LETTER OF TRANSMITTAL

July 1, 1934.

SUBJECT: Biennial Report.

TO: HIS EXCELLENCY, CLYDE L. HERRING, Governor and Commander-in-Chief, State Capitol, Des Moines, Iowa.

I. In accordance with the provisions of Section 42 of the Military Code of the State of Iowa, there is submitted herewith the biennial report relative to the activities of the Adjutant General's Department during the period July 1, 1932, to June 30, 1934.

a. PERSONNEL.

At the present time, the Iowa National Guard is composed of many of the finest men in the State. Young men are being attracted to the Guard each day, and in practically every instance, only the highest type in the community are accepted. The officers in command are professionally qualified, many of whom have attended one of the service schools of the Regular Army.

b. CAMP DODGE.

The Iowa National Guard is most fortunate in having one of the very finest training camps in the entire United States, located approximately twelve miles from the State Capitol, and in addition to the camp proper, there are six hundred acres of government land available for terrain exercises during the summer training period. During the past year the Federal Government has constructed at Camp Dodge two new mess halls and three new bath houses and latrines, at a cost of approximately \$20,000. In addition to this construction, through the Civilian Conservation Corps and the Civil Works Administration, approximately \$25,000 worth of work was completed on the rifle range. This work consisted of straightening the channel of the Des Moines River, construction of several wing dams and the building of a dike to prevent the overflow of the river onto the rifle range proper. This was a most important project in view of the fact that the Des Moines River was cutting through the northern boundary of the rifle range, and during the time of high water flowed completely over the eastern end of the range. The State of Iowa has also obtained from the

Federal Government the use of sixty (60) acres of federal land north and immediately adjacent to the parade ground. This additional land materially increases the area of the parade ground. The State of Iowa has, at the present time, on file with the National Guard Bureau projects amounting to \$100,000 which have been approved and will be accepted when and if federal funds become available.

c. ARMORIES.

There are no state-owned armories in Iowa, and it is urgently recommended that as soon as economic conditions permit, the State of Iowa inaugurate an armory building program, especially in the larger cities in which National Guard units are located. Many states have state-owned armories which have proved more desirable than the rental system. Outstanding in this respect is the State of Minnesota, which has over sixty (60) state-owned armories.

d. ARMORY DRILL.

The attendance at armory drill during the past two years has constantly increased. Splendid attendance records have been made by a majority of the units of the Iowa National Guard. Each officer and enlisted man attending weekly drill is paid by the Federal Government, the payment being made each quarter. This factor stimulates attendance at drill, thereby bringing up the efficiency of the unit.

e. INSPECTIONS.

Inspections of all National Guard units are made each year by officers of the Regular Army. These inspections are made for the purpose of determining the condition of troops as to equipment, housing and readiness for active duty. The federal inspections are also held by Regular Army Officers during the Field Training Period, and they have indicated in their reports that the Iowa National Guard is ready for active duty.

f. MORALE.

(1) The National Guard is an educational institution in that it teaches civic pride, respect for law and order, discipline, etc.

The officers and enlisted men of the Iowa National Guard are enthusiastic and energetic. The efficiency of the Iowa National Guard was vividly illustrated during the spring of 1933, when they were called into state service during the Farm Holiday strike. In spite of the fact that during this state service many tense situations were encountered, the discipline and training of the troops was such that every situation was handled tactfully and satisfactorily. A detailed report of this strike is given in the report proper.

(2) The efficiency of the Iowa National Guard is due to the untiring and unselfish efforts of the officers and enlisted personnel, and I desire at this time to express to the officers and enlisted men the sincere appreciation of this department for their hearty cooperation and support.

II. To you, Governor, I desire to extend the thanks of the entire Iowa National Guard for your sympathetic understanding of the problems that confront us and for your hearty cooperation and support in things pertaining to this office. It has been a pleasure to administer the affairs of this office under such agreeable conditions and circumstances.

CHARLES H. GRAHL,
Brig. Gen., A. G. D., Iowa N. G.,
The Adjutant General.

TRAINING OF THE IOWA NATIONAL GUARD

The Training Mission of the Iowa National Guard Units is to maintain that stage of combat training which will enable each Unit to be prepared at all times for use by the State or Federal Government for the suppression of domestic disturbances or insurrections, and by the Federal Government, in case of national emergency, for active field service.

The Training Year extends from the close of the Field Training period of one year to the close of the Field Training period of the next year. The Training Year is divided into, *a.* Armory Training Period, and *b.* Field Training Period.

ARMORY TRAINING PERIOD

Armory Training is, in general, that training which can be conducted satisfactorily in the Armories of the Units at their home stations. This consists of training in discipline, use and care of arms, material and equipment, leadership, responsibility of Commanders, protective measures against chemical warfare, and target practice.

The Armory Training is accomplished by following programs and schedules prepared beforehand by higher commanders. Training inspections are made from time to time by higher commanders to observe the progress being made and to determine whether or not the prescribed programs and schedules are being followed.

FIELD TRAINING PERIOD

Field Training consists of the application to practical exercises in the Field of such theoretical and practical knowledge as has been gained during the Armory Training Period. The Field Training for the Iowa National Guard Units is held for a 15-day period, each year, generally in the month of August, at Camp Dodge, Iowa, with the exception of the Artillery Regiment. Due to the fact that no Artillery Range is available in the State of Iowa, the 185th Field Artillery Regiment conducts its Field Training Period for 15 days at Camp Ripley, Little Falls, Minnesota. All expenses incident to the Field Training Period are paid by the Federal Government. This includes transportation, rations, pay, etc.

The Field Training Period is divided into the Morning Period,

which is devoted purely to Military Training; the Afternoon Period, during which the time is devoted to schools for Officers, and non-commissioned Officers, physical training, athletics, field meets, etc.; the Evening Period from 4:30 p. m., during which ceremonies are held and amusements provided.

