8 amount of outstanding state bonds issued hereunder plus the total
9 amount of outstanding county primary road bonds, plus the total
10 amount of outstanding bonds issued to refund county primary road
11 bonds shall not at any time exceed the sum of one hundred million
12 dollars. The proceeds of said bonds shall be paid into the treasury
13 of the state to be expended in the improvement of the primary
14 roads of the state as provided in this act, and for expenses incurred
15 in carrying out the provisions of this act.

1 SEC. 4. The bonds herein authorized shall be general obligations
2 of the state of Iowa. They shall be issued in serial form and shall
3 bear interest at the rate of not to exceed four per cent per annum,
4 payable semi-annually. Each bond shall be due and payable on
5 the date stipulated on the face thereof, which date shall not be more
6 than twenty years after the date of issuance, and said bonds shall
7 not be taxed. Both principal and interest shall be payable at the
8 office of the treasurer of the state of Iowa, or at any other place
9 designated by the executive council. Each bond shall be signed
10 by the governor under the great seal of the state of Iowa, attested
11 by the secretary of state, and countersigned by the auditor of state.
12 Interest coupons thereto attached shall bear the lithographed fac-
13 simile signature of the auditor of state, and the full faith, credit,
14 and resources of the state of Iowa are hereby pledged for the pay-
15 ment of said bonds and the interest thereon. Said bonds may be
16 of such form as will permit registration of ownership.

1 SEC. 5. All bonds herein authorized shall be sold by the execu-
2 tive council of the state of Iowa in accordance with the provisions
3 of chapter 63 of the code of 1927. Said advertisement and sale
4 shall take place before the bonds are printed.

5 It shall be the duty of the secretary of the executive council to
6 cause to be prepared the forms of advertisements, resolutions, agree-
7 ments, and other necessary forms, for the use of the executive
8 council in the advertisement and sale of bonds as provided in this

9 act, and to prepare and cause to be printed the proper form of bond
10 and to deliver said blank bonds to the proper officials for signature.

1 SEC. 6. The executive council shall from time to time by reso-
2 lutions cause to be issued and sold such portions of such bonds
3 as may be necessary to meet the construction costs of the road im-
4 provement outlined in this act, and all such resolutions shall be
5 entered at large in the minutes of the council's proceedings. Such
6 resolutions shall clearly specify the amount of bonds authorized,
7 the denomination of each bond, the number or designation of each
8 bond, the rate of interest which each bond shall bear, the date of
9 each bond, the maturity date of each bond, and the authorization
10 of the governor to sign said bonds, under the great seal of the state,
11 the authorization of the secretary of state to attest said bonds,
12 and the authorization of the auditor of state to countersign said
13 bonds. Said bonds shall mature and be payable as follows:

14 Three million dollars (\$3,000,000) in each of the years 1935 to
15 1937, both inclusive;

16 Four million dollars (\$4,000,000) in each of the years 1938 to 1941,
17 both inclusive;

18 Five million dollars (\$5,000,000) in each of the years 1942 to 1946,
19 both inclusive;

20 Six million dollars (\$6,000,000) in each of the years 1947 to 1952,
21 both inclusive;

22 Seven million dollars (\$7,000,000) in each of the years 1953 and
23 1954.

24 When signed and attested said bonds shall be delivered to the
25 auditor of state who shall countersign the same, charge the treas-
26 urer of state with such bonds, and deliver the same to such latter
27 officer who shall be responsible therefor on his bond. The treasurer
28 of state shall dispose of said bonds according to the terms of the
29 sale previously entered into by the executive council, and shall
30 credit the proceeds thereof to the primary road bond fund.

1 SEC. 7. Said primary road bond fund is hereby appropriated for
2 and shall be used in the establishment and construction of the pri-
3 mary road system, including the drainage, grading, surfacing, con-
4 struction of bridges and culverts, the elimination or improvement
5 of railroad crossings, the acquiring of additional right of way, and
6 all other expenses incurred in the construction of said primary road
7 system, as this act provides. All of the provisions of the primary
8 road law in so far as the same are applicable, shall apply to the
9 work done and the expenditures made under the provisions of
10 this act.

1 SEC. 8. For the purpose of permitting payment of both principal
2 and interest of the state road bonds issued under the provisions
3 of this act the primary road fund is hereby budgeted in the fol-
4 lowing manner. The state highway commission shall, on or before
5 July first of each year make an estimate of the amount required
6 during the ensuing year to maintain the primary road system and
7 shall transfer said amount so estimated from the primary road fund
8 to the primary road maintenance fund. All moneys remaining in
9 the primary road fund each year, or so much thereof as may be
10 necessary, are hereby appropriated and dedicated for the payment,
11 first, of the interest and principal of the primary road bonds issued

12 by any county, and the interest and principal of bonds issued by
13 any county to refund primary road bonds, and second, the pay-
14 ment of the interest and principal of bonds issued by the state
15 under the provisions of this act, maturing in said ensuing year,
16 and the appropriation of said remaining primary road funds for
17 such purpose shall take precedence over any other provisions of
18 the law now in force or hereafter enacted in relation to said fund.
19 Any amount remaining in said primary road fund in any year
20 after setting aside a sufficient amount to maintain the primary roads
21 and to pay the maturing interest and principal on both state and
22 county bonds as above provided shall be used for the purposes
23 enumerated in chapter 241-B1, code, 1927 as amended by acts of
24 the special session of the forty-second general assembly.

25 The said commission shall thereupon certify to the treasurer of
26 state, (a) the estimated amount of the primary road fund for the
27 ensuing year, (b) the amount set aside for maintaining the primary
28 roads, (c) the amount required for the payment of the maturing
29 interest and principal of primary road bonds issued by any county
30 and the amount required for the payment of the maturing interest
31 and principal of bonds issued by any county to refund primary road
32 bonds, (d) the amount required to retire county primary road bonds
33 subject to call as provided in Sec. 10 hereof, (e) the amount required
34 to pay the maturing interest and principal of primary road bonds
35 issued under this act, and (f) the estimated amount of the primary
36 road fund for the ensuing year available for construction work on
37 the primary roads.

1 SEC. 9. The maturing interest and principal of primary road
2 bonds issued by any county, and bonds issued by any county to
3 refund primary road bonds, shall be paid from the portion of the
4 primary road fund budgeted for that purpose as hereinbefore pro-
5 vided. Thirty days prior to the maturing of any of said bonds
6 or interest thereon, the state highway commission shall prepare a
7 voucher in favor of the county treasurer and drawn against the
8 primary road fund in the amount of said maturing interest and prin-
9 cipal. Said voucher shall be paid from the primary road fund in
10 the same manner as other primary road claims. The funds so re-
11 ceived by any county treasurer shall be used for paying the matur-
12 ing interest and principal of such bonds, and for no other purpose.

1 SEC. 10. Immediately prior to the May first interest payment date
2 next following the taking effect of this act and annually there-
3 after, the highway commission shall ascertain the amount of funds
4 in the primary road fund available to pay off and retire primary
5 road bonds issued by any county and subject to call on said interest
6 payment date. The state highway commission shall use such pri-
7 mary road funds that may be available for that purpose and shall
8 cause suitable vouchers to be prepared and executed, and forward
9 same to the treasurer of each county in which any of said primary
10 road bonds are subject to call, an amount sufficient to pay the same.
11 The county treasurer shall use said funds for the retirement of
12 such bonds and for no other purpose. He shall immediately upon
13 receipt of said funds call in and retire such bonds then subject
14 to call.

1 SEC. 11. There is hereby created a primary road bond redemp-

2 tion fund from which all payments shall be made in redeeming pri-
3 mary road bonds issued by the state, and the payment of interest
4 on said bonds. Whenever any bonds issued hereunder or interest
5 thereon are about to mature, the state highway commission shall
6 prepare a voucher drawn against the primary road fund and in favor
7 of the treasurer of state for the benefit of the primary road bond
8 redemption fund in the amount of said maturing bonds and interest.
9 Said voucher shall be forwarded to the auditor of state, who shall
10 draw his warrant therefor, and the same shall be delivered to the
11 treasurer of state, who shall charge the primary road fund with
12 the amount thereof and credit said amount to the primary road
13 bond redemption fund. Said primary road bond redemption fund
14 shall be used in the redemption of said primary road bonds and
15 for the payment of the interest thereon and for no other purpose.

