ELECTION OF SPEAKER

Horbach of Tama presented the name of the Honorable Kraig Paulsen of Linn County as candidate for Speaker of the House of Representatives of the Eighty-fourth General Assembly.

Cownie of Polk seconded the nomination of Kraig Paulsen for Speaker of the House.

McCarthy of Polk seconded the nomination of Kraig Paulsen for Speaker of the House and moved that the Acting Chief Clerk be authorized to cast the votes of all the members of the House of Representatives of the Eighty-fourth General Assembly.

In accordance with the foregoing motion, the Acting Chief Clerk cast the votes of all the members of the House of Representatives for the Honorable Kraig Paulsen as the Speaker of the House of Representatives of the Eighty-fourth General Assembly, and was declared duly elected to that office.

Cownie of Polk moved that a committee of two be appointed to escort the Speaker to the chair.

The motion prevailed and the following committee was appointed: Kaufmann of Cedar and Mascher of Johnson.

PRESENTATION OF SPEAKER

The Honorable Kraig Paulsen was escorted to the Speaker's station and, having been sworn, assumed the chair. Temporary Speaker Lukan presented Speaker Paulsen with the gavel and congratulated him on his unanimous election.

Speaker Paulsen thanked the House for the honor bestowed upon him and offered the following remarks:

I want to welcome family and friends to the Iowa House of Representatives, this is the people's house and it is important we never lose sight of that fact. I also want to extend my congratulations to all of the members; the people of Iowa and in particular the people in your individual House districts have placed their trust in you by electing you to serve as their voice in Des Moines. It is a privilege and a responsibility that I know all of you will take seriously.

Today nearly one-third of you begin serving your first term. If I may give you one piece of advice it is to listen carefully. Take time each day to stop and listen to each other, but more importantly listen to what your constituents have to say. Listen to their ideas and what they want – or don't want – from their representative government. If we all do that, and do our best to respond accordingly, I have no doubt we will accomplish great things.

It is important to recognize that the campaign is over and Iowans expect us to govern. Equally as important is to acknowledge the messages Iowans sent on Election Day, and listen to the will of the people. Iowans want and expect their elected officials – at all levels of government – to keep our promises and work together in an open and transparent manner.

Iowans are tired of their government telling them, instead of asking them, what is in their best interests. They are frustrated that their government has grown too big, become uncoordinated and simply spends and does far too much.

Already, House Republicans have responded by reaching out to House Democrats asking for their ideas on how to reduce the size and scope of state government, and save taxpayer dollars.

Building off good bi-partisan work done last year, later today, the Appropriations Committee will meet to assign House Study Bill 1, The Taxpayers First Act. The thrust of the bill is a collection of ideas submitted by Iowans over the past two years.

According to the non-partisan Legislative Services Agency, this bill alone saves close to \$500 million dollars in the current and next two fiscal years.

Just as important, the bill creates a Tax Relief Fund designed to capture any remaining general fund surplus and deliver it back to the taxpayer.

Over the past two years, Republicans have stated we would not support a budget that spends more money than the state takes in. Funding ongoing expenditures with one-time revenue and on the backs of the property taxpayer has gone on far too long. This body will end this practice, and the Taxpayers First Act is the first step in getting our fiscal house in order.

This session we will continue our focus on those issues we've been discussing and have promised to address.

I know this chamber is committed to putting Iowans back to work, reining in government spending and providing Iowans the opportunity to vote on the definition of marriage.

We are serious about creating an environment that encourages employers to invest in Iowa, enabling them to expand and hire hard-working Iowans. For too long, government's answer to unemployment has been to spend taxpayer dollars. Clearly, with over 110,000 Iowans unemployed, that hasn't worked.

In order to turn the economy around and begin to reduce unemployment, it is imperative this legislature provide certainty to employers that they will be operating in a pro-growth environment. Until employers have confidence in the general business climate they will not make long-term planning decisions to invest in Iowa and expand their workforce.

This chamber will protect Iowa's Right to Work law.

We will conduct a thorough and thoughtful review of state rules and regulations, seeking to cut through the red tape that is a burden to doing business in Iowa.

We will address Iowa's tax system. Iowa is at a competitive disadvantage with other states when it comes to income and property taxes. Across the board, taxes are too high, and now is the time to institute spending controls and work to reduce the tax burden.

Of course we will also tackle a host of other issues that Iowans want addressed ... public safety, health care, education, disaster recovery, to name a few.

Each issue will require careful consideration and steady leadership. I am confident that with this group of 100 legislators, we are more than capable at making sure our work is done correctly, in the light of day and with public input.

In closing, I want to thank you – the members of the 84th General Assembly – for the privilege of serving as the Speaker of the House. I recognize that in this role, I not only represent my district, but to a certain degree represent each of your districts' interests as well. It is truly an honor and you have my word I will work tirelessly every day in this position to move our state forward.

I also want to take a moment to thank my family; my parents, my brother and sisters and their families', my wife's parents, her brother and family; ... and especially: my wife Cathy and our children Kassandra, Kylere, Kale and Keith. It is because of your love and support that I am able to preside over this chamber

today. Thank you for your understanding and sharing in the sacrifice of our time together.

Later today we will be choosing our desks. These will be assigned to each of us for the next two years. I mention this to make this point. While that is where we will be assigned and do Iowa's work ... these are not our desks. They belong to the 30,000 people back home we represent; they are letting us sit in them. We must keep this in mind.

Now it is time to band together on behalf of the people of Iowa. Now it is time to get to work.

Thank you and may God bless this body and the State of Iowa.

Grassley of Butler moved that a committee of two be appointed to escort the Speaker Pro Tempore to the chair.

The motion prevailed and the following committee was appointed: Grassley of Butler and Swaim of Davis.

Representative Kaufmann was escorted to the Speaker's station and, being duly sworn, offered the following remarks:

Thank you Representatives Chambers, Grassley, and Swaim. You are friends and colleagues and I will do my best to not let you down. And my appreciation to all of my fellow legislators; I have the greatest respect for all of you.

The first President of the United States born west of the Mississippi River was a resident of my District. Herbert Hoover was born in a tiny home in Cedar County Iowa. Many of you have probably seen this humble abode. He is buried within a few hundred yards of the place of his birth.

The most important part of a trip to the graves of President and Mrs. Hoover is the view. As you stand at the foot of the graves there is an unobstructed view straight to his birth home. The President wanted it this way. This great Iowa-born humanitarian never forgot where he came from. And in his permanent rest, he sends that message each and every day.

I would propose to all of you today that this is what we all need: an unobstructed view straight home--no curves, no barriers, just the simple vision of our Districts and who sent us to work in this beautiful chamber.

If every one of us is reflecting on home, it makes it easier to find common ground. It makes it easier to disagree, sometimes strongly, but in a civil manner. And it makes it easier to listen to that still small voice that urges all of us to try to do the right thing for our communities, our counties, and our state.

I wish the newspaper headlines would announce one time, at the end of session, how many times we worked together and the legislation that passed this chamber unanimously or near unanimously. Count the bills--they dwarf the major battles we will have. This is not a reflection of watering down our principles, this is a matter of

adding an element of communication and long tough discussions to those principles and values we bring with us to this chamber.

Amidst the disagreement we will have this year; I hope we will remember what we all have in common... a precious view back home. And when we do disagree and we will, often with passion and zeal, we do so from positions of principle.

Speaker Paulsen, one of the reasons I believe in you and your leadership is because I know you will lead us through those battles with a civil and respectful demeanor that will be reflected in this chamber. The best of you is the integrity you have always possessed.

Leader Upmeyer I have every confidence that your decisions will not just be for the good of our caucus but the good of Iowa. Your past dedication to health care and fiscal prudence, along with your mental toughness that you have consistently shown in my six years serving with you, is just what this chamber needs.

Leader McCarthy I have every confidence that you will find those many and varied opportunities to work together. And when we disagree, to do so with passion not rancor. Our Democratic colleagues have chosen you again as their leader and we respect your leadership.

Thank you former Speaker Murphy for your service. And certainly on this day, our caucus and this entire chamber send our warm support and friendship to the family of Paul Bell. And I hope Representative Wendt in Sioux City knows we continue to care.

We all must find our unobstructed view back home. As we work on creating an environment for our entrepreneurs to flourish and create jobs, my eye will be on Lynch's Plumbing and Bennett Trucking. I know all of you have your own hometown businesses that motivate you to make the right decisions.

As we work on the economic climate of this state, my heart will be with the class of 2011 who have the same hopes and dreams we did and do. And to the class of 2022: we will do our best....you started Kindergarten this fall.

And as we work on our priorities for spending I will remember the recently widowed, young mother who left a tearful and grateful message on my voicemail that her daughter had just been accepted at Glenwood and she was off of the mental health waiting list....at last.

And to my friends in Clark County Iowa who are entering their second decade of uncertainty, stress, and the threat of government driving them off their family farms and homes, I hear you and you are also a part of my mental vision of home.

My Bible I used today to take my oath belonged to my older brother who long ago was killed in a traffic accident at age 19. He remains my hero. We are all here due to the inspiration of people -- most of them from home -- most of them without the full knowledge of how much they motivate us to try to do the right thing.

So, in closing--let us debate with passion, let us advocate with sincere fervor, and let us flourish in this sometimes dog-eat-dog environment. But also let's remember what binds us together as a House of Representatives--our shared sacrifice, no more

than our Iowa constituents, but certainly a part of our shared experience as we miss our families, debate for hours upon hours, and take those holiday phone calls from citizens in need.

We are the result of the people's voice. We are the fruits of democracy. And as long as we look home we won't, in fact we can't, forget that.

Let me end with a quote from President Lincoln: "Be sure you put your feet in the right place, then stand firm." The right place will not be found here in this chamber, but rather in the hearts and minds of our constituents.

Best wishes to all of you. And may God Bless our work here in the People's House, the Chamber with the unobstructed view back home.

REMARKS BY MINORITY LEADER

McCarthy of Polk offered the following remarks:

Thank you Mr. Speaker, Mr. Speaker, Ladies and Gentlemen of the House. First, welcome to all of the family and friends of the newly elected Representatives. I know that for you, this day is a day to be very proud of.

Also, congratulations as well to the returning members and all the newly elected members. Almost a third of this body are newly elected members and this is something to be welcomed. Many of you newly elected members are coming here with bold new ideas and lots of energy...that's a good thing. Some of you newly elected members will be told to dampen your expectations and to dampen your energy...don't do it. Bold ideas and new energy are a good thing, will help challenge conventional wisdom, and will also help more seasoned members to reassess their own point of view.

Congratulations as well to the newly elected leaders from both parties, including Speaker Paulsen, Majority Leader Upmeyer, and Speaker Pro Tem Kaufmann. Particular congratulations are in order for Leader Upmeyer, who is the first female House Majority Leader in Iowa history. To the Republican Leaders and Members, we will have some major battles at times, no doubt, but I am confident that no matter what that battle may be on a given day, that we will be able to get together at the end of that day and talk in a civil tone about the next day... and how we will again work together in a bipartisan way.

Mr. Speaker, House Democrats are ready to go to work. We are ready, willing, and able to put partisanship aside and join you and your members in helping govern this great state. Every day we will show up to work prepared to focus on bread and butter issues that affect the average, ordinary Iowan and every day that your members show up to do the same, you will receive a helping hand from us. A word of warning, however, if a day comes where our members show up ready to work on bread and butter issues and instead find that the House ship has steered into stormy waters, focused instead on divisive issues, then you will hear our voices as we attempt to steer that ship away from the extreme...and back to the mainstream.

We are ready to go to work and we understand that that work begins today on the budget. We will work with you to find efficiencies and to make government more effective, just as we did last year, when House Democrats passed with Republican support, the largest cost-saving measure in Iowa history. With this year's budget, we challenge you to work with us to do better. House Study Bill 1, which will be assigned today in the Appropriations Committee, contains some items that we can work towards consensus on. However, while cutting 17 million from the current year's general fund, it spends 41 million more for a net increase of 23 million dollars for the budget year that we are in. Surely we can do better and we are willing to help.

Mr. Speaker, House Democrats are, as said, ready to go to work. Congratulations again to all the new members and their families. Thank you very much. Now let's get to work!

REMARKS BY THE MAJORITY LEADER

Upmeyer of Hancock offered the following remarks:

Thank you Mr. Speaker, Mr. Speaker, Ladies and Gentlemen of the House, and guests, welcome to the 84th General Assembly.

As we assemble here today, I am reminded of my first day as a freshman legislator. I was caught off guard when Speaker Rants called me back to his office before the swearing in. Here I was, I hadn't even been here a day and I must be making mistakes already.

Well, despite my dread, what actually awaited me in the Speaker's office was a pleasant surprise. My parents had driven back from Texas, where they had gone for the winter, to be here with me. They had come to show how proud they were of me that day, and even though my father isn't here at my side, I know he is very proud today as well.

He and my mother love Iowa, this Capitol, and the people who have served here over the years.

My father showed me that this is the very best job and the most rewarding work a person can have the honor of undertaking.

He also showed me that even though you may have spirited and substantive disagreements with colleagues, it should not preclude you from also sharing admiration and respect for each other.

He showed me this is hard work and that it takes the support of friends and family. We are surrounded today by the people who love us and who gave up family dinners, summer vacations, and so much more to allow us to serve. Thank you so much for your love and support.

I stand here today as the first woman to serve as the Majority Leader of the Iowa House of Representatives. People often ask if I enjoy being the first woman to serve in this role - of course I do. What an honor. But I suspect I would enjoy it just as much if I were a man too.

In all things, someone gets the privilege to be the first. I want to thank the members of my caucus for their progressive act and for giving me this privilege. I am humbled by this opportunity.

It took courage from a lot of strong women before me to break down barriers and create opportunities like this. Women like Iowa's own Carrie Chapman Catt, who was a leading advocate for women's voting rights. It should be with pride that we highlight milestones like today's to our daughters and granddaughters, as we reinforce to them that nothing in this country is out of their reach.

It is both exciting and sobering to see everyone sworn in today. You are to be commended. It takes a lot of courage to put your name on the ballot, to open yourself up to criticism and accept the possibility of rejection. My colleagues, you are here today because you had the courage to take that chance.

But I offer a warning - the public's confidence in institutions like ours is historically low. This is because there is a gap between what they want us to accomplish and what they believe we will accomplish. To restore confidence we must have the courage to tackle the difficult issues of our day.

The government has spent too much and saved too little, become too large and too invasive. We can kick the can down the road, which is what the public assumes we will do, or we can have the courage to lead. That will mean making tough decisions. Government programs are created with noble goals, but in a time when the people of the state have had to tighten their belts, we must do the same.

We must address the priorities of state government. Part of this discussion will begin in earnest right away with the Taxpayers First Act, but it should be the overriding theme of all our work here this year. In this chamber, we should embrace the principles of limited government that our nation was founded upon.

We live in a time of economic turmoil and uncertainty. We must not sit idly by and expect that to improve. We have to realize that we have the opportunity and the responsibility to lead an economic recovery and to put Iowans back to work.

Let's give Iowa the most competitive business climate in the nation. We can start right away by proudly advertising that here in Iowa - we are a Right-to-Work state. Let's get government out of the way so that we encourage job creation and investment in this state. And finally, let's give Iowans a voice by following through on our promise to give them the chance to vote on the definition of marriage.

None of this will be easy, but it is what the people of Iowa have sent us here to do. I am optimistic that we can put our differences aside, work together and accomplish great things.

We are truly blessed to stand here today, in the People's House. While we are here, let us have the courage to do the people's work. If we are successful, Iowa's best days are ahead.

Thank you, Mr. Speaker.

Members of the General Assembly, President Kibbie, Speaker Paulsen, Leaders: Gronstal, Upmeyer, McCarthy and McKinley, thank you for the opportunity to address this joint session of the Legislature.

To my fellow statewide elected officials, members of the Iowa Supreme Court and Iowa Court of Appeals, thank you for being here this morning.

I want to congratulate the newly elected legislators and statewide officials, including Governor-elect Branstad and Lt. Governor-elect Reynolds, on your victory. I wish you Godspeed and good luck in the future.

To members of our Board of Regents, including President Miles, and University Presidents Mason, Geoffrey and Allen, I want to say it's been a pleasure to work with you. It's fair to say that no state in the nation enjoys the leadership and recognition that our three outstanding public universities do. The same is true for the leadership of our community colleges and private colleges.

As the commander in chief of the Iowa National Guard, I would like to acknowledge the outstanding leadership of Adjutant General Tim Orr, and thank the men and women who wear the uniform.

We are now in the midst of the largest single overseas deployment of Guard troops since World War Two. 3,100 of our brave fighting men and women are currently deployed in Afghanistan.

Sadly, during the last decade, 77 Iowans have given the ultimate sacrifice in Iraq and Afghanistan. Hundreds more also have been injured. We honor their sacrifice today and I ask you to always keep our military families in your thoughts and prayers.

I am often inspired by the words of one of my heroes, President John F. Kennedy, who said, "The greatest tribute is not to utter words, but to live by them."

That's why I am so proud last year Iowa became the first state in America to pass the top ten recommendations from the U.S. Department of Defense to support our troops, their families, and our veterans.

One of the highlights of my term was having the opportunity to visit and spend time with our troops, in Iraq, Kosovo, and at Camp Ripley in Minnesota, during pre-deployment training.

Finally what a tremendous honor for me, to formally recognize Iowa's own Staff Sgt. Salvatore Guinta after he was awarded the Medal of Honor.

So, we've kept our promises to our brave men and women in uniform and our state is stronger for it.

I stand before you, for the last time, entrusted by the constitution with the duty of updating you about the condition of our state. As you can imagine, I do so today with a broad range of emotions.

First of all, I am confident our administration has left the state in a better position than we found it. In fact, last fall Iowa was acknowledged in a national publication as being the 3rd best run state in the nation.

So, I am happy to report the condition of our state is strong today, and we are well-positioned for growth, greatness and prosperity tomorrow.

This is especially true when it comes to renewable energy, our children, new 21st Century jobs, and disaster recovery.

Today, Iowa is number one in the nation in renewable energy. We now generate 20 percent of our power from renewable sources, up from just 5 percent four years ago.

With the help of our private sector partners, including MidAmerican and Alliant Energy, in the past four years we've built 40 wind farms. We're one of only 2 states manufacturing wind towers, turbines and blades, the three component parts of a windmill. And, more than 200 Iowa small businesses are now employing thousands of people in the wind energy supply chain.

We have more than 4,700 windmills operating across the state, enough to power more than 1 million homes. And, exciting new transmission plans are now in place to build out our electric grid. This will allow Iowa to one day sell excess power to cities like Chicago. So, we have accomplished our goal of becoming the renewable energy capital of the United States.

One of the tools we used to accomplish this goal is the Iowa Power Fund. It has allowed Iowa to become the silicon prairie of the Midwest. To date, we've invested more than a quarter of a billion dollars, in public and private funds, into 40 cutting edge 2nd and 3rd generation research and development projects. These breakthrough technologies and solutions will help Iowa secure its renewable energy future.

To Chairman Fred Hubbell and the members of the Iowa Power Fund Board, and to Roya Stanley, Director at the Office of Energy Independence, I salute and thank you for your visionary work.

We've also helped increase production of biofuels statewide by supporting and expanding tax credits for biodiesel, ethanol and E-85 at the federal and state level. And, this year, as Chairman of the National Governor's Biofuels coalition, we successfully pushed for an E-15 waiver from the Environmental Protection Agency. This will allow Iowa to produce millions more gallons of ethanol annually and keep us on a pathway toward energy independence.

When it comes to investing in Iowa's children, we also have made great progress. Today, we are number one in the nation in children's health insurance. No state has done more to cover kids in the last four years. We've added 58,000 kids to the rolls, and as a result 99 percent of Iowa's children are now getting basic health care services.

In addition, we are leading the nation in expanding access to preschool. During the last three years alone, 23,000 additional children have been enrolled in early childhood education programs. As a result, 90 percent of 4-year-olds now have the opportunity to attend a quality preschool program, up from just 5 percent a few years ago.

We've also had a clear and consistent focus on creating new 21st Century green-collar and information technology jobs. Our state is now home to more than 8,000 green-collar jobs, and 8 new wind energy companies are now operating in Iowa. In addition, three international information technology companies, Google, Microsoft and IBM, have created nearly 2,000 new IT jobs in the last 3 years.

And, thanks to our Department of Economic Development and its board of directors, we've partnered successfully with 280 businesses that have agreed to create or retain a total of 28,000 good-paying Iowa jobs.

In addition, our workforce development efforts have allowed for real progress in coordinating the needs of our employers with the skills of our workers. Community college enrollment is at an all-time high and our successful community college job training and worker retraining programs have allowed us to help more than 100,000 Iowans find a job.

So, our job creation and workforce development efforts are now paying big dividends. In fact, our unemployment rate is now at 6.6 percent, or 33 percent below than the national average, and the 7th lowest in the nation.

As a result, Iowa has now regained more than a third of the jobs it lost during the recession and just last week it was reported that we're now on track to reach pre-recession employment levels by the third quarter of 2012.

These efforts have allowed Iowa to lead the country out of the recession. 13 of our 19 largest companies just reported double-digit stock gains in 2010, and we are the only state in the nation to post 14 consecutive months of sustained economic growth. These positive signs, coupled with our \$950 million surplus, clearly show the strength of Iowa's economy.

You know, these last four years have been challenging times for all of us. Together, we've faced unprecedented natural disasters. We've seen the destruction of tornadoes and floods that killed and injured so many in communities across Iowa in 2008, and again in 2010.

The images from places like Cedar Rapids, New Hartford, Palo, Coralville, Waterloo, Parkersburg, Cedar Falls and Oakville, told the story of the damage and devastation better than any words ever could.

But, I have never been more proud of Iowans. We showed the best of Iowa in the worst of times. Despite tough times, we've come together, to build the foundation for a better, stronger, and more resilient state -- one that is now well on its way to a full and complete recovery.

We stood together, shoulder to shoulder, united as one, committed to rebuilding our state from our worst natural disaster ever. And, together we've helped ease the pain for those who lost so much.

To date, we've secured more than \$5 billion in state and federal funds for recovery, rebuilding and flood mitigation efforts. This includes \$1 billion for Linn County alone. I would like to thank Retired Lt. General Ron Dardis and the entire Rebuild Iowa Office for their tireless work on flood recovery.

As a result of our efforts, we're rebuilding Iowa in a stronger, safer and more sustainable way. Together with the help of legislators from flood-impacted communities, we created the Iowa Jobs and Infrastructure Initiative, or I-JOBS, to provide funds totaling \$330 million for nearly 100 separate flood recovery and mitigation projects in 37 flood-affected counties.

These include: new fire stations in Elkader and Charles City; a new public library and National Czech and Slovak Museum in Cedar Rapids; replacing 10 buildings at the University of Iowa including Hancher Auditorium; and a new flood wall that will now protect 200 small business owners along the Coralville strip.

