Facility AUDIT FINDINGS
Summary of Audit Findings
<p>The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.</p> <p>Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being</p>

audited.

Number of standards exceeded:

0

Number of standards met:

41

Number of standards not met:

Targeted Inmate/Resident/Detainee Interviews	
58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	0
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:	<input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. <input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.

<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>I interviewed residents and staff at the facility and reviewed all screening documents of residents present which corroborated that there were no residents with this characteristic to be interviewed.</p>
<p>61. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>0</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<p>84. Did you have access to all areas of the facility?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>Was the site review an active, inquiring process that included the following:</p>	
<p>85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>88. Informal conversations with staff during the site review (encouraged, not required)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</p>	<p>No text provided.</p>
<p>Documentation Sampling</p>	
<p>Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.</p>	
<p>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>

91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual harassment	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0
Total	0	0	0	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
Inmate-on-inmate sexual abuse	0	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0	0
Total	0	0	0	0	0

95. Administrative SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Unfounded	Unsubstantiated	Substantiated
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

Sexual Harassment Investigation Outcomes

Note: these counts should reflect where the investigation is currently. Do not double count. Additionally, for question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, and detainee sexual harassment investigation files, as applicable to the facility type being audited.

96. Criminal SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted

115.211	Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p> <p>The Hope House is a community confinement facility in Coralville Iowa operated by the Sixth Judicial District, Department of Correctional Services. The Iowa Judicial Districts as of July 1, 2023, came under the operational control of the Iowa Department of Corrections. The Iowa 6th Judicial District’s PREA Policy 2400 follows the guidelines of the PREA standards. Throughout this report this will be referred to as the “PREA policy”. The PREA policy mandates “The Sixth Judicial District Department of Correctional Services has zero tolerance for sexual violence of any kind.”</p> <p>The district is managed by the District Director. The community residential centers within the district are managed by the Residential Manager. The day-to-day center administration of Hope House is managed by the Residential Supervisor who is tasked with maintaining PREA Compliance within Hope House. At the time of the audit the Residential Supervisor was on extended leave. The Residential Manager is managing those duties during his absence. The PREA Coordinator reports directly to the Residential Manager and is a senior-level staff and directly oversees the center’s PREA efforts in concert with the center’s Residential Supervisor. The Residential</p>

	Supervisor works very closely with the administration and the PREA Coordinator. The PREA Coordinator and the Residential Supervisor have the time and the authority to carry out their PREA-related duties.

115.212	Contracting with other entities for the confinement of residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The Hope House does not contract with other entities for the confinement of its residents.

115.213	Supervision and monitoring
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The auditor interviewed the District Director, the Division Manager, the Residential Manager, and the PREA Coordinator. The auditor reviewed the PREA policy, verified the staffing levels through the schedule that was provided and verified through direct observation while on the facility tour. The HOPE HOUSE has one Residential Supervisor, ten full time Residential Officers and three part time Residential Officers. There are always two residential officers on each shift 24 hours a day. Typically, during the weekday there is one Residential Supervisor on duty. Additional staff include food service staff, a building maintenance worker, and a secretary.</p> <p>The auditor reviewed the staffing plan that was completed and suggested some minor revisions to provide a more complete staffing picture. The Staffing Plan lists the staff and the resident numbers and physical layout. The staffing plan been reviewed annually as required by the standard. There have been no deviations from the staffing plan. There are 32 cameras, and the video is retained for 30 days. There have been no new cameras added since the last audit.</p>

115.215	Limits to cross-gender viewing and searches
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Residential officers conduct rounds every two hours until curfew at 10pm. After 10pm during sleeping hours, residential officers conduct a housing round once each hour. This is an all-male facility, and the female staff make an announcement when

	<p>entering the housing wing. This was confirmed during the audit tour and through interviews with residents and with staff. The staff perform pat searches and do not perform strip searches or visual body cavity searches. However, if there were a exigent circumstance that warranted a cross-gender stirp search or body cavity search, with supervisor authority, the search would be documented in the cross-gender search log. The policy prohibits examination for the sole purpose of determining gender and staff are knowledgeable of correct search procedures as confirmed through interviews. Staff are adequately trained in searches of residents who are transgender or intersex, and such training is required by their policy.</p>

<p>115.216</p>	<p>Residents with disabilities and residents who are limited English proficient</p>
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>The Hope House will provide PREA information to all residents with disabilities including residents who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities so that they have an equal opportunity to participate in or benefit from all aspects of Hope House’s efforts to prevent, detect, and respond to sexual have access to use the interpretive service for all communications other than day-to-day routine communication. There were no non-English speaking residents at the facility during the audit. All PREA related documents for the residents including the posters, their training documents, and the handbook have a Spanish version, which is the language they primarily encounter other than English. The Hope House will provide basic PREA information verbally to residents who are blind or visually impaired, those who have intellectual, psychiatric, or disabilities. They provide written information to residents who are deaf or hard of hearing or if required, they will provide an ASL interpreter. The Hope House may have access to the Language Line for translation services through the Iowa DOC but are currently using a list of Iowa’s State Court interpreter services.</p>

