HOUSE CONCURRENT RESOLUTION 33

By Jackson of Black Hawk, Bremmer, Hausheer and Kluever

Whereas, the State of Iowa is presently in the midst of an enrollment increase at institutions of higher learning due to the post-war increase in children, and

Whereas, the demand on these institutions is increasing due to the acceleration of technology, thus necessitating more education, and

Whereas, the present Board of Regents institutions cannot absorb the anticipated increase in enrollment without limit, and

Whereas, Southwestern Iowa at present is largely lacking in higher education facilities, public or private, and

Whereas, the Education Programs Study Committee of the Sixtieth General Assembly subscribed to the deficiency and recommended consideration be given to this area, therefore,

Be It Resolved by the House, the Senate Concurring, That the Sixty-first General Assembly requests the Legislative Research Bureau, in conjunction with the Board of Regents, to study the higher education needs in Southwestern Iowa and submit a detailed report substantiating their findings to the Sixty-second General Assembly.

HOUSE AMENDMENT TO SENATE FILE 564

Amend Senate File 564 as follows:

1. By striking from lines six (6) and seven (7) of section one (1) the words "within their municipal boundaries".

2. By striking from lines eight (8) and nine (9) of section one (1) the words "when such ambulance service is not otherwise available".

3. By striking from line two (2) of the title the words "when not otherwise available".

HOUSE MESSAGES CONSIDERED

Read first and second times and referred to committee on commerce.

House File 686, a bill for an act relating to annual regulatory fees on motor vehicles used for the public transportation of freight.

Read first and second times and passed on file.

House File 681, a bill for an act to limit the present bait dealer's license to retail bait dealers and establish a separate fee for wholesale bait dealers.

Read first and second times and passed on file.

EXPLANATION OF VOTE ON HOUSE FILE 416

My reason for voting "aye" on House File 416 was to be on the prevailing side so that I could file a motion to reconsider. It was my intent, if the motion to reconsider carried, to file an amendment to prohibit the sale of liquor on Sunday and election day.

FRANCIS L. MESSERLY.

EXPLANATION OF VOTE ON HOUSE FILE 682

This bill is full of trickery and misrepresentation. I voted "no" on this bill because, in effect, it will levy a state property tax of about one-eighth of a mill. This is because this general fund is generally not all used, and the remainder reverts to general fund of the state. Part of this money comes from the county property tax to pay for patients' care and treatment at the four mental institutions. Because historically all of this money is not used, it reverts to the state treasury and is in effect a state property tax. Estimates are that this will amount to \$700,000 under this bill. Furthermore, due to a change in bookkeeping methods for arriving at the cost per patient, the billing per patient is higher this year than in previous years. While this increase was modified somewhat by the Messerly amendment, it still remains higher per patient than in previous years.

RICHARD L. STEPHENS.

Senator Nims asked and received unanimous consent that the following be printed in the Senate Journal:

SENATE CONCURRENT RESOLUTION 50

By Ely and Burns

Whereas, there have been blatant and repeated violations of the Fourteenth (14th) and Fifteenth (15th) Amendments to the Federal Constitution in the manner in which Negroes in the State of Mississippi have consistently been denied the right of franchise in national, state, and local elections over the past ninety (90) years, and

Whereas, presently in the State of Mississippi only twenty-five thousand (25,000) out of a total of four hundred fifty thousand (450,000) eligible Negroes are even registered to vote because of a multiplicity of conspiratorial tactics ranging from economic pressure to downright terrorism, and

Whereas, even those relatively few Negroes actually voting in Mississippi are confronted with ballots which in actual practice carry only the names of those candidates who oppose the granting of equal rights and privileges to Negroes, and

Whereas, the Mississippi Freedom Democratic Party (MFDP), formed in April, 1964 to further full-scale involvement in the democratic process for registered Negroes, has found the doors of both major political parties closed to Negroes in spite of repeated requests and petitions for participation in the deliberations of the two parties, and

Whereas, candidates of the MFDP were arbitrarily excluded from the official ballot in the 1964 election in Mississippi, and

Whereas, the MFDP then conducted an election for the offices of United States Congressmen from Mississippi in which sixty thousand (60,000) Negro citizens participated, and

Whereas, the MFDP has now pending in the United States Congress a challenge to the permanent seating of the present congressional delegation from Mississippi, which challenge contains fifteen thousand (15,000) pages of depositions from over seven hundred (700) Mississippi Negroes on the manner in which the franchise and participation in the dominant political parties has been denied them; now therefore,

Be It Resolved by the Senate, the House Concurring, That we, the members of the Sixty-first Iowa General Assembly, hereby extend our support for the objectives of the MFDP in their efforts to promote the full extension of political rights and privileges to the Negro citizens of

Mississippi and do support the congressional challenge now pending in the National Congress.

Be It Further Resolved, That the Secretary of the Senate and the Chief Clerk of the House of Representatives be instructed to send copies of this resolution to the President of the United States and to each of Iowa's United States Senators and Congressmen.

1 Amend House File 716 by striking section 14 and inserting
2 in lieu thereof the following:
3 "There shall be allowed as a credit against the amount of
4 the tax hereby imposed an amount equal to the amount of tax
5 actually paid to the United States of America under provisions

7 Internal Revenue Code of 1954."

ANDREW G. FROMMELT.

1 Amend Senate File 212 by striking all after the enacting
2 clause and inserting in lieu thereof the following:
3 Section 1. For the purpose of this Act:
4 1. "Dairy product" means milk, skim milk, cream, sour
5 cream, ice cream, ice cream mix, ice milk except that sold in
6 semifrozen form, ice milk mix, cottage cheese, frozen desserts,
7 reconstituted milk, minimal milk fat products, and any additive
8 variant of any dairy product.
9 2. "Department" means state department of agriculture.
10 3. "Secretary" means the secretary of agriculture of the
11 state of Iowa.
12 4. "Person" means any individual, corporation, co-operative,
13 association, partnership, or other business unit.
14 5. "Processor" means any person engaged in the business of
15 manufacturing, processing, or packaging dairy products.
16 6. "Distributor" means any person engaged in the business of
17 selling any dairy product at wholesale and any person engaged in
18 the business of selling any dairy product at retail on home
19 delivery routes.
20 7. "Retailer" means any person within this state engaged
21 in the business of operating any retail establishment or
22 institution, including but not limited to hotels, restaurants,
23 grocery stores, drug stores, and automatic vending machines
24 where dairy products are consumed or sold to customers. This
25 subsection shall not apply to schools, churches or other charit-
26 able institutions not operated for profit.
27 8. "Broker" means any person engaged in negotiating sales or
28 purchases of selected dairy products for or on behalf of a
29 processor, distributor, or retailer.
30 9. "Sale" or "sell" means and includes any commercial
31 transfer for consideration, exchange, barter, gift or offer for
32 sale and distribution in any manner or by any means.
33 10. Cost of a dairy product to a distributor or to a retailer
34 means that portion of all of the expenses of such distributor or
35 such retailer which, under any system of cost accounting which is
36 in accordance with sound accounting principles and reasonably
37 adapted to the business of such distributor or such retailer, is
38 fairly allocable to such dairy product or the sale thereof to its
39 customers or to a particular class thereof. Such cost shall
40 include, but not limited to, expenses for labor, salaries,

41 administration, rent, interest, depreciation, power, raw and
42 processed ingredients, materials, supplies, maintenance of equipment,
43 selling, local and national advertising, transportation, delivery,
44 credit losses, licenses and other fees, taxes other than income
45 taxes, and insurance. There shall be a presumption in the case
46 of dairy products which are not sold under the manufacturer's label
47 and which are not advertised, that the cost thereof to a distributor,
48 in the absence of evidence to the contrary, shall be not more than
49 two and one-half (2½) percent, computed to the nearest one (1) cent,
50 less than the cost for otherwise identical dairy products. There
51 shall be a further presumption that, in the absence of specific
52 evidence to the contrary, the cost to a retailer is not less than
53 the net price paid by the retailer for a unit or package of a
54 dairy product (or, in the case of a retailer which processes
55 its only dairy products, its cost thereof at its plant dock plus
56 all costs incurred in transporting the same to its retail point
57 of sale), plus an amount representing such retailer's "cost of
58 doing business", computed as sixteen (16) percent of such net
59 price. In the case of any person engaged in the business of sell-
60 ing any dairy products at retail on home delivery routes, there
61 shall be presumption that in the absence of specific evidence to
62 the contrary the cost to such person is not less than the net
63 cost to or price paid by such person for a unit or package of a
64 dairy product plus an amount representing such person's "retail
65 cost of doing business", computed as thirty-two (32) percent of
66 such cost or net price.

