The future is hidden, but nonetheless we must go about our work—knowing we often have to be flexible, and appreciating we sometimes have to be patient.

Fortunately, we live in Iowa—a place where people cooperate to solve problems. That is our tradition—and that is the task we now face.

Let us show our Iowans, and ourselves, that we can still seize opportunities. If we do, our time this session will truly have been well spent.

Thank you.

INTRODUCTION OF RESOLUTION

SENATE CONCURRENT RESOLUTION 133

By: Yenger, Van Gilst, Ramsey and Brown

1 *Whereas*, ninety-five percent of the energy used in
2 Iowa is imported; and coal is Iowa's most abundant
3 energy resource and is estimated at over three billion
4 tons of recoverable coal, enough to last the state for
5 hundreds of years; and
6 *Whereas*, the past seventy years have seen a ninety
7 percent reduction in the production of Iowa coal result-
8 ing in the decline of Iowa's coal industry to the point
9 of extinction; and
10 *Whereas*, thirteen million tons of coal were used in
11 Iowa in 1979 but only seven percent was Iowa coal; and
12 *Whereas*, the current energy crisis necessitates the
13 establishment of efficient energy production of priorities
14 which emphasize the utilization of local energy sources
15 instead of furthering the reliance on unstable energy
16 sources from unfriendly nations; and
17 *Whereas*, the current federal air quality standards
18 placed on the utilization of coal threaten further economic
19 disruption and unemployment to significant portions of
20 Iowa and therefore are detrimental to the public welfare;
21 and
22 *Whereas*, the reevaluation of coal utilization could
23 prevent the drain on the state and national economies and
24 keep hundreds of millions of dollars in Iowa and the
25 nation; and
26 *Whereas*, the importance of air quality for Iowa's
27 citizens is well recognized, it is of equal importance that
28 relief be provided to coal producers and customers in order
29 to allow producers time to complete financing and installa-
30 tion of necessary equipment to bring them into compliance.

Page 2

1 with the current federal air quality standards; *Now*
2 *Therefore*,
3 *Be It Resolved by the Senate, the House Concurring*,
4 That the Legislative Council create an interim study
5 committee consisting of members of both Houses represent-
6 ing both political parties for the purpose of studying
7 the implementation of monetary incentives, incentives to
8 promote the utilization of Iowa coal among both private
9 and public sectors, and to examine the utilization of
10 synthetic fuels produced from Iowa coal; and
11 *Be It Further Resolved*, That the study committee make

12 periodic reports to the Legislative Council and a final
 13 report to the general assembly meeting in the year 1981
 14 accompanied by bill drafts designed to implement any
 15 recommendations of the study committee.

Read first time and referred to the committee on **Rules and Administration**.

WITHDRAWN

45 complaints, or as otherwise authorized by this chapter,
46 which is not a part of the department's findings from

45 Sec. 6. Chapter one hundred thirty-five C (135C),
46 Code 1979, is amended by adding the following new

48 **NEW SECTION. OPERATION OF FACILITY UNDER**
49 **RECEIVERSHIP.** When so authorized by section one
50 hundred thirty-five C point eleven (135C.11),

Page 4

1 subsection two (2), or section one hundred thirty-
2 five C point twelve (135C.12), subsection one (1),
3 of the Code, the commissioner may file a verified
4 application in the district court of the county where
5 a health care facility licensed under this chapter
6 is located, requesting that an individual nominated
7 by the commissioner be appointed as receiver for the
8 facility with responsibility to bring the operation
9 and condition of the facility into conformity with
10 this chapter and the rules or minimum standards
11 promulgated under this chapter.

12 1. The court shall expeditiously hold a hearing
13 on the application, at which the commissioner shall
14 present evidence in support of the application. The
15 licensee against whose facility the petition is filed
16 may also present evidence, and both parties may
17 subpoena witnesses. The court may appoint a receiver
18 for the health care facility in advance of the hearing
19 if the commissioner's verified application states
20 that an emergency exists which presents an imminent
21 danger of resultant death or physical harm to the
22 residents of the facility. If the licensee against
23 whose facility the receivership petition is filed
24 informs the court at or before the time set for the
25 hearing that the licensee does not object to the
26 application, the court shall waive the hearing and
27 at once appoint a receiver for the facility.

28 2. The court, on the basis of the verified
29 application and evidence presented at the hearing,
30 may order the facility placed under receivership,
31 and if so ordered, the court shall direct either that
32 the receiver assume the duties of administrator of
33 the health care facility or that the receiver supervise
34 the facility's administrator in conducting the day-
35 to-day business of the facility. The receiver shall
36 be empowered to control the facility's financial
37 resources and to apply its revenues as the receiver

38 deems necessary to the operation of the facility in
39 compliance with this chapter and the rules or minimum
40 standards promulgated under this chapter, but shall
41 be accountable to the court for management of the
42 facility's financial resources.

43 3. A receivership established under this section
44 may be terminated by the district court which
45 established it, after a hearing upon an application
46 for termination. The application may be filed:

47 a. Jointly by the receiver and the current licensee
48 of the health care facility which is in receivership,
49 stating that the deficiencies in the operation,
50 maintenance or other circumstances which were the

Page 5

1 grounds for establishment of the receivership have
2 been corrected and that there are reasonable grounds
3 to believe that the facility will be operated in com-
4 pliance with this chapter and the rules or minimum
5 standards promulgated under this chapter.

6 b. By the current licensee of the facility,
7 alleging that termination of the receivership is
8 merited for the reasons set forth in paragraph a of
9 this subsection, but that the receiver has declined
10 to join in the petition for termination of the
11 receivership.

12 c. By the receiver, stating that all residents
13 of the facility have been relocated elsewhere and
14 that there are reasonable grounds to believe it will
15 not be feasible to again operate the facility on a
16 sound financial basis and in compliance with this
17 chapter and the rules or minimum standards promulgated
18 under this chapter, and asking that the court approve
19 surrender of the facility's license to the department
20 and subsequent return of control of the facility's
21 premises to the owners of the premises.

22 4. Payment of the expenses of a receivership
23 established under this section shall be the
24 responsibility of the facility for which the receiver
25 is appointed, unless the court directs otherwise.

26 5. This section does not:

27 a. Preclude the sale or lease of a health care
28 facility, and the transfer or assignment of the
29 facility's license in the manner prescribed by section
30 one hundred thirty-five C point eight (135C.8) of
31 the Code, while the facility is in receivership,
32 provided these actions are not taken without approval
33 of the receiver.

34 b. Affect the civil or criminal liability of the

35 licensee of the facility placed in receivership, for
 36 any acts or omissions of the licensee which occurred
 37 before the receiver was appointed.”
 38 3. By renumbering the sections of the Act as

House File 2536

The Senate resumed consideration of House File 2536, a bill for an act relating to housing in cities by requiring cities to establish a housing code or be subject to the uniform housing code, establishing an interim committee to study housing codes and related areas, repealing the state housing law and authorizing penalties, deferred on April 11, 1980.

Senator Readinger offered amendment S—5636 filed by the committee on Cities on April 2, 1980, to pages 1 and 2 of the bill.

Senator Small withdrew amendment S—5719 filed by him on April 11, 1980, to amendment S—5636.

Senator Baugher raised the point of order that amendment S—5636 was not germane to the bill.

The Chair ruled the point not well taken and amendment S—5636 in order.

Senator Readinger moved the adoption of amendment S—5636, which motion prevailed by a voice vote.

2 paragraph one (1), Code 1979 Supplement, is amended
3 to read as follows:

4 1. Charge, receive or collect interest at a rate

35 six hundred twenty-eight point three (628.3) of the
36 Code, when a foreclosure of a mortgage on real property
37 results from the enforcement of a due-on-sale clause,
38 the mortgagor may redeem the real property at any
39 time within three years from the day of sale under
40 the levy, and the mortgagor shall, in the meantime,
41 be entitled to the possession thereof; and for the
42 first thirty months thereafter such right of redemption
43 is exclusive. Any real property redeemed by the
44 debtor shall thereafter be free and clear from any
45 liability for any unpaid portion of the judgment under
46 which the real property was sold. The right of
47 redemption established by this paragraph is not subject
48 to waiver by the mortgagor and the period of redemption

5 in any case in which the mortgagor's period for
6 redemption is extended by this paragraph. This
7 paragraph does not apply to foreclosure of a mortgage
8 if for any reason other than enforcement of a due-

12 outstanding balance or a major part thereof upon a
13 transfer by the mortgagor to a third party of an
14 interest of the mortgagor in property covered by the
15 mortgage. This paragraph applies to any foreclosure
16 occurring on or after the effective date of this Act.
17 However, this paragraph does not apply if the lender
18 establishes, based on reasonable criteria which are
19 not more restrictive than those used to evaluate new
20 mortgage-loan applications, that the security interest
21 or the likelihood of repayment is impaired as a result
22 of the transfer of interest."

22 Sec. 25. Section five hundred thirty-seven point
23 three thousand three hundred one (537.3301),
24 subsections one (1) and two (2), Code 1979, are amended
25 to read as follows:

26 1. With respect to a consumer credit sale, a
27 seller may take a security interest in the property
28 sold. In addition, a seller may take a security
29 interest in goods upon which services are performed
30 or in which goods sold are installed or two which they
31 are annexed, or in land to which the goods are af-
32 fixed or which is maintained, repaired or improved
33 as a result of the sale of the goods or services,
34 if in the case of a security interest in land the
35 amount financed is one thousand dollars or more, or

37 the amount financed is three hundred dollars or more,
38 or if the goods are household goods, or motor vehicles
39 used by a consumer, his *or her* dependents, or the
40 family with which the consumer resides, as
41 transportation to and from a place of employment,
42 one hundred dollars or more. [The seller may also
43 take a security interest in property which is itemized

44 in the security agreement, to secure the debt arising
45 from a consumer credit sale primarily for an
46 agricultural purpose.] Except as provided with respect
47 to cross-collateral under section 537.3302, a seller
48 may not otherwise take a security interest in property

50 sale.

14 are secured by cross-collateral or consolidated into
15 one debt payable on a single schedule of payments,
16 and the debt is secured by security interests taken
17 with respect to one or more of the sales, payments
18 received by the seller after the taking of the cross-
19 collateral or the consolidation are deemed, for the
20 purpose of determining the amount of the debt secured
21 by the various security interests, to have been first
22 applied to the payment of the debts arising from the
23 sales first made. To the extent debts are paid
24 according to this section, security interests in items
25 of property terminate as the debt originally incurred
26 with respect to each item is paid.

27 Sec. 27. Section five hundred thirty-seven point
28 three thousand three hundred seven (537.3307), Code
29 1979, is amended to read as follows:

30 537.3307 CERTAIN NEGOTIABLE INSTRUMENTS PROHIBITED.

31 With respect to a consumer credit sale or consumer
32 lease, [other than a sale or lease primarily for an

34 negotiable instrument other than a check or *credit-*
35 *union share draft* dated not later than ten days after

49 in four or more installments, either on demand of
50 the consumer or by prearranged scheduled performance,

Page 6

1 the consumer shall have the right to cancel the
2 obligation with respect to that part which has not
3 been performed on the date of cancellation.

4 Sec. 30. Section five hundred thirty-seven point
5 three thousand four hundred one (537.3401), Code 1979,
6 is amended to read as follows:

7 537.3401 RESTRICTION OF LIABILITY IN CONSUMER
8 LEASE. The obligation of a lessee upon expiration
9 of a consumer lease [other than one primarily for an

11 payment allocable to a monthly period under the lease.
12 This limitation does not apply to charges for damages
13 to the leased property or for other default.

16 one (1), Code 1979, is amended to read as follows:

17 1. With respect to a consumer credit sale or
18 consumer lease, [other than one primarily for an

22 arising from the sale or lease of property or services,
23 notwithstanding that the assignee is a holder in due
24 course of a negotiable instrument issued in violation
25 of the provisions prohibiting certain negotiable
26 instruments in section 537.3307; unless the consumer
27 has agreed in writing not to assert against an assignee
28 a claim or defense arising out of such sale, and the
29 consumer's contract has been assigned to an assignee
30 not related to the seller who acquired the consumer's
31 contract in good faith and for value and who gives
32 the consumer notice of the assignment as provided
33 in this subsection and who within thirty days after
34 the mailing of the notice receives no written notice
35 of the facts giving rise to the consumer's claim or
36 defense. Such agreement not to assert a claim or
37 defense is not valid if the assignee receives such

 49 notice to him *or her* within which to notify the
 50 assignee in writing of any claims or defenses he *or*

Page 7

1 *she* may have against the seller and that if written
 2 notification of any such claims or defenses is not
 3 received by the assignee within such thirty-day period
 4 the assignee will have the right to enforce the
 5 contract free of any claims or defenses the consumer
 6 may have against the seller. An assignee does not
 7 acquire a consumer's contract in good faith with-
 8 in the meaning of this subsection if the assignee
 9 has knowledge or, from his *or her* course of dealing
 10 with the seller or his records, notice of substantial
 11 complaints by other consumers of the seller's failure
 12 or refusal to perform his *or her* contracts with them
 13 and of the seller's failure to remedy his *or her*
 14 defaults within a reasonable time after the assignee
 15 notifies him *or her* of the complaints.

 44 Sec. 34. Notwithstanding sections twenty-one (21)

1 *Whereas*, many resolutions have been introduced in

MR. PRESIDENT: The Secretary of the Senate respectfully reports that the following bills have been enrolled, signed by the President of the Senate and the Speaker of the House, and presented to the Governor for his approval on this 17th day of April, 1980.

FRANK J. STORK, Secretary of the Senate

COMMUNICATION FROM THE SECRETARY OF STATE

April 16, 1980

Frank J. Stork
Secretary of the Senate
State Capitol Building
Des Moines, Iowa

I hereby certify that House File 747, was published in the Globe-Gazette, Mason City, Iowa, on March 28, 1980, and republished April 11, 1980, and published in The Sioux City Journal, Sioux City, Iowa, on March 29, 1980, and republished April 11, 1980.

Also, I certify that Senate File 2060, was published in the West Des Moines Express, West Des Moines, Iowa, on April 10, 1980, and in the Urbandale News, Urbandale, Iowa, on April 10, 1980.

Respectfully submitted,
MELVIN D. SYNHORST
Secretary of State

EXPLANATION OF VOTE

In eight years in the Iowa Senate, I believe this is the first time I have ever placed a reason for a vote. I voted "present" on House File 2492 for the following reasons:

First—I did support the Senate version concerning the interest rates for our lending institutions. I felt they could not pay higher interest rates than they received. I was opposed to taking agriculture and business loans out of the consumer credit code. Why should we have different classes of citizens when it comes to credit?

I really believe this bill will work a real hardship on the small businessman, the wholesaler and Iowa manufacturers. If you look at the bill, you will see several pages

of amendments which take out of the Code statutes which have been placed in the Code in previous years by well-meaning legislators in regard to agriculture and business and we take all of these out in less than one hour of debate. I believe this is a dangerous precedent. Actions as serious as this deserve more than one hour of debate.

I believe this bill, has by far, the most far-reaching affect of any bill which has been passed in my terms in the legislature. I don't believe anyone knows exactly what this bill really does.

This bill, I feel, will have a very great impact on the economy of Iowa and very little good. In my opinion, April 16, 1980, will long be remembered by the citizens of Iowa.

BERL E. PRIEBE

INTRODUCTION OF RESOLUTION

SENATE CONCURRENT RESOLUTION 140
By: Committee on Appropriations

1 *Whereas*, the general assembly appropriates funds

2 from the general fund of the state annually for the
3 operation of the area schools, and for the fiscal
4 year commencing July 1, 1980 the appropriated amount
5 exceeded fifty million dollars; and

6 *Whereas*, the department of public instruction is
7 given the responsibility of allocating the state
8 funds to the various area schools; and

9 *Whereas*, the formula by which state funds are
10 allocated to the fifteen merged area schools does
11 not adequately reflect the actual financial pressures
12 faced by the individual area schools; *Now Therefore*,

13 *Be It Resolved by the Senate, the House Concurring*,
14 That the department of public instruction is directed to
15 review the existing formula along with various alterna-
16 tive methods of allocation, and shall report its findings
17 and recommendations to the appropriate joint legislative
18 subcommittees of the committees on appropriations not later
19 than January 15, 1981. Additional factors which the
20 department shall consider in reviewing the formula are:

21 1. The differences between the base year enrollment
22 figure as used in the formula and the current year actual
23 enrollment figure.

24 2. The use of actual full-time equivalent enrollment
25 cost per program at each of the merged area schools
26 rather than a statewide average.

27 3. The allowance for program costs for programs
28 unique to one or a small number of merged area schools.

29 4. Any inconsistency in allowable growth rates for the
30 various levels of education (K-12, merged area, university).

HOUSE MESSAGES CONSIDERED

House File 2593, a bill for an act relating to certain administrative and financial procedures of certain public schools.

HOUSE CONCURRENT RESOLUTION 128

By: Danker, Clark of Lee, Binneboese,
Branstad, Bruner, Clark of Cerro Gordo,
Connolly, Dieleman, Doyle, Gettings,
Hanson of Delaware, Howell, Hullinger,
Johnson of Howard, Johnson of Linn,
Lageschulte, Oxley, Schnekieth, Shull,
Smalley, Swearingen, Tofte, Welsh and Tyrrell

- 1 *Whereas*, the implementation of functional classi-
- 2 fication has taken place as of July 1, 1979 as directed
- 3 by Chapter 1108 of the Acts of the sixty-seventh general
- 4 assembly; and
- 5 *Whereas*, such implementation involves the transfer of
- 6 various highways and streets among the three jurisdictions;
- 7 and
- 8 *Whereas*, fuel tax increases and jurisdictional per-
- 9 centage allocations from the road use tax fund as provided
- 10 in Chapter 1108 of the Acts of the sixty-seventh general
- 11 assembly were based, in part, on the functional classifi-
- 12 cation in effect on January 1, 1973, on the number of
- 13 miles of highways and streets which were candidates for
- 14 transfer under that classification and on the highway and
- 15 street needs assigned to those transfers for each juris-
- 16 diction, as for example, effective January 1, 1973 the
- 17 counties would have a net gain of 431 miles of former
- 18 primary highways at an assigned annual increase in needs
- 19 of \$10.9 million; and
- 20 *Whereas*, since the passage of Chapter 1108 of the
- 21 Acts of the sixty-seventh general assembly, the diminution
- 22 in the road use tax fund has resulted in increased revenues
- 23 to the three jurisdictions of only about 50% of the amount

24 anticipated and, at the same time, the dollar needs'
25 amounts assigned to the transferred highways and streets
26 has increased dramatically due to inflation; while appeals
27 of the 1973 functional classifications that have already
28 been filed and are proposed to be filed could more than
29 double the net mileage of primary roads for which the
30 counties would be benefited than was envisioned during
31 consideration of Chapter 1108 of the Acts of the sixty-
32 seventh general assembly; and
33 *Whereas*, the financial circumstances and the mileages

Page 2

1 involved have changed substantially since Chapter
2 1108 of the Acts of the sixty-seventh general assem-
3 bly was passed to the point that those jurisdictions
4 receiving a net increase in mileage will find it
5 very difficult to provide necessary and desired ser-
6 vices to their respective systems of highways and
7 streets; *Now Therefore*,
8 *Be It Resolved by the House of Representatives*,
9 *The Senate Concurring*, That jurisdictional transfers
10 of roads of streets as required by Chapter 1108 of
11 the Acts of the sixty-seventh general assembly be
12 restricted to classifications of record as of January 1,
13 1973 until the enactment of legislation which compen-
14 sates state, county and municipal jurisdictions for
15 additional highway, road or street needs resulting
16 from such transfers; and
17 *Be It Further Resolved*, That notwithstanding the
18 foregoing, future transfers of jurisdiction should take
19 place if agreements are entered into by the jurisdic-
20 tional divisions of government involved in the transfer
21 of such roads and streets.

Read first time and passed on file.

HOUSE CONCURRENT RESOLUTION 134

By: Committee on Appropriations

1 *Whereas*, the state revenue projections for the
2 current fiscal year and for the 1981 fiscal year require
3 a prompt response of cost-saving measures; and
4 *Whereas*, the governor has announced a series of
5 actions designed to save state funds within the
6 executive branch; and
7 *Whereas*, the legislature has previously taken a
8 responsive approach to hold down the legislative costs
9 during the session and interim by adopting resolutions

10 which establish budget guidelines; *Now Therefore,*
 11 *Be It Resolved by the House of Representatives, the*
 12 *Senate Concurring,* That the administration committees in
 13 the house of representatives and the senate be directed
 14 to establish a freeze on the hiring of new employees and
 15 that requests to fill vacant positions be carefully
 16 reviewed; and
 17 *Be It Further Resolved,* That the speaker of the House
 18 and the president of the senate be urged to restrict out-
 19 of-state travel for legislators and staff unless they
 20 determine that the failure to authorize the travel will
 21 impair the ability of the general assembly to fulfill its
 22 functions; and
 23 *Be It Further Resolved,* That each member of the
 24 general assembly make every effort to reduce interim
 25 costs of travel, copying, telephone and postage as his
 26 or her individual effort to reduce the costs of the
 27 operation of the legislature and maintain the general fund.

1 *Whereas,* the governor of Iowa has proclaimed Wednesday,
 2 May 14, 1980 as Iowa Freedom Day; and
 3 *Whereas,* this day has been designated to demonstrate
 4 our potential for conserving gasoline by exercising our
 5 transportation options; and
 6 *Whereas,* the citizens of Iowa will not lose their mobility
 7 or effectiveness to do business by carpooling or ridesharing or
 8 using public transportation or riding bicycles or mopeds
 9 or motorcycles or walking or using the telephone in place
 10 of unnecessary travel; and
 11 *Whereas,* the goal of Iowa Freedom Day is to reduce
 12 consumption of gasoline by fifty percent or two million gallons
 13 of that normally used in motor vehicles in Iowa on any
 14 given day in the month of May; and
 15 *Whereas,* the reduction in consumption of gasoline by
 16 fifty percent on this day will thereby cut imports of foreign
 17 oil by over fifty thousand barrels and keep one point five
 18 million dollars in Iowa's economy which otherwise would be
 19 lost; and
 20 *Whereas,* this reduction is for gasoline only and will

21 not affect fuels needed by Iowa's farmers in order to plant
 22 crops; and
 23 *Whereas*, this one day effort is for the common good
 24 of Iowa and the nation, *Now Therefore*,
 25 *Be It Resolved by the House of Representatives, the*
 26 *Senate Concurring*, That the Iowa general assembly supports
 27 and hereby urges our citizens to wholeheartedly participate
 28 in, and achieve the stated goals of, Iowa Freedom Day.

REPORT OF NOTIFICATION TO THE GOVERNOR

Senator Schwengels reported that he had performed his duty and notified the office of the Governor that the Senate was ready to adjourn, and that the Governor had sent the following message:

The Honorable Terry Branstad
President of the Senate
Sixty-eighth General Assembly
State Capitol
Des Moines, Iowa 50319

Honorable Members of the General Assembly:

As you return today to adjourn the Second Session of the Sixty-eighth General Assembly, it is apparent that the attention of our Iowans is centered on both Washington, D.C. and Tehran—with growing and anxious concerns for a worsening national recession and an anguishing international crisis.

At the same time, Iowa, a state with a tradition of deciding, not ducking, tough issues, met several problems of real concern to our people. The 1980 legislature, to its credit, extended that tradition. This legislature confronted, coped with, and concluded a number of current issues in a constructive way.

Each legislature has its own set of obstacles to overcome, and legislators meeting in this first year of the new decade had more than their share. The predictable partisan differences in a political year paled in comparison to the unpredictable and sudden drop experienced in state revenues. Iowa, like our neighbors, is a state buffeted by a volatile, uncertain economy. Interest rates, inflation, and job layoffs are running far beyond anyone's expectations just a few short months ago. Farmers, business people, families—and yes, state government, are all scrambling to make ends meet. This legislature also faced the unanticipated elimination of federal revenue sharing and reductions in other federal assistance.

I want to give credit to legislators who responded quickly to changing economic conditions and positively to my Special Message of April 9. You followed my requests to keep a balanced budget, provide support for important government services to people, continue tax relief, and ensure a treasury balance for needed cash flow.