So, we've accomplished a great deal together and moved our state forward these last four years, despite governing through some very challenging times.

I am very proud of our record and I am deeply grateful to have had the opportunity to serve as the 40th Governor of Iowa. I would like to thank the people of Iowa for giving me this enormous privilege.

Looking back, perhaps one of the things I'm most proud of is that we kept the promises we made to Iowans. We did what we said we were going to do.

We raised the minimum wage. Increased teacher pay. Made our public places smoke-free. Lifted the ban on stem cell research. Protected civil rights: at home, in the

workplace and for our students in schools. Balanced the budget four years in a row, and earned a triple-A bond rating.

In addition, we tackled racial disparity in sentencing and youth detention. Appointed a record number of women and minorities to boards and commissions. Passed the first in the nation minority impact legislation. And stood tall to protect the constitutional rights of all Iowans regardless of race, gender or sexual orientation.

Finally, we reduced state spending. Reformed and reorganized government. Streamlined and consolidated operations. Offered early retirement to 2,200 state employees. Reduced employees health care costs by \$20 million. Implemented strategic purchasing. Reduced our state vehicle fleet. And eliminated redundant email and information technology services.

All of these important reform measures have helped us create a record \$950 million surplus, will save us more than \$300 million annually, and put us closer to the smaller, smarter and more efficient government our taxpayers deserve.

The reason our record of accomplishment was possible is because I had the privilege of working each day with extraordinary Iowans, and the list of people I want to thank is long.

First and foremost, I want to thank my wife, Mari, and my entire family, including my parents, siblings and relatives, for their constant and unwavering love and support.

I am very proud of the fact Mari has been one of the state's leading advocates for at-risk women and children. In fact, a few weeks ago she was recognized as the 2010 "advocate of the year" by Children and Family Services of Iowa.

So, Mari has been a great First Lady, and an incredible mother to our two children, of whom we are both so proud. Please join me in thanking the first lady for her service, and welcoming our children, John and Clare, to the chamber.

I also want to extend a huge thank-you to Iowa's Lt. Governor, Patty Judge. Patty has been the best partner a Governor could have. She's served as an important adviser on matters big and small. And she's been an excellent oversight executive for the state's homeland security and emergency management agencies.

The State of Iowa is a better place because of Patty Judge's more than 20 years of public service, as a State Senator from Albia, the first woman elected Secretary of Agriculture and Lt. Governor. Please join me in welcoming and thanking Lt. Governor Judge.

Additionally, I want to thank my chief of staff, Jim Larew, Deputy Chief of Staff Joni Klaassen, and the directors of our state's 38 departments and agencies, who showed dedication to our cause and worked hard every day to move this state forward.

I want to say thank-you to each of you for your outstanding public service. Your expertise, advice and input have been invaluable.

I also have been blessed with the opportunity to work every day with a great team of individuals in the Governor's and Lt. Governor's office, along with thousands of exceptionally talented state employees across Iowa.

They include state troopers who put their lives on the line every day to protect us; snowplow drivers who clear our highways after dangerous winter storms; corrections officers who protect our communities from our most dangerous criminals; nurses at the University of Iowa hospitals who take care of our loved ones; the cafeteria staff who will serve many of us lunch today, and the custodians who come in every night to keep this Capitol building one of the most beautiful in the nation.

So, to every member of our state government team, I want to thank you for your professionalism. You make certain state government provides the kind of service Iowans expect.

Finally, to all members of the General Assembly and leadership on both sides of the aisle, I'd like to say thanks to each of you for being important partners in our efforts to make Iowa an even better place .

So, the condition of our state is strong; we've made the tough decisions; and we've kept our promises to the people of Iowa.

However, despite our progress, our work as a state is never done. For example, just today, the Department of Management is releasing our required biannual report detailing progress on our government reform and reorganization initiative. This report identifies more steps that can be taken, such as improved debt collection, further information technology consolidation and targeted strategic purchasing opportunities

These steps will save \$84 million in the current fiscal year. I encourage you to continue these efforts and implement the report's recommendations.

We've also provided the legislature and the new administration with a detailed summary addressing the historic egg recall last summer. This includes five proposed changes in Iowa law that will help improve food safety and employee training standards in the wake of the salmonella outbreak last summer.

These are only two examples of ways in which your legislative action will be necessary. But I have no doubt you will meet these challenges and many others you will face this session head-on.

My fellow Iowans, we've been through a great deal together these past four years. From the worst natural disaster in our state's history, to the biggest economic downturn since the Great Depression, to the H1N1 flu pandemic and the largest troop deployment since World War Two.

I think it's fair to say there's never been a dull moment. I understand very well that these difficult times have taken their toll on the people of Iowa. But, time and time again, together we have successfully overcome these challenges, and I believe we are better state and a better people for it.

Our resilience is tied directly to our inherent optimism – a belief that things will get better and that our best days are ahead of us. We are also a people of strong faith

and character who believe in our Iowa values of hard work, determination and common sense.

We now stand at a critically important time for Iowa. Our state's direction and destination are up to each of you.

So, I want to encourage you in the clearest possible terms to build on our strengths, especially in the areas of renewable energy, investing in our children, creating the jobs of the future and completing disaster recovery efforts.

The vision of Iowa we should all stand for is not a partisan vision, not a political vision nor a self-serving vision. It's an Iowa vision, one that will move the people of this state forward, one that will put the people of Iowa first, embrace our dreams, unlock our potential, and improve our quality of life.

May God bless you, and may God bless the people of the great State of Iowa. Thank you.

The committee waited upon Governor Chester J. Culver and escorted him into the House chamber.

The committee waited upon Chief Justice Mark S. Cady who delivered the following Condition of the Judicial Branch Message:

Good Morning. Thank you, Speaker Paulsen and President Kibbie for inviting me to address this Assembly today concerning the condition of Iowa's third branch of government. Before I begin this annual report, however, I want to invite all of you to join members of the judicial branch and me for a reception downstairs in our historic courtroom immediately following my remarks.

Seventeen decades have come and gone since Iowa became a territory, then a state, and our tripartite constitutional form of government was created by our forefathers to lead Iowans with hope and confidence into an uncertain future. The hope then, as it remains today, was this government would allow each decade to move forward to a brighter future for all Iowans. The pursuit of this hope is collectively told by the many cases that have emerged from our courthouses over the decades—cases that have become pieces of the mosaic of today's understanding of justice and equality promised by our forefathers in our constitution. These celebrated stories tell the history of our struggles to achieve our promised goals, and are familiar to many. But, other stories, not as grand and recognized, but just as important, tell why our judicial system has worked so well to serve Iowans. Let me just briefly tell you one such story.

Last fall I stopped by the Winneshiek County Clerk of Court office. I met with the clerk of court and her three-person staff, including Kim Glock. Kim told me he began working in the office in 1983, and has considered it to be an honor to be a part of Iowa's system of justice. Over the years, he observed the duties of the office have skyrocketed, and the number of cases to process have soared. Yet, the number of employees in the office has remained the same as today. This has required the staff to regularly come to work early, work late into the day, and spend time at the office on weekends. Now, don't get me wrong, his words were not spoken to complain. He only feared the crushing workload might lead to mistakes. His concern was not for himself, but for the people who use and depend on the courts and for the system of justice itself.

In truth, this simple story can likely be found in every courthouse across Iowa. Our employees—from judges, magistrates, court reporters, juvenile court offices, clerks, court attendants, law clerks, administrators, to other staff—believe in what they do and do it well. As with Kim Glock, they are honored to serve the public, and they do their work in a way that could not honor the people's system of justice more.

The story of our ability to deliver justice to Iowans over the decades—the story of our people—shows our job will be done regardless of the cards we are dealt. But, there is no doubt our mission, more and more, is becoming harder and harder to achieve. I too fear, as Kim Glock does, that the deep cuts in our resources are beginning to cause damage to our system of justice. Let me explain beginning with what I observe to be a decline in access to justice.

Access to Justice

Iowans cannot have the hope of justice without having access to justice. The grim reality is that more and more Iowans with legal problems are forced to wait too long for their day in court. These problems are troublesome to litigants and shake people's confidence in our government. These problems result from a decade of fiscal austerity coupled with Iowans' growing demands for court services.

This situation is not new. It has been raised in the past. Thankfully, you and the governor responded to our concerns last year and provided sufficient funds to prevent further cuts, layoffs, and furloughs. For this action, we are grateful. Like a thumb in the dike, however, this action was merely a temporary fix. It did not halt the continued erosion of court services. The situation grows worse day-by-day.

For example, in the past year, the number of clerk of court offices forced to operate on a part-time basis increased from 26 to 30. Staff reductions are so severe that at times some of these offices must close for business without notice due to unanticipated employee absence. The remaining clerk of court offices operate a full day, but are closed to the public for four hours a week to give employees periods of uninterrupted time to pare down the backlog of work. In addition, it has become increasingly difficult for our juvenile court officers to give troubled children the close, personal attention they need. Also, judicial rulings are delayed because of a lack of clerical support and court reporters.

I will briefly review how we arrived at this critical juncture.

From 2001 through 2009, in response to the state's fiscal problems, the judicial branch like most components of state government had to cut its budget. During those years, the judicial branch cut its budget five times—and each time the cuts were deep. Unlike many state agencies, nearly all of our operating costs are for people—employees and judges. This means that budget cuts almost always require further reductions in our workforce. The end result: our staffing levels have dropped a staggering 17% in the last decade.

Today, Iowa's court system operates with a smaller workforce than it had in 1987. In contrast, over the same period, the total number of legal actions brought by Iowans and Iowa businesses has nearly doubled. In short, Iowa's courts are overrun with work, and Iowans are paying the price with reduced access to justice.

Our ability to deliver court services and resolve litigation to the extent that we do is a tribute to the strong work ethic and indomitable spirit of our judges, magistrates, and court staff. Unfortunately, the admirable efforts of our judges and employees cannot totally shield Iowans from the effects of the past decade of budget cuts.

EDMS and Civil Justice Reform

As we struggle with these obstacles, we continue to move forward by finding innovative ways to improve access to justice.

We are testing a system for electronic filing and retrieval of documents. This system, which we call EDMS, expands access to justice beyond the courthouse walls. It enables litigants, lawyers, and others to file and access court records online, at any

time, night and day. It saves Iowans the cost and inconvenience of traveling to the courthouse to conduct their business. It gives judges access to records as soon as they are filed. If everything goes as planned and we have sufficient resources to move ahead, we should have EDMS fully implemented in five or six years.

In addition, a statewide task force is now studying measures that will allow civil cases to proceed faster and at less expense to litigants. Our Civil Justice Reform Task Force is studying innovations such as dedicated business courts, reforms of discovery procedures, expansion of alternate dispute resolution services, and other potential improvements. We hope to have a road map for civil justice reform and innovation later this year.

We want to provide a legal system that responds to the changing needs of society and the demands of a modern age. In the long run, EDMS and civil justice reform will change how we do our jobs and greatly improve Iowans' access to justice. But these changes alone will not give Iowans all the access to justice and court services they need. These changes will never fill the shoes of court employees who are essential for the effective administration of justice throughout Iowa. At the end of the day, justice requires a personal touch and judgment calls that cannot be attained from a computer terminal, a new procedure, or an Internet connection.

Reasons to Bolster Court Funding

We understand the state's continuing fiscal difficulties and appreciate the tough budget decisions you must make again this year. Even so, there are many reasons to bolster court services through this difficult time.

The recession has placed additional demands on our courts. In the past three years, mortgage foreclosure cases filed in Iowa have increased 17%, debt collection cases have increased 15%, child-in-need-of-assistance cases have increased 23%, and adult civil commitment cases have increased 19%. These legal actions may have a life-altering effect on the Iowans involved. This is not the time to give them ration cards for justice.

In addition, our work has grown in the past few years as a direct result of cuts in services for treating abused and neglected children and troubled youths. The following observations of Juvenile Court Officer Paul Thompson of Marshall County best describe this situation:

"The front end kids are no longer being served, or if they are, not as well. We . . . get these kids later when their problems are more firmly entrenched. . . . The schools and the police look to us for help and we are unable to provide much assistance due to the lack of manpower and funds. Due to funding problems, kids sit in detention or shelter way too long while waiting for appropriate residential treatment. . . . It seems like we are having less success when they come back from placement. The system is certainly broken . . . and the long term effects will show up years down the road."

Similarly, Iowa's fragmented and underfunded mental health system places greater demands on the courts. Because treatment facilities and services are scattered and scarce, court staff in many counties often spend hours on the telephone trying to locate a placement for a person who has been involuntarily committed. These problems coupled with the growth in our civil commitment caseload and our staff reductions call for more resources.

Iowa's economic health provides a third reason for you to provide funds to reinforce court services. Studies in Florida and California suggest that a well-funded court system contributes to the economic well-being of communities. Widespread case delays and closed offices will add to the cost of doing business in this state and add to the uncertainties that inhibit business expansion. A vibrant business community requires a vibrant, fair court system.

We appreciate the continued need for all of government, including the judicial branch, to "share the pain." However, the courts are already stretched painfully thin. I hope we can all agree that Iowans deserve more access to justice than they have now. Our fiscal year 2012 budget request reflects a modest three-year plan to improve Iowans' access to justice. We ask you to give it serious consideration.

I have not detailed the fiscal concerns presented to Iowa's courts as I would, perhaps, under different circumstances, because we now face a challenge of a different nature. I am compelled to address this challenge with you this morning because it threatens to undermine the checks and balances that protect the constitutional rights of all Iowans.

Varnum

When the Iowa Supreme Court decided the *Varnum v. Brien* case on April 3, 2009, we understood it would receive great attention and be subject to much scrutiny. We worked hard to author a written decision to fully explain our reasoning to all Iowans, and we understand how Iowans could reach differing opinions about this decision. In many ways, the public discourse following any court decision on such a major constitutional question of civil rights is what was expected, if not demanded, by our constitution. This time period is what ultimately gives shape to tomorrow's understanding, and can help differences of opinion to merge. This discourse is not new for Iowa, although I doubt it has ever been so strong. Our court has, many times in the past, decided cases involving civil rights that were quite controversial at the time. Yet, over time, those cases have become a celebrated part of our proud and rich Iowa history of equality for all.

I know not how this debate will end, but I do know our constitution will continue to show us the way, as borne out by our history. The constitutional work of the court on this matter is complete, and the history will be written, one way or the other, by your hand, and ultimately the hand of the people of Iowa. But, to help move forward to write this history, I want to address certain misunderstandings about the role of the court in our government. This discussion is done not just to defend our grand system of justice from misunderstandings that threaten to weaken its very fabric and strength, but it is done also with hope my remarks will help redirect the discourse down the path contemplated by our constitution to help reach the bright and proud future I know we all want.

First, I hope to help us move forward by addressing the concerns some Iowans have about our system for selecting judges.

Merit Selection Fosters Fair and Impartial Courts

Iowa has the best method in the nation to select its judges. This method—known as merit selection—must be maintained today to permit us to move forward to a better future. Let me first briefly explain how the system operates.

Iowa's merit selection system was adopted in 1962 through a constitutional amendment for the purpose of minimizing the influence of politics on the selection of our judges. It works by using an independent commission to screen applicants for judicial office and provide a slate of best-qualified applicants to the governor, who then makes the appointment from this list of nominees. There are local commissions to nominate district judges, and there is a state commission to nominate supreme court justices and judges of the court of appeals. My focus this morning will be on the state commission.

The 15-member State Judicial Nominating Commission is composed of a chair, who is the senior justice of the supreme court other than the chief justice, seven nonlawyer commissioners appointed by the governor and confirmed by the Iowa Senate, and seven lawyer commissioners elected by lawyers licensed to practice law in Iowa. Importantly, the Iowa Constitution requires that all commission members be chosen "without regard to political affiliation." Likewise, the law specifically requires the commissioners to choose nominees "without regard to political affiliation."

I understand the nonpartisan nature of the state commission has been questioned at times, most notably when the political makeup of the membership shifts to a majority of Democrats or a majority of Republicans. This shift does occur over time, but it is much less likely the result of the selection of lawyers to the commission, than nonlawyers. Lawyer members are selected by a statewide vote of all practicing lawyers in the state by a ballot that does not name the political party affiliation of the slate of candidates. Lawyers are selected entirely through a nonpartisan election process. The nonlawyers on the commission are selected by the governor, but even if governors may predominantly appoint members to the commission that share his or her party affiliation, this does not mean the appointments are based on party affiliation. I believe this body came to the same understanding in 1986 when Democrats in this chamber were troubled by the apparent Republican dominance of the commission and proposed legislation to require political balance on all the judicial commissions. This approach was rejected, and the selection process remains as it has been for nearly 50 years.

The more important point is that the political affiliation of a commissioner as a Democrat or Republican does not compromise the ability of that person to be dedicated and conscientious about selecting the best and most qualified individuals to serve as judges in our state. Commissioners are Iowans from all walks of life, who care deeply about good government and maintaining Iowa's fair and impartial courts. Over the years, Iowans who have served as commissioners have faithfully fulfilled their duties to the people of Iowa. They have focused on selecting the most qualified nominees. I have had the privilege of serving as the chair of the commission in recent years, and I have seen Democrats, Republicans, and Independents work together to fulfill their duty again and again in nominating the best candidates for vacancies on the appellate courts.

Don Decker, a Ft. Dodge businessman and long-time Republican, who served on the state judicial nominating commission in the mid-1990s, recently told me that, when it came to selecting a slate of nominees for a judicial position, he "rooted for the home team" but always voted for the most qualified applicants regardless of their party affiliation. This honest assessment captures the reason our process has worked so well for so long.

In the final analysis, what really matters is the commitment of each commissioner *and* the governor to the spirit of merit selection and the goal of maintaining Iowa's fair and impartial courts. Importantly, the selection system has been a true success. For the past decade, surveys conducted for the United States Chamber of Commerce have consistently ranked Iowa judges as among the most fair and impartial in the country. Last year, Iowa's judges ranked fourth in the nation. In addition, recent academic studies show that the Iowa Supreme Court has grown to be one of the most influential state supreme courts in the country. These studies rank Iowa fourth in the nation in occasions when other supreme courts rely on our decisions to make their decisions. Our fair and impartial courts are a model of good government, which I am confident all Iowans want. Yet, as we move forward, we should not resist changes in the system that would help reinforce public confidence in it.

Building Public Confidence in Commissions: Enhancements

I believe public confidence in the merit selection system can be enhanced if the nominating commission is made more transparent. The court is pleased the state judicial nominating commission has decided to allow the public to observe its interviews of applicants later this month. This is a positive step.

In addition to opening interviews to the public, we recommend that the state and district nominating commissions: adopt uniform rules of procedure, adopt a code of ethics, and adopt procedures for the release of more information to the public. Shining more light on the nominating process will show that the commissions do indeed operate as designed, by selecting nominees based upon their professional qualifications and without regard to politics or affiliations.

Now I turn to another misunderstanding relating to the function of the courts. Two important principles governing the role of courts are the subject of this misunderstanding. The first is the idea that judges, like politicians, should make decisions according to public opinion or consistent with "the will of the majority."

Principle #1: Courts Serve the People by Serving the Rule of Law

In our government, courts are legal institutions—not political institutions. When a person comes before a judge, that person expects the judge to be neutral and to render a ruling based upon the proven facts of the case and applicable legal principles—not based upon public opinion. Public opinion often shifts. The will of the people followed by courts is the will expressed in our law as constrained by the written principles in the constitution. If this were any other way, "why have a constitution?" When asked, judges must apply these principles according to law, equally to all. This principle is captured in the judicial oath of office. It is also written into our code of ethics, modeled after national standards, that all judges must make decisions without being "swayed by public clamor or fear of criticism." If it were otherwise, the rule of law would surely be compromised, as would our constitution.

Unlike our political institutions, courts serve the law, not the interests of constituents. Courts serve the law, not the demands of special interest groups. Courts serve the law, not the electorate's reaction to a particular decision. By serving the rule of law, courts protect the civil, political, economic, and social rights of all citizens. Chief Justice William Rehnquist called the independence that allows judges to serve the law

“the crown jewel of our system of justice.” I hope we can go forward with the same understanding.

Principle #2: Upholding the Constitution is the Most Important Role of Courts

The next principle I wish to address is the authority and duty of courts to uphold the constitution by declaring statutes or parts of statutes invalid if found to violate the constitution. Iowa’s constitution declares that all laws contrary to the constitution are void. Clearly, our founders anticipated the possibility that the legislature could, at times, approve laws that might conflict with the constitution. Yet, at all times, they made it clear that the words used in the constitution to define our rights constrain all laws that follow.

Upholding the constitution is the most important function of courts. The duty of courts to review the constitutionality of laws is known as judicial review and is one of our most basic responsibilities. Judicial review has been recognized as the responsibility of courts in this country for well over two hundred years. This duty has been well documented and has played an important role in our country throughout its history.

Alexander Hamilton was one of three authors of *The Federalist Papers*, which is considered one of the best explanations of the Constitution and the intent of its framers. In one of the essays, *Federalist 78*, written in the 1780s to help Americans understand the new proposed constitution, Hamilton wrote: “The courts were designed to be an intermediate body *between the people and the legislature*, . . . *to keep the latter within the limits assigned to their authority*. The interpretation of the laws is within the proper and peculiar province of courts.”

Any question about the power of courts to review the constitutionality of a statute was promptly settled in 1803 by the United States Supreme Court. In the landmark case *Marbury vs. Madison*, the Court found a portion of a federal law, the Judiciary Act of 1789, unconstitutional, and thus, invalid. As Chief Justice John Marshall explained in *Marbury*: “It is emphatically the province of the judicial branch to say what the law is . . .” Marshall referred to judicial review as “the *essence* of judicial duty.”

The same principle holds true in Iowa. In 1849, the Iowa Supreme Court issued its first decision that protected the constitutional rights of an Iowan by invalidating a statute enacted by the legislature. In this case, the court stated it was “a settled principle” in this country that courts have the power, “as a matter of right and duty, to declare every act of the legislature made in violation of the constitution, or any provision of it, null and void.” This is the very duty the court exercised in the *Varnum* decision.

Judicial review is so commonplace that, since 1846, litigants in Iowa in roughly 1000 cases have asked the Iowa Supreme Court to protect their constitutional rights by invalidating a state law. During this same time, the court has declared acts of the legislature unconstitutional in over 150 cases. Unlike the *Varnum* decision, however, most of these court decisions have received little attention. But, that lack of attention does not diminish the strength and importance of the principle at stake.