67 Any subsidiary or affiliate corporation, co-operative, officer,
68 director, or partner of a corporation, co-operative, or partnership
69 which is processor or distributor of dairy products is deemed
70 to be a processor or distributor of dairy products.

71 Sec. 2. The secretary of agriculture is hereby entrusted with
72 the administration and enforcement of this Act. There is hereby
73 created in the department of agriculture a division to be known
74 as the "Division of Dairy Trade Practices". The head of the
75 division shall be the "Chief of the Division of Dairy Trade
76 Practices". All powers of the secretary under this Act may be
77 exercised by and through the chief of the division of dairy trade
78 practices. The secretary shall employ such professional and other
79 personnel as, in his judgment, shall be necessary to the proper
80 performance of his duties hereunder.

81 Sec. 3. It shall be unlawful for any person engaged in
82 business within the state of Iowa, either directly or indirectly,
83 to discriminate in price between different purchasers of dairy
84 products of like grade and quality where the effect of such
85 discrimination may be substantially to lessen competition or tend
86 to create a monopoly, or to injure, destroy, or prevent competition
87 with any person who either grants or knowingly receives the benefit
88 of such discrimination or with customers of either the grantor or
89 receiver. Nothing herein shall prevent:

90 1. Differentials which make only due allowance for differences
91 in the cost of manufacturer, sale, or delivery resulting from the
92 differing methods or quantities in which dairy products are sold
93 or delivered to purchasers or differentials otherwise permitted
94 in this Act.

95 2. Persons engaged in selling dairy products from selecting
96 their own customers in bona fide transactions and not in restraint
97 of trade.

98 3. Price changes from time to time in response to changing
99 conditions affecting the market for or the marketability of dairy
100 products such as, but not limited to, actual or imminent deteriora-
101 tion of perishable goods, obsolescence of seasonal goods, distress
102 sales under court processes, or sales in good faith in discontinuance
103 of business in dairy products.

104 4. Price differentials made in good faith to meet an equally
105 low price of a competitor.

106 Sec. 4. It shall be unlawful for any person to discriminate
107 in price by selling or offering to sell any dairy product to any
108 purchaser in the state of Iowa at prices lower than those exacted
109 by such persons elsewhere in the state of Iowa for the purpose or with
110 the effect of injuring competition or tending to create a monopoly;
111 provided however, that nothing herein contained shall prevent price
112 differentials which make only due allowance for differences in the
113 cost of sale or transportation resulting from differing methods
114 or quantities in which such dairy products are sold or transported
115 to such purchasers; and provide further, that nothing herein
116 contained shall prevent sales made in good faith to meet an
117 equally low price of a competitor. Proof of advertisement, giving,
118 offering for sale, or sale of any dairy products in any city, town,
119 or county at prices less than advertised, given, offered for sale,
120 or sold in any other city, town, or county by such person which
121 cannot be accounted for as necessary to meet competition or
122 which cannot be accounted for by the difference in such costs of
123 sale or transportation cost shall be prima-facie evidence of
124 violation of this section.

125 Sec. 5. It shall be unlawful for any processor, distributor,
126 or retailer to engage in the following practice:

127 1. To enter into any agreement or contract with any other
128 person for the establishment or maintenance of minimum prices
129 of dairy products in restraint of trade and for the purpose of
130 eliminating free and open competition in the sale of dairy products.
131 It is the purpose of this paragraph to make applicable to sales
132 of dairy products in this state, legal restrictions similar to
133 those imposed by section 1 of the Sherman Anti-trust Act
134 (15 U.S.C., Sec. 1), and this paragraph shall be given a
135 construction similar to that from time to time given to that Act.

136 2. To sell or offer to sell within the state any dairy
137 product for less than the cost to the processor, distributor, or
138 retailer where the effect may be substantially to lessen competition
139 or to injure, destroy, or prevent competition with the person
140 buying or the person selling such products; provided that this
141 shall not prevent sales made in good faith to meet competition.

142 Sec. 6. It shall be unlawful for any processor or distributor
143 to sell or contract to sell dairy products in this state or any
144 part of it at unreasonably low prices for the purpose of destroy-
145 ing competition or eliminating a competitor. It is the purpose
146 of this paragraph to make applicable to the sales of dairy prod-
147 ucts in this state legal restrictions similar to those proposed
148 by section 3 of the Robinson Patman Act (15 U.S.C., Sec. 13 A) and

149 this paragraph shall be given a construction similar to that from
150 time to time given to that Act.

151 Sec. 7. No processor or distributor shall give or extend
152 discounts or rebates, directly or indirectly, to retailers or
153 other processors or distributors, on dairy products or give or
154 extend to such purchasers any services connected with the
155 delivery, handling, or stocking of such products except as
156 provided in this Act. A processor or distributor may provide
157 services to a particular processor, distributor, or retailer or
158 may sell dairy products at a price necessary to meet a bona fide
159 offer by a competitor. The service or discount shall not be
160 given until the processor or distributor first files with the
161 department a written record of the date and terms of the
162 competitive offer, the names of the processor, distributor or
163 retailer to whom the offer was made, and the name of the competitor
164 who made the offer. Any such record filed with the department
165 shall be used only for determining or verifying proof of
166 violations of this Act.

167 Sec. 8. Price to be filed. All distributors offering
168 dairy products for sale within the state shall file with the
169 department on a form provided by said department a complete price
170 list showing the invoice price of such distributor of all items
171 of dairy products sold or offered for sale by them. Distributors
172 who offer dairy products for sale both at their respective places
173 of business and deliver to retailer or retail outlets, shall
174 include on such price lists filed with the department the different
175 prices established for dairy products offered for sale at their
176 respective places of business and for dairy products delivered to
177 the retailer or retail outlet. Distributors who offer dairy
178 products for sale to consumers on home delivery routes shall
179 include on such price lists filed with the department, the different
180 prices established for dairy products offered for sale to such
181 consumers. Within thirty (30) days after the effective date of
182 this Act, every distributor shall file with the department its
183 initial price schedules and schedules of discounts and rebates and
184 thereafter, every distributor shall charge its price in accordance
185 with its schedule on file with the department until such price
186 schedule is changed as hereinafter provided. Before any distri-
187 butor may make any change in its price schedule and prices charged,
188 it shall give notice by certified mail to the department setting
189 forth its new schedule of prices or new schedule of discounts
190 and rebates ten (10) days prior to the effective date of any
191 change in such schedule on file with the department (except that
192 where prices are changed in good faith to meet an equally low
193 price of a competitor, notice to the department of the new
194 schedule of prices shall be given within two (2) business days
195 after such change). The initial filing of schedules or any new
196 schedules shall be filed with the department either in person or
197 by certified mail. Price lists filed with the department shall
198 be used only for determining and providing violations of this Act.
199 Failure or refusal to file current price lists with the department
200 shall be a violation of this Act.

201 Sec. 9. No processor or distributor shall furnish, give, lend,
202 sell, or rent any advertising signs of a permanent nature except
203 signs advertising the processor's or distributor's own products.

204 Not more than one-third ($\frac{1}{3}$) of the space or cost of advertising
205 signs permitted under this section may be used to identify the
206 retailer.

207 Sec. 10. No processor or distributor shall make payments of
208 money, credits, gifts, or loans to retailers as rental for the
209 storage or display of dairy products on the premises where offered
210 for sale by the retailer.

211 Sec. 11. No processor or distributor shall make or underwrite
212 loans to a retailer or become bound in any manner for the financial
213 obligation of any retailer except that a processor or distributor
214 may lend money to retailer for the purchase of equipment for
215 the storage, transportation, and display of dairy products. Such
216 loans may be made to the retailer provided the loan is for not
217 more than ninety (90) percent of the purchase price with at least
218 six (6) percent annual interest on the principal amount and on
219 the unconditional written promise of the retailer that the loan
220 shall be paid within a period not to exceed thirty-six (36)
221 months.

222 Sec. 12. No processor or distributor shall furnish, sell,
223 give, lend, or rent any equipment to a retailer except:

224 1. Processors and distributors, under a bill of sale or
225 conditional sales contract describing the property sold and
226 specifying the price and terms of sale, may sell equipment for
227 the storage, transportation, and display of dairy products to the
228 retailer. The selling price of such equipment shall be not less
229 than the cost to the wholesaler less ten (10) percent per year
230 depreciation plus transportation and installation costs plus at
231 least six (6) percent, but in no event shall the price be less
232 than ten (10) dollars per unit. If the processor or distributor
233 makes the sale under a security agreement or conditional sales
234 contract, the terms of sale shall be no more favorable to the
235 retailer than those provided in section eleven (11) of this Act.

236 2. Processors and distributors may provide without restriction
237 coin-vending machines from which the product vended is intended by
238 such processor or distributor to be consumed on the premises.

239 3. Processors and distributors may furnish equipment for the
240 storage, transportation, or display of dairy products for one
241 period of not longer than ten (10) consecutive days a year to
242 any one retailer for use at a fair, exhibition, exposition, or
243 other promotional event for agricultural, industrial, charitable,
244 educational, religious, or recreational purposes.

245 Sec. 13. No processor or distributor shall maintain or make
246 repairs for any equipment owned by a retailer except equipment
247 used exclusively for dairy products. On such maintenance or
248 repairs, the processor or distributor shall make charges for the
249 service and parts at the same prices as are charged by third persons
250 rendering such service in the community where the retailer is
251 located. In no event shall the charges be less than the cost to
252 the processor or distributor plus a reasonable margin of profit.

253 Sec. 14. No processor or distributor shall give, offer to give,
254 furnish, finance, or otherwise make available any free goods to
255 any person, directly or indirectly, in connection with the sale
256 of dairy products or to any other person doing business with such
257 person, or give, offer to give, furnish, finance, or otherwise

258 make available any payments, gifts, or grants of anything of value
259 to any retailer. Nothing in this section shall prevent transac-
260 tions with retailers of any of the following:

261 1. The furnishing of point of sale advertising material made
262 of paper, cardboard, or other material not of a permanent nature
263 for the use in the promotion of the products of such processor or
264 distributor which remain inside retailer locations.

265 2. The furnishing of hostesses or demonstrators at any re-
266 tailer's location to promote the products of the processor or
267 distributor.

268 3. The advertising by a processor or distributor of products
269 through any advertising media the processor or distributor selects
270 which does not involve allowances, payments, or the furnishings of
271 other property to persons purchasing such products in a manner
272 prohibited by this section.

273 4. Advertising allowances which do no more than reimburse a
274 retailer for costs in advertising dairy products of the processor
275 or distributor.

276 Sec. 15. No processor or distributor shall be prohibited from
277 operating a retail outlet for retail sales or prohibited from
278 using in the retail outlet any equipment or advertising or
279 miscellaneous matter owned by the processor or distributor pro-
280 vided the retail outlet is under direct control and management of
281 the processor or distributor.

282 Sec. 16. No processor or distributor shall be prohibited from
283 giving away dairy products to be consumed on the sale premises.

284 Sec. 17. It shall be unlawful for any retailer to receive,
285 directly or indirectly, from or through a processor, distributor,
286 or broker, any discount, rebate, allowance, service, price
287 discrimination, advertising material, loan, equipment, payment,
288 or any other thing of value all as prohibited by this Act.

289 Sec. 18. It shall be unlawful for a broker or any officer
290 or agent of any brokerage firm to participate, directly or
291 indirectly, in any practice prohibited by this Act. It shall be
292 unlawful for any processor, distributor, or retailer to engage
293 or offer to engage, directly or indirectly, through a broker
294 in any practice prohibited by this Act.

295 Sec. 19. Any person claiming to be injured by another person
296 through the violation of any of the provisions of this Act may
297 file in writing a statement of such violation with the department.
298 Upon receipt of the written statement, the department shall
299 immediately cause an investigation to be made of the alleged
300 violation. Whenever it shall appear that any person is violating
301 or threatening to violate any of the provisions of this Act or
302 the regulations or orders of the secretary, then the department
303 may call upon the county attorney of any county in which such
304 violation occurred to bring suit against such person in the
305 district court to restrain such person from continuing or
306 from carrying out the acts or practices alleged. In such suit
307 he may obtain such injunction prohibitory and mandatory including
308 temporary restraining orders and temporary injunctions as the
309 facts may warrant without being required to prove that an adequate
310 remedy at law does not exist and without being required to give
311 bond.

312 Sec. 20. Whenever the department has reason to believe that
313 any distributor or retailer or processor may be in possession of
314 information relevant to an investigation by it of suspected
315 violations of the provisions of this Act, the secretary may require
316 such person to file with him in such form as he may prescribe
317 special reports or answers in writing to specific questions
318 furnishing such information. Such reports and answers shall be
319 made under oath or otherwise as the secretary may prescribe and
320 shall be filed with him within such reasonable period as he may
321 prescribe. Any person who fails without lawful cause to file such
322 reports or answers in writing within the period prescribed or
323 shall wilfully make or cause to be made any false statement in any
324 such report or answer in writing shall be guilty of a misdemeanor
325 and upon conviction thereof fined not less than five hundred (500)
326 dollars nor more than one thousand (1,000) dollars.

327 Sec. 21. Whenever the secretary has reason to believe that any
328 person has violated any of the provisions of this Act or any
329 rules or regulations adopted thereunder, he may enter an order
330 requiring such person to appear before him and show cause why
331 an order should not be entered requiring such person to cease and
332 desist from the violations charged. Such orders shall set forth
333 the alleged violations, fix the time and place of the hearing, and
334 provide for notice thereof which shall be given not less than
335 twenty (20) days before the date of such hearing. After hearing
336 by the secretary, or if the person charged with such violation
337 fails to appear at the time of said hearing, if he finds such person
338 to be in violation he shall enter an order requiring such person
339 to cease and desist from the specific acts, practices, or omissions
340 so found to be in violation and from related acts, practices or
341 omissions. Any such order shall become final upon the expiration
342 of thirty (30) days after its entry if no appeal is taken there-
343 from.

344 Any person aggrieved by any order entered by the secretary
345 or other action of the secretary may take an appeal therefrom
346 to the district court as provided elsewhere herein for license
347 denial, suspension or revocation.

348 Any person violating any order of the secretary under the
349 first paragraph of this section after the same has become final
350 or on the termination of any review proceedings shall be subject
351 to a civil penalty to be levied by the district court in a
352 proceeding instituted for that purpose in an amount of not less
353 than five hundred (500) dollars and not more than ten thousand
354 (10,000) dollars provided that in the case of continuing violations
355 the minimum amount of such penalty shall be either five hundred
356 (500) dollars or twenty-five (25) dollars for each day of violation,
357 whichever is the larger.

358 Sec. 22. The department is authorized and empowered to
359 administer oaths and to issue subpoenas for persons and pertinent
360 operating records in making investigations provided in section
361 nineteen (19) of this Act. If a person fails or refuses to obey
362 a subpoena issued under this Act, the department may apply to
363 the district court to issue an order requiring the person to appear
364 before the department to produce evidence or to give testimony
365 concerning the matter under investigation. The application for

366 the order shall be filed with the district court within the county
367 in which the investigation is conducted or in which the person
368 guilty of failure or refusal to obey is found or resides or
369 transacts business or has his principal place of business. Any
370 person wilfully failing to obey an order of the court is guilty
371 of contempt of court and shall be proceeded against as provided
372 by law.

