REPORT OF ADJUTANT GENERAL

The changes in the organization of the Guard since the last report have been great as we have followed the exact recommendations and requirements of the War Department in the organization of the Iowa Guard so as to have a balanced organization with all branches of the service which are necessary being maintained. This was only done by the earnest co-operation of all of the members of the Military Advisory Board and by the breaking up of one of the Infantry Regiments and transferring them to other organizations.

In order to accomplish this it was decided as the wiser plan to drop the numbers of the regiments as held at that time and adopt the "First", "Second" and "Third" as the designation for the Infantry Regiments. Colonel Ralph P. Howell agreed that he would surrender his command and that the individual companies should be either transferred to auxiliary troops or to other regiments wherever there was a vacancy on account of a company having been or to be mustered out on account of the recommendation of the officer detailed from the War Department to make the inspections of the organizations of the Guard. The transfer of the organizations to the new units are specified in General Orders Number 12, A. G. O., July 3, 1915.

ORGANIZATIONS.

The Organized Militia or National Guard of Iowa consists of one State Headquarters having sufficient Staff officers and enlisted men to carry on the work of the Department; one brigade of infantry, (3 regiments); one battalion of field artillery (3 batteries); one squadron of cavalry (4 troops) and one company of engineers; one field hospital company and one ambulance company.

The Infantry Brigade composition at the time of calling into the Mexican Border Service was as follows:

ANNUAL TOUR OF CAMP DUTY.

SEASON 1915.

All troops of the Iowa Guard were ordered on a ten day tour of camp duty for the year 1915, as follows:

First Infantry at Iowa City, Iowa, August 16th to 25th, inclusive.

Second Infantry at Clear Lake, Iowa, July 19th to 28th, inclusive.

Third Infantry at Camp Dodge, Iowa, August 9th to 18th, inclusive.

First Squadron, First Cavalry, Iowa City, Iowa, August 16th to 25th, inclusive.

Batteries A, B, and C, First Field Artillery at Camp Robinson, Wisconsin, in joint camp of instruction with regular army troops, August 23d to 31st, inclusive.

First Field Hospital Company and First Ambulance Company at Camp Robinson, Wisconsin, in camp of instruction with regular army troops, August 23d to 31st, inclusive.

Reports of commanding officers for this tour of duty were never filed with this department.

SEASON 1916.

All organizations of the Iowa Guard were called into the Federal Service by the President on June 20, 1916, therefore no State Camps of instruction were held during said season.

SMALL ARMS FIRING.

SEASON 1915 AND 1916.

The work in small arms practice was kept up to the high standard of the past during the year 1915, but on account of all the troops being called into the Federal Service by the President in June, 1916, before the Commanding Officers of company organizations had advanced very far with company range work the troops did not render report of work performed. All of said troops received small arms practice under Major Smith W. Brookhart during the time they were on duty at Camp Dodge, but only one regiment, the Second Infantry, received any instructions in small arms practice during the time the troops were on duty on the Mexican Border.

The State entered a team in the National Rifle Matches of 1915, which were held on State Rifle Range of Florida, at Yukan, near Jacksonville, Florida, and also entered a team in the National Rifle Matches of 1916, held on same range. Report of the work of said teams are published in reports of officers in command and made a part of this report.

SPECIAL DUTY.

Company F, and Company M, Third Infantry and one troop from the First Squadron Cavalry were placed on duty at the State Fair for 1915 as guards and performed such duty with credit to their organization and to the Guard.

ARMS, EQUIPMENT AND UNIFORMS.

No important changes made in the equipment with the exception that the Artillery and the Cavalry organizations have all been issued sufficient horses by the Federal Government for all drill purposes of the organizations.

ARMORIES.

Since last report the armories at Muscatine, Glenwood and Mason City have been finished, as have also armories at Manchester and at Davenport, Iowa. The armory at Davenport being a model armory for a battery of field artillery of the National Guard and has all the necessary buildings to house the organization for the men, equipment, gun shed and stables for the horses and cost approximately \$50,000.

ARSENAL BUILDING.

Since last report I have to advise that a fine fire proof arsenal building at Camp Dodge has been constructed which is caring for all the property issued by the Federal Government and by the State of Iowa for the use of the Guard, and in addition was almost a saving point for the Camp Quartermaster at the time of the mobilization of the Guard at Camp Dodge, under call of the President of June 20, 1916. I also desire to report that the Legislature has just authorized the construction of an additional building at Camp Dodge.

CAMP GROUND.

The permanent camp ground for the Iowa Guard is located twelve miles north of Des Moines, Iowa, on the Interurban Railway and is called Camp Grenville M. Dodge in honor of Iowa's late distinguished soldier and citizen, to whom all military men love to refer as one of the great military commanders of the War of the Rebellion. Camp Dodge consists of approximately five hundred acres of land of which approximately two hundred and thirty-four belong to the State of Iowa and the balance is the property of the United States for rifle range purposes for

the National Guard of this state. I have recommended to the 37th General Assembly that a sufficient appropriation be made to purchase at least one hundred and sixty acres of additional land to connect the camp ground proper and the rifle range, thereby making it one of the very best maneuver camps in the country, and I have also recommended to the War Department the purchase of one hundred and thirty acres of additional land in order to increase the capacity of the rifle range, which recommendation has been approved by the Inspecting Officer.

INSPECTORS - INSTRUCTORS.

The War Department under the new National Defense Act has furnished instructors for all departments of the National Guard. We have instructors for our infantry organizations, one for the medical department, one for the field artillery and one for the cavalry. We also have an officer detailed for duty in the office of the Quartermaster Department, which will be of great assistance; and we have had enlisted men from the army detailed also as instructors, these men being old trained sergeants of the Regular Army and thoroughly competent to help in this department.

At the date of this report the senior inspector on duty with the State Headquarters is Major Edgar Ridenour, Infantry, who is a hard-working, conscientious officer; Major James McPhalen, Medical Corps, who was in charge of the various medical units, and Captain Louis R. Dougherty, in charge of the field artillery units.

In addition to the commissioned officers detailed by the War Department as Inspectors-Instructors they have also detailed three sergeants from the field artillery, one sergeant from the engineer corps, one sergeant from the cavalry, three sergeants from the infantry, who are on duty with the troops all the time in the capacity of instructors.

OFFICERS' SCHOOLS.

In accordance with the plans of the Advisory Board of the Iowa National Guard we have successfully carried out officers' training camps and schools, and have had assigned a sufficient number of officers of the Regular Army to assist in these schools.

Some of our officers have been assigned to Camp Robinson, Wisconsin, and to Medical Training Camps at other points, and we feel we have made good advancement along these lines.

RECOMMENDATIONS.

As the 37th General Assembly is now in session it is very important that certain legislation should be recommended. Much of this has been taken up with them, and I think fully approved. Drills have been prepared and submitted for their consideration.

The Military Code must be revised in accordance with the National Defense Act approved June 3, 1916, and all officers henceforth selected must be commissioned on account of their qualifications, must be the age required of the said federal law, and must be commissioned until they are retired on account of age or through other sources specified by regulations. This is one of the best requirements that has been placed before the Guard. It assures an officer, if he works hard, that he will be maintained in his position, as all officers are subject to examinations specified by the War Department and such examinations are made by an officer of the Regular Army. An officer must therefor come up to a required standard, and unless he can pass the examination will be ordered to retire or honorably discharged.

The War Department reserves the right to specify the number of troops to be maintained by each state and the number of men in each of the various branches of the service, and has so specified for this state. The Legislature has been requested to change the military code so that we may organize in accordance with such regulations.

The government requirements for the period of enlistment should also be complied with. This period is for six years, three years with the colors, and three years in the reserve. There is also a very strict limit as to what men may be discharged for and our regulations must comply therewith.

We find that it is impossible to secure the necessary armories and facilities for batteries and for cavalries, which we are required to organize, at the rental which is specified by the present laws. These buildings are now under direct control of the Federal Government as to specifications and as we must meet these requirements I have recommended to the Legislature an increase for armory rental for battery and cavalry troops, and also a slight increase for other armories.

CONCLUSION.

The work of the Military Advisory Board has been of the greatest assistance to me in the administration of this department and I am under the deepest obligation to each and every member of this organization. They have worked faithfully for the best interests of the Guard, even to the officers giving up their commands in order that we might organize in accordance with the War Department regulations. This has been a great sacrifice to some of these officers, one of whom I mention, Colonel R. P. Howell, who was willing to surrender his commission with the regiment and accept a majority in the cavalry, in order that we might perfect the Iowa Guard on a proper basis.

To my assistants and employees in my department I desire to express my appreciation for their painstaking efforts and faithful service in carrying out the work during these strenuous and trying times, as the work has been very exacting, requiring long hours and painstaking efforts.

To the Governor I desire to commend to his very earnest consideration the faithful work on the part of every officer and man of the Iowa organization, and we court his assistance in building the Iowa Guard and keeping it to the present high standard, and will appreciate his help and advice along all military matters.

Mexican Border Service

Record of Members of Iowa National Guard, in
Campaign on Mexican Border, 1916-17.

HISTORY OF IOWA NATIONAL GUARD SERVICE OF MEXICAN BORDER

On June 18, 1916, the Secretary of War sent a telegram to the Governor of the State of Iowa, ordering him to call into the service of the Government all organizations of the Iowa National Guard. This telegram was delivered by the Postal Telegraph Company to the Governor at the Brown Apartment House, where the Governor was residing, but as the Governor was absent from the city he did not receive the telegram until the evening of the 19th of June. It was therefore impossible to issue the necessary orders calling the troops for duty under such order until the morning of the 20th of June.

On the morning of June 20th all organization commanders were directed by wire to immediately assemble their commands at armory quarters; to make their necessary provisions for their subsistence and to immediately start training their organizations in drill, awaiting further orders. As soon as the necessary arrangements could be made for their provision at Camp Dodge, train schedules made out, and the necessary orders issued, the troops were moved into Camp Dodge and placed in command of Brigadier General H. A. Allen. All of the Iowa troops were in camp before the arrival of the Senior Mustering Officer detailed to muster these organizations.

Much trouble was found at Camp Dodge through the workings of the War Department, as the mustering officer required the men to take an additional oath before they would be accepted for Federal service, while the law specifically stated that they would be accepted under the present oath. There was great doubt in the minds of the enlisted men regarding the advisability of taking this oath for the reason that it did not specify in any way the length of service that they would be required to serve, and they desired to have their rights and secure their discharges at the end of the enlistment period. The War Department has

since decided that they were not required to take any additional oath, but the decision came at a date which was too late to be of any benefit to the Guardsmen.

There is given herewith the status of the organizations at the date of the call and the roster of the officers and enlisted men during their period of Federal service.

All Iowa troops were assigned to duty on the Mexican Border at Brownsville, Texas, with the exception of a squadron of cavalry which was assigned to duty in a Brownsville district, located at Donna. The reports of the duty performed by all of our organizations while located on the Mexican Border is exceptionally gratifying, for they demonstrated that they are very efficient in all military requirements. Should Iowa troops be called for future service they will demonstrate in actual warfare that the training on the Mexican Border has developed real officers and soldiers.

The following is the telegraphic order issued by the Secretary of War to the Governor of this state, and the Governor's proclamation to the Adjutant General, ordering the calling out of the troops and specifying the troops to be called, with a copy of the telegram which was forwarded to all Iowa organizations.

At the time of muster-in there was no authority for a headquarters company, supply company or machine gun company, but men were detailed from other companies for permanent service in these companies until such time as authority was granted for the organization of permanent companies.

CALL OF THE PRESIDENT INTO FEDERAL SERVICE.

(Copy of telegram.)

Washington, D. C., June 18, 1916.

Hon. Geo. W. Clarke,

Governor of Iowa, Des Moines.

