11 alternative proposals for merger of the Iowa mental
12 health authority and those components of the division
13 of mental health of the department of social services
14 which are responsible for providing services to
15 mentally ill persons, including but not limited to
16 the state mental health institutes at Cherokee,
17 Clarinda, Independence and Mount Pleasant, in
18 accordance with each of the three following general
19 organizational patterns.

20 a. Merger as an independent agency of state

23 of health.

24 c. Merger as a division of the department of
25 social services.

26 2. The proposals prepared by the governor with
27 respect to each of the alternatives identified by
28 subsection one (1) of this Act shall give attention
29 to, but need not be confined exclusively to, the
30 following matters:

31 a. The scope and objectives of the program to
32 be administered by the merged mental health agency.

33 b. The internal administrative structure of the
34 merged mental health agency, and its relationship
35 to local governing bodies and mental health facilities.

36 c. The fiscal impact of the merged mental health
37 agency upon the state and upon other sources of funds
38 which support mental health services in this state.

39 Sec. The governor shall deliver to the general
40 assembly, on or before March 1, 1977, recommendations
41 for administrative reorganization of the department
42 of social services with the objective of providing
43 more effective administration of the department and
44 more effective implementation of the programs and
45 services it is responsible to provide. These
46 recommendations shall give attention to, but need
47 not be confined exclusively to, the following matters:

48 1. Whether the division of administrative services
49 is so organized as to most effectively support the
50 other units of the department?

Page 2

1 2. Whether the division of community services
2 should be further divided into two or more major
3 units, so as to permit more direct administrative
4 control of various program areas presently under the

5 jurisdiction of this division?

6 3. Whether the department generally, and in
7 particular the division of community services as
8 presently constituted, is adequately staffed to
9 discharge its responsibilities?

10 The recommendations delivered to the general
11 assembly pursuant to this section shall be accompanied
12 by specific proposals for any legislation that is
13 necessary to support or permit the adoption of the
14 recommendations.

15 Sec. The governor shall deliver to the general
16 assembly on or before March 1, 1977, detailed
17 alternative proposals for the establishment of a new
18 department of state government, to assume from the
19 department of social services the responsibility for
20 administration of the state's penal facilities and
21 for implementation of other correctional programs
22 and services, including but not necessarily limited
23 to those now under the jurisdiction of the department
24 of social services. The alternative proposals shall
25 be formulated so as to offer the general assembly,
26 at a minimum, the two following alternative general
27 organizational patterns for the new correctional
28 agency:

29 1. The structure proposed by Senate File five
30 hundred seventy-eight (578) of the Sixty-sixth General
31 Assembly.

32 2. The structure under consideration by the
33 Corrections Subcommittee of the Social Services and
34 Mental Health Study Committee during the 1975
35 legislative interim.

36 Sec. It is the intent of the general assembly
37 in adopting this Act that the proposals developed
38 in response to sections four (4), five (5) and seven
39 (7) of this Act be based on the needs of persons being
40 directly served by the programs and facilities
41 involved, and the needs of the community in general,
42 as determined from public hearings held widely
43 throughout the state."

44 2. Page 2, by inserting after line 34 the

49 'function' the words 'and to certain other alternative
50 merger or reorganization proposals affecting the

1 department of social services'."

2 3. Renumber the remaining sections and subsections
3 as necessary.

Senator Hill of Polk raised the point of order that amendment S—5877 to House amendment S—5861 to Senate amendment H—6685 was not germane to the bill.

The Chair ruled the point well taken and amendment S—5877 to House amendment S—5861 to Senate amendment H—6685 out of order.

DEFERRED

Senator Murray asked and received unanimous consent that further action on House File 1514 be deferred and that the bill retain its place on the calendar.

1 conservation, purchase or improvement of a railroad.
2 The establishment of such a district is in all respects
3 for the benefit of the people of the state of Iowa
4 for the improvement and promotion of the economy,
5 which is a public purpose. The funds for the
6 restoration, conservation, purchase, or improvement
7 shall be derived from a vote of the qualified electors
8 of the district for a tax not to exceed eighty-one
9 cents per thousand dollars of assessed value. The
10 number of years in which it shall be levied and paid
11 shall not exceed twenty years. All of the purposes
12 stated in this chapter are public purposes and uses

An eligible elector of the district may not sign more than three such petitions.

Sec. 12. *NEW SECTION.* Trustees shall be elected for six-year terms. However, at the first election, the trustee receiving the highest number of votes shall serve a term of six years, the trustee receiving the second highest number of votes shall serve

15 held for a railroad district shall be canvassed on
16 Monday following the election if the district lies
17 wholly within one county. If the district lies with-
18 in more than one county the noncontrol counties shall
19 canvass the vote on the second day following the elec-
20 tion and certify the result to the control county
21 by noon on the Monday following the election. If
22 a majority of the votes cast on the question "Shall
23 a railroad district be created?" do not favor creation
24 of the district, the vote to elect trustees shall
25 be void.

26 Sec. 16. *NEW SECTION.* The trustees of a rail-
27 road district shall have all powers listed in sections
28 seventeen (17) through nineteen (19) of this Act and

30 aid from any public or private entities.

31 Sec. 17. *NEW SECTION.* The trustees may on their
32 own initiative or upon receipt of a petition from

38 in the district?

40 to issue bonds in the amount of _____

41 and levy a tax for the retirement of the bonds and
42 interest thereon?

43 If a majority of the votes cast are in favor of
44 question one or sixty percent of the votes cast are
45 in favor of question two, the tax shall be levied
46 by the board of supervisors and collected at the same
47 time and in the same manner as other property taxes.
48 This tax shall not be levied more than once, unless
49 a written agreement pursuant to section eighteen (18)
50 of this Act has been made. The referendum shall state

Page 5

1 the purposes for which it is proposed to vote the
2 taxes, the maximum rate of tax proposed, the number
3 of years not exceeding twenty in which it shall be
4 levied and paid in equal installments, and the location
5 of the railroad for which it is proposed to improve,
6 restore, purchase, or conserve.

7 Sec. 18. *NEW SECTION.* Prior to expenditure of
8 any funds derived from section six (6) of this Act,
9 the trustees shall enter into a written agreement
10 with the department and railroad corporation for the
11 purpose specified in the referendum according to the
12 provisions of section seventeen (17) of this Act.

19 who shall credit it to the railroad assistance fund.
20 Moneys levied and collected for the purpose of retiring
21 general obligation bonds and paying interest on such
22 bonds shall be held as a sinking fund in the railroad
23 assistance fund and disbursed by the trustees for
24 retirement and interest payment of these bonds.
25 Pursuant to the agreement as specified in section
26 eighteen (18) of this Act, the trustees shall submit

33 Code.

34 Sec. 20. *NEW SECTION.* A railroad district shall
35 be dissolved twenty years after its creation if all
36 bonds have been retired and all obligations fulfilled,
37 unless a petition by ten eligible electors objecting
38 to the dissolution is filed with the trustees. The
39 trustees shall notify the department and the control
40 county board of supervisors of this petition. The
41 control county board of supervisors shall hold a hear-
42 ing on the proposed dissolution of the railroad dis-

1. That the Senate and House recede from their respective amendments;
2. That House File 1277 be amended by striking everything after the enacting clause and inserting in lieu thereof the following:

"Section 1. Section one hundred twenty-five point two (125.2), Code 1975, is amended by adding the following new subsection:

NEW SUBSECTION. 'Residence' means the place where a person resides. For the purpose of determining which Iowa county, if any, is liable pursuant to this chapter for payment of costs attributable to its residents, the following rules shall apply:

a. If a person claims an Iowa homestead, then the person's residence shall be in the county where that homestead is claimed, irrespective of any other factors.

b. If paragraph a does not apply, and the person continuously has been provided or has maintained living quarters within any county of this state for a period of not less than one year, whether or not at the same location within that county, then the person's residence shall be in that county, irrespective of other factors. However, this paragraph shall not apply to unemancipated persons under eighteen years of age who are wards of this state.

c. If paragraphs a and b do not apply, or, if the person is under eighteen years of age, is unemancipated, and is a ward of this state, then the person shall be unclassified with respect to county of residence, and payment of all costs shall be made by the division as provided in this chapter.

d. An unemancipated person under eighteen years of age who is not a ward of the state shall be deemed to reside where the parent having legal custody, or the legal guardian, or legal custodian of that person has residence as determined according to this subsection.

e. The provisions of this subsection shall not be used in any case to which section one hundred twenty-five point twenty-six (125.26) of the Code is applicable.