373 Sec. 23. Any person who is injured in business or property
374 by reason of another person's violation of any provisions of this
375 Act may intervene in the suit for injunction instituted against
376 the other person. The injured party may bring a separate action
377 and recover three (3) times the actual damages sustained as a
378 result of the violation together with the costs of the suit or
379 may sue to enjoin the violation of any provision of this Act.

380 Sec. 24. Whenever the department has reason to believe that
381 any processor or distributor required to obtain a license under
382 section one hundred ninety-two point one (192.1) of the Code has
383 wilfully violated any cease and desist order issued under the
384 provisions of this Act after the same has become final and
385 continued in such violation after the expiration of a ten-day
386 notice from the department of intention to commence proceedings
387 for the denial, suspension or revocation of such license, and
388 it appears to the department that a proceeding should be had
389 to determine whether his license should be denied, suspended,
390 or revoked, the department shall serve notice on such person
391 in writing by certified mail of the charges and grounds upon
392 which a license is sought to be denied, suspended, or revoked.
393 The notice shall include the time and place, not less than ten
394 (10) days after the mailing of the notice, at which a hearing shall
395 be held to determine whether to deny, suspend, or revoke the
396 license.

397 Sec. 25. Any person whose license is sought to be denied,
398 suspended, or revoked shall have full rights to counsel and to
399 produce witnesses in his behalf at the hearing. After full investi-
400 gation and hearing, the department may deny, suspend, or revoke
401 the license of any person who is found to have wilfully violated
402 any provisions of this Act. When the department finds that a
403 violation warrants the suspension of the license, no license
404 shall be suspended for a period to exceed thirty (30) days upon
405 proof of a first violation or for a period to exceed six (6)
406 months upon proof of a second violation. Upon proof of a third
407 and subsequent violations, the license shall be suspended for a
408 period of one (1) year where the department finds that such
409 violation warrants a suspension.

410 Sec. 26. The department shall by certified mail or by personal
411 service notify the person whose license has been denied, suspended,
412 or revoked setting forth the reasons for the decision. The denial,
413 suspension, or revocation shall become effective thirty (30) days
414 after the mailing or service of the notification unless the person
415 whose license has been denied, suspended, or revoked files within
416 the thirty-day period a notice of appeal in the district court
417 and serves a copy of the notice of appeal upon the department.
418 Thereupon, the department shall within thirty (30) days certify
419 and file with the court a copy of the record and decision including
420 the transcript of the hearings upon which the decision was based.

421 Sec. 27. The trial before the court shall be an equity action
422 and legal evidence pertaining to the issue of whether the license
423 shall be denied, suspended, or revoked may be submitted including
424 new or additional evidence not submitted to the department. The
425 court shall have the power to affirm, modify, or reverse the
426 decision of the department but in no instance shall the court
427 suspend a license for a period exceeding the suspensions provided
428 in section twenty-five (25) of this Act. The clerk of court upon
429 entry of judgment of suspension, denial, or revocation shall
430 immediately forward to the department a certified copy thereof.
431 Pending final decision of the appeal the status quo of the license
432 shall be preserved.

433 Sec. 28. Any action arising under this Act, whether in law or
434 equity, shall be commenced within two (2) years after the right
435 of action first accrues or is forever barred.

436 Sec. 29. The department is authorized and directed to promul-
437 gate rules and regulations to carry out the purposes of this Act.

438 Sec. 30. Storage cabinets prohibited under section twelve (12)
439 of this Act supplied by processors and distributors to retailers
440 prior to the effective date of this Act shall be removed from the
441 retailer's premises or sold as provided in this Act prior to
442 June 30, 1966.

443 Sec. 31. For the purpose of administering and enforcing the
444 provisions of this Act, each processor shall pay to the secretary
445 permit fees in an amount, as from time to time set by the secretary,

Be It Resolved by the General Assembly of the State of Iowa:

Section 1. The following amendment to the Constitution of the State of Iowa is hereby proposed.

Section six (6) of Article three (III), section thirty-four (34) of Article three (III) and the 1904 and 1928 amendments thereto, sections thirty-five (35) and thirty-six (36) of Article three (III) and the 1904 amendment to each such section, and section thirty-seven (37) of Article three (III) are hereby repealed and the following adopted in lieu thereof:

"Section 6. The number of senators shall total not more than one-half ($\frac{1}{2}$) the membership of the house of representatives. Senators shall be classified so that as nearly as possible one-half ($\frac{1}{2}$) of the members of the senate shall be elected every two (2) years.

"Section 34. The senate shall be composed of not more than fifty (50) and the house of representatives of not more than one hundred (100) members. Senators and representatives shall be elected from districts established by law. Each district so established shall be of compact and contiguous territory. The state shall be apportioned into senatorial and representative districts on the basis of population. The general assembly may provide by law for factors in addition to population, not in conflict with the constitution of the United States, which may be considered in the apportioning of senatorial districts. No law so adopted shall permit the establishment of senatorial districts whereby a majority of the members of the senate shall represent less than forty (40) percent of the population of the state as shown by the most recent United States decennial census.

"Section 35. The general assembly shall in 1971 and in each year immediately following the United States decennial census determine the number of senators and representatives to be elected to the general assembly and establish senatorial and representatives districts. The general assembly shall complete the apportionment prior to September 1 of the year so required. If the apportionment fails to become law prior to September 15 of such year, the supreme court shall cause the state to be apportioned into senatorial and representative districts to comply with the requirements of the constitution prior to December 31 of such year. The reapportioning authority shall, where necessary in establishing senatorial districts, shorten the term of any senator prior to completion of the term. Any senator whose term is so terminated shall not be compensated for the uncompleted part of the term.

"Section 36. Upon verified application by any qualified elector, the supreme court shall review an apportionment plan adopted by the general assembly which has been enacted into law. Should the supreme court determine such plan does not comply with the requirements of the constitution, the court shall within ninety (90) days adopt or cause to be adopted an apportionment plan which shall so comply. The supreme court shall have original jurisdiction of all litigation questioning the apportionment of the general assembly or any apportionment plan adopted by the general assembly.

"Section 37. When a congressional district is composed of two (2) or more counties it shall not be entirely separated by a county be-

longing to another district and no county shall be divided in forming a congressional district."

Sec. 2. The foregoing proposed amendment to the Constitution of the State of Iowa is hereby referred to the general assembly to be chosen at the next general election for members of the general assembly and the secretary of state is directed to cause the same to be published for three (3) consecutive months previous to the date of said election as provided by law.

SENATE CONCURRENT RESOLUTION 52

By Nims

Whereas, First Lieutenant Eugene M. Armstrong of Ames, Iowa, a member of the armed forces of the United States during World War II, reported

for duty at Fort Sill, Oklahoma, and was subsequently transferred to Fort Knox, Kentucky, and

Whereas, Lieutenant Armstrong accompanied the First Armored Division overseas in the early part of 1942 and saw action in the African Campaign, and

Whereas, Lieutenant Armstrong's unit, the 68th Armored Field Artillery Battalion, was cited for outstanding service and bravery in covering the retreat from Sidi Bad Zid, Faid and Kasserine Passes, and

Whereas, Lieutenant Armstrong participated in all the battles of the Tunisian Campaign, and

Whereas, Lieutenant Armstrong was killed in action at Anzio Beach-head in Italy on March 26, 1944 while on duty as an air observer for the 68th Armored Artillery Battalion, and

Whereas, Lieutenant Armstrong was posthumously awarded the Air Medal for meritorious achievement while participating in aerial flights by performing thirty-five field artillery sorties against the enemy in Italy from January 3, 1944 to March 21, 1944, and

Whereas, Lieutenant Armstrong was further honored in 1947 through the naming of a kaserne, Armstrong Barracks, located in Buedingen, Germany, which presently houses the 3d Reconnaissance Squadron, 12th Cavalry, and

Whereas, Lieutenant Armstrong's mother, Mrs. W. B. Armstrong of Ames, Iowa, was not notified of the naming of Armstrong Barracks until the Spring of 1964, and

Whereas, Lieutenant Armstrong's mother traveled to Buedingen, Germany in November, 1964 and officially dedicated Armstrong Barracks and a memorial plaque to Lieutenant Armstrong, and

Whereas, as a result of her visit to Armstrong Barracks, Mrs. Armstrong found that the Barracks did not have an Iowa flag and requested that a flag of Iowa be presented to the Barracks, and

Whereas, upon hearing the request, Governor Harold E. Hughes presented Armstrong Barracks with an Iowa flag which is now displayed in a place of honor in the Officers' Open Mess; now therefore,

Be It Resolved by the Senate, the House Concurring, That we, the members of the Sixty-first General Assembly on behalf of the State of Iowa, give due and just recognition to First Lieutenant Eugene Armstrong for the heroic deeds and fine example which he displayed during World War II and that the exemplary actions of Lieutenant Armstrong during the time of the international crisis be further recognized as a symbol of all veterans who gave their lives during World War II.