NATIONAL GUARD IN ACTIVE SERVICE OF THE STATE OF IOWA

Prior to April 28, 1933, a number of disturbances had occurred in Plymouth County, Iowa. These disturbances occurred principally at mortgage foreclosure sales at which times members of the Farm Holiday Association and sympathizers attempted to stop such sales. On the afternoon of April 27th, a large group of Farm Holiday sympathizers and members entered the Plymouth County Court House, removed District Judge Bradley from the bench, took him some distance into the country and subjected him to indignities and injuries.

Early on the morning of April 28th, in response to the urgent requests of city and county law enforcing agencies, Governor Clyde L. Herring directed the Adjutant General to mobilize such organizations, individuals and detachments of the Iowa National Guard, as were necessary to reestablish law and order, and place them on duty in Plymouth County. Plymouth County, and adjacent territory, under proclamation of the Governor and Commander-in-Chief, was placed under martial law.

The following detachments and organizations were directed to mobilize and proceed to Le Mars, the county seat of Plymouth County:

Det Hq 168th Infantry	}	20 Officers 202 Enlisted Men
133rd Infantry		
Det Hq		
Hq-Hq Co 1st Bn		
Co's I-L-M		
Det Med & Serv		
Personnel from 168th Infantry		

Colonel Glenn C. Haynes, Commanding 168th Infantry, was designated as Military Commander.

During the same period, many disturbances had occurred in Crawford County. These disturbances, generally, were of the same nature as those in Plymouth County and the law-abiding

and respecting citizens were intimidated by members of the Farm Holiday Association. The District Court, sitting in Denison, the county seat of Crawford County, had directed a certain foreclosure sale and issued orders that the sheriff of Crawford County conduct the sale. Having anticipated trouble, a large number of special deputies had been sworn in and several agents of the State Department of Justice dispatched to the farm. Shortly after the sale had opened, a large crowd, acting upon some signal, charged the sale ring and attacked the deputies and State Agents. Previous to the opening of the sale, both deputies and state agents had been warned not to resort to the use of firearms, but had been armed with axe handles and clubs of various descriptions. The attackers being vastly superior in number, easily overcame the deputies and state agents and administered severe beatings to a number of them.

In answer to the call from the sheriff of Crawford County, Governor Clyde L. Herring directed the Adjutant General to mobilize additional troops and place them on duty in Crawford County.

The following detachments and organizations were mobilized at their home stations and directed to proceed to Denison:

Det Hq 34th Division	}	26 Officers 256 Enlisted Men
168th Infantry		
Hq-Hq Co 3rd Bn		
Co's E-I-L-M		
Det Med Det 113th Cav		
Misc Serv Personnel		
Det Hq Det 34th Div		

Crawford County and adjacent territory was placed under martial law.

A military district composed of Plymouth and Crawford Counties and territory adjacent thereto was created and Major General Mathew A. Tinley, Commanding the 34th Division, National Guard, was designated as the Military Commander of the District.

A Military Commission composed of the following officers of the Iowa National Guard, all of whom were lawyers, was appointed to administer the proclamation of the Commander and to gather evidence against all offenders:

Lt. Col. George F. Everest.....	34th Div. Iowa NG, Council Bluffs, Iowa
Maj. L. Dee Mallonee.....	168th Inf. Iowa NG, Audubon, Iowa
Maj. Will J. Hayek.....	113th Cav. Iowa NG, Iowa City, Iowa
Capt. Frank B. Hallagan.....	57th Cav. Brig. Iowa NG, Des Moines, Iowa
Capt. Orville W. Harris.....	168th Inf. Iowa NG, Jefferson, Iowa
Capt. Olle G. Clause.....	185th FA Iowa NG, Grand Junction, Iowa
Capt. Fred G. Clark.....	133rd Inf. Iowa NG, Waterloo, Iowa

Many persons known to have been militantly affiliated with the Farm Holiday Association were arrested by the troops and interrogated by members of the Military Commission. Those against whom no specific charges could be presented were released, while county attorney informations were prepared against those known to have participated in the disturbances in either county.

On May 9th, a Provisional Battalion composed of officers and enlisted men on duty in Plymouth County and consisting of fourteen officers and one hundred and thirty-four enlisted men, was formed and the balance of the troops relieved from further duty and returned to their home stations.

On May 10th, all troops on duty in Crawford County, except detachment Headquarters 34th Division, Co. "L" 168th Infantry and miscellaneous Service personnel, were relieved from further duty in Crawford County and returned to their home stations.

In the meantime, the Military Commission continued their investigation and the preparation of formal charges.

On May 17th, the rule of martial law was lifted and District Court was opened. The proclamation abrogating martial law was read in the District Courtroom.

On the same day the balance of the troops remaining in Crawford County were returned to their home stations. On May 18th, the troops remaining on duty in Plymouth County were returned to their home stations.

The maximum number of troops on duty during the period was forty-six officers and four hundred fifty-eight enlisted men.

All persons against whom county attorney informations had been filed were tried in District Court and found guilty of offenses alleged to have been committed.

Mobilization in each instance was accomplished with efficiency and expedition, and the officers and troops ordered to duty were ready to move to the scenes of the disturbances within a very short space of time. Transportation in each case was by bus or truck.

The personnel placed on this duty conducted themselves with a great deal of credit. The discipline at all times was excellent and the morale high. Although this type of service is unpleasant, the officers and enlisted men acquitted themselves with distinction and accomplished their mission without bloodshed or serious injury to any of those whom they sought and arrested.

This mobilization indicated that the troops of the Iowa National Guard, were and are, ready to answer the call of their Commander-

in-Chief, on a moment's notice and to accomplish whatever mission may be assigned them, with a minimum of confusion and a maximum of efficiency.

