Introduction

October, 1980

The *Iowa Educational Directory* a guide to Iowa's schools, is compiled from information submitted to the Department of Public Instruction (DPI) by school superintendents. Material for the 1980-81 edition was verified in August 1980.

The *Directory* includes names, street addresses, zip codes, and telephone numbers of each school; code numbers for each district and individual school; total estimated enrollment for each district and grade-span for each school; and names of chief administrators. Academic degrees are not shown.

Detailed current listings of teachers and schools are available at actual cost. For information, write: Data Services Coordinator, Management Information Division, DPI, Grimes State Office Building, Des Moines, 50319.

Your comments and suggestions regarding the *Directory* or other DPI publications are welcome. Direct your inquiries to Chief, Publications Section, DPI, Grimes State Office Building, Des Moines, Iowa 50319.

ROBERT D. BENTON
State Superintendent of Public Instruction

The *Iowa Educational Directory* is distributed as provided in Sections 17.23 and 17.27, **Code of Iowa**. Each Iowa school district is entitled to a single copy of the *Directory* without charge. Additional copies may be purchased for \$2.00 each. Orders submitted on school district stationary accompanied by an official purchase order are exempt from sales tax; individuals and business must pay three percent sales tax.

Orders should be addressed to *Educational Directory*, Publications Section, DPI, Grimes State Office Building, Des Moines, Iowa 50319 or call (515)281-3038.

Area Education Agencies

Merged Area Schools

Area Education Agencies

Iowa has 15 Area Education Agencies (AEAs). The AEAs function as the intermediate units between the DPI, school districts, and local schools.

The code number assigned to each AEA by the DPI appears opposite the agency name and address. The first two digits are the county number; they indicate where the administrative office is

located. The following seven digits indicate administrative or attendance centers. The last three digits indicate either a special education school operated by the AEA or an administrative service center in a location other than the central office.

The number at the extreme right opposite the name of each administrator indicates the total years the administrator has held that position.

Merged Area Schools

There are 15 merged areas numbered from I through XVI; however, there is no merged area VIII, which was never organized. These counties are included in adjacent merged areas.

The names of schools, major campuses, and attendance centers within each merged area are given below.

The code number assigned by the DPI appears opposite the area school and address. The first two digits of the code indicate

the county in which the school's administrative office is located. The next four digits identify the area school. The last three digits identify a site operating as a component unit of the area school. If the last three digits are 000, they identify the administrative office of the area school.

The number at the extreme right opposite the name of each administrator indicates the total years of experience in that position.

Public School Districts

(Community, Consolidated, and Independent Districts
Maintaining Four-year High Schools)

Iowa has 443 public school districts.

The code number assigned by the DPI to each district and school appears opposite the district's or school name and address. The first two digits are the county number; they indicate where the administrative office is located. The next four digits identify the school district. The last three digits identify the building. If the last

three digits read 000, they identify the administrative office of the district.

The number at the extreme right opposite the name of each administrator indicates the total years the administrator has held the position.

Public Districts and Nonpublic Schools by AEA

Iowa has 15 Area Education Agencies (AEAs). The AEAs function as the intermediate units between the DPI, public school districts, and local schools.

The code number assigned to each school by the DPI appears

opposite the name of the school or district. The first two digits are the county number. The next four digits identify the public school district. For nonpublic schools the last four digits identify the building.

Nonapproved Schools

Private elementary and secondary schools which have failed to offer a program of instruction in compliance with Iowa State Education Standards (Section 257.25, *Code of Iowa*) or which have chosen not to seek approval by the DPI are designated as nonapproved schools.

The code number assigned by the DPI to each school appears opposite the school name and address. The first two digits are the county number. The next four digits identify the school district. The last four digits identify the building.

Nonapproved schools in Iowa are:

District Name Changes

Iowa has 443 public school districts. At the turn of the century, there were 4,873 local districts. It was the intention of the Consolidated School Law of 1906 that a statewide pattern of consolidation be realized, but the movement was very slow in developing. By 1910, only 10 consolidated districts had been created.

In 1922 there were 4,839 legally organized districts, and, in 1953, 4,558 were still in existence. In that year legislation specified that it be "the policy of the state to encourage the reorganization of school districts into such units as are necessary, economical and efficient and which will insure an equal educational opportunity to all children in the state."

The final phase of the community school movement came in 1965, when the 61st General Assembly passed legislation requiring all areas of the state to become part of a legally constituted school district maintaining a high school by July 1, 1966.

Following are the names of closed or reorganized Iowa districts. The name in parentheses is the current district name, which may be found in the alphabetical listing of public districts.

Teacher Certification and Approval

Every administrator, supervisor, or teacher employed in a public school is required to hold a certificate valid for the type of position in which he/she is employed. Each teacher of pupils of compulsory school age who works in a private school is required to hold a certificate.

Each teacher employed in an approved high school district, in addition to holding the appropriate type of certificate, must be assigned to teach subjects and give services in accordance with the approval standards of the DPI.

For information concerning certificates and approval statements, address the Division of Teacher Education and Certification, DPI, Grimes State Office Building, Des Moines, Iowa 50319.
