AUTHENTICITY

STATE OF IOWA

Office of Superintendent of Printing

The former statute which required the compiler of the session laws to certify to the authenticity thereof has been repealed in the belief, evidently, that such authenticity is fully covered by the following section of the code, to wit:

"11312. Printed copies of the statute laws of this or any other of the United States, or of congress, or of any foreign government, purporting or proved to have been published under the authority thereof, or proved to be commonly admitted as evidence of the existing laws in the courts of such state or government, shall be admitted in the courts of this state as presumptive evidence of such laws."

Charles D. O'Donnell

Superintendent of Printing.

THE BUDGET

1 SEC. 14. Not later than February fifteenth of the year of each
2 biennial legislative session, the governor shall transmit to the legis-
3 lature a document to be known as a budget, setting forth his financial
4 program for each of the fiscal years of the ensuing biennium and
5 having the character and scope hereinafter set forth.

1 SEC. 15. The budget shall consist of three parts, the nature and
2 contents of which shall be as follows:

PART I

3 Part I shall consist of the governor's budget message, in which he
4 shall set forth:

5 1. His program for meeting all the expenditure needs of the gov-
6 ernment for each of the years of the biennium to which the budget
7 relates, indicating the classes of funds, general or special, from which
8 such appropriations are to be made and the means through which
9 such expenditures shall be financed;

10 2. Financial statements giving in summary form:

11 (a) The condition of the treasury at the end of the last completed
12 fiscal year, the estimated condition of the treasury at the end of the
13 year in progress, and the estimated condition of the treasury at the
14 end of each of the two years to which the budget relates if his budget
15 proposals are put into effect;

16 (b) Statements showing the bonded indebtedness of the govern-
17 ment, debt authorized and unissued, debt redemption and interest re-
18 quirements and condition of the sinking funds, if any;

19 (c) A summary of appropriations recommended for each of the
20 two years of the biennium to which the budget relates for each depart-
21 ment and establishment and for the government as a whole, in com-
22 parison with the actual expenditures for the last completed fiscal
23 year and the estimated expenditures for the year in progress;

24 (d) A summary of the revenue, estimated to be received by the
25 government during each of the two years of the biennium to which
26 the budget relates, classified according to sources, in comparison with
27 the actual revenue received by the government during the last com-
28 pleted fiscal year and estimated income during the year in progress;
29 and

30 (e) Such other financial statements, data and comments as in his
31 opinion are necessary or desirable in order to make known in all prac-
32 ticable detail the financial condition and operation of the government
33 and the effect that the budget as proposed by him will have on such
34 condition and operations.

35 If the estimated revenues of the government for the ensuing bien-
36 nium as set forth in the budget on the basis of existing laws, plus
37 the estimated amounts in the treasury at the close of the year in
38 progress, available for expenditure in the ensuing biennial period is
39 less than the aggregate recommended for the ensuing biennial period
40 as contained in the budget, the governor shall make recommendations
41 to the legislature in respect to the manner in which such deficit shall
42 be met, whether by an increase in the state tax or the imposition
43 of new taxes, increased rates on existing taxes, or otherwise, and if
44 the aggregate of such estimated revenues, plus estimated balances
45 in the treasury is greater than such recommended appropriations for
46 the ensuing biennial period, he shall make such recommendations in
47 reference to the application of such surplus to the reduction of debt
48 or otherwise, to the reduction in taxation, or to such other action
49 as in his opinion is in the interest of the public welfare.

PART II

50 Part II shall present in detail for each of the two years of
51 the ensuing biennium his recommendations for appropriations to meet

52 the expenditure needs of the government from each general class of
 53 funds, in comparison with actual expenditures for each of said pur-
 54 poses during the last completed fiscal year and estimated expenditures
 55 for the year in progress, classified by departments and establishments
 56 and indicating for each the appropriations recommended for:

57 (a) Meeting the cost of administration, operation and maintenance
 58 of such departments and establishments, and

59 (b) Appropriations for meeting the cost of land, public improve-
 60 ments and other capital outlays in connection with such departments
 61 and establishments.

62 Each item of expenditure, actual, or estimated, and appropriations
 63 recommended for administration, operation and maintenance of each
 64 department or establishment shall be supported by detailed state-
 65 ments showing the actual and estimated expenditures and appropri-
 66 ations classified by objects according to a standard scheme of classifi-
 67 cation to be prescribed by the state comptroller, hereinabove provided
 68 for.

PART III

69 Part III shall embrace a draft or drafts of appropriation bills hav-
 70 ing for their purpose to give legal sanction to the appropriations
 71 recommended to be made in Parts I and II. Such appropriation bills
 72 shall indicate the funds, general or special, from which such appro-
 73 priations shall be paid, but such appropriations need not be in greater
 74 detail than to indicate the total appropriation to be made for:

75 (a) Administration, operation and maintenance of each department
 76 and establishment for each fiscal year of the biennium, and

77 (b) The cost of land, public improvements and other capital outlays
 78 for each department and establishment, itemized by specific projects
 79 or classes of projects of the same general character.