Federal court cases exercising judicial review also provide good examples of the important and accepted role of judicial review because they typically attract more

public attention. For instance, most of you have probably heard of the 1954 U.S. Supreme Court case, *Brown v. Board of Education*, in which the Court struck down state-sanctioned segregated schools as a violation of the equal protection clause. You may also be familiar with the more recent U.S. Supreme Court case known as *Citizens United* in which the Court invalidated a federal campaign finance law to protect the first amendment rights of corporations. In both cases, the Court found that particular acts of the legislative branch violated the Constitution, and these acts were voided by the Court. In both cases, the Court performed its duty under the Constitution.

In short, historical evidence and legal precedents support the authority of courts to invalidate statutes that violate the constitution. I hope my remarks this morning will lead to a more accurate and complete understanding of the court's proper constitutional role.

This point brings me to another misconception about the courts: the notion that the court should suspend its ruling to give the legislature time to act on an unconstitutional statute.

As far back as 1883, the Iowa Supreme Court made it clear that even unpopular rulings could not simply be suspended in time to await any future legislative action. In its decision, the court said that, if courts could be coerced by popular majorities to disregard the constitution any point in time, "constitutions would become mere ropes of sand and there would be an end of . . . constitutional freedom."

Promoting Understanding about the Work of Courts

Lastly, it is my hope that we can move forward with a shared commitment for a greater understanding of our courts and their important role in maintaining our democracy. This understanding can best be achieved by making our courts even more transparent. I am confident the more people of Iowa see their court system operate, the more the public will view the court system with confidence.

In truth, courts adopted an openness standard long before the word "transparency" surfaced in our lexicon. As a general proposition, our courthouse doors and hearings have always been open to the public. Judges have always taken the time to explain court decisions in writing. Yet, the circumstances of the last few months have shown that this is the time to expand our openness even more.

Iowa has been a leader in making the work of courts more transparent. Iowa was one of the first jurisdictions in the country to allow cameras into courtrooms. More recently, we have developed a judicial branch website to help inform the public of our work. This website even allows schools, service groups, and others to make online requests for justices and judges to come into your communities to speak. The website is user friendly, informative, and has been named one of the best court websites in the nation. It is also used for us to receive input on proposed changes in the rules governing court procedures. Up until a year ago, the website also provided a video cast of supreme court proceedings, but this procedure was a victim of the budget cuts. Nevertheless, we can do more to open the work of the courts to the people.

So today I'm pleased to announce the Iowa Supreme Court plans to hold some of its oral arguments in communities across Iowa. This will allow interested citizens an opportunity to watch the court proceedings, and the proceedings can be used as a

teaching tool for our youth. We will also consider other ways to open our work to the public, and we look forward to maintaining a court system that Iowans will always view with confidence and respect.

In the end, we all need to get to know each other better. If we can do this, we will understand each other better and will be able to forge a brighter future for all of us.

Conclusion: Let Us Go Forward with a New Understanding

So, let us go forward with a new understanding—a new understanding of the courts and a new understanding of the direction that will lead to a better and brighter future, for all Iowans. Let us go forward to continue to write our history through the stories of the people of Iowa in a way that our children and their children will look back on with pride, the same pride with which we look back on today at the work of those who have preceded us. Let us go forward with the courage found in our past and the courage of the convictions of our constitution. Let us go forward with greater openness, not only in the way we all do our work, but in what we know and understand today about each other and the world around us. Let us also go forward with a new understanding that rhetoric does have meaning, and with an understanding that rhetoric must therefore be responsible.

I began my remarks by mentioning stories of our past and those of today—one story that explains the strength of our judicial operation, and those celebrated stories that operate to create our greatness. All of these stories define our past, empower us today, and give us promise for tomorrow. So, let me end by asking all branches of government, and all people, to go forward, together, to transform the promise given to us into our proud legacy. The story that is not yet told is our story. Let us go forward to write our untold story with a greater understanding of ourselves, and all Iowans.

Governor and Mrs. Branstad, Governor Ray, Chief Justice Cady, my colleagues in the General Assembly, elected officials, distinguished guests, family, friends and fellow Iowans. Thank you for being here this morning.

Senator Danielson, thank you for that kind introduction.

I stand here today as a proud but humble southern Iowa girl. Daughter of a factory worker and small farmer, a quiet but strong mother, parents who raised me knowing the importance of faith and family, to always tell the truth, and with a deep regard for personal responsibility. I stand here as your Lieutenant Governor, full of pride and anticipation, and eager to serve the people of this great state.

To my parents, Charles and Audrey thank you for your love, encouragement, never ending support and for instilling in us the American Dream, that we could do anything, be anybody. For teaching us to treat people with respect, work hard and believe in ourselves; that if we do that, all things are possible.

To my husband, Kevin, thank you for being the most loving and understanding person in my life, and for being an amazing father and role model to our daughters, Nicole, Jen and Jessica. Through the tough times and with each NEW challenge, guided by our faith each of you has been my source of strength. Thanks for keeping me grounded and real; for believing in me; for the many sacrifices; and for the endless encouragement that has led to this day.

To my mother-in-law, Ramona, who this December lost her battle with cancer. A wife and mother who became a widow at age 35 with 6 young children to raise by herself on the farm. Thank you for raising a patient, thoughtful, sometimes stubborn son, who is a loving and caring husband, dad and grandpa.

Through your courage, strength, giving nature, dignity and faith you gave us a wonderful example of how to live life.

Thank you to all the county treasurers, Republican and Democrat, across the state, my second family, for your friendship, support and for setting a great example of what public servants can accomplish when they embrace change, focus on service and work together.

And, to you, Governor Branstad, thank you for the confidence you have shown in me to serve as your lieutenant governor. You are an inspiration to me and to all who serve the public, for your selfless devotion to our state. Your leadership, Integrity, love for this state and your tireless work on behalf of others sets a high bar that challenges and motivates not only me but all those around you.

Today, we have before us a new Iowa, new challenges, new hopes and new opportunities. A new Iowa built on our tried and true values.

Values of openness, open people with open hearts,

Values of honesty, honest people doing honest work

Values of caring, caring for each other, our children, parents, neighbors and our communities.

Values of family, the fundamental bedrock of our society, to be strengthened and protected if we are to realize our potential.

Values of Personal Responsibility, not expecting others to do for us what we can do for ourselves, leading by example.

Those are the values we start with, values passed down from generation to generation by our ancestors who worked the fields, built the towns, started the industry.

Those values remain with us today. They are the foundation building blocks of the new Iowa we will shape together.

It begins by listening to you, all Iowans. Because no person, no party, no pundit has a monopoly on good ideas. This is your government.

Together, we will work with you, with the leaders of your communities and neighborhoods to keep our main streets vibrant and open, to promote and market Iowa to the World that in turn will bring jobs and prosperity to every corner of Iowa.

Together, we will redefine the role and structure of government; a limited, transparent, smaller government, which focus on essential services, infrastructure, safety, and quality education, a partner rather than an obstacle in reaching our goals.

Together, we will reshape education. To make sure that from pre-school to the universities you have access to the best education in the world.

This new Iowa will require open minds, a willingness to do things different, to embrace change. We no longer will be able to do things the way we have always done them. None of this will be easy. But it is long overdue and it is the right thing to do. It is with great challenges that we find great opportunities.

It can and will be done. We can use technology to both reduce the size of government and deliver services to Iowans more efficiently. We can work together, state and local, public and private, to transform the way we deliver services to Iowans. With a little "out-of-the-box" thinking can stretch our services and better utilize our dollars.

I believe in Iowans and the heart of Iowa is my passion. The families, small communities and neighborhoods, the quality of life that make Iowa such a special place. My focus will be on creating an environment where business owners choose to invest in our workforce and our communities where good jobs can be found all across Iowa. And policies that reinforce family values thus strengthening the family unit, which is the backbone of our state.

But government can only do so much. And often it becomes involved in too much or only when it is too late.

It is up to each of us, as leaders in our families and communities, to step up and do what is right without the expectation of honor or glory.

Let our reward be instead the satisfaction that comes from leaving our children a brighter future a better Iowa. In the words of Winston Churchill, "We make a living by what we get, but we make a life by what we give."

And in that same spirit of service I cannot help but recall my visit to the home of the Pender family, Jim and Michelle, of Windsor Heights.

They are the parents of five adopted special needs children. They range in age from 14 to 21. Despite their handicaps, the oldest 4 are all looking forward to their lives as adults.

The youngest 14 year-old Rachael has cerebral palsy, the result of a stroke she suffered in the womb because her biological mother used methamphetamines. Rachael can't speak, and moves only with the help of a wheelchair.

I had the opportunity to spend a morning with Rachael and her parents, from waking Rachael, to getting her dressed, fixing her hair, feeding her breakfast, and

despite a few challenges with her wheelchair I got her on the school bus. It was a very moving morning and the smile on her face as she boarded the bus will be with me always. Rachael inspires all who come in contact with her by her undaunted spirit.

She inspired me. As her mother Michele said, "She teaches others about life. Her life is different, but like her brothers and sisters, she's no less worthwhile." It was Rachel's love of life in spite her challenges that really touched my heart.

The Pender's don't limit their caring to their children. Whenever anyone elderly or sick needs help, they are the first ones there.

Why do they do it? They'll be the first to tell you they are not special, just as Jim says, "we are doing the best we can with whatever God has chosen to give us to do that day."

My fellow Iowans let us all do the best we can with what God has given us. If we can do that, I have no doubt that Iowa's best days are still ahead of us we will make a difference and will leave Iowa a better place for generations to come.

Thank you!! God bless you and the great state of Iowa.

Now, please join me in welcoming the Heartland Youth Choir.

The Heartland Youth Choir performed.

The oath of office was administered to Governor-elect Terry E. Branstad, by Chief Justice Mark Cady, and assisted by Chris Branstad.

President Pro Tempore Danielson presented Governor Terry E. Branstad, who delivered the following inaugural address:

Madam Lieutenant Governor, Mr. Speaker, Madam and Mr. Leader, Mr. Chief Justice, justices and judges, legislators, elected officials, distinguished guests, relatives and friends.

Senator Danielson, thank you for that introduction.

Even though Governor Culver is not with us today, I want to thank him on behalf of all Iowans for his service.

Leader Upmeyer, let me congratulate you on being the first woman to be elected as a majority leader in the history of our state. We are all proud of you. Your dad, Del, I'm sure is smiling down on us today, proud as can be.

Lieutenant Governor Reynolds, thank you for those inspirational remarks. In you, I think I've finally met my match in energy and passion for Iowa.

I look forward to the day when we can witness the swearing in of our first woman Governor. It is about time.

For the past 15 months, I have traveled our state, from river to river, border to border, from farm to factory, from cafe to office building.

It has been the experience of a lifetime. To reconnect with Iowans at their jobs, schools, places of worship and play. To have a conversation with them about our state, where we are and where we, as a people, want to go.

And what I would like to do today, on this, the occasion of my fifth inaugural as your Governor, is tell you what I learned. To make my humble attempt to distill our collective wisdom into a statement of principles, a new covenant between a state and its people.

This new covenant must have as its polestar the fact that Iowa is an exceptional place. We are blessed with the richest resources of soil and water, which are the envy of the world. Populated by hard working, honest and caring people, this land feeds and powers the world.

And, ignited by our ingenuity, we have only scratched the surface of our potential.

Iowa stands at the precipice of opportunity greater than at any time since our ancestors crossed the Mississippi to view an expanse of prairie as far as the eye could see. With the advent of open markets, a growing world middle class, and a need for sustainable solutions to the world's problems, Iowa sits in the catbird seat of history.

The world is hungry for our food and biomass, envious of our technology, pining for our productivity. The economic winds, which for a century or more blew in our face, are now firmly at our back.

Iowa is exceptional and these are exceptional times. Our challenge: to seize the day.

To those who say that our goals of 200,000 new jobs and 25% increase in family incomes are too high, I say, you ain't seen nothing yet. Only wrong-headed policy choices can prevent us from entering a golden era in Iowa history.

And, we must start with government. It must change, lest it dampen our opportunity and squelch the individual initiative which is our engine for growth.

Our old ways of doing the government's business must be radically altered to do the people's business. We must be rid of the yoke of government which taxes us too much, spends too much and regulates us too much. Government must, as Abraham Lincoln once said, do only that which the people cannot do for themselves.

That is new covenant principle number one: we have too much government, state, county, city, school, local and it must be reduced. For too long, we have papered over the fact that our appetite for government exceeds our pocket book to pay for it.

As my 86 year old dad, Edward, who is with us today would say "our eyes are bigger than our wallet."

Our auditor tells us that at least 15% must be permanently eliminated from government to make our books balance once and for all. And I aim to make sure we do it and do it now.

We will all share in the sacrifice, while protecting those who need our help. But we will remove the lead boots of excess government from our economy. And without that burden, we will be able to run like the wind in the race to prosperity.

Second, government must serve the people. And not vice versa. Leadership is about service, not power. I stand here, again, as your Governor, with my wife, kids and grandkids at my side, because I yearn to serve. And I ask each government employee, from the clerks to the supervisors, to the department heads, to never forget: it is the people who are our bosses.

And we must serve each other, without the compulsion of government.

In 1835, as Alexis de Tocqueville toured the United States, he noticed that Americans were different from Europeans. He said, "wherever at the head of some new undertaking you see the government in France, or England, in the United States you will be sure to find an association."

That is still true today. Every day Iowa's volunteers make our state the wonderful place it is to live, work and raise a family.

The Boone Hope Foundation is a great example. Kids were coming to school without a warm coat, or hungry, tired, sick or worried about their family. Teachers, like many others throughout Iowa, used their own funds to help those kids, knowing that students can't learn when their basic needs are not met.

Those caring teachers helped start the Boone Hope Foundation, which since 2005 has raised over \$129,000 from community donations to help students and their families in times of crisis. Groceries, medical bills, eyeglasses, snow boots and mittens have all been provided to children in need because a community cares.

Let us all renew our commitment to get involved: help the homeless, feed the hungry, minister to the sick, pray for the wayward. To make each of our communities better by stepping up and stepping out. And to those who are most fortunate, we bear a special responsibility to extend the ladder of opportunity to those in need.

We need look no further than the record number of Iowans who are currently deployed in the armed forces. From Salvatore Giunta to Anthony Sellers, our service men and women protect us every day with their valor and sacrifice. We all know the story of Salvatore Giunta, our most recent recipient of the Medal of Honor. And all Iowans are "busting their buttons" proud of him for his bravery, courage, and steely resolve.

I doubt that many of you know Sgt. Anthony Sellers of Burlington but I was privileged to meet him, introduced to me by his proud father Kent. Kent is a veteran himself confined now to a wheelchair, but beaming about his son who has completed two tours in Iraq and is now in Fort Benning to prepare for another deployment.

Anthony, like the thousands of other Iowans who have answered the call of freedom, embodies the spirit of selfless service that makes our state and country that “shining city on a hill” that Tom Paine wrote about over two centuries ago. Surely, we can use their example as inspiration.

Third, it is time to restore integrity and transparency to our government decision-making processes. In Iowa, we have prided ourselves on limited, but quality, government services. When government said it would do something, it did it, and for the right reasons. Our problems were serious, but manageable, and, as people of good faith, we rolled up our sleeves and solved them.

But we’ve gotten off track. We’ve over-promised and under-delivered, turning solutions into problems. Iowans deserve better. We will get back on track with a slimmer, better managed and sustainable government you can count on when you need it. And it will start by opening up to the people our budgets, briefings and the like. Sunshine remains the best cure for what ails our government.

The fourth principal of our new covenant in Iowa must be a renewed commitment to provide the best education in the world. Providing Iowa’s children with a globally competitive education is key to their future and the future of this state. Employers say they need a better-prepared, better-trained work force. That means higher expectations for schools.

Sadly, where once Iowa’s educational system was the envy of the world, today it is in the middle of the pack.

Our young people must be able to think critically, solve problems and communicate effectively. They need a strong background in math, science, English and social studies. The bar is continually being raised in a knowledge-based economy.

It is time to put in place reforms that are hallmarks of high-performing school systems starting with assuring there is a first-rate teacher in every classroom.

The new year is an opportunity for Iowans to have a conversation about how to accomplish this. How can we attract more top students into the teaching profession? What do good, experienced teachers need to become more effective instructors?

And how do we get rid of teachers whose students consistently do not learn enough even after those teachers have received coaching to improve?

I plan to convene an education summit with some of the top education leaders in our nation and state to benchmark Iowa’s status and lay out a plan for legislative consideration that will give our kids the best education in the world.

But it is not just schools that must do more. Teaching children the value of a good education is the job of parents. Instilling the importance of lifelong learning not just by words but by example will help families and Iowa prosper. It is time for all of us to get involved.

Finally, we must celebrate success. Our tax system, whether it be property or income taxes punishes those who create the jobs we need. That will change. Both will be reduced and simplified.

The job creators will be rewarded; they are welcome here and it is about time our tax system reflects that fact.

As with our tax system, so must our attitudes toward success, change.

While our modesty in the face of success is sometimes charming, it can too often limit our reach. Alex Haley once said that we should "find the good and praise it."

In our state and in our communities, we should find success and praise it. We should reward responsible risk-taking, for it is only through the creation of a spirit of entrepreneurship that all parts of our state, rural and urban, will grow. That is the ticket to bringing our sons and daughters home and giving all who live here a chance to share in our bounty.

That, then, is what I learned on my travels around our state. Iowans have worked harder, sacrificed more and tightened their belts further as they endured the Greatest Recession since the Great Depression. And now it is time for government to do the same.

It is time for a new covenant between Iowans and their government. It is a covenant that is founded upon principles of limited government, service above self, transparency and integrity, world class schools and celebrating the success of Iowans.

These are the principles that will guide my days as your Governor. The collective wisdom of Iowans will inspire me every day as I strive to give Iowans a government as good as the people it serves.

I ask all of you, Republican and Democrat, liberal and conservative, old and young, to join me in that effort.

No one of us has all the answers, but together, we cannot fail.

One long day on the campaign trail, I was visiting with some folks in a small town café. One of the farmers, who appeared to be in his 80's asked me what I wanted to accomplish by running for governor again.

Well, I rattled off our goals and then stopped and looked at him and asked him what he felt he had accomplished in his days. He looked at me with a twinkle in his eye, took a long sip of coffee and shifted his feet. "Well," he said, "I left my farm better than I found it."

When our days are done, when our time has come, we will be asked, how do we wish to measure our days?

I, for one, remember that farmer in that café: I hope to leave the state better than I found it. If all of us would approach our days with that same sense of stewardship, we will have fulfilled our mission.

With your help and Godspeed that will be the case. And the remarkable history of an exceptional state will march on, unabated...Thank you, God bless you and God bless the great state of Iowa.

The benediction was offered by Pastor Chuck DeVos of the Life Point Assembly of God Church in Osceola.

On motion by Upmeyer of Hancock, the Joint Convention was dissolved at 10:39 a.m.

The House reconvened at 10:50 a.m., Speaker Paulsen presiding.

Madam Lt. Governor, Mr. President, Mr. Speaker, Leaders, justices, judges, legislators, elected officials, distinguished guests, family, friends and fellow Iowans.

I am humbled to stand before you once again as your Governor in this, the people's House. It is here that our forefathers set the direction of our state: educating our kids, building our roads, protecting our citizens, caring for the unfortunate. And they did so, while being careful with the tax dollars and balancing our state's budget.

In this storied chamber, I cut my political teeth as a young state representative, learning both to advocate my position and respect my adversary.

To disagree without being disagreeable.

To listen, because that is the only way to learn.

Because, at the end of the day, we are all Iowans working hard to make our special state an even better place. Let us never forget why we are here: to do the people's business as their servants with respect and dignity and good will.

Today, I stand before you to present the state's budget for the next two years.

But, at the risk of sounding a bit like the grandfather I am now, I think we need to start with a stern talking to.

When I began the preparation of this budget, I was handed a list of dozens of programs, 89 to be exact, that had been funded with money we no longer had. Everything from paying for teachers to state troopers had been funded with one-time money, nearly 900 million dollars' worth.

Now, you wouldn't run your family budget that way. If you did so, you would soon be visiting the bankruptcy court.

And we should never run the people of Iowa's budget that way, either. And with this budget, it will come to an end, now.

I understand that this budget method of borrowing from Peter to pay Paul didn't just happen overnight. I understand that it has been building over at least ten years. But that doesn't make it right; and that doesn't mean we can ignore it for another decade.

You see, if we don't fix it, the very integrity of our government is threatened.

When we over-promise and under-deliver, time after time, we erode, like a corrosive acid, the ties that bind our society. And, our ability to do those things we desire, whether it be educating our kids, caring for the sick, protecting the vulnerable, or improving our ability to create jobs, will be lost in a sea of red ink.

It is our responsibility, as servant-leaders, to pass a budget as honest, frugal and balanced as the people it serves.

And, the time to do it is now.

The rebounding agricultural economy gives us a unique opportunity to bind up Iowa's budget wounds quickly. We must not squander that opportunity.

It will not be easy. It will require difficult and painful choices. But the pain we endure by fixing our budget today, will lead to great opportunities for Iowa in the future.

It will require change. No longer can every organized constituency get what it wants. There is a greater good we are seeking.

We must restore predictability and stability to our state budget, ensure our decisions are sustainable for the long term, and set the stage for a period of unprecedented economic expansion.

It is the taxpayers, not the interest groups, we must protect.

So, the budget I present to you today cleans up the budget mess that has been made. It cleans out the cobwebs in the closets of government. It sets Iowa on a new course with smaller, predictable, sustainable government. That is nimble enough to respond to needs and small enough to stay out of the way of our job creators.

And we do it by:

First, \$770 million of general-fund spending that was funded by one-time revenue is moved back into the general fund, where it belongs, once and for all.

This is an honest budget that matches ongoing spending with ongoing revenue. And it funds our commitments to schools, health care for the poor and elderly, and troopers with funds that won't evaporate in a year.

Second, this budget provides nearly \$160 million in direct property tax relief to Iowans. It fully funds the state's share of our school funding commitments erasing the need for local school districts to make up the difference in property taxes.

Iowa property taxpayers have paid a high price for the state's past practices and it is time to make them whole.

Third, this program and budget make it clear that Iowa is ready for job creation. We all know that small businesses are the engines of our growth. Yet, our small businesses pay an income tax rate that is highest in the nation at 12%.

And our small business pay commercial property taxes that are as high as those in mid-town Manhattan.

This budget will make us competitive for new jobs.

The small business income tax rate will be cut in half and made a flat 6%. Commercial property taxes will be reduced by 40% over the next 5 years. New investment will be immediately taxed at 60% of its valuation. And existing commercial property will be rolled back by 8% a year over 5 years.

My plan includes funding for these tax cuts through the use of new revenue coming to the state due to economic growth, the additional revenue generated by the extension of the Bush tax cuts, and by a restoration of the gaming tax to the level at which it was originally agreed to years ago.

I will be bringing forth legislation to transform our current Department of Economic Development into a public/private partnership.

