Statement from the Sponsor

Since 1986, the Iowa Schools Joint Investment Trust (ISJIT) has focused on serving the cash management needs of school districts, community colleges, area education agencies and other eligible participants in a safe, effective and efficient manner.

ISJIT is sponsored by the Iowa Association of School Boards (IASB), governed by a representative board of trustees and served by a dedicated team of professionals. Short-term investors continue to face numerous challenges brought on by near-zero, short-term interest rates and challenging, albeit improving, credit markets.

The Federal Reserve's Open Market Committee is continuing to keep the Fed Funds rate within a target rate of between 0% and .25%, and more generally, short-term interest rates continue to be anchored at extremely low levels. According to a statement released by the Federal Reserve Open Market Committee on June 20, 2012, "economic conditions are likely to warrant exceptionally low levels for the Federal Funds rate at least through late 2014".

This interest rate environment has translated to lower earnings rates available from all manner of liquid cash investment vehicles, including ISJIT. The Fund's Diversified Portfolio continues to provide a competitive return with an emphasis on the preservation of principal and maintenance of suitable liquidity for all participants.

IASB is committed to assisting local school districts on their journey to excellence by freeing dollars in your budget that can be focused on student learning. ISJIT continues to grow and, with 398 authorized participants, has provided a much-needed investment option for Iowa schools.

As the Executive Director of IASB, I would like to thank this past year's ISJIT participants. I appreciate your continuing support as we strengthen the Iowa Association of School Boards and focus our efforts on serving Iowa's education community.

Sincerely,

Thomas J. Downs
Executive Director
Iowa Association of School Boards

Message from the Chair

The Iowa Schools Joint Investment Trust Board is pleased to present this Annual Financial Report for the period ending June 30, 2012. We are encouraged by our high level of participation and our high level of account balances. The ISJIT board thanks you for your loyal support over the past fiscal year.

I would like to acknowledge the tremendous sacrifices by all the partners we work with on ISJIT. This includes Bankers Trust Company (our administrator, custodian, and fixed term provider), RBC Global Asset Management, (U.S.), Inc. (our investment adviser), and PMA (our marketer and fixed term provider). These partners continue to provide a high level of service to ISJIT's Participants, while they discount fees in this low interest rate environment. I take pride in knowing that ISJIT, in cooperation with our service partners, is doing all it can to maximize earnings for member districts, AEA's and community colleges.

ISJIT continues to partner with Brooks Lodden P.C., as the auditor, Bob Jester of Jester Insurance Services covers our insurance, and Rob Dixon of Davis Brown Law Firm serves as our legal counsel.

I would like to formally welcome several new members to the ISJIT board this year. Ed Chabel from Mt. Pleasant Community School and Jeff Thelander of Lawton-Bronson Community School have replaced long time members Gary Sinclair, former Superintendent from Dallas Center-Grimes and Greg Reynolds, Business Manager from Keokuk. Gary is now employed with PMA (fixed term provider), which is located in Naperville, Illinois. Paul Kruse continues as our marketing agent and is the face of ISJIT to local business managers and superintendents.

Your comments and suggestions are always welcome and are a key element in the continual improvement of the ISJIT program. Please feel free to contact me, or any other Board member, with your ideas and thoughts.

Together we can make ISJIT even better.

ISJIT Board of Trustees meets regularly to review the program's operation and to consider program operating enhancements that might be of assistance to ISJIT participants. Each of the seven members of the board represents the interests of its home school corporation as well as 398 other ISJIT program members. Each Board member has served as a school board member, business manager, or administrator in his/her home district or Association for many years prior to their ISJIT service.

Together, the ISJIT Board provides an extensive network of experience and knowledge of participants' cash management needs to the program's ongoing operation. The diversity of experience and attention to detail by each member of the Board ensures that the program's history of helpful cash management assistance will continue to be available to ISJIT participants well into the future.

ISJIT Program Services & Features

- ISJIT is sponsored by the Iowa Association of School Boards (IASB). IASB's management team meets regularly with the program's service providers to monitor all elements of program operation.
- Unique internet-based reporting system, *ISJIT Online*, provides participants with real-time account inquiry and transaction capabilities via the internet. Participants may invest or withdraw funds, verify account balances or transaction histories, and direct inquiries to any ISJIT service provider with this unique service.
- Provides daily liquid investment alternative: The Diversified portfolio is tailored to meet specific participant investment needs, and has been structured to produce yields that compare favorably to yields available in other liquid account structures and fixed-term investments with limited liquidity.
- Provides toll-free telephone access to experienced ISJIT representatives who can personally assist with any investment-related inquiry or request.
- Invests available funds with Iowa financial institutions, offering competitive rates of interest, whenever possible.
- Through its Fixed Term Automated Program, ISJIT offers participants the opportunity to purchase certificates of deposit from Iowa financial institutions and other securities that are permitted for investment by school corporations under Iowa law. Within the Fixed Term Program, the Bond Proceeds Management Program offers the perfect investment capability for bond proceeds.

"The ISJIT Fixed Term Program offered a convenient and valuable investment option for the Knoxville Community School District's Sales Tax Bond proceeds.

The ISJIT Fixed Term Program team worked with the district's architects and myself to analyze the cash flow projections for our construction project. The result was an investment schedule that provided the most efficient and economical option of investing these funds. The investment strategy provided a competitive rate of return while matching the maturity schedule of those investments with the construction timeline."

Management's Discussion & Analysis

This section of the ISJIT Annual Report presents management's discussion and analysis of the financial position and results of operations for the fiscal years ended June 30, 2012 (FY 2012) and June 30, 2011 (FY 2011). This information is being presented to provide additional information regarding the activities of ISJIT. This discussion and analysis should be read in conjunction with the Independent Auditor's Report of Brooks Lodden P.C., the Financial Statements, and the accompanying notes.

ISJIT is primarily responsible for providing proactive cash management practices and responsiveness to the unique needs of school corporations across Iowa. ISJIT is a common law trust established under Iowa law pursuant to Chapter 28E and Section 279.29 of the Iowa Code, as amended, which authorizes Iowa schools to jointly invest money pursuant to a joint investment agreement. ISJIT currently operates the Diversified Portfolio. The Diversified Plus and Direct Government Obligation Portfolios suspended operations on January 8, 2009 and October 27, 2010, respectively, due to economic factors and are closed to new investments. ISJIT management expects the Diversified Plus and DGO Portfolios will remain closed to new investment for the foreseeable future, but the ISJIT Board has retained the right to reactivate the portfolios in the future. The objective of the portfolios is to maintain safety of principal and a high degree of liquidity through investment in short-term securities as permitted for Iowa schools under Iowa law. Activities of the Diversified and DGO Portfolios are described in the Management's Discussion and Analysis and accompanying financial statements and notes to financial statements.

Overview of the Financial Statements

The Management's Discussion and Analysis provides an introduction to and overview of the financial statements of ISJIT's Administration Fund, Diversified and DGO Portfolios. The following components comprise the financial statements for the Administration Fund: 1) Statement of Net Assets, 2) Statement of Changes in Net Assets, and 3) Notes to Financial Statements. The following components comprise the financial statements for each Portfolio: 1) Statement of Net Assets, 2) Statement of Changes in Net Assets, 3) Schedule of Investments for FY 2012, and 4) Notes to Financial Statements. The Statement of Net Assets displays the financial position (assets and liabilities) of the funds as of June 30, 2012 and 2011. The Statement of Changes in Net Assets displays the results of operations (income and expenses) and participant/unitholder activity (sales and redemptions) for each of the two most recent fiscal years. The Schedule of Investments lists each security held by the portfolio as of June 30, 2012. The Notes to Financial Statements describe significant accounting policies of the portfolios and other supplemental information.