Having in view the possibility of further aggression upon the United States from Mexico and the necessity for the proper protection of that frontier, the President has thought proper to exercise the authority vested in him by the constitution and laws and call out the organized militia and the National Guard necessary for that purpose, I am, in consequence, instructed by the President to call to the service of the United States forthwith, through you the following units of organized militia and the National Guard of the State of Iowa, which the President directs shall be assembled at the state mobilization point Des Moines (or at the places to be designated to you by the Commanding General, Central Department) for muster into the service of the United States, one brigade of three regiments of infantry, one squadron of cavalry, one battalion of field artillery, one company of engineers, one field hospital, one ambulance company. Organizations to be accepted into the federal service should have the minimum peace strength now prescribed for organized militia, the maximum at which organizations will be accepted, and to which they should be raised as soon as possible, is prescribed in section two, tables of organization United States Army. In case any regiment, battalion or squadron, now recognized as such, contains an insufficient number of organizations to enable it to conform at muster to regular army organization tables, the organization and therein inspected under orders of the department to determine their fitness for recognition as organized militia by the War Department, circular nineteen, division of militia affairs, nineteen fourteen, prescribed the organizations desired from each state as part of the local tactical division, and only these organizations will be accepted into service. It is requested that all officers of the Adjutant General's department, quartermaster corps and medical corps, duly recognized as pertaining to state headquarters, under table one, table of organizations, organized militia and not elsewhere required for duty in State administration be ordered to camp for duty as camp staff officers. Such number of these staff officers as the department commander may determine may be mustered into the service of the United States for the purpose of proper camp administration, and will be mustered out when their services are no longer required. Where recognized brigades or divisions are called into service from a state, the staff officers pertaining to these units under tables of organization, United States Army, will be mustered into the United States service, and also the authorized inspectors of small arms practice pertaining thereto, except for those two purposes of mobilization camp services and of the prescribed staff service with tactical units, officers of state head-

quarters under table one, above mentioned, will not be mustered into service at this time. If tactical divisions are later organized, the requisite additional number of staff officers with rank as prescribed for division staff will, as far as practicable be called into service from these states which have furnished troops to such divisions, acknowledge.

NEWTON D. BAKER,

Secretary of War.

PROCLAMATION OF THE GOVERNOR TO THE
ADJUTANT GENERAL.

To General Guy E. Logan,

Adjutant General of the State of Iowa.

Sir: Whereas the President of the United States, in accordance with the authority vested in him by law and in anticipation of further aggression upon the territory of the United States from Mexico and for the proper protection of that frontier, has called out to be mustered into the service of the United States Army, the organized militia and National Guard of the State, you are

Therefore hereby commanded to at once cause to be mobilized at the City of Des Moines, the troops specified in the President's order, consisting of

One brigade of three regiments of infantry.

One squadron of cavalry.

One battalion of field artillery.

One company of engineers.

One field hospital.

One ambulance company.

All of said organizations to be at minimum required strength.

Upon the mobilization of said troops you will report the same to me with the strength of each unit.

Given under my hand at the City of Des Moines, Iowa, this 19th day of June, 1916.

G. W. CLARKE,

Governor and Commander-in-Chief.

Official seal.

TELEGRAM SENT TO COMMANDING OFFICERS OF ALL
ORGANIZATIONS.

(Copy of telegram.)

June 20, 1916.

The Governor orders that you immediately assemble your command at the armory for federal service. Command to be enlisted to at least minimum strength and then reported by wire to the Adjutant General for duty. Every officer and man must report. Make local arrangement for authorized subsistence stores. Acknowledge receipt.

GUY E. LOGAN,

The Adjutant General.

Des Moines, Iowa, January 11, 1915.

I. The inspection of the Organized Militia of the State of Iowa, as required by sections 3 and 14 of the Militia Law as enacted by Congress, approved January 21, 1903, as amended by Act of Congress, approved May 27, 1908, will be made by the officers of the United States Army detailed for such purpose by the Commanding General, Central Department, and dates given in schedule published herewith.

II. Inspection of troops will be made at 8:00 p. m., unless otherwise directed by the Inspecting Officer, at the Armory of the organization. Troops will be paraded in Olive Drab Woolen service uniform, under arms.

Officers of the Field and Staff and Non-Commissioned staff not inspected at Regimental Headquarters, will appear for inspection at the station where located or at the nearest station thereto.

Enlisted men temporarily absent from their stations at the muster of

their organizations should be ordered to report for muster and inspection with the organization where they are located or at the nearest station thereto. The organization will make such orders.

All organizations must be complete, a company of infantry as specified by the War Department Regulations will have a minimum enlistment of sixty-five, based on appointment to grades as follows: one first sergeant, one quartermaster sergeant, four sergeants, six corporals, two cooks, one artificer, two musicians and forty-eight privates. All other organizations will be in accordance with the provisions of General Orders No. 22, series 1913, this department.

Muster rolls will be prepared in duplicate, showing the full membership of the organization. Attached to the muster roll will be a list of absentees, if any, stating cause of absence.

III. The War Department requires that the Inspecting Officers secure certain information from the records of each organization, it is therefore necessary to have all records complete up to the day of inspection. All records must be on file at the Armory.

IV. The inspection of property will include all property available for field service, or for use in connection therewith, or preparatory thereto, which is of pattern and quality issued to the Regular Army, whether the property belongs to the United States or the State of Iowa or not, including the necessary number of uniforms and equipage to fully equip the required minimum.

All property must be thoroughly cleaned, assorted, neatly and systematically arranged for inspection, and all property which has been issued to organization commanders must be in the Armory as the check of the property will be made from the reports of property accountability furnished by the Acting Quartermaster General's Department.

Property inspection will be made by daylight, the responsible officer with a sufficient detail of men to handle the property must be present at the Armory during such inspection.

Dress uniforms will not be displayed for inspection unless especially requested by the Inspecting Officer.

V. The following schedule of dates for the inspection of each organization has been approved by the Commanding General, Central Department, United States Army, and inspections will be made on said dates by officers designated by him as follows:

Des Moines, June 9, 1915.

Executive Order.

In accordance with the provisions of the law as found in section twenty-two hundred fifteen-f14 (2215-f14), Supplement to the Code, 1913, as amended by the Acts of the Thirty-sixth General Assembly, I hereby announce the following appointment to take effect July 4, 1915.

Guy E. Logan to be "The Adjutant General" of the State of Iowa, with rank of Brigadier General.

GEORGE W. CLARKE,
Governor.

GENERAL ORDERS
NUMBER 6.

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, Iowa, April 5, 1915.

I. The following Circular from the War Department is published for the information of the Command.

WAR DEPARTMENT,
OFFICE OF THE CHIEF OF STAFF,
DIVISION OF MILITIA AFFAIRS,
Washington, March 14, 1914.

CIRCULAR
No. 5.

The following regulations governing the award of the National Trophies presented by the United States for excellence in target practice to the winning organizations of the Organized Militia of each State, Territory of Hawaii, and District of Columbia are published for the information of all concerned:

1. The trophy shall be awarded annually to that company of Infantry, Coast Artillery, Engineers, or troop of Cavalry of the Organized Militia, or division of the Naval Militia of each State, Territory of Hawaii, and the District of Columbia, firing in the course prescribed for the Organized Militia, or the course prescribed for the Regular Army, which attains the highest figure of merit in the State, Territory of Hawaii, or District of Columbia, provided that the figure of merit shall be computed by multiplying—

(a) The number of expert riflemen, sharpshooters, and marksmen by 1.00

(b) The number of first classmen by60

(c) The number of second classmen by40

and adding the products thus obtained, and further provided that the trophy shall not be awarded to any organization which fails to qualify as second classmen or better 75 per cent of the total number of enlisted men borne on the rolls of the organization during the target practice season.

2. On February 1 of each year, commencing February 1, 1915, each adjutant general of the several States, Territory of Hawaii, and the District of Columbia, shall report to the Secretary of War, through the Chief, Division of Militia Affairs, the name of the organization to which the award is to be made for the past year in compliance with paragraph 1, together with a report of qualification of the organization, including the computation of the figure of merit. This report will be accompanied by a certificate from the adjutant general of the State, Territory of Hawaii, or the District of Columbia, to the effect that to the best of his

knowledge and belief the scores set opposite the name of each officer and enlisted man are bona fide scores, made as prescribed in the Small-Arms Firing Manual.

3. Upon receipt of the order of the War Department making the award of the trophy, the adjutant general of the State, Territory of Hawaii, or the District of Columbia will present the trophy for the United States to the organization, to be retained by it for one year, together with certificate of award forwarded by the War Department.

[D. M. A., 42115.]

BY ORDER OF THE SECRETARY OF WAR.

LEONARD WOOD,
Major General, Chief of Staff.

OFFICIAL:

A. L. MILLS,
Brigadier General, General Staff,
Chief, Division of Militia Affairs.

II. In accordance with the provisions of paragraph one hereof, it is announced that Company M, 55th Infantry having attained the highest figure of merit for the year 1914, has been recommended to the Secretary of War as the organization to which the reward is to be made.

The trophy will be held by such organization until February 1, 1916, when same will be returned to the adjutant general.

BY ORDER OF THE GOVERNOR.

GUY E. LOGAN.
The Adjutant General.

GENERAL ORDERS
NUMBER 7.

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, Iowa, April 16, 1915.

1. The following circular from the Department of Justice, Washington, D. C., and the sections from the Penal Code of the Federal Statutes of 1910 referred to in said circular, are published for the information of the Command.

2. Company Commanders will publish this order to the members of their command by reading same at a regular drill period and will also cause same to be posted in a conspicuous place at or near the entrance of the property or locker room.

By order of the Governor:

GUY E. LOGAN,
The Adjutant General.

CIRCULAR
No 531.

"DEPARTMENT OF JUSTICE,
Washington, D. C., April 6, 1915.

TO UNITED STATES ATTORNEYS:

In connection with instances of theft of the United States property issued to the States for the use of the Organized Militia, the Secretary of War requests that the attention of United States Attorneys be called to the seriousness of this subject, and asks for the co-operation of this Department in putting an end to this character of losses.

In order not only to prevent actual property losses, but also to assist in maintaining the discipline of the Organized Militia, you are directed to enforce vigorously, in this connection, the provisions of Sections 46, 47 and 48 of the Penal Code.

Respectfully,
T. W. GREGORY,
Attorney General."

Section 46. Whoever shall rob another of any kind or description of personal property belonging to the United States, or shall feloniously take and carry away the same, shall be fined not more than five thousand dollars, or imprisoned not more than ten years, or both.

Section 47. Whoever shall embezzle, or steal, or purloin, any money, property, record, voucher, or valuable thing whatever, of the moneys, goods, chattels, records, or property of the United States, shall be fined not more than five thousand dollars, or imprisoned not more than five years, or both.

Section 48. Whoever shall receive, conceal, or aid in concealing, or shall have or retain in his possession, with intent to convert to his own use or gain, any money, property, record, voucher, or valuable thing whatever, of the moneys, goods, chattels, records, or property of the United States, which has theretofore been embezzled, stolen, or purloined by any other person, knowing the same to have been so embezzled, stolen, or purloined, shall be fined not more than five thousand dollars, or imprisoned not more than five years, or both, and such person may be tried either before or after the conviction of the principal offender.

GENERAL ORDERS,
No. 8.

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE, }
Des Moines, May 17, 1915.

1. Pursuant to the provisions of the Military Code, a camp of instruction for all infantry officers of the Iowa National Guard will be held at Camp Dodge, Iowa, on June 21st to 24th, inclusive.

Brigadier General Hubert A. Allen is hereby detailed to command said camp.

The following Staff Officers will report to General Allen for duty:

Major Edwin E. Lucas, Adjutant General's Department.

