6 which may be filed by licensees and permittees in
7 lieu of a detailed renewal application form when
8 qualifications and qualification information have
9 not changed since the original issuance of the license
10 or permit. Such simplified form shall require the
11 licensee or permittee to verify under oath that the
12 information contained in the original application
13 remains current, and that no reason exists for the
14 department's refusal to renew the license or permit
15 as originally issued.

16 Such application, accompanied by the required fee
17 and bond, shall be filed in the same manner as is
18 provided for filing the initial application.

13 a permittee or licensee to operate the business of
14 the decedent for a reasonable time not to exceed the
15 expiration date of the permit or license. Every
16 permit or license shall be issued in the name of the
17 applicant and no person holding a permit or license
18 shall allow any other person to use same.

19 Any such licensee or permittee, or his executor,
20 administrator, or any person duly appointed by the
21 court to take charge of and administer the property
22 or assets of the licensee or permittee for the benefit
23 of his creditors, may voluntarily surrender such
24 license or permit to the department and when so

35 three-fourths of the amount of the fee; if surrendered
36 more than three months but not more than six months
37 after issuance the refund shall be one-half of the
38 amount of the fee; if surrendered more than six months
39 but not more than nine months after issuance the
40 refund shall be one-fourth of the amount of the fee.
41 No refund shall be made, however, for any special
42 liquor permit, nor for a liquor control license, or

44 after issuance. For purposes of this paragraph, any
45 portion of license or permit fees deposited in the
46 county mental health and institutions fund shall not
47 be deemed received either by the department or by
48 a local authority. No refund shall be made to any

50 license or permit, if there is at the time of said

Page 11

1 surrender a complaint filed with the department or
2 local authority, charging [him] the person with a viola-
3 tion of the provisions of this chapter. If upon
4 hearing on any such complaint the license or permit
5 is not revoked or suspended, then the licensee or
6 permittee shall be eligible, upon surrender of [his]
7 the license or permit, to receive a refund as herein
8 provided[.]: But if [his] the license or permit is revoked

9 or suspended upon such hearing [he] *the licensee or*

49 exempt from the fee, but not of the terms and
50 conditions, as in this section provided.

Page 25

1 b. At the time of applying for a certificate of
2 compliance, each applicant shall file with the
3 department a list of all class "A" wine permittees
4 with whom it intends to do business and shall designate
5 the geographic area in which its products are to be

10 and geographic area as filed with the department may
11 be amended from time to time by the holder of a
12 certificate of compliance.

13 c. All class "A" permit holders shall sell only
14 those brands of wine which are manufactured, bottled,
15 fermented, shipped, or imported by a person holding
16 a current certificate of compliance. Any employee
17 or agent working for or representing the holder of
18 a certificate of compliance within this state shall
19 register his name and address with the department,
20 which names and addresses shall be filed with the
21 department's copy of the certificate of compliance
22 issued excepting that this provision shall not require
23 the listing of those persons who are employed on the

29 certificate of compliance or his agent, or any class

16 with the approval of a majority of the members of
17 the Iowa beer and liquor control council and shall
18 be determined by establishing a minimum percentage
19 markup for sales of wine at retail whether in case
20 lot or less. To determine "cost", a minimum percentage
21 markup shall be applied to the wholesale price of
22 wine sold by class "A" wine permittees to permittees
23 authorized to sell wine at retail.

24 With prior approval and as prescribed by the
25 director, and upon application to and on forms provided
26 by the department, the director may authorize retail
27 wine permittees and liquor control licensees to sell
28 wine for off-premise consumption below cost for the

35 be repurchased at wholesale by the discontinuing
36 retailer for a period of twelve months.

37 (3) For such other reason of hardship as might
38 be specified by the applicant and as allowed and
39 approved by the director.

40 h. Notwithstanding any other penalties provided
41 by this chapter, any holder of a certificate of
42 compliance relating to wine, class "A", "B" or "C"
43 wine permittee or retail liquor licensee who shall
44 violate any of the provisions of this section shall

- 6 adopted Senate Resolution 101 as the rules relating
- 7 to lobbyists and lobbying for the 1976 Regular
- 8 Session of the Sixty-sixth General Assembly; and
- 9 *Whereas*, the committee on ethics has found that
- 10 the rules should be amended; *Now, Therefore*,

- 13 as adopted on January 23, 1976, be amended by adding
- 14 the following new rules:
- 15 **NEW RULE.** A lobbyist who can reasonably expect
- 16 that an amount will be expended by the lobbyist on
- 17 one occasion which will result in an expenditure in
- 18 excess of twenty-five dollars (\$25.00) upon a
- 19 senator, a senator's spouse and a senator's unemanci-

20 pated minor children, shall notify the senator of the

25 of the agreed reimbursement, it shall not constitute
26 a reportable expenditure by the lobbyist provided

10 upon a senator, senator's spouse and unemancipated
11 minor children more than one hundred dollars (\$100.00)
12 in any calendar year. For the purpose of determining
13 whether this limit is exceeded, the limitation applies
14 cumulatively to all expenditures reportable under Rule
15 six (6) except that campaign contributions are not in-
16 cluded. A lobbyist who can reasonably expect that an
17 amount will be expended by the lobbyist on one occasion

6 be disposed of by the ethics committee according to the
7 procedures set forth in the Senate Code of Ethics. For

31 "Sec. 6. DUTIES OF STATE COMPTROLLER.
32 1. As soon as practicable after the effective
33 date of this division, the state comptroller shall
34 give notice of the requirements of this division and
35 distribute such forms as required to the governing
36 bodies of the political subdivisions of this state.
37 2. The state comptroller shall review the certi-
38 fied total budget of each political subdivision and
39 calculate the dollar amount and percentage increase
40 of the property tax budget for the fiscal years be-
41 ginning July 1, 1976, July 1, 1977 and July 1, 1978
42 over the property tax budget for the base year.
43 3. If the property tax budget of a political sub-
44 division for the fiscal year beginning July 1, 1976,
45 July 1, 1977, or July 1, 1978 exceeds the property
46 tax budget of such political subdivision for the base
47 year by more than nine percent, the state comptroller
48 shall reduce the certified total budget to provide
49 a property tax budget increase of nine percent and
50 return the certified total budget to the governing

Page 2

1 body with notification that, following a public hearing
2 as provided in section eight (8) of this division,
3 the total budget shall be recertified with a property
4 tax budget increase not exceeding nine percent or
5 that, without a public hearing, the certified total
6 budget shall be submitted to the state appeal board
7 for approval as provided in section seven (7) of this
8 division if the increase of more than nine percent
9 is needed.
10 4. If the property tax budget of a political sub-
11 division for the fiscal year beginning July 1, 1977
12 or July 1, 1978 exceeds the property tax budget of
13 such political subdivision for the base year by more
14 than seven percent but not more than nine percent,
15 the state comptroller shall reduce the certified total
16 budget to provide a property tax budget increase of
17 seven percent and return the certified total budget

21 Sec. 7. APPROVAL OF STATE APPEAL BOARD.
22 1. Upon receipt of the notification from the state
23 comptroller as provided in section six (6), subsection

25 each political subdivision shall petition the state
26 appeal board to approve the total budget of the poli-
27 tical subdivision not later than seven days following
28 receipt of notification if the increase of more than
29 nine percent is needed. However, if the governing
30 body, upon receipt of such notification, finds that
31 an increase in the property tax budget above nine
32 percent is not justified, the governing body shall

publish notice of and conduct a public hearing for the purpose of approving a total budget which includes a property tax budget increase of nine percent or less. The public hearing shall be carried out according to the provisions of section eight (8) of this division except that, for the total budget for the fiscal year beginning July 1, 1976, the public hearing shall be held within twenty days after the receipt of notification.

2. A petition to the state appeal board under this division shall be submitted in writing on forms furnished by the state comptroller citing the unusual circumstances as outlined in subsection three (3) of this section, which create the need for property tax budget expenditures in excess of nine percent of the base year's property tax budget expenditures and accompanied by such supporting documents as required by the state appeal board. The state appeal

board shall conduct a public hearing on the petition in the county or in one of the counties in which the political subdivision is located and may request additional information. SENATE CONCURRENT RESOLUTION 108

By Shaw

- 1 *Whereas*, the United States Department of Defense
- 2 has decided to move the Rodman Laboratories from the
- 3 Rock Island Arsenal to Dover, New Jersey; and
- 4 *Whereas*, the effect of this decision would geo-

5 graphically separate and organizationally isolate
6 research from production which runs counter to the
7 trend increasingly found in the private sector; and
8 *Whereas*, this decision could weaken the capability
9 of the United States Army to conduct "in-house"
10 research, development and production and leave the
11 United States Army substantially more dependent on
12 outside production capacity and technical expertise;
13 and

14 *Whereas*, this decision could reduce the ability
15 of the United States Army to evaluate the performance
16 and cost of private sector procurement; and

17 *Whereas*, this decision would remove four to eight
18 hundred jobs from the area; *Now, Therefore*,

19 *Be It Resolved by the Senate, the House Concurring*
20 That the United States Department of Defense is urged
21 to reconsider its decision and not to move the Rodman
22 Laboratories from the Rock Island Arsenal; and

President Neu introduced Governor Robert D. Ray, who offered

the following remarks in presenting John W. Warner, Administrator of the American Revolution Bicentennial Administration:

Thank you very much. Mr. President, Mr. Speaker, Mr. Chief Justice, Members of the Senate and House of Representatives, Members of the Supreme Court, Fellow Elected Officials, and Ladies and Gentlemen:

The last time that I spoke before a joint session such as this was when I delivered the state of the state message on January 13—I know it seems like 200 years ago.

Today we have a very special occasion for which we gather and for which we have a very distinguished person to deliver some very timely remarks to all of us.

One other thing that is going to happen today is that we are going to send off some covered wagons that will go all the way to Valley Forge, Pennsylvania, and will arrive there just before July 4. I want you to know that I have inspected them and not one of them is sixty-five feet in length and not one of them is double bottom.

These covered wagons are replicas of covered wagons that carried our country's pioneer settlers across our state to the west in the very early years of America's history.

Abraham Lincoln once said "I am in favor of cutting up the wild lands into parcels so that every poor man can have a home." Even then they had property taxes. Those settlers found new homes—they didn't, however, find conveniences. They found little else except, as they looked ahead, a future of uncertainty. But there was an exception—they found a form of government that gave them hope, gave them freedom and gave them opportunity to succeed. That is a form of government that has its roots in the Declaration of Independence, that document that was signed 200 years ago July 4, 1976. I think what is really significant about that document is that in it it says "that to secure the rights of life, liberty and pursuit of happiness, those who govern derive their powers from the consent of the governed." I think it is significant for each and every one of us elected to public office to never forget that and this is the best time for us to revive our memories about what that really means.

Many of you, if you have not already, will be asked to sign scrolls. The Executive Council members and I signed a scroll yesterday that dedicated ourselves to the precepts and the principles of the Declaration of Independence. Those scrolls will be carried along with thousands of others in these covered wagons to Valley Forge, Pennsylvania. This is just one indication that the bicentennial year is going to be a significant year so that when it is all over, we will not look back and say merely that it was a time for festivals and parades and a lot of hoopla, but instead we can look back and say, "Yes, it did have meaning."

Thanks to the leadership of Bob Dillon, Murray Goodman and the Iowa Bicentennial Commission, our citizens have joined together and will take part in over 2300 bicentennial activities. That is more than any other state. Five hundred fifty-six Iowa communities have officially been recognized. That is the second largest number—second only to Pennsylvania—in the entire country. So, I think our Iowa Bicentennial Commission deserves a lot of credit, a lot of recognition for a job that they have done very, very well and I compliment you, Bob Dillon, for the job you have done in leading these bicentennial efforts.

Another person that has led the efforts clear across the country is the **Administrator of the American Revolution Bicentennial Administration, Mr. John W. Warner.** Mr. Warner has been an Assistant United States Attorney, Under Secretary of the Navy, Secretary of the Navy, a member of the presidential party at the Moscow meeting and the recipient of the distinguished medal award issued by the Department of Defense. Mr. Warner was appointed to his present position in March of 1974 and has spearheaded the bicentennial heritage, festivals and horizon programs with an emphasis on local involvement and local direction in the efforts of all of these programs. Under John Warner's leadership the bicentennial will be a very meaningful and memorable experience for literally millions of Americans.

It is my pleasure to introduce to you the Administrator of the American Bicentennial Administration, the Honorable John Warner.

Mr. Warner delivered the following address:

Thank you, Governor Ray. President Neu, Speaker Cochran, Mr. Chief Justice, Members of the Senate and House of Representatives, Members of the Supreme Court, Members of the fine Bicentennial Commission of this Great State, and Ladies and Gentlemen:

As I walked down the aisle a lady looked at this and said, "Oh, gracious, is that his speech?" No, it is not. I brought this from Washington with me—part of my responsibility under the law is to compile a record for the National Archives for future generations to look back and examine what was done during our nation's bicentennial, and this is what I call the interim copy of the National Record of the nation's bicentennial.

