9 read as follows:

10 321.55 Registration and financial liability coverage
11 required for certain vehicles owned or operated by
12 nonresidents.

13 1. A nonresident owner or operator engaged in
14 remunerative employment within ~~the~~ this state or
15 carrying on business within ~~the~~ this state and owning
16 or operating a motor vehicle, trailer, or semitrailer
17 within ~~the~~ this state shall register and maintain
18 financial liability coverage as required under section
19 321.20B for each vehicle and pay the same fees for
20 registration as are paid for like vehicles owned by
21 residents of this state. However, ~~this paragraph~~
22 subsection does not apply to a person commuting from
23 the person's residence in another state or whose
24 employment is seasonal or temporary, not exceeding
25 ninety days.

26 2. a. A nonresident owner of a motor vehicle

41 or nonconsecutive days and is operated on an Iowa
42 highway by an Iowa resident during that time. It is
43 unlawful for a resident to operate within the state an

45 under this paragraph. The ninety-day temporary period
46 of operation provided for under this paragraph does
47 not apply to a vehicle owned by a shell business as
48 provided in paragraph "b".

49 b. On or after July 1, 2013, if the department,

3 that is a shell business, it shall be rebuttably
4 presumed that the Iowa resident in control of the
5 vehicle is the actual owner of the vehicle, that the
6 vehicle is subject to registration in this state, and
7 that payment of the fee for new registration for the
8 vehicle is owed by the Iowa resident.

9 (1) Factors which indicate that a partnership,
10 limited liability company, or corporation is a shell
11 business include but are not limited to the following:

13 or corporation lacks a specific business activity or
14 purpose.

29 (a) The person was the initial purchaser of the
30 vehicle.

31 (b) The person operated or stored the vehicle in
32 Iowa for any period of time.

33 (c) The person is a partner, member, or shareholder
34 of the nonresident partnership, limited liability
35 company, or corporation that purports to be the owner
36 of the vehicle.

37 (d) The person is insured to drive the vehicle.

38 (3) If the department determines that the
39 nonresident owner of a vehicle is a shell business, the
40 department shall notify the Iowa resident in control
41 of the vehicle in writing that the Iowa resident is
42 required to obtain an Iowa certificate of title and
43 registration for the vehicle and pay the fee for new
44 registration owed for the vehicle not later than thirty
45 days from the date of the notice.

46 Sec. 184. Section 321.105A, subsection 7, Code
47 2013, is amended to read as follows:

48 7. Penalty for false statement or evasion of fee.

49 a. A person who willfully makes a false statement
50 in regard to the purchase price of a vehicle subject

Page 64

1 to a fee for new registration or willfully attempts
2 in any manner to evade payment of the fee required by
3 this section is guilty of a fraudulent practice. A
4 person who willfully makes a false statement in regard
5 to the purchase price of such a vehicle with the intent
6 to evade payment of the fee for new registration or
7 willfully attempts in any manner to evade payment of
8 the fee required by this section shall be assessed
9 a penalty of seventy-five percent of the amount of
10 the fee unpaid and required to be paid on the actual
11 purchase price less trade-in allowance.

12 b. An Iowa resident found to be in control of
13 a vehicle which is owned by a shell business and
14 for which the fee for new registration has not been
15 paid, as provided in section 321.55, subsection 2, is
16 guilty of a fraudulent practice. An Iowa resident
17 found to be in control of a vehicle which is owned
18 by a shell business and for which the fee for new
19 registration has not been paid, as provided in section
20 321.55, subsection 2, shall be assessed a penalty of
21 seventy-five percent of the amount of the fee unpaid
22 and required to be paid on the actual purchase price
23 less trade-in allowance.

24 Sec. 185. REPEAL. Section 321.116, Code 2013, is
25 repealed.

26 Sec. 186. APPLICABILITY — PRIOR ELECTRIC VEHICLE
27 REGISTRATIONS.

28 1. Except as provided in subsection 2, the section
29 of this division of this Act that repeals section
30 321.116 applies to the registration of electric motor
31 vehicles for registration years beginning on or after
32 January 1, 2014.

33 2. For an annual renewal of registration for an
34 electric motor vehicle which was registered to the

21 the same manner as provided for the original plan. In
22 no case, however, shall an amendment to the district
23 plan result in the extension of the commencement date
24 established by the board. If a district plan is
25 amended to add or modify a project, the municipality
26 shall amend the ordinance, if necessary, to reflect any
27 changes to the financial information required to be
28 included under subsection 4.

29 6. Following establishment of a district, the

SENATE AMENDMENT

H-1454

1 Amend House File 640, as amended, passed, and
 2 reprinted by the House, as follows:
 3 1. By striking everything after the enacting clause
 4 and inserting:

5 <DIVISION I
 6 LEGISLATIVE INTENT

7 Section 1. USE OF RENEWABLE FUELS. The general
8 assembly finds and declares all of the following:

9 1. In accordance with the federal Energy Policy
10 Act of 2005, Pub. L. No. 109-58, as amended by the
11 federal Energy Independence and Security Act of 2007,
12 Pub. L. No. 110-140, the United States has demonstrated
13 its commitment to the long-term policy of increasing
14 the production of clean renewable fuels according to
15 a renewable fuel standard, sometimes referred to as
16 "RFS2," by requiring the increased domestic production
17 and use of renewable fuels, which include total
18 renewable biofuels such as ethanol, advanced biofuels,
19 cellulosic and agricultural waste-based biofuels, and
20 biomass-based biodiesel.

21 2. The renewable fuel standard provides the
22 foundation for reducing dependence on foreign
23 sources of crude oil, reducing the price of domestic
24 transportation fuels, reducing greenhouse gases,
25 increasing farm income, and encouraging the development
26 and expansion of a new industry, and consequently
27 promoting economic growth.

28 3. The rising price of petroleum hampers this
29 nation's economic recovery and contributes to
30 increasing retail prices, including increased costs
31 attributable to the transportation of food and other
32 goods, that drain the finances of both consumers and
33 business.

34 4. The United States Environmental Protection
35 Agency is responsible for establishing and implementing
36 the renewable fuel standard, including by requiring
37 that certain volumes of various types of biofuels
38 be blended in transportation fuels each year with
39 authority to adjust those volumes due to availability.

40 5. The United States government should renew its
41 commitment to this nation's energy security, move the
42 United States toward greater energy independence and
43 security as required by the federal Energy Independence
44 and Security Act, and use all efforts to meet the
45 highest possible renewable fuel volume requirements set
46 forth in the renewable fuel standard in order to ensure
47 that this nation achieves energy independence.

NEW SUBSECTION. 5. This section is repealed July 1, 2016.

Sec. 66. NEW SECTION. **284.11 State supplemental assistance for high-need schools.**

1. *Findings and intent.* The general assembly finds that students whose first language is not English, who have special needs, or who come from low-income backgrounds face potential obstacles to learning. Schools across Iowa, both urban and rural, have increasing numbers of students who face these challenges. Therefore, it is the intent of the general assembly to provide supplemental assistance to the highest-need schools in Iowa to address these challenges. This section provides for state assistance to allow school districts to develop extended learning time programs, hire instructional support staff, provide additional professional development, or supplement the salary of teachers in the identified schools.

2. *Department's responsibilities.* The department shall do the following:

a. Collect relevant data and establish a list of high-need schools eligible for state supplemental assistance. The department shall establish a process and criteria to determine which schools are placed on the list and the department shall revise the list annually. Criteria for the determination of which high-need schools shall be placed on the list shall be based upon factors that include but are not limited to the socioeconomic status of the students enrolled in the school, the percentage of the school's student body who are limited English proficient students, student academic growth, certified instructional staff attrition, and geographic balance. The department may approve or disapprove requests for revision of the list, which a school district submits pursuant to subsection 3.