Major Wilbur S. Conkling, Medical Corps.

Major Smith W. Brookhart, Inspector Small Arms Practice.

Major John K. Miller, Ninth Infantry, U. S. Army, having been designated as senior instructor for said camp by the Commanding General, Central Department U. S. Army, will have charge of all details concerning course of instruction. The camp Commander will afford the senior instructor the proper facilities to carry on such instruction, and will detail such officers from the Guard to assist in the instruction as may be deemed necessary.

Officers will be paid the pay of their grade for four days' duty providing they are present at all roll calls and perform all duty required. All officers should arrange their departure from home stations so as to arrive in camp not later than 7:30 a. m., June 21st.

Candidates for commission are authorized to attend camp of instruction and those attending will be made an allowance of three dollars per day.

All officers and candidates for commission must attend the entire period of the camp and will not receive pay for attendance for a less period unless excused by the camp commander for an emergency which could not be foreseen.

Service uniform, without side arms will be worn, each officer will report with the following equipment: canteen and strap, field glass, watch, compass, notebook, pencils, rubber erasers, infantry drill regulations, field service regulations, army regulations, rain coats or poncho. In addition to said equipment each company officer will bring one rifle complete and one cartridge belt complete.

The necessary tentage for quarters, cots, blankets, buckets, basins, and cups will be furnished in camp. Officers must furnish other articles necessary for personal comfort.

Regimental Commanders will establish regimental messes and will advise this department the name of the officer or person to be in charge of same.

The officer herein designated for duty from the Medical Corps will detail two enlisted men to provide the necessary medical attendance.

Program and schedule for infantry officers during the camp will be issued before camp in circular form.

By order of the Governor.

GUY E. LOGAN,
The Adjutant General.

GENERAL ORDERS
NUMBER 9.

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, June 7, 1915. }

Permission is hereby granted the organized militia of the several States and Territories to enter and pass through the State of Iowa armed and equipped, without ball cartridges, for the purpose of proceeding to and returning from the joint camps for military maneuvers, the national rifle matches at Jacksonville, Florida, and the Panama-Pacific International Exposition at San Francisco, California, during this year 1915.

GUY E. LOGAN,
The Adjutant General.

By order of the Governor.

GENERAL ORDERS
NUMBER 10.

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, June 9, 1915. }

1. The following Executive Order is hereby published for the information of the Command.

By order of the Governor:

GUY E. LOGAN,
The Adjutant General.

STATE OF IOWA.
Executive Department.

Des Moines, June 9, 1915.

Executive Order.

In accordance with the provisions of the law as found in section twenty-two hundred fifteen-f14 (2215-f14), Supplement to the Code, 1913, as amended by the Acts of the Thirty-sixth General Assembly, I hereby announce the following appointment to take effect July 4, 1915.

Guy E. Logan to be "The Adjutant General" of the State of Iowa, with rank of Brigadier General.

GEORGE W. CLARKE,
Governor.

GENERAL ORDERS,
NUMBER 11.

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, June 14, 1915.

The following reports, rendered by Captain Edgar Ridenour and Captain George E. Ball, Inspectors-Instructors for the Iowa National Guard, and notes on said reports from the War Department are published for the information and guidance of all concerned. Markings on which ratings are based being published so that all may know wherein deficiency exists and what corrections must be made prior to next Federal Inspection.

By order of the Governor:

GUY E. LOGAN,
The Adjutant General.

FIFTY-THIRD INFANTRY.

(Captain Edgar Ridenour)

Headquarters Company.

BAND.

Attendance—27 enlisted men. Absent, 1 enlisted man. Attached, 1 officer.

Property—In very good condition and accessible for quick issue.

Armory—In good condition.

Drills—Marching good. First aid, good. All men except one or two know the essentials of first aid and litter drill.

Discipline—Very good. Both the chief musician and drum major efficient.

Rating—Good. Attendance, 98; rifles, —; property, 98; armory, 98; drill, 90; discipline, 96.

COMPANY A.

Attendance—2 officers and 46 enlisted men. Absent, 6 enlisted men.

Rifles—All in excellent condition.

Property—In very good condition, securely protected in locked lockers and available for immediate issue. Field range and cooking utensils especially in good condition.

Armory—Clean and well cared for. The roof of the main drill hall requires repairs. Gallery range at end of drill hall, limits firing if instruction takes place during other drill.

Drill—Company drill—Close order, very good. Fire direction and control, fair.

Squad drill—Close order, very good. Extended order, good.

Platoon drill—Extended order, very good. Fire direction and control, fair.

Bayonet exercises, good.

First aid, fair.

Bugle calls, good.

Signaling, fair.

Records—Complete and well kept. No records of rations or expenditures of Federal funds camp service.

Discipline—Very good. Instructions were followed as given by the inspector a month or two previous. The enlisted men were quick to take their proper position in the forming of the squad and company.

Rating—Very good. Attendance, 80; rifles, 100; property, 96; armory, 98; drill, 68; discipline, 90.

COMPANY B.

Attendance—3 officers and 71 enlisted men. Absent, 1 enlisted man.

Rifles—In very good condition. 1 was rusty and another had defective safety lock.

Property—All in very good condition, neatly arranged and available for immediate issue. Some athletic clothing was found on the floor of a few lockers, instead of being hung on hooks provided for such articles.

Armory—In very good condition and well kept. Gallery in section that does not interfere with the use of the drill hall.

Drill—Company drill—Close order, very good. Fire direction and control, fair.

Squad drill—Close order, very good. Extended order, fair.

Platoon drill—Extended order, good, although a complete test of the training of this unit could not be judged as the platoon was always commanded by an officer instead of a sergeant.

Fire direction and control, fair.

Service calls, good.

Bayonet exercise, fair.

Signaling, very good.

Records—Some missing. No duty roster or record of rations camp service. No record of expenditure Federal funds.

Discipline—The officers of the company did not appear in proper uniform for inspection. Information required by the inspector was not available at the time requested. Instruction in reference to the test in infantry training was not fully carried out.

Rating—Good. Attendance, 99; rifles, 97; property, 98; armory, 100; drill, 63; discipline, 98.

COMPANY C.

Attendance—3 officers and 46 enlisted men. Absent, 11 enlisted men.

Rifles—2 rusty, 1 with bent sight slide. 1 unserviceable, no sight.

Property—In good condition. Some lockers had articles on the floor. 1 rusty bayonet scabbard. The wooden parts of three bayonets broken. Some quartermaster property missing.

Armory—In good condition except the store rooms which are small and dark. Gallery range in main drill hall and might interfere with its use.

Drill—Company drill—Close and extended order, very good. Fire direction and control, good.

Squad drill—Extended order, very good.

Platoon drill—Extended order, very good. Fire direction and control, good.

Bayonet exercise, good.

Service calls, fair.

Signaling—By international code, poor; by semaphore, good.

First aid, good.

In addition the company executed with considerable precision a silent manual and the first and second sets Butts Rifle Drill.

Records—Complete, with the exception of the residing address of the enlisted men in the individual record book and the expenditure of Federal funds.

Discipline—Good. The company was formed promptly, executed movements required without delay and carried out the instructions given prior to inspection. The men were not uniformed alike, some wearing white collars.

Rating—Very good. Attendance, 88; rifles, 93; property, 94; armory, 98; drill, 70; discipline, 81.

COMPANY D.

Attendance—2 officers and 47 enlisted men. Absent, 7 enlisted men.

Rifles—In poor condition. 17 rusty on sight, trigger guard and bolt. 10 unserviceable on account of broken or missing parts. No gallery practice rifles in the company and no instruction in gallery practice.

Property—Poorly arranged. Ordnance and quartermaster's property disposed of in several rooms. Lockers unkept, clothing equipment lying on the bottom of lockers, although hooks were provided. Eighteen bayonet scabbards rusty. There was evidence everywhere of neglect and want of proper care. A great many articles of quartermaster and ordnance property missing, and from the statement of enlisted men, property had been repeatedly taken from the armory by enlisted men and returned only when the inspector was coming.

Armory—In fair condition. Situated over a livery stable with one narrow entrance. It is unsuited for the purpose for which it is used and in case of fire it is doubtful whether anything could be saved.

Drill—Company drill—Close order, good, though many incorrect commands were given.

Squad drill—Close order, good though many incorrect commands were given. Extended order, fair.

Platoon drill—Extended order, fair.

First aid, fair.

Service calls, good.

Signaling, poor.

Bayonet exercise, fair.

Fire control and direction, poor.

The men knew very little about their rifles and for what the parts were used. The training of the entire company in extended order appeared to have been neglected, and the instruction given was often wrong.

Records—Incomplete and neglected. No duty roster, sick report, morning report or record of rations camp service. No record of gallery practice and the individual record of enlisted men incomplete.

Discipline—Not up to the standard. The company commander had been directed sometime before to have certain data available. This was not done and was only obtained some time after it should have been. The men were inclined not to obey instructions promptly and were slow in falling in in forming squads and platoons. During signal drill the men so engaged smoked and during squad drill many of the company not on drill lighted cigarettes.

Unless a more suitable place can be obtained for the company where they can obtain proper training, and improve their standing, it is not believed this command at present is of any value to the National Guard of the State or the Federal Government.

Rating—Fair. Attendance, 73; rifles, 55; property, 73; armory, 95; drill, 41; discipline, 74.

COMPANY E.

Attendance—3 officers and 38 enlisted men. Absent, 15 enlisted men.

Rifles—4 rusty, 2 with sight leave missing; 3 sight slides bent. 1 gallery rifle unserviceable.

Property—Some bayonets and scabbards rusty. Property in fair condition and available for prompt issue. Lockers dusty and property therein not neatly arranged, many articles on the floor of the lockers. Considerable ordnance, quartermaster property missing. Evidently the care of it had been neglected and not properly looked after.

Armory—In very good condition. Gallery range in main drill hall which probably would prevent its use during infantry instruction.

Drill—Company drill—Close order, good.

Squad drill—Close order, good. Extended order, poor.

Platoon drill—Extended order, poor.

First aid, good.

Bayonet exercise, fair.

Fire control and direction, poor.

Service calls and signaling, none.

The men had not been instructed in the use and nomenclature of the rifles.

Records—Incomplete and not properly kept. No duty roster of camp or of rations. No record of pistol practice. No record of expenditure of Federal funds.

Discipline—Poor. The captain six weeks before inspection had been given a schedule of infantry training that would be asked for at the inspection. Apparently this was disregarded and no effort made to

train the command in these essentials. During the inspection the captain had to consult with his officers and non-commissioned officers over the program, and as a result many of the tests were omitted. Instructions for the preparation of certain data and the display of records had also been sent out some time before. This was not attended to and the inspector had to leave the company with incomplete data. The company formed for inspection in improper uniform, campaign hats with garrison belts and cartridge boxes.

Unless the officers of the company give more attention to care of property and training of the men, it will be of very little value to the State or the Federal Government.

Rating—Fair. Attendance, 59; rifles, 85; property, 88; armory, 99; drill, 37; discipline, 62.

COMPANY F.

Attendance—2 officers and 37 enlisted men. Absent, 14 enlisted men.

Rifles—3 rusty, 1 with defective cut off, 1 with rear sight broken. 1 gallery rifle cut off defective.

Property—In good condition and neatly arranged in lockers on hooks and available for immediate issue. Three bayonet scabbards rusty.

Armory—In good condition and sufficiently large for instruction. Gallery range in lower hall and can be used in conjunction with training in main drill hall.

Drill—Company drill—Close and extended order, good. Fire direction and control, fair.

Squad drill—Close and extended order, good.

Platoon drill—Close and extended order, good. Fire direction and control, fair.

Signaling, very good.

Bayonet exercise, good.

First aid, good.

Bugle calls, none.

Records—Complete and well kept. No record of expenditure of Federal funds.

