DNR enforcement actions

MEDIA CONTACT: Tamara McIntosh, DNR, at 515-725-8242
or Tamara.McIntosh@dnr.iowa.gov.

DES MOINES – DNR staff work with individuals, businesses and communities to help them protect our natural resources by complying with state and federal laws. This approach is very effective. In the few cases where compliance cannot be achieved, the DNR issues enforcement actions. The following list summarizes recent enforcement actions. Find the entire, original orders on DNR's website at www.iowadnr.gov/EnforcementActions.

Consent Orders

A consent order is issued as an alternative to issuing an administrative order. A consent order indicates that the DNR has voluntarily entered into a legally enforceable agreement with the other party.

Jones County

City of Monticello

Complete an industrial user survey by May 1, 2023; complete a treatment agreement with Energy Manufacturing by June 1, 2023; review the treatment agreement with Yoeman and update as necessary by June 1, 2023; complete all upgrades to the wastewater treatment facility by March 1, 2025; and pay a \$5,000 administrative penalty.

Air Quality permits under review

MEDIA CONTACT: Marnie Stein, DNR, at 515-238-1887 or Marnie.Stein@dnr.iowa.gov for Title V permits.

DES MOINES – The DNR Air Quality Bureau has the following draft permits up for review. The permits help protect Iowans' health and the air where we live. DNR's permitting staff review the applications to ensure facilities comply with state and federal air quality standards. The public has the right and is encouraged to comment on draft permits. DNR considers [public comments](#) before finalizing the permits. Submit comments in writing to the assigned permit writer before 4:30 p.m. on the last day of the comment period.

Title V Operating Permits

Title V Operating permits are reviewed and re-issued every five years. Facilities with a Title V permit have the potential to emit large amounts of air pollutants compared to other facilities. The five-year reviews are a federal requirement and ensure adequate monitoring is included in the permit. The DNR plans to issue Title V Operating Permits for the following facilities. Find permit details at www.iowadnr.gov/titlev-draft OR through the [Iowa EASY Air Public Inquiry Portal](#) and then click on the Public Notice tab.

Wright County

Ag Processing Inc – Eagle Grove located at 500 N Commercial, Eagle Grove.

The application was submitted to operate their existing Soybean Oil Mills facility. The public comment period ends May 13.
