shall be down inside me."

And is there anything more moving than his talk to the people of Springfield before the train left on that dark day in 1861 on his trip to Washington to be inaugurated?

"My friends, no one not in my situation can appreciate my feeling of sadness at this parting. To this place and the kindness of these people, I owe everything. Here I have lived for a quarter of a century, and have passed from a young to an old man.

"Here my children were born, and one is buried. I now leave, not knowing when or whether ever I may return, with a task greater before me than that which rested upon Washington. Without the assistance of that Divine Being who ever attended him, I can not succeed. With that assistance, I can not fail.

"Trusting in Him, who can go with me and remain with you, and be everywhere for good, let us confidently hope that all will yet be well. To His care commending you, as I hope in your prayers you will commend me, I bid you an affectionate farewell."

He never saw Springfield again in life.

We have a rich and inspiring heritage that centers around Mr. Lincoln and the Iowans of his time. May we keep that heritage alive indefinitely. May we never forget it.

I thank you.

Halvorson of Clayton moved that the joint convention be now dissolved.

The motion prevailed.

The House reconvened, Speaker Millen in the chair.

EXPLANATIONS OF VOTE

I was necessarily absent from the House chamber on Friday afternoon, February 9, 1979, when the final vote was taken on Senate Joint Resolution 1.

To paraphrase Nathan Hale, my only regret is that I would have had but one "no" vote to cast against that dangerous and ill-considered threat against our United States Constitution.

PATCHETT of Johnson

I was necessarily absent from the House chamber on Friday afternoon, February 9, 1979. Had I been present, I would have voted "nay" on Senate Joint Resolution 1.

- 3 inserting in lieu thereof the following:
- 4 "Section 1. Section four hundred seventy-six point
- 5 six (476.6), Code 1979, is amended to read as follows:
- 6 476.6 CHANGE OF RATES - HEARING.
- 7 1. No A public utility subject to rate regulation
- 8 shall not make effective any new or changed rate,
- 9 charge, schedule or regulation except by filing the
- 10 same with the commission at least thirty days prior
- 11 to the effective date thereof. The commission, for
- 12 good cause shown, may allow changes in rates, charges,
- 13 schedules or regulations to become effective on less
- 14 than thirty days' notice until the rate, charge,

15 schedule or regulation has been filed with and approved
16 by the commission, except as otherwise provided in
17 this section or section two (2) of this Act. At the
18 time of filing, all statements of fact, expert
19 opinions, substantiating documents and exhibits which
20 will be used to support the request shall be included.
21 However, a utility shall not be denied the right to
22 submit additional information after the date of filing
23 if necessary to refute points raised after the date
24 of filing which are in opposition to the approval
25 requested in the filing. The commission shall not
26 approve a charge nor shall a public utility make a
27 charge for telephone directory assistance.

28 2. All public utilities, including those exempted
29 from rate regulation by the provisions of section
30 476.1, shall give written notice of any proposed
31 increase of any rate or charge to all affected
32 customers served by the public utility. Public
33 utilities which are exempt from rate regulation shall
34 give notice at least thirty days prior to the effective
35 date thereof of the increase. If the public utility
36 is subject to rate regulation, the notice to affected
37 customers shall also state that the customer has a
38 right to file a written objection to such rate increase
39 and that he may request the commission to hold a
40 public hearing to determine if such rate increase
41 should be allowed. The commission shall prescribe
42 the manner and method that the written notice to each
43 affected customer of the public utility shall be
44 served. Public utilities which are subject to rate
45 regulation shall give notice not later than forty-
46 five days after the request for the increase is filed
47 with the commission.

48 3. a. If a public utility is subject to rate
49 regulation the notice required by subsection two (2)
50 of this section shall state that the customer has

Page 2

1 a right to file a written objection to the proposed
2 rate increase. The notice also shall state that the
3 customer has the right to request an informational
4 hearing regarding the proposed increase. If the
5 commission receives timely requests from at least
6 fifty affected customers the commission shall issue
7 an order that an informational hearing be held at
8 the date, time and place specified in the order.
9 The informational hearing must be held in a central
10 location in the area affected by the proposed rate
11 increase and not less than ten days after the
12 commission issues the order setting that hearing.
13 A copy of the order shall be mailed on the date issued

14 by ordinary first class mail, postage prepaid, to
15 the utility and to each person submitting a timely
16 request. The commission also shall cause notice of
17 the hearing to be published in a newspaper with general
18 circulation in the affected area not less than five
19 calendar days prior to the hearing date.

20 b. The informational hearing shall be held prior
21 to the commencement of formal rate proceedings before
22 the commission. A member of the commission or a
23 hearing examiner shall serve as the presiding officer
24 at the hearing and shall establish an agenda which
25 must include a summary of the legal rights of affected
26 customers. Testimony given at the informational
27 hearing, either orally or in writing, shall be reported
28 and transcribed and shall become part of the record
29 in formal proceedings.

30 c. The commission shall issue rules specifying
31 the form, content, time and manner of delivery of
32 the notice and the request specified in this
33 subsection. Rules must allow an affected customer
34 not less than fifteen calendar days in which to submit
35 a request for an informational hearing, measured from
36 the date notice of the proposed rate increase is
37 mailed by the utility to its customers. Rules also
38 must allow the submission of requests either
39 individually or in petition form.

40 4. Nothing in this chapter shall be taken to
41 prohibit a public utility from establishing a sliding
42 scale of rates and charges or from making provision
43 for the automatic adjustment of rates and charges
44 for public utility service provided that a schedule
45 showing such sliding scale or automatic adjustment
46 of rates and charges is first filed with and approved
47 by the commission.

48 5. Whenever there is filed with the commission
49 by any public utility subject to rate regulation any
50 new or changed rates, charges, schedules or

Page 3

1 regulations, the commission may, prior to the effective
2 date thereof, docket the case as a formal proceeding
3 and set the case for hearing. The commission shall
4 give such notice of such formal proceedings as it
5 deems appropriate at least sixty days prior to the
6 date set for commencement of the hearing by publication
7 in a newspaper with general circulation in the affected
8 area.