Discipline—Not up to the average. The number of men absent show a lack of interest in the work. The platoons, squads were slow falling in and did not immediately respond to direction given by the company commander.

Rating—Good. Attendance, 79; rifles, 92; property, 95; armory, 98; drills, 50; discipline, 72.

COMPANY G.

Attendance—3 officers and 54 enlisted men. Absent, 15 enlisted men.

Rifles—5 rusty, otherwise in fair condition.

Property—Some quartermaster and ordnance property missing. 6 bayonet scabbards rusty. Lockers not neatly arranged, articles of clothing and equipment lying on the bottom.

Armory—In fair condition. The drill hall is smaller than the average one. A gallery range is placed in main hall and would interfere with its use for drills.

Drills—Very poor. This company has been neglected, and plainly showed that proper infantry training had been overlooked. The organization was able to execute only about a third of the movements required in close order. This was the fault of the company commander. The corporals could not drill their squads in any movements, knowing nothing about commands or how to execute any of the movements. The sergeants showed the same ignorance with the platoon. The company was unable to do anything in bayonet exercise and half of their drill in first aid was incorrect. One musician knew a few letters of the signal code and could sound a few calls on the bugle, otherwise they were untrained. It is evident that this company has had no instruction of any kind.

Records—There was no complete record of property accountability of each enlisted man. No record of rations or expenditure of Federal funds.

Discipline—The company turned out for inspection with incomplete equipment and were not uniformed alike. Four men had no uniforms. No attention had been given to instructions as to following a drill schedule for preparation for inspection, and the command showed that it had been neglected during the entire drill season.

This company is of no value to the National Guard of the State of Iowa or the Federal Government, and under the circumstances as disclosed, there is little hope for improvement.

Rating—Poor. Attendance, 83; rifles, 92; property, 85; armory, 95; drill, 18; discipline, 72.

COMPANY H.

Attendance—3 officers and 53 enlisted men. Absent, 3 enlisted men.

Rifles—4 rifles rusty, 2 with rear sight side bent, 1 barrel unserviceable, 1 barrel not clean.

Property—In good condition. Lockers not neatly arranged, some articles on the bottom of the lockers. Three bayonet scabbards rusty. The wood of one broken. Some quartermaster property missing.

Armory—In good condition except store rooms which are small and dark. Gallery range on main drill floor and would thus limit its use.

Drill—Company drill—Close and extended order, good. Fire direction and control, good.

Squad drill—Close and extended order, good.

Platoon drill—Extended order, good. Fire direction and control, good.

First aid, fair.

Bayonet exercises, good.

Bugle calls by one musician, very good; by the other, poor.

Signaling, fair.

Records—Complete with the exception of a record of rations used in camp and the expenditure of Federal funds.

Discipline—Good. The men obeyed promptly the instructions of the company and platoon commanders. One officer wore an olive drab cap while the remainder of the company wore campaign hats.

Rating—Good. Attendance, 86; rifles, 87; property, 94; armory, 98; drill, 64; discipline, 95.

COMPANY I.

(Temporarily vacant)

COMPANY K.

Attendance—3 officers and 43 enlisted men. Absent, 16 enlisted men.

Rifles—In very good condition, having been issued new a year ago. Some repairs needed. 2 ejectors broken and 7 rear sights out of order.

Property—In good condition and ready for issue. Some quartermaster, ordnance and engineer property missing. Apparently not much attention has been given to the protection of all property, and it is believed that at times property has been permitted to be removed from the store rooms by enlisted men.

Armory—New and in very good condition.

Drill—Company drill—Close order, fair.

Squad drill—Close order, fair. Extended order, poor.

Platoon drill—Extended order, poor.

No instruction in bayonet exercise, first aid, signaling or bugle calls. No instruction in gallery practice. Range very poorly constructed and not suited for instruction. The men had not been instructed in the nomenclature and use of the rifle.

Records—Very incomplete. No complete record for the year attendance at drills. No duty roster or sick report of camp service. No record of pistol practice. No record of rations drawn at camp or expenditure of Federal funds. Instructions concerning the preparation of records issued two weeks before by the inspecting officer were not complied with.

Discipline—The captain has during the short time he has had the company devoted himself with the property. He has given no instruction to the company and could not, as he does not know his drill regulations. Nearly all the non-commissioned officers were appointed just prior to inspection and had very little training in their duties. Instructions sent out prior to inspection had been disregarded and apparently no effort made to train the command in the essentials of infantry work.

At present the command is of no value to the State or the Federal Government. However, consideration should be given to the fact that during 1914 three captains had the company and less than a year ago it lost all its property by fire.

Rating—Fair. Attendance, 66; rifles, 87; property, 90; armory, 98; drill, 32; discipline, 63.

COMPANY L.

Attendance—3 officers and 59 enlisted men. Absent, 1 enlisted man.

Rifles—In good condition. 3 rusty and 1 with broken stock. But 1 gallery practice rifle on hand.

Property—In good condition and neatly arranged. Lockers in very good order. Four bayonet scabbards rusty and some meat cans discolored. Some ordnance and quartermaster property missing.

Armory—In very good condition and well kept. Gallery range in section in rear of main hall and does not interfere with instruction there.

Drill—Company drill—Close and extended order, very good. Fire direction and control, good.

Squad drill—Close and extended order, very good.

Platoon drill—Extended order, very good. Fire direction and control, good.

First aid, good.

Bayonet exercises, good.

Signaling, good.

Bugle calls, good.

The drills showed that the men had been well trained in combat formation and the non-commissioned officers taught their duties.

Records—Complete with the exception of duty roster of camp service and record of rations and expenditure of Federal funds.

Discipline—Good. The men obeyed instructions almost immediately, there being no delay in forming the squads and platoons or for first aid work.

Rating—Very good. Attendance, 93; rifles, 94; property, 98; armory, 100; drill, 77; discipline, 98.

COMPANY M.

Attendance—3 officers and 50 enlisted men. Absent, 8 enlisted men.

Rifles—4 rusty, 2 with dirty barrels. There was in the company but one gallery rifle which had but recently been received.

Property—In good condition and arranged for immediate issue. Carelessness was shown in the care of the lockers. Many had articles of clothing and equipment on the bottom when hooks had been provided for them. A few articles of ordnance missing.

Armory—In good condition and well kept. Gallery range in drill hall which permits drill hall to be used for training.

Drill—Company drill—Close order, good. Some wrong interpretation of movements in the manual. Extended order, very good. Fire discipline and control, good.

Squad drill—Close order, good. Extended order, very good.

Platoon drill—Extended order, very good. Fire discipline and control, good.

First aid, good.

Bayonet exercise, very good.

Signaling, very good.

Bugle calls, good.

This company shows careful training in extended order by signals. The communication between the different unit commanders was carefully carried out and showed proper appreciation of the methods necessary for the training of the company in combat.

Records—Properly kept. A few missing. No duty roster, sick report or morning report camp service. No record of rations or expenditure of Federal funds.

Discipline—Very good. The company commander's order and instructions were promptly carried out. The different units were formed quickly and without confusion.

Rating—Very good. Attendance, 89; rifles, 90; property, 92; armory, 98; drill, 69; discipline, 85.

The various companies of the two regiments stood highest in their regiment in the seven subdivisions of infantry training.

GENERAL REMARKS ON

FIFTY-FOURTH AND FIFTY-FIFTH INFANTRIES.

(Captain George E. Ball)

1. Herewith I submit my report of the inspection of the 54th and 55th regiments of Infantry.

2. I recommend that the following companies each receive five new rifles: Fifty-fourth infantry, all except Companies A and E; Fifty-fifth infantry, Companies B, F and M.

3. The following recommendations are submitted concerning the companies designated:

Co. A, 54th Inf.: That this company be immediately mustered out of the service. Its drill, discipline and instruction are so poor as to make it utterly valueless as a military organization.

Co. E, 54th Inf.: In view of the fact that a new company commander has recently taken charge, that the company be given another inspection prior to June 30th, if possible, in order to determine the advisability of retaining it in the service.

Co. A, 55th Inf.: That the condition of this company is due to the lack of initiative on the part of the company commander and that either the captain be removed or that the company be mustered out.

Co. H, 55th Inf.: With one possible exception, the non-commissioned officers have received little or no instruction, and, due to the inexperience of the captain, there is slight chance for betterment. It is, therefore, recommended that either a new captain be secured or that the company be mustered out.

Bayonet instruction, very good.

FIFTY-SIXTH INFANTRY.

(Captain, EDGAR RIDENOUR.)

Headquarters Company.

BAND SECTION.

Attendance—22 enlisted men (one officer attached). Absent, 4 enlisted men.
Property—The responsible person could not be found although notified to be present. An inventory was taken and a great many articles were found missing.
Armory—In good condition.
Drills—Marching good. No instruction in first aid and litter drill.
Discipline—This was a demoralized organization until its reorganization January 1, 1915. It is now in a fair state of discipline and no doubt will improve under its new leadership. It is suggested that one of the regimental staff officers, preferably one of the headquarters company, be assigned to the section for control and command.
Rating—Good. Attendance, 90; rifles, —; property, 75; armory, 98; drill, 83; discipline, 85.

COMPANY A.

Attendance—3 officers and 61 enlisted men. Absent, 4 enlisted men.
Rifles—Five rifles rusty. One hand guard broken.
Property—All clean and in good condition. Arranged so as to be issued without delay.
Armory—The building is under process of construction. When finished it will be a very satisfactory building for the purpose intended. No gallery range existed at the time of inspection, but one of good design will be constructed in the basement.

Drill—Company drill—Close and extended order, good. Fire direction and control, fair.

Squad drill—Close order, good; extended order, fair.

Platoon drill—Extended order, good; fire direction and control, fair.

First aid, good.

Service calls, fair.

Signaling, fair.

Bayonet exercise, none.

Records—Fairly well kept. Individual accountability of enlisted men not complete. No duty roster of camp and no record of expenditure of Federal funds.

Discipline—Had been neglected. Instructions were given that men of short service could fall out and receive recruit drill by a noncommissioned officer. This was neglected and no drill was given until the attention of the company commander was called again to it. A prepared program of the inspection test was given the company six weeks before the inspection, but this was disregarded, three important movements of close order being omitted, and there was no drill by the sergeants in platoon extended order, the two lieutenants commanding the only drill by platoons.

Rating—Good. Attendance, 94; rifles, 90; property, 97; armory, 98; drill, 62; discipline, 93.

COMPANY B.

Attendance—2 officers and 54 enlisted men. Absent, 2 enlisted men.

Rifles—Five rifles rusty, two with missing rear sight slides, one cut off, unserviceable.

Property—In good condition and conveniently arranged for immediate issue. Clothing and other quartermaster property missing, and a small amount of ordnance could not be satisfactorily accounted for.

Armory—Fairly clean, containing a suitable gallery range.

Drill—Company drill—Close order, good, though a number of incorrect commands were given.

Squad drill—Close order, good, though a number of incorrect commands were given. Extended order, fair.

Platoon drill—Extended order, good.

Fire direction and control was neglected.

Bayonet exercise, poor.

Bugle calls, good.

Signaling, fair.

First aid, fair.

Records—Not enough attention paid to keeping complete records. No sick report summer camp. No record of pistol practice or individual property accountability of enlisted men. No record of rations used at camp or the expenditure of Federal funds.

Discipline—Fairly good. Instructions were followed with the exception of drilling of recruits of short service. They were dismissed instead of being instructed as directed.

Rating—Good. Attendance, 83; rifles, 86; property, 90; armory, 98; drill, 56; discipline, 96.

COMPANY C.

