EXPLANATIONS OF VOTE

MR. PRESIDENT: I voted against amendment S—504 to Senate File 376 for the reason that it provides an affirmative defense to an entire cause of action brought for unpaid rent and not a defense to that part of the rent sued for and which was increased by reason of the credit provided by the bill.

SENATE RESOLUTION 4

By Hill and Lamborn

Whereas, the Transportation Subcommittee of the Senate Appropriations Committee requested from the Iowa State Highway Commission a cost estimate of a suggested addition to the Commission Laboratory Building at Ames; and

Whereas, the "in house" cost estimate provided by the Commission appears to the Committee to be ridiculously high, and designed to encourage support for a more costly remodeling project; *Now Therefore*

Be It Resolved by the Senate: That the President of the Senate is hereby authorized to approve the payment of a sum of not more than \$500.00 for the employment of an architect to prepare an independent cost estimate of the aforementioned addition. The state comptroller is hereby authorized and directed to issue a warrant in payment upon a requisition signed by the President of the Senate, as provided for in sections two point eleven (2.11), two point twelve (2.12), and two point thirteen (2.13), Code 1971.

COMMUNICATION

The following communication has been received from the Secretary of Health, Education and Welfare and placed on file in the office of the Secretary of Senate:

April 25, 1973

Honorable Ralph R. Brown
Secretary of the Senate
Iowa Senate
Des Moines, Iowa 50319

Dear Mr. Brown:

Thank you for sending us the Senate Concurrent Resolution 28 concerning the proposed social service regulations.

I would like to comment on several of the proposed program changes mentioned in the resolution with the hope that some of the misconceptions can be cleared.

Under the proposed regulations, Federal social service funds may be used for day care for children to enable the parent to participate in employment, training, or receipt of needed services. Day care for this purpose may be provided in the child's own home or in any public or private facility which meets acceptable standards, including preschool, Head Start, or other similar centers.

However, day care which is not in support of the employment or training of the parent, but which is provided solely for the child for education or other purposes, would not be authorized under the proposed regulations.

The Department is sympathetic to the problem of those mothers whose income is above the standard for public assistance payment, but nevertheless depend on day care to retain their jobs. Day care for their children often prevents them from becoming dependent on public assistance. This is a complex problem and we are looking at possible alternative solutions to it. We are considering certain exceptions to the work related provisions for children with special handicaps, such as mental retardation, who also meet the other categorical requirements.

Title IV-A of the Social Security Act, Section 408(a) (1), provides for

Federal matching for foster care for dependent children if the child is removed from his own or a relative's home as a result of a judicial determination to the effect that continuation therein would be contrary to the welfare of the child. The regulation, therefore, is based on this requirement of this Act.

Foster care services consist of recruitment, study and approval of the foster family home or group care facility; counseling with the child, his own family and the foster family or group care facility prior to and during placement; services for the child while awaiting placement; services to improve conditions in the child's own home to enable the child to return to his home or to the home of a relative and periodic review of the placement to determine the continued appropriateness of foster care.

Under Title III of the Revenue Sharing Act of 1972, family planning is one of the five services specifically exempted from the requirement that not more than ten percent of Federal social service funds may be expended for persons who are not now applicants for or recipients of public assistance.

The Congress has recognized the value of family planning services. The Social Security Amendments of 1972 (H.R. 1) increased the Federal matching rate for family planning services to 90 percent under both the Aid to Families with Dependent Children program and the Medicaid program. Moreover, the offering, arranging and provision of family planning services is made mandatory under both programs. Any State failing to carry out this mandate under the AFDC program is penalized by a one percent reduction of all Federal funds for that program.

The comments contained in the resolution will be carefully analyzed and considered, together with others we have received, before a decision is reached on final regulations.

Sincerely,

CASPAR W. WEINBERGER
Secretary

SENATE RESOLUTION 4

By Hill and Lamborn

Whereas, the Transportation Subcommittee of the Senate Appropriations Committee requested from the Iowa State Highway Commission a cost estimate of a suggested addition to the Commission Laboratory Building at Ames; and

Whereas, the "in house" cost estimate provided by the Commission appears to the Committee to be ridiculously high, and designed to encourage support for a more costly remodeling project; *Now Therefore*

Be It Resolved by the Senate: That the President of the Senate is hereby authorized to approve the payment of a sum of not more than \$500.00 for the employment of an architect to prepare an independent cost estimate of the aforementioned addition. The state comptroller is hereby authorized and directed to issue a warrant in payment upon a requisition signed by the President of the Senate, as provided for in sections two point eleven (2.11), two point twelve (2.12), and two point thirteen (2.13), Code 1971.

By Murray, Schwieger, Briles, Gluba, Andersen, Schaben,
Van Gilst, Bergman and Robinson

Whereas, the provisions of the federal Hatch Act regarding political activity of federal employees also extend to state and local public employees who are paid wholly or in part out of federal funds, either directly or through grants-in-aid; and

Whereas, the increase in members and extent of federally-funded programs in which the states and local units of government participate results

in a larger number of public employees becoming subject to the provisions of the Hatch Act; and

Whereas, restrictions in state laws similar to those in the Hatch Act have been held by state and federal courts to be unconstitutional infringements upon the political rights of public employee citizens, and it is desirable to preserve for these citizens the maximum practicable right to participate in the political life of the nation and the states; *Now Therefore*,

Be It Resolved by the Senate, the House Concurring, That the Congress of the United States be memorialized to amend the federal Hatch Act by removing from it those provisions which prohibit state and local government employees from exercising the full rights and responsibilities of citizenship and taking an active part in the political life of their nation and state; and

Be It Further Resolved, That the Secretary of the Senate shall cause copies of this memorial to be sent to the presiding officer of the Senate, and of the House of Representatives of the United States and to each member of the Iowa Congressional delegation.

SENATE RESOLUTION 5

By Gluba, Plymat, Doderer, Hansen, Willits, Murray and Blouin

Whereas, Congress is now considering the Department of Defense's request for \$500 million additional transfer authority which is described by the Department of Defense as "necessary to provide the flexibility to transfer funds to meet requirements as they arise during the balance of the year", and

Whereas, \$150 million of the \$500 million transfer authority has already been used to fund Cambodian aerial combat operations which have taken place during the first months of this year, and

Whereas, the Iowa Senate feels quite strongly that this action amounts to a Congressional blank check approving combat activities which have already taken place and giving Congressional approval to any future combat activities, and

Whereas, this kind of after-the-fact approval is all too reminiscent of the entire history of United States involvement in Vietnam and especially of the Gulf of Tonkin Resolution, and

Whereas, the Iowa Senate does not want Congress to underwrite either continuation of aerial warfare or the reintroduction of United States ground combat forces in Southeast Asia, *Now Therefore*,

Be It Resolved by the Senate of the General Assembly of Iowa, That the Senate is frightfully concerned about the steady erosion of Congressional influence in the policy making decisions concerning Southeast Asia, and that the Iowa Senate is very apprehensive that the continuation of aerial warfare can result in eventual reintroduction of ground troops into a combat environment in Indo-China, and therefore the Iowa Senate urgently requests Congress to refuse the request from the Department of Defense for transfer authority and strongly commends to the attention of Congress the Iowa Senate's support for action which will enforce the terms of the Peace Treaty of Paris and prevent further combat activities by United States forces, and

Be It Further Resolved, That copies of this resolution be immediately

forwarded by the Secretary of the Senate to each member of the Iowa Congressional delegation.

SENATE RESOLUTION 6

By Committee on Ways and Means

Whereas, the Senate Committee on Ways and Means has been engaged in studying methods to repeal the tax on personal property; and

Whereas, pursuant to such study the Committee on Ways and Means has drafted and studied a bill which would repeal the personal property tax and provide a business activities tax to replace revenue which would be lost to political subdivisions of this state through the repeal of the personal property tax; and

Whereas, the Senate Committee on Ways and Means has approved a motion which provides that a five member subcommittee continue to study the proposed legislation which would repeal the personal property and substitute a business activities tax for such tax and seek approval of the legislative council for financing this subcommittee during the interim period between the first and second sessions of the Sixty-fifth General Assembly, *Now Therefore*,

Be It Resolved by the Senate, That the Senate approve the action of the Senate Committee on Ways and Means and that the legislative council be requested to approve the study as requested by this resolution and make available staff from the Legislative Service Bureau for such purpose, and that the study committee make a report of its findings to the legislative council and the Committee on Ways and Means of the Senate.

JOURNAL OF THE SENATE

ONE HUNDRED TWENTY-SECOND DAY

SENATE CHAMBER

DES MOINES, IOWA, THURSDAY, MAY 10, 1973

The Senate met in regular session, President Neu **presiding**.

The following prayer was offered by the Reverend Anthony Sigwarth, pastor of the St. Mary's Church, Dubuque, Iowa:

Almighty God, the clock here strikes
On many days historic hours;
For here our legislators are
Entrusted with momentous powers.

Bless them for they are Iowa;
The people's votes have sent them here;
And here they forge the destinies
Of many things that we hold dear.

Bless them and thru them bless the state
That great and good things may expand;
Their wisdom can make cities great
And keep in bloom this garden land.

So many voices cry to them;
With thunder speak majorities;
But statesmen also keep in mind
The plight of the minorities.

Almighty Father, share with them
Your glorious creativity
That Iowa's youth may find their dream
In the land of their nativity.

And may they please You, Mighty God,
In all that they enact and do
That, when elections come again,
They may deserve a vote from You.

The Journal of Tuesday, May 8, 1973, was approved.

ADOPTION OF RESOLUTION

House Concurrent Resolution 42

Senator Lamborn called up for consideration the following resolution:

HOUSE CONCURRENT RESOLUTION 42

By Holden and Cochran

Whereas, large numbers of resolutions have been introduced in both the House of Representatives and Senate calling for interim studies of numerous state functions; and

Whereas, the time period between the First and Second Sessions of the Sixty-fifth General Assembly is not determined and there have been many resolutions submitted calling for studies which resolutions appear to have merit but which resolutions, because of their complexity and number, may call for studies which could not be properly conducted during the next interim period; and

Whereas, there will probably be subcommittees of standing committees which will be studying bills presently before the general assembly which will carry over to the Second Session of the Sixty-fifth General Assembly; and

Whereas, it is impractical to accurately determine during floor debate the amount of hours of staff time required to complete such studies, within the limitations of funds which will be available, and assign precise priorities; *Now, Therefore*,

Be It Resolved by the House of Representatives, the Senate Concurring, That all resolutions calling for interim studies by the Legislative Council and by the Legislative Service Bureau which have not been adopted in both houses be delivered to the President pro tempore, on the part of the Senate and the Speaker of the House, on the part of the House, for consideration by the Legislative Council, which shall determine priorities and authorize such studies as may be feasible within the limits of the staff, time and funds available.

Senator Lamborn offered amendment S—536 and moved its adoption:

Whereas, the community of Maynard, Iowa is known for its aggressive spirit and is a community to which Iowans can point with pride; and

Whereas, Maynard, Iowa has survived one of the worst tornadoes in Iowa history in recent years and is now continuing as an aggressive community based upon an agricultural economy; and

SENATE CONCURRENT RESOLUTION 45

By Rodgers (Hutchins)

Whereas, the incidents of livestock rustling has increased considerably in recent months and has become a major law enforcement problem in this state; and

Whereas, other states, including the state of Nebraska, which have adopted comprehensive brand inspection programs report comparatively low incidences of livestock rustling; and

Whereas, House File 606 was introduced during the 1973 Session of the Sixty-fifth General Assembly to provide for the inspection of brands and other evidences of ownership when livestock is transported between inspection districts or sold in this state; and

Whereas, time limitations have precluded full study and consideration of House File 606 and additional study of the administration and implementation of a proposed brand inspection program is considered necessary; *Now Therefore*,

Be It Resolved by the Senate, the House of Representatives Concurring, That the legislative council is authorized to establish a study committee, as provided by law, which members shall include members of the appropriate standing committees of the House of Representatives and the Senate to conduct during the 1973-1974 legislative interim a comprehensive study of brands and brand inspection; and

Be It Further Resolved, That a report of the study shall be prepared and submitted to the legislative council and the members of the Sixty-fifth General Assembly, 1974 Session, and shall be accompanied by legislative bill drafts designed to carry out the recommendations of the committee.

REPORT OF THE CONFERENCE COMMITTEE ON HOUSE FILE 122

We, the undersigned members of the conference committee appointed to consider the difference between the Senate and the House of Representatives on House File 122, a bill for an Act to repeal the use tax exemption for tangible personal property used in interstate transportation or commerce, respectfully submit the following recommendation:

1. That the Senate recede from its amendment to House File 122.

On the part of the Senate:

WILLARD R. HANSEN, Chairman
MICHAEL T. BLOUIN
ROGER J. SHAFF

On the part of the House:

FLOYD H. MILLEN, Chairman
JOHN H. CLARK
JAMES I. MIDDLESWART
LOWELL E. NORLAND

EXPLANATION OF VOTE

MR. PRESIDENT: I voted "no" on Senate File 513 because the bill does not designate the specific federal programs for which cut or impounded federal funds would be replaced by Iowa funds and because the bill contained no criteria for the Governor or department head in making the decision on whether said funding should be replaced.

10 2. Public employers recognize the right of public

 12 full communication between public employers and public
 13 employee organizations to alleviate various forms of
 14 strike and unrest.

15 3. The state has an obligation to protect the public
 16 by attempting to assure the orderly and uninterrupted
 17 operations and functions of government.

18 4. The status of public employees is not completely
 19 comparable to that of private employees because of
 20 inherent differences in the employment relationship
 21 arising out of the unique fact that the public employer
 22 is established by and run for the benefit of all the
 23 people and its authority derives not from contract nor
 24 the profit motive inherent in the principle of free
 25 private enterprise, but arises from the Constitution

Page 2

1 and statutes.

2 It is the purpose of this Act to obligate public
3 employers, public employees, and their representatives
4 to enter into discussions with affirmative willingness
5 to resolve grievances and disputes relating to wages,
6 salaries, and other economic benefits. It is also the
7 purpose of this Act to promote the improvement of
8 employer-employee relations within state agencies and
9 political subdivisions of the state by providing a

12 or to refrain from joining, and be represented by such

14 with public agencies.

15 their grievances, or effectively to recommend such
16 action, if in connection with the foregoing the exercise
17 of such authority is not of a merely routine or clerical
18 nature, but requires the use of independent judgment.

19 7. "Meet and confer in good faith" means the process
20 whereby the chief executive of a public employer, or
21 his representatives and representatives of employee

10 or in any matter interfering with the operation of
11 any public employer.

13 unrestricted access to confidential personnel files

22 of this Act:

3 EXPLANATION

4 The bill provides for a meet and confer law for the
5 purpose of resolving disputes between public employers
6 and employee organizations representing public employees.

7 Section 1 states the public policy of the General
8 Assembly.

9 Section 2 defines the terms used throughout the
10 bill.

11 Section 3 lists the groups of public employees
12 excluded from the provisions of the bill.

13 Section 4 creates a Public Employment Relations Board
14 composed of three members appointed by the Governor
15 with the approval of two-thirds of the Senate. Members
16 are appointed for a term of six years, except that the
17 initial appointees shall serve terms of two, four, and
18 six years, respectively. The chairman of the board
19 is the only full-time member and receives a salary
20 comparable to that of a district court judge. The
21 remaining two members serve as needed receiving a one
22 hundred dollar per diem and expenses.

23 Section 5 outlines the duties of the board which
24 includes administrative functions and the authority
25 to resolve disputes.

Page 30

1 Section 6 authorizes public employees to form, join,
2 and participate in, or to refrain from joining or
3 participating in, employee organizations for the purpose
4 of meeting and conferring with public employers. A
5 public employee who is not a member of an employee
6 organization also is given the right to petition a
7 public employer to resolve grievances and disputes.

8 Section 7 permits supervisory employees to join and
9 participate in employee organizations which do not
10 include nonsupervisory employees. The section prohibits
11 the public employer from extending formal recognition
12 to employee organizations of supervisory personnel but
13 permits informal consultation at the discretion of
14 the public employer.

15 Section 8 guarantees certain traditional public
16 employer rights under the bill.

17 Section 9 provides procedures for the formal

18 recognition of employee organizations by the public
19 employer. It also provides that the public employment
20 relations board may determine the appropriate bargaining
21 unit.

22 Section 10 outlines the rights accompanying
23 recognition of an employee organization, including
24 authority for the public employer to make dues checkoffs
25 and giving representatives of the employee organization

Page 31

1 time off during normal working hours without loss of
2 compensation to meet and confer with the public employer.

3 Section 11 contains alternative procedures for
4 determining the recognition of local employee
5 organizations allowing public employers, other than
6 the state, to determine their own procedures for such
7 determination.

8 Section 12 outlines the matters which may be included
9 in a memorandum of agreement.

10 Section 13 outlines the procedures for implementing
11 a memorandum of agreement.

12 Section 14 provides the machinery for resolving
13 disputes arising in the course of discussions, including
14 mediation and fact-finding. The impasse procedures
15 established by the bill shall be used only in the event
16 the parties fail to agree upon procedures of their own.
17 The public employer and employee organization may agree
18 upon mediation, fact-finding, advisory arbitration,

SENATE CONCURRENT RESOLUTION 46

By Blouin, Plymat, Milligan, Potter, Andersen, Van Gilst, McCartney, Nystrom, Tieden, Hill, Miller of Marshall, Murray, Hultman, Bergman, Schwengels, Lamborn, Taylor, Heying, Glenn, Hansen, Doderer, Gluba, Palmer, Gallagher, Orr, Priebe, Schwieger, Rodgers, Nolin, Scott, Miller of Des Moines, Kinley, Curtis, Willits, Kelly, Winkelman, Kennedy, Shaw, and Schaben.

Whereas, it appears that some state agencies expend state revenue for entertaining members of the general assembly; and

Whereas, money appropriated to the state agencies is not intended to be

expended in this manner but should be used to benefit all citizens of Iowa;
Now Therefore,

Be It Resolved by the Senate, the House Concurring, That the general assembly declares that state agencies shall not expend public funds appropriated to those agencies for purposes of entertaining members of the general assembly.

EXPLANATIONS OF VOTES

MR. PRESIDENT: I was absent from the Senate chamber to attend the opening prayer in the House of Representatives with Reverend John McClean of Mason City, minister of the day. Had I been present, I would have voted "aye" on Senate File 324.

KENNETH D. SCOTT

MR. PRESIDENT: I voted against Senate File 134 because I believe the Curtis-McCartney amendment does take approximately \$50,000 from the State Board of Accounting fund and revert it to the General Fund. This I believe is wrong as these accountants paid their fees to their board. I do not believe they should fund the state budget with trust fund money.