9 After the initiation of such formal proceedings
10 and pending the final decision thereon, the commission
11 may, at any time before they become effective, suspend

12 the operation of such new or changed rates, charges,
13 schedules or regulations, but not for a period longer
14 than twelve months from the date when they would have
15 become effective if not suspended.

16 However, a public utility shall have the right
17 at any time after said rates, charges, schedules or
18 regulations have been suspended for ninety days to
19 place in effect any or all of such suspended rates,
20 charges, schedules or regulations by filing with the
21 commission a bond or other undertaking approved by
22 the commission conditioned upon the refund in a manner
23 to be prescribed by the commission of any amounts
24 collected thereunder in excess of the amounts which
25 would have been collected under rates, charges,
26 schedules or regulations finally approved by the
27 commission. The commission shall establish a rate
28 of interest to be paid by a public utility to persons
29 receiving refunds. Such rate of interest shall be
30 not less than five percent per annum, nor more than
31 nine percent per annum.

32 6. If, after hearing and decision on all issues
33 presented for determination in such rate a formal
34 proceeding, the commission shall find finds the
35 proposed rates, charges, schedules or rules regulations
36 of the utility to be unlawful, the same shall be set
37 aside and the commission shall by order authorize
38 and direct the utility to file rates, charges,
39 schedules or rules regulations which, when approved
40 by the commission and placed in effect, will satisfy
41 the requirements of this chapter. The rates, charges,
42 schedules or rules regulations so approved shall be
43 lawful and effective unless changed as herein provided
44 fourteen days after the date of approval, or at a
45 later date when the public utility places them into
46 effect. In the event a petition for rehearing is
47 filed or a petition for judicial review is sought
48 from an order concerning rates, charges, schedules
49 or rules which are in effect under bond, those rates,
50 charges, schedules or rules may, notwithstanding the

Page 4

1 terms of the Iowa administrative procedure Act, be
2 continued in effect by the utility under the terms
3 of a bond or other undertaking pending final
4 determination of the application for rehearing or
5 proceeding for judicial review of an order of the
6 commission.

7 7. If a decision is not rendered by the commission
8 within nine months after the date of filing, plus
9 extensions of time as provided in this subsection,

10 the utility has the right to place into effect as
11 of the expiration of the nine-month period plus
12 extensions any or all of the rates, charges, schedules
13 or regulations requested by filing with the commission
14 a bond or other undertaking approved by the commission
15 conditioned upon the refund in a manner to be
16 prescribed by the commission of any amounts collected
17 in excess of the amounts which would have been
18 collected under the rates, charges, schedules or
19 regulations finally approved by the commission. The
20 commission shall establish a rate of interest to be
21 paid by a public utility to persons receiving refunds,
22 which rate shall not be less than five nor more than
23 twelve percent. The nine-month period specified in
24 this subsection shall be extended for a period equal
25 to any delay or postponement of the proceedings or
26 the final decision which occurs at the request or
27 by agreement of the utility. In the event a utility
28 elects to place a rate, charge, schedule or regulation
29 into effect under the authority of this subsection,
30 a temporary authority which has been granted to the
31 utility by the commission under section two (2) of
32 this Act, and the terms, conditions and limitations
33 contained in the temporary authority, shall terminate
34 on the date the new rate, charge, schedule or
35 regulation is placed into effect under this subsection.

36 Sec. 2. Chapter four hundred seventy-six (476),
37 Code 1979, is amended by adding the following new
38 section:

39 NEW SECTION. If the commission determines after
40 notice and hearing that a new or changed rate, charge,
41 schedule or regulation is essential to protect the
42 public interest or to enable a utility to provide
43 reasonably adequate service or preserve its property
44 while a proceeding is in progress under sections four
45 hundred seventy-six point six (476.6) or four hundred
46 seventy-six point seven (476.7) of the Code, the
47 commission may approve, subject to terms, conditions
48 and limitations as it deems proper, a reasonable and
49 temporary rate, charge, schedule or regulation which
50 shall be in effect until a decision is rendered by

Page 5

1 the commission in the proceeding. When temporary
2 authority is granted by the commission under this
3 section, a party acting upon any part of that order
4 shall be deemed to have accepted and waived all
5 objections to the terms, conditions and limitations
6 contained in the temporary authority. However, this
7 section does not require or authorize the commission

8 to require that a utility refund any portion of amounts
9 collected under a temporary order issued under this
10 section.

11 Sec. 3. This Act takes effect January first
12 following its enactment. The provisions of this Act
13 apply only to the proceedings under section four
14 hundred seventy-six point six (476.6) or four hundred
15 seventy-six point seven (476.7) of the Code which
16 are commenced by a request submitted on or after the

 3 district's state dropout incentive aid is two times
 4 the state cost per pupil in the budget year times
 5 the district's actual enrollment in the budget year
 6 times the amount the district's dropout rate for the
 7 base year exceeds the district's base dropout rate.
 8 However, in order for a district to qualify for state
 9 dropout incentive aid the district's actual enrollment
 10 in the budget year times the amount the district's
 11 dropout rate for the base year exceeds the district's
 12 base dropout rate must be at least one. The state

H-3336

- 1 Amend House File 660 as follows:
- 2 1. Page 1, by striking lines 12 through 35.
- 3 2. Page 2, by striking lines 1 through 14.
- 4 3. Page 2, by striking lines 29 through 35.
- 5 4. Page 3, by striking lines 1 through 33 and
- 6 inserting in lieu thereof the following:
- 7 "Sec. . . Section four hundred forty-two point
- 8 eight (442.8), Code 1979, is amended to read as
- 9 follows:
- 10 442.8 STATE COST PER PUPIL. As used in this
- 11 chapter, "state cost per pupil" for the school year
- 12 beginning July 1, 1975, and subsequent school years
- 13 means state cost per pupil in weighted enrollment.
- 14 The state cost per pupil for the school year beginning
- 15 July 1, 1972, is nine hundred three dollars. The
- 16 state cost per pupil for the school year beginning
- 17 on July 1, 1973, and for each succeeding school year
- 18 is the base year's state cost per pupil plus the
- 19 allowable growth for the budget year. If the state
- 20 percent of growth is zero, the state cost per pupil
- 21 shall be the same as the base year's state cost per
- 22 pupil.
- 23 However, for the budget school year beginning July
- 24 1, 1980, and for each subsequent even-numbered budget

