JOURNAL OF THE HOUSE

First Calendar Day - First Session Day

Supreme Court Chamber, State Capitol
Des Moines, Iowa, Tuesday, May 28, 2002

Pursuant to the proclamation of the Governor, the Honorable Thomas J. Vilsack, convening the Seventy-ninth General Assembly in a Second Extraordinary Session, the House was called to order at 10:04 a.m., by the Honorable Brent Siegrist, Speaker of the House.

Prayer was offered by the Honorable Ralph Klemme, state representative from Plymouth County.

COMMUNICATION FROM THE GOVERNOR

Pursuant to Article IV, section XI of the Constitution of the State of Iowa, the following communication from Governor Thomas J. Vilsack was presented and read to the House of Representatives:

May 23, 2002

The Honorable Brent Siegrist
Speaker of the House
State Capitol Building
L O C A L

Dear Mr. Speaker:

I hereby submit the proclamation setting the extraordinary session of the Iowa Legislature to convene at 10:00 a.m., May 28, 2002.

Sincerely,
Thomas J. Vilsack
Governor

State of Iowa

Executive Department

In The Name And By The Authority Of The State Of Iowa

Proclamation

Whereas, the 2002 regular session of the Seventy-ninth General Assembly adjourned pursuant to House Concurrent Resolution 124, and

Whereas, the 2002 extraordinary session of the seventy-ninth General Assembly adjourned pursuant to House Concurrent Resolution 125, and

Whereas, since the General Assembly approved the state budget for fiscal years 2002 and 2003, the state has experienced a dramatic change in revenue projections, and

Whereas, Iowa along with most states and the federal government experienced a large reduction in final pay income tax returns and a correspondingly large increase in taxpayers due refunds, and

Whereas, as a result of the revenue estimating conference action on May 7, general fund resources available to the state decreased by \$205.5 million in fiscal year 2002 and \$220.1 million in fiscal year 2003, and

Whereas, by law, both the Governor and the Legislature must rely on the revenue estimating conference's estimate in preparing and approving the state budget, and

Whereas, due to recent action by the revenue estimating conference in lowering revenue projections, I did not approve most of the budget for fiscal year 2003 as passed by the General Assembly because it was no longer a balanced budget, and

Whereas, we must maintain a balanced budget that funds the vital state services that Iowans rely on everyday.

Now, Therefore, I, Thomas J. Vilsack, Governor of the State of Iowa, in accordance with Article IV, Section XI, of the Constitution of the State of Iowa, do hereby proclaim that the Seventy-ninth General Assembly shall convene in extraordinary session in Des Moines, Iowa at 10:00 a.m., on the 28th day of May, 2002, and to that end I do call up and direct the members of the House of Representatives to convene in the Supreme Court Chamber at the State Capitol and members of the Senate to convene in room 22 at the State Capitol at 10:00 a.m., on the 28th day of May, 2002 for the purpose which the assembly is convened, namely the matter of revising a fiscal year 2002 and a fiscal year 2003 state budget and matters properly related thereto.

(Seal) IN TESTIMONY WHEREOF, I have hereunto subscribed my name and caused the great seal of the State of Iowa to be affixed. Done at Des Moines this 23rd day of May in the year of our Lord two thousand two.

Page 3

1 a. "Early termination participant" means an

5 and vacation incentive program as established or
6 required in this Act and the similar early termination
7 program established for state employees as established
8 pursuant to a collective bargaining agreement entered
9 into pursuant to chapter 20.

11 termination participant shall be eligible to continue
12 participation in the group plan or under the group

13 contract at the early termination participant's own
14 expense in the same manner as a retired employee
15 pursuant to section 509A.13. In addition, an early
16 termination participant shall be deemed an eligible
17 retired state employee for purposes of eligibility for
18 continuation of group insurance covering spouses as
19 provided in section 509A.13A.