<p>115.217</p>	<p>Hiring and promotion decisions</p>
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>The Hope House hiring process includes the components required by this PREA standard. Law enforcement background checks are run upon hire. The human resources manager maintains a database of each employee’s background check date and then has a monthly reminder to check for any of those hitting the five-year</p>

	<p>mark that will need to be re-run for that month. The Hope House does not utilize any contractors, but the human resources stated that for other centers within the district that do, she runs background checks prior to utilizing their services. The facility asks questions directly about previous misconduct in written applications and in interviews for promotions. However, these questions are not asked again annually of each employee through the annual evaluations as required by the standard. The facility checks with all previous institutional employers specifically regarding substantiated allegations of sexual abuse and provided documented evidence to support this. The auditor verified these requirements were met by interviewing staff and viewing a sample of the required documentation. The agency provides information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer for whom such employee has applied to work.</p> <p>CORRECTIVE ACTION: The auditor required documentation that the Hope House has asked all current employees regarding previous sexual misconduct during the annual review process and a written plan for how they will incorporate this procedure into their institutional processes to ensure that this is done each year. On July 27, 2023, the PREA Coordinator provided the forms signed by each employee.</p>

115.218	Upgrades to facilities and technology
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The auditor reviewed the Hope House PREA policy, video monitoring systems, directly observed the facility and conducted interviews with the District Director, the Division Manager, the Residential Manager, and the PREA Coordinator. The facility considers protection of residents and the standards when contemplating upgrades to the facility or in the application of technology. There have been upgrades to the facilities or to monitoring technology. They have camera systems in key areas. The camera systems are upgraded as needed throughout their service.</p>

115.221	Evidence protocol and forensic medical examinations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The auditor reviewed the PREA policy and interviewed investigators that conduct investigations. The auditor spoke with the director at the University of Iowa’s Rape Victim Advocacy Program (RVAP) who provides an advocate for accompaniment, and victim support services. The Johnson County Sexual Assault Response Team (JCSART) is a coalition of sexual assault nurse examiners (SANEs), emergency room</p>

staff, rape victim advocates, law enforcement officers and prosecuting attorneys developed to coordinate the community’s response to sexual assault. JCSART’s goal is to meet the needs of sexual assault victims as they progress through the health care and criminal justice systems. If the resident is taken to the emergency room at the University of Iowa Hospitals and Clinics, an advocate from RVAP will be called, a sexual assault forensic examination will be conducted by a Sexual Assault Nurse Examiner (SANE). The Hope House has a Memorandum of Understanding (MOU) with RVAP for these services. When law enforcement responds to a sexual assault case within the center, evidence protocol is followed, and they work cooperatively with the SANE to ensure all usable physical evidence is gathered.

115.222	Policies to ensure referrals of allegations for investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The PREA policy requires the facility refer all allegations for investigation. The Hope House investigations are completed by qualified investigators and required documentation and reporting occurs. There are trained administrative investigators from the facility and criminal investigators from the Coralville Police Department available to investigate allegations of sexual misconduct within the center. The administrative investigators have completed the Iowa Department of Correction’s (IDOC) course PREA Investigator Training. Staff sexual misconduct may be investigated through an independent investigation conducted by the Iowa Division of Criminal Investigation if referred by the police department. The investigative policy 2406-17 was published on the 6th Judicial District’s policy page on their website. However, on July 1, 2023, Iowa Department of Correctional Services came under the operational control of the Iowa Department of Corrections (IDOC). The IDOC PREA policies on this agency’s website are at https://doc.iowa.gov/prison-rape-elimination-act. However, the auditor was unable to locate the investigative policy.</p> <p>CORRECTIVE ACTION: The auditor required that the investigative policy be posted on the IDOC website. On July 20, 2023, the auditor verified the required investigations policy posting by viewing the IDOC website at https://doc.iowa.gov/prison-rape-elimination-act/prea-investigations.</p>

115.231	Employee training
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed the Residential Manager, the PREA Coordinator, and staff

	<p>and reviewed training documentation. Newly hired staff have orientation training which includes the required components of this PREA training standard. Staff sign an acknowledgement form that they understand the requirements of PREA, the facility's zero tolerance policy and that they must immediately report any information or knowledge of sexual abuse or sexual harassment. New hires participate in training through the National Institute of Corrections (NIC) video PREA: Your Role Responding to Sexual Abuse, a review of the agency PREA policies, and some basic in-person training provided to them by the PREA Coordinator and other management staff. For refresher training by existing employees, they provide in-service training and policy review through various methods such as in person training, training videos, and electronic training on their training online learning management system. On the online training, the staff are required to take a short test after the end of each learning session to verify understanding of the training material. Staff were knowledgeable in the required competencies such as the correct first responder response - separate, provide care, protect evidence, call for assistance, notify the supervisor and provide a written report.</p>
--	---