This will be a partnership that unshackles our economic development efforts from an alphabet soup of bureaucratic programs and brings the best practices from both sectors to recharge our job creation mission.

And I intend to give that new partnership new tools to market and sell our state to job creators.

I have asked each of our Department and Agency heads to do a top to bottom review of all administrative rules and regulations to determine how we can best fulfill our responsibilities while eliminating impediments to job growth.

While tax policy can take us a significant way forward in our effort to compete for new jobs, much of that work can be undone by a bureaucracy that fails to understand the critical relationship between burdensome regulation and job creation.

The rules and regulations identified through this process will be the first subjected to our proposed rolling sunset and I will further order all future proposed rules and regulations to contain a jobs impact statement so we can identify those that cost jobs before they impact our Iowa employers.

We have wrung our hands over these issues long enough. Now is the time to make Iowa's main streets truly open for business with the jobs we so desperately need. It is only by these actions that we can be assured of the growth we need to fund our future state budgets.

Many new Governors across this nation are aggressively moving to reduce tax and regulatory burdens to spur new job growth and I want to position Iowa as the leader.

Our unemployed deserve nothing less than our best efforts to bring new jobs to this state. No one will work harder to bring new jobs to Iowa than me, Lt. Governor Reynolds, Director Durham, and our entire economic development team.

Fourth, we must reduce the size and scope of government. State agencies and local governments must break down the silos that divide them.

Services must be shared so Iowans' needs are met. Costs must be reduced – we can no longer afford to pay 46% more for public services; the collective bargaining law must be changed to recognize the rights of the taxpayers. And we, the leaders of our governments, must do a better job of managing our scarce resources.

Over the past two months, Lt. Governor Reynolds and I have been actively working with our management team, reviewing the current budget in excruciating detail.

In fact, the Lt. Governor and I have taken the time to personally review every line item in the state budget so we can look Iowans squarely in the eye when we tell them we simply have too much government and the status quo is no longer a viable option.

With this budget, we have a choice. Do we take the bold and difficult steps, make the painful decisions, and honestly align our spending and revenue? Or, do we kick the problem down the road yet again?

Fellow Iowans, I didn't come here to avoid tough decisions.

No more games. No more gimmicks. No more bail-outs.

Fifth, we must budget for the long term. This budget doesn't solve all our problems overnight. No budget can. But it puts us on a path of sound budgeting principles. And we must stay on that path by resisting the temptation to push our obligations to the next generation.

I plan to insist on budget discipline.

The results of our past budget practices have been across the board cuts and a mountain of broken promises. The days of unsustainable commitments are over.

It will come as no surprise to any of you that I am submitting a biennial budget that includes my recommendations for both Fiscal Years 2012 and 2013. Also included with this budget is a five year financial projection that shows how the decisions we make this year will impact the bottom line over the next five years.

Iowa desperately needs these financial planning tools and I will insist the Legislature join me in this commitment to provide Iowans with an honest, open, and transparent approach to spending the public's money.

We will make our government as good, as dependable, as well-managed as the people it serves.

How do we accomplish our goals? We cut unnecessary spending.

Programs that have passed their time are eliminated and others are modified to make sure those in need are those who receive government help.

Every area of state government will be asked to share in this sacrifice. I have appointed a collection of talented leaders in our state departments and agencies and have charged them with remaking government at all levels to find more efficient and less costly methods to deliver our state services.

While school systems across this country are reeling from massive budget cuts, this budget for the next two years holds school spending authority at the current level. No increase. No decrease – but with an assurance that we can deliver on this promise and allow our creative school leaders more flexibility and opportunity to make things work.

And let's not forget, even while holding spending authority at current levels, last year the state underfunded its commitment by \$156 million. Local school districts were left holding the bag with little choice but to levy additional property taxes to make up the difference. This budget funds that commitment with state dollars and provides direct property tax relief to Iowa taxpayers.

But education isn't all about dollars and cents. It is about our children and our willingness to take the steps necessary to reform our schools and make them among the best in the world.

To that end, I will convene an education summit this summer, bringing together the nation's most dynamic educational reform leaders.

These national leaders will work with our new education policy team and strive to reach a consensus on what changes are needed to give our children the nation's highest quality schools.

Should we reach that critical consensus, and I have no reason to believe we won't, I will convene a Special Session of the Iowa Legislature in the fall of this year to approve our bold reform agenda and make good on our new covenant promise to provide our children with a globally competitive education.

In addition, I cannot leave the education discussion without renewing my commitment to ensure that every Iowa child has access to quality preschool.

This budget proposes a \$43 million annual investment in providing preschool assistance to those families in greatest need.

Research shows preschool investments have the most long-lasting impact on children who come from homes with financial need. As such, our program will be targeted to those families and will give parents flexibility to choose the preschool environment that best meets their needs.

But we cannot do this alone, all across this state parents, private donors and caring organizations have for years partnered with preschool providers to ensure access. I am happy to have the state of Iowa join them—as a partner, not as the sole provider.

My fellow Iowans, none of what I have brought forward today will be easy. But all of it is necessary.

We must put an end to the budgeting practices that failed our people and brought unprecedented instability to the delivery of critical state services.

We must adopt long term budgeting practices that provide decision makers with an early warning system to coming budget cliffs in time to make adjustments that prevent service disruptions.

We must cut real spending out of state government and challenge our Department leaders to remake state government in a manner that provides services more efficiently and at less cost.

We must provide financial stability to our schools while we engage in an historic effort to reform our schools and restore our preeminence in educational performance.

We must fund more of our property tax credits and obligations and provide Iowa taxpayers with nearly \$160 million in much needed relief.

We must reduce small business income and property taxes, and eliminate rules and regulations that cost us jobs.

If we have the courage to do these things and do them now, then I am confident Iowa will be the leader in America's economic recovery.

The more than 100,000 unemployed Iowans deserve nothing less than our best efforts and we have an obligation to take the bold and decisive actions necessary to dramatically improve Iowa's ability to compete for new jobs.

When God made his covenant with Abraham and his people so many ages ago, it was a covenant that required immediate and significant sacrifice in return for a promise of incredible abundance. However, that abundance was to be years and even decades in the making.

Our new covenant between this state and its people does indeed require significant immediate shared sacrifice.

But, as with Abraham and his people, the people of Iowa can expect our efforts will lead to tremendous abundance which we, our children, grandchildren, and future generations of Iowans will enjoy.

I stand before you today older and wiser than when I first set foot in these chambers. But I am no less passionate about our future.

If we make the right choices, the days before us will be ones of abundant growth and new jobs:

- Enough abundance to bring back our sons and daughters and those who wish to join us.
- Enough abundance to meet the needs of our kids, and our elderly, and the sick and the vulnerable.
- Enough abundance to make the future the golden years in Iowa history.

We stand at the crossroads of that history. Which path will we take?

I know that this institution is fueled by compromise; but we cannot compromise on the future of Iowa.

Our state will be driven by the right policy choices and I will fight with all my political might to make sure that we make the right choices.

We are the fortunate few who have been chosen by the people to do what is right. Let us be motivated by the better angels of our nature for the good of all Iowans.

Together, we will accomplish great things.

Thank you and God Bless you and God Bless the people of Iowa.

1 assigned desk or by signaling the speaker from the
2 floor of the house or from the south visitors' gallery
3 if they are unable to vote at their assigned desk.
4 Only a member may operate the voting mechanism at that
5 member's assigned desk. The speaker shall announce the
6 votes of members signaling their votes. Upon direction
7 of the speaker only those members at their desks and
8 voting shall be counted. Members who are not present
9 shall not cast their votes except:

10 1. Members who have not voted may record their
11 votes on any record roll call vote except quorum
12 calls within ten minutes after the outcome of the
13 vote has been announced. Members shall initial their
14 recorded votes on a copy of the record roll call at the
15 speaker's station. However, if the aggregate of votes
16 cast under this rule would change the outcome of the
17 vote on a question, then none of the votes cast on the
18 question under this rule shall be recorded. A member
19 may request announcement of the names of members so
20 recorded after the ten-minute period.

21 2. Members meeting in a conference committee
22 or in administrative rules review committee at the
23 time a vote is taken on a question may have their
24 vote recorded within thirty minutes or adjournment,
25 whichever is first, of that same legislative day,
26 provided the aggregate of votes cast does not change
27 the outcome of the vote on a question.

28 Rule 75
29 Voting in the House and Duty of Voting
30 Voting on a question put to the house shall not

Page 39

1 occur between midnight and 8 a.m. on any legislative
2 day except for voting on a motion to adjourn. Except
3 as limited in Rule 76, every member who is in the house
4 when a question is put shall vote unless the house has
5 excused that member from voting for special reasons;
6 however, such member must have asked to be excused from
7 voting prior to the time the speaker puts the question.

8 Rule 76
9 Limitation on Right to Vote
10 No member shall vote on any question in which
11 the member or the member's immediate family member,
12 as defined in chapter 68B of the Code, has a direct
13 financial interest different from other similarly
14 situated persons or classes of persons of the general
15 public.

16 Rule 77
17 Call of the House
18 Upon written request of five members, the presiding
19 officer shall compel attendance of absent and unexcused
20 members for the consideration of specified bills,
21 resolutions, or amendments.
22 A call of the house shall specify the propositions
23 to which it is to apply and must be put into effect
24 before roll call is taken on the proposition. The
25 request may be filed with the chief clerk at any time
26 before final action upon the propositions, who shall
27 notify the house immediately.

28 Rule 78
29 Method of Calling the House
30 Upon a call of the house, the names of the members

Page 40

1 shall be called by the chief clerk and the absentees
2 noted, after which the names of the absentees shall
3 again be called. The sergeant-at-arms shall be
4 directed by the speaker to compel the attendance of
5 absent members, unless they are previously excused.
6 Any member occupying the member's seat during a call
7 of the house shall be counted by the speaker and that
8 person's name entered in the journal as being present
9 for the purpose of making a quorum.

10 Rule 79
11 Method of Calling the Roll
12 The electrical voting machine shall be used for a
13 call of the house, a quorum call or a roll call vote

14 on any question. If the electrical voting machine is
15 not in operating order when it is necessary to take
16 a record roll call vote, the presiding officer shall
17 order the vote to be taken by calling the roll in
18 alphabetical order, except the name of the presiding
19 officer shall be called last.
20 During the casting of the vote with the voting
21 machine, the individual votes and the vote totals shall
22 be shown on the display boards. Before the voting
23 machine is closed, the presiding officer shall inquire
24 of the house, "Have you all voted?"
25 Rule 80
26 Quorum and Record Roll Call Votes
27 A majority of the members shall constitute a quorum.
28 A record roll call vote shall be ordered upon
29 request of any two members. The names of the members
30 requesting the record roll call shall be entered in the

Page 41

1 journal.
2 Rule 81
3 Previous Question
4 When a member moves for the previous question, the
5 member shall state whether the motion will apply to the
6 main question, to all the amendments, or to particular
7 amendments. The motion requires an affirmative vote of
8 at least a constitutional majority of the members. If
9 the motion for a previous question is not adopted, the
10 house shall proceed in the same manner as before the
11 motion was made.
12 If the motion is adopted, all debate must end and
13 the house will vote upon the question except:
14 1. If the motion applies to the main question, the
15 member in charge of the measure will have ten minutes
16 to speak for the purpose of closing discussion before
17 the vote on the measure is taken.
18 2. If the motion applies to an amendment, the
19 member proposing the amendment will have five minutes
20 to speak for the purpose of closing discussion before
21 the vote on the amendment is taken.
22 3. If a member has filed a written request with
23 the chief clerk of the house indicating the member's
24 desire to speak on a particular question. The request
25 must be filed before the motion is made by the movant.
26 The request allows a member to speak on a particular
27 question before the closing discussion by the member
28 who is in charge of the measure or who is proposing the
29 amendment.
30 Rule 82

Page 42

1 Division of the Question
2 Any member may call for a division of the question,
3 which shall be divided if it comprehends questions so
4 distinct that one being taken away, the remainder may
5 stand separately for discussion by the house. Upon
6 request to divide an amendment, the chief clerk shall
7 restate the division and note the divided amendment in
8 the house journal. An amendment to strike out being
9 lost shall not preclude an amendment to strike out and
10 insert. An amendment to strike out and insert shall be
11 deemed indivisible.

The motion prevailed and the resolution was adopted.

ADOPTION OF HOUSE RESOLUTION 7

Koester of Polk asked and received unanimous consent for the immediate consideration of **House Resolution 7**, as follows, and moved its adoption:

HOUSE RESOLUTION 7 BY COMMITTEE ON ETHICS

1 A resolution relating to the House code of ethics.
2 BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES, That
3 the House Code of Ethics shall be as follows:
4 HOUSE CODE OF ETHICS
5 PREAMBLE. Every legislator and legislative employee
6 has a duty to uphold the integrity and honor of the
7 general assembly, to encourage respect for the law and
8 for the general assembly, and to observe the house code
9 of ethics. The members and employees of the house
10 have a responsibility to conduct themselves so as to
11 reflect credit on the general assembly, and to inspire
12 the confidence, respect, and trust of the public. The
13 following rules are adopted pursuant to chapter 68B of
14 the Code, to assist the members and employees in the
15 conduct of their activities:
16 1. DEFINITIONS. The definitions of terms provided
17 in chapter 68B of the Code apply to the use of those
18 terms in these rules.
19 2. ECONOMIC INTEREST OF MEMBER OR EMPLOYEE OF
20 HOUSE.
21 a. Economic or investment opportunity. A member
22 or employee of the house shall not solicit or accept
23 economic or investment opportunity under circumstances
24 where the member or employee knows, or should know,
25 that the opportunity is being afforded with the intent
26 to influence the member's or employee's conduct in

27 the performance of official duties. If a member

Page 2

1 or employee of the house learns that an economic
2 or investment opportunity previously accepted was
3 offered with the intent of influencing the member's or
4 employee's conduct in the performance of the official
5 duties, the member or employee shall take steps to
6 divest that member or employee of that investment or
7 economic opportunity, and shall report the matter
8 in writing to the chairperson of the house ethics
9 committee.

10 b. Excessive charges for services, goods, or
11 property interests. A member or employee of the
12 house shall not charge to or accept from a person
13 known to have a legislative interest, a price, fee,
14 compensation, or other consideration for the sale or
15 lease of any property or the furnishing of services
16 which is in excess of that which the member or employee
17 would ordinarily charge another person.

18 c. Use of confidential information. A member or
19 employee of the house, in order to further the member's
20 or employee's own economic interests, or those of any
21 other person, shall not disclose or use confidential
22 information acquired in the course of the member's or
23 employee's official duties. For the purpose of this
24 rule, information disclosed in open session at a public
25 meeting and information that is a public record is not
26 confidential information.

27 d. Employment. A member or employee of the
28 house shall not accept employment, either directly
29 or indirectly, from a political action committee. A
30 member of the house shall not act as a paid lobbyist

Page 3

1 for any organization. However, this paragraph shall
2 not prohibit a member or employee of the house from
3 working for a candidate's committee, a political
4 party's action committee, or a political action
5 committee which does not expressly advocate the
6 nomination, election, or defeat of a candidate for
7 public office in this state or expressly advocate the
8 passage or defeat of a ballot issue in this state and
9 which is not interested in issues before the general
10 assembly.

11 For the purpose of this rule, a political action
12 committee means a committee, but not a candidate's
13 committee, which accepts contributions, makes
14 expenditures, or incurs indebtedness in the aggregate
15 of more than seven hundred fifty dollars in any one

16 calendar year to expressly advocate the nomination,
17 election, or defeat of a candidate for public office or
18 to expressly advocate the passage or defeat of a ballot
19 issue or for the purpose of influencing legislative
20 action.

21 e. A member or employee of the house shall not
22 solicit employment on behalf of the member or employee,
23 or on behalf of another legislator or employee, as a
24 lobbyist while the general assembly is in session.

25 f. Certain goods or services. A member or employee
26 of the house shall not solicit or obtain goods or
27 services from another person under circumstances where
28 the member or employee knows or should know that the
29 goods or services are being offered or sold with the
30 intent to influence the member's or employee's conduct

Page 4

1 in the performance of official duties. If a member or
2 employee of the house is afforded goods or services
3 by another person at a price that is not available to
4 other members or classes of members of the general
5 public or is afforded goods or services that are
6 not available to other members or classes of members
7 of the general public by another person where the
8 member or employee knows or should know that the other
9 person intends to influence the member's or employee's
10 official conduct, the member or employee shall not take
11 or purchase the goods or services.

12 3. APPEARANCE BEFORE STATE AGENCY. A member or
13 employee of the house may appear before a state agency
14 in any representation case but shall not act as a
15 lobbyist with respect to the passage, defeat, approval,
16 veto, or modification of any legislation, rule, or
17 executive order. Whenever a member or employee of
18 the house appears before a state agency, the member
19 or employee shall carefully avoid all conduct which
20 might in any way lead members of the general public
21 to conclude that the member or employee is using the
22 member's or employee's official position to further the
23 member's or employee's professional success or personal
24 financial interest.

25 4. CONFLICTS OF INTEREST. In order for the general
26 assembly to function effectively, members of the house
27 may be required to vote on bills and participate in
28 committee work which will affect their employment and
29 other areas in which they may have a monetary interest.
30 Action on bills and committee work which furthers a

Page 5

1 member's specific employment, specific investment, or

2 other specific interest, as opposed to the interests of
3 the public in general or the interests of a profession,
4 trade, business, or other class of persons, shall be
5 avoided. In making a decision relative to a member's
6 activity on particular bills or in committee work, the
7 following factors should be considered:
8 a. Whether a substantial threat to the member's
9 independence of judgment has been created by the
10 conflict situation.
11 b. The effect of the member's participation on
12 public confidence in the integrity of the general
13 assembly.
14 c. Whether the member's participation is likely to
15 have any significant effect on the disposition of the
16 matter.
17 d. The need for the member's particular
18 contribution, such as special knowledge of the subject
19 matter, to the effective functioning of the general
20 assembly.
21 If a member decides not to participate in committee
22 work or to abstain from voting because of a possible
23 conflict of interest, the member should disclose
24 this fact to the legislative body. The member shall
25 not vote on any question in which the member has an
26 economic interest that is distinguishable from the
27 interests of the general public or a substantial class
28 of persons.
29 5. STATUTORY REQUIREMENTS. Members and employees
30 of the house shall comply with the requirements

Page 6

1 contained in chapters 68B (~~Conflicts of Interest of~~
2 ~~Public Officers and Employees~~ Government Ethics and
3 Lobbying), 721 (Official Misconduct), and 722 (Bribery
4 and Corruption), and sections 2.18 (Contempt) and 711.4
5 (Extortion) of the Code.
6 6. CHARGE ACCOUNTS. Members and employees of the
7 house shall not charge any amount or item to a charge
8 account to be paid for by a lobbyist or any client of
9 a lobbyist.
10 7. TRAVEL EXPENSES. A member or employee of the
11 house shall not charge to the state of Iowa amounts
12 for travel and expenses unless the member or employee
13 actually has incurred those mileage and expense costs.
14 Members or employees shall not file the vouchers for
15 weekly mileage reimbursement required by section 2.10,
16 subsection 1 of the Code, unless the travel expense was
17 actually incurred.
18 A member or employee of the house shall not file
19 a claim for per diem compensation for a meeting of
20 an interim study committee or a visitation committee

21 unless the member or employee attended the meeting.
22 However, the speaker may waive this provision and allow
23 a claim to be filed if the member or employee attempted
24 to attend the meeting but was unable to do so because
25 of circumstances beyond the member's or employee's
26 control.
27 8. GIFTS ACCEPTED OR RECEIVED. Members and
28 employees of the house shall comply with the
29 restrictions relating to the receipt or acceptance of
30 gifts contained in section 68B.22 of the Code.

Page 7

1 9. HONORARIA RESTRICTIONS. Members and employees
2 of the house shall comply with the restrictions
3 relating to the receipt of honoraria contained in
4 section 68B.23 of the Code.
5 10. DISCLOSURE REQUIRED. Each member of the
6 house and the chief clerk of the house shall file the
7 personal financial disclosure statements required under
8 section 68B.35 of the Code by February 15 of each year
9 for the prior calendar year.
10 11. SEXUAL HARASSMENT. Members and employees of
11 the house shall not engage in conduct which constitutes
12 sexual harassment as defined in section 19B.12 of
13 the Code or pursuant to the sexual harassment policy
14 adopted by the house committee on administration and
15 rules.
16 12. COMPLAINTS.
17 a. Filing of complaint. Complaints may be filed by
18 any person believing that a member or employee of the
19 house, a lobbyist, or a client of a lobbyist is guilty
20 of a violation of the house code of ethics, the house
21 rules governing lobbyists, or chapter 68B of the Code.
22 b. Complaints by committee. The ethics committee
23 may initiate a complaint on its own motion. Committee
24 complaints may be initiated by the committee as a
25 result of a committee investigation or as a result of
26 receipt of any complaint or other information that does
27 not meet the requirements of these rules regarding the
28 form of a complaint but that contains allegations that
29 would form the basis for a valid complaint.
30 c. Form and contents of complaint. A complaint

Page 8

1 shall be in writing.
2 Complaint forms shall be available from the chief
3 clerk of the house, but a complaint shall not be
4 rejected for failure to use the approved form if it
5 complies with the requirements of these rules. The
6 complaint shall contain a certification made by the

7 complainant, under penalty of perjury, that the facts
8 stated in the complaint are true to the best of the
9 complainant's knowledge.

10 To be valid, a complaint shall allege all of the
11 following:

12 (1) Facts, that if true, establish a violation of a
13 provision of chapter 68B of the Code, the house code of
14 ethics, or house rules governing lobbyists for which
15 penalties or other remedies are provided.

16 (2) That the conduct providing the basis for the
17 complaint occurred within three years of the filing of
18 the complaint.

19 (3) That the party charged with a violation is
20 a party subject to the jurisdiction of the ethics
21 committee.

22 d. Confidentiality of complaint. The ~~filing of the~~
23 ~~complaint~~ identity of the parties and the contents of
24 the complaint shall be confidential until the time that
25 the committee meets to determine whether the complaint
26 is valid, unless either the complainant or the party
27 charged in the complaint makes the ~~existence~~ identity
28 of the parties, or the information contained in, the
29 complaint public. However, if either the complainant
30 or party alleged to have committed the violation

Page 9

1 requests that the meeting to determine whether the
2 complaint is valid be a closed meeting and the ~~filing~~
3 identity of the ~~complaint~~ parties or the contents of
4 the complaint have not been disclosed, the meeting
5 shall be closed.

