STATE UNIVERSITY.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly, in 1847, in accordance with the constitution of the state, adopted 1846.

At present the university comprises the following departments: Collegiate, law, medical, homeopathic medical, dental and pharmacy.

COLLEGIATE DEPARTMENT.—Students are admitted from most of the high schools. Curriculum: four general courses,—classical, two philosophical, general scientific; two technical,—civil engineering, electrical engineering.

LAW DEPARTMENT.—Course extends over two years, nine months each. At completion degree of LL. B. is conferred.

MEDICAL DEPARTMENT.—Course four years of six months each. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

HOMEOPATHIC MEDICAL DEPARTMENT.—Course four years of six months each. Degree of M. D. Registration by state board of medical examiners.

DENTAL DEPARTMENT.—Course three years of six months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

PHARMACY DEPARTMENT.—Course two years of six months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 98. Students, in all departments, 1,250.

The university is well equipped with laboratories and apparatus, the museum of natural history contains large collections, and the libraries comprise over 40,000 volumes. Correspondence solicited.

Address

PRES. C. A. SCHAEFFER,
Iowa City.

STATE NORMAL SCHOOL.

I. CONDITIONS OF ADMISSION.—1. Regular courses. Age, 16 years; scholarship equivalent to that required for second class certificate. 2. Primary course. Age, 18 years; first class certificate, one year's experience in teaching. 3. High school graduates' courses. A certificate of scholarship from the principal of the high school.

II. COURSES OF STUDY.—State diploma courses, state certificate courses with Latin, English and science as main lines, according to choice of students. State certificates and state diplomas granted to graduates after compliance with reasonable legal conditions.

III. GRADUATES FROM DIFFERENT COURSES, 1894-95.—Masters of Didactics, 44; Bachelors of Didactics, 95; Primary Teachers' certificates, 17.

IV. ATTENDANCE FALL TERM, 1895.—Normal Department, 721; Preparatory Training Class, 87; Grammar Grade Department, Training School, 55; Primary Grade Department, Training School, 47. Total, 910.

The faculty is composed of twenty-seven members, all selected by the board of directors for their special fitness for the work required. The new central building, costing \$30,000, is opened for use and greatly improves the facilities of the school.

For information and catalog, address,

HOMER H. SEERLEY, *President*,
Cedar Falls.

STATE AGRICULTURAL COLLEGE.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

The college embraces the following courses of study: (1) The course in sciences as related to the industries, of four years, leads to the degree of Bachelor of Science. (2) The course for ladies, of four years leads to the degree of Bachelor of Letters. Ladies may take any other course desired. (3) The course in mechanical engineering of four years leads to the degree of Bachelor of Mechanical Engineering. (4) The course in civil engineering of four years leads to the degree of Bachelor of Civil Engineering. (5) The course in electrical engineering of four years leads to the degree of Bachelor of Science in Electrical Engineering. (6) The course in mining engineering of four years leads to the degree of Bachelor of Science in Mining Engineering. (7) The course in agriculture of four years leads to the degree of Bachelor of Agriculture. (8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine. (9) Special under-graduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. Tuition is free to students of Iowa. For additional information, address

PRES. W. M. BEARDSHEAR,
Ames.

W. L. ETTER, Tipton,	- - - - -	*1898

*Term expires January 1 of year named.

COURSE FOR 1895-1896.

Adler's Moral Instruction of Children.

King's School Interests and Duties.

Guerber's Myths of Greece and Rome.

The State Teachers' Reading Circle has probably been the means of causing more teachers to read pedagogical books than any other agency which has ever come before the teachers of Iowa. The direct object is to induce workers in the educational field to take up a certain definite and prescribed line of reading and carry the same through to a definite end. The plan has become so popular that not only have 25,000 teachers in Iowa read many of the books, but nearly all the states in the Mississippi valley have adopted a similar course.

Iowa to-day stands second in the union in the number of teachers enrolled. No enrollment fee or other charge than for books is asked from the teacher desiring to become a member.

By the conditions of this organization each county superintendent is made the manager of his county; thus he, acting in conjunction with a board of six members, together with the superintendent of public instruction, who is chairman *ex-officio* of this board, brings the course home to each teacher in the state.

For any further information address

SUPT. W. A. MCCORD,
Secretary and Manager for Iowa.

PUPILS' READING CIRCLE.

BOARD OF DIRECTORS.

STATE UNIVERSITY.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly, in 1847, in accordance with the constitution of the state adopted 1846.

At present the university comprises the following departments: Collegiate, law, medical, homeopathic medical, dental and pharmacy.

COLLEGIATE DEPARTMENT.—Students are admitted from most of the high schools. Curriculum: four general courses,—classical, two philosophical, general scientific; two technical,—civil engineering, electrical engineering.

LAW DEPARTMENT.—Course extends over two years, nine months each. At completion degree of LL. B. is conferred.

MEDICAL DEPARTMENT.—Course, four years of six months each. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

HOMEOPATHIC MEDICAL DEPARTMENT.—Course, four years of six months each. Degree of M. D. Registration by state board of medical examiners.

DENTAL DEPARTMENT.—Course, three years of nine months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

PHARMACY DEPARTMENT.—Course, two years of six months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 101. Students in all departments, 1,300.

The university is well equipped with laboratories and apparatus; the museum of natural history contains large collections, and the libraries comprise over 40,000 volumes. Correspondence solicited. Address

PRES. C. A. SCHAEFFER,

Iowa City.

STATE NORMAL SCHOOL.

I. *Conditions of Admission.*—(1) Regular courses. Age, 16 years; scholarship equivalent to that required for receiving a teacher's certificate, where the subjects of the examination average 80 per cent. First class teachers' certificates are granted a credit of at least a term over second class certificates. (2) Primary course; age, 18 years; first class certificate scholarship; one year of good experience in teaching, properly certified to by school superintendent and officers. (3) High school graduate courses; a certificate of scholarship from the principal of the high school covering the equivalents of the three years' standard course adopted by the Iowa state teachers' association, and approved by the department of public instruction.

II. *Courses of Study.*—(1) Professional course of study of one year for college graduates. (2) Three years' courses of study for high school graduates. (3) Four years' courses of study for teachers with county certificates. The three special lines in the courses granted are in Latin, English and Science. All the subjects required for state certificates and state diplomas are given in the several courses.

III. *Degrees Conferred and Certificates Granted, 1895-96.*—Master of Didactics degrees, 39; Bachelor of Didactics degrees, 96; Special Primary Teachers' certificates, 38. Total, 173.

IV. *Attendance.*—Fall term, 1896, Normal Department, 757; Grammar School Department, 122; Primary School Department, 57. Total, 936. Totals for the year 1895-96, Normal School Department, 986; Grammar School Department, 148; Primary School Department, 61. Total 1,195.

V. The faculty is composed of thirty-eight members, all selected by the board of directors for their special fitness to do the work of teaching and training public school teachers. The equipment in the science department has been greatly improved. The training school has been permanently established, and is under the direction of two expert superintendents.

For information and catalogue, address

HOMER H. SEERLEY, *President,*
Cedar Falls.

STATE AGRICULTURAL COLLEGE.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

The college embraces the following courses of study: (1) The course in sciences as related to the industries, of four years, leads to the degree of Bachelor of Science. (2) The course for ladies, of four years, leads to the degree of Bachelor of Letters. Ladies may take any other course desired. (3) The course in mechanical engineering, of four years, leads to the degree of Bachelor of Mechanical Engineering. (4) The course in civil engineering, of four years, leads to the degree of Bachelor of Civil Engineering. (5) The course in electrical engineering, of four years, leads to the degree of Bachelor of Science in Electrical Engineering. (6) The course in mining engineering, of four years, leads to the degree of Bachelor of Science in Mining Engineering. (7) The course in agriculture, of four years, leads to the degree of Bachelor of Agriculture. (8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine. (9) Special undergraduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. Tuition is free to students of Iowa. For additional information, address

PRES. W. M. BEARDSHEAR,
Ames.

STATE TEACHERS' READING CIRCLE.

Board of Directors:

- Hon. Henry Sabin, *president*, Des Moines, *ex-officio*.
R. C. Barrett, *treasurer*, Osage, term expires, 1898.
A. A. Taylor, Greenfield, term expires, 1899.
Ella Seckerson, Primghar, term expires, 1897.
C. L. Suksdorf, Davenport, term expires, 1898.
A. B. Goss, Keosauqua, term expires, 1897.
W. A. McCord, *sec'y and man'g'r*, Des Moines, term expires, 1899.

COMPLETE COURSE, READING CIRCLE PRICES.

1896-7.

Any two of the three books named for each year.

Patrick's *Pedagogics*, \$.75; Arnold's *Waymarks for Teachers*, \$1; Four literature studies, \$1.05.

1895-6.

King's *School Interests and Duties*, \$1; Adler's *Moral Instruction of Children*, \$1.10; Guerber's *Myths of Greece and Rome*, \$1.35.

1894-5.

White's *School Management*, \$1; Skinner's *Studies in Folk-Lore*, \$1; Hale's *Lights of Two Centuries*, \$1.20.

1893-4.

White's *Elements of Pedagogy*, \$.90; Shepherd's *Historical Readings*, \$.90.

Iowa to-day stands second in the Union in the number of teachers enrolled in the reading circle. No enrollment fee or other charge, than for books, is asked from the teacher desiring to become a member. By the condition of this organization each county superintendent is made the manager of his county. Thus the county superintendent becomes a supervisor of a course of reading for the teachers of his own county. The books are selected by a board of directors chosen from among the county superintendents of the state, acting in conjunction with the superintendent of public instruction, who is chairman *ex-officio* of this board.

The plan has met with success in all the states where it has been tried. More than 30,000 teachers have been enrolled in Iowa alone since the adoption of a course. For further information address

SUPT. W. A. MCCORD, *Secretary and Manager*,
Des Moines.

IOWA PUPILS' READING CIRCLE.

Board of Directors.—W. A. Doron, *President*, Monticello.
George I. Miller, *Secretary*, Boone.
Lydia Hinman, East Waterloo.
J. T. Merrill, *Treasurer*, Cedar Rapids.

SCHOOL YEAR OF 1896-97.

The new course of the Iowa Pupils' Reading Circle was adopted at a meeting of the board at Cedar Rapids, August 22, 1896. It includes several books which have come very recently from the press. All the books have been selected with care, and are arranged with reference to their peculiar fitness for the respective grades.

The attention of all principals and teachers of high schools (and of ungraded schools in which there are pupils sufficiently advanced to study literature systematically) is directed to the advanced course. Send to the secretary for circulars, cards to parents, membership cards, and badges for the boys and girls who join the circle.

COMMON SCHOOL COURSE.

	Price.

GENERAL SUMMARY OF

ITEMS COMPARED.	1891.
Number of ungraded schools.....	12,178
Rooms in graded schools.....	3,854
Whole number of schoolrooms.....	16,032
Average number of days taught.....	156
Number of schoolhouses.....	13,129
Value of schoolhouses.....	\$ 13,184,944
Schoolhouses built during the year.....	No data
Schoolhouses with flags.....	No data
Enumeration between 5 and 21.....	668,541
Enrolled in school.....	503,755
Average daily attendance.....	317,267
Average number enrolled to each teacher.....	31
Average monthly cost tuition, per pupil.....	\$ 1.80
Male teachers employed.....	5,228
Female teachers employed.....	21,541
Total different teachers employed.....	26,769
Average monthly compensation, males.....	\$ 37.54
Average monthly compensation, females.....	\$ 30.52
Teachers necessary to supply all the schools.....	16,377
Schools teaching the effects of stimulants and narcotics.....	15,249
Teachers enrolled in normal institutes.....	18,655
Expended for normal institutes.....	\$ 52,807
Average compensation of county superintendents.....	\$ 1,174
Paid for teachers' salaries.....	\$ 4,458,590
For all other purposes.....	\$ 2,685,608
Total amount expended.....	\$ 7,144,198

STATE UNIVERSITY.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly, 1847, in accordance with the constitution of the state adopted 1846.

At present the university comprises the following departments: Collegiate, law, medical, homeopathic medical, dental and pharmacy.

COLLEGIATE DEPARTMENT.—Students are admitted from most of the high schools. Curriculum: four general courses,—classical, philosophical, general scientific; two technical,—civil engineering, electrical engineering.

LAW DEPARTMENT.—Course extends over two years, nine months each. At completion degree of LL. B. is conferred.

MEDICAL DEPARTMENT.—Course, four years of six months each. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

HOMEOPATHIC MEDICAL DEPARTMENT.—Course, four years of six months each. Degree of M. D. Registration by state board of medical examiners.

DENTAL DEPARTMENT.—Course, three years of nine months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

PHARMACY DEPARTMENT.—Course, two years of six months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 101. Students in all departments, 1,000.

The university is well equipped with laboratories and apparatus; the museum of natural history contains large collections, and the libraries comprise over 20,000 volumes. Correspondence solicited. Address

PRES. C. A. SCHAEFFER,
Iowa City.

STATE NORMAL SCHOOL.

I. *Conditions of Admission.*—(1) Regular courses. Age, 18 years; scholarship equivalent to that required for receiving teacher's certificate, where the subjects of the examination average 80 per cent. First class teachers' certificates are granted credit of at least a term over second class certificates. (2) Primary course; age 18 years; first class certificate scholarship; one year of good experience in teaching, properly certified to by school superintendent and officers. (3) High school graduate courses; a certificate of scholarship from the principal of the high school covering the equivalents of the three years' standard course adopted by the Iowa state teachers' association, and approved by the department of public instruction.

II. *Courses of Study.*—(1) Professional course of study of one year for college graduates. (2) Three years' courses of study for high school graduates. (3) Four years' courses of study for teachers with county certificates. The three special lines in the courses granted are in Latin, English and Science. All the subjects required for state certificates and state diplomas are given in the several courses.

III. *Degrees Conferred and Certificates Granted, 1896-97.*—Master of Didactics degrees, 45; Bachelor of Didactics degrees, 9; Special Primary Teachers' certificates, 46. Total, 183.

IV. *Attendance.*—Fall term, 1897, Normal Department, 86; Grammar School Department, 129; Primary School Department, 64. Total, 1,054. Totals for the year 1896-97: Normal School Department, 1,217; Grammar School Department, 151; Primary School Department, 76. Total, 1,444.

V. The faculty is composed of thirty-eight members, all selected by the board of directors for their special fitness to do the work of teaching and training public school teachers. The equipment in the science department has been greatly improved. The training school has been permanently established, and is under the direction of two expert superintendents.

For information and catalogue, address

HOMER H. SEERLEY, *President*,
Cedar Falls.

THE STATE COLLEGE OF AGRICULTURE AND MECHANIC ARTS.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. Accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

The college embraces the following courses of study: (1) The course in sciences as related to the industries, of four years, leads to the degree of Bachelor of Science. (2) The course for ladies, of four years, leads to the degree of Bachelor of Letters. Ladies may take any other course desired. (3) The course in mechanical engineering, of four years, leads to the degree of Bachelor of Mechanical Engineering. (4) The course in civil engineering, of four years, leads to the degree of Bachelor of Civil Engineering. (5) The course in electrical engineering, of four years, leads to the degree of Bachelor of Science in Electrical Engineering. (6) The course in mining engineering, of four years, leads to the degree of Bachelor of Science in Mining Engineering. (7) The course in agriculture, of four years, leads to the degree of Bachelor of Agriculture. (8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine. (9) Special undergraduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and horticulture.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. A full year has been added to all the long courses excepting agriculture and veterinary science. Tuition is free to students of Iowa. For additional information, address

PRES. W. M. BEARDSHEAR,
Ames.

STATE TEACHERS' READING CIRCLE.

Board of Directors:

- Supt. R. C. Barrett, *president ex-officio*, Des Moines.
A. A. Taylor, *secretary and manager*, Greenfield, 1899.
Ella Seckerson, *treasurer*, Primghar, 1900.
C. V. Findlay, Fort Dodge, 1899.
J. W. Marker, Tipton, 1901.
Eugene Brown, Mason City, 1901.
Cornelia Klass, Washington, 1900.

COMPLETE COURSE, READING CIRCLE PRICES.

1897-8.

Any two of the three books named for each year.

Wood's How to Study Plants, \$1; Koopman's Mastery of Books, \$.85; Harrison's Study in Child Nature, \$1.

1896-7.

Patrick's Pedagogics, \$.75; Arnold's Waymarks for Teachers, \$1; Four Literature Studies, \$1.05.

1895-6.

King's School Interests and Duties, \$1; Adler's Moral Instruction of Children, \$1.10; Guerber's Myths of Greece and Rome, \$1.35.

1894-5.

White's School Management, \$1; Skinner's Studies in Folk-Lore, \$1; Hale's Lights of Two Centuries, \$1.20.

Under the constitution of this organization each county superintendent is made the manager for his county; thus the county superintendent becomes a supervisor of a course of reading for the teachers of his own county. The books are selected by a board of directors, chosen from among the county superintendents of the state, acting in conjunction with the superintendent of public instruction, who is chairman *ex-officio* of this board. The plan has met with success in all the states where it has been tried. Thirty-five thousand teachers have been enrolled in Iowa alone since the adoption of a course.

County superintendents are requested to correspond with

SUPT. A. A. TAYLOR, *Secretary and Manager*,
Greenfield.

IOWA PUPILS' READING CIRCLE.

Board of Directors.—W. A. Doron, *president*, Monticello.
George I. Miller, *secretary*, Boone.
I. N. Beard, Osceola.
W. D. Wells, Davenport.
J. T. Merrill, *treasurer*, Cedar Rapids.

SCHOOL YEAR OF 1897-8.

The new course of the Iowa Pupils' Reading Circle was adopted at a meeting of the board at Cedar Rapids, September 17, 1897. It includes several books which have come very recently from the press. All the books have been selected with care, and are arranged with reference to their peculiar fitness for the respective grades.

The attention of all principals and teachers of high schools (and of ungraded schools in which there are pupils sufficiently advanced to study literature systematically) is directed to the advanced course. Send to the secretary for circular.

COMMON SCHOOL COURSE.

	Price.
<i>Second Grade.</i> —Baldwin's Fairy Stories and Fables.....	\$.35
<i>Third Grade.</i> —Baldwin's Old Stories of the East	.45

OFFICERS.

Acting President.—Amos N. Currier.

Secretary.—W. J. Haddock, Iowa City.

Treasurer.—Lovell Swisher, Iowa City.

DEPARTMENTS AND DEGREES.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly, in 1847, in accordance with the constitution of the state adopted 1846.

At present the university comprises the following departments: Collegiate, law, medical, homeopathic medical, dental and pharmacy.

COLLEGIATE DEPARTMENT.—Students are admitted from most of the high schools. Curriculum: four general courses,—classical,

two philosophical, general scientific; two technical,—civil engineering, electrical engineering.

LAW DEPARTMENT.—Course extends over two years, nine months each. At completion degree of LL. B. is conferred.

MEDICAL DEPARTMENT.—Course, four years of six months each. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

HOMEOPATHIC MEDICAL DEPARTMENT.—Course, four years of six months each. Degree of M. D. Registration by state board of medical examiners.

DENTAL DEPARTMENT.—Course, three years of nine months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

PHARMACY DEPARTMENT.—Course, two years of six months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 101. Students in all departments, 1313.

The university is well equipped with laboratories and apparatus; the museum of natural history contains large collections, and the libraries comprise over 30,000 volumes. Correspondence solicited. Address

AMOS N. CURRIER,
Acting President,
Iowa City.

IOWA STATE COLLEGE OF AGRICULTURE AND THE MECHANIC ARTS, AMES.

BOARD OF TRUSTEES.

Leslie M. Shaw, governor of the state, and Richard C. Barrett,
superintendent public instruction, members *ex-officio*.

Secretary.—Edgar W. Stanton, Ames.

Treasurer.—Herman Knapp, Ames.

Steward.—John Franklin Cavell, Ames.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

COURSES AND DEGREES.

The college embraces the following courses of study: (1) The course in sciences as related to the industries, of four years, leads to the degree of Bachelor of Science. (2) The course for ladies, of four years, leads to the degree of Bachelor of Philosophy. Ladies may take any other course desired. (3) The course in mechanical engineering, of four years, leads to the degree of Bachelor of Mechanical Engineering. (4) The course in civil engineering, of four years, leads to the degree of Bachelor of Civil Engineering. (5) The course in electrical engineering, of four years, leads to the degree of Bachelor of Science in Electrical Engineering. (6) The course in mining engineering, of four years, leads to the degree of Bachelor of Science in Mining Engineering. (7) The course in agriculture, of four years, leads to the degree of Bachelor of Agriculture. (8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine. (9) Special undergraduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. A full year has been added to all the long courses excepting agriculture and veterinary science. Tuition is free to students of Iowa. For additional information, address

PRES. W. M. BEARDSHEAR, Ames.

IOWA STATE NORMAL SCHOOL, CEDAR FALLS.

OFFICERS OF THE BOARD.

President.—Richard C. Barrett, superintendent public instruction, Des Moines.

Secretary.—Alfred Grundy, Cedar Falls.

Treasurer.—Homer N. Silliman, Cedar Falls.

COURSES AND DEGREES.

I. *Conditions of Admission.*—(1) Regular courses: Age, 16 years; scholarship equivalent to that required for receiving a teacher's certificate, where the subjects of the examination average 80 per cent. First class teachers' certificates are granted a credit of at least a term over second class certificates. (2) Primary course: Age, 18 years; first class certificate scholarship; one year of good experience in teaching, properly certified to by school superintendent and officers. (3) High school graduate courses: A certificate of scholarship from the principal of the high school covering the equivalents of the three years' standard course adopted by the Iowa State Teachers' association, and approved by the department of public instruction.

II. *Courses of Study.*—(1) Professional course of study of one year for college graduates. (2) Three years' courses of study for high school graduates. (3) Four years' courses of study for

teachers with county certificates. The three special lines in the courses are in Latin, English and Science. All the subjects required for state certificates and state diplomas are given in the several courses.

III. *Degrees Conferred and Certificates Granted, 1897-98*.—Master of Didactics degrees, 37; Bachelor of Didactics degrees, 133; Special Primary Teachers' certificates, 62. Total, 232.