The following proclamations were issued by Governor Clyde L. Herring:

A state of Martial Law having been declared by the Governor of the State of Iowa, and a Military District for Plymouth and Crawford Counties, Iowa, and all of their subdivisions, having been created by the Governor of the State of Iowa, and the undersigned having been placed in command of said Military District, with instructions from the Governor of the State of Iowa to protect any and all property, officers, citizens and men from unlawful interference, and to arrest all persons engaging in acts of violence, intimidation and interference with the enforcement of the laws, and having been directed to create and appoint a Military Commission to take cognizance and jurisdiction of offenses against

MILITARY CODE

For many years the Iowa National Guard was administered under a Military Code which was obsolete due to the many changes in federal laws and regulations. Pursuant to Paragraph 2, Special Orders No. 20, dated April 1, 1930, a Code Commission was appointed, consisting of the following named officers:

Lt. Col. George F. Everest.....34th Div. Iowa NG, Council Bluffs, Iowa
 Maj. Maxwell A. O'Brien.....113th Cav. Iowa NG, Des Moines, Iowa
 Capt. Fred G. Clark.....133rd Inf. Iowa NG, Waterloo, Iowa
 Capt. Olle G. Clause.....185th FA Iowa NG, Grand Junction, Iowa
 Capt. Ed Fackler, Jr.....168th Inf Iowa NG, Corning, Iowa

This Commission met several times and drafted a proposed new Military Code. The new Code, however, was not presented to the 44th or the 45th General Assemblies. During the Four-day Officers' School at Camp Dodge, June 5 to 8, 1933, the following named officers were detailed to make additional study of the proposed new Military Code and incorporate therein those provisions which were found necessary from the experience of the National Guard on state duty during the Cow War of 1931 and the Farmers' Holiday during 1933:

Lt. Col. George F. Everest.....34th Div. Iowa NG, Council Bluffs, Iowa
 Maj. L. Dee Mallonee.....168th Inf. Iowa NG, Audubon, Iowa
 Maj. Will J. Hayek.....113th Cav. Iowa NG, Iowa City, Iowa
 Capt. Frank B. Hallagan.....57th Cav. Brig. Iowa NG, Des Moines, Iowa
 Capt. Orville W. Harris.....168th Inf. Iowa NG, Jefferson, Iowa
 Capt. Olle G. Clause.....185th FA Iowa NG, Grand Junction, Iowa
 Capt. Fred G. Clark.....133rd Inf Iowa NG, Waterloo, Iowa

The above listed Code Commission met upon several occasions thereafter. On November 16, 1933, the Advisory Board and the Code Commission listed above met with the Senate and House Military Committees of the 45th General Assembly, Special Session, and outlined the new proposed Military Code.

The House and Senate Military Committees then appointed subcommittees to meet with the Code Commission at various times and work out certain changes and amendments to the proposed Military Code. Much credit is due the Code Commission and the Senate and House Military Committees for the conscientious and thorough work in preparing the Military Code for submission to the Legislature. Senator Claude Stanley, Chairman of the Senate Military Committee and Representative Ben B. Doran, Chairman of the House Military Committee, gave every assistance, and made many valuable suggestions to the Code Commission and the Adju-

tant General's Office in the preparation of the Code. The Senate passed numerous amendments to the Military Code as submitted, and the bill was passed on February 13, 1934, passed the House on March 1, 1934, without further amendments, and was signed by the Governor on March 6, 1934, and published in accordance with the publication clause, and became a law on March 16, 1934.

It is believed Iowa now has one of the outstanding Military Codes of all the states of the Union.

Sec. 2. **GENERAL DEFINITIONS.** When used in this Act the following words, terms and phrases shall have the following meanings:

The word "militia" shall mean the forces provided for in the Constitution of Iowa.

The term "National Guard" shall mean that part of the military force of the state that is organized, equipped and federally recognized under the provisions of the National Defense Act of the United States as the "National Guard of the United States and the State of Iowa." Sec. 3. **MILITARY ORGANIZATIONS PROHIBITED.** It shall be unlawful for any body of men, other than the National Guard and the troops of the United States, to associate themselves together as a military organization within the limits of this state without the written permission of the Governor, which he may at any time revoke, but this provision shall not prevent civic, social, or benevolent organizations from wearing uniforms and swords not in conflict with the other provisions of this chapter.

Sec. 4. **UNIFORM—BY WHOM WORN—WHEN—PENALTY.** Every person who at any time wears a uniform of the United States Army, Navy, Marine Corps, or the National Guard, or any part of such uniform, or a uniform or a part of a uniform similar thereto, within the bounds of the state, is guilty of a misdemeanor, and if found guilty of such offense, he shall be punished by a fine of not less than fifty dollars and not more than one hundred dollars, or by imprisonment in the county jail not exceeding thirty days, or by both such fine and imprisonment; provided that nothing in this section shall be construed as prohibiting officers or enlisted men of the National Guard of the State of Iowa, or any other state, or of the United States Army, Navy, Marine Corps, or revenue service, or forest service, or cadets of any university, college or school, from wearing such uniform or parts of uniform, while on military duty or duty connected therewith; and provided further that nothing in this section shall be construed as prohibiting members of any veterans' association from wearing their uniforms; and provided further that nothing in this section shall be construed as prohibiting persons of the theatrical profession from wearing such uniforms in any playhouse or theatre while actually engaged in following their profession, and provided further that nothing in this section shall be construed as prohibiting the uniformed ranks of civic societies from parading or traveling in a body or being in encampments, or going to or from their places of meeting or assembling in a lodge room in their adopted uniforms.