In addition to the difficult decisions to limit state expenditures, this legislature successfully adopted a number of key measures which will benefit Iowans now and in the future. Some significant accomplishments include:

—Tax relief to owners of commercial property with additional homestead and ag land tax credits, with indexing of the Iowa income tax strengthened.

—Additional energy-saving measures, such as increased speeding fines, heavier trucks, and a conservation ethic for public utilities.

—An innovative bonding plan with the potential to rebuild critical railroad mainlines.

—Stepped up state support for deaf services, assistance to cities and counties, and maintenance of vital human services programs such as Medicaid, ADC, Title XX, and eldercare.

—Several priority items to improve state government: reorganization of the Department of Environmental Quality, bipartisan reapportionment, and multi-year professional licensing.

—Adjusted interest limitations to reflect the rapidly changing business climate and to assure Iowans continued access to credit.

—Increased bonding for the Iowa Housing Finance Authority to assist low-income Iowans and stimulate the home construction industry, and to make funds available for solar energy improvements.

—Increased IPERS benefits for present and future public employee retirees.

At a time when the federal government seems to have turned its back on the American farmer, you took positive steps to assist Iowa agriculture. The Family Farm Development Authority holds the promise of aiding beginning farmers. You wisely boosted state funding for soil conservation cost-share efforts and implemented the innovative Iowa Soil 2000 program. Producers, buyers and sellers of livestock will benefit from revisions of the implied warranty law. These actions, coupled with last year's legislation to make 100 percent productivity permanent and to restrict the purchase of farm land by aliens, mark a legislature and state government concerned with the advancement of agriculture.

Other measures that I had hoped would cross my desk for signature were not successful. At the beginning of the session, some legislators said I had given them an extremely ambitious program, so it does not come as a surprise that certain decisions remain to be made. We were unable to agree upon mental health reorganization. The road fund remains underfinanced. "Fair Play" for local governments has not yet been adopted although the purpose of the bill is being served by its promotion. And, better enforcement of Iowa's drunk driving laws was not secured.

Several important and cost-cutting Governor's Economy Committee '79 recommendations met the resistance and inertia that often greet new proposals when first introduced. While I regret that more of these thoughtful approaches were not adopted, I hope they will be achievements one year from now. I expect the legislature to pursue these proposals during the interim, just as we will continue to implement many practical suggestions to save tax dollars in the executive branch.

The work of the Sixty-eighth General Assembly in my estimation was made less difficult and hectic by your willingness to employ the new rules designed to limit the length of the legislative session. I have been impressed by the orderly fashion you have concluded your business this year and last, especially in contrast to the all-night, marathon sessions used to wind down previous legislatures. Your new procedures have proved effective and give hope that we can retain a "citizens legislature".

Many of you will be facing the electorate this fall. In addition to legislative races, our Iowa voters will be deciding the fate of the proposed State Equal Rights Amendment, a measure the large majority of you favored. In the campaign season ahead, you will have the opportunity to provide the voters with good and accurate information on the issues so that they, too, can make wise decisions.

Challenges and problems lie ahead. But so do opportunities and ideas. On balance, the work of this Second Session of the General Assembly, coupled with the productive efforts of the First Session, deserves to be judged well by our Iowans, as it is by me.

Best regards.

Sincerely,
ROBERT D. RAY
Governor

The report was received.

5 "Sec. ____ . Section four hundred forty-one point
6 twenty-one (441.21), subsection five (5), Code 1979,
7 as amended by Acts of the Sixty-eighth General
8 Assembly, 1979 Session, chapter twenty-five (25),
9 section five (5), is amended to read as follows:
10 5. For valuations established as of January 1,
11 1979, the percentage of actual value at which
12 agricultural and residential property shall be assessed
13 shall be the quotient of the dividend and divisor
14 as defined in this section. The dividend for each

15 class of property shall be the dividend as determined
16 for each class of property for valuations established
17 as of January 1, 1978, adjusted by the product obtained
18 by multiplying the percentage determined for that
19 year by the amount of any additions or deletions to
20 actual value, excluding those resulting from the
21 revaluation of existing properties, as reported by
22 the assessors on the abstracts of assessment for 1978,
23 plus six percent of the amount so determined. However,
24 if the difference between the dividend so determined
25 for either class of property and the dividend for
26 that class of property for valuations established
27 as of January 1, 1978, adjusted by the product obtained
28 by multiplying the percentage determined for that
29 year by the amount of any additions or deletions to
30 actual value, excluding those resulting from the
31 revaluation of existing properties, as reported by
32 the assessors on the abstracts of assessment for 1978,
33 is less than six percent, the 1979 dividend for the
34 other class of property shall be the dividend as
35 determined for that class of property for valuations
36 established as of January 1, 1978, adjusted by the
37 product obtained by multiplying the percentage
38 determined for that year by the amount of any additions
39 or deletions to actual value, excluding those resulting
40 from the revaluation of existing properties, as
41 reported by the assessors on the abstracts of
42 assessment for 1978, plus a percentage of the amount
43 so determined which is equal to the percentage by
44 which the dividend as determined for the other class
45 of property for valuations established as of January
46 1, 1978, adjusted by the product obtained by
47 multiplying the percentage determined for that year
48 by the amount of any additions or deletions to actual
49 value, excluding those resulting from the revaluation
50 of existing properties, as reported by the assessors

1 on the abstracts of assessment for 1978, is increased
2 in arriving at the 1979 dividend for the other class
3 of property. The divisor for each class of property
4 shall be the total actual value of all such property
5 in the state in the preceding year, as reported by
6 the assessors on the abstracts of assessment submitted
7 for 1978, plus the amount of value added to said total
8 actual value by the revaluation of existing properties
9 in 1979 as equalized by the director of revenue
10 pursuant to section 441.49. The director shall utilize
11 information reported on abstracts of assessment.

12 submitted pursuant to section 441.45 in determining
 13 such percentage. For valuations established as of
 14 January 1, 1980, and each year thereafter, the
 15 percentage of actual value as equalized by the director
 16 of revenue as provided in section 441.49 at which
 17 agricultural and residential property shall be assessed
 18 shall be calculated in accordance with the methods
 19 provided herein including the limitation of increases
 20 in agricultural and residential assessed values to
 21 the percentage increase of the other class of property
 22 if the other class increases less than the allowable
 23 limit adjusted to include the applicable and current
 24 values as equalized by the director of revenue[, except
 25 that any references to six percent in this subsection
 26 shall be four percent]."

 35 twenty-one (441.21), subsection eight (8), Code 1979,
 36 as amended by acts of the Sixty-eighth General
 37 Assembly, 1979 Session, chapter twenty-five (25),
 38 section eight (8), is amended to read as follows:

39 8. For valuations established as of January 1,
 40 1979, against which taxes will be levied for the
 41 fiscal year beginning in the 1979 calendar year by
 42 any special charter city that levies and collects
 43 its own taxes, the percentage of actual value at which
 44 agricultural and residential property shall be assessed
 45 shall be the quotient of the dividend and divisor
 46 as defined in this section. The dividend for each
 47 class of property shall be the valuation for each
 48 class of property for valuations established as of
 49 January 1, 1978, and upon which any special charter
 50 city levied its taxes in 1978, adjusted by the product

Page 3

1 obtained by multiplying the percentage determined
 2 for that year by the amount of any additions or
 3 deletions to actual value, excluding those resulting
 4 from the revaluation of existing properties, as
 5 reported by the assessor on the abstract of assessment
 6 for 1978, plus six percent of the amount so determined.
 7 The divisor for each class of property shall be the
 8 total actual value of all such property in the city

9 in the preceding year, as reported by the assessor
 10 on the abstract of assessment submitted for 1978,
 11 plus the amount of value added to said total actual
 12 value by the revaluation of existing properties in
 13 1979. However, if the estimated statewide growth
 14 in assessed valuation is less than six percent for
 15 either class of property for 1979, the director shall
 16 estimate the percentages by which the statewide
 17 valuation of residential and agricultural property
 18 will increase in 1979. The lower percentage shall
 19 be used in lieu of six percent for both classes of
 20 property in calculating the percentages at which
 21 agricultural and residential property shall be
 22 assessed. The percentage at which agricultural and
 23 residential property shall be assessed will be
 24 certified by the director on or before May 31, 1979
 25 to the appropriate city official in special charter
 26 cities that levy and collect their own taxes. The
 27 percentage so certified shall be applicable only to
 28 those valuations against which the special charter
 29 city levies its own tax. For valuations established
 30 as of January 1, 1980, and each year thereafter for
 31 any special charter city that levies and collects
 32 its own taxes, the percentage of actual value as
 33 equalized by the director of revenue as provided in
 34 section 441.49 at which agricultural and residential
 35 property shall be assessed shall be calculated in
 36 accordance with the methods provided herein adjusted
 37 to include the applicable and current values as
 38 equalized by the director of revenue[, except that
 39 any references to six percent in this subsection shall
 40 be four percent]. The assessor shall provide valuation
 41 information to the director of revenue sufficient
 42 for the computation of the assessment percentage by
 43 May fifteenth of each year on forms prescribed by
 44 the director of revenue."

5 "Sec. ____ . Chapter four hundred twenty-six (426),
6 Code 1979, is amended by adding the following new
7 section:

8 *NEW SECTION. SOIL LOSS LIMITS—CREDIT LIMITED*
9 *FOR NONCOMPLYING LAND.*

10 1. It is the intent of the general assembly to
11 begin at once to work toward the goal of bringing
12 erosion of soil from all land in this state within
13 applicable soil loss limits established under law
14 by the respective soil conservation districts at
15 levels which will permit regeneration of topsoil,
16 so that the fertility of the land is maintained and
17 preserved for future generations. This section is
18 enacted as a first step toward that goal.

19 2. Notwithstanding any other provision of this
20 chapter, a tract of agricultural land as defined in
21 section four hundred twenty-six point two (426.2)
22 of the Code is not eligible after July 1, 1980 for
23 agricultural land tax credit for a fiscal year in
24 an amount greater than that tract would receive if
25 the total of all appropriations made for the
26 agricultural land tax credit for that fiscal year
27 was fixed at forty-two million dollars, unless the
28 soil conservation district commissioners certify to
29 the county auditor that the tract is being operated
30 so that erosion from the land does not exceed two
31 times the applicable soil loss limit established under
32 section four hundred sixty-seven A point forty-four
33 (467A.44) of the Code. Once a tract has been so
34 certified to the county auditor by the soil
35 conservation district commissioners, that certification
36 shall remain valid until the commissioners notify
37 the county auditor that the tract is no longer in
38 compliance with the provisions of this section. If
39 a tract is not so certified, or a former certification
40 becomes invalid, the amount of the agricultural land
41 tax credit received by that tract shall revert to
42 the maximum permitted by this section for uncertified
43 land, effective with the next computation by the

44 auditor under section four hundred twenty-six point

3 1. Page 1, by inserting before line 1 the follow-
 4 ing:

5 "Section 1. *NEW SECTION. AUTHORIZATION—ELECTION—*
 6 *IMPOSITION.*

7 1. A city, two or more cities acting jointly,
 8 or a county may impose local taxes authorized by
 9 sections one (1) through fourteen (14) of this Act,
 10 subject to this section.

11 2. A local tax may be imposed originally or after
 12 a period of discontinuance, only after an election
 13 at which a majority of those voting on the question
 14 favors imposition, and shall then be imposed for a
 15 minimum period of four years.

16 3. Subject to subsection four (4) of this section,
 17 a city council may direct the county commissioner
 18 of elections to submit the question of imposition
 19 of an authorized local tax to the qualified electors
 20 of the city on its own motion, and shall do so within
 21 sixty days from the date of receipt of a petition
 22 which is valid under section three hundred sixty-two
 23 point four (362.4) of the Code and which requests
 24 imposition of a specified type and rate of authorized
 25 local tax.

26 4. Before a city council submits the question
 27 of imposition of a local tax, it shall send written
 28 notice by regular mail to the board of supervisors
 29 of each county in which a part of the city is located,
 30 describing the type and rate of tax proposed. Within
 31 thirty days of the date of mailing the notice, the
 32 board of supervisors may supersede city action by
 33 directing the county commissioner of elections to
 34 submit the question of imposition of the same type

35 and rate of tax countywide.

36 5. Subsequent to a period during which a local
37 tax has been imposed following an election:

38 a. A city council or board of supervisors, as
39 applicable, may continue to impose the same type and
40 rate of tax for one-year periods, may discontinue
41 the tax, or may direct the county commissioner of
42 elections to resubmit the question to the qualified
43 electors of the city or county.

44 b. A city council shall direct the county
45 commissioner of elections to resubmit the question
46 upon receipt of a petition which is valid under section
47 three hundred sixty-two point four (362.4) of the
48 Code.

49 6. The county commissioner of elections shall
50 submit the question of imposition of a local tax only

Page 2

1 at a special election which may not be held within
2 thirty days of a general election.

3 7. In a city election, or an election held by
4 two or more cities acting jointly, if a majority of
5 those voting in any city favors imposition of a local
6 tax, the council of that city shall impose the tax.

7 8. In a countywide election:

8 a. If a majority of those voting in the entire
9 county favors imposition of a local tax, the board
10 of supervisors shall impose the tax in the entire
11 county, including all cities in the county.

12 b. If a majority of those voting in the entire
13 county does not favor imposition of the tax, but a
14 majority of those voting in the unincorporated area
15 of the county favors imposition, the board of
16 supervisors shall impose the tax only in the
17 unincorporated area of the county.

18 c. If a majority of those voting in the entire
19 county does not favor imposition of the tax, but a
20 majority of those voting in any city in the county
21 favors imposition, the council of that city shall
22 impose the tax in that city.

23 9. A local tax shall be imposed or discontinued
24 only by ordinance of a city council or by resolution
25 of a board of supervisors.

26 10. If a majority of those voting in a city
27 election does not favor imposition of a local tax,
28 the city council shall not direct submission of the
29 question of imposition of the same type of local tax
30 within one year of the date of the election, and if
31 a majority of those voting in a countywide election

32 does not favor the imposition of a local tax, the
 33 board of supervisors shall not submit the question
 34 of imposition of the same type of local tax countywide
 35 within one year of the date of the election. If a
 36 countywide election fails, the city council of any
 37 city in which a majority of those voting did not favor
 38 the tax shall not direct submission of the question
 39 of the same type of local tax within one year of the
 40 date of the election.

41 11. More than one of the authorized local taxes
 42 may be submitted at a single election and the votes
 43 on the different taxes shall be separately implemented
 44 as provided in this section if a majority of those
 45 voting in a city, county or unincorporated area of
 46 a county favors one and not another.

47 12. Except when a tax is imposed countywide, if
 48 a majority of those voting in a city or the
 49 unincorporated area of a county votes against a local
 50 tax, that city or unincorporated area is not entitled

Page 3

1 to any property tax reduction or other benefit which
 2 may otherwise be extended to a city or unincorporated
 3 area in which a majority of those voting favors the
 4 imposition of that local tax.

5 Sec. 2 *NEW SECTION. LOCAL SALES, SERVICES AND*
 6 *USE TAX.* A local sales, services and use tax at the
 7 rate determined by the election imposing the tax may
 8 be imposed by a city or county on the gross receipts
 9 taxed by the state under chapter four hundred twenty-
 10 two (422), division four (IV), of the Code, or the
 11 uses taxed under chapter four hundred twenty-three
 12 (423) of the Code. A local sales, services and use
 13 tax shall be imposed on the same basis as the state
 14 sales, services and use tax and may not be imposed
 15 on the sale or use of any property or on any service
 16 not taxed by the state. A local sales, services and
 17 use tax is applicable only to transactions within
 18 the territorial limits of the city, unincorporated
 19 area of the county, or county imposing it, and shall
 20 be collected by all persons required to collect state
 21 gross receipts or use taxes.

22 The amount of the sale, for purposes of determining
 23 the amount of the local sales, services and use tax,
 24 does not include the amount of any state gross receipts
 25 or use taxes.

26 No tax permit other than the state tax permit
 27 required under section four hundred twenty-two point
 28 fifty-three (422.53) of the Code may be required by

29 local authorities.

30 Sec. 3. *NEW SECTION. ADMINISTRATION.* A local
31 sales, services and use tax may be imposed either
32 January first or July first following a favorable
33 election.

34 The director of revenue shall administer the
35 provisions of a local sales, services and use tax
36 as nearly as possible in conjunction with the
37 administration of state gross receipts and use tax
38 laws. The director shall provide appropriate forms,
39 or provide on the regular state tax forms, for
40 reporting local sales, services and use tax liability.

41 An ordinance of a city council or resolution of
42 a county board of supervisors imposing a local sales,
43 services and use tax shall adopt by reference the
44 applicable provisions of the appropriate sections
45 of chapter four hundred twenty-two (422), division
46 four (IV), of the Code and chapter four hundred twenty-
47 three (423) of the Code, and all powers of the director
48 to administer the state gross receipts and use tax
49 law are applicable to the administration of a local
50 sales, services and use tax law. Local officials

Page 4

1 shall confer with the director of revenue for
2 assistance in drafting the ordinance or resolution
3 imposing a local sales, services and use tax. A
4 certified copy of the ordinance or resolution imposing
5 a local sales, services and use tax shall be filed
6 with the director as soon as possible after passage.

7 The director, in consultation with local officials,
8 shall collect and account for a local sales, services
9 and use tax. The director shall retain for the use
10 of the department of revenue one percent of all local
11 sales, services and use tax receipts, to cover
12 administrative expense, and shall credit remaining
13 local sales, services and use tax receipts to a local
14 sales, services and use tax fund hereby established
15 in the office of the treasurer of state.

16 Sec. 4. *NEW SECTION. PAYMENT TO LOCAL GOVERNMENTS.*

17 The treasurer of state shall remit quarterly to the
18 cities and counties which have imposed a local sales,
19 services and use tax, and which have qualified under
20 sections five (5) or six (6) of this Act, their share
21 of the balance in the local sales, services and use
22 tax fund. The local sales, services and use tax fund
23 is appropriated for this purpose.

24 Sec. 5. *NEW SECTION. CITY PROPERTY TAX RELIEF.*

25 All local sales, services and use tax, vehicle tax

26 and income tax moneys received by a city may be
 27 expended for any lawful municipal purpose. However,
 28 the city treasurer, or another city official designated
 29 by the council, shall credit three-fourths of all
 30 local sales, services and use tax, vehicle tax and
 31 income tax moneys received to a special account for
 32 property tax relief. Before the levies authorized
 33 under section three hundred eight-four point one
 34 (384.1) of the Code are certified to the county
 35 auditor, the certifying official shall subtract from
 36 the total amount computed in dollars, as provided
 37 in section four hundred forty-four point two (444.2)

 7 *NEW SECTION. DEFINITION.* 'Useful safe life',

 9 was first delivered to the user for use or consumption
 10 and extends for the time during which the product

13 Factors to be considered in determining whether

17 has been subject.

18 2. The effect of deterioration from natural causes,

6 d. The twelve-year period of limitation shall

8 exposure to a defective product, or if the injury-

9 causing aspect of the product that existed at the

 3 the following:
 4 “Section 1. The general assembly finds that a
 5 critical situation exists because of the high cost
 6 and impending unavailability of products liability
 7 insurance. The purposes of sections two (2) through
 8 thirteen (13) of this Act are to assure that the pub-
 9 lic is adequately protected against losses arising
 10 out of the use of products by providing manufacturers
 11 and sellers of products with liability insurance
 12 through the requirement that certain liability
 13 insurance carriers write products liability insurance
 14 for a period of two years upon a finding of an
 15 emergency by the commissioner of insurance because
 16 the insurance is not available through normal channels,
 17 or is not available on a reasonable basis because
 18 of lack of competition for the insurance, or otherwise
 19 is not available; to establish an association to
 20 equitably spread the risks for this insurance; and
 21 to provide for recoupment of losses resulting from
 22 the operation of the association through a
 23 stabilization reserve fund contributed to by insureds,
 24 a surcharge on future liability insurance policies,
 25 or a favorable premium tax treatment.
 26 Sec. 2. *NEW SECTION. DEFINITIONS.* As used in
 27 this Act, unless the context otherwise requires:
 28 1. ‘Association’ means the joint underwriting
 29 association established pursuant to sections two (2)
 30 through thirteen (13) of this Act.
 31 2. ‘Commissioner’ means the commissioner of
 32 insurance or a designee.
 33 3. ‘Products liability insurance’ means insurance
 34 coverage against the legal liability of a manufacturer
 35 or seller of a product and against loss, damage, or
 36 expense incident to a claim arising out of the death
 37 or injury of a person or the injury to property of
 38 a person as result of the use of the product.

39 4. 'Net direct premiums' means gross direct
 40 premiums written on liability insurance as reported
 41 in the annual statements filed by the insurers with
 42 the commissioner, including the liability component
 43 of multiple peril package policies as computed by
 44 the commissioner, less return premiums for the unused
 45 or unabsorbed portions of premium deposits.

46 Sec. 3. *NEW SECTION.* TEMPORARY JOINT UNDERWRITING
 47 ASSOCIATION.

48 1. A temporary joint underwriting association
 49 is created, consisting of all insurers authorized
 50 to write liability insurance on a direct basis within

Page 2

1 this state, including insurers covering this peril
 2 in multiple peril policies. Each of these insurers
 3 is a member of the association and shall remain a
 4 member as a condition of its authority to continue
 5 to write liability insurance in this state.

6 2. The purpose of the association is to provide,
 7 for a period not exceeding two years, a market for
 8 products liability insurance on a self-supporting
 9 basis without subsidy from its members.

10 3. The association shall not commence underwriting
 11 operations for manufacturers or sellers of products
 12 until the commissioner, after notice and opportunity
 13 for hearing, determines that products liability
 14 insurance is not available at a reasonable cost for
 15 a specific classification of manufacturer, seller,
 16 or product in the voluntary market. If the
 17 commissioner makes this determination, the association
 18 may issue policies of products liability insurance
 19 for the classification of manufacturers, sellers or
 20 products for which insurance is not available, but
 21 the association need not be the exclusive agency
 22 through which such insurance may be written on a
 23 primary basis in this state.

24 If the commissioner determines at any time after
 25 notice and opportunity for hearing that liability
 26 insurance can be made available in the voluntary
 27 market at a reasonable price for a specific
 28 classification, the association shall cease
 29 underwriting insurance for that classification.

30 4. The association shall, subject to the terms
 31 and conditions of sections two (2) through thirteen
 32 (13) of this Act, have and exercise the following
 33 powers on behalf of its members:

34 a. To issue or to cause to be issued policies
 35 of liability insurance to applicants, including

36 incidental coverages and subject to limits as specified
37 in the plan of operation, but not to exceed one million
38 dollars for each claimant under one policy and three
39 million dollars for all claimants under one policy
40 in one year.

41 b. To underwrite liability insurance and to adjust
42 and pay losses with respect thereto, or to appoint
43 service companies to perform these functions.

44 c. To assume reinsurance from its members.

45 d. To cede reinsurance.

46 Sec. 4. *NEW SECTION.* PLAN OF OPERATION.

47 1. The association shall submit a plan of operation
48 to the commissioner, together with any amendments
49 necessary or suitable to assure the fair, reasonable,
50 and equitable administration of the association

Page 3

1 consistent with sections two (2) through thirteen
2 (13) of this Act. The plan of operation and any
3 amendments thereto shall become effective only after
4 promulgation of the plan or amendment by the
5 commissioner as a rule pursuant to section seventeen
6 A point four (17A.4) of the Code. However, the initial
7 plan may in the discretion of the commissioner become
8 effective immediately upon filing with the secretary
9 of state pursuant to section seventeen A point five
10 (17A.5), subsection two (2), paragraph b, subparagraph
11 one (1) of the Code.

12 If the association fails to submit a suitable plan
13 of operation within twenty-five days following the
14 effective date of this Act or if at any time thereafter
15 the association fails to submit suitable amendments
16 to the plan, the commissioner shall adopt rules
17 necessary to accomplish sections two (2) through
18 thirteen (13) of this Act.

19 2. The plan of operation shall provide for
20 economic, fair and nondiscriminatory administration,
21 and for the prompt and efficient writing of products
22 liability insurance. The plan shall contain other
23 provisions including, but not limited to, preliminary
24 assessment of all members for initial expenses
25 necessary to commence operations, establishment of
26 necessary facilities, management of the association,
27 assessment of members to defray losses and expenses,
28 commission arrangements, reasonable and objective
29 underwriting standards, acceptance and cession of
30 reinsurance, appointment of servicing carriers or
31 other servicing arrangements, and procedures for
32 determining amounts of insurance to be provided by

33 the association.

34 3. All member insurers shall comply with the plan
35 of operation.

36 Sec. 5. *NEW SECTION. POLICY FORMS AND RATES.*

37 1. The rates, rating plans, rating classifications,
38 and policy forms and endorsements applicable to
39 insurance written by the association and the
40 statistical and experience data relating thereto shall
41 be subject to sections two (2) through thirteen (13)
42 of this Act and to the provisions of the applicable
43 insurance laws of this state which are not inconsistent
44 with the purposes and provisions of this Act.

45 2. All policies issued by the association shall
46 provide for a continuous period of coverage beginning
47 with their respective effective dates and terminating
48 automatically at 12:01 a.m. on the seven hundred
49 thirty-first day after the effective date of this
50 Act, unless sooner terminated in accordance with

Page 4

1 sections two (2) through thirteen (13) of this Act,
2 or unless terminated because of failure of the
3 policyholder to pay a premium or stabilization reserve
4 fund charge or portion of either when due. All
5 policies shall be issued subject to the group
6 retrospective rating plan and the stabilization reserve
7 fund authorized by this Act. A policy form shall
8 not be used by the association unless it has been
9 filed with and approved by the commissioner.

10 3. The commissioner shall specify whether policy
11 forms and the rate structure shall be on a claims-
12 made or occurrence basis, and coverage shall be
13 provided by the association only on the basis specified
14 by the commissioner. The commissioner shall specify
15 the claims-made basis only if the contract also
16 provides for reasonable residual occurrence coverage
17 upon the termination of business by the insured.
18 Provision may be made for a premium charge allocable
19 to any residual occurrence coverage, and the premium
20 charges for residual coverage shall be segregated
21 and separately maintained. Provisions for residual
22 occurrence coverage may include the reinsurance of
23 all or a part of the risk.

24 4. The rates, rating plans, rating rules, and
25 rating classifications applicable to the insurance
26 written by the association shall be on an actuarially
27 sound basis, giving due consideration to the group
28 retrospective rating plan and the stabilization re-
29 serve fund, and shall be calculated to be self-

30 supporting.

31 5. All policies issued by the association are
32 subject to a nonprofit group retrospective rating
33 plan to be approved by the commissioner under which
34 the final premium for all policyholders of the
35 association, as a group, will be equal to the
36 administrative expenses, loss and loss adjustment
37 expenses and taxes, plus a reasonable allowance for
38 contingencies and servicing. Policyholders shall
39 be given full credit for all investment income, net
40 of expenses and a reasonable management fee, on funds
41 supplied by the policyholders. The standard premium,
42 before retrospective adjustment, for each policy
43 issued by the association shall be established for
44 portions of the policy period coinciding with the
45 association's fiscal year on the basis of the
46 association's rates, rating plans, rating rules, and
47 rating classifications then in effect. The maximum
48 final premium for all policyholders of the association,
49 as a group, shall be limited as provided in section
50 six (6), subsection five (5) of this Act. Because

Page 5

1 the business of the association is subject to the
2 nonprofit group retrospective rating plan required
3 by this subsection, it is presumed that the rates
4 filed and premiums imposed by the association are
5 not unreasonable or excessive.

6 6. The association shall certify to the
7 commissioner the estimated amount of any deficit
8 remaining after the stabilization reserve fund has
9 been exhausted in payment of the maximum final premium
10 for all policyholders of the association. Within
11 sixty days after certification the commissioner shall
12 authorize the members of the association to commence
13 recoupment of their respective shares of the deficit
14 by deducting their share of the deficit from past
15 or future premium taxes due the state of Iowa. The
16 association shall amend the amount of its certification
17 of deficit to the commissioner as the values of its
18 incurred losses become final and the members of the
19 association shall amend their recoupment procedure
20 accordingly.

21 7. In the event that sufficient funds are not
22 available for the sound financial operation of the
23 association, all members shall contribute to the
24 financial requirements of the association in the
25 manner provided for in section eight (8) of this Act.
26 Contributions shall be reimbursed to the members by

27 the recoupment provided in subsection six (6) of this
28 section.

29 Sec. 6. *NEW SECTION. STABILIZATION RESERVE FUND.*

30 1. A stabilization reserve fund is created. The
31 fund shall be administered by three directors, one
32 of whom shall be the commissioner. The remaining
33 two directors shall be appointed by the commissioner,
34 one of whom shall be a representative of the
35 association and the other a representative of
36 policyholders.

37 2. The directors shall act by majority vote with
38 two directors constituting a quorum for the transaction
39 of any business or the exercise of any power of the
40 fund. The directors shall serve without salary, but
41 each director other than the commissioner shall be
42 reimbursed for actual and necessary expenses incurred
43 in the performance of official duties as a director.
44 The directors are not subject to personal liability
45 with respect to the administration of the fund for
46 acts or decisions made in good faith pursuant to the
47 provisions of this Act.

48 3. Each policyholder shall pay to the association
49 a stabilization reserve fund charge determined by
50 the directors which shall not exceed the amount of

Page 6

1 the initial annual premium due for insurance through
2 the association. Such charge shall be separately
3 stated in the policy. The association shall cancel
4 the policy of the policyholder who fails to pay the
5 stabilization reserve fund charge.

6 4. The association shall promptly pay to the fund
7 all stabilization reserve fund charges which it
8 collects from policyholders and any retrospective
9 premium refunds payable under any group retrospective
10 rating plan approved by the commissioner under the
11 provisions of this Act.

12 5. All moneys received by the fund shall be held
13 in trust by a corporate trustee selected by the
14 directors. The corporate trustee may invest the
15 moneys held in trust, subject to the approval of the
16 directors. Investment income shall be credited to
17 the fund, and expenses of administration of the fund
18 shall be charged against the fund. The moneys held
19 in trust shall be used solely for the purpose of
20 discharging when due any retrospective premium charges
21 payable by policyholders of the association under
22 the group retrospective rating plan approved by the
23 commissioner. Payment of retrospective premium charges

24 shall be made by the directors upon certification
 25 to them by the association of the amount due. If
 26 all moneys accruing to the fund are finally exhausted
 27 in payment of retrospective premium charges, all
 28 liability and obligations of the association's
 29 policyholders with respect to the payment of
 30 retrospective premium charges shall thereupon terminate
 31 and shall be conclusively presumed to have been
 32 discharged. Any moneys remaining in the fund after
 33 all retrospective premium charges have been paid shall
 34 be returned to policyholders pursuant to procedures
 35 authorized by the directors.

36 **Sec. 7. NEW SECTION. PROCEDURES.**

37 1. Upon a finding by the commissioner, after
 38 notice and opportunity for hearing, that product
 39 liability insurance is not available at a reasonable
 40 cost for a specific classification of manufacturer,
 41 seller, or product, in the voluntary market and upon
 42 notification of that finding to the association,
 43 a manufacturer or seller of the classification
 44 specified in the commissioner's finding may apply
 45 to the association for product liability insurance
 46 coverage. The application may be made by an authorized
 47 agent.

48 2. If the association determines that the applicant
 49 meets the underwriting standards of the association
 50 as prescribed in the plan of operation, then upon

Page 7

1 receipt of the premium or such portion, thereof as
 2 is prescribed in the plan of operation, the association
 3 shall cause to be issued a policy of product lia-
 4 bility insurance.

5 **Sec. 8. NEW SECTION. PARTICIPATION.** All members
 6 of the association shall participate in its writings,
 7 expenses, servicing allowance, management fees and
 8 losses in the proportion that the net direct premiums
 9 of each members, excluding that portion of premiums
 10 attributable to the operation of the association,
 11 written during the preceding calendar year are to
 12 the aggregate net direct premiums written in this
 13 state by all members of the association. Each member's
 14 proportion shall be determined annually on the basis
 15 of the annual statements and other reports filed by
 16 the insurer with the commissioner.

17 **Sec. 9. NEW SECTION. GOVERNING BOARD.**

18 1. The association shall be governed by a board
 19 of eleven directors of whom three shall be appointed
 20 annually by the commmissioner to represent Iowa

21 manufacturers and sellers of products. Eight members
22 shall be elected annually, except as provided in
23 subsection two (2) of this section, by the members
24 of the association. A vacancy on the board shall
25 be filled for the remaining period of the term by
26 majority vote of the remaining directors subject to
27 approval of the commissioner.

28 2. Within fifteen days after the effective date
29 of this Act the commissioner shall designate a time
30 and place for a meeting of the members of the
31 association at which the eight elected board members
32 serving on the first board shall be elected. The
33 commissioner shall appoint the appointive members
34 of the board on or before the date of such meeting.

35 The commissioner may, prior to the first meeting
36 of the members of the association, appoint an interim
37 governing board of the association consisting of eight
38 member insurers and three representatives of Iowa
39 manufacturers and sellers of products. The eight
40 member insurers of that interim governing board shall
41 serve until their successors are elected by the members
42 of the association. In appointing members of the
43 association to the interim governing board, the
44 commissioner shall consider among other things whether
45 all member insurers are fairly represented.

46 Sec. 10. *NEW SECTION. APPEALS AND JUDICIAL REVIEW.*

47 1. An applicant or a person insured pursuant to
48 section seven (7) of this Act or a legal
49 representative, or an affected insurer, may appeal
50 to the commissioner within thirty days after a ruling,

Page 8

1 action or decision by or on behalf of the association
2 with respect to those items the plan of operation
3 defines as appealable matters.

4 2. All orders of the commissioner made pursuant
5 to sections two (2) through thirteen (13) of this
6 Act are subject to judicial review as provided in
7 the Iowa administrative procedure Act.

8 Sec. 11. *NEW SECTION. ANNUAL STATEMENTS.* The
9 association shall file in the office of the
10 commissioner on or before the first day of March each
11 year, a statement as prescribed by the commissioner.
12 The statement shall contain matters and information
13 required by the commissioner, which shall include,
14 but need not be limited to, information with respect
15 to transactions, condition, operations and affairs
16 of the association during the preceding year. The
17 statement shall be in a form approved by the

18 commissioner. The commissioner at any time may require
 19 the association to furnish additional information
 20 with respect to matters considered to be material
 21 to the scope, operation and experience of the
 22 association.

23 Sec. 12. *NEW SECTION. EXAMINATIONS.* The
 24 commissioner shall make an examination of the
 25 association at least annually. The expenses of an
 26 examination shall be paid by the association.

27 Sec. 13. *NEW SECTION. PRIVILEGED COMMUNICATIONS.*
 28 There is no liability on the part of, and no cause
 29 of action of any nature shall arise against the
 30 association or the commissioner or any other person
 31 or organization for any statements made in good faith
 32 concerning risks insured or to be insured by the
 33 association, or during any proceedings within the
 34 scope of sections two (2) through thirteen (13) of
 35 this Act.

36 Sec. 14. *NEW SECTION. MANDATORY PROVISIONS—*
 37 *PRODUCTS LIABILITY INSURANCE.* A company issuing an
 38 insurance policy insuring against products liability
 39 shall be deemed as a condition of exercising the
 40 privilege of transacting that business in this state
 41 to have agreed that the policy shall not be canceled,
 42 and that the insurer shall not refuse to renew the
 43 policy on any grounds other than nonpayment of premium,
 44 unless the issuer gives written notice of the intended

 5 insured, unless the insurer gives written notice to
 6 the insured not less than ninety days prior to the
 7 renewal date of the policy of the increases in premium
 8 for products liability coverage which will become
 9 effective upon a renewal of the policy, notwithstanding
 10 any provision of the policy to the contrary.

 12 three (515.63), Code 1979, is amended by adding the
 13 following new subsection:

 9 follows:

1 Amend Senate File 202 by striking everything after
 2 the enacting clause and inserting in lieu thereof
 3 the following:

4 “Section 1. Chapter two hundred eighty A (280A),
 5 Code 1979, is amended by adding as a new division
 6 sections two (2) through fourteen (14) of this Act:

7 Sec. 2. *NEW SECTION. DEFINITIONS.* As used in
 8 this division, unless the context otherwise requires:

9 1. ‘Board’ means the governing board of a merged
 10 area.

11 2. ‘Project’ means any of the following:

12 a. Acquisition by purchase, lease, or construction
 13 of buildings for use as student residence halls and
 14 dormitories including dining facilities and incidental
 15 facilities and additions to the buildings and
 16 facilities.

17 b. The reconstruction, completion, equipment
 18 improvement, repair or remodeling of acquisitions
 19 specified in paragraph a of this subsection.

20 c. The acquisition and improvement of property
 21 whether real, personal, or mixed, by gift, purchase,
 22 lease, condemnation, or otherwise for the purposes
 23 of this subsection.

24 3. ‘Institution’ means an area school.

25 4. ‘Bonds or notes’ means revenue bonds or revenue
 26 notes issued under this division which are payable
 27 only from net rents, profits, and income derived from
 28 the operation of student residence halls and
 29 dormitories.

30 Sec. 3. *NEW SECTION. AUTHORIZATION—CONTRACTS—*

31 TITLE. Subject to this division, the board may carry
 32 out a project at an institution, and may operate,
 33 control, maintain, and manage student residence halls
 34 and dormitories, including dining facilities and other
 35 incidental facilities, at an institution. Contracts
 36 for the construction, reconstruction, completion,
 37 equipment, improvement, repair, or remodeling of
 38 buildings, additions, or facilities shall be let under
 39 section twenty-three point eighteen (23.18) of the
 40 Code. The title to real property acquired under this
 41 division and the improvements erected on the real

42 property shall be taken and held in the name of the
43 merged area.
44 The board may rent the rooms in the residence halls
45 and dormitories to the students, officers, guests,
46 and employees of the institution, and shall adopt
47 a schedule of charges for use of the residence halls
48 and dormitories, sufficient to insure payment of the
49 principal and interest on bonds or notes issued to
50 pay a part of the cost of the project, and refunding

Page 2

1 bonds or notes
2 Sec. 4. *NEW SECTION. BONDS OR NOTES.* To pay
3 all or a part of the cost of a project, the board
4 may borrow money, issue and sell negotiable bonds
5 or notes, and refund and refinance bonds or notes
6 or refunding bonds or notes issued for a project,
7 at a lower rate, the same rate, or a higher rate of
8 interest as often as the board finds it advisable
9 and necessary. Bonds or notes may be sold by the
10 board at public sale as prescribed by chapter seventy-
11 five (75) of the Code, but if the board finds it to
12 be in the public interest, bonds or notes may be sold
13 by the board at private sale without published notice
14 and without regard to the requirements of chapter
15 seventy-five (75) of the Code, upon the terms
16 prescribed by the resolution authorizing the sale,
17 but the bonds or notes shall be sold at terms of not
18 less than par plus accrued interest. Bonds or notes
19 issued to refund other bonds and notes issued by the
20 board for a project may either be sold and the proceeds
21 applied to the payment of obligations being refunded,
22 or the refunding bonds or notes may be exchanged for
23 and in payment and discharge of the obligations being
24 refunded. A finding by the board in the resolution
25 authorizing the issuance of refunding bonds or notes
26 that the bonds or notes being refunded were issued
27 for a purpose specified in this division and constitute
28 binding obligations of the board is conclusive and
29 may be relied upon by a holder of a refunding bond
30 or note. The refunding bonds or notes may be sold
31 or exchanged in installments at different times or
32 an entire issue may be sold or exchanged at one time.
33 An issue or series of refunding bonds or notes may
34 be exchanged in part or sold in parts in installments
35 at different times or at one time. The refunding
36 bonds or notes may be sold or exchanged at a time
37 on, before, or after the maturity of the outstanding
38 bonds, notes or other obligations to be refinanced,

39 and may be issued for the purpose of refunding a like
40 or greater principal amount of bonds or notes, except
41 that the principal amount of the refunding bonds or
42 notes may exceed the principal amount of the bonds
43 or notes to be refunded to the extent necessary to
44 pay the premium due on the call of the bonds or notes
45 to be refunded or to fund interest in arrears or about
46 to become due.

47 Bonds or notes are payable only from and shall
48 be secured by an irrevocable pledge of a sufficient
49 portion of either or both of the following:

50 1. The net rents, profits, and income derived

Page 3

1 from the operation of completed projects financed
2 in whole or in part with the proceeds of the bonds
3 or notes.

4 2. The net rents, profits, and income not pledged
5 for other purposes, derived from the operation of
6 other residence halls and dormitories, including
7 dining facilities or other incidental facilities,
8 and additions at an institution operated by the board.

9 Bonds or notes shall have the qualities of
10 negotiable instruments under the laws of this state.

11 Sec. 5. NEW SECTION. RATES AND TERMS OF BONDS

12 OR NOTES. As provided by the resolution of the board
13 authorizing their issuance, bonds or notes may bear
14 dates, bear interest at rates payable semiannually,
15 mature at any time, carry registration privileges,
16 be payable at any place, be subject to terms of
17 redemption prior to maturity with or without premium,
18 if so stated on the face, and may contain other terms
19 and covenants. In addition to the estimated costs
20 of construction, the cost of the project includes
21 interest upon the bonds or notes during construction
22 and for six months after the estimated completion
23 date, the compensation of a fiscal agent or adviser,
24 and engineering, administrative, and legal expenses.

25 Bonds or notes shall be executed by the president
26 of the board and attested by the secretary, and the
27 coupons attached shall be executed with the original
28 or facsimile signatures of the president and secretary.

29 Bonds or notes bearing signatures of officers in
30 office on the date of the signing are valid and binding
31 for all purposes, even though before delivery the
32 persons whose signatures appear have ceased to be
33 officers. Each bond or note shall state upon its
34 face the official designation of the merged area,
35 the name and location of the institution, that it

36 is payable only from the net rents, profits, and
37 income derived from the operation of residence halls
38 and dormitories, including dining facilities and other
39 incidental facilities, and that it does not constitute
40 a charge against the merged area or the state of Iowa
41 within the meaning or application of any constitutional
42 or statutory limitation or provision. The issuance
43 of bonds or notes shall be recorded in the office
44 of the treasurer of the merged area and a certificate
45 of the registration by the treasurer shall be printed
46 on the back of each bond or note.

47 Sec. 6. *NEW SECTION. REFUNDING.* Upon a
48 determination by a board to carry out a project or
49 to refund outstanding bonds or notes, the board shall
50 adopt a resolution describing the contemplated project

Page 4

1 and setting forth the estimated cost, or describing
2 the obligations to be refunded, fixing the amount
3 of bonds or notes to be issued, the maturities, the
4 interest rates and other necessary details. The
5 resolution shall contain covenants as determined by
6 the board as to the issuance of additional bonds or
7 notes that may thereafter be issued payable from net
8 rents, profits, and income of the residence halls
9 and dormitories, including dining facilities and other
10 incidental facilities; the amendment or modification
11 of the resolution authorizing the issuance of bonds
12 of notes; the manner, terms, conditions, and the
13 amount or percentage of assenting bonds or notes
14 necessary to effectuate the amendment or modification;
15 and other covenants as necessary or desirable. In
16 the discretion of the board, bonds or notes may be
17 secured by a trust indenture between the board and
18 a corporate trustee, which may be a trust company
19 or bank having the powers of a trust company within
20 or without the boundaries of the state of Iowa, but
21 a trust indenture shall not convey or mortgage the
22 buildings or facilities or a part of the buildings
23 or facilities. This division and a resolution or
24 other proceedings authorizing the issuance of bonds
25 or notes and providing for the establishment and
26 maintenance of adequate rates, fees, or rentals, and
27 the application of the proceeds, is a contract with
28 the holders of bonds or notes.

29 Sec. 7. *NEW SECTION. RATES, FEES AND RENTALS—*
30 *PLEDGE.* When bonds or notes are issued by a board,
31 the board shall establish, impose, and collect rates,
32 fees, and rentals for the use of and services provided

33 by the residence halls and dormitories, including
34 dining facilities and other incidental facilities
35 at the institution, and shall adjust rates, fees,
36 or rentals in order to provide net amounts sufficient
37 to pay the principal and interest on the bonds or
38 notes as they become due, and to maintain a reserve.
39 The board may pledge a sufficient amount of the net
40 rents, profits, and income derived from the operation
41 of residence halls and dormitories, including dining
42 facilities and other incidental facilities at the
43 institution for that purpose. Rates, fees, or rentals
44 collected at one location of the institution may be
45 used to discharge bonds or notes issued for another
46 location of the same institution. Bonds or notes
47 are exempt from taxation by this state, and interest
48 on bonds or notes is exempt from the state income
49 tax.

50 Sec. 8. *NEW SECTION. ACCOUNTS.* A certified copy

Page 5

1 of each resolution providing for the issuance of bonds
2 or notes shall be filed with the treasurer of the
3 merged area and the treasurer shall maintain separate
4 accounts for each issue of bonds or notes in accordance
5 with the covenants and directions set out in the
6 resolution providing for the issuance of the bonds
7 or notes. Rates, fees, or rentals collected for the
8 use of and services provided by the residence halls
9 and dormitories, including dining facilities and other
10 incidental facilities, shall be held in trust by the
11 treasurer of the merged area, separate from all other
12 funds, to be used only for the purposes specified
13 in this division and as required and provided for
14 by the proceedings of the board authorizing the
15 issuance of the bonds or notes. The treasurer of
16 the merged area shall disburse funds from the proper
17 account for the payment of the principal and interest
18 on the bonds or notes in accordance with the directions
19 and covenants of the resolution authorizing their
20 issuance.

21 Sec. 9. *NEW SECTION. NO OBLIGATION AGAINST AREA.*

22 Bonds or notes are not a charge or general obligation
23 against the merged area or this state within a
24 constitutional or statutory provision. Taxes,
25 appropriations, and other funds of the merged area
26 or of the state of Iowa shall not be pledged for or
27 used to pay the bonds or notes or the interest on
28 the bonds or notes, but bonds or notes are payable
29 only as to both principal and interest from the net

30 rents, profits, and income derived from the operation

6 Code 1979, is amended by adding the following new
7 section:

8 **NEW SECTION. ENERGY EFFICIENCY IMPROVEMENT LOANS.**

9 1. Notwithstanding any other provision of this
10 chapter, the authority may make energy efficiency
11 improvement loans to low or moderate income families,
12 lower income families, and very low income families
13 who are residential customers of a natural gas or
14 electric utility. The authority shall make
15 arrangements with natural gas and electric utilities
16 for providing energy efficiency improvement loans.
17 The authority may lend money to a utility for it to
18 make loans to its customers or the authority and
19 a utility may contract that the utility will act as
20 the agent of the authority in making loans to the
21 utility's customers. In either situation the utility
22 shall receive the loan applications from its
23 residential customers. The loan applications shall
24 be in a form and contain information prescribed by
25 the authority which will enable the utility to assure
26 compliance with the requirements of this section.
27 A utility shall deny a loan application if the proposed
28 improvements or the applicant fails to meet the
29 requirements established under subsection two (2)
30 of this section. The utility shall allocate the loan
31 funds on a first-come, first-served basis.

32 2. The authority shall establish the following
33 by rule:

34 a. The types of buildings and permanent energy
35 efficiency improvements for which loan proceeds may
36 be used.

37 b. The maximum amount that may be loaned to an
38 individual customer.

39 c. The guidelines to be used by the utility in
40 determining whether an individual customer is eligible
41 for a loan.

42 d. The minimum standards for the energy efficiency

43 improvement.

44 The rules promulgated under this subsection by
45 the authority shall permit only those types of
46 improvements which the authority determines to be
47 reasonably appropriate for use in this state. The
48 authority shall provide financing for energy efficiency
49 loans to be administered in accordance with the
50 procedures of this section.

Page 2

1 3. Loans arranged through a utility to a customer
2 to finance permanent energy efficient improvements
3 shall be pursuant to a written agreement between the
4 utility and the customer, in a form prescribed by
5 the authority. In addition to other terms required
6 by the authority, the agreement shall provide all
7 of the following:

8 a. The customer shall agree that the outstanding
9 balance shall become immediately payable in full upon
10 a transfer of or foreclosure upon the customer's
11 interest in the property.

12 b. A detailed description of the permanent energy
13 efficiency improvements to be installed.

14 c. The customer shall agree that the outstanding
15 balance shall become immediately payable in full in
16 the event the customer fails to use the funds for
17 the installation of the improvements designated in
18 the agreement.

19 d. The customer shall agree to certify to the
20 utility the completion of the permanent energy
21 efficiency improvements designated in the agreement,
22 in a form prescribed by the authority.

23 4. A copy of the agreement between the utility
24 and the customer for permanent energy efficiency
25 improvements shall be filed by the utility with the
26 county recorder in the county in which the benefited
27 residence is located. The authority shall have a
28 lien against the residence to which the improvements
29 are made to secure payment of the debt. The lien
30 shall be preferred to all other liens which may attach
31 to or upon the real property, except liens of record
32 prior to the time of filing of the agreement with
33 the county recorder.

34 5. Payment for permanent energy efficiency
35 improvements arranged through a utility under this
36 section shall be made by the utility to the customer
37 upon completion of the improvements contracted for
38 in the loan application. Repayment by the customer
39 shall commence not later than sixty days thereafter.

40 6. A utility shall not require a customer to pay
41 for any part of the cost of permanent energy efficiency
42 improvements financed through the utility or to pay
43 any fees or charges associated with the financing,
44 except in the manner specifically permitted by this
45 section. Energy efficiency improvement loans shall
46 be paid by the customer to the utility in installments,
47 the due date of which shall be the regular due date
48 of charges billed to the customer by the utility for
49 utility services. The installment payments shall
50 be as nearly equal in amount as may be, and the amount

Page 3

1 of each payment shall be as approved by the commission.
2 The repayment term shall not be more than ten years.
3 A delinquency charge may be imposed on any installment
4 which is not paid within ten days after the due date.
5 The amount of the delinquency charge shall be equal
6 to ten percent of the unpaid amount of the installment,
7 or a maximum of five dollars. The delinquency charge
8 shall be imposed only once on an installment, however
9 long it remains in default. A delinquency charge
10 may be collected at the time it accrues or at any
11 time thereafter. For purposes of this subsection,
12 payments received by a utility from a customer shall
13 be applied first to amounts due the utility as a
14 result of supplying metered utility service, and then
15 to the oldest amount due as the current installment
16 payment for energy efficiency improvements; and then
17 to any past-due installments, interest, and accumulated
18 delinquency charges.

19 7. Installment payment schedules shall be submitted
20 by utilities that are regulated by the Iowa state
21 commerce commission to the commission for approval.
22 The commission shall allow a regulated utility to
23 include in the installment payment amount a service
24 fee which is a reasonable estimate of the amount
25 necessary to reimburse the regulated utility for the
26 actual costs including interest costs of providing
27 permanent energy efficiency improvement financing
28 to its customers. A municipally-owned utility may
29 include in the installment amount a service fee
30 necessary to reimburse the municipally-owned utility
31 for the actual costs including interest costs of
32 providing energy efficiency improvement financing
33 to the customer. This subsection does not subject
34 the rates or installment payment schedules of
35 municipally-owned utilities to regulation by the Iowa
36 state commerce commission.

37 8. The authority shall require that a utility
38 with whom a contract is made under this section submits
39 to the authority evidence satisfactory to the authority
40 that funds are disbursed by the utility for the
41 purposes authorized by this section, that permanent
42 energy efficiency improvements are made according
43 to the standards and specifications prescribed by
44 the authority, and that the authority is permitted,
45 through its members, employees or agents, to inspect
46 the books and records of the utility to assure
47 compliance. A utility which receives funds from the
48 authority under this section shall establish separate
49 accounting procedures and records for all receipts
50 from and payments to the authority, and for all

Page 4

1 disbursements to and receipts from customers relating
2 to energy efficiency improvements. These funds shall
3 be kept separate from all other funds in the possession
4 of the utility, except for such amounts as properly
5 may be credited to the utility as revenues from the
6 service fee authorized by subsection seven (7) of
7 this section.

8 9. If a provision of this section or section eight
9 (8) of this Act is inconsistent with another provision
10 of law of this state governing natural gas or electric
11 utilities or the authority, the provision of this
12 section or section eight (8) of this Act controls
13 for the purposes of this section.

14 10. Proceeds to the authority from the issuance
15 of bonds and notes for the purposes of this section
16 are appropriated to the authority for the uses
17 authorized by this section.

18 11. If not in violation of federal law, a utility
19 may make loans with its own funds to its residential
20 customers for energy efficiency improvements and may
21 collect payments, fees and costs subject to the rules
22 of the Iowa state commerce commission.

23 12. The authority shall give preferences to programs
24 providing housing services for Iowans as specified
25 in sections two hundred twenty point eleven (220.11)
26 through two hundred twenty point twenty-one (220.21)
27 of the Code.

28 13. For the purposes of this section, section
29 two hundred twenty point eight (220.8) of the Code
30 shall not apply

31 Sec. 2. Section two hundred twenty point one
32 (220.1), Code 1979, is amended by adding the following
33 new subsections:

34 *NEW SUBSECTION.* 'Natural gas or electric utility'
35 or 'utility' means a public utility or a municipally-
36 owned utility as defined in section four hundred
37 seventy-six point one (476.1) of the Code, or a
38 municipally-owned utility or electric cooperative
39 as defined in section three hundred ninety point one
40 (390.1) of the Code.

41 *NEW SUBSECTION.* 'Energy efficiency-improvement
42 loans' means loans for residential customers of natural
43 gas or electric utilities to be used exclusively to
44 pay for the cost of permanent energy efficiency
45 improvements to single-family residential housing
46 which is existing and owner-occupied on the effective
47 date of this Act and the date the improvements are
48 commenced.

49 Sec. 3. Section two hundred twenty point three
50 (220.3), Code 1979, is amended by adding the following

Page 5

1 new subsection:

2 *NEW SUBSECTION.* Energy efficiency in homes is
3 becoming vital, as nonenergy efficient homes waste
4 energy which is expensive, is unnecessarily destructive
5 of natural resources, results in ongoing energy cost
6 subsidy programs, and is forcing some of the citizens
7 of this state to choose between heating their homes

20 1. The commission shall allow the utility to
21 charge a service fee to customers participating in
22 the permanent energy efficiency improvement financing
23 program under section one (1) of this Act which is
24 a reasonable estimate of the amount necessary to
25 reimburse the utility for the actual costs including
26 interest costs of providing permanent energy efficiency
27 improvement financing to the customer. The commission
28 shall adopt rules as may be necessary to ensure as
29 far as is practicable that customers who contract
30 for improvement financing directly pay the costs

31 incurred by the utility including interest costs in
 32 providing this service.

33 2. A municipally-owned utility may charge a service
 34 fee to customers participating in the permanent energy
 35 efficiency improvement financing program under section
 36 one (1) of this Act which is a reasonable estimate
 37 of the amount necessary to reimburse the utility for
 38 the actual costs of providing permanent energy
 39 efficiency improvement financing to the customer
 40 including interest costs. This subsection does not
 41 subject the rates of municipally-owned utilities to
 42 regulation by the commission."

7 to read as follows:
8 455.109 REASSESSMENT TO CURE ILLEGALITY. Whenever
9 any special assessment upon any lands within any
10 drainage district shall have been heretofore adjudged
11 to be void for any jurisdictional defect or for any
12 illegality or uncertainty as to the terms of any
13 contract and the improvement, *repair or other work*
14 *provided for in this chapter* shall have been wholly
15 completed, the board or boards of supervisors shall
16 have power to remedy such illegality or uncertainty

17 as to the terms of any such contract with the consent
 18 of the person with whom such contract shall have been
 19 entered into and make certain the terms of such
 20 contract and shall then cause a reassessment of such
 21 land to be made on an equitable basis with the other

 23 required by law in the making of an original assessment
 24 and relieving the tax in accordance with such
 25 assessment, and such tax shall have the same force
 26 and effect as though the board or boards of supervisors
 27 had jurisdiction in the first instance and no
 28 illegality or uncertainty existed in the contract.

29 Sec. _____. Section four hundred fifty-five point
 30 one hundred forty-two (455.142), Code 1979, is amended
 31 to read as follows:

32 455.142 IMPROVEMENT OF COMMON OUTLET—NOTICE OF
 33 HEARING. When two or more drainage districts outlet
 34 into the same ditch, drain, or natural watercourse
 35 and the board determines that it is necessary to clean
 36 out, deepen, enlarge, extend, *repair* or straighten
 37 said ditch, drain, or natural watercourse in order
 38 to expeditiously carry off the combined waters of
 39 such districts, the board may proceed as provided
 40 in section 455.135. After said board has decided
 41 that such work should be done, it shall fix a date
 42 for hearing on its decision, and it shall give two
 43 weeks' notice thereof by certified mail to the auditor
 44 of the county wherein the land to be assessed for
 45 such work is located, and said county auditor shall
 46 thereupon immediately notify by certified mail the
 47 board or boards of trustees of the districts having
 48 supervision thereof, as to said hearing on said
 49 contemplated work. [In those instances where two or
 50 more districts involved are under the supervision

Page 2

 3 landowners affected as prescribed for in sections

 5 for the cost of such work in proportion to the benefits
 6 derived. [Common outlet for the purpose of this section
 7 shall mean an outlet where two adjacent districts
 8 have an outlet common to both of said districts and
 9 which districts are also contiguous, one to the other.]

10 Sec. _____. Section four hundred fifty-five point
 11 one hundred fifty-seven (455.157), Code 1979, is
 12 amended to read as follows:

13 455.157 OUTLET IN ANOTHER STATE. When a district

14 is, or has been established in this state and no
 15 practicable outlet therefor can be obtained except
 16 through lands in an adjoining state, the board of
 17 supervisors of the county where said district is
 18 situated shall, as drainage commissioners, have power
 19 to purchase a right of way and to construct a ditch
 20 for such outlet in an adjoining state or to contribute
 21 to the construction of such a ditch, in an adjoining
 22 state and to pay for the same out of the funds of
 23 such district. [Provided, however, that no drainage
 24 district or districts shall be charged or assessed
 25 any of the cost for land or work done unless previously
 26 agreed to by the board of supervisors or trustees
 27 of all of the drainage districts which will be
 28 assessed.]”

12 Sec. 13. *NEW SECTION. SALES OF PERSONAL PROPERTY*
13 *TO BE USED AT DEATH.*

14 1. When an agreement is made by a person, other
15 than a person licensed under chapter one hundred
16 fifty-six (156) of the Code, to deliver personal
17 property which is customarily used in the final
18 disposition or memorialization of a dead human body
19 and the personal property is to be delivered at an
20 uncertain future date, the seller shall establish
21 and maintain records and accounts as required by this
22 chapter until the death of the person for whom the
23 personal property is to be used or until delivery
24 is made, whichever occurs earlier. The seller must
25 clearly disclose in writing that the contract is for
26 the sale of personal property and that funeral service
27 is not included.

28 2. For purposes of this chapter, delivery is
29 deemed to have been made when the personal property
30 to be delivered under the contract is in a bonded
31 warehouse and is identifiable as the property of the
32 buyer or is released to the buyer.

48 one hundred ten percent of the ascribed cost of the
49 personal property to be delivered under the contract,
50 as determined in the manner provided in subsection

Page 2

1 three (3) of this section; provided that if the price
2 to be paid by the buyer is payable in installments
3 over a term which exceeds thirty-six months or if
4 the contract is payable in more than three installments

5 and any scheduled payment is more than twice as large
6 as the average of earlier scheduled payments, then
7 the seller shall, within thirty days following the
8 end of each of the seller's fiscal years, deposit
9 in trust an amount which is of the same relation to
10 one hundred ten percent of the ascribed cost as the
11 sum of the payments made during the fiscal year is
12 to the contract price. Trust funds shall be deposited
13 with a financial institution authorized to transact
14 business in this state, and shall be held in a trust
15 account in the name of the depositor in trust for

19 shall make an additional deposit to compensate for
20 any annual increase in the ascribed cost of personal
21 property remaining to be delivered under the contract.
22 The deposit shall be made not later than thirty days
23 after the end of the seller's fiscal year, and shall
24 be included in the annual report of the seller required
25 by section fifteen (15) of this Act. Immediately
26 after the end of the seller's fiscal year the seller
27 shall recalculate ascribed cost for the contract in
28 the manner provided in subsection three (3) of this
29 section. The amount of the deposit shall be equal
30 to the excess, if any, of the ascribed cost of the
31 personal property remaining to be delivered according
32 to the contract, as recalculated for the fiscal year
33 just commenced, over the net balance of the trust
34 account; provided that if the buyer has not made full
35 payment, the deposit shall be equal to an amount which
36 is of the same relation to such excess as the sum
37 of payments made under the contract is to the contract
38 price.

39 3. For purposes of this section, 'ascribed cost'

34 2. The annual report supplied by the seller under
35 subsection one (1) of this section shall include the

38 to the auditor of state. Any person who willfully
39 submits false or fraudulent information in this report
40 commits an aggravated misdemeanor.'

41 3. The attorney general or his or her
42 representative may commence an equitable action in
43 the district court of the county in which the seller

1 Amend House File 733 as follows:

2 1. By striking everything after the enacting
3 clause and inserting in lieu thereof the following:
4 "Section 1. Chapter four hundred twenty-two (422),
5 Code 1979, is amended by adding sections two (2)
6 through five (5) of this Act as a new division.

7 Sec. 2. *NEW SECTION.*

8 1. In addition to other taxes imposed by this
9 chapter and taxes imposed on real property, a tax
10 is imposed on the increase in the appraised value
11 of agricultural land as a result of a change in the
12 use of the agricultural land. The rate of tax shall
13 be based upon the holding period of the person changing
14 the use of the agricultural land as follows:

15			Rate of tax on the
16	Length of holding period in years:		increase in the ap-
17	At least	Less than	praised value:
18		1	50.0%
19	1	2	47.5
20	2	3	45.0
21	3	4	42.5
22	4	5	40.0
23	5	6	37.5
24	6	7	35.0
25	7	8	32.5
26	8	9	30.0
27	9	10	27.5
28	10		25.0

29 2. As used in this division, 'agricultural land'
30 means land, as of the date of the change in use, which
31 is assessed for property tax purposes as agricultural
32 property.

33 There shall be a presumption that agricultural
34 land is not used for agricultural purposes whenever
35 one of the following occurs:

36 a. The land has not been used for agricultural
37 purposes for longer than twelve months.

38 b. The platting or subdividing of the land is
39 recorded.

40 c. Actual construction is begun on a building
 41 or structure which is not primarily suitable for use
 42 for agricultural purposes.

43 d. Any other occurrence which would lend the
 44 assessor to believe that the land is no longer being
 45 used for agricultural purposes.

46 Sec. 3. *NEW SECTION.* Whenever the assessor of
 47 the jurisdiction in which the agricultural land is
 48 located determines that the agricultural land is no
 49 longer being used for agricultural purposes, the
 50 assessor shall notify the department of revenue and

Page 2

1 the owner of record that the agricultural land is
 2 no longer used for agricultural purposes and the
 3 approximate date the change took place. The
 4 notification to the owner of record of the agricultural
 5 land shall be by certified mail and shall also state
 6 that the owner shall be liable for the tax imposed
 7 under this division as a result of the change in use.

8 The owner of record of agricultural land for which
 9 the assessor has determined that it is no longer used
 10 for agricultural purposes may appeal the assessor's
 11 determination to the district court of the county
 12 in which the agricultural land is located by giving
 13 written notice of the appeal to the assessor within
 14 twenty days from the date of mailing of notice of
 15 the determination of the change in use by the assessor.

16 Sec. 4. *NEW SECTION.*

17 1. Upon notification to it by the assessor of
 18 a change in use of agricultural land, the department
 19 of revenue shall arrange for the appraisal of the
 20 agricultural land. The appraisal shall be done by
 21 the department of revenue, the assessor in whose
 22 jurisdiction the agricultural land is located or a
 23 private appraiser or combination thereof as arranged
 24 for by the department of revenue. The appraisal shall
 25 determine the value of the agricultural land as used
 26 for agricultural purposes and the value as used for
 27 the purpose for which the change took place, if
 28 ascertainable, otherwise the value for the best use,
 29 with the values determined as of the approximate date
 30 the change in use took place.

31 2. After determination of the appraised values,
 32 the department of revenue shall notify the owner of
 33 record by certified mail of those appraised values
 34 and the amount of the increase in appraised value
 35 which is subject to tax under this division. The
 36 amount of the increase in appraised value which is

37 subject to tax is the amount which the appraised value
38 of the land as used for other than agricultural
39 purposes exceeds the appraised value of the land as
40 used for agricultural purposes as both values are
41 determined under this section.

42 3. The owner of record of the land for which the
43 department of revenue has determined the appraised
44 values and the amount of the increase in appraised
45 value which is subject to tax under subsections one
46 (1) and two (2) of this section may appeal the
47 department of revenue's determination to the district
48 court of the county in which the land is located by
49 giving written notice of the appeal to the department
50 of revenue within twenty days from the date of mailing

Page 3

1 of notice of the determination of the appraised values
2 and increase in appraised value subject to tax.

3 Sec. 5. *NEW SECTION.* The due date for filing
4 the tax return and paying the tax shall be twelve
5 months after the date of mailing of notice of the
6 increase in appraised value subject to tax under this
7 division by the department of revenue as provided
8 in section three (3) of this Act. The provisions
9 of sections four hundred twenty-two point twenty-four
10 (422.24) through four hundred twenty-two point twenty-
11 six (422.26) of the Code are applicable to the tax
12 imposed under this division.

13 The taxpayer's holding period of agricultural land,
14 the change in use of which subjects the taxpayer to
15 tax under this division, is determined, as if the
16 change in use was a sale or exchange, under the
17 Internal Revenue Code of 1954, as defined in section
18 four hundred twenty-two point four (422.4) of the
19 Code, except as provided in this subsection. As to
20 any person whose holding period is claimed by the
21 taxpayer or cannot be determined under the Internal
22 Revenue Code of 1954, the holding period shall not
23 exceed the time for which the person has had actual
24 title in his or her own name, and shall include the
25 time the real property was so held prior to the
26 effective date of this Act. If a husband and wife
27 are joint tenants, the amount of time the agricultural
28 land was held by one spouse alone before that spouse
29 created the joint tenancy shall be added to the holding
30 period. If the joint tenancy is dissolved by reason
31 of death, the holding period during the joint tenancy
32 shall be added to the holding period of the surviving
33 spouse owning the real property in his or her own
34 name.

35 Sec. 6. *NEW SECTION.* The person liable for the
 36 tax imposed under this division is the owner of record
 37 of the agricultural land as of the date the land is
 38 changed to a use other than for agricultural purposes.

39 Sec. 7. Section four hundred forty-five point
 40 sixty-three (445.63), Code 1979, is repealed.

41 Sec. 8. This Act takes effect January first
 42 following its enactment."

43 2. Title page, by striking the title and inserting
 44 in lieu thereof the words "An act to impose an
 45 additional tax on the change in use of agricultural land
 46 and imposing penalties for violations and repealing
 47 the recapture of taxes provision."

 29 *OF GENERAL ALLOCATION.*
 30 1. It is the intent of the general assembly that
 31 the general allocation of the community mental health
 32 and mental retardation services fund be distributed
 33 as to insure that each county participates in the
 34 distribution of the funds, to recognize past efforts
 35 made by individual counties to support mental health
 36 and mental retardation state institutional services,
 37 and to recognize both individual counties as entities
 38 and the distribution of the state population across
 39 counties.
 40 2. In distributing the general allocation, each
 41 county shall receive an amount equal to the sum of

42 the following two factors:

43 a. Fifty percent of the general allocation divided
44 by a factor of ninety-nine.

45 b. Fifty percent of the general allocation
46 multiplied by a factor equal to that county's
47 proportionate share of the total state population.

48 Sec. 10. *NEW SECTION. REQUIREMENTS OF COUNTIES*
49 *RECEIVING GENERAL ALLOCATION MONEY.*

50 1. A county is entitled to receive money from

Page 7

1 the general allocation of the state community mental
2 health and mental retardation services fund in any
3 fiscal year in an amount determined by section nine
4 (9) of this Act, if that county:

5 a. Raised by county levy and expended for mental
6 health and mental retardation services, in the
7 preceding fiscal year, an amount of money at least
8 equal to the amount so raised and expended for those
9 purposes during the fiscal year beginning July 1,
10 1979.

11 (1) For the purpose of paragraph a of this
12 subsection, money "raised by county levy and expended
13 for mental health and mental retardation services"
14 means, with reference to any fiscal year beginning
15 after the effective date of this Act, the total amount
16 of money expended by the county from the county mental
17 health and institutions fund for the purposes
18 authorized by subsection two (2), paragraphs a, b
19 and c, and subsections three (3) through six (6) of
20 section four hundred forty-four point twelve (444.12)
21 of the Code, exclusive of state money received from
22 the general allocation of the community mental health
23 and mental retardation services fund and of any third
24 party reimbursement to the county. With reference
25 to the fiscal year beginning July 1, 1979, money
26 'raised by county levy and expended for mental health
27 and mental retardation services' means the total
28 amount levied and expended by the county under section
29 four hundred forty-four point twelve (444.12) of the
30 Code as the section read at the time that levy was
31 made, adjusted by a procedure prescribed by rules
32 promulgated by the auditor of state, in consultation
33 with the director, to exclude nonmental health and
34 nonmental retardation expenditures which the county
35 made in that fiscal year from the proceeds of that
36 levy.

37 (2) Each county shall, as soon as practicable
38 after the effective date of this Act, begin

39 preparations to adopt and shall within two years after
40 that date implement an accounting and financial
41 reporting procedure for recording expenditures for
42 mental health and mental retardation services, in
43 conformity with rules promulgated by the auditor of
44 state, in consultation with the director. It is the
45 intent of this subparagraph that the Seventieth General
46 Assembly, at its 1983 Session, reconsider the
47 requirements of paragraph a of this subsection with
48 a view to possible adjustments to more precisely
49 measure each county's financial effort in support
50 of mental health and mental retardation services.

Page 8

1 b. Submits or joins other counties in submitting,
2 prior to September fifteenth of each year, an
3 application for a share of the general allocation
4 for the succeeding fiscal year which is in conformity
5 with subsection two (2) of this section.

6 2. An application may be filed by a county or
7 jointly by two or more counties. The application
8 shall consist of:

9 a. An annual plan to improve or maintain
10 availability and accessibility of comprehensive
11 services to residents of the county or counties, which
12 is found by the division to be in substantial
13 compliance with the requirements of sections one (1)
14 through nineteen (19) of this Act. The annual plan
15 will be found in substantial compliance with those
16 requirements if it:

17 (1) Indicates that the services for which the
18 county or counties intend to use general allocation
19 money are comprehensive services or other services
20 mandated or authorized by law, and are offered by
21 accredited providers where accreditation standards
22 are applicable.

23 (2) Demonstrates the availability and accessibility
24 of comprehensive services by establishing or
25 maintaining formal agreements for purchase of services
26 or grant relationships with providers of such services,
27 and by extending eligibility for those services to
28 all residents of the county or counties who are unable
29 to assume the full cost of their care.

30 (3) Demonstrates effective implementation of any
31 annual plan submitted by the county or counties under
32 this subsection for the preceding fiscal year.

33 b. Evidence that the county, or each county which
34 is a party to a joint application, is in compliance
35 with subsection one (1), paragraph a of this section.

36 3. General allocation moneys shall not be used
37 to match special allocation moneys.

38 4. Each application submitted under this section
39 shall be for a period of at least one year and shall
40 be acted upon promptly by the division, which shall
41 notify the applicant county or counties of its action
42 on the application no later than November first of
43 the year in which the application is submitted. Money
44 from the general allocation of the fund shall be
45 disbursed on a quarterly basis to the counties entitled
46 to the money under section nine (9) of this Act and
47 this section. Counties receiving the money shall
48 submit quarterly financial and plan status reports
49 in the manner prescribed by the division.

50 5. A county shall return to the treasurer of state

Page 9

1 not later than September thirtieth of each year for
2 placement in the general allocation of the state
3 community mental health and mental retardation services
4 fund, an amount equal to the amount by which
5 expenditures by the county under section four hundred
6 forty-four point twelve (444.12), subsection six (6)
7 of the Code during the fiscal year ending the preceding
8 June thirtieth were less than the total of that
9 county's share of the state community mental health
10 and mental retardation services fund for that preceding
11 fiscal year.