20 3. RELEASE OF RECORDS. Notwithstanding any
21 provision of chapter 22 or section 97B.17 to the
22 contrary, records of the department of personnel
23 maintained for the operation of the Iowa public
24 employees' retirement system may be released to the
25 directors, agents, and employees of the legislative
26 fiscal bureau, the department of revenue and finance,
27 the department of management, and the department of
28 personnel, for the purposes of administering and
29 monitoring an early termination program. A person
30 receiving a record pursuant to this subsection shall
31 maintain the confidentiality of any information
32 otherwise required to be kept confidential and shall
33 be subject to the same penalties as the custodian of

38 4. REPORTING REQUIREMENTS. The department of

43 submitted in conjunction with the reports required to
44 be submitted by the department of personnel pursuant
45 to 2001 Iowa Acts, Second Extraordinary Session,
46 chapter 5, section 4. The department shall also

1 number of early termination program participants, the

3 payments made to participants, the number of state
4 employment positions eliminated pursuant to an early
5 termination program, the number of positions vacated
6 by an early termination program participant that have
7 been refilled, and the savings to the state based upon
8 the early termination program.

9 5. SAVINGS. a. For an executive branch position
10 vacated by an early termination participant pursuant
11 to an early termination program, the savings from that

12 termination, as determined by the department of
13 management, shall offset amounts that would otherwise
14 be reduced from the appropriation to the executive
15 branch department or establishment that employed the
16 participant due to the implementation of a furlough
17 program. The moneys saved by the department or
18 establishment due to the termination would then be
19 used by the department or establishment to reduce or
20 end the furlough program as it would otherwise apply
21 to the employees of that department or establishment,
22 to the extent of the savings. If savings in excess of
23 the amounts reduced by the department of management
24 for the applicable executive branch department or
25 establishment are received, and the furlough program
26 for that department or establishment ceases, those
27 moneys shall not revert to the general fund but shall
28 be transferred to the applicable executive branch
29 department or establishment for personnel costs which
30 shall not be expended for personnel costs without
31 prior approval of the department of management.

32 b. For a judicial or legislative branch position
33 vacated by an early termination participant pursuant
34 to an early termination program, the savings from that
35 termination, as determined by the judicial or
36 legislative branch as applicable, shall offset amounts
37 that would otherwise be reduced from the appropriation
38 to the legislative or judicial branch that employed
39 the participant due to the implementation of a
40 furlough program. The moneys saved by the legislative
41 or executive branch due to the termination would then
42 be used by the department or establishment to reduce
43 or end the furlough program as it would otherwise

GOVERNOR'S ITEM VETO MESSAGE

June 4, 2002

The Honorable Chester Culver
Secretary of State
State Capitol
L O C A L

Dear Secretary Culver:

I hereby transmit House File 2625, an Act addressing public funding provisions and properly related matters by making, reducing, and transferring appropriations, adjusting other expenditures for the fiscal year beginning July 1, 2001, and including

other appropriations, cooperative tax credits, and effective and retroactive applicability date provisions.

With the Revenue Estimating Conference's recent action to decrease general fund resources available to the state by \$205.5 million in fiscal year 2002, I took responsible action in calling a special session to take the necessary steps to balance the budget. House File 2625 is the result of a plan that I worked with legislators in developing to solve the budget shortfall for the current year. The plan included a series of funding transfers that allow us to continue to provide the priority services of Iowans.

However, the bill has several provisions which I cannot support. I oppose the Republicans' continuous assault on our senior citizens by attempting to raise prescription drug costs on Iowans in need. I have vetoed their attempt to double the co-payments on prescription drugs in the past, and I will do so again. I also cannot support the Republicans' plan to add an unnecessary, burdensome layer of bureaucracy and cost to the delivery of medical assistance. The burdens created for some Iowa families and seniors are simply unacceptable.

House File 2625 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve Division V, Section 34 in its entirety. This provision would increase the cost of prescription drugs for Iowans most in need. This, in effect, is a tax on a group-aged, blind, disabled, children, and caretakers with very little or no income. Additionally, if the individuals do not have the funds, the pharmacist is required to dispense the drug anyway. This requires pharmacists to subsidize the costs and creates an additional reluctance on the part of pharmacists to handle Medicaid patients.

Section 34 would also require additional bureaucracy and associated costs by calling for monthly reporting requirements for those who experience a change in income, mailing address, household composition, or health insurance. In doing so, the legislature would be creating an additional layer of bureaucracy, and an additional layer of cost to process the monthly reports. This new bureaucratic requirement is particularly unnecessary, considering the Department of Human Services already requires Iowans in need who receive medical assistance to report changes in such factors.

I am unable to approve Section 37. This section removes the requirement that the legislature establish the state percent of allowable growth in funding for our local school districts within the first 30 days of legislative session. This provision was developed to ensure the state's commitment to education was made up front and did not get bogged down in last minute budget negotiations and to provide adequate planning time for school districts. Now, more than ever, when education is our state's top priority, we must maintain that commitment to our local schools.