1 SEC. 16. On, or before, October first, next prior to each biennial
 2 legislative session, all departments and establishments of the govern-
 3 ment shall transmit to the state comptroller, hereinabove provided
 4 for, on blanks to be furnished by him, estimates of their expenditure
 5 requirements, including every proposed expenditure, for each fiscal
 6 year of the ensuing biennium, classified so as to distinguish between
 7 expenditures estimated for (a) administration, operation and main-
 8 tenance, and (b) the cost of each project involving the purchase of
 9 land or the making of a public improvement or capital outlay of a
 10 permanent character, together with such supporting data and explana-
 11 tions as may be called for by the state comptroller, hereinabove pro-
 12 vided for. In case of the failure of any department or establishment
 13 to submit such estimates within the time above specified, the gov-
 14 ernor shall cause to be prepared such estimates for such department
 15 or establishment as in his opinion are reasonable and proper.

1 SEC. 17. On, or before, October first, next prior to each biennial
 2 legislative session, the state comptroller, hereinabove provided for,
 3 shall prepare an estimate of the total income of the government for
 4 each fiscal year of the ensuing biennium, in which the several items
 5 of income shall be listed and classified according to sources or char-
 6 acter, departments or establishments producing said funds and
 7 brought into comparison with the income actually received during the

8 last completed fiscal year and the estimated income to be received
9 during the year in progress.

1 SEC. 18. Upon the receipt of the estimates of expenditure require-
2 ments called for by section sixteen (16) and the preparation of the
3 estimates of income called for by section seventeen (17), and not
4 later than November first, next succeeding, the state comptroller,
5 hereinabove provided for, shall cause to be prepared a tentative budget
6 conforming as to scope, contents and character to the requirements
7 of section fifteen (15) and containing the estimates of expenditures
8 and revenue as called for by sections sixteen (16) and seventeen (17),
9 which tentative budget shall be transmitted to the governor.

1 SEC. 19. Upon the receipt by him of the tentative budget pro-
2 vided for by the preceding section, the governor shall make provision
3 for public hearings thereon not later than the ensuing month of
4 December, at which he may require the attendance of the heads and
5 other officers of all departments, establishments and other persons
6 receiving or requesting the grant of state funds and the giving by
7 them of such explanations and suggestions as they may be called
8 upon to give or as they may desire to offer in respect to items of
9 requested appropriations in which they are interested. The governor
10 shall also extend invitations to the governor-elect and the state comp-
11 troller, referred to in section four (4) hereof, to be present at such
12 hearings and to participate in the hearings through the asking of
13 questions or the expression of opinion in regard to the items of the
14 tentative budget.

1 SEC. 20. Following his inauguration, the governor shall proceed
2 to the formulation of the budget provided for by sections fourteen
3 (14) and fifteen (15).

1 SEC. 21. The governor shall transmit to the legislature supple-
2 mental estimates for such appropriations as in his judgment may be
3 necessary on account of laws enacted after transmission of the budget,
4 or as he deems otherwise in the public interest. He shall accompany
5 such estimates with a statement of the reasons therefor, including
6 the reasons for their omission from the budget. Whenever such
7 supplemental estimates amount to an aggregate which, if they had
8 been contained in the budget, would have required the governor to
9 make a recommendation for the raising of additional revenue, he
10 shall make such recommendation.

1 SEC. 22. No estimate or request for an appropriation and no re-
2 quest for an increase in an item of any such estimate or request, and
3 no recommendation as to how the revenue needs of the government
4 should be met, shall be submitted to the legislature or any committee
5 thereof by any officer or employee of any department or establish-
6 ment, unless at the request of either house of the general assembly.

EXECUTION OF THE BUDGET

1 SEC. 23. The appropriations made shall not be available for ex-
2 penditure until allotted as provided for in section twenty-four (24).
3 All appropriations now or hereafter made are hereby declared to be

4 maximum and proportionate appropriations, the purpose being to
5 make the appropriations payable in full in the amounts named in
6 the event that the estimated budget resources during each fiscal year
7 of the biennium for which such appropriations are made, are sufficient
8 to pay all of the appropriations in full. The governor shall restrict
9 allotments only to prevent an overdraft or deficit in any fiscal year
10 for which appropriations are made.

1 SEC. 24. Before an appropriation for administration, operation
2 and maintenance of any department or establishment shall become
3 available, there shall be submitted to the governor, not less than
4 twenty days before the beginning of each quarter of each fiscal year,
5 a requisition for an allotment of the amount estimated to be necessary
6 to carry on its work during the ensuing quarter. Such requisition
7 shall contain such details of proposed expenditures as may be required
8 by the governor.

9 The governor shall approve such allotments, unless he finds that
10 the estimated budget resources during the fiscal year are insufficient
11 to pay all appropriations in full, in which event he may modify such
12 allotments to the extent he may deem necessary in order that there
13 shall be no overdraft or deficit in the several funds of the state at
14 the end of such fiscal year, and shall submit copies of the allotments
15 thus approved or modified to the head of the department or establish-
16 ment concerned, and to the state comptroller, hereinabove provided
17 for, who shall set up such allotments on his books and be governed
18 accordingly in his control of expenditures. Allotments of appropri-
19 ations made for equipment, land, permanent improvements, and other
20 capital projects may, however, be allotted in one amount by major
21 classes or projects for which they are expendable without regard to
22 quarterly periods. Allotments thus made may be subsequently modi-
23 fied by the governor either upon the written request of the head of
24 the department or establishment concerned, or in the event the gov-
25 ernor finds that the estimated budget resources during the fiscal year
26 are insufficient to pay all appropriations in full, upon his own initiative
27 to the extent he may deem necessary in order that there shall be no
28 overdraft or deficit in the several funds of the state at the end of such
29 fiscal year; and the head of the department or establishment and the
30 state comptroller, hereinabove provided for, shall be given notice of
31 such modification in the same way as in the case of original allotments.