Condensed Financial Information and Financial Analysis

Year-to-year variances in most financial statement amounts reported in ISJIT's Administrative Fund and Diversified Portfolios are caused by a single variable – the level of average net assets (which fluctuates based on the overall levels of participant/unitholder invested balances) in each portfolio. Additionally, changes in the short-term interest rate environment (which follows the general trend established by monetary policy set by the Federal Reserve) contribute to year-over-year variances in the amount of investment income earned.

Condensed financial information and variance explanations for each portfolio for FY 2012 and FY 2011 follows:

The net assets for the Administration Fund decreased 49.58 percent to (\$12,339) FY 2012 from \$(8,249) FY 2011. The decrease in net assets for the Administration Fund was a result of expenses of the Administration Fund exceeding the income received from the Diversified Portfolio.

During FY 2012, the average net assets for the Diversified Portfolio decreased 5.86 percent to \$538,429,007 from average net assets of \$571,961,442 during FY 2011 as a result of withdrawals by the Participants in the Portfolio.

During FY 2012, average net assets for the DGO Portfolio decreased 100 percent to \$0 from average net assets of \$6,130,877 during FY 2011 as a result of suspending operations of the Portfolio on October 27, 2010.

Net investment income decreased 81.96 percent in the Diversified Portfolio during FY 2012 compared to FY 2011 due to the decreasing rate environment throughout FY 2012.

Expenses of the Portfolios are calculated on the daily net asset totals. Total expenses increased in the Diversified Portfolio during FY 2012 by 11.08 percent due to changes in fee structure and fee waivers by the vendors.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Unitholders
Iowa Schools Joint Investment Trust

We have audited the accompanying statements of net assets of the Iowa Schools Joint Investment Trust (ISJIT) Administration Fund, Diversified Portfolio and the Direct Government Obligation Portfolio as of June 30, 2012 and 2011, and the related statements of changes in net assets for the years then ended. We have also audited the accompanying schedule of investments of the Diversified Portfolio for the year ended June 30, 2012. These financial statements are the responsibility of ISJIT's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the ISJIT Administration Fund, Diversified Portfolio, and the Direct Government Obligation Portfolio as of June 30, 2012 and 2011, the changes in net assets for the years ended June 30, 2012 and 2011, and the schedule of investments as of June 30, 2012, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 6, 2012, on our consideration of ISJIT's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods or preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Note 1 - Summary of Significant Accounting Policies

Reporting Entity:

Iowa Schools Joint Investment Trust (ISJIT) is a common law trust established under Iowa law pursuant to Chapter 28E and Section 279.29 of the Iowa Code, as amended, which authorizes Iowa schools to jointly invest moneys pursuant to a joint investment agreement. ISJIT is a Standard & Poor's rated money market fund pursuant to the requirements of Iowa Code Section 12B.10. ISJIT was established by the adoption of a Joint Powers Agreement and Declaration of Trust as of October 1, 1986, and commenced operations on December 16, 1986. The Joint Powers Agreement and Declaration of Trust was amended on November 1, 1988, and again on May 1, 1993. Under this authority, ISJIT operates various investment programs for its participants, which includes the Diversified Portfolio. The Diversified Plus and DGO Portfolios are authorized investment programs that suspended operations on January 8, 2009 and October 27, 2010, respectively, due to economic factors. The Trustees have retained the right to reactivate these Portfolios in the future. The accompanying financial statements include only the activities of the ISJIT Administration Fund, Diversified and DGO Portfolios.

Regulatory Oversight:

The operation of ISJIT is governed by a six member Board of Trustees, and non-voting persons as may be appointed by the Board. Trustees are appointed by the Board of Trustees, of which four of the Trustees shall be members of the Board of Directors of Iowa Association of School Boards (IASB), who are directors participating in ISJIT, a superintendent of a school corporation participating in ISJIT, and a school board secretary or business official of a school corporation participating in ISJIT. IASB serves as the Sponsor of ISJIT. ISJIT is not registered with the Securities and Exchange Commission (SEC); however, ISJIT follows investment procedures similar to the investment procedures followed by SEC-registered money market mutual funds.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation:

ISJIT reports the Administration Fund, Diversified and DGO Portfolios' financial position and the results of operations using investment trust funds. Investment trust funds are fiduciary funds that are used to account for the assets held in a trustee capacity. The primary purpose of the funds is to generate financial resources while maintaining a high degree of liquidity and safety of principal through investment in short-term securities as permitted for the participants under the Iowa Code.

