FOREWORD

One hundred thirty-six of Fortune's "Top 500" industrial corporations in the United States operate 303 plants in Iowa.

The "Top 500" is an annual listing compiled by Fortune Magazine, which ranks the 500 largest U.S. industrial corporations by sales.

Most of the "Top 500" industries conduct business in Iowa; however, this publication lists only those industrial corporations that operate manufacturing or processing facilities in the state. Firms are listed alphabetically with their respective locations. Also included is a map that indicates the county locations of each of the 303 Iowa plants operated by those in the "Top 500."

The listing of Iowa corporations and subsidiaries was taken primarily from the 1975-76 Directory of Iowa Manufacturers and a survey of local chamber and development agencies. Any omission of a firm or location is an oversight, and we would appreciate it being brought to our attention.

For information on the many advantages these companies presently enjoy in Iowa, contact the Industrial Development Division, Iowa Development Commission, 250 Jewett Building, Des Moines, Iowa 50309. The telephone number is Area Code (515) 281-3500.