115.232	Volunteer and contractor training
	Auditor Overall Determination: Meets Standard
	<p>Auditor Discussion</p> <p>The Hope House does not utilize any contractors. Volunteers are used for various services provided inside the facility and the volunteers are provided training prior to providing those services. The training is an online training session provided and the volunteer takes a test to ensure they understand the material they received. The auditor verified compliance with this standard through a review of training files, interviews, a review of the online training and quiz and a review of policy.</p>

115.233	Resident education
	Auditor Overall Determination: Meets Standard
	<p>Auditor Discussion</p> <p>The Hope House provides basic information to a resident during the intake process about the center's zero tolerance policy and how to report. The information is presented to the resident during the intake process by going over key components of the handbook information and then requiring the resident to sign. The resident also views the video "What You Need to Know" and signs an acknowledgment form. The handbook and the posters list the Iowa Ombudsman as the external reporting options. Hope House staff review this information orally with residents with low literacy or comprehension levels or other disabilities or issues that may prevent them from learning this information on their own. PREA information is readily</p>

	<p>available throughout the resident's stay on posters and in their handbook. The auditor verified compliance with this standard through staff and resident interviews and by reviewing a sample of training for residents.</p>
--	---

115.234	Specialized training: Investigations
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>The Hope House has trained facility investigators to conduct administrative investigations. The administrative investigators have completed the Iowa Department of Correction's (IDOC) course PREA Investigator Training. All criminal allegations are turned over to the Coralville Police Department for investigation. The law enforcement investigator works with others to form a coordinated response effort to include the SANE nurse and the advocates from Rape Victim Advocacy Program (RVAP) Specialized training included techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral.</p>

115.235	Specialized training: Medical and mental health care
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>There are no full or part-time medical or mental health care practitioners who work within the Hope House residential center. The resident chooses their private provider from those available within the community. Typically, the University of Iowa Hospitals and Clinics. These facilities are also utilized by the facility in the event of a crisis or emergency situation.</p>

115.241	Screening for risk of victimization and abusiveness
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>The auditor spoke with the Residential Manager, the PREA Coordinator, staff, and residents, reviewed PREA policy, and reviewed resident screening documents. The Hope House completes a screening process upon intake. It typically is conducted within the first few hours of intake, but not more than 72 hours upon arrival. The</p>

	<p>screening is objective and has all the required components as stated in the standards. The auditor reviewed a sample of resident reassessments that were conducted within 30 days of the initial intake. Residents who are transgender or intersex are reassessed at least twice each year. Residents are also reassessed if referred, requested by a staff member, there is an incident of sexual abuse or there is receipt of any other information that increases the resident's risk of sexual victimization or abusiveness.</p>
--	---

115.242	Use of screening information
	Auditor Overall Determination: Meets Standard
	<p>Auditor Discussion</p> <p>The Hope House screening process is used along with other classification methods to determine placement within their housing areas. There are enough housing options to keep residents separate if the screening indicated this was necessary. Placement of a resident who is transgender or intersex is determined on a case-by-case basis. The center considers the concerns of a transgendered or intersex resident's own view with respect to his or her own safety. Those views are given serious consideration, and this was demonstrated through interviews with staff and residents. The facility does not place lesbian, gay, bisexual, transgender, or intersex residents in particular housing, bed, or other assignments solely on the basis of such identification or status, nor does the facility consider lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of likelihood of being sexually abusive.</p> <p>There is restroom in each wing with toilet stalls, and open gang showers with three shower heads. However, the residents have developed their own rules and if they hear the shower running typically do not enter to share the shower space. Transgender residents would be afforded the opportunity to have a private shower by a designated shower time that would close the restroom to other residents in that wing.</p>

115.251	Resident reporting
	Auditor Overall Determination: Meets Standard
	<p>Auditor Discussion</p> <p>The auditor interviewed administrators, staff, and residents, reviewed the policy and the resident handbook, and toured the facility. The Hope House provides multiple external ways for residents to report sexual abuse and sexual harassment. Residents can call externally to family and friends, and call or write to the Iowa</p>

Ombudsman Office. However, when the auditor attempted a test call to the Ombudsman Office from a resident phone it required a resident Personal Identification Number (PIN). The auditor spoke with the Iowa Ombudsman Office, and they stated they would accept calls from this facility, allow the resident to remain anonymous upon request and turn the report over to the Inspector General of the Iowa Department of Corrections. The Hope House provides multiple internal ways for residents to privately report sexual abuse and sexual harassment, retaliation by other offenders or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents. They can report verbally to staff, write a grievance, call the internal PREA hotline that goes directly to the PREA Coordinator, and send an email to the PREA Coordinator. There is a posted list on the bulletin board near the phone that includes a free call list. This list includes the Coralville Police Department, Iowa City Police, and the Johnson County's Sheriff Office. They also write directly to the District Director. The auditor conducted a test call to the PREA Coordinator from the resident phone. The call was received, did not require a PIN, and was a free call. The Rape Victim Advocacy Program (RVAP) is listed with the reporting entities. Staff accept reports made verbally, in writing, anonymously, and from third parties and promptly document any verbal reports. Staff can privately report to any staff within their chain of command or outside of the chain of command to any administrator.

CORRECTIVE ACTION: The auditor requires that any call placed to the Iowa Ombudsman Office be available without entering a resident PIN and this is clearly stated on all resident education materials. All references in the handbook, on training materials and on posters to RVAP as a reporting entity should be removed. RVAP should only be listed on materials under the heading as a victim support service. Please provide copies of the handbook and posters once this has been corrected. On July 13, 2023, the PREA Coordinator provided the documentation as requested. On July 21, 2023, the auditor monitored a test call using a resident phone to ensure that a PIN was not required to place a call to the Office of the Iowa Ombudsman

115.252	Exhaustion of administrative remedies
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor reviewed the PREA Policy 2404-21, Grievance Policy 0116-22, the resident handbook, and conducted staff and resident interviews. The grievance policy section with the PREA policy regarding administrative remedies mimics the wording of Standard 115.252. The Hope House does not impose a time limit on when a resident may submit a grievance regarding an allegation of sexual abuse. They do not require a resident to use any informal grievance process, or to otherwise attempt to resolve with staff an alleged incident of sexual abuse. They

	<p>ensure that a resident who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint. They issue a final decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance. Third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, are permitted to assist residents in filing requests for grievances relating to allegations of sexual abuse, and are also be permitted to file such requests on behalf of residents. They have established procedures for the filing of an emergency grievance when the resident is subject to a substantial risk of imminent sexual abuse. After receiving an emergency grievance alleging a substantial risk of imminent sexual abuse, the grievance is immediately forwarded to the Administrator for immediate corrective action and provides an initial response within 48 hours and issues a final decision within five calendar days. The initial response and final decision documents their determination whether the resident is in substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance. The Hope House may discipline a resident for filing a grievance related to alleged sexual abuse only where the administrator demonstrates that the resident filed the grievance in bad faith.</p> <p>The resident handbook states a resident can use the grievance process to file an allegation of sexual abuse or sexual harassment. However, under the grievance procedure section in the resident handbook a 24-hour time limit is imposed, and it does not explicitly exclude this requirement for allegations of sexual abuse. There is also no procedures in the resident handbook regarding the filing of al emergency grievance for allegations of sexual abuse.</p> <p>CORRECTIVE ACTION: The auditor required that the resident handbook have the same language as grievance policy 0116-22 which explicitly state that there is no time limit for filing a grievance alleging sexual abuse and states the emergency grievance procedures regarding sexual abuse are outlined in these documents. On July 13, 2023, the PREA Coordinator provided an updated handbook that complies with this standard.</p>

115.253	Resident access to outside confidential support services
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Residents have access to outside confidential support services. The facility has a Memorandum of Understanding (MOU) with the Rape Victim Advocacy Program (RVAP) for advocacy and victim support services. The resident handbook has Riverview and RVAP listed with the other methods for reporting sexual abuse. These facilities are to be used for victim support services and not as a method for report sexual abuse and sexual harassment. The auditor informed the facility that the Department of Justice legal interpretation of this standard through a FAQ posted on</p>

	<p>the PREA Resource Center website dated 6Feb2020 states that typically a rape crisis center and other victim service providers should not be used for this purpose. They have a mission of providing support and services to victims. Under federal law, if such centers and providers are funded at least in part, either as a direct recipient or as a subrecipient of certain federal grants they are required to keep identifying information about victims confidential. The only limited exceptions to this requirement are when the victim signs an informed, written, time-limited release, or when release is required by a legal mandate. The requirement for rape crisis centers to keep confidential identifying information about victim’s conflicts with the requirement of PREA Standard 251(b) to be able to immediately forward reports of sexual abuse and sexual harassment to agency officials.</p> <p>CORRECTIVE ACTION: The auditor required that any reference to Riverview or RVAP as an external reporting entity for residents to report sexual abuse and sexual harassment be removed and instead be under a title “Victim Support Services”. On July 13, 2023, the PREA Coordinator provided the documentation as requested.</p>