As of today, there are over 50,000 programs and events now cataloged for the bicentennial and it is growing at the rate of several thousand each month. I brought this rather weighty volume—perhaps a portion of four telephone directories—because in it Iowa stands number one. Congratulations.

It is surprising to think the nation's bicentennial is being celebrated back where all the revolutionary history took place in the original thirteen colonies, but I split it using the Mississippi River, divided east and west, and there is just as much activity west of the Mississippi as there is east of the Mississippi. You may ask, why is that? There is a very simple reason, for me at least to answer because I have had the privilege in the past two years of traveling across these United States, having now completed visits to some 47 states. Most recently a swing through the Pacific to visit Honolulu, Hawaii, Samoa and Guam, where again there is just as much bicentennial activity as to be found in Baltimore, Boston or Philadelphia, or the nation's capital.

The reason is America is honoring its past, honoring its present and looking toward the future. Of course I don't have time to go into this volume but you will find a range of programs which covers all possible imaginations and initiatives that our citizens can put together. And again, put together by and large with their own funds.

When the Congress of the United States rewrote the law for the bicentennial two years ago, and I had the privilege of being appointed the first and I suppose the only administrator of this small agency, the people said we want the bicentennial to be celebrated equally in every town, village, Indian reservation, cities large and small in America, and that is precisely what is taking place.

On the cover of this volume is the national symbol of the bicentennial—the two stars, the white star and the red, white and blue star. It is the national symbol representing 200 years of our country. That is now flying from your state capitol as it is from every other state capitol in the United States and over 11,000 communities proudly fly that flag. But in Iowa every single county is organized for the nation's bicentennial.

I was walking up with your state chairman, Mr. Dillon, and he was telling me the tremendous support he has received from the Governor, the Legislature, and most particularly from his commission. He said remember the adage, "Give me ten stouthearted men, I'll give you 10,000 more." Well we have them—we don't have 10,000—there are over 100,000 people in the state of Iowa actively involved in the nation's bicentennial. You are not merely having what you might call just parades, fireworks, rhetoric—all of those things will take place and should take place—no, your state program is laying down permanent cornerstones again for the future generations to look back and say that the citizens of this state and the citizens of the community cared enough about their nation to put down a cornerstone. What comes to mind, of course, is the world food conference, that will be internationally recognized, solving hopefully some of the problems and laying down the cornerstones for the solution of some of the most needed problems for the future.

Again, the fifth grade history project where you are not just teaching any history, the emphasis is totally upon the history of Iowa.

Then, of course, I being a farmer at heart—and as soon as the bicentennial is over I hope to return to my farm—the Living History Farm, which I have visited, is another program which is more than just speech making, parades; it shows that this state has come together to put down some permanent reminders of the nation's bicentennial.

Additionally, we have another interesting chapter. Last night I was privileged in Washington, D. C. to join the vice president to honor the King of Sweden who has come over on the occasion of our bicentennial. There are over seventy foreign nations who are now actively participating in the bicentennial. Their gifts range all the way from small ones such as stamp collections and medals to the giving of permanent scholarships at our universities, and the bringing of cultural events such as opera and ballet. Then, Great Britain, not surprisingly, is sending over on loan for one year that document, Mr. Chief Justice, which you know so well and which lays the foundation for all western law—the exact document to which King John affixed his seal in the year 1215—the Magna Carta. It will be brought to the United States in May of this year for a period of twelve months and placed in the rotunda of the capitol building in Washington, D. C. Just another example of the tremendous enthusiasm to be found not only in our United States but all over the world for the bicentennial.

The bicentennial is not without controversy, nor should it be, after all we are celebrating a revolution. Many times I have been asked, because it falls in a political year, will it be used by politicians for their benefit? I have been privileged the past two years to appear on a number of occasions with our President, who totally supports and participates in the bicentennial, as well as Senators, Congressmen, Governors, state legislators, councilmen and mayors all over this nation and I have yet to see one single individual try to use the bicentennial for his or her personal benefit.

Then the question of commercialism—will this bicentennial go down as one gigantic "ripoff." My answer clearly is no. What better example

could I use than this state bicentennial commission, which has not indulged in manufacturing knickknacks to be sold. They sold one item—the same item that the Congress of the United States directed me to prepare and sell to the people—a medallion—and from it they have gained proceeds which have helped finance a part of the bicentennial program in this state. As a matter of fact, Chairman Dillon has explained to me that the bicentennial Commission has granted approximately \$500,000 and together with the help of the private sector and the citizens of this state that sum has been multiplied ten-fold into the millions of dollars to pay for your bicentennial. It is truly representative of a grass roots effort and this state, in my judgment, is the model state of the nation's bicentennial. As a matter of fact, since we are all attuned to politics, I remember so well the adage back east, "As goes Maine in the presidential election, so goes the nation." Well the confidence I have in your bicentennial program I am willing to predict, "As goes the success of the bicentennial program in Iowa, so goes the success of the entire nation's bicentennial program."

I would like to close with a short personal story. Again, I have been privileged to address many state legislatures but I can't remember ever walking into a capitol building and being more struck with emotion than I was about an hour ago upon entering the lower lobby and coming up to the Governor's office. For there were two things that are very dear to my heart. Having joined the navy at seventeen and having risen to being its boss at the age of forty-two, only in America could that sort of story take place. I saw the old battleship Iowa, 61. I was aboard that ship briefly, during the Korean war, as a young marine officer. Then passing on I saw the tattered flags of the regiments and states.

So, you might expect an old sailor to tell one sea story here in mid-America. And this is a true story that comes from the history of my state, Virginia. Let's go back to the turn of the century, and the United States, being a great naval power, then as it is now, invited from all over the world the finest ships and each head of state was to come with their ship. Picture yourself seated on the balcony of the U. S. battleship—I don't remember the name, perhaps it was the Iowa. Behind each head of state, seated in a neat row, was posted a United States sailor. The sailor's function was to lean down very respectfully as each of the foreign ships passed in review and give the history of the ship and most particularly describe the flag. As they came by, one by one, the sailor would lean down and say, "That, sir, is the ship which flies the flag of the Queen of England. She has the following guns, etc." One by one, the ships came by. "That, sir, is the ship which flies the flag of the Czar of Russia. That ship flies the flag of the Emperor of Japan." And so on. Finally, over the horizon, came the last ship flying Old Glory. The sailor leaned down and said, "That, sir, is the United States ship, the length is such and such, etc." This particular monarch leaned back and said, "Lad, which monarch's flag does that ship fly?" The sailor replied, "No monarch's, sir, that ship flies my flag."

Thank you very much.

A medley of songs was offered by the Van Buren County Bicentennial Singers.

President Neu invited all guests to join in the flag presentation and the charge of the Wagon Master of the Bicentennial Wagon

Train Pilgrimage to Pennsylvania, immediately following the joint session.

c/o Mr. Steven C. Cross, Secretary
State House
Des Moines, Iowa 50319

Dear Friends:

Let me take this way to express my appreciation to you for the resolution you adopted commemorating the 47th birthday of my husband. Yours was indeed a worthy tribute. It has been gratifying to note that each year the expressions, the tributes, and activities commemorating my husband's life and contributions continue to increase.

This year's celebration of my husband's birthday, here in Atlanta, was a meaningful and memorable experience. With our main focus on unemployment, the two days of activities included a labor management breakfast, a full day conference, an ecumenical service and a march and rally. A broad coalition representing the church, labor, civil rights, business, politics, youth and women marched 20,000 strong.

Again, thank you very much for the part you played in the celebration of my husband's 47th birthday, January 15, 1976. On behalf of the Center's officers, directors, trustees and staff, let me assure you of our heartfelt gratitude.

Sincerely yours,

GOVERNOR'S VETO MESSAGE

The following veto message from the Governor was presented:

April 7, 1976

The Honorable Arthur A. Neu
Lieutenant Governor and President of the Senate
Sixty-sixth General Assembly
State Capitol Building
Local

Dear Governor Neu:

I am returning herewith Senate File 1125, an Act repealing the statutory appropriation for the state employees' disability plan, disapproved and without my signature to the Senate in accordance with Article III, Section 16, of the Constitution of the State of Iowa.

Senate File 1125 would repeal the standing unlimited appropriation for the recently initiated state employees' disability insurance plan. Begun in January, 1975, the disability insurance program provides benefits to those state employees who are disabled for an extended period of time. If signed into law, Senate File 1125 would cause the disability insurance program to be financed from departmental budgets rather than the standing unlimited appropriation provided for in 79.21-22 of the Code.

The genesis for Senate File 1125 was a mutual desire by the legislative and executive branches to reflect in a departmental appropriation the full cost of operating that department. To that purpose, it was recommended to the General Assembly that the existing standing unlimited appropriation for the disability insurance program be repealed and that replacement funds be appropriated directly to the departments to cover the costs of the disability insurance.

While the General Assembly has promptly passed the repeal of the standing unlimited appropriation, they have unfortunately not provided the replacement funds to the agencies in most cases. I have already signed into law several departmental appropriations, such as Energy Policy, Medical Examiners, Citizen's Aide, and Environmental Quality, where only a flat two percent increase or no increase has been granted for departmental operations. Other agencies such as the Commerce Commission, the Department of Public Defense, and Soil Conservation have experienced similar treatment with their appropriations. If this trend were to continue, we may be forced to discontinue the disability insurance program altogether or force agencies to retrench elsewhere to make up these replacement costs.

The General Assembly leadership has been asked what their intentions are in this area. They have informed my office that they do not intend to provide replacement funds for the disability insurance program. They suggest instead that the agencies can finance the program by squeezing funds from their regular budgets.

The state employees' disability insurance program is too important to be dropped or slighted. If Senate File 1125 is not vetoed, we may be forced to cancel this valuable fringe benefit for employees or retrench in

other areas to make up the difference. Since I have received no assurance from the legislative leadership that the costs of the disability insurance program will be adequately financed, I have decided to veto Senate File 1125.

I have directed the Comptroller's Office to assist the Executive Council in administering the standing unlimited appropriation for the disability insurance program in as prudent and frugal manner as possible. If a department is appropriated sufficient funds to cover the disability insurance costs, we will not use funds from the standing unlimited appropriation.

It should be noted that this retention of the standing unlimited appropriation does not increase my budget recommendations to you. Since my budget included the disability insurance costs, this action merely insures the departments will have sufficient funds to cover the cost of the disability insurance program. There will be no expenditure for disability insurance beyond what I recommended.

For the reasons I have outlined above, I hereby respectfully disapprove of this Senate File 1125.

Sincerely,
ROBERT D. RAY
Governor

GOVERNOR'S VETO MESSAGE

The following veto message from the Governor to the Speaker of the House was presented:

April 19, 1976

The Honorable Dale M. Cochran
Speaker of the House of Representatives
Sixty-sixth General Assembly
State Capitol Building
Local

Dear Representative Cochran:

House File 1457, an Act relating to the compensation of the beer and liquor control council, is hereby disapproved and returned to the House of Representatives in accordance with Article III, Section 16, of the Constitution of the State of Iowa.

House File 1457 would change the compensation for the members of the Iowa Beer and Liquor Control Council from an annual salary of \$2500 to a per diem of \$40.

The explanation of the bill states that the reason for this change is to remove an apparent compensation inequity that exists among the five Council members. One member of the Council, who is designated by the Council to serve on the Department of Beer and Liquor Control's hearing board, serves approximately twice as often in one year as other Council members yet receives no extra compensation. A per diem salary supposedly would give recognition to this increased amount of service.

A closer examination of the service performed by members of the Council indicates that such corrective action is unnecessary. While service on the hearing board is an extra duty, it is an extra duty that is eventually shared by all five Council members. Service on the hearing board is on a rotation basis for a year at a time. Since the term of appointment to the Beer and Liquor Control Council is for five years, each member of the Council is given the opportunity to serve on the hearing board. Thus, in a five year period each Council member performs approximately the same amount of service.

While House File 1457 will remove no inequity, it will result in a negative corollary. Council members presently meet every month in regular session and additional times throughout the year. While the per diem provision of House File 1457 will result in a cut in compensation for Council members, it may also make it difficult to secure the type of appointees needed for this sensitive position.

The Governor's Economy Committee in 1969 recognized the contribution of management ability and experience that business executives could make to the operation of the State liquor monopoly. To help secure the participation of top-level business executives on the Beer and Liquor Control Council, the Governor's Economy Committee recommended an annual salary of between \$2000 and \$3000 instead of a per diem. That recommendation was followed and has proved to be successful. The reduction in compensation of Council members contained in House File 1457 seems to be an unnecessary and unwise departure for a system that is working well.

For the reasons I have outlined above, I hereby respectfully disapprove of this House File 1457.

Sincerely,
ROBERT D. RAY
Governor

1 Amend House File 1280 as follows:

2 1. By striking all after the enacting clause and
3 inserting in lieu thereof the following:
4 "Section 1. Effective July 1, 1977 the division
5 of alcoholism of the department of health and the
6 Iowa drug abuse authority shall be merged into a
7 single new division of the department of health having
8 responsibility for education about, prevention efforts
9 directed against, and treatment programs to aid victims
10 of the abuse of chemical substances. The official
11 title of the new division and the provisions for its
12 administration within the department of health and
13 its powers, duties and limitations shall be as may
14 be prescribed by the general assembly. Initial
15 proposals relative to these matters shall be delivered
16 to the general assembly by the governor on or before
17 January 17, 1977.