SENATE CONCURRENT RESOLUTION 53

By Shaff, Rigler, Schroeder, Shoeman,
Stephens, Vance, Stanley and Mills

Whereas, the Sixty-first General Assembly has been in session for one hundred forty-three days (143), and

Whereas, it is now apparent that no further productive legislation can be anticipated from the session, and

Whereas, the Iowa Senate did, on the 28th day of May, adopt a resolution calling for the adjournment sine die of the session at five o'clock p.m. on Wednesday, June 2, 1965, and

Whereas, the House of Representatives has failed to act, concur or agree to such resolution, and

Whereas, such failure to act by the House constitutes disagreement; now therefore,

Be It Resolved by the Senate, the House Concurring, that the Governor of the State of Iowa pursuant to Article four (4), section thirteen (13), of the Constitution of Iowa be requested to dissolve the General Assembly forthwith.

Senator McNally submitted the following report:

REPORT OF JOINT JUDICIARY SUBCOMMITTEE
APPOINTED TO INVESTIGATE AND PREPARE LEGISLATION
REGARDING THE IOWA-NEBRASKA BOUNDARY SETTLEMENT

The Joint Judiciary Subcommittee appointed to negotiate a boundary settlement between Iowa and Nebraska was comprised of Senators James M. McNally, Chairman, Joseph Coleman and Representatives Donald V. Doyle and Lloyd Jackson. The committee met three times, thoroughly studied the problem and now makes the following report:

A. The committee first contacted the U. S. Army Corps of Engineers office in Omaha, Nebraska, met with Harold Sorenson, Chief of the Channel Stabilization Section and R. L. Brown, Head of the Rivers and Harbors Section of the Drafting Branch of that office, and as a result of said meeting made the following determinations.

1. The Army Corps of Engineers has technical data available from which an absolute line described as: "the center of the design channel of the Missouri River" can be absolutely established. This line can be established in reference to control points fixed by the Corps of Engineers on both sides of the Missouri River. This line can be proved, and established for all time, with certain mylar maps now in the possession of the Corps of Engineers.

2. It was determined that in order to eliminate possibilities of error in locating this line, a survey should be conducted by both states to connect the center line of the design channel to the section corners on both sides of the Missouri River. The committee recommends that such a survey be made and that funds be appropriated by the General Assembly for that purpose.

B. Through its negotiations with the Nebraska Legislative Committee comprised of Senators George Gerdes, J. W. Burbach and C. F. Moulton, who were accompanied by Attorney General Clarence Meyer, the following conditions to a boundary settlement were encountered.

1. The Nebraska delegation indicated that the State of Iowa must determine the precise lands it would claim as proprietor at any time in the future, and that if the State of Iowa did not indicate their willingness to waive prospective claims against individual landowners, that a boundary settlement could not be effected at this time.

2. It was indicated by the Nebraska delegation that the U. S. Supreme Court case now pending between the State of Iowa and the State of Nebraska would have to be disposed of before a final agreement could be reached.

The committee concluded that the above conditions could not be agreed to by the State of Iowa at this time, but that the committee should be continued in existence, and that further negotiations should be pursued.

Respectfully submitted,

JAMES M. McNALLY, *Chairman.*

C. JOSEPH COLEMAN.

DONALD V. DOYLE.

LLOYD JACKSON.

The bill having received a constitutional majority was declared to have passed the Senate and the title was agreed to.

Senator Frommelt moved that the vote by which the bill passed the Senate be reconsidered and that the motion to reconsider be laid on the table, which motion prevailed.

EXPLANATION OF VOTE

Explanation of vote on Stanley, Van Gilst, and Elvers amendments to House File 668.

I highly favor increased aid to schools and property tax relief. I voted "no" on this particular proposal for the following reasons:

1. I am opposed to the earmarking of funds particularly in view of the forthcoming tax study and probable complete revision of our present tax system.

2. The present formula for distribution of this proposed additional fund is grossly inequitable. The rural areas where need is the greatest, would have received the least benefit on the per pupil basis formula of distribution since these areas have the fewest school children.

3. This amendment would have the effect of delaying or eliminating any chance of enacting the "Proportionate Sharing Plan" into law.

DON S. MCGILL.

Senator Frommelt moved that the vote by which the bill passed the Senate be reconsidered and that the motion to reconsider be laid on the table, which motion prevailed.

EXPLANATION OF VOTE

I voted against the amendment by Van Gilst, Stanley and Elvers, on House File 668, which would have placed an additional one percent on all sales now covered by sales tax, because it merely stated that it would be used for school aid on a per pupil basis. I felt that unless it was to be on a proportionate-sharing basis that we in rural areas would not be benefited.

STANLEY M. HEABERLIN.

EXPLANATION OF VOTE

I feel that the conference committee has done as well as could be expected in consideration of Senate File 604, and my opposition to the bill including so many of the small businessmen is my reason for not signing the committee report and opposing the bill.

CHARLES F. GRIFFIN.

On motion of Senator Frommelt, the Senate stood at ease until the fall of the gavel.

ANNOUNCEMENT

Senator Rigler rose on a point of personal privilege and announced that he had been in touch with Senator Elthon. Senator Elthon sent regrets that he had not been able to attend most of the session because of illness and that further treatment was necessary, and sent his kindest regard to all.

Senator Hagedorn stated that members of both the Republican and Democrat parties on the tax study committee missed Senator Elthon and on behalf of the committee extended best regards from all.

President Fulton joined in wishing Senator Elthon the very best.

STATE OF IOWA
OFFICE OF THE GOVERNOR

Des Moines

Harold E. Hughes
Governor

June 4, 1965.

The Honorable Robert D. Fulton,
Lieutenant Governor,
President of the Senate,
Sixty-first General Assembly,
State Capitol,
Des Moines, Iowa.

HONORABLE MEMBERS OF THE GENERAL ASSEMBLY:

Having been informed that the Sixty-first General Assembly stands ready to adjourn, I want to convey to you my thoughts concerning your contributions to the future of our state.

This session of the Iowa General Assembly, lasting one hundred forty-five days, has been the longest regular session in the state's history. In due time, it will also, in my opinion, be rated as the most productive session in this century.

I know that severe criticism has been leveled at you for the length of the session. I can assure you, however, that in the long run a legislative session is rated by its record of achievement and not by the number of days it lasted.

Contemporary reactions are inclined to lack depth and perspective. It will require months and quite possibly years before the historic value of the work you did during those one hundred forty-five days is adequately recognized.

No Iowa legislature in this century has had the courage to tackle such a broad range of important and difficult public-interest problems as you have undertaken. With the elimination of secrecy in the legislature, the doors were flung open, and tough, controversial legislative proposals that were avoided by the lawmakers were met head-on by this session. State government reorganization, capital punishment, billboard control, daylight saving time, water pollution, the union shop and the school bus issue—it didn't make any difference how controversial the issue might be, you were willing to face it.

This demonstration of legislative courage, in itself, is an immense contribution to good government in Iowa. Future sessions will be inclined to follow this example of responsiveness to the public will and it is unlikely that they will ever fall back into the narrow, secretive, regimented patterns of the legislatures of the past.