25 school year the state cost per pupil for the budget
 26 year shall be computed by using a recomputed state
 27 cost per pupil for the base year. The recomputed
 28 state cost per pupil for the base year is equal to
 29 the amount allocated for all area education agency
 30 support costs in the state for the base year divided
 31 by the weighted enrollment in the state for the base
 32 year plus an amount for regular program costs per
 33 pupil. The regular program cost per pupil is equal
 34 to the sum of the district costs for all school
 35 districts in the state for the base year less the
 36 amount generated for all area education agency support
 37 services in the state for the base year, and less
 38 the amount generated for all special education
 39 instruction in the state for the base year from the
 40 application of the weighting factors in chapter two
 41 hundred eighty-one (281) of the Code, which sum less
 42 deductions shall be divided by the adjusted enrollment
 43 in all school districts used for the calculation of
 44 district budgets for the base year.

45 For each school year subsequent to the school year
 46 beginning July 1, 1975, the allowable growth added
 47 to the state cost per pupil as otherwise computed
 48 under section 442.7 shall be the basic allowable
 49 growth increased by an amount equal to the average
 50 of the amounts of allowable growth added for each

Page 2

1 school district in the state for additional special
 2 education support services needed for that year to
 3 serve newly identified children who require the
 4 services, under sections 273.9, subsection 3 and
 5 442.7, subsection 7, paragraph "d". The state
 6 comptroller shall compute the applicable amount of
 7 allowable growth to be added to the state cost per
 8 pupil for each school year."

9 5. Page 3, by inserting before line 34 the
 10 following:

11 "Sec. . Section four hundred forty-two point
 12 fourteen (442.14), subsections two (2) and three (3),
 13 Code 1979, are amended to read as follows:

14 2. The board shall determine the additional
 15 enrichment amount per pupil needed, within the limits
 16 of this section. The board shall publish notice in
 17 a newspaper of general circulation in the school
 18 district listing the date, time and location of each
 19 of three public hearings to be held for reading and
 20 approval of the enrichment resolution. The hearings
 21 shall be at least one week apart with the third hearing
 22 to take place at least forty-five days prior to the

23 school board election in September of the base year.
 24 If, on or before the date of the third hearing, the
 25 school board receives a petition protesting the
 26 proposed enrichment resolution and signed by not less
 27 than twenty percent of the number of persons who voted
 28 in the most recent school district election, or if
 29 by its own motion the board determines that a
 30 referendum should be held, the school board shall
 31 direct the county commissioner of elections to submit
 32 the question of whether to raise that amount under
 33 the provisions of this section and section 442.15,
 34 to the qualified electors of the school district at
 35 a regular school election held during September of
 36 the base year. If no petition is received and the
 37 board approves the enrichment resolution or if a
 38 majority of those voting favors raising the enrichment
 39 amount, the board may include the approved amount
 40 in its certified budget.

41 3. The Except for that portion of the enrichment
 42 amount provided by state enrichment aid under section
 43 four hundred forty-two point fifteen (442.15) of the
 44 Code, the additional enrichment amount needed shall
 45 be raised within the limits provided in this section
 46 by a combination of an enrichment property tax and
 47 a school district income surtax imposed in the
 48 proportion of a property tax of twenty-seven cents
 49 per thousand dollars of assessed valuation of taxable
 50 property in the district for each five percent of

Page 3

1 income surtax.

2 Sec. Section four hundred forty-two point
 3 fifteen (442.15), unnumbered paragraph one (1), Code
 4 1979, is amended by striking the paragraph and
 5 inserting in lieu thereof the following:

6 If the additional enrichment amount is approved
 7 under section four hundred forty-two point fourteen
 8 (442.14) of the Code, the board shall certify to the
 9 state comptroller that the required procedures have
 10 been carried out. For each school year the additional
 11 enrichment amount is authorized, the state comptroller
 12 shall calculate the total enrichment amount for the
 13 district. Total enrichment amount means the additional
 14 enrichment amount for the district expressed in
 15 dollars. A school district that has authorized an
 16 additional enrichment amount is entitled to state
 17 enrichment aid equal to the amount, if any, that the
 18 guaranteed enrichment return exceeds the total
 19 enrichment amount. The guaranteed enrichment return
 20 is the sum of the guaranteed enrichment property tax

21 return and the guaranteed enrichment surtax return.
22 The guaranteed enrichment property tax return is the
23 product of the guaranteed property tax rate times
24 the district's adjusted enrollment times the greater
25 of the average valuation of taxable property per pupil
26 in adjusted enrollment in the state or the valuation
27 of taxable property per pupil in adjusted enrollment
28 in the district. The guaranteed enrichment surtax
29 return is the product of the guaranteed surtax rate
30 times the district's adjusted enrollment times the
31 greater of the average state individual income taxes
32 paid per pupil in adjusted enrollment in the state
33 or the individual income taxes paid per pupil in
34 adjusted enrollment in the district. The guaranteed
35 property tax rate is the enrichment property tax that
36 would be levied if the state enrichment aid was zero,
37 divided by the valuation of taxable property in the
38 district. The guaranteed surtax rate is the school
39 district income surtax that would be imposed if the
40 state enrichment aid was zero, divided by the total
41 individual income taxes paid in the district. The
42 school district must raise the total enrichment amount
43 less state enrichment aid as provided in section four
44 hundred forty-two point fourteen (442.14), subsection
45 three (3) of the Code, and the state comptroller shall
46 establish the amount of the enrichment property tax
47 to be levied and the school district income surtax
48 to be imposed. The state comptroller shall determine
49 these amounts based upon the most recent figures
50 available for the district's valuation of taxable

Page 4

1 property, state individual income tax paid, and
2 adjusted enrollment in the district, and shall certify
3 to the district's county auditor the amount of
4 enrichment property tax, and to the director of revenue
5 the amount of school district income surtax to be
6 imposed."

9 "Sec. . Acts of the Sixty-seventh General
10 Assembly, 1978 Session, chapter one thousand ninety-
11 nine (1099), section thirty-one (31), is amended to
12 read as follows:

13 SEC. 31. To meet the special problems that result
14 from budget reductions due to declining enrollments
15 prior to the modifications in the adjustments for
16 declining enrollments to take effect commencing with
17 the school year beginning July 1, 1979, there is
18 appropriated from the general fund of the state for

19 the fiscal years beginning July 1, 1978 and ending
 20 June 30, 1980, to the school budget review committee
 21 the sum of two million five hundred thousand
 22 (2,500,000) dollars, or so much thereof as necessary
 23 to be used to minimize the impact of the factor listed
 24 in paragraph two (2) of this section. The school
 25 budget review committee may also establish a modified
 26 allowable growth for the school district by increasing
 27 the allowable growth for the school district to provide
 28 additional funds to assist the school district with
 29 hardships which result from the impact on the school
 30 district's budget resulting from declining enrollment.

31 To assess whether a district has hardships resulting
 32 from reduced funds because of declining enrollment,
 33 the school budget review committee shall consider
 34 whether the school district will be or has been forced
 35 to terminate an existing educational program because
 36 of insufficient funds and thus diminish the overall
 37 quality of the school program for the budget year
 38 from that provided in the base year or prior school
 39 years.

40 Sec. . The section amending Acts of the Sixty-
 41 seventh General Assembly, chapter one thousand ninety-
 42 nine (1099), section thirty-one (31), being deemed
 43 of immediate importance, shall take effect from and
 44 after its publication in The Des Moines Register,
 45 a newspaper published in Des Moines, Iowa, and in
 46 the Iowa City Press-Citizen, a newspaper published
 47 in Iowa City, Iowa."

30 2. The board shall determine the additional
31 enrichment amount per pupil needed, within the limits
32 of this section. The board shall publish notice in
33 a newspaper of general circulation in the school
34 district listing the date, time and location of each
35 of three public hearings to be held for reading and
36 approval of the enrichment resolution. The hearings
37 shall be at least one week apart with the third hearing
38 to take place at least forty-five days prior to the
39 school board election in September of the base year.
40 If, on or before the date of the third hearing, the
41 school board receives a petition protesting the
42 proposed enrichment resolution and signed by not less
43 than twenty percent of the number of persons who voted
44 in the most recent school district election, or if
45 by its own motion the board determines that a
46 referendum should be held, the school board, and shall
47 direct the county commissioner of elections to submit
48 the question of whether to raise that amount under
49 the provisions of this section and section 442.15,
50 to the qualified electors of the school district at

1 a regular school election held during September of
2 the base year. If no petition is received and the
3 board approves the enrichment resolution or if a
4 majority of those voting favors raising the enrichment
5 amount, the board may include the approved amount
6 in its certified budget.

7 3. Except for that portion of the enrichment
8 amount provided by state enrichment aid under section
9 four hundred forty-two point fifteen (442.15) of the
10 Code, the additional enrichment amount needed shall
11 be raised within the limits provided in this section
12 by a combination of an enrichment property tax and
13 a school-district income surtax imposed in the
14 proportion of a property tax of twenty-seven cents
15 per thousand dollars of assessed valuation of taxable
16 property in the district for each five percent of
17 income surtax.

18 Sec. . Section four hundred forty-two point
19 fifteen (442.15), unnumbered paragraph one (1), Code
20 1979, is amended by striking the paragraph and
21 inserting in lieu thereof the following:

22 If the additional enrichment amount is approved
23 under section four hundred forty-two point fourteen
24 (442.14) of the Code, the board shall certify to the
25 state comptroller that the required procedures have
26 been carried out. For each school year the additional
27 enrichment amount is authorized, the state comptroller

28 shall calculate the total enrichment amount for the
 29 district. Total enrichment amount means the additional
 30 enrichment amount for the district expressed in
 31 dollars. A school district that has authorized an
 32 additional enrichment amount is entitled to state
 33 enrichment aid equal to the amount, if any, that the
 34 guaranteed enrichment return exceeds the total
 35 enrichment amount. The guaranteed enrichment return
 36 is the sum of the guaranteed enrichment property tax
 37 return and the guaranteed enrichment surtax return.
 38 The guaranteed enrichment property tax return is the
 39 product of the guaranteed property tax rate times
 40 the district's adjusted enrollment times the greater
 41 of the average valuation of taxable property per pupil
 42 in adjusted enrollment in the state or the valuation
 43 of taxable property per pupil in adjusted enrollment
 44 in the district. The guaranteed enrichment surtax
 45 return is the product of the guaranteed surtax rate
 46 times the district's adjusted enrollment times the
 47 greater of the average state individual income taxes
 48 paid per pupil in adjusted enrollment in the state
 49 or the individual income taxes paid per pupil in
 50 adjusted enrollment in the district. The guaranteed

Page 4

1 property tax rate is the enrichment property tax that
 2 would be levied if the state enrichment aid was zero,
 3 divided by the valuation of taxable property in the
 4 district. The guaranteed surtax rate is the school
 5 district income surtax that would be imposed if the
 6 state enrichment aid was zero, divided by the total
 7 individual income taxes paid in the district. The
 8 school district must raise the total enrichment amount
 9 less state enrichment aid as provided in section four
 10 hundred forty-two point fourteen (442.14), subsection
 11 three (3) of the Code, and the state comptroller shall
 12 establish the amount of the enrichment property tax
 13 to be levied and the school district income surtax
 14 to be imposed. The state comptroller shall determine
 15 these amounts based upon the most recent figures
 16 available for the district's valuation of taxable
 17 property, state individual income tax paid, and
 18 adjusted enrollment in the district, and shall certify
 19 to the district's county auditor the amount of
 20 enrichment property tax, and to the director of revenue
 21 the amount of school district income surtax to be
 22 imposed."

 35 weighting plan for determining enrollment is adopted
 36 as follows:
 37 1. Pupils in a regular curriculum attending all
 38 their classes in the district in which they reside
 39 and taught by teachers employed by that district,
 40 are assigned a weighting of one.
 41 2. Pupils attending classes in another school

 15 from budget reductions due to declining enrollments
 16 prior to the modifications in the adjustments for
 17 declining enrollments to take effect commencing with
 18 the school year beginning July 1, 1979, there is

 22 the sum of two million five hundred thousand
 23 (2,500,000) dollars, or so much thereof as necessary
 24 to be used to minimize the impact of the factor listed
 25 in paragraph two (2) of this section. The school

 28 the allowable growth for the school district to provide
 29 additional funds to assist the school district with
 30 hardships which result from the impact on the school

32 To assess whether a district has hardships resulting

Amendment H — 3350E lost.

Patchett of Johnson offered the following amendment H — 3355, to amendment H — 3336, filed by him from the floor and moved its adoption:

H — 3355

1 Amend H-3336, filed by Patchett et al, to House
 2 File 660 as follows:
 3 1. By striking page 1, line 2 through page 5,
 4 line 12 and inserting in lieu thereof the following:
 5 "1. Page 3, by inserting after line 1 the
 6 following:
 7 "Sec. . Section four hundred forty-two point
 8 eight (442.8), Code 1979, is amended to read as
 9 follows:
 10 442.8 STATE COST PER PUPIL. As used in this
 11 chapter, "state cost per pupil" for the school year
 12 beginning July 1, 1975, and subsequent school years
 13 means state cost per pupil in weighted enrollment.
 14 The state cost per pupil for the school year beginning
 15 July 1, 1972, is nine hundred three dollars. The
 16 state cost per pupil for the school year beginning
 17 on July 1, 1973, and for each succeeding school year
 18 is the base year's state cost per pupil plus the
 19 allowable growth for the budget year. If the state
 20 percent of growth is zero, the state cost per pupil
 21 shall be the same as the base year's state cost per
 22 pupil.

23 However for the budget year beginning July 1, 1980,
24 and for each subsequent budget year, the state cost
25 per pupil is the base year's state cost per pupil
26 plus one and three-tenths times the allowable growth
27 for the budget year. However if the resulting
28 computation produces a state cost per pupil greater
29 than the average state cost per pupil, the state cost
30 per pupil for the budget year shall equal the average
31 state cost per pupil for that year, and the state
32 cost per pupil for each even-numbered budget year
33 thereafter shall equal the average state cost per
34 pupil for that year, and the state cost per pupil
35 for each odd-numbered budget year thereafter shall
36 equal the state cost per pupil for the prior year.
37 The average state cost per pupil for the budget year
38 equals the amount allocated for all area education
39 agency support costs in the state for the base year
40 divided by the weighted enrollment in the state for
41 the base year plus an amount for regular program costs
42 per pupil. The amount for regular program costs per
43 pupil is equal to the sum of the district costs for
44 all school districts in the state for the base year,
45 less the amount generated for all area education
46 agency support services in the state for the base
47 year, and less the amount generated for all special
48 education instruction in the state for the base year
49 from the application of the weighting factors in
50 chapter two hundred eighty-one (281) of the Code,

Page 2

1 which sum less deductions shall be divided by the
2 adjusted enrollment in all school districts used for
3 the calculation of district budgets for the base year.
4 For each school year subsequent to the school year
5 beginning July 1, 1975, the allowable growth added
6 to the state cost per pupil as otherwise computed
7 under section 442.7 shall be the basic allowable
8 growth increased by an amount equal to the average
9 of the amounts of allowable growth added for each
10 school district in the state for additional special
11 education support services needed for that year to
12 serve newly identified children who require the
13 services, under sections 273.9, subsection 3 and
14 442.7, subsection 5, paragraph "d". The state
15 comptroller shall compute the applicable amount of
16 allowable growth to be added to the state cost per
17 pupil for each school year."
18 2. By numbering and renumbering sections as
19 necessary."

H-3307

1 Amend House File 650 as follows:

2 1. By striking everything after the enacting
3 clause and inserting in lieu thereof the following:
4 "Section 1. Section four hundred twenty-two point
5 thirty-five (422.35), Code 1979, is amended by adding
6 the following new subsection:
7 "NEW SUBSECTION. Subtract an amount equal to
8 twenty percent of the actual amount expended by the
9 taxpayer for salaries and wages within the state to
10 permanent full-time employees if the taxpayer is
11 engaged in assembling, fabricating, manufacturing,
12 or processing of any agricultural, mineral, or
13 manufactured products. A deduction allowed under
14 this subsection shall be allowed for each of the
15 succeeding four years following the year in which
16 the deduction is claimed. The additional deduction
17 allowed under this subsection shall only apply to
18 salaries and wages paid to new permanent full-time
19 employees hired for new positions and shall not apply
20 to salaries and wages paid to permanent full-time
21 employees hired to fill vacant positions. The
22 additional deduction shall also be allowed only if
23 the taxpayer has actual value added to industrial
24 real estate by new construction. For purposes of
25 this subsection, "new construction" means new buildings
26 and structures and includes new buildings and
27 structures which are constructed as additions to
28 existing buildings and structures. New construction
29 does not include reconstruction of an existing building
30 or structure which does not constitute complete
31 replacement of an existing building or structure.

32 Sec. 2. This Act is effective January first
33 following enactment for tax years beginning on or
34 after January first following enactment."

SPECIAL PRESENTATION

Mullins of Kossuth escorted to the Speaker's station and presented to the House the Honorable William Kenneally, T.D., M.C.C., and member of the Fianna Fail Party of the Irish Parliament, from Dublin, Ireland.

The House rose and expressed its welcome. Mr. Kenneally responded with the following remarks:

Mr. Speaker and Honorable members of the House of the State of Iowa, I wish to thank you most sincerely for the privilege which you have extended to me and the courtesy which you have shown me here today in your Legislature.

