LETTER OF TRANSMITTAL

To His Excellency, THE HONORABLE W. L. HARDING, *Governor and Commander in Chief.*

MY DEAR GOVERNOR: Complying with the provisions of Section sixteen (16) of the Military Code of the State of Iowa, I have the honor to submit herewith for your consideration, my report of the Military Department of the State, for the biennial period ending June 30, 1920.

Also to you, my dear Governor, as our official relations will soon close, I desire to express my sincere thanks for the cordial support and advice you have always given me in the administration of this department for the betterment of the Iowa National Guard and the kindred obligations pertaining to this office.

Very sincerely,

Your obedient servant,

LOUIS G. LASHER,
The Adjutant General.

State of Iowa,

Adjutant General's Office.

REPORT

During the two year period following my last report and ending June 30, 1920, war and post-war conditions have both entered into the administration of this department, and many problems have been faced which could not have been anticipated and which had to be met as they were presented. Much anxiety was felt relative to the future of the National Guard, resulting from a decision of the Judge Advocate General of the army which held that the induction of the National Guard into Federal service under the provisions of Section one hundred eleven (111) of the National Defense Act had the effect of discharging its membership from their former status as National Guardsmen on their discharge from the Federal service, and this had a most discouraging effect on the reorganization of the National Guard, which fulfilled, during the World's War, the expectations that it would accomplish what was claimed for it, i. e. that with the Regular army it would furnish sufficient first line troops to successfully engage the enemy until any larger force necessary could be reached and trained. The above mentioned ruling was final however, and all National Guard troops, as the need of their services ceased to exist, were discharged and returned to their homes as civilians; thus leaving the several states without a military force except such as had been organized during the emergency. Some states organized during the war, state troops or home guards. Iowa organized one regiment of infantry and the first company of which was Federally recognized in December, 1917. At the time of my appointment to be Adjutant General there had been organized, Federally recognized and equipped, four (4) companies of what is known as the Fourth Infantry Iowa National Guard. Since that date, the National Guard has been recruited to:

- 1 full regiment of infantry.
- 10 separate companies of infantry.
- 8 separate troops of cavalry.
- 1 battery of field artillery,

which, according to advices from the War Department places Iowa in the lead of twenty-eight (28) states in recruiting and with a strength of eighteen (18) Reserve Officers, two (2) staff officers,

eighty (80) line officers and one thousand, nine hundred twelve (1,912) enlisted men. In addition, the final work in connection with the draft has been completed and the records shipped to the Adjutant General of the army at Washington, D. C., under orders from the War Department. The administration and direction of the Soldier's Aid Fund appropriated by the 38th General Assembly has been accomplished. The work of compiling the War Roster as authorized by the 38th General Assembly is being done under the direction of the Adjutant General and the efficient supervision of Lieutenant-Colonel Frank E. Lyman.

Explanatory Note—While the detailed report contained in the body of this report shows a difference in the figures submitted above, it is explained that the report as completed covers only the period from July 1, 1918 to June 30, 1920, while the figures above include all activities up to December 1, 1920, and will be repeated in detail in the next biennial report.

LEGISLATION

Under your advice and with your co-operation, it was made possible for this department to be of material assistance in the successful effort to obtain adequate and extremely necessary legislation from Congress in the interest of the National Guard of the United States. This legislation amends the law known as the National Defense Act and was approved by the President, June 4, 1920. The outstanding benefits under the provision of this act for the National Guard are:

1. The appointment of a National Guard officer to be Chief of the Militia Bureau.

2. The Federal recognition of National Guard units at a minimum strength of fifty (50) men and a maintenance strength of sixty-five (65) men.

3. The pay of captains commanding organizations is increased providing he maintains an efficient organization.

4. The pay of enlisted men is adjusted so that he receives pay for services rendered, irrespective of drill attendance of the entire organization.

5. Officers may purchase their uniforms and equipment through the Quartermaster Department, United States army, under the same regulations as provided for Regular army officers.

6. That men who were in the service during the World's War may enlist in the National Guard for one (1) year periods and re-

enlist for like periods. Original enlistments are for three (3) years.

7. Officers who held commissions in the service during the World's War may be appointed and receive Federal recognition without the necessity for examinations except all physical examinations which must be complied with.

8. That when the National Guard is drafted into the Federal service and the emergency ceases to exist and the members are discharged therefrom, they will be required to complete their enlistment contract in the National Guard. This will avoid a repetition of what occurred after the World's War.

REORGANIZATION

The provisions of the act of June 4, 1920 and the reorganization plan as submitted and approved by the Secretary of War necessitates an entire reorganization of the Regular Army and the National Guard and provides for an organized Reserve. All three of these indicated divisions must be co-ordinated so as to accomplish one harmonious army of the United States. To do this the old plan of departmental Division of the United States has been eliminated and Corps Areas substituted therefore. It is contemplated that these Corps Areas will provide for the country in the event of a National emergency the material for mobilization of an effective force of two million armed and equipped men at the end of sixty days. This force will be composed of:

- a. Regular Army, 9 infantry and 2 cavalry divisions.
- b. National Guard, 18 infantry and 3 or more cavalry divisions.
- c. Organized Reserve, 27 infantry and 2 or more cavalry divisions, plus the required Corps army and the General headquarters troops.

Iowa's allotment covering the period ending June 30, 1924 consists of:

1. Division troops	4,046
2. Corps troops	1,914
3. Army troops	3,147
4. General Hdqrs. troops	1,144
<hr/>	
Total.....	10,251

The divisional number for Iowa, Minnesota, North and South Dakota, will be "Thirty-fourth (34) Division."

UNIFORM EQUIPMENT, ETC.

The Iowa National Guard is, under the provisions of Federal law, equipped, armed, uniformed, and paid by the Federal Government. The same as similar branches of the Regular Army of the United States under certain regulations pertaining thereto.

ARSENALS AND CAMP GROUNDS

The State camp grounds and arsenal buildings at Camp Dodge have been used since 1917 by the Federal Government as a part of the Federal cantonment known as Camp Dodge and only within the past few months has it been possible for this department to obtain possession of some of the State buildings and be prepared to care for the great amount of government property being shipped for use of the Guard.

This department now has control of the two brick arsenal buildings and three of the resident houses which are used to house the superintendent of the grounds, the storekeepers and other employees necessary for maintenance, and since acquiring possession, repairs and improvements have begun which will conform with the plan pertaining to the future of this reservation.

SMALL ARMS FIRING

Due to the fact that the National Guard organizations of the State were composed of entirely new material, it was impossible to conduct any extensive program of small arms firing during the season of 1919-1920 and in consequence it was impossible to send a National Guard team to the National Shoot at Camp Perry either year. The fact that the Federal government has made appropriation for the purpose it was possible, however to send civilian rifle teams both in 1919 and 1920 so that Iowa was not entirely out of the game. These teams made exceptionally fine records and show decided improvements each year.

It is recognized that the rifle work on the range is one of the most important duties of the soldier and every effort is being made to prepare for the coming season and have a National Guard team at the National Shoot in 1921.

RECOMMENDATIONS

First. That the present Military Code be repealed or so amended as to conform with the Federal law as amended June 4, 1920. I have prepared a bill covering this and other corrections which should be made and it is hoped that the 39th General Assembly will give proper consideration thereto.

Second. That the Adjutant General be relieved from his duties as Custodian of Capitol buildings and grounds so that the time devoted to the duties of that office may be centered on strictly matters pertaining to the Military Department of the State and its kindred obligations.

Third. In organizing the National Guard to comply with the requirements of the Federal government it is found that many localities would be able to organize and maintain a Guard unit were there some way for this department to render assistance in obtaining adequate armory facilities; either by increasing the armory rent allowance or by direct financial assistance in erecting buildings for military purposes. This question involves the expenditure of a considerable sum of money and should be carefully considered by a committee appointed for the purpose.

CONCLUSION

I desire to acknowledge my obligation and appreciation to Lieutenant-Colonel Guy S. Brewer and Major E. E. Lambert for the valuable and loyal assistance they rendered in the work of recruiting and organizing the National Guard up to this time.

ACTIVITIES OF MILITARY DEPARTMENT

CONDITION OF GUARD

The Military Department has been very active during the last two years. After the National Guard organizations had been absorbed into the Regular Army for the purpose of participating in the World War, the work was immediately commenced to rebuild and replace these former organizations with new ones. The Fourth Infantry has been in process of formation and a regiment of infantry composed of the Field and Staff, Headquarters Company, Supply Company, Machine Gun Company, and eleven lettered companies has been given Federal recognition.

A cavalry organization is very nearly completed, three troops having been Federally recognized and six more troops will shortly be ready for Federal recognition.

One battery of Field Artillery has been given Federal recognition at Davenport. As yet no other battery has formulated.

There are six more infantry companies formulating at this time which are shortly to be recognized.

ORGANIZATION

A great many changes have been instituted by the War Department in the National Guard Regulations and this has hindered the progress somewhat. Organizations must keep to a very high standard in order to retain their right to Federal recognition. Several have fallen short of the required standard and have been mustered out. New organizations have followed very shortly, however, and the result has been that a number of very satisfactory units have been formed and are in a position to advance rapidly with their training.

RECRUITING

The work of recruiting has been very ably handled during this period. A number of former National Guard officers and Reserve Corps men have been detailed to this work and have spent all or most of their time on it. They were greatly aided by citizens over the state who are interested in rebuilding the volunteer militia.

Among the recruiting officers were:

Major E. E. Lambert, Res. Corps.

Col. David S. Fairchild, Jr., Retired.

Capt. Leonard B. Laird.
 Capt. Carleton Sias.
 Lt. Wm. H. Durchdenwald.
 Rev. J. L. Gillies.
 Capt. Fred R. Frost.
 Major Thomas P. Hollowell, Res. Corps.

ROSTER

Following is a roster of the officers of the Guard at the present time. These officers are now working together in a very harmonious manner to perfect the organization. Later in this report is printed a complete roster of all members of the guard.

CAMP OF INSTRUCTION

In October of 1919 a school of Instruction was held at Camp Dodge for the benefit of the officers and a number of selected non-commissioned officers and privates. This had practically a full attendance and great eagerness was displayed in acquiring the instruction prepared for their benefit.

Lt. Col. Lloyd D. Ross was placed in charge of the Camp as ordered in G. O. No. 12, A. G. O., Iowa, 1919. In his report to Col. Howell under date of November 8th he says,

"In compliance with G. O. 12 A. G. O. dated October 14th, 1919, I assumed command of the Camp of Instruction in Target Practice at Camp Dodge, Iowa, on October 19, 1919.

"I found the camp adjutant Captain David S. Cassat and mess officer Captain David Bullock on duty ready to receive the details as they reported to the camp.

"Two barracks in the southern section of the camp were assigned for our use and sufficient coal, for heating and cooking and straw for the men's ticks was supplied.

"Rations were purchased from the Camp Commissary.

"With one exception the details had all reported in by midnight of Sunday. The other one reached camp about 3 a. m. Monday morning.

"A programme was laid out along the lines of your letter of October 16th to the Adjutant General. The first three days the personnel of the camp was divided into six groups for instruction. The officers in one group under Lt. Cedric Barnes, and the enlisted men divided into five other groups with the Sergeant-Instructors, Regular Army, and assigned officers as instructors.

"The day's work began at 8:30 a. m. with instruction in bayonet and physical exercise. A great deal of interest was manifested in this work

and the men repeatedly asked for more of it. The balance of the day was spent in training of the subjects set out in your outline of instructions. It was difficult to follow these subjects closely for the men were constantly asking questions which led to other phases of military training.

"Col. Mumma was present one day and gave two splendid lectures which it was a privilege for any soldier to hear.

"Col. Brookart also gave two splendid talks in his especially instructive manner.

"Monday evening and Tuesday evening the men were held in camp and lectures given by Major Weilein and Capt. Viles, one on range management and the other on courtesy.

"On Thursday firing was started on the range at the 'B' target at 200 and 300 yards prone position. Following the instructions which they had received the three days previous, the men made wonderful progress. Firing discipline was perfect and the percentage of hits was high considering green troops.

"Col. Devore from Headquarters Central Department visited the school during the day and spent some time on the range. He seemed to be well pleased with the showing made.

"Rain broke up a part of the programme for Friday, but the afternoon was devoted to range firing on the 'A' target at 200 and 300 yards.

"All men did not get the opportunity to fire the same number of shots so it was not possible to make comparisons of this day's work.