115.254	Third party reporting
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The Hope House website provided information on how an individual can make a third-party report. However, on July 1, 2023, the Iowa Judicial Districts came under the operational control of the Iowa Department of Corrections (IDOC). Once this occurred, the judicial districts websites were removed, and the public was directed to the IDOC website. The IDOC website has a link titled Prison Rape Elimination Act (PREA) Information about PREA at https://doc.iowa.gov/iowa-doc-prea-policy. This link directs third parties to report via email to PREA.reporting@iowa.gov , mail a letter to IDOC Central Office at 510 E. 12th Street, Des Moines IA 50319 or to the State of Iowa Office of Ombudsman at 1112 E. Grand Avenue, Des Moines, IA 50319. Third parties can report sexual abuse and sexual harassment using these methods.</p> <p>Interviews with staff and residents confirm that staff and residents are aware that third-party reporting options are available. The Hope House provides residents with reasonable and confidential access to their attorney. In addition, residents interviewed reported that they had contact with their families and others regularly who could report on their behalf.</p>

115.261	Staff and agency reporting duties
	Auditor Overall Determination: Meets Standard
	Auditor Discussion

	<p>The facility PREA policy requires all staff to immediately report any knowledge, suspicion or information received related to sexual abuse/harassment incidents, retaliation and staff negligence that may have contributed to such incidents. Staff are required to make such reports to the PREA Coordinator or designee. All employees may privately report sexual abuse and sexual harassment of residents to their supervisor or any other facility supervisor or administrator. Random staff interviews confirmed their responsibility to report and to maintain that information in confidence. The PREA Coordinator, the Residential Manager, or a designee will assign an investigator for all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports. Staff interviews confirmed their responsibility to report and to maintain that information in confidence.</p>
--	--

115.262	Agency protection duties
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>The auditor reviewed the PREA policy, interviewed the staff and the administration. The facility requires all staff to take immediate action to protect the resident from imminent sexual abuse. All staff understand that “immediate” means when the response is needed – that could mean within minutes if the abuse were recent, or it could mean before the end of the shift for incidents in which an abuse was reported that occurred in the distant past. There have been no reported incidents over the past 12 months in which immediate protection measures were required because a resident was subject to a substantial risk of imminent sexual abuse.</p>

115.263	Reporting to other confinement facilities
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Interviews with staff confirm that action will be taken upon receiving an allegation of sexual abuse while a resident was at another facility and will notify another agency if a resident at this facility reports a sexual abuse allegation that may have occurred at another facility. Such action is initiated no later than 72 hours and actions are documented. These steps were also noted in the review of the policy. These notifications are made from facility head to facility head. There are no instances of such allegations received regarding another facility or from another facility regarding an incident at this facility over the past 12 months.</p>

115.264	Staff first responder duties
----------------	-------------------------------------

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Interviews with staff and a review of materials provided to the auditor verified their process to provide assistance; separate alleged victim/abuser; preservation and protection of evidence by securing the scene including that the victim does not take any actions that could destroy any physical evidence. The Residential Supervisor, the Residential Manager, the District Director, and the PREA Coordinator are notified, the coordinated response is initiated with the individual being taken to the hospital. An advocate is provided from Rape Victim Advocacy Program (RVAP), and the investigator is notified so that they may report to the hospital, and/or, to the facility to begin the investigative process.</p>

115.265	Coordinated response
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The Hope House coordinated response plan is partially defined within their PREA policy and their PREA flow chart. The flow chart is missing some key elements that are unique to this facility to coordinate actions among first responders, investigators, facility administrators, and medical and mental health providers in the community. Staff interviews and interviews with the Residential Manager and the PREA Coordinator indicate that staff are aware of their responsibility to coordinate responses within the facility, with the investigator, and with the SANE and advocate. The Residential Manager, the Residential Supervisor, and the PREA Coordinator are notified. The coordinated response includes the individual being taken to the hospital for a forensic examination as appropriate. Rape Victim Advocacy Program (RVAP) typically handles the response at their facility which includes coordinating with a SANE, an advocate for emotional support services and accompaniment, if requested by the victim and the investigator so that the victim does not have to portray the circumstances of the assault repeatedly to multiple people. The auditor spoke with the Johnson County Sexual Assault Response Team/SANE Coordinator. They have a coordinated response. They have regular SART meetings where SANEs, investigators, victim advocates collaborate and work to ensure their efforts are working cohesively.</p> <p>CORRECTIVE ACTION: The auditor required the coordinated response plan to be specific to the Hope House (not merely an agency-wide plan). On July 6, 2023, the PREA Coordinator provided an updated coordinated response plan titled "Sexual Assault Response Checklist" that is specific to the coordinated response resources available to the Hope House.</p>

115.266	Preservation of ability to protect residents from contact with abusers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The Sixth Judicial District staff are represented by a collective bargaining agreement with the American Federation of State, County, and Municipal Employees, Council 61 AFL-CIO. The auditor reviewed the agreement effective July 1, 2023, through June 30, 2025, and it discusses only pay. The Hope House administrators will remove alleged staff sexual abusers from contact with residents pending the outcome of the investigation. The facility is not restricted in any way from protecting residents from contact with abusers.

