SENATE CONCURRENT RESOLUTION 25

By Rigler, Messerly, Lisle, Briles, Vance, Griffin, Flatt, De Koster, Walker, Balloun, Beneke, Riley, Benda, Stanley, Lodwick, Hagie, Stephens, Lange, Mills and Shaff

Whereas, the taxpayers are now spending on the state and local level at least three hundred and fifty million dollars each year for the support of public schools in Iowa and this cost is rising about twenty million dollars each year; and

Whereas, property tax is supporting most of this cost creating a severe burden on property taxpayers; and

Whereas, study committees in recent years have recommended plans for the support of education such as the proportionate sharing plan and the minimum foundation program; and

Whereas, reorganization of school districts is still a continuing problem in our state; and

Whereas, vocational and technical education is recognized as a field of education which must be expanded; and

Whereas, junior colleges have played an important role in our educational system and should continue to play such a role; and

Whereas, our institutions of higher learning are faced with rapidly expanding enrollments and demands; and

Whereas, we recognize that there is a real need for a coordinated plan for the development of all phases of education in Iowa;

Now, Therefore, Be It Resolved by the Senate, the House of Representatives Concurring, that there is hereby created an educational policy committee of fifteen (15) members consisting of the following: Three members of the Senate, two from the majority party, and one from the minority party, appointed by the President of the Senate; three members of the House of Representatives, two from the majority party, and one from the minority party, appointed by the Speaker of the House of Representatives; one appointed by the Governor to represent the Governor; one appointed by the State Board of Public Instruction; one appointed by the Board of Regents; one appointed by the the Iowa Association of School Boards; one appointed by the Iowa State Education Association; one appointed by the Governor to represent other educational interests; three appointed by the Governor, one to represent industry, one to represent labor and one to represent agriculture. Said committee shall study all phases of education in our state, employ such staff as it feels is necessary and present such plan with recommendation to the Sixty-second General Assembly.

There is hereby appropriated from any funds of the state treasury not otherwise appropriated the sum of fifty thousand (50,000) dollars, or so much thereof as may be necessary, to carry out the purposes of this resolu-

tion. The compensation of employees and expenses of said committee shall be paid out of the state general fund on vouchers to be approved by the chairman or secretary of the committee and audited according to law.

SENATE CONCURRENT RESOLUTION 26

By Reppert, Lisle, Hagedorn, Shaff, Denman,
Riley, Elvers, Hansen, Ely, Murray

A Concurrent Resolution providing for a joint advisory committee under chapter 2 of the Code of Iowa, 1962, to conduct a study of periodic motor vehicle inspection.

Whereas, the death toll on Iowa's highways is reaching an alarming figure resulting in undue loss of life and a serious drain on the state's economy.

Whereas, a sound highway safety program must include safe vehicles, safe drivers and safe roads.

Whereas, more widespread use of our interstate highway system with higher speed limits and long sustained speeds make greater demands on the mechanical condition of motor vehicles.

Whereas, even the most skillful driver may not be able to avoid an accident if his car or truck is in unsafe driving condition.

Whereas, experience in many states which have instituted periodic motor vehicle inspection has shown that this safety factor has been beneficial in helping reduce traffic accidents.

Whereas, periodic motor vehicle inspection is a vital element in the action program of traffic and accident control advocated by the President's Committee for Traffic Safety.

Now Therefore Be It Resolved by the Senate, House Concurring: That the legislative research committee shall have the full power and authority to draft plans and conduct research into all aspects of periodic motor vehicle inspection, including the method of inspection, the authority for inspection and the period of inspections.

Be It Further Resolved, that said committee shall make a complete report to the next regular session of the General Assembly.

- 1 Amend Senate File 550 by inserting immediately following
- 2 section 32 thereof the following new sections and by renum-
- 3 bering the remaining sections:
- 4 Sec. 33. As an alternative to the procedure hereinabove set
- 5 forth, school districts are hereby authorized to establish area
- 6 vocational-technical schools and community colleges by the
- 7 following method:
- 8 Sec. 34. The board of directors of any school district, in
- 9 which twelve or more grades of instruction are taught in the
- 10 schools of the district, is hereby authorized to prepare plans
- 11 for the establishment of a community college, or vocational-
- 12 technical school within the district and to submit such plans
- 13 to the state board of public instruction for approval, as here-
- 14 inafter provided.

15 Sec. 35. Plans prepared and submitted pursuant to section
16 two (2) hereof shall include the following:

17 1. A description of the geographic limits of the school
18 district.

19 2. Total population of the district, population of each
20 city or town located in whole or in part within the district,
21 and population trends and projected population from which the
22 board contemplates the proposed community college or vocational-
23 technical school will draw its enrollment.

24 3. Total school enrollment in grades one through twelve of
25 the schools operated by the district, itemized by grades.

26 4. Total number of high-school seniors enrolled in public
27 schools located within a radius of forty miles from the pro-
28 posed site for such community college or vocational-technical
29 school.

30 5. An inventory of existing buildings, classrooms, and
31 other facilities available for use of the proposed community
32 college or vocational-technical school or; an outline of
33 planned construction and method of financing such construction
34 for the purpose of providing requisite buildings, classrooms
35 and facilities or; a proposal from the owner of buildings
36 suitable for the aforesaid purposes for the lease of same to
37 the school district for a term of at least five years, renew-
38 able for an additional five years at the option of the school
39 district. No plans for the establishment of a community
40 college or vocational-technical school shall be approved by
41 the state board of public instruction unless the district in
42 such plan demonstrates ability to provide classroom facili-
43 ties for an enrollment of at least three hundred fifty students
44 in the proposed community college or vocational-technical
45 school.

46 6. A description of the types of educational offerings
47 beyond high school level existing at the time of the submis-
48 sion of plans within a radius of fifty (50) miles from the
49 proposed site for such community college or vocational-
50 technical school. No new community college or vocational-
51 technical school shall be approved for establishment within
52 a radius of fifty (50) miles from a similar public school
53 unless the site for such proposed new school is located
54 within a school district of fifty thousand or more population.

55 7. An evaluation of local interest and attitude toward
56 establishment of the planned community college or vocational-
57 technical school.

58 8. An evaluation of the ability of the district to con-
59 tribute to the financial support of the proposed community
60 college or vocational-technical school.

61 9. The proposed curriculum, course of study or instruc-
62 tional program to be initiated in such community college or
63 vocational-technical school and assurances that adequate and
64 qualified personnel will be provided to carry on such proposed
65 program.

66 10. If the plan proposes a community college program
67 without provision for instruction in at least three areas of

68 vocational-technical study, a commitment that a vocational-
69 technical department with provision for such instruction will
70 be established in such community college within five years of
71 approval of the proposed plan by the state board of public
72 instruction.

73 11. The target date for beginning classroom instruction.

74 12. Such additional information as the state board may by
75 rule, regulation or policy require.

76 Sec. 36. Upon receipt of any plan submitted as hereinabove
77 provided, the state board shall cause the same to be examined
78 and shall conduct further investigations and hearings as
79 it may deem appropriate. In considering such plans the state
80 board shall evaluate them in relation to other similar plans
81 pending in the vicinity. If the plan submitted complies with
82 all of the provisions of this Act the state board shall approve
83 same. In the event such plan does not meet the requirements of
84 this Act the state board shall specify the reasons why the plan
85 fails to meet the said requirements and return same to the local
86 school board, which may resubmit same at such time as it can
87 comply with the provisions of this Act.

88 Sec. 37. When a plan, submitted as hereinabove provided, is
89 approved by the state board, the order approving same shall
90 officially designate and classify the school to be established
91 thereunder as a community college or vocational-technical school
92 and direct that the same thereafter be operated under applicable
93 provisions of the statutes and rules, regulations and standards
94 adopted pursuant to statute.

95 Sec. 38. The following items are hereby authorized to be
96 received and expended for community college and vocational-
97 technical school purposes:

98 1. Federal funds made available for such purpose and ad-
99 ministered by the state board may be received and expended for
100 such purpose as may be provided in the pertinent federal laws,
101 rules and regulations.

102 2. In fixing tuition rates the local board shall, insofar as
103 possible, set such rates at such level which when added to other
104 sources of revenue makes the operation of the community college
105 or vocational-technical school self-supporting. The difference
106 between resident and nonresident tuition rates shall take into
107 account depreciation on buildings and instructional equipment
108 used for community college or vocational-technical school
109 purposes, in accordance with formulas which shall be prescribed
110 from time to time by the state board of public instruction.

111 3. State aids and cost-sharing payments shall be paid in ac-
112 cordance with the statutes which provide such aids.

113 4. Donations and gifts of money or other property may be
114 accepted by the local board for community college or vocational-
115 technical school purposes and expended or used in accordance
116 with the terms of the gift without compliance with the local
117 budget law.

118 5. In the event such district later becomes part of a
119 merged area, the governing body of such area shall reimburse
120 said district for the reasonable value of its community college
121 or vocational-technical school buildings.

122 Sec. 39. The board of directors of any school district for

123 which a plan for a proposed community college or vocational-
124 technical school has been approved, as hereinabove provided,
125 shall have power and is hereby authorized to contract in-
126 debtedness and issue bonds to provide funds to pay the cost of
127 acquiring sites and constructing and equipping buildings or
128 classrooms for community college or vocational-technical school
129 purposes.

130 Taxes for the payment of such bonds shall be levied in ac-
131 cordance with the provisions of chapter seventy-six and said
132 bonds shall be payable in not more than twenty years and bear
133 interest at not more than five percent per annum and shall be
134 of such form as the local school board shall provide but no
135 district shall become indebted for the purposes hereinabove
136 authorized for any amount, which when added to all other in-
137 debtedness of the district, would total more than five percent
138 of the actual value of taxable property within the school
139 district. The indebtedness incurred for purposes authorized
140 in this section shall not be considered an indebtedness in-
141 curred for general and ordinary purposes.

142 This section shall be construed as granting additional
143 power without limiting the power already existing in school
144 districts.

145 Sec. 40. No indebtedness shall be incurred under the pro-
146 visions of section thirty-nine (39) until authorized by the voters
147 of the district at a regular or special election.

148 Sec. 41. The board of directors in any school district for
149 which a plan for a proposed community college or vocational-
150 technical school has been approved, as provided in sections
151 thirty-three (33) to thirty-eight (38), may rent or enter into
152 lease-purchase agreements for suitable quarters, buildings, or
153 classrooms and equipment for providing instruction, for the
154 operation of such college or school.

155 Sec. 42. Community colleges or vocational-technical schools
156 established under the provisions of sections thirty-three (33)
157 to thirty-eight (38) of this Act shall be eligible for designa-
158 tion by the state board of public instruction as an area
159 vocational-technical school for purposes of the Federal Voca-
160 tional Education Act of 1963.

161 Sec. 43. Community colleges established under the terms of
162 sections thirty-three (33) to thirty-eight (38) of this Act or
163 existing under prior Acts shall be eligible and are hereby
164 authorized to make application for federal funds, and to accept
165 and expend same, under the Federal Higher Education Facilities
166 Act.

167 Sec. 44. Districts which initially establish a vocational-
168 technical school under the terms of sections thirty-three (33)
169 to thirty-eight (38) of this Act may, thereafter, by submission
170 of a supplemental plan and approval thereof by the state board
171 of public instruction, broaden their program so as to provide a
172 community college program.

173 Sec. 45. Section two hundred eighty-two point seven (282.7),
174 Code 1962, is hereby amended by adding the following new para-
175 graphs thereto:

176 "Any school district which does not maintain, nor is a
177 part of an area district which maintains, a community college

178 or vocational-technical school shall permit residents to attend
179 a public community or junior college or vocational-technical
180 school in another district in the state which does maintain
181 such a school. Such resident shall meet the entrance require-
182 ments of the district which maintains such a college or
183 vocational-technical school.

184 Likewise, a school district which maintains a community
185 college or vocational-technical school but does not offer a
186 program which meets the particular needs of a resident, shall
187 permit such resident to attend a community college or
188 vocational-technical school in another district which does
189 offer such a program.

190 The resident school district in the above situations shall
191 reimburse the receiving district for the per-student cost
192 incurred by the receiving district over and above the tuition
193 received from, and the state aid received for, such student.
194 The per-student cost shall be determined in the same manner
195 as provided for figuring tuition for high school pupils in
196 section two hundred eighty-two point twenty (282.20).

197 Such reimbursement shall not exceed one-third ($\frac{1}{3}$) of the
198 average per-student cost in all approved community colleges or
199 vocational-technical schools in Iowa for the preceding year as
200 determined by the department of public instruction. The tui-
201 tion charged the non-resident Iowa student shall be computed
202 at not less than one hundred dollars per student per semester
203 for a full student load of twelve (12) semester hours, or
204 more."

205 Sec. 46. Section two hundred eighty-six A point three
206 (286A.3), Code 1962, is amended by adding at the end of said
207 section the following:

210 A point four (286A.4), subsection three (3) shall be applicable
211 to vocational-technical schools and community colleges and such
212 schools and colleges shall be entitled to apply for and receive
213 aid under this chapter,".

- 5 Act.

6 Sec. 2. There is hereby created within the department of public
7 safety a division which shall be known as the division of school
8 transportation. The purpose of the division shall be to insure
9 that all children in the state attending kindergarten, elementary

22 the state.

23 2. Establishing, maintaining, and operating bus routes and
24 providing such other services necessary for the transportation of
25 pupils and to provide for the economical and efficient operation
26 thereof without duplication of facilities or services and to
27 properly safeguard the health and safety of the pupils transported.

28 Sec. 5. The commissioner shall:

29 1. Exercise general supervision over the school transportation
30 system in the state.

31 2. Establish, review, and alter the location of bus routes for
32 all pupils in kindergarten through twelfth (12th) grade.

33 3. Enter into contracts for transporting pupils to school.

34 4. Recommend purchase of buses necessary for transportation
35 of students in the state where bids from private contractors for
36 providing transportation buses and facilities do not meet state
37 specifications.

38 5. Enter into agreements with parents or guardians for trans-

40 cannot be provided as prescribed in subsections three (3) and four
41 (4) of this section.

47 established standards of construction, safety, comfort, and economy.

48 8. Conduct schools of instruction for transportation personnel
49 as needed or requested.

50 9. Prescribe such rules and regulations as shall be deemed
51 necessary for the efficient administration of this Act.

52 Sec. 6. All pupils attending school in the state residing a
53 distance in excess of one (1) mile from the school which they
54 attend shall be entitled to transportation subject to the provisions
55 of this Act. The commissioner shall have the authority to
56 provide transportation for pupils living within the designated one
57 (1) mile distance from the school when such transportation is
58 necessary for the welfare and safety of such pupil.

59 Sec. 7. Any pupil may be required to meet a school bus on an
60 approved route a distance of not to exceed three-fourths ($\frac{3}{4}$) of

61 a mile without reimbursement.

62 Sec. 8. Whenever transportation by school bus is impractical
63 or where school bus service is not available, the commissioner may
64 require the parent or guardian to transport his children to the
65 school of attendance. The parent or guardian shall be reimbursed
66 for transportation service at such rate as permitted in this Act.

67 Sec. 9. Where unsatisfactory roads or other conditions make
68 it advisable, the commissioner at his discretion may require a
69 parent or guardian to transport his children up to two (2) miles
70 to connect with the vehicle of transportation. The parent or
71 guardian shall be reimbursed for such transportation as permitted
72 in this Act.

73 Sec. 10. Transportation service may be suspended any day or
74 days due to inclemency of weather, condition of roads, or the
75 existence of other conditions when in the judgment of the school
76 officials it is deemed advisable, and when school or schools are
77 closed to all children. The closing of schools and the suspension
78 of transportation services shall be determined at the discretion
79 of school officials.

80 Sec. 11. The commissioner shall be responsible for negotiating
81 and entering into contracts for school bus service. Such contracts
82 shall be in writing, shall define the route, the length of time
83 the contract is to be in effect, service for which contracted, com-

85 under this Act which shall provide transportation services to pupils
86 in excess of a five-day school week. Contracts shall prescribe
87 the duties and responsibilities of the contractor and the driver of
88 the vehicle in providing service to pupils and the duties and
89 responsibilities between the commissioner, school officials, and
90 the contractor in providing such services.

91 Sec. 12. Contracts may be negotiated with:

92 1. Franchise city bus companies.

93 2. Private contractors.

94 3. Parents directly in areas where transportation by bus service

96 No contract may be entered into between a contractor and the
97 commissioner for a period exceeding three (3) years.

98 Sec. 13. The commissioner in establishing and operating bus
99 routes and in contracting for transportation shall take into con-
100 sideration the following:

101 1. Each bus route shall be planned and adjusted to utilize
102 the normal seating capacity of each bus insofar as it is possible
103 to do so.

104 2. A route shall not be extended for the purpose of accom-
105 modating any pupil whose home is nearer another bus route.

106 3. The use of school buses provided by this Act shall be
107 restricted to transporting pupils to and from school and shall not
108 be permitted for use in transporting pupils attending extra
109 curricular activities.

110 4. No bus shall leave the public highway to receive or dis-
111 charge pupils.

112 Public school students shall be provided transportation services
113 only if attending school in the school district in which they
114 reside if a school is in operation unless the parent or guardian
115 of a student personally pays tuition for the student to attend

116 school in another district.

117 Sec. 14. Prior to the beginning of negotiations of school bus
118 contracts, the commissioner shall prepare a written description of
119 the route or routes to be negotiated. Said description shall give
120 the approximate number of pupils to be transported, the location
121 of school attendance centers, the approximate number of miles to
122 be traveled per round trip per day, the type of equipment required
123 to be furnished by the contractor, and any other relevant and
124 necessary information to advise contractors of the terms and
125 conditions of such proposed contracts. Such written specifications
126 shall be open to public inspection and shall be kept on file in
127 the office of the commissioner and a duplicate copy shall be filed
128 in the office of the district director of the area for which the
129 transportation is to be provided if such director has been
130 appointed.

131 Sec. 15. The commissioner shall give thirty (30) days prior
132 notice of the date for the beginning of such proposed negotiation
133 for school transportation by publication in a paper having state-
134 wide circulation and in a paper of general circulation printed and
135 published within the district in which the transportation is to be
136 provided. Such public notice shall convey the information that
137 the commissioner is prepared to negotiate and execute contracts
138 for the several bus routes of the district and that the specifica-
139 tions for the several routes and information relative thereto are
140 on file in the offices of the commissioner and the district director,
141 if such director has been appointed for the district. The
142 advertised date for the beginning of such proposed negotiations
143 shall be any time after the first day of April but not later than
144 the first day of July of any year. Contractors shall submit
145 sealed bids. The commissioner shall accept the lowest reasonable
146 bid submitted unless such bid does not comply with transportation
147 requirements established by state law or by rules and regulations
148 of the department. The commissioner need not accept any of the bids
149 submitted if none of the bids meets the required specifications. If
150 no bids are accepted, the state shall provide transportation
151 services or shall negotiate with the parent or guardian to pro-
152 vide the service.

153 Sec. 16. The commissioner shall prepare a uniform contract
154 containing provisions not in conflict with this Act which shall
155 be used in contracting for transportation service. All contracts
156 may be terminated by either party on a ninety-day written notice.

157 Sec. 17. All state contractors shall carry liability insurance
158 in amounts and kind as provided in the official contract.

159 Sec. 18. The contractor shall operate the vehicle himself or
160 shall provide a driver who shall be approved by the commissioner.
161 The contractor and driver shall be subject to all laws and
162 prescribed standards for school bus drivers. Failure to comply
163 shall constitute grounds for dismissal of the driver or cancellation
164 of the contract if the commissioner so desires. All vehicles of
165 transportation provided by a contract shall be inspected, approved,
166 and certified by the department before being put into operation.

167 Sec. 19. When the commissioner determines that the state shall
168 provide transportation services, the commissioner shall recommend
169 to the state executive council that such services be provided and
170 that buses be purchased. Purchases approved by the executive

171 council shall be negotiated as provided in section twenty-one point
172 two (21.2), subsection four (4) of the Code.

173 Sec. 20. The commissioner may establish such transportation
174 districts throughout the state as shall be needed for the effective
175 administration of this Act, shall employ a division director, and
176 may employ such district directors as shall be necessary to assist
177 in providing transportation services within each district. The
178 duties of the district director shall be:

179 1. To determine all strategically located highways and roads
180 within the district.

181 2. To contact all local public and private school administrators
182 and other local officials who may be of assistance in establishing
183 school bus routes.

184 3. Locate all pupils who are entitled to transportation under
185 this Act and determine which school such pupils attend.

186 4. Obtain the name and grade of each pupil to be transported,
187 the name of the parents of the pupil, and such other information
188 as shall be necessary.

189 5. Maintain reports on all private contractors in the district
190 with whom transportation has been contracted including an inventory
191 of all transportation equipment and the value of such equipment
192 held and used by such contractor in transporting pupils to school.

193 6. Maintain an inventory of all transportation equipment owned
194 by the state operated within the district and the value of such
195 equipment.

196 7. Assist the commissioner in establishing school bus routes
197 in the district.

198 8. Assist in negotiating such contracts or agreements as the
199 commissioner shall designate.

200 9. Assist the commissioner in employing such personnel as shall
201 be necessary to efficiently provide school transportation services
202 in the district.

203 Sec. 21. For the school years ending June 30, 1966 and June 30,
204 1967, each school district now providing transportation to students
205 shall continue such transportation or shall continue to make
206 arrangements for such transportation as permitted under chapters
207 two hundred eighty-one (281), two hundred eighty-two (282), and

President Fulton requested the Secretary to read the following proclamation:

STATE OF IOWA

Executive Department

PROCLAMATION—SECRETARIES' WEEK

Whereas, the efficient functioning of modern society is largely dependent upon effective communication, and the modern methods of communication

have come more and more to rest in the hands of our office secretaries; and
Whereas, the increasing amount of communications inherent in our complex society has made it necessary for today's secretary not only to acquire technical skills for the use of office machines and the taking of dictation, but to assume the responsibility for countless details in the operation of a business; and

Whereas, today's secretary must have at her command tact, diplomacy, and many other attributes so necessary to the increasing role she plays in good public relations for her employer; and

Whereas, the important contribution made by secretaries in the economic and governmental life of our country has been recognized by establishing the last week in April as Secretaries' Week; and Wednesday, April 21, 1965, has been designated as Secretaries' Day;

Now Therefore, I, Harold E. Hughes, Governor of the State of Iowa, do hereby declare the week of April 18 through 24, 1965, as Secretaries' Week in Iowa, and I urge all citizens to recognize and pay tribute to the efforts made by our secretaries in the operation of industry, the professions and government, all of which have made them truly silent partners in American business.

In Testimony Whereof, I have hereunto subscribed my name and caused the Great Seal of the State of Iowa to be affixed. Done at Des Moines this 12th day of April in the year of our Lord one thousand nine hundred sixty-five.

Whereas, the State of Iowa is now engaged in a long-range program of Interstate Highway construction, and

Whereas, certain areas of such construction have not been satisfactory, in particular the part of Interstate 80 near the town of Dexter which required repair and replacement several times following a short period of use; more recently, that portion of Interstate 35 in and near Clarke County has deteriorated to such point that it is unsafe to the traveling public; and

Whereas, said Interstate 35 is designed as a transcontinental highway and when completed will carry a greatly increased traffic load and must be constructed to bear this load with a minimum expense of repair; and

Whereas, it has been proposed to increase the tax on motor vehicle fuel to provide additional funds for highway construction, Now Therefore

Be It Resolved by the Senate of the Sixty-first General Assembly; the House Concurring:

That the Highway Commission shall, prior to any further construction on the Interstate system, institute the most advanced engineering principles and practices in the preparation of roadbed.

That the mistakes that caused the rapid deterioration in the above cited instances be avoided in the future,

That only materials be used that have been proven in past construction

to give the maximum service with a minimum of maintenance, and

That the public may be assured that the money spent in taxes for road construction is being used to the best advantage by modern methods of highway construction.