"Troops armed with pistol were given one half day's preliminary training and one half day's firing on the ranges.

"I attach copies of all G. O. and bulletins issued and the results of the firing on Thursday.

"A severe accident occurred on Thursday evening on the Merle Hay road near Johnson station when a side car driven by Warren W. Hinshaw with Capt. David Bullock as a passenger was struck by a Ford automobile, running wild, and thrown into the ditch. Capt. Bullock was severely injured about the head, and Hinshaw suffered a compound fracture of the left leg below the knee. They were immediately removed to the hospital at Camp Dodge and are now making proper recovery.

"Corp. James S. Parrett was sent in off the range Thursday feeling ill, but not considered serious by the surgeon. On Friday morning however, he had a high fever and was removed to the Camp Hospital where he was dangerously sick with pneumonia for several days, but is now making proper recovery.

"In closing this report, I wish to comment on the eagerness with which the men absorbed the instruction imparted to them. They asked many questions and seemed anxious to get as much training as possible in such a short time.

"With officers able to instruct and awake to their responsibilities and opportunity I feel that the regiment has a splendid future before it."

In Col. Potts' report to the Chief of the Militia Bureau under the heading in this report "Inspector-Instructors" he refers to this camp and commends the progress made.

INFANTRY SCHOOL

In February of 1920 an Infantry School for National Guard officers was held at Camp Benning, Georgia. The allotment for Iowa was three officers and the Adjutant General appointed to fill this: Captain Forest R. Wright of Machine Gun Company, Fourth Infantry, Fairfield; First Lieutenant Dave H. McAuley of Company "C," Fourth Infantry, Mason City; and Second Lieutenant Sophus Klinge of Company "K," Fourth Infantry, Cedar Rapids. This course was for three months and Captain Wright remained for one month longer to attend a supplementary course. A very creditable showing was made by these men as shown by the following report.

2d Lt. Sophus Klinge.....	Average 77%—Class standing, 20
	Number in class, 30
1st Lt. Dave H. McAuley	Average 83%—Class standing, 7
	Number in class, 30
Captain Forest R. Wright	Average 79%—Class standing, 15
	Number in class, 30

Special course

Captain Forest R. Wright.....	Average 91%—Class standing, 1
	Number in class, 8

CORRESPONDENCE SCHOOL

A school for officers by correspondence was instituted and carried out by Col. Douglas Potts, Senior Inspector-Instructor. Col. Potts extended this school to include the non-commissioned officers. Lesson sheets were carefully prepared and forwarded, but very little interest was shown in these and many were not returned.

This school is of special importance and should be given serious consideration by those qualified to participate. If all were to profit by this opportunity a great deal of preliminary work could be eliminated at the annual camp of instruction and the progress at that time be proportionately marked. Every step in the school work is prepared to fit in with work undertaken at the camp and is therefore of the utmost importance.

The school for non-commissioned officers is a new departure and these men should be grateful for the unusual opportunity for advancement.

SPECIAL DUTY

In the fall of 1919 W. D. Haywood, President of the Industrial Workmen of the World, under sentence of imprisonment in Fort Leavenworth penitentiary, but at that time out on bonds, was invited by Mayor Wallace M. Short of Sioux City to visit that city and give an address. Later Mayor Short became alarmed for fear this move would incite public feeling to such an extent that there would be a possibility of disorder and violence.

He therefor telephoned to Governor Harding requesting the help of the National Guard units if needed during this time. The Governor immediately issued an Executive Order authorizing this and the Adjutant General sent this telegram as a result.

"Des Moines, Iowa, November 2, 1919.

Captain Ira L. Storm, Armory, Sioux City.

Pursuant to telephone conversation with the Governor of Iowa, you will assemble your command at once and hold them under arms within your armory, until further orders. Under no circumstances are you to take any active interest in any disorder which may develop, except by executive order. You will report by telephone to the Governor immediately any disturbance of a nature liable to require the services of troops. Keep the Governor advised by wire from time to time relative to the situation in general. You are authorized to order on duty "D" Company, Fourth Infantry, U. S. N. G., if in your judgment it should be necessary to prepare for an emergency.

LASHER, *Adjutant General.*"

A Special Order was thereupon issued ordering Lt. Col. Ross to the scene of action for investigation. Col. Ross reported as follows:

"In compliance with special orders No. 152 A. G. O. October 31, 1919, I proceeded to Sioux City, Iowa during the night of October 21st and arrived in Sioux City about 10:15 a. m. Saturday morning. I was accompanied by Mr. W. B. Griffin.

Immediately on arrival in the city we visited the County Attorney Mr. D. T. Nagelstead and as his assistant Mr. Nickle was thoroughly conversant with the facts, had a talk with him concerning the possibility of trouble.

Mr. G. A. Danielson, city detective and Mr. Robt. B. Pike, commander of the American Legion were also consulted and the unanimous opinion of all four men was that there would be no trouble. The Legion at a meeting of 600 members had resolved to ignore the presence of Haywood, and took steps to keep mention of him out of the papers.

We then called on the Sheriff of Woodbury County, Mr. Jones, and learned his plans for taking care of the situation which I approved. Mr.

Jones was of the opinion that a critical condition might easily happen, but did not expect any trouble.

Mr. Tom Griffin, a lawyer and member of the Iowa legislature was also visited and he was of the opinion that since the American Legion was staying out of the game, that no trouble would follow.

Mayor Short was not in office.

Haywood arrived in town Sunday afternoon and went to the I. W. W. hall, corner of Fourth and Jennings Streets, and soon after a crowd began to assemble in Jennings Street west of Fourth Street. Shortly after 2:00 p. m., Haywood began to speak from the window on the second floor of the I. W. W. hall to this crowd. I was in the crowd and noted that there were plenty of police scattered in the crowd and around the streets nearby to care for all emergencies. During the speech two automobiles were forced by their drivers through this crowd and then when clear through, one of them returned and went through the other way. When nearly clear of the crowd on the return some one jumped on the hood of the car and then broke the windshield. The car then speeded up so the man could not get off and took him to the police station. This excited the crowd some but had the effect of causing feeling to run toward the I. W. W. and against such attempts to break up the meeting.

Speaking ceased at 4:00 p. m. and all members of the I. W. W. organization were told that the meeting was adjourned and that during the winter they expected to have other speakers to talk to them. They were also told to go home about their business and stay away from any crowds assembling. The majority of the crowd left at once and in fifteen minutes the streets in the vicinity were entirely cleared. It was evident that the meeting was adjourned and that Haywood would not talk any more, and that being the case, I considered my mission completed and returned to Des Moines."

Captain Ira L. Storm, who was in command of the National Guard units during this period sent the following report to the Governor:

"1. Pursuant to telephonic communication, November 2nd, 1919, with Mayor Wallace M. Short, of this city, I assembled my command in the armory and requested of him authentic authority for his action and he informed me that he had wired the following to Governor W. L. Harding, Des Moines, Iowa: 'W. L. Harding, Governor, Des Moines, Iowa. Have called on the local National Guard to assist in preservation of peace and order. W. D. Haywood in town. Signed Wallace M. Short, Mayor.'

"2. The mayor later forwarded me the following communication: 'The Governor, since receiving the above telegram, has called me over the telephone and directed that the said Companies D, and F, be on duty until the present emergency has passed, and ready for service if needed. Wallace M. Short, Mayor.'

"3. I called Governor Harding by telephone and he orally ordered my command to remain at armory, and also informed me that telegraphic orders would be forthcoming from the Adjutant General.

"4. I received the message from the Adjutant General at 7:45 a. m. Monday, November 3rd, 1919. The telegram was received at Sioux City, Iowa, 7 a. m. on the above mentioned date.

"5. Company F remained on duty during the night of November 2nd, 1919, and part of the day November 3, 1919. They were then dismissed. Company D remained on duty all night of the 2nd and all day of the 3rd, an Armory Guard remained on duty during the night of the 3rd and all day the 4th, November, 1919.

"6. No arrests were made. The company (D) was dismissed by order of the Adjutant General November 3rd, 1919.

"IRA L. STORM,

"Capt. Comd'g. Co. D, 4th Inf. U. S. N. G., Iowa."

INSPECTOR-INSTRUCTORS

Lieutenant Colonel Douglas Potts, U. S. A., Infantry, reported to this office in July of 1919 and took up his duties as Senior Inspector-Instructor. In December of the same year Lieutenant Colonel Perry L. Boyer, U. S. A., Medical Department, reported as Inspector-Instructor. These men were very faithful in their duties and have been of invaluable assistance to this department.

Sergeant-Instructors have been sent in sufficient quantities to assist in carrying out the plans of the Inspector-Instructors. These men have been detailed at different times to various organizations to aid and instruct them and have proved a very capable addition to the guard.

Following are the reports of the Inspector-Instructors to the Chief of the Militia Bureau for the year 1919.

"1. In compliance with Paragraph 405, National Guard Regulations, the following quarterly report is submitted.

"2. A school of instruction was held at Camp Dodge from October 19th to 25th, inclusive, and full report has been rendered.

"3. A school of instruction for all officers of the 4th Infantry as outlined in program marked "A" herewith, was held at Des Moines, Iowa, December 8th to 11th, inclusive.

This school was a great help to the young officers and many obscure questions in company administration were brought up and explained.

Good progress was made and all took a keen interest in the work.

"4. *Correspondence School*. This school, as outlined in General Order 13, State (copy herewith attached and marked "B"), was started November 23rd, 1919.

There are 35 officers and 124 enlisted men undergoing instruction.

So far, very good progress has been made and all students take a keen interest in the work. Question sheets to include Lesson 6 hereto attached and marked "C," "D," "E," "F," "G," and "H."

"5. The armory instruction for the year is outlined in General Order 15, State, copy herewith and marked "I".

"6. *Property Accountability.* During the quarter, the undersigned has corrected all Property Loan Cards belonging to all companies of the 4th Infantry, except Companies E and F, and it is believed that these records are in excellent condition.

"7. The Sergeant Instructors on duty in this office have made visits of instruction to the following stations:

Sergeant G. E. Weaver—Waterloo, Company M, report herewith and marked "L," and Mason City, Company C, report herewith marked "M."

Sergeant Roy Pennington—Ottumwa, Company L, report herewith marked "N," and Fairfield, Machine Gun Company, report herewith marked "O," and Headquarters Company, report herewith and marked "P."

Sergeant Joseph Goldstein—Cedar Rapids, Company K, report herewith and marked "R," and Charles City, Company H, report herewith and marked "T."

The practice of sending the Sergeant Instructors to organizations for a month at a time has proved very beneficial to the organizations.

The attendance at armory drill has increased and both officers and men have shown more interest in their work.

"8. *Staff Officers.* Major H. D. Coe, at present on duty as the Property and Disbursing Officer of the State, is the only recognized Staff Officer of the National Guard.

"9. *Examination of Officers.* Very few, if any of the present officers of the 4th Infantry, have been examined to determine their professional fitness as contemplated in Article VI, National Guard Regulations.

"10. *Recruiting.* An intensive recruiting campaign is now going on in the state with a view to recruiting the authorized units to full strength.

Copy of letter written to the Adjutant General on this subject herewith and marked 'V'.

"11. *Pay Rolls.* In order to expedite the preparation of pay rolls and drill reports, and to reduce to a minimum the errors on same, a pay roll data card was devised (copy herewith and marked 'K'), and it is now in the hands of the company commander.

DOUGLAS POTTS, *Colonel, Inspector-Instructor, Iowa N. G.*"

"1. Pursuant to War Department order, I reported December 22nd, 1919, for duty as Inspector-Instructor, Sanitary Troops, 62nd Divisional District, with station at Des Moines, Iowa.

"2. In the state of Iowa, only one unit, the 4th Infantry Regiment, has been organized and received Federal recognition. The present strength of attached sanitary troops is one (1) commissioned officer and eighteen (18) enlisted men. The last weekly drill report on file in this office dated September 24th, 1919, states "No drill," and no report was received during quarter ending December 31st, 1919.

"3. The Adjutant General does not consider that the medical officer in charge of this detachment is qualified for his duties in that he lacks

the initiative necessary for the success of a new organization, and it is expected that within the next few days this officer will be replaced and a system of regular instruction instituted. I have informed the regimental commander that, with his approval, I would meet the enlisted personnel and endeavor to organize a course of instruction, using one or two selected men of the detachment as instructors.

It is understood that if the proper medical officers for this regiment cannot be obtained in Des Moines, the sanitary detachment will be organized in another city or town.

