FOREWORD

The purpose of this Community Services Directory is to give our applicants an indication of the employment-related services in the Iowa Quad Cities. Those Illinois-based organizations which are listed also serve Iowa residents. We hope that the use of this handbook will enable our applicants to use the services supplied by other agencies and organizations in addition to those provided by Job Service of Iowa.

This Directory has two sections: Part I classes available services under headings and sub-headings. Every organization is listed under each type of service it performs.

Part II contains an alphabetical listing of organizations and gives the name, address and telephone number of the agency in addition to a brief description of its services, where necessary.

Although most of the services listed in this Directory are non-profit, we suggest that persons who wish to use these agencies inquire as to the existence of any fees.

We wish to thank all the persons who have supplied the data for this Directory. Any comments or suggestions for future improvement would be appreciated.

Please direct questions or comments to:
