One Card, 80 Hands of Poker!

Pocket Poker

Cost: \$20

Top Prize: \$500

Odds: 1 in 1.00

Begin Ordering: July 31

Players will like the novelty of 80 hands of poker within this electronic game card. Every card's a guaranteed winner of at least \$3 and players can win up to \$500!

First, activate the card by removing the battery tag. To begin, press the "Deal" button on the front of the card. The display tells the player that they have 80 plays on the card. Press "Deal" to reveal four cards. Press "Deal" again to reveal the final card in the hand. If the hand revealed matches a hand in the Points Legend on the front of the card, win the corresponding point amount. Each time there's a winning hand, a message will flash indicating the points won. If a free play is won, the free hand will be awarded immediately following the hand on which it was won. After each play, the card will automatically accumulate the points. Each point is worth 25 cents. See the instructions inside the card package for more details.

Action Briefs

Don't Be Fooled By E-Mail Lottery Scams

Beware of any notice that you've won a lottery. Don't be fooled by an explanation that you won even though you never entered, and don't be fooled by names of real lotteries. ("El Gordo" is the real Spanish lottery, but prize notices are phony.)

- Keep your bank account and credit card information to yourself.
- Don't pay to PLAY a foreign lottery. It's a scam—and it's illegal for you to play anyway.
- Report lottery scams. You can forward international lottery scam e-mails to the Federal Trade Commission at uce@ftc.gov. Send regular mail to your postmaster. If you've been cheated, contact the Iowa Attorney General's Office.

Clip and Save These 'Pocket Poker' Validation Instructions!

The "Pocket Poker" electronic game card requires a different validation process than other instant tickets. Follow the processes below to validate these cards:

On the Extrema:

- 1) Scratch off the latex on the back of the card where it says "Void if Removed."
- 2) Choose "Cash" from the menu on the bottom of the main Screen, then choose "Electronic Game Card" from the menu on the screen (see the photo below).
- 3) Pull open the door on the front of the SciScan 1500 reader. You'll see a red beam inside the SciScan. Turn the card upside down, bar code facing away from you, and pass it in front of the beam. If you have a SciScan 500, roll the wheel on the right-hand side of the SciScan until the beam is visible through the slit in the front of the box. Pass the game card in front of the beam.
- 4) Enter the security code (the three numbers in the box) on the pop-up screen.

To validate the game card, scratch off the latex, turn it upside down and pass it in front of the beam of the SciScan. See more instructions below.

On the SciScan 2000:

- 1) Scratch off the latex as described in Step 1 for the Extrema.
- 2) Choose (2) Manual Entry from the main screen, then choose (3) "Electronic Game Card." Retailers must open the door of the SciScan 1500 or roll the wheel on the SciScan 500 to expose the red beam.

3) Open the door on the front of the SciScan and look for the red beam inside. Turn the card upside down, bar code facing away from you, and pass it in front of the beam.

- 4) Enter the three-digit security code (the three numbers in the box) when prompted.

To manually validate on the SciScan 2000: Follow Steps 1 and 2 above, then enter the three-digit game number, six-digit pack number, three-digit ticket number and the seven-digit VIRN number (all numbers **outside** the security code box). Choose "Enter," then enter the three-digit security code (the numbers **inside** the box).

Keep all validated cards to be picked up by your DSR.

The screen shown above is used in validation of the game card.

To manually validate on the Extrema: Follow Steps 1 and 2 above, then enter the three-digit game number, six-digit pack number, three-digit ticket number and the seven-digit VIRN number (all numbers **outside** the security code box). Touch "OK," then enter the three-digit security code (the numbers **inside** the box).

'Dollar' Dreams Come True for Iowa City Woman

Inez Walker is still "Dream'n of Dollars"!

That's because the Iowa City woman won \$12,000 playing the "Dream'n of Dollars" instant-scratch game. She bought the winning ticket at DeliMart, 525 Highway 1 W. in Iowa City.

"I was in such shock. I didn't have my glasses on at the time. So I put my glasses on to look at [the ticket] and it said \$12,000," she said. "Then I called my husband at work and I said, 'Tell me how I win this game!' He said, 'Inez, if you have a "Z" you win

the prize underneath.' I said, 'That's what I thought it was.' But I was too shocked to believe it."

Walker said the first person she told after her husband was her mother.

"She was shouting and screaming for me," she said. "I was shouting and screaming."

Walker said she and her husband will use their winnings for home improvement projects and maybe renewing their wedding vows.

Inez Walker of Iowa City