18 If the governor determines that merger effective
19 July 1, 1977 would not be in the best interest of
20 the state of Iowa, the governor may by executive order
21 delay the merger to a date not later than January
22 1, 1978.

23 Sec. 2. The general assembly declares that the
24 priorities of the merger to be effected pursuant to
25 section one (1) of this Act are:

26 1. Improved assistance to residents of Iowa who

33 to the general assembly as required by section one

34 (1) of this Act, the governor shall be guided by the
35 priorities established in section two (2) of this
36 Act. The proposals submitted by the governor shall
37 include, but not be limited to, the following:

38 1. Administrative structure of the new division
39 of the department of health, including any limitations
40 on the authority of the commissioner of public health
41 over the head of the new division, and whether or
42 not an advisory council should be established for
43 the new division and if so its composition, manner

45 2. Continuation of strong local community and
46 local treatment program input into a state plan.

10 certification standards and procedures.

11 8. Monitoring and evaluation mechanisms.

13 for chemical substance abusers.

14 Sec. 4. Chapters one hundred twenty-five (125)
15 and two hundred twenty-four B (224B), Code 1975, are
16 repealed effective July 1, 1977. However, if the
17 merger of the division of alcoholism and the Iowa
18 drug abuse authority is delayed pursuant to section
19 one (1) of this Act, the two agencies shall continue
20 to be governed by the provisions of those chapters
21 as if they were in full force and effect until the
22 merger takes effect.

23 Sec. 5.

24 1. The governor shall deliver to the general
25 assembly, on or before March 1, 1977, detailed
26 alternative proposals for merger of the Iowa mental
27 health authority and those components of the division
28 of mental health of the department of social services
29 which are responsible for providing services to
30 mentally ill persons, including but not limited to

Page 3

- 1 c. The fiscal impact of the merged mental health
2 agency upon the state and upon other sources of funds
3 which support mental health services in this state.
- 4 Sec. 6. The governor shall deliver to the general
5 assembly, on or before March 1, 1977, recommendations
6 for administrative reorganization of the department
7 of social services with the objective of providing
8 more effective administration of the department and
9 more effective implementation of the programs and
10 services it is responsible to provide. These
11 recommendations shall give attention to, but need
12 not be confined exclusively to, the following matters:
- 13 1. Whether the division of administrative services
14 is so organized as to most effectively support the
15 other units of the department?
- 16 2. Whether the division of community services
17 should be further divided into two or more major
18 units, so as to permit more direct administrative
19 control of various program areas presently under the
20 jurisdiction of this division?
- 21 3. Whether the department generally, and in
22 particular the division of community services as
23 presently constituted, is adequately staffed to
24 discharge its responsibilities?
- 25 The recommendations delivered to the general
26 assembly pursuant to this section shall be accompanied
27 by specific proposals for any legislation that is
28 necessary to support or permit the adoption of the
29 recommendations.
- 30 Sec. 7. The governor shall deliver to the general
31 assembly on or before March 1, 1977, detailed
32 alternative proposals for the establishment of a new
33 department of state government, to assume from the
34 department of social services the responsibility for
35 administration of the state's penal facilities and
36 for implementation of other correctional programs
37 and services, including but not necessarily limited
38 to those now under the jurisdiction of the department
39 of social services. The alternative proposals shall

40 be formulated so as to offer the general assembly,
41 at a minimum, the two following alternative general
42 organizational patterns for the new correctional
43 agency:
44 1. The structure proposed by Senate File five
45 hundred seventy-eight (578) of the Sixty-sixth General
46 Assembly.

48 Corrections Subcommittee of the Social Services and
49 Mental Health Study Committee during the 1975

Page 4

1 Sec. 8. It is the intent of the general assembly
2 in adopting this Act that the proposals developed
3 in response to sections four (4), five (5) and seven
4 (7) of this Act be based on the needs of persons being
5 directly served by the programs and facilities
6 involved, and the needs of the community in general,
7 as determined from public hearings held widely
8 throughout the state."
9 2. Title, line 3, by inserting after the word
10 "agency" the words "within the department of health".

2 1. Page 15, by inserting after line 30, the
3 following new sections:
4 "Sec. 22. The general assembly finds that a
5 critical situation continues to exist because of the
6 high cost and impending unavailability of medical
7 malpractice insurance. The general assembly further
8 finds that to assure the uninterrupted delivery of
9 health care services to the citizens of Iowa it is
10 necessary to curtail excessive verdicts to persons
11 who are damaged by medical accidents in order to keep
12 medical malpractice insurance available in this state.
13 The general assembly further finds that without medical
14 liability insurance, physicians, other health care
15 providers and hospitals cannot provide health care
16 services to the public. It is the intent of section
17 twenty-three (23) of this Act to protect the health
18 and welfare of the people of this state by assuring
19 health care.
20 Sec. 23. Chapter one hundred forty-seven (147),
21 Code 1975, is amended by adding the following new
22 section:
23 *NEW SECTION.* In an action for damages for personal
24 injury against a health care practitioner or hospital,
25 based on the alleged negligence of the health care
26 practitioner in the practice of the profession or
27 occupation, or upon the alleged negligence of the
28 hospital in patient care, in which liability is
29 admitted or established, the damages awarded for
30 noneconomic losses incurred or to be incurred in the
31 future by the claimant by reason of the personal
32 injury, shall not exceed the sum of two hundred
33 thousand dollars."

1 Amend Senate File 1310 as follows:

2 1. Page 15, by inserting after line 30 the
3 following:

4 Sec. Chapter six hundred twenty-four (624),
5 Code 1975, is amended by adding the following new
6 section:

7 **NEW SECTION. JUDGMENTS IN MEDICAL MALPRACTICE**
8 **ACTIONS.**

9 1. As used in this section, the following
10 definitions shall apply unless the context otherwise
11 requires:

12 a. "Health care provider" means as provided in
13 section one (1) of this Act.

14 b. "Health care practitioner" means as provided
15 in section one (1) of this Act.

16 c. "Hospital" means as provided in section one
17 (1) of this Act.

18 d. "Medical malpractice action" means every action
19 for damages for personal injury against a health care
20 provider based upon alleged acts or omissions of a
21 health care practitioner in the practice of his or
22 her profession or occupation, or based upon alleged
23 acts or omissions of a hospital in patient treatment
24 or care.

25 e. "Future injuries" means and includes all legal
26 harm which the trier of fact determines will be
27 incurred by the injured party subsequent to the entry
28 of judgment.

29 f. "Injured person" means the person during whose
30 medical treatment or care the acts or omissions of
31 malpractice are determined to have occurred.

32 g. "Injured party" means a party plaintiff to
33 a medical malpractice action who is determined to
34 have suffered legal harm, and includes the injured
35 person when a party.

36 h. "Injury" means and includes every legal harm
37 for which damages are recoverable.

38 2. The trier of fact in every medical malpractice
39 action shall find as separate facts with respect to
40 each injured party the total amount to be awarded
41 as damages for past injuries, if any, and the specific
42 amounts to be awarded as damages for future injuries,
43 if any. The award for future injuries shall be
44 expressed in three elements, to the extent that each
45 of the elements is found to be present: Loss of future
46 income, future expenses for care and treatment, and
47 future noneconomic harm to be endured by the party.

48 3. The court, in a medical malpractice action
49 in which damages awarded for future injuries to a
50 party exceeds fifty thousand dollars, shall enter,

Page 2

1 upon establishing that security for payment exists
2 as provided in subsection four (4) of this section,

3 a judgment ordering that those damages, in whole or
4 in part, shall be payable to that party in
5 installments, subject to the limitations contained
6 in this section. Interest at the legal rate shall
7 accrue on the unpaid balances of amounts awarded for
8 future injuries. The court shall make a specific
9 finding as to the dollar amount of regular installments
10 which will be required to compensate the party for
11 loss of future income and future noneconomic harm.
12 The judgment shall specify the recipient of periodic
13 payments, the dollar amount of each regular payment,
14 the portion of each payment attributable to each
15 element of damages awarded, the interval between
16 payments, the number of payments required to be made,
17 and the amount of the judgment awarded for future
18 expenses for care and treatment. A judgment ordering
19 installment payments shall constitute a final judgment
20 for purposes of appeal.

21 4. The court shall not enter a judgment for
22 installment payments unless the judgment debtor
23 establishes security for payment. Security for payment
24 may be established by filing with the court a surety
25 bond in the amount of the total damages which are
26 payable in installments and conditioned on the timely
27 payment of all damages payable pursuant to this
28 section, or by filing of record in the action an
29 admission of liability for payment of the judgment
30 by one or more liability insurance carriers by whom
31 the judgment debtor was insured, or by filing both
32 a surety bond and admissions of liability in amounts
33 sufficient to secure the payment of the total amount
34 payable in installments.

35 A surety bond may be reduced in amount from time
36 to time as permitted by the court, and may be
37 terminated and the surety exonerated in the event
38 of satisfaction of the judgment as provided in this
39 section, or in the event admissions of liability are
40 filed by liability insurance carriers subsequent to
41 the filing of the surety bond which establish security
42 for the then outstanding balance of the judgment.

43 The judgment debtor or any other person on behalf
44 of the judgment debtor may purchase from any life
45 insurance company which holds a certificate of
46 authority under the laws of the state an annuity to
47 satisfy the obligations of the judgment. Upon approval
48 by the court, such an annuity shall constitute security
49 for payment within the meaning of this subsection.
50 Upon filing of a copy of that annuity with the court,

Page 3

1 any other security for payment previously filed shall
2 be exonerated.

3 Nothing contained in this subsection shall require
4 any liability insurance carrier to admit liability
5 in excess of its policy limits, nor shall anything

6 contained in this section impose liability upon an
7 insurance carrier in excess of the amount specified
8 in its admission of liability.

9 5. In the event that the court finds upon notice
10 and hearing that the judgment debtor, or a person
11 making payments on behalf of the judgment debtor,
12 has exhibited a repeated failure to make timely
13 payments, the court shall find the obligor in contempt
14 of court, and shall set aside the judgment for
15 installment payments and enter judgment for payment
16 of the balance owing in full.

17 6. Except with respect to amounts representing
18 loss of future income, a judgment for installment
19 payment of damages for future injuries shall be a
20 contingent award, and the right to payment shall vest
21 only at such times and in such amounts as accrue
22 pursuant to the judgment.

23 In the event of the death of the injured party
24 that portion of the judgment constituted of damages
25 for future expenses for care and treatment and damages
26 for future noneconomic harm shall be deemed satisfied
27 upon payment of amounts accrued up to the time of
28 death. That portion of installments constituted of
29 damages for loss of future income shall be paid to
30 a spouse and minor children to whom the deceased owed
31 a legal duty of support, as provided by law,
32 immediately prior to his or her death. In the event
33 there are no such persons who survive the deceased,
34 that portion of the judgment shall be deemed satisfied
35 upon payment of amounts accrued up to the time of
36 death.

37 The district court shall retain jurisdiction of
38 any judgment in a medical malpractice action which
39 orders installment payments, and upon the death of
40 the recipient of installment payments, the dependents
41 of the decedent in the case of an award for loss of
42 future income or any other interested party to the
43 action or a representative may petition the court
44 for a modification of the judgment and for a
45 redesignation of the recipient of payments, if any,
46 in accordance with the rights of persons as estab-
47 lished by this section. Unless otherwise ordered,
48 the redesignated recipients of an award for loss of
49 future income shall be paid in those amounts and at
50 those intervals specified in the original judgment.

Page 4

1 Payments shall continue until the remaining amounts
2 awarded for that purpose have been depleted, or until
3 the death of the last of those dependents, whichever
4 occurs sooner. In the event of the death of the last
5 surviving person to whom the injured party owed a
6 duty of support prior to depletion of the amount
7 awarded for loss of future income, the outstanding
8 portions of the judgment shall be deemed satisfied

9 upon payment of amounts accrued up to the time of
10 death.

11 7. The supreme court is authorized to adopt rules
12 requiring the equitable apportionment of attorney
13 fees of an injured party against past damages and
14 future damages, and any other rules which may be
15 necessary to implement the provisions of this section.

16 8. It is the intent of the general assembly in
17 enacting this section to authorize the entry of
18 judgments in malpractice actions against health care
19 providers which provide for the payment of future
20 damages through periodic payments rather than lump-
21 sum payments. By authorizing periodic payment
22 judgments, it is the further intent of the general
23 assembly that the courts shall utilize such judgments
24 to provide compensation sufficient to meet the needs
25 of an injured plaintiff and those persons who are
26 dependent on the plaintiff while eliminating the
27 potential windfall from a lump-sum recovery which
28 was intended to provide for the care of an injured
29 plaintiff over an extended period who then dies shortly
30 after the judgment is paid, leaving the balance of
31 the judgment award to persons and purposes for which
32 it was not intended. It is also the intent of the
33 general assembly that all elements of the periodic
34 payment program be specified with certainty in the
35 judgment ordering such payments and that the judgment
36 not be subject to modification at some future time
37 which might alter the provisions of the original
38 judgment other than as expressly permitted by this
39 section.