12 Sec. 11. *NEW SECTION. SPECIAL ALLOCATION.* The
13 special allocation of the state community mental
14 health and mental retardation services fund may be
15 used by the division to make grants-in-aid to counties,
16 combinations of counties, or their designees to

29 special allocation grant is made with funds other
30 than those obtained from the special allocation,

32 of the total cost of the project. Any proposed project
33 which will offer services other than comprehensive

34 services may be considered for a special allocation
35 grant if the relevancy of the project to the needs
36 of mentally ill and mentally retarded individuals
37 is demonstrated to the satisfaction of the division.

38 Sec. 12. *NEW SECTION.* PARTIAL REIMBURSEMENT TO
39 COUNTIES FOR LOCAL INPATIENT MENTAL HEALTH CARE AND
40 TREATMENT.

41 1. Each county which pays, from county funds
42 budgeted under section four hundred forty-four point
43 twelve (444.12), subsection six (6) of the Code, the
44 cost of care and treatment of a mentally ill person
45 who is admitted pursuant to a preliminary diagnostic
46 evaluation under sections fifteen (15) through eighteen

3 is entitled to reimbursement from the state for a
4 portion of the daily cost so incurred by the county.
5 However, a county is not entitled to reimbursement
6 under this subsection for any cost incurred in
7 connection with the hospitalization of a person who
8 is eligible for medical assistance under chapter two
9 hundred forty-nine A (249A) of the Code, or who is
10 entitled to have his or her care or treatment paid
11 for by any other third party payer, or who is admitted
12 for preliminary diagnostic evaluation under sections
13 fifteen (15) through eighteen (18) of this Act. The
14 amount of reimbursement for the cost of treatment
15 of a local inpatient to which a county is entitled
16 under this subsection, on a per-patient-per-day basis,
17 is an amount equal to twenty percent of the average
18 of the respective state mental health institutes'
19 individual average daily patient costs in the most

10 of this section commits a serious misdemeanor.

11 Sec. 6. *NEW SECTION. REMEDIAL ORDERS.*

12 1. Upon notice and opportunity for hearing, the

13 commissioner may issue a remedial order against a
 14 person who is in violation of the requirements of
 15 this chapter. The respondent shall comply with the
 16 remedial order within such reasonable period of time
 17 as may be stated by the commissioner in the order.
 18 The use of this authority by the commissioner is
 19 discretionary, and is not required as a condition
 20 precedent to any other criminal or civil proceeding.
 21 2. A hearing under this section shall be conducted
 22 as a contested case under chapter seventeen A (17A)
 23 of the Code. Notice must be served upon the respondent
 24 by personal service as in civil actions,
 25 notwithstanding contrary provisions of section
 26 seventeen A point twelve (17A.12), subsection one
 27 (1) of the Code.

28 Sec. 7. *NEW SECTION. JUDICIAL ASSISTANCE.*

29 1. The commissioner may commence an action in

39 Sec. 8. *NEW SECTION. TRUST FUND ESTABLISHED.*

 43 dead human body or for the furnishing of professional
 44 services of a funeral director, eighty percent of
 45 all payments made under the agreement, including
 46 interest thereon, shall be and remain trust funds
 47 until occurrence of the death of the person for whose

50 Sec. 9. *NEW SECTION. DEPOSIT OF FUNDS.* All trust

Page 3

1 funds under section eight (8) of this Act shall be
 2 deposited in a bank or trust company authorized to
 3 transact business in this state within thirty days
 4 after the receipt thereof and shall be held in a
 5 separate trust account or in one common trust fund
 6 under a trust agreement in the name of the depositor
 7 in trust for the designated beneficiary until the
 8 trust fund is released under either of the conditions
 9 provided in section eight (8) of this Act.

10 Sec. 10. *NEW SECTION. TRUST EXEMPTION.*

11 1. The commissioner may adopt rules pursuant to
12 chapter seventeen A (17A) of the Code exempting
13 qualified sellers from those provisions of this chapter
14 which require a seller to deposit funds in trust.
15 A seller is not exempt from those provisions unless
16 the seller applies to the commissioner pursuant to
17 rules so adopted and is issued a certificate of ex-
18 emption by the commissioner.

19 2. Rules adopted by the commissioner shall contain
20 financial responsibility requirements to be satisfied
21 by an applicant for exemption which, in the opinion

24 trust requirements of this chapter.

25 3. Upon not less than five days notice and
26 opportunity for hearing pursuant to the notice, the
27 commissioner may upon reasonable grounds revoke a
28 certificate of exemption. Failure by a seller to
29 deliver personal property or services as required
30 by the contract constitutes reasonable grounds for
31 revocation of a certificate of exemption. A seller
32 whose certificate of exemption has been revoked shall
33 satisfy the trust requirements of this chapter within
34 ten days after the date the revocation takes effect,
35 either by depositing money in trust equal to the
36 required trust amount, or by submitting to the
37 commissioner a corporate surety bond which is issued
38 by a surety company licensed to do business in this
39 state and which contains a penal sum equal to the
40 required trust amount. If the seller fails to satisfy
41 the trust requirements as provided in this subsection
42 within this ten-day period, the commissioner shall
43 apply to the district court for Polk county for
44 appointment of a receiver.

47 as a prearranged funeral commits an aggravated
48 misdemeanor.

49 **Sec. 12. NEW SECTION. VIOLATION—PENALTY.** Any
50 seller, agent or representative who fails to deposit

Page 4

1 funds in a trust account as required by this chapter
2 commits an aggravated misdemeanor.

3 **Sec. 13. Chapter five hundred twenty-three A**
4 **(523A), Code 1979, is repealed. It is the intent**
5 **of the general assembly that the repeal of chapter**
6 **five hundred twenty-three A (523A) of the Code and**

7 the enactment of sections eight (8), nine (9) and
 8 twelve (12) of this Act shall be deemed a continua-

 10 twenty-three A (523A) of the Code, except to the
 11 extent amended by sections eight (8), nine (9) and
 12 twelve (12) of this Act.

13 Sec. 14. This Act takes effect January first
 14 following enactment. However, the commissioner of
 15 public health may adopt rules pursuant to this Act
 16 prior to the effective date of this Act to take effect
 17 on the effective date of this Act."

18 2. Amend the title by striking lines 1 through

 9 one hundred ten percent of the ascribed cost as the
 10 sum of the payments made during the fiscal year is
 11 to the contract price. Trust funds shall be deposited

12 with a financial institution authorized to transact
13 business in this state, and shall be held in a trust
14 account in the name of the depositor in trust for
15 the designated beneficiary.

16 2. When a trust account has been established under
17 subsection one (1) of this section, the seller annually
18 shall make an additional deposit to compensate for
19 any annual increase in the ascribed cost of personal
20 property remaining to be delivered under the contract.
21 The deposit shall be made not later than thirty days
22 after the end of the seller's fiscal year, and shall
23 be included in the annual report of the seller required
24 by section seventeen (17) of this Act. Immediately
25 after the end of the seller's fiscal year the seller
26 shall recalculate ascribed cost for the contract in
27 the manner provided in subsection three (3) of this
28 section. The amount of the deposit shall be equal
29 to the excess, if any, of the ascribed cost of the
30 personal property remaining to be delivered according
31 to the contract, as recalculated for the fiscal year
32 just commenced, over the net balance of the trust
33 account; provided that if the buyer has not made full
34 payment, the deposit shall be equal to an amount which
35 is of the same relation to such excess as the sum
36 of payments made under the contract is to the contract
37 price.

38 3. For purposes of this section, 'ascribed cost'
39 means the wholesale price which the seller would have
40 been required to pay to obtain the personal property
41 to be delivered under the contract in an arm's-length
42 wholesale transaction during the previous fiscal year.
43 Wholesale price means the average wholesale price
44 during the fiscal year in the relevant market.

45 4. Funds held in trust with respect to a contract
46 may be disbursed upon the death of the person for
47 whom the personal property is to be used, or upon
48 delivery of the personal property, or at any time
49 upon the mutual consent of the parties.

50 5. In lieu of a separate trust account for each

Page 3

1 contract, the seller may establish a common trust
2 fund for all or a portion of the contracts for which
3 trust accounts are required.

4 Sec. 17. NEW SECTION. RECORDS AND REPORTING 5 REQUIREMENTS.

6 1. A seller whose contracts are subject to this
7 chapter shall keep accurate records of the total

8 amount of payments received under each contract, the
 9 institutions in which trust funds are maintained,
 10 the total amounts deposited in trust and the amount
 11 deposited with respect to each contract, a
 12 reconciliation of the total trust balance with the
 13 individual balances, the earnings of trust funds,
 14 and the disbursements from trust funds. These records
 15 shall be subject to examination at any time by the
 16 auditor of state or by his or her designee. The
 17 seller also shall file with the auditor of state,
 18 not later than forty-five days after the end of the
 19 fiscal year of the seller, an annual report on forms
 20 supplied by the seller which shall include the name
 21 and business address of the seller, the dates of the
 22 fiscal year of the seller, the name and address of
 23 the trustee, the name and address of each depository,
 24 the balance of funds held in trust for each contract
 25 as of the end of the fiscal year and a reconciliation
 26 of these balances with the total amount of trust funds
 27 on deposit with each depository as of the end of the
 28 fiscal year, the current rate of interest or earnings
 29 being earned by the trust account, the total obligation
 30 of the seller for which the trusts are established
 31 at the seller's current cost, and other information
 32 required by the auditor of state.

33 2. The annual report supplied by the seller under
 34 subsection one (1) of this section shall include the
 35 following statement:

36 'This report is required by law to be submitted
 37 to the auditor of state. Any person who willfully
 38 submits false or fraudulent information in this report
 39 commits an aggravated misdemeanor.'

40 3. The attorney general or his or her
 41 representative may commence an equitable action in
 42 the district court of the county in which the seller
 43 engages in the business governed by this chapter to
 44 obtain equitable remedies as necessary to compel
 45 compliance with the provisions of this section. The
 46 district court may grant equitable relief as
 47 appropriate.

48 Sec. 18. *NEW SECTION. FRAUDULENT REPORT—PENALTY.*

49 A person who is required to submit an annual report
 50 to the auditor of state under section seventeen (17),

Page 4

1 subsection one (1), of this Act, and who knowingly
 2 submits false information in the report, commits an
 3 aggravated misdemeanor.

12 Sec. 17. *NEW SECTION.* REQUIREMENTS OF COUNTIES
13 RECEIVING GENERAL ALLOCATION MONEY.

14 1. A county is entitled to receive money from
15 the general allocation of the state community mental
16 health services fund in any fiscal year in an amount
17 determined by section sixteen (16) of this Act, if
18 that county:

19 a. Raised by county levy and expended from the
20 proceeds of that levy for mental health services,
21 in the preceding fiscal year, an amount of money at
22 least equal to the amount so raised and expended for
23 those purposes during the fiscal year beginning July
24 1, 1978.

25 (1) For the purpose of paragraph a of this
26 subsection, money "raised by county levy and expended
27 from the proceeds of that levy for mental health
28 services" means, with reference to any fiscal year
29 beginning after the effective date of this Act, the
30 total amount of money raised by county property tax
31 levy and expended by the county from the county mental
32 health and institutions fund for the purposes
33 authorized by subsection two (2), paragraphs a and
34 c, subsection four (4), paragraph a, and subsection

37 by this Act, exclusive of state money received from
38 the general allocation of the community mental health
39 services fund, the county assistance fund, federal
40 revenue sharing funds and any other federal funds
41 received by the county, and of any third party
42 reimbursement to the county. With reference to the
43 fiscal year beginning July 1, 1978, money "raised
44 by county levy and expended from the proceeds of that
45 levy for mental health services" means the total
46 amount levied and expended by the county under section
47 four hundred forty-four point twelve (444.12) of the
48 Code as the section read at the time that levy was
49 made, adjusted by a procedure prescribed by rules

8 that date implement an accounting and financial
9 reporting procedure for recording expenditures for
10 mental health services, in conformity with rules
11 promulgated by the auditor of state, in consultation
12 with the county finance committee and the director.
13 It is the intent of this subparagraph that the
14 Seventieth General Assembly, at its 1983 Session,

17 more precisely measure each county's financial effort
18 in support of mental health services.

19 b. Submits or joins other counties in submitting,

25 jointly by two or more counties. The application
26 shall consist of:

28 availability and accessibility of comprehensive
29 services to residents of the county or counties, which
30 is found by the director to be in substantial
31 compliance with the requirements of sections one (1)
32 through nineteen (19) of this Act. The annual plan
33 will be found in substantial compliance with those
34 requirements if it:

35 (1) Indicates that the services for which the
36 county or counties intend to use general allocation
37 money are comprehensive services or other services
38 mandated or authorized by law, and are offered by
39 accredited providers where accreditation standards
40 are applicable.

41 (2) Demonstrates continuing efforts to improve
42 the availability and accessibility of comprehensive
43 services by establishing or maintaining formal agree-

47 the county or counties who are unable to assume the
48 full cost of their care.

49 (3) Demonstrates effective implementation of any
50 annual plan submitted by the county or counties under

Page 7

1 this subsection for the preceding fiscal year.

2 b. Evidence that the county, or each county which
3 is a party to a joint application, is in compliance
4 with subsection one (1), paragraph a of this section.

13 directly to the autism unit by courts, law enforcement
14 agencies, or state correctional institutions. How-
15 ever, a person so referred shall not be admitted to
16 the autism unit unless a preadmission diagnostic
17 evaluation indicates that the person is likely to
18 benefit from the unit's services, and the admission
19 of that person to the unit would not cause the unit's
20 patient load to exceed its capacity.

- 1 Amend House File 48 as amended, passed and
2 reprinted by the House as follows:
3 1. By striking everything after the enacting
4 clause and inserting in lieu thereof the following:
5 Section 1. *NEW SECTION. TITLE.* This Act may

6 be cited as the "State Mandates Act".

7 Sec. 2. *NEW SECTION. FINDINGS AND PURPOSE.*

8 1. The general assembly finds that preceding
9 actions of state government in specifying the manner,
10 standards, and conditions under which public services
11 are rendered to citizens by the political subdivisions
12 of this state in some cases have not resulted in
13 equitable relationships between the state government
14 and its political subdivisions. Some state actions
15 have dealt in detail with the internal management
16 of the political subdivisions; some have specified
17 the establishment of new services and facilities
18 without providing new revenue sources or financial
19 participation by the state to meet the additional
20 costs; and other actions have specified the adoption
21 of high service standards without a complete
22 assessment of the impact on the expenditures and tax
23 rates of the political subdivisions.

24 2. It is the purpose of this Act to:

25 a. Provide for the collection and periodic
26 publication of information on existing and future
27 state and federal mandates.

28 b. Enunciate policies, criteria, and procedures
29 to govern future state-initiated specification of
30 local government services, standards, employment
31 conditions, and retirement benefits that necessitates
32 increased expenditures by political subdivisions and
33 to avoid the imposition of state standards on
34 essentially local responsibilities without appropriate
35 reimbursement or other appropriate fiscal participation
36 on the part of state government.

37 Sec. 3. *NEW SECTION. DEFINITIONS.* As used in
38 this act, unless the context otherwise requires:

39 1. "Political subdivision" means a city, county,
40 township, or school district.

41 2. "State mandate" means a state constitutional,
42 statutory, or administrative rule or action which
43 requires a political subdivision of the state to
44 establish, expand, or modify its activities in a
45 manner which necessitates additional expenditures
46 of local revenue, excluding an order issued by a court
47 of this state.

48 3. "Political subdivision organization and
49 structure mandate" is a state mandate which affects
50 any of the following:

Page 2

1 a. The form of a political subdivision and the

- 2 adoption and revision of political subdivision
 3 charters.
- 4 b. The establishment of multicounty districts,
 5 councils of government, or other forms and structures
 6 for interlocal cooperation and coordination.
- 7 c. The holding of local elections.
- 8 d. The designation of public officers, and their
 9 duties, powers, and responsibilities.
- 10 e. The prescription of administrative practices
 11 and procedures for local governing bodies.
- 12 4. "Due process mandate" is a state mandate which
 13 affects any of the following:
- 14 a. The administration of justice.
- 15 b. Notification and conduct of public hearings.
- 16 c. Procedures for administrative and judicial
 17 review of actions taken by local governing bodies.
- 18 d. Protection of the public from malfeasance,
 19 misfeasance, or nonfeasance by officials of political
 20 subdivisions.
- 21 5. "Benefit spillover" is the process of accrual
 22 of social or other benefits from a governmental service
 23 to jurisdictions adjacent to, or beyond the
 24 jurisdiction of the political subdivision providing
 25 the service.
- 26 6. "Service mandate" is a state mandate which
 27 creates or expands a governmental service or a delivery
 28 standard for a governmental service which has
 29 substantial benefit spillover. A service mandate
 30 may relate to any of the following services:
- 31 a. Elementary and secondary education.
- 32 b. Public health.
- 33 c. Public hospitals.
- 34 d. Public assistance.
- 35 e. Air pollution control.
- 36 f. Water pollution control.
- 37 g. Solid waste treatment and disposal.
- 38 A state mandate that expands the duties of a public
 39 official by requiring the provision of additional
 40 services is a service mandate.
- 41 7. "Interlocal equity mandate" is a state mandate
 42 requiring political subdivisions to act so as to
 43 benefit other political subdivisions or to refrain
 44 from acting to avoid injury to, or conflict with,
 45 other jurisdictions including, but not limited to
 46 mandates related to:
- 47 a. Land use regulations.
- 48 b. Tax assessment procedures for equalization
 49 purposes.
- 50 c. Environmental standards.

Page 3

- 1 8. "Tax exemption mandate" is a state mandate
2 that exempts private property or other specified items
3 from the local tax base including, but not limited
4 to:
- 5 a. Exemption of personal property from the property
6 taxation.
 - 7 b. Exemption of active and passive solar property
8 from property taxation.
 - 9 c. Exemption of pollution control equipment from
10 property taxation.
- 11 9. "Personnel mandate" is a state mandate affecting
12 for political subdivisions any of the following:
- 13 a. Salaries and wages.
 - 14 b. Employee qualifications and training except
15 when any civil service commission, professional
16 licensing board, or personnel board or agency
17 established by state law sets and administers standards
18 relative to merit-based recruitment of candidates
19 for employment or conducts and grades examinations
20 and rates candidates in order of their relative
21 excellence for purposes of making appointments or
22 promotions to positions in the competitive division
23 of the classified service of the public employer
24 served by the commission, board or agency.
 - 25 c. Hours, location of employment, and other working
26 conditions.
 - 27 d. Fringe benefits including insurance, health,
28 medical care, retirement and other benefits.
- 29 10. "Existing state mandate" means a state mandate
30 which is in effect on the effective date of this Act.
- 31 11. "Implied federal requirement" means a federal
32 law, rule, regulation, executive order, guideline,
33 standards, or other federal action which has the effect
34 of law and which does not directly require the state
35 to take action affecting its political subdivisions
36 but will result in a loss of federal funds or federal
37 tax credits if state action is not taken to comply
38 with the federal action.
- 39 12. "Cost" means the net cost of an activity or
40 service provided by a political subdivision of the
41 state. The net cost is the actual cost to the state
42 if the state were to provide the activity or mandate
43 unless otherwise determined by the general assembly
44 when imposing the state mandate.
- 45 Sec. 4. *NEW SECTION. STATE MANDATE INFORMATION.*
- 46 1. The state comptroller shall:
 - 47 a. Adopt rules under chapter seventeen A (17A)

48 of the Code as necessary to carry out the duties and
49 responsibilities assigned to the office of the state
50 comptroller under this Act.

Page 4

1 b. Review political subdivision applications for
2 reimbursement claims submitted under section ten (10)
3 of this Act.

4 c. Hear complaints and suggestions from political
5 subdivisions and other organizations relating to state
6 mandates.

7 d. Report at least biennially to the governor
8 and the general assembly regarding the administration
9 of this Act including any proposed changes.

10 2. a. Within two years after the effective date
11 of this Act, the legislative service bureau, with
12 the assistance of the state comptroller, shall collect
13 and tabulate information on the nature and scope of
14 each existing state mandate including, but not limited
15 to:

16 (1) Identity of the type of political subdivision
17 and agency or official of the political subdivision
18 to which a state mandate is directed.

19 (2) The estimated annual cost of the state mandate
20 if the cost is identifiable.

21 (3) The amount of state financial participation
22 in meeting the identifiable cost, if any.

23 (4) The state agency responsible for supervising
24 the implementation of the state mandate.

25 (5) A brief description of the state mandate and
26 a citation of its origin in law or administrative
27 rule or order.

28 b. The information specified in paragraph a of
29 this subsection shall be published in a state mandate
30 catalog. After its initial publication, the catalog
31 shall be updated following each annual legislative
32 session to include each new state mandate enacted
33 and the estimated additional identifiable costs, if
34 any, imposed upon the political subdivisions of the
35 state. The state mandate catalog shall be revised
36 and published each five years beginning with the year
37 of initial publication.

38 c. The legislative service bureau shall also
39 include in the catalog information comparable to the
40 information specified in paragraph a of this subsection
41 for federal legislative, executive and judicial
42 mandates to the extent this information is reasonably
43 available.

44 Sec. 5. *NEW SECTION. STATE POLICY OBJECTIVE*
 45 STATEMENT.

46 1. A bill, joint resolution or administrative
 47 rule which imposes or enlarges a state mandate to
 48 a political subdivision, shall include a state policy
 49 objective statement indicating the purpose for imposing
 50 the state mandate and the extent to which the state

Page 5

1 policy objective is not attainable without the state
 2 mandate. When a bill or joint resolution is reported
 3 from committee, the committee report shall indicate
 4 whether a state policy objective statement is required
 5 and, if a statement is not included in the bill or
 6 joint resolution, the statement shall be attached
 7 to the committee report.

8 2. An administrative rule imposing a state mandate
 9 shall also include a statement of the estimated cost
 10 of the state mandate to the political subdivisions
 11 or a statement that additional costs are not
 12 anticipated.

13 Sec. 6. *NEW SECTION. NONREIMBURSABLE STATE*
 14 MANDATES.

15 1. The cost of the following state mandates are
 16 not reimbursable by the state:

- 17 a. An existing state mandate.
 18 b. A political subdivision organization and
 19 structure mandate, a due process mandate, and an
 20 interlocal equity mandate.
 21 c. A state mandate which:

- 22 (1) Accommodates a request from political
 23 subdivisions.
 24 (2) Results in no new governmental duties or
 25 provides for the exercise of a discretionary power
 26 using mandatory procedures.
 27 (3) Provides only clarifying, nonsubstantive
 28 change in an earlier state mandate.
 29 (4) Imposes additional duties which can be carried
 30 out by existing staff at no appreciable cost increase
 31 (5) Imposes a cost which is recovered from federal,
 32 state, or other external financial aid.
 33 (6) Imposes an additional annual cost of less
 34 than ten thousand dollars or less than one dollar
 35 per capita, whichever sum is less, for an affected
 36 political subdivision.
 37 (7) Results from an implied federal requirement.
 38 2. The general assembly may exclude a state mandate
 39 from reimbursement for a unique or compelling policy

40 reason, which reasons shall be stated in the Act
 41 establishing the state mandate.

42 Sec. 7. *NEW SECTION.* REIMBURSABLE STATE MANDATES.

43 1. The following costs to a political subdivision
 44 for a state mandate are reimbursable by the state:

45 a. The costs of a political subdivision resulting
 46 from the implementation of a service mandate. If
 47 a state or federal aid program exists when the service
 48 mandate is imposed and the costs resulting from the
 49 service mandate constitute an allowable expenditure
 50 under the federal or state aid program, only the net

Page 6

1 increase to the political subdivision payable from
 2 revenue which is not obtained from the state or federal
 3 aid program is reimbursable by the state.

4 b. The loss in revenue to a political subdivision
 5 resulting from a tax exempt mandate. The loss of
 6 revenue does not include potential revenue from a
 7 class or type of property which was not assessed and
 8 taxed when the tax exempt mandate became effective.

9 c. The costs of a political subdivision resulting
 10 from the implementation of a personnel mandate except
 11 a personnel mandate which establishes a minimum
 12 retirement benefit or affects the personnel
 13 qualifications for employees of a political
 14 subdivision.

15 2. If a political subdivision has been providing
 16 a service at its option which subsequently becomes
 17 a reimbursable state mandate, the subsequent cost
 18 of the service is reimbursable by the state and the
 19 political subdivision shall proportionately reduce
 20 its property tax levy by the amount that the
 21 reimbursement replaces property tax revenues which
 22 were being expended on the service. However, for
 23 purposes of calculating a school district's state
 24 aid, a school district's foundation tax levy shall
 25 not be decreased as a result of the cost reimbursement.