b. Develop a standardized process for distributing moneys appropriated for supplemental assistance for high-need schools under section 284.13, subsection 1, paragraph "00e", to school districts. In determining the process for distribution of such moneys, the department shall take into consideration the amount of moneys appropriated for supplemental assistance in high-need schools for the given year and the minimal amount of moneys needed to increase the academic achievement of students. A school district receiving moneys pursuant to this section shall certify annually to the department how the moneys distributed to the school district pursuant

to this section were used by the school district.

c. Review the use and effectiveness of the funds distributed to school districts for supplemental assistance in high-need schools under this section, and consider the findings and recommendations of the commission on educator leadership and compensation submitted pursuant to section 284.15, subsection 13, relating to the use and effectiveness of the funds distributed to school districts under this section. The department shall submit its findings and recommendations in a report to the general assembly by January 15 annually.

3. *School district request for approval.* A school district may request on an annual basis approval from the department for additions to the list of high-need schools the department maintains pursuant to subsection 2 based upon the unique local conditions and needs of the school district. The criteria used to determine the placement of high-need schools on the list in accordance with subsection 2, does not restrict the department from adding a high-need school to the list as requested by a school district on the basis of unique local conditions and needs pursuant to this subsection.

4. *Moneys received and miscellaneous income.* The distribution of moneys allocated pursuant to section 284.13, subsection 1, paragraph "00e", to a school district shall be made in one payment on or about October 15 of the fiscal year for which the appropriation is made, taking into consideration the relative budget and cash position of the state resources. Such moneys shall not be commingled with state aid payments made under section 257.16 to a school district and shall be accounted for by the local school district separately from state aid payments. Payments made to school districts under this section are miscellaneous income for purposes of chapter 257. A school district shall maintain a separate listing within its budget for payments received and expenditures made pursuant to this section.

5. *Moneys received to supplement salaries.* Moneys received by a school district pursuant to section 284.13, subsection 1, paragraph "00e", shall be used to supplement and not supplant the salary being received by a teacher in a high-need school, and shall not be considered under chapter 20 by an arbitrator or other third party in determining a comparison of the wages of teachers in that high-need school with the wages of teachers in other buildings or in another school district.

Sec. 4. NEW SECTION. 426C.2 Business property tax credit fund — appropriation.

1. A business property tax credit fund is created in the state treasury under the authority of the department. For the fiscal year beginning July 1, 2014, there is appropriated from the general fund of the state to the department to be credited to the fund, the sum of fifty million dollars to be used for business property tax credits authorized in this chapter. For the fiscal year beginning July 1, 2015, there is appropriated from the general fund of the state to the department to be credited to the fund, the sum of one hundred million dollars to be used for business property tax credits authorized in this chapter. Moneys in the fund are not subject to the provisions of section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this chapter.

Sec. 5. NEW SECTION. 426C.3 Claims for credit.

1. Each person who wishes to claim the credit allowed under this chapter shall obtain the appropriate forms from the assessor and file the claim with the assessor. The director of revenue shall prescribe suitable forms and instructions for such claims, and make such forms and instructions available to the assessors.

2. *a.* Claims for the business property tax credit shall be filed not later than March 15 preceding the fiscal year during which the taxes for which the credit is claimed are due and payable.

b. A claim for credit filed after the deadline for filing claims shall be considered as a claim for the following year.

3. Upon the filing of a claim and allowance of the credit, the credit shall be allowed on the parcel or property unit for successive years without further filing as long as the parcel or property unit satisfies the requirements for the credit. If the parcel or property unit ceases to qualify for the credit under this chapter, the owner shall provide written notice to the assessor by the date for filing claims specified in subsection 2 following the date on which the parcel or property unit ceases to qualify for the credit.

4. The assessor shall remit the claims for credit to the county auditor with the assessor’s recommendation for allowance or disallowance. If the assessor recommends disallowance of a claim, the assessor shall submit the reasons for the recommendation, in writing, to the county auditor. The county auditor shall forward the claims and recommendations to the board of supervisors. The board shall allow or disallow the claims.