It is a very great honor for me as a member of the Parliament of Ireland to bring to you greetings and good wishes on this occasion.

Even though we live many thousands of miles apart from each other, we have many things in common. Your people in the State of Iowa — your way of life — the type of work that you do — your general attitude to life — all these attributes — if one may describe them as such are very like those of ours in Ireland. Indeed the State of Iowa provides much of the food required to meet the needs of the people of the United States. We in Ireland — are the greatest providers of Agricultural produce for the 250 million people in the member states of the European Economic Community.

I am very happy to say to you I am journeying onwards to the City of Emmetsburg where I am to join with the people there in the festivities that are arranged to commemorate the Feast Day of St. Patrick the Patron Saint of Ireland. You are aware of the very active St. Patrick's Association in Emmetsburg and we in Ireland were truly delighted to have had a number of people from the Association visit Ireland last summer. We would welcome and invite any of you to visit us in Ireland.

Finally, may I wish you God Speed with your work and deliberations. Thank you again for the truly great warmth of your welcome — the wonderful friendship which you have shown me. Thank you.

IOWA LAWMAKERS

By Representative Jean Lloyd-Jones, Iowa City

They also climbed the granite steps
And marvelled at these marble halls,
Complained of draughty meeting rooms
and icy winter mornings.

They studied and amended bills,
Contended with each other,
They spoke sometimes with eloquence,
sometimes in jest.

And they, as we, were proud and modest,
Sensitive and arrogant;
No better and no worse than those who chose them.
But set apart somehow, because they dared to
walk the lone, uncertain way.

And we, as they, by time oppressed
Put doubt aside, and cast our vote.
And then move on
with gratitude for those who showed the way.

CONSIDERATION OF BILLS

Cusack of Scott offered the following amendment H—3444 filed by Cusack, et al.:

H—3444

1 Amend House File 680 as follows:
2 1. Page 1, by striking lines 1 through 10 and
3 inserting in lieu thereof the following:
4 "Section 1. Section ninety-seven A point six
5 (97A.6), subsection one (1), paragraph b, Code 1979,
6 is amended by striking the paragraph."
7 2. Page 1, by striking line 11 through page 2,
8 line 22, and inserting in lieu thereof the following:
9 "Sec. 2. Section ninety-seven B point forty-five
10 (97B.45), unnumbered paragraphs two (2) and three
11 (3), Code 1979, are amended by striking the paragraphs
12 and inserting in lieu thereof the following:
13 An employer shall not prescribe retirement at a
14 specific age, but shall base retirement policies on
15 ability of the member to perform the job.
16 Sec. 3. Section ninety-seven B point forty-six
17 (97B.46), Code 1979, is amended to read as follows:
18 97B.46 SERVICE AFTER AGE SIXTY-FIVE. A member
19 may, on the request of the employer, remain in the
20 active employ of the employer beyond the date the
21 member attains the age of sixty-five for such period
22 or periods as the employer from time to time shall
23 approve, provided, however, that credit for such
24 service shall cease when contributions cease as
25 provided in section 97B.11. The member shall retire
26 at the end of the last approved period, on the first
27 day of the month in which the member retires, except
28 that such date shall be after the last day of service.
29 A member remaining in service after attaining the
30 age of seventy years shall be entitled to receive
31 a retirement allowance under section 97B.49 as
32 applicable commencing with payment for the calendar
33 month within which the written notice is submitted
34 to the department, except that if the member fails
35 to submit the notice on a timely basis, retroactive
36 payments shall be made for no more than six months
37 immediately preceding the month in which the written
38 notice is submitted.

39 The employer shall base approval for continuation
 40 of active employment of a member who has attained
 41 the age of sixty-five upon the employee's ability
 42 to perform the job, and age shall not be considered
 43 as a factor."

44 3. Page 2, by striking line 23 through page 3,
 45 line 10, and inserting in lieu thereof the following:

46 "Sec. 4. Section four hundred ten point six
 47 (410.6), unnumbered paragraph two (2), Code 1979,
 48 is amended by striking the paragraph.

49 Sec. 5. Section four hundred eleven point six

 2 the remaining paragraph."

3 4. Page 3, by striking line 11 through page 5,
 4 line 5, and inserting in lieu thereof the following:

5 "Sec. 6. Section six hundred one A point thirteen
 6 (601A.13), Code 1979, is amended by adding the
 7 following new unnumbered paragraph:

8 **NEW UNNUMBERED PARAGRAPH.** However, a retirement
 9 plan or benefit system shall not require the
 10 involuntary retirement of a person because of that
 11 person's age. An employer is not required to provide
 12 the same pension, retirement, or insurance benefits
 13 to all employees where the cost varies with the age
 14 of the individual employee. Business necessity or
 15 bona fide underwriting criteria shall be the only
 16 basis used by employers for providing different
 17 benefits to employees of different ages unless the
 18 benefits are provided under a retirement plan or
 19 benefit system adopted as a subterfuge to evade the
 20 purposes of this chapter. The existence of a provision
 21 in a retirement plan stating a maximum eligibility
 22 age for entrance into a retirement plan shall not
 23 authorize the rejecting from employment of an applicant
 24 who is over the maximum eligibility age for the
 25 retirement plan. This section does not require an
 26 employer to hire back an employee following retirement,
 27 or to hire an applicant for employment whose age is
 28 over the retirement age under the employer's retirement
 29 plan or benefit system, if the plan or system is not
 30 a mere subterfuge for the purposes of evading the
 31 provisions of this chapter."

32 5. By renumbering the sections to conform with
 33 this amendment.

The bill having received a constitutional majority was declared to have passed the House and the title, as amended, was agreed to.

House File 485, a bill for an act to require fiscal notes on proposed legislation and administrative rules which impose increased expenditures or fiscal liability, or reduce the revenues, of the political subdivisions of this state, and to provide for delayed effective dates, with report of committee recommending amendment and passage was taken up for consideration.

