STANDARDS FOR ACCREDITING COLLEGES FOR TEACHERS' CERTIFICATES IN ACCORDANCE WITH SECTIONS 2634-F, 2634-G AND 2634-H, SUPPLEMENT TO THE CODE OF 1907.

1. The number of class hours for the heads of departments and students shall not exceed twenty a week.

2. A faculty properly qualified shall consist of graduates of colleges who have pursued graduate work in residence at least two years or an equivalent in acquired scholarship approved by the Educational Board of Examiners.

3. The library shall consist of at least seventy-five hundred volumes, selected with reference to college subjects, and exclusive of public documents.

4. The laboratory equipment, except in an institution inspected and approved by the Board as a classical college only, shall be worth not less than \$7,500.00 and so distributed as to establish at least an efficient chemical, physical, botanical and zoological laboratory.

5. The means of support is defined as requiring a permanent endowment of not less than \$200,000.00 or a fixed assured income, or its equivalent, exclusive of tuition, of at least \$10,000.00.

6. The college must maintain at least seven separate departments or chairs, and in case the pedagogical work of the institution is to be accepted without examination the college must maintain at least eight chairs, one of which shall be devoted exclusively to education or at most to philosophy, including psychology and education. The heads of at least five of these departments shall, in no case, devote less than three-fourths of their class hours to college work.

7. The graduates must in addition to the four-year college course show the completion of a four-year secondary course according to the standards established by the State Board of Education as entrance requirements to the collegiate courses of the institutions under the control of said Board, and the standing and character of the institution and the nature of its equipment and work must be such as to entitle its graduates to admission to the graduate college of the State University of Iowa.

HISTORICAL.

The University of Iowa was founded by the First General Assembly, February 25, 1847, though the institution was not opened until March, 1855. The constitution of 1857 provided permanently for the University. The following are the colleges with the dates of their organization: Liberal Arts, 1855; Law, 1868; Medical, 1870; Homeopathic Medical, 1876; Dental, 1882; Pharmacy, 1885; Graduate, 1900; Applied Science, 1905; Fine Arts, 1911.

COLLEGES—COURSES.

GRADUATE COLLEGE.—Facilities for advanced study and research in upwards of thirty departments; special laboratories and laboratories for graduate students; confers degrees of M. A., M. S., and Ph. D.; provides about thirty fellowships and scholarships (\$250-\$500).

COLLEGE OF LIBERAL ARTS.—Course of four years leading to degree of B. A.; combined courses lead to degrees of B. A. or B. S., and a professional degree in law, medicine, etc., in six or seven years; some three hundred electives in more than twenty departments.

COLLEGE OF LAW.—Course of three years leading to degree of LL. B.; instruction by professors who devote their entire time to the work; large library; new building with excellent equipment.

COLLEGE OF MEDICINE.—Course of four years leading to degree of M. D.; large special laboratories with superior equipments; hospital of 225 beds and abundant clinical material; instruction by trained specialists who devote their entire time to the work.

COLLEGE OF HOMEOPATHIC MEDICINE.—Facilities partly identical to those of College of Medicine; special faculty in characteristic subjects and special hospital.

COLLEGE OF DENTISTRY.—Course of three years leading to degree of D. D. S.; separate and well-equipped building; faculty of specialists; clinic of 15,340 cases last year.

COLLEGE OF PHARMACY.—Courses of two and three years leading to degrees of Ph. G., and Ph. C.; much attention to practical work; Practitioners' course of one year for practising pharmacists.

COLLEGE OF APPLIED SCIENCE.—Courses of four years in practically all lines of engineering, leading to the degree of B. E.; unique facilities for individual work; only commercially operated hydroelectric power-plant in a university.

COLLEGE OF FINE ARTS OR MARK RANNEY MEMORIAL INSTITUTE.—Courses in drawing and painting, music, public speaking, etc. This college was founded in October, 1911, and will be in full operation the coming year.

SCHOOLS.

In addition to the colleges mentioned the University conducts several schools for instruction in special subjects: The *School of Political and Social Science and Commerce*, for specialization in a wide range of branches; the *School of Education*, for the training of high school teachers, principals, superintendents, and college instructors; and two *Schools for Nurses*.

The number of officers of instruction and administration in October, 1911, 169; total number of students for 1910-1911, men 1,296, women 794, total 2,090.

HISTORICAL.