5. For each claim and allowance of a credit for a property unit, the county auditor shall calculate the average of all consolidated levy rates applicable to the several parcels within the property unit. All claims for credit which have been allowed by the board of supervisors, the actual value of such parcels and property units applicable to the fiscal year for which the credit is claimed that are subject to assessment and taxation prior to imposition of any applicable assessment limitation, the consolidated levy rates for such parcels and the average consolidated levy rates for such property units applicable to the fiscal year for which the credit is claimed, and the taxing districts in which the parcel or property unit is located, shall be certified on or before

June 30, in each year, by the county auditor to the department.

6. The assessor shall maintain a permanent file of current business property tax credits. The assessor shall file a notice of transfer of property for which a credit has been allowed when notice is received from the office of the county recorder, from the person who sold or transferred the property, or from the personal representative of a deceased property owner. The county recorder shall give notice to the assessor of each transfer of title filed in the recorder's office. The notice from the county recorder shall describe the property transferred, the name of the person transferring title to the property, and the name of the person to whom title to the property has been transferred.

7. When all or a portion of a parcel or property unit that is allowed a credit under this chapter is sold, transferred, or ownership otherwise changes, the buyer, transferee, or new owner who wishes to receive the credit shall refile the claim for credit. In addition, when a portion of a parcel or property unit that is allowed a credit under this chapter is sold, transferred, or ownership otherwise changes, the owner of the portion of the parcel or property unit for which ownership did not change shall refile the claim for credit.

Sec. 6. NEW SECTION. 426C.4 Eligibility and amount of credit.

1. *a.* Except as provided in paragraph "b", parcels classified and taxed as commercial property, industrial property, or railway property under chapter 434 are eligible for a credit under this chapter. A person may claim and receive one credit under this chapter for each eligible parcel unless the parcel is part of a property unit for which a credit is claimed. A person may claim and receive one credit under this chapter for each property unit. A credit approved for a property unit shall be allocated to the several parcels within the property unit in the proportion that each parcel's total amount of property taxes due and payable bears to the total amount of property taxes due and payable on the property unit. Only property units comprised of property assessed as commercial property, industrial property, or railway property under chapter 434 are eligible for a credit under this chapter. The classification of property used to determine eligibility for the credit under this chapter shall be the classification of the property for the assessment year used to calculate the taxes due and payable in the fiscal year for which the credit is claimed.

b. All of the following shall not be eligible to receive a credit under this chapter or be part of a property unit that receives a credit under this chapter:

(1) Property that is rented or leased to low-income individuals and families as authorized by section 42 of the Internal Revenue Code, as amended, and that is subject to assessment procedures relating to section 42 property under section 441.21, subsection 2, for the applicable assessment year.

(2) For credits claimed for the fiscal year beginning July 1, 2014, and the fiscal year beginning July 1, 2015, property that is a mobile home park, manufactured home community, land-leased community, assisted living facility, as those terms are defined in section 441.21, subsection 13, as enacted in division III of this Act, or that is property primarily used or intended for human habitation containing three or more separate dwelling units.

2. Using the actual value of each parcel or property unit and the consolidated levy rate for each parcel or the average consolidated levy rate for each property unit, as certified by the county auditor to the department under section 426C.3, subsection 5, the department shall calculate, for each fiscal year, an initial amount of actual value for use in determining the amount of the credit for each such parcel or property unit so as to provide the maximum possible credit according to the credit formula and limitations under subsection 3, and to provide a total dollar amount of credits against the taxes due and payable in the fiscal year equal to ninety-eight percent of the moneys

in the fund following the deposit of the appropriation for the fiscal year and including interest or earnings credited to the fund.

