## TRAINING OF THE IOWA NATIONAL GUARD

The Training Mission of Iowa National Guard units is to maintain that stage of combat training which will enable each unit to be prepared at all times for use by the State or Federal Government for the suppression of domestic disturbances or insurrections, and by the Federal Government, in case of national emergency, for active field service.

The Training Year extends from the close of the Field Training period of one year to the close of the Field Training period of the next year. The Training Year is divided into Armory Training Period and Field Training Period.

### ARMORY TRAINING PERIOD

Armory Training is, in general that training which can be conducted satisfactorily in the Armories of the units at their home stations. This consists of training in discipline, use and care of arms, material and equipment, leadership, responsibility of commanders, protective measures against chemical warfare, and target practice.

The Armory Training is accomplished by following programs and schedules prepared beforehand by higher commanders. Training inspections are made from time to time by higher commanders to observe the progress being made and to determine whether or not the prescribed programs and schedules are being followed.

### FIELD TRAINING PERIOD

The Field Training consists of the application to practical exercises in the Field of such theoretical and practical knowledge as has been gained during the Armory Training Period. The field training for the Iowa National Guard in 1940, was held at Camp Ripley, Little Falls, Minnesota, August 4 to 24, and attended by all elements of the Guard except 7 officers and 6 enlisted men of the State Staff and Detachment. The officers and men of the State Staff and Detachment trained in Des Moines, Iowa. Details of Selective Service were worked out.

All expenses incident to the Field Training Period were paid by the Federal Government. This included transportation, rations, pay, etc.

## REGULAR ARMY INSTRUCTORS

The State of Iowa has been extremely fortunate in the type of officers and non-commissioned officers detailed as Instructors with the National Guard in this state. These Instructors, without exception,

have been chosen for their high professional qualifications and ability to understand the National Guard, and their interest and desire in seeing this component of our National Defense system brought to the highest point of efficiency. The interest and ability displayed by the personnel detailed as Instructors with the Iowa National Guard have done much to promote the efficiency, organization, training and discipline of the National Guard, and I wish, on behalf of this department, to express our sincere appreciation for their accomplishments.

## EXAMINATIONS FOR UNITED STATES MILITARY ACADEMY

Each year the governor of Iowa is authorized to nominate one or more enlisted men of the Iowa National Guard to take the final examination for entrance to the United States Military Academy, (West Point). The statutes provide that the persons nominated must be selected through the medium of a competitive examination.

In the calendar year 1940, the governor was authorized to nominate one enlisted man of the Iowa National Guard to compete in the final entrance examination.

The examination questions were furnished by the Commanding General, Fort Snelling, Minnesota. The papers were graded by the State Teachers College, Cedar Falls. Six enlisted members of the Iowa National Guard competed in this preliminary examination. Pvt. 1cl Robert W. DeMots, Company L, 133rd Infantry, Sioux City, placed first and was nominated by the Governor to compete in the final entrance examinations. He was later disqualified on account of being below the minimum age limit. The Governor then nominated Sergeant Walter D. Porter of Company G. 133rd Infantry, Fort Dodge.

## IOWA SOLDIERS' BONUS BOARD

R. J. Laird, Adjutant, American Legion, Dept. of Iowa, President.

Charles H. Grahl, The Adjutant General, Secretary

W. G. C. Bagley, Treasurer of State

C. B. Akers, Auditor of State

Edwin H. Curtis, Executive Secretary

This department was created by an act of the people in 1922 for the purpose of paying the World War No. 1 veteran, whose service was accredited to Iowa, a bonus. After December 31, 1924, the unused balance of the \$22,000,000.00 appropriated for the bonus was transferred to a disability fund to be used on disabled veterans in need and who were eligible for the Iowa Bonus. During the past two years, we have paid to the needy, disabled Iowa veterans \$98,003.06 in the form of "Disability Bonuses". This is some reduction over the previous biennium and is due to the more availability of employment. We find most veterans are eager to earn their own keep but a person with a disability could not get employment. We now find many disabled veterans employed on full time jobs.

