And said inspector, before entering upon the discharge of his duties, shall take an oath, or affirmation, to discharge the same faithfully and impartially, which oath or affirmation shall be indorsed upon his commission, and his commission, so indorsed, shall be forthwith recorded in the office of the secretary of state; and such inspector shall give bond in the sum of two thousand dollars (\$2,000), with sureties to the approval of the governor, conditioned for the faithful discharge of his duty.

And the owners and agents of such mines are hereby required to furnish the means necessary for such duty and inspection, of which inspection the inspector shall make a record, noting the time and all the material circumstances. And it shall be the duty of the person having charge of any mine, whenever loss of life shall occur by accident connected with the working of such mine, or by explosion, to give notice forthwith, by mail or otherwise, to the inspector of mines, and to the coroner of the county in which such mine is situated; and the coroner shall hold an inquest on the body of the person or persons whose death has been caused, and inquire carefully into the cause thereof, and shall return a copy of the verdict, and all the testimony, to said inspector. Inspector shall have no interest in mines and shall report to governor.

SEC. 4. But in case of mines operated as in this section first provided, if in the judgment of the inspector an additional shaft is deemed necessary, then the same shall be provided, subject, however, to the decision of the circuit court of the county in which the mine is situated.

JOINT RESOLUTIONS

PASSED BY THE EIGHTEENTH GENERAL ASSEMBLY.

NUMBER 1.

MEMORIAL AND JOINT RESOLUTION in Reference to Remitting and Abating the Internal Revenue Legacy Tax.

WHEREAS, The general government, in the year 1864, passed a law requiring the payment of a one per cent revenue tax on all legacies thereafter due; and,

WHEREAS, That, during the time that said law was in force, a great many estates have been settled up by administrators, guardians and others, who were liable for said tax without any knowledge of the existence of such a law; and,

WHEREAS, The said tax that is now claimed to be due is from parties scattered over the entire country, north, south, east and west, many of whom are dead, or if living unable to pay the same; and,

WHEREAS, The expense attending the collection of this tax, scattered as it is in small amounts over the country, will leave no margin to the government, but if any, it will be so small as to be no compensation for the annoyance, trouble and expense it gives the people; and,

WHEREAS, There is now pending in congress a bill, the purpose of which is to retire said tax, together with all penalties due or to become due; therefore,

Be it resolved by the General Assembly of the State of Iowa:

That our senators and representatives in congress be requested to use their influence to secure the passage of said bill, at as early a time as possible, to the end that the people may be saved from unnecessary trouble and expense in litigations that would arise, and that a copy of this resolution be forwarded to each of our representatives.

Approved, February 14, 1880.

NUMBER 2.

JOINT RESOLUTION in Relation to Inter-State Commerce.

Resolved by the General Assembly of Iowa:

That our senators and representatives in congress be and they are hereby requested to use all their influence to secure the enactment by congress of a law that will inaugurate a system of controlling railroad corporations so as

to prevent abuses in management, unjust discrimination and excessive charges for transportation on all inter-state lines of railroads.

Resolved, 2nd. That the secretary of state be instructed to furnish a copy of this resolution to each of our senators and representatives in congress.
Approved, February 16, 1880.

NUMBER 3.

MEMORIAL of the General Assembly of the State of Iowa Relating to the Des Moines River Lands.

1. WHEREAS, By an act of congress of August 8, 1846, a grant of land was made to the then territory of Iowa to aid in the improvement of the navigation of the Des Moines river, from its mouth to the Raccoon Forks; and,

2. WHEREAS, On the 9th day of June, 1854, the state of Iowa contracted with a corporation known as the Des Moines Navigation and Railroad Company to complete the work then begun by the state as provided by said grant, and to be done for the lands granted thereby without liability of the state; and,

3. WHEREAS, The state in 1858 for the purpose of a settlement with said corporation, made a deed to the said company, of what title the state then had to certain lands therein described north of the Raccoon Fork; and,

4. WHEREAS, By a decision of the Supreme Court of the United States at the December term, 1859, between the Dubuque & Sioux City Railroad Company and Edwin C. Litchfield, it was decided that said grant did not extend above the Raccoon Fork, and that the certificates issued by the land department to the state for said lands were void, and that the said company had no title whatever to the lands claimed by them above said Raccoon Fork; and,