I am unable to approve Section 40, subsection 1. This section requires the departments of personnel to identify duplicative job responsibilities throughout state government and report these positions to the oversight committee. These determinations on an enterprise-wide basis are already being done.

I am unable to approve Section 40, subsection 3. This administration has made every attempt to provide quality educational opportunities for all Iowans. This section denies the opportunity for state workers to access educational assistance. With a shrinking state workforce, it is more important than ever to make sure the remaining professionals have the training and education they need to effectively serve Iowans. I believe this option should be maintained.

I am unable to approve Section 42. This section eliminates state funding to the State Medical Library. The legislature had intended to shift this funding from the medical library to the Department of Cultural Affairs for cultural grants, but the bill failed to complete the transfer. While the republican legislature eliminates the medical library funding, they also establish a task force charged with determining whether to continue the State Medical Library; and if so, where it should be located. The medical library provides essential educational materials and diagnostic and research searches for health professionals and students. Closing this valuable resource for many Iowans is shortsighted and unnecessary.

For the above reasons, I respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 2625 are hereby approved as of this date.

Sincerely,
Thomas J. Vilsack
Governor

June 12, 2002

The Honorable Chester Culver
Secretary of State
State Capitol
L O C A L

Dear Secretary Culver:

I hereby transmit House File 2627, an Act addressing public funding provisions and properly related matters by making, reducing, and transferring appropriations, adjusting other expenditures for the fiscal year beginning July 1, 2002, and including other appropriations, cooperative tax credits, and effective and retroactive applicability date provisions.

With the revenue estimating conference's recent action to decrease general fund resources available to the state by \$212.5 million in fiscal year 2003, I took responsible action in calling a special session to take the necessary steps to balance the budget. I had offered a reasonable alternative plan that would have protected more of the services provided to Iowans. However, the legislative leaders in the majority party rejected my plan. This left me with two options – sign the bill as passed by the legislature or have no budget in place for new fiscal year that starts in just a few weeks. Clearly, it would be irresponsible to shut down state government. Therefore, I have no alternative but to sign this legislation.

Despite the extraordinary challenge of a national recession, I am pleased that we were successful in our administration's fight to preserve some key priorities of Iowa

families, including improving learning by reducing class sizes and increasing teacher quality, and preserving access to health care for our children and senior citizens. I am also please to restore \$600,000 to the Enrich Iowa Libraries program. A reduction in funding to this important initiative would stifle the progress this administration has made in improving educational opportunities for Iowa's children.

However, this bill has several provisions which I cannot support. I oppose the Republicans' continuous assault on our senior citizens by attempting to raise prescription drug costs on Iowans in need. I have vetoed their attempt to double the copayments on prescription drugs in the past, and I will do so again. The burdens created for some Iowa families and seniors are simply unacceptable.

House File 2627 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the items designated as Section 3, subsection 7 in its entirety, Section 9, subsection 3 in its entirety, and Section 21, subsection 2 in its entirety. These sections require commerce, racing and gaming, and the lottery to report the Accountable Government Act activities by January 13, 2003. With the reduction of state employees, this would create an unnecessary requirement. Such reports should be completed per the implementation procedures as set forth in Iowa Code Chapter 8E.

I am unable to approve the items designated as Section 5, subsection 5 in its entirety, Section 13, subsection 2 in its entirety, Section 26, subsection 2 in its entirety, and Section 28 in its entirety. These sections require the Departments of General Services, Personnel and Information Technology to identify duplicative situations within state government and report by September 1, 2002. Such activities should be conducted on an enterprise wide basis as set forth in Section 11, subsection 3 of the bill.

I am unable to approve the item designated as Section 26, subsection 1 in its entirety. This item requires the Information Technology Department to notify the Department of Management prior to any fee increases. The Department of Management is then to notify the Legislative Fiscal Bureau. The two departments will work cooperatively to examine such fee or rate increases, without the necessity of this legislative mandate.

I am unable to approve the item designated as a portion of Section 30. This would increase the maximum possible award to an employee for a cost saving idea from \$2,500 to \$25,000. While employee suggestions are encouraged and indeed welcomed, the state's current financial situation precludes such an increase.

