Task Force Number One

STRONG PROGRAMS OF EDUCATION  
AND SERVICE FOR CHILDREN OF  
PRE-KINDERGARTEN AND EARLY CHILDHOOD

## TASK FORCE NUMBER ONE

### PLAN I 1970-1971

#### GENERAL STATEMENT

We are entering a new decade. From among the many educational problems facing our state in the 1970s none needs greater emphasis than early childhood education. Although most public officials and educators acknowledge the importance of the early childhood years, there is little or no consensus as to what kind or how much training should be offered or required of early childhood children. While all the public schools of Iowa offer kindergarten courses, few pre-kindergarten programs are available. If early childhood education programs are to be effectively developed, an analysis of programs already in existence, actual operating and capital costs, short- and long-range benefits, teaching needs, and possible program alternatives for youngsters during these formative years must be made.

It is with a leadership role in mind that the following plan is presented.

#### 1.0 PRE-KINDERGARTEN AND EARLY CHILDHOOD EDUCATION

The primary goal of this plan is to develop guidelines for strong programs of education and service for children of pre-kindergarten and early childhood age.

#### 1.1 STATEMENT OF OBJECTIVE -- 1970-1971

- Determination of the status of present early childhood education programs in Iowa.
- Determination of the need for further development of early childhood education programs as a part of a public education program.

#### 1.1.1 DESCRIPTION OF ACTIVITY

It is recommended that a full-time program director be employed. The director will give leadership to the State Board of Education, educational agencies of the state, other agencies interested in early childhood education, and consultants of his group. The budget for this position is recommended as follows:

<u>Position</u>	<u>No.</u>	<u>Support</u>	<u>Salary 1970-1971</u>
Director	1		\$16,720
		Travel	3,000
		Benefits	900
		TOTAL	\$20,620