3. *a.* The amount of the credit for each parcel or property unit for which a claim for credit under this chapter has been approved shall be calculated under paragraph “*b*” using the lesser of the initial amount of actual value determined by the department under subsection 2, and the amount of actual value of the parcel or property unit certified by the county auditor under section 426C.3, subsection 5.

b. The amount of the credit for each parcel or property unit for which a claim for credit under this chapter has been approved shall be equal to the product of the amount of actual value determined under paragraph “*a*” times the difference, stated as a percentage, between the assessment limitation percentage applicable to the parcel or property unit under section 441.21, subsection 5, and the assessment limitation percentage applicable to residential property under section 441.21, subsection 4, divided by one thousand dollars, and then multiplied by the consolidated levy rate or average consolidated levy rate per one thousand dollars of taxable value applicable to the parcel or property unit for the fiscal year for which the credit is claimed as certified by the county auditor under section 426C.3, subsection 5.

Sec. 7. NEW SECTION. 426C.5 Payment to counties.

1. Annually the department shall certify to the county auditor of each county the amounts of the business property tax credits allowed in the county. Each county auditor shall then enter the credits against the tax levied on each eligible parcel or property unit in the county, designating on the tax lists the credit as being paid from the fund. Each taxing district shall receive its share of the business property tax credit allowed on each eligible parcel or property unit in such taxing district in the proportion that the levy made by such taxing district upon the parcel or property unit bears to the total levy upon the parcel or property unit by all taxing districts. However, the several taxing districts shall not draw the moneys so credited until after the semiannual allocations have been received by the county treasurer, as provided in this section. Each county treasurer shall show on each taxpayer receipt the amount of credit received from the fund.

2. The director of revenue shall authorize the department of administrative services to draw warrants on the fund payable to the county treasurers of the several counties of the state in the amounts certified by the department.

3. The amount due each county shall be paid in two payments on November 15 and March 15 of each fiscal year, drawn upon warrants payable to the respective county treasurers. The two payments shall be as nearly equal as possible.

Sec. 8. NEW SECTION. 426C.6 Appeals.

1. If the board of supervisors disallows a claim for credit under section 426C.3, subsection 4, the board of supervisors shall send written notice, by mail, to the claimant at the claimant’s last known address. The notice shall state the reasons for disallowing the claim for the credit. The board of supervisors is not required to send notice that a claim for credit is disallowed if the claimant voluntarily withdraws the claim. Any person whose claim is disallowed under the provisions of this chapter may appeal from the action of the board of supervisors to the district court of the county in which the parcel or property unit is located by giving written notice of such appeal to the county auditor within twenty days from the date of mailing of notice of such action by the board of supervisors.

2. If a claim for credit is disallowed by the board of supervisors, and such action is subsequently reversed on appeal, the credit shall be allowed on the applicable parcel or property unit, and the director of revenue, the county auditor, and the county treasurer shall provide the credit and change their books and records accordingly. In the event the claimant has paid one or both of the installments of the tax payable in the year or

years in question, remittance shall be made to the claimant of the amount of such credit. The amount of such credit awarded on appeal shall be allocated and paid from the balance remaining in the fund.

Sec. 9. NEW SECTION. 426C.7 Audit — recalculation or denial.

1. If on the audit of a credit provided under this chapter, the director of revenue determines the amount of the credit to have been incorrectly calculated or that the credit is not allowable, the director shall recalculate the credit and notify the claimant and the county auditor of the recalculation or denial and the reasons for it. The director shall not adjust a credit after three years from October 31 of the year in which the claim for the credit was filed. If the credit has been paid, the director shall give notification to the claimant, the county treasurer, and the applicable assessor of the recalculation or denial of the credit and the county treasurer shall proceed to collect the tax owed in the same manner as other property taxes due and payable are collected, if the parcel or property unit for which the credit was allowed is still owned by the claimant. If the parcel or property unit for which the credit was allowed is not owned by the claimant, the amount may be recovered from the claimant by assessment in the same manner that income taxes are assessed under sections 422.26 and 422.30. The amount of such erroneous credit, when collected, shall be deposited in the fund.

2. The claimant or board of supervisors may appeal any decision of the director of revenue to the state board of tax review pursuant to section 421.1, subsection 5. The claimant, the board of supervisors, or the director of revenue may seek judicial review of the action of the state board of tax review in accordance with chapter 17A.