The State Teachers' College was founded in 1876 for the special instruction and training of teachers for the common schools—the public school system—of the state. It was named by the first Board of Directors, "The Iowa State Normal School." By legislative act in 1909 the title of the institution became the Iowa State Teachers College. The title of the board became Board of Trustees in 1897 and the State Board of Education in 1909.

FUNCTION.

The function of the College as an educational institution being determined by statute, the students accepted are either teachers or in preparation for teaching. It gives courses of study specially organized to educate and train teachers for supervision and for high school, elementary school, primary school, kindergarten, rural school and all varieties of special work organized by public school corporations such as music, manual training, domestic science, physical education, drawing and commercial education. By this system of training competency and efficiency are secured through actual teaching in the Training School Department under expert and sympathetic direction.

THE DIPLOMAS AND STATE TEACHERS' CERTIFICATES.

The State Board of Education grants the degree Bachelor of Arts for completing a four years course beyond high school work. It also grants the diplomas Master of Didactics and Bachelor of Didactics for three and two year courses beyond high school work. It recognizes special training for special teaching by granting special diplomas that conform to the

course taken. The State Board of Educational Examiners grants state certification to all students who graduate from these several courses so that they are authorized to teach anywhere in the state.

THE SUMMER SESSION.

Each year during June and July a regular session is held that is called the Summer Term. This session provides everything that teachers at work in the schools desire to study. The exceptional advantages offered are easily recognized by those who investigate the equipment, the facilities provided and the courses that are organized.

THE FACULTY, THE STUDENTS AND THE BUILDINGS.

There are 110 members of the faculty representing all the general fields of knowledge. The libraries and laboratories are complete in every particular, the gymnasium gives accommodation for all students for exercise, recreation and bathing, the play grounds are complete and extensive, the buildings number thirteen and all are ventilated by the most modern fan system, the heat is regulated by thermostats in every room, while the sanitary condition is unexcelled by any other institution in the whole country. The students for the year 1910-11 numbered 2,815, of whom 315 were enrolled in the Training School Department.

For catalog and circular, summer term bulletin, or illustrated booklet and other information apply to Homer H. Seerley, President, Cedar Falls, Iowa.

COLLEGE FOR THE BLIND.

Principal—GEORGE D. EATON.

Under management of the Board of Control of State Institutions.

The school term begins on the first day of September and ends about the 30th day of June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with twenty-three pianos, one pipe organ, several cabinet organs and a sufficient number of violins, guitars, bass viols and brass instruments. Every student capable of receiving it is given a complete course in this branch.

In the industrial department the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys, netting, mattress making and cane seating. Those of either sex, who so desire, may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the state. All that the

friends are expected to do is to pay the traveling expenses and furnish clothing. If they are unable to clothe the pupils, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

LIST OF ACCREDITED HIGH SCHOOLS IN IOWA.

The following schools have been accredited under authority of the State Board of Education. It is recommended that graduates of these schools be received in higher institutions of learning without examination, so far as credits duly certified meet the entrance requirements of course to which admission is sought.

STATE INDUSTRIAL SCHOOLS.

FOR BOYS, ELDORA.

Superintendent—W. L. KUSER.

FOR GIRLS, MITCHELVILLE.

Superintendent—MRS. LUCY M. SICKELS.

Under management of the Board of Control of State Institutions.

The object of each of these institutions is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school where wayward and criminal boys and girls are brought under the influence of Christian instructors and taught by example, as well as precept, the better ways of life. It is a training school where the moral, intellectual and industrial education of a child is carried on at one and the same time.

With few exceptions, any boy or girl over 7 and under 16 years of age, who has become criminal, vagrant, disorderly or incorrigible, or over the age of 9 and under the age of 16, found guilty of crime in a court of record, may be committed to these schools by any court of record. Any boy or girl may be discharged or paroled from these schools at any time after one year's training, upon satisfactory evidence of reformation. They may also, in exceptional cases, be paroled or discharged in less than one year.

SOLDIERS' ORPHANS' HOME, DAVENPORT.

Superintendent—F. J. SESSIONS.

Under management of the Board of Control of State Institutions.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries.

A library of well selected juvenile literature is a source of pleasure and profitable entertainment to the children, as from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed. The new chapel, erected recently, is a handsome and much needed addition to the home.

INSTITUTE FOR FEEBLE-MINDED CHILDREN, GLENWOOD.

Superintendent—GEORGE MOGRIDGE, M. D.

Under management of the Board of Control of State Institutions.

The purposes or objects of the institution are to provide special methods of training of that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as near as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their wants.