- Attendance—2 officers and 50 enlisted men. Absent, 7 enlisted men. One enlisted man mustered separately.
- Rifles—In poor condition, many covered with dust and dirt. Four rifles rusty. One safety lock defective.
- Property—In good condition and well arranged. Some quartermaster and ordnance property missing, showing carelessness in the care of same.
- Armory—Fairly clean. Suitable gallery range provided for.
- Drill—Company drill—Close order, good; fire direction, poor.
- Squad drill—Close order, good; extended order, fair.
- Platoon drill—Extended order, very good; fire direction, poor.
- Bayonet exercise, poor.
- First aid, good.
- Signaling, poor.
- Bugle calls, good.
- Records—Very poorly kept. Methods are obsolete and inefficient. Records of pistol practice, duty roster, camp service, sick report, range practice, property in possession of enlisted men, rations drawn, camp service, and payments from Federal funds all missing or so improperly kept as to be worthless.
- Discipline—The captain of the company has been absent from it for some time, and apparently the first lieutenant has neglected it. All instructions sent him prior to inspection were disregarded. He had not informed himself as to the information desired by the inspecting officer and had to consult a party who was not a member of the company but who apparently looked after certain records and property. As a result the quartermaster sergeant is such in name only.
- Rating—Good. Attendance, 77; rifles, 82; property, 90; armory, 98; drill, 49; discipline, 84.

COMPANY D.

- Attendance—3 officers and 60 enlisted men. Absent, 8 enlisted men.
- Rifles—Had just been received and had not been cleaned or repaired. As shipped, a number were rusty and many others required spare parts for repair.
- Property—That unpacked has been neatly arranged and was accessible for immediate issue. The property was not checked, as it had arrived but a few days before, and no invoices had been received. Some ponchos and blankets, as received, were badly torn and cut, and many hat cords worn. Bayonet scabbards were rusty.
- Armory—Under construction. When completed it will have ample facilities for permitting almost all kinds of infantry instruction, as it is quite large and well arranged.
- Drills—As this company has been in existence only two months, had no rifles or equipment of any kind, and drilled in a small room of a public building, or on the street, the drill was confined entirely to close order, school of the company, and first aid. The members of the company showed rapid progress, executing the different movements with considerable degree of accuracy. The first aid was very good.

Discipline—Very good, considering that the company had been organized within two months.

Rating—Good. Attendance, 92; rifles, 90; property, 97; armory, 98; drill, 53; discipline, 88.

COMPANY E.

Attendance—3 officers and 44 enlisted men. Absent, none.

Rifles—Six rifles rusty near trigger guard.

Property—In good condition and conveniently arranged for quick issue. Shortage in a few articles of quartermaster property consisting of clothing.

Armory—In good condition. The gallery range was in the basement and available for use at any time.

Drill—Company drill—Close order, very good. Fire direction and control, very good.

Squad drill—Close order, very good. Extended order, good.

Platoon drill—Extended order, very good. Fire direction, very good.

First aid, very good.

Bayonet exercise, fair.

Bugle calls, fair.

Signaling, none.

Records—Well kept. Three records were lacking, viz: duty roster, camp service, record of rations used, camp service, and expenditure of Federal funds.

Discipline—Good. Every man of the company was present. In formation of the company, the men took their places quickly and without confusion. Six or seven recruits were drilled by themselves in recruit drill and it was not necessary to caution the instructor in charge to continue the drill after a few minutes instruction.

Rating—Very good. Attendance, 61; rifles, 90; property, 95; armory, 98; drill, 70; discipline, 100.

COMPANY F.

Attendance—2 officers and 66 enlisted men. Absent, none.

Rifles—In very good condition. Five slightly rusty and two having defective safety lock.

Property—In very good condition, well arranged and easy to issue. No shortage of any kind.

Armory—Clean and well cared for. An excellent indoor gallery range in basement.

Drill—Company drill—Close and extended order, very good. Fire direction and control, good.

Squad drill—Close and extended order, very good.

Platoon drill—Close and extended order, very good. Fire direction and control, good.

All extended order was done by signals and showed excellent training. The two musicians were well trained in all bugle calls, and they and four other members of the company did excellent work in sending and receiving messages by the international code.

First aid and bayonet exercise, good.

Some men had not been thoroughly instructed in the nomenclature and use of the rifle.

Records—Well kept and complete. No record of rations, camp service, or the expenditure of Federal funds.

Discipline—Excellent. The system of encouraging and enforcing drill attendance is one that should be followed by all organizations. The officers are able and well instructed and take an interest in their company and its instruction.

Rating—Very good. Attendance, 100; rifles, 89; property, 100; armory, 100; drill, 81; discipline, 100.

COMPANY G.

Attendance—2 officers and 68 enlisted men. Absent, none.

Rifles—Very good condition. Three slightly rusty.

Property—Well cared for and well arranged for immediate issue. No shortage of any kind.

Armory—Clean and well cared for. An excellent indoor gallery range available for practice at any time.

Drill—Company drill—Close and extended order, very good. Fire direction and control, fair.

Squad drill—Close order, very good. Extended order, good.

Platoon drill—Close and extended order, very good. Fire direction and control, fair.

First aid, good.

Bayonet exercise, fair.

No instruction in signaling and bugle calls.

All extended order was by signals and showed careful training in mutual assistance of the different leaders of the various units.

Records—Well kept, complete and according to regulations. No report of rations drawn for camp service, or expenditure of Federal funds as required by Cir. 16, War Dept., 1914.

Discipline—Excellent. The method of encouraging men to attend instruction is very good, and the good condition of the company in requiring all to attend the various drills is shown by their knowledge that they have of infantry drills and instruction.

Rating—Very good. Attendance, 100; rifles, 95; property, 100; armory, 100; drill, 69; discipline, 100.

COMPANY H.

Attendance—2 officers and 61 enlisted men. Absent, 4 enlisted men.

Rifles—Four rifles rusty, one sight leaf unserviceable.

Property—In good condition and conveniently arranged for issue. There was carelessness in the arrangement of some of the lockers, and many articles were found on the floor, when they could have been hung up. Two bayonet scabbards rusty. Shortage in a few articles of quartermaster and ordnance property.

Armory—Somewhat smaller than the usual armory in the state, but can be used for all kinds of instruction. Gallery range not suitably located, for it is placed just below the ceiling, requiring the men to

elevate their rifles at a considerable angle in shooting at the target. Also it is necessary to use a platform for the firing point, teaching the men a false position.

Drill—Company drill—Close order, good, though many details were neglected and wrong commands given.

Squad drill—Close order, good, though many details were neglected and wrong commands given. Extended order, good.

Platoon drill—Extended order, good.

Bayonet exercise, good.

First aid, good.

Bugle calls, good.

Signaling, none.

Fire direction and control, fair.

Records—The keeping of records had been neglected. No duty roster or sick report of camp service. No report of pistol practice. No record of rations camp service or expenditure of Federal funds.

Discipline—Fairly good. Recruits of little service were permitted to be instructed in recruit drill under a non-commissioned officer. These instructions were carried out for a short time, and then stopped and no further attention was paid to the orders given. A very great delay, wholly unnecessary, in forming the company after muster, and assigning the non-commissioned officers to their duties, was noticed.

Rating—Good. Attendance, 95; rifles, 90; property, 90; armory, 97; drill, 64; discipline, 94.

COMPANY I.

Attendance—3 officers and 43 enlisted men. Absent, 6 enlisted men.

Rifles—Six rifles were rusty. Two had front sights missing and one an ejector. Another had a magazine spring broken and a number had dirty barrels.

Property—In fair condition and ready for immediate issue. Field range and cooking utensils rusty and dirty. Service hats in poor condition. Some quartermaster and engineer property missing.

Armory—Clean and well cared for. The gallery range had just been constructed and had not been used. It should have been available at the beginning of the practice season.

Drill—Company drill—Close order, good.

Squad drill—Close order, good. Extended order, fair.

Platoon drill—Extended order, fair.

First aid, fair.

Fire control and direction, fair.

No instruction in bayonet exercise, signaling or bugle calls.

Records—Not properly kept. Record of pistol practice, payments from Federal funds, rations drawn camp service, duty roster and sick report in camp were missing.

Discipline—The captain is new and inexperienced, and he knows very little about infantry training. Most of the non-commissioned officers had just recently been appointed and were deficient in drill. All the officers and non-commissioned officers should take a course in drill regulations and field service, as at present they are not fitted to instruct the enlisted men.

Rating—Good. Attendance, 66; rifles, 81; property, 90; armory, 98; drill, 49; discipline, 86.

COMPANY K.

Attendance—3 officers and 52 enlisted men. Absent, 5 enlisted men.

Rifles—Showed neglect of proper care. Eleven rusty. Three had rear sight slides broken. One windage screw and one cut off unserviceable. One hand guard broken and one peep sight greatly enlarged.

Property—Badly neglected. A number of bayonet scabbards were rusty. The men's individual field messing outfit was rusty, dirty and unclean. Apparently no effort had been made to clean them after they were last used. The field range was dusty, dirty and rusty. The lockers were poorly kept. Many articles were on the floor. Lack of proper care of arms and equipment was in evidence everywhere and nearly everything had been neglected.

Armory—In good condition. The gallery range is in the main drill hall and interferes with its use.

Records—Badly neglected and incomplete. Apparently no attention has been paid to them.

Drill—Company drill—Close order, fair. Many wrong commands were given and the movements incorrectly executed.

Squad drill—Extended order, poor. A lack of training was very plainly shown.

Platoon drill—Extended order, poor. A lack of training was very plainly shown.

The platoon leaders knew nothing about their duties, the squad leaders even less, and fire direction and control very poor.

The company was not able to do any bayonet exercise, or signaling, and the musicians could sound only a few of the bugle calls. The men had not been instructed in the use and nomenclature of the rifle, and, notwithstanding, all, with the exception of four had at least a year's service, they showed a lack of training and instruction in everything. The company is composed of good enlisted personnel, and if properly instructed would become efficient without much effort.

Discipline—There is a lack of proper discipline in the organization. A scheme of instruction for the month preceding inspection and for its preparation had been given to the company commander. Apparently this was disregarded and no effort made to perfect the command in the essentials of infantry training. The condition of this company in instruction, in the state of its rifles and property, and its general condition, is due entirely to the present company commander. He is uninstructed and is unable to impart instruction. Unless this condition is changed this organization stands as of no value to the National Guard or the Federal Government.

Rating—Fair. Attendance, 86; rifles, 77; property, 78; armory, 98; drill, 24; discipline, 81.

COMPANY L.

Attendance—2 officers and 55 enlisted men. Absent, one enlisted man.

Rifles—Very good. One rusty and one requires repairs.

Property—In good condition and properly arranged for immediate issue. No shortage of any kind.

Armory—Somewhat smaller than the usual armory in the state. Lighting is defective. Gallery range not suitably located, being too near the ceiling.

Drills—Company drill—Close order, good. Fire discipline and control, fair. Commands given in loadings and firings improper and incorrect.

Squad drill—Close order, good. Extended order, fair. Commands given in loadings and firings improper and incorrect.

Platoon drill—Extended order, good. Fire discipline and control, fair.

First aid, very good.

Bayonet exercise, good.

Bugle calls, good.

Signaling, none.

Records—Partially complete. No record of pistol firing. No duty roster camp service. No record of rations issued or expenditure of Federal funds.

Discipline—Fairly good. Unnecessary time was taken in forming the company for the first drill and assigning the non-commissioned officers to their duties.

Rating—Good. Attendance, 85; rifles, 98; property, 92; armory, 97; drill, 65; discipline, 98.

COMPANY M.

Attendance—2 officers and 55 enlisted men. Absent, 8 enlisted men.

Rifles—Fair condition. Seven rusty and three were unserviceable, requiring repairs.

Property—Showed neglect and a number of articles of clothing and equipment lying on the floor of the lockers instead of being hung on hooks. Two bayonet scabbards rusty and wood of one broken. A number of articles of quartermaster and ordnance property missing.

Armory—Clean and well kept. Gallery range in basement and suitable for instruction.

Drill—Company drill—Close order fair.

Squad drill—Close and extended order, fair.

Platoon drill—Extended order, fair.

First aid, good.

Bayonet exercise, fair.

Bugle calls, fair.

No signaling.

Fire direction and control, poor.

Many incorrect commands were given and the movements in both close and extended order showed lack of proper instruction. The officers and non-commissioned officers were deficient in knowledge of drill regulations and the men were ignorant of the nomenclature of the rifle.

Records—Fairly well kept. Some inaccuracy as the company commander depended upon his first sergeant to obtain certain data and had failed to verify it. No record of rations camp service or expenditure company funds.

Discipline—There was a lack of attention to instructions given a month or more before inspection as to the schedule to be followed. Apparently the matter had not been seriously considered by the officers and non-commissioned officers of the company in their preparation prior to inspection, and as a result there was confusion and delay in carrying out the exercises as laid down for the test of the training of the organization. The officers are not well informed in infantry training, and most of the commands were incorrect. The company has a good personnel, but unless more attention is given to the proper training of the men, its value to the National Guard and the Federal Government will be worthless.

Rating—Fair. Attendance, 84; rifles, 74; property, 80; armory, 98; drill, 24; discipline, 67.

GENERAL REMARKS BY THE WAR DEPARTMENT.

FIFTY-THIRD REGIMENT OF INFANTRY.

From the report furnished for headquarters, it appears that only 5 officers of the regimental and battalion field officers were credited by the inspecting officer. A perusal of the return, however, shows that 12 officers should be so credited.

It is noted that some articles of officers' horse equipment are short.

A correspondence school is held in this regiment. Five officers failed to participate therein.

There were 51 officers present and 590 enlisted men present and 86 absent.

The following organizations are below the prescribed minimum strength: Companies A, C, D, E, F, H, K, L and M.

No report was received from Company I, making this only an eleven-company regiment.

Attention is invited to the number of absentees as follows: Company E, 15; Company F, 12; Company G, 15; Company K, 15.

There appears to be a vacancy in major of the third battalion, and chaplain of this regiment.

The military efficiency of this regiment as a whole can only be considered as fair, due to the lack of equipment of officers, and the fact that it does not have the necessary number of companies for a regiment.

The conditions set forth in the report of *Company G* show that the company cannot be considered satisfactorily organized, armed, and equipped to share in federal appropriations. The following organizations are placed on probation for one year: *Company D*, on account of lack of care of its rifles and quartermaster property, lack of interest in the use of the rifle and lack of reports; *Company K*, on account of poor armory instruction, lack of necessary records of attendance, little interest shown in the use of the rifle, non-commissioned officers not properly instructed, and the fact that enlisted men do not understand the nomenclature, care and preservation of the rifle. In this connection attention is invited to the notations under remarks upon the reports of these two organizations.

Unless marked improvement is shown in Companies D and K at the next Federal inspection, they will not be considered as sufficiently armed, uniformed, disciplined and equipped to share in Federal appropriations.

The general efficiency of the other companies is rated as follows: Companies A, C, L and M, very good. Headquarters Company, and Companies B, F and H, good; Companies D, E and K fair.

Companies B and L are commended for their attendance, and the officers of Company L are also commended for the completeness of their equipment.

More attention should be paid by the officers of this regiment to securing complete field equipment, both personal and horse.

In view of the remarks concerning Company G, and the fact that but 11 companies exist in this regiment according to the report under Section 14 of the Militia Law, attention is invited to the provisions of Circular No. 8, Division of Militia Affairs, 1913, Page 4, concerning the retention of regimental headquarters.

FIFTY-FOURTH REGIMENT OF INFANTRY.

The report as submitted shows an attendance of 7 officers of the regimental headquarters. A compilation from the reports, however, shows an attendance of 13.

The regiment does not conform to the organization tables as it is short a headquarters, supply and machine-gun company.

The following organizations are below the prescribed minimum strength: Companies H, K and L.

Attention is invited to the following list of absentees: Company A, 11; Company B, 13; Company E, 10.

Companies H and I are commended for a 100 per cent attendance.

Companies C and M are commended for their excellent showing, each having but one man absent.

Of the total strength of the regiment 50 officers were present, and 733 enlisted men were present and 64 absent.

The field equipment of officers of this regiment is not yet complete, the greatest deficiency being in horse equipment which should be a matter of concern to the regimental headquarters.

The officers of Companies C and H are completely equipped and they are commended for this condition.

The attention to the condition of small-arms and to the records of drills and property, with one exception in this regiment, is commended. Much interest is also shown in the care of the rifle.

This regiment can be classified, as to its field efficiency, as good.

The conditions set forth by this inspection in *Company A* are not satisfactory, and if this Company is to continue to share in Federal appropriations, it must make a marked improvement before the next Federal inspection in the condition of its small arms, property records, care of property, instruction of non-commissioned officers, instruction in the nomenclature, care and preservation of the rifle, and a great deal more attention must be paid to armory drills. The conditions of this Company, as reported by the inspector, are bad, but in order that the organization may be given every opportunity, it will be placed on probation for one year.

The companies of the regiment are rated as follows: Company M, good; Companies B, C, D, E, F, G, H, I, K and L, fair. Company A, bad.

More attention to armory instruction will certainly increase the ratings of these organizations at the next Federal inspection.

FIFTY-FIFTH REGIMENT OF INFANTRY.

Attendance of headquarters satisfactory, only one officer being absent.

It is noted that the officers' equipment is incomplete, particularly so with respect to horse equipment.

The practice of members of headquarters carrying property home should be discontinued.

The band of this regiment is commended for its 100 per cent attendance. Its general efficiency is very good.

The following organizations of this regiment are below the prescribed minimum strength. Companies A, B, C, E, G, K and L.

Attention is invited to the absentees in the following organizations, which appear to be excessive: Company H, 11 absent; Company L, 16 absent.

The following organizations are commended for their 100 per cent attendance at the inspection: Companies B, F, I and M.

This is a very creditable showing for this regiment in the subject of attendance.

It is noted that there is one company short in this regiment, and as a consequence the headquarters, supply, and machine-gun company cannot be organized.

A correspondence school has been held in this regiment, but it is noted that 3 officers have not participated therein.

There were 42 officers present and 1 officer absent, and 619 enlisted men present and 55 absent at this inspection.

Attention is invited to the fact that Companies H and L furnished 37 of the 55 enlisted men that were absent.

The efficiency of these organizations is rated as follows: Band and Company F, very good; Companies B, G, I, K and M, good; Companies C, E and D, fair; Companies A and H, poor.

The conditions set forth by the report of *Company A* renders it necessary to place this company upon probation for the period of one year. If this company is to continue to share in Federal appropriations, attention must be paid to the deficiencies in enlisted strength, armory instruction, instruction of non-commissioned officers, and instruction in the care, preservation, and nomenclature of the rifle.

Company H is placed upon probation for the period of one year, on account of the condition of its property, which is not properly cared for, and small-arms which are reported as fair, armory instruction which is poor. It is expected that the renewed efforts of the officers of this organization will place it on the same plane attained by the balance of the regiment.

On account of the attention devoted to the use of the rifle in this regiment and its attendance at the Federal inspection, with the exception of the two companies mentioned above, the War Department feels justified in rating this regiment for field service as good.

FIFTY-SIXTH REGIMENT OF INFANTRY.

Headquarters conforms to the Tables of Organization.

It is regretted that more attention is not given to the subject of officers' equipment. Whistles are absent in many cases, also service knots and horse equipment. It is believed that with a little more effort on the part of the regimental commander, this regiment will be properly equipped.

A correspondence school is held in the regiment. It is noted, however, that 5 officers failed to attend.

The band of this regiment is reported as newly organized. It is noted that all the instruments except 4 are private. General efficiency is reported as good.

The following organizations of this regiment are below the prescribed minimum strength. Companies B, C, E, I, K and L.

The following companies are commended for their attendance at the Federal inspection: Companies F and G for perfect attendance; Companies B and L for having only one absentee.

Attention is invited to the fact that Company E has an enlisted strength of only 47, which is very far below the prescribed minimum. There were 43 officers present and 1 officer absent from this regiment at the inspection. There were 703 enlisted men present and 48 absent.

Considerable interest has been shown in this regiment in the use of the rifle. Marked improvement can be made in the use of the bayonet, mechanism for fire control direction, and signaling. The rating of this regiment as a whole is considered good.

Company D will be considered as sufficiently armed, disciplined, and equipped to share in Federal appropriations for this year, as it is a new organization, but the conditions as to records, the use of the rifle, and condition of small arms must improve, if it is to continue to share in Federal appropriations. The attention of this organization's commander is called to the red pencil checks upon the inspection report of this company.

On account of the conditions reported in Companies I, K and M, these organizations cannot be considered as sufficiently armed, uniformed, equipped and disciplined, to share in Federal appropriations beyond the fiscal year, unless marked improvement is observed at the next Federal inspection.

Company I has made improvement during the past year, and for this reason it is still continued. Improvement must be made in this company in the following points: Enlisted strength should be increased. More attention must be paid to the use of the rifle.

There is no record of articles in the possession of individual enlisted men.

More attention must be paid to the subject of the school of the squad, mechanism of fire direction and control, bayonet exercise, and signaling.

The non-commissioned officers must be better instructed in their duties. Company K requires greater enlisted strength.

More attention must be paid to gallery practice and to the use of the rifle.

The condition of the ordnance of this company is reported poor. This must be improved.

Armory instruction is by no means satisfactory. The non-commissioned officers are not efficient, and the enlisted men do not understand the nomenclature, care, and preservation of the rifle.

Company M is commended for its interest in rifle practice, but the condition of this company as to its armory instruction is very bad. The non-commissioned officers are not efficient. The men do not understand the nomenclature, care, and preservation of the rifle. No instruction in signaling has been given. School of the company is poor. School of the squad mechanism of fire control and direction, bayonet exercise, and service calls reported fair.

Marked improvement in the condition of these three companies is necessary before the next Federal inspection, if these companies are to continue to share in Federal appropriations.

The reports from this regiment indicate that these three companies would be a drawback to the balance of the regiment if called into active service. The organizations' commanders' attention is called to this fact.

Ratings of the companies as to field efficiency are as follows:

Very good—Companies E, F and G.

Good—Companies A, B, C, H and L.

Fair—Companies D, I, K and M.

The officers of the following companies are commended for having the complete equipment for field service:

Companies C, E, F and G.

A little more attention to this subject on the part of the officers of the organizations would enable the War Department to call attention to the fact that these officers are completely equipped. It is noted that only one or two articles are missing in several other organizations.

GENERAL ORDERS
NUMBER 12.STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, July 3, 1915.

Under the provisions of Sections 4 and 5 of the Military Code of the State of Iowa as amended by the Thirty-sixth General Assembly, and, in conformity with the requirements of Circular Number 19, War Department, Division of Militia Affairs, dated Washington, December 29, 1914, and table of Organizations for the Organized Militia as issued by the War Department, and upon the recommendation of the Military Advisory Board of the State of Iowa, the changes in regulations relating to the organization of the Guard which will go into full force and effect July 4, 1915, are published for the information and guidance of all concerned. All former regulations in conflict herewith are hereby revoked.

The Iowa Guard comprises the general officers, the staff corps and departments necessary to provide proper staff officers and enlisted men for all purposes for administration and supply, viz: an Adjutant General's Department, a Judge Advocate General's Department, a Quartermaster Corps, a Medical Department, an Ordnance Department, to which shall belong the Brigade Inspector of Small Arms Practice and such organizations of the line as the Governor may cause to be created within the requirement of the law.

In addition to the Staff Corps and Departments heretofore mentioned, the Guard will be organized as follows:

One Brigade of Infantry (three complete Regiments).

GENERAL ORDERS
NUMBER 13.

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, July 5, 1915.

I. Pursuant to the provisions of the Military Code of Iowa, the encampments of the Iowa National Guard for the year 1915 will be held as follows:

- 1st Infantry at Iowa City, Iowa, August 16th to 25th, inclusive.
- 2d Infantry at Clear Lake, Iowa, July 19th to 28th, inclusive.
- 3d Infantry at Red Oak, Iowa, August 9th to 18th, inclusive.
- 1st Squadron 1st Cavalry, Iowa City, Iowa, August 16th to 25th, inclusive.

Batteries "A", "B", and "C", Field Artillery, at Camp Robinson, Wisconsin, in joint camp of instruction with regular army troops, August 8th to 17th, inclusive.

Field Hospital and Ambulance Company at Camp Robinson, Wisconsin, in joint camp of instruction with regular army troops, August 23d to 31st, inclusive.

II. Paragraph 4, Circular No. 17, War Department, Division of Militia Affairs, dated Washington, November 2, 1914, will govern as to the required personnel for each organization which must be present the entire time of the encampment to constitute an organization for such service.

III. Organizations having the required personnel to constitute such organization for camp service are hereby authorized to take enlisted men to camp in excess of that number who have been enlisted less than 60 days or have received less than 14 periods of practical progressive military instruction of at least two hours each, with the understanding that they will receive transportation and subsistence and that part of the per diem which the State would have been required to pay had they been entitled to Government pay.

IV. The Commanding Officers of each Regiment of Infantry, of the Squadron of Cavalry, of each Battery of Field Artillery, of the Field Hospital and of the Ambulance Company, will issue orders regarding uniforms and equipment to be taken to camp.

V. Company Commanders will secure railway transportation for officers and men of the Guard who are eligible to attend camp and who absolutely report for duty at the time of departure and transportation report must agree with number mustered on arrival at camp. Commanding Officers are prohibited from securing transportation and leaving for members of company to come later.

VI. Major Edwin E. Lucas, Disbursing Officer, Organized Militia, State of Iowa, will be on duty three days at each regimental camp, two days at the joint camp for Artillery at Camp Robinson, Wisconsin, and one day at the joint camp for the Ambulance Company and Field Hospital at Camp Robinson, Wisconsin, to extend the pay rolls of the various organizations. Company Commanders will prepare pay rolls in triplicate, two copies of which will be signed by all members of the company, same to be delivered the second day of camp to the Disbursing Officer. Troops will be paid as requested by Camp Commanders.

VII. The Quartermaster of each Regiment of Infantry and the Quartermaster of the 1st Squadron of Cavalry will immediately prepare and forward requisitions to the Acting Quartermaster General for the necessary equipage, and will receive and receipt for same at such time and place as directed in subsequent orders.

VIII. The State of Iowa will furnish horses to the officers of the 2d and 3d Regiments of Infantry, below the rank of Major, who are required to be mounted. Officers of the 1st Regiment of Infantry and 1st Squadron of Cavalry, below the rank of Major, required to be mounted, will furnish their own mounts, the State furnishing the necessary transportation and making to each of such officers an allowance of \$15.00.

IX. The Acting Quartermaster General will make the necessary arrangements for the transportation for the movement of the troops and will issue special orders giving the time of departure of troops from home stations, with routing.

By order of the Governor:

GUY E. LOGAN,

The Adjutant General.

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, July 28, 1915.

I. The death of Brigadier General Melvin H. Byers, late Adjutant General of the State of Iowa, occurred at Des Moines, Iowa, on the 27th day of July, 1915.

II. The military record of General Byers was as follows:

Private Co. B, 29th Iowa Vols., January 5, 1864; mustered out August 10, 1865; Second Lieutenant Co. C, 5th Regiment, Iowa National Guard, March 1, 1880; First Lieutenant August 1, 1881; Captain January 2, 1884; re-elected February 4, 1889; Company transferred to Co. C, 3d Regiment, April 30, 1892; re-elected Captain April 23, 1894; Major 3d Regiment September 3, 1895; appointed Adjutant General February 1, 1900; re-appointed January 16, 1902; term expired February 1, 1905; appointed aid to Governor, September 26, 1911; term expired January 31, 1913.

III. General Melvin H. Byers completed twenty-five (25) years of service October 26, 1911, the Governor presenting him with the Iowa honor medal on that date.

IV. The National Guard of Iowa mourns the death of Brigadier General Melvin H. Byers, late Adjutant General, State of Iowa. Out of respect of his memory, it is ordered that the officers of the Iowa National Guard wear the usual badge of mourning for thirty days from date of this order.

By order, of the Governor:

GUY E. LOGAN,
The Adjutant General.

GENERAL ORDERS
NUMBER 16.

ADJUTANT GENERAL'S OFFICE,
STATE OF IOWA,
Des Moines, July 30, 1915.

I. The annual State competition in rifle and pistol firing for the Iowa Guard for the year 1915, will be held at the State Rifle Range, eleven miles north of Des Moines, commencing September 13 and ending September 16, 1915.

II. The thirteenth annual meeting of the Iowa Rifle Association will be held in conjunction with said competition and the rules and regulations for Small Arms Competitions prepared by the National Board for the promotion of Rifle Practice, published in War Department Bulletin No. 10, series 1915, are adopted so far as practicable for the government of this competition, copy of which has been furnished all commanding officers.

All members of the Guard are privileged to shoot in all matches of the Association, but they are not to share in the prizes unless they are members of the Association or have paid the required entrance fee.

III. Major Smith W. Brookhart, Chief Ordnance Officer and acting Inspector Small Arms Practice, is hereby assigned to duty as Commanding and Chief Executive Officer for the competition and the following officers are hereby detailed to assist him:

Camp Adjutant and Statistical Officer—

First Lieutenant John Flach, 1st Infantry.

Camp Quartermaster—

Second Lieutenant Henry S. Merrick, 1st Squadron, 1st Cavalry.

Camp Surgeon—

Captain Ben C. Everall, Medical Corps.

Chief Range Officer—

Captain Edgar Ridenour, U. S. Infantry.

Assistant Range Officers—

Captain John A. Stewart, 2d Infantry.

Captain Clarence E. Schamp, 3d Infantry.

Captain Lloyd D. Ross, 3d Infantry.

Captain Edwin S. Geist, 1st Infantry.

Captain Verne E. Hale, 2d Infantry.

Captain Fred S. Hird, 3d Infantry.

Captain Fred R. Frost, 2d Infantry.

Captain Ory W. Garman, 2d Infantry.

Captain George Weilein, 1st Infantry.

Captain Clyde H. Stephens, 1st Infantry.

Captain Gordon C. Hollar, 2d Infantry.

Captain Charles W. Aikins, 3d Infantry.

Captain William C. Smith, 1st Infantry.

First Lieutenant Charles Tillotson, 3d Infantry.

First Lieutenant Spencer A. Phelps, 2d Infantry.

First Lieutenant John F. Harper, 2d Infantry.

First Lieutenant Guy Eaton, 1st Infantry.

First Lieutenant Fred L. Fisher, 1st Infantry.

First Lieutenant Walter A. Meyer, 1st Infantry.

First Lieutenant Gust E. Lindberg, 2d Infantry.

First Lieutenant George W. Hoar, 3d Infantry.

First Lieutenant Clifford Powell, 3d Infantry.

First Lieutenant Charles A. Dewey, 1st Cavalry.

First Lieutenant John W. Cogswell, 1st Cavalry.

First Lieutenant Henry A. Woellhaf, 1st Infantry.

Second Lieutenant Charles O. Briggs, 3d Infantry.

Pit Officers—

Captain Daniel F. Evers, Battery B, Field Artillery.

First Lieutenant Charles Kubias, 1st Infantry.

First Lieutenant Frank D. Logan, 3d Infantry.

The Camp Adjutant and Statistical Officer will recommend two sergeants, two musicians, and two privates for duty in his department.

The Camp Quartermaster will recommend two sergeants and two privates for duty in his department.

The Camp Surgeon will recommend one sergeant and one private from the Hospital Corps for duty in his department.

IV. Companies, Troops and Batteries will be represented by teams of ten, all of whom must have performed the entire tour of duty during the joint encampment and maneuver for the year 1915. No officer or enlisted man shall be eligible as a competitor unless he shall have attained and hold the qualification as marksman or better in the course prescribed for the Organized Militia.

V. There will be a detail of three privates from each company, troop and battery for duty in the pits and for scorers and telephones, who will report to the Commanding Officer, Colonel S. W. Brookhart, at State Rifle Range not later than 7:00 A. M. September 13th. Company Commanders will use care in selecting these men to see that they are fully qualified for this service.

VI. Field and Staff Officers and Non-Commissioned Staff Officers desiring to attend this competition and participate in at least two days' firing, can secure permission by application to the Adjutant General not later than September 1st. Transportation, subsistence and quarters will be furnished these officers but no per diem will be paid.

VII. Officers detailed for duty with this competition and company teams, will leave their home stations so they will reach State Rifle Range before 7:00 o'clock A. M. of September 13th, reporting to Camp Adjutant on their arrival. Details will be required to march from Interurban Station to State Range, two miles. Troops will entrain for Rifle Range over Interurban (Perry Line) at Waiting Room, corner of Mulberry and Sixth Avenue, Des Moines.

The senior officer or non-commissioned officer of each company team is held responsible for the conduct of his detail during the entire tour of duty and should any such officer allow any member of his detail to report into camp with intoxicating liquor in his possession, or allow any member of his team to become intoxicated during tour of duty, all members of said team will immediately be returned to home station and they will thereby forfeit their rights to any per diem for such service as they have performed.

VIII. Officers detailed for special duty in connection with this competition will be paid the pay of their grade. Officers who are members of company teams will be furnished transportation, subsistence and quarters and will be given an allowance of \$3.00 per day, regardless of rank. Enlisted men on duty under this order will be paid the pay of their grade.

Major Edwin E. Lucas, Disbursing Officer for the State, will be on duty two days to prepare and extend pay rolls and will pay the officers and men by check after they return to home stations.

IX. The service uniform will be worn and all officers and men who are members of teams or are competing will provide themselves with rifle and cartridge belt complete.

X. The Acting Quartermaster General will issue to all officers in attendance, blankets and cots, and to all enlisted men, blankets and bed sacks, and all other necessary baggage can be carried by the soldier without hardship. The State will not furnish transportation for baggage.

XI. The Camp Quartermaster will furnish quarters, buckets, wash basins, etc., and will also have charge of the Camp Mess and will furnish the necessary table furniture and equipment.

XII. Monday, September 13th, will be devoted to preliminary practice and to a school of instruction in Small Arms Practice. The Chief Executive Officer will see that the fullest instruction is imparted to all teams during the entire day.

XIII. The competitions in which company teams participate will be completed on September 15th, when all members of such teams will return to their home stations except those selected to shoot on Battalion or Regimental Teams, who will remain to take part in the Battalion or Regimental Team competition on September 16th, and will return to their home stations on the completion of these matches.

ANNOUNCEMENTS.

The rules for competitions published in War Department Bulletin No. 10, March 20, 1915, so far as practical, will govern all matches, and only coaching by pairs will be allowed. Competitors and others connected with the tournament must make themselves acquainted with the above regulations as well as with the conditions of each match in which they may be participants. The plea of ignorance of either will not be entertained.

The trophies in each match shall be held by the winner during the year only, and shall be returned to the Adjutant General, Des Moines, Iowa, at least twenty days before the beginning of the next annual meeting. Bonds will be required for the return of the trophies. The bronze medals and cash prizes become the property of the winners.

All civilians as well as members of the organized militia, regular army and navy are eligible to compete in the matches open to everybody, provided they shoot with the arm and ammunition called for in the conditions of the match.

The State of Iowa will supply tents to all contestants free of charge.

Meals may be purchased at the camp commissary at 35 cents each.

Service ammunition will be for sale by the ordnance officer on order of the executive officer.

The annual meeting of the Association for the election of directors whose terms expire in 1915, and for such other business as may come before it, will be held at such hour as the Executive Committee may designate. Complete reports of the receipts and disbursements of the Association will be rendered at that time.

The board further recommends that the following specifications for armories be established as a standard and be complied with if the organization is to receive the maximum allowance.

That when an organization is ready to construct a building for armory purposes, the plans must be submitted to the Armory Board for approval.

That the building should be constructed of brick, stone, cement or other fire-proof material.

That modern methods of heating and lighting, lavatories, baths, and water closet should be installed.

That adequate provision should be made for the safe keeping of United States and State property.

That the social life of the organization should be provided for in suitable rooms, furnishings, etc.

That the respective rooms for a company, troop or machine-gun company armory should substantially comply with the following:

Drill hall, 60x80 feet clear floor space.

Officers' room, 14x14 feet.

Locker room, 16x40 feet.

Quartermaster Sergeant's store room, 20x30 feet.

Store room for heavy storage, 16x20 feet.

If possible the following additional rooms should be provided:

Non-commissioned officers' room.

Parlor.

Club or reading rooms.

That plans for armories of batteries, engineer company, ambulance company and field hospitals shall be submitted to the board and shall be in compliance with specifications on file in the Adjutant General's office.

That the respective rooms for a Band Armory should substantially comply with the following:

Drill hall, 60x80 feet clear floor space.

Non-commissioned officers' room, 10x12 feet.

Store room, 10x20 feet.

Locker room, 10x20 feet.

That the armory for a Hospital Corps Detachment should substantially comply with the following:

Drill hall, 40x60 clear floor space.

Officers' room, 12x14 feet.

Locker room, 10x20 feet.

Store room, 10x20 feet.

That organizations be required to obtain complete control of buildings used for armory purposes, and to secure adequate protection for United States and State property.

That when changes are to be made in any armory that such contemplated changes be immediately reported to the Adjutant General.

The Board further recommends:

That Company D, 1st Infty., receive \$1,000.00 from January 1, 1915, as armory rental.

That Company H, 1st Infty., procure a new armory and submit plans therefor in accordance with the required specifications.

That Company C, 2d Infty., receive as armory rental after January 1, 1916, the sum of \$700.00 until such time as suitable proofs have been filed with the Adjutant General showing that said company has adequate control of its armory, and upon such showing being made that from and after said time that said company receive the allowance specified in subdivision I herein.

That Company H, 3d Infty., procure a new armory.

That the Second Platoon of Troop C, 1st Cav., be allowed \$600.00 armory rental per annum after January 1, 1916.

That the maximum allowance for Battery "C," 1st Field Artillery, be for one year from time of occupying said armory only. If at that time it is shown that said Battery has control of the entire Armory, then said Battery is to continue to receive the maximum allowance.

That for want of sufficient information from the Commanding Officer of Ambulance Company, no rating can be made for this organization. It being shown that he is using the same Armory for drill that the 4th detachment uses, it is recommended that he be allowed \$200.00 per annum for armory purposes and that on filing a claim with the Adjutant General for the costs of storage of Government and State property same be allowed until a future rating can be made.

The board further recommends that all leases for armory properties and the renewals thereof be submitted to the Adjutant General before execution by the organization commanders.

Respectfully submitted,

MATHEW A. TINLEY,
Lieut. Colonel, 3d Infty.

WINFRED H. BAILEY,
Lieut. Colonel, 2d Infty.

GEO. W. BALL,
Lieut. Colonel, 1st Infty.

E. E. LUCAS,
Major and Asst. Adjt. General.

GENERAL ORDERS
NUMBER 2.

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE
Des Moines, January 19, 1916

I. The inspection of the Organized Militia of the State of Iowa, as required by sections 3 and 14 of the Militia Law as enacted by Congress, approved January 21, 1903, as amended by Act of Congress, approved May 27, 1908, will be made by the officers of the United States Army detailed for such purpose by the Commanding General, Central Department, and dates given in schedule published herewith.

II. Inspection of troops will be made at 8:00 p. m., unless otherwise directed by the Inspecting Officer, at the Armory of the organization. Troops will be paraded in Olive Drab Woolen service uniform, under arms.

Officers of the Field and Staff and Non-Commissioned Staff not inspected at Organization Headquarters, will appear for inspection at the station where located or at the nearest station thereto uniformed, armed and equipped as heretofore specified for troops.

Enlisted men temporarily absent from their stations at the muster of their organizations should be ordered to report for muster and inspection with the organization where they are located or at the nearest station thereto. Each of said enlisted men will be furnished with a certificate signed by the Adjutant General authorizing such man to report to the Inspector-Instructor.

Each organization must be complete in personnel as specified by "Tables of Organizations, Organized Militia, 1914, Peace strength," as issued by the War Department.

Each officer, non-commissioned officer, and each organization must be fully uniformed, armed and equipped for field service as specified by War Department Regulations, in so far as said stores have been issued to the organization.

Muster rolls will be prepared in duplicate, showing the full membership of the organization. Attached to the muster roll will be a list of absentees, if any, stating cause of absence.

III. The War Department requires that the Inspecting Officers secure certain information from the records of each organization, it is therefore necessary to have all records complete up to the day of inspection. All records must be on file at the Armory.

IV. The inspection of property will include all property available for field service, or for use in connection therewith, or preparatory thereto, which is of pattern and quality issued to the Regular Army, whether the property belongs to the United States or the State of Iowa or not, including the necessary number of uniforms and equipage to fully equip the required minimum.

All property must be thoroughly cleaned, assorted, neatly and systematically arranged for inspection, and all property which has been issued to organization commanders must be in the Armory as the check of the property will be made from the reports of property accountability furnished by the Acting Quartermaster General's Department.

Property inspection will be made by daylight, the responsible officer with a sufficient detail of men to handle the property must be present at the Armory during such inspection.

Dress uniforms will not be displayed for inspection unless especially requested by the Inspecting Officer.

V. Major Edwin E. Lucas, Adjutant General's Department, and Captain G. Ray Logan, acting Quartermaster Corps, are hereby detailed and assigned to duty as Surveying Officers for all of the organizations of the Guard. One of said officers will be assigned for duty at the station of each organization so as to be present on the date of the inspection and will make an inspection and survey of all military property which may be presented to him as unserviceable or unsuitable for military uses. He will order what immediate disposition shall be made of such property as is condemned and will immediately render report on same to this department for submission for the action of the Secretary of War.

VI. Company, Troop, Battery and Detachment Commanders will separate such property as they desire to display for the action of the Surveying Officer and will display each class of property so that the Surveying Officer can readily inspect same. Separate lists of all such property will be prepared, entering only property of same classification on each list, such as Medical, Subsistence, Quartermaster, etc.

VII. Field, staff and non-commissioned staff officers having property which they desire to display for the action of the Surveying Officer as unserviceable or unsuitable will see that the same is at the armory of the organization where he is located or at the station where he reports for inspection.

VIII. The following schedule of dates for the inspection of each organization has been approved by the Commanding General, Central Department, United States Army, and inspections will be made on said dates by officers designated by him as follows:

II. In accordance with the directions of the President the units of the Organizations named will assemble at once in their respective armories in field service uniform with full field equipment. All officers and men will be kept on duty at the armory and a regular course of instruction will be pursued. When not on actual duty, officers and men should be given as much time as possible to settle up business affairs before leaving home stations.

III. Subsequent orders will be issued from this department giving the time of departure from home stations and the route and train on which organization will travel. All Field, Staff, Non-commissioned Staff Officers will attach themselves to company, troop or battery organizations and travel to mobilization camp with such organization and commanding officers of such organizations will furnish transportation to such officers.

IV. All Government and State Property of every kind and description for which Field and Staff Officers, Organization Commanders and Non-commissioned Staff Officers are accountable will be taken to mobilization camp and all property which is not necessary for field service will be transferred to the Camp Quartermaster by proper invoice and receipt. The Camp Quartermaster will transfer same to the Acting Quartermaster General's Department.

In accordance with paragraph 460 U. S. Army Regulations, 1913, Major Elliott E. Lambert, Quartermaster Corps, is hereby detailed to represent the Governor of the State of Iowa, with the mustering officer to make inventory and inspection of all property belonging to the United States which has been issued to officers, non-commissioned officers, or organization commanders and which is to be taken by said officers, non-commissioned officers or organization commanders, into the Federal service, and the same will be in accordance with said paragraph invoiced to the proper officers.

Major Elliott E. Lambert will also superintend the inventory and will transfer and invoice all Federal and State property in the store house which is required for Federal service to the proper officers.

V. All officers required to be mounted will make arrangement to secure mounts which will be suitable and will pass the requirement as specified in War Department orders and will, immediately upon receipt of this order, made requisition for transportation for such horse, specifying from what station to be moved.

VI. Organization commanders will make the necessary arrangements for the proper subsistence of their organizations while on duty at organization armories by contracting for the authorized subsistence stores or for cooked meals, forwarding triplicate copies of contracts to this department.

VII. Brigadier General Hubart A. Allen commanding First Brigade of Infantry is hereby detailed to prepare the mobilization Camp to receive, shelter, subsist and maintain the organizations which will be mobilized there and will report at once to the Governor for instruction.

The following named officers will immediately report to General Hubert A. Allen for duty:

Major Edwin E. Lucas, Adjutant General's Department.

Major Timothy J. Mahoney, Judge Advocate.

Major Elliott E. Lambert.

Major Clyde H. McConaughy.

Captain Don A. Preussner, Quartermaster Corps.

Major David S. Fairchild, Jr., Medical Corps.

Major Smith W. Brookhart, Inspector of Small Arms Practice.

VIII. Captain Edgar Ridenour, Inspector-Instructor Infantry, will prepare a comprehensive scheme of instruction, drill and training for the Infantry troops and submit same to General H. A. Allen for his approval.

IX. Upon receipt of this order all organization commanders will detail one of the junior officers of the Organization as recruiting officer and

will notify the Adjutant General by letter as to the name of such officer in order that full instructions and the necessary supplies may be issued, said recruiting officer will be left at home station until the organization is recruited up to war strength as specified by Tables of Organization U. S. Army, 1914. Where possible, organization commanders will have all enlisted men examined by officers of the Medical Corps before leaving company station for mobilization camp to determine the presence of any infectious or contagious diseases.

By Order of the Governor:

GUY E. LOGAN,
The Adjutant General.

GENERAL ORDER,
NUMBER 7.

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, Iowa, December 15, 1916.

1. In accordance with the call of the President of the United States dated June 18, 1916, the following organizations were ordered into company quarters on June 20, 1916.

One Brigade of Infantry, consisting of Brigade Headquarters, the First, Second and Third Regiments of Infantry, with attached Sanitary Detachments.

One squadron of Cavalry, with attached Sanitary Detachment.

One Company of Engineers.

One Field Hospital.

One Ambulance Company.

All of the foregoing organizations (with the exception of the Squadron of Cavalry) were mobilized at Camp Dodge, by June 28, 1916, every organization being above the minimum strength required by the War Department. The Squadron of Cavalry was, at the request of the Commanding Officer, mobilized at Young's Station, near Iowa City, in order that the horses, which were the private property of the men, could be inspected for purchase by the officers from the War Department, but this was not done, and later the horses were returned to home stations and the organizations moved to Camp Dodge.

2. The following record of drills during the period from January 1, 1916, to and including June 19, 1916, is published for the information of all concerned:
