I hereby certify that Senate File 210 was published in the Ottumwa Courier, Ottumwa, Iowa, April 10, 1969, and in The Cedar Rapids Gazette, Cedar Rapids, Iowa, April 9, 1969.

I further certify that House File 501 was published in the Atlantic News-Telegraph, Atlantic, Iowa, April 12, 1969, and in The Clinton Herald, Clinton, Iowa, April 14, 1969.

MELVIN D. SYNHORST
Secretary of State

RESIGNATION OF EMPLOYEE

Senator Anderson announced the resignation of his secretary, Mary Williamson of Polk County, effective April 18, 1969.

APPOINTMENT OF EMPLOYEE

Senator Anderson announced the appointment of Mary Clay of Polk County as his secretary, effective April 21, 1969.

MOTION FILED

MR. PRESIDENT: I move that the Senate refuse to confirm the appointment of the following persons to the following positions by the former Governor of Iowa during the year 1968, as shown in the Governor's Executive Journal:

Mr. Thomas S. Roe, of Waukon, Iowa, as a member of the State Board of Public Instruction under the provisions of section 257.1, Code of Iowa 1966, as amended by Senate File 616, Acts of the Sixty-second General Assembly, for the term ending January 2, 1974.

Mr. G. D. Weiny, of Keokuk, Iowa, as a member of the State Board of Tax Review for the State of Iowa under the provisions of section 1, Senate File 743, Acts of the Sixty-second General Assembly, for the initial term ending June 30, 1969.

Mr. Eugene M. Ford, of Emmetsburg, Iowa, as a member of the State Board of Tax Review for the State of Iowa under the provisions of section 1, Senate File 743, Acts of the Sixty-second General Assembly, for the initial term ending June 30, 1973.

This action does not in any way reflect upon the competence or integrity of any of the appointees, and is taken because it was generally understood that these were vacancy appointments which expire automatically thirty days after the convening of this General Assembly; in accordance with this understanding, the Governor of Iowa has already chosen and announced other appointees for these positions; and even though this understanding was apparently incorrect, it is the judgment of the Senate that the present Governor of Iowa should have the right to select persons of his choice to fill these positions, with the consent of the Senate.

DAVID M. STANLEY

SENATE CONCURRENT RESOLUTION 26

By Committee on Higher Education

Whereas, chapter two hundred thirty-five (235), Acts of the Sixty-second General Assembly, provides that the state board of regents after authorization by a constitutional majority of the general assembly may carry out any project as defined in the Act at the state university of Iowa, and

Whereas, section three (3) of said Act authorizes the board to borrow money and to issue and sell negotiable bonds or notes to pay all or any part of the cost of carrying out such projects at the institution payable solely and only from and secured by an irrevocable pledge of a sufficient portion of the hospital income of the institution, and

Whereas, recognizing the necessity to expand and improve the medical facilities at the university hospitals in order to meet present and future de-

mands for statewide medical and teaching services and to alleviate serious inadequacies with respect to space, standards, and technological improvements, the Sixty-second General Assembly heretofore adopted on June 15, 1967, by a vote of 94-13 in the house and 46-6 in the senate, House Concurrent Resolution twenty-eight (28) authorizing the board of regents to construct an addition of 466,000 gross square feet of floor space to the general hospital to house an operating room suite and facilities, a diagnostic radiology section, outpatient clinic, and inpatient facilities at an estimated cost of \$17,550,000 of which not more than \$12,000,000 would be financed by borrowing authorized by the provisions of chapter two hundred thirty-five (235), Acts of the Sixty-second General Assembly, and

Whereas, it has been determined that substantial economy and efficiency of hospital operation can be achieved through a system of automated materiel processing, distribution, and collection, and facilities for such a system are not presently provided, and

Whereas, due to increased costs of construction and an increase in the projected size of said addition, including the proposed construction of an automated materiel handling system, it is deemed necessary by the board of regents that the Sixty-third General Assembly supplement the previous authorization by authorizing an increase in the size and cost of the project and in the amount of bonds which may be issued for the financing thereof, so as to authorize the board to construct a multi-story structure of 551,124 gross square feet south of the general hospital to house an operating room suite and facilities, a diagnostic radiology section, outpatient clinic, and inpatient facilities for approximately four hundred sixty (460) beds, and an adjacent and connecting structure of 58,600 gross square feet to house facilities for a system of automated materiel processing, distribution, and collection, all at an estimated cost of \$34,200,000 of which not more than \$15,000,000 would be financed by borrowing under the provisions of chapter two hundred thirty-five (235), Acts of the Sixty-second General Assembly, the remainder to be financed by federal and other funds; *Now, Therefore*,

Be It Resolved by the Senate, the House Concurring, That the authority heretofore conferred on the state board of regents by the Sixty-second General Assembly pursuant to House Concurrent Resolution twenty-eight (28) be and is hereby ratified and confirmed; and

Be It Further Resolved, That such authority be and is hereby supplemented to the extent necessary to authorize said board to construct an addition of 551,124 gross square feet, more or less, to the general hospital of the state university of Iowa to house an operating room suite and facilities, a diagnostic radiology section, outpatient clinic, and inpatient facilities, and an adjacent and connecting structure of 58,600 gross square feet, more or less, to house facilities for a system of automated materiel processing, distribution, and collection, all at an estimated cost of \$34,200,000 of which not more than \$15,000,000 would be financed by borrowing authorized by the provisions of chapter two hundred thirty-five (235), Acts of the Sixty-second General Assembly.

WILLIAM R. KENDRICK, Chief Clerk

HOUSE CONCURRENT RESOLUTION 26

By Grassley and Lippold

Whereas, the General Assembly of the State of Iowa recognizes the importance of vocational and technical education; and

Whereas, vocational-technical education plays a vital role in meeting the manpower needs of our state and of the nation; and

Whereas, one vital aspect of vocational-technical education is the lack of acceptance through accreditation, an advantage presently enjoyed by other institutions; and

Whereas, the lack of this accreditation by presently-constituted national and regional associations stimulates these highly-oriented vocational-technical schools to change their objectives to meet the academic requirements of present accreditation standards; and

Whereas, this tendency of vocational schools changing their objectives to meet more highly-oriented academic standards helps defeat the purpose of vocational education in failing to prepare youth and adults for the great mass of jobs in our world of work.

Now, Therefore, Be It Resolved, that the General Assembly of the State of Iowa call upon the North Central Association of Colleges and Secondary Schools and the National Commission on Accreditation to establish policy and evaluative criteria consistent with the desired objectives of vocational-technical education; and

Be It Further Resolved, that the General Assembly of the State of Iowa encourage the regional and national accrediting commission to enter into a meaningful program of accreditation of vocational-technical high school and post-high school institutions.

Be It Further Resolved, that a duly attested copy of this resolution be immediately transmitted to the North Central Association of Colleges and Secondary Schools and the National Commission on Accreditation from this state.

On motion of Senator Stanley, the Senate recessed until 3:00 p.m.

President Jepsen declared the appointment of Mrs. William Robinson as a member of the State Judicial Nominating Commission confirmed for the regular term ending June 30, 1975.

Senator Stanley called up the following motion filed by him on April 18, 1969:

MR. PRESIDENT: I move that the Senate refuse to confirm the appointment of the following persons to the following positions by the former Governor of Iowa during the year 1968, as shown in the Governor's Executive Journal:

Mr. Thomas S. Roe, of Waukon, Iowa, as a member of the State Board of Public Instruction under the provisions of section 257.1, Code of Iowa 1966, as amended by Senate File 16, Acts of the Sixty-second General Assembly, for the term ending January 2, 1974.

Mr. G. D. Weiny, of Keokuk, Iowa, as a member of the State Board of Tax Review for the State of Iowa under the provisions of section 1, Senate File 743, Acts of the Sixty-second General Assembly, for the initial term ending June 30, 1969.

Mr. Eugene M. Ford, of Emmetsburg, Iowa, as a member of the State

Board of Tax Review for the State of Iowa under the provisions of section 1, Senate File 743, Acts of the Sixty-second General Assembly, for the initial term ending June 30, 1973.

This action does not in any way reflect upon the competence or integrity of any of the appointees, and is taken because it was generally understood that these were vacancy appointments which expire automatically thirty days after the convening of this General Assembly; in accordance with this understanding, the Governor of Iowa has already chosen and announced other appointees for these positions; and even though this understanding was apparently incorrect, it is the judgment of the Senate that the present Governor of Iowa should have the right to select persons of his choice to fill these positions, with the consent of the Senate.

MR. PRESIDENT: Your committee appointed to investigate the character and qualifications of Thomas S. Roe of Waukon, Allamakee County, Iowa, as a member of the State Board of Public Instruction under the provisions of section 257.1, Code of Iowa 1966, as amended by Senate File 616, Acts of the Sixty-second General Assembly, for the term ending January 2, 1974, begs leave to report that it has made investigation and recommends that the appointment be not confirmed for the reasons stated in the motion filed by Senator Stanley on April 18, 1969.

MOTION TO LIMIT DEBATE

Senator Stanley called up the following motion:

MR. PRESIDENT: I move that debate on Senate File 565 and all amendments thereto and all debatable incidental motions and subsidiary motions thereto shall be limited as follows:

1. No Senator shall speak more than five minutes on the bill, or more than five minutes on any amendment or motion. This limit is in addition to the time allowed for opening and closing statements.

2. With the consent of the Senate a Senator may yield his unused time to another Senator. If a Senator asks a question of another Senator, the time consumed by the question and answer shall be included within the time limit of the Senator asking the question.

3. The Senator handling the bill shall be allowed ten minutes for an opening statement and five minutes for a closing statement.

4. All debate on any amendment filed before the bill is taken up shall be limited to a total of fifteen minutes on each side, plus five minutes for a closing statement by the Senator handling the amendment or motion.

5. All debate on any amendment filed after the bill is taken up, or on any incidental or subsidiary motion, shall be limited to a total of five minutes on each side, plus two minutes for a closing statement by the Senator handling the amendment or motion.

6. These limits shall apply even if action is deferred or carried over to another legislative day.

Senator Stanley asked unanimous consent that both the opponents and the proponents be allowed ten minutes to debate this motion.

Objection was raised.

Senator Stanley moved that both the opponents and the proponents be allowed ten minutes to debate this motion.

Senator O'Malley moved, as a substitute motion, that the Stanley motion be laid over until 9:00 a.m., Tuesday, April 22, 1969.

Senator Stanley raised a point of order that a motion to limit debate is not subject to a subsidiary motion.