Sec. 10. NEW SECTION. 426C.8 False claim — penalty.

A person who makes a false claim for the purpose of obtaining a credit provided for in this chapter or who knowingly receives the credit without being legally entitled to it is guilty of a fraudulent practice. The claim for a credit of such a person shall be disallowed and if the credit has been paid the amount shall be recovered in the manner provided in section 426C.7. In such cases, the director of revenue shall send a notice of disallowance of the credit.

Sec. 11. NEW SECTION. 426C.9 Rules.

The director of revenue shall prescribe forms, instructions, and rules as necessary, pursuant to chapter 17A, to carry out and effectuate the purposes of this chapter.

Sec. 12. IMPLEMENTATION. Notwithstanding the deadline for filing claims established in section 426C.3, for a credit against property taxes due and payable during the fiscal year beginning July 1, 2014, the claim for the credit shall be filed not later than January 15, 2014.

Sec. 13. APPLICABILITY. This division of this Act applies to property taxes due and payable in fiscal years beginning on or after July 1, 2014.

The portion of the payment which is foundation property tax shall be determined by applying the foundation property tax rate to the amount computed under section 441.21A, subsection 4, paragraph “a”, and such amount shall be prorated pursuant to section 441.21A, subsection 2, if applicable.

Sec. 15. Section 331.512, Code 2013, is amended by adding the following new subsection:

NEW SUBSECTION. 13A. Carry out duties relating to the calculation and payment of commercial and industrial property tax replacement claims under section 441.21A.

NEW SUBSECTION. 25A. Carry out duties relating to the calculation and payment of commercial and industrial property tax replacement claims under section 441.21A.

Sec. 17. Section 441.21, subsection 4, Code 2013, is amended to read as follows:

4. For valuations established as of January 1, 1979, the percentage of actual value at which agricultural and residential property shall be assessed shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus six percent of the amount so determined. However, if the difference between the dividend so determined for either class of property and the dividend for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is less than six percent, the 1979 dividend for the other class of property shall be the dividend as determined for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus a percentage of the amount so determined which is equal to the percentage by which the dividend as determined for the other class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is increased in arriving at the 1979 dividend for the other class of property. The divisor for each class of property shall be the total actual value of all such property in the state in the preceding year, as reported by the assessors on the abstracts of assessment submitted for 1978, plus the amount of value added to said total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. The director shall utilize information reported on abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, and each assessment year thereafter beginning before January 1, 2013, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which agricultural and residential property shall be assessed shall be calculated in accordance with the methods provided herein in this subsection, including the limitation of increases in agricultural and residential assessed values to the percentage increase of the other class of property if the other class increases less than the allowable limit adjusted to include the applicable and current values as equalized by the director of revenue, except that any references to six percent in this subsection shall be four percent. For valuations established as of January 1, 2013, and each assessment year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which agricultural and residential property shall be assessed shall be calculated in accordance with the methods provided in this subsection, including the limitation of increases in agricultural and residential assessed values to the percentage increase of the other class of property if the other

class increases less than the allowable limit adjusted to include the applicable and current values as equalized by the director of revenue, except that any references to six percent in this subsection shall be three percent.

Sec. 18. Section 441.21, subsection 5, Code 2013, is amended to read as follows:

5. a. For valuations established as of January 1, 1979, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 8, shall be assessed as a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the total actual valuation for each class of property established for 1978, plus six percent of the amount so determined. The divisor for each class of property shall be the valuation for each class of property established for 1978, as reported by the assessors on the abstracts of assessment for 1978, plus the amount of value added to the total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. For valuations established as of January 1, 1979, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be considered as one class of property and shall be assessed as a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1978 by the department of revenue, plus ten percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be the valuation established for 1978, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1979. For valuations established as of January 1, 1980, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 8, shall be assessed at a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1979, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1979, plus four percent of the amount so determined. The participating accountable care organization shall provide thirty days' notice to the member prior to limitation of such choice.

