## SCHOOLS

Alphabetical list of 936 schools

**Bold face type** indicates the name of the school, also the post office address, unless the P O address is shown differently.

33-35 The high school approval statements indicate the number of grades of high school for which the school was approved for tuition purposes last year, the year ending June 30, 1934.

34-35 Where an arabic number follows the name of a superintendent or teacher it indicates the years employed in that school system previous to this year, but not necessarily in the particular position in which now employed.

Refer to the two preceding pages for the definition of abbreviations used.

### SALARY TABULATION

The schools listed in the directory are divided into thirteen groups according to the population or the type of the school organization as indicated in Table 1. Within each group the teaching staff is divided into eleven positions as follows:

Superintendents  
 High school principals  
 Junior high school principals  
 Elementary principals  
 Supervisors of special subjects  
 High school classroom teachers, men  
 High school classroom teachers, women  
 Junior high school classroom teachers, men  
 Junior high school classroom teachers, women  
 Elementary classroom teachers, kindergarten to eighth grade inclusive  
 Classroom teachers of special subjects

In the following tables the data given for each population group include the number of individuals occupying each type of position, the median salary in each position, also the first quartile and third quartile for the distribution of salaries for that position.

### Interpretation of Terms Used

1. Median—if all the salaries for a position were ranked from lowest to highest, the middle figure would be the median. One-half of the salaries are above the median and one-half are below.
2. First quartile—one-fourth of those occupying the position receive a salary below this figure.
3. Third quartile—one-fourth of those occupying the position receive a salary above this figure.
4. It will be readily seen that one-half of those occupying the position receive a salary between the first and third quartiles.
5. Wherever an asterisk (\*) appears, it indicates that the median and quartiles for this position were not computed.

### Other Positions

Teachers in schools not listed in this directory are included in Table XVI. Junior college salaries are reported in Table XVII, followed by a summary of salaries of county superintendents.

TABLE XVI

**Teachers in Schools Not Maintaining Work  
Above the Eighth Grade**

Position	No. of Indi- viduals	Me- dian	First Quar- tile	Third Quar- tile
Graded elementary schools -----	121	\$553	\$463	\$680
Ungraded rural schools -----	9339	465	411	498

The first line of Table XVI refers to teachers in graded elementary schools which are not listed in the Iowa Educational Directory. The median annual salary of the 121 teachers in this group is \$553 and one-half of them receive between \$463 and \$680. County superintendents reported a total of 9339 teachers in the ungraded rural schools. Their median annual salary is \$465 and one-half of them receive between \$411 and \$498.

TABLE XVII

**Junior College Deans and Teachers**

Position	No. of Indi- viduals	Me- dian	First Quar- tile	Third Quar- tile
Deans -----	27	\$1850	\$1635	\$2081
Teachers -----	168	1408	1236	1635

Since in most schools having public junior colleges some teachers divide their time between junior college and high school, there are a number of individuals who are represented in these two groups who may also appear in the other data. That is, in some school systems the superintendent or principal of the high school also acts as dean of the junior college, and several teach in both junior college and high school.

**County Superintendents**

The median annual salary of the county superintendents is \$1697; 45 receive the minimum salary of \$1600 and the third quartile is \$1871.