The Chair ruled the point not well taken and that the motion could be amended.

JOINT RULES OF THE SENATE AND HOUSE
(SIXTY-THIRD GENERAL ASSEMBLY)

Rule 1

Suspension of Joint Rules

Either house may suspend the joint rules as to that house by the same procedure prescribed for suspending its own rules, but such action shall not affect the joint rules in the other house. The house suspending the joint rules shall promptly notify the other house of its action.

Rule 2

Parliamentary Rules

In the absence of other rules, those of parliamentary procedure compiled in *Mason's Manual of Legislative Procedure* shall govern.

Rule 8

Designation of Sessions

Each regular session of a General Assembly shall be designated by the year in which such regular session commences.

Rule 4

Sessions of a General Assembly

The organization and committees in each house of the General Assembly and action taken by each house shall carry over from the first to the second regular session of the same General Assembly. The status of each bill and resolution shall be the same at the beginning of the second regular session as it was immediately before adjournment of the first regular session.

Rule 5

Presentation of Messages

All messages between the two houses shall be sent by the Secretary or Chief Clerk, shall be announced by the Sergeant-at-Arms, and shall be communicated to the Chair.

Rule 6

Printing and Form of Bills
and Other Documents

Bills and joint resolutions shall be introduced, numbered, prepared, and printed as provided by law, or in the absence of such law, in a manner determined by the Secretary of the Senate and the Chief Clerk of the House of Representatives.

All bills and joint resolutions introduced shall be in a form and number approved by the Secretary of the Senate and Chief Clerk.

Before introduction all bills must be reviewed by the law clerk of that house.

Rule 7

Companion Bills

When identical bills are introduced in each house, they shall be called companion bills. Each house shall designate the sponsor in the usual way followed in parentheses by the sponsor of the companion bill in the other house. The house where the bill is first introduced shall print the complete text. The printed companion bill shall contain the title, enacting clause, and a statement that the bill is a companion bill. However, if the bill is not more than four pages in length, the complete text shall be printed in both houses.

Rule 8

Reprinting of Bills

Whenever any bill has been substantially amended by either house, the Secretary of the Senate or the Chief Clerk shall order the bill reprinted on paper of a different color. All adopted amendments shall be distinguishable.

The Secretary of the Senate or the Chief Clerk may order the printing of a reasonable number of additional copies of any bill, resolution, amendment, or Journal.

Rule 9

Daily Clip Sheet

The Secretary of the Senate and Chief Clerk shall prepare a daily clip sheet covering all amendments filed.

Rule 10

Reintroduction of Bills and Other Measures

When a bill or resolution which has passed one house is rejected in the other, it shall not be again introduced during the General Assembly.

Rule 11

Standing Committees

The names of the standing committees of each house shall be: agriculture; appropriations; cities and towns; commerce; conservation and recreation; constitutional amendments and reapportionment; county government; higher education; human and industrial relations; Iowa development; judiciary; law enforcement; rules; schools; social services; state government; transportation; and ways and means.

Rule 12

Certification of Bills and Other Enrollments

When any bill or resolution which has passed one house is rejected or adopted in the other, notice of such action and the date thereof shall be given to the house of origin in writing signed by the Secretary or Clerk.

Rule 13

Amendments by Other House

I. When a bill which originated in one house is amended in the other house, the house originating the bill may amend, concur, or refuse to concur in the amendment. Precedence of motions shall be in that order.

A. If the house originating the bill amends the amendment, the bill shall be read for the last time as amended, shall be placed on final passage, and shall be returned to the other house. The other house cannot further amend the bill.

1. If the other house concurs in the amendment to the amendment, the bill shall then be read for the last time as finally amended, and placed upon its final passage.

2. If the other house refuses to concur, the bill shall be returned to the house originating the bill. If the house originating the bill insists, the bill then shall go to a conference committee.

3. If the other house refuses to concur and the house originating the bill then recedes from its amendment, the bill shall be read a last time as amended in the house originating the bill and placed upon its final passage.

B. If the house originating the bill concurs in the amendment, the bill shall then be read for the last time as amended, and placed upon its final passage.

C. If the house originating the bill refuses to concur in the amendment, the bill shall be returned to the other house which shall either:

1. Recede, after which the bill shall be read for the last time and placed upon its final passage; or

2. Insist, which will send the bill to a conference committee.

II. A motion to recede has precedence over a motion to insist. Failure to recede, if by a constitutional majority, means to insist; and failure to insist, if such negative vote is by a constitutional majority, means to recede.

III. A motion to lay on the table or to indefinitely postpone shall be out of order with respect to motions to recede from or insist upon and to amendments to bills which have passed both houses.

IV. A motion to concur, refuse to concur, recede, insist, or adopt a conference committee report is in order even though the subject matter has previously been acted upon.

Rule 14

Conference Committees

1. Within one legislative day after either house insists upon an amendment to a bill, the presiding officer of each house shall appoint four members to a conference committee.

2. The conference committee shall meet before the end of the next legislative day after their appointment, shall select a chairman, and shall discuss the controversy.

3. The authority of the committee shall be limited to recommendations regarding the subject matter of the amendment or amendments which were insisted upon by the house requesting the conference committee.

4. An agreement on recommendations must be approved by at least three members from each house. The committee shall submit a report, together with five copies, two of which shall be signed by members of the committee, one for each house. The report and papers referred shall be returned to the house that refused to concur and shall be acted upon. Such action, including all papers, shall be immediately referred by the Secretary or Clerk to the other house.

5. The report of agreement is debatable, but cannot be amended. If the report contains recommended amendments to the bill, adoption of the report shall automatically adopt all amendments contained therein. After the report is adopted, there shall be no more debate, and no more amendments may be considered, and the bill shall be placed upon its final passage.

6. Refusal of either house to adopt the conference committee report has the same effect as if the committee had disagreed.

7. If the conference committee fails to reach agreement, a report of such failure shall be given promptly to each house. Members of the committee shall be immediately discharged and a new conference committee appointed by the presiding officers from members who have not previously served on a conference committee on the bill under consideration. The papers shall remain with the house which insisted on the amendment.

Rule 15

Enrollment and Authentication of Bills

When a bill has passed both houses, it shall be enrolled and its house of origin shall be certified by the endorsement of the Secretary or Clerk.

When bills are enrolled, they shall be examined by a joint standing committee of two from each house who shall compare the enrollment with the engrossed bills, correct any errors, and report immediately to their respective houses.

After enrollment, each bill shall be signed by the President and by the Speaker.

Rule 16

Concerning Other Enrollments

All resolutions and other matters which are to be presented to the Governor for his approval shall be enrolled, examined, signed, and presented in the same manner as bills.

Rule 17**Transmission of Bills to the Governor**

After a bill has been signed in each house, it shall be presented to the Governor by the Secretary or Clerk of the house of origin. The Secretary or Clerk shall report the date of presentation, which shall be entered upon the Journal of the house of origin.

Rule 18**Identification Tags**

Members of the General Assembly, employees of the General Assembly, registered lobbyists, and registered press correspondents shall wear identification tags.

SENATE CONCURRENT RESOLUTION 28

By Leonard

Whereas, agriculture is Iowa's and the nation's biggest and most important industry, producing approximately \$3 billion worth of crops and livestock in Iowa each year, and

Whereas, the current level of farm prices is 75 to 76 percent below the level of 100 percent of parity level which reflects the 1910-1914 level of farm prices, and

Whereas, there must be some policy of supply-management to remove the imbalance between the volume of agricultural production and the consumers demand for that production, and

Whereas, the swift advances of farm technology since World War II have begun to erode the family farm out of existence, and

Whereas, the low level of farm prices in the 1951-1964 level of farm prices, because every dollar of farm income entering the channels of trade and commerce turns over seven times to add \$7.00 to the Gross National Product, thus causing the nation in this period to lose \$1,600,000,000,000 in potential income and Iowa to lose \$19,432,000,000 in the same period, and

Whereas, agricultural research in the future must concern itself with farm prices, farm net incomes, farm bargaining procedures, and human adjustment within agriculture,

Be It Resolved: That the Governor be requested to appoint a Farm Ad-

visory Council, composed of representatives from industry, business, education, labor, and agriculture to study this problem.

Be It Further Resolved: That this Advisory Council work with the Iowa Congressional delegation to find a practical solution for the economic and social ill now deflating the rural economics of Iowa and America.

SENATE CONCURRENT RESOLUTION 29

By Senate Committee on Law Enforcement
and House Committee on Law Enforcement

Whereas, for almost two centuries our nation has looked to laws and courts as guardians of the life, liberty and individual freedom of every citizen; and

Whereas, we recognize that the preservation of our system of equal justice under law is a responsibility shared by all citizens; and

Whereas, the twelfth annual observance of Law Day U. S. A. on May 1 is an occasion for every citizen to demonstrate that Americans are united in their dedication to the ideals of equal justice and equal opportunity within the structure of law, without which neither would be possible; and

Whereas, the theme for this year's observance of Law Day U. S. A. is: "Justice and Equality Depend Upon Law and You", a reminder that each individual has a responsibility to help advance these goals; and

Whereas, Congress and the President have asked every citizen on Law Day to give thoughtful attention to the place of law in our society and to cultivate that respect for law that is so vital to our democratic way of life; now, therefore,

Be It Resolved by the Senate, the House Concurring: That this General Assembly does hereby urge the people of the State of Iowa to observe Thursday, May 1, 1969, as Law Day with appropriate public ceremonies and by the reaffirmation of their dedication to our form of government and the supremacy of law in our lives.

SENATE CONCURRENT RESOLUTION 30

By Gaudineer

Whereas, it has been announced that the Job Corps Training Center at Clinton, Iowa, is soon to be closed; and

Whereas, the Job Corps Training Center at Clinton, Iowa, provides valuable training and vocational educational training predominately to individuals from rural areas; and

Whereas, if such training is no longer made available to these individuals they will not be able to acquire the needed skills of new vocations with which they can do much to increase the productivity of their respective rural areas upon their return; and

Whereas, it is imperative that the Job Corps Training Center at Clinton, Iowa, remain open and in full operation to provide the residents of rural Iowa and other states with an opportunity to gain and learn new skills and trades to replace those skills they now possess, but which no longer are in demand in their rural economies;

Now, Therefore, Be It Resolved by the Senate, the House Concurring, that the General Assembly of the State of Iowa respectfully urges the Secretary of Health, Education and Welfare to fully evaluate the valuable service rendered rural Iowa and other states by the Job Corps Training Center at Clinton, Iowa, and upon such evaluation maintain such facility open and in full operation;

be It Further Resolved, that an enrolled copy of this resolution be sent to each of Iowa's two Senators and seven Representatives in Congress and to the Secretary of Health, Education and Welfare."