Note 1 - Summary of Significant Accounting Policies, Continued

Measurement Focus, Basis of Accounting, and Financial Statement Presentation, Continued:

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording assets, liabilities, net assets, revenues, expenditures, and other financing sources and uses. The financial statements are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. The financial statements of ISJIT have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and reporting principles.

Use of Estimates:

The preparation of financial statements under GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the period. Actual results could differ from those estimates.

Authorized Investments:

ISJIT's policy is to only invest in securities specifically permitted for participants under the Iowa Code, as it now or in the future exists, including the following types of securities and instruments:

Securities issued or guaranteed as to payment of principal and interest by the U.S. Government. These include, for example, Treasury bills, bonds, and notes that are direct obligations of the U.S. Government.

Obligations issued or guaranteed as to payment of principal and interest by agencies or instrumentalities of the U.S. Government. Such agencies and instrumentalities include, for example, Federal Intermediate Credit Banks, Federal Home Loan Banks, the Federal National Mortgage Association and the Farmers Home Administration. Such securities will include those supported by the full faith and credit of the United States Treasury or the right of the agency or instrumentality to borrow from the Treasury, as well as those supported only by the credit of the issuing agency or instrumentality.

Notes to Financial Statements

Note 1 - Summary of Significant Accounting Policies, Continued

Authorized Investments, Continued:

Collateralized repurchase agreements secured by U.S. Government or U.S. Government agency obligations. A repurchase agreement involves the sale of such securities to ISJIT with the concurrent agreement of the seller to repurchase them at a specified time and price to yield an agreed upon rate of interest. The securities collateralizing the agreement are held in custody by a third-party custodian, are regularly verified by ISJIT's Custodian, and are maintained daily in an amount equal to at least 102 percent of the agreement.

Certificates of Deposits in federally insured Iowa financial institutions. Each CD that ISJIT places with an Iowa institution on behalf of the participants in ISJIT is insured by the FDIC for the first \$250,000 of value. All amounts in excess of \$250,000 in an Iowa institution are protected by provisions in the Iowa Code. The acceptance of public funds by a financial institution constitutes agreement by the financial institution to pledge collateral as required by Iowa Code Section 12C.22 and agreement by the financial institution to provide accurate information and to otherwise comply with the requirements of Iowa Code Chapter 12C.

Commercial paper or other short-term corporate debt that matures within two hundred seventy days and that is rated within the two highest classifications, as established by at least one of the standard rating services approved by the Iowa superintendent of banking provided that at the time of purchase, no more than five percent of all amounts invested in commercial paper and other short-term corporate debt shall be invested in paper and debt rated in the second highest classification. At the time of purchase no more than ten percent of the investment portfolio shall be in these investments and that at the time of purchase no more than five percent of the investment portfolio shall be invested in the securities of a single issuer.

ISJIT adheres to Iowa law and Standard and Poor's criteria for money market funds developed to minimize risk that the value of investments in the portfolio might vary. ISJIT's investment policy presently places several restrictions on ISJIT's portfolio investments, including the following:

- The remaining maturity of any individual investment may not exceed more than 397 days from the date of purchase.
- The maximum dollar weighted average maturity of all portfolios' investments may not exceed 60 days.
- Investments are monitored daily by its Investment Adviser and Administrator to assure that the value of each ISJIT investment does not materially deviate in value from its amortized cost.