6 e. Notice of complaint. Upon receipt of the
7 complaint, the chief clerk of the house shall promptly
8 notify the chairperson and ranking member of the
9 ethics committee that a complaint has been filed and
10 provide both the chairperson and the ranking member
11 with copies of the complaint and any supporting
12 information. Within two working days, the chief clerk
13 shall send notice, either by personal delivery or by
14 certified mail, return receipt requested, to the person
15 or persons alleged to have committed the violation,
16 along with a copy of the complaint and any supporting
17 information. The notice to the accused person shall
18 contain a request that the person submit a written
19 response to the complaint within ten working days of
20 the date that the notice was sent by the chief clerk.
21 At the request of the accused person, the committee may
22 extend the time for the response, not to exceed ten
23 additional calendar days.

24 f. Hearing regarding validity of complaint. The
25 committee chairperson and the ranking member shall

26 review the complaint and supporting information to
27 determine whether the complaint meets the requirements
28 as to form. If the complaint is deficient as to form,
29 the complaint shall be returned to the complainant
30 with instructions indicating the deficiency unless the

Page 10

1 committee decides to proceed on its own motion. If the
2 complaint is in writing and contains the appropriate
3 certification, as soon as practicable, the chairperson
4 shall call a meeting of the committee to review the
5 complaint to determine whether the complaint meets the
6 requirements for validity and whether the committee
7 should take action on the complaint pursuant to
8 paragraph "g" or whether the committee should request
9 that the chief justice of the supreme court appoint an
10 independent special counsel to conduct an investigation
11 to determine whether probable cause exists to believe
12 that a violation of the house code of ethics, house
13 rules governing lobbyists, or chapter 68B of the Code,
14 has occurred.

15 If the committee finds that a complaint does not
16 meet the content requirements for a valid complaint,
17 the committee shall dismiss the complaint and notify
18 both the complainant and the party alleged to have
19 committed the violation of the dismissal and the
20 reasons for dismissal. A dismissal for failure to meet
21 the formal requirements for the filing of a complaint
22 shall be without prejudice and the complainant may
23 refile the complaint at any time within three years of
24 the date that the alleged violation took place. If
25 the dismissal is based upon a failure to allege facts
26 and circumstances necessary for a valid complaint, the
27 dismissal shall be with prejudice and the party shall
28 not be permitted to file a complaint based upon the
29 same facts and circumstances.

30 g. If the committee determines a complaint is

Page 11

1 valid and determines no dispute exists between the
2 parties regarding the material facts that establish
3 a violation, the committee may take action on the
4 complaint under this paragraph without requesting the
5 appointment of an independent special counsel.

6 The committee may do any of the following:

7 (1) Issue an admonishment to advise against the
8 conduct that formed the basis for the complaint and to
9 exercise care in the future.
10 (2) Issue an order to cease and desist the conduct
11 that formed the basis for the complaint.

12 (3) Make a recommendation to the house that
13 the person subject to the complaint be censured or
14 reprimanded.
15 h. Request for appointment of independent special
16 counsel. If, after review of the complaint and any
17 response made by the party alleged to have committed
18 the violation, the committee determines that the
19 complaint meets the requirements for form and content
20 and the committee has not taken action under paragraph
21 "g", the committee shall request that the chief justice
22 of the supreme court appoint independent special
23 counsel to investigate the matter and determine whether
24 probable cause exists to believe that a violation of
25 chapter 68B of the Code, the house code of ethics, or
26 the house rules governing lobbyists has occurred.
27 i. Receipt of report of independent special
28 counsel. The report from the independent special
29 counsel regarding probable cause to proceed on a
30 complaint shall be filed with the chief clerk of the

Page 12

1 house. Upon receipt of the report of the independent
2 special counsel, the chief clerk shall notify the
3 chairperson of the filing of the report and shall send
4 copies of the report to the members of the ethics
5 committee. As soon as practicable after the filing of
6 the report, the chairperson shall schedule a public
7 meeting for review of the report. The purpose of
8 the public meeting shall be to determine whether the
9 complaint should be dismissed, whether a formal hearing
10 should be held on the complaint, or whether other
11 committee action is appropriate. The complainant and
12 the person alleged to have committed the violation
13 shall be given notice of the public meeting, shall have
14 the right to be present at the public meeting, and may,
15 at the discretion of the committee, present testimony
16 in support of or against the recommendations contained
17 in the report.
18 If the committee determines that the matter should
19 be dismissed, the committee shall cause an order to
20 be entered dismissing the matter and notice of the
21 dismissal shall be given to the complainant and the
22 party alleged to have committed the violation. If
23 the committee determines that the complaint should be
24 scheduled for formal hearing, the committee shall issue
25 a charging statement which contains the charges and
26 supporting facts that are to be set for formal hearing
27 and notice shall be sent to the complainant and the
28 accused person.
29 The notice shall include a statement of the nature
30 of the charge or charges, a statement of the time and

Page 13

1 place of hearing, a short and plain statement of the
2 facts asserted, and a statement of the rights of the
3 accused person at the hearing.
4 j. Formal hearing. Formal hearings shall be public
5 and conducted in the manner provided in section 68B.31,
6 subsection 8 of the Code. At a formal hearing the
7 accused shall have the right to be present and to
8 be heard in person and by counsel, to cross-examine
9 witnesses, and to present evidence. Members of
10 the committee shall also have the right to question
11 witnesses.
12 The committee may require, by subpoena or otherwise,
13 the attendance and testimony of witnesses and the
14 production of such books, records, correspondence,
15 memoranda, papers, documents, and any other things it
16 deems necessary to the conduct of the inquiry.
17 Evidence at the formal hearing shall be received
18 in accordance with rules and procedures applicable to
19 contested cases under chapter 17A of the Code.
20 The committee chairperson, or the vice chairperson
21 or ranking member in the absence of the chairperson,
22 shall preside at the formal hearing and shall rule on
23 the admissibility of any evidence received. The ruling
24 of the chairperson may be overturned by a majority
25 vote of the committee. Independent special counsel
26 shall present the evidence in support of the charge
27 or charges. The burden shall be on the independent
28 special counsel to prove the charge or charges by
29 a preponderance of clear and convincing evidence.
30 Upon completion of the formal hearing, the committee

Page 14

1 shall adopt written findings of fact and conclusions
2 concerning the merits of the charges and make its
3 report and recommendation to the house.
4 k. Disqualification of member. Members of the
5 committee may disqualify themselves from participating
6 in any investigation of the conduct of another person
7 upon submission of a written statement that the member
8 cannot render an impartial and unbiased decision
9 in a case. A member may also be disqualified by a
10 unanimous vote of the remaining eligible members of the
11 committee.
12 A member of the committee is ineligible to
13 participate in committee meetings, as a member of the
14 committee, in any proceeding relating to the member's
15 own official conduct.
16 If a member of the committee is disqualified or
17 ineligible to act, the majority or minority leader who

18 appointed the member shall appoint a replacement member
19 to serve as a member of the committee during the period
20 of disqualification or ineligibility.

21 ~~k. l.~~ Recommendations by the committee. The
22 committee shall recommend to the house that the
23 complaint be dismissed, or that one or more of the
24 following be imposed:

25 (1) That the member or employee of the house
26 or lobbyist or client of a lobbyist be censured or
27 reprimanded, and the recommended appropriate form of
28 censure or reprimand be used.

29 (2) That the member of the house be suspended or
30 expelled from membership in the house and required

Page 15

1 to forfeit the member's salary for that period, the
2 employee of the house be suspended or dismissed from
3 employment, or that the lobbyist's or lobbyist's
4 client's lobbying privileges be suspended.

5 13. COMMUNICATIONS WITH ETHICS COMMITTEE. After a
6 complaint has been filed or an investigation has been
7 initiated, a party to the complaint or investigation
8 shall not communicate, or cause another to communicate,
9 as to the merits of the complaint or investigation with
10 a member of the committee, except under the following
11 circumstances:

12 a. During the course of any meetings or other
13 official proceedings of the committee regarding the
14 complaint or investigation.

15 b. In writing, if a copy of the writing is
16 delivered to the adverse party or the designated
17 representative for the adverse party.

18 c. Orally, if adequate prior notice of the
19 communication is given to the adverse party or the
20 designated representative for the adverse party.

21 d. As otherwise authorized by statute, the house
22 code of ethics, house rules governing lobbyists, or
23 vote of the committee.

24 14. PERMANENT RECORD. The chief clerk of the house
25 shall maintain a permanent record of all complaints
26 filed and any corresponding committee action. The
27 permanent record shall be prepared by the ethics
28 committee and shall contain the date the complaint was
29 filed, name and address of the complainant, name and

General Orr delivered the following Condition of the Iowa National Guard Message:

Good Morning Ladies and Gentleman – thank you for that warm welcome.

I am honored and privileged once again to stand before you and provide this annual report on the Condition of the Iowa National Guard.

Your Iowa National Guard has evolved from a State Militia created in 1836 into a full-spectrum operational force prepared to defend our state and nation during an era of persistent conflict.

Your Iowa National Guard has executed every mission assigned, served their state here at home, and deployed wherever needed in a moment's notice. Your Iowa National Guard is truly making a difference every day.

Speaker Paulsen, President Kibbie – thank you for your gracious invitation to address this joint convention of the eighty-fourth General Assembly of the Iowa Legislature.

Governor Branstad, Lieutenant Governor Reynolds, members of the General Assembly, distinguished guests and fellow Iowans.

I want to begin by saying thank you to Governor Branstad and Lieutenant Governor Reynolds for your support and confidence in me to continue leading the Iowa National Guard in the future. I also want to thank you for devoting your first day in office and all the Inaugural events to the men and women serving in the Iowa National Guard. You demonstrated from the very beginning your strong support for the Iowa National Guard by signing your Salute to the Iowa National Guard Executive Proclamation on January 14, 2011, honoring the service of the men and women of the Iowa National Guard, their families, and employers.

I want to thank Governor Culver and Lieutenant Governor Judge for their strong leadership during this most significant period of time in the history of the Iowa National Guard. Thank you for your efforts to attend our homecoming and sendoff events, your strong support of our families and employers, and your willingness to travel overseas to visit our deployed warriors.

I would also like to give a special thank you to our citizen-legislators, who have done so much to honor and support the Iowa National Guard over the years. Through your legislative programs and participation in our community events, you have embodied unwavering support for our Soldiers and Airmen. The state of Iowa has one of the strongest traditions of any state for its commitment to their National Guard. Our success is directly attributable to what you have done for your Iowa National Guard – we humbly thank you.

But above all, I want to thank the people of Iowa. Last year I asked all Iowans for their support in helping our deployed families and warriors. I am pleased to report that the citizens of Iowa have delivered. The support we have received can be summed up in two words – simply incredible. What they have done and continue to do for our Soldiers, Airmen, and their families throughout our combat deployments and state emergency response missions is a true testament to the unmatched community support we are so privileged to enjoy in this state.

Through all the efforts of our Soldiers, Airmen, families, employers, elected leaders, and our citizens, we have demonstrated that Iowa is a state that truly serves together.

Over this past year, I've had the privilege of visiting our men and women at their local armories, annual training locations, community sendoffs and welcome home events. In addition, Command Sergeant Major John Breitsprecker and I have traveled outside of Iowa to visit Soldiers preparing for mobilization at the Camp Shelby and the National Training Center, and overseas to places like Kosovo, Germany, Kuwait, Iraq and Afghanistan to visit our deployed troops, seeing first-hand the readiness and strong resolve of the Iowa National Guard.

We have also visited our injured and ill Soldiers all across the nation at Walter Reed Medical Center, Brooke Army Medical Center, Bethesda Naval Hospital, Fort Gordon, Fort Riley, Fort Leonard Wood, the National Institute of Health, and the Regional Warrior Transition Battalions. Despite the high operational tempo, mission requirements, and daily challenges for our Iowa National Guard Soldiers and Airmen, we remain unconditionally "Mission Focused, Warrior Ready!"

Today, I deliver my second Condition of the Guard address. Over the next several minutes I want to focus on two important areas:

Where we have come over the last year;

And what we are doing to care for the force.

It's been nearly nine and a half years since the United States and our allies responded to the attacks of September 11, 2001. The Soldiers and Airmen of the Iowa National Guard answered the call on 9/11 and have served continuously since, working

side by side with their Army and Air Force counterparts to help liberate nearly 50 million people from tyranny and terror in Iraq and Afghanistan, maintain peace in Egypt, Israel, and Kosovo, and protect the United States of America.

Since 9/11, the Soldiers and Airmen of the Iowa National Guard, their families, and their employers have made significant sacrifices on behalf of the American people. More than sixty-five percent of our Soldiers and Airmen currently serving are combat veterans. More than 16,000 of our men and women have served in the ongoing campaigns in Iraq and Afghanistan, peacekeeping duties in the Balkans and the Sinai Peninsula, and during emergency response missions in Iowa and across the country.

Through multiple combat deployments and domestic support missions, the men and women currently serving in the Iowa National Guard are among the most seasoned and experienced military professionals our state has ever fielded in the more than 170-year history of the Iowa National Guard.

The demand for National Guard forces over the past two decades has required almost continuous use of Active, National Guard, and Reserve forces in order to meet the operational requirements of our armed forces. Our experience during this timeframe has validated the Total Force concept in support of our national security interests. We are now at a point where current and projected demands for Army and Air Force assets will require continued access to the National Guard and Reserve forces, making very real what has been a policy for some time. This means that the mobilization and operational use of National Guard Soldiers, Airmen, and units will continue for the foreseeable future, despite ongoing reductions in U.S. forces overseas. The National Guard of the 21st century will require a versatile mix of tailorable, modular, and adaptable organizations, interdependently operating on a predictable, rotational deployment cycle. This new concept is what we call the Operational Force, which is part of the Department of Defense's Total Force Policy.

Over this last year, the Iowa National Guard has remained a national leader in many categories, consistently ranking near the top among the 54 states and territories.

The Iowa National Guard remains a national leader in personnel recruiting and retention. Both the Iowa Air and Army National Guard began fiscal year 2011 with over 100 percent of authorized strength. And our retention rates exceed national goals and are among the highest in the nation. We have been at or exceeded 100 percent strength every year since 2003— a significant accomplishment considering that we have been at war as a nation with an all-volunteer force for nearly ten years.

Last year, the Iowa Air and Army National Guard executed the largest construction program in our history with more than \$148 million dollars in military construction projects in Iowa. Those projects totaled \$134 million dollars, or more than 91 percent, in federal funds. Additionally, we received nearly \$9.3 million dollars in federal stimulus funding allowing us to complete twenty-six infrastructure projects around Iowa. We also started the process of replacing armories in Muscatine, Burlington and Cedar Rapids, totaling more than \$77 million in federal funding.

As part of our requirement as an operational force, the Iowa National Guard prepared, deployed, and returned to Iowa several Army and Air National Guard units

this past year, and announced several unit notifications for mobilization in support of upcoming Overseas Contingency Operations in 2012.

The 185th Air Refueling Wing from Sioux City continues to provide ongoing support of real-world missions to the Air Force, Army, Navy, and Marine Corps. Of the 185th's many world-wide missions, evacuating wounded warriors from a combat zone is one of the most important and unique missions that it executes. These Aeromedical evacuation missions provide timely and efficient movement and mobile care to wounded Servicemen and women being evacuated from the battlefield to Landstuhl, Germany. In the past year, the 185th has deployed nearly 400 Airmen around the globe for operational missions.

As we gather together today, more than 120 Airmen from the Iowa Air National Guard's 132nd Fighter Wing, based in Des Moines, and the 185th Air Refueling Wing are 8,000 miles away from home participating in Sentry Down Under, a three-week exercise with our coalition partner, Australia. These Iowa Airmen will conduct numerous flight missions, maintain high-performance fighter aircraft to exacting standards, and learn about the capabilities and operations of the Royal Australian Air Force so we can more effectively operate with them during combat missions.

The 135th Mobile Public Affairs Detachment returned to Iowa from Iraq in late October. During their deployment, they provided public affairs support to the U.S. Army's 3rd Infantry Division. The mission of the 135th was to collect, produce and disseminate video, audio, and print stories, as well as online stories, to civilian and military media organizations.

The Information Operations Field Support Team deployed last March and has been operating in both Afghanistan and Iraq. Their expertise in processing and utilizing multiple sources of information has created opportunities for successful coalition operations. We look forward to welcoming them back in Iowa later this spring.

Company C, 2nd Battalion, 147th Aviation from Boone is currently deployed to Kosovo where they are conducting peacekeeping missions for that fledgling democracy. They've flown more than 150 missions and 2,000 accident-free flight hours while providing around-the-clock aviation support. In their spare time, many unit members teach English to local students and also interact with the local community members.

The 734th Agribusiness Development Team, comprised of 60 Soldiers and Airmen, is the first ever overseas combat deployment with both Army National Guard Soldiers and Air National Guard Airmen serving together in the history of the Iowa National Guard. This team's mission is the revitalization of the agricultural and livestock sector within Kunar Province, Afghanistan. Our team provides expertise, advice, and training in agricultural-related specialties to various provincial ministries and local farmers. During their pre-deployment preparation, the team established a partnership with Iowa State University and received training on a variety of agricultural topics. They also spent time training at Living History Farms and with the Amish community to gain a hands-on experience into past farming techniques and practices.

Soldiers from Company B, 2nd of the 211th General Support Aviation Battalion based in Davenport have recently arrived in Iraq and will be providing airlift capabilities in support of coalition forces with their Chinook helicopters.

But by far the most significant and anticipated deployment was the 2nd Brigade Combat Team's mission to Afghanistan, with more than 3,000 Soldiers deployed.

The 2nd Brigade Combat Team deployment was the largest single unit call-up of its type in Iowa since World War II. Almost every community in Iowa has been affected in some way by this mission.

To properly prepare, train, certify, sendoff and deploy all these forces to standard, it takes a team effort from everyone, including our families, employers, and communities. As part of last summer's surge of forces, we conducted our first State Annual Training Exercise in more than 30 years, at Camp Ripley, Minnesota. This event involved nearly all Iowa Army National Guard units to provide logistical and training support to assist the 2nd Brigade in their mobilization preparation over a three-week period.

In late July and early August last year, we conducted nearly 30 community send offs all across Iowa for the Soldiers of the 2nd Brigade. The community support and participation by loyal Iowans was outstanding. At every major community sendoff event, Boy Scouts, Girl Scouts, Patriot Guard and Legion Riders, members of veterans' organizations, local law enforcement, fire departments, veterans from all services, and community members showed up by the hundreds and in some cases thousands, to show their respect and appreciation for our deploying Warriors and their families.

Members of the 2nd Brigade Combat Team serving in Afghanistan currently operate in five provinces across Regional Command-East. These Soldiers execute missions ranging from security, cordon and search, and convoy operations, to counterinsurgency, key leader engagements, and numerous other tasks. But one of the most important and unique missions conducted by this Iowa unit is the Female Engagement Team initiative.

Led by Captain Jodi Marti, this hand-picked team of female Iowa Soldiers works with coalition forces to gather intelligence and provide security for Afghan females in accordance with Islamic culture. Members of the Female Engagement Team serve side-by-side with their male counterparts during combat operations in some of the most rugged terrain in the world. The dedication, courage, skill, and professionalism of these Iowa women inspire male and female Soldiers alike.

Every day, we continue to see acts of kindness and generosity coming from our communities and businesses.

When Sgt. Bryan Pfeiler from Dyersville, Iowa, was wounded and lost part of his leg when he stepped on an anti-personnel mine in Afghanistan, the communities of Dyersville and Earlville immediately stepped up to the plate. The Earlville American Legion gave his family donations of over \$2100 to assist with expenses, while Beckman High School in Dyersville and the Earlville American Legion sponsored spaghetti suppers to raise money for the family. In addition, members of these communities

have mowed the grass and shoveled snow for SGT Pfeiler's family since he mobilized last August.

Recently, Sgt. Adam Craig from Cherokee returned to the U.S. from Afghanistan with a very aggressive form of cancer. He is currently undergoing medical treatment at the National Institute of Health in Bethesda, Maryland. In order for his mother, a long-time Hy-Vee employee with the Cherokee Hy-Vee store, to remain with her son while he receives medical care, Hy-Vee sponsored a spaghetti feed and silent auction to raise funds for the family. In addition, the Store Director, Tim Hoppert, and fellow co-workers have filled in at Hy-Vee during the absence of Sgt. Craig's mother so she doesn't have to worry about taking extensive sick leave and family leave in order to be with her son.

We have companies like Charles Gabus Ford of Des Moines, who donated more than one hundred thousand dollars to support the Officers' Auxiliary deployment teddy bear project. This program provides all children of deployed Soldiers and Airmen with a teddy bear during the unit sendoff event.

Dr. Pepper-Snapple of Des Moines donated over \$45,000 to purchase phone cards and post-exchange gift cards for our Soldiers and Airmen to use overseas.

These are just several of many efforts that so vividly demonstrate the profound and heartfelt generosity of our citizens. Iowa is a state that is truly serving together.

Another important priority for the Iowa National Guard is ensuring that we can provide an effective and timely emergency response capability right here in Iowa. Since the days of the Iowa Territory in the late 1830s, we have been deeply committed to protecting Iowans and safeguarding critical infrastructure in a moment's notice.

With the large number of Iowa Army National Guard Soldiers deployed in 2010 and 2011, our Joint Staff developed the Guard Emergency Situational Assessment Contact, or *GESAC*, program to bring back National Guard retirees on a voluntary basis for critical assistance during local emergencies. Ironically, we had just completed training our first group of retirees when the Lake Delhi dam breached. We immediately called retired Command Sergeant Major Lowell Tiedt from Anamosa, who quickly traveled to Lake Delhi and provided us with a situation report and assessed possible future requirements. As of today we have more than 75 trained retirees ready to provide assistance all across the state.

Two weeks ago, during the winter blizzard that hit the southeastern corner of Iowa, we deployed 18 Soldiers as part of our Highway Assistance Team operations. We partnered with the Iowa Department of Transportation and Iowa Department of Public Safety to travel the highways and assist stranded motorists. During this two-day operation, the Highway Assistance Teams rescued 36 motorists from the blizzard.

Finally, an area of significant importance is how we are caring for Soldiers, Airmen, Families and Employers.

Since the start of the war, we have shown significant progress in resourcing and manning our Warrior Services. One area we're particularly proud of our efforts is the

creation of the Survivor Outreach Support program. The purpose of this program is to provide unparalleled support to the families of Iowa's fallen service members in every possible way. This includes assisting them with understanding and procuring benefits and entitlements, receiving counseling services, connecting with other families of fallen warriors through support groups, or assisting with any other issues that result from the loss of a loved one. Through this program, our staff will help ensure these survivors receive all benefits they are entitled to and encourage them to remain an integral part of our military family for as long as they desire.

We recognize that the mental and emotional wellness of our force is as important as physical health. We are implementing a new program called Comprehensive Soldier Fitness, which increases the resilience of Soldiers and families by strengthening their spiritual, emotional, and family well-being, in addition to living physically healthy lives.