SCHOOL FOR THE DEAF, COUNCIL BLUFFS.

Superintendent—HENRY W. ROTHERT.

Under management of the Board of Control of State Institutions.

This institution is free to all who are too deaf to be educated in the common schools. They must be sound in mind and free from immoral habits and contagious diseases. No charge is made for board and tuition.

The school opens on the first day of October each year and continues until the last day of June. Pupils should come promptly at the opening of the school and remain until the end of the session.

The State Teachers' College was founded in 1876 for a special instruction and training of teachers for the common schools—the public school system—of the state. It was named by the first Board of Directors, "The Iowa State Normal School." By legislative act in 1909 the title of the institution became the Iowa State Teachers College. The title of the board became Board of Trustees in 1897 and the State Board of Education in 1909.

COLLEGE FOR THE BLIND.

Principal—GEORGE D. EATON.

Under management of the Board of Control of State Institutions.

The school term begins on the first day of September and ends about the 30th day of June. It is desirable that the students enter at the first and remain until the close. They may however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with twenty-three pianos, one pipe organ, several cabinet organs and a sufficient number of violins, guitars, bass viols and brass instruments. Every student capable of receiving it is given a complete course in this branch.

In the industrial department the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys, netting, mattress making and cane seating. Those of either sex, who so desire, may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the state. All that the friends are expected to do is to pay the traveling expenses and furnish clothing. If they are unable to clothe the pupils, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

LIST OF ACCREDITED HIGH SCHOOLS IN IOWA.

The following schools have been accredited under authority of the State Board of Education. It is recommended that graduates of these schools be received in higher institutions of learning without examination, so far as credits duly certified meet the entrance requirements of courses to which admission is sought.

STATE INDUSTRIAL SCHOOLS.

FOR BOYS, ELDORA.

Superintendent—W. L. KUSER.

FOR GIRLS, MITCHELLVILLE.

Superintendent—MRS. LUCY M. SICKELS.

Under management of the Board of Control of State Institutions.

The object of each of these institutions is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school where wayward and criminal boys and girls are brought under the influence of Christian instructors and taught by example, as well as percept, the better ways of life. It is a training school where the moral, intellectual and industrial education of a child is carried on at one and the same time.

With few exceptions, any boy or girl over 7 and under 16 years of age, who has become criminal, vagrant, disorderly or incorrigible, or over the age of 9 and under the age of 16, found guilty of crime in a court of record, may be committed to these schools by any court of record. Any boy or girl may be discharged or paroled from these schools at any time after one year's training, upon satisfactory evidence of reformation. They may also, in exceptional cases, be paroled or discharged in less than one year.

SOLDIERS' ORPHANS' HOME, DAVENPORT.

Superintendent—F. J. SESSIONS.

Under management of the Board of Control of State Institutions.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries.

A library of well selected juvenile literature is a source of pleasure and profitable entertainment to the children, as from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed. The new chapel, erected recently, is a handsome and much needed addition to the home.

INSTITUTE FOR FEEBLE-MINDED CHILDREN, GLENWOOD.

Superintendent—GEORGE MOGRIDGE, M. D.

Under management of the Board of Control of State Institutions.

The purpose or objects of the institution are to provide special methods of training of that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as near as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their wants.

SCHOOL FOR THE DEAF, COUNCIL BLUFFS.

Superintendent—HENRY W. ROTHERT.

Under management of the Board of Control of State Institutions.

This institution is free to all who are too deaf to be educated in the common schools. They must be sound in mind and free from immoral habits and contagious diseases. No charge is made for board and tuition.

The school opens on the first day of October each year and continues until the last day of June. Pupils should come promptly at the opening of the school and remain until the end of the session.

The State University of Iowa, established February 25, 1847, is an integral part of the public school system of the state. As required by law, the work of the university is based upon the preparations afforded by the duly accredited high schools of the state, whose graduates are admitted to the undergraduate and professional courses upon presentation of the proper certificates.

A sense of this vital connection with the public schools determines, in a large measure, the requirements for admission to the university, its spirit, and its courses of study. The state through the university undertakes to furnish instruction in the various branches requisite for a liberal education in the liberal arts, law, medicine, dentistry, pharmacy, fine arts, music, nursing, and in applied science—the various branches of engineering. It also aims to encourage research work in all departments, to produce creative scholars, and thus to do its part in the enlargement of the domain of knowledge. Thus it is the general policy of the institution to foster the higher educational interests of the state broadly and generously interpreted.