"4. Request has been made to the Central Department for a roster of Sanitary Troops of units recognized by the Federal government in the states of Nebraska and Minnesota, with the view of beginning the correspondence courses for officers and enlisted men. As yet no reply has been received.

P. L. BOYER, *Colonel, M. C.*"

Early in the year 1920, Lt. Col. Potts made a tour of inspection to the different organization stations and rendered this memorandum to the Adjutant General.

"The following list of irregularities and deficiencies observed during a recent inspection of the 4th Infantry are furnished for your information.

Headquarters Company

Captain D. B. Cassat, Commanding, Fairfield, Iowa.

Storeroom in good condition.

The room is also used by the M. G. Company. This is considered bad practice.

Office—excellent.

Drill hall—good.

Locker room—in fair condition.

Form 637 not used correctly.

Form 81-1 not completed.

Morning report not used.

Consolidated morning report not used. Circular letter 20 M. B.

G. O. 15 not complied with.

Number of married men—20.

Machine Gun Company

Captain F. R. Wright, Commanding, Fairfield, Iowa.

Same drill hall and storeroom as Headquarters Company.

Office in good condition.

Locker room in good condition.

This Company is in the habit of drilling with Headquarters Company. This is considered bad practice. It is recommended that the Headquarters Company and the Machine Gun Company drill on different nights.

G. O. 15 not complied with.

Number of married men—15.

Form 637 not complete.

Form 81-1 not complete.

Supply Company

Captain D. E. Bullock, Commanding, Des Moines, Iowa.
Drill hall—adequate, in very dirty condition.
Storeroom—small and dirty, property poorly arranged.
Offices—small and dirty.
Locker room—very dirty.
Bath room—very dirty and plumbing in bad state of repair.
The entire armory needs a thorough cleaning.

Company A

Captain S. A. Greene, Commanding, Council Bluffs, Iowa.
Storeroom—clean and very well arranged.
Locker room—good condition, but small; 2 men use each locker. This is considered bad practice, as it is hard to determine the responsibility.
Drill hall—needs cleaning badly, also in need of repairs.
Russian Rifles still on hand; should be turned in as per Circular Letter 43, M. B.
Records—many of the Company records are kept in the Captain's place of business. I think this is a mistake.
Correspondence book and document file not kept.
Service records not complete.
Form 6, State, not used.
Form 81-1 S. G. O., not completed.
Form 260, not completed.
Morning report not kept. Circular Letter 20 M. B.
Form 637 not complete.
Instruction—close order drill, fair. The Company showed no evidence of having been instructed in any subjects except close order drill.
G. O. 15, not complied with.
No Non-commissioned Officers' school being held (G. O. 15, State).
Personnel—General appearance of men—very good, and conformed with the required physical standards.
Moving pictures not being used to assist in the instruction.
Number of married men—19.
Property—Company is short the following property: 100 Cans Condiment, 7 Hand Axes, 11 Pick Mattocks, 33 Shovels, 11 Wire Cutters, 5 Glasses, field.

Company B

Captain C. D. Jarvis, Commanding, Des Moines, Iowa.
To be mustered out.

Company C

Captain W. R. Hayes, Commanding, Mason City, Iowa.
First Sergeant's room in excellent condition.
Storeroom and locker room—excellent.
Drill room—large and in excellent condition.
Records—Service records not complete. Form 637, not complete, Form 81-1, not complete.
G. O. 15, not complied with.

Sand table not used.

Moving pictures not being used to assist in the instruction of Company.

Russian Rifles still on hand—should be turned in, Circular Letter No. 43, M. B.

Men reported sick on drill nights are credited as being present.

Company D

Captain I. L. Storm, Commanding, Sioux City, Iowa.

Storerooms—well arranged and clean.

Drill hall—same as Company F.

This building is old and considered unsafe.

Locker room—well arranged and clean.

G. O. 15, State, not being complied with.

Form 81-1, S. G. O., not complete.

Form 260 A. G. O., not complete.

Form 637 A. G. O., not complete.

Morning report not being kept. Circular Letter No. 20, M. B.

Correspondence book and document file not being used.

Russian Rifles still on hand; should be turned in, Circular Letter No. 43 M. B.

Service Records not complete.

Moving pictures not being used to assist in the instruction of Company. The Company Commander states he will probably be able to secure a machine shortly.

Personnel—General appearance of men, very good, and conform to the physical standards required. Company well instructed in close order drill. The Company Commander is inclined to spend too much time on work of this kind—to the detriment of other instruction.

Company E

Captain F. R. Frost, Commanding, Fort Dodge, Iowa.

Drill hall—very good and clean.

Store room—good order, but small.

Locker room—good order, clean, but small.

Russian Rifles on hand; should be turned in as per Circular Letter 43 M. B.

Records—Service records not completed. Forms 81-1 S. G. O., not complete. Forms 260 A. G. O., not complete. Morning report not kept. Circular Letter No. 20, M. B. Form No. 6, State, not used.

No sand table used; cleaning racks for rifles not furnished.

Number of married men—30.

Very little instruction going on in this organization, except close order drill.

This Company has on hand 94 Blouses, size 38; these should be exchanged. Also 96 Leggings, No. 4.

Property shortage—Sight covers, cots.

Company F

Captain A. F. Swanson, Commanding, Sioux City, Iowa.

Drill room—small.

The building is old and unsafe.

G. O. 15, State, not complete.

Morning report not kept.

Sand table not used.

Instruction confined to close order drill.

Property shortage—Meat cans, extra shoe laces, gallery rifles.

General

"1. Nearly all companies have failed to comply with G. O. 15. In order to have the instruction progressive, all concerned should be required to comply with this General Order.

"2. Field officers should be required to assist in bringing the Companies up to a high standard of efficiency; they should be required to

inspect their Companies frequently, and report all deficiencies to the Regimental Commander.

"3. A practice has grown up in the regiment of giving men credit for drill when they inform their organization Commander they are sick on drill nights. I believe this is contrary to existing regulations, and in view of this fact, I request that you issue the necessary instructions, in the form of a Circular, prohibiting this practice.

"4. The drill attendance of nearly all Companies is below fifty per cent, and as long as this condition of affairs exists, it will be impossible to bring the companies to a high state of efficiency.

"DOUGLAS POTTS,
"Major Infantry."

MILITARY CODE

There has only been a slight change in the Military Code during this period. The Twenty-eighth General Assembly changed Section 1 so as to provide for armory rental for companies not included in the original code, and now authorized by the Militia Bureau.

Following is Section 1, as it now stands:

"Section 1. *Militia allowances—amendment.* That section nine (9), chapter three hundred fourteen (314), acts of the thirty-seventh general assembly be and the same is hereby amended by inserting the words "Headquarters Company, Machine Gun Company, Radio Company, Supply Company" following the word "infantry" in line five (5) of said section; and by inserting following the words and figures "Company of Infantry \$1,500.00" and preceding the words and figures "Battery of Field or Horse Artillery \$4,200.00" the following words and figures "Headquarters Company \$1,000.00, Machine Gun Company \$1,000.00, Radio Company \$1,500.00, Supply Company \$800.00" in line thirteen of said act."

SOLDIERS' AID COMMISSION

The Thirty-eighth General Assembly made provision for the care and comfort of the Iowa boys returning from the war by an appropriation. An extract from this act says:

"Section 1. *Iowa's returning soldiers, etc.—appropriation.* There is hereby appropriated out of any unexpended balance of the fund appropriated by chapter two hundred seven (207) of the laws of the thirty-seventh general assembly for war purposes, the sum of twenty-five thousand dollars (\$25,000.00) for the use and benefit of Iowa's returning soldiers, sailors and marines, who are ill and temporarily being cared for in hospitals in New York City or other port cities, and for such returning soldiers, sailors and marines who may be discharged on landing in New York City or other coast cities or Chicago, and who may be temporarily detained in said cities on the way home and may be in need of assistance, and for the expense of the establishment of temporary headquarters for such soldiers, sailors and marines in New York City.

"Sec. 2. *Commission—appointment by governor.* Immediately upon the passage and publication of this act it shall be the duty of the governor to appoint a commission of three persons, including the adjutant general of the state who shall act as chairman, who shall disburse and account for the funds by this act appropriated, and who shall act without any compensation, but with an allowance of actual expenses. Two members of said commission may be non-residents of the state one of whom shall be a resident of New York and one a resident of Chicago."

The Adjutant General made the following report to the Governor regarding this commission:

"1. The following report covers the activities of the commission to aid Iowa returning soldiers, sailors and marines, pursuant to the pro-

visions of House File No. 347, Acts of the 38th General Assembly. This report covers the period beginning May, 1919, to December 1, 1920, and includes the financial statement and accounting for disbursements from the funds appropriated.

"2. In compliance with the provisions of the Act, the Honorable W. L. Harding, Governor of Iowa, appointed Judge Jerry B. Sullivan, New York City, and the Honorable Henry Meyer, Chicago, Ill., as Commissioner to act with and under the direction of the Adjutant General in properly disbursing the fund and accounting for same.

"3. My report will first cover New York City. The disbursements indicated in the financial statement cover advance of money to Iowa men in the service or discharged therefrom who were landed in New York City and who for various reasons were without funds. It also covers dinners, entertainments, bus rides, cigars, cigarettes, candy and fruit and such other dainties for Iowa men in the several hospitals in and around New York City and also includes attention to Iowa men who were unfortunate enough to be serving prison sentences in that locality, and finally covers clerk hire and salary of secretary.

"4. At one time there were many Iowa boys in the different hospitals who had been bed-ridden from four to six months in a year. These boys received special attention from the Iowa Commissioner and as soon as able were taken in closed automobiles to see the city and when possible to dinner and some entertainment or other afterwards.

"5. It is only fair to include in this report, so that it may become a permanent record, a word of special appreciation and admiration for the splendid and devoted work of Judge and Mrs. Sullivan, General and Mrs. Wilkins, Mr. Andrew O'Connell and Mrs. Loughran and daughter Josephine, not forgetting many other Iowa people now residents of New York. They gave freely of their time, their sympathy and their money.

"6. The great good accomplished and made possible by this fund in New York and Chicago has been beyond description and no one who has not suffered the mental and physical discomforts and discouragement indigent to service these boys have performed, can possibly realize what the attention they received and the breath of home it was endeavored to give them has meant, and Iowa in addition to her promptness and efficiency in furnishing these men for service has much to be proud of in the promptness and efficiency in which she made it possible to welcome them home and make their suffering more bearable.

"The work is now ended as no Iowa boys remain at either city.

"7. The following is the final financial report of the commissioners, and closes all further activity in this direction.

After a trip to New York City the Governor deemed it of very great importance to raise funds to further this cause and a letter was therefor sent to the chairman of the Council of Defense organizations. A copy of this letter is as follows:

"SIR:

When in New York City for the purpose of extending a welcome to the 168th Infantry, Iowa's Old 3rd Infantry National Guard, it was my privilege to visit some of the largest hospitals and talk with a great many Iowa boys who are under treatment, and I was impressed with the great need of properly caring for these boys, and also caring for the Iowa boys who are returning almost every day and who are obliged to remain in New York or at some of the camps in and near the city until such time as they are sent to other camps for discharge. House File No. 347, Acts of the 38th General Assembly, which appropriated \$25,000.00 to aid Iowa's Soldiers, Sailors and Marines, is so worded that only those who are in hospitals or those who are stranded in New York City receive any benefit therefrom; the boy awaiting discharge or transfer cannot, under the provisions of the bill, participate in any of this fund.

It was my pleasure to spend considerable time with Judge Jerry B. Sullivan, President of the Iowa Society of New York, and to observe personally the great work this society is doing for the Iowa soldiers. They provide a place for the boys to come and register, meet other boys, read their home papers, write home, and also see that they have good, clean entertainment and a place to sleep and eat while in the city on leave. This all takes money, and what funds they had are exhausted. I believe this work is worthy of the support of every Iowa citizen, and to that end I am calling upon you to enlist the services of the city, township and precinct members of your Council of Defense in raising \$200.00, which is the amount I am asking each county to furnish. This money will be expended by the Iowa Society of New York for the purpose indicated above.

This is the last call I will make on you and your organization, and I sincerely hope and expect you to respond in this emergency in the same spirit you have in the past.

I desire that this money be raised as promptly as possible and sent to Louis G. Lasher, Adjutant General of Iowa, to be transmitted by him to New York, and expended under his direction.

