OF THE
TOP 500
OPERATE 436 PLANTS
IN IOWA**

1973

Compiled by the
Research Division
Iowa Development Commission
250 Jewett Building
Des Moines, Iowa 50309

FOREWORD

One hundred fifty-nine of Fortune's "Top 500" industrial corporations in the United States operate 436 plants in Iowa.

The "Top 500" is an annual listing compiled by Fortune Magazine, which ranks the 500 largest U.S. industrial corporations by sales. The 1973 listing is based on 1972 sales figures.

Most of the "Top 500" industries conduct business in Iowa; however, this publication lists only those industrial corporations that operate manufacturing or processing facilities in the state. Firms are listed alphabetically with their respective locations. Also included is a map that indicates the county locations of each of the 436 Iowa plants operated by those in the "Top 500".

The "Second 500" listing is included in this brochure following the "Top 500" corporations. Facilities for the "Second 500" are not shown on the map.

The listing of Iowa corporations and subsidiaries was taken primarily from the 1973-74 Directory of Iowa Manufacturers and an earlier survey of local chamber and development agencies. Any omission of a firm or location is, therefore, due to an oversight.

For information on the many advantages these companies presently enjoy in Iowa, contact the Development Division, Iowa Development Commission, 250 Jewett Building, Des Moines, Iowa 50309. The telephone number is Area Code 515-281-3251.
