OFFICIAL BRAND BOOK

OF THE

STATE OF IOWA

FIRST EDITION

This book is the result of a painstaking effort to reproduce correctly all livestock brands as recorded in the office of the Division of Animal Industry, State Department of Agriculture, on February 11, 1969. We regret any errors which may have been made and ask that such be called to our immediate attention for correction of our records.

Brand renewal notices are mailed to the address shown on the ownership certificate. When a change of address occurs, this office should be advised immediately.

WHAT YOUR BRAND MEANS TO YOU

Your brand is your trademark; it is a distinctive mark of identification that is yours and yours alone.

A brand carries with it a tang of the old west. Rustlers were lynched or shot because they were caught altering brands. Arguments over brands resulted in many gunfights. In today's world that type of violence seldom occurs, but the brand still remains important, perhaps more important than ever.

Mixing of livestock within neighborhoods destroys many friendships. Your brand is yours - brand well - let your livestock wear it proudly.

INFORMATION FOR RECORDING BRANDS

1. Apply to Iowa Department of Agriculture, Division of Animal Industry, State Capitol Building, Des Moines, Iowa in person or by mail on forms furnished by the department.
2. The fee for recording is \$15.00. Brands are renewed every five years in years ending in 0 and 5. The fee is \$5.00 for the five year period.
3. Notices will be sent prior to the renewal date.

THE DO'S AND DON'TS OF BRANDING

Don't be in a hurry.

Don't use too small an iron on cattle or the brand will not be legible.

Don't use a thin or badly burned iron or it will cut too deep.

Don't brand a wet animal. The brand will scald and leave a blotch, a sore or no brand at all.

Don't remove the iron too soon. It must burn deep enough to remove the hair and outer layer of skin. When the iron is lifted the brand should be the color of saddle leather.

Do keep the face of an electric branding iron clean from accumulating hair by using a wire brush.

Iowa law does not specify the size of the brand. However, we recommend that the letters or characters be contained within a 3 or 4 inch square.

N O T E

As far as possible, brands are arranged alphabetically; first, under letter; second, under figures; and last, under characters.

Those beginning with characters are arranged as follows:

— / ∪ + ♥ ◇ □ ⊔ △ ↓ √ { } } () } ∪ MISC.

The single letters appear first in their different forms, then two letter brands, etc. A brand as A2 will be found immediately after AZ. Letters with bars to the right such as A— will follow A9, after which are found the three story brands, thus: $\frac{A}{\nabla}$. A\ is found after $\frac{A}{\nabla}$. A∪ and $\frac{A}{\cup}$ follow A\ . A+ follows $\frac{A}{\nabla}$. A♥ follows A+. A◇ follows A♥. A□ follows A◇. A⊔ follows A□. A△ follows A⊔, etc.

All brands with bars, slashes or quarter circles IN FRONT OF or ABOVE will be filed under their own classification of bars, slashes and quarter circles after letters and figures.

Brands made thus: $\wedge 2$ or $\hat{2}$ (rafter or half diamond) will be found behind the A.

Letters connected thus 80 will be found under B H O, P under 7 P,

† under cross O, τ under T 6, ‡ under 2 T.

The figure one will be found under I.

All brands made thus: J ⊆ ∩ ∪ ∩ are filed as J.

All brands made thus: L ⊔ ⊔ ⊔ ⊔ are filed as L.

All brands made thus: M ∩ ∩ ∩ ∩ are filed as M.

The O's and circles are placed together under the letter O. Wheels ⊕ and buckles ⊙ will also be found under the letter O, as will any brand with a well defined letter as I. Brands made thus: ⊙ will be filed behind the O.

All brands made thus P q ∩ ∩ ∩ ∩ are filed as P.

All brands made thus ↑ → ↓ ← are filed as T.

Horse shoes will be found under the letter U.

All brands made thus: < or > are filed as V.
