45 The general assembly finds that increasing the ease  
46 of public access to state and local tax rates,  
47 particularly where the rates are currently available  
48 from disparate government sources but are difficult  
49 for the public to collect and efficiently aggregate,  
50 significantly contributes to governmental

Page 4

1 accountability, public participation, and the  
2 understanding of the cost of government services.  
3 Therefore, it is the intent of the general assembly to  
4 direct the department of management, in consultation  
5 with the department of revenue, to create and maintain  
6 a searchable database website of each tax rate for all  
7 taxing districts in the state to make citizen access  
8 to state and local tax rates as open, transparent, and  
9 publicly accessible as is feasible.

10 Sec.\_\_\_\_. NEW SECTION. 8G.11 SHORT TITLE.

11 This division shall be known and cited as the  
12 "Taxation Disclosure Act".

13 Sec.\_\_\_\_. NEW SECTION. 8G.12 TAX RATE DATABASE.

14 1. SEARCHABLE TAX RATE DATABASE. By January 1,  
15 2010, the department of management, in consultation  
16 with the department of revenue, shall make publicly  
17 available on an internet site a searchable database of  
18 all tax rates in the state for each taxing  
19 jurisdiction. The information shall be aggregated by  
20 type of tax and accessible by entering a zip code or  
21 physical address for each residency or business.  
22 Individual tax levies shall be further specified  
23 within each tax rate.

24 2. GEOGRAPHICAL TAX RATE MAP. In addition to  
25 searching for tax rates by zip code or physical  
26 address for each residency or business, searches shall  
27 be accommodated by a geographical tax rate map of the  
28 state that is capable of being displayed with a level  
29 of specificity corresponding to each taxing district.

30 3. INDIVIDUAL TAX RATE CALCULATOR. Tax rate  
31 calculators shall be provided on the searchable  
32 database to allow citizens and businesses to calculate  
33 taxes based on the location of the citizen or  
34 business. Calculation capability shall be provided at  
35 a minimum for property, sales, use, income, vehicle,  
36 and business taxes and shall be specific to the rate  
37 for the taxing district identified by the citizen or  
38 business.

39 Sec.\_\_\_\_. NEW SECTION. 8G.13 UPDATING DATABASE.

40 To facilitate the department of management's  
41 efforts in creating and maintaining a searchable  
42 database of the taxes identified in section 8G.12,  
43 subsection 3, for all taxing districts in the state,

44 every taxing district shall report its tax rates  
 45 annually to the department of management and shall  
 46 report any changes to its tax rates within thirty days  
 47 of the change.

 49 determined by the Iowa Code editor, sections 8G.1  
 50 through 8G.6, as enacted in this division of this Act,

Page 5

29 DIVISION

30 SEARCHABLE TAX RATE DATABASE

31 Sec. \_\_\_\_ NEW SECTION. 8G.10 INTENT – FINDINGS.

32 The general assembly finds that increasing the ease  
33 of public access to state and local tax rates,

34 particularly when the rates are currently available  
35 from disparate government sources but are difficult  
36 for the public to collect and efficiently aggregate,  
37 significantly contributes to governmental

38 accountability, public participation, and the  
39 understanding of the cost of government services.

40 Therefore, it is the intent of the general assembly to  
41 direct the department of administrative services, in  
42 consultation with the department of revenue, to create  
43 and maintain a searchable database detailing each tax  
44 rate for all taxing districts in the state to make  
45 citizen access to information on state and local tax  
46 rates as open, transparent, and publicly accessible as  
47 is feasible.

48 Sec. \_\_\_\_ NEW SECTION. 8G.11 SHORT TITLE.

49 This division shall be known and cited as the  
50 "Government Accountability and Disclosure Act".

Page 6

1 Sec. \_\_\_\_ NEW SECTION. 8G.12 TAX RATE DATABASE.

2 1. SEARCHABLE TAX RATE DATABASE. By January 1,  
3 2010, the department of administrative services, in  
4 consultation with the department of revenue, shall  
5 make publicly available on the website created  
6 pursuant to section 8G.4 a searchable database of all  
7 tax rates in the state for each taxing jurisdiction.

8 The information shall be aggregated by type of tax and  
9 accessible by entering a zip code or physical address  
10 for each residence or business. Individual tax levies  
11 shall be further specified within each tax rate.

12 2. GEOGRAPHICAL TAX RATE MAP. In addition to  
13 searching for tax rates by zip code or physical  
14 address for each residence or business, searches shall  
15 be accommodated by a geographical tax rate map of the  
16 state that is capable of being displayed with a level  
17 of specificity corresponding to each taxing district.

18 3. INDIVIDUAL TAX RATE CALCULATOR. Tax rate  
19 calculators shall be provided on the searchable  
20 database to allow citizens and businesses to calculate  
21 taxes based on the location of the citizen or  
22 business. Calculation capability shall be provided at  
23 a minimum for property, sales, use, income, vehicle,  
24 and business taxes and shall be specific to the rate

25 for the taxing district identified by the citizen or  
 26 business.  
 27 Sec.\_\_\_\_. NEW SECTION. 8G.13 UPDATING DATABASE.  
 28 To facilitate the department of administrative  
 29 services' efforts in creating and maintaining a  
 30 searchable database of the taxes identified in section  
 31 8G.12, subsection 3, for all taxing districts in the  
 32 state, every taxing district shall annually report its  
 33 tax rates, and any change to the rates, to the  
 34 department of revenue. Within thirty days of  
 35 receiving such information, the department shall  
 36 report the tax rates, and any changes to the rates, to  
 37 the department of administrative services.  
 38 Sec.\_\_\_\_. CODE EDITOR DIRECTIVE. Unless otherwise  
 39 determined by the Iowa Code editor, sections 8G.1  
 40 through 8G.7, as enacted in this division of this Act,  
 41 shall be designated as division I of chapter 8G, and  
 42 sections 8G.10 through 8G.13, as enacted in this  
 43 division of this Act, shall be designated as division  
 44 II of chapter 8G."

H-1430

1 Amend House File 743 as follows:  
 2 1. By striking everything after the enacting  
 3 clause and inserting the following:  
 4 "Section 1. NEW SECTION. 354.4A ENTRY UPON LAND  
 5 FOR SURVEY PURPOSES.  
 6 1. a. A land surveyor may enter public or private  
 7 land or water in the state only to occupy, locate,  
 8 relocate, install, or replace survey monuments, to  
 9 locate boundaries, rights-of-way, and easements, to  
 10 determine geodetic positions, and to make surveys and  
 11 maps and may carry with them their customary equipment  
 12 and vehicles. A surveyor may not enter buildings or  
 13 other structures located on the land. Entry under the  
 14 right granted in this section shall not constitute  
 15 trespass, and land surveyors shall not be liable to  
 16 arrest or a civil action by reason of the entry.  
 17 b. For purposes of this section, "land surveyor"  
 18 means a land surveyor licensed pursuant to chapter  
 19 542B or a person under the direct supervision of a  
 20 licensed land surveyor.  
 21 c. Vehicular access to perform surveys under this

22 section is limited to established roads and trails,  
23 unless approval for other vehicular access is granted  
24 by the landowner.

25 2. A vehicle used for or during entry pursuant to  
26 this section shall be identified on the exterior by a  
27 legible sign listing the name, address, and telephone  
28 number of the land surveyor or the firm employing the  
29 land surveyor.

30 3. Land surveyors shall announce and identify  
31 themselves and their intentions before entering upon  
32 private property. A land surveyor shall provide  
33 written notice to the landowner, or the person who  
34 occupies the land as a tenant or lessee, not less than  
35 seven days prior to the entry. The notice shall be  
36 sent by ordinary mail, postmarked not less than seven  
37 days prior to the entry, or delivered personally. A  
38 mailing is deemed sufficient if the surveyor mails the  
39 required notice to the address of the landowner as  
40 contained in the property tax records. For civil  
41 liability purposes receipt of this notice shall not be  
42 considered consent. This notice is not required for a  
43 survey along previously surveyed boundaries within a  
44 platted subdivision accepted or recorded by the  
45 federal government.

46 3A. The written notice of the pending survey shall  
47 contain all of the following:

48 a. The identity of the party for whom the survey  
49 is being performed and the purpose for which the  
50 survey will be performed.

Page 2

1 b. The employer of the surveyor.  
2 c. The identity of the surveyor.  
3 d. The dates the land will be entered, the time,  
4 location, and timetable for such entry, the estimated  
5 completion date, and the estimated number of entries  
6 that will be required.

7 4. This section shall not be construed as giving  
8 authority to land surveyors to destroy, injure, or  
9 damage anything on the lands of another without the  
10 written permission of the landowner, and this section  
11 shall not be construed as removing civil liability for  
12 such destruction, injury, or damage.

13 5. A land surveyor who enters on private land must  
14 comply with all biosecurity and restricted-access  
15 protocols established by the owner or occupant of the  
16 private land.

17 A landowner or occupant shall owe the same duty to  
18 a land surveyor entering land without the consent of  
19 the landowner or occupant as the landowner or occupant  
20 would owe to a trespasser on that land."

42 PUBLIC HEALTH MODERNIZATION  
43 Sec. \_\_\_\_ LEGISLATIVE FINDINGS AND INTENT –  
44 PURPOSE. The general assembly finds all of the  
45 following:  
46 1. A sound public health system is vital to the  
47 good health of all Iowans. Iowa's public health  
48 system reduces health care costs by promoting healthy  
49 behaviors, preventing disease and injury, and  
50 protecting the health of the population.

Page 11

1 2. The current foundation and organizational  
2 capacity for the governmental public health system  
3 does not allow for the equitable delivery of public  
4 health services. Governmental public health is  
5 provided by county boards of health, city boards of  
6 health, one district board of health, the state board  
7 of health, and the department. Varying degrees of  
8 authority, administration, and organizational capacity  
9 for providing public health services exist from  
10 community to community.  
11 3. The Iowa public health modernization Act will  
12 allow boards of health, designated local public health  
13 agencies, and the department to increase system  
14 capacity, improve the equitable delivery of public  
15 health services, address quality improvement, improve  
16 system performance, and provide a foundation to  
17 measure outcomes through a voluntary accreditation  
18 program. The Iowa public health modernization Act  
19 will assure the public of the availability of a basic  
20 level of public health service in every community.  
21 4. The Iowa public health modernization Act is the  
22 result of extensive collaboration among governmental  
23 public health entities, including local boards of  
24 health, local public health agencies, the department,  
25 and the state board of health; academia; and  
26 professional associations.  
27 Sec. \_\_\_\_ NEW SECTION. 135A.1 SHORT TITLE.

13 a. A two-tiered living wage, one tier with

20 created by this multiplier effect.

21 c. How a living wage would impact public  
22 assistance programs, particularly whether it would  
23 reduce costs.

24 d. How a living wage would impact state and local  
25 economic development programs.

26 e. How a living wage would assist or hinder the  
27 housing market.

28 f. Taking into account paragraphs "b", "c", "d",

31 business concerns of inflation and job loss.

32 g. Evaluate other states or metropolitan areas  
33 that have a living wage to provide examples of how a

37 h. Any other recommendations that the individuals  
 38 assigned to the study believe are relevant to

H-8553

1 Amend House File 2686 as follows:  
 2 1. By striking everything after the enacting  
 3 clause and inserting the following:  
 4 "DIVISION I  
 5 WAGE PAYMENT COLLECTION  
 6 Section 1. Section 91A.2, subsection 3, Code 2007,  
 7 is amended to read as follows:  
 8 3. "Employee" means a natural person who is  
 9 employed in this state for wages by an employer.  
 10 Employee also includes a commission salesperson who  
 11 takes orders or performs services on behalf of a  
 12 principal and who is paid on the basis of commissions  
 13 but does not include persons who purchase for their  
 14 own account for resale.  
 15 a. For the purposes of this chapter, the following  
 16 persons engaged in agriculture are not employees:  
 17 ~~a.~~ (1) The spouse of the employer and relatives  
 18 of either the employer or spouse residing on the  
 19 premises of the employer.  
 20 ~~b.~~ (2) A person engaged in agriculture as an

21 owner-operator or tenant-operator and the spouse or  
 22 relatives of either who reside on the premises while  
 23 exchanging labor with the operator or for other mutual  
 24 benefit of any and all such persons.

25 e. ~~(3)~~ Neighboring persons engaged in agriculture  
 26 who are exchanging labor or other services.

27 (4) For the purposes of this chapter, persons  
 28 licensed under chapter 543B are not employees.

29 b. In order to establish the absence of an  
 30 employment relationship, a putative employer has the  
 31 burden to establish all of the following:

32 (1) The putative employer and putative employee  
 33 share the intention to create an independent  
 34 contractor relationship.

35 (2) The putative employer does not control or  
 36 direct the performance of services by the putative  
 37 employee.

38 (3) The putative employer is not responsible for  
 39 payment of wages to the putative employee.

40 (4) The putative employer does not have the right  
 41 to discharge the putative employee or terminate the  
 42 working relationship with the putative employee.

43 (5) The putative employer is not the authority in  
 44 charge of the work or for whose benefit the putative  
 45 employee is providing services.

46 Sec. 2. Section 91A.2, subsection 6, Code 2007, is  
 47 amended to read as follows:

48 6. "Liquidated damages" means the sum of five  
 49 percent multiplied by the amount of any wages that  
 50 were not paid or of any authorized expenses that were

Page 2

1 not reimbursed on a regular payday or on another day  
 2 pursuant to section 91A.3 multiplied by the total  
 3 number of days, excluding Sundays, legal holidays, and  
 4 the first seven days after the regular payday on which  
 5 wages were not paid or expenses were not reimbursed.  
 6 However, such sum shall not exceed twice the amount of  
 7 the unpaid wages and shall not accumulate ~~when an~~  
 8 ~~employer is subject to a petition filed in bankruptcy.~~

9 Sec. 3. Section 91A.6, subsections 1 and 2, Code  
 10 2007, are amended to read as follows:

11 1. An employer shall ~~after being notified by the~~  
 12 ~~commissioner pursuant to subsection 2~~ do the  
 13 following:

14 a. Notify its employees in writing at the time of  
 15 hiring what wages and regular paydays are designated  
 16 by the employer.

17 b. Notify, at least one pay period prior to the  
 18 initiation of any changes, its employees of any  
 19 changes in the arrangements specified in this

20 subsection 4 that reduce wages or alter the regular  
21 paydays. The notice shall either be in writing or  
22 posted at a place where employee notices are routinely  
23 posted.

24 c. Make available to its employees upon written  
25 request, a written statement enumerating employment  
26 agreements and policies with regard to vacation pay,  
27 sick leave, reimbursement for expenses, retirement  
28 benefits, severance pay, or other comparable matters  
29 with respect to wages. Notice of such availability  
30 shall be given to each employee in writing or by a  
31 notice posted at a place where employee notices are  
32 routinely posted.

33 d. Establish, maintain, and preserve for three  
34 calendar years the payroll records showing the hours  
35 worked, wages earned, and deductions made for each  
36 employee and any employment agreements entered into  
37 between an employer and employee. Failure to do so  
38 shall raise a rebuttable presumption that the employer  
39 did not pay the required minimum wage under section  
40 91D.1.

41 ~~2. The commissioner shall notify an employer to~~  
42 ~~comply with subsection 1 if the employer has paid a~~  
43 ~~claim for unpaid wages or nonreimbursed authorized~~  
44 ~~expenses and liquidated damages under section 91A.10~~  
45 ~~or if the employer has been assessed a civil money~~  
46 ~~penalty under section 91A.12. However, a court may,~~  
47 ~~when rendering a judgment for wages or nonreimbursed~~  
48 ~~authorized expenses and liquidated damages or~~  
49 ~~upholding a civil money penalty assessment, order that~~  
50 ~~an employer shall not be required to comply with the~~

Page 3

1 ~~provisions of subsection 1 or that an employer shall~~  
2 ~~be required to comply with the provisions of~~  
3 ~~subsection 1 for a particular period of time.~~

4 Sec. 4. Section 91A.8, Code 2007, is amended to  
5 read as follows:

6 **91A.8 VIOLATIONS BY EMPLOYER, DAMAGES RECOVERABLE**  
7 **BY AN EMPLOYEE UNDER THIS CHAPTER.**

8 1. A violation of this chapter shall occur any  
9 week when an individual employee was not paid the  
10 legally required wages under this chapter, state taxes  
11 were not withheld, or in the case of improper  
12 discharge, discrimination, or retaliation against an  
13 employee, every week after the improper discharge,  
14 discrimination, or retaliation has occurred until  
15 compensation is finally made.

16 2. When it has been shown that an employer has  
17 ~~intentionally~~ failed to pay an employee wages or  
18 reimburse expenses pursuant to section 91A.3, whether

19 as the result of a wage dispute or otherwise, the  
 20 employer shall be liable to the employee for ~~any the~~  
 21 unpaid wages or expenses ~~that are so intentionally~~  
 22 ~~failed to be paid or reimbursed~~, plus liquidated  
 23 damages, court costs, and any ~~attorney's~~ attorney fees  
 24 incurred in recovering the unpaid wages and determined  
 25 to have been usual and necessary. ~~In other instances~~  
 26 ~~the employer shall be liable only for unpaid wages or~~  
 27 ~~expenses, court costs and usual and necessary~~  
 28 ~~attorney's fees incurred in recovering the unpaid~~  
 29 ~~wages or expenses.~~

30 Sec. 5. Section 91A.9, subsection 2, Code 2007, is  
 31 amended to read as follows:

32 2. a. The commissioner may, consistent with due  
 33 process of law, enter any place of employment to  
 34 inspect records concerning wages and payrolls, to  
 35 question the employer and employees, and to  
 36 investigate such facts, conditions, or matters as are  
 37 deemed appropriate in determining whether any person  
 38 has violated the provisions of this chapter. ~~However,~~  
 39 ~~such entry by the commissioner shall only be in~~  
 40 ~~response to a written complaint.~~

41 b. A complaining employee may submit a written  
 42 request for confidentiality of identifying  
 43 information. Upon such request, the commissioner  
 44 shall determine if the commissioner can effectively  
 45 pursue the matter while keeping the identity of the  
 46 complaining employee confidential. If the  
 47 commissioner determines that an employee's identity  
 48 must be disclosed in order to effectively pursue the  
 49 matter, the commissioner may do so only with the  
 50 employee's consent. Otherwise, the commissioner shall

Page 4

1 keep the complaining employee's identity confidential  
 2 notwithstanding chapter 22.

3 Sec. 6. Section 91A.10, subsection 1, Code 2007,  
 4 is amended to read as follows:

5 1. a. Upon the written complaint of the employee  
 6 involved, the commissioner may determine whether wages  
 7 have not been paid and may constitute an enforceable  
 8 claim. If for any reason the commissioner decides not  
 9 to make such determination, the commissioner shall so  
 10 notify the complaining employee within fourteen days  
 11 of receipt of the complaint. The commissioner shall  
 12 otherwise notify the employee of such determination  
 13 within a reasonable time ~~and if it is determined.~~

14 b. Without regard to whether the commissioner  
 15 received a written complaint from an employee or  
 16 initiated an investigation, if the commissioner  
 17 determines that there is an enforceable claim, the

18 commissioner shall, with the consent of the  
 19 complaining employee, take an assignment in trust for  
 20 the wages and for any claim for liquidated damages  
 21 ~~without being bound by any of the. The technical~~  
 22 rules respecting the validity of the assignment shall  
 23 not apply. However, the commissioner shall not accept  
 24 any complaint for unpaid wages and liquidated damages  
 25 after one year from the date the wages became due and  
 26 payable.

27 Sec. 7. Section 91A.10, subsection 5, Code 2007,  
 28 is amended to read as follows:

29 ~~5. An employer shall not discharge or in any other~~  
 30 ~~manner discriminate against any employee because the~~  
 31 ~~employee has filed a complaint, assigned a claim, or~~  
 32 ~~brought an action under this section or has cooperated~~  
 33 ~~in bringing any action against an employer. An~~  
 34 employer or other person shall not discharge or in any  
 35 other manner discriminate or retaliate against an  
 36 employee or other person for exercising any right  
 37 provided under this chapter or any rules adopted  
 38 pursuant to this chapter, or against another employee  
 39 or person for providing assistance to an employee or  
 40 providing information regarding the employee or  
 41 person, or for testifying or planning to testify in  
 42 any investigation or proceeding regarding the employee  
 43 or person. Taking adverse action against an employee  
 44 or other person within ninety days of an employee's or  
 45 other person's engaging in the foregoing activities  
 46 raises a presumption that such action was retaliation,  
 47 which may be rebutted by clear and convincing evidence  
 48 that such action was taken for other permissible  
 49 reasons. Any employee may file a complaint with the  
 50 commissioner alleging discharge, ~~or~~ discrimination, or

Page 5

1 retaliation within thirty days after such violation  
 2 occurs. Upon receipt of the complaint, the  
 3 commissioner shall cause an investigation to be made  
 4 to the extent deemed appropriate. If the commissioner  
 5 determines from the investigation that the provisions  
 6 of this subsection have been violated, the  
 7 commissioner shall bring an action in the appropriate  
 8 district court against such person. The district  
 9 court shall have jurisdiction, for cause shown, to  
 10 restrain violations of this subsection and order all  
 11 appropriate relief including rehiring or reinstatement  
 12 of the employee to the former position with back pay.

13 Sec. 8. Section 91A.10, Code 2007, is amended by  
 14 adding the following new subsection:

15 NEW SUBSECTION. 6. A civil action to enforce this  
 16 section may also be maintained in any court of

17 competent jurisdiction by the commissioner or by any  
 18 party injured by a violation of this section. An  
 19 employer or other person who retaliates against an  
 20 employee or other person in violation of this section  
 21 shall be required to pay the person an amount set by  
 22 the commissioner or a court sufficient to compensate  
 23 the employee or other person and deter future  
 24 violations, but not less than one hundred fifty  
 25 dollars for each day that the violation continued.

26 Sec. 9. Section 91A.12, subsection 1, Code 2007,  
 27 is amended to read as follows:

28 1. Any employer who violates the provisions of  
 29 this chapter or the rules ~~promulgated under it~~ adopted  
 30 pursuant to this chapter shall be subject to a civil  
 31 money penalty of not more than ~~one~~ five hundred  
 32 dollars for each violation. The commissioner may  
 33 recover such civil money penalty according to the  
 34 provisions of subsections 2 ~~to~~ through 5. Any civil  
 35 money penalty recovered shall be deposited in the  
 36 general fund of the state.

14 case, the clerk of court, unless otherwise ordered by  
15 the court, shall forthwith enter a decree enforcing  
16 the commissioner's determination and shall transmit a  
17 copy of the decree to the commissioner and the  
18 contractor named in the petition.

12 and the gravity of the violation.

13 Sec. 16. NEW SECTION. 91G.7 STATE CONTRACT

39 of action.

40 Sec. 18. NEW SECTION. 91G.9 DISPOSITION OF  
41 PENALTIES.

42 Any penalties assessed and collected by the  
43 commissioner pursuant to this chapter shall be

1 suit in district court against the contractor, in the

 13 chapter, the individual shall be entitled to collect  
 14 the following:

15 a. The amount of any wages, salary, employment  
 16 benefits, or other compensation denied or lost to the  
 17 individual due to the violation or a retaliatory  
 18 action, and court costs and interest at the statutory  
 19 rate from the date of filing.

 21 amount awarded in paragraph "a".

14 provided such copies of pleadings, orders, judgments,  
15 or notices in the same action by certified mail, in  
16 which case subsequent mailings may be made by regular  
17 mail. Failure to provide the required mailings to the  
18 attorney general shall not be grounds for dismissal of  
19 an action under this chapter, but shall be grounds for  
20 a subsequent action by the attorney general to vacate  
21 or modify the judgment.

22 Sec. 7. NEW SECTION. 714H.7 CLASS ACTIONS.

23 A class action lawsuit alleging a violation of this

14 a portion of a taxpayer's qualifying investment, as  
15 provided in subsection 3, in a qualifying disaster

28 governor proclaimed a disaster emergency or the  
29 president of the United States declared a major  
30 disaster during the period of time beginning May 1,

(2) A qualifying investment, as defined in subsection 3, is made by the taxpayer.

(3) The project involves the construction or rehabilitation of housing on the property.

(4) The property is located in an area that the governor proclaimed a disaster emergency or the president of the United States declared a major disaster during the period of time beginning May 1, 2008, and ending August 31, 2008.

(5) An application for low-income housing tax credits pursuant to section 42 of the Internal Revenue Code has been submitted to the Iowa finance authority on behalf of the project and has been determined by the authority to meet the threshold requirements for an award of credits as set forth in the applicable qualified allocation plan.

(6) The project meets the requirements relating to the density of residential housing in the area as established by the authority.

(7) The project meets the requirements relating to the availability of and the accessibility to educational services as established by the authority. For the purposes of this section “educational services” includes but is not limited to public schools, job training, and financial literacy services.

(8) The project is designed to avoid, prevent, or mitigate the effects of a future natural disaster.

b. An individual may claim a tax credit under this subsection of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, estate, or trust.

The tax credit certificate shall contain the taxpayer's name, address, tax identification number; the amount of the credit; and any other information required by the department of revenue.

c. The tax credit certificate, unless otherwise void, shall be accepted by the department of revenue as payment for taxes imposed pursuant to chapter 422, divisions II or III subject to any conditions or restrictions placed by the authority upon the face of the tax credit certificate and subject to the limitations of this section.

d. Tax credit certificates issued under this section are not transferable to any person or entity.

3. a. The tax credit equals seventy-five percent of the taxpayer's qualifying investment in a disaster recovery housing project. For the purposes of this section, "qualifying investment" means the costs incurred by the taxpayer that are directly related to a disaster recovery housing project, as defined in subsection 1, and which are incurred on or after the effective date of this division of this Act and prior to July 1, 2010.

b. The amount of the tax credit calculated under paragraph "a" shall be divided by five and applied equally to the taxpayer's tax liability for five consecutive tax years commencing with the tax year beginning in the 2011 calendar year. Any tax credit in excess of the taxpayer's liability for the tax year is not refundable.

4. For purposes of individual and corporate income taxes, the increase in the basis of the property that would otherwise result from the disaster recovery housing investment shall be reduced by the amount of the tax credit allowed under this section.

5. The maximum amount of tax credits issued by the authority under this section shall not exceed three million dollars in each of the five tax years. The authority shall issue the tax credit certificates on a first-come, first-served basis.

a. Information showing the total qualified investment made in the disaster recovery housing project.

b. Information about the financing sources that are directly related to the disaster recovery housing project for which the taxpayer is seeking approval for the tax credit.

3. If a taxpayer receives a tax credit pursuant to section 16.191, but fails to comply with any of the requirements in this section or section 16.191, or fails to comply with local zoning or construction ordinances, the tax credit is void, and the department of revenue shall seek recovery of the value of the credit received.

Sec.\_\_\_\_. NEW SECTION. 422.11X DISASTER RECOVERY HOUSING PROJECT TAX CREDIT.

The taxes imposed under this division, less the credits allowed under section 422.12, shall be reduced by a disaster recovery housing project tax credit allowed under section 16.191.

16 section and as determined by the trust indenture,  
17 resolution, or other instrument authorizing their  
18 issuance.

19 5. The bonds are securities in which public  
20 officers and bodies of this state; political

30 general fund of the state. The issuance and sale of  
31 any bonds pursuant to this section by the treasurer of  
32 state do not directly, indirectly, or contingently

35 form of taxation whatever to, or to continue the  
36 appropriation of the funds for, the payment of the  
37 bonds. Bonds issued and sold under this section are

8 subject to personal liability resulting from carrying  
9 out the powers and duties conferred by this section  
10 and sections 12.88 through 12.90.

11 13. As used in this section and sections 12.88  
12 through 12.90, the term "bonds" means bonds, notes, or

Page 7

1 bonds issued and sold pursuant to section 12.87. The  
2 treasurer of state shall pay into each bond reserve  
3 fund any moneys appropriated and made available for  
4 the purpose of the fund, any proceeds of sale of bonds  
5 to the extent provided in the trust indenture,  
6 resolution, or other instrument authorizing their

30 established bond reserve fund requirement.

31 c. The treasurer of state shall not at any time  
32 issue and sell bonds, secured in whole or in part by a  
33 bond reserve fund if, upon the issuance of the bonds,

35 the bond reserve fund requirement for the fund, unless

36 the treasurer of state at the time of issuance of the  
37 bonds deposits in the fund from the proceeds of the  
38 bonds issued or from other legally available sources  
39 an amount which, together with the amount then in the  
40 fund, will not be less than the bond reserve fund  
41 requirement for the fund. For the purposes of this

9 requesting that the budget and appropriation bills  
10 approved for such fiscal year include amounts  
11 sufficient to restore each bond reserve fund to the  
12 bond reserve fund requirement for such fund. Within  
13 thirty days after the beginning of the session of the  
14 general assembly next following the delivery of the  
15 certificate, the governor may submit to both houses  
16 printed copies of a budget including the sum, if any,  
17 required to restore each bond reserve fund to the bond  
18 reserve fund requirement for that fund. Any sums  
19 appropriated by the general assembly and paid to the

28 pledged or used for the benefit of any bonds issued by  
29 the treasurer of state pursuant to any other section  
30 of the Code.

31 5. Moneys in the revenue bonds debt service fund  
32 and any bond reserve fund created pursuant to this  
33 section are not subject to section 8.33; provided  
34 however, that on August 31 following the close of each

35 fiscal year, any moneys on deposit in the revenue  
36 bonds debt service fund at the end of such fiscal  
37 year, which is determined by the treasurer of state to  
38 not be encumbered or obligated or otherwise necessary  
39 to make the payments for such fiscal year authorized  
40 to be made from such fund pursuant to subsection 1,  
41 shall be credited to the rebuild Iowa infrastructure  
42 fund. Notwithstanding section 12C.7, subsection 2,  
43 interest or earnings on moneys in the revenue bonds  
44 debt service fund and any bond reserve fund shall be  
45 credited to such funds.

DISSENT FROM SENATE FILE 376

Mr. Speaker:

Article III Section 10 of the Constitution of the State of Iowa provides:

Protest – record of vote – Every member of the general assembly shall have the liberty to dissent from, or protest against any act or resolution which he may think injurious to the public, or an individual, and have the reasons for his dissent entered on the journals; and the yeas and nays of the members of either house, on any question, shall, at the desire of any two members present, be entered on the journals.

I have here a written statement explaining one reason inter alia for our dissent on Senate File 376 to be placed into the journal as provided by Article III Section 10.

Article VII Section 2 of the Constitution of the State of Iowa, states “The state may contract debts to supply casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more acts of the general assembly, or at different periods of time, shall never exceed the sum of two hundred and fifty-thousand dollars; and the money arising from the creation of such debts, shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.”

On 24 April 2009, the Iowa House passed Senate File 376, which issues bond debt of \$475 million. This is clearly above the \$250,000 threshold set by Article VII of the Constitution. Therefore, it is our belief that the bill is unconstitutional.

For this and other reasons we, the undersigned, object to Senate File 376 being before the body and voted against passage of the bill.

22 Sec. 12. **NEW SECTION. 26A.3 ALTERNATIVE PROJECT**  
23 **DELIVERY PILOT PROGRAM.**

24 1. The alternative project delivery commission

25 shall administer an alternative project delivery pilot  
26 program consistent with the requirements of this  
27 chapter. The purpose of the pilot program is to  
28 determine whether alternative project delivery methods  
29 are financially beneficial and efficient for  
30 governmental entities in undertaking public projects.

31 2. The pilot program shall consist of public  
32 projects selected by the commission and undertaken by  
33 governmental entities using the alternative project  
34 delivery method authorized under subchapter II. The  
35 selection of public projects for inclusion in the  
36 pilot program shall be completed no later than  
37 November 1, 2010.

38 3. A governmental entity that is interested in  
39 undertaking a public project using alternative project  
40 delivery methods shall submit an application to the  
41 commission detailing the nature of the project. Each  
42 application shall be on a form prescribed by the  
43 commission and may include additional materials

49 selecting public projects for inclusion in the pilot  
50 program the commission shall consider all of the

Page 16

1 following:

2 a. The likelihood that the public project will  
3 provide a cost savings to the governmental entity as  
4 compared to the use of competitive bid procedures  
5 under other provisions of law.

6 b. Whether the use of design-build services,  
7 including the simultaneous completion of design and  
8 construction phases of the public project, meets the  
9 needs of the governmental entity.

10 c. Whether the public project requires the use of  
11 an accelerated design and construction schedule as a  
12 result of an emergency situation.

13 d. Whether the public project presents  
14 complexities that would best be addressed through the  
15 use of an integrated team under the direction of a  
16 design-builder.

17 e. Whether the use of an alternative project  
18 delivery method would diminish competition for the  
19 public project.

20 5. The commission shall monitor the selection  
21 process for each public project selected for inclusion  
22 in the pilot program and may require the governmental  
23 entity to provide periodic updates on the public

24 project following selection of a design-builder for  
25 the public project.

26 6. Notwithstanding any other provision of law to  
27 the contrary, a governmental entity may utilize the  
28 alternative project delivery procedures under this  
29 chapter to procure design-build services related to  
30 the completion of a public project.

31 Sec. 13. NEW SECTION. 26A.4 PUBLIC NOTICE.

32 A governmental entity utilizing the alternative  
33 project delivery method under subchapter II shall  
34 publish public notices as follows:

35 1. The notice shall be published at least once,  
36 not less than fifteen and not more than forty-five  
37 days before the date for filing submissions, if  
38 applicable, in a newspaper published at least once  
39 weekly and having general circulation in the  
40 geographic area served by the governmental entity and  
41 in a relevant trade publication.

42 2. The notice may also be published in a relevant  
43 contractor organization publication and a relevant  
44 contractor plan room service with statewide  
45 circulation, provided that a notice is posted on an  
46 internet site sponsored by either the governmental  
47 entity or a statewide association that represents the  
48 governmental entity.

49 Sec. 14. NEW SECTION. 26A.5 PUBLIC RECORDS.

50 Each proposal received by a governmental entity

Page 17

1 under this chapter, together with the name of the  
2 proposer, after award or letting of the contract, is  
3 subject to public inspection upon request. The  
4 governmental entity shall, within five days after  
5 award or letting of the contract, publish notice of  
6 the name of the successful proposer including the  
7 proposer's scores received pursuant to the selection  
8 process under subchapter II. In addition, such notice  
9 shall include the names of all proposers whose  
10 proposals were not selected, together with each  
11 proposer's scores.

12 Sec. 15. NEW SECTION. 26A.6 PROHIBITION ON

22 Sec. 16. NEW SECTION. 26A.11 APPLICATION TO THE

## 23 COMMISSION.

24 1. When in the judgment of the governing body of a  
 25 governmental entity it is desirable to use  
 26 design-build services pursuant to a best value  
 27 selection process for the completion of a public  
 28 project, the governmental entity shall prepare a  
 29 selection plan and submit an application to the  
 30 alternative project delivery commission pursuant to  
 31 section 26A.3, subsection 3. If the public project is  
 32 selected by the alternative project delivery  
 33 commission for inclusion in the pilot program, the  
 34 governmental entity shall select a design-builder in  
 35 accordance with the procedures of this subchapter.  
 36 2. A criteria consultant shall be employed or  
 37 retained to assist the governmental entity in  
 38 preparing a request for qualifications and a request  
 39 for proposals. The criteria consultant may be an  
 40 employee of the governmental entity or an individual  
 41 retained specifically to assist the governmental  
 42 entity with the public project. The request for  
 43 qualifications and the request for proposals shall  
 44 specify the selection criteria and scoring methodology  
 45 included in the selection plan. The criteria  
 46 consultant shall also assist the governmental entity  
 47 in selecting a design-builder. A criteria consultant  
 48 employed or retained by the governmental entity shall  
 49 not submit a statement of qualifications or a proposal  
 50 for the public project.

Page 18

1 Sec. 17. NEW SECTION. 26A.12 BEST VALUE  
 2 SELECTION PROCESS – GENERAL PROCEDURE.

3 The governmental entity shall select a  
 4 design-builder for a public project pursuant to a  
 5 two-phase selection process.

6 1. Phase I of the selection process includes  
 7 publication of a request for qualifications by the  
 8 governmental entity, review of the statements of  
 9 qualifications, and the selection of a minimum of two  
 10 but not more than five design-builders to advance to  
 11 phase II.

12 2. Phase II includes a request for proposals, the  
 13 receipt of proposals from those design-builders  
 14 selected during phase I, including a separate cost and  
 15 schedule proposal, an interview with each  
 16 design-builder that submits a proposal, evaluation of  
 17 each proposal, and selection of a design-builder for  
 18 the public project.

19 Sec. 18. NEW SECTION. 26A.13 PHASE I – REQUEST  
 20 FOR QUALIFICATIONS, STATEMENT, EVALUATION, AND  
 21 SELECTION.

22 1. During phase I, the governmental entity shall  
23 publish notice of a request for qualifications  
24 pursuant to the requirements of section 26A.4. The  
25 governmental entity shall specify in the request for  
26 qualifications a time, place, and other specific  
27 instructions for the submission of the statements of  
28 qualifications, the amount of the stipend required to  
29 be paid by the governmental entity under section  
30 26A.14, subsection 9, and may include any terms of  
31 contract. A statement of qualifications not submitted  
32 according to the instructions shall be rejected and  
33 returned to the design-builder.

34 2. Each design-builder shall submit a statement of  
35 qualifications that includes but is not limited to the  
36 following information:

37 a. Similar project experience, including  
38 experience in the design-build method of alternative  
39 project delivery.

40 b. Qualifications of proposed project personnel.

41 c. References from similar projects.

42 d. The design-builder's experience modification  
43 rating and a description of the design-builder's  
44 safety plan.

45 e. Bonding capacity and insurance.

46 Design-builders submitting a statement of  
47 qualifications shall be capable of providing a bond  
48 according to the requirements of chapter 573, shall  
49 include evidence of such bonding capacity, and shall  
50 include evidence of all required insurance with their

Page 19

1 statement of qualifications. If a design-builder  
2 fails to include evidence of bonding capacity or  
3 required insurance, the design-builder shall be deemed  
4 unqualified for selection under phase I.

5 f. Other information requested by the governmental  
6 entity in accordance with the selection plan.

7 3. The governmental entity shall evaluate and  
8 score each statement of qualifications received  
9 according to the predetermined selection criteria and  
10 scoring methodology that were specified in the request  
11 for qualifications. The cost or fees associated with  
12 a public project shall not be considered by the  
13 governmental entity when evaluating a statement of  
14 qualifications.

15 4. The governmental entity shall select a minimum  
16 of two and a maximum of five design-builders who have  
17 the highest scores to proceed to phase II. Scores  
18 assigned during phase I shall not carry forward to  
19 phase II. The governmental entity shall have  
20 discretion to disqualify any design-builder that lacks

21 the minimum qualifications required to perform the  
22 design-build services for the public project. If two  
23 qualified design-builders cannot be identified, the  
24 selection process shall cease. If all design-builders  
25 are rejected, the governmental entity may solicit new  
26 proposals using different design and budget criteria.

27 Sec. 19. NEW SECTION, 26A.14 PHASE II – REQUEST  
28 FOR PROPOSALS, PROPOSAL REVIEW, SELECTION, AND  
29 NEGOTIATION.

30 1. During phase II, each design-builder selected  
31 during phase I shall be given a request for proposals.  
32 The request for proposals shall include but is not  
33 limited to the following information:

34 a. The procedures to be followed in submitting  
35 proposals and information relating to design-builder  
36 interviews under subsection 5.

37 b. The selection criteria and scoring methodology  
38 for the proposals.

39 c. Information related to the requirements,  
40 specifications, budget, and schedule for the public  
41 project, including the specifications of the design  
42 criteria package and the requirements and  
43 specifications for design services, preconstruction  
44 services, and construction services. The request for  
45 proposals shall also specify any requirements for a  
46 design professional who is employed by the  
47 design-builder to assist in designing the public  
48 project, including but not limited to requirements  
49 relating to communication between the design  
50 professional, the design-builder, and the governmental

Page 20

1 entity, the amount of authority the design  
2 professional has over the design of the public  
3 project, and the responsibility of the design  
4 professional to act in the best interest of the  
5 governmental entity.

6 d. The proposed terms and conditions for the  
7 public project contract.

8 e. The requirements for the submission of a  
9 separate cost and schedule proposal.

10 f. Other information requested by the governmental  
11 entity in accordance with the selection plan.

12 2. Each design-builder selected during phase I may  
13 submit a proposal to the governmental entity. Each  
14 proposal submitted under this section shall not  
15 contain references to costs associated with work  
16 contained in the proposal. The governmental entity  
17 shall evaluate and score each proposal according to  
18 the selection criteria and scoring methodology  
19 specified in the request for proposals.

20 3. Each design-builder selected during phase I  
21 shall also provide the governmental entity with a  
22 separate cost and schedule proposal. A proposal  
23 submitted under subsection 2 and the cost and schedule  
24 proposal may be submitted sequentially or  
25 concurrently, according to the requirements of the  
26 request for proposals. Failure to submit a cost and  
27 schedule proposal according to the delivery  
28 requirements of the request for proposals shall be  
29 grounds to reject the proposal.

30 4. The cost and schedule proposal shall include  
31 all of the following:

- 32 a. A total contract cost for the public project.
- 33 b. A bid security pursuant to chapter 573.
- 34 c. A proposed contract time, in calendar days, for  
35 completing the public project.
- 36 d. Any other information required by the request  
37 for proposals.

38 5. After the deadline for submission of proposals  
39 has passed, the governmental entity shall interview  
40 each design-builder that has submitted a proposal  
41 individually, allowing each design-builder to present  
42 the design-builder's proposed team members,  
43 qualifications, and proposal, and to answer questions  
44 from the governmental entity.

45 6. The cost and schedule proposals submitted under  
46 subsection 3 shall be opened only after all proposals  
47 submitted under subsection 2 have been evaluated and  
48 scored and after completion of all design-builder  
49 interviews under subsection 5. At the time that the  
50 cost and schedule proposals are opened, the

Page 21

1 governmental entity shall make public its scoring of  
2 the proposals submitted under subsection 2. Cost and  
3 schedule proposals shall be evaluated and scored  
4 according to selection criteria and scoring  
5 methodology specified in the request for proposals.

6 7. The governmental entity shall select the  
7 design-builder receiving the highest score based on  
8 the selection criteria and scoring methodology  
9 specified in the request for proposals. The  
10 governmental entity shall proceed to negotiate with  
11 and attempt to enter into a contract with the selected  
12 design-builder to serve as the design-builder for the  
13 public project. If the governmental entity is unable  
14 to negotiate a satisfactory contract with the selected  
15 design-builder, negotiations with that design-builder  
16 shall be terminated, and the governmental entity shall  
17 undertake negotiations with the design-builder  
18 receiving the second highest score. If negotiations

19 cannot be successfully completed with the  
20 design-builder receiving the second highest score, the  
21 contract shall not be awarded.

22 8. If the governmental entity determines that it  
23 is not in its best interest to proceed with the public  
24 project pursuant to the proposals offered, the  
25 governmental entity shall reject all proposals. If  
26 all proposals are rejected, the governmental entity  
27 may solicit new statements of qualifications and  
28 proposals using different design or budget criteria.

29 9. As an inducement to qualified design-builders,  
30 the governmental entity shall pay a fair and  
31 reasonable stipend, the amount of which shall be  
32 established in the request for proposals, to each  
33 design-builder who participates in phase II, but is  
34 not selected as the design-builder for the public  
35 project.

33 a. To develop hydrologic models for  
34 physically-based flood frequency estimation and  
35 real-time forecasting of floods, including hydraulic  
36 models of floodplain inundation mapping.

37 b. To establish community-based programs to  
38 improve flood monitoring and prediction along Iowa's  
39 major waterways and to support ongoing flood research.

40 c. To share resources and expertise of the Iowa  
41 flood center.

42 d. To assist in the development of a workforce in  
43 the state knowledgeable regarding flood research,  
44 prediction, and mitigation strategies.

45 e. To conduct the activities required by this  
46 chapter in cooperation with various state and federal  
47 agencies.

48 Sec. 25. NEW SECTION. 466C.3 REGIONAL WATERSHED  
49 ASSESSMENT, PLANNING, AND PRIORITIZATION.

50 1. The center shall create a regional watershed

Page 23

1 assessment program. The program shall assess all the  
2 regional watersheds in the state.

3 a. Under the program, a statewide assessment shall  
4 be conducted at the rate of approximately one-third of  
5 the watersheds in the state per year, and an initial  
6 statewide assessment shall be completed within three  
7 years. Thereafter, the center shall review and update  
8 the assessments on a regular basis.

9 b. Each regional watershed assessment shall  
10 provide a summary of the overall condition of the  
11 watershed. The information provided in the summary  
12 may include land use patterns, soil types, slopes,  
13 management practices, stream conditions, and both  
14 point and nonpoint source impairments.

15 c. In conducting regional watershed assessments,  
16 the center may identify and facilitate local data

17 collection to support the assessment process.

18 2. In conducting the regional watershed assessment  
19 program, the center shall provide hydrologic and  
20 geologic information sufficient for the council to  
21 prioritize watersheds statewide and for the various  
22 communities in those watersheds to plan remedial  
23 efforts in their local communities and subwatersheds.

24 3. Upon completion of the initial statewide  
25 assessment, and upon subsequent assessment updates,  
26 the center shall report the results of the assessment,  
27 and any updates, to the council and the general  
28 assembly, and shall make the report available to the  
29 public.

30 Sec. 26. NEW SECTION. 466C.4 COMMUNITY-BASED  
31 SUBWATERSHED IMPROVEMENT PLANS.

32 1. After the center's completion of the initial  
33 regional watershed assessment, and after the council's  
34 prioritization of the regional watersheds, the council  
35 shall initiate the organization of an interagency  
36 integrated water resources committee to facilitate the  
37 development and implementation of local,  
38 community-based subwatershed improvement plans.

39 2. In facilitating the development of  
40 community-based subwatershed improvement plans, the  
41 interagency integrated water resources committee  
42 shall, based on the results of the regional watershed  
43 assessment program, identify critical subwatersheds  
44 within priority regional watersheds and recruit  
45 communities, citizen groups, local governmental  
46 entities, or other stakeholders to engage in the  
47 assessment, planning, prioritization, and  
48 implementation of a local community-based subwatershed  
49 improvement plan. The interagency integrated water  
50 resources committee may assist in the formation of a

Page 24

1 group of initial local community-based subwatershed  
2 improvement plans that can be implemented as pilot  
3 projects, in order to develop an effective process  
4 that can be replicated across the state.

5 Sec. 27. NEW SECTION. 466C.5 COMMUNITY-BASED  
6 SUBWATERSHED MONITORING.

7 1. After completion of the statewide regional  
8 watershed assessment and prioritization, and  
9 throughout the implementation of local community-based  
10 subwatershed improvement plans, the center shall  
11 assist communities with the monitoring and measurement  
12 of local subwatersheds. The monitoring and  
13 measurement shall be designed for the particular needs  
14 of individual communities while considering statewide  
15 watershed issues.

16 2. Local communities in which the center conducts  
17 subwatershed monitoring shall use the information to  
18 support subwatershed planning activities, guide  
19 supplemental local data collection efforts, and  
20 identify priority areas needing additional resources.  
21 Local communities shall collect data over time and use  
22 the data to evaluate the impacts of their management  
23 efforts. Data collected, as directed by interagency  
24 integrated water resources committees, shall be  
25 integrated into a digital regional watershed framework  
26 in real-time, or near real-time, by the center for use  
27 in assessment and planning by all the communities in  
28 the watershed. The center shall integrate digital  
29 regional watershed information into a digital  
30 statewide framework for assessment and planning for  
31 state water resources planning.

32 Sec. 28. NEW SECTION. 466C.6 DEVELOPMENT OF  
33 ADVANCED NUMERICAL TOOLS FOR WATER RESOURCES  
34 MANAGEMENT.

35 1. After completion of the statewide regional  
36 watershed assessment and prioritization, the center  
37 shall develop and implement physically based  
38 hydrologic models to improve watershed and community  
39 scale flood prediction and mitigation planning.

34 2. The treasurer of state is authorized to issue  
35 and sell annual appropriation bonds on behalf of the  
36 state to provide funds for certain infrastructure  
37 projects and other purposes as provided in subsection  
38 4 and to refund any annual appropriation bonds

3 purposes of alternative energy projects and for  
4 purposes of the vertical infrastructure restricted  
5 capitals fund created in section 8.57D.

6 4. The treasurer of state may issue annual  
7 appropriation bonds as the treasurer of state  
8 determines necessary or desirable to pay for  
9 expenditures for certain infrastructure projects and  
10 other purposes as provided in subsection 3, to the  
11 extent practicable in any fiscal year and without  
12 limiting other qualifying capital expenditures  
13 considered and approved by a constitutional majority  
14 of each house of the general assembly and the governor  
15 and to provide sufficient funds for the payment of

19 of the annual appropriation bonds, the payment of

20 other expenditures of the treasurer of state incident

22 issuance of the annual appropriation bonds, and the  
23 payment of all other expenditures necessary or  
24 convenient to carry out the purposes for which the  
25 annual appropriation bonds are issued. The treasurer  
26 of state may enter into or obtain authorizing  
27 documents and other agreements and ancillary  
28 arrangements with respect to annual appropriation  
29 bonds as the treasurer of state determines to be in  
30 the best interests of the state, including but not

32 remarketing or dealer agreements, letter of credit  
33 agreements, insurance policies, guaranty agreements,

2 to the sale or issuance of the annual appropriation  
3 bonds.

4 c. Subject to the terms, conditions, and covenants  
5 providing for the payment of the principal, redemption  
6 premiums, if any, interest, and other terms,  
7 conditions, covenants, and protective provisions  
8 safeguarding payment, not inconsistent with this  
9 section and as determined by their authorizing  
10 documents.

11 d. Securities in which public officers and bodies  
12 of this state; political subdivisions of this state;  
13 insurance companies and associations and other persons  
14 carrying on an insurance business; banks, trust  
15 companies, savings associations, savings and loan  
16 associations, and investment companies;  
17 administrators, guardians, executors, trustees, and  
18 other fiduciaries; and other persons authorized to

19 invest in bonds or other obligations of the state, may  
20 properly and legally invest funds, including capital,  
21 in their control or belonging to them.

22 6. Proceeds of annual appropriation bonds not  
23 required for immediate disbursement may be deposited  
24 with the treasurer of state or a trustee, paying  
25 agent, escrow agent, or depository as provided in the  
26 authorizing documents and may be invested or  
27 reinvested in any investment as directed by the  
28 treasurer of state and specified in such authorizing  
29 documents without regard to any limitation otherwise  
30 provided by law.

31 7. Annual appropriation bonds are payable in any  
32 fiscal year solely and only out of the moneys, assets,  
33 or revenues appropriated for such purposes by law for  
34 that fiscal year, all of which amounts, once  
35 appropriated, shall be deposited into the annual  
36 appropriation bonds debt service fund and used or  
37 transferred as provided in this section to pay debt  
38 service due with respect to annual appropriation bonds  
39 during the fiscal year for which such amounts are  
40 appropriated. Annual appropriation bonds are not an  
41 obligation, indebtedness, or debt of the state, or a  
42 charge against the general credit or general fund of  
43 the state, and the state shall not be liable for the  
44 payment of any amounts due under any annual  
45 appropriation bonds except from moneys appropriated by  
46 law for the payment thereof as provided under this  
47 section. The annual appropriation bonds are not  
48 secured by any pledge of the faith and credit or the  
49 taxing powers of the state. Annual appropriation  
50 bonds shall not directly or indirectly obligate the

Page 4

1 state to make payments thereon beyond any fiscal year  
2 for which sufficient funds have been appropriated by  
3 law for such purpose.

4 8. In the event that funds are not appropriated  
5 for any fiscal year in an amount sufficient to make  
6 the payments of principal and interest and any other  
7 amounts due under the annual appropriation bonds  
8 during such fiscal year all of the following shall  
9 apply:

10 a. The state's obligations under the annual  
11 appropriation bonds shall terminate and become null  
12 and void on the last day of the fiscal year for which  
13 funds were appropriated in an amount sufficient to  
14 make the payments of principal and interest and any  
15 other amounts due under the annual appropriation bonds  
16 for such fiscal year.

17 b. The state shall not be obligated to make

18 payment from any source of any amounts due under the  
19 annual appropriation bonds beyond those amounts for  
20 which an appropriation has previously been made.

21 c. The state shall not be liable to the holders of  
22 the annual appropriation bonds or any other person for  
23 any remaining amounts due under the annual  
24 appropriation bonds or for any costs, damages, or  
25 expenses incurred by the holders of the annual  
26 appropriation bonds or any other person as a result of  
27 such failure to appropriate. Annual appropriation  
28 bonds, the repayment thereof and any reserve and debt  
29 service funds established with respect thereto shall  
30 be subject to nonappropriation. Annual appropriation  
31 bonds issued under this section shall contain a  
32 conspicuous statement of the limitations established  
33 in this subsection.

34 9. Annual appropriation bonds issued under this  
35 section are declared to be issued for an essential  
36 public and governmental purpose and all annual  
37 appropriation bonds issued under this section shall be  
38 exempt from taxation by the state of Iowa and the  
39 interest on the annual appropriation bonds shall be  
40 exempt from the state income tax and the state  
41 inheritance tax.

42 10. In order to better provide for the budgeting  
43 and appropriation of sufficient amounts to make the  
44 payments due with respect to annual appropriation  
45 bonds in any fiscal year and to fund or restore  
46 reserve funds established with respect to annual  
47 appropriation bonds, if any, the treasurer of state  
48 shall, on or before January 1 of each calendar year,  
49 make and deliver to the governor and to both houses of  
50 the general assembly the treasurer of state's

Page 5

1 certificate that includes all of the following:

2 a. A statement of the amount required to make the  
3 payments due with respect to annual appropriation  
4 bonds in the next succeeding fiscal year and the  
5 amount, if any, required to fund or restore any  
6 reserve fund to the reserve fund requirement for that  
7 reserve fund.

8 b. A request that budget and appropriation bills  
9 approved for such fiscal year include amounts  
10 sufficient to make the payments due with respect to  
11 annual appropriation bonds during that fiscal year and  
12 to fund or restore any reserve fund to the reserve  
13 fund requirement for that reserve fund.

14 11. If, after amounts have been appropriated for a  
15 fiscal year to make payment of principal and interest  
16 and any other amounts due with respect to the annual

17 appropriation bonds for such fiscal year and to fund  
18 or restore any reserve fund to the reserve fund  
19 requirement for that reserve fund, the treasurer of  
20 state determines that the amounts appropriated for  
21 such purposes are insufficient for any reason, the  
22 treasurer of state shall make and deliver to the  
23 governor and to both houses of the general assembly  
24 the treasurer of state's certificate that includes a  
25 statement of the amount of the deficiency and a  
26 request for an additional appropriation for such  
27 fiscal year to make up such deficiency.

28 12. Any amounts appropriated by law from the  
29 general fund of the state or any other legally  
30 available funds to make the payments due with respect  
31 to annual appropriation bonds for a fiscal year shall  
32 be paid to the treasurer of state on or after the  
33 first business day of such fiscal year in as many  
34 installments as are needed to accumulate the total  
35 amount so appropriated as soon as funds become legally  
36 available and such amounts, as received, shall be  
37 deposited by the treasurer of state in the annual  
38 appropriation bonds debt service fund.

39 13. Any amounts appropriated by law to fund or  
40 restore any reserve fund shall be paid to the  
41 treasurer of state as soon as funds become legally  
42 available and shall be deposited by the treasurer of  
43 state in the applicable reserve fund. For any fiscal  
44 year for which amounts have been lawfully appropriated  
45 in an amount sufficient to make payment of principal  
46 and interest and any other amounts due with respect to  
47 annual appropriation bonds for such fiscal year, to  
48 the extent that appropriated funds have not become  
49 fully available so that amounts deposited into the  
50 annual appropriation bonds debt service fund are not

Page 6

1 sufficient to make such payment when due, any moneys  
2 on deposit in a reserve fund established with respect  
3 to the annual appropriation bonds may be transferred  
4 to the annual appropriation bonds debt service fund  
5 and used to make such payments, subject to the  
6 provisions of this section.

7 14. The treasurer of state may from time to time  
8 issue annual appropriation bonds for the purpose of  
9 refunding any annual appropriation bonds then  
10 outstanding, including the payment of any redemption  
11 premiums thereon and any interest accrued or to accrue  
12 to the date of redemption of the outstanding annual  
13 appropriation bonds. Until the proceeds of annual  
14 appropriation bonds issued for the purpose of  
15 refunding outstanding annual appropriation bonds are

16 applied to the purchase or retirement of outstanding  
17 annual appropriation bonds or the redemption of  
18 outstanding annual appropriation bonds, the proceeds  
19 may be placed in escrow and be invested and reinvested  
20 in accordance with the provisions of this section, the  
21 authorizing documents, and any applicable escrow. The  
22 interest, income, and profits earned or realized on an  
23 investment may also be applied to the payment of the  
24 outstanding annual appropriation bonds to be refunded  
25 by purchase, retirement, or redemption. After the  
26 terms of the escrow have been fully satisfied and  
27 carried out, any balance of proceeds and interest  
28 earned or realized on the investments shall be  
29 returned to the general fund of the state. All  
30 refunding annual appropriation bonds shall be issued  
31 and subject to the provisions of this section in the  
32 same manner and to the same extent as other annual  
33 appropriation bonds issued pursuant to this section.  
34 15. a. It is the intent of the general assembly  
35 that the general assembly make timely appropriations  
36 from moneys in the general fund of the state or any  
37 other legally available funds that are sufficient to  
38 make payment of principal and interest and any other  
39 amounts due with respect to annual appropriation bonds  
40 in a fiscal year and to fund or restore any reserve  
41 fund established with respect to the annual  
42 appropriation bonds to the reserve fund requirement  
43 for that reserve fund.  
44 b. This section does not create and shall not be  
45 construed as creating a general, legal, or enforceable  
46 obligation of the general assembly to appropriate any  
47 moneys for any fiscal year for any of the foregoing  
48 purposes and the decision to appropriate such moneys  
49 for any fiscal year shall be at the complete  
50 discretion of the then current general assembly and

Page 7

1 governor who shall have the final responsibility for  
2 making such decisions.

3 16. Neither the treasurer of state nor any person  
4 acting on behalf of the treasurer of state, while  
5 acting within the scope of their employment or agency,  
6 is subject to personal liability resulting from  
7 carrying out the powers and duties conferred by this  
8 section.

9 17. Amounts appropriated pursuant to this section  
10 are not subject to a uniform reduction in accordance  
11 with section 8.31.

19 deposited into the annual appropriation bonds debt  
20 service fund and used by the treasurer of state or  
21 transferred to a trustee, paying agent, escrow agent,

2 be legally available to the treasurer of state for the  
3 purpose of the reserve fund. Moneys in any reserve  
4 fund established with respect to annual appropriation  
5 bonds, excluding the annual appropriations debt  
6 service fund, are not subject to section 8.33.

25 individual shall be based upon the pro rata share of  
26 the individual's earnings from the partnership,  
27 limited liability company, S corporation, estate, or  
28 trust. A tax credit shall be allowed only for an  
29 endowment gift made to an endow Iowa qualified  
30 community foundation for a permanent endowment fund

1 amended to read as follows:

2 2. A governmental entity shall have an engineer  
3 licensed under chapter 542B, a landscape architect  
4 licensed under chapter 544B, or an architect  
5 registered under chapter 544A prepare plans and  
6 specifications, and calculate the estimated total cost  
7 of a proposed public improvement. A governmental  
8 entity shall ensure that sufficient paper copies of  
9 the plans, specifications, and estimated total costs  
10 of the proposed public improvement are available for  
11 prospective bidders.

12 Sec. 95. Section 26.7, subsection 3, Code 2009, is  
13 amended to read as follows:

14 3. On public improvements to be financed wholly or  
15 partially by special assessments against benefited  
16 property, the governmental entity, in the notice to  
17 bidders, may request aggregate bids for all projects  
18 included in any resolution of necessity,  
19 notwithstanding variations in the sizes of the  
20 improvements and notwithstanding that some parts of  
21 the improvements are assessable and some  
22 nonassessable, and may award the contract to the  
23 lowest ~~responsive~~, responsible bidder submitting the  
24 lowest aggregate bid.

25 Sec. 96. Section 26.9, Code 2009, is amended to  
26 read as follows:

27 26.9 AWARD OF CONTRACT.

28 The contract for the public improvement must be  
29 awarded to the lowest ~~responsive~~, responsible bidder.  
30 The designation of contractors and subcontractors as a  
31 responsible bidder is an independent function and  
32 involves an analysis separate from the price of the  
33 bid. Factors used to determine a responsible bidder  
34 shall include, but shall not be limited to financial  
35 responsibility, compliance with applicable laws, and  
36 ability and experience in the performance of similar  
37 contracts. A public entity may use a prequalification  
38 questionnaire as a means for predefining acceptable,  
39 responsible bidders. However, contracts relating to  
40 public utilities or extensions or improvements  
41 thereof, as described in sections 384.80 through  
42 384.94, may be awarded by the city as it deems to be  
43 in the best interests of the city. This section shall  
44 not be construed to prohibit a governmental entity in  
45 the award of a contract for a public improvement or a  
46 governing body of a city utility from providing, in  
47 the award of a contract for a public improvement, an  
48 enhancement of payments upon early completion of the  
49 public improvement if the availability of the  
50 enhancement payments is included in the notice to

Page 29

1 bidders, the enhancement payments are competitively  
2 neutral to potential bidders, the enhancement payments  
3 are considered as a separate item in the public  
4 hearing on the award of contract, and the total value  
5 of the enhancement payments does not exceed ten  
6 percent of the value of the contract.

7 Sec. 97. Section 26.10, subsection 1, Code 2009,  
8 is amended to read as follows:

9 1. The date and time that each bid is received by  
10 the governmental entity, together with the name of the  
11 person receiving the bid, shall be recorded on the  
12 envelope containing the bid. All bids received after  
13 the deadlines for submission of bids as stated in the  
14 project specifications shall not be considered and  
15 shall be returned to the late bidder unopened. The  
16 governmental entity shall open, announce the amount of  
17 the bids, and file all proposals received, at the time  
18 and place specified in the notice to bidders. The  
19 governmental entity may, by resolution, award the  
20 contract for the public improvement to the bidder  
21 submitting the lowest ~~responsive~~, responsible bid,  
22 determined as provided in section 26.9, or the  
23 governmental entity may reject all bids received, fix  
24 a new date for receiving bids, and order publication  
25 of a new notice to bidders. The governmental entity  
26 shall retain the bid security furnished by the  
27 successful bidder until the approved contract form has  
28 been executed, a bond has been filed by the bidder  
29 guaranteeing the performance of the contract, and the  
30 contract and bond have been approved by the  
31 governmental entity. The provisions of chapter 573,  
32 where applicable, apply to contracts awarded under  
33 this chapter.

34 Sec. 98. Section 26.14, subsection 3, paragraphs b  
35 and c, Code 2009, are amended to read as follows:

36 b. The governmental entity shall designate the  
37 time, place, and manner for filing quotations, which  
38 may be received by mail, facsimile, or electronic  
39 mail. The governmental entity shall award the  
40 contract to the contractor submitting the lowest  
41 ~~responsive~~, responsible quotation subject to section  
42 26.9, or the governmental entity may reject all of the  
43 quotations. The unconditional acceptance and approval  
44 of the lowest ~~responsive~~, responsible quotation shall  
45 constitute the award of a contract. The governmental  
46 entity shall record the approved quotation in its  
47 meeting minutes. The contractor awarded the contract  
48 shall not commence work until the contractor's  
49 performance and payment bond has been approved by the  
50 governmental entity. A governmental entity may

Page 30

1 delegate the authority to award a contract, to execute  
2 a contract, to authorize work to proceed under a  
3 contract, or to approve the contractor's performance  
4 and payment bond to an officer or employee of the  
5 governmental entity. A quotation approved outside a  
6 meeting of the governing body of a governmental entity  
7 shall be included in the minutes of the next regular  
8 or special meeting of the governing body.

9 c. If a public improvement may be performed by an  
10 employee of the governmental entity, the amount of  
11 estimated sales and fuel tax and the premium cost for  
12 the performance and payment bond which a contractor  
13 identifies in its quotation shall be deducted from the  
14 contractor's price for determining the lowest  
15 responsible quotation. If no quotations are received  
16 to perform the work, or if the governmental entity's  
17 estimated cost to do the work with its employee is  
18 less than the lowest ~~responsive~~, responsible quotation  
19 received, the governmental entity may authorize its  
20 employee or employees to perform the work.

21 Sec. 99. Section 35C.1, subsection 1, Code 2009,  
22 as amended by 2009 Iowa Acts, Senate File 186, section  
23 1, if enacted, is amended by striking the subsection  
24 and inserting in lieu thereof the following:

25 1. In every public department and upon all public  
26 works in the state, and of the counties, cities, and  
27 school corporations of the state, veterans who are  
28 citizens and residents of the United States are  
29 entitled to preference in appointment and employment  
30 over other applicants of no greater qualifications.  
31 The preference in appointment and employment for  
32 employees of cities under a municipal civil service is  
33 the same as provided in section 400.10. For purposes  
34 of this section, "veteran" means as defined in section  
35 35.1 except that the requirement that the person be a  
36 resident of this state shall not apply.

37 Sec. 100. Section 85.61, Code 2009, is amended by  
38 adding the following new subsection:

39 NEW SUBSECTION. 7A. "Reasonable or probable cause  
40 or excuse" means an excuse supported on the basis of  
41 facts determined reasonable by the workers'  
42 compensation commissioner and does not mean an excuse  
43 supported on the basis of facts fairly debatable as a  
44 matter of law as recognized in the common law with  
45 respect to a bad-faith tort.

46 Sec. 101. Section 85.71, subsection 1, paragraph  
47 a, Code 2009, is amended to read as follows:

48 a. The employer has a place of business in this  
49 state and the employee regularly works at or from that  
50 place of business, or the employer has a place of

Page 31

1 business in this state and the employee is domiciled  
2 in this state.

3 Sec. 102. Section 86.13, Code 2009, is amended to  
4 read as follows:

5 86.13 COMPENSATION PAYMENTS.

6 1. If an employer or insurance carrier pays weekly  
7 compensation benefits to an employee, the employer or  
8 insurance carrier shall file with the workers'  
9 compensation commissioner in the form and manner  
10 required by the workers' compensation commissioner a  
11 notice of the commencement of the payments. The  
12 payments establish conclusively that the employer and  
13 insurance carrier have notice of the injury for which  
14 benefits are claimed but the payments do not  
15 constitute an admission of liability under this  
16 chapter or chapter 85, 85A, or 85B.

17 2. If an employer or insurance carrier fails to  
18 file the notice required by this section, the failure  
19 stops the running of the time periods in section 85.26  
20 as of the date of the first payment. If commenced,  
21 the payments shall be terminated only when the  
22 employee has returned to work, or upon thirty days'  
23 notice stating the reason for the termination and  
24 advising the employee of the right to file a claim  
25 with the workers' compensation commissioner.

26 3. This section does not prevent the parties from  
27 reaching an agreement for settlement regarding  
28 compensation. However, the agreement is valid only if  
29 signed by all parties and approved by the workers'  
30 compensation commissioner.

31 4. a. ~~If a denial, a delay in commencement~~  
32 ~~payment, or a termination of benefits occurs without~~  
33 ~~reasonable or probable cause or excuse known to the~~  
34 ~~employer or insurance carrier at the time of the~~  
35 ~~denial, delay in payment, or termination of benefits,~~  
36 the workers' compensation commissioner shall award  
37 benefits in addition to those benefits payable under  
38 this chapter, or chapter 85, 85A, or 85B, up to fifty  
39 percent of the amount of benefits that were  
40 ~~unreasonably denied, delayed, or denied terminated~~  
41 ~~without reasonable or probable cause or excuse.~~

42 b. The workers' compensation commissioner shall  
43 award benefits under this subsection if the  
44 commissioner finds both of the following facts:

45 (1) The employee has demonstrated a denial, delay  
46 in payment, or termination of benefits.

47 (2) The employer has failed to prove a reasonable  
48 or probable cause or excuse for the denial, delay in  
49 payment, or termination of benefits.

50 c. In order to be considered a reasonable or

Page 32

1 probable cause or excuse under paragraph "b", an  
2 excuse shall satisfy all of the following criteria:  
3 (1) The excuse was preceded by a reasonable  
4 investigation and evaluation by the employer or  
5 insurance carrier into whether benefits were owed to  
6 the employee.

7 (2) The results of the reasonable investigation  
8 and evaluation were the actual basis upon which the  
9 employer or insurance carrier contemporaneously relied  
10 to deny, delay payment of, or terminate benefits.

11 (3) The employer or insurance carrier  
12 contemporaneously conveyed the basis for the denial,  
13 delay in payment, or termination of benefits to the  
14 employee at the time of the denial, delay, or  
15 termination of benefits.

16 Sec. 103. Section 96.40, subsection 2, paragraph  
17 i, Code 2009, is amended to read as follows:

18 i. The duration of the shared work plan will not  
19 exceed ~~twenty-six~~ fifty-two weeks. An employing unit  
20 is eligible for approval of only one plan during a

43 adding the following new subsection:

46 including but not limited to the storage, handling,  
47 and drying of grain and the care, feeding, and housing

4 b. The regulatory fee for centers shall not exceed

17 child care centers. The department shall not supplant  
18 existing funding for regulation of child care with  
19 funding derived from the regulatory fee. The  
20 department shall seek to meet the following target  
21 percentages of the total number of child development  
22 homes in the state inspected annually in phasing in  
23 the annual inspection of all child development homes:

24 a. For the fiscal year beginning July 1, 2009,

39 b. The results of an inspection of a child care  
40 facility shall be made publicly available on the

2 shall be credited to the fund. Moneys credited to the  
3 fund shall not revert to any other fund and are not  
4 subject to transfer except as specifically provided by  
5 law. Notwithstanding section 12C.7, subsection 2,  
6 interest or earnings on moneys deposited in the fund  
7 shall be credited to the fund. Moneys in the fund are  
8 annually appropriated to the department to be used for

10 child care facilities, contracting, related technology  
11 costs, record checks, grants and fee waivers, and  
12 other expenses for inspection and regulation of child  
13 care facilities. Any full-time equivalent positions  
14 paid for out of the fund shall be in addition to other  
15 such positions authorized for the department.

16 Sec. 204. Section 237A.5, subsection 2, paragraphs  
17 b and c, Code 2009, are amended to read as follows:

18 b. If an individual person subject to a record  
19 check is being considered for employment by a child  
20 care facility or child care home provider, in lieu of  
21 requesting a record check in this state to be  
22 conducted by the department under paragraph "c", the  
23 child care facility or child care home may access the  
24 single contact repository established pursuant to  
25 section 135C.33 as necessary to conduct a criminal and  
26 child abuse record check of the individual in this  
27 state. A copy of the results of the record check  
28 conducted through the single contact repository shall  
29 also be provided to the department. If the record  
30 check indicates the individual is a person subject to  
31 an evaluation, the child care facility or child care  
32 home may request that the department perform an  
33 evaluation as provided in this subsection. Otherwise,  
34 the individual shall not be employed by the child care  
35 facility or child care home.

36 c. Unless a record check has already been  
37 conducted in accordance with paragraph "b", the  
38 department shall conduct a criminal and child abuse  
39 record check in this state for a person who is subject  
40 to a record check and may conduct such a check in  
41 other states. In addition, the department may conduct  
42 a dependent adult abuse, sex offender registry, or  
43 other public or civil offense record check in this  
44 state or in other states for a person who is subject  
45 to a record check.

46 cc. (1) For a person subject to a record check,  
47 in addition to any other record check conducted  
48 pursuant to this subsection, the person's fingerprints  
49 shall be provided to the department of public safety  
50 for submission through the state criminal history

Page 67

1 repository to the United States department of justice,  
2 federal bureau of investigation for a national  
3 criminal history check. The national criminal history  
4 check shall be repeated every four years.

5 (2) Except as otherwise provided by law, the cost  
6 of a national criminal history check conducted in  
7 accordance with subparagraph (1) and the state record  
8 checks conducted in accordance with paragraph "c" that  
9 are conducted in connection with a person's  
10 involvement with a child care center are not the  
11 responsibility of the department. The department is  
12 responsible for the cost of such checks conducted in  
13 connection with a person's involvement with a child  
14 development home or child care home.

15 (3) If record checks under paragraph "b" or "c"  
16 have been conducted on a person subject to a record  
17 check and the results do not warrant prohibition of  
18 the person's involvement with child care or otherwise  
19 present protective concerns, the person may be  
20 involved with child care on a provisional basis until  
21 the record check under subparagraph (1) has been  
22 completed.

23 (4) For the period beginning July 1, 2009, and  
24 ending June 30, 2013:

25 (a) The requirement in subparagraph (1) shall only  
26 apply to owners and employees of licensed child care  
27 centers and licensed child development homes and is  
28 applicable beginning on and after January 1, 2010, at  
29 the time of initial application for or renewal of a  
30 center's or home's license and the cost provisions of  
31 subparagraph (2) are applicable to owners and  
32 employees of centers beginning at the same time.

33 (b) Except for child development home providers  
34 who voluntarily license and are addressed by  
35 subparagraph division (a), and child development home  
36 providers participating in the child care quality  
37 rating system at a level under which national records  
38 checks are required in accordance with departmental  
39 rule, the national record check requirement in  
40 subparagraph (1) is not applicable in connection with  
41 a child development home or child care home throughout  
42 the period.

43 (c) This subparagraph (4) is repealed on July 1,  
44 2013.

45 ccc. (1) If a record check performed pursuant to  
46 this ~~paragraph~~ subsection identifies an individual as  
47 a person subject to an evaluation, an evaluation shall  
48 be performed to determine whether prohibition of the  
49 person's involvement with child care is warranted.  
50 The evaluation shall be performed in accordance with

Page 68

1 procedures adopted for this purpose by the department.  
2 (2) Prior to performing an evaluation, the  
3 department shall notify the affected person, licensee,  
4 registrant, or child care home applying for or  
5 receiving public funding for providing child care,  
6 that an evaluation will be conducted to determine  
7 whether prohibition of the person's involvement with  
8 child care is warranted.

9 Sec. 205. IMPLEMENTATION.

10 1. The department of human services shall adopt  
11 administrative rules to begin implementation of the  
12 regulatory fee authorized to be imposed by this  
13 division of this Act on or after January 1, 2010.

14 2. It is the intent of the general assembly to  
15 enact required licensure of child development homes

33 home licensing program on or after July 1, 2010. The

35 program. The rules may include but are not limited to  
36 provisions to limit the number of voluntary licensure  
37 applications accepted as necessary to limit related  
38 expenditures within the funding available. The rules  
39 shall address all qualification levels of providers  
40 who apply for licensure under the voluntary program.  
41 However, a precensure inspection shall not be  
42 required for initial licensure of a child development  
43 home provider who meets all of the following  
44 requirements:

45 (1) The provider's registration is in good  
46 standing at the time of application for a license.

47 (2) The provider has a rating of 3, 4, or 5 under  
48 the child care quality rating system implemented  
49 pursuant to section 237A.30 as of the application  
50 date. The provider must either maintain or achieve a

Page 69

1 higher rating, throughout the period of voluntary  
2 licensure.

3 (3) The provider has passed a registration  
4 compliance check by the department or achieved a  
5 rating specified in subparagraph (2) within the  
6 two-year period preceding the application date.  
7 c. Any cost savings realized by the department  
8 during the transition period due to licensed child  
9 care centers or their employees assuming  
10 responsibility for the cost of required record checks  
11 in place of the department shall be transferred to the  
12 child care facility fund created by this division of  
13 this Act.

Leave of absence was granted as follows:

## REMARKS MY MINORITY LEADER PAULSEN

Paulsen of Linn offered the following remarks:

Thank you Mr. Speaker. Mr. Speaker, ladies and gentleman of the House,

First I would like to thank my caucus. It is indeed a great honor to stand for you and represent you. We are 43 strong and we made a difference – be proud of your efforts and successes. Next year we will stand with 44 members as we welcome our friend Rep. Royd Chambers back from serving our country in the Middle East. We look forward to serving with him in this chamber again. Thank you to my leadership team: Rod, Jodi, Jeff, and Steve for your input and efforts. And a special thank you to the Republican Whip, Linda Upmeyer for your inexhaustible energy and focus.

I would also like to thank each of you who take the time away from your families and your lives at home to come to Des Moines and serve the people of the great state of Iowa. Our task is often difficult and grueling, so I think each one of you deserves thanks for giving so much of your time and energy.

The staff of this building who work hard to keep bills moving, get amendments drafted, and make sure things are up and running each day. Thank you. Specifically, I would like to thank my staff. Thank you Jeff, Josie, Noreen, Lew, Lon, Brad, Ann, Kelly, Jason, Matt and Tony. We like to say, and it continues to be true, that we have the most informed staff in the building.

Mr. Speaker – Mr. Majority Leader, I also want to thank you. Obviously we have some profound differences on policy, but that did not prevent us from working together when possible for the betterment of Iowans. You committed to me that House Republicans would have opportunities to engage and affect legislation and you followed through on that commitment. I thank you for that.

Most notably we began working this session effectively to respond to last year's disaster through the newly formed Rebuild Iowa Committee – while we can debate whether we did enough in the right areas - Iowa will be better because we worked together.

Republicans and Democrats worked together to write a disaster relief package after listening to the concerns of Iowans. Of that, we should all be proud.

Unfortunately, much of the cooperation ended there.

Leading is not coming in and pushing a button based on your party. Leading is listening to the will of the people and hearing the voices of the Iowans who put their faith in you.

I'm not convinced this House of Representatives listened throughout this session.

Seventy-one percent of Iowans opposed the massive and unprecedented borrowing proposal we passed in the last two days. Maybe that is why Iowans weren't allowed to see the massive spending plan until it was about to be debated. Even aside from the secrecy which surrounded the formulation of this scheme, the really frustrating part is that Republicans believe we could have accomplished the same things without – WITHOUT – borrowing a single dime if we simply used the infrastructure fund for infrastructure.

On tax day, thousands gathered right outside this building saying, enough is enough, cut back. Yet, you voted for the largest amount of spending in the history of our state. Once again, I'm not sure that this House listened.

A few weeks ago the Iowa Supreme Court handed down their ruling striking down traditional marriage in Iowa. Iowans again came to this chamber and pleaded with this body to take action. Iowans want to have a chance to be heard on this issue-- to vote on a constitutional amendment defining marriage as 1 man and 1 woman just as many promised we would do. House Republicans tried to make that happen but were circumvented by procedure. This is very regrettable.

Only 40 percent of Iowans supported the prevailing wage bill. They sent a deluge of messages voicing their hesitation, but we debated anyway. Later, an even more unpopular plan to take away Iowans' largest tax deduction was brought to us. As a sea of red shirts packed the balconies to stand up against the raiding of their wallets. Instead of listening, they were removed from the chamber.

In January, every leader in this chamber promised Iowans that the Legislature would review each program and line item in the state budget to find waste and inefficiencies. Well, House Republicans followed through. We went through hundreds of pages of budget documents from state agencies. And what did we find? Projects that could be postponed, cars that didn't need to be purchased, and money that could not be accounted for. We found \$337 million in waste and inefficiencies and offered them as amendments. Virtually every one was rejected – in fact less than 1% of these savings were accepted.

The result? Historic levels of spending in the state of Iowa. This is astounding considering all Iowans have heard about are the painful budget cuts and program eliminations. It is counter-intuitive to know that state revenues are going down and then, fully armed with that knowledge, pass a budget that not only exceeds available revenue but is the largest budget Iowans have ever seen. After all of this spending I'm left to wonder – if more and more government spending revs up the economy, then why isn't ours humming along?

Republicans said over and over that we were using a three part test to weigh each bill. 1. Does it grow Iowa's economy? 2. Does it create jobs? 3. Does it encourage our employers to reinvest in our workforce?

Countless times this year, Republicans urged the majority party to use these same checks. To consider the choices everyday Iowans are making as they tighten their belts and reexamine their own household budgets to weather this economic storm. We asked how we were putting even one of 80,000 Iowans back to work.

I'm not convinced that this House was listening.

Mr. Speaker and ladies and gentlemen of the House, I will close with this thought: we have spent nearly all of our time this session doing one of two things: spending or borrowing.

As I think back over the last 100 days I think of several things: the most money spent in Iowa's history, a partial response to flooding, saddling our children with years of debt, and a failure to act on the issue of marriage. While I see this as disappointing, I also see an open door of opportunity to take the time to again listen to Iowans and return next year and do the people's work.

## REMARKS BY MAJORITY LEADER MCCARTHY

McCarthy of Polk offered the following remarks:

Mr. Speaker, ladies and gentleman of the House.

It's very early in the morning so I'll be brief. I want to thank everyone in this chamber for all the hard work that you have done this session. It has been a very challenging session.

The depth and breadth of the national recession has been incredible. That made our challenges as a state that much greater as we go about our budget work. But we have tried to keep focused on the core services that our state does provide, especially to the most vulnerable Iowans, in the areas of education and health care.

We've also tried to stay focused on where we want the state to be down the road. We've done a lot of things focused on the new economy, renewable energy, and think outside the box tax credit proposals. We have web portal data centers to the tune of \$1.2 billion that will be coming to Iowa. Film industries and production companies locating here that will bring hundreds and hundreds of jobs and hundreds of millions in investment. Historical tax credit projects will be bringing thousands of jobs to the state in the next few months. We've tried to do some things in this tough economy to keep jobs coming to Iowa – quality jobs. We are positioning ourselves with our continued focus on all things renewable to make sure we can make that transition from an agricultural economy to a renewable energy economy.

In health care, under the leadership of the Rep. Smith, Rep. Upmeyer, Rep. Heddens and others, next year 30,000 more Iowa kids will health insurance than last year. That's a tremendous improvement and something we can all be proud of. We're making quality health care more affordable for all our children.

We've also done something that's more of an intangible quality in this chamber that has been desperately needed these last couple years. We've put people before politics. That's a tired phrase, but we've made great strides improving the tone of this chamber. Contrary to the coverage and partisan rhetoric that we heard from the minority just a few minutes ago – and that's part of the job being in the minority – we've had an incredible working relationship behind the scenes negotiating time on budget bills, subject matter, and policy bills.

We've actually done a very good job of improving the tone so it's not always so personal and poisonous, which carries over to the campaign trail. The fact that we're able to improve the tone this year, makes me more committed to improving the tone of the campaign rhetoric as we move forward.

We were also bold this year, in part because of our bi-partisan work. With Rep. Lykam and Rep. Baudler coming together with folks from all four caucuses to pass the toughest, smartest sex offender law in state history. We did something that may not be polling the way we want it to be, but its good government and that is good politics.

I'm encouraged by all the friendships that I've strengthened this year. Rep. Rick Olson, Rep. Doris Kelley, Rep. Mike Reasoner, Rep. Lisa Heddens, and Rep. Mary Mascher. An eclectic mix of folks that my friendships have deepened and it's something that's very important to me.

I also want to thank our great staff, including the chief clerk, speaker's staff and my staff, including Mark Langgin who works late and gets here early and Brian Meyer who is busy preparing our floor managers for debate and keeping the ship afloat.

Thanks to all of you for working with me and bugging me. Although I hope I'll stop having these nightmares where I wake up hearing echoes of house file numbers. I'm just not very good with numbers. I do appreciate the work we've done together.

It's been a pleasure to work with you, Mr. Speaker, and the assistant leaders. I look forward to a good summer with friends and family and I hope you all have a great summer with friends and family as well.

## REMARKS BY SPEAKER MURPHY

Murphy of Dubuque offered the following remarks:

Ladies and gentlemen of the House, first of all, thank you for the opportunity to serve you as Speaker of the House. I know that, for all of us, it is a great thrill to serve our constituents and it is a great thrill to serve as presiding officer. Many days I have many headaches, but it is still a very unique job, and I appreciate the opportunity to hold the position and for you to elect me to this position.

I also want to thank my caucus for putting their trust in me over these last few years, and I very much appreciate the support my caucus members have given me. I also want to talk briefly about the staff. I don't care if it's the Democratic staff, Republican staff, Legislative Services Agency, the Chief Clerk's staff, or the pages, I want to thank all of you for what you do every day that makes this place function, because the hundred representatives in no way would be able to do it by themselves. So thank you for all the work you do, regardless of whether you are partisan staff or nonpartisan staff.

I want to single out this year's group of pages. If this is our future, it looks very bright. I think the pages we have here are shining examples of what our future holds for us. I feel confident that, when I'm old and gray, this younger generation will be making good decisions for us.

I also want to talk briefly about Rep. Royd Chambers. We've had a House member missing now for three of the last four years, serving our country abroad. I am proud that this chamber and this state have stepped up to serve our country in times of military conflict. In this regard, our efforts to develop renewable fuels serves us well. Hopefully, some day we won't have to worry about Iowans who are in the National Guard or Reserves having to risk their lives in foreign lands to help provide the energy that we need.

Last year, when we adjourned, we had an \$82 million ending balance. Our reserve accounts were full and we had a booming economy. Then, before the election, things changed drastically. Fuel prices fluctuated greatly; we had floods and tornadoes that devastated this state. In response to the recession, we focused on a few basic goals this session: working on disaster recovery to help communities hit by natural disasters; helping middle-class families by creating good-paying jobs; passing a fiscally-responsible budget; and taking steps to help our economy grow.

When we came into this session, we created the Rebuild Iowa Committee. We passed a \$56 million transfer from the state's emergency fund – a great bipartisan effort by everyone in this chamber. From Rep. Schueller, to Rep. Berry, to Rep. Sands, to Rep. Grassley, and the other members who serve on that committee, thank you for making sure the first important bill we passed was about taking care of Iowans in need and working to get assistance to communities crippled by floods.

We also focused on infrastructure grants, targeting disaster rebuilding. But we didn't stop there. We had members on the Agriculture Committee and Natural Resources Committee who focused on flood prevention projects, soil conservation initiatives, and we'll establish the Iowa Flood Center at the University of Iowa. Hopefully, with these efforts, the next time won't be a next time because we're preparing and planning for those days when we have the heavy rains and other natural disasters that come our way.

We also focused on issues that legislators have worked on in previous sessions. A good example is health care. Rep. Smith and Rep. Upmeyer worked very closely together to work on a health care expansion for 30,000 children so that, by next year, hopefully every child in this state will have access to health insurance. And it was done in a very bipartisan effort, even with the Hatch act in its way; that was a joke, folks.

We also did some things with private insurance coverage. We worked to make sure that prosthetic devices are fully covered. Special thanks to Rep. Kressig for his efforts to get that legislation passed. Hopefully yet tonight, before we pass the standings bill, we will also require coverage for children with psychiatric needs and those who need cancer treatment.

We focused on balancing the budget, and it wasn't easy this year. The Revenue Estimating Conference, in three successive meetings, lowered the official state revenue estimate, to the tune of about \$271 million. In response, we had to cut most programs. But we continued our focus on early childhood education and teacher quality. We also wanted to continue our efforts to help the middle class and to make sure that kids have access to quality education and health care.

We're spending less General Fund money than we spent last year. The federal stabilization money helps to cushion the blow, but it isn't enough. We still had to make cuts, because we know that we need to balance our checkbook the same as every Iowa household. At the end of the day, we passed a fiscally-responsible budget without raising taxes on middle-class families.

We also enacted some other priorities that I think this Legislature will be remembered for. I know Rep. Swaim, Rep. Palmer, Rep. Struyk, Rep. Huser, and Rep. Olson, you were all involved in gaining near-unanimous support for legislation to enable individual Iowans to sue for consumer fraud.

When news broke this year concerning the incident at Atalissa, Rep. Lensing and others worked very closely with other members of the Government Oversight Committee to enact new laws that will help prevent dependent adults from being exploited in the future. Legislation was enacted to make sure military veterans and their family members pay no more than in-state tuition rates for attending an Iowa community college or one of the state universities. We focused on pay equity through the Lilly Ledbetter bill and promoting gender balance on local boards and commissions.

But I think we may be best remembered for passing sex offender legislation that is stronger and smarter than current law and will keep us safer than current law. Passing the Adam Walsh Act was a bipartisan effort and I want to thank Rep. Baudler, Rep. Tjepkes, Rep. Rick Olson, Rep. Lykam, and all the other people who joined together to change a law that wasn't working and to provide our families and children with greater protection from sex abusers.

In summary, we've had a tough budget year, but we're still in better shape than most states. We still have over \$400 million in the state's reserve accounts. We still have a triple-A bond rating. We're still one of the three or four lowest states in terms of bonding and indebtedness. Our unemployment rate is rising but it's still far below the national average. And we're continuing to lay a foundation for the future with education, health care, and job creation for middle-class families.

In preparing these remarks, I looked back at my opening address to the General Assembly in January. I talked about President-elect Obama and how in the last election he spoke about our country not as a white America or black America, not as a blue America or red America, but as the United States of America, and how we need to come together at every opportunity to move the country forward, for our economy and for our families. While we have not always succeeded, we have passed a number of bills this year, in a bipartisan effort to move this state forward.

And I thank all of you for the work you have done, in providing for this state. While we may all have different ideas about how to move this state forward, there's no question that everybody here has the best intentions for all Iowans. And I thank you for your time and service to the state. And now, after one hundred and three days, or maybe it's one hundred and four, it's time for us to go back to our families and our other lives outside of the Legislature. Hopefully I'll see you all before next January, when it's cold again. I thank you for your service to the state and for the job you have done this year, and for what you will do for this state in the future. Thank you.