1 SEC. 12. In each year after this act becomes effective and until
2 all of the bonds issued hereunder shall have been retired, there
3 is hereby imposed and levied upon all the taxable property within
4 the state of Iowa, in addition to all other taxes, to be included and
5 added to the tax levied for state purposes, a direct annual tax for
6 such amount as shall be necessary and sufficient, together with the
7 amount available for that purpose from the primary road fund,
8 to pay the interest and principal of all bonds issued under the pro-
9 visions of this act, as and when the same accrues and becomes due.
10 The proceeds of such direct annual tax are hereby appropriated for
11 the payment of interest and principal of bonds issued hereunder
12 and when collected by the treasurer of state shall be credited to
13 the primary road bond redemption fund.

14 The treasurer of state shall annually certify to the executive
15 council, prior to the time for the levy of general state taxes, the
16 amount of money required to be raised to pay the principal of and
17 interest on bonds issued under this act and maturing in the en-
18 suing year, and said executive council shall annually fix the rate
19 of tax necessary to be levied and assessed upon the valuation of
20 the taxable property within the state to produce funds sufficient
21 to pay such principal and interest, and such additional annual direct
22 tax shall be levied, certified, assessed, and collected at the same
23 time and in the same manner as are taxes for general state purposes;
24 provided, however, that if money from the primary road fund has
25 been appropriated and is set apart for the same purpose for which
26 said direct annual tax is hereby levied and imposed, then the treas-
27 urer of state, in annually certifying to the executive council the
28 amount required, shall specify the amount of money from the pri-
29 mary road fund so appropriated, and the rate fixed by the executive
30 council shall make proper allowance and reduction for any such
31 money so appropriated and set apart from the primary road fund.

1 SEC. 13. While section 15 hereof is in effect, the laws of the
2 state relating to motor vehicle license fees and the gasoline license
3 fees accredited to the primary road fund, shall not be amended
4 so as to reduce the funds now arising therefrom, and the said pro-
5 ceeds of such license fees shall not be used for any other purpose
6 than as specified in this act.

1 SEC. 14. If this act is adopted by the people, the state depart-
2 ment of justice shall upon the adoption by the executive council

3 of the first resolution authorizing the issuance of bonds hereunder
 4 immediately bring an action testing the validity of this act, and in
 5 that event the executive council shall proceed no further toward
 6 the issuance of bonds hereunder until the validity of this act shall
 7 have been determined.

8 Should the supreme court of Iowa hold that the use of primary
 9 road funds, derived from motor vehicle license fees and gasoline
 10 license fees for payment of principal and interest of state bonds
 11 as provided in this act is unconstitutional then this whole act shall
 12 be held invalid and no bonds shall be issued hereunder.

1 SEC. 15. The provisions of the seven preceding sections shall
 2 remain in force and effect without amendment, which will in any
 3 way affect the rights and security of the holders of any such bonds,
 4 so long as any thereof shall be outstanding, except that this sec-
 5 tion shall cease to be effective after the expiration of ninety days
 6 after all of said bonds have been legally called for payment.

1 SEC. 16. The authorization voted by any county to issue bonds
 2 for primary road work shall become null and void, as to any such
 3 bonds not actually issued and sold, immediately upon the issuance
 4 of any state primary road bonds authorized under the provisions
 5 of this act, and no county primary road bonds shall be issued there-
 6 after. Any county primary road bonds issued after this act takes
 7 effect shall cancel the authorization, under this act, for the issuance
 8 of an equal amount of state primary road bonds, and said county
 9 primary road bonds, issued after this act takes effect, shall mature
 10 and be payable at the times specified herein for the payment of an
 11 equal amount of the earliest maturing state primary road bonds.

1 SEC. 17. Interest accruing to the state on primary road bond
 2 funds on deposit shall be credited by the treasurer of state to the
 3 primary road bond fund, and shall not be diverted to the state
 4 sinking fund under the provisions of chapter 55-A1 of the code
 5 of 1927.

1 SEC. 18. This act after publication as provided by law shall be
 2 submitted to the people of the state of Iowa at the general election
 3 to be held in November, nineteen hundred twenty-eight, and shall
 4 take effect if at such election it shall receive a majority of the
 5 votes cast for and against it.

6 Separate ballots shall be provided for the electors, which shall
 7 be substantially in the following form:
