The county treasurer shall temporarily lift the registration hold on an applicant for a period of ten days if the treasurer receives such notice in order to allow the applicant to register a vehicle for the year. 4. This section does not apply to processing fees charged by a county treasurer for the collection of tax debt owed to the department of revenue pursuant to section 321.40.

Sec. 6. **NEW SECTION. 364.22B Collection of judgment debt.**

1. As used in this section, "*judgment debt*" means any criminal penalty, any personal judgment for a civil penalty, or any personal or in rem judgment for the costs of abating a nuisance or other violation, owing to a city in any proceeding brought as a municipal infraction under section 364.22, or in a civil nuisance proceeding under chapter 657, or in a criminal proceeding for a misdemeanor violation under a city ordinance.

2. Judgment debt owing to a city is deemed delinquent if it is not paid within thirty days after the date it is assessed. An amount which was ordered by the court to be paid on a date fixed in the future is deemed delinquent if it is not received by the clerk of court within thirty days after the fixed date set out in the court order. If an amount was ordered to be paid in installments and an installment is not received within thirty days after the date it is due, the entire amount of the judgment debt is deemed delinquent.

The confidentiality provisions of sections 422.20 and 422.72 do not apply to information provided by the department to a county treasurer pursuant to this paragraph. A county treasurer collecting taxes, penalties, and interest administered by the department is subject to the requirements and penalties of the confidentiality laws of this state regarding tax or indebtedness information. The director shall adopt rules to implement the collection of tax debt as authorized in section 321.40 and this paragraph.

The coordinator’s term of office shall be four years, beginning July 1 of the year of appointment and ending on June 30 of the year of expiration.

b. If a vacancy occurs in the office of the state debt coordinator, the vacancy shall be filled for the unexpired portion of the term in the same manner as the original appointment was made.

c. The coordinator shall not engage in any occupation, business, or profession that would interfere with or be inconsistent with the coordinator's duties. The coordinator shall not serve on or under any committee of any political party or actively campaign on behalf of a candidate for elective office.

2. The duties of the coordinator shall include all of the following:

a. Coordinating the internal operations of the office and developing and implementing policies and procedures designed to ensure the efficient administration of the office.

3. The state debt coordinator shall have the authority to appoint a designee to carry out certain duties provided in this chapter.

4. Notwithstanding any other law to the contrary, the office of the state debt coordinator shall be provided access to all state debt collection information, including full viewing access to the Iowa court information system, for the purpose of collecting personal identifying information and collecting or coordinating debt collection efforts. This section does not apply to debt collection information related to delinquent child support obligations.

5. Personal identifying information or financial information obtained by the state debt coordinator or a designee shall not be divulged to any person or entity, other than to the debtor, unless the information is used in a matter related to the collection of a debt obligation owed the state.

Sec. 10. NEW SECTION. 421C.2 Notice of lien in civil action.

1. When a debt obligation is owed the state, the state debt coordinator, on behalf of the state, shall have a right to a lien against all monetary claims arising from a civil action which the debtor may file against a third party. A lien under this section becomes effective once the state debt coordinator files a notice of lien with the clerk of the district court in the county where the civil action identified by the state debt coordinator is filed and sends notice of the lien to the debtor and to the debtor's attorney or other representative, if applicable. To be effective against a monetary claim, the notice of lien must be filed before a third party has concluded a final settlement with the debtor, the debtor's attorney, or other representative. The lien shall only be effective against the monetary claim in the civil action against which the lien is filed. The third party shall obtain a written determination from the state debt coordinator concerning the amount of the lien before a settlement is deemed final for purposes of this section. A compromise, including but not limited to a settlement, waiver, or release, of a monetary claim under this section does not defeat the state debt coordinator's lien except upon written agreement by the coordinator or the coordinator's designee. A

settlement, award, or judgment structured in any manner that does not include a debt obligation owed the state does not defeat the state court debt coordinator's lien if there is any recovery by the debtor unless a written agreement has been entered into between the state debt coordinator or the coordinator's designee and the debtor.

2. The judicial branch shall cooperate with the state debt coordinator to determine the most efficient way to identify a debtor who has a claim against a third party. The state debt coordinator shall be provided viewing access to the Iowa court information system as provided in section 421C.1 to determine if a debtor owes a debt obligation to the state. The debtor's attorney shall not have the responsibility to notify the state that a debtor has filed a civil action against a third party.

3. The state debt coordinator's lien is valid and binding on an attorney, insurer, or other third party only upon actual notice given by the state debt coordinator.

4. An insurer or attorney representing a debtor on a monetary claim upon which the state debt coordinator has a lien under this section shall notify the state debt coordinator of a negotiated settlement or verdict, if actual notice of the lien has been provided in the following manner:

a. The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the debtor and to the debtor's attorney or other representative, if applicable, at the location used for service of original notice.

b. The mailing and deposit in a United States post office or public mailing box of the notice, addressed to a third party, at the location used for service of original notice.

5. a. Upon resolution of the civil action against which a lien has been filed and actual notice of the lien has been given, the court costs and reasonable attorney fees and expenses, hospital liens filed pursuant to chapter 582 and other subrogated medical expenses shall first be deducted from any total judgment or settlement obtained. At least one-third of the remaining balance shall then be deducted and paid to the debtor. From the remaining balance, the state debt coordinator shall have the authority to negotiate a settlement of any debt obligation owed the state that is noted in the lien, including forgiving the entire balance due, based upon the circumstances of the case, costs incurred in pursuing the matter, and the element of the damages awarded. After deducting payments in accordance with this subsection and negotiating a settlement of the lien, any payments to satisfy the lien shall be paid to the state debt coordinator. The state debt coordinator shall transfer any moneys collected to the appropriate accounts to satisfy the debt owed. The state debt coordinator shall file a satisfaction of the lien in the civil action if the state debt coordinator, pursuant to this subsection, settles any part of the debt obligation owed the state.

b. In circumstances where a lien encompasses multiple claims by state entities, the priority of payment made to the state debt coordinator shall first be a credit against tax due as provided in section 422.73, and the remaining balance shall be distributed in accordance with section 8A.504, subsection 3.

c. During the negotiation process pursuant to this section the state debt coordinator shall make a determination whether the amount to be received by the coordinator under paragraph "a" shall be considered as full payment of the debt obligation owed the state. If the state debt coordinator settles any debt obligation owed the state that is for less than the actual amount owed the state, the state debt coordinator may determine that the debt obligation owed the state is paid in full. If settlement is reached that is for less than the amount of the debt obligation owed the state, and the state debt coordinator notifies the applicable state department, agency, or branch that the debt obligation is paid in full, the state department, agency, or branch receiving the notification shall indicate in the records of the state department, agency, or branch that the debt obligation owed the department, agency, or branch is paid in full.

6. Except as provided in subsection 7, the state debt coordinator may enforce its lien by a civil action against any liable third party if a judgment or settlement was paid to the debtor without notifying the state debt coordinator as provided in this section.

7. An insurance company that makes a payment to the debtor or the debtor's attorney in a civil action that is subject to a lien under this section shall have no further liability for the lien filed in the civil action.

8. As used in this section, unless the context otherwise requires:

a. “Insurance company” means an insurer organized or operating under chapter 508, 514, 514B, 515, 518, 518A, 519, or 520, or authorized to do business in Iowa as an insurer or an insurance producer under chapter 522B.

b. “Third party” means an individual, institution, corporation, or public or private agency which is or may be liable to pay all or part of a debtor’s monetary claim. “Third party” does not include a financial institution as defined in section 572.2.¹

2. The state debt coordinator, in consultation with the other branches of state government, shall establish a debt settlement program.

3. The following debt obligations are ineligible for the program:

a. Delinquent debt obligations that were imposed less than four years prior to the date of the application.

4. The following persons are ineligible for the program:

a. A person whose income level exceeds two hundred percent of the United States poverty level as defined by the most recently revised poverty income guidelines published by the United States department of health and human services.

(1) The coordinator may determine that a person whose income is at or below two hundred percent of the United States poverty level as defined by the most recently revised poverty income guidelines published by the United States department of health and human services, is ineligible for the program if the debt coordinator determines the person is able to pay the full amount of the delinquent debt.

(2) In making the determination of a person’s ability to pay the full amount of the delinquent debt, the state debt coordinator shall consider not only the person’s income, but also the availability of any assets subject to execution, including but not limited to cash, stocks, bonds, and any other property which may be applied to the eligible debt.

b. A person who is in jail, prison, or who is under supervision during the period of incarceration or supervision.

A person paying a delinquent court debt obligation through an established payment plan with the clerk of the district court, with the centralized collection unit of the department of revenue or its designee, with a county attorney or the county attorney’s designee, or with a private collection designee, is eligible for the debt settlement program if the person and debt are eligible and if the collecting entity is a debt settlement collection designee as provided in section 421C.4. The distribution of any moneys collected by the debt settlement collection designee shall be as provided in section 421C.4.

5. Under the program the state debt coordinator is authorized to forgive not more than fifty percent of all eligible debt obligations due.

6. Payment to the state debt coordinator under the program shall be provided in a lump sum.

7. The program shall provide that upon written application and payment of the agreed upon percentage of eligible debt obligation due to the state, the state shall forgive any remaining balance of eligible debt obligation due and shall not seek any contempt or civil action or criminal prosecution against the person related to the eligible debt obligation forgiven under the program. Upon the forgiveness of the remaining balance of the eligible debt pursuant to the program, the eligible debt shall be considered by the state as paid in full.

8. The written application shall contain all case numbers associated with the eligible debt obligation due and a general description of such debt.

¹ See chapter 1193, §52 herein

9. Failure to pay the amount agreed upon by the date specified shall bar the person's participation in the program for life.

10. A person who participates in the program shall relinquish all administrative and judicial rights to challenge the imposition and the amount of the eligible debt obligation owed.

11. If a driver's license is reinstated as a result of participating in the program, the person shall be required to pay a reinstatement fee as provided in section 321.191, any civil penalty assessed pursuant to section 321.218A, 321A.32A, or 321J.17, and provide proof of financial responsibility pursuant to section 321A.17, if otherwise required by law.

12. Upon paying the amount required under subsection 5, the state debt coordinator shall provide the person with a certified document detailing the case numbers paid in full under the program. Any state department, agency, or branch shall, upon the filing of a certified document detailing the cases paid in full under the program, indicate in the records of the department, agency, or branch that the case is in fact paid in full with respect to the eligible debt obligations paid under the program.

16. The state debt coordinator shall submit an annual report by January 1 to the chairpersons and ranking members of the joint appropriations subcommittee on justice systems and the legislative services agency, detailing the amount of debt obligations settled under the program, including the classification of the debt settled and the county of residence of persons who had debt settled under the program or with a debt settlement designee as provided in section 421C.4.

2. The centralized collection unit of the department of revenue and a county attorney collecting delinquent court debt pursuant to section 602.8107, subsection 4, are eligible to act as the state debt coordinator's designee under the debt settlement program. If the centralized collection unit of the department of revenue or a county attorney serves as the state debt coordinator's designee the procedures of the program established in section 421C.3 apply to the designee except as otherwise provided in this section.

3. a. In order to be eligible to settle debt under the program, a county attorney shall first make application to the state debt coordinator requesting authority to act as the state debt coordinator's designee. The state debt coordinator shall approve each application, upon a showing of commitment to collect delinquent court debt pursuant to section 602.8107, subsection 4, and upon reaffirmation to continue collection efforts pursuant to section 602.8107, subsection 4. Sec. 2. Section 437A.3, subsection 4, Code Supplement 2009, is amended to read as follows:

4. *a.* "Cogeneration facility" means a facility with a capacity of two hundred megawatts or less that uses the same energy source for the sequential generation of electrical or mechanical power in combination with steam, heat, or other forms of useful energy and, except for ownership, meets the criteria to be a qualifying cogeneration facility as defined in the federal Public Utility Regulatory Policies Act of 1978, 16 U.S.C. § 2601 et seq., and related federal regulations.

b. "New cogeneration facility" means any of the following:

(2) A cogeneration facility in service prior to January 1, 2009, that became subject to the replacement generation tax under section 437A.6 for the first time on or after January 1, 2009.

(2) An electric power generating plant that is owned by or leased to an electric company, electric cooperative, ~~or~~ municipal utility, or any other taxpayer, that initially generated electricity subject to replacement generation tax under section 437A.6 before January 1, 2003, and that is sold, leased, or transferred, in full or in part, on or after January 1, 2003. If any portion of an electric power generating plant is sold, the entire plant shall be treated as if it were a new electric power generating plant.

Sec. 4. Section 437A.5, subsection 1, paragraph c, unnumbered paragraph 3, Code 2009, is amended to read as follows:

If the new electric power generating plant is part of a cogeneration facility or new cogeneration facility, the natural gas delivery rate for that plant shall be the lesser of the natural gas delivery rate established in this paragraph “c” or the rate per therm of natural gas as in effect at the time of the initial natural gas deliveries to the plant for the natural gas competitive service area where the new electric power generating plant is located.

The director shall have sole discretion as to whether the erroneous payment will be refunded to the taxpayer or credited against any replacement tax due, or to become due, from the taxpayer that would be subject to deposit in the property tax relief fund.

Sec. 6. Section 437A.15, subsection 7, paragraph b, Code Supplement 2009, is amended to read as follows:

b. The task force shall study the effects of the replacement tax on local taxing authorities, local taxing districts, consumers, and taxpayers through January 1, ~~2010~~ 2013. Sec. 7. **NEW SECTION. 437A.16A New cogeneration facilities.**

1. a. Except as otherwise provided by this chapter, the property of a new cogeneration facility subject to replacement tax that is primarily and directly used in the production, generation, transmission, or delivery of electricity shall be exempt from taxation by means of applying a credit, as computed in this section, representing the value of this exempt property against the assessed value of the entire new cogeneration facility as determined by the local assessor under the provisions of chapters 427, 427A, 427B, 428, 441, and any other applicable abatement and exemption provisions under this Code.

b. Following the March 31 due date for the replacement tax return as required by section 437A.8, the director shall annually determine the assessed value of the new cogeneration facility exempt property by dividing the prior year's replacement tax liability attributable to that facility by the current fiscal year's consolidated taxing district rate for the taxing district where the facility is located, then multiplying the quotient by one thousand. The director shall certify this value to the local assessor on or before April 10 of the current calendar year. The assessor shall apply this certified value as a credit against the total assessed value of the facility. The allowable credit shall not exceed the total value of the new cogeneration facility as determined by the local assessor for the assessment year and any excess credits shall not be applied to any other assessment year.

c. A credit shall not be applied to a new cogeneration facility for the first year the facility becomes subject to the replacement tax if it first became subject to the replacement tax after January 1 of that year. For the first year in which the new cogeneration facility is subject to the replacement tax as of January 1 of that year, the taxpayer shall estimate the total replacement taxes due for that year and report that estimate to the director by March 31, and the director shall base the determination of assessed value from that estimate. If the estimate varies by more than five percent from the actual replacement tax liability for the year in which the facility was first subject to the replacement tax as of January 1, the director shall adjust the next year's assessed value calculation by increasing or decreasing the current replacement tax calculation to reflect the difference between the estimate and the actual replacement tax owed for the year in which the facility was first subject to replacement tax as of January 1.

2. The director shall classify each new cogeneration facility as a separate taxpayer for reporting purposes and shall allocate the entire replacement tax attributable to the new cogeneration facility to the local taxing district or districts where that facility is located. The assessed value of the exempt property of the new cogeneration facility shall be the basis for determining the statewide property tax imposed by section 437A.18.

3. Any cogeneration facility placed in service prior to January 1, 2009, that did not qualify as a self-generator under subsection 437A.3, subsection 27, as of January 1, 2009, shall be subject exclusively to the replacement tax.

Sec. 8. Section 437A.18, Code 2009, is amended to read as follows:

437A.18 Tax imposition.

An annual statewide property tax of three cents per one thousand dollars of assessed value is imposed upon all property described in ~~section~~ sections 437A.16 and 437A.16A on the assessment date of January 1.

Sec. 9. Section 437A.19, subsection 1, paragraph a, Code Supplement 2009, is amended by adding the following new subparagraph:

NEW SUBPARAGRAPH. (8) Any gas or transmission property at acquisition cost of more than one million dollars that was transferred or disposed of in the preceding calendar year by local taxing district.

Sec. 10. Section 437A.19, subsection 2, paragraph e, Code Supplement 2009, is amended to read as follows:

e. In addition to reporting the assessed values as described in this subsection, the director, on or before October 31 of each assessment year, shall also report to the department of management and to the auditor of each county the taxable value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this chapter, "taxable value" means the value for all property subject to the replacement tax annually determined by the director, by dividing the estimated annual replacement tax liability for that property by the ~~prior~~ current fiscal year's consolidated taxing district rate for the taxing district where that property is located, then multiplying the quotient by one thousand. A taxpayer who paid more than five hundred thousand dollars in replacement tax in the previous tax year or who believes ~~their~~ the taxpayer's replacement tax liability will vary more than ten percent from the previous tax year shall report to the director by October 1 of the current calendar year, on forms prescribed by the director, the estimated replacement tax liability that will be attributable to all of the taxpayer's property subject to replacement tax

for the current tax year. The department shall utilize the estimated replacement tax liability as reported by the taxpayer or the taxpayer's prior year's replacement tax amounts to estimate the current tax year's taxable value for that property. Furthermore, a taxpayer who has a new major addition of operating property which is put into service for the first time in the current calendar year shall report to the director by October 1 of the current calendar year, or at the time the major addition is put into service, whichever time is later, on forms prescribed by the director, the cost of the major addition and, if not previously reported, shall report the estimated replacement taxes which that asset will generate in the current calendar year. For the purposes of computing the taxable value of property in a taxing district, the taxing district's share of the estimated replacement tax liability shall be the taxing district's percentage share of the "assessed value allocated by property tax equivalent" multiplied by the total estimated replacement tax. "Assessed value allocated by property tax equivalent" shall be determined by dividing the taxpayer's current year assessed valuation in a taxing district by one thousand, and then multiplying by the prior year's consolidated tax rate.

Sec. 11. EFFECTIVE DATE AND RETROACTIVE APPLICABILITY. This Act, being deemed of immediate importance, takes effect upon enactment and applies retroactively to January 1, 2010, for tax years beginning on or after that date.

On or after July 1, 2012, all state agencies, and all school districts, community colleges, and institutions under the control of the state board of regents which have not opted out of compliance pursuant to paragraph “c”, shall purchase only cleaning and maintenance products identified by the department or that meet nationally recognized standards. School districts, community colleges, institutions under the control of the state board of regents, and state agencies procuring supplies for schools and state buildings may deplete their existing cleaning and maintenance supply stocks and implement the new requirements in the procurement cycle for the following year. This section shall not be interpreted in a manner that prohibits the use of disinfectants, disinfecting cleaners, sanitizers, or any other antimicrobial product regulated by the federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. § 136 et seq., when necessary to protect public health and provided that the use of these products is in accordance with responsible cleaning procedure requirements.

c. b. If the active duty of a parent affects the parent's ability or anticipated ability to appear at a regularly scheduled hearing, the court shall provide for an expedited hearing in matters instituted under this section.

c. If the active duty or anticipated active duty of a parent prevents the parent from appearing in person at a hearing, the court shall provide, upon reasonable advance notice, for the parent to present testimony and evidence by electronic means in matters instituted under this section. For the purposes of this paragraph, "electronic means" includes communication by telephone, video teleconference, or the internet.

Sec. 2. **NEW SECTION. 598.41D Assignment of visitation — parent serving active duty — family member.**

1. Notwithstanding any provision to the contrary, a parent who has been granted court-ordered visitation with the parent's minor child may file an application for modification of a decree or a petition for modification of an order regarding child visitation, prior to or during the time the parent is serving active duty in the military service of the United States, to temporarily assign that parent's visitation rights to a family member of the minor child, as specified by the parent. b. If the active duty or anticipated active duty of a parent prevents the parent from appearing in person at a hearing, the court shall provide, upon reasonable advance notice, for the parent to present testimony and evidence by electronic means in matters instituted under this section. For the purposes of this paragraph, "*electronic means*" includes communication by telephone, video teleconference or the internet.

3. *a.* The court may grant the parent's request for temporary assignment of visitation and any change in the visitation schedule requested if the court finds that such visitation is in the best interest of the child.

(2) That the specified family member does not have a history of domestic abuse, as defined in section 236.2. In determining whether a history of domestic abuse exists, the court's consideration shall include but is not limited to commencement of an action pursuant to section 236.3, the issuance of a protective order against the individual or the issuance of a court order or consent agreement pursuant to section 236.5, the issuance of an emergency order pursuant to section 236.6, the holding of an individual in contempt pursuant to section 664A.7, the response of a peace officer to the scene of alleged domestic abuse or the arrest of an individual following response to a report of alleged domestic abuse, or a conviction for domestic abuse assault pursuant to section 708.2A.

(3) That the specified family member does not have a record of founded child or dependent adult abuse.

(4) That the specified family member has an established relationship with the child and assigning visitation to the specified family member will provide the child the opportunity to maintain an ongoing family relationship that is important to the child.

(5) That the specified family member is able to personally and financially support the child during visitation.

4. An order granting assignment of visitation rights under this section does not create separate rights to visitation for a person other than the parent.

5. The parent whose visitation rights are temporarily assigned shall provide a copy of the order granting assignment of visitation to the school and school district of the child to whom the order applies.

6. An order granting temporary assignment of visitation rights pursuant to this section shall terminate upon notification of the court by the parent or automatically upon the parent's completion of active duty, whichever occurs first.

7. After a parent completes active duty, if an application for modification of a decree or a petition for modification of an order is filed, the parent's absence due to active duty or the assignment of visitation rights does not constitute a substantial change in circumstances, and the court shall not consider a parent's absence due to that active duty or the assignment of visitation rights in making a determination regarding the best interest of the child relative to such an application or petition filed after a parent completes active duty.

8. As used in this section, "*active duty*" means active military duty pursuant to orders issued under Tit. X of the United States Code. CHAPTER 1176

RATE-REGULATED PUBLIC UTILITIES AND NUCLEAR GENERATING FACILITIES

H.F. 2399

AN ACT requiring certain rate-regulated public utilities to undertake analyses of and preparation for the possible construction of low carbon emitting nuclear generating facilities in this state, permitting all rate-regulated public utilities to make significant alterations to an existing generating facility, and including effective date provisions.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. Section 476.6, Code Supplement 2009, is amended by adding the following new subsection:

NEW SUBSECTION. 22. *a.* It is the intent of the general assembly to require certain rate-regulated public utilities to undertake analyses of and preparations for the possible construction of nuclear generating facilities in this state that would be beneficial in a carbon-constrained environment.

b. A rate-regulated electric utility that was subject to a revenue sharing settlement agreement with regard to its electric base rates as of January 1, 2010, shall recover, through a rider and pursuant to a tariff filing made on or before December 31, 2013, the reasonable and prudent costs of its analyses of and preparations for the possible construction of facilities of the type referenced in paragraph “a”. Cost recovery shall be accomplished by instituting a revenue increase applied in the same percentage amount to each customer class and not designed to recover, on an annual basis, more than five-tenths percent of the electric utility’s calendar year 2009 revenues attributable to billed base rates in this state. At the conclusion of the cost recovery period, which shall extend no more than thirty-six months in total, the board shall conduct a contested case proceeding pursuant to chapter 17A to evaluate the reasonableness and prudence of the cost recovery. The utility shall file such information with the board as the board deems appropriate, including the filing of an annual report identifying and explaining expenditures identified in the rider as items for cost recovery, and any other information required by the board. If the board determines that the utility has imprudently incurred costs, or has incurred costs that are less than the amount recovered, the board shall order the utility to modify the rider to adjust the amount recoverable.

c. Costs that may be recovered through the rider described in paragraph “b” shall be consistent with the United States nuclear regulatory guide, section 4.7, general site suitability criteria for nuclear power stations, revision two, April 1998, including costs related to the study and use of sites for nuclear generation.

Sec. 2. Section 476.53, Code 2009, is amended to read as follows:

476.53 Electric generating and transmission facilities.

1. It is the intent of the general assembly to attract the development of electric power generating and transmission facilities within the state in sufficient quantity to ensure reliable electric service to Iowa consumers and provide economic benefits to the state. It is also the intent of the general assembly to encourage rate-regulated public utilities to consider altering existing electric generating facilities, where reasonable, to manage carbon emission intensity in order to facilitate the transition to a carbon-constrained environment.

2. a. The general assembly’s intent with regard to the development of electric power generating and transmission facilities, or the significant alteration of an existing generating

facility¹ as provided in subsection 1, shall be implemented in a manner that is cost-effective and compatible with the environmental policies of the state, as expressed in Title XI.

b. The general assembly's intent with regard to the reliability of electric service to Iowa consumers, as provided in subsection 1, shall be implemented by considering the diversity of the types of fuel used to generate electricity, the availability and reliability of fuel supplies, and the impact of the volatility of fuel costs.

~~3. For purposes of this section, unless the context otherwise requires, the terms "cogeneration pilot project facility", "energy sales agreement", "qualified cogeneration pilot project facility", and "utility-owned cogeneration pilot project facility" mean the same as defined in section 15.269.~~

~~4. 3. a.~~ The board shall specify in advance, by order issued after a contested case proceeding, the ratemaking principles that will apply when the costs of the electric power generating facility, or alternate energy production facility, ~~cogeneration pilot project facility, or energy sales agreement~~ are included in regulated electric rates whenever a rate-regulated public utility does any of the following:

(1) Files an application pursuant to section 476A.3 to construct in Iowa a baseload electric generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or an alternative energy production facility as defined in section 476.42, or to significantly alter an existing generating facility. For purposes of this subparagraph, a significant alteration of an existing generating facility must, in order to qualify for establishment of ratemaking principles, fall into one of the following categories:²

(a) Conversion of a coal fueled facility into a gas fueled facility.

(b) Addition of carbon capture and storage facilities at a coal fueled facility.

(c) Addition of gas fueled capability to a coal fueled facility, in order to convert the facility to one that will rely primarily on gas for future generation.

(d) Addition of a biomass fueled capability to a coal fueled facility.

With respect to a significant alteration of an existing generating facility, an original facility shall not be required to be either a baseload or a combined-cycle facility. Only the incremental investment undertaken by a utility under subparagraph divisions (a), (b), (c), or (d) shall be eligible to apply the ratemaking principles established by the order issued pursuant to paragraph "e". Facilities for which advanced ratemaking principles are obtained pursuant to this section shall not be subject to a subsequent board review pursuant to section 476.6, subsection 21 to the extent that the investment has been considered by the board under this section. To the extent an eligible utility has been authorized to make capital investments subject to section 476.6, subsection 21, such investments shall not be eligible for ratemaking principles pursuant to this section.

(2) Leases or owns in Iowa, in whole or in part, a new baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or a new alternate energy production facility as defined in section 476.42.

~~(3) Enters into an agreement for the purchase of the electric power output of a qualified cogeneration pilot project facility or constructs a utility-owned cogeneration pilot project facility pursuant to section 15.269.~~

b. In determining the applicable ratemaking principles, the board shall not be limited to traditional ratemaking principles or traditional cost recovery mechanisms. Among the principles and mechanisms the board may consider, the board has the authority to approve ratemaking principles proposed by a rate-regulated public utility that provide for reasonable restrictions upon the ability of the public utility to seek a general increase in electric rates under section 476.6 for at least three years after the generating facility begins providing service to Iowa customers.

c. In determining the applicable ratemaking principles, the board shall make the following findings:

¹ See chapter 1193, §55 herein

² See chapter 1193, §69, 80 herein

(1) The rate-regulated public utility has in effect a board-approved energy efficiency plan as required under section 476.6, subsection 16.

(2) The rate-regulated public utility has demonstrated to the board that the public utility has considered other sources for long-term electric supply and that the facility, ~~or lease, or cogeneration pilot project facility~~ is reasonable when compared to other feasible alternative sources of supply. The rate-regulated public utility may satisfy the requirements of this subparagraph through a competitive bidding process, under rules adopted by the board, that demonstrate the facility, ~~energy sales agreement, or lease~~ is a reasonable alternative to meet its electric supply needs.

d. The applicable ratemaking principles shall be determined in a contested case proceeding, which proceeding may be combined with the proceeding for issuance of a certificate conducted pursuant to chapter 476A.

e. The order setting forth the applicable ratemaking principles shall be issued prior to the commencement of construction or lease of the facility, ~~or execution of an energy sales agreement related to the cogeneration pilot project facility.~~

f. Following issuance of the order, the rate-regulated public utility shall have the option of proceeding according to either of the following:

(1) Withdrawing its application for a certificate pursuant to chapter 476A.

(2) Proceeding with the construction or lease of the facility ~~or implementation of an energy sales agreement related to a cogeneration pilot project facility.~~

g. Notwithstanding any provision of this chapter to the contrary, the ratemaking principles established by the order issued pursuant to paragraph "e" shall be binding with regard to the specific electric power generating facility ~~or cogeneration pilot project facility~~ in any subsequent rate proceeding.

5. ~~4.~~ The utilities board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and the consumer advocate deem necessary to perform required functions as provided in this section, including but not limited to review of power purchase contracts, review of emission plans and budgets, and review of ratemaking principles proposed for construction or lease of a new generating facility ~~or a cogeneration pilot project facility.~~ Beginning July 1, 2002, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board and the consumer advocate to hire additional staff and contract for services under this section. The costs of the additional staff and services shall be assessed to the utilities pursuant to the procedure in section 476.10 and section 475A.6.

6. ~~a.~~ A qualified cogeneration pilot project facility may file a petition with the board for a determination of the avoided cost of an electric utility as provided in the federal Public Utility Regulatory Policies Act of 1978 and related federal regulations, if such a determination has not been made within the last twenty-four months or if there is reason to believe the avoided cost has changed.

~~b.~~ The board shall issue its determination of the electric utility's avoided cost within one hundred twenty days after the petition is filed.

~~c.~~ The board, for good cause shown, may extend the deadline for issuing the decision for an additional period not to exceed one hundred twenty days.

~~d.~~ The board shall not issue a decision under this subsection without providing notice and an opportunity for hearing.

~~e.~~ The utilities board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and the consumer advocate deem necessary to perform required functions as provided in this subsection. There is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board and the consumer advocate to hire additional staff and contract for services under this section. The costs of the additional staff and services shall be assessed to the electric utility pursuant to the procedure in sections 476.10 and 475A.6.

Sec. 3. EFFECTIVE UPON ENACTMENT. This Act, being deemed of immediate importance, takes effect upon enactment.

CHESTER J. CULVER, *Governor*

Dear Mr. Secretary:

I hereby transmit Senate File 2389, an Act relating to and making, reducing, and transferring appropriations to state departments and agencies from the rebuild Iowa infrastructure fund, the technology reinvestment fund, the revenue bonds capitals fund, the revenue bonds capitals II fund, the FY 2009 prison bonding fund, and other funds, creating the Iowa jobs II program, and the revenue bonds federal subsidy holdback fund, providing for related matters, and providing an effective date. Senate File 2389 is approved on this date, with the exception noted below, which I hereby disapprove.

I am unable to approve paragraph 2 of section 49 of this bill in its entirety. This paragraph imposes certain time restrictions on the ability of the Department of Administrative Services (DAS) to relocate certain state agencies to space in the Mercy Capitol building. I am supportive of those sections of this bill that obligate DAS to undertake cost-benefit analyses before making certain agency relocation decisions, as presented under this section of the bill. However, if paragraph 2 of section 49 of this bill were to be implemented, taxpayer money would not be used in the most efficient manner possible, and certain administrative actions and expenses that had been undertaken prior to the passage of this bill would be unduly interfered with, resulting in the waste of taxpayer funds. For example, DAS has already expended funds and entered into agreements to purchase new telephones and to install new telephone lines into Mercy Capitol. A state agency that has already budgeted for its move to this building will save \$143,000 in annual rental payments, but would be prevented from doing so under this paragraph. The disapproval action I have described will allow DAS to save taxpayer money while prudently investing in Mercy Capitol and in the tenancies of state agencies that will reside there, on a cost-beneficial basis, in coming years.

For the above reasons, I respectfully disapprove the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in Senate File 2389 are hereby approved this date.

Sincerely,
CHESTER J. CULVER, Governor

If the trial is moved pursuant to this section, court personnel shall treat the case as if a change of venue occurred. However, if a trial is moved to an adjacent judicial district or judicial election district, the judicial officers serving in the judicial district or judicial election district receiving the case shall preside over the case.

Sec. 3. TRAVEL REIMBURSEMENT. Notwithstanding section 602.1509, for the fiscal year beginning July 1, 2010, a judicial officer may waive travel reimbursement for any travel outside the judicial officer's county of residence to conduct official judicial business.

CHESTER J. CULVER, *Governor*

Dear Mr. Secretary:

I hereby transmit Senate File 2367, an Act relating to and making appropriations to certain state departments, agencies, funds, and certain other entities, providing for regulatory authority, and other properly related matters, and including effective date and retroactive applicability provisions. Senate File 2367 is approved on this date, with the exception noted below, which I hereby disapprove.

I am unable to approve the item designated in Section 13, subsection 4, paragraph b of the bill in its entirety. This paragraph directs the Department of Inspections and Appeals to provide information to the public relating to inspections, operating costs, and FTE positions. I strongly encourage the Department to continue its efforts to provide greater transparency, however I disapprove this language because some of this data is already being collected and controlled by the federal government. Because the Department has already made much of this information, especially regarding inspections, part of the public record, the added expense that would be required to assemble and maintain the information to meet the legislative requirement is fiscally burdensome.

For the above reasons, I respectfully disapprove the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in Senate File 2367 are hereby approved this date.

Sincerely,
CHESTER J. CULVER, *Governor*

CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit Senate File 2378, an Act relating to and making appropriations to the justice system, modifying certain traffic offenses, fees and fines, and including effective

date provisions. Senate File 2378 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve the item designated as Section 4, subsection 5 of the bill in its entirety. This provisions calls for the Department of Corrections to eliminate the chief security officer position. The funding for this position has already been eliminated as a result of budget cuts and this language is unnecessary.

I am unable to approve the item designated as Section 5, subsection 6 of the bill in its entirety. This provision would require all Community Based Correctional (CBC) Facilities to accept offenders transferred from other judicial districts without consideration of evidence-based practices regarding supervisory status. I disapprove this language to assure that each CBC facility will maintain control of the types and numbers of offenders whom they serve in their respective residential programs.

I also am unable to approve the related section designated as Section 17 of the bill in its entirety. This section creates an effective-upon-enactment date for the item above (Section 4, subsection 5) related to the elimination the Department of Corrections chief security officer position.

I am also unable to approve the item designated as Section 18, subsection 3, lettered paragraph "ag" of the bill in its entirety. This language creates two different fines for violations of Iowa Code section 321.437 related to rear view mirrors and side view mirrors and conflicts with subsection 12, lettered paragraph "b" of the bill. This disapproval will correct the inconsistency immediately rather than waiting for the next legislative session to take corrective action.

For the above reasons, I respectfully disapprove the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in Senate File 2378 are hereby approved this date.

Sincerely,
CHESTER J. CULVER, *Governor*

CHESTER J. CULVER, *Governor*

Dear Mr. Secretary:

I hereby transmit House File 2525, an Act relating to and making appropriations involving state government, by providing for agriculture, natural resources, and environmental protection, and including effective and applicability date provisions. House File 2525 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve Section 13 of House File 2525 in its entirety. This section eliminates the positions of the Chief and Assistant Chief of the Law Enforcement Bureau of the Department of Natural Resources. I am disapproving this language because these two positions are critical to the Department's mission and public safety. Both of these positions are funded with Fish and Wildlife Trust Fund monies and elimination of these two positions will not save any General Fund dollars. Furthermore, Section 13 is an unnecessary infringement on Executive Branch authority.

I am also unable to approve Section 14 in its entirety. This section makes the elimination of the positions of Chief and Assistant Chief of the Law Enforcement Bureau of the Department of Natural Resources effective upon enactment of House File 2525. Since I am disapproving Section 13, which would have eliminated these two positions, this language in Section 14 is, therefore, unnecessary.

For the above reasons, I hereby respectfully disapprove the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 2525 are hereby approved this date.

Sincerely,
CHESTER J. CULVER, Governor

..... \$ 32,325,964

1. Of the funds appropriated in this section, \$30,956,537 shall be used for state child care assistance in accordance with section 237A.13. It is the intent of the general assembly to appropriate sufficient funding for the state child care assistance program for the fiscal year beginning July 1, 2010, in order to avoid establishment of waiting list requirements by the department in the preceding fiscal year in anticipation that enhanced funding under the federal American Recovery and Reinvestment Act of 2009 will not be replaced for the fiscal year beginning July 1, 2010.

2. Nothing in this section shall be construed or is intended as or shall imply a grant of entitlement for services to persons who are eligible for assistance due to an income level consistent with the waiting list requirements of section 237A.13. Projections shall be based on current and projected caseload growth, current and projected provider rates, staffing requirements for eligibility determination and management of program requirements including data systems management, staffing requirements for administration of the program, contractual and grant obligations and any transfers to other state agencies, and obligations for decategorization or innovation projects.

6. A portion of the state match for the federal child care and development block grant shall be provided as necessary to meet federal matching funds requirements through the state general fund appropriation made for child development grants and other programs for at-risk children in section 279.51.

7. If a uniform reduction ordered by the governor under section 8.31 or other operation of law, transfer, or federal funding reduction reduces the appropriation made in this section for the fiscal year, the percentage reduction in the amount paid out to or on behalf of the families participating in the state child care assistance program shall be equal to or less than the percentage reduction made for any other purpose payable from the appropriation made in this section and the federal funding relating to it. If there is an unanticipated increase in federal funding provided for state child care assistance, the entire amount of the increase shall be used for state child care assistance payments. If the appropriations made for purposes of the state child care assistance program for the fiscal year are determined to be insufficient, it is the intent of the general assembly to appropriate sufficient funding for the fiscal year in order to avoid establishment of waiting list requirements.

3. The department may transfer funds appropriated in this section as necessary to pay the nonfederal costs of services reimbursed under the medical assistance program, state child care assistance program, or the family investment program which are provided to children who would otherwise receive services paid under the appropriation in this section. The department may transfer funds appropriated in this section to the appropriations made in this division of this Act for general administration and for field operations for resources necessary to implement and operate the services funded in this section.

b. If at any time after September 30, 2010, annualization of a service area's current expenditures indicates a service area is at risk of exceeding its group foster care expenditure

target under section 232.143 by more than 5 percent, the department and juvenile court services shall examine all group foster care placements in that service area in order to identify those which might be appropriate for termination. In addition, any aftercare services believed to be needed for the children whose placements may be terminated shall be identified. 6. A portion of the funds appropriated in this section may be used for emergency family assistance to provide other resources required for a family participating in a family preservation or reunification project or successor project to stay together or to be reunified.

7. a. Notwithstanding section 234.35 or any other provision of law to the contrary, state funding for shelter care shall be limited to \$7,894,147. The department may continue or amend shelter care provider contracts to include the child welfare emergency services for children that were implemented pursuant to 2008 Iowa Acts, chapter 1187, section 16, subsection 7. An appropriate amount of the funds allocated in this subsection may be used for wraparound and emergency services to prevent the need for shelter care services, including such services for children who have an immediate need for shelter care services but are ineligible due to income, status, or other requirement. The funding shall be expended by providers in a manner that does not impinge upon the availability of beds for eligible children.

b. The chief juvenile court officer and the departmental service area manager shall encourage use of the funds allocated in this subsection such that there are sufficient funds to pay for all court-related services during the entire year. The chief juvenile court officers and departmental service area managers shall attempt to anticipate potential surpluses and shortfalls in the distribution amounts and shall cooperatively request the state court administrator or division administrator to transfer funds between the judicial districts’ or departmental service areas’ distribution amounts as prudent.

.....	\$	62,157,491
		<u>48,697,893</u>

~~2. The amount appropriated in this section shall be allocated as provided in a later enactment of the general assembly.~~

Sec. 48. 2009 Iowa Acts, chapter 179, section 1, as amended by this division of this Act, is amended by adding the following new subsections:

NEW SUBSECTION. 1. Of the amount appropriated in this section, \$12,000,000 shall be distributed as provided in this subsection.

a. To be eligible to receive a distribution under this subsection, a county must meet the following requirements:

(1) The county is levying for the maximum amount allowed for the county’s mental health, mental retardation, and developmental disabilities services fund under section 331.424A for taxes due and payable in the fiscal year beginning July 1, 2010, or the county is levying for at least 90 percent of the maximum amount allowed for the county’s services fund and that levy rate is more than \$2 per \$1,000 of the assessed value of all taxable property in the county.

(2) In the fiscal year beginning July 1, 2008, the county’s mental health, mental retardation, and developmental disabilities services fund ending balance under generally accepted accounting principles was equal to or less than 15 percent of the county’s actual gross expenditures for that fiscal year.

b. A county’s allocation of the amount appropriated in this subsection shall be determined based upon the county’s proportion of the general population of the counties eligible to receive an allocation under this subsection. The most recent population estimates issued by the United States bureau of the census shall be applied in determining population for the purposes of this paragraph.

c. The allocations made pursuant to this subsection are subject to the distribution provisions and withholding requirements established in this section for the county mental health, mental retardation, and developmental disabilities allowed growth factor adjustment for the fiscal year beginning July 1, 2010.

NEW SUBSECTION. 2. The following amount of the funding appropriated in this section is the allowed growth factor adjustment for fiscal year 2010-2011, and shall be credited to the

allowed growth funding pool created in the property tax relief fund and for distribution in accordance with section 426B.5, subsection 1:

..... \$ 36,551,143

NEW SUBSECTION. 3. The following formula amounts shall be utilized only to calculate preliminary distribution amounts for the allowed growth factor adjustment for fiscal year 2010-2011 under this section by applying the indicated formula provisions to the formula amounts and producing a preliminary distribution total for each county:

a. For calculation of a distribution amount for eligible counties from the allowed growth funding pool created in the property tax relief fund in accordance with the requirements in section 426B.5, subsection 1:

..... \$ 49,626,596

b. For calculation of a distribution amount for counties from the mental health and developmental disabilities (MH/DD) community services fund in accordance with the formula provided in the appropriation made for the MH/DD community services fund for the fiscal year beginning July 1, 2010:

..... \$ 14,187,556

NEW SUBSECTION. 4. a. After applying the applicable statutory distribution formulas to the amounts indicated in subsection 3 for purposes of producing preliminary distribution totals, the department of human services shall apply a withholding factor to adjust an eligible individual county’s preliminary distribution total. In order to be eligible for a distribution under this section, a county must be levying 90 percent or more of the maximum amount allowed for the county’s mental health, mental retardation, and developmental disabilities services fund under section 331.424A for taxes due and payable in the fiscal year for which the distribution is payable.

b. An ending balance percentage for each county shall be determined by expressing the county’s ending balance on a modified accrual basis under generally accepted accounting principles for the fiscal year beginning July 1, 2008, in the county’s mental health, mental retardation, and developmental disabilities services fund created under section 331.424A, as a percentage of the county’s gross expenditures from that fund for that fiscal year. If a county borrowed moneys for purposes of providing services from the county’s services fund on or before July 1, 2008, and the county’s services fund ending balance for that fiscal year includes the loan proceeds or an amount designated in the county budget to service the loan for the borrowed moneys, those amounts shall not be considered to be part of the county’s ending balance for purposes of calculating an ending balance percentage under this subsection.

c. For purposes of calculating withholding factors and for ending balance amounts used for other purposes under law, the county ending balances shall be adjusted, using forms developed for this purpose by the county finance committee, to disregard the temporary funding increase provided to the counties for the fiscal year through the federal American Recovery and Reinvestment Act of 2009, Pub. L. No. 111-5. In addition, a county may adjust the ending balance amount by rebating to the department all or a portion of the allowed growth and MH/DD services fund moneys the county received for the fiscal year beginning July 1, 2009, in accordance with 2008 Iowa Acts, chapter 1191, as amended by 2009 Iowa Acts, chapter 182, section 55, or from any other services fund moneys available to the county. The rebate must be remitted to the department on or before June 1, 2010, in order to be counted. The amount rebated by a county shall be subtracted dollar-for-dollar from the county’s ending balance amount for the fiscal year beginning July 1, 2008, for purposes of calculating the withholding factor and for other ending balance purposes for the fiscal year beginning July 1, 2010. The rebates received by the department shall be credited to the property tax relief fund and distributed as additional funding for the fiscal year beginning July 1, 2010, in accordance with the formula provisions in this section.

d. The withholding factor for a county shall be the following applicable percent:

(1) For an ending balance percentage of less than 5 percent, a withholding factor of 0 percent. In addition, a county that is subject to this lettered paragraph shall receive an inflation adjustment equal to 3 percent of the gross expenditures reported for the county’s services fund for the fiscal year.

(2) For an ending balance percentage of 5 percent or more but less than 10 percent, a withholding factor of 0 percent. In addition, a county that is subject to this lettered paragraph

shall receive an inflation adjustment equal to 2 percent of the gross expenditures reported for the county's services fund for the fiscal year.

(3) For an ending balance percentage of 10 percent or more but less than 25 percent, a withholding factor of 25 percent. However, for a county that is subject to this subparagraph, the amount withheld shall be limited to the amount by which the county's ending balance was in excess of the ending balance percentage of 10 percent.

(4) For an ending balance percentage of 25 percent or more, a withholding percentage of 100 percent.

NEW SUBSECTION. 5. The total withholding amounts applied pursuant to subsection 4 shall be equal to a withholding target amount of \$13,075,453. If the department of human services determines that the amount to be withheld in accordance with subsection 4 is not equal to the target withholding amount, the department shall adjust the withholding factors listed in subsection 4 as necessary to achieve the target withholding amount. For purposes of this lettered paragraph, evidence is substantial if it would be considered substantial evidence under the model state administrative procedures Act.

Each compacting state retains the right to determine the qualifications of the compact administrator or deputy compact administrator. Thereafter it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state. The governors of nonmember states or their designees shall be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of the compact by all states and territories of the United States.

c. The interstate commission may propose amendments to the compact for enactment by the compacting states. No amendment shall become effective and binding upon the interstate commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

11. *Article XI — Withdrawal, default, termination, and judicial enforcement.*

a. *Withdrawal.*

(1) Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided that a compacting state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

(2) The effective date of withdrawal is the effective date of the repeal.

(3) The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination.

(4) Within sixty days of the effective date of termination of a defaulting state, the commission shall notify the governor, the chief justice or chief judicial officer, the majority and minority leaders of the defaulting state's legislature, and the state council of such termination.

c. Judicial enforcement. The interstate commission may, by majority vote of the members, initiate legal action in the United States district court for the District of Columbia or, at the discretion of the interstate commission, in the federal district where the interstate commission has its offices, to enforce compliance with the provisions of the compact, its

d. Dissolution of compact.

(1) The compact dissolves effective upon the date of the withdrawal or default of the compacting state, which reduces membership in the compact to one compacting state.

(2) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be concluded and any surplus funds shall be distributed in accordance with the bylaws.

12. Article XII — Severability and construction.

a. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

CHESTER J. CULVER, *Governor*

Dear Mr. Secretary:

I hereby transmit House File 2526, an Act relating to and making appropriations for health and human services and including other related provisions and appropriations, and providing effective, retroactive, and applicability date provisions. House File 2526 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve the item designated as Section 72 of the bill in its entirety. This provision deals with food establishment inspections and contracting with a municipal corporation to fulfill the department's regulatory and inspection statutory responsibilities. I disapprove this language because it takes away the department's discretion to maximize staff and resources, and to enter into contracts based upon efficient government, which is especially important during these difficult economic times.

I am unable to approve the item designated as Section 80 of the bill in its entirety. This provision permits unexpended decategorization funding to carry forward for two succeeding fiscal years beyond the current fiscal year. Given the difficult economic times, the additional time to expend these funds is not prudent and should not be allowed. Other than capital expenditures, a two-year carry forward is not commonly allowed in Iowa law. Furthermore, this does not conform to reasonable government accounting practices.

For the above reasons, I hereby respectfully disapprove the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 2526 are hereby approved this date.

Sincerely,
CHESTER J. CULVER, *Governor*

2. The court shall consider a fit parent's objections to granting visitation under this section. A rebuttable presumption arises that a fit parent's decision to deny visitation to a grandparent or great-grandparent is in the best interest of a minor child.

3. The court may grant visitation to the grandparent or great-grandparent under this section if the court finds all of the following by clear and convincing evidence:

a. It is in the best interest of the child to grant such visitation.

b. The grandparent or great-grandparent has established a substantial relationship with the child prior to the filing of the petition.

c. That the presumption that the parent who is being asked to temporarily relinquish care, custody, and control of the child to provide visitation is fit to make the decision regarding visitation is overcome by demonstrating one of the following:

(1) The parent is unfit to make such decision.

(2) The parent's judgment has been impaired and the relative benefit to the child of granting visitation greatly outweighs any effect on the parent-child relationship. Impaired judgment of a parent may be evidenced by any of, but not limited to, the following:

(a) Neglect of the child.

(b) Abuse of the child.

(c) Violence toward the child.

(d) Indifference or absence of feeling toward the child.

(e) Demonstrated unwillingness and inability to promote the emotional and physical well-being of the child.

(f) Drug abuse.

4. In determining the best interest of the child, the court shall consider all of the following:

a. The prior interaction and interrelationships of the child with the child's parents, siblings, and other persons related by consanguinity or affinity, compared to the child's relationship with the grandparent or great-grandparent.

b. The geographical location of the grandparent's or great-grandparent's residence and the distance between the grandparent's or great-grandparent's residence and the child's residence.

c. The child's and parent's available time, including but not limited to the parent's employment schedule, the child's school schedule, the amount of time that will be available for the child to spend with siblings, and the child's and the parent's holiday and vacation schedules.

d. The age of the child.

e. If the court has interviewed the child in chambers as provided in this section regarding the wishes and concerns of the child as to visitation by the grandparent or great-grandparent or as to a specific visitation schedule, the wishes and concerns of the child, as expressed to the court.

- f. The health and safety of the child.
- g. The mental and physical health of all parties.

h. Whether the grandparent or great-grandparent previously has been convicted of or pleaded guilty to any criminal offense involving any act that resulted in a child being an abused child or a neglected child; whether the grandparent or great-grandparent previously has been convicted of or pleaded guilty to a crime involving a victim who at the time of the commission of the offense was a member of the family or household that is the subject of the current proceeding; and whether there is reason to believe that the grandparent or great-grandparent has acted in a manner resulting in a child having ever been found to be an abused child or a neglected child.

- i. The wishes and concerns of the child's parent, as expressed by the parent to the court.
- j. Any other factor in the best interest of the child.

5. For the purposes of this subsection "*substantial relationship*" includes but is not limited to any of the following:

- a. The child has lived with the grandparent or great-grandparent for at least six months.

b. The grandparent or great-grandparent has voluntarily and in good faith supported the child financially in whole or in part for a period of not less than six months.

c. The grandparent or great-grandparent has had frequent visitation including occasional overnight visitation with the child for a period of not less than one year.

6. If the court interviews any child concerning the child's wishes and concerns regarding parenting time or visitation, the interview shall be conducted in chambers, and only the child, the child's attorney, the judge, any necessary court personnel, and, in the judge's discretion, the attorney of the parent shall be permitted to be present in the chambers during the interview. A person shall not obtain or attempt to obtain from a child a written or recorded statement or affidavit setting forth the wishes and concerns of the child regarding parenting time or visitation.

7. For the purposes of this section, "*court*" means the district court or the juvenile court if that court currently has jurisdiction over the child in a pending action. If an action is not pending, the district court has jurisdiction.

8. Notwithstanding any provision of this chapter to the contrary, venue for any action to establish, enforce, or modify visitation under this section shall be in the county where the child resides if no final custody order determination relating to the grandchild or great-grandchild has been entered by any other court. If a final custody order has been entered by any other court, venue shall be located exclusively in the county where the most recent final custody order was entered. If any other custodial proceeding is pending when an action to establish, enforce, or modify visitation under this section is filed, venue shall be located exclusively in the county where the pending custodial proceeding was filed.

9. Notice of any proceeding to establish, enforce, or modify visitation under this section shall be personally served upon the parent of the child whose interests are affected by a proceeding brought pursuant to this section and all grandparents or great-grandparents who have previously obtained a final order or commenced a proceeding under this section.

10. The court shall not enter any temporary order to establish, enforce, or modify visitation under this section.

11. An action brought under this section is subject to chapter 598B, and in an action brought to establish, enforce, or modify visitation under this section, each party shall submit in its first pleading or in an attached affidavit all information required by section 598B.209.

12. A grandparent or great-grandparent shall not petition for visitation under this section more than once every two years absent a showing of good cause.

13. The court shall not issue an order restricting the movement of the child if such restriction is solely for the purpose of allowing the grandparent or great-grandparent the opportunity to exercise the grandparent's or great-grandparent's visitation under this section.

7. The board may contract with the authority treasurer of state for the authority treasurer of state to issue bonds and do all things necessary with respect to the purposes of the fund, as set out in the contract between the board and the authority treasurer of state. The board may delegate to the authority treasurer of state and the authority treasurer of state shall then have all of the powers of the board which are necessary to issue and secure bonds and carry out the purposes of the fund, to the extent provided in the contract between the board and the authority treasurer of state. The authority treasurer of state may issue the authority’s treasurer of state’s bonds in principal amounts which, in the opinion of the board, are necessary to provide sufficient funds for the fund, the payment of interest on the bonds, the establishment of reserves to secure the bonds, the costs of issuance of the bonds, other expenditures of the authority treasurer of state incident to and necessary or convenient to carry out the bond issue for the fund, and all other expenditures of the board necessary or convenient to administer the fund. The bonds are investment securities and negotiable instruments within the meaning of and for purposes of the uniform commercial code, chapter 554.

8. Bonds issued under this section are payable solely and only out of the moneys, assets, or revenues of the fund, all of which may be deposited with trustees or depositories in accordance with bond or security documents and pledged by the board to the payment thereof, and are not an indebtedness of this state ~~or the authority~~, or a charge against the general credit or general fund of the state ~~or the authority~~, and the state shall not be liable for any financial undertakings with respect to the fund. Bonds issued under this chapter shall contain on their face a statement that the bonds do not constitute an indebtedness of the state ~~or the authority~~.

9. The proceeds of bonds issued by the authority treasurer of state and not required for immediate disbursement may be deposited with a trustee or depository as provided in the bond documents and invested in any investment approved by the authority treasurer of state and specified in the trust indenture, resolution, or other instrument pursuant to which the bonds are issued without regard to any limitation otherwise provided by law.

Sec. 189. Section 455G.6, subsection 10, paragraph b, Code Supplement 2009, is amended to read as follows:

b. Negotiable instruments under the laws of the state and may be sold at prices, at public or private sale, and in a manner, as prescribed by the authority treasurer of state. Chapters 73A, 74, 74A and 75 do not apply to their sale or issuance of the bonds.

Sec. 190. Section 455G.6, subsection 12, Code Supplement 2009, is amended to read as follows:

12. Bonds must be authorized by a trust indenture, resolution, or other instrument of the authority treasurer of state, approved by the board. However, a trust indenture, resolution, or other instrument authorizing the issuance of bonds may delegate to an officer of the issuer the power to negotiate and fix the details of an issue of bonds.

Sec. 191. Section 455G.7, Code Supplement 2009, is amended to read as follows:

455G.7 Security for bonds — capital reserve fund — irrevocable contracts.

1. a. For the purpose of securing one or more issues of bonds for the fund, the authority treasurer of state, with the approval of the board, may authorize the establishment of one or more special funds, called “*capital reserve funds*”. The authority treasurer of state may pay into the capital reserve funds the proceeds of the sale of its bonds and other money which may be made available to the authority treasurer of state from other sources for the purposes of the capital reserve funds. Except as provided in this section, money in a capital reserve fund shall be used only as required for any of the following:

~~a.~~ (1) The payment of the principal of and interest on bonds or of the sinking fund payments with respect to those bonds.

~~b.~~ (2) The purchase or redemption of the bonds.

~~c.~~ (3) The payment of a redemption premium required to be paid when the bonds are redeemed before maturity.

b. However, money in a capital reserve fund shall not be withdrawn if the withdrawal would reduce the amount in the capital reserve fund to less than the capital reserve fund requirement, except for the purpose of making payment, when due, of principal, interest, redemption premiums on the bonds, and making sinking fund payments when other money pledged to the payment of the bonds is not available for the payments. Income or interest earned by, or increment to, a capital reserve fund from the investment of all or part of the capital reserve fund may be transferred by the authority treasurer of state to other accounts of the fund if the transfer does not reduce the amount of the capital reserve fund below the capital reserve fund requirement.

2. If the authority treasurer of state decides to issue bonds secured by a capital reserve fund, the bonds shall not be issued if the amount in the capital reserve fund is less than the capital reserve fund requirement, unless at the time of issuance of the bonds the authority treasurer of state deposits in the capital reserve fund from the proceeds of the bonds to be issued or from other sources, an amount which, together with the amount then in the capital reserve fund, is not less than the capital reserve fund requirement.

3. In computing the amount of a capital reserve fund for the purpose of this section, securities in which all or a portion of the capital reserve fund is invested shall be valued by a reasonable method established by the authority treasurer of state. Valuation shall include the amount of interest earned or accrued as of the date of valuation.

4. In this section, “*capital reserve fund requirement*” means the amount required to be on deposit in the capital reserve fund as of the date of computation.

5. To assure maintenance of the capital reserve funds, the authority treasurer of state shall, on or before July 1 of each calendar year, make and deliver to the governor the authority’s treasurer of state’s certificate stating the sum, if any, required to restore each capital reserve fund to the capital reserve fund requirement for that fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including the sum, if any, required to restore each capital reserve fund to the capital reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to

the ~~authority treasurer of state~~ pursuant to this section shall be deposited in the applicable capital reserve fund.

6. All amounts paid by the state pursuant to this section shall be considered advances by the state and, subject to the rights of the holders of any bonds of the ~~authority treasurer of state~~ that have previously been issued or will be issued, shall be repaid to the state without interest from all available revenues of the fund in excess of amounts required for the payment of bonds of the ~~authority treasurer of state~~, the capital reserve fund, and operating expenses.

7. If any amount deposited in a capital reserve fund is withdrawn for payment of principal, premium, or interest on the bonds or sinking fund payments with respect to bonds thus reducing the amount of that fund to less than the capital reserve fund requirement, the ~~authority treasurer of state~~ shall immediately notify the governor and the general assembly of this event and shall take steps to restore the capital reserve fund to the capital reserve fund requirement for that fund from any amounts designated as being available for such purpose.

Sec. 192. Section 455G.8, subsection 2, Code 2009, is amended to read as follows:

2. *Statutory allocations fund.* The moneys credited from the statutory allocations fund under section 321.145, subsection 2, paragraph “a”, shall be allocated, consistent with this chapter, among the fund’s accounts, for debt service and other fund expenses, according to the fund budget, resolution, trust agreement, or other instrument prepared or entered into by the board or ~~authority treasurer of state~~ under direction of the board.

Sec. 193. REPEAL. Section 16.151, Code 2009, is repealed.

Sec. 194. REPEAL. 1989 Iowa Acts, chapter 131, section 63, as amended by 2009 Iowa Acts, chapter 184, section 39, is repealed.

Sec. 195. EFFECTIVE UPON ENACTMENT. This division of this Act, being deemed of immediate importance, takes effect upon enactment.

DIVISION XVII UNEMPLOYMENT INSURANCE BENEFITS

Sec. 196. CASH RESERVE APPROPRIATION — UNEMPLOYMENT TRUST FUND ACCOUNT.

1. On or before August 15, 2010, following the computation date required pursuant to section 96.7, subsection 2, paragraph “d”, subparagraph (1), unnumbered paragraph 1, as amended by this Act, and upon the approval of the director of the department of management, there is appropriated from the cash reserve fund created in section 8.56 to the unemployment trust fund account of the unemployment compensation fund for the fiscal year beginning July 1, 2010, and ending June 30, 2011, up to \$20 million. This loan is contingent upon being necessary to reach contribution rate table 3 rather than contribution rate table 2 for calendar year 2011. Any moneys appropriated pursuant to this subsection shall be considered a loan for the payment of unemployment insurance benefits and the repayment of such moneys to the cash reserve fund shall occur pursuant to subsection 2. If the amount necessary to prevent table 2 from being applied is more than \$20 million, this section is repealed. Section 8.56, subsections 3 and 4, shall not apply to the appropriation in this section.

2. Following the fiscal year beginning July 1, 2010, and ending June 30, 2011, the department of workforce development, in coordination with the department of management, shall develop a plan for the transfer of an amount equal to the amount appropriated pursuant to subsection 1 from the unemployment trust fund account of the unemployment compensation fund to the cash reserve fund without adversely impacting the solvency of the unemployment trust fund account.

3. By December 1, 2011, the director of the department of workforce development shall submit to the general assembly, with the report required under section 96.35, the director’s recommendations regarding the transfer of moneys as required under subsection 2.

Sec. 197. Section 96.7, subsection 2, paragraph d, subparagraph (1), unnumbered paragraph 1, Code Supplement 2009, is amended to read as follows:

The current reserve fund ratio is computed by dividing the total funds available for payment of benefits, on the computation date or on August 15 following the computation date if the total funds available for payment of benefits is a higher amount on August 15, by the total wages paid in covered employment excluding reimbursable employment wages during the first four calendar quarters of the five calendar quarters immediately preceding the computation date. However, in computing the current reserve fund ratio the following amounts shall be added to the total funds available for payment of benefits on the following computation dates:

6. The department shall utilize up to seven million three hundred thousand dollars in certified public expenditures at the university of Iowa hospitals and clinics to maximize the availability of state funding to provide necessary access to both primary and specialty physician care to expansion population members. DIVISION XX
WAIVER OF PENALTIES AND INTEREST

Sec. 211. WAIVER OF PENALTIES AND INTEREST — DISASTER-RELATED LOSSES — REFUNDS.

1. Notwithstanding sections 421.8, 421.27, and 422.25, if a taxpayer has filed a return for tax year 2008 relying in good faith on the expectation that the state of Iowa would conform to the federal treatment of disaster-related casualty losses under section 165(h) of the Internal Revenue Code, as modified by the Heartland Disaster Relief Act of 2008, Pub. L. No. 110-343, in computing net income for state tax purposes, the director of revenue shall, for any taxpayer amending the return in the time permitted by statute, waive any penalty or interest due as a result of either a failure to timely pay the tax due or the filing of a defective or incorrect return.

2. If, prior to the effective date of this division of this Act, a taxpayer paid penalties or interest as a result of a good-faith reliance on the state conforming to section 165(h) of the Internal Revenue Code, the department of revenue shall refund such penalties and interest to the taxpayer.

Sec. 212. EFFECTIVE UPON ENACTMENT AND RETROACTIVE APPLICABILITY. This division of this Act, being deemed of immediate importance, takes effect upon enactment and applies retroactively to January 1, 2008, for tax years beginning on or after that date and before January 1, 2009.

Approved April 29, 2010, with exceptions noted.

CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit House File 2531, an Act relating to state and local finances by providing for funding of property tax credits and reimbursements, by making, increasing, and reducing appropriations, providing for salaries and compensation of state employees, providing for matters relating to tax credits, providing for fees and penalties, and providing for properly related matters, and including effective date and retroactive applicability provisions. House File 2531 is approved on this date, with the exceptions noted below, which I hereby disapprove.

¹⁰⁹ Chapter 1135 herein
¹¹⁰ Chapter 1192 herein
¹¹¹ Chapter 1135 herein

I am unable to approve Section 106 of this bill in its entirety. This section requires the Office of Energy Independence to collect and report data on all grants and loans provided under the Iowa Power Fund. I am disapproving this language because it is unnecessary and duplicative. The Office of Energy Independence already collects and provides information about the effectiveness of the Power Fund, which is helping our state become more energy independent and creating jobs.

I am unable to approve Section 112, subsection 3, paragraph a, of this bill in its entirety. Current law requires pharmacy technicians to obtain national certification by July 1, 2010. In addition, current law provides that new technicians who register beginning July 1, 2009, are to be granted one year from the date of their registrations with the Iowa Board of Pharmacy to show proof of having obtained national certification. This one year period is critical because new registrants use this time to obtain on-the-job experience working with licensed pharmacists, which enhances the technicians' readiness to take the national certification examination. This provision eliminates the one year period until December 31, 2012; this means technicians who have registered since July 1, 2009 now must show proof of having obtained national certification by July 1, 2010, but no longer have the year to prepare for the national certification examination. This will likely affect up to 600 individuals. In addition, new pharmacy technicians would now need to be nationally certified prior to even registering with the board, which will likely affect up to 1,000 new technicians per year.

For the above reasons, I hereby respectfully disapprove the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 2531 are hereby approved this date.

Sincerely,
CHESTER J. CULVER, *Governor*