5. a. An Iowa health and wellness plan provider shall be reimbursed for covered benefits under the Iowa health and wellness plan utilizing the same reimbursement methodology as that applicable to individuals eligible for medical assistance under section 249A.3, subsection 1.

NEW SUBSECTION. 5. *a.* For the purposes of this subsection, “*Medicaid offset amount*” means the projected amount for a fiscal year that would have been paid from a county’s services fund for those services for persons eligible under the county’s approved service management plan that would be non-Medicaid services, but due to the persons’ enrollment in the Iowa health and wellness plan established under chapter 249N, those services are instead covered under chapter 249N.

b. For the fiscal year beginning July 1, 2013, and succeeding fiscal years, the department of human services shall calculate a Medicaid offset amount for each county for the fiscal year. The department shall adopt rules in consultation with the county finance committee specifying the information to be used in calculating a Medicaid offset amount. The information shall include but is not limited to identification of specific services and supports that would otherwise be payable by the county for

persons eligible under a county's approved service management plan but are instead paid by the Iowa health and wellness plan. The amount calculated for a county shall be subject to review by the auditor of that county or subject to independent audit. The Medicaid offset amounts calculated by the department for a county for a fiscal year are not official until certified by the director of human services and submitted to the governor and general assembly by October 15 immediately following the end of the fiscal year for which the offset amounts were calculated.

c. The Medicaid offset amounts certified for each county by the director of human services for the fiscal year beginning July 1, 2013, shall be annualized by doubling the amounts. For the fiscal year beginning July 1, 2014, a county shall repay the state from any equalization payment due the county for the fiscal year, eighty percent of the county's annualized Medicaid offset amount for the fiscal year beginning July 1, 2013. To the extent a county's repayment obligation for the fiscal year beginning July 1, 2014, exceeds the amount of any equalization payment due the county for the fiscal year, the county shall, for the following fiscal year, reduce the dollar amount of the county's services fund levy by the amount of the excess.

d. For the fiscal year beginning July 1, 2015, and succeeding fiscal years, a county shall repay the state from any equalization payment due the county for the fiscal year, eighty percent of the county's Medicaid offset amount certified for the previous fiscal year. To the extent a county's repayment obligation for a fiscal year exceeds the amount of any equalization payment due the county for that fiscal year, the county shall, for the following fiscal year, reduce the dollar amount of the county's services fund levy by the amount of the excess.

e. A county's repayment pursuant to this subsection shall be remitted on or before January 1 of the fiscal year in which repayment is due and shall be credited to the property tax relief fund. Moneys credited to the property tax relief fund in accordance with this paragraph are subject to appropriation by the general assembly to support mental health and disability services administered by the regional system.

Sec. 181. MEDICAID OFFSET STUDY. The legislative council is requested to direct a new or existing legislative interim committee to study the provisions for implementing a Medicaid offset amount and repayments under section 426B.3, subsection 5, as enacted by this division of this Act during the 2013 legislative interim. The interim committee shall be directed to consider the potential effects of the repayment provisions on the ability of the mental health and disability service regions to adequately fund the initial core services and additional core services under section 331.397, and to make recommendations to address funding insufficiencies.

Sec. 182. ADVISORY COUNCIL FOR STATE INNOVATION MODELS INITIATIVE.

1. No later than thirty days after the effective date of this division of this Act, the legislative council shall establish a legislative advisory council to guide the development of the design model and implementation plan for the state innovation models initiative grant awarded by the Centers for Medicare and Medicaid of the United States department of health and human services. The legislative advisory council shall consist of members of the general assembly, members of the governor's advisory committee who developed the grant proposal, and representatives of consumers and health care providers, appointed by the legislative council as necessary to ensure that the process is comprehensive and provides ample opportunity for the variety of stakeholders to participate in the process.

a. Goals.

