STATE UNIVERSITY.

This institution, the head of the school system of the state, was provided for by a statute enacted by the first general assembly, in 1847, in accordance with the constitution of the state, adopted 1846.

At present the university comprises the following departments: Collegiate, law, medical, homeopathic medical, dental and pharmacy.

COLLEGIATE DEPARTMENT. Students are admitted from most of the high schools. Curriculum: four general courses,—classical, two philosophical, general scientific; two technical,—civil engineering, electrical engineering.

LAW DEPARTMENT. Course extends over two years, nine months each. At completion degree of LL. B. is conferred.

MEDICAL DEPARTMENT. Course eighteen months. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

HOMEOPATHIC MEDICAL DEPARTMENT. Course eighteen months. Degree of M. D. Registration by state board of medical examiners.

DENTAL DEPARTMENT. Course eighteen months. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

PHARMACEUTICAL DEPARTMENT. Course twelve months. On its completion the degree of Ph. G. is conferred upon all candidates who have had three years' experience in a pharmacy in which prescriptions are compounded.

Professors and assistants, 89. Students, in all departments, over 1,100.

The university is well equipped with laboratories and apparatus, the museum of natural history contains large collections, and the libraries comprise over 35,000 volumes. Correspondence solicited.

Address

PRESIDENT C. A. SCHAEFFER,

Iowa City.

STATE NORMAL SCHOOL.

COURSES OF STUDY. Two main lines, English and Latin. Four years' course ends with degree of Master of Didactics; three years' course ends with degree of Bachelor of Didactics; high school graduate courses, two years, Latin or English, end with degree of Bachelor of Didactics. Additional courses are provided for college graduates in professional subjects, for primary teachers, and kindergartners, one year each.

CONDITIONS OF ADMISSION. Regular courses, age 16 years, scholarship amounting to a teacher's second class certificate; primary course, age 18, with one year's experience in teaching; high school graduate courses, a certificate from the principal of the high school.

STATE CERTIFICATES AND STATE DIPLOMAS. State certificates are granted graduates by state educational board of examiners, on completion of above courses, provided their experience as teachers will justify. When experience in teaching is not sufficient, certificate can be obtained later, by furnishing proofs. State diplomas are granted to full four years' course graduates, after five years' experience and proofs of ability as professional educators.

GRADUATES, 1893-1894. Total, 145. Four years' course, 40; three years' course, 62; high school graduates' course, 42; professional, 1. Attendance during this period, 872.

FALL TERM, 1894. Enrolled in Normal Department, 619; Preparatory Department, 72; Training Department, 66. Total, 757.

The faculty is composed of twenty-six members, specialists in their particular departments.

W. L. ETTER, Tipton,	*1898

*Term expires January 1 of year named.

COURSE FOR 1894-1895.

School Management	White
Readings in Folk-lore	Skinner
or	
Lights of Two Centuries	Hale

The State Teachers' Reading Circle has probably been the means of causing more teachers to read pedagogical books than any other agency which has ever come before the teachers of Iowa. The direct object is to induce workers in the educational field to take up a certain definite and prescribed line of reading and carry the same through to a definite end. The plan has become so popular that not only have 15,000 teachers in Iowa read many of the books, but nearly all the states in the Mississippi valley have adopted a similar course.

Iowa to-day stands second in the Union in the number of teachers enrolled. No enrollment fee or other charge than for books is asked from the teacher desiring to become a member.

By the conditions of this organization each county superintendent is made the manager of his county; thus he, acting in conjunction with a board of six members, together with the superintendent of public instruction, who is chairman *ex-officio* of this board, brings the course home to each teacher in the state.

For any information address

W. A. McCORD,
Secretary and Manager for Iowa.

PUPILS' READING CIRCLE.

BOARD OF DIRECTORS.

W. A. DORON, <i>President</i> ,	-	-	-	-	-	Monticello
GEORGIA WARRICK, <i>Treasurer</i>	-	-	-	-	-	Des Moines
J. M. DEARMOND,	-	-	-	-	-	Davenport

GEO. I. MILLER, <i>Secretary</i> ,	-	-	-	-	-	Boone

HAS YOUR SCHOOL A CIRCLE? IF NOT, ORGANIZE ONE.

The work will form an excellent basis for essays, discussions, etc., also be of great value as a school study in nature and literature.

Write to the secretary for circulars and information about this good work.

COURSE OF READING—1894-1895.

Second Year or Second Reader Grade, Æsop's Fables. Bds. Price, 35 cents.

KINDERGARTEN.

SARA E. HUGHES.

GENERAL FEATURES.

The institution is conducted on the cottage plan. The principal employment of the boys is farming and gardening; some trades are followed. Girls are trained in sewing, housework, and fancy work. Music and athletics receive particular attention. Good library facilities are among the attractions of the Home.

INSTITUTION FOR FEEBLE-MINDED CHILDREN, GLENWOOD.

STATE UNIVERSITY.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly, in 1847, in accordance with the constitution of the state, adopted 1846.

At present the university comprises the following departments: Collegiate, law, medical, homeopathic medical, dental and pharmacy.

COLLEGIATE DEPARTMENT.—Students are admitted from most of the high schools. Curriculum: four general courses,—classical, two philosophical, general scientific; two technical,—civil engineering, electrical engineering.

LAW DEPARTMENT.—Course extends over two years, nine months each. At completion degree of LL. B. is conferred.

MEDICAL DEPARTMENT.—Course four years of six months each. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

HOMEOPATHIC MEDICAL DEPARTMENT.—Course four years of six months each. Degree of M. D. Registration by state board of medical examiners.

DENTAL DEPARTMENT.—Course three years of six months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

PHARMACY DEPARTMENT.—Course two years of six months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 98. Students, in all departments, 1,250.

The university is well equipped with laboratories and apparatus, the museum of natural history contains large collections, and the libraries comprise over 40,000 volumes. Correspondence solicited.