7 1966, is hereby amended as follows:

8 1. By striking lines ten (10) through twenty-two (22),
9 inclusive, and inserting in lieu thereof the following:

10 "The actual value of all property subject to assessment and
11 taxation shall be the fair and reasonable market value of such
12 property.

13 1. In determining the fair and reasonable market value of
14 all property for purposes of assessment, unless otherwise
15 specifically provided, the assessors and property tax division
16 of the department of revenue shall consider its current use,
17 productivity, and earning capacity, if any, capitalized at
18 currently accepted interest rates to be applied uniformly
19 among the counties and among classes of property which shall
20 be determined by the director of revenue, industrial conditions,
21 costs, physical and functional depreciation, obsolescence and

26 property, but not its potential value or use. All of the above
27 factors shall be considered where applicable, in arriving at
28 the fair and reasonable market value, but shall not be deter-

33 a willing seller, neither being under any compulsion to buy or
34 sell and each being familiar with all the facts relating to the
35 particular property. Sale prices of the property or comparable
36 property in normal transactions reflecting current market
37 value, and the probable availability or unavailability of per-
38 sons interested in purchasing the property, shall be taken into
39 consideration in arriving at its market value; however, the
40 following shall not be taken into consideration: Sales where
41 real estate would be joined or become a part of an existing
42 unit, sales to immediate members of a family, gifts, foreclo-
43 sures or liquidation or forced sales; nor other unusual sales,
44 contract sales unless comparable to market value as herein
45 defined, nor prospective uses or values.

46 3. 'Sales ratios' may be used by the department of revenue
47 for the purpose of equalizing assessments and valuations for
48 taxation purposes; however, only sales as herein defined shall
49 be so used. When used, sales of the last three years shall
50 constitute the basis in computing the sales ratio. The local
51 assessor shall provide all information and records as required
52 by the department of revenue or as otherwise provided by law."

53 2. By striking lines twenty-seven (27) through forty-three
54 (43), inclusive.

56 inclusive, and inserting in lieu thereof the following:

57 "In assessing property, the burden of proof shall be upon
58 any complainant attacking such valuation as excessive, inade-
59 quate, inequitable, or capricious; however, in protest or
60 appeal proceedings when the complainant offers competent evi-
61 dence by two persons not having an interest in the property
62 that the actual value of the property is less than the actual
63 value determined by the assessor or board of review as the case
64 may be, the burden of proof thereafter shall be upon the offi-
65 cial or person seeking to uphold such valuation for taxation
66 purposes. Any comparison of properties shall be of like prop-
67 erties in the same district or area within Iowa.

68 Upon written request of a taxpayer the assessing body shall
69 disclose all information in any formula or method used to deter-
70 mine the actual value of his property."

Senator Rigler offered the following amendment:

Amend House File 680 by striking all after the enacting clause and inserting in lieu thereof the following:

Section 1. As used in this Act, unless the context requires otherwise:

1. "The secretary" means the secretary of the United States department of housing and urban development.

2. "This act" means Section 1223 of the Housing and Urban Development Act of 1968, Public Law 90-448, 90th Congress approved August 1, 1968.

3. "The fund" or "fund" means the federal riot reinsurance reimbursement fund referred to in this Act.

4. "Commissioner" means the commissioner of insurance.

Sec. 2. There is hereby created the federal riot reinsurance reimbursement fund in the office of the treasurer of state which shall be operated under the joint control of the director of revenue and the commissioner. The fund shall consist of all payments made by insurers in accordance with the provisions of this Act. The director of revenue shall have the same power to enforce the collection of the assessments provided hereunder as any other obligation due the state.

Sec. 3. The commissioner shall reimburse the secretary in an amount up to five percent of the aggregate property insurance premiums earned in this state during the calendar year immediately preceding the calendar year with respect to which the secretary paid losses on lines of insurance reinsured by him in this state during that year and for which he claims reimbursement from the fund in accordance with the act.

Sec. 4. Whenever the secretary shall, in accordance with the act, present to the state a request for reimbursement under the act, the commissioner shall immediately assess all insurers which, during the calendar year with respect to which reimbursement is requested by the secretary, were licensed to write and engaged in writing property insurance business, including the property insurance components of multi-peril policies on a direct basis, in this state. The amount of each such insurer's assessment shall be calculated by multiplying the amount of the reimbursement requested by the secretary by a fraction the numerator of which is the insurer's premium actually written in this state in that calendar year on habitational and commercial property risks and the denominator of which is the aggregate premiums written by all licensed insurers on such property risks. In no event shall any insurer's assessment be less than one hundred dollars.

Sec. 5. The secretary shall be reimbursed up to the amount requested by warrants issued against the fund by the state comptroller upon vouchers approved by the director of revenue and the commissioner. If the assessment produces a fund greater than the amount requested by the secretary, the overage shall be placed in a special fund in the office of the treasurer of state under the control of the commissioner and the director of revenue and shall be applied to any subsequent requests by the secretary for reimbursement of losses paid on lines of insurance reinsured by him in this state in accordance with the act.

In the event that the provisions of this Act and the assessments made thereunder are no longer needed in order to effectuate the program for which they were intended, the amounts remaining in the special fund shall inure to the general fund of the state.

Sec. 6. In the event any insurer fails by reason of insolvency, to pay any assessment, the commissioner shall cause the reimbursement ratios computed under section four (4) to be immediately recalculated excluding therefrom the insolvent insurer, so that its assessment is in effect assumed and redistributed among the remaining insurers.

Sec. 7. Insurers shall include in filings submitted pursuant to chapter five hundred fifteen A (515A), Code of 1966, a factor, applicable to the line or lines of insurance on which the assessment is levied, sufficient to recover within not more than three (3) years after the date of assessment any amounts so assessed under Sec. 4 of this Act during the preceding calendar year together with the amount of costs and expenses reasonably attributable to such assessment and recovery thereof.

CONSIDERATION OF BILLS

Senate File 655

The Senate resumed consideration of Senate File 655.

Senator Hougen offered the following amendment and called for a division of the amendment, section 1 to be considered as division 1, section 2 as division 2, and sections 3, 4 and 5 as division 3:

Amend Senate File 655 by adding a new section thereto as follows:

"None of the funds appropriated herein shall be used contrary to the following provisions:

1. The board of regents shall not increase tuition rates in any one of the state universities in excess of 10 percent during the biennium.

2. No scholarship funds shall be granted to non-residents of the State of Iowa, until such non-resident students have been enrolled in one of the universities for at least two years for a full time course. For the purpose of this provision, a 'non-resident student' means any student who had not become a resident of Iowa at least six months prior to the time of enrollment.

3. No instructor shall be permitted to devote less than one-half of his time to instruction. This provision shall not be applicable to deans, department heads or administrative employees. It shall include students working for an advanced degree, or for special training beyond a master's degree, unless specifically approved by the board of regents.

4. Any writings, books or articles written by any employee of a state university shall be the property of the State of Iowa, and any royalties or earnings therefrom shall go to the university fund and be specifically so reported.

5. No person shall be placed on sabbatical leave except with the specific approval of the board of regents."

Senator Doderer raised a point of order on the amendment for the reason that it was not germane to the bill.

SENATE CONCURRENT RESOLUTION 29

By Senate Committee on Law Enforcement
and House Committee on Law Enforcement

Whereas, for almost two centuries our nation has looked to laws and courts as guardians of the life, liberty and individual freedom of every citizen; and

Whereas, we recognize that the preservation of our system of equal justice under law is a responsibility shared by all citizens; and

Whereas, the twelfth annual observance of Law Day U. S. A. on May 1 is an occasion for every citizen to demonstrate that Americans are united in their dedication to the ideals of equal justice and equal opportunity within the structure of law, without which neither would be possible; and

Whereas, the theme for this year's observance of Law Day U. S. A. is: "Justice and Equality Depend Upon Law and You", a reminder that each individual has a responsibility to help advance these goals; and

Whereas, Congress and the President have asked every citizen on Law Day to give thoughtful attention to the place of law in our society and to cultivate that respect for law that is so vital to our democratic way of life; now, therefore,

Be It Resolved by the Senate, the House Concurring: That this General Assembly does hereby urge the people of the State of Iowa to observe Thursday, May 1, 1969, as Law Day with appropriate public ceremonies and by the reaffirmation of their dedication to our form of government and the supremacy of law in our lives.

EXPLANATION OF VOTE

I changed my vote on the DeKoster-Messerly amendment to Senate File 655 for the purpose of moving to reconsider the vote by which it passed. I am opposed to the amendment because I feel that the administrators of our Regents institutions have sufficient authority to deal with the problems on campus and I feel that the amendment will infringe on the authority currently delegated to the Board of Regents and jeopardize faculty retentions in recruiting.

No one in the General Assembly condones acts such as rioting on campuses, but the DeKoster-Messerly amendment, in my opinion, is an ill-conceived remedy for the problem.

MR. PRESIDENT: I am directed to inform your honorable body that the House has passed the following bill in which the concurrence of the Senate is asked:

House File 802, a bill for an act to appropriate from moneys received by the Iowa aeronautics commission.

Also: That the House has adopted the following concurrent resolution in which the concurrence of the Senate is asked:

House Concurrent Resolution 28, authorizing an interim study of the feasibility of adopting a tax based on income.

WILLIAM R. KENDRICK, Chief Clerk

HOUSE CONCURRENT RESOLUTION 28

By Bailey, Den Herder and Roorda

A concurrent resolution authorizing that a study be made to determine the feasibility of the use of a tax based on income in the school aid formula in lieu of a property tax.

Whereas, it is generally agreed that the property tax system contains many inequities and that efforts should be made to place less reliance on property tax for future revenue needs; and

Whereas, House File 686 enacted by the Sixty-second General Assembly, providing for state aid to local schools, recognizes the inequitable features of the property tax and the great reliance upon it for the financing of local school district expenditures; and

Whereas, the school aid formula contained in House File 686 does rely on property taxes to a very substantial extent with the result that increased school district expenditures will result in increased property taxes; and

Whereas, it is generally agreed that a tax based on income is more equitable than a property tax; *Now Therefore*,

Be It Resolved by the House, the Senate Concurring, That the Legislative Research Committee, its successor agency, or an appropriate standing committee, be directed to conduct during the 1969 interim a study of the feasibility of adopting a tax based on income in lieu of any or all of the provisions contained in House File 686 of the Sixty-second General Assembly providing for the financing of schools through a property tax levy.

