SALARY TABULATION

The schools listed in the directory are divided into thirteen groups according to the population or the type of the school organization, as indicated in Table I. Within each group the teaching staff is divided into eleven positions, as follows:

- Superintendent
- High school principal
- Junior high school principals
- Elementary principals
- Supervisors of special subjects
- High school classroom teachers, men
- High school classroom teachers, women
- Junior high school classroom teachers, men
- Junior high school classroom teachers,
 women
- Elementary classroom teachers, grades 1 to
 9 inclusive
- Classroom teachers of special subjects

In each group the first and third quartile and median salaries in each position in the group are shown, with the number of individuals in the position.

Median

The median salary shown for each position within a group means that one-half the individuals in that position receive an annual salary below the median and one-half an annual salary above the median.

First Quartile

The first quartile means that one-fourth of the individuals in that position receive an annual salary below the first quartile, and three-fourths of them an annual salary above the first quartile.

Third Quartile

The third quartile means that one-fourth of the individuals in that position receive an annual salary above the third quartile, and three-fourths of them an annual salary below the third quartile.

Range

One-half of the individuals in each position receive an annual salary that is between the first and third quartile salaries in that position.

Rural Schools

Table XVI shows the number of one-room rural schools with their median and first and third quartile salaries.

Whenever an asterisk (*) appears it indicates the medians and quartiles for the group were not computed, due to the small number of cases.

TABLE I
GROUPING OF SCHOOL SYSTEMS

Code No.	Population Groups	No. of Schools Included
1A	First class cities, population 100,000 and over.....	1
1B	First class cities, population 30,000—99,999.....	7