Address

PRES. C. A. SCHAEFFER,

Iowa City.

STATE NORMAL SCHOOL.

I. CONDITIONS OF ADMISSION.—1. Regular courses. Age, 16 years; scholarship equivalent to that required for second class certificate. 2. Primary course. Age, 18 years; first class certificate, one year's experience in teaching. 3. High school graduates' courses. A certificate of scholarship from the principal of the high school.

II. COURSES OF STUDY.—State diploma courses, state certificate courses with Latin, English and science as main lines, according to choice of students. State certificates and state diplomas granted to graduates after compliance with reasonable legal conditions.

III. GRADUATES FROM DIFFERENT COURSES, 1894-95.—Masters of Didactics, 44; Bachelors of Didactics, 95; Primary Teachers' certificates, 17.

IV. ATTENDANCE FALL TERM, 1895.—Normal Department, 721; Preparatory Training Class, 87; Grammar Grade Department, Training School, 55; Primary Grade Department, Training School, 47. Total, 910.

The faculty is composed of twenty-seven members, all selected by the board of directors for their special fitness for the work required. The new central building, costing \$30,000, is opened for use and greatly improves the facilities of the school.

For information and catalog, address,

HOMER H. SEERLEY, *President*,
Cedar Falls.

STATE AGRICULTURAL COLLEGE.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

The college embraces the following courses of study: (1) The course in sciences as related to the industries, of four years, leads to the degree of Bachelor of Science. (2) The course for ladies, of four years leads to the degree of Bachelor of Letters. Ladies may take any other course desired. (3) The course in mechanical engineering of four years leads to the degree of Bachelor of Mechanical Engineering. (4) The course in civil engineering of four years leads to the degree of Bachelor of Civil Engineering. (5) The course in electrical engineering of four years leads to the degree of Bachelor of Science in Electrical Engineering. (6) The course in mining engineering of four years leads to the degree of Bachelor of Science in Mining Engineering. (7) The course in agriculture of four years leads to the degree of Bachelor of Agriculture. (8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine. (9) Special under-graduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. Tuition is free to students of Iowa. For additional information, address

PRES. W. M. BEARDSHEAR,
Ames.

W. L. ETTER, Tipton,	- - - - -	*1898

*Term expires January 1 of year named.

COURSE FOR 1895-1896.

Adler's Moral Instruction of Children.

King's School Interests and Duties.

Guerber's Myths of Greece and Rome.

The State Teachers' Reading Circle has probably been the means of causing more teachers to read pedagogical books than any other agency which has ever come before the teachers of Iowa. The direct object is to induce workers in the educational field to take up a certain definite and prescribed line of reading and carry the same through to a definite end. The plan has become so popular that not only have 25,000 teachers in Iowa read many of the books, but nearly all the states in the Mississippi valley have adopted a similar course.

Iowa to-day stands second in the union in the number of teachers enrolled. No enrollment fee or other charge than for books is asked from the teacher desiring to become a member.

By the conditions of this organization each county superintendent is made the manager of his county: thus he, acting in conjunction with a board of six members, together with the superintendent of public instruction, who is chairman *ex-officio* of this board, brings the course home to each teacher in the state.

For any further information address

SUPT. W. A. McCORD,
Secretary and Manager for Iowa.

STATE UNIVERSITY.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly, in 1847, in accordance with the constitution of the state adopted 1846.

At present the university comprises the following departments: Collegiate, law, medical, homeopathic medical, dental and pharmacy.

COLLEGIATE DEPARTMENT.—Students are admitted from most of the high schools. Curriculum: four general courses,—classical, two philosophical, general scientific; two technical,—civil engineering, electrical engineering.

LAW DEPARTMENT.—Course extends over two years, nine months each. At completion degree of LL. B. is conferred.

MEDICAL DEPARTMENT.—Course, four years of six months each. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

HOMEOPATHIC MEDICAL DEPARTMENT.—Course, four years of six months each. Degree of M. D. Registration by state board of medical examiners.

DENTAL DEPARTMENT.—Course, three years of nine months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

PHARMACY DEPARTMENT.—Course, two years of six months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 101. Students in all departments, 1,300.

The university is well equipped with laboratories and apparatus; the museum of natural history contains large collections, and the libraries comprise over 40,000 volumes. Correspondence solicited. Address

PRES. C. A. SCHAEFFER,

Iowa City.

STATE NORMAL SCHOOL.

I. *Conditions of Admission*.—(1) Regular courses. Age, 16 years; scholarship equivalent to that required for receiving a teacher's certificate, where the subjects of the examination average 80 per cent. First class teachers' certificates are granted a credit of at least a term over second class certificates. (2) Primary course; age, 18 years; first class certificate scholarship; one year of good experience in teaching, properly certified to by school superintendent and officers. (3) High school graduate courses; a certificate of scholarship from the principal of the high school covering the equivalents of the three years' standard course adopted by the Iowa state teachers' association, and approved by the department of public instruction.

II. *Courses of Study*.—(1) Professional course of study of one year for college graduates. (2) Three years' courses of study for high school graduates. (3) Four years' courses of study for teachers with county certificates. The three special lines in the courses granted are in Latin, English and Science. All the subjects required for state certificates and state diplomas are given in the several courses.

III. *Degrees Conferred and Certificates Granted, 1895-96*.—Master of Didactics degrees, 39; Bachelor of Didactics degrees, 96; Special Primary Teachers' certificates, 38. Total, 173

IV. *Attendance*.—Fall term, 1896, Normal Department, 757; Grammar School Department, 122; Primary School Department, 57. Total, 936. Totals for the year 1895-96, Normal School Department, 986; Grammar School Department, 148; Primary School Department, 61. Total 1,195.

