Pm-668 | Revised | April 1983

DIRECTORY OF CHRISTMAS TREE PRODUCERS IN IOWA

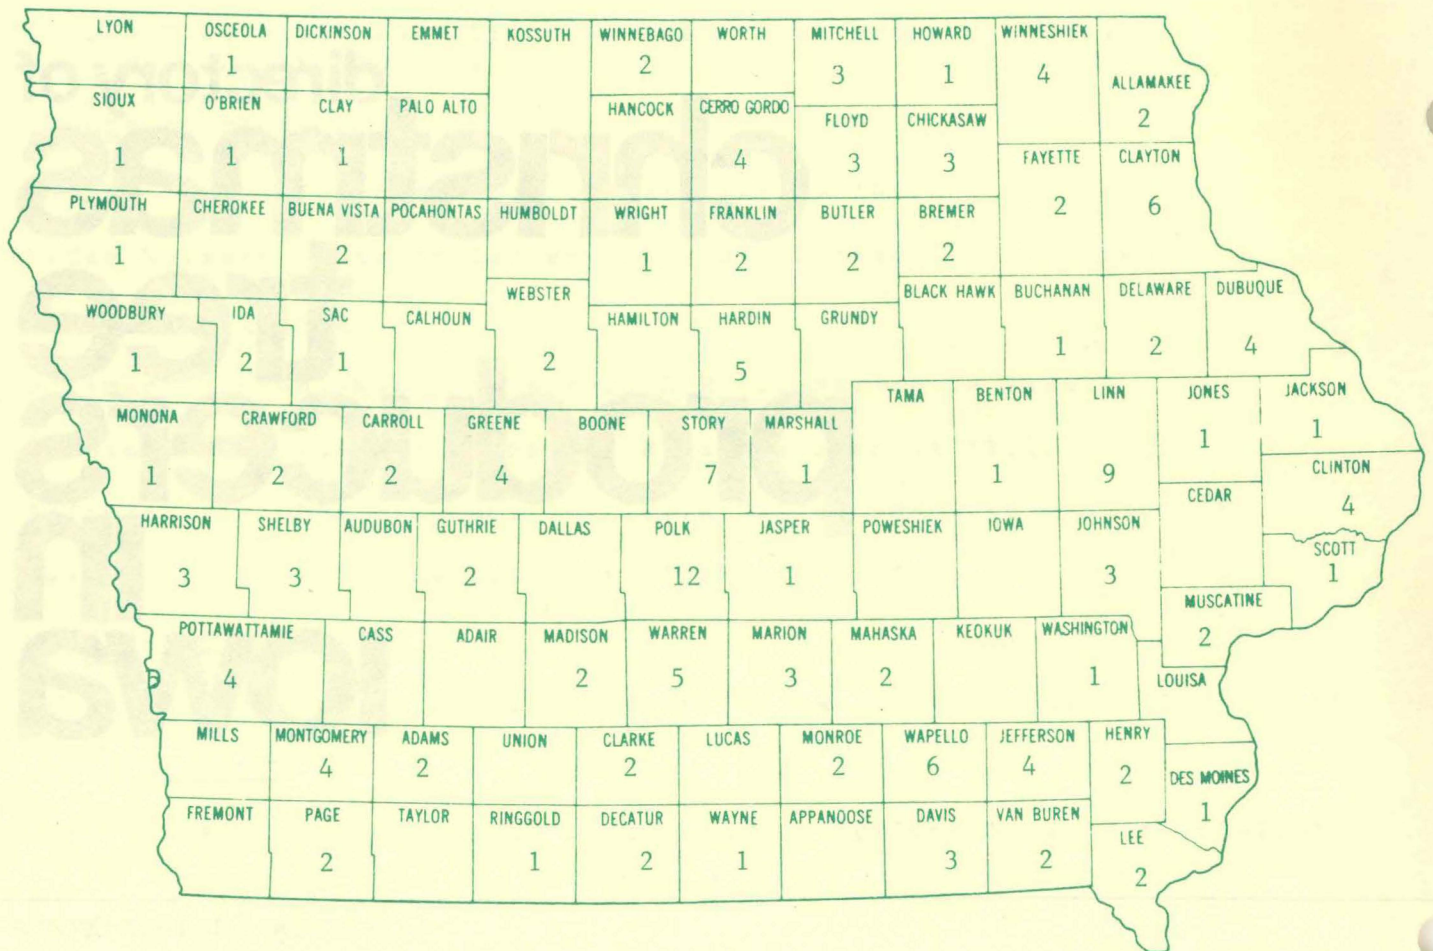

The number of Christmas tree producers has increased from 151 in 1979 to over 173 in 1983. Presently sixty-nine of the counties have at least one active Christmas tree producer; this is an increase by 8 counties since 1979. The largest increase in producers was in the north central regions of the state.

This directory has been prepared for both the buyer interested in a single, fresh, home-grown tree and the large wholesaler or retailer interested in purchasing a number of trees.

Many growers sell to both these groups, so no distinction has been made as to wholesale or retail producers.

The best way to use this publication is to check the map for nearby producers, call and see if they sell what you want, then visit to check the quality of the trees.

This publication was compiled by the Forestry Extension Department with the cooperation of County Extension Directors, District Foresters and the Iowa Christmas Tree Growers Association. It should not be viewed as a complete list as there are probably a few growers that are not known by any of these organizations.

Prepared by Paul H. Wray, Extension Forester, William Farris, Assistant State Forester, Iowa Conservation Commission, and Reinee Hildebrandt, Assistant Extension Forester.

ADAMS COUNTY

Molby, Wallace--Box 236, Prescott, IA 50859; Phone:(515)335-2439