115.267	Agency protection against retaliation
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The PREA Coordinator is charged with monitoring for retaliation. She is assisted by the Residential Supervisor. Should any person who cooperates with a sexual misconduct investigation express fear of retaliation; appropriate protective measures will be taken. Retaliation monitoring will be for at least 90 days or longer if required and will be discontinued should the allegation be unfounded. Measures include housing changes, removing contact of alleged staff/resident abusers and emotional support services for those who fear retaliation. Interviews with the PREA Coordinator confirmed her duties and responsibilities. These steps are properly documented in the PREA policy. The Hope House will document monitoring efforts. In the event of an incident, the PREA Coordinator’s monitoring efforts includes periodic status checks with the victim and/or anyone who suspects retaliation for reporting or cooperating with an investigation.

115.271	Criminal and administrative agency investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed upper-level staff and the investigators. There were no investigative files for the reentry center to review. Through the interview with the investigators, it was determined that investigations are not terminated should the source of the allegation recant. Polygraph tests are not used during their investigations. The credibility of those interviewed by investigators is believed to be

	<p>true until corroborating facts tell otherwise and is not made on the basis of that individual's status as a resident or staff. All written reports are retained for as long as the alleged abuser is incarcerated or employed by the facility plus five years. Investigations will not be terminated due to the departure of an alleged abuser or victim. All administrative investigations will be documented in written reports which include a description of the testimonial and physical evidence, and investigative facts and findings. These steps are properly documented in the PREA policy. The investigators have completed specialized training. The investigations include efforts to determine whether staff actions/failures contributed to the abuse documented through written reports, which will include physical/testimonial evidence, credibility assessments and investigative facts and findings.</p>
--	---

115.272	Evidentiary standard for administrative investigations
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>The investigators were knowledgeable as to the standard for administrative investigations. They are fully aware that the facility uses no standard higher than the preponderance of evidence in making final determinations of sexual abuse/harassment - meaning that the facility can take necessary actions when at the conclusion of the investigation the evidence leads them to believe the incident more than likely occurred (greater than 50%).</p>

115.273	Reporting to residents
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>The auditor interviewed staff, and the investigators. The PREA Coordinator uses the "PREA Notification Form" to report the outcome to the resident. The resident signs the form to document receipt of this information. The outcome states whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded. If the resident refuses to sign the findings form or the resident is no longer in custody at the facility, the PREA Coordinator will document this on the form. If the allegation is against a staff member, the PREA Coordinator will also provide information about if the staff is no longer posted in the resident's unit and/or if the staff is no longer employed at the facility. The PREA Coordinator will also provide information regarding if the alleged abuser is indicted on a charge related to sexual abuse within the facility or has been convicted of an offense related to the sexual abuse within the facility. There were no incidents reported at the reentry center.</p>

115.276	Disciplinary sanctions for staff
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed upper-level staff and reviewed PREA policy. Staff are subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies. Termination is the presumptive disciplinary sanction for staff who have engaged in sexual abuse. Disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) are commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories. All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, are reported to law enforcement, unless the activity was clearly not criminal.

115.277	Corrective action for contractors and volunteers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed the District Director, the Residential Manager, and the PREA Coordinator, and reviewed the policy. There are no contractors working in the Hope House. However, if there are contractors working at the facility in the future, both volunteers and contractors are subject to disciplinary actions including termination of services for violation of facility sexual abuse/harassment policies. According to the District Director, should any violation of this type be substantiated, the facility has complete authority to administer remedial measures including prohibiting further contact with residents. Contractors or volunteers who engage in sexual abuse will be reported to law enforcement agencies (unless the activity was clearly not criminal). These requirements are outlined in their policy.

115.278	Disciplinary sanctions for residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed administrators, staff, and residents and reviewed policy. The facility prohibits disciplinary action for a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred. The Hope House does not provide counseling or therapy to address and correct the underlying

	<p>reasons or motivations for abuse. If findings of resident-on-resident sexual abuse are substantiated, administrative sanctions will be administered following the formal disciplinary processes and applied commensurate with the level of infractions. Some examples given by the District Director are loss of privileges and other minor sanctions for minor infractions. More serious infractions would be room restrictions, transfer, and additional criminal charges.</p>

115.282	Access to emergency medical and mental health services
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Emergency medical response was not needed during the review period. The PREA policy documents PREA requirements for access to emergency medical and mental health services. Emergency services would be provided by the University of Iowa Medical Center. The Hope House would coordinate with the community providers such as Riverview and Rape Victim Advocacy Program (RVAP), to provide mental health services. Treatment services are provided to the victim without financial cost regardless of whether the victim names the abuser or cooperates with the investigation. The procedures were verified both through review of policy and through conversations with staff.</p>