I am unable to approve the item designated as Section 49, numbered paragraph 3. Last year the legislature approved and I signed into law the Accountable Government Act. This legislation established a comprehensive, enterprise-wide process for setting program goals and establishing results measurements. This section would create redundancies in goals and results measurements for the Department of Economic Development.

I am unable to approve the items designed as Section 59, paragraph 2b, Section 60, paragraph 2b and Section 61, paragraph 2b. These sections would require any

business or individual receiving benefits from specified regent programs to have a commercially viable service or product. Many of the proposals and ideas brought to these programs have not been developed to a stage of commercialization. To apply this criteria at such an early stage of development would be contradictory to the very services these programs are designed to provide.

I am unable to approve the item designated as Section 64, numbered paragraph 3. The Department of Workforce Development has identified federal funds that can be used to collect labor market information. Monies from the penalty and interest account can and have been used to support services in the workers' compensation and labor divisions of the department. The budget cuts sustained by these divisions could have an adverse impact to the safety of Iowa's citizens and its workforce. The director of the Department of Workforce Development currently has the authority to reassign unused penalty and interest funds. We must maintain that flexibility to reallocate dollars when needed to ensure the safety of Iowans.

I am unable to approve the item designated as Section 72. Expenditure information for the executive branch agencies of state government is currently available to the economic development appropriation subcommittee and the Legislative Fiscal Bureau on a daily basis through the Iowa Financial and Accounting System. The Legislative Fiscal Bureau also has the authority to request expenditure information from regent universities. The reporting requirement in this section would duplicate existing data and place an unneeded requirement on limited staff resources.

I am unable to approve the item designated as Section 73. The Department of Workforce Development has begun a multi-phased project to upgrade the electronic unemployment insurance processing system. This upgrade will address the reporting and transmitting problems identified in this section of the bill. I concur that this problem must be addressed, however, the complexity and magnitude of the needed upgrade cannot be accomplished and implemented by July 1, 2002.

I am unable to approve the item designated as a portion of Section 102, subsection 2d. This language requires new reporting every other month to legislators on net budgeting. This section would require additional staff resources at a time when funding for staff has been severely reduced.

I am unable to approve the item designated as Section 106 in its entirety. Last year the legislature approved and I signed into law the Accountable Government Act. This legislation established a comprehensive, enterprise-wide process for setting program goals and establishing results measurements. This section would create redundancies in goals and results measurements for these departments.

I am unable to approve the item designated as Section 108 in its entirety. This section would repeal the enabling language for the Community Grant Fund and end the program. Although no money is appropriated for the Community Grant Fund in the coming fiscal year, we should maintain the possibility of funding for this program when more resources are available.

I am unable to approve the item designated as portion of Section 111, subsection 6. This language requires the Department of Human Services to consult with the Welfare Reform Council and legislative members prior to implementing rules related to the

Family Investment Program as required by the federal government. This mandated consultation process may unduly delay the rules where federally required.

I am unable to approve the item designated as Section 115, subsection 8 in its entirety. This language continues language from prior years related to the number of beds allowed in a community setting for persons with mental retardation. With the implementation of home and community based waivers, this language is no longer needed.

I am unable to approve the item designated as Section 117, subsection 1 in its entirety. This subsection would require the Department of Human Services to seek input and recommendations from legislative members prior to entering into or extending a managed care contract for mental health and substance abuse services. The process for securing contracts provides that vendors will be evaluated on a specific set of criteria to assure fairness and eliminate potential conflicts of interest. This process includes a period of securing comments without giving the appearance of conflict of interest. Therefore, this section is not necessary.

I am unable to approve the item designated as Section 119, subsection 5 in its entirety. This language requires additional notice to legislators if additional federal childcare funds are received. This section would require additional staff resources when funding for staff has been severely reduced.

I am unable to approve the item designated as Section 120, subsection 1, unnumbered paragraph 2. This item requires the Department of Human Services to submit a plan for relocating males currently at Toledo, a female-only institution. This language has been included in the appropriation bill for the past three years, however, the legislature has failed to fund the proposal. My recommendation in a previous year had included funding for this change, however, the legislature chose to use that funding instead for other programs.

I am unable to approve the item designed as Section 121, subsection 9 in its entirety. This language requires the Department of Human Services and juvenile court officers to develop criteria for intensive tracking and supervision of delinquent youth. These criteria were developed two years ago in response to this language, thus, this language is no longer needed.

I am unable to approve the item designated as Section 121, subsection 18. This directs the Department of Human Services to privatize the administration of foster care and adoption programs. Given the fact that no additional funds were provided for this purpose and staffing has been severely reduced, implementation of this section is not feasible.

I am unable to approve the item designated as a portion of Section 132, subsection 2. This item requires the Department of Human Services to submit proposed legislation to correct Code references related to service areas. This appears to be the realm of the Legislative Fiscal Bureau or Code Editor rather than the Department of Human Services, especially at a time when the department's resources have been severely reduced.

I am unable to approve the items designated as Section 135, subsections 2 and 3 in their entirety. This language provides legislative intent for items already in progress

or that appear to infringe on executive branch management duties. It is preferable that the Department of Human Services be allowed to have flexibility in this area.

I am unable to approve the item designated at 137, subsection 1b(3) in its entirety. The provision would increase the cost of prescription drugs for Iowans most in need. This is an addition financial burden on a group with very little or no income. Additionally, if the individuals do not have the funds, the pharmacist is required to dispense the drug anyway. This could create an additional reluctance on the part of pharmacists to handle Medicaid patients.

I am unable to approve the items designated as Section 138 in their entirety. This section would exempt a currently closed nursing facility in Dows from the Certificate of Need approval process and from meeting current life safety code and physical plant requirements if the facility reopens by July 1, 2004. Allowing this section would put the state at risk for liability in the event of any physical plant or clinical operation problems. Excluding a facility from these requirements could place vulnerable residents at health and safety risks and would set a dangerous precedent.

I am unable to approve the items designated as Section 141 and Section 151, subsection 2c in their entirety. This language directs the department to reduce administrative requirements for the targeted case management waiver. These requirements are needed to obtain federal approval and support documentation for claims for federal funds under the waiver.

I am unable to approve the items designated as Section 142 and Section 151, subsection 2f in their entirety. This provision would require nursing facilities to be certified for Medicaid and Medicare – even if the facility does not take Medicare patients. I have previously directed the Department of Human Services to prepare administrative rules to address dual certification for all applicable nursing facilities, thus requiring certification of a nursing facility for both Medicare and Medicaid when they are, in fact, providing services for clients of each program. This directive avoids unnecessary additional administrative cost for dual certification that would be borne by the state, over 62 nursing facilities, and Iowans who receive nursing home services.

I am unable to approve the language in Section 165, subsection 2, unnumbered paragraph 1. This section would limit the amount of reimbursement in relation to state costs from riverboat and racetrack enforcement costs. Sections 167, 168 and 169 clearly change the reimbursement rate from riverboats and racetracks enforcement costs to 100% of the related expenses.

I am unable to approve Section 199(a). This section would de-appropriate \$600,000 from the FY 2003 Rebuild Iowa Infrastructure fund appropriation for the Enrich Iowa Libraries program. Quality libraries are a key component of the educational infrastructure for Iowa's children. A reduction in funding would stifle the progress this administration has made in improving educational opportunities for Iowa's children.

I am unable to approve Section 215. The administration has made every attempt to provide quality educational opportunities for all Iowans. This section denies state employees the opportunity to access educational assistance. I believe this option should be maintained to further enhance the knowledge and skills of our workforce.

I am unable to approve the designated portion of Section 216. While I understand the need to reduce paper within state government, I feel that there are times when making state information available to the public in paper format is appropriate. An example would be making Iowa tourism brochures available at welcome centers, tourism booths, and other appropriate venues.

I am unable to approve Section 230. This section would increase the available yearly allocation of tax credits for the Accelerated Career Education program (ACE). I recognize that ACE programs allow education and business entities to provide students with valuable education curriculum designed to meet the needs of specific industry sectors. I support the expansion of these programs, however, it should not be accomplished through the elimination of other vital economic development tools. I look forward to working with the legislature to identify opportunities to increase funding for ACE programs in the next legislative session.

I am unable approve Sections 231 and 232. These sections are designed to eliminate the New Jobs Tax Credit for businesses to raise the cap for tax credits for the Accelerated Career Education programs at community colleges. Sections 231 and 232 would eliminate a valuable tool used by communities and developers to encourage business growth and expansion. The elimination of the New Jobs Tax Credit would adversely affect the economic development packages of many communities.

For the above reasons, I respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 2627 are hereby approved as of this date.

Sincerely,
Thomas J. Vilsack
Governor