40 This section shall apply to a judgment entered
41 in a medical malpractice action on or after September
42 1, 1976, regardless of when the action was commenced.

43 2. Amend the title, line 6, by inserting after
44 the word "services," the words "for payment of certain
45 portions of judgments in health care malpractice
46 actions in installments rather than as a lump-sum,".

29 Sec. 12. *NEW SECTION. QUESTION ON PERMIT*

11 any other power authorized under this Act which may
12 require entry in or upon private property, the director
13 shall notify the owner, renter or other person in
14 charge of such property of his presence and the purpose
15 for which he is entering in or upon such property.

16 1. If the owner or occupant of any property refuses
17 admittance thereto, or if prior to such refusal the
18 director demonstrates the necessity for a search
19 warrant, the director may make application under oath
20 or affirmation to the district court of the county
21 in which the property is located for the issuance
22 of a search warrant.

23 2. In the application the director shall state
24 that an inspection of the premises is mandated by

28 the existence of violations of public health, safety,
29 or welfare requirements imposed by statutes, rules
30 or ordinances adopted pursuant to this Act established
31 by the state or a political subdivision thereof.
32 The application shall describe the area, premises,

39 state that the inspection has no purpose other than
40 to carry out the purpose of this Act or statutes,
41 rules, or ordinances adopted pursuant to this Act
42 for which inspection is to be made.

43 3. If the court is satisfied from the examination
44 of the applicant, and of other witnesses, if any,
45 and of the allegations of the application of the
46 existence of the grounds of the application, or that

47 there is probable cause to believe their existence,
48 the court may issue a search warrant.
49 4. In making inspections and searches pursuant
50 to the authority of this Act, the director must execute

Page 15

UNFINISHED BUSINESS

Senate File 1310

The Senate resumed consideration of Senate File 1310, a bill for an act relating to health care malpractice, and providing for methods and procedures for the professional review of and the imposition of disciplinary sanctions for certain acts and omissions of practitioners, for arbitration as a method of resolving disputes arising from health care services, and for review by the courts of

the legal fees incurred by plaintiffs in health care malpractice actions, and providing penalties.

Senator Junkins asked and received unanimous consent that William H. Huff, III, Commissioner of Insurance, be permitted to remain in the Senate chamber as a consultant during consideration of the bill.

Senator Rabedeaux offered amendment S—5563 filed by Senators Rabedeaux, et al., and moved that the amendment be taken up for full consideration and debate by the Senate:

3 following new sections:

4 "Sec. 22. The general assembly finds that a
5 critical situation continues to exist because of the
6 high cost and impending unavailability of medical
7 malpractice insurance. The general assembly further
8 finds that to assure the uninterrupted delivery of
9 health care services to the citizens of Iowa it is
10 necessary to curtail excessive verdicts to persons
11 who are damaged by medical accidents in order to keep
12 medical malpractice insurance available in this state.
13 The general assembly further finds that without medical
14 liability insurance, physicians, other health care
15 providers and hospitals cannot provide health care

20 Sec. 23. Chapter one hundred forty-seven (147),

28 hospital in patient care, in which liability is
29 admitted or established, the damages awarded for
30 noneconomic losses incurred or to be incurred in the
31 future by the claimant by reason of the personal
32 injury, shall not exceed the sum of two hundred
33 thousand dollars."

34 2. Amend the title, line 6, by inserting after
35 the word "services," the words "for limitations on
36 damages recoverable in health care malpractice
37 actions,".

Senator Hill of Polk raised the point of order that the motion was out of order for the reason that amendment S—5563 was not germane to the bill.

The Senate stood at ease until the fall of the gavel.

The Senate resumed session, President Neu presiding.

Senator Rabedeaux moved that the rules governing germaneness be suspended for the purpose of taking up for consideration amendment S—5563.

Notwithstanding the provisions of section four hundred forty-one point twenty-one (441.21) of the Code, for assessments made as of January 1, 1976, the actual value of each tract of agricultural property consisting of more than ten acres shall be computed by multiplying the valuations established by the assessor and approved by the board of review by the percentage which the 1975 income value per acre bears to the 1975 actual value per acre of the agricultural property both as determined by the director. The county auditor shall proceed to make the necessary adjustments on the tax lists. If the valuation of the agricultural property is increased in a county, the county auditor shall notify by ordinary mail the owners of agricultural property affected by the adjustment made pursuant to this section. The actual value of a structure located on agricultural land shall be the fair and reasonable market value of the structure. During the past decade, considerable public debate has centered on property tax and the burdens it imposes. When concern over property taxes was at a fever pitch in 1971, we developed and passed the school foundation program. This long-term plan, which shifted the funding of increased school costs from property taxes to state revenues, has been a key to our success in recent years in stabilizing previously skyrocketing property taxes.

That property tax stability was jolted with the equalization order issued by the Director of Revenue in October, 1975. Required by law, and necessary to make our tax system an equitable one, the equalization order reflected the inordinate increase in property valuations across Iowa. As a result of the average increase of 30% in property valuations, Iowans faced the very real prospect of a substantial shift in school funding from state aid to property taxes and the possibility of local governments increasing their budgets to take advantage of the higher valuations.

In mid-January, we presented to the General Assembly our proposals to cushion what we believed would be an undesirable and unnecessary shock if no action were taken. Our proposals included a substantial increase in state aid to schools, reasonable limits on the additional property tax dollars that could be raised by local governments, and—very important—a task force on local government services and funding sources. This task force could amass the information so a more refined analytical approach could be developed for the rendition and funding of local government services. We offered these recommendations to the General Assembly, willing to accept improvements that might be made during the law-making session.

Now, after more than 90 days and after a cascade of words of emotional debate in both Houses, we are convinced of the soundness of our approach—to limit property tax increases by having the state bear the major share of increased school costs.

* * * * *

Before we submitted our recommendations, the General Assembly had begun to wrestle with the property tax problem. Property tax deliberations by the General Assembly during the past six months have followed a tortuous trail beginning with an inconclusive interim study committee, progressing to lengthy Ways and Means Committee sessions, heated and protracted floor debates and intricate off-the-floor negotiations, and culminating in extraordinary conference committee deliberations and decisions.

From the time the Senate Ways and Means Committee first approved Senate File 1062 for debate on January 27 to the final vote by the House on April 13, the members of the General Assembly studied and considered a wide range of alternatives. Various budget limits, changes in our school aid formula, new property tax credits and exemptions, local option taxation and property valuation rollback and weightings are only some of the major options seriously debated by the legislature.

The final version of Senate File 1062 is a reflection and product of the often painful deliberations by the legislature on this subject. Its numerous provisions are an amalgam of the various proposals doggedly pursued throughout the deliberations. The raw political fact that no single approach enjoyed the support of a majority of both Houses, when combined with the exigencies of time, resulted in a bill where much—perhaps too much—was sacrificed for compromise. The many doubts expressed by so many of those who voted for the measure underscore the unusual odyssey of Senate File 1062.

* * * * *

Any bill of this scope and magnitude will contain both positive and negative provisions. Indeed Senate File 1062 contains several meritorious sections.

It improves our elderly tax credit program by providing more relief to our senior citizens.

The temporary property tax growth limitations of Senate File 1062 for local governments may prevent some otherwise potentially large increases in property tax levies during the next three years. An appeals process is established to accommodate unusual and exceptional needs.

Throughout the debate on Senate File 1062, it was apparent that the data and research needed to pursue the comprehensive and long-range changes being proposed were lacking. This is the reason why we proposed a task force to answer many of the presently unanswerable questions and give us a surer footing to develop a more permanent solution.

Provision for a task force is contained in Senate File 1062. Unfortunately it is restricted in its structure and capabilities. The geographic and partisan restrictions on the task force's membership will make it difficult to secure members with the kind of stature and the varied talents and backgrounds we feel essential for a top-notch task force. And the early reporting date for the task force to make its recommendations may inhibit comprehensive review and analysis of the complex issues at stake.

The most inexplicable and indefensible provision in the task force section is the requirement that public members work without pay while the legislative members receive \$40 per day.

While the task force is a far cry from what we had recommended, we intend to make it work.

* * * * *

It is imperative that in important, far-ranging bills that the meritorious features outweigh the countervailing negative aspects. Regrettably, I find this is not the case in Senate File 1062. There are several very serious considerations that weigh strongly against complete acceptance of this bill.

One consideration of paramount concern to all Iowans is the eventual cost of this legislation. It is estimated by the Revenue Department and State Comptroller that the total cost of the first year of Senate File 1062 (FYE 77) is approximately \$7 million more than we recommended. But the real spending problem is in the second year (FYE 78) when it is estimated that the bill will cost approximately \$21 million more than we originally recommended.

Even these substantial cost estimates are conservative. We have reason to believe that with the weaker limitations on property tax increases by local governments, the cost of new homestead credits in Senate File 1062 may be considerably more than estimated.

One would have to view Senate File 1062 with much hesitation and trepidation solely because of its cost, especially since we do not know what other spending measures this legislature may adopt. Should the State be required to seek new or increased taxes in two or three years because of this bill, Iowans would have the kind of tax relief they can hardly afford.

* * * * *

Senate File 1062 makes a long-term commitment with two marked departures from our present taxing system—a changed and greatly enlarged homestead credit and the use of 100% productivity for the assessment of agricultural land with a twist that could be detrimental to some farmers. While these departures may be desirable, Senate File 1062 initiates them based on little more than cursory knowledge of their impact on our tax system, long-term implications, and desirability vis-a-vis future alternatives. Further, the task force should not be preempted from considering all alternatives.

The deviation from existing policies contained in Senate File 1062 is demonstrated in its effect on state aid for schools. For the first time in many years, and contrary to the direction we have been pursuing, state aid for schools will actually decrease next year—from about \$383 million to \$378 million. Considering that school costs next year will be in excess of \$55 million more than this year, the decrease in state aid for schools is a radical shift from our present policy of increased school costs being financed primarily from state revenues. The approach we have had is a proven method of property tax relief—and has equalized education for our young people.

* * * * *

While Senate File 1062 would soften the blow of increased property taxes in some areas more than our proposal, it provides no relief for Iowans who rent. It is estimated that roughly one-fifth of all homes in

the residential class of property in the State are rental units. Since the homestead credit is available only to owner-occupants, renters will receive no benefits under the bill even though their rental payments will reflect increased property taxes.

Finally, I point out that Senate File 1062 does little to keep industrial, personal, and utility property from enjoying a reduction in taxes while agricultural and residential property taxes increase—a point often criticized during the debate on this bill.

* * * * *

As we have reviewed Senate File 1062, it has become more and more apparent that this measure is poorly conceived and ill-designed. The bill is so fraught with uncertainties and difficulties that we have found few legislators willing to sing its praises. It is indeed surprising that a bill of such consequence would elicit so little support following passage while generating, from members of both parties, so many requests for a full or item veto.

If I were to veto Senate File 1062 in total, for which a good argument can be made, the General Assembly would be compelled to reconsider the bill, start all over, or return in special session in order to keep Iowans from being unduly hit by excessive property tax increases. Yet as legislators continue to tell me, there is little reason to believe this legislature could turn out a better product. The same differences and the same problems frustrating the General Assembly during the development of Senate File 1062 still exist.

While there is no assurance that the legislature would give us an improved bill should I veto Senate File 1062, there would be a guarantee of more lost time in the local budgetary process. Should this occur, local units of government would be delayed in their tax collections and would incur extra interest cost of some \$2 million a month.

While I am tempted to veto Senate File 1062, the prospect of havoc, little or no improvement, and added expense for local governments persuades me to sign into law the first year of this bill. Iowans must have some help and the first year under Senate File 1062 does send state revenues back to give some relief to some taxpayers.

The same considerations do not hold true for the second and third years of Senate File 1062. Next year we will have better information relative to the amount of money available from state resources for financing a property tax package for future years. We also will have the benefit of the efforts of the task force and can act upon its recommendations after they are made—instead of before. The new General Assembly will be in a position to consider improvements in or alternatives to the second and third year provisions of Senate File 1062 in a timely fashion. It could, of course, accept the second and third year provisions of Senate File 1062 if the data, statistics, and judgment accumulated during the interim warranted it.

Because of these considerations, I have decided to item veto from Senate File 1062 the homestead credits for FYE 1978 and FYE 1979, the change in assessment procedures for agricultural property for the same two years, and the automatic surplus triggers which are operative only because of the second and third years of the bill.

By vetoing the second and third years of this bill, I realize that prompt action will have to be taken to achieve a fair and equitable tax program when the next legislative session convenes.

This item veto should not be construed as opposition on my part to the establishment of additional productivity for agricultural land or assessment changes for other classes of property. It does mean that there are unknowns contained in this tax package that, if uncorrected, could do more harm than good to many taxpayers who are hoping for some relief.

I am also item vetoing the property tax limitations for special districts. It was intended that these special purpose districts be under the property tax limitations, but further study convinces us that the administration of and compliance with the limitations would be virtually impossible.

* * * * *

While I recognize there is always risk in an action such as I am taking today with this item veto, I truly believe that the risk is well worth it when we consider the definite possibility of writing into law next session a far superior plan—one that will be supported by fact and which will help the farmer and the residential dweller. It is hard to imagine that next year's effort will not produce something at least as good and hopefully much better than Senate File 1062.

It must now be apparent that an equitable solution to the basic problem—how local government services can be supplied to our people and how the costs of these services should be allocated—is not simple to develop—but neither is it impossible. The combination of better data and the dedication of people to improve the existing system can surely result in the evolution of a program that can meet the tests of time.

For these reasons, I hereby disapprove the aforementioned eight items in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of Senate File 1062 are hereby approved this date.

Sincerely,
ROBERT D. RAY
Governor

EXPLANATION OF AMENDMENT TO SENATE FILE 1062

The Hansen-Shaw-Kelly amendment S—5436 on pages 1133 through 1135 of the Senate Journal of Thursday, April 1, 1976, contains drafting errors and omissions contrary to instructions given to the staff of the Legislative Service Bureau on March 31, 1976. On that date Senator Shaw and I, together with the State Comptroller and several of his chief assistants, related to a member of legislative research the technical aspects of the proposed amendment.

On April 1, 1976 at 5:00 p.m., Senate debate resumed on Senate File 1062. As that discussion began, neither amendment S—5436 nor amendment S—5435 (the principal amendment to the Conference Report) had been distributed to the Senators. At 6:30 p.m. I presented amendment S—5436 which had just been distributed to the Senators. Unfortunately, I was not given time to verify the accuracy of the drafting and only subsequent to the debate discovered the errors and omissions. Submitted herewith is the corrected version of the amendment that was requested of the Legislative Service Bureau and which conforms to the presentation made in debate on April 1, 1976.

- 1 Amend the Rodgers amendment S—5435 to the Report
- 2 of the Second Conference Committee on Senate File
- 3 1062 as follows:

1. Page 5, by striking lines 26 through 50 and inserting in lieu thereof the following:

"..... Page 14, by striking lines 29 through 35 and inserting in lieu thereof the following:

Sec. Section four hundred forty-two point three (442.3), Code 1975, is amended to read as follows:

442.3 STATE FOUNDATION BASE. The state foundation base for the school year beginning July 1, [1972] 1976, is [seventy] *eighty* percent of the state cost per pupil. [For each succeeding school year the state foundation base shall be increased by the amount of one percent of the state cost per pupil, up to a maximum of eighty percent of the state cost per pupil.] The district foundation base is the larger of the state foundation base or the amount per pupil which the district will receive from foundation property tax and state school foundation aid.

Sec. There is instituted for the fiscal year beginning July 1, 1976 and ending June 30, 1977 and for the fiscal year beginning July 1, 1977 and ending June 30, 1978 a property tax recapture on commercial property, industrial property, personal property, and all property assessed pursuant to chapters four hundred thirty-three (433) through four hundred thirty-eight (438) of the Code by the director under authority specified in chapter four hundred twenty-eight (428) of the Code. The amount of the property tax recapture shall be equal to the difference between the property taxes levied on a parcel of property and payable during the fiscal year beginning July 1, 1975 and the property taxes levied on the same parcel of property and payable during the fiscal year beginning July 1, 1976 and the difference between the property taxes levied on a parcel of property and payable during the fiscal year beginning July 1, 1975 and the property taxes levied on the same parcel of property and payable during the fiscal year beginning July 1, 1977, if the property taxes paid during the fiscal year beginning July 1, 1976 or July 1, 1977 are less than the property taxes paid during the fiscal year beginning July 1, 1975. The tax shall be payable to the department of revenue and shall be paid at the time the person is filing a state income tax return for a tax year ending on or after July 1, 1977 and not later than June 30, 1978 or on or after July 1, 1978 and not later than June 30,

7 property, or property assessed pursuant to chapters
8 four hundred thirty-three (433) through four hundred
9 thirty-eight (438) of the Code by the director under
10 authority of chapter four hundred twenty-eight (428)

15 the fiscal year beginning July 1, 1976, and the amount
16 of state property taxes payable in the manner provided
17 by this Act. The list submitted not later than January
18 1, 1978 shall have the property taxes levied against
19 the property and payable during the fiscal year
20 beginning July 1, 1977 substituted in lieu of the
21 property taxes payable during the fiscal year beginning
22 July 1, 1975.

23 Sec. In notifying the owner of the property
24 of the property taxes levied against the property
25 and payable during the fiscal year beginning July
26 1, 1977 and during the fiscal year beginning July
27 1, 1978, the notice shall also indicate whether or
28 not any recaptured property taxes are due on the
29 property. If recaptured property taxes are due on
30 the property, the notice shall also notify the owner
31 of the property that the taxes are payable to the
32 department of revenue and shall be included in the
33 payment of state income taxes due and payable upon
34 the filing of a state income tax return filed for
35 any tax year ending on or after July 1, 1977 and not
36 later than June 30, 1978 and on or after July 1, 1978
37 and not later than June 30, 1979, as applicable.

38 Sec. Any recaptured property taxes due under
39 the provisions of this Act shall become a lien against
40 the property in the same manner and at the same time
41 as a lien for any other delinquent property taxes.

42 Sec. Upon payment of the recaptured property
43 taxes due on a parcel of property to the department
44 of revenue, the director of revenue shall certify
45 the payment of the recaptured property taxes to the
46 county auditor and direct the auditor to remove the
47 lien which has been attached for nonpayment of
48 recaptured property taxes.

8 the county auditors of the respective counties the
9 pro rata percentage of reimbursement from the

10 agricultural land credit fund which shall be
11 distributed by the state comptroller on or before

14 tion four hundred twenty-five point one (425.1), sub-

8 'DIVISION

9 **TERMINATION OF LIFE SUPPORT SYSTEMS**

- 10 Sec. **NEW SECTION. PETITION.** A petition to
11 terminate the life support apparatus of a patient
12 of a hospital may be filed with the district court
13 of the county in which the patient is hospitalized
14 by the patient's spouse, the patient's guardian, or
15 a person who is related to the patient within the
16 second degree of consanguinity. The petition shall
17 be in equity and shall name the state as the
18 respondent. The petition shall contain a description
19 of the patient's injury or illness, the treatment
20 which the patient is receiving, and an affidavit by
21 at least one physician licensed by this state
22 testifying that there is no reasonable possibility
23 of the patient ever emerging from a present comatose
24 condition to a cognitive, sapient state and that the
25 life support apparatus now being administered to the
26 patient should be discontinued.

- 27 Sec. **NEW SECTION. APPOINTMENT OF PHYSICIANS.**
28 Within five days of the filing of the petition the
29 district court shall appoint three physicians with
30 recognized competence and expertise in the disease
31 or injury suffered by the patient. One physician
32 shall be appointed at the request of the petitioners,
33 one physician shall be appointed upon the
34 recommendation of the county medical association of
35 the county in which the patient is hospitalized, and

- 37 Sec. **NEW SECTION. INSTRUCTIONS TO PHYSICIANS.**
38 Upon the appointment of the three physicians the court
39 shall instruct the physicians that they are to
40 immediately examine the patient to determine whether
41 there is a reasonable possibility of the patient ever
42 emerging from a present comatose condition to a
43 cognitive, sapient state and whether the life support
44 apparatus now being administered to the patient should
45 be discontinued.

- 46 Sec. **NEW SECTION. AFFIDAVIT TO THE COURT.**
47 Upon the completion of their examination each of the
48 three physicians shall file an affidavit with the

49 court stating whether there is a reasonable possibility
50 of the patient ever emerging from a present comatose

Page 2

1 condition to a cognitive, sapient state whether the
2 life support apparatus now being administered to the
3 patient should be discontinued. The affidavit shall
4 be accompanied by a detailed statement of the patient's
5 injury or disease, the medical treatment the patient
6 is receiving, and the basis upon which the physician
7 reached his or her conclusions.

8 **Sec. NEW SECTION. HEARING—NOTIFICATION OF**

9 **PARTIES.** Upon receipt of the affidavits from the
10 physicians the court shall forward to the hospital
11 in which the patient is hospitalized, the respondent,
12 and the petitioners a copy of each of the affidavits.
13 If all three physicians concur that there is not a
14 reasonable possibility of the patient ever emerging
15 from a present comatose condition to a cognitive,
16 sapient state and that the life support apparatus
17 now being administered to the patient should be
18 discontinued, the court shall set a date for hearing
19 which shall be not less than five days nor more than
20 thirty days from the filing of the last affidavit
21 and shall immediately notify the hospital in which
22 the patient is hospitalized, the respondent, and the
23 petitioners of the time and place of the hearing.
24 If all three physicians do not concur that there is
25 not a reasonable possibility of the patient ever
26 emerging from a present comatose condition to a
27 cognitive, sapient state and that the life support
28 apparatus now being administered to the patient should
29 not be discontinued, the court shall dismiss the
30 petition and notify the hospital in which the patient
31 is hospitalized, the respondent, and the petitioners
32 of the dismissal.

33 **Sec. NEW SECTION. HEARING.**

34 1. The hearing shall be held before the court
35 and neither the petitioner nor the respondent may
36 be granted a jury trial.

39 of the hearing.

40 3. The attorney general of the state shall

44 in which the patient is hospitalized shall be allowed
45 to introduce any witness or evidence which is relevant
46 and material to the issue and both parties shall be
47 allowed to cross-examine the other witnesses and
48 evidence.

49 **Sec. NEW SECTION. COURT ORDER.** If the court
50 finds by clear and convincing evidence that there

1 is not a reasonable possibility of the patient ever
2 emerging from a present comatose condition to a
3 cognitive, sapient state and that the life support
4 apparatus now being administered to the patient should
5 be discontinued, the court shall order that the life
6 support apparatus be discontinued as soon as possible
7 after the time for filing an appeal has elapsed.
8 Sec. *NEW SECTION. APPEAL.* An appeal from
9 a decision under this division shall be taken as
10 provided in the rules of civil procedure, except that

4 *in the "Iowa Administrative Code" an estimate of the*

7 *it and upon the agency itself. If the agency*
8 *determines that such an estimate cannot be formulated,*
9 *the reasons for impossibility of formulation shall*

22 provisions of subsection 1 shall be inapplicable if
23 the rule which is so adopted provides by its own terms
24 that it shall be effective for only one hundred eighty
25 specified days. If an agency for good cause finds
26 that notice and public participation would be un-
27 necessary, subsection 1 shall be inapplicable
28 if a majority of the members of the Administrative Rules
29 Review Committee approve the inapplicability. The
30 agency shall incorporate in each rule issued in
31 reliance upon this provision either the finding and a
32 brief statement of the reasons therefor, or a statement
33 that the rule is within a very narrowly tailored
34 category of rules whose issuance has previously been
35 exempted from subsection 1 by a special rule relying
36 on this provision and including such a finding and
37 statement of reasons for the entire category. In any
38 action contesting a rule adopted pursuant to this sub-
39 section, the burden of proof shall be on the agency
40 to show that the procedures of subsection 1 were im-
41 practicable, unnecessary, or contrary to the public
42 interest and that, if a category of rules was involved,
43 the category was very narrowly tailored.

44 Sec. 2. Section seventeen A point four

Page 3

1 authority delegated to the promulgating agency,
2 the administrative rules committee may delay the
3 effective date of the adoption, amendment, or
4 repeal of a rule for which a notice of intended
5 action has been published, until thirty-five
6 days after the convening of
7 the legislature. Notice of the delay of the ef-
8 fective date of the rule shall be published in
9 the next supplement of the Iowa administrative
10 code.

11 b. Any rule, the effective date of which
12 has been delayed under paragraph a of this sub-

13 section and the notice of intended action to
14 which it was related shall be forwarded to the
15 speaker of the house and the president of the
16 senate. The speaker and the president shall re-
17 fer this rule and notice to the appropriate
18 standing committee. If a majority of the mem-
19 bership of both houses by resolution reject the
20 proposed rule, the effective date of which has
21 been delayed by the administrative rules commit-
22 tee, **within thirty five calendar days after the**
23 **convening of the legislature the rule shall not**
24 **go into effect and be returned to the promul-**
25 **gating agency. If the legislature does not pass**
26 **such a resolution within thirty five calendar**
27 **days the rule shall be in effect.**

28 Sec. 3. Section seventeen A point five (17A.5),
29 Code 1975, is amended to read as follows:

30 **17A.5 FILING AND TAKING EFFECT OF RULES.**

31 1. Each agency shall file in the office of the
32 **secretary of state [a] three certified [copy] copies of**
33 **each rule adopted by it[, including all rules as**
34 **defined in this chapter existing on July 1, 1975].**
35 **Each adopted rule shall, before filing, be submitted**
36 **for endorsement by the Code editor that it is in**
37 **proper form and style. The Code editor shall not**
38 **hold a rule for endorsement for longer than a week.**
39 **Lack of endorsement shall not preclude publication**
40 **of a rule. Two copies of it shall be forwarded to**
41 **the Code editor. The secretary of state shall keep**
42 **a permanent register of the rules open to public**
43 **inspection. [Rules presently on file in the office,**
44 **of the secretary of state need not be refilled.]**

45 2. Each rule hereafter adopted is effective
46 thirty-five days after filing, as required in this
47 section, and indexing and publication as required
48 by section 17A.6, except that:

49 a. If a later date is required by statute or
50 specified in the rule, the later date is the

Page 4

1 effective date.

2 b. Subject to applicable constitutional or
3 statutory provisions, a rule becomes effective
4 immediately upon filing with the secretary of state,
5 or at a subsequent stated date prior to indexing and
6 publication, or at a stated date less than thirty-
7 five days after filing, indexing and publication,
8 **if the rule provides by its own terms that it is**
9 **effective for a period not to exceed one hundred**
10 **eighty days, as specified, and if the agency finds:**

11 (1) That a statute so provides;

12 (2) That the rule confers a benefit or removes
13 a restriction on the public or some segment thereof;
14 or

15 (3) That this effective date is necessary because

16 of imminent peril to the public health, safety or
17 **welfare. In any subsequent action contesting the**
18 **effective date of a rule promulgated under this**
19 **paragraph, the burden of proof shall be on the agency**
20 **to justify its finding. The agency's finding and**
21 **a brief statement of the reasons therefor shall be**
22 **filed with and made a part of the rule. Prior to**
23 **indexing and publication, the agency shall make**
24 **reasonable efforts to make known to the persons who**
25 **may be affected by it a rule made effective under**
26 **the terms of this paragraph.**

27 Sec. 4. Section seventeen A point six (17A.6),
28 subsections one (1) and three (3), Code 1975, are
29 amended to read as follows:

30 1. The Code editor shall cause to be compiled,
31 indexed and published in loose leaf form all rules
32 adopted by each agency and notice of all proposed
33 rule-making by each agency. The Code editor further
34 **shall cause to be [distributed] published supplements**
35 **to this publication at least every other week which**
36 **supplements shall contain, in such a form that they**
37 **may be filed in the appropriate places in the com-**
38 **pile, all rules and notice of proposed rules filed**
39 **for publication in the prior two weeks. The Code**
40 **editor shall devise a uniform numbering system for**
41 **rules and may renumber rules before publication to**
42 **conform with the system.**

43 3. This publication, which shall be known as the
44 "Iowa Administrative Code", shall be made available
45 upon request to all persons who subscribe [thereto]
46 **to it through the state printing division. Copies**
47 **of this Code so made available shall be kept current**

30 exercising criminal or civil jurisdiction. The board
31 shall cause subpoenas to be issued for such witnesses
32 and the production of such books and papers as either
33 the board or the teacher may designate. The subpoenas

39 the district court of the county in which the
40 administrative office of the school district is
41 located, and the court shall proceed with the person
42 or witness as though the refusal had occurred in a
43 proceeding legally pending before the court.

44 The board shall not be bound by common law or
45 statutory rules of evidence or by technical or formal
46 rules of procedure, but it shall hold the hearing
47 in such manner as is best suited to ascertain and
48 conserve the substantial rights of the parties.
49 Process and procedure under this section shall be
50 as summary as reasonably may be.

15 merged area in which the school district is located.
16 If an adjudicator cannot be mutually agreed upon
17 within the five-day period, the secretary shall notify
18 the chairperson of the public employment relations
19 board by transmitting the notice of appeal, and the
20 chairperson of the public employment relations board
21 shall within five days provide a list of five
22 adjudicators to the parties. Within three days from
23 receipt of the list of adjudicators, the parties shall
24 select an adjudicator by alternately removing a name
25 from the list until only one name remains. The person
26 whose name remains shall be the adjudicator. The
27 parties shall determine by lot which party shall
28 remove the first name from the list submitted by the
29 chairperson of the public employment relations board.
30 The secretary of the board shall inform the chairperson
31 of the public employee relations board of the name
32 of the adjudicator selected.

33 If the teacher does not timely request an appeal
34 to an adjudicator the decision, opinion, or conclusion
35 of the board shall become final and binding.

36 Within thirty days after filing the notice of
37 appeal, or within further time allowed by the
38 adjudicator, the board shall transmit to the
39 adjudicator the original or a certified copy of the
40 entire record of the private hearing which may be
41 the subject of the petition. By stipulation of the
42 parties to review the proceedings, the record of the
43 case may be shortened. The adjudicator may require
44 or permit subsequent corrections or additions to the
45 shortened record.

46 The record certified and filed by the board shall
47 be the record upon which the appeal shall be heard
48 and no additional evidence shall be heard by the
49 adjudicator. In such appeal to the adjudicator,
50 especially when considering the credibility of

Page 6

1 witnesses, the adjudicator shall give weight to the
2 fact findings of the board; but shall not be bound
3 by them.

4 Before the date set for hearing a petition for
5 review of board action, which shall be within ten
6 days after receipt of the record unless otherwise
7 agreed or unless the adjudicator orders additional
8 evidence be taken before the board, application may
9 be made to the adjudicator for leave to present
10 evidence in addition to that found in the record of
11 the case. If it is shown to the adjudicator that
12 the additional evidence is material and that there
13 were good reasons for failure to present it in the
14 private hearing before the board, the adjudicator
15 may order that the additional evidence be taken before
16 the board upon conditions determined by the
17 adjudicator. The board may modify its findings and

18 decision in the case by reason of the additional
19 evidence and shall file that evidence and any
20 modifications, new findings, or decisions, with the
21 adjudicator and mail copies of the new findings or
22 decisions to the teacher.

23 The adjudicator may affirm board action or remand
24 to the board for further proceedings. The adjudicator
25 shall reverse, modify, or grant any appropriate relief
26 from the board action if substantial rights of the
27 teacher have been prejudiced because the board action
28 is:

29 a. In violation of a board rule or policy or
30 contract; or

31 b. Unsupported by a preponderance of the competent
32 evidence in the record made before the board when
33 that record is viewed as a whole; or

34 c. Unreasonable, arbitrary or capricious or
35 characterized by an abuse of discretion or a clearly
36 unwarranted exercise of discretion.

37 The adjudicator shall, within fifteen days after
38 the hearing, make a decision and shall give a copy
39 of the decision to the teacher and the secretary of
40 the board. The decision of the adjudicator shall
41 become the final and binding decision of the board
42 unless either party within ten days notifies the
43 secretary of the board that the decision is rejected.
44 The board may reject the decision by majority vote,
45 by roll call, in open meeting and entered into the
46 minutes of the meeting. The board shall immediately
47 notify the teacher of its decision by certified mail.
48 **The teacher may reject the adjudicator's decision**
49 by notifying the board's secretary in writing within
50 ten days of the filing of such decision.

Page 7

1 All costs of the adjudicator shall be shared equally
2 by the teacher and the board.

3 8. If either party rejects the adjudicator's
4 decision, the rejecting party shall, within thirty
5 days of the initial filing of such decision, appeal
6 to the district court of the county in which the
7 administrative office of the school district is
8 located. The notice of appeal shall be immediately
9 mailed by certified mail to the other party. The
10 adjudicator shall transmit to the reviewing court
11 the original or a certified copy of the entire record
12 which may be the subject of the petition. By
13 stipulation of all parties to the review proceedings,
14 the record of such a case may be shortened. A party
15 unreasonably refusing to stipulate to limit the record
16 may be taxed by the court for the additional cost.
17 The court may require or permit subsequent corrections
18 or additions to the shortened record.

19 In proceedings for judicial review of the
20 adjudicator's decision, the court shall not hear any

21 further evidence but shall hear the case upon the
22 certified record. In such judicial review, especially
23 when considering the credibility of witnesses, the
24 court shall give weight to the fact findings of the
25 board; but shall not be bound by them. The court
26 may affirm the adjudicator's decision or remand to
27 the adjudicator or the board for further proceedings
28 upon conditions determined by the court. The court
29 shall reverse, modify, or grant any other appropriate
30 relief from the board decision or the adjudicator's
31 decision equitable or legal and including declaratory
32 relief if substantial rights of the petitioner have
33 been prejudiced because the action is:

- 34 a. In violation of constitutional or statutory
- 35 provisions; or
- 36 b. In excess of the statutory authority of the
- 37 board or the adjudicator; or
- 38 c. In violation of a board rule or policy or
- 39 contract; or
- 40 d. Made upon unlawful procedure; or
- 41 e. Affected by other error of law; or
- 42 f. Unsupported by a preponderance of the compe-
- 43 tent evidence in the record made before the board
- 44 and the adjudicator when that record is viewed as
- 45 a whole; or
- 46 g. Unreasonable, arbitrary or capricious or
- 47 characterized by an abuse of discretion or a clearly
- 48 unwarranted exercise of discretion.

49 An aggrieved or adversely affected party to the
50 judicial review proceeding may obtain a review of

Page 8

1 any final judgment of the district court by appeal
2 to the supreme court. The appeal shall be taken as
3 in other civil cases, although the appeal may be taken
4 regardless of the amount involved.

5 9. The first two consecutive years of employment
6 of a teacher in the same school district are a proba-
7 tionary period. However, a board of directors may
8 waive the probationary period for any teacher who
9 previously has served a probationary period in another
10 school district and the board may extend the proba-
11 tionary period for an additional year with the consent
12 of the teacher.

13 In the case of the termination of a probationary
14 teacher's contract, the provisions of subsections
15 four (4), five (5), and six (6), of this section shall
16 apply.

17 The board's decision shall be final and binding
18 unless the termination was based upon an alleged
19 violation of a constitutionally guaranteed right of
20 the teacher or an alleged violation of public employee
21 rights of the teacher under section twenty point ten
22 (20.10) of the Code.

23 Sec. 2. Section two hundred seventy-nine point

24 twenty-four (279.24), Code 1975, is amended by strik-
25 ing the section and inserting in lieu thereof the
26 following:
27 279.24 DISCHARGE OF TEACHER. A teacher may be
28 discharged at any time during the contract year for
29 just cause. The superintendent or the superintendent's
30 designee, shall notify the teacher immediately that
31 the superintendent will recommend in writing to the
32 board at a regular or special meeting of the board
33 held not more than fifteen days after notification
34 has been given to the teacher that the teacher's
35 continuing contract be terminated effective immediately
36 following a decision of the board. The procedure
37 for dismissal shall be as provided in subsections
38 five (5) through nine (9) of section two hundred
39 seventy-nine point thirteen (279.13) of the Code.
40 The superintendent may suspend a teacher under this
41 section pending hearing and determination by the
42 board."

11 "2. If, upon receipt of a periodic statement of account
12 from a financial institution, a customer or member of the
13 financial institution believes that the statement contains
14 an error with respect to a transaction engaged in by such
15 person through a satellite terminal, then such person
16 shall, within sixty (60) days of the date on which such
17 statement was mailed or otherwise delivered by the finan-
18 cial institution, notify the financial institution by
19 means of a writing which (a) sets forth or otherwise en-
20 ables the financial institution to identify the member or
21 customer and the number of the account in question; (b)
22 indicates the customer's or member's belief that the state-

23 ment contains an error with respect to a transaction engaged
24 in by such person through a satellite terminal, and states
25 the amount of the alleged error; and (c) sets forth the
26 reasons for the person's belief that the statement contains
27 such an error. Unless the action required in subsection
28 three (3) of this section is taken prior to the end of
29 the thirty (30) day period, the financial institution shall
30 acknowledge in writing its receipt of the notice provided
31 for in this subsection within thirty (30) days of its
32 actual receipt thereof.

33 3. Within ninety (90) days of the financial institu-
34 tion's receipt of the notice described in subsection two
35 (2) of this section, it shall either:

36 a. Correct the account in question and provide the
37 customer or member with written notification of the cor-
38 rection and, if the correction is not in the exact amount
39 of the alleged error, provide such person with a written
40 explanation of any difference between the alleged error
41 and the correction made; or

42 b. Provide the customer or member with a written expla-
43 nation, after having conducted an investigation of the
44 matter, stating the reason the financial institution be-
45 lieves the statement is correct and, within thirty (30) days
46 of further written request of the customer or member, pro-
47 vide such person with a written copy of the record of the
48 transaction in question, as maintained by the financial
49 institution pursuant to section fifteen (15) of this Act.

50 4. A financial institution which has received a notice

Page 2

1 specified in subsection two (2) of this section shall
2 not, prior to its compliance with subsection three (3)
3 of this section, close the account concerning which
4 the dispute exists or restrict transactions in such
5 account which affect only the portion thereof which is
6 not in dispute. A financial institution which has
7 complied with the provisions of subsection three (3)
8 of this section with respect to an alleged error con-
9 cerning a transaction engaged in through a satellite
10 terminal shall have no further responsibility under
11 subsections two (2) through four (4) of this section
12 if the customer or member continues to make substan-
13 tially the same allegation with respect to such error.

14 5. If the correction of any error relating to a
15 transaction engaged in through satellite terminal in
16 an account of a customer or member results in a cre-
17 dit to such account, the financial institution shall
18 additionally credit such account with any amount of
19 interest which would have been paid to such customer
20 or member by the financial institution except for the
21 error, or which was paid by such person to the finan-
22 cial institution as a result of the error.

23 6. A financial institution which fails to comply
24 with the provisions of subsections two (2) through

- 25 five (5) of this section shall be liable to the cus-
 26 tomer or member who has complied with such provisions
 27 for a civil penalty in the amount of fifty dollars."

The following message was received from the House:

MR. PRESIDENT: Attached hereto is the corrected House amendment to Senate File 205, a bill for an act relating to the issuance, continuation, and termination of teachers' contracts.

DAVID L. WRAY, Chief Clerk

HOUSE AMENDMENT CONSIDERED

Senate File 205

Senator Carr called up for consideration Senate File 205, a bill for an act relating to the issuance, continuation, and termination of teachers' contracts, amended by the House, as follows:

CORRECTED HOUSE AMENDMENT TO SENATE FILE 205

S—5745

1 Amend Senate File 205, as amended, passed, and
2 reprinted by the Senate, by striking everything
3 after the enacting clause and inserting in lieu
4 thereof the following:

5 "Section 1. Section two hundred seventy-nine point
6 thirteen (279.13), Code 1975, is amended by striking
7 the section and inserting in lieu thereof the follow-
8 ing:

9 279.13 CONTRACTS WITH TEACHERS—AUTOMATIC
10 CONTINUATION.

11 1. Contracts with teachers, which for the purpose
12 of this section means all certificated employees of
13 a school district and nurses employed by the board,
14 excluding superintendents, assistant superintendents,
15 principals, and assistant principals, shall be in
16 writing and shall state the number of contract days,
17 the annual compensation to be paid, and any other
18 matters as may be mutually agreed upon. The contract
19 may include employment for a term not exceeding the
20 ensuing school year, except as otherwise authorized.

21 The contract is invalid if the teacher is under
22 contract with another board of directors to teach
23 during the same time period until a release from the
24 other contract is achieved. The contract shall be
25 signed by the president of the board when tendered,
26 and after it is signed by the teacher, the contract
27 shall be filed with the secretary of the board before
28 the teacher enters into performance under the contract.

29 2. The contract shall remain in force and effect
30 for the period stated in the contract and shall be
31 automatically continued for equivalent periods except
32 as modified or terminated by mutual agreement of the
33 board of directors and the teacher or as terminated
34 in accordance with the provisions specified in this
35 chapter. A contract shall not be offered by the
36 employing board to a teacher under its jurisdiction
37 prior to March fifteenth of any year. A teacher who
38 has not accepted a contract for the ensuing school
39 year tendered by the employing board may resign
40 effective at the end of the current school year by
41 filing a written resignation with the secretary of
42 the board. The resignation must be filed not later
43 than the last day of the current school year or the
44 date specified by the employing board for return of
45 the contract, whichever date occurs first. However,
46 a teacher shall not be required to return a contract
47 to the board or to resign less than twenty-one days
48 after the contract has been offered.

49 3. The board shall establish evaluation criteria
50 and shall implement evaluation procedures. If an

Page 2

1 exclusive bargaining representative has been certified,

2 the board shall negotiate in good faith with respect
3 to evaluation procedures pursuant to chapter twenty
4 (20) of the Code.

5 4. The superintendent or the superintendent's
6 designee shall notify the teacher not later than March
7 fifteenth that the superintendent will recommend in
8 writing to the board at a regular or special meeting
9 of the board held not later than March thirty-first
10 that the teacher's continuing contract be terminated
11 effective at the end of the current school year.

12 5. Such notification shall be in writing and shall
13 be personally delivered to the teacher, or mailed
14 by certified mail. The notification shall be complete
15 when received by the teacher. The notification and
16 the recommendation to terminate shall contain a short
17 and plain statement of the reasons, which shall be
18 for just cause, why the recommendation is being made.
19 The notification shall be given at or before the time
20 the recommendation is given to the board.

21 As a part of the termination proceedings, the
22 teacher's complete personnel file of employment by
23 that board shall be available to the teacher, which
24 file shall contain a record of all periodic evaluations
25 between the teacher and appropriate supervisors.

26 Within five days of the receipt of the written
27 notice that the superintendent is recommending termina-
28 tion of the contract, the teacher may request, in
29 writing to the secretary of the board, a private
30 hearing with the board. The private hearing shall
31 not be subject to chapter twenty-eight A (28A) of
32 the Code and shall be held no sooner than ten days
33 and no later than twenty days following the receipt
34 of the request unless the parties otherwise agree.
35 The secretary of the board shall notify the teacher
36 in writing of the date, time, and location of the
37 private hearing, and at least five days before the
38 hearing shall also furnish to the teacher any
39 documentation which may be presented to the board
40 at the private hearing and a list of persons who may
41 address the board in support of the superintendent's
42 recommendation at the private hearing. At least three
43 days before the hearing, the teacher shall provide
44 any documentation he or she expects to present at
45 the private hearing, along with the names of any
46 persons who may address the board on behalf of the
47 teacher. This exchange of information shall be at
48 the time specified unless otherwise agreed.

49 6. The participants at the private hearing shall
50 be at least a majority of the members of the board,

Page 3

1 their legal representatives, if any, the
2 superintendent, the superintendent's designated
3 representatives, if any, the teacher's immediate

4 supervisor, the teacher, the teacher's representatives,
5 if any, and the witnesses for the parties. The
6 evidence at the private hearing shall be limited to
7 the specific reasons stated in the superintendent's
8 notice of recommendation of termination. No
9 participant in the hearing shall be liable for any
10 damages to any person if any statement at the hearing
11 is determined to be erroneous as long as the statement
12 was made in good faith. The superintendent shall
13 present evidence and argument on all issues involved
14 and the teacher may cross-examine, respond and present
15 evidence and argument in his or her behalf relevant
16 to all issues involved. Evidence may be by stipulation
17 of the parties and informal settlement may be made
18 by stipulation, consent, or default or by any other
19 method agreed upon by the parties in writing. The
20 board shall employ a certified shorthand reporter
21 to keep a record of the private hearing. The
22 proceedings or any part thereof shall be transcribed
23 at the request of either party with the expense of
24 transcription charged to the requesting party.

25 The presiding officer of the board may administer
26 oaths in the same manner and with like effect and
27 under the same penalties as in the case of magistrates
28 exercising criminal or civil jurisdiction. The board
29 shall cause subpoenas to be issued for such witnesses
30 and the production of such books and papers as either
31 the board or the teacher may designate. The subpoenas
32 shall be signed by the presiding officer of the board.

33 In case a witness is duly subpoenaed and refuses
34 to attend, or in case a witness appears and refuses
35 to testify or to produce required books or papers,
36 the board shall, in writing, report such refusal to
37 the district court of the county in which the
38 administrative office of the school district is
39 located, and the court shall proceed with the person
40 or witness as though the refusal had occurred in a
41 proceeding legally pending before the court.

42 The board shall not be bound by common law or
43 statutory rules of evidence or by technical or formal
44 rules of procedure, but it shall hold the hearing
45 in such manner as is best suited to ascertain and
46 conserve the substantial rights of the parties.
47 Process and procedure under this section shall be
48 as summary as reasonably may be.

49 At the conclusion of the private hearing, the
50 superintendent and the teacher may file written briefs

Page 4

1 and arguments with the board within three days or
2 such other time as may be agreed upon.

3 If the teacher fails to timely request a private
4 hearing or does not appear at the private hearing,
5 the board may proceed and make a determination upon
6 the superintendent's recommendation, which

7 determination in that case shall be not later than
8 April tenth, or not later than five days after the
9 scheduled date for the private hearing, whichever
10 is applicable. The board shall convene in open session
11 and by roll call vote determine the termination or
12 continuance of the teacher's contract.

13 Within five days after the private hearing, the
14 board shall, in executive session, meet to make a
15 final decision upon the recommendation and the evidence
16 as herein provided. The board shall also consider
17 any written brief and arguments submitted by the
18 superintendent and the teacher.

19 The record for a private hearing shall include:

20 a. All pleadings, motions and intermediate rulings.

21 b. All evidence received or considered and all
22 other submissions.

23 c. A statement of all matters officially noticed.

24 d. All questions and offers of proof, objections
25 and rulings thereon.

26 e. All findings and exceptions.

27 f. Any decision, opinion, or conclusion by the
28 board.

29 g. Findings of fact shall be based solely on the
30 evidence in the record and on matters officially
31 noticed in the record.

32 The decision of the board shall be in writing and
33 shall include findings of fact and conclusions of
34 law, separately stated. Findings of fact, if set
35 forth in statutory language, shall be accompanied
36 by a concise and explicit statement of the underlying
37 facts and supporting the findings. Each conclusion
38 of law shall be supported by cited authority or by
39 reasoned opinion.

40 When the board has reached a decision, opinion,
41 or conclusion, it shall convene in open meeting and
42 by roll call vote determine the continuance or
43 discontinuance of the teacher's contract. The record
44 of the private conference and findings of fact and
45 exceptions shall be exempt from the provisions of
46 chapter sixty-eight A (68A) of the Code. The secretary
47 of the board shall immediately mail notice of the
48 board's action to the teacher.

49 7. If the teacher is no longer a probationary
50 teacher, the teacher may, within ten days, appeal

Page 5

1 the determination of the board to an adjudicator by
2 filing a notice of appeal with the secretary of the
3 board. The notice of appeal shall contain a concise
4 statement of the action which is the subject of the
5 appeal, the particular board action appealed from,
6 the grounds on which relief is sought and the relief
7 sought.

8 Within five days following receipt by the secretary
9 of the notice of appeal, the board or the board's

10 legal representative, if any, and the teacher or the
11 teacher's representative, if any, may select an
12 adjudicator who resides within the boundaries of the
13 merged area in which the school district is located.
14 If an adjudicator cannot be mutually agreed upon
15 within the five-day period, the secretary shall notify
16 the chairperson of the public employment relations
17 board by transmitting the notice of appeal, and the
18 chairperson of the public employment relations board
19 shall within five days provide a list of five
20 adjudicators to the parties. Within three days from
21 receipt of the list of adjudicators, the parties shall
22 select an adjudicator by alternately removing a name
23 from the list until only one name remains. The person
24 whose name remains shall be the adjudicator. The
25 parties shall determine by lot which party shall
26 remove the first name from the list submitted by the
27 chairperson of the public employment relations board.
28 The secretary of the board shall inform the chairperson
29 of the public employee relations board of the name
30 of the adjudicator selected.

31 If the teacher does not timely request an appeal
32 to an adjudicator the decision, opinion, or conclusion
33 of the board shall become final and binding.

34 Within thirty days after filing the notice of
35 appeal, or within further time allowed by the
36 adjudicator, the board shall transmit to the
37 adjudicator the original or a certified copy of the
38 entire record of the private hearing which may be
39 the subject of the petition. By stipulation of the
40 parties to review the proceedings, the record of the
41 case may be shortened. The adjudicator may require
42 or permit subsequent corrections or additions to the
43 shortened record.

44 The record certified and filed by the board shall
45 be the record upon which the appeal shall be heard
46 and no additional evidence shall be heard by the
48 adjudicator. In such appeal to the adjudicator,
48 especially when considering the credibility of
49 witnesses, the adjudicator shall give weight to the
50 fact findings of the board; but shall not be bound

Page 6

1 by them.

2 Before the date set for hearing a petition for
3 review of board action, which shall be within ten
4 days after receipt of the record unless otherwise
5 agreed or unless the adjudicator orders additional
6 evidence be taken before the board, application may
7 be made to the adjudicator for leave to present
8 evidence in addition to that found in the record of
9 the case. If it is shown to the adjudicator that
10 the additional evidence is material and that there
11 were good reasons for failure to present it in the
12 private hearing before the board, the adjudicator

13 may order that the additional evidence be taken before
14 the board upon conditions determined by the
15 adjudicator. The board may modify its findings and
16 decision in the case by reason of the additional
17 evidence and shall file that evidence and any
18 modifications, new findings, or decisions, with the
19 adjudicator and mail copies of the new findings or
20 decisions to the teacher.

21 The adjudicator may affirm board action or remand
22 to the board for further proceedings. The adjudicator
23 shall reverse, modify, or grant any appropriate relief
24 from the board action if substantial rights of the
25 teacher have been prejudiced because the board action
26 is:

27 a. In violation of a board rule or policy or
28 contract; or

29 b. Unsupported by a preponderance of the competent
30 evidence in the record made before the board when
31 that record is viewed as a whole; or

32 c. Unreasonable, arbitrary or capricious or
33 characterized by an abuse of discretion or a clearly
34 unwarranted exercise of discretion.

35 The adjudicator shall, within fifteen days after
36 the hearing, make a decision and shall give a copy
37 of the decision to the teacher and the secretary of
38 the board. The decision of the adjudicator shall
39 become the final and binding decision of the board
40 unless either party within ten days notifies the
41 secretary of the board that the decision is rejected.
42 The board may reject the decision by majority vote,
43 by roll call, in open meeting and entered into the
44 minutes of the meeting. The board shall immediately
45 notify the teacher of its decision by certified mail.
46 The teacher may reject the adjudicator's decision
47 by notifying the board's secretary in writing within
48 ten days of the filing of such decision.

49 All costs of the adjudicator shall be shared equally
50 by the teacher and the board.

Page 7

1 8. If either party rejects the adjudicator's
2 decision, the rejecting party shall, within thirty
3 days of the initial filing of such decision, appeal
4 to the district court of the county in which the
5 administrative office of the school district is
6 located. The notice of appeal shall be immediately
7 mailed by certified mail to the other party. The
8 adjudicator shall transmit to the reviewing court
9 the original or a certified copy of the entire record
10 which may be the subject of the petition. By
11 stipulation of all parties to the review proceedings,
12 the record of such a case may be shortened. A party
13 unreasonably refusing to stipulate to limit the record
14 may be taxed by the court for the additional cost.
15 The court may require or permit subsequent corrections

16 or additions to the shortened record.

17 In proceedings for judicial review of the
18 adjudicator's decision, the court shall not hear any
19 further evidence but shall hear the case upon the
20 certified record. In such judicial review, especially
21 when considering the credibility of witnesses, the
22 court shall give weight to the fact findings of the
23 board; but shall not be bound by them. The court
24 may affirm the adjudicator's decision or remand to
25 the adjudicator or the board for further proceedings
26 upon conditions determined by the court. The court
27 shall reverse, modify, or grant any other appropriate
28 relief from the board decision or the adjudicator's
29 decision equitable or legal and including declaratory
30 relief if substantial rights of the petitioner have
31 been prejudiced because the action is:

32 a. In violation of constitutional or statutory
33 provisions; or

34 b. In excess of the statutory authority of the
35 board or the adjudicator; or

36 c. In violation of a board rule or policy or
37 contract; or

38 d. Made upon unlawful procedure; or

39 e. Affected by other error of law; or

40 f. Unsupported by a preponderance of the compe-
41 tent evidence in the record made before the board
42 and the adjudicator when that record is viewed as
43 a whole; or

44 g. Unreasonable, arbitrary or capricious or
45 characterized by an abuse of discretion or a clearly
46 unwarranted exercise of discretion.

47 An aggrieved or adversely affected party to the
48 judicial review proceeding may obtain a review of
49 any final judgment of the district court by appeal
50 to the supreme court. The appeal shall be taken as

Page 8

1 in other civil cases, although the appeal may be taken
2 regardless of the amount involved.

3 9. The first two consecutive years of employment
4 of a teacher in the same school district are a proba-
5 tionary period. However, a board of directors may
6 waive the probationary period for any teacher who
7 previously has served a probationary period in another
8 school district and the board may extend the proba-
9 tionary period for an additional year with the consent
10 of the teacher.

11 In the case of the termination of a probationary
12 teacher's contract, the provisions of subsections
13 four (4), five (5), and six (6), of this section shall
14 apply.

15 The board's decision shall be final and binding
16 unless the termination was based upon an alleged
17 violation of a constitutionally guaranteed right of
18 the teacher or an alleged violation of public employee

19 rights of the teacher under section twenty point ten
20 (20.10) of the Code.

21 Sec. 2. Section two hundred seventy-nine point
22 twenty-four (279.24), Code 1975, is amended by strik-
23 ing the section and inserting in lieu thereof the
24 following:

25 279.24 DISCHARGE OF TEACHER. A teacher may be
26 discharged at any time during the contract year for
27 just cause. The superintendent or the superintendent's
28 designee, shall notify the teacher immediately that
29 the superintendent will recommend in writing to the
30 board at a regular or special meeting of the board
31 held not more than fifteen days after notification
32 has been given to the teacher that the teacher's
33 continuing contract be terminated effective immediately
34 following a decision of the board. The procedure
35 for dismissal shall be as provided in subsections
36 five (5) through nine (9) of section two hundred
37 seventy-nine point thirteen (279.13) of the Code.
38 The superintendent may suspend a teacher under this
39 section pending hearing and determination by the
40 board."

Senator Hultman offered amendment S—5748 to the corrected

12 been effected with this state.

13 The contracting states solemnly agree:

14 Article 1. The purpose of this compact is to
15 provide mutual aid among the states in meeting any
16 emergency or disaster. The prompt, full, and ef-
17 fective utilization of the resources of the respec-
18 tive states, including the resources as may be avail-
19 able from the United States government or any other
20 source, are essential to the safety, care, and wel-

21 other resources, including personnel, equipment, or
22 supplies, shall be incorporated into a plan or plans
23 of mutual aid to be developed among the civil defense
24 agencies or similar bodies of the states that are
25 parties to this contract. The directors of civil
26 defense of all party states shall constitute a commit-
27 tee to formulate plans to take all necessary steps
28 for the implementation of this contract.

29 Art. 2. It shall be the duty of each party state
30 to formulate civil defense plans and programs for

32 consultation between the representatives of the states
33 and with the United States government and the free
34 exchange of information and plans, including inven-
35 tories of any materials and equipment available for
36 civil defense. In carrying out civil defense plans
37 and programs the party states shall so far as possible
38 provide and follow uniform standards, practices and
39 rules in regard to:

1 5. Shutting off water mains, gas mains, electric
2 power connections and the suspension of all other
3 utility services;

4 6. All materials or equipment used or to be used
5 for civil defense purposes in order to assure that
6 such materials and equipment will be easily and freely
7 interchangeable when used in or by any other party
8 state;

9 7. The conduct of civilians and the movement and
10 cessation of movement of pedestrians and vehicular
11 traffic, prior, during and subsequent to drills or
12 attacks;

13 8. The safety of public meetings or gathering;
14 and

15 9. Mobile support units.

16 Art. 3. Any party state requested to render mutual
17 aid shall take such action as is necessary to provide
18 and make available the resources covered by this com-
19 pact in accordance with terms of the contract; but
20 the state rendering aid may withhold resources to
21 the extent necessary to provide reasonable protection
22 for such state. Each party state shall extend to
23 the civil defense forces of any other party state,

24 while operating within its state limits under the
25 terms and conditions of this compact, the same powers
26 (except that of arrest unless specifically authorized
27 by the receiving state), duties, rights, privileges
28 and immunities as if they were performing their duties
29 in the state in which normally employed or rendering
30 services. Civil defense forces will continue under
31 the command and control of their regular leaders but
32 **the organizational units will come under the opera-**
33 **tional control of the civil defense authorities of**
34 **the state receiving assistance.**

35 Art. 4. Whenever a person holds a license,
36 certificate, or other permit issued by a state
37 evidencing the meeting of qualifications for pro-
38 fessional, mechanical or other skills, such person
39 may render aid involving such skill in any party state
40 to meet an emergency or disaster and the state shall
41 give due recognition to such license, certificate
42 or other permit as if issued in the state in which
43 aid is rendered.

44 Art. 5. No party state or its officers or employees
45 rendering aid in another state pursuant to this com-
46 pact shall be liable on account of any act or omis-
47 sion in good faith on the part of such forces while
48 so engaged or on account of the maintenance or use
49 of any equipment or supplies used in connection with
50 rendering aid.

Page 9

1 Art. 6. If the pattern and detail of the machinery
2 for mutual aid among two or more states differs from
3 that appropriate among other party states, this in-
4 strument contains elements of a broad base common
5 to all states, and nothing contained in it shall pre-
6 clude any state from entering into supplementary
7 agreements with another state or states. Such
8 supplementary agreements may comprehend, but shall
9 not be limited to, provisions for evacuation and
10 reception of injured and other persons, and the
11 exchange of medical, fire, police, public utility,

13 communications personnel, equipment and supplies.

14 Art. 7. Each party state shall provide for the
15 payment of compensation and death benefits to injured
16 members of the civil defense forces of that state
17 and the representatives of deceased members of such
18 forces if members sustain injuries or are killed while
19 rendering aid pursuant to this compact, in the same
20 manner and on the same terms as if the injury or death
21 were sustained within such state.

22 Art. 8. A party state rendering aid in another
23 state pursuant to this compact shall be reimbursed
24 by the party state receiving such aid for any loss
25 or damage to, or expense incurred in the operation
26 of any equipment answering a request for aid, and

27 for the cost incurred in connection with such requests;
28 but any aiding party state may assume in whole or
29 in part such loss, damage, expense, or other cost,
30 or may loan such equipment or donate the services
31 to the receiving party state without charge or cost
32 and any two or more party states may enter into
33 supplementary agreements establishing a different
34 allocation of costs as among those states. The party
35 state receiving aid may accept relief from the federal
36 government from any liability and the party state
37 supplying civil defense forces may accept reimbursement
38 from the federal government for the compensation paid
39 to and the transportation, subsistence, and maintenance
40 expenses and supplies of such forces during the time
41 of the rendition of such aid or assistance outside
42 the state.

43 Art. 9. Plans for the orderly evacuation and re-
44 ception of the civilian population as the result of
45 an emergency or disaster shall be worked out from
46 time to time between representatives of the party
47 states and the various local civil defense areas.
48 Such plans shall include the manner of transporting
49 evacuees, the number of evacuees to be received in
50 different areas, the manner in which food, clothing,

Page 10

1 housing, and medical care will be provided, the regis-
2 tration of the evacuees, the providing of facilities
3 for the notification of relatives or friends and the
4 forwarding of such evacuees to other areas or the
5 bringing in of additional materials, supplies, and
6 all other relevant factors. The plans shall provide
7 that the party state receiving evacuees shall be re-
8 imbursed generally for the actual and necessary ex-
9 penses incurred in receiving and caring for evacuees,
10 for expenditures for transportation, food, clothing,
11 medicines and medical care, and like items. The ex-
12 penditures shall be reimbursed by the party state
13 of which the evacuees are residents, or by the United
14 States government under plans approved by it. After
15 the termination of the emergency or disaster the party
16 state of which the evacuees are residents shall assume
17 the responsibility for the ultimate support or
18 repatriation of such evacuees.

19 Art. 10. This compact shall be available to any
20 state, territory or possession of the United States,
21 and the District of Columbia. The term 'state' may
22 also include any neighboring foreign country or
23 province or state thereof.

24 Art. 11. The committee established pursuant to
25 article one (1) of this compact may request the civil
26 defense agency of the United States government to act
27 as an informational and coordinating body under this
28 compact, and representatives of such agency of the
29 United States government may attend meetings of the

30 committee.

31 Art. 12. This compact shall become operative im-
32 mediately upon its ratification by any state as between
33 it and any other state or states so ratifying and
34 shall be subject to approval by Congress unless prior
35 congressional approval has been given. Duly
36 authenticated copies of this compact and of
37 supplementary agreements entered into by the party
38 states shall, at the time of their approval, be de-
39 posited with each of the party states and the civil
40 defense agency and other appropriate agencies of the
41 United States government.

42 Art. 13. This compact shall continue in force
43 and remain binding on each party state until the
44 legislature or the governor of the party state takes
45 action to withdraw. The action shall not be effective
46 until thirty days after notice has been sent by the
47 governor of the party state desiring to withdraw to
48 the governors of all other party states.

49 Art. 14.

50 1. This article shall be in effect only as among

Page 11

1 those states which have enacted it into law or in
2 which the governors have adopted it pursuant to
3 constitutional or statutory authority sufficient to
4 give it the force of law as part of this compact.
5 Nothing contained in this article or in any supple-
6 mentary agreement made in implementation thereof shall
7 be construed to abridge, impair or supersede any other
8 provisions of this compact or any obligation undertaken
9 by a state pursuant thereto, except that if its terms
10 so provide, a supplementary agreement in implementation
11 of this article may modify, expand or add to any such
12 obligation as among the parties to the supplementary
13 agreement.

14 2. In addition to the occurrences, circumstances
15 and subject matters to which preceding articles of
16 this compact make it applicable, this compact and

18 shall apply to:

19 a. Searches for and rescue of persons who are
20 lost, marooned, or otherwise in danger;

21 b. Action useful in coping with disasters aris-

29 the danger;

30 d. The giving and receiving of aid by subdivi-
31 sions of party states;

32 e. Exercises, drills or other training or prac-
33 tice activities designed to aid personnel to prepare
34 for, cope with, or prevent any disaster or other
35 emergency to which this compact applies.

36 3. Except as expressly limited by this compact
37 or a supplementary agreement in force pursuant there-
38 to, any aid authorized by this compact or such supple-
39 mentary agreement may be furnished by any agency of
40 a party state, a subdivision of such state, or by
41 a joint agency of any two or more party states or
42 of their subdivisions. Any joint agency providing
43 such aid shall be entitled to reimbursement therefor
44 to the same extent and in the same manner as a state.
45 The personnel of such a joint agency, when rendering
46 aid pursuant to this compact, shall have the same
47 rights, authority and immunity as personnel of party
48 states.

49 4. Nothing in this article shall be construed
50 to exclude from the coverage of articles one (1)

Page 12