Assuring you of my appreciation of the substantial response I know you will give this appeal, I am,

Cordially yours,

W. L. HARDING, *Governor.*"

The Adjutant General's report on this says:

1. I have the honor to submit herewith report on monies received from the several counties in response to your letter May 28, 1919. Also statements covering expenditures from this fund by Judge Jerry B. Sullivan, Iowa Commissioner in New York.

WAR ROSTER COMMISSION

The Iowa War Roster Commission was organized under the provisions of House File No. 362, Acts of the 38th General Assembly, approved April 23, 1919. The organization of the commission was completed and it began to function May 12, 1919, and under the law consists Hon. W. L. Harding, Governor of Iowa, and Brigadier General Louis G. Lasher, Adjutant General of Iowa. Lieutenant Colonel Frank E. Lyman was employed as Secretary-Director of the work, and his memorandum report follows:

"I have the honor to make the following memorandum report covering the activities of the Iowa War Roster Commission since its organization on May 12, 1919 until June 30, 1920. The Commission was organized under the provisions of House File No. 362, acts of the 38th General Assembly, approved April 23, 1919.

"The material for the first volume of the report has been prepared and consists of the roster of Iowa National Guardsmen who saw service on the Mexican border during 1916 and 1917, with a suitable history of the organizations and their service. About 200 photographs accompany the report. This volume also includes the history of the administration of the Selective Service law in Iowa with maps and graphs.

"This volume has not been sent to the printer, because I am informed by the document editor, that no printer will bid for its publication under the maximum price fixed by law.

"In compliance with the law under which the commission was authorized, the Secretary-Director has purchased, with the approval of the Commission, moving picture films, positive and negative of Iowa troops who served on the Mexican border in 1916 and 1917 and the World's War, at a total cost of about \$2,500.

"Wherever possible and advisable the negative have been secured of all positive films purchased. In the case of Camp Dodge films, the negatives had been destroyed by fire, but the Commission has secured four sets of the positive. In the case of positives secured from the Signal Corps, U. S. A., no negatives have been purchased, it being safely assumed that all positives can again be replaced. Of the films of Mexican Border service of 1916-17, and Camp Cody 1917-18, the negatives have been purchased. It will therefore be possible to replace any positives should the original be destroyed or lost. All together the Commission has about 30,000 feet of positive and 10,000 feet of negative, a total of 40,000 feet at a cost of a little over 6 cents per foot, only slightly more than the unexposed film would cost.

"The positives have been assembled into five series and new titles prepared. The series consist of:

5,000 feet, Iowa Guardsmen on the Mexican Border, 1916-17.

2,000 feet, the building of Camp Dodge.

5,000 feet, formation of the 88th division, and scenes in France.

5,000 feet of Iowa Guardsmen at Camp Cody in the 34th division.

6,000 feet of the 168th Infantry, 42nd or Rainbow division, which includes—good bye review by the Governor at the state fair grounds, French warfare in France, decoration of Iowa officers by General Pershing, review upon the Rhine, homecoming at New York and final review by the Governor in Des Moines.

"These pictures show organizations in which about 25,000 Iowa men served. It would require about five hours to display them at the customary speed of projection.

"Much material has been gathered for the condensed history of the various units in which the 110,000 Iowa soldiers, sailors and marines served. Particular attention is being given to the 168th Infantry, 34th and 88th divisions, for in these units about 25,000 Iowa men served.

"Before the Local Boards were discharged in May, 1919 each board was required to furnish a list of inducted men, and also lists of men from their territory who had enlisted in the Army, Navy, or Marine Corps. These names have been placed on a card index, and will be used in checking

the names when the Adjutant General of the Army, Bureau of Navigation of the Navy and Major General Commandant of Marines, furnish the individual record cards of Iowans in service.

"Over a year ago the Adjutant General of Iowa in co-operation with the Adjutants General of the several states and various state historical societies and organizations, conducted a campaign to force the Adjutant General of the Army to furnish the individual records of men in the Army during the war, which had been refused. Congress placed a rider upon the annual Army appropriation bill for the fiscal year ending June 30, 1920, setting aside \$3,500,000 for this purpose. In May, 1920, the first cards were received of Iowa soldiers dead and these fail to show the place of death in each and every case, making the record incomplete. Governor W. L. Harding requested the Honorable, the Secretary of War, to make a ruling that would include the place of death in the record of dead soldiers, killed in action, died of wounds or disease or other causes, but he refused. The matter will therefore be again taken up with Iowa's senators and congressmen with a view of securing an investigation and proper action. The Adjutants General of twenty-six states will assist in this movement to secure complete records of their soldier dead and the remaining states are expected to co-operate.

"It is now expected that the Adjutant General of the Army will furnish the individual record cards of Iowa soldiers by June 30, 1921, and the Bureau of Navigation must furnish the records of sailors by this date according to the law passed by the Congress appropriating \$400,000 for this work.

"Since the organization of the Commission on May 12, 1919 the total expenditures from the fund of \$20,000 appropriated by the legislature have been \$9,842.29, of which amount \$2,474.46 have been spent for moving pictures and the work of retitling and assembling. This leaves on June 30, 1920, an unexpected balance of \$10,167.71."

GENERAL ORDER NO. 6

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, December 30, 1918.

I. In accordance with the act of Congress, dated June 3, 1916, entitled an act for "making further and more effectual provision for the national defense and for other purposes," and pursuant to instructions received from the War Department, provisions were made and steps taken to organize one regiment of infantry, one battery of field artillery, and one field hospital. Up to June 30, 1918, the following units have been organized and extended federal recognition.

II. Company "A," Fourth Infantry, Council Bluffs, mustered in December 4, 1917, and federally recognized May 7, 1918.

Company "B," Fourth Infantry, Des Moines, mustered in December 7, 1917, and federally recognized May 7, 1918.

Company "C," Fourth Infantry, Mason City, mustered in December 11, 1917, and federally recognized May 7, 1918.

Company "D," Fourth Infantry, Sioux City, mustered in December 19, 1917, and federally recognized May 2, 1918.

Battery "A," Second Field Artillery, Burlington, mustered in December 15, 1917, and federally recognized May 2, 1918.

Field Hospital No. 3, Iowa City, mustered in December 8, 1917, and federally recognized December 12, 1917.

III. The balance of the units necessary to complete the Fourth Infantry is rapidly nearing completion.

GENERAL ORDER NO. 1

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, January 29, 1919.

1. Organization commanders will immediately comply with the following program covering drill and instruction for the indoor period of January 1st to April 1st and November 1st to January 1st; also the outdoor period from April 1st to November 1st.

2. Owing to the limited floor space in the majority of armories used by the state, it is desired that the drills be largely in the school of the soldier and squad.

3. Drill for companies equipped with rifle at each assembly—
Indoor Period:

(a) Setting up exercises, 10 minutes.

(b) Arm signals, 10 minutes.

- (c) School of the soldier or squad, 30 minutes. (With or without arms, alternate.)
- (d) Guard mount or company inspection, 30 minutes.
- (e) Lectures by an officer of the company covering military courtesy, personal hygiene, mechanism of the rifle, care of the rifle, interior guard duty, importance of reading army regulations, with remarks, etc.

4. Drill for companies not armed with rifles—

Indoor Period:

- (a) Setting up exercises, 10 minutes.
- (b) Arm signals, 10 minutes.
- (c) School of the soldier or squad, 30 minutes.
- (d) Guard mount, 30 minutes.
- (e) Lectures by an officer of the company on the following subjects: Military courtesy, personal hygiene, interior guard duty, importance of reading army regulations, with remarks.

5. For the outdoor period, the drills should be held on the street or in vacant lot, weather permitting, as follows—

Assembly in the armory.

- (a) Setting up exercises, 10 minutes.
- (b) Arm signals, 10 minutes.
- (c) School of the squad and company, 40 to 60 minutes, and should include a guard mount or company inspection.

6. Non-commissioned schools are to be held each week, preferably at a time not fixed for drills, and all enlisted men of the organization should be encouraged to attend.

7. The importance of setting up exercises cannot be overestimated, as this is the best method of giving the man a soldierly appearance. At camp it is part of the daily program, hence the desire to include it at each assembly during the year.

8. Guard mount and company inspection: As a rule, inspectors judge a company by the manner in which these ceremonies are performed; they should be held frequently, and precision in performance should be observed and criticized.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

GENERAL ORDER NO. 2

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, February 27, 1919.

1. Referring to circular letter from the Adjutant General's Office, dated February 14, 1919:

The annual armory inspection of the following organizations of the National Guard of Iowa, will be made as follows:

March 3d, Company "B," Des Moines.
March 4th, Company "A," Council Bluffs.
March 5th, Company "D," Sioux City.
March 6th, Company "F," Sioux City.
March 7th, Company "E," Ft. Dodge.
March 8th, Company "C," Mason City.

The Commanding Officer of the organizations will report at their respective armories not later than 9:00 o'clock on the morning of the date prescribed, with a sufficient detail to handle all property to be inspected, in the possession of that organization.

The full company will be assembled in uniform not later than 7:30 p. m. on the same date for Company inspection.

Blank forms have been forwarded to each Commanding Officer. These forms will be carefully studied and accomplished, in accordance with instructions contained thereon.

As there are no extra forms on hand, none can be supplied and, therefore, care must be exercised not to spoil or destroy those forwarded.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

GENERAL ORDER NO. 3

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, *March 11, 1919.*

1. The following Circular from the Department of Justice, Washington, D. C., and the Sections from the Penal Code of the Federal Statutes of 1910 referred to in said Circular, are published for the information of the command.

2. Company Commanders will publish this Order to the members of their command by reading same at a regular drill period, and will also cause same to be posted in a conspicuous place at or near the entrance to the property or locker rooms.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

"Circular
No. 531.

"DEPARTMENT OF JUSTICE,
Washington, D. C.,
April 6, 1915.

"TO UNITED STATES ATTORNEYS:

"In connection with instances of theft of United States property issued to the States for use of the organized militia or national guard, the Secretary of War requests that the attention of United States Attorneys be called to the seriousness of this subject, and asks for the co-operation of this department in putting an end to this character of losses.

In order not only to prevent actual property losses, but also to assist in maintaining the discipline of the organized militia, you are directed to enforce vigorously in this connection the provisions of Sections 46, 47 and 48 of the Penal Code.

“Respectfully,

“T. W. GREGORY,

“*Attorney General.*”

“Sec. 46. Whoever shall rob another of any kind or description of personal property belonging to the United States, or shall feloniously take and carry away the same, shall be fined not more than five thousand dollars or imprisoned not more than ten years, or both.

“Sec. 47. Whoever shall embezzle or steal or purloin any money, property, record, voucher, or valuable thing whatever, of the moneys, goods, chattels, records or property of the United States, shall be fined not more than five thousand dollars or imprisoned not more than five years, or both.

“Sec. 48. Whoever shall receive, conceal or aid in concealing, or shall have or retain in his possession with intent to convert into his own use or gain, any money, property, record, voucher or valuable thing whatever, of the money, goods, chattels, records or property of the United States which has theretofore been embezzled, stolen or purloined by any other person, knowing the same to have been so embezzled, stolen or purloined, shall be fined not more than five thousand dollars or imprisoned not more than five years, or both; and such person may be tried either before or after the conviction of the principal offender.”

GENERAL ORDER NO. 4

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
DES MOINES, April 2, 1919.

An inspection of enlistment papers on file in this department shows that instructions are not being followed.

All organization commanders are instructed to mail to this office a list of members of their organization who are married men, such list to reach this office not later than April 25th, 1919, and to include all men enlisted up to and including the date of mailing.

Organization commanders will be held responsible in the future for the correctness of enlistment papers, and unless the instructions on page 2: “(2) In the case of married men, line out the word ‘not’”—are carried out, it will be considered in this department that the men are single and so entered on the records.

In case of a married man, the enlistment paper will bear the words “Waiver secured” written in red just under the words “State of Iowa” at the top of the page.

Each organization commander will designate by company order a recruiting officer for that organization, forwarding a copy of such order to

this department and notifying this department immediately of further changes.

Organization commanders who have not recommended an examining physician will do so at once.

Statements of recruits examined will be secured in triplicate from the examining physicians, checked and certified by the organization commander or recruiting officer as to their correctness, and forwarded to this department for settlement monthly. Such statements will not be settled unless certified by the proper officer, and unless enlistment papers for the men whose names appear on the statement have been forwarded and are on file in this department.