Whereas, to combat the floods and threatened disaster, citizens, civic organizations, and local governmental agencies of those areas of the state lying within the paths of the uncontrolled water have appealed to the Governor of Iowa for commitment of the resources of the state in alleviation of their distress; and

Whereas, the Governor, in reply to their plea, and conscious of his lawful and executive responsibilities to the citizens and the state in connection with protection of lives and property in time of disaster, and upon the recommendation of the Adjutant General of Iowa, called a conference of representatives of State and Federal Agencies that have capabilities for cooperation in efforts toward minimizing the destructive effects of disasters, for the purpose of initiating "Operation Webfoot" whereby the efforts and resources of all such agencies are coordinated, as required, under the direction of the Adjutant General; and

Whereas, it is provided by law that the Governor may employ the Military Forces of the state for the relief of the state and the protection of life and property therein upon the request of local civilian authorities, and by virtue of this authority has directed the Adjutant General to order into active state service such part or all of the National Guard of Iowa, as required, in aid of civil authority and to protect life and property, and to otherwise coordinate and direct the efforts of other State and Federal Agencies engaged in "Operation Webfoot"; and

Whereas, by reason of said directive, the Adjutant General has committed 45 units, including 2,289 officers and men and 304 vehicles and 16 aircraft, with other essential equipment of the Iowa National Guard in the discharge of such duty in the vicinities of the cities of Cherokee, Fort Dodge, Iowa Falls, Waterloo, Cedar Rapids, Des Moines, and Marquette, McGregor, Guttenberg, Sabula, Dubuque, Clinton, Davenport, Muscatine, Burlington and Keokuk located along the length of the Mississippi River on the east boundary of the state, in continuous duty since April 6, 1965; and

Whereas, in the performance of such duty the Iowa National Guard, and other cooperating State and Federal Agencies, are rendering outstanding and meritorious service to the state in connection with evacuation, reinforcing, and patrolling of levees and dikes, protection of community utilities and sanitary facilities, emergency transportation and air evacuation of sick and injured to medical facilities, emergency supply of food, shelter, medical supplies, and other equipment and material essential for the preservation of life and property, at great personal danger, discomfort, hardship, and inconvenience to personnel concerned; now therefore;

SENATE RESOLUTION 2

By Beneke and Rigler

Whereas, many citizens of the State of Iowa have recently suffered substantial losses from flood damage which losses may be carried back in computing gross income on the Federal Income Tax Return for the calendar year of 1964; and

Whereas, there is some question or doubt as to whether such losses can be carried back on the 1964 Iowa income tax returns; and

Now Therefore Be It Resolved by the Senate, that the ways and means committee be and it is hereby directed to study the income tax situation with reference to carryback of casualty losses and to prepare and recommend a suitable bill if in the judgment of the committee further legislation is necessary or desirable to insure tax relief in the flood situation.

Section 2. Nothing in this Constitution shall restrict or limit a state in its determination of how membership of governing bodies of its subordinate units shall be apportioned.

Section 3. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the several states within seven years from the date of its submission to the states by the Congress."

SENATE CONCURRENT RESOLUTION 30

By McNally

Whereas, a committee of Iowa legislators will hold a joint meeting Tuesday, May 4, 1965 with a legislative delegation from the State of Nebraska in regard to the Iowa-Nebraska boundary dispute, and

Whereas, the Iowa delegation is in immediate need of construction maps which must be purchased from the Corps of Engineers, and

Whereas, the maps are necessary in assisting the Iowa committee in resolving the problem of the Iowa-Nebraska boundary dispute; now therefore,

Be It Resolved by the Senate, the House Concurring, That mylar maps Nos. SENATE CONCURRENT RESOLUTION 31

By Klefstad, Kruck, Nims, Tabor, McNally,
Griffin, Shoeman, Benda and Rigler

Whereas, the present Code of Iowa provides only limited laws and regulations pertaining to the installation of electrical wiring and equipment, and

Whereas, safeguards to life and property from faulty and defective electrical wiring should be extended to all persons through out the State of Iowa, and

Whereas, evidence from the reports of the office of the State Fire Marshal

and others indicates increasing losses to life and property due to fires of electrical origin, and

Whereas, there does exist an established recognized code for electrical installations known as the "National Electrical Code of the National Fire Protection Association" which should be given consideration as the minimum standard governing all electrical installations for the express purpose of affording protection to life and property from the inherent dangers due to faulty electrical installations, and

Whereas, there is an apparent need for the implementation of such a code for the State of Iowa in conjunction with inspection of electrical installations and licensing of those persons making electrical installations; now therefore,

Be It Resolved by the Senate, the House Concurring, That the Iowa Legislative Research Bureau be directed to conduct, during the 1965-1967 legislative biennium, a study to determine the need for any legislation to promote greater electrical safety throughout the State of Iowa, including the need for a state-wide electrical code, inspection of electrical installations, and licensing of persons making electrical installations.

Be It Further Resolved, That the Legislative Research Committee establish a committee in accordance with sections two point fifty-five (2.55) and two point fifty-six (2.56) of the Code to assist the Bureau with the study and that the State Fire Marshal and four (4) representatives of the electrical industry from within the State of Iowa be appointed by the Legislative Research Committee to serve in an advisory capacity to any study committee so established. Consideration should be given to appointing the four (4) representatives of the electrical industry from names submitted by private utility companies, rural electric cooperatives, municipal electric utilities, and duly recognized associations of electrical inspectors, electrical contractors, electrical engineers, and journeymen electricians.

Be It Further Resolved, That the Legislative Research Bureau and the committee assisting the Bureau be directed to report the findings of the study and committee recommendations, accompanied by bills incorporating such recommendations, to the Sixty-second General Assembly prior to January 1, 1967.

CONGRATULATIONS TO SENATOR SHIRLEY

It is a distinct pleasure for me on behalf of the entire Senate to acknowledge the arrival of the brand new junior Senator from Dallas. The Senate is unanimous in extending heartiest congratulations to Senator Alan Shirley and to Mrs. Shirley on the arrival May 2 of their new daughter. A minority of us sincerely hope this new miss, along with her older sister, will have seen the folly of her father's political ways in the years to come, and will represent Dallas County under a more fitting political label.

The proud father has indicated his desire to share cigars with the members of the Senate and also his hope that some of the fair sex here will extend their personal congratulations to him in the secrecy of the typing

quarters. We have asked two of our fairest flowers to make an appropriate presentation and to convey their best wishes for all of us in the presence of all of us. Mrs. Fitzgerald and Mrs. Shinstine, will you please come forward and do the honors for the Senate?

"Jackie" and "Katy" appeared and on behalf of the Senators presented "Daddy" Shirley with a vase of red roses, and in return received on behalf of the less fortunate secretaries the sincere thanks and kisses of Senator Shirley.

SENATE CONCURRENT RESOLUTION 29

By Flatt, O'Malley, Shaff, Lodwick, Stanley,

Whereas, the recent severe winter left a late season of snow cover of great depth and high water content throughout the basin of the rivers and streams draining and bounding the State of Iowa which has resulted in unprecedented disastrous flooding and threats of flooding of great danger to life, property, and the economy of the state; and

Whereas, to combat the floods and threatened disaster, citizens, civic organizations, and local governmental agencies of those areas of the state lying within the paths of the uncontrolled water have appealed to the Governor of Iowa for commitment of the resources of the state in alleviation of their distress; and

Whereas, the Governor, in reply to their plea, and conscious of his lawful and executive responsibilities to the citizens and the state in connection with protection of lives and property in time of disaster, and upon the recommendation of the Adjutant General of Iowa, called a conference of representatives of State and Federal Agencies that have capabilities for cooperation in efforts toward minimizing the destructive effects of disasters, for the purpose of initiating "Operation Webfoot" whereby the efforts and resources of all such agencies are coordinated, as required, under the direction of the Adjutant General; and

Whereas, it is provided by law that the Governor may employ the Military Forces of the state for the relief of the state and the protection of life and property therein upon the request of local civilian authorities, and by virtue of this authority has directed the Adjutant General to order into active state service such part or all of the National Guard of Iowa, as required, in aid of civil authority and to protect life and property, and to otherwise coordinate and direct the efforts of other State and Federal Agencies engaged in "Operation Webfoot"; and

Whereas, by reason of said directive, the Adjutant General has committed 45 units, including 2,289 officers and men and 304 vehicles and 16 aircraft, with other essential equipment of the Iowa National Guard in the discharge of such duty in the vicinities of the cities of Cherokee, Fort Dodge, Iowa Falls, Waterloo, Cedar Rapids, Des Moines, and Marquette, McGregor, Guttenberg, Sabula, Dubuque, Clinton, Davenport, Muscatine, Burlington and Keokuk located along the length of the Mississippi River on the east boundary of the state, in continuous duty since April 6, 1965; and

Whereas, in the performance of such duty the Iowa National Guard, and other cooperating State and Federal Agencies, are rendering outstanding and meritorious service to the state in connection with evacuation, reinforcing, and patrolling of levies and dikes, protection of community utilities and sanitary facilities, emergency transportation and air evacuation of sick and injured to medical facilities, emergency supply of food, shelter, medical supplies, and other equipment and material essential for the preservation of life and property, at great personal danger, discomfort, hardship, and inconvenience to personnel concerned; now therefore;

Be It Resolved by the Senate of the Sixty-first General Assembly of Iowa, with the House of Representatives Concurring, that the Sixty-first General Assembly go on record as commending the officers and men of the Iowa National Guard and personnel of cooperating State and Federal Agencies engaged in "Operation Webfoot" for their outstanding and meritorious performance of duty and to express the gratitude of the citizens of Iowa and the state for their contribution to the protection of life and property during this time of disaster.

Be It Further Resolved, that a copy of this resolution be sent to the Governor of Iowa, the Adjutant General of Iowa, each State and Federal Agency engaged in this operation, and to each organization of the Iowa National Guard that is and has been engaged in "Operation Webfoot".

Whereas, it is a common practice to mine and quarry coal, gypsum, limestone, and gravel in many areas of the state through the process of open pit excavating, and

3 is amended by adding the following division and sections thereto:

4 NATURAL RESOURCES

5 AND RECREATIONAL DISTRICTS

6 1. A county board of supervisors shall have the power to
7 create and establish a natural resources and recreational
8 development district or districts within the county, and to acquire
9 lands for the creation of a lake or reservoir by constructing a
10 dam or dams in a non-navigable river in the county, and to
11 prescribe the extent and nature of the facilities in connection
12 therewith, to develop and improve such a district as provided
13 in this Act, and to maintain and operate such facility. In connection
14 therewith, the board of supervisors may divide such district into
15 subdistricts for the purpose of installation of water, electricity,
16 gas, and sewerage facilities and services, and may assess the
17 cost thereof against the property located in any district or
18 subdistrict.

19 2. The board of supervisors shall have the power and
20 authority in connection with the establishment, development,
21 maintenance, and operation of a natural resources and recreational
22 development district as is authorized by this Act, to acquire real

23 estate for such purposes and beyond the high water level line on
24 the shore of any such lake or reservoir, by donation, purchase
25 or condemnation, and to take the title thereto in the name of the
26 county in trust for the public, and hold the same exempt from
27 taxation, except as otherwise provided in this Act. When such
28 property is taken by condemnation proceedings, the provisions of
29 chapter four hundred seventy-two (472) of the Code, shall apply,
30 and such proceedings shall be conducted by the county attorney.

31 In the event that the board of supervisors determines that a
32 part of a larger tract of land is necessary for such a project,
33 and that it is more feasible and economical to acquire the whole
34 tract, and to sell such parts thereof as are not needed for the
35 project, the board shall have the power to acquire same.

36 3. County boards of supervisors are hereby authorized to
37 contract indebtedness, and to issue general obligation bonds of
38 the county to provide funds to pay the cost of the acquisition
39 and improvement of real estate for the purposes stated in this
40 Act. If the county board of supervisors is presented with a
41 petition signed by persons eligible to vote in the county equal
42 to or in excess of five percent (5%) of the total vote at the last
43 general election, it shall forthwith call a special election to
44 vote upon the proposition of the issuance of such bonds. The
45 board shall follow the procedure provided in section one hundred
46 eleven A point six (111A.6) of the Code, for the submission of the
47 proposition for the issuance of such bonds to the voters of the
48 county, but the limitation therein as to the amendment and tax rate
49 shall not apply. If the proposition is approved by the voters, the
50 board of supervisors may sell from time to time such portions
51 and amounts of the authorized bonds as shall be required to pay
52 for such acquisitions and improvement of the property and as
53 funds are needed.

54 If the proposition is approved by the voters, the board of
55 supervisors shall annually determine and fix the amount or rate
56 of taxes on the taxable valuation of the property in the county,
57 to be levied, collected and appropriated for the ensuing year for
58 said purpose, and the board of supervisors shall levy such tax
59 and certify the percentage thereof to the county auditor with the
60 other taxes for said year. The requirements of section three
61 hundred forty-five point eight (345.8) of the Code shall be
62 applicable thereto. The moneys so provided shall be paid into
63 the debt service fund, and shall be used to pay the bonds and
64 interest thereon, and such other proper costs.

65 4. Boards may make permanent improvements of the real
66 estate acquired for such district or districts including the
67 construction, paving, surfacing, or otherwise improving
68 roadways, drives, walks and areas, installation of water,
69 electricity, gas, and sewerage facilities, and water and
70 sewerage treatment facilities. Sanitary districts may be
71 established in accordance with the provisions of chapter

80 interest. If all outstanding bonds and interest have been paid,
81 any proceeds remaining shall be placed in a special fund which
82 shall be used by the county board of supervisors for the operation,
83 maintenance, improvement or replacement of the facilities of
84 said district.

85 5. County boards of supervisors shall have full and complete
86 supervision and control over the entire area of any district
87 established and created under the provisions of this Act, and
88 may determine and fix the amount of moneys necessary and
89 sufficient to pay for the proper operation, maintenance and
90 supervision of said area, and certify the same to the county
91 auditor. The board shall levy a tax therefor, the proceeds of
92 which shall be used only for the purposes stated herein.

93 6. Such board shall have the power to adopt, enact and
94 enforce ordinances and regulations to govern, control and
95 operate such districts and areas and the use thereof, and shall
96 have the same powers and authority given to cities and towns
97 by the provisions of chapter three hundred ninety-one (391)
98 and chapter three hundred ninety-six (396) of the Code to the
99 same extent and in the same manner as city or town councils
100 now have, and shall have such powers as are applicable to
101 municipalities, including the construction of improvements
102 and levying of special assessments to pay the cost thereof
103 against property owners in said district.

104 7. Any contributions from private sources or organizations
105 made to a county board of supervisors for the purposes provided
106 herein by individuals or corporations shall be deductible from
107 income for income tax purposes, as being contributions to a
108 governmental instrumentality.

110 have been sold to and are owned by individuals or corporations,
111 shall be subject to taxation the same as any other property in
112 the county. In the event the taxable value thereon in any year
113 is greater than it was at the time of the original acquisition of
114 such property by the county, the amount of taxes collected on
115 such excess valuation in any year shall first be used to pay
116 expenses, and any excess shall be paid into the general funds
117 of the respective school districts of the county prorated
118 according to the number of pupils resident in the county and
119 attending school in each school district. The balance of such
120 taxes collected shall be distributed in the same manner as
121 other taxes in the taxing district.

122 9. When the board of supervisors of any county has
123 established a natural resources and recreational district and
124 has established parks therein, the board may place such parks
125 under the supervision of the county conservation board.

SPECIAL MESSAGE ON
LABOR-MANAGEMENT LEGISLATION
TO THE SIXTY-FIRST GENERAL ASSEMBLY

by

HONORABLE HAROLD E. HUGHES, GOVERNOR OF IOWA

Joint Session, May 5, 1965

MR. PRESIDENT, MR. SPEAKER, HONORABLE SENATORS AND REPRESENTATIVES
OF THE SIXTY-FIRST GENERAL ASSEMBLY:

I deeply appreciate the opportunity to join you in this joint convention today and out of deference to the heavy workload you are handling I will make my remarks as brief and to-the-point as possible.

To begin with, I would like to express to you members of both political parties my personal appreciation for your work thus far in the session.

No Iowa legislature in this century has tackled such a broad range of important and difficult problems as you have.

Because the make-up of this Assembly is more representative of all of the population groups of the state than in the past, you have been confronted with an unprecedented variety of legislation. Because you have had the courage to eliminate secrecy from the legislative processes, many controversial items have reached the floor that would never have seen the light of day in sessions gone by.

Whatever our differences in viewpoint may be and whatever public criticism may come your way, I want to say that I respect you individually and as a legislative body for your integrity of purpose and your devotion to the public interest.

One of the propositions to which we are all committed is to keep Iowa moving—to sustain and strengthen the promising surge of industrial development we have enjoyed in the past three years and to do everything we can from the level of state government to create an atmosphere in which management and labor can work together constructively to assure Iowa's economic future.

Obviously there are profound differences of opinion as to what course should be followed to attain these objectives.

At no point is there sharper disagreement and greater confusion than on the complex area of legislation relating to collective bargaining and other fundamental practices involved in labor-management relations in Iowa.

It is this subject I want to discuss with you today because I am convinced that major legislative changes in this area are needed—and urgently needed—and I would like to spell out for you as clearly as possible why I believe this to be the case and in general terms what changes I think should be made in the existing law.

The core of the controversy, as you all know, is that part of the 1947 Iowa law which prohibits various types of union-management contract provisions and has become generally known by the label "right-to-work law."

Unfortunately, the label has become such an emotional symbol on the part of both proponents and adversaries, that it has become extremely difficult to examine the whole problem objectively.

Without stopping, at this point in my remarks, to evaluate the case for or against this statutory restriction on collective bargaining, let me say that it is, at best, a misleading over-simplification of a whole complex of serious problems.

We should be looking at the entire structure of our labor management laws—not just one phase of it.

And the test of that structure of law should be whether or not it protects the legitimate interests of management, labor and the general public and is conducive to efficient industrial operation.

Frankly, ladies and gentlemen, our existing structure of labor relations law fails to meet the test on all of these counts.

It simply is not doing the job that most people think it is doing.

* * * * *

Let's look at it first from the standpoint of management.

The champions of the 1947 law take the position that this law is a bastion that effectively protects management from the possibility of coercive power and unfair practices on the part of organized labor.

But does it?

The other day a successful industrialist for whom I have great respect was in my office to urge me to oppose any modification of the right-to-work law.

"Why?" I asked him.

"The legalizing of the union shop would be a bad thing for industry in Iowa," he said.

"But I happen to know that your company is not just a union shop—it is a de facto closed shop," I replied. "Nobody can get a job in your business unless he belongs to that union, can he?"

He agreed that this was so. In other words, the situation he was so fearful of already exists in his own industry under our existing "right-to-work" law. And neither he nor his employees have the sort of protection in labor-management relations that they should have, and would have if our present law were modernized and strengthened, as it should be.

If we really want to prevent such things as secondary boycotts, "hot cargo" agreements and closed shop contracts; then we need to modernize the 1947 Iowa law and bring it into line with more realistic and effective federal law.

From the standpoint of management, our existing law has more holes in it than a sieve.

Yet I have a sheaf of letters on my desk at this moment from business-

men insisting that the existing law be left as it is.

For some reason, it is widely assumed that if the so-called "right-to-work law" is modified in any way, it will follow that every working man and woman in the state will be required to join a labor union.

This is not true. Under proposed modification of the 1947 law, union shop provisions requiring employees to join would occur only where the union, which is the representative of the majority of employees, wants it and where the employer has agreed. Even then, if there are employee misgivings, they may vote it out. Many plants are not and may never become unionized at all, and—I repeat—none of those that do would have union shop contracts unless their management agreed to it.

The proposal to permit negotiation of union shop contracts and lesser forms of union security agreements in Iowa has nothing whatsoever to do with the holding of elections to determine if a majority of the employees wants a union to act as their bargaining agent. I think it should be made crystal clear at this point that procedures for holding such elections, which are covered by federal law, would not be affected at all by the changes I recommend in the state law.

There is an unfortunate confusion in the attitude of some employers and a considerable number of citizens concerning what our attitude toward organized labor should be.

In some cases, the bias toward unions is so great that it is generally assumed that anything organized labor wants is wrong and should be denied. It is also erroneously assumed that the proper way to deal with unions is to keep them as weak as possible through restrictive legislation.

When people say to me: "I don't want to see unions become so powerful that they run the state," then I can only reply that I agree with them.

I don't want to see any special group of our population become so powerful that it can exert unfair pressure on majority rule.

But quite frankly this is not going to happen—end even if it were, the inadequate labor legislation we have in our Code at this time would not prevent it.

Personally, I have a deep belief in the right of collective bargaining. It is a sound, proven format for healthy labor-management relations and not something to be feared.

The relationship between employer and worker is satisfactory only when each has his rights protected—and both are able to function efficiently, economically and otherwise.

What we need is responsible unionism, and contrary to the opinion of many people, this does not mean weak unions. The way to get responsible leadership in labor is through sound, workable legislation—not through discriminatory, excessively restrictive legislation that impairs basic rights of collective bargaining.

On the other side of the coin, as I have already pointed out, management needs and deserves stronger and more detailed protection of its rights than we have under our 1947 law.

Frankly, I believe that management has more to gain from a sound revision of our 1947 labor law than labor.

* * * * *

Now what is organized labor's position in this matter?

The rank and file of organized labor believe that our existing labor law imposes an unfair restriction on the rights of collective bargaining in that this law makes it possible for some employees to "free load"—that is, to enjoy the benefits of collective bargaining without sharing in the cost and responsibilities of union membership.

"Union shop," as you know, means that a worker must become a member of the union after he is hired and served a probationary period in a company that has negotiated a union shop agreement with its employees. If the employer agrees with the union; then all employees must pay union dues and belong to the union.

Federal law already requires that the union bargain for all employees—whether they are union members or not. The union shop agreement merely eliminates "free riders."

I can't blame union members for feeling the way they do about "free riders." I also believe that they have good reason to feel that the restriction against union shop contracts in our present law is damaging to the prestige and self-respect of organized labor.

As you know, I do not advocate outright repeal of the right-to-work law. I do not support the closed shop, under which a person must be a union member in order to get a job, because I believe that an employer should have the right to hire the people he wants to hire, without restriction—providing that he does not discriminate against a prospective employee because of race, creed, color, sex, or membership in a labor organization.

I am opposed to the closed shop because I feel that it unfairly and arbitrarily removes a prospective employee from the labor market, and imposes a control that is not necessarily related to the prospective worker's qualifications for the job.

However, once a worker has been hired into a shop that operates under a contract negotiated with a union and participates in the benefits the union provides, I believe it is only fair that he should be subject to the same rules as any other employee.

This point is not a side issue—it is the very heart of responsible unionism.

Either we believe in collective bargaining or we do not—and to me this is the point on which it all hinges. Granted that proper protection is included in the law assuring the fair treatment of each union member—an area that must be adequately covered in any modernization of our law that I would support—this is the basic right involved: not just the right to work, but the right to work with the security of legalized union contract conditions.

As you know, for a number of years, the representatives of organized labor have advocated the outright repeal of the right-to-work law—which would include repeal of the prohibition of the closed shop, as well as of the union and agency shops.

I cannot blame those in organized labor who want full repeal of this law which they feel has become a symbol through the years of the denial of their rights of collective bargaining and a rejection of their bid to sit in dignity at the council table with management.

However, from the beginning, I have stood for the modification and modernization of our existing labor laws, including the right-to-work section.

I continue to stand on this middle ground because I believe it is right and in the best interests of the people of Iowa and the state's continuing development.

* * * * *

What about the protection of the public in labor-management disputes under our present law?

Let us focus our attention particularly on the machinery we have under our existing law to protect human life and property in the event that violence flares up in an unresolved labor dispute.

Let me give you a concrete example.

Recently, as you know, we had a major packing house strike in the Fort Dodge area.

Full negotiations were conducted with the assistance of a federal mediator, but the negotiations reached what appeared to be an insuperable impasse.

The striking union felt that it could not accept the offers of management. Management concluded that it could no longer postpone resuming plant operations—even if it was necessary to bring in non-union, inexperienced labor to man the jobs.

If the plant had re-opened, as scheduled, I am absolutely convinced there would have been violence, bloodshed, perhaps loss of life.

Fortunately—and to the great credit of both parties in the dispute—both management and labor agreed to meet with me in virtual round-the-clock negotiations to work out the differences.

They did this; an agreement was reached; and what would doubtless have eventuated into a bitter and violent clash, despite the diligent efforts of local law enforcement officers, was avoided.

This incident, in my mind, clearly illustrates the lack of effective machinery in this state under existing law to act in the event of a prolonged labor dispute in which there is a probability that violence might occur. All of this happened under our present so-called "right-to-work" law.

A governor has many responsibilities to which he must attend. He cannot and should not enter every serious labor dispute. Provision is made under Chapter 90 for the appointment of a board of arbitration, but without going into details as to why this chapter is weak and inadequate to meet such situations, the fact that it has seldom been used by past governors attests to its ineffectual nature.

I feel very strongly that our existing law should be changed to provide for a permanent board of mediation and conciliation within the State Bureau of Labor to facilitate the negotiation of labor-management contracts and to act in cases where regular negotiations have broken down.

It would be the function of this board to assist labor and management to make and maintain agreements concerning wages, hours and working conditions; and to exert every reasonable effort to induce the parties in labor disputes to settle their differences around the conference table, thereby averting situations where life and property are endangered.

Protection from secondary boycotts and other abuses that I have mentioned elsewhere in these remarks is also a matter of concern to the public, as well as to industry. This protection, as I have stated, is not adequate under our existing law. The present section on secondary boycotts in particular is ungrammatical, unintelligible and inoperable, and has been so recognized by both labor and management for the nearly twenty years it has been on our lawbooks.

To sum it up, I feel strongly that our existing labor laws fail completely in the third and most important criterion of adequate labor relations law—the protection of the general public.

* * * * *

In the statement I have made thus far, I have attempted to convey to you my profound conviction that our present labor laws are seriously in need of modernization and tightening up in order to serve the best interests of management, labor and the general public.

Within the next few days, legislation will be presented to this Assembly to accomplish these objectives. I make no claim of perfection for this legislation, but do believe strongly that it is a great improvement over our existing laws and clearly a historic step in the right direction.

I sincerely hope that every member of this Assembly will set aside whatever preconceptions he may have and judge this proposed legislation objectively on its merits.

Never was there a time in this state when there was a greater need for cool heads and open-mindedness. For the fair resolution of this issue will have an all-important bearing on the economic development and spiritual unity of this state in the years ahead.

Here are the salient points of the labor relations legislation that will be submitted for your consideration with my full approval and support:

It is proposed that the 1947 law should be modified to permit negotiation of union security clauses—except for the closed shop. In other words, this would remove the statutory prohibition of union shop contracts.

I am aware that there are those who say that there is no difference between repeal and modification of the so-called right-to-work law.

I would point out that there is a very real practical difference between repeal and modification, particularly as the state law affects small businesses—especially retail—that do not come under the federal Taft-Hartley law. The Taft-Hartley provisions prohibiting the closed shop would not apply to these small firms, and thus they would have no protection from the closed shop if the “right-to-work” part of our labor statutes were repealed.

This situation is not restricted to the very small employers. Retail merchants are not protected by the federal law unless they do a gross business of more than \$500,000 year, and manufacturers, jobbers and wholesalers must deal in purchases or sales of more than \$50,000 a year across state lines to be covered. You can see that thousands of businessmen across the state, including a good share of those on main street in our cities and towns, must depend upon our state law for protection in labor-management situations.

As I have pointed out earlier, the union shop is widespread in Iowa, by tacit agreement of union and employer, in businesses that are unionized. As a matter of fact, there are a considerable number of de facto closed shops, by the same tacit agreements. And these situations exist without the safeguards and controls contained in federal law and in the modernized laws of many other states.

I would point out that this situation illustrates the fact that our existing law is inadequate and ineffectual—and, in plain words, is not doing the job it is purported to do.

Most important of all, I believe the prohibition of union shop contracts should be removed because this is a symbol of our negative attitude of the past toward organized labor.

Whether or not it is recognized in the present hour, this session of the Iowa legislature is being directly confronted with the responsibility of making a number of key decisions which will have a profound bearing upon the future of this state.

One of these decisions is whether or not we shall grant to labor the dignity of fair partnership in the industrial and business future of Iowa.

Shall we take them into this partnership or shall we continue to treat them as a distrusted and ill-favored step-child in the family of our society?

I believe that through fair and functional legislation, we should take labor into full partnership.

But at the same time it must be recognized that with the status of full partnership come responsibilities to accept laws and regulations that strictly define and limit the powers of organized labor—and to abide by these rules.

I am convinced that the majority of the men and women in organized labor are ready and willing to do their part—if they are accorded the respect to which the value of their services to our economy and our society entitles them.

The proposal calling for the legalization of union shop contracts contains with it strict provisions to guard the individual employee from any possible discriminatory treatment on the part of the union leadership. A fear exists in the minds of many people that a new employee or even one who has worked for years in a plant and has never joined a union would be denied union membership on some pretext and thereby be deprived of the right to get a job or continue to work in that plant. This would be an impossibility under the proposed changes in the law. For example, as in the federal law, it would be unlawful to discriminate against an employee who has been denied union membership, or expelled from a union, for reasons other than the non-payment of dues. It would be unlawful to require an employee to pay excessive or discriminatory union dues to become a member. It would also be unlawful to require union dues as a prerequisite to employment.

The second main section of the proposed modernization of our out-dated labor laws deals with such important matters as boycotts and injunctions.

Among its provisions are these:

1. It prohibits secondary boycotts.
2. It forbids a union from forcing an employer to recognize or bargain with a union when another union already is the legitimate representative of the employees.
3. It prohibits a union from forcing an employer to assign work to one union over another, except when the employer violates the terms of his contract.
4. It forbids "hot cargo" agreements.
5. It prohibits "featherbedding."
6. It provides for temporary restraining orders and hearings within five days.

It will be observed that these safeguards to management have teeth in them and provide far more effective protection than may be found in our existing law.

In other words, the legislation we are talking about is not just pro-labor but is a sensible compromise of the viewpoints of labor and management in the public interest.

The final section of the proposed modernization of our existing labor law provides for the setting up of a permanent Mediation and Conciliation Board to plug a vital gap in our present legal structure governing labor-management relations.

* * * * *

These are the essential elements of the proposed labor-management legislation that will be submitted to you by the administration.

To be perfectly frank with you, I am well aware that the position I have taken will not arouse ecstatic acclaim from the traditional spokesmen of either labor or management.

I have taken this position, nonetheless, because I believe it is right and best for the future of this state. If adopted by this Assembly, I believe it will be recognized in due time as being in the best interest of both management and labor—and, most important of all, in the best interests of the general public.

In conclusion, ladies and gentlemen, let me say that I believe the sun will come up in the east in our state and go down in the west—regardless of

what we do about these vital problems of labor-management relations which I have outlined to you today.

But quite frankly, I believe that we will clear the atmosphere and create a better, kindlier climate for our future development if we face these problems forthrightly and fairly.

I believe it is more essential to our future growth and progress that we change our attitudes than that we change our laws. If a change in our laws is to be effective, it must, as a matter of fact, proceed from a change in attitude.

I believe that most employers who have had extensive experience with labor-management relations will agree that well-organized, responsible unions are an aid to a responsible employer, not a detriment. It is significant that many Iowa employers, including the number one manufacturing firm in the state, provide for a union shop in their contracts, to go into effect as soon as the Iowa law may permit.

But more fundamentally, if Iowa is to continue its growth and progress, we must fully recognize the interdependence of all of the segments of our society—the farmer, the laboring man, the business man and all the rest.

If there are stars in my eyes, it is because I believe in people—whether they are employers or workers, city people or farm people, young people or old people. Each group is entitled to fight for its own rights but constructive compromise is out of reach if we stray too far from the spirit of the golden rule.

If there are stars in my eyes, it is also because I believe in the future of this state—completely and without question, just as I believe in a Divine Being.

As we move into a new era of economic growth in Iowa, I hope we can also find the strength to move into a new era of understanding and inter-group co-operation.

We can only do this if we are willing to yield some ground in one sector in order to gain some ground in another.

The hour of decision is before us. We have nothing to lose but our prejudices.

Amend Senate File 568 as follows:

1. In section 2, insert the following new paragraph after line 27:

"e. Each legislator shall be elected from a separate district or subdistrict. The general assembly finds that the election of each legislator from a separate district or subdistrict is necessary in order that this Act shall have a uniform and equal operation, shall protect the right of each citizen to the equal protection of the laws, and shall comply with the applicable provisions of the Constitution of the State of Iowa and the Constitution of the United States."

2. Add the following two new sections at the end of Senate File 568:

"Each senatorial district entitled to more than one (1) senator shall be divided into senatorial subdistricts equal in number to the number of senators to which the district is entitled. Each representative district entitled to more than one (1) representative shall be divided into representative subdistricts equal in number to the number of representatives to which the district is entitled. The voters of each senatorial subdistrict shall vote for only one senator, and the voters of each representative subdistrict shall vote for only one representative. Subdistricts shall be established on the basis of population as shown by the 1960 United States decennial census; and the population of each subdistrict shall not exceed by more than ten (10) percent the population of any other subdistrict in the same district. Each subdistrict shall consist of compact and contiguous territory. In establishing subdistricts, voting precinct boundaries shall be followed if practicable. In each senatorial or representative district which is required to be subdistricted, the subdistricts shall be determined and established by order of a majority of the judges of the district court for the county or counties comprising such senatorial or representative district. Such order shall be entered on or before November 1, 1965. Any citizen of such district may appeal such order to the supreme court. Such subdistricts shall be effective as to the nomination and election of senators and representatives in the year 1966 and thereafter. In such senatorial districts, each senator elected in 1964 for a term of four (4) years shall be assigned to the subdistrict of which he is a resident on the effective date of this Act.

SENATE CONCURRENT RESOLUTION 33

By Stanley and Shaff

Whereas, the Iowa right-to-work law (Chapter 736A, Code of Iowa) prohibits both the closed shop and the union shop, and expressly prohibits any written or oral understanding or agreement to exclude from employment persons who do not belong to a labor union; and

Whereas, the Governor of the State of Iowa stated to the General Assembly in joint session on May 5, 1965, that "I happen to know" that a particular Iowa company "is a de facto closed shop" and further stated that "the union shop is widespread in Iowa, by tacit agreement of union and employer, in businesses that are unionized. As a matter of fact, there are a considerable number of de facto closed shops, by the same tacit agreements."; and

Whereas, in 1963 the present Governor took action to enforce the Iowa liquor laws even though he advocated modification of the liquor laws; and

Whereas, the Constitution of the State of Iowa, Article IV, requires that "The Supreme Executive power of this state shall be vested in a Chief Magistrate, who shall be styled the Governor of the State of Iowa. . . . He shall take care that the laws are faithfully executed.";

Now, Therefore, Be It Resolved by the Senate of the State of Iowa, the House Concurring, that the Governor of the State of Iowa is respectfully requested to perform his constitutional duties and cause the Iowa right-to-work law (Chapter 736A, Code of Iowa) to be faithfully executed and enforced.

The bill having received a constitutional majority was declared to have passed the Senate and the title was agreed to.

Senator Rigler called up the following resolution:

SENATE CONCURRENT RESOLUTION 25

By Rigler, Messerly, Lisle, Briles, Vance, Griffin, Flatt, DeKoster,
Walker, Balloun, Beneke, Riley, Benda, Stanley, Lodwick,
Hagie, Stephens, Lange, Mills and Shaff

Whereas, the taxpayers are now spending on the state and local level at least three hundred and fifty million dollars each year for the support of public schools in Iowa and this cost is rising about twenty million dollars each year; and

Whereas, property tax is supporting most of this cost creating a severe burden on property taxpayers; and

Whereas, study committees in recent years have recommended plans for the support of education such as the proportionate sharing plan and the minimum foundation program; and

Whereas, reorganization of school districts is still a continuing problem in our state; and

Whereas, vocational and technical education is recognized as a field of education which must be expanded; and

Whereas, junior colleges have played an important role in our educational system and should continue to play such a role; and

Whereas, our institutions of higher learning are faced with rapidly expanding enrollments and demands; and

Whereas, we recognize that there is a real need for a coordinated plan for the development of all phases of education in Iowa;

Now, Therefore, Be It Resolved by the Senate, the House of Representatives Concurring, that there is hereby created an educational policy committee of fifteen (15) members consisting of the following: Three members of the Senate, two from the majority party, and one from the minority party, appointed by the President of the Senate; three members of the House of Representatives, two from the majority party, and one from the minority party, appointed by the Speaker of the House of Representatives; one appointed by the Governor to represent the Governor; one appointed by the State Board of Public Instruction; one appointed by the Board of Regents; one appointed by the Iowa Association of School Boards; one appointed by the Iowa State Education Association; one appointed by the Governor to represent other educational interests; three appointed by the Governor, one to represent industry, one to represent labor and one to represent agriculture. Said committee shall study all phases of education in our state, employ such staff as it feels is necessary and present such plan with recommendation to the Sixty-second General Assembly.

There is hereby appropriated from any funds of the state treasury not otherwise appropriated the sum of fifty thousand (50,000) dollars, or so much thereof as may be necessary, to carry out the purposes of this resolution. The compensation of employees and expenses of said committee shall be paid out of the state general fund on vouchers to be approved by the chairman or secretary of the committee and audited according to law.

On motion of Senator Rigler, the resolution was referred to the committee on appropriations.

Senator Reppert called up the following resolution:

SENATE CONCURRENT RESOLUTION 26

By Reppert, Lisle, Hagedorn, Shaff, Denman,
Riley, Elvers, Hansen, Ely, Murray

A Concurrent Resolution providing for a joint advisory committee under chapter 2 of the Code of Iowa, 1962, to conduct a study of periodic motor vehicle inspection.

Whereas, the death toll on Iowa's highways is reaching an alarming figure resulting in undue loss of life and a serious drain on the state's economy.

Whereas, a sound highway safety program must include safe vehicles, safe drivers and safe roads.

Whereas, more widespread use of our interstate highway system with higher speed limits and long sustained speeds make greater demands on the mechanical conditions of motor vehicles.

Whereas, even the most skillful driver may not be able to avoid an accident if his car or truck is in unsafe driving condition.

Whereas, experience in many states which have instituted periodic motor vehicle inspection has shown that this safety factor has been beneficial in helping reduce traffic accidents.

Whereas, periodic motor vehicle inspection is a vital element in the action program of traffic and accident control advocated by the President's Committee for Traffic Safety.

Now Therefore Be It Resolved by the Senate, House Concurring: That the legislative research committee shall have the full power and authority to draft plans and conduct research into all aspects of periodic motor vehicle inspection, including the method of inspection, the authority for inspection and the period of inspections.

Be It Further Resolved, that said committee shall make a complete report to the next regular session of the General Assembly.

Senator Schroeder moved that the resolution be referred to the committee on appropriations.

Senator Platt moved as a substitute motion that the resolution be referred to the committee on transportation, which motion prevailed.

EXPLANATION OF VOTE ON SENATE FILE 566

I felt compelled to vote "no" on this proposition because it calls for an appropriation that is over twice the appropriations for the present biennium and half again as much as recommended by the Governor's budget.

Should all of the appropriations be of this same percentage increase, it would call for drastic revenue measures to balance the budget.

SENATE CONCURRENT RESOLUTION 33

By Stanley and Shaff

Whereas, the Iowa right-to-work law (Chapter 736A, Code of Iowa) prohibits both the closed shop and the union shop, and expressly prohibits any written or oral understanding or agreement to exclude from employment persons who do not belong to a labor union; and

Whereas, the Governor of the State of Iowa stated to the General Assembly in joint session on May 5, 1965, that "I happen to know" that a particular Iowa company "is a de facto closed shop" and further stated that "the union shop is widespread in Iowa, by tacit agreement of union and employer, in businesses that are unionized. As a matter of fact, there are a considerable number of de facto closed shops, by the same tacit agreements."; and

Whereas, in 1963 the present Governor took action to enforce the Iowa liquor laws even though he advocated modification of the liquor laws; and

Whereas, the Constitution of the State of Iowa, Article IV, requires that "The Supreme Executive power of this state shall be vested in a Chief Magistrate, who shall be styled the Governor of the State of Iowa. . . . He shall take care that the laws are faithfully executed.";

Now, Therefore, Be It Resolved by the Senate of the State of Iowa, the House Concurring, that the Governor of the State of Iowa is respectfully requested to perform his constitutional duties and cause the Iowa right-to-work law (Chapter 736A, Code of Iowa) to be faithfully executed and enforced.

Whereas, since the founding of this country it has been customary for the states, and in accord with the structure of the Congress under the Constitution, to consider factors other than population along in the apportionment of seats in one house of their respective legislative bodies;

Now, Therefore, Be It Resolved by the Senate, the House of Representatives Concurring of the Sixty-first General Assembly of Iowa that this legislature respectfully applies to the Congress of the United States to call a convention for the purpose of proposing the following article as an amendment to the Constitution of the United States.

"Article.....

"Section 1. Nothing in this Constitution shall prohibit any state which shall have a bicameral legislature from apportioning the membership of one house of such legislature on factors other than population, provided that the plan of such apportionment shall have been submitted to and approved by a vote of the electorate of that state.

Section 2. Nothing in this Constitution shall restrict or limit a state in its determination of how membership of governing bodies of its subordinate units shall be apportioned.

Section 3. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the several states within seven years from date of its submission to the states by the Congress."

Be It Further Resolved that if Congress shall have proposed an amendment to the Constitution identical with that contained in this resolution prior to June 1, 1965, this application for a Convention shall no longer be of any force or effect.

Be It Further Resolved that a duly attested copy of this resolution be immediately transmitted to the Secretary of the Senate of the United States, the Clerk of the House of Representatives of the United States and to each member of the Congress from this state.

Senator Reno called up the following resolution:

SENATE CONCURRENT RESOLUTION 32

By Reno, McGill, and Van Gilst

Whereas, it is a common practice to mine and quarry coal, gypsum, limestone, and gravel in many areas of the state through the process of open pit excavating, and

Whereas, this process has resulted in many acres of unsightly excavations and piles of waste material, and

Whereas, it is known that much of the area now lying dormant in abandoned pit mines and excavations can be used for useful and worthwhile purposes, now therefore

Be It Resolved by the Senate, the House Concurring, that a study committee be appointed by the Governor to study present laws relating to mining and rock excavation in the state; that the study committee consist of an equal number of members from both houses of the General Assembly, of representatives of the mining and quarrying interests in the state; that the committee study all aspects of present abandoned pit mines and rock quarries in the state in regard to possible use for such areas being used for recreational, conservation, agricultural, and such other purposes as the committee may determine; and that the committee make recommendations to the Sixty-second General Assembly in regard to legislation needed to transform abandoned mines and quarries into useful areas. Any committee so established shall use the necessary personnel and facilities of any agency of the state in performing its tasks.

Senator Reno offered the following amendment and moved its adoption:

Amend Senate Concurrent Resolution 32 by striking all after line 8 and inserting in lieu thereof the following:

"Be It Resolved by the Senate, the House Concurring, that the Iowa Legislature Research Bureau be directed to conduct, during the 1965-1967 legislative biennium, a study of all aspects of present abandoned pit mines and rock quarries in the state in regard to the possibility of using such areas for recreation, conservation, agriculture, and such other purposes as the committee may determine.

"Be It Further Resolved, that the Legislative Research Committee establish a committee in accordance with sections two point fifty-five (2.55) and two point fifty-six (2.56) of the Code to assist the Bureau with the study and that representatives of the mining and quarrying interests of the state be appointed by the Legislative Research Committee to serve in an advisory capacity to any study committee so established.

"Be It Further Resolved, that the Legislative Research Bureau and the committee assisting the Bureau be directed to report the findings of the study and committee recommendations, accompanied by bills incorporating such recommendations, to the Sixty-second General Assembly prior to January 1, 1967."

The amendment was adopted.

On motion of Senator Reno, the resolution as amended was adopted.

Senator O'Malley called up the following resolution and moved its adoption:

SENATE CONCURRENT RESOLUTION 31

By Klefstad, Kruck, Nims, Tabor, McNally,
Griffin, Shoeman, Benda and Rigler

Whereas, the present Code of Iowa provides only limited laws and regulations pertaining to the installation of electrical wiring and equipment, and

Whereas, safeguards to life and property from faulty and defective electrical wiring should be extended to all persons throughout the State of Iowa, and

Whereas, evidence from the reports of the office of the State Fire Marshal and others indicates increasing losses to life and property due to fires of electrical origin, and

Whereas, there does exist an established recognized code for electrical installations known as the "National Electrical Code of the National Fire Protection Association" which should be given consideration as the minimum standard governing all electrical installations for the express purpose of affording protection to life and property from the inherent dangers due to faulty electrical installations, and

Whereas, there is an apparent need for the implementation of such a code for the State of Iowa in conjunction with inspection of electrical installations and licensing of those persons making electrical installations; now therefore,

Be It Resolved by the Senate, the House Concurring, That the Iowa Legislative Research Bureau be directed to conduct, during the 1965-1967 legislative biennium, a study to determine the need for any legislation to promote greater electrical safety throughout the State of Iowa, including the need for a state-wide electrical code, inspection of electrical installations, and licensing of persons making electrical installations.

Be It Further Resolved, That the Legislative Research Committee establish a committee in accordance with sections two point fifty-five (2.55) and two point fifty-six (2.56) of the Code to assist the Bureau with the study and that the State Fire Marshall and four (4) representatives of the electrical industry from within the State of Iowa be appointed by the Legislative Research Committee to serve in an advisory capacity to any study committee so established. Consideration should be given to appointing the four (4) representatives of the electrical industry from names submitted by private utility companies, rural electric cooperatives, municipal electric utilities, and duly recognized associations of electrical inspectors, electrical contractors, electrical engineers, and journeymen electricians.

Be It Further Resolved, That the Legislative Research Bureau and the committee assisting the Bureau be directed to reoprt the findings of the study and committee recommendations, accompanied by bills incorporating such recommendations, to the Sixty-second General Assembly prior to January 1, 1967.

The resolution was adopted.

334 the expenses incurred because of the conduct of racing on such
335 days, but no deduction shall be made by the association for any
336 overhead expense or for expenses of the association which would
337 be incurred irrespective of the conduct of the charity days rac-
338 ing. The balance of such income after such deductions shall be
339 designated as charity days net proceeds and shall be paid by such
340 association to a distributing agent selected and qualified in
341 accordance with this Act. No profit shall be made, either directly
342 or indirectly, from charity days operations by the association.

343 Sec. 38. The distributing agent for the charity days net pro-
344 ceeds shall be one (1) or more nonprofit organization or corpo-
345 rations, selected by the association and approved by the board.
346 Each distributing agent to be qualified under this Act shall con-
347 form to the existing laws and regulations of this state and the
348 United States so as to exempt or be entitled to exemption from
349 the payment of any tax measured by income.

350 Sec. 39. No distributing agent eligible for net proceeds under
351 this Act shall have less than five (5) trustees or directors.
352 None of the individuals constituting the governing board of trus-
353 tees or directors of such distributing agent shall be directly
354 connected with, be a stockholder, or have any interest in the rac-
355 ing association which is the licensee of the race meet. Each of
356 such trustees or directors shall be a person who is a resident of
357 this state and an executive, officer, director, trustee, or member
358 of the governing body or board of an organization engaged in civic,
359 religious, charitable, educational, or veterans activities in this
360 state. Each distributing agent shall have adopted bylaws, shall
361 have provided for election to fill vacancies in the board of di-
362 rectors or trustees, and shall hold at least one (1) meeting each
363 year.

364 Sec. 40. Each association shall pay the charity days net pro-
365 ceeds to such distributing agent as soon as practicable after the
366 determination thereof, and such agent or agents shall thereafter
367 distribute not less than ninety (90) percent of the aggregate
368 proceeds from charity days racing received to beneficiaries with-
369 in twelve (12) calendar months after the last day of the meet

370 during which such charity days were conducted. The balance of
371 any proceeds, if any, not distributed within such twelve (12)
372 month period shall be distributed as soon thereafter as shall be
373 practicable.

374 Sec. 41. Such distribution shall be made to beneficiaries
375 qualified under this Act. For the purposes of this Act, a bene-
376 ficiary shall be:

377 1. A nonprofit corporation or organization entitled by law
378 to receive a distribution made by a distributing agent.

379 2. Exempt or entitled to an exemption from the same taxes
380 measured by income imposed by this state and the United States as
381 those under which the distributing agent is exempt or entitled to
382 an exemption.

383 3. Engaged in charitable, benevolent, civic, religious, or
384 veterans work similar to that of agencies recognized by an or-
385 ganized community chest in the state of Iowa. The funds so dis-
386 tributed may be used by such beneficiary for capital expenditures.

387 4. Approved by the board.

388 Sec. 42. Within the twelve (12) month period specified in
389 section forty (40) of this Act and prior to the payment of any
390 charity days net proceeds to any beneficiary, the distributing
391 agent shall submit the name of the beneficiary or beneficiaries
392 to the board for approval. If the board does not disapprove of
393 the beneficiary or beneficiaries within sixty (60) days after the
394 submission, approval shall be deemed to have been given.

395 Sec. 43. No association or person shall hold or conduct or
396 assist, aid, or abet in holding or conducting any meet in this
397 state where there is horse racing with wagering on its results
398 unless such meets are held or conducted in compliance with this
399 Act. The board may prescribe rules, regulations, and conditions
400 consistent with the provisions of this Act under which all horse
401 races with wagering on their results shall be conducted in this
402 state.

403 Sec. 44. The board may:

404 1. Adopt any rules and regulations of the United States trot-
405 ting association not inconsistent with this Act for the regulation
406 of harness racing.

407 2. Adopt any rules and regulations of the American quarter
408 horse association not inconsistent with this Act for the regulation
409 of quarter horse racing.

410 3. Adopt rules and regulations of the Appaloosa horse club
411 incorporated not inconsistent with this Act for the regulation
412 of races for this breed for distances of less than five-sixteenths
413 (5/16) of a mile.

414 Sec. 45. The official stud book and registry of the American
415 quarter horse association shall be recognized as the sole official
416 registry for American quarter horses. The board shall further
417 provide by rule for the registration of Iowa-bred American quarter
418 horses to enable compliance with this Act. The board shall by
419 rule, subject to the provisions of this Act, provide for the
420 registration of all Iowa-bred horses.