Sec. 5. **NOT TO BE DISCRIMINATED AGAINST.** No person shall discriminate against any officer or enlisted man of the National Guard because of his membership therein. No person shall prohibit or refuse entrance to any officer or enlisted man of the army or navy of the United States, or of the military forces of this state, into any public entertainment or place of amusement because such officer or enlisted man is wearing a uniform of the organization to which he belongs. No employer, officer or agent of any corporation, company, firm or other person, shall discharge any person from employment because of being an officer, warrant officer or enlisted man of the military forces of the state, or hinder or prevent him from performing any military service he may be called upon to perform by proper authority, in respect to his employment, trade or business. Any person violating any of the provisions of this section shall be punished by a fine of not to exceed one hundred dollars, or by imprisonment in the county jail for a period of not to exceed thirty days, or by both such fine and imprisonment.

Sec. 6. **ORGANIZATION — ARMAMENT — EQUIPMENT — DISCIPLINE.** The organization, armament, equipment and discipline of the national guard, and the militia when called into active service, except as hereinafter specifically provided, shall be the same as that which is now or may be hereafter prescribed under the provisions of federal law and regulations as to those requirements which are mandatory therein, but as to those things which are optional therein they shall become effective when an order or regulation to that effect shall have been promulgated by the governor.

Sec. 7. **COMPOSITION OF NATIONAL GUARD.** The national guard shall consist of such organizations as may be specified by the Secretary

of War, with the approval of the governor, in accordance with federal law and regulations.

Sec. 8. REGULATIONS GOVERNING. The national guard shall be subject to the provisions of federal law and regulations relating to the government, discipline and uniforming thereof, and to the provisions of the military code of Iowa, and to regulations published pursuant thereto.

Sec. 9. INCORPORATION OF COMPANIES. Companies may incorporate under the chapter of the Code of Iowa authorizing corporations not for pecuniary profit. The articles of incorporation may provide for the methods of administration of civil business, and may provide for such officers as may be deemed necessary. The articles of incorporation shall be approved by the regimental commander and the adjutant general, and such approval indorsed thereon, before the same are recorded. They must provide, among other things, that the name of the corporation shall be identical with the military designation of the organization, and that the officers of the company shall be officers of the corporation.

Sec. 10. RULES AND BY-LAWS—CAPACITY TO SUE. Each company may make rules and by-laws for its own government, not in conflict with existing laws, regulations and orders, subject to the approval of the regimental commander. Any person who is, by such rules and by-laws, made the custodian of any funds, whether originally derived from federal, state or other sources, shall have legal capacity to sue for the collection thereof or an accounting therefor.

Sec. 11. QUALIFICATIONS OF OFFICERS. Officers of the national guard, except the adjutant general, the assistant adjutant general, the United States property and disbursement officer, and/or the state quartermaster, shall be selected from the classes of persons having the qualifications prescribed by federal law and regulations. They shall be appointed by the governor upon the recommendation of their superiors in the chain of command. They shall be commissioned when they shall have successfully passed such tests as to physical, moral and professional fitness as shall be prescribed by federal law and regulations. Each officer when commissioned shall take the oath of office prescribed by congress, and shall hold office until he shall have attained the age of sixty-four years, unless his commission is sooner vacated by resignation, death or as hereinafter provided. In case the officer has no immediate superiors, within the state, in the chain of command, he shall be appointed, as above provided, upon the recommendation of the adjutant general. The commission shall designate the arm or branch of service in which the officer is commissioned.

Sec. 12. COMMISSIONS MAY BE VACATED. The moral character, capacity and general fitness for the service of any national guard officer may be determined at any time by an efficiency board as provided by federal law and regulations. Commissions of officers of the national guard may be vacated upon resignation, absence without leave for three months, upon the recommendation of an efficiency board, or pursuant to sentence of a court martial. Any officer permanently removing from the state shall resign his commission upon the request of the adjutant general or make application to be placed upon the inactive list, and upon failure so to do, his commission shall be revoked by the governor. Officers rendered surplus by the disbandment of their organization shall be disposed of as provided by federal law and regulations. Officers may, upon their own application, be placed on the inactive list, as may be authorized by federal law and regulations.

Sec. 13. UNASSIGNED LIST. There shall be maintained in the office of the adjutant general a list to be known as the unassigned list, to which

officers may be transferred, pending their resignation or removal from the service. Any officer may be transferred by the adjutant general to such unassigned list upon the recommendation of his commanding officer, either immediate or remote. Before such transfer is made the adjutant general shall notify the officer, either in person or by registered letter mailed to his last known address, of the intended transfer. The officer shall have ten days from the date of mailing of said notice in which to apply to the adjutant general for an efficiency board. Should the officer fail to apply for an efficiency board, the transfer shall be made upon the expiration of the ten-day period. If the officer requests an efficiency board, the adjutant general will be governed by the findings of such board. All officers transferred to such unassigned list shall remain subject to military discipline and to courts martial for military offenses to the same extent and in like manner as if upon the active list.

Sec. 14. **INACTIVE NATIONAL GUARD.** An inactive national guard may be organized and maintained as may be prescribed or authorized by federal law and regulations.

Sec. 15. **RETIREMENT OF COMMISSIONED OFFICERS.** Any commissioned officer of the national guard who has, or shall have served as such officer for a period of not less than ten years in the national guard, or who has, or shall have served, for a period of not less than ninety days, in the army or navy of the United States during any war, and who is honorably discharged therefrom, and who has, or shall have served as such officer in the national guard for a period of not less than five years, who resigns or is retired, or who is now or may hereafter become disabled and retired, may, upon his request in writing to the adjutant general, stating his grounds therefor, be placed, by order of the commander-in-chief, on a roll in the office of the adjutant general to be known as the "roll of retired officers." Any officer registered on the roll of retired officers as above provided is entitled to wear the uniform of the rank last held by him on state or other occasions of ceremony, when the wearing of such uniform is not in conflict with federal law. The adjutant general shall have the power, on good cause shown, to retire any officer, as herein provided in the next higher grade held by said officer during his military service.

Sec. 16. **OFFICERS — POWERS AND DUTIES — ADMINISTRATION OF OATHS.** In addition to the powers and duties prescribed in this chapter, all commissioned officers of the national guard shall have the same powers and perform the same duties as commissioned officers of similar rank and position in the army of the United States insofar as may be authorized by federal law. They are authorized to administer oaths in all matters connected with the service.

Sec. 17. **BONDS OF OFFICERS.** Each officer to whom there shall be issued, or who shall be accountable for arms, equipment, uniforms, and any other State or United States property for military uses, or who shall have the control, custody, or disbursement of funds as provided for in this chapter, shall, before the delivery to him of such arms, equipment, uniform, and other State or United States property, and the receipt of such funds, execute and deliver to the adjutant general a bond therefor, with sureties to be approved by the governor, and payable to the state, in such amount as may be fixed by the governor, conditioned for the proper care, use, and return in good order, wear, use, and unavoidable loss and damage excepted, of all such State and United States property, and the proper care and faithful disbursement and accounting of all funds coming into the hands of such officer. Upon the violation of any of the conditions of such bond, action thereon shall be brought by the adjutant general on behalf of the state, and any recovery thereon shall be credited to the guard funds of the state. It shall be the duty

of the attorney general of the state to prosecute all actions upon such bonds.

Sec. 18. ACCOUNTING TO ADJUTANT GENERAL. The articles of equipment personally owned by such members shall be exempt from seizure or sale for debt. Every member of the national guard who has faithfully served the full term of his commission or enlistment, shall, upon application, be entitled to an honorable discharge, exempting him from military duty except in time of war or public danger.

Every person who shall willfully or wantonly injure or destroy any articles of arms, clothing, equipment, or other military property furnished or issued by the federal government or the state, and refuses to make good such injury or loss; or who shall sell, dispose of, secrete or remove the same with intent to sell or dispose of it, shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars, or be imprisoned in the county jail for not more than four months, or by both such fine and imprisonment.

Sec. 59. CALL BY PRESIDENT—TERM OF SERVICE. Whenever the United States is invaded or in danger of invasion from any foreign nation, or of rebellion against the authority of the government of the United States, or the President is unable, with the regular forces at his command, to execute the laws of the Union, it shall be lawful for the President to call forth such number of the national guard as he may deem necessary to assist in repelling such invasion, suppressing such rebellion, or to assist in enabling him to execute such laws, and to issue his orders for that purpose, through the governor, to such officers of the national guard as he may think proper; and the President may specify, in his call, the period for which such service is required, and the guard so called forth shall continue to serve during the term so specified, either within or without the territory of the United States, unless sooner relieved by order of the President; provided that no commissioned officer or enlisted man of the guard shall be held to serve beyond the term of his existing commission or enlistment.

Whenever the President shall require, in any of the designated instances, more troops than can be supplied by the national guard, the governor shall, in his discretion, organize forthwith such other national guard forces as he may deem necessary, or order into the service of the United States so many of the unorganized militia of the state as is required, designating the same by draft if a sufficient number do not volunteer, and shall commission officers therefor.

Officers and enlisted men called into federal service through the guard shall upon completion of such service continue to serve the balance of their enlistment period the same as though it had not been interrupted by such service.

Sec. 60. ARTICLES OF WAR SHALL GOVERN. Whenever any portion of the national guard shall be in "active service" as defined by Section 2 of this chapter, the articles of war governing the armies of the United States as now or hereafter in effect, shall be in force and regarded as a part of this chapter, so far as said forces are concerned, until said forces shall be relieved from said duty; except that confinement in the penitentiary shall be in the penitentiary of this state, and provided that offenses committed while in active service may be tried and punished by a court-martial lawfully appointed, after this active duty has terminated, and if found guilty the accused shall be punished according to the articles of war and the rules and regulations governing the United States armies, but within the limits prescribed by federal law for courts martial in the national guard; and provided, also, that in any case when the offense charged is also made an offense by the civil law of this state, the officer whose duty it is to approve the charge may, in his discretion, order the person charged to be turned over to the civil authorities for trial.

Sec. 61. FINES—DISPOSITION. The proceeds of all fines in summary, general and special court-martial cases shall be paid to the adjutant general and paid into the maintenance fund of the national guard, and all costs of prosecution shall be paid out of the same fund.

Sec. 62. UNITED STATES ARMY REGULATIONS. All matters relating to the organization, discipline and government of the military forces not otherwise provided for in this chapter shall be decided by the custom, regulations, and usage of the United States army.

Sec. 63. CONSTITUTIONALITY. Should the courts of this state or of the United States declare any of the provisions of this chapter unconstitutional, illegal or void, such decision shall not invalidate any other provision herein contained.

NATIONAL GUARD OF THE UNITED STATES..... I

I. NATIONAL GUARD OF THE UNITED STATES. 1. War Department General Orders No. 3, dated April 4, 1934, announces the establishment of the National Guard of the United States. The National

Guard of the United States is a reserve component of the Army of the United States and is constituted as consisting of those National Guard units now or hereafter federally recognized, and the officers, warrant officers, and enlisted men, federally recognized, in accordance with law, who are members of the authorized active or inactive National Guard of the several states, territories, and the District of Columbia, and who may be appointed, enlisted and appointed, or enlisted, as the case may be, in the National Guard of the United States, in accordance with the provisions of the National Defense Act, as amended.