V. The faculty is composed of thirty-eight members, all selected by the board of directors for their special fitness to do the work of teaching and training public school teachers. The equipment in the science department has been greatly improved. The training school has been permanently established, and is under the direction of two expert superintendents.

For information and catalogue, address

HOMER H. SEERLEY, *President*,
Cedar Falls.

STATE AGRICULTURAL COLLEGE.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

The college embraces the following courses of study: (1) The course in sciences as related to the industries, of four years, leads to the degree of Bachelor of Science. (2) The course for ladies, of four years, leads to the degree of Bachelor of Letters. Ladies may take any other course desired. (3) The course in mechanical engineering, of four years, leads to the degree of Bachelor of Mechanical Engineering. (4) The course in civil engineering, of four years, leads to the degree of Bachelor of Civil Engineering. (5) The course in electrical engineering, of four years, leads to the degree of Bachelor of Science in Electrical Engineering. (6) The course in mining engineering, of four years, leads to the degree of Bachelor of Science in Mining Engineering. (7) The course in agriculture, of four years, leads to the degree of Bachelor of Agriculture. (8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine. (9) Special undergraduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. Tuition is free to students of Iowa. For additional information, address

PRES. W. M. BEARDSHEAR,

Ames.

STATE TEACHERS' READING CIRCLE.

Board of Directors:

- Hon. Henry Sabin, *president*, Des Moines, *ex-officio*.
R. C. Barrett, *treasurer*, Osage, term expires, 1898.
A. A. Taylor, Greenfield, term expires, 1899.
Ella Seckerson, Primghar, term expires, 1897.
C. L. Suksdorf, Davenport, term expires, 1898.
A. B. Goss, Keosauqua, term expires, 1897.
W. A. McCord, *sec'y and man'g'r*, Des Moines, term expires, 1899.

COMPLETE COURSE, READING CIRCLE PRICES.

1896-7.

Any two of the three books named for each year.

Patrick's Pedagogics, \$.75; Arnold's Waymarks for Teachers, \$1; Four literature studies, \$1.05.

1895-6.

King's School Interests and Duties, \$1; Adler's Moral Instruction of Children, \$1.10; Guerber's Myths of Greece and Rome, \$1.35.

1894-5.

White's School Management, \$1; Skinner's Studies in Folk-Lore, \$1; Hale's Lights of Two Centuries, \$1.20.

1893-4.

White's Elements of Pedagogy, \$.90; Shepherd's Historical Readings, \$.90.

Iowa to-day stands second in the Union in the number of teachers enrolled in the reading circle. No enrollment fee or other charge, than for books, is asked from the teacher desiring to become a member. By the condition of this organization each county superintendent is made the manager of his county. Thus the county superintendent becomes a supervisor of a course of reading for the teachers of his own county. The books are selected by a board of directors chosen from among the county superintendents of the state, acting in conjunction with the superintendent of public instruction, who is chairman *ex-officio* of this board.

The plan has met with success in all the states where it has been tried. More than 30,000 teachers have been enrolled in Iowa alone since the adoption of a course. For further information address
SUPT. W. A. MCCORD, *Secretary and Manager*,
Des Moines.

IOWA PUPILS' READING CIRCLE.

Board of Directors.—W. A. Doron, *President*, Monticello.
George I. Miller, *Secretary*, Boone.
Lydia Hinman, East Waterloo.
J. T. Merrill, *Treasurer*, Cedar Rapids.

SCHOOL YEAR OF 1896-97.

The new course of the Iowa Pupils' Reading Circle was adopted at a meeting of the board at Cedar Rapids, August 22, 1896. It includes several books which have come very recently from the press. All the books have been selected with care, and are arranged with reference to their peculiar fitness for the respective grades.

The attention of all principals and teachers of high schools (and of ungraded schools in which there are pupils sufficiently advanced to study literature systematically) is directed to the advanced course. Send to the secretary for circulars, cards to parents, membership cards, and badges for the boys and girls who join the circle.

COMMON SCHOOL COURSE.

	Price.
<i>Second Grade.</i> —Baldwin's Fairy Stories and Fables	\$.35
<i>Third Grade.</i> —Baldwin's Old Stories of the East	.45

OFFICERS.

Acting President.—Amos N. Currier.

Secretary.—W. J. Haddock, Iowa City.

Treasurer.—Lovell Swisher, Iowa City.

DEPARTMENTS AND DEGREES.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly, in 1847, in accordance with the constitution of the state adopted 1846.

At present the university comprises the following departments: Collegiate, law, medical, homeopathic medical, dental and pharmacy.

COLLEGIATE DEPARTMENT.—Students are admitted from most of the high schools. Curriculum: four general courses,—classical,

two philosophical, general scientific; two technical,—civil engineering, electrical engineering.

LAW DEPARTMENT.—Course extends over two years, nine months each. At completion degree of LL. B. is conferred.

MEDICAL DEPARTMENT.—Course, four years of six months each. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

HOMEOPATHIC MEDICAL DEPARTMENT.—Course, four years of six months each. Degree of M. D. Registration by state board of medical examiners.

DENTAL DEPARTMENT.—Course, three years of nine months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

PHARMACY DEPARTMENT.—Course, two years of six months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 101. Students in all departments, 1313.

The university is well equipped with laboratories and apparatus; the museum of natural history contains large collections, and the libraries comprise over 30,000 volumes. Correspondence solicited. Address

AMOS N. CURRIER,
Acting President,
Iowa City.

IOWA STATE COLLEGE OF AGRICULTURE AND THE MECHANIC ARTS, AMES.

BOARD OF TRUSTEES.

Leslie M. Shaw, governor of the state, and Richard C. Barrett, superintendent public instruction, members *ex-officio*.

OFFICERS OF THE BOARD.

Chairman.—W. O. McElroy, Newton.

Secretary.—Edgar W. Stanton, Ames.

Treasurer.—Herman Knapp, Ames.

Steward.—John Franklin Cavell, Ames.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

COURSES AND DEGREES.

The college embraces the following courses of study: (1) The course in sciences as related to the industries, of four years, leads to the degree of Bachelor of Science. (2) The course for ladies, of four years, leads to the degree of Bachelor of Philosophy. Ladies may take any other course desired. (3) The course in mechanical engineering, of four years, leads to the degree of Bachelor of Mechanical Engineering. (4) The course in civil engineering, of four years, leads to the degree of Bachelor of Civil Engineering. (5) The course in electrical engineering, of four years, leads to the degree of Bachelor of Science in Electrical Engineering. (6) The course in mining engineering, of four years, leads to the degree of Bachelor of Science in Mining Engineering. (7) The course in agriculture, of four years, leads to the degree of Bachelor of Agriculture. (8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine. (9) Special undergraduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. A full year has been added to all the long courses excepting agriculture and veterinary science. Tuition is free to students of Iowa. For additional information, address

PRES. W. M. BEARDSHEAR, Ames.

IOWA STATE NORMAL SCHOOL, CEDAR FALLS.

OFFICERS OF THE BOARD.

President.—Richard C. Barrett, superintendent public instruction, Des Moines.

Secretary.—Alfred Grundy, Cedar Falls.

Treasurer.—Homer N. Silliman, Cedar Falls.

COURSES AND DEGREES.

I. *Conditions of Admission.*—(1) Regular courses: Age, 16 years; scholarship equivalent to that required for receiving a teacher's certificate, where the subjects of the examination average 80 per cent. First class teachers' certificates are granted a credit of at least a term over second class certificates. (2) Primary course: Age, 18 years; first class certificate scholarship; one year of good experience in teaching, properly certified to by school superintendent and officers. (3) High school graduate courses: A certificate of scholarship from the principal of the high school covering the equivalents of the three years' standard course adopted by the Iowa State Teachers' association, and approved by the department of public instruction.

II. *Courses of Study.*—(1) Professional course of study of one year for college graduates. (2) Three years' courses of study for high school graduates. (3) Four years' courses of study for

teachers with county certificates. The three special lines in the courses are in Latin, English and Science. All the subjects required for state certificates and state diplomas are given in the several courses.

III. *Degrees Conferred and Certificates Granted, 1897-98.*—Master of Didactics degrees, 37; Bachelor of Didactics degrees, 133; Special Primary Teachers' certificates, 62. Total, 232.

IV. *Attendance.*—Fall term, 1898: Normal department, 921; Grammar School department, 147; Primary School department, 54. Total, 1,122. Totals for the year 1897-98: Normal School department, 1,300; Grammar School department, 199; Primary School department, 81. Total, 1,580.

CALENDAR.

I. Calendar for years 1899-1900:

1. Spring term, 1899—
March 14th to June 14th—twelve weeks.
2. Summer term, 1899—
June 17th to July 28th—six weeks.
3. Fall term, 1899—
September 5th to November 29th—twelve weeks.
4. Winter term, 1899-1900—
December 5th to March 9th—twelve weeks.
5. Spring term, 1900—
March 19th to June 13th—twelve weeks.
6. Summer term, 1900—
June 16th to July 27th—six weeks.

II. Arrangements have been completed whereby the several subjects of most of the course of study are able to be procured any term. Classes graduate in November, March, June and September each year. Courses of study are provided for all kinds of teachers in public schools.

III. The summer term is a permanent part of the school calendar, and complete arrangements are made to give complete and helpful instruction to teachers under contract the rest of the school year.

Send for catalog to

HOMER H. SEERLEY,
President,
Cedar Falls.

STATE INDUSTRIAL SCHOOLS.

— — —
FOR BOYS, ELDORA.

Superintendent.—B. J. Miles.

FOR GIRLS, MITCHELLVILLE.

Superintendent.—A. H. Leonard.

Under direction of the board of control.

The object of these institutions is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school, where wayward and criminal boys and girls are brought under the influence of Christian instructors, and taught by example, as well as precept, the better ways of life. It is a training school, where the moral, intellectual and industrial education of the child is carried on at one and the same time.

Any boy or girl over seven and under sixteen years of age, who has become criminal, vagrant or incorrigible, may be committed to this school by any court of record. Any boy or girl may be discharged, or paroled from the school, at any time after one year's training, upon satisfactory evidence of reformation.

HOME FOR THE BLIND, KNOXVILLE.

Superintendent.—Cam Culbertson.

Under direction of the board of control.

The object of the institution is for the instruction of the adult blind of the state in some suitable trade or vocation, and to furnish a working home for such blind as have learned a trade or vocation and desire to remain or be employed therein. It is open to every such blind person who has a legal residence in the state and is physically and mentally able to perform such labor as may be required in the trade or vocation carried on therein, each inmate being subject to such reasonable rules and regulations as may be adopted by the board of control for the government of the same. Broom making is the principal industry. Hammocks and nets are also made. All assignments of duty and allotment of work are made upon a basis of adaptation. Each works at that for which he is specially fitted, and is paid what he earns—a regular schedule of wages being paid for all labor done by the inmates.

SCHOOL FOR THE DEAF, COUNCIL BLUFFS.

Superintendent.—Henry W. Rothert.

Principal —E. E. Clippinger.

Under direction of the board of control

This institution is free to all who are too deaf to be educated in the common schools. They must be sound in mind and free from immoral habits and contagious diseases. No charge is made for board and tuition.

The school opens on the first day of October each year and continues until the last day of June. Pupils should be on hand promptly at the opening of the school and remain until the end of the session.

COLLEGE FOR THE BLIND, VINTON.

Principal.—Thos. F. McCune, Vinton, Iowa.

Under direction of the board of control.

The school term begins on the first Wednesday in September, and ends about the third week in June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with twenty-three pianos, one pipe organ, several cabinet organs and a sufficient number of violins, guitars, bass viols and brass instruments. Every student capable of receiving it is given a complete course in this branch.

In the industrial department the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys, netting, mattress making and cane seating. Those of either sex, who so desire, may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the state. All that the friends are expected to do is to pay the traveling expenses and furnish clothing. If they are unable to clothe the pupil, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

SCHOOL FOR FEEBLE-MINDED CHILDREN, GLENWOOD.

Superintendent.—F. M. Powell, M. D.

Under direction of the board of control.

The purposes or objects of the institution are to provide special methods of training for that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as near as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their simple wants.

SOLDIERS' ORPHANS' HOME, DAVENPORT.

Superintendent.—M. T. Gass.

Under direction of the board of control.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

The average number in the home is about 465, and the age 10½ years. The limit beyond which children are not kept in the home is 16 years of age for girls and 15 years for boys. Less than 20 per cent remain to the age limit.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries.

A library of well-selected juvenile literature is a source of pleasure and profitable entertainment to the children, as from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed; we feel that they should be well supplied with good books and reading matter of suitable character for their improvement and enjoyment.

STATE TEACHERS' READING CIRCLE.

Board of Directors:

Richard C. Barrett, *president ex-officio*, Des Moines.
 A. A. Taylor, *secretary and manager*, Greenfield, 1899.
 Ella Seckerson, *treasurer*, Primghar, 1900.
 C. V. Findlay, Fort Dodge, 1899.
 J. W. Marker, Tipton, 1901.
 Eugene Brown, Mason City, 1901.
 Cornelia Klass, Washington, 1900.

Adler's "Moral Instruction of Children".....	1 00
Gueber's "Myths of Greece and Rome".....	1 35

Under the constitution of this organization each county superintendent is made the manager for his county; thus the county superintendent becomes a supervisor of a course of reading for the teachers of his own county. The books are selected by a board of directors, chosen from among the county superintendents of the state, acting in conjunction with the superintendent of public instruction, who is chairman *ex-officio* of this board. The plan has met with success in all the states where it has been tried. Thirty-five thousand teachers have been enrolled in Iowa alone since the adoption of a course.

County superintendents are requested to correspond with

SUPT. A. A. TAYLOR,
Secretary and Manager,
 Greenfield.

IOWA PUPILS' READING CIRCLE.

Board of Directors:

W. A. Doron, *president*, Eldora.
George I. Miller, *secretary*, Boone.
J. T. Merrill, *treasurer*, Cedar Rapids.
I. N. Beard, Osceola.
W. D. Wells, Davenport.

SCHOOL YEAR OF 1898-9.

The new course of the Iowa Pupils' Reading Circle was adopted at a meeting of the board at Cedar Rapids, September 17, 1897. It includes several books which have come very recently from the press. All the books have been selected with care, and are arranged with reference to their peculiar fitness for the respective grades.

The attention of all principals and teachers of high schools (and of ungraded schools in which there are pupils sufficiently advanced to study literature systematically) is directed to the advanced course. Send to the secretary for circular.

The pupils' reading circles of the various states have in view, generally, three principal objects:

1. To induce children and youth to read.
2. To supply good reading, which is the only effective way to avoid the bad.
3. To *correlate the reading* in the work of the schoolroom, in such a way as to render it most profitable and interesting, and to aid the teacher to accomplish the most good for the pupil. The general reading of the pupil becomes a great educational and moral force when properly directed.

Iowa takes her place with the most progressive states in planning for the *best attainable results*. It is not enough that pupils read; they should read good books; they should read appropriate books, supplementary to their class work, and correlated to their studies. A handsome diploma will be given on the completion of the entire course. All parties interested are requested to correspond with

SUPT. GEO. I. MILLER,

Secretary,
Boone.

OFFICERS.

President.—George E. MacLean.

Secretary.—W. J. Haddock, Iowa City.

Treasurer.—Lovell Swisher, Iowa City.

DEPARTMENTS AND DEGREES.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly, in 1847, in accordance with the constitution of the state adopted 1846.

At present the university comprises the following departments: Collegiate, law, medical, homeopathic medical, dental and pharmacy.

COLLEGIATE DEPARTMENT—Students are admitted from most of the high schools. Curriculum: four general courses,—classical, two

philosophical, general scientific; two technical,—civil engineering, electrical engineering.

LAW DEPARTMENT—Course extends over two years, nine months each. At completion the degree of LL. B. is conferred.

MEDICAL DEPARTMENT—Course, four years of six months each. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

HOMEOPATHIC MEDICAL DEPARTMENT—Course, four years of six months each. Degree of M. D. Registration by state board of medical examiners.

DENTAL DEPARTMENT—Course, three years of nine months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

PHARMACY DEPARTMENT—Course, two years of six months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 102. Students in all departments, 1,283.

The university is well equipped with laboratories and apparatus; the museum of natural history contains large collections, and the libraries comprise over 30,000 volumes. Correspondence solicited.

Address

OFFICERS OF THE BOARD.

Chairman.—W. O. McElroy, Newton.

Secretary.—Edgar W. Stanton, Ames.

Treasurer.—Herman Knapp, Ames.

Steward.—John Franklin Cavell, Ames.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most

practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

COURSES AND DEGREES.

The college embraces the following courses of study:

(1) The course in science as related to the industries, of four years, leads to the degree of Bachelor of Science.

(2) The course for ladies, of four years, leads to the degree of Bachelor of Letters. Ladies may take any other course desired.

(3) The course in mechanical engineering, of four years, leads to the degree of Bachelor of Mechanical Engineering.

(4) The course in civil engineering, of four years, leads to the degree of Bachelor of Civil Engineering.

(5) The course in electrical engineering, of four years, leads to the degree of Bachelor of Science in Electrical Engineering.

(6) The course in mining engineering, of four years, leads to the degree of Bachelor of Science in Mining Engineering.

(7) The course in agriculture, of four years, leads to the degree of Bachelor of Agriculture.

(8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine.

(9) Special undergraduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. A full year has been added to all the long courses excepting agriculture and veterinary science. Tuition is free to students of Iowa. For additional information, address

PRES. W. M. BEARDSHEAR, Ames.

IOWA STATE NORMAL SCHOOL, CEDAR FALLS.

OFFICERS OF THE BOARD.

President.—Richard C. Barrett, superintendent public instruction, Des Moines.

Secretary.—Alfred Grundy, Cedar Falls.

Treasurer.—Homer N. Silliman, Cedar Falls.

COURSES AND DEGREES.

I. *Conditions of Admission.*—(1) Regular courses: Age, 16 years; scholarship equivalent to that required for receiving a teacher's certificate, where the subjects of the examination average 80 per cent. First-class teachers' certificates are granted a credit of at least a term over second-class certificates. (2) Primary course: Age, 18 years; first-class certificate scholarship; one year of good experience in teaching, properly certified to by school superintendent and officers. (3) High school graduate courses: A certificate of scholarship from the principal of the high school covering the equivalents of the three years' standard course adopted by the Iowa State Teachers' association, and approved by the department of public instruction.

II. *Courses of Study.*—(1) Professional course of study of one year for college graduates. (2) Three years' courses of study for high

school graduates. (3) Four years' courses of study for teachers with county certificates. The three special lines in the courses are in Latin, English and Science. All the subjects required for state certificates and state diplomas are given in the several courses. Two year course for primary teachers.

III. *Degrees Conferred and Certificates Granted, 1898-99.*—Master of Didactics degrees, 41; Bachelor of Didactics degrees, 127; Special Primary Teachers' certificates, 30. Total, 198.

IV. *Attendance.*—Fall term, 1899: Normal department, 891; Grammar School department, 150; Primary School department, 63. Total, 1,104. Totals for the year 1898-99: Normal School department, 1,617; Grammar School department, 244; Primary School department, 71. Total, 1,932.

CALENDAR.

I. Calendar for years 1900-1901:

1. Spring term, 1900.

March 19th to June 13th—twelve weeks.

2. Summer term, 1900.

June 16th to July 27th—six weeks.

3. Fall term, 1900.

September 4th to November 28th—twelve weeks.

4. Winter term, 1900-1901.

December 3d to March 10th—twelve weeks.

5. Spring term, 1901.

March 20th to June 12th—twelve weeks.

Summer term, 1901:

June 17th to July 28th—six weeks.

II. Arrangements have been completed whereby the several subjects of most of the courses of study are able to be procured any term. Classes graduate in November, March, June and September each year. Courses of study are provided for all kinds of teachers in public schools.

III. The summer term is a permanent part of the school calendar, and full arrangements exist to give complete and helpful instruction to teachers under contract the rest of the school year.

Send for catalogue to

HOMER H. SEERLEY,

President,

Cedar Falls.

STATE INDUSTRIAL SCHOOLS.

FOR BOYS, ELDORA.

Superintendent.—B. J. Miles.

FOR GIRLS, MITCHELLVILLE.

Superintendent.—Jas. N. Miller.

Under management of the board of control of state institutions.

The object of these institutions is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school, where wayward and criminal boys and girls are brought under the influence of Christian instructors, and taught by example, as well as precept, the better ways of life. It is a training school, where the moral, intellectual and industrial education of the child is carried on at one and the same time.

Any boy or girl over seven and under sixteen years of age, who has become criminal, vagrant or incorrigible, may be committed to this school by any court of record. Any boy or girl may be discharged, or paroled from the school, at any time after one year's training, upon satisfactory evidence of reformation.

HOME FOR THE BLIND, KNOXVILLE.

Superintendent.—Cam Culbertson.

Under management of the board of control of state institutions.

The object of the institution is the instruction of the adult blind of the state in some suitable trade or vocation, and to furnish a working home for such blind as have learned a trade or vocation and desire to remain or be employed therein. It is open to every such blind person who has a legal residence in the state and is physically and mentally able to perform such labor as may be required in the trade or vocation carried on therein, each inmate being subject to such reasonable rules and regulations as may be adopted by the board of control for the government of the same. Broom making is the principal industry. Hammocks and nets are also made. All assignments of duty and allotment of work are made upon a basis of adaptation. Each works at that for which he is specially fitted, and is paid what he earns—a regular schedule of wages being paid for all labor done by the inmates.

SCHOOL FOR THE DEAF, COUNCIL BLUFFS.

Superintendent.—Henry W. Rothert.

Principal.—E. E. Clippinger.

Under management of the board of control of state institutions.

This institution is free to all who are too deaf to be educated in the common schools. They must be sound in mind and free from immoral habits and contagious diseases. No charge is made for board and tuition.

The school opens on the first day of October each year and continues until the last day of June. Pupils should be on hand promptly at the opening of the school and remain until the end of the session.

COLLEGE FOR THE BLIND, VINTON.

Principal.—Thos. F. McCune, Vinton, Iowa.

Under management of the board of control of state institutions.

The school term begins on the first Wednesday in September and ends about the third week in June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with twenty-three pianos, one pipe organ, several cabinet organs and a sufficient number of violins, guitars, bass viols and brass instruments. Every student capable of receiving it is given a complete course in this branch.

In the industrial department the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys netting, mattress making and cane seating. Those of either sex, who so desire, may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the states. All that the friends are expected to do is to pay the traveling expense, and furnish clothing. If they are unable to clothe the pupil, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

INSTITUTE FOR FEEBLE-MINDED CHILDREN, GLENWOOD.

Superintendent.—F. M. Powell, M. D.

Under management of the board of control of state institutions.

The purposes or objects of the institution are to provide special methods of training for that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as near as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their simple wants.

SOLDIERS' ORPHANS' HOME, DAVENPORT.

Superintendent.—M. T. Gass.

Under management of the board of control of state institutions.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

The average number in the home is about 465, and the age 10½ years. The limit beyond which children are not kept in the home is 16 years of age.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries.

A library of well-selected juvenile literature is a source of pleasure and profitable entertainment to the children, as from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed; we feel that they should be well supplied with good books and reading matter of suitable character for their improvement and enjoyment.

STATE TEACHERS' READING CIRCLE.

Under the constitution of this organization each county superintendent is made the manager for his county; thus the county superintendent becomes a supervisor of a course of reading for the teachers of his own county. The books are selected by a board of directors chosen from among the county superintendents of the state, acting in conjunction with the superintendent of public instruction, who is chairman *ex-officio* of this board. The plan has met with success in all the states where it has been tried. Thirty-five thousand teachers have been enrolled in Iowa alone since the adoption of a course.

County superintendents are requested to correspond with

SUPT. J. I. MARTIN,
Secretary and Manager,
 Charles City.

IOWA PUPILS' READING CIRCLE.

Board of Directors:

W. A. Doron, *president*, Eldora.
George I. Miller, *secretary*, Boone.
J. T. Merrill, *treasurer*, Cedar Rapids.
I. N. Beard, Osceola.
W. D. Wells, Davenport.

SCHOOL YEAR OF 1899-1900.

The new course of the Iowa Pupils' Reading Circle was adopted at a meeting of the board at Cedar Rapids, September 17, 1897. It includes several books which have come very recently from the press. All the books have been selected with care, and are arranged with reference to their peculiar fitness for the respective grades.

The attention of all principals and teachers of high schools (and of ungraded schools in which there are pupils sufficiently advanced to study literature systematically) is directed to the advanced course. Send to the secretary for circular.

The pupils' reading circles of the various states have in view, generally, three principal objects:

1. To induce children and youth to read.
2. To supply good reading, which is the only effective way to avoid the bad.
3. To *correlate the reading* in the work of the schoolroom, in such a way as to render it most profitable and interesting, and to aid the teacher to accomplish the most good for the pupil. The general reading of the pupil becomes a great educational and moral force when properly directed.

Iowa takes her place with the most progressive states in planning for the *best attainable results*. It is not enough that pupils read; they should read good books; they should read appropriate books, supplementary to their class work, and correlated to their studies. A handsome diploma will be given on the completion of the entire course. All parties interested are requested to correspond with

SUPT. GEO. I. MILLER,
Secretary,
Boone.

GENERAL SUMMARY OF

ITEMS COMPARED.	1893.	1894.
Number of ungraded schools	12,387	12,456
Rooms in graded schools	4,328	4,520
Whole number of schoolrooms	16,715	16,976
Average number of days taught.....	156	158
Number of schoolhouses.....	13,433	13,519
Value of schoolhouses	\$15,110,494	\$ 15,007,468
Schoolhouses built during the year	No data	347
Schoolhouses with flags	2,862	3,446
Enumeration between 5 and 21	687,150	697,228
Enrolled in school	513,614	522,731
Average daily attendance.....	324,217	331,408
Average number enrolled per teacher.....	30	30
Average monthly tuition, per pupil	\$ 1.89	\$ 1.89
Male teachers employed.....	4,837	5,281
Female teachers employed.....	23,464	22,782
Total different teachers employed.....	28,301	28,063
Average monthly compensation, males.....	\$ 38.73	\$ 38.19
Average monthly compensation, females ...	\$ 30.81	\$ 31.60
Teachers needed for the schools.....	17,084	17,366
Schools teaching effects of stimulants	15,993	16,686
Teachers enrolled in normal institutes.....	19,207	22,360
Expended for normal institutes	\$ 53,208	\$ 59,063
Average compensation of county supts	\$ 1,191	\$ 1,203
Paid for teachers' salaries	\$ 4,789,323	\$ 4,957,251
For all other purposes	\$ 3,124,052	\$ 3,303,289
Total amount expended.....	\$ 7,913,375	\$ 8,260,540

DISTRICTS USING FREE TEXT BOOKS.

The districts that have availed themselves of the law providing for free text-books are named below. (Parties desiring information upon this question will please address the secretary of the board in those districts):

Allamakee county: Capoli, Fairview.

Audubon: Audubon Exira.

Calhoun: Manson, Rockwell City.

Cedar: Highland, Centerdale, Springdale.

Cerro Gordo: Campbell.

Clinton: Orange, Clinton, Delaware, Excelsior.

Des Moines: Northfield.

Fremont: Highland, Madison.

Guthrie: Pioneer.

Hancock: Ell.

Hardin: Union Township.

Harrison: Missouri Valley.

Jackson: Preston.

Jasper: Kellogg.

Marshall: Marshalltown.

Mills: Glenwood, Preston.

Page: Clarinda.

Pocahontas: Pocahontas.

Polk: Capital Park, East Des Moines, West Des Moines, Oakdale.

Pottawattamie: Neola.

Ringgold: Poe Nos. 1 and 2, Mt. Ayr.

Tama: Toledo.

Warren: Oak Grove.

Webster: Westring.

Winnebago: Norway, Logan.

Woodbury: Grant, Oto, Woodbury, Liberty, Pierson No. 4.

HIGH SCHOOL STATISTICS.

† Number fitting for college or other higher institutions.

NOTE.—In comparing the number of students enrolled this year with the number enrolled last year, just bear in mind that for 1898-1899 the enrollment is given for the entire year; and that for 1899-1900 the enrollment is given at the beginning of the year. This will explain why the number of students is, in many schools, less than it was last year. The difference is quite noticeable in the reports from some of the larger towns and cities because a large class is promoted to the high school at the middle of the year.

INFORMATION CONCERNING STATE DIPLOMAS, STATE CERTIFICATES AND PRIMARY TEACHERS' STATE CERTIFICATES.

The following general information in regard to diplomas, state certificates and primary state certificates is published for the benefit of teachers seeking to fit themselves to obtain the highest certificate issued under the laws of the state:

BOARD OF EDUCATIONAL EXAMINERS.

Members.—The board of educational examiners consists of the superintendent of public instruction, president of the State University, principal of the State Normal School, and two persons appointed by the governor. By virtue of his office, the superintendent of public instruction is president of the board.

Meetings.—Meetings of the board are held at such times and places as the president may direct.

Examinations.—All examinations are conducted in accordance with rules and regulations adopted by the board, not inconsistent with the laws of the state. At least two examinations are held annually.

Powers.—The board may issue state certificates, primary teachers' certificates and state diplomas to such persons as are found upon examination to possess good moral character, thorough scholarship and successful experience in teaching.

STATE DIPLOMA.

Term.—The holder of a state diploma is authorized to teach in any public school in the state for life.

Educational Requirements.—Candidates for state diplomas are required to be examined in orthography, reading, writing, arithmetic, geography, English grammar, bookkeeping, physiology, history of the United States, algebra, botany, natural philosophy, drawing, civil government, constitution and laws of the state, didactics, geometry, trigonometry, chemistry, zoology, geology, astronomy, political

economy, rhetoric, English literature, general history, and such other studies as the board may require. Each candidate must file in his own handwriting an original thesis of from 3,000 to 4,000 words on a professional subject assigned by the president of the board. In every case this thesis must be fully outlined and be accompanied by a complete bibliography of the subject considered. The thesis is due thirty days before the time set for the examination. The candidate must be the holder of a state certificate and have taught under the supervision of the board before applying for a state diploma.

Experience.—Candidates for state diplomas must produce evidence of having taught at least eight years, three of which have been in Iowa within recent years. Applications of nonresidents may not be considered.

STATE CERTIFICATE.

Term.—A state certificate shall authorize the holder to teach in any public school in the state for a period of five years.

Renewals.—Upon their expiration, certificates held by teachers who have taught under them successfully may be renewed by the board. Upon application the president of the board will furnish complete information concerning renewals.

Educational Requirements.—Candidates for state certificates are required to pass examination in orthography, reading, writing, arithmetic, geography, English grammar, didactics, physiology, history of the United States, algebra, botany, natural philosophy, drawing, civil government, constitution and laws of the state, and bookkeeping.

Experience.—Candidates for this certificate must produce evidence of having taught three years of thirty-six weeks each. Graduates of any state normal school in the state of Iowa may be issued certificates upon proof of thirty-six weeks' successful experience in teaching.

Standing required.—Certificates of this grade will be issued only to those candidates who show proficiency in scholarship. At least an average standing of 90 per cent is expected.

PRIMARY TEACHER'S STATE CERTIFICATE.

Term.—The holder of this certificate is authorized to teach in first, second and third grades in public schools in the state for a period of five years.

Educational Requirements.—It is expected that the applicant will be the holder of an excellent county certificate in force and pass such

professional examination as the board may require. The professional examination for the present consists of psychology of the child, school management, history of education, school laws of Iowa, primary methods, vocal music, physical culture, drawing and plant study.

Experience.—Candidates must submit proof of successful teaching experience in first, second or third grade work for a period of three years of thirty-six weeks each, two of which years have been under one school board.

Standing required.—Candidates must attain an average standing of 90 per cent in orthography, reading writing, arithmetic, geography, grammar, history of the United States, didactics, physiology and hygiene, and such standing as the board may require in all other subjects. A thesis of at least 1,000 words must be written by the candidate on some subject assigned by the president of the board.

GENERAL SUGGESTIONS TO CANDIDATES.

1. Candidates are advised to arrive the day before at the place of examination, as no allowance can be made for delayed trains or for poor physical and mental condition caused by illness or loss of sleep.

2. The examination in each subject will be restricted to the published program as to time.

3. The fee for registration for state certificate and primary state certificate as fixed by law is \$3, and for state diploma is \$5, one-half of which is returned to the candidate in case of failure.

4. All necessary paper, pens and pencils will be furnished each candidate at the time of the examination.

5. Applicants will bear in mind that the possession of a primary state certificate, a state certificate, or a state diploma will not in any sense lessen their duty to comply with all the rules and requirements of the county superintendent of the county in which they are teaching.

6. The board will require an examination for state certificate in all cases before application can be made for state diploma, except by the unanimous vote of the full board, in individual cases.

7. Graduates of the collegiate department of the State University of Iowa, having certificates signed by the president of the university and by the professor of pedagogy of that institution, that they have completed a course in pedagogy embracing one full year's work in said institution, will be granted a state certificate upon presentation of satisfactory evidence of thirty-six weeks of successful experience in teaching.

8. All candidates for state certificates who are graduates from the Iowa State Agricultural college may be exempt from examination in all branches which they have pursued at that college, upon presenting a certificate signed by the president of said institution.

9. Graduates of colleges having courses of study equivalent to those of the collegiate department of the State University of Iowa, may be granted reductions upon examinations after receiving individual consideration by the board of examiners.

10. Residents of Iowa holding state papers from other boards of examiners or state normal schools will be granted reductions upon examinations after receiving individual consideration by this board of examiners.

11. The board itself holds the right, and will, in every case, investigate the character, scholarship and professional standing of the applicant, securing information not only from the references given on the registration blank, but also from others who may know of the fitness of said person for professional recognition.

12. Lists of old questions are not sent out to applicants, as such questions are no guide for the next examination.

13. The law governing this board can be found in sections 2628 to 2634, code of 1897, and on pages 7 and 8, school laws of 1897.

14. Graduates of the State Normal School and the State University, desiring information, must apply to the president of the institution from which they graduated.

15. All other official correspondence of the board must be with the president.

RICHARD C. BARRETT,
Superintendent of Public Instruction.