No chief executive has ever lived to see all phases of his legislative recommendations enacted by the Assembly. This is undoubtedly as it should be. However, I would be less than grateful if I did not take note of the considerable number of my recommendations that you did implement. In my inaugural and budget messages, I outlined a program of recommended legislative action far more extensive than most chief executives have seen fit to suggest in the past. I did this because I felt the state had a vital need for such a comprehensive program of legislative action. The fact that you enacted a major percentage of the proposals I submitted and gave

fair and full consideration on the floor of the legislature to most of those that were not adopted, makes me very appreciative, indeed.

The sheer volume of the constructive legislation you adopted during this session makes it impossible for me to enumerate every individual enactment that merits attention. I would, however, like to point out certain areas of legislation in which I feel you made especially outstanding contributions to the well-being of our people and to the future growth and progress of our state.

(1) Your first major action of this session—the elimination of secrecy from the legislative processes—was, in my opinion, the most significant reform in state government in our time, with the exception of reapportionment.

(2) One of the major breakthroughs for progress in this session was your adoption of a common-sense, forward-looking program of state government reorganization—including such reforms as four-year terms for future governors and lieutenant governors, annual sessions, and provision for appointment of state officials at the executive council level.

For more than a generation, these same reforms have been recommended by the thoughtful political leaders of both parties, by impartial experts in government, and by a series of distinguished study committees of which the so-called "Little Hoover Commission" in the 1950's is perhaps the best known.

This program of state government reorganization, if carried forward by the next session, has the potential of greatly increasing efficiency and economy in state government and of bringing our state government operation into phase with modern organizational procedures in private enterprise.

(3) I can think of no responsibility of government more crucial to our future than education. In my opinion, the legislation you passed in this area constitutes the most comprehensive and progressive educational program in modern Iowa history from the standpoint of our public schools and our institutions of higher learning, as well. The passage of legislation to set up a system of area vocational-technical training schools in Iowa was in itself a milestone in the progress of our state.

(4) One of the major problems confronting you at the opening of this session was the need for decisive legislative action to counteract the tragic rise of accidents on our highways resulting from the present-day traffic explosion. You met this problem forthrightly by enacting the most extensive and powerful public safety program in our time, including such vital measures as the increase in the Highway Patrol, temporary driving permits, seat belt legislation and the provision of \$10 million additional funds to make our primary highways safer to drive on.

(5) You passed outstanding legislation in this session relating to local government—including constitutional home rule for cities and towns, an intergovernmental co-operation act of far-reaching potentialities, the municipal conflict of interest law and pay raises for local officials.

(6) One of the signal contributions of this session was the enactment of long-needed reforms in public health—including reorganization of the State Board of Health, more adequate appropriations for the State Department of Health, and the anti-water pollution act and rabies control.

(7) Despite the defeat of legislation to modernize our outmoded labor-management relations laws in Iowa, including the proposed repeal of the statutory prohibition of union shop contracts, substantial gains were made

in this session for Iowa's working men and women. Among these are a good industrial safety law, and increases in workmen's compensation and unemployment compensation benefits.

(8) The Sixty-first General Assembly made significant contributions to the field of public welfare, including provision for the long-needed maximum security hospital for mentally disordered offenders, legislation to permit the establishment of an alcoholic treatment facility at Oakdale, the juvenile court law, generally favorable appropriations to the state's welfare programs, and the establishment of a state Commission on the Aging.

(9) History was made in the area of civil rights by this Assembly by such constructive actions as the establishment of the state's first statutory civil rights commission, the passage of a public defender law, and provision for treatment for individuals receiving second and third OMVI convictions.

(10) While there were wide and in some cases irreconcilable differences of opinion on revenue and appropriations matters, you did enact a workable, pay-as-you-go fiscal program for state government, including major reforms, such as state withholding, and substantial state refunds to local districts, including increased agricultural land tax credits and school aid.

(11) One of the imperatives of this session was to adopt measures to sustain and strengthen Iowa's remarkable gains in industrial development and general business conditions of the past three years. You members of the Assembly responded to this need by substantially strengthening the Iowa Development Commission's program, by authorizing the establishment of an area vocational-educational training system, by the adoption of the uniform commercial code, and by the repeal of five mills of the monies and credits tax on individuals and estates.

(12) In addition to the areas mentioned, you enacted a wide range of significant public-interest legislation that does not fit in any specific category, including the abolition of capital punishment, billboard control on the interstate system, consumer fraud protection, uniform daylight saving time, and the sensible change in the date of the primary elections.

(13) I heartily approve of the action taken during this session in the area of vitally needed capital improvements—the appropriation for the new state office building so that important state agencies will not have to be housed in scattered and costly rental quarters; the implementation of our capital improvement plans; and the capital appropriations to our state institutions.

(14) Last, but by no means the least, I commend you for your constructive action in the all-important area of legislative reapportionment. The resolution setting up general guide-lines for future apportionment is, in my opinion, sound constitutional law that will enable us to have fair and workable apportionment in the years ahead. The temporary plan adopted will do the job adequately in the intervening years until the constitutional amendment goes into effect.

As you know, I strongly favored ratification of the constitutional measure for subdistricting passed by the Sixtieth General Assembly. However, subdistricting is provided for in the permanent reapportionment formula.

In conclusion, I would like to invite your attention to the critical articles that have been running in several national publications such as the National Civic Review, Newsweek and the Reader's Digest on what is referred to as "our horse and buggy state legislatures."

Among the main recommendations made in these articles for reorganizing and modernizing the structure of our state legislatures are: (1) Annual sessions in order to handle efficiently the vastly increased legislative workloads of growing states, (2) Increased pay for legislators, (3) More adequate office space and facilities, and (4) Improved legislative research facilities.

It is a credit to the Sixty-first General Assembly that you have taken some action relating to all four of these points. It is my hope that the next session will give special additional attention to the fourth point—the expansion and strengthening of our legislative research facilities.

To each of you members of the Sixty-first General Assembly, I want to express my appreciation once again for the constructive work you have done in this session and for the personal courtesies you have accorded me. I wish you health and happiness in the years ahead.

Very truly yours,

HAROLD E. HUGHES, *Governor*.

At the closing of the session, President Fulton said:

The Sixty-first session of the Iowa General Assembly was more than just a good session or a productive session. It was a monumental session, one that will be viewed by Iowa historians as the session that set Iowa's face toward the future.

The members of this General Assembly kept faith with Iowa's future. All of Iowa will benefit from their actions, especially in the field of education.

If the General Assembly had enacted no more than its education program, it would have been a session of unprecedented benefit for Iowa.

We passed a \$20 million program of additional state aid to schools.

We enacted a vocational-education program that will provide for the education of the student who does not go to college.

We faced up to our responsibilities in passing a sweeping school reorganization act and a new approval standards law.

We have greatly increased the appropriations for our institutions of higher learning.

The \$500,000 college scholarship program will enable Iowa students with high aptitude, but low funds, to go to college, thus making use of the abilities of our most talented and deserving young people.

This session will be marked by historians as the one that saw the end of Iowa's nineteenth century governmental structure and the beginning of a form of state government competent to deal with the challenges of the twentieth century.

By providing for governmental reorganization, the item veto, annual sessions, a short ballot and appointive cabinet, legislative reapportionment and four-year terms for the governor we have kept the promises made by both political parties to increase the efficiency of government.

The laws passed by this session of the Assembly go to the heart of our highway safety problems. By enacting a driver's training program, a temporary license program and an anti-drag racing law, we have taken positive steps to curb reckless driving among our teen-agers. By increasing the rate of highway construction and repair, passing a compulsory seat belt law, adding to the highway patrol and providing for highway rest

areas and billboard control we have moved to cut the highway death toll that strikes all age groups.

The action taken in the field of health and welfare—adequate welfare allowances, a strengthened health department, a water pollution control bill, a state meat inspection bill, the Commission on the Aging bill, and adequate medical aid to our aged—are in keeping with the needs of an Iowa that is becoming more industrialized and urbanized.

The rights of all Iowans will be protected by numerous pieces of legislation passed—the civil rights, consumer protection, public defender and the death penalty abolition bills, for instance.