As a general policy, investments are held until maturity. However, in an effort to increase yields or liquidity, ISJIT may sell securities and realize capital gains or losses when there are perceived disparities between maturities for various categories of investments.

Notes to Financial Statements

Note 1 – Summary of Significant Accounting Policies, Continued

Deposits and Investment:

ISJIT reports as “Cash” all cash on hand and on deposit in banks. All cash deposits are held by banks as required under Chapter 12C of the Code of Iowa. Certificates of Deposit are listed separately on the financial statements.

ISJIT reports investments at amortized cost, consistent with GASB Statement No. 31 and Rule 2a-7-like pools. Amortized cost involves valuing a portfolio security at its original date of purchase, and thereafter amortizing any premium or accreting any discount on a straight-line basis to maturity. The amount of premium or discount amortized or accreted to income under the straight-line method does not differ materially from the amount that would be amortized to income under the interest method. Procedures are followed in an effort to maintain a constant net asset value of \$1.00 per unit for each portfolio.

Investments are purchased on a delivery versus payment basis and are accounted for on the settlement date. No other settlement procedure is allowed. Interest income, including the accretion of discount and amortization of premium, is recorded daily on the accrual basis.

Method used to determine participants’ units sold and redeemed:

Consistent with the methodologies employed by other Rule 2a-7-like pools, the method used to determine the ISJIT participants’ units sold and redeemed is the amortized cost method. The amortized cost distributions are accrued to participants’ accounts daily and reinvested in additional trust units monthly for compounded interest.

Total distributions for the month are credited to participants’ accounts on the last business day of the month. Distributions are automatically reinvested in ISJIT trust units unless cash payment has been requested. Cash payments, if requested, will be made monthly. If a participant redeems the entire account balance during the month, income distributions due to the account are posted on the last business day of the month, with final distribution to the participant on the next business day.

Frequency of determining value of shares:

The net asset value of each portfolio trust unit is determined once each day, as of the close of the New York Stock Exchange. Except for federal holidays, such other holidays that are officially observed by commercial banks in Iowa, and days on which no investments in or redemption of trust units occur, the Administrator will compute the portfolio net asset value on each day the New York Stock Exchange is open for trading or when there is a sufficient volume of trading which might materially affect the net asset value of the securities held by the portfolios. The net asset value of each portfolio trust unit is computed by adding the value of all securities and other assets (including income receivable), subtracting liabilities (including accrued expenses) attributable to each portfolio and dividing by the number of trust units of each portfolio outstanding.

Notes to Financial Statements

Note 1 – Summary of Significant Accounting Policies, Continued

Frequency of determining value of shares (continued):

The Administrator computes the net asset value of portfolio trust units by using the amortized cost method for valuing securities. Under the amortized cost method a security is initially valued at cost on the date of purchase and, thereafter, any discount or premium is amortized on a straight-line basis to maturity, regardless of fluctuating interest rates or the market value of the security. However, the Investment Adviser has established procedures to stabilize the net asset value of trust units at \$1.00 per trust unit. These procedures include a review by the Investment Adviser as to the extent of the deviation of net asset value based upon available market quotations from the portfolio's \$1.00 amortized cost per value unit. If such deviation exceeds .5 percent, the Investment Adviser will consider what action, if any, should be initiated to reasonably eliminate or reduce material dilution or other results to participants.

Legally binding guarantees:

The Board of Trustees has not provided or obtained any legally binding guarantees during the fiscal years ended June 30, 2012 and 2011.

Involuntary participation:

There is no requirement under Iowa law for any local government to involuntarily participate in ISJIT.

Income Taxes:

ISJIT is exempt from both state and federal income taxes pursuant to Section 115 of the Internal Revenue Code.

Notes to Financial Statements

Note 2 - Fees and Expenses

ISJIT has entered into contracts for the following services: Administrator, Investment Adviser, Marketing, Sponsorship, and Custodian. In addition, ISJIT pays operating expenses through a separate Administration Fund. During the fiscal years ended June 30, 2012 and 2011, Bankers Trust Company (Bankers Trust) served as the Administrator and Custodian. RBC Global Asset Management (US) Inc. (RBC GAM) served as the Investment Adviser. Local Government Services, Inc. (LGS), a subsidiary of IASB, and PMA Securities, Inc. (PMA) served as the Marketing Services Provider. IASB served as the Sponsor. Under separate agreements, Bankers Trust, RBC GAM, LGS, PMA and IASB are paid fees based upon a percentage of ISJIT's average daily net assets. All fees are computed on a daily basis and paid monthly to the service providers. The following tables display the fees waived by the service providers for the years ended June 30, 2012 and 2011:

2012 Waived Fees:

Portfolio	Administrator	Investment Advisor	Marketing	Custodian	Administration Fund	Sponsor	Total

Administration Fund

The Administration Fund pays the operating expenses incurred directly by ISJIT and its Trustees in connection with the discharge of their duties. These expenses include legal fees, rating fees, auditing fees, out-of-pocket expenses of the Trustees, and the cost of printing, mailing and other services performed independently by ISJIT. The maximum Administration Fund expense fee for each portfolio is .10 percent of average daily net assets. The ISJIT Administration Fund fee is calculated daily on each portfolio and transferred to the ISJIT Administration Fund the following month.

For the year ended June 30, 2012, the Diversified Portfolios allocated \$71,986 to the ISJIT Administration Fund for operating expenses. For the year ended June 30, 2011, the Diversified, and DGO Portfolios allocated \$29,648 and \$465, respectively, to the ISJIT Administration Fund for operating expenses. The amount due to the Administration Fund at June 30, 2012 was \$8,135 from the Diversified Portfolio. The amount due to the Administration Fund at June 30, 2011 was \$4,586 from the Diversified Portfolio.

Notes to Financial Statements

Note 2 - Fees and Expenses (continued)

Administrator

For administrative services to the Diversified and DGO Portfolios, Bankers Trust's contract with ISJIT provides for the payment to Bankers Trust of a fee equal to 0.065 percent of the average daily net asset value of the portfolios. This contractual fee is gross of any fees that Bankers Trust may voluntarily agree to waive. For the year ended June 30, 2012, the Diversified Portfolio incurred actual expenses of \$194,964 for services provided by Bankers Trust. For the year ended June 30, 2011, the Diversified and the DGO Portfolios incurred actual expenses of \$222,993 and \$1,006 for services provided by Bankers Trust. The amount due to Bankers Trust on June 30, 2012 and 2011 was \$17,626 and \$23,102, respectively, for the Diversified Portfolio.

Investment Adviser

Under its investment advisory agreement with ISJIT, RBC Global Asset Management (US) Inc. (RBC GAM) receives a fee equal to 0.060 percent of the average daily net asset value for each Portfolio for investment adviser services. This contractual fee is gross of any fees that RBC GAM may voluntarily agree to waive. For the year ended June 30, 2012, the Diversified Portfolio incurred actual expenses of \$178,928 for services provided by RBC GAM. For the year ended June 30, 2011, the Diversified and DGO Portfolios incurred actual expenses of \$205,839 and \$929 for services provided by RBC GAM. The amount due to RBC GAM at June 30, 2012 and 2011 was \$16,270 and \$21,325, respectively, for the Diversified Portfolio.

Custodian

Under its agreement for custodial services, Bankers Trust receives a fee equal to 0.020 percent of the average daily net asset value for each Portfolio for custodial services. This contractual fee is gross of any fees that Bankers Trust may voluntarily agree to waive. For the year ended June 30, 2012, the Diversified Portfolio incurred actual expenses of \$59,918 for services provided by Bankers Trust. For the year ended June 30, 2011, the Diversified and DGO Portfolios incurred actual expenses of \$68,613 and \$310 for services provided by Bankers Trust. The amount due to Bankers Trust at June 30, 2012 and 2011 was \$5,423 and \$7,109, respectively, for the Diversified Portfolio.

Notes to Financial Statements

Note 2 - Fees and Expenses (continued)

Marketing

Under its now-terminated agreement with ISJIT for marketing services, LGS received a fee equal to 0.070 percent of the average daily net asset value of the Portfolios. This contractual fee was gross of any fees that LGS voluntarily waived. For the year ended June 30, 2012, the Diversified Portfolio incurred actual expenses of \$53,254 for services provided by LGS for marketing. For the year ended June 30, 2011, the Diversified and DGO Portfolios incurred actual expenses of \$142,952 and \$1,084 for services provided by LGS for marketing. The amount due to LGS at June 30, 2012 and 2011 was \$0 and \$14,817, respectively, for the Diversified Portfolio.

On December 1, 2011, the board transitioned the marketing services provided by LGS to PMA. Under its marketing services agreement with ISJIT, PMA receives a fee equal to 0.070 percent of the average daily net asset value of the Portfolio. This contractual fee is gross of any fees that PMA may voluntarily agree to waive. For the year ended June 30, 2012, the Diversified Portfolio incurred actual expenses of \$109,590 for services provided by PMA for marketing. The amount due to PMA at June 30, 2012 was \$18,982 for the Diversified Portfolio.

Sponsorship

Under its sponsorship agreement with ISJIT, IASB receives an annual fee equal to 0.080 percent of the average daily net asset value of the Portfolios. This contractual fee is gross of any fees that IASB may voluntarily agree to waive. For the year ended June 30, 2012, the Diversified Portfolio incurred actual expenses of \$139,156 to IASB. For the year ended June 30, 2011, the Diversified and DGO Portfolios incurred actual expenses of \$57,181 and \$1,239 to IASB. The amount due to IASB at June 30, 2012 and 2011 was \$21,693 and \$5,927, respectively, for the Diversified Portfolio. Occasionally, IASB pays operating costs on behalf of ISJIT and submits requests for payment. The total amount due to IASB for June 30, 2012 and 2011 was \$32,715 and \$4,611, respectively.

Notes to Financial Statements

Note 3 - Deposit and Investment Risk Disclosures

Under Governmental Accounting Standards Statement No. 40, Deposit and Investment Risk Disclosures (GASB 40), the deposits and investments of state and local governments are exposed to risks that have the potential to result in losses. This Statement addresses common deposit and investment risks related to interest rate risk, credit risk, custodial credit risk, and concentration of credit risk.

Interest Rate Risk. Interest rate risk is the risk that the instruments in which ISJIT invests will decline in value because of changes in interest rates. As a means of limiting its exposure to losses arising from rising interest rates, ISJIT's investment policy limits the purchase of investments to a maturity date of no more than 397 days from the purchase date. The maximum dollar weighted average maturity for each Portfolio is 60 days or less. Any commercial paper and other short-term corporate debt purchased for the Diversified Plus Portfolio is further limited to a maturity of no more than 270 days from the purchase date.

Credit Risk. Credit risk is the risk that the issuer of a particular security will default. ISJIT is only authorized to invest in instruments authorized by Iowa law which governs the investment of funds by Iowa governmental entities. The investments in the Federal agencies (Federal Home Loan Mortgage Co., Federal National Mortgage Assn., and Federal Home Loan Bank) are all rated AA+ by Standard and Poor's. The Repurchase Agreements are all collateralized by Federal agency notes which are rated AA+ by Standard and Poor's. The investment in Certificates of Deposits in Iowa financial institutions is insured by the FDIC for the first \$250,000 and amounts in excess of that are protected by collateralization provisions in the Iowa Code.

Custodial Credit Risk. Custodial credit risk is the risk that, in the event of the failure of the counterparty to a transaction, ISJIT will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. In connection with transactions in repurchase agreements, a third-party custodian takes possession of the underlying collateral securities, the value of which exceeds the principal amount of the repurchase transaction, including accrued interest at all times. If the seller defaults and the value of the collateral declines, realization of the collateral by ISJIT may be delayed or limited.

At June 30, 2012, and June 30, 2011 the securities purchased under overnight agreements to resell were collateralized by government and government agency securities with market values of \$236,194,950 and \$226,703,909, respectively for the Diversified Portfolio.

Note 3 - Deposit and Investment Risk Disclosures (continued)

Concentration of Credit Risk. ISJIT complies with the following Standard & Poor's limits with respect to the concentration of portfolio investments: 1) 25% maximum concentration per counterparty if less than or equal to 7 days to maturity and a 10% limit beyond 7 days to maturity for repurchase agreements for all Portfolios; and 2) 10% in total and a maximum of 5% of any single issuer for commercial paper and other short-term corporate debt for the Diversified Portfolio. The following charts detail the concentration of investments held by each Portfolio:

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Unitholders
Iowa Schools Joint Investment Trust

We have audited the accompanying statements of net assets of the Iowa Schools Joint Investment Trust (ISJIT) Administration Fund, Diversified Portfolio and the Direct Government Obligation Portfolio as of June 30, 2012 and 2011, and the related statements of changes in net assets for the years then ended. We have also audited the accompanying schedule of investments of the Diversified Portfolio for the year ended June 30, 2012. These financial statements are the responsibility of ISJIT's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the ISJIT Administration Fund, Diversified Portfolio, and the Direct Government Obligation Portfolio as of June 30, 2012 and 2011, the changes in net assets for the years ended June 30, 2012 and 2011, and the schedule of investments as of June 30, 2012, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 6, 2012, on our consideration of ISJIT's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods or preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Trustees
Des Moines, Iowa

We have audited the financial statements of the Iowa School Joint Investment Trust (the Fund) as of and for the year ended June 30, 2012, and have issued our report thereon dated October 6, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Fund's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Fund, in a separate letter dated October 6, 2012.

This report is intended solely for the information and use of the Board of Trustees, the Fund's administrator, and the State of Iowa and is not intended to be and should not be used by anyone other than these specified parties.

IOWA SCHOOL JOINT INVESTMENT TRUST
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
For the Year Ended June 30, 2012

Part I: Findings – Financial Statement Audit Reported in the Year Ended June 30, 2011 Audit

II-A-11: Administrative Fund -Segregation of Duties and/or Supervision and Review: Management is responsible for establishing and maintaining internal controls, including monitoring ongoing activities; for the selection and application of accounting principles; and for the fair presentation in the financial statements of net assets; revenues, expenses, and changes in net assets; and cash flows in conformity with U.S. generally accepted accounting principles. Management is also responsible for the design and implementation of programs and controls to prevent and detect fraud affecting the organization involving (a) management, (b) employees who have significant roles in internal control, and (c) others where the fraud could have a material effect on the financial statements. The Iowa Association of School Boards oversees the accounting function for the Administrative Fund. The Accounting Manager had access to the accounting software, calculated, and posted all of the transactions of the Administrative Fund, prepared the bank account reconciliations as well as other account reconciliations, and prepared the financial statements. It was also noted during the audit that the CFO of the Iowa Association of School Boards did not have access to the accounting software during the year ending June 30, 2011. During the audit, three audit adjustments were presented by Brooks Lodden, P.C. to management in order to correct the financial statements. During the year ended June 30, 2011 and subsequent to June 30, 2011, the duties performed by the accounting personnel of the Iowa Association of School Boards had not been reviewed by an independent individual.

Recommendation: The Board should require management of the Iowa Association of School Boards to review and document current internal controls and establish a process for an ongoing review of these controls, and make changes to adequately segregate the duties of the accounting staff. If the duties cannot be segregated, procedures should be established to ensure the duties are reviewed by an independent individual. This review should be performed monthly and documented on all financial accounting records (i.e., bank reconciliations, other general ledger account reconciliations, and financial statements) noting the review took place.

Current Status: Finding was corrected in fiscal year June 30, 2012.