5. WHEREAS, By the joint resolution of congress of March 2, 1861, all the remaining interest in said lands above said Raccoon Forks so erroneously certified was released to the *bona fide* holders of the patents of the state, and by the act of congress of July 12, 1862, said grant of 1846 was extended so as to include the odd numbered sections lying within five miles of said river between the Raccoon Fork, and the north line of the State of Iowa; and,

6. WHEREAS, Numerous settlers entered upon the said lands lying north of the Raccoon Fork at various times, some of them as early as 1854, believing them to be government lands open to settlement under the pre-emption and homestead laws of the United States, and have made valuable improvements thereon with a view to ultimate perfection of their title, many of whom have long held possession from the United States under said laws; and,

7. WHEREAS, The secretary of the interior, Hon. O. H. Browning, on the 9th day of May, 1868, in an opinion carefully reviewing the acts of 1846, 1861 and 1862 and what is known as the Harvey settlement of 1866

under them, also the contradictory opinions of the various officials upon the original grant of 1846, and the decisions of the Supreme court of the United States and particularly that known as the Wolcott case, decided that the said lands heretofore improperly certified north of the Raccoon Fork were open to preemption and settlement under the laws of the United States; and,

8. WHEREAS, In pursuance of such opinion and decisions and encouraged thereto by such authority and the advice of eminent council, several hundreds of said settlers proceeded to file their declarations and undertook in good faith to perfect their titles to the lands selected and improved by them as mentioned, and many of said settlers had prior to that time so filed their declarations and applied to preempt said land and make homestead entries therein; and,

9. WHEREAS, Grievous litigation is now pending in the various courts of the state and of the United States relating to the title to said lands, improvements thereon, etc.; and,

WHEREAS, On account of the very great hardship that has been brought about by the conflicting decisions aforesaid, great disturbance and trouble has already arisen and is likely to arise unless some satisfactory and just action be taken by the state and general government relating to this subject; and,

10. WHEREAS, The settlers aforesaid are wholly without remedy under the effect of said rulings of the various departments, and officers of the general government and courts, and they desire that the United States should take proper action to protect them, and it has become a matter of vital importance to all the settlers on these lands whether holding under the United States laws as preemptors, or under the company, as well as to all other people residing along the Des Moines valley from the Raccoon Fork to the north line of 92 on the east side, and the north line of 88 on the west side of the river, to which point said lands were certified, that these long continued and vexing controversies connected with the legislation referred to be fully and finally settled; and,

11. WHEREAS, The settlers upon said lands believe that no action has ever been taken relating to these lands in which the United States and the interest of the United States have been fairly and properly represented in court, and only desire that this may be done; therefore,

Be it resolved by the House of Representatives of the State of Iowa, the Senate concurring, That our senators in congress, be instructed and our representatives requested to favor the immediate passage of a bill which shall in some manner provide for the Attorney-General of the United States to immediately commence proceedings or cause such proceedings to be instituted by suit, either in law or in equity or both as may be necessary and appear in the name of the United States so as to remove all clouds from the title to said lands in which suits any person or persons in possession of, or claiming title to, any tract or tracts of land under the United States involved in such suits may at his or their expense unite with the United States in the prosecution of such suits, to the end that the title or titles of any person or persons claiming said lands may be forever settled.

Approved, February 16, 1880.

NUMBER 4.

JOINT RESOLUTION in Regard to Meandered Lakes in the State of Iowa.

Be it resolved by the General Assembly of the State of Iowa:

That our senators in congress be instructed, and our representatives requested, to use their best endeavors to secure the relinquishment, by the United States to the state of Iowa, of the title to all meandered lakes within the limits of the state, the state to take care that such lakes be preserved, and in no event to part with the title thereto.

Approved, February 27, 1880.

JOINT RESOLUTION Providing for Room in the New Capitol Building for the State Horticultural Society.