Sec. 2. Section one hundred twenty-five point two (125.2), Code 1975, is amended by striking subsection eight (8).

Sec. 3. Section one hundred twenty-five point seven (125.7), subsection two (2), Code 1975, is amended to read as follows:

2. Approve the comprehensive alcoholism program, *and the funding therefor*, developed by the division pursuant to sections 125.1 to 125.26.

Sec. 4. Section one hundred twenty-five point nine (125.9), subsection one (1), Code 1975, is amended to read as follows:

1. Plan, establish and maintain treatment programs as necessary or desirable [with the approval of the commission] *in accordance with the comprehensive alcoholism program.*

9. Sponsor and [encourage] *implement, in cooperation with local treatment programs*, research into the causes and nature of alcoholism and treatment of alcoholics and intoxicated persons, and serve as a clearing house for information relating to alcoholism.

11. [Advise the commission and the governor in the preparation of] *Develop and implement, with the counsel and approval of the Commission, a comprehensive plan for treatment of alcoholics and intoxicated persons [for inclusion in the state's comprehensive health], said plan to be coordinated with health systems agencies.*

Sec. 6. Section one hundred twenty-five point ten (125.10), subsection fifteen (15), Code 1975, is amended to read as follows:

15. Encourage general hospitals and other appropriate health facilities to admit without discrimination alcoholics and intoxicated persons and to provide them with adequate and appropriate treatment, *and may negotiate and implement contracts with hospitals and other appropriate health facilities with adequate detoxification facilities.*

Sec. 7. Section one hundred twenty-five point thirteen (125.13), Code 1975, is amended by adding the following new subsection:

NEW SUBSECTION. The commission shall establish rules pursuant to chapter seventeen A (17A) of the Code requiring facilities to use reasonable accounting and reimbursement systems which recognize relevant cost-related factors for alcoholism patients. No facility shall be approved nor shall any payment be made under this chapter to a facility which fails to comply with those rules or which does not permit inspection by the division, and an examination of all records, including financial records, methods of administration, general and special dietary programs, the disbursement of drugs and methods of supply, and any other records the division deems relevant to the establishment of such a system. However, rules issued pursuant to this paragraph shall not apply to any facility referred to in sections one hundred twenty-five point fourteen (125.14) or one hundred twenty-five point twenty-six (125.26) of the Code.

Sec. 8. Section one hundred twenty-five point seventeen (125.17), subsections one (1), two (2), and six (6), Code 1975, are amended to read as follows:

1. An intoxicated person may come voluntarily to a facility for emergency treatment. A person who appears to be intoxicated or incapacitated by alcohol in a public place and in need of help may be taken to a facility by a peace officer [or the alcoholism service unit]. If the person refuses the proffered help, he may be arrested and charged with intoxication.

2. If no facility is readily available the person may be taken to an emergency medical service customarily used for incapacitated persons. The peace officer [or the alcoholism service unit], in detaining the person and in taking him to a facility, is taking him into protective custody and shall make every reasonable effort to protect his health and safety. In taking the person into protective custody, the detaining officer may take reasonable steps to protect himself.

A taking into protective custody under this section is not an arrest and no entry or other record shall be made to indicate that the person who is taken into protective custody has been arrested or charged with a crime.

6. A peace officer [or member of the alcoholism service unit] who acts in compliance with this section is acting in the course of his official duty and is not criminally or civilly liable therefor, unless such acts constitute willful malice or abuse.

Sec. 9. Section one hundred twenty-five point eighteen (125.18), subsection three (3), Code 1975, is amended to read as follows:

3. Upon approval of the application by the administrator in charge of the facility, the person shall be brought to the facility by a peace officer, health officer, [alcoholism service unit,] the applicant for commitment, the patient's spouse, the patient's guardian or any other interested person. **The person shall be retained at the facility to which he was admitted, or transferred to another facility until discharged under subsection 5.**

Sec. 10. Section one hundred twenty-five point nineteen (125.19), subsection five (5), Code 1975, is amended to read as follows:

5. A person committed under this section shall remain in the custody of the division for treatment for a period of thirty days unless sooner discharged. *This section shall not be construed to require the division to pay the cost of any medication or procedure provided the person during that period which is not necessary or appropriate to the specific objectives of detoxification and treatment of alcoholism.* At the end of the thirty-day period, he shall be discharged automatically unless the director before expiration of the period petitions the court for an order for his recommitment upon the grounds set forth in subsection 1 for a further period not to exceed ninety days.

Sec. 11. Section one hundred twenty-five point twenty-two (125.22), Code 1975, is amended by striking the section and inserting in lieu thereof the following:

125.22 COMPOSITION OF FACILITIES' BOARDS—TREATMENT PLANS

FURNISHED.

1. In addition to other requirements established by this chapter, no facility shall be approved pursuant to section one hundred twenty-five point thirteen (125.13) of the Code unless it is either a licensed hospital or a community mental health center operating under chapter two hundred thirty A (230A) of the Code, or it is organized under the Iowa nonprofit corporation Act appearing as chapter five hundred four A (504A) of the Code. In the latter case, one-third of the membership of the board of directors shall be representatives of such government units providing funds to the facility for treatment

of alcoholism.

2. A local governmental unit which is providing funds to a facility for treatment of alcoholism may request from the facility a treatment program plan prior to authorizing payment of any claims filed by the facility. The governing body of the local governmental unit may review the plan, but shall not impose on the facility any requirement conflicting with the comprehensive treatment program requirements of section one hundred twenty-five point twenty-eight (125.28) of the Code.

Sec. 12. Section one hundred twenty-five point twenty-seven (125.27), unnumbered paragraphs one (1) and two (2), Code 1975, are amended to read as follows:

The director [shall] may, consistent with the comprehensive alcoholism program, enter into written agreements with a facility as defined in section 125.2 to pay for seventy-five percent of the cost of the care, maintenance and treatment of an alcoholic. Such contracts shall be for a period of no more than one year. The commission shall review and evaluate at least once each year all such agreements and determine whether or not they shall be continued.

The contract may be in such form and contain provisions as agreed upon by the parties. Such contract shall provide that the facility shall admit and treat alcoholics [whose legal settlement is in counties other than the contracting county] regardless of where they have residence. If one payment for care, maintenance, and treatment is not made by the patient or those legally liable therefor within thirty days after discharge the payment shall be made by the division directly to the facility. Payments shall be made each month and shall be based upon the facility's average daily per patient charge. Provisions of this section shall not pertain to patients treated at the mental health institutes.

Sec. 13. Section one hundred twenty-five point twenty-seven (125.27), Code 1975, is amended by adding the following new unnumbered paragraph:

NEW UNNUMBERED PARAGRAPH. Contracting facilities shall deliver to each patient upon discharge a statement of the costs of the care, maintenance and treatment for which that patient is liable, and shall retain a carbon copy or other similar copy of that statement for a period of not less than one year after the date of discharge of the patient to whom the statement refers. Every payment received by a contracting facility from or on behalf of a patient, whether received before or after costs have been billed to the division or to a county, shall be identified by the facility as to patient and invoice or statement, and shall be reported to the division. A contracting facility shall allow as a credit against a future billing to the division or to a county,

payments received during each month from or on behalf of a patient whose care, maintenance and treatment theretofore has been billed to and paid by the division or a county. Failure by a contracting facility to comply with this paragraph, or with rules promulgated pursuant to subsection four (4) of section one hundred twenty-five point thirteen (125.13) of the Code shall constitute grounds for nonrenewal of the contract.

Sec. 14. Section one hundred twenty-five point twenty-eight (125.28), Code 1975, as amended by Acts of the Sixty-sixth General Assembly, 1975 Session, chapter ten (10), section four (4), is amended to read as follows:

125.28 COUNTRIES TO SHARE COST. Except as provided in section 125.26, [counties] *each county* shall pay for the remaining twenty-five percent of the cost of the care, maintenance, and treatment *under this chapter* of [an alcoholic] *residents of that county* from the county mental health and institutions fund as provided in section 444.12. The commission shall establish guidelines for use by the counties in estimating the amount of expense which the county will incur each year. The facility shall certify to the county of [the alcoholic's legal settlement] *residence* once each month twenty-five percent of the unpaid cost of the care, maintenance, and treatment of an alcoholic. Such county shall pay the cost so certified to the facility from its county mental health and institutions fund. However, the approval of the board of supervisors shall be required before payment is made by a county for costs incurred which exceed a total of five hundred dollars for one year for treatment provided to any one alcoholic or intoxicated person, except that such approval is not required for the cost of treatment provided to an alcoholic or intoxicated person who is committed pursuant to sections 125.18 and 125.19. A facility may, upon approval of the board of supervisors, submit to a county a billing for the aggregate amount of all care, maintenance, and treatment of alcoholics *who are residents of that county* for each month. The board of supervisors may demand an itemization of such billings at any time or may audit the same.

Sec. 15. Section one hundred twenty-five point twenty-nine (125.29), Code 1975, is amended to read as follows:

125.29 [LEGAL SETTLEMENT] *COUNTY OF RESIDENCE DETERMINED.*

The facility shall, when an alcoholic is admitted, or as soon thereafter as it receives the proper information, determine and enter upon its records [whether] the [legal settlement] *Iowa county of residence* of such alcoholic [is in the county where the facility is located, or in some other county, state, or country or is unknown], *or that the person resides in some other state or country, or that the person is unclassified with respect to residence.*

Sec. 16. Section one hundred twenty-five point thirty (125.30), Code 1975, is amended to read as follows:

125.30 [DISPUTED SETTLEMENT] *DISPUTES OVER PAYMENT.*
In

the event any county to which certification of the cost of care, maintenance, and treatment of an alcoholic is made, disputes that such alcoholic has his [legal settlement] *residence* in that county, it shall immediately notify the facility that such dispute exists. The director shall immediately investigate the facts and determine in which county the patient has [legal settlement] *residence*. The director shall certify his determination to the county, *if any*, wherein it is found the patient has [legal settlement] *residence* and to the facility. [The] *A county certified by the director to be the county of* [legal settlement] *residence* shall reimburse the facility as provided in this chapter. If the director finds that the [legal settlement] *residence* of an alcoholic at the time of admission was in another state or country or [was unknown] *that the person is unclassified with respect to residence*, then the division shall pay for that portion of his care, maintenance, and treatment that his county of [legal settlement] *residence* would have been liable to pay. For purposes of this section, a 'facility' does not include a mental health institute under the control of the department of social services.

Sec. 17. Section one hundred twenty-five point thirty-one (125.31), Code 1975, is amended to read as follows:

125.31 **LEGAL LIABILITY FOR CARE.** The alcoholic and any person, firm, corporation, or insurance company bound by contract to provide support, hospitalization, or medical services for the alcoholic shall be legally liable to the county of the alcoholic's [legal settlement] *residence* for twenty-five percent of the total amount and to the division for seventy-five percent of the total amount of the cost of providing care, maintenance, and treatment for the alcoholic while a voluntary or committed patient in a facility, except when the state pays the total cost of care in which case liability of one hundred percent shall be to the state. Nothing in this section shall prohibit any individual from paying any portion of the cost of treatment.

The estate of each nonresident person provided care, maintenance or treatment while a voluntary or committed patient in a facility, and all persons legally bound for the support of such a person, shall be legally liable to the state for reasonable costs paid by the division under this chapter for the care, maintenance and treatment of the person in a facility. The certificate of the director of the division showing the amounts paid or due to be paid by the division for such care, maintenance and treatment shall be presumptive

evidence of the reasonableness of the costs of the care, maintenance and treatment provided.

Sec. 18. Section one hundred twenty-five point thirty-three (125.33), Code 1975, is amended to read as follows:

125.33 COUNTY AUDITOR TO KEEP ACCOUNTS. The auditor of each county shall keep an accurate account of the total cost to the county of the care, maintenance, and treatment of any alcoholic and shall keep an index of the names of the alcoholics [admitted from such county] for whose benefit county funds are expended pursuant to section one hundred twenty-five point twenty-eight (125.28) of the Code for those services.

Sec. 19. Section three hundred twenty-one point two hundred eighty-three (321.283), subsection three (3), Code 1975, is amended to read as follows:

3. REFERRED ON CONVICTION. After any conviction for operating a motor vehicle while under the influence of an alcoholic beverage under section 321.281, the court may refer the defendant for treatment at a facility as defined in sections 125.1 to 125.26 and designated by the division on alcoholism. The court may prescribe the length of time for treatment or it may be left to the discretion of the facility to which the defendant was referred. A person referred under this section shall be considered a state patient, and charges and costs for treatment shall be paid for in the manner provided for payment for treatment of alcoholics who have no legal residence in this state.

Sec. 20. Section three hundred thirty-two point three (332.3), Code 1975, is amended by adding the following new subsection:

NEW SUBSECTION. To require that any person, agency or organization which is not a part of the county government, but which is receiving funds from the county to pay in whole or in part for services furnished to third parties, must submit to audit by auditors assigned or employed for the purpose by the board. Upon request by the board, the person, agency or organization to be audited under this subsection shall make available all pertinent books, records and documents needed for the audit.

Sec. 21. Section one hundred twenty-five point twenty-two (125.22), Code 1975, is repealed."

3. That the title be amended by striking lines 1 through 3 and inserting in lieu thereof the words "An Act relating to the care, maintenance and treatment pursuant to chapter one hundred twenty-five (125) of the Code of persons suffering the effects of alcohol, and providing standards for the approval and funding of programs, the approval and oversight of facilities, the procedures for assisting intoxicated persons, and the assessment, acceptance and payment. by the state and counties, of certain charges imposed by facilities for providing care, maintenance and treatment services."

