IOWA TEACHER LICENSURE REQUIREMENTS

Every practitioner employed in a public school is required to hold a license valid for the type of position in which he/she is employed. Each teacher of pupils of compulsory school age who works in a private school is required to hold a license.

Each teacher employed in a school district, in addition to holding the appropriate type of license, must be assigned to teach subjects and give services in accordance with the standards of the Board of Educational Examiners.

For information concerning licenses and endorsements, address the Bureau of Practitioner Preparation and Licensure, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319

AUTOMATED EDUCATOR LICENSE INFORMATION LINE

The Board of Educational Examiners and the Department of Education now offer an "educator license information line". This service is designed to assist educators in obtaining information about the status of their licenses and endorsements. The information available from the "INFOLINE" includes all endorsements and licenses; the information comes directly from the licensing file. This "line" also includes information on endorsements, approvals and certificates issued prior to October 1, 1988.

You may use this line to request various applications and related rules and processes. However, this line **will not** provide access to the licensing staff. You may contact the staff between noon and 4 p.m. Monday through Friday at 515/281-3245. Following are the instructions for using the line:

Please dial: 515-281-6792 (local)
1-800-778-7856 (state and nationwide)

MENU OPTIONS:

Current Status - press 1 (see below)

Ordering renewal forms - press 2 (transfers you to the line to leave name and address to get instructions and application for renewal)

Information about adding endorsements to existing license - press 3 (transfers you to the line to leave name and address to get instructions and application for adding endorsements)

Application for coaching endorsement - press 4 (transfers you to the line to leave name and address to get instructions and application for coaching endorsement or authorization)

Area Education Agencies

AREA EDUCATION AGENCIES

Iowa has 15 Area Education Agencies (AEA)s. The AEAs function as the intermediate units among the Department of Education, school districts, and local schools. The code numbers assigned to each AEA by the Department of Education appear opposite the agency name and address. The first two digits are the county number; they indicate where the administrative office is located. The number at the extreme right opposite the name of each administrator indicates the total years the administrator has held the position. E-mail addresses have been added, where provided by the AEA.

DISTRICT NAME CHANGES

Iowa has 375 public school districts. At the turn of the century, there were 4,873 local districts. It was the intention of the Consolidated School Law of 1906 that a statewide pattern of consolidation be realized, but the movement was very slow in developing. By 1910, only 10 consolidated districts had been created.

In 1922 there were 4,839 legally organized districts, and in 1953, 4,558 were still in existence. In that year legislation specified that it be "the policy of the state to encourage the reorganization of school districts into such units as are necessary, economical and efficient and which will insure an equal educational opportunity to all children in the state."

The final phase of the community school movement came in 1965, when the 61st General Assembly passed legislation requiring all areas of the state to become part of a legally constituted school district maintaining a high school by July 1, 1966.

Following are the names of closed or reorganized Iowa districts. The name in parentheses indicates the name of the reorganized district. This is a historical file. Many districts have reorganized more than once. Each of those reorganizations are recorded in this list. It may be necessary to follow the district through all reorganizations in this list before the present district name is found.

AEA CHAIRPERSON AND MEETING DATES

Each of the fifteen AEAs facilitates monthly meetings for all superintendents of the public school districts served by an individual AEA. A representative from each of these fifteen superintendents' groups serves on the Superintendents' Advisory Council.

The monthly meetings provide opportunities for the superintendents to discuss common issues, to share ideas and solutions, to provide guidance and advice to the AEA administrator regarding needed services and to hear and discuss presentations on various educational matters. A Department of Education staff member is present at each superintendents' meeting to share communications from the Department.

SUPERINTENDENTS' ADVISORY COUNCIL

The Superintendents' Advisory Council was formed several years ago for the purpose of providing a direct communication link between district superintendents and the Director of the Department of Education. The Council advises the Director on potential policy and planning issues and also provides feedback to the Director on the impact or potential impact of actions of the Department of Education, the State Board of Education, and others.

The Council is composed of one superintendent from each area superintendents' group (15), one AEA administrator from the state, and a superintendent representing the Urban Network (the largest eight school districts in the state). The Council meets four to six times per year.