WHEREAS, The State Horticultural Society has, by the progress it has made in the advancement of this department, proven itself worthy of encouragement; and,

WHEREAS, There has been no provision made for this society in the new capitol building, where its specimen casts of fruit, and library can be arranged and preserved; therefore,

Be it resolved by the General Assembly of the State of Iowa:

That the capitol building shall contain suitable room or rooms for the use of the State Horticultural Society, to be hereafter designated by the general assembly at the present session, for museum and library purposes, for the better protection and preservation of its casts of fruit, specimens of wood, geological specimens and its library, and that said room or rooms be finished with reference to the use for which they are designed.

Approved, March 5, 1880.

NUMBER 6.

WHEREAS, There is a large amount of land due the several counties of this state from the United States in lieu of swamp lands sold by the general government; and,

WHEREAS, There are no United States lands in the state of Iowa upon which the counties of this state can locate the land scrip due them from the general government; therefore,

Be it resolved by the General Assembly of the State of Iowa:

That our senators and representatives in congress be and are respectfully requested and urged to use all lawful means to procure the passage of an act, by the congress of the United States, authorizing the location of the land scrip due the several counties of this state upon any government lands open to public entry in any other state or territory of the United States.

NUMBER 10.

MEMORIAL AND JOINT RESOLUTION Relative to Securing to the State of Iowa the Patents for Certain Lands Granted to Said State to Aid in the Construction of a Certain Railroad.

WHEREAS, The congress of the United States, by an act approved May 12, 1864, granted to the state of Iowa, for the purpose of aiding in the construction of a railroad from a point at or near the foot of Main street, South McGregor, in said state, in a westerly direction, by the most practicable route, on or near the forty-third parallel of north latitude, until it should intersect the railroad to be constructed from Sioux City to the Minnesota state line in the county of O'Brien in said state, every alternate section of land designated by odd numbers for ten sections in width on each side of said road; and,

WHEREAS, The state of Iowa subsequently accepted said grant, and filed its map showing the location of said railroad from McGregor to Algona, and thence westerly to said point of intersection at Sheldon, in said county of O'Brien, and the lands so granted were, upon such location, withdrawn from market for the purpose of said grant; and,

WHEREAS, Said grant was, by an act of the general assembly of the state of Iowa, approved March 31st, 1868, conferred upon the McGregor and Sioux City Railway Company, afterwards known as the McGregor and Missouri River Railway Company, and said company subsequently completed said road to Algona in 1870; and,

WHEREAS, On account of the failure of said company further to complete said road, the general assembly of the state of Iowa, by an act approved on the 27th of February, 1878, resumed said lands to the state, and by the same act granted the same to the Chicago, Milwaukee and St. Paul Railway Company, on condition that said company should construct said road from Algona to Emmetsburg, in Palo Alto county, and locate and establish its depot upon the ground selected by the McGregor and Missouri River Railway Company, as shown by the town plat of Emmetsburg, and thence to Spencer, in Clay county, and locate and establish its depot upon section 7, township 96, range 36, on or before the first day of January, 1879, and thence by the most direct and practicable route to the point of intersection with the Sioux City and St. Paul Railroad, within one-half mile of the corporate limits of Sheldon, in O'Brien county, on or before the first day of January, 1880; and,

WHEREAS, The said Chicago, Milwaukee and St. Paul Railway Company did, in the year 1878, construct and complete said railway from Algona, by way of Emmetsburg and Spencer, to Sheldon, as required by said act; and,

WHEREAS, The governor of the state of Iowa, by his certificate bearing date on the 30th day of November, 1878, certified to the Secretary of the Interior that said Chicago, Milwaukee and St. Paul Railway Company had completed said railway from Algona to Sheldon as a first class railway; and,

WHEREAS, The state of Iowa has made application to the Secretary of the Interior for patents to the lands so as aforesaid granted to said state,

and objection has been made by the Secretary of the Interior to the issuance of said patents, for the reason that said railway from Algona to Sheldon is not constructed on the exact line of definite location upon which said lands were reserved, but is constructed substantially upon said line, and on the exact line required by the act of the general assembly, granting to the Chicago, Milwaukee and St. Paul Railway Company said lands; and,

WHEREAS, All the lands withdrawn from market as applicable to said grant on the line as definitely located, would have appertained to the grant had the line of construction been the line of location, and no additional or different lands are required in consequence of said location from what would have been required had the line of construction been the line of location; now, therefore,