Be It Further Resolved, That any committee conducting such study may be composed of legislators, state officials, or knowledgeable citizens and that such committee may call upon any state or local agency for technical assistance in carrying out the study.

Be It Further Resolved, That a report of the findings and recommendations, accompanied by bills incorporating such recommendations, be submitted to the General Assembly meeting in 1970.

SENATE CONCURRENT RESOLUTION 33

By Glenn, Potter, Leonard, Doderer, Dodds, Palmer,
Shirley, Schaben, Nicholson, Denman,
Weimer, Lamborn and Frommelt

Whereas, the citizens of the State of Iowa have expressed profound concern to members of the Sixty-third General Assembly relative to disturbances at public institutions of higher education;

Whereas, a primary purpose of our universities is to provide an environment conducive to the absorption of knowledge in arts and sciences, as well as the full and free expression of thought and opinion;

Whereas, disruption of university functions through unlawful acts of student body, faculty members, and non-university personnel threatens the orderly processes of our universities and operates to deny the atmosphere of security and stability essential to higher education and academic freedom at our institutions of higher learning;

Whereas, the laws of this state provide ample sanction against those persons who engage in unlawful conduct at our universities, as elsewhere;

Whereas, the Board of Regents has by prior resolution adopted a code of student conduct that provides administrative sanctions in the event of such activity;

Whereas, the responsibility for enforcing administrative sanctions and appropriate laws in connection with unlawful or illegal conduct at the public universities rests with administrative and law enforcement personnel;

Be It Resolved by the Senate, the House Concurring, that the Sixty-third General Assembly of Iowa express full confidence in the ability of our university administrators, state and local law enforcement personnel to apply and enforce fairly and impartially administrative and legal sanctions appropriate in any circumstance of unlawful or illegal conduct designed to disrupt the orderly processes of higher education at our public universities.

Be It Further Resolved, that copies of this resolution be immediately forwarded to the Presidents of the respective state universities.

EXPLANATION

This concurrent resolution recognizes the concern of Iowa citizens for the adverse effects of disruptive incidents at our universities, acknowledges

the existence of administrative and legal sanctions which may be applied in the event of unlawful conduct, and expresses full confidence in the ability of university and law enforcement personnel to apply and enforce administrative and legal sanctions.

The commission may inspect or cause to be inspected at the convenience of the commission any moisture measuring device upon a request in writing from the owner thereof.

Sec. 3. The commission is hereby charged with the enforcement of this Act, and after due publicity and due public hearing, is empowered to establish rules, regulations, specifications, standards, and tests as may be necessary in order to secure the efficient administration of this Act. Publicity concerning the public hearing shall be reasonably calculated to give interested parties adequate notice and adequate opportunity to be heard. The commission may establish specifications and tolerances it deems necessary to insure reasonable accuracy of moisture measuring devices. The commission may from time to time publish such data in connection with the administration of this Act as may be of public interest.

Sec. 4. The commission may at its discretion designate an employee or

officer of the commission to act for the commission in any details connected with the administration of this Act.

Sec. 5. If an inspection or comparative test reveals that the moisture measuring device being inspected or tested conforms to the standards and specifications established by the commission the commission shall cause the same to be marked with an appropriate seal. Any moisture measuring device which upon inspection is found not to conform with the specifications and standards established by the department shall be marked with an appropriate seal showing such device to be defective, which seal shall not be altered or removed until said moisture measuring device is properly repaired and reinspected. The owner or user of such device shall be notified of such defective condition by the commission or its properly designated employees on an inspection form prepared by the department.

Sec. 6. Any defective moisture measuring device, while so marked, sealed, or tagged, as provided in section five (5) of this Act, may be used to ascertain the moisture content of agricultural products offered for sale, processing, or storage, only under the following conditions:

2. The device shall be repaired to comply with section five (5) of this Act within a period of thirty days, and the commission thereupon notified.

If upon reinspection, the device is again rejected under the provisions of section five (5) of this Act, such device shall be sealed and shall not be used until repaired and reinspected.

Sec. 7. Every device used to ascertain the moisture content of agricultural products offered for sale, processing, or storage shall be used in a location visible to the general public and the detailed procedure for operating a moisture measuring device shall be displayed in a conspicuous place close to the moisture measuring device.

Sec. 8. After September 1, 1970, no person shall use or cause to be used any grain moisture measuring device which has not been inspected and approved for use by the commission; except that after September 1, 1970, a newly purchased grain moisture measuring device may be used prior to regular inspection and approval if the user of such device has given notice to the commission of the purchase and before use of such new device.

Sec. 9. The commission shall charge, assess, and cause to be collected at the time of inspection, an inspection fee of ten dollars for each moisture measuring device required to be inspected under this Act, and ten dollars for each moisture measuring device not subject to this Act when requested by a person. A fee of ten dollars shall be charged for each device subject to reinspection under section five (5) of this Act. All moneys received by the commission under the provisions of this Act shall be handled in the same manner as "repayment receipts" as defined in chapter eight (8) of the Code, and shall be used for the administration and enforcement of the provisions of this Act. When it is determined by the secretary that there are sufficient funds to carry out the mandates of this Act for at least twelve months, the commission shall have the authority to reduce the fees as set forth in this section.

Sec. 10. Every person who uses or causes to be used a moisture measuring device with knowledge that such device has not been inspected and approved by the commission in accordance with the provisions of this Act shall be guilty of a misdemeanor and upon conviction shall be punished by a fine not exceeding one hundred dollars or by imprisonment in the county jail for a period not to exceed thirty days or both such fine and imprisonment.

Sec. 11. There is hereby appropriated to the Iowa state commerce commission from the general fund of the state of Iowa for each year of the biennium beginning July 1, 1969 and ending June 30, 1971, the sum of twenty-five thousand dollars (\$25,000), or so much thereof as may be necessary, for use in employing personnel and defraying other expenses for inspection of moisture measuring devices.

39 Nothing in this paragraph shall be deemed to modify the above
40 definition of terms.

41 The following shall not be taken into consideration:
42 special value or use value of the property to its present

44 the property as distinguished from the value of the property
45 as property.

46 The market value of agricultural property shall be

SENATE CONCURRENT RESOLUTION 36

By Clarke

Whereas, Iowa stands near the top of all states in the gross dollar value of agricultural sales; and

Whereas, Iowa farmers are not receiving from the sale of their commodities rewards consistent with their capital and work contribution; and

Whereas, the individual farmer has small influence on forces which affect market supplies and price change; and

Whereas, a high proportion of Iowa's agricultural production is marketed outside of Iowa; and

Whereas, many interested farm groups have legislative proposals designed to increase their product sales; and

Whereas, other agricultural producing states have passed legislation permitting the imposition of excise taxes on selected agricultural commodities for the purpose of raising funds to be used in their promotion; and

Whereas, the consequences of enacting either mandatory or voluntary excise taxes on selected agricultural commodities needs to be known; and

Whereas, the policy of state government participation in the collection and distribution of proposed excise taxes needs to be explored; and

Whereas, the price and consumption response of commodities to the expenditure of excise taxes so collected needs to be projected;

Now Therefore, Be It Resolved by the Senate, the House of Representatives Concurring:

Section 1. The legislative research committee or its successor is directed to create a study committee as provided by law, which committee shall include members of the appropriate standing committees of the Senate and of the House of Representatives, to conduct during the 1969-1970 legislative interim a comprehensive study of the marketing of major agricultural commodities produced in Iowa.

The study committee may include non-legislative members having special knowledge in the field of agricultural economics.

Staff assistance shall be provided by the legislative research bureau and additional staff may be employed as deemed necessary by the legislative research committee or its successor.

A report of the study shall be prepared and submitted to members of the Sixty-third General Assembly by January 30, 1970, and may be accompanied by legislative bill drafts should such bill drafts be necessary to carry out the recommendations of the committee.

SENATE RESOLUTION 4

By Conklin

Whereas, the citizens of the State of Iowa can point with justifiable pride to the magnificence of the architectural structure of their Capitol Building; and

Whereas, the history of the building is an important facet of the heritage and development of the State; and

Whereas, it was during the Thirteenth session of the General Assembly that a Capitol Commission was established to proceed with the construction of the State House "within two miles of the Raccoon forks of the Des Moines River"; and

Whereas, it would be deemed appropriate during the Sixty-third session of the General Assembly, as a centennial observance, to have prepared a

booklet to call attention to the beauties of the building and to the incidents of interest relative to its construction and history; *Now Therefore,*

Be It Resolved by the Senate, that a committee of three Senators be appointed to counsel with the President of the Senate and with the Secretary of the Senate in the preparation of such a booklet; and

Be It Further Resolved: That the Superintendent of Printing is hereby authorized to have the booklet printed as directed by the Secretary of the Senate for distribution to visitors.

Sec. 4. The board shall be authorized and directed to carry out the provisions of this Act and shall make and promulgate such rules and regulations as provided in chapter seventeen A (17A) of the Code as may be necessary for such purpose. A copy of such listing shall be mailed to each licensed accountant.

Sec. 5. The board shall meet within sixty days after the first appointments as provided in this Act and shall elect such officers and establish such procedures as are necessary for its purpose. Thereafter, the board shall meet at least twice each calendar year at the state capital and at such other times and places as the board shall find necessary for proper administration of this Act. A record shall be kept of all meetings and a majority of the board shall constitute a quorum for the transaction of business.

Sec. 6. The board shall conduct examinations at least twice each calendar year for applicants seeking licensing as licensed accountants, at such places as the board shall determine. Except as otherwise provided in this Act, applicants shall be required to pass a written and oral examination determined by the board and relating to accounting theory, commercial law, taxation, and such other subject material as the board may deem appropriate. The board shall determine the substance of such exam-

Sec. 7. The board shall issue a license as licensed accountant to any person who has either passed the examination provided in section six (6) of this Act or has been excused from such examination by fulfilling the requirements of section eight (8) of this Act, and who:

2. Has attained the age of twenty-one years.
3. Is a resident of this state and either is or has declared his intention to become a citizen of the United States.
4. Has committed no act within three years immediately preceding the time of application which would be grounds for revocation, suspension, or or refusal of the board to renew a license under the provisions of section eleven (11) of this Act.
5. Satisfies the board, by whatever evidence or certification it may require, that he has attained at least one of the following:
 - a. An earned degree in accounting from an accredited college or university.
 - b. At least two years in an accredited college or university, which shall include at least six semester hours of intermediate accounting or the equivalent, and at least one year of experience as a staff accountant under a certified public accountant, a public accountant, or a licensed accountant involving activities described in section one (1) of this Act.
 - c. A high school diploma and having additionally completed a specialized course in accounting and related subjects in a business college or school, with at least two years of experience as a staff accountant under a certified public accountant, a public accountant, or a licensed accountant involving activities described in section one (1) of this Act.
 - d. A high school diploma and three years' experience as an accountant or as a staff accountant under a certified public accountant, a public accountant, or a licensed accountant involving activities described in section one (1) of this Act, or with three years' experience as an agent or examiner of the internal revenue service or as an examiner with the revenue department, or auditor, banking, comptroller, or insurance departments of this state.
 - e. A high school diploma and five years' experience as a governmental officer charged with specific duties in connection with the management of financial affairs or accountant in private industry involving sufficient scope of experience which, in the judgment of the board, qualifies such person for the license provided by this Act.

Sec. 8. The board, in its discretion, may issue a license as a licensed accountant to any person who has not taken the examinations prescribed in section six (6) of this Act, if such person has fulfilled the qualifications prescribed by section seven (7) of this Act and who is a holder of a similar license in another state, the qualifications of which are, in the opinion of the board, substantially equivalent to those specified in this Act, provided that such other state extends a like privilege to licensed accountants of this state.

Sec. 9. Any person licensed as a licensed accountant, whose license has not been revoked or suspended as provided by this Act, shall be entitled to use the abbreviation "L.A." in connection with his name, and no other person shall assume or use such abbreviation or the title licensed accountant, or any other title, designation, or signature device tending to

indicate such person is authorized by the board to practice activities regulated by this Act. This section shall not apply to any person who holds a license as a "public accountant" or a certificate as a "certified public accountant" under the laws of the state.

Sec. 10. Nothing in this Act shall be, or shall be construed to be, in any manner, a regulation or restriction of the activities or practice of certified public accountants or public accountants as defined in chapter one hundred sixteen (116) of the Code; or shall this Act constitute a regulation or restriction upon attorneys at law duly admitted to practice in this state from doing anything usual and proper in connection with their duties as such attorneys.

Sec. 11. Except to the extent that they are inconsistent with the provisions of this Act, the provisions of sections one hundred sixteen point seven (116.7) and one hundred sixteen point fifteen (116.15) of the Code, relating to the regulation and practice of certified public accountants and public accountants, shall be applicable to the regulation and practices of licensed accountants as provided in this Act; and in addition, after notice and hearing which shall comply with the notice and hearing requirements provided in section one hundred sixteen point fourteen (116.14) of the Code, the board may revoke the license of any licensed accountant, suspend such license for a period not to exceed one year, refuse to renew such license, or censure the holder of such license for any one of the following causes:

1. Conviction of a felony under the laws of the United States or any state or territory thereof.

2. Lawful cancellation, revocation, suspension, or refusal to renew the license or authority to practice in the accounting field by any other state.

3. Violation of the rules promulgated by the board as provided in this Act.

4. Suspension or revocation of the right to practice before any governmental department or agency.

5. Fraud or deceit used in obtaining a license under this Act.

6. Dishonesty, fraud, or gross negligence in practice as a licensed accountant under the provisions of this Act.

Sec. 12. All licenses issued under the provisions of this Act shall expire on the last day of December each year and may be renewed for a period of one year upon payment of the renewal fee. Failure of a license holder to apply for renewal within three years following expiration of such license or license renewal shall deprive such holder of the right of renewal unless the board, in its discretion, shall determine that such failure was excusable. In case of nonconsecutive renewal, the board shall add such penalty to the annual renewal fee as it shall deem reasonable, but not to exceed a total of twenty-five dollars for renewal and penalty.

Sec. 13. The board shall collect the following fees, in amounts to be determined by the board, and the treasurer of the board shall deposit such fees with the treasurer of state to be credited to a licensed accountants' fund:

1. A fee of not to exceed twenty-five dollars for examination and re-examination.

2. A fee of not to exceed twenty-five dollars for the certificate and first annual license as provided in sections seven (7) and eight (8) of this Act.

3. A fee of not to exceed ten dollars for annual renewal of licenses.

4. A fee of not to exceed five dollars for registration of firm names,

professional names, or associate names or of names of licensed accountants not in practice. Such fee shall be charged only on the initial registration and subject only to a nominal charge for printing in the annual listing.

Sec. 14. All expenses incurred by the board for labor, materials, and expenses necessary for the proper administration of this Act, including actual expenses of board members and their staff while engaged in the business of the board, shall be paid from the licensed accountants' fund by warrants drawn upon such fund by the state comptroller as provided by written memorandum from the board member designated as treasurer and endorsed by one other member of the board. The board member designated as treasurer shall file with the auditor of state a bond in the sum of five thousand dollars provided by a company authorized to do business in this state, and the cost of such bond shall be considered a business expense of such board. Beginning with the fiscal year ending June thirtieth of the second full year following adoption of this Act, the treasurer of the board shall authorize the payment of any excess fees collected over expenses paid for such fiscal year from the licensed accountants' fund into the general fund of the state.

Sec. 15. Every applicant for a certificate as a licensed accountant shall be required before the issuance thereof to subscribe to and file before the board an oath in substantially the following form:

"I do solemnly swear (or affirm) that I will support the Constitution of the United States and the Constitution of the State of Iowa, and that I will faithfully and conscientiously perform the duties of a licensed accountant to the best of my ability and in accordance with the law."

In addition thereto, and before a license may be issued or renewed under the provisions of this Act, every holder of a certificate of licensed accountant shall give a performance bond in the amount of ten thousand dollars, or provide a certification of insurance from a carrier licensed to do business in this state, showing a professional liability policy in such amount, either of which must be approved by the board.

Sec. 16. Any person who shall violate any of the provisions of this Act shall be guilty of a misdemeanor, and upon conviction, shall be punished by imprisonment in the county jail for a term not to exceed thirty days, or by a fine of not to exceed one hundred dollars, or by both such fine and imprisonment.

JAMES GRIFFIN, Chairman

Ordered passed on file.

Senator Kyhl submitted the following reports:

MR. PRESIDENT: Your committee on law enforcement, to which was referred **House File 159**, a bill for an act to prohibit the use, sale, or possession of explosive or incendiary devices, including "molotov cocktails", and to provide penalties therefor, begs leave to report it has had the same under consideration and recommends the same **be amended as follows; and when so amended the bill do pass:**

House File 159 is hereby amended by striking all after the enacting clause and substituting in lieu thereof the following:

Section 1. Chapter six hundred ninety-seven (697), 1966 Code, is hereby amended as follows:

1. By adding the following section:

"As used in this Act, unless the context otherwise indicates:

"1. 'Explosive device' means any material, container containing a chemical compound or mixture that is commonly used or intended for the purpose of producing an explosion, that contains any oxidizing and combustible

materials or other ingredients, in such proportions, quantities or packing that an ignition by fire, by friction, by concussion or by detonation of any part of the compound or mixture may cause such a sudden generation of highly heated gases that the resultant gaseous pressures are capable of producing destructive effects on contiguous objects.

"2. 'Incendiary device' means any inflammable material or container containing an inflammable liquid or material whose ignition, by fire, friction, concussion, detonation, or other method is intended to produce destructive effects primarily through combustion rather than explosion.

"3. 'Molotov cocktail' means a breakable container containing an explosive or inflammable liquid or other substance, having a wick or similar device capable of being ignited, and may be described as either an explosive or incendiary device. A 'molotov cocktail' is not intended to mean a device commercially manufactured primarily for the purpose of illumination or other such uses."

2. By adding the following section:

"It shall be unlawful for any person to receive, possess, sell, purchase, or manufacture a bomb, bombshell, grenade, or incendiary or explosive device including but not limited to black powder bombs and molotov cocktails, or materials which may be assembled into any such device; provided, however, that this section shall not apply to military and law-enforcement agencies and their personnel, and persons, firms, or corporations engaged in business, occupational or recreational use of commercial explosives, fireworks, fire arms, or ammunition when possession and use is otherwise authorized or permitted by law. This Act shall have no application to the possession or sale of rifle, pistol, or shotgun ammunition; nor shall it prohibit the use, sale, or possession of primers, percussion caps, brass, powder, and other components and supplies for hand loading or reloading rifle, pistol, or shotgun ammunition or loading muzzle-loading arms, where the same is for lawful purposes."

3. By striking lines five (5) through nine (9) of section six hundred ninety-seven point one (697.1) and inserting in lieu thereof the words, "where its combustion or explosion will or is likely to destroy the same, any explosive or incendiary device or molotov cocktail, and by reason of the combustion or explosion thereof any person is killed, he shall be guilty of murder."

4. By striking lines one (1) through three (3) and the word "material" from line four (4) of section six hundred ninety-seven point two (697.2), 1966 Code, and inserting in lieu thereof: "If any person willfully deposits or throws any explosive or incendiary device or molotov cocktail".

205 person shall be required to pay the tax on said given number
206 of miles traveled if said tax has been paid, or is currently
207 being paid, by another. Nothing in this section shall be
208 construed to relieve any person liable for the payment of the
209 tax from the duty of filing returns showing the full amount
210 of tax accrued by reason of the operation of any commercial
211 car or commercial tractor owned, leased, rented, or otherwise
212 operated by him.

224 information in its possession, for the period for which such
225 tax was due. The department of revenue shall give the
226 person against whom such assessment is made written notice
227 of such assessment either by personal service or by registered
228 mail.

229 A penalty of three times the amount due shall be added to
230 the amount of assessment made pursuant to the provisions of
231 this section. The department of revenue shall have power to
232 adopt and promulgate rules and regulations providing for the
233 remission of penalties added to assessments made pursuant to
234 the provisions of this section.

236 as provided herein, it shall suspend all highway use permits
237 issued to the person against whom such assessment was made,
238 provided that no highway use permit shall be suspended while
239 an appeal is pending, except in those cases in which no return
240 has been filed.

241 Upon suspension of a highway use permit the owner of the
242 commercial car or commercial tractor for which such permit was
243 issued shall surrender to the department of revenue such per-
244 mit and identification device.

245 Upon payment in full of such assessments and penalties the
246 department of revenue shall immediately reinstate all highway
247 use permits issued to the person against whom such assessment
248 was made which have been suspended.

249 Sec. 17. The highway commission and the department of pub-
250 lic safety shall provide such personnel as may be necessary to

252 perform such duties in connection with their regular duties
253 under the direction and control of the department of revenue.

254 Sec. 18. The highway commission shall establish ports of

42 definition of terms.

43 The following shall not be taken into consideration:

46 the property as distinguished from the value of the property
47 as property.

48 The market value of agricultural property shall be

SENATE CONCURRENT RESOLUTION 37

By Balloun and Coleman

Whereas, President Nixon's 1970 fiscal year budget proposes severe reductions in many programs administered by the U. S. Department of Agri-

culture including the complete elimination of funds for the Agriculture Conservation Program and a sizeable cutback in funding for the small watershed program; and

Whereas, The Iowa Legislature, through their appropriation and legislative processes, have recognized the extreme importance that conservation programs have upon the economic growth and development of our great state; and

Whereas, recent floods in the Midwest document the investment value of an accelerated watershed and flood control program; and

Whereas, the ACP conservation cost-sharing program recognizes the responsibility of government in conserving the soil and water resources on the farms and ranches of this Nation since the economic returns from such practices accrue more generally to the community than to the landowner; and

Whereas, the economic situation of rural America requires an even greater assistance from government in the conservation and development of our land and water resources; and

Whereas, the citizens of Iowa responded to President Nixon's campaign promises to strengthen rural America and carry out a vigorous conservation program; and

Now, Therefore, Be It Resolved by the Members of the Iowa Legislature in the Sixty-third Session Assembled:

1. That Agricultural Conservation Program funds be set at a level sufficient to encourage permanent type conservation practices.

2. That funds for other conservation programs be reinstated at a realistic level and a national goal be established which would enable the completion of all upstream watershed projects by the year 2000.

3. That copies of this resolution be sent to the President of the United States, the Secretary of Agriculture, and members of the Iowa Congressional Delegation as a means of transmitting to these distinguished gentlemen the very high priority that the members of the Iowa Legislature establishes for these programs in our state.

RESIGNATION OF EMPLOYEE

The personnel committee announced the resignation of Senate Page, Peter Frantz, Polk County, effective May 12, 1969.

Whereas, the citizens of the State of Iowa can point with justifiable pride to the magnificence of the architectural structure of their Capitol Building; and

Whereas, the history of the building is an important facet of the heritage and development of the State; and

Whereas, it was during the Thirteenth session of the General Assembly that a Capitol Commission was established to proceed with the construction of the State House "within two miles of the Racoon forks of the Des Moines River"; and

Be It Resolved by the Senate, that a committee of three Senators be appointed to counsel with the President of the Senate and with the Secretary of the Senate in the preparation of such a booklet; and

HOUSE CONCURRENT RESOLUTION 29

By Klein

Whereas, the Sixty-second General Assembly enacted the "Medical Assistance Act" authorizing the Department of Social Services to expend state funds for medical care and services to needy individuals and families; and

Whereas, numerous problems have developed concerning the administration and control of the program within this state and in other states; and

Whereas, the anticipated and budgeted cost of the "Medicaid" program appears to be insufficient to meet demands; and

Whereas, the proper administration and control of the "Medicaid" program is a matter with which the General Assembly may legitimately concern itself; *Now Therefore*,

Be It Resolved by the House, the Senate Concurring, That the Legislative Research Committee, or its successor agency, conduct or appoint a study committee, or its successor agency, conduct or appoint a study committee to conduct a legislative review and study of the "Medicaid" program as established by the Medical Assistance Act, which inquiry shall include the means of processing and paying claims for assistance, the means by which the eligibility of applicants is determined, the justifiability of charges made by vendors for supplies and services under the program, possible revision of the eligibility requirements, and such other areas as the study committee may desire; and

Be It Further Resolved, That such study committee report the results of their inquiries, and recommendations, accompanied by proposed legislation, to the Second Session of the Sixty-third General Assembly not later than March 1, 1970.

HOUSE CONCURRENT RESOLUTION 36

By Gannon of Jasper

Whereas, Radio Station WOI, Ames, Iowa, has given live broadcast coverage to the sessions of the House and Senate during this session of the Sixty-third General Assembly and:

Whereas, this coverage has given thousands of Iowans an opportunity to follow more closely the operation of the General Assembly.

Now, Therefore, Be It Resolved by the House of Representatives, the

Senate Concurring, that Radio Station WOI is hereby commended for providing this excellent public service.

Be It Further Resolved, that a copy of this resolution be forwarded to the Manager of Radio Station WOI.

HOUSE CONCURRENT RESOLUTION 37

By Committee on Claims

Whereas, doubt has arisen under the provisions of section twenty-five point seven (25.7), Code 1966, that submission of claims to the joint claims committee of the Senate and House and rejection by said committee constitutes final action thereon by the General Assembly as provided in said section; and

Whereas, certain claims rejected by previous joint claims committees are sometimes reprocessed by the state appeal board for recurring submissions; and

Whereas, it is deemed desirable that claims submitted to the joint claims committee of the Sixty-third General Assembly and rejected thereby should be submitted to the Senate and House thereof for final action and determination as the act of the General Assembly; *Now Therefore*,

Be It Resolved by the Senate, the House Concurring, That the claims hereinafter set forth, duly processed by the state appeal board and rejected by the joint claims committee, be considered by the Senate and House, and the action of the joint committee rejecting same be approved.

HOUSE CONCURRENT RESOLUTION 40

By Van Nostrand

Whereas, the Sixty-third General Assembly has enacted legislation to increase the maximum legal rate of interest which financial institutions incorporated in this state may collect from borrowers from seven percent to nine percent; and

Whereas, said banks, savings and loan associations, and other financial institutions may reasonably be expected to derive considerable financial benefit from the legal interest rate increase; and

Whereas, the cost of living continues in an ever upward spiral and has been the object of considerable concern to the general assembly of this state,

from which several legislative proposals have been introduced concerning the share of the financial burden of the state said financial institutions should be required to bear; and

Whereas, in accordance with the benefit theory of taxation said financial institutions, which are entitled to the protection, privileges, and immunities afforded all persons and legal entities by the laws of this state, may reasonably be required to contribute their fair share to the ever increasing demand for revenues in this state to insure the continuation and furtherance of said benefits; and

Whereas, court decisions have placed definite restrictions and limitations upon the state in taxing federally chartered financial institutions; *Now Therefore*,

Be It Resolved by the House, the Senate Concurring, That the Legislative Research Committee or its successor agency be directed to conduct a study during the interim between the annual sessions of the Sixty-third General Assembly for the purpose of determining the fair share which banks, savings and loan associations, and other financial institutions incorporated in this state should be required to contribute to the revenues of the state and the lawful means by which said fair share should be collected; and

Be It Further Resolved, That the Legislative Research Committee or its successor agency be directed to report its findings, recommendations, and any accompanying legislation deemed necessary to carry out such findings and recommendations, to the second session of the Sixty-third General Assembly or if time does not allow to the first session of the Sixty-fourth General Assembly, according to the time needed in conducting such study.

Hill, Varley, Schroeder and Newton

Whereas, the department of agriculture consists of many divisions and subdivisions responsible for the licensing, inspection or regulation of the practice of veterinary medicine, hotels, restaurants, and other food establishments, cold storage plants, frozen food lockers, quality of drugs, agricultural commodities, production and sale of dairy products, cream grading, production and sale of eggs, meat and poultry inspection, grading of milk, and others, as well as a number of affiliated agricultural societies and associations; and

Whereas, the services and regulatory and licensing functions of the department create complicated budget and personnel demands as well as difficulty in administration; and

Whereas, the object of the department is to encourage, promote and advance the interests of agriculture, to promote and devise methods of conducting such industry with a view to increasing production and facilitating an adequate distribution of the same at the least cost to every citizen of Iowa; and

Whereas, in order to accomplish the object of the department of agriculture, there must be an effective and efficient organizational structure which will avoid multiplicity of divisions and agencies; *Now Therefore*,

Be It Resolved by the House of Representatives, the Senate Concurring, That the legislative research committee, or its successor agency, be authorized to conduct, during the 1969-1970 legislative interim, a study of the department of agriculture and its divisions and agencies to determine the advisability and feasibility of transferring, consolidating or eliminating certain duties, including the licensing of regulatory agencies and boards of the department of agriculture to provide for an efficient organizational structure which is compact, with a definite chain of command; and

Be It Further Resolved, That the legislative research committee, or its successor agency, establish a study committee composed of members of both houses of the General Assembly. Advisory members, including but not limited to citizens knowledgeable in the areas of agriculture, administration, and state government, may be appointed with the approval of the legislative research committee, or its successor agency; and

Be It Further Resolved, That a report of the study findings and recommendations, accompanied by bills incorporating such recommendations, be submitted to the 1970 session of the Sixty-third General Assembly on or before February 1, 1970. In the event that the committee should determine that the study could not be completed upon such date, it shall continue to function and make its report to the Sixty-fourth General Assembly convening in 1971.

EXPLANATION OF VOTE

I voted against Senate File 688, the bill to appropriate funds for the private college tuition grant program, for the following reason:

I feel that in 1965 the legislature made definite obligations to the people of Iowa urging them to establish area colleges. The people responded and we now have 16 area community colleges. I think we have a moral obligation to fulfill the 1965 pledge of support for financial help to our area colleges. I feel it is not good business to start a new financial obligation at a time when we are failing to appropriate within approximately \$41 million of the area college askings.

ROBERT R. DODDS

EXPLANATION OF VOTE

I voted against Senate File 688, the bill to appropriate funds for the private college tuition grant program, for the following reasons:

1. The program discriminates against students in the public universities because similar grants are not made available to them.

2. The diversion of public moneys to private colleges will necessitate a substantial tuition increase at the state universities.

3. The public universities are established for the purpose of providing a quality higher education to all Iowa students, at a cost that low and moderate-income families can afford.

4. The State of Iowa has undertaken a program of area community colleges to supplement our three state universities, whose adequate financing will require increased millions of dollars in coming bienniums.

5. The taxpayers of Iowa deserve some relief from skyrocketing governmental spending under this Republican administration.

GENE W. GLENN

EXPLANATION OF VOTE

We, the undersigned members of the Senate, voted against Senate File 688, an appropriation bill providing funds to finance tuition grants to full time resident students attending private institutions of higher education in Iowa, in the belief that the Act passed by the Sixty-third General Assembly authorizing such grants, Senate File 295, was unconstitutional and that any appropriation for an unconstitutional purpose would itself be unconstitutional. This view as to the unconstitutionality of Senate File 295 is supported by an Attorney General's opinion issued April 25, 1969.

1 Amend House File 68 by striking all after the enacting
2 clause and inserting in lieu thereof the following:

3 Section 1. Section two hundred thirty-nine point five
4 (239.5), Code 1966, as amended by chapter two hundred nine
5 (209), section two hundred eighty-eight (288), Acts of the
6 Sixty-second General Assembly, is amended by striking
7 lines 28 through 43 and all of line 44 through the period,
8 and inserting in lieu thereof the following:

9 "The county board, in accordance with rules and standards
10 established by the state department of social services,
11 shall fix the amount of assistance necessary for any dependent
12 child. In determining the amount of assistance, the county
13 board shall take into consideration the income and resources
14 of any child or relative claiming assistance under this
15 chapter. However, in fixing the amount of assistance
16 for any child or family, the county board, in accordance
17 with rules established by the state department of social
18 services, may disregard a reasonable amount of the income
19 of the child or the family, in order to encourage the family
20 or any of its members to become self-supporting. The term
21 'income' as used herein means income remaining after deduction
22 of expenses reasonably attributable to the earning or securing
23 of that income.

24 The county board, under the supervision of the state
25 department of social services, shall establish services to
26 help families and persons receiving assistance under this
27 chapter to become self-supporting; shall participate in the
28 work and training program established by this Act; and shall
29 cooperate with other public agencies and with private agencies
30 to secure employment, education, and vocational training
31 for members of such families."

32 Sec. 2. Section two hundred forty-one A point three
33 (241A.3), Code 1966, as amended by chapter two hundred nine
34 (209), section three hundred sixteen (316), Acts of the
35 Sixty-second General Assembly, is amended by adding the
36 following:

37 "In fixing the amount of assistance, the county board,
38 in accordance with rules established by the state department
39 of social services, may disregard a reasonable amount of a
40 person's earnings in order to encourage the person to become
41 self-supporting.

42 The county board, under the supervision of the state
43 department of social services, shall establish services
44 to help persons receiving assistance under this chapter to
45 become self-supporting; shall participate in the work and
46 training program established by this Act; and shall cooperate
47 with other public agencies and with private agencies to
48 secure employment, education, and vocational training for
49 such persons and their families."

50 Sec. 3. Section two hundred forty-nine point six
51 (249.6), subsection eight (8), Code 1966, as amended by
52 chapter two hundred nine (209), section three hundred ninety
53 (390), subsection two (2), Acts of the Sixty-second General
54 Assembly, is repealed and the following enacted in lieu thereof:

55 "Has not sufficient income or other resources to provide
56 a reasonable subsistence, because of age, infirmity or in-
57 ability to procure suitable employment."

58 Sec. 4. Section two hundred forty-nine point seven
59 (249.7), Code 1966, as amended by chapter two hundred
60 twenty-two (222), section one (1), and chapter two hundred
61 nine (209), section three hundred ninety-one (391), Acts
62 of the Sixty-second General Assembly, is repealed and the
63 following enacted in lieu thereof:

64 "The amount of assistance which any person shall
65 receive under this chapter shall be determined with due
66 regard to the resources and necessary expenditures of the
67 individual and the conditions in such cases, and in accordance
68 with rules established by the state department of social
69 services; and shall be sufficient, when added to all other
70 income and support of the recipient, to provide such person
71 with a reasonable subsistence. In fixing the amount of
72 assistance, a reasonable amount of the earnings of the
73 person may be disregarded in order to encourage the person
74 to contribute to his own support.

75 The county board, under the supervision of the state
76 department of social services, shall establish services
77 to help persons receiving assistance under this chapter to
78 contribute to their own support; shall participate in the
79 work and training program established by this Act; and
80 shall cooperate with other public agencies and with private
81 agencies to secure, where appropriate, employment, education,
82 and vocational training for such persons and their families."

83 Sec. 5. Section two hundred forty-nine point nine
84 (249.9), Code 1966, is amended by adding the following paragraph:

85 "Notwithstanding any provision of this section, no
86 person shall be denied assistance because of the fact that

the person has made prior arrangements for funeral expenses in an amount not exceeding five hundred dollars."

Sec. 6. For the purposes of sections six (6) through twenty-two (22) of this Act:

1. "Commissioner" means the commissioner of social services, or his designee.

2. "Department" means the department of social services.

3. "Training" includes appropriate education.

4. "Public assistance" means aid or assistance under chapter two hundred thirty-nine (329), two hundred forty-one A (241A), or two hundred forty-nine (249) of the Code.

5. "Eligible person" includes each person who is receiving public assistance or who lives in the same household as a recipient of public assistance and whose needs are taken into account in determining the assistance payment. However, the following are not "eligible persons" unless they voluntarily request to be included:

a. A person who is under the age of sixteen years.

b. A person who has attained the age of sixty-five years.

c. A person whose health or disability does not permit any kind of work or training.

d. A person who is already engaged in an adequate full-time program of work, training, or school.

e. A person who is required to be present and is actually present in the home on a substantially continuous basis because of the illness or incapacity of another member of the household.

f. A person who is required to be present and is actually present in the home on a substantially continuous basis for the purpose of child care, either because adequate child care facilities are not available or because the absence of the person would be seriously harmful to a child in the home.

Sec. 7. It is the policy of this state that public assistance programs shall, to the maximum possible extent, be programs of rehabilitation rather than mere support. Persons and members of families receiving public assistance shall be helped to become self-supporting, and shall be required to engage in work and training to the extent provided in this Act. This Act shall be interpreted and administered to carry out this policy.

Sec. 8. The commissioner shall establish a work and training program for persons and members of families receiving public assistance. The employment security commission, the Iowa state employment service, all county boards and departments of social welfare, and all state, county, and public educational agencies and institutions providing vocational rehabilitation, adult education, or vocational or technical training shall assist and cooperate in the program. They shall make agreements and arrangements for maximum cooperation and use of all available resources in the program. By mutual agreement the commissioner may delegate any of his powers and duties under this Act to the employment security commission or the Iowa state employment service.

Sec. 9. The program shall provide for maximum cooperation

142 with and participation in federal programs having similar
143 purposes, but the state work and training program shall
144 continue whether or not federal programs and federal funds
145 are available.

146 Sec. 10. The program shall include, but not be limited
147 to:

148 1. Placing eligible persons in employment and on-
149 the-job training.

150 2. Institutional and work experience training for
151 eligible persons for whom such training is likely to lead
152 to regular employment.

153 3. Special work projects for eligible persons for
154 whom a job in the regular economy cannot be found.

155 4. Incentives, opportunities, and services to aid
156 eligible persons.

157 Sec. 11. Each eligible person shall be required to
158 participate in the work and training program, to cooperate
159 fully in the program, and to accept any reasonably suitable
160 employment, training, or education offered to him in connection
161 with the program, as a condition of receiving public assistance.
162 If he fails or refuses to do so, he shall not receive public
163 assistance. His disqualification shall not disqualify other
164 members of his family who are entitled to public assistance,
165 but their public assistance shall not be paid to the dis-
166 qualified person and shall be paid in a manner which will
167 not permit the disqualified person to have access to the
168 assistance funds. A person shall not be disqualified for
169 public assistance if it is impossible to arrange suitable
170 work or training for him.

171 Sec. 12. Work or training may be furnished by public or
172 private agencies, organizations, or companies, under rules
173 adopted by the commissioner.

174 Sec. 13. The commissioner shall establish and maintain
175 reasonable standards for health, safety, and other conditions
176 under the work and training program.

177 Sec. 14. Each eligible person, with respect to work per-
178 formed under this Act, shall be covered by the workmen's
179 compensation law or shall otherwise be provided with compa-
180 rable protection.

181 Sec. 15. If earnings are received by an eligible person
182 for work under the program, all or part of the earnings may
183 be applied to reduce the cost of public assistance to the
184 person or his family, under rules adopted by the commissioner.
185 However, the commissioner may permit the eligible person to
186 retain a reasonable part of his earnings as an incentive pay-
187 ment, without reduction of public assistance.

188 Sec. 16. In determining needs for public assistance, ex-
189 penses and needs reasonably related to work or training under
190 the program shall be taken into account.

191 Sec. 17. When needed, arrangements shall be made for the
192 care of children during the absence from the home of a person
193 participating in work or training under the program.

194 Sec. 18. Eligible persons and their families shall be
195 offered other social services which the commissioner deems
196 advisable.

197 Sec. 19. For the purposes of the work and training program,
198 the commissioner may use or transfer to any other agency any of
199 the funds appropriated for public assistance and any other funds
200 lawfully available. State and federal funds allocated to
201 the program by the commissioner and the employment security
202 commission shall be at least equal to five percent of the
203 total state and federal funds available to the department
204 for assistance under chapter two hundred thirty-nine (239)
205 of the Code, unless the commissioner determines that a
206 lesser amount is sufficient to provide an adequate work
207 and training program for all eligible persons.

208 Sec. 20. The commissioner shall adopt rules to
209 implement this Act and achieve its purposes.

210 Sec. 21. No eligible person shall be deemed to be
211 an employee of the state or any of its subdivisions by
212 reason of his participation in the work and training program.
213 However, this section shall not prevent him from having
214 the status of an employee for the purposes of workmen's
215 compensation.

216 Sec. 22. If it is finally determined that any provision
217 of this Act would cause the work and training program to be
218 ineligible for federal financial assistance which the state
219 would otherwise receive, such provision may be suspended or
220 modified to the extent which is essential to obtain such
221 assistance.

222 Further amend House File 68, page one (1), by striking
223 the period at the end of line two (2) of the title and
224 inserting in lieu thereof the following:

225 "; incentives for such persons to become self-supporting;
226 and a work and training program for such persons."

Section 1. Chapter 697, 1966 Code, is hereby amended as follows:

1. By adding the following section:

"As used in this Act, unless the context otherwise indicates:

"1. 'Explosive device' means any material, container containing a chemical compound or mixture that is commonly used or intended for the purpose of producing an explosion, that contains any oxidizing and combustible materials or other ingredients, in such proportions, quantities or packing that an ignition by fire, by friction, by concussion or by detonation of any part of the compound or mixture may cause such a sudden generation of highly heated gases that the resultant gaseous pressures are capable of producing destructive effects on contiguous objects.

"2. 'Incendiary device' means any inflammable material or container containing an inflammable liquid or material whose ignition, by fire, friction, concussion, detonation, or other method is intended to produce destructive effects primarily through combustion rather than explosion.