Thompson of Polk asked and received unanimous consent to withdraw amendment H—3496 (to page 1) filed by her on March 21, 1979.

Crawford of Story offered amendment H—3439 filed by the committee on state government on March 15, 1979 and found on page 983 of the House Journal and moved its adoption.

Amendment H—3439 was adopted.

Norland of Worth offered the following amendment H—3457 filed by him:

H—3457

- 1 Amend House File 485 as follows:
- 2 1. Page 1, by inserting before line 1 the
- 3 following:
- 4 "Section 1. **NEW SECTION. DEFINITIONS.** As used
- 5 in this Act unless the context otherwise requires:
- 6 1. "Political subdivision" means a city, county,
- 7 school district or special district created under
- 8 chapter three hundred fifty-seven (357), three hundred
- 9 fifty-seven A (357A), three hundred fifty-seven B
- 10 (357B), three hundred fifty-seven C (357C) or three
- 11 hundred fifty-eight (358) of the Code.
- 12 2. "State mandate" means a state constitutional

13 provision, statutory provision or administrative rule
 14 requiring a political subdivision of this state to
 15 undertake a specified activity or provide a service
 16 meeting minimum state standards.

17 3. "State-mandated cost" means an increased cost
 18 which a political subdivision of this state is required
 19 to incur as a result of the following:

20 a. A statute enacted after January 1, 1980, which
 21 mandates a new program or an increased level of service
 22 of an existing program.

23 b. An administrative rule issued after January
 24 1, 1980, which mandates a new program or service or
 25 which implements or interprets a state statute and,
 26 by the implementation or interpretation, increases
 27 program or service levels above the levels required
 28 before January 1, 1980.

29 c. A statute enacted or administrative rule issued
 30 after January 1, 1980, which results in a revenue
 31 loss from a new exemption from property taxation or
 32 gross receipts tax.

33 4. "State board" means the state mandate appeal
 34 board."

35 2. By striking page 2, line 22 through page 3,
 36 line 17 and inserting in lieu thereof the following:

37 "Sec. 4. NEW SECTION. REIMBURSEMENT FOR STATE-
 38 MANDATED COSTS.

39 1. A political subdivision shall be reimbursed
 40 for state-mandated costs from funds appropriated by
 41 the general assembly for that purpose. The costs
 42 specified under section five (5) of this Act are
 43 excluded from reimbursement.

44 2. The state comptroller shall administer the
 45 state-mandated cost reimbursement program. For the
 46 initial fiscal year during which a reimbursable state-
 47 mandated cost is incurred, a political subdivision
 48 shall submit a claim to the comptroller within forty-
 49 five days after the mandate is effective for payment
 50 of its estimated costs required for that fiscal year.

Page 2

1 If a political subdivision does not submit the claim
 2 within the forty-five days, the claim may be submitted
 3 concurrently with the claim for reimbursement for
 4 the next fiscal year without penalty as provided in
 5 subsection four (4) of this section. For reimbursable
 6 state-mandated costs incurred in a subsequent fiscal
 7 year, the claim shall be submitted to the state
 8 comptroller by October thirty-first. Before paying
 9 a claim, the state comptroller may audit the records
 10 of the political subdivision, may reduce a claim which

11 is determined to be excessive or unreasonable, and
12 shall adjust the payment to correct an underpayment
13 or overpayment which occurred in the preceding fiscal
14 year.

15 3. If the amount appropriated for reimbursement
16 purposes is not sufficient to pay all the claims
17 approved by the state comptroller or the state board,
18 the state comptroller shall prorate the claims in
19 proportion to the dollar amount of approved claims
20 which were filed on time and on hand at the deadline
21 for filing claims as provided in subsection two (2)
22 of this section. The state comptroller shall adjust
23 prorated claims if additional funds are appropriated
24 for this purpose. If the state comptroller finds
25 it necessary to prorate claims as provided in this
26 subsection, the state comptroller shall immediately
27 report this action to the legislative fiscal bureau
28 and the chairpersons of the appropriation committees
29 of the general assembly.

30 4. If a political subdivision submits an otherwise
31 valid claim to the state comptroller after the deadline
32 specified in subsection two (2) of this section, the
33 state comptroller shall pay the claim in an amount
34 equal to eighty percent of the amount which would
35 have been allowed under subsection two (2) of this
36 section. A claim which is filed within the deadline
37 shall be paid in full before payments are made on
38 claims filed after the deadline. If the amount
39 appropriated for reimbursement purposes is not
40 sufficient to pay the late claims approved by the
41 state comptroller or the state board, the state
42 comptroller shall prorate the claims in proportion
43 to the dollar amount of the approved claims filed
44 after the deadline and report the need for proration
45 to the legislative fiscal bureau and the chairpersons
46 of the appropriation committees of the general
47 assembly.

48 Sec. 5. NEW SECTION. EXCLUSION FROM REIMBURSEMENT.

49 A claim for state reimbursement shall not be approved
50 or paid under section four (4) or six (6) of this

Page 3

1 Act if:

2 1. The state-mandate results from the requirements
3 of a federal law or regulation or a final court order
4 unless the state-mandated costs exceed the mandate
5 of the federal law or regulation or final court order.

6 2. The costs result from a statute requested by
7 a political subdivision. For the purposes of this
8 subsection, a resolution from the governing body of

9 a political subdivision or a letter from a delegated
 10 representative of the governing body which requests
 11 legislative authorization for that political
 12 subdivision to implement a specific program shall
 13 constitute a request, but a request to implement an
 14 existing reimbursable mandate in an alternative manner
 15 does not constitute a request.

16 3. The state mandate provides for self-financing
 17 authority other than property taxation unless the
 18 mandated costs exceed the revenue from the additional
 19 self-financing authority.

20 4. The state mandate provides for savings to
 21 offset costs to the political subdivision resulting
 22 in no net cost to the political subdivision.

23 5. The state mandate creates a new crime or changes
 24 the penalty for a crime, but only the costs of that
 25 part of the statute directly relating to the
 26 enforcement of the crime are excluded from
 27 reimbursement.