2. COMMISSIONED OFFICERS—OATH OF OFFICE. To accept appointment in the National Guard of the United States each officer up to and including the grade of Colonel will be required to execute a new oath of office (MB Form 337). The names of general officers will be submitted to the President for nomination to the Senate, as provided by law. These general officers, upon receipt of notice that they have been confirmed, will be required to execute new oaths of office. Blank oaths of office will be furnished in the near future without requisition and will be accompanied by instructions for their accomplishment.

Present officers of the National Guard Reserve may be appointed in the National Guard of the United States provided there is a war vacancy in each case to which they may be assigned. In the case of these officers, acceptance of the appointment will be indicated by the execution and forwarding of an oath of office (MB Form 337) accompanied by a Report of Physical Examination unless such physical examination has been accomplished within the past twelve months and is now on file in the National Guard Bureau.

3. WARRANT OFFICERS AND ENLISTED MEN WHO NOW HOLD APPOINTMENTS IN THE OFFICERS' RESERVE CORPS. This personnel will be tendered appointments in the National Guard of the United States if there is a war vacancy in each case within the state. In each case, the Oath of Office and Report of Physical Examination will be required to be executed.

4. ENLISTED IN THE NATIONAL GUARD OF THE UNITED STATES. All enlisted men now members of federally recognized National Guard Units will be enlisted in the National Guard of the United States for the unexpired portion of their present enlistment. To accomplish this, a new enlistment form will **not** be used, it being only necessary that the oath on the original enlistment record on file in the organization be again administered by the officer designated in appropriate orders as Recruiting Officer. After administering the oath, which will be identical with that contained on WDMB Form No. 21, with the deletion of the words, "and I do agree to accept from the United States and the State of..... such pay, rations, and clothing or other allowances as are or may be established by law," the officers administering the oath will make appropriate notation on the enlistment record under his signature of the date on which this was done. Any blank space on the enlistment record may be utilized for this purpose. Or if additional space is necessary it may be provided by pasting additional paper to the form under the Certificate of Inspection and Enlistment.

Hereafter enlistments in the National Guard and in the National Guard of the United States will be simultaneous, and one enlistment record will cover both. As at the present time, the original enlistment record will be retained in the organization and the duplicate forwarded to this office.

5. DISCHARGE OF ENLISTED MEN. Hereafter, when an enlisted man of a federally recognized unit is discharged, he will at the same time be discharged from the National Guard of the United States, and a notation to that effect will be entered upon his certificate of discharge.

from the National Guard. This notation will be entered upon Remarks or if sufficient space thereunder is not available, the remarks will be entered in the blank space in the lower left hand section of the reverse side of the certificate of discharge. The remarks will take the form, "This certificate also covers discharge from the NG of the US."

By Order of the GOVERNOR:

CHARLES H. GRAHL,
Brig. Gen., AGD, Iowa NG,
The Adjutant General.

OFFICIAL:

R. A. LANCASTER,
Major, AGD, Iowa NG,
Assistant Adjutant General.

It will be noted that the enlisted strength allotted to the various units is 14 less than the total enlisted strength allocated to the State of Iowa by the National Guard Bureau. This differential is necessary in order that the maximum allocated enlisted strength may not be exceeded at any time.

ARMY SERVICE SCHOOLS

Each year the War Department authorizes National Guard Officers and enlisted men to attend certain of the Army Service Schools. The schools are conducted at the expense of the federal government and are of inestimable value to the National Guard. Officers and enlisted men are recommended and selected to attend these Service Schools with particular attention being paid to their educational and physical qualifications and their intention of remaining in the military service.

REGULAR ARMY INSTRUCTORS

The National Defense Act provides that the Secretary of War shall detail Regular Army Officers and Non-commissioned Officers to duty with the National Guard of each state, to act as Instructors for the National Guard. The State of Iowa has been extremely fortunate in the type of officers and non-commissioned officers detailed as Instructors with the National Guard in this state. These Instructors, without exception, have been chosen for their high professional qualifications and ability to understand the National Guard, and their interest and desire in seeing this component of our National Defense system brought to the highest point of efficiency. The interest and ability displayed by the personnel detailed as Instructors with the Iowa National Guard have done much to promote the efficiency, organization, training and discipline of the National Guard, and I wish, on behalf of this depart-

NATIONAL MATCHES

National Rifle and Pistol Matches formerly conducted at Camp Perry, Ohio, were discontinued in 1931, on account of lack of Federal appropriations. In order to maintain interest in rifle and pistol shooting and to afford individual and team competitors the opportunity to enter competitions, the National Rifle Association in conjunction with the Army, Navy, Marine Corps and Civilian organizations, inaugurated Regional Matches. These matches are held in various parts of the country, at centrally located points. Such a match was conducted at Fort Des Moines, Iowa, in 1932.

The Iowa National Guard entered and sponsored a team composed of the following personnel:

Lt. Col. Fred S. Hird, 34th Div., Des Moines.....	Team Captain
Captain Jack P. Tarlton, 168th Inf., Des Moines.....	Team Coach
Sgt. Lawrence H. Bever, Co. "G" 168th Inf., Centerville....	Team Member
Corp. George R. Hawkins, Co. "G" 168th Inf., Centerville....	" "

Pvt. Dewey H. Bear, Co. "G" 168th Inf., Centerville.....	"	"
Sgt. Frank A. Conaway, Co. "A" 168th Inf., Des Moines....	"	"
Sgt. John L. Graves, Co. "A" 168th Inf., Des Moines.....	"	"
Corp. Foster A. Crumley, Co. "A" 168th Inf., Des Moines..	"	"
Sgt. Harold R. Hackthorn, Co. "B" 168th Inf., Des Moines..	"	"
Sgt. Otto G. Tegard, Co. "B" 133rd Inf., Waterloo.....	"	"
Corp. Emanuel N. Nicholas, Co. "B" 133rd Inf., Waterloo...	"	"

This team entered the various team matches and the individuals were entered in many of the individual competitions. The expenses of the team were defrayed from appropriations available to this department.