The university maintains and is administered through the following organizations:

- The College of Liberal Arts.
- The College of Law.
- The College of Medicine.
- The College of Homeopathic Medicine.
- The College of Dentistry.
- The College of Pharmacy.
- The College of Applied Science.
- The Graduate College.
- The College of Fine Arts.
- The College of Education.

The College of Liberal Arts embraces:

Groups of studies leading to the degree of B. A., and also of B. A. and LL. B., of B. A. and M. D., of B. S., and M. D., and of B. S. and D. S.

The School of Political and Social Science and Commerce, which includes:

- A course in Commerce;
- A course in Administration;
- A course in Practical Philanthropy;
- A course in Modern History.

The Summer Session of six weeks, including the Summer School for Library Training, also is embraced by the College.

The College of Law embraces:

A course of three years leading to the degree of LL. B.

The College of Medicine embraces:

A course of two years in the College of Liberal Arts preparatory to a course of four years in Medicine, leading to the degrees of B. S. and M. D.

A training school for nurses leading to the degree of Graduate Nurse.

The College of Homeopathic Medicine embraces:

A preparatory course of two years in the College of Liberal Arts, a course of four years in the College of Homeopathic Medicine, leading to the degrees of B. S. and M. D.

A training school for nurses.

The College of Dentistry embraces:

A course of three years leading to the degree of D. D. S.

A course for dental assistants.

The College of Pharmacy embraces:

A course of two years leading to the degree of Graduate Pharmacist (Ph. G.).

A graduate course leading to the degree of Ph. C.

The College of Applied Science embraces:

The Civil Engineering course leading to the degrees of B. S. in C. E. and C. E.

The Electrical Engineering course leading to the degree of B. S. in E. E. and E. E.

The Mechanical Engineering course leading to the degrees of B. S. in M. E. and M. E.

The Municipal and Sanitary Engineering course leading to the degree of B. S.

The Chemical Engineering course.

The course in Chemistry.

The Graduate College embraces:

Graduate courses leading to the degrees of M. A., M. S., and Ph. D.
Post-graduate work is offered in thirty departments.

The College of Education embraces:

Courses for special training of high school teachers, principals, superintendents, and college instructors.

Semesters open September 22, 1913, and February 9, 1914. New students may enter at the opening of any semester.

The summer session opens June 22 and closes August 1, 1914.

The number of officers of instruction and administration in October, 1913, was 240; total number of students for 1912-13, men, 1,417; women, 838; total, 2,255.

IOWA STATE COLLEGE OF AGRICULTURE AND MECHANIC ARTS, AMES.

Under control of the State Board of Education.

OFFICERS OF THE COLLEGE.

President—RAYMOND A. PEARSON.

Vice-President and Secretary—EDGAR W. STANTON.

Treasurer—HERMAN KNAPP.

This institution was established by the Iowa legislature in 1858, and endowed by the National Land Grant Act of Congress in 1862. In accepting the grant of the National Government the Iowa General Assembly

defined the object of the college as follows: "There shall be adopted and taught in the State Agricultural College, a broad, liberal and practical course of study, in which the leading branches of learning shall relate to agriculture and the mechanic arts, and which shall also embrace such other branches of learning as will most practically and liberally educate the agricultural and industrial classes in the several pursuits and professions of life, including military tactics."

SCOPE.

I. GRADUATE COURSES.

Graduate Courses in Agriculture:

Graduate work in Agricultural Education, Animal Husbandry, Dairying, Farm Crops, Forestry, Horticulture, Poultry Husbandry, and Soils, based upon a Baccalaureate degree in Agriculture, and leading to the degree of M. S. A.

Graduate Courses in Engineering:

Graduate work in Agricultural Engineering, Civil Engineering, Electrical Engineering, Mechanical Engineering, and Mining Engineering, based upon a Baccalaureate degree in Engineering, and leading to the degree of A. E., C. E., E. E., M. E., or E. M.

Graduate Courses in General Science:

Work based upon a Baccalaureate degree and leading to the degree of M. S.

Professional Work in Engineering:

- Electrical Engineering—A four- and five-year course leading to the degree of B. S. (E. E.).
- Mechanical Engineering—A four- and five-year course leading to the degree of B. S. (M. E.).
- Mining Engineering—A four- and five-year course leading to the degree of B. S. (E. M.).
- Structure Design—A four-year course leading to the degree of B. S. (Str. Design).