8 in lieu thereof the following new subsections:

9 1. **NEW SUBSECTION. ALLOCATION OF BUSINESS INCOME.**

10 If the trade or business of the taxpayer is carried
11 on entirely within the state, the tax shall be imposed
12 on the entire net income. Any taxpayer having income
13 from business activity which is taxable both within
14 and without this state, other than the rendering of
15 purely personal services by an individual, shall
16 allocate and apportion his net income as provided
17 in this section.

18 2. **NEW SUBSECTION. DEFINITIONS. As used in this**
19 **section, unless the context otherwise requires:**

20 a. "Business income" means income arising from
21 transactions and activity in the regular course of
22 the taxpayer's trade or business and includes income
23 from tangible and intangible property if the
24 acquisition, management, and disposition of the
25 property constitute integral parts of the taxpayer's

28 from which the trade or business of the taxpayer is

48 tax, a franchise tax measured by net income, a
49 franchise tax for the privilege of doing business,
50 or a corporate stock tax; or

Page 2

1 b. That state has jurisdiction to subject the
2 taxpayer to a net income tax regardless of whether,
3 in fact, the state does or does not.

4 **4. NEW SUBSECTION. ALLOCATION OF CERTAIN ITEMS.**
5 Rents and royalties from real or tangible personal
6 property, capital gains, interest, dividends, or
7 patent or copyright royalties, to the extent that
8 they constitute nonbusiness income, shall be allocated
9 as provided in subsections five (5) through eight
10 (8) of this section.

11 **5. NEW SUBSECTION. RENTS AND ROYALTIES.**

12 a. Net rents and royalties from real property
13 located in this state are allocable to this state.

19 domicile is in this state and the taxpayer is not
20 organized under the laws of or taxable in the state
21 in which the property is utilized.

23 property in a state is determined by multiplying the
24 rents and royalties by a fraction, the numerator of
25 which is the number of days of physical location of
26 the property in the state during the rental or royalty
27 period in the taxable year and the denominator of
28 which is the number of days of physical location of
29 the property everywhere during all rental or roy-
30 alty periods in the taxable year. If the physical
31 location of the property during the rental or royalty
32 period is unknown or unascertainable by the taxpayer,
33 tangible personal property is utilized in the state

35 rental or royalty payer obtained possession.

4 if the taxpayer's commercial domicile is in this
5 state.

6 **8. NEW SUBSECTION. PATENTS AND COPYRIGHTS.**

7 a. Patent and copyright royalties are allocable
8 to this state:

9 (1) If and to the extent that the patent or
10 copyright is utilized by the taxpayer in this state;
11 or

13 copyright is utilized by the taxpayer in a state in
14 which the taxpayer is not taxable and the taxpayer's
15 commercial domicile is in this state.

16 b. A patent is utilized in a state to the extent
17 that it is employed in production, fabrication,
18 manufacturing, or other processing in the state or
19 to the extent that a patented product is produced
20 in the state. If the basis of receipts from patent
21 royalties does not permit allocation to states or
22 if the accounting procedures do not reflect states
23 of utilization, the patent is utilized in the state
24 in which the taxpayer's commercial domicile is located.

25 c. A copyright is utilized in a state to the
26 extent that printing or other publication originates
27 in the state. If the basis of receipts from copyright

31 in which the taxpayer's commercial domicile is located.

45 and used during the tax period.

46 **11. NEW SUBSECTION. PROPERTY OWNED AND RENTED.**

48 original cost. Property rented by the taxpayer is

- 49 valued at eight times the net annual rental rate.
50 Net annual rental rate is the annual rental rate paid

Page 4

- 1 by the taxpayer less any annual rental rate received
2 by the taxpayer from subrentals.
- 3 **12. NEW SUBSECTION. AVERAGE VALUE OF PROPERTY.**
4 The average value of property shall be determined
5 by averaging the values at the beginning and ending
6 of the tax period, but the director of revenue may

31 state in which some part of the service is performed,
32 but the individual's residence is in this state.
- 33 **15. NEW SUBSECTION. SALES FACTOR.** The sales
34 factor is a fraction, the numerator of which is the
35 total sales of the taxpayer in this state during the
36 tax period, and the denominator of which is the total
37 sales of the taxpayer everywhere during the tax period.
- 38 **16. NEW SUBSECTION. LOCAL SALES OF TANGIBLE**
39 **PERSONAL PROPERTY.** Sales of tangible personal property

EXPLANATION OF VOTE ON HOUSE FILE 1558

MR. PRESIDENT: I refused to vote for a conference committee report which mandates construction of lakes that have been neither designed or engineered without alternative options.

I refuse to betray a Senate body which twice this session and twice in previous sessions supported the large lake. The appropriation to start funding construction of the large lake was voted thirty-five to ten in favor when tested on its own merits in a bill. When the House refused this, a compromise was voted to allow three options for the commission to choose the most feasible. The Senate voted thirty-eight to ten in favor of this. It also was refused by the House.

Most of all I refuse to vote for a conference report that does not offer a plan that can be constructed immediately. Mandating 1977 as the construction year gives the next legislative body the opportunity to continue using the Volga as a political football. We have had ten years of planning, designing, and engineering at considerable cost. Enough!

For these and other reasons I voted "NAY" on the conference committee report and on the bill.

May I add a thank you to the members of the Senate who have supported the Volga project throughout the years. I cannot even be too critical of most of the members of the House of Representatives for they were exceedingly ill-informed and could vote only on the merits as they were presented to them. I feel we made a mistake by not accepting the three options, as a great deal of work had gone into that amendment. I had visited with Attorney General Turner and both of the engineers that have been currently involved with the Volga project as well as the Conservation Commission and the Senate leadership before proposing that amendment. It is unfortunate then that Representative Avenson called the large lake an inviable option.

Respectfully submitted

H. L. HEYING

11 the valuation of each kind or class of property such
12 percentage in each case as will bring the same to
13 its taxable value as fixed in this chapter and chapters
14 427 to 443, inclusive. The director shall also adjust
15 the valuations as between each kind or class of prop-
16 erty in any city assessed by a city assessor and each
17 kind or class of property in the same county assessed
18 by the county assessor. The director shall order
19 the equalization of the levels of assessment of each
20 class of property in the first and third year of the
21 quadrennial assessment period. For purposes of such
22 value adjustments and before such equalization the
23 director shall adopt, in the manner prescribed by
24 chapter 17A, such rules as may be necessary to
25 determine the level of assessment for each class of
26 property in each county. The rules shall cover:
27 (1) The proposed use of the assessment-sales ratio
28 study set out in section 421.17, subsection 6; (2)
29 the proposed use of any state-wide income
30 capitalization studies; (3) the proposed use of other
31 methods that would assist the director in arriving
32 at the accurate level of assessment of each class
33 of property in each assessing jurisdiction.

34 Sec. 8. Section four hundred forty-one point
35 forty-eight (441.48), Code 1975, as amended by Acts
36 of the Sixty-sixth General Assembly, 1975 Session,
37 chapter two hundred five (205), section three (3),
38 is amended to read as follows:

39 441.48 NOTICE OF ADJUSTMENT. Before the director

43 [county auditor of the county] *assessor* whose valu-
44 ation is proposed to be adjusted and the director
45 shall hold an adjourned meeting after such ten days'
46 notice, at which time such [county or] assessing
47 jurisdiction may appear by its city council or board
48 of supervisors, city or county attorney, and other
49 [city or county] *assessing jurisdiction* officials, and
50 make written or oral protest against such proposed

Page 5

1 adjustment, which protest shall consist simply of
2 a statement of the error, or errors, complained of
3 with such facts as may lead to their correction, and
4 at such adjourned meeting final action may be taken
5 in reference thereto.