In case of rejections on account of physical defects, or for any other cause, the enlistment paper must be marked "Rejected," stating the reason, or a copy of the examining physician's report on physical examination blank, form A. G. O. 135-1, forwarded to this department.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

GENERAL ORDER NO. 5

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, April 8, 1919.

The attention of the Commanding Officer of all organizations is invited to Circular No. 4, War Department, Militia Bureau, Washington, D. C., dated January 6, 1917, and the advice that the instructions therein are not being complied with. Such organizations which have been federally recognized and who have submitted pay rolls, have, with very few exceptions, neglected to comply with parts of paragraphs 3 and 4, and it must be understood that more care, in following all orders and instructions transmitted from and through this office, is expected.

These rolls are due immediately after the close of the semi-annual period and must all be received in the Adjutant General's Office before they can be forwarded to the War Department for payment. On occasions, it has become necessary for the Adjutant General's Office to ask for the rolls already overdue, to be forwarded. This is inexcusable.

It has also been necessary to return both pay rolls and monthly drill reports, for the reason that care has not been taken in their preparation, to see that all required data has been entered, all receipts and certificates called for, accomplished, and that names compare with the enlistment papers, for example,—such names as James Brown on the enlistment papers, have been rendered on the reports and rolls as John Brown, Clarence Smith as Charles Smith, Frank C. Emmett as Frank C. Emmitt, James P. Egan as James C. Egan, Emery P. King as Emery E. King, and numerous similar errors, all of which are unnecessary and should be corrected before the rolls and reports leave the organization. Monthly Drill Reports must bear the approval of the Battalion Commander, and all organizations

that have been assigned to Battalions, must forward both copies of the report through that Officer for his signature. Other organizations will continue to forward both copies of their Monthly Report to the Adjutant General's Office until such time as they are assigned to some Battalion.

Officers, responsible for these reports, are instructed to thoroughly familiarize themselves with Circular No. 4, which contains in itself all the data necessary for compiling the reports and pay rolls and to see that they are forwarded with a greater degree of correctness and promptness.

Reports due in January and February, in some instances, are still out,—such delays are inexcusable and only delay the reports of the Adjutant General's Department. Organization Commanders will see that reports are forwarded promptly in the future.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

GENERAL ORDERS NO. 6

STATE OF IOWA,
ADJUTANT GENERAL'S DEPARTMENT,
Des Moines, June 16, 1919.

1. The following Executive Order is hereby published for the information of the Command.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

STATE OF IOWA EXECUTIVE DEPARTMENT

Executive Order *Des Moines, Iowa, June 16, 1919.*

In accordance with the provisions of the law as found in Section 2215-f14 Supplemental Supplement to the Code 1915, I hereby appoint for the term of four (4) years to take effect July 4, 1919—

Louis G. Lasher, to be "Adjutant General" of the State of Iowa, with the rank of Brigadier General.

Edwin E. Lucas to be Assistant Adjutant General of Iowa, with the rank of Major.

WILLIAM L. HARDING,
Governor.

GENERAL ORDER NO. 7

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, June 17, 1919.

1. The following opinion rendered by the Judge Advocate General of the Army is published for the information and guidance of all concerned.

2. It is ordered that all organization commanders publish this order immediately upon its receipt by placing a copy on their organization

bulletin boards; that it be read to all members present at the four succeeding regular drill nights and that each commanding officer assure himself that each and every member of the organization is familiar with and understands its contents.

* * * * *

"1. The question presented in the papers in reference is whether, under Sections 102 to 108 of National Defense Act, relating to the National Guard not in Federal service, the sentences of summary courts imposing confinement in lieu of fines may be executed by confinement in a National Guard armory instead of delivering the delinquents to the civil authorities. In answering, it will be assumed, without expressing an opinion as to the correctness of the assumption, that said sections are constitutional.

"2. Before passing to the principal question, I desire to correct an impression which is the basis for paragraph 2 of the original letter. The impression appears to be that a fine and a forfeiture are one and the same thing, and that a fine cannot be collected except by forfeiture of pay. This is erroneous, for this office has held that a forfeiture, as understood in military law, is a stoppage against the pay of an enlisted man as such, while a fine is a penalty assessed against an individual which may be collected by levy upon any assets of which the person, against whom the fine is assessed, is possessed, and is not limited to a stoppage of pay due from the Government. A fine may be imposed and imprisonment may be adjudged in default of payment (JAG 58-960, December 5, 1916). Section 106 of the National Defense Act provides for this. Section 2215-f38 of the Iowa Code authorizes such inferior courts-martial as are authorized in the Army of the United States, and provides that the constitution, composition, jurisdiction, and proceedings thereof shall be assimilated to courts of the same nature in the United States Army, but that no stoppage of pay or confinement shall exceed that provided for in similar courts by the United States Army regulations. 'Regulations' is apparently used here in a broad sense and includes statutes. It is true that the Iowa Code, section 2215-f36, provides for the collection of fines by civil process, and section 2215-f38 authorizes a 'home station court-martial for the trial of offenses referred to in section 2215-f36'. In view of the fact that inferior courts-martial such as are provided for in the United States Army are also authorized, the provision for a home station court-martial and the method of collection of fines by civil process cannot be held to be exclusive; nor can it be said that the punishment prescribed in section 2215-f36, which provides for fines for absence without leave, is exclusive. Under these sections the procedure authorized in the National Defense Act is permissible. That is, in time of war a summary court may impose a fine for non-attendance at drill and imprisonment in default of the payment of such fine. In time of peace, if it is desired to avoid the question as to the controlling force of the Iowa Constitution, a summary court may impose imprisonment as a punishment in lieu of and not in default of a fine. Section 106 of the National Defense Act provides:

'All courts'-martial of the National Guard, not in the service of the United States, including summary courts, shall have power to sentence to confinement *in lieu of fines authorized to be imposed*; *Provided*, that such sentences of confinement shall not exceed one day for each dollar of fine *authorized*.'

"It will be noticed that the statute uses the language 'in lieu of' which means in 'place' or 'stead' of and does not authorize imprisonment only in default of the payment of a fine. Thus, conflict between the National Defense Act and laws of Iowa would be avoided, and it would be unnecessary to determine which should control.

"3. The principal question relates to the power of the military authority to execute the sentence of a court by confinement in an armory in lieu of confinement in jail by the civil authorities. The second paragraph of section 108 of the National Defense Act reads as follows:

'All processes and sentences of said courts shall be executed by such civil officers as may be prescribed by the laws of the several States and Territories, and in any State where no provision shall have been made for such action, and in the Territories and the District of Columbia, such processes and sentences shall be executed by a United States marshal or his duly appointed deputy, and it shall be the duty of any United States marshal to execute all such processes and sentences and make return thereof to the officer issuing or imposing the same.'

"The word 'shall,' as used in the foregoing, is, in my opinion, used for the purpose of making it compulsory upon the civil officers to execute the sentences and processes of the military courts, but is not used for the purpose of making the civil authorities the exclusive vehicle of the execution of those sentences. In the nature of military discipline and long established customs of military courts, it must be proper for the military authorities, if they desire, to retain control of the prisoners serving the sentences of military courts. It is my opinion that the execution of such sentences by civil authorities is not the exclusive method and that such sentences may be executed by the military authorities in such place of confinement as they may reasonably determine, the expense thereof, of course, to be borne by the state, in either case. My answer to the inquiry submitted is, therefore, that such prisoners may be confined in the armory or such other suitable place as the military authorities of the Iowa National Guard may determine.

"E. H. CROWDER,
Judge Advocate General."

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,

The Adjutant General.

GENERAL ORDER NO. 8

STATE OF IOWA,
ADJUTANT GENERAL'S DEPARTMENT,
Des Moines, July 14, 1919.

Your attention is called to the foregoing Circular Letter No. 20, War Department, Militia Bureau, April 23, 1919, and you will be governed accordingly.

M. B. 325.44
(Return of Strength)
CIRCULAR LETTER NO. 20.

WAR DEPARTMENT
MILITIA BUREAU
Washington, D. C.
April 23, 1919.

From: The Chief, Militia Bureau.

To: The Adjutants General of all States, the Territory of Hawaii, and the District of Columbia Militia; Organization and Detachment Commanders, National Guard.

Subject: Rendition of Returns and Changes of Status Reports, National Guard.

1. This Bureau, under the law, is charged with maintaining such records as will at all times enable it to report upon the status of National Guard organizations, including the commissioned and enlisted personnel thereof, to which Federal recognition has been extended by the War Department in accordance with the provisions of the Act approved June 3, 1916 (Bulletin 16, War Department, 1916).

2. It was thought that the data called for on Militia Bureau Forms Nos. 101 and 105 as originally prepared would be adequate for the purpose indicated above; however, after a thorough trial it is found that the present method of rendering returns of strength and changes of status does not furnish the information required by this Bureau in carrying out its functions under the law, so that revised forms similar to those required for the Regular Army are substituted therefor.

3. Instructions on old forms required the Adjutants General of States to render the returns of strength for the several National Guard organizations, thereby imposing considerable work upon their offices and in many cases much delay before the receipt of those reports by this Bureau. The revised forms, as indicated in the instructions thereon, require the responsible officer of the organization to forward these reports and returns to this Bureau, which is in accordance with the requirements of the Regular Army. This method of rendering reports and returns will not interfere with any method the State authorities may have adopted to secure data from organization commanders as to strength and status of National Guard organizations and personnel.

INSTRUCTIONS FOR PREPARATION OF MONTHLY REPORTS AND
MAKING RETURNS

4. The data called for on Form 103, War Department, Militia Bureau (Monthly Company or Detachment Return), are obtained from company morning report (Form 332, A. G. O.), or Headquarters Company Morning Report (Form 333, A. G. O.), or from Headquarters Morning Report (Form 334, A. G. O.), one of which, dependent upon the composition of the organization or detachment, must be kept up to date by each company, troop, battery, detachment, or similar National Guard unit authorized by Tables of Organization.

5. The data called for on Form 101, War Department, Militia Bureau, (Monthly Return of Regiment, Battalion, or Squadron), are obtained from the copies of Form 103, War Department, Militia Bureau, furnished respective regimental, battalion and squadron commanders by commanding officers of companies, troops, batteries, and detachments belonging to their organizations.

6. There will be kept a Consolidated Morning Report (Form 335, A. G. O.), as a part of the records of the headquarters of a regiment, battalion or squadron, division and brigade headquarters, also in the State Adjutant General's Office. This report will be kept up to date and will show the daily consolidated strength of the organization, detachment, and other authorized units belonging to the regiment, separate battalion, or squadron, division and brigade headquarters and State Staff Corps and Departments.

7. Forms 332, 333, 334 and 336, A. G. O., referred to in paragraphs 4 and 6 preceding, will be furnished by this Bureau upon requisition of the State in the usual way. Such requisition should state the composition of organization or unit so that the proper forms can be furnished.

8. There has been sent, under separate cover, direct to the officers required to render the reports and returns, a ten months' supply of Militia Bureau Forms as follows:

Form No. 101 (Monthly Return of Regiment, etc.)

Form No. 103 (Monthly Company or Detachment Returns).

Form No. 105 (Report of Changes of Officers' Status).

These forms will be used in preparing returns of strength and changes of status pertaining to each organization, as prescribed in the instructions printed on each form. Penalty envelopes have also been sent for the purpose of mailing those to be furnished to the Chief, Militia Bureau. The rendition of reports on Form No. 105 will be effective immediately upon the receipt of the forms. The first reports called for on Forms 101 and 103 will be rendered for May 31, 1919, and thereafter as prescribed on the forms; it will be noted that the revised Forms 101 and 103 supersede the quarterly returns heretofore required to be rendered on forms simi-

larly numbered. Additional blanks will be furnished by this Bureau as needed, upon request.

9. The personnel pertaining to Headquarters, Battalions and Squadrons belonging to regiments will be included in the Monthly Returns of Regiments, etc. (Form 101, War Department, Militia Bureau).

10. The Adjutants General of States will render a monthly return of strength for the authorized State Staff Corps and Departments on Form 101, War Department, Militia Bureau, by writing in the name of the Staff Corps or Department in Column 1 of the form, erasing a lettered company. They will also continue to render the quarterly return for National Guard Reserve (Form 102, Militia Bureau). The officers belonging to the National Guard Reserve shown on the face of the quarterly return in figures should be accounted for on the back of the form by name, rank and arm of service to permit identification by this office.