32 Provided, however, that the allotment requests of all departments
33 and establishments collecting governmental fees and other revenue
34 which supplement a state appropriation shall attach to the summary
35 of requests a statement showing how much of the proposed allotments
36 are to be financed from (a) state appropriations, (b) stores, and
37 (c) repayment receipts. The procedure to be employed in controlling
38 the expenditures and receipts of the state fair board and the insti-
39 tutions under the state board of education, whose collections are not
40 deposited in the state treasury, will be that outlined in section six
41 (6), subdivision seven (7) hereof.

42 The finding by the governor that the estimated budget resources
43 during the fiscal year are insufficient to pay all appropriations in full,
44 as provided herein, shall be subject to the concurrence in such finding
45 by the executive council before reductions in allotment shall be made,

46 and in the event any reductions in allotment be made, such reductions
 47 shall be uniform and prorated between all departments, agencies and
 48 establishments upon the basis of their respective appropriations.

1 SEC. 25. All appropriations made to any department or establish-
 2 ment of the government as receive or collect moneys available for
 3 expenditure by them under present laws, are declared to be in addi-
 4 tion to such repayment receipts, and such appropriations are to be
 5 available as and to the extent that such receipts are insufficient to
 6 meet the costs of administration, operation and maintenance, or public
 7 improvements of such departments: Provided, that such receipts or
 8 collections shall be deposited in the state treasury as part of the gen-
 9 eral fund or special funds in all cases, except those collections made
 10 by the state fair board, the institutions under the state board of
 11 education and the state fish and game commission.

12 Provided further, that no repayment receipts shall be available for
 13 expenditures until allotted as provided in section twenty-four (24)
 14 hereof; and provided further, that the collection of repayment receipts
 15 by the state fair board and the institutions under the state board of
 16 education shall be deposited in a bank or banks duly designated and
 17 qualified as state depositories, in the name of the state of Iowa, for
 18 the use of such boards and institutions, and such funds shall be avail-
 19 able only on the check of such boards or institutions depositing them,
 20 which are hereby authorized to withdraw such funds, but only after
 21 allotment by the governor as provided in the preceding section; and
 22 provided further, that this act shall not apply to endowment and/or
 23 private trust funds or to gifts to institutions owned or controlled by
 24 the state or to the income from such endowment and/or private trust
 25 funds, or to private funds belonging to students or inmates of state
 26 institutions.

27 The provisions of this act shall not be construed to prohibit the
 28 state fair board from creating an emergency or sinking fund out of
 29 the receipts of the state fair and state appropriation for the purpose
 30 of taking care of any emergency that might arise beyond the control
 31 of the board of not to exceed fifty thousand dollars (\$50,000).

1 SEC. 26. All unencumbered balances of annual administration,
 2 operation and maintenance appropriations except those of the state
 3 fish and game commission and except those for the state fair board
 4 shall revert to the state treasury at the end of each fiscal year of a
 5 given biennium and to the credit of the general fund or special funds
 6 from which the appropriation and/or appropriations were made; ex-
 7 cept that capital expenditures for the purchase of land or the erection
 8 of buildings or new construction shall continue in force until the
 9 attainment of the object or the completion of the work for which
 10 such appropriations are made: provided, that this section shall not
 11 be construed to repeal the provisions of sections two hundred ninety
 12 (290) to two hundred ninety-three (293), inclusive, code, 1931, except
 13 to

14 1. Delete the words "auditor and treasurer of state" in the last
 15 line of section two hundred ninety-two (292) and to substitute the
 16 words "state comptroller", and

17 2. To substitute the word "comptroller" for the word "auditor"
18 in line one (1) of section two hundred ninety-three (293) and to
19 delete the words "and treasurer" following the word "auditor" in said
20 section.

1 SEC. 27. The governor and the state comptroller and any officer
2 of the office of state comptroller, hereinabove provided for, when
3 authorized by the governor, are hereby authorized to make such
4 inquiries regarding the receipts, custody and application of state
5 funds, existing organization, activities and methods of business of
6 the departments and establishments, assignments of particular activi-
7 ties to particular services and regrouping of such services, as in the
8 opinion of the governor, will enable him to make recommendations
9 to the legislature, and, within the scope of the powers possessed by
10 him, to order action to be taken, having for their purpose to bring
11 about increased economy and efficiency in the conduct of the affairs
12 of government.

1 SEC. 28. The fiscal year of the government shall commence on the
2 first day of July and end on the thirtieth day of June. This fiscal
3 year shall be used for purposes of making appropriations and of
4 financial reporting and shall be uniformly adopted by all departments
5 and establishments of the government.

1 SEC. 29. Any board member, commissioner, director, manager,
2 building committee, or other officer, or person connected with any
3 institution, or other state department or establishment as herein
4 defined, to which an appropriation is made, who shall expend any
5 appropriation for any purpose other than that for which the money
6 was appropriated, budgeted and allotted or who shall consent thereto,
7 shall be liable to the state of Iowa for such sum so spent, and the
8 sum so spent, together with interest and costs, shall be recoverable
9 in an action to be instituted by the attorney general for the use of
10 the state of Iowa, which action shall be instituted in the district court
11 of Polk county.

1 SEC. 30. A refusal to perform any of the requirements of this act,
2 and the refusal to perform any rule or requirement or request of the
3 governor and/or the state comptroller made pursuant to or under
4 authority of this act, by any board member, commissioner, director,
5 manager, building committee or other officer or person connected with
6 any institution, or other state department or establishment as herein
7 defined, shall subject the offender to a penalty of two hundred and
8 fifty dollars (\$250.00), to be recovered in an action instituted in the
9 district court of Polk county by the attorney general for the use of
10 the state of Iowa, and shall also constitute a misdemeanor, punish-
11 able by fine or imprisonment, or both, in the discretion of the court.
12 If such offender be not an officer elected by vote of the people, such
13 offense shall be sufficient cause for removal from office or dismissal
14 from employment by the governor upon thirty days' notice in writing
15 to such offender; and, if such offender be an officer elected by vote
16 of the people, such offense shall be sufficient cause to subject the
17 offender to impeachment.

1 SEC. 31. If any section, subsection, clause, sentence or phrase of
2 this act is for any reason held to be unconstitutional and invalid, such

3 decision shall not affect the validity of the remaining portions of this
 4 act. The legislature hereby declares that it would have passed this
 5 act and each section, subsection, clause, sentence or phrase hereof,
 6 irrespective of whether any one or more of the sections, subsections,
 7 clauses, sentences or phrases be declared unconstitutional.

1 SEC. 32. Wherever the word "director" or "budget director", where
 2 referring to the director of the budget, or words "director of the
 3 budget" or "state budget director" shall appear in any of the chapters
 4 of the code, 1931, or in laws enacted by the forty-fifth general assem-
 5 bly, it shall mean the "state comptroller", except in section twenty-
 6 eight hundred ninety-one (2891) of chapter one hundred thirty-five
 7 (135) of the code, 1931. Wherever the words "state board of audit"
 8 or "board of audit" shall appear in any of the chapters of the code,
 9 1931, or in laws enacted by the forty-fifth general assembly, it shall
 10 mean the "office of state comptroller"; and, wherever the words "audi-
 11 tor of state" or "state auditor" shall appear in any chapter of the
 12 code, 1931, or in laws enacted by the forty-fifth general assembly, with
 13 reference to the security of state revenue, settlement of state claims,
 14 both receipts and disbursements, issuance of warrants, apportionment
 15 of school funds, and the keeping of bookkeeping and accounting
 16 records and the rendering of bookkeeping and accounting reports, of
 17 which the auditor of state is relieved in section twelve (12) hereof,
 18 it shall mean the "state comptroller" or "office of state comptroller".

1 SEC. 33. All laws and parts of laws in conflict with this act are
 2 hereby repealed, subject, however, to the following express provision:
 3 Inasmuch as this law and the concurrently enacted state audit act
 4 provide a new system in respect of the matters covered thereby to
 5 take the place of the system now in use, any of the matters covered
 6 by this law may in whole or in part, but only with the approval of
 7 the state comptroller, be dealt with in accordance with the system
 8 now in use until provision shall have been made to deal with such
 9 matters in accordance with such new system; it being intended by
 10 this section to enable the new system to be established in a gradual
 11 and orderly manner and without undue disturbance of the administra-
 12 tive functions of the government; provided, however, that the system
 13 of budgeting and of making allotments of all appropriations shall
 14 become effective July 1, 1933; and, provided further, that the new
 15 system of central budget and proprietary accounting and reporting
 16 provided by this law, and the act defining the new duties of the state
 17 auditor, shall in all respects be placed in full operation on or before
 18 December 1, 1933.

Senate File No. 470. Approved April 24, 1933.

Note: The word "sections" in section seven (7), line thirty-one (31), probably means *subsections* or *paragraphs* to make proper reference.

7 claimant. Should good cause for delay exist, the board may postpone
8 the time of final action on the project.

1 "SEC. 7. At the time fixed for hearing and after receipt of the
2 report of the appraisers, the board shall examine said report, both
3 for and against each claim for damages and compensation and shall,
4 with the consent of the executive council, determine the amount of
5 damages and compensation due each claimant and may affirm, increase
6 or diminish the amount awarded by the appraisers. After such action,
7 the board may thereupon adopt a final plan for the project, and pro-
8 ceed with its construction, or it may dismiss the entire proceedings.

1 "SEC. 8. Appeals from orders or actions of the board fixing the
2 amount of compensation awarded or damages sustained by any claim-
3 ant shall be treated as ordinary proceedings. All other appeals shall
4 be triable in equity. The court may, in its discretion, order the con-
5 solidation for trial of two (2) or more of such equitable cases. All
6 appeals shall be taken within twenty (20) days after date of final
7 action or order of the board from which such appeal is taken, by filing
8 with the secretary of the board a notice of appeal designating the
9 court to which the appeal is taken, the order or action appealed from
10 and stating that the appeal will come on for hearing at the next suc-
11 ceeding term of the court and designating such term. This notice
12 shall be accompanied by an appeal bond with sureties to be approved
13 by the clerk of the district court conditioned to pay all costs adjudged
14 against the appellant. The amount of damages or compensation found
15 by the court shall be entered of record. Unless the result on the
16 appeal is more favorable to the appellant than the action of the board,
17 all costs of the appeal shall be taxed to the appellant, but if more
18 favorable, the cost shall be taxed to the appellees. All damages
19 assessed and all costs occasioned under this act shall be paid from
20 the funds of the board.

 4 proposed improvement have been obtained from all parties affected
 5 then the board may adopt the tentative plan as final and proceed
 6 with the work proposed."

CHAPTER 123

MANDATORY REDUCTIONS IN TAX LEVIES

Sub. S. F. 131

AN ACT relating to taxation, and to make mandatory reductions of the total tax levies in the taxing districts of the state, including special charter cities, for the years 1933 and 1934, fixing the tax limits of taxing districts for the years 1933 and 1934, providing for exceptions thereto, providing for powers and duties of the budget director and prescribing procedure therefor.

Be it enacted by the General Assembly of the State of Iowa:

1 SECTION 1. The total rate of millage levy of taxes in each of the
2 years 1933 and 1934, for or on behalf of any taxing district in this
3 state, including special charter cities, shall not exceed twenty per
4 cent (20%) of the total rate of millage levy made in the year 1930,
5 for or on behalf of said district; provided, however, that the term
6 "total rate of millage levy" in both instances where heretofore used
7 in this section, shall not be construed to include, and the limitation
8 imposed by this section shall not be applicable to, any millage levies
9 authorized or required to be determined or certified by the state board
10 of assessment and review, nor any millage levies authorized to be
11 made by the board of supervisors for the support of the poor as pro-
12 vided in section fifty-three hundred thirty-seven (5337) of the code,
13 1931, nor any millage levies for the care of the sick poor as provided
14 in section fifty-three hundred fifty-three (5353) of the code, 1931,
15 nor any millage levies authorized under the provisions of section fifty-
16 three hundred eighty-five (5385) of the code, 1931, nor any millage
17 levies authorized or required to be made to pay any judgment ren-
18 dered by a court of competent jurisdiction against any county, munic-

19 ipality or other taxing district, nor any millage levies authorized or
 20 required to be made or certified for the payment of the principal,
 21 interest or sinking fund of any bonds of any county, municipality or
 22 other taxing district, authorized or outstanding at the time of the
 23 taking effect of this act, or for the payment of the principal, interest
 24 or sinking fund of any bonds issued to refund any such bonds so
 25 authorized or outstanding, or of any funding bonds issued to pay
 26 indebtedness incurred prior to the taking effect of this act, or of any
 27 bonds issued by any county to pay indebtedness now or hereafter
 28 incurred for the support of poor persons, as defined in chapter two
 29 hundred sixty-seven (267) of the code, 1931, nor any millage levies
 30 authorized or required to be made by any city or town for the fire
 31 fund or fire department maintenance fund.

1 SEC. 2. Any taxing district, upon application to the state budget
 2 director, and upon showing made to said budget director of strict
 3 necessity arising from the fact:

4 (a) That those of its levies, made in the year 1930, which would
 5 now be subject to the limitation contained in section one (1) hereof,
 6 were low as compared with such levies for any of the four years im-
 7 mediately preceding or the year immediately following, or

8 (b) That those of its levies, made in the year 1930, which would
 9 now be subject to the limitation contained in section one (1) hereof,
 10 were low on account of the contemplated use of an accumulated sur-
 11 plus or balance then on hand, or

12 (c) That since the year 1930 there has been an unusual destruc-
 13 tion or removal of property within the district causing a substantially
 14 larger per cent of decrease in the value of property subject to taxation
 15 in such district than the average per cent of decrease for such class
 16 of districts throughout the state generally, or

17 (d) That an emergency exists in such district by reason of loss
 18 or damage of public buildings or other public improvements by fire
 19 or flood, or other natural elements, which loss or damage is not com-
 20 pensated for by insurance or otherwise, or

21 (e) That, in case of a school district, there has been a material
 22 increase in school population or school attendance since 1931, or that
 23 a substantially larger portion of its general fund is required to pay
 24 tuition for students attending high school in other districts than was
 25 required in 1931, or

26 (f) That, in case of a school district, the total value of the taxable
 27 property within the district in the year 1930 was materially low in
 28 relation to the number of persons of school age attending school
 29 within such district, and the amount of the general school fund per
 30 person of school age attending school in said district was substantially
 31 less than in other districts of like character in the state, or

32 (g) That, in case of a city or town, the amount which can be made
 33 available under this act for the maintenance and operation of the
 34 police department within such city or town is clearly inadequate for
 35 such purposes—

36 may be exempted by said budget director from the limitation imposed
 37 by section one (1) of this act, but only to the extent required by such
 38 necessity and only for the year and with respect to the specific levies
 39 for which such exemptions shall be granted. Such application shall

40 be made in writing and shall specifically state the facts giving rise
41 to such necessity in said district, and the burden of establishing such
42 necessity and the facts giving rise thereto shall be upon the applicant.
43 Upon receiving such application the state budget director shall fix
44 the time and place for the hearing at which such showing may be
45 made, and shall prescribe a notice of such hearing, and the applicant
46 shall cause one publication of such notice to be made not less than ten
47 (10) days before the time of such hearing, in a newspaper which has
48 a general circulation in such taxing district and is an official newspaper
49 of the county within which such taxing district is situated. At such
50 hearing, any party interested may appear and be heard in person or
51 by counsel, and such showing or resistance thereto may be made
52 orally or presented in writing.

1 SEC. 3. If any city or town shall be irrevocably obligated, under
2 a contract duly authorized by law entered into and in effect on or
3 before January 1, 1933, to pay a fixed or determinable amount or
4 amounts during the fiscal years beginning April 1, 1934, and/or April
5 1, 1935, for light, water, gas, heat or for the purchase or use of prop-
6 erty, and if such amounts are payable from a specific fund or funds
7 to be raised by millage rates affected by the limitation contained in
8 section one (1) hereof, such city or town may, in the years 1933
9 and/or 1934, levy for such specific fund or funds a millage rate suffi-
10 cient to raise not more than twenty per cent (20%) of the amounts
11 required to be paid in each such fiscal year under such contract, in
12 addition to the total millage rates which may be levied in accordance
13 with the provisions of section one (1) hereof.

1 SEC. 4. If any city or town, at the time of the taking effect of this
2 act, shall have outstanding certificates payable from and issued in
3 anticipation of the collection of a specific fund or funds to be raised
4 by millage levies affected by the limitation contained in section one
5 (1) hereof, such city or town may, in each of the years 1933 and/or
6 1934, levy for such specific fund or funds a millage rate sufficient to
7 raise not more than twenty per cent (20%) of the amount of prin-
8 cipal and/or interest of such certificates payable from such fund or
9 funds in the year respectively following each of said years, in addi-
10 tion to the total millage rate which may be levied in accordance with
11 the provisions of section one (1) hereof.

1 SEC. 5. Any city or town may, in each of the years 1933 and/or
2 1934, levy for its general fund a millage rate sufficient to raise an
3 amount not more than twenty per cent (20%) of the amounts actually
4 expended by it for the operation and maintenance of its police depart-
5 ment during its fiscal year next preceding, in addition to the total
6 millage rate which may be levied in accordance with the provisions
7 of section one (1) hereof.

1 SEC. 6. Any taxing district which is now devoting the revenue
2 received from sources other than millage levies to the payment of
3 principal, interest or sinking fund for bonds or anticipatory certifi-
4 cates shall not divert, while such bonds or certificates are outstand-
5 ing, such revenues to other purposes and thereby require increased

6 millage levies to be made in the year 1933 or 1934 for payment of
7 principal, interest or sinking fund of such bonds or certificates.

1 SEC. 7. The total rate of millage levies made in the years 1933
2 or 1934 by any city or town for fire fund and fire department main-
3 tenance fund shall not exceed one-fourth of the total rate of millage
4 levies made in the year 1930 by such city or town for said funds.

1 SEC. 8. Any consolidated school district maintaining an approved
2 high school course, which in the year 1930 did not levy for its general
3 fund more than ninety-five dollars (\$95.00) for each person of school
4 age residing in such district, shall not be required by the provisions
5 of this act to reduce the amount levied in the year 1933 or 1934 for
6 its general fund for each such person of school age, more than thirty-
7 two per cent (32%) below the amount levied for its general fund for
8 each such person in the year 1930; and any such district which levied
9 for its general fund in the year 1930 more than ninety-five dollars
10 (\$95.00) for each person of school age residing in such district, shall
11 not be required by the provisions of this act to reduce the amount
12 levied in the year 1933 or 1934 for its general fund below sixty-five
13 dollars (\$65.00) for each such person of school age. No consolidated
14 school district maintaining an approved high school shall be required
15 to levy for its general fund in the year 1933 or 1934 less than seventy-
16 two dollars (\$72.00) for each pupil in average daily attendance in
17 such district, or less than fifty-eight dollars (\$58.00) for each person
18 of school age residing in such district.

19 Any school corporation having a school enumeration of ten thou-
20 sand (10,000) or more shall not be required by the provisions of this
21 act to reduce the amount levied in the year 1933 or 1934 for its gen-
22 eral fund for each person of school age residing in such district, more
23 than thirty-two per cent (32%) below the amount levied for its gen-
24 eral fund for each such person in the year 1930. No school corpora-
25 tion having a school enumeration of ten thousand (10,000) or more
26 shall be required to levy for its general fund in the year 1933 or 1934
27 less than sixty-eight dollars (\$68.00) per pupil in average daily at-
28 tendance in such district, or less than forty dollars (\$40.00) for each
29 person of school age residing in such district.

30 Any other school corporation which in the year 1930 did not levy
31 for its general fund more than seventy-five dollars (\$75.00) for each
32 person of school age residing in such district, shall not be required by
33 the provisions of this act to reduce the amount levied in the year
34 1933 or 1934 for its general fund for each such person of school age
35 more than thirty-two per cent (32%) below the amount levied for
36 its general fund for each such person in the year 1930; and any such
37 other school corporation which levied for its general fund in the year
38 1930 more than seventy-five dollars (\$75.00) for each person of school
39 age residing in such school district shall not be required by the provi-
40 sions of this act to reduce the amount levied in the year 1933 or 1934
41 for its general fund below fifty-one dollars (\$51.00) for each such
42 person of school age. Any such other school corporation shall not be
43 required to levy for its general fund in the year 1933 or 1934 less
44 than fifty dollars (\$50.00) per pupil in average daily attendance in

45 such district, or less than thirty-six dollars (\$36.00) for each person
46 of school age residing in such district.

47 No school district shall be required, in either the year 1933 or 1934,
48 to reduce the millage levy for its general fund to a rate which will
49 produce less than six hundred dollars (\$600.00) for each school con-
50 ducted in the district, exclusive of the amount required by such dis-
51 trict to pay tuition for its students attending high school in other
52 school districts.

53 The school census for the year 1930 shall be used for the basis as
54 to computations for the levy made in the year 1930. The school cen-
55 sus for the year 1932 shall be used as the basis for determining the
56 levy to be made in the year 1933, and the school census for the year
57 1934 shall be used as the basis for determining the levy to be made
58 in the year 1934. Wherever the average daily attendance shall be
59 relevant in determining the levies to be made in the year 1933 or
60 1934 for any school district, the average daily attendance of such
61 district for each school year, respectively, preceding such year, shall
62 be used as the basis for such determination. The term "general fund"
63 shall not include amounts levied for interest on bonds or for principal
64 payments on bonds.

1 SEC. 9. No taxing district shall be required by the provisions of
2 this act to levy or certify for levy in the year 1933 or 1934, for the
3 purposes or funds affected by the limitation contained in section one
4 (1) hereof, less than sixty-five per cent (65%) of the amount in dol-
5 lars levied or certified for levy by such taxing district, in the year
6 1930, for such funds or purposes, exclusive of any additional amount
7 such district is permitted to levy or certify for levy under sections
8 three (3), four (4) and five (5) of this act.

1 SEC. 10. If in the construction or application of the provisions of
2 this act, it shall be necessary to arrive at the rate of millage levy of
3 any taxing district made in the year 1930 for a certain purpose, and
4 a separate levy was not made in 1930 by such district for such pur-
5 pose, the rate of millage levy which, if applied to the adjusted taxable
6 value of the property in such taxing district for the year 1930 (not
7 including moneys and credits, and other moneyed capital taxed at a
8 flat rate as provided in section 6985), would be required to raise the
9 amount expended for such purpose by such taxing district during the
10 fiscal year commencing in 1931, shall be considered the rate of millage
11 levy made in the year 1930, by such taxing district for such purpose.

1 SEC. 11. Insofar as the provisions of this act may conflict with
2 other laws of this state, the provisions of this act shall control. It is
3 hereby declared that the provisions of this act and of each clause,
4 sentence, paragraph, section or part hereof are severable and not

Be it enacted by the General Assembly of the State of Iowa:

1 SECTION 1. During the period of management by the superintend-
2 ent of banking of any state bank, savings bank or trust company or
3 private bank pursuant to senate file number 111, forty-fifth general
4 assembly, any county, city, town, township or school district, by its
5 governing board at the board's discretion, may enter into depositors'
6 agreements looking toward the reorganization, reopening or consoli-
7 dation of the bank to the extent of its unsecured and unpreferred
8 claims.

9 The state may so agree through the executive council as to its
10 unsecured and unpreferred claims.

11 The board of supervisors may at its discretion, enter into such
12 depositors' agreements as to taxes for the state, school, townships,
13 cities, towns, motor vehicle fund, primary road fund or other purposes

14 and for other funds created by law, whether regular, temporary or

 16 and duly and regularly deposited by the county treasurer in a state
 17 bank, savings bank, trust company or private bank prior to the period
 18 of management by the state superintendent of banking.

 3 public deposits, but after receipt of payment from such fund or
 4 assignment of deposit to the treasurer of state, he shall represent
 5 the same and may with the approval of the executive council, join in
 6 such agreements.

1 SEC. 3. If the treasurer has duly and regularly deposited money
 2 in such bank, then after the reorganization, reopening or consolidation
 3 of said bank he shall only be held to account for such amount of the
 4 deposit as remains on deposit in such bank after the reorganization,
 5 reopening or consolidation, irrespective of whether a depositors' agree-
 6 ment was entered into or not.

1 SEC. 4. Wherever the depositors' agreement provides for the ap-
 2 pointment of trustees and the subsequent payment of funds by the
 3 trustees to the depositors, such payments shall be paid to the county
 4 treasurer and by him distributed prorata to the funds entitled thereto,
 5 unless payment has been received from the state sinking fund for
 6 public deposits or assignment of the deposit has been made to the
 7 treasurer of state and in such event, such payment shall be made to
 8 him and credited to the state sinking fund.

1 SEC. 5. Insofar as the provisions of this act may conflict with
 2 other acts or parts thereof, the provisions of this act shall control.

Be it enacted by the General Assembly of the State of Iowa:

1 SECTION 1. That before any savings bank, state bank, private bank
2 or trust company shall attempt to reorganize or take waivers or de-
3 positors' agreements from its depositors, the banking department
4 shall make an examination of said bank and shall determine, with
5 the approval of the governor, what can and should be required to be
6 paid by the officers, directors, and stockholders of said bank or trust
7 company and no waivers or depositors' agreements shall be taken
8 until the amount so required shall have been paid in full in cash or

14 vided, however, that the banking department shall, with the approval

15 of the governor, have the right to waive or modify any of the provi-

17 continue banking operations, and where waivers or depositors' agree-
18 ments are taken as a part of a plan for reorganizing and/or liquidat-
19 ing such bank.

1 SEC. 2. Banks or trust companies now operating on waivers or
2 depositors' agreements heretofore taken shall be subject to and come
3 within the provisions of this act. Except that no unexpired waivers
4 or depositors' agreements between such banks or trust companies
5 and their depositors shall be abrogated hereby.

1 SEC. 3. Before waivers or depositors' agreements are taken as
2 herein provided, the superintendent of banking may authorize the

7 and shall authorize the issuance of trust certificates in said bank to
8 an amount equal to said assets so set aside and deposits waived and

10 exceed ten dollars (\$10.00) in such bank in proportion as their de-
11 posits are to such segregated assets and waived deposits. A dividend
12 shall be declared at the end of each year covering the entire net earn-

21 seventy-five per cent (75%) of the direct, unsecured and unpreferred
22 obligations, and approved by the superintendent of banking. Such
23 certificates shall be preferred in earnings and have preference in
24 liquidation only over the common stock of said bank.

1 SEC. 4. All trust certificates issued under the provisions of this
2 act shall have preference and priority on all of the assets of the bank
3 ahead of the rights of the holders of the common stock, and shall be
4 paid in full before the common stockholders shall be entitled to any
5 dividends or profits, unless otherwise agreed upon between such bank
6 or trust company and a majority of the depositors holding direct,
7 unsecured and unpreferred obligations of such bank in excess of ten
8 dollars (\$10.00) each, and totaling in the aggregate amount seventy-
9 five per cent (75%) of the direct, unsecured and unpreferred obliga-

1 SEC. 5. Where trust certificates are issued pursuant to section 3
2 of this act, the holders of such certificates in event of the distribution
3 of assets of the bank, shall have a claim ahead of common stock-

1 SEC. 6. The trust certificates issued under the provisions of this
2 act shall be nonassessable and nontaxable.

4 the same. The state may so agree through the executive council to
5 accept the trust certificates provided for in this act.

1 SEC. 8. The acceptance of such trust certificates by public bodies
2 shall not be a waiver of their right to participate in the state sinking
3 fund for public deposits. In event of receivership or bankruptcy, the
4 unpaid balance of any trust certificate held by any such public body
5 shall be construed as a depositor's claim of such public body in accord-
6 ance with the provisions of chapter 352-A1 of the 1931 code of Iowa.

1 SEC. 9. If the treasurer of any public body has duly and regularly
2 deposited money in such bank, then after the reorganization, reopen-
3 ing or consolidation of said bank, he shall only be held to account for
4 such amount of the deposit as remains on deposit in such bank after
5 reorganization, reopening or consolidation, irrespective of whether
6 such trust certificates as provided herein, have been accepted by the
7 public body or not.

1 SEC. 10. If a majority of the depositors, holding direct, unsecured
2 and unpreferred obligations of such bank in excess of ten dollars
3 (\$10.00) each, and totalling in the aggregate amount seventy-five per
4 cent (75%) of the direct, unsecured and unpreferred obligations, shall
5 agree to come within the provisions of this act by accepting trust
6 certificates as herein provided, then, and in that event, all of the
7 depositors of such bank are bound thereby.

2 the trust certificates issued hereunder prorata through the earnings
3 of and the collections from the segregated assets and the net earnings
4 of said bank as hereinbefore provided or agreed upon under the provi-
5 sions of this act.

7 of such bank in excess of ten dollars (\$10.00) each, and totaling in
8 the aggregate amount seventy-five per cent (75%) of the direct,
9 unsecured and unpreferred obligations, and approved by the superin-
10 tendent of banking.

1 SEC. 13. In the construction of this act, the provisions hereof,
2 whenever in conflict with any previous existing law, shall be given
3 preference in order to carry out the intent and purpose of this act,
4 and all acts or laws or parts of acts or laws in conflict with this act

INVESTIGATION COMMITTEE

S. J. R. 2

JOINT RESOLUTION creating a special joint legislative committee to investigate and
examine the administration and conduct of the various state departments, boards,
bureaus and commissions, and to make a thorough study and investigation of state,
county, township, city and town, and school governments for the purpose of recom-

scribing its powers and authority and making appropriation therefor.

WHEREAS, under the authority of the joint resolution, passed by the

it has not been able, within the time allotted, to complete the work which
is necessary to bring about such reduction in governmental expenses as
should be effected; and

WHEREAS, the power and authority vested in such legislative committee
by the resolution, authorizing it, was not broad enough to enable the com-
mittee to make surveys and investigations which should be made to accom-

priation for its work was insufficient to enable the committee to make a
thorough survey and investigation of the several divisions of government;
and

WHEREAS, it is apparent that the work of the legislative committee has
brought about very substantial reductions in governmental expenditures,
but that a more thorough and extensive survey and investigation might
reveal the further reductions which could be made in governmental ex-

WHEREAS, the Perkins law lost its identity when it was merged with the Haskell-Klaus law, which antedated, by four years, the generous donation and appropriation of five million dollars (\$5,000,000.00) from the general education board, the Rockefeller foundation and the state of Iowa, and

WHEREAS, earnest effort has been made during the past five years to carry out the philanthropic intent of the donors and of the members of the 40th general assembly, and

Sept. 1, 1928.....	337