421 Sec. 46. Since the purpose of this Act is to encourage agri-
422 culture and the breeding of horses in this state, a sum equal to
423 ten (10) percent of the first (1st) money of every purse won by
424 an Iowa-bred horse at a horse race meet shall be paid by the

425 association conducting the meet to the breeder of such animal.

426 Sec. 47. Every fair conducting a horse race meet shall on
427 each racing day provide for the running of at least one (1) race
428 limited to Iowa-bred horses to be known as the "Iowa-bred race".
429 If, however, sufficient competition cannot be had among horses
430 of that class on any day, the race may with the consent of the
431 board be eliminated for that day and a substitute race provided.

432 Sec. 48. The board may, by rule, provide for the exclusion
433 or ejection from any inclosure where horse races are authorized
434 or from specified portions of such inclosure of any known book-
435 maker, any known tout, any person who has been convicted of a vio-
436 lation, of any provision of this Act, any law prohibiting book-
437 making, or any other unlawful form of wagering on horse races, or
438 any other person including minors whose presence in the inclosure
439 would, in the opinion of the board, be inimical to the interests
440 of the state or of legitimate horse racing, or both. No such rule
441 shall provide for the exclusion or ejection of any person on the
442 ground of race, color, creed, or sex.

443 Sec. 49. Any person who, pursuant to a rule of the board, is
444 excluded or ejected from any inclosure where horse racing is
445 authorized may apply to the board for a hearing on the question of
446 whether the rule is applicable to him. The board shall hold the
447 hearing either at its regular meeting after receipt of the appli-
448 cation at the office of the board nearest the residence of the
449 applicant or at such other place and time as the board and the
450 applicant may agree upon.

451 Sec. 50. If upon the hearing, the board determines that the
452 rule does not or should not apply to the applicant, the board
453 shall notify all associations licensed under this Act of such
454 determination. If the board determines that the exclusion or
455 ejection is proper, the board shall make and enter in its minutes
456 an order to that effect. Such order shall be subject to review
457 by the district court.

458 Sec. 51. Any person who is excluded or ejected from an in-
459 closure pursuant to any rule or rules promulgated under the provi-
460 sions of section forty-eight (48) of this Act shall be guilty of
461 a misdemeanor if he thereafter enters the inclosure of any associ-
462 ation during a horse race meet without having first obtained a
463 determination by the board that the rule or rules under which he
464 was excluded or ejected does not or should not apply to him.

465 Sec. 52. The board shall adopt rules governing, permitting,
466 and regulating mutuel wagering on horse races under the system
467 known as the pari-mutuel method of wagering. Such wagering shall
468 be conducted only by an association licensed under this Act to
469 conduct a horse race meet and only within the inclosure and on
470 the dates for which horse racing has been authorized by the board.
471 No method of betting, pool making, or wagering other than by the
472 pari-mutuel method shall be permitted or used by any association
473 licensed under this Act to conduct a horse race meet.

474 Sec. 53. Any association conducting a horse race meet shall
475 provide a place or places within the grounds or inclosure where
476 the association may conduct, operate, and supervise the pari-
477 mutuel method of wagering upon the results of the races within
478 the inclosure. Any person within the inclosure where a horse

479 race meet is authorized may wager on the results of a horse race
480 held at that meet by contributing his money to the pari-mutuel
481 pool operated by the association under this Act. The pari-mutuel
482 system of wagering shall be operated only by a totalizator or
483 other mechanical equipment approved by the board. The board shall
484 determine the contents to be printed on each pari-mutuel ticket.

485 Sec. 54. The pari-mutuel system of wagering shall not be un-
486 lawful, any other law of the state of Iowa to the contrary not-
487 withstanding, but any form of wagering or betting on the results
488 of a horse race other than the system permitted by this Act shall
489 be unlawful. Any wagering or betting on horse races outside an
490 inclosure where the conduct of horse racing is licensed by the
491 board shall be unlawful.

492 Sec. 55. Any commission deducted by any association licensed
493 under this Act to conduct a horse race meet from pari-mutuel pools
494 operated by the association shall not exceed the following:

495 1. Fourteen (14) percent of the gross amount of money not in
496 excess of one million (1,000,000) dollars handled in the pari-
497 mutuel pools during the period of the license.

498 2. Nine (9) percent of the amount by which the total amount so
499 handled exceeds one million (1,000,000) dollars but is not more
500 than ten million (10,000,000) dollars.

501 3. Eight (8) percent of the amount by which the total amount
502 so handled exceeds ten million (10,000,000) dollars but is not
503 more than twenty million (20,000,000) dollars.

504 4. Seven (7) percent of the amount by which the total amount
505 so handled exceeds twenty million (20,000,000) dollars.

506 The amount of the commission deducted by the association shall
507 be in addition to any deduction for the license fee payable under
508 this Act.

509 Sec. 56. Notwithstanding any other provisions of this Act, an
510 association licensed under this Act to conduct a horse race meet
511 shall, as to any payment made to a person who has wagered by con-
512 tributing to a pari-mutuel pool operated by such association, also
513 deduct the amount known as the breakage.

514 Sec. 57. Any person claiming to be entitled to any part of
515 a redistribution from a pari-mutuel pool operated by an association
516 under this Act who fails to claim the money due him prior to the
517 completion of the horse race meet at which such pool was formed,
518 may, within sixty (60) days after the close of such meet file the
519 following with the board:

520 1. A verified claim, in such form as the board shall prescribe,
521 setting forth the details of the claim including such information
522 as shall be necessary to identify the particular pool and the
523 amount claimed.

524 2. A substantial portion of the pari-mutuel ticket upon which
525 such claim is based sufficient to identify the particular track,
526 race, and horse involved, the amount wagered, and whether the
527 ticket was a win, place or show ticket.

528 The board shall hear the claim and consider the proof offered
529 in its support. Unless the claimant satisfactorily establishes
530 his right to participate in the pool, the claim shall be rejected.
531 If the claim is allowed, the association shall upon order of the
532 board pay the amount of the claim to the claimant.

533 Sec. 58. Fees, commissions, and other money received by the

534 board, except that part of any license fee for conducting a horse
535 race meet, in excess of four (4) percent of the gross amount of
536 money handled in the pari-mutuel pool and except as otherwise
537 provided in sections sixty-nine (69) and seventy (70) of this Act
538 shall be paid into the state treasury to the credit of the fair
539 and exposition fund.

540 Sec. 59. The general assembly shall appropriate out of the
541 fund such sums as it deems necessary for the following purposes:

542 1. For the support of the board including any costs and ex-
543 penses incurred by the attorney general in the enforcement of this
544 Act as shall be authorized by the board.

545 2. To the state auditor for the supervision and auditing of
546 all fairs and agricultural societies receiving money from the fund.

547 3. To the fair allocation and classification committee for
548 expenses incurred in the performance of duties and responsibilities
549 prescribed under this Act.

550 4. One-half ($\frac{1}{2}$) of the balance of the fund shall be allocated
551 by the fair allocation and classification committee to fairs and
552 agriculture societies as provided in sections sixty-three (63)
553 and sixty-four (64) of this Act.

554 5. One-fourth ($\frac{1}{4}$) of the balance of the fund shall be al-
555 located by the committee to those county and district fairs and
556 agriculture societies having horse racing at which pari-mutuel
557 wagering is prohibited.

558 6. One-four ($\frac{1}{4}$) of the balance of the fund shall be al-
559 located annually to the Iowa state fair.

560 Sec. 60. There is hereby created the fair allocation and
561 classification committee which shall consist of nine (9) members
562 of the senate and nine (9) members of the house of representatives
563 appointed by the governor for a term of two (2) years. Such
564 members shall serve until such time as their successors are ap-
565 pointed and qualified. Each member of the committee shall be
566 responsible for a minimum of ten (10) fairs and a maximum of
567 twelve (12) fairs. The committee shall have the authority to
568 investigate, study, and analyze any and all facts and matters
569 relating to the operation and financing of fairs and to allocate
570 the fund to the county, district, and combined county and district
571 fairs and agriculture societies. Committee members shall be re-
572 imbursed for travel and necessary expenses incurred in performing
573 duties and responsibilities prescribed under this Act.

574 Sec. 61. The first (1st) meeting of the committee shall be
575 at the call of the senator on the committee who is senior in point
576 of service in the senate. If two (2) or more members of the senate
577 on the committee have equal seniority, the senator whose name
578 appears first if the surnames of such members are arranged in
579 alphabetical order shall be deemed to be the senior. The com-
580 mittee shall, at its first (1st) meeting and thereafter from time
581 to time, elect a chairman and vice-chairman. The committee shall
582 meet at such times and at such places as committee members deem
583 necessary in the conduct of their duties and responsibilities.

584 Sec. 62. The committee shall report to the general assembly
585 at the convening of each regular session. Such reports shall in-
586 clude such recommendations as the committee deems necessary for
587 legislative action.

588 Sec. 63. The committee shall apportion any money appropriated

589 by the state for the encouragement of county, district, and com-
590 bined county and district fairs and to the various agricultural
591 societies on the basis of the amount which each fair or society
592 actually paid in premiums for agricultural, horticultural, mineral,
593 and livestock exhibits, and exhibits of domestic arts, agricultural
594 mechanics, and industrial education made or manufactured for other
595 than commercial purposes in each year. The money so apportioned
596 shall be paid to the several fairs and agricultural societies as
597 soon as such apportionment is determined.

598 Sec. 64. Five thousand (5,000) dollars shall be the maximum
599 allocation paid any county fair, and twenty-five thousand (25,000)
600 dollars shall be the maximum allocation paid any district or com-
601 bined county or district fair or agricultural society on an annual
602 basis. Those fairs and agricultural societies having horse race
603 meets at which the pari-mutuel systems of wagering is prohibited
604 may be allocated up to an additional five thousand (5,000) dollars
605 by the committee. Appropriations from the fund may be made by the
606 committee to fairs and societies for permanent improvements to the
607 buildings and grounds used for fair purposes. Any money remaining
608 in the fund at the end of each fiscal year shall be transferred
609 to the general fund of the state.

610 Sec. 65. All moneys received by any county, district, or com-
611 bined county and district fairs or any agricultural societies shall
612 be retained and used by such fairs and societies for the general
613 use and purposes and for their maintenance, membership in livestock
614 registry associations and fair associations, support, and operation
615 and for the acquisition, installation, maintenance, and operation
616 of recreational facilities at the respective fairgrounds.

617 Sec. 66. Every fair or society which is seeking an apportion-
618 ment shall file a detailed statement of its operations of the
619 previous calendar year with the comptroller on or before the twen-
620 tieth (20th) day of January of each year. The comptroller shall
621 prescribe the content and form of such statement. The statements
622 of operation filed by each fair and society shall be reviewed by
623 the comptroller along with such reports, statistics, and other
624 information as to the conduct, operation, management of, and other
625 matters relating to any fair sponsored by the fair or society.

626 Sec. 67. The comptroller and the committee shall from time to
627 time classify such fairs. In making such classifications, the
628 following shall be taken into consideration:

629 1. The type and class of agricultural, including livestock,
630 industrial, and natural resources exhibited, and the amount of
631 premiums paid in accordance with the published premium list of
632 such fair.

633 2. Whether the fair is district in nature and offers a special
634 feature for agriculture, livestock, or industry or is a county
635 fair limiting exhibits to the county in which the fair is held and
636 such other characteristics and factors as the comptroller and the
637 committee deem necessary.

638 3. The ratio of attendance at the fair to the population of
639 the area served by the fair.

640 4. The efficiency of management, including operational pro-
641 cedures, revenue from sources other than the state, quality of
642 exhibits, and community interest in such fair.

643 5. The extent and nature of intermin utilization of fair prop-
644 erty as promoted by the fair management.

645 6. The need of the fair for money from state sources.

646 Sec. 68. The books and records of any county, district, or
647 combined county and district fair or exposition or any fair or
648 exposition held by an agricultural society receiving an appropria-
649 tion or an allocation from the fund, insofar as they relate to
650 revenues and expenditures for fair or exposition purposes, shall
651 be audited by the state auditor.

652 Sec. 69. All money representing penalties or fines imposed by
653 the stewards of a horse race meet shall be collected by the asso-
654 ciation of the meet and paid to the board within ten (10) days
655 after the close of the event. The board shall deposit all such
656 money in the state treasury to the credit of the general fund.

657 Sec. 70. Ninety (90) days after the close of any horse race
658 meet, any redistributable money in a pari-mutuel pool subject to
659 payment to a claimant, but not successfully claimed within that
660 period, shall be paid to the board, and the board, in turn, shall
661 immediately pay such money into the state treasury to the credit
662 of the general fund.

663 Sec. 71. Any person who bets upon the results of a horse race
664 except by the pari-mutuel method of wagering conducted by an asso-
665 ciation licensed under this Act and upon or within the grounds or
666 inclosure of such association shall upon conviction be punished by
667 fine not to exceed five hundred (500) dollars or by imprisonment
668 in the county jail for not more than one (1) year, or both.

669 Sec. 72. Any person who violates any of the provisions of this
670 Act for which a penalty is not herein expressly provided shall be

SENATE CONCURRENT RESOLUTION 38

By DeKoster and Mills

Concurrent Resolution petitioning the Congress of the United States to call a Convention for proposing an amendment to the Constitution of the United States, unless Congress shall sooner have submitted such an amendment, to provide for the election of the President and Vice President in a manner fair and just to the people of the United States.

Whereas, under the Constitution of the United States Presidential and Vice Presidential Electors in the several states are now elected on a state-wide basis, each state being entitled to as many electors as it has senators and representatives in Congress; and

Whereas, the Presidential and Vice Presidential Electors who receive the plurality of the popular vote in a particular state become entitled to cast the total number of electoral votes allocated to that state irrespective of how many votes may have been cast for other elector candidates; and

Whereas, this method of electing the President and Vice President is unfair and unjust in that it does not reflect the minority votes cast; and

Whereas, the need for a change has been recognized by members of Congress on numerous occasions through the introduction of various proposals for amending the Constitution;

Now, Therefore, Be It Resolved, by the Senate, the House of Representatives Concurring: That application is hereby made to Congress under Article V of the Constitution of the United States for the calling of a Convention to propose an Article of Amendment to the Constitution providing for a fair and just division of the electoral votes within the states in the election of the President and Vice President; and

Be It Further Resolved; That if and when Congress shall have proposed such an Article of Amendment this application for a Convention shall be deemed withdrawn and shall be no longer of any force and effect; and

Be It Further Resolved; That the proper officer of this state be and he hereby is directed to transmit copies of this application to the Senate and House of Representatives of the United States and to the several members of said bodies representing this state therein; also to transmit copies thereof to the legislature of all other states of the United States.

SENATE CONCURRENT RESOLUTION 39

By Committee on Claims

Whereas, doubt has arisen under the provisions of section twenty-five point seven (25.7), Code 1962, that submission of claims to the joint claims committee of the Senate and House and rejection by said committee constitutes final action thereon by the General Assembly as provided in said section; and

Whereas, certain claims rejected by previous joint claims committees are sometimes reprocessed by the state appeal board for recurring submissions; and

Whereas, it is deemed desirable that claims submitted to the joint claims committee of the Sixty-first General Assembly and rejected thereby should be submitted to the Senate and House thereof for final action and determination as the act of the General Assembly.

Therefore, Be It Resolved by the Senate, the House Concurring: That the claims hereinafter set forth, duly processed by the state appeal board and rejected by the joint claims committee, be considered by the Senate and House, and the action of the joint committee rejecting same be approved.

SENATE CONCURRENT RESOLUTION 40

By Riley, Lucken and Lisle

Whereas, the General Assembly adopted Senate Concurrent Resolution 9 as amended by amendment filed by the Majority Floor Leader, Senator Frommelt, and

Whereas, said resolution directed that a special committee investigate certain practices and conduct of personnel in the Department of Agriculture and make a report to this General Assembly "as soon as possible" so that remedial legislation, if needed, can be enacted, and

Whereas, it would appear that less than ten working days remain before adjournment sine die, and

Whereas, on the 18th day of May, 1965, House Resolution 7 has been filed by the Honorable LaMar Foster of Cedar County, the Honorable Maurice Baringer of Fayette County and the Honorable Niels Nielsen of Shelby County, resolving that the said committee file its final report

forthwith and lift the unjustified stigma that has been placed upon a former employee of the Department of Agriculture, Richard Dennler, and

Whereas, certain members of the said committee have rendered their report (hereinafter referred to as "said report") as directed by Senate Concurrent Resolution 9 as amended by amendment filed by the Majority Floor Leader, Senator Frommelt, and

Whereas, "said report" shows:

**"REPORT OF CERTAIN MEMBERS OF THE
INVESTIGATING COMMITTEE CREATED
UNDER SENATE CONCURRENT RESOLUTION 9, AS AMENDED**

"A cloud consisting of innuendo, hearsay and half truths has been hanging over the head of Richard Dennler for more than three months. As a result, he is still without employment.

"Twenty-one days have passed since the last testimony was taken before the Legislative Investigation Committee created under Senate Concurrent Resolution 9. Mr. Dennler, the General Assembly, and the State of Iowa are awaiting a committee report. In a court of law, such a delay in reaching a jury verdict would be unthinkable. It is no less unthinkable in the present instance. (1)

"Rather than postpone a decision further, particularly when it is unnecessary that we do so, and in keeping with the admonition in Senate Concurrent Resolution 9 that a report be made 'as soon as possible', we do hereby render our findings to the General Assembly and the people of Iowa as follows:

FINDINGS

"1. Richard Dennler was discharged for political reasons and without cause.

"2. Richard Dennler was a competent and qualified milk sanitarian who, at all times, did his job 'in an excellent manner'.

"3. Nicholas Coad, the man hired to replace Richard Dennler, is gravely lacking in both training and qualifications to perform the important duties of state milk sanitarian.

"4. The failure of Secretary of Agriculture Owen to provide a hearing for Mr. Dennler on the anonymous accusations made against Mr. Dennler, a war veteran, prior to discharging Mr. Dennler, violates the spirit and the letter of Section 70.6, Code of Iowa, 1962.

"5. There is no evidence to support the charge of impropriety regarding Mr. Dennler's expense account, and further, the matter of his expense vouchers had nothing to do with his discharge.

"6. The formal hearings held by the committee were conducted with shocking disregard for the American traditions of justice and fair play.

EVIDENCE IN SUPPORT OF FINDINGS

"Finding No. 1. Richard Dennler was discharged for political reasons and without cause.

"The decision to fire Richard Dennler was made before Secretary Owen was sworn into office. Nicholas Coad, the man who was hired to replace Mr. Dennler, admitted discussing getting the job as early as December, 1964. Mr. Coad and three other active Democrats, one of them, Dr. Robert Joynt, the Democratic party chairman in Plymouth County, supposedly made complaints about Mr. Dennler working on his home at various times during the day. On only the thirteenth working day on the job, Secretary Owen admittedly had a letter dispatched to Mr. Dennler discharging him.

This was on a Wednesday, and the letter would presumably reach Mr. Dennler on a Friday. The following Monday, Mr. Coad reported to Des Moines for work. (See Coad's claim voucher for expenses commencing January 24, 1965.)

"Secretary Owen admitted he made no effort to verify the alleged complaints, nor did he give Mr. Dennler the courtesy to deny the charges or explain the situation. Secretary Owen could have contacted the Department of Public Health to see if Mr. Dennler was doing a satisfactory job. This was not done. Had there been any basis, other than political considerations in the discharge, surely Secretary Owen would have given this employee of 18 years the opportunity to answer the complaint, and he would not have based his decision on anonymous informers from the opposite political party as that of the accused.

"Finding No. 2. Richard Dennler was a competent and qualified milk sanitarian who, at all times, did his job 'in an excellent manner'.

"No witness appearing before the committee, except Secretary Owen, disputed the fact that Richard Dennler was a highly qualified and capable state employee. See page 8 of the BCI report wherein the following appears: 'Mr. R. E. Stedman said he considered Mr. Dennler to be an excellent milk sanitarian'. (Mr. Stedman is Senior Milk Sanitarian for the Department of Health.) See pages 4 and 5 of the BCI report where Mr. Everett Hart, Chief of Consumer Protection Division of the Department of Agriculture, stated Mr. Dennler was 'a very good sanitarian because of his education and long experience. He took an interest in his job and was doing his job as required.' See also the testimony of Mrs. Huda Felland, Director of the State Bacteriological Laboratory, to the effect that Mr. Dennler was an excellent sanitarian. See also BCI report, pages 21 through 39, for numerous commendations of Mr. Dennler by nearly all dairy farmers and dairy operators in Mr. Dennler's territory.

"Finding No. 3. Nicholas Coad, the man hired to replace Richard Dennler, is gravely lacking in both training and qualifications to perform the important duties of state milk sanitarian.

"Mr. Coad added a humorous touch to the hearings when he contended that he could perform the duties of a state milk sanitarian with only a week's training on the job and without previous experience in milk sanitation procedures, or experience in the dairy industry. His lack of understanding of the duties of the job of milk sanitarian was so gross at the time of the hearings that he admitted that he spent only two days a week at work. This is similar to the situation where 'if you can keep your head while those about you are losing theirs, maybe you don't know how serious the situation is'. It is obvious that if Mr. Coad knows only enough about the duties of the job to spend two days at it, he knows very little. It should be noted at page 18 of the BCI report that the Department of Health considers minimum qualifications to include a college degree in sanitary engineering, or its equivalent, and at least two years' public health experience in public health engineering, or milk and food sanitation, none of which Coad had. While milk sanitarians other than Mr. Dennler lacked certain formal qualifications, they had on the average, fourteen years' actual experience in the field operating or managing dairies prior to their becoming milk sanitarians. Coad had no such background. Mr. Victor Brunner, who is assigned the job of teaching Coad his duties, stated that it would take a year before he could predict how long it would take to teach Mr. Coad his duties as a milk sanitarian.

"Finding No. 4. The failure of Secretary of Agriculture Owen to provide a hearing for Mr. Dennler on the anonymous accusations made against Mr.

Dennler, a war veteran, prior to discharging Mr. Dennler, violates the spirit and the letter of section 70.6, Code of Iowa, 1962.

"Mr. Richard Dennler served his country during World War II. Section 70.6 of the Code of Iowa, 1962, states:

"Removal—certiorari to review. No person holding a public position by appointment or employment, and belonging to any of the classes of persons to whom a preference is herein granted, shall be removed from such position or employment except for incompetency or misconduct shown after a hearing, upon due notice, upon stated charges, and with the right of such employee or appointee to a review by a writ of certiorari."

"Secretary Owen admitted he did not hold a hearing for Mr. Dennler, upon due notice and upon stated charges. He merely perfunctorily had an employee write Mr. Dennler a letter firing him. See page 3 of the BCI report and the testimony of Secretary Owen himself.

"Finding No. 5. There is no evidence to support the charge of impropriety regarding Mr. Dennler's expense account, and further, the matter of his expense vouchers had nothing to do with his discharge.

"After public indignation over the firing of a competent milk sanitarian and his replacement by an unqualified individual, Secretary Owen, in a desperate effort to find justification for the discharge, went over Mr. Dennler's expense vouchers for the past several years with a magnifying glass and a fine-tooth comb. Arrangements were made for the Attorney General's Office to do the same and, subsequent to this, the Bureau of Criminal Investigation followed suit.

"Richard Dennler's total expense claims placed him second low among all milk sanitarians. (2)

"Mr. Dennler honestly and frankly stated that he could not vouch for each entry as having been exact, but stated that the total amount claimed represented what he actually was out-of-pocket in expenses. He followed the practice which is common and well established in business and industry of filling out his expense forms after a period of time, such as a week, had passed. (3)

"Mr. Dennler's expense claims for meals, ice, milk samples and other items which he was required to purchase totalled less than \$5.00 per day, but could he have foreseen that the Department of Agriculture, the Attorney General's Office, the Bureau of Criminal Investigation and a trial attorney hired by a legislative investigating committee would one day be asking him to recall how many meals he had in a year's time in one town in his territory, he undoubtedly would have paid more meticulous attention to the filling out of expense vouchers. Nonetheless, there was not a shred of competent evidence that Richard Dennler received money which exceeded what he spent in the necessary performance of his job. The expense account accusation was mere hindsight. It was dreamed up after Richard Dennler had already been discharged and it was not substantiated at the hearings.

"Findings No. 6. The formal hearings held by the committee were conducted with shocking disregard for the American traditions of justice and fair play.

"The hearings were models of trial and error, mostly the latter. Before the formal hearings, a preliminary meeting was held which resulted in the recitation of outrageous hearsay and opinion evidence. After public reaction against such actions became manifest, there were profuse regrets expressed about the use of hearsay from members of the majority party in the Senate, (4), including a lawyer member of the committee. Assurances were given that this practice would not be repeated in the future. Consider the subsequent exchange taken verbatim from the transcript, when the formal hearings were thereafter held:

"Questions of Mr. Coad by Mr. Greer.

"Q. When were they last inspected?

"A. Well, in talking to the managers of both plants to their knowledge they had never been inspected. I showed them the inspection form and they looked it over and said they never seen anything like that. I asked them when Mr. Dennler had been there last. They both said about the same thing. They had never seen Mr. Dennler or heard of him until they read about him in the paper.

Senator Lucken: Mr. Chairman, I would like to ask now, is this hearsay?

Mr. Greer: (Nodding head in affirmative fashion) Anything that anybody else told Mr. Coad not in the presence of Mr. Dennler would be hearsay.

Senator McNally: That would be true in any kind of a criminal case or civil case, Mr. Greer, but we are not charging anybody with anything here, so the hearsay rule doesn't apply.

Mr. Greer: I understand that, but apparently some of the other people in here do not.'

"Space does not allow mention of all the improprieties occurring during the hearings, but suffice to mention the following examples: a refusal to permit Mr. Dennler to be present while his wife testified, and vice versa; the refusal to call Secretary Owen and Nicholas Coad, the accusers of Richard Dennler, prior to making Mr. Dennler take the stand; the refusal to let Mr. Dennler's attorneys cross-examine hostile and adverse witnesses; the refusal to permit attorneys for any witness to speak or to lodge objections to improper questions; and the questioning of Coad and others about state forms prepared by Mr. Dennler, without ever showing them to Mr. Dennler when he had testified earlier, or otherwise provide Mr. Dennler a chance to explain the forms. Mention should also be made of the fact that the majority party was represented by two legislators who are practicing attorneys, and by an employed attorney whose partisanship and lack of objectivity was clearly manifest within 24 hours after the committee employed him. There were no Republican lawyers appointed to the committee, a basic unfairness, which was remedied in part by the decision of Senate Republicans to have a member of the Senate whose occupation is practicing attorney, attend the hearings and advise the minority with respect to legal aspects. The arrangement was handicapped by the committee restriction that the minority counsel could not ask questions or make comments about the flagrant violation of rules of law and evidence, but could only do so through a committee member. This unfairness contrasts with the recent Highway Commission investigation by the Interim Committee where hearsay and other incompetent evidence was excluded, where both the majority and minority had lawyers who were committee members, where cross-examination of hostile witnesses was permitted, and where objections to improper questions could be lodged and where witnesses were not excluded during interrogation of other witnesses. The transcript of the Dennler hearings may serve as a model for future legislatures in 'How Not To Conduct a Fair Hearing'.

SUMMARY

"Despite the basic unfairness of the hearings and the desperate effort to divert the public attention from the issues, one truth clearly emerges. That truth is that Richard Dennler was discharged solely for political reasons and an unqualified person hired in his stead. We cannot dispute the legal right of Secretary Owen to practice the spoils system, regardless of the expense to the taxpayers or the consequences to public health, despite Governor Hughes' statement that no unqualified Democrat would

replace qualified personnel. Secretary Owen exercised his legal right and power to hire whomever he wanted, regardless of qualifications or lack of them. We cannot dispute this right, but we can and do protest the harassment, the maligning and the persecution of Richard Dennler and his family in a futile effort to justify the political firing. Had the Governor and the Secretary of Agriculture been as forthright as Dr. Robert Joynt (5), chairman of the Democratic party in Plymouth County, no one could accuse them of hypocrisy. In addition, the people would have been spared the spectacle of sham created by high officials of the state foolishly denying the obvious. The House and Senate would have been spared the blot of shame cast upon its proceedings this session by the manner in which the hearing was conducted under rules adopted by the majority. The State Treasury would have been spared approximately \$6,000 in legal fees and court reporting expense. (6) And most important of all, Richard Dennler would have been able to have found employment in the line of work at which he has spent his last 18 years.

"A great wrong has been committed against an ordinary citizen. For two long months, the full machinery of state government was brought to bear against Mr. Dennler. Simple justice demands this wrong be redressed without further delay, since in the language of the law, justice delayed is justice denied. In the interest of fair play, we shall wait no longer in issuing this, a report of the minority members of the Legislative Investigating Committee created under Senate Concurrent Resolution 9.

April 28, 1965.

REPRESENTATIVE C. RAYMOND FISHER.

SENATOR VERN LISLE.

REPRESENTATIVE JAMES E. PATTON.

SENATOR J. HENRY LUCKEN.

"(1) A jury verdict is reached without the jury having the advantage of a transcript of the testimony. Furthermore, on the second day of the five days of formal testimony taking, the committee was furnished with a printed, comprehensive report of the Bureau of Criminal Investigation, containing essential circumstances of the evidence produced at the formal hearings, particularly with regard to the issue of whether the discharge of Richard Dennler was politically inspired.

"(2) See pages 7 and 8 of the 1964 Salary Book. Mr. Dennler's expenses, including purchases of milk samples, average less than \$100 a month, or less than \$25.00 a week. He purchased milk at grocery stores for temperature checks. Mr. Ray Pieratt, a milk sanitarian, testified that you could reasonably purchase as much as \$6.00 at one grocery store alone. It is interesting to note that Mr. Coad submitted a voucher, which is in evidence, showing purchases in excess of \$4.00 at one grocery store. There are hundreds of grocery stores in Mr. Dennler's territory, and it is essential in the interest of public health that this milk be refrigerated at a proper level. Although Mr. Coad was not aware of the proper technique, everyone else who testified, including Mr. Stedman, stated that the only accurate way is to punch a hole in the milk carton and insert a thermometer, thereby necessitating the purchase of same from the store owner. In one month, Mr. Coad's milk and ice samples have cost him nearly \$36.00. Mr. Coad claims he only puts in a two-day week, so it is surprising that Mr. Dennler's expenses for milk and ice on a five-day week are actually less than \$36.00 per month. An objective observer should also examine page 13 of the Salary Book for 1964 and compare the expense claims of bank examiners, who apparently follow the practice of arbitrarily filling out their expense vouchers at the rate of \$1.00 for breakfast, \$1.50 for lunch, and \$2.50 for dinner, regardless of what the amount actually was. For more similar basis of comparison, see page 19 of the Salary Book for the expense

claims paid to inspectors in the Warehouse Division of the State Commerce Commission.

"(3) The federal government avoids the drudgery of requiring minutely itemized expense vouchers, and, instead, provides for a fixed per diem to be paid over and about salary, and regardless of the exact amount incurred for meals and the like. Consideration should be given to adopting this practice in the interest of uniformity and in the interest of saving the state money in man hours spent completing vouchers and in auditing same.

"(4) The lone exception to this was Senator William Denman (D, Polk County) who did not wait for public reaction, but expressed his unhappiness about the use of hearsay and the violation of civil rights, immediately upon hearing about the situation.

"(5) See the Register and Tribune, April 3, 1965.

"(6) Secretary Owen should have been called as the first witness, not as one of the last witnesses. Had he been, there would have been no need to have proceeded further since Senate Concurrent Resolution 9, as amended, addressed itself to the inquiry about the General Assembly's concern 'with the desirability, in the public interest, of at all times maintaining in all branches of state government personnel duly trained and qualified to fulfill the functions assigned to them; and whereas, questions have been raised as to the practices and conduct of personnel in the Department of Agriculture up to the present time', it would have been clearly and early established that the firing was political and that a competent individual was replaced by one who lacked training and qualifications. A further criticism can be fairly directed against the decision not to release the Bureau of Criminal Investigation report upon its completion. This report was ultimately admitted into evidence without objection from any of the interested parties or any of the committee members. Had this report been released at the time it had been completed, several weeks' delay would have been saved and there would have been no need for the formal five days of testimony taking. Nothing new was developed on the question of the motives or reasons of Secretary Owen for firing Mr. Dennler at the time the testimony was taken that was not essentially contained in the Bureau of Criminal Investigation report."

and
Whereas, "said report" should be entered in the Journals of the House and Senate in order for the members of the House and Senate to consider its findings and recommendations prior to adjournment sine die,

Now, Therefore, Be It Resolved by the Senate, the House of Representatives Concurring: That the "said report" of April 28, 1965, of certain members of the Investigating Committee created under Senate Concurrent Resolution 9, as amended, and as set out in this Resolution be entered and printed in the Senate and House Journals in order that members of the House and Senate have the benefit prior to adjournment sine die of the findings and recommendations of this "said report".

AMENDMENTS FILED

- 1 Amend Senate File 551 as follows:
- 2 1. By adding the following new section after section
- 3 four (4).
- 4 "Sec. 5. 1. For the sole purpose of coordinating the
- 5 hard surfaced secondary roads and farm to market roads of the
- 6 state into readily identifiable routes for the convenience of
- 7 road users a highway system to be known as the "Red Ball System"
- 8 is hereby authorized.
- 9 2. The board of supervisors of any county, or the boards
- 10 of supervisors of two or more adjoining counties acting joint-
- 11 ly may designate hard surfaced secondary and farm to market
- 12 roads as "Red Ball" routes under the following conditions.
- 13 a. When such a road within a single county, connects
- 14 two or more incorporated towns or cities or two or more pri-
- 15 mary highways.
- 16 b. When such roads in two or more counties inter-
- 17 connect or extend so as to form a continuous route between two
- 18 or more incorporated towns or cities or two or more primary
- 19 highways.
- 20 c. The termini of any Red Ball route thus designated
- 21 shall be within or at the limits of incorporated towns or
- 22 cities or at the point where the Red Ball route joins primary
- 23 highways.
- 24 d. All such routes shall be marked with signs dis-
- 25 playing a circular plane painted solidly in red on a white

26 background, designating a suitable name or number for the
27 route, and bearing such legends or information as may in the
28 judgment of the board or joint boards be helpful to travelers.

29 3. Whenever it appears that two or more hard surfaced
30 secondary or farm to market roads are interconnected by
31 hard surfaced primary highways and that inclusion of a section
32 or sections of such primary highways is necessary to integrate
33 the secondary or farm to market roads into a single Red Ball
34 route, then such section or sections of the primary road
35 system may be designated as a part of the Red Ball route,
36 provided the approval of the highway commission is first
37 obtained.

38 4. The designations of Red Ball routes shall be reported
39 to the highway commission. Said commission shall design and
40 approve the signs to be used on Red Ball routes, supervise
41 and coordinate the system of naming or numbering such routes,
42 and publicize the existence of such routes.

43 5. The cost of signs for the Red Ball routes may be paid
44 from the appropriate funds available for maintenance of the
45 roads over which the routes pass. In the case of routes
46 traversing roads in two or more counties the boards of super-
47 visors may enter into agreements for an equitable division of
48 the cost and maintenance of signs. The board or joint boards
49 may also accept gifts of money to erect and maintain the signs."

6 compensation adjusted in the ratio of the earnable compensation

9 deceased member at the time of retirement or death to the
10 earnable compensation of such member at his retirement or death."

11 Sec. 2. Section ninety-seven A point six (97A.6), Code 1962,
12 is amended by adding the following subsection:

13 "Pensions payable under this section shall be adjusted as
14 follows:

15 "a. As of the first of July of each year, the monthly pensions
16 authorized in this section payable to each retired member and

17 to each beneficiary, except children, of a deceased member shall
18 be recomputed. The formula authorized in this section which was
19 used to compute the retired member's or beneficiary's pension

25 receiving at the time of retirement or death. The adjusted
26 monthly pension shall be the amount payable at the member's
27 retirement or death adjusted by 45% of the difference between
28 the recomputed pension and the amount payable at the member's
29 retirement or death. At no time shall the monthly pension or
30 payment to the beneficiary be less than the amount which was paid

37 patrolman of the Iowa highway safety patrol. If the monthly
38 pension so computed is less than the amounts provided in sub-
39 sections eight (8), nine (9), and thirteen (13) of this section,
40 the amounts provided for in said subsection shall be payable.

41 "c. All monthly pensions adjusted as provided in this sub-
42 section shall be payable beginning on July one (1) of the year
43 which the adjustment is made and shall continue in effect until
44 the next following July one (1) at which time the monthly pen-
45 sions shall again be recomputed and all monthly pensions adjusted
46 in accordance with the recomputations.

47 "d. The adjustment of pensions required by this subsection
48 shall recognize the retired or deceased member's position on the
49 salary scale within his rank at the time of his retirement or
50 death. In the event that the rank or position held by the
51 retired or deceased member at the time of retirement or death
52 is subsequently abolished, adjustments in the pensions of the
53 member or of the member's spouse or children shall be computed
54 by the board of trustees as though such rank or position had
55 not been abolished and salary increases had been granted to such
56 rank or position on the same basis as increases granted to other
57 ranks and positions in the department."

58 Sec. 3. Section ninety-seven A point eight (97A.8), Code

31 point sixteen (422.16), Code 1962, and substitute in lieu
32 thereof the following:

33 '1. Every withholding agent as defined herein and every
34 employer as defined herein and further defined in the Internal
35 Revenue Code of 1954, as amended, with respect to income tax
36 collected at source, making payment of wages as defined herein
37 to either a resident employee or employees, or a nonresident
38 employee or employees, working in Iowa, shall deduct and with-
39 hold from such wages an amount which will approximate the
40 employee's annual tax liability on a calendar year basis,
41 calculated on the basis of tables to be prepared by the state
42 tax commission and schedules or percentage rates, based on
43 such wages, to be prescribed by the state tax commission.
44 Every employee or other person shall declare to such employer
45 or withholding agent the number of his personal exemptions and
46 dependency exemptions or credits to be used in applying such
47 tables and schedules or percentage rates, provided that no
48 more such personal or dependency exemptions or credits may be
49 declared by such employee or other person than the number to
50 which he is entitled. Such claiming of such exemptions or
51 credits in excess of entitlement shall constitute a misdemeanor.

52 '2. Every withholding agent required to deduct and withhold
53 tax under subsections one (1) and twelve (12) of this section
54 shall, for the quarterly period beginning January 1, 1966, and
55 for each calendar quarterly period thereafter, on or before the
56 last day of the month following the close of each calendar
57 quarterly period make a return on forms prescribed by the state
58 tax commission and pay over to the state tax commission, in the
59 form of remittances made payable to "Treasurer, State of Iowa",
60 the tax required to be withheld, or the tax actually withheld,
61 whichever is greater, under the provisions of subsections one
62 (1) and twelve (12) hereof; provided, however, commencing with
63 the period beginning January 1, 1966, every withholding agent
64 who withholds more than fifty (50) dollars in any one month
65 commencing with January 1, 1966, shall deposit with the state
66 tax commission said sum, made out on a deposit form for the
67 month in such form and manner as may be prescribed by the state
68 tax commission. The said deposit form being due on or before
69 the fifteenth (15th) day of the month next succeeding the month
70 of withholding, except that no deposit shall be required for
71 the amount withheld in the third (3rd) month of the quarter but
72 the total amount of withholding for the quarter shall be com-
73 puted and that amount by which the aforementioned deposit fails
74 to equal the total quarterly liability shall be due upon the
75 filing of the quarterly report which shall be due within the
76 month next succeeding the end of the quarter. If the state tax
77 commission in any case has reason to believe that the collection
78 of the tax provided for in subsections one (1) and twelve (12)
79 hereof is in jeopardy, it may require the employer or withhold-
80 ing agent to make such return and pay such tax at any time, in
81 accordance with section four hundred twenty-two point thirty
82 (422.30), Code 1962. The state tax commission may authorize
83 incorporated banks and trust companies which are depositories
84 or financial agents of the United States, or of this state,
85 to receive any tax imposed under this Act, in such manner, at

86 such times and under such conditions as it may prescribe; and
87 it shall prescribe the manner, times, and conditions under
88 which the receipt of such tax by such banks and trust companies
89 is to be treated as payment of such tax to the commission.

90 '3. Every withholding agent employing not more than two
91 persons who expects to employ either or both of such persons
92 for the full calendar year may, with respect to such persons,
93 pay with the withholding tax return due for the first calendar
94 quarter of the year the full amount of income taxes required
95 to be withheld from the wages of such persons for the full
96 calendar year. The amount to be paid shall be computed as
97 if the employee were employed for the full calendar year for
98 the same wages and with the same pay periods as prevailed
99 during the first quarter of the year with respect to such
100 employee. No such lump sum payment of withheld income tax
101 shall be made without the written consent of all employees
102 involved. The withholding agent shall be entitled to recover
103 from the employee any part of such lump sum payment that
104 represents an advance to the employee. If a withholding
105 agent pays a lump sum with the first quarterly return he shall
106 be excused from filing further quarterly returns for the
107 calendar year involved unless he hires other or additional
108 employees.

109 '4. Every withholding agent who fails to withhold or pay to
110 the commission any sums required by this Act to be withheld and
111 paid, shall be personally, individually, and corporately liable
112 therefor to the state of Iowa, and any sum or sums withheld in
113 accordance with the provisions of subsections one (1) and twelve
114 (12) hereof, shall be deemed to be held in trust for the state
115 of Iowa.

116 '5. In the event a withholding agent fails to withhold and
117 pay over to the commission any amount required to be withheld
118 under subsections one (1) and twelve (12) of this section, such
119 amount may be assessed against such employer or withholding
120 agent in the same manner as prescribed for the assessment of
121 income tax under the provisions of Divisions II and V, Chapter
122 four hundred twenty-two (422), Code 1962.

123 '6. Whenever the state tax commission determines that any
124 employer or withholding agent has failed to withhold and/or
125 pay over to the state tax commission sums required to be with-
126 held under subsections one (1) and twelve (12) of this section
127 the unpaid amount thereof shall be a lien as defined in section
128 four hundred twenty-two point twenty-six (422.26), Code 1962,
129 shall attach to the property of said employer or withholding
130 agent as therein provided, and in all other respects the pro-
131 cedure with respect to such lien shall apply as set forth in
132 said section four hundred twenty-two point twenty-six (422.26),
133 Code 1962.

134 '7. Every withholding agent required to deduct and withhold
135 a tax under subsections one (1) and twelve (12) of this section
136 shall furnish to such employee, nonresident, or other person in
137 respect of the remuneration paid by such employer or withholding
138 agent to such employee, nonresident, or other person during the
139 calendar year, on or before January 31 of the succeeding year,
140 or, in the case of employees, if the employee's employment is

terminated before the close of such calendar year, within thirty (30) days from the day on which the last payment of wages is made, if requested by such employee, but not later than January 31 of the following year, a written statement showing the following:

'b. The name of the employee, nonresident, or other person and his federal social security account number, together with the last known address of such employee, nonresident, or other person to whom wages have been paid during such period.

'c. The gross amount of wages, or other taxable income, paid to the employee, nonresident, or other person.

'd. The total amount deducted and withheld as tax under the provisions of subsections one (1) and twelve (12) of this section.

'e. The total amount of federal income tax withheld.

'The statements required to be furnished by this subsection in respect of any wages or other taxable Iowa income shall be in such form or forms as the state tax commission may, by regulation, prescribe.

'8. An employer or withholding agent shall be liable for the payment of the tax required to be deducted and withheld or the amount actually deducted, whichever is greater, under subsections one (1) and twelve (12) of this section; and any amount deducted and withheld as tax under subsections one (1) and twelve (12) of this section during any calendar year upon the wages of any employee, nonresident, or other person shall be allowed as a credit to the employee, nonresident, or other person against the tax imposed by section four hundred twenty-two point five (422.5), Code 1962, irrespective of whether or not such tax has been, or will be, paid over by the employer or withholding agent to the state tax commission as provided by this Act.

'9. The amount of any overpayment of the individual income tax liability of the employee taxpayer, nonresident, or other person which may result from the withholding and payment of withheld tax by the employer or withholding agent to the state tax commission under subsections one (1) and twelve (12) hereof, as compared to the individual income tax liability of the employee taxpayer, nonresident, or other person properly and correctly determined under the provisions of section four hundred twenty-two point four (422.4), Code 1962, to and including section four hundred twenty-two point twenty-five (422.25), Code 1962, may be credited against any income tax or installment thereof then due the state of Iowa and any balance of one (1) dollar or more shall be refunded to the employee taxpayer, nonresident or other person with interest at six (6) percent per annum, such interest to begin to accrue forty-five (45) days after the date the return was due to be filed or was filed, whichever is the later date. Amounts less than one (1) dollar shall be refunded to the taxpayer, nonresident, or other person only upon written application, in accordance with section four hundred twenty-two point sixty-seven (422.67), Code 1962, only if such application is filed within twelve (12) months after

196 the due date of the return. Refunds in the amount of one (1)
197 dollar or more provided for by this subsection shall be paid
198 by the state treasurer by means of warrants drawn by the comp-
199 troller at the direction of the state tax commission, or an author-
200 ized employee of the state tax commission, and the taxpayer's
201 return of income shall constitute a claim for refund for this
202 purpose, except in respect to amounts of less than one (1)
203 dollar. There is hereby appropriated, out of any funds in the
204 state treasury not otherwise appropriated, a sum sufficient
205 to carry out the provisions of this subsection.

206 '10. a. Any employer or withholding agent required under
207 the provisions of this Act to furnish a statement required by
208 this Act who willfully furnishes a false or fraudulent statement,
209 or who willfully fails to furnish such statement shall, for
210 each such failure, be subject to a civil penalty of one hundred
211 (100) dollars, such penalty to be in addition to any criminal
212 penalty otherwise provided by the Code of 1962.

213 'b. Any employer or withholding agent required under the
214 provisions of this Act to withhold taxes on wages or other tax-
215 able Iowa income subject to this Act who fails to withhold
216 such taxes, or to make the required returns or who fails to
217 timely remit to the tax commission the amounts withheld, shall
218 be liable for the amount of such taxes which should have been
219 withheld and paid, and in addition shall be subject to a civil
220 penalty, equal to five (5) percent of the amount which should
221 have been withheld and paid over to the commission, for each
222 month or fraction thereof during which such failure continues,
223 not to exceed twenty-five (25) percent in the aggregate; interest
224 at the rate of six (6) percent per annum shall be added to the
225 tax required to be transmitted beginning with the first day of
226 the second month following the end of the calendar quarter for
227 which the tax was not transmitted, and such interest and such
228 penalty shall become a part of the tax due from the withholding
229 agent.

230 'c. If any withholding agent, being a domestic or foreign
231 corporation, required under the provisions of this section to
232 withhold on wages or other taxable income subject to this
233 Act, fails to withhold the amounts required to be withheld,
234 make the required returns or remit to the state tax commission
235 the amounts withheld, the commission may, in its discretion,
236 having exhausted all other means of enforcement of the provisions
237 of this Act, certify such fact or facts to the secretary of
238 state, who shall thereupon cancel the articles of incorporation

252 such form as the state tax commission may require by regulations.
253 The first installment shall be paid at the time of filing the
254 declaration, except that at the election of the person or married

256 may be paid prior to the date prescribed for its payment.
257 Whenever a person or married couple filing a joint return have
258 reason to believe that his or their Iowa income tax may increase
259 or decrease, either for purposes of meeting the requirement to
260 file a declaration of estimated tax or for the purpose of in-
261 creasing or decreasing such declaration, an amended estimate
262 shall be filed by him or them to reflect such increase or
263 decrease in estimated Iowa income tax.

270 payable on or before April 30, next following the close of the
271 calendar year, or if the return should be made on the basis of
272 a fiscal year, then on or before the last day of the fourth (4th)
273 month next following the close of such fiscal year.

275 or amended during the taxable year under regulations prescribed
276 by the state tax commission.

277 'd. If a taxpayer is unable to make his own declaration, the
278 declaration may be made by a duly authorized agent, or by the
279 guardian or other person charged with the care of the person

304 one (1) hereof, and such withholding agents and such nonresidents
305 shall be subject to the provisions of this section, according

311 as hereby amended. In the case of nonresidents having income
312 from a trade or business carried on by them in whole or in part
313 within the State of Iowa, such nonresident shall be considered
314 to be subject to the provisions of subsection twelve (12) hereof
315 unless such trade or business is of such nature that the busi-

354 "Sec. 6. If any provisions of this Act or the application of
355 such provision to any person or circumstance shall be held
356 invalid, the remainder of this Act or the application of such

358 it is held invalid shall not be affected thereby.

359 "Sec. 7. Wherever in this Act any section of the Code of

HOUSE CONCURRENT RESOLUTION 28

By Doderer of Johnson

Whereas, the Iowa Development Commission has completed arrangements for an export trade mission to various major cities of Western Europe including Paris, Hamburg, Milan, Rome, Amsterdam, Rotterdam, and London, and

Whereas, the purpose of the mission is to establish personal contact with individuals in countries of Europe to encourage the export of Iowa manufactured and Iowa grown products to strengthen the economy of our state and nation, and

Whereas, Governor Harold E. Hughes will personally lead a delegation of one hundred or more citizens of the state on the three-week trade mission which is scheduled from Tuesday, June 8, to Tuesday, June 29, 1965, and

Whereas, the members of the General Assembly and the citizens of the State of Iowa take great pride in the Governor of this state and the individuals who are devoting their time to participate in extolling the merits, economy, and products of Iowa; now therefore,

Be It Resolved by the House, the Senate Concurring, that the members of the Sixty-first General Assembly heartily and enthusiastically endorse the export trade mission which is being undertaken to strengthen the economy of the State of Iowa and commend Governor Hughes for his leadership in encouraging and taking part in the mission, the Iowa Development Commission for the many hours which have been necessary in planning and completing arrangements for the mission, and all participants of the mission who are devoting the time and funds necessary to

make known to the governments of Western Europe the products available for export from Iowa.

HOUSE CONCURRENT RESOLUTION 30

By Bremmer, Scott, Webster and Gregerson
of Pottawattamie and Korn of Harrison

Whereas, the city of Carter Lake, Iowa, is in an incorporated community of almost three thousand souls, and

Whereas, that community does not have a post office and must rely on the out of state city of Omaha for its mail service, and

Whereas, Iowa has many communities of one-tenth the size of Carter Lake that enjoy the benefits of having their own post office, and

Whereas, the residents of Carter Lake must continually endure the inconvenience of having mail intended for them returned to the sender, therefore,

Be It Resolved by the House, the Senate Concurring, that the Postmaster General of the United States be requested to establish a post office in Carter Lake, Iowa.

Be It Further Resolved, that copies of this resolution be transmitted to the President of the United States, the Postmaster General and all the Iowa members of the Congress of the United States.

HOUSE MESSAGE CONSIDERED

House File 682, a bill for an act to appropriate from the general fund of the State of Iowa for the biennium beginning July 1, 1965, and ending June 30, 1967, to the board of control for salaries, support, maintenance, repairs, replacements, alterations or equipment of institutions, under said board of control, and to provide that chapter eight (8), except section eight point five (8.5), Code 1962, shall apply to this act.

Read first and second times and passed on file.

SPONSOR'S LEGISLATIVE INTENT OF SENATE FILE 244

My legislative intent was, state or federal regulations notwithstanding, that any electronic scales installed in a building would not require a pit but would be placed on a concrete floor with concrete footings suitable to support said scales.

JAMES E. BRILES,
Sponsor of Senate File 244.

SENATE RESOLUTION 3

By Lisle

Whereas, the cost of caring for mentally ill persons in mental health institutes has increased significantly in recent years, and

Whereas, it is reasonable to believe that much of this increase is due to the more intensive psychiatric treatment, and

Whereas, it is also reasonable to believe that not all patients in the mental health institute receive the same intensive psychiatric care but instead are treated in at least three categories of care, namely, intensive treatment, continued treatment and custodial care, and

Whereas, it appears that by averaging the costs of care the custodial patient is subsidizing the intensive care patient, who because of the high cost of intensive care would be pauperized if he had to pay the full costs, and

Whereas, it appears that a method other than that of the state general fund being reimbursed by the county and the county being reimbursed by the patient or his relatives, is the method presently used for mentally ill but not for physically ill presently cared for by state and county agencies, and

Whereas, the long term mentally ill patient receiving continued care or custodial care is required to shoulder a burden which would be more appropriately carried by all Iowans, and

Whereas, this problem appears an appropriate subject for legislative study,

Now, Therefore, Be It Resolved by the Senate, that the Board of Control of State Institutions shall report to the Budget and Financial Control Committee within one year from adjournment of the Sixty-first General Assembly. Such report shall provide costs of care for patients under intensive treatment, patients under continued treatment and patients under custodial care rather than an average cost of care for all patients. Such report shall also contain Board of Control definitions of these terms and the methodology for determining such costs in each category.

Senator Cassidy offered the following amendment:

Amend Senate File 600 by striking all after the enacting clause and inserting in lieu thereof the following

"Section 1. Section four hundred twenty-two point four (422.4), Code 1962, is hereby amended by repealing subsection thirteen (13) thereof, inserting in lieu thereof the following subsections, and renumbering any succeeding subsection (s):

"13. The term "withholding agent" means any individual, fiduciary, estate, trust, corporation, partnership or association in whatever capacity acting and including all officers and employees of the State of Iowa, or any municipal corporation of the State of Iowa and of any school district or school board of the state, or of any political subdivision of the State of Iowa, or any tax-supported unit of government that is obligated to pay or has control of paying or does pay to any resident or nonresident of the State of Iowa or his agent any wages that are subject to the Iowa income tax in the hands of such resident or nonresident, or any of the above designated entities making payment or having control of making such payment of any taxable Iowa income to any nonresident.

"14. The term "wages" shall have the same meaning as provided by the Internal Revenue Code of 1954.

"15. The term "employer" shall mean and include those who have a right to exercise control as to how, when, and where services are to be performed.

"16. The term "other person" shall mean that person or entity properly empowered to act in behalf of an individual payee and shall include authorized agents of such payees whether they be individuals or married couples."

"Sec. 2. Strike all of section four hundred twenty-two point sixteen (422.16), Code 1962, and substitute in lieu thereof the following:

"1. Every withholding agent as defined herein and every employer as defined herein and further defined in the Internal Revenue Code of 1954, as amended, with respect to income tax collected at source, making payment of wages as defined herein to either a resident employee or employees, or a nonresident employee or employees, working in Iowa, shall deduct and withhold from such wages an amount which will approximate the employee's annual tax liability on a calendar year basis, calculated on the basis of tables to be prepared by the state tax commission and schedules or percentage rates, based on such wages, to be prescribed by the state tax commission. Every employee or other person shall declare to such employer or withholding agent the number of his personal exemptions and dependency exemptions or credits to be used in applying such tables and schedules or percentage rates, provided that no more such personal or dependency exemptions or credits may be declared by such employee or other person than the number to which he is entitled. Such claiming of such exemptions or credits in excess of entitlement shall constitute a misdemeanor.

"2. Every withholding agent required to deduct and withhold tax under subsections one (1) and twelve (12) of this section shall, for the quarterly period beginning January 1, 1966, and for each calendar quarterly period thereafter, on or before the last day of the month following the close of each calendar quarterly period make a return on forms prescribed by the state tax commission and pay over to the state tax commission, in the form of remittances made payable to "Treasurer, State of Iowa", the tax

required to be withheld, or the tax actually withheld, whichever is greater, under the provisions of subsections one (1) and twelve (12) hereof; provided, however, commencing with the period beginning January 1, 1966, every withholding agent who withholds more than fifty (50) dollars in any one month commencing with January 1, 1966, shall deposit with the state tax commission said sum, made out on a deposit form for the month in such form and manner as may be prescribed by the state tax commission. The said deposit form being due on or before the fifteenth (15th) day of the month next succeeding the month of withholding, except that no deposit shall be required for the amount withheld in the third (3rd) month of the quarter but the total amount of withholding for the quarter shall be computed and that amount by which the aforementioned deposit fails to equal the total quarterly liability shall be due upon the filing of the quarterly report which shall be due within the month next succeeding the end of the quarter. If the state tax commission in any case has reason to believe that the collection of the tax provided for in subsections one (1) and twelve (12) hereof is in jeopardy, it may require the employer or withholding agent to make such return and pay such tax at any time, in accordance with section four hundred twenty-two point thirty (422.30), Code 1962. The state tax commission may authorize incorporated banks and trust companies which are depositories or financial agents of the United States, or of this state, to receive any tax imposed under this Act, in such manner, at such times and under such conditions as it may prescribe; and it shall prescribe the manner, times, and conditions under which the receipt of such tax by such banks and trust companies is to be treated as payment of such tax to the commission.

“3. Every withholding agent employing not more than two persons who expects to employ either or both of such persons for the full calendar year may, with respect to such persons, pay with the withholding tax return due for the first calendar quarter of the year the full amount of income taxes required to be withheld from the wages of such persons for the full calendar year. The amount to be paid shall be computed as if the employee were employed for the full calendar year for the same wages and with the same pay periods as prevailed during the first quarter of the year with respect to such employee. No such lump sum payment of withheld income tax shall be made without the written consent of all employees involved. The withholding agent shall be entitled to recover from the employee any part of such lump sum payment that represents an advance to the employee. If a withholding agent pays a lump sum with the first quarterly return he shall be excused from filing further quarterly returns for the calendar year involved unless he hires other or additional employees.

“4. Every withholding agent who fails to withhold or pay to the commission any sums required by this Act to be withheld and paid, shall be personally, individually, and corporately liable therefor to the State of Iowa, and any sum or sums withheld in accordance with the provisions of subsections one (1) and twelve (12) hereof, shall be deemed to be held in trust for the State of Iowa.

“5. In the event a withholding agent fails to withhold and pay over to the commission any amount required to be withheld under subsections one (1) and twelve (12) of this section, such amount may be assessed against such employer or withholding agent in the same manner as prescribed for the assessment of income tax under the provisions of Divisions II and V, Chapter four hundred twenty-two (422), Code 1962.

'6. Whenever the state tax commission determines that any employer or withholding agent has failed to withhold and/or pay over to the state tax commission sums required to be withheld under subsections one (1) and twelve (12) of this section the unpaid amount thereof shall be a lien as defined in section four hundred twenty-two point twenty-six (422.26), Code 1962, shall attach to the property of said employer or withholding agent as therein provided, and in all other respects the procedure with respect to such lien shall apply as set forth in said section four hundred twenty-two point twenty-six (422.26), Code 1962.

'7. Every withholding agent required to deduct and withhold a tax under subsections one (1) and twelve (12) of this section shall furnish to such employee, nonresident, or other person in respect of the remuneration paid by such employer or withholding agent to such employee, nonresident, or other person during the calendar year, on or before January 31 of the succeeding year, or, in the case of employees, if the employee's employment is terminated before the close of such calendar year, within thirty (30) days from the day on which the last payment of wages is made, if requested by such employee, but not later than January 31 of the following year, a written statement showing the following:

'a. The name and address of such employer or withholding agent, and the identification number of such employer or withholding agent.

'b. The name of the employee, nonresident, or other person and his federal social security account number, together with the last known address of such employee, nonresident, or other person to whom wages have been paid during such period.

'c. The gross amount of wages, or other taxable income, paid to the employee, nonresident, or other person.

'd. The total amount deducted and withheld as tax under the provisions of subsections one (1) and twelve (12) of this section.

'e. The total amount of federal income tax withheld.

'The statements required to be furnished by this subsection in respect of any wages or other taxable income shall be in such form or forms as the state tax commission may, by regulation, prescribe.

'8. An employer or withholding agent shall be liable for the payment of the tax required to be deducted and withheld or the amount actually deducted, whichever is greater, under subsections one (1) and twelve (12) of this section; and any amount deducted and withheld as tax under subsections one (1) and twelve (12) of this section during any calendar year upon the wages of any employee, nonresident, or other person shall be allowed as a credit to the employee, nonresident, or other person against the tax imposed by section four hundred twenty-two point five (422.5), Code 1962, irrespective of whether or not such tax has been, or will be, paid over by the employer or withholding agent to the state tax commission as provided by this Act.

'9. The amount of any overpayment of the individual income tax liability of the employee taxpayer, nonresident, or other person which may result from the withholding and payment of withheld tax by the employer or withholding agent to the state tax commission under subsections one (1) and twelve (12) hereof, as compared to the individual income tax liability of the employee taxpayer, nonresident, or other person properly and correctly determined under the provisions of section four hundred twenty-two point four (422.4), Code 1962, to and including section four hundred twenty-two point twenty-five (422.25), Code 1962, may be credited against any income tax or installment thereof then due the State of Iowa and any balance of one (1) dollar or more shall be refunded to the employee taxpayer, non-

MEMORANDUM OF INTENT

House File 13 (Senate File 26) has been unanimously adopted by the members of both the House of Representatives and the Senate and has been signed by the Governor of Iowa. It establishes a new chapter in the Code of Iowa to govern the operation of county mutual insurance associations.

House File 13 was voluntarily offered by the county mutual insurance associations of Iowa, and its passage was supported by them, even though the new chapter imposes upon them the following limitations and requirements:

(1) A tax of two percent of gross premiums received during 1965 and thereafter.

(2) Licensing and qualification of agents.

(3) Limitation of the classes of property which may be insured.

(4) Periodic examination by the Insurance Department of Iowa.

The purpose of this memorandum is to record the intention of the undersigned legislators in their sponsorship or support of House File 13 and to make it understood:

(1) That there was no intention to impose upon county mutual insurance associations any regulatory authority by the Insurance Department of Iowa or by any other agency of the State of Iowa beyond that expressly stipulated in House File 13;

(2) That House File 13 was in no sense intended to deprive county mutual insurance associations of their right to conduct their business according to well established principles of community service;

(3) That there was no intention to prescribe their methods of underwriting, their methods of rating or the provisions of their policy contracts.

SENATE CONCURRENT RESOLUTION 41

By Murray, Floy and Beneke

Whereas, the present drainage laws of the state are recognized by those who are working therewith as antiquated and in need of modernization, and

Whereas, the General Assembly has had numerous requests from attorneys and boards of supervisors who are directly involved in working with the laws for the revision of the present drainage laws, and

Whereas, there are a large number of drainage districts in the state which are involved in court litigation due to the lack of clarity of the present laws, and

Whereas, bills have been introduced into the General Assembly to amend sections of the drainage laws but which will not accomplish the revision necessary, and

Whereas, additional study is mandatory to determine the type and extent of revision which is needed involving the drainage laws of the state; now therefore,

Be It Resolved by the Senate, the House Concurring, That the Iowa Legislative Research Bureau be directed to conduct, during the 1965-1967 legislative biennium, a study of the drainage laws of the State of Iowa to determine the need for and extent of revising such laws.

Be It Further Resolved, That the Legislative Research Committee establish a committee in accordance with sections two point fifty-five (2.55) and two point fifty-six (2.56) of the Code to assist the Bureau with the study. The Research Committee is further directed to appoint two (2) attorneys familiar with the drainage laws of the state recommended by The Iowa State Bar Association; two (2) engineers familiar with the drainage laws of the State of Iowa recommended by the Iowa Engineering Society; two (2) members of the county boards of supervisors recommended by the Iowa County Officers Association; two (2) farm landowners or tenants; and one (1) member representing cities and towns recommended by the League of Iowa Municipalities who shall serve in an advisory capacity to the com-

mittee established under sections two point fifty-five (2.55) and two point fifty-six (2.56) of the Code.

Be It Further Resolved, That the Legislative Research Bureau and the committee assisting the Bureau be directed to report the findings of the study and committee recommendations, accompanied by bills incorporating such recommendations, to the Sixty-second General Assembly prior to January 1, 1967.

SENATE CONCURRENT RESOLUTION 42

By Ely, Stephens, Hansen and Lucken

Whereas, county jails are public institutions which with the operation thereof are of vital importance to the welfare and safety of the public and to the individuals confined therein, and

Whereas, many county jails are utilized to confine hardened criminal offenders, some of whom represent a serious threat to society, even though the jails lack even minimum security provisions which further threatens the public safety and welfare, and

Whereas, county jails are in many instances also used to confine non-dangerous, youthful offenders and delinquent children who cannot be effectively segregated from the more hardened criminal offenders even though the confining of such youth is contrary to statute and good detaining practices, and

Whereas, most county jails do not provide twenty-four hour supervision of prisoners which further presents a serious threat to the physical and moral safety of youthful offenders and delinquent children, and

Whereas, most county jails do not and cannot provide constructive recreation, counseling, guidance, and other necessary services for prisoners, resulting in prisoners in county jails customarily being forced to remain in debilitating and dehumanizing idleness and

Whereas, not only are constructive rehabilitation programs virtually nonexistent for adult offenders, but such programs are not provided for minors offenders or when provided, not designed to prevent minor offenders from becoming serious offenders, and

Whereas, there have been numerous examples during the past few years of escapes from county jails in Iowa and of prisoners being exploited and abused by other prisoners in county jails; now therefore,

Be It Resolved by the House, the Senate Concurring, That the Iowa Legislative Research Bureau be directed to conduct, during the 1965-1967 legislative biennium, a study of county jails in Iowa to determine if the public safety is being adequately protected in local communities and areas of the state, if the physical and moral well-being of prisoners, with particular reference to delinquent children, is being adequately provided for in the jails, if the present system of jails at the county level is adequate to serve and rehabilitate all persons confined therein, and such other related areas as the committee hereafter established deems necessary.

Be It Further Resolved, That the Legislative Research Committee establish a committee in accordance with sections two point fifty-five (2.55) and two point fifty-six (2.56) of the Code to assist the Bureau with the study and that the Legislative Research Bureau and the committee assisting be directed to report the findings of the study and committee recommendations, accompanied by bills incorporating such recommendations, to the Sixty-second General Assembly prior to January 1, 1967.

Senator Lisle called up the following resolution and moved its adoption:

SENATE RESOLUTION 3

By Lisle

Whereas, the cost of caring for mentally ill persons in mental health institutes has increased significantly in recent years, and

Whereas, it is reasonable to believe that much of this increase is due to the more intensive psychiatric treatment, and

Whereas, it is also reasonable to believe that not all patients in the mental health institute receive the same intensive psychiatric care but instead are treated in at least three categories of care, namely, intensive treatment, continued treatment and custodial care, and

Whereas, it appears that by averaging the costs of care the custodial patient is subsidizing the intensive care patient, who because of the high cost of intensive care would be pauperized if he had to pay the full costs, and

Whereas, it appears that a method other than that of the state general fund being reimbursed by the county and the county being reimbursed by the patient or his relatives, is the method presently used for mentally ill but not for physically ill presently cared for by state and county agencies, and

Whereas, the long term mentally ill patient receiving continued care or custodial care is required to shoulder a burden which would be more appropriately carried by all Iowans, and

Whereas, this problem appears an appropriate subject for legislative study,

Now, Therefore, Be It Resolved by the Senate, that the Board of Control of State Institutions shall report to the Budget and Financial Control Committee within one year from adjournment of the Sixty-first General Assembly. Such report shall provide costs of care for patients under intensive treatment, patients under continued treatment and patients under custodial care rather than an average cost of care for all patients. Such report shall also contain Board of Control definitions of these terms and the methodology for determining such costs in each category.

The resolution was adopted.

SENATE CONCURRENT RESOLUTION 43

By Hagedorn and Reppert

A Concurrent Resolution to establish a study of the fiscal, administrative, safety, and engineering programs involving Iowa's highways, roads, and streets.

Whereas, the State of Iowa invests millions of dollars each year in its vast network of highways, roads, and streets, and

Whereas, the users and beneficiaries of the state highway network should be kept informed as to the progress of the state highway program, and

Whereas, it has been the practice of past general assemblies to establish highway studies to provide this service to highway users and beneficiaries, and

Whereas, this legislative interim is no different from previous legislative interims and the need for a continuing study of Iowa's highway needs, finances, engineering, and administrative problems continues to exist; now therefore,

Be It Resolved by the Senate, the House Concurring, That the Iowa Legislative Research Bureau be directed to conduct during the 1965-1967 legislative biennium, a study concerned with all aspects of highways in the state including interstate, primary, farm-to-market, secondary, and municipal highways. Special attention should be given to the following:

1. A finance study to determine the adequacy of highway revenues, both state and local.
2. An engineering study of the present deficiencies and the future needs of all highways, roads, and streets in the state.
3. A safety study to determine what is being done and what more can be done to make Iowa's roads safer; such study to include all aspects of periodic motor vehicle inspection, including the method of inspection, the authority for inspection, and the period of inspections.
4. An analysis of the highway, road, and street laws to determine how the laws can be strengthened to enable highway administrators to do a better job.
5. Updating the engineering study of the Automotive Safety Foundation.

Be It Further Resolved, That the Legislative Research Committee establish a committee in accordance with sections two point fifty-five (2.55) and two point fifty-six (2.56) of the Code to assist the Bureau with the study. The Research Committee should give consideration to appointing at least five (5) individuals to serve in an advisory capacity to the committee so established from the following: the automotive industry, the League of Iowa Municipalities, the Iowa County Engineers Association, the Iowa County Supervisors Association, and the State Highway Commission.

Be It Further Resolved, That the Legislative Research Bureau and the committee assisting the Bureau be directed to report the findings of the study and committee recommendations, accompanied by bills incorporating such recommendations, to the Sixty-second General Assembly prior to January 1, 1967.

REPORT OF SPECIAL SENATE INVESTIGATING COMMITTEE
CREATED UNDER SENATE CONCURRENT RESOLUTION 9

On Tuesday, February 9, the Iowa Senate adopted Senate Concurrent Resolution 9 which created a special investigating committee to conduct

a full investigation into the practices and conduct of personnel in the Iowa Department of Agriculture. Under the authority of said resolution, Senators Main, Lucken, McNally, Lisle and Heaberlin, on behalf of the Senate, and Representatives Fisher, Jackson, Meacham, Melrose and Patton, on behalf of the House, were appointed to serve on the committee.

Having completed its investigation, the committee hereby submits the following report:

FINDINGS AND CONCLUSIONS

1. When Kenneth Owen assumed his duties as Secretary of Agriculture, he found no records which would show the efficiency ratings of employees within the department. The evidence shows that former Secretary Liddy had compiled such records, but considered them his own personal property and, therefore, removed these records from the office.

2. Former Secretary Liddy had given entrance examinations to prospective Agriculture Department employees, but had destroyed the results of these examinations.

3. To determine the work load of his employees, Secretary Owen required them to submit position classification questionnaires. The evidence shows that Mr. Richard Dennler substantially overstated his work load on the questionnaire. For this, and other reasons hereafter set forth, Secretary Owen terminated Mr. Dennler's employment.

4. Secretary Owen testified that he was suspicious of Mr. Dennler's expense vouchers but that this suspicion was a minor consideration in the dismissal of Mr. Dennler. The evidence shows that Mr. Dennler was habitually negligent in reporting his expenses.

5. Secretary Owen further testified that he relied, in part, on statements made by Dr. Joynt and Nicholas Coad to the effect that Mr. Dennler was working on his new home during regular working hours. The record contains evidence that these statements were true.

6. The record shows that Mr. Dennler possessed an academic background more extensive than of Mr. Coad. However, Mr. Dennler's academic background was far more extensive than required for the position of milk sanitarian. Mr. Coad's academic background was more extensive than three of the remaining sanitarians, and equal to the fourth.

7. The duties of milk sanitarian are not clearly defined by statute or regulation. The evidence shows that each of the five sanitarians, including Mr. Dennler, had a substantially different concept of his duties. In addition, the procedures used by each sanitarian for collecting milk samples and for determining the sanitary condition of farms and dairies, were substantially different, and apparently the sanitarians were given no instructions as to uniform procedures.

8. Over the years the work load of the Agriculture Department sanitarian has decreased substantially because of a steady decline in the number of producer farms and dairies. In fact, the work load of an Agriculture Department sanitarian is insignificant when compared with the work load of unit and local sanitarians. The evidence shows that there has been no reduction of work force in recent years in relation to the declining work load.

9. Under existing law, Secretary Owen possesses absolute authority to dismiss an employee, whose position is one of trust and confidence, without cause. With respect to the dismissal of Richard Dennler from the position of milk sanitarian, the record shows that Secretary Owen did not act

arbitrarily, and that good cause did, in fact, exist at the time Mr. Dennler was dismissed. Finally, the committee finds that Richard Dennler was the product of a lax system.

RECOMMENDATIONS

The committee recommends as follows:

1. That the Secretary of Agriculture adjust the work force of milk sanitarians to reflect the decline in work load and to equalize the responsibilities of the milk sanitarians.

2. That the Secretary of Agriculture reorganize the entire Department of Agriculture to reflect the changes in the agricultural industry and to utilize modern methods of work evaluation.

3. That no further action be taken by the State of Iowa in regard to the Dennler matter.

4. That the Executive Council conduct an intensive study of expenses in all departments of government and consider the advisability of a per diem basis for the payment of employee expenses.

5. That legislation be enacted to provide civil service protection to all state employees.

The undersigned committee members respectfully move that the foregoing report be adopted.

Whereas, the members of various legislative committees are compelled to wait until after the next ensuing legislative session to secure repayment for actual expenses incurred in carrying out the duties of such research committees, and

Whereas, it appears advantageous to eliminate the necessity of filing bills in the ensuing legislative session to cover the actual expenses of such representatives and such committee members;

Now, Therefore, Be It Resolved by the Senate, the House Concurring: That the actual expenses of such representatives and such committee members in attending the above-described sessions or committee meetings should file expense accounts, subject to the approval of the President of the Senate and the Speaker of the House, and the State Comptroller is hereby authorized and directed to issue warrants in payment of same upon requisition signed by the President of the Senate and the Speaker of the House as provided for in sections two point twenty (2.20) and two point twenty-two (2.22), Code 1962.

REPORT OF SECOND CONFERENCE COMMITTEE ON SENATE JOINT RESOLUTION 24

TO THE PRESIDENT OF THE SENATE AND THE SPEAKER OF THE HOUSE:

We, the undersigned members of the conference committee appointed to consider the differences between the Senate and the House on Senate Joint Resolution 24, a joint resolution providing for the composition and representation of the Iowa Senate and House of Representatives, beg leave to report and make the following recommendation:

1. That the Senate recede from its amendment to the House amendment.

On the Part of the Senate.

CLEVE L. CARNAHAN, *Chairman.*

WILLIAM J. GANNON.

DANIEL L. NAGLE.

On the Part of the House.

EXPLANATION OF VOTE

We voted against House File 42 for the following reasons:

1. The bill, as amended, will reduce benefits paid to a large percentage of claimants who are in the low income brackets. Under existing law, claimants earning an average of \$45 weekly draw \$30 in benefits when unemployed or 66% percent of their average wage. This worker's benefits will be reduced to \$26.55 under the Senate version, or 59 percent of his average wage.

2. House File 42 destroys the present basic unemployment compensation principle of variable maximum which pays higher benefits to those with a family. Present law provides higher benefits for a married worker with children than it does for the worker with no dependents. This concept is ideal since it maintains benefits at a level sufficient to tide the worker over a period of economic insecurity and at the same time retain sufficient incentive for the unemployed worker to return to work as soon as work is available. The Senate version of House File 42 raises the maximum benefits for the single worker over 60 percent on the one hand and does not perceptively increase benefits for the family man.

3. The bill will significantly raise the payroll tax cost for Iowa's small employers. We are in full accord with those expressing the need for increasing unemployment compensation benefits. We voted for the Schroeder amendment to House File 42 (which failed to pass) that would have met the objections enumerated above and which would have raised the average benefit from \$31 to over \$38. We could not in good faith support the final Senate version of House File 42.

PRESENTATION OF GIFTS

Upon request, Senator Schroeder appeared in the well of the Senate and on behalf of the members of the Senate presented to Lieutenant Governor Fulton, President of the Senate, a pair of sterling silver candelabra; and to Senator Frommelt, Majority Floor Leader, and Senator Rigler, Minority Floor Leader, silver pitchers in recognition of their labors during the Sixty-first General Assembly.

President Fulton in accepting the gift said:

It has been a great pleasure working with the members of the Sixty-first General Assembly and the staff. It has been a great honor to serve as the presiding officer of the Senate, and I want to thank each member of the Senate for the courtesies extended throughout the session. I would like to extend thanks for myself as well as for my wife for this beautiful gift, which will always be a remembrance of the Sixty-first General Assembly.

Senator Rigler said:

On behalf of the minority party, and personally, I thank you all sincerely for this lovely silver pitcher. Although we would much prefer being in the majority, we have tried to be constructive and have appreciated the spirit of cooperation which has prevailed most of the session and which is exemplified in these presentations here today. While we have all often disagreed among ourselves and as political parties, we have all carried

on the proud traditions of the Iowa Senate in working for the best interests of Iowa.

Senator Frommelt said:

I wish to thank the members of the Senate for the lovely silver pitcher. Down through the years it will serve as a constant reminder of the pleasure and satisfaction I derived from acting as Majority Leader in the Sixty-first General Assembly which I feel will go down in history as one of the most productive legislative session in the history of our state.

The success of this session, I feel, is attributable to the teamwork displayed by the fifty-nine members of the Senate, along with the Lieutenant Governor and the staff. I am proud to be a part of the Iowa Senate.

On motion of Senator Frommelt, the Senate stood at ease until the fall of the gavel.

The Senate reconvened, President Fulton presiding.

Senator Frommelt called up the report of the special Senate investigating committee created under Senate Concurrent Resolution 9, filed and found on pages 1709, 1710 and 1711 of the Senate Journal.

Senator Lisle submitted the following report:

**SUPPLEMENTAL REPORT OF THE REPUBLICAN MEMBERS IN
VIEW OF THE UNSUPPORTED CLAIMS CONTAINED IN THE
REPORT ADOPTED MAY 26, 1965, BY THE DEMOCRAT MEM-
BERS OF THE SPECIAL INVESTIGATING COMMITTEE CRE-
ATED UNDER SENATE CONCURRENT RESOLUTION 9**

We, the undersigned, readopt and attach hereto our report of Findings and Conclusions dated April 28, 1965, in regard to the Dennler investigation. We point out that no member of the majority has attacked any fact set out in the aforesaid Minority Report, although it was released four weeks ago today.

The Democrats have this date filed and approved their report. We have no quarrel with the recommendations stated therein. Their claims of facts are another matter.

We will not comment on all of the claims which lack support in the record for the reason that many do not pertain to the central issue of the investigation, which is: Did Secretary Owen fire Mr. Dennler for cause or for political reasons?

The Democrat report in its findings No. 3, No. 4, No. 5, and No. 9 conclude, in effect, that Mr. Dennler was fired for cause. This just isn't so.

Democrat claim No. 3—"Secretary Owen terminated Mr. Dennler's employment because Mr. Dennler substantially overstated his work load, and for other reasons."

Fact—While Secretary Owen claimed in his testimony at the hearing that this was the reason he fired Mr. Dennler, the fact is that the Bureau of Criminal Investigation report which was admitted into evidence showed that Assistant Director R. D. Blair interviewed Kenneth Owen on February 17, 1965, at which time Mr. Owen stated he "discharged Mr. Dennler on the strength of conversation with four individuals from Le Mars, Iowa. Mr. Owen said these individuals told him Mr. Dennler was not working

full time at his job." There was no mention in the interview of any other basis for discharge. Mr. Owen was permitted to read the written report of the BCI and stated that it was correct. (See Vol. 4, pages 749 and 750 of the transcript.)

Democrat claim No. 4—"Secretary Owen was suspicious of Mr. Dennler's expense vouchers and this was a minor consideration in his firing of Mr. Dennler, and Mr. Dennler was habitually negligent in reporting his expenses."

Fact—(a) The claim of irregular expense vouchers was not mentioned by Secretary Owen during his interview by the Assistant Director of the Bureau of Criminal Investigation. (See page 3 of BCI report.)

(b) In his testimony, Mr. Owen stated that when he talked to Mr. Dennler after firing him, the only criticism Mr. Owen had was that he felt Mr. Dennler was not familiar with his duties and that there was the matter of working on his house during state time. (See page 741, Vol. 4 of the transcript.)

(c) There is not a scintilla of evidence that Mr. Dennler was habitually negligent in reporting his expenses. He was able to account for each and every dime. It is interesting to note that during the month of March, Coad spent \$33.23 for milk samples, which is more than Mr. Dennler normally claimed for reimbursement on milk sample expenses. (See page 85 of the Report of the Committee prepared by Attorney Greer.)

(d) Secretary Owen has since approved Mr. Dennler's expense vouchers and certified them as true and correct.

Democrat claim No. 5—"Secretary Owen relied on statements made by Dr. Joynt (Plymouth County Democratic Chairman) and Nicholas Coad (the Democrat hired by Secretary Owen to replace Mr. Dennler), that Mr. Dennler was working on his new home during regular working hours and the record contains evidence that these statements were true."

Fact—(a) The record shows conclusively that Mr. Dennler's hours and other milk sanitarians' hours were irregular (see page 184, Vol. 1 of the transcript) and that the total amount of work which Mr. Dennler did on his new home over nearly a two-year period could be done in a week's time by one carpenter. (See pages 424 and 425, Vol. 2).

(b) Secretary Owen admits he did not discuss the charge of working on his house on state time prior to discharging Mr. Dennler. (See Vol. 4, page 753 of the transcript.) Any fair-minded person would give an employee the right to deny or explain charges made by an individual who wanted the employee's job.

(c) The alleged complaints came from Democratic friends of Secretary Owen in Plymouth County. Secretary Owen made no effort to verify with Richard Stedman, senior milk sanitarian with the Department of Public Health, whether Mr. Dennler was doing his job. (Pages 751 and 752, Vol. 4.) If politics weren't involved, surely Secretary Owen would have done that much.

Democrat claim No. 9—"Secretary Owen did not act arbitrarily and had good cause to discharge Mr. Dennler."

Fact—(a) Secretary Owen fired Mr. Dennler without ever meeting him or talking to him. (Pages 753, Vol. 4.)

(b) The firing occurred on January 20, 1965, 13 working days after Secretary Owen took office. (See page 3, BCI report.)

(c) Coad reported to work four days after the firing of Mr. Dennler. (See Coad's expense voucher admitted in evidence.)

(d) Coad was an active Democrat. (Page 719, Vol. 4.)

(e) After Mrs. Felland criticized him, Secretary Owen admitted he told Mrs. Felland he would reconsider the firing of Mr. Dennler.

"Q. Didn't you later tell her that you would reconsider the firing of Mr. Dennler?

A. Much earlier in the week I told her that I would look into it further. (Page 756, Vol. 4 of the transcript.)

If he had good cause for firing Mr. Dennler and the firing was not political, why did he agree to reconsider?

(f) Although Secretary Owen testified he first talked to Mr. Coad about a job as a sanitarian after he dismissed Mr. Dennler (Page 751, Vol. 4), Mr. Coad admitted:

Senator Lisle: Mr. Coad, when did you first talk to Mr. Owen about a job?

Mr. Coad: Well, let's see—some time in December. I believe. (Page 711, Vol. 4 of the transcript.)

CONCLUSION

After seven weeks' delay, the majority furnished its report to the Committee. We requested 24 hours in order to point out in the 1000 page transcript of the hearings wherein the majority report was factually in error.

In the view of the seven-week delay in making a report, we felt another 24-hour delay would not be unreasonable. We were denied this request. We then asked six hours to do so. This privilege also was denied us. The majority then proceeded to vote approval of the report without allowing us to suggest changes. Accordingly, we file this supplemental report to set the record straight.

Dated May 26, 1965.

REPORT OF THE MINORITY MEMBERS OF THE INVESTIGATING COMMITTEE CREATED UNDER SENATE CONCURRENT RESOLUTION 9

A cloud consisting of innuendo, heresay and half truths has been hanging over the head of Richard Dennler for more than three months. As a result, he is still without employment.

Twenty-one days have passed since the last testimony was taken before the Legislative Investigation Committee created under Senate Concurrent Resolution 9. Mr. Dennler, the General Assembly, and the State of Iowa are awaiting a committee report. In a court of law, such a delay in reaching a jury verdict would be unthinkable. It is no less unthinkable in the present instance. (1)

Rather than postpone a decision further, particularly when it is unnecessary that we do so, and in keeping with the admonition in Senate Concurrent Resolution 9 that a report be made "as soon as possible", we do hereby render our findings to the General Assembly and the people of Iowa as follows:

FINDINGS

1. Richard Dennler was discharged for political reasons and without cause.

2. Richard Dennler was a competent and qualified milk sanitarian who, at all times, did his job "in an excellent manner".

3. Nicholas Coad, the man hired to replace Richard Dennler, is gravely lacking in both training and qualifications to perform the important duties of state milk sanitarian.

4. The failure of Secretary of Agriculture Owen to provide a hearing for Mr. Dennler on the anonymous accusations made against Mr. Dennler, a war veteran, prior to discharging Mr. Dennler, violates the spirit and the letter of Section 70.6, Code of Iowa, 1962.

5. There is no evidence to support the charge of impropriety regarding Mr. Dennler's expense account, and further, the matter of his expense vouchers had nothing to do with his discharge.

6. The formal hearings held by the committee were conducted with shocking disregard for the American traditions of justice and fair play.

EVIDENCE IN SUPPORT OF FINDINGS

Finding No. 1. Richard Dennler was discharged for political reasons and without cause.

The decisions to fire Richard Dennler was made before Secretary Owen was sworn into office. Nicholas Coad, the man who was hired to replace Mr. Dennler, admitted discussing getting the job as early as December, 1964. Mr. Coad and three other active Democrats, one of them, Dr. Robert Joynt, the Democratic party chairman in Plymouth County, supposedly made complaints about Mr. Dennler working on his home at various times during the day. On only the thirteenth working day on the job, Secretary Owen admittedly had a letter dispatched to Mr. Dennler discharging him. This was on a Wednesday, and the letter would presumably reach Mr. Dennler on a Friday. The following Monday, Mr. Coad reported to Des Moines for work. (See Coad's claim voucher for expenses commencing January 24, 1965.)

Secretary Owen admitted he made no effort to verify the alleged complaints, nor did he give Mr. Dennler the courtesy to deny the charges or explain the situation. Secretary Owen could have contacted the Department of Public Health to see if Mr. Dennler was doing a satisfactory job. This was not done. Had there been any basis, other than political considerations in the discharge, surely Secretary Owen would have given this employee of 18 years the opportunity to answer the complaints, and he would not have based his decision on anonymous informers from the opposite political party as that of the accused.

Finding No. 2. Richard Dennler was a competent and qualified milk sanitarian who, at all times, did his job "in an excellent manner".

No witness appearing before the committee, except Secretary Owen, disputed the fact that Richard Dennler was a highly qualified and capable state employee. See page 8 of the BCI report wherein the following appears: "Mr. R. E. Stedman said he considered Mr. Dennler to be an excellent milk sanitarian". (Mr. Stedman is Senior Milk Sanitarian for the Department of Health.) See pages 4 and 5 of the BCI report where Mr. Everett Hart, Chief of Consumer Protection Division of the Department of Agriculture, stated Mr. Dennler was "a very good sanitarian because of his education and long experience. He took an interest in his job and was doing his job as required." See also the testimony of Mrs. Huda Felland, Director of the State Bacteriological Laboratory, to the effect that Mr. Dennler was an excellent sanitarian. See also BCI report, pages 21 through 39, for numerous commendations of Mr. Dennler by nearly all dairy farmers and dairy operators in Mr. Dennler's territory.

Finding No. 3. Nicholas Coad, the man hired to replace Richard Dennler, is gravely lacking in both training and qualifications to perform the important duties of state milk sanitarian.

Mr. Coad added a humorous touch to the hearings when he contended that he could perform the duties of a state milk sanitarian with only a

week's training on the job and without previous experience in milk sanitation procedures, or experience in the dairy industry. His lack of understanding of the duties of the job of milk sanitarian was so gross at the time of the hearings that he admitted that he spent only two days a week at work. This is similar to the situation where "if you can keep your head while those about you are losing theirs, maybe you don't know how serious the situation is". It is obvious that if Mr. Coad knows only enough about the duties of the job to spend two days at it, he knows very little. It should be noted at page 18 of the BCI report that the Department of Health considers minimum qualifications to include a college degree in sanitary engineering, or its equivalent, and at least two years' public health experience in public health engineering, or milk and food sanitation, none of which Coad had. While milk sanitarians other than Mr. Dennler lacked certain formal qualifications, they had on the average, fourteen years actual experience in the field operating or managing dairies prior to their becoming milk sanitarians. Coad had no such background. Mr. Victor Brunner, who is assigned the job of teaching Coad his duties, stated that it would take a year before he could predict how long it would take to teach Mr. Coad his duties as a milk sanitarian.

Finding No. 4. The failure of Secretary of Agriculture Owen to provide a hearing for Mr. Dennler on the anonymous accusations made against Mr. Dennler, a war veteran, prior to discharging Mr. Dennler, violates the spirit and the letter of section 70.6, Code of Iowa, 1962.

Mr. Richard Dennler served his country during World War II. Section 70.6 of the Code of Iowa, 1962, states:

"Removal—certiorari to review. No person holding a public position by appointment or employment, and belonging to any of the classes of persons to whom a preference is herein granted, shall be removed from such position or employment except for incompetency or misconduct shown after a hearing, upon due notice, upon stated charges, and with the right of such employee or appointee to a review by a writ of certiorari."

Secretary Owen admitted he did not hold a hearing for Mr. Dennler, upon due notice and upon stated charges. He merely perfunctorily had an employee write Mr. Dennler a letter firing him. See page 3 of the BCI report and the testimony of Secretary Owen himself.

Finding No. 5. There is no evidence to support the charge of impropriety regarding Mr. Dennler's expense account, and further, the matter of his expense vouchers had nothing to do with his discharge.

After public indignation over the firing of a competent milk sanitarian and his replacement by an unqualified individual Secretary Owen, in a desperate effort to find justification for the discharge, went over Mr. Dennler's expense vouchers for the past several years with a magnifying glass and a fine-tooth comb. Arrangements were made for the Attorney General's Office to do the same, and subsequent to this, the Bureau of Criminal Investigation followed suit.

Richard Dennler's total expense claims placed him second low among all milk sanitarians. (2)

Mr. Dennler honestly and frankly stated that he could not vouch for each entry as having been exact, but stated that the total amount claimed represented what he actually was out-of-pocket in expenses. He followed the practice which is common and well established in business and industry of filling out his expense forms after a period of time, such as a week, had passed. (3)

Mr. Dennler's expense claims for meals, ice, milk samples and other items which he was required to purchase totalled less than \$5.00 per day,

but could he have foreseen that the Department of Agriculture, the Attorney General's Office, the Bureau of Criminal Investigation and a trial attorney hired by a legislative investigating committee would one day be asking him to recall how many meals he had in a year's time in one town in his territory, he undoubtedly would have paid more meticulous attention to the filling out of expense vouchers. Nonetheless, there was not a shred of competent evidence that Richard Dennler received money which exceeded what he spent in the necessary performance of his job. The expense account accusation was mere hindsight. It was dreamed up after Richard Dennler had already been discharged and it was not substantiated at the hearings.

Finding No. 6. The formal hearings held by the committee were conducted with shocking disregard for the American traditions of justice and fair play.

The hearings were models of trial and error, mostly the latter. Before the formal hearings, a preliminary meeting was held which resulted in the recitation of outrageous hearsay and opinion evidence. After public reaction against such actions became manifest, there were profuse regrets expressed about the use of hearsay from members of the majority party in the Senate (4), including a lawyer member in the committee. Assurances were given that this practice would not be repeated in the future. Consider the subsequent exchange taken verbatim from the transcript, when the formal hearings were thereafter held:

"Questions of Mr. Coad by Mr. Greer.

Q. When were they last inspected?

A. Well, in talking in the managers of both plants to their knowledge they had never been inspected. I showed them the inspection form and they looked it over and said they never seen anything like that. I asked them when Mr. Dennler had been there last. They both said about the same thing. They had never seen Mr. Dennler or heard of him until they read about him in the paper.

Sen. Lucken: Mr. Chairman, I would like to ask now, is this hearsay?

Mr. Greer: (Nodding head in affirmative fashion) Anything that anybody else told Mr. Coad not in the presence of Mr. Dennler would be hearsay.

Sen. McNally: That would be true in any kind of a criminal case or civil case, Mr. Greer, but we are not charging anybody with anything here, so the hearsay rule doesn't apply.

Mr. Greer: I understand that, but apparently some of the other people in here do not."

Space does not allow mention of all the improprieties occurring during the hearings, but suffice to mention the following examples: a refusal to permit Mr. Dennler to be present while his wife testified, and vice versa; the refusal to call Secretary Owen and Nicholas Coad, the accusers of Richard Dennler, prior to making Mr. Dennler take the stand; the refusal to let Mr. Dennler's attorneys cross-examine hostile and adverse witnesses; the refusal to permit attorneys for any witness to speak or to lodge objections to improper questions; and the questioning of Coad and others about state forms prepared by Mr. Dennler, without ever showing them to Mr. Dennler when he had testified earlier, or otherwise provide Mr. Dennler a chance to explain the forms. Mention should also be made of the fact that the majority party was represented by two legislators who are practicing attorneys, and by an employed attorney whose partisanship and lack of objectivity was clearly manifest within 24 hours after the committee employed him. There were no Republican lawyers appointed to the

committee, a basic unfairness, which was remedied in part by the decision of Senate Republicans to have a member of the Senate whose occupation is practicing attorney, attend the hearings and advise the minority with respect to legal aspects. The arrangement was handicapped by the committee restriction that the minority counsel could not ask questions or make comments about the flagrant violation of rules of law and evidence, but could only do so through a committee member. The unfairness contrasts with the recent Highway Commission investigation by the Interim Committee where hearsay and other incompetent evidence was excluded, where both the majority and minority had lawyers who were committee members, where cross-examination of hostile witnesses was permitted, and where objections to improper questions could be lodged, and where witnesses were not excluded during interrogation of other witnesses. The transcript of the Dennler hearings may serve as a model for future legislatures in "How Not To Conduct a Fair Hearing".

SUMMARY

Despite the basic unfairness of the hearings and the desperate effort to divert the public attention from the issues, one truth clearly emerges. That truth is that Richard Dennler was discharged solely for political reasons and an unqualified person hired in his stead. We cannot dispute the legal right of Secretary Owen to practice the spoils system, regardless of the expense to the taxpayers or the consequences to public health, despite Governor Hughes' statement that no unqualified Democrat would replace qualified personnel. Secretary Owen exercised his legal right and power to hire whomever he wanted, regardless of qualifications or lack of them. We cannot dispute this right, but we can and do protest the harassment, the maligning and the persecution of Richard Dennler and his family in a futile effort to justify the political firing. Had the Governor and the Secretary of Agriculture been as forthright as Dr. Robert Joynt (5), chairman of the Democratic party in Plymouth County, no one could accuse them of hypocrisy. In addition, the people would have been spared the spectacle of sham created by high officials of the state foolishly denying the obvious. The House and Senate would have been spared the blot of shame cast upon its proceedings this session by the manner in which the hearing was conducted under rules adopted by the majority. The State Treasury would have been spared approximately \$6,000 in legal fees and court reporting expense. (6) And most important of all, Richard Dennler would have been able to have found employment in the line of work at which he has spent his last 18 years.

A great wrong has been committed against an ordinary citizen. For two long months, the full machinery of state government was brought to bear against Mr. Dennler. Simple justice demands this wrong be redressed without further delay, since in the language of the law, justice delayed is justice denied. In the interest of fair play, we shall wait no longer in issuing this, a report of the minority members of the Legislative Investigating Committee created under Senate Concurrent Resolution 9.

April 28, 1965.

REPRESENTATIVE C. RAYMOND FISHER.
REPRESENTATIVE JAMES E. PATTON.

SENATOR J. HENRY LUCKEN.
SENATOR VERN LISLE.

(1) A jury verdict is reached without the jury having the advantage of a transcript of the testimony. Furthermore, on the second day of the five days of formal testimony taking, the committee was furnished with a printed, comprehensive report of the Bureau of Criminal Investigation,

containing essential circumstances of the evidence produced at the formal hearings, particularly with regard to the issue of whether the discharge of Richard Dennler was politically inspired.

(2) See pages 7 and 8 of the 1964 Salary Book. Mr. Dennler's expenses, including purchases of milk samples, average less than \$100 a month, or less than \$25.00 a week. He purchased milk at grocery stores for temperature checks. Mr. Ray Pieratt, a milk sanitarian, testified that you could reasonably purchase as much as \$6.00 at one grocery store alone. It is interesting to note that Mr. Coad submitted a voucher, which is in evidence, showing purchases in excess of \$4.00 at one grocery store. There are hundreds of grocery stores in Mr. Dennler's territory, and it is essential in the interest of public health that this milk be refrigerated at a proper level. Although Mr. Coad was not aware of the proper technique, everyone else who testified, including Mr. Stedman, stated that the only accurate way is to punch a hole in the milk carton and insert a thermometer, thereby necessitating the purchase of same from the store owner. In one month, Mr. Coad's milk and ice samples have cost him nearly \$36.00. This is on a two-day week, so it is not at all surprising that Mr. Dennler's expenses for milk, ice and meals should approach nearly \$100 per month on a five-day week basis. An objective observer should also examine page 13 of the Salary Book for 1964 and compare the expense claims of bank examiners, who apparently follow the practice of arbitrarily filling out their expense vouchers at the rate of \$1.00 for breakfast, \$1.50 for lunch, and \$2.50 for dinner, regardless of what the amount actually was. For more similar basis of comparison, see page 19 of the Salary Book for the expense claims paid to inspectors in the Warehouse Division of the State Commerce Commission.

(3) The federal government avoids the drudgery of requiring minutely itemized expense vouchers, and, instead, provides for a fixed per diem to be paid over and above salary, and regardless of the exact amount incurred for meals and the like. Consideration should be given to adopting this practice in the interest of uniformity and in the interest of saving the state money in man hours spent completing vouchers and in auditing same.

(4) The lone exception to this was Senator William Denman (D, Polk County) who did not wait for public reaction, but expressed his unhappiness about the use of hearsay and the violation of civil rights, immediately upon hearing about the situation.

(5) See the Register & Tribune, April 3, 1965.

(6) Secretary Owen should have been called as the first witness, not as one of the last witnesses. Had he been, there would have been no need to have proceeded further since Senate Concurrent Resolution 9, as amended, addressed itself to the inquiry about the General Assembly's concern "with the desirability, in the public interest, of at all times maintaining in all branches of state government personnel duly trained and qualified to fulfill the functions assigned to them; and whereas, questions have been raised as to the practices and conduct of personnel in the Department of Agriculture; and whereas the public and all concerned will be best served by making facts fully known as to the practices and conduct of personnel in the Department of Agriculture up to the present time", it would have been clearly and early established that the firing was political and that a competent individual was replaced by one who lacked training and qualifications. A further criticism can be fairly directed against the decision not to release the Bureau of Criminal Investigation report upon its completion. This report was ultimately admitted into evidence without objection from any of the interested parties or any of the committee mem-

bers. Had this report been released at the time it had been completed, several weeks' delay would have been saved and there would have been no need for the formal five days of testimony taking. Nothing new has developed on the question of the motives or reasons of Secretary Owen for firing Mr. Dennler at the time the testimony was taken that was not essentially contained in the Bureau of Criminal Investigation report.

On motion of Senator Frommelt, the Senate recessed until 7:00 p.m.

JOURNAL OF THE SENATE

SENATE CHAMBER,
DES MOINES, IOWA, FRIDAY, MAY 28, 1965.

The Senate met in regular session, President Fulton presiding.

Prayer was offered by Reverend John D. Clinton, pastor of the Methodist Church, Des Moines, Iowa.

PRESENTATION OF VISITORS

Senator Mills asked and received unanimous consent to present to the Senate twenty-seven students of the Marshalltown Elementary School, also members of the Girl Scouts, who were present in the balcony accompanied by Mrs. Glen Blunk.

Senator Messerly asked and received unanimous consent to present to the Senate eighteen students, members of the eighth grade class of the Immanuel Lutheran School, Waterloo, who were present in the balcony accompanied by their instructor, Reverend Eugene Kramer.

Senator Ely called up the following resolution :

SENATE CONCURRENT RESOLUTION 42

By Ely, Stephens, Hansen and Lucken

Whereas, county jails are public institutions which with the operation thereof are of vital importance to the welfare and safety of the public and to the individuals confined therein, and

Whereas, many county jails are utilized to confine hardened criminal offenders, some of whom represent a serious threat to society, even though the jails lack even minimum security provisions which further threatens the public safety and welfare, and

Whereas, county jails are in many instances also used to confine non-dangerous, youthful offenders and delinquent children who cannot be effectively segregated from the more hardened criminal offenders even though the confining of such youth is contrary to statute and good detaining practices, and

Whereas, most county jails do not provide twenty-four hour supervision of prisoners which further presents a serious threat to the physical and moral safety of youthful offenders and delinquent children, and

Whereas, most county jails do not and cannot provide constructive recreation, counseling, guidance, and other necessary services for prisoners, resulting in prisoners in county jails customarily being forced to remain in debilitating and dehumanizing idleness and

Whereas, not only are constructive rehabilitation programs virtually nonexistent for adult offenders, but such programs are not provided for minors offenders or when provided, not designed to prevent minor offenders from becoming serious offenders, and

Whereas, there have been numerous examples during the past few years of escapes from county jails in Iowa and of prisoners being exploited and abused by other prisoners in county jails; now therefore,

Be It Resolved by the House, the Senate Concurring, That the Iowa Legislative Research Bureau be directed to conduct, during the 1965-1967 legislative biennium, a study of county jails in Iowa to determine if the public safety is being adequately protected in local communities and areas of the state, if the physical and moral well-being of prisoners, with particular reference to delinquent children, is being adequately provided for in the jails, if the present system of jails at the county level is adequate to serve and rehabilitate all persons confined therein, and such other related areas as the committee hereafter established deems necessary.

Be It Further Resolved, That the Legislative Research Committee establish a committee in accordance with sections two point fifty-five (2.55) and two point fifty-six (2.56) of the Code to assist the Bureau with the study and that the Legislative Research Bureau and the committee assisting be directed to report the findings of the study and committee recommendations, accompanied by bills incorporating such recommendations, to the Sixty-second General Assembly prior to January 1, 1967.

Senator Ely offered the following amendment and moved its adoption:

1. Amend Senate Concurrent Resolution 42 by striking from line 28 the word "directed" and inserting in lieu thereof the word "requested".

EXPLANATION OF VOTE

I voted in favor of House File 549 so that I would be on the prevailing side and would be able to file a motion to reconsider. I am opposed to the bill in the form it passed because it creates too large a committee (a minimum of 24 members), authorizes reimbursement of expenses for all, provides for hiring of an executive secretary and other personnel, and only appropriates \$15,000.00. This sum will prove to be insufficient in the future and will have to be increased two years from now. I certainly am in favor of doing everything reasonably possible to promote the hiring of the handicapped.

187 be entitled to extra pay for their services as examiners but
188 shall be paid their necessary traveling and other expenses.

189 Sec. 8. Rules. The director of civil service shall prepare
190 and submit to the civil service commission proposed rules for
191 consideration and approval for the classified service. Such
192 rules shall have the force and effect of law if not disapproved
193 by the commission within thirty (30) days after the submission
194 thereof, after public notice and public hearing. Amendments
195 thereof may be made in the same manner. The rules shall provide:

196 1. For the preparation, maintenance and revision of a
197 position classification plan for all positions in the classified
198 service, based upon duties performed and responsibilities
199 assumed, so that the same qualifications may reasonably be
200 required for and the same schedule of pay may be equitably
201 applied to all positions in the same class. After such
202 classification has been approved by the commission, the
203 director shall allocate the position of every employee in the
204 classified service to one of the classes in the plan. Any
205 employee or agency officials affected by the allocation of a

206 position to a class shall, after filing with the director of
207 civil service a written request for reconsideration thereof in
208 such manner and form as the director may prescribe, be given
209 a reasonable opportunity to be heard thereon by the director.
210 An appeal may be made to the civil service commission, or
211 to a qualified classification committee appointed by the
212 commission.

213 2. For a pay plan for all employees in the classified
214 service, after consultation with appointing authorities and
215 after a public hearing held by the commission. Such pay plan
216 shall become effective only after it has been approved by the
217 executive council after submission to it by the commission.
218 Amendments to the pay plan may be made in the same manner.
219 Each employee shall be paid at one of the rates set forth in
220 the pay plan for the class of position in which he is employed
221 and, unless otherwise designated by the commission, he shall
222 begin employment at the first step of the established range for
223 his class.

224 3. For open competitive examinations to test the relative
225 fitness of applications for the respective positions. Such
226 examinations shall be practical in character and shall relate
227 to such matters as will fairly test the ability of the
228 applicant to discharge the duties of the position to which he
229 seeks appointment. Examinations need not be held until after
230 the rules have been adopted, the service classified and a pay
231 plan established, but shall be held not later than two years
232 after this Act takes effect. Such examinations shall be
233 announced publicly at least fifteen (15) days in advance of
234 the date fixed for the filing of applications therefor, and
235 may be advertised through the press, radio and other media. The
236 director may, however, in his discretion, continue to receive
237 applications and examine candidates long enough to assure a
238 sufficient number of eligibles to meet the needs of the
239 service, and may add the names of successful candidates to
240 existing eligible lists in accordance with their respective
241 ratings.

242 4. For promotions which shall give appropriate consideration
243 to the applicant's qualifications, record of performance,
244 seniority and conduct. Vacancies shall be filled by promotion
245 whenever practicable and in the best interest of the service,
246 and may be by competitive or noncompetitive examination. Such
247 examinations shall be of the same nature and content as those
248 used in establishing competitive registers for the class. A
249 promotion means a change in the status of an employee, from a
250 position in one class to a position in another class having a
251 higher entrance salary.

252 5. For the establishment of eligible lists for appointment
253 and promotion, upon which lists shall be placed the names of
254 successful candidates in the order of their relative excellence
255 in the respective examinations. Eligibility for appointment
256 from any such list shall normally continue for at least a year
257 and not longer than three years.

258 6. For the rejection of candidates or eligibles who fail
259 to comply with reasonable requirements in regard to such factors
260 as physical condition, training and experience, or who are.

261 habitual alcoholics who have not been rehabilitated from the
262 use of alcohol for a period of six months, or addicted to
263 narcotics; or who have attempted any deception or fraud in
264 connection with an examination; or where in the judgment of the
265 commission there is reasonable doubt of the loyalty to the Nation
266 of any such candidate or eligible.

267 7. For the appointment of a person standing among the highest
268 three on the appropriate eligible list to fill a vacancy.

269 8. For a probation period of six (6) months, excluding
270 educational or training leave, before appointment may be made
271 complete, and during which period a probationer may be discharged
272 or reduced in class or rank, or replaced on the eligible list.
273 The appointing authority shall within ten (10) days prior to
274 the expiration of an employee's probationary period notify the
275 director in writing whether the services of the employee have
276 been satisfactory or unsatisfactory. If the employee's services
277 are unsatisfactory, he shall be dropped from the payroll on or
278 before the expiration of his probationary period. If satisfactory,
279 or if the appointing authority shall fail to furnish the
280 required notice to the director prior to the expiration of the
281 probationary period, the appointment shall be deemed permanent.
282 The determination of the appointing authority shall be final and
283 conclusive.

284 9. For emergency employment for not more than sixty (60)
285 days in any twelve-month period without examination, and for
286 intermittent employment for not more than six (6) months in any
287 twelve-month period. For intermittent employment the
288 employee must have had a probationary, permanent or temporary
289 appointment.

290 10. For provisional employment without competitive
291 examination when there is no appropriate list available.
292 No such provisional employment shall continue longer than six
293 (6) months, nor shall successive provisional appointments be
294 allowed, except during the first two (2) years after the
295 effective date of this Act in order to avoid stoppage of
296 orderly conduct of the business of the state.

297 11. For transfer from a position in one department to a
298 similar position in another department involving similar
299 qualifications, duties, responsibilities and salary ranges.
300 Whenever an employe transfers or is transferred from one
301 state department or agency to another state department or
302 agency, his seniority rights, any accumulated sick leave and
303 accumulated vacation time, as provided in the law, shall be
304 transferred to his new place of employment and credited to him.

305 12. For retirement of persons who have attained permanent
306 status and who resign in good standing or who are laid off from
307 their positions without fault or delinquency on their part,
308 within a period equal to the period of their continuous
309 employment with the state.

310 13. For establishing in cooperation with the appointing
311 authorities a system of service reports of all employees in
312 the classified service, which service records shall be
313 considered in determining salary increases provided in the
314 pay plan; as a factor in promotion tests; as a factor in
315 determining the order of layoffs because of lack of funds or

316 work and in reinstatement; and as a factor in demotions,
317 discharge or transfers.

318 14. For layoffs by reason of lack of funds or work, or
319 organization, and for re-employment of employees so laid
320 off, giving consideration in both layoffs and re-employment
321 to performance record and seniority in service. Any
322 employee who has been laid off, may keep his name on a preferred
323 employment list for one (1) year, which shall be exhausted by
324 the agency enforcing the layoff before selection of an
325 employee may be made from the register in his classification.

326 15. For imposition, as a disciplinary measure, of a
327 suspension from the service without pay for not longer than
328 thirty (30) days.

329 16. For discharge or reduction in rank or grade after
330 appointment or promotion is completed, for negligence,
331 inefficiency, gross misconduct, insubordination or incompetency.
332 The person discharged or reduced shall be presented with the
333 reasons for such discharge or reduction stated in writing
334 within twenty-four (24) hours after such discharge or
335 reduction, and a copy thereof shall be filed as a public
336 record with the director of civil service.

337 17. For establishment of a plan for resolving employee
338 grievances and complaints.

339 18. For attendance regulations and special leaves of
340 absence, with or without pay, or reduced pay in the various
341 classes of positions in the classified service. Annual sick
342 leave and vacation time shall be granted in accordance with
343 section seventy-nine point one (79.1) of the Code.

344 19. For the development and operation of programs to
345 improve the work effectiveness and morale of employees in the
346 state service, including training, safety, health, welfare,
347 counseling, recreation, and employee relations.

348 20. Notwithstanding any provisions to the contrary,
349 no rule or regulation shall be adopted by the Iowa civil
350 service department which would deprive the State of Iowa, or
351 any of its agencies or institutions of federal grants or other
352 forms of financial assistance.

353 In case of equal status of applicants for employment
354 or promotion a veteran of the armed forces of the United
355 States shall have preference over a nonveteran.

356 Sec. 9. Duty to furnish facilities. All officers and
357 employees of the state and of municipalities and political
358 subdivisions of the state shall allow the department the
359 reasonable use of public buildings under their control,
360 and furnish heat, light and furniture for any examination,
361 hearing or investigation authorized by this Act. The department
362 shall pay to a municipality or political subdivision the
363 reasonable cost of any such facilities furnished by it.

364 Sec. 10. Duties of state officers and employees. All
365 officers and employees of the state shall comply with and
366 aid in all proper ways in carrying out the provisions of this
367 Act and the rules, regulations and orders thereunder. All
368 officers and employees shall furnish any records or information
369 which the director or the commission may request for any
370 purpose of this Act. The director may institute and maintain

371 any action or proceeding at law or in equity that he considers
372 necessary or appropriate to secure compliance with this Act
373 and the rules and orders thereunder.

374 Sec. 11. Status of present employees. Employees covered
375 under this Act for one (1) year or more immediately prior to
376 January 1, 1965, shall be continued in their respective
377 positions without further examination, until separated from
378 their positions as provided by law. Those holding their
379 employment less than one year immediately prior to January 1,
380 1965, shall also be continued in their respective positions
381 provided that within two (2) years after this Act takes effect
382 they pass a qualifying test prescribed by the director. Those
383 who shall have failed to qualify as provided herein shall be
384 dismissed from their positions within thirty (30) days after
385 establishment of an eligible list for their respective
386 positions. Nothing herein shall preclude the reclassification
387 or reallocation as provided by this Act of any position held
388 by any such incumbent.

389 Sec. 12. Certification of payrolls. No state disbursing or
390 auditing officer shall make or approve or take any part in
391 making or approving any payment for personal service to any
392 person holding a position in the state service unless the
393 payroll voucher or account of such pay bears the certification
394 of the director, or of his authorized agent, that the persons
395 named therein have been appointed and employed in accordance
396 with the provisions of this Act and the rules, regulations and
397 orders thereunder. The director may for proper cause withhold
398 certification from an entire payroll or from any specific item or
399 items thereon. The director may, however, provide that
400 certification of payrolls may be made once every six (6) months,
401 and such certification shall remain in effect except in the case
402 of any officer or employee whose status has changed after the
403 last certification of his payroll. In the latter case no voucher
404 for payment of salary to such employee shall be issued or payment
405 of salary made without further certification by the director.

406 Any citizen may maintain a suit to restrain a disbursing
407 officer from making any payment in contravention of any provision
408 of this Act, rule or order thereunder. Any sum paid contrary to
409 any provision of this Act or of any rule, regulation or order
410 thereunder may be recovered in an action maintained by any citizen,
411 from any officer who made, approved or authorized such payment
412 or who signed or countersigned a voucher, payroll, check or
413 warrant for such payment, or from the sureties on the official
414 bond of any such officer. All moneys recovered in any such action
415 shall be paid into the state treasury.

416 Any person appointed or employed in contravention of any
417 provision of this Act or of any rule, regulation or order
418 thereunder who performs service for which he is not paid, may
419 maintain an action against the officer or officers who purported
420 so to appoint or employ him to recover the agreed pay for
421 such services, or the reasonable value thereof if no pay
422 was agreed upon. No officer shall be reimbursed by the
423 state at any time for any sum paid to such person on
424 account of such services.

425 If the director wrongfully withholds certification of
426 the payroll voucher or account of any employee, such employee
427 may maintain a proceeding in the courts to compel the director
428 to certify such a payroll voucher or account.

429 Sec. 13. Appeals by employees to the commission. Any
430 employee who is dismissed or demoted after completing his
431 probationary period of service, or who is suspended, may,
432 within thirty (30) days after such dismissal, demotion or
433 suspension, appeal to the commission for review thereof. Upon
434 such review, both the appealing employee and the appointing
435 authority whose action is reviewed shall, within thirty (30)
436 days following the date of filing of the appeal, have the
437 right to be heard publicly and to present evidentiary facts.
438 At the hearing of such appeals, technical rules of evidence
439 shall not apply. If the commission finds that the action
440 complained of was taken by the appointing authority for
441 any political, religious, racial, or non-merit reason, the
442 employee shall be reinstated to his former position without
443 loss of pay for the period of his suspension. In all other
444 cases the civil service commission shall have jurisdiction to
445 hear and determine the rights of civil service employees and
446 may affirm, modify or reverse any case on its merits. If there
447 is an affirmance of the suspension, demotion or discharge by
448 the commission, the employee may appeal therefrom to the district
449 court.

450 Sec. 14. Records of the Iowa civil service department. The
451 records of the department, except such records as the rules may
452 properly require to be held confidential for reasons of
453 public policy, shall be public records and shall be open to
454 public inspection, subject to reasonable regulations as to
455 the time and manner of inspection which may be prescribed
456 by the director.

457 Sec. 15. Services to political subdivisions. Subject
458 to the rules approved by the Iowa civil service commission,
459 the director may enter into agreements with any municipality
460 or political subdivision of the state to furnish services
461 and facilities of the agency to such municipality or
462 political subdivision in the administration of its personnel
463 on merit principles. Any such agreement shall provide for
464 the reimbursement to the state of the reasonable cost of the
465 services and facilities furnished. All municipalities and
466 political subdivisions of the state are hereby authorized to
467 enter into such agreements.

468 Sec. 16. Oaths, testimony, and the production of records.
469 The commission, each member of the commission and the
470 director shall have power to administer oaths, subpoena
471 witnesses and compel the the production of books and papers
472 pertinent to any investigation or hearing authorized by
473 this Act. Any person who shall fail to appear in response to
474 a subpoena or to answer any question or produce any books or
475 papers pertinent to any such investigation or hearing or
476 who shall knowingly give false testimony therein shall be
477 guilty of a misdemeanor.

478 Sec. 17. Political activities prohibited. No person
479 shall be appointed or promoted to, or demoted or dismissed

480 from, any position in the classified service, or in any way
481 favored or discriminated against with respect to employment
482 in the classified service because of his political or
483 religious opinions or affiliations or race, but nothing
484 herein shall be construed as precluding the dismissal of
485 any employee who may be engaged in subversive activities
486 or found disloyal to the Nation.

487 No person shall seek or attempt to use any political
488 endorsement in connection with any appointment to a position
489 in the classified service.

490 No person shall use or promise to use, directly or
491 indirectly, any official authority or influence, whether
492 possessed or anticipated, to secure or attempt to secure
493 for any person an appointment or advantage in appointment
494 to a position in the classified service or an increase in
495 pay or other advantage in employment in any such position,
496 for the purpose of influencing the vote or political action
497 of any person, or for any consideration.

498 No employee in the classified service or member of the
499 commission or the director shall perform any service for any
500 political party, or solicit or take any part in soliciting
501 any assessment, subscription, contribution or service. It
502 shall be unlawful for any person or political organization,
503 either directly or indirectly, to solicit or demand from
504 any employee in the classified service any contribution of
505 money or any other thing of value for election purposes or for
506 the purpose of paying expenses of any political organization
507 or any person seeking election to public office.

508 No employee in the classified service shall be a member of
509 any national, state or local committee of a political party,
510 or any officer or member of a committee of a partisan political
511 club, or a candidate for nomination or election to any
512 paid public office, or shall take part in the management or
513 affairs of any political party or in any political
514 campaign, except to exercise his right as a citizen privately
515 to express his opinion and to cast his vote.

516 Any officer or employee in the state service who violates
517 any of the foregoing provisions of this section shall forfeit
518 his office or position, and for one year shall be ineligible
519 for any office or position in the state service.

520 Sec. 18. Unlawful acts prohibited. No person shall make
521 any false statement, certificate, mark, rating or report with
522 regard to any test, certification or appointment made under
523 any provision of this Act or in any manner commit or attempt
524 to commit any fraud preventing the impartial execution of this
525 Acts and the rules.

526 No person shall, directly or indirectly, give, render, pay,
527 offer, solicit or accept any money, service or other valuable
528 consideration for or on account of any appointment, proposed
529 appointment, promotion or proposed promotion to, or any
530 advantage in, a position in the classified service.

531 No employee of the department, examiner, or other person
532 shall defeat, deceive or obstruct any person in his right to
533 examination, eligibility certification or appointment under
534 this Act, or furnish to any person any special or secret

535 information for the purpose of affecting the rights or
536 prospects of any person with respect to employment in the
537 classified service.

538 Sec. 19. Penalties. Any person who wilfully violates any
539 provision of this Act or of the rules shall be guilty of a
540 misdemeanor, and shall upon conviction be punished therefore.
541 Any person who is convicted of a misdemeanor under this Act
542 shall, for a period of five (5) years, be ineligible
543 for appointment to or employment in a position in the state
544 service, and if he is an officer or employee of the state,
545 shall forfeit his office or position.

546 Sec. 20. Separability. If any provision of this Act
547 or of any rule, regulation or order thereunder or the
548 application of such provision to any person or circumstances
549 shall be held invalid, the remainder of this Act and the
550 application of such provision of this Act or of such rule,
551 regulation or order to persons or circumstances other than
552 those as to which it is held invalid shall not be affected
553 thereby.

554 Sec. 21. Appropriations. For the purpose of providing
555 funds for the payment of expenses in carrying out the
556 provisions of this Act there is hereby appropriated a
557 permanent revolving fund of seventy-five thousand dollars
558 (\$75,000.00), which sum shall be placed in a separate account
559 in the general fund in the state treasury to be known as
560 the Iowa civil service department account.

561 The director shall maintain accurate records reflecting
562 the cost of administering the provisions of this Act.
563 At the close of each quarter year period, he shall summarize
564 the cost and shall bill each department, commission, board
565 or agency which is included in this Act, for a pro rata
566 share of the administrative cost based on the relationship
567 between the quarterly average number of employees in the
568 service of such department, commission, board or agency and
569 the quarterly average number of employees in the service
570 of all the departments, commissions, boards and agencies
571 for the appropriate calendar quarter. All departments,
572 communications, boards or agencies which are included in this
573 Act, shall include in their budgets sufficient amounts to
574 meet their pro rata shares of the cost of administering this
575 Act and shall remit such shares quarterly to the Iowa civil
576 service department in the manner provided by law. The director
577 of the Iowa civil service department shall prepare and submit
578 a budget in the same manner as required of other departments
579 of government. By August 1, prior to each biennial legislative
580 session, he shall provide in writing to each department,
581 commission, board or agency which is included in this Act,
582 an estimate of the pro rata share of costs which will be
583 required of each agency for the following biennium.

584 For the biennium July 1, 1965-June 30, 1967, there is
585 appropriated the sum of \$75,000.00, to carry out the
586 provisions of this Act for each department, commission, board
587 or agency which has not included costs for merit system
588 administration in its budget for that biennium. Those agencies
589 which are members of the Iowa merit system council shall

590 continue to maintain a merit system council administrative
591 account for the biennium or until absorbed by the Iowa civil
592 service department, after which pro rata costs shall be paid
593 to the Iowa civil service department, but not to exceed the
594 amount of the budget estimate determined by the merit system
595 council.

596 The department is authorized and directed to accept on
597 behalf of the state any grant or contribution, federal or
598 otherwise, made to assist in meeting the cost of carrying
599 out the purposes of this Act.

SENATE CONCURRENT RESOLUTION 38

By DeKoster and Mills

Concurrent Resolution petitioning the Congress of the United States to call a Convention for proposing an amendment to the Constitution of the United States, unless Congress shall sooner have submitted such an amendment, to provide for the election of the President and Vice President in a manner fair and just to the people of the United States.

Whereas, under the Constitution of the United States Presidential and Vice Presidential Electors in the several states are now elected on a state-wide basis, each state being entitled to as many electors as it has senators and representatives in Congress; and

Whereas, the Presidential and Vice Presidential Electors who receive the plurality of the popular vote in a particular state become entitled to cast the total number of electoral votes allocated to that state irrespective of how many votes may have been cast for other elector candidates; and

Whereas, this method of electing the President and Vice President is unfair and unjust in that it does not reflect the minority votes cast; and

Whereas, the need for a change has been recognized by members of Congress on numerous occasions through the introduction of various proposals for amending the Constitution;

Now, Therefore, Be It Resolved, by the Senate, the House of Representatives Concurring: That application is hereby made to Congress under Article V of the Constitution of the United States for the calling of a Convention to propose an Article of Amendment to the Constitution providing for a fair and just division of the electoral votes within the states in the election of the President and Vice President; and

Bt It Further Resolved; That if and when Congress shall have proposed such an Article of Amendment this application for a Convention shall be deemed withdrawn and shall be no longer of any force and effect; and

Be It Further Resolved; That the proper officer of this state be and he hereby is directed to transmit copies of this application to the Senate and House of Representatives of the United States and to the several members of said bodies representing this state therein; also to transmit copies thereof to the legislature of all other states of the United States.

Senator DeKoster moved the adoption of the resolution.

The motion prevailed and the resolution was adopted.