IV. *Attendance*.—Fall term, 1898: Normal department, 921; Grammar School department, 147; Primary School department, 54. Total, 1,122. Totals for the year 1897-98: Normal School department, 1,300; Grammar School department, 199; Primary School department, 81. Total, 1,580.

CALENDAR.

I. Calendar for years 1899-1900:

1. Spring term, 1899—
March 14th to June 14th—twelve weeks.
2. Summer term, 1899—
June 17th to July 28th—six weeks.
3. Fall term, 1899—
September 5th to November 29th—twelve weeks.
4. Winter term, 1899-1900—
December 5th to March 9th—twelve weeks.
5. Spring term, 1900—
March 19th to June 13th—twelve weeks.
6. Summer term, 1900—
June 16th to July 27th—six weeks.

II. Arrangements have been completed whereby the several subjects of most of the course of study are able to be procured any term. Classes graduate in November, March, June and September each year. Courses of study are provided for all kinds of teachers in public schools.

III. The summer term is a permanent part of the school calendar, and complete arrangements are made to give complete and helpful instruction to teachers under contract the rest of the school year.

HOMER H. SEERLEY,
President,
Cedar Falls.

STATE INDUSTRIAL SCHOOLS.

— — —
FOR BOYS, ELDORA.

Superintendent.—B. J. Miles.

FOR GIRLS, MITCHELLVILLE.

Superintendent.—A. H. Leonard.

Under direction of the board of control.

The object of these institutions is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school, where wayward and criminal boys and girls are brought under the influence of Christian instructors, and taught by example, as well as precept, the better ways of life. It is a training school, where the moral, intellectual and industrial education of the child is carried on at one and the same time.

Any boy or girl over seven and under sixteen years of age, who has become criminal, vagrant or incorrigible, may be committed to this school by any court of record. Any boy or girl may be discharged, or paroled from the school, at any time after one year's training, upon satisfactory evidence of reformation.

HOME FOR THE BLIND, KNOXVILLE.

Superintendent.—Cam Culbertson.

Under direction of the board of control.

The object of the institution is for the instruction of the adult blind of the state in some suitable trade or vocation, and to furnish a working home for such blind as have learned a trade or vocation and desire to remain or be employed therein. It is open to every such blind person who has a legal residence in the state and is physically and mentally able to perform such labor as may be required in the trade or vocation carried on therein, each inmate being subject to such reasonable rules and regulations as may be adopted by the board of control for the government of the same. Broom making is the principal industry. Hammocks and nets are also made. All assignments of duty and allotment of work are made upon a basis of adaptation. Each works at that for which he is specially fitted, and is paid what he earns—a regular schedule of wages being paid for all labor done by the inmates.

SCHOOL FOR THE DEAF, COUNCIL BLUFFS.

Superintendent.—Henry W. Rothert.

Principal—E. E. Clippinger.

Under direction of the board of control

This institution is free to all who are too deaf to be educated in the common schools. They must be sound in mind and free from immoral habits and contagious diseases. No charge is made for board and tuition.

The school opens on the first day of October each year and continues until the last day of June. Pupils should be on hand promptly at the opening of the school and remain until the end of the session.

COLLEGE FOR THE BLIND, VINTON.

Principal.—Thos. F. McCune, Vinton, Iowa.

Under direction of the board of control.

The school term begins on the first Wednesday in September, and ends about the third week in June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with twenty-three pianos, one pipe organ, several cabinet organs and a sufficient number of violins, guitars, bass viols and brass instruments. Every student capable of receiving it is given a complete course in this branch.

In the industrial department the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys, netting, mattress making and cane seating. Those of either sex, who so desire, may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the state. All that the friends are expected to do is to pay the traveling expenses and furnish clothing. If they are unable to clothe the pupil, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

SCHOOL FOR FEEBLE-MINDED CHILDREN, GLENWOOD.

Superintendent.—F. M. Powell, M. D.

Under direction of the board of control.

The purposes or objects of the institution are to provide special methods of training for that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as near as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their simple wants.

SOLDIERS' ORPHANS' HOME, DAVENPORT.

Superintendent.—M. T. Gass.

Under direction of the board of control.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

The average number in the home is about 465, and the age 10½ years. The limit beyond which children are not kept in the home is 16 years of age for girls and 15 years for boys. Less than 20 per cent remain to the age limit.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries.

A library of well-selected juvenile literature is a source of pleasure and profitable entertainment to the children, as from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed; we feel that they should be well supplied with good books and reading matter of suitable character for their improvement and enjoyment.

STATE TEACHERS' READING CIRCLE.

Board of Directors:

Richard C. Barrett, *president ex-officio*, Des Moines.
 A. A. Taylor, *secretary and manager*, Greenfield, 1899.
 Ella Seckerson, *treasurer*, Primghar, 1900.
 C. V. Findlay, Fort Dodge, 1899.
 J. W. Marker, Tipton, 1901.
 Eugene Brown, Mason City, 1901.
 Cornelia Klass, Washington, 1900.

COMPLETE COURSE, READING CIRCLE PRICES.

1898-9.

 "Four Literary Studies" 1 05

1895-6.

King's "School Interests and Duties" \$1 00
 Adler's "Moral Instruction of Children" 1 00
 Gueber's "Myths of Greece and Rome" 1 35

Under the constitution of this organization each county superintendent is made the manager for his county; thus the county superintendent becomes a supervisor of a course of reading for the teachers of his own county. The books are selected by a board of directors, chosen from among the county superintendents of the state, acting in conjunction with the superintendent of public instruction, who is chairman *ex-officio* of this board. The plan has met with success in all the states where it has been tried. Thirty-five thousand teachers have been enrolled in Iowa alone since the adoption of a course.

County superintendents are requested to correspond with

SUPT. A. A. TAYLOR,
Secretary and Manager,
 Greenfield.

IOWA PUPILS' READING CIRCLE.

Board of Directors:

- W. A. Doron, *president*, Eldora.
George I. Miller, *secretary*, Boone.
J. T. Merrill, *treasurer*, Cedar Rapids.
I. N. Beard, Osceola.
W. D. Wells, Davenport.

SCHOOL YEAR OF 1898-9.

The new course of the Iowa Pupils' Reading Circle was adopted at a meeting of the board at Cedar Rapids, September 17, 1897. It includes several books which have come very recently from the press. All the books have been selected with care, and are arranged with reference to their peculiar fitness for the respective grades.

The attention of all principals and teachers of high schools (and of ungraded schools in which there are pupils sufficiently advanced to study literature systematically) is directed to the advanced course. Send to the secretary for circular.

The pupils' reading circles of the various states have in view, generally, three principal objects:

1. To induce children and youth to read.

2. To supply good reading, which is the only effective way to avoid the bad.

3. To *correlate the reading* in the work of the schoolroom, in such a way as to render it most profitable and interesting, and to aid the teacher to accomplish the most good for the pupil. The general reading of the pupil becomes a great educational and moral force when properly directed.

Iowa takes her place with the most progressive states in planning for the *best attainable results*. It is not enough that pupils read; they should read good books; they should read appropriate books, supplementary to their class work, and correlated to their studies. A handsome diploma will be given on the completion of the entire course. All parties interested are requested to correspond with

SUPT. GEO. I. MILLER,

Secretary,
Boone.

OFFICERS.

President.—George E. MacLean.

Secretary.—W. J. Haddock, Iowa City.

Treasurer.—Lovell Swisher, Iowa City.

DEPARTMENTS AND DEGREES.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly, in 1847, in accordance with the constitution of the state adopted 1846.

At present the university comprises the following departments: Collegiate, law, medical, homeopathic medical, dental and pharmacy.

COLLEGIATE DEPARTMENT—Students are admitted from most of the high schools. Curriculum: four general courses,—classical, two

philosophical, general scientific; two technical,—civil engineering, electrical engineering.

LAW DEPARTMENT—Course extends over two years, nine months each. At completion the degree of LL. B. is conferred.

MEDICAL DEPARTMENT—Course, four years of six months each. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

HOMEOPATHIC MEDICAL DEPARTMENT—Course, four years of six months each. Degree of M. D. Registration by state board of medical examiners.

DENTAL DEPARTMENT—Course, three years of nine months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

PHARMACY DEPARTMENT—Course, two years of six months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 102. Students in all departments, 1,283.

The university is well equipped with laboratories and apparatus; the museum of natural history contains large collections, and the libraries comprise over 30,000 volumes. Correspondence solicited.
Address

OFFICERS OF THE BOARD.

Chairman.—W. O. McElroy, Newton.

Secretary.—Edgar W. Stanton, Ames.

Treasurer.—Herman Knapp, Ames.

Steward.—John Franklin Cavell, Ames.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most

practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

COURSES AND DEGREES.

The college embraces the following courses of study:

(1) The course in science as related to the industries, of four years, leads to the degree of Bachelor of Science.

(2) The course for ladies, of four years, leads to the degree of Bachelor of Letters. Ladies may take any other course desired.

(3) The course in mechanical engineering, of four years, leads to the degree of Bachelor of Mechanical Engineering.

(4) The course in civil engineering, of four years, leads to the degree of Bachelor of Civil Engineering.

(5) The course in electrical engineering, of four years, leads to the degree of Bachelor of Science in Electrical Engineering.

(6) The course in mining engineering, of four years, leads to the degree of Bachelor of Science in Mining Engineering.

(7) The course in agriculture, of four years, leads to the degree of Bachelor of Agriculture.

(8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine.

(9) Special undergraduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. A full year has been added to all the long courses excepting agriculture and veterinary science. Tuition is free to students of Iowa. For additional information, address

PRES. W. M. BEARDSHEAR, Ames.

OFFICERS OF THE BOARD.

President.—Richard C. Barrett, superintendent public instruction, Des Moines.

Secretary.—Alfred Grundy, Cedar Falls.

Treasurer.—Homer N. Silliman, Cedar Falls.

COURSES AND DEGREES.

I. *Conditions of Admission.*—(1) Regular courses: Age, 16 years; scholarship equivalent to that required for receiving a teacher's certificate, where the subjects of the examination average 80 per cent. First-class teachers' certificates are granted a credit of at least a term over second-class certificates. (2) Primary course: Age, 18 years; first-class certificate scholarship; one year of good experience in teaching, properly certified to by school superintendent and officers. (3) High school graduate courses: A certificate of scholarship from the principal of the high school covering the equivalents of the three years' standard course adopted by the Iowa State Teachers' association, and approved by the department of public instruction.

II. *Courses of Study.*—(1) Professional course of study of one year for college graduates. (2) Three years' courses of study for] high

school graduates. (3) Four years' courses of study for teachers with county certificates. The three special lines in the courses are in Latin, English and Science. All the subjects required for state certificates and state diplomas are given in the several courses. Two year course for primary teachers.

III. *Degrees Conferred and Certificates Granted, 1898-99.*—Master of Didactics degrees, 41; Bachelor of Didactics degrees, 127; Special Primary Teachers' certificates, 30. Total, 198.

IV. *Attendance.*—Fall term, 1899: Normal department, 891; Grammar School department, 150; Primary School department, 63. Total, 1,104. Totals for the year 1898-99: Normal School department, 1,617; Grammar School department, 244; Primary School department, 71. Total, 1,932.

CALENDAR.

I. Calendar for years 1900-1901:

1. Spring term, 1900.

March 19th to June 13th—twelve weeks.

2. Summer term, 1900.

June 16th to July 27th—six weeks.

3. Fall term, 1900.

September 4th to November 28th—twelve weeks.

4. Winter term, 1900-1901.

December 3d to March 10th—twelve weeks.

5. Spring term, 1901.

March 20th to June 12th—twelve weeks.

Summer term, 1901:

June 17th to July 28th—six weeks.

II. Arrangements have been completed whereby the several subjects of most of the courses of study are able to be procured any term. Classes graduate in November, March, June and September each year. Courses of study are provided for all kinds of teachers in public schools.

III. The summer term is a permanent part of the school calendar, and full arrangements exist to give complete and helpful instruction to teachers under contract the rest of the school year.

Send for catalogue to

HOMER H. SEERLEY,

President,

Cedar Falls.

STATE INDUSTRIAL SCHOOLS.

FOR BOYS, ELDORA.

Superintendent.—B. J. Miles.

FOR GIRLS, MITCHELLVILLE.

Superintendent.—Jas. N. Miller.

Under management of the board of control of state institutions.

The object of these institutions is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school, where wayward and criminal boys and girls are brought under the influence of Christian instructors, and taught by example, as well as precept, the better ways of life. It is a training school, where the moral, intellectual and industrial education of the child is carried on at one and the same time.

Any boy or girl over seven and under sixteen years of age, who has become criminal, vagrant or incorrigible, may be committed to this school by any court of record. Any boy or girl may be discharged, or paroled from the school, at any time after one year's training, upon satisfactory evidence of reformation.

HOME FOR THE BLIND, KNOXVILLE.

Superintendent.—Cam Culbertson.

Under management of the board of control of state institutions.

The object of the institution is the instruction of the adult blind of the state in some suitable trade or vocation, and to furnish a working home for such blind as have learned a trade or vocation and desire to remain or be employed therein. It is open to every such blind person who has a legal residence in the state and is physically and mentally able to perform such labor as may be required in the trade or vocation carried on therein, each inmate being subject to such reasonable rules and regulations as may be adopted by the board of control for the government of the same. Broom making is the principal industry. Hammocks and nets are also made. All assignments of duty and allotment of work are made upon a basis of adaptation. Each works at that for which he is specially fitted, and is paid what he earns—a regular schedule of wages being paid for all labor done by the inmates.

SCHOOL FOR THE DEAF, COUNCIL BLUFFS.

Superintendent.—Henry W. Rothert.

Principal.—E. E. Clippinger.

Under management of the board of control of state institutions.

This institution is free to all who are too deaf to be educated in the common schools. They must be sound in mind and free from immoral habits and contagious diseases. No charge is made for board and tuition.

The school opens on the first day of October each year and continues until the last day of June. Pupils should be on hand promptly at the opening of the school and remain until the end of the session.

COLLEGE FOR THE BLIND, VINTON.

Principal.—Thos. F. McCune, Vinton, Iowa.

Under management of the board of control of state institutions.

The school term begins on the first Wednesday in September and ends about the third week in June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with twenty-three pianos, one pipe organ, several cabinet organs and a sufficient number of violins, guitars, bass viols and brass instruments. Every student capable of receiving it is given a complete course in this branch.

In the industrial department the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys netting, mattress making and cane seating. Those of either sex, who so desire, may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the states. All that the friends are expected to do is to pay the traveling expense and furnish clothing. If they are unable to clothe the pupil, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

INSTITUTE FOR FEEBLE-MINDED CHILDREN, GLENWOOD.

Superintendent.—F. M. Powell, M. D.

Under management of the board of control of state institutions.

The purposes or objects of the institution are to provide special methods of training for that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as near as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their simple wants.

SOLDIERS' ORPHANS' HOME, DAVENPORT.

Superintendent.—M. T. Gass.

Under management of the board of control of state institutions.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

The average number in the home is about 465, and the age 10½ years. The limit beyond which children are not kept in the home is 16 years of age.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries.

A library of well-selected juvenile literature is a source of pleasure and profitable entertainment to the children, as from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed; we feel that they should be well supplied with good books and reading matter of suitable character for their improvement and enjoyment.

STATE TEACHERS' READING CIRCLE.

Board of Directors:

Under the constitution of this organization each county superintendent is made the manager for his county; thus the county superintendent becomes a supervisor of a course of reading for the teachers of his own county. The books are selected by a board of directors chosen from among the county superintendents of the state, acting in conjunction with the superintendent of public instruction, who is chairman *ex-officio* of this board. The plan has met with success in all the states where it has been tried. Thirty-five thousand teachers have been enrolled in Iowa alone since the adoption of a course.

County superintendents are requested to correspond with

SUPT. J. I. MARTIN,
Secretary and Manager,
 Charles City.

IOWA PUPILS' READING CIRCLE.

Board of Directors:

W. A. Doron, *president*, Eldora.
George I. Miller, *secretary*, Boone.
J. T. Merrill, *treasurer*, Cedar Rapids.
I. N. Beard, Osceola.
W. D. Wells, Davenport.

SCHOOL YEAR OF 1899-1900.

The new course of the Iowa Pupils' Reading Circle was adopted at a meeting of the board at Cedar Rapids, September 17, 1897. It includes several books which have come very recently from the press. All the books have been selected with care, and are arranged with reference to their peculiar fitness for the respective grades.

The attention of all principals and teachers of high schools (and of ungraded schools in which there are pupils sufficiently advanced to study literature systematically) is directed to the advanced course. Send to the secretary for circular.

The pupils' reading circles of the various states have in view, generally, three principal objects:

1. To induce children and youth to read.
2. To supply good reading, which is the only effective way to avoid the bad.
3. To *correlate the reading* in the work of the schoolroom, in such a way as to render it most profitable and interesting, and to aid the teacher to accomplish the most good for the pupil. The general reading of the pupil becomes a great educational and moral force when properly directed.

Iowa takes her place with the most progressive states in planning for the *best attainable results*. It is not enough that pupils read; they should read good books; they should read appropriate books, supplementary to their class work, and correlated to their studies. A handsome diploma will be given on the completion of the entire course. All parties interested are requested to correspond with

SUPT. GEO. I. MILLER,
Secretary,
Boone.

GENERAL SUMMARY OF

ITEMS COMPARED.	1893.	1894.

DISTRICTS USING FREE TEXT BOOKS.

The districts that have availed themselves of the law providing for free text-books are named below. (Parties desiring information upon this question will please address the secretary of the board in those districts):

Allamakee county: Capoli, Fairview.

Audubon: Audubon Exira.

Calhoun: Manson, Rockwell City.

Cedar: Highland, Centerdale, Springdale.

Cerro Gordo: Campbell.

Clinton: Orange, Clinton, Delaware, Excelsior.

Des Moines: Northfield.

Fremont: Highland, Madison.

Guthrie: Pioneer.

Hancock: Ell.

Hardin: Union Township.

Harrison: Missouri Valley.

Jackson: Preston.

Jasper: Kellogg.

Marshall: Marshalltown.

Mills: Glenwood, Preston.

Page: Clarinda.

Pocahontas: Pocahontas.

Polk: Capital Park, East Des Moines, West Des Moines, Oakdale.

Pottawattamie: Neola.

Ringgold: Poe Nos. 1 and 2, Mt. Ayr.

Tama: Toledo.

Warren: Oak Grove.

Webster: Westring.

Winnebago: Norway, Logan.

Woodbury: Grant, Oto, Woodbury, Liberty, Pierson No. 4.

HIGH SCHOOL STATISTICS.

FROM CITIES AND TOWNS OF OVER 1,000 BY THE CENSUS OF 1895.

† Number fitting for college or other higher institutions.

NOTE.—In comparing the number of students enrolled this year with the number enrolled last year, just bear in mind that for 1898-1899 the enrollment is given for the entire year; and that for 1899-1900 the enrollment is given at the beginning of the year. This will explain why the number of students is, in many schools, less than it was last year. The difference is quite noticeable in the reports from some of the larger towns and cities because a large class is promoted to the high school at the middle of the year.

INFORMATION CONCERNING STATE DIPLOMAS, STATE
CERTIFICATES AND PRIMARY TEACHERS'
STATE CERTIFICATES.

The following general information in regard to diplomas, state certificates and primary state certificates is published for the benefit of teachers seeking to fit themselves to obtain the highest certificate issued under the laws of the state:

• BOARD OF EDUCATIONAL EXAMINERS.

Members.—The board of educational examiners consists of the superintendent of public instruction, president of the State University, principal of the State Normal School, and two persons appointed by the governor. By virtue of his office, the superintendent of public instruction is president of the board.

Meetings.—Meetings of the board are held at such times and places as the president may direct.

Examinations.—All examinations are conducted in accordance with rules and regulations adopted by the board, not inconsistent with the laws of the state. At least two examinations are held annually.

Powers.—The board may issue state certificates, primary teachers' certificates and state diplomas to such persons as are found upon examination to possess good moral character, thorough scholarship and successful experience in teaching.

STATE DIPLOMA.

Term.—The holder of a state diploma is authorized to teach in any public school in the state for life.

Educational Requirements.—Candidates for state diplomas are required to be examined in orthography, reading, writing, arithmetic, geography, English grammar, bookkeeping, physiology, history of the United States, algebra, botany, natural philosophy, drawing, civil government, constitution and laws of the state, didactics, geometry, trigonometry, chemistry, zoology, geology, astronomy, political

economy, rhetoric, English literature, general history, and such other studies as the board may require. Each candidate must file in his own handwriting an original thesis of from 3,000 to 4,000 words on a professional subject assigned by the president of the board. In every case this thesis must be fully outlined and be accompanied by a complete bibliography of the subject considered. The thesis is due thirty days before the time set for the examination. The candidate must be the holder of a state certificate and have taught under the supervision of the board before applying for a state diploma.

Experience.—Candidates for state diplomas must produce evidence of having taught at least eight years, three of which have been in Iowa within recent years. Applications of nonresidents may not be considered.

STATE CERTIFICATE.

Term.—A state certificate shall authorize the holder to teach in any public school in the state for a period of five years.

Renewals.—Upon their expiration, certificates held by teachers who have taught under them successfully may be renewed by the board. Upon application the president of the board will furnish complete information concerning renewals.

Educational Requirements.—Candidates for state certificates are required to pass examination in orthography, reading, writing, arithmetic, geography, English grammar, didactics, physiology, history of the United States, algebra, botany, natural philosophy, drawing, civil government, constitution and laws of the state, and bookkeeping.

Experience.—Candidates for this certificate must produce evidence of having taught three years of thirty-six weeks each. Graduates of any state normal school in the state of Iowa may be issued certificates upon proof of thirty-six weeks' successful experience in teaching.

Standing required.—Certificates of this grade will be issued only to those candidates who show proficiency in scholarship. At least an average standing of 90 per cent is expected.

PRIMARY TEACHER'S STATE CERTIFICATE.

Term.—The holder of this certificate is authorized to teach in first, second and third grades in public schools in the state for a period of five years.