(2) Emphasize whole-person orientation and coordination and integration of both clinical and nonclinical care and supports, to provide individuals with the necessary tools to address determinants of health and to empower individuals to be full participants in their own health. The health care delivery model shall focus on addressing population health through primary and team-based care that incorporates the attributes of a medical home as specified in chapter 135, division XXII.

(3) Ensure accessibility of medical assistance program recipients to an adequate and qualified workforce by most efficiently utilizing the skills of the available workforce.

(4) Incorporate appropriate incentives that focus on quality outcomes and patient satisfaction, to move from volume-based to value-based purchasing.

(5) Provide for alignment of payment methods and quality across health care payers to ensure a unified set of outcomes and to recognize, through reimbursement, all provider participants in the integrated system of care.

b. Strategies and model design.

(1) A strategy to implement a multipayer integrated care model methodology across primary health care payers in the state, by aligning performance measures, utilizing a shared savings or other accountable payment methodology, and integrating an information technology platform to support the integrated care model. The strategy shall ensure statewide adoption of integrated care for the medical assistance population; explore the role of managed care plans and expansion of managed care in the medical assistance program as part of the integrated care model; address the special circumstances of areas of the state that are rural, underserved, or have higher rates of health disparities; and seek the participation of the Medicare population in the integrated care model.

(2) A strategy to incorporate long-term care and behavioral health services for the medical assistance population into the integrated care model, through integration of community health and community prevention activities.

(3) A strategy to address population health and health promotion, by investing in approaches to influence modifiable determinants of health such as access to health care, healthy behaviors, socioeconomic factors, and the physical environment that collectively impact the health of the community. The strategy shall address the underlying, pervasive, and multifaceted socioeconomic impediments that medical assistance recipients face in being full participants in their own health.

(4) A multiphase strategy to implement a statewide integrated care model to maximize access to health care for medical assistance program recipients in all areas of the state. The strategy shall incorporate flexible integrated care model options and accountable payment methodologies for participation by various types of providers including individual providers, safety net providers, and nonprofit and public providers that have long experience in caring for vulnerable populations, into the integrated system.

(5) Implementation of a stakeholder process. In addition to the oversight and input provided by the legislative advisory council, the department shall hold public, local

listening sessions throughout the state, collaborate with consumer groups and provider groups, and partner with other state agencies such as the department on aging and the department of public health to elicit input and feedback on the model design.

(6) Development of a multipayer approach including the medical assistance and children's health insurance programs, private payers, and Medicare.

(7) Oversight of the administration of the model design project.

(8) Engagement of providers beyond the large, integrated health systems to maximize access to all levels of care within an integrated model program by medical assistance recipients.

4. The department shall submit proposed legislation specifying the model design and implementation plan to the advisory council no later than December 15, 2013.

b. Review integrated care models created in other states that integrate both clinical services and nonclinical community and social supports utilizing patient-centered medical homes and community care teams as basic components to determine the feasibility of adapting any of these models as a statewide system in Iowa.

c. Recommend the best means of providing care through integrated delivery models throughout the state including to vulnerable populations and how best to incorporate safety net providers, including but not limited to federally qualified health centers, rural health clinics, community mental health centers, public hospitals, and other nonprofit and public providers that have long experience in caring for vulnerable populations, into the integrated system.

d. Review the progress of the development of medical homes as specified in chapter 135, division XXII, in the state and make recommendations for development of a statewide infrastructure of actual and virtual medical homes to act as the foundation for integrated care models.

e. Review opportunities under the federal Patient Protection and Affordable Care Act (Affordable Care Act), Pub. L. No. 111-148, as amended, for the development of integrated care models including the Medicare Shared Savings Program for accountable care organizations, community-based collaborative care networks that include safety net providers, and consumer-operated and oriented plans. The interim committee shall also review existing and proposed integrated care models in the state including commercial models and those developed or proposed under the Affordable Care Act including the Medicare Shared Savings Program and the Pioneer ACO to determine the opportunities for expansion or replication.

She became involved in public service shortly after moving to Cedar Falls, volunteering on the Cedar Falls Planning and Zoning Commission and serving as