Prior to the regional matches, the team was assembled at Camp Dodge, and under the tutelage of Team Captain, Lt. Col. Fred S. Hird, prepared themselves for the matches. Neither time nor funds were available for a general tryout. It was therefore necessary that the material be selected from shooters of known ability.

The Iowa National Guard team finished well up in the competitions and some of the individual members were awarded places in individual competitions.

Regional Matches in this area were not held in 1933.

IOWA SOLDIERS' BONUS BOARD

The Iowa Soldiers' Bonus Board is composed of R. J. Laird, Adjutant, Iowa Department American Legion, chairman; Charles H. Grahl, the Adjutant General, secretary; C. W. Storms, Auditor of State, and Leo J. Wegman, Treasurer of State. J. J. Miller is Executive Secretary.

The final date for filing for the Iowa bonus was December 31, 1924. Of the 106,645 claims filed 102,804 were approved and paid, 3,626 were disapproved for cause and 215 were cancelled for various reasons. A total of \$20,179,540.57 was expended in payment of the original bonus at the rate of fifty cents per day for every day of active service with a limit of \$350.

In accordance with the original Bonus Law, the amount remaining from the original appropriation of \$22,000,000 was set aside as a Disability Fund. This fund amounted to \$1,820,459.43 when it became operative and the first payments were made on March 1, 1928. Payments are made only from the income from this fund which amounts to \$80,385 each year. On June 30, 1934, the total cash and bond resources of this fund was \$1,846,609.73.

Payments from this fund are made only in cases of total disability to Iowa veterans who received or were entitled to receive

the Iowa bonus. Payments are made only when the County Soldiers' Relief Commission has first made a payment from the County Soldiers' Relief Fund to the veteran. These payments are matched in a like amount from the State Disability Fund. The number of veterans receiving aid is ever increasing and during the month of June, 1934, a total of 442 veterans were given aid from the State Disability Fund.

In the office of the Bonus Board, there is on file service record cards for 114,217 veterans whose services were accredited to the State of Iowa. There is a continual demand for information from these records as well as from the original applications for the bonus.

GRAVE REGISTRATION DIVISION

W. F. HATHAWAY, Secretary

For the purpose of perpetuating the memory of those who have served in the military and naval forces of the United States, in time of war, and to provide information to patriotic organizations, to assist in the encouragement of the honorable custom of decorating their graves on Memorial Day, as has been originated and so worthily carried on by the Grand Army of the Republic, this Division is charged with the duty of compiling a record of their burial places within the state.

The law providing for this was passed at the request of The American Legion and other patriotic organizations of the State, and is considered by them as very important, in their desire to honor the memory of the service of war veterans. They have pledged their assistance in securing the necessary information from the field to accomplish their purpose. The American Legion has placed a splendid organization in each county in their Posts, and invited other organizations to participate in the work. Recognition is given alike to departed veterans of all wars.

The conventions of veterans and patriotic organizations have requested me to attend and address their meetings in the interest of this work with the view of securing increased activity among their local groups.

During the first year of this work, close attention was given to the conditions of old cemeteries and the proper marking of veterans' graves. The result has been to expand the program to include proper care and marking of every grave, in addition to registration.

More than 25,000 names have been received for registry. The amount of information given varies, from where only the name is given, to a very complete account of the service. These number, according to the wars in which they served, approximately as follows: Civil War, 20,500; Spanish-American, 1,850; World War, 2,250; other wars, 500.

The Memorial Commission, charged with the duty of locating and identifying burial places of those who served during the Revolutionary War and are buried in the state, and to erect a monument, have a list of 25, 15 of them definitely identified with service in that war and the others will be traced for their service. This Division is cooperating fully with the Commission, which has rendered good service.

Eleven counties have reported their field work completed and are preparing information for final registration. Nearly fifteen counties have completed all but from one to three townships. Several others have completed half of their county.

Since January 1st there has been an unusual interest in the marking of unmarked graves with government headstones. This office has distributed more than 2,000 application blanks to Legion Posts and others who request them. Old headstones of poor material and disappearing inscriptions are being replaced with new ones. At the end of the fiscal year of 1933, there were 543 government headstones shipped to Iowa, and in 1934 there were 588.

A very serious condition has been found to exist with reference to so many old cemeteries, that have long ago been abandoned and allowed to grow up in weeds and brush. Nearly all these have veterans buried in them as well as prominent people of the early pioneer days of the state. A very successful publicity campaign was carried on, that had for its purpose the arousing of interest by the public to secure proper care. Veterans' organizations will propose legislation to remedy these conditions, at the next session of the General Assembly.

Last winter, when the government established the Civil Works Administration in Iowa, a Grave Registration project was approved and unemployed veterans used to search cemeteries for veterans buried in them. A summary of reports received throughout the state, show that they worked a total of 7,899 hours, and were paid for 5,780 hours, the remainder being voluntary and without expectation of pay. They received a total of \$2,890 from the government and \$275 was paid them by Legion Posts for transportation

expense to cemeteries. They reported a list of 13,300 names found in 450 cemeteries they searched. Very few of these names were registered with the state, however, owing to the termination of the CWA, sooner than was expected.

Authorization of a Grave Registration project, under the Federal Emergency Relief Administration, that succeeded the CWA, has been secured and much more work may be done through this agency during next year.

Publicity given the work throughout the state and neighboring states, has attracted a number of inquiries from states that have not yet been engaged in a like program. Some have made preparation of plans to bring it before the legislatures of their respective states. The public in general has expressed appreciation for the work being done.

The question of proper location of flags on veterans' graves, as well as the length of time they should remain there, has been given careful consideration and it is anticipated that a uniform plan that may be used as a common custom by all over the state will be worked out by a meeting of representatives from all patriotic and service organizations during the next year.

Veterans' organizations, their auxiliaries, and other patriotic organizations are showing increased interest in the matter of registering the burial places of departed veterans, as well as in marking and caring for them. Some have adopted a program of their own that will cooperate with this Division. With this splendid cooperation it is anticipated the completion of the work will come sooner than was at first expected.

IOWA AERONAUTICS COMMISSION

The Special Session of the 45th General Assembly enacted a law to create a Commission of Aeronautics; to prescribe the powers and duties thereof; to provide for investigations and hearings by said Commission; to provide for certain law enforcement duties thereof, and for appeal from the orders of said Commission.

This Commission functions through the Office of the Adjutant General and with his advice and assistance administers the Act. The members of the Aeronautical Commission appointed by the Governor and approved by the Senate are as follows:

Lt. Col. Charles W. Gatschet, Des Moines, Chairman.
Ralph W. Cram, Davenport.
W. B. Swaney, Fort Dodge.

Lt. Col. Wm. A. Bevan, Ames, Technical Advisor.

The Commission has done much to acquaint the people of the state with the Iowa Air Laws, with a view towards eliminating the practice of flying unlicensed ships, and flying by unlicensed pilots.

This Commission was effective June 10, 1934. The work of the Commission to date has been largely in an educational way, although it has been necessary to make a few arrests of violators of the Iowa Air Laws.

Enacted by the Forty-fifth General Assembly, Extra Session:

Be it enacted by the General Assembly of the State of Iowa:

Section 1. **Commission created.** There is hereby created within the Department of the Adjutant General, a commission of aeronautics which shall consist of three persons, not more than two of whom shall belong to the same political party and who shall be appointed by the Governor, with the approval of two-thirds of the members of the Senate in executive session.

Sec. 2. **Tenure.** The members of said commission shall hold office for four years, except, that on the first commission, one member shall be appointed for the period ending on the third Monday in January, 1935, one for the period ending on the third Monday in January, 1936, and one for the period ending on the third Monday in January, 1937.

Sec. 3. **Vacancies.** Vacancies on the commission shall be filled by appointment by the Governor for the balance of the unexpired term.

Sec. 4. **Compensation—expenses—offices.** The members of the aeronautical commission shall serve without compensation. The commission shall be given office space in the offices of the Adjutant General, who shall supply necessary stenographic and clerical help from the personnel of his office as well as necessary records and stationery. Sec. 6. **Oaths—subpoenas.** Each commissioner, and every officer of the commission designated by it to hold any inquiry, investigation or hearing, shall have the power to administer oaths and affirmations, certify to all official acts, issue subpoenas, compel the attendance and testimony of witnesses, and the production of papers, books, and documents. On request of the commission or any officer or member thereof subpoenas as above authorized shall be issued by any Court of record or by the clerk thereof in vacation.

Sec. 7. **Contempt—procedure.** In case of failure to comply with any subpoena or order issued under authority of the said commission, or its

authorized representative, the commisson, commissioner or officer may invoke the aid of any District Court in this state. The court may thereupon order the witness to comply with the requirements of the subpoena, and give such evidence as he may be able touching the matter in question. Any failure to obey the order of said Court may be punished by the Court as a contempt thereof.

Sec. 8. Records and testimony. The reports of investigations, or hearings, or any part thereof, shall not be admitted in evidence or used for any purpose in any suit, action, or proceedings, growing out of any matter referred to in said investigation, hearing, or report thereof, except in case of criminal or other proceedings instituted by or in behalf of the commission under the provisions of the Act, nor shall any commissioner or employee of the said commission be required to testify to any facts ascertained in, or information gained by reason of, his official capacity, and, further no commissioner shall be required to testify as an expert witness in any suit, action or proceeding involving any aircraft.

Sec. 9. Co-operation. It shall be the duty of the commission to properly instruct every State Highway Maintenance Policeman, and every county and municipal officer charged with the enforcement of state and municipal laws, to enforce, and assist in the enforcement of the laws of this state pertaining to aeronautics.

Sec. 10. Injunction. The commission is further authorized to enforce the provisions of the aeronautics laws of the State by injunction in the District Courts of this State.

Sec. 11. Appeal—procedure. Any party aggrieved by any final ruling or decision of said commission may take an appeal therefrom to the District Court of the county of his residence if within this State, or if he resides outside the State then to the District Court of the county where the matters ruled upon by said commission arose. Said notice shall be served as original notices are served in the District Court and by filing the same in the office of the clerk of the District Court to which said appeal is taken within thirty (30) days from the making of the order or decision appealed from. The appeal shall be docketed for trial not less than ten (10) days after the filing in the clerk's office of said notice of appeal and shall be tried by the District Court, the parties filing such pleadings as they may desire, subject to the prevailing rules of pleading in this State. Upon trial of the appeal the court shall hear evidence as to matters concerning the order in question, as to the condition of the property in question and the manner of its operation, and shall enter judgment either affirming or setting aside the order of the commission, or the court may remand the matter to the commission for further hearing. The filing of the notice of appeal shall operate as a supersedeas. Other departments and political sub-divisions of this State are further authorized to co-operate with the Aeronautics Commission in the development of aeronautics and aeronautic facilities within the State.

Sec. 12. Failure to appeal—waiver. If no appeal is taken from the order of the commission within the period fixed, the party against whom the order was entered, shall be deemed to have waived the right to have the reasonableness or lawfulness of the order reviewed by a Court and there shall be no trial of that issue in any Court in which suit may be instituted for the penalty for failure to comply with the order.

Sec. 13. Administration. The commission shall co-operate in every way with the Department of the Adjutant General and with his advice and assistance shall administer this Act. The commission may make and adopt such rules and regulations for the administration of this Act as it may deem necessary—not inconsistent with the provisions of this Act.