We are also training Soldiers to be Master Resiliency Trainers at the unit level, in order to provide immediate support for our warriors during deployments, as well as at home. The focus of this program will ultimately help us to maintain the long-term total health of our force.

As part of our preparation for the 2nd Brigade Combat Team's deployment, we added three more Family Assistance Specialists, bringing the total to seven. These specialists help family members connect to military, community and veterans' resources, provide financial counseling, get answers to military health insurance questions, and provide military identification cards for dependents. During mobilizations, the Family Assistance Specialists regularly check in with the families of deployed service members to ensure they are coping well and receiving any needed services. We currently have Family Assistance Specialists located at Camp Dodge, Iowa City, Council Bluffs, and Waterloo, as well as new offices in Sioux City, Ft. Dodge and Davenport.

Finally, let me say "thank you" for what the Legislature and Senate does every day to support the men and women of the Iowa National Guard.

We deeply appreciate your efforts to provide critical state funding to the Iowa National Guard to support our men and women in this challenging fiscal environment. We are extremely grateful for your continued support of our National Guard Educational Assistance Program, which is helping nearly 1,200 Iowa National Guard Soldiers and Airmen defray their college or trade school educational expenses this academic year.

The Home Ownership Assistance Program and the Injured Veteran Grant Program are highly effective programs that keep faith with those who have sacrificed to protect our state and defend our nation. There are currently more than 125 Soldiers and Airmen that have used the Home Ownership Assistance Program to purchase their first home in Iowa. We have over 18 military families like the families of Sergeant Pfeiler and Sergeant Craig that received Injured Veteran Grants due to injuries sustained during deployments by their loved ones.

The Home Ownership Assistance program, coupled with membership in the Iowa National Guard and participation in the Tuition Assistance Program, help create powerful opportunities for our Soldiers, Airmen and their families to live, learn and lead happy and fulfilling lives right here in Iowa. These young men and women join Iowa National Guard units, they attend Iowa trade schools, colleges, and universities, they are hired by Iowa employers, and they buy Iowa homes, all of which creates a solid foundation for maintaining quality Iowa roots. None of this would be possible without the efforts of our Legislature and Senate.

Throughout the missions of the Iowa National Guard since our inception, Iowans from across the state have shown unbelievable kindness and encouragement to our members and we are so grateful for their continued support.

For the last eight years, the Iowa National Guard has been tested like few times in its history – and this year is shaping up to be the most challenging yet.

It's no small feat to prepare, train, equip and deploy more than 3,300 Soldiers and Airmen, while maintaining our organizational readiness, preparing trained war fighters for future missions, and taking care of our Soldiers, Airmen, families, and their employers, all while providing a robust domestic emergency response capability for Iowa.

Yet despite these incredible challenges, I am confident that the Iowa National Guard will continue to set the example for all states; we will be there for Iowa whenever we're called. And as a force, we will remain "Mission Focused and Warrior Ready."

May God bless you and your families, and God bless our men and women serving in harm's way.

Thank you.

12 It is the intent of the house and the senate that
13 such bills be passed out of committee to the floor for

14 debate within the first four weeks of convening of a
15 legislative session.

16 Rule 12

17 Amendments by Other House

18 1. When a bill which originated in one house is
19 amended in the other house, the house originating
20 the bill may amend the amendment, concur in full in
21 the amendment, or refuse to concur in full in the
22 amendment. Precedence of motions shall be in that
23 order. The amendment of the other house shall not be
24 ruled out of order based on a question of germaneness.

25 a. If the house originating the bill concurs in the
26 amendment, the bill shall then be immediately placed
27 upon its final passage.

28 b. If the house originating the bill refuses to
29 concur in the amendment, the bill shall be returned to
30 the amending house which shall either:

Page 7

1 (1) Recede, after which the bill shall be read for
2 the last time and immediately placed upon its final
3 passage; or

4 (2) Insist, which will send the bill to a
5 conference committee.

6 c. If the house originating the bill amends the
7 amendment, that house shall concur in the amendment
8 as amended and the bill shall be immediately placed
9 on final passage, and shall be returned to the other
10 house. The other house cannot further amend the bill.

11 (1) If the amending house which gave second
12 consideration to the bill concurs in the amendment
13 to the amendment, the bill shall then be immediately
14 placed upon its final passage.

15 (2) If the amending house refuses to concur in the
16 amendment to the amendment, the bill shall be returned
17 to the house originating the bill which shall either:

18 (a) Recede, after which the bill shall be read for
19 the last time as amended and immediately placed upon
20 its final passage; or

21 (b) Insist, which will send the bill to a
22 conference committee.

23 2. A motion to recede has precedence over a motion
24 to insist. Failure to recede means to insist; and
25 failure to insist means to recede.

26 3. A motion to lay on the table or to indefinitely
27 postpone shall be out of order with respect to motions
28 to recede from or insist upon and to amendments to
29 bills which have passed both houses.

30 4. A motion to concur, refuse to concur, recede,

Page 8

1 insist, or adopt a conference committee report is in
2 order even though the subject matter has previously
3 been acted upon.

4 Rule 13
5 Conference Committee

6 1. Within one legislative day after either house
7 insists upon an amendment to a bill, the presiding
8 officer of the house, after consultation with the
9 majority leader, shall appoint three majority party
10 members and, after consultation with the minority
11 leader, shall appoint two minority party members
12 to a conference committee. The majority leader of
13 the senate, after consultation with the president,
14 shall appoint three majority party members and,
15 after consultation with and approval by the minority
16 leader, shall appoint two minority party members to a
17 conference committee. The papers shall remain with the
18 house that originated the bill.

19 2. The conference committee shall meet before
20 the end of the next legislative day after their
21 appointment, shall select a chair and shall discuss the
22 controversy.

23 3. The authority of the first conference committee
24 shall cover only issues related to provisions of the
25 bill and amendments to the bill which were adopted
26 by either the senate or the house of representatives
27 and on which the senate and house of representatives
28 differed. If a conference committee report is not
29 acted upon because such action would violate this
30 subsection of this rule, the inaction on the report

Page 9

1 shall constitute refusal to adopt the conference
2 committee report and shall have the same effect as if
3 the conference committee had disagreed.

4 4. An agreement on recommendations must be approved
5 by a majority of the committee members from each house.
6 The committee shall submit two originals of the report
7 signed by a majority of the committee members of each
8 house with one signed original and three copies to be
9 submitted to each house. The report shall first be
10 acted upon in the house originating the bill. Such
11 action, including all papers, shall be immediately
12 referred by the secretary of the senate or the chief
13 clerk of the house of representatives to the other
14 house.

15 5. The report of agreement is debatable, but
16 cannot be amended. If the report contains recommended
17 amendments to the bill, adoption of the report shall

18 automatically adopt all amendments contained therein.
 19 After the report is adopted, there shall be no more
 20 debate, and the bill shall immediately be placed upon
 21 its final passage.
 22 6. Refusal of either house to adopt the conference
 23 committee report has the same effect as if the
 24 committee had disagreed.
 25 7. If the conference committee fails to reach
 26 agreement, a report of such failure signed by a
 27 majority of the committee members of each house shall
 28 be given promptly to each house. The bill shall
 29 be returned to the house that originated the bill,
 30 the members of the committee shall be immediately

Page 10

1 discharged, and a new conference committee appointed in
 2 the same manner as the first conference committee.
 3 8. The authority of a second or subsequent
 4 conference committee shall cover free conference during
 5 which the committee has authority to propose amendments
 6 to any portion of a bill provided the amendment is
 7 within the subject matter content of the bill as passed
 8 by the house of origin or as amended by the second
 9 house.

10 Rule 14

11 Enrollment and Authentication of Bills

12 A bill or resolution which has passed both houses
 13 shall be enrolled in the house of origin under the
 14 direction of either the secretary of the senate or the
 15 chief clerk of the house and its house of origin shall
 16 be certified by the endorsement of the secretary of the
 17 senate or the chief clerk of the house.
 18 After enrollment, each bill shall be signed by the
 19 president of the senate and by the speaker of the
 20 house.

21 Rule 15

22 Concerning Other Enrollments

 30 by the secretary of the senate or chief clerk of the

Page 11

1 house.

2 Rule 16

3 Transmission of Bills to the Governor

4 After a bill has been signed in each house, it shall
5 be presented by the house of origin to the governor by
6 either the secretary of the senate or the chief clerk
7 of the house. The secretary or the chief clerk shall
8 report the date of the presentation, which shall be
9 entered upon the journal of the house of origin.

10 Rule 17

11 Fiscal Notes

12 A fiscal note shall be attached to any bill or joint
13 resolution which reasonably could have an annual effect
14 of at least one hundred thousand dollars or a combined
15 total effect within five years after enactment of
16 five hundred thousand dollars or more on the aggregate
17 revenues, expenditures, or fiscal liability of the
18 state or its subdivisions. This rule does not apply
19 to appropriation and ways and means measures where the
20 total effect is stated in dollar amounts.

21 Each fiscal note shall state in dollars the
22 estimated effect of the bill on the revenues,
23 expenditures, and fiscal liability of the state or
24 its subdivisions during the first five years after
25 enactment. The information shall specifically note
26 the fiscal impact for the first two years following
27 enactment and the anticipated impact for the succeeding
28 three years. The fiscal note shall specify the source
29 of the information. Sources of funds for expenditures
30 under the bill shall be stated, including federal

Page 12

1 funds. If an accurate estimate cannot be made, the
2 fiscal note shall state the best available estimate or
3 shall state that no dollar estimate can be made and
4 state concisely the reason.

5 The preliminary determination of whether the bill
6 appears to require a fiscal note shall be made by
7 the legal services staff of the legislative services
8 agency. Unless the requestor specifies the request is
9 to be confidential, upon completion of the bill draft,
10 the legal services staff shall immediately send a copy
11 to the fiscal services director for review.

12 When a committee reports a bill to the floor, the
13 committee shall state in the report whether a fiscal
14 note is or is not required.

15 The fiscal services director or the director's
16 designee shall review all bills placed on the senate
17 or house calendars to determine whether the bills are
18 subject to this rule.

19 Additionally, a legislator may request the
20 preparation of a fiscal note by the fiscal services
21 staff for any bill or joint resolution introduced which
22 reasonably could be subject to this rule.

23 The fiscal services director or the director's
24 designee shall cause to be prepared and shall approve
25 a fiscal note within a reasonable time after receiving
26 a request or determining that a bill is subject to
27 this rule. All fiscal notes approved by the fiscal
28 services director shall be transmitted immediately to
29 the secretary of the senate or the chief clerk of the
30 house, after notifying the sponsor of the bill that a

Page 13

1 fiscal note has been prepared, for publication in the
2 daily clip sheet. The secretary of the senate or chief
3 clerk of the house shall attach the fiscal note to the
4 bill as soon as it is available.

5 The fiscal services director may request the
6 cooperation of any state department or agency in
7 preparing a fiscal note.

8 A revised fiscal note may be requested by a
9 legislator if the fiscal effect of the bill has been
10 changed by adoption of an amendment. However, a
11 request for a revised fiscal note shall not delay
12 action on a bill unless so ordered by the presiding
13 officer of the house in which the bill is under
14 consideration.

15 If a date for adjournment has been set, then a
16 constitutional majority of the house in which the
17 bill is under consideration may waive the fiscal note
18 requirement during the three days prior to the date set
19 for adjournment.

20 Rule 18

21 Legislative Interns

22 Legislators may arrange student internships during
23 the legislative session with Iowa college, university,
24 or law school students, for which the students may
25 receive college credit at the discretion of their
26 schools. Each legislator is allowed only one intern
27 at a time per legislative session, and all interns must
28 be registered with the offices of the secretary of the
29 senate and the chief clerk of the house.

30 The purpose of the legislative intern program shall

Page 14

1 be: to provide useful staff services to legislators
2 not otherwise provided by the general assembly; to give
3 interested college, graduate, and law school students
4 practical experience in the legislative process as well
5 as providing a meaningful educational experience; and
6 to enrich the curriculum of participating colleges and
7 universities.

8 The secretary of the senate and the chief clerk of

9 the house or their designees shall have the following
10 responsibilities as regards the legislative intern

13 participating institution who shall be responsible
14 for authorizing students to participate in the intern

1 of each house is eligible for introduction in either
2 house at any time and must be referred to a standing
3 committee, which must take action on the bill within
4 three weeks of referral, except bills referred to
5 appropriations and ways and means committees.
6 If, on or after July 1, 1999, the administrative

11 standing committee, the standing committee shall review
12 the rule within twenty-one days of the referral and
13 shall take formal committee action by sponsoring a
14 joint resolution to disapprove the rule, by proposing

7 assembly by the administrative rules review committee,
8 bills cosponsored by majority and minority floor
9 leaders of one house, bills in conference committee,
10 and companion bills sponsored by the majority floor
11 leaders of both houses after consultation with the
12 respective minority floor leaders. For the purposes of
13 this rule, a joint resolution is considered as a bill.
14 To be considered an appropriations, ways and means,
15 or government oversight bill for the purposes of this
16 rule, the appropriations committee, the ways and means
17 committee, or the government oversight committee must
18 either be the sponsor of the bill or the committee of
19 first referral in the originating house.
20 2. To be placed on the calendar in the house of
21 origin, a bill must be first reported out of a standing

1 specified by statute. A concurrent resolution does
2 not require the governor's approval unless otherwise
3 specified by statute. A concurrent resolution shall

11 or enacts temporary laws must contain the clause "Be It
12 Enacted by the General Assembly of the State of Iowa:",
13 is equivalent to a bill, and must be transmitted to
14 the governor for approval. A joint resolution which

3 adding language or by inserting new language in lieu of
4 existing language.

5 A nullification resolution is debatable, but cannot
6 be amended on the floor of the house or senate. The
7 effective date of a nullification resolution shall
8 be stated in the resolution. Any motions filed to

10 must be disposed of within one legislative day of the
11 filing.

24 other house after that house has voted to override a
25 veto of them by the governor.

26 2. Vetoes bills and appropriations items shall

1 senate majority leader or the house majority leader
2 may call up a vetoed bill or appropriations item at any
3 time.

4 4. The affirmative vote of two-thirds of the
5 members of the body by record roll call is required on
6 a motion to override an executive veto or item veto.

7 5. A motion to override an executive veto or item
8 veto is debatable. A vetoed bill or appropriation item
9 cannot be amended in this case.

10 6. The vote by which a motion to override an
11 executive veto or item veto passes or fails to pass
12 either house is not subject to reconsideration under
13 senate rule 24 or house rule 73.

15 of the house shall immediately notify the other house
16 of the adoption or rejection of a motion to override an
17 executive veto or item veto.

19 calendar shall be disposed of before adjournment sine
20 die, unless the house having a bill or appropriation
21 item before it declines to do so by unanimous consent.

22 9. Bills and appropriations items on the veto
23 calendar are exempt from deadlines imposed by joint
24 rule 20.

29 plan submitted by the legislative services agency, the
30 house rejecting the plan shall convey the reasons for

Page 21

1 the rejection of the plan to the legislative services
2 agency by resolution.

3 2. If, pursuant to chapter 42, the legislative
4 services agency submits a third redistricting plan
5 as provided by law, the senate and the house of
6 representatives, when considering a bill embodying the
7 third plan, shall be allowed to accept for filing as
8 amendments only such amendments which constitute the
9 total text of a congressional plan without striking
10 a legislative redistricting plan, the total text of
11 a legislative redistricting plan without striking a
12 congressional plan, or the combined total text of a
13 congressional plan and a legislative redistricting
14 plan, and nonsubstantive, technical corrections to the

GOVERNOR'S ITEM VETO MESSAGE

March 7, 2011

The Honorable Kraig Paulsen
Speaker of the House of Representatives
State Capitol
Des Moines, Iowa 50319

Dear Mr. Speaker:

I hereby transmit House File 45, an Act relating to public funding and regulatory matters and revising appropriations and including effective and other applicability date provisions and making penalties applicable.

House File 45 is, therefore, signed on this date with the following exception, which I hereby disapprove.

I am unable to approve the item designated as Section 21. This language would extend the sunset date for the Legislative Health Care Coverage Commission ("Commission") from December 31, 2011 to July 1, 2013. Section 22 of House File 45 defunds the Commission and I see no reason to extend the final date already provided in current law, given the decrease in funding for the Commission.

For the above reasons, I respectfully disapprove this item in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 45 are hereby approved as of this date.

Sincerely,
TERRY E. BRANSTAD
Governor

Senator Dvorsky introduced the Honorable Arthur Neu, former Lieutenant governor, who addressed the Joint Convention as follows:

Incivility in politics has been around in America as long as the country existed, maybe even longer. There are some marvelous examples I have run across.

At the top of the list is the Hamilton-Burr duel in 1804. Interesting is that Iowa repealed section five of its bill of rights in 1992 which barred from political office anyone who had engaged in a duel. So you are now apparently free to challenge anyone with whom you disagree to a duel and still hold public office.

No one should overlook the incident in 1856 when Senator Sumner of Massachusetts was brutally assaulted by two members of congress from North Carolina.

Sometimes incivility is tempered with humor. In English Parliament an exchange between Disraeli and Gladstone was as follows:

One said "I swear, I don't know if you will die on the gallows or of the pox." (pox was the term for syphilis)

The other responded, "That depends sir, on whether I embrace your morals or your mistress.

In all fairness the press always has its less than civil moments with politicians. Ben Butler was a civil war general and later, a House member from Massachusetts. He was hated in the south, where he was in charge of occupied New Orleans. When he died, the Nashville Daily American wrote a long editorial, titled "The Beast is Dead" and read in part as follows:

"Old Ben Butler is Dead! Early yesterday morning the angel of death acting under the Devil's orders took him from Earth and landed him in Hell. In all this southern country here are no tears, no sighs and no regrets. He lived only too long. We are glad he has at last been removed from Earth and even pity the Devil the possession he has secured."

Then later it really gets bad.

"He was a trucking demagogue whose selfishness amounted to pollution; he was an autocrat who used power to wreak personal revenge; he was mean and malignant, a hangman from prejudice, the insulter of women, a braggadocio, a trickster and a

scoundrel whose heart was as black as the smoke from the coals that are now scorching his soul.”

Even Thomas Jefferson surreptitiously had a journalist refer to John Adams as a “hermaphrodite”.

The Liberty League referred to Franklin Roosevelt as a communist.

More recently, an example of civility took place when, during a parade, city workers found a backpack bomb on the Martin Luther King Day parade route. Emotions ran high but the NAACP chapter president made sure that the conversation remained civil.

Today there is incivility all over the place though, admittedly, not as severe as some alluded to earlier, and not much humor that I have observed. There never was a golden age when there was not incivility, but what seems to be somewhat unique to the present time is institutional incivility between the political parties. There was a day when Hubert Humphrey and Bob Dole would debate issues vigorously in the Senate and afterwards go out for a beer together.

It used to be the same here. We used to have vigorous, hot debates, but once we left the chamber it was set aside. I think that the demonizing of someone who disagrees with you is bad for politics, bad for legislation and bad for the state and country. It also makes compromise very difficult and we all know that compromise is impossible to avoid in a democracy.

One old time lobbyist told me that the incivility came about when we regulated lobbying. It used to be that legislators got together in the evenings at functions sponsored by lobbyists. At these functions legislators got to know each other socially. I certainly don't think that is the sole or even a major cause of today's incivility but it did result in less contact between legislators from the two parties. I suspect the money that is pumped into campaigns from the various interest groups deserves some of the credit for incivility. Also the people and organizations who are only concerned about one issue and support candidates on that one issue and nothing else. I think that plays a part in incivility.

I remember one session when Attorney General Turner issued an opinion holding that under the criminal code anyone who went out to an event in which their dinner and drinks were paid for was guilty of some crime under the then new criminal code. All events ended and a number of us joined the “Y” and played basketball together. We certainly got to know each other well on the basketball court.

One suggestion I might make. During the Ray years every Tuesday for lunch the leadership of both parties met for lunch in the Governor's office. Sometimes, early in the session there was not always a lot to talk about, but we still had lunch. You did get to know each other and in some instances we became good friends. We also knew that if you said something unpleasant about a leader of the other party, that in all likelihood you would be questioned about it next Tuesday. It served as a deterrent on extreme statements.

A little incivility, short of a duel or whipping, can be funny particularly when it involves some humor.

A lot can be dangerous, even disastrous. I think today we are at a dangerous stage particularly with an awful lot of people running around with side arms.

Thank you.

GOVERNOR'S VETO MESSAGE

April 12, 2011

The Honorable Kraig Paulsen
Speaker of the House of Representatives
State Capitol
Des Moines, Iowa 50319

Dear Mr. Speaker:

House File 642, an Act relating to and making transportation and other infrastructure-related appropriations to the department of transportation, including allocation and use of moneys from the road use tax fund and the primary road fund, is hereby disapproved and transmitted to you in accordance with Article III, Section 16, of the Constitution of the State of Iowa.

House File 642 is hereby disapproved on this date.

I am unable to approve House File 642 for the following reasons:

When I announced my intention to once again seek the Governor's office I made a pledge to Iowans to end the past budgeting practices that were sending shockwaves

throughout our state. I promised to restore predictability and stability to the state budgeting process.

As I began preparation of my proposed budget for Fiscal Years 2012 and 2013 I found a current state budget with 89 programs that had been funded by revenue sources that would no longer be available. Nearly \$900 million of on-going state expenditures that rightfully belonged in the general fund had been moved and paid for with one-time money.

Some of the most egregious practices included using one-time money for on-going expenditures, purposely appropriating funds at levels that are grossly insufficient to pay the reasonably estimated costs of entitlement programs, starting programs mid-year, and adopting budgets that direct the Governor to order unspecified budget cuts that must be made mid-year, at the discretion of the Governor.

The results of these practices have been an unprecedented period of unpredictability in the provision of state funds that has caused service disruptions, furloughs, and layoffs throughout state government and for many of our local school districts.

As a first step toward restoring predictability and stability to state budgeting I have submitted to the legislature a proposed biennial state budget that includes funding for both Fiscal Years 2012 and 2013 and have also submitted legislation to require the General Assembly and Governor to adopt a biennial budget.

It is my full expectation that the General Assembly will adopt budgets for all of state government for both Fiscal Years 2012 and 2013.

House File 642 provides for making transportation appropriations and other infrastructure-related appropriations to the Department of Transportation for Fiscal Year 2012, only, in direct violation of the sound budgeting principles upon which my proposed budget is based.

As originally adopted by the Iowa House of Representatives, House File 642 provided appropriations for both Fiscal Years 2012 and 2013. Unfortunately, the Iowa Senate stripped the appropriations for Fiscal Year 2013 and it is in this form House File 642 is currently before me for action.

As such, I cannot approve House File 642. I encourage the General Assembly to reconsider the appropriations made in this legislation so as to include appropriations for both Fiscal Years 2012 and 2013.

Iowans have every right to demand the Governor and General Assembly restore the sound budgeting practices and long-range planning tools that are necessary to ensure predictability and stability in state budgeting and I will continue to work with the General Assembly to make this a reality before adjourning for the year.

For the above reasons, I respectfully disapprove House File 642, in its entirety, in accordance with Article III, Section 16, of the Constitution of the State of Iowa.

Sincerely,
TERRY E. BRANSTAD
Governor

GOVERNOR'S ITEM VETO MESSAGE

April 12, 2011

The Honorable John P. Kibbie
President of the Senate
State Capitol
Des Moines, Iowa 50319

Dear Mr. President:

I hereby transmit Senate File 512, an Act relating to public funding matters by updating the code references to the internal revenue code and by decoupling from certain federal bonus depreciation provisions, authorizing appropriation transfers, and including effective date and retroactive applicability provisions.

Senate File 512 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the item designated as Division IV, which includes Sections 26 and 27. This language would have provided the Governor with the specific authority to transfer funds to the office of the public defender for payment of court-appointed attorneys for indigent defense purposes. As I have made clear, I strongly support an appropriate supplemental appropriation to pay these court-appointed indigent defense attorneys the money that is owed to them and will continue to work with the General Assembly to resolve this matter.

The language I disapprove attempts to end the current legislative stalemate over supplemental appropriations for the provision of indigent defense services administered through the State Public Defender's office.

This current shortfall in the funds available to pay the state's indigent defense bills is the result of actions taken during the 2010 Session of the General Assembly wherein the Governor and General Assembly approved a budget for indigent defense that purposely underfunded this program by nearly \$20 million. This decision was made with the full knowledge the 2011 General Assembly would be forced to take action to provide supplemental funds to the State Public Defender's office for this purpose.

The method provided in Senate File 512 provides the Governor with the specific authority to transfer funds to the State Public Defender for payment of court-appointed attorneys for indigent defense purposes. The funds transferred must come from any department, institution, or agency of the state and will reduce the funds available to those entities by a like amount.

In other words, in order to comply with the provisions of Senate File 512 I would be asked to reduce by nearly \$20 million the current appropriations in other state agencies to secure the resources necessary to transfer to the State Public Defender's office. As there remain less than three months in the current fiscal year, any spending reduction in any agency has an effect nearly four times greater than if the reduction were made at the beginning of a fiscal year.

In Senate File 512 the General Assembly provides the Governor with no guidance regarding which state agencies must be reduced to make this transfer possible.

This method is totally unacceptable and is a continuation of the numerous bad budgeting practices that has created the fiscal mess our state currently faces. It is this fiscal mess that I am committed to correct and I will not participate in a process that both continues those practices and undermines the constitutional responsibility of the General Assembly to make appropriations.

A Governor's transfer authority should be extremely limited during those time periods when the General Assembly is in session. The Iowa Constitution provides a clear method for the appropriation of state funds and I intend to honor that process and the General Assembly's role in spending state funds.

I specifically call on the members of the General Assembly to resume negotiations on legislation to provide a supplemental appropriation for indigent defense and other critical areas of state government that have been left critically short due to past bad budgeting practices.

I strongly support an appropriate supplemental appropriation to pay our indigent defense costs and will continue to work with the General Assembly to resolve this matter.

For the above reasons, I respectfully disapprove this item in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 512 are hereby approved as of this date.

Sincerely,
TERRY E. BRANSTAD
Governor

GOVERNOR'S ITEM VETO MESSAGE

April 21, 2011

The Honorable John P. Kibbie
President of the Senate
State Capitol
Des Moines, Iowa 50319

Dear Mr. President:

I hereby transmit Senate File 209, an Act relating to public funding and regulatory matters by making appropriations, providing for certain additional depreciation allowances, increasing the state earned income tax credit, and including effective date and retroactive applicability provisions.

Senate File 209 made supplemental appropriations that were necessary as a result of past bad budgeting practices. For example, the current shortfall in the funds available to pay the state's indigent defense bills is the result of actions taken during the 2010 Session of the General Assembly wherein the Governor and General Assembly approved a budget for indigent defense that purposely underfunded this program by nearly \$20 million. This decision was made with the full knowledge the 2011 General Assembly would be forced to take action to provide supplemental funds to the State Public Defender's office for this purpose. Similar poor budgeting practices by the General Assembly and Governor in 2010 necessitated \$84 million dollars in cuts that were made in January of this year. Senate File 209 makes supplemental appropriations in areas where these cuts would affect the health and safety of Iowans.

Senate File 209 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the item designated as Division I. The item vetoed language in Division I of Senate File 209 would couple Iowa's tax law with that portion of the federal short term stimulus legislation which allows businesses to take additional depreciation related deductions, often referred to as "bonus depreciation". This short term measure is estimated to reduce revenue to the state general fund by over \$27 million in Fiscal Year 2011, over \$113 million in Fiscal Year 2012 and over \$35 million in Fiscal Year 2013. Any temporary economic stimulus effect of bonus depreciation is primarily accomplished through the federal tax code. Iowa should instead focus its energies on improving our state's long term competitive tax position for new job creation. With our limited budget, that is best accomplished by reducing our commercial property taxes which are second highest in the country and our marginal corporate tax rate which is the highest in the nation. The short term and misdirected approach to policy contained in Senate File 209 will not improve our tax climate for new jobs in Iowa.

I am committed to continuing a tax and jobs policy discussion with the House and Senate to adopt a package of tax reductions that stimulate our long-term economic growth and job creation. Acceptance of the provisions in Division I would prevent our ability to consider other more effective options and I disapprove these provisions in order to allow our tax policy discussions to continue.

I am unable to approve the item designated as Division II. The item vetoed language would increase the Earned Income Tax Credit from the current level of 7.0% of the federal credit to 10.0% of the federal credit. This change is estimated to reduce revenue to the state general fund by \$28.5 million for Fiscal Years 2011-2013.

As earlier indicated, it is my desire to approach tax policy in a comprehensive and holistic manner. As such, I urge members of the House and Senate to continue to work with my office on an overall tax reduction package that both fits within our sound budgeting principles while reducing those taxes that are impeding our state's ability to compete for new business and jobs.

For the above reasons, I respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 209 are hereby approved as of this date.

Sincerely,
TERRY E. BRANSTAD
Governor

On motion by Cownie of Polk the House adjourned at 10:12 a.m., until 1:00 p.m., Monday, April 25, 2011.

REMARKS BY MINORITY LEADER MCCARTHY

McCarthy of Polk offered the following remarks:

Thank you, Mr. Speaker, Mr. Speaker, Ladies and Gentlemen of the House.

Because of the uncertain nature of the shut down, I literally did not prepare any remarks until a few moments ago when Representative Mascher and I scribbled out a few comments on a piece of paper here, so I'll do my best to give a brief, closing speech.

Also, it is 96 degrees outside, I'm told, with a 110 heat index, so I'll be also brief for those reasons, so folks can get on the road.

Let me start by thanking my caucus for electing me as their leader. It has been a great honor to do that.

I also want to thank caucus staff, both the Republican caucus staff and more importantly for me, the Democratic caucus staff. Now I say that because last year, I made a big faux pas. On closing day, the 78th day at noon, I thanked, as Majority Leader, the Republican caucus staff and I did not thank the Democratic caucus staff. Of course I heard about that afterwards, but I do want to say to the body I did not thank the Republican caucus staff because I really wanted to thank them, it was just a Segway to say the name, Jeff Mitchell.

For those newbies who don't know what I'm talking about, you can ask a more senior colleague. I do want to thank our caucus staff. I want to thank door keepers, the sergeant at arms, pages and clerks, Brian and Andrea on my staff, and also working with Republicans, including leadership, Speaker of the House, Majority Leader, Speaker Pro Temp, and all assistant leaders from both sides.

I'm going to start with a little bit of humor before I play the role of the Minority Leader. I remember once, Christopher Rants was asked, "what kind of minority leader are you going to be?" And he said something to the effect of "well, I've seen several, so it'll depend on the day," and so right now I'll be maybe Dick Meyers or Pat Murphy; I may play that kind of a role. Before the end of the speech, I may turn on my inner Rants.

To start with – what I've learned this year. A little bit of lighthearted humor. I've learned that Mary Mascher lets me know that I forget a lot of things, a lot of details. But I also know that she's more than willing to let me know that. I've learned from Cecil Dolecheck that there is nothing like a good book or books to pass the time. I've learned from Peter Cownie and Vicki Lensing that there is *no limit* to the number of times you can say on a bill "this is only a corrective amendment."

I've learned from Chuck Isenhardt that there is *no limit* on the number of amendments that a legislator can read and digest in a given session. I've learned from Jeff Kaufmann and Erik Helland that every time I go to the speaker's well, I make sure that the green microphone light is off.

I've learned that no matter who is in control, *timing* of debate can still be a problem. Four years ago, in a very controversial move, the House Democrats decided to move and lift the ban on somatic nuclear transfer, otherwise known as STEM research. Very heavily opposed by the Catholic Church, and as we came out to debate that bill, I noticed that everyone had a chalk mark on their head. It was Ash Wednesday. This year we debated nuclear power on the 25th anniversary of the Chernobyl meltdown.

Lastly, I've learned that farmers need GPS systems, but I'm assured by farmers like Dan Muhlbauer, that's it's not because, while farming, they get lost.

On a more serious note, I've learned that the chamber, I hope most of us would agree, needs a lot more bipartisanship. There is too much partisanship that existed this year at the Capitol. The blame is to be spread.

To contrast though, from the House Democrats perspective, for four years when we were in the majority, just as one point of reference, when we were in the majority, just as one point of reference, there was hardly a week that went by that we didn't have a Republican preside over debate in this chamber. Whether it was Representative Lukan or Cownie, or many, many others that presided over the debate, we tried to allow that to happen. There was hardly a day that went by that we didn't have our committee chairs assign a bill to Republicans to floor manage and dozens and dozens were floor managed by the minority party.

This year, from the minority perspective, it has been far too partisan and we have far too many partisan debates. We heard a lot this year about the message from the recent elections. What were the messages of the recent elections? I think it's far more complex, far more complex than what we have heard about this year from the majority party.

Readily admit, nationwide 680 incumbent Democratic legislators lost, 18 legislative chambers flipped from Democrat to Republican control. There's only five Democrat senators left in South Dakota and only five Democrat senators left in New Hampshire. They have trifectas now in states like Minnesota and Wisconsin.

What was the message from the electorate? What was the message here in Iowa? Were voters standing in line in November to eliminate our public preschool system? Were voters standing in line to end our collective bargaining system by establishing free-agency at the discretion of the employer. I don't think so and I think that a lot of these efforts, by this tsunami that occurred, as a result of the tsunami that occurred in November, that voters are starting to pull people back, as they often times do.

We now have governor's poll ratings from states like Michigan, Ohio, Indiana, Wisconsin, that are now at the lowest levels in recorded history. We have a special election in the Wisconsin legislature; a reliable, strong Republican seat that a Democrat just won in a landslide. A reliable seat in Congress for New York, formerly held by Jack Kemp; a Democrat just won in a landslide.

What was the message then, last November? I think it's far more complex. I think Iowans and those voters nationally that vote in elections, have had it up to here with our apparent inability to work together to find common ground. Have we given them any hope with how we have shut down this session?

House Democrats want to challenge the majority party, next year, to do better. We will try do better, as well. We want to challenge you to do better. Let's try to resolve our differences, much, much earlier. And remember that Iowa, or Iowans, expect us to work together. We will do our part to work together, to govern together, just like we did last year on government reorganization, which we passed unanimously. But far too often this year, we've had to play the role of the loyal opposition party. We hope we can do better next year.

Thank you, Mr. Speaker and ladies and gentlemen of the House, and I hope everyone has a great summer.

REMARKS BY MAJORITY LEADER UPMEYER

Upmeyer of Hancock offered the following remarks:

Thank you, Mr. Speaker. Mr. Speaker, ladies and gentlemen of the House....

I want to take a moment to thank you all for the selflessness in which you serve Iowans. I know that this session it may have been especially difficult to be away from your families and lives, but you are doing the people's work, and Iowans appreciate your commitment.

To all of the people who keep this chamber running – in particular –LSA and the chief clerk's office – your knowledge and hard work is invaluable.

To all of the people who keep the building beautiful and welcoming to Iowans – thank you.

And a special thank you to our staff: Jeff, Lon, Jason, Amanda, Kristi, Lew, Louis, Brad, Dustin, Jill, Matt, Josie, Terri, Noreen and Tony.

To Minority Leader McCarthy and your staff, thank you for working with us when you were able.

When we started this session, were many new faces in the chamber. I think it's safe to say on day 172 that you're all veterans now. Your patience and perseverance has paid off. You know what they say; good things come to those who wait.

At the beginning of the year, House Republicans laid out an aggressive plan to create jobs, craft fiscally responsible budgets, reduce government burdens and regulations and give the taxpayers a seat at the table.

We wasted little time getting started. Our first bill was the Taxpayers First Act. This plan took input from Iowans and put their ideas into action, reducing state spending by over half a billion dollars over three years and would have set aside \$383 million in a Tax Relief Fund.

Despite the Senate's rejection of the Taxpayers First Act, we were successful in getting nearly every part of that initial bill written into other legislation, still accomplishing our goals. We knew it would be tough, but we didn't walk away.

I am proud that we established the Taxpayers Trust Fund, which is a landmark achievement on behalf of the taxpayers of Iowa. When the State's revenue exceeds expectations the priority will no longer be to use those funds to grow government. Instead, we will now make sure the money gets back into the pockets of the people who earned it.

If there was one thing that we knew Iowans wanted us to address this year, it was the economy. Too many Iowans are out of work and their government was only making the problem worse. But if you were expecting the House to pass some stimulus or cash-for-clunkers program, you weren't paying attention. Iowans want government to get out of the way.

We hit the streets and gravel roads and set a goal of identifying and eliminating burdensome regulations. Led by the chair of our Rules Committee (thank you Rep. Pettengill), we went to all corners of Iowa, listening to their problems.

We heard from job creators, small business owners and every day Iowans who said the rules and regulations set by government were choking growth and inhibiting progress. We began to address these issues this session and will aggressively do so going forward.

When we convened in January, we faced a nearly billion dollar shortfall built into the budget. This fiscal problem was caused by past bad habits of spending more than the state takes in, using one-time dollars for ongoing expenses and borrowing away our future with increased debt. Addressing this was not going to be an easy task – changing the way government operates never is.

Our solution was to craft a sustainable budget; one that eliminated gimmicks and took an Iowa-commonsense approach to budgeting. It should come as no surprise that this was met with significant pushback and threats to shut down government just to protect the status quo. Through it all, we have stood by our promise and on our principles.

If we want to get serious about putting Iowans back to work, we need to start putting money back into the hands of Iowans and job creators which is why we passed broad-based tax reform that didn't pick winners and losers.

I am disappointed that once again, the Legislature has failed to provide any REAL property tax reform for Iowans. With over 100,000 Iowans out of work, now was not the time to be timid. Property tax reform should benefit all property taxpayers.

Ask yourself this; If Iowa continues to have the second highest commercial property tax rate in the nation, can it also be the home of job growth? Are we sending a signal that employers should invest here?

We want to give businesses of ALL sizes the impetus to hire. It is unfortunate that we conclude this session with another missed opportunity to enact real property tax reform.

Over the coming weeks and months, pundits will want to conclude what this session was or was not. They will speculate on property taxes, government spending, job creation, divided government, and the length of the session.

Whatever the conjecture, the reality is this session was about courageously standing up for Iowans. Whether it was giving them smaller government, their money, or even just a seat at the table, Republicans spent 172 days focusing on, and putting Iowans, first.

I want to thank Governor Branstad for his tireless leadership this session. He and Lt. Governor Reynolds travelled the state talking to Iowans, sharing the message of smaller government and job creation.

Thank you to the members of this chamber and of my caucus, your support and advice is appreciated. To the leadership team, Jeff, Erik, Renee, Steve, Matt and Dave, thank you. You have each been a resource and inspiration when I needed you most.

Mr. Speaker, thank you for your leadership and your friendship during this successful session.

REMARKS BY SPEAKER PAULSEN

Paulsen of Linn offered the following remarks:

I want to begin by saying thank you to all the members of the Iowa House of Representatives. Thank you for the time you've sacrificed away from your families, home and careers; and thank you for your commitment to the people of our great state, this session has certainly been unique.

And, special recognition and thank you to the House Majority Leader, the lady from Hancock, Representative Linda Upmeyer. Madam Leader, your leadership, hard work and resolve during the past six months has been tremendous. House Republicans and Iowans appreciate your tireless efforts.

I'd also like to recognize Representative McCarthy for his leadership and efforts to work in a civil and responsible manner. Having previously served as the Minority Leader, I understand and appreciate the challenges you face.

I also want to thank the leadership staff: Josie, Noreen, Terri, Tony and Matt. Thank you for everything you have done this year.

And, thank you to the House Republican Caucus staff for your thorough and timely policy work. Jeff, Lew, Lon, Brad, Jason, Kristi, Jill, Amanda, Louis and Dustin; you continue to impress me with your knowledge and work ethic and you have served the caucus well.

And, thank you to the Chief Clerk, Charlie Smithson, and the hard work of your staff. Having served in the United States Air Force, I am well aware that in every operation there are individuals essential to its success that are rarely recognized and I thank each of you for your service and ensuring the House runs smoothly.

A special thank you to LSA for all of your hard work as well.

Lastly, thanks to Governor Branstad. I appreciate your leadership and your commitment to accomplishing the goals Iowans elected us to tackle.

As I said, this session has been unique. Unique because the first session of the 84th General Assembly will be recorded as one of the longest lasting sessions in the history of the State of Iowa. It is important to understand why this session has lasted as long as it has.

The short explanation is there are philosophical disagreements among passionate Majority Caucuses. The people of Iowa chose to elect a Republican Governor, Republican House and Democrat Senate. Typically, with a divided government things take a little longer to progress. I do not believe this is necessarily a bad thing because it forces individuals with differing perspectives to engage and work together to find agreement. It is healthy for the process and it is what Iowans expect out of their elected officials.

That said, at the beginning of the year, House Republicans committed to an important set of principles:

- Put Iowans back to work
- make it easier to be an employer in the State of Iowa
- refuse to spend more than the state takes in
- shrink the size, scope and cost of state government
- and give the taxpayers a seat at the table.

Through One Hundred and Seventy Two days we have not wavered from those principals. They have not changed and they will not change.

Make no mistake, there will be long days and hard work ahead in subsequent sessions, hopefully, however, they won't last as long as this one. But if they do, it is because this body will do whatever it takes to conduct the people's work while honoring its principals and commitments.

Staying true to those principals, this chamber has passed legislation to accomplish many positive things for the people of Iowa.

First and foremost, this chamber has provided Iowa employers with the certainty of a pro-growth environment needed to put Iowans back to work.

We stopped the relentless assault on Iowa employers by successfully defending Iowa's Right to Work Law. We also protected Iowans from other previously proposed job killing measures. We sent a powerful message that Iowa is open for business.

We signaled there will be certainty in the tax code and that taxes will not rise under our watch. And, this chamber has been successful in creating a Tax Relief Fund. It is designed to capture surplus one-time dollars and deliver it back to the taxpayer, where they belong. The new fund ensures taxpayers will have a seat at the table for years to come.

We conducted a thorough and thoughtful review of state rules and regulations. We identified red tape that is a burden to doing business and proposed and passed legislation addressing these issues. This is an area where we will focus even more next session.

This chamber has been successful in reining in government spending. State Government no longer spends more than it takes in. As it stands today, the Fiscal Year 2012 budget will spend approximately 95% of total available revenue. While still too much, this is a responsible and sustainable level of spending. Instead of spending \$1.18 for each on-going dollar, we now will spend less than .97 cents for each on going dollar.

Controlling spending is not only important for the health of Iowa's economy, but it is also an important piece in providing certainty to Iowa employers. When state government has its fiscal house in order, employers have the confidence to make long-term planning decisions to invest in Iowa and expand their workforce. Because of our actions, employers no longer need to worry about tax increases and other budget gimmicks that threaten job creation.

We have reduced the size of the state bureaucracy. Iowans are better served and get the most out of their hard earned tax dollars when government is lean and efficient. We will continue to find opportunities to ensure essential services like public safety, education and disaster recovery are delivered efficiently without additional layers of bureaucracy.

This body also acted in a bipartisan manner on a host of other issues important to Iowans. The House approved measures to give Iowans the opportunity to vote on the definition of marriage, expand renewable and alternative energy sources like nuclear power, cut income taxes, and provide homeowners and business owners with real and meaningful property tax relief.

Clearly, I am disappointed we were unsuccessful in enacting property tax reform measures.

While this body was successful in enacting the largest property tax cut in the history of Iowa – by once again fully funding the K-12 foundation formula and committing to 100% funding on all property tax credits in FY13 – it is not enough. We continue to have some of the highest commercial property taxes in the nation. We will be back here to address this again next year. Iowans have earned meaningful and sustainable property tax relief.

The House passed legislation to provide schools with flexibility to better educate our children and grandchildren, to give Iowans a voice in making their healthcare decisions and to protect life. Regrettably, these issues and many others did not receive a fair hearing in the Iowa Senate. Regardless, we will reconvene next year to work on these issues and others important to Iowans.

None of us expected to be here on June 30th. But sometimes being patient and doing things differently is what it takes to keep your promises. General George Patton once said, "Never tell people how to do things. Tell them what to do and they will surprise you with their ingenuity." Back in January I asked the 60 members of the House Republican caucus to get the state budget back in order and to get government out of the way of our employers.

We have not only succeeded in that plan but you have impressed Iowans with your drive, determination and ingenuity.

Thank you.

GOVERNOR'S ITEM VETO MESSAGES
SUBSEQUENT TO ADJOURNMENT

A copy of the following communications were received and placed on file:

HOUSE FILE 645

July 27, 2011

The Honorable Matt Schultz
Secretary of State of Iowa
State Capitol
Des Moines, Iowa 50319

Dear Mr. Secretary:

I hereby transmit House File 645, an Act relating to the funding of, the operation of, and appropriation of moneys to the College Student Aid Commission, the Department for the Blind, the Department of Education, and the state Board of Regents, and providing for related matters and for effective date, applicability provisions and retroactive applicability provisions.

House File 645 is approved on this date with the following exceptions, which I hereby disapprove.

I am unable to approve of the items designated as Sections 90, 91 and 92, in their entirety. These items comprise Division V which would impose additional requirements on local, state, regional, or national organizations which relate to the functions of the board of directors of a school district, or to the administrators of a school district and to which a school board pays monetary fees for products or services or annual dues to the organization. I support transparency and accountability for how taxpayer dollars are spent. However, this language is overly broad, lacks clarity, and may have unintended consequences. I am concerned this language will not operate in practice in the way it may have been intended. The language in Division V is overly inclusive and could encompass privately owned, for-profit companies that sell goods or services to a school district.