This was a long session. Legislation such as we passed cannot be accomplished in sessions lasting a few weeks.

There were heated debates in this session. But this was the result of the banning of secrecy in our committees and of the new legislative policy of bringing all controversial issues out into the open. Controversial issues this year were debated on the floor in the full sight of all of the people of Iowa.

The policy of confirming the Governor's appointments in open session by open ballot, rather than in closed sessions by secret ballot, has been a great advance for democracy in Iowa. We had been told it wouldn't work, that it would result in either inferior appointments or in character assassination on the floor of the Senate. It worked and neither resulted.

I would be less than honest if I did not mention two areas in which the legislature failed to take constructive action. Our failure to change Iowa's outmoded labor statutes, has put off for at least two more years the beginning of a better era of labor-management relations in our state.

Our failure to enact a state civil service law leaves unfulfilled pledges made in the 1964 platforms of both of our political parties.

We have disagreed often in this session, but this is the sign of a healthy democratic society. We have given Iowa its greatest program of progress in this century and this, in the final analysis, is what counts.

My sincere thanks to all who cooperated and contributed to the success of the Sixty-first General Assembly of Iowa.

SENATE BILLS DISAPPROVED AFTER SESSION
AND GOVERNOR'S VETO MESSAGES

Senate File 335, relating to permits for the operation of vehicles and loads of excess length, height, width and weight, etc. Disapproved June 30, 1965.

The Honorable Gary L. Cameron,
Secretary of State,
State House,
Local.

Dear Mr. Cameron:

Senate File 335 of the Sixty-first General Assembly, an act relating to permits for the operation of vehicles and loads of excess length, height, width and weight, and relating to the delegation of powers to the State Highway Commission, county boards of supervisors and city and town councils to issue special permits for the movement of oversize and/or overweight vehicles on state highways, county roads and municipal streets, is hereby disapproved and, in accordance with Article III, Section 16, Constitution of the State of Iowa, transmitted to the Secretary of State.

In my analysis of this legislation, I did not question that the General Assembly had acted in good faith to assist a major Iowa industry by clarifying and streamlining regulatory procedures in connection with a frequently occurring problem in transport on our streets and highways. It was my impression that those who supported this legislation were aware that it constituted an important delegation of authority but felt that if given jurisdiction in this area, state and local governmental authorities would act judiciously and with the public interest uppermost in their minds in granting permits. In this respect, it seemed that the bill in question was in line with the home rule concept of allocating responsibility in government.

Nevertheless, I felt that the legislation went too far in its delegation of authority. The protection of human lives on our highways and the preservation of our highway system—including the state highways, the county roads and the city streets—is a matter of state-wide, not purely local concern. I therefore feel that the legislature should not delegate its authority to set standards and guidelines in this area.

Finally, I had severe doubts as to whether or not this legislation represented an unconstitutional delegation of authority. I therefore asked the Attorney General for an opinion on the constitutionality of Senate File 335 and the related measure, Senate File 641.

The Attorney General has delivered an opinion, dated June 29, 1965, holding that "the legislature has unconstitutionally delegated broad legislative powers to the highway commission and local authorities in Senate File 335 as they have omitted standards or basic rules by which the highway commission or appropriate local authorities may proceed in considering the issuance or withholding of a permit. Further, the statute is invalid for the reason that there is a delegation of absolute and arbitrary discretion as to whether a permit will be withheld or granted. There is an omission of guidelines in this area and the result can be that, under identical circumstances, a permit can either be granted in one instance or

withheld in another. This situation would result in having the legislative power vested in administrative personnel, who are removed from the elective power of the people."

With full respect for the good intentions of the General Assembly in adopting Senate File 335, I feel for the above reasons that it is my responsibility to disapprove this bill.

Very sincerely,

HAROLD E. HUGHES, *Governor*.

Senate File 641, relating to the width and weight of vehicles operated on the interstate system. Disapproved June 30, 1965.

The Honorable Gary L. Cameron,
Secretary of State,
State House,
Local.

Dear Mr. Cameron:

Senate File 641 of the Sixty-first General Assembly, an act relating to the width and weight of vehicles operated on the interstate system, is hereby disapproved and, in accordance with Article III, Section 16, Constitution of the State of Iowa, transmitted to the Secretary of State.

The General Assembly's sole reason for adopting Senate File 641 was to amend Senate File 335, which I have disapproved this date. Therefore, no useful purpose could be served by allowing Senate File 641 to become law.

Very sincerely,

HAROLD E. HUGHES, *Governor*.

Senate File 546, relating to assessment and valuation of property. Disapproved July 1, 1965.

The Honorable Gary L. Cameron,
Secretary of State,
State House,
Local.

Dear Mr. Cameron:

Senate File 546 of the Sixty-first General Assembly, an act to amend chapter four hundred forty-one, Code 1962, relating to assessment and valuation of property, and setting a reasonable time schedule, is hereby disapproved and, in accordance with Article III, Section 16, Constitution of the State of Iowa, transmitted to the Secretary of State.

This legislation originally was introduced at the request of the State Tax Commission and the Comptroller's office. It was designed to expedite the transmission to the state government of information concerning property tax assessments in each county. It was passed by the Assembly without a dissenting vote. However, in the process, the bill was amended with the intent of changing the final date for filing applications for homestead tax credit and military service tax exemption from the present July 1, each year to June 1.

Both the State Tax Commission and the Comptroller's office have advised me that they do not feel the bill in its final form would accomplish the purpose for which it was requested—namely, more efficient administration.

It is apparent that moving the deadline for filing for homestead credit

from July 1 to June 1 would cause some difficulty at the local level, because a great many property owners move from one taxing district to another during the month of June and because a person purchasing another home between June 1 and July 1 could lose his homestead credit for an entire year even though he met the six-month residency requirement. Furthermore, the bill, as amended, could cause some confusion in administration, because all references to July 1 as the final filing date for military service tax exemption were not removed.

Therefore, despite the good intentions of the Assembly in adopting it, I feel it would be inadvisable to permit this measure to become law at this time.

Very sincerely,

HAROLD E. HUGHES, *Governor.*

Howard C. Baldwin was born in Cascade, Iowa, on August 1, 1904, and died November 18, 1964, at his home in Elmhurst, Illinois. He was a graduate of Cascade High School and the University of Iowa.

Mr. Baldwin is survived by his widow, Alice.

R. R. BATESON

MR. PRESIDENT: Your committee, appointed to prepare a suitable resolution commemorating the life, character and public service of the Honorable R. R. Bateson, begs leave to submit the following memorial:

Mr. Bateson was born in Eldora, Hardin County, Iowa, on November 15, 1897, a son of Harvey E. Bateson and Ellen May McDonald. He was a graduate of Eldora High School, the University of California at Berkeley, and the State University of Iowa law school. He was married to Bernice Grigg of West Liberty in 1933. He began his practice of law in Eldora soon after being admitted to the bar in 1923. At the time of his death on January 15, 1965, he was the senior member of the Bateson and Dunn law firm in Eldora.

Mr. Bateson had a wide acquaintance in state and local Republican circles and was elected Hardin county attorney in 1932. He was active in com-

munity affairs during the past thirty years serving as Chamber of Commerce president, chairman of the Memorial Hospital board, past master of the local Masonic lodge, president of the Eldora school board, Hardin county president of the Tall Corn Boy Scout Council, commander of the Walter Sayer American Legion Post No. 182, a member of the Wildlife club and the Congregational church. He also held memberships in the county, state and American bar associations. He served as president of both the Hardin county and state bar associations and was chairman of the professional ethics and conduct committee from 1951-1959.

Mr. Bateson represented Hardin, Hamilton and Wright Counties in the State Senate during the Fifty-second, Fifty-third, Fifty-fourth and Fifty-fifth General Assemblies of Iowa, serving on many important standing committees.

Mr. Bateson's untimely death followed a heart attack while on vacation with his wife at Acapulco, Mexico. The Senate is proud to acknowledge the high character of his service to the state.

He is survived by his widow; two children, Robert R., a Chicago attorney, and Bette Thompson of Mason City; and three grandchildren, Robin, Richard and Randall Bateson.