Educational Requirements.—It is expected that the applicant will be the holder of an excellent county certificate in force and pass such

professional examination as the board may require. The professional examination for the present consists of psychology of the child, school management, history of education, school laws of Iowa, primary methods, vocal music, physical culture, drawing and plant study.

Experience.—Candidates must submit proof of successful teaching experience in first, second or third grade work for a period of three years of thirty-six weeks each, two of which years have been under one school board.

Standing required.—Candidates must attain an average standing of 90 per cent in orthography, reading writing, arithmetic, geography, grammar, history of the United States, didactics, physiology and hygiene, and such standing as the board may require in all other subjects. A thesis of at least 1,000 words must be written by the candidate on some subject assigned by the president of the board.

GENERAL SUGGESTIONS TO CANDIDATES.

1. Candidates are advised to arrive the day before at the place of examination, as no allowance can be made for delayed trains or for poor physical and mental condition caused by illness or loss of sleep.

2. The examination in each subject will be restricted to the published program as to time.

3. The fee for registration for state certificate and primary state certificate as fixed by law is \$3, and for state diploma is \$5, one-half of which is returned to the candidate in case of failure.

4. All necessary paper, pens and pencils will be furnished each candidate at the time of the examination.

5. Applicants will bear in mind that the possession of a primary state certificate, a state certificate, or a state diploma will not in any sense lessen their duty to comply with all the rules and requirements of the county superintendent of the county in which they are teaching.

6. The board will require an examination for state certificate in all cases before application can be made for state diploma, except by the unanimous vote of the full board, in individual cases.

7. Graduates of the collegiate department of the State University of Iowa, having certificates signed by the president of the university and by the professor of pedagogy of that institution, that they have completed a course in pedagogy embracing one full year's work in said institution, will be granted a state certificate upon presentation of satisfactory evidence of thirty-six weeks of successful experience in teaching.

8. All candidates for state certificates who are graduates from the Iowa State Agricultural college may be exempt from examination in all branches which they have pursued at that college, upon presenting a certificate signed by the president of said institution.

9. Graduates of colleges having courses of study equivalent to those of the collegiate department of the State University of Iowa, may be granted reductions upon examinations after receiving individual consideration by the board of examiners.

10. Residents of Iowa holding state papers from other boards of examiners or state normal schools will be granted reductions upon examinations after receiving individual consideration by this board of examiners.

11. The board itself holds the right, and will, in every case, investigate the character, scholarship and professional standing of the applicant, securing information not only from the references given on the registration blank, but also from others who may know of the fitness of said person for professional recognition.

12. Lists of old questions are not sent out to applicants, as such questions are no guide for the next examination.

13. The law governing this board can be found in sections 2628 to 2634, code of 1897, and on pages 7 and 8, school laws of 1897.

14. Graduates of the State Normal School and the State University, desiring information, must apply to the president of the institution from which they graduated.

15. All other official correspondence of the board must be with the president.

JOHN WALTER HARRIMAN, M. D., Director of the University Hospital.
FLORENCE E. BROWN, PH. B., Superintendent of the University Hospital.

The Library and Museum.

- CHARLES CLEVELAND NUTTING, M. A., Curator of the Museum.
BOHUMIL SHIMEK, C. E., Curator of the Herbarium.
BERTHA GILCHRIST RIDGWAY, Librarian.

COLLEGES AND DEGREES.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly, in 1847, in accordance with the constitution of the state adopted 1846.

At present the university comprises the following colleges: Graduate college, college of liberal arts, college of law, college of medicine, college of homeopathic medicine, college of dentistry, college of pharmacy.

COLLEGE OF LIBERAL ARTS—Students are admitted from above 200 accredited high schools and academies, and from the standard colleges of the state. Curriculum: four general courses—classical, two philosophical, general scientific; two technical—civil engineering, electrical engineering.

COLLEGE OF LAW—Course extends over two years, nine months each. At completion the degree of LL. B. is conferred.

COLLEGE OF MEDICINE—Course, four years of six months each, nine months from 1902. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

COLLEGE OF HOMEOPATHIC MEDICINE—Course, four years of six months each, nine months from 1902. Degree of M. D. Registration by state board of medical examiners.

COLLEGE OF DENTISTRY—Course, three years of nine months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

COLLEGE OF PHARMACY—Course, two years of six months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 102. Students in all departments, 1,438.

The student organizations represent every side of student life, Christian, literary, musical, oratorical, debating, athletic.

There are numerous university publications.

The university hospitals give best clinical advantages and serve as infirmaries for students.

The university is well equipped with laboratories and apparatus; the museum of natural history contains large collections, and the libraries comprise over 35,000 volumes. Correspondence solicited. Address,

GEORGE E. MACLEAN,

President,

Iowa City.

IOWA STATE COLLEGE OF AGRICULTURE AND THE MECHANIC ARTS, AMES.

BOARD OF TRUSTEES.

OFFICERS OF THE BOARD.

Chairman.—J. B. Hungerford, Carroll.

Secretary.—Edgar W. Stanton, Ames.

Treasurer.—Herman Knapp, Ames.

Steward.—John Franklin Cavell, Ames.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

COURSES AND DEGREES.

The college embraces the following courses of study:

(1) The course in science as related to the industries, of four years, leads to the degree of Bachelor of Science.

(2) The course in general and domestic science for women, of four years, leads to the degree of Bachelor of Science. Women may take any other course desired.

(3) The course in mechanical engineering, of four years, leads to the degree of Bachelor of Mechanical Engineering.

(4) The course in civil engineering, of four years, leads to the degree of Bachelor of Civil Engineering.

(5) The course in electrical engineering, of four years, leads to the degree of Bachelor of Science in Electrical Engineering.

(6) The course in mining engineering, of four years, leads to the degree of Bachelor of Science in Mining Engineering.

(7) The course in agriculture, of four years, leads to the degree of Bachelor of Agriculture.

(8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine.

(9) Special undergraduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. A full year has been added to all the long courses excepting agriculture and veterinary science. Tuition is free to students of Iowa. For additional information, address,

PRES. W. M. BEARDSHEAR, Ames.

OFFICERS OF THE BOARD.

President.—Richard C. Barrett, superintendent public instruction, Des Moines.

Secretary.—Alfred Grundy, Cedar Falls.

Treasurer.—Homer N. Silliman, Cedar Falls.

COURSES AND DEGREES.

I. *Conditions of Admission.*—(1) Regular courses: Age, 16 years; scholarship equivalent to that required for receiving a teacher's certificate, where the subjects of examination average 80 per cent. First-class teachers' certificates are granted a credit of at least a term over second-class certificates. (2) Primary course: Age, 18 years; first-class certificate scholarship; one year of good experience in teaching, properly certified to by school superintendent and officers. (3) High school graduate courses: A certificate of scholarship from the principal of the high school covering the equivalents of the three years' standard course adopted by the Iowa State Teachers association, and approved by the department of public instruction.

II. *Courses of Study*.—(1) Professional course of study of one year for college graduates. (2) Three years' courses of study for high school graduates. (3) Four years' courses of study for teachers with county certificates. All the subjects required for state certificates and state diplomas are given in the several courses. Two year course for primary teachers.

III. *Degrees conferred and certificates granted, 1899-1900*.—Master of Didactics degrees, 56; Bachelor of Didactics degrees, 149; Special Primary Teachers' certificates, 20. Total, 225.

IV. *Attendance*.—Fall term, 1900: Normal department, 904; Grammar school department, 167; Primary school department, 72. Total, 1,143. Totals for the year 1899-1900: Normal school department, 1,757; Grammar school department, 260; Primary school department, 87. Total, 2,104.

CALENDAR.

I. Calendar for school year, 1901-1902.

- (1) Spring term, 1901. March 12th to June 7th—twelve weeks.
- (2) Summer term, 1901. June 18th to July 26th—six weeks.
- (3) Fall term, 1901. September 3d to November 26th—twelve weeks.
- (4) Winter term, 1901-1902. December 3d to March 5th—twelve weeks.
- (5) Spring term, 1902. March 11th to June 11th—twelve weeks.

II. Arrangements have been completed whereby the several subjects of most of the courses of study are able to be procured any term. Classes graduate in November, March, June and September each year. Courses of study are provided for all kinds of teachers in public schools.

III. The summer term is a permanent part of the school calendar, and full arrangements exist to give complete and helpful instruction to teachers under contract the rest of the school year.

Send for catalogue to

HOMER H. SEERLEY, *President*,
Cedar Falls.

BOARD OF CONTROL OF STATE INSTITUTIONS.

Hon. L. G. Kinne, Chairman, Des Moines.

Hon. John Cownie, South Amana.

Hon. G. S. Robinson, Sioux City.

F. S. Treat, Secretary, Des Moines.

SOLDIERS' ORPHANS' HOME, DAVENPORT.

Superintendent—M. T. Gass.

Under management of the board of control of state institutions.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

The average number in the home is about 460, and the age 10½ years. The limit beyond which children are not kept in the home is 16 years of age.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries.

A library of well-selected juvenile literature is a source of pleasure and profitable entertainment to the children, as from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed; we feel that they should be well supplied with good books and reading matter of suitable character for their improvement and enjoyment. A new chapel is now in process of erection, to cost about \$21,000, for which ex-Governor Larrabee has very generously donated a fine pipe organ. This building will be a handsome and much needed addition to the home.

STATE INDUSTRIAL SCHOOLS.

FOR BOYS, ELDORA.

Superintendent—B. J. Miles.

FOR GIRLS, MITCHELLVILLE.

Superintendent—F. P. Fitzgerald.

Under management of the board of control of state institutions.

The object of these institutions is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school where wayward and criminal boys and girls are brought under the influence of Christian instructors and taught by example, as well as precept, the better ways of life. It is a training school where the moral, intellectual and industrial education of the child is carried on at one and the same time.

Any boy or girl over 7 and under 16 years of age, who has become criminal, vagrant or incorrigible, may be committed to this school by any court of record. Any boy or girl may be discharged or paroled from the school at any time after one year's training, upon satisfactory evidence of reformation.

INSTITUTE FOR FEEBLE-MINDED CHILDREN, GLENWOOD.

Superintendent.—F. M. Powell, M. D.

Under management of the board of control of state institutions.

The purposes or objects of the institution are to provide special methods of training for that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as near as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their wants. The age of admission is between 5 and 21 years.

SCHOOL FOR THE DEAF, COUNCIL BLUFFS.

Superintendent.—Henry W. Rothert.

Principal.—E. E. Clippinger.

Under management of the board of control of state institutions.

This institution is free to all who are too deaf to be educated in the common schools. They must be sound in mind and free from immoral habits and contagious diseases. No charge is made for board and tuition.

The school opens on the first day of October each year and continues until the last day of June. Pupils should be on hand promptly at the opening of the school and remain until the end of the session.

COLLEGE FOR THE BLIND, VINTON.

Principal.—Thos. F. McCune, Vinton, Iowa.

Under management of the board of control of state institutions.

The school term begins on the first day of September and ends about the 30th day of June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with twenty-three pianos, one pipe organ, several cabinet organs and a sufficient number of violins, guitars, bass viols and brass instruments. Every student capable of receiving it is given a complete course in this branch.

In the industrial department the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys netting, mattress making and cane seating. Those of either sex, who so desire, may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the state. All that the friends are expected to do is to pay the traveling expenses and furnish clothing. If they are unable to clothe the pupil, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

STATE TEACHERS' READING CIRCLE.

Board of Directors:

Richard C. Barrett, *president ex-officio*, Des Moines.
 J. I. Martin, *secretary and manager*, Charles City, 1900.
 J. M. Brenton, *treasurer*, Des Moines, 1901.
 W. H. Gemmill, Sigourney, 1900.
 J. B. Shorett, Harlan, 1901.
 J. E. Durkee, Sioux Rapids, 1902.
 Viola H. Schell, Montezuma, 1902.

COMPLETE COURSE, READING CIRCLE PRICES.

Books for 1900-1901.

Roark's Method in Education.....\$1.00
 Skinner's Schoolmaster in Comedy and Satire..... 1.25
 Matthews' Introduction to American Literature..... 1.00

Books for 1899-1900.

Study of the Child, Taylor.90
 Teaching the Language Arts, Hinsdale75
 Uncle Sam's Secrets, Austin..... .60

Books for 1898-1899.

History and Civil Government of Iowa, Parish and Seerley.. 1.00
 Student's Manual of Physics, Cooley..... 1.00
 School Recreation and Amusements, Mann..... 1.00

Books for 1897-1898.

Wood's "How to Study Plants"..... 1.00
 Koopman's "Master of Books"..... .85
 Harrison's "Study in Child Nature"..... 1.00

Under the constitution of this organization each county superintendent is made the manager for his county; thus the county superintendent becomes a supervisor of a course of reading for the teachers of his own county. The books are selected by a board of directors chosen from among the county superintendents of the state, acting in conjunction with the superintendent of public instruction, who is chairman *ex-officio* of this board. The plan has met with success in all the states where it has been tried. Thirty-five thousand teachers have been enrolled in Iowa alone since the adoption of a course.

County superintendents are requested to correspond with

SUPT. J. I. MARTIN,
Secretary and Manager,
 Charles City.

IOWA PUPILS' READING CIRCLE.

Board of Directors:

W. A. Doron, *president*, Eldora.

George I. Miller, *secretary*, Boone.

J. T. Merrill, *treasurer*, Cedar Rapids.

I. N. Beard, Osceola.

W. D. Wells, Davenport.

SCHOOL YEAR OF 1900-1901.

The new course of the Iowa Pupils' Reading Circle was recently adopted. It includes several books which have come very recently from the press. All the books have been selected with care, and are arranged with reference to their peculiar fitness for the respective grades.

The attention of all principals and teachers of high schools (and of ungraded schools in which there are pupils sufficiently advanced to study literature systematically) is directed to the advanced course. Send to the secretary for circular.

The pupils' reading circles of the various states have in view, generally, three principal objects:

1. To induce children and youth to read.
2. To supply good reading, which is the only effective way to avoid the bad.
3. To *correlate the reading* in the work of the schoolroom, in such a way as to render it most profitable and interesting, and to aid the teacher to accomplish the most good for the pupil. The general reading of the pupil becomes a great educational and moral force when properly directed.

Iowa takes her place with the most progressive states in planning for the *best attainable results*. It is not enough that pupils read; they should read good books; they should read appropriate books, supplementary to their class work, and correlated to their studies. A handsome diploma will be given on the completion of the entire course. All parties interested are requested to correspond with

SUPT. GEO. I. MILLER,

Secretary,
Boone.

Number fitting for college or other higher institutions.

NOTE—In comparing the number of students enrolled this year with the number enrolled last year, just bear in mind that for 1899-1900 the enrollment is given for the entire year; and that for 1900-1901 the enrollment is given at the beginning of the year. This will explain why the number of students is, in many schools, less than it was last year. The difference is quite noticeable in the reports from some of the larger towns and cities because a large class is promoted to the high school at the middle of the year.

GENERAL SUMMARY OF

ITEMS COMPARED.	1894.	1895.
Number of ungraded schools.....	12,456	12,517
Rooms in graded schools.....	4,520	4,777
Whole number of schoolrooms.....	16,976	17,294
Average number of days taught.....	158	160
Number of schoolhouses.....	13,519	13,613
Value of schoolhouses.....	\$15,007,468	\$ 15,645,543
Schoolhouses built during the year.....	347	305
Schoolhouses with flags.....	3,446	4,195
Enumeration between 5 and 21.....	697,228	712,941
Enrolled in school.....	522,731	533,824
Average daily attendance.....	331,408	339,300
Average number enrolled per teacher...	30	30
Average monthly tuition, per pupil....	\$ 1.89	\$ 1.87
Male teachers employed.....	5,281	5,726
Female teachers employed.....	22,782	22,117
Total different teachers employed.....	28,063	27,843
Average monthly compensation, males..	\$ 38.19	\$ 37.68
Average monthly compensation, females	\$ 31.60	\$ 31.63
Teachers needed for the schools.....	17,366	17,677
Schools teaching effects of stimulants...	16,686	16,987
Teachers enrolled in normal institutes..	22,360	21,968
Expended for normal institutes.....	\$ 59,063	\$ 62,140
Average compensation of county supts...	\$ 1,203	\$ 1,220
Paid for teachers' salaries.....	\$ 4,957,251	\$ 5,075,492
For all other purposes.....	\$ 3,303,289	\$ 3,242,383
Total amount expended	\$ 8,260,540	\$ 8,317,875

DISTRICTS USING FREE TEXT-BOOKS.

The districts that have availed themselves of the law providing for free text-books are named below. (Parties desiring information upon this question will please address the secretary of the board in those districts):

Allamakee county: Capoli, Fairview.	Mills: Glenwood, Preston, Gowen.
Audubon: Audubon, Exira.	Page: Clarinda.
Calhoun: Manson, Rockwell City.	Pocahontas: Pocahontas.
Cedar: Centerdale.	Polk: Capital Park, East Des Moines, West Des Moines.
Cerro Gordo: Campbell.	Pottawattamie: Neola.
Clay: Spencer.	Ringgold: Poe Nos. 1 and 2, Mt. Ayr.
Clinton: Orange, Clinton, Delmar, Excelsior.	Sioux: Sioux Center.
Dallas: Dexter.	Story: Nevada, Slater.
Fremont: Highland.	Tama: Toledo.
Guthrie: Pioneer.	Warren: Oak Grove.

REGULATIONS CONCERNING

State Certificates, Diplomas and Special State Certificates

— FOR —

Teachers of Drawing, Music, Penmanship or Other Special Branches.

1900-1901.

BOARD OF EDUCATIONAL EXAMINERS.

RICHARD C. BARRETT, ex-officio, president	Des Moines
GEORGE E. MACLEAN, ex-officio	Iowa City
HOMER H. SEERLEY, ex-officio	Cedar Falls
HAMLIN H. FREER*	Mount Vernon
ELIZABETH HUGHES†	Cedar Falls
LUCY CURTIS, secretary	Algona

* Term expires Nov. 26, 1902.

† Term expires Nov. 21, 1900.

Teachers desiring information concerning state primary certificates should write for special circular.

REGULATIONS GOVERNING EXAMINATIONS FOR STATE
LICENSES TO TEACH, EXCEPT THE STATE PRIMARY
TEACHER'S CERTIFICATE.

STATE CERTIFICATES.

I. Documentary evidence.

1. Each candidate must file the following credentials as the official proofs of being qualified to hold a state certificate:

a. Official letters ADDRESSED TO THE BOARD by one or more county or city superintendents, or other professional educators, certifying to the success of the applicant in government and instruction. The work thus commended must have been done under the person's supervision who certifies to its excellence, even if he is not now in office.

b. Statements from the school boards for whom the candidate has taught, certifying to teaching covering at least three years, of thirty-six weeks each, in which good and successful service was rendered. Credentials should be original, explicit in character, of recent date and addressed "to the state board of educational examiners."

c. Candidates who are graduates of good schools, whose courses of study are approved by the board, and who have pursued a two years' course in didactic subjects, consisting of school management, elementary psychology, principles of education and methods of instruction, will be admitted to the examination on making proofs of two years, of thirty-six weeks each, of successful experience. When, in addition to the above didactic course, such candidates have also had a year of special training in a well organized training school, one year of thirty-six weeks of successful experience, satisfactorily proved, will admit to the examination. Candidates who are graduates of higher institutions of learning, whose courses of study are approved by the board, and who have pursued during the junior or senior year of their course a year of pedagogical study, consisting of history of education, science of education and school supervision, will

be admitted to the examination on satisfactory proofs covering thirty-six weeks of successful experience.

2. To be assured that the candidate is successful in instruction and government, the board reserves the right to investigate farther, until all doubt is removed. It is necessary that the applicant be a resident or teacher in Iowa at the time of registration, and part of the work certified to must have been done in Iowa.

II. Plan of the examination.

1. *Preliminary*.—The application blank properly filled out, the fee of \$3, and the credentials mentioned in I and II, must all be filed with the president of the board thirty days before the dates of the examination to receive consideration at that meeting, and approved by the board, before the written examination is given.

2. *Didactics*.—School management, elementary psychology, and methods of instruction constitute the examination in this subject. The topics and questions selected will be such as to permit a well informed teacher to complete the same in one and one-half hours.

3. *U. S. History and English*.—An essay prepared in one and one-half hours on some topic in United States history, which must be written without delay, and not copied, will constitute the examination in United States history, orthography, penmanship, and use of English language, if the other papers written do not discredit the English.

4. Grouping of subjects with options commonly provided:

	Questions asked.	To be answered.
a. Group 1. First paper.		
English grammar.	5	4
Reading	4	3
Geography.	4	3
b. Group 2. Second paper.		
Civil government of U. S.	4	3
Civil government of Iowa.	4	3
School law.	3	2
Economics.	3	2
c. Group 3. Third paper.		
Arithmetic.	5	4
Algebra.	5	4
Bookkeeping.	3	2
d. Group 4. Fourth paper.		
Physiology.	5	4
Botany.	4	3
Physics.	4	3

Sketching and illustrating the answers in group four will constitute the examination in drawing.

III. Schedule of time granted.

FIRST DAY.

A. M., 8 to 9:30, Essay on U. S. History.

9:30 to 12, Group 1.

P. M., 1:30 to 3, Didactics.

3 to 5, Group 2.

SECOND DAY.

A. M., 8 to 12, Group 3.

P. M., 1:30 to 4:30, Group 4.

IV. Renewal of state certificates.

1. *Proofs required*—a. The candidate must file letters from superintendents or other prominent educators that certify to the present success in instruction and in government, and to the fact that his present physical condition and mental and moral character are still such as to justify the board in granting him this renewal.

b. He must also show, by official letters from school boards for whom he has worked, the fact of his being successful as an instructor, and as a disciplinarian, under the expiring certificate.

2. *Examination required*.—Unless otherwise decided, the candidate must appear at the time assigned and take such examination as the board may think necessary, but, where personal knowledge or acquaintance of the board with the applicant may permit, and where the first examination was good, an original essay on an educational topic, assigned by the board, may be substituted for personal presence at the examination. This paper must be in the handwriting of the applicant, and must show professional study and investigation.

V. General suggestions to all candidates.

1. An examination for state certificate must be had before there can be an application for a state diploma. A teacher must do work under the supervision of this board, before an application for a diploma can be considered.