6 Sec. 9. Section four hundred forty-one point
7 forty-nine (441.49), Code 1975, as amended by Acts
8 of the Sixty-sixth General Assembly, 1975 Session,
9 chapter two hundred five (205), section four (4),
10 is amended to read as follows:

11 441.49 ADJUSTMENT BY COUNTY AUDITOR. The direc-
12 tor shall keep a record of the review and adjustment
13 proceedings and finish such proceedings on or before
14 [the third Monday of October] *August first*. The director
15 shall notify each county auditor by mail of the final
16 action taken at the proceedings and specify any
17 adjustments in the valuations of any kind or class
18 of property to be made effective for the jurisdiction.
19 However, a county may request the director to permit
20 the use of an alternative method of applying the
21 ordered increase to the property values in the county,
22 provided that the final valuation shall be equivalent
23 to the increase ordered by the director. The request
24 to use an alternative method of applying the ordered
25 increase including procedures for appealing valuation
26 adjustments shall be made within ten days from the
27 date the county auditor receives the equalization
28 order and the valuation adjustments shall be completed
29 by December thirty-first of the year of the
30 equalization order. The grounds that compliance with
31 the provisions of section four hundred forty-one point
32 twenty-one (441.21) of the Code shall be sufficient
33 grounds for the director to permit the use of an
34 alternative method of applying the increases required
35 by the equalization order. The director shall adjust
36 the valuation when there is a variation of five percent
37 above or below the actual value. The county auditor
38 shall notify by publication in official newspapers
39 of general circulation any class or classes of property
40 affected by an equalization order. The county audi-
41 tor shall thereupon add to or deduct from the valu-
42 ation of each kind or class of property in his county
43 the required percentage, rejecting all fractions
44 of fifty cents or less in the result, and counting
45 all fractions over fifty cents as one dollar.

46 The local board of review shall reconvene in spe-
47 cial session from November first to November thirtieth
48 for the purpose of hearing any and all protests that
49 any affected property owner or taxpayer within the
50 jurisdiction of the board may have, whose valuation

Page 6

1 of property, if adjusted pursuant to the property

2 valuation notice issued by the director of revenue
3 to the county auditor of the county would result in
4 a greater taxable value than permitted under section
5 four hundred forty-one point twenty-one (441.21) of
6 the Code and where the property owner or taxpayer
7 is able to show to the satisfaction of the local board
8 of review that an inequity would result if the
9 provisions of the notice would be applied to his
10 property. The local board of review shall accept
11 protests only during the first fifteen days following
12 the date the local board of review reconvenes. The
13 local board of review may recommend to the director
14 an adjustment to all or a part of the percentage
15 increase ordered by the director of revenue, by
16 adjusting the taxable value of the property to one
17 hundred percent of actual value. Any adjustment so
18 recommended by the local board of review shall not
19 exceed the percentage increase provided for in the
20 director's notice. The recommendation of the local
21 board of review at the special session shall be
22 reported to the director of revenue."

SENATE CONCURRENT RESOLUTION 119

By Committee on Human Resources

- 1 *Whereas*, there continues to be much interest in
- 2 and discussion of the most desirable structure for
- 3 administration and delivery of mental health services
- 4 in this state, the number, role and location of the
- 5 state's mental health hospitals, and the administra-
- 6 tive and programmatic relationship of these hospitals
- 7 to community mental health centers; and
- 8 *Whereas*, there was completed late in 1975 a system-
- 9 atic follow-up study of a random sample of persons who

10 had earlier received services at state mental health
11 hospitals; and

12 *Whereas*, there is interest in the encouragement of
13 home-based or group home care for the elderly where
14 appropriate as an alternative to expensive institutional
15 care; and

16 *Whereas*, the consultant's study of the administra-
17 tion of Title XIX (Medicaid) program will be completed
18 by July 29 and there needs to be consideration of that
19 study to determine whether legislation shall be neces-
20 sary; *Now, Therefore*,

21 *Be It Resolved by the Senate, the House Concurring*,
22 That the Legislative Council is requested to appoint
23 a study committee composed of members of the Committees
24 on Human Resources of the Senate and the House, to under-
25 take a study addressed to the concerns referred to in
26 the preceding paragraphs of this resolution, and that
27 the study committee be directed to submit periodic
28 progress reports to the Legislative Council upon re-
29 quest and a final report to the Sixty-seventh General
30 Assembly not later than January 17, 1977, and that the

SENATE CONCURRENT RESOLUTION 121

By Committee on Rules and Administration

1 *Whereas*, many resolutions have been introduced in
2 both the Senate and House of Representatives calling
3 for interim studies; and

4 *Whereas*, several Senators have indicated a desire
5 to introduce resolutions proposing additional interim
6 studies but are prevented from filing individually
7 sponsored resolutions by Senate Rules; and

8 *Whereas*, the time period between the 1976 session
9 of the Sixty-sixth General Assembly and the 1977
10 session of the Sixty-seventh General Assembly is
11 limited and there have been proposals for studies
12 which appear to have merit but, because of the com-

13 plexity of the studies proposed and their number,
14 could not all be properly conducted during the next
15 interim period; and

16 *Whereas*, subcommittees of standing committees may
17 desire to study bills presently before the general
18 assembly which will be filed again in the 1977
19 session of the Sixty-seventh General Assembly; and

20 *Whereas*, it is impractical to accurately determine
21 during floor debate the relative merit of the pro-
22 posals, and within the limited funds and staff which
23 will be available, assign precise priorities; *Now*,
24 *Therefore*,

25 *Be It Resolved by the Senate, the House of Repre-*
26 *sentatives Concurring*, That all resolutions calling
27 for interim studies which have not been adopted in
28 both houses be delivered by the Secretary of the
29 Senate, on the part of the Senate, and the Chief

6 desiring to propose any interim study not
7 already contained in a resolution already
8 filed, shall submit a letter to the Secre-

COMMUNICATION FROM THE GOVERNOR

The following communication from the governor was presented:

The Honorable Arthur A. Neu
President of the Senate
Sixty-sixth General Assembly
State Capitol
Des Moines, Iowa 50319

Honorable Members of the General Assembly:

As you adjourn sine die this ninth day of June, 1976, you have the distinction of having been in session longer than any previous General Assembly.

During your record-breaking 298 days in session, you considered and passed a variety of bills that were as complex as the criminal code revision, as perplexing as property tax relief, as simple to understand as the ban on pay toilets, and as widely accepted as code modernization. Your record of performance is already being assessed with considerable interest by editorial writers, lobbyists, leaders of both political parties, and particularly the citizens of this State.

At this time I welcome the opportunity to share my observations with you—not in a spirit of criticism, but as an evaluation from one in the executive branch of state government trying to consider the impact on our Iowa people.

The revision of Iowa's criminal code required much of your attention during both sessions, although I am told there was no greater investment of time than in the previous General Assembly's debate on collective bargaining. You are to be commended for your diligence in completing this massive overhaul of our criminal laws. While a final judgment on the overall quality of Senate File 85 will have to await careful review of the bill between now and its January 1, 1978, implementation date, you can be pleased with your efforts.

This was a General Assembly that was willing to undertake two other major rewrites of Iowa law. You wisely updated our adoption laws to protect adequately the rights of natural parents as well as complying with recent court decisions. You recognized the need to encourage competition among business concerns by modernizing our anti-trust laws.