Now, Therefore, Be It Resolved by the Senate of the Sixty-first General Assembly of Iowa: That in the passing of the Honorable R. R. Bateson the State of Iowa has lost a valued and honored citizen, and by this resolution attests its sincere sympathy to his family.

Be It Further Resolved: That a copy of this resolution be spread upon the Journal of the Senate and the Secretary of the Senate be directed to send an enrolled copy to Mrs. Bateson, his son and his daughter.

ROBERT O. BURROWS

MR. PRESIDENT: Your committee, appointed to prepare a suitable resolution commemorating the life, character and public service of the late Honorable Robert O. Burrows, begs leave to submit the following memorial:

Robert Burrows was born at Pierre, South Dakota, June 20, 1899, the eldest son of O. C. and Debra Burrows. The family lived at Little Rock, Arkansas; St. Louis, Missouri; and Afton, Iowa, prior to moving to Belle Plaine, Iowa, and purchasing The Union there. He was graduated from Belle Plaine Community High School in 1917 and enlisted in the U. S. Army on June 20 of that year. He served with Company A, 109th Engineers in the 34th Division in France, being discharged July 2, 1919.

He was married to Bess Shurtleff on February 2, 1920, at Marion, Iowa, and to them were born two children, Robert and Joan.

In addition to working on The Union, he was also advertising manager of daily newspapers at Urbana and Effingham, Illinois, in the early 1930's.

In 1961 he received the Master Editor-Publisher award of the Iowa Press Association and was named best columnist in Iowa by Sigma Delta Chi professional journalism society in 1962.

He was a member of Christ Methodist Church and was active in many civic organizations as well as Masonic circles. At the time of his death he was worshipful master of Hope Lodge No. 175, A.F. and A.M., Iowa City. He also was a member of St. Bernard Commandery, No. 14KT, Royal Arch Masons, El Kahir Shrine, and Morning Star Chapter No. 108, Order of Eastern Star.

Senator Burrows also held membership in the Independent Order of Odd Fellows and Sigma Delta Chi professional journalism society and had been a member of the Benton County Soldiers' Relief Commission and the Benton County Selective Service Board. He had also served his county as its coroner.

Senator Burrows served his first of two terms in the House of Representatives in the General Assembly in 1951. In the fall of 1962 he was elected to the State Senate and had served during one Extraordinary session and two regular sessions in this legislative body.

Senator Burrows passed away on February 11, 1965 at Iowa Methodist Hospital in Des Moines, Iowa, after an illness of one day. He was a member of the Republican party and was representing his district in the Sixty-first General Assembly at the time of his death.

In addition to his widow and children, Robert and Joan, he is survived by two grandchildren, Kristine and James, and two brothers, John and Richard, all of Belle Plaine, Iowa.

Senator Burrows enjoyed the esteem and respect of the members of the House and Senate with whom he served.

He had a sincere desire to act with fairness at all times and always had the courage to act in accordance with his convictions.

His passing is a loss to the State of Iowa and his home community.

Now, Therefore, Be It Resolved by the Senate of the Sixty-first General Assembly of Iowa: That in the passing of the Honorable Robert O. Burrows, the State of Iowa has lost a valued and honored citizen, and by this resolution attests its respect for and admiration of him and tenders its sincere sympathy to his family.

Be It Further Resolved: That a copy of this resolution be spread upon the Journal of the Senate and the Secretary be directed to send an enrolled copy to the members of his family.

CHARLES F. BALLOUN, *Chairman,*
KENNETH BENDA,
J. HENRY LUCKEN,

Committee.

The resolution was unanimously adopted.

GEORGE M. FAUL

MR. PRESIDENT: Your committee, appointed to prepare a suitable resolution commemorating the life, character and public service of the late Honorable George M. Faul, begs leave to submit the following memorial:

George Mitchell Faul, Des Moines lawyer, insurance company and savings and loan association executive, represented Polk County in the Senate of the Forty-eighth through the Fifty-third sessions of the General Assembly of Iowa. He retired from the Senate at adjournment of the Fifty-third General Assembly.

He was Vice President, General Counsel and a Director of the American Mutual Life Insurance Company, and a Director of the United Federal Savings and Loan Association. He was a member of the American Life Convention and the Association of Life Insurance Counsel. He became a member of the Des Moines Board of Water Works Trustees in 1959 and remained on the Board until his death, August 6, 1963 at 64 years of age.

He was born October 10, 1898 on a farm near Forest City, Pennsylvania. His father, David Faul, was of German extraction, and his mother, Katharine (Knobel) Faul, was of French descent. His parents moved to a farm in New York state when he was young. Before he graduated from high school he joined a National Guard company which became part of the 27th Division in France in World War I.

Upon his return from service he completed his high school education in University Preparatory School, and received his law degree from National University Law School in Washington, D. C. He came to Des Moines to begin his law practice in 1923. Acquaintances with Des Moines men made in the army and law school influenced his decision to start law practice in Des Moines.

He was Commander of Argonne Post No. 60, American Legion, in 1935 during construction of the Argonne-Armory Building. He twice won the W. C. Rathke award for community service, a state Legion competition between the districts in the state.

He was elected to the Senate in 1938, starting his service in 1939. In 1940 he sought the Republican nomination for Congress in what was then the sixth district. He was high in the five man primary race, 81 votes ahead of the late Representative Paul Cunningham, who won on the tenth ballot of the convention necessary because no candidate received the required thirty-five per cent of the total vote.

Senator Faul enjoyed being in the Senate. He was a man with a wide range of concern over and a driving force in enactment of historic social welfare, veteran, fiscal and conservation legislation outside his work in law, insurance and banking. He initiated, jointly sponsored and eloquently supported many measures that had been slow in adoption. One of his proudest achievements was the aid to dependent children law in 1943. The bill came over from the House, and the Senate passed it without a dissenting vote.

He was a legislative leader in enactment of the World War II \$85,000,000 soldier bonus and in committing \$50,000,000 of a treasury surplus to redemption of the bond issue.

He led the move to get the Liquor Control Commission to add ten per

cent to its liquor store prices and give half the additional revenue to cities and towns on a population basis and the other half to counties as a military service tax exemption credit.

Always articulate, he could be forceful in speech when irritated, as he was when a House bill to place in a single state general fund all balances in the revenue from sales, income and use taxes and the liquor control fund came up in the Senate. "There is no member of the Legislature," he said, "who knows how much free money the state has in its treasury. I have seen all the statements estimating money on hand and money in sight, and still am unable to determine for myself what we have to spend."

One of the last things he did in the Senate, in 1949 when he knew he wouldn't run again, was to urge the Senate to pass the House bill increasing the session compensation of 1951 legislators from \$1,000 to \$2,000. The \$1,000 session compensation had not been increased since 1913. The 1957 Legislature increased it to \$30 per day.

Senator Faul won many dedicated, sincere and warm friends in his political and community life. A notable Senate friendship was that of Senator Faul and Senator John P. Berg of Cedar Falls. Their common interest in so many things led them to joint introduction of so many bills that casual visitors to the chamber frequently expressed curiosity about the identity of "Senator Faulanberg".

His law practice in Des Moines spanned 40 years. He was made Special Counsel for American Mutual Life Insurance Company in 1940. That was the year his nephew, Henry F. Grant, received his law degree from the State University of Iowa and became his uncle's partner in the law firm of Faul and Grant.

Faul was made a Director and General Counsel for America Mutual Life Insurance Company in 1941, and was elected Vice President in 1942.

He was married to Helen Flack Young of Des Moines in December, 1942.

Now, Therefore, Be It Resolved by the Senate of the Sixty-first General Assembly of Iowa: That in the passing of the Honorable George M. Faul, the State of Iowa has lost a valued and honored citizen, and by this resolution attests its respect for and admiration of him and tenders its sincere sympathy to his family.

Be It Further Resolved: That a copy of this resolution be spread upon the Journal of the Senate and the Secretary be directed to send an enrolled copy to the members of his family.

LEO ELTHON, *Chairman,*