115.283	Ongoing medical and mental health care for sexual abuse victims and abusers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The auditor interviewed upper-level staff, and reviewed the PREA policy. The Hope House will offer a medical evaluation within the community and, as appropriate, offers treatment to all offenders who have been victimized by sexual abuse in any prison, center, lockup, or juvenile facility. The evaluation and treatment will include follow-up services, treatment plans, and, when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody. The Hope House provides such victims with medical and mental health services consistent with the community level of care. Offender victims of sexual abuse are offered tests for sexually transmitted infections as medically appropriate through treatment at the University of Iowa Medical Center.</p>

115.286	Sexual abuse incident reviews
----------------	--------------------------------------

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed the District Director, the Residential Manager, and the PREA Coordinator. No investigations met the requirement for an incident review; however, the auditor reviewed their incident review form. The review process is outlined within policy. All questions are asked during the review process - change in policy or practice, motivation, physical barriers, staffing levels and monitoring technology. The review team includes the Residential Manager, the Residential Supervisor, the PREA Coordinator, the investigator, upper-level administrative staff, and staff involved in the incident.

115.287	Data collection
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed the District Director, the Residential Manager, and the PREA Coordinator, reviewed the PREA policy, and the aggregate data for 2022 and the comparative analysis from 2016 to 2022 posted on their website at https://doc.iowa.gov/prison-rape-elimination-act . The facility has not been asked to provide data to the Department of Justice.

115.288	Data review for corrective action
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed the District Director, the Residential Manager, and the PREA Coordinator, reviewed the PREA policy and the annual report. The Hope House's review and annual report are aimed at assessing and improving the effectiveness of the agency's sexual abuse prevention, detection, and response policies, practices, and training, including identifying problem areas, taking corrective action on an ongoing basis. Their annual report is posted on their website at https://doc.iowa.gov/prison-rape-elimination-act . The PREA Coordinator prepares the annual report and submits it to the administration for approval and it is signed by the District Director or designee prior to publishing on the website. The standard requires that when preparing the annual report, it has findings and corrective actions for each facility as well as the agency as a whole. The annual report does not have any facility specific information.
	CORRECTIVE ACTION: The auditor required that findings and corrective actions

	<p>specific to Hope House be provided in the annual report. On August 1, 2023, the PREA Coordinator informed the auditor that the 6th Judicial Districts Annual Report had been updated to include specific information relative to the Hope House. The auditor verified this information by viewing the annual report on the Iowa Department of Corrections website at https://drive.google.com/file/d/1EkmlQtToEjH1hs-BMAXG45je7l_gjSqO/view</p> <p>.</p>

115.289	Data storage, publication, and destruction
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The auditor interviewed the District Director, the Residential Manager, and the PREA Coordinator, reviewed the PREA policy, the annual report and the posted aggregate data that is posted on the website. The PREA policy addresses data storage, publication, and destruction requirements. Data collected is retained via limited access and it is retained for at least ten (10) years.</p>

115.401	Frequency and scope of audits
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>This is the third audit for the Hope House. The Hope House 's last audit was conducted on June 4 & 5, 2020. The auditor had complete access and observed operations in every area of the center. The auditor requested many documents throughout the audit process and will continue to request documents through the corrective action period. The Hope House staff were very cooperative throughout the audit process. The Hope House provided private accommodations to conduct interviews. The auditor notices were posted throughout the facility and the auditor received an electronic message to verify they were posted within six weeks of the audit. The auditor did not receive any confidential correspondence from residents.</p>

115.403	Audit contents and findings
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>This is the third audit for the Hope House. The Hope House final PREA audit report</p>

from June 2020 is published on the Iowa Department of Correction's (IDOC) website at <https://doc.iowa.gov/prison-rape-elimination-act>. An audit was completed in 2017. The auditor viewed the 2017 audit previously on the Sixth Judicial District's website. However, with the transition with the judicial districts coming operationally under the control of the Iowa Department of Corrections on July 1, 2023, the Sixth Judicial District's website has been taken down. It appears that not everything has been reloaded on the IDOC website. The IDOC website directs the public to "please see Iowa Publications Online for Previous Facility PREA Audit Reports at <http://publications.iowa.gov>". However, only previous IDOC audits are located there, not residential facility audits.

CORRECTIVE ACTION: The auditor required that the 2017 PREA Audit for the Hope House be published on the agency's website. On July 20, 2023, the auditor verified that the 2017 PREA Audit report was available on the IDOC website at <https://doc.iowa.gov/prea-audits-legacy>.

	Does the agency prohibit the enlistment of the services of any contractor who may have contact with residents who: Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997)?	yes
	Does the agency prohibit the enlistment of the services of any contractor who may have contact with residents who: Has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of	yes

	force, or coercion, or if the victim did not consent or was unable to consent or refuse?	
	Does the agency prohibit the enlistment of the services of any contractor who may have contact with residents who: Has been civilly or administratively adjudicated to have engaged in the activity described in the two questions immediately above ?	yes
115.217 (b)	Hiring and promotion decisions	
	Does the agency consider any incidents of sexual harassment in determining whether to hire or promote anyone who may have contact with residents?	yes
	Does the agency consider any incidents of sexual harassment in determining to enlist the services of any contractor who may have contact with residents?	yes
115.217 (c)	Hiring and promotion decisions	
	Before hiring new employees who may have contact with residents, does the agency: Perform a criminal background records check?	yes
	Before hiring new employees who may have contact with residents, does the agency, consistent with Federal, State, and local law, make its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse?	yes
115.217 (d)	Hiring and promotion decisions	
	Does the agency perform a criminal background records check before enlisting the services of any contractor who may have contact with residents?	yes
115.217 (e)	Hiring and promotion decisions	
	Does the agency either conduct criminal background records checks at least every five years of current employees and contractors who may have contact with residents or have in place a system for otherwise capturing such information for current employees?	yes
115.217	Hiring and promotion decisions	

(f)		
	Does the agency ask all applicants and employees who may have contact with residents directly about previous misconduct described in paragraph (a) of this section in written applications or interviews for hiring or promotions?	yes
	Does the agency ask all applicants and employees who may have contact with residents directly about previous misconduct described in paragraph (a) of this section in any interviews or written self-evaluations conducted as part of reviews of current employees?	yes
	Does the agency impose upon employees a continuing affirmative duty to disclose any such misconduct?	yes
115.217 (g)	Hiring and promotion decisions	
	Does the agency consider material omissions regarding such misconduct, or the provision of materially false information, grounds for termination?	yes
115.217 (h)	Hiring and promotion decisions	
	Does the agency provide information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer for whom such employee has applied to work? (N/A if providing information on substantiated allegations of sexual abuse or sexual harassment involving a former employee is prohibited by law.)	yes
115.218 (a)	Upgrades to facilities and technology	
	If the agency designed or acquired any new facility or planned any substantial expansion or modification of existing facilities, did the agency consider the effect of the design, acquisition, expansion, or modification upon the agency's ability to protect residents from sexual abuse? (N/A if agency/facility has not acquired a new facility or made a substantial expansion to existing facilities since August 20, 2012 or since the last PREA audit, whichever is later.)	na
115.218 (b)	Upgrades to facilities and technology	
	If the agency installed or updated a video monitoring system, electronic surveillance system, or other monitoring technology, did the agency consider how such technology may enhance the	na

	agency's ability to protect residents from sexual abuse? (N/A if agency/facility has not installed or updated any video monitoring system, electronic surveillance system, or other monitoring technology since August 20, 2012 or since the last PREA audit, whichever is later.)	
115.221 (a)	Evidence protocol and forensic medical examinations	
	If the agency is responsible for investigating allegations of sexual abuse, does the agency follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions? (N/A if the agency/facility is not responsible for conducting any form of criminal or administrative sexual abuse investigations.)	yes
115.221 (b)	Evidence protocol and forensic medical examinations	
	Is this protocol developmentally appropriate for youth where applicable? (NA if the agency/facility is not responsible for conducting any form of criminal or administrative sexual abuse investigations.)	yes
	Is this protocol, as appropriate, adapted from or otherwise based on the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011? (NA if the agency/facility is not responsible for conducting any form of criminal or administrative sexual abuse investigations.)	yes
115.221 (c)	Evidence protocol and forensic medical examinations	
	Does the agency offer all victims of sexual abuse access to forensic medical examinations, whether on-site or at an outside facility, without financial cost, where evidentiarily or medically appropriate?	yes
	Are such examinations performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible?	yes
	If SAFEs or SANEs cannot be made available, is the examination performed by other qualified medical practitioners (they must have been specifically trained to conduct sexual assault forensic exams)?	yes

	Has the agency documented its efforts to provide SAFEs or SANEs?	yes
115.221 (d)	Evidence protocol and forensic medical examinations	
	Does the agency attempt to make available to the victim a victim advocate from a rape crisis center?	yes
	If a rape crisis center is not available to provide victim advocate services, does the agency make available to provide these services a qualified staff member from a community-based organization, or a qualified agency staff member?	yes
	Has the agency documented its efforts to secure services from rape crisis centers?	yes
115.221 (e)	Evidence protocol and forensic medical examinations	
	As requested by the victim, does the victim advocate, qualified agency staff member, or qualified community-based organization staff member accompany and support the victim through the forensic medical examination process and investigatory interviews?	yes
	As requested by the victim, does this person provide emotional support, crisis intervention, information, and referrals?	yes
115.221 (f)	Evidence protocol and forensic medical examinations
