## COMPARISON OF ASSESSMENTS FOR 1920 AND 1921

The following table showing the comparative assessments, (except special assessments) of all property in the state of Iowa for the years 1920 and 1921 is published for the information of all concerned. With reference thereto attention is invited to the following pertinent facts:

1. The average rate of taxation for the entire state for the year 1921 to be collected in 1922 is 95.30 mills, an increase of 7.88 mills over the average rate for 1920. This increase is due primarily to the increase in General State Revenue of nearly a million and a half dollars necessitated by larger appropriations for the use of the State Educational Institutions authorized by the 39th General Assembly.

2. Forty-seven cents of each dollar of tax paid in the state goes to County and District Schools.

3. The amount of taxes paid by Insurance, Car Equipment, Railroad, Telegraph, Telephone and Express Companies to the state and taxing districts exceeds the amount assessed for General State Revenue.