Be It Resolved by the House of Representatives, the Senate Concurring, That the following claims, duly processed by the state appeal board and rejected by the joint claims committee, be considered by the Senate and the

EARL WILLITS

Senator Coleman moved that the vote by which Senate File 321 passed the Senate be reconsidered and the motion to reconsider be laid on the table.

Senator Blouin raised the point of order that the motions to

reconsider filed by Senators Willits and Rabedeaux should have precedence over the motion by Senator Coleman.

The Chair ruled the point not well taken and that under Senate Rule 25 the motion to reconsider and lay on the table is a single and indivisible motion and has precedence over a motion to reconsider if filed on the same legislative day.

On the question "Shall the motion to reconsider be laid on the table?" (S.F. 321) the vote was:

Rule 24 was invoked.

EXPLANATIONS OF VOTES

MR. PRESIDENT: I voted "no" on amendment S—661 to House File 315 and "no" on the bill as amended for the reason that I believe we should have passed the proposal as originally recommended by the Governor. By the appropriation action today, we may have committed funds that should be kept available for reasonable and adequate funding for appropriations to the board of regents, conservation—open spaces program, property tax relief for the elderly, increased funding for the aid to dependent children program and the department of environmental quality, to cite a few examples.

GEORGE F. MILLIGAN

MR. PRESIDENT: I voted against amendment S—661 to House File 315 and against the bill as amended because I felt that it would endanger pending appropriations such as property tax relief to the elderly, board of regents, drug abuse authority, the state assumption of county welfare costs, state reimbursement of the livestock tax credit, of which the latter two could provide significant local property tax relief. The bill, as amended by S—661, may become an open invitation to reduce expenditures in these vital areas in order to fulfill the contingency within the act by artificially achieving the required treasury balance. Additionally, I feel that highway construction needs of Iowa will be best met at this time by a bonding program for limited routes, and I support that concept.

WILLARD R. HANSEN

BILL ASSIGNED TO COMMITTEE

President Neu announced the assignment of the following bill to committee:

H. F. 766 Appropriations

SENATE RESOLUTION 8

By Ramsey

Whereas, the state of Iowa faces an immediate fuel crisis of unknown duration; and

Whereas, the agricultural and industrial needs of this state are immi-

nently affected by the growing fuel shortage, and Iowa's economy and the well-being of its citizens are being jeopardized, *Now Therefore*,

Be It Resolved by the Senate, That the governor is urged to rescind his annual order sending national guard units to training camps outside the borders of this state in order that the fuel consumed on these trips be conserved; and

Be It Further Resolved, That the governor direct all department heads of state agencies to institute policies and procedures to curtail the use of gasoline and other fuels; and

Be It Further Resolved, That the executive branch undertake the study of the use of fuel in this state and the possibility of establishing a system of priorities for the use of fuel at times when the fuel shortage has a detrimental effect on the economy of this state and the well-being of its citizens; and

Be It Further Resolved, That recommendations for legislation based on the study conducted by the executive branch be submitted to the Sixty-fifth Iowa General Assembly meeting in the year 1974.

ANNOUNCEMENT BY PRESIDENT OF THE SENATE

President Neu announced the appointment of the following Senators to the Interstate Cooperation Commission for two-year terms beginning May 1, 1973, in accordance with Chapter 28B.1, Code 1973: James W. Griffin, Sr., John Murray, William Palmer, W. R. Rabedaux and James F. Schaben.

REPORT OF CONTEST COMMITTEE

Mr. President and Members of the Senate:

We, the undersigned, members of the committee to whom was referred the matter of the election contest between Arlo Hullinger, contestant, and Richard Ramsey, incumbent, for the position of Senator from the Forty-seventh Senatorial District of Iowa, submit the following report:

This committee met on numerous occasions. All members have examined the statement contesting the results of the special election held January 4, 1973, and the affidavits accompanying the same. The committee physically counted each ballot cast in the said election and examined all ballots marked "disputed" or which were not counted. The result of this actual count reflected that the incumbent, Richard Ramsey, received 4,013 votes and the contestant, Arlo Hullinger, received 3,987 votes.

The affidavits indicate that the affiants believe there were possible violations of state law governing elections in this election but the committee is unable to segregate the ballots cast under the conditions complained of in the affidavits. If there were, in fact, violations of state law, these may be attended to through the regular criminal law procedures, including presentation of evidence to the appropriate authorities and grand juries. Because of disparities between counties in the method of conducting this election, your committee recommends that our state laws on elections be followed and that the Secretary of State and the respective County Auditors see to it that uniformity in such methods is obtained.

The committee visited personally and at length with the contestant and after due consideration of the ballots recounted, of the affidavits and of statement of contest and after conferring with the contestant, your com-

mittee unanimously determined that the official certification showing the incumbent, Richard Ramsey, to be duly elected to the office of State Senator from the Forty-seventh Senatorial District to be correct. The committee unanimously declares that Richard Ramsey be declared to be the duly elected Senator from the Forty-seventh Senatorial District, and that his seat in the Senate be confirmed.

Respectfully submitted,

RALPH F. McCARTNEY, Chairman
BASS VAN GILST
CALVIN O. HULTMAN
W. R. RABEDAUX
EARL M. WILLITS

REPORT OF CONTEST COMMITTEE ADOPTED

Senator McCartney called up the following Report of Contest Committee filed on May 30, 1973, and moved its adoption:

Mr. President and Members of the Senate:

We, the undersigned, members of the committee to whom was referred the matter of the election contest between Arlo Hullinger, contestant, and Richard Ramsey, incumbent, for the position of Senator from the Forty-seventh Senatorial District of Iowa, submit the following report:

This committee met on numerous occasions. All members have examined

the statement contesting the results of the special election held January 4, 1973, and the affidavits accompanying the same. The committee physically counted each ballot cast in the said election and examined all ballots marked "disputed" or which were not counted. The result of this actual count reflected that the incumbent, Richard Ramsey, received 4,013 votes and the contestant, Arlo Hullinger, received 3,987 votes.

The affidavits indicate that the affiants believe there were possible violations of state law governing elections in this election but the committee is unable to segregate the ballots cast under the conditions complained of in the affidavits. If there were, in fact, violations of state law, these may be attended to through the regular criminal law procedures, including presentation of evidence to the appropriate authorities and grand juries. Because of disparities between counties in the method of conducting this election, your committee recommends that our state laws on elections be followed and that the Secretary of State and the respective County Auditors see to it that uniformity in such methods is obtained.

The committee visited personally and at length with the contestant and after due consideration of the ballots recounted, of the affidavits and of statement of contest and after conferring with the contestant, your committee unanimously determined that the official certification showing the incumbent, Richard Ramsey, to be duly elected to the office of State Senator from the Forty-seventh Senatorial District to be correct. The committee unanimously declares that Richard Ramsey be declared to be the duly elected Senator from the Forty-seventh Senatorial District, and that his seat in the Senate be confirmed.

Respectfully submitted,

BASS VAN GILST
CALVIN O. HULTMAN

SENATE CONCURRENT RESOLUTION 48

By Doderer, Curtis, Schwieger, Palmer, Van Gilst, Riley,
Rodgers, Ramsey, Schwengels and Kinley

Whereas, the Multistate Tax Commission, created in the year 1967, is composed of twenty-one states as regular members and fifteen states as associate members and it is expected that additional states will become either regular or associate members within the near future; and

Whereas, some of the stated objectives of the Multistate Tax Commission are the reduction of the complexities of the taxation of multistate businesses, the protections of revenues of member states and the interest of local taxpayers, the reduction of compliance problems of taxpayers which do multistate business, and the avoidance of double taxation for multistate businesses; and

Whereas, the Multistate Tax Commission has implemented a joint national audit program which may be of benefit to states and businesses because of providing qualified auditors, reducing the number of audits a business will be subjected to, eliminating costly duplication in tax administration and reducing the cost per dollar of tax compliance; and

Whereas, a state may become an associate member of the Multistate Tax Commission without cost to the state except for costs of attending meetings and conferences by the state's representatives, and such membership entitles a state to attend all meetings of the Multistate Tax Commission, receive information developed by the Multistate Tax Commission, and determine if membership or participation in the Multistate Tax Commission would be beneficial to a particular state, *Now Therefore*,

Be It Resolved by the Senate, the House Concurring, That the General Assembly approves Iowa's participation as an associate member in the Multistate Tax Commission and that appropriate members of the executive and legislative branches of government be appointed to represent the state of Iowa in its capacity as an associate member of the Multistate Tax Commission in order that information might be gained which will enable the state of Iowa to determine the degree it might wish to participate in and cooperate with all other states which are members of the Multistate Tax Commission in the future.

act providing a method of apportionment of valuation of electric power generating plants of more than one hundred megawatts, was taken up for consideration.

2 ing clause and inserting in lieu thereof the following:

3 Section 1. Chapter four hundred twenty-eight (428), Code
4 1973, is amended by adding the following new section:

5 *NEW SECTION.* 1. As used in this section, unless the context
6 otherwise requires:

7 a. "Taxable value" means twenty-seven percent of the actual
8 value of an electric power generating plant.

9 b. "Electric power generating plant" means each taxable name
10 plate rated electric power generating plant owned solely or
11 jointly by any person in which electrical energy is produced from
12 other forms of energy, including all equipment used in the pro-
13 duction of such energy through its step-up transformer.

14 c. "Electric operating property" means all electric property
15 belonging to such owner, as determined by the department of
16 revenue and assessed by it under chapter four hundred twenty-eight
17 (428) and chapter four hundred thirty-seven (437) of the Code,
18 except electric power generating plants.

19 2. Notwithstanding sections four hundred twenty-eight point
20 twenty-five (428.25) and four hundred twenty-eight point twenty-
21 seven (428.27) of the Code, the taxable value of an electric
22 power generating plant placed in commercial service after Decem-
23 ber 31, 1972, shall be apportioned by the director of revenue,
24 commencing with the year 1973, as follows:

25 a. The first twelve million dollars of taxable value shall be

Page 2

1 apportioned to the taxing districts in which each such plant is
2 situated.

3 b. The remaining taxable value shall be apportioned to each
4 taxing district in which electric operating property of the owner
5 thereof is located, in the ratio that the actual value of that
6 part of such owner's electric operating property which is located
7 in the affected taxing district bears to the total actual value
8 of the electric operating property of such owner located in the
9 state. If the owner has no taxable property in this state other
10 than the electric power generating plant which is assessed, then
11 the remainder shall be assessed and levied on at the current rate
12 of the taxing district in which the plant is located. Tax moneys
13 received from such remainder assessments and levies shall be paid
14 to the county treasurer, who shall pay such tax moneys to the
15 treasurer of state not later than fifteen days from the date the
16 moneys are received by the county treasurer for deposit in the

17 general fund of the state.

18 c. Notwithstanding the provisions of paragraph b of this
19 subsection, if the owner is a municipal electric utility, the
20 remaining taxable value shall be allocated to each taxing district
21 in which the municipal electric utility is serving customers and has
22 electric meters in operation in the ratio that the number of
23 operating electric meters of the municipal electric utility lo-
24 cated in the taxing district bears to the total number of operating
25 electric meters of the municipal electric utility in the state

Page 3

2 is made. If the municipal electric utility has no operating
3 electric meters in this state, then the remainder shall be
4 assessed and levied on at the current rate of the taxing district
5 in which the electric power generating plant is located. Tax
6 moneys received from such remainder assessment and levies shall
7 be paid to the county treasurer, who shall pay such tax moneys to
8 the treasurer of state not later than fifteen days from the date
9 the tax moneys are received by the county treasurer for deposit
10 in the general fund of the state.

11 All municipal electric utilities which shall have taxable value
12 apportioned under this section shall, annually on or before the
13 first day of May of each calendar year, make a report listing the
14 total operating meters of the municipal electric utility in each
15 taxing district it serves as of the first day of January of each
16 calendar year on forms provided by the department of revenue.

17 d. If an electric power generating plant is jointly owned by
18 two or more owners, each owner's pro rata share of the first
19 twelve million dollars of taxable value shall be apportioned to
20 the taxing district or districts in which such plant is situated.
21 Each owner's pro rata share of the remainder of such taxable value
22 shall be allocated as provided in paragraphs b and c of this
23 subsection, whichever is applicable.

7 two hundred thirty-eight (321.238), Code 1973, is
8 amended by adding the following new subsections:

9 **NEW SUBSECTION.** As used in this section, "sale"
10 means the delivery of possession of a vehicle to
11 a person who has purchased or contracted to purchase
12 the vehicle.

13 **NEW SUBSECTION.** After an investigation and hearing
14 conducted by a hearing officer designated by the
15 commissioner of public safety held in the county
16 in which the inspection station is located, the
17 commissioner may, if the hearing officer finds that
18 the inspection station is not properly equipped or
19 it is not properly conducting inspections, issue
20 a warning, suspend the vehicle inspection station's
21 permit for a period not to exceed ninety days, or
22 revoke the vehicle inspection station's permit and
23 require the operator of the vehicle inspection station
24 to surrender the permit issued to the operator.

25 **NEW SUBSECTION.** Notice of the suspension or

Page 10

1 revocation shall be by certified mail, return receipt
2 requested, addressed to the operator of the vehicle
3 inspection station for which the permit was issued.
4 The suspension or revocation shall become effective
5 ten days from the date of the mailing of the notice
6 unless the permit holder files a written request
7 for a review hearing of the suspension or revocation
8 order. The review hearing shall be de novo and shall
9 be conducted at the seat of government by a review
10 board composed of the following persons:

- 11 a A senior officer of the Iowa highway safety
- 12 patrol designated by the commissioner.
- 13 b. The state car dispatcher or his designee.
- 14 c. An employee of the state highway commission
- 15 experienced in automotive mechanics designated by
- 16 the director of highways.

17 Notwithstanding any other rule or statute to the
18 contrary, the deposition of any witness taken in
19 the manner prescribed by the rules of civil procedure
20 shall be admissible at any hearing conducted by the
21 review board in lieu of the witness appearing in
22 person. Costs of depositions shall be paid from
23 the motor vehicle inspection fund.

24 After the hearing, the review board may sustain,
25 modify, or reverse the commissioner's order of

Page 11

1 suspension or revocation. A suspension or revocation
2 sustained or modified by the review board shall take
3 effect ten days from the date of the decision, unless
4 the permit holder files an appeal in the district
5 court of the county in which the vehicle inspection
6 station is located within ten days from the date
7 of the decision of the review board. The order of
8 suspension or revocation sustained or modified and
9 appealed to the district court shall become effective
10 ten days from the date the appeal is filed unless
11 the suspension or revocation is stayed by the court.

12 The review board shall have the power to issue
13 subpoenas to compel the attendance of witnesses and
14 the production of documents, papers, books, records
15 and other evidence before it in any hearing conducted
16 by it under this section.

17 If any person shall refuse to obey any such sub-
18 poena, or to give testimony, or to produce evidence
19 as required thereby, any judge of the district court
20 of the state in and for Polk County may, upon
21 application and proof of such refusal, make an order
22 awarding process of subpoena, or subpoena duces
23 tecum, out of the said court, for the witness to
24 appear before the review board and to give testimony,
25 and to produce evidence as required thereby. Upon

Page 12

1 filing such order in the office of the clerk of said
2 court, the clerk shall issue process of subpoena,
3 as directed, under the seal of said court requiring
4 the person to whom it is directed to appear at the
5 time and place therein designated.

6 Witnesses shall receive three dollars for each
7 day's attendance and ten cents per mile for each
8 mile actually traveled. Witnesses shall be
9 compensated from the motor vehicle inspection fund.
10 The treasurer of state may make rules setting forth
11 the procedure for such reimbursement.

12 *NEW SUBSECTION.* In any proceedings to suspend
13 or revoke a vehicle inspection station's permit,
14 there shall be a presumption that the inspection
15 of a motor vehicle was properly conducted unless
16 a written notice specifying the complaint is given
17 to the operator or an employee of the vehicle
18 inspection station which inspected the vehicle within
19 fifteen calendar days after the date of the inspection
20 or before the vehicle has been driven five hundred
21 miles after the inspection, whichever occurs first,
22 or if the vehicle inspection station sold the motor
23 vehicle, within fifteen calendar days after the date
24 of the sale or before the vehicle has been driven
25 five hundred miles after the sale, whichever occurs

Page 13

1 first. The written notice may be informal. This
2 presumption may be overcome only by clear and

3 convincing evidence.

4 *NEW SUBSECTION.* No person shall knowingly deliver
5 possession of a motor vehicle, trailer or semitrailer
6 to a person who has purchased or contracted to
7 purchase at retail such motor vehicle, trailer, or
8 semitrailer which does not contain those parts or
9 is not equipped with such lamps and brakes and other
10 equipment in proper condition and adjustment as
11 required by this chapter or which is equipped in
12 any manner in violation of the chapter, except when
13 such sale is made in accordance with the provisions
14 of section three hundred twenty-one point fifty-one
15 (321.51) of the Code.

16 Sec. 8. Chapter three hundred twenty-one (321),
17 Code 1973, is amended by adding the following new
18 section:

19 *NEW SECTION.* No person shall knowingly permit
20 a prospective purchaser to test drive a motor vehicle

INTRODUCTION OF BILL

Senate File 611, by committee on appropriations, a bill for an act making an appropriation to the educational radio and television facility board for the purpose of making capital improvements for services in the northwest and southwest areas of the state.

Read first time and placed on calendar.

SENATE CONCURRENT RESOLUTION 49

By Lamborn

Whereas, various methods of financing special education programs have been presented during the last several years; and

Whereas, section two hundred eighty-one point eleven (281.11) of the Code provides an open-end appropriation for reimbursement to school districts, county boards of education, and joint county boards for expanded special education programs; and

Whereas, there has been a basic change in school finance from general aid to the foundation program; and

Whereas, it is presently less difficult to identify children who require some form of special education than it has been in the past because of improved educational technology; and

Whereas, it is recognized that education for all children should be provided at a level within their capabilities; *Now Therefore*,

Be It Resolved by the Senate, the House Concurring, That the legislative council establish a study committee for the purpose of conducting a comprehensive study of the methods of financing special education programs; and

Be It Further Resolved, That the study committee shall consist of legislators representing both the Senate and the House of Representatives

and both political parties and may include nonlegislative members knowledgeable in the subject area; and

Be It Further Resolved, That the study committee make periodic reports to the legislative council and submit a final report, along with necessary bill drafts to implement its recommendations, to the legislative council. Copies of the report accepted by the legislative council shall be submitted to the Second Session of the Sixty-fifth General Assembly meeting in 1974.

SENATE CONCURRENT RESOLUTION 50

By Lamborn and Miller of Des Moines

Whereas, compensation of county officers frequently is based on hasty surveys and estimates made prior to legislative sessions; and

Whereas, such surveys and estimates usually include only direct compensation and do not give adequate attention to other forms of fringe benefits or increases in the cost of living; and

Whereas, such compensation is reconsidered only at sporadic intervals, related not to need but rather to extraneous concerns; *Now Therefore*,

Be It Resolved by the Senate, the House Concurring, That the legislative council establish a study committee for the purpose of reviewing all aspects of county officers' compensation, including comparisons with other governmentally and privately employed personnel as well as comparisons between county officers in light of different responsibilities and duties; and

Be It Further Resolved, That the study committee shall consist of legislators representing both the Senate and the House of Representatives and both political parties and may include nonlegislative members knowledgeable in the subject area; and

Be It Further Resolved, That the study committee make periodic reports to the legislative council and submit a final report, along with necessary bill drafts for implementation of recommendations, to the legislative council. Copies of the report accepted by the legislative council shall be submitted to the Second Session of the Sixty-fifth General Assembly meeting in 1974.

REPORT OF THE CONFERENCE COMMITTEE ON SENATE FILE 26

To the President of the Senate and the Speaker of the House of Representatives:

We, the undersigned members of the conference committee appointed to consider the differences between the Senate and House of Representatives on Senate File 26, a bill for an Act to provide for deferred sentences, respectfully make the following recommendations:

1. That the House recede from its amendment and that Senate File 26, as amended, passed, and reprinted by the Senate, be amended as follows:

1. By striking everything after the enacting clause and inserting in lieu thereof the following:

Section 1. *NEW SECTION*. DEFERRED JUDGMENT OR SUSPENDED SENTENCE—PROBATION. The trial court may, upon a plea of guilty, verdict of guilty, or a special verdict upon which

a judgment of conviction may be rendered, exercise either of the options contained in subsections one (1) and two (2) of this section. However, this section shall not apply to the crimes of treason, murder, or violation of section two hundred four point four hundred one (204.401), subsection one (1) or two (2) of the Code, to which section two hundred four point four hundred nine (204.409), subsection two (2) of the Code is not applicable and which is not proved to be an accommodation offense under section two hundred four point four hundred ten (204.410) of the Code.

1. With the consent of the defendant, the court may defer judgment and place the defendant on probation upon such terms and conditions as it may require. Upon fulfillment of the terms of probation the defendant shall be discharged without entry of judgment. Upon violation of the terms, the court may enter an adjudication of guilt and proceed as otherwise provided.

However, this subsection shall not be available if any of the following is true:

a. The defendant attempted to kill anyone during the commission of the offense.

b. The defendant purposefully inflicted or attempted to inflict a serious injury upon anyone during the commission of the offense. "Serious injury" means death, permanent disability or disfigurement, protracted loss or impairment of the function of any body member or organ, an injury requiring extended treatment or a prolonged healing period, a disabling mental illness requiring extended treatment or prolonged care, or an injury which at the time of deferment of judgment appears likely to result in any of the foregoing.

c. The defendant used, threatened to use or displayed in a threatening manner a dangerous weapon during the commission of the offense. "Dangerous weapon" means any instrument or device designed primarily for use in inflicting death or injury upon a human being or other living creature, and which is capable of inflicting death upon a human being when used in the manner for which it was designed. "Dangerous weapon" also includes any instrument or device of any sort whatsoever which is actually used in such a manner as to indicate that the defendant intends to inflict death or serious injury upon anyone and which, when so used, is capable of inflicting death upon a human being.

d. The defendant kidnaped any person for ransom during the commission of the offense.

e. During the commission of the offense the defendant committed rape or sodomy by force or threat of force, committed assault with intent to commit rape by force or threat of force, committed or attempted to commit rape of or sodomy with a child twelve years of age or under, or committed a violation of section seven hundred twenty-five point two (725.2) of the Code with respect to a child twelve years of age or under and which included any of the following: force or threat of force, fondling or touching the child in a lewd manner, or soliciting a sexual act with the child.

f. The defendant has been previously convicted of a felony.

"Felony" means a conviction in a court of this or any other state or of the United States, of an offense classified as a felony by the law under which he was convicted at the time of his conviction.

g. Prior to the commission of the offense the defendant had been granted a deferred judgment or similar relief, two or more times anywhere in the United States.

h. Prior to the commission of the offense the defendant had been granted a deferred judgment or similar relief in a felony prosecution anywhere in the United States within the preceding five years, measured from the date of granting of deferment of judgment to the date of commission of the offense.

Any deferment of judgment under this subsection shall be promptly reported to the supreme court administrator who shall maintain a permanent record thereof including the name of the defendant, the district court docket number, the nature of the offense, and the date of the deferment. Before granting deferment in any case, the court shall request of the supreme court administrator a search of the deferred judgment docket and shall consider any prior record of a deferment or judgment against the defendant. The permanent record provided for in this subsection shall constitute a confidential record exempted from public access under section sixty-eight A point seven (68A.7) of the Code and shall be available only to justices of the supreme court, district judges, district associate judges, and judicial magistrates requesting information pursuant to this subsection.

2. By record entry at time of or after sentencing, the court may suspend the sentence and place the defendant on probation upon such terms and conditions as it may require.

Before exercising either of the options contained in subsections one (1) and two (2) of this section, the court shall first determine which of them will provide maximum opportunity for the rehabilitation of the defendant and protection of the community from further offenses by the defendant and others. In making this determination the court shall consider the age of the defendant, his prior record of convictions, if any, his employment circumstances, his family circumstances, the nature of the offense committed, whether a dangerous weapon or force was used in the commission of such offense, and such other factors as shall be appropriate. The court shall file a specific written statement of its reasons for and the facts supporting its decision to defer judgment or to suspend sentence and its decision on the length of probation.

Sec. 2. *NEW SECTION.* LENGTH OF PROBATION. The length of the probation shall be for such term as the court may fix but not to exceed five years if the offense is a felony or not to exceed two years if the offense is a misdemeanor, unless the person is ordered placed under the supervision of the chief parole officer, in which case the term of probation shall be determined by the board of parole and the probation of the defendant shall be supervised by the chief parole officer.

The length of the probation shall not be less than one year and shall not be less than two years if the offense is a felony. However, the court may subsequently reduce the length of the probation if the court determines that the purposes of probation have been fulfilled, as provided in section six (6) of this Act.

In determining the length of the probation, the court shall first determine what period is most likely to provide maximum opportunity for the rehabilitation of the defendant, to allow enough time to determine whether or not rehabilitation has been successful, and to protect the community from further offenses by the defendant and others.

Sec. 3. *NEW SECTION. PRESENTENCE INVESTIGATION.* Upon a plea of guilty, verdict of guilty, or special verdict upon which a judgment of conviction of any public offense may be rendered, the court shall receive from the state and from the defendant any information which may be offered which is relevant to the question of sentencing. The court may consider information from other sources, and may, if the offense is a felony, order a presentence investigation to be made.

The court may withhold execution of any judgment or sentence for such time as shall be reasonably necessary for an investigation with respect to deferment of judgment or suspension of sentence and probation. The investigation shall be made by a probation officer, by the agency in charge of parole agents, or by another appropriate agency, as determined by the court.

Sec. 4. *NEW SECTION. PRESENTENCE INVESTIGATION AND REPORT.*

Whenever a presentence investigation is ordered by the court, the investigator shall promptly inquire into the defendant's characteristics, family and financial circumstances, needs, and potentialities; his criminal record and social history; the circumstances of the offense; the time the defendant has been in detention; and the harm to the victim, his immediate family, and the community. All local and state mental and correctional institutions, courts, and police agencies shall furnish to the investigator on request the defendant's criminal record and other relevant information. With the approval of the court, a physical examination of the defendant may be ordered, or the defendant may be committed to a psychiatric facility for an evaluation of his personality and mental health. The results of any such examination shall be included in the report of the investigator.

Sec. 5. *NEW SECTION. REPORT CONFIDENTIAL.* The court may, in its discretion, make the presentence investigation report or parts of it available to the defendant, or the court may make the report or parts of it available while concealing the identity of the person who provided confidential information. The report of any medical examination or psychiatric evaluation shall be made available to the attorney for the state and to the defendant upon request. Such reports shall be part of the record but shall be sealed and opened only on order of the court. In any case where the defendant

is committed to the custody of the department of social services, a copy of the presentence investigation report shall be sent to the department at the time of commitment.

Sec. 6. *NEW SECTION. DISCHARGE FROM PROBATION.* At any time that the court determines that the purposes of probation have been fulfilled, the court may order the discharge of any person from probation. At the expiration of the period of probation, in cases where the court fixes the term of probation, the court shall order the discharge of such person from probation, and the court shall forward to the governor a recommendation for or against restoration of citizenship rights to such person. A person who has been discharged from probation shall no longer be held to answer for his offense. Upon discharge from probation, if judgment has been deferred under section one (1) of this Act, the court's criminal record with reference to the deferred judgment shall be expunged. The record maintained by the supreme court administrator required by section one (1) of this Act shall not be expunged. The court's record shall never be expunged in any other circumstances except as provided in section six hundred two point fifteen (602.15) of the Code.

Sec. 7. *NEW SECTION. CUSTODY OF COURT PROBATIONER—RECORD*

TO CHIEF PAROLE OFFICER. When probation is granted under section one (1) of this Act, the court shall order said person committed to the custody, care, and supervision:

1. Of any suitable resident of this state; or
2. Of the chief parole officer. The chief parole officer shall not, however, accept the custody, care and supervision of any person granted probation from a sentence to a term in a county jail or any other person who in the judgment of the chief parole officer could not be properly supervised.

In each case wherein the court shall order said person committed to the custody, care, and supervision of the chief parole officer, the clerk of the district court shall at once furnish the chief parole officer with certified copies of the indictment or information, the minutes of testimony attached thereto, the judgment entry if judgment is not deferred, and the original mittimus. The county attorney shall at once advise the chief parole officer, by letter, that the defendant has been placed under the chief parole officer's supervision and give to the chief parole officer a detailed statement of the facts and circumstances surrounding the crime committed and the record and history of the defendant as may be known to him. If the defendant is confined in the county jail at the time of sentence, the court may order him held until arrangements are made by the chief parole officer for his employment and he has signed the necessary probation papers. If the defendant is not confined in the county jail at the time of sentence, the court may order him to remain in the county wherein he has been convicted and sentenced and report to the sheriff as to his whereabouts.

Sec. 8. *NEW SECTION. RESTITUTION.*

1. As used in this section, unless the context otherwise requires:

a. "Victim" means any person who has suffered pecuniary damages as a result of the defendant's criminal activities. However, with respect to any part of a victim's pecuniary damages paid by an insurer, the insurer shall be regarded as the victim only if the insurer has no right of subrogation and the insured has no duty to pay the proceeds of restitution to the insurer.

b. "Pecuniary damages" means all damages which a victim could recover against the defendant in a civil action arising out of the same facts or event, except punitive damages and damages for pain, suffering, mental anguish, and loss of consortium. Without limitation, "pecuniary damages" includes damages for wrongful death.

c. "Criminal activities" includes any crime for which there is a plea of guilty, verdict of guilty, or special verdict upon which a judgment of conviction may be rendered and any other crime committed after July 1, 1972 which is admitted or not contested by the defendant, whether or not prosecuted. However, "criminal activities" does not include misdemeanors under chapter three hundred twenty-one (321) of the Code.

d. "Restitution" means full or partial payment of pecuniary damages to a victim.

2. It is the policy of this state that restitution be made by each violator of the criminal laws to the victims of his criminal activities to the extent that the violator is reasonably able to do so. This section shall be interpreted and administered to effectuate this policy.

3. If the trial court exercises either of the sentencing options under section one (1) of this Act, the court shall require as a condition of probation that the defendant, in cooperation with the probation officer assigned to the defendant, promptly prepare a plan of restitution, including a specific amount of restitution to each victim and a schedule of restitution payments. If the defendant is presently unable to make any restitution but there is a reasonable possibility that the defendant may be able to do so at some time during his probation period, the plan of restitution shall also state the conditions under which or the event after which the defendant will make restitution. If the defendant believes that he will not be able to make any restitution, he shall so state and shall specify the reasons. If the defendant believes that no person suffered pecuniary damages as a result of the defendant's criminal activities, he shall so state.

4. The defendant's plan of restitution and the comments of his probation officer shall be submitted promptly to the court. The court shall promptly enter an order approving the plan or modifying it and providing for restitution payments to the extent that the defendant is or may become reasonably able to make restitution, taking into account the factors enumerated in subsection five (5) of this section. Compliance with the plan of restitution as approved or modified by the court shall be a condition of the defendant's probation. Restitution payments shall be made to the clerk unless otherwise directed by the court. The court thereafter

may modify the plan at any time upon the defendant's request or upon the court's own motion. If the plan as approved or modified does not require full payment of pecuniary damages to all victims, or if the court determines that the defendant is not able and will not be able to make any restitution at any time during his probation period or that no person suffered pecuniary damages as a result of the defendant's criminal activities, the court shall file a specific written statement of its reasons for and the facts supporting its action or determination.

5. The probation officer when assisting the defendant in preparing the plan of restitution, and the court before approving or modifying the plan of restitution, shall consider the physical and mental health and condition of the defendant, his age, his education, his employment circumstances, his potential for employment and vocational training, his family circumstances, his financial condition, the number of victims, the pecuniary damages of each victim, what plan of restitution will most effectively aid the rehabilitation of the defendant, and such other factors as shall be appropriate. The probation officer shall attempt to determine the name and address of each victim and the amount of his pecuniary damages.

6. The clerk shall mail to each known victim a copy of the court's order approving or modifying the plan of restitution, including the court's statement, if any, under subsection four (4) of this section.

7. At any time during the probation period the defendant may request and the court shall grant a hearing on any matter relating to the plan of restitution.

8. Failure of the defendant to comply with subsection three (3) of this section or to comply with the plan of restitution as approved or modified by the court shall constitute a violation of the conditions of probation. Without limitation, the court may modify the plan of restitution or extend the period of time for restitution, but not beyond the maximum probation period specified in section two (2) of this Act.

9. This section and proceedings under this section shall not limit or impair the rights of victims to sue and recover damages from the defendant in a civil action. However, any restitution payment by the defendant to a victim shall be set off against any judgment in favor of the victim in a civil action arising out of the same facts or event. The fact that restitution was required or made shall not be admissible as evidence in a civil action unless offered by such defendant.

Sec. 9. Section two hundred forty-seven point six (247.6), Code 1973, is amended by adding the following new unnumbered paragraph:

NEW UNNUMBERED PARAGRAPH. The rules and conditions of parole may require that restitution be made by the parolee to the victims who suffered pecuniary damages as a result of the parolee's criminal activities. Words defined in section eight (8) of this Act shall have the same meaning in this paragraph.

Sec. 10. Section three hundred twenty-one point two hun-

dred eighteen (321.218), Code 1973, is amended to read as follows:

321.218 DRIVING WHILE LICENSE DENIED, SUSPENDED, OR REVOKED. Any person whose operator's or chauffeur's license, or driving privilege, has been denied, canceled, suspended or revoked as provided in this chapter, and who drives any motor vehicle upon the highways of this state while such license or privilege is denied, canceled, suspended, or revoked, is guilty of a misdemeanor and upon conviction shall be punished by imprisonment for not less than two days or more than thirty days. The sentence imposed under this section shall not be suspended by the court, notwithstanding the provisions of section [247.20] *one (1) of this Act* or any other provisions of statute. The department, upon receiving the record of the conviction of any person under this section upon a charge of driving a motor vehicle while the license of such person was suspended or revoked, shall extend the period of suspension or revocation for an additional like period, and the department shall not issue a new license during such additional period.

Sec. 11. Section six hundred two point fifteen (602.15), Code 1973, is amended to read as follows:

602.15 AMENDING OR EXPUNGING ENTRY. The record of any court proceedings is under the control of the court and, *except as provided in section six (6) of this Act*, may be amended or any entry therein expunged before it has been signed by the judge or within sixty days thereafter.

Sec. 12. Section seven hundred eighty-nine point two (789.2), Code 1973, is amended to read as follows:

789.2 JUDGMENT OF CONVICTION—TIME FOR. Upon a plea of guilty, verdict of guilty, or a special verdict upon which a judgment of conviction [must] *may* be rendered, the court must fix a time for pronouncing judgment, which must be [at least three days after the verdict is rendered, if the court remains in session so long, or, if not, as remote a time as can reasonably be allowed, but in no case can it be pronounced in less than six hours after the verdict is rendered, unless defendant consent thereto] *within a reasonable time but not less than eight days after the plea is entered or the verdict is rendered, unless the defendant consents thereto.*

Sec. 13. Section seven hundred eighty-nine point eleven (789.11), Code 1973, is amended to read as follows:

789.11 JUDGMENT ENTERED. If *judgment is not deferred, and no sufficient cause is shown why judgment should not be pronounced, and none appears to the court upon the record, judgment shall be rendered. In every case in which judgment is entered, the court shall include in the judgment entry the number of the particular section of the Code under which the defendant is sentenced.*

Sec. 14. PROSECUTIONS PROHIBITED. The action of any court in deferring judgment or conviction in a criminal case prior to the effective date of this Act is valid. No person previously prosecuted shall be tried, sentenced, or convicted based on the same facts as in a prior prosecution on the

grounds that a sentence, conviction, or judgment as a result of that prosecution was deferred, and the deferment was later declared by the supreme court of this state to be unauthorized by law. This section shall not apply to any case in which an appeal was pending on June 1, 1973.

Sec. 15. This section shall take effect July 1, 1974.

Section three (3) of this Act is amended to read as follows:

PRESENTENCE INVESTIGATION. Upon a plea of guilty, verdict of guilty, or special verdict upon which a judgment of conviction of any public offense may be rendered, the court shall receive from the state and from the defendant any information which may be offered which is relevant to the question of sentencing. The court may consider information from other sources, and [may] *shall*, if the offense is a felony, order a presentence investigation to be made.

The court may withhold execution of any judgment or sentence for such time as shall be reasonably necessary for an investigation with respect to deferment of judgment or suspension of sentence and probation. The investigation shall be made by a probation officer, by the agency in charge of parole agents, or by another appropriate agency, as determined by the court.

Sec. 16. Sections two hundred forty-seven point twenty (247.20) and two hundred forty-seven point twenty-one (247.21), Code 1973, are repealed.

2. By amending the title, page 1, line 1, by striking everything after the word "Act" and inserting in lieu thereof the words "relating to sentencing in criminal cases; relating to probation and the conditions thereof; providing a procedure for restitution as a condition of probation; providing a procedure for deferring judgment in particular cases; relating to the conditions of parole; and providing procedures necessary thereto."

SENATE CONCURRENT RESOLUTION 51

By Orr, Palmer, Doderer and Taylor

Whereas, the present property tax system is considered unfair by most people in Iowa because it is a regressive system and the tax rates are too high; and

Whereas, persons owning intangible assets are not taxed, while persons owning tangible assets are taxed at too high a rate; and

Whereas, it has been estimated that over one-half of the total tangible and intangible assets in the categories of agricultural, mercantile, residential, financial and industrial assets are not subject to taxation under the present system; and

Whereas, a person's equity in owned assets, or his net worth determined by subtracting liabilities from assets, is a better measure of wealth than the present property tax system; and

Whereas, the recent United States supreme court decision on school financing gives the state legislatures the responsibility to create a more equitable system of financing public schools; and

Whereas, the total tax base would be greatly expanded by including intangible as well as tangible assets, thereby reducing the tax rates; and

Whereas, many economists agree that the main obstacle to a personal or corporation net worth tax is now to audit the records; and

Whereas, because of the above reasons, a net worth tax is a concept worthy of further investigation; *Now Therefore*,

Be It Resolved by the Senate, the House Concurring, That the legislative council establish a study committee for the purpose of researching the advisability of implementing a net worth tax, including the advantages

offered by modern means of auditing and administering such a tax.

Be It Further Resolved, That the study committee shall consist of legislators representing both houses of the general assembly and both political parties, and nonlegislative members with technical knowledge in the areas of tax research and assessment.

Be It Further Resolved, That the study committee shall make periodic reports to the legislative council and submit a final report, including necessary bill drafts to implement its recommendations, to the legislative council. Copies of the final report approved by the legislative council shall be submitted to the 1974 Session of the Sixty-fifth General Assembly.

1 Sec. 4. Chapter four hundred twenty-seven (427),
2 Code 1973, is amended by adding the following new
3 section:

4 NEW SECTION.

5 1. The personal property tax levied on all
6 livestock assessed for taxation as of January 1, 1973,
7 shall not be collected in 1974, or any subsequent
8 year, from the owners of the livestock or from those
9 having liability for the payment of the tax.

10 2. A tax credit shall be allowed each taxing
11 district in the state for each head of livestock that
12 was assessed as of January 1, 1973. The tax credit
13 shall commence and be effective for the tax year 1974

14 and each year thereafter based upon the livestock
15 assessed as of January 1, 1973.

8 1, 1973.

9 4. The amounts due each taxing district shall
10 be paid on warrants payable to the respective county
11 treasurers in two equal payments by the state
12 comptroller on March fifteenth and September fifteenth
13 of each year with the first payment starting March
14 15, 1974. The county treasurer shall apportion the
15 proceeds to the various taxing districts in the county.

19 districts, then the amount of each payment shall be
20 reduced by the director of revenue according to the
21 ratio that the total amount of funds to be paid to
22 each taxing district bears to the total amount to

SENATE CONCURRENT RESOLUTION 52

By Doderer, Lamborn, Rabedeaux, Riley,
Orr and Miller of Des Moines

Whereas, many farmers and landowners in the vicinity of the Iowa River, both above and below the Coralville Dam, have suffered severe and repeated flooding and serious losses because of changes in the natural river flow caused by the operation of the Coralville Reservoir; and

Whereas, it appears that the federal government has taken or damaged the property of these persons without just compensation; and

Whereas, for ten or more years many of these persons have unsuccessfully attempted to obtain relief, and further delay would be inexcusable; and

Whereas, representatives of the United States Army Corps of Engineers have admitted that many of these persons are entitled to compensation but have stated that the complicated process of studies and reports leading to an eventual appropriation by the United States Congress may take several years; *Now Therefore*,

Be It Resolved by the Senate, the House Concurring, That the Congress of the United States and the United States Army Corps of Engineers are urged to provide without delay just compensation for farmers and property owners in the vicinity of the Iowa River, both above and below the Coralville Dam, who have suffered flooding and damage as a result of the operation of the Coralville Reservoir; and

Be It Further Resolved, That all appropriate officials and agencies of this state are urged to cooperate in supporting and expediting this request for just compensation; and

Be It Further Resolved, That copies of this resolution shall be sent to all members of the United States Congress from Iowa, the United States Secretary of Defense, the United States Secretary of Agriculture, the Secretary of the Army, the commanding officer of the United States Army Corps of Engineers, the Governor of the state of Iowa, and all state officials having responsibilities in the fields of flood protection, land use, natural resources management, and agriculture.

HOUSE AMENDMENTS TO SENATE AMENDMENTS CONSIDERED

House File 740

Senator Shaff called up for consideration House File 740, a bill for an act to increase the personal property tax credit, amended by the Senate and further amended by the House, and moved that the Senate concur in the following House amendment to the Senate amendment:

1 1. Amend the Senate amendment to House File 740 by
 2 striking everything after line 3 and inserting in
 3 lieu thereof the following:
 4 Section 1. Chapter four hundred twenty-seven A (427A),
 5 Code 1973, is amended by adding the following new
 6 sections:
 7 *NEW SECTION.* Each taxpayer entitled to the per-

8 sonal property tax credit granted pursuant to sections
 9 four hundred twenty-seven A point one (427A.1) through
 10 four hundred twenty-seven A point five (427A.5) of this
 11 chapter is granted an additional personal property tax
 12 credit against the taxpayer's assessed value of per-
 13 sonal property which would otherwise be taxable in
 14 the tax year.

15 The amount of the additional personal property tax
 16 credit shall be a fixed amount for each tax year. The
 17 amount of the additional personal property tax credit
 18 shall be increased for the extended tax year beginning
 19 January 1, 1974 and ending June 30, 1975 and shall be
 20 increased for each tax year immediately following a tax
 21 year in which the growth of state general fund revenues,
 22 adjusted for changes in rate or basis, exceeds five
 23 and one-half percent. An increase in the additional
 24 personal property tax credit, once granted, shall con-
 25 tinue for each succeeding tax year. For the purposes

Page 2

1 of this chapter the state comptroller may estimate the
 2 state percent of growth if necessary to avoid delay in
 3 the collection of taxes. After nine such increases have
 4 been made, all taxes on personal property shall be re-
 5 pealed as provided in the following section. The director
 6 of revenue and the state comptroller, jointly, shall
 7 determine the amount of the credit for each such tax year.
 8 Such amount shall be the maximum amount, rounded to
 9 the nearest ten dollars, which will permit complete
 10 funding of the replacement obligation under this Act,
 11 including the replacement obligation for the tax credit
 12 granted pursuant to sections four hundred twenty-seven
 13 A point one (427A.1) through four hundred twenty-seven
 14 A point five (427A.5) of this chapter, out of the
 15 appropriation provided in this chapter.

16 As used in this Act "additional personal property
 17 tax credit" means the additional personal property tax
 18 credit granted pursuant to this section.

19 As used in this Act "tax year" means the year in which
 20 taxes are payable.

21 No application shall be required for the additional
 22 personal property tax credit. The assessor and county
 23 auditor shall take all necessary action to assure that
 24 each taxpayer receives the credit.

25 *NEW SECTION.* Effective on July first after the tax year

Page 3

1 in which the ninth increase in the additional personal prop-
 2 erty tax credit becomes effective, all taxes on personal
 3 property as defined in section four hundred twenty-seven
 4 A point one (427A.1) of the Code are repealed, and
 5 personal property shall not thereafter be listed or
 6 assessed. This section shall prevail over all inconsistent
 7 statutes.

8 *NEW SECTION.* For each annual assessment of personal
 9 property through the final assessment, the total assessed
 10 value of all personal property in each assessing juris-
 11 diction shall not exceed the total assessed value of
 12 all personal property in the assessing jurisdiction as
 13 of January 1, 1973, excluding livestock. The assessor
 14 shall determine the tentative assessed value of all

15 taxable personal property in accordance with chapter
16 four hundred forty-one (441) of the Code. If the total
17 tentative assessed value exceeds the limitation established
18 by this section, the assessor shall reduce the tentative
19 assessed value of each taxpayer's personal property by
20 the same percentage, so that the total assessed value
21 of all personal property in the assessing jurisdiction
22 shall be equal to the total assessed value of all personal
23 property in the assessing jurisdiction as of January 1,
24 1973, excluding livestock. This section shall prevail
25 over all inconsistent statutes.

Page 41 *NEW SECTION.*

2 1. A personal property tax replacement fund is
3 established as a permanent fund in the office of the
4 treasurer of state, for the purpose of reimbursing the
5 taxing districts for their loss of revenue from personal
6 property taxes due to the provisions of this chapter,
7 determined as provided in this section.

8 2. On or before January 15, 1974, the county auditor
9 of each county shall prepare a statement listing for
10 each taxing district in the county:

11 a. The total assessed value of all personal property
12 assessed for taxation as of January 1, 1973, excluding
13 livestock but including other personal property eligible
14 for tax credits granted by this chapter.

15 b. The millage rate of each taxing district levied
16 in 1972 and payable in 1973.

17 c. The personal property tax replacement base for
18 each taxing district, which shall be equal to the amount
19 determined pursuant to paragraph a of this subsection
20 multiplied by the millage rate specified in paragraph
21 b of this subsection.

22 3. The county auditor shall certify and forward
23 one copy each of the statement to the state comptroller
24 and to the director of revenue not later than January
25 15, 1974. The director of revenue shall make any

Page 5

1 necessary corrections and certify to the state comptroller
2 the amount of the personal property tax replacement
3 base for each taxing district in the state, determined
4 pursuant to subsection two (2) of this section.

5 4. The personal property tax replacement base for
6 each taxing district shall be permanent and shall not
7 be adjusted, except that the state comptroller shall
8 make any necessary corrections and shall make appropriate
9 adjustments to reflect mergers, annexations, and other
10 changes in taxing districts or their boundaries.

11 5. For each state fiscal year ending with or before
12 the year in which the ninth increase in the additional
13 personal property tax credit under this Act becomes
14 effective, each taxing district shall be reimbursed from
15 the personal property tax replacement fund in an amount
16 equal to its personal property tax replacement base
17 multiplied by a fraction the numerator of which is the

18 total assessed value of all personal property, excluding
19 livestock, in the taxing district on which taxes are not
20 payable during such fiscal year because of the various
21 tax credits granted by this chapter, and the denominator
22 of which is the total assessed value of all personal
23 property in the taxing district, excluding livestock but
24 including other personal property eligible for tax credits
25 granted by this chapter. For the half year beginning

Page 6

1 January 1, 1974 and ending June 30, 1974, the amount of
2 reimbursement shall be half the amount determined pursuant
3 to this subsection. The county auditor shall certify
4 and forward to the state comptroller and the director of
5 revenue, at the times and in the form directed by the
6 director of revenue, any information needed for the
7 purposes of this paragraph. The director of revenue
8 shall make any necessary corrections and certify the
9 appropriate information to the state comptroller.

10 6. For each state fiscal year beginning after the
11 year in which the ninth increase in the additional
12 personal property tax credit under this Act becomes
13 effective, each taxing district shall be reimbursed
14 from the personal property tax replacement fund in an
15 amount equal to its personal property tax replacement
16 base.

17 7. The amount due each taxing district shall be
18 paid in the form of warrants payable to the respective
19 county treasurers by the state comptroller in two equal
20 payments on September fifteenth and March fifteenth of
21 each fiscal year. The first payment shall be made on
22 March 15, 1974. The county treasurer shall pay the
23 proceeds to the various taxing districts in the county

24 8. It is the intent of the general assembly that
25 the amounts appropriated by this Act shall be sufficient

Page 7

1 to pay in full the amounts due to all taxing districts.
2 If, for any fiscal year the amount appropriated to the
3 personal property tax replacement fund is insufficient
4 to pay in full the amounts due to all taxing districts,
5 then the amount of each payment shall be reduced by the
6 same percentage, so that the aggregate payments to all
7 taxing districts shall be equal to the amount appropriated
8 for such payments.

9 *NEW SECTION.* There is hereby appropriated from the
10 general fund of the state of Iowa to the personal prop-
11 erty tax replacement fund the following sums, or so
12 much thereof as may be necessary, to carry out the
13 provisions of this chapter as amended by this Act.
14 For the fiscal year beginning July 1, 1973 and ending
15 June 30, 1974, there is appropriated the sum of thirty-

16 one million nine hundred thousand (31,900,000) dollars.
17 For the fiscal year beginning July 1, 1974 and ending
18 June 30, 1975, and each succeeding fiscal year, there
19 is appropriated the sum of thirty-five million seven
20 hundred thousand (35,700,000) dollars. For each fiscal
21 year for which an increase in the additional personal
22 property tax credit becomes effective as provided in
23 this Act, the appropriation under this section shall be
24 increased by three million eight hundred thousand
25 (3,800,000) dollars, and such increased appropriation

Page 8

1 shall continue for each succeeding fiscal year. For
2 the fiscal year for which the ninth increase in the
3 additional personal property tax credit becomes effective
4 as provided in this Act, and for each succeeding fiscal
5 year, the total appropriation shall be sixty-eight
6 million (68,000,000) dollars per year.

7 Sec. 2. Section four hundred twenty-seven A point
8 three (427A.3), Code 1973, is amended by striking
9 everything after unnumbered paragraph one (1).

10 Sec. 3. Section four hundred twenty-seven A point
11 six (427A.6), Code 1973, is amended to read as follows:

12 427A.6 LISTING BY AUDITOR. On or before January 1
13 of each year, the auditor of each county shall prepare
14 a statement listing for each taxing district in the county
15 all personal property upon which taxes shall not be
16 collected due to the tax credit granted in this chapter.
17 The statement shall show the tax rates of the various
18 taxing districts and the total amount of taxes which
19 shall not be collected in each district because of the
20 tax credit. The auditor shall certify and forward one
21 copy each of the statement to the state comptroller
22 and to the department of revenue on or before January 15

6 comptroller, and such individuals shall be directed to
7 correct their books and records accordingly. The
8 amount of such erroneous credit shall be charged to
9 the county by the state comptroller. The director of
10 revenue shall be authorized and directed to disallow
11 any claim where the audit or investigation revealed
12 that the claimant was not entitled to the credit claimed.
13 Persons and business enterprises may appeal any disallowed

14 personal property credit to the state board of tax
15 review.

16 Sec. 4. Effective January 1, 1974, sections four
17 hundred twenty-seven A point seven (427A.7) and four
18 hundred twenty-seven A point eight (427A.8), Code

6 property tax millage rate to the total assessed value
7 of all personal property assessed for taxation in the
8 district as of January 1, 1973, excluding livestock,
9 but including other personal property eligible for tax
10 credits granted by chapter four hundred twenty-seven

SENATE RESOLUTION 9

By Schaben, Lamborn and Kinley

Whereas, Charles W. Lakin is a native Iowan and has been involved in news reporting in Iowa for many years; and

Whereas, Charles W. Lakin has covered the news at the state house for KRNT for fourteen years; and

Whereas, Charles W. Lakin has been involved in many public service programs and special reports; and

Whereas, Charles W. Lakin is one of the most respected newsmen in the state; and

Whereas, Charles W. Lakin celebrated his sixty-sixth birthday on June 19, 1973 and has retired, *Now Therefore*,

Be It Resolved by the Senate, That Charles W. Lakin and his wife, Kathryn, be extended the fondest regards, congratulations for his years of service and the best wishes of the Senate during his retirement; and

Be It Further Resolved, That a copy of this resolution be forwarded to Charles W. Lakin and his wife, Kathryn.

SENATE CONCURRENT RESOLUTION 54

By Doderer and Schwieger

Whereas, government action was taken in nearly half the states to confront a fuel shortage this winter which threatened to close down schools, office buildings and industrial plants; and

Whereas, executive orders and pleas for voluntary cooperation on the part of the citizenry and industry to conserve fuel have not averted the most dramatic of current situations whereby retail gas utilities, oil firms, and electric companies have been unable to supply all of their contractual customers; and

Whereas, energy rationing plans have been proposed and steps taken in several states to remove restrictions on the development of nuclear power plants and, in at least one state, the State of Connecticut, to create an energy commission which has the power to regulate the distribution of fuel within the state; and

Whereas, the governor of the state of Iowa has requested specific legislation including laws to protect fuel oil consumers from dealers who over-

extend themselves and cannot deliver promised fuels and to require a performance bond of dealers; and

Whereas, failure to deal with the allocation of resources cannot simply be attributed to restrictions sought and gained by environmentalists, but must necessitate mention of problems which can be solved without sacrificing the concerns of environmentalists, including engineering errors, delays in equipment deliveries, and labor troubles; and

Whereas, legislative committees have been established or bills introduced in at least seven states to create energy commissions geared toward easing not simply the "fuel crisis" which became critical in the Midwest this winter, but the long-range "energy crisis", *Now Therefore*,

Be It Resolved by the Senate, the House of Representatives Concurring, That the legislative council establish a committee for the purpose of studying energy policy positions in the areas of power-plant siting policies, energy supply and use studies, national energy policy, United States-Canada energy trade, support of research, federal gas pricing policies, and other areas of energy policy which are currently being considered by the executive and legislative branches of government; and

Be It Further Resolved, That the study committee shall consist of legislators representing both the Senate and the House of Representatives and both political parties, as well as nonlegislative members with technical knowledge and environmental concerns which would prove helpful in researching the utilization of renewable natural resources to offset the increasing use of energy; and

Be It Further Resolved, That the study committee make periodic reports to the legislative council and submit a final report, along with necessary bill drafts to implement its recommendations, to the legislative council. Copies of the report accepted by the legislative council shall be submitted to the Second Session of the Sixty-fifth General Assembly meeting in 1974.

By Willits, Lamborn, Gluba, Blouin, Nolin, Milligan, Hansen

SENATE CONCURRENT RESOLUTION 55

Whereas the enrollment in most area vocational schools and community colleges created pursuant to Chapter 280A is declining; and

Whereas, state per pupil support of area schools varies drastically among schools; and

Whereas, it is difficult to adequately maintain fifteen area schools with twenty-seven campuses; and

Whereas, the mission and priorities of the area schools concerning vocational education vis-a-vis liberal arts education needs to be reassessed; and

Whereas, most area schools have been in existence five to six years and the time is appropriate to examine their progress, *Now Therefore*,

Be It Resolved by the Senate, the House of Representatives Concurring, That the Legislative Council is urged to create an interim study committee consisting of members of the House and Senate; and

Be It Further Resolved, that the study committee investigate, but not necessarily limit its study to, the funding and distribution of funds to the area schools, the educational program of the schools, and the optimum number of campuses to be operated by the schools; and

Be It Further Resolved, that the study committee make a report to the Legislative Council and the General Assembly meeting in the year 1974.
