Spring 2016	Legislation about ECI was passed. SF2299 <ul style="list-style-type: none"> •The Early Childhood Iowa (ECI) State Board, ECI area boards, and other state and local government agencies provide support, leadership, and facilitation of the growth of individual, community, and state responsibility in addressing the desired results for improving the quality of life in Iowa for young children and their families. •clarify that the ECI State Board must consider a community's current coverage of family support programs and services when responding to an area board's request for a waiver from the requirement to commit at least 60% of state funding to programs with a home visitation component. • removes references relating to a level of excellence rating system to be used in the State Board's designation process for area boards. A designation process is still required by requires the ECI State Board to determine the process. •eliminates the requirement that the composition of an ECI area board include representation from early care interests. "Early care" means the programs, services, support, or other assistance made available to a parent or other person who is involved with addressing the health and education needs of a child from zero

	<p>through age five.</p> <ul style="list-style-type: none"> • makes changes to the duties of an ECI board relating to the development of a comprehensive community plan for children from zero through age five. •amends provisions relating to the school ready children grant program and also eliminates the option that child care services funded by a school ready children grant may include nurse consultants. • provides that once an ECI area board receives a school ready children grant, receipt of continued funding by the ECI area board is subject to submission of the required annual report and the ECI State Board's determination that the ECI area board is making progress, through the use of specific, quantifiable performance measures and locally identified community-wide indicators, toward achieving the desired results and other results identified in the community plan. Each ECI area board is required to participate in the designation process established by the ECI State Board to measure the ECI area's success. If the use of performance measures and community-wide indicators does not show that an ECI area board has made progress toward achieving the results identified in the community plan, the State Board shall require a corrective action plan, provide technical assistance, withhold any increase in funding, or withdraw grant funding. •eliminates the requirement that grant moneys be adjusted for other federal and state grant moneys to be received by the area for services to children from zero through age five. • provides that an ECI area board's designation shall be determined by evidence of successful collaboration among public and private early care, education, health, and human services interests in the area or a documented program design that supports a strong likelihood of a successful collaboration between these interests. •eliminates the requirement that the Department of Management provide information to the ECI State Board regarding the extent and frequency of usage of the ECI internet site or sites and that such information be included in the Board's annual report. • eliminates the Early Childhood funding distribution formula and gives the ECI State Board the authority to change the formula. •References to "home visitation program" in Code Chapter 256I are replaced with references to "family support program", and a conforming Code change is made in Code Chapter 135.106 (Healthy Families Programs). The bill provides that it is the intent of the Legislature to give priority to family support program funding using evidence-based or promising program models, and in order to implement this legislative intent, the bill provides that, by July 1, 2016, 90 percent of state funds expended for family support programs shall be used for evidence-based or promising program models.