26 Sec. 8. *NEW SECTION.* REIMBURSEMENT ESTIMATION-
 27 -PROCEDURES.

28 1. When a bill or joint resolution is requested,
 29 the legislative service bureau shall make an initial
 30 determination of whether the bill or joint resolution
 31 will impose a state mandate. If a state mandate is
 32 included, the fact shall be included in the explanation
 33 of the bill or joint resolution.

34 2. If a bill or joint resolution contains a state
 35 mandate, a copy of the prepared draft shall be sent
 36 to the legislative fiscal bureau which, after

37 consultation with the state comptroller, shall
 38 determine if the state mandate is reimbursable as
 39 provided in this Act. If the proposed legislation
 40 imposes a reimbursable state mandate, the legislative
 41 fiscal bureau shall prepare an estimate of the amount
 42 of reimbursement for the appropriation committees
 43 of the general assembly.

44 3. The cost estimate required under subsection
 45 two (2) of this section shall be the estimated cost
 46 required during the first fiscal year of the proposed
 47 legislation's operation to reimburse the affected
 48 political subdivisions. If the effective date of
 49 the legislation is delayed beyond the beginning of
 50 the next fiscal year, the estimate shall also include

Page 7

1 the estimated cost required for reimbursement for
 2 the following full fiscal year. If proposed
 3 legislation is amended to include a state mandate
 4 which may be reimbursable as provided in this Act,
 5 the legislative service bureau shall notify the
 6 presiding officers of the house of representatives
 7 and the senate of the fact. A determination as to
 8 whether the state mandate is reimbursable and the
 9 estimated cost of the mandate shall be made at the
 10 direction of the presiding officer of the house in
 11 which the amendment is adopted. The notification
 12 shall be printed in the journal of the respective
 13 houses of the general assembly.

14 **Sec. 9. NEW SECTION. APPROPRIATION OF**
 15 **REIMBURSEMENT FUNDS.**

16 1. For the initial fiscal year during which cost
 17 reimbursement is authorized under this Act,
 18 reimbursement funds shall be provided as follows:
 19 a. Proposed legislation including a reimbursable
 20 state mandate shall provide an appropriation for the
 21 cost reimbursement.

22 b. An administrative rule or order containing
 23 a reimbursable state mandate shall be accompanied
 24 by an appropriation bill to provide for the
 25 reimbursement or an appropriation item shall be
 26 included in the executive budget for the next fiscal
 27 year.

28 2. For fiscal years following the initial fiscal
 29 year, appropriation items for the reimbursement costs
 30 shall be included in the executive budget or
 31 supplemental budget requests.

32 **Sec. 10. NEW SECTION. REIMBURSEMENT PROCEDURES.**

33 1. For the initial fiscal year during which cost

34 reimbursement is authorized under this Act, a political
35 subdivision which is eligible for a state mandate
36 reimbursement, shall submit a claim for the cost
37 reimbursement within sixty days after the effective
38 date of the state mandate to the state comptroller.
39 The claim shall include an estimate of the increased
40 costs required by the state mandate for the initial
41 fiscal year or remainder of the fiscal year. The
42 state comptroller shall review the claim and
43 reimbursement costs estimate and pay the claim from
44 funds appropriated for that purpose. The state
45 comptroller may audit the records of the political
46 subdivision to verify the actual amount of state
47 mandate cost and may reduce a claim which is determined
48 to be excessive or unreasonable.
49 2. For subsequent fiscal years, a political
50 subdivision shall submit its claim for cost

Page 8

1 reimbursement before October first of each year.
2 The state comptroller shall review and pay the claim
3 from funds appropriated for that purpose, subject
4 to an audit of the political subdivision's records
5 or reduction of the amount of the claim as authorized
6 under subsection one (1) of this section. The state
7 comptroller shall adjust the payment to correct for
8 an underpayment or overpayment which occurred during
9 the preceding fiscal year.
10 3. The state comptroller shall provide forms and
11 adopt procedures, pursuant to chapter seventeen A
12 (17A) of the Code, as necessary to provide for the
13 effective administration of this section.
14 4. Reimbursement funds received by a political
15 subdivision under this Act may be used for any public
16 purpose.
17 **Sec. 11. NEW SECTION. APPEAL OF CLAIMS.**
18 1. A state mandate appeal board is created. The
19 state board shall hear and decide claims by political
20 subdivisions of this state which allege that the
21 political subdivisions have not been reimbursed for
22 all reimbursable costs of state mandates payable by
23 the state as provided in this Act.
24 2. The membership of the state board shall consist
25 of the governor or a designee of the governor, the
26 auditor of state, the treasurer of state and two
27 additional members who shall be full-time officers
28 or employees of a political subdivision of this state.
29 The governor's designee shall not be the state
30 comptroller or an employee of the state comptroller's

31 office. The two additional members shall be appointed
32 by the governor for two-year terms with the approval
33 of two-thirds of the members of the senate. The term
34 of office shall begin on January first of the year
35 of appointment and an appointive member shall serve
36 until a successor is appointed and qualifies. A
37 vacancy shall be filled for the unexpired term. The
38 two additional members are entitled to necessary
39 travel and other expenses incurred while engaged in
40 the duties of office. Expenses of the board are
41 payable from funds appropriated to the state
42 comptroller.

43 3. The state mandate appeal board shall adopt
44 procedures for receiving claims under this section
45 and for providing hearings on the claims. The
46 procedures shall be adopted in accordance with chapter
47 seventeen A (17A) of the Code. The hearing procedure
48 shall provide for presentation of evidence by the
49 claimant and the state comptroller. The concurrence
50 of a majority of the board members shall be required

Page 9

1 to approve a claim submitted under this section.
2 4. Claims submitted under this section for cost
3 reimbursement as provided under section ten (10) of
4 this Act shall be limited to the following:

5 a. A claim alleging that the state comptroller
6 incorrectly reduced the payments to the political
7 subdivision under section ten (10) of this Act.

8 b. A claim alleging that a reimbursement payment
9 was denied by the state comptroller because the cost
10 was incorrectly identified as a nonreimbursable cost
11 excluded from payment under section six (6) of this
12 Act.

13 5. The state board may increase, decrease or deny
14 a claim filed under this section. The decision of
15 the state board is final.

16 6. The state comptroller shall pay the amount
17 of a claim awarded under this section in the same
18 manner as claims are paid under section ten (10) of
19 this Act.

20 Sec. 12. EFFECTIVE DATE. This Act becomes
21 effective January first following its enactment.

22 2. Amend the title, by striking lines 1 through
23 5 and inserting in lieu thereof the following: "An
24 Act relating to state mandates imposed on political
25 subdivisions of the state."

22 fiscal year beginning July 1, 1980, which shall be
23 available for adding to the funds appropriated in
24 the Acts of the Sixty-eighth General Assembly, 1979
25 Session, chapter two (2), section twenty-two (22),
26 subsection one (1) and making a combined adjustment
27 for employees who will receive adjustments in the
28 fiscal year beginning July 1, 1980 provided for in
29 this section and the Acts of the Sixty-eighth General
30 Assembly, 1979 Session, chapter two (2), section
31 twenty-two (22), subsections one (1) and two (2).
32 However, this section does not apply to employees
33 covered under section six (6) of this Act. Funds
34 appropriated by this section shall not be added to
35 the funds appropriated by the Acts of the Sixty-eighth
36 General Assembly, 1979 Session, chapter two (2),
37 sections twenty-three (23) and twenty-four (24).
38 However, employees covered under sections twenty-three
39 (23) and twenty-four (24) of that Act are eligible
40 to receive the two percent pay adjustment payable
41 from funds appropriated by those sections in the same
42 manner as other employees.

43 Sec. 3. There is appropriated from the general
44 fund of the state for the fiscal year beginning July
45 1, 1980 and ending June 30, 1981 to the state
46 comptroller for allocation as additional general state
47 financial aid for supplementary salary adjustment
48 purposes of merged areas as defined in section two
49 hundred eighty A point two (280A.2) of the Code, the
50 sum of one million three hundred thousand (1,300,000)

1 dollars, or so much thereof as is necessary.

2 Sec. 4. Funds appropriated from the general fund
3 of the state in sections two (2) and three (3) of
4 this act shall relate to salaries supported from gen-
5 eral fund appropriations and shall not be used to
6 replace revolving, federal, trusts, or special funds
7 where applicable.

8 Sec. 5. To departmental revolving, trust, or
9 special funds, except for the primary road fund or
10 the road use tax fund, for which the general assembly
11 has established an operating budget, a supplemental
12 authorization is provided to use the funds in an
13 amount necessary to fund salary adjustments at the
14 level authorized in section two (2) of this Act.

15 Sec. 6. Acts of the Sixty-eighth General Assembly,
16 1979 Session, chapter two (2), section twenty-eight
17 (28), is amended by striking the section and inserting
18 in lieu thereof the following:

19 SEC. 28. For the fiscal year beginning July 1,
20 1980 and ending June 30, 1981, the funds allocated
21 to the state board of regents by chapter two (2) of
22 Acts of the Sixty-eighth General Assembly, 1979
23 Session, this Act, and other funds which may be
24 available for the purpose of providing increases for
25 employees not covered by a collective bargaining
26 agreement and employees in the university of northern
27 Iowa faculty bargaining unit, shall be used as follows:

28 1. Employees in the university of northern Iowa
29 faculty bargaining unit shall receive a one and three-
30 tenths percent increase in salary as their salaries
31 exist for the fiscal year ending June 30, 1980, and
32 an additional seven-tenths of one percent of such
33 salaries shall be available for salary increases for
34 such persons at the discretion of the state board
35 of regents. These increases shall be in addition
36 to salary increases otherwise authorized by Acts of
37 the Sixty-eighth General Assembly, 1979 Session,
38 chapter two (2), section twenty-two (22), subsection
39 two (2), paragraph g, and shall be paid at the same
40 time and administered in the same manner as other
41 salary adjustments provided for in section two (2)
42 of this Act. This subsection shall not be construed
43 as a violation of a collective bargaining agreement
44 negotiated pursuant to chapter twenty (20) of the
45 Code.

46 2. The amount necessary to fund for the fiscal
47 year an average base salary increase of nine percent
48 of base salaries for faculty members not covered in
49 a collective bargaining unit and paid during the
50 preceding fiscal year, to be allocated to faculty

Page 3

DIVISION S—5821A (cont'd.)

1 members at the discretion of the state board of
2 regents.

3 3. The amount necessary to fund for the fiscal
4 year a salary increase of five percent of the base
5 salary, plus an additional one percent to be allocated
6 at the discretion of the state board of regents, of
7 each professional and scientific staff member, except
8 board office employees, paid during the preceding
9 fiscal year. The percentage increases authorized
10 for salaries under this subsection do not preclude
11 a professional and scientific staff member from
12 receiving an additional salary increase authorized
13 by the state board of regents consistent with chapter
14 two (2) of Acts of the Sixty-eighth General Assembly,
15 1979 Session, and this Act and appropriations made
16 by the general assembly.

17 4. For employees under the state board of regents'
18 merit system who are not included in the collective
19 bargaining agreement made final under chapter twenty
20 (20) of the Code, except board office employees, the
21 amount necessary to increase the state board of
22 regents' merit pay plan as it exists for the fiscal
23 year ending June 30, 1980, an average amount equal
24 to seven and four-tenths percent. The percentage
25 increase authorized for the pay plan in this subsection
26 does not preclude an employee under the state board
27 of regents' merit system who is not under a collective
28 bargaining agreement and not a board office employee,
29 from receiving any additional salary increase
30 authorized under the state board of regents' merit
31 rules. The merit pay plan adjustment shall be rounded
32 to the nearest whole dollar for the fiscal year.

33 Sec. 7.

34 1. The state comptroller shall determine the
35 actual authorized employee positions in state
36 government payable in whole or in part from the general
37 fund or trust funds of the state, on July 1, 1980,
38 as authorized by the executive council or the board
39 of regents for the executive branch, by the chief
40 justice of the supreme court for the judicial branch,
41 by the legislative council or the appointing
42 authorities of the two houses for the legislative
43 branch. The positions shall be categorized as full-
44 time, intermittent, or part-time positions. During
45 the fiscal year beginning on July 1, 1980, the state

46 comptroller shall monitor the positions and shall
47 report to the governor, the chief justice of the
48 supreme court, the legislative council or the
49 appointing authorities of the two houses of the general
50 assembly, the applicable manner of positions in each

DIVISION S—5821A (cont'd.)

1 category authorized and filled on the last day of
2 each quarter.

3 2. a. As used in this subsection and subsection
4 three (3) of this section, 'appropriate official or
5 agency' means the governor, for a position in the
6 executive branch of state government other than a
7 position which is at an institution governed by the
8 state board of regents and is not on the centralized
9 payroll system; the president or superintendent of
10 an institution governed by the state board of regents
11 for a position in that institution which is not on
12 the centralized payroll system; the chief justice
13 of the supreme court for a position in the judicial
14 branch of state government; the legislative council
15 or appointing authorities of the two houses of the
16 general assembly for a position in the legislative
17 branch of state government; or the superintendent
18 of a merged area school.

19 b. During the fiscal year beginning July 1, 1980,
20 a vacancy in an employee position in state government
21 or a merged area school, other than a position which
22 is independent of state funding, shall not be filled
23 unless the appropriate official or agency reviews
24 the need for filling the vacancy and gives written
25 authorization for it to be filled.

26 3. In reviewing need and authorizing the filling
27 of vacancies, the appropriate official or agency shall
28 consider, to the extent practicable, the following
29 criteria among others:

30 a. Recommendations of the governor's economy
31 committee '79.

32 b. Economic predictions for the economy of the
33 nation, this state, the general fund of the state
34 and other funds applicable to the agency or position
35 reviewed.

36 c. Work loads and job descriptions of other
37 positions in the agency.

38 d. Efficiency measures adopted by or recommended
39 for the agency.

40 e. Special skills or training required for the
41 position.

- 42 f. An increase or decrease in employees of the
 43 agency during the preceding three fiscal years.
 44 g. An increase or decrease in duties delegated
 45 to the agency during the preceding three fiscal years.
 46 h. An increase or decrease in the number of persons
 47 served by the agency during the preceding three fiscal
 48 years.
 49 As used in this subsection, 'agency' may mean a
 50 commission, department or other division of the

Page 5

DIVISION S—5821A (cont'd.)

- 1 executive branch, an institution governed by the state
 2 board of regents, a department or portion of the
 3 judicial branch, either house of the legislature,
 4 a legislative agency, or a merged area school, as
 5 applicable.
 6 4. Subsections one (1), two (2), and three (3)
 7 of this section do not apply to positions held by
 8 inmates, patients or students at state institutions.
 9 5. The general assembly intends that the
 10 implementation of this section either will reduce
 11 the number of actual authorized employee positions
 12 in state government payable in whole or in part from
 13 the general fund or trust funds of the state, in each
 14 category of full-time, intermittent, or part-time
 15 positions, on June 30, 1981, by at least two percent
 16 below the number of such positions on July 1, 1980
 17 or will increase the average vacancy factor in
 18 employment positions by at least one month.
 19 6. Actions taken by the presidents or
 20 superintendents of institutions governed by the state
 21 board of regents for the purpose of implementing this
 22 section shall be reported to the board of regents
 23 and to the governor. Actions taken by superintendents
 24 of merged area schools for the purpose of implementing
 25 this section shall be reported to the state board
 26 of public instruction and the governor. The reports
 27 shall be made not less than quarterly.
 28 Sec. 8. Section one hundred twenty-three point
 29 fifty-three (123.53), Code 1979, is amended by striking
 30 subsection seven (7).
 31 Sec. 9. Section four hundred twenty-six A point
 32 one (426A.1), Code 1979, is amended to read as follows:
 33 426A.1 MILITARY SERVICE TAX CREDIT [FUND]. There
 34 is hereby appropriated from any moneys in the state
 35 treasury not otherwise appropriated, [the] a sum [of
 36 eight hundred thousand dollars to establish a fund

37 to be known as 'the military service tax credit fund'.
 38 in which fund shall also be included the amounts
 39 credited to the military service tax fund provided
 40 by section 123.53, subsection 7) *sufficient to pay*
 41 *the military service tax credits in the manner provided*
 42 *in this chapter.*

43 Sec. 10. Section four hundred twenty-six A point

 45 426A.2 WHERE CREDIT GIVEN. The military service
 46 tax credit [fund] shall be [apportioned] *paid* each year
 47 as hereinafter provided so as to replace all or a
 48 portion of the tax on property eligible for military
 49 service tax exemption in the state, where such property

1 equal to not more than six dollars and seventy-five
 2 cents per thousand dollars of assessed value upon
 3 the valuation of property subject to the tax which,
 4 but for military service tax exemption, would be
 5 payable upon such property in the taxing district
 6 to which such property is located.

7 Sec. 11. Section four hundred twenty-six A point
 8 four (426A.4), Code 1979, is amended to read as
 9 follows:

10 426A.4 CERTIFICATION BY DIRECTOR OF REVENUE.

11 Sums distributable [from] *for* the military service tax
 12 credit [fund] shall be allocated every six months to
 13 the several counties of the state. On March 25 and
 14 September 25 annually the director of revenue shall
 15 certify to the comptroller the total credits claimed
 16 by each county. Upon receipt of the certification
 17 from the director of revenue, the comptroller shall
 18 draw warrants to the treasurer of each county payable
 19 from the [military tax service credit] *general* fund
 20 in the amount claimed[, provided that if the amount
 21 of money in said fund is insufficient to pay the
 22 credits claimed in full, then in that event they shall
 23 be paid on a pro rata basis.]

24 Sec. 12. Section four hundred twenty-six A point
 25 six (426A.6), Code 1979, is amended to read as follows:

26 426A.6 SETTING ASIDE ALLOWANCE. Should the
 27 director of revenue determine, upon investigation,
 28 that any claim for military service tax exemption
 29 has been allowed by any board of supervisors which
 30 is not justifiable under the law and not substantiated

31 by proper facts, the director may, at any time within
32 twenty-four months from July 1 of the year in which
33 the claim is filed, set aside such allowance. Notice
34 of such disallowance shall be given to the county
35 auditor of the county in which such claim has been
36 improperly granted and a written notice of such
37 disallowance shall also be addressed to the claimant
38 at his last known address. Such claimant, or the
39 board of supervisors, may seek judicial review of
40 the action of the director or revenue in accordance
41 with the terms of the Iowa administrative procedure
42 Act. In any case, where a claim is so disallowed
43 by the director of revenue and no petition for judicial
44 review is filed with respect to such disallowance,
45 any amounts of credits allowed and paid [from the
46 military service tax credit fund] shall become a lien
47 upon the property on which said credit was originally
48 granted, if still in the hands of the claimant, and
49 not in the hands of a bona fide purchaser, and any
50 amount so erroneously paid shall be collected by the

Page 7

DIVISION S—5821A (cont'd.)

1 county treasurer in the same manner as other taxes
2 and such collections shall be returned to the
3 department of revenue and credited to the [military
4 service tax credit] *general* fund. The director of
5 revenue shall also have the authority to institute
6 legal proceedings against a military service tax
7 exemption claimant for the collection of all payments
8 made on such disallowed exemptions.

9 Sec. 13. Section four hundred twenty-six A point
10 eight (426A.8), Code 1979, is amended to read as
11 follows:

12 426A.8 EXCESS REMITTED—APPEALS. If the amount
13 of credit apportioned to any property eligible to
14 military service tax exemption under the provisions
15 of this chapter in any year shall exceed the total
16 tax, exclusive of any special assessments levied
17 against such property eligible for military service
18 tax exemption then such excess shall be remitted by
19 the county treasurer to the department of revenue
20 to be redeposited in the [military service tax credit]
21 *general* fund [and reallocated the following year by
22 the department as provided hereunder.]

23 In the event any claim for exemption made hereunder
24 has been denied by the board of supervisors, and such

25 action is subsequently reversed on appeal, the same
 26 credit shall be allowed on the assessed valuation,
 27 not to exceed the amount of the military service tax
 28 exemption involved in said appeal, as was allowed
 29 on other military service tax exemption valuations
 30 for the year or years in question, and the director
 31 of revenue, the county auditor, and the county
 32 treasurer are hereby authorized and directed to make
 33 such credit and to change their books and records
 34 accordingly.

35 In the event the appealing taxpayer has paid one
 36 or both of the installments of the tax payable in
 37 the year or years in question on such military service
 38 tax exemption valuation, remittance shall be made
 39 to the county treasurer in the amount of such credit.

40 The amount of such credit shall be allocated and
 41 paid from the [surplus redeposited in the military
 42 tax credit fund provided for in the first paragraph
 43 of this section] *general fund*.

44 Sec. 14. Section four hundred twenty-six A point
 45 nine (426A.9), Code 1979, is amended to read as
 46 follows:

47 426A.9 ERRONEOUS CREDITS. In the event any claim
 48 is allowed, and subsequently reversed on appeal, any
 49 credit made thereunder shall be void, and the amount
 50 of such credit shall be charged against the property

DIVISION S—5821A (cont'd.)

1 in question, and the director of revenue, the county
 2 auditor and the county treasurer are authorized and
 3 directed to correct their books and records

 5 when collected, shall be returned by the county
 6 treasurer to the [military service tax credit] *general*
 7 fund [to be reallocated the following year as provided
 8 herein] *of the state*.

9 Sec. 15. Section four hundred twenty-six A point
 10 ten (426A.10), Code 1979, is repealed.

11 Sec. 16. The state comptroller shall report to
 12 the legislative fiscal committee not less than

27 5. Page 40, by inserting after line 33 the follow-

29 Sec. 71. *NEW SECTION. FINDINGS AND PURPOSE.* The
30 general assembly finds that community-based care, provided
31 in many parts of the state by highly autonomous community
32 mental health centers working cooperatively with state
33 mental health institutes, is meeting most mental health
34 needs of those Iowans to whom this care is available.
35 However, the general assembly recognizes that there are
36 some persons unserved or underserved and that heavy reliance
37 on property tax funding for mental health services has
38 restricted uniform availability of this care. Consequently,
39 greater efforts should be made to assure close coordination
40 and continuity of care for those individuals receiving
41 publicly supported mental health services in Iowa. It
42 is the purpose of sections seventy-one (71) through ninety-
43 seven (97) of this Act to continue and to strengthen the
44 mental health services now available in the state of Iowa,
45 to make these services conveniently available to all persons
46 in this state upon a reasonably uniform financial basis,
47 regardless of race, creed, national origin, handicap, age
48 or sex, and to assure the continued high quality of these
49 services.

50 Sec. 72. *NEW SECTION. DEFINITIONS.* As used in seventy-

Page 2

1 one (71) through ninety-seven (97) of this Act:

2 1. “Department” means the department of mental health.

3 2. “Commission” means the mental health commission.

4 3. “Director” means the director of mental health.

5 4. “Comprehensive services” means the mental health
6 services delineated by United States Public Law 94-63,
7 as amended to January 1, 1980.

8 5. “Autistic persons” means individuals, regardless
9 of age, with severe communication and behavior disorders
10 that become manifest during the early stages of childhood
11 development and that are characterized by a severely
12 disabled inability to understand, communicate, learn and
13 participate in social relationships. “Autistic persons”
14 includes but is not limited to those individuals afflicted
15 by infantile autism, profound aphasia and childhood
16 psychosis.

17 Sec. 73. *NEW SECTION. DEPARTMENT ESTABLISHED.*

18 1. A department of mental health is established to
19 administer or coordinate programs established by or
20 authorized under the laws of this state for the benefit
21 of persons affected by mental illness and for the
22 enhancement of mental health. The department is headed

23 by the director of mental health, and its offices shall
 24 be located at the seat of government, except that the
 25 offices of the research and education division may be
 26 located elsewhere at the discretion of the commission.
 27 The state mental health institutes established by chapter
 28 two hundred twenty-six (226) of the Code are a part of
 29 the department.

30 2. The department shall maintain the following major
 31 functional divisions:

- 32 a. The administrative division.
- 33 b. The standards and accreditation division.
- 34 c. The community services division.
- 35 d. The planning and evaluation division.
- 36 e. The research and education division.