Division of Home Economics:

- Home Economics—A four-year course leading to the degree of B. S. (H. Econ.).

Division of Science as Related to the Industries:

- General Science—A four-year course leading to the degree of B. S.

Division of Veterinary Medicine:

- A four-year course leading to degree of D. V. M.

III. RESIDENT SHORT COURSES.

Agriculture:

- Two-year course in Agriculture.
- One-year course in Dairying.
- One-year course in Poultry Husbandry.
- (Three practical courses, requiring attendance during the full college year of thirty-six weeks.)

Engineering:

- Two-year course in Mining Engineering.
- Two-year course in Clay Working.
- Two-year Trade School in Engineering.
- (Three practical courses, requiring attendance during the full college year of thirty-six weeks.)

Home Economics:

- Two-year Home Makers Course.
- (A practical course, requiring attendance during the full college year of thirty-six weeks.)

IV. WINTER SHORT COURSES.

(December 29th to January 9th.)

Agriculture:

Buttermaking.

Corn and Small Grain Judging.

Stock Judging.

Farm Dairying.

(Two weeks' practical courses for farmers, stock raisers and their wives. These courses open the last Monday in December.)

Engineering:

The Uses of Cement.

Clay Working.

Road Making.

Drainage Work.

The Installation, Operation and Care of Power Plants.

Care and Operation of Steam and Gas Tractors.

Applications of Electricity.

Home Economics:

Preparation of Foods, and Plain Sewing.

V. SUMMER SCHOOL.

A six weeks' Summer Session offering courses in Animal Husbandry, Poultry Husbandry, Dairying, Farm Crops, Soils, Horticulture, Manual Training, Home Economics and subjects related thereto, such as Chemistry, Botany, Zoology, Economics, etc.

VI. EXTENSION DEPARTMENTS.

Agricultural Extension Department:

With a special staff of some twenty-two workers, over 1,500 short courses, institutes, meetings, shows, and demonstrations per year, reaching directly 350,000 people, are held in different parts of the state. The lines of work covered are farm crops, soil fertility, animal diseases, fruit, garden crops, poultry, bee keeping, stock raising, dairying, drainage, farm buildings, home economics, rural schools, boys and girls clubs and rural church work.

Engineering Extension Department:

The following lines of work are carried on:

- (1) A two-year practical short course at Ames for boys who have had only an eighth grade education.

- (2) Correspondence study courses in industrial and engineering subjects available to anyone in the state.
- (3) Day and evening industrial classes in schools, shops and factories covering shop mathematics, shop drawing and sketching, builders arithmetic and estimating and other industrial subjects.
- (4) Technical lectures by members of the engineering faculty.

VII. AGRICULTURAL EXPERIMENT STATION.

Investigation carried on under the Hatch and Adams acts, also under the Laws of Iowa.

VIII. ENGINEERING EXPERIMENT STATION.

Investigations in Engineering carried on under the State law by a trained force of engineers. Problems in road making receive special attention.

IX. VETERINARY INVESTIGATIONS.

The last General Assembly provided for investigating diseases of live stock.

Tuition is free to students of Iowa. For additional information address,

RAYMOND A. PEARSON,
President,

THE COLLEGE YEAR.

Fall Term opens September 2, 1913.

Winter Term opens December 2, 1913.

Spring Term opens March 17, 1914.

Summer Term opens June 13, 1914.

Fall Term opens August 31, 1914.

This educational institution began its first year September, 1876, under the title Iowa State Normal School. It became the Iowa State Teachers' College by act of the General Assembly in 1909. It devotes its instruction to the education and training of public school teachers of all varieties and kinds and graduates classes four times a college year. It is not organized to give a general education as its efforts are devoted to producing efficient teachers who have special capability in some certain field and hence its service is doubly valuable and reliable.

FREE TUITION TO RURAL TEACHERS.

All students pursuing courses of study for uniform county certificate and for normal diplomas are admitted to the privileges of the College without tuition. All other students pay \$5.00 a term. The expenses of the students are the lowest possible in recognition of the service they expect to perform for the State.

COURSES OF STUDY.

All courses are teacher courses and give State Certificates. They include instruction in education and in actual practice in teaching pupils of public school grades so that expert development is secured. The students have choice of courses to fit their personal talents and intended service and are given marked attention and supervision in every department. The diplomas, that are obtainable, are the following:

1. Normal Diploma for General Course.
2. Normal Diploma for Vocational Course.
3. Special Teacher Diploma for Primary, Elementary, Kindergarten, Manual Training, Home Economics, Commercial, Public School Music, Drawing, or Instrumental Music course.
4. Junior College Diploma for Freshman and Sophomore College work under certain conditions essential to competency.
5. Bachelor of Arts in Education Degree and Diploma for completing full four years of college work.
6. Master of Didactics Degree and Diploma for graduates of colleges and universities who spend a year in any line of specialization granted by the courses of study.

The work is organized so that students major in some particular line and are trained to be strong and efficient in these types of teaching.

The standards that are maintained are of the best so that the graduates are professionally accepted wherever they locate according to their special qualifications.

Catalog and Circular furnished on application to the Officers of the Institution at Cedar Falls.

IOWA COLLEGE FOR THE BLIND—VINTON.

Under the control of the State Board of Education.

Superintendent—GEO. D. EATON.

Physician—CLARK C. GRIFFIN, M. D.

Visiting Ophthalmic Surgeon—LEE WALLACE DEAN, M. D.

Steward—CLARENCE P. MOON.

The aim and purpose of this institution is purely educational. The literary work covers a period of twelve years and is outlined similar to the work done in the public school, having a fully accredited high school. The department of music is supplied with a number of pianos, one pipe organ, and a number of stringed instruments. All students who have any talent in music are given a thorough course in this department. All students are required to do work in the industrial department. The girls are taught knitting, crocheting, fancy-work, hand and machine sewing, and domestic science. The boys are taught netting, weaving, broom-making, cane seating, manual training and piano tuning. These advantages are free to all blind children of school age and those who have vision so defective as to prevent them from attending the public schools, providing they are mentally normal. The school year begins the first Wednesday in September and closes the last week in May. For further information address the Superintendent.

ACCREDITED SCHOOLS IN IOWA.

The following schools have been accredited under authority of the State Board of Education. It is recommended that graduates of these schools be received in higher institutions of learning without examination, so far as credits duly certified meet the entrance requirements of courses to which admission is sought.

STATE SCHOOLS UNDER CONTROL OF BOARD

OCTOBER, 1912.

Institutions Under Board of Control	Employees	Children
School for the Deaf	64	214
Soldiers' Orphans' Home	82	546
Institution for Feeble-Minded	197	1,353
Industrial School for Boys	58	402
Industrial School for Girls	34	140

STATE INDUSTRIAL SCHOOLS.

FOR BOYS, ELDORA.

Superintendent—W. L. KUSER.

FOR GIRLS, MITCHELLVILLE.

Superintendent—MRS. LUCY M. SICKELS.

Under management of the Board of Control of State Institutions.

The object of each of these institutions is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institu-

tion. It is a school where wayward and criminal boys and girls are brought under the influence of Christian instructors and taught by example, as well as precept, the better ways of life. It is a training school where the moral, intellectual and industrial education of a child is carried on at one and the same time.

With few exceptions, any boy or girl over 7 and under 16 years of age, who has become criminal, vagrant, disorderly or incorrigible, or over the age of 9 and under the age of 16, found guilty of crime in a court of record, may be committed to these schools by any court of record. Any boy or girl may be discharged or paroled from these schools at any time after one year's training, upon satisfactory evidence of reformation. They may also, in exceptional cases, be paroled or discharged in less than one year.

SOLDIERS' ORPHANS' HOME, DAVENPORT.

Superintendent—F. J. SESSIONS.

Under management of the Board of Control of State Institutions.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

It is the aim to provide the children with plenty of good, comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries.

A library of well selected juvenile literature is a source of pleasure and profitable entertainment to the children, as from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed. The new chapel, erected recently, is a handsome and much needed addition to the home.

INSTITUTE FOR FEEBLE-MINDED CHILDREN, GLENWOOD. .

Superintendent—GEORGE MOGRIDGE, M. D.

Under management of the Board of Control of State Institutions.

The purpose or objects of the institution are to provide special methods of training of that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self-supporting as practicable, and to approach as near as

possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their wants.

SCHOOL FOR THE DEAF, COUNCIL BLUFFS.

Superintendent—HENRY W. ROTHERT.

Under management of the Board of Control of State Institutions.

This institution is free to all who are too deaf to be educated in the common schools. They must be sound in mind and free from immoral habits and contagious diseases. No charge is made for board and tuition.

The school opens on the first day of October each year and continues until the last day of June. Pupils should come promptly at the opening of the school and remain until the end of the session.
