This Data has been reviewed to assess and improve the effectiveness of the Department's sexual abuse prevention, detection, and response policies, practices, and training.

Identification of problem areas— there were 3 substantiated case of Client – Client Abusive Contact. The clients were comfortable to report to staff and staff followed established procedures to investigate the allegations and respond.

The number of cases reported district wide is similar to the CY2018 report. There was a notable increase in the number of substantiated cases from 1 in the district to 3.

A PREA Audit was expected in CY19 at the Curt Forbes Residential Facility however the facility was closed in early 2019 due to budgetary challenges.