2. Applicants will bear in mind that the possession of a state certificate, a primary or special teacher's certificate, or a state diploma, will not in any sense lessen their duty to comply with all the rules and requirements of the county superintendent of the county in which they are teaching.

3. Candidates are advised to arrive the day before at the place of examination, as no allowance can be made for delayed trains or for poor physical and mental condition, caused by illness or loss of sleep.

4. The examination at the times announced, will be restricted to the published program given in this circular.

5. All necessary paper, pens and pencils will be furnished each candidate at the time of the examination.

6. Lists of old questions are not sent out to applicants, as such questions are no guide to the next examination.

7. The law governing this board can be found in sections 2628-2634 of the code, and amendments enacted by the Twenty-seventh and Twenty-eighth General Assemblies.

SPECIAL STATE CERTIFICATES.

The law authorizing the Iowa state board of educational examiners to grant special certificates was enacted in 1900, and is as follows:

"Sec. 2. It may also issue a special certificate to any teacher of music, drawing, penmanship or other special branches, or to any primary teacher, of sufficient experience, who shall pass such examination as the board may require in the branches and methods pertaining thereto, for which the certificate is sought. Such certificates shall be designated by the name of the branch, and shall not be valid for any other department or branch. The board shall keep a complete register of all persons to whom certificates or diplomas are issued."

The special state certificate is intended for teachers of special branches, as a recognition of professional skill and successful experience in teaching a particular subject.

While the candidate must possess complete and technical knowledge of the special branch for the teaching of which a certificate is desired, some general education and culture will be required, as a certificate cannot be granted on account of proficiency in one subject only.

The holder of a special certificate will be authorized to teach the branch specified in any public school in the state for a period of five years. The fee, as fixed by law, is \$3, one-half of which is returned in case of failure. Certificates will be issued to the same person in more than one branch, but the fee of \$3 must be paid for each, as no special certificate will authorize the holder to teach more than one subject.

In addition to music, drawing and penmanship, special certificates will be granted in English (involving English grammar, composition, rhetoric, and literature), Latin, German, mathematics (involving arithmetic, algebra, geometry, trigonometry), and individual sciences.

I. *Documentary examination.*—The following testimonials and credentials are required as evidence of success as a teacher of a particular subject, and of good moral character as a person:

1. Official statements from school boards, certifying to the service of the applicant as a teacher of the subject in which certificate is asked, for a period of three years, of thirty-six weeks each, two of which years must have been under one school board.

2. Candidates who are graduates of good secondary or normal schools, and graduates of higher institutions of learning, may have such reduction in time of successful experience required as the board of examiners may decide after consideration of each individual case. It is to be understood, however, in all cases of reduction of time, that candidates have pursued scholastic and pedagogical courses, approved by the board.

3. Professional statements from city or county superintendents or village principals, under whose supervision the applicant has worked, certifying to the particular and professional success of the applicant as a teacher of the specified branch.

II. *Scholastic examination.*—To insure that the applicant has sufficient scholarship to be granted a special teacher's certificate, the following things are required:

1. Such an examination in the branches, orthography, reading, writing, arithmetic, geography, grammar, history of U. S., and physiology and hygiene, as in each individual case may be necessary to insure good scholarship in the applicant. In cases where the applicant is the holder of an excellent county certificate, in force, in regard to these branches, this scholastic examination may not be necessary.

2. The examination in grammar and composition will be determined by a thesis of at least one thousand words, subject to be selected by the board, in harmony with the kind of certificate sought by the applicant.

III. *Professional examination.*—Syllabi will be prepared in music, drawing, and penmanship, and these can be had on application. It does not seem necessary to give a syllabi, outlining points to be emphasized in other subjects, but on each subject a rigid examination will be required, both upon knowledge of the branch itself and

upon the methods of teaching it. In science, laboratory work will be required, and candidates for special science certificates will be examined at such places as the board of examiners may direct.

IV. *Plan of examination.*—As preliminary, the application blank properly filled out, the fee of \$3, and the credentials mentioned in I and II, must all be filed with the president of the board before May 1st, and November 1st, of each year, to receive consideration at the semi-annual meeting of the board in order to be admitted to the written examination.

NOTE: All correspondence for special certificates should be addressed to the president of the board.

STATE DIPLOMAS.

I. *General requirements.*

1. In every case the applicant must have held a state certificate, and have taught under the supervision of this board at least three years before applying for the state diploma, a life certificate.

2. Every candidate will be required to file the following credentials:

a. Documentary evidence from standard reputable educational institutions, certifying to the special scholarship and training of the applicant.

b. Documentary evidence showing the standing and ability of the applicant as an educator. This evidence should cover recent work.

c. He should also refer to at least three persons of good scholarship and professional success, who are engaged in educational work, and who can vouch for his success and character.

d. Credentials should be original, of recent date, of specific character, and addressed "to the state board of educational examiners."

II. *Specific requirements.*

1. In his registration blank, the candidate must certify that he has taught or studied all the branches that are required by law for the state diploma.

2. He must give, in detail, the places where he has done educational work, and must produce evidence that he has taught at least eight years, three of which having been in Iowa within recent years.

3. He must be a resident of Iowa at the time of his application.

4. He must file, in his own handwriting, an original thesis of from 3,000 to 4,000 words on a professional subject, assigned by the board. In every case this thesis must be fully outlined, and be accompanied by a bibliography of the subject considered.

5. The thesis will be marked by such persons as the board may designate on the following points:

- a. Correct use of the English language.
- b. Choice and arrangement of subject matter.
- c. Thought and expression.
- d. Originality and research.
- e. General appearance of the manuscript.

III. *Educational requirements.*

In accordance with the statute, candidates for state diplomas are required to be examined in orthography, reading, writing, arithmetic, geography, English grammar, bookkeeping, physiology, history of the United States, algebra, botany, natural philosophy, drawing, civil government, constitution and laws of the state, didactics, geometry, trigonometry, chemistry, zoology, geology, astronomy, political economy, rhetoric, English literature, general history, and such other studies as the board may require. Those who hold a state certificate will be excused from examination on all branches in above enumeration preceding geometry, as those are required for a state certificate. Under the law the board is responsible for examining all candidates in all subjects required by statute, but in order to be fair and reasonable, some of these examinations may be oral and individual, and some may be written and general.

NOTE: It is important for all applicants for state diplomas to remember that great value will be attached to the use of the English language in all the papers filed as part of the scholastic examination.

Note as to correspondence.—In order to facilitate office work, graduates of the state normal school, and the state university, conduct their business correspondence regarding diplomas, and state certificates, with the presidents of their respective institutions.

All other official correspondence for the board must be with the president.

RICHARD C. BARRETT,

ADMINISTRATIVE OFFICERS.

The University.

GEORGE EDWIN MACLEAN, LL D., President.

WILLIAM J. HADDOCK, LL.B., Secretary.

LOVELL SWISHER, Treasurer.

EMMA HADDOCK, Assistant Secretary.

CHARLES BUNDY WILSON, M. A., Secretary of the University Senate.

JOHN FRANKLIN BROWN, PH. D., Inspector of Schools.

HERBERT C. DORCAS, PH. B., University Examiner.

ALDEN ARTHUR KNIPE, M. D., Director of Physical Training.

ALICE YOUNG, B. L., Dean of Women.

BERTHA BELLE QUAINANCE, B. A., Registrar.

ARTHUR FAIRBANKS, PH. D., University Editor.

LUTHER ALBERTUS BREWER, M. A., University Publisher.

ALICE BRADSTREET CHASE, Secretary to the President.

The Colleges.

- AMOS NOYES CURRIER, LL.D., Dean, College of Liberal Arts.
CHARLES NOBLE GREGORY, LL.D., Dean of the College of Law.
WILLIAM DRUMMOND MIDDLETON, M. D., Dean of the College of Medicine.
GEORGE ROYAL, M. D., Dean, College of Homeopathic Medicine.
WILLIAM SUITS HOSFORD, D. D. S., Dean, College of Dentistry.
EMIL LOUIS BOERNER, PH. D., Dean of the College of Pharmacy.
LAENAS GIFFORD WELD, M. A., Dean of the Graduate College.
ISAAC A. LOOS, D. C. L., Director Iowa School of Social and Political Science.
HARRY S. RICHARDS, LL.B., Secretary of the Law Faculty.
ELBERT W. ROCKWOOD, M. D., Secretary of the Medical Faculty.
JAMES GRANT GILCHRIST, M. D., Reg. Homeopathic Faculty.
CAPT. GEORGE RITTER BURNETT, U. S. A., Commander of the Cadet Battalion.

The Hospitals.

- JAMES GRANT GILCHRIST, M. D., Director Homeopathic Hospital.
ELVA M. DUNHAM, Matron of the Homeopathic Hospital.
JOHN WALTER HARRIMAN, M. D., Director University Hospital.
SUSAN G. PARISH, Supt. and Principal Nurse, Training School.
EMMA THOMAS, Matron of the University Hospital.

The Library and Museum.

- CHARLES CLEVELAND NUTTING, M. A., Curator of the Museum.
BOHUMIL SHIMEK, C. E., Curator of the Herbarium.
BERTHA GILCHRIST RIDGWAY, Librarian.

COLLEGES AND DEGREES.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly in 1847, in accordance with the constitution of the state adopted 1846.

At present the university comprises the following colleges: Graduate college, college of liberal arts, college of law, college of medicine, college of homeopathic medicine, college of dentistry, college of pharmacy, Iowa school of social and political science, and the hospitals.

COLLEGE OF LIBERAL ARTS — Students are admitted from above 200 accredited high schools and academies, and from the standard colleges of the state, without examination except in

English. Curriculum: four general courses — classical, two philosophical, general scientific; two technical — civil engineering, electrical engineering.

COLLEGE OF LAW — Course extends over three years, nine months each. At completion the degree of LL.B. is conferred.

COLLEGE OF MEDICINE — Course, four years of nine months each. Graduates receive degree of M. D., and are entitled to registration by state board of medical examiners.

COLLEGE OF HOMEOPATHIC MEDICINE — Course, four years of nine months each. Degree of M. D. Registration by state board of medical examiners.

COLLEGE OF DENTISTRY — Course, three years of nine months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

COLLEGE OF PHARMACY — Course, two years of nine months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 130. Students in all departments, 1,542.

Tuition free in the Graduate College, and to impecunious students in the College of Liberal Arts. A nominal tuition in lieu of laboratory fees of \$10, or \$5 a term in the College of Liberal Arts, and in the College of Law \$30 a term; Medicine, \$40 and \$25; Dentistry and Pharmacy, \$50 and \$25. Iowa soldiers in the Spanish-American war honorably discharged, in all colleges receive \$25 on tuition.

The cost of living in Iowa City is small. Many students pay their way in whole or in part by their work. Graduate fellowships at \$225, scholarships at \$125, and undergraduate scholarships at \$25 are available.

General and departmental libraries, approximately of 60,000 volumes; modern laboratories; extensive scientific collections; one of the most valuable museums in the west. Religious, literary, oratorical, musical, debating, athletic and military interests strongly supported by faculties and students.

There are combined courses in the Colleges of Liberal Arts and Law, of Liberal Arts and Medicine, of Liberal Arts and Pharmacy, of Liberal Arts and Dentistry, of Medicine and Dentistry, of Medicine and Pharmacy. A Dean of Women cares for the special interests of the young women. Terms begin September 19, January 2, April 1, June 16.

Announcements sent free. Address,

GEORGE E. MACLEAN,

Iowa City.

President.

OFFICERS OF THE BOARD.

Chairman.—J. B. Hungerford, Carroll.

Secretary.—Edgar W. Stanton, Ames.

Treasurer.—Herman Knapp, Ames.

Financial Secretary.—W. A. Helsell, Odebolt.

Steward.—John Franklin Cavell, Ames.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

COURSES AND DEGREES.

The college embraces the following courses of study:

(1) The course in science as related to the industries, of four years, leads to the degree of Bachelor of Science.

(2) The course in general and domestic science for women, of four years, leads to the degree of Bachelor of Science. Women may take any other course desired.

(3) The course in mechanical engineering, of four years, leads to the degree of Bachelor of Mechanical Engineering.

(4) The course in civil engineering, of four years, leads to the degree of Bachelor of Civil Engineering.

(5) The course in electrical engineering, of four years, leads to the degree of Bachelor of Science in Electrical Engineering.

(6) The course in mining engineering, of four years, leads to the degree of Bachelor of Science in Mining Engineering.

(7) The course in agriculture, of four years, leads to the degree of Bachelor of Agriculture.

(8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine.

(9) Special undergraduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture, mining engineering, clay working and ceramics, and special course in technological chemistry.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. The best specimens of pure bred stock are provided for illustrative work in animal husbandry. A full year has been added to all the long courses excepting agriculture and veterinary science. Tuition is free to students of Iowa. For additional information, address,

PRES. W. M. BEARDSHEAR, Ames.

IOWA STATE NORMAL SCHOOL, CEDAR FALLS.

OFFICERS OF THE BOARD.

President—Richard C. Barrett, *ex officio*.

Treasurer—Homer N. Silliman, Cedar Falls.

Secretary—Alfred Grundy, Cedar Falls.

PLAN OF THE SCHOOL.

The only kind of students admitted to the privileges of the school are those who are teachers or expect to be teachers. All subjects in the program of studies, all work in the laboratories, all selection of books for the library, all equipments of every kind have particularly in mind the special needs of public school teachers. Admission is granted on teacher's county certificate or on graduation from an accredited high school.

OPENING AND CLOSING OF TERMS.

To provide for the particular needs of the teachers and interfere as little as possible with their studies as well, or their teaching by full terms, the calendar is arranged to suit the public schools as follows:

Fall Term—September 3 to November 26, 1901.

Winter Term—December 3, 1901, to March 5, 1902.

Spring Term—March 11 to June 11, 1902.

Summer Term—June 14 to July 25, 1902.

Fall Term—September 2 to November 25, 1902.

ORGANIZATION OF CLASSES.

The entire program of studies can be obtained almost every term. Classes are thus provided for all grades of students in the several branches, so that the peculiar needs of every individual student are easily met. Such an arrangement permits a student to omit a term to teach a school and return and begin his work

just where he was when he left the class. It also provides for graduation at the close of each term, so that diplomas are granted quarterly to such persons as have completed the work according to the required course of study.

COURSES OF STUDY.

Much specialization is possible, as we can select a course that will prepare for department work. The courses are named according to the principal line pursued, viz: English, Latin, Natural Science, Physical Science, Mathematical, History, Civics, German and Elective. All of them require complete preparation for holding an Iowa state certificate and in addition allow the specializing mentioned.

There are also courses for college graduates who are required to take professional studies, courses for primary teachers, courses for vocal music teachers, and plans are being perfected to open courses for kindergartners and for teachers of manual training in 1902-3.

PHYSICAL EDUCATION.

Much provision is made for instruction and training in physical culture. A director of physical training with assistants has been chosen and gymnasiums well equipped have been provided for both men and women. A full line of apparatus for conducting the physical examination of students has been procured and advice and assistance is given to all who need to specially regard their physical welfare. This is a great benefit to all who take advantage of its courses of study and training.

MUSICAL INSTRUCTION.

Large attention is given to both vocal and instrumental music. There is a choral society, six glee clubs, two bands and two orchestras, and a mandolin and guitar club, in all of which instruction is free to all students enrolled in regular work. Personal instruction is obtainable on piano, violin and other stringed instruments, and in voice and harmony at reasonable prices.

LIBRARY AND LABORATORIES.

The library consists of 14,000 volumes and is well provided with magazines and periodicals of all kinds suitable for the students. There are laboratories for chemistry, physics, geology, botany, zoology, and physiology, all the work being done according to the most modern methods.

For bulletin giving full information, address

HOMER H. SEERLEY, *President*,
Cedar Falls, Iowa.

BOARD OF CONTROL OF STATE INSTITUTIONS.

Hon. L. G. Kinne, Chairman, Des Moines.

Hon. John Cownle, South Amana.

Hon. G. S. Robinson, Sioux City.

F. S. Treat, Secretary, Des Moines.

SOLDIERS' ORPHANS' HOME, DAVENPORT.

Superintendent—M. T. Gass.

Under management of the board of control of state institutions.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

The average number in the home is about 460, and the age ten and one-half years. The limit beyond which children are not kept in the home is sixteen years of age.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries.

A library of well-selected juvenile literature is a source of pleasure and profitable entertainment to the children. As from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed, we feel that they should be well supplied with books and reading matter of suitable character for their improvement and enjoyment. A new chapel has been erected for which ex-Governor Larrabee has very generously donated a fine pipe organ. This building is a handsome and much needed addition to the home.

STATE INDUSTRIAL SCHOOLS.

FOR BOYS, ELDORA.

Superintendent—B. J. Miles.

FOR GIRLS, MITCHELLVILLE.

Superintendent—F. P. Fitzgerald.

Under management of the board of control of state institutions.

The object of these institutions is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school where wayward and criminal boys and girls are brought under the influence of Christian instructors and taught by example, as well as precept, the better ways of life. It is a training school where the moral, intellectual, and industrial education of the child is carried on at one and the same time.

Any boy or girl over 7 and under 16 years of age, who has become criminal, vagrant or incorrigible, may be committed to these schools by any court of record. Any boy or girl may be discharged or paroled from these schools at any time after one year's training, upon satisfactory evidence of reformation.

INSTITUTE FOR FEEBLE-MINDED CHILDREN, GLENWOOD.

Superintendent—F. M. Powell, M. D.

Under management of board of control of state institutions.

The purpose or objects of the institution are to provide special methods of training for that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as near as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their wants. The age of admission is between 5 and 21 years.

SCHOOL FOR THE DEAF, COUNCIL BLUFFS.

Superintendent—Henry W. Rothert.

Principal—E. E. Clippinger.

Under management of the board of control of state institutions.

This institution is free to all who are too deaf to be educated in the common schools. They must be sound in mind and free from immoral habits and contagious diseases. No charge is made for board and tuition.

The school opens on the first day of October each year and continues until the last day of June. Pupils should be on hand promptly at the opening of the school and remain until the end of the session.

COLLEGE FOR THE BLIND, VINTON.

Principal—Thos. F. McCune, Vinton, Iowa.

Under management of the board of control of state institutions.

The school term begins on the first day of September and ends about the 30th day of June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with twenty-three pianos, one pipe organ, several cabinet organs and a sufficient number of violins, guitars, bass viols, and brass instruments. Every student capable of receiving it is given a complete course in this branch.

In the industrial department the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys netting, mattress making, and cane seating. Those of either sex, who so desire, may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the state. All that the friends are expected to do is to pay the traveling expenses and furnish clothing. If they are unable to clothe the pupils, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

STATE TEACHERS' READING CIRCLE.

Board of Directors:

- Richard C. Barrett, *president ex officio*, Des Moines.
 J. I. Martin, *secretary and manager*, Charles City, 1903.
 J. M. Brenton, *treasurer*, Des Moines, 1901.
 W. H. Gemmill, Sigourney, 1903.
 J. B. Shorett, Harlan, 1901.
 J. E. Durkee, Sioux Rapids, 1902.
 Viola H. Schell, Montezuma, 1902.

COMPLETE COURSE, READING CIRCLE PRICES.

Books for 1901-1902.

Swett's American Public Schools.....	\$1.00

Roark's Method in Education.....	\$1.00
Skinner's Schoolmaster in Comedy and Satire.....	1.25
Matthews' Introduction to American Literature.....	1.00

Books for 1899-1900

Study of the Child, Taylor.....	\$.90
Teaching the Language Arts, Hinsdale.....	.75
Uncle Sam's Secrets, Austin.....	.60

Books for 1898-1899.

History and Civil Government of Iowa, Parish and Seerley..	\$1.00
Student's Manual of Physics, Cooley.....	1.00
School Recreation and Amusements, Mann.....	1.00

Under the constitution of this organization each county superintendent is made the manager for his county; thus the county superintendent becomes a supervisor of a course of reading for the teachers of his own county. The books are selected by a board of directors chosen from among the county superintendents of the state, acting in conjunction with the superintendent of public instruction, who is chairman *ex officio* of this board. The plan has met with success in all the states where it has been tried. Thirty-five thousand teachers have been enrolled in Iowa alone since the adoption of a course.

County superintendents are requested to correspond with

SUPT. J. I. MARTIN,

Secretary and Manager,

Charles City.

DISTRICTS USING FREE TEXT-BOOKS.

The districts that have availed themselves of the law providing for free text-books are named below. (Parties desiring information upon this question will please address the secretary of the board in those districts):

Allamakee county: Capoli,
Fairview.
Audubon: Audubon, Exira.
Butler: German.
Calhoun: Manson, Rockwell
City.
Cedar: Centerdale, Highland.
Cerro Gordo: Campbell.
Clay: Spencer.
Clinton: Orange, Clinton,
Delmar, Excelsior.
Dallas: Dexter.
Fremont: Highland.
Guthrie: Pioneer.
Hancock: Amsterdam, Ore-
thell.
Hardin: Union Township,
No. 8.
Harrison: Dunlap, Mo. Valley.
Jackson: Preston.
Linn: Kenwood Park.
Marshall: Marshalltown.

Mills: Glenwood, Preston,
Gowen.
Page: Clarinda.
Pocahontas: Pocahontas.
Polk: Capital Park, East
Des Moines, West Des
Moines.
Pottawattamie: Neola, Council
Bluffs.
Poweshiek: Grinnell.
Ringgold: Poe 1 and 2, Mt.
Ayr.
Sioux: Sioux Center.
Story: Nevada, Slater, Bloom-
field.
Tama: Toledo.
Warren: Oak Grove.
Webster: Westlund.
Winnebago: Norway, Logan,
Mt. Valley.
Woodbury: Grant, Oto, Wood-
bury, Liberty, Pierson No. 4.

† Number fitting for college or other higher institutions.

NOTE—In comparing the number of students enrolled this year with the number enrolled last year, just bear in mind that for 1900-1901 the enrollment is given for the entire year; and that for 1901-1902 the enrollment is given at the beginning of the year. This will explain why the number of students is, in many schools, less than it was last year. The difference is quite noticeable in the reports from some of the large towns and cities because a large class is promoted to the high school at the middle of the year.

GENERAL SUMMARY OF

ITEMS COMPARED.	1895.	1896.
Number of ungraded schools.....	12,517	12,526
Rooms in graded schools.....	4,777	5,002
Whole number of schoolrooms.....	17,294	17,528
Average number of days taught.....	160	160
Number of schoolhouses.....	13,613	13,686
Value of schoolhouses.....	\$ 15,645,543	\$ 15,867,425
Schoolhouses built during the year.....	305	293
Schoolhouses with flags.....	4,195	4,684
Enumeration between 5 and 21.....	712,941	720,175
Enrolled in school.....	533,824	543,052
Average daily attendance.....	339,300	345,242
Average number enrolled per teacher.....	30	30
Average monthly tuition, per pupil.....	\$ 1.87	\$ 1.89
Male teachers employed.....	5,726	5,614
Female teachers employed.....	22,117	22,507
Total different teachers employed.....	27,843	28,121
Average monthly compensation, males.....	\$ 37.68	\$ 38.28
Average monthly compensation, females.....	\$ 31.63	\$ 32.23
Teachers needed for the schools.....	17,677	17,861
Schools teaching effects of stimulants.....	16,987	17,220
Teachers enrolled in normal institutes.....	21,968	22,908
Expended for normal institutes.....	\$ 62,140	\$ 61,921
Number of volumes in libraries.....	151,561	176,519
Average compensation of county supts.....	\$ 1,220	\$ 1,226
Paid for teachers' salaries.....	\$ 5,075,492	\$ 5,205,287
For all other purposes.....	\$ 3,242,383	\$ 3,066,243
Total amount expended.....	\$ 8,317,875	\$ 8,271,530

I. Rules governing the accrediting of high schools.

High schools meeting the following conditions may, on vote of the committee on secondary school relations, representing the college department of the Iowa State Teachers' Association, be accredited as affording their graduates full preparation for *one* or *more* college courses; and graduates of such schools will be admitted without conditions or examinations (except in certain subjects, e. g. English, as provided in the catalogues of the several colleges) to such college courses of study as their high school studies have prepared them to enter; provided they present certificates signed by the superintendent of schools or the principal of the high school, specifying in detail the amount and character of their preparatory work, as shown by the branches of study pursued, the length of time spent upon each, the ground covered in each, the text-books used, and the average standings attained, and specifically recommending the applicant as of good moral character, studious habits, and, judging from the previous records, able to carry on college work successfully.

1. The course of study must be not less than four years of thirty-six weeks each in length, following an elementary course not less than eight years of thirty-six weeks each in length.

2. The course of study must require of each pupil not more than four recitations daily.

3. The entire time of at least three teachers must be given to instruction in high school branches.

4. The quality of the instruction given and the character of the text-books used must be approved by the committee on secondary school relations. The present officers of this committee are Chairman, President J. H. T. Main, Grinnell, Iowa; Secretary, Prof. Thomas Nicholson, Mount Vernon, Iowa. The names of the committee in full will be found each year in the report of the Iowa State Teachers' Association, college department.

5. Schools seeking considerable credit in science must demonstrate their ability to do successful laboratory work.

6. Schools seeking considerable credit in history and English must give evidence of a special library equipment for teaching these branches.

High schools maintaining courses of study less than four years in length, and employing less than three teachers, may by vote of the committee on secondary school relations, be accredited as affording their graduates *partial* preparation for *one* or *more* college courses, provided they meet the following conditions:

1. The course of study must be equivalent of at least one year of thirty-six weeks in length, following an elementary course of not less than eight years of thirty-six weeks each in length.

2. The course of study must require of each pupil not more than four recitations daily.

3. The entire time of at least *two* teachers for a *three-year* course, the entire time of at least *one* teacher with *half* time of

another teacher for a *two-year* course, and the entire time of at least *one* teacher for a *one-year* course, must be given to the instruction in high school branches.

4. The quality of the instruction given and the character of the text-books used must be approved by the committee on secondary school relations.

5. Schools seeking considerable credit in science must demonstrate their ability to do successful laboratory work.

6. Schools seeking considerable credit in history and English must give evidence of a special library equipment for teaching these branches.

Private academies, seminaries, normal schools, or other secondary schools, meeting the conditions mentioned above, or their equivalent, may be accepted on the same basis as high schools.

The colleges composing the college department of the state association are, State University, Iowa City; Cornell, Mount Vernon; Iowa College, Grinnell; State Agricultural College, Ames; Upper Iowa University, Fayette; Iowa Wesleyan, Mount Pleasant; Parsons, Fairfield; Penn, Oskaloosa; Drake, Des Moines; Western, Toledo; Des Moines College, Des Moines; Luther, Decorah; Simpson, Indianola; Tabor, Tabor; Coe, Cedar Rapids.

These have uniform entrance requirements, with very slight exceptions. Every school on the accredited list can thus enter its students in some one or more of the courses of each of these institutions.

II. How a high school may become accredited.

1. Either the superintendent of schools, the principal of the high school, or an officer of the board of education, may make application that a high school be accredited.

2. Either should write for the necessary application and report blank to the secretary of the committee on secondary school relations or to the Professor of the Science and Art of Teaching of the State University, who is also the official recorder of the committee on secondary school relations representing the college department. The present secretary of the committee is Prof. Thomas Nicholson, Cornell College, Mount Vernon, Iowa.

3. This blank should be signed by the president and secretary of the board of education, the superintendent of schools, and the principal of the high school. Full and detailed information concerning the teachers, pupils, and material equipment of the high school should be given, according to the outlines given in the blank.

4. This application and report should be forwarded to the Professor of the Science and Art of Teaching in the State University of Iowa, or to the secretary of the committee on secondary school relations, as under 2 above.

5. There should be forwarded along with the application and report *two* copies of the high school courses of study, *corrected to date*.

6. An analysis of the courses of study will be made in the office of the official recorder of the committee on secondary school relations, in such a way as to show their relation to the minimum

requirements for admission to college; and a copy of the analysis will be sent to the superintendent or principal at once.

7. After the high school shall have been duly inspected, and after the inspector's report, together with the analysis of the courses of study, shall have been submitted to the committee on secondary school relations, the committee will accredit the school, if it shall appear that the conditions required shall have been met.

8. The committee desires to receive annually from accredited schools full reports as to teachers, pupils, courses of study, and material equipment in text-books, library, apparatus and buildings, and to this end report blanks will be sent to each accredited school each year shortly after the opening of the school year, from the recorder's office at the State University. Further inquiries will receive prompt attention, as will also any correspondence relating to possible changes in or adjustment of courses of study looking toward the accrediting of any given school if the correspondence is directed to the chairman of the committee on secondary schools, Prof. J. H. T. Main, Iowa College, Grinnell; the secretary of said committee, Prof. Thomas Nicholson, Cornell College, Mount Vernon, Iowa; or to the Professor of Pedagogy of the State University, Iowa City,

REGULATIONS CONCERNING

**State Certificates, Primary State Certificates, Diplomas;
also Special State Certificates**

—FOR—

Teachers of Drawing, Music, Penmanship, or Other Special Branches.

1900-1901.

BOARD OF EDUCATIONAL EXAMINERS.

RICHARD C. BARRETT, ex officio, president.....Des Moines
GEORGE E. MACLEAN, ex officio.....Iowa City
HOMER H. SEERLEY, ex officio.....Cedar Falls
HAMLINE H. FREER*.....Mount Vernon
MARY ALICE BRADRICK†.....Chariton

*Term expires November 26, 1902.

†Term expires February 14, 1905.

REGULATIONS GOVERNING EXAMINATIONS FOR STATE LICENSES TO TEACH.

STATE CERTIFICATES.

I. Documentary evidence.

1. Each candidate must file the following credentials as the official proofs of being qualified to hold a state certificate:

a. Official letters ADDRESSED TO THE BOARD by one or more county or city superintendents, or other professional educators, certifying to the success of the applicant in government and instruction. The work thus commended must have been done under the person's supervision who certifies to its excellence, even if he is not now in office.

b. Statements from the school boards for whom the candidate has taught, certifying to teaching covering at least three years, of thirty-six weeks each, in which good and successful service was rendered. Credentials should be original, explicit in character, of recent date, and addressed "to the state board of educational examiners."

c. Candidates who are graduates of good schools, whose courses of study are approved by the board, and who have pursued a two years' course in didactic subjects, consisting of school management, elementary psychology, principles of education and methods of instruction, will be admitted to the examination on making proofs of two years, of thirty-six weeks each, of successful experience. When, in addition to the above didactic course, such candidates have also had a year of special training in a well organized training school, one year of thirty-six weeks of successful experience, satisfactorily proved, will admit to the examination. Candidates who are graduates of higher institutions of learning, whose courses of study are approved by the board, and who have pursued during the junior or senior year of their course a year of pedagogical study, consisting of history of education, science of education and school supervision, will be admitted to the examination on satisfactory proofs covering thirty-six weeks of successful experience.

2. To be assured that the candidate is successful in instruction and government, the board reserves the right to investigate farther, until all doubt is removed. It is necessary that the applicant be a resident or teacher in Iowa at the time of registration, and part of the work certified to must have been done in Iowa.

II. Plan of the examination.

1. *Preliminary.*—The application blank properly filled out, the fee of \$3, and the credentials mentioned in I and II, must all be filed with the president of the board thirty days before the dates of the examination to receive consideration at that meeting, and approved by the board before the written examination is given.

2. *Didactics*.—School management, elementary psychology, and methods of instruction constitute the examination in this subject. The topics and questions selected will be such as to permit a well-informed teacher to complete the same in one and one-half hours.

3. *U. S. History and English*.—An essay prepared in one and one-half hours on some topic in United States history, which must be written without delay, and not copied, will constitute the examination in United States history, orthography, penmanship, and use of English language, if the other papers written do not discredit the English.

4. Grouping of subjects with options commonly provided:

	Questions asked.	To be answered.
a. Group 1. First paper.		
English grammar.	5	4
Reading.	4	3
Geography.	4	3
b. Group 2. Second paper.		
Civil government of U. S.	4	3
Civil government of Iowa.	4	3
School law.	3	2
Economics.	3	2
c. Group 3. Third paper.		
Arithmetic.	5	4
Algebra.	5	4
Bookkeeping.	3	2
d. Group 4. Fourth paper.		
Physiology.	5	4
Botany.	4	3
Physics.	4	3

Sketching and illustrating the answers in group four will constitute the examination in drawing.

III. Schedule of time granted.

FIRST DAY.

A. M., 8 to 9:30, Essay on U. S. History.

9:30 to 12, Group 1.

P. M., 1:30 to 3, Didactics.

3 to 5, Group 2.

SECOND DAY.

A. M., 8 to 12, Group 3.

P. M., 1:30 to 4:30, Group 4.

IV. Renewal of state certificates.

1. *Proofs required*.—a. The candidate must file letters from superintendents or other prominent educators that certify to the present success in instruction and in government, and to the fact that his present physical condition and mental and moral character are still such as to justify the board in granting him this renewal.

b. He must also show, by official letters from school boards for whom he has worked, the fact of his being successful as an instructor and as a disciplinarian under the expiring certificate.

2. *Examination required.*—Unless otherwise decided, the candidate must appear at the time assigned and take such examination as the board may think necessary, but, where personal knowledge or acquaintance of the board with the applicant may permit, and where the first examination was good, an original essay on an educational topic, assigned by the board, may be substituted for personal presence at the examination. This paper must be in the handwriting of the applicant, and must show professional study and investigation.

V. General suggestions to all candidates.

1. An examination for state certificate must be had before there can be an application for a state diploma. A teacher must do work under the supervision of this board for three years under a state certificate, before an application for a diploma can be considered.

2. Applicants will bear in mind that the possession of a state certificate, a primary or special teacher's certificate, or a state diploma, will not in any sense lessen their duty to comply with all the rules and requirements of the county superintendent of the county in which they are teaching.

3. Candidates are advised to arrive the day before at the place of examination, as no allowance can be made for delayed trains or for poor physical and mental condition, caused by illness or loss of sleep.

4. The examination at the times announced, will be restricted to the published program given in this circular.

5. All necessary paper, pens, and pencils will be furnished each candidate at the time of the examination.

6. Lists of old questions are not sent out to applicants, as such questions are no guide to the next examination.

7. The law governing this board can be found in sections 2628-2634 of the Code, and amendments enacted by the Twenty-seventh and Twenty-eighth General Assemblies.

PRIMARY STATE CERTIFICATES.

THE PRIMARY TEACHER'S CERTIFICATE is intended for primary teachers as a recognition of professional skill and successful experience. The holder of such a certificate will be authorized to teach in first, second and third grades in any public school in the state for a period of five years. The fee, as fixed by law, is three dollars, one-half of which is returned in case of failure.

I. DOCUMENTARY EXAMINATION. The following testimonials and credentials are required as evidence of success in primary teaching and of good character as a person.

1. Official statements addressed to the Board of Examiners from the present school board and from other boards certifying to the service of the applicant as teacher in first, second, or third

grade work for a period of three years of thirty-six weeks each, two of which years must have been under one school board.

2. Professional statements from county superintendent, city superintendent or village principal under whose supervision the applicant has worked, certifying to the particular and professional success of the applicant as a teacher of the first, second, and third grade work.

3. Candidates who are graduates of good schools, whose courses of study are approved by the board, and who have pursued a two years' course in didactic subjects, consisting of school management, elementary psychology, principles of education, and primary methods of instruction, will be admitted to the examination on making proofs of two years of thirty-six weeks each of successful experience in primary teaching. When, in addition to the above didactic course, such candidates have also had a year of special training in a well organized primary training school, one year of thirty-six weeks of successful experience in primary school work, satisfactorily proved, will admit to the examination. Candidates who are graduates of higher institutions of learning, whose courses of study are approved by the board, and who have pursued during the junior or senior year of their course a year of pedagogical study consisting of history of education, science of education, and primary methods, will be admitted to the examination on satisfactory proofs covering thirty-six weeks of successful experience as primary teachers.

II. SCHOLASTIC EXAMINATION. To insure that the applicant has sufficient scholarship to be granted a primary teacher's certificate, the following things are required:

1. Such an examination in the branches, orthography, reading, writing, arithmetic, geography, grammar, history of the United States, and physiology and hygiene, as in each individual case may be necessary to insure good scholarship in the applicant. In cases where the applicant is the holder of an excellent county certificate in force in regard to these branches, this scholastic examination may not be necessary. By sending to the president of the board the certificate and any other documentary evidence that may assist in making the necessary proofs, this part of the examination can be determined before the date of appearance before the board.

2. The examination in English will be determined by a thesis of at least one thousand words.

III. PROFESSIONAL EXAMINATION. The following subjects as outlined in the syllabus will constitute the professional examination

required for the present year: Psychology of the child, school management, history of education, school laws of Iowa, primary methods, vocal music, physical culture, drawing, and plant study.

IV. PLAN OF EXAMINATION. As preliminary, the application blank properly filled out, the fee of three dollars, and the credentials mentioned in I and II, must all be filed with the president of the board *thirty* days before the dates of the examination, to receive consideration at that meeting, and be approved by the board before the written examination is given.

V. SCHEDULE OF TIME GRANTED.

First Day.

A. M.—8:00 to 9:30—Psychology of the child. School management.

9:30 to 12:00—History of education. School laws of Iowa.

P. M.—1:30 to 4:00—Primary methods. Drawing. Plant study.

4:00 to 5:00—Vocal music. Physical culture.

Second Day.

A. M.—8:00 to 12:00.—P. M.—1.30 to 5:00—Scholastic examination in case board requires same. See section II, note 1, in this circular.

SPECIAL STATE CERTIFICATES.

The law authorizing the Iowa state board of educational examiners to grant special certificates was enacted in 1900, and is as follows:

"SEC. 2. It may also issue a special certificate to any teacher of music, drawing, penmanship, or other special branches, or to any primary teacher, of sufficient experience, who shall pass such examination as the board may require in the branches and methods pertaining thereto, for which the certificate is sought. Such certificates shall be designated by the name of the branch, and shall not be valid for any other department or branch. The board shall keep a complete register of all persons to whom certificates or diplomas are issued."

The special state certificate is intended for teachers of special branches, as a recognition of professional skill and successful experience in teaching a particular subject.

While the candidate must possess complete and technical knowledge of the special branch for the teaching of which a certificate is desired, some general education and culture will be required, as a certificate cannot be granted on account of proficiency in one subject only.

The holder of a special certificate will be authorized to teach the branch specified in any public school in the state for a period

of five years. The fee, as fixed by law, is \$3, one-half of which is returned in case of failure. Certificates will be issued to the same person in more than one branch, but the fee of \$3 must be paid for each, as no special certificate will authorize the holder to teach more than one subject.

In addition to music, drawing and penmanship, special certificates will be granted in English (involving English grammar, composition, rhetoric, and literature), Latin, German, mathematics (involving arithmetic, algebra, geometry, trigonometry), and individual sciences.

I. *Documentary examination.*—The following testimonials and credentials are required as evidence of success as a teacher of a particular subject, and of good moral character as a person:

1. Official statements from school boards, certifying to the service of the applicant as a teacher of the subject in which certificate is asked, for a period of three years, of thirty-six weeks each, two of which years must have been under one school board.

2. Candidates who are graduates of good secondary or normal schools, and graduates of higher institutions of learning, may have such reduction in time of successful experience required as the board of examiners may decide after consideration of each individual case. It is to be understood, however, in all cases of reduction of time, that candidates have pursued scholastic and pedagogical courses, approved by the board.

3. Professional statements from city or county superintendents or village principals, under whose supervision the applicant has worked, certifying to the particular and professional success of the applicant as a teacher of the specified branch.

II. *Scholastic examination.*—To insure that the applicant has sufficient scholarship to be granted a special teacher's certificate, the following things are required:

1. Such an examination in the branches, orthography, reading, writing, arithmetic, geography, grammar, history of U. S., and physiology and hygiene, as in each individual case may be necessary to insure good scholarship in the applicant. In cases where the applicant is the holder of an excellent county certificate, in force, in regard to these branches, this scholastic examination may not be necessary.

2. The examination in grammar and composition will be determined by a thesis of at least one thousand words, subject to be selected by the board, in harmony with the kind of certificate sought by the applicant.

III. *Professional examination.*—Syllabi will be prepared in music, drawing, and penmanship, and these can be had on application. It does not seem necessary to give a syllabi, outlining points to be emphasized in other subjects, but on each subject a rigid examination will be required, both upon knowledge of the branch itself and upon the methods of teaching it. In science, laboratory work will be required, and candidates for special science certificates will be examined at such places as the board of examiners may direct.

IV. *Plan of examination.*—As preliminary, the application blank properly filled out, the fee of \$3, and the credentials mentioned in I and II, must all be filed with the president of the board before May 1st, and November 1st, of each year, to receive consideration at the semi-annual meeting of the board in order to be admitted to the written examination.

NOTE: All correspondence for special certificates should be added to the president of the board.

STATE DIPLOMAS.

I. *General requirements.*

1. In every case the applicant must have held a state certificate, and have taught under the supervision of this board at least three years before applying for the state diploma, a life certificate.

2. Every candidate will be required to file the following credentials:

a. Documentary evidence from standard reputable educational institutions, certifying to the special scholarship and training of the applicant.

b. Documentary evidence showing the standing and ability of the applicant as an educator. This evidence should cover recent work.

c. He should also refer to at least three persons of good scholarship and professional success, who are engaged in educational work, and who can vouch for his success and character.

d. Credentials should be original, of recent date, of specific character, and addressed "to the state board of educational examiners."

II. *Specific requirements.*

I. In his registration blank, the candidate must certify that he has taught or studied all the branches that are required by law for the state diploma.

2. He must give, in detail, the places where he has done educational work, and must produce evidence that he has taught at least eight years, three of which having been in Iowa within recent years.

3. He must be a resident of Iowa at the time of his application.

4. He must file, in his own handwriting, an original thesis of from 3,000 to 4,000 words on a professional subject, assigned by the board. In every case this thesis must be fully outlined, and be accompanied by a bibliography of the subject considered.

5. The thesis will be marked by such persons as the board may designate on the following points:

- a. Correct use of the English language.
- b. Choice and arrangement of subject-matter.
- c. Thought and expression.
- d. Originality and research.
- e. General appearance of the manuscript.

III. *Educational requirements.*

In accordance with the statute, candidates for state diplomas are required to be examined in orthography, reading, writing, arithmetic, geography, English grammar, bookkeeping, physiology, history of the United States, algebra, botany, natural philosophy, drawing, civil government, constitution and laws of the state, didactics, geometry, trigonometry, chemistry, zoology, geology, astronomy, political economy, rhetoric, English literature, general history, and such other studies as the board may require. Those who hold a state certificate will be excused from examination on all branches in above enumeration preceding geometry, as those are required for a state certificate. Under the law the board is responsible for examining all candidates in all subjects required by statute, but in order to be fair and reasonable, some of these examinations may be oral and individual, and some may be written and general.

NOTE. It is important for all applicants for state diplomas to remember that great value will be attached to the use of the English language in all the papers filed as part of the scholastic examination.

Note as to correspondence—In order to facilitate office work, graduates of the state normal school, and the state university, conduct their business correspondence regarding diplomas, and state certificates, with the presidents of their respective institutions.

All other official correspondence for the board must be with the president.

RICHARD C. BARRETT,
President Board of Educational Examiners.

ARTICLES OF INCORPORATION AND BY-LAWS OF THE IOWA STATE TEACHERS' ASSOCIATION.

Know all men by these presents:

That we, whose names are hereunto attached, and those who may hereafter become associated with us, having for our objects mutual improvement, the advancement of the schools and the promotion of the educational interests of the state of Iowa, do hereby form a body corporate, having its principal place of business at Des Moines, with full powers and privileges specified in chapter 2, title 9, of the Code of Iowa, as far as the same are applicable, and to sue and be sued in its corporate name, do hereby agree to and adopt the following articles of incorporation:

ARTICLE I.

NAME.

This corporation shall be styled the **Iowa State Teachers' Association.**

ARTICLE II.

MEMBERSHIP.

Any person engaged in educational or literary work may become a member by paying a fee of one dollar, and having his name enrolled. Any such person may become a life member by paying at once ten dollars.

ARTICLE III.

OFFICERS.

The officers of this association shall consist of a president, three vice-presidents, a secretary, a treasurer, and an executive committee of three elective members, the president of the association being ex-officio the fourth member.

The president and vice-presidents shall be elected for the term of one year. The executive committee shall be elected for the term of three years, in such a manner that one shall go out of office each year, and the one holding the shortest term of office shall be chairman of said committee. The secretary and the treasurer shall be elected for the term of three years.

The president shall preside at the annual meeting and deliver an inaugural address.

The vice-presidents shall rank as first, second and third vice-presidents. If from any cause, the office of president is vacant, the senior vice-president shall perform the duties of president.

The secretary shall keep a full record of all the proceedings of the association, and shall, under the direction of the superintendent of public instruction, edit and prepare for publication the minutes of the annual meeting, the papers read before the general and department meetings, and such other matter as the general association may order published. He shall also serve as secretary of the executive committee, and shall be paid twenty-five dollars per annum as remuneration for his services.

The treasurer shall have custody of all—except permanent—funds belonging to the association, shall disburse the same only upon the presentation of bills properly audited by the auditing or executive committee and shall make a detailed report of his receipts and expenditures, and the condition of the treasury, at the annual meeting.

The executive committee shall carry out all measures authorized by this association, determine the time and place of holding the annual meeting, prepare its program, and provide each member of the association with a printed copy of the same at least two months before the annual meeting. They shall also arrange business for the daily sessions of said meeting. They shall receive and hold in trust for the corporation all property and permanent funds belonging thereto.

All vacancies, except in the office of president, shall be filled by the executive committee, such appointees to hold office only till their successors shall be elected at the annual meeting following.

ARTICLE IV.

DEPARTMENTS.

The association shall include departments as follows:

The college and university department.

The county superintendents' department.

The department of normal and secondary instruction.

The elementary and graded department.

ARTICLE V.

EDUCATIONAL COUNCIL.

Members.—The superintendent of public instruction shall be *ex-officio* member and chairman. The elective members shall be elected by ballot, as follows:

Six members by the association.

Six members by the college and university department.

Six members by the county superintendents' department.

Six members by the department of normal and secondary instruction.

Twelve members by the elementary and graded department, but the vacancies shall be filled from the department from which they shall occur.

Six members by the educational council.

The council shall have power to fill all vacancies in its membership.

No person shall be elected to, or hold membership in the council who is not an active member of the association; and shall any member fail to attend the annual meeting of the council, he shall forfeit his membership therein unless excused by the council.

Term of Service.—Elective members shall serve for three years, one-third being elected annually. At the expiration of a three years' term of service, members, except those elected by the council, shall not be eligible to immediate re-election.

Duties of the Council.—To consider carefully the needs and ends of the several departments of educational work, and recommend the ways and methods whereby the educational forces and agencies of the state may be more wisely adjusted and controlled.

Committees.—The council shall appoint from its own members such standing committees as may be deemed necessary, and also the advisory board of the superintendent of public instruction.

Meetings.—The council shall meet at the same place and during the same week as the general association, as follows:

On the first day of the annual meeting, for completing the work of the year, and preparing reports to the general association.

On the last half day of the annual meeting for organization, election of members, arrangements of standing committees, and assignment of topics for work of the coming year.

Reports.—At the request of the council, the executive committee may set apart not more than one-half day of the annual meeting for papers and reports from the council and discussion thereon.

ARTICLE VI.

BOARD OF DIRECTORS.

A. W. Stuart, H. G. Lamson, F. J. Sessions, and William Wilcox are the corporate members of the board of directors of this corporation. They shall hold their office till their successors are elected, and they shall have perpetual succession.

ARTICLE VII.

AMENDMENTS.

These articles of incorporation and by-laws may be amended at any annual meeting by a two-thirds vote of the members present; provided that twenty-four hours' notice of such amendment has been publicly given.

BY-LAWS.

ARTICLE I.

MEETINGS.

The annual meeting shall be held during the winter holidays, at such time and place as may be determined by the executive committee.

ARTICLE II.

STANDING COMMITTEES.

At the beginning of each annual meeting the president shall appoint the following standing committees.

Enrollment.

Finance.

Resolutions.

President's address.

Teachers' situations. (One member.)

Educational legislation. (Two members.)

The committee on teachers' situations shall consist of three members who shall serve for a term of three years, one member to be appointed annually by the president.

He shall the first year, appoint three members, one for three years, one for two years, and one for one year.

The committee on educational legislation shall consist of six members, who shall be appointed by the president, and serve for a term of three years. He shall, the first year, appoint six members two for three, two for two, and two for one year.

(Amendment, see page 11, proceedings of 1899.)

The finance committee shall consist of three members, who shall serve for a term of three years, one member to be appointed annually by the president of the Association, save that in 1899, there shall be three members appointed, whose terms of office for one, two or three years shall be determined by lot. The senior member of the committee shall be the chairman. No bills against the Association, except those authorized by the executive committee, shall be paid until audited by the finance committee. The finance committee shall examine the books and vouchers of the treasurer, and render to the Association annually a detailed statement of the receipts and expenditures of the Association for the year.

ARTICLE III.

ELECTION OF OFFICERS.

On the day on which department meetings occur, each department shall select by ballot from its members three, who, with those selected by other departments, shall constitute a nominating committee, who shall nominate all officers of the general association, and unless a ballot is ordered, the adoption of their report will constitute the election of the officers nominated.

The report of the nominating committee and the election of officers shall take place on the day next following the election of said committee, at such time as shall be designated on the program of the executive committee.

ARTICLE IV.

BALLOTS.

Only life members, and active members who have paid their annual fees, shall be entitled to vote, and each one, before depositing his ballot, shall exhibit to the tellers his certificate of membership. The balloting shall be conducted in such manner as the executive committee may prescribe.

ARTICLE V.

PAPERS.

All papers read before the association, or any department or section by members thereof, become the property [of the corporation, and no member shall read any such paper who has not previously placed a duplicate copy of the same in the hands of the secretary of the meeting in which the paper is read.

ARTICLE VI.

DEPARTMENTS.

Organization.—A new department may be organized on written application of twenty members of the association, recommendation of the executive committee, and a two-thirds vote of the association.

Management.—Each department shall be administered by a chairman and secretary and such other officers as it shall deem necessary to conduct its affairs. It shall prescribe its own rules of membership, provided that no person be admitted to membership who is not an active member of this association. It shall also prepare its own program for the annual meeting.

Sections.—The elementary and graded department shall consist of the superintendents' and principals' section, the penmanship and drawing section, the primary section, the library section, and the school directors' section.

Departments may institute other sections by and with the consent of the general association.

The executive committee shall provide a time and place and the program for the business meeting of departments composed of sections.

ARTICLE VII.

ROUND TABLES.

At the request of ten members, departments or sections may establish round tables. All round table meetings must be held on the first day of the association. Each round table shall select a leader for the ensuing year who shall be responsible for the program of the meeting, and shall place a copy of the same in the hands of the chairman of the executive committee at least three months before the annual meeting. Upon the failure of the round table to select a leader, or of the leader to provide a program as above, the existence of the round table shall cease and it can only be reinstated by petition to the department or section to which it belonged.

ARTICLE VIII.

ORDER OF PROGRAM.

The session of the annual meeting shall continue three days as follows:

First Day.—Morning session. Educational council.

Afternoon session. Subordinate meetings.

Evening session. General association.

Second Day.—Morning session. General association.

Afternoon session. Department and section meetings.

Evening session. General association.

Third Day.—Morning session. General association.

Afternoon session. Business meeting of general association, reports of educational council, and standing committees.

The annual meeting shall close on the afternoon of the third day.

MARGARET BUDINGTON, Librarian of State Historical Society
Library.

Colleges and Degrees.

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly in 1847, in accordance with the constitution of the state adopted 1846.

At present the university comprises the following organizations: Graduate college, college of liberal arts, including engineering and summer session, college of law, college of medicine, college of homeopathic medicine, college of dentistry, college of pharmacy, Iowa school of social and political science, and the hospitals.

COLLEGE OF LIBERAL ARTS.—Students are admitted from above 200 accredited high schools and academies, and from the standard colleges of the state, without examination except in English. Curriculum; numerous elective subjects grouped under three general courses—classical, philosophical, general scientific, and two technical—civil engineering, electrical engineering.

COLLEGE OF LAW—Course extends over three years, nine months each. At completion the degree of LL. B. is conferred.

COLLEGE OF MEDICINE—Course, four years of nine months each. Graduates receive degree of M. D. and are entitled to registration by state board of medical examiners.

COLLEGE OF HOMEOPATHIC MEDICINE—Course, four years of nine months each. Degree of M. D. Registration by state board of medical examiners.

COLLEGE OF DENTISTRY—Course, three years of nine months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

COLLEGE OF PHARMACY—Course, two years of nine months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 160. Students in all departments, 1,512.

Tuition free in the Graduate College, and to impecunious students in the College of Liberal Arts. A nominal tuition in lieu of laboratory fees of \$25 a year in the College of Liberal Arts, and in the College of Law \$30 a semester; Medicine, \$40 and \$25; Dentistry, \$60 and \$40; Pharmacy, \$50 and \$25. Soldiers in the Spanish-American war honorably discharged, in all colleges receive \$25 on tuition.

The cost of living in Iowa City is small. Many students pay their way in whole or in part by their work. Graduate fellowships at \$225, scholarships at \$125, and undergraduate scholarships at \$25 are available.

General and departmental libraries, approximately of 68,000 volumes; modern laboratories; extensive scientific collections; one of the most valuable museums in the west. Religious, literary, oratorical, musical, debating, athletic and military interests strongly supported by faculties and students.

There are combined courses in the Colleges of Liberal Arts and Law, of Liberal Arts and Medicine, of Liberal Arts and Pharmacy, of Liberal Arts and Dentistry, of Medicine and Dentistry, of Medicine and Pharmacy. A Dean of Women cares for the special

interests of the young women. Semesters begin February 10, and September 24, 1903. Summer session June 22.

Announcements sent free. Address,

Iowa City. GEORGE E. MACLEAN,
President.

IOWA STATE COLLEGE OF AGRICULTURE AND THE MECHANIC ARTS, AMES.

BOARD OF TRUSTEES.

Albert B. Cummins, governor of the state, and Richard C. Barrett, superintendent public instruction, members *ex officio*.

OFFICERS OF THE BOARD.

Chairman.—J. B. Hungerford, Carroll.

Secretary.—W. J. Dixon, Sac City.

Treasurer.—Herman Knapp, Ames.

Financial Secretary.—W. A. Helsell, Odebolt.

Steward.—John Franklin Cavell, Ames.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning

as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

COURSES AND DEGREES.

The college embraces the following courses of study:

(1) The course in science as related to the industries, of four years, leads to the degree of Bachelor of Science.

(2) The course in general and domestic science for women, of four years, leads to the degree of Bachelor of Science. Women may take any other course desired.

(3) The course in mechanical engineering, of four years, leads to the degree of Bachelor of Mechanical Engineering.

(4) The course in civil engineering, of four years, leads to the degree of Bachelor of Civil Engineering.

(5) The course in electrical engineering, of four years, leads to the degree of Bachelor of Science in Electrical Engineering.

(6) The course in mining engineering, of four years, leads to the degree of Bachelor of Science in Mining Engineering.

(7) The course in agriculture, of four years, leads to the degree of Bachelor of Scientific Agriculture.

(8) The course in veterinary science leads to the degree of Doctor of Veterinary Medicine.

(9) Special undergraduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture, mining engineering, clay working and ceramics, and special course in technological chemistry.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. The best specimens of pure bred stock are provided for illustrative work in animal husbandry. Tuition is free to students of Iowa. For additional information, address,

ACTING PRES. E. W. STANTON, Ames.

OFFICERS OF THE BOARD.

President—Richard C. Barrett, *ex officio*.

Treasurer—Homer N. Silliman, Cedar Falls.

Secretary—Alfred Grundy, Cedar Falls.

PLAN OF THE SCHOOL.

The only kind of students admitted to the privileges of the school are those who are teachers or expect to be teachers. All subjects in the program of studies, all work in the laboratories, all selection of books for the library, all equipments of every kind have particularly in mind the special needs of public school teachers. Admission is granted on teacher's county certificate or on graduation from an accredited high school.

OPENING AND CLOSING OF TERMS.

To provide for the particular needs of the teachers and to interfere as little as possible with their studies as well, or their teaching by full terms, the calendar is arranged to suit the public schools, as follows:

Fall Term—September 2 to November 26.

Winter Term—December 2 to March 11.

Spring Term—March 17 to June 10.

Summer Term—June 13 to July 24.

The entire program of studies can be obtained almost every term. Classes are thus provided for all grades of students in the

several branches, so that the peculiar needs of every individual student are easily met. Such an arrangement permits a student to omit a term to teach a school and return and begin his work just where he was when he left the class. It also provides for graduation at the close of each term, so that diplomas are granted quarterly to such persons as have completed the work according to the required course of study.

COURSES OF STUDY.

Much specialization is possible, as one can select a course that will prepare for department work. The courses are named according to the principal line pursued, viz: English, Latin, Natural Science, Physical Science, Mathematical, History, Civics, German and Elective. All of them require complete preparation for holding an Iowa state certificate and in addition allow the specializing mentioned.

There are also courses for college graduates who are required to take professional studies, courses for primary teachers, for vocal and instrumental music teachers, for drawing teachers and for teachers of reading and public speaking.

PHYSICAL EDUCATION.

Much provision is made for instruction and training in physical culture. A director of physical training with assistants has been chosen and gymnasiums well equipped have been provided for both men and women. A full line of apparatus for conducting the physical examination of students has been procured and advice and assistance is given to all who need to specially regard their physical welfare. This is a great benefit to all who take advantage of its courses of study and training.

MUSICAL INSTRUCTION.

Large attention is given to both vocal and instrumental music. There is a choral society, six glee clubs, two bands and two orchestras, and a mandolin and guitar club, in all of which instruction is free to all students enrolled in regular work. Personal instruction is obtainable on piano, violin and other stringed instruments, and in voice and harmony at reasonable prices.

LIBRARY AND LABORATORIES.

The library consists of 14,000 volumes and is well provided with magazines and periodicals of all kinds suitable for the students.

There are laboratories for chemistry, physics, geology, botany, zoology, and physiology, all the work being done according to the most modern methods.

For bulletin giving full information, address

HOMER H. SEERLEY, *President*,
Cedar Falls, Iowa.

BOARD OF CONTROL OF STATE INSTITUTIONS.

Hon. John Cownie, Chairman, South Amana.

Hon. L. G. Kinne, Des Moines.

Hon. G. S. Robinson, Sioux City.

F. S. Treat Secretary, Des Moines.

SOLDIERS' ORPHANS' HOME, DAVENPORT.

Superintendent—M. T. Gass.

Under management of the board of control of state institutions.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

The average number in the home is about 460, and the age ten and one-half years. The limit beyond which children are not kept in the home is sixteen years of age.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries.

A library of well selected juvenile literature is a source of pleasure and profitable entertainment to the children. As from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed, they are well supplied with books and reading matter of suitable character for their improvement and enjoyment. The new chapel erected last year, is a handsome and much needed addition to the home.

STATE INDUSTRIAL SCHOOLS.

FOR BOYS, ELDORA.

Superintendent—B. J. Miles.

FOR GIRLS, MITCHELLVILLE.

Superintendent—F. P. Fitzgerald.

Under management of the board of control of state institutions.

The object of these institutions is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school where wayward and criminal boys and girls are brought under the influence of Christian instructors and taught by example, as well as precept, the better ways of life. It is a training school where the moral, intellectual, and industrial education of the child is carried on at one and the same time.

Any boy or girl over 7 and under 16 years of age, who has become criminal, vagrant or incorrigible, may be committed to these schools by any court of record. Any boy or girl may be discharged or paroled from these schools at any time after one year's training, upon satisfactory evidence of reformation.

INSTITUTE FOR FEEBLE-MINDED CHILDREN, GLENWOOD.

Superintendent—F. M. Powell, M. D.

Under management of the board of control of state institutions.

The purpose or objects of the institution are to provide special methods of training for that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as near as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their wants. The age of admission is between 5 and 21 years, and feeble minded women may be sent there until forty-five years of age.

SCHOOL FOR THE DEAF, COUNCIL BLUFFS.

Superintendent—Henry W. Rother

Under management of the board of control of state institutions.

This institution is free to all who are too deaf to be educated in the common schools. They must be sound in mind and free from immoral habits and contagious diseases. No charge is made for board and tuition.

The school opens on the first day of October each year and continues until the last day of June. Pupils should be on hand promptly at the opening of the school and remain until the end of the session.

COLLEGE FOR THE BLIND, VINTON.

Principal—Thos. F. McCune, Vinton, Iowa.

Under management of the board of control of state institutions.

The school term begins on the first day of September and ends about the 30th day of June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with twenty-three pianos, one pipe organ, several cabinet organs and a sufficient number of violins, guitars, bass viols and brass instruments. Every student capable of receiving it is given a complete course in this branch.

In the industrial department the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys netting, mattress making and cane seating. Those of either sex, who so desire, may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the state. All that the friends are expected to do is to pay the traveling expenses and furnish clothing. If they are unable to clothe the pupils, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

STATE TEACHERS READING CIRCLE.

Board of managers for the year 1902-1903.

Richard C. Barrett, *president, ex-officio*, Des Moines.
Z. C. Thornburg, *secretary and manager*, Des Moines, 1905.
B. Dimmitt, *treasurer*, Ottumwa, 1905.
O. J. McManus, Council Bluffs, 1904.
E. J. Hook, Decorah, 1904.
J. E. Durkee, Sioux Rapids, 1903.
Viola H. Schell, Montezuma, 1903.

Books for 1902-1903.

School Sanitation and Decoration, D. C. Heath & Co.	\$1.00
Hodge's Nature Study and Life, Ginn & Co.	1.00
White's Art of Teaching, American Book Co.	.90
Jean Mitchell's School, Public School Pub. Co.	.75
Welch's How to Study, Welch & Co.	.40

Any three of the books will constitute full requirements for the present year. The Board selected five books thinking this plan would give the teachers a greater variety. However, there may be teachers who care for only one or two books on the list.

Under the constitution of this organization each county superintendent is made the manager for his county; thus the county superintendent becomes a supervisor of a course of reading for the teachers of his own county. The books are selected by a board of directors chosen from among the county superintendents of the state, acting in conjunction with the superintendent of public instruction, who is chairman *ex-officio* of this board. The plan has met with success in all the states where it has been tried.

The state manager will be glad to receive any offered suggestions and to render any assistance in promoting the efficiency of the work. For further information concerning the Reading Circle work or books, and for supplies of the official circular, address the manager,

Z. C. THORNBURG,
Des Moines, Iowa.

*P. O. Des Moines.

†Number fitting for college or other higher institutions.

NOTE—In comparing the number of students enrolled this year with the number enrolled last year, just bear in mind that for 1901-1902 the enrollment is given for the entire year; and that for 1902-1903 the enrollment is given at the beginning of the year. This will explain why the number of students is, in many schools, less than it was last year. The difference is quite noticeable in the reports from some of the large towns and cities because a large class is promoted to the high school at the middle of the year.

DISTRICTS USING FREE TEXT-BOOKS.

The districts that have availed themselves of the law providing for free text-books are named below. (Parties desiring information upon this question will please address the secretary of the board in those districts):

Adams county: Corning.
Allamakee: Capoli, Fairview.
Audubon: Audubon, Exira.
Calhoun: Manson, Rockwell City.
Cedar: Centerdale, Highland.
Cerro Gordo: Campbell.
Clay: Spencer.
Clinton: Clinton, Excelsior.
Dallas: Dexter.
Des Moines: Harmony, & No. 1.
Fremont: Highland, Madison township.
Guthrie: Pioneer.
Hancock: Amsterdam, Orthell.
Hardin: Union Township, No. 8.
Harrison: Dunlap, Mo. Valley.
Jackson: Preston.
Linn: Kenwood Park, Cedar Rapids.
Marshall: Marshalltown.
Mills: Glenwood, Preston, Gowen.

Page: Clarinda.
Pocahontas: Pocahontas.
Polk: Capital Park, E. Des Moines, West Des Moines, Oak Park, Grant Park, Park Avenue.
Pottawattamie: Neola, Council Bluffs.
Poweshiek: Grinnell.
Ringgold: Poe 1 and 2, Mt. Ayr.
Sioux: Sioux Center, Welcome Township.
Story: Nevada, Slater, Bloomfield, Kelley.
Tama: Toledo.
Warren: Oak Grove.
Webster: Westlund.
Winnebago: Norway, Logan.
Woodbury: Grant, Oto, Woodbury No. 4, Lone Tree, Fair Play, Little Sioux, Liberty, Sergeant's Bluff.

REGULATIONS CONCERNING

State Certificates, Primary State Certificates, Diplomas; Also Special State Certificates

—FOR—

Teachers of Drawing, Music, Penmanship, or Other Special Branches. 1902—1903.

BOARD OF EDUCATIONAL EXAMINERS.

RICHARD C. BARRETT, ex officio, president.....Des Moines
GEORGE E. MACLEAN, ex officio.....Iowa City
HOMER H. SEERLEY, ex officio.....Cedar Falls
HAMLINE H. FREER*.....Mount Vernon
MARY ALICE ALTONA†.....Des Moines

*Term expires November 26, 1902. O. J. McManus, Council Bluffs, appointed to succeed Professor Freer.

†Term expires February 14, 1905.

LIFE DIPLOMAS.

I. General requirements.

1. In every case the applicant must have held a state certificate, and have taught under the supervision of this board at least three years before applying for the state diploma, a life certificate.

2. Every candidate will be required to file the following credentials:

a. Documentary evidence from standard reputable educational institutions, certifying to the special scholarship and training of the applicant.

b. Documentary evidence showing the standing and ability of the applicant as an educator. This evidence should cover recent work.

c. He should also refer to at least three persons of good scholarship and professional success, who are engaged in educational work, and who can vouch for his success and character.

d. Credentials should be original, of recent date, of specific character, and addressed "to the state board of educational examiners."