Be it resolved by the General Assembly of the State of Iowa:

That our senators in congress be instructed, and our representatives requested, to give this subject their careful and diligent attention, and to secure, if possible, the issuing of said patents to the state of Iowa, in compliance with said grant; and,

Be it further resolved, That in case the said Secretary of the Interior insists upon his said objection, and declines to issue said patents, that then and in that case our said senators be instructed, and our representatives requested, to procure the passage by congress of a joint resolution legalizing the construction of said railroad on the line upon which it is constructed as a compliance with the grant so as aforesaid made by congress by the act of May 12, 1864, and giving to the state of Iowa all the lands so withdrawn on said located line in pursuance thereof, and directing the Secretary of the Interior to issue said patents to said state; and,

Be it further resolved, That the governor of this state be and he is hereby respectfully requested to transmit a copy of this memorial and these resolutions to each of our senators and representatives in congress from this state.

Be it Resolved by the General Assembly of the State of Iowa:

1. That our representatives and senators in congress from Iowa are hereby requested to use all the influence in their power to procure such a modification of the patent laws of the United States as will relieve innocent parties using patented devices from liability to prosecution, and limiting prosecutions for infringement of our patent laws to manufacturers and vendors of articles which may be infringements of patents.

2. *Resolved,* That the secretary of state is hereby instructed to send a copy of the foregoing resolution to each of our senators and representatives in congress as soon as practicable.

NUMBER 14.

MEMORIAL AND JOINT RESOLUTION in Relation to the Removal of Obstructions from the Channel of the Nishnabotna River.

WHEREAS, The Nishnabotna river, in south-western Iowa, has been recognized by the national government as a navigable stream and meandered in the public surveys as such streams are, from its mouth, in Holt county, Missouri, to a point near Riverton, Fremont county, Iowa; and,

WHEREAS, About the year 1867, the Missouri river cut away its east bank until it reached the channel of the Nishnabotna river, and thus made a new mouth for said river, about three miles south of the state line between Missouri and Iowa, and about thirty or forty miles north of where said river formerly emptied into the Missouri river; and,

WHEREAS, The general assembly of the state of Missouri, in the year 1868, passed an act authorizing Atcheson county, in said state, to put in an embankment across the old channel of the Nishnabotna river, and said county did soon after the passage of said act cause an embankment to be constructed across the said old channel below the new mouth of said river; and,

WHEREAS, Since that time the main channel of the Missouri river has changed, and now runs west of McKissick's island, about five miles west of where the steamboat channel was at the time said river cut into the channel of the Nishnabotna, leaving what had been for many years the steamboat channel of said Missouri river a mere slough, almost without water when said river is low; and,

WHEREAS, In times of high water in the Missouri and Nishnabotna rivers vast quantities of sand and sediment have been deposited in said slough, and thus the new mouth of said Nishnabotna has been filled and choked up, so as to prevent the water in said river from flowing into the Missouri river, and thus damming up the water in said Nishnabotna river, so as to raise the low water-mark in said river, at the state line, at least ten (10) feet higher than it was before the mouth of said river was so obstructed, thereby causing said river to overflow its banks and destroy large tracts of valuable farming lands; and by reason of the stagnant water in said river, during the summer and autumn months, being a cesspool of malaria, thereby seriously affecting the health and comfort of several thousand citizens of Iowa and Missouri; therefore,

Be it resolved by the General Assembly of the State of Iowa:

1. That our senators be instructed and our representatives in congress be requested to use their influence for the passage of an act by congress to remove the obstructions placed in the old channel of said Nishnabotna river, or to so straighten said river as to avoid said obstructions, and that to accomplish that purpose they procure from the national government an appropriation of twenty thousand dollars (\$20,000) to be used in removing said obstructions and straightening said river, or so much as may be necessary to accomplish said object.

2. That the secretary of state be directed to forward to the president of the United States senate, and the speaker of the house of representatives, a copy of the foregoing resolution, with a request that the same be laid before each house of congress; and that a copy be sent to each senator and member of congress from this state.

Approved, March 25, 1880.