11. It is earnestly requested that all officers concerned give the matter of reporting changes of status and rendition of returns of strength their earnest attention, as it is one of utmost importance in the military service. The promptness, accuracy, and neatness with which these returns and reports are rendered will be considered in determining the efficiency of organizations and the officers concerned.

12. This letter is sent to the Adjutants General of all States, regardless of whether the State may or may not have National Guard troops, in order that they may be informed on the subject and also that there may be no break in the line of circular letters as shown by their serial numbers.

GENERAL ORDER NO. 9

STATE OF IOWA,
ADJUTANT GENERAL'S DEPARTMENT,
Des Moines, August 12, 1919.

Circular Letter No. 39, War Department, Militia Bureau, July 30, 1919, cancelling all previous instructions or authorizations for the recognition or maintenance of National Guard organizations below the prescribed strength called for in tables of organization for the Regular Army, approved May 3, 1917, is published herein, together with tables of organization of an infantry regiment at minimum strength:

WAR DEPARTMENT
MILITIA BUREAU
Washington

M. B. 325.44

July 30, 1919.

CIRCULAR LETTER NO. 39.

From: The Chief, Militia Bureau.

To: The Adjutants General of all States, Territories and the District of Columbia Militia.

Subject: Minimum authorized strength of National Guard units.

1. The minimum enlisted strength prescribed by the President for all organizations of the National Guard recognized by the Federal Government as such, shall be the minimum strength given in approved tables of organization for the Regular Army. The latest approved tables for the Regular Army (exclusive of coast artillery) are those approved May 3, 1917. For coast artillery companies a minimum of 100 enlisted men is prescribed as given in column 4 of table in paragraph 3, Circular No. 29, Militia Bureau, December 6, 1916. This strength is required for Federal recognition and no organization shall be reduced below this minimum without the specific consent of the President in each case, as provided in Section 68 of the Act of Congress approved June 3, 1916.

2. All previous authorizations for the organization and recognition of any National Guard units at less than the above strength (such as authority contained in Militia Bureau letters of April 11, 1919, to certain States, permitting lettered companies of infantry to be presented for recognition and maintained as National Guard at a strength of sixty-five), are hereby revoked, effective from July 16, 1919, notice of such action having been given the various States on that date.

3. The authority referred to above which permitted lettered companies to be recognized and maintained at a strength of sixty-five instead of the minimum prescribed in Tables of Organization, approved May 3, 1917, was an emergency measure only, and the emergency having passed, all organizations which have been recognized at this reduced strength will be recruited to the strength prescribed in paragraph 1, above, at the earliest practicable date.

4. No units will be recognized in the future at a strength below that prescribed in paragraph 1, above, and units already recognized will be given a period of five months from August 1, 1919, to recruit to the strength prescribed in paragraph 1, above, and if not up to that strength by December 31, 1919, will be subject to the withdrawal of Federal recognition.

By direction of the Secretary of War:

GENERAL ORDERS NO. 10

STATE OF IOWA,
ADJUTANT GENERAL'S DEPARTMENT,
Des Moines, September 10, 1919.

Upon recommendation of the Instructor-Inspector and the Commanding Officer of the 4th Infantry, U. S. National Guard of Iowa, the following order is issued for the information and compliance of all organization commanders.

1. Company rifle ranges are to be put in condition immediately and this office advised what work is necessary and how long it will take to place same in shape for use.

2. While the work of putting the range in condition is being performed, it is desired that you familiarize yourself, your officers and men, with the definitions indicated on pages 9 to 18, Small Arms Firing Manual of 1913, so that they will understand commands and procedure while on the range and be able to conduct themselves intelligently.

3. Careful study of Part 1, entitled "General Scheme," on pages 19 to 24, will be followed.

4. Follow closely instructions on pages 25 to 36, dealing with the preliminary instructions. This is particularly important, as on the degree of familiarity with his rifle, its nomenclature, care, use and preservation, before the man has fired a shot, depends the future value of the man as a rifleman. Special attention and instruction will be given to the proper position, and also the trigger squeeze.

5. Chapter 3, pages 48 to 52, will be studied and explained to the men, as accurate shooting depends on a proper understanding of the instructions contained therein.

6. Copies of Rifle Training in War, by Col. Smith W. Brookhart, have been mailed to you, and this booklet will be read to the men.

7. Immediately on your range becoming available, you will begin actual firing practice under a commissioned officer, and it is desired that a record be kept of the high scores, the holders thereof to be eligible to attend a regimental shoot, if it is found to be practicable, sometime in the near future.

8. Attention is invited to Circular Letter No. 33, War Department, which was transmitted to you as Bulletin No. 1, Adjutant General's Department of Iowa, governing company target practice and how it should be credited as armory drill.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

GENERAL ORDERS NO. 11

STATE OF IOWA,
ADJUTANT GENERAL'S DEPARTMENT,
Des Moines, September 18, 1919.

The following Circular Letter from the Militia Bureau, under date of September 16th, is printed for the information and guidance of all concerned.

M. B. 220.8

CIRCULAR LETTER No. 50.

WAR DEPARTMENT
MILITIA BUREAU
Washington, D. C.
September 16, 1919.

From: The Chief, Militia Bureau.

To: The Adjutants General of all States, the Territory of Hawaii, and the District of Columbia Militia.

Subject: Discharge of Enlisted Men, National Guard.

Question having arisen as to whether the provisions of Circular Letter of this Bureau dated May 11, 1917, stating that men enlisting or who have enlisted in the National Guard since the declaration of war, may be assured that, upon their application, they will be discharged after the termination of the war, applied to members of the National Guard who enlisted therein after the date of draft of the National Guard into the federal service August 5, 1917, the following opinion of the Judge Advocate General is furnished for the information and guidance of all concerned:

"The authority to secure discharge upon application was intended for members of the Regular Army and members of the National Guard enlisting previous to the draft into federal service, and the provision was not intended to apply to members of the National Guard who enlisted therein after the date of draft of the National Guard into federal service August 5, 1917."

Therefore, the right of members of the National Guard to discharge is limited to those enlisting therein between the date April 6, 1917, the date of the declaration of war, and August 5, 1917, the date the National Guard was drafted into the federal service.

By direction of the Secretary of War:

J. McI. CARTER,
Major General, G. S., U. S. Army.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

GENERAL ORDER NO. 12

STATE OF IOWA,
ADJUTANT GENERAL'S DEPARTMENT,
Des Moines, October 14, 1919.

1. Pursuant to paragraph 522, National Guard Regulations, a camp of instruction in target practice will be held at Camp Dodge, Iowa, October 19th to 25th, inclusive, 1919.

2. The following personnel of the 4th Infantry will report at Camp Dodge for duty: 1 Colonel; 1 Lieutenant Colonel; 3 Majors; (Battalion Commanders).

All lettered companies will report with 1 Captain, 1 First Lieutenant, 8 non-commissioned officers and 2 privates.

The Supply Company—1 Captain, 1 First Lieutenant, 8 non-commissioned officers, 2 wagoners.

Machine Gun Company—1 Captain, 1 First Lieutenant, 8 non-commissioned officers, 2 wagoners.

Headquarters Company—1 Captain, 8 non-commissioned officers, 2 privates.

Sanitary Detachment—1 Major, 1 sergeant, 2 privates.

3. Each organization commander will select the men from his own organization who, in his judgment, will develop and make the best material for instructors. It is suggested that 4 sergeants and 4 corporals, insofar as possible, be the non-commissioned officers' quota.

4. Organizations will leave their home stations so as to arrive at Camp Dodge not later than 10 P. M., October 19th.

5. Officers in command of detachments will report to Captain David B. Cassat, Regimental Adjutant, upon arrival.

PER DIEM

6. Officers and men will be paid the pay of their grades with transportation and quarters.

UNIFORM AND EQUIPMENT

7. Each detachment will report in service uniform, overcoats, 3 blankets each, cots, pack, shelter halves, bedsacks, individual mess equipment, all of the necessary toilet articles for personal use, rifles, belts, bayonets.

Officers will be required to furnish their own cots and blankets.

MESS

8. The enlisted men will be messed in a company mess.

Officers will be provided for at Camp Dodge Officers' mess, the price to be announced later.

WHEN PAID

9. Officers and men will be paid by H. D. Coe, Major, U. S. Property and Disbursing Officer, by check, after return to home station.

10. Officers will be held responsible for the conduct of their detachments en route.

11. The following officers will be in command:

Lieut. Col. Lloyd D. Ross, Camp Commander.

Maj. George Weilein, Range Officer.

Capt. David B. Cassat, Adjutant.

Capt. David Bullock, Mess Officer.

12. The train schedule in the accompanying sheet will be adhered to.

13. Transportation requests for the trip to Camp Dodge are being forwarded. Requests for the return trip will be issued at Camp Dodge.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General

3. All officers and enlisted men hereinbefore stipulated will be required to pursue this course of study and submit replies to all questions as set forth in the different lessons that will go on from time to time, and the same will be strictly complied with.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

GENERAL ORDERS NO. 14

STATE OF IOWA,
ADJUTANT GENERAL'S DEPARTMENT,
Des Moines, November 12, 1919.

Your attention is directed to Extracts from Circular Letter No. 56, War Department, Militia Bureau, October 14, 1919, published for the information of all.

1. "It is desired to impress upon all concerned that the War Department is intent on reorganizing the National Guard. This reorganization is governed by the provisions of the National Defense Act and contemplates a strength of 424,800 men for the Guard by 1924.

2. However, the present situation in the Guard is not such as to encourage a belief that the organization desired can be secured. It is because of this situation that the Militia Bureau is circulating this letter so as to reach all Adjutants General and Inspector-Instructors.

3. The situation referred to is this:

The morale of the National Guard has reached a very low point, and this at a time when the need for protection of lives and property within the States is greater than at any time since the Civil War. Out of a total of 126,000 covered by the organizations allotted to the States during the present fiscal year only 34,300 have been enrolled.

These are bald facts.

4. The Militia Bureau recognizes various causes that apparently produce this condition. Some of the main causes appear to be (a) a widespread indifference on the part of eligible men toward military service; (b) a dislike for strike duty; (c) hostility of labor unions toward the National Guard; (d) delay of Congress in framing military legislation and (e) *a tendency of National Guard authorities to wait until legislation is decided upon.*

5. The Militia Bureau is convinced that there is nothing to be gained by continuing as we are going at present. We should not wait for conditions to become better but we should labor *now* to improve them.

6. The delay in passing legislation concerning the military policy of the United States is nothing more than could be expected where there are so many divergent views and so much to be discussed; but it is believed

that Congress may be relied upon to decide wisely the important questions now under discussion. Nothing can be gained by a delay in reorganizing the Guard under existing laws. The States which proceed now to organize their full quota of National Guard will be in a position to reap the benefit of any legislation that may be passed more promptly than those who wait for new legislation.

7. It is certain that the worst of the above mentioned handicaps can be overcome by a live, vigorous campaign launched without delay and systematically carried out. Men are showing a revival of interest in the Guard, and much can be done toward increasing this interest by arranging for reunions of former members of units with war records. It has been noted that many men are anxious to perpetuate such records with an active organization of the National Guard. Another good method of attracting eligible men is to provide club room facilities in the armories open to all former members of the Guard. In this way many men will become interested in National Guard affairs and some of them will enlist.

8. Property owners, manufacturers, corporations, municipal governments, and in fact all employers undoubtedly realize by this time the vital necessity of maintaining a National Guard, not for the purpose of aiding capital in its issues with labor but with a view to enforcing the law of the land and of preserving local communities from a reputation for lawlessness. If employers fail to realize this present necessity for the National Guard, no time should be lost in placing the facts before them.

9. The Militia Bureau and the officers under its control are keenly interested in placing the National Guard on a plane of effectiveness for National Defense and they are prepared to aid in its advancement to the full extent of the law and available appropriations.

10. The Adjutants General are urged to co-operate in the measure herein suggested to improve a deplorable situation."

GENERAL ORDER NO. 15

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, November 15, 1919.

1. The following is published to the U. S. National Guard of Iowa for the information and guidance of all concerned:

In order to carry into effect the views of the Adjutant General's Department of Iowa, relative to increasing the efficiency of the units now composing the National Guard of Iowa, all Regimental Commanders, Field Officers and Organization Commanders are directed to study closely the following order relative to the Training, Discipline, Organization, and Instruction, and compliance thereto is expected. Strict adherence to paragraph VIII is expected and a close check will be maintained, credit being given where justified.

I. TRAINING.

The general principles governing combat remain unchanged in their essence. The recent war has developed special phases of training, but the fundamental ideas enunciated in our textbooks remain the guide for both officers and men, and constitute the standard by which their efficiency is to be measured.

A thoroughly trained infantry soldier today is an expert with the rifle, rifle grenade, hand grenade, automatic rifle, machine gun, bayonet and gas, and the more thorough his training in these specialties, the greater his value to his organization.

As the time limit for instruction is so short, everything must be made to move with prearranged thoroughness and with snap—everything must have been thought out in advance. Everything must be made ready in advance so that there will be no hesitation, no delays, no lost motion in proceeding from the initial formation to the final dismissal of the organization. Companies should provide themselves with a sand table, a map for map problems, and some device to serve as a target in instruction in fire direction. Sighting Bars, Sighting Rests for Rifle (for description of the sighting bar and sighting rest for rifle see Small Arms Firing Manual), should be made for use in preliminary instruction in rifle firing, and Cleaning Rack for rifle, Training Sticks, Bayonet Training.

From the beginning, officers and non-commissioned officers must work with one idea; they must get together and work together; there must be intelligent co-operation and team work. They must be imbued, and must imbue all under their control, with the idea of loyalty to their country, their state, their superior officers and their organization.

Cultivate esprit de corps, pride in the organization, and in the subdivisions, even to the smallest. Competitive contests between all units are of great advantage.

II. DISCIPLINE.

Is and must be supreme. All other things must be secondary. Machine guns, trench mortars, hand grenades, aeroplanes, artillery, gas, and last, but not least, the bayonet, cannot be of any value if in the hand of troops poorly disciplined.

"Make 'em click—because in modern war, if you don't click, you don't live."

III. ORGANIZATION.

Companies will be organized into squads to facilitate instruction. Each squad should contain at least ten men, in order that the integrity of the squad be not impaired by a few absentees.

A card for each man will be kept showing the subjects in which individual proficiency is required, and upon being found proficient in any subject, this remark will be shown on the man's card opposite the subject.

From these records, company commanders can select the most competent men for promotion and squad leaders to take command of squads in the absence of the permanent leader.

IV. RECRUIT INSTRUCTION.

Recruits should be drilled in a separate squad under a competent non-commissioned officer. This training should be intensive, and the instructor should be carefully chosen and always be the same man, if possible. As soon as a man shows that he has a good foundation in the basic principals of soldiering, he should be graduated from the recruit squad and assigned to duty with his organization.

The N. C. O. so detailed should be patient and considerate with the recruit; by his bearing, speech and appearance, he should set an example for the young soldier. Each company will prepare a schedule of instruction for recruits based on the following subjects:

ARTICLES OF WAR

Punitive articles to be carefully read and explained, and the consequences of their violation made clear. Special attention to be given to Article 58 regarding desertion, and the difference between desertion and absence without leave.

ARMY REGULATIONS

Such paragraphs as immediately affect the soldier.
 Military Deportment and Appearance.
 Military Discipline and Courtesy.
 Care Arms, Uniforms and Equipment.
 Personal Hygiene and Care of Feet.
 School of the Soldier.
 School of the Squad.
 Setting up Exercises.
 Orders for Sentinels.
 Preliminary Instruction, Target Practice.

V. SCHOOLS.

Schools for officers and non-commissioned will be organized in each company. Weekly sessions of three-quarters of an hour will be held. The following schedule will be followed:

Infantry Drill Regulations	30
Manual of Guard Duty	6
Bayonet Fighting	12

VI. LECTURES.

Are valuable aids in military training. Those to enlisted men should be about one-half hour long; to officers they may be longer.

The number of lectures on any particular subject will depend upon its nature.

They should be delivered by those specially qualified on the particular subject. The lecture meetings should be as informal as is consistent with discipline. Questions and discussions should be arranged.

The appropriate use of maps, diagrams and illustrations, including moving pictures, is advantageous.

A list of general subjects for lectures follows:

Discipline.

Conduct in Service.

Moral.

Customs and Courtesies of the Service.

Saluting.

National Defense Act, June, 1916—as pertains to the use of the National Guard, its pay, etc.

Duties and Responsibilities of Non-Commissioned Officers.

Personal Hygiene.

Military offenses and punishments.

Property Responsibility.

Rations.

Reconnaissance.

Use of Cover.

Messages and Reports.

Orders.

Organization U. S. Army.

VII. EXAMINATIONS AND TESTS.

Frequent examinations and tests should be held during the year in order to determine the proficiency of the individual officers and enlisted men of all organizations.

VIII.

Beginning January 1, 1920, the following armory schedule of instruction will be followed:

This schedule is based on a minimum of 48 drills of one and one-half hours each, totaling 72 hours.

Company commanders will submit on or before the 25th of each month a detailed schedule of instruction in quadruplicate, for the following month, to the Regimental Commander for his approval. After approval by the Regimental Commander, the schedule will not be deviated from, except by his authority.

(c) Corporals, as prescribed for Stable Sergeant.

(d) Saddlers, in the study of Manual for Farriers, Horseshoers, Saddlers and Wagoners, and in addition they must be saddlers by occupation in order to render actual military duty.

(e) Wagoners, in the study of Manual for Farriers, Horseshoers, Saddlers and Wagoners, the care and treatment of horses and the nomenclature, care and preservation of harness and wagons.

(f) All commissioned and non-commissioned officers will be instructed in semaphore signaling.

The following company schedules are offered as examples:

B Company, 4th Infantry, U. S. N. G. Iowa,
Des Moines, Iowa,
August, 1920.

The following schedule is submitted for the⁶ month of.....

8:00 to 8:15—Physical Drill. Fourth series. Page 40 M. P. T.
8:15 to 9:30—School of the Company. Pars. 186 to 199 I. D. R.
8:30 to 9:30—First Aid.

Company Commanders may find it convenient to arrange schedules as follows:

8:00 to 8:15—Company school of the squad. Par. 109 to 122 I. D. R.
8:15 to 8:30—Company Lecture. Personal Hygiene.
8:30 to 9:30—1st and 2d Squad, Guard Duty. Par. 1 to 61 Manual Guard Duty.

3d and 4th Squad, First Aid.

Remainder of Company, Platoon drill, Musketry duties of the squad and squad leader, involving Target Designation, Distribution of Fire on Target, Fire Discipline, Fire Direction and Fire Control.

IX.

The duty of seeing that the prescribed instruction is carried out lies with the Regimental Commander and his Field Officers, and with this end in view, they should personally observe the instruction which is being given to the companies.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

GENERAL ORDER NO. 3

STATE OF IOWA,
ADJUTANT GENERAL'S OFFICE,
Des Moines, *January 30, 1920.*

1. The following is published for the information of all concerned:
2. Attention is invited to G. O. No. 13, A. G. O. Iowa, 1919, with the advice that this order was issued with expectation that its provisions would be complied with. Reports in this office indicate either a decided lack of understanding on the part of those involved, as to the status of a General Order, or an open defiance to authority. Either is inexcusable and will not be overlooked.
3. All Company Commanders are directed to submit at once to this office, a report giving the reason compliance has not been given as indicated above.

4. A spirit of co-operation is desired by this office, between it and all units of the National Guard of Iowa, and to this end it should be understood that all orders issued from this office are for the purpose of directing the training of the officers and men of the Iowa National Guard so as to comply with the instructions received from the War Department. The manifold duties and the mass of detail which comes through this office in regular course, do not permit unnecessary orders being issued, and it is desired that you keep that thought in mind.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

GENERAL ORDER NO. 4

STATE OF IOWA,
ADJUTANT GENERAL'S DEPARTMENT,
Des Moines, February 3, 1920.

* The following is published for the information of all concerned:

1. Field and Staff Officers are directed to attend Armory Instruction, as is required by paragraphs J and K, page 137, National Guard Regulations, in order to maintain the proper standards of discipline and efficiency.

2. The attention of organization commanders is directed to that portion of paragraph VIII, G. O. No. 15, Iowa, November 15, 1919, which reads as follows:

"Company Commanders will submit on or before the 25th of each month a detailed schedule of instructions in quadruplicate, for the following month, to the Regimental Commander for his approval."

It is reported to this office that some organization commanders have failed to comply with this order. It is desired they do so, as provided.

3. All organization commanders are directed to report what results have been obtained from use of films enumerated in letter from the Inspector Instructor dated January 8, 1920. This report is necessary and must be made so that a report can be made to the War Department on the subject.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.

GENERAL ORDER NO. 5

STATE OF IOWA,
ADJUTANT GENERAL'S DEPARTMENT,
Des Moines, April 22, 1920

1. For the purpose of co-ordinating the training of all units of the 4th Infantry so that each unit will secure the same training during the period indicated, and be prepared for the Camp of Instruction this fall, all organization commanders are directed to follow closely the schedule

provided herein, and devote the entire drill period as is prescribed therein.

2. Your particular attention is directed to the dates indicated—May 15 to August 20, 1920, inclusive. Every effort is being made to arrange a suitable camp site, and hold the fifteen day camp not later than August 20th of this year.

3. Form No. 1, attached, must be kept up and the men given to understand that a record is being made of each individual soldier's progress in the training schedule.

4. All previous orders, either company, regimental or from this office relative to training program, are hereby rescinded.

SCHEDULE

Course of training for the period May 15 to August 20, 1920

1. The Headquarters Company, Supply Company and Machine Gun Company will continue to follow the course of instruction as authorized in G. O. 15, 1919, with the addition that the men of the companies indicated, who are armed with rifles, will take the course of Preliminary Rifle Training outlined in the following program:

DRILL PERIOD SUBDIVIDED

7:00 P. M. to 7:15 P. M., follow Par. A
7:15 P. M. to 8:00 P. M., follow Par. B
8:00 P. M. to 8:30 P. M., follow Par. C
8:30 P. M. to 9:00 P. M., follow Par. D

Par. A—Physical Training (follow Text Book—Physical Training Manual.)

Par. B—Preliminary Rifle Training; reference, Text Book S. A. F. M. 1913; Rifle Training for War (By Colonel Brookhart); Hand Book of the Rifle (W. D. Publication).

Ordnance Publications—1992, 1917, 1916, 1965, 1793.

1. Nomenclature; Dismantling and Assembling Rifle as per Regulations.
2. Care and Cleaning Rifle.
3. Position Drills.
4. Sight Alignment.
5. Trigger Squeeze.
6. Ten Commandments.
7. Aiming Drills.
8. Rapid Loading Drills.
9. Rapid Fire Aiming Drills.
10. Sight Setting.
11. Use of Gun Slings.
12. Gallery Practice.
13. Effect of Light and Weather.
14. Use of Score Book.

Par. C—Lectures.—Lectures are valuable aids in military training. Those to enlisted men should not exceed one-half hour, and should be delivered by officers of the company who have prepared themselves on some particular subject. These lectures should be as informal as is consistent with discipline, and questions discussed should be arranged and encouraged. The use of maps, diagrams and illustrations, including moving pictures, is extremely advantageous. It is suggested the following subject be followed in lectures:

1. Discipline.
2. Care in Handling and Adjusting of Individual Equipment.
3. Personal Hygiene (Care of Feet and First Aid).
4. Military Offenses and Punishment.
5. Advance Guards (2 Lectures).
6. Outpost (2 Lectures).
7. Scouting and Patrolling (2 Lectures).
8. Use of Cover (2 Lectures).

Par. D—Careful consideration must be given the subject of Training in Riot Duty, and your men must be impressed with the importance of training for work of this nature. Not only is it essential to the duty of maintaining law and order, but it also affords the means of protecting the troops engaged in this duty from errors in judgment, as well as physical injury.

Study carefully Text Book (Military Protection United States Guards), W. D. Document No. 882.

NOTE

1. Tests should be held from time to time in the Rifle Training Course. Result of tests will be recorded in Form No. 1.

2. Based on the foregoing program, Company Commanders will prepare weekly schedules of instruction, copies of which will be sent Battalion and Regimental Commanders, and the Inspector Instructor, Adjutant General's Department.

3. When in the judgment of the Company Commander, the men of the different organizations become proficient in the Preliminary Rifle Training Course, they may be given instruction in other subjects, such as
Interior Guard Duty,
Making Packs,
First Aid.

4. Much depends on strict compliance with this order, and it is desired to indicate that the proposed camp program depends on the result of this training course.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General,
Chief of Staff.

Official: E. E. LUCAS,
Assistant Adjutant General.

 MILITIA BUREAU
 WASHINGTON

Circular Letter No. 30.

May 17, 1920.

"From: The Chief, Militia Bureau.

To: The Adjutant General of all States, Territories of Hawaii and Porto Rico, and the District of Columbia Militia.

Subject: Status of members of the National Guard with reference to the Reserve Officers' Training Corps.

"1. The following change in Special Regulations No. 44, War Department, 1919, is quoted for your information:

'Subparagraph (c), paragraph 24, Special Regulations No. 44, War Department, 1919, has been changed to read as follows:

'No member of the active personnel of the Army, Navy, or Marine Corps of the United States, or any commissioned officer of the National Guard, or Naval Militia, or reserve officers of the Military or Naval forces of the United States shall be eligible for membership in the Reserve Officers' Training Corps, except

that officers of the Reserve Corps may be authorized to take training in an arm other than the one which they were previously trained when it is to the interest of the Government to do so.'

"2. It will be observed from the above that enlisted men of the National Guard may become members of the Reserve Officers' Training Corps. The conditions under which this is permitted are being formulated for insertion in the National Guard Regulations. One of the conditions which must be observed is that only ten per cent of the minimum prescribed strength of each organization will be granted this privilege.

"By direction of the Secretary of War:

(Seal)

J. McI. CARTER,
Major General, G. S., U. S. Army."

2. The insertion for National Guard Regulations will be forwarded as soon as received in this department.

"To: The Adjutants General of all States, Territories of Hawaii and Porto Rico, and the District of Columbia Militia.

"Subject: Regulations governing the allowance of small arms ammunition.

"The following extracts from 'Regulations governing the allowances of small arms ammunition' are published for the information and guidance of all concerned: they apply to the calendar year 1920.

"1. Only ammunition actually expended to be dropped. Organizations are authorized to drop from their returns only such ammunition as has

been actually expended in prescribed target practice, tactical exercises, competitions, experimental work ordered by War Department authority, and in hunting; but in no case in excess of prescribed allowances.

"2. Annual allowance of Ball Cartridges, caliber .30, Model of 1906.

- (a) For each officer and enlisted man authorized or required to fire QUALIFICATION COURSE as prescribed in Small Arms Firing Manual, 450 rounds
- (b) For each officer and enlisted man authorized or required to fire SPECIAL COURSE A, as prescribed in Small Arms Firing Manual, 200 rounds
- (c) For each officer and enlisted man required to fire LONG DISTANCE PRACTICE as prescribed in Small Arms Firing Manual (in addition to (a)), 150 rounds
- (d) For each enlisted man participating in combat firing and musketry instruction (in addition to (a) and (c))* 250 rounds
- *Twenty per cent of the ammunition expended by any organization for musketry instruction may be tracer ammunition.
- (e) For each officer and enlisted man required to pursue the course of instruction as prescribed in Automatic Rifle Marksmanship (in addition to (a) (c) and (d)) 500 rounds
- (f) For each officer and enlisted man of machine gun organizations required to fire the course as prescribed in Machine Gun Service Regulations, § 2250 rounds
- (g) For each machine gun assigned to a regiment of mobile artillery, to coast defense, or to troops other than regular machine gun organization, (a) 10000 rounds

"3. Annual allowance of blank cartridges, caliber .30.

- (a) For each enlisted man participating in tactical exercises and maneuvers requiring the use of blank ammunition 100 rounds
- (b) For each active machine gun participating in tactical exercises or maneuvers requiring the use of blank ammunition 2000 rounds

"4. Annual allowances of Dummy Cartridges, caliber .30, Model of 1906.

- (a) For each enlisted man armed with the rifle 10 rounds
- (b) For each machine gun in active use 100 rounds

"5. Annual allowance of Gallery Practice Cartridges, caliber .22, Short.

- (a) For each officer and enlisted man firing gallery practice with .22 caliber rifles, 200 rounds

"6. Annual allowances of Pistol Ball Cartridges, caliber .45 M. 1911.

- (a) For all officers and enlisted men required to fire the DISMOUNTED PISTOL COURSE prescribed in 'Pistol Marksmanship' and in Small Arms Firing Manual, 250 rounds
- (b) For all officers and enlisted men of cavalry required to fire the course as prescribed in 'Pistol Marksmanship' and in Small Arms Firing Manual, 500 rounds

"7. Disposition of empty cartridge cases.

- (a) After expending ammunition, company, troop, or other commanders will turn into supply officers empty cartridge cases, bandoleers, clips, and packing cases in the following quantities per 1,000 cartridges issued to them:

Caliber .30 blank cartridges; clips, $3\frac{3}{4}$ pounds; packing boxes, 38; cartridge, 27 pounds.

Caliber .30 blank cartridges; clips, $3\frac{3}{4}$ pounds; packing boxes, 1; Cartridge, 27 pounds.

§ Ten per cent of the ammunition expended by any machine gun may be tracer ammunition.

- (a) Ammunition expended may be ball, tracer, or incendiary.

Caliber .30 guard cartridges; clips, $3\frac{3}{4}$ pounds, packing boxes, .5; cartridge cases, 27 pounds.

Caliber .45 pistol cartridges, packing boxes, .5; cartridge cases, 12.7 pounds.

- (b) The foregoing quantities may be reduced by 25 per cent upon the certificate of the responsible officer that it was impracticable to return the full amounts. In case the quantities returned by any company, troop, or organization commander are less than 75 per cent of the required quantities, the cost of such deficiency will be charged against the responsible officer unless he be relieved by a properly appointed surveying officer.

- (c) All of these articles must be regularly invoiced, receipted for, and accounted for by the supply officer in their property returns.

"8. Returning empty cartridge cases.

- (a) The paper cartons should be removed from the bandoleers and not returned. Tearing-off strip should be removed from liner and not returned, as it cannot be used again.

- (b) Empty cartridge cases will be packed in ammunition boxes under the personal supervision of a commissioned officer of the organization who will see that no ball cartridges or extraneous materials are packed in the boxes containing empty cartridge cases. The issuing officer will certify on the invoices (under which the property is turned in to the post ordnance officer) that this action has been taken. For the purpose of identification, the name of the organization will be placed on the outside of each box and also on the inside of the lid of each box. Post ordnance officers will not receive boxes of empty cartridge cases from organization commanders unless the invoices covering the property contain the certificate as set forth above.

"9. Shipping empty cartridge cases.

- (a) The Adjutants General of the various States, Territories of Hawaii and Porto Rico, and the Commanding General of the District of Columbia Militia will cause to be invoiced and turned into the Reclamation Division, Quartermaster Corps, all empty cartridge cases, empty packing boxes, bandoleers, and clips, derived from the expenditure in target practice and competitions of small arms ammunition issued to the National Guard by the Ordnance Department. These articles must be regularly invoiced, receipted for, and accounted for in the property returns.

- (b) When any of the articles mentioned above have been turned over to the Reclamation Division, Quartermaster Corps, under (a), the identity of such articles as ordnance property ceases. They will be treated in the same manner as any other property which has been turned in for salvage, and no returns therefore will be made by any reclamation officer.

"10. Instruction to National Guard.

- (a) The directions given in paragraph 8 (b) for packing empty metallic cartridge cases and packing empty receptacles will be observed by the National Guard.
- (b) The empty cartridge cases, empty packing boxes, bandoleers and clips turned in by the various States and Territories or by the District of Columbia National Guard should be shipped by the adjutants general of the states or territories or by the commanding general of the District of Columbia National Guard, as follows:
- (c) From the states of Washington, Oregon, Idaho, California and Nevada to the commanding officer, Benicia Arsenal, Benicia, Cal.
- (d) From the territory of Hawaii to the commanding officer, Hawaiian Ordnance Depot, Honolulu, Hawaii.
- (e) From the remaining states and territories West of the Mississippi River and from Wisconsin and Illinois to the commanding officer of the Rock Island Arsenal, Rock Island, Illinois.
- (f) From the remaining states, the District of Columbia and the territory of Porto Rico to the commanding officer of the Frankford Arsenal, Frankford, Pennsylvania.

"11. Weights of fired cartridge cases.

	Pounds per thousand
Service, caliber .30, model of 1906	27.0
Guard, caliber .30, model of 1906	27.0
Blank, caliber .30, model of 1909	27.0
Clips	19.0
Revolver:	
Caliber .38	9.0
Caliber .45	15.0
Automatic pistol, caliber .45	12.7

"12. Accounting for expenditures.

(a) In order that the property vouchers furnished by the responsible officers may show that the quantities of small-arms ammunition, etc., expended by them are within the amounts authorized the certificate of expenditures (Form No. 601, A. G. O., which is furnished to the accountable officer by the officer marking the expenditure) will give the number of officers and enlisted men who participated in target practice, and the stores so expended will be enumerated in detail in such a way as to show that the total allowance has not been exceeded.

(b) When officers of the staff corps or department, or officers and enlisted men on detached service, are assigned to an organization for target practice the certificates of expenditures will give the names of

the officers and enlisted men so assigned, with their respective ranks and organizations, as authority for the additional expenditure.

(c) The provisions of this order in regard to the expenditure of ammunition does not authorize accountable officers to drop from their property returns any small arms ammunition not actually fired and covered by a proper voucher.

(d) The expenditure of small arms ammunition, etc., for target practice, preliminary instruction of the soldier, military exercises, and hunting will only be made to the extent of the allowances and in the manner herein prescribed.

"By direction of the Secretary of War:

(Seal)

J. McI. CARTER,

Major General, G. S., U. S. Army."

2. Organization commanders will notify this office by letter regarding the empty cartridge cases, bandoleers, clips, and packing cases to be turned in and will be given instructions as to their disposition.

3. The instruction in regard to packing must be strictly observed.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,

The Adjutant General.

GENERAL ORDER NO. 9

STATE OF IOWA,

ADJUTANT GENERAL'S DEPARTMENT,

Des Moines, June 11, 1920.

BOOKS AND PUBLICATIONS

Platoon Training and Infantry Score Book

1. For the information and guidance of all concerned, the following Circular Letter (No. 32, M. B., May 26, 1920), is published herein:

"M. B., 461

WAR DEPARTMENT

MILITIA BUREAU

Washington

"CIRCULAR LETTER NO. 32.

May 26, 1920.

"From: The Chief, Militia Bureau.

"To: The Adjutants General of all States, Territories of Hawaii and Porto Rico, and the District of Columbia Militia.

"Subject: Distribution of Texts—Platoon Training (Waldron); The Infantry Score Books.

"1. Under recent date the Militia Bureau was authorized to furnish to the National Guard the publication 'Platoon Training,' Parts I and II, by Waldron, for the instruction of the National Guard. This text is up-to-date, compact and well suited for instruction of the National Guard.

"2. With respect to Small Arms Firing, the General Staff is at the present time engaged in the preparation of a new text upon this subject

which may not be furnished for instructional purposes until next year. After investigation it appears that the Infantry Score Book, published by the Infantry Journal, is the only available publication outlining the course for National Guard for the present year.

"3. The Militia Bureau has made arrangements to furnish by mail to each recognized National Guard organization ten copies of 'Platoon Training' (Waldron), Parts I and II, and ten copies of the Infantry Score Book. Particular attention of the National Guard is invited to Chapter X, page 93 of this score book. A limited number of copies of the above books will be furnished to the United States Property and Disbursing Officers for distribution to new units after federal recognition shall have been extended. The distribution is based upon the allowance to each recognized company of ten copies, complete, of 'Platoon Training' and ten copies of the Infantry Score Book. The purchase of these books, so far as federal funds are concerned, will be limited this year to ten copies per each recognized organization.

(G. O. No. 9, June 14, 1920, page 2.)

"4. In order to expedite shipment to states of these books, they will be mailed direct to the organization commanders, who should forward receipt for these books DIRECT TO MILITIA BUREAU. Instructions should be issued for the organization commanders and United States Property and Disbursing Officers to take these books up on the 'Property Loan Record.'

"By direction of the Secretary of War:

J. McI. CARTER,
Major General, G. S., U. S. Army."

2. The attention of all organization commanders is especially called to paragraph 4.

3. When received by the organization, these books will be checked on the Property Loan Card of the organization, receiving reports forwarded as directed in paragraph 4 of the above quoted circular letter, a copy of receiving report being forwarded to the U. S. Property & Disbursing Officer.

BY ORDER OF THE GOVERNOR:

LOUIS G. LASHER,
The Adjutant General.