"3. 'Molotov cocktail' means a breakable container containing an explosive or inflammable liquid or other substance, having a wick or similar device capable of being ignited, and may be described as either an explosive or incendiary device. A 'molotov cocktail' is not intended to mean a device commercially manufactured primarily for the purpose of illumination or other such uses."

"It shall be unlawful for any person to receive, possess, sell, purchase,

or manufacture a bomb, bombshell, grenade, or incendiary or explosive device including but not limited to black powder bombs and molotov cocktails, or materials which may be assembled into any such device; provided, however, that this section shall not apply to military and law-enforcement agencies and their personnel, and persons, firms, or corporations engaged in business, occupational or recreational use of commercial explosives, fireworks, fire arms, or ammunition when possession and use is otherwise authorized or permitted by law. SENATE CONCURRENT RESOLUTION 46

By Platt, Stanley, Van Gilst, Conklin and Neu

Whereas, the General Assembly has appropriated \$91,680,000.00 to the board of regents for the operation of the state universities for each year of the next biennium and this is an increase of 12.44 percent over the amount appropriated for the previous biennium; and

Whereas, it is the desire of the General Assembly to maintain reasonable tuition rates at our state universities; *Now, Therefore,*

Be It Resolved by the General Assembly of the State of Iowa:

1. The board of regents and the administrations of the state universities are respectfully requested to maintain student tuition and fees at a moderate and reasonable level, and they are respectfully urged not to increase student tuition and fees beyond the amount which is essential to maintain the academic quality of the universities.

2. The board of regents and the administrations of the state universities are respectfully requested, in order to provide quality education and avoid unreasonable tuition increases:

c. To review and increase, where appropriate, the teaching hours of faculty members.

d. To make a vigorous effort to cut all unnecessary expenditures, including but not limited to travel, printing and administrative costs.

HOUSE CONCURRENT RESOLUTION 27

By Klein and Millen

Whereas, the number of serious injuries and deaths occurring as a result of motor vehicle accidents has increased at an alarming rate; and

Whereas, a direct or contributing cause of a substantial number of motor vehicle accidents may be equipment failure; and

Whereas, federal highway safety legislation and rules and regulations promulgated pursuant thereto have placed the burden on state to establish a vehicle inspection program; and

Whereas, federal participating highway construction funds could be curtailed in the absence of consideration of vehicle inspection legislation; and

Whereas, no legislation currently exists in the State of Iowa to require motor vehicle safety inspections; now, therefore,

Be It Resolved by the House of Representatives, the Senate Concurring, That the Legislative Research Committee or its successor agency, conduct, or appoint a study committee to conduct, a legislative study, prior to the convening of the second session of the Sixty-third General Assembly, concerning the desirability and feasibility of establishing state-wide motor vehicle inspection procedures in this state; and

Whereas, the general assembly needs more information in order to determine the most effective and practicable methods of compliance with said federal laws, standards and regulations; Now Therefore,

Be It Resolved by the House, the Senate Concurring:

1. The Legislative Research Committee or its successor agency shall promptly cause a legislative study to be conducted of the action required, and the most effective and practicable methods, for compliance by the state of Iowa with the Federal Highway Safety Act of 1966, the Federal Highway Beautification Act of 1965, the relocation assistance provisions of the Federal Aid Highway Act of 1968, other mandatory federal legislation related to highway safety, beautification and construction, and mandatory federal standards and regulations under said laws.

2. The study may be conducted by a study committee, a standing committee, joint standing committees, or a joint subcommittee of standing committees, as determined by the Legislative Research Committee or its successor agency.

RESIGNATION OF EMPLOYEE

Senator Jim Griffin announced the resignation of his Secretary, Dwan Carter of Polk County, effective May 21, 1969.

EXPLANATION OF VOTE

My vote on House File 5 which was voted out of my social services committee with recommendations for passage as amended by the social services committee, as amended, was 11-1, Senator Balloun being the only dissenting vote. In view of the fact many of the committee members had changed their minds I felt obliged as chairman, to so advise the Senate; that the bill was recommended for passage, as amended.

House File 5 was placed on the noncontroversial calendar in order to have it considered in the last hours of this session. I could have had the bill stricken from noncontroversial calendar but felt action should be taken and a decision of the whole senate prevail.

If we are opening Mental Health hospitals in order to use them to full capacity and at maximum efficiency we should charge Commissioner Harmon with full responsibility for equally adjusted costs.

Charges for all services are prorated on the basis of cost to the institution, these costs in turn are to be paid by patient or next of kin. If the next of kin does not take care of this obligation, 80 percent of this cost is paid by the county board of supervisors. At the present time the cost per patient

at Glenwood and Woodward varies between \$10 and \$12 per patient per day. The reason they are sent to one of the mental institutes is that they are considered mental cases.

The average cost per mental patient at the mental institute varies from \$22 to \$25 per day. This means that some one must pay this difference of approximately \$12 per day. That would mean that the mental patient costs, which are high, would be increased by sufficient amount to pay for this difference. As you all realize, the appropriation to the social services designated to mental institutions is merely a revolving fund and this money must be replaced by the respective county, which in turn increases the property tax. This applies to 80 percent of the cost because the state absorbs 20 percent.

For example if the charge for mental patient is \$25 per day for 30 days the expense to the patient or next of kin or county board of supervisors would be \$750 a month.

In the case of the mentally retarded patients that are also emotionally disturbed or patients that enter the mental health hospital who have a charge of not to exceed the present cost at Glenwood or Woodward, which is less than \$12 per day for 30 days or \$360 a month. However if this is paid by the patient or next of kin, the maximum amount that they can be charged is \$60 per month per patient. In other words the parent of the mentally ill would pay more than 10 times as much (\$60 compared to \$750) for the same service at the same institute.

I think it is time the state of Iowa corrects this wide discrepancy and should support a program that would put the mental health patient on the same basis as the retarded and partially mentally disturbed. I feel that the state should furnish the additional cost as a state responsibility at state expense.

ERNEST KOSEK

HOUSE CONCURRENT RESOLUTION ADOPTED

House Concurrent Resolution 21

Senator Neu called up the following resolution:

HOUSE CONCURRENT RESOLUTION 21

By Holden

Whereas, the right to condemn private property for public use has been exercised by an increasing number of governmental agencies and private interests, and

Whereas, easements granted to utilities and others are of a permanent nature and thus place permanent restrictions on future use of the property, and

Whereas, the burden of easements for power lines and pipe lines is becoming tremendous in the growth areas of the state where some land owners have two, three or more corridors over their property by easement.

Whereas, the taking or using of private property often causes future hardship or financial loss to the owner beyond that which is readily discernible, and

Whereas, the number of protests, legal actions, and land owner unrest is increasing.

Whereas, landowners are demanding an over haul of the eminent domain law.

Whereas, both the rights of property owners and the need for a condemnation procedure have been recognized by law.

Whereas, the consideration of bills hastily prepared may result in legislation that is not in the public interest, and

Whereas, most of the complaints appear to be coming from the owners of agricultural land; now, therefore,

Be It Resolved by the House of Representatives, the Senate Concurring: That the House committee on agriculture cause a study to be made of the Iowa Constitution and statutes relating to the use of the rights of eminent

domain by public bodies and private interests, this study to be made during the interim between the 1969 and 1970 sessions. This study may be made by the House committee on agriculture in the event that it is to continue as a standing committee during this interim period; otherwise, it shall submit proposed legislation to this assembly providing for a special study committee to carry out the intent of this resolution.

Be It Further Resolved: That the committee conducting the study be directed to report study findings and committee recommendations, accompanied by legislation incorporating such recommendations, to the session of the General Assembly commencing in January, 1970.

Senator Shirley offered the following amendment by Senators Neu and Stephens:

Amend House Concurrent Resolution 21 as found on page 797 of the Senate Journal for April 8, 1969, by striking all after the first "Whereas," and inserting in lieu thereof the following:

"many provisions of the Iowa Code relating to eminent domain have remained unchanged for many years; and

Whereas, provisions relating to eminent domain are unclear in some instances; and

Whereas, dissatisfaction with the law relating to eminent domain has been expressed by segments of our society;

Now Therefore,

Be It Resolved by the House of Representatives, the Senate Concurring:

Section 1. The legislative research committee or its successor is directed to create a study committee as provided by law, which committee shall include members of the appropriate standing committees of the House of Representatives and Senate, to conduct during the 1969-1970 legislative interim a comprehensive study of the Iowa Code relating to eminent domain in order to provide for an up-dated and equitable law relating to eminent domain.

The study committee shall include non-legislative members known for special knowledge in the field of eminent domain.

Staff assistance shall be provided by the legislative research bureau and additional staff may be employed as deemed necessary by the legislative research committee or its successor.

A report of the study shall be prepared and submitted to members of the Sixty-third General Assembly and shall be accompanied by legislative bill drafts designed to carry out the recommendations of the committee."

Senator Shirley offered the following amendment to the amendment and moved its adoption:

Amend the Neu and Stephens amendment to House Concurrent Resolution 21, filed April 10, 1969, by adding after the word, "domain" in line 21 thereof, the following:

"including but not limited to the right of eminent domain exercised by private utilities and the procedure used by private utilities for the purchase of easements prior to petitioning the Commerce Commission to grant the right of eminent domain."

The amendment to the amendment was adopted.

Senator Shirley offered the following amendment to the amendment and moved its adoption:

Amend the Neu and Stephens amendment to House Concurrent Resolution 21, filed April 10, 1969, by adding the following new paragraph after line 23 thereof:

"With reference to the right of eminent domain exercised by private utilities, special emphasis shall be given by the study committee to the possibility of establishing utility corridors in the state, to the possibility of requiring an annual rental or fee to be paid an easement grantor, to the possibility of making more stringent the requirements for establishing by a private utility the necessity and suitability to the public use of a proposed franchise route, to the possibility of requiring individual notice to all land-owners potentially affected by proposed utility route prior to allowing the purchase of any easements by private utility, to the possibility of requiring potential future development of an area to be considered in determining the damage to be assessed in cases of condemnation by a private utility under right of eminent domain, and to the problems occasioned by the disparity of bargaining power between the utility and the private landowner. Nothing contained herein shall in any way be construed to limit the scope of the study to be made by the study committee."

The amendment to the amendment was adopted.

The amendment as amended was adopted.

Senator Neu moved the adoption of the resolution as amended.

The motion prevailed and the resolution as amended was adopted.

Senator Neu asked and received unanimous consent that **House Concurrent Resolution 21** be immediately messaged to the House, which request was complied with.