This board co-operates very closely with the 99 County Soldiers' Relief Commissions and we find them doing their work efficiently and unselfishly. During the past few years, these commissions have relied on this office for a source of information in the administration of their duties.

The War Orphans' Education is gradually drawing to a close as the youngest one of these orphans is now 21 years of age and they have either availed themselves of this aid or soon will have completed their course of study. These War Orphans are granted aid not to exceed \$150.00 per year and this fund has done a great work in aiding these war casualties to prepare themselves to take their place in the business world.

## IOWA STATE GUARD

Governor Wilson in December, 1941, ordered the organization of the Iowa State Guard under authority of Senate File 306, 49th General Assembly of Iowa, to provide military protection for the State of Iowa, during the absence of the Iowa National Guard, which had been called into Federal service by order of the President.

On December 14, 1941, Lieutenant General Mathew A. Tinley, Retired, Council Bluffs, Iowa, was commissioned Lieutenant General in the State Guard and assigned as The Commanding General, Iowa State Guard. Colonel Gerald V. Caughlan of Council Bluffs, and Colonel Otto I. Ronningen of Ames, were commissioned colonels in the Iowa State Guard and assigned to command the 1st and 2nd Regiments of the Iowa State Guard. These officers proceeded to organize their regiments and within thirty days the organization of both regiments was practically completed. Each regiment consists of 16 companies of 3 officers and 60 enlisted men, each, and a medical detachment of 5 officers and 30 enlisted men. The 1st Regiment occupies the southern half of the state and the 2nd Regiment, the northern half. State Headquarters were set up in the Adjutant General's Office under Colonel Percy A. Lainson, Chief of Staff.

A program of 13 weeks intensive basic military training was instituted which resulted in rapid development of the state guard units within a very short period of time. A complete and extensive survey of all vital installations in the State of Iowa was authorized and completed by the personnel of the Iowa State Guard. Adequate plans for the safeguarding of these installations were prepared and filed.

Woolen uniforms were provided by the Federal Government. The state purchased cotton uniforms inasmuch as the Federal Government did not have uniforms available in sufficient quantities. The state guard uniforms are the same as those of the regular army except for the Iowa State Guard shoulder patch and an Iowa collar ornament in place of the U. S. The State Guard officer's uniform is designated by the Iowa State Guard shoulder patch, Iowa collar ornament and blue sleeve braid. An allowance of one hundred dollars was provided each commissioned officer for the purchase of necessary uniforms.

The Iowa State Guard units are equipped with such arms, ammunition, equipment, and other training aids as are available and supplied by the Federal Government, augmented by such other necessary equipment as has been purchased by the State of Iowa. A reserve supply of ammunition and chemical warfare agents is maintained at all times to provide adequate protection in event of any emergency.

Governor Wilson authorized the organization of the Provisional Military Police Battalion, on active duty, in March 1942, to consist of 26 officers and 260 enlisted men. Lt. Col. John T. Lonsdale, Ames, Iowa, was assigned to command this battalion, which reported for duty and intensive training March 10, 1942, at Camp Dodge, Iowa, and was maintained until June 9, 1942, when the personnel was transferred to and redesignated as the First Military Police Battalion, Iowa State Guard. This battalion to consist of battalion headquarters, headquarters detachment, medical detachment and four line companies. The members of the battalion converted the National Guard summer camp buildings and stables of the 113th Cavalry area to barracks, mess halls, schools, and recreation buildings. These buildings being of a permanent nature are available for housing and training troops on a year round basis. All construction work, wiring, plumbing, landscaping being performed by members of the 1st Military Police Battalion.

All personnel of the Iowa State Guard are authorized and will attend field training for a period of two weeks at Camp Dodge, Iowa, commencing June 28, 1942.

The amendment to the military code of Iowa, which authorized the organization of the Iowa State Guard is as follows:

S. F. 306