For the above reasons, I respectfully disapprove the designated items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 645 are hereby approved as of this date.

Sincerely,

TERRY E. BRANSTAD
Governor

HOUSE FILE 646

July 18, 2011

The Honorable Matt Schultz
Secretary of State of Iowa
State Capitol Building
Des Moines, Iowa 50319
Dear Mr. Secretary:

I hereby transmit House File 646, an Act relating to and making appropriations to certain state departments, agencies, funds, and certain other entities, providing for regulatory authority, and other properly related matters, and including effective date provisions.

House File 646 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the designated portion of Section 51, paragraph 4. This item exempts the Commerce Revolving Fund appropriations from a Governor's across the board reduction authority under Iowa Code section 8.31. While the Commerce Revolving Fund should not have financial issues due to the Commerce Department divisions having the ability to collect fees from the associated regulated industries to cover spending, there has been no previous exception to Iowa Code section 8.31. To approve an exception now would potentially open other entities wanting exceptions to the governor's financial management authority.

I am unable to approve the designated portion of Section 67, subsection 2(d), paragraph 3, in its entirety. This item allows the utilities division to spend any unused, unencumbered, or unobligated balance for purposes of the energy-efficient building project for fiscal year 2013. This section is unnecessary as the energy-efficient building project will be completed before the beginning of fiscal year 2013.

I am unable to approve the items designated as Sections 75, 76, and 77 of the bill in their entirety. These items appropriate money for fiscal year 2013 from the Medicaid Fraud Fund. The Medicaid Fraud Fund receives its funding from money it recovers from Medicaid fraud cases. Based on projected revenues and estimated expenditures for fiscal year 2012, the fund is left with a balance less than \$1,000 for fiscal year 2013 which is insufficient to provide for the appropriations made in sections 75, 76, and 77. Therefore, this issue must be visited next session in order to determine a sufficient level of funding.

For the above reasons, I respectfully disapprove the designated items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 646 are hereby approved as of this date.

Sincerely,

TERRY E. BRANSTAD
Governor

HOUSE FILE 648

July 27, 2011

The Honorable Matt Schultz
Secretary of State of Iowa
State Capitol
Des Moines, Iowa 50319

Dear Mr. Secretary:

I hereby transmit House File 648, an Act relating to and making, reducing, and transferring appropriations to state departments and agencies from the Rebuild Iowa Infrastructure Fund, the Technology Reinvestment Fund, the Revenue Bonds Capitals Fund, and other funds, providing for related matters and including effective date and retroactive applicability provisions.

House File 648 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the designated portion of Section 1, subsection 8, lettered paragraph b. The language I disapprove states the General Assembly's intent to appropriate resources for the restoration and reconstruction of the dam at Lake Delhi in future fiscal years. I am supporting the preconstruction dam restoration study as required in this section. I am designating the Department of Natural Resources to take the lead in overseeing this study. However, it is premature to assume the State will obligate funds for the dam until the study is completed and analyzed by myself and the General Assembly.

I am unable to approve the item designated as Section 1, subsection 8, lettered paragraph c, in its entirety. This item would appropriate \$75,000 from the Rebuild Iowa Infrastructure Fund ("RIIF") for fiscal year 2012 to the Department of Natural Resources ("DNR") for the administration of a Water Trails and Low Head Dam Public Hazard Improvement Program. This item was not part of the budget recommendation I submitted to the General Assembly. I expect the Department of Natural Resources to provide what support is necessary for the administration of this program from within the resources the department has available for fiscal year 2012.

I am unable to approve the item designated as Section 1, subsection 8, lettered paragraph d, in its entirety. This item would appropriate \$75,000 from RIIF for fiscal year 2012 to the DNR for contracting for an asset manager for the Honey Creek Resort State Park as a continuation of a program started last fiscal year. The intent at that time was for a one-year contract with an asset manager for the park. Due to this fact, I cannot agree with the continuation of this funding from the RIIF. If it is necessary to continue to contract with an asset manager, I expect the DNR to include these costs in the operations of the park and pay for such operations with the revenues generated at the park. Additionally, this item was not part of the budget recommendation I submitted to the General Assembly.

I am unable to approve the designated portion of Section 5, subsection 2. This item would prohibit the Department of Administrative Services from conducting major repair and maintenance on the Iowa building. The exclusion of one specific building from this program is not appropriate and if continued would lead to increased costs in the future.

I am unable to approve the designated portion of Section 6, lettered paragraph a. This item would prohibit the Department of Administrative Services from conducting major repair and maintenance on the Iowa building. The exclusion of one specific building from this program is not appropriate and if continued would lead to increased costs in the future.

I am unable to approve the designated portion of Section 7. This item would define "resident subcontractor" and could potentially create a preference for resident subcontractors. I disapprove of this language because it could harm Iowa contractors by potentially triggering the reciprocal preference laws of other states, which would hurt construction employment opportunities for Iowans as Iowa contractors compete for out-of-state public projects. Further, this item could impose a costly and burdensome requirement on all Iowa public owners overseeing the construction of public improvements.

I am unable to approve the designated portion of Section 26. This item would increase the RIFF appropriation for the Community Attraction and Tourism program from \$5,000,000 to \$15,000,000 for fiscal year 2013. My recommended budget for fiscal year 2013 called for no appropriation in this program area. As a result of my disapproval of this section, the program will maintain funding at \$5,000,000 for fiscal year 2013. This will provide additional time to consider the best use of these funds in the future.

For the above reasons, I respectfully disapprove the designated items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 648 are hereby approved as of this date.

Sincerely,

TERRY E. BRANSTAD
Governor

HOUSE FILE 649

July 26, 2011

The Honorable Matt Schultz
Secretary of State of Iowa
State Capitol Building
Des Moines, Iowa 50319

Dear Mr. Secretary:

I hereby transmit House File 649, an Act relating to and making appropriations for health and human services and including other related provisions and appropriations, and including effective, retroactive, and applicability date provisions.

House File 649 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the item designated as Section 2, subsection 4, lettered paragraph h, numbered paragraph 2 in its entirety. This item requires that the Department of Public Health establish a board of direct care workers contingent upon availability of funds. Funding for such a board would come from license fees and requiring direct care workers to pay such fees would be unduly burdensome and costly for both the State of Iowa and the workers.

I am unable to approve the item designated as Section 3, subsection 2, lettered paragraph d in its entirety. This item creates a redundant, overly burdensome mandate requiring the Iowa Veterans' Home to report expenditure reports monthly to the Legislative Services Agency for fiscal year 2012. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is already available within the State's accounting and budgeting systems.

I am unable to approve the designated portion of Section 25. This item creates carry-forward language which is unnecessary for the Department of Human Services from fiscal year 2012 to fiscal year 2013 for field operations. The carry-forward language does not work to advance my goals of returning predictability and sustainability back to government budgeting.

I am unable to approve the item designated as Section 26, paragraph 6 in its entirety. This item creates carry-forward language which is unnecessary for the Department of Human Services from fiscal year 2012 to fiscal year 2013 for general administration. The carry-forward language does not work to advance my goals of returning predictability and sustainability back to government budgeting.

I am unable to approve the item designated as Section 31 in its entirety. This item creates a redundant mandate requiring the Iowa Department on Aging, Department of Human Services, Department of Public Health, and Department of Veterans' Affairs to report to the Legislature, Legislative Services Agency, the Department of Management, and the legislative caucus staff when a department is applying for or renewing a federal grant with a value of over \$1,000. While I strongly support communication and collaboration among state agencies and branches of government, this item is unnecessary because Iowa Code section 8.9, paragraph 2(a) requires that all grant applications submitted and grant moneys received shall be reported to the Office of Grant Enterprise Management. Iowa Code section 8.9, paragraph 2(b) provides that a report shall be submitted to the legislature on July 1st and January 1st of each year.

I am unable to approve the item designated as Section 37, paragraph 14 in its entirety. This item directs the Department of Human Services and the Iowa Medicaid Enterprise to study new provider payment methodologies. I support innovation in Medicaid to allow sustainability and greater quality of care. However, due to the austere nature of this budget and our need to focus on current cost containment strategies proposed by the Iowa Medicaid Enterprise, I cannot approve of a new study further stretching department resources.

I am unable to approve the designated portion of Section 45, paragraph 7, lettered paragraph c. Spending for the county rebates was inadvertently located in two locations with two different directives to the department. The first location, Section 43,

subsection 5, lettered paragraph c, allows the Department of Human Services to target funding that decreases county mental health waiting lists which I approve. The language I disapprove here distributes funding that does not necessarily provide additional funding to counties with a waiting list as the requirements for distribution of targeted growth are not dependent on a county having a waiting list.

I am unable to approve the items designated as Sections 95, 96, 97, 98, and 99 in their entirety. These items reinstate the mental health drug exemption from the Medicaid preferred drug list retroactive to January 1, 2011. These items unduly harm a sound, clinically appropriate approach that has resulted in minimal impacts to Iowa Medicaid patients and providers, but that has provided valuable cost savings to a vital entitlement program.

I am unable to approve the items designated as Sections 105, 106, and 107 in their entirety. These items extend the State's indemnification to hospitals that already have their own liability insurance and who are already required to provide volunteer services. The State currently provides specialty healthcare providers that have limited resources with indemnification when they provide volunteer services to the most vulnerable citizens of Iowa. Because hospitals with their own liability insurance already provide volunteer services, members of the public would receive no benefit while the State would experience unnecessary costs.

I am unable to approve the item designated as Section 109 in its entirety. This item directs the Department of Human Services and the Iowa Medicaid Enterprise to study new payment methodologies. I support innovation in Medicaid to allow sustainability and greater quality of care. However, due to the austere nature of this budget and our need to focus on current cost containment strategies proposed by the Iowa Medicaid Enterprise, I cannot approve of a new study further stretching department resources.

I am unable to approve the item designated as Section 114, subsection 4, lettered paragraph h, numbered paragraph 2 in its entirety. This item requires that the Department of Public Health establish a board of direct care workers contingent upon availability of funds. Funding for such a board would come from license fees and requiring direct care workers to pay such fees would be unduly burdensome and costly for both the State of Iowa and the workers.

I am unable to approve the item designated as Section 115, subsection 2, lettered paragraph d in its entirety. This item creates a redundant, overly burdensome mandate requiring the Iowa Veterans' Home shall report expenditure reports monthly to the Legislative Services Agency for fiscal year 2013. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is already available within the State's accounting and budgeting systems.

I am unable to approve the designated portion of Section 138. This item creates carry-forward language which is unnecessary for the Department of Human Services from fiscal year 2013 to 2014 for field operations. The carry-forward language does not work to advance my goals of returning predictability and sustainability back to government budgeting.

I am unable to approve the item designated as Section 139, paragraph 6 in its entirety. This item creates carry-forward language which is unnecessary for the Department of Human Services from fiscal year 2013 to 2014 for general administration. The carry-

forward language does not work to advance my goals of returning predictability and sustainability back to government budgeting.

I am unable to approve the item designated as Section 148, paragraph 14 in its entirety. This item directs the Department of Human Services and the Iowa Medicaid Enterprise to study new provider payment methodologies. I support innovation in Medicaid to allow sustainability and greater quality of care. However, due to the austere nature of this budget and our need to focus on current cost containment strategies proposed by the Iowa Medicaid Enterprise, I cannot approve of a new study further stretching department resources.

For the above reasons, I respectfully disapprove the designated items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 649 are hereby approved as of this date.

Sincerely,

TERRY E. BRANSTAD

SENATE FILE 508

July 18, 2011

The Honorable Matt Schultz
Secretary of State of Iowa
State Capitol
Des Moines, Iowa 50319

Dear Mr. Secretary:

I hereby transmit Senate File 508, an Act appropriating federal funds made available from federal block grants and other non-state sources, allocating portions of federal block grants, and providing procedures if federal funds are more or less than anticipated or if federal block grants are more or less than anticipated.

Senate File 508 is, therefore, signed on this date with the following exception, which I hereby disapprove.

I am unable to approve Section 36 of the bill in its entirety. This item creates a redundant mandate by requiring departments that receive funds from this appropriation bill to provide a detailed plan of the past, current, and future expenditures of federal funds designated for departmental administrative expenses 60 days before the start of the new federal fiscal year. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is already available within the State's accounting and budgeting systems. Furthermore, the future year's plan will be of little to no benefit beyond what is currently available because most of the amounts will not have been established by the federal government in a timely fashion that would allow a complete and accurate report 60 days before the start of the new federal fiscal year.

For the above reasons, I respectfully disapprove the designated item in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 508 are hereby approved as of this date.

Sincerely,

TERRY E. BRANSTAD

SENATE FILE 510

July 29, 2011

The Honorable Matt Schultz
Secretary of State of Iowa
State Capitol
Des Moines, Iowa 50319

Dear Mr. Secretary:

I hereby transmit Senate File 510, an act relating to and making appropriations to the justice system, providing penalties, and including effective and retroactive applicability date provisions.

Senate File 510 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the item designated in Section 4, numbered paragraph 1, lettered paragraph a in its entirety. This item prevents the Department of Corrections from entering into a new contract in excess of \$100,000 for privatized services during fiscal year 2012 and 2013 without prior notification of the legislature and employee organizations. However, these sections allow the department to renew existing contracts without notification. This item would prevent the department from obtaining services for inmates in an effective and efficient manner. This notification unnecessarily impedes on the department's management authority.

I am unable to approve the item designated in Section 4, numbered paragraph 2, lettered paragraph a in its entirety. This item mandates the Department of Corrections to transfer at least \$300,000 from canteen funds of the institutions to the department's education programs. The department already is required and desires to utilize canteen funds for the benefit of inmates. However, this item requires the department to use \$300,000 of the canteen fund towards inmate education programs when the fund usually does not have \$300,000. It is impossible for the department to spend \$300,000 of the fund when the fund's balance is typically below that amount. Therefore, I continue to encourage the department to use funds provided in the Canteen Fund towards education programs for inmates.

I am unable to approve the item designated in Section 5, subsection 6 in its entirety. This item would require all Community Based Correctional ("CBC") facilities to accept offenders transferred from other judicial districts without consideration of evidence-based practices regarding supervisory status. I disapprove this language in order to

assure that each CBC facility will maintain control of the types and numbers of offenders who they serve in their respective residential programs.

I am unable to approve the item designated in Section 33, numbered paragraph 1, lettered paragraph a in its entirety. This item prevents the Department of Corrections from entering into a new contract in excess of \$100,000 for privatized services during fiscal year 2012 and 2013 without prior notification of the legislature and employee organizations. However, these sections allow the department to renew existing contracts without notification. This item would prevent the department from obtaining services for inmates in an effective and efficient manner. This notification unnecessarily impedes on the department's management authority.

I am unable to approve the item designated in Section 33, numbered paragraph 2, lettered paragraph a in its entirety. This item mandates the Department of Corrections to transfer at least \$300,000 from canteen funds of the institutions to the department's education programs. The department already is required and desires to utilize canteen funds for the benefit of inmates. However, this item requires the department to use \$300,000 of the canteen fund towards inmate education programs when the fund usually does not have \$300,000. It is impossible for the department to spend \$300,000 of the fund when the fund's balance is typically below that amount. Therefore, I continue to encourage the department to use funds provided in the Canteen Fund towards education programs for inmates.

I am unable to approve the item designated in Section 34, paragraph 6 in its entirety. This item would require all Community Based Correctional ("CBC") facilities to accept offenders transferred from other judicial districts without consideration of evidence-based practices regarding supervisory status. I disapprove this language in order to assure that each CBC facility will maintain control of the types and numbers of offenders who they serve in their respective residential programs.

For the above reasons, I respectfully disapprove the designated items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 510 are hereby approved as of this date.

Sincerely,

TERRY E. BRANSTAD

SENATE FILE 517

July 27, 2011

The Honorable Matt Schultz
Secretary of State of Iowa
State Capitol
Des Moines, Iowa 50319

Dear Mr. Secretary:

I hereby transmit Senate File 517, an Act relating to and making appropriations to the Department of Cultural Affairs, the Department of Economic Development, certain Board of Regents Institutions, the Department of Workforce Development, the Iowa Finance Authority, and the Public Employment Relations Board, and addressing related matters including tax credits and including immediate effective dates and retroactive applicability provisions.

Senate File 517 is approved on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the item designated as Section 15, subsection 3, paragraph c, in its entirety. This item would prohibit Iowa Workforce Development (“IWD”) from putting forth an enhanced delivery system that broadens access to Iowans across the state in fiscal year 2012. In order to develop a sustainable delivery system, in light of continually fluctuating federal funding, the department must put forth a system that embraces the use of technology while providing enhanced benefits through maximum efficiencies. At this time, IWD has over one hundred ninety virtual access point workstations in over sixty new locations throughout the state in order to increase access to these critical services. Iowans are already utilizing expanded hours of operations, six days a week. At my direction, IWD will have hundreds of additional virtual access points by the end of fiscal year 2012.

I am unable to approve the item designated as Section 15, subsection 5 in its entirety. This item attempts to define a delivery system in such a way as to prevent growth and progress in serving Iowans in fiscal year 2012. IWD has recognized the necessity of delivering services through multiple streams, including technology. As such, IWD is putting forth a plan that delivers more services to Iowans while streamlining government.

I am unable to approve the item designated as Section 20 in its entirety. This item would prohibit IWD from using the National Career Readiness Certificate program in fiscal year 2012. The National Career Readiness Certificate program is an Iowa-based product which is an assessment and skill development tool that has been embraced by over 400 Iowa employers as an exceptional tool for demonstrating skills for a potential employee. It is recognized nationally by both the Executive Office of the President and the U. S. Department of Labor as a reliable and portable tool for job seekers to present and certify their skills. I cannot agree with the denial to IWD of the potential use of this program.

I am unable to approve the item designated as Section 26 in its entirety. This item would transfer and appropriate unobligated money in the Save Our Small Business

Fund to Iowa Workforce Development to be used for field offices in fiscal year 2012. Funding on-going operational expenses with one-time funds violates sound budgeting principles. This one-time funding source does not create a sustainable operating environment; instead it moves the funding problem into the future.

I am unable to approve the item designated as Section 61, subsection 3, paragraph c, in its entirety. This item would prohibit IWD from putting forth an enhanced delivery system that broadens access to Iowans across the state for fiscal year 2013. In order to develop a sustainable delivery system, in light of continually fluctuating federal funding, the department must put forth a system that embraces the use of technology while providing enhanced benefits through maximum efficiencies. At this time, IWD has over one hundred ninety virtual access point workstations in over sixty new locations throughout the state in order to increase access to these critical services. Iowans are already utilizing expanded hours of operations, six days a week. At my direction, IWD will have hundreds of additional virtual access points by the end of fiscal year 2012.

I am unable to approve the item designated as Section 61, subsection 5 in its entirety. This item attempts to define a delivery system in such a way as to prevent growth and progress in serving Iowans for fiscal year 2013. IWD has recognized the necessity of delivering services through multiple streams, including technology. As such, IWD is putting forth a plan that delivers more services to Iowans while streamlining government.

I am unable to approve the item designated as Section 66 in its entirety. This item would prohibit IWD from using the National Career Readiness Certificate program in fiscal year 2013. The National Career Readiness Certificate program is an Iowa-based product which is an assessment and skill development tool that has been embraced by over 400 Iowa employers as an exceptional tool for demonstrating skills for a potential employee. It is recognized nationally by both the Executive Office of the President and the U. S. Department of Labor as a reliable and portable tool for job seekers to present and certify their skills. I cannot agree with the denial to IWD of the potential use of this program.

For the above reasons, I respectfully disapprove the designated items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 517 are hereby approved as of this date.

TERRY E. BRANSTAD

SENATE FILE 533

July 27, 2011

The Honorable Matt Schultz
Secretary of State of Iowa
State Capitol
Des Moines, Iowa 50319

Dear Mr. Secretary:

I hereby transmit Senate File 533, an Act relating to state and local finances by providing for funding of property tax credits and reimbursements, by making and adjusting appropriations, providing for salaries and compensation of state employees, providing for matters relating to tax credits, providing for fees and penalties, providing for legal responsibilities, and providing for properly related matters, and including effective date and retroactive and other applicability provisions.

Senate File 533 is approved on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the item designated as Section 6 in its entirety. This item would provide that for fiscal year 2012 bonus pay would be prohibited for employees of the Executive, Judicial and Legal branches. This item would unduly limit the ability of the Executive branch to deploy such methods to attract, retain, incentivize and reward exceptional employees.

I am unable to approve the item designated as Section 45 in its entirety. This item would provide that for fiscal year 2013 bonus pay would be prohibited for employees of the Executive, Judicial and Legal branches. This item would unduly limit the ability of the Executive branch to deploy such methods to attract, retain, incentivize and reward exceptional employees.

I am unable to approve the item designated as Section 90 in its entirety. This item would increase the number of voting members of the Iowa Law Enforcement Academy council by two members, increasing the total membership from thirteen to fifteen members. The number of voting members was increased by legislation earlier this year from seven to thirteen. I disapprove of this item because adding two additional members to this board, bringing the total to fifteen voting members, would make it too cumbersome and will impede its effectiveness. The existing board members can work to seek input from the public and interested parties.

I am unable to approve the items designated as Section 108 in its entirety. These items would specify that each department of State government track budget and actual expenditures for contract services and employee training. This item creates a redundant mandate. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is available within the State's accounting and budgeting systems.

I am unable to approve the items designated as Sections 117, 118 and 119 in their entirety. These items would extend the Medication Therapy Management pilot program conducted by the Department of Administrative Services for certain State employees for one more year. This pilot program is funded by a transfer of \$510,000 from the Board of Pharmacy to the Department of Administrative Services to pay for the extension. The purpose of this pilot program was to temporarily engage in an activity and, at completion, thoroughly review the results before taking additional action. As a result, it is premature to authorize an additional year for this pilot program until the results have been reviewed to measure program effectiveness and for that reason I cannot authorize its continuation at this time.

I am unable to approve the items designated as Sections 120 and 121 in their entirety. The item would increase the Earned Income Tax Credit from the current level of 7.0% of the federal credit to 10.0% of the federal credit. This change is estimated to reduce revenue to the state general fund by \$28.5 million for Fiscal Years 2012-2013. It is my desire to approach tax policy in a comprehensive and holistic manner. As such, I urge members of the House and Senate to continue to work with my office on an overall tax reduction package that both fits within our sound budgeting principles while reducing those taxes that are impeding our state's ability to compete for new business and jobs.

For the above reasons, I respectfully disapprove the designated items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 533 are hereby approved as of this date.

Sincerely,

TERRY E. BRANSTAD
Governor