28 6. The state-mandated costs are two hundred dollars
 29 or less per annum per political subdivision.

30 7. The state mandate imposes a duty which can
 31 be implemented by existing staff with no additional
 32 net cost.

33 8. The state mandate results in a revenue loss
 34 from an exemption to taxes other than a property tax
 35 or gross receipts tax.

36 9. A statute contains a provision excluding
 37 reimbursement of the cost of implementing a state
 38 mandate.

39 Sec. 6. NEW SECTION. APPEAL OF CLAIMS.

40 1. A state mandate appeal board is created. The
 41 state board shall hear and decide claims by political
 42 subdivisions of this state that the political
 43 subdivisions has not been reimbursed for all state-
 44 mandated costs payable by the state as provided in
 45 section four (4) of this Act.

46 2. The membership of the state board shall consist
 47 of the governor or a designee of the governor, the
 48 auditor of state, the treasurer of state and two
 49 additional members who shall be full-time officers
 50 or employees of a political subdivision of this state.

Page 4

1 The governor's designee shall not be the state
 2 comptroller. The two additional members shall be
 3 appointed by the governor for two-year terms with
 4 the approval of two-thirds of the members of the
 5 senate. The term of office shall begin on January
 6 first of the year of appointment and an appointive
 7 member shall serve until a successor is appointed

8 and qualified. A vacancy shall be filled for the
9 unexpired term. The two additional members are
10 entitled to necessary travel and other expenses
11 incurred while engaged in the duties of office.

12 3. The state appeal board shall adopt procedures
13 for receiving claims under this section and for
14 providing hearings on the claims. The procedures
15 shall be adopted in accordance with chapter seventeen
16 A (17A) of the Code. The hearing procedure shall
17 provide for presentation of evidence by the claimant
18 and the state comptroller. The concurrence of a
19 majority of the board members shall be required to
20 approve a claim submitted under this section.

21 4. Claims submitted under this section for
22 reimbursement as provided under section four (4) of
23 this Act shall be limited to the following:

24 a. A claim alleging that the state comptroller
25 incorrectly reduced the payments to the political
26 subdivision under section four (4), subsection two
27 (2) of this Act.

28 b. A claim alleging that a reimbursement payment
29 was denied by the state comptroller because the cost
30 was incorrectly identified as a nonreimbursable cost
31 excluded from payment under section five (5) of this
32 Act.

33 5. The state board may increase, decrease or deny
34 a claim filed under this section. The decision of
35 the state board is final.

36 6. The state comptroller shall pay the amount
37 of a claim awarded under this section in the same
38 manner as claims are paid under section four (4) of
39 this Act. If sufficient funds are not available to
40 pay a claim, the state comptroller shall submit the
41 claim to the chairpersons of the appropriation
42 committees of the general assembly in the form of
43 an appropriation request.

44 **Sec. 7. NEW SECTION. EFFECTIVE DATE OF STATE**
45 **MANDATE.** A political subdivision shall not be required
46 to carry out a state mandate for which the political
47 subdivision is eligible for cost reimbursement under
48 this Act until the cost reimbursement has been received
49 from the state. This section shall not apply to a
50 political subdivision who has not filed for the

Page 5

1 reimbursement of state-mandated costs as provided
2 in section four (4) of this Act."

H-3410

1 Amend House File 648 as follows:

2 1. Page 1, line 27, by inserting after the word
3 "service" the words "as specified in section two (2)
4 of this Act."

5 2. Page 1, by inserting after line 29 the
6 following:

7 "Sec. 2. Chapter four hundred seventy-six (476).
8 Code 1979, is amended by adding the following new
9 section:

10 **NEW SECTION. RATE SCHEDULE STANDARDS.**

11 1. a. The Iowa state commerce commission shall
12 not approve a rate schedule of an electric utility
13 subject to rate regulation unless the rate schedule
14 allocates costs in accordance with the rate design
15 standards of subsection two (2) of this section.
16 The Iowa state commerce commission shall adopt rules
17 for the implementation of these standards within five
18 years of the effective date of this Act.

19 b. Municipally owned electric utilities shall
20 implement the standards of subsection two (2) of this
21 section within five years of the effective date of
22 this Act, but are not subject to rate regulation by
23 the Iowa state commerce commission.

24 2. Rate schedule standards for an electric public
25 utility are as follows:

26 a. The rate schedule shall be on a seasonable
27 basis which reflects the costs of providing services

28 at different times of the year to the extent that
 29 such costs vary seasonally for the utility.

30 . b. The rate schedule shall not provide for
 31 decreasing rates for increased consumption of
 32 electricity during any billing period.

33 . c. The rate schedule shall be on a time of day
 34 basis for those classes of electricity users for which
 35 the time of day basis is cost-effective. For purposes
 36 of this subparagraph, a time of day rate schedule
 37 is cost-effective if the long run benefits of the
 38 rate schedule to the utility are likely to exceed
 39 the metering costs and other costs associated with
 40 the implementation of the time of day rate schedule.

41 . d. A rate schedule for interruptible services
 42 to industrial and commercial electric consumers may
 43 be charged at an amount which reflects the cost of
 44 providing the interruptible service.

45 . e. A rate schedule for electrical users subject
 46 to load management control techniques that are
 47 reliable, create useful energy or capacity management
 48 advantages to the electric utility, and are cost-
 49 effective. For purposes of this paragraph, a load
 50 management control technique is cost-effective if

Page 2

1 the technique is likely to reduce maximum kilowatt
 2 demand on the electrical utility, and the long run
 3 cost savings to the utility of the reduction are
 4 likely to exceed the long run costs to the utility
 5 associated with implementation of the techniques.

6 . f. The rate schedule shall not provide separate
 7 charges for energy costs, demand or capacity costs,
 8 and customer costs other than customer costs for the
 9 extension of electric distribution lines.

10 . g. The rate schedule shall not differentiate
 11 between classes of electrical users, such as
 12 residential, commercial and industrial users, except
 13 as otherwise provided in this section."

14 3. Renumber the sections to conform to this
 15 amendment.