You bolstered the unemployment compensation trust fund by the last minute extension of the surtax on wages. While it will hopefully prevent the trust fund from going broke in 1977, this temporary measure mandates that prompt attention be given next year to achieving a stable, permanent funding system. Fortunately, we will have the assistance provided by a reorganized Employment Security Commission. Also, during this next year, Iowa workers will benefit from the further improvements you made in our worker's compensation laws.

The final version of the teacher dismissal bill is an example of bipartisan give and take resulting in a substantially improved contract termination process.

Bipartisan agreement was also reached on my suggestion to you to establish a standing limited appropriation for the tuition grant program. By providing permanent funding for the tuition grant program, you have

taken a major step in reducing the financial uncertainty faced by many private college students.

There are other successes—and, there are measures you passed that contained meritorious provisions but, unfortunately, were marred by some inadequacy or omission.

The three-year property tax relief package you presented me contained provisions which raised sufficient doubt in my mind, and in the minds of others, that I felt compelled to item veto the second and third years of it. By imposing arbitrary geographical and partisan restrictions on the membership of the property tax task force, its effectiveness has been shortsightedly impaired.

Only under the most intense prodding did you finally agree to provide much needed medium security correctional space to relieve our sorely overcrowded prisons. Keep in mind that the temporary alternatives submitted to me this year will require this issue to be faced again.

Despite the fact that future growth in our economy will be to a great extent tied to the development and maintenance of strong foreign markets and the attraction of foreign investment, only reluctantly did you approve the creation of a foreign trade office. The meager appropriation provided will limit our efforts to secure the kind of benefits already accruing to other states.

Your action in another area leads me to believe that perhaps I should be more patient. The acceptance of the colored photo driver's license bill came six years after I initially recommended the passage of this proposal.

There are also items that were not enacted in these two years. Perhaps the most significant was the failure to complete action on land use.

You refused to consider an increase in road user fees to supplement the increasingly inadequate gas tax revenues for highway construction and maintenance.

And I trust that the lack of attention paid to such common sense proposals as uniform bidding regulations, mobile home tie-downs, and a Washington, D. C. office for the State will be replaced by a warmer reception in future years.

A most disappointing aspect of this General Assembly was the decision by the majority party early in the 1975 session to switch from biennial budgeting with annual review and adjustment to annual budgeting. The experience of the last two years makes me more convinced than ever that the previous method is far better. Biennial budgeting with annual review and adjustment merits reimplementing in 1977.

In my last year's closing message to you, I pointed out that, "The desire of this legislature to move towards annual budgeting leaves you with some unfinished business in your next meeting which previous legislatures have not had to confront." Despite the rosy claims by some that second year appropriations would be completed in the first or second month of 1976, most of the major appropriations were not passed until the waning days of the session. The uncertainty and frustration inherent in the appropriations process have now been extended into the second year of the biennium.

We were told that annual appropriations would lead to a more careful analysis and review of state spending. Those agencies which experienced the meat cleaver approach to budgeting might question that claim. While

I have always encouraged ways to reduce spending and improve upon my budget requests, I have also urged that such action be done reasonably and rationally.

Enormous amounts of time and energy were expended in a game which might be called "cutting the Governor's budget." Members of the majority party took great pride after the first session in claiming they were able to cut my budget recommendations. Even at the end of the second session, the Executive Council's general contingency fund and \$100,000 of federal fund loss replacement funds were disapproved arbitrarily. Yet, as the statement issued by the Comptroller's Office indicates, this General Assembly still exceeded my budget recommendations in each fiscal year for a total of more than \$11 million for the biennium.

A more disturbing aspect of that same report is that at a time when we had an impressive surplus, you bypassed expenditures for necessary, one-time capital improvements in favor of costly recurring expenditures. The comptroller's report shows that in FY 1977 you cut capital expenditures by \$14 million but increased recurring expenditures by more than \$20 million, compared to my recommendations. These costs will be exacerbated substantially if the commitments you made in the "intent" sections of several appropriation bills are followed.

May I now turn to another important matter—a matter of saying thank you—thank you for your willingness to serve in this General Assembly to represent the people of this State. Many of you have worked constructively and cooperatively with my office and me, and we want you to know that we are indeed appreciative.

It is an honor and a privilege to serve as a legislator; it is also a position of respect for which one makes a sacrifice. To be successful as a candidate and as a legislator, one must be willing to take large amounts of time from his or her occupation and avocations.

Several amongst you have decided not to seek reelection this year. Unfortunately, you take with you a tremendous amount of experience, knowledge, and leadership. We are grateful for the contributions you have made, and I assure you we will miss your continued service. In order to keep this kind of talent in the legislative halls and attract others of like caliber, it is imperative that attitudes be formed and procedures be developed which will make it possible for future sessions to be concluded in less time.

Now as this General Assembly comes to a close, may we be grateful for the accomplishments, thankful for our system that allows us to agree and disagree, and appreciative of living in Iowa, a place where we can look ahead with a note of optimism.

Thank you.

Sincerely,
ROBERT D. RAY
Governor

GOVERNOR'S VETO MESSAGE

June 28, 1976

The Honorable Melvin D. Synhorst
Secretary of State
State Capitol Building
Local

Dear Mr. Secretary:

House File 1573, an Act relating to the membership, powers and duties of the legislative council and the legislative fiscal committee, creating a performance audit division and a fiscal division within the legislative fiscal bureau and specifying their powers and duties, and providing for legislative review of state agencies, and making an appropriation is hereby disapproved and in accordance with Article III, Section 16, Constitution of the State of Iowa, is hereby transmitted to the Secretary of State.

Accountability in government is a concept that is being and should be enthusiastically supported. At all levels of government, people are demanding that their government provide them with economical, efficient and dependable service in a responsible manner. I believe that House File 1573 was conceived in an attempt to reflect this mood.

Perhaps the more notable provision of House File 1573 is the mandate for periodic legislative review of state agencies. This requirement for periodic review with subsequent termination of agencies unless affirmative reenactment into law has been given the sobriquet of a "sunset" law. The Iowa version of the sunset law would require the legislature to take the time to assess continued existence of state agencies every six years with an equal number of agencies being reviewed each year. During the review process, each agency would be subject to a report prepared by the newly established Performance Audit Division of the Legislative Fiscal Bureau and the scrutiny of a public hearing. Unless the legislature would reenact the agencies under review, the authorizing statute for the agency would be repealed automatically the following year.

The Iowa legislature certainly was not bashful in embracing the sunset law concept. Rather than starting out in a limited fashion or phasing into an effective review process, our legislature, unlike Colorado's, would require

almost every state agency to go through the review process. In addition to regulatory and licensing boards, the bill directs that such vital and long-standing essential agencies as the Board of Regents, the Department of Revenue, the Conservation Commission, and the Board of Health be included. Departments with far-ranging programs, intricate operations, and detailed statutory authorizations would be subject to automatic repeal.

A comprehensive and thorough review and analysis of these large state agencies certainly would be a monumental task. In 1977 alone, the bill mandates that 13 different state agencies, including the Board of Regents, would be subject to the sunset provision. All of this review and analysis would be done by an agency with a \$50,000 budget.

Even if the limited staff arrangement could accomplish the initial review, the necessity for the legislature to reauthorize each and every agency unnecessarily would prolong the already too long legislative sessions. The drawn-out debate that is sure to result from this sunset provision could be the crowning blow to the hope of preserving a citizen's legislature in Iowa. Undoubtedly, the resignation of incumbent legislators due to the ever-increasing burden of legislative service would become an even more common occurrence if House File 1573 were signed into law.

As the legislature would experience a shift in roles due to the sunset provision, our state agencies, too, would be forced to shift some of their operations. With that constant threat of extinction staring them in the face, state agencies would be required to invest tremendous amounts of time, effort, and other valuable tax-funded resources to public relate for their existence every six years. Actions of an agency could easily shift from an emphasis on quality service to a concern of how it would appear to legislators. In addition to shifting resources away from providing services to the public, agencies would be subjected to the vagaries of the legislative process. Every agency could find itself confronted with the prospect of less than rational actions during the closing days of a legislative session.

The way the sunset provision of House File 1573 was enacted could also lead to some undesirable side effects. Because agencies which issue bonds, such as the Housing Authority and the Board of Regents, would be faced with the prospect of abolishment, their ability to sell bonds in a competitive market would be jeopardized. In addition, the principle of academic freedom at the Regents' universities could be subject to improper legislative intrusion into curriculum or academic staff matters.

Our legislature, of course, already has "sunset" power. Every year the legislature has the opportunity to review and authorize or refuse to authorize the continued existence of every state agency. Unfortunately, to date, the Iowa legislature has not established much of a track record in using its review and termination powers. Just this year the legislature refused to allow the Energy Policy Council to expire and instead extended its life for another two years and added two more members. Many legislators have fought efforts to reorganize and consolidate agencies such as the Department of Transportation and the Employment Security Commission. And this legislature even created new state agencies such as the Court of Appeals, the Voter Registration Commission, the Birth Defects Institute, the Spanish-speaking Peoples Commission and the Board of Speech Pathology and Audiology Examiners. The record of this and previous legislatures makes one wonder after all the time, money, and effort were expended, how sympathetic legislators would be to the sunset concept when the time came for implementation.

The sunset concept has a popular tone in this day and age. One of its strong proponents, Common Cause, calls it a mechanism "to give public officials and citizens a handle on big government." At the same time, however, Common Cause voices some strong caveats. In recent testimony before the United States Senate, Common Cause Chairman, John Gardner, advocated that the sunset mechanism should be phased in gradually, beginning with programs to which the concept most readily seems applicable. Most importantly, Common Cause advocates primarily licensing and regulatory boards. In addition, Gardner recommended that programs and agencies in the same policy area should be reviewed simultaneously in order to encourage consolidation and responsible pruning. House File 1573 reviews nearly all state agencies in a very random fashion. Unlike the manner by which the sunset concept would be implemented in Iowa, Common Cause emphasizes cautious and judicious implementation.

While the sunset provision perhaps overshadows the rest of House File 1573, the original thrust of this bill was to provide legislators with a special performance auditing capacity. The bill creates a Performance Audit Division within the Legislative Fiscal Bureau for the purpose of securing some different accountability and responsiveness from state agencies.

As indicated earlier, a grand total of \$50,000 was appropriated to initiate all the new programs of this Act which includes the Performance Audit Division. This amount would hardly provide even a minimal staff and support to accomplish the kind of performance that I believe legislators envision. I might add that it has been my experience that few legislators agree to the same definition of the goals which they hope performance auditing will secure for them.

A close examination of House File 1573 reveals that the Performance Audit Division is empowered to do things that can already be accomplished under Iowa law. Chapter 2 of the Iowa Code authorizes the Legislative Fiscal Committee, through the Legislative Fiscal Bureau, to conduct performance audits. In addition, Chapter 11 of the Code directs the State Auditor in his annual audits of state agencies to speak to similar concerns. In fact, every authorization granted to the Performance Audit Division in House File 1573 can be found in existing law. Considering that one of the objectives of performance auditing is to reduce overlapping and duplication, such a Performance Audit Division might keep itself busy examining itself for duplicative efforts.

One authority granted the Performance Audit Division has some uninviting overtones to it. The bill directs that "the performance auditor and employees of the performance audit division shall at all times have access to any state agency . . . and to all books, records, and other instrumentalities and properties used in the performance of statutory duties." Such strong language would indicate that little, if anything in a state agency would be immune to the scrutiny of the Performance Audit Division staff. Conceivably even my budget documents and State of the State Messages could be subject to this review prior to their release. And given the fact that the bill defines state agency as "any state office, department, board, bureau, commission or other public or private agency supported in full or in part by state appropriations," a number of private concerns might fall under the same type of scrutiny. We in the Executive Branch have no hesitancy in responding to any legitimate request by the members or staff of the legislature. However, under no circumstances, will we subject ourselves and our agencies to fishing expeditions that could be conducted under this authority.

As I indicated earlier, the performance auditing provisions of House File 1573 accomplish little more than what can be secured under existing law. The chief legislative sponsor of performance auditing has urged my veto of this bill partly because of this. He recognizes that this is more of a window-dressing effort than a substantive approach. Recognizing the imperfections of the sunset provision of House File 1573 and the ineffectiveness of the performance auditing provision, I find little reason to sign this measure into law.

It is paradoxical that in a bill which gives the legislature no more authority than they already have, the legislature would create a new bureaucracy in an effort to reduce existing bureaucracies. I wholeheartedly support any legitimate and responsible effort to reduce the size and cost of state government. I welcome any suggestions legislators might have on how to improve our operations. Together the executive and legislative branches must strive to make state government as efficient and accountable to the citizenry as possible. House File 1573 does not measure up to the task.

Sincerely,
ROBERT D. RAY

[3] 4. Charging no more than a reasonable estimate of cost, in his or her discretion the secretary of state may adopt one or more of the following methods of providing information concerning public filings in his or her office to persons with an interest in this information that is related exclusively to the purposes of this Article:

[a. subscription telephone service;

b. subscription]

a. Subscription daily, weekly or monthly written summaries; or

[c. granting suitable space for the preparation of written summaries and the provision of telephone service by those persons deemed by the secretary of state to have a legitimate interest in regular examination of the secretary of state's public files; and

d. any]

b. Any other appropriate method of disseminating information.

However, the secretary of state shall not make space or services available to any person for examination and preparation of summaries of the secretary of state's public files except the space and services made available under chapter sixty-eight A (68A) of the Code.

5. Charging no more than a reasonable estimate of cost, in his or her discretion a county recorder may adopt one or more of the following methods of providing information concerning public filings in his or her office to persons with an interest in this information that is related exclusively to the purposes of this Article:

- a. *Subscription telephone service;*
- b. *Subscription daily, weekly or monthly written summaries;*
- c. *Granting suitable space for the preparation of written summaries and the provision of telephone service; or*
- d. *Any other appropriate method of disseminating information.*

6. Except with respect to willful misconduct, the state of Iowa, the secretary of state, a county, a county recorder, and their employees and agents are immune from liability as a result of errors or omissions in information or assistance concerning the secretary of state's or a county recorder's public files supplied [pursuant to this subsection] by them to any person.

7. *Fees collected by the secretary of state pursuant to this section shall be remitted by the secretary of state to the treasurer of state for deposit in the general fund of the state."*

The substantive portion of these items imposes a new duty upon the Secretary of State's Uniform Commercial Code (UCC) Division filing officer in the form of a telephone search service and provides an appropriation of \$38,700 to perform the service. In addition, the items prohibit the Secretary of State from making space or services available to any person for examination and preparation of summaries of the UCC files other than the space and services required under the Open Records Law.

Presently, the filing officer of the UCC Division of the Secretary of State's Office does not provide a telephone search service. Instead, the Secretary of State's Office has contracted with a private firm, Iowa Public Records Search, Inc., to provide the telephone search service and subsequent written confirmations. If Senate File 1221 is signed into law without exception, state government will assume the telephone search task presently being accomplished by the private enterprise.

For a number of reasons it appears unlikely that state government would be able to provide service in this area in an improved manner over what is now available by private enterprise.

- The items in Senate File 1221 direct that a uniform fee of \$4 be charged for each individual telephone search. This compares with the \$3 fee presently being charged by the private firm.
- The items in Senate File 1221 mandate that all fees must be pre-paid before a person may utilize the telephone search service. The private firm requires no prepayment.
- Since the Secretary of State and his employees are immune from liability by law, except for willful negligence, the users of the telephone search service will no longer have the protection of the errors and omissions insurance presently maintained by the private firm.
- The UCC Division filing officer will not provide as much information, e.g. collateral itemization, to telephone search requests as the private firm currently does.

I understand the primary reason for the move to preempt the private firm from continuing its activities was the dissatisfaction felt by some with the service being provided. While this once may have been the case, the concern over the quality of service has apparently been resolved. The Secretary of State's Office informs me that they are pleased with the capable and efficient service being provided by the private firm. In addition, I am told that no complaints about the service have been received by the

Secretary of State's Office for more than a year. Even one of the chief sponsors of the effort to replace the private firm admits that the complaints about the poor service have subsided to a large extent.

Therefore, I see little reason for the changes contained in these items. Accordingly, I disapprove these two items of Senate File 1221 in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of Senate File 1221 are hereby approved this date.

Sincerely,
ROBERT D. RAY

Dear Mr. Secretary:

I hereby transmit Senate File 1346, an Act to revise the campaign disclosure-income tax checkoff Act by clarifying the powers, duties and procedures of the campaign finance disclosure commission, repealing certain provisions of the Act in accordance with a recent decision of the United States supreme court, clarifying the restrictions upon and the uses which may be made of certain contributions by corporations and other entities, and to appropriate funds to the office of the campaign finance disclosure commission.

Senate File 1346 is approved June 28, 1976, with the following exception which I hereby disapprove.

I am unable to approve the item designated in the act as Subsection 5 of Section 14 which reads as follows:

"5. For the purposes of this section, labor unions or any group organized as a collective bargaining unit shall not be deemed to be a corporation, however contributions and expenditures made by a labor union or a group organized as a collective bargaining unit in support of or opposition to a candidate or ballot issue shall be subject to the disclosure requirements of this chapter."

This item makes legal in Iowa any direct transfer of funds from labor union treasuries to candidates, candidates' committees, or any other political committees. For the first time Iowa law would specifically authorize labor unions to contribute directly their assets to state and local campaigns.

Business corporations in Iowa have long been prohibited from contributing "any money, property, labor, or thing of value, directly or indirectly" to political campaigns. On the other hand, Iowa law has been silent up to now on union contributions for political purposes. Since 1925 federal law has prohibited contributions or expenditures by corporations *and* labor organizations to federal political campaigns. 18 U. S. C., section 610, has provided:

"It is unlawful . . . for any corporation whatever, or any labor organization to make a contribution or expenditure in connection with any election at which Presidential and Vice Presidential electors or a Senator or Representative in, or a Delegate or Resident

Commissioner to Congress are to be voted for, or in connection with any primary election or political convention or caucus held to select candidates for any of the foregoing offices, or for any candidate, political committee, or other person to accept or receive any contribution prohibited by this section."

The Federal Election Campaign Act Amendments of 1976 recodified the foregoing section to provide for the establishment and operation of political action committees by corporations and labor unions. To bring Iowa law into accord with the new federal law, the legislature provided in Senate File 1346 the authority for corporations to establish political action committees in Iowa for state and local campaigns.

But our legislature went further and attached the item in question to Senate File 1346 to exempt unions from the restrictions Iowa law places on corporations.

As a result, labor unions, whether incorporated or not, would be able to use union dues and any other union funds to make direct contributions to the campaigns of candidates in Iowa. This is something they cannot do under federal law. And it is something corporations cannot do under *either* federal or state law.

Federal law treats unions and corporations in a similar manner regarding campaign contributions. Iowa law can be made more consistent and treat both in a like fashion by removing Subsection 5 of Section 14 of Senate File 1346. Of course, labor unions and corporations and their individual members and stockholders will still be able to contribute to political campaigns individually or through their political action committees.

For these reasons, I hereby disapprove this item in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of Senate File 1346 are hereby approved this date.

Sincerely,
ROBERT D. RAY
Governor

He attended the University of Iowa where he received a bachelor of arts degree in 1921 and bachelor of laws degree in 1923. Mr. Bekman was then admitted to the bar and engaged in the general practice of law in Ottumwa in Wapello County. For three terms, from 1927 to 1932, he was elected to serve as

He served in the Forty-eighth, Forty-ninth, Fiftieth Extraordinary, Fifty-first, Fifty-second, Fifty-second Extraordinary, Fifty-third, Fifty-fourth and Fifty-fifth General Assemblies. While a member of the General Assembly he was chairman of the Social Security, Judiciary and Insurance Committees. ANDREW B. BELL

MR. PRESIDENT: Your committee, appointed to prepare a suitable resolution commemorating the life, character and public service of the late Honorable Andrew B. Bell, begs leave to submit the following memorial:

Andrew B. Bell was born in Aspinwall, Crawford County, Iowa, December 7, 1886. Reared on a farm in the same county, he attended Denison Normal College, from which he was graduated in 1909. Later he attended the State University of Iowa and was graduated from the Law Department of Drake University in 1912.

On February 12, 1929, Mr. Bell was married to Clara Curry of Denison. They had one son, Robert. Mr. Bell's wife predeceased him in 1957.

Mr. Bell was elected County Attorney of Crawford County the same year of his graduation from law school and held that office for 20 years, retiring therefrom to become a candidate for state senator. During his 20 years acting as county attorney, he was also actively engaged in the general practice of law in Denison. Two major cases that he prosecuted as county attorney were the Voss forgery case and the Farm Holiday group. The latter case attained national prominence and was carried in newspapers in England, France and Germany. The National Guard was called out by Governor Clyde Herring and guards came from Red Oak and Council Bluffs. The 300 guardsmen were armed with bayonets and loaded guns and the county was under martial law for seven or eight weeks.

Andrew Bell was elected to the Iowa Senate from the Thirty-fourth District, comprising Crawford, Monona and Harrison Counties in 1933. He served during the Forty-sixth, Forty-sixth Extraordinary and Forty-seventh General Assemblies. While serving as state senator, he sponsored the home-
stead exemption bill, which became law. He was also appointed by Governor Kraschel to a committee to investigate the state liquor commission.

Mr. Bell passed away January 24, 1976, at the age of 89 years. He is survived by his son, Robert Andrew, and two grandsons, Robert and James.

Therefore, Be It Resolved by the Senate of the Sixty-sixth General Assembly of Iowa: That in the passing of the Honorable Andrew B. Bell, the state has lost an honored citizen and a faithful and useful public servant, and the Senate by this resolution would express its appreciation of his service to his community, state and nation and tender its sympathy and kindest regards to the members of his family.

Be It Further Resolved: That a copy of this resolution be spread upon the Journal of the Senate, and that the Secretary of the Senate be directed to forward an enrolled copy to the family of the deceased.