II. Specific requirements.

1. In his registration blank, the candidate must certify that he has taught or studied all the branches that are required by law for the state diploma.

2. He must give, in detail, the places where he has done educational work, and must produce evidence that he has taught at least eight years, three of which have been in Iowa within recent years.

3. He must be a resident of Iowa at the time of his application.

4. He must file, in his own handwriting, an original thesis of from 3,000 to 4,000 words on a professional subject, assigned by the board. In every case this thesis must be fully outlined, and be accompanied by a bibliography of the subject considered.

5. The thesis will be marked by such persons as the board may designate on the following points:

a. Correct use of the English language.

b. Choice and arrangement of subject-matter.

- c. Thought and expression.
- d. Originality and research.
- e. General appearance of the manuscript.

III. Educational Requirements.

In accordance with the statute, candidates for state diplomas are required to be examined in orthography, reading, writing, arithmetic, geography, English grammar, bookkeeping, physiology, history of the United States, algebra, botany, natural philosophy, drawing, civil government, constitution and laws of the state, didactics, geometry, trigonometry, chemistry, zoology, geology, astronomy, political economy, rhetoric, English literature, general history, and such other studies as the board may require. Those who hold a state certificate will be excused from examination on all branches in above enumeration preceding geometry, as those are required for a state certificate. Under the law the board is responsible for examining all candidates in all subjects required by statute, but in order to be fair and reasonable, some of these examinations may be oral and individual, and some may be written and general.

NOTE: It is important for all applicants for state diplomas to remember that great value will be attached to the use of the English language in all the papers filed as part of the scholastic examination.

STATE CERTIFICATES.

By order of the board, on and after September 1, 1902, state certificates issued shall enumerate the subjects which the holder is authorized to teach. Candidates seeking a first certificate or those wishing renewal may be examined in additional subjects without paying an extra fee. Such subjects will include in part, those beyond the state certificate, required in high schools.

For the information of those desiring to become candidates, and to encourage the professional preparation of teachers, the board has classified candidates for state certificates under the following heads and established the following requirements:

1. Classes of Candidates:

- a. Graduates of higher institutions of learning.
- b. Graduates of state normal schools.

- c. Graduates of good schools where they have pursued a two years' course in didactic subjects.
- d. Other candidates.

1. Graduates of the College of Liberal Arts of the state university who have pursued in addition to the course in psychology, a pedagogical course of at least one year, and graduates of other liberal arts colleges with equivalent courses approved by the board, will be admitted to the examination upon filing certified statements given by the president or registrar of their graduation, and of their record in the pedagogical course.

Those graduates of the state university or other colleges having equivalent approved courses of study, who have not had pedagogical work as stated above, will be admitted to the examination upon proofs of one year's successful experience in teaching.

2. Candidates who are graduates of the state normal school or of other schools requiring equivalent courses approved by the board, giving one year of special training in a well organized training school, will be admitted to the examination upon filing certified statements given by the president or registrar exhibiting those facts.

3. Candidates who are graduates of good schools, whose courses of study are approved by the board, and who have pursued a two years' course in didactic subjects, consisting of school management, elementary psychology, principles of education and methods of instruction, will be admitted to the examination on making proofs of one year of thirty-six weeks of successful experience. When, in addition to the above didactic course, such candidates have also had a year of special training in a well organized training school, they will be admitted to the examination without further qualification.

4. Other candidates will be admitted to the examination on filing official letters addressed to the board by one or more county superintendents and city superintendents, or other professional educators, including statements from the school boards under whom the candidate has taught, certifying to teaching covering at least three years of thirty-six weeks each of successful experience.

I. Documentary examination.

1. Each candidate must file the following credentials as the official proofs of being qualified to hold a state certificate:

a. Official letters *addressed to the board*, by one or more county superintendents and city superintendents, or other professional educators, certifying to the success of the applicant in government and instruction. The work thus commended must have been done under the person's supervision who certifies to its excellence.

b. Statements from the school boards for whom the candidate has taught, certifying to teaching covering at least three years, of thirty-six weeks each, in which good and successful service was rendered. Credentials should be original, explicit in character, of recent date, and addressed "to the state board of educational examiners."

c. To be assured that the candidate is successful in instruction and government, the board reserves the right to investigate farther until all doubt is removed.

II. Plan of the Examination.

1.—*Preliminary*. The application blank properly filled out, the fee of three dollars, and the credentials mentioned in a and b must all be filed with the president of the board to receive consideration, and approved by the board before the written examination is given.

2. *Didactics*.—School management, elementary psychology, and methods of instruction constitute the examination in this subject. The topics and questions selected will be such as to permit a well-informed teacher to complete the same in one and one-half hours.

3. *U. S. History and English*.—An essay prepared in one and one-half hours on some topic in United States history, assigned by the examiner, which must be written without delay, and not copied, will constitute the examination in United States history, orthography, penmanship, and use of English language, if the other papers written do not discredit the English.

4. Grouping of subjects:

a. Group 1.

English grammar.

Reading.

Geography.

b. Group 2.

Civil government of United States.

Civil government of Iowa.

School law.

Economics.

Music.

- c. Group 3.
 - Arithmetic.
 - Algebra.
 - Bookkeeping.
- d. Group 4.
 - Physiology.
 - Botany.
 - Physics.
 - Drawing.

III. Schedule of time granted.

FIRST DAY.

- A. M., 8 to 9:30, Essay on United States history.
- 9:30 to 12, Group 1.
- P. M., 1:30 to 3 Didactics.
- 3 to 5:30, Group 2.

SECOND DAY.

- A. M., 8 to 12, Group 3.
- P. M., 1:30 to 5:00, Group 4.

PRIMARY STATE CERTIFICATES.

THE PRIMARY TEACHERS' CERTIFICATE is intended for primary teachers as a recognition of professional skill and successful experience. The holder of such a certificate will be authorized to teach in first, second and third grades in any public school in the state for a period of five years. The fee, as fixed by law, is \$3, one-half of which is returned in case of failure.

I. DOCUMENTARY EXAMINATION. The following testimonials and credentials are required as evidence of success in primary teaching and of good character as a person.

1. Official statements addressed to the Board of Examiners from the present school board and from other boards certifying to the service of the applicant as teacher in first, second or third grade work for a period of three years of thirty-six weeks each, two of which years must have been under one school board.

2. Professional statements from county-superintendent, city superintendent or village principal under whose supervision the applicant has worked, certifying to the particular and professional success of the applicant as a teacher of the first, second and third grade work.

3. Candidates who are graduates of good schools, whose courses of study are approved by the board, and who have pursued a two years' course in didactic subjects, consisting of school management, elementary psychology, principles of education, and primary methods of instruction, will be admitted to the examination on making proofs of one year of thirty-six weeks of successful experience in primary teaching. When, in addition to the above didactic course, such candidates have also had a year of special training in a well-organized primary training school, they will be admitted to the examination without other qualification. Candidates who are graduates of higher institutions of learning whose courses of study are approved by the board, and who have pursued during the junior or senior year of their course a year of pedagogical study, consisting of history of education and primary methods, will be admitted to the examination.

II. SCHOLASTIC EXAMINATION. To insure that the applicant has sufficient scholarship to be granted a primary teachers' certificate, the following things are required:

1. Such an examination in the branches, orthography, reading, writing, arithmetic, geography, grammar, history of the United States, and physiology and hygiene, as in each individual case may be necessary to insure good scholarship in the applicant. In cases where the applicant is the holder of an excellent county certificate in force in regard to these branches, this scholastic examination may not be necessary. By sending to the president of the board the certificate and any other documentary evidence that may assist in making the necessary proofs, this part of the examination can be determined before the date of appearance before the board.

2. The examination in English will be determined by a thesis of at least one thousand words.

III. PROFESSIONAL EXAMINATION. The following subjects as outlined in the syllabus will constitute the professional examination required for the present year: Psychology of the child, school management, history of education, school laws of Iowa, primary methods, vocal music, physical culture, drawing, and plant study.

IV. PLAN OF EXAMINATION. As preliminary, the application blank properly filled out, the fee of \$3, and the credentials mentioned in I and II, must all be filed with the president of the board, to receive consideration at that meeting, and be approved before the written examination is given.

V. SCHEDULE OF TIME GRANTED.

FIRST DAY.

A. M.—8:00 to 9:30—Psychology of the child. School management.

9:30 to 12:00—History of education. School laws of Iowa.

P. M.—1:30 to 4:00—Primary methods. Drawing. Plant study.

4:00 to 5:00—Vocal music. Physical culture.

SECOND DAY.

A. M.—8:00 to 12:00.—P. M.—1:30 to 5:00—Scholastic examination in case board requires same. See section II, note 1, in this circular

SPECIAL STATE CERTIFICATES.

The law authorizing the Iowa state board of educational examiners to grant special certificates was enacted in 1900, and is as follows.

' SEC 2. It may also issue a special certificate to any teacher of music, drawing, penmanship, or other special branches, or to any primary teacher, of sufficient experience, who shall pass such examination as the board may require in the branches and methods pertaining thereto, for which the certificate is sought. Such certificates shall be designated by the name of the branch, and shall not be valid for any other department or branch. The board shall keep a complete register of all persons to whom certificates or diplomas are issued.'

The special state certificate is intended for teachers of special branches, as a recognition of professional skill, expert scholarship, and successful experience in teaching a particular subject.

While the candidate must possess complete and technical knowledge of the special branch for the teaching of which a certificate is desired, some general education and culture will be required, as a certificate cannot be granted on account of proficiency in one subject only.

The holder of a special certificate will be authorized to teach the branch specified in any public school in the state for a period of five years. The fee, as fixed by law, is \$3 one-half of which is returned in case of failure. Certificates will be issued to the same person in more than one branch, but the fee of \$3 must be paid for each, as no special certificate will authorize the holder to teach more than one subject.

In addition to music, drawing and penmanship, special certificates will be granted in history, rhetoric, literature, Latin, German, French, algebra, geometry, trigonometry and individual sciences.

NOTE: Teachers in high schools must hold certificates for those subjects in which they give instruction.

I. DOCUMENTARY EXAMINATION.—The following testimonials and credentials are required as evidence of success as a teacher of a particular subject, and of good moral character as a person:

1. Official statements from school boards, certifying to the service of the applicant as a teacher of the subject in which certificate is asked, for a period of three years, of thirty-six weeks each, two of which years must have been under one school board.

2. Candidates who are graduates of good secondary or normal schools, and graduates of higher institutions of learning, may have such reduction in time of successful experience required as the board of examiners may decide after consideration of each individual case. It is to be understood, however, in all cases of reduction of time, that candidates have pursued scholastic and pedagogical courses approved by the board.

3. Professional statements from city or county superintendents or village principals, under whose supervision the applicant has worked, certifying to the particular and professional success of the applicant as a teacher of the specified branch.

II. SCHOLASTIC EXAMINATION.—To insure that the applicant has sufficient scholarship to be granted a special teacher's certificate, the following things are required:

1. Such an examination in the branches, orthography, reading, writing, arithmetic, geography, grammar, history of United States, and physiology and hygiene, as in each individual case may be necessary to insure good scholarship in the applicant. In cases where the applicant is the holder of an excellent county certificate, in force, in regard to these branches, this scholastic examination may not be necessary.

2. The examination in grammar and composition will be determined by a thesis of at least one thousand words, subject to be selected by the board, in harmony with the kind of certificate sought by the applicant.

III. PROFESSIONAL EXAMINATION.—Syllabi will be prepared in music, drawing, and penmanship, and these can be had on application. It does not seem necessary to give a syllabi, outlining points to be emphasized in other subjects, but on each subject a

rigid examination will be required, both upon knowledge of the branch itself and upon the methods of teaching it.

IV. PLAN OF EXAMINATION.—As preliminary, the application blank properly filled out, the fee of \$3, and the credentials mentioned in I and II, must all be filed by the candidate with the president of the board, in order to be admitted to the written examination.

NOTE: All correspondence for special certificates should be addressed to the president of the board.

RENEWAL OF CERTIFICATES.

1. *Proofs required.*—a. The candidate must file letters from superintendents or other prominent educators that certify to the present success in instruction and in government, and to the fact that his present physical condition and mental and moral character are still such as to justify the board in granting him this renewal.

b. He must also show, by official letters from school boards for whom he has worked, the fact of his being successful as an instructor and as a disciplinarian under the expiring certificate.

Holders of state licenses to teach, desiring a renewal of the same, should file with the board an application, credentials, and fee of \$3, at least six months before the expiration of their certificates, in order that there may be sufficient time to issue a renewal before the expiration of the certificate. At the discretion of the board, candidates who have taught successfully for five years under its supervision may obtain a renewal upon writing a satisfactory thesis upon a subject assigned by the board. In all cases the board reserves the right to require a full and complete examination. The thesis must in all cases be in the handwriting of the applicant, and must show professional study and investigation.

NOTE: Candidates for renewal, desirous of having valid authority from the board to teach either geometry, rhetoric, English and American literature, general history, or other studies, should so inform the board at the time of filing application for renewal.

2. *Examination required.*—Unless otherwise decided, the candidate must appear at the time assigned and take such examination as the board may think necessary, but, where personal knowledge or acquaintance of the board with the applicant may permit, and where the first examination was good, an original essay on an educational topic, assigned by the board, may be substituted for personal presence at the examination. This paper

must be in the handwriting of the applicant, and must show professional study and investigation.

General suggestions to all candidates.

1. An examination for state certificate must be had before there can be an application for a state diploma. A teacher must do work under the supervision of this board for three years under a state certificate, before an application for a diploma can be considered.

2. Applicants will bear in mind that the possession of a state certificate, a primary or special teacher's certificate, or a state diploma, will not in any sense lessen their duty to comply with all the rules and requirements of the county superintendent of the county in which they are teaching.

3. Candidates are advised to arrive the day before at the place of examination, as no allowance can be made for delayed trains or for poor physical and mental condition, caused by illness or loss of sleep.

4. The examination at the times announced, will be restricted to the published program given in this circular.

5. All necessary paper, pens, and pencils will be furnished each candidate at the time of the examination.

6. Lists of old questions are not sent out to applicants, as such questions are no guide to the next examination.

7. The law governing this board can be found in sections 2628-2634 of the code, and amendments enacted by the Twenty-seventh, Twenty-eighth and Twenty-ninth General Assemblies.

Applicants for state, primary state, and special state certificates may be admitted to any examination fixed by the board. Diploma applicants will be given special examinations at times fixed by the board.

Note as to correspondence—In order to facilitate office work, graduates of the state normal school, and the state university, conduct their business correspondence regarding diplomas, and state certificates, with the presidents of their respective institutions.

All other official correspondence for the board must be with the president.

RICHARD C. BARRETT,
President Board of Educational Examiners.

ARTICLES OF INCORPORATION AND BY-LAWS OF THE IOWA STATE TEACHERS' ASSOCIATION.

Know all men by these presents:

That we, whose names are hereunto attached, and those who may hereafter become associated with us, having for our objects mutual improvement, the advancement of the schools and the promotion of the educational interests of the state of Iowa, do hereby form a body corporate, having its principal place of business at

Des Moines, with full powers and privileges specified in charted 2, title IX, of the Code of Iowa, as far as the same are applicable and to sue and be sued in its corporate name, do hereby agree to and adopt the following articles of incorporation:

ARTICLE I.

NAME.

This corporation shall be styled the **Iowa State Teachers' Association**.

ARTICLE II.

MEMBERSHIP.

Any person engaged in educational or literary work may become a member by paying a fee of one dollar, and having his name enrolled. Any such person may become a life member by paying at once ten dollars.

ARTICLE III.

OFFICERS.

The officers of this association shall consist of a president, three vice-presidents, a secretary, a treasurer, and an executive committee of three elective members, the president of the association being *ex officio* the fourth member.

The president and vice-presidents shall be elected for the term of one year. The executive committee shall be elected for the term of three years, in such a manner that one shall go out of office each year, and the one holding the shortest term of office shall be chairman of said committee. The secretary and the treasurer shall be selected for the term of three years.

The president shall preside at the annual meeting and deliver an inaugural address.

The vice-presidents shall rank as first, second and third vice-presidents. If from any cause, the office of president is vacant, the senior vice-president shall perform the duties of president.

The secretary shall keep a full record of all the proceedings of the association, and shall, under the direction of the superintendent of public instruction, edit and prepare for publication the minutes of the annual meeting, the papers read before the general and department meetings, and such other matter as the general association may order published. He shall also serve as secretary of the executive committee, and shall be paid \$25 per annum as remuneration for his services.

The treasurer shall have custody of all—except permanent—funds belonging to the association, shall disburse the same only upon the presentation of bills properly audited by the auditing or executive committee, and shall make a detailed report of his receipts and expenditures, and the condition of the treasury, at the annual meeting.

The executive committee shall carry out all measures authorized by this association, determine the time and place of holding the annual meeting, prepare its program, and provide each member of the association with a printed copy of the same at least two months before the annual meeting. They shall also arrange business for the daily sessions of said meeting. They shall receive and hold in trust for the corporation all property and permanent funds belonging thereto.

All vacancies, except in the office of president, shall be filled by the executive committee, such appointees to hold office only till their successors shall be elected at the annual meeting following.

ARTICLE IV.

DEPARTMENTS.

The association shall include departments as follows:

The college and university department.

The county superintendents' department.

The department of normal and secondary instruction.

The elementary and graded department.

ARTICLE V.

EDUCATIONAL COUNCIL.

Members.—The superintendent of public instruction shall be *ex-officio* member and chairman. The elective members shall be elected by ballot, as follows:

Six members by the association.

Six members by the college and university department.

Six members by the county superintendents' department.

Six members by the department of normal and secondary instruction.

Twelve members by the elementary and graded department, but the vacancies shall be filled from the department from which they shall occur.

Six members by the educational council.

The council shall have power to fill all vacancies in its membership.

No person shall be elected to, or hold membership in the council who is not an active member of the association; and shall any member fail to attend the annual meeting of the council, he shall forfeit his membership therein unless excused by the council.

Term of Service—Elective members shall serve for three years, one-third being elected annually. At the expiration of a three years' term of service, members, except those elected by the council, shall not be eligible to immediate re-election.

Duties of the Council.—To consider carefully the needs and ends of the several departments of educational work, and recommend the ways and methods whereby the educational forces and agencies of the state may be more wisely adjusted and controlled.

Committees.—The council shall appoint from its own members such standing committees as may be deemed necessary, and also the advisory board of the superintendent of public instruction.

Meetings.—The council shall meet at the same place and during the same week as the general association, as follows:

On the first day of the annual meeting, for completing the work of the year, and preparing reports to the general association.

On the last half day of the annual meeting for organization, election of members, arrangement of standing committees, and assignment of topics for work of the coming year.

Reports.—At the request of the council, the executive committee may set apart not more than one-half day of the annual meeting for papers and reports from the council and discussion thereon.

ARTICLE VI.

BOARD OF DIRECTORS.

A. W. Stuart, H. G. Lamson, F. J. Sessions, and William Wilcox are the corporate members of the board of directors of this corporation. They shall hold their office till their successors are elected, and they shall have perpetual succession.

ARTICLE VII.

AMENDMENTS.

These articles of incorporation and by-laws may be amended at any annual meeting by a two-thirds vote of the members present; provided that twenty-four hours' notice of such amendment has been publicly given.

BY-LAWS.

ARTICLE I.

MEETINGS.

The annual meeting shall be held during the winter holidays, at such time and place as may be determined by the executive committee.

ARTICLE II.

STANDING COMMITTEES.

At the beginning of each annual meeting the president shall appoint the following standing committees.

Enrollment.

Finance.

Resolutions.

President's address.

Teacher's situations. (One member)

Educational legislation. (Two members.)

The committee on teachers' situations shall consist of three members who shall serve for a term of three years, one member to be appointed annually by the president.

He shall the first year, appoint three members, one for three years, one for two years, and one for one year.

The committee on educational legislation shall consist of six members, who shall be appointed by the president, and serve for a term of three years. He shall, the first year, appoint six members two for three, two for two and two for one year.

(Amendment, see page 11, proceedings of 1899.)

The finance committee shall consist of three members, who shall serve for a term of three years, one member to be appointed annually by the president of the Association, save that in 1899, there shall be three members appointed, whose terms of office for one, two or three years shall be determined by lot. The senior member of the committee shall be the chairman. No bills against the Association, except those authorized by the executive committee, shall be paid until audited by the finance committee. The finance committee shall examine the books and vouchers of the treasurer, and render to the Association annually a detailed statement of the receipts and expenditures of the Association for the year.

ARTICLE III.

ELECTION OF OFFICERS.

On the day on which department meetings occur, each department shall select by ballot from its members three, who, with those

selected by other departments, shall constitute a nominating committee, who shall nominate all officers of the general association, and, unless a ballot is ordered, the adoption of their report will constitute the election of the officers nominated.

The report of the nominating committee and the election of officers shall take place on the day next following the election of said committee, at such time as shall be designated on the program of the executive committee.

ARTICLE IV.

BALLOTS.

Only life members, and active members who have paid their annual fees, shall be entitled to vote, and each one, before depositing his ballot, shall exhibit to the tellers his certificate of membership. The balloting shall be conducted in such manner as the executive committee may prescribe.

ARTICLE V.

PAPERS.

All papers read before the association, or any department or section by members thereof, become the property of the corporation, and no member shall read any such paper who has not previously placed a duplicate copy of the same in the hands of the secretary of the meeting in which the paper is read.

ARTICLE VI.

DEPARTMENTS.

Organization.—A new department may be organized on written application of twenty members of the association, recommendation of the executive committee, and a two-thirds vote of the association.

Management.—Each department shall be administered by a chairman and secretary, and such other officers as it shall deem necessary to conduct its affairs. It shall prescribe its own rules of membership, provided that no person be admitted to membership who is not an active member of this association. It shall also prepare its own program for the annual meeting.

Sections.—The elementary and graded department shall consist of the superintendents' and principals' section, the penmanship and drawing section, the primary section, the library section, and the school directors' section.

Departments may institute other sections by and with the consent of the general association.

The executive committee shall provide a time and place and the program for the business meeting of departments composed of sections.

ARTICLE VII.

ROUND TABLES.

At the request of ten members, departments or sections may establish round tables. All round table meetings must be held on the first day of the association. Each round table shall select a leader for the ensuing year who shall be responsible for the program of the meeting, and shall place a copy of the same in the hands of the chairman of the executive committee at least three months before the annual meeting. Upon the failure of the round table to select a leader, or of the leader to provide a program as above, the existence of the round table shall cease and it can only be reinstated by petition to the department or section to which it belonged.

ARTICLE VIII.

ORDER OF PROGRAM.

The session of the annual meeting shall continue three days as follows:

First Day. Morning session. Educational council.
Afternoon session. Subordinate meetings.
Evening session. General association.

Second Day.—Morning session. General association.
Afternoon session. Department and section meetings.
Evening session. General association.

Third Day.—Morning session. General association.
Afternoon session. Business meeting of general association, reports of educational council, and standing committees.

The annual meeting shall close on the afternoon of the third day.

Totals for high schools, 1902-1903: Enrollment entire year—Boys, 9,621; girls, 13,948; total, 23,569. Graduated—Boys, 1,052; girls, 1,767; total, 2,819. For 1903-1904: Enrollment October 10, 1903—Boys, 9,092; girls, 13,487; total, 22,579. In graduating class—Boys, 1,207; girls, 2,670; total, 3,877.

*Number fitting for college or other higher institutions, 4,393.

NOTE—In comparing the number of students enrolled this year with the number enrolled last year, just bear in mind that for 1902-1903 the enrollment is given for the entire year; and that for 1903-1904 the enrollment is given at the beginning of the year. This will explain why the number of students is, in many schools, less than it was last year. The difference is quite noticeable in the reports from some of the larger towns and cities because a large class is promoted to the high schools at the middle of the year.

GENERAL SUMMARY OF

ITEMS COMPARED	1897	1898
Number of rural schools	12,578	12,578
Rooms in town and city schools	5,184	5,381
Whole number of school rooms	17,762	17,959
Average number of days taught.....	162	162
Number of schoolhouses	13,744	13,775
Value of schoolhouses	\$ 16,355,842	\$ 16,790,063
Schoolhouses built during the year	241	237
Schoolhouses with flags	5,505	5,752
Pupils between 5 and 21 years.....	727,694	727,456
Pupils of the ages of 7 to 14 inclusive		
Pupils enrolled in school.....	546,836	548,852
Average daily attendance.....	347,620	370,845
Average number enrolled per teacher.....	30	28
Average monthly tuition, per pupil... ..	\$ 1.87	\$ 1.77
Male teachers employed	5,824	5,855
Female teachers employed.....	22,208	22,839
Total different teachers employed.....	28,032	28,694
Average monthly compensation, males	\$ 37.01	\$ 37.10
Average monthly compensation, females	\$ 31.45	\$ 31.45
Teachers needed for the schools.	18,093	18,387
Schools teaching effects of stimulants.....	17,384	17,699
Male teachers enrolled in normal institutes...	3,737	3,114
Female teachers enrolled in normal institutes.	18,501	17,670
Expended for normal institutes.....	\$ 61,579	\$ 59,908
Number of volumes in libraries.....	212,702	252,972
Average compensation of county supts	\$ 1,215	\$ 1,222
Paid for teachers' salaries.	\$ 5,264,354	\$ 5,315,157
For all other purposes.....	\$ 3,176,074	\$ 3,136,340
Total amount expended	\$ 8,440,428	\$ 8,451,497

COLLEGES AND DEGREES

This institution, the head of the school system of the state, was provided for by a statute enacted by the First General Assembly in 1847, in accordance with the constitution of the state adopted 1846.

COLLEGE OF LIBERAL ARTS—Students are admitted from above 200 accredited high schools and academies, and from the standard colleges of the state, without examination except in English. Curriculum; numerous elective subjects grouped under three general courses—classical, philosophical, general scientific, and two technical—civil engineering, electrical engineering.

COLLEGE OF LAW—Course extends over three years, nine months each. At completion the degree of LL. B. is conferred.

COLLEGE OF MEDICINE—Course, four years of nine months each. Graduates receive degree of M. D. and are entitled to registration by state board of medical examiners.

COLLEGE OF HOMEOPATHIC MEDICINE—Course, four years of nine months each. Degree of M. D. Registration by state board of medical examiners.

COLLEGE OF DENTISTRY—Course, four years of nine months each. Degree of D. D. S. Graduates entitled to registration by state board of dental examiners.

COLLEGE OF PHARMACY—Course, two years of nine months each. On its completion the degree of Ph. G. is conferred.

Professors and assistants, 160. Students in all departments, 1,442.

Tuition free in the Graduate College, and to impecunious students in the College of Liberal Arts. A nominal tuition in lieu of laboratory fees of \$25 a year in the College of Liberal Arts, and in the College of Law \$30 a semester; Medicine, \$40 and \$25; Dentistry, \$60 and \$40; Pharmacy, \$50 and \$25. Soldiers in the Spanish-American war honorably discharged, in all colleges receive \$25 on tuition.

The cost of living in Iowa City is small. Many students pay their way in whole or in part by their work. Graduate fellowships at \$225, scholarships at \$125, and undergraduate scholarships at \$25 are available.

There are combined courses in the Colleges of Liberal Arts and Law, of Liberal Arts and Medicine, of Liberal Arts and Pharmacy, of Liberal Arts and Dentistry, of Medicine and Dentistry, of Medicine and Pharmacy. A Dean of Women cares for the special inter-

ests of the young women. Semesters begin February 15 and September 24, 1904. Summer session June 20.

Announcements sent free. Address,

Iowa City, GEORGE E. MACLEAN,
President.

IOWA STATE COLLEGE OF AGRICULTURE AND THE MECHANIC ARTS, AMES.

BOARD OF TRUSTEES.

Albert B. Cummins, governor of the state, and John F. Riggs, superintendent public instruction, members *ex officio*.

OFFICERS OF THE BOARD.

Chairman—J. B. Hungerford, Carroll.

Secretary—E. W. Stanton, Ames.

Treasurer—Herman Knapp, Ames.

Financial Secretary—W. A. Helsell, Odebolt.

Steward—John Franklin Cavell, Ames.

This institution was established by the Iowa legislature in 1858, and endowed by the national land grant of congress in 1862. In accepting the grant of the national government, the Iowa general assembly defined the object of this college as follows: "There shall be adopted and taught in the state agricultural college a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning

as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

COURSES AND DEGREES.

Courses of study leading to the following degrees are offered:

1. The course in Agriculture—Department of Agronomy.
2. The course in Agriculture—Department of Dairying.
3. The course in Agriculture—Department of Animal Husbandry.

4. The course in Agriculture—Department of Horticulture.

Each of the foregoing is a four years' course leading to the degree of Bachelor of Scientific Agriculture (B. S. A.).

5. The course in Veterinary Science, of four years, leading to the degree of Doctor of Veterinary Medicine (D. V. M.).

6. The course in Mechanical Engineering, of four years, leads to the degree of Bachelor of Mechanical Engineering (B. M. E.).

7. The course of Civil Engineering, of four years, leads to the degree of Bachelor of Civil Engineering (B. C. E.).

8. The course in Electrical Engineering, of four years, leads to the degree of Bachelor of Science in Electrical Engineering (B. Sc. IN E. E.).

9. The course in Mining Engineering, of four years, leads to the degree of Bachelor of Science in Mining Engineering (B. Sc. IN MN. E.).

10. The course in Science as Related to the Industries, of four years, leads to the degree of Bachelor of Science (B. Sc.).

11. The course in General and Domestic Science, for women, of four years, leads to the degree of Bachelor of Science (B. Sc.). Women may take any other course desired.

12. Special undergraduate and post-graduate courses are provided along the lines of these respective courses; also short courses in dairying and agriculture, mining engineering, clay working and ceramics, and special course in technological chemistry.

The college is thoroughly furnished with improved laboratories and apparatus. Machine shops with large equipment afford excellent facilities in mechanic arts. The museum and library are selected with special reference to facilitating studies in the courses specified. The best specimens of pure bred stock are provided for illustrative work in animal husbandry. Tuition is free to students of Iowa. For additional information, address,

PRESIDENT A. B. STORMS, Ames.

IOWA STATE NORMAL SCHOOL.

CEDAR FALLS.

BOARD OF TRUSTEES.

NAME	ADDRESS	TERM EXPIRES
John F. Riggs	Des Moines	<i>Ex officio.</i>
W. W. Montgomery.....	Red Oak	May 1, 1904.
B. F. Osborn.....	Rippey	May 1, 1904.
I. J. McDuffie.....	LeMars	May 1, 1906.
Roger Leavitt	Cedar Falls	May 1, 1906.
W. A. McIntire	Ottumwa.....	May 1, 1908.
C. H. McNider	Mason City	May 1, 1908.

OFFICERS OF THE BOARD.

President—John F. Riggs, *ex officio*.

Treasurer—Homer N. Silliman, Cedar Falls.

Secretary—Alfred Grundy, Cedar Falls.

ADMINISTRATIVE OFFICERS.

HOMER H. SEERLEY, President.

ARTHUR W. RICH, Registrar.

JAMES E. ROBINSON, Supt. of Buildings and Grounds.

LILIAN G. GOODWIN, President's Financial Secretary.

ANNA R. WILD, President's General Secretary.

FUNCTION OF THE SCHOOL.

By statute the school is established for the training of teachers for the public schools and all the courses of study are framed to that end. The entire work has such special object and is therefore conducted on a high grade of efficiency. Bulletins explaining the system of training and instruction are printed for general information.

PROFESSIONAL PUBLICATIONS.

The QUARTERLY BULLETIN gives attention to special studies in educational lines. There has been published thus far a bulletin on school management and another on the teaching of English.

These are sold to teachers at a small price and are valuable helps to them in their work. A new one on physical training will be published during the year.

THE CALENDAR.

Fall Term—September 1 to November 25.

Winter Term—December 1 to March 9.

Spring Term—March 15 to June 8.

Summer Term—June 11 to July 22.

State Certificate examinations occur at the close of every term for the accommodation of the students and teachers.

COURSES OF STUDY.

The program of studies includes the entire range of preparation for primary school, grammar school, and high school teachers, much specialization being allowed to suit the particular work. At the same time there are courses of study for music teachers, art teachers, librarians, physical training teachers, and other special lines allowing much latitude for the kind of preparation preferred.

EQUIPMENT.

There is good equipment in all departments including library, laboratories, art rooms, museum, and gymnasium, particularly selected for the work of training teachers.

PHYSICAL TRAINING.

There are three Physical Directors in the Faculty, and students are required to give attention to health and physical development. All the games suitable for public schools of different grades and ages are taught in classes, much attention being given to both the theory and the practice of the same in the gymnasium. Physical examinations are given students in order to scientifically direct their work for their special benefit. One of the most modern gymnasiums in the West will be ready for service in 1904-1905.

BOARD OF CONTROL OF STATE INSTITUTIONS.

HON. JOHN COWNIE, *Chairman*, South Amana.

HON. L. G. KINNE, Des Moines.

HON. G. S. ROBINSON, Sioux City.

F. S. TREAT, *Secretary*, Des Moines.

SOLDIERS' ORPHAN'S HOME, DAVENPORT.

Superintendent—M. T. Gass.

Under management of the board of control of state institutions.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

The average number in the home is about 480, and the age ten and one-half years. The limit beyond which children are not kept in the home is sixteen years of age.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries.

A library of well selected juvenile literature is a source of pleasure and profitable entertainment to the children. As from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed, they are well supplied with books and reading matter of suitable character for their improvement and enjoyment. The new chapel erected recently, is a handsome and much needed addition to the home.

STATE INDUSTRIAL SCHOOLS.

FOR BOYS, ELDORA.

Superintendent—B. J. Miles.

FOR GIRLS, MITCHELLVILLE.

Superintendent—F. P. Fitzgerald.

Under management of the board of control of state institutions.

The object of these institutions is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school where wayward and criminal boys and girls are brought under the influence of Christian instructors and

taught by example, as well as precept, the better ways of life. It is a training school where the moral, intellectual, and industrial education of the child is carried on at one and the same time.

Any boy or girl over 7 and under 16 years of age, who has become criminal, vagrant or incorrigible, may be committed to these schools by any court of record. Any boy or girl may be discharged or paroled from these schools at any time after one year's training, upon satisfactory evidence of reformation.

INSTITUTE FOR FEEBLE-MINDED CHILDREN, GLENWOOD.

Superintendent—George Mogridge, M. D.

Under management of the board of control of state institutions.

The purpose or objects of the institution are to provide special methods of training for that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as near as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their wants. The age of admission is between 5 and 21 years, and feeble-minded women may be sent there until 45 years of age.

SCHOOL FOR THE DEAF, COUNCIL BLUFFS.

Superintendent—Henry W. Rothert.

Under management of the board of control of state institutions.

This institution is free to all who are too deaf to be educated in the common schools. They must be sound in mind and free from immoral habits and contagious diseases. No charge is made for board and tuition.

The school opens on the first day of October each year and continues until the last day of June. Pupils should be on hand promptly at the opening of the school and remain until the end of the session.

COLLEGE FOR THE BLIND, VINTON.

Principal—Thos. F. McCune, Vinton, Iowa.

Under management of the board of control of state institutions.

The school term begins on the first day of September, and ends about the 30th day of June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with twenty-three pianos, one pipe organ, several cabinet organs and a sufficient number of violins, guitars, bass viols and brass instruments. Every student capable of receiving it is given a complete course in this branch.

In the industrial department, the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys, netting, mattress making and cane seating. Those of either sex, who so desire, may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the state. All that the friends are expected to do is to pay the traveling expenses and furnish clothing. If they are unable to clothe the pupils, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

STATE TEACHERS READING CIRCLE.

OFFICERS:

John F. Riggs, *president, ex officio*, Des Moines.

Z. C. Thornburg, *secretary and manager*, Des Moines.

BOOKS FOR 1903.

Hinsdale's Art of Study, American Book Co.....	\$1.00
Nature Study and Related Literature, by Anna E. McGovern	1.00
The School and Farm, W. M. Welch & Co.....	.75

Under the constitution of this organization, each county superintendent is made the manager for his county; thus the county superintendent becomes a supervisor of a course of reading for the

teachers of his own county. The books are selected by a board of directors chosen from among the county superintendents of the state, acting in conjunction with the superintendent of public instruction, who is chairman *ex officio* of this board. The plan has met with success in all the states where it has been tried.

The state manager will be glad to receive any offered suggestions and to render any assistance in promoting the efficiency of the work. For further information concerning the Reading Circle work or books, and for supplies of the official circular, address the manager,

Z. C. THORNBURG,
Des Moines, Iowa.

DISTRICTS USING FREE TEXT-BOOKS.

The districts that have availed themselves of the law providing for free text-books are named below. (Parties desiring information upon this question will please address the secretary of the board in those districts):

Adams county: Corning.
Allamakee: Capoli, Fairview.
Audubon: Audubon, Exira.
Butler: German, West Point.
Calhoun: Manson, Rockwell City.
Cedar: Centerdale, Highland.
Cerro Gordo: Campbell.
Clay: Spencer.
Clinton: Clinton, Excelsior.
Dallas: Dexter.
Des Moines: Harmony, and No. 1.
Fremont: Highland.
Guthrie: Pioneer.
Hancock: Amsterdam, Britt, Orthell.
Hardin: Union Twp. No. 8.
Harrison: Dunlap, Mo. Valley.
Jackson: Preston, Central, South Fork.
Linn: Kenwood Park, Cedar Rapids.
Marshall: Marshalltown.

Mills: Glenwood, Preston, Gowen, Plattville.
Page: Clarinda.
Pocahontas: Pocahontas.
Polk: Capital Park, E. Des Moines, West Des Moines, Oak Park, Grant Park, Park Avenue.
Pottawattamie: Neola, Council Bluffs.
Poweshiek: Grinnell.
Ringgold: Poe 1 and 2, Mt. Ayr.
Sioux: Sioux Center, Welcome Township.
Story: Nevada, Slater, Bloomfield, Kelley.
Tama: Toledo.
Warren: Oak Grove, Lincoln.
Webster: Westlund.
Winnebago: Norway, Logan.
Woodbury: Grant, Oto, Woodbury No. 4, Lone Tree, Fair Play, Little Sioux, Sergeant's Bluff.

Regulations Governing Uniform Examinations for Teachers' County Certificates.

OPINION OF ATTORNEY-GENERAL:

Section 2622 of the Code provides:

"He (the superintendent of public instruction) shall be charged with the general supervision of all the county superintendents and the common schools of the state."

Section 2735 provides:

"He (the county superintendent) shall at all times comply with the direction of the superintendent of public instruction in all matters within that officer's jurisdiction, and serve as the organ of communication between him and school township, district or independent district authorities, and transmit to them or the teachers thereof, all blanks, circulars or other communications designed for them."

It was the intention of the legislature in enacting these statutes to give to the superintendent of public instruction the general supervision over all school matters in the state, and to make the county superintendent of schools in each county the means whereby the rulings and acts of the superintendent of public instruction are conveyed to or communicated to the persons within the county.

Under the power so conferred by the legislature, the superintendent of public instruction has authority to prescribe the conditions under which county superintendents shall issue certificates to applicants therefor, and to prescribe the names and character of the certificates to be issued by the county superintendents.

I think it is also within the power of the superintendent of public instruction to specify the minimum age of applicants to whom certificates may be issued by county superintendents.

The State Board of Educational Examiners is authorized by sections 2628 to 2632 of the Code to issue state diplomas, state certificates, state primary certificates, and special state certificates.

To County Superintendents:

In harmony with the opinion of the Attorney-General the following regulations with reference to uniform examinations for teachers' certificates are hereby prescribed for the guidance of county superintendents, to take effect September 15, 1902.

REGULATIONS.

CERTIFICATES.

Teachers' certificates issued by county superintendents shall be of three grades, namely: first, second and third. A special certificate and a kindergarten certificate are authorized by law.

FIRST GRADE.

Term.—Certificates of this grade shall be issued for a term of two years.

Educational requirements.—The examination of candidates shall include competency in and ability to teach orthography, reading, writing, arithmetic, geography, grammar, history of the United States, didactics, physiology and hygiene, including special reference to effects of alcohol, stimulants and narcotics, elementary civics, elementary algebra, elements of physics, elementary economics, and music.

Experience.—Candidates must submit proof of thirty-six weeks' successful experience in teaching.

Standing required.—For certificates of this grade, candidates must attain an average standing of 90 per cent; and in orthography, reading, writing, arithmetic, geography, grammar, history of the United States, didactics, physiology and hygiene a standing of at least 85 per cent, with no other branch below 80 per cent.

Renewals and indorsements.—Under the laws of this state there is no provision for the renewal of a certificate or for the indorsement of one by another superintendent. Section 2737 provides for the *issuing* but not for the renewing or indorsing of a certificate. A certificate may not be issued upon an examination taken in another county or state. In addition to furnishing any credentials or other written evidence which the county superintendent may require, the applicant must appear in person.—Opinion Attorney-General.

SECOND GRADE.

Term.—All second grade certificates shall be issued for a term not to exceed one year.

Educational requirements.—The examination of candidates shall include competency in and ability to teach orthography, reading, writing, arithmetic, geography, grammar, history of the United States, didactics, physiology and hygiene including special reference to effects of alcohol, stimulants and narcotics, and music.

Experience.—In counties issuing only two grades of certificates none is required. Counties issuing three grades may require evidence of at least one term of successful experience.

Standing required.—Candidates must attain an average standing of at least 85 per cent, with no branch below 75 per cent.

Renewals and indorsements.—See same heading under First Grade.

THIRD GRADE.

Term.—At the discretion of the county superintendent certificates of this grade may be limited to one or two terms.

Number of certificates.—Certificates of this grade should not be granted more than once or twice to the same person.

Educational requirements.—Same as for second grade.

Experience.—None is required.

Standing required.—Candidates for certificates of this grade must attain an average standing of at least 80 per cent, with no branch below 65 per cent.

Renewals and indorsements.—See same heading under First Grade.

SPECIAL CERTIFICATES.

Term.—Special certificates shall be issued for a term not to exceed one year.

Educational requirements.—Candidates for this certificate need be examined in such branches only as they shall be employed to teach. Special certificates may be issued to teachers of music and other special branches, including high school studies.

Standing required.—Optional with the county superintendent.

KINDERGARTEN CERTIFICATES.

Term.—Kindergarten certificates shall be issued for a term not to exceed one year.

Educational requirements.—"Any teacher in kindergartens shall hold a certificate from the county superintendent certifying that the holder thereof has been examined upon kindergarten principles and methods and is qualified to teach in kindergartens."

Standing required.—Optional with county superintendent.

DATES OF EXAMINATIONS.

The examination of applicants for all certificates shall be held on the last Friday and Saturday in each month, at the county seat. Special examinations may be held elsewhere in the county at the discretion of the county superintendent. Applications made at irregular times should be rejected, unless good reasons are given for not attending the regular examinations.

GENERAL REGULATIONS.

1. All applicants shall be at least eighteen years of age.
2. Candidates undertaking the first grade examination and failing to attain the standard required for a certificate of that grade

may be given a certificate of a lower grade, provided the percentages attained are as high as those required in the grade for which the certificate is granted.

3. County superintendents may at their discretion supplement examinations with additional questions, and for sufficient reasons refuse to grant a certificate to a candidate after he has attained the required standing.

4. Applicants may be required to present such evidences of good moral character as the county superintendent shall demand. The superintendent must be fully satisfied in every particular mentioned in the law before issuing the certificate.

5. The examination papers of applicants for certificates and any testimonials with regard to the moral character of the applicant belong to the county superintendent individually, and are for his guidance alone.

6. The county superintendent is the sole judge of the manner and extent of the examination he will require of applicants for certificates to teach, and unless fully satisfied in all respects it is his duty to refuse to grant a certificate.

7. Candidates to whom a first grade or two years' certificate is granted shall pay two dollars. Applicants for all other certificates issued by a county superintendent are required to pay a fee of one dollar.

Teachers wishing to teach studies not named for county certificates should take examination in such subjects and have the same placed on the certificate.

RICHARD C. BARRETT,
Superintendent Public Instruction.

Des Moines, Sept. 10, 1902.