37 3. The department is designated the Iowa mental health
 38 authority for the purpose of directing the benefits of
 39 United States Pub. L. No. 79-487, 60 Stat. L. 538 (1946)
 40 and amendments thereto.

41 Sec. 74. *NEW SECTION.* STATE MENTAL HEALTH COMMISSION.

42 1. The policy-making body for the department is the
 43 mental health commission, consisting of eleven members
 44 appointed by the governor with approval of two-thirds of
 45 the members of the senate. Commission members shall be
 46 appointed on the basis of interest and experience in the
 47 field of mental health, and in a manner so that, if
 48 possible, the composition of the commission will comply
 49 with the pertinent requirements of United States Pub. L.
 50 No. 94-63 relative to a state mental health advisory

Page 3

1 council. At least one voting member of the commission

 9 beginning July first of that year. However, of the initial

 12 succeeding year, four to serve terms ending June thirtieth
 13 of the third succeeding year, and four to serve terms

 15 the year in which this section takes effect. Vacancies
 16 on the commission shall be filled by appointment by the
 17 governor. An appointment to fill a vacancy occurring when
 18 the general assembly is not in session expires thirty days
 19 after the convening of the next regular session; an

20 appointment to fill a vacancy occurring during a session
 21 of the general assembly is for the balance of the unexpired
 22 term and is subject to approval of two-thirds of the members
 23 of the senate. No member shall be appointed for more than
 24 two consecutive three-year terms.

25 3. Members of the commission shall qualify by taking
 26 the oath of office prescribed by law for state officers.
 27 At its first meeting after July first of each year, the
 28 commission shall organize by electing a chairperson and
 29 a vice chairperson for terms of two years. Commission
 30 members are entitled to forty dollars per diem and
 31 reimbursement for actual and necessary expenses incurred
 32 while engaged in their official duties, to be paid from
 33 funds appropriated to the department.

34 Sec. 75. *NEW SECTION. POWERS AND DUTIES OF COMMISSION.*

35 The mental health commission shall:

36 1. Advise the governor upon the appointment of, and
 37 when its members deem it appropriate, upon the retention
 38 or discharge of, the director of mental health.

39 2. Review and adopt a comprehensive state plan for

 6 the state. Each county and each city included within the
 7 boundaries of any region which it is proposed to establish
 8 or revise shall be given the opportunity to send a
 9 representative to a hearing on the proposed regional
 10 boundary, and the commission shall consider the views
 11 expressed at the hearing before establishing or revising
 12 the boundary.

13 7. Advise the director on administration of the state
 14 mental health institutes established under chapter two
 15 hundred twenty-six (226) of the Code.

6 Sec. 76. *NEW SECTION. DIRECTOR OF MENTAL HEALTH.*

7 The director of mental health is appointed by the
8 governor with the advice of the commission and the

1 fiscal year. Before completion of the department's

2 budget estimate as required by section eight point
3 twenty-three (8.23) of the Code, the commission shall
4 determine and cause to be included in the estimate
5 the amount which should be appropriated to the fund
6 for the forthcoming fiscal period in order to implement

9 2. The state community mental health services

18 Sec. 85. *NEW SECTION. DISTRIBUTION OF GENERAL*
19 *ALLOCATION.* Each county in the state is entitled

23 eighty-six (86) of this Act, subject to the
24 requirements of section eighty-seven (87) of this
25 Act. As soon after July first of each year as
26 reasonably possible, the director shall certify to
27 the state comptroller the amount to which each county
28 is entitled from the general allocation and the
29 comptroller shall issue warrants in the amounts
30 certified, drawn upon the general allocation in favor
31 of the respective counties. Each county shall place

35 and only for the purposes authorized by subsection
36 six (6) of section four hundred forty-four point
37 twelve (444.12) of the Code.

38 Sec. 86. *NEW SECTION. FORMULA FOR DISTRIBUTION*
39 *OF GENERAL ALLOCATION.*

40 1. It is the intent of the general assembly that
41 the general allocation of the community mental health
42 services fund be distributed so as to insure that
43 each county participates in the distribution of the
44 funds, to recognize past efforts made by individual
45 counties to support mental health and state
46 institutional services, and to recognize both
47 individual counties as entities and the distribution
48 of the state population across counties.

49 2. In distributing the general allocation, each
50 county shall receive an amount equal to the sum of

Page 11

1 the following two factors:

2 a. Fifty percent of the general allocation divided
3 by a factor of ninety-nine.

4 b. Fifty percent of the general allocation
5 multiplied by a factor equal to that county's
6 proportionate share of the total state population.

7 Sec. 87. *NEW SECTION.* REQUIREMENTS OF COUNTIES
8 RECEIVING GENERAL ALLOCATION MONEY.

9 1. A county is entitled to receive money from
10 the general allocation of the state community mental
11 health services fund in any fiscal year in an amount
12 determined by section eighty-six (86) of this Act,
13 if that county:

14 a. Raised by county levy and expended from the
15 proceeds of that levy for mental health services,
16 in the preceding fiscal year, an amount of money at
17 least equal to the amount so raised and expended for
18 those purposes during the fiscal year beginning July
19 1, 1978.

20 (1) For the purpose of paragraph a of this
21 subsection, money "raised by county levy and expended
22 from the proceeds of that levy for mental health
23 services" means, with reference to any fiscal year
24 beginning after the effective date of this Act, the
25 total amount of money raised by county property tax
26 levy and expended by the county from the county mental
27 health and institutions fund for the purposes
28 authorized by subsection two (2), paragraphs a and
29 c, subsection four (4), paragraph a, and subsection
30 six (6) of section four hundred forty-four point
31 twelve (444.12) of the Code, as that section is amended
32 by this Act, exclusive of state money received from
33 the general allocation of the community mental health
34 services fund, the county assistance fund, federal
35 revenue sharing funds and any other federal funds
36 received by the county, and of any third party
37 reimbursement to the county. With reference to the
38 fiscal year beginning July 1, 1978, money "raised
39 by county levy and expended from the proceeds of that
40 levy for mental health services" means the total
41 amount levied and expended by the county under section
42 four hundred forty-four point twelve (444.12) of the
43 Code as the section read at the time that levy was
44 made, adjusted by a procedure prescribed by rules
45 promulgated by the auditor of state, in consultation
46 with the director and the county finance committee,
47 to include only mental health expenditures which the

48 county made in that fiscal year from the proceeds
49 of that levy.
50 (2) Each county shall, as soon as practicable

Page 12

1 after the effective date of this Act, begin
2 preparations to adopt and shall within two years after
3 that date implement an accounting and financial
4 reporting procedure for recording expenditures for
5 mental health services, in conformity with rules
6 promulgated by the auditor of state, in consultation
7 with the county finance committee and the director.
8 It is the intent of this subparagraph that the
9 Seventieth General Assembly, at its 1983 Session,
10 reconsider the requirements of paragraph a of this
11 subsection with a view to possible adjustments to
12 more precisely measure each county's financial effort
13 in support of mental health services.

14 b. Submits or joins other counties in submitting,
15 prior to September fifteenth of each year, an
16 application for a share of the general allocation
17 for the succeeding fiscal year which is in conformity
18 with subsection two (2) of this section.

19 2. An application may be filed by a county or
20 jointly by two or more counties. The application
21 shall consist of:

22 a. An annual plan to improve or maintain
23 availability and accessibility of comprehensive
24 services to residents of the county or counties, which
25 is found by the director to be in substantial
26 compliance with the requirements of sections seventy-
27 one (71) through eighty-nine (89) of this Act. The
28 annual plan will be found in substantial compliance
29 with those requirements if it:

30 (1) Indicates that the services for which the
31 county or counties intend to use general allocation
32 money are comprehensive services or other services
33 mandated or authorized by law, and are offered by
34 accredited providers where accreditation standards
35 are applicable.

36 (2) Demonstrates continuing efforts to improve
37 the availability and accessibility of comprehensive
38 services by establishing or maintaining formal
39 agreements for purchase of services or grant
40 relationships with providers of such services, and
41 by extending eligibility for those services to all
42 residents of the county or counties who are unable
43 to assume the full cost of their care.

44 (3) Demonstrates effective implementation of any
 45 annual plan submitted by the county or counties under
 46 this subsection for the preceding fiscal year.
 47 b. Evidence that the county, or each county which
 48 is a party to a joint application, is in compliance
 49 with subsection one (1), paragraph a of this section.
 50 3. Each application submitted under this section

Page 13

1 shall be for a period of at least one year and shall
 2 be acted upon promptly by the director, who shall
 3 notify the applicant county or counties of its action
 4 on the application no later than November first of
 5 the year in which the application is submitted. Money
 6 from the general allocation of the fund shall be
 7 disbursed on a quarterly basis to the counties entitled
 8 to the money under section eighty-six (86) of this
 9 Act and this section. Counties receiving the money
 10 shall submit quarterly financial and plan status
 11 reports in the manner prescribed by the director.

12 4. A county shall return to the treasurer of state
 13 not later than September thirtieth of each year for
 14 placement in the general allocation of the state
 15 community mental health services fund, an amount equal
 16 to the amount by which expenditures by the county
 17 under section four hundred forty-four point twelve
 18 (444.12), subsection six (6) of the Code, as amended
 19 by this Act, during the fiscal year ending the
 20 preceding June thirtieth were less than the total
 21 of that county's share of the state community mental
 22 health services fund for that preceding fiscal year.

23 5. All amounts returned to, or not disbursed from
 24 the general allocation of the state community mental
 25 health services fund in any fiscal year shall be
 26 redistributed among the eligible counties during that
 27 fiscal year by the formula prescribed by section
 28 eighty-six (86) of this Act.

29 **Sec. 88. NEW SECTION. SPECIAL ALLOCATION.** The
 30 special allocation of the state community mental
 31 health services fund may be used by the community
 32 services division to make grants-in-aid to counties
 33 or other appropriate entities in this state to
 34 establish or expand community-based mental health
 35 services and thereby provide to persons in a particular
 36 county or area one or more new mental health services
 37 not previously available to persons in that county
 38 or area, in furtherance of the purpose stated in
 39 section seventy-one (71) of this Act. A grant may

40 be made on terms providing for its use by the county
41 or other grantee over a period of time greater than
42 one year, but the entire grant shall be made from
43 money available in the special allocation for the
44 fiscal year during which the grant is made, and the
45 community services division shall not purport to
46 obligate funds which it anticipates will be
47 appropriated in any future fiscal year. Each grant
48 shall be made on terms and conditions agreed to by
49 the community services division and the county or
50 other grantee, consistent with law, but no grant is

Page 14

1 valid until its terms and conditions are specifically
2 approved by the commission.

3 Sec. 89. *NEW SECTION. PARTIAL REIMBURSEMENT TO*
4 *COUNTIES FOR LOCAL INPATIENT MENTAL HEALTH CARE AND*
5 *TREATMENT.*

6 1. Each county which pays, from county funds
7 budgeted under section four hundred forty-four point
8 twelve (444.12), subsection six (6) of the Code, as
9 amended by this Act, the cost of care and treatment
10 of a mentally ill person who is admitted pursuant
11 to a preliminary diagnostic evaluation under sections
12 ninety (90) through ninety-three (93) of this Act
13 for treatment as an inpatient of a hospital facility,
14 other than a state mental health institute, which
15 has a distinct mental health program and which is
16 accredited by the joint commission on accreditation
17 of hospitals, is entitled to reimbursement from the
18 state for a portion of the daily cost so incurred
19 by the county. However, a county is not entitled
20 to reimbursement under this subsection for any cost
21 incurred in connection with the hospitalization of
22 a person who is eligible for medical assistance under
23 chapter two hundred forty-nine A (249A) of the Code,
24 or who is entitled to have his or her care or treat-
25 ment paid for by any other third party payer, or who
26 is admitted for preliminary diagnostic evaluation
27 under sections ninety (90) through ninety-three (93)
28 of this Act. The amount of reimbursement for the
29 cost of care and treatment of a local inpatient to
30 which a county is entitled under this subsection,
31 on a per-patient-per-day basis, is an amount equal
32 to twenty percent of the average of the respective
33 state mental health institutes' individual average
34 daily patient costs in the most recent calendar quarter
35 for the program in which the local inpatient would
36 have been served if he or she had been admitted to

37 a state mental health institute.

38 2. Each county may claim the reimbursement provided
39 for by subsection one (1) of this section by filing
40 with the department a claim in a form prescribed by
41 the commission by administrative rule. Claims may
42 be filed on a quarterly basis, and when received shall
43 be verified expeditiously by the department. The
44 department shall certify to the state comptroller
45 the amount to which each county claiming reimbursement
46 under this section is entitled, and the comptroller
47 shall issue warrants to the respective counties drawn
48 upon funds appropriated by the general assembly for
49 the purpose of this section. Each county shall place
50 funds received under this section in the county mental

Page 15

1 health and institutions fund. If the appropriation
2 for any fiscal year is insufficient to pay all claims
3 arising under this section, the comptroller shall
4 prorate the funds appropriated for that year among
5 the claimant counties so that an equal proportion
6 of each county's claim is paid in each quarter for
7 which proration is necessary.

8 Sec. 90. *NEW SECTION.* PRELIMINARY DIAGNOSTIC
9 EVALUATION.

10 1. It is the policy of this state that, except
11 in cases of medical emergency, a person shall be
12 admitted to a state mental health institute as an
13 inpatient only after a preliminary diagnostic
14 evaluation by a community mental health center, or
15 by an alternative diagnostic facility, has confirmed
16 that the admission is appropriate to that person's
17 needs, and that no suitable alternative method of
18 providing the services needed by that person in a
19 less restrictive setting, or in or nearer to the
20 person's home community, is currently available.
21 The policy established by this section shall be
22 implemented in the manner and to the extent prescribed
23 by sections ninety-one (91), ninety-two (92) and
24 ninety-three (93) of this Act.

25 2. As used in sections ninety (90) through ninety-
26 three (93) of this Act, the term "medical emergency"
27 means a situation in which a prospective patient is
28 received at a state mental health institute in a
29 condition which, in the opinion of the institute's
30 superintendent or clinical director, or that officer's
31 physician designee, requires the immediate admission
32 of the person notwithstanding the policy stated in

33 subsection one (1) of this section.

34 Sec. 91. *NEW SECTION. RESOLUTION BY SUPERVISORS*
35 *REQUIRED.* The board of supervisors of each county
36 shall, no later than July 1, 1981, adopt a resolution
37 requiring that the policy stated by section ninety
38 (90) of this Act be followed with respect to admission
39 of persons from that county to any state mental health
40 institute. Upon adoption of such a resolution by
41 the board of supervisors of a county which is
42 supporting a community mental health center, directly
43 or in affiliation with other counties, it shall be
44 presumed to be a part of that center's responsibilities
45 to perform the preliminary diagnostic evaluations
46 required by that county in order to implement the
47 policy stated by section ninety (90) of this Act.
48 However, if performance of such evaluations is not
49 covered by the agreement entered into by the county
50 and the center under section two hundred thirty A

Page 16

1 point twelve (230A.12) of the Code, and the center's
2 director certifies to the county board of supervisors
3 that the center does not have the capacity to perform
4 the needed evaluations, the board of supervisors may
5 proceed as provided by section ninety-three (93) of
6 this Act.

7 Sec. 92. *NEW SECTION. IMPLEMENTATION OF*
8 *RESOLUTION.* When the board of supervisors of a county
9 has adopted a resolution as required by section ninety-
10 one (91) of this Act:

11 1. The chief medical officer of a state mental
12 health institute, or that officer's physician designee,
13 shall advise any person residing in that county who
14 applies for voluntary admission, or any person applying
15 for the voluntary admission of another person who
16 resides in that county, in accordance with section
17 two hundred twenty-nine point forty-one (229.41) of
18 the Code that the board of supervisors has acted to
19 implement the policy stated by section ninety (90)
20 of this Act, and shall advise that a preliminary
21 diagnostic evaluation of the proposed patient be
22 sought from the appropriate community mental health
23 center or alternative diagnostic facility, if that
24 has not already been done. This subsection shall
25 not apply when voluntary admission is sought in
26 accordance with section two hundred twenty-nine point
27 forty-one (229.41) of the Code under circumstances
28 which, in the opinion of the chief medical officer

29 or that officer's physician designee, constitute a
30 medical emergency.

31 2. The clerk of the district court in that county
32 shall refer any person applying for authorization
33 for voluntary admission, or for authorization for
34 voluntary admission of another person, in accordance
35 with section two hundred twenty-nine point forty-two
36 (229.42) of the Code to the appropriate community
37 mental health center or alternative diagnostic facility
38 for preliminary diagnostic evaluation unless the
39 applicant furnishes a written statement from that
40 center or facility that such an evaluation has been
41 performed and indicates that the person's admission
42 to a state mental health institute is appropriate.
43 This subsection shall not apply when authorization
44 for voluntary admission is sought under circumstances
45 which, in the opinion of the mental health institute's
46 chief medical officer or that officer's physician
47 designee, constitute a medical emergency.

48 3. Judges of the district court in that county,
49 or the judicial hospitalization referee appointed
50 for that county, as the case may be, shall so far

Page 17

1 as possible arrange for a physician on the staff of
2 or designated by the appropriate community mental
3 health center or alternative diagnostic facility to
4 perform each prehearing examination of a respondent
5 required under section two hundred twenty-nine point
6 eight (229.8), subsection three (3), paragraph b of
7 the Code.

8 4. The chief medical officer of a state mental
9 health institute shall promptly submit to the
10 appropriate community mental health center or
11 alternative diagnostic facility a report of each
12 voluntary admission of a patient under the medical
13 emergency clauses of subsections one (1) and two (2)
14 of this section. The report shall explain the nature
15 of the emergency which necessitated the admission
16 of the patient without a preliminary diagnostic
17 evaluation by the center or alternative facility.

18 5. When the proposed admission of a person to
19 a state mental health institute, on either a voluntary
20 or an involuntary basis, is primarily for treatment
21 of alcoholism or drug abuse, each reference to a
22 community mental health center or alternative
23 diagnostic facility in subsections one (1) to four
24 (4) of this section may be deemed a reference to a
25 facility as defined in section one hundred twenty-

26 five point two (125.2), subsection two (2) of the
27 Code. However, this subsection does not contravene
28 the provision of section two hundred twenty-nine point
29 fifty-one (229.51), subsection two (2) of the Code
30 that a physician employed by the admitting facility
31 or the department is not eligible to be the certifying
32 physician.

33 Sec. 93. *NEW SECTION. ALTERNATIVE DIAGNOSTIC*
34 *FACILITY.* If a county is not served by a community
35 mental health center having the capacity to perform
36 the required preliminary diagnostic evaluations at
37 the time the board of supervisors of that county
38 adopts a resolution to implement the policy stated
39 by section ninety (90) of this Act, the board may
40 arrange for such evaluations to be performed by an
41 alternative diagnostic facility for the period until
42 the county is served by a community mental health
43 center with the capacity to provide that service.
44 An alternative diagnostic facility may be the
45 outpatient service of a state mental health institute
46 or any other mental health facility or service able
47 to furnish the requisite professional skills to
48 properly perform a preliminary diagnostic evaluation
49 of a person whose admission to a state mental health
50 institute is being sought or considered on either

Page 18

1 a voluntary or an involuntary basis.

2 Sec. 94. *NEW SECTION. SPECIAL CONSULTATION WITH*
3 *COMMISSION ON SUBSTANCE ABUSE.* Upon its establishment,
4 the commission shall enter into continuing consultation
5 with the commission on substance abuse established
6 under section one hundred twenty-five point three
7 (125.3) of the Code. The objectives of this
8 consultation are:

9 1. Concurrent planning with respect to services
10 offered, supervised or monitored by the two
11 departments, to maximize coordination and minimize
12 duplication or conflict between these services.

13 2. Development of recommendations, agreed to if
14 possible by both commissions, respecting the status
15 and duties of the department of substance abuse after
16 July 1, 1982, which shall be submitted to the governor
17 and the Sixty-ninth General Assembly not later than
18 January 15, 1981.

19 Sec. 95. *NEW SECTION. AUTHORITY OF DIRECTOR TO*
20 *LEASE FACILITIES.* The director may enter into
21 agreements under which any facility or portion of

22 a facility administered by the department is leased
23 to a department or division of state government, a
24 county or group of counties, or a private nonprofit
25 corporation organized under chapter five hundred four
26 A (504A) of the Code. Any lease executed under this
27 section shall require that the lessee operate the
28 leased premises so as to deliver comprehensive
29 services, as well as other services delivered by an
30 agency of state or county government, when appropriate.

31 Sec. 96. *NEW SECTION. AUTISM UNIT.*

32 1. The director may organize and establish an
33 autism unit at any institution or facility being
34 administered by the department, to provide psychiatric
35 and related services and other specific programs to
36 meet the needs of autistic persons, and to furnish
37 appropriate diagnostic evaluation services. The
38 director may designate a portion of the physical
39 facilities of any such institution to be occupied
40 by the offices and facilities of the autism unit,
41 and determine the extent to which that unit may ef-
42 fectively make use of the services of the institution's
43 staff and what staff personnel should be employed
44 for and assigned specifically to the autism unit.

45 2. In addition to any other method of referral,
46 admission, commitment or transfer provided by chapters
47 two hundred twenty-two (222) and two hundred twenty-
48 nine (229) of the Code, a person may be referred
49 directly to the autism unit by courts, law enforcement
50 agencies, or state correctional institutions. However,

Page 19

1 a person so referred shall not be admitted to the
2 autism unit unless a preadmission diagnostic evaluation
3 indicates that the person is likely to benefit from
4 the unit's services, and the admission of that person
5 to the unit would not cause the unit's patient load
6 to exceed its capacity.

7 Sec. 97. *NEW SECTION. COUNTY MENTAL HEALTH*
8 *COORDINATING BOARD.*

9 1. The board of supervisors of each county in
10 this state shall, independently or in conjunction
11 with one or more other county boards of supervisors,
12 either establish a county or joint county mental
13 health coordinating board or constitute the board
14 or the joint boards of supervisors as the ex officio
15 mental health coordinating board. If a separate
16 mental health coordinating board is established, it
17 shall be composed of persons who have demonstrated

18 a concern for mental health services and its size
19 shall be determined by the board of joint boards of

23 serve ex officio as the mental health coordinating
24 board, it shall establish an advisory board composed
25 of persons who have demonstrated a concern for mental
26 health services, and who are not elected governmental
27 officials, to advise the coordinating board with

33 mental health services in the counties represented
34 by the membership of the board.

49 department of mental health, and the extent to which
50 the purpose stated in section seventy-one (71) of

Page 20

1 this Act has been achieved, and shall at that session

50 into an escrow arrangement with a bank and depositing

Page 2

1 with the bank government securities issued by the
2 United States or this state or a political subdivision
3 of this state, which have a market value or not less
4 than one hundred ten percent of the amounts withdrawn.

26 shall collect all interest income from the securities.
27 The escrow deposits provided in this section shall
28 be in a bank which has been approved as a depository
29 for public funds as provided in chapter four hundred
30 fifty-three (453) of the Code.

31 4. Interest or income which is earned on amounts
32 held in escrow and collected by the bank under this
33 section shall accrue to the benefit of the contractor,

34 provided that if the contractor has withheld any
 35 portion of the amount payable by the contractor to
 36 a subcontractor under the agreement between the
 37 contractor and the subcontractor, then the
 38 subcontractor is entitle to and has a lien upon the
 39 interest or income in the proportion that the amount
 40 withheld from the subcontractor bears to the amount
 41 held in escrow.

42 5. This section does not apply where the

12 [In making said payments, there shall be retained ten
 13 percent of each said monthly estimate by the public
 14 corporation, provided, however, that if the contract

 17 of the improvement has been completed finds that
 18 satisfactory progress is being made, the public
 19 corporation may authorize any of such remaining
 20 payments to be made in full.] *The public corporation*

GOVERNOR'S ITEM VETO MESSAGES

May 20, 1980

The Honorable Melvin D. Synhorst
Secretary of State
State Capitol Building
L O C A L

Dear Mr. Secretary:

I hereby transmit House File 2598, an act relating to administration, benefits, and funding of certain public retirement systems, and to make appropriations.

House File 2598 is approved May 20, 1980, with the following exceptions which I hereby disapprove.

I am unable to approve the item designated in the Act as Section 25 which reads as follows:

Sec. 25. Section ninety-seven B point fifty-nine (97B.59), Code 1979, is amended to read as follows:

97B.59 ACTUARY EMPLOYED. The [department] *legislative council* shall employ an actuary *for the department to serve* as its technical advisor. The compensation of the actuary and of other employees shall be fixed by the department within the appropriations made therefor *and subject to the approval of the legislative council*.

I am unable to approve the item designated in the Act as Section 26 which reads as follows:

Sec. 26. Section ninety-seven B point sixty-seven (97B.67), Code 1979, is amended by adding the following new subsection:

NEW SUBSECTION. It is the intent of the general assembly that the general assembly meeting in 1982 review whether there is sufficient unobligated revenue in the general fund of the state to appropriate funds to pay the benefit increases provided in sections three (3), fourteen (14) and twenty-one (21) of this Act from the general fund of the state, and if sufficient revenue is available, the general assembly shall appropriate the funds necessary.

Currently the law authorizes the Department of Job Service, which administers the IPERS system, to hire an actuary for the pension plan. Section 25 would transfer that authority to the Legislative Council and further provides that the Legislative Council must approve the compensation to be paid not only to the actuary, but all the other IPERS employees as well.

This is clearly a very blatant attempt by the legislature to assume executive authority contrary to the Constitution. The administration of IPERS requires the ability for the Executive Branch to evaluate the soundness of the system and protect its long-standing, financial integrity. An actuary is needed to do the actuarial investigations and annual actuarial valuations required by law. The actuary employed for these purposes must be free from political pressure, which employment by the legislature could jeopardize.

The legislature obviously has need for expert advice when it considers complex and technical pension legislation. It has that through the IPERS actuary. If it believes that yet another view apart from the IPERS actuary is needed, the legislature could hire its own expert. Although it does not seem needed, such an arrangement would provide for an independent analysis of reports from the IPERS office and their actuary, much like the current arrangement between the State Comptroller and the Legislative Fiscal Director.

Beyond the issue of separate actuaries, I am also concerned with the provision for determining the compensation for all employees in the IPERS office by the Legislative Council. The legislature has complete power today to review, revise and approve the budget for the IPERS office. However, the power of the purse does not provide the legislature with the right to invade the administration of an executive agency, hire its employees and determine the salaries of all its employees. As legislators are quick to point out apparent intrusions by agencies into the legislative arena through rule-making, they should also be mindful of their tendencies to encroach into the Executive Branch of government. The setting of salaries is basic to any administration and should not be delegated to another branch of government.

Section 26 of the bill provides legislative intent to reconsider in 1982 the question of funding certain benefits this bill authorizes from the state's general fund rather than from the IPERS trust fund. The latter arrangement was finally agreed to this year after long debate and was influenced by the decline in state general fund revenues experienced late in the session.

Since the question of which source of funds should be used can always be raised with or without this section and the fact that we must continue to be cautious about incurring future obligations to the general fund, I believe it is inappropriate to keep this language in the bill. We may be hard pressed in the next biennium to meet the needs of existing state programs and responsibilities already financed from the general fund. Since actuaries have assured us that the IPERS trust fund has sufficient funds to finance all the IPERS improvements included in the bill, it appears that we can accept the arrangement approved this year. It would be unfair to mislead people into believing the source of funding will be easily changed, especially when there are so many other pressing, unmet needs.

For the above reasons, I hereby disapprove these items in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of House File 2598 are hereby approved as of this date.

Sincerely,
ROBERT D. RAY

Dear Mr. Secretary:

I hereby transmit House File 2595, an act relating to capital appropriations by reducing appropriations previously made by the general assembly, making additional appropriations for fiscal year 1980-1981, and restoring funds for the fiscal year 1981-1982 for capital improvements reduced by this act and to authorize the fair board to accept gifts and to authorize a study committee to be appointed by the legislative council.

House File 2595 is approved May 22, 1980, with the following exception which I hereby disapprove.

I am unable to approve the item designated in the act as Section 5 which reads as follows:

Sec. 5. Acts of the Sixty-eighth General Assembly, 1979 Session, chapter fourteen (14), section fifteen (15), subsection one (1), paragraph a, subparagraph one (1), is amended to read as follows:

(1) For the renovation, and remodeling of the Robert Lucas building \$ [3,000,000]
2,000,000

The department of general services may expend not exceeding two hundred sixty-seven thousand two hundred (267,000) dollars for architectural fees for the renovation and remodeling authorized by this subparagraph. The appropriation made in this subparagraph is conditioned upon the employees located in the east side of the corridor in the office of the auditor of state being moved to the Robert Lucas building and that space being assigned to the legislative fiscal bureau.

This provision of the capitals bill reduces the appropriation for renovation of the Lucas Office Building on the Capitol Complex from \$3 to \$2 million. Because the architects for the renovation project have already completed their plans based on the larger appropriation, a provision was added to the section which permitted the architects to be paid in full for their services rather than a reduced amount based on the second and lower appropriation amount. On the last day of the legislative session, legislators added a further condition to this appropriation mandating that a portion of the State Auditor's Office be moved from the State Capitol to the Lucas Building and the vacated space be assigned to the Legislative Fiscal Bureau.

The State Auditor has raised legitimate concerns on the impact this unanticipated, forced move would have on the operations of his office. The portion of the office that would be required to move is currently occupied by the administrative division of the Auditor's Office which has the responsibility for processing and assembling the audit reports. During the assembly process, it is important that the two Deputy Auditors of State have easy access to answer any questions about the audits being prepared. In addition, the administrative division serves as the coordination unit for the Auditor's Office. The Auditor has a sincere belief that physical separation of this division from the rest of his office would impair the effective administration and management of the Auditor's Office.

What makes the legislative decision to require the move baffling is the fact that there was a mutual agreement between the legislative, judicial and executive branches of government in 1978 on the allocation of space in the Capitol. In January, 1978, the Chairman of the Legislative Council, the Chief Justice of the Supreme Court, the Treasurer of the State of Iowa, and the Director of the Department of General Services concurred in a specific plan to provide substantially more space on the first floor of the Capitol to the legislature and the Court of Appeals. To resolve differences, the State Treasurer generously ceded his personal office to the legislature, a move which successfully brought an agreement among all parties. That agreement further recognized that adequate space within the Capitol remained a problem. It urged the participants to work together for any further adjustments of space allocation that might become necessary. Apparently, the legislators, who engineered this relocation of the Auditor's Office in favor of the Legislative Fiscal Bureau, have forgotten about this joint agreement. A surprising vote for this provision came from the former Chairman of the Legislative Council who signed the earlier agreement. One must ask himself whether it is productive to enter into negotiations with the legislature, if a signed agreement can be so easily cast aside when it suits a legislative desire. Fortunately the item veto is available to remove this section from the bill.

Vetoing Section 5 has the effect of restoring the full \$3 million appropriation for the Lucas Building renovation. In light of our continued decline of state revenues which prompted the other reductions to capital projects contained in the bill, I have indicated to the Director of the Department of General Services that he should proceed with the renovation project as if only \$2 million were available. This will accomplish basically the same purpose as the reduction called for in the bill but the Auditor will not be forced out of his offices.

For the above reasons, I hereby disapprove this item in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of House File 2595 are hereby approved as of this date.

Sincerely,
ROBERT D. RAY

Dear Mr. Secretary:

I hereby transmit House File 2580, an act appropriating funds to finance designated state programs and adding procedures and criteria for administering designated programs of the State Educational Radio and Television Facility Board; The School for the Deaf; the Iowa College Aid Commission; merged Area V; the State Board of Regents for capitation grants; the Commission on the Aging; the Iowa State Civil Rights Commission; the Spanish-Speaking Peoples Commission, the Commission on the Status of Women; the Board of Medical Examiners; the Iowa Mental Health Authority; the Mental Health Advisory Council; the health planning agency, personal and family health services, the Community Health Division, and in-home health care grants of the State Department of Health; the elderly care program; the Iowa Department of Substance Abuse; the European Office of the Iowa Development Commission; the Energy Policy Council; the Department of Soil Conservation; the Governor's Economy Committee recommendations; the State Board of Engineering Examiners; the Iowa Beer and Liquor Control Department; the Department of Revenue; the Iowa Public Employees' Retirement System; judicial salaries and the judicial retirement system; Terrace Hill; the census data center coordinating unit; the Communications Division of the Department of General Services; the Legislative Fiscal Bureau; the Iowa Crime Commission; the road use tax fund; the State Department of Transportation; governmental subdivisions and agencies required to record instruments; the Department of Public Safety; and the general administration, correctional personnel, community-based corrections, legal assistance program, substance abuse screening, mental health institutes, Division of Mental Health Resources, patients' personal deposit funds, Aid to Dependent Children, medical assistance, contractual services-medical carrier, children's services, state supplementary assistance, child support recoveries, Title XX, foster residential care, subsidized adoption, the Glenwood State Hospital-School, cost reimbursement for skilled, residential, and intermediate care facilities, the community integrated youth services project, support for the poor

for Indians residing on the Tama County settlement, and various rules of the Department of Social Services, prohibiting group policies of life, accident or health insurance from excluding from coverage employees and employees' spouses and dependents on the basis of their eligibility for medical assistance under Chapter Two Hundred Forty-nine A (249A) of the Code, and appropriating funds for the Merit Employment Commission and the Older Iowans' Legislature.

House File 2580 is approved May 26, 1980, with the following exceptions which I hereby disapprove.

I am unable to approve the item designated in the Act as Section 36 which reads as follows:

Sec. 36. Acts of the Sixty-eighth General Assembly, 1979 Session, chapter three (3), section four (4), subsection three (3), unnumbered paragraph two (2), is amended to read as follows:

There is established a census data center coordinating unit composed of the state librarian, a representative of the office for planning and programming, and three representatives each representing one of the state universities. The census data center coordinating unit shall provide for not less than fifty census data training sessions throughout the state, and shall negotiate a joint statistical agreement with the United States bureau of the census. The census data center coordinating unit shall be the agency designated in Iowa to approve all such agreements with the bureau of the census.

I am unable to approve that portion of Section 53 which reads as follows:

11. For a legal assistance program to provide civil legal assistance to inmates of the Iowa correctional system in matters of child custody, bankruptcy and dissolution of marriage	\$25,000	\$25,000
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------	----------

Expenditures shall be authorized by the citizens' aide office, and may include the costs of transporting prisoners, secretarial support and administrative oversight.

It was and is the intent of the general assembly that this program was established for and be continued for expenditure for civil matters of inmates, which matters occurred outside the state's institutions. Thus it is the intent of the general assembly that funds from the appropriation shall not be used for civil matters in which the inmate and the state of Iowa are adverse parties.

I am unable to approve the item designated in the Act as Section 54 which reads as follows:

Sec. 54. Acts of the Sixty-eighth General Assembly, 1979 Session, chapter eight (8), section five (5), subsection six (6), is amended by adding the following new unnumbered paragraph:

NEW UNNUMBERED PARAGRAPH. The division of adult corrections, in conjunction with other appropriate state agencies, shall continue its study of alternative means of making further improvements in the salaries and retirement benefits of corrections officers and supporting personnel, and any job reclassifications necessary to implement such improvements. The department of social services shall include recommendations necessary to implement these improvements in its 1982-1983 budget requests.

I am unable to approve that portion of Section 59 which reads as follows:

Notwithstanding the provisions of section eight point thirty-nine (8.39) of the Code, funds appropriated under this section are not subject to transfer to any other department, institution or agency. Any unencumbered or unobligated balance of any appropriation made under this section which exists on June 30, 1981 shall revert to the fund from which it was appropriated.

I am unable to approve the item designated in the Act as Section 66 which reads as follows:

Sec. 66. Acts of the Sixty-eighth General Assembly, 1979 Session, chapter eight (8), section sixteen (16), is amended to read as follows:

SEC. 16. It is the intent of the general assembly that, for the fiscal year beginning July 1, 1979, foster parent payments be increased by ten percent. *It is further the intent of the general assembly that, for the fiscal year beginning July 1, 1980, foster residential care payments shall increase from fifty-five to fifty-eight dollars per day and foster group home payments shall increase from forty-four to forty-six dollars per day. It is also the intent of the general assembly that subsidized adoption rates shall be increased to the same level as the foster family home rates for the fiscal year beginning July 1, 1980.*

Section 36 purports to grant to the census data center coordinating unit created last year the right to negotiate a joint federal/state statistical agreement in conjunction with the current census. This provision is both illegal and moot. Federal law provides that these agreements must be approved by the Governor—and state law cannot grant that authority to other officials. The issue is moot since such an agreement was executed by me on behalf of the State of Iowa and Daniel B. Levine, Acting Director, Bureau of the Census, U.S. Department of Commerce, on January 9, 1980. That agreement, which designated the Office for Planning and Programming as the agency to receive census information for public distribution in Iowa, cannot now be substituted with a new arrangement.

Section 53 revises several appropriations approved last year for adult corrections. One of these revisions would transfer certain administrative authority of an executive agency, the Department of Social Services, to a legislative agency, the Citizens' Aid Office, for the legal assistance program for inmates. Article III of the

Iowa Constitution clearly sets forth the powers of each branch of state government. Granting administrative authority for the legal assistance program to a legislative agency would violate the separation. This item would remove from the Department of Social Services and its prison wardens a substantial amount of control over residents of their institutions.

In pursuing the civil legal assistance this section provides to inmates, the Citizens' Aide Office would be empowered to authorize expenditures for transporting prisoners, secretarial support and administrative oversight. An executive agency cannot operate effectively if it must first secure the approval of a legislative agency to carry out its day-to-day operations any more than the legislature could operate if an executive agency could step in daily to amend unilaterally bills that are being debated.

As the initiator of the Citizens' Aide Office, I support and encourage its work. However, I do not believe that its duties include administration of the executive agencies. The administrators of the Department of Social Services indicate that they will be amendable to recommendations from the Citizens' Aide Office for the use of the legal assistance fund. This item veto leaves the original appropriation for the legal assistance program intact. With cooperation between the agencies, hopefully we will have the results desired without violating the separation of power.

Section 54 would require the Division of Adult Corrections in the Department of Social Services to conduct a study on improving salaries and retirement benefits for corrections officers and supporting personnel. Furthermore, the section would mandate the Department to include the recommendations of the study in their upcoming biennial budget request to the Governor and the General Assembly. This study would directly concern mandatory subjects of collective bargaining under Iowa law. Corrections employees, whose salaries and pension benefits would be reviewed, are members of a certified bargaining unit and are represented at the bargaining table by the American Federation of State, County and Municipal Employees, Council 61. In the upcoming months, the State will be actively negotiating with that union for a collective bargaining agreement to become effective July 1, 1981. Since there is little doubt the union will demand that the State bargain on salaries, it would be inappropriate to conduct a study which concludes with an automatic request for an appropriation of funds totally outside the bargaining process. With the adoption of collective bargaining, our lawmakers must be sensitive to the fact that they cannot selectively intervene in the process without disrupting and possibly harming the negotiations. This could be the case unless the legislature exempted corrections personnel from collective bargaining—which it hasn't done, and I don't think it wants to.

In recognition of the important work corrections personnel do and the need to retain a high level of staff morale and because I do appreciate the concerns of the legislators, I am directing a study be made relative to these items. I will ask the Office of Employment Relations in the Comptroller's Office to conduct the review with the assistance of the Department of Social Services and the Merit Employment Department.

Section 59 would restrict the authority to transfer funds appropriated for Title XIX (medicaid). I have vetoed similar transfer limitations in previous appropriation bills, including the supplemental fiscal year 1979-80 appropriation bill for Title XIX.

As I have pointed out in other veto messages, current law contains safeguards giving the legislature the opportunity to review and comment on proposed transfers. We have been responsive to these comments—indeed, several transfers have been modified or eliminated following the receipt of recommendations from legislators.

As with the earlier item veto on Title XIX funds, we believe this provision to be severable from the appropriation. Its deletion will not in any manner alter the purposes of the original appropriation, the test suggested by the Supreme Court in reviewing the legality of item vetoes. We do not anticipate making transfers from the Title XIX appropriation. As a matter of fact, there are strong indications that, if anything, Title XIX has been underfunded by the legislature and will either require a transfer to the appropriation or a supplemental appropriation next year. Section 8.39 of the Code provides for the transfer authority by the Governor and the State Comptroller. This item's restriction is an attempt to circumvent the transfer law without following the proper legislative procedure.

Section 66 contains intent language to raise the maximum payments for foster residential care and foster group homes and to increase the rates paid for subsidized adoption. The Department of Social Services received from the General Assembly funds with the intent language to raise the rates to a maximum of \$58 per day for foster residential care, \$46 per day for foster group homes and by 10 percent for subsidized adoption.

However, the wording in this section is ambiguous and probably would not accomplish the legislative intent. The language seems to establish uniform rates for the two foster care payments rather than maximum rates. These services currently have widely varying per diem rates based on their individual costs and charges. This cost-related reimbursement is appropriate and should continue. By deleting this provision, the Department, under existing authority, will follow the desired intent of the legislature and set the new maximum reimbursement rates effective July 1, 1980.

The language which was intended to raise subsidized adoption rates by a percentage actually raises the rates to equal foster parent payments. The adoptive family's income is taken into consideration when determining the amount of subsidy payment, thus these payments do not and should not equal foster family payment rates, which are based on the needs of the child rather than on foster family income. Since it has the funds to raise subsidized adoption rates by 10 percent and has the authority to do so, the Department will establish rules implementing the increase effective July 1, 1980.

For these reasons, I hereby disapprove these items in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of House File 2580 are hereby approved this date.

Sincerely,
ROBERT D. RAY
Governor

GOVERNOR'S VETO MESSAGES

The Honorable Melvin D. Synhorst
Secretary of State

Dear Mr. Secretary:

I am enclosing House File 700, an act relating to the use of a license for the taking of fish and animals and providing penalties which, in accordance with Article III, Section 16, Constitution of the State of Iowa, I hereby disapprove and transmit to the Secretary of State.

In addressing the several hunting and fishing license issues contained in the bill, the legislature adopted language which may not accomplish the purposes it had in mind.

One provision of the bill requires other states to extend hunting, fishing and trapping rights to Iowans if they expect Iowa to grant similar privileges to their residents. The reciprocity requirement, however, applies only to bordering states. Reciprocity requirements, which are understandable and appropriate, should extend to all other states, not just Iowa's six immediate neighbors. In its limited form, this provision is discriminatory and could be challenged on constitutional grounds.

The bill is technically defective in another regard. Section 4 makes an incorrect internal reference /106.1 of the Code instead of 106.2(4)/ to a portion of existing law.

Perhaps most importantly, the bill errs in its restrictions on fishermen who are required to have trout stamps. Legislative authors apparently intended to require youngsters, who otherwise are not required to have a fishing license or trout stamp, to be accompanied in their trout fishing by an adult who does have a stamp and to include a youngster's catch within the limit of that adult. However, the language finally adopted goes far beyond that. All persons presently exempted from the fishing license and trout stamp requirements would now be covered—not just the targeted youngsters. The group most obviously affected would be Iowa landowners and their children who have never previously been required to have licenses and stamps. Since 243 of the 284 miles of trout streams in the state are privately owned, this new, unintended requirement would be a substantial departure from our treatment of farmers and other landowners on their own land. The Conservation Commission doesn't need the chore of enforcing this public relations disaster.

Because of these flaws, I cannot sign this bill. However, I am mindful of the fact that this measure covered an additional subject of sensitivity, steel shot requirements for hunting waterfowl.

The Conservation Commission adopted rules this spring greatly restricting the use of lead shot and requiring steel shot. These rules have been delayed for further

study by the Administrative Rules Review Committee. The legislature itself has in this bill concluded the proposed restrictions are too extensive. This legislation limits the Commission's lead shot restrictions to certain areas, a compromise which appears reasonable until the steel shot versus lead shot controversy is resolved nationally. We have urged the Conservation Commission to accept the legislature's decision on steel shot and promulgate rules as if the bill had become law. This will avoid unnecessary disputes over the rule-making process in the upcoming months.

With this consideration in mind and for the reasons mentioned earlier, I hereby respectfully disapprove this House File 700.

Sincerely,
ROBERT D. RAY

Dear Mr. Secretary:

I am enclosing House File 315, an act to provide a maximum statute of limitations for actions arising out of improvements to real property which, in accordance with Article III, Section 16, Constitution of the State of Iowa, I hereby disapproved and transmit to the Secretary of State.

This bill provides a 15-year time limit on the bringing of suits based on tort and implied warranty and for contribution and indemnity against any person whose act or omission is alleged to have caused injury arising out of the unsafe or defective condition of an improvement to real property. The purpose behind this statute of limitation is that, after the passage of the statutory period, no recovery for injury or damage that might occur can be obtained from the parties who designed and built the project.

Technically a statute of limitation, such a law is usually called a statute of repose. These are rare in the law as they begin to run against the bringing of a suit before an injury to a person or damage to property even occurs.

It is the potential and actual harm to an innocent victim which I must judge against the arguments of the professional persons who would like to be protected against law suits after a limited period of time.

Essentially two arguments are made in support of this bill:

—basic fairness; records are difficult to maintain and assemble after 15 years to defend adequately suits involving projects designed and built many years earlier.

—when persons who have designed or constructed improvements to real property retire they could avoid carrying “tail” insurance coverage after 15 years of retirement and be relieved of annual insurance premiums.

People familiar with this kind of litigation know the formidable hurdles an injured party has in supporting a cause of action at any time, let alone more than 15 years following a negligent act or breach of an implied warranty. The records and other information relating to the alleged defective property are not in the hands of the injured party but of the designer or builder. The test of basic fairness is not met by cutting off the right to sue with no opportunity to determine if that builder or designer may be liable.

The proponents of this bill admit there would be no reduction in insurance premiums if this bill becomes law, nor do we find evidence that coverage is not available.

The burden of persuasion rests with advocates of change and in this case it is not met.

The second argument in support of this bill deserves thoughtful attention. As I understand the problem, architects or engineers may retire, say at age 65, and must still carry for the rest of their life “claims made” errors and omissions insurance for any negligence committed or warranties made during their practice. They contend if this bill becomes law, they could discontinue coverage at 80 because 15 years would have elapsed since the last improvement was designed or built. This “tail” coverage evidently costs in excess of \$1,000 per year and carries a substantial deductible.

Supporters of this bill further contend there are very few, if any, claims filed after 15 years and back this up with statistics compiled by a leading underwriting and liability research firm and submitted to the Iowa Engineering Society in 1976.

If there are no claims then the coverage ought to be very inexpensive after 15 years. As this statute of repose does not stop law suits based on express warranty or continuing negligence, a responsible professional will be carrying “claims made” coverage for life anyway.

Further, no statistics have been advanced to show that carving noncontinuing tort duties and implied warranty coverages out of the professional insurance package will reduce the premiums for retired persons.

Nevertheless, I will be asking the Commissioner of Insurance to study and recommend alternatives which might be available to permit lower cost “tail” insurance coverage for those who retire from active practice.

Other aspects of this bill also raise questions:

—it is difficult to determine when an act or omission occurred. Litigation and evidentiary discovery measures will almost always be required to determine if there is a valid claim based upon expressed warranty or continuing negligence. It is questionable this bill will reduce litigation.

—it cuts off rights of recovery before injury occurs. Already we require injured persons to file their claims within a two-year statutory period in personal injury cases and within five years for property damage cases from when they knew or should have known of the injury or damage.

—there is no definition of “improvement to real property”. Does it include highways? Elevators? Business fixtures?

—this bill would cut off rights of recovery for structures designed and built to last 25, 40, even 50 years. The contractor, engineer or architect would be immune from suit even before the structure could be depreciated for tax purposes or the mortgage paid off. The owner couldn't even get insurance to protect the victim from the negligence of the builder or designer because he has no insurable interest.

It is for these reasons and with these doubts that I must veto this bill. The balancing of individual rights and the interest of the general public lies at the heart of the legislative process. Assuredly, we have an interest in enabling highly trained people, be they professional or craftsmen, to practice their trade with certainty as to their liability. On the other hand, I must think of those to whom circumstance has not yet brought loss of property, health or even life and who, if that loss occurs, would seek and yet find no avenue of recovery because of this bill.

I conclude the ingenuity of intelligent people can devise better mechanisms with which to protect victim and society alike.

For the reasons enumerated in this letter, I hereby respectfully disapprove this House File 315.

Sincerely,
ROBERT D. RAY
Governor
